Penta is an offshore company, incorporated in the Federal Territory of Labuan, Malaysia on 4 April 2007 as an investment holding company.

As at 17 April 2007, the authorised share capital of Penta consisted of 10,000 shares of USD1.00 each and the issued and paid-up share capital is USD1.00 comprising 1 share of USD1.00 each.

2.8 Original cost and date of investment in NTS

The original costs of investments in NTS, which were made by Tirta (49% of NTS) between 2004-2005 amounted to approximately Rp702.5 billion (equivalent to RM 264.10 million*).

3. RATIONALE FOR THE PROPOSED ACQUISITION

Following Closing of the Proposed Acquisition, Maxis' aggregate shareholding in NTS will be 95%, giving it full control over the operations and business plans and level of capitalisation of NTS, which would enable Maxis to optimise its investment in NTS.

Maxis has received expressions of interest from potential strategic partners to participate with Maxis in the development of NTS. Maxis is currently evaluating these prospects, and intends to invite a strategic partner that will assist Maxis achieve its overall objectives which includes an accelerated rollout of the NTS network.

4. PROSPECTS

Maxis believes that the Indonesian cellular industry has a large market potential, given the estimated country population of 226 million as at the end of 2006. It has a relatively low cellular penetration rate at an estimated 29 % as at the end of 2006. The Indonesian cellular market is expected to grow with approximately 50-60 million subscribers entering the market between 2007 and 2011.

5. RISK FACTORS

(a) Economic, political and currency risks

As with all investments undertaken overseas, political, economic and currency risks are inherent

Fluctuations in the exchange rate between the Indonesian Rupiah and the US Dollar or Malaysian Ringgit, as well as fluctuations of local interest rates, could negatively affect investment returns. However, this risk may, to some extent, be mitigated by hedging instruments, which Maxis may enter into from time to time.

(b) Inherent business risks

As with the operations of similar cellular telecommunications companies elsewhere, NTS will be subject to inherent business risks, e.g., *inter alia*, the risk of competitive threats, network and software technology obsolescence, possible funding limitations, foreign ownership limitations, spectrum constraints and changes in the regulatory regime. However, Maxis believes that these are risks, which it is well-placed to understand given its own experience as a cellular operator.

6.1 Share capital

()

The Proposals will not have any effect on the issued and paid-up share capital of Maxis as there will be no new issue of Maxis shares pursuant to the Proposals.

The principal terms and conditions of the Offer, unless otherwise directed or permitted to be varied by the SC, will be as follows:

3.1 Consideration

The Offeror will pay a cash consideration of RM15.60 for each Offer Share to Holders who accept the Offer.

Notwithstanding the provision in Section 3.3 below, if Maxis declares any dividend and/or other distributions before the close of the Offer which the Offeror is not entitled to retain, the Offeror will reduce the cash consideration for each Offer Share by the quantum of net dividend and/or other distributions which the Holder of such Offer Share is entitled to.

3.3 Warranties

The Offeror will acquire the Offer Shares based on the acceptance by a Holder in accordance with the Offer Document. Such acceptance will be deemed to constitute a warranty by the Holder that the Offer Shares, to which the acceptance relates to, are sold:

- (a) free from all claims, charges, liens, encumbrances, options, rights of pre-emption, third party rights and equities; and
- (b) with all rights and entitlements attached including the right to all dividends and/or distributions declared, paid or made after the date of the Offer Document.

3.4 Duration of the Offer

(a) The Offer will remain open for acceptances until 5.00 p.m. (Malaysian time) for at least 21 days after the date of posting of the Offer Document ("**Posting Date**") or such later date(s) as we may announce on behalf of the Offeror, unless the Offeror withdraws the Offer with the SC's written approval and every person is released from any obligation incurred under the Offer.

(b) If the Offer is revised after the Posting Date, it will remain open for acceptances for at least 14 days from the date of posting of the written notification of the revision to the Holders. Where the terms are revised, the revised benefits of the Offer will be made available to the Holders who have previously accepted the Offer.

The Offer may not be revised after the 46th day from the Posting Date.

(c) Where the Offer has become or is declared unconditional as to the acceptances of the Offer on any day **BEFORE** the 46th day from the Posting Date, the Offer will remain open for acceptances for not less than 14 days from the date on which the Offer becomes or is declared unconditional which shall, in any event, be no later than the 60th day from the Posting Date.

(e) Where a competing take-over offer is made anytime between the Posting Date and the closing date of the Offer, the Posting Date shall be deemed to be the date the competing offer document was posted.

(f) Without prejudice to Sections 3.4 (c) and (d), the Offeror shall give not less than 14 days notice in writing to the Holders before closing the Offer. Subject to the SC's approval, the said requirement shall not apply where the Offer has become unconditional as to the acceptances of the Offer before an expiry date and the Offer Document clearly states that the Offer will be closed on a specific date.

(g) The Offeror shall not give a written notice under Section 3.4(f) where a competing take-over offer has been announced, unless the competing take-over offer has reached its conclusion or the holder(s) of 50% or more of the voting shares of Maxis have irrevocably rejected the competing take-over offer in favour of the Offer.

(h) If there is any announcement of an extension of the Offer, the next expiry date of the Offer will be stated.

3.5 Rights of withdrawal by an accepting Holder

- (a) All acceptances of the Offer by a Holder shall be irrevocable. However, the Holder is entitled to withdraw his acceptance in the following circumstances:
- (i) if the Offeror fails to comply with any of the requirements set out in Section 3.8(a) by the close of trading on the market day after the day on which the Offer is closed, becomes or is declared unconditional as to acceptances, revised or extended ("Relevant Day"), any Holder who has accepted the Offer is entitled to withdraw his acceptance immediately after the Relevant Day; or
 - (ii) if the Offer is extended, any Holder who has accepted the Offer is entitled to withdraw his acceptance 21 days after the first closing date unless the Offer has become or is declared unconditional as to acceptances.
- (b) Notwithstanding Section 3.5(a), the SC may terminate the above right of withdrawal of an acceptance if:
- (i) the Offeror has complied with the requirements of Section 3.8(a) within 8 days from the Relevant Day where the expiry of the 8-day period from the Relevant Day shall not fall after the 60th day from the Posting Date; and
 - (ii) the Offeror has confirmed in a statement by way of press notice that the Offer is still unconditional as to acceptances.

However, the right of any person who has already withdrawn his acceptance under Section 3.5(a) shall not be prejudiced by the termination of such right of withdrawal by the SC.

3.6 Withdrawal of Offer by the Offeror

The Offeror can only withdraw the Offer with the prior written approval of the SC.

3.7 Method of settlement

Other than the Offeror's right to reduce the cash consideration for the Offer Shares as set out in Section 3.1, the Offeror will settle the consideration in full in accordance with the terms of the Offer without regard to any lien, right of set-off, counter claim or other analogous rights to which the Offeror may be entitled against the accepting Holder. This, however, is without prejudice to the Offeror's rights to make any claim against the accepting Holder after such full settlement in respect of a breach of the warranty as set out in Section 3.3.

The settlement for the Offer Shares will be effected via remittance in the form of:

- (a) cheque;
- (b) banker's draft; and/or
- (c) cashier's order,

which will be despatched by ordinary mail to the accepting Holders (or their designated agents, as they may direct) at their own risk.

Where acceptances are received during the period when the Offer is still conditional, the Offeror will post the consideration for the Offer Shares within 21 days from the date the Offer becomes or is declared unconditional. Where acceptances are received during the period where the Offer has become or is declared unconditional, the Offeror will post the consideration within 21 days from the date of receipt of acceptances. This is provided that all such acceptances are deemed by the Offeror to be complete and valid in all respects in accordance with the terms and conditions in the Offer Document.

 - (i) release of an announcement by us or the Offeror's advertising agent(s) to the press; and

- (f) Accidental omission to post the Offer Document to any Holder shall not invalidate the Offer in any way.

4. LISTING STATUS OF MAXIS / COMPULSORY ACQUISITION

4.1 Listing Status of Maxis

- (a) Paragraph 8.15 of the Listing Requirements of Bursa Securities sets out the requirements in relation to the public shareholding spread of listed companies:
- (i) A listed issuer must ensure that at least 25% of its total listed shares are in the hands of a minimum of 1,000 public shareholders holding not less than 100 shares each. Bursa Securities may accept a percentage lower than 25% of the total number of listed shares if it is satisfied that such lower percentage is sufficient for a liquid market in such shares;
 - (ii) A listed issuer must inform Bursa Securities immediately if it becomes aware that it does not comply with the required shareholding spread referred to in paragraph (i);
 - (iii) A listed issuer which fails to maintain the required shareholding spread referred to in paragraph (i) may request for an extension of time to rectify the situation. Where no extension of time is granted by Bursa Securities, Bursa Securities may suspend trading in the securities of the listed issuer and/or de-list the listed issuer; and
 - (iv) In relation to a take-over offer for the acquisition of the listed shares of a listed issuer pursuant to the Code, upon 90% or more of the listed shares of the listed issuer being held by a shareholder, either singly or jointly with associates of the said shareholder, an immediate announcement must be made by the listed issuer. Upon such announcement, all the securities of the listed issuer may be suspended from trading and/or removed from the Official List of Bursa Securities, unless the offeror has provided in the offer document, its intention to maintain the listing status of the listed issuer and not to invoke the provisions under Section 34 of the SCA, together with detailed plans, the complete implementation of which would result in full compliance by the listed issuer with all the provisions of the Listing Requirements.
- (b) **The Offeror does not intend to maintain the listing status of Maxis** in the event Maxis does not comply with the shareholding spread requirement of Bursa Securities as a result of acceptances received under the Offer. In this case, Binariang will procure Maxis to apply to Bursa Securities, if necessary, for withdrawal of its listing from the Official List of Bursa Securities in accordance with the Listing Requirements of Bursa Securities.

4.2 Compulsory Acquisition

- (a) Section 34 of the SCA provides that where a take-over offer by an offeror to acquire all the shares in an offeree has, within 4 months after the making of the take-over offer, been accepted by the holders of not less than nine-tenths in the nominal value of those shares (other than shares already held at the date of the take-over offer by the offeror or by a nominee for or a related corporation of the offeror), the offeror may, at any time within 2 months after the take-over offer has been so accepted, give notice to any dissenting shareholder that it desires to acquire his shares, subject to the offeror complying with Section 34 of the SCA.
- (b) If the Offeror receives the sufficient level of acceptances as highlighted above, the **Offeror intends to invoke Section 34 of the SCA** to compulsorily acquire any outstanding Offer Shares for which acceptances have not been received.

5. FINANCIAL RESOURCES

The Offeror confirms that the Offer would not fail due to insufficient financial capability and that every Holder who wishes to accept the Offer will be paid in full by cash.

We, as the financial adviser, are reasonably satisfied that there are sufficient resources available to the Offeror such that the Offeror would be able to carry out the Offer in full by cash.

(Company No. 158400-V)
(Incorporated in Malaysia)

NOTIFICATION TO THE SHAREHOLDERS OF MAXIS COMMUNICATIONS BERHAD ("MAXIS") IN RELATION TO CONDITIONAL TAKE-OVER OFFER BY BINARIANG GSM SDN BHD ("BINARIANG") THROUGH CIMB INVESTMENT BANK BERHAD (FORMERLY KNOWN AS COMMERCE INTERNATIONAL MERCHANT BANKERS BERHAD) TO ACQUIRE ALL VOTING SHARES IN MAXIS NOT ALREADY OWNED BY BINARIANG AT A CASH OFFER PRICE OF RM15.60 PER SHARE

We refer to the offer document dated 24 May 2007 by Binariang GSM Sdn Bhd ("Binariang" or "Offeror") through CIMB Investment Bank Berhad (formerly known as Commerce International Merchant Bankers Berhad) ("Offer Document"), which sets out details of the conditional take-over offer ("Offer"), to the shareholders of Maxis.

The Board of Directors of Maxis wishes to draw the attention of the shareholders of Maxis to Section 2.1 of the Offer Document, which states the following:

"Binariang will pay a cash consideration of RM15.60 for each Offer Share to Holders who accept the Offer.

Notwithstanding the provision in Section 1 of Appendix II of this Offer Document, if Maxis declares, makes or pays any dividend and/or other distributions before the Closing Date which Binariang is not entitled to retain, Binariang will reduce the Offer Price by the quantum of net dividend and/or other distributions."

The Board of Directors of Maxis wishes to highlight the following in relation to the Offer Price should the shareholders of Maxis approve the proposed final gross dividend of 30.14 Sen per Maxis Share (final net dividend of 22.00 Sen per Maxis Share) ("Proposed Final Dividend") at the forthcoming Annual General Meeting ("AGM") of the Company to be held on 29 May 2007:

1. For any shareholder of Maxis who decides to accept the Offer and transfers the Offer Shares to the Offeror's Central Depository System ("CDS") account on or before 31 May 2007, the Offeror will pay that shareholder RM15.60 for each Offer Share, and
2. For any shareholder of Maxis who decides to accept the Offer and transfers the Offer Shares to the Offeror's CDS account after 31 May 2007, the Offeror will pay that shareholder RM15.38 for each Offer Share, being the adjusted offer price after adjusting for final net dividend i.e. RM15.60 less 22.00 Sen.

Should the Proposed Final Dividend be approved by the shareholders at the AGM, payment of the final net dividend will be made on 20 June 2007 to depositors registered in the Record of Depositors at the close of business on 31 May 2007.

The Board of Directors of Maxis recommends that any shareholder who requires advice in relation to the Offer in the context of their individual investment objectives, financial situation or particular needs, should consult their respective stockbroker, bank manager, accountant, solicitor and/or other professional adviser.

Please note that this notification is not a recommendation for the shareholders of Maxis to accept the Offer. You are advised to carefully read the Offer Document and the Independent Advice Circular (which is expected to be despatched to shareholders of Maxis by 3 June 2007) before making your decision whether to accept the Offer.

BINARIANG GSM SDN BHD ("BINARIANG")

CONDITIONAL TAKE-OVER OFFER BY BINARIANG THROUGH CIMB INVESTMENT BANK BERHAD (FORMERLY KNOWN AS COMMERCE INTERNATIONAL MERCHANT BANKERS BERHAD) ("CIMB") TO ACQUIRE ALL THE VOTING SHARES IN MAXIS COMMUNICATIONS BERHAD ("MAXIS") ("OFFER SHARES") AT A CASH OFFER PRICE OF RM15.60 FOR EACH OFFER SHARE ("OFFER")

We refer to the Offer Document dated 24 May 2007 for the Offer.

On behalf of Binariang, we wish to announce that the Securities Commission ("SC") has, vide its letter dated 4 June 2007, approved the Offer under the Guidelines on Acquisition of Interests, Mergers and Take-Overs by Local and Foreign Interests issued by the Foreign Investment Committee subject to the following conditions:

- (i) Approval from the Minister of Energy, Water and Communications ("MEWC"), in respect of the telecommunication licences issued to companies in the Maxis group, in connection with the Offer; and
- (ii) CIMB / Binariang is to inform the SC as soon as the Offer is completed.

In respect of condition (i) above, the Malaysian Communications and Multimedia Commission ("MCMC"), being the regulator within the MEWC, has vide its letter dated 4 June 2007, stated that approval for the Offer by the MEWC is not required under the terms of the licences issued to the subsidiaries of Maxis that are licensed under the Communications and Multimedia Act 1998 ("Maxis Licensees") and the spectrum assignment awarded to UMTS (Malaysia) Sdn Bhd ("UMTS") as the Offer will not result in any changes to the current shareholding structure of the Maxis Licensees and UMTS. However, Binariang is required to update the MCMC on the shareholding structure of the Maxis Licensees, UMTS and Maxis upon completion of the Offer. Binariang will simultaneously notify the MEWC of the shareholding structure of the Maxis Licensees, UMTS and Maxis, as required under the terms of the licences issued to the Maxis Licensees and UMTS.

As such, the only outstanding condition in respect of the Offer is for Binariang to receive valid acceptances (on or before the closing date of the Offer provided that they are not, where permitted, subsequently withdrawn) in respect of the Offer Shares from the holders of the Offer Shares which would result in Binariang holding in aggregate, (together with such voting shares in Maxis that are already acquired, held or entitled to be acquired or held by Binariang, if any), more than 50% of the voting shares in Maxis.

CONDITIONAL TAKE-OVER OFFER BY BINARIANG THROUGH CIMB INVESTMENT BANK BERHAD (FORMERLY KNOWN AS COMMERCE INTERNATIONAL MERCHANT BANKERS BERHAD) TO ACQUIRE ALL THE VOTING SHARES IN MAXIS COMMUNICATIONS BERHAD ("MAXIS") ("OFFER SHARES") AT A CASH OFFER PRICE OF RM15.60 FOR EACH OFFER SHARE ("OFFER")

We refer to our public release dated 8 June 2007 in relation to the Offer.

On behalf of Binariang, we wish to announce that as at 5.00 p.m. on 13 June 2007, Binariang has received valid and complete acceptances from the holders of the Offer Shares, resulting in Binariang holding in aggregate, (together with such voting shares in Maxis ("Maxis Shares") that are already acquired, held or entitled to be acquired or held by Binariang), 1,924,803,893 Maxis Shares representing 75.40% of the issued and paid-up share capital of Maxis as at 13 June 2007. Consequently, Maxis would not be in compliance with the requirement under Paragraph 8.15(1) of the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities") ("Bursa Securities LR"), of ensuring that at least 25% of the total listed Maxis Shares are in the hands of at least 1,000 public shareholders holding not less than 100 Maxis Shares each ("Public Spread Requirement").

As set out in Section 5 of the offer document dated 24 May 2007 in relation to the Offer ("Offer Document"), Binariang does not intend to maintain the listing status of Maxis in the event Maxis does not comply with the Public Spread Requirement, as a result of acceptances received under the Offer. In this case, Binariang currently does not intend to take any steps towards resolving any failure by Maxis to meet the Public Spread Requirement, consequent upon which Bursa Securities may suspend trading in the securities of Maxis and thereafter de-list Maxis.

In addition, as set out in Section 6 of the Offer Document, if Binariang receives acceptances of 90% or more in nominal value of the Offer Shares (other than the Maxis Shares already held by Binariang, or by a nominee for or a related corporation of Binariang), Binariang intends to invoke Section 34 of the Securities Commission Act, 1993 to compulsorily acquire any outstanding Offer Shares for which acceptances have not been received, and necessary steps will be taken to de-list Maxis immediately from the Main Board of Bursa Securities.

Holders of Offer Shares who have yet to accept the Offer are advised to refer to the Offer Document for the terms, conditions and procedures for acceptance of the Offer, should they wish to accept the Offer. The Offer shall remain open for acceptances up to 5.00 p.m. (Malaysian time) on 22 June 2007 ("2nd Closing Date") or such later date(s) as we may announce on behalf of Binariang. Binariang intends to close the Offer on the 2nd Closing Date. However, depending on the level of acceptances, Binariang may extend the Offer beyond the 2nd Closing Date in accordance with the provisions of the Malaysian Code on Take-Overs and Mergers 1998.

PRESS RELEASE

BINARIANG GSM AND SAUDI TELECOM FORM STRATEGIC PARTNERSHIP

Kuala Lumpur, Tuesday, June 26, 2007: Binariang GSM Sdn Bhd (Binariang), the parent company of Maxis Communications Bhd, announced it had entered into agreements with Saudi Telecom Company (STC), as a result of which STC will invest US\$3.05 billion (RM11 billion) in Binariang and participate in the recapitalisation and restructuring of Binariang. Under the terms of the current privatisation exercise, Binariang will hold 100% of Maxis.

The STC investment includes a US\$450 million subordinated debt facility which will be matched by the existing shareholders of Binariang.

Upon obtaining all regulatory approvals, STC will hold a 25% stake in Binariang and a 51% stake in Maxis' Indonesian subsidiary PT Natrindo Telepon Selular (NTS).

Binariang chairman, Raja Datuk Arshad Raja Tun Uda said, "We look forward to developing this strategic alliance with STC and to be able to jointly expand into other significant markets in Asia, Middle East and Africa where the partnership will be able to access and develop new opportunities."

Dato' Nazir Razak, Chief Executive, CIMB Group, said, "This is one of the most significant Middle East investments in the region and demonstrates investor confidence in Malaysia."

QUARTERLY REPORT FOR THE FIRST QUARTER ENDED 31 MARCH 2007

PART A - EXPLANATORY NOTES IN COMPLIANCE WITH FRS 134, PARAGRAPH 16

1. ACCOUNTING POLICIES

The quarterly condensed financial report of Maxis and its subsidiaries ("the Group") has been prepared based on:

- The requirements of the Financial Reporting Standards ("FRS") 134₂₀₀₄ - *Interim Financial Reporting*; and
- Paragraph 9.22 of the Bursa Malaysia Securities Listing Requirements ("Bursa Securities LR")

and should be read in conjunction with the Group's audited financial statements for the financial year ended 31 December 2006. The accounting policies adopted for the quarterly condensed financial report are consistent with those adopted for the audited financial statements for the financial year ended 31 December 2006 except for the adoption of the following revised FRS issued by Malaysian Accounting Standards Board ("MASB") that are applicable for the Group's financial period beginning on 1 January 2007:

- FRS 117 - Leases
- FRS 124 - Related Party Disclosures
- Amendment to FRS 119₂₀₀₄ - Employee Benefits - Actuarial Gains and Losses, Group Plans and Disclosures

The adoption of FRS 124 and 119₂₀₀₄ did not have any significant financial impact on the Group.

FRS 117 - Leases

The adoption of the revised FRS 117 - Leases has resulted in a change in the accounting policy relating to the classification of leases of land and buildings.

Prior to 1 January 2007, leasehold land and buildings held for own use were classified as property, plant and equipment and were stated at cost less accumulated depreciation and impairment loss. FRS 117 requires that leasehold land and buildings be classified as operating or finance leases in the same way as leases of other assets.

The Group has applied the change in accounting policy with respect to leasehold land in accordance with the transitional provisions of FRS 117. The reclassification of leasehold land as prepaid land lease payments has been accounted for retrospectively. Certain comparatives within the consolidated balance sheet as at 31 December 2006 have been restated as set out below. There were no effects on the income statement of the Group for the quarter ended 31 March 2007.

The following comparative amounts have been restated due to adoption of FRS 117:

15. REVIEW OF PERFORMANCE (Continued)

**(A) Performance of the current quarter against the preceding quarter (1st Quarter 2007 versus 4th Quarter 2006)
(Continued)**

The Group revenue increased by RM40 million or 2% to RM2,157 million largely due to contributions from the Indian operations. The Indian operations contributed RM320 million revenue on the back of a higher subscriber base, representing RM53 million or 20% growth over the preceding quarter. The Group's subscriber base grew by 1.5 million or 12% to 14 million subscribers as of end March 2007, comprising 8.5 million subscribers from the Malaysian operations and 5.5 million subscribers from the Indian operations.

The Group's EBITDA of RM1,082 million improved RM15 million or 1% compared to the last quarter. However, EBITDA margin declined by 0.2% point over the preceding quarter due to the dilutive effect of the lower margins of the Indian operations as its contribution to the Group increases. The Group's PBT and profit for the period declined RM57 million or 7% and RM85 million or 13% respectively.

The preceding quarter results benefited from non-recurring items comprising of RM31 million write-back of apparatus assignment license fee accrual in Malaysia, RM35 million write-back of 3G spectrum fee accruals in Indonesia and RM68 million other income from project consultancy services in India.

Accordingly, on an underlying basis, Group EBITDA of RM1,082 million grew RM67 million or 7% over preceding quarter's underlying EBITDA, reflecting revenue growth and reduced spending in the quarter. The resultant EBITDA margin of 50.2% improved 2.3% points over last quarter's underlying margin. The Group PBT and profit for the period of RM765 million and RM546 million represent RM77 million or 11% and RM40 million or 8% growth respectively from last quarter's underlying results.

Malaysian Operations

Revenue

The Malaysian operations registered a 6% increase in the total subscriber base over the preceding quarter. Its total subscriber base now stands at 8,528,000 subscribers. This increase was due to the various successful marketing campaigns and attractive plans launched, such as Family Plus, Total and Easy Plans, that helped push up the number of subscribers by 64,000 for postpaid and 401,000 for prepaid.

Revenue slipped marginally by RM13 million or 1% affected by the expected yield decline in the prepaid portfolio, following the higher take up for Total Plan which offered attractive tariff for on-net calls.

Data revenue increased by RM4 million or 1% over the preceding quarter supported by higher take up for internet usage and content download. SMS usage, driven by less festivities this quarter, reduced by 474 million or 7%. Data revenue contributed 22.7% of mobile segment revenue, representing a 0.4% point improvement over the preceding quarter.

15. REVIEW OF PERFORMANCE (Continued)

**(A) Performance of the current quarter against the preceding quarter (1st Quarter 2007 versus 4th Quarter 2006)
(Continued)**

Malaysian Operations (continued)

EBITDA and EBITDA margin

EBITDA of RM1,017 million declined by RM6 million or 1% and the resultant EBITDA margin improved by 0.1% point from the previous quarter. Excluding the non-recurring RM31 million write-back of apparatus assignment license fee accrual in the prior quarter, the current's quarter's EBITDA improved RM25 million or 3% over previous quarter's underlying EBITDA, primarily resulting from lower activities during the quarter. EBITDA margin of 55.4% registered a 1.8% point increase over last quarter's underlying margin.

PBT and profit for the period

PBT of RM773 million was RM19 million or 3% higher than the preceding quarter. The preceding quarter's asset write down of RM19 million did not recur in the current quarter. Profit for the period was RM17 million lower than the preceding quarter as a result of higher corporate taxes by RM36 million. The prior quarter benefited from favourable adjustment to deferred tax balance arising from a reduction in the Malaysian corporate tax rate and recognition of deferred tax asset attributable to unabsorbed business losses and unutilised capital allowances for one of the subsidiaries.

Indian Operations

Revenue

Revenue increased by RM53 million or 20% over the preceding quarter on the back of the highest ever net additions of 1,001,000 subscribers for the quarter. Total subscribers as at the end of the quarter reached 5.5 million, representing a 22% growth from the preceding quarter. Aircel is now operational in 9 circles across India.

EBITDA and EBITDA margin

EBITDA increased by RM23 million or 29% to RM102 million and EBITDA margin improved 2.3% points to 31.9% mainly on the back of the strong revenue growth.

PBT and profit for the period

PBT of RM37 million was RM52 million or 58% lower than the preceding quarter whilst profit for the period decreased RM44 million or 59% to RM30 million. Excluding the non recurring income of RM68 million from project consultancy services recognised in the prior quarter, the PBT and profit for the period represent RM16 million or 76% and RM24 million or 400% increase over the underlying results of the prior quarter.

Indonesian Operations

The delay in the commercial launch of the 2G and 3G services in Indonesia continues. The loss for the period was RM45 million, higher by RM24 million or 114% from the preceding quarter which recorded a one-off RM35 million reversal of 3G spectrum related costs. The continuing start up losses reflects the initial phase of the Indonesian operations.

15. REVIEW OF PERFORMANCE (Continued)

(B) Performance of the current year to-date against the preceding year to-date (1st Quarter 2007 versus 1st Quarter 2006) (Continued).

The Group revenue increased by RM430 million or 25%. The Indian operations was key to this increase with a contribution of RM320 million fully consolidated in the current quarter compared to RM29 million in the corresponding quarter (Aircel only became a subsidiary effective 21 March 2006). The Group's subscriber base increased by 3.2 million or 30%, with the Indian operations contributing 90% of the total additions.

Group EBITDA improved by 16% or RM149 million over the corresponding quarter following the strong revenue performance. The Indian operations was again the main contributor to this increase with its EBITDA of RM102 million fully consolidated by the Group in the current quarter compared to RM13 million, representing 11 days consolidation of results in the corresponding quarter. Group EBITDA margin decreased by 3.8% points to 50.2% due to the dilutive effect of the lower margin of the Indian operations as its contribution to the Group increases.

The Group PBT of RM765 million increased by RM58 million or 8% over the corresponding quarter due to strong contribution from the Malaysian and Indian operations.

Malaysian Operations

15. REVIEW OF PERFORMANCE (Continued)

(B) Performance of the current year to-date against the preceding year to-date (1st Quarter 2007 versus 1st Quarter 2006) (continued)

Indian Operations

In the current quarter, a full quarter's consolidation of results led to the Indian operations contributing RM320 million and RM102 million, representing 15% and 9% of the Group revenue and EBITDA respectively. The corresponding quarter's results only reflect a 26% associate equity accounting from 6 January 2006 to 20 March 2006 (74 days) and consolidated as a subsidiary from 21 March 2006.

With operations in 9 circles, the net subscriber base grew by 2.9 million to reach 5.5 million at the end of the current quarter. Aircel retained its market leadership with market share of 26% and 29% in Chennai and Tamil Nadu respectively despite facing stiff competition.

Indonesian Operations

Loss for the period increased marginally by RM3 million to RM45 million in the current quarter due to start-up costs incurred to sustain the current operations and support the network roll-out.

16. PROSPECTS FOR THE FINANCIAL YEAR ENDING 31 DECEMBER 2007

The business in Malaysia is facing increased competition and challenges, more so that new players will be entering the industry. Nonetheless, Maxis will continue to strengthen its market position by expanding its reach in terms of network, branding and product proposition while at the same time ensuring that the cost structure is optimised.

The Indian business continues to strengthen its position in terms of subscriber numbers and revenue. Aircel is expected to expand its network at a brisk pace and improve its brand visibility. Heavy infrastructure investment will require increased borrowing and as a consequence, operating results will reflect higher interest and depreciation charges, and start-up losses.

The mobile sector in Indonesia still offers high growth prospect with its population of 226 million and a mobile penetration rate of only 33% as at end first quarter 2007. With the recent increased equity stake in the Indonesian venture to 95%, Maxis will be able to capitalise on the growth potential via a revamped business plan and network roll-out. Indonesia will require significant investments to support the proposed accelerated roll-out. It is the intention of the Company to invite a strategic partner into the business.

Barring any unforeseen circumstances, the Board of Directors expects the Group to achieve continuing satisfactory growth for the financial year ending 31 December 2007. The Group's earnings and borrowings will reflect the investment phase. However, in light of future cash requirements, the dividend policy will be kept under review.

17. PROFIT FORECAST OR PROFIT GUARANTEE

Not applicable as the Group did not submit any profit forecast.

23. FINANCIAL INSTRUMENTS

Under the Group's policy, Maxis' practice is to hedge all known material foreign currency commitments arising from trade transactions. Maxis' non-trade currency exposures will be hedged as and when deemed necessary.

(i) Foreign currency forward contracts

Foreign currency forward contracts protect the Group from movements in exchange rates by establishing the rate at which a foreign currency asset or liability will be settled. Gains and losses on foreign currency forward contracts entered into as hedges of foreign currency monetary items are recognised in the financial statements when the exchange differences of the hedged monetary items are recognised in the financial statements.

(ii) Interest rate swap

The Company entered into an interest rate swap to hedge against fluctuations in the US-LIBOR on its USD100 million syndicated loan from 31 October 2005 to 7 February 2010. The effect of this transaction obliges it to pay weighted average fixed interest rate of 4.63% per annum in exchange for US-LIBOR on the notional amount of USD100 million on a quarterly basis.

(iii) Cross currency interest rate swap

The Company entered into an amortising cross currency interest rate swap ("CCIRS") to hedge against fluctuations in the USD/RM exchange rate on its USD160 million syndicated loan from 16 February 2005 to 16 May 2007, upon which the Company will pay Ringgit in exchange of receiving USD at a pre-determined exchange rate of RM3.80 to USD1.00 and will pay KLIBOR in exchange for receiving LIBOR on the amortising outstanding principal amounts. The principal exchange occurs semi-annually in accordance with the scheduled repayment of the USD160 million syndicated loan. As at 17 May 2007, the above CCIRS has been fully settled following the final repayment and full settlement of the USD160 million syndicated loan.

24. CHANGES IN MATERIAL LITIGATION

There has been no material change in the status of the reported material litigation as at 17 May 2007 that would have a material adverse impact to the Group.

25. DIVIDENDS

No dividend has been proposed or declared for the 1st quarter ended 31 March 2007.

This executive summary highlights the salient information on the Offer. You are advised to read the letter from your Board and the letter from RHB INVESTBANK for further information and for the recommendation in relation to the Offer. This IAC should also be read in conjunction with the Offer Document.

1. INTRODUCTION

On 3 May 2007, CIMB, acting on behalf of Binariang, had served the Notice on your Board informing of Binariang's intention to undertake a conditional take-over offer to acquire all the voting shares in Maxis for a cash consideration of RM15.60 for each Offer Share. The Offer Shares shall comprise the existing 2,531,696,000 Maxis Shares as at 20 April 2007 and any new Maxis Shares that may be issued by Maxis arising from the exercise of the options granted by Maxis to its employees under the Maxis ESOS before the Closing Date.

As at LPD, the issued and paid-up share capital of the Company was RM254,147,700 comprising 2,541,477,000 Shares.

Pursuant to Section 15 of the Code, your Board has appointed RHB INVESTBANK as the Independent Adviser to advise your independent Board members and you, as holders of the Offer Shares, of the reasonableness of the Offer. The SC had approved the appointment of RHB INVESTBANK to act as the Independent Adviser on 22 May 2007. The SC had, on 31 May 2007, also given its consent to the despatch of this IAC. The consent for the despatch of this IAC does not imply that the SC concurs with the views and recommendation contained in this IAC. It merely means that this IAC has complied with the disclosure requirements under the Code.

Further, your Board has also engaged JPMorgan to carry out a valuation of the Company's Shares for purposes of evaluating the Offer Price pursuant to the Offer.

2. TERMS AND CONDITIONS OF THE OFFER

(i) Consideration

According to Section 2 of the Offer Document, Binariang will pay you a **cash consideration of RM15.60 for each Offer Share** when you have accepted the Offer. Notwithstanding the provision in Section 1 of Appendix II of the Offer Document, if Maxis declares, makes or pays any dividend and/or other distributions before the Closing Date which Binariang is not entitled to retain, Binariang will reduce the Offer Price by the quantum of such net dividend and/or other distributions.

You should take note that, on 29 May 2007, shareholders of Maxis at the AGM approved the declaration of the Final Dividend. The entitlement date for the Final Dividend was on 31 May 2007 (ex-date for the Final Dividend was on 29 May 2007). If you accepted the Offer and transferred the Offer Shares to the Offeror's CDS account on or before 31 May 2007, the Offeror will pay you RM15.60 for each Offer Share. If you accept the Offer and transfer the Offer Shares to the Offeror's CDS account after 31 May 2007, the Offeror will pay you RM15.38 for each Offer Share (being the Adjusted Offer Price). The payment of the Final Dividend will be made on 20 June 2007 to depositors registered in the Record of Depositors at the close of business on 31 May 2007.

You may accept the Offer in respect of all or part of the Offer Shares. Binariang will not pay fractions of a sen. Your entitlement to the cash payment for accepting the Offer will be rounded down to the nearest whole sen.

(ii) Condition

- (a) The Offer is **conditional** upon Binariang receiving valid acceptances (on or before the Closing Date provided that they are not, where permitted, subsequently withdrawn) in respect of the Offer Shares from you, which would result in Binariang holding in aggregate, together with such Maxis Shares that are already acquired, held or entitled to be acquired or held by Binariang, if any, **more than 50%** of the voting shares in Maxis, failing which the Offer shall lapse and all acceptances shall be returned to those of you who have accepted the Offer.
- (b) The Offer is also conditional upon the SC's approval under the FIC Guidelines to be obtained within 21 days:
- (i) after the First Closing Date; or
- (ii) after the condition in 2(ii)(a) above is fulfilled,
- whichever is the later, provided that the SC's approval for the Offer under the FIC Guidelines is obtained not later than the 67th day from the Posting Date, failing which the Offer shall lapse.

As stated in Section 1.4 of the Offer Document, on 2 May 2007, Binariang had obtained irrevocable undertakings from each of the BHC Holders to accept the Offer in respect of all their respective shareholdings in Maxis. Hence, when Binariang receives valid acceptances pursuant to the Offer from the BHC Holders, the Offer shall become unconditional as to the acceptances as Binariang and the BHC Holders shall then be holding in aggregate more than 50% of the voting shares in Maxis. However the Offer will lapse if the SC's approval is not obtained by 30 July 2007.

To the best knowledge of your Board, save as disclosed above, as at 15 May 2007, Binariang has not received any irrevocable undertaking from any other Maxis shareholders to accept the Offer in respect of their shareholdings in Maxis.

To the best knowledge of your Board, as at the LPD, there has been no announcement made by CIMB and/or Binariang on the level of acceptances of the Offer Shares.

Further, the following Directors have indicated their intentions to **ACCEPT** the Offer in respect of their entire direct holdings in the Offer Shares prior to the Closing Date:

Name	Designation	No. of Maxis Shares	% of shareholdings [^]
Y.A.M. Tan Sri Dato' Seri Syed Anwar Jamalullail	Independent Non-Executive Director	9,000	*
Encik Augustus Ralph Marshall	Non-Executive Director	500,000	0.02
Y. Bhg. Dato' Jamaludin bin Ibrahim	Group Chief Executive Officer/ Executive Director	1,388,000 [#]	0.05

Notes:

[^] Computed based on the total issued and paid-up share capital of Maxis consisting of 2,541,477,000 Maxis Shares as at the LPD.

* Negligible.

- # *Subsequent to the LPD, Y. Bhg. Dato' Jamaludin bin Ibrahim has on 28 May 2007 subscribed for 868,183 Maxis Shares by way of exercise of his ESOS Options. Accordingly, his total shareholdings in Maxis is 2,256,183 Maxis Shares representing 0.09% of the issued and paid-up share capital of Maxis as at the LPD. He has indicated his intention to ACCEPT the Offer in relation to his total shareholdings of 2,256,183 Maxis Shares.*

You are advised to closely keep track of the level of acceptance in determining the status of the Offer, that is, as to whether the Offer is closed, becomes or is declared unconditional, revised or extended.

(iii) **Duration of the Offer**

Binariang intends to close the Offer on the First Closing Date. However, depending on the level of acceptances, Binariang may extend the Offer beyond the First Closing Date in accordance with the Code.

(iv) **Expected Settlement Date**

If you accept the Offer, Binariang will pay you for the Offer Shares by cheques, banker's drafts and/or cashier's orders which will be despatched by ordinary mail to you or your designated agent, as you may direct, at your own risk in the following manner:

- (i) if Binariang receives your acceptance during the period when the Offer is still conditional and such acceptance is deemed by Binariang to be complete and valid in accordance with the terms and conditions in the Offer Document, the remittance will be despatched within 21 days from the date the Offer becomes or is declared unconditional; or
- (ii) if Binariang receives your acceptance during the period when the Offer has become or is declared unconditional and such acceptance is deemed by Binariang to be complete and valid in accordance with the terms and conditions in the Offer Document, the remittance will be despatched within 21 days from the date of receipt of such acceptance.

Further information on the other terms of the Offer and the procedures for acceptance and method of settlement is set out in Appendices II and III of the Offer Document.

3. **LISTING STATUS**

As stated in Section 5 of the Offer Document, the requirements in relation to the public shareholding spread of listed companies are based on Paragraph 8.15 of Bursa Securities LR. Further, it is stated in the Offer Document that **Binariang does not intend to maintain the listing status of Maxis** in the event Maxis does not comply with the shareholding spread requirement of Bursa Securities as a result of acceptances received under the Offer. In this case, Binariang currently does not intend to take any steps in resolving any failure of Maxis to meet the shareholding spread requirement of Bursa Securities as a result of which Bursa Securities may suspend trading in Maxis Shares and thereafter de-list Maxis. The listing status of Maxis will depend on amongst others, the outcome of the level of acceptances, which is illustrated below for various scenarios:

Options available to holders of Offer Shares

If you, for whatever reasons, elect to reject the Offer, you should take note of the following available options based on the level of acceptances for the Offer. The following is only a summary. Please refer to Section 5.11, Part B of this IAC for further details.

	Possible level of acceptances for the Offer	
	Scenario I	Scenario II
Resultant shareholding of Binariang in Maxis pursuant to the Offer	75% or less of the issued and paid-up share capital of Maxis.	More than 75% but less than 90% of the issued and paid-up share capital of Maxis.
Possible action by Binariang	Binariang may continue to acquire Maxis Shares from the open market after the Offer Period.	Binariang currently does not intend to take any steps in resolving any failure of Maxis to comply with the required shareholding spread.
Options of Maxis shareholders	Dispose Maxis Shares in the open market or remain as a shareholder of Maxis.	Dispose Maxis Shares in the open market if trading in Maxis Shares is not suspended or if Maxis is not de-listed by Bursa Securities or remain as a shareholder of Maxis.
Consequence	Disposal price of the eventual sale of Maxis Shares is uncertain.	Since Binariang has made clear its intention not to take any steps in resolving any failure of Maxis to comply with the shareholding spread requirements, Bursa Securities may suspend trading in Maxis Shares and thereafter de-list Maxis.

	Possible level of acceptances for the Offer			
	Scenario III		Scenario IV	
Resultant shareholding of Binariang in Maxis pursuant to the Offer	90% or more of the issued and paid-up share capital of Maxis (<i>but acceptances of less than nine-tenths (9/10) in nominal value of the Offer Shares</i>). [^]		90% [^] or more of the issued and paid-up share capital of Maxis (<i>with acceptances of not less than nine-tenths (9/10) in nominal value of the Offer Shares</i>). [^]	
Possible action by Binariang	Binariang currently does not intend to take any steps in resolving any failure of Maxis to comply with the required shareholding spread.		Binariang has indicated its intention to invoke Section 34 of the SCA to compulsorily acquire the outstanding Offer Shares.	
Options of Maxis shareholders	Invoke Section 34A and 34B of the SCA.	Not invoke Section 34A of the SCA.	Invoke Section 34B of the SCA.	Not invoke Section 34B of the SCA.
Consequence	You may require Binariang to acquire the Offer Shares on the same terms of the Offer or such terms as may be agreed. If an application to the Court is made under Section 34B of the SCA, the terms under which Binariang will acquire the outstanding Offer Shares will be as determined by the Court.	Bursa Securities may suspend trading in Maxis Shares and thereafter de-list Maxis.	The Court may - (a) order that Binariang shall not be entitled and shall not be bound to acquire the outstanding Offer Shares; or (b) specify terms of the acquisition that are different from the terms of the Offer.	Binariang shall compulsorily acquire the outstanding Offer Shares on the same terms of the Offer.

Notes:

- ^ Pursuant to Paragraph 8.15(6) of Bursa Securities LR, all the securities of the listed issuer shall be removed from the Official List of Bursa Securities.
- # Given the level of irrevocable undertakings by the parties acting in concert of 59.42% (as at 15 May 2007), Binariang would need to hold approximately 96% of the issued and paid up share capital in order to invoke Section 34 of the SCA.

4. RECOMMENDATION

After careful assessment of the terms of the Offer as contained in the Offer Document and the evaluation as contained in this IAC, the respective parties have recommended the following:

To: Our holders of the Offer Shares

Dear Sir/Madam,

CONDITIONAL TAKE-OVER OFFER BY BINARIANG THROUGH CIMB TO ACQUIRE ALL THE VOTING SHARES IN MAXIS AT A CASH OFFER PRICE OF RM15.60 FOR EACH OFFER SHARE

1. INTRODUCTION

On 3 May 2007, CIMB, acting on behalf of Binariang, had served the Notice on your Board informing of Binariang's intention to undertake a conditional take-over offer to acquire all the voting shares in our Company for a cash consideration of RM15.60 for each Offer Share. The Offer Shares shall comprise the existing 2,531,696,000 Shares as at 20 April 2007 and any new Shares that may be issued by our Company arising from the exercise of the options granted by our Company to our employees under the Maxis ESOS before the Closing Date.

Based on Section 3.1.3 of Appendix VI of the Offer Document, the PACs with Binariang who have direct interest in our Company as at 15 May 2007 are Wilayah Resources Sdn Bhd, Tegas Puri Sdn Bhd, Besitang Barat Sdn Bhd, Besitang Selatan Sdn Bhd, Wangi Terang Sdn Bhd, Ria Utama Sdn Bhd, Tetap Emas Sdn Bhd, Maxis Holdings Sdn Bhd, Mujur Anggun Sdn Bhd, Cabaran Mujur Sdn Bhd, Anak Samudra Sdn Bhd, Dumai Maju Sdn Bhd, Nusantara Makmur Sdn Bhd, Tegas Sari Sdn Bhd and Usaha Kenanga Sdn Bhd.

A copy of the Notice was sent to you in the Notification to Shareholders dated 7 May 2007. You should by now have received a copy of the Offer Document, which sets out details of the Offer as well as the procedures for acceptance of the Offer and method of settlement of the Offer.

Pursuant to Section 15 of the Code, your Board has appointed RHB INVESTBANK as the Independent Adviser to advise your independent Board members and you, as holders of the Offer Shares, of the reasonableness of the Offer. The SC had approved the appointment of RHB INVESTBANK to act as the Independent Adviser on 22 May 2007. The SC had, on 31 May 2007, also given its consent to the despatch of this IAC. The consent for the despatch of this IAC does not imply that the SC concurs with the views and recommendation contained in this IAC. It merely means that this IAC has complied with the disclosure requirements under the Code.

Further, your Board has also engaged JPMorgan to carry out a valuation of our Company's Shares for purposes of evaluating the Offer Price pursuant to the Offer.

2. TERMS AND CONDITIONS OF THE OFFER

Binariang is extending the Offer to you to acquire all the voting shares in our Company for a cash consideration of RM15.60 for each Offer Share subject to the terms and conditions below and other terms of the Offer as set out in Appendix II of the Offer Document.

As stated in Section 2 of the Offer Document, the terms and conditions of the Offer are as follows:

(i) Consideration

Binariang will pay you a **cash consideration of RM15.60 for each Offer Share** when you have accepted the Offer. Notwithstanding the provision in Section 1 of Appendix II of the Offer Document, if our Company declares, makes or pays any dividend and/or other distributions before the Closing Date which Binariang is not entitled to retain, Binariang will reduce the Offer Price by the quantum of such net dividend and/or other distributions.

Your Board wishes to highlight that, at the AGM on 29 May 2007, you have approved the declaration of the Final Dividend. The entitlement date for the Final Dividend was on 31 May 2007 (ex-date for the Final Dividend was on 29 May 2007). If you accepted the Offer and transferred the Offer Shares to the Offeror's CDS account on or before 31 May 2007, the Offeror will pay you RM15.60 for each Offer Share. If you accept the Offer and transfer the Offer Shares to the Offeror's CDS account after 31 May 2007, the Offeror will pay you RM15.38 for each Offer Share (being the Adjusted Offer Price). The payment of the Final Dividend will be made on 20 June 2007 to depositors registered in the Record of Depositors at the close of business on 31 May 2007.

You may accept the Offer in respect of all or part of the Offer Shares. Binariang will not pay fractions of a sen. Your entitlement to the cash payment for accepting the Offer will be rounded down to the nearest whole sen.

(ii) Condition

- (a)** The Offer is **conditional** upon Binariang receiving valid acceptances (on or before the Closing Date provided that they are not, where permitted, subsequently withdrawn) in respect of the Offer Shares from you, which would result in Binariang holding in aggregate, together with such Shares that are already acquired, held or entitled to be acquired or held by Binariang, if any, **more than 50%** of the voting shares in our Company, failing which the Offer shall lapse and all acceptances shall be returned to those of you who have accepted the Offer.

(b) The Offer is also conditional upon the SC's approval under the FIC Guidelines to be obtained within 21 days:

- (i) after the First Closing Date; or
- (ii) after the condition in 2(ii)(a) above is fulfilled,

whichever is the later, provided that the SC's approval for the Offer under the FIC Guidelines is obtained not later than the 67th day from the Posting Date, failing which the Offer shall lapse.

Your Board wishes to highlight that, as stated in Section 1.4 of the Offer Document, on 2 May 2007, Binariang had obtained irrevocable undertakings from each of the BHC Holders to accept the Offer in respect of all their respective shareholdings in our Company. Hence, when Binariang receives valid acceptances pursuant to the Offer from the BHC Holders, the Offer shall become unconditional as to the acceptances as Binariang and the BHC Holders shall then be holding in aggregate more than 50% of the voting shares in our Company. However the Offer will lapse if the SC's approval is not obtained by 30 July 2007.

(iii) Duration of the Offer

Binariang intends to close the Offer on the First Closing Date. However, depending on the level of acceptances, Binariang may extend the Offer beyond the First Closing Date in accordance with the Code.

(iv) Expected settlement date

If you accept the Offer, Binariang will pay you for the Offer Shares by cheques, banker's drafts and/or cashier's orders which will be despatched by ordinary mail to you or your designated agent, as you may direct, at your own risk in the following manner:

- (i) if Binariang receives your acceptance during the period when the Offer is still conditional and such acceptance is deemed by Binariang to be complete and valid in accordance with the terms and conditions in the Offer Document, the remittance will be despatched within 21 days from the date the Offer becomes or is declared unconditional; or
- (ii) if Binariang receives your acceptance during the period when the Offer has become or is declared unconditional and such acceptance is deemed by Binariang to be complete and valid in accordance with the terms and conditions in the Offer Document, the remittance will be despatched within 21 days from the date of receipt of such acceptance.

3. DIRECTORS' COMMENTS ON THE RATIONALE FOR THE OFFER

Your Board has taken cognisance of the rationale for the Offer as disclosed in Section 3 of the Offer Document, which is as stated below:

"The Offer is in line with Binariang's intention to obtain majority control of more than 50% equity interest in Maxis with the ultimate objective of full control and privatisation of Maxis.

The BHC Holders have nurtured the growth of Maxis since its inception. Maxis is today the largest mobile telecommunications company in Malaysia. Whilst Maxis was a Malaysian telecommunication operator at its initial public offering in year 2002, it has now expanded to markets such as India and Indonesia and continues to look at expanding its business overseas.

Binariang believes that Maxis has the potential to accelerate its growth. However, this will significantly change its financial and risk profile as:

- (i) Maxis may face uncertainties surrounding investment and regulatory environments in new markets;*
- (ii) substantial capital expenditure which requires reinvestment of earnings and may strain the cashflow position and dividend payment capability of Maxis; and*
- (iii) the increase in gearing to finance the capital expenditure and investments in new markets may result in higher borrowing costs and in turn translate into short to medium term earnings volatility.*

Binariang believes that at this stage of Maxis' development, private ownership will accord greater flexibility:

- (i) to realise its vision for Maxis to be a leading telecommunications company; and*
- (ii) enable Maxis to adopt a capital structure which will be consistent with the change in its funding and risk profile.*

The Offer gives you the opportunity to dispose of your Maxis Shares for cash at RM15.60 for each Offer Share. The Offer Price represents the highest price of Maxis Shares since its listing on the Main Board of Bursa Securities in year 2002."

Your Board believes that our Company has good prospects with our mature and cash generative market leading business in Malaysia, our fast growing business in the very large Indian market and our early stage operation in the potentially exciting Indonesian market. We have recently taken steps to restructure our investment by increasing our effective interests in the Indonesian subsidiary to 95% and are optimistic about bringing in a new investor in the near future.

However, your Board recognises that the existing new ventures, which are significantly capital intensive, are changing the risk profile of our Group and may tend to make the future earnings more volatile. Any additional new ventures would further impact these possible developments.

[The rest of this page is intentionally left blank]

As disclosed in Section 7 of the Offer Document, Binariang's future plans for our Group are summarised below:

- “(i) *Binariang intends to continue with the existing businesses of the Maxis Group. Having regard to Maxis' previous announcements, Binariang also intends to seek partners to develop the Maxis Group businesses as appropriate. In addition, Binariang intends to accelerate and increase Maxis' capital expenditure in the growth markets. As a result of this, Binariang may implement necessary changes to the corporate structure of the Maxis Group to streamline the businesses of the Maxis Group to expedite and facilitate the foregoing. However, Binariang has no intention to liquidate Maxis;*
- (ii) *Binariang intends to review the operations of the Maxis Group from time to time to facilitate optimal utilisation of resources and this may include disposal or redeployment of assets and organisational changes in order to facilitate and achieve optimisation of all resources within the Maxis Group;*
- (iii) *Binariang does not intend to retrench any of the employees of the Maxis Group as a direct consequence of the Offer. Nevertheless, there will be continuous constructive measures to improve the efficiency of operations and optimise staff productivity of the Maxis Group. Any such changes, however, will only be implemented after a full and detailed review of Maxis Group's operational and staffing requirements, and in accordance with applicable legislation; and*

Your Board notes that the future plans as set out above by Binariang are broadly consistent with the rationale given for the Offer.

- (iv) *if delisting of Maxis is imminent under the circumstances as set out in Sections 5 and 6 of the Offer Document, it is the intention of Binariang to then request Maxis to invoke Clause 10 of the bye-laws of the Maxis ESOS with respect to the outstanding options over Maxis Shares which have not vested during the Offer Period, to substitute all such outstanding options with a cash amount ("Equivalent Cash Consideration") that will vest in accordance with the applicable vesting schedule for such outstanding options and subject to the same terms and conditions as in the bye-laws of the Maxis ESOS with respect to options. The Equivalent Cash Consideration will be the difference between the Offer Price (as adjusted under the terms of the Offer) and the exercise price applicable to such outstanding options multiplied by the number of the outstanding options."*

The ESOS was established to attract, retain and motivate employees by permitting them to share in our Company's growth. In the event the Company's Shares are de-listed from Bursa Securities, our Company would need to consider the implication of this event on the ESOS, and address the situation accordingly. At this juncture, your Board takes note of the Offeror's intention (in the event the delisting of our Company is imminent) to request Maxis to substitute all outstanding Options, which have not vested during the Offer Period, with a cash amount subject to the terms and conditions of the ESOS bye-laws.

[The rest of this page is intentionally left blank]

Under Paragraph 8.15 of Bursa Securities LR, our Company must satisfy the shareholding spread requirement that at least 25% of the Maxis Shares in issue are in the hands of a minimum of 1,000 public shareholders holding not less than 100 Maxis Shares each. As at 30 April 2007, our Company has a total of 40.24% public shareholding spread held by 10,222 public shareholders. Although the above spread meets Bursa Securities LR on public shareholders' spread, in the course of the Offer, the amount may fall short of the requirement of 25% public shareholding spread.

A listed company that fails to maintain the required shareholding spread may request for an extension of time to rectify the situation. Where no extension of time is granted by Bursa Securities, Bursa Securities may suspend trading in the shares of that company and/or de-list that company.

It is the intention of Binariang not to comply with the required shareholding spread for our Company and Binariang currently does not intend to take any steps in resolving any failure of our Company to comply with the required shareholding spread as a result of which Bursa Securities may suspend trading in Maxis Shares and thereafter de-list Maxis.

Should Binariang receives, within 4 months after making the Offer, acceptances by holders of the Offer Shares comprising not less than nine-tenth (9/10) in the nominal value of the Offer Shares (other than Shares already held at the date of the Offer by Binariang or by a nominee or a related corporation of Binariang), Binariang intends to invoke Section 34 of the SCA to compulsorily acquire any outstanding Offer Shares subject to Binariang complying with the provisions of Section 34 of the SCA, and necessary steps will be taken to de-list our Company immediately from the Main Board of Bursa Securities.

Under Section 34B of the SCA, any dissenting holder of the Shares may apply to the Court, within 1 month from the date on which the notice was given by Binariang under Section 34 of the SCA, and the Court may order that Binariang shall not be entitled and shall not be bound to acquire the Shares of that dissenting holder of the Shares or specify terms of acquisition that are different from the terms of the Offer.

Should Binariang receives acceptances, at any time before the end of the Closing Date, which result in Binariang holding 90% or more of the issued and paid-up share capital of our Company but less than nine-tenth (9/10) in nominal value of the Offer Shares (other than Shares already held at the date of the Offer by Binariang or by a nominee or a related corporation of Binariang), the dissenting holder of the Shares may by notice invoke Section 34A of the SCA to require Binariang to acquire those Shares on the same terms of the Offer or such other terms as may be agreed.

Where a dissenting holder of the Shares exercises his rights under Section 34A of the SCA, the Court may, on an application made by such holder of Shares under Section 34B of the SCA, order that the terms on which Binariang shall acquire those Shares shall be as the Court thinks fit.

You are advised to consult your legal adviser should you decide to pursue any of the courses of actions described above.

Based on the scenarios above, since Binariang has indicated its intention not to maintain the listing status of our Company and should you decide to reject the Offer, you may end up as a shareholder of unlisted Maxis Shares. **We wish to highlight that the Adjusted Offer Price of RM15.38 is not your only available option.** The Shares may be compulsorily acquired as discussed above. Take note however, there is no assurance that Binariang will invoke Section 34 of the SCA to compulsorily acquire the outstanding Offer Shares although Binariang has indicated that it intends to do so. In the event Binariang does not compulsorily acquire the Shares, you may have the option to own unlisted Maxis Shares.

CIMB has disclosed in Section 1.4 of the Offer Document that, as at 2 May 2007, Binariang had obtained irrevocable undertakings from each of the following BHC Holders to accept the Offer in respect of all their respective shareholdings in our Company, as follows:

Name	No. of Maxis Shares held	Percentage of issued and paid-up share capital of our Company*
Wilayah Resources Sdn Bhd	133,901,584	5.28
Tegas Puri Sdn Bhd	167,378,718	6.60

Usaha Kenanga Sdn Bhd	20,853,534	0.82
	1,507,081,639	59.42

Note:

* Based on issued and paid-up share capital of our Company as at 15 May 2007 of 2,536,444,000 Shares.

To the best knowledge of your Board, save as disclosed above, as at 15 May 2007, Binariang has not received any irrevocable undertaking from any other shareholders of our Company to accept the Offer in respect of their shareholdings in our Company.

To the best knowledge of your Board, as at the LPD, there has been no announcement made by CIMB and/or Binariang on the level of acceptances of the Offer Shares.

Further, the following Directors have indicated their intentions to **ACCEPT** the Offer in respect of their entire direct holdings in the Offer Shares prior to the Closing Date:

Name	Designation	No. of Maxis Shares	% of shareholdings [^]
Y.A.M. Tan Sri Dato' Seri Syed Anwar Jamalullail	Independent Non-Executive Director	9,000	*
Encik Augustus Ralph Marshall	Non-Executive Director	500,000	0.02

Notes:

[^] Computed based on the total issued and paid-up share capital of our Company consisting of 2,541,477,000 Maxis Shares as at the LPD.

* Negligible.

[#] Subsequent to the LPD, Y. Bhg. Dato' Jamaludin bin Ibrahim has on 28 May 2007 subscribed for 868,183 Maxis Shares by way of exercise of his ESOS Options. Accordingly, his total shareholdings in our Company is 2,256,183 Maxis Shares representing 0.09% of the issued and paid-up share capital of Maxis as at the LPD. He has indicated his intention to **ACCEPT** the Offer in relation to his total shareholdings of 2,256,183 Maxis Shares.

7. DISCLOSURE OF INTERESTS

The relevant disclosure by your Board as required under the Code is set out in Section 3 of Appendix IV of this IAC.

8. INDEPENDENT ADVISER'S LETTER

You are advised to read and consider the views and recommendation of RHB INVESTBANK, who has been appointed as the Independent Adviser by your Board to advise you and your independent Board members. The letter from RHB INVESTBANK is included in Part B of this IAC.

9. JPMORGAN VALUATION LETTER

You are advised to read and consider the valuation letter prepared by JPMorgan, who has been engaged by your Board to carry out a valuation of our Company's Shares for purposes of evaluating the Offer Price pursuant to the Offer. JPMorgan Valuation Letter is included in Appendix III of this IAC.

10. DIRECTORS' RECOMMENDATION

Your Board notes that the Adjusted Offer Price is above the highest traded price achieved since the listing of our Shares on the Main Board of Bursa Securities in 2002 and prior to the receipt of the Notice, and is at about 20% premium over the last traded pre Offer Price. Your Board also notes that Binariang does not intend to maintain the listing status of our Company in the event that our Company does not comply with the shareholding spread requirement of Bursa Securities as a result of acceptances received under the Offer.

Your Board (save for Encik Augustus Ralph Marshall and Encik Chan Chee Beng, who are deemed interested in the Offer and have abstained from making any recommendation, and Y. Bhg. Dato' Jamaludin bin Ibrahim and Mr Sandip Das, who have voluntarily abstained from making any recommendation) after careful examination of the details of the Offer as contained in the Offer Document and taking into consideration the evaluation and recommendation by RHB INVESTBANK as contained in Part B of this IAC and the valuation of our Company's Shares conducted by JPMorgan as included in Appendix III of this IAC, as well as the above factors, concurs with the recommendation of RHB INVESTBANK and recommends you to **accept** the Offer.

You should rely on your own examination of the details of the Offer as set out in the Offer Document and your own investment objectives before making a decision on the course of action to be taken in relation to the Offer. You should also monitor the prevailing market price of the Shares traded on Bursa Securities during the Offer Period and the relevant transaction costs involved prior to making your decision whether to accept or reject the Offer.

You are reminded that you are allowed to accept the Offer in respect of ALL or PART of the Shares.

Yours faithfully
For and on behalf of the Board of Directors of

To: The holders of the Offer Shares

Dear Sir/Madam,

CONDITIONAL TAKE-OVER OFFER BY BINARIANG THROUGH CIMB TO ACQUIRE ALL THE VOTING SHARES IN MAXIS AT A CASH OFFER PRICE OF RM15.60 FOR EACH OFFER SHARE

1. INTRODUCTION

On 3 May 2007, CIMB, acting on behalf of Binariang, had served the Notice on your Board informing of Binariang's intention to undertake a conditional take-over offer to acquire all the voting shares in Maxis for a cash consideration of RM15.60 for each Offer Share. The Offer Shares shall comprise the existing 2,531,696,000 Maxis Shares as at 20 April 2007 and any new Maxis Shares that may be issued by Maxis arising from the exercise of the options granted by Maxis to its employees under the Maxis ESOS before the Closing Date.

Based on Section 3.1.3 of Appendix VI of the Offer Document, the PACs with Binariang who have direct interest in Maxis as at 15 May 2007 are Wilayah Resources Sdn Bhd, Tegas Puri Sdn Bhd, Besitang Barat Sdn Bhd, Besitang Selatan Sdn Bhd, Wangi Terang Sdn Bhd, Ria Utama Sdn Bhd, Tetap Emas Sdn Bhd, Maxis Holdings Sdn Bhd, Mujur Anggun Sdn Bhd, Cabaran Mujur Sdn Bhd, Anak Samudra Sdn Bhd, Dumai Maju Sdn Bhd, Nusantara Makmur Sdn Bhd, Tegas Sari Sdn Bhd and Usaha Kenanga Sdn Bhd.

Pursuant to Section 15 of the Code, your Board has appointed RHB INVESTBANK as the Independent Adviser to advise your independent Board members and you, as holders of the Offer Shares, of the reasonableness of the Offer. The SC had approved the appointment of RHB INVESTBANK to act as the Independent Adviser on 22 May 2007. The SC had, on 31 May 2007, also given its consent to the despatch of this IAC. However, the consent of the SC for the despatch of this IAC does not imply that the SC concurs with the views and recommendation of RHB INVESTBANK, but only means that this IAC has been prepared in compliance with the provisions of the Code.

Further, your Board has also engaged JPMorgan to carry out a valuation of the Company's Shares for purposes of evaluating the Offer Price pursuant to the Offer.

A copy of the Notice was sent to you in the Notification to Shareholders dated 7 May 2007. You should have by now received a copy of the Offer Document, which sets out details of the Offer as well as the procedures for acceptance of the Offer and method of settlement of the Offer.

The purpose of this IAC is to provide you with the relevant information on the Offer, our independent evaluation of the terms and conditions of the Offer and our views and recommendation subject to the scope of our role and evaluation specified herein.

2. TERMS AND CONDITIONS OF THE OFFER

(i) Consideration

According to Section 2 of the Offer Document, Binariang will pay you a **cash consideration of RM15.60 for each Offer Share** when you have accepted the Offer. Notwithstanding the provision in Section 1 of Appendix II of the Offer Document, if Maxis declares, makes or pays any dividend and/or other distributions before the Closing Date which Binariang is not entitled to retain, Binariang will reduce the Offer Price by the quantum of such net dividend and/or other distributions.

You should take note that, on 29 May 2007, the shareholders of Maxis at the AGM had approved the declaration of the Final Dividend. The entitlement date for the Final Dividend was on 31 May 2007 (ex-date for the Final Dividend was on 29 May 2007). If you accepted the Offer and transferred the Offer Shares to the Offeror's CDS account on or before 31 May 2007, the Offeror will pay you RM15.60 for each Offer Share. If you accept the Offer and transfer the Offer Shares to the Offeror's CDS account after 31 May 2007, the Offeror will pay you RM15.38 for each Offer Share (being the Adjusted Offer Price). The payment of the Final Dividend will be made on 20 June 2007 to depositors registered in the Record of Depositors at the close of business on 31 May 2007.

You may accept the Offer in respect of all or part of the Offer Shares. Binariang will not pay fractions of a sen. Your entitlement to the cash payment for accepting the Offer will be rounded down to the nearest whole sen.

(ii) Condition

(a) The Offer is **conditional** upon Binariang receiving valid acceptances (on or before the Closing Date provided that they are not, where permitted, subsequently withdrawn) in respect of the Offer Shares from you which would result in Binariang holding in aggregate, together with such Maxis Shares that are already acquired, held or entitled to be acquired or held by Binariang, if any, **more than 50%** of the voting shares in Maxis, failing which the Offer shall lapse and all acceptances shall be returned to those of you who have accepted the Offer.

(b) The Offer is also conditional upon the SC's approval under the FIC Guidelines to be obtained within 21 days:

- (i) after the First Closing Date; or
- (ii) after the condition in 2(ii)(a) above is fulfilled,

whichever is the later, provided that the SC's approval for the Offer under the FIC Guidelines is obtained not later than the 67th day from the Posting Date, failing which the Offer shall lapse.

As stated in Section 1.4 of the Offer Document, on 2 May 2007, Binariang has obtained irrevocable undertakings from each of the BHC Holders to accept the Offer in respect of all their respective shareholdings in Maxis. Hence, when Binariang received valid acceptances pursuant to the Offer from the BHC Holders, the Offer shall become unconditional as to the acceptances as Binariang and the BHC Holders shall then be holding in aggregate more than 50% of the voting shares in Maxis. However the Offer will lapse if the SC's approval is not obtained by 30 July 2007.

(iii) Duration of the Offer

Binariang intends to close the Offer on the First Closing Date. However, depending on the level of acceptances, Binariang may extend the Offer beyond the First Closing Date in accordance with the Code.

(iv) Expected settlement date

If you accept the Offer, Binariang will pay you for the Offer Shares by cheques, banker's drafts and/or cashier's orders which will be despatched by ordinary mail to you or your designated agent, as you may direct, at your own risk in the following manner:

- (i) if Binariang receives your acceptance during the period when the Offer is still conditional and such acceptance is deemed by Binariang to be complete and valid in accordance with the terms and conditions in the Offer Document, the remittance will be despatched within 21 days from the date the Offer becomes or is declared unconditional; or
- (ii) if Binariang receives your acceptance during the period when the Offer has become or is declared unconditional and such acceptance is deemed by Binariang to be complete and valid in accordance with the terms and conditions in the Offer Document, the remittance will be despatched within 21 days from the date of receipt of such acceptance.

5. OUR EVALUATION OF THE OFFER

In our evaluation of the Offer, we have taken into consideration, amongst others, the following factors:

- 5.1 Rationale for the Offer
- 5.2 Adjusted Offer Price compared to historical trading price of Maxis Shares
- 5.3 Precedent privatisation premium
- 5.4 Earning multiples of the Maxis Group
- 5.5 Valuation of the Company's Shares by JPMorgan
- 5.6 Dividend income
- 5.7 Intentions of the Offeror regarding the Maxis Group
- 5.8 Industry overview and future prospects of the Maxis Group
- 5.9 Financial performance of the Maxis Group
- 5.10 Risk factors
- 5.11 Listing status of Maxis and compulsory acquisition.

5.1 Rationale for the Offer

The rationale for the Offer is set out in Section 3 of the Offer Document. We note that with the completion of Maxis' acquisition of Aircel in March 2006, Maxis has established its presence in India. As of end 2006, India's total mobile subscriber base stood at 142 million subscribers with a penetration rate of 12.7%. This is expected to grow to approximately 340 million by 2010. Further, Aircel ended 2006 with operations in 9 circles comprising 7 existing circles of Chennai, Tamil Nadu, North & East Assam, North East, Orissa, Kolkata, Jammu & Kashmir and 2 new circles of Bihar and Himachal Pradesh. The launch of operations in the 2 new circles of Bihar and Himachal Pradesh towards the end of 2006 takes population covered by Maxis' network to over 350 million. Aircel also secured licences to start operations in the remaining 14 circles of India paving the way for it to become a pan-Indian operator covering the entire nation's population of 1.1 billion.

(Source: Maxis' annual report 2006)

We also note that Aircel requires USD3 billion in the next 5 years to spread its reach into 23 circles beginning this year, and part of the funding is expected to come from Maxis' Malaysian operations. Further, over the next 5 years, Maxis is expected to add 20,000 to 25,000 telecommunication towers in India.

(Source: The Star, 16 April 2007)

To date, Maxis have acquired almost 1,000 tower construction sites in Indonesia ready for installation. Changes in the Indonesian regulatory and competitive landscape necessitate the re-evaluation of Maxis business model, marketing and rollout strategies as well as funding plan. With the revised business plan, the management of Maxis is evaluating various strategic options to ensure optimal returns and mitigate risks given the new industry landscape.

(Source: Maxis' annual report 2006)

Given the above, the Group is expected to grow and would require significant amount of capital expenditure to realize the growth. In addition, Maxis Group's expansion in overseas markets, namely in India and Indonesia, will be subject to changes in the regulatory guidelines and economic conditions in those countries.

As at 31 March 2007, the Group's capital commitment stood at approximately RM2.5 billion.

Further, we note from Section 3 of the Offer Document that the Offer provides an opportunity to you to realise your investments in Maxis at the Offer Price or Adjusted Offer Price, which are above the highest traded price of Maxis Shares since its listing on the Main Board of Bursa Securities in year 2002 prior to the receipt of the Notice.

Further details on the Adjusted Offer Price compared to the historical trading price of Maxis Shares are set out in Section 5.2 below.

Note:

* After adjusting for the Final Dividend.

The following chart sets out historical daily closing prices of Maxis Shares traded on Bursa Securities for 1 year preceding the LPD:

(Source: Bloomberg)

We note that the Adjusted Offer Price represents a premium of:

- approximately 20.3% over the adjusted closing price of Maxis Shares of RM12.78 as quoted on Bursa Securities on the pre-suspension date, 27 April 2007;
- approximately 18.4% over the adjusted highest daily closing price of Maxis Shares of RM12.98 from date of listing of Maxis on the Main Board of Bursa Securities to the pre-suspension date, 27 April 2007;
- approximately 20.0% to 52.4% over the adjusted VWAP range of RM10.09 to RM12.82 per Share for the 5-day, 1-month, 3-month and 12-month periods up to the pre-suspension date, 27 April 2007; and
- approximately 2.0% over the adjusted closing price of Maxis Shares of RM15.08 as at LPD.

Further, as shown in the table above, the Adjusted Offer Price of RM15.38 is above the highest traded price of Maxis Shares from date of listing of Maxis on the Main Board of Bursa Securities until date of the Notice. Following the date of the Notice, the price of Maxis Shares has increased significantly, and as at the LPD, the closing price of Maxis Shares was RM15.30.

You should note that there is no assurance that the trading price of Maxis Shares will remain at current levels if the Offer is not successful. You should also note that the past trading performance of Maxis Shares should not in any way be relied upon as an indication of its future trading performance. If the Offer is not successful, the trading prices of Maxis Shares may revert to their historical trading range before the date of the Notice, which may be below the Adjusted Offer Price.

As such, the Offer provides an opportunity for you to exit and monetise your investments in Maxis Shares at the Adjusted Offer Price, which is higher than the historical market price of the Shares since its listing on the Main Board of Bursa Securities in year 2002 and prior to the receipt of the Notice.

However, if during the course of the Offer Period, the market price of Maxis Shares traded on Bursa Securities rises above the Adjusted Offer Price, it may be more beneficial for you to sell the Shares in the market than to accept the Offer if it is your intention to accept the Offer.

You are advised to closely monitor the price movements of Maxis Shares in the market before deciding to accept or reject the Offer.

We wish to highlight that the prospective PER and EV/EBITDA multiples for the Maxis Group and the comparable companies are based on analysts' consensus estimates, which are subject to uncertainties and contingencies.

The prospective PER for the Maxis Group based on the Adjusted Offer Price for the FYE2007 and FYE2008 of 19.0 times and 17.9 times respectively are higher than the median prospective PER of the comparable companies for the FYE2007 and FYE2008 of 16.3 and 14.7 times respectively.

Further, the prospective EV/EBITDA multiple for the Maxis Group based on the Adjusted Offer Price for the FYE2007 and FYE2008 of 10.5 times and 10.0 times respectively are higher than the median prospective EV/EBITDA multiples for the comparable companies for the FYE2007 and FYE2008 of 7.7 and 7.3 times respectively.

5.5 Valuation of the Company's Shares by JPMorgan

Your Board has engaged JPMorgan to carry out a valuation of the Company's Shares for purposes of evaluating the Offer Price pursuant to the Offer. Based on JPMorgan Valuation Letter, subject to the assumptions stated therein, JPMorgan had valued Maxis Shares at between RM14.3 and RM16.5 per Maxis Share, including the Final Dividend, and between RM14.1 and RM16.3 per Maxis Share, excluding the Final Dividend.

The valuation was carried out based on a number of valuation methodologies, including, without limitation, trading comparables analysis, discounted cash flow analysis, leveraged returns analysis and such other analysis as deemed appropriate by JPMorgan. The valuation of the Company's Shares using the discounted cash flow method was as at 31 March 2007. In particular, you should note that the valuation is subject to, amongst others, reliability of management's cash flow projections, reasonableness of the discount rate applied, economic, market and other conditions, and other assumptions used by JPMorgan, as further set out in the JPMorgan Valuation Letter, enclosed in Appendix III of this IAC. Further, JPMorgan did not factor in any views as to the price that could be received in any alternative transaction or in a change of control transaction with a third party.

We note that the Adjusted Offer Price is above the top-end of the valuation range obtained from the trading comparable analysis and is within the valuation ranges obtained from both the discounted cash flow analysis and the leveraged return analysis. The details set out above should be read in conjunction with the JPMorgan Valuation Letter, enclosed in Appendix III of this IAC.

5.6 Dividend income

The Offer has also been evaluated from a dividend income perspective as set out below.

The historical profit track record of the Maxis Group and the dividend payments to the shareholders of Maxis Shares for the past 5 FYEs 31 December 2006 are as below:

FYE	Audited consolidated PAT and after minority interest (RM '000)	Gross dividend per Share (RM)
31 December 2002	949.7	0.19
31 December 2003	1,841.4	0.24
31 December 2004	1,597.5	0.46
31 December 2005	1,648.5	0.58
31 December 2006	2,103.9	0.72
Average annual gross dividend per Share*		0.44

Note:

* Based on the average gross dividend per Share over the last 5 years.

Based on the table above, Maxis' average annual gross dividend per Share is approximately RM0.44 per Share. For illustrative purposes, we have considered the average annual gross dividend per Share (calculated over the past 5 years dividend income) and the highest dividend declared since the listing of Maxis as the dividend income for the next 12 months for the dividend income analysis.

The following possible scenarios on your financial position of holding 1,000 Shares for a period of 1 year should you choose to accept or reject the Offer is set out as below:

		Scenario I Dividend of RM0.44 per Share RM	Gross annual income Scenario II Dividend of RM0.72 per Share RM
Acceptance of the Offer and placement of the gross proceeds of RM15,380 into fixed deposit to earn interest income at 3.70% per annum *	(A)	569.1	569.1
Rejection of the Offer and retention of Shares, earning an estimated gross dividend income for the next 12 months	(B)	440.0	720.0
Difference (A less B)		129.1	(150.9)

Note:

* Based on the 12 months fixed deposit rate as quoted by Malayan Banking Berhad (www.maybank2u.com.my) with effect from 10 May 2007.

Scenario 1 – assuming Maxis declares and pay the average annual gross dividend of RM0.44 per Share

Based on the analysis above, those of you who hold 1,000 Shares will be in a better financial position if you accept the Offer and place the proceeds from the Offer into fixed deposit that will yield a higher gross annual interest income of RM569.1 as compared to gross dividend income of RM440.0.

Scenario 2 – assuming Maxis declares and maintains the dividend quantum of RM0.72 per Share (being the highest dividend quantum declared since its listing in 2002)

Based on the analysis above, those of you who hold 1,000 Shares will be in a better financial position if you reject the Offer and retain the Shares to earn future dividends that will yield a higher gross annual income of RM720.0 as compared to accepting the Offer and receiving an interest income of RM569.1 annually.

Nevertheless, you should take note that Binariang has mentioned in Section 3 of the Offer Document the dividend payment capability of Maxis will be strained due to substantial capital expenditure and that gearing will be increased to finance the capital expenditure and investments in new markets that would result in higher borrowing costs and in turn translate into short to medium term earnings volatility. Further, based on the latest announced quarterly results for the first quarter ended 31 March 2007 as announced by Maxis, Aircel is expected to expand its network at a brisk pace and improve its brand visibility. Heavy infrastructure investment will require increased borrowing and as a consequence, operating results will reflect higher interest and depreciation charges, and start-up losses.

Hence, the above could potentially impact the dividend paying capability of the Maxis Group in the future. You should note that there is no certainty or assurance that Maxis will maintain its current dividend rate or dividend policy in the future. The future dividend payments by Maxis may be more or may be less than that declared and paid for the FYE 31 December 2006.

It should be noted that in the event you accept the Offer, the actual investment income, which may be earned from the proceeds received from accepting the Offer, will vary depending on various factors such as the manner in which you reinvest the proceeds, taxation implications, transaction costs and other investment opportunities. Hence, you should carefully consider your investment objectives before making any decision on the Offer.

5.7 Intentions of the Offeror regarding the Maxis Group

As disclosed in Section 7 of the Offer Document, Binariang's future plans for the Maxis Group are summarised below:

- “(i) Binariang intends to continue with the existing businesses of the Maxis Group. Having regard to Maxis' previous announcements, Binariang also intends to seek partners to develop the Maxis Group businesses as appropriate. In addition, Binariang intends to accelerate and increase Maxis' capital expenditure in the growth markets. As a result of this, Binariang may implement necessary changes to the corporate structure of the Maxis Group to streamline the businesses of the Maxis Group to expedite and facilitate the foregoing. However, Binariang has no intention to liquidate Maxis;*
- (ii) Binariang intends to review the operations of the Maxis Group from time to time to facilitate optimal utilisation of resources and this may include disposal or redeployment of assets and organisational changes in order to facilitate and achieve optimisation of all resources within the Maxis Group;*
- (iii) Binariang does not intend to retrench any of the employees of the Maxis Group as a direct consequence of the Offer. Nevertheless, there will be continuous constructive measures to improve the efficiency of operations and optimise staff productivity of the Maxis Group. Any such changes, however, will only be implemented after a full and detailed review of Maxis Group's operational and staffing requirements, and in accordance with applicable legislation; and*

Based on the above, we are of the view that with Binariang's rationale for the Offer, it would be reasonable and in the interests of Binariang for the Maxis Group to expand its business operations to enhance its shareholders' value. Barring unforeseen circumstances, the future growth and prospects of the Maxis Group appear favourable in the long term with the encouraging outlook for the telecommunication industry.

- (iv) *if delisting of Maxis is imminent under the circumstances as set out in Sections 5 and 6 of the Offer Document, it is the intention of Binariang to then request Maxis to invoke Clause 10 of the bye-laws of the Maxis ESOS with respect to the outstanding options over Maxis Shares which have not vested during the Offer Period, to substitute all such outstanding options with a cash amount ("Equivalent Cash Consideration") that will vest in accordance with the applicable vesting schedule for such outstanding options and subject to the same terms and conditions as in the bye-laws of the Maxis ESOS with respect to options. The Equivalent Cash Consideration will be the difference between the Offer Price (as adjusted under the terms of the Offer) and the exercise price applicable to such outstanding options multiplied by the number of the outstanding options."*

As the telecommunications industry become increasingly competitive and liberalized both in Malaysia and elsewhere, Maxis' future growth will depend to a large extent on its ability to retain qualified and experienced personnel. Hence, Binariang's intention to request the Company to substitute the unvested Options by way of an Equivalent Cash Consideration could serve as a tool to retain and motivate the Company's employees.

If you choose to reject the Offer and continue to be a shareholder of Maxis, you should take note of the risk factors (which are not exhaustive) set out in Section 5.10 of this letter.

5.8 Industry overview and future prospects of the Maxis Group

The Maxis Group operates in Malaysia, India and Indonesia. Therefore, we set out below an overview of the performance and economic outlook of the Malaysian, Indian and Indonesian economy together with an overview and outlook of the telecommunication industry in those countries.

5.8.1 Economy overview and prospects

The Malaysian Economy

The Malaysian economy is expected to strengthen in 2007, despite a more challenging external environment. This optimism is underpinned by continued expansion of private sector activities, complemented by Government's pragmatic policies and strategies to diversify and promote the new sources of growth. Overall, real Gross Domestic Products ("GDP") growth is envisaged to expand at 6% in 2007 (2006: 5.8%), consistent with the growth targets outlined in the Ninth Malaysian Plan. Growth will continue to be broad-based with positive contribution from all sectors of the economy.

(Source: Economic Report 2006/2007)

The Malaysian economy is projected to grow at an average rate of 6% p.a. with price stability. This growth will be supported by domestic demand with strong private investment and consumption. Per capita gross national product in terms of purchasing power parity is expected to increase to USD13,878 in 2010.

The services sector is expected to sustain its growth momentum at an average rate of 6.5% p.a. during the Ninth Malaysia Plan period. The growth will be derived from the finance, insurance, real estate and business services as well as the wholesale and retail trade, hotels and restaurant subsectors.

Private consumption is targeted to grow at an average rate of 6.9% p.a., higher than the growth achieved during the Eighth Malaysia Plan period. The expansion is due to the increase in disposal income and the continued improvement in consumer confidence underpinned by sustained employment growth and favourable commodity prices. In line with this projection, per capita private consumption is expected to increase at an average rate of 7.8% p.a. from RM8,071 in 2005 to RM11,753 in 2010. The share of private consumption to GDP is expected to increase to 52.1% in 2010.

(Source: Ninth Malaysia Plan)

The Indian Economy

In India, growth remains rapid, with strong momentum in the manufacturing and services sectors, and projections have been revised up for both 2006 and 2007. Exports have continued to grow robustly, but the current account has moved into deficit as strong domestic demand and high oil prices resulted in a surge in imports. Inflationary pressures have picked up, prompting the Reserve Bank of India to tighten monetary policy. Nevertheless, with monetary conditions still accommodative and credit expanding strongly, further interest rate increases will likely be needed. After three years of fiscal consolidation, the general government deficit remained broadly unchanged in FY2005/06. The draft budget for FY2006/07 aims to resume fiscal consolidation on the back of modest base broadening (primarily of the services tax) and the tight control of current expenditures, and it is important that this objective is achieved. The full pass-through of higher international energy prices into domestic prices (with adequate compensation mechanisms for the poor) is needed to curb the rising quasi-fiscal costs of petroleum subsidies and encourage improvements in energy efficiency. As the government recognizes, the reform agenda also needs to be accelerated in other areas, including infrastructure development, the power sector, and the liberalization of labor laws, while the decision to draw up a roadmap for moving to full capital account convertibility is welcome.

(Source: International Monetary Fund's World Economic Outlook - Spillovers and Cycles in the Global Economy, April 2007)

Rising interest rates in FY2007 will have subtle and wide-ranging consequences, mediated, most importantly, through property development. As liquidity becomes scarce, banks are beginning to reexamine lending practices, which will lead to scaled-back lending for construction and housing loans to allow them to deal with the emerging maturity mismatch. Construction has already decelerated significantly in FY2006. Consumer credit should also come under pressure as banks reallocate loanable funds.

This loss of construction momentum is likely to persist through early FY2007, with knock-on effects for other components of demand. Spending on consumer durables, which has benefited from the construction and sale of new homes, will continue to slow in FY2007. Interest rate rises will also induce consumers to delay consumption, further reducing consumer durables demand. Manufacturing investment will be slightly restrained as falling demand for durables and new homes eases pressure to add industrial capacity. Rising costs of borrowing will also have a direct effect on manufacturing investment, despite good corporate earnings in the current year.

These restraints on demand growth from home buyers, manufacturing investors, and consumers will be accompanied by fiscal discipline, so domestic demand growth will be limited overall. Modest rupee appreciation will contain export growth. However, import growth will remain moderate as well, due to easing demand growth.

These forces are expected to moderate growth rates, bringing aggregate growth down to 8.0% in FY2007, closer to potential. The correction will not be sharp, in large measure because several drivers will continue to hold sway: industrial capacity remains tight, militating for high investment; key consumption goods markets are expanding, independent of new homes sales—including the sale of consumer durables for homes already built or construction under way; and demand for exports remains healthy, though with some deceleration. Thus despite a firm monetary position, momentum should ensure a soft landing.

With aggregate demand back in control, interest rates are likely to stabilize and turn down slightly by FY2008. Growth that year should return to around 8.3%, as interim relief offered by the Federal Pay Commission is expected to buoy consumer spending, and as spending strengthens in the new interest rate environment.

The Indonesian Economy

The Government is at the midpoint of its elected term, and the opportunity to implement reforms that could accelerate economic growth may be fairly brief because electioneering and positioning for 2009 parliamentary and presidential elections will probably start from about mid-2008. The following forecasts assume the administration will push harder in the next year or so to implement the policy measures already in place. They also assume that the Government will improve the legal and regulatory environment, and that regional governments will do a better job in spending transfers from Jakarta.

On this basis, economic expansion is projected to accelerate to 6.0% this year and 6.3% the next, rates of growth not seen since the mid-1990s. A gradual decline in interest rates will likely feed a recovery in bank lending to fuel growth in consumption and investment. The latter should also benefit from the recent strong export performance, as well as an anticipated pickup of manufacturing. A long list of planned infrastructure projects involving public-private partnerships was prepared by the Government in early 2005, but only a handful have been started.

The focus now is on a shorter list of projects; some power, transport, and water supply projects are expected to get under way in 2007 or 2008. Gross fixed investment is forecast to climb to 25–27% of GDP over the forecast period. Spurred by investment growing at above 9% and consumption at 4.5%, GDP growth will likely be ratcheted up in 2008 by election-related spending.

(Source: Asian Development Outlook 2007, Asian Development Bank)

Headline CPI inflation has risen over the past year in most countries, largely due to higher energy prices, although core inflation has also picked up sharply in Indonesia, the Philippines, and to a lesser extent in Thailand. Asset prices have continued to rise strongly, with equity markets posting record highs and property prices continuing to surge. Against this background, many central banks have moved to raise interest rates, although real rates remain low and short term interest rate differentials have generally moved in favor of the U.S. dollar over the past year, one factor behind the moderation of non-FDI capital inflows into the region. Looking forward, monetary policy may need to be tightened further in countries where inflationary pressures have yet to retreat (India, Malaysia, and Thailand). On fiscal policy, the favorable outlook provides an opportunity for countries with high public debt (particularly India, Indonesia, Pakistan, and the Philippines) to take steps to put their public finances on a sustainable medium-term footing.

Generally robust growth, however, has fallen slightly short of expectations in Malaysia and Indonesia, the latter due to high interest rates, the adverse confidence effects of financial market volatility last summer, and increases in domestic fuel prices. Policy priorities include containing inflation (all four countries), reducing public debt (Indonesia, the Philippines), and greater exchange rate flexibility (Malaysia).

5.8.2 Overview and prospects of the telecommunications industry

The Malaysian telecommunications industry

Growth in the transport, storage and communications subsector is projected to remain robust at 6.7 per cent per annum. Major sources of growth are expected from the communications and transportation industries. The growth in the communications industry will emanate from the increased usage of cellular and its related services, broadcasting as well as Internet services, particularly e-banking, e-commerce and multimedia applications. New sources of growth such as third-generation (3G) mobile phone, terrestrial digital television and Internet telephony services are expected to gain more prominence.

The subscription of cellular telephones in the country is expected to increase from 74.1 per 100 population in 2005 to 85.0 by 2010, largely attributed to convenience, affordability and in keeping with changing lifestyles. To achieve national mobile communications coverage and interoperability, the Third Generation (3G) infrastructure network in terms of service availability, quality and innovative applications, will be expanded in phases. In addition, cooperation amongst mobile operators and local content service providers will be enhanced to ensure extensive provision of mobile Internet to consumers thus further increasing access to Internet-based services such as e-commerce.

(Source: Ninth Malaysian Plan)

Based on the statistics published in the Malaysian Communications and Multimedia Commission's website, out of 19.5 million cellular customers as at 31 December 2006, 16.1 million constitute prepaid customers compared to 16.6 million in the previous year (*Source: www.mcmc.gov.my*). It is to be noted that the prepaid customers are generally more favorable due to its low risk in terms of low cost of acquiring and risk of bad debt is zero. Further, the penetration rate of the cellular phone in the communications and multimedia industry has decreased from 74.1% in 2005 to 72.3% in 2006.

(Source: www.mcmc.gov.my)

The Indian telecommunications industry

India is the fifth largest telecom services market in the world. The sector has \$17.8 billion revenues in FY 2005 and the industry grew by about 36% in FY 2005 over FY 2004. India has a wide subscriber base with over 119 million subscribers - 48 million fixed lines and 71 million wireless - November 2005. The Indian telecom market has grown at about 25% p.a. over the last 5 years. Wireless segment subscriber base grew at 85% per annum; fixed line segment at about 10% per annum. The sector has witnessed the highest FDI flow between 1991 and 2005 at over \$ 16 billion. However, tele-density in India is just about 12%. India expected to be among the fastest growing telecom markets in the world and it is projected to grow 30-40% per annum to reach 250 million subscribers by 2009-2010. Over 3 million new users are added every month, mostly in wireless. Favourable demographics and socio economic factors are leading to high growth; (1) Growth of disposable income combined with changes in lifestyle, (2) Increasing affordability - low tariffs, easy payment plans and handset financing, (3) Increased coverage and availability of mobile services, (4) Investment of over \$22 billion required across many areas such as:

- telecom devices and software for Internet, broadband and direct to home services, set top boxes, gateway exchange, modem, mobile handsets and consumer premise equipments, gaming devices, EPABX, telecom software;
- telecom services for voice and data via a range of technologies; and
- applications and content development ranging from gaming to education.

The telecom sector is the back-bone for sustaining India's growth momentum in services including IT and ITeS. This sector needs to cater to the needs of over 150 million new subscribers in addition to the existing 100 million subscribers over the next 5 years. This would require an investment of over \$20 billion for infrastructure for 125 million mobile customers (\$15 – 16 Bn) and 25 million fixed line customers (\$7 Bn). Achieving the investment goal (with a large FDI component anticipated) is contingent on a fair and transparent long term policy regime.

Further, the Indian telecom market has both public and private sector companies participating:

- public sector has over 60% market share, down from over 90% in 2000; and
- private companies have added subscribers at a CAGR of 192% since 2000

(Source: Investment Strategy for India, Investment Commission Report, February 2006 by Investment Commission of India (<http://www.investmentcommission.in>))

The Indonesian Telecommunications Industry

Based on the Annual Report of Maxis for the year 2006, Indonesia is a significant market (226 million population) with a relatively low mobile penetration rate of 29% as of end-2006 and a large addressable market yet to be fully tapped. By the end of 2006, the Indonesian mobile market stood at 66 million subscribers (approximately 3 times the current Malaysia industry size) and is expected to grow to approximately 122 million by 2010 (approximately 4 times the projected Malaysian industry size). Also, the very high industry churn rate of about 9% (around 6 million subscribers) per month provides good opportunity for new players to switch users from incumbent operators. Mobile spending in Indonesia is low at 1.4% of GDP as against a regional average of 1.7% of GDP.

5.8.3 Future prospects of the Maxis Group for the next 12 months

The future offers tremendous growth opportunities as well as challenges in each of Maxis' operating landscapes. While it is expected that the Malaysian overall mobile market gradually approach a penetration rate in excess of 80% in 2007, there are significant opportunities for Maxis in certain underserved market segments and regions. In addition, growth in the mobile infotainment and broadband areas will enable Maxis to obtain a larger share of customer's overall infotainment and communications spend. The Indian market is expected to add more than 60 million subscribers in 2007 while the Indonesian market is expected to grow by more than 13 million subscribers.

(Source: Maxis' annual report 2006)

As mentioned in the annual report of Maxis for the year 2006, Maxis has set out the following strategic thrust to build the Group as a leading regional communications player:

1. Maxis plans to maximise the Group's revenue growth through its overseas operations and new organic investments in Malaysia
 - In India, the Maxis Group will continue to maintain its leadership position in Tamil Nadu and Chennai, and invest appropriately to improve service quality and increase coverage to more than 1,500 towns in these 2 circles. The Maxis Group will capitalise on the momentum gained so far in the new circles and put in the required efforts and resources to rollout "smartly". Maxis Group plan to launch services in the remaining 14 circles over the next 1-2 years after taking into account the market potential and competition in each circle. By then, the Maxis Group will cover the whole of India.
 - In Malaysia, the Maxis Group will continue to move up the value chain in mobile infotainment, while ramping up its 3G and broadband services. In Indonesia, the Maxis Group will step up efforts to rapidly build coverage in all core service areas in the most cost effective manner.

- To further strengthen the Group's presence in the region, the Group will continue to explore new investment opportunities that meet the Group's investment criteria.
- 2. Build brands based on innovation and service excellence as core values and key differentiator
- 3. Become a "low" unit cost operator
- 4. Develop group management and technical capabilities and talent pool
- 5. Optimise balance sheet and cash management

Further, we also take note that Maxis has recently acquired another 44% stake in NTS, raising its shareholdings in NTS to 95%. According to Maxis' announcement on Bursa Securities, Maxis said that it has "received expressions of interest from potential strategic partners to participate with Maxis in the development of NTS". The strategic partner is expected to assist Maxis to achieve its overall objectives, which includes an accelerated rollout of the NTS network in Indonesia. Hence, the continued commitment of Maxis in the Indonesian cellular market together with the potential in the Indonesia market, where cellular penetration rate remains relatively low at 29% as of end 2006 with a population of 226 million, may translate into improved demand for NTS' telecommunications services.

Based on the above, the economic growth in the countries where the Maxis Group currently operates are forecast to continue to remain strong in 2007 and therefore expected to continue to support the growth of the businesses of the Maxis Group in those countries. In addition, the dynamic corporate strategies of the Maxis Group as highlighted above and the future plans of Binariang on the Maxis Group as stated in Section 7 of the Offer Document, barring unforeseen circumstances, augur well for the future growth and prospects of the Maxis Group and Binariang (the enlarged Maxis Group).

Although the outlook of the telecommunications industry and the prospect of the Maxis Group look promising, we wish to highlight that based on Section 3 of the Offer Document, which sets out the rationale for the Offer, the future performance of the Maxis Group is also dependent on the ability of the enlarged Maxis Group to manage its growth to achieve its strategic objectives whilst keeping its risk profile in the balance.

5.9 Financial performance of the Maxis Group

The profit and dividend record of Maxis based on its audited consolidated financial statements for the past 5 FYE 31 December 2006 and the unaudited consolidated financial statements for the 3-month financial periods ended 31 March 2006 and 31 March 2007 are as follows:

Notes:

[^] 2005 comparative figures have been restated due to changes in accounting policies with retrospective application arising from adoption of the new and revised Financial Reporting Standards, the Malaysian Accounting Standards Board Approved Accounting Standards in Malaysia for Entities Other than Private Entities, that are effective and applicable to Maxis Group for the financial year beginning on 1 January 2006 (further details are disclosed in Notes 2, 3 and 37 to the Maxis Group audited financial statements for the year ended 31 December 2006). No restatement of comparative figures for 2002 to 2004 have been made as the financial effects due to the changes in accounting policies were immaterial.

⁺ Not annualised.

[#] Net EPS (basic) = Net profit for the year/period divided by the weighted average number of Maxis Shares in issue.

^{*} Gross dividend per Share consists of interim and final dividends declared and proposed in respect of the designated financial years/period.

The business of the Maxis Group has been profitable over the last 5 financial years. Between the FYE 31 December 2002 and FYE 31 December 2005, the Group registered average revenue and net profit growth of approximately 19.67% and 27.87% year-on-year, respectively. Average EPS (basic) growth over the same period was approximately 23.07% year-on-year. Nevertheless, in 2005, NTS, a company, which was acquired by Maxis in 2005, recorded a loss after taxation of RM70 million, mainly comprising of start-up costs and integration costs.

The improvement in the Group's net profit for the FYE 31 December 2006 was contributed by Aircel, which was acquired in 2006. Aircel contributed RM748 million in revenue and RM160 million in PAT, representing 56% and 41% of the increase in the Group's revenue and PAT respectively in year 2006. In addition to the improved operating performance, the increase in the Group's net profit is also attributable to a recognition of RM99 million one-off items and the cessation of goodwill amortization in year 2006 following adoption of new Financial Reporting Standards (FRS) 138 – Intangible assets that has contributed to the increase in the net profit by RM134 million.

The Group registered an EPS (basic) of RM0.23 for the unaudited 3-month financial period ended 31 March 2007, representing a 10.78% increase compared to the unaudited 3-month financial period ended 31 March 2006.

Going forward, we envisaged the Group to incur a significant amount for capital expenditure to fund the Group's growth in new markets, namely India and Indonesia. Further, we note that the Maxis Group is currently evaluating the business model of its Indonesian operations, which may potentially also require additional funds. Given that the capital investments may require a long gestation period before achieving meaningful return, there could be no assurance that the Maxis Group will continue to record such levels of profitability as it has in the past in the near and medium terms.

5.10 Risk factors

This IAC contains certain forward-looking statements, which are subject to uncertainties. Although the Directors believe that the expectations reflected in such statements are reasonable, there can be no assurance that such expectations will prove to be correct and may materially differ from the actual performance of the Group.

As mentioned in Section 7 of the Offer Document, Binariang intends to continue with the existing businesses of the Maxis Group. Hence, should you for any reasons choose to retain your investment in Maxis and reject the Offer, you should carefully consider, *inter-alia*, the following risk factors (which may not be exhaustive) in addition to other risks, which are inherent to the existing business operations of the Group.

(i) Controlling shareholder

As disclosed in Section 1.4 of the Offer Document, Binariang has obtained irrevocable undertakings from each of the BHC Holders to accept the Offer in respect of all of their respective Offer Shares comprising in aggregate 1,507,081,639 Maxis Shares representing approximately 59.42% of the issued and paid-up share capital of Maxis as at 15 May 2007. As such, Binariang will have a significant influence and control over any operational, management and strategic decisions to be made in respect of the Group, which may have a material and/or adverse effect on the future performance of the Group. In addition, Binariang will be able to control the outcome of certain matters requiring the vote of shareholders including but not limited to dividend policy of Maxis, unless they are required to abstain from voting by law and/or regulations.

(ii) Listing status of Maxis

As stated in Section 5 of the Offer Document, it is the intention of Binariang NOT to maintain the listing status of Maxis in the event Maxis does not comply with the shareholding spread requirement of Bursa Securities as a result of acceptances received under the Offer. Binariang does not intend to take any steps in resolving any failure of Maxis to meet the shareholding spread requirement of Bursa Securities, as a result of which Bursa Securities may suspend trading in Maxis Shares and thereafter de-list Maxis.

Hence, you may potentially hold unlisted Maxis Shares upon the completion of the Offer. You should also note that one of the factors taken into account in the valuation of securities is their liquidity. Hence, the fair value of the Shares may decline after the de-listing due to their lack of liquidity and marketability. Notwithstanding the possibility of subsequently disposing your unlisted shares after the de-listing of Maxis, there is no assurance that you may be able to realize your investment in Maxis Shares as the same value as per the Adjusted Offer Price as there may not be a ready and active market for the unlisted Shares.

Further, if Maxis is de-listed, those of you who do not accept the Offer will remain as minority shareholders in an unlisted company. It should be noted that under such circumstances, Binariang as the controlling shareholder has the right to exercise control over Maxis and its affairs and businesses, including the approval of corporate actions (save for those provided for under the Act) which would normally require the approval of shareholders for a publicly listed company. As such, you should note that the interests of Binariang might differ from the interests of the minority shareholders of Maxis in the future.

In addition, Maxis does not have to comply with Bursa Securities LR with regards to public disclosure requirements of material information.

(iii) Continuity in management

We note that Binariang does not intend to retrench any of the employees of the Maxis Group as a direct consequence of the Offer. However, there will be continuous constructive measures to improve the efficiency of operations and optimise staff productivity of the Maxis Group.

To date, the Group has been guided by its experienced Directors and managed by a team of qualified key personnel who have extensive knowledge and experience in the telecommunication industry. The continued success of the Maxis Group will depend to a significant extent its ability to retain the current personnel and attracting new talent following the completion of the Offer.

We note from the Offer Document that if there are any changes to be made by Binariang, such changes will only be implemented after a full and detailed review of Maxis Group's operational and staffing requirements, and in accordance with applicable legislation.

We also note that Maxis has established an ESOS in order to retain the eligible Directors and employees of the Group who have contributed to the success of the Group. However, if the de-listing of Maxis is imminent, it is the intention of Binariang to request Maxis to substitute all the unvested Options by way of an Equivalent Cash Consideration as stated in Section 7 of the Offer Document. This could serve as a tool to retain and motivate the Company's employees.

Nevertheless, there can be no assurance that any change, shuffling, resignation or redeployment of the Maxis Group's key management, if and when occurs will not materially and/or adversely affect the future performance of the Group.

(iv) Investment activities risk and new ventures

We note from the Offer Document that Binariang believes that the Company has the potential to accelerate its growth. Further, Binariang envisaged during this growth phase, the Company may face uncertainties surrounding investment and regulatory environment in new markets. Binariang also expect that substantial capital expenditure may potentially strain the cashflow position and dividend payment capability of Maxis and increase in gearing to finance the capital expenditure and investments in new markets may result in higher borrowing costs and in turn translate into short to medium term earnings volatility.

In any venture in new markets, there is potential risk that these investments may have longer than expected gestation periods or may not be entirely successful. In this event, the Group may take time to recover or be unable to recover its initial investments.

5.11 Listing status of Maxis and compulsory acquisition

Under Paragraph 8.15 of Bursa Securities LR, Maxis must satisfy the shareholding spread requirement that at least 25% of the Maxis Shares in issue are in the hands of a minimum of 1,000 public shareholders holding not less than 100 Maxis Shares each. As at 30 April 2007, Maxis has a total of 40.24% public shareholding spread held by 10,222 public shareholders. Although the above spread meets Bursa Securities LR on public shareholders' spread, in the course of the Offer, the amount may fall short of the requirement of 25% public shareholding spread.

A listed company that fails to maintain the required shareholding spread may request for an extension of time to rectify the situation. Where no extension of time is granted by Bursa Securities, Bursa Securities may suspend trading in that company's shares and/or de-list that company.

It is the intention of Binariang not to comply with the required shareholding spread for Maxis and Binariang currently does not intend to take any steps in resolving any failure of Maxis to comply with the required shareholding spread.

Set out below is the possible level of acceptances for the Offer, the possible recourse thereof and its consequences to you as a shareholder:

Scenario I

Receipt of acceptances resulting in Binariang holding 75% or less of the issued and paid-up share capital of Maxis

In the event Binariang receives acceptances resulting in its shareholding of 75% or less of the issued and paid-up share capital of Maxis, Maxis will remain in compliance with Paragraph 8.15(1) of Bursa Securities LR provided it continues to meet the shareholding spread requirement that at least 25% of the Maxis Shares in issue are in the hands of a minimum of 1,000 public shareholders holding not less than 100 Maxis Shares each. In this instance, Maxis will continue being a listed entity on Bursa Securities. After the Offer Period, Maxis shareholders may choose to dispose Maxis Shares in the open market or remain as a shareholder of Maxis.

However, Binariang may continue to acquire Maxis Shares from the open market after the Offer Period.

Scenario II

Receipt of acceptances resulting in Binariang holding more than 75% but less than 90% of the issued and paid-up share capital of Maxis

In the event Binariang receives acceptances resulting in its shareholding of more than 75% but less than 90% of the issued and paid-up share capital of Maxis, Binariang does not intend to take any steps in resolving any failure of Maxis to meet the shareholding spread requirement of Bursa Securities.

Under this scenario, Maxis would not have complied with Paragraph 8.15(1) of Bursa Securities LR whereby Maxis must meet the shareholding spread requirement that at least 25% of the Maxis Shares in issue are in the hands of a minimum of 1,000 public shareholders holding not less than 100 Maxis Shares each.

A listed entity that fails to maintain the required shareholding spread may request for an extension of time to rectify the situation. Where no extension of time is granted by Bursa Securities, Bursa Securities may suspend trading in that company's shares and/or de-list that company. Binariang has indicated its intention not to maintain the listing status of Maxis.

Scenario III

Receipt of acceptances resulting in Binariang holding 90% or more of the issued and paid-up share capital of Maxis but receiving acceptances of less than nine-tenths (9/10) in nominal value of the Offer Shares (other than the Maxis Shares already held at the date of the Offer Document by Binariang or by a nominee for or related corporation of Binariang) (which would render Binariang not being able to invoke Section 34 of the SCA whilst holders of the Offer Shares who do not accept the Offer may invoke Section 34A of the SCA)

Should the Offer result in receipt of acceptances by Binariang such that its shareholding is 90% or more of the issued and paid-up share capital of Maxis, Maxis shall be removed from the Official List of Bursa Securities pursuant to Paragraph 8.15(6) of Bursa Securities LR. In this instance, holders of the Offer Shares who decide to reject the Offer would hold unlisted Maxis Shares in view that Binariang has no intention of retaining the listing status of Maxis, as indicated in Section 5 of the Offer Document. Further, pursuant to Paragraph 8.15(4) of Bursa Securities LR, Bursa Securities may at any time suspend the trading of Maxis Shares in the event the public shareholdings spread of Maxis is equal to or below 10% of the total number of Maxis Shares in issue.

At any time before the Closing Date, should Binariang have, by virtue of the acceptances of the Offer, acquired some (but not all) of the Offer Shares and those Offer Shares, which Binariang has acquired, results in Binariang holding 90% or more of the issued and paid-up share capital of Maxis but less than nine-tenths (9/10) in nominal value of the Offer Shares (other than the Maxis Shares already held at the date of the Offer Document by Binariang or by a nominee for or related corporation of Binariang) (which would render Binariang not being able to invoke Section 34 of the SCA), the dissenting holder of the Offer Shares, may, by notice to Binariang, invoke Section 34A of the SCA to require Binariang to acquire those Shares, and Binariang shall be bound to acquire those Shares on the same terms of the Offer or such other terms as may be agreed. Further, Binariang shall, within 1 month after the Closing Date, give dissenting holders of the Offer Shares notice of the rights that are exercisable by them under Section 34A of the SCA and if notice is given before the Closing Date, Binariang shall state that the Offer is still open for acceptance. However, Binariang is not required to give the said notice if it has already given the said holders of the Offer Shares notice under Section 34 of the SCA in respect of the Maxis Shares in question.

In addition, a minority shareholder of Maxis may exercise his rights under Section 34B of the SCA, which allows a dissenting holder of the Offer Shares exercising his rights under Section 34A of the SCA, to make an application to the Court for an order that the terms on which Binariang shall acquire the outstanding Offer Shares shall be as the Court thinks fit.

Scenario IV

Receipt of acceptances resulting in Binariang holding 90% or more of the issued and paid-up share capital of Maxis but receiving acceptances of not less than nine-tenths (9/10) in nominal value of the Offer Shares (other than the Maxis Shares already held at the date of the Offer Document by Binariang or by a nominee for or related corporation of Binariang)

Should the Offer result in receipt of acceptances by Binariang such that its shareholding is 90% or more of the issued and paid-up share capital of Maxis, Maxis shall be removed from the Official List of Bursa Securities pursuant to Paragraph 8.15(6) of Bursa Securities LR. In this instance, holders of Offer Shares who decide to reject the Offer may hold unlisted Maxis Shares in view that Binariang has indicated that it has no intention of retaining the listing status of Maxis, as indicated in Section 5 of the Offer Document. Further, pursuant to Paragraph 8.15(4) of Bursa Securities LR, Bursa Securities may at any time suspend the trading of Maxis Shares in the event the public shareholdings spread of Maxis is equal to or below 10% of the total number of Maxis Shares in issue.

Should Binariang have, by virtue of the acceptances of the Offer, acquired some (but not all) of the Offer Shares and those Offer Shares, which Binariang has acquired, results in Binariang holding 90% or more of the issued and paid-up share capital of Maxis but not less than nine-tenths (9/10) in nominal value of the Offer Shares (other than the Maxis Shares already held at the date of the Offer Document by Binariang or by a nominee for or related corporation of Binariang), within 4 months after making the Offer, Binariang has indicated its intention to invoke the provision of Section 34 of the SCA to compulsorily acquire any outstanding Offer Shares from dissenting holders of Offer Shares who have elected not to accept the Offer within 2 months after the Offer has been so accepted, and necessary steps will be taken to de-list Maxis immediately from the Main Board of Bursa Securities.

Notwithstanding the above, pursuant to Section 34B of the SCA, the Court may, on an application made by any dissenting shareholder, within 1 month from the date on which the notice was given by Binariang pursuant to Section 34 of the SCA, order that Binariang shall not be entitled and shall not be bound to acquire the Offer Shares of the dissenting shareholder or specify terms of acquisition that are different from the terms of the Offer.

Based on the scenarios above, since Binariang has indicated its intention not to maintain the listing status of Maxis and should you decide to reject the Offer, you may end up as a shareholder of unlisted Maxis Shares. **We wish to highlight that the Adjusted Offer Price of RM15.38 is not your only available option.** The outstanding Offer Shares may be compulsorily acquired as discussed above. Take note however, there is no assurance that Binariang will invoke the Section 34 of the SCA to compulsorily acquire the outstanding Offer Shares although Binariang has indicated that they intend to do so. In the event Binariang does not compulsorily acquire the outstanding Offer Shares, you may have the option to own unlisted Maxis Shares.

6. FURTHER INFORMATION

We advise you to refer to the Offer Document and the enclosed Appendices for further information on Maxis, Binariang and other relevant information.

- (iv) The historical EV/EBITDA multiple for the Maxis Group based on the Adjusted Offer Price of 10.4 times is within the range of the historical EV/EBITDA multiples for the comparable companies of between 5.3 times and 25.6 times and is higher than the median historical EV/EBITDA multiples for the comparable companies of 7.6 times;
- (v) The prospective PER for the Maxis Group based on the Adjusted Offer Price for the FYE2007 and FYE2008 of 19.0 times and 17.9 times respectively are higher than the median prospective PER of the comparable companies for the FYE2007 and FYE2008 of 16.3 and 14.7 times respectively;

- (vii) The valuation of the Company's Shares, which was carried out by JPMorgan, of between RM14.3 and RM16.5 per Maxis Share, including the Final Dividend, and between RM14.1 and RM16.3 per Maxis Share, excluding the Final Dividend;
- (viii) the rationale of the Offer, the industry overview and future prospects of the Maxis Group and the intentions of the Offeror regarding the Maxis Group;
- (ix) Binariang does not intend to maintain the listing status of Maxis in the event Maxis does not comply with the required shareholding spread; and
- (x) Binariang intends to invoke Section 34 of the SCA to compulsorily acquire any outstanding Offer Shares in the event Binariang have, by virtue of the acceptances of the Offer, acquired some (but not all) of the Offer Shares and those Offer Shares, which Binariang has acquired, results in Binariang holding 90% or more of the issued and paid-up share capital of Maxis but not less than nine-tenths (9/10) in nominal value of the Offer Shares (other than the Maxis Shares already held at the date of the Offer Document by Binariang or by a nominee for or related corporation of Binariang), within 4 months after making the Offer.

[The rest of this page is intentionally left blank]

- 7.2 In view of the above, we are of the opinion that the Adjusted Offer Price is fair and reasonable and accordingly, we recommend that you **ACCEPT** the Offer.

However, if during the course of the Offer Period, the market price of Maxis Shares on Bursa Securities (and after taking into account your transaction costs) is above the Adjusted Offer Price, it may be more beneficial to you to sell the Shares in the market than to accept the Offer if it is your intention to accept the Offer.

Commentaries:

1. Unaudited 3-month financial period ended 31 March 2007

For the period under review, the Group recorded a revenue of RM2,157 million with a mobile subscriber base of 14 million as of end March 2007, comprising 8.5 million subscribers from the Malaysian operations and 5.5 million subscribers from the Indian operations. The reported PBT and net profit for the period were RM765 million and RM572 million respectively, accounting for approximately 27% of the PBT and net profit respectively for the financial year ended 31 December 2006.

2. FYE 31 December 2006 compared to FYE 31 December 2005 (restated)

In year 2006, Maxis acquired 74% equity interest in Aircel, a mobile operator in India. Aircel contributed RM748 million in revenue and RM160 million in PAT, representing 56% and 41% of the increase in the Group revenue and PAT respectively in year 2006. Together with the strong performance contributed by the Malaysian operations, the Group's revenue grew 21% to RM7,707 million on the back of a higher subscriber base of 12.6 million mobile customers, representing a 60% increase over the preceding year. Net profit for the year increased by RM455 million or 28% on the back of higher revenue and recognition of RM99 million one-off items. The cessation of goodwill amortisation in year 2006 following adoption of new Financial Reporting Standard (FRS) 138 – Intangible assets has also contributed to the increase in net profit by RM134 million.

3. FYE 31 December 2005 compared to FYE 31 December 2004

In year 2005, Maxis achieved a strong net subscriber growth of 1,838,000, bringing the total subscriber base to 7,858,000. As a result, revenue increased by 12% to close the year at RM6,371 million. In the same year, Maxis acquired 51% equity interest in NTS, a mobile operator in Indonesia. NTS recorded a loss after taxation of RM70 million, mainly comprising start-up costs. Notwithstanding this, the Group's results continued to improve compared to the preceding year as a result of strong performance from the Malaysian operations.

4. FYE 31 December 2004 compared to FYE 31 December 2003

In year 2004, the Group added 1,556,000 mobile subscribers to its network, bringing the base to 6,020,000. With strong subscriber growth, the Group recorded a 22% and 83% growth in revenue and PBT respectively. The strong results were also supported by the write back of Universal Service Obligation overprovision amounting to RM106 million and year 2003 reported PBT included a one time network assets write off and integration costs of RM145 million and RM87 million respectively in relation to the acquisition of Malaysian Mobile Services Sdn Bhd (formerly known as TIMECel Sdn Bhd). Group net profit for the year of RM1,598 million was 13% lower as the previous year had benefited from the recognition of deferred tax assets and reversal of deferred tax liability totalling RM960 million.

5. FYE 31 December 2003 compared to FYE 31 December 2002

In year 2003, the Group recorded a 44% growth in mobile subscribers by adding 1,366,000 subscribers, bringing the total subscriber base to 4,464,000 at the year end. Fuelled by the strong subscriber growth, the Group recorded a 24% or RM911 million higher revenue, closing the year at RM4,680 million. The marginal reduction in PBT in year 2003 was attributable to the goodwill amortisation (RM85 million), integration costs (RM87 million) and network assets write-offs (RM145 million) incurred in the acquisition of Malaysian Mobile Services Sdn Bhd (formerly known as TIMECel Sdn Bhd), coupled with a net increase in depreciation charges due primarily to accelerated depreciation and allowance made to write-down certain network assets (RM238 million), partially offset by the improved revenue. During the year, the internal restructuring of the Group's activities was also completed, a result of which two wholly owned subsidiaries were able to recognise deferred tax asset of RM296 million and RM532 million respectively. Consequently, the total deferred tax asset recognised resulting from the internal restructuring was RM828 million. With the recognition of the deferred tax asset, the Group recorded a PAT of RM1,841 million. The Group would have achieved an underlying PAT of RM1,113 million, after excluding the effects of deferred tax assets and reversal of deferred tax liability totalling RM960 million and adjusting for the one time cost relating to Malaysian Mobile Services Sdn Bhd's (formerly known as TIMECel Sdn Bhd) network assets write off and integration costs of RM145 million and RM87 million respectively.

Members of the Board of Directors:

Under the terms of our engagement letter which is effective as of May 8, 2007 (the "Engagement Letter"), you have requested our view as to the range of values of the price per ordinary share of Maxis Communications Berhad ("Maxis" or the "Company") in connection with your consideration of the offer made by Binariang GSM Sdn. Bhd. ("Binariang") to acquire all of the Company's voting shares for RM15.60 per ordinary share of the Company, including the proposed dividend payment of RM0.22, net of tax, as announced by the Company on May 6, 2007, or RM15.38 per ordinary share of the Company, excluding the proposed dividend payment (the "Transaction"). This letter, which shall form part of the Independent Advice Circular to shareholders, sets out a summary analysis.

In arriving at our view, we have (i) reviewed certain publicly available financial statements and other publicly available business and financial information concerning the Company and the industry in which the Company operates; (ii) reviewed certain internal financial analyses, statements and forecasts prepared by the management of the Company relating to the Company's businesses; (iii) compared the financial and operating performance of the Company with publicly available information concerning certain other companies we deemed relevant and reviewed the reported prices and trading activity of the Company's ordinary shares and certain publicly traded securities of such other companies; (iv) reviewed the premiums paid for selected take-private transactions in the region; and (v) performed such other analyses, reviewed such other information, and considered such other factors as we deemed appropriate for the purposes of this letter.

In addition, we have held discussions with certain members of the management of the Company with respect to the past and current business operations of the Company, the financial condition and future prospects and operations of the Company, and certain other matters we believed necessary or appropriate to our inquiry.

In deriving our valuation range, we have relied upon and assumed, without assuming responsibility or liability for independent verification, the accuracy and completeness of all information that was publicly available or was furnished to or discussed with us by the Company or otherwise reviewed by or for us. We have not conducted or been provided with any valuation or appraisal of any assets or liabilities, nor have we evaluated the solvency of the Company under any state or federal laws relating to bankruptcy, insolvency or similar matters. In relying on financial analyses and forecasts provided to us, we have assumed that they have been reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by

management as to the expected future results of operations and financial condition of the Company to which such analyses or forecasts relate.

In arriving at our view, we have not considered the tax implications to the Company or to its shareholders arising from the specific manner in which the Transaction is structured and the analysis does not take into account the valuation impact of any loss of accumulated capital allowances, if any, that might arise from the Transaction. All business contracts related to business operations are assumed to be, and to continue to be, legal, valid and binding and have not been, and will not be, revoked or terminated. It is assumed that the Company will continue to run its current operations as a going-concern entity, under the same management on an "as-is-where-is" basis. Further, we have not factored in any views as to the price that could be received in any alternative transaction or in a change of control transaction with a third party. These may have significant valuation and other financial effects. Our price per share calculations are based on fully diluted shares outstanding assuming conversion of all outstanding options, including both vested and unvested options, under the Employee Share Option Scheme ("ESOS") as of April 30, 2007.

Our analysis is as of May 16, 2007 (the "Analysis Date"). Our view is based on economic, market and other conditions as in effect on, and the information made available to us as of, the Analysis Date. We have assumed that, following the Analysis Date, there will be no changes in economic, market and other conditions which could impact the operating performance of the Company and, consequently, our view reflected herein. It should be understood that events which JPMorgan does not have actual or constructive knowledge of and developments subsequent to the date of this letter may affect our view expressed herein and that we do not have any obligation to update, revise, or reaffirm this view. We have not identified or evaluated all the risk factors that may impact future financial performance of the Company and, consequently, any valuations of the Company. Further, the Company has stated that it is evaluating the possible inclusion of a strategic partner in its Indonesian subsidiary PT Natrindo Telepon Seluler ("NTS"). In the absence of any clarity around this situation for purposes of our analysis, we have not taken into account any potential sale of a stake in NTS into our valuation analysis and have assumed that the Company continues to maintain its 95% economic ownership in NTS.

In arriving at our view, we have utilized a number of valuation methodologies, including, without limitation, trading comparables analysis, discounted cash flow ("DCF") analysis, leveraged returns analysis and such other analysis as we deemed appropriate. In particular, for the cash flow-based valuation methodologies utilized by JPMorgan, it should be noted that JPMorgan has discounted the projected cash flows to March 31, 2007 and hence, the valuation of the Company for the DCF analysis is estimated as of March 31, 2007 ("DCF Valuation Date"). JPMorgan has not taken into consideration any time value implications which may arise at any time between the actual closing date of the Transaction and the DCF Valuation Date.

On the basis of and subject to the foregoing, with March 31, 2007 as the DCF Valuation Date, it is our view that Maxis has a range of value, in Malaysian Ringgit ("RM"), between RM14.3 and RM16.5 per ordinary share of the Company, including the proposed dividend payment of RM0.22, net of tax, and between RM14.1 and RM16.3 per ordinary share of the Company, excluding the proposed dividend payment. In deriving this range of value, we performed a variety of financial and comparative analyses, including those summarized below, however, such a summary should not be considered as a complete description of the analyses underlying our view.

(Values in RM per share)	With dividend Low—High	Ex-dividend Low—High	Highlights
Trading comparables	14.0—15.4	13.8—15.2	■ Valuation range based on FV/2007E EBITDA and FV/2008E EBITDA multiples for selected peers¹ ■ DiGi.Com and Idea Cellular Ltd are used as primary comparables for the Company's Malaysian and Indian businesses, respectively ■ The Company's Indonesian business is valued at the book value of the Company's investment

Leveraged Returns analysis	14.3—16.5	14.1—16.3	■ Analysis based on the assumption that pro forma leverage upon the close of this Transaction to be increased to approximately 6.0x Total Debt to 2007E EBITDA, with exit assumed in 3.5—5.5 years ■ Exit valuations based on EBITDA multiples of 7.5x for the Malaysian business, 8.0—10.0x for the Indian business and 6.5—7.5x for the Indonesian business ■ Valuation range is based on an internal rate of return of approximately 15—20% from a leveraged buy-out analysis

The above analysis should be used in reference to our detailed discussions with the Board of Directors. We provide below, for reference purposes, certain additional information.

4. MATERIAL LITIGATION**4.1 Maxis and its subsidiaries**

Save as disclosed below, as at the LPD, neither Maxis nor any of its subsidiaries is engaged in any litigation, claims and/or arbitration either as plaintiff or defendant, which has a material effect on the financial position of Maxis Group and the Board of Maxis have no knowledge of any proceeding, pending or threatened, or of any facts likely to give rise to any proceedings which might materially and adversely affect the financial position or business of Maxis Group.

Dishnet Wireless Limited ("DWL") was granted Unified Access Service ("UAS") licences from the Department of Telecommunications ("DoT") to provide cellular mobile service ("Service") in 7 circles effective from 21 April 2004. The terms and conditions of the UAS licences require DWL to fulfill its roll out obligations which envisages commencement of Service in a prescribed minimum coverage area within 1 year of the effective date i.e. by 20 April 2005, failing which DoT may impose liquidated damages up to a maximum of INR70 million (equivalent to RM5.8 million). In addition, DWL is required to cover 50% of the minimum coverage area by the third year from the effective date i.e. by 20 April 2007 for all 7 circles. If the delay exceeds 52 weeks, DoT may terminate the licence, invoke the performance guarantee and/or order the imposition of a financial penalty.

Although DWL has taken all necessary steps to commence Services in these circles and has applied for spectrum in the required frequency with the relevant authorities and for point of interconnect with Bharat Sanchar Nigam Limited (the incumbent operator controlled by DoT) across the circles, there was delay in the process of allocation of spectrum and point of interconnect. As such, DWL could not commence Service within the prescribed roll out period provided in the UAS licences. As the delay in grant of spectrum is an industry-wide issue, any decision of the DoT to impose sanctions or penalties for roll-out delays will have potential adverse impact on the telecommunications sector as a whole. Further, although DWL has since commenced Service in the 7 circles, it has not obtained the necessary certification from the DoT, which is required before the commencement of Service. DoT may impose a penalty for such delay.

The combination of the above issues, if decided against DWL, could have a material adverse effect on the business and prospects of DWL.

The estimated transaction values as set out in Appendix I of this Circular are based on estimated prevailing prices which are or will be formalised in agreements/contracts to be entered into by relevant members of our Group with the Transacting Parties based on our Group's usual levels of transaction and on the projected business volume from the date of our forthcoming EGM to our next AGM. The actual value of transactions may, however, vary from the estimated value disclosed in Appendix I of this Circular if there should occur any changes in the business, economic and competitive environment.

Nevertheless, if the Proposed Shareholders' Mandate is approved, disclosure will be made in accordance with the Listing Requirements in the annual report of our Company for the financial year which will end on 31 December 2007 of the aggregate value of transactions conducted pursuant to the Proposed Shareholders' Mandate as approved during the financial year.

2.6 Benefits to Our Group

The supply of the telecommunications and other related services disclosed in Appendix I of this Circular is to be provided by the relevant members of our Group in their ordinary course of business, and on our Group's normal commercial terms and on terms which will be no more favourable to the Transacting Parties than those generally available to the public. 2.7 Review procedures for the Recurrent Transactions

Our Group has established the following procedures and guidelines and internal controls to ensure that Recurrent Transactions will be entered into on normal commercial terms and on terms which will not be more favourable to the Transacting Parties than those generally available to third parties dealing at arm's length and will not be to the detriment of our Company's minority shareholders:

- (i) To support and supplement the internal control systems, our Company has adopted the following additional review and approval procedures for Recurrent Transactions which are within the Proposed Shareholders' Mandate:
 - a) Individual Recurrent Transactions that fall below RM30 million each in value will be reviewed and approved in accordance with our Company's Manual of Limits of Authority;

- b) Individual Recurrent Transactions exceeding RM30 million each in value will be reviewed and considered by the Audit Committee and thereafter, if the Audit Committee shall deem fit, recommend to your Board for approval; and

- (iv) Recurrent Transactions will only be undertaken by our Company and subsidiaries after our Company or the relevant subsidiary has ascertained that the transaction prices, rentals, terms and conditions, quality of products/services will be comparable with those prevailing in the market and will meet industry standards. The transaction prices will be based on the prevailing market rates/prices of the service or product and will allow for the usual margin given to or given by any unrelated third parties or will otherwise accord with the normal commercial terms and applicable industry norms. The interests of minority shareholders will also be taken into account when entering into Recurrent Transactions to ensure that their rights and interests are upheld;
- (v) All Recurrent Transactions to be entered into shall be on normal commercial terms and on terms that will be consistent with our Company's usual business practices and policies;
- (vi) In the event that a member of the Audit Committee or Board has an interest and/or deemed interest in any particular Recurrent Transaction, he or she shall declare his or her interest in the Recurrent Transaction and will have to refrain from any deliberation and also abstain from voting on the matter at the Audit Committee meeting or Board meeting in respect of that Recurrent Transaction;

- (xi) If the Audit Committee is of the view that the abovementioned procedures are insufficient to ensure that Recurrent Transactions are undertaken on an arm's length basis and on normal commercial terms and on terms that are not more favourable to the Transacting Party than those generally available to third parties dealing at arm's length during their periodic review of the procedures, the Audit Committee has the discretion to request for additional procedures to be imposed on all Recurrent Transactions.

It is our Company's policy to ensure that all of our transactions regardless of whether they are Recurrent Transactions or not, must comply with our Company's Procurement Manual ("PM") and the Manual of Limits of Authority ("LOA"). The purpose of the PM and LOA is to ensure that all transactions are carried out in the best interests of our Company.

The LOA sets out the levels of authority and guides internal management in their control over our Group's capital and operating expenditure. The purpose of the PM is to ensure that competitive bidding principles and transparent procedures are observed in the procurement of goods and services.

2.8 Statement by Audit Committee

The Audit Committee periodically reviews the systems and procedures for compiling information on Recurrent Transactions mentioned in Appendix I of this Circular and, if necessary, may request internal audit to review these systems and procedures. The Audit Committee is of the view that the stipulated procedures are sufficient to ensure that the Recurrent Transactions will be entered into on normal commercial terms and on terms which will not be more favourable to the Transacting Parties than those generally available to third parties dealing at arm's length and will not be to the detriment of our Company's minority shareholders. All reviews by the Audit Committee will be reported to your Board for its further action.

2.9 Validity Period of the Proposed Shareholders' Mandate

In this respect, the authority conferred by the Proposed Shareholders' Mandate shall only continue to be in force until:

In DJI's and SD's remuneration packages as set out in their employment contracts, they are entitled to the grants or to be considered for the grants of the Proposed ESOS Options. Pursuant to the Bye-Laws, Eligible Employees including Executive Directors shall be eligible to participate in the ESOS.

The 2006 Mandate will expire at the conclusion of our forthcoming AGM.

Presently, your Board intends to seek your approval of an offer and grant to DJI of ESOS Option(s) in his capacity as our Group Chief Executive Officer and our Executive Director, to subscribe for up to a maximum of 1,000,000 Shares available under the ESOS pursuant to the provisions of the Bye-Laws of the ESOS (the "2007 DJI Mandate").
