NEW GROUP CHIEF EXECUTIVE

David Bennett, Group Finance Director of Alliance & Leicester plc, will become the company's Group Chief Executive with effect from 27 July 2007. This follows the announcement in February that Richard Pym, Group Chief Executive, had asked the Board to consider his successor, resulting in an extensive search process which considered a range of internal and external candidates.

Chris Rhodes, currently Managing Director, Retail Banking, will become Group Finance Director. The Retail Banking business will report directly to David Bennett, the Commercial Banking business will continue to report to Richard Banks.

Richard Pym retires from the Board on 27 July 2007.

Chairman, Sir Derek Higgs, commented:

"The search process we went through was extremely thorough and we are delighted to appoint David Bennett as Alliance & Leicester's Group Chief Executive. In his eight years with the Group, David has continually proved himself to have outstanding leadership abilities and judgement. He has played a key part in the development of Alliance & Leicester and in building the growth and momentum we can see in the Group's results.

"Chris Rhodes, too, is a vital part of Alliance & Leicester's leadership team and will make an excellent Group Finance Director. In his 19 years with the Group he has been successful in a variety of roles in Retail Banking, Commercial Banking and Finance.

"Richard Pym has been an outstanding Group Chief Executive. Under his leadership the Group has defined and is implementing a clear and successful strategy for growth, offering customers competitive products and shareholders strong returns. I would like to thank Richard for his drive and commitment to Alliance & Leicester, and to wish him well for the future as he builds a portfolio of interests where he can apply his many talents and experience."

David Bennett commented:

"I welcome the opportunity to lead Alliance & Leicester and to ensure that the growing momentum in our business continues at pace as we implement our strategy. Alliance & Leicester has a great management team and I have every confidence in the Group's continuing and growing success."

Richard Pym commented:

"It has been an honour to be Chief Executive of Alliance & Leicester, it is a first rate organisation with first rate people. In David Bennett, the Board have appointed a very talented leader who will bring flair and drive to building the business."

Background

Alliance & Leicester will be holding a conference call for analysts and investors at 9.00am today, to update the market on its trading in 2007. This statement sets out the information being provided in the conference call and subsequent analyst meetings.

Overall progress

Alliance & Leicester continues to focus on delivering its business strategy and is making good progress against each of its strategic objectives.

Our overall performance to date is expected to lead to our core operating profit for the 12 months ending 31 December 2007 being around the top of the current range of analyst forecasts (Note 1).

Franchise growth

We delivered strong franchise growth in the first three months of 2007.

Prime residential net mortgage lending was around £1bn, a 3.9% share of the UK total mortgage market, higher than our 3.5% share of UK mortgage balances. In the first quarter of 2007 we continued to distribute buy to let, self certified, near prime and sub prime specialist mortgage products under an agreement with Lehman Brothers, with around £80m of new lending made under this agreement. Since April 2007 we have started to underwrite buy to let mortgages with a loan to value ratio of below 85%, and to manage these loans on our own balance sheet.

Our unsecured personal loan gross advances were £802m in the first quarter of 2007, higher than in the same period in 2006. Unsecured loan balances at the end of March 2007 were £3.8bn. Personal customer deposit balances increased to just over £23bn at the end of March 2007 (December 2006: £22.7bn) and our current account base continues to grow, with sales of new current accounts in the first quarter of 2007 in line with the strong performance achieved in same period in 2006.

Our commercial lending balances were £6.9bn at the end of the first quarter of 2007, £400m higher than at the end of December 2006. Our business banking account base continues to see good growth, with new account openings in the first three months of 2007 higher than in the same period in 2006.

Income and costs

The revenue growth rate in the first half of 2007 is expected to be significantly higher than that achieved in similar periods in recent years. This reflects the strong franchise growth in our core products over the past few years and a more stable net interest margin.

Average interest earning assets in the first three months of 2007 were 9% higher than the average for the whole of 2006. The Group's net interest margin in the first three months of 2007 was slightly lower than the 2006 full year margin of 1.30%. Partner 4 and commercial lending non-interest income in the first half of 2007 are expected to increase, although this is expected to be offset by lower current account and money transmission revenues.

Total costs (Note 2) in the first half of 2007 are expected to be slightly lower than the £358m reported in the second half of 2006. Total costs will include an asset write-off of around £10m as a result of the planned re-development of our Bootle administration centre. This cost will be more than offset by a one-off reduction in the Group's Post Office costs resulting from the signing of a new cash contract in April 2007, which will also have ongoing benefits.

Operating lease depreciation for the first half of 2007 is expected to be broadly in line with the £39m incurred in the second half of 2006.

Asset quality and impairment losses

The Group's asset quality remains strong.

Our mortgage asset quality remains excellent, with the proportion of accounts in arrears remaining similar to that at the end of 2006.

Our unsecured personal loans asset quality remains strong with 5.5% of balances in arrears at 31 May 2007, lower than at 31 December 2006. We continue to expect the unsecured personal loan impairment loss charge in the first half of 2007 to be lower than for the same period in 2006, reflecting the higher quality of lending written since late

In Commercial Banking, the impairment loss charge in the first half of 2007 is expected to be slightly lower than the charge incurred in the second half of 2006.

Capital

We have commenced our £300m share buyback programme and as at 12 June 2007 we had bought back 4.6m shares at a total cost of £53.4m.
