Company	Frutarom Industries Limited
TIDM	FRUT
Headline	Adjudicatory Hearing
Released	07:00 18-Jun-07
Number	5016Y

Further to Section 38.2, Chapter A of the Company's Periodic Report for 2006, dated March 19, 2007 (published by the Company on March 20, 2007), with respect to an adjudicatory hearing held with the Company by the Office for Environmental Protection regarding claims of odor pollution, the Company hereby advises that in a summary of the adjudicatory hearing received by the Company on June 13, 2007, the Northern District Manager of the Office for Environmental Protection states that unless the unique equipment for dealing with the odor is installed by July 1, 2007, an administrative order will be issued to shut down the Company's activity at its Haifa plant. The Company and its professional advisors estimate that the Company's activity at its Haifa plant does not cause unreasonable odor pollution and that there therefore is no legal merits for issuing such an administrative order. The Company takes the necessary measures to prevent unreasonable odor pollution, including investing in unique, special equipment for treating odor emissions as is done at other plants in the world in the Company's field of activity.

Immediate Report

Nature of the Event: Acquisition of Raychan Food Industries Ltd.

Frutarom Industries Ltd ("Frutarom") announced today that it has signed an agreement to acquire 100% of the share capital of the Israeli company Raychan Food Industries Ltd. ("Raychan") in consideration for NIS 4.250 million and the assumption of Raychan's debt (minus working capital) in the amount of NIS 5 million. Raychan's sales for 2006 reached about US\$ 5.5 million, mostly in Israel. Completion of the transaction is subject to the final approval of the Israeli Anti Trust Commissioner.

Raychan develops, produces and markets flavor compounds and markets ingredients for the food industry. Raychan's activity is highly synergetic with Frutarom's activity in Israel and that of the Nesse company, which was acquired at the beginning of 2006. Raychan's activity is expected to expand Frutarom's product offering in the fields of savory and functional products and solutions to its customers in Israel and worldwide. Raychan's products will be integrated into the product range produced by Frutarom's Flavors Division, which is the most profitable of Frutarom's activities. Frutarom intends to utilize the many cross selling opportunities inherent in the acquisition and to sell Raychan's products to Frutarom's existing customers in markets where Raychan was less active to date (such as Eastern Europe and Turkey) in order to maximize the synergy between the companies' activities. The acquisition will strengthen

Frutarom's technological capabilities and its research and development infrastructure, especially in the field of savory flavor compounds.

Frutarom's personnel will benefit from the significant addition of experienced and skilled employees. Raychan's management will be integrated into Frutarom's management in Israel and contribute of its experience.

The acquisition's completion is subject to receiving the final approval of the Israeli Anti Trust Commissioner, following the Commissioner's conditional approval of the merger, received yesterday, subject to certain conditions that, in the Commissioner's opinion, will remove competitive fears. Frutarom estimates that the Commissioner's final approval of the merger will be received within three months.

Sincerely yours,

Eyal Shohat, Adv.
VP Legal Affairs and Corporate Secretary

FRUTAROM ACHIEVES RECORD SALES IN THE FIRST QUARTER

FIRST QUARTER SALES GREW 13.4% TO US\$ 80.5 M

INTEGRATION INTO ONE SITE OF RECENTLY ACQUIRED ACTIVITIES OF BELMAY AND JUPITER IN ENGLAND IS EXPECTED TO BE COMPLETED IN NEXT QUARTER

Haifa, Israel – May 21, 2007. Frutarom (LSE: FRUTq, TASE: FRUT, OTC: FRUTF) today presented its results for the first quarter of 2007.

Continuing the growth trend of the past seven years, Frutarom achieved growth in sales during the first quarter of 2007 through the implementation of its rapid growth strategy, combining organic growth in core activities with strategic acquisitions of activities and knowhow in its main business segments and in strategic geographic regions.

As part of implementing its rapid growth strategy, and further to the acquisition in the beginning of 2006 of 70% of the share equity of the Nesse group and of Acatris Health in October 2006, following the end of the first quarter of this year Frutarom acquired two English companies: Belmay Limited, a leading fl

Company	Frutarom Industries Limited
TIDM	FRUT
Headline	Re Agreement
Released	15:01 03-May-07
Number	0698W

Frutarom Industries Ltd. ("**Frutarom**") through its subsidiary, Frutarom Ltd., and Ilex Medical Ltd. ("**Ilex**"), through its subsidiary, CapsiVit Biotechnology Ltd. ("**CapsiVit**"), signed today an exclusive agreement to commercialize unique knowhow developed by the Volcani Institute, with funding from CapsiVit, to produce a natural extract from the *Capsicum annuum* L. plant as highly bio-available source of carotenoids and particularly capsanthin. Capsanthin is one of the most powerful natural antioxidants in existence. Based on CapsiVit's laboratory trials, capsanthin's antioxidant activity is eight times higher than that of lycopene. In its natural form, capsanthin is non-available to the human body and only a small amount is processed by digestive enzymes and absorbed into the blood. This unique, patent-protected technology enables industrial use of enzymes found naturally in the human digestive system to process capsanthin and allow significant bio-availability.

The agreement with CapsiVit gives Frutarom an exclusive global license to manufacture and market the unique natural extract, based on patented knowhow, worldwide. Frutarom intends to market this unique product, whose efficiency and bio-availability in the human body have been proven in successful clinical trials carried out at Rambam Hospital, in Haifa, Israel, to the nutraceutical, functional food, health food and animal feed industries as part of its unique natural product offering.

According to the agreement, the parties will cooperate in commercializing the knowhow and in developing, manufacturing and marketing the product. Frutarom will use its considerable knowhow in natural product manufacturing for the development and scaling up of the product's manufacturing process in accordance with international quality standards so as to achieve industrial scale production and commercialization. Frutarom estimates that the product will be launched in about a year's time.

The cooperation with CapsiVit is part of Frutarom's strategic plan, that aims to expand its offering of unique natural products and to strengthen Frutarom's position as a leading global supplier of natural products and functional food ingredients for tasty and healthy solutions. As part of this strategy, Frutarom invests in and cooperates with start-up companies, research institutes and universities that develop innovative and unique technologies. This supports Frutarom's own ongoing research and development activities, carried out in-house by its R&D teams throughout the world. Frutarom continues to work to create additional strategic collaborations and today has a solid pipeline of projects and natural, innovative products.

In accordance with the agreement CapsiVit granted Frutarom with an option, for a four years period commencing on the date of the agreement, to purchase CapsiVit shares such that Frutarom and Ilex will equally share control over CapsiVit. The consideration for the shares to be issues to Frutarom in case the option is exercised will be determined by an agreed external assessor.

Immediate Report on an Event Outside the Ordinary Course of Business

Regulation 36(a) of the Securities Regulations (Periodic and Immediate Reports), 1970

Nature of the Event: Acquisition of Jupiter Flavours Limited

Frutarom Industries Ltd. ("**Frutarom**") announced that today, 19 April 2007, it signed an agreement to acquire through its subsidiary, Frutarom (UK) Ltd., 100% of the share capital in the British company Jupiter Flavours Limited ("**Jupiter**"), which develops, produces and markets flavors. In consideration, Frutarom made a cash payment of USD 2.8 million. The acquisition agreement also determines a deferred payment of up to USD 600,000 based on the future results Jupiter is expected to achieve. Jupiter showed high growth rates over the past few years and its sales volume for the 12 months period preceding the acquisition was approximately USD 2 million. The acquisition was financed using short term debt.

The acquired activity is synergistic with Frutarom's activity in Britain and is expected to expand Frutarom's product offering to its customers, as well as adding new leading customers to Frutarom's existing customer base in Britain.

The acquisition of Jupiter joins Frutarom's acquisition in March 2007 of the British company, Belmay, and additional acquisitions made by Frutarom in recent years. This acquisition will contribute to strengthening Frutarom's activity in Britain and to its position as the leading flavors producer in the British market. Frutarom intends to integrate the acquired activity with its own activity in the

British market in order to achieve the greatest possible operation efficiency and savings, and estimates that this will not require additional resources.

Date and time when the Company first became aware of the reported event: April 19 2007.

Sincerely yours,

Eyal Shohat, Adv.
VP Legal Affairs and Corporate Secretary

28 March, 2007

Israeli Securities Authority http://www.isa.gov.il/	Tel Aviv Stock Exchange Ltd. http://www.tase.co.il/
---	---

Immediate Report on an Event Outside the Ordinary Course of Business that its release was delayed in accordance with Regulation 36(b) of the Securities Regulations (Periodic and Immediate Reports), 1970

Regulation 36(b),(c) of the Securities Regulations (Periodic and Immediate Reports), 1970

Nature of the Event: Acquisition of Belmay Limited

Frutarom Industries Ltd. ("Frutarom") announced that today, March 28 2007, it signed a agreement to acquire 100% of the share capital of the British company Belmay Limited ("Belmay") in consideration for a cash payment of US\$ 17.1 million (the effective date for the acquisition was set : 1 April 2007). Belmay has subsidiaries in Singapore, Norway and Denmark. Belmay's sales for 2006 totaled to approximately US\$ 15.1 million.

Belmay is a leading British flavor house that develops, produces and markets flavors, with a particular focus on natural flavors, for the food and beverage industry. Belmay has a site with significant production capacity that is located close to Frutarom's production site in Kettering, England, which adheres to the most stringent standards in the food and beverage industry in Europe. Belmay employs some 85 employees. Belmay's extensive customer base includes leading food and beverage manufacturers in its countries of operation.

Belmay's acquisition, is an important strategic acquisition, which is an additional step in the implementation of Frutarom's rapid growth strategy that makes Frutarom the leading flavor house in the British market and enhances its presence and position in additional important target markets. Belmay's acquisition significantly strengthens Frutarom's technological capabilities and the product portfolio it offers its customers in the flavors field, especially in soft drinks and alcoholic beverages.

Frutarom's personnel, particularly in England and in the flavors field, will benefit from the significant

addition of experienced employees at all levels. Belmay's management will be integrated into Frutarom's and together they will lead the British operation.

The acquisition is expected to significantly strengthen Frutarom's research and development capabilities in the field of flavors, mainly for soft drinks and alcoholic beverages, with emphasis on natural flavors. Belmay, which is characterized by considerable research and development, recently established a special research department to develop organic products. This department will be integrated with Frutarom's growing business in this important area of organic products.

Frutarom is reviewing its activity and Belmay's in various countries and will take steps to achieve the greatest efficiency and annual operational savings of approximately US\$ 3 million.

In accordance with Regulation 36(c) of the Securities Regulations (Periodic and Immediate Reports) 1970) (the "**Regulations**") the company states that, due to the confidential selling process conducted by the sellers, and due to the concern that reporting the transaction at an earlier date might have adversely impacted its conditions for Frutarom and jeopardized its execution, Frutarom's Board of Directors decided based on Section 36(b) of the Regulation to defer any publication regarding the transaction until its completion.

On 28 March, 2007 at 4:30 AM, the cause for the delay was removed.

Sincerely yours,

Eyal Shohat, Adv.
VP Legal Affairs and Corporate Secretary

Immediate Report on an Event Outside the Ordinary Course of Business

Regulation 36(a) of the Securities Regulations (Periodic and Immediate Reports), 1970

Nature of the Event: Response to publications in the media

1. In reaction to publicity appearing in the printed and electronic media regarding possible acquisitions by the Company, the Company would like to clarify that as part of implementing its rapid growth strategy, combining organic growth with strategic acquisitions, the Company invests considerable resources in locating potential acquisitions and is continuously in contact with various entities on the subject. At the same time, in view of the publicity regarding possible acquisitions by the Company that, as stated, do not relate to specific acquisitions and for the sake of caution, the Company hereby advises it is in the advanced stages of a transaction that the Company believes will be completed within a few days to acquire a company active in the field of flavors having an annual sales turnover of US\$ 15 million. The consideration for the transaction is expected to be US\$ 17 million. In view of the sale process, which was conducted in confidence as demanded by the sellers, and the suspicion that publicizing the transaction at an earlier stage would have had a significant adverse effect on the terms for Frutarom and could have endangered completion, the Board of Directors of Frutarom resolved on November 20, 2006, in accordance with Section 36(b) of the Securities Regulations (Periodic and Immediate Reports), 1970, to postpone publicizing the existence of the transaction until its completion. It is not certain that the transaction will be completed and any relevant event in this matter, if at all, will be reported to the authorities as required by law.

In addition, the Company clarifies that within the framework of its strategic plans to acquire activities and companies in its field it also reviews acquisitions of a considerably greater scope than those it has made in the past. As at this date, negotiations for such an acquisition are not being conducted.

2. Date and time when the Company first became aware of the reported event: 26.3.2007

Sincerely yours,

Eyal Shohat, Adv.
Vice President – Legal Affairs

**OPERATING PROFIT FOR THE QUARTER ROSE SHARPLY BY 56.0% TO
TOTAL US\$ 7.8 M**

NET PROFIT ROSE BY 9.1% TO US\$ 5.3 M

NET PROFIT FOR 2006 INCREASED BY 10.6% TO US\$ 29.7 M

**ANNUAL EARNINGS PER SHARE REACHED US\$ 0.52 COMPARED WITH US\$
0.49 IN 2005**

Haifa, Israel – March 20, 2006. Frutarom (LSE: FRUTq, TASE: FRUT, OTC: FRUTF) today presented its 2006 full year and fourth quarter results.

2006 is the seventh consecutive year in which Frutarom continues its trend of growth and expansion in sales and profits, through the implementation of its rapid growth strategy, combining organic growth in core activities with strategic acquisitions of activities and knowhow in its main business segments and in strategic geographic regions.

According to ***Ori Yehudai, Frutarom President and Chief Executive Officer***, in 2006 Frutarom continued to establish its position as one of the leading flavor and fine ingredient producers in the world, and attained one of the goals it declared a few years ago: becoming one of the top ten flavor companies in the world. Frutarom continued to strengthen its position in the field of natural products with health and dietary values – reduced calories, fat, salt and cholesterol – and functional food ingredients possessing scientifically proven benefits, such as disease prevention, boosting the immune system and improving general well-being. In relating to the fourth quarter, ***Yehudai*** added that during this quarter of 2006, Frutarom achieved double digit organic growth in core activities in both the Flavors Division and the Fine Ingredients Division.

As part of implementing its rapid growth strategy, in January 2006 Frutarom acquired 70% of the share equity of the Nesse group, which develops, produces, markets and sells unique, innovative savory solutions. At the beginning of October 2006, Frutarom also acquired 100% of the share equity of the Acatris Health group, which manages international activity from centers in Holland, Belgium and the USA. Acatris develops, produces and markets unique natural active ingredients

and extracts that have scientifically proven health values.

Yehudai added, "Frutarom invests considerable resources in research and development in order to expand the portfolio of natural, innovative products we offer our customers such as natural functional food ingredients. As part of Frutarom's research and development activity, the Company is cooperating with academic institutions, research institutes and start-ups in Israel and worldwide. Over the last year Frutarom signed agreements on a number of such collaborations that strengthen and broaden the pipeline of new and innovative products that Frutarom intends to launch in the coming years."

Frutarom's **sales in the fourth quarter** of 2006 grew sharply by 38.1% to total US\$ 72.6 million. In the fourth quarter Frutarom achieved double digit organic growth in its core activities in both the Flavors Division and the Fine Ingredients Division. In **2006, sales** totaled US\$ 287.2, a 17.8% increase compared with 2005, when sales reached US\$ 243.8 million.

The following factors contributed to the growth in sales: the merger of the Nesse activity, acquired and unified as of January 2006 with the Frutarom Group's global activity; higher sales of flavors produced and sold by the Flavors Division; sales growth in the Fine Ingredients Division, deriving mainly from the introduction of new products; the merger of the Acatris activity, acquired and unified as of October 2006 with the Frutarom Group's global activity; utilization of the synergy and cross selling opportunities between Frutarom's Divisions and between customers and products, both existing and those added through the acquisitions made in recent years; and the strengthening of the West European currencies (in which most of Frutarom's sales are made) compared with the US dollar, which contributed 4% to sales growth in the fourth quarter.

The growth in the quarter's sales was somewhat offset by a decline in the selling prices of natural raw materials (mainly grapefruit, vanilla and natural gums) sold by Frutarom's Fine Ingredients Division to the food, flavor and fragrance industries and in the selling prices of natural flavors produced by the Flavors Division using these natural raw materials. The growth in sales in 2006 was also offset by lower sales of the food systems activity, due to planned improvement to the product mix that will be achieved by shifting from products with lower margin than the average to unique products with added value and higher than average margin; and

Gross profit for the fourth quarter rose 31.1% to reach US\$ 25.7 million compared with US\$ 19.6 million last year. **Gross margin** reached 35.3% compared with 37.2% in the same quarter of 2005. The decline in gross margin during the fourth quarter derives mainly from the acquisition of Acatris and Nesse, which contributed to the growth in gross profit but caused a decrease in gross margin due to their having lower gross margin than the average for Frutarom. **Gross profit** for 2006 rose 12% to reach US\$ 105.9 million compared with US\$ 94.5 million last year. **Gross margin** reached 36.9% compared with 38.8% in 2005. The decline in gross margin in 2006 derives mainly from the price increase in synthetic raw materials used to produce both Divisions' products, and in parallel, the significant drop in the prices of several natural raw materials sold by Frutarom's Fine Ingredients Division and in the selling prices of flavors produced by the Flavors Division, using the affected natural raw materials. The acquisitions of Acatris and Nesse contributed to the growth in gross profit for the year but also to a decrease in gross margin due to their having lower gross margin than the average for Frutarom.

Operating profit for the quarter rose by 56.0% to US\$ 7.8 million, while **operating margin** improved to reach 10.6% compared with 9.5% in the same period of last year. The growth achieved in operating margin despite the slight decrease in gross profit and margin resulted mainly from the growth in the Company's core activities during the fourth quarter, and from the synergy achieved between the Company's activities. **Operating profit** for the year rose by 9.8% to US\$ 37.1 million compared with US\$ 33.7 million in 2005. **Operating margin** reached 12.9% compared with 13.8% in 2005, mainly due to the decline in gross margin in the year, as mentioned above.

Profit before tax for the fourth quarter totaled US\$ 7.7 million, growing 53.3% compared with the

same period last year. **Profitability before tax** reached 10.6% compared with 9.5% in the fourth quarter of 2005. **Taxes on income** for the fourth quarter grew to US\$ 2.3 million compared with US\$ 0.1 million in the fourth quarter for 2005, when the Company recorded a one time tax benefit for previous periods. **Profit before tax** for 2006 rose by 9.9% to US\$ 36.6 million, and **profitability before tax** reached 12.7% compared with 13.7% in 2005.

Net profit for the fourth quarter rose 9.1% to reach US\$ 5.3 million compared with US\$ 4.9 million in the fourth quarter of 2005. **Net margin** reached 7.3% compared with 9.3% in the fourth quarter of 2005, when the Company recorded a one time tax benefit. **Net profit** for 2006 grew by 10.6% to reach US\$ 29.7 million compared with US\$ 26.8 million in 2005. **Net margin** reached 10.3% compared with 11.0% last year.

Earnings per share reached US\$ 0.52 compared with US\$ 0.49 per share in 2005.

During the fourth quarter, Frutarom achieved **cash flow from operating activities** of US\$ 9.1 million, compared with US\$ 5.6 million in the same quarter in 2005. In 2006, Frutarom achieved cash flow from operating activities of US\$ 31.4 million compared with US\$ 32.5 million in 2005, despite the considerable growth in activity.

Frutarom's **shareholders equity** as at December 31, 2006 totaled US\$ 217.1 million (68.5% of the balance sheet) compared with US\$ 177.8 million (76.0% of the balance sheet) at December 31, 2005. The growth in equity is mainly due to the profit for the period.

Yehudai concluded by saying that Frutarom's management continues working to implement the Company's strategy for rapid growth and to utilize the synergy and many cross selling possibilities in the acquisitions of recent years, which will help to sustain organic growth in Frutarom's core activities. Frutarom invests considerable resources in locating and executing additional strategic acquisitions and is currently in contact with several interesting candidates for possible acquisition, mainly in countries and markets where the Company has substantial activity.

Background on the Company

Frutarom is a global company with significant production and development centers on three continents that markets its products on five continents to over 5,000 customers in more than 120 countries. Frutarom's products are intended mainly for the food, beverage, flavor, fragrance, pharmaceutical, nutraceutical, health food, functional food, food additives, and cosmetic industries.

Frutarom operates through two Divisions:

- The Flavors Division, which develops, produces and markets flavor compounds and food systems.
- The Fine Ingredients Division, which develops, produces and markets natural flavor extracts, natural functional food ingredients, natural pharmaceutical/nutraceutical extracts, specialty essential oils and citrus products, and aroma chemicals.

Frutarom's products are produced at its plants in the United States, England, Switzerland, Germany, Israel, Denmark, China, and Turkey. The Company's global marketing organization includes branches in Israel, the United States, England, Switzerland, Germany, Belgium, Holland, Denmark, France, Hungary, Romania, Russia, Ukraine, Kazakhstan, Belarus, Turkey, Brazil, Mexico, China, Japan, Hong Kong, India and Indonesia. The Company also works through local agents and distributors worldwide. Frutarom has about

1,150 employees worldwide.

1. On November 20, 2006 the board of directors of the Company approved the Financial Statements of the Company and the Directors' Report for the period ended September 30, 2006.
2. Enclosed please find a summary of the Financial Statements.
3. The full Financial and Directors Reports are available at the Company's website: www.frutarom.com

Sincerely,

(-)

Eyal Shohat, Adv.

Legal Counsel and Corporate Secretary

FRUTAROM CONTINUES ITS TREND OF GROWTH IN SALES AND PROFITS

THIRD QUARTER SALES GREW 20% COMPARED WITH SAME QUARTER IN 2005 TO TOTAL US\$ 71.3 M

Sales for the first three quarter of the year grew 12.2% to US\$ 214.6 M

**GROSS PROFIT ROSE 16.9% COMPARED WITH THE PARALLEL QUARTER TO
US\$ 26.9 M**

**OPERATING PROFIT GREW 16.9% TO US\$ 9.2 M COMPARED WITH US\$ 7.9 M
IN THE PARALLEL QUARTER**

Operating margin reached 13.0% compared with 13.3% in the same quarter last year

NET PROFIT FOR THE QUARTER TOTALED US\$ 7.0 M

Net profit for the parallel quarter was US\$ 6.8 M

NET PROFIT FOR THE FIRST THREE QUARTERS ROSE 11.0% TO US\$ 24.4 M

Net margin for the first three quarters reached 11.4% compared with 11.5% in the same period in 2005

Haifa, Israel – November 21, 2006. Frutarom (LSE: FRUTq, TASE: FRUT, OTC: FRUTF)

Further to recent years, during the third quarter of 2006 Frutarom achieved growth in sales and profits, while continuing to implement its growth strategy, combining organic growth in core activities (at rates above the industry average) with strategic acquisitions of activities and know-how in the Company's main fields of business and in strategic geographic regions. In line with this strategy, Frutarom acquired at the beginning of the year 70% of the issued and paid up share capital of Nesse, which develops, produces, markets and sells innovative, unique solutions that include savory flavors and unique functional ingredients, and in October acquired 100% of the share capital of the Acatris Health Group, which develops, produces and markets unique and innovative botanical ingredients possessing scientifically proven health properties.

Frutarom's sales for the third quarter of 2006 totaled US\$ 71.3 million, showing growth of 20.0%, compared with the same quarter of 2005. Sales for the first three quarters totaled US\$ 214.6 million, growing 12.2% compared with the same period last year.

The following factors were the main contributors to the growth in sales during the quarter:

- The integration of the Nesse activity, which was acquired and consolidated from January 2006 with Frutarom's global activity.
- Growth in the sales of flavors produced and sold by the Company's Flavors Division.
- Growth in the sales of the Fine Ingredients Division, deriving mainly from the introduction of new products with higher than average margin.
- Utilization of the synergy and cross selling opportunities between Frutarom's Divisions and between customers and products, both existing and those added through the acquisitions made in recent years.

- Strengthening of West European currencies (in which most of Frutarom's sales are made) against the US dollar, which contributed 3% to the sales growth.

The increase in sales during the third quarter was offset by the following factors:

- A decrease in sales of the food systems activity due to planned improvement to the product mix, which was achieved by shifting from products with lower than average margin to unique, value added products with higher than average margin.
- A decrease, compared with the same period in 2005, in the prices of several natural raw materials (mainly grapefruit and natural gums) that are sold by the Fine Ingredients Division to the food, flavor and fragrance industries, and of the selling prices of flavor compounds produced by the Flavors Division using these natural raw materials.

Sales during the first three quarters of the year were also influenced by the weakening of the Western European currencies (in which most of Frutarom's sales are made) against the US dollar.

Gross profit for the third quarter rose 16.9% to total US\$ 26.9 million compared with US\$ 23.0 million in the same quarter last year. Gross margin for the third quarter reached 37.8% compared with 38.8% during the same quarter in 2005. The decrease in gross profit during the quarter derives mainly from the influences reported by the Company during the second quarter, and which Frutarom estimates are temporary in nature, of price fluctuations in raw materials used in Frutarom's production. These influences, seen mainly in the second quarter, weakened as expected in the third quarter.

Operating profit during the third quarter of 2006 rose 16.9% to total US\$ 92. million compared with US\$ 7.9 million in the same quarter of 2005. Operating margin for the quarter reached 13.0% compared with 13.3% in the third quarter of 2005.

Net profit for the third quarter rose 2.9% to US\$ 7.0 million compared with US\$ 6.8 million in the same quarter of 2005, and net margin reached 9.8% compared with 11.4%. The decline in net margin during the quarter results from a one time tax benefit of US\$ 1.0 million recorded in the third quarter of 2005 for previous periods. Net profit for the first three quarters of 2006 rose 11.0% to reach US\$ 24.4 million compared with US\$ 22.0 million for the same period of 2005. Net margin reached 11.4% compared with 11.5% in the same period in 2005. The decline in the rate of taxes on income results from a one time reduction in the amount of US\$ 1.5 million in the tax expenses of the Company recorded during the second quarter of the year, which derives from tax arrangements made recently in Germany following the Nesse acquisition at the beginning of the year.

Earnings per share for the third quarter maintained the same level as during the same quarter of 2005, at US\$ 0.12. Earnings per share for the first nine months of the year totaled US\$ 0.43 compared with US\$ 0.40 during the same period last year.

Ori Yehudai, the Frutarom Group's President and Chief Executive Officer, commented: "We are satisfied with the Company's achievement during the third quarter. Our diligent activity to raise the selling prices of our products has already begun to yield results in the third quarter and, we estimate, will continue to contribute to improving profit margins in the coming quarters." Yehudai added that "As expected, the Nesse activity that we acquired at the beginning of the year continues to grow and contribute very nicely to Frutarom's activity. We estimate that extraction of the synergy and cross selling opportunities will continue next year and contribute to growing Frutarom's sales and profits." With regard to the Acatris Health acquisition made in October, Yehudai said "The Acatris Health acquisition is an important strategic move for Frutarom that matches the Company's vision, ***To be the Preferred Partner for Tasty and Healthy Success***. This acquisition significantly strengthens the unique natural product portfolio offered to Frutarom's customers in the health field, particularly in the fast growing functional food and nutraceuticals markets. We are working to merge Acatris Health with our existing activities and to extract the extensive synergy inherent in these complementary activities. As of the fourth quarter of this year Acatris Health's activity is being merged into the global structure of Frutarom's Fine Ingredients Division and be combined with the natural health products activity of the Swiss company Flachsmann that was acquired by Frutarom in 2003."

Yehudai concluded by saying that "Frutarom today has an abundant and interesting pipeline of new projects and products under development by the Company's two divisions. These developments are being made in close cooperation with our customers, who include large multinational companies, with accent on the field of functional food ingredients, which is growing at a comparatively higher rate than the traditional food industry, and together with local mid size customers, with special emphasis on the field of private labels, which is expanding at double the rate of the global food industry. The R&D team of the Fine Ingredients Division is working to develop new products, mostly natural, that are expected to contribute to the rapid growth of Frutarom's activity in the coming years, as well as on joint projects with start up companies and leading research institutes. These activities will contribute to the continued successful implementation of our profitable and rapid growth strategy. At the same time, Frutarom continues to invest considerable resources in realizing its rapid growth strategy, combining profitable organic growth of core activities with strategic acquisitions of activities and know-how in its main fields of business and in strategic geographic regions with the aim of achieving our ambitious goals while creating value for our shareholders."
