### Globel Direct announces further progress made on debt restructuring efforts

CALGARY, AB, June 1/07 - Globel Direct, inc. (TSX-V: GBD "Globel") announces that it has now completed another stage of debt restructuring, including TSX-V approval of a debt settlement agreement settling \$200,000 of trade payables in exchange for 2,000,000 common shares of the Company at a deemed share price of \$0.10 per share, as previously released on March 21, 2007. Globel has sent instructions to its transfer agent to issue these shares and the debt has been extinguished.

Further to this, Globel negotiated an early buyout of a \$572,207 capital lease on production equipment for \$300,000 cash, a \$100,000 18-month non-interest bearing unsecured debenture, and a \$100,000 60-month non-interest bearing unsecured debenture, recording a gain on this transaction of \$72,207. The Company also wrote off \$385,000 of long-term payables and \$63,348 of short-term payables as part of this transaction.

The Company entered into a new capital lease with an unrelated arms-length party in the amount of \$300,000 with a 36-month term, bearing interest of approximately 15% and is secured by specific equipment.

***Globel Direct, inc. Granted CCAA Protection***

**Calgary, AB - June 13, 2007– Globel Direct, inc. (“Globel” or “the Company”) (GBD:TSX-V):** For the past several months, Globel has been in default under secured debentures with its major lenders, Quorum Secured Equity Trust, and Express Commercial Services Inc. Accordingly, Globel has been negotiating with those lenders to effect an outside financing to augment working capital in concert with the improvements Globel has achieved of late and to cure these defaults. The parties were unable to reach an agreement on such financing and default notices were received by the company from both lenders, Quorum’s dated June 1, 2007 and Express’s dated June 4, 2007.

As a result, on June 12, 2007, Globel applied for, and was granted, a court order (the “Order”) protection under the Companies Creditors Arrangement Act (CCAA). The Company has organized DIP financing to permit it to carry on business in the ordinary course during the restructuring period, including providing uninterrupted service to customers, paying for goods and services supplied after the date of the Order and the on-going payment of wages and benefits to employees.

“Although this process was not our first choice”, says J.R. Richardson, “it gives us time to reorganize our operations and hold talks with our major stakeholders. While this protection is in place, creditors are prevented from taking any action against the Company and we can continue to provide uninterrupted service to our clients. Our restructuring to this point has allowed the Company to achieve profitability and we want to ensure that we continue with that momentum.”

The Order has also approved the appointment of KPMG Inc. to act as the Company’s monitor in the CCAA proceedings.
