Notes to Consolidated Financial Statements

As at and for the period July 6, 2006 to September 30, 2006 (Note 1) - Unaudited
(all tabular amounts in $000's)

1 Nature of the Organization

Petrowest Energy Services Trust ("Petrowest") is an open-ended unincorporated mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust dated July 6, 2006 and commenced commercial operations on September 7, 2006.

Petrowest was created to hold, indirectly, controlling limited partner interests, hold the common shares in the general partner and invest in the businesses noted below. Petrowest is a business trust operating an energy services business through its indirect subsidiaries. Unitholders hold Units of Petrowest which in turn holds a 100% beneficial interest in the Petrowest Business Trust (the "Business Trust"). The Business Trust, via four limited partnerships with Petrowest Energy Services General Partner Ltd. as the general partner, hold the assets of the businesses historically operated by the Acquired Companies noted below. The four limited partnerships are involved in the construction, transportation, civil services, and rentals industries.

Pursuant to a prospectus dated August 28, 2006 the Trust issued units of the Trust and used the proceeds via its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies. The base purchase price of Acquired Companies was $230,934,992, subject to closing adjustments. The purchase price was funded by payment of $103,284,052 in cash and the issuance of units by the Trust for proceeds of $127,650,940.

The acquired assets representing the assets and business operations of the various Acquired Companies were then transferred to the four limited partnerships as follows.

Petrowest Rental Services LP	Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd. ("Northern Tractor") Neuwest Equipment rentals Inc. ("Neuwest")
Petrowest Transportation LP	404434 Alberta Corporation, 756171 Alberta Corp. and 756169 Alberta Corp. ("D&D") Murtron Hauling Ltd. and 815431 Alberta Ltd. ("Murtron")
Petrowest Construction LP	Roy Larson Construction Ltd. ("Roy Larson") Gordon Bros. Construction Ltd. and 332691 Alberta Ltd. ("332691") 310423 Alberta Ltd. ("310423") operating as Wales Contracting Ltd.
Petrowest Civil Services LP	R. Bee Crushing Ltd., Bernet Venture Ltd. and Dal Finn Holdings Ltd. ("R. Bee") Safetymaster Rentals Corp. ("Safetymaster")

(collectively, the "Acquired Companies")

Petrowest Energy Services Trust
Notes to Consolidated Financial Statements
As at and for the period July 6, 2006 to September 30, 2006 (Note 1) - Unaudited
(all tabular amounts in $000's)

1 Nature of the Organization- continued

Petrowest began publicly trading on the Toronto Stock Exchange on September 7, 2006 under the trading symbol PRW.UN.

All operations of Petrowest are located in Western Canada, primarily in northwestern Alberta and northeastern British Columbia, and provide services to the crude oil, tar sand and natural gas exploration and production customers. In addition Petrowest provides services to the lumber, pulp and paper industries and various municipal, governmental and commercial customers for work on infrastructure development.

2 Summary of Significant Accounting Policies

Petrowest is made up of various subsidiaries and limited partnerships which for the purposes of these financial statements have been consolidated to reflect the operations relating to Petrowest. These financial statements are stated in Canadian dollars and have been prepared by the management of Petrowest in conformity with Canadian generally accepted accounting principles ("GAAP").

a) Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

b) Inventory

Inventory consists of gravel, spare equipment parts, tires, materials and supplies and is valued at the lower of cost and net realizable value with the cost being determined on a first-in, first-out basis.

c) Property and Equipment

Property and equipment assets recorded on the acquisition of the Acquired Companies have been recorded at the estimated fair market value of the assets at the date of acquisition. Property and equipment asset acquisitions incurred after the acquisition of the Acquired Companies are recorded at cost.

Amortization is applied to reduce the value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually or on an actual usage basis at the following rates.

Buildings, portable buildings and fencing	2%-10%
Heavy equipment	5%-25%
Vehicles	25%-35%
Trailers	5%-25%
Equipment	15%-40%
Office Furniture and Equipment	20%-30%
Communications, computer hardware and software	30%-60%

Petrowest Energy Services Trust

Notes to Consolidated Financial Statements

As at and for the period July 6, 2006 to September 30, 2006 (Note 1) - Unaudited
(all tabular amounts in $000's)

2 Summary of Significant Accounting Policies-continued

Management assesses the carrying amount of property and equipment assets for impairment when facts and circumstances indicate a potential impairment. If it is determined the estimated net recoverable amount, measured by either market value, if applicable, or estimated by calculating the present value of expected cash flows from the asset, is less than the net carrying amount, a write-down to the asset's fair value is recognized during the period.

d) Goodwill

Goodwill represents the excess of purchase price of the Acquired Companies over fair value of net assets acquired and liabilities assumed. Goodwill is not subject to amortization, but is tested for impairment on an annual basis, or more frequently if events occur that could result in impairment, by applying a fair value based test. The amount of impairment is determined on a reporting unit basis by deducting the fair value of liabilities from the fair value of assets to determine an implied goodwill. This is then compared to the book value of goodwill. Any goodwill impairment is recognized as an expense in the period the impairment is determined.

e) Intangible assets

Intangible assets, consisting of acquired customer relationships, brand and trade names and non-competition agreements are recorded at cost and amortized over their useful lives, which is estimated to be between 5 and 10 years. Intangible assets are regularly evaluated by comparing their applicable estimated future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

f) Revenue recognition

Petrowest's services are generally sold based upon contractual agreements or purchase orders with the customer that include fixed or determinable prices. Revenue is recognized when services are rendered or over the rental period and when collection can be reasonably assured.

g) Use of estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant. These estimates are reviewed periodically and as adjustments become necessary they are reported in earnings in the period in which they become known. Such estimates including providing initial valuation of assets on the acquisition of the Acquired Companies, amortization of property and equipment and intangible assets, recoverability of accounts receivable, valuation of intangible assets and goodwill are the areas most subject to estimation. Actual results could differ from these estimates.

Petrowest Energy Services Trust

Notes to Consolidated Financial Statements

As at and for the period July 6, 2006 to September 30, 2006 (Note 1) - Unaudited
(all tabular amounts in $000's)

2 Summary of Significant Accounting Policies -continued

h) Income taxes

Petrowest, and its operating entities, are taxable entities under the Income Tax Act of Canada; however they are currently taxable only on income that is not distributed or distributable to the unit holders. As the Trust currently distributes all of its taxable income to the unit holders, no provision for income taxes has been made in these consolidated financial statements. Recent proposed changes to the Income Tax Act of Canada will result in a change to the status of Trust with respect to income taxes being levied on distributions after January 1, 2011.

i) Stock based compensation

Options to purchase Trust units granted under the Unit Option Plan are described in Note 8 of these financial statements. Unit based compensation is recognized in accordance with the fair-value based method of accounting. Compensation expense for unit options awarded under the plan is measured at estimated fair value at the grant date. This is done using a Binomial valuation model and is recognized as unit-based compensation expense over the vesting period of the options granted.

j) Per Unit amounts

Basic per unit amounts are calculated using the weighted average number of Trust Units outstanding during the period. Diluted per Unit amounts are calculated by adding potentially dilutive option units to the weighted average number of Trust Units outstanding during the period using the treasury stock method. Potentially dilutive option units are only considered dilutive and added if, and to the extent that they are "in the money". Under this method, the diluted weighted average number of units is calculated assuming the proceeds for the exercise of the dilutive option units are purchased at the average market price for the period.

3 Seasonality

Petrowest's operations are in northern Alberta and northeast British Columbia. Accordingly the operations are susceptible to the impacts of the seasons. Quarter one is in the winter months and is subject to frozen conditions, periods of extreme cold and snow. This is typically an extremely busy quarter for oil and gas exploration and development as drilling activity focuses on areas located in muskeg and swamp type conditions not normally accessible in a non frozen state. Quarter two is generally the slowest period for Trust operations. Spring time melt conditions result in soft wet ground generally referred to as spring breakup, and the implementation of road bans which prevent heavy load transportation on roadways. Quarter three encompasses the summer months, and Trust activity is average with work relating to oil and gas projects in areas that do not entail access through muskeg. Quarter four starts out similar to the summer activity and ramps up as the ground freezes and access is permitted.

Petrowest Energy Services Trust

Notes to Consolidated Financial Statements

As at and for the period July 6, 2006 to September 30, 2006 (Note 1) - Unaudited
(all tabular amounts in $000's)

4 Acquisitions

Petrowest pursuant to a prospectus dated August 28, 2006 issued units of the Trust and used the proceeds via its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies listed below. The estimated purchase price of Acquired Companies calculated as the base purchase price plus working capital less debt was $230,934,992, subject to post closing adjustments for actual working capital and debt. The purchase price was funded by payment of $103,284,052 in cash and the issuance of units by the Trust for proceeds of $127,650,940. In conjunction with acquisitions, all debt and capital lease obligations were repaid by Petrowest through the use of proceeds from the offering.

(collectively, the "Acquired Companies")

Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd. ("Northern Tractor")
Neuwest Equipment rentals Inc. ("Neuwest")
404434 Alberta Corporation, 756171 Alberta Corp. and 756169 Alberta Corp. ("D&D")
Murtron Hauling Ltd. and 815431 Alberta Ltd. ("Murtron")
Roy Larson Construction Ltd. ("Roy Larson")
Gordon Bros. Construction Ltd. and 332691 Alberta Ltd. ("332691")
310423 Alberta Ltd. ("310423") operating as Wales Contracting Ltd.
R. Bee Crushing Ltd., Bernet Venture Ltd. and Dal Finn Holdings Ltd. ("R. Bee")
Safetymaster Rentals Corp. ("Safetymaster")

The acquisitions have accounted for using the purchase method with the assets acquired and liabilities assumed recorded at preliminary estimates of fair value. The final allocation of the purchase price will be based on the assets acquired and liabilities assumed at the effective date of the Acquisition based upon internal and/or independent asset valuations. The purchase price has not yet been finalized and is subject to change. A preliminary allocation of the consideration is as follows:

Net assets acquired	
Cash acquired on acquisition	4,684
Non-cash working capital acquired on acquisition	
Accounts receivable	38,325
Prepaid expenses	368
Inventories	4,319
Accounts payable and accrued liabilities	(24,805)
Income taxes payable	(174)
Property and equipment	84,085
Intangibles	55,151
Goodwill	99,104
Total	261,057
Consideration given for value of shares and shareholder loans of acquired companies	
Cash to vendors on closing	103,284
Purchase price adjustment	7,424
Retirement of long-term debt and capital lease obligations	22,698
	133,406
Trust Units (12,765,094 units issued)	127,651
Total	261,057

Petrowest Energy Services Trust

Notes to Consolidated Financial Statements

As at and for the period July 6, 2006 to September 30, 2006 (Note 1) - Unaudited
(all tabular amounts in $000's)

4 Acquisitions - continued

Net working capital acquired on the Acquisition includes cash, accounts receivable, inventory, prepaid expenses, income taxes recoverable, bank indebtedness, accounts payable and accrued liabilities and income taxes payable. The purchase price is affected by the changes in working capital, shareholder loans and long-term debt from the date specified in the purchase and sale agreement to the date of closing. Changes in the balances for these items as the Trust realizes on the value of working capital assets will affect the net consideration paid by the Trust to the owners which is estimated to be $7,423,581. These adjustments may be material.

5 Property and Equipment

	Cost	Accumulated Amortization	Net Book Value
Buildings, portable buildings and fencing	1,673	12	1,661
Heavy equipment	56,388	748	55,640
Vehicles	6,894	145	6,749
Trailers	7,048	58	6,990
Equipment	7,869	98	7,771
Office Furniture and Equipment	2,516	79	2,437
Communications, computer hardware and software	62	2	60
Total	82,450	1,142	81,308

6 Intangible Assets

	Amortization Term	Cost	Accumulated Amortization	Net Book Value
Non Competition Agreements	5 yrs S.L.	25,576	426	25,150
Brand and Trade Names	10 yrs S.L.	5,389	45	5,344
Customer Relationships	10 yrs S.L.	24,186	201	23,985
Total		55,151	672	54,479

7 Unitholders' Capital

a) Unitholders' Capital Authorized

The Trust is authorized to issue an unlimited number of Trust Units. Prior to the conversion of the Subordinated Units, holders of Trust Units will be entitled to receive per month distributions in priority to any payments on the Subordinated Units.

The Trust is authorized to issue an unlimited number of Subordinated Units. Distributions on the Subordinated Units will be subordinated in favour of Trust Units. Distributions on the Subordinated Units will only be paid at the end of a fiscal quarter to the extent that: (i) the Trust has paid distributions per month of at least $0.10 per Trust Unit to holders of Trust Units during that quarter, and, (ii) any deficiency in such distributions to holders of Trust Units during the preceding 12 months has been satisfied.

The Trust is authorized to issue an unlimited number of Special Voting Units which are not entitled to any distributions. No Special Voting Units have been issued to date.

Petrowest Energy Services Trust

Notes to Consolidated Financial Statements

As at and for the period July 6, 2006 to September 30, 2006 (Note 1) - Unaudited
(all tabular amounts in $000's)

7 Unitholders' Capital - continued

Issued

	Outstanding	
Trust Units issued for cash net of issue costs	14,000,000	$ 128,087
Trust Units issued on acquisitions	12,765,094	127,651
Total Units	26,765,094	255,738
Subordinated Units		
Issued for cash	1,510,000	1,510
Issued for promissory notes	-	3,020
Less: Amount issued for promissory notes	-	(3,020)
Basic and Fully Diluted	28,275,094	$ 257,248

Trust Units were issued on closing of the initial public offering filed on August 28, 2006 at a price of $10.00 per unit. Trust issue costs in conjunction with the offering were $ 11.9 million.

The Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that will be forgiven over three years if the subscriber remains as a director, officer or employee of Petrowest.

8 Stock Based Compensation

Petrowest implemented a stock option plan whereby options to acquire Trust Units may be granted to directors, officers, employees and consultants.

The aggregate number of Trust units issuable upon the exercise of options outstanding under the plan at any time may not exceed 10% of the issued and outstanding Trust Units. The period during which an option granted under the Plan is exercisable may not exceed five years from the date such option is granted. The options issued under the Plan vest 1/3 after one year, 1/3 after two years and 1/3 after three years.

As at September 30, 2006	Number of options outstanding	Weighted average exercise price
Granted – September 7, 2006	2,605,000	$10.00
Expired	-	-
	2,605,000	$10.00
Outstanding, September 30, 2006		
Exercisable, September 30, 2006	-	-

The total value of stock-based compensation for options issued to employees and directors was calculated using a binomial option pricing model to estimate the fair value of stock options on the date of grant. The assumptions made for the options granted in 2006 are as follows.

Expected volatility	40.0 %
Risk-free interest rate	4.2 %
Expected life of options	5 years
Dividend yield	12.0 %

The Trust recorded compensation expense and contributed surplus of $105,922 for the period September 7, 2006 to September 30, 2006 which is recorded in general and administrative expenses.

Petrowest Energy Services Trust

Notes to Consolidated Financial Statements

As at and for the period July 6, 2006 to September 30, 2006 (Note 1) - Unaudited
(all tabular amounts in $000's)

9 Related party Transactions

Petrowest paid rents for office space for a building owned by an executive officer of the company in the amount of $37,100. Transactions were estimated to equal fair market value.

10 Financial Instruments

Fair values of financial assets and liabilities
Petrowest's financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable, accrued liabilities, purchase price adjustment payable and distributions payable. As at September 30, 2006 there were no significant differences between the carrying amounts of these financial instruments and their estimate fair market value.

Credit Risk
Petrowest's is exposed to credit risk on accounts receivables due from its customers. Management routinely assesses the financial strengths of customers and monitors exposure for credit losses.

11 Commitments

The Trust has entered into operating leases for office and shop premises and equipment that provide for minimum annual lease payments as follows:

2006	2,822
2007	7,608
2008	6,281
2009	4,984
2010	3,192
2011	1,971
2012	255

12 Segmented Information

The Trust determines its reportable segments base on the structure of its operations, which are primarily focused on four principal business segments – Road and Lease Construction, Transportation, Civil Services and Equipment Rentals. The accounting policies followed by these business segments are the same as those described in the summary of significant accounting policies. The following is selected financial information for each business segment.

Petrowest Energy Services Trust

13 Subsequent Event

On November 10, 2006 Petrowest completed negotiations and entered into an agreement with certain financial lenders for an operating line of credit facility available for growth capital, acquisition and working capital needs in the amount of $60 million. Amounts drawn on the facility bear interest at rates from prime +0% to prime +1% based on levels of funded debt to EBITDA and is secured by a general assignment of book debts.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following Management's Discussion and Analysis (MD&A) is dated November 14, 2006. The MD&A should be read in conjunction with Petrowest Energy Services Trust's ("Petrowest" or the "Trust") unaudited interim consolidated financial statements as at and for the period July 6, 2006 to September 30, 2006, (1) as well as the MD&A's of the "Acquired Companies" contained in the Trust's prospectus dated August 28, 2006.

(1) Commercial operations commenced September 7, 2006

BASIS OF PRESENTATION

The financial data presented below has been prepared in accordance with Canadian Generally Accepted Accounting Principles ("GAAP"). The reporting and the measuring currency is the Canadian dollar.

FORWARD-LOOKING STATEMENTS

This MD&A contains forward-looking statements that involve substantial known and unknown risks and uncertainties. These forward-looking statements are identified by their use of terms and phrases such as "anticipate", "achievable", "believe", "expect", "estimate", "plan", "intend", "project", "may", "should", "could", "predict", "may", "will", or similar words suggesting future outcomes or language suggesting an outlook. Forward-looking statements and information are based on Petrowest's current beliefs as well as assumptions made by and information currently available to Petrowest concerning anticipated business performance. Although management of Petrowest considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect.

Forward-looking statements are subject to many external variables that are beyond Petrowest's control; such as fluctuating prices for crude oil and natural gas, changes in drilling activity, and general local and global economic, political, business and weather conditions. If any of these, or other uncertainties, materialize the actual results of Petrowest may vary materially from those expected.

FINANCIAL HIGHLIGHTS

Unaudited $000's except per unit amounts, margins and ratios	From commencement of commercial operations on September 7, 2006 to September 30, 2006.
Financial Results	
Revenue	10,907
EBITDA	2,645
EBITDA margin	24.3 %
Net earnings	762
Net earnings margin	7.0 %
Cash from operations	2,902
Financial Position and Liquidity	
Working capital	21,057
Working capital ratio	1.62:1.00
Weighted average number of units Outstanding – basic and diluted	28,275,094
Cash from operations per unit	$ 0.103
Distributions per unit	$ 0.07667
Net earnings per unit – basic and diluted	$ 0.027
Unit Price – September 30, 2006	$ 8.80

NON-GAAP MEASURES

In this MD&A the Trust uses the term "Distributable Cash" to refer to the amount of cash that is expected to be available for distributions to the unitholder; the term "EBITDA" to refer to earnings before interest expenses net of interest income, gain on disposal of assets, amortization of property and equipment and amortization of intangible assets; the term "Adjusted EBITDA" to refer to earnings before management bonuses, before interest expenses net of interest income, gain on disposal of assets, amortization of property and equipment and amortization of intangible assets; the term "EBITDA Margin" to refer to a fraction, the numerator of which is EBITDA and the denominator of which is revenue; and the term "Adjusted EBITDA Margin" to refer to a fraction, the numerator of which is Adjusted EBITDA and the denominator of which is revenue. The terms Distributable Cash, EBITDA, Adjusted EBITDA, EBITDA Margin and Adjusted EBITDA Margin are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP and therefore may not be comparable to performance measures presented by others.

Readers are cautioned that "Distributable Cash", "EBITDA", "Adjusted EBITDA", "EBITDA Margin" and "Adjusted EBITDA Margin" should not be considered as alternatives to net earnings, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP.

DESCRIPTION OF BUSINESS

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. Effective September 7, 2006, Petrowest completed the acquisition of each of, and now carries on the business of each of, the "Acquired Companies" described below, all of which are involved in pre-drilling and post completion energy services and are based in the Grande Prairie area of northern Alberta. The ongoing operations have been segregated into four limited partnerships and the assets and operations of the Acquired Companies are maintained within those partnerships. Petrowest continues to do business under the trade operating names of Gordon Bros. Construction, Roy Larson Construction, Wales Contractors, D&D Well Services, Murtron Hauling, R. Bee Crushing, S.O.S. Oilfield Safety and Nu-Northern Tractor Rentals

Petrowest Construction LP

	Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd. ("Northern Tractor") Neuwest Equipment rentals Inc. ("Neuwest")

(collectively, the "Acquired Companies")

Petrowest Construction LP

The Construction LP operates under the trade names of the original companies, "Gordon Bros. Construction", "Roy Larson Construction", and "Wales Contractors" and specializes in the

construction of oil and gas lease well site pads, road construction, remediation of oil and gas well sites, and civil infrastructure work for non oil and gas clients. The Construction LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors, graders, and scrapers as well as other ancillary support equipment.

Petrowest Transportation LP

The Transportation LP operates under the trade names of the original companies, "D&D Well Services" and "Murtron Hauling" and specializes in the transportation of oil and gas drilling rigs, well site equipment, and heavy equipment as well as specialty hauling services including log loading and hauling, and gravel loading and hauling. The Transportation LP operates a fleet of heavy transport trucks, trailers, jeeps, boosters, and log and gravel loading equipment as well as other ancillary support equipment.

Petrowest Civil Services LP

The Civil Services LP operates under the trade names of the original companies, "R. Bee Crushing", and "S.O.S. Oilfield Safety". The Civil Services LP specializes in mobile aggregate rock crushing and sand screening for gravel supply operations throughout Alberta and British Columbia operating a fleet of cone and jaw crusher units, conveyor and sand stacker units, loaders, dozers, tracked hoe excavators and articulated rock trucks. The Civil Services LP also provides safety services including safety supervision and rental of safety air units and wash units provide for safety support during oil and gas drilling operations and plant turnarounds.

Petrowest Rental Services LP

The Rental Services LP operates under the new trade name of "Nu-Northern Tractor Rentals" and specializes in heavy equipment rentals to oil and gas companies, tar sand clients, and independent contractors working in the oil and gas, mining, logging, pulp and paper and civil construction industries. The Rental Services LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors, and side-boom pipelayers.

Petrowest's results are directly impacted by the overall health of the Alberta oil and gas industry. The relative long term strength in the commodity market has steadily increased demand for the Trust's services.

The effects of weather usually have a direct impact on Petrowest. Oil and gas drilling activity is generally stronger November through March. Wet weather in the spring and early summer months hinder the activity, which regains strength in July and August. Therefore, a longer, colder winter and drier spring and summer enhances operational results. This year saw a relatively short spring break up and a drier summer than the 2005 season. Accordingly, the Trust realized gains in revenue and Adjusted EBITDA over the 2005 season.

The recent weakness in the stock markets and softening of North American gas prices have resulted in fears of industry activity slow downs. The Trust operations are primarily in the deep gas market regions of the Western Canadian Sedimentary Basin and historically this region has been less impacted by cyclical swings in market prices due to the longer lead times in access, drilling and completion of planned wells. Oil and gas producer companies have generally taken a longer term view of project work in the area the Trust works in and have not reduced activity in the Trust operating areas to the extent they may in shallow gas or coal bed methane development areas.

Further, due to the nature of the Trust's equipment and work specialty, and the nature of the pre-drilling and post completion phases of the well drilling cycle, during times of lower drilling activity, the Trust's equipment has typically been utilized to remediate dry and abandoned oil and gas well sites.

Management of the Trust views this work capability as a counter cyclical buffer to downturns in oil and gas exploration activities.

ACQUISITIONS

The Trust was formed by a deed of trust dated July 6, 2006. Petrowest pursuant to a prospectus dated August 28, 2006 issued units of the Trust and used the proceeds via its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies listed below. The estimated purchase price of Acquired Companies calculated as the base purchase price plus working capital less debt was $230,934,992, subject to post closing adjustments for actual working capital and debt. The purchase price was funded by payment of $103,284,052 in cash and the issuance of units by the Trust for proceeds of $127,650,940. In conjunction with acquisitions, all debt and capital lease obligations were repaid by Petrowest through the use of proceeds from the offering.

The Acquisition has been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at preliminary estimates of fair value. The final allocation of the purchase price will be based on the assets acquired and liabilities assumed at the effective date of the Acquisition based upon internal and/or independent asset valuations. The purchase price has not yet been finalized and is subject to change. A preliminary allocation of the consideration is as follows:

Net assets acquired	**in $000's**
Cash acquired on acquisition	4,684
Non-cash working capital acquired on acquisition	
Accounts receivable	38,325
Prepaid expenses	368
Inventories	4,319
Accounts payable and accrued liabilities	(24,805)
Income taxes payable	(174)
Property and equipment	84,085
Intangibles	55,151
Goodwill	99,104
Total	261,057

Consideration given for value of shares and shareholder loans of acquired companies	
Cash to vendors on closing	103,284
Purchase price adjustment	7,424
Retirement of long-term debt and capital lease obligations	22,698
	133,406
Trust Units (12,765,094 units issued)	127,651
Total	261,057

Net working capital acquired on the Acquisition includes cash, accounts receivable, inventory, prepaid expenses, income taxes recoverable, bank indebtedness, accounts payable and accrued liabilities and income taxes payable. The purchase price is affected by the changes in working capital, shareholder loans and long-term debt from the date specified in the purchase and sale agreement to the date of closing. Changes in the balances for these items as the Trust realizes on the value of working capital assets will affect the net consideration paid by the Trust to the owners which is estimated to be $7,423,581. These adjustments may be material.

QUARTERLY COMPARABLES

The Trust was created pursuant to a deed of trust on July 6, 2006 and the financial reporting is effective from this date. Pursuant to a prospectus dated August 28, 2006, the Trust issued units of the Trust and used the proceeds via its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies. The transaction closed and Petrowest commenced trading on the Toronto Stock Exchange on September 7, 2006 the day of commencement of commercial operations. Accordingly, the third quarter of fiscal 2006 has no comparative figures for the same period in the previous year, as the Trust was not yet created. For purposes of the following MD&A discussion, Petrowest has provided certain quarterly financial information considered meaningful on the basis that the Acquired Companies had been acquired at January 1, 2005.

Unaudited **$000s** *except per unit amounts, margins and ratios*	**From commencement of commercial operations September 7, 2006 to September 30, 2006**	**Nine months ended September 30, 2006** **(Pro forma)**	**Nine months ended September 30, 2005** **(Pro forma)**
Revenue by segment			
Construction	2,520	36,788	32,788
Transportation	3,726	45,665	31,591
Civil	3,697	29,036	21,819
Rentals	964	8,940	6,297
Total Revenue	10,907	120,429	92,495
Operating expenses by segment		*Note (1) includes administrative*	*Note (1) includes administrative*
Construction	1,857	28,128	25,215
Transportation	3,052	34,387	22,881
Civil	2,242	18,816	14,180
Rentals	604	3,924	3,090
Total operating expenses	7,755	85,255	65,366
Administrative Expenses *(1)*	507	507*(1)*	n/a
Adjusted EBITDA*(2)*	n/a	**34,667**	**27,129**
EBITDA*(2)*	**2,645**	n/a	n/a
Amortization of property and equipment*(3)*	1,142	n/a	n/a
Amortization of intangible assets	672	n/a	n/a
Interest - net*(3)*	127	n/a	n/a
Gain on disposal of assets	(58)	n/a	n/a
Net Earnings[3]	**$ 762**	n/a	n/a
Net Earnings per unit basic and diluted	$ 0.027	n/a	n/a

Notes *(1) No separation of operating and administrative expenses is available in past quarters. Accordingly for purposes of the MD&A discussion the expenses have been combined. Administrative expenses relating to the period of acquisition to September 30, 2006 have been added to the nine month period ending September 30, 2006 as they were not segregated by segment.*

(2) The terms EBITDA and ADJUSTED EBITDA are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. ADJUSTED EBITDA is a Non-GAAP measure that in management's opinion represents a better measure of cash liquidity in the nine month periods ending September 30, 2006 and 2005 than EBITDA since the Acquired Companies declared bonuses to reduce taxable income to the small business limit during those periods.

(3) No presentation has been made for comparison of Amortization, Interest-net, Income taxes, and Net Earnings. The significant differences between the operation and tax structure of the Trust versus the previous private company structures, including the calculation of income taxes, the methods of amortization, and the comparable debt levels make the comparison of these items and net earnings not meaningful.

REVENUE

Revenue for the period from commencement of commercial operations on September 7, 2006 to September 30, 2006 was $10,906,797. General September activity levels were slightly lower than the month of September in 2005. Because the summer of 2005 was so wet, normal summer work was delayed until the fall in 2005. The drier summer in 2006 allowed planned work to be completed earlier resulting in the more normal seasonal slowdown in September.

On a per segment basis, the month of September is usually a slower month for the Construction and Rentals segment. Equipment is being maintained in preparation for the peak winter construction season, and weather delays are experienced as the days are not warm enough to dry out moisture. Accordingly, the Construction segment only accounted for 23.1% of the total Trust revenues and Rentals segment accounted for 8.8% of the Trust revenue. The Transportation segment was extremely busy with gravel hauling operations and equipment/rig moving, but did experience a number of down days due to weather. In spite of weather issues, the Transportation segment accounted for 34.2% of the Trust's revenue in the period since acquisition. The Civil segment was not far behind the Transportation segment at 33.9% with gravel crushing operations running 100% for the period since acquisition. Safety consulting and rentals experienced solid performance for the time of year.

Had the Acquired Companies been combined for the nine months ended September 30, 2006, on a pro forma basis, the Trust would have showed an increase in Revenue of $27,933,880 or a growth rate of 30.2% over the same period in 2005. The increase in revenue is due to increased activity levels in the industry as well as increased capacity in equipment and labor within the individual operating partnerships.

On a per segment basis, Transportation experienced the largest volume gain generating approximately $14,073,797 a 44.5% increase in additional revenue for the pro forma nine month period. This gain was a combination of general activity increases, additional equipment and the benefits of higher pricing. The other segments, Construction, Civil and Rentals also experienced very solid growth rates. The high oil and gas activity levels in the Trust's work area, primarily accounted for the revenue gains.

OPERATING EXPENSES AND GENERAL AND ADMINISTRATIVE

Operating expenses for the period from commencement of commercial operations on September 7, 2006 to September 30, 2006 were $7,755,360, and equate to 71.1% of revenue.

On a per segment basis the costs for the period are not comparable with the pro forma year to date numbers because general and administrative costs could not be separated in the pro forma information. However, when general and administrative are included with operating expenses to provide a comparable format to the pro forma information provided, total operating expenses and general and administrative are $8,262,487 or 75.8% of revenue. The period costs from commencement of commercial operations on September 7, 2006 to September 30, 2006 are up by approximate 4.9% compared to the pro forma comparatives annual average operating costs. Included in these costs are pre-winter maintenance and delays associated with weather.

General and administrative expenses for the period from commencement of commercial operations on September 7, 2006 to September 30, 2006 were $507,127. General and administrative costs for the period since acquisition were 4.6% of revenue.

Had the Acquired Companies been combined for the nine months ended September 30, 2006 the Trust would have had an increase in Operating and General and Administrative Expenses of $20,396,874. Included in this operating cost increase is approximately $2,189,571 in professional fees paid by the Acquired Companies associated with the IPO, tax planning, additional audit and accounting and other legal fees associated with the Acquisition. The Trust views the majority of these costs to be non-recurring. Even with the additional professional fee costs, the margin loss is minimal, only 0.5% for the same period in 2005. Adjusted for the estimated non – recurring costs a real margin gain is realized of approximately 1.3 % for the pro forma nine month period.

EBITDA (ADJUSTED EBITDA-comparables)

EBITDA for the period from commencement of commercial operations on September 7, 2006 to September 30, 2006 was $2,644,310. This represents an EBITDA margin of 24.3 %. For the nine month period ended September 30, 2006 Adjusted EBITDA was $34,666,397 compared to $27,129,392 for the same period in 2005. EBITDA margin was 28.8 % compared to 29.3 % for the same period in 2005.

AMORTIZATION OF PROPERTY AND EQUIPMENT

The Trust began providing amortization on its property and equipment assets from the date of acquisition of the Acquired Companies. Amortization for the period ending September 2006 was $1,141,404. Amortization is applied to reduce the value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually or on an actual usage basis. Management assesses the carrying amount of property and equipment assets for impairment and if impairment is determined a writedown to the asset's fair value is recognized during the period.

AMORTIZATION OF INTANGIBLE ASSETS

Intangible assets, consisting of acquired customer relationships, brand and trade names and non-competition agreements are recorded at cost and amortized over their useful lives, which is estimated to be between 5 and 10 years. Intangible assets are regularly evaluated by comparing their applicable estimated future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

INTEREST

Interest expense reflects carrying costs of debt held in the Acquired Companies from date of closing to payout by the Trust including interest and penalties associated with early retirement on lease obligations.

INCOME TAXES

Petrowest, and its operating entities, are taxable entities under the Income Tax Act of Canada and are currently taxable only on income that is not distributed or distributable to the unit holders. As the Trust currently distributes all of its taxable income to the unit holders, no provision for income taxes has been made in these consolidated financial statements. Recent proposed changes to the Income Tax Act of Canada will result in a change to the status of the Trust with respect to income taxes being levied on distributions after January 1, 2011.

NET INCOME

Net income for the period from commencement of commercial operations on September 7, 2006 to September 30, 2006 was approximately $762,638. This represents earnings per unit of $ 0.027, basic and fully diluted.

RECONCILIATION OF NET EARNINGS TO EBITDA AND DISTRIBUTABLE CASH

Unaudited $000s	From the commencement of commercial operations on September 7, 2006 to September 30, 2006
Net Earnings	762
Interest	132
Amortization of property and equipment	1,142
Amortization of intangibles	672
Interest income	(5)
(Gain) loss on disposal of property and equipment	(58)
EBITDA	2,645
Unit based compensation	106
Interest	(132)
Maintenance capital expenditures (1)	(206)
Distributable Cash	2,413

RECONCILIATION OF CASH FLOW FROM OPERATIONS TO DISTRIBUTABLE CASH

Unaudited $000s	From the commencement of commercial operations on September 7, 2006 to September 30, 2006
Cash flow from operations	2,902
Changes in non-cash working capital items	(278)
	2,624
Interest income	(5)
Maintenance capital expenditures (1)	(206)
Distributable Cash	2,413
Accrued distributions to Unitholders	2,168

(1) *The Trust charges to expense all regular ongoing maintenance expense. "Maintenance capital expenditures" is defined as the amount incurred or reserved during the period to conduct infrequent major overhauls of equipment. The amount will fluctuate from period to period.*

Cash flow from operations

Excluding the effects of changes in non-cash working capital items, cash flow from operations for the period ended September 30, 2006 was $2,623,998.

The Trust believes that cash provided from operations combined with its strategy of financing certain capital asset acquisitions, specifically those assets with shorter economic lives, with short term operating leases will sustain liquidity, minimize maintenance capital expenditure costs, provide capital for growth and provide a means to maintain productive capacity.

Cash flow from financing activities

Cash from financing activities in the net amount of $129,596,642 were provided from the initial public offering and subscription of subordinated trust units. Costs of the initial public offering were $11,913,358.

Cash flow from investing activities

Investment activities consisted of the acquisition of the Acquired Companies and associated transfer of assets on closing and the purchase of new assets for use in the Trust.

ACCRUED DISTRIBUTIONS

The initial cash distribution to be paid by the Trust, will be for the period from September 7, 2006 (the closing date) to October 31, 2006. It will be paid on November 15, 2006 to Unitholders of record on October 31, 2006, and is estimated to be approximately $4,995,361 million in the aggregate, representing $0.17667 per Unit.

The Trust accrued distributions to unitholders in the amount of $2,167,851 for the period ended September 30, 2006 representing $0.07667 per unit.

Future distributions and the actual payout ratio will be at the discretion of the Board of Directors of Petrowest Energy Services General Partner Ltd. and may vary depending on the current and anticipated level of activity in the energy services industry as well as the operational performance of the various partnerships.

PROPERTY AND EQUIPMENT EXPENDITURES

Property and equipment assets recorded on the acquisition of the Acquired Companies have been recorded at the estimated fair market value of the assets at the date of acquisition. The principal assets acquired as at the date of the acquisition includes a large fleet of heavy equipment including, dozers, tracked hoe excavators, loaders, graders, scrapers, articulated rock trucks, gravel crushing equipment, and heavy haul trucks and trailers.

Property and equipment asset acquisitions incurred after the acquisition of the Acquired Companies are recorded at cost.

CONTRACTUAL OBLIGATIONS – PAYMENTS DUE BY PERIOD

	As at September 30, 2006 in $000's				
$000s	**< 1 year**	**1 - 3 Years**	**4 - 6 Years**	**Thereafter**	**Total**
Operating Leases on Equipment [(1)]	2,401	13,136	1,443	Nil	16,980
Operating Leases on Offices, Shop and yards [(1)]	421	5,737	3,975	Nil	10,133
TOTAL	2,822	18,873	5,418	Nil	27,113

Notes

(1) Operating lease obligations are described under Note 11 to the September 30, 2006 Consolidated Financial Statements.

LIQUIDITY

Working Capital

$000s	As at September 30, 2006
Cash and cash equivalents	12,894
Accounts receivable	37,004
Prepaid expenses and deposits	1,441
Inventory	3,895
Accounts payable and accrued liabilities	(24,417)
Income taxes payable	(168)
Distributions payable	(2,168)
Purchase price adjustment	(7,424)
Working capital	21,057

Working capital at September 30, 2006 was $21,057,246. This represents a working capital ratio of 1.62 : 1.00.

Purchase price adjustment

The Accrued purchase price adjustment relates to changes in working capital, shareholder loans and long-term debt and obligations under capital leases and the sale of redundant assets from the values estimated in the purchase and sale agreements to the actual amounts at closing of the transaction. The realization on these working capital, redundant assets items and final settlement of obligations will affect the net purchase price paid to the former shareholders of the Acquired Companies. Management has estimated the value of the additional payable to the vendors on a net basis to be $7,423,581. As the Trust realizes on the settlement of the various assets acquired this accrual is subject to change.

FINANCING

On November 10, 2006 Petrowest completed negotiations and entered into an agreement with certain financial lenders for an operating line of credit facility available for growth capital, acquisition and working capital needs in the amount of $60 million. Amounts drawn on the facility bear interest at rates from prime + 0% to prime + 1% based on levels of funded debt to EBITDA and is secured by a general assignment of book debts.

As at September 30, 2006 no debt instruments had been drawn upon.

UNITHOLDERS EQUITY

The Trust is authorized to issue an unlimited number of Trust Units. Prior to the conversion of the Subordinated Units, holders of Trust Units will be entitled to receive per month distributions in priority to any payments on the Subordinated Units.

The Trust is authorized to issue an unlimited number of Subordinated Units. Distributions on the Subordinated Units will be subordinated in favour of Trust Units. Distributions on the Subordinated Units will only be paid at the end of a fiscal quarter to the extent that: (i) the Trust has paid distributions per month of at least $0.10 per Trust Unit to holders of Trust Units during that quarter, and (ii) any deficiency in such distributions to holders of Trust Units during the preceding 12 months has been satisfied.

The Trust is authorized to issue an unlimited number of Special Voting Units which are not entitled to any distributions. No Special Voting Units have been issued to date.

Issued

	Outstanding	
Trust Units issued for cash net of issue costs	14,000,000	$128,087
Trust Units issued on acquisitions	12,765,094	127,651
Total Units	26,765,094	255,738
Subordinated Units		
Issued for cash	1,510,000	1,510
Issued for promissory notes	-	3,020
Less: Amount issued for promissory notes	-	(3,020)
Basic and Fully Diluted	28,275,094	$ 257,248

Trust Units were issued on closing of the initial public offering filed on August 28, 2006 at a price of $10.00 per unit. Trust issue costs in conjunction with the offering were $11,913,358.

The Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that will be forgiven over three years if the subscriber remains as a director, officer or employee of Petrowest.

FINANCIAL INSTRUMENTS

Petrowest's financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable, accrued liabilities, purchase price adjustment payable and distributions payable. As at September 30, 2006 there were no significant differences between the carrying amounts of these financial instruments and their estimate fair market value.

CREDIT RISK

Petrowest is exposed to credit risk on accounts receivables due from its customers. Management routinely assesses the financial strengths of customers and monitors exposure for credit losses.

RELATED PARTY TRANSACTIONS

Petrowest paid rent for office space on a building owned by an executive officer of the company in the amount of $37,100. Transactions were estimated to equal fair market value.

CRITICAL ACCOUNTING ESTIMATES AND ACCOUNTING POLICIES

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimate in Petrowest's financial statements is the amortization period for property and equipment, valuation of assets in the purchase equation, assumptions used in the black scholes methodology and recoverability of accounts receivable.

Accounting Policies

Petrowest is made up of various subsidiaries and limited partnerships which for the purposes of these financial statements have been consolidated to reflect the operations relating to Petrowest. These financial statements are stated in Canadian dollars and have been prepared by the management of Petrowest in conformity with Canadian generally accepted accounting principles ("GAAP").

a) Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

b) Inventory

Inventory consists of gravel, spare equipment parts, tires, materials and supplies and is valued at the lower of cost and net realizable value with the cost being determined on a first-in, first-out basis.

c) Property and Equipment

Property and equipment assets recorded on the acquisition of the Acquired Companies have been recorded at the estimated fair market value of the assets at the date of acquisition. Property and equipment asset acquisitions incurred after the acquisition of the Acquired Companies are recorded at cost.

Amortization is applied to reduce the value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually or on an actual usage basis at the following rates.

Buildings, portable buildings and fencing	2%-10%
Heavy equipment	5%-25%
Vehicles	25%-35%
Trailers	5%-25%
Equipment	15%-40%
Office Furniture and Equipment	20%-30%
Communications, computer hardware and software	30% - 60%

Management assesses the carrying amount of property and equipment assets for impairment when facts and circumstances indicate a potential impairment. If it is determined the estimated net recoverable amount, measured by either market value, if applicable, or estimated by calculating the present value of expected cash flows from the asset, is less than the net carrying amount, a write-down to the asset's fair value is recognized during the period.

d) Goodwill

Goodwill represents the excess of purchase price of the Acquired Companies over fair value of net assets acquired and liabilities assumed. Goodwill is not subject to amortization, but is tested for impairment on an annual basis, or more frequently if events occur that could result in impairment, by applying a fair value based test. The amount of impairment is determined on a reporting unit basis by deducting the fair value of liabilities from the fair value of assets to

determine an implied goodwill. This is then compared to the book value of goodwill. Any goodwill impairment is recognized as an expense in the period the impairment is determined.

e) **Intangible assets**

Intangible assets, consisting of acquired customer relationships, brand and trade names and non-competition agreements are recorded at cost and amortized over their useful lives, which is estimated to be between 5 and 10 years. Intangible assets are regularly evaluated by comparing their applicable estimated future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

f) **Revenue recognition**

Petrowest's services are generally sold based upon contractual agreements or purchase orders with the customer that include fixed or determinable prices. Revenue is recognized when services are rendered or over the rental period and when collection can be reasonably assured.

g) **Use of estimates**

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant. These estimates are reviewed periodically and as adjustments become necessary they are reported in earnings in the period in which they become known. Such estimates including providing initial valuation of assets on the acquisition of the Acquired Companies, amortization of property and equipment and intangibles, recoverability of accounts receivable, valuation of intangible assets and goodwill are the areas most subject to estimation. Actual results could differ from these estimates.

h) **Income taxes**

Petrowest, and its operating entities, are taxable entities under the Income Tax Act of Canada; however they are currently taxable only on income that is not distributed or distributable to the unit holders. As the Trust currently distributes all of its taxable income to the unit holders, no provision for income taxes has been made in these consolidated financial statements. Recent proposed changes to the Income Tax Act of Canada will result in a change to the status of Trust with respect to income taxes being levied on distributions after January 1, 2011.

i) **Stock based compensation**

Options to purchase Trust units granted under the Unit Option Plan are described in Note 8 of these financial statements. Unit based compensation is recognized in accordance with the fair-value based method of accounting. Compensation expense for unit options awarded under the plan is measured at estimated fair value at the grant date. This is done using a Binomial valuation model and is recognized as unit-based compensation expense over the vesting period of the options granted.

j) **Per Unit amounts**

Basic per unit amounts are calculated using the weighted average number of Trust Units outstanding during the period. Diluted per Unit amounts are calculated by adding potentially dilutive option units to the weighted average number of Trust Units outstanding during the period

using the treasury stock method. Potentially dilutive option units are only considered dilutive and added if, and to the extent that they are "in the money". Under this method, the diluted weighted average number of units is calculated assuming the proceeds for the exercise of the dilutive option units are purchased at the average market price for the period.

KEY RISKS AND UNCERTAINTIES

Volatility of Industry Conditions

The demand, pricing and terms for energy services largely depend upon the level of industry activity for Canadian natural gas and, to a lesser extent, oil exploration and development. Industry conditions are influenced by numerous factors over which Petrowest will have no control, including: the level of oil and gas prices; expectations about future oil and gas prices; the cost of exploring for, producing and delivering oil and gas; the expected rates of declining current production; the discovery rates of new oil and gas reserves; available pipeline and other oil and gas transportation capacity; worldwide weather conditions; global political, military, regulatory and economic conditions; and the ability of oil and gas companies to raise equity capital or debt financing.

The level of activity in the Canadian oil and gas exploration and production industry is volatile. No assurance can be given that expected trends in oil and gas production activities will continue or that demand for energy services will reflect the level of activity in the industry. Any prolonged substantial reduction in oil and natural gas prices would likely affect oil and gas production levels and therefore affect the demand for services to oil and gas customers. A material decline in oil or gas prices or Canadian industry activity could have a material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributions to Unitholders.

Seasonality

In Canada, the level of activity in the energy services industry is influenced by seasonal weather patterns. Spring breakup during the second quarter leaves many secondary roads temporarily incapable of supporting the weight of heavy equipment, which results in severe restrictions in the level of energy services. The duration of this period will have a direct impact on the level of Petrowest's activities. Spring breakup occurs earlier in the year in southeastern Alberta than it does in northern Alberta and British Columbia. The timing and duration of spring breakup are dependant on weather patterns but it generally occurs in April and May. Additionally, if an unseasonably warm winter prevents sufficient freezing, Petrowest may not be able to access well sites and its operating results and financial condition may therefore be adversely affected. The demand for energy services may also be affected by the severity of the Canadian winters. In addition, during excessively rainy periods, equipment moves may be delayed, thereby adversely affecting revenues. The volatility in the weather and temperature can therefore create unpredictability in activity and utilization rates, which can have a material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributable income to be distributed to Unitholders.

Capital Expenditures

Petrowest operates in a capital intensive business. There can be no assurance that the actual capital costs incurred by Petrowest will not be higher than anticipated. In particular, Petrowest will be subject to capital costs that it has little control over, including, but not limited to, the cost of the equipment required by Petrowest's business. Any material increase in capital costs may materially affect Petrowest's business, financial conditions, results of operations and cash flows, and therefore the distributable income to be distributed to Unitholders.

Changes in Legislation

There can be no assurance that income tax laws and other governmental programs relating to the oil and gas industry and the energy services industry, such as the status of mutual fund Trusts, will not be changed in a manner which adversely affects Unitholders. Recent proposed changes to the Income Tax

Act of Canada will result in a change to the status of Trust with respect to income taxes being levied on distributions after January 1, 2011.

Absence of Financial History
The Trust has only been carrying on business as a consolidated entity since September 7, 2006, the date the Acquired Companies were acquired by the Trust. As such, management has had limited time to integrate the financial controls and procedures of the Trust with the Acquired Companies. Difficulties in integrating the financial controls and procedures and deficiencies in financial and internal controls and procedures in respect of the Acquired Companies may have a negative effect on the Trust and its operations.

Additional risks are detailed in the Trust's prospectus dated August 28, 2006 which is available in electronic form at www.sedar.com

OUTLOOK

The Trust is starting the process of building a strong presence in the Grande Prairie region of northern Alberta. The acquisition of nine service companies and the integration efforts are well underway. Management believes that growth potential exists not only organically but also by acquisitions and both strategies will be pursued over the next number of months. Managements' objective is solid growth designed to provide sustainable distributions and accretive growth on a per unit basis.

1 Nature of the Organization

Petrowest Energy Services Trust ("Petrowest" or the "Trust") is an open-ended unincorporated mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust dated July 6, 2006. Commercial operations of the Trust commenced on September 7, 2006 and Petrowest began publicly trading on the Toronto Stock Exchange on that same day under the trading symbol PRW.UN. As such, since the trust was formed on July 6, 2006, there is no comparable quarter included in these financial statements.

2 Accounting Policies

These consolidated interim financial statements are stated in Canadian dollars and have been prepared by management in accordance with Canadian Generally Accepted Accounting Principles ("GAAP"). They follow the same accounting policies as the audited consolidated financial statements for the year ended December 31, 2006, except as discussed below, and should be read in conjunction with these statements.

On January 1, 2007, the Trust adopted the new CICA Handbook sections *3855 - Financial Instruments – Recognition and Measurement, 1530 – Comprehensive Income, and 3865 – Hedges.* The financial instruments standard establishes the recognition and measurement criteria of financial assets, financial liabilities and derivatives. All financial instruments are required to be measured at fair value on initial recognition of the instrument, except for certain related party transactions. Measurement in subsequent periods depends on whether the financial instrument has been classified as held-for-trading, available-for-sale, held-to-maturity, loans and receivables, or other financial liabilities as defined by the standard.

Financial assets and financial liabilities held-for-trading are measured at fair value with changes in those fair values recognized in net earnings (loss). Financial assets available-for-sale is measured at fair value, with changes in those fair values recognized in other comprehensive income (loss). Financial assets held-to-maturity, loans and receivables and other financial liabilities are measured at amortized cost using the effective interest method of amortization. The methods used by the Trust in determining the fair value of financial instruments are unchanged as a result of implementing the new standard.

The Trust has no financial instruments or activities that give rise to other comprehensive income (loss). The Trust's cash and cash equivalents are designated as held-for-trading and are measured at carrying value, which approximates fair value due to the short-term nature of these instruments. Accounts receivable are designated as loans and receivables. Accounts payable and accrued liabilities, distribution payable, and the credit facility are designated as other liabilities and are recorded at cost.

3 Seasonality

Petrowest's operations are in northern Alberta and northeast British Columbia. Accordingly, the operations are susceptible to the impacts of the seasons. Quarter one is in the winter months and is subject to frozen conditions, periods of extreme cold and snow. This is typically a busy quarter for oil and gas exploration and development as drilling activity focuses on areas located in muskeg and swamp type conditions not normally accessible in a non-frozen state. Quarter two is generally the slowest period for Petrowest's operations. Spring time melt conditions result in soft, wet ground generally referred to as spring breakup, and the implementation of road bans which prevent heavy load transportation on roadways. Quarter three encompasses the summer months, and Petrowest's activity is average with work relating to oil and gas projects in areas that do not entail access through muskeg. Quarter four starts out similar to the summer activity and ramps up as the ground freezes and access is permitted.

4 Acquisitions

Pursuant to a prospectus dated August 28, 2006, Petrowest issued Units of the Trust and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of Safetymaster Rentals Corporation, R Bee Crushing Ltd., Wales Contractors Ltd., Roy Larson Construction Ltd., Gordon Bros. Construction Ltd., 404434 Alberta Corporation, Murtron Hauling Ltd., Neuwest Equipment Rentals Inc, Northern Tractor Sales and Rentals Co. Ltd., and their affiliates ("Acquired Companies"). The estimated purchase price of the Acquired Companies calculated as the base purchase price plus working capital less debt was $230,934,992, subject to post closing adjustments for actual working capital and debt and the sale of redundant assets.

The Acquisitions have been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. An allocation of the consideration is as follows:

Net assets acquired	**$000's**
Cash acquired on acquisition	6,115
Accounts receivable	37,648
Prepaid expenses	680
Inventories	4,158
Accounts payable and accrued liabilities	(27,257)
Income taxes payable	(215)
Property and equipment	82,699
Intangibles	56,223

7 Revolving Bank Term Loan

The Trust has a $60 million credit facility available for growth capital, acquisition and working capital needs. Loan security is provided by a first charge debenture, a general security agreement and a general assignment of book debts. The credit facility has a one year revolving term which may be extended over an additional 364 days at the discretion of the lender on application by the trust. No principal repayments are required until 90 days after the end of the term of the loan. Principal is then repayable in twelve equal quarterly installments over 36 months. Interest is payable monthly at floating rates between prime and prime + 1.0% depending on the Trust's debt to trailing twelve month EBITDA ratio. The term "EBITDA" is defined as: earnings before interest expenses net of interest income, gain on disposal of assets, amortization of property and equipment and amortization of intangible assets.

Current debt levels require payment of interest at prime.

As at March 31, 2007 the Trust had drawn $25,000,000 on its credit facility for use in the acquisition of equipment. If requested at the end of the term in November of 2007, the first quarterly principal payment would not be due until February 2008 and $2,083,333 has been reported as the current portion.

Principal payments due in the next four years as at March 31, 2007 are as follows:

	$000's
2007	-
2008	2,083
2009	8,333
2010	8,333
2011	6,251

8 Unitholders' Capital

Authorized

The Trust is authorized to issue an unlimited number of Trust Units. Holders of Trust Units will be entitled to receive monthly distributions to the extent declared by the Trust's Board of Trustees in priority to any payments on the Subordinated Units.

8 Unitholders' Capital - continued

Issued

	Outstanding	$000's
Trust Units issued for cash net of issue costs	14,000,000	128,118
Trust Units issued on acquisitions (note 3)	12,765,094	127,651
Total Units	26,765,094	255,769
Subordinated Units		
Issued for cash	1,510,000	1,510
Issued for promissory notes	-	3,020
Less: Amount issued for promissory notes	-	(3,020)
Basic and fully diluted – December 31, 2006 and March 31, 2007	28,275,094	257,279

Trust Units were issued on closing of the initial public offering on September 7, 2006 at a price of $10.00 per unit. Trust issue costs in conjunction with the offering were $11,882,043.

Prior to the IPO, the Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that may be forgiven at the option of the Trust over three years if the subscriber remains as a director, officer or employee of Petrowest.

9 Stock Based Compensation

Petrowest implemented a stock option plan whereby options to acquire Trust Units may be granted to directors, officers, employees and consultants.

The aggregate number of Trust units issuable upon the exercise of options outstanding under the plan at any time may not exceed 10% of the issued and outstanding Trust Units. The period during which an option granted under the Plan is exercisable may not exceed five years from the date such option is granted. The options issued under the Plan vest 1/3 after one year, 1/3 after two years and 1/3 after three years.

As at March 31, 2007	Number of options outstanding	Weighted average exercise price
Granted – September 7, 2006	2,605,000	$10.00
Expired	-	-
Outstanding, December 31, 2006 and March 31, 2007	2,605,000	$10.00
Exercisable, December 31, 2006 and March 31, 2007	-	-

The Trust recorded compensation expense and contributed surplus of $270,000 for the three months ended March 31, 2007. Compensation expense has been included in general and administrative expenses.

10 Related Party Transactions

Petrowest paid rents for office and shop space under leases entered into with certain former vendors in the amount of $321,460. Future lease commitments associated with the transactions are included in note 11.

Transactions were estimated to equal fair market value.

11 Commitments

The Trust has entered into operating leases for office and shop premises and equipment that provide for minimum annual lease payments in the twelve month periods ending as follows:

	$000's
March 31, 2008	10,928
March 31, 2009	9,100
March 31, 2010	5,944
March 31, 2011	4,018
March 31, 2012	2,396

12 Segmented Information

The Trust determines its reportable segments based on the structure of its operations, which are primarily focused on four principal business segments – Construction, Transportation, Civil and Rentals. The following is selected financial information for each business segment.

For the three months ended March 31, 2007 **(unaudited)**

	$000's					
	Construction	Transportation	Civil	Rentals	Corporate	Total
Total Revenue	10,661	12,232	9,976	2,365	-	35,234
Less inter-segment revenue	(677)	(925)	(25)	(744)	-	(2,371)
Revenue	9,984	11,307	9,951	1,621	-	32,863

Net loss	(74)	(22)	1,448	(1,270)	(2,307)	(2,225)

12 Segmented Information - continued

As at March 31, 2007 (unaudited)

Selected balance sheet items	Construction	Transportation	Civil	Rentals	Corporate	Total
Property and equipment	28,221	18,580	21,504	19,164	1,836	89,305
Intangibles	15,202	18,752	9,063	8,241	-	51,258
Goodwill	26,800	31,539	26,225	13,385	-	97,949

All transactions between segments were initially recorded at approximate market rates. Transactions between segments have been eliminated on consolidation.

13 Subsequent Events

On May 9, 2007 Petrowest entered into agreements to acquire all of the outstanding shares and shareholder loans of Cutbank Trucking Ltd. and Cutbank Transport Ltd., (collectively, "Cutbank"), Jim Moffatt Construction Ltd. and 921639 Alberta Ltd., (collectively, "Jim Moffatt Construction"), Quigley Contracting Ltd, 529805 B.C. Ltd. and LMQ Enterprises Ltd., (collectively, "Quigley Contracting Ltd."), Rick's Mechanical Services Ltd. and Tri-Dave Gravel Sales Ltd (the "Acquired Companies"). The maximum total purchase price for the Acquired Companies will be approximately $94.2 million, comprised of the payment of approximately $50.4 million in cash, the issuance of approximately 4.3 million trust units of Petrowest and the assumption of approximately $10.2 million of debt of the Acquired Companies (assuming a trust unit price of $7.75). The effective maximum total purchase price is reduced by changes in working capital for the period from January 1, 2007 to closing which accrue to the benefit of Petrowest. In addition, the terms of the agreements require minimum working capital on the acquisitions to be approximately $11.1 million in the aggregate. It is estimated that actual cash balances acquired on closing will be in excess of $6.0 million. The revenue generated by these companies in aggregate over their last fiscal year was approximately $76.6 million.

The Acquisitions will be accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. Approximate consideration is subject to normal course post closing adjustments.

Cutbank Trucking Ltd. and Cutbank Transportation Ltd. are operated together as one business and specialize in hauling logs and gravel and the provision of log loading equipment in Grande Prairie, Alberta. Cutbank Trucking Ltd. was formed in 1972 and Cutbank Transportation Ltd. was formed in 1997.

Jim Moffatt Construction Ltd. is a lease and road building company operating in northern Alberta. Jim Moffatt Construction Ltd. was formed in 1992 and operates from its base in Worsley, Alberta. In addition to lease and road building, Jim Moffatt Construction Ltd. also operates a 250-man camp permanently located in Worsley.

Rick's Mechanical Services Ltd. is a mid-size lease and road builder based in Peace River, Alberta. Rick's Mechanical Services Ltd. was formed in 1993 and has achieved a positive working relationship with the Woodland Cree First Nation in providing services to oil sand developers operating on the traditional lands of the Woodland Cree First Nation.

Quigley Contracting Ltd. is a lease and road building companies operating in Fort St. John, British Columbia. Quigley Contracting Ltd. was formed in 1990 by Rick Quigley. The acquisition of Quigley Contracting Ltd. will expand Petrowest's geographical footprint into the northern regions of British Columbia.

13 Subsequent Events - continued

Tri-Dave Gravel Sales Ltd. is a gravel crushing operation that operates in the Edmonton area. Tri-Dave Gravel Sales Ltd. was formed in 1984. Tri-Dave Gravel Sales Ltd. will provide additional capacity to Petrowest's crushing operations conducted by R. Bee Crushing.

The trust units issued pursuant to the acquisitions will be subject to escrow, with 25% of such units to be issued on the first anniversary of closing and the remainder on the second anniversary of closing.

Effective May 1, 2007, Petrowest signed a memorandum of understanding for the acquisition of the road construction equipment assets owned by a subsidiary of the Woodland Cree First Nations ("WCFN") for $4.0 million. In conjunction with the asset purchase, Petrowest and WCFN will enter into a major strategic alliance, structured as a joint venture, which will see Petrowest provide a combination of services within the WCFN traditional lands.

On April 27, 2007, Petrowest approved the implementation of a DRIP program which provides the opportunity for unitholders to reinvest the cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading prices for the ten days prior to distribution payment date.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES $94.2 MILLION OF ACQUISITIONS, MAJOR STRATEGIC ALLIANCE, FIRST QUARTER RESULTS AND DRIP IMPLEMENTATION

Calgary, Alberta, May 9, 2007.

Petrowest Energy Services Trust ("Petrowest" or the "Trust") (TSX - "PRW.UN") announced today that it has entered into agreements to acquire five private road construction, gravel crushing and log hauling businesses in the Grande Prairie and Peace River regions of Alberta and the Ft. St. John region of British Columbia for an aggregate purchase price of approximately $94.2 million. The revenue generated by these companies over their last fiscal year totaled approximately $76.6 million. These acquisitions will expand the Trust's geographic footprint, client base and provide increased utilization of assets within the Trust. In addition Petrowest also announced that it has also entered into a memorandum of understanding with the Woodland Cree First Nations ("WCFN") that contemplates a major strategic alliance, structured as a joint venture, which will see Petrowest provide a combination of services within the WCFN traditional lands comprising over 3,800 square miles, including a significant portion of the Peace River oil sands. This memorandum of understanding also contemplates that Petrowest will acquire road construction equipment from a subsidiary of the WCFN for a purchase price of $4.0 million.

Taken together, these acquisitions significantly enhance Petrowest's existing infrastructure business and provide access to a significant portion of the expansion activities associated with the Peace River Oil Sands development.

The maximum total purchase price for the acquisitions will be approximately $94.2 million, comprised of the payment of $50.4 million in cash, the issuance of approximately 4.3 million trust units of Petrowest and the assumption of $10.3 million of debt of the companies (assuming a trust unit price of $7.75). The effective total purchase price is reduced by changes in working capital for the period from January 1, 2007 to closing which accrue to the benefit of Petrowest. In addition, the terms of the agreements require minimum working capital on the acquisitions to be approximately $11.1 million in the aggregate. It is estimated that actual cash balances acquired on closing will be in excess of $6.0 million

Concurrently, Petrowest intends to expand the Trust's available credit facilities. This expanded facility will be used to fund the cash portion of the acquisitions and to repay the assumed debt.

The trust units issued pursuant to the acquisitions will be subject to escrow, with 25% of such units to be issued on the first anniversary of closing and the remainder on the second anniversary of closing.

The acquisitions announced today involve acquiring all of the outstanding shares and shareholder loans of Cutbank Trucking Ltd. Cutbank Transport Ltd., Jim Moffatt Construction Ltd., Quigley Contracting Ltd, Rick's Mechanical Services Ltd. and Tri-Dave Gravel Sales Ltd. In addition, Petrowest will acquire the road construction equipment of Woodland Cree Industries Ltd.

During the most recent fiscal year of the companies to be acquired by Petrowest, the combined Adjusted EBITDA acquired by Petrowest aggregates approximately $24.3 million. Giving effect to the benefit of the working capital accruing to Petrowest for the period from January 1, 2007 to closing and the cash balances acquired, the net total purchase price paid represents an average multiple of the aggregate Adjusted EBITDA for the last fiscal year of approximately 3.6 times. The acquisitions are anticipated to be accretive to Petrowest's revenue, EBITDA and cash flow on a per unit basis

"Each of the companies to be acquired is well established with a significant operating history, experienced and proven management and a business that will provide synergies with Petrowest's existing competencies, clients, industries, work activities and geographic region", said Kenneth N. Drysdale, President and Chief Executive Officer of Petrowest. "Not only do these acquisitions bring an accretive financial contribution, but they strengthen Petrowest in our target geographic region. The operators that will join Petrowest as part of the acquisitions, Ray Wardill, Jim Moffatt, Rick Serhan, Rick Quigley and Dave Hall are experienced operators who will fit well with Petrowest's corporate culture and we are pleased to have them as part of Petrowest. Overall, we are excited with this first step in the execution of our acquisitions strategy and look forward to working with the new members of the Petrowest group of companies".

The agreements contemplate that the acquisitions are effective as of January 1, 2007 and Petrowest will receive the benefit of the earnings of these companies from that date. Consistent with Petrowest's philosophy, the agreements are conditional upon key management entering into employment agreements with Petrowest. The agreements include customary representations, warranties and indemnities in favour of Petrowest as well as condition precedents in favour of both Petrowest and the companies to be acquired and their shareholders which must be satisfied prior to closing. Petrowest anticipates that closing will occur on or about May 18, 2007.

Cutbank Trucking Ltd. and Cutbank Transportation Ltd. are operated together as one business and specialize in hauling logs and gravel and the provision of log loading equipment in Grande Prairie, Alberta. Cutbank Trucking Ltd. was formed in 1972 by Pat Garrett and Cutbank Transportation Ltd. was formed in 1997 by Ray Wardill.

Jim Moffatt Construction Ltd. is one of the larger lease and road building companies operating in northern Alberta. Jim Moffatt Construction Ltd. was formed in 1992 by Jim and Lois Moffatt and operates from its base in Worsley, Alberta. This acquisition will expand Petrowest's geographical footprint north to Rainbow Lake and High Level in northern Alberta. In addition to lease and road building, Jim Moffatt Construction Ltd. operates a 250-man camp permanently located in Worsely.

Rick's Mechanical Services Ltd. is a mid-size lease and road builder based in Peace River, Alberta. Rick's Mechanical Services Ltd. was formed in 1993 and has achieved a positive working relationship with the Woodland Cree First Nation in providing services to oil sand developers operating on the traditional lands of the Woodland Cree First Nation.

Quigley Contracting Ltd. is one of the larger lease and road building companies in Fort St. John, British Columbia. Quigley Contracting Ltd. was formed in 1990 by Rick Quigley. The acquisition of Quigley Contracting Ltd. will expand Petrowest's geographical footprint into the northern regions of British Columbia.

Tri-Dave Gravel Sales Ltd. is a mid size gravel crushing operation that operates throughout Alberta. Tri-Dave Gravel Sales Ltd. was formed in 1984 by David Hall. Tri-Dave Gravel Sales Ltd. will provide additional capacity to Petrowest's crushing operations conducted by R. Bee Crushing which are fully committed through 2008.

STRATEGIC ALLIANCE

Petrowest has entered into a memorandum of understanding with the WCFN pursuant to which Petrowest and the WCFN will enter into a joint venture to provide services to oil sands developers operating on the traditional lands of the WCFN which encompass a significant portion of the Peace River Oil Sands. As noted above, the memorandum of understanding also contemplates the purchase by Petrowest of construction equipment from Woodland Cree Industries Ltd. Implementation of the strategic alliance is subject to completion of a formal joint venture agreement, expected to occur by July 1, 2007. In the interim Petrowest will operate as a subcontractor to a wholly owned subsidiary of the WCFN to meet current client demands for services.

DISTRIBUTION REINVESTMENT PLAN ("DRIP")

Petrowest has recently implemented a DRIP program which provides the opportunity for unitholders to reinvest their cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading price for the ten days prior to the distribution payment date. Details of the program are available in Petrowest's Information Circular dated April 30, 2007 filed on SEDAR. Petrowest has implemented the plan, effective immediately, to maintain a strong balance sheet and finance profitable growth in the future. As an indication of their confidence in Petrowest's future their active founding vendors have indicated that they will initially participate in the DRIP program at an average 75% take up rate on their tradable units. The active founding vendors currently hold approximately 46% of the trust's tradable units, before giving effect to the acquisitions described herein.

FIRST QUARTER 2007 FINANCIAL HIGHLIGHTS

First quarter 2007 financial results reflect the realities of a significant weakening of energy sector activity consistent with the decline in activity in the fall of 2006. (Petrowest current infrastructure services are approximately 65% drilling related and 35% industrial). Commodity price uncertainty impacted Petrowest's customers who lowered their drilling plans for at the first quarter of 2007.

Selected financial highlights for the first quarter include:

Revenue	$32.9 million
EBITDA	$5.8 million
Net Gain (Loss)	($2.2 million)
Working Capital	$25.0 million
Debt Facility	$60.0 million
Long Term Debt	$25.8 million
Distributions Per Unit	$0.30
Payout Ratio	153%

OUTLOOK

Petrowest believes it will exit the year on an upward trend and with a strong balance sheet. The projected 2007 exit Debt to EBITDA ratio target is 1.37 times or less and the projected annual average distribution to EBITDA ratio is 85% or less.

The Petrowest 2007 projections are based on the following facts and assumptions:

- The projected accretiveness of the pending acquisitions.
- Larger regional footprint in northern Alberta and British Columbia.
- The current positive working capital balance of $25.0 million.
- Current long term debt of $25.8 mm versus line of credit of $60 million.
- Minimal growth capital required to the end of 2007.
- Improving natural gas prices and continued strong oil price.
- Clients expressing confidence in a more active second half based on expanded budgets.
- Implementation of a DRIP program.
- A participation rate (averaging 75% take up) by the active founding vendors in the new DRIP program.

Management and the Board of Directors of Petrowest recognize that the exit numbers at the end of 2007 are sustainable only in the short term. Long term distribution payout ratios at or less than 75% and debt to EBITDA ratios of less than 1:1 are still the primary objectives for sustainable operations and long term stable growth of the Trust.

Based on the above facts and assumptions, and recognizing the long term primary objectives of the Trust, Management and the Board of Directors have elected to maintain distributions at the current level. However, changes to circumstances, indications of a prolonged downturn in energy activity, or current unforeseen circumstances including the failure of the base business operations or the new acquisitions to perform as expected could result in the necessity for future distribution cuts to ensure satisfactory year end exit numbers and that the Trust will exit the year end on an upward trend.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following Management's Discussion and Analysis (MD&A) is dated May 9, 2007. The MD&A should be read in conjunction with Petrowest Energy Services Trust's ("Petrowest" or the "Trust") unaudited interim consolidated financial statements as at and for the three months ended March 31, 2007, as well as the MD&A's of the "Acquired Companies" contained in the Trust's prospectus dated August 28, 2006, the MD&A for the December 31, 2006 year end, and the Trust's audited consolidated financial statements for the period ended December 31, 2006. The Trust was formed on July 6, 2006, and commenced trading on the TSX on September 7, 2006. This date should be viewed as the effective start of commercial operations. Revenue and expense analysis focuses primarily on the changes in the first quarter of 2007.

FINANCIAL HIGHLIGHTS

$000's except per unit amounts, margins and ratios	For the three months ended March 31, 2007
Financial Results	
Revenue	32,863
EBITDA	5,826
EBITDA margin	17.7%
Net earnings(loss)	(2,225)
Total assets	281,080
Total liabilities	41,152
Unitholders' equity	239,928
Financial Position and Liquidity	
Working capital	24,973
Working capital ratio	2.42:1
Total revolving bank term loan and obligations under capital leases (including current portion)	25,846
Weighted average number of units outstanding – basic and diluted	28,275,094
Distributions per unit	$0.30
Payout ratio	153%
Net earnings(loss) per unit – basic and diluted	($0.08)
Unit price – March 31, 2007	$7.09

BASIS OF PRESENTATION

These financial statements are stated in Canadian dollars and have been prepared by the management of Petrowest in conformity with Canadian generally accepted accounting principles ("GAAP") and have been prepared following the same accounting policies and methods of application as the audited consolidated financial statements of the Trust for the fiscal year end December 31, 2006. Accounting measurements at interim dates inherently involve greater reliance on estimates than at year-end and the results of operations for the interim periods shown in these statements are not necessarily indicative of the results to be expected for the fiscal year. In the opinion of management, the accompanying unaudited interim consolidated financial statements included all adjustments (of a normal recurring nature) necessary to present fairly the consolidated results of its operations and cash flows for the three months.

NON-GAAP MEASURES

In this MD&A the Trust uses the term "Distributable Cash" to refer to the amount of cash that is expected to be available for distributions to the unitholders; the term "EBITDA" to refer to earnings before interest expenses net of interest income, loss on disposal of assets, amortization of property and equipment and amortization of intangible assets; the term "EBITDA Margin" to refer to a fraction, the numerator of which is EBITDA and the denominator of which is Revenue; the term "Cash Flow From Operations Before Changes in Non-Cash Working Capital" to refer to cash provided by operating activities before changes to accounts receivable, prepaid expenses, inventory and accounts payable and accrued liabilities; the term "Distributions Per Unit" to refer to a fraction, the numerator of which is distributions paid or accrued to unitholders and the denominator of which is the number of trust units issued; the term "Net Debt" to refer to the sum of total obligations under capital leases and revolving equipment loans, less cash and cash equivalents; the term "Cash Flow From Operations Before Changes in Non-Cash Working Capital Per Unit" to refer to a fraction of which the numerator is Cash Flow From Operations Before Changes in Non-Cash Working Capital and the denominator is the number of trust units issued; the term "Cash Flow From Operating Activities Per Unit" to refer to a fraction of which the numerator is cash provided by operating activities and the denominator is the number of trust units issued and the term "Payout Ratio" to refer to a fraction of which the numerator is distributions paid or accrued to unitholders and the denominator is Distributable Cash. The terms Distributable Cash, EBITDA, EBITDA Margin, Cash Flow From Operations Before Changes in Non-Cash Working Capital, Distributions per Unit, Net Debt, Cash Flow From Operating Activities Per Unit and Payout Ratio are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP and therefore may not be comparable to performance measures presented by others.

Readers are cautioned that "Distributable Cash", "EBITDA", "EBITDA Margin", "Cash Flow From Operations Before Changes in Non-Cash Working Capital", "Distributions per Unit", "Net Debt", "Cash Flow From Operations Before Changes in Non-Cash Working Capital Per Unit", "Cash Flow From Operating Activities Per Unit" and "Payout Ratio" should not be considered as alternatives to net earnings, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP.

Management views Distributable Cash as an operating performance measure, as it is a measure generally used by Canadian income funds as an indicator of financial performance. As the Trust will distribute substantially all of its cash on an ongoing basis (after providing for certain amounts described in the following MD&A) and since EBITDA, EBITDA Margin, Cash Flow From Operations Before Changes in Non-Cash Working Capital, Distributions per Unit, Net Debt, Cash Flow From Operations Before Changes in Non-Cash Working Capital Per Unit, Cash Flow From Operating Activities Per Unit and Payout Ratio as respectively defined above are metrics used by many investors to compare issuers on the basis of their ability to generate cash from operations, management believes that, in addition to net earnings, EBITDA, EBITDA Margin and are useful supplemental measures from which to make adjustments to determine distributable cash. The estimate of Distributable Cash has been prepared using assumptions which management believes are reasonable and supportable, all of which reflect the Trust's planned course of action given management's judgment about the most probable set of economic conditions.

DESCRIPTION OF BUSINESS

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. Petrowest is involved in pre-drilling and post-completion energy services, construction and hauling and is based in the Grande Prairie area of northern Alberta. Approximately two-thirds of the Trust's services are provided to the energy sector and the remainder of services is provided to other industries. The ongoing operations have been segregated into four limited partnerships and the assets and operations are maintained within those partnerships. Petrowest does business within the various partnerships under the trade operating names described below:

Petrowest Construction LP

Petrowest Construction LP operates under the trade names of "Gordon Bros. Construction", "Roy Larson Construction", and "Wales Contractors" and specializes in the construction of oil and gas lease well site pads, road construction, remediation of oil and gas well sites, and civil infrastructure work for non oil and gas clients. Petrowest Construction LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors, graders, and scrapers as well as other ancillary support equipment.

Petrowest Transportation LP

Petrowest Transportation LP operates under the trade names of, "D&D Well Services" and "Murtron Hauling" and specializes in the transportation of oil and gas drilling rigs, well site equipment and heavy equipment as well as specialty hauling services including log loading and hauling and gravel loading and hauling. The Transportation LP operates a fleet of heavy transport trucks, trailers, jeeps, boosters, and log and gravel loading equipment as well as other ancillary support equipment.

Petrowest Civil Services LP

Petrowest Civil Services LP operates under the trade names of, "R. Bee Crushing", and "S.O.S. Oilfield Safety". The Civil Services LP specializes in mobile aggregate rock crushing and sand screening for gravel supply operations throughout Alberta and British Columbia operating a fleet of cone and jaw crusher units, conveyor and sand stacker units, loaders, dozers, tracked hoe excavators and articulated rock trucks. The Civil Services LP also provides safety services including safety supervision and rental of safety air units and wash units provide for safety support during oil and gas drilling operations and plant turnarounds.

Petrowest Rental Services LP

Petrowest Rental Services LP operates under the new trade name of "Nu-Northern Tractor Rentals" and specializes in heavy equipment rentals to oil and gas companies, oil sand clients, and independent contractors working in the oil and gas, mining, logging, pulp and paper and civil construction industries. The Rental Services LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors and side-boom pipelayers.

The Trust's operations are primarily in the deep drilling market regions of the Western Canadian Sedimentary Basin ("WCSB") with operations in northern Alberta and northeastern British Columbia. The WCSB is one of the largest oil and gas producing regions in North America. Much of the terrain in the WCSB is considered rugged, resulting in access issues due to dense bush, muskeg, bedrock and mountainous terrain all of which are complicated by the weather in the region. Historically this region has been less impacted by cyclical swings in market prices due to the longer lead times in access, drilling and completion of planned wells. Oil and gas producer companies have generally taken a longer term view of project work in the area with consistent growth in drilling activity.

Weather also has a direct impact on the operations of Petrowest. Oil and gas drilling activity is generally stronger November through March as frozen ground conditions allow for the exploration in areas with muskeg conditions. Wet weather in the spring and early summer months hinder the activity. As frost comes out of the ground, road conditions deteriorate and municipalities impose temporary weight restrictions on road surfaces ("road bans"), thus placing restriction on access and trucking operations. Operations normally gain strength in late June and continue through to the end of summer and fall. A short slowdown normally exists in late fall until freezing conditions allow for winter work activity to recommence.

BUSINESS FUNDAMENTALS

Oil and Gas Overview

Activity in the Western Canadian Sedimentary Basin ("WCSB") continues to be influenced by lower commodity pricing based on lower demand, higher finding and development costs impacting capital budgets and additional new equipment in the energy services sector to meet the increase in natural gas drilling over the past five years. These factors directly impact Petrowest's operations, which derives approximately two-thirds of its revenues from oil and gas exploration and development activities.

The Canadian Association of Oilwell Drilling Contractors ("CAODC") reports wells drilled and completed in Western Canada primarily in the WCSB increasing from 2005 at 21,925 to 22,127 in 2006 with a current estimate of 19,023 in 2007. The number of gas wells drilled has declined from 72% of total wells drilled in 2004 to 69% in 2006 which reflects an emphasis on oil exploration activities due to stronger prices for oil in the past several years.

The above factors and the continued growth in both the conventional oil drilling and oilsands development and the strength of Alberta's overall economy continue to provide opportunities in the oil and gas sector.

Oil Sand Operations

In 2006 Alberta's oil sands were the source of about 69% of the province's total crude oil and equivalent production. According to the Canadian Association of Petroleum Producers (CAPP), in 2006 industry investment in Alberta's oil sands totaled approximately $10 billion. Annual oil sands production is growing steadily as the industry matures. Output of marketable oil sands production increased to 1.2MM barrels per day (bbl/d) in 2006 or approximately 36% of Canada's total oil and liquids production.

Within Alberta there are three recognized oil sand areas, the largest, the Athabasca Oil Sands is a huge deposit containing an estimated 1.3 trillion barrels of oil. The Cold Lake area also has sizable oil sand deposits estimated at 200 billion barrels. The Peace Oil Sands is a resource containing an estimated 155 billion barrels of oil

The Trust is geographically positioned in Grande Prairie on the western edge of the Peace Oil Sands projects. The Trust currently provides trucking, equipment rental, and lease and road building construction to clients operating in the Peace Oil Sands. These projects are in an infancy stage relative to the Athabasca Oil Sand projects and the Trust is working to establish relationships with the major operators in this area.

In addition, the Trust currently provides services to clients and producers operating in the Athabasca Oil Sands markets with respect to gravel and aggregate crushing and equipment rentals in the Fort McMurray area. Planned future investment and development by producer companies in both Fort McMurray and Peace River are expected to continue to grow rapidly over the next five years.

Other Services

The Trust performs services for clients not tied to oil and gas. These services included gravel and aggregate crushing, gravel loading/hauling and placing, log loading and hauling, equipment hauling, lease road building and maintenance for municipal, county and commercial and residential projects and equipment rental to commercial, logging and mining operations. Approximately 35% of the Trust's revenue is currently derived from work provided to these sectors. Management is currently pursuing bids

or negotiations on work tied to a number of these planned projects and is optimistic that the Trust will be successful in future participation on many of the projects.

Based on 2005 Alberta government statistics, forests cover more than 60% of Alberta's total land base, equal to approximately 94 million acres or almost 147,000 square miles. Of this land base, 87% is on public lands and managed for sustainable development with over 75 million seedlings planted every year to sustain the forests. Alberta Forest Products Association estimates Alberta's forest sector generates $8.4 billion in revenues with growth expectations of approximately 0.4% annually from 2005 to 2010. As at December 31, 2006 there were approximately 5 major forestry related projects proposed or underway in the Peace River region, the Trust's primary operation area. These projects totaled approximately $490 million dollars of which approximately 90% of the project values are being undertaken by clients the Trust currently works for.

As of December 2006, according to statistics released by the Alberta government, there are approximately 135 major projects proposed or underway in the Peace River Region. The value of these projects is approximately $1.19 billion, although it is reasonable to expect that not all proposed projects will proceed. A large number of these projects will requires services the Trust is able to provide including gravel crushing and supply, gravel hauling and road and site construction.

ACQUISITIONS

The Trust was formed by a deed of trust dated July 6, 2006. Pursuant to a prospectus dated August 28, 2006 the Trust issued units and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies described in Note 4 to the March 31, 2007 interim unaudited financial statements. The estimated purchase price of the Acquired Companies was approximately $258.0 million including post closing adjustments for actual working capital acquired and the actual Acquired Companies' debt balances retired on the acquisition. The purchase price was funded by payment of approximately $107.6 million net cash payable to the vendors, $22.7 million retirement of debt and the issuance of units by the Trust for proceeds of $127.7 million,. In conjunction with the acquisitions, all debt and capital lease obligations were repaid by Petrowest through the use of proceeds from the offering.

There is currently a dispute with Northern Tractor associated with the valuation of certain working capital items and the valuation of redundant assets retained by the vendor. The total disputed amount is approximately $3.7 million of which the trust has collected to date approximately $2.9 million associated with amounts in dispute. Arbitration of these amounts is expected to occur prior to the end of the third quarter of 2007 and adjustments required to the purchase price, if any, may be material.

SUBSEQUENT EVENTS

On May 9, 2007 Petrowest entered into agreements to acquire all of the outstanding shares and shareholder loans of Cutbank Trucking Ltd. and Cutbank Transport Ltd. (collectively, "Cutbank"), Jim Moffatt Construction Ltd. and 921639 Alberta Ltd., (collectively, "Jim Moffatt Construction"), Quigley Contracting Ltd, 529805 B.C. Ltd. and LMQ Enterprises Ltd., (collectively, "Quigley Contracting Ltd."), Rick's Mechanical Services Ltd. and Tri-Dave Gravel Sales Ltd (collectively, the "Acquired Companies"). The maximum total purchase price for the Acquired Companies will be approximately $94.2 million, comprised of the payment of approximately $50.4 million in cash, the issuance of approximately 4.3 million trust units of Petrowest and the assumption of approximately $10.2 million of debt of the Acquired Companies.(assuming a trust unit price of $7.75) The effective maximum total purchase price is reduced by changes in working capital for the period from January 1, 2007 to closing which accrue to the benefit of Petrowest. In addition, the terms of the agreements require minimum working capital on the acquisitions to be approximately $11.1 million in the aggregate. It is estimated that actual cash balances acquired on closing will be in excess of $6.0 million. The revenue generated by these companies in aggregate over their last fiscal year was approximately $76.6 million.

The Acquisitions will be accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. Approximate consideration is subject to normal course post closing adjustments.

Cutbank Trucking Ltd. and Cutbank Transportation Ltd. are operated together as one business and specialize in hauling logs and gravel and the provision of log loading equipment in Grande Prairie, Alberta. Cutbank Trucking Ltd. was formed in 1972 and Cutbank Transportation Ltd. was formed in 1997.

Jim Moffatt Construction Ltd. is a lease and road building company operating in northern Alberta. Jim Moffatt Construction Ltd. was formed in 1992 and operates from its base in Worsley, Alberta. In addition to lease and road building, Jim Moffatt Construction Ltd. also operates a 250-man camp permanently located in Worsley.

Rick's Mechanical Services Ltd. is a mid-size lease and road builder based in Peace River, Alberta. Rick's Mechanical Services Ltd. was formed in 1993 and has achieved a positive working relationship with the Woodland Cree First Nation in providing services to oil sand developers operating on the traditional lands of the Woodland Cree First Nation.

Quigley Contracting Ltd. is a lease and road building companies operating in Fort St. John, British Columbia. Quigley Contracting Ltd. was formed in 1990 by Rick Quigley. The acquisition of Quigley Contracting Ltd. will expand Petrowest's geographical footprint into the northern regions of British Columbia.

Tri-Dave Gravel Sales Ltd. is a gravel crushing operation that operates in the Edmonton area. Tri-Dave Gravel Sales Ltd. was formed in 1984. Tri-Dave Gravel Sales Ltd. will provide additional capacity to Petrowest's crushing operations conducted by R. Bee Crushing.

The trust units issued pursuant to the acquisitions will be subject to escrow, with 25% of such units to be issued on the first anniversary of closing and the remainder on the second anniversary of closing.

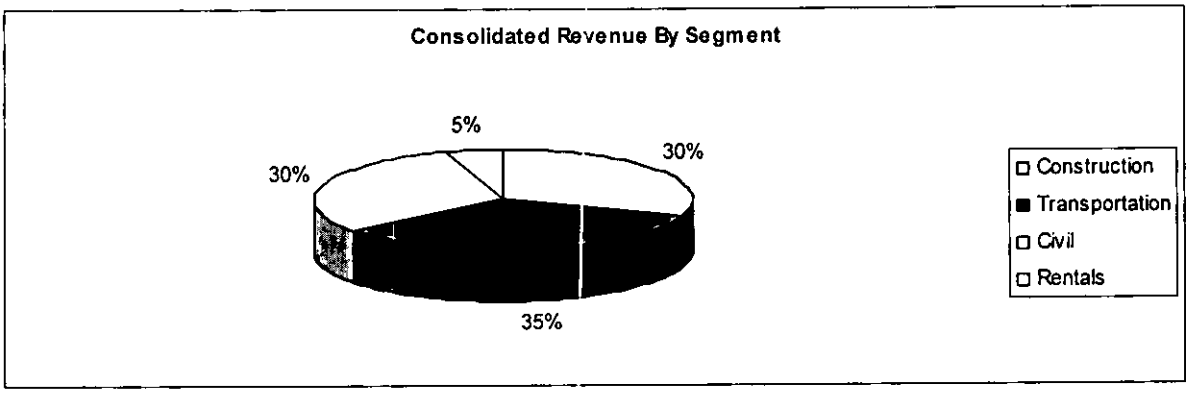
Effective May 1, 2007, Petrowest signed a memorandum of understanding for the acquisition of the road construction equipment assets owned by a subsidiary of the Woodland Cree First Nations ("WCFN") for $4.0 million. In conjunction with the asset purchase, Petrowest and WCFN will enter into a major strategic alliance, structured as a joint venture, which will see Petrowest provide a combination of services within the WCFN traditional lands.

On April 27, 2007, Petrowest approved the implementation of a DRIP program which provides the opportunity for unitholders to reinvest the cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading prices for the ten days prior to distribution payment date.

SUMMARY OF RESULTS- QUARTERLY ANALYSIS

Petrowest commenced trading on the Toronto Stock Exchange on September 7, 2006, the day of commencement of commercial operations of the Trust. Accordingly, the first quarter of fiscal 2007 has no comparative figures for the same period in the previous year, as the Trust was not yet created.

$000s *except per unit amounts, margins and ratios*	Q1 2007	Q4-2006	Q3-2006 (Stub) [1]
Revenue by segment			
Construction	9,984	11,089	2,520
Transportation	11,307	11,954	3,726
Civil	9,951	10,124	3,697
Rentals	1,621	2,662	964
Total Revenue	32,863	35,829	10,907
Operating expenses by segment			
Construction	7,663	7,820	1,857
Transportation	9,507	9,649	3,052
Civil	6,809	6,567	2,242
Rentals	1,367	1,051	604
Total operating expenses	25,346	25,087	7,755
Administrative Expenses	1,691	1,291	507
EBITDA[2]	**5,826**	**9,451**	**2,645**
Amortization of property and equipment	5,131	4,682	1,142
Amortization of intangible assets	2,180	2,113	672
Interest - net	494	59	127
Loss (gain) on disposal of assets	246	(20)	(58)
Net earnings (loss)	**(2,225)**	**2,617**	**762**
Net earnings (loss) per unit basic and diluted	($0.08)	$0.09	$0.03



Notes [1] *Q3-2006 stub is for the period from September 7, 2006 to September 30, 2006.*

[2] *The term EBITDA is not a measure recognized by Canadian generally accepted accounting principles ("GAAP") and does not have standardized meanings prescribed by GAAP.*

REVENUE

Consolidated revenue for Q1 of 2007 was $32,862,905 compared to $35,829,197 in Q4 of 2006. This represents a decline of $2,966,292 or 8.3%. The impact of the softening of oil and gas drilling activity in the Trust's work area that commenced in late November of 2006 and the early shutdown of drilling activity in early March had significant impacts in the last two quarters to total revenues. In addition, all segments were impacted severely by excessive snowfall in northern Alberta in Q1 which hampered operations and reduced productivity.

While revenue declined over Q4 of 2006 the segment contributions to total revenue have remained fairly consistent since inception of the Trust. Each segment contributed to revenue as follows: Construction: $9,984,118 or 30%, Transportation: $11,306,226 or 34%, Civil: $9,951,420 or 30%, and Rentals: $1,621,141 or 5%.

As a percentage of overall revenue compared to Q4 of 2006, the civil segment remained unchanged, the rentals segment declined by 3%, the construction segment increased by 1% and the transportation segment increased by 2%.

INTER SEGMENT REVENUES

Eliminated from the financial statements is $2,370,743 ($1,786,431 – 2006 Q4) of inter-segment sales and the offsetting costs at the same value. These inter-segment sales relate to the market value of activity between the various segments of the Trust, including the Transportation segment hauling equipment on behalf of the Construction and Civil segments, the Rentals segment supplying equipment to the Civil segment and other cross utilization of manpower and equipment.

OPERATING EXPENSES

Operating expenses on a consolidated basis for the three months ended March 31, 2007 were $25,345,392 or 77% of revenue. This compares to $25,086,481 or 70% of revenue for Q4 of 2006.

The combinations of adverse weather and consequent decline in productivity, the severe decline in drilling activity, and the costs of the more than 25% increased capacity added to each of the operating segments in the prior year resulted in a continuing decline in operating margins.

On a per segment basis the following is the results by segment:

The Construction segment costs in Q1 of 2007 increased to 76.8% of revenue from 70.5% in Q4 of 2006. This segment was negatively impacted by an early slowdown in activity in Q1. Actual drilling activity deteriorated quickly in early March but the upfront lease building started a rapid decline much earlier in the quarter. This compounded by the heavy snowfalls in the area and the subsequent lost productivity and the costs of increased operating capacity resulted in the increase in costs for the segment.

The Transportation segment costs increased to 84.0% of revenue from 80.7% in Q4 of 2006. This segment was impacted by the same circumstances as the construction segment, however margins were not quite as severely impacted. The additional capacity added to this group reduced somewhat the reliance on third party subcontractors and consequently the margin decline was slightly less.

The Civil segment costs increased to 68.4% of revenue from 64.9% in Q4 of 2006. This segment is not dependent on drilling activity for the majority of operations. However productivity is generally the poorest in the winter months specifically Q1 due to freezing conditions, requirements for ripping of overburden, frost digging conditions and the resulting general lower throughput of aggregate crushed products.

The Rental segment costs increased to 84.3% of revenue from 39.5% in Q4 of 2006. This segment of the Trusts operations were impacted the hardest of all segments. A significant portion of the Trusts articulated rock trucks previously employed in the oil sand operations in Fort McMurray were off rent for the month of January and part of February. In addition, pipeline operations in the area were delayed significantly in the current year and rental utilization was down on the Trusts fleet of pipeline equipment. This combined with the costs of the more than 50% increase in capacity to this division resulted in poorer than expected performance for this segment.

GENERAL AND ADMINISTRATIVE

General and administrative expenses for Q1 of 2007 were $1,691,666 or 5% of revenue compared to $1,291,718 or 3.6% or revenue for Q4 of 2006. Additional costs related to additional accounting and administrative staff, additional consulting costs evaluating the impacts of the federal tax announcements and staff training costs associated with the new accounting and management system implemented in conjunction with the integration of the Acquired Companies.

EBITDA

EBITDA for the period ended March 31, 2007 was $5,825,848.[1] This represents an EBITDA margin of 17.7%.[2]

[1] EBITDA is calculated as net earnings of $(2,224,339) plus interest expense of $543,636 less interest income of $50,289, plus loss on disposal of assets of $245,809 plus amortization of property and equipment and amortization of intangible assets of $7,311,031.

[2] EBITDA Margin is a fraction of which EBITDA of $5,825,848 is the numerator and revenue of $32,862,905 is the denominator.

AMORTIZATION OF PROPERTY AND EQUIPMENT

Amortization for the period ending December 31, 2006 was $5,131,389. Amortization is applied to reduce the value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually or on an actual usage basis

AMORTIZATION OF INTANGIBLE ASSETS

Intangible assets, consisting of acquired customer relationships, brand and trade names, and non-competition agreements are recorded at cost and amortized over their useful lives, which is estimated to be between 5 and 10 years. Intangible assets are regularly evaluated by comparing their applicable estimated future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

INTEREST

Interest expense reflects carrying costs on lease obligations, interest on capital lease obligations and interest on the revolving bank term loan.

INCOME TAXES

Petrowest, and its operating entities, are taxable entities under the Income Tax Act of Canada and are currently taxable only on income that is not distributed or distributable to the unit holders. As the trust currently distributes all of its taxable income to the unit holders, no provision for income taxes has been made in these consolidated financial statements.

On October 31, 2006, the Minister of Finance (Canada) announced income tax proposals which, if enacted, would modify the taxation of certain flowthrough entities including mutual fund trusts and their unitholders (the "October 31 Proposals"). The October 31 Proposals will apply to a specified investment flowthrough ("SIFT") trust and will apply a tax at the trust level on distributions of certain income from such SIFT trust at a rate of tax comparable to the combined federal and provincial corporate tax rate. These distributions will be treated as dividends to the Trust unitholders.

On March 19, 2007, the Government of Canada tabled in Parliament Bill C-52 draft legislation to implement the October 31 Proposals discussed above. Bill C-52, which has received first reading, appears to be generally consistent with details included in the October 31 announcement.

It is expected that Petrowest will be characterized as a SIFT trust and as a result would be subject to the October 31 Proposals. The October 31 Proposals are to apply commencing January 1, 2007 for all SIFT trusts that begin to be publicly traded after October 31, 2006 and commencing January 1, 2011 for all SIFT trusts that were publicly traded on or before October 31, 2006. Subject to the qualification below regarding the possible loss of the four year grandfathering period in the case of undue expansion, it is expected that Petrowest will not be subject to the October 31 Proposals until January 1, 2011.

Under the existing provisions of the Income Tax Act, Petrowest can generally deduct, in computing its income for a taxation year, any amount of income that it distributes to unitholders in the year and, on that basis, Petrowest is generally not liable for any material amount of tax.

Pursuant to the October 31 Proposals, commencing January 1, 2011, (subject to the qualification below regarding the possible loss of the four year grandfathering period in the case of undue expansion), Petrowest will not be able to deduct certain of its distributed income (referred to as specified income). Petrowest will become subject to a distribution tax on this specified income at a special rate estimated to be 31.5%.

Petrowest may lose the benefit of the four year grandfathering period if Petrowest exceeds the limits on the issuance of new trust units and convertible debt that constitute normal growth during the grandfathering period (subject to certain exceptions). The normal growth limits are calculated as a percentage of Petrowest's market capitalization of $248.9 million on October 31, 2006 as follows: 40 percent for the period November 1, 2006 to December 31, 2007, 20 percent for each of 2008, 2009 and 2010. Unused portions may be carried forward until December 31, 2010.

Pursuant to the October 31, 2007 proposals, the distribution tax will only apply in respect of distributions of income and will not apply to returns of capital.

If the October 31 Proposals are implemented, it is expected that the imposition of tax at the Petrowest Trust level under the October 31 Proposals will materially reduce the amount of cash available for distributions to unitholders and Petrowest may be required to make income tax provisions in the future.

NET INCOME

Net loss for the period ended March 31, 2007 was $(2,224,339). This represents a net loss per unit of $0.08, basic and fully diluted.

RECONCILIATION OF NET EARNINGS TO EBITDA AND DISTRIBUTABLE CASH

Management views distributable cash as an operating performance measure, as it is a measure generally used by Canadian income funds as an indicator of financial performance. As the Trust will distribute substantially all of its cash on an ongoing basis (after providing for certain amounts described below) and since EBITDA (as defined in "Non-GAAP Measures") are metrics used by many investors to compare issuers on the basis of their ability to generate cash from operations, management believes that, in addition to net earnings, EBITDA is a useful supplemental measure from which to make adjustments to determine distributable cash. The estimate of distributable cash has been prepared using assumptions which management believes are reasonable and supportable, all of which reflect the Partnerships planned course of action given management's judgment about the most probable set of economic conditions.

$000s	For the three months ended March 31, 2007
Net loss	(2,225)
Interest	544
Amortization of property and equipment	5,131
Amortization of intangibles	2,180
Interest income	(50)
Loss on disposal of property and equipment	246
EBITDA	5,826
Unit based compensation	270
Interest	(544)
Distributable Cash	5,552

RECONCILIATION OF CASH FLOW FROM OPERATIONS TO DISTRIBUTABLE CASH

$000s	For the three months ended March 31, 2007
Cash flow from operations	(1,728)
Changes in non-cash working capital items	7,330
	5,602
Interest income	(50)
Distributable Cash	**5,552**
Distributions funded from financing activities	**2,931**
Combined total distributions paid or payable(1)	**8,483**
Payout ratio(2) – combined unitholders	**153%**

(1) *Combined total distributions paid or payable is calculated as total units outstanding of 28,275,094 multiplied by the approved distributions for the period of $0.30 per unit.*

(2) *Payout ratio is a fraction of which distributions paid or payable of* $8,482,528 *is the numerator and distributable cash of* $5,552,501 *is the denominator.*

DISTRIBUTABLE CASH

In the calculation of distributable cash management has not provided a reserve for maintenance capital expenditures. Currently all significant maintenance expenditures have been expensed within the current period and no required maintenance have been deferred on any equipment. In addition, since commencement of operations in September of 2006, the Trust has added approximately $40 million in additional equipment financed by debt and operating leases that have increased the capacity of each segment by at least 25%.

In light of the current significant weakening of the energy sector activity and current lower equipment utilization, management believes that the significant capital expenditures incurred in the prior period for the replacement of older equipment and increase in capacity, provide the Trust with the capacity to sustain operations into 2008 without the need for any significant additional maintenance capital expenditures.

Further capital expenditures for the year, to the extent they are approved, will be targeted toward the gravel crushing operations that have confirmed work into 2008 that exceed present capacity levels.

It is anticipated that a return to more normal levels of energy sector activity will require a future provision for maintenance capital expenditures in 2008 to replace older equipment. It is anticipated that this provision will be in the range of $3.5 million to $6.5 million per annum depending on future activity levels and equipment utilization.

Cash used in operations

Excluding the effects of changes in non-cash working capital items, cash flow from operations for the three months ended March 31, 2007 was $5,602,501.

Cash provided from financing activities

Cash from financing activities in the net amount of $1,397,472 were provided from the drawdown of the Trust's operating line of credit of $10 million which is offset by the distributions of $8.6 million.

Cash used in investing activities

Investment activities relate to the purchase of new property and equipment assets and the payment of required final purchase price adjustment amounts

DISTRIBUTIONS

Actual distributions paid in the quarter by the Trust to unitholders are as follows:

Distributions to Trust Unit Holders

Record Date	Date Paid	Amount per Unit	Total Distributions
December 31, 2006	January 15, 2007	$0.10	$2,676,509
January 31, 2007	February 15, 2007	$0.10	$2,676,509
February 28, 2007	March 15, 2007	$0.10	$2,676,509

Distributions to Subordinated Unit Holders

Record Date	Date Paid	Amount per Unit	Total Distributions
December 31, 2006	March 23, 2007	$0.37667	$568,772

Future distributions and the actual payout ratio will be at the discretion of the Board of Directors of Petrowest Energy Services General Partner Ltd. and may vary depending on the current and anticipated level of activity in the energy services industry as well as the operational performance of the various partnerships.

PROPERTY AND EQUIPMENT EXPENDITURES

Property and equipment asset acquisitions incurred in the quarter were $3,730,945.

CONTRACTUAL OBLIGATIONS – PAYMENTS DUE BY PERIOD

	As at March 31, 2007				
$000s	< 1 year	1 - 3 Years	4 - 6 Years	Thereafter	Total
Bank Indebtedness[1]	2,083	22,917	-	-	25,000
Obligations under Capital leases[2]	206	640	-	-	846
Operating Leases on Equipment [3]	9,490	10,692	958	-	21,140
Operating Leases on Offices, Shop and yards [3]	1,438	4,314	719	-	6,471
TOTAL	13,217	38,563	1,677	-	53,457

Notes

(1) Bank Indebtedness is described under Note 7 to the March 31, 2007 Consolidated Financial Statements.
(2) Obligations under Capital leases is described under Note 9 to the December 31, 2006 Consolidated Financial Statements.
(3) Operating lease obligations are described under Note 11 to the March 31, 2007 Consolidated Financial Statements.

LIQUIDITY

Working Capital

$000s	As at March 31 2007
Accounts receivable	36,596
Prepaid expenses and deposits	2,242
Inventory	3,730
Excess of checks issued over deposits	(116)
Accounts payable and accrued liabilities	(12,065)
Distributions payable	(3,125)
Current portion of revolving equipment loan	(2,083)
Current portion of obligations under capital leases	(206)
Working capital	24,973

Working capital at March 31, 2007 was $24,973,602 represents a working capital ratio of 2.42 :1.

REVOLVING BANK TERM LOAN

The Trust has a $60 million operating line of credit facility available for growth capital, acquisition and working needs. Loan security is provided by a first charge debenture, a general security agreement and a general assignment of book debts. No principal repayments are required on the revolving bank term loan until 90 days after the end of the term of the loan. Principle is then repayable in twelve equal quarterly installments over 36 months. No principal payment is required if the loan is renewed. Interest is payable monthly at rates between prime and prime + 1.0% depending on the Trust's debt to EBITDA ratio. Current debt levels require payment of interest at prime.

As at March 31, 2007 the Trust had drawn $25,000,000 on its credit facility for use in the acquisition of equipment and retirement of purchase price adjustments. $22,916,667 has been classified a long term as the first quarterly installment payment of $2,083,333, if requested at the end of the term in November of 2007, would be due February of 2008. The remaining eleven quarterly installments would be repayable over 3 years.

UNITHOLDERS' EQUITY

The Trust is authorized to issue an unlimited number of Trust Units. Prior to the conversion of the Subordinated Units, holders of Trust Units will be entitled to receive per month distributions in priority to any payments on the Subordinated Units.

The Trust is authorized to issue an unlimited number of Subordinated Units. Distributions on the Subordinated Units will be subordinated in favour of Trust Units. Distributions on the Subordinated Units will only be paid at the end of a fiscal quarter to the extent that: (i) the Trust has paid distributions per month of at least $0.10 per Trust Unit to holders of Trust Units during that quarter, and, (ii) any deficiency in such distributions to holders of Trust Units during the preceding 12 months has been satisfied.

The Trust is authorized to issue an unlimited number of Special Voting Units which are not entitled to any distributions. No Special Voting Units have been issued to date.

Issued	**Outstanding**	**$000's**
Trust Units issued for cash net of issue costs	14,000,000	128,118
Trust Units issued on acquisitions (note 4)	12,765,094	127,651
Total Units	26,765,094	255,769
Subordinated Units		
Issued for cash	1,510,000	1,510
Issued for promissory notes	-	3,020
Less: Amount issued for promissory notes	-	(3,020)
Basic and Fully Diluted	28,275,094	257,279

Trust Units were issued on closing of the initial public offering on September 7, 2006 at a price of $10.00 per unit. Trust issue costs in conjunction with the offering were $11,882,043.

Prior to the IPO, the Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that may be forgiven at the option of the Trust over three years if the subscriber remains as a director, officer or employee of Petrowest.

RELATED PARTY TRANSACTIONS

Petrowest paid rents for office and shop space under leases entered into with certain former vendors in the amount of $321,460. Future lease commitments associated with the transactions are included in note 13 to the financial statements.

Transactions were estimated to equal fair market value.

FINANCIAL INSTRUMENTS

On January 1, 2007, the Trust adopted the new CICA Handbook sections *3855 - Financial Instruments – Recognition and Measurement, 1530 – Comprehensive Income, and 3865 – Hedges.* The financial instruments standard establishes the recognition and measurement criteria of financial assets, financial liabilities and derivatives. All financial instruments are required to be measured at fair value on initial recognition of the instrument, except for certain related party transactions. Measurement in subsequent periods depends on whether the financial instrument has been classified as held-for-trading, available-for-sale, held-to-maturity, loans and receivables, or other financial liabilities as defined by the standard.

Financial assets and financial liabilities held-for-trading are measured at fair value with changes in those fair values recognized in net earnings (loss). Financial assets available-for-sale is measured at fair value, with changes in those fair values recognized in other comprehensive income (loss). Financial assets held-to-maturity, loans and receivables and other financial liabilities are measured at amortized cost using the effective interest method of amortization. The methods used by the Trust in determining the fair value of financial instruments are unchanged as a result of implementing the new standard.

The Trust has no financial instruments or activities that give rise to other comprehensive income (loss). The Trust's cash and cash equivalents are designated as held-for-trading and are measured at carrying value, which approximates fair value due to the short-term nature of these instruments. Accounts receivable are designated as loans and receivables. Accounts payable and accrued liabilities, distribution payable, and the credit facility are designated as other liabilities and are recorded at cost.

CRITICAL ACCOUNTING ESTIMATES AND ACCOUNTING POLICIES

Critical Accounting Estimates

The unaudited interim consolidated financial statements for the quarter ended March 31, 2007 have been prepared in accordance with the accounting policies described in the notes to the annual audited financial statements posted on SEDAR. As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimates in Petrowest's financial statements are the amortization period for property and equipment, valuation of assets in the purchase equation, assumptions used in the binomial valuation methodology and recoverability of accounts receivable.

KEY RISKS AND UNCERTAINTIES

Risks are detailed in the Trust's prospectus dated August 28, 2006 which is available in electronic form at www.sedar.com and will be detailed in the Trust's Annual Information Form and the Audited Consolidated Financial Statements and Management Discussion and Analysis for the year ended December 31, 2006 which will be available in electronic form at www.sedar.com after March 31, 2007.

FINANCIAL DISCLOSURES

During the period ended March 31, 2007, no change occurred to Petrowest's internal control over financial reporting that has materially affected or is reasonably likely to materially affect Petrowest's internal control over financial reporting.

The Chief Executive Officer and the Chief Financial Officer continue to evaluate the effectiveness of Petrowest's disclosure controls and procedures taking into consideration the functions performed by its Disclosure Committee, the review and oversight of all executive officers and the board, as well as the process and systems in place for filing regulatory and public information. Petrowest's established review process and disclosure controls are designed to ensure that all required information, reports and filings required under Canadian securities legislation are properly submitted and recorded in accordance with those requirements over financial reporting as of March 31, 2007 pursuant to the requirements of Multilateral Instrument 52-109 of the Canadian Securities Administrators.

Petrowest has integrated nine private companies and completed the data conversion of the existing accounting systems within the Acquired companies to a common accounting system platform. All nine entities were live on the new accounting platform as at January 1, 2007.

As part of the Trust's transition from nine owner managed control environments that existed in the Acquired Companies to an acceptable public company control environment, the Trust engaged third party consultants to assist with the design, documentation and testing of original internal control systems, new proposed improvements, interim measures during the conversion and planned implementation on completion of the conversion. By their nature certain planned controls, or controls that would exist on

completion of the data conversion, could not be tested because they were not fully operational at the time of testing.

Based on the ongoing evaluations performed, the CEO and CFO have concluded that the design and operation of the Trust's disclosure controls and procedures were effective as at March 31, 2007 to ensure that information required to be disclosed by the Trust in reports filed under Canadian securities laws is gathered, recorded, processed, summarized and reported within the time periods specified under Canadian securities laws and is accumulated and communicated to management, including the CEO and CFO, to allow timely decisions regarding required disclosure as required under Canadian securities laws.

Further, based on the Trust's mitigating procedures, the CEO and the CFO have satisfied themselves that potential weaknesses in controls as described in the 2006 year end management discussion and analysis, have not resulted in material errors in the financial statements of the current quarter. Management and the Board of Directors are committed to transparency and completeness of financial reporting and disclosure. The existence of the identified control weaknesses need not necessarily be interpreted as evidence of a lack of integrity, of unsound business practices or of unacceptable risks to its shareholders and other related parties.

It should be noted that while Petrowest's principal executive officer and principal financial officer believe that Petrowest's disclosure controls and procedures provide a reasonable level of assurance that they are effective, they do not expect that Petrowest's disclosure controls and procedures or internal control over financial reporting will prevent all errors and fraud. A control system, no matter how well conceived or operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met.

Internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

OUTLOOK

Petrowest believes it will exit the year on an upward trend and with a strong balance sheet. The projected 2007 exit Debt to EBITDA ratio target is 1.37 times or less and the projected annual average distribution to EBITDA ratio is 85% or less.

The Petrowest 2007 projections are based on the following facts and assumptions:

- The projected accretiveness of the pending acquisitions.
- Larger regional footprint in northern Alberta and British Columbia.
- The current positive working capital balance of $25.0 million.
- Current long term debt of $25.8 mm versus line of credit of $60 million.
- Minimal growth capital required to the end of 2007.
- Improving natural gas prices and continued strong oil price.
- Clients expressing confidence in a more active second half based on expanded budgets.
- Implementation of a DRIP program.
- A participation rate (averaging 75 % take up) by the active founding vendors in the new DRIP program.

Management and the Board of Directors of Petrowest recognize that the exit numbers at the end of 2007 are sustainable only in the short term. Long term distribution payout ratios at or less than 75% and debt to EBITDA ratios of less than 1:1 are still the primary objectives for sustainable operations and long term stable growth of the Trust.

Based on the above facts and assumptions, and recognizing the long term primary objectives of the Trust, Management and the Board of Directors have elected to maintain distributions at the current level. However, changes to circumstances, indications of a prolonged downturn in energy activity, or current unforeseen circumstances including the failure of the base business operations or the new acquisitions to perform as expected could result in the necessity for future distribution cuts to ensure satisfactory year end exit numbers and that the Trust will exit the year end on an upward trend.

ADDITIONAL CORPORATE INFORMATION

Additional information relating to the Trust including the Trust's Annual Information Form, can be found on SEDAR at www.sedar.com and on the Trust's website at www.petro-west.com

FORWARD LOOKING STATEMENTS

Certain information and statements contained in this MD&A constitute forward-looking information, including the anticipated costs associated with the purchase of capital equipment, expectations concerning the nature and timing of growth within the various business units operated through affiliates of the Trust, expectations respecting the competitive position of such business units, expectations concerning the financing of future business activities, statements as to future economic and operating conditions, oil sands production and investment, oil sands reserves and revenues from oil and gas and non-oil and gas activities. **Readers should review the cautionary statement respecting forward-looking information that appears below. Any forward statements are made as of the date hereof and the Trust does not undertake to publicly update and review such statements to reflect new events, subsequent events or otherwise.**

The information and statements contained in this MD&A that are not historical facts are forward-looking statements. Forward-looking statements (often, but not always, identified by the use of words such as "seek", "plan", "continue", "estimate", "project", "predict", "potential", "targeting", "intend", "could", "might", "should", "believe", "expect", "may", "anticipate" or "will" and similar expressions) may include plans, expectations, opinions, or guidance that are not statements of fact. Forward-looking statements are based upon the opinions, expectations and estimates of management as at the date the statements are made and are subject to a variety of risks and uncertainties and other factors that could cause actual events or outcomes to differ materially from those anticipated or implied by such forward-looking statements. These factors include, but are not limited to, such things as changes in industry conditions (including the levels of capital expenditures made by oil and gas producers and explorers), the credit risk to which the Trust is exposed in the conduct of its business, fluctuations in prevailing commodity prices or currency and interest rates, the competitive environment to which the various business units are, or may be, exposed in all aspects of their business, the ability of the Trust's various business units to access equipment (including parts) and new technologies and to maintain relationships with key suppliers, the ability of the Trust's various business units to attract and maintain key personnel and other qualified employees, various environmental risks to which the Trust's business units are exposed in the conduct of their operations, inherent risks associated with the conduct of the businesses in which the Trust's business units operate, timing and costs associated with the acquisition of capital equipment, the impact of weather and other seasonal factors that affect business operations, availability of financial resources or third-party financing and the impact of new laws or changes in administrative practices on the part of regulatory authorities. Forward-looking information respecting the anticipated costs associated with the purchase of capital equipment are based upon historical prices for various classes of equipment, expectations relating to the impact of inflation on the future cost of such equipment and management's views concerning the negotiating leverage of the Trust and its affiliates. Forward-looking information concerning the nature and timing of growth within the various business units is based on the current budget of the Trust (which is subject to change), factors that affected the historical growth of such

business units, sources of historic growth opportunities and expectations relating to future economic and operating conditions. Forward-looking information concerning the future competitive position of the Trust's business units is based upon the current competitive environment in which those business units operate, expectations relating to future economic and operating conditions and current and announced build programs and other expansion plans of other organizations that operate in the energy service business. Forward-looking information concerning the financing of future business activities is based upon the financing sources on which the Trust and its predecessors have historically relied and expectations relating to future economic and operating conditions. Forward-looking information concerning future economic and operating conditions is based upon historical economic and operating conditions, opinions of third-party analysts respecting anticipated economic and operating conditions. Although management of the Trust believes that the expectations reflected in such forward looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct. ***Accordingly, readers should not place undue reliance upon any of the forward-looking information set out in this MD&A.*** *All of the forward looking statements of the Trust contained in this MD&A are expressly qualified, in their entirety, by this cautionary statement. The various risks to which the Trust is exposed are described under "Key Risks and Uncertainties" herein and under "Risk Factors" detailed in the Trust's prospectus dated August 28, 2006 and the Trust's Annual Information Form dated April 2, 2007*

PETROWEST ENERGY SERVICES TRUST
Form 52-109F2 – Certification of Interim Filings

I, Kenneth N. Drysdale, President and Chief Executive Officer of Petrowest Energy Services General Partner Ltd., Administrator of Petrowest Energy Services Trust, certify that:

1. I have reviewed the interim filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of Petrowest Energy Services Trust (the "issuer") for the interim period ending March 31, 2007;

2. Based on my knowledge, the interim filings do not contain any untrue statement of a material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the interim filings;

3. Based on my knowledge, the interim financial statements together with the other financial information included in the interim filings fairly present in all material respects the financial condition, results of operations and cash flows of the issuer, as of the date and for the periods presented in the interim filings;

4. The issuer's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures and internal control over financial reporting for the issuer, and we have:

   (a) designed such disclosure controls and procedures, or caused them to be designed under our supervision, to provide reasonable assurance that material information relating to the issuer, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which the interim filings are being prepared; and

   (b) designed such internal control over financial reporting, or caused it to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with the issuer's GAAP; and

5. I have caused the issuer to disclose in the interim MD&A any change in the issuer's internal control over financial reporting that occurred during the issuer's most recent interim period that has materially affected, or is reasonably likely to materially affect, the issuer's internal control over financial reporting.

Date: May 10, 2007.

"Kenneth N. Drysdale"

Administrator of Petrowest Energy Services Trust

PETROWEST ENERGY SERVICES TRUST
Form 52-109F2 – Certification of Interim Filings

I, John B. Paul, Chief Financial Officer of Petrowest Energy Services General Partner Ltd., Administrator of Petrowest Energy Services Trust, certify that:

1. I have reviewed the interim filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of Petrowest Energy Services Trust (the "issuer") for the interim period ending March 31, 2007;

2. Based on my knowledge, the interim filings do not contain any untrue statement of a material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the interim filings;

3. Based on my knowledge, the interim financial statements together with the other financial information included in the interim filings fairly present in all material respects the financial condition, results of operations and cash flows of the issuer, as of the date and for the periods presented in the interim filings;

4. The issuer's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures and internal control over financial reporting for the issuer, and we have:

   (a) designed such disclosure controls and procedures, or caused them to be designed under our supervision, to provide reasonable assurance that material information relating to the issuer, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which the interim filings are being prepared; and

   (b) designed such internal control over financial reporting, or caused it to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with the issuer's GAAP; and

5. I have caused the issuer to disclose in the interim MD&A any change in the issuer's internal control over financial reporting that occurred during the issuer's most recent interim period that has materially affected, or is reasonably likely to materially affect, the issuer's internal control over financial reporting.

Date: May 10, 2007.

See accompanying notes to the interim unaudited consolidated financial statements

1 Nature of the Organization

Petrowest Energy Services Trust ("Petrowest" or the "Trust") is an open-ended unincorporated mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust dated July 6, 2006. Commercial operations of the Trust commenced on September 7, 2006 and Petrowest began publicly trading on the Toronto Stock Exchange on that same day under the trading symbol PRW.UN. As such, since the Trust was formed on July 6, 2006, there is no comparable quarter included in these financial statements.

2 Accounting Policies

These consolidated interim financial statements are stated in Canadian dollars and have been prepared by management in accordance with Canadian Generally Accepted Accounting Principles ("GAAP"). They follow the same accounting policies as the Trust's audited consolidated financial statements for the year ended December 31, 2006, except as discussed below, and should be read in conjunction with these statements.

Financial Instruments

On January 1, 2007, the Trust adopted the new CICA Handbook sections *3855 - Financial Instruments – Recognition and Measurement, 1530 – Comprehensive Income, and 3865 – Hedges*. The financial instruments standard establishes the recognition and measurement criteria of financial assets, financial liabilities and derivatives. All financial instruments are required to be measured at fair value on initial recognition of the instrument, except for certain related party transactions. Measurement in subsequent periods depends on whether the financial instrument has been classified as held-for-trading, available-for-sale, held-to-maturity, loans and receivables, or other financial liabilities as defined by the standard.

Financial assets and financial liabilities held-for-trading are measured at fair value with changes in those fair values recognized in net earnings (loss). Financial assets available-for-sale is measured at fair value, with changes in those fair values recognized in other comprehensive income (loss). Financial assets held-to-maturity, loans and receivables and other financial liabilities are measured at amortized cost using the effective interest method of amortization. The methods used by the Trust in determining the fair value of financial instruments are unchanged as a result of implementing the new standard.

The Trust has no financial instruments or activities that give rise to other comprehensive income (loss). The Trust's cash and cash equivalents are designated as held-for-trading and are measured at carrying value, which approximates fair value due to the short-term nature of these instruments. Accounts receivable are designated as loans and receivables. Accounts payable and accrued liabilities, distribution payable, obligations under capital leases and the revolving bank term loan are designated as other liabilities and are recorded at cost.

Income taxes

On June 12, 2007, the legislation implementing the new tax on publicly traded income trusts and limited partnerships (the "SIFT tax"), referred to as "specified investment flow-through" ("SIFT") entities (Bill C-52) received third reading in the House of Commons and on June 22, 2007, the Bill received Royal Assent. As a result, the tax was considered to be enacted for accounting purposes in June 2007.

Under the SIFT tax, distributions will not be deductible for income tax purposes by SIFTs in 2011 and thereafter and any trust level taxable income will be taxed at rates approximating the corporate income tax rate currently estimated to be 31.5 percent.

For accounting purposes, as the SIFT tax was enacted in the second quarter of 2007, Petrowest recorded a non-cash charge to future income taxes to reflect the temporary differences between the book and tax basis of assets and liabilities expected to be remaining in the Trust in 2011.

3 Seasonality

Petrowest's operations are conducted in northern Alberta and northeast British Columbia and are susceptible to the impacts of the seasons. Quarter one is in the winter months and is subject to frozen conditions, periods of extreme cold and snow. This is typically one of the busiest quarters for Petrowest, as oil and gas exploration and development and drilling activity focuses on areas located in muskeg and swamp type conditions not normally accessible in a non-frozen state. Quarter two is generally the slowest quarter for Petrowest's operations. Spring time melt conditions result in soft, wet ground generally requiring the implementation of road bans which prevent heavy load transportation on roadways. Quarter three encompasses the summer months, and Petrowest's activity levels typically generate revenues that fall in the middle between Quarters one and two with work relating to oil and gas projects in areas that do not entail access through muskeg. Quarter four starts out similar to the summer activity and ramps up as the ground freezes and access is permitted. Depending of length of the fall Quarter four revenues can approximate or exceed quarter one revenues.

4 Acquisitions

(a) Acquisitions September 7, 2006

Pursuant to a prospectus dated August 28, 2006, Petrowest issued Units of the Trust and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of Safetymaster Rentals Corporation, R Bee Crushing Ltd., Wales Contractors Ltd., Roy Larson Construction Ltd., Gordon Bros. Construction Ltd., 404434 Alberta Corporation, Murtron Hauling Ltd., Neuwest Equipment Rentals Inc, Northern Tractor Sales and Rentals Co. Ltd. and their affiliates ("Acquired Companies"). The acquisition of the acquired companies was completed September 7, 2006. The estimated purchase price of the Acquired Companies calculated as the base purchase price plus working capital less debt was $230,934,992, subject to post closing adjustments for actual working capital, debt obligations retired and the sale of redundant assets.

The Acquired Companies have been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. An allocation of the consideration is as follows:

Net assets acquired	**$000's**
Cash acquired on acquisition	6,115
Accounts receivable	37,648
Prepaid expenses	680
Inventories	4,158
Accounts payable and accrued liabilities	(27,257)
Income taxes payable	(215)
Property and equipment	82,699
Intangibles	56,223
Goodwill	97,949
Total	258,000
Consideration paid	
Net cash to vendors	103,284
Cash repayment of working capital adjustments	(2,055)
Purchase price adjustment	6,422
Retirement of long-term debt and capital lease obligations	22,698
	130,349
Trust Units (12,765,094 units issued)	127,651
Total	258,000

There is a dispute with Northern Tractor associated with the valuation of certain working capital items and the valuation of redundant assets retained by the vendor. The total disputed amount is approximately $800,000. This amount has been classified as a contingent gain and because collectability is uncertain, has not been recognized for purposes of the calculation of the purchase price adjustment. Arbitration of these amounts is expected to occur prior to the end of the third quarter of 2007 and adjustments required to the purchase price to reflect this contingent gain, if any, may be material.

(b) Acquisitions May 18, 2007

Petrowest entered into agreements to acquire all of the outstanding shares and shareholder loans of Cutbank Trucking Ltd. and Cutbank Transport Ltd. (collectively, "Cutbank"), Jim Moffatt Construction Ltd. and 921639 Alberta Ltd., (collectively, "Jim Moffatt Construction"), Quigley Contracting Ltd, 529805 B.C. Ltd. and LMQ Enterprises Ltd., (collectively, "Quigley Contracting Ltd."), Rick's Mechanical Services Ltd. and Tri-Dave Gravel Sales Ltd (collectively, the "Newly Acquired Companies"). The acquisition of the acquired companies was completed May 18, 2007.

The estimated purchase price of the Newly Acquired Companies was $92,576,108.

The Newly Acquired Companies have been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. An allocation of the consideration is as follows:

Net assets acquired	**$000's**
Cash acquired on acquisition	8,963
Accounts receivable	12,235
Prepaid expenses and other	2,412
Inventories	474
Accounts payable and accrued liabilities	(8,875)
Income taxes payable	(986)
Property and equipment	42,134
Intangibles	15,123
Goodwill	21,598
Total	93,078
Consideration paid	
Net cash to vendors	50,869
Acquisition costs	502
Retirement of long-term debt and capital lease obligations	9,391
	60,762
Trust Units (4,351,622 units issued)[1]	32,316
Total	93,078

[1] For the purposes of calculation of the aggregate, the trust units have been attributed a value of $7.4261 each, the five day volume weighted average price before the closing date.

(c) Business Alliance June 18, 2007

On June 18, 2007 Petrowest signed agreements documenting a memorandum of understanding effective May 1, 2007 with the Woodland Cree First Nations ("WCFN") providing Petrowest with the primary right to provide a combination of services on a revenue sharing basis within the WCFN traditional lands for a period of 5 years. In conjunction with the agreements, Petrowest purchased the road construction equipment assets of the WCFN. The total cash consideration paid or payable to the WCFN for the assets and the contractual rights was $4,000,000. Petrowest paid $2,000,000 in cash on closing, retired $1,424,623 of equipment debt subsequent to the quarter end and the remaining $575,377 will be paid on certain post closing conditions being met.

The Trust also issued the WCFN 300,000 warrants to acquire Petrowest units at a strike price of $7.47 per unit. The warrants expire May 1, 2008. The valuation of the warrants has been calculated using a Black-Scholes pricing model (note 9).

Petrowest has accounted for the transaction as follows:

	$000's
Value of warrant consideration	270
Initial cash consideration	2,000
Remaining purchase consideration payable	2,000
	4,270
Fair Value of Equipment	1,926
Value of business alliance	2,344
Total Consideration	4,270

The business alliance will be amortized on a straight-line basis over 5 years.

In addition the Trust has agreed to provide services in kind valued at market rates to assist in the potential construction and development of a community centre subject to certain conditions being fulfilled and capped to a maximum of $1,000,000.

5 Property and Equipment

	$000's			
	Cost	Accumulated Amortization	June 30, 2007 Net Book Value	December 31, 2006 Net Book Value
Buildings, portable buildings and fencing	6,681	457	6,224	3,284
Heavy equipment	121,146	13,602	107,544	75,087
Equipment under capital lease	1,411	136	1,275	247
Vehicles	4,330	741	3,589	2,281
Trailers	8,948	863	8,085	7,427
Equipment	3,473	885	2,588	1,941
Office furniture and equipment	447	81	366	148
Communications, computer hardware and software	857	298	559	420
Leasehold improvements	47	2	45	46
Subtotal	147,340	17,065	130,275	90,881
Assets under construction	528	-	528	417
	147,868	17,065	130,803	91,298

6 Intangible Assets

	$000's			
	Cost	Accumulated Amortization	June 30, 2007 Net Book Value	December 31, 2006 Net Book Value
Non Competition Agreements	35,213	4,127	31,086	25,098
Business alliance (note 4)	2,344	-	2,344	-
Brand and Trade Names	7,955	890	7,065	5,048
Customer Relationships	27,505	1,792	25,713	23,292
Total	73,017	6,809	66,208	53,438

Non competition agreements, business alliance and brand and trade names are amortized over 5 years on a straight line basis. Customer relationships are amortized over 10 years on a straight line basis.

7 Goodwill

Goodwill has arisen from the two sets of acquisitions described in note 4 plus costs of the acquisitions as follows:

	June 30, 2007	December 31, 2006
September 7, 2006 acquisitions	97,949	97,949
Additional settlement costs	119	119
May 18, 2007 acquisitions	21,598	-
Total	119,666	98,068

8 Revolving Bank Term Loan

On May 18, 2007, the Trust amended and restated its credit facility available for growth capital, acquisition and working capital needs to $120 million. Loan security is provided by a first charge debenture, a general security agreement and a general assignment of book debts. The credit facility has a one year revolving term ending in November of 2007 which may be extended for additional 364 days at the discretion of the lender on application by the trust. Principal is then repayable in twelve equal quarterly installments over 36 months starting ninety days after the end of the revolving term. Interest is payable monthly at floating rates between prime and prime + 1.0% depending on the Trust's debt to trailing twelve month EBITDA ratio.

The term "EBITDA" is determined in accordance with GAAP, and is defined as: earnings before income taxes, interest expenses, amortization of property and equipment and amortization of intangible assets and excluding non-cash income and expenses and extraordinary items.

Current EBITDA levels require payment of interest at prime.

Principal payments due over the next four years as at June 30, 2007 are as follows:

	$000's
2007	-
2008	15,000
2009	30,000
2010	30,000
2011	15,000

9 Unitholders' Capital

Authorized

The Trust is authorized to issue an unlimited number of Trust Units. Holders of Trust Units will be entitled to receive monthly distributions to the extent declared by the Trust's Board of Trustees in priority to any payments on the Subordinated Units.

Issued

				$000's
	Trust Units Outstanding	Subordinated Units Outstanding	Total Outstanding	Value
Trust Units issued for cash net of issue costs	14,000,000		14,000,000	128,118
Issued on the acquisition of the Acquired Companies (note 4 (a))	12,765,094		12,765,094	127,651
Total Units	26,765,094		26,765,094	255,769
Subordinated Units				
Issued for cash	-	1,510,000	1,510,000	1,510
Issued for promissory notes	-	-	-	3,020
Less: Amount issued for promissory notes	-	-	-	(3,020)
Balance at December 31, 2006	26,765,094	1,510,000	28,275,094	257,279
Issued for services	10,000	-	10,000	72
Issued to distribution reinvestment plan "DRIP"	93,665	-	93,665	683
Issued on the acquisition of the Newly Acquired Companies (note 4 (b))	4,351,622	-	4,351,622	32,316
Total units outstanding as at June 30, 2007	31,220,381	1,510,000	32,730,381	290,350
Weighted average units outstanding three months ended June 30 basic and diluted	28,845,805	1,510,000	30,355,805	
Weighted average units outstanding six months ended June 30 basic and diluted	27,811,197	1,510,000	29,321,197	

Prior to the IPO, the Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate, to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that may be forgiven at the option of the Trust over three years if the subscriber remains as a director, officer or employee of Petrowest. No amounts have been forgiven to date. Holders of Subordinated Units have the right to convert into Priority Units on a one-for-one basis at any time after the end of the first fiscal year ending on or after December 31, 2008 if the Trust has earned EBITDA of at least $47 million and paid distributions of at least $1.20 per Trust Unit for such fiscal year.

On June 27, 2007 the Trust issued 300,000 warrants at a strike price of $7.47 per unit expiring May 1, 2008 as partial consideration for entering into the business alliance (note 4 (c)). The Trust valued the warrants at $270,000 using the following assumptions in the Black-Scholes model: average risk-free interest rate of 4.73%; average expected life of 0.91 years and expected volatility of 30%.

On April 27, 2007, Petrowest approved the implementation of a DRIP program which provides the opportunity for unitholders to reinvest the cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading prices for the ten days prior to distribution payment date.

Units issued on acquisitions and units issued on new acquisitions are held in escrow. Escrowed shares are released as to 25% at the end of year one and the remaining 75% at the end of year two.

10 Stock Based Compensation

Petrowest implemented a stock option plan whereby options to acquire Trust Units may be granted to directors, officers, employees and consultants.

The aggregate number of Trust units issuable upon the exercise of options outstanding under the plan at any time may not exceed 10% of the issued and outstanding Trust Units. The period during which an option granted under the Plan is exercisable may not exceed five years from the date such option is granted. The options issued under the Plan vest 1/3 after one year, 1/3 after two years and 1/3 after three years.

As at June 30, 2007	Number of options outstanding	Weighted average remaining life	Weighted average exercise price
Granted – September 7, 2006	2,605,000	4.19 years	$10.00
Expired	-		-
Outstanding, December 31, 2006 and June 30, 2007	2,605,000	4.19 years	$10.00
Exercisable, December 31, 2006 and June 30, 2007	-		-

The Trust recorded non cash compensation expense and contributed surplus of $540,000 for the six months ended June 30, 2007. Compensation expense has been included in general and administrative expenses. On July 27, 2007, the Trust cancelled its existing option plan.

11 Income taxes

On June 12, 2007, the legislation implementing the new tax on publicly traded income trusts and limited partnerships (the "SIFT tax"), referred to as (Bill C-52) received third reading in the House of Commons and on June 22, 2007 the Bill received Royal Assent. As a result, the tax was considered to be enacted for accounting purposes in June 2007. SIFTs are certain publicly traded income and royalty trusts and limited partnerships including Petrowest.

For SIFTs in existence on October 31, 2006, the SIFT tax will be effective in 2011 unless certain rules related to "undue expansion" are not adhered to. Under the guidance provided, Petrowest can increase is total equity subject to annual limits, to approximately $497.8 million by 2011 without prematurely triggering the SIFT tax.

Under the SIFT tax, distributions will not be deductible for income tax purposes by SIFTs in 2011 and thereafter and any trust level taxable income will be taxed at a rate approximating the corporate income tax rate currently estimated to be 31.5 percent. The resultant distributions will be considered taxable dividends to unitholders, generally eligible for the dividend tax credit. Distributions representing a return of capital for income tax purposes will continue to be an adjustment to a unitholder's adjusted cost base of trust units.

For accounting purposes, as the SIFT tax was enacted in the second quarter of 2007, Petrowest recorded non-cash future income tax provisions that resulted in a net charge of $11,968,789 to future income taxes to reflect the temporary differences between the book and tax basis of assets and liabilities expected to be remaining in the Trust in 2011. The majority of the temporary differences at the Trust level relate to the timing differences associated with property plant and equipment and intangibles acquired by the Trust on September 7, 2006 and May 18, 2007.

The components of future income tax balances are as follows:	**$000's**
Asset	
Share Issue Costs	$ 1,499
Liability	
Capital and intangible assets	$ 13,468
Net non cash future income tax expense	$ 11,969

12 Related Party Transactions

Petrowest paid rent for the three and six months ended June 30, 2007 respectively for office and shop space under leases entered into with certain former vendors in the amount of $481,278 and $903,535. Future lease commitments associated with the transactions are included in note 13. Transactions were recorded at the exchange amount which is estimated to equal fair market value.

13 Commitments

The Trust has entered into operating leases for office and shop premises and equipment that provide for minimum annual lease payments in the twelve month periods ending as follows:

	$000's
June 30, 2008	12,207
June 30, 2009	9,778
June 30, 2010	6,072
June 30, 2011	3,912
June 30, 2012	1,748

14 Segmented Information

The Trust determines its reportable segments based on the structure of its operations, which are primarily focused on four principal business segments – Construction, Transportation, Civil and Rentals. The following is selected financial information for each business segment.

For the three months ended June 30, 2007			$000's			(unaudited)
	Construction	Transportation	Civil	Rentals	Corporate	Total
Total Revenue	7,775	6,137	11,717	3,090		28,719
Less inter-segment revenue	(583)	(569)	(12)	(421)		(1,585)
Revenue	7,192	5,568	11,705	2,669		27,134
Operating and general and administrative	7,119	7,022	9,798	529	1,638	26,106
Interest Expense	153	1	7	1	940	1,102
Interest income	24	17	2	6	49	98
(Gain) loss on disposal of equipment		(1)	(7)	1	(4)	(11)
Amortization	3,708	2,113	1,675	1,491	150	9,137
Future income taxes	-	-	-	-	11,969	11,969
Net earnings (loss)	(3,764)	(3,550)	234	653	(14,644)	(21,071)

For the six months ended June 30, 2007			$000's			(unaudited)
	Construction	Transportation	Civil	Rentals	Corporate	Total
Total Revenue	18,436	18,369	21,693	5,455	0	63,953
Less inter-segment revenue	(1,260)	(1,494)	(37)	(1,165)	0	(3,956)
Revenue	17,176 29%	16,875 28%	21,656 36%	4,290 7%	0	59,997
Operating and general and administrative	14,785	16,529	16,282	2,218	3,329	53,143
Interest Expense	157	4	45	3	1,437	1,646
Interest income	25	18	2	6	97	148
(Gain) loss on disposal of equipment	83	2	153	1	(4)	235
Amortization	6,017	3,929	3,172	3,012	318	16,448
Future Income Taxes	-	-	-	-	11,969	11,969
Net earnings (loss)	(3,841)	(3,571)	2,006	(938)	(16,952)	(23,296)

Selected Balance Sheet Items as at June 30, 2007

	Construction	Transportation	Civil	Rentals	Corporate	Total
Current Assets	24,875	16,395	23,502	(2,752)	(4,506)	57,514
Property and equipment	58,217	25,468	26,067	17,296	3,755	130,803
Intangibles	26,360	19,991	9,665	7,848	2,344	66,208
Goodwill	47,798	31,590	26,220	13,569	489	119,666
Future income tax	938	209	339	4	9	1,499
Total Assets	158,188	93,653	85,793	35,965	2,091	375,690

All transactions between segments were initially recorded at approximate market rates. Transactions between segments have been eliminated on consolidation.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following Management's Discussion and Analysis (MD&A) is dated August 14, 2007. The MD&A should be read in conjunction with Petrowest Energy Services Trust's ("Petrowest" or the "Trust") unaudited interim consolidated financial statements as at and for the three and six months ended June 30, 2007, as well as the MD&A of the "Acquired Companies" contained in the Trust's prospectus dated August 28, 2006, the MD&A of the Trust for the December 31, 2006 year end, the Trust's audited consolidated financial statements for the period ended December 31, 2006 and the Trust's business acquisition report filed on August 1, 2007. The Trust was formed on July 6, 2006, and commenced trading on the TSX on September 7, 2006. This date should be viewed as the effective start of commercial operations and consequently there are no comparable periods included in these financial statements.

FINANCIAL HIGHLIGHTS AND OVERVIEW

DISTRIBUTABLE CASH FLOW

Q2 distributable cash flow was $464,000, representing a decrease of $5,118,000 from Q1 results.

Two major factors contributing to the decline included:

- Low equipment utilization rates with the decline in natural gas drilling activity impacted the Trust's Construction, Transportation and Rental's segments. Additionally, an extended spring breakup and unusually wet weather affected the demand for services in all divisions.
- Decreased margins due to fixed operating costs.

Action taken to resolve challenges and strengthen financial position:

- Distributions reduced by 40% to $0.06 per unit effective for the month of July 2007.
- Distribution reinvestment plan ("DRIP") implemented April 27, 2007.
- Acquisitions of five companies were completed on May 18, 2007 for aggregate consideration of $93.1 million, strengthening and expanding the Trust's Civil, Construction and Transportation business segments and expanding the Trust's geographical footprint further north in Alberta to the Peace River, High Level, Rainbow Lake areas of the province and in British Columbia expansions north to Fort St. John and Fort Nelson.
- Business alliance with the Woodland Cree First Nation entered into and relationships expanded in Peace River oil sands development.

NET LOSS AND NET LOSS PER UNIT

Q2 Net loss of $21.1 million on the basis of the weighted average units outstanding- basic and fully diluted:

- Net loss per unit ($0.69) for the three months ending June 30, 2007.
- Net loss per unit ($0.79) for the six months ending June 30, 2007.

Q2 loss was impacted by Future income tax charge required to be recorded in the period as a result of the enactment of the new SIFT taxation rule. Future income tax charge in Q2 was $11.97 million. The net loss excluding future income tax charges were as follows on the basis of the weighted average units outstanding, basic and fully diluted:

- Net loss per unit before income tax adjustment ($0.30) for the three months ending June 30, 2007.
- Net loss per unit before income tax adjustment ($0.38) for the six months ending June 30, 2007.

OUTLOOK

- Efforts have been undertaken to improve the balance sheet, profitability, debt levels and payout ratios for year end 2007 by initiating cost cutting measures, additional equipment cross utilization and less reliance on natural gas exploration activity.

- The distribution cut of 40% to $0.06 per unit made in July, 2007 is expected to save approximately $7.5 million in cash over the balance of 2007 and facilitating a planned debt reduction of $5.0 million by year end. A Debt to EBITDA ratio below 2 to 1 is expected to be maintained.

- Projected annual average distribution to EBITDA payout ratio of approximately 100% for the year ended December 31, 2007.

Financial measures and operational measures taken to date are expected to result in the Trust exiting 2007 with an improved balance sheet and sustainable payout ratio moving forward to 2008.

$000's except per unit amounts, margins and ratios	For the three months ended June 30, 2007	For the six months ended June 30, 2007
FINANCIAL RESULTS		
Revenue	27,134	59,997
EBITDA	1,137	6,767
EBITDA margin	4.2%	11.3%
Future income tax adjustment	11,969	11,969
Net loss excluding future income tax adjustment [1]	(9,102)	(11,327)
Net earnings (loss)	(21,071)	(23,296)
Net earnings (loss) per unit – basic and diluted	($0.69)	($0.79)
Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment [1]	($0.30)	($0.38)
FINANCIAL POSITION AND LIQUIDITY		
Working capital	14,222	14,222
Total revolving bank term loan and obligations under capital leases (including current portion)	91,158	91,158
Total Units outstanding	32,730,381	32,730,381
Weighted Average Units Outstanding – Basic and diluted	30,355,805	29,321,197
Distributions per unit	$0.30	$0.60
Payout ratio– combined unitholders	495%	343%
Unit price – June 30, 2007	$7.39	$7.39

[1] *The terms Net loss excluding future income tax adjustment and Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment (note 11) are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. Net loss excluding future income tax adjustment is calculated by reducing net loss by the amount of the future income tax expense and Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment refers to a fraction of which the numerator is Net loss excluding future income tax adjustment and the denominator is the Weighted Average Units Outstanding -- Basic and diluted.*

BASIS OF PRESENTATION

These financial statements are stated in Canadian dollars and have been prepared by the management of Petrowest in conformity with Canadian generally accepted accounting principles ("GAAP") following the same accounting policies and methods of application as the audited consolidated financial statements of the Trust for the fiscal year end December 31, 2006 except where noted.

Accounting measurements at interim dates inherently involve greater reliance on estimates than at year-end and the results of operations for the interim periods shown in these statements are not necessarily indicative of the results to be expected for the fiscal year. In the opinion of management, the accompanying unaudited interim consolidated financial statements included all adjustments (of a normal recurring nature) necessary to present fairly the consolidated results of its operations and cash flows for the three and six months.

NON-GAAP MEASURES

The financial statements have been prepared in accordance with Canadian generally accepted accounting principles ("GAAP"). Certain supplementary information and measures not recognized under GAAP are provided in this MD&A where management believes they assist the reader in understanding the Trust's results and where measures are believed to be used by many investors to compare issuers on the basis of their ability to generate cash from operations and sustain distributions.

Accordingly, the Trust uses the term "EBITDA" to refer to earnings before interest, income taxes and amortization of property and equipment and amortization of intangible assets; the term "EBITDA Margin" to refer to a fraction, the numerator of which is EBITDA and the denominator of which is Revenue. Management believes that EBITDA and EBITDA Margin are useful supplementary measures as they provide indications of operating results without regard as to financing or taxation. The term "Net Debt" to refer to the sum of total obligations under capital leases and revolving bank term loan, less working capital. Management believes that this measure is useful as it illustrates the actual debt position of the Trust after realization of working capital net assets. The term "Funds From Operations Before Changes in Non-Cash Working Capital" to refer to cash provided by operating activities before changes to accounts receivable, prepaid expenses and other, inventory and accounts payable and accrued liabilities and income taxes payable; the term "Distributions Per Unit" to refer to a fraction, the numerator of which is distributions paid or accrued to unitholders and the denominator of which is the number of Trust units issued; the term "Funds From Operations Before Changes in Non-Cash Working Capital Per Unit" to refer to a fraction of which the numerator is Funds From Operations Before Changes in Non-Cash Working Capital and the denominator is the number of Trust units issued; the term "Cash Flow From Operating Activities Per Unit" to refer to a fraction of which the numerator is cash flow from operating activities and the denominator is the number of Trust units issued; the term "Distributable Cash" to refer to the amount of cash that is expected to be available for distributions to the unitholders; and the term "Payout Ratio" to refer to a fraction of which the numerator is distributions paid or accrued to unitholders and the denominator is Distributable Cash. Management believes that these measures provide useful measures in determining the cash generated from operations adjusted for the seasonal impacts of the operations and provide indications of the amounts of cash retained for future growth opportunities, capacity maintenance and debt repayment and ongoing distribution capability. The term "Net loss excluding future income tax adjustment" is calculated by reducing net loss by the amount of the future income tax expense and "Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment" refers to a fraction of which the numerator is Net loss excluding future income tax adjustment and the denominator is the Weighted Average Units Outstanding – Basic and diluted. Management believes that these measures provide useful measures in determining the loss from operations adjusted for the impacts of the new SIFT income tax measures.

The terms EBITDA, EBITDA Margin, Net Debt, Funds From Operations Before Changes in Non-Cash Working Capital, Distributions per Unit, Funds From Operating Activities Per Unit, Cash Flow from operating activities per unit, Distributable Cash, Payout Ratio, Net loss excluding future income tax adjustment and Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment are not measures recognized by "GAAP", do not have standardized meanings prescribed by GAAP and therefore may not be comparable to performance measures presented by others.

Readers are cautioned that "EBITDA", "EBITDA Margin", "Net Debt", "Funds From Operations Before Changes in Non-Cash Working Capital", "Distributions per Unit", "Funds From Operations Before Changes in Non-Cash Working Capital Per Unit", "Cash Flow From Operating Activities Per Unit" and "Distributable Cash" "Payout Ratio" "Net loss excluding future income tax adjustment" and "Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment" should not be considered as alternatives to net earnings, cash flow from operating activities, net loss or other measures of financial performance calculated in accordance with GAAP.

DESCRIPTION OF BUSINESS

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund Trust established under the laws of Alberta. Petrowest is involved in pre-drilling and post-completion energy services, construction and hauling and is based in the Grande Prairie area of northern Alberta. Approximately two-thirds of the Trust's services are provided to the energy sector and the remainder of services is provided to other industries. The ongoing operations have been segregated into four limited partnerships and the assets and operations are maintained within those partnerships. Petrowest does business within the various partnerships under the trade operating names described below:

Petrowest Construction LP

Petrowest Construction LP operates under the trade names of "Gordon Bros. Construction", "Roy Larson Construction", "Wales Contractors" , "Jim Moffatt Construction", "Quigley Contracting", and "Rick's Mechanical" and specializes in the construction of oil and gas lease well site pads, road construction, remediation of oil and gas well sites and civil infrastructure work for non oil and gas clients. Petrowest Construction LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors, graders, and scrapers as well as other ancillary support equipment.

Petrowest Transportation LP

Petrowest Transportation LP operates under the trade names of "D&D Well Services", "Murtron Hauling" and "Cutbank Trucking and Transport" and specializes in the transportation of oil and gas drilling rigs, well site equipment and heavy equipment as well as specialty hauling services including log loading and hauling and gravel loading and hauling. The Transportation LP operates a fleet of heavy transport trucks, trailers, jeeps, boosters, log and gravel loading equipment as well as other ancillary support equipment.

Petrowest Civil Services LP

Petrowest Civil Services LP operates under the trade names of "R. Bee Crushing", "Tri-Dave Gravel Sales" and "S.O.S. Oilfield Safety". The Civil Services LP specializes in mobile aggregate rock crushing and sand screening for gravel supply operations throughout Alberta and British Columbia operating a fleet of cone and jaw crusher units, conveyor and sand stacker units, loaders, dozers, tracked hoe excavators and articulated rock trucks. The Civil Services LP also provides safety services including safety supervision and rental of safety air units and wash units provide for safety support during oil and gas drilling operations and plant turnarounds.

Petrowest Rental Services LP

Petrowest Rental Services LP operates under the new trade name of "Nu-Northern Tractor Rentals" and specializes in heavy equipment rentals to oil and gas companies, oil sand clients, and independent contractors working in the oil and gas, mining, logging, pulp and paper and civil construction industries. The Rental Services LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors and side-boom pipelayers.

The Trust's operations are primarily in the deep drilling market regions of the Western Canadian Sedimentary Basin ("WCSB") with operations in northern Alberta and northeastern British Columbia. The WCSB is one of the largest oil and gas producing regions in North America. Much of the terrain in the WCSB is considered rugged, resulting in access issues due to dense bush, muskeg, bedrock and mountainous terrain all of which are complicated by the weather in the region. Historically this region has been less impacted by cyclical swings in market prices due to the longer lead times in access, drilling and completion of planned wells. Oil and gas producers have generally taken a longer term view of project work in the area with consistent growth in drilling activity.

Weather also has a direct impact on the operations of Petrowest. Oil and gas drilling activity is generally stronger November through March as frozen ground conditions allow for exploration in areas with muskeg conditions. Wet weather in the spring and early summer months hinder activity. As frost comes out of the ground, road conditions deteriorate and municipalities impose temporary weight restrictions on road surfaces ("road bans"), thus restricting access and trucking operations. Operations normally gain strength in late June and continue through to the end of summer and fall. A short slowdown normally exists in late fall until freezing conditions allow for winter work activity to recommence.

ACQUISITIONS

September 7, 2006 Acquisitions

The Trust was formed by a deed of Trust dated July 6, 2006. Pursuant to a prospectus dated August 28, 2006, the Trust issued units and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies. The estimated purchase price of the Acquired Companies was approximately $258.0 million including post closing adjustments for actual working capital acquired and the actual Acquired Companies' debt balances retired on the acquisition. The purchase price was funded by payment of approximately $107.6 million net cash payable to the vendors, $22.7 million retirement of debt and the issuance of units by the Trust for proceeds of $127.7 million. In conjunction with the acquisitions, all debt and capital lease obligations were repaid by Petrowest through the use of proceeds from the offering.

There is a dispute with Northern Tractor associated with the valuation of certain working capital items and the valuation of redundant assets retained by the vendor. The total disputed amount is approximately $800,000. This amount has been classified as a contingent gain and because collectability is uncertain, has not been recognized for purposes of the calculation of the purchase price adjustment. Arbitration of these amounts is expected to occur prior to the end of the third quarter of 2007 and adjustments required to the purchase price to reflect this contingent gain, if any, may be material.

The transaction closed on September 7, 2006 and the Trust commenced commercial operations on that date.

May 18, 2007 Acquisitions

Petrowest entered into agreements to acquire all of the outstanding shares and shareholder loans of Cutbank Trucking Ltd. and Cutbank Transport Ltd. (collectively, "Cutbank"), Jim Moffatt Construction Ltd. and 921639 Alberta Ltd., (collectively, "Jim Moffatt Construction"), Quigley Contracting Ltd, 529805 B.C. Ltd. and LMQ Enterprises Ltd., (collectively, "Quigley Contracting Ltd."), Rick's Mechanical Services Ltd. and Tri-Dave Gravel Sales Ltd (collectively, the "Newly Acquired Companies").

Cutbank Trucking Ltd. and Cutbank Transportation Ltd. are operated together as one business and specialize in hauling logs and gravel and the provision of log loading equipment in Grande Prairie, Alberta. Cutbank Trucking Ltd. was formed in 1972 and Cutbank Transportation Ltd. was formed in 1997.

Jim Moffatt Construction Ltd. is a lease and road building company operating in northern Alberta. Jim Moffatt Construction Ltd. was formed in 1992 and operates from its base in Worsley, Alberta. In addition to lease and road building, Jim Moffatt Construction Ltd. also operates a 250-man camp permanently located in Worsley.

Rick's Mechanical Services Ltd. is a mid-size lease and road builder based in Peace River, Alberta. Rick's Mechanical Services Ltd. was formed in 1993 and has achieved a positive working relationship with the Woodland Cree First Nation in providing services to oil sand developers operating on the traditional lands of the Woodland Cree First Nation.

Quigley Contracting Ltd. is a lease and road building company operating in Fort St. John, British Columbia. Quigley Contracting Ltd. was formed in 1990 by Rick Quigley. The acquisition of Quigley Contracting Ltd. will expand Petrowest's geographical footprint into the northern regions of British Columbia.

Tri-Dave Gravel Sales Ltd. is a gravel crushing operation that operates in the Edmonton area. Tri-Dave Gravel Sales Ltd. was formed in 1984. Tri-Dave Gravel Sales Ltd. will provide additional capacity to Petrowest's crushing operations conducted by R. Bee Crushing.

The estimated purchase price including acquisition costs of the Newly Acquired Companies was approximately $93.1 million.

The May 18, 2007 acquisitions have been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. An allocation of the consideration is as follows:

Net assets acquired	**$000's**
Cash acquired on acquisition	8,963
Accounts receivable	12,235
Prepaid expenses and other	2,412
Inventories	474
Accounts payable and accrued liabilities	(8,875)
Income taxes payable	(986)
Property and equipment	42,134
Intangibles	15,123
Goodwill	21,598
Total	93,078
Consideration paid	
Net cash to vendors	50,869
Acquisition costs	502
Retirement of long-term debt and capital lease obligations	9,391
	60,762
Trust Units (4,351,622 units issued)[1]	32,316
Total	93,078

[1] For the purposes of calculation of the aggregate, the trust units have been attributed a value of $7.4261 each, the five day volume weighted average price before the closing date.

(c) Business Alliance June 18, 2007

On June 18, 2007 Petrowest signed agreements documenting a memorandum of understanding effective May 1, 2007 with the Woodland Cree First Nations ("WCFN") providing Petrowest with the primary right to provide a combination of services on a revenue sharing basis within the WCFN traditional lands for a period of 5 years. In conjunction with the agreements, Petrowest purchased the road construction equipment assets of the WCFN. The total cash consideration paid or payable to the WCFN for the assets and the contractual rights was $4,000,000. Petrowest paid $2,000,000 on closing, retired $1,424,623 of equipment debt subsequent to the quarter end and the remaining $575,377 will be paid once certain post closing conditions being met.

The Trust also issued the WCFN 300,000 warrants to acquire Petrowest units at a strike price of $7.47 per unit. The warrants expire May 1, 2008. The valuation of the warrants has been calculated using a Black-Scholes pricing model.

In return for the consideration, Petrowest will be the primary supplier of services that the Trust is capable of providing on all WCFN Treaty and Traditional Lands for a period of 5 years.

Petrowest has accounted for the transaction as follows:

	$000's
Value of warrant consideration	$ 270
Initial cash consideration	$ 2,000
Remaining purchase consideration payable	$ 2,000
	$ 4,270
Fair Value of Equipment	$ 1,926
Value of business alliance	$ 2,344
Total Consideration	$ 4,270

The business alliance will be amortized on a straight-line basis over 5 years.

In addition the Trust has agreed to provide services in kind valued a market rates to assist in the potential construction and development of a community centre subject to certain conditions being fulfilled and capped to a maximum of $1,000,000.

SUMMARY OF RESULTS - QUARTERLY ANALYSIS

Petrowest commenced trading on the Toronto Stock Exchange on September 7, 2006, the day of commencement of commercial operations of the Trust. Accordingly, the three and six month periods ending June 30, 2007 have no comparative figures for the same period in the previous year, as the Trust was not yet created. For comparative purposes only, Petrowest has provided certain quarterly financial information considered meaningful on the basis that the Acquired Companies had been acquired at January 1, 2006 as prepared by the management of the Acquired Companies on a calendar year basis.

In addition, management has prepared a split of revenue and operating expenses by segment for the three months ended June 30, 2007 to reflect the impact of the Newly Acquired Companies from the date of acquisition on May 18, 2007 to the end of Q2.

$000s *except per unit amounts, margins and ratios*	Q2 2007	Q1 2007	Q4-2006	Q3-2006 (Stub) [1]

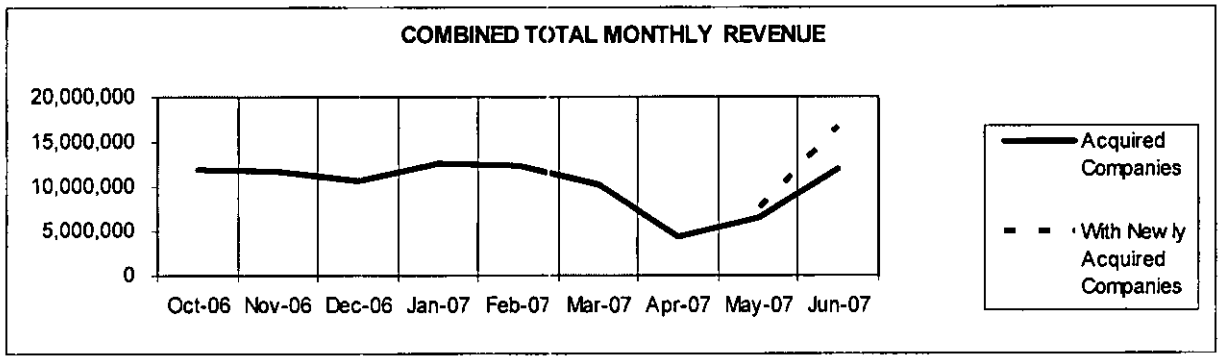
Notes

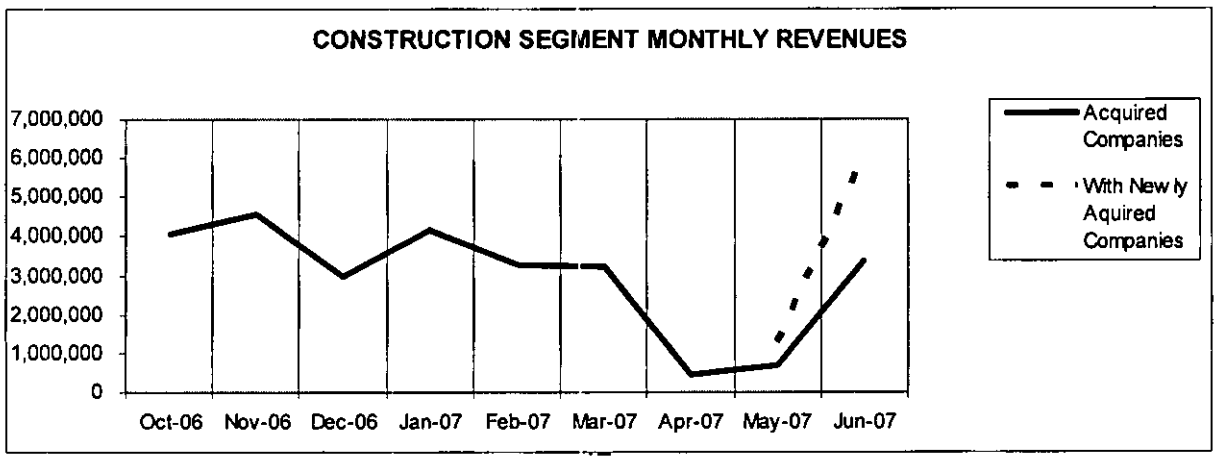


[1] Q3-2006 Stub is for the period from September 7, 2006 to September 30, 2006.

[2] The terms EBITDA and ADJUSTED EBITDA are not measures recognized by GAAP and do not have standardized meanings prescribed by GAAP.

REVENUE

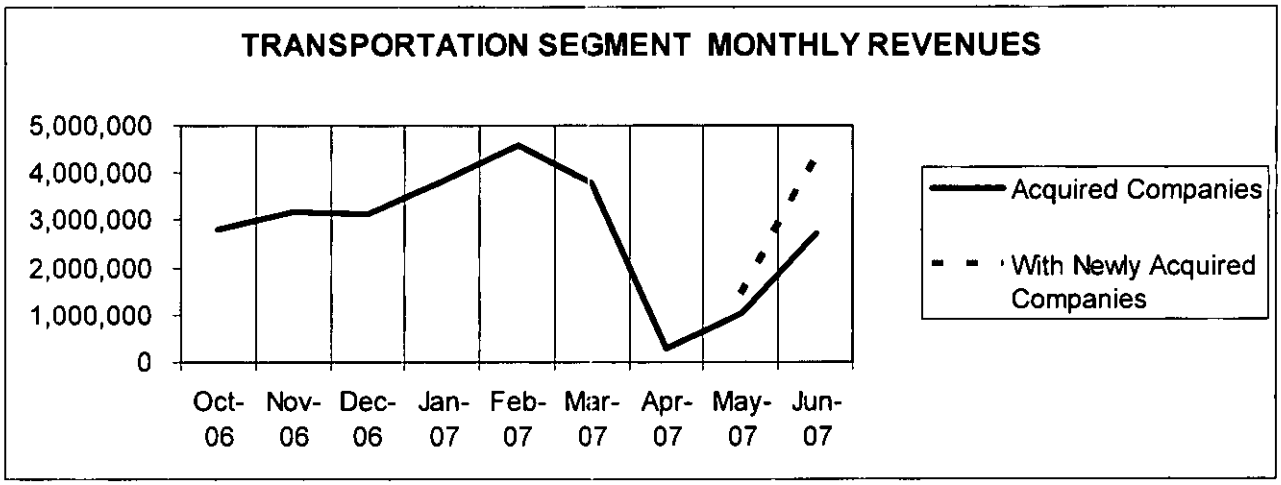
Total revenue for the three and six months ended June 30, 2007 was $27,133,851 and $59,996,757. This represents a decrease of 18% and 26%, respectively, over the same periods in 2006. The decline is due to sharply lower gas drilling activity as well as the adverse weather conditions, and extended spring break up resulting from the heavy snowfalls in the Trust's operating areas. While the Trust is diversified, and provides services to commercial, infrastructure, logging and oil sands clients, oil and gas conventional drilling historically has accounted for approximately two thirds of the Trust's revenue. The Newly Acquired Companies contributed 22% of total revenues in Q2.



The Canadian Association of Oilwell Drilling Contractors ("CAODC") estimates that wells drilled and completed in the WCSB will decline by approximately 26% from 2006 levels to approximately 16,233 wells for 2007. This projected decline is virtually identical to the current volume declines experienced to the end of Q2.

Construction Segment

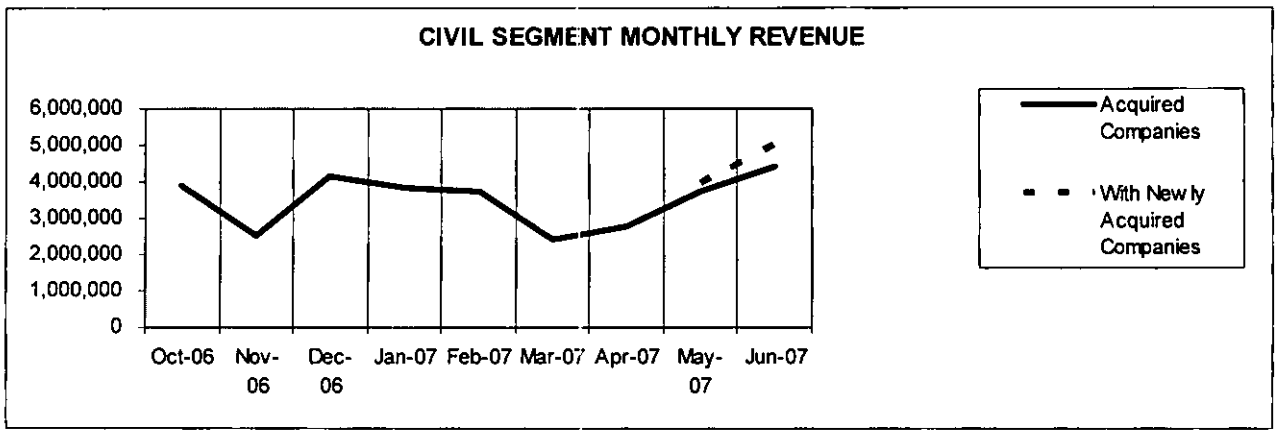
Q2 was extremely difficult for this division with significant declines due to the effects of weather and lower gas exploration activity. The expected busy winter months effectively peaked in November, declined in December due to the holidays and rebounded slightly in January. The balance of the winter declined sharply until an early spring shutdown and did not begin to pick up again until late May. Excluding the contribution of the Newly Acquired Companies, overall revenue declines were approximately 60% and 42% for the three and six month periods to June 30, 2007 over the revenues of the predecessor companies during the same period in 2006. The Newly Acquired Companies generated approximately $3.2 million of the $7.2 million or 44% of the Q2 revenue for this segment.



Demand for services in the month of June rebounded strongly and barring wet summer weather conditions, indications are that this segment has the potential to perform strongly throughout Q3. The outlook for Q4 of 2007 and Q1 of 2008 is still uncertain but managements marketing initiatives focused on work associated with the Peace River oil sands development, including the business alliance established with the Woodland Cree First Nation, is expected to offset the ongoing natural gas drilling downturn.

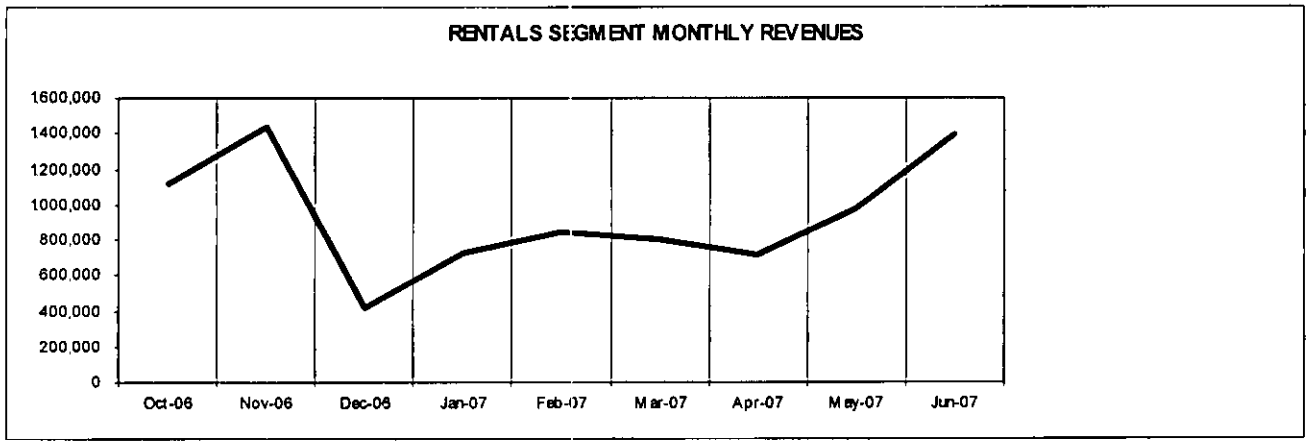
Transportation Segment

The transportation segment business has two main components. The first being drilling rig mobilization and demobilization services and the second being lighter hauling, primarily log hauling in the winter months and gravel hauling in the summer. The rig moving operation has historically been the largest single business operation in the Trust and was severely impacted by the drilling downturn. Consequently, given its relative size, the downturn has had a greater overall impact to the Trust.



While log hauling activity was very strong, both operational units where impacted by the above normal snowfalls in the first half of 2007. Excluding the revenue contributions of the Newly Acquired Companies revenue declines were approximately 63% and 53% for the three and six month periods to June 30, 2007 over the same period in 2006. In Q2, the Newly Acquired Companies generated approximately $2.1 million of the $5.6 million or 38% of the Q2 revenue for this segment.

Civil Segment



The Civil segment has two main components. The first, oilfield safety services, is tied to drilling activity and faced declining activity throughout the winter. The second and largest component of this segment is gravel crushing. The gravel crushing operations have contracts booked at or near capacity to the end of 2008. In spite of the work volumes, winter months generally result in lower production volumes due to cold conditions. Summer is the peak time for this division.

Excluding the revenue contributions of the Newly Acquired Companies, revenue increased by approximately 5% and 15% for the three and six month periods to June 30, 2007 over the revenue of the predecessor companies for the same period in 2006. In Q2, the Newly Acquired Companies generated approximately $785,000 of the $11.7 million or 7% of the year to date revenue for this segment. It is anticipated that given the capacity increases added over the winter months, and with the existing contracts that are in place that have the operations at, or near capacity, the prime summer gravel crushing months should result in increases to productivity.

Rentals Segment

Drilling slowdowns, delays to oil sand projects in Fort McMurray and a slow pipeline sector resulted in reduced demand for rental equipment over the winter months. The month of June returned to near record high levels and indications are that utilization rates should be reasonably strong until at least the end of Q4. Revenue declines were approximately 11% and 38% for the three and six month periods to June 30, 2007.

INTER SEGMENT REVENUES

Eliminated from the financial statements are $1,584,683 and $3,955,426 for the three and six month periods ending June 30, 2007 of inter-segment sales and the offsetting costs at the same value. These inter-segment sales relate to the market value of activity between the various segments of the Trust, including the Transportation segment hauling equipment on behalf of the Construction and Civil segments, the Rentals segment supplying equipment to the Civil segment and other cross utilization of manpower and equipment.

OPERATING EXPENSES AND GROSS MARGIN

Operating expenses on a consolidated basis for the three and six months ended June 30, 2007 were approximately $24.5 million and $49.8 million, respectively. The rapid and deep downturn that occurred early 2007 negatively impacted operating expenses and gross margins. The following table outlines the cost by segment and the changes and percentage changes over the comparative period in 2006.

	Three months ended June 30				Six months ended June 30			
Operating Expense changes by Segment	**2007**	**2006**	**$chg**	**% chg**	**2007**	**2006**	**$chg**	**% chg**
Construction Segment	4,353	8,299	(3,946)	(48%)	12,016	18,612	(6,596)	(35%)
Newly Acquired Companies	2,766	n/a	n/a	n/a	2,766	n/a	n/a	n/a
Transportation Segment	5,448	7,293	(1,845)	(25%)	14,955	22,594	(7,639)	(34%)
Newly Acquired Companies	1,574	n/a	n/a	n/a	1,574	n/a	n/a	n/a
Civil Segment	9,306	7,170	2,136	30%	16,115	13,153	2,962	23%
Newly Acquired Companies	492	n/a	n/a	n/a	492	n/a	n/a	n/a
Rentals Segment	529	1,890	(1,361)	(72%)	1,896	3,252	(1,356)	(42%)

The revenue declines in all segments except the civil segment resulted in total dollar cost declines as well. However while actual dollar costs declined, as a percentage of revenue, costs in all segments except the rental group increased resulting in and erosion of margins.

Total Operating Expense as % of Revenue	2007	2006		2007	2006
Total Operating costs as a % of Total Revenues	24,468	24,652		49,814	57,611
	128%	75%		92%	71%

Major cost items that increased as a percentage of revenue, across all segments, were labor, fuel and equipment rentals. It is expected that higher fuel costs can eventually be passed on to the Trust's clients, but in the current downturn, it is expected that there will be a timing difference before pricing increases can be passed on.

Productivity losses as a result of inclement weather and heavy snowfalls impacted all segments. Labor costs increased in both quarters of 2007. In addition, a minimum of 25% additional equipment capacity was added to each business segment in conjunction with and shortly after the initial public offering. The Trust's fixed cost infrastructure is capable of handling higher levels of activity. The resulting underutilized capacity has an ongoing effect to margins until volume of activity increases.

In response to the current cost increases management is working to expand cross utilization of existing equipment and reposition certain equipment assets in the Trust's new geographical locations to minimize mobilization and fuel costs. In addition, the Trust's rental segment is focusing marketing efforts to rent underutilized assets within the other Trust's segments to third parties. Finally management is in the process of implementing various cost cutting measures. Management expects to realize benefits on these actions by both increases in revenue and cost savings.

GENERAL AND ADMINISTRATIVE

General and administrative expenses for the three and six months ended June 30, 2007 were $1,637,137 and $3,328,803 respectively, or 6% and 5.5%, respectively, of revenue. Costs included in this category are accounting and administrative staff, additional consulting costs evaluating the impacts of the federal tax announcements and staff training costs associated with the new accounting and management system implemented in conjunction with the integration of the Newly Acquired Companies.

EBITDA

EBITDA for the six months ended June 30, 2007 was $6,766,419.[1] This represents an EBITDA margin of 11.3%.[2] In Q2, the Newly Acquired Companies contributed $1,254,744 in EBITDA since the completion of the acquisitions on May 18, 2007.

[1] EBITDA is calculated as net loss of $(23,296,579) plus interest expense of $1,645,861 plus amortization of property and equipment and amortization of intangible assets of $16,448,348 plus future income taxes of $11,968,789.

[2] EBITDA Margin is a fraction of which EBITDA of $6,766,419 is the numerator and revenue of $59,996,757 is the denominator.

AMORTIZATION OF PROPERTY AND EQUIPMENT

Amortization for the six months ending June 30, 2007 was $11,751,610. Amortization is applied to reduce the book value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually or on an actual usage basis.

AMORTIZATION OF INTANGIBLE ASSETS

Intangible assets, consisting of acquired customer relationships, business alliance, brand and trade names, and non-competition agreements are recorded at cost and amortized over their useful lives, which is estimated to be five years for business alliance, brand and trade names, and non-competition agreements and ten years for customer relationships. Intangible assets are regularly evaluated by comparing their applicable estimated future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

INTEREST

Interest expense reflects carrying costs on lease obligations, interest on capital lease obligations and interest on the revolving bank term loan.

INCOME TAXES

Petrowest, and its operating entities, are taxable entities under the Income Tax Act of Canada and are currently taxable only on income that is not distributed or distributable to the unit holders. As the Trust currently distributes all of its taxable income to the unit holders, no previous provision for income taxes had been made.

On June 12, 2007, the legislation implementing the new tax on publicly traded income Trusts and limited partnerships (the "SIFT tax"), referred to as "specified investment flow-through" ("SIFT") entities (Bill C-52) received third reading in the House of Commons and on June 22, 2007, the Bill received Royal Assent. As a result, the tax was considered to be enacted for accounting purposes in June 2007. SIFTs are certain publicly traded income and royalty Trusts and limited partnerships including Petrowest.

For SIFTs in existence on October 31, 2006, the SIFT tax will be effective in 2011 unless certain rules related to "undue expansion" are not adhered to, in which case such rules would be applied at an earlier date. Under the guidance provided, Petrowest can increase is total equity subject to annual limits, to approximately $497.8 million by 2011 without prematurely triggering the SIFT tax.

Under the SIFT tax, distributions will not be deductible for income tax purposes by SIFTs in 2011 and thereafter and any Trust level taxable income will be taxed at a rate approximating the corporate income tax rate currently estimated to be 31.5 percent. The resultant distributions will be considered taxable dividends to unitholders, generally eligible for the dividend tax credit. Distributions representing a return of capital for income tax purposes will continue to be an adjustment to a unitholder's adjusted cost base of Trust units.

For accounting purposes, as the SIFT tax was enacted in the second quarter of 2007, Petrowest recorded non-cash future income tax provisions that resulted in a net charge of $11,968,789 to future income taxes to reflect the temporary differences between the book and tax basis of assets and liabilities expected to be remaining in the Trust in 2011. The majority of the temporary differences at the Trust level relate to the timing differences associated with property plant and equipment and intangibles acquired by the Trust on September 7, 2006 and May 18, 2007.

Our Board of Directors and Management continue to review the impact of this tax on our business strategy. We expect future technical interpretations and details will further clarify the legislation. At the present time, Petrowest believes some or all of the following actions will or could result due to the enactment of the SIFT tax:

- If structural or other similar changes are not made, the after-tax distribution yield in 2011 to taxable Canadian investors will remain approximately the same, however, the distribution yield in 2011 to tax deferred Canadian investors (RRSPs, RRIFs, pension plans, etc.) and foreign investors could fall.

- A portion of Petrowest's cash flow could be allocated to the payment of the SIFT tax, or other forms of tax, and would not be available for distribution or re-investment;

- Petrowest could convert to a corporate structure to facilitate investing a higher proportion or all of its cash flow in growth capital and potential acquisitions. Such a conversion and change to capital programs could result in a significant reduction to, or elimination of, distributions and/or dividends;

- Petrowest might determine that it is more economic to remain in the Trust structure and pay required distribution taxes when they come into effect in 2011 and utilizing available income tax strategies to minimize the impact of the tax.

The Trust is reviewing all organizational structures and alternatives to minimize the impact of the SIFT tax on our unitholders. While there can be no assurance that the negative effect of the tax can be minimized or eliminated, Petrowest and its advisors will assess the alternatives available and implement a strategy that is in the best interest of the unitholders.

NET LOSS

Net loss for the three and six months ended June 30, 2007 was $21,072,241 and $23,296,580, respectively. This represents a net loss per unit of $0.69 and $0.79, respectively, basic and fully diluted.

Included in the net loss is an adjustment for future income taxes as a result of Bill C-52 which received third reading in the House of Commons on June 12, 2007 and received Royal Assent on June 22, 2007. As a result, the tax was considered to be enacted for accounting purposes in June 2007. Excluding the impact of the future income tax adjustment net loss for the period would be $9,103,452 and $11,327,791, respectively. This represents a net loss per unit before future income tax adjustment of $0.30 and $0.38, respectively, basic and fully diluted.

RECONCILIATION OF CASH FLOW FROM OPERATING ACTIVITIES TO DISTRIBUTABLE CASH

$000s	For the three months ended June 30, 2007	For the six months ended June 30, 2007
Cash flow from operating activities	1,792	64
Changes in non-cash working capital items	(1,426)	5,904
	366	5,968
Interest income	98	148
Distributable Cash	**464**	**6,116**
Total distributions paid or payable	**9,365**	**17,848**
Distributions funded from revolving bank term loan and DRIP	**8,901**	**11,732**
Payout ratio(1) – combined unitholders	**495%**	**343%**

(1) Payout ratio is a fraction of which distributions paid or payable to Trust and Subordinated Unitholders of $8,901 and 11,732, respectively, is the numerator and distributable cash of $464 and $6,116, respectively, is the denominator.

Seasonal impacts on Cash Flow

The Trust strives to fund distributions primarily from funds flow from operations before changes in non cash working capital items. However, Petrowest's business operations are seasonal by nature. Management expects that the Trust will consume cash during periods of normally higher activity, historically Q4 and Q1, and to a lesser extent in Q3. Typically in these quarters, operations would increase receivable balances faster than collected. In Q2, the impact of spring breakup will typically reverse this trend. To reduce the impact on cash, the Trust has secured an operating line of credit to finance the cyclical nature of its operations. Accordingly in the shorter term, with reasonable evidence that cyclical trends reflect normal seasonal indicators, the Trust may use the operating line of credit to fund distributions during periods where working capital demands exceed funds flow from operations before changes in non cash working capital items.

Productive Capacity

The Trust strives to fund maintenance capital expenditures from cash flows. Growth capital expenditures would typically be funded by combinations of debt and operating leases. Since inception Petrowest's productive capacity has increased significantly. The Trust has added approximately $48 million in additional equipment financed by debt and operating leases that have increased the capacity of each segment by at least 25%. In addition the recent acquisitions on May 18, 2007 have added an additional $42 million in capital assets to the Trust, obtained from existing third party market capacity. The acquisitions have expanded the geographical footprint of the Trust and opened new markets for the Trust's services. The acquisitions have also increased capacity in the Construction, Transportation and Civil LP's. The cost of the Newly Acquired Companies has been financed by debt and the issue of Units of the Trust.

Property and equipment asset acquisitions incurred in the six months ended June 30, 2007 were approximately $11.7 million. The acquisitions were financed by an increase in the Trust's debt and were targeted to increase capacity in the gravel crushing and hauling and log hauling operations.

In light of the current significant weakening of the energy sector activity and current lower overall equipment utilization, management believes that the sizable capital expenditures incurred in the prior periods provide the Trust with the capacity to sustain operations into 2008 without the need for any additional maintenance capital expenditures.

Further capital expenditures for the 2007 year, will be targeted toward the gravel crushing operations that have confirmed work into 2008 that exceed present capacity levels.

It is anticipated that a return to higher levels of energy sector activity will require a future expenditures for maintenance capital expenditures in 2008 and beyond to replace older equipment. It is anticipated that this provision will be in the range of $6.0 million to $10.0 million per annum depending on future activity levels and equipment utilization.

Due to the risks inherent in the oil and natural gas industry, there can be no assurance that capital programs, whether limited to the excess of cash flow over distributions or not, will be sufficient to maintain or increase future productive capacity.

Overall Distribution Capacity

Distributable cash decreased by approximately $5,188,000 from Q1 of 2007. While the majority of the decline is related to seasonal conditions, the ongoing slowdown in oil and gas exploration activity has further negatively impacted cash flows. In the first quarter management of the Trust believed that the sector downturn would be short lived and accordingly elected to maintain distributions until evidence to the contrary became persuasive. As such, distributions occurring in late Q1 and Q2 were funded by the revolving bank term loan and the DRIP. The Trust reduced distributions by 40% to $0.06 per unit with effective the month of July to a level consistent with anticipated level of profitability of the Trust given current industry levels. Long term distribution capacity is dependent on generation of positive cash flows and due to the inherent risks in the oil and gas industry and current lack of visibility with respect to the near term outlook, there can be no assurance that distributions can be maintained at current levels in the future.

Since inception on September 7, 2006 the Trust has generated approximately $19.9 million in EBITDA. Accumulated distributions to date are approximately $28.5 million. The excess distributions over EBITDA, represent an effective return of capital to investors of $8.6 million. This is effectively one full quarter of distributions that have not been funded by operational cash flows.

DISTRIBUTIONS

Actual distributions paid in the three and six month periods by the Trust to unitholders are as follows:

Distributions to Trust Unit Holders

Record Date	Date Paid	Amount per Unit	Distributions Declared	Cash Distributions Paid	(1) DRIP Value Exercised	(1) DRIP Units issued
December 31, 2006	January 15, 2007	$0.10	$2,676,509	$2,676,509	n/a	n/a
January 31, 2007	February 15, 2007	$0.10	$2,676,509	$2,676,509	n/a	n/a
February 28, 2007	March 15, 2007	$0.10	$2,676,509	$2,676,509	n/a	n/a
March 31, 2007	April 15, 2007	$0.10	$2,676,509	$2,676,509	n/a	n/a
April 30, 2007	May 15, 2007	$0.10	$2,677,509	$2,677,509	n/a	n/a
May 31, 2007	June 15, 2007	$0.10	$3,112,672	$2,429,816	$682,855	93,665
June 30, 2007	July 15, 2007	$0.10	$3,220,381	$2,333,146	$788,892	114,698

Distributions to Subordinated Unit Holders

Record Date	Date Paid	Amount per Unit	Total Distributions
December 31, 2006	March 23, 2007	$0.37667	$568,772

(1) *On April 27, 2007, Petrowest approved the implementation of a DRIP program which provides the opportunity for unitholders to reinvest the cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading prices for the ten days prior to distribution payment date.*

Future distributions will be at the discretion of the Board of Directors of Petrowest Energy Services General Partner Ltd. and may vary depending on the current and anticipated level of activity in the Trust as well as the operational performance of the various partnerships.

Distributions for the record date July 31, 2007 were reduced to $0.06 per unit.

LIQUIDITY

Non Cash Working Capital

$000s	As at June 30 2007	As at December 31 2006
Accounts receivable	48,225	38,498
Prepaid expenses and deposits	4,316	1,517
Inventory	3,729	3,454
Accounts payable and accrued liabilities	(20,999)	(20,296)
Income taxes payable	(934)	-
Distributions payable	(4,028)	(3,245)
Purchase price adjustment payable	(2,000)	(6,422)
Current portion of revolving bank term loan	(15,000)	-
Current portion of obligations under capital leases	(331)	(87)
Non Cash Working capital	12,978	13,419

Non cash working capital at June 30, 2007 was approximately $13.0 million representing a decline of approximately $0.4 million since December 31, 2006. Excluding the impact of the classification of $15.0 million revolving bank term loan, actual non cash working capital increased by approximately $14.6 million. Of this increase, approximately $3.0 million was acquired in the acquisitions described in note 4(b) to the financial statements. The remaining $11.6 million increase has evolved from increases in accounts receivable due to volume increases in the month of June partially offset by the settlement of the majority of purchase price adjustments and slower accounts receivable collections.

Working capital levels are believed to be adequate to support current debt requirements and sustain business operations.

On May 18, 2007, the Trust amended and restated its credit facility available for growth capital, acquisitions and working capital needs to $120 million. Loan security is provided by a first charge debenture, a general security agreement and a general assignment of book debts. The credit facility has a one year revolving term ending in November of 2007 which may be extended for an additional 364 days at the discretion of the lender on application by the Trust. Principal is then repayable in twelve equal quarterly installments over 36 months starting ninety days after the end of the revolving term. Interest is payable monthly at floating rates between prime and prime + 1.0% depending on the Trust's debt to trailing twelve month EBITDA ratio.

The term "EBITDA" is determined in accordance with GAAP, and is defined as: earnings before income taxes, interest expenses, amortization of property and equipment and amortization of intangible assets and excluding non-cash income and expenses and extraordinary items.

Current EBITDA levels require payment of interest at prime.

As at June 30, 2007, the Trust had drawn $90.0 million on its credit facility of which approximately $64.3 million was utilized to meet the cash requirements of the acquisitions of the Newly Acquired Companies. The remainder of the drawn component of the facility has been utilized for the purchase of equipment and working capital needs.

If requested at the end of the term in November of 2007, the first quarterly principal payment would not be due until February 2008 and $15,000,000 has been reported as the current portion.

The Trust's revolving bank term loan requires the Trust to maintain certain financial covenants as follows:

- Working capital ratio, excluding facility debt, of greater than 1.35 to one. The Trust's ratio at Q2 is 2.03 to 1.
- Funded debt to four quarter's trailing EBITDA ratio of not greater than 2.25 to 1. The Trust's ratio at Q2 is 1.94 to 1.
- Fixed Charge coverage of not less than 1 to 1. The Trust's ratio at Q2 is 1.7 to 1.
- Funded Debt to capitalization of not more than 0.5 to 1. The Trust's ratio is 0.27 to 1.

In the event the Trust were to fail to meet any of the financial covenants the implications to the Trust could include a requirement to repay immediately the revolving bank term loan and could result in suspension of future distribution payments.

The Trust is compliant on all debt covenants and believes that the reduction of distributions previously announce will allow the Trust to further reduce its level of borrowings under the credit facility over time.

CONTRACTUAL OBLIGATIONS – PAYMENTS DUE BY PERIOD

	As at June 30, 2007				
$000s	**< 1 year**	**1 - 3 Years**	**4 - 6 Years**	**Thereafter**	**Total**
Bank Indebtedness	15,000	75,000	-	-	90,000
Obligations under Capital leases	331	827	-	-	1,158
Operating Leases on Equipment	10,116	14,568	565	-	25,249
Operating Leases on Offices, Shop and yards	2,091	5,194	1,183	-	8,468
TOTAL	27,538	95,589	1,751	-	124,878

The Trust's credit facility is subject to renewal in November 2007. In the event that facility is not renewed the indicated payments would be required. It is the Trust's intent to request a renewal of the facility and we believe we will be successful in renewing or replacing the facility.

Operating and capital lease commitments are consistent with levels previously retained within the individual companies prior to their acquisition by Petrowest. It is management's belief that lease commitments can be met from operating cash flows.

UNITHOLDERS' EQUITY

Unitholders' Capital

Authorized

The Trust is authorized to issue an unlimited number of Trust Units. Holders of Trust Units will be entitled to receive monthly distributions to the extent declared by the Board of Directors of the Trust's administrator, Petrowest Energy Services General Partner Ltd. in priority to any payments on the Subordinated Units.

Issued

	Trust Units Outstanding	Subordinated Units Outstanding	Total Outstanding	$000's Value
Trust Units issued for cash net of issue costs	14,000,000		14,000,000	128,118
Trust Units issued on the acquisition of the Acquired Companies (note 4(a))	12,765,094		12,765,094	127,651
Total Units	26,765,094		26,765,094	255,769
Subordinated Units				
Issued for cash	-	1,510,000	1,510,000	1,510
Issued for promissory notes	-	-	-	3,020
Less: Amount issued for promissory notes	-	-	-	(3,020)
Balance at December 31, 2006	26,765,094	1,510,000	28,275,094	257,279
Issued for services	10,000	-	10,000	72
Issued to distribution reinvestment plan "DRIP"	93,665	-	93,665	683
Issued on the acquisition of the Newly Acquired Companies (note 4 (b))	4,351,622	-	4,351,622	32,316
Total units outstanding as at June 30, 2007	31,220,381	1,510,000	32,730,381	290,350
Weighted average units outstanding three months ended June 30 basic and diluted	28,845,805	1,510,000	30,355,805	
Weighted average units outstanding six months ended June 30 basic and diluted	27,811,197	1,510,000	29,321,197	

On July 6, 2006, the Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate, to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that may be forgiven at the option of the Trust over three years if the subscriber remains as a director, officer or employee of Petrowest. No amounts have been forgiven to date.

Holders of Subordinated Units have the right to convert into Priority Units on a one-for-one basis at any time after the end of the first fiscal year ending on or after December 31, 2008 if the Trust has earned EBITDA of at least $47 million and paid distributions of at least $1.20 per Trust Unit for such fiscal year.

On June 27, 2007, the Trust issued 300,000 warrants at a strike price of $7.47 per unit expiring May 1, 2008 for aggregate consideration of $270,000. The Trust valued the warrants using the following assumptions in the Black-Scholes model: average risk-free interest rate of 4.73%; average expected life of 0.91 years; expected volatility of 30%.

On April 27, 2007, Petrowest approved the implementation of a DRIP program which provides the opportunity for unitholders to reinvest the cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading prices for the ten days prior to distribution payment date.

Future distributions and continuation of the DRIP program will be at the discretion of the Board of Directors of Petrowest Energy Services General Partner Ltd. and may vary depending on the current and anticipated level of activity in the energy services industry as well as the operational performance of the various partnerships.

Units issued on the acquisition of the Acquired Companies and units issued on the acquisition of the Newly Acquired Companies are held in escrow. Escrowed shares are released as to 25% at the end of year one and the remaining 75% at the end of year two.

GOODWILL

The Goodwill balance has arisen from the two sets of acquisitions. Goodwill represents the excess of purchase price of the Acquired Companies over the fair value of net assets acquired and liabilities assumed. The goodwill balance is assessed for impairment annually at year-end or as events occur that could result in permanent impairment. Impairment is charged to earnings and is not tax affected, in the period in which it occurs. Goodwill is stated at cost less impairment and is not amortized.

RELATED PARTY TRANSACTIONS

Petrowest paid rents for the three and six months ended June 30, 2007, respectively, for office and shop space under leases entered into with certain former vendors in the amount of$481,278 and $903,535. Future lease commitments associated with the transactions are included in note 13. Transactions were recorded at the exchange amount which is estimated to equal fair market value.

FINANCIAL INSTRUMENTS

On January 1, 2007, the Trust adopted the new CICA Handbook sections *3855 - Financial Instruments – Recognition and Measurement, 1530 – Comprehensive Income, and 3865 – Hedges.* The financial instruments standard establishes the recognition and measurement criteria of financial assets, financial liabilities and derivatives. All financial instruments are required to be measured at fair value on initial recognition of the instrument, except for certain related party transactions. Measurement in subsequent periods depends on whether the financial instrument has been classified as held-for-trading, available-for-sale, held-to-maturity, loans and receivables, or other financial liabilities as defined by the standard.

Financial assets and financial liabilities held-for-trading are measured at fair value with changes in those fair values recognized in net earnings (loss). Financial assets available-for-sale is measured at fair value, with changes in those fair values recognized in other comprehensive income (loss). Financial assets held-to-maturity, loans and receivables and other financial liabilities are measured at amortized cost using the effective interest method of amortization. The methods used by the Trust in determining the fair value of financial instruments are unchanged as a result of implementing the new standard.

The Trust has no financial instruments or activities that give rise to other comprehensive income (loss). The Trust's cash and cash equivalents are designated as held-for-trading and are measured at carrying value, which approximates fair value due to the short-term nature of these instruments. Accounts receivable are designated as loans and receivables. Accounts payable and accrued liabilities, distribution payable, and the credit facility are designated as other liabilities and are recorded at cost.

CRITICAL ACCOUNTING ESTIMATES AND ACCOUNTING POLICIES

Critical Accounting Estimates

The unaudited interim consolidated financial statements for the quarter ended June 30, 2007 have been prepared in accordance with the accounting policies described in the notes to the annual audited financial statements posted on SEDAR. As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions had a material effect on the financial statements at the time they were made. The most significant estimates in Petrowest's financial statements are the estimate for future income taxes, amortization period for property and equipment, valuation of assets in the purchase equation, assumptions used in the binomial valuation methodology and recoverability of accounts receivable.

KEY RISKS AND UNCERTAINTIES

Material Debt

The Trust's credit facility is subject to renewal in November 2007. In the event that facility is not renewed the principal repayments would be required quarterly over a three year period which could have a material impact on the Trust's ability to continue distributions and retire the principal obligations. While the Trust believes it will be successful in renewing or replacing the facility there can be no assurance that it will be successful.

Additional Risks are detailed in the Trust's annual information form dated March 30, 2007 which is available in electronic form at www.sedar.com and the Audited Consolidated Financial Statements and Management Discussion and Analysis for the year ended December 31, 2006 which are available in electronic form at www.sedar.com.

FINANCIAL DISCLOSURES

During the period ended June 30, 2007, no change occurred to Petrowest's internal control over financial reporting that has materially affected or is reasonably likely to materially affect Petrowest's internal control over financial reporting.

The Chief Executive Officer and the Chief Financial Officer continue to evaluate the effectiveness of Petrowest's disclosure controls and procedures taking into consideration the functions performed by its Disclosure Committee, the review and oversight of all executive officers and the board, as well as the process and systems in place for filing regulatory and public information. Petrowest's established review process and disclosure controls are designed to ensure that all required information, reports and filings required under Canadian securities legislation are properly submitted and recorded in accordance with those requirements over financial reporting as of June 30, 2007 pursuant to the requirements of Multilateral Instrument 52-109 of the Canadian Securities Administrators.

Petrowest integrated the nine private businesses described as the September 7, 2006 acquisitions to Note 4(a) of the financial statements and completed the data conversion of the existing accounting systems within the Acquired Companies to a common accounting system platform. All nine entities were live on the new accounting platform as at January 1, 2007.

Petrowest has also integrated the additional five private businesses described as the May 18, 2007 acquisitions to Note 4(b) of the financial statements and completed the data conversion of the existing accounting systems within the Newly Acquired Companies to a common accounting system platform. The five new entities were live on the new accounting platform as at May 18, 2007.

As part of the Trust's transition from fourteen owner managed control environments that existed in the Acquired Companies and the Newly Acquired Companies to an acceptable public company control environment, the Trust engaged third party consultants to assist with the design, documentation and testing of original internal control systems, new proposed improvements, interim measures during the conversion and planned implementation on completion of the conversion. By their nature certain planned controls, or controls that would exist on completion of the data conversion, could not be tested because they were not fully operational at the time of testing.

Based on the ongoing evaluations performed, the CEO and CFO have concluded that the design and operation of the Trust's disclosure controls and procedures were effective as at June 30, 2007 to ensure that information required to be disclosed by the Trust in reports filed under Canadian securities laws is gathered, recorded, processed, summarized and reported within the time periods specified under Canadian securities laws and is accumulated and communicated to management, including the CEO and CFO, to allow timely decisions regarding required disclosure as required under Canadian securities laws.

Further, based on the Trust's mitigating procedures, the CEO and the CFO have satisfied themselves that potential weaknesses in controls as described in the 2006 year end management discussion and analysis, have not resulted in material errors in the financial statements of the current quarter. Management and the Board of Directors are committed to transparency and completeness of financial reporting and disclosure. The existence of the identified control weaknesses need not necessarily be interpreted as evidence of a lack of integrity, of unsound business practices or of unacceptable risks to its shareholders and other related parties.

It should be noted that while Petrowest's principal executive officer and principal financial officer believe that Petrowest's disclosure controls and procedures provide a reasonable level of assurance that they are effective, they do not expect that Petrowest's disclosure controls and procedures or internal control over financial reporting will prevent all errors and fraud. A control system, no matter how well conceived or operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met.

Internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

ADDITIONAL CORPORATE INFORMATION

Additional information relating to the Trust, including the Trust's Annual Information Form, can be found on SEDAR at www.sedar.com and on the Trust's website at www.petro-west.com

FORWARD LOOKING STATEMENTS

Certain information and statements contained in this MD&A constitute forward-looking information, including the anticipated costs associated with the purchase of capital equipment, expectations concerning the nature and timing of growth within the various business units operated through affiliates of the Trust, expectations respecting the competitive position of such business units, expectations concerning the financing of future business activities, statements as to future economic and operating conditions, oil sands production and investment, oil sands reserves, revenues from oil and gas and non-oil and gas activities, debt to EBITDA ratio and end of year payout ratio. **Readers should review the cautionary statement respecting forward-looking information that appears below. Any forward statements are made as of the date hereof and the Trust does not undertake to publicly update and review such statements to reflect new events, subsequent events or otherwise, except in circumstances where in light of intervening events and absent further explanation the statements would be considered misleading.**

The information and statements contained in this MD&A that are not historical facts are forward-looking statements. Forward-looking statements (often, but not always, identified by the use of words such as "seek", "plan", "continue", "estimate", "project", "predict", "potential", "targeting", "intend", "could", "might", "should", "believe", "expect", "may", "anticipate" or "will" and similar expressions) may include plans, expectations, opinions, or guidance that are not statements of fact. Forward-looking statements

are based upon the opinions, expectations and estimates of management as at the date the statements are made and are subject to a variety of risks and uncertainties and other factors that could cause actual events or outcomes to differ materially from those anticipated or implied by such forward-looking statements. These factors include, but are not limited to, such things as changes in industry conditions (including the levels of capital expenditures made by oil and gas producers and explorers), the credit risk to which the Trust is exposed in the conduct of its business, fluctuations in prevailing commodity prices or currency and interest rates, the competitive environment to which the various business units are, or may be, exposed in all aspects of their business, the ability of the Trust's various business units to access equipment (including parts) and new technologies and to maintain relationships with key suppliers, the ability of the Trust's various business units to attract and maintain key personnel and other qualified employees, various environmental risks to which the Trust's business units are exposed in the conduct of their operations, inherent risks associated with the conduct of the businesses in which the Trust's business units operate, timing and costs associated with the acquisition of capital equipment, the impact of weather and other seasonal factors that affect business operations, availability of financial resources or third-party financing and the impact of new laws or changes in administrative practices on the part of regulatory authorities. Forward-looking information respecting the anticipated costs associated with the purchase of capital equipment are based upon historical prices for various classes of equipment, expectations relating to the impact of inflation on the future cost of such equipment and management's views concerning the negotiating leverage of the Trust and its affiliates. Forward-looking information concerning the nature and timing of growth within the various business units is based on the current budget of the Trust (which is subject to change), factors that affected the historical growth of such business units, sources of historic growth opportunities and expectations relating to future economic and operating conditions. Forward-looking information concerning the future competitive position of the Trust's business units is based upon the current competitive environment in which those business units operate, expectations relating to future economic and operating conditions and current and announced build programs and other expansion plans of other organizations that operate in the energy service business. Forward-looking information concerning the financing of future business activities is based upon the financing sources on which the Trust and its predecessors have historically relied and expectations relating to future economic and operating conditions. Forward-looking information concerning future economic and operating conditions is based upon historical economic and operating conditions, opinions of third-party analysts respecting anticipated economic and operating conditions. Although management of the Trust believes that the expectations reflected in such forward looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct. ***Accordingly, readers should not place undue reliance upon any of the forward-looking information set out in this MD&A.*** *All of the forward looking statements of the Trust contained in this MD&A are expressly qualified, in their entirety, by this cautionary statement. The various risks to which the Trust is exposed are described under "Key Risks and Uncertainties" herein and under "Risk Factors" detailed in the Trust's prospectus dated August 28, 2006 and the Trust's Annual Information Form dated April 2, 2007.*

PETROWEST ENERGY SERVICES TRUST
Form 52-109F2 – Certification of Interim Filings

I, Kenneth N. Drysdale, President and Chief Executive Officer of Petrowest Energy Services General Partner Ltd., Administrator of Petrowest Energy Services Trust, certify that:

1. I have reviewed the interim filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of Petrowest Energy Services Trust (the "issuer") for the interim period ending June 30, 2007;

2. Based on my knowledge, the interim filings do not contain any untrue statement of a material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the interim filings;

3. Based on my knowledge, the interim financial statements together with the other financial information included in the interim filings fairly present in all material respects the financial condition, results of operations and cash flows of the issuer, as of the date and for the periods presented in the interim filings;

4. The issuer's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures and internal control over financial reporting for the issuer, and we have:

   (a) designed such disclosure controls and procedures, or caused them to be designed under our supervision, to provide reasonable assurance that material information relating to the issuer, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which the interim filings are being prepared; and

   (b) designed such internal control over financial reporting, or caused it to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with the issuer's GAAP; and

5. I have caused the issuer to disclose in the interim MD&A any change in the issuer's internal control over financial reporting that occurred during the issuer's most recent interim period that has materially affected, or is reasonably likely to materially affect, the issuer's internal control over financial reporting.

Date: August 14, 2007.

NOTICE OF ANNUAL AND SPECIAL MEETING OF UNITHOLDERS TO BE HELD ON MAY 31, 2007

TO: THE UNITHOLDERS OF PETROWEST ENERGY SERVICES TRUST

NOTICE IS HEREBY GIVEN that the annual and special meeting (the "Meeting") of the holders ("Unitholders") of trust units and subordinated units (collectively, "Units") of Petrowest Energy Services Trust (the "Trust") will be held at the Rotary Suite of the Grande Prairie Inn, 11633 Clairmont Road, Grande Prairie, Alberta, on Thursday, May 31, 2007, at 3:00 p.m. (Mountain Daylight Savings time). The purpose of the Meeting is to consider, and to take action with respect to, the following matters:

- the receipt of the audited consolidated financial statements of the Trust for the financial period ended December 31, 2006, together with the auditors' report thereon;
- the passing of a resolution directing the trustee of the Trust to elect the directors of Petrowest Energy Services General Partner Ltd., the administrator of the Trust (the "Administrator"), for the ensuing year;
- the appointment of PricewaterhouseCoopers LLP as auditor of the Trust for the ensuing year at a remuneration to be determined by the board of directors of the Administrator; and
- the transaction of such other business as may properly be brought before the Meeting or any adjournment or adjournments thereof.

Unitholders are referred to the accompanying information circular dated April 30, 2007 (the "Information Circular") for more detailed information with respect to the matters to be considered at the Meeting.

A Unitholder may attend the Meeting in person or may be represented thereat by proxy. Unitholders who are unable to attend the Meeting in person are requested to date, sign and return the accompanying form of proxy, or other appropriate form of proxy, in accordance with the instructions set forth in the Information Circular. **In order to be valid and acted upon at the Meeting, a properly executed proxy must be deposited at the Trust's head office at Suite 204, 10605 Westside Drive, Grande Prairie, Alberta T8V 8E6, or with Valiant Trust Company at its offices at Suite 310, 606 – 4th Street S.W., Calgary, Alberta T2P 1T1) or by fax at (403) 233-2857 at least 24 hours prior to the commencement of the Meeting, or any adjournment thereof or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, prior to the use thereof at the Meeting or adjourned meeting. A person appointed as proxyholder need not be a Unitholder.**

Only persons registered as holders of Units on the records of the Trust as of the close of business on April 23, 2007 are entitled to receive notice of and to vote at the Meeting or any adjournment thereof, except that a transferee of Units transferred after such date may vote such Units at the Meeting or any adjournment thereof if it produces properly endorsed certificates representing such Units or otherwise establishes that it owns the transferred Units and demands, not later than 10 days before the Meeting, that the transferee's name be included on the list of Unitholders entitled to vote at the Meeting.

DATED as of the 30th day of April, 2007.

BY ORDER OF the board of directors of Petrowest Energy Services General Partner Ltd., the administrator of PETROWEST ENERGY SERVICES TRUST

(signed) "Kenneth N. Drysdale"

PETROWEST ENERGY SERVICES TRUST

INFORMATION CIRCULAR
Accompanying Notice of Annual Meeting of Unitholders
to be held on
Thursday, May 31, 2007

SOLICITATION OF PROXIES BY MANAGEMENT

ANNUAL MEETING

This Information Circular is furnished in connection with the solicitation of proxies by the management of Petrowest Energy Services Trust (the "Trust" or "Petrowest") for use at the Annual Meeting of the Unitholders of the Trust (the "Meeting") to be held at the Rotary Suite of the Grande Prairie Inn, 11633 Clairmont Road, Grande Prairie, Alberta, on Thursday, May 31, 2007, at 3:00 p.m. (Mountain Daylight Savings time), or at any adjournment thereof, for the purposes set forth in the Notice of Meeting.

Unless otherwise specified, the information contained herein is given as of April 30, 2007.

There is enclosed herewith a form of proxy for use at the Meeting. Each holder of trust units ("Trust Units"), subordinated units ("Subordinated Units") and special voting units ("Special Voting Units") (collectively, "Units") of the Trust who is entitled to attend and vote at the Meeting is urged to participate in the Meeting and to vote on matters to be considered in person or by proxy.

This solicitation of proxies is made on behalf of the management of the Trust. The costs incurred in the preparation and mailing of both the proxy and this Information Circular will be borne by the Trust. In addition to the use of the mail, proxies may be solicited by personal interviews, telephone or telegraph by directors, officers and employees of the Trust who will not be directly compensated therefor.

APPOINTMENT OF PROXIES

Those Unitholders who wish to be represented by proxy at the Meeting must deposit their forms of proxy at the Trust's head office at Suite 204, 10605 Westside Drive, Grande Prairie, Alberta T8V 8E6, or with Valiant Trust Company at its offices at Suite 310, 606 – 4th Street S.W. Calgary, Alberta T2P 1T1 or by fax at (403) 233-2857 at least 24 hours prior to the commencement of the Meeting or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, prior to the use thereof at the Meeting or adjourned meeting. A proxy must be executed by the holder of Units or his or her attorney authorized in writing, or if the Unitholder is a Corporation, under its seal or by an officer or attorney thereof duly authorized. A proxy is valid only at the meeting in respect of which it is given or any adjournment of that meeting.

Kenneth N. Drysdale and D. Hugh Gillard (the management designees named in the accompanying Instrument of Proxy) are both directors of Petrowest Energy Services General Partner Ltd., the administrator of the Trust (the "Administrator") and Mr. Drysdale is additionally a senior officer of

the Administrator. **Each Unitholder submitting a proxy has the right to appoint a person or Corporation, other than Messrs. Drysdale or Gillard to represent him, her or it at the Meeting. The Unitholder may exercise this right by striking out the names of Messrs. Drysdale and Gillard in the accompanying Instrument of Proxy and inserting the name of the desired representative in the blank space provided, or by completing another proper form of proxy and in either case depositing the proxy at the place and within the time specified above for the deposit of proxies.**

REVOCATION OF PROXIES

An instrument of proxy may be revoked by the person giving it, any time prior to the exercise thereof. **If a person who has given a proxy attends personally at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person.** In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Unitholder or his or her attorney authorized in writing, or if the Unitholder is a corporation, under its seal or by an officer or attorney authorized in writing, and deposited either at the place for the delivery of proxies, at any time up to and including 4:00 p.m. on the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of such Meeting on the day of the Meeting, or adjournment thereof, and upon the occurrence of either of such events the proxy is revoked.

VOTING OF PROXIES

The Units represented by the enclosed form of proxy will be voted or withheld from voting in accordance with the instructions of the Unitholder. The persons appointed under the enclosed form of proxy are conferred with discretionary authority to act in accordance with their best judgment with respect to amendments or variations of those matters specified in the proxy and Notice of Meeting and with respect to any other matters which may properly be brought before the Meeting or any adjournment thereof. At the time of printing this Information Circular, the management of the Administrator know of no such amendment, variation, or other matter.

Unless otherwise specified, proxies in the accompanying form will be voted in favour of each of the resolutions set forth in the Notice of Meeting.

VOTING OF UNITS

Voting of Units - General

As at April 30, 2007, there were 26,775,094 Trust Units and 1,510,000 Subordinated Units issued and outstanding, each carrying the right to one vote at meetings of the Unitholders.

Only persons who were registered as holders of Units as of the close of business on April 23, 2007 (the "Record Date"), are entitled to receive notice of the Meeting. The Trust will prepare a list of the *registered* holders of Units as of the close of business on the Record Date. At the Meeting, each holder of Units named in that list will be entitled to vote the Units set out opposite the holder's name on the list, except to the extent that: (a) the Unitholder has transferred any of his or her Units after the Record Date; and (b) the transferee of those Units produces properly endorsed unit certificates or otherwise establishes ownership of such Units and demands, at least 10 days before the Meeting, that the transferee's name be included on the Unitholder's list, in which case the transferee will be entitled to vote such Units at the Meeting.

Holders of Special Voting Units are also entitled to attend and vote at the Meeting, but no Special Voting Units were issued and outstanding on April 23, 2007.

Voting of Units - Advice to Beneficial Holders of Units

The information set forth in this section is important to many Unitholders of the Trust, as a substantial number of Unitholders do not hold Units in their own name. Unitholders who do not hold their units in their own name (referred to in this Proxy Circular as "Non-registered Unitholders") should note that only proxies deposited by Unitholders whose names appear on the Register of Unitholders (as the holders of Units) will be recognized and acted upon at the Meeting. If Units are listed in an account statement provided to a Unitholder by a broker, then in almost all cases those Units will not be registered in the Unitholder's name on the Register of Unitholders. Such Units will more likely be registered under the name of the Unitholder's broker or an agent of that broker. In Canada, the vast majority of such Units are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). Units held by brokers or their agents or nominees can only be voted (for or against resolutions) at the direction of the Non-registered Unitholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting units for the brokers' clients. **Therefore, Non-registered Unitholders should ensure that instructions respecting the voting of their units are communicated to the appropriate person well in advance of the Meeting.**

National Instrument 54-101 requires intermediaries (such as, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs or similar plans) to seek voting instructions from Non-registered Unitholders in advance of Unitholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Non-registered Unitholders in order to ensure that their Units are voted at the Meeting. In accordance with National Instrument 54-101, the Trust has distributed copies of this Information Circular and the Notice of Meeting (collectively, the "meeting materials") to depositories and intermediaries for onward distribution to Non-registered Unitholders. Non-registered Unitholders will receive either a voting instruction form or, less frequently, a form of proxy with the meeting materials forwarded to them. The purpose of those forms is to permit Non-registered Unitholders to direct the voting of the Units they beneficially own (but which are not registered in their name). Non-registered Unitholders should follow the procedures set out below, depending on which type of form they receive.

(a) **Voting Instruction Form**. In most cases, a Non-registered Unitholder will receive, as part of the meeting materials, a voting instruction form. If the Non-registered Unitholder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on his or her behalf), the voting instruction form must be completed, signed and returned in accordance with the instructions on the form, in order to ensure the Non-registered Unitholder's Units are voted at the Meeting. If a Non-registered Unitholder wishes to attend and vote at the Meeting in person (or have another person attend and vote on his or her behalf), the Non-registered Unitholder must complete, sign and return the voting instruction form in accordance with the directions provided on or with the voting instruction form; or

(b) **Form of Proxy**. Less frequently, a Non-registered Holder will receive, as part of the meeting materials, a form of proxy that has already been signed by an intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Units beneficially owned by the Non-registered Unitholder, but which is otherwise incomplete. If the Non-registered Unitholder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on his or her behalf), the Non-registered Unitholder must complete the form of proxy and deposit it with Valiant Trust Company at its offices at Suite 310, 606 - 4th Street S.W. Calgary, AB T2P 1T1 or by fax at (403) 233-2857 at least 24 hours prior to the commencement of the Meeting, in order to ensure that the Non-registered Unitholder's Units are voted at the Meeting. If a Non-registered Unitholder wishes to attend and vote at the Meeting in person (or have another person attend and vote on his or her behalf), the Non-registered Unitholder must cross out the names of the persons named in the proxy and insert the Non-

registered Unitholder's (or such other person's) name in the blank space provided and deposit the completed proxy with Valiant Trust Company.

Non-registered Unitholders should follow the instructions on the forms they receive and contact their intermediaries promptly if they need assistance.

A Non-registered Unitholder who receives a Voting Instruction Form cannot use that form to vote Units directly at the Meeting – the Voting Instruction Form must be returned to the applicable intermediary (or instructions respecting the voting of units otherwise communicated to the applicable intermediary) well in advance of the Meeting in order to have the Units voted.

UNITS AND PRINCIPAL HOLDERS THEREOF

Each Unit confers upon the holder thereof on a poll the right to one vote. The Record Date is the date for the determination of holders of Units who are entitled to notice of and to attend and vote at the Meeting. Any transferee after such date may, on proof of ownership of Units, demand not later than ten days before the Meeting that his or her name be included in the list of persons entitled to attend and vote at the Meeting. Persons acquiring Units from treasury after the Record Date may, on proof of ownership of Units, attend at and vote such Units at the Meeting.

To the knowledge of the directors and senior officers of the Administrator, as at the Record Date, no person beneficially owned, directly or indirectly, or exercised control or direction over Units of the Trust carrying 10% or more of the voting rights attached to all of the Units of the Trust.

MANAGEMENT CONTRACTS

The Trust has entered into an administration agreement dated effective July 6, 2006 (the "Administration Agreement") with the Administrator pursuant to which the Administrator (an indirectly wholly-owned subsidiary of the Trust) has agreed to provide services required in the administration and management of the Trust. The Administrator is responsible for overseeing and managing the affairs of the Trust and its subsidiaries.

The Administrator's duties with respect to the administration of the Trust under the Administration Agreement include (i) ensuring compliance by the Trust, its affiliates and subsidiaries with all continuous disclosure obligations under applicable securities legislation, including the preparation of financial statements; (ii) providing investor relations services; (iii) providing or causing to be provided to Unitholders all information that Unitholders are entitled to receive under the deed of trust of the Trust dated July 6, 2006 (the "Deed of Trust"), including relevant information with respect to income taxes; (iv) convening meetings of Unitholders and distributing required materials, including notices of meetings and information circulars, in respect of all such meetings; (v) attending to all administrative and other matters arising in connection with any redemptions of Units; (vi) monitoring the status of Units as qualified investments under the *Income Tax Act* (Canada) for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and registered education savings plans, each as defined in the *Income Tax Act* (Canada); (vii) providing assistance in negotiating the terms of any financing required by the Trust; and (viii) generally providing all other services as may be necessary, or as requested by the trustee of the Trust (the "Trustee"), for the administration of the Trust. The Administrator also provides similar services to Petrowest Business Trust, another wholly-owned subsidiary if the Trust.

The Administration Agreement has an initial term of ten years.

ELECTION OF DIRECTORS

At the Meeting, it is proposed that a resolution be passed that will direct the Trust to cause six directors of the Administrator to be elected until the next annual meeting of the Administrator or until their successors are elected or appointed (the "Board of Directors"). Pursuant to the Deed of Trust and the *Business Corporations Act* (Alberta), the Directors of the Administrator stand for election at each annual meeting of shareholders of the Administrator and hold office until the next annual meeting or until their successors have been duly elected. The Administrator was incorporated on July 6, 2006 and the current term of each of the Directors will expire at the first annual meeting of shareholders of the Administrator, which is anticipated to take place shortly after the annual meeting of Unitholders of the Trust.

Unless otherwise specified, proxies in the accompanying form will be voted in favour of causing the Trustee to elect the six people named below (the "Nominees") as directors of the Administrator.

The following table sets forth, in respect of each Nominee, all positions currently held with the Administrator, present principal occupation or employment, material occupations and positions currently held with respect thereto and the approximate number of Units of the Trust beneficially owned directly or indirectly as of April 30, 2007. The information contained herein is based upon information furnished by the respective Nominees to the Trust.

Nominee	Year First Became Director of the Administrator[4]	Office or Position with the Administrator	Principal Occupation	Units Beneficially Owned or Controlled Directly or Indirectly

From September 2001 to January 2006, Vice President of Corporate Development of CCS Income Trust. From January 2006 to present, independent businessman.	**84,000 Trust Units** **20,000 Subordinated Units**
Gerald A. Romanzin, CA[1][2] Calgary, Alberta Canada	2006	Director	Executive Vice President of the TSX Venture Exchange from November 1999 to April 2002 and acting President of the TSX Venture Exchange from December 2001 to April 2002. Since April 2002, independent businessman.	**13,000 Trust Units** **20,000 Subordinated Units**

Nominee	Year First Became Director of the Administrator[4]	Office or Position with the Administrator	Principal Occupation	Units Beneficially Owned or Controlled Directly or Indirectly
Walter DeBoni[2][3] Calgary, Alberta Canada	2006	Director	Independent businessman; From February 2002 to November 2005, Vice-President, Canada Frontier & International Business of Husky Energy Inc. and prior to February 2002, President and Chief Executive Officer of Bow Valley Energy Ltd.	**10,000 Trust Units**
W. Mark Schweitzer Calgary, Alberta Canada	N/A	Nominee	Independent businessman; From April 2005 to November 2006, Executive Vice President and Chief Financial Officer of Superior Plus Income Fund. From October 2000 to March 2005, Executive Vice-President, Corporate Development and Chief Financial Officer of Superior Plus Income Fund.	**Nil**

Notes:

(1) Member of Audit Committee
(2) Member of Compensation Committee
(3) Member of Health, Safety and Environment Committee
(4) All of the proposed directors except for Mr. Schweitzer have been directors of the Administrator, continuously, since the date they were first elected.

In September 2006, Point North Energy Ltd. filed for bankruptcy protection due to circumstances arising from events that occurred *prior* to Mr. Gillard being appointed to the Board of Directors.

AUDIT COMMITTEE MATTERS

Composition and Related Matters

The Administrator's audit committee (the "Audit Committee") consists of Gerald Romanzin (Chair), Rene Amirault and Hugh Gillard, all of whom are independent in accordance with applicable Canadian securities legislation. Assuming the proposed nominees for director are elected it is anticipated that the Administrator's audit committee will continue to consist of these individuals, all of whom are financially literate. The Audit Committee is responsible for those matters outlined in the Audit Committee mandate, the text of which can be found at Appendix "A" of the Trust's Annual Information Form which is available on SEDAR at www.sedar.com. The relevant experience of Messrs. Romanzin, Amirault and Gillard is detailed below.

Gerald A. Romanzin, CA, Director

Gerald A. Romanzin is an independent businessman and has served as a director of the administrator of each of Crescent Point Energy Trust from March 2004, Focus Energy Trust from August 2002, as a director of Kereco Energy Ltd. from January 2005, as a trustee of Trimac Income Fund since February 2005 and a director of Trimac Transportation Services Inc. since February 2005. Mr. Romanzin graduated from the University of Calgary with a Bachelor of Commerce and is a Chartered Accountant.

Rene Amirault, Director

Mr. Amirault has over 25 years experience in the energy industry. Mr. Amirault held various positions with Imperial Oil Ltd. from 1981 to 1994 including marketing, project management, finance and accounting capacities. Mr. Amirault held various roles at Canadian Crude Separators Inc. (CCS) and CCS Income Trust from August 1994 to January 2006, including Vice President roles in Sales and Marketing, Business Development and Corporate Development. Mr. Amirault was Vice President of

Corporate Development of CCS Income Trust, or its predecessor companies, from September 2001 to January 2006, during which time his responsibilities included business development, acquisitions, strategic planning and investor relations. Mr. Amirault is a director of Arrowhead Water Products Ltd., a public company traded on the TSX Venture Exchange.

Mr. Amirault received a Certified General Accountant designation in June 1985.

D. Hugh Gillard, Chairman of the Board and Director

Mr. Gillard has over thirty years of business experience in the oil and gas industry and is the Principal of Saddleback Resources Ltd., a private company involved in equity investments and advisory roles in the energy sector. From June 2003 to March 2006 he was President, Chief Executive Officer and a director of Kelso Energy Inc., a publicly traded junior oil and gas company. Kelso Energy Inc. subsequently merged with COSTA Energy Ltd where he continued to serve as a director until December 2006. From 1999 to 2000 he was President, Chief Operating Officer and a director of PrimeWest Energy Trust.

Mr. Gillard currently serves as a director of the administrator of Crescent Point Energy Trust and a director of Creststreet Power Income Fund, both publicly traded entities. He also served as a director of Point North Energy Ltd. from October 2005 to November 2006.

Mr. Gillard is a graduate of the University of Calgary (Commerce) and the Stanford Business School Executive Program.

For further information about the Administrator's Audit Committee, please see pages 49 and 50 of the Trust's Annual Information Form which is available on SEDAR at www.sedar.com.

EXECUTIVE COMPENSATION

Executive Officers – Cash Remuneration

As at December 31, 2006, the Administrator has had three executive officers (the "Named Executive Officers") who served the Administrator in that capacity during the financial year ended December 31, 2006. The aggregate cash compensation paid to the Named Executive Officers for services rendered during the fiscal year ended December 31, 2006 was $563,167.

The table below sets forth compensation paid to the Named Executive Officers in 2006:

SUMMARY COMPENSATION TABLE

		Annual Compensation			Long-term Compensation		
Name and Principal Position	Year	Salary ($)	Bonus ($)	Other Annual Compensation[1] ($)	Units under Options Granted (#)	Units Subject to Resale Restrictions (#)	All Other Compensation ($)
Kenneth N. Drysdale President and Chief Executive Officer	2006	200,000	–	18,000	125,000	–	–
John B. Paul, CA Chief Financial Officer	2006	116,667	–	10,500	100,000	–	–
Gary Sweetman[2] Chief Operating Officer	2006	200,000	–	18,000	125,000	–	–

Notes:

(1) The aggregate value of perquisites and benefits paid to each of the Named Executive Officers was less than $50,000 and 10% of total annual salary and bonus paid to each Named Executive Officer.

(2) Gary Sweetman resigned on March 12, 2007.

EQUITY BASED COMPENSATION GRANTS

Plans

Stock Option Plan

The Trust has a Trust Unit Option Plan (the "Option Plan") designed to provide incentives to the Trust's personnel including directors, officers, employees and persons who will provide or have provided ongoing services of value to the Trust, the Administrator or the Trust's subsidiaries. The Board of Directors makes allocations to eligible persons after considering their present and potential contributions and other relevant factors and may, from time to time, grant Options to such directors, officers and other key employees of the Trust and of subsidiaries of the Trust. The Trust effects the grant of options under the Option Plan in accordance with determinations made by the Board of Directors pursuant to the provisions of the Option Plan.

The aggregate number of Units reserved by the Trust for issuance under the Option Plan and all other security based compensation arrangements of the Trust shall not exceed 10% of the total outstanding Units. The aggregate number of Units reserved by the Trust for issuance under the Option Plan and all other security based compensation arrangements of the Trust to insiders shall not exceed 10% of total outstanding Units. The aggregate number of Trust Units issued by the Trust under the Option Plan and all other security based compensation arrangements of the Trust to insiders in any one year shall not exceed 10% of total outstanding Units. The participation of members of the Board of Directors who are not otherwise employed by the Administrator, the Trust or its subsidiaries may not exceed 2% of the total number of options granted under the Option Plan

If Options granted under the Option Plan expire or terminate for any reason without having been exercised or surrendered in full, any unpurchased Units to which such Option relates become available for the purposes of the granting of Options under the Option Plan.

The Board of Directors fixes the exercise price of options at the time of grant, provided that such option price may not be less than the volume weighted average trading price of the Units on the Toronto Stock Exchange ("TSX") for the five trading days immediately preceding the date of grant. All options granted pursuant to the Option Plan vest as to 1/3 on each of the first three anniversaries of the date they are granted.

Subject to the Option Plan, Options must be exercised or surrendered within five years from the date they are granted (or such shorter period of time as the Board may determine and specify in connection with the grant of the Option).

Options are non-assignable and non-transferable except pursuant to laws of succession and, except in the case of the Participant's death or incapacity, are exercisable or surrendered only by the participant.

Except as provided in the Option Plan, and subject to the terms of any particular grant: (i) where a participant cease to be a director, officer, or employee of the Trust or a subsidiary, all rights to purchase Units pursuant to an option or to surrender such option expire and terminate immediately upon receipt of notice where the employment of the Participant is terminated for cause; (ii) where a participant ceases to be a director, officer, or employee of the Trust or a subsidiary by reason of death or permanent disability, the unexercised part of options held by such participant become fully vested and may be exercised or

surrendered at any time within 120 days; (iii) where a participant ceases to be a director, officer, or employee of the Trust or a Subsidiary by reason of retirement at normal retirement age, options held by such participant continue to vest in accordance with their terms and may be exercised or surrendered at any time within 90 days; and (iv) where a participant ceases to be a director, officer, or employee of the Trust or a subsidiary by any reason whatsoever (including by reason of early retirement or voluntary resignation) other than by reason of retirement at normal retirement age, death, permanent disability or termination for cause, options held by such participant may be exercised or surrendered at any time within 30 days (in the event of early retirement or voluntary resignation) and in all other events within 90 days.

Options Granted During 2006

A summary of the options issued to the Named Executive Officers in 2006 is outlined below:

Name	Units Under Options Granted	% of Total Options Granted to Employees in Financial Year	Exercise or Base Price ($/Unit)	Market Value of Units Underlying Options on the Date of Grant ($/Unit)	Expiration Date
Kenneth N. Drysdale	125,000	4.8	10.00	10.00	September 7, 2011
John B. Paul, CA	100,000	3.8	10.00	10.00	September 7, 2011
Gary Sweetman[(1)]	125,000	4.8	10.00	10.00	September 7, 2011

Notes:
(1) Gary Sweetman resigned on March 12, 2007. These options expired unexercised.

Aggregated Options Exercised During 2006 and Year-end Options Values

No options were exercised by any of the Named Executive Officers of the Administrator during 2006. The following table sets forth the aggregate value of unexercised options as at December 31, 2006 for all Named Executive Officers of the Administrator:

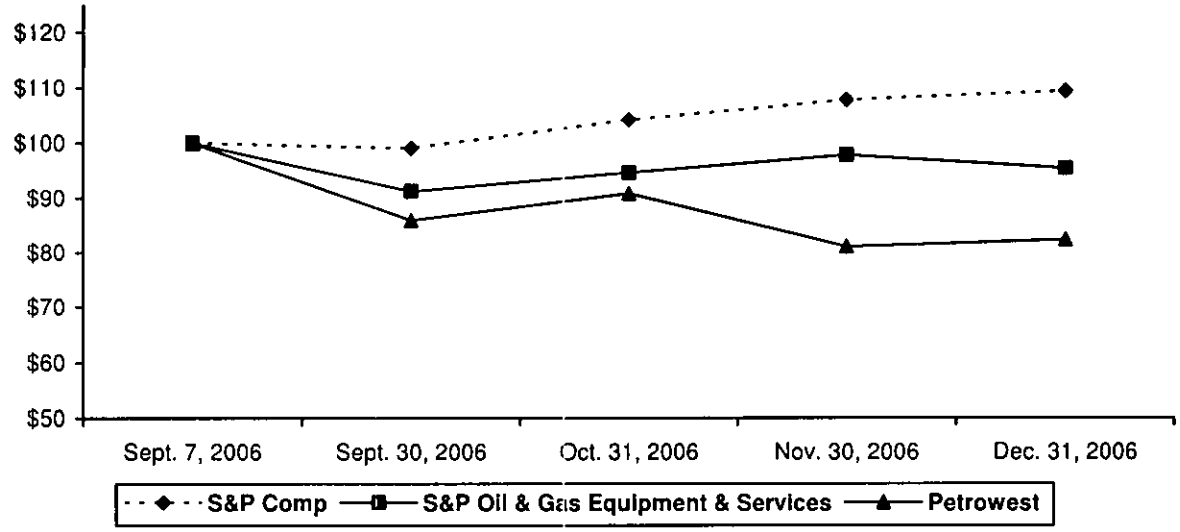
			Unexercised Options at Year End			
			Number of Options		Value of in-the-Money Options	
Name and Principal Position	Units Acquired on Exercise	Aggregate Value Realized	Exercisable	Unexercisable	Exercisable	Unexercisable
	(#)	($)	(#)	(#)	($)	($)
Kenneth N. Drysdale	–	–	–	125,000	–	–
John B. Paul	–	–	–	100,000	–	–
Gary Sweetman	–	–	–	125,000	–	–

Compensation Committee

The Administrator has a Compensation Committee of its Board of Directors which from November 23, 2006 was comprised of D. Hugh Gillard, Rene Amirault, Walter DeBoni and Gerald A. Romanzin. Mr. Gillard is on the Compensation Committee of Crescent Point Energy Trust, Mr. Amirault is on the Compensation Committee of Arrowhead Water Products Ltd. and Mr. DeBoni is on the Compensation Committee of Sterling Resources Ltd.

Compensation Philosophy

Petrowest competes for human resources with its peers in the oil & gas services sector. Petrowest's compensation philosophy is to be competitive with the industry. Annual and long term incentives (bonus and incentive grants) for 2007 will be allocated in an amount determined by and in the



discretion of the Compensation Committee based on organizational and individual performance with the assistance of an independent consultant.

Compensation Practice

The salaries, bonus, and long term awards of the Administrator's officers (except the Chief Executive Officer) are recommended by the Chief Executive Officer, reviewed by the Compensation Committee of the Board of Directors and approved by the Board of Directors.

Performance Graph

The following performance graph compares the cumulative total return to Unitholders on the Units (assuming a $100 investment was made on September 7, 2006, the date the Units first commenced trading on the TSX, at a closing price of $10.24) with a cumulative total return on the S&P/TSX Composite Index and the S&P/TSX Oil & Gas Equipment & Services Sub-Industry Index (assuming the reinvestment of dividends) during the period commencing September 7, 2006 and ending December 31, 2006.

	Sept. 7, 2006	Sept. 30, 2006	Oct. 31, 2006	Nov. 30, 2006	Dec. 31, 2006
♦ S&P/TSX Composite Index	$100.00	$99.12	$104.17	$107.84	$109.45
■ S&P/TSX Oil & Gas Equipment & Services Sub-Industry Index	$100.00	$91.24	$94.60	$97.87	$95.43
▲ Petrowest (including distributions for the period)	$100.00	$85.94	$90.82	$81.13	$82.35
Petrowest Unit Close Price	$10.24	$8.80	$9.30	$8.16	$8.20

COMPENSATION OF DIRECTORS

Non-executive directors are paid an annual retainer of $20,000 ($30,000 in the case of the board chairman). In addition, the chair of each committee is paid an additional $5,000. For each meeting non-executive directors attend, directors are paid $1,000 if they attend in person, and $500 if they attend by teleconference. Directors are also entitled to receive stock options. The following table outlines the total compensation granted to directors who are not also officers during 2006:

Name	Meeting Fees (aggregate)	Date Options Granted	Aggregate Options Granted in respect of duties as director	Exercise or Base Price ($/Security)	Expiration Date
D. Hugh Gillard	$27,500	September 7, 2006	115,000	10.00	September 7, 2011
Rene Amirault	$22,083	September 7, 2006	115,000	10.00	September 7, 2011
Gerald A. Romanzin	$24,083	September 7, 2006	115,000	10.00	September 7, 2011
Walter DeBoni	$18,083	September 7, 2006	115,000	10.00	September 7, 2011

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table sets out information respecting the Trust's equity compensation plans as at December 31, 2006:

Plan Category	No. of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	No. of securities available for future issuance under equity compensation plans (excluding those reflected in column (a)) (c)
Option Plan	2,605,000	$10.00	223,509
Total	2,605,000	$10.00	223,509

OTHER COMPENSATION

Other compensation not disclosed herein does not exceed the lesser of $50,000 in the aggregate for all Named Executive Officers or 10% of the compensation described above during the fiscal year ended December 31, 2006. Except as otherwise disclosed in this Information Circular, there were no long-term incentive awards made to the Named Executive Officers during the fiscal year ended December 31, 2006. There are no pension plan benefits in place for the Named Executive Officers.

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT ON CHANGE OF CONTROL

Kenneth N. Drysdale entered into an employment agreement with the Administrator effective January 6, 2006 and John B. Paul entered into an employment agreement with the Administrator effective May 1, 2006. Both agreements provide for an annual base salary of $200,000 and an annual bonus in an amount determined by and in the discretion of the Compensation Committee based upon performance. In addition, the General Partner has agreed to provide certain benefits, six weeks of vacation time and a vehicle allowance.

In the event that employment is terminated by the General Partner for reasons other than just cause, Messrs. Drysdale and Paul are entitled to receive severance equal to compensation due to the date ceasing to be employed plus one year of base salary in effect at the date of termination and an amount

equal to 10% of such base salary in lieu of benefits. There are no provisions for payments in the event of a change of control of the Trust.

INDEBTEDNESS OF DIRECTORS, EXECUTIVE OFFICERS AND SENIOR OFFICERS

Except as disclosed in this Information Circular, no director, executive officer or senior officer of the Administrator, or proposed nominee for election as a director of the Administrator, or their respective associates, was as at the date hereof, or was during the fiscal year ended December 31, 2006, indebted to the Trust or the Administrator.

The Subordinated Units were issued to directors, officers and employees of the Trust at a price of $3.00 per Subordinated Unit which was satisfied by the payment of $1.00 in cash and $2.00 by way of a three-year promissory note that will be forgiven over three years if the subscriber remains as a director, officer or employee of Petrowest.

Aggregate Indebtedness

The following table shows the aggregate indebtedness of all executive officers, directors, employees and former executive officers, directors and employees of Petrowest as at the date of this Information Circular. All debt is pursuant to the Subordinated Unit Notes.

Purpose	To the Trust and its Subsidiaries (a)	To Other Entities (b)
Unit Purchases	3,020,000	Nil
Other	Nil	Nil

Gerald A. Romanzin Director	Indebtedness to Trust	40,000	40,000	20,000	–	–

Notes:
(1) Gary Sweetman resigned on March 12, 2007.

APPOINTMENT OF AUDITORS

It is proposed that PricewaterhouseCoopers LLP, Chartered Accountants, be appointed as the auditors of the Trust to hold office until the next annual meeting of Unitholders of the Trust. If appointed, the Directors will be authorized to fix the remuneration of the auditors. PricewaterhouseCoopers LLP has acted as the auditors of the Trust since July 6, 2006.

OTHER MATTERS TO BE ACTED UPON

Other than the foregoing, the Board of Directors of the Administrator knows of no matter to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters properly come before the Meeting, the accompanying proxy will be voted on such matters in accordance with the best judgement of the person or persons voting the proxy.

INTERESTS OF INSIDERS AND OTHERS IN MATERIAL TRANSACTIONS

Except as otherwise disclosed in this Information Circular, no informed person of the Trust or the Administrator and no person nominated for election as a director of the Administrator (nor any associate or affiliate of any such person) had any material interest, direct or indirect, in any transaction undertaken since July 6, 2006, that was not negotiated at arm's length and that has materially affected the Trust and none of such persons has any material interest in any transaction proposed to be undertaken by the Trust that will materially affect the Trust.

Concurrent with Trust's initial public offering of Units, the Trust indirectly acquired Neuwest Equipment Rentals Inc. Kenneth N. Drysdale and Gary Sweetman were principals of Neuwest Equipment. See the prospectus of the Trust dated August 28, 2006 and the business acquisition report of the Trust on Form 51-102F4 filed by the Trust on October 18, 2006, relating to the acquisition. The prospectus and the business acquisition report are available on SEDAR at www.sedar.com.

DISTRIBUTION REINVESTMENT PLAN

The Board of Directors has approved, subject to regulatory approval, the adoption of a Distribution Reinvestment Plan (the "**DRIP Plan**"). The DRIP Plan will provide eligible unitholders with the opportunity to reinvest their monthly cash distributions to acquire additional trust units at a purchase price equal to 95% of the average market price (defined as the volume weighted average trading price of the Trust Units for the 10 trading days immediately preceding the distribution payment date). No additional commissions, service charges or brokerage fees are charged to a unitholder in connection with the reinvestment of distributions under the DRIP Plan.

A press release will be issued prior to the effective date of the DRIP Plan that will provide the details of the DRIP Plan. At such time, the DRIP Plan and related documents will be available on the Trust's website at www.petro-west.com.

Registered Unitholders who wish to participate in the DRIP Plan should contact Valiant Trust Company for the appropriate enrollment form. Non-registered Unitholders who wish to participate in the DRIP Plan must contact their dealer or broker to enroll. It is anticipated that the DRIP Plan will be available to Unitholders for the May distribution to be paid on June 15, 2007 to Unitholders of record on May 31, 2007.

CORPORATE GOVERNANCE

The Board of Directors and senior management of the Administrator consider good corporate governance to be an integral part of the effective and efficient operation of Canadian business entities. Disclosure of the Administrator's corporate governance practices, in accordance with National Instrument 58-101, is attached to this Information Circular as Schedule A.

ADDITIONAL INFORMATION

Additional information relating to the Trust is available on SEDAR at www.sedar.com. Financial information is provided in the Trust's comparative financial statements and MD&A for its most recently completed financial year. Securityholders may request copies of the Trust's financial statements and MD&A by contacting Kenneth N. Drysdale at (780) 830-0881.

SCHEDULE A

CORPORATE GOVERNANCE DISCLOSURE
FORM 58-101F1

Disclosure Requirement	Petrowest Corporate Governance Practices
1. Board of Directors	
(a) Disclose the identity of directors who are independent.	The following directors are independent as that term is defined in section 1.4 of Multilateral Instrument 52-110 *Audit Committees*: Rene Amirault Walter DeBoni D. Hugh Gillard Gerald A. Romanzin
(b) Disclose the identity of directors who are not independent, and describe the basis for that determination.	Kenneth N. Drysdale is not independent as he is the President and Chief Executive Officer of the Administrator.
(c) Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the Board of Directors does to facilitate its exercise of independent judgment in carrying out its responsibilities.	Four of five directors are independent so that a majority of the directors are independent.
(d) If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.	The following directors are also directors of the issuers set out beneath their respective names below: Gerald A. Romanzin - Focus Energy Trust - Trimac Income Fund - Kereco Energy Ltd. - Crescent Point Energy Trust D. Hugh Gillard - Crescent Point General Partner Corp. - Creststreet Power & Income Fund LP Walter DeBoni - Sterling Resources Ltd. - ARC Resources Ltd. - Niko Resources Ltd. Rene Amirault - Arrowhead Water Products Ltd.

Disclosure Requirement	Petrowest Corporate Governance Practices
(e) Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors.	The Board conducts an in camera session without management at each regular meeting of the Board.
(f) Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors.	The Chairman of the Board, D. Hugh Gillard, is an independent director. Pursuant to the position description adopted by the Board for the chairman of the Board, the duties of the chair include: providing leadership to the directors by organizing the Board to function independently, including regularly arranging meetings of the Board without management and non-independent directors present; managing the affairs of the Board to ensure that the Board is organized properly and functions effectively; taking reasonable steps to ensure that the members of the Board execute their duties pursuant to the mandates of the Board; preside at, call and schedule each meeting of the Board; preside at the meetings of the shareholders; coordinating with management to ensure materials are distributed to directors in sufficient time in advance of meetings for thorough review and ensuring the matters are properly presented for the Board's consideration, the Board has an appropriate opportunity to discuss issues at each meeting and that the Board has an appropriate opportunity to question executive officers, management, employers, external auditors, experts and advisors regarding all matters of importance to the Board; communicating with each member of the Board to ensure that each director has the opportunity to participate in decision making and that each director is accountable to the Board and to each committee in which they serve, arranging for the preparation, accuracy and distribution of minutes, ensuring that each committee of the Board appropriately reports to the Board and assisting in maintaining effective working relationships

Disclosure Requirement	Petrowest Corporate Governance Practices
	between Board members, the CEO, external auditors, experts, advisors, executive officers and management.
(g) Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year.	The attendance record of each director at Board, Committee and other relevant meetings is attached as Schedule C.
2. **Board Mandate**	
Disclose the text of the board's written mandate. If the board does not have a written mandate, describe how the board delineates its role and responsibilities.	The mandate of the Board is attached as Schedule B and is also available on the Trust's website at www.petro-west.com.
3. **Position Descriptions**	
(a) Disclose whether or not the board has developed written position descriptions for the chair and the chair of each board committee. If the board has not developed written position descriptions for the chair and/or the chair of each board committee, briefly describe how the board delineates the role and responsibilities of each such position.	The Board has approved written position descriptions for the Chairman and the chair of each Board committee. Copies of these descriptions are available on the Trust's website at www.petro-west.com.
(b) Disclose whether or not the board and Chief Executive Officer have developed a written position description for the Chief Executive Officer. If the board and Chief Executive Officer have not developed such a position description, briefly describe how the board delineates the role and responsibilities of the Chief Executive Officer.	The Board has approved a written position description for the Chief Executive Officer. The position description is reviewed annually by the Compensation and Governance Committee and is available on the Trust's website at www.petro-west.com.
4. **Orientation and Continuing Education**	
(a) Briefly describe what measures the board takes to orient new directors regarding:	New directors are provided with the Trust's Board reference materials (the "Reference Materials") which includes the Trust's constating documents and all Board policies, mandates and position descriptions and meet with the senior management of the Trust to review the documents and obtain a firsthand report on the nature and operation of the Trust's business. New directors are advised that the Trust's legal counsel is available to answer any questions they may have on the legal aspects of the role of the board, its committees and its directors.
(i) the role of the board, its committees and its directors, and	
(ii) the nature and operation of the issuer's business.	

Disclosure Requirement	Petrowest Corporate Governance Practices
	The Board annually reviews the Reference Materials with management in order that the directors maintain the skill and knowledge necessary to meet their obligations as directors.
(b) Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.	Directors stay abreast of new developments in corporate governance through regular briefings from a variety of experts, including the Trust's legal counsel.
5. **Ethical Business Conduct**	
(a) Disclose whether or not the board has adopted a written code for the directors, officers and employees. If the board has adopted a written code:	The Board adopted a written Code of Conduct and Ethics, (the "Code") on April 27, 2007 which is subject to constant review and revision to ensure it is in line with best practices.
(i) disclose how a person or company may obtain a copy of the code;	A copy of the Code may be obtained upon request from the Chief Financial Officer of the Trust at 1020, 407 – 2nd Street S.W., Calgary, AB T2P 2Y3, Facsimile: (403) 237-0880. The Code is also available on the Trust's website at www.petro-west.com.
(ii) describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board satisfies itself regarding compliance with its code; and	A copy of the Code will be provided to each director, officer and employee of the Trust and each such person is required to acknowledge that he or she has read the Code and disclosed any transactions or matters of potential conflict. Similarly, copies of the Code will be provided to each new director, officer and employee of the Trust, and each such person shall acknowledge that he or she has read the Code before commencing activities as a director, officer or employee, as the case may be.
(iii) provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code.	No material change reports have been filed by the Trust since July 6, 2006 (the date of formation) relating to a director's or executive officer's departure from the Code. Further, no waivers of the Code have ever been granted to any director, officer or other employee of the Trust.

Disclosure Requirement	Petrowest Corporate Governance Practices
(b) Describe any steps the board takes to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest.	Directors who have, or may be reasonably perceived to have, a personal interest in a transaction or agreement being contemplated by the Trust are required to declare such interest at any directors' meeting where the matter is being considered and to refrain from voting on such matter.
(c) Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.	The Board encourages and promotes a culture of ethical business conduct by expecting each other, all officers and management to act in a manner that exemplifies ethical business conduct. This expectation sets the tone for all employees of the Trust. The Trust makes every effort to ensure that prospective employees are of good character.
6. **Nomination of Directors**	
(a) Describe the process by which the board identifies new candidates for board nomination.	The nomination process for new directors is currently the responsibility of the independent members of the Board. The Chair of the Board surveys all directors to determine whether or not new directors should be nominated and, if so, names of prospective new directors who have the skills and experience required to fill any gaps on the Board. The Board then reviews the information and makes the decision.
(b) Disclose whether or not the board has a nominating committee composed entirely of independent directors. If the board does not have a nominating committee composed entirely of independent directors, describe what steps the board takes to encourage an objective nomination process.	The independent members of the Board are responsible for nominating new directors.
(c) If the board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.	The Board is responsible for reviewing the size and composition of the Board from time to time. The independent members of the Board consider persons as nominees for directors for the approval of the Board and election by the Unitholders.
7. **Compensation**	
(a) Describe the process by which the board determines the compensation for the issuer's directors and officers.	The Compensation Committee is responsible for assessing the compensation of directors and officers and making recommendations to the Board. The Compensation Committee reviews director compensation on an annual basis to determine whether such compensation is

Disclosure Requirement	Petrowest Corporate Governance Practices
	appropriate for the responsibilities, time commitment and risks assumed by the directors. The Compensation Committee also reviews officer compensation annually against information from other Trusts and published data, and targets total compensation at the median of the Trust's peer group. Please refer to pages 7, 8 and 9 of the Information Circular for details of the executive compensation structure and policies.
(b) Disclose whether or not the board has a compensation committee composed entirely of independent directors. If the board does not have a compensation committee composed entirely of independent directors, describe what steps the board takes to ensure an objective process for determining such compensation.	Each of the members of the Compensation Committee is independent.
(c) If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.	The Compensation Committee annually reviews and determines executive compensation packages for the senior officers of the Trust, including salary, bonuses, stock options or awards, unit appreciation rights and other incentives. The Compensation Committee also reviews and recommends directors' compensation from time to time, as appropriate. In addition, the Compensation Committee prepares and reviews public or regulatory disclosure respecting compensation and the basis on which performance is measured.
(d) If a compensation consultant or advisor has, at any time since the beginning of the issuer's most recently completed financial year, been retained to assist in determining compensation for any of the issuer's directors and officers, disclose the identity of the consultant or advisor and briefly summarize the mandate for which they have been retained. If the consultant or advisor has been retained to perform any other work for the issuer, state that fact and briefly describe the nature of the work.	The Trust did not retain a compensation consultant in 2006. The Trust has retained HayGroup Limited to advise the Trust regarding Long-Term Incentives.

Disclosure Requirement	Petrowest Corporate Governance Practices
8. **Other Board Committees** If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.	In addition to the audit committee and the compensation committee, the board has a health, safety and environmental committee that makes recommendations to the board on the development and implementation of policies, standard and practices of the trust with respect to health, safety and environment. The objects of the committee are to assist the board to discharge their responsibilities in respect of the Trust meeting its legal, industry and community obligations pertaining to the areas of health, safety and environment, and to assist the board of directors in discharging their responsibilities in respect of the Trust establishing appropriate environment, health and safety policies and procedures and maintaining management systems to implement such policies and monitor compliance.
9. **Assessments** Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the board satisfies itself that the board, its committees, and its individual directors are performing effectively.	The Trust was formed on July 6, 2006 and has not yet completed a full year of operations. It is the intention of the Trust that the Chairman of the Board will annually survey all directors to determine whether or not the Board, its committees and its individual directors are effective and make appropriate contributions to the Board as a whole. This information will be reviewed and changes will be considered by the Board.

Copies of position descriptions and mandates noted herein as being available on the Trust's website at www.petro-west.com may also be obtained on request from the Corporate Secretary.

SCHEDULE B

PETROWEST ENERGY SERVICES GENERAL PARTNER LTD.
MANDATE OF THE BOARD OF DIRECTORS

The purpose of this document is to establish the mandate (the "Mandate") of the board of directors (the "Board") of Petrowest Energy Services General Partner Ltd. (the "Corporation").

1. STEWARDSHIP OF THE CORPORATION, TRUST AND RELATED ENTITIES

The Board is responsible for the overall stewardship of the business and affairs of the Corporation as well as Petrowest Energy Services Trust (the "Trust") and all its related entities (collectively, "Petrowest") on behalf of all stakeholders by evaluating the effectiveness of management of the business and affairs of Petrowest and providing leadership to Petrowest by practicing responsible and ethical decision making.

2. DIRECTOR OBLIGATIONS

Each Director has the responsibility to attend all regularly scheduled meetings of the Board and all of the committees of the Board on which they serve and to be prepared for such meetings by reviewing materials provided in advance of meetings. In addition, each director is expected to act honestly and in good faith with a view to the best interests of Petrowest and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

3. COMPOSITION

A majority of the Board will, at all times, be independent directors as defined in the current laws applicable to Petrowest. To be considered for nomination and election to the Board, directors must demonstrate integrity and high ethical standards in their business dealings, their personal affairs and in the discharge of their duties to and on behalf of Petrowest.

The Board is responsible for evaluating its size and determining the appropriate number of directors for the Board.

4. MEETINGS

The Board will meet in person, or by telephone conference call, at least four times per year and as often thereafter as required to discharge the duties of the Board. The Board will hold meetings of the independent directors without management and non-independent directors present. The Board will implement structures and procedures to ensure that it functions independently of management. Minutes of all meetings of the Board shall be maintained.

5. RESPONSIBILITIES AND DUTIES

SELECTION OF DIRECTORS

(a) The Board, with the assistance of the Governance Committee (should the board form a Governance Committee) is responsible for approving new nominees to the Board.

(b) The Board will annually review the assessment of the Board's performance and recommendations provided by the Governance Committee (if such a committee is formed) and evaluate its own effectiveness in accordance with Petrowest's corporate

governance policy. The Board will take appropriate action based upon the results of the review process.

COMMITTEES OF THE BOARD

(c) The Board shall establish committees to assist it in performing its duties, which shall include (i) an Audit Committee and (ii) a Compensation Committee. Should the board find it desirable to so, a Health and Safety and/or a Governance Committee may also be established, or any other committee as the board may deem appropriate.

(d) The Board shall appoint directors to serve as members of each committee. The board shall take into account the recommendations made by the Governance Committee (if such a committee is formed) in appointing directors to each committee. In addition, the Board shall appoint a chair of each committee to provide leadership, manage the affairs and ensure the committee functions effectively in fulfilling is duties to the Board and Petrowest.

(e) The Board will regularly receive and consider reports and recommendations from each committee.

(f) The Board shall receive minutes of all committee meetings.

(g) The Board will annually evaluate the performance and review the work of its committees, including their respective mandates and the sufficiency of such mandates.

SUPERVISION OF MANAGEMENT

(h) The Board will select and appoint the Chief Executive Officer, and with the assistance of the Chairman of the Board of Directors, establish goals and objectives developed for the Chief Executive Officer and review the assessment of the Chief Executive Officer's performance in relation to such objectives.

(i) The Board will annually receive and consider a report from its Compensation Committee on succession planning, including appointing, training and monitoring of senior management and the Chief Executive Officer.

(j) The Board will assist the CEO to select and appoint executive officers; establish executive officers' goals and objectives and monitor their performance.

GENERAL RESPONSIBILITIES OF THE BOARD

(k) The Board will oversee the management of Petrowest. In doing so, the Board will establish a productive working relationship with the Chief Executive Officer and other members of senior management.

(l) The Board will adopt a strategic planning process and annually approve a strategic plan for increasing shareholder value taking into account, among other items, the opportunities and risks of Petrowest's business, and monitor Petrowest's performance against its strategic plan, approve capital and operating budgets to implement the strategic plan and conduct periodic reviews of Petrowest's resources, risks, and regulatory constraints and opportunities to facilitate the strategic plan.

(m) The Board will, through its Audit Committee, review the integrity of Petrowest's internal control and management information systems.

(n) The Board will engage in a review of short and long-term performance of Petrowest in accordance with approved plans.

(o) The Board will adopt a process to identify business risks and ensure appropriate systems to manage risks are in place, and together with the Audit Committee, ensure policies and procedures are in place and are effective to maintain the integrity of Petrowest's disclosure controls and procedures; internal controls over financial reporting and management information systems.

(p) The Board will approve material capital expenditures or material dispositions or other material financial commitments and will put in place a policy to specify spending authorizations.

(q) The Board will review and on the advice of the Audit Committee, approve, prior to their public dissemination:

(i) interim and annual financial statements and notes thereto;

(ii) managements' discussion and analysis of financial condition and results of operations;

(iii) relevant sections of the annual report, annual information form and management information circular containing financial information;

(iv) forecasted financial information and forward looking statements;

(v) all press releases and other documents in which financial statements, earnings forecasts, results of operations or other financial information is disclosed.

(r) The Board will adopt prudent financial standards with respect to the businesses of Petrowest and prudent levels of debt in relation to Petrowest's consolidated capitalization.

(s) The Board will approve dividends and distributions, material financings, transactions affecting authorized capital or the issue and repurchase of shares and debt securities, and all material divestitures and acquisitions.

(t) The Board will also consider and approve:

(i) transactions out of the ordinary course of business;

(ii) special employment contracts, upon recommendation of the Compensation Committee;

(iii) all matters that would be expected to have a major impact on unitholders of the Trust; and

(iv) the appointment of any person to any position that would qualify such person as an officer of any Petrowest entity.

(u) The Board shall approve and implement a communications policy that provides for the disclosure and communications practices governing Petrowest.

(v) The Board shall approve and maintain a process for Petrowest's stakeholders to contact the independent directors directly with concerns and questions regarding Petrowest.

(w) The Board shall annually review and, on the advice of the Governance Committee (if such a committee is created), either approve or require revisions to this Mandate and the Mandate of each committee of the Board, position descriptions, and all other policies of Petrowest (collectively the "Governance Documents");

(x) The Board shall take steps to (i) satisfy itself that each director, the CEO and the executive officers are performing their duties ethically; conducting business on behalf of Petrowest in accordance with the requirements and the spirit of the Governance Documents; (ii) foster a culture of integrity throughout Petrowest; and (iii) arrange for the Governance Documents to be publicly disclosed when required by law or deemed appropriate.

(y) The Board will ensure that all new directors receive a comprehensive orientation and that all new directors should fully understand the role of the Board and its committees; and provide continuing education opportunities for all directors, so that individuals may maintain or enhance their skills and abilities as directors, as well as to ensure their knowledge and understanding of Petrowest's business remains current.

REMUNERATION OF THE DIRECTORS

(z) The Board of Directors will consider and approve the adequacy and form of the compensation of directors, upon recommendation of the Compensation Committee.

GENERAL

(aa) The Board will consider and approve such other matters as the Board may, from time to time, determine.

(bb) The Board shall have access to all books, records, facilities and personnel of Petrowest necessary for the discharge of its duties.

(cc) The Board has the power, at the expense of Petrowest, to retain, instruct, compensate and terminate independent advisors to assist the Board in the discharge of its duties.

Adopted and approved by the Board of Directors – September 11, 2006

SCHEDULE C

MEETINGS HELD DURING 2006

(1) The Health Safety and Environment Committee was formed on October 18, 2006 and did not meet in 2006.

(2) Four Board meetings and one Compensation Committee meeting were held in 2006 before Mr. DeBoni joined the Board on October 18, 2006.

RECEIVED

PETROWEST ENERGY SERVICES TRUST

(HOLDERS OF TRUST UNITS AND SUBORDINATED UNITS)

GENERAL FORM OF PROXY

The following general form of proxy is provided for use by the holders ("Unitholders") of trust units, subordinated units and special voting units (collectively, "Units") of Petrowest Energy Services Trust (the "Trust") at the annual and special meeting (the "Meeting") of Unitholders to be held on May 31, 2007. The details of the resolutions are set out in the Information Circular dated April 30, 2007 (the "Circular") with respect to the Meeting. Capitalized terms used in this general form of proxy and not defined herein shall have the meanings given to them in the Circular. **In order to be valid and acted upon at the Meeting, a properly executed proxy must be deposited at the Trust's head office at Suite 204, 10605 Westside Drive, Grande Prairie, Alberta T8V 8E6, or with Valiant Trust Company at its offices at Suite 310, 606 – 4th Street S.W., Calgary, Alberta T2P 1T1 or by fax at (403) 233-2857 at least 24 hours prior to the commencement of the Meeting, or any adjournment thereof or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, prior to the use thereof at the Meeting or adjourned meeting.**

PROXY FOR THE MEETING

The undersigned Unitholder of Petrowest Energy Services Trust hereby appoints Kenneth N. Drysdale or failing him, D. Hugh Gillard, or, instead of either of the foregoing, _____, as proxyholder of the undersigned to attend and act on behalf of the undersigned at the Meeting to be held on May 31, 2007, and at any adjournment(s) thereof, and directs the said proxyholder to vote the Units represented by this proxy in the following manner:

1. To vote FOR ☐ or to WITHHOLD VOTING FOR ☐ (or if no choice is specified, FOR) the adoption of a resolution directing the trustee of the Trust to elect the nominees named in the Circular as the directors of Petrowest Energy Services General Partner Ltd., the administrator of the Trust (the "Administrator"), for the ensuing year.

2. To vote FOR ☐ or to WITHHOLD VOTING FOR ☐ (or if no choice is specified, FOR) the adoption of a resolution appointing PricewaterhouseCoopers LLP, Chartered Accountants, as auditors of the Trust for the ensuing year.

At the discretion of the said proxyholder, upon any amendment or variation of the above matters or any other matter that may properly be brought before the Meeting or any adjournment(s) thereof, in such manner as such proxyholder in his sole judgement may determine.

I HEREBY REVOKE ANY PROXIES HERETOFORE GIVEN.

THIS PROXY IS SOLICITED ON BEHALF OF PETROWEST ENERGY SERVICES TRUST THE UNITS REPRESENTED BY THIS PROXY SHALL BE VOTED AS DIRECTED IN THE SPACES PROVIDED ABOVE OR, IF NO DIRECTION IS GIVEN, SHALL BE VOTED IN FAVOUR OF EACH OF THE ABOVE MATTERS.

THE PERSONS NAMED IN THIS PROXY ARE DIRECTORS AND/OR OFFICERS OF PETROWEST ENERGY SERVICES GENERAL PARTNER LTD. EACH UNITHOLDER HAS THE RIGHT TO APPOINT A PERSON, WHO NEED NOT BE A UNITHOLDER, TO ATTEND AND TO ACT ON HIS BEHALF AT THE MEETING, OTHER THAN THE PERSONS DESIGNATED ABOVE. TO EXERCISE SUCH RIGHT, THE NAMES OF THE PERSONS DESIGNATED BY PETROWEST ENERGY SERVICES GENERAL PARTNER LTD. SHOULD BE CROSSED OUT AND THE NAME OF THE UNITHOLDER'S APPOINTEE SHOULD BE LEGIBLY PRINTED IN THE BLANK SPACE. UNITHOLDERS WHO HOLD THEIR UNITS THROUGH BROKERAGE ACCOUNTS OR OTHER INTERMEDIARIES WHO WISH TO APPEAR IN PERSON AND VOTE AT THE MEETINGS SHOULD APPOINT THEMSELVES AS THEIR OWN REPRESENTATIVES AT THE MEETINGS OR OTHERWISE FOLLOW THE DIRECTIONS OF THEIR INTERMEDIARIES.

UNITHOLDERS SHOULD COMPLETE THE PROXY AND MAIL IT IN THE ENVELOPE PROVIDED HEREWITH.

Dated this _____ day of _____, 2007.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES FILING OF AMENDED PRELIMINARY PROSPECTUS FOR INITIAL PUBLIC OFFERING OF TRUST UNITS

NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

Calgary, Alberta, July 31, 2006. Petrowest Energy Services Trust (the "Trust") is pleased to announce that it has filed an amended preliminary prospectus (the "Amended Preliminary Prospectus") with securities regulators in the provinces of Alberta, British Columbia, Saskatchewan, Manitoba and Ontario (the "Selling Jurisdictions") in connection with a proposed initial public offering of trust units of the Trust (the "Trust Units").

The Trust has been created to acquire nine private pre-drilling and post-completion energy services companies, all based in Grande Prairie, Alberta. The Trust is positioned to be a leading provider of pre-drilling and post-completion energy services to the northern region of the western Canadian sedimentary basin.

The underwriting syndicate for the offering is being co-led by Westwind Partners Inc. and Sprott Securities Inc., and also includes Lightyear Capital Inc., Blackmont Capital Inc., and Dundee Securities Corporation.

The Trust is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. The Amended Preliminary Prospectus relating to the offering of the Trust Units has been filed with securities regulatory authorities in the Selling Jurisdictions, but has not yet become final for purposes of the sale of securities.

This news release does not constitute an offer to sell, or the solicitation of an offer to buy, nor shall there be any sale or any acceptance of an offer to buy these securities in the Selling Jurisdictions before a receipt for the final prospectus is obtained from the securities commission or similar authority. A copy of the Amended Preliminary Prospectus may be obtained from SEDAR (www.sedar.com).

These securities have not been, nor will they be, registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States without registration or an applicable exemption from the registration requirements of that Act. This news release does not constitute an offer for sale of these securities in the United States.

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, at (780) 830-0881 or info@petro-west.com.

This news release contains forward-looking statements that involve substantial known and unknown risks and uncertainties. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "achievable," "believe," "expect," "estimate," "plan," "intend," "project," "may," "should", "could", "predict", "may," "will," or similar words suggesting future outcomes or language suggesting an outlook. Forward-looking statements and information are based on the Trust's current beliefs as well as assumptions made by and information currently available to the Trust concerning anticipated business performance. Although management of the Trust considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect.

Forward-looking statements are subject to many external variables that are beyond the Trust's control, such as fluctuating prices for crude oil, changes in drilling activity, and general local and global economic, political, business and weather conditions. If any of these, or other uncertainties, materialize the actual results of the Trust may vary materially from those expected.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES FILING OF FINAL PROSPECTUS FOR $140,000,000 INITIAL PUBLIC OFFERING OF TRUST UNITS

NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

Calgary, Alberta, August 28, 2006. Petrowest Energy Services Trust (the "Trust") is pleased to announce that it has filed a final prospectus (the "Final Prospectus") with securities regulators in the provinces of Alberta, British Columbia, Saskatchewan, Manitoba and Ontario (the "Selling Jurisdictions") in connection with a proposed initial public offering of 14,000,000 trust units (the "Trust Units") of the Trust at a price of $10.00 per Trust Unit, for gross proceeds of $140,000,000 (the "Offering"), pursuant to an underwriting agreement dated August 28, 2006. The Trust has also granted the Underwriters (as hereinafter defined) an option (the "Over-Allotment Option") to purchase up to an additional 1,400,000 Trust Units, exercisable in whole in part for a period of 30 days following the closing date (the "Closing Date") of the Offering. If the Over-Allotment Option is exercised in full, the aggregate gross proceeds of the Offering will be $154,000,000. The Closing Date is anticipated to be September 7, 2006.

The Trust has been created to acquire nine private pre-drilling and post-completion energy services companies, all based in Grande Prairie, Alberta. The Trust is positioned to be a leading provider of pre-drilling and post-completion energy services to the northern region of the western Canadian sedimentary basin. The Trust is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta.

The underwriting syndicate for the offering is being co-led by Westwind Partners Inc. and Sprott Securities Inc., and also includes Lightyear Capital Inc., Blackmont Capital Inc., and Dundee Securities Corporation (collectively, the "Underwriters").

This news release does not constitute an offer to sell or the solicitation of an offer to buy, any securities of the Trust in any jurisdiction. A copy of the Final Prospectus may be obtained from SEDAR (www.sedar.com).

These securities have not been, nor will they be, registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States without registration or an applicable exemption from the registration requirements of that Act. This news release does not constitute an offer for sale of these securities in the United States.

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, at (780) 830-0881 or info@petro-west.com.

This news release contains forward-looking statements that involve substantial known and unknown risks and uncertainties. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "achievable," "believe," "expect," "estimate," "plan," "intend," "project," "may," "should", "could", "predict", "may," "will," or similar words suggesting future outcomes or language suggesting an outlook. Forward-looking statements and information are based on the Trust's current beliefs as well as assumptions made by and information currently available to the Trust concerning anticipated business performance. Although management of the Trust considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect.

Forward-looking statements are subject to many external variables that are beyond the Trust's control, such as fluctuating prices for crude oil, changes in drilling activity, and general local and global economic, political, business and weather conditions. If any of these, or other uncertainties, materialize the actual results of the Trust may vary materially from those expected.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES CLOSING OF $140,000,000 INITIAL PUBLIC OFFERING

NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

Calgary, Alberta, September 7, 2006. Petrowest Energy Services Trust ("Petrowest") announced today that it has completed its initial public offering of 14,000,000 trust units at a price of $10.00 per trust unit for gross proceeds of $140,000,000. The trust units of Petrowest will commence trading today on the Toronto Stock Exchange ("TSX") under the symbol "PRW.UN".

The offering was conducted by an underwriting syndicate co-led by Westwind Partners Inc. and Sprott Securities Inc. that included Lightyear Capital Inc., Blackmont Capital Inc. and Dundee Securities Corporation. For the next 30 days, the underwriters have an over-allotment option to purchase up to an additional 1,400,000 trust units, exercisable in whole or in part. If the over-allotment option is exercised in full, the aggregate gross proceeds of the offering will be $154,000,000.

Immediately following the completion of the offering, Petrowest completed the acquisition of Gordon Bros. Construction Ltd., Roy Larson Construction Ltd., Wales Contractors Ltd., D&D Well Services, Murtron Hauling Ltd., R. Bee Crushing Ltd., Safetymaster Rentals Corp. (carrying on business as S.O.S. Oilfield Safety), Neuwest Equipment Rentals Inc., Fitzpatrick Co. Ltd. and Northern Tractor Sales and Rentals Co. Ltd., and several related entities, (collectively, the "Acquired Companies") all of which are involved in pre-drilling and post completion energy services and are based in Grande Prairie, Alberta. Petrowest is positioned to be a leading provider of pre-drilling and post-completion energy services to the northern region of the western Canadian sedimentary basin. Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta.

The net proceeds to Petrowest from the initial public offering are estimated to be $129.6 million after deducting the underwriters' fees and the expenses of the offering. Of the net proceeds, $103.3 million were used to pay the cash portion of the base purchase price for the Acquired Companies. The remaining $26.3 million will be used by Petrowest for growth capital ($8.3 million), to retire certain long-term debt of the acquired companies ($7.1 million) and for working capital ($10.9 million).

Subject to future operating and financial performance, Petrowest anticipates making cash distributions of $0.10 per trust unit per month to unitholders of record on each distribution record date which shall be the last day of each calendar month, to be paid to unitholders on the 15th day of the month following the distribution record date. The initial cash distribution, which will be in respect of the period from closing to October 31, 2006 is expected to be paid on November 15, 2006 to unitholders of record on October 31, 2006 and is estimated to be approximately $0.17667 per trust unit.

The executive officers of Petrowest are Kenneth N. Drysdale, President and Chief Executive Officer; John B. Paul, Chief Financial Officer; and Gary Sweetman, Chief Operating Officer. In addition to Mr. Drysdale, the Board of Directors of Petrowest includes D. Hugh Gillard (Chairman of the Board), Rene Amirault and Gerald A. Romanzin.

In connection with the acquisition of the Acquired Companies, Petrowest issued 12,765,094 trust units. In addition, Petrowest issued 1,510,000 subordinated units on July 6, 2006. Accordingly, Petrowest currently has outstanding 26,765,094 trust units and 1,510,000 subordinated units.

This news release does not constitute an offer to sell or the solicitation of an offer to buy any securities of Petrowest in any jurisdiction. A copy of the Final Prospectus may be obtained from SEDAR (www.sedar.com).

These securities have not been, nor will they be, registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States without registration or an applicable exemption from the registration requirements of that Act. This news release does not constitute an offer for sale of these securities in the United States.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES NEW DIRECTOR

Calgary, Alberta, October 18, 2006. Mr. D. Hugh Gillard, Chairman of the Board of Directors of Petrowest Energy Services Trust ("Petrowest" – TSX – "PRW.UN") is please to announce that Mr. Walter DeBoni has been appointed a director of the Board effective October 18, 2006.

Mr. DeBoni has over 37 years of oil and gas experience and has held various executive positions in private and public Canadian and International companies. Currently Mr. DeBoni serves as a director of three other publicly traded entities including being Vice Chairman and director of a major oil and gas energy trust and is also Chairman and director of a private oil and gas company.

In addition to Mr. DeBoni, the Board of Directors of Petrowest includes D. Hugh Gillard (Chairman of the Board), Ken Drysdale (President and CEO), Rene Amirault and Gerald A. Romanzin.

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. Petrowest is positioned to be a leading provider of pre-drilling and post-completion energy services to the northern region of the western Canadian sedimentary basin.

The TSX has not reviewed and does not accept responsibility for the adequacy or accuracy of this news release.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES INITIAL CASH DISTRIBUTION

Calgary, Alberta, October 18, 2006. Petrowest Energy Services Trust ("Petrowest") (TSX - "PRW.UN") announced today that its initial cash distribution for the period from the closing of its initial public offering on September 7, 2006 to October 31, 2006 will be $0.17667 per trust unit. The distribution will be paid on November 15, 2006 to unitholders of record on October 31, 2006. The trust units will commence trading on an ex-distribution basis on October 27, 2006 at the opening of markets. This prorated distribution is consistent with Petrowest's intention to distribute $0.10 per trust unit per month.

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. Petrowest is positioned to be a leading provider of pre-drilling and post-completion energy services to the northern region of the western Canadian sedimentary basin. Effective September 7, 2006, Petrowest completed the acquisition of each of, and now carries on the business of each of, Gordon Bros. Construction Ltd., Roy Larson Construction Ltd., Wales Contractors Ltd., D&D Well Services, Murtron Hauling Ltd., R. Bee Crushing Ltd., Safetymaster Rentals Corp. (carrying on business as S.O.S. Oilfield Safety), Neuwest Equipment Rentals Inc., Fitzpatrick Co. Ltd. and Northern Tractor Sales and Rentals Co. (TSX: PRW.UN) **NEWS RELEASE**

PETROWEST ENERGY SERVICES TRUST RELEASES THIRD QUARTER RESULTS AND ANNOUNCES NEW CREDIT FACILITY

November 14, 2006, GRANDE PRAIRIE, ALBERTA. Petrowest Energy Services Trust is pleased to release its first quarterly report since becoming a public trust on September 7, 2006.

Petrowest also announced today that it has entered into an agreement with certain financial lenders for an operating line of credit facility available for growth capital, acquisition and working capital needs in the amount of $60 million. Amounts drawn on the facility will bear interest at rates from prime + 0% to prime + 1% based on levels of funded debt to EBITDA. Security is by a general assignment of book debts. To date Petrowest has not drawn on the facility.

HIGHLIGHTS FOR THE PERIOD ENDED SEPTEMBER 30, 2006

- Successful completion of the $140 million initial public offering of Petrowest Energy Services Trust units, with demand well in excess of the size of the offering.
- Completion of the acquisitions of the nine companies that have been brought together to form Petrowest.
- Total operating revenue of $10.9 million.
- Cash from operations of $2.9 million or $0.103 per unit.
- Net earnings of $762 thousand.
- Working capital of $21 million.
- Continued operational focus in the northern areas of Alberta and BC, which includes deep drilling gas exposure and oil sands development, as well as infrastructure requirements in an area of rapid economic and population growth.

FINANCIAL HIGHLIGHTS

Unaudited $000's except per unit amounts, margins and ratios	From commencement of commercial operations on September 7, 2006 to September 30, 2006.
Financial Results	
Revenue	10,907
EBITDA	2,645
EBITDA margin	24.3 %
Net earnings	762
Net earnings margin	7.0 %
Cash from operations	2,902
Financial Position and Liquidity	
Working capital	21,057
Working capital ratio	1.62:1.00
Weighted average number of units Outstanding – basic and diluted	28,275,094
Cash from operations per unit	$ 0.103
Distributions per unit	$ 0.07667
Net earnings per unit – basic and diluted	$ 0.027
Unit Price – September 30, 2006	$ 8.80

OVERVIEW

We are very pleased with the progress made in combining nine separate private service companies into a single public trust, completing the $140 million initial public offering and commencing the integration process. Petrowest, as a combined entity, continued its strong performance for 2006 while dealing with transition, corporate compliance and integration processes, along with inclement weather. The combined Trust is utilizing company assets at a higher than anticipated rate, and with the arrival of new equipment before the end of the year (all of which had been part of the capital commitment on closing of the initial public offering), the Petrowest team is confident of sustainable organic growth and corporate momentum as we head into the traditionally busy winter period of construction.

In the short months since its inception, Petrowest successfully completed several important initial objectives as part of its long term business plan. During the first two months of operations Petrowest obtained a $60 million credit facility with a major bank, which can be accessed to fund future growth. And, in October after the end of this Q3 period, Petrowest was particularly pleased to appoint Mr. Walter DeBoni as a fourth independent director. With over 37 years of oil and gas experience, Mr. DeBoni is a valuable addition to the Petrowest team.

A major sell-off in the income trust sector was caused by the October 31, 2006 announcement of federal government proposals to alter the taxation structure for existing income trusts beginning in 2011. The new proposal would align the tax structure of income trusts more closely to that of non-trust corporations. If the proposal is passed as originally outlined, return on capital income flowed out to trust unitholders will be subject to a new tax which is designed to approximate the average corporate income tax paid by corporations.

Petrowest will in all likelihood be affected by any tax legislation coming out of these proposals. Notwithstanding taxation uncertainties, however, we remain very confident in our business model, and our ability to implement that business model. Petrowest's executive team and board of directors along

with its professional tax, financial and legal advisors will investigate and implement the management of this issue in the best interests of Petrowest's unitholders.

Petrowest has no debt, a $60 million undrawn line of credit, a relatively low distribution payout ratio, the requisite operational and technical expertise, a modern equipment fleet, and an experienced management team and board of directors.

Petrowest management would like to thank its unitholders for their support. Over the months and years ahead we are committed to delivering on our business model, growing the Trust and building unitholder value on the basis of attainable and measurable goals and objectives.

About Petrowest Energy Services Trust

Petrowest provides pre-drilling and post-completion oilfield and infrastructure services to the northern region of the western Canadian sedimentary basin.

Forward Looking Statements

This news release contains forward-looking statements that involve substantial known and unknown risks and uncertainties. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "achievable," "believe," "expect," "estimate," "plan," "intend," "project," "may," "should", "could", "predict", "may," "will," or similar words suggesting future outcomes or language suggesting an outlook. Forward-looking statements and information are based on Petrowest's current beliefs as well as assumptions made by and information currently available to Petrowest concerning anticipated business performance. Although management of Petrowest considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect.

Forward-looking statements are subject to many external variables that are beyond Petrowest's control, such as fluctuating prices for crude oil and natural gas, changes in drilling activity, and general local and global economic, political, business and weather conditions. If any of these, or other uncertainties, materialize the actual results of Petrowest may vary materially from those expected.

Petrowest has attached its complete management's discussion and analysis and unaudited financial statements to this press release. Electronic copies of these filings are also available at the Trust's SEDAR profile at www.sedar.com, and on the Petrowest website at www.petro-west.com.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following Management's Discussion and Analysis (MD&A) is dated November 14, 2006. The MD&A should be read in conjunction with Petrowest Energy Services Trust's ("Petrowest" or the "Trust") unaudited interim consolidated financial statements as at and for the period July 6, 2006 to September 30, 2006, *(1)* as well as the MD&A's of the "Acquired Companies" contained in the Trust's prospectus dated August 28, 2006.

(1) Commercial operations commenced September 7, 2006

BASIS OF PRESENTATION

The financial data presented below has been prepared in accordance with Canadian Generally Accepted Accounting Principles ("GAAP"). The reporting and the measuring currency is the Canadian dollar.

FINANCIAL HIGHLIGHTS

Unaudited $000's except per unit amounts, margins and ratios	From commencement of commercial operations on September 7, 2006 to September 30, 2006.
Financial Results	
Revenue	10,907
EBITDA	2,645
EBITDA margin	24.3 %
Net earnings	762
Net earnings margin	7.0 %
Cash from operations	2,902
Financial Position and Liquidity	
Working capital	21,057
Working capital ratio	1.62:1.00
Weighted average number of units Outstanding – basic and diluted	28,275,094
Cash from operations per unit	$ 0.103
Distributions per unit	$ 0.07667
Net earnings per unit – basic and diluted	$ 0.027
Unit Price – September 30, 2006	$ 8.80

NON-GAAP MEASURES

In this MD&A the Trust uses the term "Distributable Cash" to refer to the amount of cash that is expected to be available for distributions to the unitholder; the term "EBITDA" to refer to earnings before interest expenses net of interest income, gain on disposal of assets, amortization of property and equipment and amortization of intangible assets; the term "Adjusted EBITDA" to refer to earnings before management bonuses, before interest expenses net of interest income, gain on disposal of assets, amortization of property and equipment and amortization of intangible assets; the term "EBITDA Margin" to refer to a fraction, the numerator of which is EBITDA and the denominator of which is revenue; and the term

"Adjusted EBITDA Margin" to refer to a fraction, the numerator of which is Adjusted EBITDA and the denominator of which is revenue. The terms Distributable Cash, EBITDA, Adjusted EBITDA, EBITDA Margin and Adjusted EBITDA Margin are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP and therefore may not be comparable to performance measures presented by others.

Readers are cautioned that "Distributable Cash", "EBITDA", "Adjusted EBITDA", "EBITDA Margin" and "Adjusted EBITDA Margin" should not be considered as alternatives to net earnings, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP.

DESCRIPTION OF BUSINESS

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. Effective September 7, 2006, Petrowest completed the acquisition of each of, and now carries on the business of each of, the "Acquired Companies" described below, all of which are involved in pre-drilling and post completion energy services and are based in the Grande Prairie area of northern Alberta. The ongoing operations have been segregated into four limited partnerships and the assets and operations of the Acquired Companies are maintained within those partnerships. Petrowest continues to do business under the trade operating names of Gordon Bros. Construction, Roy Larson Construction, Wales Contractors, D&D Well Services, Murtron Hauling, R. Bee Crushing, S.O.S. Oilfield Safety and Nu-Northern Tractor Rentals

Petrowest Construction LP	Roy Larson Construction Ltd. ("Roy Larson") Gordon Bros. Construction Ltd. and 332691 Alberta Ltd. ("332691") 310423 Alberta Ltd. ("310423") operating as Wales Contracting Ltd.
Petrowest Transportation LP	404434 Alberta Corporation, 756171 Alberta Corp. and 756169 Alberta Corp. ("D&D") Murtron Hauling Ltd. and 815431 Alberta Ltd. ("Murtron")
Petrowest Civil Services LP	R. Bee Crushing Ltd., Bernet Venture Ltd. and Dal Finn Holdings Ltd. ("R. Bee") Safetymaster Rentals Corp. ("Safetymaster")
Petrowest Rental Services LP	Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd. ("Northern Tractor") Neuwest Equipment rentals Inc. ("Neuwest")

(collectively, the "Acquired Companies")

Petrowest Construction LP

The Construction LP operates under the trade names of the original companies, "Gordon Bros. Construction", "Roy Larson Construction", and "Wales Contractors" and specializes in the construction of oil and gas lease well site pads, road construction, remediation of oil and gas well sites, and civil infrastructure work for non oil and gas clients. The Construction LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors, graders, and scrapers as well as other ancillary support equipment.

Petrowest Transportation LP

The Transportation LP operates under the trade names of the original companies, "D&D Well Services" and "Murtron Hauling" and specializes in the transportation of oil and gas drilling rigs, well site

equipment, and heavy equipment as well as specialty hauling services including log loading and hauling, and gravel loading and hauling. The Transportation LP operates a fleet of heavy transport trucks, trailers, jeeps, boosters, and log and gravel loading equipment as well as other ancillary support equipment.

Petrowest Civil Services LP

The Civil Services LP operates under the trade names of the original companies, "R. Bee Crushing", and "S.O.S. Oilfield Safety". The Civil Services LP specializes in mobile aggregate rock crushing and sand screening for gravel supply operations throughout Alberta and British Columbia operating a fleet of cone and jaw crusher units, conveyor and sand stacker units, loaders, dozers, tracked hoe excavators and articulated rock trucks. The Civil Services LP also provides safety services including safety supervision and rental of safety air units and wash units provide for safety support during oil and gas drilling operations and plant turnarounds.

Petrowest Rental Services LP

The Rental Services LP operates under the new trade name of "Nu-Northern Tractor Rentals" and specializes in heavy equipment rentals to oil and gas companies, tar sand clients, and independent contractors working in the oil and gas, mining, logging, pulp and paper and civil construction industries. The Rental Services LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors, and side-boom pipelayers.

Petrowest's results are directly impacted by the overall health of the Alberta oil and gas industry. The relative long term strength in the commodity market has steadily increased demand for the Trust's services.

The effects of weather usually have a direct impact on Petrowest. Oil and gas drilling activity is generally stronger November through March. Wet weather in the spring and early summer months hinder the activity, which regains strength in July and August. Therefore, a longer, colder winter and drier spring and summer enhances operational results. This year saw a relatively short spring break up and a drier summer than the 2005 season. Accordingly, the Trust realized gains in revenue and Adjusted EBITDA over the 2005 season.

The recent weakness in the stock markets and softening of North American gas prices have resulted in fears of industry activity slow downs. The Trust operations are primarily in the deep gas market regions of the Western Canadian Sedimentary Basin and historically this region has been less impacted by cyclical swings in market prices due to the longer lead times in access, drilling and completion of planned wells. Oil and gas producer companies have generally taken a longer term view of project work in the area the Trust works in and have not reduced activity in the Trust operating areas to the extent they may in shallow gas or coal bed methane development areas.

Further, due to the nature of the Trust's equipment and work specialty, and the nature of the pre-drilling and post completion phases of the well drilling cycle, during times of lower drilling activity, the Trust's equipment has typically been utilized to remediate dry and abandoned oil and gas well sites. Management of the Trust views this work capability as a counter cyclical buffer to downturns in oil and gas exploration activities.

ACQUISITIONS

The Trust was formed by a deed of trust dated July 6, 2006. Petrowest pursuant to a prospectus dated August 28, 2006 issued units of the Trust and used the proceeds via its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies listed below. The estimated purchase price of Acquired Companies calculated as the base purchase price plus working capital less debt was $230,934,992, subject to post closing adjustments for actual working capital and debt. The purchase price was funded by payment of $103,284,052 in cash and the issuance of units by the Trust for proceeds

of $127,650,940. In conjunction with acquisitions, all debt and capital lease obligations were repaid by Petrowest through the use of proceeds from the offering.

The Acquisition has been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at preliminary estimates of fair value. The final allocation of the purchase price will be based on the assets acquired and liabilities assumed at the effective date of the Acquisition based upon internal and/or independent asset valuations. The purchase price has not yet been finalized and is subject to change. A preliminary allocation of the consideration is as follows:

Net assets acquired	**in $000's**
Cash acquired on acquisition	4,684
Non-cash working capital acquired on acquisition	
Accounts receivable	38,325
Prepaid expenses	368
Inventories	4,319
Accounts payable and accrued liabilities	(24,805)
Income taxes payable	(174)
Property and equipment	84,085
Intangibles	55,151
Goodwill	99,104
Total	261,057

Consideration given for value of shares and shareholder loans of acquired companies	
Cash to vendors on closing	103,284
Purchase price adjustment	7,424
Retirement of long-term debt and capital lease obligations	22,698
	133,406
Trust Units (12,765,094 units issued)	127,651
Total	261,057

Net working capital acquired on the Acquisition includes cash, accounts receivable, inventory, prepaid expenses, income taxes recoverable, bank indebtedness, accounts payable and accrued liabilities and income taxes payable. The purchase price is affected by the changes in working capital, shareholder loans and long-term debt from the date specified in the purchase and sale agreement to the date of closing. Changes in the balances for these items as the Trust realizes on the value of working capital assets will affect the net consideration paid by the Trust to the owners which is estimated to be $7,423,581. These adjustments may be material.

QUARTERLY COMPARABLES

The Trust was created pursuant to a deed of trust on July 6, 2006 and the financial reporting is effective from this date. Pursuant to a prospectus dated August 28, 2006, the Trust issued units of the Trust and used the proceeds via its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies. The transaction closed and Petrowest commenced trading on the Toronto Stock Exchange on September 7, 2006 the day of commencement of commercial operations. Accordingly, the third quarter of fiscal 2006 has no comparative figures for the same period in the previous year, as the Trust was not yet created. For purposes of the following MD&A discussion, Petrowest has provided certain quarterly financial information considered meaningful on the basis that the Acquired Companies had been acquired at January 1, 2005.

Net Earnings[3]	**$ 762**	n/a	n/a
Net Earnings per unit basic and diluted	$ 0.027	n/a	n/a

Notes (1) No separation of operating and administrative expenses is available in past quarters. Accordingly for purposes of the MD&A discussion the expenses have been combined. Administrative expenses relating to the period of acquisition to September 30, 2006 have been added to the nine month period ending September 30, 2006 as they were not segregated by segment.

(2) The terms EBITDA and ADJUSTED EBITDA are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. ADJUSTED EBITDA is a Non-GAAP measure that in management's opinion represents a better measure of cash liquidity in the nine month periods ending September 30, 2006 and 2005 than EBITDA since the Acquired Companies declared bonuses to reduce taxable income to the small business limit during those periods.

(3) No presentation has been made for comparison of Amortization, Interest-net, Income taxes, and Net Earnings. The significant differences between the operation and tax structure of the Trust versus the previous private company structures, including the calculation of income taxes, the methods of

amortization, and the comparable debt levels make the comparison of these items and net earnings not meaningful.

REVENUE

Revenue for the period from commencement of commercial operations on September 7, 2006 to September 30, 2006 was $10,906,797. General September activity levels were slightly lower than the month of September in 2005. Because the summer of 2005 was so wet, normal summer work was delayed until the fall in 2005. The drier summer in 2006 allowed planned work to be completed earlier resulting in the more normal seasonal slowdown in September.

On a per segment basis, the month of September is usually a slower month for the Construction and Rentals segment. Equipment is being maintained in preparation for the peak winter construction season, and weather delays are experienced as the days are not warm enough to dry out moisture. Accordingly, the Construction segment only accounted for 23.1% of the total Trust revenues and Rentals segment accounted for 8.8% of the Trust revenue. The Transportation segment was extremely busy with gravel hauling operations and equipment/rig moving, but did experience a number of down days due to weather. In spite of weather issues, the Transportation segment accounted for 34.2% of the Trust's revenue in the period since acquisition. The Civil segment was not far behind the Transportation segment at 33.9% with gravel crushing operations running 100% for the period since acquisition. Safety consulting and rentals experienced solid performance for the time of year.

Had the Acquired Companies been combined for the nine months ended September 30, 2006, on a pro forma basis, the Trust would have showed an increase in Revenue of $27,933,880 or a growth rate of 30.2% over the same period in 2005. The increase in revenue is due to increased activity levels in the industry as well as increased capacity in equipment and labor within the individual operating partnerships.

On a per segment basis, Transportation experienced the largest volume gain generating approximately $14,073,797 a 44.5% increase in additional revenue for the pro forma nine month period. This gain was a combination of general activity increases, additional equipment and the benefits of higher pricing. The other segments, Construction, Civil and Rentals also experienced very solid growth rates. The high oil and gas activity levels in the Trust's work area, primarily accounted for the revenue gains.

OPERATING EXPENSES AND GENERAL AND ADMINISTRATIVE

Operating expenses for the period from commencement of commercial operations on September 7, 2006 to September 30, 2006 were $7,755,360, and equate to 71.1% of revenue.

On a per segment basis the costs for the period are not comparable with the pro forma year to date numbers because general and administrative costs could not be separated in the pro forma information. However, when general and administrative are included with operating expenses to provide a comparable format to the pro forma information provided, total operating expenses and general and administrative are $8,262,487 or 75.8% of revenue. The period costs from commencement of commercial operations on September 7, 2006 to September 30, 2006 are up by approximate 4.9% compared to the pro forma comparatives annual average operating costs. Included in these costs are pre-winter maintenance and delays associated with weather.

General and administrative expenses for the period from commencement of commercial operations on September 7, 2006 to September 30, 2006 were $507,127. General and administrative costs for the period since acquisition were 4.6% of revenue.

Had the Acquired Companies been combined for the nine months ended September 30, 2006 the Trust would have had an increase in Operating and General and Administrative Expenses of $20,396,874. Included in this operating cost increase is approximately $2,189,571 in professional fees paid by the

Acquired Companies associated with the IPO, tax planning, additional audit and accounting and other legal fees associated with the Acquisition. The Trust views the majority of these costs to be non-recurring. Even with the additional professional fee costs, the margin loss is minimal, only 0.5% for the same period in 2005. Adjusted for the estimated non – recurring costs a real margin gain is realized of approximately 1.3 % for the pro forma nine month period.

EBITDA (ADJUSTED EBITDA-comparables)

EBITDA for the period from commencement of commercial operations on September 7, 2006 to September 30, 2006 was $2,644,310. This represents an EBITDA margin of 24.3 %. For the nine month period ended September 30, 2006 Adjusted EBITDA was $34,666,397 compared to $27,129,392 for the same period in 2005. EBITDA margin was 28.8 % compared to 29.3 % for the same period in 2005.

AMORTIZATION OF PROPERTY AND EQUIPMENT

The Trust began providing amortization on its property and equipment assets from the date of acquisition of the Acquired Companies. Amortization for the period ending September 2006 was $1,141,404. Amortization is applied to reduce the value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually or on an actual usage basis. Management assesses the carrying amount of property and equipment assets for impairment and if impairment is determined a writedown to the asset's fair value is recognized during the period.

AMORTIZATION OF INTANGIBLE ASSETS

Intangible assets, consisting of acquired customer relationships, brand and trade names and non-competition agreements are recorded at cost and amortized over their useful lives, which is estimated to be between 5 and 10 years. Intangible assets are regularly evaluated by comparing their applicable estimated future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

INTEREST

Interest expense reflects carrying costs of debt held in the Acquired Companies from date of closing to payout by the Trust including interest and penalties associated with early retirement on lease obligations.

INCOME TAXES

Petrowest, and its operating entities, are taxable entities under the Income Tax Act of Canada and are currently taxable only on income that is not distributed or distributable to the unit holders. As the Trust currently distributes all of its taxable income to the unit holders, no provision for income taxes has been made in these consolidated financial statements. Recent proposed changes to the Income Tax Act of Canada will result in a change to the status of the Trust with respect to income taxes being levied on distributions after January 1, 2011.

NET INCOME

Net income for the period from commencement of commercial operations on September 7, 2006 to September 30, 2006 was approximately $762,638. This represents earnings per unit of $ 0.027, basic and fully diluted.

RECONCILIATION OF NET EARNINGS TO EBITDA AND DISTRIBUTABLE CASH

Unaudited $000s	From the commencement of commercial operations on September 7, 2006 to September 30, 2006
Net Earnings	762
Interest	132
Amortization of property and equipment	1,142
Amortization of intangibles	672
Interest income	(5)
(Gain) loss on disposal of property and equipment	(58)
EBITDA	2,645
Unit based compensation	106
Interest	(132)
Maintenance capital expenditures (1)	(206)
Distributable Cash	2,413

RECONCILIATION OF CASH FLOW FROM OPERATIONS TO DISTRIBUTABLE CASH

Unaudited $000s	From the commencement of commercial operations on September 7, 2006 to September 30, 2006
Cash flow from operations	2,902
Changes in non-cash working capital items	(278)
	2,624
Interest income	(5)
Maintenance capital expenditures (1)	(206)
Distributable Cash	2,413
Accrued distributions to Unitholders	2,168

(1) *The Trust charges to expense all regular ongoing maintenance expense. "Maintenance capital expenditures" is defined as the amount incurred or reserved during the period to conduct infrequent major overhauls of equipment. The amount will fluctuate from period to period.*

Cash flow from operations

Excluding the effects of changes in non-cash working capital items, cash flow from operations for the period ended September 30, 2006 was $2,623,998.

The Trust believes that cash provided from operations combined with its strategy for financing certain capital asset acquisitions, (specifically those assets with shorter economic lives) with short term operating leases will sustain liquidity, minimize maintenance capital expenditure costs, sustain distributions, provide capital for growth and ensure productive capacity can be maintained.

Cash flow from financing activities

Cash from financing activities in the net amount of $129,596,642 were provided from the initial public offering and subscription of subordinated trust units. Costs of the initial public offering were $11,913,358.

Cash flow from investing activities

Investment activities consisted of the acquisition of the Acquired Companies and associated transfer of assets on closing and the purchase of new assets for use in the Trust.

ACCRUED DISTRIBUTIONS

The initial cash distribution to be paid by the Trust, will be for the period from September 7, 2006 (the closing date) to October 31, 2006. It will be paid on November 15, 2006 to Unitholders of record on October 31, 2006, and is estimated to be approximately $4,995,361 million in the aggregate, representing $0.17667 per Unit.

The Trust accrued distributions to unitholders in the amount of $2,167,851 for the period ended September 30, 2006 representing $0.07667 per unit.

Future distributions and the actual payout ratio will be at the discretion of the Board of Directors of Petrowest Energy Services General Partner Ltd. and may vary depending on the current and anticipated level of activity in the energy services industry as well as the operational performance of the various partnerships.

PROPERTY AND EQUIPMENT EXPENDITURES

Property and equipment assets recorded on the acquisition of the Acquired Companies have been recorded at the estimated fair market value of the assets at the date of acquisition. The principal assets acquired as at the date of the acquisition includes a large fleet of heavy equipment including, dozers, tracked hoe excavators, loaders, graders, scrapers, articulated rock trucks, gravel crushing equipment, and heavy haul trucks and trailers.

Property and equipment asset acquisitions incurred after the acquisition of the Acquired Companies are recorded at cost.

CONTRACTUAL OBLIGATIONS – PAYMENTS DUE BY PERIOD

	As at September 30, 2006 in $000's				
$000s	**< 1 year**	**1 - 3 Years**	**4 - 6 Years**	**Thereafter**	**Total**
Operating Leases on Equipment [1]	2,401	13,136	1,443	Nil	16,980
Operating Leases on Offices, Shop and yards [1]	421	5,737	3,975	Nil	10,133
TOTAL	2,822	18,873	5,418	Nil	27,113

Notes

(1) Operating lease obligations are described under Note 10 to the September 30, 2006 Consolidated Financial Statements.

LIQUIDITY

Working Capital

$000s	As at September 30, 2006
Cash and cash equivalents	12,894
Accounts receivable	37,004
Prepaid expenses and deposits	1,441
Inventory	3,895
Accounts payable and accrued liabilities	(24,417)
Income taxes payable	(168)
Distributions payable	(2,168)
Purchase price adjustment	(7,424)
Working capital	21,057

Working capital at September 30, 2006 was $21,057,246. This represents a working capital ratio of 1.62 : 1.00.

Purchase price adjustment

The Accrued purchase price adjustment relates to changes in working capital, shareholder loans and long-term debt and obligations under capital leases and the sale of redundant assets from the values estimated in the purchase and sale agreements to the actual amounts at closing of the transaction. The realization on these working capital, redundant assets items and final settlement of obligations will affect the net purchase price paid to the former shareholders of the Acquired Companies. Management has estimated the value of the additional payable to the vendors on a net basis to be $7,423,581. As the Trust realizes on the settlement of the various assets acquired this accrual is subject to change.

FINANCING

On November 10, 2006 Petrowest completed negotiations and entered into an agreement with certain financial lenders for an operating line of credit facility available for growth capital, acquisition and working capital needs in the amount of $60 million. Amounts drawn on the facility bear interest at rates from prime + 0% to prime + 1% based on levels of funded debt to EBITDA and is secured by a general assignment of book debts.

As at September 30, 2006 no debt instruments had been drawn upon.

UNITHOLDERS EQUITY

The Trust is authorized to issue an unlimited number of Trust Units. Prior to the conversion of the Subordinated Units, holders of Trust Units will be entitled to receive per month distributions in priority to any payments on the Subordinated Units.

The Trust is authorized to issue an unlimited number of Subordinated Units. Distributions on the Subordinated Units will be subordinated in favour of Trust Units. Distributions on the Subordinated Units will only be paid at the end of a fiscal quarter to the extent that: (i) the Trust has paid distributions per month of at least $0.10 per Trust Unit to holders of Trust Units during that quarter, and (ii) any deficiency in such distributions to holders of Trust Units during the preceding 12 months has been satisfied.

The Trust is authorized to issue an unlimited number of Special Voting Units which are not entitled to any distributions. No Special Voting Units have been issued to date.

Issued

	Outstanding	
Trust Units issued for cash net of issue costs	14,000,000	$128,087
Trust Units issued on acquisitions	12,765,094	127,651
Total Units	26,765,094	255,738
Subordinated Units		
Issued for cash	1,510,000	1,510
Issued for promissory notes	-	3,020
Less: Amount issued for promissory notes	-	(3,020)
Basic and Fully Diluted	28,275,094	$ 257,248

Trust Units were issued on closing of the initial public offering filed on August 28, 2006 at a price of $10.00 per unit. Trust issue costs in conjunction with the offering were $11,913,358.

The Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that will be forgiven over three years if the subscriber remains as a director, officer or employee of Petrowest.

FINANCIAL INSTRUMENTS

Petrowest's financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable, accrued liabilities, purchase price adjustment payable and distributions payable. As at September 30, 2006 there were no significant differences between the carrying amounts of these financial instruments and their estimate fair market value.

CREDIT RISK

Petrowest is exposed to credit risk on accounts receivables due from its customers. Management routinely assesses the financial strengths of customers and monitors exposure for credit losses.

RELATED PARTY TRANSACTIONS

Petrowest paid rent for office space on a building owned by an executive officer of the company in the amount of $37,100. Transactions were estimated to equal fair market value.

CRITICAL ACCOUNTING ESTIMATES AND ACCOUNTING POLICIES

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimate in Petrowest's financial statements is the amortization period

for property and equipment, valuation of assets in the purchase equation, assumptions used in the black scholes methodology and recoverability of accounts receivable.

Accounting Policies

Petrowest is made up of various subsidiaries and limited partnerships which for the purposes of these financial statements have been consolidated to reflect the operations relating to Petrowest. These financial statements are stated in Canadian dollars and have been prepared by the management of Petrowest in conformity with Canadian generally accepted accounting principles ("GAAP").

a) Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

b) Inventory

Inventory consists of gravel, spare equipment parts, tires, materials and supplies and is valued at the lower of cost and net realizable value with the cost being determined on a first-in, first-out basis.

c) Property and Equipment

Property and equipment assets recorded on the acquisition of the Acquired Companies have been recorded at the estimated fair market value of the assets at the date of acquisition. Property and equipment asset acquisitions incurred after the acquisition of the Acquired Companies are recorded at cost.

Amortization is applied to reduce the value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually or on an actual usage basis at the following rates.

Buildings, portable buildings and fencing	2%-10%
Heavy equipment	5%-25%
Vehicles	25%-35%
Trailers	5%-25%
Equipment	15%-40%
Office Furniture and Equipment	20%-30%
Communications, computer hardware and software	30% - 60%

Management assesses the carrying amount of property and equipment assets for impairment when facts and circumstances indicate a potential impairment. If it is determined the estimated net recoverable amount, measured by either market value, if applicable, or estimated by calculating the present value of expected cash flows from the asset, is less than the net carrying amount, a write-down to the asset's fair value is recognized during the period.

d) Goodwill

Goodwill represents the excess of purchase price of the Acquired Companies over fair value of net assets acquired and liabilities assumed. Goodwill is not subject to amortization, but is tested for impairment on an annual basis, or more frequently if events occur that could result in impairment, by applying a fair value based test. The amount of impairment is determined on a reporting unit basis by deducting the fair value of liabilities from the fair value of assets to determine an implied goodwill. This is then compared to the book value of goodwill. Any goodwill impairment is recognized as an expense in the period the impairment is determined.

e) Intangible assets

Intangible assets, consisting of acquired customer relationships, brand and trade names and non-competition agreements are recorded at cost and amortized over their useful lives, which is estimated to be between 5 and 10 years. Intangible assets are regularly evaluated by comparing their applicable estimated future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

f) Revenue recognition

Petrowest's services are generally sold based upon contractual agreements or purchase orders with the customer that include fixed or determinable prices. Revenue is recognized when services are rendered or over the rental period and when collection can be reasonably assured.

g) Use of estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant. These estimates are reviewed periodically and as adjustments become necessary they are reported in earnings in the period in which they become known. Such estimates including providing initial valuation of assets on the acquisition of the Acquired Companies, amortization of property and equipment and intangibles, recoverability of accounts receivable, valuation of intangible assets and goodwill are the areas most subject to estimation. Actual results could differ from these estimates.

h) Income taxes

Petrowest, and its operating entities, are taxable entities under the Income Tax Act of Canada; however they are currently taxable only on income that is not distributed or distributable to the unit holders. As the Trust currently distributes all of its taxable income to the unit holders, no provision for income taxes has been made in these consolidated financial statements. Recent proposed changes to the Income Tax Act of Canada will result in a change to the status of Trust with respect to income taxes being levied on distributions after January 1, 2011.

i) Stock based compensation

Options to purchase Trust units granted under the Unit Option Plan are described in Note 8 of these financial statements. Unit based compensation is recognized in accordance with the fair-value based method of accounting. Compensation expense for unit options awarded under the plan is measured at estimated fair value at the grant date. This is done using a Binomial valuation model and is recognized as unit-based compensation expense over the vesting period of the options granted.

j) Per Unit amounts

Basic per unit amounts are calculated using the weighted average number of Trust Units outstanding during the period. Diluted per Unit amounts are calculated by adding potentially dilutive option units to the weighted average number of Trust Units outstanding during the period using the treasury stock method. Potentially dilutive option units are only considered dilutive and added if, and to the extent that they are "in the money". Under this method, the diluted weighted average number of units is calculated assuming the proceeds for the exercise of the dilutive option units are purchased at the average market price for the period.

KEY RISKS AND UNCERTAINTIES

Volatility of Industry Conditions

The demand, pricing and terms for energy services largely depend upon the level of industry activity for Canadian natural gas and, to a lesser extent, oil exploration and development. Industry conditions are influenced by numerous factors over which Petrowest will have no control, including: the level of oil and gas prices; expectations about future oil and gas prices; the cost of exploring for, producing and delivering oil and gas; the expected rates of declining current production; the discovery rates of new oil and gas reserves; available pipeline and other oil and gas transportation capacity; worldwide weather conditions; global political, military, regulatory and economic conditions; and the ability of oil and gas companies to raise equity capital or debt financing.

The level of activity in the Canadian oil and gas exploration and production industry is volatile. No assurance can be given that expected trends in oil and gas production activities will continue or that demand for energy services will reflect the level of activity in the industry. Any prolonged substantial reduction in oil and natural gas prices would likely affect oil and gas production levels and therefore affect the demand for services to oil and gas customers. A material decline in oil or gas prices or Canadian industry activity could have a material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributions to Unitholders.

Seasonality

In Canada, the level of activity in the energy services industry is influenced by seasonal weather patterns. Spring breakup during the second quarter leaves many secondary roads temporarily incapable of supporting the weight of heavy equipment, which results in severe restrictions in the level of energy services. The duration of this period will have a direct impact on the level of Petrowest's activities. Spring breakup occurs earlier in the year in southeastern Alberta than it does in northern Alberta and British Columbia. The timing and duration of spring breakup are dependant on weather patterns but it generally occurs in April and May. Additionally, if an unseasonably warm winter prevents sufficient freezing, Petrowest may not be able to access well sites and its operating results and financial condition may therefore be adversely affected. The demand for energy services may also be affected by the severity of the Canadian winters. In addition, during excessively rainy periods, equipment moves may be delayed, thereby adversely affecting revenues. The volatility in the weather and temperature can therefore create unpredictability in activity and utilization rates, which can have a material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributable income to be distributed to Unitholders.

Capital Expenditures

Petrowest operates in a capital intensive business. There can be no assurance that the actual capital costs incurred by Petrowest will not be higher than anticipated. In particular, Petrowest will be subject to capital costs that it has little control over, including, but not limited to, the cost of the equipment required by Petrowest's business. Any material increase in capital costs may materially affect Petrowest's business, financial conditions, results of operations and cash flows, and therefore the distributable income to be distributed to Unitholders.

Changes in Legislation

There can be no assurance that income tax laws and other governmental programs relating to the oil and gas industry and the energy services industry, such as the status of mutual fund Trusts, will not be changed in a manner which adversely affects Unitholders. Recent proposed changes to the Income Tax Act of Canada will result in a change to the status of Trust with respect to income taxes being levied on distributions after January 1, 2011.

Absence of Financial History

The Trust has only been carrying on business as a consolidated entity since September 7, 2006, the date the Acquired Companies were acquired by the Trust. As such, management has had limited time to integrate the financial controls and procedures of the Trust with the Acquired Companies. Difficulties in

integrating the financial controls and procedures and deficiencies in financial and internal controls and procedures in respect of the Acquired Companies may have a negative effect on the Trust and its operations.

Additional risks are detailed in the Trust's prospectus dated August 28, 2006 which is available in electronic form at www.sedar.com

OUTLOOK

The Trust is starting the process of building a strong presence in the Grande Prairie region of northern Alberta. The acquisition of nine service companies and the integration efforts are well underway. Management believes that growth potential exists not only organically but also by acquisitions and both strategies will be pursued over the next number of months. Managements' objective is solid growth designed to provide sustainable distributions and accretive growth on a per unit basis.

(1) Commercial operations of the Trust commenced September 7, 2006.

1 Nature of the Organization

Petrowest Energy Services Trust ("Petrowest") is an open-ended unincorporated mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust dated July 6, 2006 and commenced commercial operations on September 7, 2006.

Petrowest was created to hold, indirectly, controlling limited partner interests, hold the common shares in the general partner and invest in the businesses noted below. Petrowest is a business trust operating an energy services business through its indirect subsidiaries. Unitholders hold Units of Petrowest which in turn holds a 100% beneficial interest in the Petrowest Business Trust (the "Business Trust"). The Business Trust, via four limited partnerships with Petrowest Energy Services General Partner Ltd. as the general partner, hold the assets of the businesses historically operated by the Acquired Companies noted below. The four limited partnerships are involved in the construction, transportation, civil services, and rentals industries.

Pursuant to a prospectus dated August 28, 2006 the Trust issued units of the Trust and used the proceeds via its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies. The base purchase price of Acquired Companies was $230,934,992, subject to closing adjustments. The purchase price was funded by payment of $103,284,052 in cash and the issuance of units by the Trust for proceeds of $127,650,940.

The acquired assets representing the assets and business operations of the various Acquired Companies were then transferred to the four limited partnerships as follows.

Petrowest Rental Services LP	Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd. ("Northern Tractor") Neuwest Equipment rentals Inc. ("Neuwest")
Petrowest Transportation LP	404434 Alberta Corporation, 756171 Alberta Corp. and 756169 Alberta Corp. ("D&D") Murtron Hauling Ltd. and 815431 Alberta Ltd. ("Murtron")
Petrowest Construction LP	Roy Larson Construction Ltd. ("Roy Larson") Gordon Bros. Construction Ltd. and 332691 Alberta Ltd. ("332691") 310423 Alberta Ltd. ("310423") operating as Wales Contracting Ltd.
Petrowest Civil Services LP	R. Bee Crushing Ltd., Bernet Venture Ltd. and Dal Finn Holdings Ltd. ("R. Bee") Safetymaster Rentals Corp. ("Safetymaster")

(collectively, the "Acquired Companies")

1 Nature of the Organization- continued

Petrowest began publicly trading on the Toronto Stock Exchange on September 7, 2006 under the trading symbol PRW.UN.

All operations of Petrowest are located in Western Canada, primarily in northwestern Alberta and northeastern British Columbia, and provide services to the crude oil, tar sand and natural gas exploration and production customers. In addition Petrowest provides services to the lumber, pulp and paper industries and various municipal, governmental and commercial customers for work on infrastructure development.

2 Summary of Significant Accounting Policies

Petrowest is made up of various subsidiaries and limited partnerships which for the purposes of these financial statements have been consolidated to reflect the operations relating to Petrowest. These financial statements are stated in Canadian dollars and have been prepared by the management of Petrowest in conformity with Canadian generally accepted accounting principles ("GAAP").

a) Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

b) Inventory

Inventory consists of gravel, spare equipment parts, tires, materials and supplies and is valued at the lower of cost and net realizable value with the cost being determined on a first-in, first-out basis.

c) Property and Equipment

Property and equipment assets recorded on the acquisition of the Acquired Companies have been recorded at the estimated fair market value of the assets at the date of acquisition. Property and equipment asset acquisitions incurred after the acquisition of the Acquired Companies are recorded at cost.

Amortization is applied to reduce the value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually or on an actual usage basis at the following rates.

Buildings, portable buildings and fencing	2%-10%
Heavy equipment	5%-25%
Vehicles	25%-35%
Trailers	5%-25%
Equipment	15%-40%
Office Furniture and Equipment	20%-30%
Communications, computer hardware and software	30%-60%

2 Summary of Significant Accounting Policies-continued

Management assesses the carrying amount of property and equipment assets for impairment when facts and circumstances indicate a potential impairment. If it is determined the estimated net recoverable amount, measured by either market value, if applicable, or estimated by calculating the present value of expected cash flows from the asset, is less than the net carrying amount, a write-down to the asset's fair value is recognized during the period.

d) Goodwill

Goodwill represents the excess of purchase price of the Acquired Companies over fair value of net assets acquired and liabilities assumed. Goodwill is not subject to amortization, but is tested for impairment on an annual basis, or more frequently if events occur that could result in impairment, by applying a fair value based test. The amount of impairment is determined on a reporting unit basis by deducting the fair value of liabilities from the fair value of assets to determine an implied goodwill. This is then compared to the book value of goodwill. Any goodwill impairment is recognized as an expense in the period the impairment is determined.

e) Intangible assets

Intangible assets, consisting of acquired customer relationships, brand and trade names and non-competition agreements are recorded at cost and amortized over their useful lives, which is estimated to be between 5 and 10 years. Intangible assets are regularly evaluated by comparing their applicable estimated future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

f) Revenue recognition

Petrowest's services are generally sold based upon contractual agreements or purchase orders with the customer that include fixed or determinable prices. Revenue is recognized when services are rendered or over the rental period and when collection can be reasonably assured.

g) Use of estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant. These estimates are reviewed periodically and as adjustments become necessary they are reported in earnings in the period in which they become known. Such estimates including providing initial valuation of assets on the acquisition of the Acquired Companies, amortization of property and equipment and intangible assets, recoverability of accounts receivable, valuation of intangible assets and goodwill are the areas most subject to estimation. Actual results could differ from these estimates.

2 Summary of Significant Accounting Policies -continued

h) Income taxes

Petrowest, and its operating entities, are taxable entities under the Income Tax Act of Canada; however they are currently taxable only on income that is not distributed or distributable to the unit holders. As the Trust currently distributes all of its taxable income to the unit holders, no provision for income taxes has been made in these consolidated financial statements. Recent proposed changes to the Income Tax Act of Canada will result in a change to the status of Trust with respect to income taxes being levied on distributions after January 1, 2011.

i) Stock based compensation

Options to purchase Trust units granted under the Unit Option Plan are described in Note 8 of these financial statements. Unit based compensation is recognized in accordance with the fair-value based method of accounting. Compensation expense for unit options awarded under the plan is measured at estimated fair value at the grant date. This is done using a Binomial valuation model and is recognized as unit-based compensation expense over the vesting period of the options granted.

j) Per Unit amounts

Basic per unit amounts are calculated using the weighted average number of Trust Units outstanding during the period. Diluted per Unit amounts are calculated by adding potentially dilutive option units to the weighted average number of Trust Units outstanding during the period using the treasury stock method. Potentially dilutive option units are only considered dilutive and added if, and to the extent that they are "in the money". Under this method, the diluted weighted average number of units is calculated assuming the proceeds for the exercise of the dilutive option units are purchased at the average market price for the period.

3 Seasonality

Petrowest's operations are in northern Alberta and northeast British Columbia. Accordingly the operations are susceptible to the impacts of the seasons. Quarter one is in the winter months and is subject to frozen conditions, periods of extreme cold and snow. This is typically an extremely busy quarter for oil and gas exploration and development as drilling activity focuses on areas located in muskeg and swamp type conditions not normally accessible in a non frozen state. Quarter two is generally the slowest period for Trust operations. Spring time melt conditions result in soft wet ground generally referred to as spring breakup, and the implementation of road bans which prevent heavy load transportation on roadways. Quarter three encompasses the summer months, and Trust activity is average with work relating to oil and gas projects in areas that do not entail access through muskeg. Quarter four starts out similar to the summer activity and ramps up as the ground freezes and access is permitted.

4 Acquisitions

Petrowest pursuant to a prospectus dated August 28, 2006 issued units of the Trust and used the proceeds via its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies listed below. The estimated purchase price of Acquired Companies calculated as the base purchase price plus working capital less debt was $230,934,992, subject to post closing adjustments for actual working capital and debt. The purchase price was funded by payment of $103,284,052 in cash and the issuance of units by the Trust for proceeds of $127,650,940. In conjunction with acquisitions, all debt and capital lease obligations were repaid by Petrowest through the use of proceeds from the offering.

(collectively, the "Acquired Companies")

Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd. ("Northern Tractor")
Neuwest Equipment rentals Inc. ("Neuwest")
404434 Alberta Corporation, 756171 Alberta Corp. and 756169 Alberta Corp. ("D&D")
Murtron Hauling Ltd. and 815431 Alberta Ltd. ("Murtron")
Roy Larson Construction Ltd. ("Roy Larson")
Gordon Bros. Construction Ltd. and 332691 Alberta Ltd. ("332691")
310423 Alberta Ltd. ("310423") operating as Wales Contracting Ltd.
R. Bee Crushing Ltd., Bernet Venture Ltd. and Dal Finn Holdings Ltd. ("R. Bee")
Safetymaster Rentals Corp. ("Safetymaster")

The acquisitions have accounted for using the purchase method with the assets acquired and liabilities assumed recorded at preliminary estimates of fair value. The final allocation of the purchase price will be based on the assets acquired and liabilities assumed at the effective date of the Acquisition based upon internal and/or independent asset valuations. The purchase price has not yet been finalized and is subject to change. A preliminary allocation of the consideration is as follows:

Net assets acquired	
Cash acquired on acquisition	4,684
Non-cash working capital acquired on acquisition	
Accounts receivable	38,325
Prepaid expenses	368
Inventories	4,319
Accounts payable and accrued liabilities	(24,805)
Income taxes payable	(174)
Property and equipment	84,085
Intangibles	55,151
Goodwill	99,104
Total	261,057
Consideration given for value of shares and shareholder loans of acquired companies	
Cash to vendors on closing	103,284
Purchase price adjustment	7,424
Retirement of long-term debt and capital lease obligations	22,698
	133,406
Trust Units (12,765,094 units issued)	127,651
Total	261,057

4 Acquisitions - continued

Net working capital acquired on the Acquisition includes cash, accounts receivable, inventory, prepaid expenses, income taxes recoverable, bank indebtedness, accounts payable and accrued liabilities and income taxes payable. The purchase price is affected by the changes in working capital, shareholder loans and long-term debt from the date specified in the purchase and sale agreement to the date of closing. Changes in the balances for these items as the Trust realizes on the value of working capital assets will affect the net consideration paid by the Trust to the owners which is estimated to be $7,423,581. These adjustments may be material.

5 Property and Equipment

	Cost	Accumulated Amortization	Net Book Value
Buildings, portable buildings and fencing	1,673	12	1,661
Heavy equipment	56,388	748	55,640
Vehicles	6,894	145	6,749
Trailers	7,048	58	6,990
Equipment	7,869	98	7,771
Office Furniture and Equipment	2,516	79	2,437
Communications, computer hardware and software	62	2	60
Total	82,450	1,142	81,308

6 Intangible Assets

	Amortization Term	Cost	Accumulated Amortization	Net Book Value
Non Competition Agreements	5 yrs S.L.	25,576	426	25,150
Brand and Trade Names	10 yrs S.L.	5,389	45	5,344
Customer Relationships	10 yrs S.L.	24,186	201	23,985
Total		55,151	672	54,479

7 Unitholders' Capital

a) Unitholders' Capital
Authorized

The Trust is authorized to issue an unlimited number of Trust Units. Prior to the conversion of the Subordinated Units, holders of Trust Units will be entitled to receive per month distributions in priority to any payments on the Subordinated Units.

The Trust is authorized to issue an unlimited number of Subordinated Units. Distributions on the Subordinated Units will be subordinated in favour of Trust Units. Distributions on the Subordinated Units will only be paid at the end of a fiscal quarter to the extent that: (i) the Trust has paid distributions per month of at least $0.10 per Trust Unit to holders of Trust Units during that quarter, and, (ii) any deficiency in such distributions to holders of Trust Units during the preceding 12 months has been satisfied.

The Trust is authorized to issue an unlimited number of Special Voting Units which are not entitled to any distributions. No Special Voting Units have been issued to date.

7 Unitholders' Capital - continued

Issued

	Outstanding	
Trust Units issued for cash net of issue costs	14,000,000	$ 128,087
Trust Units issued on acquisitions	12,765,094	127,651
Total Units	26,765,094	255,738
Subordinated Units		
Issued for cash	1,510,000	1,510
Issued for promissory notes	-	3,020
Less: Amount issued for promissory notes	-	(3,020)
Basic and Fully Diluted	28,275,094	$ 257,248

Trust Units were issued on closing of the initial public offering filed on August 28, 2006 at a price of $10.00 per unit. Trust issue costs in conjunction with the offering were $ 11.9 million.

The Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that will be forgiven over three years if the subscriber remains as a director, officer or employee of Petrowest.

8 Stock Based Compensation

Petrowest implemented a stock option plan whereby options to acquire Trust Units may be granted to directors, officers, employees and consultants.

The aggregate number of Trust units issuable upon the exercise of options outstanding under the plan at any time may not exceed 10% of the issued and outstanding Trust Units. The period during which an option granted under the Plan is exercisable may not exceed five years from the date such option is granted. The options issued under the Plan vest 1/3 after one year, 1/3 after two years and 1/3 after three years.

As at September 30, 2006	Number of options outstanding	Weighted average exercise price
Granted – September 7, 2006	2,605,000	$10.00
Expired	-	-
Outstanding, September 30, 2006	2,605,000	$10.00
Exercisable, September 30, 2006	-	-

The total value of stock-based compensation for options issued to employees and directors was calculated using a binomial option pricing model to estimate the fair value of stock options on the date of grant. The assumptions made for the options granted in 2006 are as follows.

Expected volatility	40.0 %
Risk-free interest rate	4.2 %
Expected life of options	5 years
Dividend yield	12.0 %

The Trust recorded compensation expense and contributed surplus of $105,922 for the period September 7, 2006 to September 30, 2006 which is recorded in general and administrative expenses.

9 Related party Transactions

Petrowest paid rents for office space for a building owned by an executive officer of the company in the amount of $37,100. Transactions were estimated to equal fair market value.

10 Financial Instruments

Fair values of financial assets and liabilities

Petrowest's financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable, accrued liabilities, purchase price adjustment payable and distributions payable. As at September 30, 2006 there were no significant differences between the carrying amounts of these financial instruments and their estimate fair market value.

Credit Risk

Petrowest's is exposed to credit risk on accounts receivables due from its customers. Management routinely assesses the financial strengths of customers and monitors exposure for credit losses.

11 Commitments

The Trust has entered into operating leases for office and shop premises and equipment that provide for minimum annual lease payments as follows:

2006	2,822
2007	7,608
2008	6,281
2009	4,984
2010	3,192
2011	1,971
2012	255

12 Segmented Information

The Trust determines its reportable segments base on the structure of its operations, which are primarily focused on four principal business segments -- Road and Lease Construction, Transportation, Civil Services and Equipment Rentals. The accounting policies followed by these business segments are the same as those described in the summary of significant accounting policies. The following is selected financial information for each business segment.

Revenue	
Road and Lease Construction	2,520
Transportation	3,726
Civil Services	3,697
Equipment Rentals	964
Total	10,907
Operating expenses and general and administrative	
Road and Lease Construction	1,857
Transportation	3,052
Civil Services	2,242
Equipment Rentals	604
Corporate	507
Total	8,262
Net Income	
Road and Lease Construction	49
Transportation	294
Civil Services	955
Equipment Rentals	98
Corporate	(634)
Total	762

Selected balance sheet items	**Construction**	**Transportation**	**Civil**	**Rentals**
Property and equipment	30,037	18,845	23,665	8,761
Intangibles	15,596	9,369	20,318	9,196
Goodwill	28,851	31,952	26,402	11,899
Total Assets	86,331	89,802	79,891	34,101

13 Subsequent Event

On November 10, 2006 Petrowest completed negotiations and entered into an agreement with certain financial lenders for an operating line of credit facility available for growth capital, acquisition and working capital needs in the amount of $60 million. Amounts drawn on the facility bear interest at rates from prime +0% to prime +1% based on levels of funded debt to EBITDA and is secured by a general assignment of book debts.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES CASH DISTRIBUTION

Calgary, Alberta, November 17, 2006. Petrowest Energy Services Trust ("Petrowest") (TSX - "PRW.UN") announced today that its cash distribution for month of November, 2006 will be $0.10 per trust unit. The distribution will be paid on December 15, 2006 to unitholders of record on November 30, 2006.

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. Petrowest is positioned to be a leading provider of pre-drilling and post-completion energy services to the northern region of the western Canadian sedimentary basin.

The TSX has not reviewed and does not accept responsibility for the adequacy or accuracy of this news release.

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, or John B. Paul, Chief Financial Officer, at (780) 830-0881 or info@petro-west.com.

This news release contains forward-looking statements that involve substantial known and unknown risks and uncertainties. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "achievable," "believe," "expect," "estimate," "plan," "intend," "project," "may," "should", "could", "predict", "may," "will," or similar words suggesting future outcomes or language suggesting an outlook. Forward-looking statements and information are based on Petrowest's current beliefs as well as assumptions made by and information currently available to Petrowest concerning anticipated business performance. Although management of Petrowest considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect.

Forward-looking statements are subject to many external variables that are beyond Petrowest's control, such as fluctuating prices for crude oil and natural gas, changes in drilling activity, and general local and global economic, political, business and weather conditions. If any of these, or other uncertainties, materialize the actual results of Petrowest may vary materially from those expected.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES CASH DISTRIBUTION

Calgary, Alberta, December 18, 2006. Petrowest Energy Services Trust ("Petrowest") (TSX - "PRW.UN") announced today that its cash distribution for month of December 2006 will be $0.10 per trust unit. The distribution will be paid on January 15, 2007 to unitholders of record on December 31, 2006. The trust units will commence trading on an ex-distribution basis on December 27, 2006 at the opening of markets.

Petrowest provides pre-drilling and post-completion oilfield and infrastructure services to the northern region of the western Canadian sedimentary basin. Effective September 7, 2006, Petrowest completed the acquisition of each of, and now carries on the business of each of, Gordon Bros. Construction Ltd., Roy Larson Construction Ltd., Wales Contractors Ltd., D&D Well Services, Murtron Hauling Ltd., R. Bee Crushing Ltd., Safetymaster Rentals Corp. (carrying on business as S.O.S. Oilfield Safety), Neuwest Equipment Rentals Inc., Fitzpatrick Co. Ltd. and Northern Tractor Sales and Rentals Co. Ltd., all of which are based in Grande Prairie, Alberta.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES CASH DISTRIBUTION

Calgary, Alberta, January 19, 2007. Petrowest Energy Services Trust ("Petrowest") (TSX - "PRW.UN") announced today that its cash distribution for month of January 2007 will be $0.10 per trust unit. The distribution will be paid on February 15, 2007 to unitholders of record on January 31, 2007. The trust units will commence trading on an ex-distribution basis on January 29, 2007 at the opening of markets.

Approximately 65% of Petrowest's revenue is derived from the energy services sector. Lower commodity prices for oil and natural gas are anticipated to result in reduced utilization rates for energy services providers, including Petrowest. While Petrowest is maintaining its intended $0.10 distribution per trust unit per month, Petrowest will be monitoring closely the anticipated softening of oil and gas exploration activity and oil and gas commodity prices. Petrowest remains confident in its long-term business plan, including its growth strategy over both the near and longer terms.

Petrowest provides pre-drilling and post-completion oilfield and infrastructure services to the northern region of the western Canadian sedimentary basin. Effective September 7, 2006, Petrowest completed the acquisition of each of, and now carries on the business of each of, Gordon Bros. Construction Ltd., Roy Larson Construction Ltd., Wales Contractors Ltd., D&D Well Services, Murtron Hauling Ltd., R. Bee Crushing Ltd., Safetymaster Rentals Corp. (carrying on business as S.O.S. Oilfield Safety), Neuwest Equipment Rentals Inc., Fitzpatrick Co. Ltd. and Northern Tractor Sales and Rentals Co. Ltd., all of which are based in Grande Prairie, Alberta.

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, or John B. Paul, Chief Financial Officer, at (780) 830-0881 or info@petro-west.com.

Attention Business/Financial Editors:
Petrowest Energy Services Trust Announces Cash Distribution

(TSX: PRW.UN)

CALGARY, Feb. 13 /CNW/ - Petrowest Energy Services Trust ("Petrowest") (TSX - "PRW.UN") announced today that its cash distribution for the month of February 2007 will be $0.10 per trust unit. The distribution will be paid on March 15, 2007 to unitholders of record on February 28, 2007. The trust units will commence trading on an ex-distribution basis on February 26, 2007 at the opening of markets.

65% of Petrowest's revenue is derived from the energy services sector. Lower commodity prices for oil and natural gas are anticipated to result in reduced utilization rates for energy services providers, including Petrowest. While Petrowest is maintaining its intended $0.10 distribution per trust unit per month, Petrowest will be monitoring closely the anticipated softening of oil and gas exploration activity and oil and gas commodity prices. Petrowest remains confident in its long-term business plan, including its growth strategy over both the near and longer terms.

PETROWEST ENERGY SERVICES TRUST RELEASES YEAR-END RESULTS, AND PROVIDES MANAGEMENT UPDATE

March 22, 2007, GRANDE PRAIRIE, ALBERTA. Petrowest Energy Services Trust ("Petrowest" or the "Trust") (TSX – "PRW.UN") is pleased to present its first year-end report since becoming a publicly traded trust.

YEAR END RESULTS

Petrowest was formed on July 6, 2006 and completed its initial public offering and the acquisition of the 9 businesses that comprise Petrowest on September 7, 2006, the day of commencement of commercial operations of the Trust. The values and discussion within this report reflect operations and business activities for the period since inception to December 31, 2006 exclusively.

The time from the commencement of operations of the Trust on September 7, 2006 has become, and continues to be, a period of integration, combination and transition as the nine separate companies that make up Petrowest are brought together operationally, financially and culturally.

Petrowest has a strong balance sheet with over $22.7 million in positive working capital, including over $9.3 million in cash balances. The Trust has less than $15.2 million in term debt against this working capital and has an additional unused available debt facility of $45 million. The Trust has added over $18 million in capital assets and increased operating capacity in each of its business segments. The additions and capacity increases will sustain operations into 2008 without the requirement for significant additional maintenance capex expenditures, and the unused term debt facility will fulfill the short term needs of growth capital and potential acquisitions.

Petrowest's payout ratio for the period December 31, 2006 was 91.2%. In addition to the general softening of the energy services market and the decline in our activity levels caused thereby, our payout ratio for the period ended December 31, 2006 was affected by inclement weather that adversely affected activities and non-recurring expenses relating to integration and start-up.

FINANCIAL HIGHLIGHTS

$000's except per unit amounts, margins and ratios	For the period ended December 31, 2006
Financial Results	
Revenue	46,736
EBITDA	12,096
EBITDA margin	25.9%
Net earnings	3,379
Cash provided by operating activities before changes in non-cash working capital	12,268
Cash provided by operating activities	3,990
Total assets	295,585
Total liabilities	45,219
Unitholders' equity	250,366
Financial Position and Liquidity	
Working capital	22,731
Working capital ratio	1.76: 1
Total long-term debt	15,169
Net debt (total debt less cash and cash equivalents)	5,944
Weighted average number of units outstanding – basic and diluted	28,275,094
Cash provided by operating activities per unit	$ 0.141
Cash provided by operating activities before changes in non-cash working capital per unit	$0.434
Distributions per unit	$ 0.37667
Payout ratio	91.2%
Net earnings per unit – basic and diluted	$ 0.12
Unit Price – December 31, 2006	$ 8.20

Please see the attached financial statements for the period ending December 31, 2006 and the accompanying MD&A for more detailed information regarding the financial performance of Petrowest. The attached financial statements and MD&A qualifies the foregoing information.

Additional information about the Trust, including electronic versions of the financial statements and MD&A for the period ended December 31, 2006, can be found on SEDAR at www.sedar.com and on the Trust's website at www.petro-west.com

MANAGEMENT UPDATE

Effective March 12, 2007 Mr. Gary Sweetman resigned as Chief Operating Officer of Petrowest. Mr. Sweetman was one of the founders of Petrowest, and held a key role as Petrowest was structured and developed in preparation for its initial public offering in September 2006. Operations management duties have been assumed by Mr. Brian Coffey, formerly Petrowest's Rentals and Equipment Manager. Mr. Coffey's duties involved overseeing Nu-Northern Tractor Rentals, one of the eight companies operating together as Petrowest, as well as the management of the fleet of equipment owned by the Trust throughout all its business segments. Mr. Coffey has 30 years experience with heavy equipment in the oilfield, aggregate, forestry and agriculture sectors, with an emphasis on marketing. Mr. Coffey recently joined Petrowest from a major equipment supplier where he had been the regional sales manager for northern Alberta and British Columbia.

Petrowest would like to express appreciation to Mr. Sweetman for his valuable contribution to Petrowest and its ongoing business success and wishes Mr. Sweetman the very best in all his future endeavors.

About Petrowest Energy Services Trust

Petrowest provides pre-drilling and post-completion oilfield and infrastructure services to the northern region of the western Canadian sedimentary basin. Effective September 7, 2006, Petrowest completed the acquisition of each of, and now carries on the business of each of, Gordon Bros. Construction Ltd., Roy Larson Construction Ltd., Wales Contractors Ltd., D&D Well Services, Murtron Hauling Ltd., R. Bee Crushing Ltd., Safetymaster Rentals Corp. (carrying on business as S.O.S. Oilfield Safety), Neuwest Equipment Rentals Inc., Fitzpatrick Co. Ltd. and Northern Tractor Sales and Rentals Co. Ltd., all of which are based in and around Grande Prairie, Alberta.

Forward Looking Statements

This news release contains forward-looking statements that involve substantial known and unknown risks and uncertainties. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "achievable," "believe," "expect," "estimate," "plan," "intend," "project," "may," "should", "could", "predict", "may," "will," or similar words suggesting future outcomes or language suggesting an outlook. Forward-looking statements and information are based on Petrowest's current beliefs as well as assumptions made by and information currently available to Petrowest concerning anticipated business performance. Although management of Petrowest considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect.

Forward-looking statements are subject to many external variables that are beyond Petrowest's control, such as fluctuating prices for crude oil and natural gas, changes in drilling activity, and general local and global economic, political, business and weather conditions. If any of these, or other uncertainties, materialize the actual results of Petrowest may vary materially from those expected.

President's Letter to Unitholders

2006 was an exciting and full year for those of us involved with Petrowest Energy Services Trust. Petrowest started with the seed of an idea which took root and became a reality. After a number of conversations between the Trust's founders in late 2005, it quickly became apparent that the business model of bringing together a select group of 9 private service companies into a combined public entity had solid financial merit and business sense for both the operator and an investor.

As we proceeded, our concept took on its own momentum and evolved into Petrowest Energy Services Trust, the largest ever Canadian oil and gas services initial public offering which we completed in September of 2006. The time since has become, and continues to be, a period of integration, combination and transition as the nine separate companies that make up Petrowest are brought together operationally, financially and culturally.

Our financial and operational results reflect only the approximate four month period from completion of our initial public offering to the end of the year, and our financial and operational results should therefore be reviewed with this short reporting period in mind. Going forward, we will be reporting on a calendar year basis.

The Trust's results in 2006 enable it to begin to publicly establish a track record of financial and operational discipline. With head office in Grande Prairie, and operations covering northern Alberta, Petrowest's four business divisions are focused on supporting oil sands, SAGD and other heavy oil development, the deep drilling market west of the fifth meridian, as well as northern development and infrastructure requirements.

Many publicly traded oilfield services companies focus on the drilling and completions requirements of the oil and gas sector, but Petrowest's focus is broader and encompasses a diversified range of services which includes drilling support, forestry related services, provincial infrastructure programs and other non-oil and gas dependent lines of business. The Petrowest group is able to help a client prepare a lease prior to drilling, reclaim the area after a well has been abandoned, haul everything from logs, gravel, heavy equipment, drilling rigs and related equipment. The Trust also provides infrastructure services such as gravel crushing, excavation, municipal road building and other commercial and residential civil work to the fast growing regions of northern Alberta. Petrowest operates in strict adherence to the highest standards of health and safety in the work environments in which Petrowest's employees operate.

Nine companies came together to form four divisions within Petrowest.

The Road and Lease Construction Division consists of Roy Larson Construction, Gordon Bros Construction Ltd. and Wales Contracting. These companies can operate both in the oilfield services sector and in the infrastructure sector. Capacity increases have been in the range of 10% since the Trust was created, and this is permitting additional productivity as well as a growth in utilization rates through inter-operational utilization and broader regional opportunities.

The Transportation and Hauling Division consists of D&D Well Services and Murtron Hauling. In addition to general hauling (e.g. logs, gravel and pipe), these companies can also provide specialist hauling services including rig moving and transportation of heavy equipment. Again, this is a division that has seen capacity grow by more than 20% since the Trust's inception. The transportation segment provides 80% of the internal transportation needs of the Trust.

The Civil Services Division is more diverse than the other divisions, comprising R Bee Crushing and S.O.S. Oilfield Safety. R Bee Crushing is a gravel crushing company. Since becoming part of the larger Trust organization, R Bee has upgraded two of its gravel crushing spreads and will be adding an additional plant in due course. This enables R Bee to participate in far larger jobs, while also dealing with existing and smaller jobs with greater productivity. S.O.S. Oilfield Safety has added additional air pack units and assisted management in developing a comprehensive Health, Safety and Environmental Program for the Trust as a whole.

The Heavy Equipment Rentals Division was originally formed from Northern Tractor Sales and Rental and Neuwest Equipment Rentals, companies that have since merged operations within Petrowest to become Nu-Northern. The two companies collectively have a range of specialized heavy equipment, which has increased capacity in excess of 50 percent since September 2006. More than 75 percent of the heavy equipment units are committed through Q1 2007. As the mandate of the rentals equipment division includes renting out underutilized equipment from other companies within Petrowest, the Nu-Northern team has been directly responsible for developing capital and maintenance budgets that reflect the business activity of each sector.

During the four month period since inception, approximately 65 percent of the Trust's total revenue is attributable to supporting oil and gas exploration and development activities. The 35 percent remainder is generated by non-oil and gas related activities including infrastructure development, construction, hauling and logging and other services. Lately, with a softening in commodity pricing, particularly in regard to natural gas, deep drilling activities and development work relating to natural gas plays, associated service requirements have declined to some extent. Capital budgets for 2007 have been adjusted to reflect the slower expected levels in oil and gas drilling. These cuts apply to all business segments except in the gravel crushing operations of the Civil segment. Confirmed work to 2008 will require additional investment in gravel crushing and hauling operations through 2008.

Oil and gas related activities are heavily weather dependent, with the significant drilling activity occurring in northern Alberta in Q4 and Q1, while the ground is frozen. In Q4 2006, extreme cold and heavy snow and freezing rain, adversely impacted activities, and forced extra "down" days, which had, a negative impact on operational performance. With the weaker commodity price environment Petrowest is anticipating lower activity levels during the balance of 2007 in the oil and gas sector in the WCSB.

In order to effectively manage oil and gas development cycles, Petrowest is focusing on exploiting its various non-oil and gas dependent revenue streams and further penetrating oil sand development activities.

2006 Highlights

Although Petrowest was not formed until the late summer of 2006, there were many people involved in the process of turning a concept into a viable business entity. Much was achieved during 2006 prior to, and after, formation.

Highlights during 2006 include:

- The integration of nine separate, private services companies into one single publicly-traded trust. Employees, management and clients must all be commended for helping to ensure a smooth transition.

- The Trust's initial public offering was oversubscribed by several times the size of the issue. This is a testament both to the strength of our business plan and the potential that our business lines offer.

- Equipment and assets are being employed internally to eliminate third party charges. This can be directly attributed to a willingness of management to seek synergies and an ability to more seize utilization opportunities. We estimate approximately $1.9 million of inter-segment sales, which at an average EBITDA margin of 25.9% translates to approximately $483,000 in additional earnings retained in the Trust for the period since the Trust's inception which would have been subcontracted out to third party contractors.

- Combined earnings before interest, taxes, depreciation and amortization (EBITDA) of $12.1 million for the Trust as a whole since inception.

- The retention of a strong, experienced team of directors to help guide the Trust's senior management, and the addition of qualified, experienced management team members.

- Monthly distributions of $0.10 per unit, resulting in total distributions of $0.37667 per unit since inception ($1.20 per unit on an annualized basis). The Trust's overall payout ratio was 91.2 percent in spite of the effects of inclement weather and slowing oil and gas drilling activity.

- A healthy balance sheet with year-end working capital of $22.7 million.

Proposal from the Canadian Government to Tax Income Trust Distributions

The Canadian Federal Minister of Finance announced on October 31, 2006 proposals to tax the distributions of most categories of publicly traded income trusts. With the completion of this legislation, if it is enacted as proposed, Petrowest, and all other affected income trusts, would see changes to the taxation regime it is currently working within after four years, and would come into effect in the 2011 tax year.

On December 15, 2006, the federal government announced guidelines with respect to the implementation of these proposed tax changes on income trust distributions. Included were guidelines setting limits on the expansion of existing income trusts prior to the 2011 tax year. It is anticipated that organic growth within the Trust will not be affected by these guidelines in the short term. However, these guidelines will have implications on decision-making at Petrowest, and all other affected income trusts, regarding any potential acquisitions. This aspect of the proposed legislative changes, obviously, does affect the flexibility of Petrowest's management team and board of directors, and may have a direct influence on the Trust before the 2011 tax year. See our MD&A for the period ended December 31, 2006 for more detailed information regarding the October 31, 2006 proposals.

The Petrowest team is maintaining a proactive stance in terms of assessing the implications of this legislation for its unitholders, and is keeping a close eye on political, lobbying and legislative developments around these proposals. Despite uncertainty regarding trust taxation beyond 2010, the Trust continues to aggressively implement its business plan.

Petrowest unitholders can write, email or visit the constituency office of their Member of Parliament to voice their opinion regarding the tax proposal.

2007 Outlook

Although Petrowest Energy Services Trust has a relatively short track record of only a few months, the member companies within the group have been established for close to two decades on average, and bring more than 150 years of commercial success to the larger trust entity. Through out 2007 financial and operational results should further reflect even greater exploitation of both the economies of scale of the larger organization and synergistic opportunities within the group.

In 2007, the Trust will continue to focus in its geographical heartland of northern Alberta and British Columbia. While management recognizes a slow down in drilling activity, it is not content to ride it out without actively pursuing new markets. Sales and marketing efforts are being targeted at the wider range of services the Trust group can now provide and new business opportunities and new markets are being explored to fully utilize the manpower and equipment within the Trust.

Transition is not yet complete and the full joint operational, commercial and financial advantages have yet to be fully defined. At Petrowest, we anticipate continued and growing divisional synergies.

As President of Petrowest I would like to thank the management team and employees of the Trust for their dedicated efforts since inception, and to all the members of the Board of Directors for their guidance. I would also like to express my sincere appreciation to the Trust's unitholders for their continued support, confidence and belief in the strength of Petrowest's business model.

On behalf of the Board of Directors,

Ken Drysdale
President and Chief Executive Officer

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following Management's Discussion and Analysis (MD&A) is dated March 22, 2007. The MD&A should be read in conjunction with Petrowest Energy Services Trust's ("Petrowest" or the "Trust") audited consolidated financial statements as at and for the period ended December 31, 2006, as well as the MD&A's of the "Acquired Companies" contained in the Trust's prospectus dated August 28, 2006. The Trust was formed on July 6, 2006, and commenced trading on the TSX on September 7, 2006. This date should be viewed as the effective start of commercial operations.

FINANCIAL HIGHLIGHTS

$000's except per unit amounts, margins and ratios	For the period ended December 31, 2006
Financial Results	
Revenue	46,736

BASIS OF PRESENTATION

The financial data presented below has been prepared in accordance with Canadian Generally Accepted Accounting Principles ("GAAP"). The reporting and the measuring currency is the Canadian dollar.

FORWARD LOOKING STATEMENTS

Certain information and statements contained in this MD&A constitute forward-looking information, including the anticipated costs associated with the purchase of capital equipment, expectations concerning the nature and timing of growth within the various business units operated through affiliates of the Trust, expectations respecting the competitive position of such business units, expectations concerning the financing of future business activities, statements as to future economic and operating conditions, oil sands production and investment, oil sands reserves and revenues from oil and gas and non-oil and gas activities. **Readers should review the cautionary statement respecting forward-looking information that appears below.**

The information and statements contained in this MD&A that are not historical facts are forward-looking statements. Forward-looking statements (often, but not always, identified by the use of words such as "seek", "plan", "continue", "estimate", "project", "predict", "potential", "targeting", "intend", "could", "might", "should", "believe", "expect", "may", "anticipate" or "will" and similar expressions) may include plans, expectations, opinions, or guidance that are not statements of fact. Forward-looking statements are based upon the opinions, expectations and estimates of management as at the date the statements are made and are subject to a variety of risks and uncertainties and other factors that could cause actual events or outcomes to differ materially from those anticipated or implied by such forward-looking statements. These factors include, but are not limited to, such things as changes in industry conditions (including the levels of capital expenditures made by oil and gas producers and explorers), the credit risk to which the Trust is exposed in the conduct of its business, fluctuations in prevailing commodity prices or currency and interest rates, the competitive environment to which the various business units are, or may be, exposed in all aspects of their business, the ability of the Trust's various business units to access equipment (including parts) and new technologies and to maintain relationships with key suppliers, the ability of the Trust's various business units to attract and maintain key personnel and other qualified employees, various environmental risks to which the Trust's business units are exposed in the conduct of their operations, inherent risks associated with the conduct of the businesses in which the Trust's business units operate, timing and costs associated with the acquisition of capital equipment, the impact of weather and other seasonal factors that affect business operations, availability of financial resources or third-party financing and the impact of new laws or changes in administrative practices on the part of regulatory authorities. Forward-looking information respecting the anticipated costs associated with the purchase of capital equipment are based upon historical prices for various classes of equipment, expectations relating to the impact of inflation on the future cost of such equipment and management's views concerning the negotiating leverage of the Trust and its affiliates. Forward-looking information concerning the nature and timing of growth within the various business units is based on the current budget of the Trust (which is subject to change), factors that affected the historical growth of such business units, sources of historic growth opportunities and expectations relating to future economic and operating conditions. Forward-looking information concerning the future competitive position of the Trust's business units is based upon the current competitive environment in which those business units operate, expectations relating to future economic and operating conditions and current and announced build programs and other expansion plans of other organizations that operate in the energy service business. Forward-looking information concerning the financing of future business activities is based upon the financing sources on which the Trust and its predecessors have historically relied and expectations relating to future economic and operating conditions. Forward-looking information concerning future economic and operating conditions is based upon historical economic and operating conditions, opinions of third-party analysts respecting anticipated economic and operating conditions. Although management of the Trust believes that the expectations reflected in such forward looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct. ***Accordingly, readers should not place undue reliance upon any of the forward-looking information set out in this MD&A.*** *All of the forward looking statements of the Trust contained in this MD&A are expressly qualified, in their entirety, by this cautionary statement. The various risks to which the Trust is exposed are described under "Key Risks and Uncertainties" herein and under "Risk Factors" in the Trust's prospectus dated August 28, 2006. In addition, prior to March 31, 2007 the Trust will file an Annual Information Form which will include disclosure regarding these risks under the heading "Risk Factors".*

NON-GAAP MEASURES

In this MD&A the Trust uses the term "Distributable Cash" to refer to the amount of cash that is expected to be available for distributions to the unitholders; the term "EBITDA" to refer to earnings before interest expenses net of interest income, gain on disposal of assets, amortization of property and equipment and amortization of intangible assets; the term "Adjusted EBITDA" to refer to earnings before management bonuses, before interest expenses net of interest income, gain on disposal of assets, amortization of property and equipment and amortization of intangible assets; the term "EBITDA Margin" to refer to a fraction, the numerator of which is EBITDA and the denominator of which is Revenue; the term "Adjusted EBITDA Margin" to refer to a fraction, the numerator of which is Adjusted EBITDA and the denominator of which is Revenue; the term "Cash Flow From Operations Before Changes in Non-Cash Working Capital" to refer to cash provided by operating activities before changes to accounts receivable, prepaid expenses, inventory and accounts payable and accrued liabilities; the term "Distributions Per Unit" to refer to a fraction, the numerator of which is distributions paid or accrued to unitholders and the denominator of which is the number of trust units issued; the term "Net Debt" to refer to the sum of total obligations under capital leases and revolving equipment loans, less cash and cash equivalents; the term "Cash Flow From Operations Before Changes in Non-Cash Working Capital Per Unit" to refer to a fraction of which the numerator is Cash Flow From Operations Before Changes in Non-Cash Working Capital and the denominator is the number of trust units issued; the term "Cash Flow From Operating Activities Per Unit" to refer to a fraction of which the numerator is cash provided by operating activities and the denominator is the number of trust units issued and the term "Payout Ratio" to refer to a fraction of which the numerator is distributions paid or accrued to unitholders and the denominator is Distributable Cash. The terms Distributable Cash, EBITDA, Adjusted EBITDA, EBITDA Margin, Adjusted EBITDA Margin, Cash Flow From Operations Before Changes in Non-Cash Working Capital, Distributions per Unit, Net Debt, Cash Flow From Operating Activities Per Unit and Payout Ratio are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP and therefore may not be comparable to performance measures presented by others.

Readers are cautioned that "Distributable Cash", "EBITDA", "Adjusted EBITDA", "EBITDA Margin", "Adjusted EBITDA Margin", "Cash Flow From Operations Before Changes in Non-Cash Working Capital" "Distributions per Unit", "Net Debt", "Cash Flow From Operations Before Changes in Non-Cash Working Capital Per Unit", "Cash Flow From Operating Activities Per Unit" and "Payout Ratio" should not be considered as alternatives to net earnings, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP.

Management views Distributable Cash as an operating performance measure, as it is a measure generally used by Canadian income funds as an indicator of financial performance. As the Trust will distribute substantially all of its cash on an ongoing basis (after providing for certain amounts described in the following MD&A) and since EBITDA, Adjusted EBITDA, EBITDA Margin, Adjusted EBITDA Margin, Cash Flow From Operations Before Changes in Non-Cash Working Capital, Distributions per Unit, Net Debt, Cash Flow From Operations Before Changes in Non-Cash Working Capital Per Unit, Cash Flow From Operating Activities Per Unit and Payout Ratio as respectively defined above are metrics used by many investors to compare issuers on the basis of their ability to generate cash from operations, management believes that, in addition to net earnings, EBITDA, Adjusted EBITDA, EBITDA Margin and Adjusted EBITDA Margin are useful supplemental measures from which to make adjustments to determine distributable cash. The estimate of Distributable Cash has been prepared using assumptions which management believes are reasonable and supportable, all of which reflect the Trust's planned course of action given management's judgment about the most probable set of economic conditions.

DESCRIPTION OF BUSINESS

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. Effective September 7, 2006, Petrowest completed the acquisition of each of, and now carries on the business of each of, the "Acquired Companies" defined below, all of which are involved in pre-drilling and post-completion energy services, construction and hauling and are based in the Grande Prairie area of northern Alberta. Petrowest continues to do business under the trade operating names of Gordon Bros. Construction, Roy Larson Construction, Wales Contractors, D&D Well Services, Murtron Hauling, R. Bee Crushing, S.O.S. Oilfield Safety and Nu-Northern Tractor Rentals. The ongoing operations have been segregated into four limited partnerships and the assets and operations of the Acquired Companies are maintained within those partnerships as follows:

Petrowest Construction LP ("Construction")	
	Roy Larson Construction Ltd. ("Roy Larson Construction")
	Gordon Bros. Construction Ltd. and 332691 Alberta Ltd. ("Gordon Bros. Construction")
	310423 Alberta Ltd. operating as Wales Contracting Ltd. ("Wales Contracting")
Petrowest Transportation LP ("Transportation")	
	404434 Alberta Corporation, 756171 Alberta Corp. and 756169 Alberta Corp. ("D&D Well Services")
	Murtron Hauling Ltd. and 815431 Alberta Ltd. ("Murtron Hauling")
Petrowest Civil Services LP ("Civil")	
	R. Bee Crushing Ltd., Bernet Venture Ltd. and Dal Finn Holdings Ltd. ("R. Bee Crushing")
	Safetymaster Rentals Corp. ("SOS Oilfield Safety")
Petrowest Rental Services LP ("Rentals")	
	Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd.
	Neuwest Equipment Rentals Inc.

(collectively, the "Acquired Companies")

Petrowest Construction LP

Petrowest Construction LP operates under the trade names of the original companies, "Gordon Bros. Construction", "Roy Larson Construction", and "Wales Contractors" and specializes in the construction of oil and gas lease well site pads, road construction, remediation of oil and gas well sites, and civil infrastructure work for non oil and gas clients. Petrowest Construction LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors, graders, and scrapers as well as other ancillary support equipment.

Petrowest Transportation LP

Petrowest Transportation LP operates under the trade names of the original companies, "D&D Well Services" and "Murtron Hauling" and specializes in the transportation of oil and gas drilling rigs, well site equipment and heavy equipment as well as specialty hauling services including log loading and hauling and gravel loading and hauling. The Transportation LP operates a fleet of heavy transport trucks, trailers, jeeps, boosters, and log and gravel loading equipment as well as other ancillary support equipment.

Petrowest Civil Services LP

Petrowest Civil Services LP operates under the trade names of the original companies, "R. Bee Crushing", and "S.O.S. Oilfield Safety". The Civil Services LP specializes in mobile aggregate rock crushing and sand screening for gravel supply operations throughout Alberta and British Columbia operating a fleet of cone and jaw crusher units, conveyor and sand stacker units, loaders, dozers, tracked hoe excavators and articulated rock trucks. The Civil Services LP also provides safety services including safety supervision and rental of safety air units and wash units provide for safety support during oil and gas drilling operations and plant turnarounds.

Petrowest Rental Services LP

Petrowest Rental Services LP operates under the new trade name of "Nu-Northern Tractor Rentals" and specializes in heavy equipment rentals to oil and gas companies, oil sand clients, and independent contractors working in the oil and gas, mining, logging, pulp and paper and civil construction industries. The Rental Services LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors and side-boom pipelayers.

BUSINESS FUNDAMENTALS

Oil and Gas

Conventional Oil and Gas

Petrowest's results are directly impacted by the overall health of the Alberta oil and gas industry. Approximately 65% of the Trust's total revenue is tied to the support of oil and gas exploration and development activities.

The Trust's operations are primarily in the deep drilling market regions of the Western Canadian Sedimentary Basin ("WCSB") with operations in northern Alberta and northeastern British Columbia. The WCSB is one of the largest oil and gas producing regions in North America. Much of the terrain in the WCSB is considered rugged, resulting in access issues due to dense bush, muskeg, bedrock and mountainous terrain all of which are complicated by the weather in the region. Historically this region has been less impacted by cyclical swings in market prices due to the longer lead times in access, drilling and completion of planned wells. Oil and gas producer companies have generally taken a longer term view of project work in the area with consistent growth in drilling activity. The Canadian Association of Oilwell Drilling Contractors has estimated that the annual wells drilled in the WCSB have increased from 10,600 wells in 1999 to an estimated 22,100 wells in 2006.

Weather also has a direct impact on the operations of Petrowest. Oil and gas drilling activity is generally stronger November through March as frozen ground conditions allow for the exploration in areas with muskeg conditions. Wet weather in the spring and early summer months hinder the activity. As frost comes out of the ground, road conditions deteriorate and municipalities impose temporary weight restrictions on road surfaces ("road bans"), thus placing restriction on access and trucking operations. Operations normally gain strength in late June and continue through to the end of summer and fall. A short slowdown normally exists in late fall until freezing conditions allow for winter work activity to recommence. Therefore, a longer, colder winter and drier spring and summer would generally enhance operational results.

Extreme cold and heavy snow fall in mid to late Q4 resulted in extra down days negatively impacting the operational performance in Q4.

The softening of North American gas prices and decline in world oil prices have resulted in industry activity slow downs. While the impact has been less severe in the northern region of the WCSB than in coal bed methane or shallow gas plays in southern Alberta, the Trust did experience demand declines late in Q4. Lower activity is predicted to continue until Q3 and Q4 of 2007. The long term outlook into 2008 and beyond appears positive.

The Trust is focused on the pre-drilling and post-completion phases of work associated with drilling. In comparison to companies tied directly to drilling or down hole completion work, it is advantageously positioned during lower levels of drilling activity. The Trust's operations and work specialty is the pre-drilling and post-completion phases of the well drilling cycle. During times of lower drilling activity, a portion of the Trust's equipment has typically been utilized to remediate dry and abandoned oil and gas well sites. Management of the Trust views this work capability as a counter cyclical buffer to downturns in oil and gas exploration activities. The WCSB is a maturing basin with over 184,000 producing wells at December 31, 2005 with annual decline rates in the 10%-12% per year range in the absence of new drilling. This is expected to result in higher demands in future years for remediation service work.

Oil Sand Operations

In 2005 Alberta's oil sands were the source of about 58% of the province's total crude oil and equivalent production and about 39% of all crude oil and equivalent produced in Canada. According to the Canadian Association of Petroleum Producers (CAPP), in 2005 industry investment in Alberta's oil sands totaled approximately $10 billion. Annual oil sands production is growing steadily as the industry matures. Output of marketable oil sands production increased to 966,000 barrels per day (bbl/d) in 2005. With anticipated growth, this level of production could reach 3 million barrels per day by 2020 and possibly even 5 million barrels per day by 2030. It is expected that $100 billion will be invested over the next 10 years on oil sand projects.

Within Alberta there are three recognized oil sand areas, the largest, the Athabasca Oil Sands is a huge deposit containing an estimated 1.3 trillion barrels of oil. The Cold Lake area also has sizable oil sand deposits estimated at 200 billion barrels. The Peace Oil Sands is a resource containing an estimated 155 billion barrels of oil. Based on today's technology it is estimated that only 12% of this resource is recoverable. However, the longevity of the oil sands project is not in question. It took the Shell Insitu plant (north-east of Peace River) over 25 years to produce 50 million barrels.

The Trust is geographically positioned in Grande Prairie on the western edge of the Peace Oil Sands projects. The Trust currently provides trucking, equipment rental, and lease and road building construction to clients operating in the Peace Oil Sands. These projects are in an infancy stage relative to the Athabasca Oil Sand projects and the Trust is working to establish relationships with the major operators in this area.

In addition, the Trust currently provides services to clients and producers operating in the Athabasca Oil Sands markets with respect to gravel and aggregate crushing and equipment rentals in the Fort McMurray area. Planned future investment and development by producer companies in both Fort McMurray and Peace River are expected to continue to grow rapidly over the next five years.

Other Services

The Trust performs services for clients not tied to oil and gas. These services included gravel and aggregate crushing, gravel loading/hauling and placing, log loading and hauling, equipment hauling, lease road building and maintenance for municipal, county and commercial and residential projects and equipment rental to commercial, logging and mining operations. Approximately 35% of the Trust's revenue is currently derived from work provided to these sectors. Management is currently pursuing bids or negotiations on work tied to a number of these planned projects and is optimistic that the Trust will be successful in future participation on many of the projects.

Logging Operations

Based on 2005 Alberta government statistics, forests cover more than 60% of Alberta's total land base, equal to approximately 94 million acres or almost 147,000 square miles. Of this land base, 87% is on public lands and managed for sustainable development with over 75 million seedlings planted every year to sustain the forests. Alberta's forestry industry, in total, generates approximately $3.8 billion in revenues with growth expectations of approximately 0.4% annually from 2005 to 2010. As at December 31, 2006 there were approximately 5 major forestry related projects proposed or underway in the Peace River region, the Trust's primary operation area. These projects totaled approximately $490 million dollars of which approximately 90% of the project values are being undertaken by clients the Trust currently works for.

Infrastructure, Power Generation, Institutional, Residential, and Commercial Construction:

As of December 2006, according to statistics released by the Alberta government, there are approximately 135 major projects proposed or underway in the Peace River Region. The value of these projects is approximately $1.19 billion, although it is reasonable to expect that not all proposed projects will proceed. A large number of these projects will requires services the Trust is able to provide including gravel crushing and supply, gravel hauling and road and site construction.

ACQUISITIONS

The Trust was formed by a deed of trust dated July 6, 2006. Pursuant to a prospectus dated August 28, 2006 the Trust issued units and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies ("the Acquisitions"). The estimated purchase price of the Acquired Companies, calculated as the base purchase price plus working capital less debt was $230,934,992, subject to post closing adjustments for actual working capital and debt. The purchase price was funded by payment of $103,284,052 in cash and the issuance of units by the Trust for proceeds of $127,650,940. In conjunction with the acquisitions, all debt and capital lease obligations were repaid by Petrowest through the use of proceeds from the offering.

The Acquisitions have been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. The purchase price valuations have been finalized subsequent to year end for all companies except for Northern Tractor Sales and Rentals Co. Ltd. and Fitzpatrick Co. Ltd. (collectively, "Northern Tractor"). The financial statements reflect the settled valuations for all companies with the exception of Northern Tractor. The final purchase price of Northern Tractor has been recorded based on management's best estimates, and is subject to change. A preliminary allocation of the consideration is as follows:

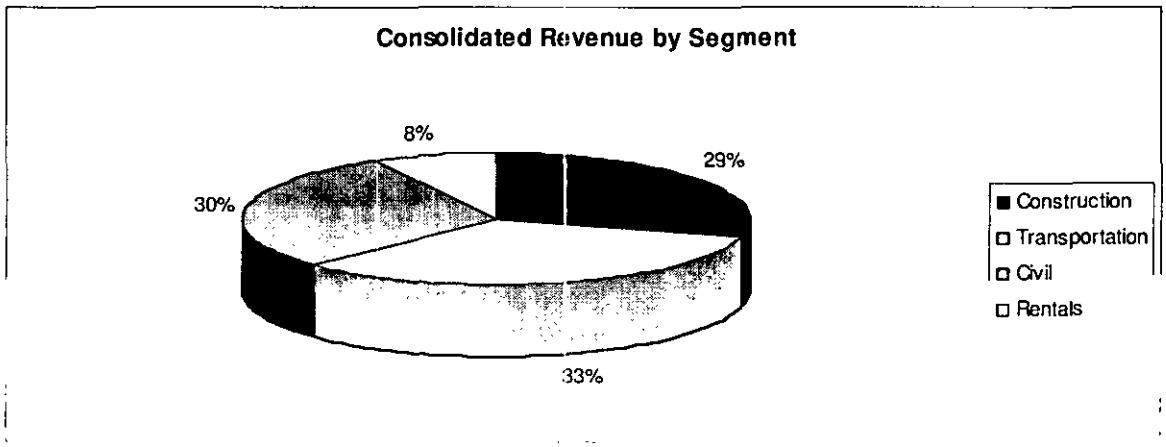
Net assets acquired	$000's
Cash acquired on acquisition	6,115
Accounts receivable	37,648
Prepaid expenses	680
Inventories	4,158
Accounts payable and accrued liabilities	(27,376)
Income taxes payable	(215)
Property and equipment	82,699
Intangibles	56,223
Goodwill	98,068
Total	258,000
Consideration given for value of shares and shareholder loans of acquired companies	
Net cash to vendors	103,284
Cash repayment of working capital adjustments	(2,055)
Purchase price adjustment	6,422
Retirement of long-term debt and capital lease obligations	22,698
	130,349
Trust Units (12,765,094 units issued)	127,651
Total	258,000

Net working capital acquired includes cash, accounts receivable, inventory, prepaid expenses, income taxes recoverable, bank indebtedness, accounts payable and accrued liabilities and income taxes payable. The purchase price was affected by the changes in working capital, shareholder loans and long-term debt from the date specified in the purchase and sale agreement to the date of closing. Changes in the balances for these items as the Trust realized on the value of working capital assets has affected the net consideration paid by the Trust to the owners which is estimated to be $4,366,236.

There is currently a dispute with Northern Tractor associated with the valuation of certain working capital items and the valuation of redundant assets retained by the vendor. The total disputed amount is $3,694,038. Arbitration of these amounts is expected to occur prior to the end of the third quarter of 2007 and adjustments required to the purchase price, if any, may be material.

On December 7, 2006 the Trust, in a secondary transaction, acquired specific equipment assets from two of the former vendors. These assets were acquired at estimated fair market value for a total of $13,194,116. The assets acquired included an addition to the fleet in the Rentals segment of 30 additional pieces of heavy equipment adding approximately 50% to that segment's capacity and the addition of 5 pieces of heavy equipment and 2 separate camp units with accommodations for up to 28 men, to the Construction segment.

SUMMARY OF RESULTS



The Trust was created pursuant to a deed of trust on July 6, 2006 and the financial reporting is effective from this date. Pursuant to a prospectus dated August 28, 2006, Petrowest issued units of the Trust and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies. These transactions closed and Petrowest commenced trading on the Toronto Stock Exchange on September 7, 2006, the day of commencement of commercial operations of the Trust. Accordingly, the fourth quarter of fiscal 2006 has no comparative figures for the same period in the previous year, as the Trust was not yet created.

$000s *except per unit amounts, margins and ratios*	For the period ended December 31, 2006
Revenue by segment	
Construction	13,609
Transportation	15,680
Civil	13,821
Rentals	3,626
Total Revenue	46,736
Operating expenses by segment	
Construction	9,806
Transportation	12,404
Civil	9,042
Rentals	1,590
Total operating expenses	32,842
Administrative Expenses	1,798
EBITDA[1]	**12,096**
Amortization of property and equipment	5,824
Amortization of intangible assets	2,785
Interest - net	186
Gain on disposal of assets	(78)
Net earnings	**3,379**
Net earnings per unit basic and diluted	$ 0.12

Notes [1] *The term EBITDA is not a measure recognized by Canadian generally accepted accounting principles ("GAAP") and does not have standardized meanings prescribed by GAAP.*

REVENUE

Consolidated revenue for the period ended December 31, 2006 was $46,735,994. This represents operations of approximately four months. Each segment contributed to revenue as follows: Construction: 29.1%, Transportation: 33.5%, Civil: 29.6% and Rentals: 7.8%. Q4 started out well, however cold weather and extensive snowfall slowed all segments down. The Trust started to feel the impact of softening drilling activity late in November and December in all segments.

The Construction segment accounted for $13,609,355 or 29% of the Trust's total revenue. This is down from the 38% share of the Trust's total revenue described in the Trust's prospectus for the year ended December 31, 2005. The decline is largely as a result of the large gains posted by the gravel crushing operations in the Civil segment. 11 new pieces of heavy equipment or approximately 10% additional capacity was added to the Construction segment in the period.

The Transportation segment accounted for $15,680,066 or 33% of the Trust's total revenue. This is equal to the percentage share of the Trust's total revenue described in the Trust's prospectus for the year ended December 31, 2005. The share of the Trust's revenue was maintained by the addition of 18 mobile transport units or a 20% capacity increase that allowed this segment to reduce its dependence on third party subcontract trucking to meet client demand.

The Civil segment accounted for $13,821,217 or 30% of the Trust's total revenue. This is up from the 22% share of the Trust's total revenue described in the Trust's prospectus for the year ended December 31, 2005. The gravel crushing operations of the civil segment have been running at close to 100% capacity for the period since acquisition and the Trust has added 20% throughput capacity by upgrading the size of the crushing cones. Gravel crushing operations have current contracts extending out into 2008 totaling more than $45 million. Safety operations within this segment were also complimented with the addition of 15 additional air trailer units.

The Rentals segment accounted for $3,625,356 or 8% of the Trust's total revenue. This is up from the 7% share of the Trust's total revenue described in the Trust's prospectus for the year ended December 31, 2005. The increase is largely due to the more than 50% increase in capacity by the addition of 35 new pieces of equipment.

Capacity increases in all segments were financed by a combination of debt and operating leases.

INTER SEGMENT REVENUES

Eliminated from the financial statements is $1,866,198 of inter segment sales and the offsetting costs at the same value. These inter segment sales relate to the market value of activity between the various segments of the Trust, including the Transportation segment hauling equipment on behalf of the Construction and Civil segments, the Rentals segment supplying equipment to the Civil segment and other cross utilization of manpower and equipment. At an average EBITDA margin of 25.9% this translates to approximately $483,000 in additional earnings retained in the Trust that would have been paid out to third party subcontractors. These operational synergy benefits have been obtained despite a general slowdown in the industry and only four months of operations. Management expects that additional synergies can be obtained as operational integration continues.

OPERATING EXPENSES AND GENERAL AND ADMINISTRATIVE

Operating expenses on a consolidated basis for the period ended December 31, 2006 were $32,841,841 or 70.3% of revenue. General and administrative expenses for the period ended December 31, 2006 were $1,798,845. This equates to 3.85% of revenue.

In the Trust's prospectus for the year ended December 31, 2005 general and administrative could not be separated from operating costs as the individual operating companies did not account for them separately. The combined costs of operating and general and administrative expenses for the year ended December 31, 2005 in the Trust's prospectus was 67.8%. This compares to a combined cost of operating and general and administrative costs for the period ended December 31, 2006 of $34,640,687 or 74.1% of revenue.

Operating and general and administrative costs have increased in the period by 6.3%. As a percentage of revenue this translated to approximately $2.95 million in additional costs in the period. The balance of the cost increases have been as result of three main factors. First, the adverse weather delayed activities and reduced productivity. Secondly, the general slowdown in activity has impacted overall margins.

Thirdly, there has been a negative impact on operating margins caused by the additional capacity added to the various segments in light of the slowdown. The portion of equipment additions financed by operating leases, show up as additional equipment rental expense and are included as additional costs in operating expenses.

Also included in the additional costs are startup and integration costs associated with the conversion of nine formerly privately owned companies to a public entity and the associated public company costs. This impacts almost all expense categories with increases in short term labor and contract labor, to increases in office, communications and advertising expenses. These costs have been incurred upfront in the short timeframe of the current reporting period, and the benefits will be realized over the course of the full year and, in some instances, future years.

On a per segment basis compared to the Trust prospectus for the year ended December 31, 2005, and allocating corporate costs to the various segments proportionate to total revenues, the following is the results by segment:

The Construction segment costs increased to 75% of revenue from 71.6% in the prospectus. In addition to the three main impacts described above, the fall season is generally a time for this segment to perform pre-winter maintenance in anticipation of the winter months' activities, including corking of tracked equipment.

The Transportation segment was hardest hit by weather and industry slowdowns on the rig moving side. The sporadic activity levels made it extremely difficult to control labor costs. To maintain the skilled drivers needed, they need to be compensated even when weather prohibited billing their time. As such, costs in the Transportation segment increased to 84.8% of revenue from 69% in the prospectus. Added capacity prior to the slowdown also impacted this segment hard due to the higher portion of operating lease financing in this segment.

The Civil segment remained almost the same with costs increasing to 67.6% of revenue from 67.5%. Volume throughput increases offset cost increases as a result of winter work conditions.

The Rental segment costs increased to 49.5% of revenue from 43.6% in the prospectus. A slowdown in December as a result of general Christmas shutdowns by clients and the impact of additional operating leases contributed to the cost increase.

EBITDA

EBITDA for the period ended December 31, 2006 was $12,095,306.[1] This represents an EBITDA margin of 25.9%.[2]

[1] EBITDA is calculated as net earnings of $3,378,702 plus interest expense of $272,775 less interest income of $87,431, less gain on disposal of assets of $78,197 plus amortization of property and equipment and amortization of intangible assets of $8,609,457.
[2] EBITDA Margin is a fraction of which EBITDA of $12,095,306 is the numerator and revenue of $46,735,994 is the denominator.

AMORTIZATION OF PROPERTY AND EQUIPMENT

The Trust began providing amortization on its property and equipment assets from the date of acquisition of the Acquired Companies. Amortization for the period ending December 31, 2006 was $5,824,359. Amortization is applied to reduce the value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually or on an actual usage basis. Management assesses the carrying amount of property and equipment assets for impairment and, if impairment is determined, a writedown to the asset's fair value is recognized during the period.

AMORTIZATION OF INTANGIBLE ASSETS

Intangible assets, consisting of acquired customer relationships, brand and trade names, and non-competition agreements are recorded at cost and amortized over their useful lives, which is estimated to be between 5 and 10 years. Intangible assets are regularly evaluated by comparing their applicable estimated future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

INTEREST

Interest expense reflects carrying costs of debt held in the Acquired Companies from date of closing to payout by the Trust including interest and penalties associated with early retirement on lease obligations, interest on capital lease obligations and interest on the revolving equipment loan.

INCOME TAXES

On October 31, 2006, the Minister of Finance (Canada) announced income tax proposals which, if enacted, would modify the taxation of certain flowthrough entities including mutual fund trusts and their unitholders (the "October 31 Proposals"). The October 31 Proposals will apply to a specified investment flowthrough ("SIFT") trust and will apply a tax at the trust level on distributions of certain income from such SIFT trust at a rate of tax comparable to the combined federal and provincial corporate tax rate. These distributions will be treated as dividends to the Trust unitholders.

On December 21, 2006, the Department of Finance (Canada) released draft legislation to implement the October 31 Proposals discussed above. The draft legislation appears to be generally consistent with details included in the October 31 announcement.

It is expected that Petrowest will be characterized as a SIFT trust and as a result would be subject to the October 31 Proposals. The October 31 Proposals are to apply commencing January 1, 2007 for all SIFT trusts that begin to be publicly traded after October 31, 2006 and commencing January 1, 2011 for all SIFT trusts that were publicly traded on or before October 31, 2006. Subject to the qualification below regarding the possible loss of the four year grandfathering period in the case of undue expansion, it is expected that Petrowest will not be subject to the October 31 Proposals until January 1, 2011.

Under the existing provisions of the Income Tax Act, Petrowest can generally deduct, in computing its income for a taxation year, any amount of income that it distributes to unitholders in the year and, on that basis, Petrowest is generally not liable for any material amount of tax.

Pursuant to the October 31 Proposals, commencing January 1, 2011, (subject to the qualification below regarding the possible loss of the four year grandfathering period in the case of undue expansion), Petrowest will not be able to deduct certain of its distributed income (referred to as specified income). Petrowest will become subject to a distribution tax on this specified income at a special rate estimated to be 31.5%.

Petrowest may lose the benefit of the four year grandfathering period if Petrowest exceeds the limits on the issuance of new trust units and convertible debt that constitute normal growth during the grandfathering period (subject to certain exceptions). The normal growth limits are calculated as a percentage of Petrowest's market capitalization of $248.9 million on October 31, 2006 as follows: 40 percent for the period November 1, 2006 to December 31, 2007, 20 percent for each of 2008, 2009 and 2010. Unused portions may be carried forward until December 31, 2010.

Pursuant to the draft legislation, the distribution tax will only apply in respect of distributions of income and will not apply to returns of capital.
If the October 31 Proposals are implemented, it is expected that the imposition of tax at the Petrowest Trust level under the October 31 Proposals will materially reduce the amount of cash available for distributions to unitholders.

NET INCOME

Net income for the period ended December 31, 2006 was $3,378,702. This represents earnings per unit of $0.12, basic and fully diluted.

RECONCILIATION OF NET EARNINGS TO EBITDA AND DISTRIBUTABLE CASH

Management views distributable cash as an operating performance measure, as it is a measure generally used by Canadian income funds as an indicator of financial performance. As the Trust will distribute substantially all of its cash on an ongoing basis (after providing for certain amounts described below) and since EBITDA (as defined in "Non-GAAP Measures") are metrics used by many investors to compare issuers on the basis of their ability to generate cash from operations, management believes that, in addition to net earnings, EBITDA is a useful supplemental measure from which to make adjustments to determine distributable cash. The estimate of distributable cash has been prepared using assumptions which management believes are reasonable and supportable, all of which reflect the Partnerships planned course of action given management's judgment about the most probable set of economic conditions.

$000s	For the period ended December 31, 2006
Net Earnings	3,379
Interest	273
Amortization of property and equipment	5,824
Amortization of intangibles	2,785
Interest income	(87)
(Gain) on disposal of property and equipment	(78)
EBITDA	12,096
Unit based compensation	358
Interest	(273)
Maintenance capital expenditures reserve (1)	(500)
Distributable Cash	11,681

RECONCILIATION OF CASH FLOW FROM OPERATIONS TO DISTRIBUTABLE CASH

$000s	For the period ended December 31, 2006
Cash flow from operations	3,990
Changes in non-cash working capital items	8,278
	12,268
Interest income	(87)
Maintenance capital expenditures reserve (1)	(500)
Distributable Cash	**11,681**
Combined total distributions paid or payable	**10,650**
Payout ratio(2) – combined unitholders	**91.2%**

(1) *The Trust charges to expense all regular ongoing maintenance expense. "Maintenance capital expenditures" is defined as the amount incurred or reserved during the period to conduct infrequent overhauls of equipment. The amount will fluctuate from period to period.*

(2) *Payout ratio is a fraction of which distributions paid or payable of $10,650,380 is the numerator and distributable cash of $11,680,515 is the denominator.*

SUSTAINABLE CASH FLOWS

In the calculation of distributable cash management has allowed for a current reserve for additional sustaining capital of $500,000 for the four months ended to December 31, 2006. Management believes that the approximately $18 million in capital expenditures incurred in the period for the replacement of older equipment and increase in capacity, provide the Trust with the capacity to sustain operations into 2008 without the need for any significant additional sustaining capital expenditures. The reserve is being provided for based on that fact that, though less likely, even relatively new equipment can require a major overhaul.

Further, growth expansion expenditures to the end of 2007 have been largely completed as well. The recent softening of demand in the oil and gas services sector has resulted in a delay of expansion plans as they relate to new capital additions. The majority of initially planned equipment acquisitions for 2007 have been delayed in all segments except in the gravel crushing operations of the Civil segment. This operation has secured contracts out to 2008 and requires additional capacity to fulfill these contracts.

Cash provided from operations

Excluding the effects of changes in non-cash working capital items, cash flow from operations for the period ended December 31, 2006 was $12,267,946.

The Trust believes that cash provided from operations combined with its strategy of financing certain capital asset acquisitions, (specifically those assets with shorter economic lives) with short term operating leases will sustain liquidity, minimize maintenance capital expenditure costs, sustain distributions, provide capital for growth and ensure productive capacity can be maintained.

Cash provided from financing activities

Cash from financing activities in the net amount of $129,627,957 were provided from the initial public offering and subscription of subordinated trust units. Costs of the initial public offering were $11,982,043.

Cash was also provided by the drawdown of the Trust's operating line of credit in the amount of $15,000,000. These funds were used for the purchase of equipment.

Cash provided from investing activities

Investment activities consisted of the acquisition of the Acquired Companies and associated transfer of assets on closing, the retirement of the Acquired Companies' debts and the purchase of new assets for use in the Trust.

PAYOUT RATIO

Petrowest's payout ratio for the period December 31, 2006 was 91.2%. In addition to the general softening of the energy services market and the decline in our activity levels caused thereby, our payout ratio for the period ended December 31, 2006 was affected by inclement weather that adversely affected activities and non-recurring expenses relating to integration and start-up. In spite of this, Petrowest closes the 2006 year in a very strong financial position, capacity increase in all business segments and low anticipated 2007 maintenance capex requirements.

ACCRUED DISTRIBUTIONS

Distributions paid to year end by the Trust to unitholders are as follows:

- To unitholders of record on October 31, 2006 and paid November 15, 2006 in the amount of $0.17667 per Trust unit.
- To unitholders of record on November 30, 2006 and paid December 15, 2006 in the amount of $0.10 per Trust unit

In addition the Trust has accrued distributions to Trust unitholders in the amount of $0.10 per trust unit to unitholders of record as at December 31, 2006 in the amount of $2,676,509. This distribution was paid on January 15, 2007. Also accrued was $568,772 payable to Subordinated unitholders from September 7, 2006 to December 31, 2006 in the cumulative amount of $0.37667.

Future distributions and the actual payout ratio will be at the discretion of the Board of Directors of Petrowest Energy Services General Partner Ltd. and may vary depending on the current and anticipated level of activity in the energy services industry as well as the operational performance of the various partnerships.

PROPERTY AND EQUIPMENT EXPENDITURES

Property and equipment assets recorded on the acquisition of the Acquired Companies have been recorded at the estimated fair market value of the assets at the date of acquisition. The principal assets acquired as at the date of the acquisition includes a large fleet of heavy equipment including, dozers, tracked hoe excavators, loaders, graders, scrapers, articulated rock trucks, gravel crushing equipment, and heavy haul trucks and trailers.

Property and equipment asset acquisitions incurred after the acquisition of the Acquired Companies are recorded at cost. The Trust added more than 10% capacity in the Construction segment with 11 new pieces of equipment, 20% to Transportation with 18 mobile transport units, 20% throughput increases to the gravel crushing operations of the Civil segment and more than 50% to Rentals with 35 new pieces of equipment added. The acquisition of the additional capacity has been funded by a combination of debt and operating leases.

CONTRACTUAL OBLIGATIONS – PAYMENTS DUE BY PERIOD

	As at December 31, 2006				
$000s	**< 1 year**	**1 - 3 Years**	**4 - 6 Years**	**Thereafter**	**Total**
Bank Indebtedness[1]	-	15,000	-	-	15,000
Obligations under Capital leases[2]	87	169	-	-	256
Operating Leases on Equipment [3]	7,691	12,573	1,015	Nil	21,279
Operating Leases on Offices, Shop and yards [3]	1,588	4,619	1,515	Nil	7,722
TOTAL	9,366	32,361	2,530	Nil	44,257

Notes

(1) Bank Indebtedness is described under Note 8 to the December 31, 2006 Consolidated Financial Statements.

(2) Obligations under Capital leases *is described under Note 9 to the December 31, 2006 Consolidated Financial Statements.*

(3) Operating lease obligations are described under Note 10 to the December 31, 2006 Consolidated Financial Statements.

LIQUIDITY

Working Capital

$000s	As at December 31 2006
Cash	9,312
Accounts receivable	38,498
Prepaid expenses and deposits	1,517
Inventory	3,454
Accounts payable and accrued liabilities	(20,296)
Distributions payable	(3,245)
Purchase price adjustment	(6,422)
Current portion of obligations under capital leases	(87)
Working capital	22,731

Working capital at December 31, 2006 was $22,730,672. This represents a working capital ratio of 1.76 : 1.

Working capital acquired from the Acquisitions was approximately $21 million. In the four months of operations there has been an increase of approximately $1.7 million in working capital balances. Management anticipates that working capital requirements over the balance of 2007 are sustainable from operations and net working capital will remain reasonably consistent.

Purchase price adjustment

The Acquisitions have been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. The purchase price valuations have been finalized subsequent to year end for all companies except for Northern Tractor Sales and Rentals Co. Ltd. and Fitzpatrick Co. Ltd. (collectively, "Northern Tractor"). The financial statements reflect the settled valuations for all companies with the exception of Northern Tractor. The final purchase price of Northern Tractor has been recorded based on management's best estimates, and is subject to change.

The accrued purchase price adjustment relates to net working capital acquired on the Acquisitions and includes cash, accounts receivable, inventory, prepaid expenses, income taxes recoverable, bank indebtedness, accounts payable and accrued liabilities and income taxes payable. The purchase price was affected by the changes in working capital, shareholder loans and long-term debt from the date specified in the purchase and sale agreement to the date of closing. Changes in the balances for these items as the Trust realized on the value of working capital assets, has affected the net consideration paid by the Trust to the owners which is estimated to be $4,366,236. As the Trust realizes on the settlement of the various assets acquired this accrual is subject to change.

There is currently a dispute with Northern Tractor associated with the valuation of certain working capital items and the valuation of redundant assets retained by the vendor. The total disputed amount is $3,694,038. Arbitration of these amounts is expected to occur prior to the end of the third quarter of 2007 and adjustments required, if any, may be material.

BANK INDEBTEDNESS

The Trust has a $60 million operating line of credit facility available for growth capital, acquisition and working needs. Loan security is provided by a first charge debenture, a general security agreement and a general assignment of book debts. No principal repayments are required until 90 days after the end of the term of the loan. Principle is then repayable in twelve equal quarterly installments over 36 months. Interest is payable monthly at rates between prime and prime + 1.0% depending on the Trust's debt to EBITDA ratio. Current debt levels require payment of interest at prime.

As at December 31, 2006 the Trust had drawn $15,000,000 on its credit facility for use in the acquisition of equipment. The full amount has been classified a long term as the first quarterly installment payment if requested at the end of the term in November of 2007, would not be due until February of 2008.

UNITHOLDERS' EQUITY

The Trust is authorized to issue an unlimited number of Trust Units. Prior to the conversion of the Subordinated Units, holders of Trust Units will be entitled to receive per month distributions in priority to any payments on the Subordinated Units.

The Trust is authorized to issue an unlimited number of Subordinated Units. Distributions on the Subordinated Units will be subordinated in favour of Trust Units. Distributions on the Subordinated Units will only be paid at the end of a fiscal quarter to the extent that: (i) the Trust has paid distributions per month of at least $0.10 per Trust Unit to holders of Trust Units during that quarter, and, (ii) any deficiency in such distributions to holders of Trust Units during the preceding 12 months has been satisfied.

The Trust is authorized to issue an unlimited number of Special Voting Units which are not entitled to any distributions. No Special Voting Units have been issued to date.

Issued	**Outstanding**	**$000's**
Trust Units issued for cash net of issue costs	14,000,000	128,118
Trust Units issued on acquisitions (note 4)	12,765,094	127,651
Total Units	26,765,094	255,769
Subordinated Units		
Issued for cash	1,510,000	1,510
Issued for promissory notes	-	3,020
Less: Amount issued for promissory notes	-	(3,020)
Basic and Fully Diluted	28,275,094	257,279

Trust Units were issued on closing of the initial public offering on September 7, 2006 at a price of $10.00 per unit. Trust issue costs in conjunction with the offering were $11,882,043.

Prior to the IPO, the Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that may be forgiven at the option of the Trust over three years if the subscriber remains as a director, officer or employee of Petrowest.

FINANCIAL INSTRUMENTS

Fair values of financial assets and liabilities

Petrowest's financial instruments consist of cash, accounts receivable, accounts payable and accrued liabilities, purchase price adjustment payable, distributions payable, obligations under capital leases and bank indebtedness. The fair value of these financial instruments, with the exception of bank indebtedness and capital lease obligations, approximates their carrying values due to their relatively short term to maturity of the instruments. The fair value of the capital lease obligations is not practicably determinable. The fair value of bank indebtedness approximates carrying values as the interest rates approximate market rates.

Interest Rate Risk

Petrowest is exposed to interest rate risk which bears fixed and variable rates of interest through its capital lease obligations and bank indebtedness.

Credit Risk

Petrowest is exposed to credit risk on accounts receivables due from its customers. Management routinely assesses the financial strengths of customers and monitors exposure for credit losses.

New CICA handbook requirements in regard to financial instruments come into effect in 2007. The impact of these measures will impact disclosure of financial instruments of the Trust including loans and receivables, trading assets and liabilities, debt securities, equity securities, non-trading liabilities and non-hedging derivatives. The Trust has not yet fully completed its evaluation of the new standards, nor the impact the adoption of these pronouncements will have on the Trust's financials statements.

RELATED PARTY TRANSACTIONS

Petrowest paid rents for office space for a building owned by an executive officer of Petrowest in the amount of $58,721. Prior to period end the company exercised its option to purchase the office building for the sum of $854,393.

Petrowest paid rents for office and shop space under leases entered into with certain former vendors in the amount of $453,921. Future lease commitments associated with the transactions are included in note 13 to the financial statements.

Transactions were estimated to equal fair market value.

CRITICAL ACCOUNTING ESTIMATES AND ACCOUNTING POLICIES

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimates in Petrowest's financial statements are the amortization period for property and equipment, valuation of assets in the purchase equation, assumptions used in the binomial valuation methodology and recoverability of accounts receivable.

Petrowest is made up of various subsidiaries and limited partnerships which for the purposes of these financial statements have been consolidated to reflect the operations relating to Petrowest. These financial statements are stated in Canadian dollars and have been prepared by the management of Petrowest in conformity with Canadian generally accepted accounting principles ("GAAP").

a) Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

b) Inventory

Inventory consists of gravel, spare equipment parts, tires, materials and supplies and is valued at the lower of cost and net realizable value with the cost being determined on a first-in, first-out basis.

c) Property and Equipment

Property and equipment assets recorded on the acquisition of the Acquired Companies have been recorded at the estimated fair market value of the assets at the date of acquisition. Property and equipment asset acquisitions incurred after the acquisition of the Acquired Companies are recorded at cost.

Amortization is applied to reduce the value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually.

Buildings, portable buildings and fencing	2%-10%
Heavy equipment	5%-25%
Vehicles	25%-35%
Trailers	5%-25%
Equipment	15%-40%
Office furniture and equipment	20%-30%
Communications, computer hardware and software	30%-60%
Equipment under capital lease	20%-67%
Leasehold improvements	Lease term

Management assesses the carrying amount of property and equipment assets for impairment when facts and circumstances indicate a potential impairment. If it is determined the estimated net recoverable amount, measured by either fair value, if applicable, or estimated by calculating the present value of expected cash flows from the asset, is less than the net carrying amount, a write-down to the asset's fair value is recognized during the period.

d) Equipment under construction

Certain rig up and modifications are required to capital assets prior to the asset being placed in service. Amortization is recorded from the date the asset is placed in service.

e) Goodwill

Goodwill represents the excess of purchase price of the Acquired Companies over the fair value of net assets acquired and liabilities assumed. The goodwill balance is assessed for impairment annually at year-end or as events occur that could result in impairment. Impairment is recognized based on the fair value of the business segment compared to the book value of the business segment. If the fair value of the business segment is less than the book value, impairment is measured by allocating the fair value of the segment to the identifiable assets and liabilities as if the Trust has been acquired in a business combination for a purchase price equal to its fair value. The excess of the fair value of the segment over the amounts assigned to the identifiable assets and liabilities is the implied value of the goodwill. Any excess of the book value of goodwill over the implied value of goodwill is the impairment amount. Impairment is charged to earnings and is not tax affected, in the period in which it occurs. Goodwill is stated at cost less impairment and is not amortized.

f) Intangible assets

Intangible assets, consisting of acquired customer relationships, brand and trade names and non-competition agreements are recorded at cost and amortized over their useful lives on a straight line basis, which is estimated to be between 5 and 10 years. Intangible assets are regularly evaluated by comparing their applicable estimated present value of future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

g) Revenue recognition

Petrowest's services are generally sold based upon contractual agreements or purchase orders with the customer that include fixed or determinable prices. Revenue in each of the Trust's operating segments is recognized when services are rendered or over the rental period and when collection can be reasonably assured.

h) Use of estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, stock based compensation and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant. These estimates are reviewed periodically and as adjustments become necessary they are reported in earnings in the period in which they become known. Such estimates including providing initial valuation of assets on the acquisition of the Acquired Companies, amortization of property and equipment and intangible assets, recoverability of accounts receivable, valuation of intangible assets and goodwill are the areas most subject to estimation. Actual results could differ from these estimates.

i) Income taxes

Petrowest, and its operating entities, are taxable entities under the Income Tax Act of Canada; however they are currently taxable only on income that is not distributed or distributable to the unitholders. As the Trust currently distributes all of its taxable income to the unitholders, no provision for income taxes has been made in these consolidated financial statements. Recent proposed changes to the Income Tax Act of Canada will result in a change to the status of Trust with respect to income taxes being levied on distributions.

On December 21, 2006 the Minister of Finance released for comment draft legislation concerning the taxation of certain publicly traded income trusts and partnerships with the exception of real estate investment trusts and, as a result, these entities will in effect be taxed as corporations on the amount of the non-deductible distributions. For entities such as the trust that were publicly traded on October 31, 2006, the proposed rules, if passed into law, would not apply until 2011 provided the Trust does not violate the guidelines on "normal growth" as provided by the Minister. The amount of future income taxes to be recognized at the date of substantive enactment would be based on existing temporary differences that are expected to reverse after 2011, when the new tax rules take effect. The amount of future income taxes to be recognized at the date of substantive enactment would be based on existing temporary differences that are expected to reverse after 2011, when the new tax rules take effect.

j) Stock based compensation

Options to purchase Trust Units granted under the Unit Option Plan are described in Note 10 of the Trust's financial statements. Unit based compensation is recognized in accordance with the fair-value based method of accounting. Compensation expense for unit options awarded under the plan is measured at estimated fair value at the grant date. This is done using a binomial valuation model and is recognized as unit-based compensation expense over the vesting period of the options granted.

k) **Per Unit amounts**

Basic per unit amounts are calculated using the weighted average number of Trust Units outstanding during the period. Diluted per unit amounts are calculated by adding potentially dilutive option units to the weighted average number of Trust Units outstanding during the period. Basic and diluted amounts are calculated using the treasury stock method. Potentially dilutive option units are only considered dilutive and added if, and to the extent that they are "in the money". Under this method, the diluted weighted average number of units is calculated assuming the proceeds for the exercise of the dilutive option units are purchased at the average market price for the period.

KEY RISKS AND UNCERTAINTIES

Volatility of Industry Conditions

The demand, pricing and terms for energy services largely depend upon the level of industry activity for Canadian natural gas and, to a lesser extent, oil exploration and development. Industry conditions are influenced by numerous factors over which Petrowest will have no control, including: the level of oil and gas prices; expectations about future oil and gas prices; the cost of exploring for, producing and delivering oil and gas; the expected rates of declining current production; the discovery rates of new oil and gas reserves; available pipeline and other oil and gas transportation capacity; worldwide weather conditions; global political, military, regulatory and economic conditions; and the ability of oil and gas companies to raise equity capital or debt financing.

The level of activity in the Canadian oil and gas exploration and production industry is volatile. No assurance can be given that expected trends in oil and gas production activities will continue or that demand for energy services will reflect the level of activity in the industry. Any prolonged substantial reduction in oil and natural gas prices would likely affect oil and gas production levels and therefore affect the demand for services to oil and gas customers. A material decline in oil or gas prices or Canadian industry activity could have a material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributions to unitholders.

Seasonality

In Canada, the level of activity in the energy services industry is influenced by seasonal weather patterns. Spring breakup during the second quarter leaves many secondary roads temporarily incapable of supporting the weight of heavy equipment, which results in severe restrictions in the level of energy services. The duration of this period will have a direct impact on the level of Petrowest's activities. Spring breakup occurs earlier in the year in southeastern Alberta than it does in northern Alberta and British Columbia. The timing and duration of spring breakup are dependant on weather patterns but it generally occurs in April and May. Additionally, if an unseasonably warm winter prevents sufficient freezing, Petrowest may not be able to access well sites and its operating results and financial condition may therefore be adversely affected. The demand for energy services may also be affected by the severity of the Canadian winters. In addition, during excessively rainy periods, equipment moves may be delayed, thereby adversely affecting revenues. The volatility in the weather and temperature can therefore create unpredictability in activity and utilization rates, which can have a material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributable income to be distributed to unitholders.

Capital Expenditures

Petrowest operates in a capital intensive business. There can be no assurance that the actual capital costs incurred by Petrowest will not be higher than anticipated. In particular, Petrowest will be subject to capital costs that it has little control over, including, but not limited to, the cost of the equipment required by Petrowest's business. Any material increase in capital costs may materially affect Petrowest's business, financial conditions, results of operations and cash flows, and therefore the distributable income to be distributed to Unitholders.

Changes in Legislation

There can be no assurance that income tax laws and other governmental programs relating to the oil and gas industry and the energy services industry, such as the status of mutual fund trusts, will not be changed in a manner which adversely affects unitholders. Recent proposed changes to the Income Tax Act of Canada will result in a change to the status of Trust with respect to income taxes being levied on distributions after January 1, 2011.

Absence of Financial History

The Trust has only been carrying on business as a consolidated entity since September 7, 2006, the date the Acquired Companies were acquired by the Trust. As such, management has had limited time to integrate the financial controls and procedures of the Trust with the Acquired Companies. Difficulties in integrating the financial controls and procedures and deficiencies in financial and internal controls and procedures in respect of the Acquired Companies may have a negative effect on the Trust and its operations.

Additional risks are detailed in the Trust's prospectus dated August 28, 2006 which is available in electronic form at www.sedar.com and will be detailed in the Trust's Annual Information Form which will be available in electronic form at www.sedar.com after March 31, 2007.

FINANCIAL DISCLOSURES

The Chief Executive Officer and the Chief Financial Officer evaluated the effectiveness of Petrowest's disclosure controls and procedures for the period ending December 31, 2006. This evaluation considered the functions performed by its Disclosure Committee, the review and oversight of all executive officers and the board, as well as the process and systems in place for filing regulatory and public information. Petrowest's established review process and disclosure controls are designed to ensure that all required information, reports and filings required under Canadian securities legislation are properly submitted and recorded in accordance with those requirements over financial reporting as of December 31, 2006 pursuant to the requirements of Multilateral Instrument 52-109 of the Canadian Securities Administrators.

In the course of less than four months, Petrowest has integrated nine private companies and completed the data conversion of the existing accounting systems within the Acquired companies to a common accounting system platform. All nine entities were live on the new accounting platform as at January 1, 2007.

As part of the Trust's transition from nine owner managed control environments that existed in the Acquired Companies to an acceptable public company control environment, the Trust engaged third party consultants to assist with the design, documentation and testing of original internal control systems, new proposed improvements, interim measures during the conversion and planned implementation on completion of the conversion. By their nature certain planned controls, or controls that would exist on completion of the data conversion, could not be tested because they were not fully operational at the time of testing.

In light of management's review, and the results of findings by third party consultants, Petrowest has concluded that as of December 31, 2006 the following weaknesses existed in the design of internal controls over financial reporting. These weaknesses should also be considered in the Trust's disclosure controls and procedures.

Entity controls

While the Board of Directors of the Trust has adopted a Whistle Blower Policy and is in the final stages of completing a Code of Conduct, only an informal distribution of both policies have been made to business unit management and certain employees. No formal plan has as yet been developed to train all existing employees and new hires on the contents of both policies.

Management and the Board of Directors have indicated their intent to have a training program for existing employees and new hire training program in place by mid 2007 including evidence of both policies on the corporate web page and in new hire packages.

Financial reporting controls

The Trust does not currently have an adequate segregation of duties within the finance function due to the relatively short time frame in bringing all the nine operational entities together since September of 2006. As a result there has been no independent review of more complex areas of accounting and certain accounting estimates prepared by the CFO.

Segregation of duties will be improved through implementing certain suggested internal control design improvements recommended from the third party consultants. To help ensure quality financial reporting, the external auditors of the Trust will be engaged to review the future interim financial statements.

Operational controls

While written procedures documentation, authorization limits, checklists, memos, verbal instructions and formal training has been given to staff and management responsible for the processes and procedures associated with billings, reconciliations, purchasing, cutoff, journal entries and the review and approvals of these transactions, there is evidence in some instances of incomplete documentation that the review and approvals have been performed. In addition, during the conversion process over the last four months, a lack of segregation of duties existed within the finance function in respected to the initiation and recording of certain non recurring journal entries.

While in these instances, management has satisfied itself that it is a lack of documentation of the control rather than lack of existence of the control itself, management intends to provide additional training with respect to the new process and continue to monitor major expenditure items.

Notwithstanding the weaknesses identified, based on the evaluation performed, the CEO and CFO concluded that the design and operation of the Trust's disclosure controls and procedures were effective as at December 31, 2006 to ensure that information required to be disclosed by the Trust in reports filed under Canadian securities laws is gathered, recorded, processed, summarized and reported within the time periods specified under Canadian securities laws and is accumulated and communicated to management, including the CEO and CFO, to allow timely decisions regarding required disclosure as required under Canadian securities laws.

Further, based on the Trust's mitigating procedures, the CEO and the CFO have satisfied themselves that the weaknesses identified have not resulted in material errors in the financial statements. Management and the Board of Directors are committed to transparency and completeness of financial reporting and disclosure. The existence of the identified control weaknesses need not necessarily be interpreted as evidence of a lack of integrity, of unsound business practices or of unacceptable risks to its shareholders and other related parties.

It should be noted that while Petrowest's principal executive officer and principal financial officer believe that Petrowest's disclosure controls and procedures provide a reasonable level of assurance that they are effective, they do not expect that Petrowest's disclosure controls and procedures or internal control over financial reporting will prevent all errors and fraud. A control system, no matter how well conceived or operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met.

Internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

OUTLOOK

The natural gas exploration activity slowdown that began in late 2006 and continues so far in 2007 is expected to continue until such time as natural gas storage issues are more properly defined and some measure of pricing predictability can be determined. The expert consensus seems to be that current North American economic growth will continue to fuel an increasing demand for natural gas, and the steep production declines in existing producing wells will result in a strengthening of natural gas pricing and a stabilization of natural gas storage parameters. This combined with the current relatively high prices of oil and the stability of oil drilling activity will not result in a prolonged slowdown. As such, management anticipates the start of higher levels of activity toward the end of the summer of 2007 and positive growth in exploration and development activity in 2008.

Petrowest has established a solid core base of operations acquiring some of the "best in class" companies in the Grande Prairie region. These are companies that were able to grow their businesses even in the down cycles of the past. We are committed to continue with our growth plan and believe that it can continue to be realized in spite of the current slowdown and the recent announcements by the government with respect to the operations of trusts.

Petrowest has a strong balance sheet with over $22.7 million in positive working capital, including over $9.3 million in cash balances. The Trust has less than $15.2 million in term debt against this working capital and has an additional unused available debt facility of $45 million. The Trust has added over $18 million in capital assets and increased operating capacity between 10% to 50% in each of its business segments. The additions and capacity increases will sustain operations into 2008 without the requirement for significant additional maintenance capex expenditures, and the unused term debt facility will fulfill the short term needs of growth capital and potential acquisitions.

Petrowest's management believes that its current marketing focus in remediation, infrastructure and oil sands development combined with the Trust's experienced management, additions to capacity, current growth plans, and strong financial position will allow the Trust to capitalize on opportunities and sustain current operations and returns to investors throughout the expected short-term slowdown.

ADDITIONAL CORPORATE INFORMATION

Additional information relating to the Trust including the Trust's Annual Information Form, can be found on SEDAR at www.sedar.com and on the Trust's website at www.Petro-west.com

MANAGEMENT'S REPORT TO UNITHOLDERS

MANAGEMENT'S RESPONSIBILITY TO UNITHOLDERS

The financial statements are the responsibility of the management of Petrowest Energy Services Trust. They have been prepared in accordance with generally accepted accounting principles, using management's best estimates and judgments, where appropriate.

Management is responsible for the reliability and integrity of the financial statements, the notes to the financial statements, and other financial information contained in this report. In the preparation of these statements, estimates are sometimes necessary because a precise determination of certain assets and liabilities is dependent on future events. Management believes such estimates have been based on careful judgments and have been properly reflected in the accompanying financial statements.

Management is also responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control. The Board is assisted in exercising its responsibilities through the Audit Committee of the Board, which is composed of three non-management directors. The Committee meets periodically with management and the auditors to satisfy itself that management's responsibilities are properly discharged, to review the financial statements and to recommend approval of the financial statements to the Board.

PricewaterhouseCoopers LLP have audited Petrowest Energy Services Trust's consolidated financial statements in accordance with generally accepted auditing standards and provided an independent professional opinion. The auditors have full and unrestricted access to the Audit Committee to discuss their audit and their related findings as to the integrity of the financial reporting process.

(1) Commercial operations of the Trust commenced September 7, 2006.

1 Nature of the Organization

Petrowest Energy Services Trust ("Petrowest" or the "Trust") is an open-ended unincorporated mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust dated July 6, 2006. Commercial operations of the Trust commenced on September 7, 2006.

Petrowest was created to hold, indirectly, controlling limited partner interests, hold the common shares of the general partner and invest in the businesses noted below. Petrowest is a business trust operating an energy services business through its indirect subsidiaries. Unitholders hold Units of Petrowest which in turn holds a 100% beneficial interest in the Petrowest Business Trust (the "Business Trust"). The Business Trust, via four limited partnerships with Petrowest Energy Services General Partner Ltd. as the general partner, hold the assets of the businesses historically operated by the Acquired Companies defined below. The four limited partnerships are involved in the construction, transportation, civil services and rentals industries.

Pursuant to a prospectus dated August 28, 2006, the Trust issued Units of the Trust and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies. The base purchase price of Acquired Companies was $230,934,992, subject to closing adjustments. The purchase price was funded by payment of $103,284,052 in cash and the issuance of Units by the Trust for proceeds of $127,650,940. The purchase transaction closed on September 7, 2006 and Petrowest began publicly trading on the Toronto Stock Exchange on that same day under the trading symbol PRW.UN.

The acquired assets representing the assets and business operations of the various Acquired Companies were then transferred to the four limited partnerships as follows:

Petrowest Rental Services LP ("Rentals")
Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd.
Neuwest Equipment Rentals Inc.

Petrowest Transportation LP ("Transportation")
404434 Alberta Corporation, 756171 Alberta Corp. and 756169 Alberta Corp.
Murtron Hauling Ltd. and 815431 Alberta Ltd.

Petrowest Construction LP ("Construction")
Roy Larson Construction Ltd.
Gordon Bros. Construction Ltd. and 332691 Alberta Ltd.
310423 Alberta Ltd. operating as Wales Contracting Ltd.

Petrowest Civil Services LP ("Civil")
R. Bee Crushing Ltd., Bernet Venture Ltd. and Dal Finn Holdings Ltd.
Safetymaster Rentals Corp.

(collectively, the "Acquired Companies")

All operations of Petrowest are located in western Canada, primarily in northwestern Alberta and northeastern British Columbia, where Petrowest provides services to the crude oil, oilsand and natural gas exploration and production customers. In addition, Petrowest provides services to the lumber, pulp and paper industries and various municipal, governmental and commercial customers for work on infrastructure development.

2 Summary of Significant Accounting Policies

Petrowest is made up of various subsidiaries and limited partnerships which, for the purposes of these financial statements, have been consolidated to reflect the operations relating to Petrowest. These financial statements are stated in Canadian dollars and have been prepared by the management of Petrowest in conformity with Canadian generally accepted accounting principles ("GAAP").

a) Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

b) Inventory

Inventory consists of gravel, spare equipment parts, tires, materials and supplies and is valued at the lower of cost and net realizable value with the cost being determined on a first-in, first-out basis.

c) Property and Equipment

Property and equipment assets recorded on the acquisition of the Acquired Companies have been recorded at the estimated fair market value of the assets at the date of acquisition. Property and equipment asset acquisitions incurred after the acquisition of the Acquired Companies are recorded at cost.

Amortization is applied to reduce the value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually.

Buildings, portable buildings and fencing	2%-10%
Heavy equipment	5%-25%
Vehicles	25%-35%
Trailers	5%-25%
Equipment	15%-40%
Office furniture and equipment	20%-30%
Communications, computer hardware and software	30%-60%
Equipment under capital lease	20%-67%
Leasehold improvements	Lease term

Management assesses the carrying amount of property and equipment assets for impairment when facts and circumstances indicate a potential impairment. If it is determined the estimated net recoverable amount, measured by either fair value, if applicable, or estimated by calculating the present value of expected cash flows from the asset, is less than the net carrying amount, a write-down to the asset's fair value is recognized during the period.

d) Equipment under construction

Certain modifications are required to capital assets prior to the asset being placed in service. Amortization is recorded from the date the asset is placed in service.

2 Summary of Significant Accounting Policies - continued

e) Goodwill

Goodwill represents the excess of purchase price of the Acquired Companies over the fair value of net assets acquired and liabilities assumed. The goodwill balance is assessed for impairment annually at year-end or as events occur that could result in impairment. Impairment is recognized based on the fair value of the business segment compared to the book value of the business segment. If the fair value of the business segment is less than the book value, impairment is measured by allocating the fair value of the segment to the identifiable assets and liabilities as if the Trust has been acquired in a business combination for a purchase price equal to its fair value. The excess of the fair value of the segment over the amounts assigned to the identifiable assets and liabilities is the implied value of the goodwill. Any excess of the book value of goodwill over the implied value of goodwill is the impairment amount. Impairment is charged to earnings and is not tax affected, in the period in which it occurs. Goodwill is stated at cost less impairment and is not amortized.

f) Intangible assets

Intangible assets, consisting of acquired customer relationships, brand and trade names and non-competition agreements are recorded at cost and amortized over their useful lives on a straight line basis, which is estimated to be between 5 and 10 years. Intangible assets are regularly evaluated by comparing their applicable estimated present value of future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

g) Revenue recognition

Petrowest's services are generally sold based upon contractual agreements or purchase orders with the customer that include fixed or determinable prices. Revenue in each of the Trust's operating segments is recognized when services are rendered or over the rental period and when collection can be reasonably assured.

h) Use of estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, stock based compensation and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant. These estimates are reviewed periodically and as adjustments become necessary they are reported in earnings in the period in which they become known. Such estimates including providing initial valuation of assets on the acquisition of the Acquired Companies, amortization of property and equipment and intangible assets, recoverability of accounts receivable, valuation of intangible assets and goodwill are the areas most subject to estimation. Actual results could differ from these estimates.

2 Summary of Significant Accounting Policies - continued

i) Income taxes

Petrowest and its operating entities are taxable entities under the Income Tax Act of Canada; however, they are currently taxable only on income that is not distributed or distributable to the unitholders. As the Trust currently distributes all of its taxable income to the unitholders, no provision for income taxes has been made in these consolidated financial statements. Recent proposed changes to the Income Tax Act of Canada will result in a change to the status of Trust with respect to income taxes being levied on distributions.

On December 21, 2006 the Minister of Finance released for comment draft legislation concerning the taxation of certain publicly traded income trusts and partnerships with the exception of real estate investment trusts and, as a result, these entities will in effect be taxed as corporations on the amount of the non-deductible distributions. For entities such as the Trust that were publicly traded on October 31, 2006 the proposed rules, if passed into law, would not apply until 2011 provided the Trust does not violate the guidelines on "normal growth" as provided by the Minister. The amount of future income taxes to be recognized at the date of substantive enactment would be based on existing temporary differences that are expected to reverse after 2011, when the new tax rules take effect.

j) Stock based compensation

Options to purchase Trust Units granted under the Unit Option Plan are described in Note 10 of these financial statements. Unit based compensation is recognized in accordance with the fair-value based method of accounting. Compensation expense for unit options awarded under the plan is measured at estimated fair value at the grant date. This is done using a binomial valuation model and is recognized as unit-based compensation expense over the vesting period of the options granted.

k) Per unit amounts

Basic per unit amounts are calculated using the weighted average number of Trust Units outstanding during the period. Diluted per unit amounts are calculated by adding potentially dilutive option units to the weighted average number of Trust Units outstanding during the period. Basic and diluted amounts are calculated using the treasury stock method. Potentially dilutive option units are only considered dilutive and added if, and to the extent, that they are "in the money". Under this method, the diluted weighted average number of units is calculated assuming the proceeds for the exercise of the dilutive option units are purchased at the average market price for the period.

3 Seasonality

Petrowest's operations are in northern Alberta and northeast British Columbia. Accordingly, the operations are susceptible to the impacts of the seasons. Quarter one is in the winter months and is subject to frozen conditions, periods of extreme cold and snow. This is typically an extremely busy quarter for oil and gas exploration and development as drilling activity focuses on areas located in muskeg and swamp type conditions not normally accessible in a non-frozen state. Quarter two is generally the slowest period for Petrowest's operations. Spring time melt conditions result in soft, wet ground generally referred to as spring breakup, and the implementation of road bans which prevent heavy load transportation on roadways. Quarter

3 Seasonality - continued

three encompasses the summer months, and Petrowest's activity is average with work relating to oil and gas projects in areas that do not entail access through muskeg. Quarter four starts out similar to the summer activity and ramps up as the ground freezes and access is permitted.

4 Acquisitions

Pursuant to a prospectus dated August 28, 2006, Petrowest issued Units of the Trust and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies listed below (the "Acquisitions"). The estimated purchase price of Acquired Companies calculated as the base purchase price plus working capital less debt was $230,934,992, subject to post closing adjustments for actual working capital and debt and the sale of redundant assets. The purchase price was funded by an initial payment of $103,284,052 in cash and the issuance of Units by the Trust for proceeds of $127,650,940. In conjunction with Acquisitions, all debt and capital lease obligations were repaid by Petrowest through the use of proceeds from the offering.

Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd.
Neuwest Equipment Rentals Inc.
404434 Alberta Corporation, 756171 Alberta Corp. and 756169 Alberta Corp.
Murtron Hauling Ltd. and 815431 Alberta Ltd.
Roy Larson Construction Ltd.
Gordon Bros. Construction Ltd. and 332691 Alberta Ltd.
310423 Alberta Ltd. operating as Wales Contracting Ltd.
R. Bee Crushing Ltd., Bernet Venture Ltd. and Dal Finn Holdings Ltd.
Safetymaster Rentals Corp.

The Acquisitions have been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. The purchase price valuations have been finalized subsequent to year end for all companies except for Northern Tractor Sales and Rentals Co. Ltd. and Fitzpatrick Co. Ltd. (collectively, "Northern Tractor"). The financial statements reflect the settled valuations for all companies with the exception of Northern Tractor. The final purchase price of Northern Tractor has been recorded based on management's best estimates, and is subject to change. A preliminary allocation of the consideration is as follows:

Net assets acquired	**$000's**
Cash acquired on acquisition	6,115
Accounts receivable	37,648
Prepaid expenses	680
Inventories	4,158
Accounts payable and accrued liabilities	(27,376)
Income taxes payable	(215)
Property and equipment	82,699
Intangibles	56,223
Goodwill	98,068
Total	258,000

4 Acquisitions - continued

Consideration given for value of shares and shareholder loans of acquired companies	
Net cash to vendors	103,284
Cash repayment of working capital adjustments	(2,055)
Purchase price adjustment	6,422
Retirement of long-term debt and capital lease obligations	22,698
	130,349
Trust Units (12,765,094 units issued)	127,651
Total	258,000

Net working capital acquired on the Acquisitions includes cash, accounts receivable, inventory, prepaid expenses, income taxes recoverable, bank indebtedness, accounts payable and accrued liabilities and income taxes payable. The purchase price was affected by the changes in working capital, shareholder loans and long-term debt from the date specified in the purchase and sale agreement to the date of closing. Changes in the balances for these items as the Trust realized on the value of working capital assets has affected the net consideration paid by the Trust to the owners which is estimated to be $4,366,236.

There is currently a dispute with Northern Tractor associated with the valuation of certain working capital items and the valuation of redundant assets retained by the vendor. The total disputed amount is $3,694,038. Arbitration on these amounts is expected to occur prior to the end of the third quarter of 2007 and adjustments required to the purchase price, if any, may be material.

On December 7, 2006 the Trust, in a secondary transaction, acquired specific equipment assets from two of the former vendors. These assets were acquired at estimated fair market value for a total of $13,194,116.

5 Property and Equipment

	Cost	$000's Accumulated Amortization	Net Book Value
Buildings, portable buildings and fencing	3,384	100	3,284
Heavy equipment	79,712	4,625	75,087
Equipment under capital lease	256	9	247
Vehicles	2,561	280	2,281
Trailers	7,746	319	7,427
Equipment	2,282	341	1,941
Office furniture and equipment	171	23	148
Communications, computer hardware and software	445	25	420
Leasehold improvements	47	1	46
Total	96,604	5,723	90,881

6 Intangible Assets

	Cost	$000's Accumulated Amortization	Net Book Value
Non Competition Agreements	26,786	1,688	25,098
Brand and Trade Names	5,387	339	5,048
Customer Relationships	24,050	758	23,292
Total	56,223	2,785	53,438

7 Revolving Equipment Loan

The Trust has a $60 million credit facility available for growth capital, acquisition and working capital needs. Loan security is provided by a first charge debenture, a general security agreement and a general assignment of book debts. No principal repayments are required until 90 days after the end of the term of the loan. Principle is then repayable in twelve equal quarterly installments over 36 months. Interest is payable monthly at rates between prime and prime + 1.0% depending on the Trust's debt to EBITDA ratio. The term "EBITDA" is defined as: earnings before interest expenses net of interest income, gain on disposal of assets, amortization of property and equipment and amortization of intangible assets.

Current debt levels require payment of interest at prime.

As at December 31, 2006 the Trust had drawn $15,000,000 on its credit facility for use in the acquisition of equipment. The full amount has been classified as long term as the first quarterly installment payment, if requested at the end of the term in November of 2007, would not be due until February 2008.

Principal payments due in the next four years as at December 31, 2006 are as follows:

	$000's
2007	-
2008	5,000
2009	5,000
2010	5,000

8 Obligations Under Capital Leases

	$000's
Capital leases are repayable in monthly payments ranging from $867 to $3,597 per month including interest at rates ranging from 0% to 7.5% and maturing on various dates to 2009	256
Less: Obligations under capital leases due in one year	(87)
	169

Estimated principal repayments as at December 31, 2006 are as follows

2007	87
2008	87
2009	87
	261
Less imputed interest	5
	256

9 Unitholders' Capital

a) Unitholders' Capital
Authorized

The Trust is authorized to issue an unlimited number of Trust Units. Prior to the conversion of the Subordinated Units, holders of Trust Units will be entitled to receive per month distributions in priority to any payments on the Subordinated Units.

The Trust is authorized to issue an unlimited number of Subordinated Units. Distributions on the Subordinated Units will be subordinated in favour of Trust Units. Distributions on the Subordinated Units will only be paid at the end of a fiscal quarter to the extent that: (i) the Trust has paid distributions per month of at least $0.10 per Trust Unit to holders of Trust Units during that quarter, and, (ii) any deficiency in such distributions to holders of Trust Units during the preceding 12 months has been satisfied.

All distributions are subject to general board approval as set out in the Trust Agreement.

The Trust is authorized to issue an unlimited number of Special Voting Units which are not entitled to any distributions. No Special Voting Units have been issued to date.

Issued

	Outstanding	$000's
Trust Units issued for cash net of issue costs	14,000,000	128,118
Trust Units issued on acquisitions (note 4)	12,765,094	127,651
Total Units	26,765,094	255,769
Subordinated Units		
Issued for cash	1,510,000	1,510
Issued for promissory notes	-	3,020
Less: Amount issued for promissory notes	-	(3,020)
Basic and fully diluted	28,275,094	257,279

Trust Units were issued on closing of the initial public offering on September 7, 2006 at a price of $10.00 per unit. Trust issue costs in conjunction with the offering were $11,882,043.

Prior to the IPO, the Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that may be forgiven at the option of the Trust over three years if the subscriber remains as a director, officer or employee of Petrowest.

10 Stock Based Compensation

Petrowest implemented a stock option plan whereby options to acquire Trust Units may be granted to directors, officers, employees and consultants.

The aggregate number of Trust units issuable upon the exercise of options outstanding under the plan at any time may not exceed 10% of the issued and outstanding Trust Units. The period during which an option granted under the Plan is exercisable may not exceed five years from the date such option is granted. The options issued under the Plan vest 1/3 after one year, 1/3 after two years and 1/3 after three years.

10 Stock Based Compensation – continued

As at December 31, 2006	Number of options outstanding	Weighted average exercise price
Granted – September 7, 2006	2,605,000	$10.00
Expired	-	-
Outstanding, December 31, 2006	2,605,000	$10.00
Exercisable, December 31, 2006	-	-

The total value of stock based compensation for options issued to employees and directors was calculated using a binomial option pricing model to estimate the fair value of stock options on the date of grant. The assumptions made for the options granted in 2006 are as follows.

Expected volatility	30 %
Risk-free interest rate	4.5 %
Expected life of options	5 years
Dividend yield	12.0 %

The Trust recorded compensation expense and contributed surplus of $357,984 for the period to December 31, 2006. Compensation expense has been included in general and administrative expenses.

11 Related Party Transactions

Petrowest paid rents for office space for a building owned by an executive officer of Petrowest in the amount of $58,721. Prior to period end the company exercised its option to purchase the office building for the sum of $854,393.

Petrowest paid rents for office and shop space under leases entered into with certain former vendors in the amount of $453,921. Future lease commitments associated with the transactions are included in note 13.

Transactions were estimated to equal fair market value.

12 Financial Instruments

Fair values of financial assets and liabilities
Petrowest's financial instruments consist of cash, accounts receivable, accounts payable and accrued liabilities, purchase price adjustment payable, distributions payable, obligations under capital leases and bank indebtedness. The fair value of these financial instruments, with the exception of bank indebtedness and capital lease obligations, approximates their carrying values due to their relatively short term to maturity of the instruments. The fair value of the capital lease obligations is not practicably determinable. The fair value of bank indebtedness approximates carrying values as the interest rates approximate market rates.

Interest Rate Risk
Petrowest is exposed to interest rate risk which bears fixed and variable rates of interest through its capital lease obligations and bank indebtedness.

Credit Risk
Petrowest is exposed to credit risk on accounts receivables due from its customers. Management routinely assesses the financial strengths of customers and monitors exposure for credit losses.

13 Commitments

The Trust has entered into operating leases for office and shop premises and equipment that provide for minimum annual lease payments as follows:

	$000's
2007	9,279
2008	7,514
2009	5,666
2010	4,012
2011	2,530

14 Segmented Information

The Trust determines its reportable segments based on the structure of its operations, which are primarily focused on four principal business segments – Construction, Transportation, Civil and Rentals. The accounting policies followed by these business segments are the same as those described in the summary of significant accounting policies. The following is selected financial information for each business segment.

	$000's					
	Construction	Transportation	Civil	Rentals	Corporate	Total
Total Revenue	14,148	16,289	14,235	3,930	-	48,602
Less inter-segment revenue	(539)	(609)	(414)	(304)	-	(1,866)
Revenue	13,609	15,680	13,821	3,626	-	46,736
Operating and general and administrative	9,709	12,735	8,838	1,663	1,695	34,640
Interest Expense	17	16	98	2	140	273
Interest income	(10)	(4)	(10)	(41)	(22)	(87)
Gain on disposal of equipment	(4)	(32)	(74)	25	7	(78)
Amortization	2,947	2,326	1,999	1,310	27	8,609
Net income	950	639	2,970	667	(1,847)	3,379

14 Segmented Information-continued

Selected balance sheet items	Construction	Transportation	Civil	Rentals	Corporate	Total
Property and equipment	28,543	18,782	22,212	19,932	1,412	90,881
Intangibles	15,829	19,498	9,481	8,630	-	53,438
Goodwill	26,762	31,504	26,211	13,591	-	98,068

All transactions between segments were initially recorded at approximate market rates. Transactions between segments have been eliminated on consolidation.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES CASH DISTRIBUTION

Calgary, Alberta, April 18, 2007. Petrowest Energy Services Trust ("Petrowest") (TSX - "PRW.UN") announced today that its cash distribution for the month of April 2007 will be $0.10 per trust unit. The distribution will be paid on May 15, 2007 to unitholders of record on April 30, 2007. The trust units will commence trading on an ex-distribution basis on April 26, 2007 at the opening of markets.

Petrowest provides pre-drilling and post-completion oilfield and infrastructure services to the northern region of the western Canadian sedimentary basin. Effective September 7, 2006, Petrowest completed the acquisition of each of, and now carries on the business of each of, Gordon Bros. Construction Ltd., Roy Larson Construction Ltd., Wales Contractors Ltd., D&D Well Services, Murtron Hauling Ltd., R. Bee Crushing Ltd., Safetymaster Rentals Corp. (carrying on business as S.O.S. Oilfield Safety), Neuwest Equipment Rentals Inc., Fitzpatrick Co. Ltd. and Northern Tractor Sales and Rentals Co. Ltd., all of which are based in Grande Prairie, Alberta.

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, or John B. Paul, Chief Financial Officer, at (780) 830-0881 or info@petro-west.com.

This news release contains forward-looking statements that involve substantial known and unknown risks and uncertainties. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "achievable," "believe," "expect," "estimate," "plan," "intend," "project," "may," "should", "could", "predict", "may," "will," or similar words suggesting future outcomes or language suggesting an outlook. Forward-looking statements and information are based on Petrowest's current beliefs as well as assumptions made by and information currently available to Petrowest concerning anticipated business performance. Although management of Petrowest considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect.

Forward-looking statements are subject to many external variables that are beyond Petrowest's control, such as fluctuating prices for crude oil and natural gas, changes in drilling activity, and general local and global economic, political, business and weather conditions. If any of these, or other uncertainties, materialize the actual results of Petrowest may vary materially from those expected.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES NEW DIRECTOR

Calgary, Alberta, May 2, 2007. Mr. D. Hugh Gillard, Chairman of the Board of Directors of Petrowest Energy Services Trust ("Petrowest" – TSX – PRW.UN) is pleased to announce that Mr. Mark Schweitzer has been nominated for election as director of Petrowest at the Annual General Meeting to be held May 31, 2007.

Mr. Schweitzer has extensive financial experience in the oil and gas, mining and other business sectors and has held senior executive positions with large publicly traded companies and trusts. His most recent position was Executive Vice President and Chief Financial Officer of a large diversified business income fund. Mr. Schweitzer has a Bachelor of Commerce degree from Queen's University and is a member of the Canadian Institute of Chartered Accountants.

In addition to Mr. Schweitzer, the Board of Directors of Petrowest includes D. Hugh Gillard (Chairman), Ken Drysdale (President and CEO), Rene Amirault, Walter DeBoni and Gerald A. Romanzin. All members except the President are considered independent and unrelated directors.

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. Petrowest is positioned to be a leading provider of pre-drilling and post-completion energy services to the northern region of the western Canadian sedimentary basin.

The TSX has not reviewed and does not accept responsibility for the adequacy or accuracy of this news release.

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, or John B. Paul, Chief Financial Officer, at (780) 830-0881 or info@petro-west.com.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES $94.2 MILLION OF ACQUISITIONS, MAJOR STRATEGIC ALLIANCE, FIRST QUARTER RESULTS AND DRIP IMPLEMENTATION

Calgary, Alberta, May 9, 2007.

Petrowest Energy Services Trust ("Petrowest" or the "Trust") (TSX - "PRW.UN") announced today that it has entered into agreements to acquire five private road construction, gravel crushing and log hauling businesses in the Grande Prairie and Peace River regions of Alberta and the Ft. St. John region of British Columbia for an aggregate purchase price of approximately $94.2 million. The revenue generated by these companies over their last fiscal year totaled approximately $76.6 million. These acquisitions will expand the Trust's geographic footprint, client base and provide increased utilization of assets within the Trust. In addition Petrowest also announced that it has also entered into a memorandum of understanding with the Woodland Cree First Nations ("WCFN") that contemplates a major strategic alliance, structured as a joint venture, which will see Petrowest provide a combination of services within the WCFN traditional lands comprising over 3,800 square miles, including a significant portion of the Peace River oil sands. This memorandum of understanding also contemplates that Petrowest will acquire road construction equipment from a subsidiary of the WCFN for a purchase price of $4.0 million.

Taken together, these acquisitions significantly enhance Petrowest's existing infrastructure business and provide access to a significant portion of the expansion activities associated with the Peace River Oil Sands development.

The maximum total purchase price for the acquisitions will be approximately $94.2 million, comprised of the payment of $50.4 million in cash, the issuance of approximately 4.3 million trust units of Petrowest and the assumption of $10.3 million of debt of the companies (assuming a trust unit price of $7.75). The effective total purchase price is reduced by changes in working capital for the period from January 1, 2007 to closing which accrue to the benefit of Petrowest. In addition, the terms of the agreements require minimum working capital on the acquisitions to be approximately $11.1 million in the aggregate. It is estimated that actual cash balances acquired on closing will be in excess of $6.0 million

Concurrently, Petrowest intends to expand the Trust's available credit facilities. This expanded facility will be used to fund the cash portion of the acquisitions and to repay the assumed debt.

The trust units issued pursuant to the acquisitions will be subject to escrow, with 25% of such units to be issued on the first anniversary of closing and the remainder on the second anniversary of closing.

The acquisitions announced today involve acquiring all of the outstanding shares and shareholder loans of Cutbank Trucking Ltd. Cutbank Transport Ltd., Jim Moffatt Construction Ltd., Quigley Contracting Ltd, Rick's Mechanical Services Ltd. and Tri-Dave Gravel Sales Ltd. In addition, Petrowest will acquire the road construction equipment of Woodland Cree Industries Ltd.

During the most recent fiscal year of the companies to be acquired by Petrowest, the combined Adjusted EBITDA acquired by Petrowest aggregates approximately $24.3 million. Giving effect to the benefit of the working capital accruing to Petrowest for the period from January 1, 2007 to closing and the cash balances acquired, the net total purchase price paid represents an average multiple of the aggregate Adjusted EBITDA for the last fiscal year of approximately 3.6 times. The acquisitions are anticipated to be accretive to Petrowest's revenue, EBITDA and cash flow on a per unit basis

"Each of the companies to be acquired is well established with a significant operating history, experienced and proven management and a business that will provide synergies with Petrowest's existing competencies, clients, industries, work activities and geographic region", said Kenneth N. Drysdale, President and Chief Executive Officer of Petrowest. "Not only do these acquisitions bring an accretive financial contribution, but they strengthen Petrowest in our target geographic region. The operators that will join Petrowest as part of the acquisitions, Ray Wardill, Jim Moffatt, Rick Serhan, Rick Quigley and Dave Hall are experienced operators who will fit well with Petrowest's corporate culture and we are pleased to have them as part of Petrowest. Overall, we are excited with this first step in the execution of our acquisitions strategy and look forward to working with the new members of the Petrowest group of companies".

The agreements contemplate that the acquisitions are effective as of January 1, 2007 and Petrowest will receive the benefit of the earnings of these companies from that date. Consistent with Petrowest's philosophy, the agreements are conditional upon key management entering into employment agreements with Petrowest. The agreements include customary representations, warranties and indemnities in favour of Petrowest as well as condition precedents in favour of both Petrowest and the companies to be acquired and their shareholders which must be satisfied prior to closing. Petrowest anticipates that closing will occur on or about May 18, 2007.

Cutbank Trucking Ltd. and Cutbank Transportation Ltd. are operated together as one business and specialize in hauling logs and gravel and the provision of log loading equipment in Grande Prairie, Alberta. Cutbank Trucking Ltd. was formed in 1972 by Pat Garrett and Cutbank Transportation Ltd. was formed in 1997 by Ray Wardill.

Jim Moffatt Construction Ltd. is one of the larger lease and road building companies operating in northern Alberta. Jim Moffatt Construction Ltd. was formed in 1992 by Jim and Lois Moffatt and operates from its base in Worsley, Alberta. This acquisition will expand Petrowest's geographical footprint north to Rainbow Lake and High Level in northern Alberta. In addition to lease and road building, Jim Moffatt Construction Ltd. operates a 250-man camp permanently located in Worsely.

Rick's Mechanical Services Ltd. is a mid-size lease and road builder based in Peace River, Alberta. Rick's Mechanical Services Ltd. was formed in 1993 and has achieved a positive working relationship with the Woodland Cree First Nation in providing services to oil sand developers operating on the traditional lands of the Woodland Cree First Nation.

Quigley Contracting Ltd. is one of the larger lease and road building companies in Fort St. John, British Columbia. Quigley Contracting Ltd. was formed in 1990 by Rick Quigley. The acquisition of Quigley Contracting Ltd. will expand Petrowest's geographical footprint into the northern regions of British Columbia.

Tri-Dave Gravel Sales Ltd. is a mid size gravel crushing operation that operates throughout Alberta. Tri-Dave Gravel Sales Ltd. was formed in 1984 by David Hall. Tri-Dave Gravel Sales Ltd. will provide additional capacity to Petrowest's crushing operations conducted by R. Bee Crushing which are fully committed through 2008.

STRATEGIC ALLIANCE

Petrowest has entered into a memorandum of understanding with the WCFN pursuant to which Petrowest and the WCFN will enter into a joint venture to provide services to oil sands developers operating on the traditional lands of the WCFN which encompass a significant portion of the Peace River Oil Sands. As noted above, the memorandum of understanding also contemplates the purchase by Petrowest of construction equipment from Woodland Cree Industries Ltd. Implementation of the strategic alliance is subject to completion of a formal joint venture agreement, expected to occur by July 1, 2007. In the interim Petrowest will operate as a subcontractor to a wholly owned subsidiary of the WCFN to meet current client demands for services.

DISTRIBUTION REINVESTMENT PLAN ("DRIP")

Petrowest has recently implemented a DRIP program which provides the opportunity for unitholders to reinvest their cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading price for the ten days prior to the distribution payment date. Details of the program are available in Petrowest's Information Circular dated April 30, 2007 filed on SEDAR. Petrowest has implemented the plan, effective immediately, to maintain a strong balance sheet and finance profitable growth in the future. As an indication of their confidence in Petrowest's future their active founding vendors have indicated that they will initially participate in the DRIP program at an average 75% take up rate on their tradable units. The active founding vendors currently hold approximately 46% of the trust's tradable units, before giving effect to the acquisitions described herein.

FIRST QUARTER 2007 FINANCIAL HIGHLIGHTS

First quarter 2007 financial results reflect the realities of a significant weakening of energy sector activity consistent with the decline in activity in the fall of 2006. (Petrowest current infrastructure services are approximately 65% drilling related and 35% industrial). Commodity price uncertainty impacted Petrowest's customers who lowered their drilling plans for at the first quarter of 2007.

Selected financial highlights for the first quarter include:

Revenue	$32.9 million
EBITDA	$5.8 million
Net Gain (Loss)	($2.2 million)
Working Capital	$25.0 million
Debt Facility	$60.0 million
Long Term Debt	$25.8 million
Distributions Per Unit	$0.30
Payout Ratio	153%

OUTLOOK

Petrowest believes it will exit the year on an upward trend and with a strong balance sheet. The projected 2007 exit Debt to EBITDA ratio target is 1.37 times or less and the projected annual average distribution to EBITDA ratio is 85% or less.

The Petrowest 2007 projections are based on the following facts and assumptions:

- The projected accretiveness of the pending acquisitions.
- Larger regional footprint in northern Alberta and British Columbia.
- The current positive working capital balance of $25.0 million.
- Current long term debt of $25.8 mm versus line of credit of $60 million.
- Minimal growth capital required to the end of 2007.
- Improving natural gas prices and continued strong oil price.
- Clients expressing confidence in a more active second half based on expanded budgets.
- Implementation of a DRIP program.
- A participation rate (averaging 75% take up) by the active founding vendors in the new DRIP program.

Management and the Board of Directors of Petrowest recognize that the exit numbers at the end of 2007 are sustainable only in the short term. Long term distribution payout ratios at or less than 75% and debt to EBITDA ratios of less than 1:1 are still the primary objectives for sustainable operations and long term stable growth of the Trust.

Based on the above facts and assumptions, and recognizing the long term primary objectives of the Trust, Management and the Board of Directors have elected to maintain distributions at the current level. However, changes to circumstances, indications of a prolonged downturn in energy activity, or current unforeseen circumstances including the failure of the base business operations or the new acquisitions to perform as expected could result in the necessity for future distribution cuts to ensure satisfactory year end exit numbers and that the Trust will exit the year end on an upward trend.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following Management's Discussion and Analysis (MD&A) is dated May 9, 2007. The MD&A should be read in conjunction with Petrowest Energy Services Trust's ("Petrowest" or the "Trust") unaudited interim consolidated financial statements as at and for the three months ended March 31, 2007, as well as the MD&A's of the "Acquired Companies" contained in the Trust's prospectus dated August 28, 2006, the MD&A for the December 31, 2006 year end, and the Trust's audited consolidated financial statements for the period ended December 31, 2006. The Trust was formed on July 6, 2006, and commenced trading on the TSX on September 7, 2006. This date should be viewed as the effective start of commercial operations. Revenue and expense analysis focuses primarily on the changes in the first quarter of 2007.

FINANCIAL HIGHLIGHTS

$000's except per unit amounts, margins and ratios	For the three months ended March 31, 2007
Financial Results	
Revenue	32,863
EBITDA	5,826
EBITDA margin	17.7%
Net earnings(loss)	(2,225)
Total assets	281,080
Total liabilities	41,152
Unitholders' equity	239,928
Financial Position and Liquidity	
Working capital	24,973
Working capital ratio	2.42:1
Total revolving bank term loan and obligations under capital leases (including current portion)	25,846
Weighted average number of units outstanding – basic and diluted	28,275,094
Distributions per unit	$0.30
Payout ratio	153%
Net earnings(loss) per unit – basic and diluted	($0.08)
Unit price – March 31, 2007	$7.09

BASIS OF PRESENTATION

These financial statements are stated in Canadian dollars and have been prepared by the management of Petrowest in conformity with Canadian generally accepted accounting principles ("GAAP") and have been prepared following the same accounting policies and methods of application as the audited consolidated financial statements of the Trust for the fiscal year end December 31, 2006. Accounting measurements at interim dates inherently involve greater reliance on estimates than at year-end and the results of operations for the interim periods shown in these statements are not necessarily indicative of the results to be expected for the fiscal year. In the opinion of management, the accompanying unaudited interim consolidated financial statements included all adjustments (of a normal recurring nature) necessary to present fairly the consolidated results of its operations and cash flows for the three months.

NON-GAAP MEASURES

In this MD&A the Trust uses the term "Distributable Cash" to refer to the amount of cash that is expected to be available for distributions to the unitholders; the term "EBITDA" to refer to earnings before interest expenses net of interest income, loss on disposal of assets, amortization of property and equipment and amortization of intangible assets; the term "EBITDA Margin" to refer to a fraction, the numerator of which is EBITDA and the denominator of which is Revenue; the term "Cash Flow From Operations Before Changes in Non-Cash Working Capital" to refer to cash provided by operating activities before changes to accounts receivable, prepaid expenses, inventory and accounts payable and accrued liabilities; the term "Distributions Per Unit" to refer to a fraction, the numerator of which is distributions paid or accrued to unitholders and the denominator of which is the number of trust units issued; the term "Net Debt" to refer to the sum of total obligations under capital leases and revolving equipment loans, less cash and cash equivalents; the term "Cash Flow From Operations Before Changes in Non-Cash Working Capital Per Unit" to refer to a fraction of which the numerator is Cash Flow From Operations Before Changes in Non-Cash Working Capital and the denominator is the number of trust units issued; the term "Cash Flow From Operating Activities Per Unit" to refer to a fraction of which the numerator is cash provided by operating activities and the denominator is the number of trust units issued and the term "Payout Ratio" to refer to a fraction of which the numerator is distributions paid or accrued to unitholders and the denominator is Distributable Cash. The terms Distributable Cash, EBITDA, EBITDA Margin, Cash Flow From Operations Before Changes in Non-Cash Working Capital, Distributions per Unit, Net Debt, Cash Flow From Operating Activities Per Unit and Payout Ratio are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP and therefore may not be comparable to performance measures presented by others.

Readers are cautioned that "Distributable Cash", "EBITDA", "EBITDA Margin", "Cash Flow From Operations Before Changes in Non-Cash Working Capital", "Distributions per Unit", "Net Debt", "Cash Flow From Operations Before Changes in Non-Cash Working Capital Per Unit", "Cash Flow From Operating Activities Per Unit" and "Payout Ratio" should not be considered as alternatives to net earnings, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP.

Management views Distributable Cash as an operating performance measure, as it is a measure generally used by Canadian income funds as an indicator of financial performance. As the Trust will distribute substantially all of its cash on an ongoing basis (after providing for certain amounts described in the following MD&A) and since EBITDA, EBITDA Margin, Cash Flow From Operations Before Changes in Non-Cash Working Capital, Distributions per Unit, Net Debt, Cash Flow From Operations Before Changes in Non-Cash Working Capital Per Unit, Cash Flow From Operating Activities Per Unit and Payout Ratio as respectively defined above are metrics used by many investors to compare issuers on the basis of their ability to generate cash from operations, management believes that, in addition to net earnings, EBITDA, EBITDA Margin and are useful supplemental measures from which to make adjustments to determine distributable cash. The estimate of Distributable Cash has been prepared using assumptions which management believes are reasonable and supportable, all of which reflect the Trust's planned course of action given management's judgment about the most probable set of economic conditions.

DESCRIPTION OF BUSINESS

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. Petrowest is involved in pre-drilling and post-completion energy services, construction and hauling and is based in the Grande Prairie area of northern Alberta. Approximately two-thirds of the Trust's services are provided to the energy sector and the remainder of services is provided to other industries. The ongoing operations have been segregated into four limited partnerships and the assets and operations are maintained within those partnerships. Petrowest does business within the various partnerships under the trade operating names described below:

Petrowest Construction LP

Petrowest Construction LP operates under the trade names of "Gordon Bros. Construction", "Roy Larson Construction", and "Wales Contractors" and specializes in the construction of oil and gas lease well site pads, road construction, remediation of oil and gas well sites, and civil infrastructure work for non oil and gas clients. Petrowest Construction LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors, graders, and scrapers as well as other ancillary support equipment.

Petrowest Transportation LP

Petrowest Transportation LP operates under the trade names of, "D&D Well Services" and "Murtron Hauling" and specializes in the transportation of oil and gas drilling rigs, well site equipment and heavy equipment as well as specialty hauling services including log loading and hauling and gravel loading and hauling. The Transportation LP operates a fleet of heavy transport trucks, trailers, jeeps, boosters, and log and gravel loading equipment as well as other ancillary support equipment.

Petrowest Civil Services LP

Petrowest Civil Services LP operates under the trade names of, "R. Bee Crushing", and "S.O.S. Oilfield Safety". The Civil Services LP specializes in mobile aggregate rock crushing and sand screening for gravel supply operations throughout Alberta and British Columbia operating a fleet of cone and jaw crusher units, conveyor and sand stacker units, loaders, dozers, tracked hoe excavators and articulated rock trucks. The Civil Services LP also provides safety services including safety supervision and rental of safety air units and wash units provide for safety support during oil and gas drilling operations and plant turnarounds.

Petrowest Rental Services LP

Petrowest Rental Services LP operates under the new trade name of "Nu-Northern Tractor Rentals" and specializes in heavy equipment rentals to oil and gas companies, oil sand clients, and independent contractors working in the oil and gas, mining, logging, pulp and paper and civil construction industries. The Rental Services LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors and side-boom pipelayers.

The Trust's operations are primarily in the deep drilling market regions of the Western Canadian Sedimentary Basin ("WCSB") with operations in northern Alberta and northeastern British Columbia. The WCSB is one of the largest oil and gas producing regions in North America. Much of the terrain in the WCSB is considered rugged, resulting in access issues due to dense bush, muskeg, bedrock and mountainous terrain all of which are complicated by the weather in the region. Historically this region has been less impacted by cyclical swings in market prices due to the longer lead times in access, drilling and completion of planned wells. Oil and gas producer companies have generally taken a longer term view of project work in the area with consistent growth in drilling activity.

Weather also has a direct impact on the operations of Petrowest. Oil and gas drilling activity is generally stronger November through March as frozen ground conditions allow for the exploration in areas with muskeg conditions. Wet weather in the spring and early summer months hinder the activity. As frost comes out of the ground, road conditions deteriorate and municipalities impose temporary weight restrictions on road surfaces ("road bans"), thus placing restriction on access and trucking operations. Operations normally gain strength in late June and continue through to the end of summer and fall. A short slowdown normally exists in late fall until freezing conditions allow for winter work activity to recommence.

BUSINESS FUNDAMENTALS

Oil and Gas Overview

Activity in the Western Canadian Sedimentary Basin ("WCSB") continues to be influenced by lower commodity pricing based on lower demand, higher finding and development costs impacting capital budgets and additional new equipment in the energy services sector to meet the increase in natural gas drilling over the past five years. These factors directly impact Petrowest's operations, which derives approximately two-thirds of its revenues from oil and gas exploration and development activities.

The Canadian Association of Oilwell Drilling Contractors ("CAODC") reports wells drilled and completed in Western Canada primarily in the WCSB increasing from 2005 at 21,925 to 22,127 in 2006 with a current estimate of 19,023 in 2007. The number of gas wells drilled has declined from 72% of total wells drilled in 2004 to 69% in 2006 which reflects an emphasis on oil exploration activities due to stronger prices for oil in the past several years.

The above factors and the continued growth in both the conventional oil drilling and oilsands development and the strength of Alberta's overall economy continue to provide opportunities in the oil and gas sector.

Oil Sand Operations

In 2006 Alberta's oil sands were the source of about 69% of the province's total crude oil and equivalent production. According to the Canadian Association of Petroleum Producers (CAPP), in 2006 industry investment in Alberta's oil sands totaled approximately $10 billion. Annual oil sands production is growing steadily as the industry matures. Output of marketable oil sands production increased to 1.2MM barrels per day (bbl/d) in 2006 or approximately 36% of Canada's total oil and liquids production.

Within Alberta there are three recognized oil sand areas, the largest, the Athabasca Oil Sands is a huge deposit containing an estimated 1.3 trillion barrels of oil. The Cold Lake area also has sizable oil sand deposits estimated at 200 billion barrels. The Peace Oil Sands is a resource containing an estimated 155 billion barrels of oil

The Trust is geographically positioned in Grande Prairie on the western edge of the Peace Oil Sands projects. The Trust currently provides trucking, equipment rental, and lease and road building construction to clients operating in the Peace Oil Sands. These projects are in an infancy stage relative to the Athabasca Oil Sand projects and the Trust is working to establish relationships with the major operators in this area.

In addition, the Trust currently provides services to clients and producers operating in the Athabasca Oil Sands markets with respect to gravel and aggregate crushing and equipment rentals in the Fort McMurray area. Planned future investment and development by producer companies in both Fort McMurray and Peace River are expected to continue to grow rapidly over the next five years.

Other Services

The Trust performs services for clients not tied to oil and gas. These services included gravel and aggregate crushing, gravel loading/hauling and placing, log loading and hauling, equipment hauling, lease road building and maintenance for municipal, county and commercial and residential projects and equipment rental to commercial, logging and mining operations. Approximately 35% of the Trust's revenue is currently derived from work provided to these sectors. Management is currently pursuing bids

or negotiations on work tied to a number of these planned projects and is optimistic that the Trust will be successful in future participation on many of the projects.

Based on 2005 Alberta government statistics, forests cover more than 60% of Alberta's total land base, equal to approximately 94 million acres or almost 147,000 square miles. Of this land base, 87% is on public lands and managed for sustainable development with over 75 million seedlings planted every year to sustain the forests. Alberta Forest Products Association estimates Alberta's forest sector generates $8.4 billion in revenues with growth expectations of approximately 0.4% annually from 2005 to 2010. As at December 31, 2006 there were approximately 5 major forestry related projects proposed or underway in the Peace River region, the Trust's primary operation area. These projects totaled approximately $490 million dollars of which approximately 90% of the project values are being undertaken by clients the Trust currently works for.

As of December 2006, according to statistics released by the Alberta government, there are approximately 135 major projects proposed or underway in the Peace River Region. The value of these projects is approximately $1.19 billion, although it is reasonable to expect that not all proposed projects will proceed. A large number of these projects will requires services the Trust is able to provide including gravel crushing and supply, gravel hauling and road and site construction.

ACQUISITIONS

The Trust was formed by a deed of trust dated July 6, 2006. Pursuant to a prospectus dated August 28, 2006 the Trust issued units and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies described in Note 4 to the March 31, 2007 interim unaudited financial statements. The estimated purchase price of the Acquired Companies was approximately $258.0 million including post closing adjustments for actual working capital acquired and the actual Acquired Companies' debt balances retired on the acquisition. The purchase price was funded by payment of approximately $107.6 million net cash payable to the vendors, $22.7 million retirement of debt and the issuance of units by the Trust for proceeds of $127.7 million,. In conjunction with the acquisitions, all debt and capital lease obligations were repaid by Petrowest through the use of proceeds from the offering.

There is currently a dispute with Northern Tractor associated with the valuation of certain working capital items and the valuation of redundant assets retained by the vendor. The total disputed amount is approximately $3.7 million of which the trust has collected to date approximately $2.9 million associated with amounts in dispute. Arbitration of these amounts is expected to occur prior to the end of the third quarter of 2007 and adjustments required to the purchase price, if any, may be material.

SUBSEQUENT EVENTS

On May 9, 2007 Petrowest entered into agreements to acquire all of the outstanding shares and shareholder loans of Cutbank Trucking Ltd. and Cutbank Transport Ltd. (collectively, "Cutbank"), Jim Moffatt Construction Ltd. and 921639 Alberta Ltd., (collectively, "Jim Moffatt Construction"), Quigley Contracting Ltd, 529805 B.C. Ltd. and LMQ Enterprises Ltd., (collectively, "Quigley Contracting Ltd."), Rick's Mechanical Services Ltd. and Tri-Dave Gravel Sales Ltd (collectively, the "Acquired Companies"). The maximum total purchase price for the Acquired Companies will be approximately $94.2 million, comprised of the payment of approximately $50.4 million in cash, the issuance of approximately 4.3 million trust units of Petrowest and the assumption of approximately $10.2 million of debt of the Acquired Companies.(assuming a trust unit price of $7.75) The effective maximum total purchase price is reduced by changes in working capital for the period from January 1, 2007 to closing which accrue to the benefit of Petrowest. In addition, the terms of the agreements require minimum working capital on the acquisitions to be approximately $11.1 million in the aggregate. It is estimated that actual cash balances acquired on closing will be in excess of $6.0 million. The revenue generated by these companies in aggregate over their last fiscal year was approximately $76.6 million.

The Acquisitions will be accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. Approximate consideration is subject to normal course post closing adjustments.

Cutbank Trucking Ltd. and Cutbank Transportation Ltd. are operated together as one business and specialize in hauling logs and gravel and the provision of log loading equipment in Grande Prairie, Alberta. Cutbank Trucking Ltd. was formed in 1972 and Cutbank Transportation Ltd. was formed in 1997.

Jim Moffatt Construction Ltd. is a lease and road building company operating in northern Alberta. Jim Moffatt Construction Ltd. was formed in 1992 and operates from its base in Worsley, Alberta. In addition to lease and road building, Jim Moffatt Construction Ltd. also operates a 250-man camp permanently located in Worsley.

Rick's Mechanical Services Ltd. is a mid-size lease and road builder based in Peace River, Alberta. Rick's Mechanical Services Ltd. was formed in 1993 and has achieved a positive working relationship with the Woodland Cree First Nation in providing services to oil sand developers operating on the traditional lands of the Woodland Cree First Nation.

Quigley Contracting Ltd. is a lease and road building companies operating in Fort St. John, British Columbia. Quigley Contracting Ltd. was formed in 1990 by Rick Quigley. The acquisition of Quigley Contracting Ltd. will expand Petrowest's geographical footprint into the northern regions of British Columbia.

Tri-Dave Gravel Sales Ltd. is a gravel crushing operation that operates in the Edmonton area. Tri-Dave Gravel Sales Ltd. was formed in 1984. Tri-Dave Gravel Sales Ltd. will provide additional capacity to Petrowest's crushing operations conducted by R. Bee Crushing.

The trust units issued pursuant to the acquisitions will be subject to escrow, with 25% of such units to be issued on the first anniversary of closing and the remainder on the second anniversary of closing.

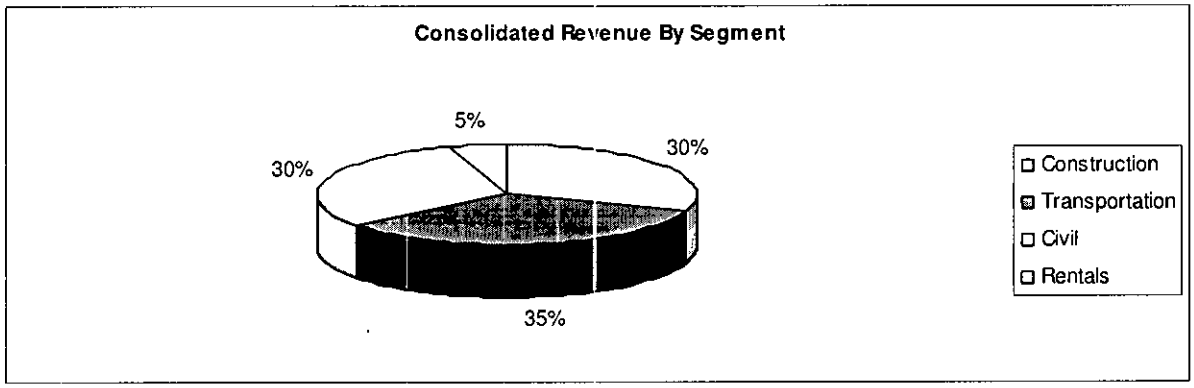
Effective May 1, 2007, Petrowest signed a memorandum of understanding for the acquisition of the road construction equipment assets owned by a subsidiary of the Woodland Cree First Nations ("WCFN") for $4.0 million. In conjunction with the asset purchase, Petrowest and WCFN will enter into a major strategic alliance, structured as a joint venture, which will see Petrowest provide a combination of services within the WCFN traditional lands.

On April 27, 2007, Petrowest approved the implementation of a DRIP program which provides the opportunity for unitholders to reinvest the cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading prices for the ten days prior to distribution payment date.

SUMMARY OF RESULTS- QUARTERLY ANALYSIS

Petrowest commenced trading on the Toronto Stock Exchange on September 7, 2006, the day of commencement of commercial operations of the Trust. Accordingly, the first quarter of fiscal 2007 has no comparative figures for the same period in the previous year, as the Trust was not yet created.

$000s *except per unit amounts, margins and ratios*	Q1 2007	Q4-2006	Q3-2006 (Stub) [1]
Revenue by segment			
Construction	9,984	11,089	2,520
Transportation	11,307	11,954	3,726
Civil	9,951	10,124	3,697
Rentals	1,621	2,662	964
Total Revenue	32,863	35,829	10,907
Operating expenses by segment			
Construction	7,663	7,820	1,857
Transportation	9,507	9,649	3,052
Civil	6,809	6,567	2,242
Rentals	1,367	1,051	604
Total operating expenses	25,346	25,087	7,755
Administrative Expenses	1,691	1,291	507
EBITDA[2]	**5,826**	**9,451**	**2,645**
Amortization of property and equipment	5,131	4,682	1,142
Amortization of intangible assets	2,180	2,113	672
Interest - net	494	59	127
Loss (gain) on disposal of assets	246	(20)	(58)
Net earnings (loss)	**(2,225)**	**2,617**	**762**
Net earnings (loss) per unit basic and diluted	($0.08)	$0.09	$0.03



Notes [1] *Q3-2006 stub is for the period from September 7, 2006 to September 30, 2006.*

[2] *The term EBITDA is not a measure recognized by Canadian generally accepted accounting principles ("GAAP") and does not have standardized meanings prescribed by GAAP.*

REVENUE

Consolidated revenue for Q1 of 2007 was $32,862,905 compared to $35,829,197 in Q4 of 2006. This represents a decline of $2,966,292 or 8.3%. The impact of the softening of oil and gas drilling activity in the Trust's work area that commenced in late November of 2006 and the early shutdown of drilling activity in early March had significant impacts in the last two quarters to total revenues. In addition, all segments were impacted severely by excessive snowfall in northern Alberta in Q1 which hampered operations and reduced productivity.

While revenue declined over Q4 of 2006 the segment contributions to total revenue have remained fairly consistent since inception of the Trust. Each segment contributed to revenue as follows: Construction: $9,984,118 or 30%, Transportation: $11,306,226 or 34%, Civil: $9,951,420 or 30%, and Rentals: $1,621,141 or 5%.

As a percentage of overall revenue compared to Q4 of 2006, the civil segment remained unchanged, the rentals segment declined by 3%, the construction segment increased by 1% and the transportation segment increased by 2%.

INTER SEGMENT REVENUES

Eliminated from the financial statements is $2,370,743 ($1,786,431 – 2006 Q4) of inter-segment sales and the offsetting costs at the same value. These inter-segment sales relate to the market value of activity between the various segments of the Trust, including the Transportation segment hauling equipment on behalf of the Construction and Civil segments, the Rentals segment supplying equipment to the Civil segment and other cross utilization of manpower and equipment.

OPERATING EXPENSES

Operating expenses on a consolidated basis for the three months ended March 31, 2007 were $25,345,392 or 77% of revenue. This compares to $25,086,481 or 70% of revenue for Q4 of 2006.

The combinations of adverse weather and consequent decline in productivity, the severe decline in drilling activity, and the costs of the more than 25% increased capacity added to each of the operating segments in the prior year resulted in a continuing decline in operating margins.

On a per segment basis the following is the results by segment:

The Construction segment costs in Q1 of 2007 increased to 76.8% of revenue from 70.5% in Q4 of 2006. This segment was negatively impacted by an early slowdown in activity in Q1. Actual drilling activity deteriorated quickly in early March but the upfront lease building started a rapid decline much earlier in the quarter. This compounded by the heavy snowfalls in the area and the subsequent lost productivity and the costs of increased operating capacity resulted in the increase in costs for the segment.

The Transportation segment costs increased to 84.0% of revenue from 80.7% in Q4 of 2006. This segment was impacted by the same circumstances as the construction segment, however margins were not quite as severely impacted. The additional capacity added to this group reduced somewhat the reliance on third party subcontractors and consequently the margin decline was slightly less.

The Civil segment costs increased to 68.4% of revenue from 64.9% in Q4 of 2006. This segment is not dependent on drilling activity for the majority of operations. However productivity is generally the poorest in the winter months specifically Q1 due to freezing conditions, requirements for ripping of overburden, frost digging conditions and the resulting general lower throughput of aggregate crushed products.

The Rental segment costs increased to 84.3% of revenue from 39.5% in Q4 of 2006. This segment of the Trusts operations were impacted the hardest of all segments. A significant portion of the Trusts articulated rock trucks previously employed in the oil sand operations in Fort McMurray were off rent for the month of January and part of February. In addition, pipeline operations in the area were delayed significantly in the current year and rental utilization was down on the Trusts fleet of pipeline equipment. This combined with the costs of the more than 50% increase in capacity to this division resulted in poorer than expected performance for this segment.

GENERAL AND ADMINISTRATIVE

General and administrative expenses for Q1 of 2007 were $1,691,666 or 5% of revenue compared to $1,291,718 or 3.6% or revenue for Q4 of 2006. Additional costs related to additional accounting and administrative staff, additional consulting costs evaluating the impacts of the federal tax announcements and staff training costs associated with the new accounting and management system implemented in conjunction with the integration of the Acquired Companies.

EBITDA

EBITDA for the period ended March 31, 2007 was $5,825,848.[1] This represents an EBITDA margin of 17.7%.[2]

[1] EBITDA is calculated as net earnings of $(2,224,339) plus interest expense of $543,636 less interest income of $50,289, plus loss on disposal of assets of $245,809 plus amortization of property and equipment and amortization of intangible assets of $7,311,031.

[2] EBITDA Margin is a fraction of which EBITDA of $5,825,848 is the numerator and revenue of $32,862,905 is the denominator.

AMORTIZATION OF PROPERTY AND EQUIPMENT

Amortization for the period ending December 31, 2006 was $5,131,389. Amortization is applied to reduce the value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually or on an actual usage basis

AMORTIZATION OF INTANGIBLE ASSETS

Intangible assets, consisting of acquired customer relationships, brand and trade names, and non-competition agreements are recorded at cost and amortized over their useful lives, which is estimated to be between 5 and 10 years. Intangible assets are regularly evaluated by comparing their applicable estimated future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

INTEREST

Interest expense reflects carrying costs on lease obligations, interest on capital lease obligations and interest on the revolving bank term loan.

INCOME TAXES

Petrowest, and its operating entities, are taxable entities under the Income Tax Act of Canada and are currently taxable only on income that is not distributed or distributable to the unit holders. As the trust currently distributes all of its taxable income to the unit holders, no provision for income taxes has been made in these consolidated financial statements.

On October 31, 2006, the Minister of Finance (Canada) announced income tax proposals which, if enacted, would modify the taxation of certain flowthrough entities including mutual fund trusts and their unitholders (the "October 31 Proposals"). The October 31 Proposals will apply to a specified investment flowthrough ("SIFT") trust and will apply a tax at the trust level on distributions of certain income from such SIFT trust at a rate of tax comparable to the combined federal and provincial corporate tax rate. These distributions will be treated as dividends to the Trust unitholders.

On March 19, 2007, the Government of Canada tabled in Parliament Bill C-52 draft legislation to implement the October 31 Proposals discussed above. Bill C-52, which has received first reading, appears to be generally consistent with details included in the October 31 announcement.

It is expected that Petrowest will be characterized as a SIFT trust and as a result would be subject to the October 31 Proposals. The October 31 Proposals are to apply commencing January 1, 2007 for all SIFT trusts that begin to be publicly traded after October 31, 2006 and commencing January 1, 2011 for all SIFT trusts that were publicly traded on or before October 31, 2006. Subject to the qualification below regarding the possible loss of the four year grandfathering period in the case of undue expansion, it is expected that Petrowest will not be subject to the October 31 Proposals until January 1, 2011.

Under the existing provisions of the Income Tax Act, Petrowest can generally deduct, in computing its income for a taxation year, any amount of income that it distributes to unitholders in the year and, on that basis, Petrowest is generally not liable for any material amount of tax.

Pursuant to the October 31 Proposals, commencing January 1, 2011, (subject to the qualification below regarding the possible loss of the four year grandfathering period in the case of undue expansion), Petrowest will not be able to deduct certain of its distributed income (referred to as specified income). Petrowest will become subject to a distribution tax on this specified income at a special rate estimated to be 31.5%.

Petrowest may lose the benefit of the four year grandfathering period if Petrowest exceeds the limits on the issuance of new trust units and convertible debt that constitute normal growth during the grandfathering period (subject to certain exceptions). The normal growth limits are calculated as a percentage of Petrowest's market capitalization of $248.9 million on October 31, 2006 as follows: 40 percent for the period November 1, 2006 to December 31, 2007, 20 percent for each of 2008, 2009 and 2010. Unused portions may be carried forward until December 31, 2010.

Pursuant to the October 31, 2007 proposals, the distribution tax will only apply in respect of distributions of income and will not apply to returns of capital.

If the October 31 Proposals are implemented, it is expected that the imposition of tax at the Petrowest Trust level under the October 31 Proposals will materially reduce the amount of cash available for distributions to unitholders and Petrowest may be required to make income tax provisions in the future.

NET INCOME

Net loss for the period ended March 31, 2007 was $(2,224,339). This represents a net loss per unit of $0.08, basic and fully diluted.

RECONCILIATION OF NET EARNINGS TO EBITDA AND DISTRIBUTABLE CASH

Management views distributable cash as an operating performance measure, as it is a measure generally used by Canadian income funds as an indicator of financial performance. As the Trust will distribute substantially all of its cash on an ongoing basis (after providing for certain amounts described below) and since EBITDA (as defined in "Non-GAAP Measures") are metrics used by many investors to compare issuers on the basis of their ability to generate cash from operations, management believes that, in addition to net earnings, EBITDA is a useful supplemental measure from which to make adjustments to determine distributable cash. The estimate of distributable cash has been prepared using assumptions which management believes are reasonable and supportable, all of which reflect the Partnerships planned course of action given management's judgment about the most probable set of economic conditions.

$000s	For the three months ended March 31, 2007
Net loss	(2,225)
Interest	544
Amortization of property and equipment	5,131
Amortization of intangibles	2,180
Interest income	(50)
Loss on disposal of property and equipment	246
EBITDA	5,826
Unit based compensation	270
Interest	(544)
Distributable Cash	5,552

RECONCILIATION OF CASH FLOW FROM OPERATIONS TO DISTRIBUTABLE CASH

$000s	For the three months ended March 31, 2007
Cash flow from operations	(1,728)
Changes in non-cash working capital items	7,330
	5,602
Interest income	(50)
Distributable Cash	**5,552**
Distributions funded from financing activities	**2,931**
Combined total distributions paid or payable(1)	**8,483**
Payout ratio(2) – combined unitholders	**153%**

(1) *Combined total distributions paid or payable is calculated as total units outstanding of 28,275,094 multiplied by the approved distributions for the period of $0.30 per unit.*

(2) *Payout ratio is a fraction of which distributions paid or payable of $8,482,528 is the numerator and distributable cash of $5,552,501 is the denominator.*

DISTRIBUTABLE CASH

In the calculation of distributable cash management has not provided a reserve for maintenance capital expenditures. Currently all significant maintenance expenditures have been expensed within the current period and no required maintenance have been deferred on any equipment. In addition, since commencement of operations in September of 2006, the Trust has added approximately $40 million in additional equipment financed by debt and operating leases that have increased the capacity of each segment by at least 25%.

In light of the current significant weakening of the energy sector activity and current lower equipment utilization, management believes that the significant capital expenditures incurred in the prior period for the replacement of older equipment and increase in capacity, provide the Trust with the capacity to sustain operations into 2008 without the need for any significant additional maintenance capital expenditures.

Further capital expenditures for the year, to the extent they are approved, will be targeted toward the gravel crushing operations that have confirmed work into 2008 that exceed present capacity levels.

It is anticipated that a return to more normal levels of energy sector activity will require a future provision for maintenance capital expenditures in 2008 to replace older equipment. It is anticipated that this provision will be in the range of $3.5 million to $6.5 million per annum depending on future activity levels and equipment utilization.

Cash used in operations

Excluding the effects of changes in non-cash working capital items, cash flow from operations for the three months ended March 31, 2007 was $5,602,501.

Cash provided from financing activities

Cash from financing activities in the net amount of $1,397,472 were provided from the drawdown of the Trust's operating line of credit of $10 million which is offset by the distributions of $8.6 million.

Cash used in investing activities

Investment activities relate to the purchase of new property and equipment assets and the payment of required final purchase price adjustment amounts

DISTRIBUTIONS

Actual distributions paid in the quarter by the Trust to unitholders are as follows:

Distributions to Trust Unit Holders

Record Date	Date Paid	Amount per Unit	Total Distributions
December 31, 2006	January 15, 2007	$0.10	$2,676,509
January 31, 2007	February 15, 2007	$0.10	$2,676,509
February 28, 2007	March 15, 2007	$0.10	$2,676,509

Distributions to Subordinated Unit Holders

Record Date	Date Paid	Amount per Unit	Total Distributions
December 31, 2006	March 23, 2007	$0.37667	$568,772

Future distributions and the actual payout ratio will be at the discretion of the Board of Directors of Petrowest Energy Services General Partner Ltd. and may vary depending on the current and anticipated level of activity in the energy services industry as well as the operational performance of the various partnerships.

PROPERTY AND EQUIPMENT EXPENDITURES

Property and equipment asset acquisitions incurred in the quarter were $3,730,945.

CONTRACTUAL OBLIGATIONS – PAYMENTS DUE BY PERIOD

	As at March 31, 2007				
$000s	< 1 year	1 - 3 Years	4 - 6 Years	Thereafter	Total
Bank Indebtedness[1]	2,083	22,917	-	-	25,000
Obligations under Capital leases[2]	206	640	-	-	846
Operating Leases on Equipment [3]	9,490	10,692	958	-	21,140
Operating Leases on Offices, Shop and yards [3]	1,438	4,314	719	-	6,471
TOTAL	13,217	38,563	1,677	-	53,457

Notes

(1) Bank Indebtedness is described under Note 7 to the March 31, 2007 Consolidated Financial Statements.
(2) Obligations under Capital leases is described under Note 9 to the December 31, 2006 Consolidated Financial Statements.
(3) Operating lease obligations are described under Note 11 to the March 31, 2007 Consolidated Financial Statements.

LIQUIDITY

Working Capital

$000s	As at March 31 2007
Accounts receivable	36,596
Prepaid expenses and deposits	2,242
Inventory	3,730
Excess of checks issued over deposits	(116)
Accounts payable and accrued liabilities	(12,065)
Distributions payable	(3,125)
Current portion of revolving equipment loan	(2,083)
Current portion of obligations under capital leases	(206)
Working capital	24,973

Working capital at March 31, 2007 was $24,973,602 represents a working capital ratio of 2.42 :1.

REVOLVING BANK TERM LOAN

The Trust has a $60 million operating line of credit facility available for growth capital, acquisition and working needs. Loan security is provided by a first charge debenture, a general security agreement and a general assignment of book debts. No principal repayments are required on the revolving bank term loan until 90 days after the end of the term of the loan. Principle is then repayable in twelve equal quarterly installments over 36 months. No principal payment is required if the loan is renewed. Interest is payable monthly at rates between prime and prime + 1.0% depending on the Trust's debt to EBITDA ratio. Current debt levels require payment of interest at prime.

As at March 31, 2007 the Trust had drawn $25,000,000 on its credit facility for use in the acquisition of equipment and retirement of purchase price adjustments. $22,916,667 has been classified a long term as the first quarterly installment payment of $2,083,333, if requested at the end of the term in November of 2007, would be due February of 2008. The remaining eleven quarterly installments would be repayable over 3 years.

UNITHOLDERS' EQUITY

The Trust is authorized to issue an unlimited number of Trust Units. Prior to the conversion of the Subordinated Units, holders of Trust Units will be entitled to receive per month distributions in priority to any payments on the Subordinated Units.

The Trust is authorized to issue an unlimited number of Subordinated Units. Distributions on the Subordinated Units will be subordinated in favour of Trust Units. Distributions on the Subordinated Units will only be paid at the end of a fiscal quarter to the extent that: (i) the Trust has paid distributions per month of at least $0.10 per Trust Unit to holders of Trust Units during that quarter, and, (ii) any deficiency in such distributions to holders of Trust Units during the preceding 12 months has been satisfied.

The Trust is authorized to issue an unlimited number of Special Voting Units which are not entitled to any distributions. No Special Voting Units have been issued to date.

Issued	**Outstanding**	**$000's**
Trust Units issued for cash net of issue costs	14,000,000	128,118
Trust Units issued on acquisitions (note 4)	12,765,094	127,651
Total Units	26,765,094	255,769
Subordinated Units		
Issued for cash	1,510,000	1,510
Issued for promissory notes	-	3,020
Less: Amount issued for promissory notes	-	(3,020)
Basic and Fully Diluted	28,275,094	257,279

Trust Units were issued on closing of the initial public offering on September 7, 2006 at a price of $10.00 per unit. Trust issue costs in conjunction with the offering were $11,882,043.

Prior to the IPO, the Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that may be forgiven at the option of the Trust over three years if the subscriber remains as a director, officer or employee of Petrowest.

RELATED PARTY TRANSACTIONS

Petrowest paid rents for office and shop space under leases entered into with certain former vendors in the amount of $321,460. Future lease commitments associated with the transactions are included in note 13 to the financial statements.

Transactions were estimated to equal fair market value.

FINANCIAL INSTRUMENTS

On January 1, 2007, the Trust adopted the new CICA Handbook sections *3855 - Financial Instruments – Recognition and Measurement, 1530 – Comprehensive Income, and 3865 – Hedges.* The financial instruments standard establishes the recognition and measurement criteria of financial assets, financial liabilities and derivatives. All financial instruments are required to be measured at fair value on initial recognition of the instrument, except for certain related party transactions. Measurement in subsequent periods depends on whether the financial instrument has been classified as held-for-trading, available-for-sale, held-to-maturity, loans and receivables, or other financial liabilities as defined by the standard.

Financial assets and financial liabilities held-for-trading are measured at fair value with changes in those fair values recognized in net earnings (loss). Financial assets available-for-sale is measured at fair value, with changes in those fair values recognized in other comprehensive income (loss). Financial assets held-to-maturity, loans and receivables and other financial liabilities are measured at amortized cost using the effective interest method of amortization. The methods used by the Trust in determining the fair value of financial instruments are unchanged as a result of implementing the new standard.

The Trust has no financial instruments or activities that give rise to other comprehensive income (loss). The Trust's cash and cash equivalents are designated as held-for-trading and are measured at carrying value, which approximates fair value due to the short-term nature of these instruments. Accounts receivable are designated as loans and receivables. Accounts payable and accrued liabilities, distribution payable, and the credit facility are designated as other liabilities and are recorded at cost.

CRITICAL ACCOUNTING ESTIMATES AND ACCOUNTING POLICIES

Critical Accounting Estimates

The unaudited interim consolidated financial statements for the quarter ended March 31, 2007 have been prepared in accordance with the accounting policies described in the notes to the annual audited financial statements posted on SEDAR. As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimates in Petrowest's financial statements are the amortization period for property and equipment, valuation of assets in the purchase equation, assumptions used in the binomial valuation methodology and recoverability of accounts receivable.

KEY RISKS AND UNCERTAINTIES

Risks are detailed in the Trust's prospectus dated August 28, 2006 which is available in electronic form at www.sedar.com and will be detailed in the Trust's Annual Information Form and the Audited Consolidated Financial Statements and Management Discussion and Analysis for the year ended December 31, 2006 which will be available in electronic form at www.sedar.com after March 31, 2007.

FINANCIAL DISCLOSURES

During the period ended March 31, 2007, no change occurred to Petrowest's internal control over financial reporting that has materially affected or is reasonably likely to materially affect Petrowest's internal control over financial reporting.

The Chief Executive Officer and the Chief Financial Officer continue to evaluate the effectiveness of Petrowest's disclosure controls and procedures taking into consideration the functions performed by its Disclosure Committee, the review and oversight of all executive officers and the board, as well as the process and systems in place for filing regulatory and public information. Petrowest's established review process and disclosure controls are designed to ensure that all required information, reports and filings required under Canadian securities legislation are properly submitted and recorded in accordance with those requirements over financial reporting as of March 31, 2007 pursuant to the requirements of Multilateral Instrument 52-109 of the Canadian Securities Administrators.

Petrowest has integrated nine private companies and completed the data conversion of the existing accounting systems within the Acquired companies to a common accounting system platform. All nine entities were live on the new accounting platform as at January 1, 2007.

As part of the Trust's transition from nine owner managed control environments that existed in the Acquired Companies to an acceptable public company control environment, the Trust engaged third party consultants to assist with the design, documentation and testing of original internal control systems, new proposed improvements, interim measures during the conversion and planned implementation on completion of the conversion. By their nature certain planned controls, or controls that would exist on

completion of the data conversion, could not be tested because they were not fully operational at the time of testing.

Based on the ongoing evaluations performed, the CEO and CFO have concluded that the design and operation of the Trust's disclosure controls and procedures were effective as at March 31, 2007 to ensure that information required to be disclosed by the Trust in reports filed under Canadian securities laws is gathered, recorded, processed, summarized and reported within the time periods specified under Canadian securities laws and is accumulated and communicated to management, including the CEO and CFO, to allow timely decisions regarding required disclosure as required under Canadian securities laws.

Further, based on the Trust's mitigating procedures, the CEO and the CFO have satisfied themselves that potential weaknesses in controls as described in the 2006 year end management discussion and analysis, have not resulted in material errors in the financial statements of the current quarter. Management and the Board of Directors are committed to transparency and completeness of financial reporting and disclosure. The existence of the identified control weaknesses need not necessarily be interpreted as evidence of a lack of integrity, of unsound business practices or of unacceptable risks to its shareholders and other related parties.

It should be noted that while Petrowest's principal executive officer and principal financial officer believe that Petrowest's disclosure controls and procedures provide a reasonable level of assurance that they are effective, they do not expect that Petrowest's disclosure controls and procedures or internal control over financial reporting will prevent all errors and fraud. A control system, no matter how well conceived or operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met.

Internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

OUTLOOK

Petrowest believes it will exit the year on an upward trend and with a strong balance sheet. The projected 2007 exit Debt to EBITDA ratio target is 1.37 times or less and the projected annual average distribution to EBITDA ratio is 85% or less.

The Petrowest 2007 projections are based on the following facts and assumptions:

- The projected accretiveness of the pending acquisitions.
- Larger regional footprint in northern Alberta and British Columbia.
- The current positive working capital balance of $25.0 million.
- Current long term debt of $25.8 mm versus line of credit of $60 million.
- Minimal growth capital required to the end of 2007.
- Improving natural gas prices and continued strong oil price.
- Clients expressing confidence in a more active second half based on expanded budgets.
- Implementation of a DRIP program.
- A participation rate (averaging 75 % take up) by the active founding vendors in the new DRIP program.

Management and the Board of Directors of Petrowest recognize that the exit numbers at the end of 2007 are sustainable only in the short term. Long term distribution payout ratios at or less than 75% and debt to EBITDA ratios of less than 1:1 are still the primary objectives for sustainable operations and long term stable growth of the Trust.

Based on the above facts and assumptions, and recognizing the long term primary objectives of the Trust, Management and the Board of Directors have elected to maintain distributions at the current level. However, changes to circumstances, indications of a prolonged downturn in energy activity, or current unforeseen circumstances including the failure of the base business operations or the new acquisitions to perform as expected could result in the necessity for future distribution cuts to ensure satisfactory year end exit numbers and that the Trust will exit the year end on an upward trend.

ADDITIONAL CORPORATE INFORMATION

Additional information relating to the Trust including the Trust's Annual Information Form, can be found on SEDAR at www.sedar.com and on the Trust's website at www.petro-west.com

FORWARD LOOKING STATEMENTS

Certain information and statements contained in this MD&A constitute forward-looking information, including the anticipated costs associated with the purchase of capital equipment, expectations concerning the nature and timing of growth within the various business units operated through affiliates of the Trust, expectations respecting the competitive position of such business units, expectations concerning the financing of future business activities, statements as to future economic and operating conditions, oil sands production and investment, oil sands reserves and revenues from oil and gas and non-oil and gas activities. **Readers should review the cautionary statement respecting forward-looking information that appears below. Any forward statements are made as of the date hereof and the Trust does not undertake to publicly update and review such statements to reflect new events, subsequent events or otherwise.**

The information and statements contained in this MD&A that are not historical facts are forward-looking statements. Forward-looking statements (often, but not always, identified by the use of words such as "seek", "plan", "continue", "estimate", "project", "predict", "potential", "targeting", "intend", "could", "might", "should", "believe", "expect", "may", "anticipate" or "will" and similar expressions) may include plans, expectations, opinions, or guidance that are not statements of fact. Forward-looking statements are based upon the opinions, expectations and estimates of management as at the date the statements are made and are subject to a variety of risks and uncertainties and other factors that could cause actual events or outcomes to differ materially from those anticipated or implied by such forward-looking statements. These factors include, but are not limited to, such things as changes in industry conditions (including the levels of capital expenditures made by oil and gas producers and explorers), the credit risk to which the Trust is exposed in the conduct of its business, fluctuations in prevailing commodity prices or currency and interest rates, the competitive environment to which the various business units are, or may be, exposed in all aspects of their business, the ability of the Trust's various business units to access equipment (including parts) and new technologies and to maintain relationships with key suppliers, the ability of the Trust's various business units to attract and maintain key personnel and other qualified employees, various environmental risks to which the Trust's business units are exposed in the conduct of their operations, inherent risks associated with the conduct of the businesses in which the Trust's business units operate, timing and costs associated with the acquisition of capital equipment, the impact of weather and other seasonal factors that affect business operations, availability of financial resources or third-party financing and the impact of new laws or changes in administrative practices on the part of regulatory authorities. Forward-looking information respecting the anticipated costs associated with the purchase of capital equipment are based upon historical prices for various classes of equipment, expectations relating to the impact of inflation on the future cost of such equipment and management's views concerning the negotiating leverage of the Trust and its affiliates. Forward-looking information concerning the nature and timing of growth within the various business units is based on the current budget of the Trust (which is subject to change), factors that affected the historical growth of such

business units, sources of historic growth opportunities and expectations relating to future economic and operating conditions. Forward-looking information concerning the future competitive position of the Trust's business units is based upon the current competitive environment in which those business units operate, expectations relating to future economic and operating conditions and current and announced build programs and other expansion plans of other organizations that operate in the energy service business. Forward-looking information concerning the financing of future business activities is based upon the financing sources on which the Trust and its predecessors have historically relied and expectations relating to future economic and operating conditions. Forward-looking information concerning future economic and operating conditions is based upon historical economic and operating conditions, opinions of third-party analysts respecting anticipated economic and operating conditions. Although management of the Trust believes that the expectations reflected in such forward looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct. ***Accordingly, readers should not place undue reliance upon any of the forward-looking information set out in this MD&A.*** *All of the forward looking statements of the Trust contained in this MD&A are expressly qualified, in their entirety, by this cautionary statement. The various risks to which the Trust is exposed are described under "Key Risks and Uncertainties" herein and under "Risk Factors" detailed in the Trust's prospectus dated August 28, 2006 and the Trust's Annual Information Form dated April 2, 2007*

1 Nature of the Organization

Petrowest Energy Services Trust ("Petrowest" or the "Trust") is an open-ended unincorporated mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust dated July 6, 2006. Commercial operations of the Trust commenced on September 7, 2006 and Petrowest began publicly trading on the Toronto Stock Exchange on that same day under the trading symbol PRW.UN. As such, since the trust was formed on July 6, 2006, there is no comparable quarter included in these financial statements.

2 Accounting Policies

These consolidated interim financial statements are stated in Canadian dollars and have been prepared by management in accordance with Canadian Generally Accepted Accounting Principles ("GAAP"). They follow the same accounting policies as the audited consolidated financial statements for the year ended December 31, 2006, except as discussed below, and should be read in conjunction with these statements.

On January 1, 2007, the Trust adopted the new CICA Handbook sections *3855 - Financial Instruments – Recognition and Measurement, 1530 – Comprehensive Income, and 3865 – Hedges.* The financial instruments standard establishes the recognition and measurement criteria of financial assets, financial liabilities and derivatives. All financial instruments are required to be measured at fair value on initial recognition of the instrument, except for certain related party transactions. Measurement in subsequent periods depends on whether the financial instrument has been classified as held-for-trading, available-for-sale, held-to-maturity, loans and receivables, or other financial liabilities as defined by the standard.

Financial assets and financial liabilities held-for-trading are measured at fair value with changes in those fair values recognized in net earnings (loss). Financial assets available-for-sale is measured at fair value, with changes in those fair values recognized in other comprehensive income (loss). Financial assets held-to-maturity, loans and receivables and other financial liabilities are measured at amortized cost using the effective interest method of amortization. The methods used by the Trust in determining the fair value of financial instruments are unchanged as a result of implementing the new standard.

The Trust has no financial instruments or activities that give rise to other comprehensive income (loss). The Trust's cash and cash equivalents are designated as held-for-trading and are measured at carrying value, which approximates fair value due to the short-term nature of these instruments. Accounts receivable are designated as loans and receivables. Accounts payable and accrued liabilities, distribution payable, and the credit facility are designated as other liabilities and are recorded at cost.

3 Seasonality

Petrowest's operations are in northern Alberta and northeast British Columbia. Accordingly, the operations are susceptible to the impacts of the seasons. Quarter one is in the winter months and is subject to frozen conditions, periods of extreme cold and snow. This is typically a busy quarter for oil and gas exploration and development as drilling activity focuses on areas located in muskeg and swamp type conditions not normally accessible in a non-frozen state. Quarter two is generally the slowest period for Petrowest's operations. Spring time melt conditions result in soft, wet ground generally referred to as spring breakup, and the implementation of road bans which prevent heavy load transportation on roadways. Quarter three encompasses the summer months, and Petrowest's activity is average with work relating to oil and gas projects in areas that do not entail access through muskeg. Quarter four starts out similar to the summer activity and ramps up as the ground freezes and access is permitted.

4 Acquisitions

Pursuant to a prospectus dated August 28, 2006, Petrowest issued Units of the Trust and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of Safetymaster Rentals Corporation, R Bee Crushing Ltd., Wales Contractors Ltd., Roy Larson Construction Ltd., Gordon Bros. Construction Ltd., 404434 Alberta Corporation, Murtron Hauling Ltd., Neuwest Equipment Rentals Inc, Northern Tractor Sales and Rentals Co. Ltd., and their affiliates ("Acquired Companies"). The estimated purchase price of the Acquired Companies calculated as the base purchase price plus working capital less debt was $230,934,992, subject to post closing adjustments for actual working capital and debt and the sale of redundant assets.

The Acquisitions have been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. An allocation of the consideration is as follows:

Net assets acquired	**$000's**
Cash acquired on acquisition	6,115
Accounts receivable	37,648
Prepaid expenses	680
Inventories	4,158
Accounts payable and accrued liabilities	(27,257)
Income taxes payable	(215)
Property and equipment	82,699
Intangibles	56,223
Goodwill	97,949
Total	258,000

Consideration given for value of shares and shareholder loans of acquired companies	
Net cash to vendors	103,284
Cash repayment of working capital adjustments	(2,055)
Purchase price adjustment	6,422
Retirement of long-term debt and capital lease obligations	22,698
	130,349
Trust Units (12,765,094 units issued)	127,651
Total	258,000

5 Property and Equipment

Total	56,223	4,965	51,258	53,438

7 Revolving Bank Term Loan

The Trust has a $60 million credit facility available for growth capital, acquisition and working capital needs. Loan security is provided by a first charge debenture, a general security agreement and a general assignment of book debts. The credit facility has a one year revolving term which may be extended over an additional 364 days at the discretion of the lender on application by the trust. No principal repayments are required until 90 days after the end of the term of the loan. Principal is then repayable in twelve equal quarterly installments over 36 months. Interest is payable monthly at floating rates between prime and prime + 1.0% depending on the Trust's debt to trailing twelve month EBITDA ratio. The term "EBITDA" is defined as: earnings before interest expenses net of interest income, gain on disposal of assets, amortization of property and equipment and amortization of intangible assets.

Current debt levels require payment of interest at prime.

As at March 31, 2007 the Trust had drawn $25,000,000 on its credit facility for use in the acquisition of equipment. If requested at the end of the term in November of 2007, the first quarterly principal payment would not be due until February 2008 and $2,083,333 has been reported as the current portion.

Principal payments due in the next four years as at March 31, 2007 are as follows:

	$000's
2007	-
2008	2,083
2009	8,333
2010	8,333
2011	6,251

8 Unitholders' Capital

Authorized

The Trust is authorized to issue an unlimited number of Trust Units. Holders of Trust Units will be entitled to receive monthly distributions to the extent declared by the Trust's Board of Trustees in priority to any payments on the Subordinated Units.

8 Unitholders' Capital - continued

Issued

	Outstanding	$000's
Trust Units issued for cash net of issue costs	14,000,000	128,118
Trust Units issued on acquisitions (note 3)	12,765,094	127,651
Total Units	26,765,094	255,769
Subordinated Units		
Issued for cash	1,510,000	1,510
Issued for promissory notes	-	3,020
Less: Amount issued for promissory notes	-	(3,020)
Basic and fully diluted – December 31, 2006 and March 31, 2007	28,275,094	257,279

Trust Units were issued on closing of the initial public offering on September 7, 2006 at a price of $10.00 per unit. Trust issue costs in conjunction with the offering were $11,882,043.

Prior to the IPO, the Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that may be forgiven at the option of the Trust over three years if the subscriber remains as a director, officer or employee of Petrowest.

9 Stock Based Compensation

Petrowest implemented a stock option plan whereby options to acquire Trust Units may be granted to directors, officers, employees and consultants.

The aggregate number of Trust units issuable upon the exercise of options outstanding under the plan at any time may not exceed 10% of the issued and outstanding Trust Units. The period during which an option granted under the Plan is exercisable may not exceed five years from the date such option is granted. The options issued under the Plan vest 1/3 after one year, 1/3 after two years and 1/3 after three years.

As at March 31, 2007	Number of options outstanding	Weighted average exercise price
Granted – September 7, 2006	2,605,000	$10.00
Expired	-	-
Outstanding, December 31, 2006 and March 31, 2007	2,605,000	$10.00
Exercisable, December 31, 2006 and March 31, 2007	-	-

The Trust recorded compensation expense and contributed surplus of $270,000 for the three months ended March 31, 2007. Compensation expense has been included in general and administrative expenses.

10 Related Party Transactions

Petrowest paid rents for office and shop space under leases entered into with certain former vendors in the amount of $321,460. Future lease commitments associated with the transactions are included in note 11.

Transactions were estimated to equal fair market value.

11 Commitments

The Trust has entered into operating leases for office and shop premises and equipment that provide for minimum annual lease payments in the twelve month periods ending as follows:

	$000's
March 31, 2008	10,928
March 31, 2009	9,100
March 31, 2010	5,944
March 31, 2011	4,018
March 31, 2012	2,396

12 Segmented Information

The Trust determines its reportable segments based on the structure of its operations, which are primarily focused on four principal business segments – Construction, Transportation, Civil and Rentals. The following is selected financial information for each business segment.

For the three months ended March 31, 2007 **(unaudited)**

	$000's					
	Construction	Transportation	Civil	Rentals	Corporate	Total
Total Revenue	10,661	12,232	9,976	2,365	-	35,234
Less inter-segment revenue	(677)	(925)	(25)	(744)	-	(2,371)
Revenue	9,984	11,307	9,951	1,621	-	32,863
Operating and general and administrative	7,663	9,507	6,809	1,367	1,691	27,037
Interest Expense	4	3	38	3	496	544
Interest income	(1)	(1)	(0)	(0)	(48)	(50)
Loss on disposal of equipment	83	4	159	-	-	246
Amortization	2,309	1,816	1,497	1,521	168	7,311
Net loss	(74)	(22)	1,448	(1,270)	(2,307)	(2,225)

12 Segmented Information - continued

As at March 31, 2007 (unaudited)

Selected balance sheet items	Construction	Transportation	Civil	Rentals	Corporate	Total
Property and equipment	28,221	18,580	21,504	19,164	1,836	89,305
Intangibles	15,202	18,752	9,063	8,241	-	51,258
Goodwill	26,800	31,539	26,225	13,385	-	97,949

All transactions between segments were initially recorded at approximate market rates. Transactions between segments have been eliminated on consolidation.

13 Subsequent Events

On May 9, 2007 Petrowest entered into agreements to acquire all of the outstanding shares and shareholder loans of Cutbank Trucking Ltd. and Cutbank Transport Ltd., (collectively, "Cutbank"), Jim Moffatt Construction Ltd. and 921639 Alberta Ltd., (collectively, "Jim Moffatt Construction"), Quigley Contracting Ltd, 529805 B.C. Ltd. and LMQ Enterprises Ltd., (collectively, "Quigley Contracting Ltd."), Rick's Mechanical Services Ltd. and Tri-Dave Gravel Sales Ltd (the "Acquired Companies"). The maximum total purchase price for the Acquired Companies will be approximately $94.2 million, comprised of the payment of approximately $50.4 million in cash, the issuance of approximately 4.3 million trust units of Petrowest and the assumption of approximately $10.2 million of debt of the Acquired Companies (assuming a trust unit price of $7.75). The effective maximum total purchase price is reduced by changes in working capital for the period from January 1, 2007 to closing which accrue to the benefit of Petrowest. In addition, the terms of the agreements require minimum working capital on the acquisitions to be approximately $11.1 million in the aggregate. It is estimated that actual cash balances acquired on closing will be in excess of $6.0 million. The revenue generated by these companies in aggregate over their last fiscal year was approximately $76.6 million.

The Acquisitions will be accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. Approximate consideration is subject to normal course post closing adjustments.

Cutbank Trucking Ltd. and Cutbank Transportation Ltd. are operated together as one business and specialize in hauling logs and gravel and the provision of log loading equipment in Grande Prairie, Alberta. Cutbank Trucking Ltd. was formed in 1972 and Cutbank Transportation Ltd. was formed in 1997.

Jim Moffatt Construction Ltd. is a lease and road building company operating in northern Alberta. Jim Moffatt Construction Ltd. was formed in 1992 and operates from its base in Worsley, Alberta. In addition to lease and road building, Jim Moffatt Construction Ltd. also operates a 250-man camp permanently located in Worsley.

Rick's Mechanical Services Ltd. is a mid-size lease and road builder based in Peace River, Alberta. Rick's Mechanical Services Ltd. was formed in 1993 and has achieved a positive working relationship with the Woodland Cree First Nation in providing services to oil sand developers operating on the traditional lands of the Woodland Cree First Nation.

Quigley Contracting Ltd. is a lease and road building companies operating in Fort St. John, British Columbia. Quigley Contracting Ltd. was formed in 1990 by Rick Quigley. The acquisition of Quigley Contracting Ltd. will expand Petrowest's geographical footprint into the northern regions of British Columbia.

13 Subsequent Events - continued

Tri-Dave Gravel Sales Ltd. is a gravel crushing operation that operates in the Edmonton area. Tri-Dave Gravel Sales Ltd. was formed in 1984. Tri-Dave Gravel Sales Ltd. will provide additional capacity to Petrowest's crushing operations conducted by R. Bee Crushing.

The trust units issued pursuant to the acquisitions will be subject to escrow, with 25% of such units to be issued on the first anniversary of closing and the remainder on the second anniversary of closing.

Effective May 1, 2007, Petrowest signed a memorandum of understanding for the acquisition of the road construction equipment assets owned by a subsidiary of the Woodland Cree First Nations ("WCFN") for $4.0 million. In conjunction with the asset purchase, Petrowest and WCFN will enter into a major strategic alliance, structured as a joint venture, which will see Petrowest provide a combination of services within the WCFN traditional lands.

On April 27, 2007, Petrowest approved the implementation of a DRIP program which provides the opportunity for unitholders to reinvest the cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading prices for the ten days prior to distribution payment date.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES CASH DISTRIBUTION

Calgary, Alberta, May 22, 2007. Petrowest Energy Services Trust ("Petrowest") (TSX - "PRW.UN") announced today that its cash distribution for month of May 2007 will be $0.10 per trust unit. The distribution will be paid on June 15, 2007 to unitholders of record on May 31, 2007. The trust units will commence trading on an ex-distribution basis on May 29, 2007 at the opening of markets.

Petrowest provides pre-drilling and post-completion oilfield and infrastructure services to the northern region of the western Canadian sedimentary basin. Effective September 7, 2006, Petrowest completed the acquisition of each of, and now carries on the business of each of, Gordon Bros. Construction Ltd., Roy Larson Construction Ltd., Wales Contractors Ltd., D&D Well Services, Murtron Hauling Ltd., R. Bee Crushing Ltd., Safetymaster Rentals Corp. (carrying on business as S.O.S. Oilfield Safety), Neuwest Equipment Rentals Inc., Fitzpatrick Co. Ltd. and Northern Tractor Sales and Rentals Co. Ltd., all of which are based in Grande Prairie, Alberta.

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, or John B. Paul, Chief Financial Officer, at (780) 830-0881 or info@petro-west.com.

This news release contains forward-looking statements that involve substantial known and unknown risks and uncertainties. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "achievable," "believe," "expect," "estimate," "plan," "intend," "project," "may," "should", "could", "predict", "may," "will," or similar words suggesting future outcomes or language suggesting an outlook. Forward-looking statements and information are based on Petrowest's current beliefs as well as assumptions made by and information currently available to Petrowest concerning anticipated business performance. Although management of Petrowest considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect.

Forward-looking statements are subject to many external variables that are beyond Petrowest's control, such as fluctuating prices for crude oil and natural gas, changes in drilling activity, and general local and global economic, political, business and weather conditions. If any of these, or other uncertainties, materialize the actual results of Petrowest may vary materially from those expected.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES CLOSING OF ACQUISITIONS AND EXPANSION OF CREDIT FACILITY

Calgary, Alberta, May 23, 2007.

Petrowest Energy Services Trust ("Petrowest") (TSX - "PRW.UN") announced today that it has completed the acquisition of all of the outstanding shares and shareholder loans of Cutbank Trucking Ltd. Cutbank Transport Ltd., Jim Moffat Construction Ltd., Quigley Contracting Ltd, Rick's Mechanical Services Ltd. and Tri-Dave Gravel Sales Ltd. previously announced on May 9, 2007.

Petrowest also announced that in conjunction with the closing of the acquisitions it completed an expansion of its available line of credit to $120 million under essentially the same terms and conditions of its original facility.

About Petrowest

Petrowest provides pre-drilling and post-completion oilfield and infrastructure services to the northern region of the western Canadian sedimentary basin. In addition to the new acquisitions, Petrowest carries on the business of each of, Gordon Bros. Construction Ltd., Roy Larson Construction Ltd., Wales Contractors Ltd., D&D Well Services, Murtron Hauling Ltd., R. Bee Crushing Ltd., Safetymaster Rentals Corp. (carrying on business as S.O.S. Oilfield Safety), Neuwest Equipment Rentals Inc., Fitzpatrick Co. Ltd. and Northern Tractor Sales and Rentals Co. Ltd., all of which are based in Grande Prairie, Alberta.

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, or John B. Paul, Chief Financial Officer, at (780) 830-0881 or info@petro-west.com.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES CASH DISTRIBUTION

Calgary, Alberta, June 21, 2007. Petrowest Energy Services Trust ("Petrowest") (TSX - "PRW.UN") announced today that its cash distribution for month of June 2007 will be $0.10 per trust unit. The distribution will be paid on July 15, 2007 to unitholders of record on June 30, 2007. The trust units will commence trading on an ex-distribution basis on June 27, 2007 at the opening of markets.

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, or John B. Paul, Chief Financial Officer, at (780) 830-0881 or info@petro-west.com.

This news release contains forward-looking statements that involve substantial known and unknown risks and uncertainties. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "achievable," "believe," "expect," "estimate," "plan," "intend," "project," "may," "should", "could", "predict", "may," "will," or similar words suggesting future outcomes or language suggesting an outlook. Forward-looking statements and information are based on Petrowest's current beliefs as well as assumptions made by and information currently available to Petrowest concerning anticipated business performance. Although management of Petrowest considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect.

Forward-looking statements are subject to many external variables that are beyond Petrowest's control, such as fluctuating prices for crude oil and natural gas, changes in drilling activity, and general local and global economic, political, business and weather conditions. PETROWEST ENERGY SERVICES TRUST ANNOUNCES JULY CASH DISTRIBUTION

Calgary, Alberta, July 19, 2007. Petrowest Energy Services Trust ("Petrowest") (TSX – "PRW.UN") announces today that its cash distribution for the month of July will be $0.06 per trust unit, a reduction of $0.04 from Petrowest's prior distributions. The distribution will be paid on August 15, 2007 to unitholders of record on July 31, 2007. The trust units will commence trading on an ex-distribution basis on July 27, 2007 at the opening of markets.

The Trust's decision to reduce the distribution is in response to the ongoing weakness in the oil and natural gas drilling forecasts. It is management's current expectation, that given the current high oil pricing, drilling activity as it relates to oil exploration and oil sands development will continue at reasonable levels. However, the ongoing softness in natural gas pricing is expected to continue to curtail natural gas drilling activity resulting in an ongoing net decline in combined activity levels. Management expects that the predicted turnaround for natural gas exploration will now be delayed until later in 2008.

The Trust generates approximately 35% of total annual revenues from non-oil and gas activity, which includes logging and civil infrastructure development. These operations are expected to continue to operate at near capacity for the foreseeable future.

In the longer term, management believes activity levels will recover due to expected strong oil and gas commodity pricing into 2008.

Management and the Board of Directors believe the decision to cut distributions will provide the Trust with the financial flexibility to manage the base business operations during the current downturn, reduce current debt levels, and position Petrowest to capitalize on long term growth opportunities through expansion of its businesses and increased equipment utilization.

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. Petrowest is a leading provider of pre-drilling and post-completion energy and civil infrastructure services to the northern region of the western Canadian sedimentary basin.

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, or John B. Paul, Chief Financial Officer, at (780) 830-0881 or info@petro-west.com.

PETROWEST ENERGY SERVICES TRUST
APPOINTMENT ANNOUNCEMENT

Calgary, Alberta, July 30, 2007. Petrowest Energy Services Trust ("Petrowest") (TSX – "PRW.UN") Kenneth N. Drysdale, President & CEO is pleased to announce the recent appointment of Keith D. Hudson as Vice President, Business Development and officer of Petrowest.

Keith has his Chartered Financial Analyst (CFA) designation, is a member of the Society of Financial Analysts and has a Bachelor of Business Administration in Finance. He brings over 25 years of financial, commercial, and business development experience in the oil & gas industry, most recently managing the financial and commercial operations for the international business unit of a large integrated oil & gas company.

"Keith's knowledge and diversified business experience will be a valuable addition to the Petrowest team and will strengthen our commitment to investor relations, financial forecasting and growth strategies to enhance unitholder value," said Mr. Drysdale.

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta. Petrowest is a leading provider of pre-drilling and post-completion energy and civil infrastructure services to the northern region of the western Canadian sedimentary basin.

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, or John B. Paul, Chief Financial Officer, at (780) 830-0881 or info@petro-west.com.

PETROWEST ENERGY SERVICES TRUST ANNOUNCES SECOND QUARTER RESULTS

Calgary, Alberta, August 14, 2007 - Petrowest Energy Services Trust (TSX:PRW.UN) announced today its financial results for the three and six months ended June 30, 2007. During Q2 the Trust focused its business efforts on infrastructure, logging, conventional oil exploration and oil sand construction related projects. Management has achieved success with these in its efforts in the month of June, with less reliance being placed on natural gas exploration related projects in northern Alberta and British Columbia.

Historically, Petrowest's current businesses have been comprised of approximately two thirds oil and gas drilling related activities and one third industrial and infrastructure activities. Financial performance of the Trust in Q2 continued to be impacted by the ongoing weakness of the natural gas energy sector that commenced in early 2007. Projects related to natural gas exploration and development accounted for less than 7% of the Trust's total revenues in Q2. In Q3 management has continued to focus on business opportunities outside of the natural gas sector.

During the second quarter, Petrowest successfully acquired five companies to expand the Trust's geographical footprint, penetrate the Peace River oil sands and position the Trust for better growth opportunities once natural gas commodity prices improve.

FINANCIAL HIGHLIGHTS AND OVERVIEW

DISTRIBUTABLE CASH FLOW

Q2 distributable cash flow was $464,000, representing a decrease of $5,118,000 from Q1 results.

Two major factors contributing to the decline included:

- Low equipment utilization rates with the decline in natural gas drilling activity impacted the Trust's Construction, Transportation and Rental's segments. Additionally, an extended spring breakup and unusually wet weather affected the demand for services in all divisions.
- Decreased margins due to fixed operating costs.

Action taken to resolve challenges and strengthen financial position:

- Distributions reduced by 40% to $0.06 per unit effective for the month of July 2007.
- Distribution reinvestment plan ("DRIP") implemented April 27, 2007.
- Acquisitions of five companies were completed on May 18, 2007 for aggregate consideration of $93.1 million, strengthening and expanding the Trust's Civil, Construction and Transportation business segments and expanding the Trust's geographical footprint further north in Alberta to the Peace River, High Level, Rainbow Lake areas of the province and in British Columbia expansions north to Fort St. John and Fort Nelson.
- Business alliance with the Woodland Cree First Nation entered into and relationships expanded in Peace River oil sands development.

NET LOSS AND NET LOSS PER UNIT

Q2 Net loss of $21.1 million on the basis of the weighted average units outstanding- basic and fully diluted:

- Net loss per unit ($0.69) for the three months ending June 30, 2007.
- Net loss per unit ($0.79) for the six months ending June 30, 2007.

Q2 loss was impacted by Future income tax charge required to be recorded in the period as a result of the enactment of the new SIFT taxation rule. Future income tax charge in Q2 was $11.97 million. The net loss excluding future income tax charges were as follows on the basis of the weighted average units outstanding, basic and fully diluted:

- Net loss per unit before income tax adjustment ($0.30) for the three months ending June 30, 2007.
- Net loss per unit before income tax adjustment ($0.38) for the six months ending June 30, 2007.

OUTLOOK

- Efforts have been undertaken to improve the balance sheet, profitability, debt levels and payout ratios for year end 2007 by initiating cost cutting measures, additional equipment cross utilization and less reliance on natural gas exploration activity.
- The distribution cut of 40% to $0.06 per unit made in July, 2007 is expected to save approximately $7.5 million in cash over the balance of 2007 and facilitating a planned debt reduction of $5.0 million by year end. A Debt to EBITDA ratio below 2 to 1 is expected to be maintained.
- Projected annual average distribution to EBITDA payout ratio of approximately 100% for the year ended December 31, 2007.

Financial measures and operational measures taken to date are expected to result in the Trust exiting 2007 with an improved balance sheet and sustainable payout ratio moving forward to 2008.

$000's except per unit amounts, margins and ratios	For the three months ended June 30, 2007	For the six months ended June 30, 2007
FINANCIAL RESULTS		
Revenue	27,134	59,997
EBITDA	1,137	6,767
EBITDA margin	4.2%	11.3%
Future income tax adjustment	11,969	11,969
Net loss excluding future income tax adjustment	(9,102)	(11,327)
Net earnings (loss)	(21,071)	(23,296)
Net earnings (loss) per unit – basic and diluted	($0.69)	($0.79)
Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment	($0.30)	($0.38)
Total revolving bank term loan and obligations under capital leases (including current portion)	91,158	91,158

Unit price – June 30, 2007	$7.39	$7.39

CONFERENCE CALL

Ken Drysdale, President and Chief Executive Officer, and John Paul, Chief Financial Officer, will host a conference call to discuss the second quarter results on Wednesday, August 15, 2007 at 9:00 a.m. MDT (11:00 a.m. EDT). Interested parties are encouraged to participate by calling 800.590.1508 or 403.398.9531 (in Calgary, Alberta) at least ten minutes before the start of the call in order to participate. For those unable to participate in the live call, a replay will be available until Wednesday 22 August at 877.289.8525 or 416.640.1917 (in Toronto, Ontario) passcode 21243544# and on Petrowest's website (www.petro-west.com).

For further information, please contact Kenneth N. Drysdale, President and Chief Executive Officer, or John B. Paul, Chief Financial Officer, at (780) 830-0881 or info@petro-west.com.

This news release contains forward-looking statements that involve substantial known and unknown risks and uncertainties. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "achievable," "believe," "expect," "estimate," "plan," "intend," "project," "may," "should", "could", "predict", "may," "will," or similar words suggesting future outcomes or language suggesting an outlook. Forward-looking statements and information are based on Petrowest's current beliefs as well as assumptions made by and information currently available to Petrowest concerning anticipated business performance. Although management of Petrowest considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect. Forward-looking statements are subject to many external variables that are beyond Petrowest's control, such as fluctuating prices for crude oil and natural gas, changes in drilling activity, and general local and global economic, political, business and weather conditions. If any of these, or other uncertainties, materialize the actual results of Petrowest may vary materially from those expected.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following Management's Discussion and Analysis (MD&A) is dated August 14, 2007. The MD&A should be read in conjunction with Petrowest Energy Services Trust's ("Petrowest" or the "Trust") unaudited interim consolidated financial statements as at and for the three and six months ended June 30, 2007, as well as the MD&A of the "Acquired Companies" contained in the Trust's prospectus dated August 28, 2006, the MD&A of the Trust for the December 31, 2006 year end, the Trust's audited consolidated financial statements for the period ended December 31, 2006 and the Trust's business acquisition report filed on August 1, 2007. The Trust was formed on July 6, 2006, and commenced trading on the TSX on September 7, 2006. This date should be viewed as the effective start of commercial operations and consequently there are no comparable periods included in these financial statements.

FINANCIAL HIGHLIGHTS AND OVERVIEW

DISTRIBUTABLE CASH FLOW

Q2 distributable cash flow was $464,000, representing a decrease of $5,118,000 from Q1 results.

Two major factors contributing to the decline included:

- Low equipment utilization rates with the decline in natural gas drilling activity impacted the Trust's Construction, Transportation and Rental's segments. Additionally, an extended spring breakup and unusually wet weather affected the demand for services in all divisions.
- Decreased margins due to fixed operating costs.

Action taken to resolve challenges and strengthen financial position:

- Distributions reduced by 40% to $0.06 per unit effective for the month of July 2007.
- Distribution reinvestment plan ("DRIP") implemented April 27, 2007.
- Acquisitions of five companies were completed on May 18, 2007 for aggregate consideration of $93.1 million, strengthening and expanding the Trust's Civil, Construction and Transportation business segments and expanding the Trust's geographical footprint further north in Alberta to the Peace River, High Level, Rainbow Lake areas of the province and in British Columbia expansions north to Fort St. John and Fort Nelson.
- Business alliance with the Woodland Cree First Nation entered into and relationships expanded in Peace River oil sands development.

NET LOSS AND NET LOSS PER UNIT

Q2 Net loss of $21.1 million on the basis of the weighted average units outstanding- basic and fully diluted:

- Net loss per unit ($0.69) for the three months ending June 30, 2007.
- Net loss per unit ($0.79) for the six months ending June 30, 2007.

Q2 loss was impacted by Future income tax charge required to be recorded in the period as a result of the enactment of the new SIFT taxation rule. Future income tax charge in Q2 was $11.97 million. The net loss excluding future income tax charges were as follows on the basis of the weighted average units outstanding, basic and fully diluted:

- Net loss per unit before income tax adjustment ($0.30) for the three months ending June 30, 2007.
- Net loss per unit before income tax adjustment ($0.38) for the six months ending June 30, 2007.

OUTLOOK

- Efforts have been undertaken to improve the balance sheet, profitability, debt levels and payout ratios for year end 2007 by initiating cost cutting measures, additional equipment cross utilization and less reliance on natural gas exploration activity.

- The distribution cut of 40% to $0.06 per unit made in July, 2007 is expected to save approximately $7.5 million in cash over the balance of 2007 and facilitating a planned debt reduction of $5.0 million by year end. A Debt to EBITDA ratio below 2 to 1 is expected to be maintained.

- Projected annual average distribution to EBITDA payout ratio of approximately 100% for the year ended December 31, 2007.

Financial measures and operational measures taken to date are expected to result in the Trust exiting 2007 with an improved balance sheet and sustainable payout ratio moving forward to 2008.

$000's except per unit amounts, margins and ratios	For the three months ended June 30, 2007	For the six months ended June 30, 2007
FINANCIAL RESULTS		
Revenue	27,134	59,997
EBITDA	1,137	6,767
EBITDA margin	4.2%	11.3%
Future income tax adjustment	11,969	11,969
Net loss excluding future income tax adjustment [1]	(9,102)	(11,327)
Net earnings (loss)	(21,071)	(23,296)
Net earnings (loss) per unit – basic and diluted	($0.69)	($0.79)
Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment [1]	($0.30)	($0.38)
FINANCIAL POSITION AND LIQUIDITY		
Working capital	14,222	14,222
Total revolving bank term loan and obligations under capital leases (including current portion)	91,158	91,158
Total Units outstanding	32,730,381	32,730,381
Weighted Average Units Outstanding – Basic and diluted	30,355,805	29,321,197
Distributions per unit	$0.30	$0.60
Payout ratio– combined unitholders	495%	343%
Unit price – June 30, 2007	$7.39	$7.39

[1] *The terms Net loss excluding future income tax adjustment and Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment (note 11) are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. Net loss excluding future income tax adjustment is calculated by reducing net loss by the amount of the future income tax expense and Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment refers to a fraction of which the numerator is Net loss excluding future income tax adjustment and the denominator is the Weighted Average Units Outstanding – Basic and diluted.*

BASIS OF PRESENTATION

These financial statements are stated in Canadian dollars and have been prepared by the management of Petrowest in conformity with Canadian generally accepted accounting principles ("GAAP") following the same accounting policies and methods of application as the audited consolidated financial statements of the Trust for the fiscal year end December 31, 2006 except where noted.

Accounting measurements at interim dates inherently involve greater reliance on estimates than at year-end and the results of operations for the interim periods shown in these statements are not necessarily indicative of the results to be expected for the fiscal year. In the opinion of management, the accompanying unaudited interim consolidated financial statements included all adjustments (of a normal recurring nature) necessary to present fairly the consolidated results of its operations and cash flows for the three and six months.

NON-GAAP MEASURES

The financial statements have been prepared in accordance with Canadian generally accepted accounting principles ("GAAP"). Certain supplementary information and measures not recognized under GAAP are provided in this MD&A where management believes they assist the reader in understanding the Trust's results and where measures are believed to be used by many investors to compare issuers on the basis of their ability to generate cash from operations and sustain distributions.

Accordingly, the Trust uses the term "EBITDA" to refer to earnings before interest, income taxes and amortization of property and equipment and amortization of intangible assets; the term "EBITDA Margin" to refer to a fraction, the numerator of which is EBITDA and the denominator of which is Revenue. Management believes that EBITDA and EBITDA Margin are useful supplementary measures as they provide indications of operating results without regard as to financing or taxation. The term "Net Debt" to refer to the sum of total obligations under capital leases and revolving bank term loan, less working capital. Management believes that this measure is useful as it illustrates the actual debt position of the Trust after realization of working capital net assets. The term "Funds From Operations Before Changes in Non-Cash Working Capital" to refer to cash provided by operating activities before changes to accounts receivable, prepaid expenses and other, inventory and accounts payable and accrued liabilities and income taxes payable; the term "Distributions Per Unit" to refer to a fraction, the numerator of which is distributions paid or accrued to unitholders and the denominator of which is the number of Trust units issued; the term "Funds From Operations Before Changes in Non-Cash Working Capital Per Unit" to refer to a fraction of which the numerator is Funds From Operations Before Changes in Non-Cash Working Capital and the denominator is the number of Trust units issued; the term "Cash Flow From Operating Activities Per Unit" to refer to a fraction of which the numerator is cash flow from operating activities and the denominator is the number of Trust units issued; the term "Distributable Cash" to refer to the amount of cash that is expected to be available for distributions to the unitholders; and the term "Payout Ratio" to refer to a fraction of which the numerator is distributions paid or accrued to unitholders and the denominator is Distributable Cash. Management believes that these measures provide useful measures in determining the cash generated from operations adjusted for the seasonal impacts of the operations and provide indications of the amounts of cash retained for future growth opportunities, capacity maintenance and debt repayment and ongoing distribution capability. The term "Net loss excluding future income tax adjustment" is calculated by reducing net loss by the amount of the future income tax expense and "Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment" refers to a fraction of which the numerator is Net loss excluding future income tax adjustment and the denominator is the Weighted Average Units Outstanding – Basic and diluted. Management believes that these measures provide useful measures in determining the loss from operations adjusted for the impacts of the new SIFT income tax measures.

The terms EBITDA, EBITDA Margin, Net Debt, Funds From Operations Before Changes in Non-Cash Working Capital, Distributions per Unit, Funds From Operating Activities Per Unit, Cash Flow from operating activities per unit, Distributable Cash, Payout Ratio, Net loss excluding future income tax adjustment and Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment are not measures recognized by "GAAP", do not have standardized meanings prescribed by GAAP and therefore may not be comparable to performance measures presented by others.

Readers are cautioned that "EBITDA", "EBITDA Margin", "Net Debt", "Funds From Operations Before Changes in Non-Cash Working Capital", "Distributions per Unit", "Funds From Operations Before Changes in Non-Cash Working Capital Per Unit", "Cash Flow From Operating Activities Per Unit" and "Distributable Cash" "Payout Ratio" "Net loss excluding future income tax adjustment" and "Net earnings (loss) per unit – basic and diluted before Future Income Tax Adjustment" should not be considered as alternatives to net earnings, cash flow from operating activities, net loss or other measures of financial performance calculated in accordance with GAAP.

DESCRIPTION OF BUSINESS

Petrowest is an unincorporated, open-ended, limited purpose, mutual fund Trust established under the laws of Alberta. Petrowest is involved in pre-drilling and post-completion energy services, construction and hauling and is based in the Grande Prairie area of northern Alberta. Approximately two-thirds of the Trust's services are provided to the energy sector and the remainder of services is provided to other industries. The ongoing operations have been segregated into four limited partnerships and the assets and operations are maintained within those partnerships. Petrowest does business within the various partnerships under the trade operating names described below:

Petrowest Construction LP

Petrowest Construction LP operates under the trade names of "Gordon Bros. Construction", "Roy Larson Construction", "Wales Contractors" , "Jim Moffatt Construction", "Quigley Contracting", and "Rick's Mechanical" and specializes in the construction of oil and gas lease well site pads, road construction, remediation of oil and gas well sites and civil infrastructure work for non oil and gas clients. Petrowest Construction LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors, graders, and scrapers as well as other ancillary support equipment.

Petrowest Transportation LP

Petrowest Transportation LP operates under the trade names of "D&D Well Services", "Murtron Hauling" and "Cutbank Trucking and Transport" and specializes in the transportation of oil and gas drilling rigs, well site equipment and heavy equipment as well as specialty hauling services including log loading and hauling and gravel loading and hauling. The Transportation LP operates a fleet of heavy transport trucks, trailers, jeeps, boosters, log and gravel loading equipment as well as other ancillary support equipment.

Petrowest Civil Services LP

Petrowest Civil Services LP operates under the trade names of "R. Bee Crushing", "Tri-Dave Gravel Sales" and "S.O.S. Oilfield Safety". The Civil Services LP specializes in mobile aggregate rock crushing and sand screening for gravel supply operations throughout Alberta and British Columbia operating a fleet of cone and jaw crusher units, conveyor and sand stacker units, loaders, dozers, tracked hoe excavators and articulated rock trucks. The Civil Services LP also provides safety services including safety supervision and rental of safety air units and wash units provide for safety support during oil and gas drilling operations and plant turnarounds.

Petrowest Rental Services LP

Petrowest Rental Services LP operates under the new trade name of "Nu-Northern Tractor Rentals" and specializes in heavy equipment rentals to oil and gas companies, oil sand clients, and independent contractors working in the oil and gas, mining, logging, pulp and paper and civil construction industries. The Rental Services LP operates a fleet of heavy equipment including dozers, tracked hoe excavators, articulated rock haulers, compactors and side-boom pipelayers.

The Trust's operations are primarily in the deep drilling market regions of the Western Canadian Sedimentary Basin ("WCSB") with operations in northern Alberta and northeastern British Columbia. The WCSB is one of the largest oil and gas producing regions in North America. Much of the terrain in the WCSB is considered rugged, resulting in access issues due to dense bush, muskeg, bedrock and mountainous terrain all of which are complicated by the weather in the region. Historically this region has been less impacted by cyclical swings in market prices due to the longer lead times in access, drilling and completion of planned wells. Oil and gas producers have generally taken a longer term view of project work in the area with consistent growth in drilling activity.

Weather also has a direct impact on the operations of Petrowest. Oil and gas drilling activity is generally stronger November through March as frozen ground conditions allow for exploration in areas with muskeg conditions. Wet weather in the spring and early summer months hinder activity. As frost comes out of the ground, road conditions deteriorate and municipalities impose temporary weight restrictions on road surfaces ("road bans"), thus restricting access and trucking operations. Operations normally gain strength in late June and continue through to the end of summer and fall. A short slowdown normally exists in late fall until freezing conditions allow for winter work activity to recommence.

ACQUISITIONS

September 7, 2006 Acquisitions

The Trust was formed by a deed of Trust dated July 6, 2006. Pursuant to a prospectus dated August 28, 2006, the Trust issued units and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of the Acquired Companies. The estimated purchase price of the Acquired Companies was approximately $258.0 million including post closing adjustments for actual working capital acquired and the actual Acquired Companies' debt balances retired on the acquisition. The purchase price was funded by payment of approximately $107.6 million net cash payable to the vendors, $22.7 million retirement of debt and the issuance of units by the Trust for proceeds of $127.7 million. In conjunction with the acquisitions, all debt and capital lease obligations were repaid by Petrowest through the use of proceeds from the offering.

There is a dispute with Northern Tractor associated with the valuation of certain working capital items and the valuation of redundant assets retained by the vendor. The total disputed amount is approximately $800,000. This amount has been classified as a contingent gain and because collectability is uncertain, has not been recognized for purposes of the calculation of the purchase price adjustment. Arbitration of these amounts is expected to occur prior to the end of the third quarter of 2007 and adjustments required to the purchase price to reflect this contingent gain, if any, may be material.

The transaction closed on September 7, 2006 and the Trust commenced commercial operations on that date.

May 18, 2007 Acquisitions

Petrowest entered into agreements to acquire all of the outstanding shares and shareholder loans of Cutbank Trucking Ltd. and Cutbank Transport Ltd. (collectively, "Cutbank"), Jim Moffatt Construction Ltd. and 921639 Alberta Ltd., (collectively, "Jim Moffatt Construction"), Quigley Contracting Ltd, 529805 B.C. Ltd. and LMQ Enterprises Ltd., (collectively, "Quigley Contracting Ltd."), Rick's Mechanical Services Ltd. and Tri-Dave Gravel Sales Ltd (collectively, the "Newly Acquired Companies").

Cutbank Trucking Ltd. and Cutbank Transportation Ltd. are operated together as one business and specialize in hauling logs and gravel and the provision of log loading equipment in Grande Prairie, Alberta. Cutbank Trucking Ltd. was formed in 1972 and Cutbank Transportation Ltd. was formed in 1997.

Jim Moffatt Construction Ltd. is a lease and road building company operating in northern Alberta. Jim Moffatt Construction Ltd. was formed in 1992 and operates from its base in Worsley, Alberta. In addition to lease and road building, Jim Moffatt Construction Ltd. also operates a 250-man camp permanently located in Worsley.

Rick's Mechanical Services Ltd. is a mid-size lease and road builder based in Peace River, Alberta. Rick's Mechanical Services Ltd. was formed in 1993 and has achieved a positive working relationship with the Woodland Cree First Nation in providing services to oil sand developers operating on the traditional lands of the Woodland Cree First Nation.

Quigley Contracting Ltd. is a lease and road building company operating in Fort St. John, British Columbia. Quigley Contracting Ltd. was formed in 1990 by Rick Quigley. The acquisition of Quigley Contracting Ltd. will expand Petrowest's geographical footprint into the northern regions of British Columbia.

Tri-Dave Gravel Sales Ltd. is a gravel crushing operation that operates in the Edmonton area. Tri-Dave Gravel Sales Ltd. was formed in 1984. Tri-Dave Gravel Sales Ltd. will provide additional capacity to Petrowest's crushing operations conducted by R. Bee Crushing.

The estimated purchase price including acquisition costs of the Newly Acquired Companies was approximately $93.1 million.

The May 18, 2007 acquisitions have been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. An allocation of the consideration is as follows:

Net assets acquired	**$000's**
Cash acquired on acquisition	8,963
Accounts receivable	12,235
Prepaid expenses and other	2,412
Inventories	474
Accounts payable and accrued liabilities	(8,875)
Income taxes payable	(986)
Property and equipment	42,134
Intangibles	15,123
Goodwill	21,598
Total	93,078
Consideration paid	
Net cash to vendors	50,869
Acquisition costs	502
Retirement of long-term debt and capital lease obligations	9,391
	60,762
Trust Units (4,351,622 units issued)[(1)]	32,316
Total	93,078

[(1)] For the purposes of calculation of the aggregate, the trust units have been attributed a value of $7.4261 each, the five day volume weighted average price before the closing date.

(c) Business Alliance June 18, 2007

On June 18, 2007 Petrowest signed agreements documenting a memorandum of understanding effective May 1, 2007 with the Woodland Cree First Nations ("WCFN") providing Petrowest with the primary right to provide a combination of services on a revenue sharing basis within the WCFN traditional lands for a period of 5 years. In conjunction with the agreements, Petrowest purchased the road construction equipment assets of the WCFN. The total cash consideration paid or payable to the WCFN for the assets and the contractual rights was $4,000,000. Petrowest paid $2,000,000 on closing, retired $1,424,623 of equipment debt subsequent to the quarter end and the remaining $575,377 will be paid once certain post closing conditions being met.

The Trust also issued the WCFN 300,000 warrants to acquire Petrowest units at a strike price of $7.47 per unit. The warrants expire May 1, 2008. The valuation of the warrants has been calculated using a Black-Scholes pricing model.

In return for the consideration, Petrowest will be the primary supplier of services that the Trust is capable of providing on all WCFN Treaty and Traditional Lands for a period of 5 years.

Petrowest has accounted for the transaction as follows:

	$000's
Value of warrant consideration	$ 270
Initial cash consideration	$ 2,000
Remaining purchase consideration payable	$ 2,000
	$ 4,270
Fair Value of Equipment	$ 1,926
Value of business alliance	$ 2,344
Total Consideration	$ 4,270

The business alliance will be amortized on a straight-line basis over 5 years.

In addition the Trust has agreed to provide services in kind valued a market rates to assist in the potential construction and development of a community centre subject to certain conditions being fulfilled and capped to a maximum of $1,000,000.

SUMMARY OF RESULTS - QUARTERLY ANALYSIS

Petrowest commenced trading on the Toronto Stock Exchange on September 7, 2006, the day of commencement of commercial operations of the Trust. Accordingly, the three and six month periods ending June 30, 2007 have no comparative figures for the same period in the previous year, as the Trust was not yet created. For comparative purposes only, Petrowest has provided certain quarterly financial information considered meaningful on the basis that the Acquired Companies had been acquired at January 1, 2006 as prepared by the management of the Acquired Companies on a calendar year basis.

In addition, management has prepared a split of revenue and operating expenses by segment for the three months ended June 30, 2007 to reflect the impact of the Newly Acquired Companies from the date of acquisition on May 18, 2007 to the end of Q2.

$000s *except per unit amounts, margins and ratios*	Q2 2007	Q1 2007	Q4-2006	Q3-2006 (Stub) [1]

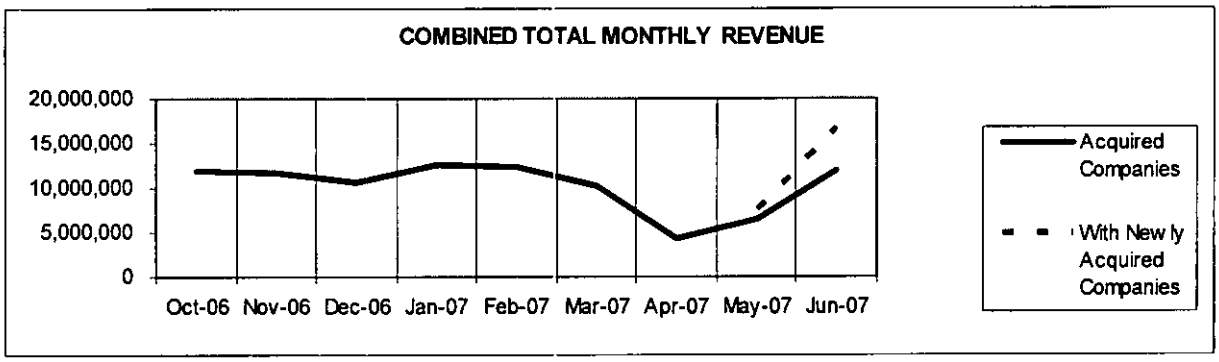
Notes

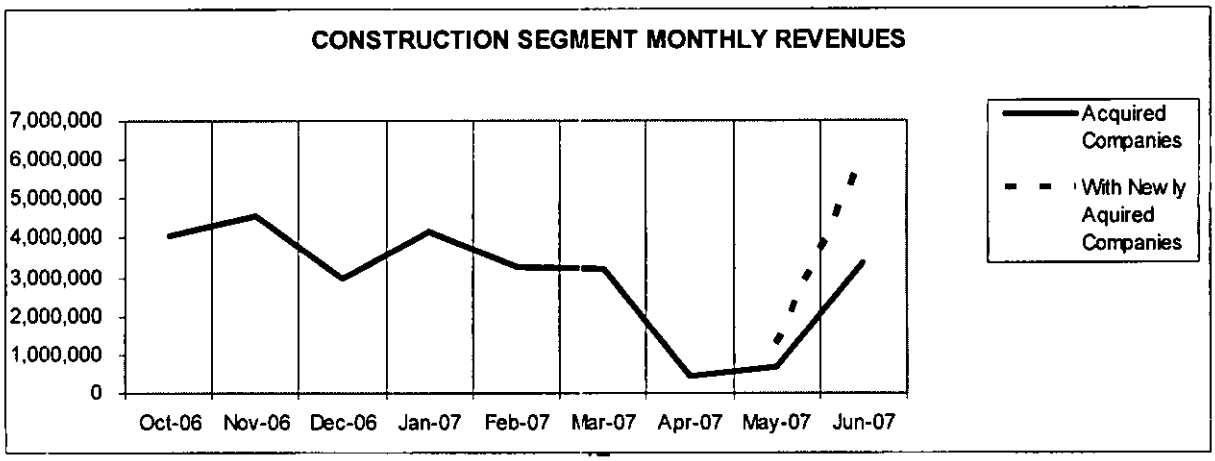


[1] *Q3-2006 Stub is for the period from September 7, 2006 to September 30, 2006.*

[2] *The terms EBITDA and ADJUSTED EBITDA are not measures recognized by GAAP and do not have standardized meanings prescribed by GAAP.*

REVENUE

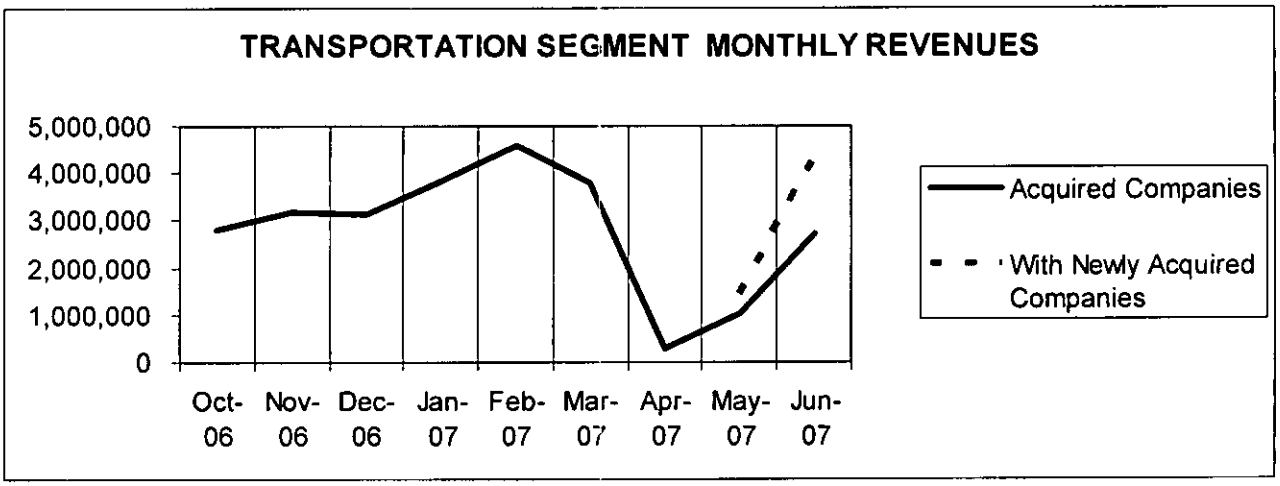
Total revenue for the three and six months ended June 30, 2007 was $27,133,851 and $59,996,757. This represents a decrease of 18% and 26%, respectively, over the same periods in 2006. The decline is due to sharply lower gas drilling activity as well as the adverse weather conditions, and extended spring break up resulting from the heavy snowfalls in the Trust's operating areas. While the Trust is diversified, and provides services to commercial, infrastructure, logging and oil sands clients, oil and gas conventional drilling historically has accounted for approximately two thirds of the Trust's revenue. The Newly Acquired Companies contributed 22% of total revenues in Q2.



The Canadian Association of Oilwell Drilling Contractors ("CAODC") estimates that wells drilled and completed in the WCSB will decline by approximately 26% from 2006 levels to approximately 16,233 wells for 2007. This projected decline is virtually identical to the current volume declines experienced to the end of Q2.

Construction Segment

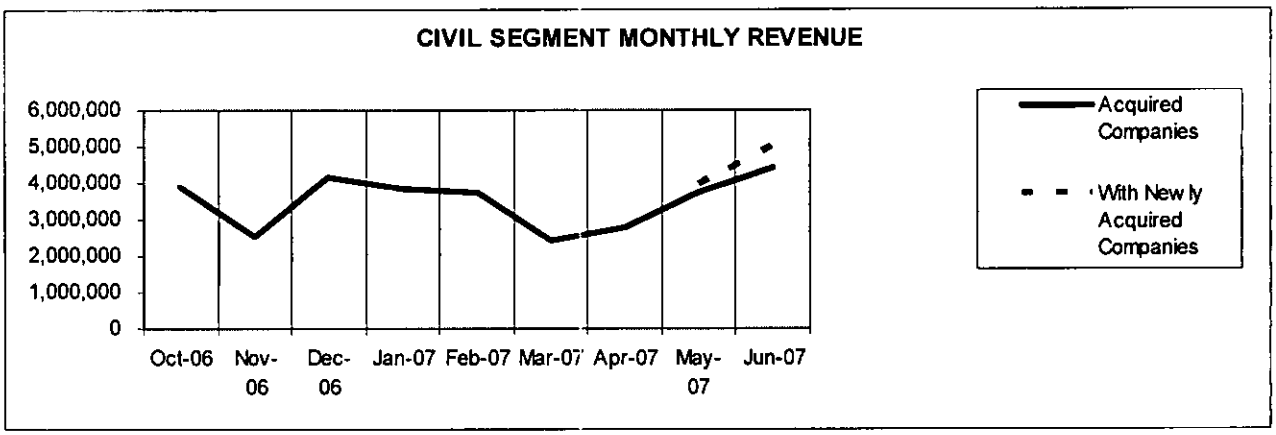
Q2 was extremely difficult for this division with significant declines due to the effects of weather and lower gas exploration activity. The expected busy winter months effectively peaked in November, declined in December due to the holidays and rebounded slightly in January. The balance of the winter declined sharply until an early spring shutdown and did not begin to pick up again until late May. Excluding the contribution of the Newly Acquired Companies, overall revenue declines were approximately 60% and 42% for the three and six month periods to June 30, 2007 over the revenues of the predecessor companies during the same period in 2006. The Newly Acquired Companies generated approximately $3.2 million of the $7.2 million or 44% of the Q2 revenue for this segment.



Demand for services in the month of June rebounded strongly and barring wet summer weather conditions, indications are that this segment has the potential to perform strongly throughout Q3. The outlook for Q4 of 2007 and Q1 of 2008 is still uncertain but managements marketing initiatives focused on work associated with the Peace River oil sands development, including the business alliance established with the Woodland Cree First Nation, is expected to offset the ongoing natural gas drilling downturn.

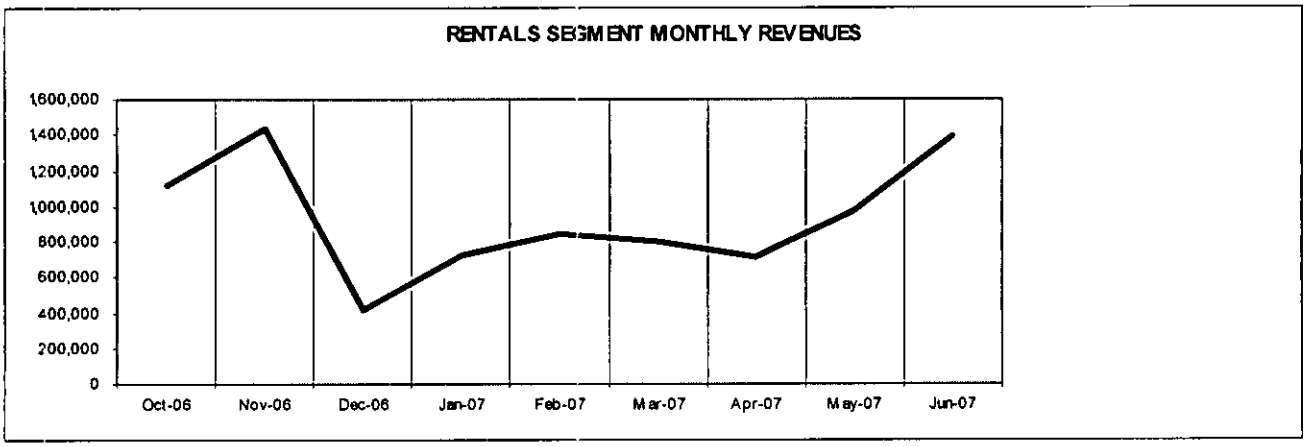
Transportation Segment

The transportation segment business has two main components. The first being drilling rig mobilization and demobilization services and the second being lighter hauling, primarily log hauling in the winter months and gravel hauling in the summer. The rig moving operation has historically been the largest single business operation in the Trust and was severely impacted by the drilling downturn. Consequently, given its relative size, the downturn has had a greater overall impact to the Trust.



While log hauling activity was very strong, both operational units where impacted by the above normal snowfalls in the first half of 2007. Excluding the revenue contributions of the Newly Acquired Companies revenue declines were approximately 63% and 53% for the three and six month periods to June 30, 2007 over the same period in 2006. In Q2, the Newly Acquired Companies generated approximately $2.1 million of the $5.6 million or 38% of the Q2 revenue for this segment.

Civil Segment



The Civil segment has two main components. The first, oilfield safety services, is tied to drilling activity and faced declining activity throughout the winter. The second and largest component of this segment is gravel crushing. The gravel crushing operations have contracts booked at or near capacity to the end of 2008. In spite of the work volumes, winter months generally result in lower production volumes due to cold conditions. Summer is the peak time for this division.

Excluding the revenue contributions of the Newly Acquired Companies, revenue increased by approximately 5% and 15% for the three and six month periods to June 30, 2007 over the revenue of the predecessor companies for the same period in 2006. In Q2, the Newly Acquired Companies generated approximately $785,000 of the $11.7 million or 7% of the year to date revenue for this segment. It is anticipated that given the capacity increases added over the winter months, and with the existing contracts that are in place that have the operations at, or near capacity, the prime summer gravel crushing months should result in increases to productivity.

Rentals Segment

Drilling slowdowns, delays to oil sand projects in Fort McMurray and a slow pipeline sector resulted in reduced demand for rental equipment over the winter months. The month of June returned to near record high levels and indications are that utilization rates should be reasonably strong until at least the end of Q4. Revenue declines were approximately 11% and 38% for the three and six month periods to June 30, 2007.

INTER SEGMENT REVENUES

Eliminated from the financial statements are $1,584,683 and $3,955,426 for the three and six month periods ending June 30, 2007 of inter-segment sales and the offsetting costs at the same value. These inter-segment sales relate to the market value of activity between the various segments of the Trust, including the Transportation segment hauling equipment on behalf of the Construction and Civil segments, the Rentals segment supplying equipment to the Civil segment and other cross utilization of manpower and equipment.

OPERATING EXPENSES AND GROSS MARGIN

Operating expenses on a consolidated basis for the three and six months ended June 30, 2007 were approximately $24.5 million and $49.8 million, respectively. The rapid and deep downturn that occurred early 2007 negatively impacted operating expenses and gross margins. The following table outlines the cost by segment and the changes and percentage changes over the comparative period in 2006.

	Three months ended June 30				Six months ended June 30			
Operating Expense changes by Segment	**2007**	**2006**	**$chg**	**% chg**	**2007**	**2006**	**$chg**	**% chg**
Construction Segment	4,353	8,299	(3,946)	(48%)	12,016	18,612	(6,596)	(35%)
Newly Acquired Companies	2,766	n/a	n/a	n/a	2,766	n/a	n/a	n/a
Transportation Segment	5,448	7,293	(1,845)	(25%)	14,955	22,594	(7,639)	(34%)
Newly Acquired Companies	1,574	n/a	n/a	n/a	1,574	n/a	n/a	n/a
Civil Segment	9,306	7,170	2,136	30%	16,115	13,153	2,962	23%
Newly Acquired Companies	492	n/a	n/a	n/a	492	n/a	n/a	n/a
Rentals Segment	529	1,890	(1,361)	(72%)	1,896	3,252	(1,356)	(42%)

The revenue declines in all segments except the civil segment resulted in total dollar cost declines as well. However while actual dollar costs declined, as a percentage of revenue, costs in all segments except the rental group increased resulting in and erosion of margins.

Total Operating Expense as % of Revenue	2007	2006		2007	2006
Total Operating costs as a % of Total Revenues	24,468	24,652		49,814	57,611
	128%	75%		92%	71%

Major cost items that increased as a percentage of revenue, across all segments, were labor, fuel and equipment rentals. It is expected that higher fuel costs can eventually be passed on to the Trust's clients, but in the current downturn, it is expected that there will be a timing difference before pricing increases can be passed on.

Productivity losses as a result of inclement weather and heavy snowfalls impacted all segments. Labor costs increased in both quarters of 2007. In addition, a minimum of 25% additional equipment capacity was added to each business segment in conjunction with and shortly after the initial public offering. The Trust's fixed cost infrastructure is capable of handling higher levels of activity. The resulting underutilized capacity has an ongoing effect to margins until volume of activity increases.

In response to the current cost increases management is working to expand cross utilization of existing equipment and reposition certain equipment assets in the Trust's new geographical locations to minimize mobilization and fuel costs. In addition, the Trust's rental segment is focusing marketing efforts to rent underutilized assets within the other Trust's segments to third parties. Finally management is in the process of implementing various cost cutting measures. Management expects to realize benefits on these actions by both increases in revenue and cost savings.

GENERAL AND ADMINISTRATIVE

General and administrative expenses for the three and six months ended June 30, 2007 were $1,637,137 and $3,328,803 respectively, or 6% and 5.5%, respectively, of revenue. Costs included in this category are accounting and administrative staff, additional consulting costs evaluating the impacts of the federal tax announcements and staff training costs associated with the new accounting and management system implemented in conjunction with the integration of the Newly Acquired Companies.

EBITDA

EBITDA for the six months ended June 30, 2007 was $6,766,419.[1] This represents an EBITDA margin of 11.3%.[2] In Q2, the Newly Acquired Companies contributed $1,254,744 in EBITDA since the completion of the acquisitions on May 18, 2007.

[1] EBITDA is calculated as net loss of $(23,296,579) plus interest expense of $1,645,861 plus amortization of property and equipment and amortization of intangible assets of $16,448,348 plus future income taxes of $11,968,789.

[2] EBITDA Margin is a fraction of which EBITDA of $6,766,419 is the numerator and revenue of $59,996,757 is the denominator.

AMORTIZATION OF PROPERTY AND EQUIPMENT

Amortization for the six months ending June 30, 2007 was $11,751,610. Amortization is applied to reduce the book value of property and equipment to its estimated residual value over its estimated useful life on a declining balance basis annually or on an actual usage basis.

AMORTIZATION OF INTANGIBLE ASSETS

Intangible assets, consisting of acquired customer relationships, business alliance, brand and trade names, and non-competition agreements are recorded at cost and amortized over their useful lives, which is estimated to be five years for business alliance, brand and trade names, and non-competition agreements and ten years for customer relationships. Intangible assets are regularly evaluated by comparing their applicable estimated future net cash flows to the unamortized net book value of the intangible asset. Any impairment would be charged to income in that period.

INTEREST

Interest expense reflects carrying costs on lease obligations, interest on capital lease obligations and interest on the revolving bank term loan.

INCOME TAXES

Petrowest, and its operating entities, are taxable entities under the Income Tax Act of Canada and are currently taxable only on income that is not distributed or distributable to the unit holders. As the Trust currently distributes all of its taxable income to the unit holders, no previous provision for income taxes had been made.

On June 12, 2007, the legislation implementing the new tax on publicly traded income Trusts and limited partnerships (the "SIFT tax"), referred to as "specified investment flow-through" ("SIFT") entities (Bill C-52) received third reading in the House of Commons and on June 22, 2007, the Bill received Royal Assent. As a result, the tax was considered to be enacted for accounting purposes in June 2007. SIFTs are certain publicly traded income and royalty Trusts and limited partnerships including Petrowest.

For SIFTs in existence on October 31, 2006, the SIFT tax will be effective in 2011 unless certain rules related to "undue expansion" are not adhered to, in which case such rules would be applied at an earlier date. Under the guidance provided, Petrowest can increase is total equity subject to annual limits, to approximately $497.8 million by 2011 without prematurely triggering the SIFT tax.

Under the SIFT tax, distributions will not be deductible for income tax purposes by SIFTs in 2011 and thereafter and any Trust level taxable income will be taxed at a rate approximating the corporate income tax rate currently estimated to be 31.5 percent. The resultant distributions will be considered taxable dividends to unitholders, generally eligible for the dividend tax credit. Distributions representing a return of capital for income tax purposes will continue to be an adjustment to a unitholder's adjusted cost base of Trust units.

For accounting purposes, as the SIFT tax was enacted in the second quarter of 2007, Petrowest recorded non-cash future income tax provisions that resulted in a net charge of $11,968,789 to future income taxes to reflect the temporary differences between the book and tax basis of assets and liabilities expected to be remaining in the Trust in 2011. The majority of the temporary differences at the Trust level relate to the timing differences associated with property plant and equipment and intangibles acquired by the Trust on September 7, 2006 and May 18, 2007.

Our Board of Directors and Management continue to review the impact of this tax on our business strategy. We expect future technical interpretations and details will further clarify the legislation. At the present time, Petrowest believes some or all of the following actions will or could result due to the enactment of the SIFT tax:

- If structural or other similar changes are not made, the after-tax distribution yield in 2011 to taxable Canadian investors will remain approximately the same, however, the distribution yield in 2011 to tax deferred Canadian investors (RRSPs, RRIFs, pension plans, etc.) and foreign investors could fall.

- A portion of Petrowest's cash flow could be allocated to the payment of the SIFT tax, or other forms of tax, and would not be available for distribution or re-investment;

- Petrowest could convert to a corporate structure to facilitate investing a higher proportion or all of its cash flow in growth capital and potential acquisitions. Such a conversion and change to capital programs could result in a significant reduction to, or elimination of, distributions and/or dividends;

- Petrowest might determine that it is more economic to remain in the Trust structure and pay required distribution taxes when they come into effect in 2011 and utilizing available income tax strategies to minimize the impact of the tax.

The Trust is reviewing all organizational structures and alternatives to minimize the impact of the SIFT tax on our unitholders. While there can be no assurance that the negative effect of the tax can be minimized or eliminated, Petrowest and its advisors will assess the alternatives available and implement a strategy that is in the best interest of the unitholders.

NET LOSS

Net loss for the three and six months ended June 30, 2007 was $21,072,241 and $23,296,580, respectively. This represents a net loss per unit of $0.69 and $0.79, respectively, basic and fully diluted.

Included in the net loss is an adjustment for future income taxes as a result of Bill C-52 which received third reading in the House of Commons on June 12, 2007 and received Royal Assent on June 22, 2007. As a result, the tax was considered to be enacted for accounting purposes in June 2007. Excluding the impact of the future income tax adjustment net loss for the period would be $9,103,452 and $11,327,791, respectively. This represents a net loss per unit before future income tax adjustment of $0.30 and $0.38, respectively, basic and fully diluted.

RECONCILIATION OF CASH FLOW FROM OPERATING ACTIVITIES TO DISTRIBUTABLE CASH

$000s	For the three months ended June 30, 2007	For the six months ended June 30, 2007
Cash flow from operating activities	1,792	64
Changes in non-cash working capital items	(1,426)	5,904
	366	5,968
Interest income	98	148
Distributable Cash	**464**	**6,116**
Total distributions paid or payable	**9,365**	**17,848**
Distributions funded from revolving bank term loan and DRIP	**8,901**	**11,732**
Payout ratio[1] – combined unitholders	**495%**	**343%**

(1) Payout ratio is a fraction of which distributions paid or payable to Trust and Subordinated Unitholders of $8,901 and 11,732, respectively, is the numerator and distributable cash of $464 and $6,116, respectively, is the denominator.

Seasonal Impacts on Cash Flow

The Trust strives to fund distributions primarily from funds flow from operations before changes in non cash working capital items. However, Petrowest's business operations are seasonal by nature. Management expects that the Trust will consume cash during periods of normally higher activity, historically Q4 and Q1, and to a lesser extent in Q3. Typically in these quarters, operations would increase receivable balances faster than collected. In Q2, the impact of spring breakup will typically reverse this trend. To reduce the impact on cash, the Trust has secured an operating line of credit to finance the cyclical nature of its operations. Accordingly in the shorter term, with reasonable evidence that cyclical trends reflect normal seasonal indicators, the Trust may use the operating line of credit to fund distributions during periods where working capital demands exceed funds flow from operations before changes in non cash working capital items.

Productive Capacity

The Trust strives to fund maintenance capital expenditures from cash flows. Growth capital expenditures would typically be funded by combinations of debt and operating leases. Since inception Petrowest's productive capacity has increased significantly. The Trust has added approximately $48 million in additional equipment financed by debt and operating leases that have increased the capacity of each segment by at least 25%. In addition the recent acquisitions on May 18, 2007 have added an additional $42 million in capital assets to the Trust, obtained from existing third party market capacity. The acquisitions have expanded the geographical footprint of the Trust and opened new markets for the Trust's services. The acquisitions have also increased capacity in the Construction, Transportation and Civil LP's. The cost of the Newly Acquired Companies has been financed by debt and the issue of Units of the Trust.

Property and equipment asset acquisitions incurred in the six months ended June 30, 2007 were approximately $11.7 million. The acquisitions were financed by an increase in the Trust's debt and were targeted to increase capacity in the gravel crushing and hauling and log hauling operations.

In light of the current significant weakening of the energy sector activity and current lower overall equipment utilization, management believes that the sizable capital expenditures incurred in the prior periods provide the Trust with the capacity to sustain operations into 2008 without the need for any additional maintenance capital expenditures.

Further capital expenditures for the 2007 year, will be targeted toward the gravel crushing operations that have confirmed work into 2008 that exceed present capacity levels.

It is anticipated that a return to higher levels of energy sector activity will require a future expenditures for maintenance capital expenditures in 2008 and beyond to replace older equipment. It is anticipated that this provision will be in the range of $6.0 million to $10.0 million per annum depending on future activity levels and equipment utilization.

Due to the risks inherent in the oil and natural gas industry, there can be no assurance that capital programs, whether limited to the excess of cash flow over distributions or not, will be sufficient to maintain or increase future productive capacity.

Overall Distribution Capacity

Distributable cash decreased by approximately $5,188,000 from Q1 of 2007. While the majority of the decline is related to seasonal conditions, the ongoing slowdown in oil and gas exploration activity has further negatively impacted cash flows. In the first quarter management of the Trust believed that the sector downturn would be short lived and accordingly elected to maintain distributions until evidence to the contrary became persuasive. As such, distributions occurring in late Q1 and Q2 were funded by the revolving bank term loan and the DRIP. The Trust reduced distributions by 40% to $0.06 per unit with effective the month of July to a level consistent with anticipated level of profitability of the Trust given current industry levels. Long term distribution capacity is dependent on generation of positive cash flows and due to the inherent risks in the oil and gas industry and current lack of visibility with respect to the near term outlook, there can be no assurance that distributions can be maintained at current levels in the future.

Since inception on September 7, 2006 the Trust has generated approximately $19.9 million in EBITDA. Accumulated distributions to date are approximately $28.5 million. The excess distributions over EBITDA, represent an effective return of capital to investors of $8.6 million. This is effectively one full quarter of distributions that have not been funded by operational cash flows.

DISTRIBUTIONS

Actual distributions paid in the three and six month periods by the Trust to unitholders are as follows:

Distributions to Trust Unit Holders

Record Date	Date Paid	Amount per Unit	Distributions Declared	Cash Distributions Paid	(1) DRIP Value Exercised	(1) DRIP Units issued
December 31, 2006	January 15, 2007	$0.10	$2,676,509	$2,676,509	n/a	n/a
January 31, 2007	February 15, 2007	$0.10	$2,676,509	$2,676,509	n/a	n/a
February 28, 2007	March 15, 2007	$0.10	$2,676,509	$2,676,509	n/a	n/a
March 31, 2007	April 15, 2007	$0.10	$2,676,509	$2,676,509	n/a	n/a
April 30, 2007	May 15, 2007	$0.10	$2,677,509	$2,677,509	n/a	n/a
May 31, 2007	June 15, 2007	$0.10	$3,112,672	$2,429,816	$682,855	93,665
June 30, 2007	July 15, 2007	$0.10	$3,220,381	$2,333,146	$788,892	114,698

Distributions to Subordinated Unit Holders

Record Date	Date Paid	Amount per Unit	Total Distributions
December 31, 2006	March 23, 2007	$0.37667	$568,772

(1) *On April 27, 2007, Petrowest approved the implementation of a DRIP program which provides the opportunity for unitholders to reinvest the cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading prices for the ten days prior to distribution payment date.*

Future distributions will be at the discretion of the Board of Directors of Petrowest Energy Services General Partner Ltd. and may vary depending on the current and anticipated level of activity in the Trust as well as the operational performance of the various partnerships.

Distributions for the record date July 31, 2007 were reduced to $0.06 per unit.

LIQUIDITY

Non Cash Working Capital

$000s	As at June 30 2007	As at December 31 2006
Accounts receivable	48,225	38,498
Prepaid expenses and deposits	4,316	1,517
Inventory	3,729	3,454
Accounts payable and accrued liabilities	(20,999)	(20,296)
Income taxes payable	(934)	-
Distributions payable	(4,028)	(3,245)
Purchase price adjustment payable	(2,000)	(6,422)
Current portion of revolving bank term loan	(15,000)	-
Current portion of obligations under capital leases	(331)	(87)
Non Cash Working capital	12,978	13,419

Non cash working capital at June 30, 2007 was approximately $13.0 million representing a decline of approximately $0.4 million since December 31, 2006. Excluding the impact of the classification of $15.0 million revolving bank term loan, actual non cash working capital increased by approximately $14.6 million. Of this increase, approximately $3.0 million was acquired in the acquisitions described in note 4(b) to the financial statements. The remaining $11.6 million increase has evolved from increases in accounts receivable due to volume increases in the month of June partially offset by the settlement of the majority of purchase price adjustments and slower accounts receivable collections.

Working capital levels are believed to be adequate to support current debt requirements and sustain business operations.

On May 18, 2007, the Trust amended and restated its credit facility available for growth capital, acquisitions and working capital needs to $120 million. Loan security is provided by a first charge debenture, a general security agreement and a general assignment of book debts. The credit facility has a one year revolving term ending in November of 2007 which may be extended for an additional 364 days at the discretion of the lender on application by the Trust. Principal is then repayable in twelve equal quarterly installments over 36 months starting ninety days after the end of the revolving term. Interest is payable monthly at floating rates between prime and prime + 1.0% depending on the Trust's debt to trailing twelve month EBITDA ratio.

The term "EBITDA" is determined in accordance with GAAP, and is defined as: earnings before income taxes, interest expenses, amortization of property and equipment and amortization of intangible assets and excluding non-cash income and expenses and extraordinary items.

Current EBITDA levels require payment of interest at prime.

As at June 30, 2007, the Trust had drawn $90.0 million on its credit facility of which approximately $64.3 million was utilized to meet the cash requirements of the acquisitions of the Newly Acquired Companies. The remainder of the drawn component of the facility has been utilized for the purchase of equipment and working capital needs.

If requested at the end of the term in November of 2007, the first quarterly principal payment would not be due until February 2008 and $15,000,000 has been reported as the current portion.

The Trust's revolving bank term loan requires the Trust to maintain certain financial covenants as follows:

- Working capital ratio, excluding facility debt, of greater than 1.35 to one. The Trust's ratio at Q2 is 2.03 to 1.
- Funded debt to four quarter's trailing EBITDA ratio of not greater than 2.25 to 1. The Trust's ratio at Q2 is 1.94 to 1.
- Fixed Charge coverage of not less than 1 to 1. The Trust's ratio at Q2 is 1.7 to 1.
- Funded Debt to capitalization of not more than 0.5 to 1. The Trust's ratio is 0.27 to 1.

In the event the Trust were to fail to meet any of the financial covenants the implications to the Trust could include a requirement to repay immediately the revolving bank term loan and could result in suspension of future distribution payments.

The Trust is compliant on all debt covenants and believes that the reduction of distributions previously announce will allow the Trust to further reduce its level of borrowings under the credit facility over time.

CONTRACTUAL OBLIGATIONS – PAYMENTS DUE BY PERIOD

	As at June 30, 2007				
$000s	**< 1 year**	**1 - 3 Years**	**4 - 6 Years**	**Thereafter**	**Total**
Bank Indebtedness	15,000	75,000	-	-	90,000
Obligations under Capital leases	331	827	-	-	1,158
Operating Leases on Equipment	10,116	14,568	565	-	25,249
Operating Leases on Offices, Shop and yards	2,091	5,194	1,183	-	8,468
TOTAL	27,538	95,589	1,751	-	124,878

The Trust's credit facility is subject to renewal in November 2007. In the event that facility is not renewed the indicated payments would be required. It is the Trust's intent to request a renewal of the facility and we believe we will be successful in renewing or replacing the facility.

Operating and capital lease commitments are consistent with levels previously retained within the individual companies prior to their acquisition by Petrowest. It is management's belief that lease commitments can be met from operating cash flows.

UNITHOLDERS' EQUITY

Unitholders' Capital

Authorized

The Trust is authorized to issue an unlimited number of Trust Units. Holders of Trust Units will be entitled to receive monthly distributions to the extent declared by the Board of Directors of the Trust's administrator, Petrowest Energy Services General Partner Ltd. in priority to any payments on the Subordinated Units.

Issued

	Trust Units Outstanding	Subordinated Units Outstanding	Total Outstanding	$000's Value
Trust Units issued for cash net of issue costs	14,000,000		14,000,000	128,118
Trust Units issued on the acquisition of the Acquired Companies (note 4(a))	12,765,094		12,765,094	127,651
Total Units	26,765,094		26,765,094	255,769
Subordinated Units				
Issued for cash	-	1,510,000	1,510,000	1,510
Issued for promissory notes	-	-	-	3,020
Less: Amount issued for promissory notes	-	-	-	(3,020)
Balance at December 31, 2006	26,765,094	1,510,000	28,275,094	257,279
Issued for services	10,000	-	10,000	72
Issued to distribution reinvestment plan "DRIP"	93,665	-	93,665	683
Issued on the acquisition of the Newly Acquired Companies (note 4 (b))	4,351,622	-	4,351,622	32,316
Total units outstanding as at June 30, 2007	31,220,381	1,510,000	32,730,381	290,350
Weighted average units outstanding three months ended June 30 basic and diluted	28,845,805	1,510,000	30,355,805	
Weighted average units outstanding six months ended June 30 basic and diluted	27,811,197	1,510,000	29,321,197	

On July 6, 2006, the Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate, to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that may be forgiven at the option of the Trust over three years if the subscriber remains as a director, officer or employee of Petrowest. No amounts have been forgiven to date.

Holders of Subordinated Units have the right to convert into Priority Units on a one-for-one basis at any time after the end of the first fiscal year ending on or after December 31, 2008 if the Trust has earned EBITDA of at least $47 million and paid distributions of at least $1.20 per Trust Unit for such fiscal year.

On June 27, 2007, the Trust issued 300,000 warrants at a strike price of $7.47 per unit expiring May 1, 2008 for aggregate consideration of $270,000. The Trust valued the warrants using the following assumptions in the Black-Scholes model: average risk-free interest rate of 4.73%; average expected life of 0.91 years; expected volatility of 30%.

On April 27, 2007, Petrowest approved the implementation of a DRIP program which provides the opportunity for unitholders to reinvest the cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading prices for the ten days prior to distribution payment date.

Future distributions and continuation of the DRIP program will be at the discretion of the Board of Directors of Petrowest Energy Services General Partner Ltd. and may vary depending on the current and anticipated level of activity in the energy services industry as well as the operational performance of the various partnerships.

Units issued on the acquisition of the Acquired Companies and units issued on the acquisition of the Newly Acquired Companies are held in escrow. Escrowed shares are released as to 25% at the end of year one and the remaining 75% at the end of year two.

GOODWILL

The Goodwill balance has arisen from the two sets of acquisitions. Goodwill represents the excess of purchase price of the Acquired Companies over the fair value of net assets acquired and liabilities assumed. The goodwill balance is assessed for impairment annually at year-end or as events occur that could result in permanent impairment. Impairment is charged to earnings and is not tax affected, in the period in which it occurs. Goodwill is stated at cost less impairment and is not amortized.

RELATED PARTY TRANSACTIONS

Petrowest paid rents for the three and six months ended June 30, 2007, respectively, for office and shop space under leases entered into with certain former vendors in the amount of$481,278 and $903,535. Future lease commitments associated with the transactions are included in note 13. Transactions were recorded at the exchange amount which is estimated to equal fair market value.

FINANCIAL INSTRUMENTS

On January 1, 2007, the Trust adopted the new CICA Handbook sections *3855 - Financial Instruments – Recognition and Measurement, 1530 – Comprehensive Income, and 3865 – Hedges*. The financial instruments standard establishes the recognition and measurement criteria of financial assets, financial liabilities and derivatives. All financial instruments are required to be measured at fair value on initial recognition of the instrument, except for certain related party transactions. Measurement in subsequent periods depends on whether the financial instrument has been classified as held-for-trading, available-for-sale, held-to-maturity, loans and receivables, or other financial liabilities as defined by the standard.

Financial assets and financial liabilities held-for-trading are measured at fair value with changes in those fair values recognized in net earnings (loss). Financial assets available-for-sale is measured at fair value, with changes in those fair values recognized in other comprehensive income (loss). Financial assets held-to-maturity, loans and receivables and other financial liabilities are measured at amortized cost using the effective interest method of amortization. The methods used by the Trust in determining the fair value of financial instruments are unchanged as a result of implementing the new standard.

The Trust has no financial instruments or activities that give rise to other comprehensive income (loss). The Trust's cash and cash equivalents are designated as held-for-trading and are measured at carrying value, which approximates fair value due to the short-term nature of these instruments. Accounts receivable are designated as loans and receivables. Accounts payable and accrued liabilities, distribution payable, and the credit facility are designated as other liabilities and are recorded at cost.

CRITICAL ACCOUNTING ESTIMATES AND ACCOUNTING POLICIES

Critical Accounting Estimates

The unaudited interim consolidated financial statements for the quarter ended June 30, 2007 have been prepared in accordance with the accounting policies described in the notes to the annual audited financial statements posted on SEDAR. As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions had a material effect on the financial statements at the time they were made. The most significant estimates in Petrowest's financial statements are the estimate for future income taxes, amortization period for property and equipment, valuation of assets in the purchase equation, assumptions used in the binomial valuation methodology and recoverability of accounts receivable.

KEY RISKS AND UNCERTAINTIES

Material Debt

The Trust's credit facility is subject to renewal in November 2007. In the event that facility is not renewed the principal repayments would be required quarterly over a three year period which could have a material impact on the Trust's ability to continue distributions and retire the principal obligations. While the Trust believes it will be successful in renewing or replacing the facility there can be no assurance that it will be successful.

Additional Risks are detailed in the Trust's annual information form dated March 30, 2007 which is available in electronic form at www.sedar.com and the Audited Consolidated Financial Statements and Management Discussion and Analysis for the year ended December 31, 2006 which are available in electronic form at www.sedar.com.

FINANCIAL DISCLOSURES

During the period ended June 30, 2007, no change occurred to Petrowest's internal control over financial reporting that has materially affected or is reasonably likely to materially affect Petrowest's internal control over financial reporting.

The Chief Executive Officer and the Chief Financial Officer continue to evaluate the effectiveness of Petrowest's disclosure controls and procedures taking into consideration the functions performed by its Disclosure Committee, the review and oversight of all executive officers and the board, as well as the process and systems in place for filing regulatory and public information. Petrowest's established review process and disclosure controls are designed to ensure that all required information, reports and filings required under Canadian securities legislation are properly submitted and recorded in accordance with those requirements over financial reporting as of June 30, 2007 pursuant to the requirements of Multilateral Instrument 52-109 of the Canadian Securities Administrators.

Petrowest integrated the nine private businesses described as the September 7, 2006 acquisitions to Note 4(a) of the financial statements and completed the data conversion of the existing accounting systems within the Acquired Companies to a common accounting system platform. All nine entities were live on the new accounting platform as at January 1, 2007.

Petrowest has also integrated the additional five private businesses described as the May 18, 2007 acquisitions to Note 4(b) of the financial statements and completed the data conversion of the existing accounting systems within the Newly Acquired Companies to a common accounting system platform. The five new entities were live on the new accounting platform as at May 18, 2007.

As part of the Trust's transition from fourteen owner managed control environments that existed in the Acquired Companies and the Newly Acquired Companies to an acceptable public company control environment, the Trust engaged third party consultants to assist with the design, documentation and testing of original internal control systems, new proposed improvements, interim measures during the conversion and planned implementation on completion of the conversion. By their nature certain planned controls, or controls that would exist on completion of the data conversion, could not be tested because they were not fully operational at the time of testing.

Based on the ongoing evaluations performed, the CEO and CFO have concluded that the design and operation of the Trust's disclosure controls and procedures were effective as at June 30, 2007 to ensure that information required to be disclosed by the Trust in reports filed under Canadian securities laws is gathered, recorded, processed, summarized and reported within the time periods specified under Canadian securities laws and is accumulated and communicated to management, including the CEO and CFO, to allow timely decisions regarding required disclosure as required under Canadian securities laws.

Further, based on the Trust's mitigating procedures, the CEO and the CFO have satisfied themselves that potential weaknesses in controls as described in the 2006 year end management discussion and analysis, have not resulted in material errors in the financial statements of the current quarter. Management and the Board of Directors are committed to transparency and completeness of financial reporting and disclosure. The existence of the identified control weaknesses need not necessarily be interpreted as evidence of a lack of integrity, of unsound business practices or of unacceptable risks to its shareholders and other related parties.

It should be noted that while Petrowest's principal executive officer and principal financial officer believe that Petrowest's disclosure controls and procedures provide a reasonable level of assurance that they are effective, they do not expect that Petrowest's disclosure controls and procedures or internal control over financial reporting will prevent all errors and fraud. A control system, no matter how well conceived or operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met.

Internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

ADDITIONAL CORPORATE INFORMATION

Additional information relating to the Trust, including the Trust's Annual Information Form, can be found on SEDAR at www.sedar.com and on the Trust's website at www.petro-west.com

FORWARD LOOKING STATEMENTS

Certain information and statements contained in this MD&A constitute forward-looking information, including the anticipated costs associated with the purchase of capital equipment, expectations concerning the nature and timing of growth within the various business units operated through affiliates of the Trust, expectations respecting the competitive position of such business units, expectations concerning the financing of future business activities, statements as to future economic and operating conditions, oil sands production and investment, oil sands reserves, revenues from oil and gas and non-oil and gas activities, debt to EBITDA ratio and end of year payout ratio. **Readers should review the cautionary statement respecting forward-looking information that appears below. Any forward statements are made as of the date hereof and the Trust does not undertake to publicly update and review such statements to reflect new events, subsequent events or otherwise, except in circumstances where in light of intervening events and absent further explanation the statements would be considered misleading.**

The information and statements contained in this MD&A that are not historical facts are forward-looking statements. Forward-looking statements (often, but not always, identified by the use of words such as "seek", "plan", "continue", "estimate", "project", "predict", "potential", "targeting", "intend", "could", "might", "should", "believe", "expect", "may", "anticipate" or "will" and similar expressions) may include plans, expectations, opinions, or guidance that are not statements of fact. Forward-looking statements

are based upon the opinions, expectations and estimates of management as at the date the statements are made and are subject to a variety of risks and uncertainties and other factors that could cause actual events or outcomes to differ materially from those anticipated or implied by such forward-looking statements. These factors include, but are not limited to, such things as changes in industry conditions (including the levels of capital expenditures made by oil and gas producers and explorers), the credit risk to which the Trust is exposed in the conduct of its business, fluctuations in prevailing commodity prices or currency and interest rates, the competitive environment to which the various business units are, or may be, exposed in all aspects of their business, the ability of the Trust's various business units to access equipment (including parts) and new technologies and to maintain relationships with key suppliers, the ability of the Trust's various business units to attract and maintain key personnel and other qualified employees, various environmental risks to which the Trust's business units are exposed in the conduct of their operations, inherent risks associated with the conduct of the businesses in which the Trust's business units operate, timing and costs associated with the acquisition of capital equipment, the impact of weather and other seasonal factors that affect business operations, availability of financial resources or third-party financing and the impact of new laws or changes in administrative practices on the part of regulatory authorities. Forward-looking information respecting the anticipated costs associated with the purchase of capital equipment are based upon historical prices for various classes of equipment, expectations relating to the impact of inflation on the future cost of such equipment and management's views concerning the negotiating leverage of the Trust and its affiliates. Forward-looking information concerning the nature and timing of growth within the various business units is based on the current budget of the Trust (which is subject to change), factors that affected the historical growth of such business units, sources of historic growth opportunities and expectations relating to future economic and operating conditions. Forward-looking information concerning the future competitive position of the Trust's business units is based upon the current competitive environment in which those business units operate, expectations relating to future economic and operating conditions and current and announced build programs and other expansion plans of other organizations that operate in the energy service business. Forward-looking information concerning the financing of future business activities is based upon the financing sources on which the Trust and its predecessors have historically relied and expectations relating to future economic and operating conditions. Forward-looking information concerning future economic and operating conditions is based upon historical economic and operating conditions, opinions of third-party analysts respecting anticipated economic and operating conditions. Although management of the Trust believes that the expectations reflected in such forward looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct. ***Accordingly, readers should not place undue reliance upon any of the forward-looking information set out in this MD&A.*** *All of the forward looking statements of the Trust contained in this MD&A are expressly qualified, in their entirety, by this cautionary statement. The various risks to which the Trust is exposed are described under "Key Risks and Uncertainties" herein and under "Risk Factors" detailed in the Trust's prospectus dated August 28, 2006 and the Trust's Annual Information Form dated April 2, 2007.*

See accompanying notes to the interim unaudited consolidated financial statements

1 Nature of the Organization

Petrowest Energy Services Trust ("Petrowest" or the "Trust") is an open-ended unincorporated mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust dated July 6, 2006. Commercial operations of the Trust commenced on September 7, 2006 and Petrowest began publicly trading on the Toronto Stock Exchange on that same day under the trading symbol PRW.UN. As such, since the Trust was formed on July 6, 2006, there is no comparable quarter included in these financial statements.

2 Accounting Policies

These consolidated interim financial statements are stated in Canadian dollars and have been prepared by management in accordance with Canadian Generally Accepted Accounting Principles ("GAAP"). They follow the same accounting policies as the Trust's audited consolidated financial statements for the year ended December 31, 2006, except as discussed below, and should be read in conjunction with these statements.

Financial instruments

On January 1, 2007, the Trust adopted the new CICA Handbook sections *3855 - Financial Instruments – Recognition and Measurement, 1530 – Comprehensive Income, and 3865 – Hedges.* The financial instruments standard establishes the recognition and measurement criteria of financial assets, financial liabilities and derivatives. All financial instruments are required to be measured at fair value on initial recognition of the instrument, except for certain related party transactions. Measurement in subsequent periods depends on whether the financial instrument has been classified as held-for-trading, available-for-sale, held-to-maturity, loans and receivables, or other financial liabilities as defined by the standard.

Financial assets and financial liabilities held-for-trading are measured at fair value with changes in those fair values recognized in net earnings (loss). Financial assets available-for-sale is measured at fair value, with changes in those fair values recognized in other comprehensive income (loss). Financial assets held-to-maturity, loans and receivables and other financial liabilities are measured at amortized cost using the effective interest method of amortization. The methods used by the Trust in determining the fair value of financial instruments are unchanged as a result of implementing the new standard.

The Trust has no financial instruments or activities that give rise to other comprehensive income (loss). The Trust's cash and cash equivalents are designated as held-for-trading and are measured at carrying value, which approximates fair value due to the short-term nature of these instruments. Accounts receivable are designated as loans and receivables. Accounts payable and accrued liabilities, distribution payable, obligations under capital leases and the revolving bank term loan are designated as other liabilities and are recorded at cost.

Income taxes

On June 12, 2007, the legislation implementing the new tax on publicly traded income trusts and limited partnerships (the "SIFT tax"), referred to as "specified investment flow-through" ("SIFT") entities (Bill C-52) received third reading in the House of Commons and on June 22, 2007, the Bill received Royal Assent. As a result, the tax was considered to be enacted for accounting purposes in June 2007.

Under the SIFT tax, distributions will not be deductible for income tax purposes by SIFTs in 2011 and thereafter and any trust level taxable income will be taxed at rates approximating the corporate income tax rate currently estimated to be 31.5 percent.

For accounting purposes, as the SIFT tax was enacted in the second quarter of 2007, Petrowest recorded a non-cash charge to future income taxes to reflect the temporary differences between the book and tax basis of assets and liabilities expected to be remaining in the Trust in 2011.

3 Seasonality

Petrowest's operations are conducted in northern Alberta and northeast British Columbia and are susceptible to the impacts of the seasons. Quarter one is in the winter months and is subject to frozen conditions, periods of extreme cold and snow. This is typically one of the busiest quarters for Petrowest, as oil and gas exploration and development and drilling activity focuses on areas located in muskeg and swamp type conditions not normally accessible in a non-frozen state. Quarter two is generally the slowest quarter for Petrowest's operations. Spring time melt conditions result in soft, wet ground generally requiring the implementation of road bans which prevent heavy load transportation on roadways. Quarter three encompasses the summer months, and Petrowest's activity levels typically generate revenues that fall in the middle between Quarters one and two with work relating to oil and gas projects in areas that do not entail access through muskeg. Quarter four starts out similar to the summer activity and ramps up as the ground freezes and access is permitted. Depending of length of the fall Quarter four revenues can approximate or exceed quarter one revenues.

4 Acquisitions

(a) Acquisitions September 7, 2006

Pursuant to a prospectus dated August 28, 2006, Petrowest issued Units of the Trust and used the proceeds, through its subsidiaries, to acquire 100% of the outstanding shares of Safetymaster Rentals Corporation, R Bee Crushing Ltd., Wales Contractors Ltd., Roy Larson Construction Ltd., Gordon Bros. Construction Ltd., 404434 Alberta Corporation, Murtron Hauling Ltd., Neuwest Equipment Rentals Inc, Northern Tractor Sales and Rentals Co. Ltd. and their affiliates ("Acquired Companies"). The acquisition of the acquired companies was completed September 7, 2006. The estimated purchase price of the Acquired Companies calculated as the base purchase price plus working capital less debt was $230,934,992, subject to post closing adjustments for actual working capital, debt obligations retired and the sale of redundant assets.

The Acquired Companies have been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. An allocation of the consideration is as follows:

Net assets acquired	**$000's**
Cash acquired on acquisition	6,115
Accounts receivable	37,648
Prepaid expenses	680
Inventories	4,158
Accounts payable and accrued liabilities	(27,257)
Income taxes payable	(215)
Property and equipment	82,699
Intangibles	56,223
Goodwill	97,949
Total	258,000
Consideration paid	
Net cash to vendors	103,284
Cash repayment of working capital adjustments	(2,055)
Purchase price adjustment	6,422
Retirement of long-term debt and capital lease obligations	22,698
	130,349
Trust Units (12,765,094 units issued)	127,651
Total	258,000

There is a dispute with Northern Tractor associated with the valuation of certain working capital items and the valuation of redundant assets retained by the vendor. The total disputed amount is approximately $800,000. This amount has been classified as a contingent gain and because collectability is uncertain, has not been recognized for purposes of the calculation of the purchase price adjustment. Arbitration of these amounts is expected to occur prior to the end of the third quarter of 2007 and adjustments required to the purchase price to reflect this contingent gain, if any, may be material.

(b) Acquisitions May 18, 2007

Petrowest entered into agreements to acquire all of the outstanding shares and shareholder loans of Cutbank Trucking Ltd. and Cutbank Transport Ltd. (collectively, "Cutbank"), Jim Moffatt Construction Ltd. and 921639 Alberta Ltd., (collectively, "Jim Moffatt Construction"), Quigley Contracting Ltd, 529805 B.C. Ltd. and LMQ Enterprises Ltd., (collectively, "Quigley Contracting Ltd."), Rick's Mechanical Services Ltd. and Tri-Dave Gravel Sales Ltd (collectively, the "Newly Acquired Companies"). The acquisition of the acquired companies was completed May 18, 2007.

The estimated purchase price of the Newly Acquired Companies was $92,576,108.

The Newly Acquired Companies have been accounted for using the purchase method with the assets acquired and liabilities assumed recorded at their estimates of fair value. An allocation of the consideration is as follows:

Net assets acquired	**$000's**
Cash acquired on acquisition	8,963
Accounts receivable	12,235
Prepaid expenses and other	2,412
Inventories	474
Accounts payable and accrued liabilities	(8,875)
Income taxes payable	(986)
Property and equipment	42,134
Intangibles	15,123
Goodwill	21,598
Total	93,078
Consideration paid	
Net cash to vendors	50,869
Acquisition costs	502
Retirement of long-term debt and capital lease obligations	9,391
	60,762
Trust Units (4,351,622 units issued)[(1)]	32,316
Total	93,078

[(1)] For the purposes of calculation of the aggregate, the trust units have been attributed a value of $7.4261 each, the five day volume weighted average price before the closing date.

(c) Business Alliance June 18, 2007

On June 18, 2007 Petrowest signed agreements documenting a memorandum of understanding effective May 1, 2007 with the Woodland Cree First Nations ("WCFN") providing Petrowest with the primary right to provide a combination of services on a revenue sharing basis within the WCFN traditional lands for a period of 5 years. In conjunction with the agreements, Petrowest purchased the road construction equipment assets of the WCFN. The total cash consideration paid or payable to the WCFN for the assets and the contractual rights was $4,000,000. Petrowest paid $2,000,000 in cash on closing, retired $1,424,623 of equipment debt subsequent to the quarter end and the remaining $575,377 will be paid on certain post closing conditions being met.

The Trust also issued the WCFN 300,000 warrants to acquire Petrowest units at a strike price of $7.47 per unit. The warrants expire May 1, 2008. The valuation of the warrants has been calculated using a Black-Scholes pricing model (note 9).

Petrowest has accounted for the transaction as follows:

	$000's
Value of warrant consideration	270
Initial cash consideration	2,000
Remaining purchase consideration payable	2,000
	4,270
Fair Value of Equipment	1,926
Value of business alliance	2,344
Total Consideration	4,270

The business alliance will be amortized on a straight-line basis over 5 years.

In addition the Trust has agreed to provide services in kind valued at market rates to assist in the potential construction and development of a community centre subject to certain conditions being fulfilled and capped to a maximum of $1,000,000.

5 Property and Equipment

	$000's			
	Cost	Accumulated Amortization	June 30, 2007 Net Book Value	December 31, 2006 Net Book Value
Buildings, portable buildings and fencing	6,681	457	6,224	3,284
Heavy equipment	121,146	13,602	107,544	75,087
Equipment under capital lease	1,411	136	1,275	247
Vehicles	4,330	741	3,589	2,281
Trailers	8,948	863	8,085	7,427
Equipment	3,473	885	2,588	1,941
Office furniture and equipment	447	81	366	148
Communications, computer hardware and software	857	298	559	420
Leasehold improvements	47	2	45	46
Subtotal	147,340	17,065	130,275	90,881
Assets under construction	528	-	528	417
	147,868	17,065	130,803	91,298

6 Intangible Assets

	$000's			
	Cost	Accumulated Amortization	June 30, 2007 Net Book Value	December 31, 2006 Net Book Value
Non Competition Agreements	35,213	4,127	31,086	25,098
Business alliance (note 4)	2,344	-	2,344	-
Brand and Trade Names	7,955	890	7,065	5,048
Customer Relationships	27,505	1,792	25,713	23,292
Total	73,017	6,809	66,208	53,438

Non competition agreements, business alliance and brand and trade names are amortized over 5 years on a straight line basis. Customer relationships are amortized over 10 years on a straight line basis.

7 Goodwill

Goodwill has arisen from the two sets of acquisitions described in note 4 plus costs of the acquisitions as follows:

	June 30, 2007	December 31, 2006
September 7, 2006 acquisitions	97,949	97,949
Additional settlement costs	119	119
May 18, 2007 acquisitions	21,598	-
Total	119,666	98,068

8 Revolving Bank Term Loan

On May 18, 2007, the Trust amended and restated its credit facility available for growth capital, acquisition and working capital needs to $120 million. Loan security is provided by a first charge debenture, a general security agreement and a general assignment of book debts. The credit facility has a one year revolving term ending in November of 2007 which may be extended for additional 364 days at the discretion of the lender on application by the trust. Principal is then repayable in twelve equal quarterly installments over 36 months starting ninety days after the end of the revolving term. Interest is payable monthly at floating rates between prime and prime + 1.0% depending on the Trust's debt to trailing twelve month EBITDA ratio.

The term "EBITDA" is determined in accordance with GAAP, and is defined as: earnings before income taxes, interest expenses, amortization of property and equipment and amortization of intangible assets and excluding non-cash income and expenses and extraordinary items.

Current EBITDA levels require payment of interest at prime.

Principal payments due over the next four years as at June 30, 2007 are as follows:

	$000's
2007	-
2008	15,000
2009	30,000
2010	30,000
2011	15,000

9 Unitholders' Capital

Authorized

The Trust is authorized to issue an unlimited number of Trust Units. Holders of Trust Units will be entitled to receive monthly distributions to the extent declared by the Trust's Board of Trustees in priority to any payments on the Subordinated Units.

Issued

			$000's	
	Trust Units Outstanding	Subordinated Units Outstanding	Total Outstanding	Value
Trust Units issued for cash net of issue costs	14,000,000		14,000,000	128,118
Issued on the acquisition of the Acquired Companies (note 4 (a))	12,765,094		12,765,094	127,651
Total Units	26,765,094		26,765,094	255,769
Subordinated Units				
Issued for cash	-	1,510,000	1,510,000	1,510
Issued for promissory notes	-	-	-	3,020
Less: Amount issued for promissory notes	-	-	-	(3,020)
Balance at December 31, 2006	26,765,094	1,510,000	28,275,094	257,279
Issued for services	10,000	-	10,000	72
Issued to distribution reinvestment plan "DRIP"	93,665	-	93,665	683
Issued on the acquisition of the Newly Acquired Companies (note 4 (b))	4,351,622	-	4,351,622	32,316
Total units outstanding as at June 30, 2007	31,220,381	1,510,000	32,730,381	290,350
Weighted average units outstanding three months ended June 30 basic and diluted	28,845,805	1,510,000	30,355,805	
Weighted average units outstanding six months ended June 30 basic and diluted	27,811,197	1,510,000	29,321,197	

Prior to the IPO, the Trust issued to various insiders an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit, $4,530,000 in the aggregate, to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that may be forgiven at the option of the Trust over three years if the subscriber remains as a director, officer or employee of Petrowest. No amounts have been forgiven to date. Holders of Subordinated Units have the right to convert into Priority Units on a one-for-one basis at any time after the end of the first fiscal year ending on or after December 31, 2008 if the Trust has earned EBITDA of at least $47 million and paid distributions of at least $1.20 per Trust Unit for such fiscal year.

On June 27, 2007 the Trust issued 300,000 warrants at a strike price of $7.47 per unit expiring May 1, 2008 as partial consideration for entering into the business alliance (note 4 (c)). The Trust valued the warrants at $270,000 using the following assumptions in the Black-Scholes model: average risk-free interest rate of 4.73%; average expected life of 0.91 years and expected volatility of 30%.

On April 27, 2007, Petrowest approved the implementation of a DRIP program which provides the opportunity for unitholders to reinvest the cash distributions towards the purchase of additional units from treasury at a price equal to 95% of the average market price based on weighted average trading prices for the ten days prior to distribution payment date.

Units issued on acquisitions and units issued on new acquisitions are held in escrow. Escrowed shares are released as to 25% at the end of year one and the remaining 75% at the end of year two.

10 Stock Based Compensation

Petrowest implemented a stock option plan whereby options to acquire Trust Units may be granted to directors, officers, employees and consultants.

The aggregate number of Trust units issuable upon the exercise of options outstanding under the plan at any time may not exceed 10% of the issued and outstanding Trust Units. The period during which an option granted under the Plan is exercisable may not exceed five years from the date such option is granted. The options issued under the Plan vest 1/3 after one year, 1/3 after two years and 1/3 after three years.

As at June 30, 2007	Number of options outstanding	Weighted average remaining life	Weighted average exercise price
Granted – September 7, 2006	2,605,000	4.19 years	$10.00
Expired	-		-
Outstanding, December 31, 2006 and June 30, 2007	2,605,000	4.19 years	$10.00
Exercisable, December 31, 2006 and June 30, 2007	-		-

The Trust recorded non cash compensation expense and contributed surplus of $540,000 for the six months ended June 30, 2007. Compensation expense has been included in general and administrative expenses. On July 27, 2007, the Trust cancelled its existing option plan.

11 Income taxes

On June 12, 2007, the legislation implementing the new tax on publicly traded income trusts and limited partnerships (the "SIFT tax"), referred to as (Bill C-52) received third reading in the House of Commons and on June 22, 2007 the Bill received Royal Assent. As a result, the tax was considered to be enacted for accounting purposes in June 2007. SIFTs are certain publicly traded income and royalty trusts and limited partnerships including Petrowest.

For SIFTs in existence on October 31, 2006, the SIFT tax will be effective in 2011 unless certain rules related to "undue expansion" are not adhered to. Under the guidance provided, Petrowest can increase is total equity subject to annual limits, to approximately $497.8 million by 2011 without prematurely triggering the SIFT tax.

Under the SIFT tax, distributions will not be deductible for income tax purposes by SIFTs in 2011 and thereafter and any trust level taxable income will be taxed at a rate approximating the corporate income tax rate currently estimated to be 31.5 percent. The resultant distributions will be considered taxable dividends to unitholders, generally eligible for the dividend tax credit. Distributions representing a return of capital for income tax purposes will continue to be an adjustment to a unitholder's adjusted cost base of trust units.

For accounting purposes, as the SIFT tax was enacted in the second quarter of 2007, Petrowest recorded non-cash future income tax provisions that resulted in a net charge of $11,968,789 to future income taxes to reflect the temporary differences between the book and tax basis of assets and liabilities expected to be remaining in the Trust in 2011. The majority of the temporary differences at the Trust level relate to the timing differences associated with property plant and equipment and intangibles acquired by the Trust on September 7, 2006 and May 18, 2007.

The components of future income tax balances are as follows:	**$000's**
Asset	
Share Issue Costs	$ 1,499
Liability	
Capital and intangible assets	$ 13,468
Net non cash future income tax expense	$ 11,969

12 Related Party Transactions

Petrowest paid rent for the three and six months ended June 30, 2007 respectively for office and shop space under leases entered into with certain former vendors in the amount of $481,278 and $903,535. Future lease commitments associated with the transactions are included in note 13. Transactions were recorded at the exchange amount which is estimated to equal fair market value.

13 Commitments

The Trust has entered into operating leases for office and shop premises and equipment that provide for minimum annual lease payments in the twelve month periods ending as follows:

	$000's
June 30, 2008	12,207
June 30, 2009	9,778
June 30, 2010	6,072
June 30, 2011	3,912
June 30, 2012	1,748

14 Segmented Information

The Trust determines its reportable segments based on the structure of its operations, which are primarily focused on four principal business segments – Construction, Transportation, Civil and Rentals. The following is selected financial information for each business segment.

For the three months ended June 30, 2007			$000's			(unaudited)
	Construction	Transportation	Civil	Rentals	Corporate	Total

MATERIAL CHANGE REPORT

1. **Name and Address of Company:**

Petrowest Energy Services Trust
Suite 204, 20605 Westside Drive
Grande Prairie, Alberta T8V 8E6

2. **Date of Material Change:**

September 7, 2006

3. **News Release:**

A news release was issued on September 7, 2006, and disseminated through the facilities of Canada NewsWire. A copy of such news release is attached to this material change report as Schedule "A".

4. **Summary of Material Change:**

On September 7, 2006, Petrowest Energy Services Trust. ("Petrowest" or the "Trust") completed its initial public offering of 14,000,000 trust units at $10.00 per unit, amounting to gross proceeds of $140 million.

5. **Full Description of Material Change:**

On September 7, 2006 Petrowest completed its initial public offering of 14,000,000 trust units at a price of $10.00 per unit for gross proceeds of $140 million. The offering was carried out by a syndicate of investment dealers led by Westwind Partners Inc. and Sprott Securities Inc., and including Lightyear Capital Inc., Blackmont Capital Inc. and Dundee Securities Corporation (collectively, the "Underwriters"). The Trust has granted to the Underwriters an option, exercisable, in whole or in part from time to time, for up to 30 days following closing, to purchase up to an additional 1,400,000 trust units at a price of $10.00 per unit to cover over allotments, if any and for market stabilization purposes.

Immediately subsequent to the initial public offering, Petrowest acquired nine businesses in the oil and gas services industry (the "Acquired Companies") through share purchase agreements, as follows:

a) Gordon Bros. Construction (consisting of Gordon Bros. Construction Ltd. and 332691 Alberta Ltd.) specializes in the construction of wellsite leases, roadbuilding and wellsite reclamation. The Trust paid $14,806,059 in consideration for the shares of Gordon Bros. Construction, consisting of $5,922,049 in cash and 888,363 trust units valued at $10 per trust unit.

b) Roy Larson Construction Ltd. is a well site construction, road building, and well site clean-up and restoration company. The Trust paid $23,819,620 in total consideration for the shares of Roy Larson Construction Ltd., consisting of $11,909,810 in cash and 1,190,981 in trust units valued at $10 per trust unit.

c) Wales Contractors Ltd. is a roadbuilding and wellsite construction company. The Trust paid $27,836,760 in total consideration, consisting of $13,918,380 in cash and 1,391,838 trust units valued at $10 per trust unit.

d) D&D Well Services (consisting of 404434 Alberta Corporation, 756171 Alberta Corporation, and 756169 Alberta Corporation) specializes in the transportation (mobilization and demobilization) of drilling rigs, services rigs, and heavy equipment to and from well sites. The Trust paid $57,443,898 in total consideration for D&D Well Services, consisting of $28,721,958 in cash and 2,872,194 trust units valued at $10 per trust units.

e) Murtron Hauling (consisting of Murtron Hauling Ltd. and 815431 Alberta Ltd.) is a company that engages in the transportation of gravel, heavy equipment, and logs for the construction, forestry, and oil and gas industries. The Trust paid $15,264,190 in total consideration for Murtron Hauling, consisting of $6,105,680 in cash and 915,851 trust units valued at $10 per trust unit.

f) R Bee Crushing (consisting of R Bee Crushing Ltd., Dal Finn Holdings Ltd. and Bernet Ventures Ltd.) is a full-range rock crushing company. The Trust paid $48,931,350 in total consideration for R Bee Crushing, consisting of $19,572,540 in cash and 2,935,881 trust units valued at $10 per trust unit.

g) S.O.S. Oilfield Safety (incorporated as Safetymaster Rentals Corporation) is a company that engages in the provision of oilfield safety supervision and safety rental equipment for sour gas wells. The Trust paid $8,702,135 in total consideration for S.O.S. Oilfield Safety, consisting of $3,480,855 in cash and 522,128 trust units valued at $10 per trust unit.

h) Neuwest Equipment Rentals Inc. engages in the rental of heavy equipment to the natural gas and oil process, pipeline, and civil construction sectors. The Trust paid $10,383,505 in total consideration for Neuwest Equipment Rentals Inc., consisting of $4,153,405 in cash and 623,010 trust units valued at $10 per trust unit. The shares of Neuwest Equipment Rentals Inc. were purchased from Kenneth Drysdale and Gary Sweetman, the Chief Executive Officer and Chief Operating Officer, respectively, of the administrator of the Trust.

i) Northern Tractor (consisting of Northern Tractor Sales and Rentals Co. Ltd. and Fitzpatrick Co. Ltd.) engages in the sales and rental of heavy equipment to the oil and gas construction industry. The Trust paid $23,747,475 in total consideration for Northern Tractor, consisting of 9,498,995 in cash and 1,424,848 trust units valued at $10 per trust unit.

The net proceeds to the Trust from the initial public offering are estimated to be $129.6 million, after deducting the Underwriters' fees and expenses of the offering. Of the net proceeds, $103.3 was used in the purchase of the Acquired Companies immediately following the closing of the offering, and $26.3 million will be used as growth capital, working capital, and to retire long term debt of the Acquired Companies.

Schedule "A" – News Release

PETROWEST ENERGY SERVICES TRUST ANNOUNCES CLOSING OF $140,000,000 INITIAL PUBLIC OFFERING

NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

Calgary, Alberta, September 7, 2006. Petrowest Energy Services Trust ("Petrowest") announced today that it has completed its initial public offering of 14,000,000 trust units at a price of $10.00 per trust unit for gross proceeds of $140,000,000. The trust units of Petrowest will commence trading today on the Toronto Stock Exchange ("TSX") under the symbol "PRW.UN".

The offering was conducted by an underwriting syndicate co-led by Westwind Partners Inc. and Sprott Securities Inc. that included Lightyear Capital Inc., Blackmont Capital Inc. and Dundee Securities Corporation. For the next 30 days, the underwriters have an over-allotment option to purchase up to an additional 1,400,000 trust units, exercisable in whole or in part. If the over-allotment option is exercised in full, the aggregate gross proceeds of the offering will be $154,000,000.

Immediately following the completion of the offering, Petrowest completed the acquisition of Gordon Bros. Construction Ltd., Roy Larson Construction Ltd., Wales Contractors Ltd., D&D Well Services, Murtron Hauling Ltd., R. Bee Crushing Ltd., Safetymaster Rentals Corp. (carrying on business as S.O.S. Oilfield Safety), Neuwest Equipment Rentals Inc., Fitzpatrick Co. Ltd. and Northern Tractor Sales and Rentals Co. Ltd., and several related entities, (collectively, the "Acquired Companies") all of which are involved in pre-drilling and post completion energy services and are based in Grande Prairie, Alberta. Petrowest is positioned to be a leading provider of pre-drilling and post-completion energy services to the northern region of the western Canadian sedimentary basin. Petrowest is an unincorporated, open-ended, limited purpose, mutual fund trust established under the laws of Alberta.

The net proceeds to Petrowest from the initial public offering are estimated to be $129.6 million after deducting the underwriters' fees and the expenses of the offering. Of the net proceeds, $103.3 million were used to pay the cash portion of the base purchase price for the Acquired Companies. The remaining $26.3 million will be used by Petrowest for growth capital ($8.3 million), to retire certain long-term debt of the acquired companies ($7.1 million) and for working capital ($10.9 million).

Subject to future operating and financial performance, Petrowest anticipates making cash distributions of $0.10 per trust unit per month to unitholders of record on each distribution record date which shall be the last day of each calendar month, to be paid to unitholders on the 15th day of the month following the distribution record date. The initial cash distribution, which will be in respect of the period from closing to October 31, 2006 is expected to be paid on November 15, 2006 to unitholders of record on October 31, 2006 and is estimated to be approximately $0.17667 per trust unit.

The executive officers of Petrowest are Kenneth N. Drysdale, President and Chief Executive Officer; John B. Paul, Chief Financial Officer; and Gary Sweetman, Chief Operating Officer. In addition to Mr. Drysdale, the Board of Directors of Petrowest includes D. Hugh Gillard (Chairman of the Board), Rene Amirault and Gerald A. Romanzin.

In connection with the acquisition of the Acquired Companies, Petrowest issued 12,765,094 trust units. In addition, Petrowest issued 1,510,000 subordinated units on July 6, 2006. Accordingly, Petrowest currently has outstanding 26,765,094 trust units and 1,510,000 subordinated units.

This news release does not constitute an offer to sell or the solicitation of an offer to buy any securities of Petrowest in any jurisdiction. A copy of the Final Prospectus may be obtained from SEDAR (www.sedar.com).

These securities have not been, nor will they be, registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States without registration or an applicable exemption from the registration requirements of that Act. This news release does not constitute an offer for sale of these securities in the United States.

The TSX is not reviewed and does not accept responsibility for the adequacy or accuracy of this news release.

This news release contains forward-looking statements that involve substantial known and unknown risks and uncertainties. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "achievable," "believe," "expect," "estimate," "plan," "intend," "project," "may," "should", "could", "predict", "may," "will," or similar words suggesting future outcomes or language suggesting an outlook. Forward-looking statements and information are based on Petrowest's current beliefs as well as assumptions made by and information currently available to Petrowest concerning anticipated business performance. Although management of Petrowest considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect.

Forward-looking statements are subject to many external variables that are beyond Petrowest's control, such as fluctuating prices for crude oil, changes in drilling activity, and general local and global economic, political, business and weather conditions. If any of these, or other uncertainties, materialize the actual results of Petrowest may vary materially from those expected.

FORM 51-102F3

MATERIAL CHANGE REPORT

1. **Name and Address of Company:**

   Petrowest Energy Services Trust
   Suite 204, 10605 Westside Drive
   Grande Prairie, Alberta T8V 8E6

2. **Date of Material Change:**

   May 18, 2007.

3. **News Release:**

   A news release, announcing the anticipated closing on or about May 18, 2007, was issued on May 9, 2007, and disseminated through the facilities of Canada NewsWire.

4. **Summary of Material Change:**

   On May 18, 2007, Petrowest ("Petrowest" or the "Trust") completed its acquisition of five private road construction, gravel crushing and log hauling businesses in the Grande Prairie and Peace River regions of Alberta and the Ft. St. John region of British Columbia (the "Acquired Companies") for an aggregate purchase price of approximately $93.0 million, comprised of the payment of $50.4 million in cash, the issuance of 4,351,622 units of Petrowest, and the assumption of approximately $10.3 million of debt of the Acquired Companies.

5. **Full Description of Material Change:**

   Petrowest acquired the Acquired Companies through share purchase agreements, as follows:

   a) Cutbank Trucking Ltd. and Cutbank Transport Ltd. are operated together as one business and specialize in hauling logs and gravel and the provision of log loading equipment in Grande Prairie, Alberta. The Trust paid $9,964,290 (calculated as $10,000,000 less the long term debt of Cutbank Trucking Ltd. and Cutbank Transport Ltd. of $35,710) in consideration for the shares of Cutbank Trucking Ltd. and Cutbank Transport Ltd., consisting of $5,978,574 in cash and 536,717 trust units valued at $7.4261 per trust unit.

   b) Jim Moffatt Construction Ltd. is one of the larger lease and road building companies operating in northern Alberta. The Trust paid approximately $30,062,182 in total consideration for the shares of Jim Moffatt Construction Ltd., consisting of $15,299,046 in cash, 1,529,905 trust units valued at $7.4261 per trust unit, and the assumption of the long term debt of Jim Moffatt Construction Ltd., which is not to exceed $3,401,908.

   c) Rick's Mechanical Services Ltd. is a mid-size lease and road builder based in Peace River, Alberta. The Trust paid approximately $18,459,083 in total consideration for the shares of Rick's Mechanical Services Ltd., consisting of $9,000,000 in cash, 600,000 trust units valued at $7.4261 per trust unit, and the assumption of the long term debt of Rick's Mechanical Services Ltd., which is not to exceed $5,003,423.

   d) Quigley Contracting Ltd. is one of the larger lease and road building companies in Fort St. John, British Columbia. The Trust paid approximately $29,956,878 in total consideration for

the shares of Quigley Contracting Ltd., consisting of $16,850,000 in cash, 1,685,000 trust units valued at $7.4261 per trust unit, and the assumption of the long term debt of Quigley Contracting Ltd., which is not to exceed $593,899.

e) Tri-Dave Gravel Sales Ltd. is a mid size gravel crushing operation that operates throughout Alberta. The Trust paid $3,306,487 (calculated as $4,533,715 less the long term debt of Tri-Dave Gravel Sales Ltd. of $1,227,228) in total cash consideration for the shares of Tri-Dave Gravel Sales Ltd.

6. Reliance on subsection 7.1(2) or (3) of NI 51-102:

Not applicable.

7. Omitted Information:

None.

8. Executive Officer:

Kenneth N. Drysdale, President and Chief Executive Officer, or John B. Paul, Chief Financial Officer may be contacted at (780) 830-0881.

9. Date of Report:

May 25, 2007.

PETROWEST ENERGY SERVICES TRUST

THIS DEED OF TRUST is made as of this 6th day of July, 2006,

AMONG:

VALIANT TRUST COMPANY, a trust company incorporated under the laws of the Province of Alberta, with offices in Calgary, Alberta (hereinafter called the "**Trustee**"),

- and -

Bradley D. Markel, an individual resident in Calgary, Alberta (hereinafter called the "**Settlor**"),

- and -

PETROWEST ENERGY SERVICES GENERAL PARTNER LTD., a corporation incorporated under the laws of the Province of Alberta, with offices in Calgary, Alberta (hereinafter called "**Petrowest GP**"),

- and -

all persons who after the date hereof become holders of Trust Units as herein provided.

WHEREAS:

A. the Settlor desires to create a trust for the purpose of benefiting the Unitholders and acquiring and holding Securities and other investments;

B. for the purpose of settling the trust created hereunder, the Settlor is delivering to the Trustee a Canadian ten dollar bank note bearing serial number FET2276998 (the "**Initial Contribution**");

C. the Trustee has agreed to hold the Initial Contribution and all amounts and assets subsequently received under this Deed of Trust in accordance with the provisions hereinafter set forth;

D. the Settlor and the Trustee desire that the beneficiaries of the Trust, including the Initial Unitholder, shall be the holders of Trust Units evidenced by certificates therefor as provided in this Deed of Trust;

E. the Settlor and the Trustee desire that the Trust shall at all times qualify as a "unit trust" and as a "mutual fund trust" pursuant to paragraph 108(2)(a) and subsection 132(6) of the Tax Act; and

F. the parties hereto desire to set out the agreements, terms and conditions which shall govern their mutual and respective rights, powers and obligations with respect to the settlement and administration of the Trust;

NOW THEREFORE THIS DEED OF TRUST WITNESSETH THAT, in consideration of the premises and the mutual and respective covenants and agreements contained herein, the Trustee declares, covenants and agrees with the Settlor, and the Settlor declares, covenants and agrees with the Trustee as follows:

ARTICLE I
INTERPRETATION

1.1 Definitions

In this Deed of Trust (including the recitals hereto) and in the Trust Unit Certificates, unless the context otherwise requires, the following terms shall have the following meanings:

(a) "**ABCA**" means the *Business Corporations Act*, R.S.A. 2000, c. B-9, as amended, including the regulations promulgated thereunder;

(b) "**Acquisitionco**" means Petrowest Services Ltd., a corporation incorporated under the ABCA and includes any successor thereto;

(c) "**Administration Agreement**" means the administration agreement between Petrowest GP and the Trust, pursuant to which Petrowest GP will provide administrative services to the Trust and Business Trust, as amended, supplemented or restated from time to time and includes any subsequent agreement between the Trustee and an administrator whereby an administrator is engaged to provide administrative services to the Trust or the Business Trust, as set forth herein and therein;

(d) "**affiliate**" has the meaning ascribed thereto in the Securities Act, as amended from time to time;

(e) "**Agents**" shall have the meaning ascribed thereto in Section 3.1(e);

(f) "**Applicable Laws**" means all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act, as amended, together with all regulations, rules, policy statements, rulings, notices, orders or other instruments promulgated thereunder and the Stock Exchange Rules;

(g) "**Approvals**" means any directive, order, consent, exemption, waiver, consent order or consent decree of or from, or notice to, action by or filing with, any Governmental Authority;

(h) "**associate**" has the meaning ascribed thereto in the Securities Act, as amended from time to time;

(i) "**Auditors**" means the firm of chartered accountants appointed as the auditors of the Trust from time to time in accordance with the provisions hereof and, initially, means PricewaterhouseCoopers LLP, Chartered Accountants;

(j) "**Board of Directors**" means the board of directors of Petrowest GP;

(k) "**Book-Entry System**" means the record-entry securities transfer and pledge system known, as of the date hereof, by the same name, which is administered by CDS in accordance with the operating rules and procedures of the Securities Settlement Service of CDS in force from time to time, or any successor system which CDS may offer from time to time;

(l) "**Business Day**" means a day which is not a Saturday, Sunday or holiday in the City of Calgary, in the Province of Alberta;

(m) "**Business Trust**" means Petrowest Energy Services Business Trust, an unincorporated, open-ended limited purpose mutual fund trust to be established under and governed by the laws of the Province of Alberta;

(n) "**Business Units**" means units of Business Trust;

(o) "**Canadian Partnership**" means a Canadian partnership for the purposes of subsection 102(1) of the Tax Act;

(p) "**Capital Event**" means the occurrence of any of the following events: (i) a sale of material assets of the Trust; (ii) the total or constructive total loss, or partial loss, of material assets of the Trust as a result of a casualty; (iii) a compulsory transfer or taking under threat of compulsory transfer by a Governmental Authority; or (iv) the occurrence of any event referred to in clauses (i) to (iii) above in relation to any person in which the Trust is a securityholder;

(q) "**Capital Event Amount**" means, in respect of a particular Capital Event, any amount received by the Trust in respect of such Capital Event, which the Trustee upon the recommendation of Petrowest GP determines will not be re-deployed or re-applied by the Trust and shall be distributed to Unitholders;

(r) "**Cash Flow of the Trust**" shall have the meaning ascribed thereto in Section 5.1(a);

(s) "**Cash Redemption Price**" shall have the meaning ascribed thereto in Section 6.3;

(t) "**CDS**" means The Canadian Depository for Securities Limited and its successors;

(u) "**CDS Participant**" means a broker, dealer, bank, other financial institution or other person who, directly or indirectly, from time to time effects book-based transfers with CDS and pledges of securities deposited with CDS;

(v) "**Closing Date**" means the closing date of the initial public offering of the Trust;

(w) "**closing market price**" shall have the meaning ascribed thereto in Section 6.3;

(x) "**convertible securities**" shall have the meaning ascribed thereto in Section 3.4(a);

(y) "**Depository**" shall have the meaning ascribed thereto in Section 13.1(a);

(z) "**Dissenting Unitholder**" shall have the meaning ascribed thereto in Section 13.11(a)(ii);

(aa) "**Distributable Cash**" shall have the meaning ascribed thereto in Section 5.1(b);

(bb) "**Distribution Payment Date**" means a date on which the Trustee is required to make a distribution of Distributable Cash, which date shall be on or about the 15th day of the month following the end of the Distribution Period or, if any such day is not a Business Day, the next following Business Day or such other date determined from time to time by the Trustee on the recommendation of Petrowest GP;

(cc) "**Distribution Period**" means each calendar month in each calendar year from and including the first day thereof and to and including the last day thereof provided that the first Distribution Period shall begin on (and include) the Closing Date and shall end on (and include) a date to be determined by Petrowest GP;

(dd) "**Distribution Record Date**" means, until otherwise determined by the Trustee upon the recommendation of Petrowest GP, the last Business Day of each calendar month of the year, except in the case of the month of December where December 31 of each year shall be a Distribution Record Date or any additional days as may be determined from time to time by the Trustee;

(ee) "**Distribution Target**" shall have the meaning ascribed thereto in Section 3.1(e);

(ff) "**EBITDA Target**" shall have the meaning ascribed thereto in Section 3.1(e);

(gg) "**Exchangeable Security**" or "**Exchangeable Securities**" means a unit or units, a share or shares or other security or securities which are convertible into or exchangeable for Trust Unit(s) (directly or indirectly) without the payment by the holder of additional consideration therefor, whether or not issued by the Trust;

(hh) "**Global Trust Unit Certificate**" shall have the meaning ascribed thereto in Section 13.1(a);

(ii) "**Governmental Authority**" shall mean: (a) any nation, province, state, county, city, or other jurisdiction; (b) any federal, provincial, state, local, municipal, foreign or other government; (c) any governmental or quasi-governmental authority of any nature (including any agency, branch, department, board,

commission, court, tribunal or other entity exercising governmental or quasi-governmental power); (d) any body exercising, or entitled or purporting to exercise, any administrative, executive, judicial, legislative, regulatory or taxing authority or power; or (e) any official of the foregoing;

(jj) "**Income of the Trust**" shall have the meaning ascribed thereto in Section 5.2(a);

(kk) "**Indemnified Parties**" shall have the meaning ascribed thereto in Section 8.9;

(ll) "**Initial Contribution**" means the Canadian ten dollar bank note bearing serial number FET2276998 delivered by the Settlor to the Trustee on the date hereof for the purpose of settling the trust constituted by the Trust;

(mm) "**Initial Unitholder**" means Bradley D. Markel, an individual resident in the Province of Alberta, as the initial Unitholder of the Trust;

(nn) "**Inspector**" shall have the meaning ascribed thereto in Section 12.9;

(oo) "***In Specie* Redemption Price**" shall have the meaning ascribed thereto in Section 6.5;

(pp) "**market price**" shall have the meaning ascribed thereto in Section 6.3;

(qq) "**meeting of unitholders**" shall have the meaning ascribed thereto in Section 12.1;

(rr) "**Monthly Limit**" shall have the meaning ascribed thereto in Section 6.4(a);

(ss) "**Net Realized Capital Gains**" shall have the meaning ascribed thereto in Section 5.2(b);

(tt) "**Non-Resident**" means: (i) a person who is not resident in Canada for the purposes of the Tax Act; and (ii) a partnership other than a Canadian Partnership;

(uu) "**Note Indenture**" means the agreement to be entered into between Business Trust and Valiant Trust Company pursuant to which the Notes will be issued, as the same may be supplemented, amended or amended and restated from time to time, and Note Indenture includes any subsequent agreement which may be entered into between Business Trust and a trust company pursuant to which Notes are issued;

(vv) "**Notes**" means the notes of Business Trust issued pursuant to the Note Indenture;

(ww) "**Offer**" shall have the meaning ascribed thereto in Section 13.11(a)(iii);

(xx) "**Offeror**" shall have the meaning ascribed thereto in Section 13.11(a)(v);

(yy) "**Offeror's Notice**" shall have the meaning ascribed thereto in Section 13.11(c);

(zz) "**Offeror's Units**" shall have the meaning ascribed thereto in Section 13.11(a)(vi);

(aaa) "**offer to acquire**" shall have the meaning ascribed thereto in Section 13.11(a)(iv);

(bbb) "**Ordinary Resolution**" shall have the meaning ascribed thereto in Section 12.6(a);

(ccc) "**Outstanding**" shall have the meaning ascribed thereto in Section 12.7;

(ddd) "**Person**" means any individual, company, corporation, limited partnership, general partnership, firm, joint venture, syndicate, trust, joint stock company, limited liability corporation, association, bank, pension fund, business trust or other organization, whether or not a legal entity, and any government or political subdivision thereof or any other form of entity or organization;

(eee) "**Petrowest GP**" means Petrowest Energy Services General Partner Ltd., a corporation incorporated under the ABCA and includes any successor thereto;

(fff) "**Priority Distributions**" shall have the meaning ascribed thereto in Section 5.3(b);

(ggg) "**Priority Units**" means the trust units of the Trust referred to as such in Section 3.1 authorized and issued hereunder for the time being outstanding and entitled to the benefit hereof;

(hhh) "**Priority Unit Veto Matter**" shall have the meaning ascribed thereto in Section 12.6(e);

(iii) "***pro rata* share**" of any particular amount in respect of a Unitholder at any time shall be the product obtained by multiplying the number of Trust Units that are outstanding and are owned by that Unitholder at that time by the amount obtained when the particular amount is divided by the total number of all Trust Units that are issued and outstanding at that time;

(jjj) "**Redemption Date**" has the meaning ascribed thereto in Section 6.2(b);

(kkk) "**Securities**" means bonds, debentures, notes or other evidence or instruments of indebtedness, shares, stocks, options, warrants, special warrants, installment receipts, subscription receipts, rights, subscriptions, partnership interests, units or other evidence of title to or interest in the capital, assets, property, profits, earnings or royalties, of any Person;

(lll) "**Securities Act**" means the *Securities Act*, R.S.A. 2000, c. S-4, as amended, including the regulations and rules promulgated thereunder;

(mmm) "**Series 2 Business Notes**" means Notes to be issued to holders of Trust Units as full or partial payment of the redemption price of Trust Units;

(nnn) "**Settlor**" means Bradley D. Markel, an individual resident in Calgary, Alberta;

(ooo) "**Shares**" means the common shares in the capital of Acquisitionco and any other shares received in exchange therefor;

(ppp) "**Special Resolution**" shall have the meaning ascribed thereto in Section 12.6(b);

(qqq) "**Special Voting Units**" shall have the meaning ascribed thereto in Section 3.9;

(rrr) "**Stock Exchange Rules**" means the applicable rules of any stock exchange upon which the Trust Units are listed;

(sss) "**Subordinated Distributions**" shall have the meaning ascribed thereto in Section 5.3(c);

(ttt) "**Subordinated Redemption Price**" shall have the meaning ascribed thereto in Section 6.3(b);

(uuu) "**Subordinated Unit Veto Matter**" shall have the meaning ascribed thereto in Section 12.6(f);

(vvv) "**Subordinated Units**" means the trust units of the Trust referred to as such in Section 3.1(a) authorized and issued hereunder and for the time being outstanding and entitled to the benefits hereof;

(www) "**subsidiary**" has the meaning ascribed thereto in the Securities Act, as amended from time to time;

(xxx) "**Tax Act**" means the *Income Tax Act*, R.S.C. 1985, c.1 (5th Supp.) and the *Income Tax Regulations* applicable with respect thereto, as amended from time to time;

(yyy) "**this Deed of Trust**", "**this Deed**", "**hereto**", "**herein**", "**hereof**", "**hereby**", "**hereunder**" and similar expressions refer to this instrument and not to any particular Article, Section or portion hereof, and include any and every instrument supplemental or ancillary hereto;

(zzz) "**Transfer Agent**" means such company as may from time to time be appointed by the Trust to act as registrar and transfer agent of the Trust Units, together with any sub-transfer agent duly appointed by the Transfer Agent;

(aaaa) "**Transfer Date**" shall have the meaning ascribed thereto in Section 6.5;

(bbbb) "**Trust**" means Petrowest Energy Services Trust, a trust constituted by this Deed of Trust, as the same may be amended or amended and restated from time to time;

(cccc) "**Trust Assets**", at any time, means all monies, properties and other assets as are at such time held by the Trust or by the Trustee on behalf of the Trust including, without limitation:

(i) the Initial Contribution;

(ii) all funds or property realized from the issuance or sale of Trust Units or any other Securities of the Trust or cash received from time to time;

(iii) all Securities held by the Trust or by the Trustee on behalf of the Trust;

(iv) the Shares, the Business Units and the Notes;

(v) any Securities issued to the Trust by Business Trust on the maturity of the Notes or as distributions in respect of the Securities held by the Trust;

(vi) investments permitted pursuant to Section 4.3;

(vii) any proceeds of disposition of any of the foregoing property; and

(viii) all income, interest, dividends, return of capital, profit, gains and accretions and all substituted assets, rights and benefits of any kind or nature whatsoever arising directly or indirectly from or in connection with or accruing to such foregoing property or such proceeds of disposition;

(dddd) "**Trustee's Regulations**" shall have the meaning ascribed thereto in Section 9.2;

(eeee) "**Trust Liabilities**" shall have the meaning ascribed thereto in Section 2.7(a);

(ffff) "**Trust Unit Certificate**" means a certificate, in the form approved by the Trustee, evidencing one or more classes of Trust Units, issued and certified in accordance with the provisions hereof;

(gggg) "**Trust Units**" means the Priority Units and the Subordinated Units;

(hhhh) "**Trustee**" means, at any time, the Person who is, in accordance with the provisions hereof, the Trustee of the Trust and, as of the date hereof, is Valiant Trust Company;

(iiii) "**Unitholders**" means at any time the beneficiaries of the Trust who are the holders at that time of one or more Trust Units, as shown on the registers of such holders maintained by and on behalf of the Trust or by the Transfer Agent on behalf of the Trust; and

(jjjj) "**Voting Unitholders**" means, collectively, the Unitholders and the holders of Special Voting Units, if any.

1.2 References to Acts Performed by the Trust

For greater certainty, where any reference is made in this Deed of Trust to an act to be performed or which may not be performed by the Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed or which may not be performed by the Trustee on behalf of the Trust or by some other person duly authorized to do so by the Trustee or pursuant to the provisions hereof. Where any reference is made in this Deed of Trust to actions, rights or obligations of the Trustee, that reference shall be construed and applied for all purposes to refer to actions, rights or obligations of the Trustee in its capacity as Trustee of the Trust, and not in its other capacities, unless the context otherwise requires.

1.3 Tax Act

Any reference herein to a particular provision of the Tax Act shall include a reference to that provision as it may be renumbered or amended from time to time. Where there are proposals for amendments to the Tax Act which have not been enacted into law or proclaimed into force on or before the date on which such proposals are to become effective, the Trustee may take such proposals into consideration and apply the provisions hereof as if such proposals had been enacted into law and proclaimed into force. Any reference in this Deed of Trust to a particular provision of the Tax Act shall, to the extent applicable, also include a reference to any applicable and corresponding provision of the income tax laws of a province or territory of Canada.

1.4 Gender

In this Deed of Trust, unless otherwise expressly provided or unless the context otherwise requires, words importing the singular number include the plural, and vice versa and words importing a gender shall include the feminine, masculine and neuter genders.

1.5 Headings for Reference Only

The division of this Deed of Trust into Articles and Sections, the provision of a Table of Contents and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this Deed of Trust. Unless otherwise indicated, all references in this Deed of Trust to an "Article" or "Section" followed by a number or letter refer to the specified article or section of this Deed.

1.6 Day Not a Business Day

In the event that any day on which any amount is to be determined or any other determination is to be made or any action is required to be taken hereunder is not a Business Day, then such amount shall be determined or such action shall be required to be taken at or before the requisite time on the next succeeding day that is a Business Day. This Section 1.6 is not applicable to Sections 5.1, 5.2, 5.3, 5.4, 5.8 and 5.10 and to defined terms used in such Sections.

1.7 Currency

All references in this Deed of Trust to "dollars" or "$" are to Canadian dollars, unless otherwise noted.

1.8 Time of the Essence

Time shall be of the essence in this Deed of Trust.

1.9 Governing Law

This Deed of Trust and the Trust Unit Certificates shall be construed in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable therein and shall be treated in all respects as Alberta contracts. The parties hereto hereby irrevocably submit and attorn to the jurisdiction of the courts of the Province of Alberta.

ARTICLE II
DEED OF TRUST

2.1 Establishment of the Trust

The Trustee hereby declares and agrees to act as trustee of the Trust and to hold and administer the Trust Assets in trust for the use and benefit of the Unitholders, their successors, permitted assigns and personal representatives upon the trusts and subject to the terms and conditions hereinafter declared and set forth, such trust to constitute the Trust hereunder.

2.2 Initial Contribution

The delivery by the Settlor, concurrent with the execution of this Deed of Trust, of the Initial Contribution to the Trustee for the purpose of settling the Trust is hereby confirmed.

2.3 Name of the Trust

(a) The Trust shall be known and designated as the "PETROWEST ENERGY SERVICES TRUST" and, whenever lawful and convenient, the Trust Assets shall be held and the affairs of the Trust shall be conducted and transacted under that name.

(b) If the Trustee determines that the use of such name is not practicable, legal or convenient, the Trust may use such other designation or may adopt such other name as the Trustee deems appropriate, and the Trust may hold the Trust Assets and conduct its affairs under such other designation or name.

(c) The Trustee may approve and use a version of any name or designation used by the Trust in any language other than English.

(d) Without limiting the foregoing, the Trustee or, where applicable, Petrowest GP or other duly authorized Person, may enter into agreements and other documents for

and on behalf of the Trust under the name "Petrowest Energy Services Trust" and the Trustee hereby acknowledges and confirms that any such agreement or other documents so entered into under the name "Petrowest Energy Services Trust" shall for all purposes be and be deemed to have been entered into by, and be binding on, the Trustee, as trustee for and on behalf of the Trust.

2.4 Head Office

The head office of the Trust hereby created shall be located at Grande Prairie, Alberta or such other place or places in Canada as the Trustee may from time to time designate.

2.5 Nature of the Trust

The Trust is an unincorporated, open-ended, limited purpose mutual fund trust established for the purposes specified in Section 4.1. The Trust is not, is not intended to be, shall not be deemed to be and shall not be treated as, a general partnership, limited partnership, society, syndicate, association, joint venture, company, corporation or joint stock company nor shall the Trustee or the Unitholders or any of them or any Person be, or be deemed to be, treated in any way whatsoever as liable or responsible hereunder as partners or joint venturers. The Trustee shall not be, or be deemed to be, an agent of the Unitholders. The relationship of the Unitholders to the Trustee shall be solely that of beneficiaries of the Trust and their rights shall be limited to those conferred upon them by this Deed of Trust. Except as provided herein, the Trustee will have sole responsibility for the conservation and protection of the Trust Assets. For greater certainty, Unitholders will have no responsibility for the conservation or protection of the Trust Assets, and nothing herein will have the effect of constituting the Unitholders as associates in a joint enterprise for the conduct of business.

2.6 Rights of Unitholders

The rights of each Unitholder (including the right, if any, to call for a distribution or division of assets, monies, funds, income and capital gains held, received or realized by the Trustee) are limited to those contained herein and, except as provided herein, no Unitholder shall be entitled to call for any partition or division of the Trust Assets or for a distribution of any particular asset forming part of the Trust Assets or of any particular monies or funds received by the Trustee. The legal ownership of the Trust Assets and the right to conduct the activities of the Trust are vested exclusively in the Trustee, and no Unitholder has or is deemed to have any right of ownership in, or any other interest in, any of the Trust Assets, except as specifically provided herein. Except as specifically provided herein, no Unitholder or Unitholders shall be entitled to interfere with or give any direction to the Trustee or Petrowest GP with respect to the affairs of the Trust or in connection with the exercise of any powers or authorities conferred upon the Trustee or Petrowest GP under this Deed of Trust. The Trust Units shall be personal property and shall confer upon the holders thereof only the interest and rights specifically set forth in this Deed of Trust.

2.7 Liability of Unitholders

(a) No Unitholder, in its capacity as such, shall incur or be subject to any liability, direct or indirect, absolute or contingent, in contract or in tort or of any other kind to any Person in connection with:

(i) the Trust Assets or the ownership, use, operation, acquisition or disposition thereof or exercise or enjoyment of the rights, privileges, conditions or benefits attached thereto, associated therewith or derived therefrom;

(ii) the obligations or the activities or affairs of the Trust;

(iii) any actual or alleged act or omission of the Trustee or by any other Person in respect of the activities or affairs of the Trust (whether or not authorized by or pursuant to this Deed of Trust);

(iv) any act or omission of the Trustee or any other Person in the performance or exercise, or purported or attempted performance or exercise, of any obligation, power, discretion or authority conferred upon the Trustee or such other Person in respect of the activities or affairs of the Trust (whether or not authorized by or pursuant to this Deed of Trust);

(v) any transaction entered into by the Trustee or by any other Person in respect of the activities or affairs of the Trust (whether or not authorized by or pursuant to this Deed of Trust); or

(vi) except as provided in Section 5.8, any taxes, levies, imposts or charges or fines, penalties or interest in respect thereof payable by the Trust or by the Trustee or by any other Person on behalf of or in connection with the activities or affairs of the Trust,

(collectively, the "**Trust Liabilities**").

(b) No Unitholder, in its capacity as a Unitholder, shall be liable to indemnify the Trustee or any other person with respect to any Trust Liabilities.

(c) To the extent that, notwithstanding the provisions of this Section 2.7, any Unitholder, in its capacity as such, may be determined by a judgment of a court of competent jurisdiction to be subject to or liable in respect of any Trust Liabilities, such judgment and any writ of execution or similar process in respect thereof, shall be enforceable only against, and shall be satisfied only out of, that Unitholder's share of the Trust Assets represented by its Trust Units.

(d) Notwithstanding the provisions of this Section 2.7, nothing shall preclude the enforcement of a subordination agreement by a lender or creditor against a Unitholder for amounts wrongly paid to such Unitholder in contravention of such subordination agreement.

2.8 Contractual Obligations of the Trust

In respect of any obligations or liabilities being incurred by the Trust, or the Trustee or Petrowest GP on behalf of the Trust, the Trustee, Petrowest GP and the Trust shall make all reasonable efforts to include as a specific term of such obligations or liabilities a contractual provision to the effect that neither the Unitholders, Petrowest GP nor the Trustee have any personal liability or obligations in respect thereof. In particular, the Trustee, Petrowest GP and the Trust shall make all reasonable efforts to include in every agreement entered into by or on behalf of the Trust, whether by the Trustee, Petrowest GP or otherwise (except as the Trustee or Petrowest GP may otherwise expressly agree in writing with respect to their own personal liability), a provision substantially to the following effect:

> "The parties hereto acknowledge that the **[Trustee] [Petrowest GP]** is entering into this agreement solely **[in its capacity as trustee] [in its capacity as administrator on behalf]** of the Trust and the obligations of the Trust hereunder shall not be personally binding upon **[the Trustee] [Petrowest GP]** or any registered or beneficial holder of trust units of the Trust or any beneficiary under a plan of which a holder of trust units acts as a trustee or carrier, and that resort shall not be had to, nor shall recourse be sought from, any of the foregoing or the private property of any of the foregoing in respect of any indebtedness, obligation or liability of the Trust arising hereunder or arising in connection herewith or from the matters to which this agreement relates, if any, including without limitation claims based on negligence or otherwise tortious behavior, and recourse shall be limited to, and satisfied only out of, the "Trust Assets" as defined in the Deed of Trust of the Trust dated as of July 6, 2006, as amended from time to time."

The omission of such a provision from any such written instrument shall not operate to impose personal liability on the Trustee, Petrowest GP or any Unitholder. If, notwithstanding this provision, the Trustee, Petrowest GP or any Unitholder shall be held liable to any Person by reason of the omission of such statement from any such agreement, undertaking or obligation the Trustee, Petrowest GP or such Unitholder shall be entitled to indemnity and reimbursement out of the Trust Assets to the full extent of such liability.

2.9 Unitholders Bound

This Deed of Trust shall be binding upon all persons who become holders of Trust Units from time to time.

ARTICLE III
ISSUE AND SALE OF TRUST UNITS

3.1 Nature of Trust Units

(a) The beneficial interests in the Trust shall be divided into interests of two classes, described and designated as "**Priority Units**" and "**Subordinated Units**", respectively, which shall be entitled to the rights and subject to the limitations,

restrictions and conditions set out herein, and the interest of each Unitholder shall be determined by the number of Trust Units registered in the name of the Unitholder.

(b) Subject to Section 5.3(b), 5.3(c), 5.4(e) and Section 6.5: (i) each Trust Unit is transferable and represents an equal undivided beneficial interest in any distribution from the Trust and in any of the Trust Assets net of the Trust Liabilities or any other net assets of the Trust in the event of the termination or winding-up of the Trust; (ii) all Trust Units outstanding from time to time shall be entitled to equal shares in any distributions by the Trust and, in the event of the termination or winding-up of the Trust, in the net assets of the Trust; and (iii) all Trust Units shall, with respect to the rights, privileges and benefits provided hereunder, rank among themselves equally and rateably without discrimination, preference or priority.

(c) Each Trust Unit shall entitle the holder thereof to one vote at all meetings of Unitholders or in respect of any written resolution of Unitholders.

(d) The issued and outstanding Trust Units may be subdivided or consolidated from time to time by the Trustee without notice or approval from the Unitholders.

(e) Holders of Subordinated Units will have the right to convert into Trust Units on a one-for-one basis at any time after (and the subordination provisions will only apply until) the end of the first fiscal year ending on or after December 31, 2008 where the Trust has earned EBITDA (derived from audited financial statements) that exceeds a minimum amount to be determined by the Trustee, Petrowest GP and the agents (the "Agents") retained by the Trust in connection with the Trust's initial public offering (the "EBITDA Target") and the Trust has paid distributions per Priority Trust Unit (the "Distribution Target") that exceed a minimum amount to be determined by the Trustee, Petrowest GP and the Agents for such fiscal year. For the purposes of the subordination provisions, EBITDA will be calculated and adjusted in a manner consistent with the definition of EBITDA set forth in the final prospectus of the Trust to be filed in connection with the initial public offering of the Trust.

3.2 Authorized Number of Trust Units

The aggregate number of Trust Units which is authorized and may be issued hereunder is unlimited.

3.3 Issue of Unit to Initial Unitholder

(a) Concurrently with the execution and delivery of this Deed of Trust by the parties hereto, the Trustee shall execute and issue to the Initial Unitholder, in consideration for the payment of $10.00, a Trust Unit Certificate for one Priority Unit and the Trustee shall enter the Initial Unitholder on the register for the Priority Units maintained under Section 13.4 as the holder of one Priority Unit and countersign the Trust Unit Certificate and deliver it to the Initial Unitholder.

(b) Immediately after the Closing Date, the Trust will purchase the initial one Priority Unit from the Initial Unitholder, and the Initial Unitholder shall sell the initial one Priority Unit to the Trust for a purchase price of $10.00 and, upon the completion of such purchase and sale, the initial one Priority Unit shall be cancelled and shall no longer be outstanding for any of the purposes of this Deed of Trust.

3.4 Future Issue of Trust Units

(a) Subject to the terms of this Deed of Trust, Trust Units may be issued by the Trust at the times, to the Persons, for the consideration and on the terms and conditions that the Trustee or the Board of Directors determines and, without limiting the generality of the foregoing, the Trustee or the Board of Directors may authorize the Trust to pay any commission which the Trustee or the Board of Directors determines to be reasonable to any Person in consideration of such Person purchasing or agreeing to purchase Trust Units from the Trust or from any other Person or procuring or agreeing to procure purchasers for Trust Units. At the option of the Trustee or the Board of Directors, Trust Units may be issued in satisfaction of any distribution of the Trust to Unitholders on a *pro rata* basis. The Trustee or the Board of Directors may create and issue installment receipts, subscription receipts, rights, warrants (including so-called "special warrants" which may be exercisable for no additional consideration) or options to subscribe for Trust Units or debt instruments that are convertible into or exchangeable for Trust Units (collectively, "**convertible securities**") which convertible securities may be exercisable at any subscription price or prices and at any time or times as the Trustee or the Board of Directors may determine. The convertible securities so created may be issued for any consideration or for no consideration, all as the Trustee or the Board of Directors may determine. A convertible security shall not be a Trust Unit and the holder of that convertible security shall not be a Unitholder.

(b) Trust Units are only to be issued as fully paid in money, property (including an obligation to pay consideration in installments), or past services, and are not to be subject to future calls or assessments; provided however that Trust Units may be issued for a consideration payable in installments and that the Trust may take security over such Trust Units to be issued under any such offering as security for unpaid installments. In determining whether property or past services are the fair equivalent of monetary consideration, the Trustee or the Board of Directors may take into account reasonable charges and expenses of organization and reorganization and payments for property and past services reasonably expected to benefit the Trust, and the resolution of the Trustee or the Board of Directors allotting and issuing those Trust Units shall express the fair equivalent in money of the other consideration received.

3.5 No Fractional Trust Units

Fractions of Trust Units shall not be issued, except pursuant to distributions of additional Trust Units to all Unitholders pursuant to Section 5.7 or as a consequence of a consolidation

under Section 3.7. Fractional Trust Units will not be entitled to be voted at meetings of Unitholders.

3.6 No Pre-Emptive Rights

No Person shall be entitled, as a matter of right, to subscribe for or purchase any Trust Unit. There are no pre-emptive rights attaching to the Trust Units.

3.7 Consolidation of Trust Units

(a) Unless otherwise determined by the Trustee on the recommendation of Petrowest GP, immediately after any *pro rata* distribution of additional Trust Units to all Unitholders pursuant to Section 5.7, the number of the outstanding Trust Units of each class will automatically be consolidated such that each Unitholder will hold after the consolidation the same number and class of Trust Units as the Unitholder held before the distribution of additional Trust Units. In this case, each Trust Unit Certificate representing a number of Trust Units of any class prior to the distribution of additional Trust Units is deemed to represent the same number of Trust Units of that class after the distribution of additional Trust Units and the consolidation.

(b) Notwithstanding Section 3.7(a), where tax is required to be withheld from a Unitholder's share of the distribution, the consolidation will result in that Unitholder holding, with respect to each class of Trust Units outstanding, that number of Trust Units equal to: (i) the number of Trust Units held by the Unitholder prior to the distribution plus the number of Trust Units received by the Unitholder in connection with the distribution (net of the number of whole and partial Trust Units withheld on account of withholding taxes); multiplied by (ii) the fraction obtained by dividing the aggregate number of Trust Units outstanding prior to the distribution by the aggregate number of Trust Units that would be outstanding following the distribution and before the consolidation if no withholding were required in respect of any part of the distribution payable to any Unitholder. That Unitholder will be required to surrender the Trust Unit Certificates, if any, representing that Unitholder's original Trust Units, in exchange for a Trust Unit Certificate representing that Unitholder's post-consolidation Trust Units.

3.8 Limitation on Non-Resident Ownership

(a) At no time may Non-Residents be the beneficial owners of more than 49% of the Trust Units, on a basic and fully-diluted basis, and the Trustee shall inform the Transfer Agent of this restriction. Petrowest GP or the Trustee upon the recommendation of Petrowest GP may require declarations as to the jurisdictions in which beneficial owners of the Trust Units are resident. If the Trustee or Petrowest GP becomes aware, as a result of acquiring such declarations as to beneficial ownership, that the beneficial owners of 49% of the Trust Units (or rights to acquire Trust Units) then outstanding are, or may be, Non-Residents or

that such a situation is imminent, the Trustee upon the recommendation of Petrowest GP may make a public announcement thereof and shall not accept a subscription for such Trust Units from or issue or register a transfer of such Trust Units to a Person unless the Person provides a declaration in form and content satisfactory to the Trustee or Petrowest GP, as the case may be, that the Person is not a Non-Resident. If, notwithstanding the foregoing, the Trustee or Petrowest GP determines that more than 49% of the Trust Units are held by Non-Residents, the Trustee or Petrowest GP, as the case may be, may send a notice to Non-Resident holders of the Trust Units, chosen in inverse order to the order of acquisition or registration or in such other manner as the Trustee or Petrowest GP, as the case may be, may consider equitable and practicable, requiring them to sell their Trust Units or a specified portion thereof within a specified period of not more than 60 days. If the Unitholders receiving such notice have not sold the specified number of Trust Units or provided the Trustee or Petrowest GP, as the case may be, with satisfactory evidence that they are not Non-Residents within such period, the Trustee may, or may on the recommendation of Petrowest GP on behalf of such Unitholders, cause such Trust Units to be sold and, in the interim, shall suspend the voting and distribution rights attached to such Trust Units. Upon such sale, the affected Unitholders shall cease to be holders of the relevant Trust Units and their rights shall be limited to receiving the net proceeds of sale upon surrender of the certificates representing such Trust Units. The Trust or Petrowest GP may direct the Transfer Agent to do any of the foregoing.

(b) No liability shall accrue to the Trust, the Trustee or Petrowest GP if the Trust Units of Non-Resident Unitholders are sold at a loss to such Unitholder. Unless and until the Trustee shall have been required to do so under the terms hereof, the Trustee shall not be bound to do or take any proceeding or action with respect to this Section 3.8 by virtue of the powers conferred on it hereby. Petrowest GP shall use reasonable commercial efforts to actively monitor the ownership of Trust Units (or rights to acquire Trust Units) by Non-Residents. It is acknowledged that the Trustee cannot definitively monitor the Non-Resident holders of the Trust Units if the Trust Units are registered in the name of CDS. The Trustee shall not be liable for any violation of the Non-Resident ownership restriction which may occur during the term of the Trust.

(c) Notwithstanding Sections 3.8(a) and (b), the Trustee and Petrowest GP, as the case may be, shall not enforce any restriction on the beneficial ownership of Trust Units by Non-Residents, make any public announcement in respect of the foregoing, or otherwise take any action otherwise required by Sections 3.8(a) and (b) (read without reference to this Section 3.8(c)) if it has received a legal opinion, advance tax ruling, Department of Finance (Canada) comfort letter or any combination thereof, and, based on such opinion and/or documentation, the Trustee and or Petrowest GP, as the case may be, are of the view, acting reasonably, that the failure to enforce Sections 3.8(a) and (b) (read without reference to this Section 3.8(c)) would not result in the Trust ceasing to be a "mutual fund trust" for the purposes of the Tax Act.

(d) If the Tax Act is (or is proposed to be) amended in a manner which places new restrictions on Non-Residents beneficially owning Trust Units, the Trustee, upon the recommendation of Petrowest GP, may take any action it considers necessary to ensure, to the extent possible, that the Trust maintains its status as a "mutual fund trust" for the purposes of the Tax Act.

3.9 Special Voting Units

There may be issued special voting units (the **"Special Voting Units"**) entitling the holders thereof to such number of votes at meetings of Unitholders as may be prescribed by the Trustee or the Board of Directors in the resolution authorizing the issuance of any such Special Voting Units. Petrowest GP shall determine any matter of doubt or uncertainty which may arise with respect to any Special Voting Units regarding voting eligibility, entitlement or procedure or other matter which in the opinion of the Trustee or Petrowest GP is not determined by the applicable resolution or agreement relating to such Special Voting Units. Except for the right to vote at meetings of the Unitholders, the Special Voting Units shall not confer upon the holders thereof any other rights; and for greater certainty, the holders of the Special Voting Units shall not be entitled to any distributions of any nature whatsoever from the Trust or have any beneficial interest in any assets of the Trust on termination of the Trust. Special Voting Units may be issued in series and shall only be issued in connection with or in relation to Exchangeable Securities on such terms and conditions as may be determined by the Trustee or the Board of Directors. A Special Voting Unit shall be issued in conjunction with Exchangeable Securities issued. Each Special Voting Unit shall entitle the holder(s) of record thereof to a number of votes at all meetings of Unitholders or in respect of any written resolution of Unitholders equal to the number of Trust Units into which the Exchangeable Securities to which such Special Voting Unit relates are, directly or indirectly, exchangeable or convertible (other than in respect of Exchangeable Securities which have been so exchanged or converted and are held by the Trust or an affiliate thereof).

ARTICLE IV
PURPOSE AND INVESTMENTS OF TRUST

4.1 Purpose of the Trust

The Trust is hereby created for the following purposes:

(a) participating in the acquisition of energy services businesses;

(b) acquiring, investing in, holding, transferring, disposing of and otherwise dealing with, directly or indirectly, any Securities issued by Business Trust, Business Trustee, or any of their respective associates, subsidiaries or affiliates, and the Notes and Business Units, and borrowing funds, directly or indirectly, for that purpose;

(c) acquiring, investing in, holding, transferring, disposing of and otherwise dealing with any other Securities and in any other investments as the Trustee or Petrowest GP may determine and borrowing funds directly or indirectly for that purpose;

(d) temporarily holding cash and short term investments for the purposes of making investments, paying the expenses and the liabilities of the Trust, paying amounts payable by the Trust in connection with the redemption of any Trust Units, or Securities of the Trust, and making distributions to Unitholders;

(e) issuing Trust Units, Special Voting Units and other Securities of the Trust including Securities convertible into, or exchangeable for Trust Units or other Securities of the Trust, obtaining funds to conduct any of the activities of the Trust, completing any acquisition of Securities or any other assets for the benefit of the Trust, implementing Unitholder rights plans, distribution reinvestment plans, Trust Unit purchase plans, incentive option plans or other compensation plans, if any, established by the Trustee for the benefit of the Trust; and making non-cash distributions to Unitholders as contemplated by this Deed of Trust including pursuant to distribution reinvestment plans or distribution reinvestment and Trust Unit purchase plans, if any, established by the Trust;

(f) issuing debt securities (including debt securities convertible into, or exchangeable for, Trust Units or other Securities of the Trust), provided recourse shall be limited to the Trust Assets or otherwise borrowing and mortgaging, pledging, charging, granting a security interest in or otherwise encumbering any of the Trust Assets as security;

(g) guaranteeing (as guarantor, surety or co-principal obligor) the payment of any indebtedness, liability or obligation of Business Trust or Petrowest GP or any subsidiary or affiliate thereof, and mortgaging, pledging, charging, granting a security interest in or otherwise encumbering all or any part of the Trust Assets, as security for that guarantee, and subordinating its rights under the Notes to other indebtedness;

(h) disposing of any part of the Trust Assets;

(i) issuing or redeeming rights and Trust Units pursuant to any Unitholder rights plan adopted by the Trust;

(j) repurchasing, redeeming or otherwise acquiring Securities of the Trust, including pursuant to any issuer bid made by the Trust;

(k) satisfying the obligations, liabilities or indebtedness of the Trust;

(l) performing all acts necessary, incidental, ancillary or related to any of the foregoing subsections (a) to (k); and

(m) undertaking such other activities or taking such other actions as shall be approved by the Trustee from time to time,

provided that the Trust shall not undertake any activity, take any action, or make or retain any investment which would result (or fail to take any action where that failure would result) in: (i) the Trust not being considered a "unit trust" or a "mutual fund trust" for purposes of the Tax Act;

or (ii) the Trust Units constituting "foreign property" for purposes of Part XI of the Tax Act if the Tax Act contains restrictions on the cost amount of foreign property which may be held by Persons subject to tax under Part XI of the Tax Act.

4.2 Mutual Fund Trust

The Trust is established primarily for the benefit of persons who are residents of Canada (for the purposes of the Tax Act) and it is intended that: (i) at all times the Trust qualify as a "mutual fund trust" for purposes of the Tax Act; and (ii) the Trust Units do not constitute "foreign property" for purposes of the Tax Act if the Tax Act contains restrictions on the cost amount of foreign property which may be held by Persons subject to tax under Part XI of the Tax Act. In furtherance of that intention, the Trustee shall use its reasonable commercial efforts to ensure that the Trust maintains its status as a mutual fund trust for purposes of the Tax Act, including without limitation by making the election contemplated by Section 16.7.

4.3 Other Investments

To the extent that any monies or other property received by the Trust or the Trustee are not to be immediately used by the Trustee for the purpose of making distributions under Article V, the Trustee is hereby authorized and, where directed by Petrowest GP to do so, shall invest such monies in: (i) debt obligations of or guaranteed by the Government of Canada or a province of Canada; (ii) commercial paper obligations of a corporation whose short-term commercial paper is rated R-1 (or higher) by Dominion Bond Rating Service Limited or A-1 (or higher) by Standard & Poor's Rating Services; (iii) term deposits, interest-bearing accounts, certificates of deposit or bankers' acceptance issued or guaranteed by one of the six largest (in terms of total assets) Canadian chartered banks; or (iv) any combination of the foregoing. Petrowest GP shall not direct the Trustee to purchase or authorize the purchase of any investment which is "foreign property" under subsection 206(1) of the Tax Act if: (i) that purchase would result in the Trust Units being treated as "foreign property" for purposes of Part XI of the Tax Act; and (ii) the Tax Act contains restrictions on the cost amount of foreign property which may be held by Persons subject to tax under Part XI of the Tax Act. Prior to the Trustee making a particular investment, the Trustee may consult with and receive direction from Petrowest GP with respect to any investment to ensure compliance with this Section 4.3 and the Trustee may, prior to any investment pursuant to this Section 4.3, request Petrowest GP to seek, and Petrowest GP and the Trustee may rely upon, an opinion of counsel that upon acquiring such investment the Trust will continue to maintain its status as a "unit trust" and a "mutual trust" for purposes of the Tax Act.

ARTICLE V
DISTRIBUTIONS

5.1 Computation of Distributable Cash of the Trust

(a) The "**Cash Flow of the Trust**", for, or in respect of, any Distribution Period, shall be determined pursuant to the following provisions:

(i) all cash amounts which are received by the Trust for, and in respect of, the Distribution Period, including, without limitation, interest on the Notes

(including prepayments of interest), other interest, dividends, distributions, proceeds from the disposition of Securities, returns of capital and repayments of indebtedness, and all amounts received by the Trust in any prior Distribution Period to the extent those amounts were not included in its calculation of Cash Flow of the Trust in that prior Distribution Period and were not previously distributed, shall be included in the calculation;

(ii) the following amounts shall be deducted in the calculation:

(A) all costs, expenses, liabilities, obligations or amounts of the Trust which, in the opinion of the Trustee, upon the recommendation of Petrowest GP, may reasonably be considered to have accrued and become owing by the Trust in respect of, or which relate to, such Distribution Period or a prior Distribution Period if not accrued or deducted in determining Cash Flow of the Trust in that prior period; and

(B) all amounts which relate to the redemption or purchase of Trust Units or other Securities of the Trust by the Trust and which have been paid or became payable in cash by the Trust in such Distribution Period;

(iii) the net proceeds of any issuance of Trust Units or other Securities of the Trust, after deducting any associated expenses or commissions, shall not be included in the calculation.

(b) The "**Distributable Cash**" for, or in respect of, a Distribution Period, shall be the Cash Flow of the Trust for such Distribution Period less any amount which the Trustee, upon the recommendation of Petrowest GP, may reasonably consider to be necessary to:

(i) provide for the payment of any costs, expenses, liabilities or obligations which are reasonably expected to be incurred by the Trust;

(ii) be retained by the Trust to comply with such limits or restrictions as may be agreed to between the Trustee or Petrowest GP and any lender(s) of the Trust or contained in any loan agreement(s) entered into by Petrowest GP or any subsidiary or affiliate of Petrowest GP;

(iii) make allowances for contingencies or for working capital, investments or acquisitions;

(iv) any amount that the Trustee determines, upon the recommendation of Petrowest GP, is appropriate to retain for a reserve to stabilize distributions; and

(v) provide for the payment of any income tax liability of the Trust.

5.2 Computation of Income and Net Realized Capital Gains

(a) The "**Income of the Trust**" for any taxation year of the Trust shall be the net income for the year determined pursuant to the provisions of the Tax Act (other than subsection 104(6) and ignoring any designations made under subsection 104(19)) having regard to the provisions thereof which relate to the calculation of taxable income of a trust, and taking into account such adjustments thereto as are determined by the Trustee, upon the recommendation of Petrowest GP, in respect of dividends received or deemed to be received from taxable Canadian corporations, amounts paid or payable by the Trust to Unitholders and such other amounts as may be determined in the discretion of the Trustee, upon the recommendation of Petrowest GP, provided, however, that capital gains and capital losses shall be excluded from the computation of net income.

(b) The "**Net Realized Capital Gains**" of the Trust for any taxation year of the Trust shall be determined as the amount, if any, by which the aggregate of the capital gains of the Trust in the year exceeds the total of:

(i) the aggregate of the capital losses of the Trust calculated in accordance with the Tax Act in the year;

(ii) any capital gains that are realized by the Trust as a result of a redemption of Trust Units pursuant to Article VI;

(iii) the amount determined by the Trustee, upon the recommendation of the Petrowest GP, in respect of any net capital losses for prior taxation years which the Trust is permitted by the Tax Act to deduct in computing the taxable income of the Trust for the year; and

(iv) any amount in respect of which the Trust is entitled to a capital gains refund under the Tax Act, as determined by the Trustee upon recommendation of Petrowest GP;

provided that at the discretion of the Trustee upon the recommendation of Petrowest GP, the Net Realized Capital Gains of the Trust for a year may be calculated without subtracting the full amount of the net capital losses for the year and/or without subtracting the full amount of the net capital losses of the Trust carried forward from previous years.

5.3 Distributions of Distributable Cash

(a) Subject to Subsections 5.3(b) and 5.3(c), the Trustee shall, upon the recommendation of Petrowest GP, on or before each Distribution Record Date, declare payable to the Unitholders of record on such Distribution Record Date, all of the Distributable Cash for the Distribution Period which includes such Distribution Record Date. Subject to Subsections 5.3(b) and 5.3(c), the proportionate share for each Trust Unit of the amount of such Distributable Cash shall be determined by dividing such amount by the number of issued and

outstanding Trust Units on such Distribution Record Date. Subject to Subsections 5.3(b) and 5.3(c), each Unitholder's share of such Distributable Cash shall be an amount equal to the proportionate share for each Trust Unit of such Distributable Cash multiplied by the number of Trust Units owned of record by each such Unitholder on such Distribution Record Date. Subject to Sections 5.4 and 5.7, Distributable Cash which has been declared to be payable to Unitholders in respect of a Distribution Period shall be paid in cash on the Distribution Payment Date in respect of such Distribution Period.

(b) Holders of Priority Units are entitled to receive in priority to any distribution of Distributable Cash on the Subordinated Units a distribution of Distributable Cash in the amount of $0.10 per Priority Unit per Distribution Period (the "**Priority Distributions**"). If, in respect of any given Distribution Period, an amount less than the Priority Distributions is paid to the holders of Priority Units, any such unpaid portion of the Priority Distributions shall be accumulated and paid in a subsequent Distribution Period in priority to distributions of Distributable Cash to Subordinated Unitholders provided that any accumulated deficiency on Priority Distributions not satisfied by a distribution by the Trust within 12 months of the date such deficiencies arose will cease to be payable.

(c) Holders of Subordinated Units are entitled to receive distributions of Distributable Cash in the amount of $0.10 per Subordinated Unit per Distribution Period (the "**Subordinated Distributions**") such Subordinated Distributions to be accumulated and paid at the end of each fiscal quarter only to the extent that:

(i) the Trust has paid all of the Priority Distributions to holders of Priority Units during that quarter; and

(ii) any deficiency in such Priority Distributions accumulated during the preceding 12 months has been satisfied.

Deficiencies in respect of Subordinated Distributions shall be accumulated and paid in a subsequent quarter in respect of such Distribution Periods, but only after payment of the Priority Distributions in respect of such subsequent Distribution Periods, any deficiency in Priority Distributions accumulated during the preceding 12 months and the Subordinated Distributions in respect of such subsequent Distribution Periods, and provided that any accumulated unpaid portion or deficiency on Subordinated Distributions not satisfied by a distribution by the Trust within 12 months of the date such unpaid portion or deficiency arose shall cease to be payable. Following payment of all Priority Distributions and Subordinated Distributions (including any accumulated but unpaid Priority Distributions or Subordinated Distributions payable hereunder), distributions of Distributable Cash shall be made to Unitholders *pro rata* and *pari passu*.

5.4 Other Distributions

(a) In addition to the distributions which are made to Unitholders pursuant to Section 5.3, the Trustee may, upon the recommendation of Petrowest GP, declare to be payable and make distributions to Unitholders, from time to time, out of Income of the Trust, Net Realized Capital Gains, the capital of the Trust or otherwise, in any year, in such amount or amounts, and on such dates as the Trustee, upon the recommendation of Petrowest GP, may determine, to Unitholders at the record date for the distribution.

(b) Having regard to the present intention of the Trustee to allocate, distribute and make payable to Unitholders all of the Income of the Trust, Net Realized Capital Gains and any other applicable amounts so that the Trust will not have any liability for tax under Part I of the Tax Act in any taxation year, the following amounts shall, without any further actions on the part of the Trustee, be due and payable to Unitholders of record on December 31 in each such year:

(i) an amount equal to the amount, if any, by which the Income of the Trust for such year exceeds the aggregate of the portions, if any, of each distribution paid or payable by the Trust pursuant to Section 5.3 and Section 5.4(a) which have been determined by the Trustee, pursuant to Section 5.5, to have been payable by the Trust out of the Income of the Trust for such year; and

(ii) an amount equal to the amount, if any, by which the Net Realized Capital Gains of the Trust for such year exceeds the aggregate of the portions, if any, of each distribution paid or payable by the Trust pursuant to Section 5.3 and Section 5.4(a) which have been determined by the Trustee, pursuant to Section 5.5, to have been payable by the Trust out of Net Realized Capital Gains for such year.

(c) The proportionate share of each Trust Unit of the amount of any distribution made pursuant to either or both of Sections 5.4(a) and (b) shall be determined by dividing such amount by the number of issued and outstanding Trust Units (or, if the distribution is made only to the holders of a particular class of Trust Unit, the number of issued and outstanding Trust Units of that class) on the applicable record date in respect of a distribution pursuant to Section 5.4(a) and on December 31 in respect of a distribution pursuant to Section 5.4(b). Each Unitholder's share of the amount of any such distribution shall be an amount equal to the proportionate share of each Trust Unit of such amount multiplied by the number of Trust Units (or, if the distribution is made only to the holders of a particular class of Trust Units, the number of Trust Units of that class) owned of record by each such Unitholder on such applicable record date or December 31 in the year of such distribution, as the case may be. Subject to Section 5.7, amounts which have been declared to be payable to Unitholders pursuant to either Section 5.4(a) or (b) shall be paid in cash no later than the Distribution Payment Date which immediately follows the applicable record date in respect of a distribution

pursuant to Section 5.4(a) and, in respect of a distribution pursuant to Section 5.4(b), such amount shall be payable on December 31 and shall be paid forthwith, and in no event later than January 30 of the following year, subject to Section 5.6.

(d) In addition to the distributions which are made payable to Unitholders, the Trustee may designate any income or capital gain realized by the Trust as a result of the redemption of Trust Units pursuant to Section 6.5 to the redeeming Unitholders in accordance with this Article V.

(e) Upon the occurrence of a Capital Event or the liquidation, dissolution or winding-up of the Trust or any other distribution of the assets of the Trust for the purpose of winding-up its affairs:

(i) the holders of Priority Units shall be entitled to receive, on a *pro rata* basis, from the applicable Capital Event Amount or the assets of the Trust, as applicable, before any distribution therefrom is made to the holders of the Subordinated Units, any accumulated but unpaid Priority Distributions provided that such accumulated but unpaid Priority Distributions shall not include any accumulated deficiency incurred more than 12 months from the date of such Capital Event or liquidation, dissolution or winding-up of the Trust;

(ii) the holders of Subordinated Units shall be entitled to receive, on a *pro rata* basis, from the applicable Capital Event Amount or the assets of the Trust, as applicable, after the holders of the Priority Units have received a distribution therefrom in an amount equal to any accumulated but unpaid Priority Distributions but before any further distribution therefrom is made to the Priority Unitholders, any accumulated but unpaid Subordinated Distributions provided that such accumulated but unpaid Subordinated Distributions shall not include any accumulated deficiency incurred more than 12 months from the date of such Capital Event or liquidation, dissolution or winding-up of the Trust;

and thereafter any further distributions from the applicable Capital Event Amount or the assets of the Trust, as applicable, to the holders of Units of either class shall be made *pro rata* and *pari passu*. If a Capital Event occurs, the Priority Distributions and the Subordinated Distributions will be adjusted as agreed to by the independent directors of Petrowest GP using the definition of independence as provided for in securities laws.

5.5 Character of Distributions and Designations

In accordance with and to the extent permitted by the Tax Act, the Trustee, upon the recommendation of Petrowest GP, in each year shall make designations and elections in respect of the amounts payable to Unitholders for such amounts that the Trustee, upon the recommendation of Petrowest GP, considers to be reasonable in all of the circumstances, including, without limitation, designations relating to taxable dividends received or deemed to be

received by the Trust in the year on shares of taxable Canadian corporations, net capital gains realized by the Trust in the year, certain resource income as contemplated by subsection 104(29) and foreign source income of and foreign taxes paid by the Trust for the year, as well as elections under subsections 104(13.1) and/or 104(13.2) of the Tax Act that income be taxed to the Trust, rather than to the Unitholders. Distributions payable to Unitholders pursuant to this Article V shall be deemed to be distributions of Income of the Trust, Net Realized Capital Gains, Trust capital or other items in such amounts as the Trustee shall, in its absolute discretion, determine. For greater certainty, it is hereby declared that any distribution of Net Realized Capital Gains shall include the non-taxable portion of the capital gains of the Trust which are encompassed in such distribution.

5.6 Enforceability of Right to Receive Distributions

For greater certainty, it is hereby declared that each Unitholder shall have the legal right to enforce payment of any amount payable to such Unitholder as a result of any distribution which is declared or made payable to such Unitholder pursuant to this Article V or pursuant to Article VI, as of the date on which those amounts become payable. For greater certainty, it is hereby further declared that no Unitholder shall have the legal right to enforce payment of any accrued but unpaid Priority Distributions or Subordinated Distributions prior to the times that they have been declared payable in accordance with the provisions hereof.

5.7 Method of Payment of Distributions

(a) Where the Trustee determines that the Trust does not have available cash in an amount sufficient to make payment of the full amount of any distribution which has been declared to be payable pursuant to this Article V on the due date for such payment, or if any cash distribution should be contrary to any subordination agreement, the payment may, at the option of the Trustee and subject to any Applicable Laws and the receipt of necessary Approvals, include the *pro rata* issuance of additional Trust Units, or fractions of Trust Units, if necessary, having a value equal to the difference between the amount of such distribution and the amount of cash which has been determined by the Trustee to be available for the payment of such distribution.

(b) The value of each Trust Unit which is issued pursuant to Section 5.7(a) shall be the market price (as defined in Section 6.3) of the Trust Units on the applicable Distribution Record Date in respect of a distribution pursuant to Section 5.3 or Section 5.4(a) or December 31 in respect of a distribution pursuant to Section 5.4(b), provided that if the particular date is not a Business Day then the market price (as defined in Section 6.3) shall be determined on the last Business Day which precedes such particular date.

5.8 Withholding Taxes

The Trustee shall deduct or withhold from distributions payable to any Unitholder all amounts required by Applicable Law to be withheld from such distribution, whether those distributions are in the form of cash, additional Trust Units or otherwise. The Trustee may rely

on advice of legal counsel or Petrowest GP in making all such determinations. To the extent that amounts are so deducted or withheld, such amounts shall be treated for all purposes as having been paid to the Unitholder in respect of which such deduction and withholding was made. In the event of a distribution in the form of additional Trust Units, the Trustee may sell Trust Units of those Unitholders to pay those withholding taxes and to pay all of the Trustee's reasonable expenses with regard thereto and the Trustee shall have the power of attorney of the Unitholder to do so. Any such sale shall be made on any stock exchange on which the Trust Units are then listed and upon that sale, the affected Unitholder shall cease to be the holder of those Trust Units. No liability shall accrue to the Trust, the Trustee or Petrowest GP if Trust Units or other assets sold or disposed of pursuant to this Section 5.8 are sold at a loss to such affected Unitholder or the beneficial owner of such Trust Units, if Trust Units or other assets so sold or disposed of are sold or disposed of for an amount which may be less than might otherwise have been obtained if sold or disposed of at a different point in time or in different circumstances.

5.9 Tax Act Definitions

Unless otherwise specified or the context otherwise requires, any term in this Article V which is defined in the Tax Act shall have for the purposes of this Article V the meaning that it has in the Tax Act.

5.10 Payments of Cash

(a) Any payments of cash by the Trust to a Unitholder pursuant to this Article V or pursuant to any other provision of this Deed of Trust will be conclusively deemed to have been made upon mailing of a cheque in a postage pre-paid envelope, at least three business days prior to each distribution payment date provided that the Trustee has received the funds, addressed to the Unitholder at the Unitholder's address appearing in the register of Unitholders unless such cheque is dishonoured upon presentment. Upon such payment, the Trust shall be discharged from all liability to the Unitholder in respect of such payment except to replace any cheque which is lost or destroyed. In the case of joint registered Unitholders, any cash payment required hereunder to be made to a Unitholder shall be deemed to be made to such Unitholders jointly and shall be paid by cheque or bank draft.

(b) A Unitholder or any one of the joint Unitholders may designate and the Trustee may accept that any payment required to be made hereunder shall be made by deposit to an account of such Unitholder or to a joint account of such Unitholder and any other Person or in the case of joint registered Unitholders to an account of joint registered Unitholders or to an account of any one of the joint registered Unitholders. A cheque or bank draft shall, unless the joint registered Unitholders otherwise direct, be payable to the order of all of the said joint registered Unitholders, and if more than one address appears on the books of the Trust in respect of such joint unitholding to any such addresses, the cheque or bank draft of payment in other acceptable manner as aforesaid shall satisfy and discharge all liability of the Trustee or the Trust for the amount so required to be paid unless the cheque or bank draft is not paid at par on presentation at any place where by

its terms it is payable. In the event of non-receipt of any such cheque or bank draft by the Person to whom it is mailed, the Trustee, on proof of the non-receipt and upon satisfactory indemnity being given to them and to the Trust, shall issue to the Person a replacement cheque or bank draft for a like amount.

5.11 Distribution Reinvestment and Trust Unit Purchase Plan

Subject to any required Approvals (and any Unitholder approval imposed by Applicable Laws), the Trustee may, upon the recommendation of Petrowest GP, establish one or more Unitholder rights plans, distribution reinvestment plans and Trust Unit purchase plans, Trust Unit option plans or other compensation plans at any time and from time to time.

ARTICLE VI
REDEMPTION OF TRUST UNITS

6.1 Right of Redemption

Each Unitholder shall be entitled to require the Trust to redeem, at any time and from time to time, at the demand of the Unitholder, all or any part of the Trust Units registered in the name of the Unitholder at the prices determined and payable in accordance with the terms and conditions hereinafter provided.

6.2 Exercise of Redemption Right

(a) To exercise a Unitholder's right to require redemption under this Article VI, a duly completed and properly executed notice requiring the Trust to redeem Trust Units, in a form approved by the Trustee, shall be sent to the Trust at the head office of the Trust and to CDS (if a Global Unit Certificate has been issued by the Trust), together with written instructions as to the number of Trust Units to be redeemed and together with the Trust Unit Certificate or Trust Unit Certificates representing the Trust Units to be redeemed (in the event a Global Unit Certificate has not been issued by the Trust). No form or manner of completion or execution shall be sufficient unless the same is in all respects satisfactory to the Trustee and to CDS (if a Global Unit Certificate has been issued by the Trust) and is accompanied by any further evidence that the Trustee or CDS (if a Global Unit Certificate has been issued by the Trust) may reasonably require with respect to the identity, capacity or authority of the Person giving such notice.

(b) Upon receipt by the Trust of the notice to redeem Trust Units, the Unitholder shall thereafter cease to have any rights with respect to the Trust Units tendered for redemption (other than to receive the redemption payment therefore and the right to receive any distributions which have been declared payable to the Unitholders of record on a date which is prior to the day of receipt by the Trust of such notice), including the right to receive any distributions thereon which are declared payable to the Unitholders of record on a date which is subsequent to the day of receipt by the Trust of such notice. Trust Units shall be considered to be tendered for redemption on the date (the "**Redemption Date**") that the Trust has, to the

satisfaction of the Trustee and CDS (if a Global Unit Certificate has been issued by the Trust), received the notice, Trust Unit Certificates and other required documents or evidence as aforesaid.

6.3 Cash Redemption

Subject to Section 6.4, upon receipt by the Trust of the notice to redeem Trust Units in accordance with Section 6.2, the holder of the Trust Units tendered for redemption shall be entitled to receive a price per Trust Unit equal to:

(a) in the case of a Trust Unit, the lesser of: (i) 95% of the "market price" of the Units on the principal exchange or market on which the Trust Units are quoted for trading during the 10 consecutive trading day period ending on the trading day immediately prior to the date on which the Units are tendered for redemption; and (ii) 100% of the "closing market price" on the principal exchange or market on which the Trust Units are quoted for trading on the date that the Trust Units are so tendered for redemption (the "Cash Redemption Price"); and

(b) in the case of a Subordinated Unit, (i) prior to the date the holders of Subordinated Units have the right to convert to Trust Units, a portion of the Cash Redemption Price in respect of such Subordinated Unit (the "Subordinated Redemption Price") calculated pursuant to the following formula:

SRP= R*A/B

SRP means the Subordinated Redemption Price.

R = the Cash Redemption Price (determined as if the Subordinated unit was a Trust Unit)

A = the number of quarters in which the Trust has met the quarterly EBITDA Target and Distribution Target while the Subordinated Units have been outstanding

B = for the period from the Closing Date until December 31, 2008: 10

for the period after December 31, 2008: 10 plus the number that is 4 multiplied by the number of completed fiscal years after December 31 2007.

provided that if A = nil or the Subordinated Redemption Price as calculated above would be less than $3.00, the Subordinated Redemption Price shall be the lesser of $3.00 and the Cash Redemption Price, and (ii) following the date the holders of Subordinated Units have the right to convert to Trust Units, the Cash Redemption Price.

For the purposes of this calculation, "market price" will be an amount equal to the simple average of the closing price of the Priority Units on the principal exchange or market on which

the Priority Units are listed and posted for trading for each of the trading days on which there was a closing price; provided that, if the applicable exchange or market does not provide a closing price; but only provides the highest and lowest prices of the Priority Units traded on a particular day, the market price shall be an amount equal to the simple average of the highest and lowest prices for each of the trading days on which there was a trade; provided further that if there was trading on the applicable exchange or market for fewer than five of the 10 trading days, the "market price" shall be the simple average of the following prices established for each of the 10 trading days: the average of the last bid and last ask prices for each day on which there was no trading; the closing price of the Priority Units for each day that there was trading if the exchange or market provides a closing price; and the average of the highest and lowest prices of the Priority Units for each day that there was trading, if the exchange or market provides only the highest and lowest prices of Priority Units traded on a particular day; and provided further that if, in the opinion of Petrowest GP, the trading activity of the Priority Units for the relevant period does not result in a trading price that represents the fair market value of a Priority Unit, the "market price" shall be an amount determined by Petrowest GP in good faith in its sole discretion and provided further that any such determination by Petrowest GP shall be conclusive and binding. The "closing market price" shall be an amount equal to the closing price of a Priority Unit on the applicable exchange or market if there was a trade on that date and the applicable exchange or market provides a closing price; an amount equal to the simple average of the highest and lowest trading prices of a Priority Unit if there was trading and the exchange or other market provides only the highest and lowest prices of a Priority Unit traded on a particular day; or the simple average of the last bid and last ask prices if there was no trading on the specified date.

Subject to Sections 6.4 and 6.5, the Cash Redemption Price or Subordinated Redemption Price payable in respect of Trust Units surrendered for redemption during any calendar month shall be paid by cheque, drawn on a Canadian chartered bank or a trust company in lawful money of Canada, payable at par to or to the order of the Unitholder who exercised the right of redemption no later than the last day of the calendar month following the month in which the Redemption Date falls. Payments made by the Trust of the Cash Redemption Price are conclusively deemed to have been made upon the mailing of a cheque in a postage prepaid envelope addressed to the former Unitholder unless such cheque is dishonoured upon presentment. Upon such payment, the Trust shall be discharged from all liability to the former Unitholder in respect of the Trust Units so redeemed, except with respect to any outstanding payments in respect of such Trust Units pertaining to distributions declared payable thereon to such former Unitholders of record on a date which was prior to the Redemption Date.

6.4 No Cash Redemption in Certain Circumstances

Section 6.3 shall not be applicable to Trust Units tendered for redemption by a Unitholder, if:

(a) the total amount payable by the Trust pursuant to Section 6.3 in respect of such Trust Units and all other Trust Units tendered for redemption prior thereto in the same calendar month exceeds $100,000 (the "**Monthly Limit**"); provided that the Trustee may, in its sole discretion, waive such limitation in respect of all Trust Units tendered for redemption in any calendar month. In the absence of that

waiver, Trust Units tendered for redemption in any calendar month in which the total amount payable by the Trust pursuant to Section 6.3 exceeds the Monthly Limit will be redeemed in part for cash pursuant to Section 6.3 on a *pro rata* basis and subject to any Applicable Laws and receipt of necessary Approvals, by a distribution of Series 2 Business Notes in a principal amount equal to the remainder under Section 6.5;

(b) at the time the Trust Units are tendered for redemption, the outstanding Trust Units are not listed for trading or quoted on any stock exchange or market which the board of directors of Petrowest GP considers, in its sole discretion, provides representative fair market value prices for the Trust Units; or

(c) the normal trading of the outstanding Trust Units is suspended or halted on any stock exchange on which the Trust Units are listed for trading or, if not so listed, on any market on which the Trust Units are quoted for trading, on the Redemption Date or for more than five trading days during the 10 consecutive trading day period ending on the trading day immediately prior to the Redemption Date.

6.5 *In Specie* Redemption

If, pursuant to Section 6.4, Section 6.3 is not applicable to all or any part of the Trust Units tendered for redemption by a Unitholder, all or that part of the Cash Redemption Price per Trust Unit specified in Section 6.3 to which the Unitholder would otherwise be entitled shall, subject to the receipt of all necessary Approvals, be paid and satisfied by way of the cash payment referred to in Section 6.4(a), to the extent applicable, and by a distribution *in specie* of Notes held by the Trust in a principal amount equal to the remainder (the "***In Specie* Redemption Price**"). No fractional Series 2 Business Notes shall be distributed and where a number of Series 2 Notes to be received by a Unitholder includes a fraction, that number shall be rounded to the next lowest number, as the case may be. The *In Specie* Redemption Price payable in respect of Trust Units tendered for redemption during any Distribution Period shall be paid by the transfer, to or to the order of the Unitholder who exercised the right of redemption, on the last day (the "**Transfer Date**") of the calendar month following the month in which the Redemption Date occurs, of the number of Series 2 Notes determined as aforesaid. The Trust shall be entitled to all interest paid or accrued and unpaid on the Series 2 Notes to and including the Transfer Date. Payments by the Trust of the *In Specie* Redemption Price are conclusively deemed to have been made upon the mailing of the certificates representing the Series 2 Notes by registered mail in a postage prepaid envelope addressed to the former Unitholder. Upon such payment, the Trust shall be discharged from all liability to the former Unitholder in respect of the Trust Units so redeemed. Where the Trust makes a distribution *in specie* of Series 2 Notes on a redemption of Trust Units in a particular year, the Trustees shall treat; (i) the amount of any capital gain realized by the Trust as a result of the distribution of such property as an amount payable in that year out of the Net Realized Capital Gains of the Trust, and (ii) the amount of accrued income on or in respect of such property (other than capital gains described in (i)), as an amount payable to the redeeming Unitholder in that year out of the Income of the Trust, except, with respect to both (i) and (ii), to the extent the Trustee determines otherwise in its sole discretion on or before December 31 of that year.

6.6 Cancellation of Trust Unit Certificates for all Redeemed Trust Units

All Trust Unit Certificates, if issued, which are redeemed under this Article VI shall be cancelled and such Trust Units shall no longer be outstanding and shall not be reissued.

ARTICLE VII
REDEMPTION OF SPECIAL VOTING UNITS

7.1 Right of Redemption

Each holder of Special Voting Units shall be entitled to require the Trust to redeem, at any time and from time to time, at the demand of such holder, all or any part of the Special Voting Units registered in the name of such holder at the prices determined and payable in accordance with the provisions of this Article VII.

7.2 Exercise of Redemption Right

To exercise a holder of Special Voting Unit's right to require redemption under this Article VII, a duly completed and properly executed notice requiring the Trust to redeem Special Voting Units in a form approved by the Trustee, shall be sent to the Trust at the head office of the Trust, together with written instructions as to the number of Special Voting Units to be redeemed. Such notice shall be irrevocable except with respect to any Special Voting Units surrendered for redemption in respect of which the redemption proceeds are not paid by the Trust on or before the date on which such payment is due and except as otherwise provided herein.

As of the close of business on the date the Special Voting Units are surrendered for redemption, the registered holder of the Special Voting Units will cease to be the holder of record in respect of such Special Voting Units, and will cease to have any rights with respect to the Special Voting Units tendered for redemption (other than the receipt of the redemption proceeds).

7.3 Cash Redemption

Upon receipt by the Trust of a notice to redeem Special Voting Units in accordance with Section 7.2, the holder of the Special Voting Units tendered for redemption shall be entitled to receive a price per Special Voting Unit equal to $0.10. All payments made in respect of the redemption of Special Voting Units will be rounded up to the nearest whole cent.

The redemption price payable in respect of the Special Voting Units surrendered for redemption during any calendar month will be satisfied by way of cash payment no later than the last day of the calendar month following the calendar month in which the Special Voting Units were tendered for redemption. Payments made by the Trust of the cash portion of the redemption price for such Special Voting Units shall be conclusively deemed to have been made upon the mailing by the Trust of a cheque in a postage-prepaid envelope addressed to the former holder of the Special Voting Units at the former holder's address as appearing in the register of holders of Special Voting Units, unless such cheque is dishonored upon presentment. Upon such payment, the Trust will be discharged from all liability to the former holder of the Special Voting

Units in respect of the redeemed Special Voting Units; provided, however that if such cheque is lost or destroyed then, upon the presentation of evidence satisfactory to the Trustee on recommendation of Petrowest GP of such loss or destruction, together with such indemnity as the Trustee on recommendation of Petrowest GP may reasonably require, the Trust will issue a replacement cheque to the former holder of Special Voting Units.

ARTICLE VIII
THE TRUSTEE

8.1 Indefinite Term of Office

The Trustee shall hold office until the earlier of: (i) the termination of the Trust, or (ii) its resignation, removal or ceasing to qualify as a trustee under Section 8.5 and the appointment of a successor trustee pursuant to this Article VIII.

8.2 Resignation

The Trustee and any successor Trustee may resign at any time by giving not less than 90 days' notice in writing to Petrowest GP (or such shorter notice as Petrowest GP may agree to). Such resignation will not take effect until the appointment of a successor to the Trustee pursuant to Section 8.4 and the assumption by the new Trustee of all obligations of the Trustee related hereto in the same capacities as the resigning Trustee. Any entitlement of the Trustee to fees or other remuneration shall continue until the effective date of the resignation.

8.3 Removal

The Trustee may be removed at any time with or without cause by Ordinary Resolution passed by the Unitholders in favour of the removal of the Trustee. The Trustee may be removed by notice in writing delivered by Petrowest GP to the Trustee in the event that, at any time, the Trustee shall no longer satisfy all of the requirements in Section 8.5, or shall be declared bankrupt or insolvent, or shall enter into liquidation, whether compulsory or voluntary (and not being merely a voluntary liquidation for the purposes of amalgamation or reconstruction), or if the assets of the Trustee shall otherwise become liable to seizure or confiscation by any public or governmental authority, or if the Trustee shall otherwise become incapable of performing, or shall fail in any material respect to perform its responsibilities under this Deed or as a result of a material increase in the fees charged by the Trustee. No decision to remove a Trustee under this Section 8.3 shall become effective until; (i) approved by a Special Resolution at a meeting of Unitholders duly called for that purpose, (ii) the appointment of, and acceptance of such appointment by, a new Trustee under Section 8.4 in the place of the Trustee to be removed and (iii) the assumption by the new Trustee of all obligations of the Trustee related hereto in the same capacities as the resigning Trustee. The removal of the Trustee under this Section 8.3 shall not be effective until the appointment of a successor or successors to the Trustee pursuant to Section 8.4.

8.4 Appointment

A successor Trustee to a Trustee which has been removed by a Special Resolution of Unitholders under Section 8.3, shall be appointed by a majority of votes at a meeting of Unitholders duly called for that purpose, provided the successor meets the requirements of Section 8.5. Subject to Section 8.5, Petrowest GP may appoint a successor Trustee to any Trustee which has been removed by a Special Resolution of the Unitholders under Section 8.3, if the Unitholders fail to do so at such meeting. Subject to Section 8.5, Petrowest GP may appoint a successor Trustee to any Trustee which has given a notice of resignation under Section 8.2. No appointment of any successor Trustee shall be effective until such successor Trustee shall have complied with the provisions of Section 8.2. If no successor Trustee to a Trustee who has resigned under Section 8.2 or who has been removed under Section 8.3 has accepted an appointment under this Section 8.4 within 90 days after such notice of resignation or removal, as the case may be, the Trustee or any Unitholder may apply to a court of competent jurisdiction for the appointment of a successor Trustee. The Trustee shall be reimbursed by the Trust out of the Income of the Trust, and to the extent that the Income of the Trust is not insufficient, out of the Trust Assets for all reasonable costs and expenses of the Trustee relating to obtaining court approval of a successor. The appointment of such successor by such court shall not require the approval of those persons entitled to cast votes at meetings of Unitholders whether in person or by proxy.

8.5 Qualifications of Trustee

No Person shall at any time be eligible to be appointed as a Trustee pursuant to Section 8.4, or to act as a Trustee at any time, other than a corporation incorporated under the laws of Canada or of a province thereof which is not a Non-Resident. Such Trustee must at all times be registered under the laws of the Province of Alberta to carry on the business of a trust company and must have undertaken in writing to discharge all of the obligations and responsibilities of the Trustee under this Deed. The Trustee is not required to hold Trust Units.

8.6 Remuneration of the Trustee

The Trustee, in its capacity as trustee, shall be entitled to such fees or other reasonable remuneration as shall be agreed by the Trustee and the board of directors of Petrowest GP from time to time.

8.7 Payment of Remuneration

Any fees or other remuneration payable to the Trustee under Section 8.6 shall be paid out of the Income of the Trust and, to the extent that the Income of the Trust shall be insufficient, out of the Trust Assets.

8.8 Trustee to Act as Principal

Except as otherwise set forth herein, in the exercise or purported exercise of any of its powers hereunder and in the performance or purported performance of any of the obligations imposed upon, or undertaken by, the Trustee pursuant to this Deed of Trust, the Trustee shall act

as a principal on behalf of the Trust and shall not be the agent of all or any of the Unitholders or of any other Person.

8.9 Liability to Third Parties

All acts done, written instruments executed and all obligations and liabilities incurred by or on behalf of the Trustee or by any person who is an officer, employee or agent of the Trustee, in the performance of the responsibilities, powers and authorities of the Trustee hereunder, shall be conclusively taken to have been done, executed or incurred only by or on behalf of the Trustee in its capacity as trustee.

8.10 Officers

The Trustee may, from time to time at the direction of Petrowest GP, appoint one or more officers of the Trust and, without prejudice to rights under any employment contract, may remove any officer of the Trust. The powers and duties of each officer of the Trust shall be those determined from time to time by the Trustee and, in the absence of such determination, shall be those usually applicable to the office held. A majority of the officers shall not be Non-Residents.

8.11 Continuing Obligations of the Trust

Upon the Trustee ceasing to hold office as provided in this Article VIII, the Trustee shall cease to be a party to this Deed of Trust; provided however, that the Trustee shall continue to be entitled to payments of any amounts owing by the Trust to the Trustee which had accrued prior to the Trustee ceasing to hold office and provided further that the Trustee and each of its directors, officers, employees, shareholders and agents shall continue to be entitled to the benefit of any indemnity and limitation of liability provisions contained in this Deed.

8.12 Vesting in Successor Trustee

The title to any part of the Trust Assets held by any Trustee who is no longer in office shall vest (subject to all mortgages, charges and other security interests granted, created or assumed by the Trustee no longer in office) forthwith in any successor Trustee, without further act or formality, but in any event, if requested, any Trustee which ceases to act hereunder shall execute all instruments and do all acts necessary to vest such title as it may have had in the Trust Assets in any successor Trustee of record, without court accounting or further act or formality.

8.13 Vacancies

No vacancy of the office of the Trustee shall operate to annul this Declaration of Trust or affect the continuity of the Trust.

8.14 Validity of Acts

Any act of a Trustee is valid notwithstanding any irregularity in the appointment of the Trustee or a defect in the qualifications of the Trustee.

ARTICLE IX
CONCERNING THE TRUSTEE

9.1 Powers of the Trustee

(a) Subject to the terms and conditions of this Deed of Trust, the Trustee may exercise from time to time in respect of the Trust Assets and the investments and affairs of the Trust any and all rights, powers and privileges that could be exercised by the legal and beneficial owner of those assets.

(b) Subject to the specific limitations contained in this Deed of Trust and any delegation of powers made to Petrowest GP and permitted hereunder, the Trustee shall have, without further or other action or consent, and free from any power or control on the part of the Unitholders, full, absolute and exclusive power, control and authority over the Trust Assets and over the affairs of the Trust to the same extent as if the Trustee was the sole and absolute beneficial owner of the Trust Assets in its own right, to do all acts and things as in its sole judgment and discretion are necessary or incidental to, or desirable for, carrying out the trust created under this Deed of Trust. In construing the provisions of this Deed of Trust, the presumption shall be in favour of the powers and authority granted to the Trustee. The enumeration of any specific power or authority in this Deed of Trust shall not be construed as limiting the general powers or authority or any other specified power or authority conferred in this Deed of Trust on the Trustee. To the maximum extent permitted by Applicable Law, the Trustee shall, in carrying out investment activities, not be in any way restricted by the provisions of the laws of any jurisdiction limiting or purporting to limit investments which may be made by trustees. Without limiting the generality of the foregoing, but subject to any express limitations contained in this Deed of Trust, the Trustee may make any investments without being required to adhere to all of or any particular portion of the investment criteria or diversification requirements set forth in the *Trustee Act* (Alberta), as amended from time to time, and may delegate management and authority to discretionary managers of investment funds as the Trustee in its discretion determines appropriate.

9.2 Specific Powers and Authorities of the Trustee

Subject only to the express limitations contained in this Deed of Trust and in addition to any other powers and authorities conferred by this Deed of Trust or which the Trustee may have by virtue of any Applicable Law, the Trustee, without any action or consent by the Unitholders shall have, and may exercise at any time and from time to time, the following powers and authorities which may or may not be exercised by the Trustee in its sole judgment and discretion and in such manner and upon such terms and conditions as it may from time to time determine proper:

(a) to supervise the activities and manage the investments and affairs of the Trust;

(b) to manage the Trust Assets;

(c) to maintain records and provide reports to Unitholders;

(d) to collect, sue for and receive all sums of money or other property due to the Trust and to engage in, intervene in, prosecute, join, defend, compromise, abandon or adjust, by arbitration or otherwise, any actions, suits, proceedings, disputes, claims, demands or other litigation relating to the Trust, the assets of the Trust or the Trust's affairs, to enter into agreements therefor, whether or not any suit is commenced or claim accrued or asserted and, in advance of any controversy, to enter into agreements regarding the arbitration, adjudication or settlement thereof; provided that prior to taking any such action, the Trustee may require from Petrowest GP a specific indemnity in relation thereto and funding with respect to the expenses or costs associated with such action. The Trustee shall in any event be reimbursed by the Trust out of the Trust Assets, and failing same by Petrowest GP, for all costs and expenses incurred in respect of the matters provided for in this subsection;

(e) to open, operate and close accounts and other similar credit, deposit and banking arrangements and to negotiate and sign banking and financing contracts and agreements;

(f) to determine conclusively the allocation to capital, income or other appropriate accounts of all receipts, expenses and disbursements;

(g) to make or cause to be made application for the listing or quotation on any stock exchange or market of Trust Units, and to do all things which in the opinion of the Trustee may be necessary or desirable to effect or maintain any listing or quotation;

(h) to determine conclusively the value of any or all of the Trust Assets from time to time and, in determining that value, to consider any information and advice as the Trustee in its sole judgment, may deem material and reliable;

(i) to issue Trust Units, Special Voting Units or convertible securities for such consideration as the Trustee may deem appropriate in its sole discretion;

(j) to enter into any agreement or instrument to create or provide for the issue of Trust Units (including any firm or best efforts underwriting agreement), to cause those Trust Units to be issued for any consideration as the Trustee, in its sole discretion, may deem appropriate and to do all things and prepare and sign all documents to qualify those Trust Units for sale in whatever jurisdictions they will be sold or offered for sale;

(k) to effect payment of distributions to the Unitholders as provided in Article V but not contrary to any provisions of any subordination agreement, or the terms of the Notes or the subordination provisions of the Note Indenture;

(l) to invest any and all funds and monies of the Trust in the manner set forth in Article IV;

(m) to invest, hold shares, units, beneficial interests, partnership interests, joint venture interests or other interests or Securities in any of the Persons described in Sections 4.1(b) and (c) necessary or useful to carry out the purpose of the Trust and exercise all rights pertaining to such interests;

(n) to possess and exercise all the rights, powers and privileges pertaining to the ownership of any Securities comprising the Trust Assets (including the Notes) to the same extent that an individual might, unless otherwise limited herein, and, without limiting the generality of the foregoing, to vote or give any consent, request or notice, or waive any notice, either in person or by proxy or power of attorney, with or without power of substitution, to one or more Persons, which proxies and powers of attorney may be for meetings or actions generally or for any particular meeting or action and may include the exercise of discretionary power;

(o) subject to Section 9.4, to sell, transfer, assign and convey, for and on behalf of the Trust, all or any portion of the Trust Assets on such terms and conditions as the Trustee shall deem to be in the best interests of the Unitholders;

(p) where reasonably required, to engage or employ on behalf of the Trust any Persons as agents, representatives, employees, independent contractors or administrators (including, without limitation, investment advisors, registrars, underwriters, accountants, lawyers, appraisers, brokers or otherwise) in one or more capacities;

(q) except as prohibited by Applicable Law, to delegate any of the powers and duties of the Trustee to Petrowest GP or any one or more agents, representatives, officers, employees, independent contractors, administrators or other Persons without liability to the Trustee, except as provided in this Deed of Trust;

(r) to arrange for insurance contracts and policies insuring the Trust, the Trust Assets, the business of Petrowest GP or any direct or indirect subsidiary and/or any or all of the Trustee or the Unitholders, including against any and all claims and liabilities of any nature asserted by any Person arising by reason of any action alleged to have been taken or omitted by the Trust or by the Trustee or Unitholders or otherwise;

(s) to cause legal title to any of the Trust Assets to be held by and/or in the name of the Trustee, or, except as prohibited by law, by and/or in the name of the Trust or any other custodian or Person, on such terms, in such manner, with such powers in such Person as the Trustee may determine and with or without disclosure that the Unitholders, the Trust or the Trustee is interested therein, provided however that should legal title to any of the Trust Assets be held by and/or in the name of any Person or Persons other than the Trustee or the Trust, the Trustee shall require such Person or Persons to execute a trust agreement acknowledging that legal title to such assets is held in trust for the benefit of the Unitholders;

(t) without limit as to amount, to borrow money or otherwise obtain credit in the name of the Trust from time to time, from any Person for the purpose of carrying out the business or any other purposes of the Trust and for such purpose to draw, make, execute and issue loan agreements, promissory notes, debentures, convertible debentures, notes or similar debt securities and other negotiable and non-negotiable instruments and evidences of indebtedness (any or all of which may contain limitations or restrictions on payments, transfers, distributions or dispositions, secure the payment of sums so borrowed or indebtedness incurred and mortgage, pledge, assign or grant a priority interest in any money owing to the Trust or engage in any other means of financing the Trust);

(u) without limit as to amount, to lend funds to any Person including, without limitation, Petrowest GP, in such manner and for such purposes as have been and may be approved and determined to be in the best interests of the Unitholders by the Trustee, acting on the advice of counsel where reasonably considered necessary;

(v) to guarantee, indemnify or act as a surety with respect to the payment or performance of any indebtedness, liabilities or obligations of any kind of Person including, without limitation, Petrowest GP, or any affiliate or the Trust and, if required, to pledge Securities of such Person as security for such guarantee or indemnity;

(w) to enter into any subordination, postponement or priority agreement on behalf of the Trust with any lender or creditor to any Person, including Petrowest GP or any affiliate of the Trust, pursuant to which, among other things, the Trust may agree to subordinate and postpone its debt, security or any right to receive any income from any Person;

(x) to charge, mortgage, hypothecate, pledge or assign on behalf of the Trust, or grant any security interest, lien or encumbrance over or with respect to, all or any portion of the currently owned or subsequently acquired Trust Assets for any purpose, including to secure any monies borrowed or other liabilities or obligations of the Trust or to secure any guarantee granted by the Trust;

(y) to subdivide or consolidate from time to time the issued and outstanding Trust Units;

(z) to use its reasonable commercial efforts to ensure that (i) the Trust qualifies at all times as a "mutual fund trust" pursuant to subsection 132(6) of the Tax Act and (ii) the Trust Units will not be "foreign property" within the meaning of Part XI of the Tax Act if the Tax Act contains restrictions on the cost amount of foreign property which may be held by Persons subject to tax under Part XI of the Tax Act; for greater certainty, in order to fulfil its obligations to ensure the Trust maintains its status as a "mutual fund trust" for purposes of the Tax Act having regard, *inter alia*, to the provisions of subsection 132(7) of the Tax Act, the Trustee and Petrowest GP shall have the right to require Unitholders to sell Trust

Units, to require Unitholders to provide evidence of their status as a resident of Canada for the purposes of the Tax Act or a Non-Resident, to suspend the voting rights and/or distribution rights attaching to Trust Units held by Unitholders who refuse to comply with a notice requiring them to sell Trust Units or provide evidence of their status as a resident of Canada for the purposes of the Tax Act or a Non-Resident, and to sell, on behalf of such Unitholders, their Trust Units and to pay to them only the net proceeds of such sale;

(aa) in addition to the mandatory indemnification provided for in Section 9.9, to the extent permitted by Applicable Law, to indemnify, or enter into agreements with respect to the indemnification of, any Person with whom the Trust has dealings including, without limitation, the Trustee, the Depository or the Transfer Agent or escrow agent, to such extent as the Trustee shall determine;

(bb) to pay all taxes or assessments, of whatever kind or nature, whether within or outside Canada, imposed upon or against the Trustee in connection with the Trust Assets, the undertaking of the Trust or Income of the Trust, or imposed upon or against the Trust Assets, the undertaking of the Trust or Income of the Trust, or any part thereof, and to settle or compromise disputed tax liabilities and for the foregoing purposes to make such returns, take such deductions, and make such designations, elections and determinations in respect of Income of the Trust or Net Realized Capital Gains distributed to Unitholders in the year and any other matter as shall be permitted under the Tax Act (provided that to the extent necessary the Trustee will seek the advice of the Trust's counsel or the Auditors), and do all such other acts and things as may be deemed by the Trustee in its sole discretion to be necessary, desirable or convenient;

(cc) to vote in favour of the adoption by the Trust of a Unitholders' rights plan which plan will be effective as at the date of such adoption if the Trustee upon the recommendation of Petrowest GP determines in good faith that such action is appropriate. Such Unitholder rights plan shall terminate on the date which is six months from the date of such adoption unless ratified and confirmed by the Unitholders in accordance with this Deed of Trust;

(dd) to make, execute, acknowledge and deliver any and all deeds, contracts, waivers, releases or other documents of transfer and any and all other instruments in writing necessary (including tax elections or designations) or proper for the accomplishment of any of the powers granted to the Trustee under the terms of this Deed of Trust;

(ee) to prepare and file on behalf of the Trust, or cause to be prepared and filed on behalf of the Trust, an election on U.S. Internal Revenue Service Form 8832 (Entity Classification Election) to classify the Trust as an association taxable as a corporation for U.S. federal income tax purposes, as permitted by Section 7701 of the U.S. Internal Revenue Code and U.S. Treasury Regulations Section 301.7701-3(c);

(ff) to do all such other acts and things as are incidental to the foregoing, and to exercise all powers which are necessary or useful to carry on the purpose and activities of the Trust, to promote any of the purposes for which the Trust is formed and to carry out the provisions of this Deed of Trust including, without limitation, the negotiation and execution of the Administration Agreement.

The Trustee shall have the power to prescribe any form provided for or contemplated by this Deed of Trust and the Trustee may make, adopt, amend or repeal regulations containing provisions relating to the conduct of the affairs of the Trust not inconsistent with Applicable Law or with this Deed of Trust (the **"Trustee's Regulations"**). The Trustee shall also be entitled to make any reasonable decisions, designations or determinations not contrary to this Deed of Trust which it may determine is necessary or desirable in interpreting, applying or administering this Deed of Trust or in administering, managing or operating the Trust. Any Trustee's Regulations, decisions, designations or determinations made pursuant to this section shall be conclusive and binding upon all Persons affected thereby. The Trustee shall, except as may be prohibited by Applicable Law, have the right to delegate authority for the above referenced matters to a manager or administrator, including to Petrowest GP, where the Trustee determines in its sole discretion that such delegation is desirable to effect the administration of the duties of the Trustee under the Deed of Trust. The Trustee may also delegate powers for management of the day-to-day affairs of the Trust provided that delegation is not inconsistent with this Deed of Trust.

9.3 Voting of Securities Held by the Trust

The Securities (including the Notes) held from time to time by the Trustee as part of the Trust Assets may and shall be voted by the Trustee at any and all meetings of securityholders of such Persons in which the Trust holds Securities, at which the holders of such Securities are entitled to vote, provided that the Unitholders will be entitled to pass a resolution by a majority of votes that will bind the Trust when the Shares of Petrowest GP held or controlled (directly or indirectly) by the Trust are voted to cause the election or removal of nominees of the Trust to serve as directors of Petrowest GP. The Trustee shall not be entitled to vote such securities without seeking the direction and instructions from Unitholders, and the Trustee shall seek such direction and instruction whenever such Shares are entitled to vote for such members of the Board of Directors or on other matters where a resolution of Unitholders would bind the Trust or the Trustee.

9.4 Restrictions on Trustee's Powers

Notwithstanding Section 9.2, the Trustee may not, at any time following the Closing Date, under any circumstances whatsoever authorize:

(a) any amalgamation, arrangement or other merger of Business Trust, Business Trustee, Petrowest GP, or Acquisitionco or any subsidiary thereof with any other Person, other than any amalgamation, arrangement or other merger of Petrowest GP with one or more direct or indirect wholly-owned subsidiaries of the Trust or in conjunction with an internal reorganization with an affiliate or subsidiary of Petrowest GP;

(b) any sale or disposition of any Notes held by the Trust or any other sale, lease or exchange of all or substantially all of the Trust Assets, except pursuant to: (i) an *In Specie* Redemption under Section 6.5, (ii) any security granted under Section 9.2(x), or (iii) any internal reorganization as a result of which the Trust has the same interest, whether direct or indirect, in the assets of the Trust as the interest, whether direct or indirect, that it had prior to the reorganization or where any such sale, lease or exchange is effected between or among the Trust and any one or more of:

(i) Petrowest GP;

(ii) any other corporation, partnership, firm or other form of entity or organization that is directly or indirectly wholly-owned by the Trust;

(iii) any trust or trusts, the sole beneficiaries of which are the Trust and/or any of the Persons referred to in (i) and (ii) above; and

(iv) any partnership, the only partners of which are Persons referred to in (i) to (iii) above;

(c) any sale, lease or exchange of all or substantially all of the assets of Business Trust, Business Trustee, Petrowest GP or any subsidiary thereof, except pursuant to any security granted by Petrowest GP, pursuant to any internal reorganization with an affiliate or subsidiary of Petrowest GP, or where any such sale, lease or exchange is effected between or among any one or more of:

(i) the Trust;

(ii) Petrowest GP;

(iii) any other corporation, partnership, firm or other form of entity or organization that is directly or indirectly wholly-owned by the Trust;

(iv) any trust or trusts, the sole beneficiaries of which are the Trust and/or any of the Persons referred to in (i) to (iii) above; and

(v) any partnership, the only partners of which are Persons referred to in (i) to (iv) above; or

(d) any amendment to the articles of Petrowest GP to change its authorized share capital or otherwise amend its constating documents in a manner which may be prejudicial to the Trust;

(e) for so long as there are any Subordinated Units outstanding, the issuance and distribution of additional Priority Units or rights to subscribe therefor or other property or assets to all or substantially all of the Priority Unitholders, nor subdivide, reduce, consolidate, reclassify or otherwise change the rights, privileges or other terms of the Priority Units, unless the same or an equivalent

distribution on, or change to the Subordinated Units (or in the rights of the holders thereof) is made simultaneously; or

(f) for so long as there are any Priority Units outstanding, the issuance and distribution of additional Subordinated Units or rights to subscribe therefor or other property or assets to all or substantially all of the Subordinated Unitholders, nor subdivide, reduce, consolidate, reclassify or otherwise change the rights, privileges or other terms of the Subordinated Units, unless the same or an equivalent distribution on, or change to the Priority Units (or in the rights of the holders thereof) is made simultaneously;

in each case, without the approval of the Unitholders by Special Resolution at a meeting of Unitholders called for that purpose.

9.5 Banking

The banking activities of the Trust, or any part thereof, shall be transacted with such bank, trust company, or other firm or corporation carrying on a banking business as the Trustee may designate, appoint or authorize from time to time and all such banking activities, or any part thereof, shall be transacted on the Trust's behalf by one or more officers of the Trust, Petrowest GP or the Trustee as the Trustee may designate, appoint or authorize from time to time including, but without restricting the generality of the foregoing, the operation of the Trust's accounts; the making, signing, drawing, accepting, endorsing, negotiation, lodging, depositing or transferring of any cheques, promissory notes, drafts, acceptances, bills of exchange and orders for the payment of money; the giving of receipts for orders relating to any property of the Trust; the execution of any agreement relating to any property of the Trust; the execution of any agreement relating to any such banking activities and defining the rights and powers of the parties thereto; and the authorizing of any officer of such banker to do any act or thing on the Trust's behalf to facilitate such banking activities.

9.6 Standard of Care and Duties

The Trustee shall act honestly and in good faith with a view to the best interests of the Trust and the Unitholders and, in connection therewith, shall exercise the degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances. Unless otherwise required by Applicable Law, the Trustee and any officers of the Trust shall not be required to give bond surety or security in any jurisdiction for the performance of any duties or obligations hereunder. The Trustee, in its capacity as trustee, shall not be required to devote its entire time to the investments, business or affairs of the Trust.

9.7 Fees and Expenses

The Trustee shall be paid by Petrowest GP out of the Income of the Trust and, to the extent that the Income of the Trust shall be insufficient, out of the Trust Assets, such fees as may be agreed upon from time to time by Petrowest GP and the Trustee within 30 days after the date of any invoice in respect thereof. The Trustee may pay or cause to be paid reasonable fees, costs, charges and expenses incurred in connection with the administration and management of the Trust, including (without limitation) fees of auditors, lawyers, appraisers and other agents,

consultants and professional advisors employed by or on behalf of the Trust and the cost of reporting or giving notices to Unitholders. All costs, charges and expenses properly incurred by the Trustee on behalf of the Trust shall be payable by Petrowest GP out of the Income of the Trust and, to the extent that the Income of the Trust shall be insufficient, out of the Trust Assets within 30 days after the date of any invoice in respect thereof. The Trustee shall have a lien on the Trust Assets (which shall have priority over the interests of the Unitholders pursuant hereto) to enforce payment of the fees, costs, charges, expenses and other amounts payable or reimbursable to the Trustee by Petrowest GP out of the Trust Assets.

9.8 Limitations on Liability of Trustee

Neither the Trustee nor any of its directors, officers, employees, shareholders or agents (excluding Petrowest GP) shall be liable to any Unitholder for any action taken or not taken in good faith in reliance on any documents that are, *prima facie*, properly executed; any depreciation of, or loss to, the Trust incurred by reason of the sale of any asset; the loss or disposition of monies or Securities; or any other action or failure to act including, without limitation, the failure to compel in any way any former Trustee to redress any breach of trust or any failure by Petrowest GP or any other Person to perform the duties allocated to it under Sections 10.2 and 10.5 hereof or delegated to it under the Administration Agreement or any failure by Petrowest GP to pay monies owed to the Trust, unless and to the extent any of the foregoing arise principally and directly and of the gross negligence, willful default or fraud of the Trustee or any of its director, officers, employees, shareholders or agents or except for a breach of Section 9.4. If the Trustee has retained an appropriate expert, advisor or legal counsel with respect to any matter connected with its duties under this Deed of Trust, the Trustee may act or refuse to act based on the advice of such expert, advisor or legal counsel and, notwithstanding any provision of this Deed of Trust, including, without limitation, the standard of care, diligence and skill set out in Section 9.6, the Trustee shall not be liable for any action or refusal to act based on the advice of any such expert, advisor or legal counsel that it is reasonable to conclude is within the expertise of such expert, advisor or legal counsel to give.

Subject to the standard of care set forth in Section 9.6, neither the Trustee nor any of its directors, officers, employees, shareholders or agents (excluding Petrowest GP) shall be subject to any liability whatsoever in tort, contract or otherwise, in connection with the Trust Assets or the affairs of the Trust, including in respect of any loss or diminution in value of any Trust Assets, to the Trust or to the Unitholders or to any other person for anything done or permitted to be done by the Trustee. The Trustee shall not be subject to any personal liability for any debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses against or with respect to the Trust arising out of anything done or permitted or omitted to be done in respect of the execution of the duties of the office of Trustee for or in respect to the affairs of the Trust. No property or assets of the Trustee will be subject to any levy, execution or other enforcement procedure with regard to any obligations under this Deed of Trust or under any other related agreements. No recourse may be had or taken, directly or indirectly, against the Trustee or against any incorporator, shareholder, director, officer, employee or agent of the Trustee or any successor of the Trustee. The Trust shall be solely liable therefor and resort shall be had solely to the Trust Assets for payment or performance thereof. In the exercise of the powers, authorities or discretion conferred upon the Trustee under this Deed of Trust, the Trustee is and shall be conclusively deemed to be acting as trustee of the Trust Assets.

9.9 Indemnification of Trustee

The Trust (to the extent of the Trust Assets) is liable to, and shall indemnify and save harmless the Trustee and each of its directors, officers, employees, shareholders and agents and each of their respective heirs, personal representatives, successors and assigns (collectively, the "**Indemnified Parties**") in respect of:

(a) any liability and all losses, damages, costs, charges and expenses sustained or incurred in respect of any action, suit or proceeding that is proposed or commenced against the Trustee or against any of such directors, officers, employees, shareholders or agents, as the case may be, for or in respect of any act, omission or error in respect of the Trust and the Trustee's execution of all duties and responsibilities and exercise of all powers and authorities pertaining thereto;

(b) any liability and all losses, damages, costs, charges and expenses sustained or incurred in respect of any action, suit or proceeding that is proposed or commenced against the Trustee or against such directors, officers, employees, shareholders or agents, as the case may be, in respect of Petrowest GP's providing or omitting to provide service to the Trust or otherwise performing obligations, in each case pursuant to the Administration Agreement or as delegated or otherwise contemplated hereunder;

(c) all other costs, charges, taxes, penalties and interest in respect of unpaid taxes or other tax matters; and

(d) all other expenses and liabilities sustained or incurred by the Trustee in respect of the administration or termination of the Trust;

in each case, including the aggregate amount paid in reasonable settlement of any actions, suits, proceedings, investigations or claims and the reasonable fees and expenses of counsel to the indemnified parties that may be incurred in obtaining advice with respect to and defending any action, suit, proceeding, investigation or claim that may be made or threatened against any Indemnified Party, or that may be incurred in enforcing this indemnity, unless and to the extent any of the foregoing arise principally and directly out of the gross negligence, willful default or fraud of the Trustee or any of its directors, officers, employees, shareholders or agents, in either case the provisions of this Section 9.9 shall not apply. An indemnified party shall not be entitled to satisfy any right of indemnity or reimbursement granted herein, or otherwise existing under applicable law, except out of the Trust Assets, and no Unitholder or other trustee or former Trustee shall be personally liable to any person with respect to any claim for such indemnity or reimbursement as aforesaid.

9.10 Environmental Indemnity

The Trust (to the extent of the Trust Assets) is liable to, and shall indemnify and save harmless, the Trustee, its directors, officers, employees, shareholders and agents, and all of their heirs, personal representatives, successors and assigns against any loss, expense, claim, charge, damage, penalty, liability or asserted liability (including absolute or strict liability and costs and expenses of abatement and remediation of spills or releases of contaminants and liabilities of the

Indemnified Parties to third parties, including governmental agencies, in respect of death, bodily injuries, property damage, damage to or impairment of the environment or any other injury or damage and including liabilities of the Indemnified Parties, or any of them, to third parties for the third parties' foreseeable and unforeseeable consequential damages) incurred as a result of:

(a) the administration of the Trust created hereby; or

(b) the exercise by the Trustee of any rights or obligations hereunder;

and which result from or relate, directly or indirectly, to:

(c) the presence or release or threatened presence or release of any contaminants, by any means or for any reason, on or in respect of the Trust Assets, whether or not such presence or release or threatened presence or release of the contaminants was under the control, care or management of the Trust, Petrowest GP, a subsidiary or an affiliate of the Trust or of a previous owner or operator of an oil and natural gas property comprising the Trust Assets or any other Person;

(d) any contaminant present on or released from any property adjacent to or in the proximate area of an oil and natural gas property comprising the Trust Assets;

(e) the breach or alleged breach of any federal, provincial or municipal environmental law, regulation, bylaw, order, rule or permit by the Trust, Petrowest GP, a subsidiary or an affiliate of the Trust or an owner or operator of an oil and natural gas property comprising the Trust Assets; or

(f) any misrepresentation or omission of a known fact or condition made by the Trust, Petrowest GP, a subsidiary or an affiliate of the Trust or any other Person relating to any oil and natural gas property comprising the Trust Assets.

For the purpose of this Section 9.10, "liability" shall include: (i) liability of an Indemnified Party for costs and expenses of abatement and remediation of spills and releases of contaminants; (ii) liability of an Indemnified Party to a third party to reimburse the third party for death, bodily injuries, property damage and other injuries or damages which the third party suffers, including (to the extent, if any, that the Indemnified Party is liable therefor) foreseeable and unforeseeable consequential damages suffered by the third party; and (iii) liability of the Indemnified Party for damage to or impairment of the environment.

Notwithstanding the foregoing, the Trust shall not be liable to indemnify an Indemnified Party against any loss, expense, claim, liability or asserted liability to the extent resulting from a breach of the Trustee's standard of care as set out in Section 9.6 or from the gross negligence, willful default or fraud of the Indemnified Party (or with respect to the heirs, personal representatives, successors or assigns of an Indemnified Party, the gross negligence, willful default or fraud of such Indemnified Party). An indemnified party shall not be entitled to satisfy any right of indemnity or reimbursement granted herein, or otherwise existing under applicable law, except out of the Trust Assets, and no Unitholder or other trustee or former Trustee shall be personally liable to any person with respect to any claim for such indemnity or reimbursement as aforesaid.

9.11 Conditions Precedent

The obligation of the Trustee to commence or continue any act, action, suit or proceeding or to represent the Trust in any action, suit or proceeding shall be conditional upon sufficient funds being available to the Trustee from the Trust Assets to commence or continue such act, action, suit or proceeding or to represent the Trust in any action, suit or proceeding and an indemnity reasonably satisfactory to the Trustee to protect and hold harmless the Trustee against the costs, charges and expenses and liabilities to be incurred therein and any loss and damage they may suffer by reason thereof. None of the provisions contained in this Deed of Trust shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of its duties or in the exercise of any of its rights or powers unless it is given an indemnity and funding satisfactory to the Trustee, acting reasonably.

9.12 Reliance Upon Trustee and Officers

Any Person dealing with the Trust in respect of any matters pertaining to the Trust Assets and any right, title or interest therein or to the Trust or to Securities of the Trust shall be entitled to rely on a certificate, statutory declaration or resolution executed or certified by the Trustee or any officer of Petrowest GP as to the capacity, power and authority of the Trustee or any Person to act for and on behalf of and in the name of the Trust. No Person dealing with the Trustee or any officer of the Trust shall be bound to see the application of any funds or property passing into the hands or control of the Trustee or any officer of the Trust. The receipt of the Trustee or officer of the Trust for monies or other consideration shall be binding upon on the Trust.

9.13 Survival of Indemnities

All indemnities, all limitations of liability and all other provisions for the protection of the Trustee provided for in this Deed of Trust shall survive the termination of this Deed of Trust under Article XIV and the removal or resignation of the Trustee under Article VIII.

9.14 Trustee May Have Other Interests

Subject to Applicable Laws, and without affecting or limiting the duties and responsibilities or the limitations and indemnities provided in this Deed of Trust, the Trustee is hereby expressly permitted to:

(a) be an associate or an affiliate of a Person from or to whom the Trust Assets have been or are to be purchased or sold;

(b) be, or be an associate or an affiliate of a Person with whom the Trust, Petrowest GP or a subsidiary or an affiliate of the Trust contracts or deals or which supplies services or extends credit to the Trust, Petrowest GP or a subsidiary or an affiliate of the Trust;

(c) acquire, hold and dispose of, either for its own account or the accounts of its customers, any assets not constituting part of the Trust Assets, even if such assets are of a character which could be held by the Trust and exercise all rights of an owner of such assets as if it were not a trustee;

(d) carry on its business as a trust company in the usual course while it is the Trustee, including the rendering of trustee or other services to other trusts and other persons for gain, including other trusts with whom the Trust, Petrowest GP or a subsidiary or an affiliate of the Trust may enter into any transaction; and

(e) derive direct or indirect benefit, profit or advantage from time to time as a result of dealing with the Trust or the relationships, matters, contracts, transactions, affiliations or other interests stated in this Section 9.14 without being liable to the Trust or any Unitholder for any such direct or indirect benefit, profit or advantage.

Subject to Applicable Laws, none of the relationships, matters, contracts, transactions, affiliations or other interests permitted above shall be, or shall be deemed to be or to create, a material conflict of interest with the Trustee's duties hereunder.

ARTICLE X
DELEGATION OF POWERS

10.1 General Delegation of Powers

(a) Except as prohibited by Applicable Law, the Trustee may delegate to Petrowest GP pursuant to the Administration Agreement such authority as the Trustee may in its sole discretion deem necessary or desirable to effect the administration of the duties of the Trustee under this Deed of Trust, without regard to whether such authority is normally granted or delegated by trustees. In accordance with the foregoing, the Trustee may grant broad discretion to Petrowest GP to administer and manage the day-to-day operations of the Trust, to act as agent for the Trust, to execute documents on behalf of the Trust and to make executive decisions for and on behalf of the Trust. Petrowest GP shall have the powers and duties delegated thereto or otherwise expressly provided for herein and in any administration or management agreement (including the Administration Agreement) including, without limitation, the power to retain and instruct such appropriate experts or advisors to perform those duties and obligations granted or delegated to Petrowest GP which it is not qualified to perform (and Petrowest GP shall notify the Trustee of the name of the Person or Persons retained or instructed and the terms and conditions thereof). The Trust is hereby authorized to enter into, with Petrowest GP, the Administration Agreement and, subject to the terms of this Deed of Trust, any other contract with Petrowest GP relating to Petrowest GP's authority, term of appointment, compensation and any other matters deemed desirable by the Trustee.

(b) The Trustee may enter into the Administration Agreement and, subject to Section 9.4, any other contract with Petrowest GP relating to the Trustee's delegation of its duties hereunder to Petrowest GP, and pertaining to Petrowest GP's authority, term of appointment, compensation and any other matters deemed desirable by the Trustee.

10.2 Public Disclosure Documents

Notwithstanding anything to the contrary contained herein, the Trustee shall not have any liability or responsibility in respect of prospectuses, offering memoranda, rights offering circulars, other offering documents, financial statements, management's discussion and analysis, annual information forms, proxy or information circulars, takeover bid or issuer bid circulars, material change reports, business acquisition reports, press releases or other public disclosures or filings required by law or the rules or policies of securities regulatory authorities or stock exchanges, or any agreements or documents relating thereto (including, without limitation, stock exchange related matters, underwriting agreements and indemnity agreements and ancillary matters). Such matters shall be the sole and exclusive responsibility of Petrowest GP upon its agreement to be bound by this Deed of Trust, not by way of a delegation but by way of an allocation of responsibilities under this Deed of Trust and upon its agreement to be bound by this Deed of Trust. Petrowest GP acknowledges such responsibilities and agrees that, in respect thereof, it shall carry out its functions honestly, in good faith and in the best interests of the Trust and the Unitholders and, in connection therewith, shall exercise that degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. In furtherance thereof, where certification is required under Applicable Laws, Petrowest GP (which may authorize any directors or officers of Petrowest GP to do so) following its agreement to be bound by this Deed of Trust shall execute such certification on behalf of the Trust and shall not seek to have any certification on behalf of the Trust by the Trustee.

10.3 Sub-Delegation

In respect to any delegation by the Trustee of any of its powers and authorities, as permitted hereunder, to any Person whomsoever, the Trustee, in its absolute discretion, shall be permitted to authorize a delegate to further sub-delegate any such powers and authorities.

10.4 Liability of Trustee

The Trustee shall have no liability or responsibility for any acts or omissions of Petrowest GP (or any sub-delegate thereof) arising hereunder or under the Administration Agreement and the Trustee, in delegating to and relying upon Petrowest GP, or any sub-delegate thereof (as the case may be), shall be deemed to have complied with its obligations under Section 9.6 hereof.

10.5 Responsibilities of Petrowest GP

Petrowest GP shall exercise from time to time any and all rights, powers and privileges in relation to all matters relating to the maximization of Unitholder value in the context of a response to an offer for Trust Units or for all or substantially all of the Trust Assets or Petrowest GP or any subsidiary of Petrowest GP or the Trust including: (A) the implementation of any Unitholder rights plan either prior to or during the course of any such offer; (B) any defensive action either prior to or during the course of any such offer; (C) the preparation of any "Directors' Circular" in response to any such offer; (D) consideration on behalf of Unitholders and recommendations to Unitholders in response to any such offer; (E) any regulatory or court action in respect of any related matters; and (F) the carriage of all related an ancillary matters; and Petrowest GP accepts such responsibility and agrees that, in respect of such matters, it shall carry

out its functions honestly, in good faith and in the best interests of the Trust and the Unitholders and, in connection therewith, shall exercise that degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. Petrowest GP may, and if directed by Petrowest GP in writing, the Trustee shall, execute any agreements on behalf of the Trust within the scope of the exercise of any such rights, powers or privileges; provided that notwithstanding the foregoing, the Trustee shall not be required to execute any "Directors' Circular" or any other public disclosure document. For greater certainty, the Trustee shall have no liability whatsoever for any of such actions, as they shall be exclusively within the authority of Petrowest GP.

10.6 Compliance

Petrowest GP shall be required to notify the Trustee in writing of any defaults hereunder or under the Administration Agreement of which it becomes aware, and to provide an annual compliance certificate in form and substance satisfactory to the Trustee, acting reasonably, with respect to the satisfaction of its obligations under this Deed of Trust and the Administration Agreement.

ARTICLE XI
AMENDMENT

11.1 Amendment

The provisions of this Deed of Trust, except where specifically provided otherwise, may only be amended by the Trustee with the consent of the Voting Unitholders evidenced by Special Resolution; provided that the provisions of this Deed of Trust may be amended by the Trustee, at any time and from time to time, without the consent, approval or ratification of the Voting Unitholders or any other Person:

(a) for the purpose of:

(i) ensuring continuing compliance by the Trust with Applicable Laws (including the Tax Act), regulations, requirements or policies of any Governmental Authority having jurisdiction over the Trustee or the Trust;

(ii) making amendments which, in the opinion of the Trustee, provides additional protection or added benefits for the Unitholders;

(iii) removing any conflicts or inconsistencies in this Deed of Trust or making minor changes or corrections including the correction or rectification of any ambiguities, defective provisions, errors, mistakes or omissions, which are, in the opinion of the Trustee, necessary or desirable and not prejudicial to the Unitholders;

(iv) making amendments which, in the opinion of the Trustee, are necessary or desirable in the interests of the Unitholders as a result of changes in

taxation laws or policies of any Governmental Authority having jurisdiction over the Trustee or the Trust;

(v) for any purpose (except one in respect of which a vote by Unitholders is specifically otherwise required) if the Trustee is of the opinion that the amendment is not prejudicial to Unitholders and is necessary or desirable; or

(vi) to provide for the electronic delivery by the Trust to the Unitholders of documents relating to the Trust (including annual and quarterly reports and financial statements and proxy-related materials) in accordance with Applicable Laws from time to time,

but, notwithstanding the foregoing, no such amendment shall be adopted which causes: (i) the Trust to fail to qualify as a "mutual fund trust" under the Tax Act or (ii) the Trust Units to constitute "foreign property" for purposes of the Tax Act if the Tax Act contains restrictions on the cost amount of foreign property which may be held by Persons subject to tax under Part XI of the Tax Act, without the consent of the Unitholders given as set out above. In addition, no such amendment shall modify the right to one vote per Trust Unit or reduce the fractional undivided interest in the Trust Assets represented by any Trust Unit without the consent of the holder of such Trust Unit and no amendment shall reduce the percentage of votes required to be cast at a meeting of the Unitholders for the purpose of this Section 11.1 or alter the acquisition provisions of Section 13.12 without the unanimous consent of the Unitholders. For greater certainty, the Trustee shall have no obligation to make any such determinations and the Trustee shall be entitled to rely on the advice and direction of Petrowest GP with respect thereto.

11.2 Notification of Amendment

As soon as shall be practicable after the making of any amendment pursuant to Section 11.1, the Trustee shall furnish written notification of the substance of the amendment to the Unitholders via press release.

ARTICLE XII
MEETINGS OF VOTING UNITHOLDERS

12.1 Annual and Special Meetings of Voting Unitholders

Annual meetings of the Voting Unitholders shall be called, commencing in 2007, on or before June 30 in each year or otherwise as required by Applicable Laws, at a time and at a place in Canada set by Petrowest GP. The business transacted at such meetings shall include the presentation of the audited consolidated financial statements of the Trust for the immediately preceding fiscal year, the direction of the Trustee as to the persons to be elected to the Board of Directors for the ensuing year, the appointment of Auditors for the ensuing year and the transaction of such other business as Voting Unitholders may be entitled to vote upon as hereinafter provided in this Article XII or as Petrowest GP may determine or as may be properly brought before the meeting. Special meetings of the Voting Unitholders may be called at any time by Petrowest GP and shall be called by Petrowest GP upon a written request of Voting

Unitholders holding in the aggregate not less than 5% of the Trust Units then outstanding, such request to be sent to Petrowest GP at the head office of the Trust specifying in reasonable detail the purpose or purposes for which such meeting is to be called. The chairman of any annual or special meeting shall be the Chairman of Petrowest GP or, in the absence of the chairman of Petrowest GP, any person appointed as chairman of the meeting by the Voting Unitholders present. The Trustee, the directors and officers of Petrowest GP, the Auditors and any other person approved by the Trustee or Petrowest GP, the chairman of the meeting or by resolution passed by a majority of the votes cast by Voting Unitholders represented at the meeting may attend meetings of the Voting Unitholders. Upon receiving the requisition described above, Petrowest GP will call a meeting of the Voting Unitholders to transact the business referred to in the requisition, unless:

(a) a record date for a meeting of Voting Unitholders has been fixed and notice thereof has been given to each stock exchange in Canada on which the Trust Units are listed for trading;

(b) Petrowest GP has called a meeting of Voting Unitholders and have given notice thereof pursuant to Section 12.2; or

(c) in connection with the business as stated in the requisition:

(i) it clearly appears that the matter covered by the requisition is: (1) submitted by the Voting Unitholder primarily for the purpose of enforcing a personal claim or redressing a personal grievance against the Trust, the Petrowest GP or the Unitholders, or (2) does not relate in a significant way to the business or affairs of the Trust;

(ii) the Trust, at the Voting Unitholder's request, included a matter covered by a requisition in an information circular relating to a meeting of the Voting Unitholders held within two years preceding the receipt of such request and the Voting Unitholder failed to present the matter, in person or by proxy, at the meeting;

(iii) substantially the same matter covered by the requisition was submitted to Voting Unitholders in an information circular relating to a meeting of the Voting Unitholders held within two years preceding the receipt of the Voting Unitholder's request and the matter covered by the requisition was defeated; or

(iv) the rights conferred by this Section 12.1 are being abused to secure publicity.

If Petrowest GP does not, within 21 days after receiving the requisition, call a meeting, any Unitholder who signed the requisition may call the meeting in accordance with the provisions of this Article XII, *mutatis mutandis*. If there is no Trustee, the directors or officers of Petrowest GP will promptly call a special meeting of the Voting Unitholders for the election of a successor Trustee, failing with any interested Person (including a Voting Unitholder) may apply to a court of competent jurisdiction to appoint a replacement Trustee. The phrase "**meeting of**

the Voting Unitholders" wherever it appears in this Deed of Trust will mean both annual meetings and any other meetings of the Voting Unitholders.

12.2 Notice of Meetings

Notice of all meetings of Voting Unitholders shall be given by unregistered mail, postage prepaid, addressed to each Voting Unitholder at his or her last address on the books of the Trust, mailed at least 21 days and not more than 60 days before the meeting, subject to Applicable Law. Such notice shall specify the time when, and the place where, such meeting is to be held and shall specify the nature of the business to be transacted at such meeting in sufficient detail to permit a Voting Unitholder to form a reasoned judgment thereon, together with the text of any Special Resolution, at the time of mailing of the notice, proposed to be passed. Any adjourned meeting, other than a meeting adjourned for lack of quorum under Section 12.3, may be held as adjourned without further notice. The accidental omission to give notice or the non-receipt of such notice by a Voting Unitholder shall not invalidate any resolution passed at any such meeting. Notwithstanding the foregoing, a meeting of Voting Unitholders may be held at any time without notice if all the Voting Unitholders are present or represented thereat or those not so present or represented have waived notice. Any Voting Unitholder (or a duly appointed proxy of a Voting Unitholder) may waive any notice required to be given under the provisions of this section, and such waiver, whether given before or after the meeting, shall cure any default in the giving of such notice.

12.3 Quorum

At any meeting of the Voting Unitholders, subject as hereinafter provided, a quorum shall consist of two or more individuals present in person either holding personally or representing as proxies not less in aggregate than 5% of the outstanding Trust Units and Special Voting Units. In the event of such quorum not being present at the appointed place on the date for which the meeting is called within 30 minutes after the time fixed for the holding of such meeting, the meeting, if called by request of Voting Unitholders, shall be terminated and, if otherwise called, shall stand adjourned to such day being not less than 14 days later and to such place and time as may be appointed by the chairman of the meeting. If at such adjourned meeting a quorum as above defined is not present, the Voting Unitholders present either personally or by proxy shall form a quorum, and any business may be brought before or dealt with at such an adjourned meeting which might have been brought before or dealt with at the original meeting in accordance with the notice calling the same.

12.4 Voting Rights of Unitholders

(a) Only Voting Unitholders of record shall be entitled to vote and each Trust Unit and Special Voting Unit shall entitle the holder or holders of that Trust Unit or Special Voting Unit to one vote on a poll vote at any meeting of Voting Unitholders. Every question submitted to a meeting, other than a Special Resolution, shall, unless a poll vote is demanded, be decided by a show of hands vote, on which every person present and entitled to vote shall be entitled to one vote. At any meeting of Voting Unitholders, any holder of Trust Units or Special Voting Units entitled to vote thereat may vote by proxy and a proxy need not be a

Voting Unitholder, provided that no proxy shall be voted at any meeting unless it shall have been received by the Transfer Agent for verification at least 24 hours prior to the commencement of such meeting or such earlier time as the chairman of the meeting may determine. When any Trust Unit of Special Voting Unit is held jointly by several persons, any one of them may vote at any meeting in person or by proxy in respect of such Trust Unit or Special Voting Unit, but if more than one of them shall be present at such meeting in person or by proxy, and such joint owners or their proxies so present disagree as to any vote to be cast, the joint owner present or represented whose name appears first in the register maintained pursuant to Section 13.4 shall be entitled to cast such vote.

(b) Voting Unitholders and may revoke a proxy by depositing an instrument in writing (which includes another proper form of proxy with a later date), at any time up to and including the last business day preceding the day of the meeting, or by depositing it with the chairman of the meeting on the day of the meeting.

(c) Notwithstanding Section 12.4(a), all Priority Unit Veto Matters and Subordinated Unit Veto Matters must be approved by a Special Resolution and by 66⅔% of the holders of Priority Units or Subordinated Units, as applicable, voted in respect of the matter.

12.5 Resolutions Binding the Trustee

Voting Unitholders shall be entitled to pass resolutions that will bind the Trustee or the Trust only with respect to the following matters:

(a) the removal of the Trustee as provided in Article VIII;

(b) the authorization of the matters set out in Section 9.4;

(c) the consent to amendments of this Deed of Trust proposed by the Trustee as provided in Section 11.1;

(d) the appointment of an Inspector as provided in Section 12.9;

(e) the termination of the Trust as provided in Section 14.2;

(f) the appointment or removal of Auditors as provided in Article XVII;

(g) the sale of all or substantially all of the Trust Assets;

(h) the exercise of voting rights attached to Securities held or controlled by the Trust as provided in Section 9.3;

(i) the ratification of any Unitholder rights plan, distribution reinvestment plan, distribution reinvestment and Trust Unit purchase plan, Trust Unit option plan or other compensation plan as contemplated by Section 5.11 requiring Unitholder approval under Applicable Laws; and

(j) any other matters required by securities law or other Applicable Laws to be submitted to Unitholders for their approval.

Except with respect to the above matters set out in this Section 12.5, no action taken by the Voting Unitholders or any resolution of the Voting Unitholders at any meeting shall in any way bind the Trustee. Any action taken or resolution passed in respect of any matter at a meeting of Voting Unitholders shall be by Special Resolution, unless the contrary is otherwise expressly provided under any specific provision of this Deed of Trust and except for the matters set out in subsections (a), (d), (f), (h), (i) and, if applicable, (j) above which matters may be dealt with by a resolution passed by a majority of the votes cast by Voting Unitholders represented at the meeting.

12.6 Meaning of "Ordinary Resolution", "Special Resolution", Priority Unit Veto Matter and Subordinated Unit Veto Matter

(a) The expression "**Ordinary Resolution**" when used in this Deed of Trust means a resolution proposed to be passed as an ordinary resolution at a meeting of Voting Unitholders (including an adjourned meeting) duly convened for that purpose and held in accordance with the provisions of this Article at which two or more individuals present in person either holding personally or representing as proxies not less in aggregate than 5% of the number of Trust Units and Special Voting Units then outstanding and entitled to vote and passed by the affirmative votes of the holders of more than 50% of the Trust Units and Special Voting Units and represented at the meeting and voted on a poll upon such resolution or approved in writing in one or more counterparts by Voting Unitholders holding at least 50% of the votes represented by the Trust Units and Special Voting Units entitled to vote on such resolution.

(b) The expression "**Special Resolution**" when used in this Deed of Trust means a resolution proposed to be passed as a special resolution at a meeting of Voting Unitholders (including an adjourned meeting) duly convened for that purpose and held in accordance with the provisions of this Article at which two or more individuals present in person either holding personally or representing as proxies not less in aggregate than 5% of the number of Trust Units and Special Voting Units then outstanding and entitled to vote and passed by the affirmative votes of the holders of more than 66⅔% of the Trust Units and Special Voting Units and represented at the meeting and voted on a poll upon such resolution or approved in writing in one or more counterparts by Voting Unitholders holding at least 66⅔% of the votes represented by the Trust Units and Special Voting Units entitled to vote on such resolution.

(c) Notwithstanding Section 12.3, if at any meeting at which a Special Resolution is proposed to be passed the holders of 5% of the aggregate number of Trust Units and Special Voting Units outstanding are not present in person or by proxy within 30 minutes after the time appointed for the meeting, then the meeting, if convened by or on the requisition of Voting Unitholders, shall be dissolved; but in any other case it shall stand adjourned to such date, being not less than 21 nor more than 60

days later and to such place and time as may be appointed by the chairman of the meeting. Not less than 10 days prior notice shall be given of the time and place of such adjourned meeting in the manner provided in Section 12.2. Such notice shall state that at the adjourned meeting the Voting Unitholders present in person or by proxy shall form a quorum but it shall not be necessary to set forth the purposes for which the meeting was originally called or any other particulars. At the adjourned meeting the Voting Unitholders present in person or by proxy shall form a quorum and may transact the business for which the meeting was originally convened and a resolution proposed at such adjourned meeting and passed by the requisite vote as provided in subsection (a) of this Section 12.6 shall be a Special Resolution within the meaning of this Deed of Trust, notwithstanding that the holders of less than 5% of the aggregate number of Trust Units and Special Voting Units then outstanding are present in person or by proxy at such adjourned meeting.

(d) Votes on a Special Resolution shall always be given on a poll and no demand for a poll on a Special Resolution shall be necessary.

(e) **"Priority Unit Veto Matter"** means a proposal to implement any of the following: (i) adding, changing or removing the rights, privileges, restrictions or conditions attaching to the Priority Units unless such proposal makes a similar addition, change or removal to the rights, privileges, restrictions or conditions attaching to the Subordinated Units; and (ii) amending the Deed of Trust in any manner materially adverse to a holder of Priority Units that is not similarly adverse to a holder of Subordinated Units.

(f) **"Subordinated Unit Veto Matter"** means a proposal to implement any of the following: (i) adding, changing or removing the rights, privileges, restrictions or conditions attaching to the Subordinated Units unless such proposal makes a similar addition, change or removal to the rights, privileges, restrictions or conditions attaching to the Priority Units; and (ii) amending the Deed of Trust in any manner materially adverse to a holder of Subordinated Units that is not similarly adverse to a holder of Priority Units.

12.7 Meaning of "Outstanding"

Every Trust Unit issued, certified and delivered hereunder shall be deemed to be outstanding until it shall be cancelled or delivered to the Trustee or Transfer Agent for cancellation provided that:

(a) when a new certificate has been issued in substitution for a Trust Unit Certificate which has been lost, stolen, mutilated or destroyed, only one of such Trust Unit Certificates shall be counted for the purposes of determining the number of Trust Units outstanding;

(b) for the purpose of any provision of this Deed of Trust entitling holders of outstanding Trust Units to vote, sign consents, requisitions or other instruments or

take any action under this Deed of Trust, Trust Units owned directly or indirectly, legally or equitably, by the Trust, Petrowest GP or any affiliate thereof shall be disregarded except that:

(i) for the purpose of determining whether the Trustee shall be protected in relying on any such vote, consent, requisition or other instrument or action only the Trust Units which the Trustee knows are so owned shall be so disregarded; and

(ii) Trust Units so owned which have been pledged in good faith other than to the Trust, Petrowest GP or any affiliate thereof shall not be so disregarded if the pledgee shall establish to the satisfaction of the Trustee the pledgee's right to vote such Trust Units in his or her discretion free from the control of the Trust, Petrowest GP or any affiliate thereof.

For the purposes of this Section 12.7, the Transfer Agent shall provide a certificate which will state the class and number of Trust Units and the certificate numbers of certificates, if certificates are issued, held by the Trust, Petrowest GP or any affiliate thereof. The Trustee shall be entitled to rely on such certificate in order to disregard the votes of any of the parties mentioned above.

12.8 Record Date for Voting

For the purpose of determining the Voting Unitholders who are entitled to receive notice of and to vote or act at any meeting or any adjournment thereof, Petrowest GP may fix a date not more than 60 days and not less than 21 days prior to the date of any meeting of Voting Unitholders as a record date for the determination of Voting Unitholders entitled to receive notice of and to vote at such meeting or any adjournment thereof. Any Voting Unitholder who was a Voting Unitholder at the time so fixed shall be entitled to receive notice of and to vote at such meeting or any adjournment thereof even though the Voting Unitholder has since that time disposed of his or her Trust Units or Special Voting Units, except to the extent that the transferee of those Trust Units or Special Voting Units produces properly endorsed Trust Unit Certificates or otherwise establishes that he or she owns the Trust Units or Special Voting Units, and demands, not later than 10 days before the meeting that his or her name be included in the list of Voting Unitholders before the meeting, in which case the transferee will be entitled to receive notice of and to vote his or her Trust Units or Special Voting Units at the meeting or any adjournment thereof. In the event that Petrowest GP does not fix a record date for any meeting of Voting Unitholders, the record date for such meeting shall be the date upon which notice of the meeting is given as provided under Section 12.2.

12.9 Appointment of Inspector

Petrowest GP shall call a meeting of Voting Unitholders upon the written request of Voting Unitholders holding in the aggregate not less than 15% of the Trust Units then outstanding for the purpose of considering the appointment of an inspector to investigate the performance by the Trustee of its responsibilities and duties in respect of the Trust (the "**Inspector**"). If Petrowest GP does not call a meeting within 21 days after receiving a valid

written request, any Voting Unitholder who signed the request may call such a meeting. An Inspector may be appointed for such purpose, at the expense of the Trust, at such meeting by a resolution approved by a majority of the votes cast at the meeting. The Inspector shall not have any powers that are inconsistent with this Deed of Trust as may be conferred upon him or her at the meeting when the Inspector is appointed, but in all events shall not have any powers to act in any capacity as the Trustee or in place or instead of the Trustee in any manner under this Deed of Trust.

12.10 Resolutions in Writing

Notwithstanding any other provision of this Deed of Trust, a resolution in writing executed by Voting Unitholders holding a proportion of Trust Units or Special Voting Units equal to or greater than the proportion of Trust Units and Special Voting Units required to vote in favour thereof at a meeting of the Voting Unitholders to approve that resolution is valid and binding for all purposes of this Deed of Trust as if such Voting Unitholders had exercised at that time all of the voting rights to which they were then entitled under Sections 12.5 or 12.6 in favour of such resolution at a meeting of Voting Unitholders duly called for the purpose.

12.11 Binding Effect of Resolutions

Every resolution passed in accordance with the provisions of this Deed of Trust at a meeting of Voting Unitholders shall be binding upon all the Voting Unitholders, whether present at or absent from that meeting, and each and every Voting Unitholder shall be bound to give effect accordingly to every such resolution.

12.12 No Breach

Notwithstanding any other provision of this Deed of Trust, Voting Unitholders shall have no power to effect any amendment to this Deed of Trust which would require the Trustee to take any action or conduct the affairs of the Trust in a manner which would constitute a breach or default by the Trust or the Trustee under any agreement binding on, or obligation of, the Trust or the Trustee.

ARTICLE XIII
CERTIFICATES, REGISTRATION AND TRANSFER OF TRUST UNITS

13.1 Nature of Trust Units

(a) The provisions of this Article XIII shall not in any way alter the nature of Trust Units or the relationships of a Unitholder to the Trustee and of one Unitholder to another but are intended only to facilitate the issuance of certificates evidencing the ownership of Trust Units and the recording of all transactions in respect of Trust Units and Trust Unit Certificates whether by the Trust, securities dealers, stock exchanges, transfer agents, registrars or other Persons. The Trust Units shall be issued in the form of the Trust Unit Certificates. At the option of the Trustee, a global Trust Unit Certificate (a "**Global Trust Unit Certificate**") may be issued in the name of and deposited by the Transfer Agent with, or on behalf

of, CDS or a successor (collectively, the "**Depository**"), as custodian of such Global Trust Unit Certificate and registered by the Transfer Agent in the name of the Depository or its nominee. No purchaser of Trust Units represented in part by a Global Trust Unit Certificate will be entitled to a certificate or other instrument from the Trust or the Depository evidencing that purchaser's ownership thereof except in the circumstances where the Depository resigns or is removed from its responsibilities as depository and the Trustee is unable or does not wish to locate a qualified successor. Beneficial interests in the Global Trust Unit Certificate will be represented only through the Book-Entry System. Transfers of Trust Units between CDS Participants shall occur in accordance with the Depository's rules and procedures.

(b) All references herein to actions by, notices given or payments made to Unitholders shall, where such Trust Units are held through the Depository, refer to actions taken by, or notices given or payments made to, the Depository upon instruction from the CDS Participants in accordance with the Depository's rules and procedures. For the purposes of any provision hereof requiring or permitting actions with the consent of or at the direction of Unitholders evidencing a specified percentage of the aggregate Trust Units outstanding, such direction or consent may be given by Unitholders acting through the Depository and the CDS Participants owning Trust Units evidencing the requisite percentage of the Trust Units. The rights of a Unitholder whose Trust Units are held through the Depository shall be exercised only through the Depository and the CDS Participants and shall be limited to those established by law and agreements between such Unitholders and the Depository and/or the CDS Participants or upon instruction from the CDS Participants. Each of the Transfer Agent and the Trustee may deal with the Depository for all purposes (including the making of payments) as the authorized representative of the respective Unitholders and such dealing with the Depository shall constitute satisfaction or performance, as applicable, towards their respective obligations hereunder.

(c) For so long as Trust Units are held through the Depository, if any notice or other communication is required to be given to Unitholders, the Trustee and the Transfer Agent will give all such notices and communications to the Depository.

(d) If the Depository resigns or is removed from its responsibilities as depository and the Trustee is unable or does not wish to locate a qualified successor, the Depository shall surrender the Global Trust Unit Certificates to the Transfer Agent with instructions from the Depository for registration of Trust Units in the name and in the amounts specified by the Depository and the Trust shall issue and the Trustee and Transfer Agent shall execute and deliver the aggregate number of Trust Units then outstanding in the form of definitive Trust Unit Certificates representing such Trust Units.

13.2 Trust Unit Certificates

(a) Trust Unit Certificates shall, subject to the provisions hereof, be in such form as is authorized from time to time by the Trustee.

(b) Trust Unit Certificates are issuable only in fully registered form.

(c) The definitive form of the Trust Unit Certificates shall:

(i) be in the English language and may also be in the French language;

(ii) be dated as of the date of issue thereof;

(iii) contain the CUSIP number (if any) for the Trust Units; and

(iv) contain such distinguishing letters and numbers as the Trustee shall prescribe.

(d) In the event Trust Unit Certificates are also issued in the French language and any provision of the Trust Unit Certificates in the French language shall be susceptible of an interpretation different from the equivalent provision in the English language, the interpretation of such provision in the English language shall be determinative.

(e) Each Trust Unit Certificate shall be signed on behalf of the Trustee and the Transfer Agent of such Trust Units. Signatures of the Trustee required to appear on such certificate may be printed, lithographed or otherwise mechanically reproduced thereon and, in such event, certificates so signed are as valid as if they had been signed manually. Any Trust Unit Certificate which has one manual signature as provided above shall be valid notwithstanding that one or more persons whose signature is printed, lithographed or mechanically reproduced no longer holds office at the date of issuance of that Trust Unit Certificate.

13.3 Contents of Trust Unit Certificates

Until otherwise determined by the Trustee, each Trust Unit Certificate shall legibly set forth on the face thereof, *inter alia*, among other things the following:

(a) the name of the Trust and the words "A trust created under the laws of the Province of Alberta by a Deed of Trust dated as of July 6, 2006" or words of like effect;

(b) the name of the Person to whom the Trust Unit Certificate is issued as Unitholder;

(c) the number of Trust Units represented thereby and whether or not the Trust Units represented thereby are fully paid;

(d) that the Trust Units represented thereby are transferable;

(e) the words "The Trust Units represented by this certificate are issued upon the terms and subject to the conditions of the Deed of Trust, which Deed of Trust is binding upon all holders of Trust Units and, by acceptance of this certificate, the holder assents to the terms and conditions of the Deed of Trust. A copy of the Deed of Trust pursuant to which this certificate and the Trust Units represented thereby are issued may be obtained by a Unitholder on demand and without fee from the head office of the Trust" or words of like effect; and

(f) the words "For information as to personal liability of a Unitholder, see the reverse side of this certificate" or words of like effect.

Until otherwise determined by the Trustee upon the recommendation of Petrowest GP, each such certificate shall legibly set forth on the face or the reverse side thereof, *inter alia*, the following:

(a) "The Deed of Trust provides that no Unitholder shall be subject to any personal liability whatsoever, in tort, contract or otherwise, to any person in connection with the assets of the Trust or the obligations or the affairs of the Trust and all such persons shall look solely to the assets of the Trust for satisfaction of claims of any nature arising out of or in connection therewith and the assets of the Trust only shall be subject to levy or execution", or words of like effect; and

(b) appropriate forms of notice of exercise of the right of redemption and of powers of attorney for transferring Trust Units.

The Trust Unit Certificates may be engraved, printed or lithographed, or partly in one form and partly in another, as the Trustee may determine.

13.4 Register of Unitholders

A register for the Trust Units shall be kept at the principal corporate trust office in Calgary, Alberta of the Transfer Agent, which register shall contain the names and addresses of the Unitholders, the respective numbers of Trust Units held by them, the certificate numbers of the certificates representing such Trust Units and a record of all transfers and redemptions thereof. Branch transfer registers shall be maintained at such other offices of the Transfer Agent as the Trustee may from time to time designate. Only Unitholders whose certificates are so recorded shall be entitled to receive distributions or to exercise or enjoy the rights of Unitholders hereunder. The Trustee shall have the right to treat the person registered as a Unitholder on the register of the Trust as the owner of such Trust Units for all purposes, including, without limitation, payment of any distribution, giving notice to Unitholders and determining the right to attend and vote at meetings of Unitholders.

13.5 Transfer of Trust Units

(a) Subject to the provisions of this Article XIII and Section 3.8, the Trust Units shall be fully transferable without charge as between Persons, but no transfer of Trust Units shall be effective as against the Trustee or shall be in any way binding upon the Trustee until the transfer has been recorded on the register or one of the

branch transfer registers maintained by the Trustee, the Trust or the Transfer Agent. No transfer of a Trust Unit shall be recognized unless such transfer is of a whole Trust Unit.

(b) Subject to the provisions of this Article XIII and Section 3.8, Trust Units shall be transferable on the register or one of the branch transfer registers only by the Unitholders of record thereof or their executors, administrators or other legal representatives or by their agents or attorneys duly authorized in writing, and only upon delivery to the Trust or to the Transfer Agent of the certificate therefor, properly endorsed or accompanied by a duly executed instrument of transfer or power of attorney and accompanied by all necessary transfer or other taxes imposed by law, together with such evidence of the genuineness of such endorsement, execution and authorization and other matters that may reasonably be required by the Trustee or the Transfer Agent. Upon such delivery, the transfer shall be recorded on the register or branch transfer registers and a new certificate for the Trust Units shall be issued to the transferee and a new certificate for the balance of Trust Units not transferred shall be issued to the transferor.

(c) Any Person becoming entitled to any Trust Units as a consequence of the death, bankruptcy or mental incompetence of any Unitholder, or otherwise by operation of law, shall be recorded as the holder of such Trust Units and shall receive a new certificate therefor only upon production of evidence satisfactory to the Trustee or the Transfer Agent and delivery of the existing certificate to the Trustee or the Transfer Agent, but until such record is made the Unitholder of record shall continue to be and be deemed to be the holder of such Trust Units for all purposes whether or not the Trustee or the Transfer Agent shall have actual or other notice of such death or other event.

(d) Trust Unit Certificates representing any number of Trust Units may be exchanged without charge for Trust Unit Certificates representing an equivalent number of Trust Units in the aggregate. Any exchange of Trust Unit Certificates may be made at the offices of the Trust or the Transfer Agent where registers are maintained for Trust Unit Certificates pursuant to the provisions of this Article XIII. Any Trust Unit Certificates tendered for exchange shall be surrendered to the Trustee or the Transfer Agent and then shall be cancelled.

13.6 Trust Units Held Jointly or in a Fiduciary Capacity

The Trustee may treat two or more Persons holding any Trust Units as joint owners of the entire interest therein unless their ownership is expressly otherwise recorded on the register of the Trust, but no entry shall be made in the register or on any certificate that any Person is in any other manner entitled to any future, limited or contingent interest in any Trust Units; provided, however, that any Person recorded as a Unitholder may, subject to the provisions hereinafter contained, be described in the register or on any certificate as a fiduciary of any kind and any customary words may be added to the description of the holder to identify the nature of such fiduciary relationship.

13.7 Performance of Trust

The Trustee, the Unitholders, the Transfer Agent or any other agent of the Trust shall not be bound to be responsible for or otherwise inquire into or ensure the performance of any trust, express, implied or constructive, or of any pledge or equity to which any of the Trust Units or any interest therein are or may be subject, or to ascertain or enquire whether any transfer of any such Trust Units or interests therein by any such Unitholder or by his or her personal representatives is authorized by such trust, pledge, or equity, or to recognize any person as having any interest therein except for the person recorded as Unitholder.

13.8 Lost Certificates

In the event that any certificate for Trust Units is lost, stolen, destroyed or mutilated, the Trustee or the Transfer Agent may authorize the issuance of a new certificate for the same number of Trust Units in lieu thereof. The Trustee or the Transfer Agent may in its discretion, before the issuance of such new certificate, require the owner of the lost, stolen, destroyed or mutilated certificate, or the legal representative of the owner, to make an affidavit or statutory declaration setting forth such facts as to the loss, theft, destruction or mutilation as the Trustee or the Transfer Agent may deem necessary, to surrender any mutilated certificate and may require the applicant to supply to the Trust a "lost certificate bond" or a similar bond in such reasonable sum as the Trustee or the Transfer Agent may direct indemnifying the Trust and the Transfer Agent for so doing.

13.9 Death of a Unitholder

The death of a Unitholder during the continuance of the Trust shall not terminate the Trust or any of the mutual or respective rights and obligations created by or arising under this Deed of Trust nor give such Unitholder's personal representatives a right to an accounting or take any action in court or otherwise against other Unitholders or the Trustee or the Trust Assets, but shall merely entitle the personal representatives of the deceased Unitholder to demand and receive, pursuant to the provisions hereof, a new certificate for Trust Units in place of the certificate held by the deceased Unitholder, and upon the acceptance thereof such personal representatives shall succeed to all rights of the deceased Unitholder under this Deed of Trust.

13.10 Unclaimed Interest or Distribution

In the event that the Trustee shall hold any distributable amount which is unclaimed or which cannot be paid for any reason, the Trustee shall be under no obligation to invest or reinvest the same but shall only be obliged to hold the same in a current interest bearing account pending payment to the Person or Persons entitled thereto. The Trustee shall, as and when required by Applicable Law, and may at any time prior to such required time, pay all or part of such interest or other distributable amount so held to the public trustee (or other appropriate government official or agency) whose receipt shall be a good discharge and release of the Trustee.

13.11 Offers for Units

(a) In this Section 13.11:

(i) "**Affiliate**" and "**Associate**" shall have their respective meanings set forth (without initial capital letters) in the Securities Act;

(ii) "**Dissenting Unitholder**" means a Unitholder who does not accept an Offer referred to in subsection (b) below and includes any assignee of the Trust Unit of a Unitholder to whom such an Offer is made, whether or not such assignee is recognized under this Deed of Trust;

(iii) "**Offer**" means an offer to acquire all of the outstanding Trust Units where, as of the date of the offer to acquire, the Trust Units that are subject to the offer to acquire, together with the Offeror's Units, constitute in the aggregate 20% or more of all outstanding Trust Units at the date of the offer to acquire;

(iv) "**offer to acquire**" includes an acceptance of an offer to sell;

(v) "**Offeror**" means a Person, or two or more Persons acting jointly or in concert, who make an Offer; and

(vi) "**Offeror's Units**" means Trust Units beneficially owned, or over which control or direction is exercised, on the date of an Offer by the Offeror, any Affiliate or Associate of the Offeror or any Person acting jointly or in concert with the Offeror;

(b) If an Offer for all of the outstanding Trust Units (other than Trust Units held by or on behalf of the Offeror or an Affiliate or Associate of the Offeror) is made and by such Offer, the Offeror agrees to be bound by the provisions of this Article XIII and:

(i) within the time provided in the Offer for its acceptance or within 120 days after the date the Offer is made, whichever period is the shorter, the Offer is accepted by Unitholders representing at least 90% of the outstanding Trust Units, other than the Offeror's Units;

(ii) the Offeror is bound to take up and pay for, or has taken up and paid for the Trust Units of the Unitholders who accepted the Offer; and

(iii) the Offeror complies with subsections (c) and (e) below,

the Offeror shall be entitled to acquire, and the Dissenting Unitholders shall be required to sell to the Offeror, the Trust Units held by the Dissenting Unitholders for the same consideration per Trust Unit payable or paid, as the case may be, under the Offer.

(c) Where an Offeror is entitled to acquire Trust Units held by Dissenting Unitholders pursuant to subsection (b) above, and the Offeror wishes to exercise such right, the Offeror shall send by registered mail within 30 days after the date of

termination of the Offer a notice (the "**Offeror's Notice**") to each Dissenting Unitholder stating that:

(i) Unitholders holding at least 90% of the Trust Units, other than Offeror's Units, have accepted the Offer;

(ii) the Offeror is bound to take up and pay for, or has taken up and paid for, the Trust Units of the Unitholders who accepted the Offer;

(iii) Dissenting Unitholders must transfer their respective Trust Units to the Offeror on the terms on which the Offeror acquired the Trust Units of the Unitholders who accepted the Offer within 21 days after the date of the sending of the Offeror's Notice; and

(iv) Dissenting Unitholders must send their respective Trust Unit Certificate(s) representing Trust Units to the Trust within 21 days after the date of the sending of the Offeror's Notice.

(d) A Dissenting Unitholder to whom an Offeror's Notice is sent pursuant to subsection (c) above shall, within 21 days after the sending of the Offeror's Notice, send his or her Trust Unit Certificate(s) representing Trust Units to the Trust, duly endorsed for transfer, if a Trust Unit Certificate has been provided.

(e) Within 21 days after the Offeror sends an Offeror's Notice pursuant to subsection (c) above, the Offeror shall pay or transfer to the Trustee, or to such other person as the Trustee may direct, the cash or other consideration that is payable to Dissenting Unitholders pursuant to subsection (b) above.

(f) The Trustee, or the person directed by the Trustee, shall hold in trust for the Dissenting Unitholders the cash or other consideration they or it receives under subsection (e) above. The Trustee, or such persons, shall deposit cash in a separate account in a Canadian chartered bank, and shall place other consideration in the custody of a Canadian chartered bank or similar institution for safekeeping.

(g) Within 30 days after the date of the sending of an Offeror's Notice pursuant to subsection (c) above, the Trustee, if the Offeror has complied with subsection (e) above, shall:

(i) do all acts and things and execute and cause to be executed all instruments as in the Trustee's opinion, relying on the opinion of counsel, may be necessary or desirable to cause the transfer of the relevant Trust Units of the Dissenting Unitholders to the Offeror;

(ii) send to each Dissenting Unitholder who has complied with subsection (d) above the consideration to which such Dissenting Unitholder is entitled under this Section 13.12; and

(iii) send to each Dissenting Unitholder who has not complied with subsection (d) above a notice stating that:

(A) his or her Trust Units have been transferred to the Offeror;

(B) the Trustee or some other person designated in such notice are holding in trust the consideration for such Trust Units; and

(C) the Trustee, or such other person, will send the consideration to such Dissenting Unitholder as soon as practicable after receiving such Dissenting Unitholders Trust Unit Certificate(s) or such other documents as the Trustee or such other person may require in lieu thereof,

and the Trustee is hereby appointed the agent and attorney of the Dissenting Unitholders for the purposes of giving effect to the foregoing provisions.

(h) Subject to Applicable Law, an Offeror cannot make an Offer for all of the outstanding Trust Units unless, concurrent with the communication of the Offer to any Unitholder, a copy of the Offer is provided to the Trust.

ARTICLE XIV
TERMINATION

14.1 Term of Trust

Subject to the other provisions of this Deed of Trust, the Trust shall continue for a term ending 21 years after the date of death of the last surviving issue of Her Majesty, Queen Elizabeth II, alive on July 6, 2006. For the purpose of terminating the Trust by such date, the Trustee shall commence to wind-up the affairs of the Trust on such date as may be determined by the Trustee, being not more than two years prior to the end of the term of the Trust.

14.2 Termination with the Approval of Unitholders

The Unitholders may vote by Special Resolution to terminate the Trust at any meeting of Unitholders duly called by the Trustee for the purpose of considering termination of the Trust, following which the Trustee shall commence to wind-up the affairs of the Trust as soon as is reasonably practicable. Such Special Resolution may contain such directions to the Trustee as the Unitholders determine, including a direction to distribute the Securities held by the Trust, or all of them, *in specie*.

14.3 Procedure Upon Termination

Forthwith upon being required to commence winding-up the affairs of the Trust, the Trustee shall give notice thereof to the Unitholders, which notice shall designate the time or

times at which Unitholders may surrender their Trust Units for cancellation and the date at which the registers of Trust Units of the Trust shall be closed.

14.4 Powers of the Trustee Upon Termination

After the date on which the Trustee is required to commence winding-up the affairs of the Trust, the Trustee shall carry on no activities except for the purpose of winding-up the affairs of the Trust as hereinafter provided and, for this purpose, the Trustee shall continue to be vested with and may exercise all or any of the powers conferred upon the Trustee under this Deed of Trust.

14.5 Sale of Investments

After the date referred to in Section 14.4, the Trustee shall proceed to wind-up the affairs of the Trust as soon as may be reasonably practicable and for such purpose shall, subject to any direction to the contrary in respect of a termination authorized under Section 14.2, sell and convert into money all Trust Assets in one transaction or in a series of transactions at public or private sales and do all other acts appropriate to liquidate the Trust, and shall in all respects act in accordance with the directions, if any, of the Unitholders (in respect of a termination authorized under Section 14.2). If the Trustee is unable to sell all or any of the Securities or other assets which comprise part of the Trust Assets by the date set for termination, the Trustee may distribute the remaining Securities or other assets directly to the Unitholders in accordance with their *pro rata* share, subject to Applicable Laws and receipt of necessary Approvals. Any Income of the Trust or Net Realized Capital Gains arising from the sale of such Securities shall be allocated, paid or made payable in accordance with Article V.

14.6 Distribution of Proceeds or Assets

After paying, retiring or discharging or making provision for the payment, retirement or discharge of all known liabilities and obligations of the Trust including all amounts owing to the Trustee hereunder and providing for indemnity against any other outstanding liabilities and obligations, the Trustee shall, subject to Applicable Laws and after obtaining all necessary Approvals, distribute the remaining part of the proceeds of the sale of the Securities and other assets together with any cash forming part of the Trust Assets among the Unitholders in accordance with their *pro rata* share.

14.7 Further Notice to Unitholders

In the event that less than all of the Unitholders have surrendered their Trust Units for cancellation within six months after the time specified in the notice referred to in Section 14.3, the Trustee shall give further notice to the remaining Unitholders to surrender their Trust Units for cancellation and if, within one year after the further notice, all the Trust Units shall not have been surrendered for cancellation, such remaining Trust Units shall be deemed to be cancelled without prejudice to the rights of the holders of such Trust Units to receive their *pro rata* share of the remaining Trust Assets, and the Trustee may either take appropriate steps, or appoint an agent to take appropriate steps, to contact such Unitholders (deducting all expenses thereby incurred from the amounts to which such Unitholders are entitled as aforesaid) or, in the discretion of the Trustee, may pay such amounts into Court.

14.8 Responsibility of the Trustee after Sale and Conversion

The Trustee shall be under no obligation to invest the proceeds of any sale of investments or other assets or cash forming part of the Trust Assets after the date referred to in Section 14.4 and, after such sale, the sole obligation of the Trustee under this Deed of Trust shall be to hold such proceeds in trust for distribution under Section 14.7.

14.9 Termination of Trust

The Trust shall terminate when all of the Trust Assets have been sold or otherwise disposed of and all other known debts, liabilities and obligations of the Trust have been paid, retired, discharged or provided for.

ARTICLE XV
SUPPLEMENTAL INDENTURE

15.1 Provision for Supplemental Indenture for Certain Purposes

The Trustee and Petrowest GP may, without approval of the Unitholders and subject to the provisions hereof, and they shall, when so directed in accordance with the provisions hereof, execute and deliver deeds or instruments supplemental hereto, which thereafter shall form part hereof, for any one or more or all of the following purposes:

(a) modifying or amending any provisions of this Deed of Trust in the circumstances set forth in Section 11.1 where the Trustee may do so without the consent, approval or ratification of the Unitholders or any other Person; and

(b) modifying or amending any provisions of this Deed of Trust where the modification or amendment has been approved by Special Resolution or, if required, with the consent of the holders of all of the Trust Units as required under the terms of this Deed of Trust,

and any such deed or instrument supplemental to this Deed of Trust shall be binding on all parties, including without limitation, all Unitholders on the later of (i) the date of execution, and (ii) the effective date of any required approval by Unitholders, of that deed or instrument.

ARTICLE XVI
GENERAL

16.1 Notices

(a) Any notice or other document required to be given or sent to Unitholders under this Deed of Trust shall be given or sent through ordinary post addressed to each registered holder at his, her or its last address appearing on the register; provided that if there is a general discontinuance of postal service due to strike, lockout or otherwise, such notice may be given by publication twice in the Report on

Business section of the National Edition of *The Globe and Mail*, the Financial Post section of the *National Post* or similar section of any other newspaper having national circulation in Canada; provided further that if there is no newspaper having national circulation, then by publishing twice in the business section of a newspaper in each city where the register or a branch register is maintained. Any notice so given shall be deemed to have been given on the day following that on which the letter or circular was posted or, in the case of notice being given by publication, after publishing such notice twice in the designated newspaper or newspapers. In proving notice was posted, it shall be sufficient to prove that such letter or circular was properly addressed, stamped and posted.

(b) Any written notice or written communication given to the Trustee shall be addressed to the Trustee at the head office of the Trust and shall be deemed to have been given on the date of delivery or, if mailed, five days from the date of mailing. If any such notice or communication shall have been mailed and if regular mail service shall be interrupted by strikes or other irregularities, such notice or communication shall be deemed to have been received 48 hours after 12:01 a.m. on the day following the resumption of normal mail service, provided that during the period that regular mail service shall be interrupted any notice or other communication shall be given by personal delivery or by fax or other means of prepaid, transmitted or recorded communication.

16.2 Failure to Give Notice

The failure by the Trustee, by accident or omission or otherwise unintentionally, to give any Unitholder any notice provided for herein shall not affect the validity, effect or taking effect of any action referred to in such notice, and the Trustee shall not be liable to any Unitholder for any such failure.

16.3 Joint Holders

Service of a notice or document on any one of several joint holders of Trust Units shall be deemed effective service on the other joint holders.

16.4 Service of Notice

Any notice or document sent by post to or left at the address of a Unitholder pursuant to this Article XVI shall, notwithstanding the death or bankruptcy of such Unitholder, and whether or not the Trustee has notice of such death or bankruptcy, be deemed to have been fully served and such service shall be deemed sufficient service on all Persons having an interest in the Trust Units concerned.

16.5 Information Available to Unitholders

Each Unitholder shall have the right to obtain, on demand and without any fee, from the head office of the Trust a copy of this Deed of Trust and any amendments thereto relating to Trust Units held by that Unitholder and shall be entitled to inspect and, on payment of a reasonable fee therefor and after delivering to the Trustee a statutory declaration stating the name

and address of the Person requiring the Trustee to furnish the list of Unitholders and, if the Person is a body corporate, the address for service thereof, and that the list will not be used except in connection with (a) an effort to influence the voting of the Unitholders, (b) an offer to acquire Trust Units, or (c) any other matter relating to the Trust Units or the affairs of the Trust, obtain a list of the Unitholders for purposes connected with the Trust.

16.6 Income Tax: Obligations of the Trustee

The Trustee shall satisfy, perform and discharge all obligations and responsibilities of the Trustee under the Tax Act (including any obligations of the Trust under Part XIII and Part XIII.2 of the Tax Act) and neither the Trust nor the Trustee shall be accountable or liable to any Unitholder by reason of any act or acts of the Trustee consistent with any such obligations or responsibilities.

16.7 Income Tax: Election

In respect of the first taxation year of the Trust, the Trust shall elect pursuant to subsection 132(6.1) of the Tax Act that the Trust be deemed to be a mutual fund trust for the entire year.

16.8 Income Tax: Deductions

The Trustee shall claim the maximum deductions available to the Trust or such lesser amounts as the Trustee may determine to be in the best interests of the Unitholders for the purposes of computing its income pursuant to the provisions of the Tax Act to the extent required to reduce the taxable income of the Trust to nil.

16.9 Fiscal Year

The fiscal year of the Trust shall end on December 31 of each year.

16.10 Financial Disclosure

The Trust will send to Unitholders:

(a) at least 21 days prior to the date of each annual meeting of Unitholders and, in any event, on or before any earlier date prescribed by applicable securities laws, the annual consolidated financial statements of the Trust for the fiscal year ended immediately prior to such annual meeting, together with comparative consolidated financial statements for the preceding fiscal year, if any, and the report of the Auditors thereon referred to in Section 17.4; and

(b) within 45 days after the end of each fiscal quarter of the Trust (other than the fourth quarter of each year) and, in any event, on or before any earlier date prescribed by applicable securities laws, unaudited quarterly consolidated financial statements of the Trust for such fiscal quarter, together with comparative consolidated financial statements for the same fiscal quarter in the preceding fiscal year, if any.

Such financial statements shall be prepared in accordance with generally accepted accounting principles in Canada as recommended from time to time in the Handbook of the Canadian Institute of Chartered Accountants; provided that such statements and the obligation to deliver such statements may vary from such principles to the extent required to comply with applicable securities laws or securities regulatory requirements or to the extent permitted by applicable securities regulatory authorities.

16.11 Unitholder Meeting Information

Prior to each meeting of Unitholders, the Trustee will provide to each Unitholder, together with the notice of the meeting:

(a) a form of proxy which can be used by a Unitholder to appoint a proxy, who need not be a Unitholder, to attend and act at the meeting on behalf of the Unitholder, in the manner and to the extent authorized by the proxy; and

(b) all information required by Applicable Law and this Deed of Trust.

16.12 Taxation Information

Within the time required under the Tax Act, the Trust will provide to Unitholders who received distributions from the Trust in the prior calendar year, such information and forms as may be needed by such Unitholders in order to complete their tax returns in respect of the prior calendar year under the Tax Act and equivalent provincial legislation in Canada.

16.13 Power of Attorney to Petrowest GP

The Trustee hereby grants to Petrowest GP a power of attorney constituting Petrowest GP, with full power of substitution, as their true and lawful attorney to act on behalf of the Trust with full power and authority in their name, place and stead, and to execute, under seal or otherwise, swear to, acknowledge, deliver, make or file or record when, as and where required, any instrument, deed, agreement or document in connection with carrying out the activities of the Trust.

16.14 Execution of Instruments

The Trustee shall have the authority to sign in the name of and on behalf of the Trust all instruments in writing and any instruments in writing so signed shall be binding upon the Trust without any further authorization or formality. For greater certainty, the foregoing shall not limit in any way the power of the Trustee to delegate to any person or persons the authority to sign in the name of and on behalf of the Trust any specific instrument or instruments in writing or instruments in writing generally.

ARTICLE XVII
AUDITORS

17.1 Qualification of Auditors

The Auditors shall be an independent recognized firm of chartered accountants which has an office in Canada.

17.2 Appointment of Auditors

PricewaterhouseCoopers, Chartered Accountants are appointed as the auditors of the Trust, to hold such office until the first annual meeting of the Unitholders. The Auditors will be elected at each succeeding annual meeting of Unitholders by Ordinary Resolution. The Auditors will receive such remuneration as may be approved by Petrowest GP.

17.3 Change of Auditors

The Auditors may at any time be removed by the Trustee with the approval of a majority of the votes cast by Unitholders at a meeting of Unitholders duly called for the purpose and, upon the resignation or the removal of Auditors as aforesaid, new auditors may be appointed by a majority of votes cast by Unitholders at a meeting duly called for the purpose or, in the absence of such meeting, by the Trustee.

17.4 Reports of Auditors

The Auditors shall audit the accounts of the Trust at least once in each year and a report of the Auditors with respect to the annual consolidated financial statements of the Trust shall be provided to each Unitholder with the annual consolidated financial statements referred to in Section 16.10.

ARTICLE XVIII
MISCELLANEOUS

18.1 Successors and Assigns

The provisions of this Deed of Trust shall enure to the benefit of, and be binding upon, the parties and their heirs, executors, administrators, personal representatives, successors and assigns.

18.2 Counterparts

This Deed of Trust may be simultaneously executed in several counterparts, each of which when executed shall be deemed to be an original, and such counterparts, together, shall constitute but one and the same instrument, which shall be sufficiently evidenced by any such original counterpart.

18.3 Severability

If any provision of this Deed of Trust shall be held invalid or unenforceable in any jurisdiction, such invalidity or unenforceability shall attach only to such provision in such jurisdiction and shall not in any manner affect or render invalid or unenforceable such provision in any other jurisdiction or any other provision of this Deed of Trust in any jurisdiction.

IN WITNESS WHEREOF the Trustee and the Settlor have executed this Deed of Trust effective this 6th day of July, 2006.

PETROWEST ENERGY SERVICES BUSINESS TRUST

THIS DEED OF TRUST is made as of this 29th day of August, 2006.

BETWEEN:

PETROWEST ENERGY SERVICES TRUSTEE LTD., a corporation incorporated under the laws of the Province of Alberta (hereinafter called the "**Trustee**"),

- and -

PETROWEST ENERGY SERVICES TRUST, a trust established under the laws of the Province of Alberta (hereinafter called the "**Initial Unitholder**") and all persons who after the date hereof become holders of Units of the trust as herein provided (collectively, at any time, each person who is at that time a holder of a Unit of Trust as herein provided hereinafter called the "**Unitholder**"),

- and -

PETROWEST ENERGY SERVICES GENERAL PARTNER LTD., a corporation incorporated under the laws of the Province of Alberta, with offices in Calgary, Alberta (hereinafter called "**Petrowest GP**");

WHEREAS:

A. the Initial Unitholder desires to create a trust for the purpose of benefiting the Unitholders and acquiring and holding Securities and other investments;

B. for the purpose of settling the trust created hereunder, the Initial Unitholder is delivering to the Trustee a trust cheque of the firm of Bennett Jones LLP in the amount of $45.00 (the "**Initial Contribution**");

C. the Trustee has agreed to hold the Initial Contribution and all amounts and assets subsequently received under this Deed of Trust in accordance with the provisions hereinafter set forth;

D. the Initial Unitholder Trustee desire that the beneficiaries of the Trust, including the Initial Unitholder, shall be the holders of Units evidenced by certificates therefor as provided in this Deed of Trust;

E. the Initial Unitholder and the Trustee desire that the Trust shall at all times qualify as a "unit trust" and as a "mutual fund trust" pursuant to paragraph 108(2)(a) and subsection 132(6) of the Tax Act; and

F. the parties hereto desire to set out the agreements, terms and conditions which shall govern their mutual and respective rights, powers and obligations with respect to the settlement and administration of the Trust;

NOW THEREFORE THIS DEED OF TRUST WITNESSETH THAT, in consideration of the premises and the mutual and respective covenants and agreements contained herein, the Trustee declares, covenants and agrees with the Initial Unitholder, and the Initial Unitholder declares, covenant and agree with the Trustee as follows:

ARTICLE I
INTERPRETATION

1.1 Definitions

In this Deed of Trust (including the recitals hereto) and in the Unit Certificates, unless the context otherwise requires, the following terms shall have the following meanings:

(a) "**ABCA**" means the *Business Corporations Act*, R.S.A. 2000, c. B-9, as amended, including the regulations promulgated thereunder;

(b) "**Acquisitionco**" means Petrowest Services Ltd., a corporation incorporated under the ABCA and includes any successor thereto;

(c) "**Administration Agreement**" means the administration agreement between Petrowest GP and the Trust, pursuant to which Petrowest GP will provide administrative services to the Trust and Petrowest Energy Services Trust, as amended, supplemented or restated from time to time and includes any subsequent agreement between the Trustee and an administrator whereby an administrator is engaged to provide administrative services to the Trust or Petrowest Energy Services Trust, as set forth herein and therein;

(d) "**affiliate**" shall have the meaning ascribed thereto in the Securities Act, as amended from time to time;

(e) "**Applicable Laws**" means all applicable provisions of law, domestic or foreign, including without limitation, the Securities Act, as ameneded, together with all regulations, rules, policy statements, rulings, notices, orders or other instruments promulgated thereunder;

(f) "**Approvals**" means any directive, order, consent, exemption, waiver, consent order or consent decree of or from, or notice to, action by or filing with, any Governmental Authority;

(g) "**associate**" has the meaning ascribed thereto in the Securities Act, as amended from time to time;

(h) "**Auditors**" means the firm of chartered accountants appointed as the auditors of the Trust from time to time in accordance with the provisions hereof and, initially, means PricewaterhouseCoopers LLP, Chartered Accountants;

(i) "**Board of Directors**" means the board of directors of Petrowest GP;

(j) "**Business Day**" means a day which is not a Saturday, Sunday or holiday in the City of Calgary, in the Province of Alberta;

(k) "**Cash Flow of the Trust**" shall have the meaning ascribed thereto in Section 5.1(a);

(l) "**Closing Date**" means the closing date of the initial public offering of Petrowest Energy Services Trust;

(m) "**Distributable Cash**" shall have the meaning ascribed thereto in Section 5.1(b);

(n) "**Distribution Payment Date**" means a date on which the Trustee is required to make a distribution of Distributable Cash, which date shall be on or about the 15th day of the month following the end of the Distribution Period or, if any such day is not a Business Day, the next following Business Day or such other date determined from time to time by the Trustee on the recommendation of Petrowest GP;

(o) "**Distribution Period**" means each calendar month in each calendar year from and including the first day thereof and to and including the last day thereof provided that the first Distribution Period shall begin on (and include) the Closing Date and shall end on (and include) a date to be determined by Petrowest GP;

(p) "**Distribution Record Date**" means until otherwise determined by the Trustee, upon the recommendation of Petrowest GP, the last Business Day of each calendar month of the year, except in the case of the month of December where December 31 of each year shall be a Distribution Record Date or any additional days as may be determined from time to time by the Trustee;

(q) "**Governmental Authority**" shall mean (a) any nation, province, state, county, city, or other jurisdiction; (b) any federal, provincial, state, local, municipal, foreign or other government; (c) any governmental or quasi-governmental authority of any nature (including any agency, branch, department, board, commission, court, tribunal or other entity exercising governmental or quasi-governmental power); (d) any body exercising, or entitled or purporting to exercise, any administrative, executive, judicial, legislative, regulatory or taxing authority or power; or (e) any official of the foregoing;

(r) "**Income of the Trust**" shall have the meaning ascribed thereto in Section 5.2(a);

(s) "**Initial Contribution**" means the trust cheque of the firm of Bennett Jones LLP in the amount of $45.00 delivered by the Initial Unitholder to the Trustee on the date hereof for the purpose of settling the trust constituted by the Trust;

(t) "**Initial Unitholder**" means Petrowest Energy Services Trust, a trust settled under the laws of the Province of Alberta and the initial Unitholder of the Trust;

(u) "**Inspector**" shall have the meaning ascribed thereto in Section 11.9;

(v) "**Net Realized Capital Gains**" shall have the meaning ascribed thereto in Section 5.2(b);

(w) "**Note Indenture**" means the agreement to be entered into between the Trust and Valiant Trust Company pursuant to which Notes will be issued, as the same may be supplemented, amended or amended and restated from time to time, and Note Indenture includes any subsequent agreement which may be entered into between the Trust and a trust company pursuant to which Notes are issued;

(x) "**Notes**" means the notes of the Trust issued pursuant to the Note Indenture;

(y) "**Ordinary Resolution**" shall have the meaning ascribed thereto in Section 11.6(a);

(z) "**Outstanding**" shall have the meaning ascribed thereto in Section 11.7;

(aa) "**Partnerships**" means Petrowest Civil Services LP, Petrowest Construction LP, Petrowest Services Rentals LP and Petrowest Transportation LP, each a limited partnership established under the laws of Alberta;

(bb) "**Person**" means any individual, company, corporation, limited partnership, general partnership, firm, joint venture, syndicate, trust, joint stock company, limited liability corporation, association, bank, pension fund, business trust or other organization, whether or not a legal entity, and any government or political subdivision thereof or any other form of entity or organization;

(cc) "**Petrowest GP**" means Petrowest Energy Services General Partner Ltd., a corporation incorporated under the ABCA and includes any successor thereto;

(dd) "***pro rata* share**" of any particular amount in respect of a Unitholder at any time shall be the product obtained by multiplying the number of Trust Units that are outstanding and are owned by that Unitholder at that time by the amount obtained when the particular amount is divided by the total number of all Units hat are issued and outstanding at that time;

(ee) "**Redemption Date**" shall have the meaning ascribed thereto in Section 6.2(b);

(ff) "**Securities**" means bonds, debentures, notes or other evidence or instruments of indebtedness, shares, stocks, options, warrants, special warrants, installment receipts, subscription receipts, rights, subscriptions, partnership interests, units or other evidence of title to or interest in the capital, assets, property, profits, earnings or royalties, of any Person;

(gg) "**Securities Act**" means the *Securities Act*, R.S.A. 2000, c.S-4, as amended, including the regulations, rules and instruments promulgated thereunder from time to time;

(hh) "**Special Resolution**" shall have the meaning ascribed thereto in Section 11.6(a);

(ii) "**subsidiary**" has the meaning ascribed thereto in the Securities Act, as amended from time to time;

(jj) "**Tax Act**" means the *Income Tax Act*, R.S.C. 1985, c.1 and the *Income Tax Regulations* applicable with respect thereto, as amended from time to time;

(kk) "**this Deed of Trust**", "**this Deed**", "**hereto**", "**herein**", "**hereof**", "**hereby**", "**hereunder**" and similar expressions refer to this instrument and not to any particular Article, Section or portion hereof, and include any and every instrument supplemental or ancillary hereto;

(ll) "**Transfer Agent**" means such company as may from time to time be appointed by the Trust to act as registrar and transfer agent of the Units, together with any sub-transfer agent duly appointed by the Transfer Agent;

(mm) "**Trust**" means Petrowest Energy Services Business Trust, a trust constituted by this Deed of Trust, as the same may be amended or amended and restated from time to time;

(nn) "**Trust Assets**", at any time, means all monies, properties and other assets as are at such time held by the Trust or by the Trustee on behalf of the Trust including, without limitation:

(i) the Initial Contribution;

(ii) all funds or property realized from the issuance or sale of Units, Notes or any other Securities of the Trust or cash received from time to time;

(iii) any limited partnership units of the Partnerships;

(iv) all Securities held by the Trust or by the Trustee on behalf of the Trust;

(v) investments permitted pursuant to Section 4.2;

(vi) any proceeds of disposition of any of the foregoing property;

(vii) any Securities issued to the Trust as distributions in respect of the Securities held by the Trust; and

(viii) all income, interest, dividends, return of capital, profit, gains and accretions and all substituted assets, rights and benefits of any kind or nature whatsoever arising directly or indirectly from or in connection with or accruing to such foregoing property or such proceeds of disposition;

(oo) "**Trust Deed of Trust**" means the deed of trust of the Initial Unitholder dated as of July 6, 2006;

(pp) "**Trust Liabilities**" shall have the meaning ascribed thereto in Section 2.7(a);

(qq) "**Trustee**" means Petrowest Energy Services Trustee Ltd., a corporation incorporated pursuant to the laws of the Province of Alberta and "**Trustee**" or "**Trustees**" also includes any successor appointed pursuant to Article VII;

(rr) "**Trustee's Regulations**" shall have the meaning ascribed thereto in Section 8.2;

(ss) "**Unit Certificate**" means a certificate, in the form approved by the Trustee, evidencing one or more classes of Units, issued and certified in accordance with the provisions hereof;

(tt) "**Unitholders**" means at any time the beneficiaries of the Trust who are the holders at that time of one or more Units, as shown on the registers of such holders maintained by and on behalf of the Trust or by the Transfer Agent, if any, on behalf of the Trust; and

(uu) "**Units**" means the trust units of the Trust referred to in Section 3.1 authorized and issued hereunder as such and for the time being outstanding and entitled to the benefits hereof and which shall represent beneficial interests in the Trust Assets.

1.2 References to Acts Performed by the Trust

For greater certainty, where any reference is made in this Deed of Trust to an act to be performed or which may not be performed by the Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed or which may not be performed by the Trustee on behalf of the Trust or by some other person duly authorized to do so by the Trustee or pursuant to the provisions hereof. Where any reference is made in this Deed of Trust to actions, rights or obligations of the Trustee, that reference shall be construed and applied for all purposes to refer to actions, rights or obligations of the Trustee in its capacity as Trustee of the Trust, and not in its other capacities, unless the context otherwise requires.

1.3 Tax Act

Any reference herein to a particular provision of the Tax Act shall include a reference to that provision as it may be renumbered or amended from time to time. Where there are proposals for amendments to the Tax Act which have not been enacted into law or proclaimed into force on or before the date on which such proposals are to become effective, the Trustee may take such proposals into consideration and apply the provisions hereof as if such proposals had been enacted into law and proclaimed into force. Any reference in this Deed of Trust to a particular provision of the Tax Act shall, to the extent applicable, also include a reference to any applicable and corresponding provision of the income tax laws of a province or territory of Canada.

1.4 Number and Gender

In this Deed of Trust, unless otherwise expressly provided or unless the context otherwise requires, words importing the singular number include the plural, and vice versa and words importing a gender shall include the feminine, masculine and neuter genders.

1.5 Headings for Reference Only

The division of this Deed of Trust into Articles and Sections, the provision of a Table of Contents and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this Deed of Trust. Unless otherwise indicated, all references in this Deed of Trust to an "Article" or "Section" followed by a number or letter refer to the specified article or section of this Deed.

1.6 Day Not a Business Day

In the event that any day on which any amount is to be determined or any other determination is to be made or any action is required to be taken hereunder is not a Business Day, then such amount shall be determined or such action shall be required to be taken at or before the requisite time on the next succeeding day that is a Business Day. This Section 1.6 is not applicable to Sections 5.1, 5.2, 5.3, 5.4, 5.8 and 5.10 and to defined terms used in such Sections.

1.7 Currency

All references in this Deed of Trust to "dollars" or "$" are to Canadian dollars, unless otherwise noted.

1.8 Time of the Essence

Time shall be of the essence in this Deed of Trust.

1.9 Governing Law

This Deed of Trust and the Unit Certificates shall be construed in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable therein and shall be treated in all respects as Alberta contracts. The parties hereto hereby irrevocably submit and attorn to the jurisdiction of the courts of the Province of Alberta.

ARTICLE II
DEED OF TRUST

2.1 Establishment of the Trust

The Trustee hereby declares and agrees to act as trustee of the Trust and to hold and administer the Trust Assets in trust for the use and benefit of the Unitholders, their successors, permitted assigns and personal representatives upon the trusts and subject to the terms and conditions hereinafter declared and set forth, such trust to constitute the Trust hereunder.

2.2 Initial Contribution

The delivery by the Initial Unitholder, concurrent with the execution of this Deed of Trust, of the Initial Contribution to the Trustee for the purpose of settling the Trust is hereby confirmed.

2.3 Name of the Trust

(a) The Trust shall be known and designated as the "PETROWEST ENERGY SERVICES BUSINESS TRUST" and, whenever lawful and convenient, the Trust Assets shall be held and the affairs of the Trust shall be conducted and transacted under that name.

(b) If the Trustee determines that the use of such name is not practicable, legal or convenient, the Trust may use such other designation or may adopt such other name as the Trustee deems appropriate, and the Trust may hold the Trust Assets and conduct its affairs under such other designation or name.

(c) The Trustee may approve and use a version of any name or designation used by the Trust in any language other than English.

(d) Without limiting the foregoing, the Trustee or, where applicable, Petrowest GP or other duly authorized Person, may enter into agreements and other documents for and on behalf of the Trust under the name "Petrowest Energy Services Business Trust" and the Trustee hereby acknowledges and confirms that any such agreement or other documents so entered into under the name "Petrowest Energy Services Business Trust" shall for all purposes be and be deemed to have been entered into by, and be binding on, the Trustee, as trustee for and on behalf of the Trust.

2.4 Head Office

The head office of the Trust hereby created shall be located at Suite 204, 10605 Westside Drive, Grand Prairie, Alberta or such other place or places in Canada as the Trustee may from time to time designate.

2.5 Nature of the Trust

The Trust is an unincorporated, open-ended, limited purpose mutual fund trust established for the purposes specified in Section 4.1. The Trust is not, is not intended to be, shall not be deemed to be and shall not be treated as, a general partnership, limited partnership, society, syndicate, association, joint venture, company, corporation or joint stock company nor shall the Trustee or the Unitholders or any of them or any Person be, or be deemed to be, treated in any way whatsoever as liable or responsible hereunder as partners or joint venturers. The Trustee shall not be, or be deemed to be, an agent of the Unitholders. The relationship of the Unitholders to the Trustee shall be solely that of beneficiaries of the Trust and their rights shall be limited to those conferred upon them by this Deed of Trust. Except as provided herein, the Trustee will have sole responsibility for the conservation and protection of the Trust Assets. For greater certainty, Unitholders will have no responsibility for the conservation or protection of the

Trust Assets, and nothing herein will have the effect of constituting the Unitholders as associates in a joint enterprise for the conduct of business.

2.6 Rights of Unitholders

The rights of each Unitholder (including the right, if any, to call for a distribution or division of assets, monies, funds, income and capital gains held, received or realized by the Trustee) are limited to those contained herein and, except as provided herein, no Unitholder shall be entitled to call for any partition or division of the Trust Assets or for a distribution of any particular asset forming part of the Trust Assets or of any particular monies or funds received by the Trustee. The legal ownership of the Trust Assets and the right to conduct the activities of the Trust are vested exclusively in the Trustee, and no Unitholder has or is deemed to have any right of ownership in, or any other interest in, any of the Trust Assets, except as specifically provided herein. Except as specifically provided herein, no Unitholder or Unitholders shall be entitled to interfere with or give any direction to the Trustee or Petrowest GP with respect to the affairs of the Trust or in connection with the exercise of any powers or authorities conferred upon the Trustee or Petrowest GP under this Deed of Trust. The Units shall be personal property and shall confer upon the holders thereof only the interest and rights specifically set forth in this Deed of Trust.

2.7 Liability of Unitholders

(a) No Unitholder, in its capacity as such, shall incur or be subject to any liability, direct or indirect, absolute or contingent, in contract or in tort or of any other kind to any Person and no resort shall be had to, nor shall recourse or satisfaction be sought from, the private property of any Unitholder for any liability whatsoever in connection with:

(i) the Trust Assets or the ownership, use, operation, acquisition or disposition thereof or exercise or enjoyment of the rights, privileges, conditions or benefits attached thereto, associated therewith or derived therefrom;

(ii) the obligations or the activities or affairs of the Trust;

(iii) any actual or alleged act or omission of the Trustee or by any other Person in respect of the activities or affairs of the Trust (whether or not authorized by or pursuant to this Deed of Trust);

(iv) any act or omission of the Trustee or any other Person in the performance or exercise, or purported or attempted performance or exercise, of any obligation, power, discretion or authority conferred upon the Trustee or such other Person in respect of the activities or affairs of the Trust (whether or not authorized by or pursuant to this Deed of Trust);

(v) any transaction entered into by the Trustee or by any other Person in respect of the activities or affairs of the Trust (whether or not authorized by or pursuant to this Deed of Trust); or

(vi) except as provided in Section 5.8, any taxes, levies, imposts or charges or fines, penalties or interest in respect thereof payable by the Trust or by the Trustee or by any other Person on behalf of or in connection with the activities or affairs of the Trust,

(collectively, the "**Trust Liabilities**").

(b) No Unitholder, in its capacity as a Unitholder, shall be liable to indemnify the Trustee or any other person with respect to any Trust Liabilities.

(c) To the extent that, notwithstanding the provisions of this Section 2.7, any Unitholder, in its capacity as such, may be determined by a judgment of a court of competent jurisdiction to be subject to or liable in respect of any Trust Liabilities, such judgment and any writ of execution or similar process in respect thereof, shall be enforceable only against, and shall be satisfied only out of, that Unitholder's share of the Trust Assets represented by its Units.

(d) Notwithstanding the provisions of this Section 2.7, nothing shall preclude the enforcement of a subordination agreement by a lender or creditor against a Unitholder for amounts wrongly paid to such Unitholder in contravention of such subordination agreement.

2.8 Contractual Obligations of the Trust

In respect of any obligations or liabilities being incurred by the Trust, or the Trustee or Petrowest GP on behalf of the Trust, the Trustee, Petrowest GP and the Trust shall make all reasonable efforts to include as a specific term of such obligations or liabilities a contractual provision to the effect that neither the Unitholders, Petrowest GP nor the Trustee, have any personal liability or obligations in respect thereof. In particular, the Trustee, Petrowest GP and the Trust shall make all reasonable efforts to include in every agreement entered into by or on behalf of the Trust, whether by the Trustee, Petrowest GP or otherwise (except as the Trustee or Petrowest GP may otherwise expressly agree in writing with respect to their own personal liability) a provision substantially to the following effect:

> "The parties hereto acknowledge that the **[Trustee] [Petrowest GP]** is entering into this agreement solely **[in its capacity as trustee] [in its capacity as administrator on behalf]** of the Trust and the obligations of the Trust hereunder shall not be personally binding upon **[the Trustee] [Petrowest GP]** or any registered or beneficial holder of units of the Trust or any beneficiary under a plan of which a holder of units acts as a trustee or carrier, and that resort shall not be had to, nor shall recourse be sought from, any of the foregoing or the private property of any of the foregoing in respect of any indebtedness, obligation or liability of the Trust arising hereunder or arising in connection herewith or from the matters to which this agreement relates, if any, including without limitation claims based on negligence or otherwise tortious behavior, and recourse shall be limited to, and satisfied only out of, the "Trust Assets" as defined in the Deed of Trust of the Trust, dated as of •, 2006, as amended from time to time."

The omission of such a provision from any such written instrument shall not operate to impose personal liability on the Trustee, Petrowest GP or any Unitholder. If, notwithstanding this provision, the Trustee, Petrowest GP or any Unitholder shall be held liable to any Person by reason of the omission of such statement from any such agreement, undertaking or obligation, the Trustee, Petrowest GP or such Unitholder shall be entitled to indemnity and reimbursement out of the Trust Assets to the full extent of such liability.

2.9 Conduct of Operations

The activities of the Trust will be conducted, upon the advice of counsel, in such a way and in such jurisdictions as to avoid as far as possible any material risk of liability to Unitholders for claims against the Trust including by obtaining appropriate insurance where available.

ARTICLE III
ISSUE AND SALE OF UNITS

3.1 Nature of Units

(a) The beneficial interests in the Trust shall be divided into interests of one class, described and designated as "Trust Units", which shall be entitled to the rights and subject to the limitations, restrictions and conditions set out herein, and the interest of each Unitholder shall be determined by the number of Units registered in the name of the Unitholder.

(b) Each Unit is transferable and represents an equal undivided beneficial interest in any distribution from the Trust and in any of the Trust Assets net of the Trust Liabilities or any other net assets of the Trust in the event of the termination or winding-up of the Trust. All Units outstanding from time to time shall be entitled to equal shares in any distributions by the Trust and, in the event of the termination or winding-up of the Trust, in the net assets of the Trust. All Units shall rank among themselves equally and rateably without discrimination, preference or priority.

(c) Each Unit shall entitle the holder thereof to one vote at all meetings of Unitholders or in respect of any written resolution of Unitholders.

(d) The issued and outstanding Units may be subdivided or consolidated from time to time by the Trustee without notice or approval from the Unitholders.

3.2 Authorized Number of Units

The aggregate number of Units which is authorized and may be issued hereunder is unlimited.

3.3 Issue of Unit to Initial Unitholder

Concurrently with the execution and delivery of this Deed of Trust by the parties hereto, the Trustee shall execute and issue to the Initial Unitholder, in consideration for the payment of

the Initial Contribution, a Unit Certificate for forty-five (45) Units and the Trustee shall enter the Initial Unitholder on the register of the Trust as the holder of forty-five (45) Units and countersign the Unit Certificate and deliver it to the Initial Unitholder.

3.4 Future Issue of Units

(a) Subject to the terms of this Deed of Trust, Units may be issued by the Trust at the times, to the Persons, for the consideration and on the terms and conditions that the Trustee or the Board of Directors determines and, without limiting the generality of the foregoing, the Trustee or the Board of Directors may authorize the Trust to pay any commission which the Trustee or the Board of Directors determines to be reasonable to any Person in consideration of such Person purchasing or agreeing to purchase Units from the Trust or from any other Person or procuring or agreeing to procure purchasers for Units. At the option of the Trustee or the Board of Directors, Units may be issued in satisfaction of any distribution of the Trust to Unitholders on a *pro rata* basis. The Trustee or the Board of Directors may create and issue installment receipts, subscription receipts, rights, warrants (including so-called "special warrants" which may be exercisable for no additional consideration) or options to subscribe for Units or debt instruments that are convertible into or exchangeable for Units (collectively, "**convertible securities**") which convertible securities may be exercisable at any subscription price or prices and at any time or times as the Trustee or the Board of Directors may determine. The convertible securities so created may be issued for any consideration or for no consideration, all as the Trustee or the Board of Directors may determine. A convertible security shall not be a Unit and the holder of that convertible security shall not be a Unitholder.

(b) Units are only to be issued as fully paid in money, property (including an obligation to pay consideration in installments), or past services, and are not to be subject to future calls or assessments; provided however that Units may be issued for a consideration payable in installments and that the Trust may take security over such Units to be issued under any such offering as security for unpaid installments. In determining whether property or past services are the fair equivalent of monetary consideration, the Trustee or the Board of Directors may take into account reasonable charges and expenses of organization and reorganization and payments for property and past services reasonably expected to benefit the Trust, and the resolution of the Trustee or the Board of Directors allotting and issuing those Units shall express the fair equivalent in money of the other consideration received.

3.5 No Fractional Units

Fractions of Units shall not be issued, except pursuant to distributions of additional Units to all Unitholders pursuant to Section 5.7 or as a consequence of a consolidation under Section 3.7. Fractional Trust Units will not be entitled to be voted at meetings of Unitholders.

3.6 No Pre-Emptive Rights

No Person shall be entitled, as a matter of right, to subscribe for or purchase any Unit. There are no pre-emptive rights attaching to the Units.

3.7 Consolidation of Units

(a) Unless otherwise determined by the Trustee on the recommendation of Petrowest GP, immediately after any *pro rata* distribution of additional Units to all Unitholders pursuant to Section 5.7, the number of the outstanding Units will automatically be consolidated such that each Unitholder will hold after the consolidation the same number of Units as the Unitholder held before the distribution of additional Units. In this case, each Unit Certificate representing a number of Units prior to the distribution of additional Units is deemed to represent the same number of Units after the distribution of additional Units and the consolidation.

(b) Notwithstanding Section 3.7(a), where tax is required to be withheld from a Unitholder's share of the distribution, the consolidation will result in that Unitholder holding that number of Units equal to (i) the number of Units held by the Unitholder prior to the distribution plus the number of Units received by the Unitholder in connection with the distribution (net of the number of whole and partial Units withheld on account of withholding taxes) multiplied by (ii) the fraction obtained by dividing the aggregate number of Units outstanding prior to the distribution by the aggregate number of Units that would be outstanding following the distribution and before the consolidation if no withholding were required in respect of any part of the distribution payable to any Unitholder. That Unitholder will be required to surrender the Unit Certificates, if any, representing that Unitholder's original Units, in exchange for a Unit Certificate representing that Unitholder's post consolidation Units.

ARTICLE IV
PURPOSE AND INVESTMENTS OF THE TRUST

4.1 Purpose of the Trust

The Trust is hereby created for the following purposes:

(a) participating in the acquisition of energy services businesses;

(b) acquiring, investing in, holding, transferring, disposing of and otherwise dealing with, directly or indirectly, in any of the Securities issued by the Partnerships including investing in Securities issued by the Partnerships subsidiaries and borrowing funds for that purpose;

(c) investing in any other Securities and in any other investments as the Trustee or Petrowest GP may determine and borrowing funds for that purpose;

(d) temporarily holding cash in interest bearing accounts and short-term investments for the purposes of making investments, paying the expenses and the liabilities of the Trust, paying amounts payable by the Trust in connection with the redemption of any Units, or Securities of the Trust, and making distributions to Unitholders;

(e) issuing Units or securities convertible into or exchangeable for Units for the purpose of obtaining funds to conduct any of the activities of the Trust, completing any acquisition of Securities or any other assets for the benefit of the Trust;

(f) issuing debt securities, including the Notes, (including debt securities convertible into, or exchangeable for, Units or other Securities of the Trust) provided recourse shall be limited to the Trust Assets or otherwise borrowing and mortgaging, pledging, charging, granting a security interest in or otherwise encumbering any of the Trust Assets as security;

(g) guaranteeing (as guarantor, surety or co-principal obligor) the payment of any indebtedness, liability or obligation of the Partnerships or Petrowest GP or any of their direct or indirect subsidiaries, and mortgaging, pledging, charging, granting a security interest in or otherwise encumbering all or any part of the Trust Assets, including Securities issued by the Partnerships or Petrowest GP or any direct or indirect subsidiary, as security for that guarantee;

(h) disposing of any part of the Trust Assets;

(i) repurchasing, redeeming or otherwise acquiring Securities of the Trust, including pursuant to any issuer bid made by the Trust;

(j) satisfying the obligations, liabilities or indebtedness of the Trust;

(k) performing all acts necessary, incidental, ancillary or related to any of the foregoing subsections (a) to (j); and

(l) undertaking such other activities or taking such other actions to conduct the business of the Trust as shall be approved by the Trustee from time to time.

4.2 Other Investments

To the extent that any monies or other property received by the Trust or the Trustee are not to be immediately used by the Trustee for the purpose of making distributions under Article V, the Trustee is hereby authorized and, where directed by Petrowest GP to do so, shall invest such monies in: (i) short-term debt obligations of or guaranteed by the Government of Canada or a province of Canada; (ii) commercial paper obligations of a corporation whose short-term commercial paper is rated R-1 (or higher) by Dominion Bond Rating Service Limited or A-1 (or higher) by Standard & Poor's Rating Services; (iii) term deposits, interest bearing accounts, certificates of deposit or banker's acceptance issued or guaranteed by one of the six largest (in terms of total assets) Canadian chartered banks; or (iv) any combination of the foregoing.

ARTICLE V
DISTRIBUTIONS

5.1 Computation of Distributable Cash of the Trust

(a) The "**Cash Flow of the Trust**", for, or in respect of, any Distribution Period, shall be determined pursuant to the following provisions:

(i) all cash amounts which are received by the Trust for, and in respect of, the Distribution Period, including, without limitation, distributions received from the Partnerships, interest, dividends, proceeds from the disposition of Securities, returns of capital and repayments of indebtedness, and all amounts received by the Trust in any prior Distribution Period to the extent those amounts were not included in its calculation of Cash Flow of the Trust in that prior Distribution Period and were not previously distributed, shall be included in the calculation;

(ii) the following amounts shall be deducted in the calculation:

(A) all costs, expenses, liabilities, obligations or amounts of the Trust which, in the opinion of the Trustee, upon the recommendation of Petrowest GP, may reasonably be considered to have accrued and become owing by the Trust in respect of, or which relate to, such Distribution Period or a prior Distribution Period if not accrued or deducted in determining Cash Flow of the Trust in that prior period, including any interest payable by the Trust on any indebtedness of the Trust, including the Notes and any tax liabilities of the Trust;

(B) all amounts which relate to the redemption or purchase of Units or Notes or other Securities of the Trust by the Trust and which have been paid or became payable in cash by the Trust in such Distribution Period; and

(C) any funds borrowed by the Trust, the net proceeds of any issuance of Units, Notes or other Securities of the Trust in such Distribution Period after deducting any associated expenses or commissions, shall not be included in the calculation.

(b) The "**Distributable Cash**" for, or in respect of, a Distribution Period shall be the Cash Flow of the Trust for such Distribution Period less any amount which the Trustee, upon the recommendation of Petrowest GP, may reasonably consider to be necessary to:

(i) provide for the payment of any costs, expenses, liabilities or obligations which are reasonably expected to be incurred by the Trust;

(ii) be retained by the Trust to comply with such limits or restrictions as may be agreed to between the Trustee or Petrowest GP and any lender(s) of the

Trust or contained in any loan agreement(s) entered into by the Partnerships or any subsidiary or affiliate of the Partnerships;

(iii) make allowances for contingencies or for working capital, investments or acquisitions;

(iv) any amount that the Trustee determines, upon the recommendation of Petrowest GP, is appropriate to retain for a reserve to stabilize distributions; and

(v) provide for the payment of any income tax liability of the Trust.

5.2 Computation of Income and Net Realized Capital Gains

(a) The "**Income of the Trust**" for any taxation year of the Trust shall be the net income for the year determined pursuant to the provisions of the Tax Act (other than subsection 104(6)) and ignoring any designations made under subsection 104(19) having regard to the provisions thereof which relate to the calculation of taxable income of a trust, and taking into account such adjustments thereto as are determined by the Trustee, upon the recommendation of Petrowest GP, in respect of dividends received or deemed to be received from taxable Canadian corporations, amounts paid or payable by the Trust to Unitholders and such other amounts as may be determined in the discretion of the Trustee, upon the recommendation of Petrowest GP, provided, however, that capital gains and capital losses shall be excluded from the computation of net income.

(b) The "**Net Realized Capital Gains**" of the Trust for any taxation year of the Trust shall be determined as the amount, if any, by which the aggregate of the capital gains of the Trust in the year exceeds the total of:

(i) the aggregate of the capital losses of the Trust calculated in accordance with the Tax Act in the year;

(ii) any capital gains that are realized by the Trust as a result of a redemption of Units pursuant to Article VI;

(iii) the amount determined by the Trustee, upon the recommendation of Petrwest GP, in respect of any net capital losses for prior taxation years which the Trust is permitted by the Tax Act to deduct in computing the taxable income of the Trust for the year; and

(iv) any amount in respect of which the Trust is entitled to a capital gains refund under the Tax Act, as determined by the Trustee, upon the recommendation of Petrowest GP;

provided that at the discretion of the Trustee, upon the recommendation of Petrowest GP, the Net Realized Capital Gains of the Trust for a year may be calculated without subtracting the full amount of the net capital losses for the year

and/or without subtracting the full amount of the net capital losses of the Trust carried forward from previous years.

5.3 Distributions of Distributable Cash

The Trustee shall, upon the recommendation of Petrowest GP, on or before each Distribution Record Date, declare payable to the Unitholders of record on such Distribution Record Date, all of the Distributable Cash for the Distribution Period which includes such Distribution Record Date. The proportionate share for each Unit of the amount of such Distributable Cash shall be determined by dividing such amount by the number of issued and outstanding Units on such Distribution Record Date. Each Unitholder's share of such Distributable Cash shall be an amount equal to the proportionate share for each Unit of such Distributable Cash multiplied by the number of Units owned of record by each such Unitholder on such Distribution Record Date. Subject to Sections 5.4 and 5.7, Distributable Cash which has been declared to be payable to Unitholders in respect of a Distribution Period shall be paid in cash on the Distribution Payment Date in respect of such Distribution Period.

5.4 Other Distributions

(a) In addition to the distributions which are made to Unitholders pursuant to Section 5.3, the Trustee may, upon the recommendation of Petrowest GP, declare to be payable and make distributions, to Unitholders, from time to time, out of Income of the Trust, Net Realized Capital Gains, the capital of the Trust or otherwise, in any year, in such amount or amounts, and on such dates as the Trustee, upon the recommendation of Petrowest GP, may determine, to Unitholders at the record date for the distribution.

(b) Having regard to the present intention of the Trustee to allocate, distribute and make payable to Unitholders all of the Income of the Trust, Net Realized Capital Gains and any other applicable amounts so that the Trust will not have any liability for tax under Part I of the Tax Act in any taxation year, the following amounts shall, without any further actions on the part of the Trustee, be due and payable to Unitholders of record on December 31 in each such year:

(i) an amount equal to the amount, if any, by which the Income of the Trust for such year exceeds the aggregate of the portions, if any, of each distribution paid or payable by the Trust pursuant to Section 5.3 and Section 5.4(a) which have been determined by the Trustee, pursuant to Section 5.5, to have been payable by the Trust out of the Income of the Trust for such year; and

(ii) an amount equal to the amount, if any, by which the Net Realized Capital Gains of the Trust for such year exceeds the aggregate of the portions, if any, of each distribution paid or payable by the Trust pursuant to Section 5.3 and Section 5.4(a) which have been determined by the Trustee, pursuant to Section 5.5, to have been payable by the Trust out of Net Realized Capital Gains for such year.

(c) The proportionate share of each Unit of the amount of any distribution made pursuant to either or both of Sections 5.4(a) and (b) shall be determined by dividing such amount by the number of issued and outstanding Units on the applicable record date in respect of a distribution pursuant to Section 5.4(a) and on December 31 in respect of a distribution pursuant to Section 5.4(b). Each Unitholder's share of the amount of any such distribution shall be an amount equal to the proportionate share of each Unit of such amount multiplied by the number of Units owned of record by each such Unitholder on such applicable record date or December 31 in the year of such distribution, as the case may be. Subject to Section 5.7, amounts which have been declared to be payable to Unitholders pursuant to either Section 5.4(a) or (b) shall be paid in cash no later than the Distribution Payment Date which immediately follows the applicable record date in respect of a distribution pursuant to Section 5.4(a) and, in respect of a distribution pursuant to Section 5.4(b), such amount shall be payable on December 31 and shall be paid forthwith, and in no event later than January 30 of the following year, subject to Section 5.6.

(d) In addition to the distributions which are made payable to Unitholders, the Trustee may designate any income or capital gain realized by the Trust as a result of the redemption of Units pursuant to Article VI and Notes pursuant to the Note Indenture or otherwise to the redeeming Unitholder in accordance with this Article V.

5.5 Character of Distributions and Designations

In accordance with and to the extent permitted by the Tax Act, the Trustee, upon the recommendation of Petrowest GP, in each year shall make designations and elections in respect of the amounts payable to Unitholders for such amounts that the Trustee, upon the recommendation of Petrowest GP, considers to be reasonable in all of the circumstances, including, without limitation, designations relating to taxable dividends received or deemed to be received by the Trust in the year on shares of taxable Canadian corporations, net capital gains realized by the Trust in the year, certain resource income as contemplated by subsection 104(29) and foreign source income of and foreign taxes paid by the Trust for the year, as well as elections under subsections 104(13.1) and/or 104(13.2) of the Tax Act that income be taxed to the Trust, rather than to the Unitholders. Distributions payable to Unitholders pursuant to this Article V shall be deemed to be distributions of Income of the Trust, Net Realized Capital Gains, Trust capital or other items in such amounts as the Trustee shall, in its absolute discretion, determine. For greater certainty, it is hereby declared that any distribution of Net Realized Capital Gains shall include the non-taxable portion of the capital gains of the Trust which are encompassed in such distribution.

5.6 Enforceability of Right to Receive Distributions

For greater certainty, it is hereby declared that each Unitholder shall have the legal right to enforce payment of any amount payable to such Unitholder as a result of any distribution which is declared or made payable to such Unitholder pursuant to this Article V, as of the date on which those amounts become payable.

5.7 Method of Payment of Distributions

(a) The Trustee may, where the Trustee upon the recommendation of Petrowest GP determines that the Trust does not have available cash in an amount sufficient to make payment of the full amount of any distribution which has been declared to be payable pursuant to this Article V on the due date for such payment, or if any cash distribution should be contrary to any loan agreement or subordination agreement, effect payment of any distribution declared to be payable by:

(i) the *pro rata* issuance of additional Units, or fractions of Units; and/or

(ii) the *pro rata* issuance of Notes,

having a value equal to the difference between the amount of such distribution and the amount of cash which has been determined by the Trustee to be available for the payment of such distribution.

(b) For the purpose of determining the number of Units to be distributed pursuant to Section 5.7(a)(i), the value of each Unit shall be equal to the Redemption Price of the Units on the applicable Distribution Record Date in respect of a distribution pursuant to Section 5.3 or Section 5.4(a), or December 31 in respect of a distribution under Section 5.4(b), provided that if the particular date is not a Business Day then the Redemption Price shall be determined on the last Business Day which precedes such particular date.

(c) For the purpose of determining the principal amount of Notes to be distributed pursuant to Section 5.7(a)(ii), the value of each Note shall be the principal amount of indebtedness represented by any such Note.

5.8 Withholding Taxes

The Trustee shall deduct or withhold from distributions payable to any Unitholder all amounts required by Applicable Law to be withheld from such distribution, whether those distributions are in the form of cash, additional Units or otherwise. The Trustee may rely on advice of legal counsel or Petrowest GP in making all such determinations. To the extent that amounts are so deducted or withheld, such amounts shall be treated for all purposes as having been paid to the Unitholder in respect of which such deduction and withholding was made. In the event of a distribution in the form of additional Units, the Trustee may sell Units of those Unitholders to pay those withholding taxes and to pay all of the Trustee's reasonable expenses with regard thereto and the Trustee shall have the power of attorney of the Unitholder to do so. Upon completion of any sale of Units in accordance with this Section 5.8, the affected Unitholder shall cease to be the holder of the Units sold.

5.9 Tax Act Definitions

Unless otherwise specified or the context otherwise requires, any term in this Article V which is defined in the Tax Act shall have for the purposes of this Article V the meaning that it has in the Tax Act.

5.10 Payments of Cash

(a) Any payments of cash by the Trust to a Unitholder pursuant to this Article V or pursuant to any other provision of this Deed of Trust will be conclusively deemed to have been made upon mailing of a cheque in a postage pre-paid envelope, addressed to the Unitholder at the Unitholder's address appearing in the register of Unitholders unless such cheque is dishonoured upon presentment. Upon such payment, the Trust shall be discharged from all liability to the Unitholder in respect of such payment except to replace any cheque which is lost or destroyed. In the case of joint registered Unitholders, any cash payment required hereunder to be made to a Unitholder shall be deemed to be made to such Unitholders jointly and shall be paid by cheque or bank draft.

(b) A Unitholder or any one of the joint Unitholders may designate and the Trustee may accept that any payment required to be made hereunder shall be made by deposit to an account of such Unitholder or to a joint account of such Unitholder and any other Person or in the case of joint registered Unitholders to an account of joint registered Unitholders or to an account of any one of the joint registered Unitholders. A cheque or bank draft shall, unless the joint registered Unitholders otherwise direct, be payable to the order of all of the said joint registered Unitholders, and if more than one address appears on the books of the Trust in respect of such joint unitholding to any such addresses, the cheque or bank draft of payment in other acceptable manner as aforesaid shall satisfy and discharge all liability of the Trustee or the Trust for the amount so required to be paid unless the cheque or bank draft is not paid at par on presentation at any place where by its terms it is payable. In the event of non-receipt of any such cheque or bank draft by the Person to whom it is mailed, the Trustee, on proof of the non-receipt and upon satisfactory indemnity being given to them and to the Trust, shall issue to the Person a replacement cheque or bank draft for a like amount.

ARTICLE VI
REDEMPTION OF UNITS

6.1 Right of Redemption

Each Unitholder shall be entitled to require the Trust to redeem, at any time or from time to time, at the demand of the Unitholder, all or any part of the Units registered in the name of the Unitholder at the prices determined and payable in accordance with the terms and conditions hereinafter provided. The Trust shall have the right, at its option, to redeem at any time or from time to time all or any part of the Units, other than the initial Unit held by the Initial Unitholder, as the Trustee determines in its sole discretion at the prices determined and payable in accordance with the provisions herein provided.

6.2 Exercise of Redemption Right by a Unitholder

(a) To exercise a Unitholder's right to require redemption under this Article VI, a duly completed and properly executed redemption notice, in a form reasonably acceptable to the Trustee, requiring the Trust to redeem the number of Units

specified therein to be so redeemed, together with the certificates representing the Units to be so redeemed, shall be sent to the Trust (at its head office) or as the Trustee may otherwise direct. No form or manner of completion or execution shall be sufficient unless the same is in all respects satisfactory to the Trustee and is accompanied by any further evidence that the Trustee may reasonably require with respect to the identity, capacity or authority of the person giving such notice.

(b) Upon receipt by the Trust of the notice to redeem Units, together with the certificates representing the Units to be so redeemed, the Unitholder shall thereafter cease to have any rights with respect to the Units tendered for redemption (other than to receive the redemption payment therefor unless the redemption payment is not made as provided for herein) including the right to receive any distributions thereon which are declared payable to the Unitholders of record on a date which is subsequent to the day of receipt by the Trust of such notice. Units shall be considered to be tendered for redemption on the date that the Trustee has, to its satisfaction, received the notice and other required documents or evidence as aforesaid (the "**Redemption Date**").

6.3 Exercise of Redemption Right by the Trust

(a) The Trust shall be entitled to redeem, at any time or from time to time, all or any part of the Units held by Unitholders in accordance with the terms and conditions hereinafter provided.

(b) Notice of redemption of Units by the Trust shall be given to Unitholders called for redemption at least 10 days prior to the redemption date at the last address of such Unitholder on the register of the Trust. Such notice shall be irrevocable and shall specify the number of Units called for redemption, the redemption date, the Redemption Price and the places of payment.

(c) The Redemption Price will be payable upon presentation and surrender of the Units called for redemption at the registered office of the Trust or at any other places specified in the notice of redemption.

(d) Upon notice to redeem Units being provided in accordance with the procedures prescribed herein, the Unitholders shall thereafter cease to have any rights with respect to the Units to be redeemed (other than to receive the redemption payment therefor unless the redemption payment is not made as provided for herein) including the right to receive any distributions thereon which are declared payable to the Unitholders of record on a date which is subsequent to the day of such notice. Units shall be considered to be redeemed on the date that the Trustee has, to its satisfaction, delivered the notice and other required documents or evidence as aforesaid.

6.4 Redemption

(a) Upon receipt by the Trust of the notice to redeem Units in accordance with Section 6.2, or upon receipt by a Unitholder of the notice to redeem in accordance with Section 6.3, the Unitholder tendering or receiving such notice shall be

entitled to receive a price per Unit (hereinafter called the "**Redemption Price**") equal to:

$$\frac{(A \times B) - C}{D}$$

where:

A = the cash redemption price per trust unit of the Initial Unitholder calculated as of the close of business on the Redemption Date in accordance with the terms of the Trust Deed of Trust;

B = the aggregate number of trust units of the Initial Unitholder outstanding as of the close of business on the Redemption Date;

C = the aggregate unpaid principal amount and accrued interest thereon of the Notes and any other indebtedness of the Trust held by or owed to the Initial Unitholder and the fair market value of any other assets or investments held by the Initial Unitholder (other than Notes or Units) as of the close of business on the Redemption Date; and

D = the aggregate number of Units outstanding held by the Unitholders as of the close of business on the Redemption Date.

(b) The aggregate Redemption Price payable by the Trust in respect of any Unit tendered for redemption by the holder thereof during any month will be satisfied, at the option of the Trustee in its sole discretion, (i) in immediately available funds by cheque; (ii) by the issuance to or to the order of the Unitholder whose Units are to be redeemed of such aggregate amount of such Notes as is equal to the aggregate Redemption Price payable to such Unitholder rounded down to the nearest $10, with the balance of any such aggregate Redemption Price not paid in Notes to be paid in immediately available funds by cheque; or (iii) by any combination of funds and Notes as the Trustee shall determine in its sole discretion, in each such case, payable or issuable on the last day of the calendar month following the calendar month in which the Units were so tendered or called for redemption. A Unitholder whose Units are tendered for redemption may elect, at any time prior to the payment of the Redemption Price, to receive Notes pursuant to (ii) above in the place of all or part of the funds otherwise payable, the principal amount of such Notes payable to be equal to the funds otherwise payable, rounded down to the nearest $10.

(c) Payments by the Trust of the Redemption Price are conclusively deemed to have been made upon the mailing of the cheque representing any funds payable or any Notes issuable by registered mail in a postage prepaid envelope addressed to the redeeming Unitholder and/or any party having a security interest in respect of the

Units so redeemed. Upon such payment, the Trust shall be discharged from all liability to the redeeming Unitholder and any party having a security interest in respect of the Units so redeemed.

6.5 Cancellation of Unit Certificates for all Redeemed Units

All Unit Certificates which are redeemed under this Article VI shall be cancelled and such Units shall no longer be outstanding and shall not be reissued.

ARTICLE VII
THE TRUSTEE

7.1 Indefinite Term of Office

The Trustee shall hold office until the earlier of: (i) the termination of the Trust or (ii) its resignation, removal or ceasing to qualify as a trustee under Section 7.5 and the appointment of a successor trustee pursuant to this Article VII.

7.2 Resignation

The Trustee and any successor Trustee may resign at any time by giving notice in writing to Petrowest GP. Such resignation will take effect on the date such notice is given or at any later time specified in the notice, provided that no such resignation shall be effective until the appointment of a successor to the Trustee pursuant to Section 7.4 and the legal and valid assumption by the new Trustee of all obligations of the Trustee related hereto in the same capacities as the resigning Trustee. Any entitlement of the Trustee to fees or other remuneration shall continue until the effective date of the resignation.

7.3 Removal

The Trustee may be removed by the Unitholders at any time with or without cause by a Special Resolution of the Unitholders at a meeting called for that purpose or by the unanimous written consent of Unitholders. The removal of the Trustee under this Section 7.3 shall not be effective until the appointment of a successor or successors to the Trustee pursuant to Section 7.4.

7.4 Appointment

The Unitholders by a unanimous written resolution or at a meeting of Unitholders shall appoint a successor to any Trustee that has resigned pursuant to Section 7.2 or who has been removed under Section 7.3. If no successor to a Trustee who has resigned under Section 7.2 or who has been removed under Section 7.3 has accepted an appointment under this Section 7.4 within 90 days after such notice of resignation or removal, as the case may be, the Trustee or any Unitholder may apply to a court of competent jurisdiction for the appointment of a successor Trustee.

7.5 Qualifications of Trustee

No Person shall at any time be eligible to be appointed as a Trustee pursuant to Section 7.4, or to act as a Trustee at any time, other than a corporation incorporated under the laws of Canada or a province thereof which is not a non-resident of Canada for purposes of the Tax Act. The Trustee is not required to hold Units.

7.6 Number

At all times there shall be at least one Trustee.

7.7 Remuneration of the Trustee

The Trustee, in its capacity as trustee, shall be entitled to such fees or other reasonable remuneration as shall be agreed by the Trustee and the Board of Directors from time to time.

7.8 Payment of Remuneration

Any fees or other remuneration payable to the Trustee under Section 7.7 shall be paid out of the Income of the Trust and, to the extent that the Income of the Trust shall be insufficient, out of the Trust Assets.

7.9 Trustee to Act as Principal

In the exercise or purported exercise of any of its powers hereunder and in the performance or purported performance of any of the obligations imposed upon, or undertaken by, the Trustee pursuant to this Deed of Trust, the Trustee shall act as a principal and shall not be the agent of all or any of the Unitholders or of any other Person.

7.10 Liability to Third Parties

All acts done, written instruments executed and all obligations and liabilities incurred by or on behalf of the Trustee or by any person who is an officer, employee or agent of the Trustee, in the performance of the responsibilities, powers and authorities of the Trustee hereunder, shall be conclusively taken to have been done, executed or incurred only by or on behalf of the Trustee in its capacity as trustee.

7.11 Officers

The Trustee may, from time to time, appoint one or more officers of the Trust and, without prejudice to rights under any employment contract, may remove any officer of the Trust. The powers and duties of each officer of the Trust shall be those determined from time to time by the Trustee and, in the absence of such determination, shall be those usually applicable to the office held. A majority of the officers shall not be non-residents of Canada for the purposes of the Tax Act.

7.12 Continuing Obligations of the Trust

Upon the Trustee ceasing to hold office as provided in this Article VII, the Trustee shall cease to be a party to this Deed of Trust; provided however, that the Trustee shall continue to be

entitled to payments of any amounts owing by the Trust to the Trustee which had accrued prior to the Trustee ceasing to hold office and provided further that the Trustee and each of its directors, officers, employees, shareholders and agents shall continue to be entitled to the benefit of any indemnity and limitation of liability provisions contained in this Deed.

7.13 Vesting in Successor Trustee

The title to any part of the Trust Assets held by any Trustee who is no longer in office shall vest (subject to all mortgages, charges and other security interests granted, created or assumed by the Trustee no longer in office) forthwith in any successor Trustee, without further act or formality, but in any event, if requested, any Trustee which ceases to act hereunder shall execute all instruments and do all acts necessary to vest such title as it may have had in the Trust Assets in any successor Trustee of record, without court accounting or further act or formality.

ARTICLE VIII
CONCERNING THE TRUSTEE

8.1 Powers of the Trustee

(a) Subject to the terms and conditions of this Deed of Trust, the Trustee may exercise from time to time in respect of the Trust Assets and the investments and affairs of the Trust any and all rights, powers and privileges that could be exercised by the legal and beneficial owner of those assets.

(b) Subject to the specific limitations contained in this Deed of Trust and any delegation of powers made to Petrowest GP and permitted hereunder, the Trustee shall have, without further or other action or consent, and free from any power or control on the part of the Unitholders full, absolute and exclusive power, control and authority over the Trust Assets and over the affairs of the Trust to the same extent as if the Trustee was the sole and absolute beneficial owner of the Trust Assets in its own right, to do all acts and things as in its sole judgment and discretion are necessary or incidental to, or desirable for, carrying out the trust created under this Deed of Trust. In construing the provisions of this Deed of Trust, the presumption shall be in favour of the powers and authority granted to the Trustee. The enumeration of any specific power or authority in this Deed of Trust shall not be construed as limiting the general powers or authority or any other specified power or authority conferred in this Deed of Trust on the Trustee. To the maximum extent permitted by Applicable Law, the Trustee shall, in carrying out investment activities, not be in any way restricted by the provisions of the laws of any jurisdiction limiting or purporting to limit investments which may be made by trustees. Without limiting the generality of the foregoing, but subject to any express limitations contained in this Deed of Trust, the Trustee may make any investments without being required to adhere to all or any particular portion of the investment criteria or diversification requirements set forth in the *Trustee Act* (Alberta), as amended from time to time, and may delegate management and authority to discretionary managers of investment funds as the Trustee in its discretion determines appropriate.

8.2 Specific Powers and Authorities of the Trustee

Subject only to the express limitations contained in this Deed of Trust and in addition to any other powers and authorities conferred by this Deed of Trust or which the Trustee may have by virtue of any Applicable Law, the Trustee, without any action or consent by the Unitholders shall have, and may exercise at any time and from time to time, the following powers and authorities which may or may not be exercised by the Trustee in its sole judgment and discretion and in such manner and upon such terms and conditions as it may from time to time determine proper:

(a) to supervise the activities and manage the investments and affairs of the Trust;

(b) to manage the Trust Assets;

(c) to maintain records and provide reports to Unitholders;

(d) to collect, sue for and receive all sums of money or other property due to the Trust;

(e) to open, operate and close accounts and other similar credit, deposit and banking arrangements and to negotiate and sign banking and financing contracts and agreements;

(f) to determine conclusively the allocation to capital, income or other appropriate accounts of all receipts, expenses and disbursements;

(g) to determine conclusively the value of any or all of the Trust Assets from time to time and, in determining that value, to consider any information and advice as the Trustee in its sole judgment, may deem material and reliable;

(h) to enter into any Note Indenture and issue, redeem, make payments in respect of and otherwise deal with the Notes in the manner provided for in such Note Indenture;

(i) to effect payment of distributions to the Unitholders as provided in Article V but not contrary to any provisions of any subordination agreement;

(j) to invest any and all funds and monies of the Trust in the manner set forth in Article IV;

(k) to invest, hold shares, units, beneficial interests, partnership interests, joint venture interests or other interests or Securities in any of the Persons described in Sections 4.1(a) and (b) necessary or useful to carry out the purpose of the Trust and to exercise all rights pertaining to such interests or Securities;

(l) to possess and exercise all the rights, powers and privileges pertaining to the ownership of any Securities comprising the Trust Assets to the same extent that an individual might, unless otherwise limited herein, and, without limiting the generality of the foregoing, to vote or give any consent, request or notice, or

waive any notice, either in person or by proxy or power of attorney, with or without power of substitution, to one or more Persons, which proxies and powers of attorney may be for meetings or actions generally or for any particular meeting or action and may include the exercise of discretionary power;

(m) subject to Section 8.4, to sell, transfer, assign and convey, for and on behalf of the Trust, all or any portion of the Trust Assets on such terms and conditions as the Trustee shall deem to be in the best interests of the Unitholders;

(n) where reasonably required, to engage or employ on behalf of the Trust any Persons as agents, representatives, employees, independent contractors or administrators (including, without limitation, investment advisors, registrars, underwriters, accountants, lawyers, appraisers, brokers or otherwise) in one or more capacities;

(o) except as prohibited by Applicable Law, to delegate any of the powers and duties of the Trustee to Petrowest GP or any one or more agents, representatives, officers, employees, independent contractors, administrators or other Persons without liability to the Trustee, except as provided in this Deed of Trust;

(p) to engage in, intervene in, prosecute, join, defend, compromise, settle, abandon or adjust, by arbitration or otherwise, any actions, suits, disputes, claims, demands or other litigation or proceedings, regulatory or judicial, relating to the Trust, the Trust Assets or the Trust's affairs, to enter into agreements therefor, whether or not any suit or proceeding is commenced or claim asserted and, in advance of any controversy, to enter into agreements regarding the arbitration, adjudication or settlement thereof;

(q) to arrange for insurance contracts and policies insuring the Trust, the Trust Assets, the business of the Partnerships or any direct or indirect subsidiary of the Trust and/or any or all of the Trustee or the Unitholders, including against any and all claims and liabilities of any nature asserted by any Person arising by reason of any action alleged to have been taken or omitted by the Trust or by the Trustee or Unitholders or by any of the Trust's subsidiaries or otherwise;

(r) to cause legal title to any of the Trust Assets to be held by and/or in the name of the Trustee, or, except as prohibited by Applicable Law, by and/or in the name of the Trust or any other custodian or Person, on such terms, in such manner, with such powers in such Person as the Trustee may determine and with or without disclosure that the Unitholders, the Trust or the Trustee is interested therein, provided however that should legal title to any of the Trust Assets be held by and/or in the name of any Person or Persons other than the Trustee or the Trust, the Trustee shall require such Person or Persons to execute a trust agreement acknowledging that legal title to such assets is held in trust for the benefit of the Unitholders;

(s) without limit as to amount, to borrow money or otherwise obtain credit in the name of the Trust from time to time, from any Person for the purpose of carrying out the business or any other purposes of the Trust and for such purpose to draw,

make, execute and issue loan agreements, promissory notes, debentures, convertible debentures, notes or similar debt securities and other negotiable and non-negotiable instruments and evidences of indebtedness (any or all of which may contain limitations or restrictions on payments, transfers, distributions or dispositions), secure the payment of sums so borrowed or indebtedness incurred and mortgage, pledge, assign or grant a priority interest in any money owing to the Trust or engage in any other means of financing the Trust;

(t) without limit as to amount, to lend funds to any Person, including without limitation, the Partnerships or any affiliate of the Trust, in such manner and for such purposes as have been and may be approved and determined to be in the best interests of the Unitholders by the Trustee;

(u) to guarantee, indemnify or act as a surety with respect to the payment or performance of any indebtedness, liabilities or obligations of any kind of any Person, including without limitation, the Partnerships or any affiliate of the Trust and, if required, to pledge Securities of such Person as security for such guarantee or indemnity;

(v) to enter into any subordination, postponement or priority agreement on behalf of the Trust with any lender or creditor to any Person, including the Partnerships or any affiliate of the Trust, pursuant to which, among other things, the Trust may agree to subordinate and postpone its debt, security or any right to receive any income from any Person;

(w) to charge, mortgage, hypothecate, pledge or assign on behalf of the Trust, or grant any security interest, lien or encumbrance over or with respect to, all or any portion of the currently owned or subsequently acquired Trust Assets for any purpose, including to secure any monies borrowed or other liabilities or obligations of the Trust or to secure any guarantee granted by the Trust;

(x) to issue Units, Notes or convertible securities for such consideration as the Trustee may deem appropriate in its sole discretion, such issuance to be subject to the terms and conditions of this Deed of Trust;

(y) to subdivide or consolidate from time to time the issued and outstanding Units;

(z) in addition to the mandatory indemnification provided for in Section 8.9, to the extent permitted by Applicable Law, to indemnify, or enter into agreements with respect to the indemnification of, any Person with whom the Trust has dealings including, without limitation, the Trustee or the Transfer Agent or escrow agent, if any, to such extent as the Trustee shall determine;

(aa) to pay all taxes or assessments, of whatever kind or nature, whether within or outside Canada, imposed upon or against the Trustee in connection with the Trust Assets, the undertaking of the Trust or the Income of the Trust, or imposed upon or against the Trust Assets, the undertaking of the Trust or the Income of the Trust, or any part thereof, and to settle or compromise disputed tax liabilities and for the foregoing purposes to make such returns, take such deductions, and make

such designations, elections and determinations in respect of the Income of the Trust or Net Realized Capital Gains distributed to Unitholders in the year and any other matter as shall be permitted under the Tax Act (provided that to the extent necessary the Trustee will seek the advice of the Trust's counsel or the Auditors), and do all such other acts and things as may be deemed by the Trustee in its sole discretion to be necessary, desirable or convenient;

(bb) to make, execute, acknowledge and deliver any and all agreements, deeds, contracts, waivers, releases or other documents of transfer and any and all other instruments in writing necessary (including tax elections or designations) or proper for the accomplishment of any of the powers granted to the Trustee under the terms of this Deed of Trust; and

(cc) to do all such other acts and things as are incidental to the foregoing, and to exercise all powers which are necessary or useful to carry on the purpose and activities of the Trust, to promote any of the purposes for which the Trust is formed and to carry out the provisions of this Deed of Trust.

The Trustee shall have the power to prescribe any form provided for or contemplated by this Deed of Trust and the Trustee may make, adopt, amend or repeal regulations containing provisions relating to the conduct of the affairs of the Trust not inconsistent with Applicable Law or with this Deed of Trust (the "**Trustee's Regulations**"). The Trustee shall also be entitled to make any reasonable decisions, designations or determinations not contrary to this Deed of Trust which it may determine is necessary or desirable in interpreting, applying or administering this Deed of Trust or in administering, managing or operating the Trust. Any Trustee's Regulations, decisions, designations or determinations made pursuant to this section shall be conclusive and binding upon all Persons affected thereby. The Trustee shall, except as may be prohibited by Applicable Law, have the right to delegate authority for the above referenced matters to a manager or administrator, including Petrowest GP, where the Trustee determines in its sole discretion that such delegation is desirable to effect the administration of the duties of the Trustee under the Deed of Trust. The Trustee may also delegate certain powers for management of the day-to-day affairs of the Trust provided that delegation is not inconsistent with this Deed of Trust.

8.3 Voting of Securities Held by the Trust

The Securities held from time to time by the Trustee as part of the Trust Assets may and shall be voted by the Trustee at any and all meetings of securityholders of such Persons in which the Trust holds Securities, at which the holders of such Securities are entitled to vote.

8.4 Restrictions on Trustee's Powers

Notwithstanding Section 8.3, the Trustee may not at any time following the date hereof under any circumstances whatsoever authorize or vote the Securities held by it to authorize:

(a) any amalgamation, arrangement or other merger of Petrowest GP, Acquisitionco, the Partnerships with any other Person, except with one or more direct or indirect wholly-owned subsidiaries of the Trust or the Initial Unitholder or in conjunction

with an internal reorganization with an affiliate or subsidiary of the Partnerships or the Trust;

(b) the winding-up or dissolution of the Partnerships prior to the end of the term of the Trust, except in conjunction with an internal reorganization with an affiliate or subsidiary of the Partnerships or the Trust; or

(c) any sale, lease or exchange of all or substantially all of the Trust Assets, except pursuant to any security granted under Section 8.2(w), or to any internal reorganization of the direct or indirect assets of the Trust as a result of which the Trust has the same interest, whether direct or indirect, in the assets as the interest, whether direct or indirect, that it had prior to the reorganization or where any such sale, lease or exchange is effected between or among the Trust and any one or more of:

(i) the Initial Unitholder;

(ii) the Partnerships;

(iii) any other corporation, partnership, firm or other form of entity or organization that is directly or indirectly wholly-owned by the Trust or the Initial Unitholder;

(iv) any trust or trusts, the sole beneficiaries of which are the Trust and/or any of the Persons referred to in (i) through (iii) above; and

(v) any partnership, the only partners of which are Persons referred to in (i) through (iv) above; or

(d) any sale, lease or exchange of all or substantially all of the assets of the Partnerships except pursuant to any security granted by the Partnerships, except pursuant to any internal reorganization with an affiliate or subsidiary of the Initial Unitholder, the Trust or the Partnerships, or where any such sale, lease or exchange is effected between or among any one or more of:

(i) the Initial Unitholder;

(ii) the Trust;

(iii) the Partnerships;

(iv) any other corporation, partnership, firm or other form of entity or organization that is directly or indirectly wholly-owned by the Initial Unitholder, the Trust or the Partnerships;

(v) any trust or trusts, the sole beneficiaries of which are the Trust and/or any of the Persons referred to in (i) through (iv); and

(vi) any partnership, the only partners of which are Persons referred to in (i) through (v) above,

in each case, without the approval of the Unitholders by Special Resolution at a meeting of Unitholders called for that purpose.

8.5 Banking

The banking activities of the Trust, or any part thereof, shall be transacted with such bank, trust company, or other firm or corporation carrying on a banking business as the Trustee may designate, appoint or authorize from time to time and all such banking activities, or any part thereof, shall be transacted on the Trust's behalf by the Trustee or one or more officers of the Trust, Petrowest GP or the Trustee as the Trustee may designate, appoint or authorize from time to time including, but without restricting the generality of the foregoing, the operation of the Trust's accounts; the making, signing, drawing, accepting, endorsing, negotiation, lodging, depositing or transferring of any cheques, promissory notes, drafts, acceptances, bills of exchange and orders for the payment of money; the giving of receipts for orders relating to any property of the Trust; the execution of any agreement relating to any property of the Trust; the execution of any agreement relating to any such banking activities and defining the rights and powers of the parties thereto; and the authorizing of any officer of such banker to do any act or thing on the Trust's behalf to facilitate such banking activities.

8.6 Standard of Care and Duties

The Trustee and all officers of the Trustee shall act honestly and in good faith with a view to the best interests of the Trust and the Unitholders and, in connection therewith, shall exercise the degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. Unless otherwise required by Applicable Law, the Trustee and officers of the Trustee shall not be required to give bond, surety or security in any jurisdiction for the performance of any duties or obligations hereunder. The Trustee, in its capacity as Trustee, shall not be required to devote its entire time to the investments, business or affairs of the Trust.

8.7 Fees and Expenses

The Trustee shall be paid reasonable fees, costs and expenses incurred in connection with the administration and management of the Trust, including (without limitation) fees, costs, charges and expenses of auditors, lawyers, appraisers and other agents, consultants and professional advisors employed by or on behalf of the Trust and the cost of reporting or giving notices to Unitholders. All costs, charges and expenses properly incurred by the Trustee on behalf of the Trust shall be payable out of the Income of the Trust and, to the extent that the Income of the Trust shall be insufficient, out of the Trust Assets.

8.8 Limitations on Liability of Trustee

Subject to the standard of care set forth in Section 8.6, neither the Trustee nor any of its directors, officers, employees, shareholders or agents shall be liable to any Unitholder for any action taken or not taken in good faith in reliance on any documents that are, prima facie, properly executed; any depreciation of, or loss to, the Trust incurred by reason of the sale of any asset; the loss or disposition of monies or Securities; or any other action or failure to act including, without limitation, the failure to compel in any way any former Trustee to redress any breach of trust or any failure by any other Person to perform the duties delegated to it under this Deed of Trust or any failure by the Partnerships to pay monies owed to the Trust, except for a

breach of a standard of care, diligence and skill as set out in Section 8.6 or a breach of Section 8.4. If the Trustee has retained an appropriate expert, advisor or legal counsel with respect to any matter connected with its duties under this Deed of Trust, the Trustee may act or refuse to act based on the advice of such expert, advisor or legal counsel and, notwithstanding any provision of this Deed of Trust, including, without limitation, the standard of care, diligence and skill set out in Section 8.6, the Trustee shall not be liable for any action or refusal to act based on the advice of any such expert, advisor or legal counsel that it is reasonable to conclude is within the expertise of such expert, advisor or legal counsel to give.

Subject to the standard of care set forth in Section 8.6, neither the Trustee nor any of its directors, officers, employees, shareholders or agents shall be subject to any liability whatsoever in tort, contract or otherwise, in connection with the Trust Assets or the affairs of the Trust, including in respect of any loss or diminution in value of any Trust Assets, to the Trust or to the Unitholders or to any other Person for anything done or permitted to be done by the Trustee. The Trustee shall not be subject to any liability for any debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses against or with respect to the Trust arising out of anything done or permitted or omitted to be done in respect of the execution of the duties of the office of Trustee for or in respect to the affairs of the Trust. No property or assets of the Trustee will be subject to any levy, execution or other enforcement procedure with regard to any obligations under this Deed of Trust or under any other related agreements. No recourse may be had or taken, directly or indirectly, against the Trustee or against any incorporator, shareholder, director, officer, employee or agent of the Trustee or any successor of the Trustee. The Trust shall be solely liable therefor and resort shall be had solely to the Trust Assets for payment or performance thereof. In the exercise of the powers, authorities or discretion conferred upon the Trustee under this Deed of Trust, the Trustee is and shall be conclusively deemed to be acting as trustee of the Trust Assets.

8.9 Indemnification of Trustee

Each Trustee, each former Trustee, each director, officer, employee, shareholder and agent of the Trustee and each former director, officer, employee, shareholder and agent of the Trustee shall be entitled to be and shall be indemnified and reimbursed out of the Trust Assets in respect of any and all taxes (other than taxes on compensation), penalties or interest in respect of unpaid taxes or other governmental charges imposed upon the Trustee or former Trustee or director, officer, employee, shareholder or agent or former director, officer, employee, shareholder or agent in consequence of his or her performance of his or her duties hereunder and in respect of any and all costs, charges and expenses, including amounts paid to settle an action or satisfy a judgment, reasonably incurred in respect of any civil, criminal or administrative action or proceeding to which the Trustee, former Trustee, director, officer, employee, shareholder or agent or former director, officer, employee, shareholder or agent is made a party or against whom any such claim, action or proceeding is commenced or proposed by reason of being or having been a Trustee or director, officer, employee, shareholder or agent of the Trustee or, at the request of the Trust, a director or officer of any subsidiaries of the Trust; provided that a Trustee, former Trustee, director, officer, employee, shareholder or agent or former director, officer, employee, shareholder or agent shall not be indemnified out of the Trust Assets in respect of unpaid taxes or other governmental charges or in respect of such costs, charges and expenses that arise out of or as a result of his, her or its failure to act honestly and in good faith with a view to the best interests of the Unitholders and in accordance with the standard of care

set forth in Section 8.6. A Trustee, former Trustee, director, officer, employee, shareholder or agent or former director, officer, employee, shareholder or agent shall not be entitled to satisfy any right of indemnity or reimbursement granted herein, or otherwise existing under Applicable Law, except out of the Trust Assets, and no Unitholder or other Trustee or director, officer, employee, shareholder or agent shall be personally liable to any Person with respect to any claim for such indemnity or reimbursement as aforesaid.

8.10 Conditions Precedent

The obligation of the Trustee to commence or continue any act, action, suit or proceeding or to represent the Trust in any action, suit or proceeding shall be conditional upon sufficient funds being available to the Trustee from the Trust Assets to commence or continue such act, action, suit or proceeding or to represent the Trust in any action, suit or proceeding and an indemnity reasonably satisfactory to the Trustee to protect and hold harmless the Trustee against the costs, charges and expenses and liabilities to be incurred therein and any loss and damage it may suffer by reason thereof. None of the provisions contained in this Deed of Trust shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of its duties or in the exercise of any of its rights or powers unless it is given an indemnity and funding satisfactory to the Trustee, acting reasonably.

8.11 Reliance Upon Trustee and Officers

Any Person dealing with the Trust in respect of any matters pertaining to the Trust Assets and any right, title or interest therein or to the Trust or to Securities of the Trust shall be entitled to rely on a certificate, statutory declaration or resolution executed or certified by the Trustee, Petrowest GP or any officer of the Petrowest GP as to the capacity, power and authority of the Trustee or any Person to act for and on behalf of and in the name of the Trust. No Person dealing with the Trustee or any officers of the Trust or Petrowest GP shall be bound to see the application of any funds or property passing into the hands or control of the Trustee or any officers of the Trust or Petrowest GP. The receipt of the Trustee or any officer of the Trust or Petrowest GP for monies or other consideration shall be binding upon on the Trust.

8.12 Survival of Indemnities

All indemnities, all limitations of liability and all other provisions for the protection of the Trustee provided for in this Deed of Trust shall survive the termination of this Deed of Trust under Article XIII and the removal or resignation of the Trustee under Article VII.

8.13 Trustee May Have Other Interests

Subject to Applicable Laws, and without affecting or limiting the duties and responsibilities or the limitations and indemnities provided in this Deed of Trust, the Trustee is hereby expressly permitted to:

(a) be, or be an associate or an affiliate of, a Person from or to whom the Trust Assets have been or are to be purchased or sold;

(b) be, or be an associate or an affiliate of, a Person with whom the Trust, the Partnerships or a subsidiary or an affiliate of the Trust contracts or deals or a

Person which supplies services or extends credit to the Trust, the Partnerships or a subsidiary or an affiliate of the Trust; and

(c) derive direct or indirect benefit, profit or advantage from time to time as a result of dealing with the Trust or the relationships, matters, contracts, transactions, affiliations or other interests stated in this Section 8.13 without being liable to the Trust or any Unitholder for any such direct or indirect benefit, profit or advantage.

Subject to Applicable Laws, none of the relationships, matters, contracts, transactions, affiliations or other interests permitted above shall be, or shall be deemed to be or to create, a material conflict of interest with the Trustee's duties hereunder.

8.14 Vacancies

No vacancy of the office of Trustee shall operate to annul this Deed of Trust or affect the continuity of the Trust.

8.15 Validity of Acts

Any act of a Trustee is valid notwithstanding any irregularity in the appointment of the Trustee or a defect in the qualifications of the Trustee.

ARTICLE IX
DELEGATION OF POWERS

9.1 Delegation Permitted

Except as prohibited by Applicable Law, the Trustee may delegate to any Person such authority and such powers as the Trustee may in its sole discretion deem necessary or desirable to effect the administration of the duties of the Trustee under this Deed of Trust, without regard to whether such authority is normally granted or delegated by trustees. In accordance with the foregoing, the Trustee may grant broad discretion to administer and manage the day-to-day operations of the Trust, to act as agent for the Trust, to execute documents on behalf of the Trust and to make executive decisions for and on behalf of the Trust. Any administrator shall have the powers and duties delegated thereto or otherwise expressly provided for herein and in any administration or management agreement including, without limitation, the power to retain and instruct such appropriate experts or advisors to perform those duties and obligations granted or delegated to the administrator which it is not qualified to perform (and the administrator shall notify the Trustee of the name of the Person or Persons retained or instructed and the terms and conditions thereof).

9.2 Sub-Delegation

In respect to any delegation by the Trustee of any of its powers and authorities, as permitted hereunder, to any Person whomsoever, the Trustee, in its absolute discretion, shall be permitted to authorize a delegate to further sub-delegate any such powers and authorities.

9.3 Liability of Trustee

The Trustee shall have no liability or responsibility for any acts or omissions of any administrator (or any sub-delegate thereof) arising hereunder or under any administration or management agreement and the Trustee, in delegating to and relying upon the administrator, or any sub-delegate thereof (as the case may be), shall be deemed to have complied with its obligations under Section 8.6 hereof.

ARTICLE X
AMENDMENT

10.1 Amendment

The provisions of this Deed of Trust, except where specifically provided otherwise, may only be amended by the Trustee with the consent of the Unitholders evidenced by a Special Resolution; provided that the provisions of this Deed of Trust may be amended by the Trustee, at any time and from time to time, without the consent, approval or ratification of the Unitholders or any other Person at any time for the purpose of:

(a) ensuring continuing compliance with Applicable Laws (including the Tax Act), regulations, requirements or policies of any Governmental Authority having jurisdiction over the Trustee or the Trust;

(b) making amendments which, in the opinion of the Trustee, provides additional protection or added benefits for the Unitholders;

(c) removing any conflicts or inconsistencies in this Deed of Trust or making minor changes or corrections including the correction or rectification of any ambiguities, defective provisions, errors, mistakes or omissions, which are, in the opinion of the Trustee, necessary or desirable and not prejudicial to the Unitholders;

(d) making amendments which, in the opinion of the Trustee, are necessary or desirable and in the interests of the Unitholders as a result of changes in taxation laws or policies of any Governmental Authority having jurisdiction over the Trustee or the Trust; or

(e) for any purpose (except one in respect of which a vote by Unitholders is specifically otherwise required) if the Trustee is of the opinion that the amendment is not prejudicial to Unitholders and is necessary or desirable,

but, notwithstanding the foregoing, no such amendment shall modify the right to one vote per Unit or reduce the fractional undivided interest in the Trust Assets represented by any Unit without the consent of the holder of such Unit and no amendment shall reduce the percentage of votes required to be cast at a meeting of the Unitholders for the purpose of this Section 10.1 without the unanimous consent of the Unitholders.

10.2 Notification of Amendment

As soon as shall be practicable after the making of any amendment pursuant to Section 10.1, the Trustee shall furnish written notification of the substance of the amendment to the Unitholders.

ARTICLE XI
MEETINGS OF UNITHOLDERS

11.1 Annual and Special Meetings of Unitholders

Annual meetings of the Unitholders shall be called, commencing in 2007, on or before June 30 in each year, or otherwise as required by Applicable Laws, at a time and at a place in Canada set by Petrowest GP. The business transacted at such meetings shall include, subject to Section 15.9, the presentation of the consolidated audited financial statements of the Trust for the immediately preceding fiscal year, the direction of the Business Trustee as to the persons to be elected to the board of directors of the Trustee and the Board of Directors for the ensuing year, the appointment of Auditors for the ensuing year and the transaction of such other business as Unitholders may be entitled to vote upon as hereinafter provided in this Article XI or as the Trustee or Petrowest GP may determine or as may be properly brought before the meeting.

Special meetings of the Unitholders may be called at any time by the Trustee or Petrowest GP and shall be called by Petrowest GP upon a written request of Unitholders holding in the aggregate not less than 5% of the Units then outstanding, such request to be sent to Petrowest GP at the head office of the Trust specifying in reasonable detail the purpose or purposes for which such meeting is to be called.

The chairman of any annual or special meeting shall be the Chairman of Petrowest GP or, in the absence of the Chairman of Petrowest GP, any person appointed as chairman of the meeting by the Unitholders present. The Trustee, the directors and officers of Petrowest GP, the Auditors and any other person approved by the Trustee or Petrowest GP, the chairman of the meeting or by resolution passed by a majority of the votes cast by Unitholders represented at the meeting may attend meetings of the Unitholders. Upon receiving the requisition described above, Petrowest GP will call a meeting of the Unitholders to transact the business referred to in the requisition, unless:

(a) Petrowest GP has called a meeting of Unitholders and has given notice thereof pursuant to Section 11.2; or

(b) in connection with the business as stated in the requisition:

(i) it clearly appears that the matter covered by the requisition is (1) submitted by the Unitholder primarily for the purpose of enforcing a personal claim or redressing a personal grievance against the Trust, the Trustee, Petrowest GP, the Partnerships or the Unitholders, or (2) does not relate in a significant way to the business or affairs of the Trust;

(ii) provides for cash redemptions or repurchases of Units or Notes;

(iii) the Trust, at the Unitholder's request, included a matter covered by a requisition in an information circular relating to a meeting of the Unitholders held within two years preceding the receipt of such request and the Unitholder failed to present the matter, in person or by proxy, at the meeting;

(iv) substantially the same matter covered by the requisition was submitted to Unitholders in an information circular relating to a meeting of the Unitholders held within two years preceding the receipt of the Unitholder's request and the matter covered by the requisition was defeated; or

(v) the rights conferred by this Section 11.1 are being abused to secure publicity.

If Petrowest GP does not, within 30 days after receiving the requisition, call a meeting, any Unitholder who signed the requisition may call the meeting in accordance with the provisions of this Article XI, *mutatis mutandis*. If there is no Trustee, the directors or officers of Petrowest GP will promptly call a special meeting of the Unitholders for the election of a successor Trustee, failing with any interested Person (including a Unitholder) may apply to a court of competent jurisdiction to appoint a replacement Trustee. The phrase "meeting of the Unitholders" wherever it appears in this Deed of Trust will mean both annual meetings and any other meetings of the Unitholders.

11.2 Notice of Meetings

Notice of all meetings of Unitholders shall be delivered to each Unitholder at his or her last address on the books of the Trust at least 21 days and not more than 60 days before the meeting, subject to Applicable Law. Such notice shall specify the time when, and the place where, such meeting is to be held and shall specify the nature of the business to be transacted at such meeting in sufficient detail to permit a Unitholder to form a reasoned judgment thereon, together with the text of any Special Resolution, at the time of mailing of the notice, proposed to be passed. Any adjourned meeting, other than a meeting adjourned for lack of quorum under Section 11.3, may be held as adjourned without further notice. The accidental omission to give notice or the non-receipt of such notice by a Unitholder shall not invalidate any resolution passed at any such meeting. Notwithstanding the foregoing, a meeting of Unitholders may be held at any time without notice if all the Unitholders are present or represented thereat or those not so present or represented have waived notice. Any Unitholder (or a duly appointed proxy of a Unitholder) may waive any notice required to be given under the provisions of this section, and such waiver, whether given before or after the meeting, shall cure any default in the giving of such notice.

11.3 Quorum

At any meeting of the Unitholders, subject as hereinafter provided, a quorum shall consist of one or more individuals present in person either holding personally or representing as proxies not less in aggregate than 5% of the outstanding Units. In the event of such quorum not being present at the appointed place on the date for which the meeting is called within 30 minutes after the time fixed for the holding of such meeting, the meeting, if called by request of Unitholders, shall be terminated and, if otherwise called, shall stand adjourned to such day being not less than

14 days later and to such place and time as may be appointed by the chairman of the meeting. If at such adjourned meeting a quorum as above defined is not present, the Unitholders present either personally or by proxy shall form a quorum, and any business may be brought before, or dealt with at, such an adjourned meeting which might have been brought before, or dealt with at, the original meeting in accordance with the notice calling the same.

11.4 Voting Rights of Unitholders

Only Unitholders of record shall be entitled to vote and each Unit shall entitle the holder or holders of that Unit to one vote on a poll vote at any meeting of Unitholders. Every question submitted to a meeting, other than a Special Resolution, shall, unless a poll vote is demanded, be decided by a show of hands vote, on which every person present and entitled to vote shall be entitled to one vote. At any meeting of Unitholders, any holder of Units entitled to vote thereat may vote by proxy and a proxy need not be a Unitholder, provided that no proxy shall be voted at any meeting unless it shall have been received by the Transfer Agent, if any, or the Trustee for verification at least 24 hours prior to the commencement of such meeting or such earlier time as the chairman of the meeting may determine. When any Unit is held jointly by several persons, any one of them may vote at any meeting in person or by proxy in respect of such Unit, but if more than one of them shall be present at such meeting in person or by proxy, and such joint owners or their proxies so present disagree as to any vote to be cast, such vote purporting to be executed by or on behalf of a Unitholder shall be deemed valid unless challenged at or prior to its exercise, and the burden of proving invalidity shall rest on the challenger.

Unitholders may revoke a proxy by depositing an instrument in writing (which includes another proper form of proxy with a later date), at any time up to and including the last business day preceding the day of the meeting, or by depositing it with the chairman of the meeting on the day of the meeting.

11.5 Resolutions Binding the Trustee

Unitholders shall be entitled to pass resolutions that will bind the Trustee or the Trust only with respect to the following matters:

(a) the appointment of a Trustee as provided in Article VII;

(b) the authorization of the matters set out in Section 8.4;

(c) the consent to amendments of this Deed of Trust proposed by the Trustee as provided in Section 10.1;

(d) the election of the board of directors of the Trustee and the Board of Directors for the ensuing year pursuant to Section 11.1;

(e) the appointment of an Inspector as provided in Section 11.9;

(f) the termination of the Trust as provided in Section 13.2;

(g) the appointment or removal of Auditors as provided in Article XVI; and

(h) any other matters required by Applicable Laws to be submitted to Unitholders for their approval.

Except with respect to the above matters set out in this Section 11.5, no action taken by the Unitholders or any resolution of the Unitholders at any meeting shall in any way bind the Trustee. Any action taken or resolution passed in respect of any matter at a meeting of Unitholders shall be by Special Resolution, unless the contrary is otherwise expressly provided under any specific provision of this Deed of Trust and except for the matters set out in subsections (a), (d), (f) and, if applicable, (g) above which matters may be dealt with by a resolution passed by a majority of the votes cast by Unitholders represented at the meeting.

11.6 Meaning of "Special Resolution"

(a) The expression "**Ordinary Resolution**" when used in this Deed of Trust means a resolution proposed to be passed as an ordinary resolution at a meeting of Unitholders (including an adjourned meeting) duly convened for that purpose and held in accordance with the provisions of this Article XI at which one or more individuals present in person either holding personally or representing as proxies not less in aggregate than 5% of the number of Units then outstanding and entitled to vote and passed by the affirmative votes of the holders of more than 50% of the Units and represented at the meeting and voted on a poll upon such resolution or approved in writing in one or more counterparts by Unitholders holding at least 50% of the votes represented by the Units entitled to vote on such resolution.

(b) The expression "**Special Resolution**" when used in this Deed of Trust means a resolution proposed to be passed as a special resolution at a meeting of Unitholders (including an adjourned meeting) duly convened for that purpose and held in accordance with the provisions of this Article XI at which one or more individuals present in person either holding personally or representing as proxies not less in aggregate than 5% of the number of Units then outstanding and entitled to vote and passed by the affirmative votes of the holders of more than 66 2/3% of the Units represented at the meeting and voted on a poll upon such resolution or approved in writing in one or more counterparts by Unitholders holding at least 66 2/3% of the votes represented by the Units entitled to vote on such resolution.

(c) Notwithstanding Section 11.3, if at any meeting at which a Special Resolution is proposed to be passed the holders of 5% of the aggregate number of Units outstanding are not present in person or by proxy within 30 minutes after the time appointed for the meeting, then the meeting, if convened by or on the requisition of Unitholders, shall be dissolved; but in any other case it shall stand adjourned to such date, being not less than 21 nor more than 60 days later and to such place and time as may be appointed by the chairman of the meeting. Not less than 10 days prior notice shall be given of the time and place of such adjourned meeting in the manner provided in Section 11.2. Such notice shall state that at the adjourned meeting the Unitholders present in person or by proxy shall form a quorum but it shall not be necessary to set forth the purposes for which the meeting was originally called or any other particulars. At the adjourned meeting the Unitholders present in person or by proxy shall form a quorum and may

transact the business for which the meeting was originally convened and a resolution proposed at such adjourned meeting and passed by the requisite vote as provided in subsection (a) of this Section 11.6 shall be a Special Resolution within the meaning of this Deed of Trust, notwithstanding that the holders of less than 5% of the aggregate number of Units then outstanding are present in person or by proxy at such adjourned meeting.

(d) Votes on a Special Resolution shall always be given on a poll and no demand for a poll on a Special Resolution shall be necessary.

11.7 Meaning of "Outstanding"

Every Unit issued, certified and delivered hereunder shall be deemed to be outstanding until it shall be cancelled or delivered to the Trustee or Transfer Agent, if any, for cancellation, provided that:

(a) when a new certificate has been issued in substitution for a Unit Certificate which has been lost, stolen, mutilated or destroyed, only one of such Unit Certificates shall be counted for the purposes of determining the number of Units outstanding;

(b) for the purpose of any provision of this Deed of Trust entitling holders of outstanding Units to vote, sign consents, requisitions or other instruments or take any action under this Deed of Trust, Units owned directly or indirectly, legally or equitably, by the Trust, the Partnerships or any subsidiary thereof shall be disregarded except that:

(i) for the purpose of determining whether the Trustee shall be protected in relying on any such vote, consent, requisition or other instrument or action only the Units which the Trustee knows are so owned shall be so disregarded; and

(ii) Units so owned which have been pledged in good faith other than to the Trust, the Partnerships or any subsidiary thereof shall not be so disregarded if the pledgee shall establish to the satisfaction of the Trustee the pledgee's right to vote such Units in his or her discretion free from the control of the Trust, the Partnerships or any subsidiary thereof.

For the purposes of this Section 11.7, the Transfer Agent, if any, shall provide a certificate which will state the number of Units and the certificate numbers of certificates, if certificates are issued, held by the Trust, the Partnerships or any subsidiary thereof. The Trustee shall be entitled to rely on such certificate in order to disregard the votes of any of the parties mentioned above.

11.8 Record Date for Voting

For the purpose of determining the Unitholders who are entitled to receive notice of and to vote or act at any meeting or any adjournment thereof, Petrowest GP may fix a date not more than 60 days and not less than 21 days prior to the date of any meeting of Unitholders as a record date for the determination of Unitholders entitled to receive notice of and to vote at such meeting

or any adjournment thereof. Any Unitholder who was a Unitholder at the time so fixed shall be entitled to receive notice of and to vote at such meeting or any adjournment thereof even though the Unitholder has since that time disposed of his or her Units, except to the extent that the transferee of those Units produces properly endorsed Unit Certificates or otherwise establishes that he or she owns the Units, and demands, not later than 10 days before the meeting that his or her name be included in the list of Unitholders before the meeting, in which case the transferee will be entitled to receive notice of and to vote his or her Units at the meeting or any adjournment thereof. In the event that Petrowest GP does not fix a record date for any meeting of Unitholders, the record date for such meeting shall be the date upon which notice of the meeting is given as provided under Section 11.2.

11.9 Appointment of Inspector

Petrowest GP shall call a meeting of Unitholders upon the written request of Unitholders holding in the aggregate not less than 15% of the Units then outstanding for the purpose of considering the appointment of an inspector to investigate the performance by the Trustee of its responsibilities and duties in respect of the Trust (the "**Inspector**"). If Petrowest GP does not call a meeting within 21 days after receiving a valid written request, any Unitholder who signed the request may call such a meeting. An Inspector may be appointed for such purpose, at the expense of the Trust, at such meeting by a resolution approved by a majority of the votes cast at the meeting. The Inspector shall not have any powers that are inconsistent with this Deed of Trust as may be conferred upon him or her at the meeting when the Inspector is appointed, but in all events shall not have any powers to act in any capacity as the Trustee or in place or instead of the Trustee in any manner under this Deed of Trust.

11.10 Resolutions in Writing

Notwithstanding any other provision of this Deed of Trust, a resolution in writing executed by Unitholders holding a proportion of Units equal to or greater than the proportion of Units required to vote in favour thereof at a meeting of the Unitholders to approve that resolution is valid and binding for all purposes of this Deed of Trust as if such Unitholders had exercised at that time all of the voting rights to which they were then entitled under Sections 11.5 or 11.6 in favour of such resolution at a meeting of Unitholders duly called for the purpose.

11.11 Binding Effect of Resolutions

Every resolution passed in accordance with the provisions of this Deed of Trust at a meeting of Unitholders shall be binding upon all the Unitholders, whether present at or absent from that meeting, and each and every Unitholder shall be bound to give effect accordingly to every such resolution.

11.12 No Breach

Notwithstanding any other provision of this Deed of Trust, Unitholders shall have no power to effect any amendment to this Deed of Trust which would require the Trustee to take any action or conduct the affairs of the Trust in a manner which would constitute a breach or default by the Trust or the Trustee under any agreement binding on, or obligation of, the Trust or the Trustee.

ARTICLE XII
CERTIFICATES, REGISTRATION AND TRANSFER OF UNITS

12.1 Nature of Units

The provisions of this Article XII shall not in any way alter the nature of Units or the relationships of a Unitholder to the Trustee and of one Unitholder to another, but are intended only to facilitate the issuance of certificates evidencing the ownership of Units and the recording of all transactions in respect of Units and Unit Certificates whether by the Trust, securities dealers, stock exchanges, transfer agents, registrars or other Persons. The Units shall be issued in the form of the Unit Certificate.

12.2 Unit Certificates

(a) Unit Certificates shall, subject to the provisions hereof, be in such form as is authorized from time to time by the Trustee.

(b) If issued, Unit Certificates are issuable only in fully registered form.

(c) The definitive form of the Unit Certificates shall:

(i) be in the English language and may also be in the French language;

(ii) be dated as of the date of issue thereof; and

(iii) contain such distinguishing letters and numbers as the Trustee shall prescribe.

(d) In the event Unit Certificates are also issued in the French language and any provision of the Unit Certificates in the French language shall be susceptible of an interpretation different from the equivalent provision in the English language, the interpretation of such provision in the English language shall be determinative.

(e) Each Unit Certificate shall be signed on behalf of the Trustee and the Transfer Agent, if any, of such Units. Signatures of the Trustee required to appear on such certificate may be printed, lithographed or otherwise mechanically reproduced thereon and, in such event, certificates so signed are as valid as if they had been signed manually. Any Unit Certificate which has one manual signature as provided above shall be valid notwithstanding that one or more persons whose signature is printed, lithographed or mechanically reproduced no longer holds office at the date of issuance of that Unit Certificate.

12.3 Contents of Unit Certificates

Until otherwise determined by the Trustee, each Unit Certificate shall legibly set forth on the face thereof, among other things, the following:

(a) the name of the Trust and the words "A trust created under the laws of the Province of Alberta by a Deed of Trust dated August 29, 2006, or words of like effect;

(b) the name of the Person to whom the Unit Certificate is issued as Unitholder;

(c) the number of Units represented thereby;

(d) that the Units represented thereby are transferable;

(e) the words "The Trust Units represented by this certificate are issued upon the terms and subject to the conditions of the Deed of Trust, which Deed of Trust is binding upon all holders of Units and, by acceptance of this certificate, the holder assents to the terms and conditions of the Deed of Trust. A copy of the Deed of Trust pursuant to which this certificate and the Units represented thereby are issued may be obtained by a Unitholder on demand and without fee from the head office of the Trust" or words of like effect; and

(f) the words "For information as to personal liability of a Unitholder, see the reverse side of this certificate" or words of like effect.

Until otherwise determined by the Trustee, upon the recommendation of Petrowest GP, each such certificate shall legibly set forth on the face or the reverse side thereof, *inter alia*, the following:

(a) "The Deed of Trust provides that no Unitholder shall be subject to any personal liability whatsoever, in tort, contract or otherwise, to any person in connection with the assets of the Trust or the obligations or the affairs of the Trust and all such persons shall look solely to the assets of the Trust for satisfaction of claims of any nature arising out of or in connection therewith and the assets of the Trust only shall be subject to levy or execution" or words of like effect; and

(b) appropriate forms of notice of exercise of the right of redemption and of powers of attorney for transferring Units.

The Unit Certificates may be engraved, printed or lithographed, or partly in one form and partly in another, as the Trustee may determine.

12.4 Register of Unitholders

A register for the Units shall be kept at the head office of the Trust, or, if a Transfer Agent has been appointed, at the principal corporate trust office in Calgary, Alberta of the Transfer Agent, which register shall contain the names and addresses of the Unitholders, the respective numbers of Units held by them, the certificate numbers of the certificates representing such Units and a record of all transfers and redemptions thereof. Branch transfer registers shall be maintained at such other offices of the Transfer Agent, if any, as the Trustee may from time to time designate. Only Unitholders whose certificates are so recorded shall be entitled to receive distributions or to exercise or enjoy the rights of Unitholders hereunder. The Trustee shall have the right to treat the person registered as a Unitholder on the register of the Trust as the owner of such Units for all purposes, including, without limitation, payment of any distribution, giving notice to Unitholders and determining the right to attend and vote at meetings of Unitholders.

12.5 Transfer of Units

(a) Subject to the provisions of this Article XII, the Units shall be fully transferable without charge as between Persons, but no transfer of Units shall be effective as against the Trustee or shall be in any way binding upon the Trustee until the transfer has been recorded on the register or one of the branch transfer registers maintained by the Trustee, the Trust or the Transfer Agent. No transfer of a Unit shall be recognized unless such transfer is of a whole Unit.

(b) Subject to the provisions of this Article XII, Units shall be transferable on the register or one of the branch transfer registers only by the Unitholders of record thereof or their executors, administrators or other legal representatives or by their agents or attorneys duly authorized in writing, and only upon delivery to the Trust or to the Transfer Agent, if any, of the certificate therefor, properly endorsed or accompanied by a duly executed instrument of transfer or power of attorney and accompanied by all necessary transfer or other taxes imposed by law, together with such evidence of the genuineness of such endorsement, execution and authorization and other matters that may reasonably be required by the Trustee or the Transfer Agent, if any. Upon such delivery the transfer shall be recorded on the register or branch transfer registers and a new certificate for the Units shall be issued to the transferee and a new certificate for the balance of Units not transferred shall be issued to the transferor.

(c) Any Person becoming entitled to any Units as a consequence of the death, bankruptcy or mental incompetence of any Unitholder, or otherwise by operation of law, shall be recorded as the holder of such Units and shall receive a new certificate therefor only upon production of evidence satisfactory to the Trustee or the Transfer Agent and delivery of the existing certificate to the Trustee or the Transfer Agent, but until such record is made the Unitholder of record shall continue to be and be deemed to be the holder of such Units for all purposes whether or not the Trustee or the Transfer Agent shall have actual or other notice of such death or other event.

(d) Unit Certificates representing any number of Units may be exchanged without charge for Unit Certificates representing an equivalent number of Units in the aggregate. Any exchange of Unit Certificates may be made at the offices of the Trust or the Transfer Agent where registers are maintained for Unit Certificates pursuant to the provisions of this Article XII. Any Unit Certificates tendered for exchange shall be surrendered to the Trustee or the Transfer Agent and then shall be cancelled.

12.6 Units Held Jointly or in a Fiduciary Capacity

The Trustee may treat two or more Persons holding any Units as joint owners of the entire interest therein unless their ownership is expressly otherwise recorded on the register of the Trust, but no entry shall be made in the register or on any certificate that any Person is in any other manner entitled to any future, limited or contingent interest in any Units; provided, however, that any Person recorded as a Unitholder may, subject to the provisions hereinafter contained, be described in the register or on any certificate as a fiduciary of any kind and any

customary words may be added to the description of the holder to identify the nature of such fiduciary relationship.

12.7 Performance of the Trust

The Trustee, the Unitholders, the Transfer Agent or any other agent of the Trust shall not be bound to be responsible for or otherwise inquire into or ensure the performance of any trust, express, implied or constructive, or of any pledge or equity to which any of the Units or any interest therein are or may be subject, or to ascertain or enquire whether any transfer of any such Units or interests therein by any such Unitholder or by his or her personal representatives is authorized by such trust, pledge, or equity, or to recognize any person as having any interest therein except for the Person recorded as Unitholder.

12.8 Lost Certificates

In the event that any certificate for Units is lost, stolen, destroyed or mutilated, the Trustee or the Transfer Agent may authorize the issuance of a new certificate for the same number of Units in lieu thereof. The Trustee or the Transfer Agent may in its discretion, before the issuance of such new certificate, require the owner of the lost, stolen, destroyed or mutilated certificate, or the legal representative of the owner, to make an affidavit or statutory declaration setting forth such facts as to the loss, theft, destruction or mutilation as the Trustee or the Transfer Agent may deem necessary, to surrender any mutilated certificate and may require the applicant to supply to the Trust a "lost certificate bond" or a similar bond in such reasonable sum as the Trustee or the Transfer Agent may direct indemnifying the Trust and the Transfer Agent for so doing.

12.9 Death of a Unitholder

The death of a Unitholder during the continuance of the Trust shall not terminate the Trust or any of the mutual or respective rights and obligations created by or arising under this Deed of Trust nor give such Unitholder's personal representatives a right to an accounting or take any action in court or otherwise against other Unitholders or the Trustee or the Trust Assets, but shall merely entitle the personal representatives of the deceased Unitholder to demand and receive, pursuant to the provisions hereof, a new certificate for Units in place of the certificate held by the deceased Unitholder, and upon the acceptance thereof such personal representatives shall succeed to all rights of the deceased Unitholder under this Deed of Trust.

12.10 Unclaimed Interest or Distribution

In the event that the Trustee shall hold any distributable amount which is unclaimed or which cannot be paid for any reason, the Trustee shall be under no obligation to invest or reinvest the same but shall only be obliged to hold the same in a current interest bearing account pending payment to the Person or Persons entitled thereto. The Trustee shall, as and when required by law, and may at any time prior to such required time, pay all or part of such interest or other distributable amount so held to the public trustee (or other appropriate government official or agency) whose receipt shall be a good discharge and release of the Trustee.

ARTICLE XIII
TERMINATION

13.1 Term of the Trust

Subject to the other provisions of this Deed of Trust, the Trust shall continue for a term ending 21 years after the date of death of the last surviving issue of Her Majesty, Queen Elizabeth II, alive on August 29, 2006. For the purpose of terminating the Trust by such date, the Trustee shall commence to wind-up the affairs of the Trust on such date as may be determined by the Trustee, being not more than two years prior to the end of the term of the Trust.

13.2 Termination with the Approval of Unitholders

The Unitholders may vote by Special Resolution to terminate the Trust at any meeting of Unitholders duly called by the Trustee for the purpose of considering termination of the Trust, following which the Trustee shall commence to wind-up the affairs of the Trust as soon as is reasonably practicable. Such Special Resolution may contain such directions to the Trustee as the Unitholders determine, including a direction to distribute any of the Securities held by the Trust, or all of them, *in specie*.

13.3 Procedure Upon Termination

Forthwith upon being required to commence winding-up the affairs of the Trust, the Trustee shall give notice thereof to the Unitholders, which notice shall designate the time or times at which Unitholders may surrender their Units for cancellation and the date at which the registers of Units of the Trust shall be closed.

13.4 Powers of the Trustee Upon Termination

After the date on which the Trustee is required to commence winding-up the affairs of the Trust, the Trustee shall carry on no activities except for the purpose of winding-up the affairs of the Trust as hereinafter provided and, for this purpose, the Trustee shall continue to be vested with and may exercise all or any of the powers conferred upon the Trustee under this Deed of Trust.

13.5 Sale of Investments

After the date referred to in Section 13.4, the Trustee shall proceed to wind-up the affairs of the Trust as soon as may be reasonably practicable and for such purpose shall, subject to any direction to the contrary in respect of a termination authorized under Section 13.2, sell and convert into money all Trust Assets in one transaction or in a series of transactions at public or private sales and do all other acts appropriate to liquidate the Trust, and shall in all respects act in accordance with the directions, if any, of the Unitholders (in respect of a termination authorized under Section 13.2). If the Trustee is unable to sell all or any of the Securities or other assets which comprise part of the Trust Assets by the date set for termination, the Trustee may distribute the remaining Securities or other assets directly to the Unitholders in accordance with their *pro rata* share, subject to Applicable Laws and receipt of necessary Approvals. Any

Income of the Trust or Net Realized Capital Gains arising from the sale of such Securities shall be allocated, paid or made payable in accordance with Article V.

13.6 Distribution of Proceeds or Assets

After paying, retiring or discharging or making provision for the payment, retirement or discharge of all known liabilities and obligations of the Trust and providing for indemnity against any other outstanding liabilities and obligations, the Trustee shall, subject to Applicable Laws and after obtaining all necessary Approvals, distribute the remaining part of the proceeds of the sale of the Securities and other assets together with any cash forming part of the Trust Assets among the Unitholders in accordance with their *pro rata* share.

13.7 Further Notice to Unitholders

In the event that less than all of the Unitholders have surrendered their Units for cancellation within six months after the time specified in the notice referred to in Section 13.3, the Trustee shall give further notice to the remaining Unitholders to surrender their Units for cancellation and if, within one year after the further notice, all the Units shall not have been surrendered for cancellation, such remaining Units shall be deemed to be cancelled without prejudice to the rights of the holders of such Units to receive their *pro rata* share of the remaining Trust Assets, and the Trustee may either take appropriate steps, or appoint an agent to take appropriate steps, to contact such Unitholders (deducting all expenses thereby incurred from the amounts to which such Unitholders are entitled as aforesaid) or, in the discretion of the Trustee, may pay such amounts into Court.

13.8 Responsibility of the Trustee after Sale and Conversion

The Trustee shall be under no obligation to invest the proceeds of any sale of investments or other assets or cash forming part of the Trust Assets after the date referred to in Section 13.4 and, after such sale, the sole obligation of the Trustee under this Deed of Trust shall be to hold such proceeds in trust for distribution under Section 13.6 or 13.7.

13.9 Termination of the Trust

The Trust shall terminate when all of the Trust Assets have been sold or otherwise disposed of and all other known debts, liabilities and obligations of the Trust have been paid, retired, discharged or provided for.

ARTICLE XIV
SUPPLEMENTAL DEEDS

14.1 Provision for Supplemental Deed for Certain Purposes

The Trustee and Petrowest GP may, without approval of the Unitholders and subject to the provisions hereof, and it shall, when so directed in accordance with the provisions hereof, execute and deliver deeds or instruments supplemental hereto, which thereafter shall form part hereof, for any one or more or all of the following purposes:

(a) modifying or amending any provisions of this Deed of Trust in the circumstances set forth in Section 10.1 where the Trustee may do so without the consent, approval or ratification of the Unitholders or any other Person; and

(b) modifying or amending any provisions of this Deed of Trust where the modification or amendment has been approved by Special Resolution or, if required, with the consent of the holders of all of the Units as required under the terms of this Deed,

and any such deed or instrument supplemental to this Deed of Trust shall be binding on all parties, including without limitation, all Unitholders on the later of (i) the date of execution, and (ii) the effective date of any required approval by Unitholders, of that deed or instrument.

ARTICLE XV
GENERAL

15.1 Notices

(a) Any notice or other document required to be given or sent to Unitholders under this Deed of Trust shall be given or sent: (i) by personal delivery; (ii) through ordinary post addressed to the registered holder at his, her or its last address appearing on the register; provided that if there is a general discontinuance of postal service due to strike, lockout or otherwise, such notice may be given by publication twice in the Report on Business section of the National Edition of *The Globe and Mail*, the Financial Post section of the *National Post* or similar section of any other newspaper having national circulation in Canada; provided further that if there is no newspaper having national circulation, then by publishing twice in the business section of a newspaper in each city where the register or a branch register is maintained, or (iii) by electronic or telecommunications device. Any notice so given shall be deemed to have been given: (i) on the date of delivery, if by personal delivery; (ii) on the day following that on which the letter or circular was posted, if mailed; (iii) in the case of notice being given by publication, after publishing such notice twice in the designated newspaper or newspapers, or (iv) on the date of delivery, if by electronic or telecommunications means. In proving notice was posted, it shall be sufficient to prove that such letter or circular was properly addressed, stamped and posted.

(b) Any written notice or written communication given to the Trustee shall be addressed to the Trustee at the head office of the Trust and shall be deemed to have been given on the date of delivery or, if mailed, five days from the date of mailing. If any such notice or communication shall have been mailed and if regular mail service shall be interrupted by strikes or other irregularities, such notice or communication shall be deemed to have been received 48 hours after 12:01 a.m. on the day following the resumption of normal mail service, provided that during the period that regular mail service shall be interrupted any notice or other communication shall be given by personal delivery or by fax or other means of prepaid, transmitted or recorded communication.

15.2 Failure to Give Notice

The failure by the Trustee, by accident or omission or otherwise unintentionally, to give any Unitholder any notice provided for herein shall not affect the validity, effect or taking effect of any action referred to in such notice, and the Trustee shall not be liable to any Unitholder for any such failure.

15.3 Joint Holders

Service of a notice or document on any one of several joint holders of Units shall be deemed effective service on the other joint holders.

15.4 Service of Notice

Any notice or document sent by post to or left at the address of a Unitholder pursuant to this Article XV shall, notwithstanding the death or bankruptcy of such Unitholder, and whether or not the Trustee has notice of such death or bankruptcy, be deemed to have been fully served and such service shall be deemed sufficient service on all Persons having an interest in the Units concerned.

15.5 Information Available to Unitholders

Each Unitholder shall have the right to obtain, on demand and without any fee, from the head office of the Trust a copy of this Deed of Trust and any amendments thereto relating to Units held by that Unitholder and shall be entitled to inspect and, on payment of a reasonable fee therefor and after delivering to the Trustee a statutory declaration stating the name and address of the Person requiring the Trustee to furnish the list of Unitholders and, if the Person is a body corporate, the address for service thereof, and that the list will not be used except in connection with (a) an effort to influence the voting of the Unitholders, (b) an offer to acquire Units, or (c) any other matter relating to the Units or the affairs of the Trust, obtain a list of the Unitholders for purposes connected with the Trust.

15.6 Income Tax: Obligations of the Trustee

The Trustee shall satisfy, perform and discharge all obligations and responsibilities of the Trustee under the Tax Act (including any obligations of the Trust under Part XIII of the Tax Act) and neither the Trust nor the Trustee shall be accountable or liable to any Unitholder by reason of any act or acts of the Trustee consistent with any such obligations or responsibilities.

15.7 Income Tax: Deductions

The Trustee shall claim the maximum deductions available to the Trust or such lesser amounts as the Trustee may determine to be in the best interests of the Unitholders for the purposes of computing its income pursuant to the provisions of the Tax Act to the extent required to reduce the taxable income of the Trust to nil.

15.8 Fiscal Year

The fiscal year of the Trust shall end on December 31 of each year.

15.9 Financial Disclosure

The Trust will send to Unitholders at least 21 days prior to the date of each annual meeting of Unitholders and, in any event, on or before any earlier date prescribed by applicable securities laws, the annual consolidated financial statements of the Trust for the fiscal year ended immediately prior to such annual meeting, together with comparative consolidated financial statements for the preceding fiscal year, if any, and the report of the Auditors thereon referred to in Section 16.4, provided however, that if the Initial Unitholder is the sole beneficiary of the Trust, then the provisions of Section 15.9 shall not apply if annual audited consolidated financial statements of the Initial Unitholder are prepared.

Such financial statements shall be prepared in accordance with generally accepted accounting principles in Canada as recommended from time to time in the Handbook of the Canadian Institute of Chartered Accountants.

15.10 Unitholder Meeting Information

Prior to each meeting of Unitholders, the Trustee will provide to each Unitholder, together with the notice of the meeting:

(a) a form of proxy which can be used by a Unitholder to appoint a proxy, who need not be a Unitholder, to attend and act at the meeting on behalf of the Unitholder, in the manner and to the extent authorized by the proxy; and

(b) all information required by Applicable Law and this Deed of Trust.

15.11 Taxation Information

Within the time required under the Tax Act, the Trust will provide to Unitholders who received distributions from the Trust in the prior calendar year, such information and forms as may be needed by such Unitholders in order to complete their tax returns in respect of the prior calendar year under the Tax Act and equivalent provincial legislation in Canada.

15.12 Power of Attorney to Petrowest GP

The Trustee hereby grants to Petrowest GP a power of attorney constituting Petrowest GP, with full power of substitution, as their true and lawful attorney to act on behalf of the Trust with full power and authority in their name, place and stead, and to execute, under seal or otherwise, swear to, acknowledge, deliver, make or file or record when, as and where required, any instrument, deed, agreement or document in connection with carrying out the activities of the Trust.

15.13 Execution of Instruments

The Trustee shall have the authority to sign in the name of and on behalf of the Trust all instruments in writing and any instruments in writing so signed shall be binding upon the Trust without any further authorization or formality. For greater certainty, the foregoing shall not limit in any way the power of the Trustee to delegate to any Person or Persons the authority to sign in

the name of and on behalf of the Trust any specific instrument or instruments in writing or instruments in writing generally.

ARTICLE XVI
AUDITORS

16.1 Qualification of Auditors

The Auditors shall be an independent recognized firm of chartered accountants which has an office in Canada.

16.2 Appointment of Auditors

PricewaterhouseCoopers LLP, Chartered Accountants, are appointed as the auditors of the Trust, to hold such office until the first annual meeting of the Unitholders. The Auditors will be elected at each succeeding annual meeting of Unitholders by Ordinary Resolution. The Auditors will receive such remuneration as may be approved by Petrowest GP.

16.3 Change of Auditors

The Auditors may at any time be removed by the Trustee with the approval of a majority of the votes cast by Unitholders at a meeting of Unitholders duly called for the purpose and, upon the resignation or the removal of Auditors as aforesaid, new auditors may be appointed by a majority of votes cast by Unitholders at a meeting duly called for the purpose or, in the absence of such meeting, by the Trustee.

16.4 Reports of Auditors

Subject to Section 15.9, the Auditors shall audit the accounts of the Trust at least once in each year and a report of the Auditors with respect to the annual financial statements of the Trust shall be provided to each Unitholder with the annual financial statements.

ARTICLE XVII
MISCELLANEOUS

17.1 Successors and Assigns

The provisions of this Deed of Trust shall enure to the benefit of, and be binding upon, the parties and their heirs, executors, administrators, personal representatives, successors and assigns.

17.2 Counterparts

This Deed of Trust may be simultaneously executed in several counterparts, each of which when executed shall be deemed to be an original, and such counterparts, together, shall constitute but one and the same instrument, which shall be sufficiently evidenced by any such original counterpart.

17.3 Severability

If any provision of this Deed of Trust shall be held invalid or unenforceable in any jurisdiction, such invalidity or unenforceability shall attach only to such provision in such jurisdiction and shall not in any manner affect or render invalid or unenforceable such provision in any other jurisdiction or any other provision of this Deed of Trust in any jurisdiction.

IN WITNESS WHEREOF the Trustee and the Initial Unitholder have executed this Deed of Trust effective this 29th day of August, 2006.

ADMINISTRATION AGREEMENT

THIS ADMINISTRATION AGREEMENT, made effective as of the 6th day of July, 2006 by and between PETROWEST ENERGY SERVICES TRUST, a trust established pursuant to the laws of the Province of Alberta (the "**Trust**") and PETROWEST ENERGY SERVICES GENERAL PARTNER LTD., a corporation incorporated under the laws of Alberta (the "**Administrator**").

WHEREAS:

A. the Trust wishes to retain the Administrator to provide certain administrative, advisory and operational services (the "**Administrative Services**") to the Trust;

B. upon the formation of the Business Trust, it is expected that the Business Trustee will retain the Administrator to provide certain administrative, advisory and operational services to the Business Trust (the "**Business Administrative Services**"); and

C. the Administrator is willing to render the Administrative Services and the Business Administrative Services on the terms and conditions hereinafter set forth;

NOW THEREFORE in consideration of the premises and the mutual covenants and agreements herein contained and for other good and valuable consideration (the receipt and sufficiency of which is hereby acknowledged by each of the parties), the parties hereto covenant and agree as follows:

ARTICLE 1
INTERPRETATION

1.1 Definitions

As used herein, the following terms shall have the meanings set forth below:

(a) "**ABCA**" means the *Business Corporations Act*, R.S.A. 2000, c. B-9, as amended, including the regulations promulgated thereunder;

(b) "**Acquisitionco**" means Petrowest Services Ltd., a corporation incorporated under the laws of Alberta and includes any successor thereto;

(c) "**Administrator**" means Petrowest Energy Services General Partner Ltd., a corporation incorporated under the laws of Alberta;

(d) "**affiliate**" has the meaning ascribed thereto in the Securities Act;

(e) "**Agreement**" means this Administration Agreement, as amended, restated or modified from time to time;

(f) "**Applicable Laws**" means any applicable law including any statute, regulation, bylaw, treaty, guideline, directive, rule, standard, requirement, policy, order, judgment, injunction, award, decree or resolution of any Governmental Authority,

whether or not having the force of law, binding on or applicable to any of the Parties hereto;

(g) "**associate**" has the meaning ascribed thereto in the Securities Act;

(h) "**Business Day**" means a day which is not a Saturday, Sunday or holiday in the City of Calgary, in the Province of Alberta;

(i) "**Business Deed of Trust**" means the deed of trust creating the Business Trust to be dated on or before Closing;

(j) "**Business Trustee**" means Petrowest Energy Services Trustee Ltd., a corporation to be incorporated under the laws of Alberta on or prior to the Closing Date;

(k) "**Business Trust**" means Petrowest Energy Services Business Trust, a trust to be constituted by the Business Deed of Trust on or prior to the Closing Date;;

(l) "**Business Trust Unitholders**" means at any time the beneficiaries of the Business Trust who are the holders at that time of one or more Business Units, as shown on the registers of such holders maintained by the Business Trust;

(m) "**Business Notes**" means the notes of Business Trust to be issued under the Note Indenture;

(n) "**Business Units**" means the trust units of the Business Trust;

(o) "**Closing Date**" means the date of the closing of the initial public offering of the Trust;

(p) "**Deed of Trust**" means the deed of trust dated as of July 6, 2006 between Valiant Trust Company and Bradley D. Markel, as amended from time to time;

(q) "**Environmental Laws and Regulations**" means all environmental, health and safety laws, regulations, by-laws, resolutions and ordinances applicable to the Trust or its subsidiaries or affiliates, or any of their respective assets or properties, including, without limitation, (i) all regulations, resolutions, ordinances, decrees, guidelines, standards, policies and other similar documents and instruments of all Governmental Authorities, and (ii) all laws, by-laws, regulations, resolutions, ordinances, guidelines, standards, policies and decrees relating to natural and human environmental matters (including air, land, surface water, ground water and real and personal property), public or occupational health and safety, and the manufacture, importation, handling, transportation, storage, disposal and treatment of a Hazardous Substance;

(r) "**Force Majeure**" means for the purposes hereof, an event, condition or circumstance (and the effect thereof) which is not within the reasonable control of the Party claiming Force Majeure and which, notwithstanding the exercise of commercially reasonable efforts, the Party claiming the Force Majeure is unable to prevent its occurrence or mitigate its effects, and which thus causes a delay or

disruption in the performance of any obligation (other than the obligation to pay money due) imposed on such Party hereunder. Subject to the foregoing, Force Majeure shall include, without limitation, strikes, lock-outs, work stoppages, work slow-downs, industrial disturbance, storm, fire, flood, landslide, snowslide, earthquake, explosion, lightning, tempest, acts of war (whether declared or undeclared), threat of war, actions of terrorists, blockade, riot, insurrection, civil commotion, public demonstrations, revolution, sabotage or vandalism, acts of God, laws, rules, regulations, policies, orders, directives or restraints issued or imposed by any Governmental Authority, and inability to obtain, maintain or renew or delay in obtaining, maintaining or renewing necessary permits or approvals from any Governmental Authority; provided, however, that a Party's own lack of the funds or other financial problems shall not constitute "Force Majeure" in respect of such Party;

(s) "**Governmental Authority**" means (a) any nation, province, state, county, city, or other jurisdiction; (b) any federal, provincial, state, local, municipal, foreign or other government; (c) any governmental or quasi-governmental authority of any nature (including any agency, branch, department, board, commission, court, tribunal or other entity exercising governmental or quasi-governmental power); (d) any body exercising, or entitled or purporting to exercise, any administrative, executive, judicial, legislative, regulatory or taxing authority or power; or (e) any official of the foregoing;

(t) "**Hazardous Substance**" means any substance, product, waste, pollutant, material, chemical, contaminant, dangerous good, constituent or other material which is or becomes listed, regulated, or addressed under any Environmental Laws and Regulations, including asbestos, lead, petroleum and polychlorinated biphenyls;

(u) "**Note Indenture**" means the Note Indenture between Business Trust and Valiant Trust Company to be entered into on or prior to the Closing Date;

(v) "**Parties**" means the Administrator, the Trust and the Business Trust, and their respective permitted successors and assigns and "**Party**" means any one of them;

(w) "**Person**" means any individual, company, corporation, limited partnership, general partnership, firm, joint venture, syndicate, trust, joint stock company, limited liability corporation, association, bank, pension fund, business trust or other organization, whether or not a legal entity, and any government or political subdivision thereof or any other form of entity or organization;

(x) "**Securities Act**" means the *Securities Act*, R.S.A. 2000, c. S-4, as amended, including the regulations, rules and instruments promulgated thereunder;

(y) "**subsidiary**" has the meaning ascribed thereto in the Securities Act;

(z) "**Tax Act**" means the *Income Tax Act*, R.S.C. 1985 (5th Supp.), c. 1 and the *Income Tax Regulations* applicable with respect thereto, as amended from time to time;

(aa) "**Transfer Agent**" means the registrar and transfer agent from time to time for the Trust Units;

(bb) "**Tribunal**" means:

(i) any court (including a court of equity);

(ii) any federal, provincial, state, county, municipal or other government or governmental department, ministry, commission, board, bureau, agency or instrumentality;

(iii) any securities commission, stock exchange or other regulatory or self-regulatory body;

(iv) any board of trade, chamber of commerce or other business or professional organization or association;

(v) any arbitrator or arbitration tribunal; and

(vi) any other tribunal;

(cc) "**Trust**" means Petrowest Energy Services Trust, a trust constituted by the Deed of Trust;

(dd) "**Trustee**" means Valiant Trust Company, the initial trustee of the Trust;

(ee) "**Trust Expenses**" means all reasonable out-of-pocket expenses incurred by the Administrator in connection with carrying out its duties and obligations hereunder, including, without limitation, salary, wages and other forms of compensation paid to employees engaged in rendering the services to be performed hereunder and/or management fees paid to management entities which may be engaged to provide such services, together with all expenses assumed pursuant to Section 3.1, and all reasonable third party professional, legal, accounting and administrative costs and expenses;

(ff) "**Trust Units**" means the trust units of the Trust; and

(gg) "**Unitholders**" means at any time the beneficiaries of the Trust who are the holders at that time of one or more Trust Units, as shown on the registers of such holders maintained by the Trust or by the Transfer Agent on behalf of the Trust.

1.2 Additional Definitions

Unless the context otherwise requires, capitalized terms used in this Agreement without definition that are defined in the Deed of Trust or the Business Deed of Trust have the same meanings ascribed thereto in the Deed of Trust or the Business Deed of Trust, as applicable.

1.3 Tax Act

Any reference herein to a particular provision of the Tax Act shall include a reference to that provision as it may be renumbered or amended from time to time. Where there are proposals for amendments to the Tax Act which have been publicly announced by the Minister of Finance but which have not been enacted into law or proclaimed into force on or before the date on which such proposals are to become effective, the Administrator may take such proposals into consideration and apply the provisions hereof as if such proposals had been enacted into law and proclaimed into force. Any reference in this Agreement to a particular provision of the Tax Act shall, to the extent applicable, also include a reference to any applicable and corresponding provision of the income tax laws of a province or territory of Canada.

1.4 Gender

In this Agreement, unless otherwise expressly provided or unless the context otherwise requires, words importing the singular number include the plural and vice versa and words importing a gender shall include the feminine, masculine and neuter genders. Where the word "**including**" or "**includes**" is used in this Agreement it means "including without limitation" or "includes without limitation", respectively. Any reference to any document shall include a reference to any schedule, exhibit, amendment or supplement thereto or any agreement in replacement thereof, all as permitted under the documents.

1.5 Headings for Reference Only

The division of this Agreement into Articles, Sections, subsections, paragraphs and subparagraphs, the provision of a Table of Contents, and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this Agreement. The terms "**hereof**", "**herein**", "**hereunder**" and similar expressions refer to this Agreement and not to any particular Article, Section or other portion hereof and include any agreement supplemental hereto. Unless something in the subject matter or context is inconsistent therewith, references herein to Articles and Sections are to Articles and Sections of this Agreement.

1.6 Time of the Essence

Time shall be of the essence in this Agreement.

1.7 Governing Law

This Agreement shall be construed in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable therein and shall be treated in all respects as an

Alberta contract. The parties hereto hereby irrevocably submit and attorn to the jurisdiction of the Courts of the Province of Alberta.

1.8 Day Not a Business Day

In the event that any day in which any amount to be determined or any other determination is to be made or any action is required to be taken hereunder is not a Business Day, then such amount shall be determined or such action shall be required to be taken at or before the requisite time on the next succeeding day that is a Business Day.

1.9 References to Acts Performed by the Trust

For greater certainty, where any reference is made in this Agreement to an act to be or not to be performed by the Trust or the Business Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be or not to be performed by the Trustee on behalf of the Trust or the Business Trustee on behalf of the Business Trust, respectively.

1.10 Accounting Principles

Wherever in this Agreement reference is made to generally accepted accounting principles, such reference shall be deemed to be to the generally accepted accounting principles from time to time approved by the Canadian Institute of Chartered Accountants, or any successor institute, applicable as at the date on which such calculation is made or required to be made in accordance with generally accepted accounting principles. Where the character or amount of any asset or liability or item of revenue or expense is required to be determined, or any consolidation or other accounting computation is required to be made for the purpose of this Agreement or any document, such determination or calculation shall, to the extent applicable and except as otherwise specified herein or as otherwise agreed in writing by the Parties, be made in accordance with generally accepted accounting principles applied on a consistent basis.

1.11 Currency

All references in this Agreement to "**dollars**" or "**$**" are to Canadian dollars, unless otherwise noted.

1.12 General Limitation of Liability and Indemnification

The Parties hereto acknowledge that the Trustee and the Business Trustee, respectively are entering into this Agreement solely in their capacities as trustee of the Trust and the Business Trust, respectively and the obligations of the Trust and the Business Trust hereunder shall not be personally binding upon the Trustee or the Business Trustee or any registered or beneficial holder of Trust Units or Business Units or any beneficiary under a plan of which a holder of trust units acts as a trustee or carrier, and that resort shall not be had to, nor shall recourse be sought from, any of the foregoing or the private property of any of the foregoing in respect of any indebtedness, obligation or liability of the Trust or the Business Trust arising hereunder or arising in connection herewith or from the matters to which this Agreement relates, if any, including without limitation, claims based on negligence or otherwise tortious behaviour, and

recourse shall be limited to, and satisfied only out of, the "**Trust Assets**" as defined in the Deed of Trust and the Business Deed of Trust, respectively.

ARTICLE 2
SERVICES

2.1 General Delegation of Authority by the Trust

Subject to and in accordance with the terms, conditions and limitations of the Deed of Trust and to the other provisions of this Agreement, the Trustee hereby delegates to the Administrator, and the Administrator hereby accepts the delegation of, the authority and responsibility and obligation to perform the Trustee's powers, duties and responsibilities under the Deed of Trust, and agrees to be responsible for the supervision, administration and management of all general and administrative affairs of the Trust in accordance with the provisions hereof. The exercise of powers by the Administrator shall not adversely affect the status of the Trust as a "unit trust" and a "mutual fund trust" for the purposes of the Tax Act.

2.2 Specific Delegation of Authority by the Trust

It is acknowledged and agreed that in furtherance of the obligations under Section 2.1 to perform the Trustee's powers, duties and responsibilities under the Deed of Trust and to administer and manage the general and administrative affairs of the Trust, and not in limitation thereof, the Administrator will, subject to any applicable direction of the Trustee:

(a) keep and maintain at its offices in Calgary, Alberta at all times books, records and accounts which shall contain particulars of operations, receipts, disbursements, and investments relating to the Trust and such books, records and accounts shall be kept pursuant to normal commercial practices that will permit the preparation of financial statements in accordance with Canadian generally accepted accounting principles which, as early as practicable, shall be in accordance with those required to be kept by a distributing corporation (as defined in the ABCA) and in each case shall also be in accordance with those required to be kept by a reporting issuer under applicable securities legislation in Canada and those required of the Trust under the Tax Act, all as amended from time to time;

(b) prepare all returns, filings and documents and make all determinations necessary for the discharge of the Trustee's obligations under the Deed of Trust;

(c) provide the Unitholders with annual audited and interim unaudited consolidated financial statements of the Trust (along with the applicable management discussion and analysis thereon), as well as relevant tax information;

(d) retain and monitor, on behalf of the Trustee, the transfer agent and other organizations serving the Trust:

(e) file all income tax returns;

(f) deal with banks and other institutional lenders, including, without limitation, in respect of the maintenance of bank records and the negotiation and securing of bank financing or refinancing of one or more credit or debt facilities, hedging or swap facilities or other ancillary facilities; (1) any and all other arrangements for the borrowing of funds in any manner whatsoever; and (2) the grant or issue of covenants, guarantees and/or security of any nature whatsoever to ensure or secure any such facilities or other arrangements, in respect of the Trust or any entity in which the Trust holds any direct or indirect interest and any amendment, deletion or supplement thereto or termination thereof, including without limitation the execution and delivery of all agreements, indentures and other documents giving effect thereto;

(g) ensure compliance by the Trust with Applicable Laws and stock exchange requirements;

(h) prepare and provide or cause to be provided to Unitholders on a timely basis all information to which Unitholders are entitled under the Deed of Trust and under Applicable Law and stock exchange requirements, including quarterly and annual reports, notices, financial reports and tax information relating to the Trust;

(i) provide investor relations services to the Trust;

(j) provide, for performing its obligations hereunder, office space, equipment and personnel including all accounting, clerical, secretarial, corporate and administrative services as may be reasonably necessary to perform its obligations hereunder;

(k) provide or cause to be provided such audit, accounting, legal, insurance and other professional services as are reasonably required or desirable for the purposes of the Trust from time to time and provide or cause to be provided such legal, financial and other advice and analysis as the Trustee may require or desire to permit any of them to make informed decisions in connection with the discharge by them of its responsibilities as Trustee, to the extent such advice and analysis can be reasonably provided or arranged by the Administrator;

(l) call and hold all annual and/or special meetings of Unitholders pursuant to the Deed of Trust and prepare, approve, file and arrange for the distribution of all materials (including notices of meetings and information circulars) in respect thereof;

(m) attend to all administrative and other matters arising in connection with any redemptions of Trust Units and Special Voting Units pursuant to the Deed of Trust;

(n) attend to all administrative and other matters arising in connection with, or in relation to, the voting rights on any investments in the Trust Assets;

(o) monitor the status of the Trust Units as eligible investments for registered retirement savings plans, registered retirement income funds and deferred profit sharing plans (all within the meaning of the Tax Act) and immediately provide the Trustee with written notice when the Administrator reasonably foresees that such Trust Units may cease to have such status, or, if not reasonably foreseen, when the Trust Units cease to have such status;

(p) ensure that the Trust elects in the prescribed manner and within the prescribed time under subsection 132(6.1) of the Tax Act to be a "mutual fund trust" within the meaning of the Tax Act since inception, assuming the requirements for such election are met, monitor the Trust's status as such a mutual fund trust and provide the Trustee with written notice when the Trust ceases or is at risk of ceasing to have such status;

(q) select and manage investments on behalf of the Trust and monitor the investments of the Trust to ensure that the aggregate cost amount of the "foreign property" of the Trust does not result in the Trust Units being treated as "foreign property" for purposes of Part XI of the Tax Act;

(r) determine, from time to time, all amounts required to be determined pursuant to Article V of the Deed of Trust, including the amounts available for distribution to Unitholders, and arrange for payment thereof to the Unitholders in accordance with Article V of the Deed of Trust;

(s) in the event that withholding taxes are exigible on any distributions or redemption amounts distributed under the Deed of Trust or any other agreement, the Administrator shall withhold the withholding taxes required and shall promptly remit such taxes to the appropriate taxing authority. In the event that withholding taxes are exigible on any distributions or redemption amounts distributed under the Deed of Trust or any other agreement and the Administrator is, or was, unable to withhold taxes from a particular distribution to a Unitholder or has not otherwise withheld taxes on past distributions to a Unitholder or has not otherwise withheld taxes on past distributions to a Unitholder, the Administrator shall be permitted to withhold amounts from other distributions to satisfy the Administrator's withholding tax obligations;

(t) establish, implement and amend (when and as required, once established) any distribution reinvestment plans, Trust Unit purchase plans, and incentive option and other compensation plans as may be determined by the Administrator to be desirable for the Trust to establish, and attend to all matters in connection with the operation of such plans;

(u) undertake all matters in connection with any take-over bid, merger, amalgamation, arrangement, reorganization, recapitalization, purchase or repurchase of any securities or assets of any Person, any business combination, or any other similar transaction involving the Trust (the foregoing individually referred to as a "**Transaction**" and collectively as the "**Transactions**"), including

all actions reasonably necessary in connection with, or in relation to, a compulsory acquisition in accordance with the Deed of Trust;

(v) approve, execute and deliver, on behalf of the Trust, such agreements, including exchange agreements and exchangeable security support agreements, as may be necessary or desirable to properly provide for the terms of exchangeable securities;

(w) negotiate the terms of any financing required by the Trust or otherwise in connection with the Trust Assets;

(x) consider and undertake all matters on behalf of the Trust in relation to any future acquisitions or divestitures by the Trustee of Trust Assets;

(y) determine the timing and terms of future offerings of Trust Units, if any;

(z) take all actions reasonably necessary in connection with, or in relation to, the Trust providing indemnities for the directors and officers of the Administrator and any affiliates;

(aa) prepare and approve any prospectus or comparable documents of the Trust to qualify the sale of securities from time to time;

(bb) compute, determine and make on the Trust's behalf distributions to Trust Unitholders of distributions properly payable by the Trust and administer on behalf of the Trust such distribution reinvestment plans and other similar plans as the Trust may establish from time to time;

(cc) undertake all matters relating to the following: (i) an offering of securities to the public; (ii) ensuring compliance with all Applicable Laws, including in relation to an offering of securities to the public; (iii) all matters relating to the content of any securities offering documents, the accuracy of the disclosure contained therein, and the certification thereof, (iv) all matters concerning any subscription agreement or underwriting or agency agreement; (v) all matters relating to the initial public offering of the Trust and the concurrent acquisition of certain energy services companies; and (vi) the adoption of any Unitholder rights protection plan;

(dd) promptly notify the Trust of any event that might reasonably be expected to have a material adverse effect on the affairs of the Trust;

(ee) ensure, or provide advice and assistance to the Trustee with respect to, the performance of the obligations of the Trust and the enforcement of the rights of the Trust under all agreements entered into by the Trust, as applicable;

(ff) administer all of the records and documents relating to the Trust Assets other than maintenance of a register of Unitholders;

(gg) provide advice and, at the request and under the direction of the Trustee, direction to the Transfer Agent;

(hh) approve the form of certificate representing the Trust Units from time to time and to certify such certificates on behalf of the Trust, and ensure that such form complies with applicable regulatory requirements and securities laws;

(ii) provide such additional administrative and support services pertaining to the Trust, the Trust Assets and the Trust Units and matters incidental thereto as may be reasonably requested by the Trustee from time to time;

(jj) generally provide all other services as may be necessary or as requested by the Trustee of the Trust, for the administration of the Trust;

(kk) make or cause to be made application for the listing or quotation on any stock exchange or market of Trust Units, and to do all things which may be necessary or desirable to effect or maintain any listing or quotation;

(ll) arrange for insurance contracts and policies insuring the Trust, the Trust Assets, the business of the Administrator or any direct or indirect subsidiary and/or any or all of the Trustee or the Unitholders, including against any and all claims and liabilities of any nature asserted by any Person arising by reason of any action alleged to have been taken or omitted by the Trust or by the Trustee or Unitholders or otherwise;

(mm) to pay all taxes or assessments, of whatever kind or nature, whether within or outside Canada, imposed upon or against the Trustee in connection with the Trust Assets, the undertaking of the Trust or Income of the Trust, or imposed upon or against the Trust Assets, the undertaking of the Trust or Income of the Trust, or any part thereof, and to settle or compromise disputed tax liabilities and for the foregoing purposes to make such returns, take such deductions, and make such designations, elections and determinations in respect of Income of the Trust or Net Realized Capital Gains distributed to Unitholders in the year and any other matter as shall be permitted under the Tax Act, and do all such other acts and things as may be deemed by the Trustee in its sole discretion to be necessary, desirable or convenient

(nn) to prepare and file on behalf of the Trust, or cause to be prepared and filed on behalf of the Trust, an election on U.S. Internal Revenue Service Form 8832 (Entity Classification Election) to classify the Trust as an association taxable as a corporation for U.S. federal income tax purposes, as permitted by Section 7701 of the U.S. Internal Revenue Code and U.S. Treasury Regulations Section 301.7701-3(c); and

(oo) without limiting the foregoing take all other actions necessary in connection with, or in relation to, all matters that the Trustee having the power and authority to exercise under the Deed of Trust, may exercise from time to time, including, without limitation, those matters referred to in Section 8.2 of the Deed of Trust.

2.3 Restrictions on Delegation of Authority by the Trust

Notwithstanding any other provisions of this Agreement, the Trustee shall not and is not hereby delegating to the Administrator any authority to manage the following affairs of the Trust:

(a) the countersigning, transfer, exchange, cancellation and obligation to effect issuance of certificates representing Trust Units;

(b) the maintenance of a register of Unitholders;

(c) the delivery of distributions to Unitholders out of funds provided to it and accompanied by written direction, although the calculation and determination of the form of distributions shall be made by the Administrator and approved by the board of directors of the Administrator and submitted by the Administrator to the Trustee for its approval and for distribution to the Unitholders;

(d) the provision of a basic list of registered Unitholders (as defined in the Deed of Trust) to Unitholders in accordance with the procedures outlined in the Deed of Trust;

(e) the amendment or waiver of the performance or breach of any term or provision of this Agreement on behalf of the Trust;

(f) the renewal or termination of this Agreement on behalf of the Trust; and

(g) any matter which requires the approval of the Unitholders under the terms of the Deed of Trust.

2.4 Delegation of Authority by the Business Trust

Subject to and in accordance with the terms, conditions and limitations of the Business Trust Deed and to the other provisions of this Agreement, the Business Trustee hereby delegates to the Administrator, and the Administrator hereby accepts the delegation of, the authority, responsibility and obligation to perform the Business Trustee's powers, duties and responsibilities under the Business Deed of Trust, and agrees to be responsible for the administration and management of all general and administrative affairs of the Business Trust, including matters of the nature set forth in Section 2.2(a)-(g), (i)-(m), (y), (bb)-(dd), and (ff)-(ii), *mutatis mutandis*, and matters relating to the Business Trust's obligations under the Note Indenture.

2.5 Restrictions on Delegation of Authority by the Business Trust

Notwithstanding any other provisions of this Agreement, the Business Trustee shall not and is not hereby delegating to the Administrator any authority to manage the following affairs of the Business Trust:

(a) the amendment or waiver of the performance or breach of any term or provision of this Agreement on behalf of the Business Trust;

(b) the renewal or termination of this Agreement on behalf of the Business Trust;

(c) any matter which requires the approval of the Business Trust Unitholders under the terms of the Business Trust Deed; and

(d) any matter that has been specifically delegated to Valiant Trust Company, in its capacity as trustee under the Note Indenture.

2.6 Covenants of the Administrator

The Administrator covenants and agrees that in the performance of the services under this Agreement it shall:

(a) perform all services at all times in compliance with Applicable Laws;

(b) comply with all instructions of the Trustee and Business Trustee in relation to the performance of its services hereunder; and

(c) observe and perform or cause to be observed and performed on behalf of each of the Trust and the Business Trust in every material respect the provisions of:

(i) the agreements from time to time entered into in connection with the activities of the Trust; and

(ii) all Applicable Laws (including Environmental Laws and Regulations).

2.7 Administrator's Acknowledgment

The Administrator acknowledges that it is a party to and has received a copy of the Deed of Trust and the Business Deed of Trust and is familiar with and understands the duties of the respective Parties to each, including those duties of the Trustee and Business Trustee which are being delegated to the Administrator under this Agreement.

2.8 Limitation on Non-Resident Ownership

The Administrator shall use reasonable efforts to monitor the residence status of holders of Trust Units. If, at any time, the Administrator is of the opinion that the Trustee should take any action as provided for in the Deed of Trust or otherwise to ensure that the Trust continues to qualify as a "unit trust" and a "mutual fund trust" under the Tax Act, it shall so advise the Trustee in writing and provide the Trustee with a public announcement, declaration or notice in a form suitable for use by the Trustee applicable to the circumstance and as required by the Deed of Trust. The Trustee shall provide, or cause to be provided, to the Administrator such information regarding the residence status of holders of Trust Units and the order of acquisition or registration thereof as the Administrator may reasonably request, from time to time, and the Trustee may have in their possession in order to assist the Administrator in fulfilling its obligations under this Section.

2.9 Authority of Administrator

Subject to Section 2.12, any direction of the Trustee from time to time and the terms of the Deed of Trust and the Business Deed of Trust, as applicable, the Administrator shall have full right, power and authority to execute and deliver all contracts, leases, licenses, and other documents and agreements, to make applications and filings with Governmental Authorities and to take such other actions as the Administrator considers necessary or appropriate in connection with the affairs of:

(a) the Trust in the name and on behalf of the Trust and no Person shall be required to determine the authority of the Administrator to give any undertaking or enter into any commitment on behalf of the Trust, provided that the Administrator shall not have the authority to commit to any transaction which would require the approval of the Unitholders in accordance with the Deed of Trust or take any action required to be taken by the Trustee under the Deed of Trust or take any action requiring approval of the Trustee without such approval having been given; and

(b) the Business Trust in the name and on behalf of the Business Trust and no Person shall be required to determine the authority of the Administrator to give any undertaking or enter into any commitment on behalf of the Business Trust, provided that the Administrator shall not have the authority to commit to any transaction which would require the approval of the Business Trust Unitholders in accordance with the Business Deed of Trust or take any action required to be taken by the Business Trustee under the Business Deed of Trust or take any action requiring approval of the Business Trustee without such approval having been given.

2.10 Powers and Authorities of the Administrator

The Administrator shall have, subject to the provisions of this Agreement, the Deed of Trust and the Business Deed of Trust, as the case may be, all requisite powers and authorities, during the term of this Agreement, to provide the services hereunder to the Trust and to the Business Trust.

2.11 Distributions to Unitholders

In connection with determining the amounts payable from time to time to Unitholders and arranging for distributions to them, it is understood and agreed that the Administrator shall determine from time to time the amounts available for distribution to Unitholders and shall provide a written statement thereof to the Trustee prior to the date on which such distribution must be made and shall cause such amount to be paid by the Transfer Agent on behalf of the Trust following the declaration that such amounts are due and payable by the Trust pursuant to Article V of the Deed of Trust; provided however that the Administrator shall not be obligated to make any such payment unless the Administrator has monies of the Trust available to make such distribution.

2.12 Compliance

The Administrator shall deliver to the Trustee within sixty (60) days after the end of each calendar year and at such other time as the Trustee may reasonably request, a certificate signed by a senior officer of the Administrator stating that:

(a) the Administrator has complied with all of its duties contained in this Agreement and the Deed of Trust, which, if not complied with, would, with the giving of notice, lapse of time or otherwise, constitute a default of the Administrator under this Agreement or the Deed of Trust or, if there has been a failure so to comply, giving particulars thereof;

(b) the Trust meets the factual conditions to be a "unit trust" or "mutual fund trust" for the purposes of the Tax Act; and

(c) as at the end of such calendar year, the Trust Units were eligible investments for registered retirement savings plan, registered retirement income funds, registered education savings plans and deferred profit sharing plans (all within the meaning of the Tax Act).

The Parties hereto agree that the failure of the Administrator to deliver the aforementioned certificate within the said sixty (60) day period shall not constitute a breach of this Agreement, provided that the Administrator shall deliver such certificate not more than ten (10) Business Days following the demand of the Trustee.

2.13 Notice to Trustee

The Administrator shall provide the Trustee and the Business Trustee prompt written notice of any event or circumstance of which the Administrator shall become aware where the Trustee or the Business Trustee is required by the Deed of Trust or the Business Deed of Trust, as applicable, to take specific action.

2.14 Execution of Documents of the Trust

In carrying out the services hereunder, the Administrator may execute, for and on behalf of the Trust or the Business Trust, as the case may be, any instrument or document which the Administrator considers appropriate, in its sole discretion. Any such instrument or document shall be executed in accordance with, or substantially in accordance with, the following:

(a) PETROWEST ENERGY SERVICES TRUST by its Administrator, PETROWEST ENERGY SERVICES GENERAL PARTNER LTD.

Per: _____
Authorized Signatory

or

PETROWEST ENERGY SERVICES GENERAL PARTNER LTD., as agent for and on behalf of PETROWEST ENERGY SERVICES TRUST

Per: _____
Authorized Signatory

and

(b) in the case of any document required to be executed on behalf of the Trust in connection with a prospectus as follows:

PETROWEST ENERGY SERVICES TRUST by PETROWEST ENERGY SERVICES GENERAL PARTNER LTD., as Administrator

Per: _____
Authorized Signatory

and provide for such signatures as may be required by Applicable Laws.

All commercially reasonable efforts shall be made to ensure that every contract entered into on behalf of the Trust by the Administrator shall include a provision substantially to the following effect:

> "The parties hereto acknowledge that [the Administrator] is entering into this agreement solely in its capacity as administrator on behalf of the Trust and the obligations of the Trust hereunder shall not be personally binding upon the Trustee, the Administrator, or any registered or beneficial holder of trust units of the Trust or any beneficiary under a plan of which a holder of trust units acts as a trustee or carrier, and that resort shall not be had to, nor shall recourse be sought from, any of the foregoing or the private property of any of the foregoing in respect of any indebtedness, obligation or liability of the Trust arising hereunder or arising in connection herewith or from the matters to which this agreement relates, if any, including without limitation claims based on negligence or otherwise tortious behavior, and recourse shall be limited to, and satisfied only out of, the "Trust Assets" as defined in the Deed of Trust of the Trust dated as of July 6, 2006, as amended from time to time."

This provision shall be held in trust and enforced by the Administrator for its benefit and the benefit of the Unitholders and beneficiaries, as the case may be. The omission of such a provision from any such written agreement shall not operate to impose personal liability on the Trustee, the Administrator or any Unitholder.

2.15 Execution of Documents of the Business Trust

In carrying out the services hereunder, the Administrator may execute, for and on behalf of the Business Trust, any instrument or document which the Administrator considers appropriate, in its sole discretion. Any such instrument or document shall be executed in accordance with, or substantially in accordance with, the following:

> PETROWEST ENERGY SERVICES BUSINESS TRUST by its Administrator, PETROWEST ENERGY SERVICES GENERAL PARTNER LTD.
>
> Per: _____
> Authorized Signatory
>
> or
>
> PETROWEST ENERGY SERVICES GENERAL PARTNER LTD., as agent for and on behalf of PETROWEST ENERGY SERVICES BUSINESS TRUST
>
> Per: _____
> Authorized Signatory
>
> and provide for such signatures as may be required by Applicable Laws.

All commercially reasonable efforts shall be made to ensure that every contract entered into on behalf of the Business Trust by the Administrator shall include a provision substantially to the following effect:

> "The parties hereto acknowledge that [the Administrator] is entering into this agreement solely in its capacity as administrator on behalf of the Trust and the obligations of the Trust hereunder shall not be personally binding upon the Trustee, the Administrator, or any registered or beneficial holder of trust units of the Trust or any beneficiary under a plan of which a holder of trust units acts as a trustee or carrier, and that resort shall not be had to, nor shall recourse be sought from, any of the foregoing or the private property of any of the foregoing in respect of any indebtedness, obligation or liability of the Trust arising hereunder or arising in connection herewith or from the matters to which this agreement relates, if any, including without limitation claims based on negligence or otherwise tortious behavior, and recourse shall be limited to, and satisfied only out of, the "Trust Assets" as defined in the Deed of Trust of the Trust dated as of July 6, 2006, as amended from time to time."

This provision shall be held in trust and enforced by the Administrator for its benefit and the benefit of the Business Trust Unitholders and beneficiaries as the case may be. The omission of such a provision from any such written agreement shall not operate to impose personal liability on the Business Trustee, the Administrator or any Business Trust Unitholder.

2.16 Ratification of Prior Acts

The Trust acknowledges, authorizes, ratifies and confirms all acts undertaken and completed by the Administrator on its behalf prior to the date hereof, which if undertaken or completed during the term of this Agreement would have been within the scope of the authority provided to the Administrator herein.

ARTICLE 3
PAYMENT OF EXPENSES

3.1 Expense Reimbursement

The Administrator shall be reimbursed for all Trust Expenses incurred by the Administrator in carrying out its obligations or duties under this Agreement. The Administrator shall calculate the Trust Expenses for each month and shall invoice the Trust or the Business Trust in respect thereof by setting out the details of the services provided by the Administrator and the Trust Expenses and GST incurred by the Administrator pursuant to this Agreement. Such amounts shall be payable by the Trust or the Business Trust not later than 30 days after such month. The Parties agree that the Trust Expenses shall be treated for tax purposes as costs and expenses of the Party on whose behalf they were incurred, except as otherwise required by Applicable Law. Notwithstanding the foregoing, the Trust and the Business Trust shall retain the right from time to time or written notice to the Administrator to assign the obligation to reimburse the Administrator whereupon the assignee shall be responsible for such reimbursement.

3.2 Payment of GST

Unless otherwise provided in this Agreement, all amounts payable to the Administrator pursuant to this Agreement shall be exclusive of any goods and services tax required to be paid thereon pursuant to the *Excise Tax Act* (Canada) or otherwise (collectively, the "**GST**") and the Administrator shall be paid by the Trustee, on behalf of the Trust, and the Business Trustee on behalf of the Business Trust in addition to such amounts, all amounts of GST collectible by the Administrator with respect thereto and such amounts shall be included and separately identified by the Administrator in the invoice described in Section 3.1 hereto.

3.3 Failure to Pay When Due

Any amount payable to the Administrator hereunder and which is not remitted to the Administrator when so due shall remain due (whether on demand or otherwise) and interest will accrue on such overdue amounts (both before and after judgment), at a rate per annum equal to the prime rate charged by the Trust's principal banker plus 1% per annum from the date payment is due until the date payment is made.

3.4 No Fee

The Administrator shall not be entitled to the payment of a fee for the services provided by the Administrator to the Trust and the Business Trust hereunder.

3.5 Remuneration and Expenses of the Trustee

The Administrator shall pay the remuneration and expenses of the Trustee as provided in Section 7.6 of the Deed of Trust and the remuneration and expenses of the Business Trust as provided in the Business Deed of Trust and such amounts shall be paid in priority to any amounts payable to the Administrator in accordance with Section 3.1 above.

ARTICLE 4
RECORDS

4.1 Books and Records

The Administrator shall keep proper books, records and accounts in which full, true and correct entries in conformity with Canadian generally accepted accounting principles and all requirements of Applicable Laws will be made of all dealings and transactions in relation to the activities of the Trust and the Business Trust and the performance of the services under this Agreement at the Administrator's head office in the Province of Alberta.

4.2 Examination of Records

The Administrator shall make available to the Trustee and Business Trustee and their authorized representatives at any time during normal business hours on a Business Day all records, documents or information related to the activities of the Trust and the Business Trust, wherever maintained. The Administrator shall permit the Trustee and the Business Trustee and their authorized representatives at any time during normal business hours on a Business Day to examine the books, records, drawings, computer-stored data, correspondence, accounting procedures and practices, cost analyses and any other supporting financial data, including invoices, payments or claims and receipts pertaining to the activities of the Trust and the Business Trust, respectively, maintained by the Administrator at its head office. Any examination at the Administrator's head office shall be conducted in a manner which will not unduly interfere with the conduct of the Administrator's business in the ordinary course. The Administrator shall furnish to the Trustee and the Business Trustee or their authorized representatives such financial and operating data and other information with respect to the activities of the Trust and Business Trust, respectively, as the Trustee and the Business Trustee or their authorized representatives shall from time to time reasonably request.

4.3 Compliance by Third Parties and Others

Where a third party has been engaged by the Administrator, the Administrator shall exercise commercially reasonable efforts to cause such third party to take such action as is necessary to permit the Administrator to remain in compliance with its obligations, duties and covenants under this Agreement and to cause such third party to refrain from taking any action which would result in the Administrator being in breach of its obligations, duties and covenants

under this Agreement and the Administrator shall remain responsible for the actions of such third party.

ARTICLE 5
OBLIGATIONS AND COVENANTS OF THE TRUST

5.1 Joinder of Business Trust

On or prior to the Closing, the Trust will cause the Business Trust to execute a joinder agreement satisfactory to the Administrator, acting reasonably, pursuant to which the Business Trust shall agree to be bound by all representations, warranties, covenants and indemnities of the Business Trust hereunder.

5.2 Obligations and Covenants of the Trust and the Business Trust

The Trust and the Business Trust shall each:

(a) grant access or cause access to be granted to the Administrator to the information necessary in order for the Administrator to perform its obligations, covenants and responsibilities pursuant to the terms hereof; and

(b) provide, or cause to be provided, all information as may be reasonably requested by the Administrator, and promptly notify the Administrator of any material facts or information of which it is aware, in relation to and which may affect the performance of the obligations, covenants or responsibilities of the Administrator pursuant to this Agreement, including any known pending or threatened suits, actions, claims, proceedings or orders by or against the Trust, the Business Trust or any of their affiliates before any Tribunal.

ARTICLE 6
ACTIVITIES OF ADMINISTRATOR

6.1 Standard of Care and Delegation

(a) In exercising its powers and discharging its duties under this Agreement, the Administrator shall exercise the powers and discharge the duties conferred hereunder honestly, in good faith and in the best interests of the Unitholders, the Business Trust Unitholders the Trust and the Business Trust and in connection therewith shall exercise that degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances. The Administrator's objective in exercising its powers and discharging its duties hereunder shall be to maximize the income distributable to the Unitholders to the extent consistent with long-term growth in the value of the Trust. In pursuing such objective, the Administrator will employ prudent energy services business practices.

(b) The Administrator may delegate specific aspects of its obligations hereunder to any other Person, provided that (i) such delegation shall not relieve the Administrator of any of its obligations under this Agreement, and (ii) the

Administrator shall not delegate any of its obligations hereunder to manage and administer the affairs of the Trust or the Business Trust unless the Administrator shall have notified the Trustee or the Business Trustee, as applicable, in writing of the name of the Person to which delegation is to be made and the terms and conditions thereof.

(c) Notwithstanding Section 6.1(b), the Administrator shall not in any manner, directly or indirectly, be liable or held to account for the activities or inactivity of any Person to which any such obligations may have been delegated, provided that in making such specific delegation, the Administrator acted in accordance with this Section 6.1. Where possible, the Administrator will structure any delegation in a manner that will permit the Trustee or the Business Trustee on behalf of the Trust and the Business Trust, respectively, to bring an action directly against the delegatee.

6.2 Reliance

In carrying out its duties hereunder, provided the Administrator has acted in accordance with the standard of care set out in Section 6.1(a) hereof, the Administrator and its delegates shall be entitled to rely on:

(a) statements of fact of other Persons (any of which may be Persons with whom the Administrator is affiliated or associated) who are considered by the Administrator, acting reasonably, to be knowledgeable of such facts; and

(b) statements, the opinion or advice of or information from any solicitor, auditor, valuer, engineer, surveyor, appraiser or other expert selected by the Administrator, provided that the Administrator exercised reasonable care and diligence in selecting such Person to provide such statements, opinion, advice or information; and may employ such experts as may be necessary to the proper discharge of its duties.

The Administrator may rely, and shall be protected in acting, upon any instrument or other documents reasonably believed by it to be genuine and in force.

6.3 No Liability for Advice

The Administrator shall not be liable, answerable or accountable to the Trust, the Business Trust, the Trustee, the Business Trustee or any Unitholder or Business Trust Unitholder for any loss or damage resulting from, incidental to or relating to the provision of services hereunder by the Administrator, or the advice given to the Trustee or the Business Trustee, as the case may be, by the Administrator, including any exercise or refusal to exercise a discretion, any mistake or error of judgment or any act or omission believed by the Administrator to be within the scope of authority conferred on it by this Agreement, unless such loss or damage resulted from the fraud, wilful default or gross negligence of the Administrator in performing its obligations hereunder.

6.4 Conflict of Interest

(a) To the extent there is a conflict of interest between the Administrator acting in that capacity and the Trust or the Business Trust in respect of any matter, the Administrator shall resolve such conflicts, on a basis consistent with the objectives and funds of each group of interested parties and the time limitations on investment of such funds, all consistent with the duty of the Administrator to deal fairly and in good faith with each group or persons.

(b) In the event that the interests of the Administrator are in conflict with those of the Trust, the Business Trust, the Unitholders or the Business Trust Unitholders, the Administrator shall make decisions acting in good faith, having regard to the best interests of Trust, the Business Trust, the Unitholders or the Business Trust Unitholders and in a manner that would not contravene its fiduciary obligations to the Trust, the Business Trust, the Unitholders or the Business Trust Unitholders.

6.5 Additional Information

Each of the Trustee and the Business Trustee acknowledges that conducting the activities contemplated herein may have the incidental effect of providing additional information with respect to or augmenting the value of assets in which the Administrator or its affiliates or associates have an interest and each of the Trustee and the Business Trustee agrees that neither the Administrator nor its affiliates or associates shall be liable to account to the Trustee, the Business Trustee, the Trust, the Business Trust or any Unitholder or Business Trust Unitholder with respect to such activities or results; provided, however, that the Administrator shall not, in making any use of any such information, do so in any manner that the Administrator knew, or ought reasonably to have known, would cause or result in a breach of any confidentiality provision of agreements to which the Trustee, the Business Trustee or the Trust or the Business Trust are parties or are bound.

6.6 Confidentiality

Subject to Section 6.5, the Administrator shall not, without the prior written consent of the Trustee or the Business Trustee, as applicable, disclose to any third party any information about the Trust or the Business Trust acquired or developed pursuant to the performance of services under this Agreement except that consent shall not be required to the following disclosure:

(a) information disclosed as required by Applicable Law or the regulations, rules or policies of any stock exchange on which any Trust Units are listed or as may be required by the regulations or policies of any Governmental Authority;

(b) information disclosed as necessary for the purposes of any debt or equity financing undertaken by the Trust; or

(c) information disclosed that the Administrator, acting reasonably, deems to be necessary to be disclosed on a confidential basis for the proper performance of its duties and obligations under this Agreement, including without limitation,

disclosure of information to consultants and other third parties engaged by or assisting the Administrator in accordance with the terms of this Agreement in order to carry out the purposes of this Agreement.

The provisions of this Section shall survive the termination of this Agreement.

ARTICLE 7
INDEMNIFICATION

7.1 Indemnification of the Administrator

The Administrator and any Person who is serving or shall have served as a director, officer, employee or agent of the Administrator and each of their respective heirs, personal representatives, successors and assigns shall be indemnified and saved harmless by the Trust and the Business Trust (in each case in relation to services provided in respect of or for the benefit of such party) from and against any liability and all losses, damages, costs, charges and expenses (including judgments, fines, penalties, amounts paid in settlement and counsel and accountants' fees) of whatsoever kind or nature incurred by, borne by or asserted against any of such indemnified parties in any way arising from or related in any manner to this Agreement or the provision of services hereunder, unless such indemnified party is found liable for or guilty of fraud, wilful default or gross negligence. The foregoing right of indemnification shall not be exclusive of any other rights to which the Administrator or any Person referred to in this Section 7.1 may be entitled as a matter of law or equity or which may be lawfully granted to such Person.

7.2 Indemnification of Others

The Trust, the Business Trust, the Trustee, the Business Trustee and any Person who is serving or shall have served as an officer, director, employee or agent of the Trustee or the Business Trustee, and each of their respective heirs, personal representatives, successors and assigns, shall be indemnified and saved harmless by the Administrator from and against all losses, claims, damages, liabilities, obligations, costs and expenses (including judgments, fines, penalties, amounts paid in settlement and counsel and accountants' fees) of whatsoever kind or nature incurred by, borne by or asserted against any of such indemnified parties in any way arising from or related in any manner to the fraud, wilful default or gross negligence of the Administrator in the performance of its obligations hereunder, unless such losses, claims, damages, liabilities, obligations, costs and expenses (including judgments, fines, penalties, amounts paid in settlement and counsel and accountants' fees) arise principally and directly from the fraud, wilful default or gross negligence of such indemnified party. The foregoing right of indemnification shall not be exclusive of any other rights to which the Trust, the Business Trust, the Trustee, the Business Trustee or the officers, directors, employees or agents of the Trustee or the Business Trustee may be entitled as a matter of law or equity or which may be lawfully granted to such Person.

7.3 Survival of Indemnities

All indemnities provided in this Article 7 shall survive the termination of this Agreement.

ARTICLE 8
TERM AND TERMINATION

8.1 Term

Subject to Section 8.4, this Agreement shall continue in force for a period of 10 years from the Effective Date unless terminated earlier by the Trust or the Business Trust, in its sole discretion, by notice in writing to the Administrator given at least 30 days prior to the effective date of termination which shall be stated in such notice and upon payment to the Administrator of any amounts required to be paid to it as provided for in Section 8.6.

8.2 Automatic Renewal

Subject to Section 8.4 and 8.5 and any earlier termination pursuant to Section 8.1, upon the expiry of the 10 year initial term of this Agreement provided pursuant to Section 8.1, the term of this Agreement shall be automatically renewed for a further term of three years subject to the Trust's and the Business Trust's right of earlier termination on the same basis as provided in Section 8.1 and subject to Section 8.4 and thereafter automatically for such additional three year renewal terms upon the expiry of each preceding renewal term, all subject to Section 8.1 and subject to Section 8.4.

8.3 Effect of Termination

Upon the effective date of termination of this Agreement, the Administrator shall:

(a) forthwith deliver to the Trust and the Business Trust, respectively all books, records, accounts, documents, systems and manuals which it has developed and maintained relating to the Trust and the Business Trust pursuant to this Agreement;

(b) forthwith pay to the Trust and the Business Trust, respectively, or to the order of the Trust or the Business Trust, as applicable, all monies collected and held for the Trust and the Business Trust pursuant to this Agreement, after deducting any reimbursement of expenses to which it is then entitled pursuant to Sections 3.1 and 8.6;

(c) as soon thereafter as is reasonably practicable, deliver to the Trust and the Business Trust, respectively, or to the order of the Trust or the Business Trust, a complete auditor's report including a statement showing all payments collected by it and a statement of all monies held by it during the period following the date of the last audited statement furnished to the Trust; and

(d) forthwith, to the extent that it is able, subject to any applicable legal and contractual restrictions, deliver to and, where applicable, transfer into the custody of the Trustee and the Business Trustee, respectively, all property and documents of the Trust then in the custody of the Administrator.

8.4 Default upon Insolvency or Bankruptcy

This Agreement shall be immediately terminable by written notice from the Administrator, the Trustee or the Business Trustee to the other Parties, as the case may be, in the event that:

(a) the Administrator, the Trust or the Business Trust, as the case may be:

(i) institutes proceedings for it to be adjudicated a voluntary bankrupt, or consents to the filing of a bankruptcy proceeding against it;

(ii) files a petition or answer or consent seeking reorganization, readjustment, arrangement, composition or similar relief under any bankruptcy law;

(iii) consents to the appointment of a receiver, liquidator, trustee or assignee in bankruptcy; or

(iv) makes an assignment for the benefit of its creditors generally;

(b) a court having jurisdiction enters a decree or order adjudging the Administrator or the Trust, as the case may be, a bankrupt or insolvent or for the appointment of a receiver, trustee or assignee in bankruptcy;

(c) any proceeding with respect to the Administrator is commenced under the *Bankruptcy and Insolvency Act* (Canada) or the *Companies' Creditors' Arrangement Act* (Canada) or similar legislation relating to a compromise or arrangement with creditors or claimants; or

(d) any proceeding with respect to the Trust or the Business Trust is commenced under the *Bankruptcy and Insolvency Act* (Canada) or similar legislation relating to a compromise or arrangement with creditors or claimants.

8.5 Default upon Material Breach

Subject to Article 9, this Agreement shall be immediately terminable by written notice from the Administrator, the Trustee or the Business Trustee to the other Parties, as the case may be, in the event that the other Party defaults (the "**Defaulting Party**") in the performance of a material obligation under this Agreement, which default is not remedied within 30 days after written notice thereof has been delivered to the Defaulting Party.

8.6 Payment

Upon a written notice to terminate this Agreement being given pursuant to Section 8.1 or 8.4, the Trust shall either pay to the Administrator, before or at the time of the termination of this Agreement, all costs and expenses incurred or required to be incurred by the Administrator in terminating contracts the Administrator has entered into with the approval of the Trust and the Business Trust, as applicable, in the performance by the Administrator of its duties under this

Agreement (less any amount owing by the Administrator to the Trust or the Business Trust, as applicable) or, at the election of the Trust or the Business Trust, as applicable, assume the obligations of the Administrator under such contracts or any of them. Thereafter, from and after the effective date of termination of this Agreement, the Administrator shall not be entitled to any further reimbursement of out-of-pocket expenses but shall be reimbursed for all expenses incurred by it, prior to the effective date of termination.

8.7 Post Termination Arrangements

In the event of a termination of this Agreement:

(a) the Administrator shall deliver to the Trust all books, records, accounts, documents, systems and manuals which the Administrator has developed and maintained relating to such party pursuant to this Agreement; and

(b) the Trust and the Administrator shall take all steps as may be reasonably required to complete any final accounting as between them and to provide, if applicable, for the completion of any other matter contemplated by this Agreement.

8.8 Continuing Obligations

Notwithstanding termination of this Agreement, the Parties hereto shall not be relieved from any obligations or liabilities pursuant to this Agreement arising prior to such termination.

ARTICLE 9
FORCE MAJEURE

9.1 Consequences of Force Majeure

During the occurrence of an event of Force Majeure, the obligations of the Party affected by such event of Force Majeure, to the extent that such obligations cannot be reasonably performed as a result of such event of Force Majeure, shall be suspended, and such Party shall not be considered to be in breach or default hereunder, for the period of such occurrence, except that the occurrence of an event of Force Majeure:

(a) affecting the Trust but not affecting the performance of the Administrator's obligations hereunder, shall not relieve the Trust of its obligation to make payments of the expenses of the Administrator; or

(b) affecting the Administrator but not affecting the performance of the Trust's obligations hereunder, shall not relieve the Trust of its obligation to make payments of the expenses of the Administrator incurred before the event of Force Majeure in respect of services performed by the Administrator prior to such event of Force Majeure.

The suspension of performance shall be of no greater scope and of no longer duration than is required by the event of Force Majeure. No obligation of either Party that arose prior to the

event of Force Majeure causing the suspension of performance shall be excused as a result of the event of Force Majeure.

9.2 Notice

Upon the occurrence of an event of Force Majeure, the non-performing Party:

(a) shall give the other Parties prompt written notice of the particulars of the event of Force Majeure and its expected duration; and

(b) shall use its best efforts to remedy its inability to perform.

ARTICLE 10
RESOLUTION OF DISPUTES AND ARBITRATION

10.1 Dispute

If any issue, controversy, dispute, claim, question or disagreement of any kind or nature (a "**Dispute**") between the Parties arises out of or in connection with this Agreement, the Parties shall seek to settle the Dispute.

10.2 Arbitration

Except as is expressly provided in this Agreement, if the applicable Parties do not reach a solution pursuant to Section 10.1 within a period of 60 days following the first notice of the Dispute by any Party to the other, then upon written notice by any Party to the other, the Dispute shall be finally settled by arbitration in accordance with the provisions of the *Arbitration Act* (Alberta), provided that the following rules and provisions shall apply to the arbitration proceeding:

(a) The arbitration tribunal shall consist of one arbitrator appointed by mutual agreement of the Parties, or in the event of failure to agree within 10 Business Days following delivery of the written notice to arbitrate, any Party may apply to a judge of the Court of Queen's Bench of Alberta to appoint an arbitrator. The arbitrator selected by the Court shall be from a list of two individuals independent of each Party which shall be submitted to the court by each Party. The arbitrator shall be qualified by education and training to pass upon the particular matter to be decided.

(b) The arbitrator shall be instructed that time is of the essence in the arbitration proceeding and that in any event, the arbitration award must if at all possible be made within 45 days of the submission of the Dispute to arbitration or as soon thereafter as possible.

(c) After written notice is given to refer any Dispute to arbitration, the Parties will meet within 15 Business Days of delivery of the notice and will negotiate in good faith any changes in these arbitration provisions or the rules of arbitration which are herein adopted or which may be prescribed by the *Arbitration Act* (Alberta), in

an effort to expedite the process and otherwise ensure that the process is appropriate given the nature of the Dispute and the values at risk.

(d) The arbitration shall take place in Calgary, Alberta.

(e) The arbitration award shall be given in writing and shall be final and binding on the Parties, not subject to any appeal, and shall deal with the question of costs of arbitration and all related matters.

(f) Judgment upon any award may be entered in any Court having jurisdiction or application may be made to the Court for a judicial recognition of the award or an order of enforcement, as the case may be.

(g) All Disputes referred to arbitration (including the scope of the agreement to arbitrate, any statute of limitations, set-off claims, conflict of laws rules, tort claims and interest claims) shall be governed by the law of Alberta.

(h) The Parties agree that the arbitration shall be kept confidential and that the existence of the proceeding and any element of it (including any pleadings, briefs, or other documents submitted or exchanged, any testimony or other oral submissions and any awards) shall not be disclosed beyond the arbitrator, the Parties, their counsel and any person necessary to the conduct of the proceeding, except as may lawfully be required in judicial proceedings relating to the arbitration or otherwise as required by law.

(i) The Parties agree that any fees charged by the arbitrator shall be shared equally by the Parties involved in the arbitration subject to any cost orders that the arbitrator may make.

10.3 Continued Performance

During the conduct of Dispute resolution procedures pursuant to this Article 10, the Parties shall continue to perform their respective obligations under this Agreement and neither Party shall exercise any other remedies to resolve such Dispute.

ARTICLE 11
GENERAL MATTERS

11.1 No Partnership, Joint Venture or Trust

The Parties are not and shall not be deemed to be partners or joint venturers with one another and nothing herein shall be construed so as to impose any liability as such on any of them. The Parties agree that the Administrator shall perform its obligations under this Agreement as an independent contractor and shall not be, and shall not be deemed to be, a trustee for any Person, whether or not a Party, in connection with the discharge by the Administrator of such obligations, except as provided in Section 2.12 hereof.

11.2 Amendments

This Agreement shall not be amended or varied in its terms by oral agreement or by representations or otherwise except by instrument in writing executed by the duly authorized representatives of the Parties hereto or their respective successors or assigns.

11.3 Assignment

This Agreement may be assigned by any Party hereto only with the prior written consent of the other Party.

11.4 Severability

The provisions of this Agreement are severable. In the event of the unenforceability or invalidity of any one or more of the terms, covenants, conditions or provisions of this Agreement under applicable law, such unenforceability or invalidity shall not render any of the other terms, covenants, conditions or provisions hereof unenforceable or invalid; and the Parties agree that this Agreement shall be construed as if such an unenforceable or invalid term, covenant or condition was never contained herein.

11.5 Notices

All notices required or permitted pursuant to the terms of this Agreement shall be in writing and shall be given by personal delivery or facsimile transmittal during normal business hours on any Business Day to the address of the Party, as applicable, as set forth below. Any such notice or other communication given hereunder shall, if personally delivered or sent by facsimile transmittal (with confirmation received), be conclusively deemed to have been given or made and received on the day of delivery or facsimile transmittal (as the case may be) if such delivery or facsimile transmittal occurs during normal business hours of the recipient on a Business Day and if not so delivered or transmitted during normal business hours on a Business Day, then on the next Business Day following the day of delivery or transmittal. The Parties hereto may give from time to time written notice of change of address in the manner aforesaid.

Notices shall be provided:

11.6 Enurement

This Agreement shall enure to the benefit of and be binding upon the Parties hereto and their respective successors and permitted assigns.

11.7 Entire Agreement

This Agreement constitutes the entire agreement between the Parties hereto with respect to the subject matter hereof and cancels and supersedes any prior understanding and agreements between the Parties with respect thereto. There are no representations, warranties, terms, conditions, undertakings or collateral agreements, express, implied or statutory with respect to the subject matter hereof between the Parties, other than as expressly set forth in this Agreement, the Deed of Trust and the Business Deed of Trust.

11.8 Waivers

No waiver of any breach of any term or provision of this Agreement shall be effective or binding unless made in writing and signed by the Party purporting to give the same and, unless otherwise provided, such waiver shall be limited to the specific breach waived.

11.9 Further Assurances

Each of the Parties shall from time to time execute and deliver all such further documents and instruments and do all acts and things as the other Parties may reasonably require to effectively carry out or better evidence or perfect the full intent and meaning of this Agreement.

11.10 Counterparts

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

11.11 Facsimile Execution

Execution and delivery of this Agreement may be effected by any Party by facsimile transmission of the execution page hereof to the other Parties. A Party delivering this Agreement by facsimile transmission shall thereafter forthwith deliver to each of the other Parties an original execution page hereof with its original execution located thereon; provided, however, that any failure by a Party to so deliver such original signature page shall not affect the validity or enforceability hereof by or against that Party.

IN WITNESS WHEREOF the Parties hereto have executed this Agreement by their proper officers duly authorized in that behalf as of the day and year first above written.

RECEIVED
2006 SEP 19 A 9:37
OFFICE OF INTERNATIONAL

PETROWEST ENERGY SERVICES TRUST

$•

• Trust Units

This prospectus qualifies the distribution of • trust units (the "Trust Units") of Petrowest Energy Services Trust (the "Trust"). The Trust is an unincorporated, open-ended, limited purpose mutual fund trust established under and governed by the laws of the Province of Alberta.

The Trust intends to make monthly distributions of its available cash to holders of Units ("Unitholders"). The initial cash distribution, which will be for the period from Closing to •, 2006, is expected to be paid on •, 2006 to Unitholders of record on •, 2006, and is estimated to be approximately $• in the aggregate, representing $• per Unit. As results of operations may vary, the distribution of cash is not assured. See "Summary of Distributable Cash".

Price: $10.00 per Trust Unit

	Price to the Public[1]	Underwriters' Fee	Net Proceeds to the Trust[2]
Per Trust Unit	$10.00	$0.60	$9.40
Total Offering	$•	$•	$•

Notes:

(1) The price of the Trust Units has been determined by negotiation between the Trust, Petrowest Energy Services General Partner Ltd. (the "General Partner") and Westwind Partners Inc. and Sprott Securities Inc. (together, the "Underwriters"). Westwind Partners Inc., Westwind Partners (UK) Limited and Sprott Securities Inc. are financial advisors to Petrowest.

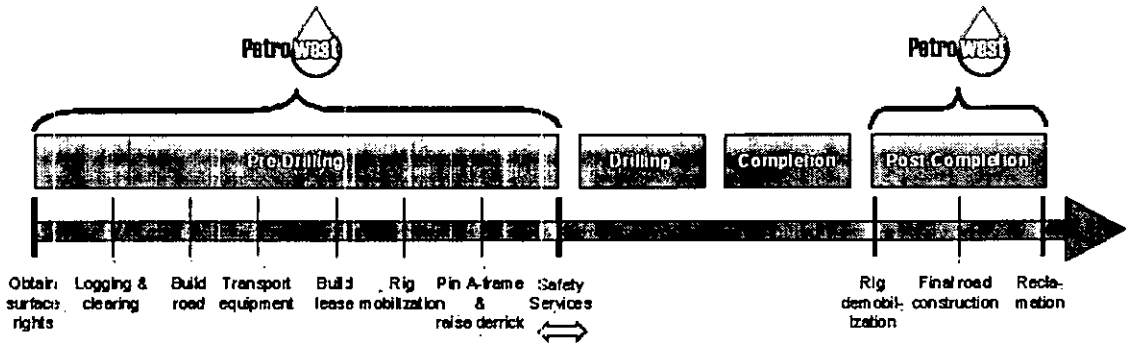
(2) After deducting the Underwriters' fee but before deducting the estimated expenses of this offering, which expenses, together with the Underwriters' fee, will be paid from the proceeds of this offering.

(3) The Trust has granted to the Underwriters an option (the "Over-Allotment Option") to purchase up to an additional • Trust Units on the same terms as set forth above, exercisable in whole or in part from time to time for a period of 30 days following the date of closing solely to cover over-allotments, if any. This prospectus also qualifies the distribution of these additional Trust Units. If the

Over-Allotment Option is exercised in full, the price to the public, Underwriters' fee and net proceeds to the Trust (before deducting the expenses of this offering) will be $•, $• and $•, respectively. See "Plan of Distribution".

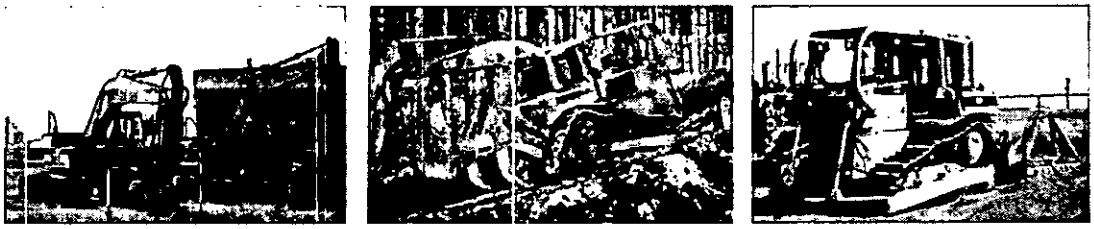
The Trust does not currently carry on any active business. Closing of this offering is conditional upon the satisfaction of the Acquisition Condition (as herein defined). An investment in these securities should be considered speculative due to the nature of Petrowest's (as herein defined) business and its present stage of development and is subject to a number of risks. There is currently no market through which the Trust Units may be sold and purchasers may not be able to resell the Trust Units purchased under this prospectus. See "Risk Factors".

The Underwriters, as principals, conditionally offer the Trust Units, subject to prior sale, if, as and when issued by the Trust and accepted by the Underwriters in accordance with the conditions contained in the Underwriting Agreement referred to under "Plan of Distribution" and subject to the approval of certain legal matters on behalf of the Trust and its subsidiaries by Bennett Jones LLP and on behalf of the Underwriters by Stikeman Elliott LLP. Subscriptions for Trust Units will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. One or more certificates representing the Trust Units issued pursuant to this offering will be issued in registered form to The Canadian Depository for Securities Limited ("CDS") or its nominee and will be deposited with CDS on the date of the Closing, which is expected to occur on or about •, 2006, but in any event not later than •, 2006. A purchaser of Trust Units will receive only a customer confirmation from a registered dealer that is a CDS participant from or through which Trust Units are purchased.



Although the Trust intends to make distributions of its available cash to Unitholders, these cash distributions are not assured. The actual amount distributed will depend on numerous factors including the Trust's and its subsidiaries' financial performance, debt covenants and obligations, working capital requirements and future capital requirements. The market value of the Trust Units may deteriorate if the Trust is unable to meet its cash distribution targets in the future, and that deterioration may be material. The Trust does not have a stability rating. See "Risk Factors".

The after-tax return to Unitholders subject to Canadian federal income tax from an investment in Trust Units will depend, in part, on the composition for tax purposes of distributions paid by the Trust, portions of which may be fully taxable or constitute non-taxable returns of capital, which are not included in a Unitholder's income but which reduce the adjusted cost base of the Trust Units to the Unitholder. The composition for tax purposes of those distributions may change over time, thus affecting the after-tax return to Unitholders. The estimated portion of a subscriber's investment that initially will be taxed as a return on capital is 85% and the estimated portion that initially will be taxed as a return of capital is 15%. Returns on capital are generally taxed as ordinary income or as dividends in the hands of a Unitholder resident in Canada. Returns of capital are generally non-taxable to a Unitholder resident in Canada (but reduce the holder's adjusted cost base of the Trust Units for tax purposes). See "Canadian Federal Income Tax Considerations" and "Description of the Trust – Cash Distributions".



The Trust Units are not "deposits" within the meaning of the *Canada Deposit Insurance Corporation Act* (Canada) and are not insured under the provisions of that Act or any other legislation. Furthermore, the Trust is not a trust company and, accordingly, it is not registered under any trust and loan company legislation and it does not carry on or intend to carry on the business of a trust company.

PROSPECTUS SUMMARY

The following is a summary of the principal features of this offering and should be read together with the more detailed information and financial data and statements contained elsewhere in this prospectus. Please refer to the Glossary for an explanation of certain terms used in this prospectus and in this summary.

On Closing of this offering, the Trust will be a business trust operating an energy services business through its indirect subsidiaries. Unitholders will hold Units of the Trust, which in turn will hold a 100% beneficial interest in the Petrowest Business Trust. The Petrowest Business Trust will, via the four Partnerships (corresponding with four business divisions), hold the assets of the businesses historically operated by the Acquired Companies. See "The Trust and its Subsidiaries".

Business of Petrowest

Petrowest will be a diversified oilfield services trust that will provide pre-drilling and post-completion services to the northern region of the WCSB. Petrowest will service the region via its head and operational office in Grande Prairie, Alberta and nine full-service locations throughout northern Alberta and British Columbia, each with a staging area, shop area, and sales and service personnel. Petrowest's corporate office will be in Calgary, Alberta.

Petrowest will acquire the Acquired Companies, which are all established, private Grande Prairie-based pre-drilling and post-completion service providers. The nine Acquired Companies are complementary to one another and will have the ability to provide clients with a full-range of services, cost competitive pricing, the capability to service large-scale contracts, and a modern and well-maintained equipment fleet. Petrowest intends to expand and improve on the aforementioned benefits as it executes its growth strategy of further integration, organic expansion, and complementary acquisitions.

Petrowest's business will be operated in four divisions corresponding to the four Partnerships as follows:

- **Road and Lease Construction Division** – will provide oilfield well site lease preparation, road construction, earth moving, reclamation, commercial projects and other lease construction services. The Road and Lease Construction Division will have four camps and approximately 90 pieces of major equipment (average age: four years) and 130 full-time employees (average industry experience: nine years);
- **Transportation and Hauling Division** – will provide general oilfield hauling, rig mobilization and demobilization, equipment transportation, log loading and hauling, gravel hauling, pipe hauling and other transportation services. The Transportation and Hauling Division will have approximately 80 pieces of major equipment (average age: five years) and 100 full-time employees (average industry experience: 10 years);
- **Civil Services Division** – will provide general rock and gravel crushing and oilfield safety services and rentals. The Civil Services Division will have approximately 120 pieces of major equipment (average age: five years) and 80 full-time employees (average industry experience: eight years); and

- **Heavy Equipment Rentals Division** – will provide oilfield and construction heavy equipment rentals. The Heavy Equipment Rentals Division will have approximately 60 pieces of major equipment (average age: three years) and 10 full-time employees (average industry experience: 15 years).

See "Business of Petrowest" and "Divisional Structure".

The following table illustrates selected historical financial performance of the Acquired Companies, organized by Petrowest's operating divisions, for the periods indicated.

Notes:

(1) The financial year-ends of the Acquired Companies are as follows: Wales Contractors – August 31, Roy Larson Construction – May 31, Gordon Bros. Construction – September 30, D&D Well Services – December 31, Murtron Hauling – October 31, R Bee Crushing – April 30, S.O.S. Oilfield Safety – August 31, Northern Tractor – September 30 and Neuwest Equipment Rentals – October 31. The information presented was derived from, in respect of D&D Well Services, Murtron Hauling and Neuwest Equipment Rentals, the audited combined income statements for the twelve-month periods ended December 31, 2005, October 31, 2005, October 31, 2005, respectively, and in respect of Wales Contractors, Roy Larson Construction, Gordon Bros. Construction, R Bee Crushing, S.O.S. Oilfield Safety and Northern Tractor, the unaudited income statements for the twelve-month periods ended November 30, 2005, November 30, 2005, December 31, 2005, October 31, 2005, November 30, 2005 and December 31, 2005, respectively, constructed for the purpose of preparing the unaudited pro forma consolidated statement of income of the Trust for the twelve-month period ended December 31, 2005. See "Selected Pro Forma Consolidated Financial Information".

(2) See Schedule "C" - "Reconciliation of Net Earnings to EBITDA and Adjusted EBITDA".

(3) See "Non-GAAP Measures".

(4) Totals may not add due to rounding.

Operational Strengths

Petrowest intends to become the leader in pre-drilling and post-completion services to the northern region of the WCSB. Petrowest intends to achieve this by capitalizing on the operational strengths of the Acquired Companies, which combined provide the following advantages:

- **Ability to Provide a "One-Stop-Shop" Service Approach** – As a result of the broad spectrum of energy services businesses which will comprise Petrowest, oil and gas clients will have access to a full range of pre-drilling and post-completion services. Industry trends suggest that oil and gas companies prefer to utilize a services company that can provide a full range of services as opposed to procuring the same services from a host of sources. Benefits to the client include reduced overhead costs, a reduction in invoicing and accounting procedures, reduced wait times for services and increased efficiency in procuring pre-drilling and post-completion services. This model allows clients to meet the shorter time frames demanded by an environment where it is becoming increasingly difficult to engage services in a timely manner due to the general robustness of the energy sector coupled with labour challenges.

- **Intra-Company Synergies** – Each operating division within Petrowest will possess the ability to provide services to other divisions to facilitate its customers' specific pre-drilling and post-completion needs. Petrowest's clients will benefit from Petrowest's cross-company utilization strategies that otherwise would be absent. For example, the Civil Services Division can take advantage of the Transportation and Hauling Division's ability to provide hauling needs resulting in increased utilization rates due to reduced down time.

- **Ability to Service Large Scale Contracts** -- Petrowest's combined divisions will be positioned to take advantage of larger contract jobs as a result of its increased capacity to provide a full range of pre-drilling and post-completion services at competitive rates and in geographic areas that are comparatively difficult to access for smaller service companies. In northern Alberta and British Columbia, where well site lease-building costs are much greater than at conventional locations with relatively easy year-round access, this advantage will become increasingly strategic.

- **Competitive Pricing** – Petrowest intends to provide its customers with high-quality services using competitive pricing in an environment where costs are becoming increasingly high. By offering clients a full range of pre-drilling and post-completion services, Petrowest will have the ability to meet customer price points with greater flexibility and customer satisfaction.

- **Quality Equipment Fleet** – With the acquisition of a fleet of equipment with an average age of approximately 4.5 years and an increased access to growth capital, Petrowest will utilize an equipment fleet that is new and well-maintained. This will result in greater safety standards and reduced down times due to equipment breakdowns. As a result, clients will benefit from greater reliability in the performance of Petrowest's full range of pre-drilling and post-completion services.

- **People** – The key operating and technical people that comprise the four divisions within Petrowest will represent a valuable and important component of Petrowest's operational strengths. Given the current labour shortages in western Canada combined with senior management attrition in the energy services industry generally, it is important to understand that the key managers of the Acquired Companies have been in place with the Acquired Companies for an average of 17 years. Additionally, the respective middle management and employees of the Acquired Companies are dedicated to their businesses and have proven their commitment and loyalty by their long-term employment tenures. Petrowest's human resource assets will be key in its overall profitability and customer satisfaction, both near and long term.

See "Business of Petrowest - Operational Strengths".

Strategy for Growth

Petrowest's strategy will be to develop a long-term business which delivers sustainable and increasing per Unit distributions by growing its Road and Lease Construction, Transportation and Hauling, Civil Services and Heavy Equipment Rentals divisions. Petrowest will achieve this by integrating the businesses conducted by the Acquired Companies and establishing Petrowest as the recognized pre-drilling and post-completion service provider to the northern region of the WCSB. Petrowest will consider expanding the number of businesses within the divisions and adding other businesses and divisions if acquisition candidates meet Petrowest's acquisition criteria. See "Strategy – Acquisitions."

Petrowest anticipates acquiring approximately $39 million of new equipment over the next twelve months. This expenditure will be funded by operating leases and $8.3 million of working capital. These expenditures will add equipment to each of Petrowest's divisions to allow for future growth. Approximately 80% of this equipment has been ordered and management anticipates that this equipment will be utilized by Petrowest beginning in the third quarter of 2006.

Petrowest intends to integrate the businesses conducted by the Acquired Companies and future acquisitions within the divisions. Petrowest intends to capitalize on the track records of the Acquired Companies with respect to commitment to customer service, operational efficiency, health and safety and financial return.

Petrowest will operate in the northern region of the WCSB, principally from Grande Prairie, Alberta. At the present time, Petrowest does not intend to expand operations into eastern Canada, the United States or internationally.

See "Business of Petrowest - Strategy".

Investment Opportunity

Management believes that the Trust is an attractive investment opportunity due to the quality of the underlying businesses represented by the Acquired Companies and Petrowest's focused business strategy. Petrowest intends to sustain and increase its cash flow and distributions through both organic growth and acquisitions of other energy services businesses that have similar characteristics to the Acquired Companies.

Management expects Petrowest to have the following notable attributes:

- ownership of established businesses that provide the full-range of pre-drilling and post-completion services to the northern region of the WCSB;
- alignment of management and Unitholder interests through the subordination of management's equity interest and structured escrow terms on the Units acquired by the founding Unitholders as well as structured escrow terms on the Trust Units acquired by the shareholders of each of the Acquired Companies. See "Escrowed and Subordinated Securities";
- strong balance sheet with financial flexibility to balance between internal growth and payout of distributions to investors;
- high historic profitability of the Acquired Companies with average Adjusted EBITDA margins over 30%;
- an initial monthly distribution of $• per Unit. See "Summary of Distributable Cash";
- well positioned to capitalize on robust industry activity levels and future northern development opportunities through internal growth and acquisition opportunities;
- modern and well-maintained major equipment with an average age of approximately 4.5 years, providing a solid, cost-effective foundation from which growth can occur;

- focused and experienced executive management team and board of directors;
- focused growth strategy through a combination of internal, organic growth coupled with strategic accretive acquisitions; and
- tax effective trust structure which will facilitate access to capital that can be used for investments in equipment and strategic acquisitions.

See "Business of Petrowest - Investment Opportunity".

Selected Pro Forma Financial Information

The following table presents a summary of the unaudited pro forma consolidated balance sheet of the Trust as at March 31, 2006, the unaudited pro forma consolidated statements of income of the Trust for the period ended December 31, 2005 and for the three months ended March 31, 2006. The unaudited pro forma consolidated balance sheet was prepared as if the Concurrent Acquisitions were completed by way of the payment of $103,284,052 in cash and the issuance of 12,765,094 Units, the subscription for 1,510,000 Subordinated Units was completed for proceeds of $4,530,000 ($1,510,000 in cash and $3,020,000 in notes receivable) and • Trust Units were issued pursuant to this offering on March 31, 2006. The unaudited pro forma consolidated statements of income for the period ended December 31, 2005 and the three month period ended March 31, 2006 were prepared as if such transactions had occurred on January 1, 2005.

The unaudited pro forma information should be read together with the unaudited pro forma consolidated financial statements and related notes of the Trust included in Schedule "B" of this prospectus.

Acquisition Agreements

Acquisitionco has entered into the Purchase and Sale Agreements providing for the purchase by Acquisitionco of the Acquired Companies for an aggregate base purchase price of $230,934,992, subject to post-closing adjustments. This represents a value of approximately five times the sum of aggregate EBITDA plus management bonuses and non-recurring items for the twelve months ended December 31, 2005 of the Acquired Companies, plus an estimate of adjustments for working capital ($15.7 million), plus amounts paid for equipment after December 31, 2005 ($6.7 million), less an estimate of long-term debt ($23.5 million). Management's estimate of the sum of EBITDA plus management bonuses and non-recurring items of the Acquired Companies was based on financial statements reviewed by the Acquired Companies' independent accountants for the twelve-month period ended December 31, 2005. The aggregate base purchase price will be paid by $103,284,052 in cash and the issuance by the Trust of an aggregate of 12,765,094 Trust Units. Post-closing an audit of the working capital, shareholder loans and long term debt of each of the Acquired Companies as at the date of closing of the acquisition of the Acquired Companies will be performed. Subject to certain conditions, the results of this audit will be used to determine whether a positive or negative cash adjustment will be made to the aggregate base purchase price of the Acquired Companies. Petrowest will also retire term and capital lease debt associated with the Acquired Companies.

The Purchase and Sale Agreements contain representations and warranties in favour of Acquisitionco including representations and warranties respecting the Acquired Companies' corporate status, financial status, employees, assets, real property and the absence of environmental claims. Subject to certain limited exceptions, all representations, warranties and covenants contained in the Purchase and Sale Agreements on the part of each of the parties will survive the closing of the acquisition of the Acquired Companies, the execution and delivery under the Purchase and Sale Agreements of any share or security transfer instruments or other documents of title to any of the shares and the payment of the consideration for the shares.

In addition, it is a condition of the Purchase and Sale Agreements that 13 key personnel of the Acquired Companies shall have executed and delivered management employment agreements with the General Partner prior to closing. See "Acquisition of the Acquired Companies – Management Contracts."

Purchasers of Trust Units pursuant to this offering may not have a direct statutory right of action against each vendor of the shares of the Acquired Companies for a misrepresentation in this prospectus in respect of the Acquired Companies. Purchasers are advised to review the terms of the Purchase and Sale Agreements for a complete description of the representations, warranties and indemnities and related liabilities of the vendors of the shares of the Acquired Companies. Copies of the Purchase and Sale Agreements may be inspected at Petrowest's corporate office in Calgary during normal business hours during the period of distribution of the Trust Units.

Summary of Distributable Cash

Management has prepared the following summary of distributable cash generated by the Acquired Companies on the basis of information contained in this prospectus, and management's estimate of the amount of expenses that would have been incurred by the Acquired Companies and Petrowest had Petrowest been in existence for the three months ended March 31, 2006 and for the twelve-months ended December 31, 2005. The analysis is neither a forecast nor a projection of future results. The actual results of operations of Petrowest for any period, whether before or after the Closing, will vary from the amounts set forth in the following analysis and such variation may be material. Additionally, management believes the operations of Petrowest are subject to risks, and in reviewing the following summary of distributable cash, investors should review and consider the risks described under the heading "Risk Factors".

Management views distributable cash as an operating performance measure, as it is a measure generally used by Canadian income funds as an indicator of financial performance. As the Trust will distribute substantially all of its cash on an ongoing basis (after providing for certain amounts described below) and since EBITDA and Adjusted EBITDA (as respectively defined in "Non-GAAP Measures") are metrics used by many investors to compare issuers on the basis of their ability to generate cash from operations, management believes that, in addition to net earnings, EBITDA and Adjusted EBITDA are useful supplemental measures from which to make adjustments to determine distributable cash. The estimate of distributable cash has been prepared using assumptions which

management believes are reasonable and supportable, all of which reflect the Partnerships planned course of action given management's judgement about the most probable set of economic conditions.

Management believes that, upon completion of this offering and the Concurrent Acquisitions, Petrowest will incur lease expenses, management salaries, maintenance capital expenditures, general and administrative costs, and other expenses that will differ from those contained in the historical financial statements of each of the Acquired Companies that are included elsewhere in this prospectus. Although management does not have firm commitments for all of the aforementioned items and, accordingly, the complete financial effects of all of those items are not objectively determinable, management believes that the following represents a reasonable estimate of the distributable cash of the Trust that could have been available for distribution for the three months ended March 31, 2006 and for the twelve-months ended December 31, 2005 had the Trust been in existence during such time and had the Concurrent Acquisitions taken place at the beginning of such periods.

Summary of Distributable Cash

(in thousands of dollars, except per Unit amounts)	Three Months Ended March 31, 2006	Twelve-Months Ended December 31, 2005
Adjusted EBITDA[1][2]	$ 15,310	$ 42,739
Management believes that cash available for distribution should be reduced by the following:		
Incremental executive, board and public company costs[3]	$ 306	$ 1,223
Maintenance capital expenditures[4]	$ 825	$ 3,300
Interest expense[5]	$ 75	$ 300
Management believes that cash available for distribution should be increased by the following:		
Adjustment for costs associated with non-recurring items, insurance, and office and administration consolidation[3]	$ 283	$ 1,132
Cash available for distribution	$ 14,387	$ 39,048
Cash holdback[6]	$ •	$ •
Cash holdback %	•%	•%
Distributable cash[7]	$ •	$ •
Estimated distributable cash per Unit[8]	$ •	$ •

Notes:

(1) Represents the pro forma consolidated Adjusted EBITDA of the Trust for the three months ended March 31, 2006 and the twelve months ended December 31, 2005 calculated as the sum of earnings (loss) of $6,662,333 and $10,346,723, income taxes of $nil and $nil, other interest of $50,718 and $103,247 and amortization of $8,685,092 and $32,374,714 less interest and other revenue of $87,830 and $85,684, respectively. See "Selected Pro Forma Consolidated Financial Information" and the unaudited pro forma consolidated financial statements and related notes of the Trust included in Schedule "B" of this prospectus.

(2) Adjusted EBITDA is not a recognized measure under GAAP, does not have a standardized meaning prescribed by GAAP and may not be comparable to similar measures presented by other issuers. See "Non-GAAP Measures" and Schedule "C" - "Reconciliation of Net Earnings to EBITDA and Adjusted EBITDA". As the Trust intends to distribute substantially all of its cash available for distribution (after satisfaction of administrative expenses and other amounts as may be considered appropriate by the Board of Directors) on an on-going basis, management believes that Adjusted EBITDA is an important measure in evaluating the Trust's performance and in determining whether to invest in the Trust.

(3) Management estimates that, subsequent to this offering, Petrowest will incur additional costs on an ongoing basis in connection with ongoing public disclosure requirements, investor relations, additional employee compensation, trustee and director fees, and other related matters. Also, management anticipates that Petrowest will realize savings associated with general and administrative costs on an ongoing basis in connection with insurance, office administration and supplies and non-recurring items. These estimates are based on quotes provided by service providers, preliminary contractual arrangements, expenses in similar offering transactions and comparisons with historical expenses.

(4) Represents management's estimate of annual maintenance capital expenditures, including expenditures required to maintain the base fleet of equipment, inventory of equipment, equipment certification costs, leasehold and office improvements, and tools. Estimates are based on historical expenditures, consistent with management's plans for funding capital expenditures on an ongoing basis. See "Acquisition of the Acquired Companies".

(5) Represents estimated interest expense on proposed credit facilities that management intends to secure concurrent with the Closing. Management anticipates a credit facility will be in the form of a revolving line of credit. Management estimates that the facility will be utilized to fund seasonal working capital requirements. On an annualized basis, management estimates that Petrowest will, on average, carry a balance of $5 million with an average interest rate of 6%.

(6) Management initially intends to reserve approximately •% of cash available for actual distribution.

(7) Distributable cash is not a recognized measure under GAAP and is typically used by Canadian income funds as an indicator of financial performance. The method of calculating the Trust's distributable cash may differ from similar computations as reported by other issuers and, accordingly, the distributable cash of the Trust may not be comparable to distributable cash as reported by other issuers. See "Non-GAAP Measures".

(8) Based on • Units outstanding on a fully diluted basis upon Closing.

The Offering

Offering:	• Trust Units of the Trust.
Over-Allotment Option:	The Trust has granted to the Underwriters the Over-Allotment Option to purchase up to an additional • Trust Units. See "Plan of Distribution".
Amount:	$• million ($• million if the Over-Allotment Option is exercised in full).
Price:	$10.00 per Trust Unit.
Closing:	The Closing of this offering is anticipated to occur on or about •, 2006, and in any event not later than •.
Units:	An unlimited number of Trust Units and Subordinated Units may be issued pursuant to the Deed of Trust. In certain circumstances Subordinated Units are subordinate to Trust Units in respect of distributions of the Trust. The Subordinated Units will automatically convert into Trust Units on a one-for-one basis at (and the subordination provisions will only apply until) the end of the first fiscal year ending on or after December 31, 2008 where the Trust satisfies its EBITDA Target and Distribution Target for such fiscal year. Each Unit represents an equal undivided beneficial interest in the Trust and, subject to the subordination of the Subordinated Units, any distributions from the Trust. Each Trust Unit is transferable and entitles the registered holder thereof to an equal participation in distributions of the Trust, rights of redemption and one vote at all meetings of Unitholders. See "Description of the Trust".
Use of Proceeds:	The aggregate gross proceeds of this offering will be $• million ($• million if the Over-Allotment Option is exercised in full). The estimated net proceeds of this offering, after deducting $• million representing fees payable to the Underwriters ($• million if the Over-Allotment Option is exercised in full) and the estimated expenses of this offering of $2.0 million, will be $• million ($• million if the Over-Allotment Option is exercised in full). The Trust will use the net proceeds to subscribe for Business Notes and Business Units. Petrowest Business Trust is anticipated to use the offering proceeds as follows: approximately $103.3 to pay the cash portion of the base purchase price for the Acquired Companies, $8.3 million for growth capital and $• million for working capital and, in the interim, $• million will be used for debt repayment to retire certain long-term debt of the Acquired Companies ($•, $• and $•, respectively, if the Over-Allotment Option is exercised in full). See "Use of Proceeds" and "Acquisition of the Acquired Companies".
Distribution Policy of the Trust:	The Trust expects to make monthly distributions of its available cash to Unitholders which are expected to be paid on or about the 15th day following the end of each month. These distributions will represent all cash received from the Trust's indirect interest in the Partnerships, less cash amounts required for expenses and other obligations of the Trust, cash redemptions of Units, any tax liability, reserves determined by the General Partner and certain other amounts. The Trust expects to make its initial cash distribution for the period from Closing to •, 2006 on •, 2006 to Unitholders of record on •, 2006 in the estimated aggregate amount of $•, representing $• per Unit. See "Summary of Distributable Cash".

Cash distributions are not guaranteed and Distributable Cash will fluctuate with, among other things, Petrowest's performance. See "Risk Factors - Risks Related to the Business".

Eligibility for Investment: In the opinion of Bennett Jones LLP, counsel to the Trust, and Stikeman Elliott LLP, counsel to the Underwriters, based upon the assumptions set out under "Canadian Federal Income Tax Considerations" and certificates as to factual matters given by the Trust, the Trust Units, on Closing, will be qualified investments under the Tax Act for trusts governed by Plans.

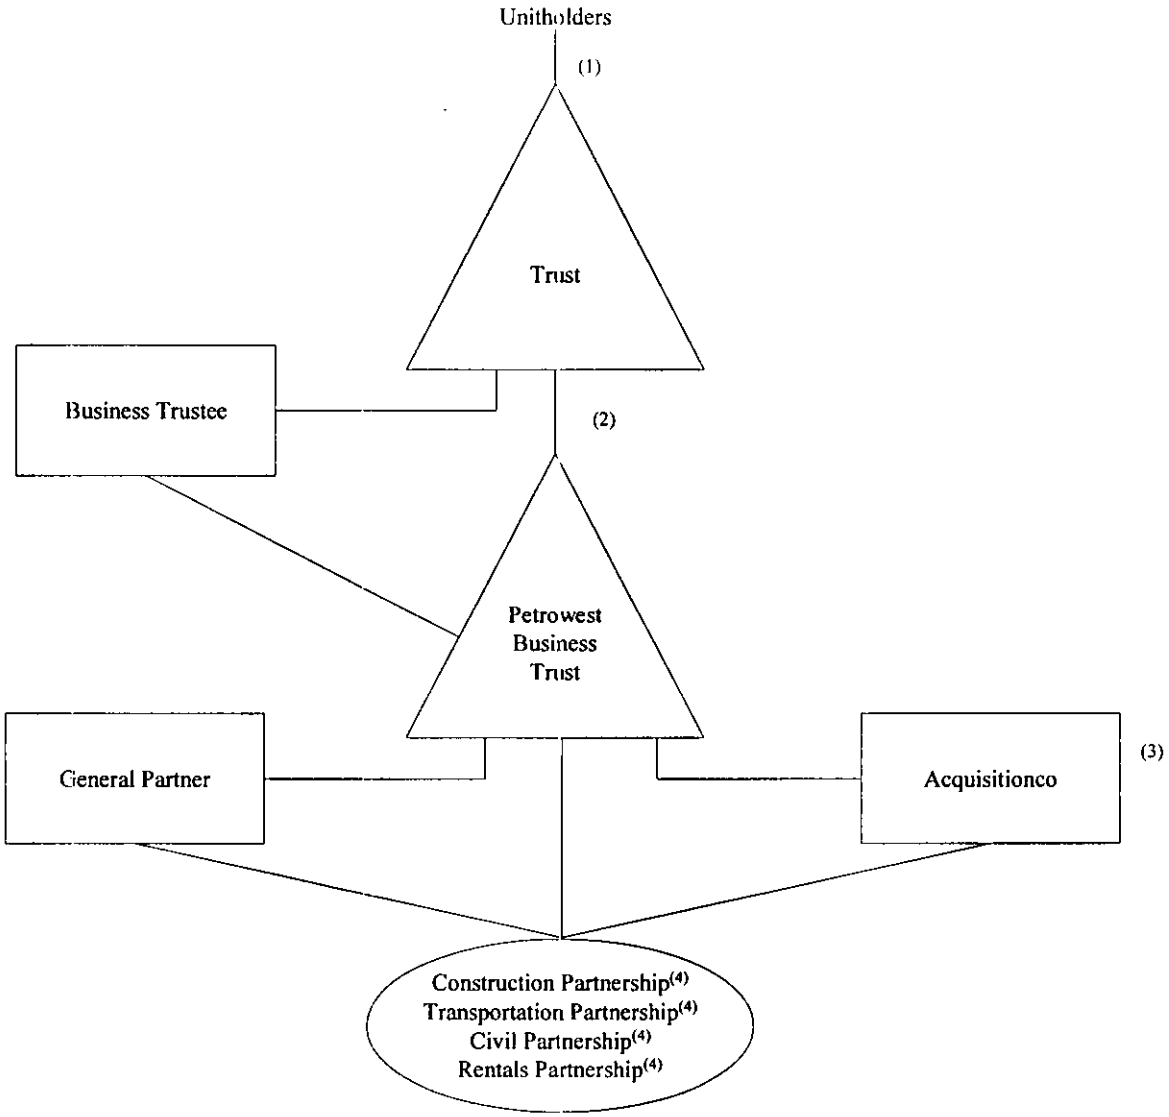
Risk Factors: An investment in these securities should be considered speculative due to the nature of Petrowest's business and its present stage of development. There are additional risks associated with an investment in these securities relating to: absence of any current business; absence of operating history; failure to acquire all of the Acquired Companies; failure to realize anticipated benefits of the Concurrent Acquisitions and/or future acquisitions; volatility of industry conditions; seasonality; capital expenditures; alternatives to and changing demand for petroleum products; sources, pricing and availability of equipment and equipment parts; government regulation; Kyoto Protocol; operating risks and insurance; agreements and contracts; personnel; competition; credit risk; conflicts of interest; foreign exchange and interest rates; disclosure and internal controls; investment eligibility; mutual fund trust status; redemption of Units; nature of Units; Unitholder limited liability; restrictions on non-resident ownership; dependence on operating entities; return of capital; changes in legislation; delay in cash distributions; additional financing; absence of prior market; income tax matters; and statutory remedies. In assessing the risks of an investment in the Units, subscribers must rely upon the ability and integrity of the management of Petrowest. Subscribers should consult their own professional advisors to assess the income tax, legal and other aspects of an investment in the Units. See "Risk Factors".

Petrowest Energy Services Trust and its Subsidiaries

The Trust is an unincorporated, open-ended, limited purpose mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust that was created on July 6, 2006. The Trust was established to hold Business Notes and a 100% beneficial interest in the Petrowest Business Trust. The trustee of the Trust will be the Trustee. The General Partner will be responsible for overseeing and managing the Trust and Petrowest Business Trust. The General Partner is a corporation that was incorporated under the ABCA on July 6, 2006, all of the outstanding shares of which will be held by the Petrowest Business Trust.

When established, the Petrowest Business Trust will be an unincorporated, open-ended, limited purpose mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Business Deed of Trust. The trustee of the Business Trust will be Business Trustee, a corporation to be incorporated under the ABCA, all of the outstanding shares of which will be held by the Trust.

The Petrowest Business Trust, directly and indirectly, will hold a 100% interest in the Construction Partnership, the Transportation Partnership, the Civil Partnership and the Rentals Partnership (collectively, the "Partnerships") through which Petrowest's Road and Lease Construction Division, Transportation and Hauling Division, Civil Services Division and Heavy Equipment Rentals Division, respectively, will operate upon completion of the Concurrent Acquisitions and the Reorganization. Each of the Partnerships will be a limited partnership formed under the laws of Alberta. The general partner of the Partnerships will be the General Partner and the limited partners of the partnerships will be the Petrowest Business Trust and Acquisitionco.



Acquisitionco is a corporation, all of the common shares of which will be held by the Petrowest Business Trust. Acquisitionco has entered into the Share Purchase Agreements pursuant to which Acquisitionco has the right,

subject to certain conditions, to acquire all of the outstanding shares of the Acquired Companies, each of which is involved in the energy services business. Concurrent with the Closing of this offering, Acquisitionco will acquire all of the outstanding shares of each of the Acquired Companies following which each of the Acquired Companies will be amalgamated with Acquisitionco. Acquisitionco will then transfer the businesses historically operated by the Acquired Companies, including all of their assets, undertaking, intellectual property and liabilities, into the Partnerships.

The General Partner and Acquisitionco have not carried on any business prior to the date hereof and do not hold any material assets other than the right of Acquisitionco to acquire the Acquired Companies pursuant to the Purchase and Sale Agreements. All of the outstanding shares of the General Partner and Acquisitionco are currently held by the Trust. Prior to Closing, all of the outstanding shares of the General Partner and Acquisitionco will be transferred to the Business Trust.

See "The Trust and its Subsidiaries".

Following completion of this offering, the Concurrent Acquisitions and the Reorganization, Petrowest's business will operate as follows:

Notes:

(1) Unitholders hold Trust Units and Subordinated Units of the Trust. Immediately following the Closing of this offering and the Concurrent Acquisitions, the shareholders of the Acquired Companies will hold •%, the subscribers under this offering will hold •% and the holders of Subordinated Units will hold •%, of the outstanding Units, respectively.

(2) The Trust will hold the Business Notes and a 100% beneficial interest in the Petrowest Business Trust.

(3) Acquisitionco will amalgamate with the Acquired Companies immediately following the completion of the Concurrent Acquisitions.

(4) Pursuant to the Reorganization, the Partnerships will acquire the businesses historically carried on by the Acquired Companies.

NON-GAAP MEASURES

Throughout this prospectus, the Trust uses the term "Distributable Cash" to refer to the amount of cash that is expected to be available for distributions to Unitholders; the term "EBITDA" to refer to earnings before interest, taxes, depreciation and amortization; the term "Adjusted EBITDA" to refer to EBITDA before management bonuses; the term "Adjusted EBITDA Margin" to refer to a fraction, the numerator of which is Adjusted EBITDA and the denominator of which is revenue; and the term "Earning percentage" to refer to a fraction, the numerator of which is Net Earnings for the period and the denominator of which is revenue. The terms Distributable Cash, EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin and Earnings percentage are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. Distributable Cash is an amount calculated in accordance with the terms of the Deed of Trust. Distributable Cash, EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin and Earnings percentage may not be comparable to similar measures presented by other issuers, and investors are cautioned that Distributable Cash, EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin and Earnings percentage should not be considered as alternatives to net earnings, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP. See also "Management's Discussion and Analysis – Reconciliation of Net Earnings to EBITDA and Adjusted EBITDA" and "Management's Discussion and Analysis – Reconciliation of EBITDA to Cash Flow from Operations" and Schedule "C" - "Reconciliation of Net Earnings to EBITDA and Adjusted EBITDA".

FORWARD-LOOKING STATEMENTS

Certain statements contained in this prospectus constitute forward-looking statements. When used in this document, the words "may", "would", "could", "will", "intend", "plan", "anticipate", "believe", "seek", "propose", "estimate", "expect" and similar expressions, as they relate to the Trust, the Partnerships, the Petrowest Business Trust and other subsidiaries, are intended to identify forward-looking statements. Such statements reflect Petrowest's current views with respect to future events and are subject to certain risks, uncertainties and assumptions, including, without limitation, those described in this prospectus under the heading "Risk Factors", "Business of Petrowest" and "Management's Discussion and Analysis". Many factors could cause the Trust's actual results, performance or achievements to vary from those described in this prospectus. Should one or more of these risks or uncertainties materialize, or should assumptions underlying forward-looking statements prove incorrect, actual results may vary materially from those described in this prospectus as intended, planned, anticipated, believed, estimated or expected. Neither the Trust nor the Underwriters intend, and do not assume any obligation, to update these forward-looking statements, except as required by law. These forward-looking statements are made as of the date of this prospectus and are expressly qualified in their entirety by these cautionary statements.

With respect to forward-looking statements contained in this prospectus, the Trust has made assumptions regarding, among other things:

- the Trust's ability to market successfully to current and new customers;
- the Trust's ability to obtain equipment from suppliers;
- the impact of increasing competition; and
- the Trust's ability to obtain additional financing on satisfactory terms.

In particular, this prospectus contains forward-looking statements pertaining to the following:

- completion of the acquisition of each of the Acquired Companies;
- anticipated benefits to be realized from the Acquired Companies;
- the timing and amount of the payment of the initial and subsequent distributions of the Trust;

- capital expenditure programs;
- projections of market prices and costs;
- supply and demand for energy services;
- expectations regarding the Trust's ability to raise capital;
- amounts to be retained for capital expenditures;
- treatment under governmental regulatory regimes; and
- commodity prices.

The Trust's actual results could differ materially from those anticipated in these forward-looking statements as a result of the risk factors set forth below and elsewhere in this prospectus:

- general economic conditions in Canada;
- the demand for energy services during drilling and completion of oil and gas wells;
- volatility in market prices for oil and natural gas and the effect of this volatility on the demand for energy services generally;
- regional competition;
- liabilities and risks, including environmental liabilities and risks, inherent in oil and gas operations;
- sourcing, pricing and availability of raw materials, component parts, equipment, suppliers, facilities, and skilled personnel;
- the ability to integrate technological advances and match advances of competition;
- the availability of capital;
- uncertainties in weather and temperature affecting the duration of the service periods and the activities that can be completed;
- changes in legislation and the regulatory environment, including uncertainties with respect to implementing the Kyoto Protocol; and
- the other factors considered under "Risk Factors".

ELIGIBILITY FOR INVESTMENT

In the opinion of Bennett Jones LLP, counsel to the Trust, Petrowest Business Trust, the Partnerships, Acquisitionco and the General Partner, and Stikeman Elliott LLP, counsel to the Underwriters, based upon the assumptions set out under "Canadian Federal Income Tax Considerations" below and certificates as to factual matters given by the Trust, the Units on Closing, will be qualified investments under the Tax Act for trusts governed by Plans.

The Trust will be a "business income trust" and the Units will constitute "restricted investment property" as described in proposed amendments to the Tax Act announced by the Minister of Finance (Canada) on March 23,

2004 (the "Budget Proposals"). Under the Budget Proposals, certain investors, including trusts governed by registered pension plans and pension corporations, would have been liable for a penalty tax commencing in 2005 if they held restricted investment property or units of a business income trust in excess of the limits described in the Budget Proposals. The Budget Proposals did not propose that Plans would be subject to this penalty tax. On May 18, 2004, the Minister of Finance (Canada) announced that the Budget Proposals relating to business income trusts would be suspended to allow consultations with representatives of the pension fund industry, the investment industry, provincial governments and other interested parties and that legislative proposals would be released following such consultations. This position was reiterated by the Minister of Finance (Canada) in the press release that accompanied the release of the draft amendments for the Budget Proposals dated September 16, 2004. As part of the release of the 2005 federal budget, the Minister of Finance (Canada) issued further statements in respect of the Budget Proposals advising that the Department of Finance (Canada) would continue to consult stakeholders on tax issues related to business income trusts and other flow-through entities. On September 8, 2005, the Minister of Finance (Canada) released a consultation paper on flow-through entities and requested submissions from stakeholders by December 31, 2005. On November 23, 2005, the Minister of Finance (Canada) announced that the public consultation process had ended and tabled in the House of Commons a Notice of Ways and Means Motion to implement a reduction in personal income tax on dividends paid by public corporations with a view to establishing a better balance between the treatment of large corporations and that of income trusts. No measures were announced with respect to the taxation of flow-through entities and their investors. No assurance can be given that further review of the tax treatment of flow-through entities will not be undertaken or that Canadian federal or provincial income tax laws respecting flow-through entities will not be changed in a manner which adversely affects the Trust and the Unitholders. To the extent that changes are made, such changes could result in the income tax considerations described under the heading "Canadian Federal Income Tax Considerations" being materially different in certain respects. See "Risk Factors — Risks Relating to an Investment in the Trust — Income Tax Matters".

GLOSSARY OF TERMS

In this prospectus, unless the context otherwise requires, the following words and phrases have the meanings set forth below.

"**ABCA**" means the *Business Corporations Act* (Alberta), as amended from time to time.

"**Acquired Companies**" means, collectively, Gordon Bros. Construction, Roy Larson Construction, Wales Contractors, D&D Well Services, Murtron Hauling, R Bee Crushing, S.O.S. Oilfield Safety, Neuwest Equipment and Northern Tractor.

"**Acquisition Condition**" means the condition contained in the Purchase and Sale Agreements that such of the Concurrent Acquisitions as have an aggregate base purchase price of not less than $100 million shall close concurrently with the Closing.

"**Acquisitionco**" means Petrowest Services Ltd., a corporation incorporated under the ABCA on January 26, 2006, which is currently a wholly-owned subsidiary of the Trust and will be, on or before the Closing Date, a wholly-owned subsidiary of Petrowest Business Trust.

"**Administration Agreement**" means the administration agreement entered into between the Trust and the General Partner and to be entered into on or before the Closing Date by Petrowest Business Trust as described under "Administration Agreement".

"**Amalgamation**" means the amalgamation of each of the Acquired Companies into Acquisitionco which will occur immediately after completion of the Concurrent Acquisitions.

"**Audit Committee**" means the audit committee of the General Partner.

"**Board of Directors**" means the board of directors of the General Partner as from time to time constituted.

"**Budget Proposals**" means the proposed amendments to the Tax Act as announced by the Minister of Finance (Canada) on March 23, 2004.

"**Business Day**" means a day which is not a Saturday, Sunday or holiday in the City of Calgary, in the Province of Alberta.

"**Business Deed of Trust**" means the deed of trust to be entered into on or prior to the Closing Date, pursuant to which Petrowest Business Trust will be established, as the same may be amended, supplemented or restated from time to time.

"**Business Notes**" means notes issued pursuant to the Note Indenture.

"**Business Trustee**" means Petrowest Energy Services Trustee Ltd., a corporation to be incorporated under the ABCA which will be, on or before the Closing Date, the trustee of Petrowest Business Trust.

"**Business Units**" means trust units of Petrowest Business Trust.

"**CAGR**" means compounded annual growth rate of revenue, calculated as $\left(\frac{\text{Revenue}_n}{\text{Revenue}_1}\right)^{\frac{1}{(n-1)}} - 1$, where n represents the number of periods accounted for.

"**Cash Flow of the Trust**" means in respect of any Distribution Period:

(a) all cash amounts which are received by the Trust for, and in respect of, the Distribution Period, including, without limitation, interest on the Business Notes (including prepayments of interest), other interest, dividends, distributions, proceeds from the disposition of securities, returns of capital and repayments of indebtedness, and all amounts received by the Trust in any prior Distribution Period to the extent those amounts were not included in its calculation of Cash Flow of the Trust in that prior Distribution Period and were not previously distributed, shall be included in the calculation;

(b) the following amounts shall be deducted in the calculation:

(i) all costs, expenses, liabilities, obligations or amounts of the Trust which, in the opinion of the Trustee, upon the recommendation of the General Partner, may reasonably be considered to have accrued and become owing by the Trust in respect of, or which relate to, such Distribution Period or a prior Distribution Period if not accrued or deducted in determining Cash Flow of the Trust in that prior period; and

(ii) all amounts which relate to the redemption or purchase of Trust Units or other securities of the Trust by the Trust and which have been paid or became payable in cash by the Trust in such Distribution Period;

(c) the net proceeds of any issuance of Trust Units or other securities of the Trust after deducting any associated expenses or commissions shall not be included in the calculation.

"**Cash Redemption Price**" has the meaning ascribed thereto under "Description of the Trust – Redemption Right".

"**CDS**" means The Canadian Depository for Securities Limited.

"**Civil Partnership**" means Petrowest Civil Services LP, a limited partnership to be established under the laws of Alberta on or before the Closing Date.

"**Civil Services Division**" means the division of Petrowest comprising the general rock and gravel crushing and oilfield safety services and rentals business, such division operated under the Civil Partnership.

"**Class A Partnership Unit**" means an undivided interest in a Partnership entitling the holder of record thereof to the rights provided in the Partnership Agreement for that Partnership.

"**Class B Partnership Unit**" means an interest in a Partnership entitling the holder of record thereof to a fixed preferential interest in such Partnership's income as provided in the Partnership Agreement for that Partnership.

"**Closing**" means the closing of this offering.

"**Closing Date**" means •, 2006, or such later date as the Trust and the Underwriters agree, but not later than •, 2006.

"**Compensation Committee**" means the compensation committee of the Board of Directors.

"**Concurrent Acquisitions**" means the acquisition by Acquisitionco of each of the Acquired Companies pursuant to the Purchase and Sale Agreements.

"**Construction Partnership**" means Petrowest Construction LP, a limited partnership to be established under the laws of Alberta on or before the Closing Date.

"**CRA**" means the Canada Revenue Agency.

"**D&D Well Services**" means collectively, 404434 Alberta Corporation, operating as D&D Well Services, 756171 Alberta Corporation and 756169 Alberta Corporation, each a corporation incorporated under the ABCA.

"**Deed of Trust**" means the deed of trust dated July 6, 2006, pursuant to which the Trust was established, as the same may be amended, supplemented or restated from time to time.

"**Director**" means a director of the General Partner.

"**Distributable Cash**" means the estimated cash available for distribution by the Trust as calculated pursuant to the Deed of Trust.

"**Distribution Payment Date**" means a date on which the Trustee is required to make a distribution of Distributable Cash, which date shall be on or about the 15th day of the month following the end of the Distribution Period or, if any such day is not a Business Day, the next following Business Day or such other date determined from time to time by the Trustee.

"**Distribution Period**" means each calendar month in each calendar year from and including the first day thereof and to and including the last day thereof provided that the first Distribution Period shall begin on (and include) the Closing Date of this offering and shall end on (and include) •, 2006.

"**Distribution Record Date**" means until otherwise determined by the Trustee upon the recommendation of the General Partner, the last Business Day of each calendar month of the year, except in the case of the month of December where December 31 of each year shall be a Distribution Record Date, or any additional days as may be determined from time to time by the Trustee.

"**DRIP**" has the meaning ascribed thereto under "Distribution Reinvestment and Optional Unit Purchase Plan".

"**GAAP**" means generally accepted accounting principles in Canada.

"**General Partner**" means Petrowest Energy Services General Partner Ltd., a corporation incorporated under the ABCA on July 6, 2006, which is currently a wholly-owned subsidiary of the Trust and will be, on or before the Closing Date, a wholly-owned subsidiary of Petrowest Business Trust.

"**Gordon Bros. Construction**" means collectively, Gordon Bros. Construction Ltd. and 332691 Alberta Ltd., each a corporation incorporated under the ABCA.

"**Heavy Equipment Rentals Division**" means the division of Petrowest comprising the oilfield and construction heavy equipment rentals business, such division operated under the Rentals Partnership.

"**Income of the Trust**" for any taxation year of the Trust means the net income of the Trust for the year determined pursuant to the provisions of the Tax Act (other than subsection 104(6)) having regard to the provisions thereof that relate to the calculation of taxable income of a trust, and taking into account such adjustments thereto as are determined by the Trustee on recommendation of the General Partner in respect of dividends received or deemed to be received from taxable Canadian corporations, amounts paid or payable by the Trust to Unitholders and such other amounts as may be determined in the discretion of the Trustee on recommendation of the General Partner, provided, however, that capital gains and capital losses shall be excluded from the computation of net income.

"**Lead Underwriters**" means Westwind Partners Inc. and Sprott Securities Inc.

"**major equipment**" means equipment valued at $50,000 or more.

"**Murtron Hauling**" means collectively, Murtron Hauling Ltd. and 815431 Alberta Ltd., each a corporation incorporated under the ABCA.

"**Net Realized Capital Gains**" for any taxation year of the Trust means the net realized capital gains of the Trust determined as the amount, if any, by which the aggregate of the capital gains of the Trust in the year exceeds the total of the aggregate of the capital losses of the Trust calculated in accordance with the Tax Act in the year, any capital gains that are realized by the Trust as a result of a redemption of Units, the amount determined by the Trustee on recommendation of the General Partner in respect of any net capital losses for prior taxation years that the Trust is permitted by the Tax Act to deduct in computing the taxable income of the Trust for the year, and any amount in respect of which the Trust is entitled to a capital gains refund under the Tax Act, as determined by the Trustee on recommendation of the General Partner, provided that, at the discretion of the Trustee on recommendation of the General Partner, the Net Realized Capital Gains of the Trust for a year may be calculated without subtracting the full amount of net capital losses for the year and/or without subtracting the full amount of the capital losses of the Trust carried forward from previous years.

"**Neuwest Equipment**" means Neuwest Equipment Rentals Inc., a corporation incorporated under the laws of Nova Scotia.

"**Northern Tractor**" means collectively, Fitzpatrick Co. Ltd. and Northern Tractor Sales and Rentals Co. Ltd., each a corporation incorporated under the ABCA.

"**Note Indenture**" means the Note Indenture between Petrowest Business Trust and Valiant Trust Company to be entered into on or prior to Closing.

"**Option Plan**" has the meaning ascribed thereto under "Long Term Incentive Plan".

"**Ordinary Resolution**" means a resolution passed by a majority of the votes cast at a meeting of Unitholders or a resolution in writing signed by Unitholders holding a majority of the Units.

"**Over-Allotment Option**" means the over-allotment option granted to the Underwriters to purchase up to an additional • Trust Units.

"**Partnership Agreements**" means the limited partnership agreements to be entered into on or prior to the Closing Date between the General Partner, as general partner, and Petrowest Business Trust, as initial limited partner, pursuant to which the Partnerships were formed, as the same may be amended, supplemented or restated from time to time.

"**Partnerships**" means, collectively, the Construction Partnership, the Transportation Partnership, the Civil Partnership and the Rentals Partnership.

"**Person**" means an individual, firm, partnership, joint venture, venture capital fund, limited liability company, unlimited liability company, association, trust, trustee, executor, administrator, legal personal representative, estate, group, body corporate, unincorporated association or organization, government body, regulatory authority, syndicate or other entity, whether or not having legal status.

"**Petrowest**" means collectively, the Trust, the Business Trust, the Partnerships, Acquisitionco and the General Partner.

"**Petrowest Business Trust**" or the "**Business Trust**" means Petrowest Energy Services Business Trust, an unincorporated, open-ended limited purpose trust to be established under and governed by the laws of the Province of Alberta pursuant to the Business Deed of Trust on or before the Closing Date.

"**Plans**" means trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and registered education savings plans, each as defined in the Tax Act.

"**Priority Distributions**" has the meaning ascribed thereto under "Description of the Trust – Subordinated Units".

"**Promoters**" means Kenneth N. Drysdale and Gary Sweetman.

"**Purchase and Sale Agreements**" means the purchase and sale agreements between Acquisitionco, each of the Acquired Companies and the shareholders of each of the Acquired Companies providing for the acquisition by Acquisitionco of each of the Acquired Companies as described in "Acquisition of the Acquired Companies".

"**R Bee Crushing**" means collectively, Bernet Ventures Ltd. and R Bee Crushing Ltd., each a corporation continued under the ABCA, and Dal Finn Holdings Ltd., a corporation incorporated pursuant to the laws of British Columbia.

"**Redemption Date**" has the meaning ascribed thereto under "Description of the Trust - Redemption Right".

"**Redemption Price**" has the meaning ascribed thereto under "Description of the Trust - Redemption Right".

"**Rentals Partnership**" means Petrowest Services Rentals LP, a limited partnership to be established under the laws of Alberta on or prior to the Closing Date.

"**Reorganization**" means the transfer of the businesses historically operated by the Acquired Companies, including all of their assets, undertakings, intellectual property and liabilities, from the Acquired Companies to the Partnerships following the Amalgamation.

"**Road and Lease Construction Division**" means the division of Petrowest comprising the oilfield well site lease preparation, road construction, earth moving, reclamation and commercial projects business, such division operated under the Construction Partnership.

"**Roy Larson Construction**" means Roy Larson Construction Ltd., a corporation incorporated under the ABCA.

"**Shareholders Agreement**" means the shareholders agreement with respect to the General Partner to be entered into among the Trust, the Business Trust, the Trustee, the Business Trustee and the General Partner on or before the Closing Date described under "Shareholders Agreement".

"**Special Voting Units**" means special voting units of the Trust referred to under "Description of the Trust – Units".

"**S.O.S. Oilfield Safety**" means Safetymaster Rentals Corp., a corporation incorporated under the ABCA.

"**Special Resolution**" means a resolution at a meeting of Unitholders passed by the affirmative votes of the holders of not less than 66⅔% of the Units voted on a poll upon such resolution or a resolution approved in writing in one or more counterparts by Unitholders holding at least 66⅔% of the Units.

"**Subordinated Distribution**" has the meaning ascribed thereto under "Description of the Trust – Subordinated Units".

"**Subordinated Redemption Price**" has the meaning ascribed thereto under "Description of the Trust – Redemption Price".

"**Subordinated Units**" means subordinated trust units of the Trust referred to under "Description of the Trust – Units".

"**Tax Act**" means the *Income Tax Act* (Canada) and the regulations thereunder, as amended from time to time.

"**Transportation and Hauling Division**" means the division of Petrowest comprising the general oilfield hauling, rig mobilization and demobilization, equipment transportation, log loading and hauling, gravel hauling, pipe hauling and other transportation services business, such division operated under the Transportation Partnership.

"**Transportation Partnership**" means Petrowest Transportation LP, a limited partnership to be established under the laws of Alberta on or before the Closing Date.

"**Trust**" means Petrowest Energy Services Trust, an unincorporated, open-ended, limited purpose mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust.

"**Trust Assets**" means:

(a) the initial contribution used to settle the Trust:

(b) all funds or property realized from the issuance or sale of Units or any other securities of the Trust or cash received from time to time;

(c) all securities held by the Trust or by the Trustee on behalf of the Trust;

(d) Business Units and Business Notes;

(e) short-term investments permitted by the Deed of Trust;

(f) any proceeds of disposition of any of the foregoing property; and

(g) all income, interest, dividends, return of capital, profit, gains and accretions and all substituted assets, rights and benefits of any kind or nature whatsoever arising directly or indirectly from or in connection with or accruing to such foregoing property or such proceeds of disposition.

"**Trust Units**" means trust units of the Trust each representing an equal undivided beneficial interest in the Trust and any distributions from the Trust referred to under "Description of the Trust – Units".

"**Trustee**" means Valiant Trust Company, a trust corporation incorporated under the laws of Alberta.

"**TSX**" means the Toronto Stock Exchange.

"**Underwriters**" means Westwind Partners Inc. and Sprott Securities Inc.

"**Underwriting Agreement**" means the underwriting agreement dated •, 2006, among the Trust, Petrowest Business Trust, the General Partner, the Promoters and the Underwriters.

"**Unitholder**" means a holder of Units.

"**Units**" means collectively the Subordinated Units and the Trust Units.

"**U.S. Securities Act**" means the United States *Securities Act of 1933*, as amended.

"**Wales Contractors**" means collectively, Wales Contractors Ltd. and 310423 Alberta Ltd., each a corporation incorporated under the ABCA.

"**WCSB**" means the Western Canadian Sedimentary Basin.

"**$**" or "**dollars**" means Canadian dollars.

THE TRUST AND ITS SUBSIDIARIES

On closing of this offering, the Trust will be a business trust operating an energy services business through its indirect subsidiaries. Unitholders will hold Units of the Trust, which in turn will hold Business Notes and a 100% beneficial interest in the Petrowest Business Trust. The Petrowest Business Trust, via four partnerships (corresponding with four business divisions), will hold the assets of the businesses historically operated by the Acquired Companies.

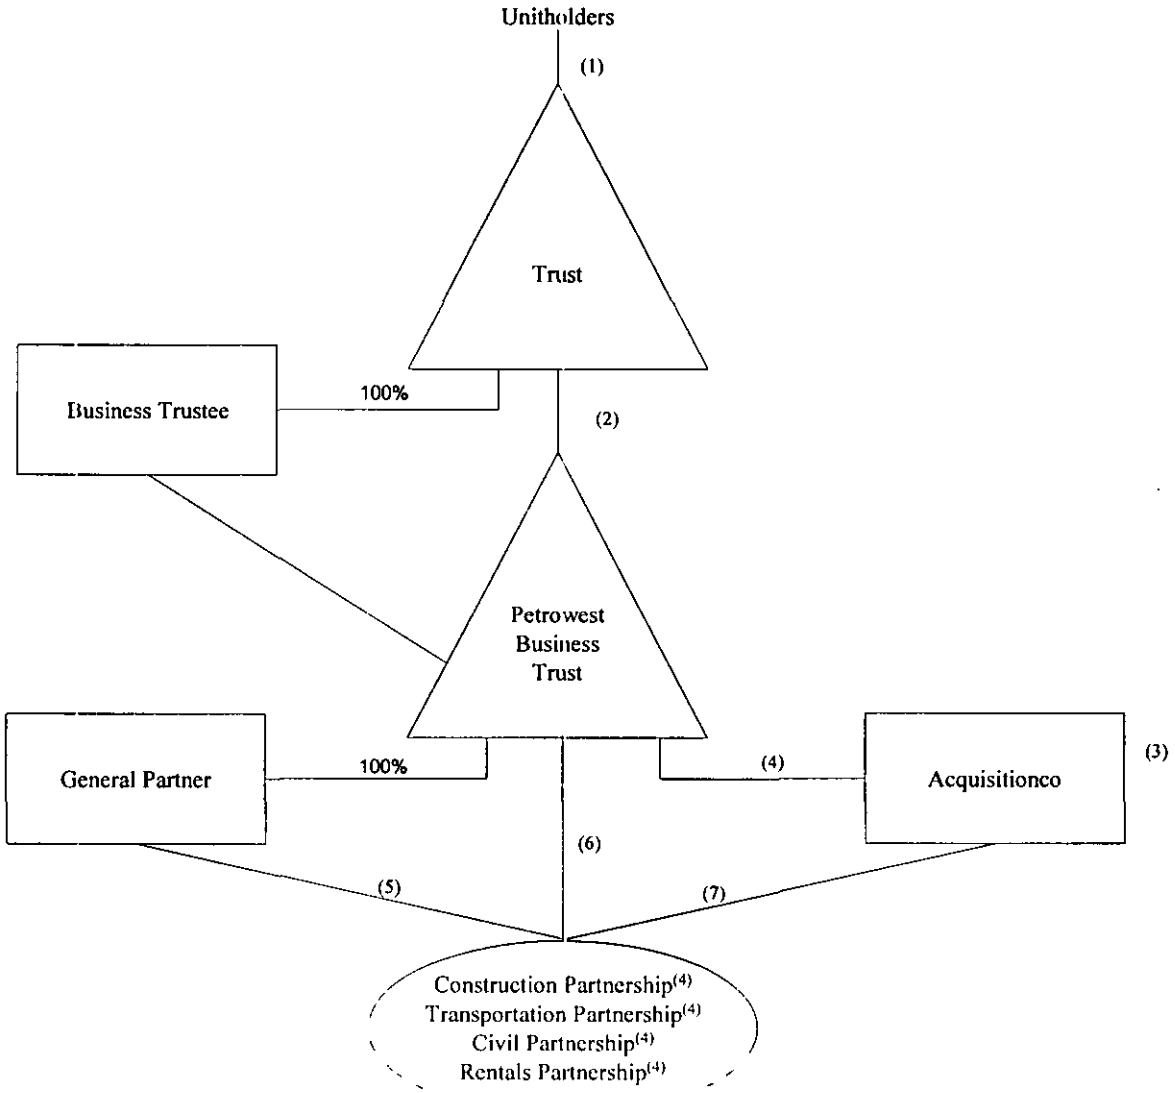
The Trust is an unincorporated, open-ended, limited purpose mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust that was created on July 6, 2006. The Trust was established to hold Business Notes and a 100% beneficial interest in the Petrowest Business Trust. The trustee of the Trust will be the Trustee. The General Partner will be responsible for overseeing and managing the Trust and Petrowest Business Trust. The General Partner is a corporation that was incorporated under the ABCA on July 6, 2006, all of the outstanding shares of which will be held by the Petrowest Business Trust.

When established, the Petrowest Business Trust will be an unincorporated, open-ended, limited purpose mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust. The trustee of the Petrowest Business Trust will be Business Trustee, a corporation to be incorporated under the ABCA, all of the outstanding shares of which will be held by the Trust.

The Petrowest Business Trust will, directly and indirectly, hold a 100% interest in the Construction Partnership, the Transportation Partnership, the Civil Partnership and the Rentals Partnership through which Petrowest's Road and Lease Construction Division, Transportation and Hauling Division, Civil Services Division and Heavy Equipment Rentals Division, respectively, will operate upon completion of the Concurrent Acquisitions and the Reorganization. Each of the Partnerships will be a limited partnership formed under the laws of the Province of Alberta. Each Partnership will be authorized to issue Class A Partnership Units and Class B Partnership Units. The Class A Partnership Units will represent an undivided interest in a Partnership and the Class B Partnership Units will represent an entitlement to a fixed preferential interest in a Partnership's income. The general partner of the Partnerships will be the General Partner and the limited partners of the partnerships will be the Petrowest Business Trust (which will hold Class A Partnership Units) and Acquisitionco (which will hold Class B Partnership Units).

Acquisitionco is a corporation all of the common shares of which will be held by the Petrowest Business Trust. Acquisitionco has entered into the Share Purchase Agreements pursuant to which Acquisitionco has the right, subject to certain conditions, to acquire all of the outstanding shares of the Acquired Companies, each of which is involved in the energy services business. Concurrent with the closing of this offering, Acquisitionco will acquire all of the outstanding shares of each of the Acquired Companies following which each of the Acquired Companies will be amalgamated with Acquisitionco. Acquisitionco will then transfer the businesses historically operated by the Acquired Companies, including all of their assets, undertaking, intellectual property and liabilities, into the Partnerships in consideration for notes and Class B Partnership Units of each of the Partnerships.

The General Partner and Acquisitionco have not carried on any business prior to the date hereof and do not hold any material assets other than the right of Acquisitionco to acquire the Acquired Companies pursuant to the Purchase and Sale Agreements. All of the outstanding shares of the General Partner and Acquisitionco are currently held by the Trust. Prior to Closing, all of the outstanding shares of the General Partner and Acquisitionco will be transferred to the Petrowest Business Trust.



The Deed of Trust requires the Trustee, on or before each Distribution Record Date, to declare payable to the Unitholders all or any part of the Cash Flow of the Trust for the Distribution Period which includes such Distribution Record Date. It is currently anticipated that the only income to be received by the Trust will be from securities of Petrowest Business Trust.

The net proceeds of this offering will be invested by the Trust in Business Notes and Business Units of Petrowest Business Trust. Petrowest Business Trust will then loan a portion of such funds to Acquisitionco to pay the cash portion of the purchase price of the Acquired Companies and to repay certain indebtedness of the Acquired Companies, and Acquisitionco will issue a note to Petrowest Business Trust to evidence this indebtedness. The Trust will issue 12,765,094 Units to Acquisitionco and Acquisitionco will issue a note to the Trust in consideration

therefore. The Trust will contribute this note to the Business Trust for additional Business Notes and Business Units. Petrowest Business Trust will use the remaining portion of the net proceeds of this offering to acquire Class A Partnership Units of each of the Partnerships. Following the Amalgamation, Acquisitionco will transfer the businesses historically operated by the Acquired Companies, including all their assets, undertaking and intellectual property and liabilities, to the Partnerships pursuant to the Reorganization, in consideration for notes and Class B Partnership Units of each of the Partnerships. The notes issued to Acquisitionco pursuant to the Reorganization will be assigned by Acquisitionco to Petrowest Business Trust in repayment of a portion of the debt owing by Acquisitionco to Petrowest Business Trust. Petrowest Business Trust will then contribute these notes to each of the Partnerships for additional Class A Partnership Units.

See the "Description of the Trust".

Following completion of this offering, the Concurrent Acquisitions and the Reorganization, Petrowest's business will operate as follows:

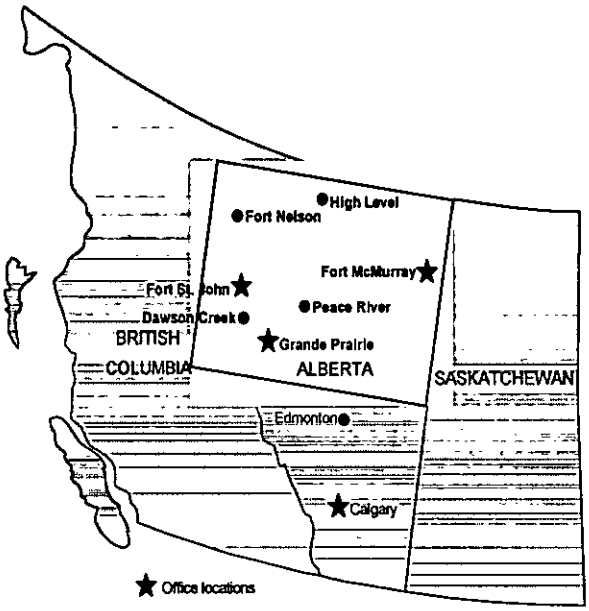
Notes:

(1) Unitholders hold Trust Units and Subordinated Units of the Trust. Immediately following the Closing of this offering and the Concurrent Acquisitions, the shareholders of the Acquired Companies will hold •%, the subscribers under this offering will hold •% and the holders of Subordinated Units will hold •%, of the outstanding Units, respectively.

(2) The Trust will hold Business Notes and a 100% beneficial interest in the Petrowest Business Trust.

(3) Acquisitionco will amalgamate with the Acquired Companies immediately following the completion of the Concurrent Acquisitions.

(4) Acquisitionco will borrow the cash portion of the purchase price ($103.3 million) and will be indebted to Petrowest Business Trust for the purchase price of 12,765,094 Units ($127,650,970), less the amount assigned to Petrowest Business Trust equal to the tax basis of the assets transferred by Acquisitionco to the Partnerships less certain liabilities associated therewith.



(5) The General Partner will hold a 0.001% interest in the Partnerships.

(6) Petrowest Business Trust will hold Class A Partnership Units of the Partnerships.

(7) Pursuant to the Reorganization, the Partnerships will acquire the businesses historically carried on by the Acquired Companies, and the consideration therefor will be paid by the issuance of Class B Partnership Units and notes to Acquisitionco.

BUSINESS OF PETROWEST

The Trust will be a diversified oilfield services trust that will provide pre-drilling and post-completion services to the northern region of the WCSB. Petrowest will service the region via its head and operational office in Grande Prairie, Alberta and nine full-service locations throughout northern Alberta and British Columbia, each with a staging area, shop area, and sales and service personnel. The Trust's corporate office will be in Calgary, Alberta.

Petrowest will acquire the Acquired Companies, which are all established, private Grande Prairie-based pre-drilling and post-completion service providers. The nine Acquired Companies are complementary to one another and will allow Petrowest to benefit from their ability to provide clients with a full-range of services, cost competitive pricing, capabilities to service large-scale contracts and a modern and well-maintained equipment fleet. Petrowest will continue to expand and improve on the aforementioned benefits as it executes its growth strategy of further integration, organic expansion and complementary acquisitions.

Petrowest's business will be operated in four divisions corresponding to the four Partnerships as follows:

- **Road and Lease Construction Division** - includes oilfield well site lease preparation, road construction, earth moving, reclamation, commercial projects, four camps and other lease construction services. The Road and Lease Construction Division will have approximately 90 pieces of major equipment (average age: four years) and 130 full-time employees (average industry experience: nine years);
- **Transportation and Hauling Division** - includes general oilfield hauling, rig mobilization and demobilization, equipment transportation, log loading and hauling, gravel hauling, pipe hauling and other transportation services. The Transportation and Hauling Division will have approximately 80 pieces of major equipment (average age: five years) and 100 full-time employees (average industry experience: 10 years);
- **Civil Services Division** - includes general rock and gravel crushing and oilfield safety services and rentals. The Civil Services Division will have approximately 120 pieces of major equipment (average age: five years) and 80 full-time employees (average industry experience: eight years); and

- **Heavy Equipment Rentals Division** - includes oilfield and construction heavy equipment rentals. The Heavy Equipment Rentals Division will have approximately 60 pieces of major equipment (average age: three years) and 10 full-time employees (average industry experience: 15 years).

The following table illustrates selected historical financial performance of the Acquired Companies, organized by Petrowest's operating divisions, for the periods indicated.

	For the 12-month period ending October 31, November 30 or December 31, 2005[1]			
Company	**Revenue**	**Adjusted EBITDA[2] [3]**	**Adjusted EBITDA Margin[2] [3]**	**Years of Operation**

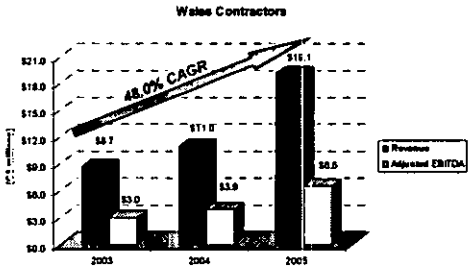
Notes:

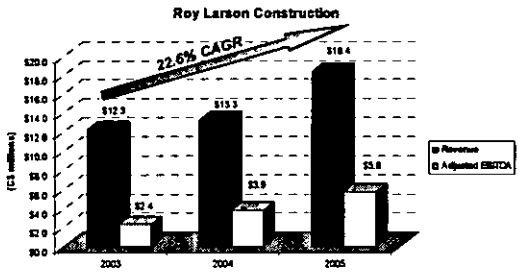
(1) The financial year-ends of the Acquired Companies are as follows: Wales Contractors – August 31, Roy Larson Construction – May 31, Gordon Bros. Construction – September 30, D&D Well Services – December 31, Murtron Hauling – October 31, R Bee Crushing – April 30, S.O.S. Oilfield Safety – August 31, Northern Tractor – September 30 and Neuwest Equipment Rentals – October 31. The information presented was derived from, in respect of D&D Well Services, Murtron Hauling and Neuwest Equipment Rentals, the audited combined income statements for the twelve-month periods ended December 31, 2005, October 31, 2005, October 31, 2005, respectively, and in respect of Wales Contractors, Roy Larson Construction, Gordon Bros. Construction, R Bee Crushing, S.O.S. Oilfield Safety and Northern Tractor, the unaudited income statements for the twelve-month periods ended November 30, 2005, November 30, 2005, December 31, 2005, October 31, 2005, November 30, 2005 and December 31, 2005, respectively, constructed for the purpose of preparing the unaudited pro forma consolidated statement of income of the Trust for the twelve-month period ended December 31, 2005. See "Selected Pro Forma Consolidated Financial Information".

(2) See Schedule "C" - "Reconciliation of Net Earnings to EBITDA and Adjusted EBITDA".



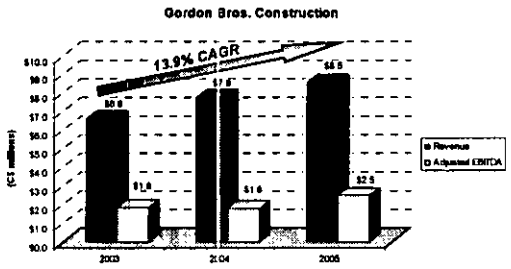
(3) See "Non-GAAP measures".

(4) Totals may not add due to rounding.



Road and Lease Construction Division

Pursuant to the Reorganization, Petrowest's Construction Partnership will acquire the businesses historically conducted by Wales Contractors, Roy Larson Construction and Gordon Bros. Construction and will operate these businesses under those names as the Road and Lease Construction Division. In 2005, contract jobs undertaken by those Acquired Companies included approximately 410 to 470 well site leases built for drilling activity including over 85 kilometers of combined road construction. The Road and Lease Construction Division will own over 90 pieces of major equipment with an average age of four years and four camps to support its road and well site lease building operations. The Road and Lease Construction Division, utilizing modern equipment, may be configured to complete earth moving, reclamation, commercial projects and other lease construction services. The Road and Lease Construction Division will acquire from the Acquired Companies master service agreements and preferred agreements with key customers including repeat customers.



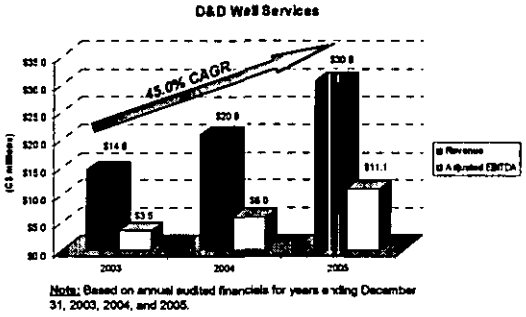
The following charts illustrate the financial performance of the Acquired Companies whose assets are to be transferred to the Road and Lease Construction Division for the periods indicated:

Note: Based on annual audited financials for years ending August 31, 2003, 2004, and 2005.

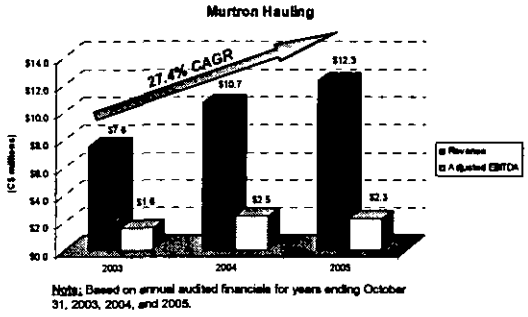
Note: Based on annual audited financials for years ending May 31, 2003, 2004, and 2005.

Note: Based on annual audited financials for years ending September 30, 2003, 2004, and 2005.

See "Non-GAAP Measures" and Schedule "C" - "Reconciliation of Net Earnings to EBITDA and Adjusted EBITDA".



Transportation and Hauling Division



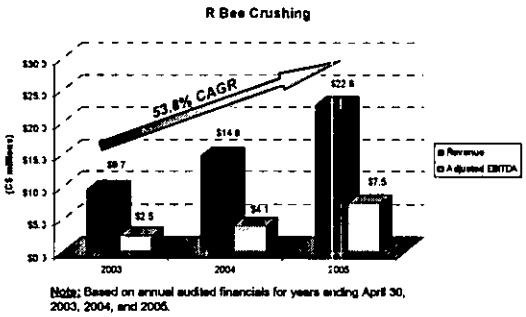
Pursuant to the Reorganization, Petrowest's Transportation Partnership will acquire the businesses historically conducted by D&D Well Services and Murtron Hauling and will operate these businesses under those names as the Transportation and Hauling Division. The services provided by the Transportation and Hauling Division will include hauling to the well site, rig mobilization, gravel hauling and hauling of drill pipe, supplies and equipment to well sites along with rig mobilization and demobilization for both coil tubing and conventional drilling rigs via the use of special equipment and procedures. In 2005, the Acquired Companies which will comprise the Transportation and Hauling Division transported approximately 700 pieces of heavy equipment.

The Transportation and Hauling Division will also provide gravel and log hauling throughout northern Alberta and British Columbia. In 2005, the Acquired Companies which will comprise the Transportation and Hauling Division hauled approximately 350,000 cubic meters of timber and approximately 400,000 tonnes of gravel.

The Transportation and Hauling Division will acquire from the Acquired Companies several preferred supplier agreements with major Alberta-based oil and gas companies, oil and gas drilling rig companies, western Canadian logging companies and aggregate companies.

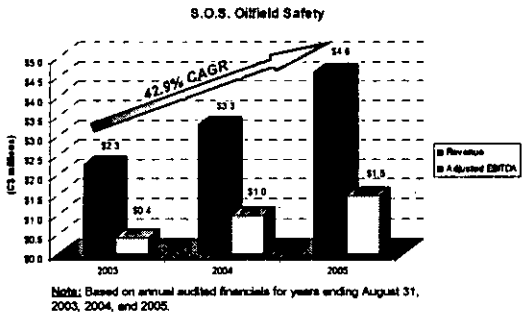
The following charts illustrate the financial performance of the Acquired Companies whose assets are to be transferred to the Transportation and Hauling Division for the periods indicated:

See "Non-GAAP Measures" and Schedule "C" - "Reconciliation of Net Earnings to EBITDA and Adjusted EBITDA".



Civil Services Division

Pursuant to the Reorganization, Petrowest's Civil Partnership will acquire the businesses historically conducted by R Bee Crushing and S.O.S. Oilfield Safety and will operate these businesses under those names as the Civil Services Division. The Civil Services Division will provide rock and gravel crushing, safety supervision and safety equipment rentals services.

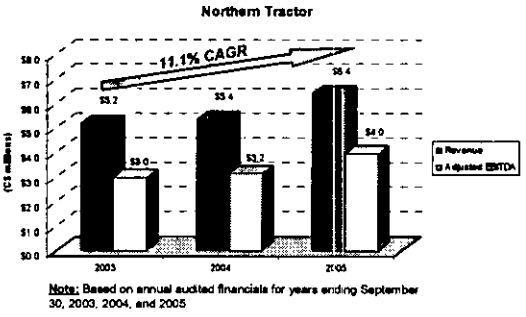


The Civil Services Division will have over 115 pieces of modern, large capacity equipment with an average age of five years to support its rock and gravel crushing services. Typical rock and gravel crushing jobs have been between 100,000 to 500,000 tonnes. The largest single project completed to date by R Bee Crushing was 1,100,000 tonnes. In 2005, total rock crushing was estimated to be in the order 5,500,000 tonnes. The Civil Services Division will also be capable of stripping pits, clearing pits, pit run crushing, large screening and quarry crushing. The Civil Services Division will manufacture highway base aggregates, asphalt aggregates, concrete aggregates and general crushed products.

The Civil Services Division will also provide safety supervision to well sites and safety unit rentals throughout northern Alberta and British Columbia. Safety supervision and rentals will be complementary to Petrowest's other divisions and to external companies.

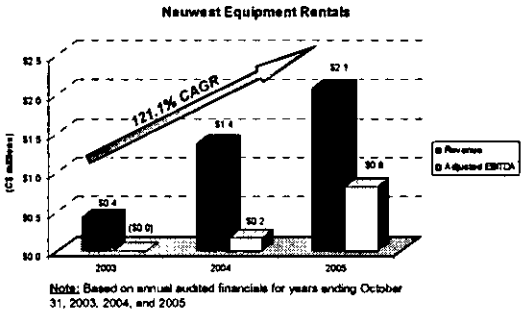
The following charts illustrate the financial performance of the Acquired Companies whose assets are to be transferred to the Civil Services Division for the periods indicated:

Note: Based on annual audited financials for years ending April 30, 2003, 2004, and 2005.



Note: Based on annual audited financials for years ending August 31, 2003, 2004, and 2005.

See "Non-GAAP Measures" and Schedule "C" - "Reconciliation of Net Earnings to EBITDA and Adjusted EBITDA".



Heavy Equipment Rentals Division

Pursuant to the Reorganization, Petrowest's Rentals Partnership will acquire the businesses historically conducted by Northern Tractor and Neuwest Equipment and will operate these businesses under those names as the Heavy Equipment Rentals Division. Typical rental contracts undertaken by these companies have ranged from a single piece of equipment to 15 pieces of heavy equipment per job site. The Heavy Equipment Rentals Division's equipment will be modern and in a variety of sizes that can be configured to complete various types of work due to the changing seasons as well as specific job requirements. The Heavy Equipment Rentals Division will have approximately 60 pieces of major equipment with an average age of three years including articulated haulers, tracked excavators, crawler dozers, sidebooms, and earth compactors to support oil and gas construction jobs as well as commercial construction company needs. The rentals will be provided from offices in Grande Prairie and Fort McMurray, Alberta. The Heavy Equipment Rentals Division will acquire from the Acquired Companies renewable contracts with key customers and repeat customers. The Heavy Equipment Rentals Division will provide rentals both internally amongst Petrowest's divisions and externally to other companies involved in the western Canadian oil and gas industry. The Acquired Companies' current equipment and the Heavy Equipment Rentals Division's access to new equipment is expected to make Petrowest a leader in the heavy equipment rentals industry in the northern Alberta and British Columbia region.

The following charts illustrate the financial performance of the Acquired Companies whose assets are to be transferred to the Heavy Equipment Rentals Division for the periods indicated:

Note: Based on annual audited financials for years ending September 30, 2003, 2004, and 2005

Note: Based on annual audited financials for years ending October 31, 2003, 2004, and 2005

See "Non-GAAP Measures" and Schedule "C" - "Reconciliation of Net Earnings to EBITDA and Adjusted EBITDA".

Operational Strengths

As a result of its focused "first and last line of services" approach in providing key services to the oil and gas industry in the pre-drilling and post-completion phases, Petrowest will enjoy several operational strengths that will benefit customers. Petrowest's major operational strengths include:

- **Ability to Provide a "One-Stop-Shop" Service Approach** – As a result of the broad spectrum of energy services businesses which will comprise Petrowest's oil and gas clients will have access to a full range of pre-drilling and post-completion services. Industry trends suggest that oil and gas companies prefer to utilize a services company that can provide a full range of services as opposed to procuring the same services from a host of sources. Benefits to the client include reduced overhead costs, a reduction in invoicing and accounting procedures, reduced wait times for services and increased efficiency in procuring pre-drilling and post-completion services. This model allows clients to meet the shorter time frames demanded by an environment where it is becoming increasingly difficult to engage services in a timely manner due to the general robustness of the energy sector coupled with labour challenges.

- **Intra-Company Synergies** – Each operating division within Petrowest will possess the ability to provide services to other divisions to facilitate its customers' specific pre-drilling and post-completion needs. Petrowest's clients will benefit from Petrowest's cross-company utilization strategies that otherwise would be absent. For example, the Civil Services Division can take advantage of the Transportation and Hauling Division's ability to provide hauling needs resulting in increased utilization rates due to reduced down time.

- **Ability to Service Large Scale Contracts** -- Petrowest's combined divisions will be positioned to take advantage of larger contract jobs as a result of its increased capacity to provide a full range of pre-drilling and post-completion services at competitive rates and in geographic areas that are comparatively difficult to access for smaller service companies. In northern Alberta and British Columbia, where well site lease-building costs are much greater than at conventional locations with relatively easy year-round access, this advantage will become increasingly strategic.

- **Competitive Pricing** – Petrowest intends to provide its customers with high-quality services using competitive pricing in an environment where costs are becoming increasingly high. By offering clients a full range of pre-drilling and post-completion services, Petrowest will have the ability to meet customer price points with greater flexibility and customer satisfaction.

- **Quality Equipment Fleet** – With the acquisition of a fleet of equipment with an average age of 4.5 years and an increased access to growth capital, Petrowest will utilize an equipment fleet that is new and well-maintained. This will result in greater safety standards and reduced down times due to equipment breakdowns. As a result, clients will benefit from greater reliability in the performance of Petrowest's full range of pre-drilling and post-completion services.

- **People** – The key operating and technical people that comprise the four divisions within Petrowest will represent a valuable and important component of Petrowest's operational strengths. Given the current labour shortages in western Canada combined with senior management attrition in the energy services industry generally, it is important to understand that the key managers of the Acquired Companies have been in place with the Acquired Companies for an average of 17 years. Additionally, the respective middle management and employees of the Acquired Companies are dedicated to their businesses and have proven their commitment and loyalty by their long-term employment tenures. Petrowest's human resource assets will be key in its overall profitability and customer satisfaction, both near and long term.

Investment Opportunity

Management believes that the Trust is an attractive investment opportunity due to the quality of the underlying businesses represented by the Acquired Companies and Petrowest's focused business strategy. Petrowest intends to sustain and increase its cash flow and distributions through both organic growth and acquisitions of other energy services businesses that have similar characteristics to the Acquired Companies.

Management expects Petrowest to have the following notable attributes:

- ownership of established businesses that provide the full-range of pre-drilling and post-completion services to the northern region of the WCSB;
- alignment of management and Unitholder interests through the subordination of management's equity interest and structured escrow terms on the Units acquired by the founding Unitholders as well as structured escrow terms on the Trust Units acquired by the shareholders of each of the Acquired Companies. See "Escrowed and Subordinated Securities";
- strong balance sheet with financial flexibility to balance between internal growth and payout of distributions to investors;
- high historic profitability of the Acquired Companies with average Adjusted EBITDA margins over 30%;
- an initial monthly distribution of $• per Unit. See "Summary of Distributable Cash";
- well positioned to capitalize on robust industry activity levels and future northern development opportunities through internal growth and acquisition opportunities;
- modern and well-maintained major equipment with an average age of approximately 4.5 years, providing a solid, cost-effective foundation from which growth can occur;
- focused and experienced executive management team and board of directors;
- focused growth strategy through a combination of internal, organic growth coupled with strategic accretive acquisitions; and
- tax effective trust structure which will facilitate access to capital that can be used for investments in equipment and strategic acquisitions.

Strategy

Petrowest's corporate strategy will be to develop a long-term business which delivers sustainable and increasing per Unit distributions by growing its Road and Lease Construction, Transportation and Hauling, Heavy Equipment Rentals and Civil Services divisions. Petrowest intends to achieve this by integrating the businesses conducted by the Acquired Companies and establishing Petrowest as the recognized pre-drilling and post-completion service provider to the northern region of the WCSB. Petrowest will consider expanding the number of businesses within the divisions and adding other businesses and divisions if acquisition candidates meet Petrowest's acquisition criteria. See "Strategy - Acquisitions."

Petrowest anticipates acquiring approximately $39 million of new equipment over the next twelve months. This expenditure will be funded by operating leases and $8.3 million of working capital. These expenditures will add equipment to each of Petrowest's divisions to allow for future growth. Approximately 80% of this equipment has been ordered and management anticipates that this equipment will be utilized by Petrowest beginning in the third quarter of 2006.

Petrowest intends to integrate the businesses conducted by the Acquired Companies and future acquisitions within the divisions. Further, Petrowest intends to capitalize on the track records of the Acquired Companies with respect to commitment to customer service, operational efficiency, health and safety and financial return and profitability.

Petrowest will operate in the northern region of the WCSB, principally from Grande Prairie, Alberta. At the present time, Petrowest does not intend to expand operations into eastern Canada, the United States or internationally.

Strategy – Organic Growth

Management expects Petrowest to continue to grow its operations organically in the pre-drilling and post-completion service sectors of the energy services business in the northern region of the WCSB. Management expects to achieve this organic growth through the following strategic plan:

- Petrowest will work within a framework emphasizing integrity, leadership, safety in the workplace and teamwork. Petrowest's management team will provide strategic leadership and performance targets for the divisions. Petrowest's compensation program will include competitive market salary, employee benefit programs and incentive programs. Management and Unitholder interests will be aligned through an incentive program, and a Unit option program and Unit ownership plan. Pursuant to the incentive program, incentive pools will be allocated to the divisions based on success in reaching consolidated business performance and profitability targets. Management, together with the general managers of the operating businesses, will allocate these incentive pools to staff and employees.

- Management believes the existence of long-term relationships between the Acquired Companies and its diversified client base will help to secure consistent demand for Petrowest's equipment and services and provide opportunities for complementary services across Petrowest's divisions. Petrowest will use its multiple businesses to enhance customer service and to provide greater service synergies.

- Petrowest will pursue its expanded scope of services to new clients.

- Petrowest will capitalize on the greater size of Petrowest's operations relative to the individual Acquired Companies to take on larger jobs and contracts.

- Preferred supplier relationships and a bulk purchasing program is expected to provide access to new equipment and consumables on a timely and cost-effective basis.

Strategy - Acquisitions

In addition to Petrowest's internal growth opportunities, management believes there are significant opportunities for Petrowest to make additional accretive acquisitions. Management believes that the western Canadian energy services industry currently includes many localized, privately-owned businesses that would benefit from a combination with Petrowest. Petrowest would provide these businesses with financial and management expertise, cost reduction opportunities, partial monetization, a lower cost of capital and opportunities for on-going growth and expansion.

Petrowest's acquisition strategy is founded on integrity, reliability, service delivery, safe operations and solid financial performance. All future acquisitions must satisfy these criteria. It is expected that businesses acquired by Petrowest will maintain their individual business identities. The selection of target acquisitions will be based on their:

- corporate culture and fit with Petrowest's vision and corporate strategic business plan;

- overlap of synergies with Petrowest's existing competencies, clients, industries and work activities;

- overlap of geographic region and synergy with Petrowest's existing business;

- existing proven management teams that are motivated and experienced;

- financial profitability; and

- accretive financial contribution.

Acquisition candidates must also meet Petrowest's added value criteria and will be expected to provide increased financial performance on a per Unit basis.

Strategy - Integration

Petrowest's integration plans will be specifically designed to allow the divisions to carry on the operations of the Acquired Companies with minimal disruption while ensuring management internal controls and reporting needs are properly developed and maintained.

Integration activities in the first six months after closing of the Concurrent Acquisitions will include:

- improving and enhancing management internal controls, financial reporting, key business indicator processes, credit risk analysis, and operating and capital budgets;
- establishing operating standards with respect to corporate governance, audit, compensation and safety and health, (including public company reporting and investor relation activities);
- instituting employee incentive and compensation strategies designed to retain and attract key personnel;
- convening regular management meetings with senior and middle management to create a model for effective cross-divisional and intra-company communication and business development;
- capitalizing on cross-divisional, intra-company and centralized marketing opportunities and developing strategies for bundling of services;
- consolidating overhead and evaluating other cost reduction measures; and
- executive management and general manager succession planning.

Strategy - Management of Divisions

The Acquired Companies are established businesses with experienced and proven management. Petrowest's management team will have significant involvement in all critical aspects of Petrowest's business and strategic plan, while at the same time allowing the management teams of the Acquired Companies to continue to pursue their respective operational plans within that strategic framework. Petrowest believes it will achieve maximum profitability by allowing each Acquired Company's management team to continue to direct its field operations and the affairs of that business.

Strategic business alignment and the bundling of available services will be encouraged both within and across divisions. Through effective communication, goal setting and incentives, Petrowest's management team will ensure that Petrowest's divisions identify and implement innovative ideas to advance Petrowest's strategic business plan.

Petrowest will have a corporate culture that will allow its general managers to develop their businesses within a strategic framework. A key to Petrowest's success will be to ensure capital is actively and properly employed in achieving and increasing sustainable cash flow generation.

Management

Petrowest's executive management team collectively has over 75 years of experience in the western Canadian oil and gas exploration and production, energy services and construction industries.

Customer Base

Assuming the completion of all of the Concurrent Acquisitions, the aggregate customer base of Petrowest will consist of over 500 entities from the oil and gas exploration and production industry, energy services sector, forestry industry, aggregates industry and government. Petrowest's clients range from large multi-national companies to small, private companies.

Employees

If all of the Acquired Companies are acquired pursuant to the Concurrent Acquisitions, Petrowest will have approximately 325 full-time employees and 85 sub-contract personnel. None of these employees are unionized and most of these employees will be located in Alberta.

Real Estate

At Closing, Petrowest's head office will operate out of owned office space at Suite 204, 10605 Westside Drive, Grande Prairie, Alberta T8V 8E6. Petrowest will operate field offices and out of rented locations in Grande Prairie, Alberta, Fort McMurray, Alberta, and Fort St. John, British Columbia. Petrowest's corporate office will operate out of rented office space in Calgary, Alberta.

The Purchase and Sale Agreements provide that certain real property owned by the Acquired Companies and used in their businesses will be sold by the Acquired Companies to their existing shareholders or their affiliates prior to closing under the Purchase and Sale Agreements and leased back to Petrowest on terms acceptable to Petrowest.

Safety Program

Each of the Acquired Companies has obtained a Certificate of Recognition ("COR") in Alberta. The COR program recognizes that these companies have a basic safety program in place that meets minimum provincial standards. An increasing number of oil and gas companies are requiring that companies that perform energy service work for them have a COR. Alberta Human Resources and Employment and the Petroleum Industry Training Service (the certifying partner for the petroleum industry) issue a COR to companies for achieving the provincial minimum standards for a health and safety program. Companies registered in the Alberta Workers' Compensation Board ("WCB") financial incentive program, Partners in Injury Reduction ("PIR"), are eligible to receive up to a 20% reduction in their WCB premiums for implementing successful health, safety and disability programs and for obtaining a COR. The COR program is part of an industry-wide effort to reduce the number of injuries and incidents. Programs such as the COR program have proved to be effective in reducing the number and severity of injury-related WCB claims. WCB statistics show for 2003, employers participating in the PIR had fewer lost time claims and lower claims costs than those that did not participate.

Petrowest will establish a safety program that will meet or exceed all legislated requirements.

ACQUISITION OF THE ACQUIRED COMPANIES

Purchase and Sale Agreements

Acquisitionco has entered into the Purchase and Sale Agreements providing for the purchase by Acquisitionco of the Acquired Companies for an aggregate base purchase price of $230,934,992, subject to post-closing adjustments. This represents a value of approximately five times the sum of aggregate EBITDA plus management bonuses and non-recurring items for the twelve months ended December 31, 2005 of the Acquired Companies, plus an estimate of adjustments for working capital ($15.7 million), plus amounts paid for equipment after December 31, 2005 ($6.7 million), less an estimate of long-term debt ($23.5 million). Management's estimate of the sum of EBITDA plus management bonuses and non-recurring items of the Acquired Companies was based on financial statements reviewed by the Acquired Companies' independent accountants for the twelve-month period ended December 31, 2005. The aggregate base purchase price will be paid by $103,284,052 in cash and the issuance by the Trust of an aggregate of 12,765,094 Trust Units. The shareholders of the Acquired Companies will enter into an escrow agreement pursuant to which the Units issued to such shareholders will be placed in escrow. See "Escrowed and Subordinated Securities".

Post-closing, an audit of the working capital, shareholder loans and long term debt of each of the Acquired Companies as at the closing date of the acquisition of the Acquired Companies will be performed. Subject to certain conditions the results of this audit will be used to determine whether a positive or negative cash adjustment will be made to the aggregate base purchase price for the Acquired Companies. The aggregate base purchase price and its allocation among cash and Units in respect of each of the Acquired Companies is set forth below.

Base Purchase Price

Acquired Company	Cash	Units	Aggregate[(1)]
Road and Lease			
Construction Services Division			
Gordon Bros. Construction	$ 5,922,429	888,363	$14,806,059
Roy Larson Construction	$11,909,810	1,190,981	$23,819,620
Wales Contractors	$13,918,380	1,391,838	$27,836,760
Subtotal	$31,750,619	3,471,182	$66,462,439
Transportation and Hauling Division			
D & D Well Services	$28,721,958	2,872,194	$57,443,898
Murtron Hauling	$ 6,105,680	915,851	$15,264,190
Subtotal	$34,827,638	3,788,045	$72,708,088
Civil Services Division			
R Bee Crushing	$19,572,540	2,935,881	$48,931,350
S.O.S. Oilfield Safety	$ 3,480,855	522,128	$ 8,702,135
Subtotal	$23,053,395	3,458,009	$ 57,633,485
Heavy Equipment Rentals Division			
Neuwest Equipment	$ 4,153,405	623,010	$10,383,505
Northern Tractor	$ 9,498,995	1,424,848	$23,747,475
Subtotal	$13,652,400	2,047,858	$34,130,980
Total	$103,284,052	12,765,094	$230,934,992

Notes:

(1) For the purposes of calculation of the Aggregate, the Trust Units are attributed a value of $10.00 each.

Each of the Purchase and Sale Agreements contains representations and warranties in favour of Acquisitionco and each of the Acquired Companies customary for transactions of this nature including representations and warranties respecting the Acquired Companies corporate status, financial status, employees, assets, real property and the absence of environmental claims. Subject to the Acquisition Condition, each of the Concurrent Acquisitions is expected to close concurrently. Closing of the Concurrent Acquisitions is subject to customary mutual conditions and customary conditions for the benefit of Acquisitionco and for the benefit of the shareholders of the Acquired Companies. Certain specific mutual conditions include:

(a) the Trust Units shall have been approved for listing upon the TSX subject only to conditions which may reasonably be expected to be satisfied within the 10 business days following the closing date;

(b) the distribution of not less than 8.5 million Trust Units and not more than 15 million Trust Units at a price not less than $10.00 for aggregate gross proceeds of not less than $85 million and not more than $150 million shall have closed or be closing at the closing time;

(c) such of the Concurrent Acquisitions as have an aggregate base purchase price not less than $100 million shall have closed or be closing at the closing time; and

(d) certain officers and key personnel of the Acquired Companies shall have executed and delivered management agreements.

Subject to certain limited exceptions, all representations, warranties and covenants contained in the Purchase and Sale Agreements on the part of each of the parties survive the closing of the acquisition of the Acquired Companies, the execution and delivery under the Purchase and Sale Agreements of any share or security transfer instruments or other documents of title to any of the shares and the payment of the consideration for the shares.

Subject to certain limited exceptions, each of the vendors of the shares of the Acquired Companies have agreed, in their respective Purchase and Sale Agreement, to indemnify and save harmless each of Acquisitionco and

the Trust and their affiliates from and against all losses, costs and damages and liabilities and obligations which they suffer, sustain, pay or incur, directly or indirectly as a consequence of or in connection with a breach of a representation or warranty made by any of the vendors or Acquired Companies in their respective Purchase and Sale Agreements or a breach by any such vendor or Acquired Company of any of the covenants made by any thereof in the Purchase and Sale Agreements; or as a consequence of or in connection with any environmental matter relating to the applicable Acquired Company or its assets prior to the closing time except any such losses, costs and damages as have been caused by or result from the negligence or wilful misconduct of any such indemnified person.

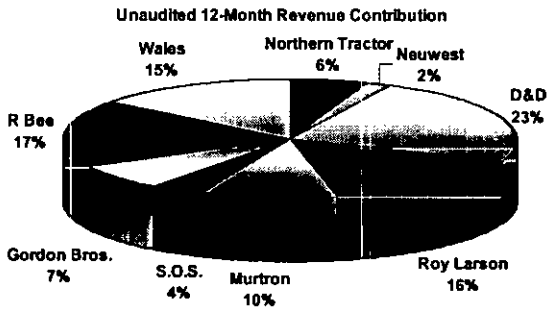
Purchasers of Trust Units pursuant to this offering may not have a direct statutory right of action against each vendor of the shares of the Acquired Companies for a misrepresentation in this prospectus in respect of the Acquired Companies. Purchasers are advised to review the terms of the Purchase and Sale Agreements for a complete description of the representations, warranties and indemnities and related liabilities of the vendors of the shares of the Acquired Companies. Copies of the Purchase and Sale Agreements may be inspected at Petrowest's head office during normal business hours during the period of distribution of the Trust Units.

Management Contracts

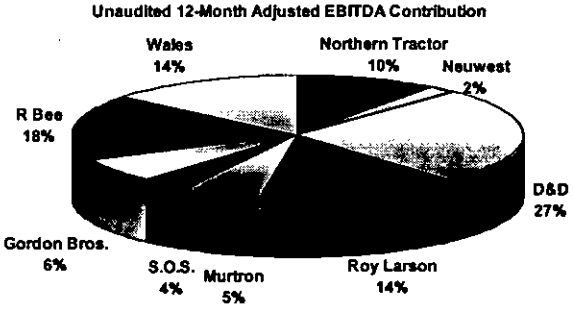
Thirteen principals of the Acquired Companies have agreed to enter into management employment agreements with the General Partner for terms ranging from two to five years. However, such agreements may be terminated by the employee on giving one month's notice. Each of these management employment agreements contains non-competition, confidentiality and indemnity provisions. The non-competition provisions continue until the later of the expiry of the term of the contract or two years from the date the employee ceases to be an employee of Petrowest.

Operating Histories

The following table sets forth the year each of the Acquired Companies or their predecessors, as applicable, was established and the years of operation for each of the Acquired Companies.



Acquired Company	Year Established	Years of Operation
Road and Lease		
Construction Services Division		
Gordon Bros. Construction	1974	32
Roy Larson Construction	1986	20
Wales Contractors	1984	22
Average		**25**
Transportation and Hauling Division		
D & D Well Services	1987	19
Murtron Hauling	1984	23
Average		**21**
Civil Services Division		
R Bee Crushing	1986	20
S.O.S. Oilfield Safety	1997	9
Average		**15**
Heavy Equipment Rentals Division		
Neuwest Equipment	2001	5
Northern Tractor	1999	7
Average		**6**
Combined Acquired Company Average		**17**



Each of the Acquired Companies has an established operating history of at least five years with a group average of 17 years. Management believes that the businesses of the Acquired Companies will provide Petrowest with a strong presence in its chosen target markets.

Petrowest believes that each of the Acquired Companies have solid relationships with their customers and suppliers and represent businesses that can be expanded both internally as well as vertically.

DIVISIONAL STRUCTURE

The following is a breakdown of the relative revenue and EBITDA contributions of the Acquired Companies based on historical financial information of the Acquired Companies for the twelve months ended October 31, November 30 or December 31, 2005.

Notes:

(1) The financial year-ends of the Acquired Companies are as follows: Wales Contractors – August 31, Roy Larson Construction – May 31, Gordon Bros. Construction – September 30, D&D Well Services – December 31, Murtron Hauling – October 31, R Bee Crushing – April 30, S.O.S. Oilfield Safety – August 31, Northern Tractor – September 30 and Neuwest Equipment Rentals – October 31. The information presented was derived from, in respect of D&D Well Services, Murtron Hauling and Neuwest Equipment Rentals, the audited combined income statements for the twelve-month periods ended December 31, 2005, October 31, 2005, October 31, 2005, respectively, and in respect of Wales Contractors, Roy Larson Construction, Gordon Bros. Construction, R Bee Crushing, S.O.S. Oilfield Safety and Northern Tractor, the unaudited income statements for the twelve-month periods ended November 30, 2005, November 30, 2005, December 31, 2005, October 31, 2005, November 30, 2005 and December 31, 2005, respectively, constructed for the purpose of preparing the unaudited pro forma consolidated statement of income of the Trust for the twelve-month period ended December 31, 2005. See "Selected Pro Forma Consolidated Financial Information".

(2) See Schedule "C" - "Reconciliation of Net Earnings to EBITDA and Adjusted EBITDA".

(3) See "Non-GAAP Measures".

Road and Lease Construction Division

The Road and Lease Construction Division of Petrowest will operate through the Construction Partnership and will consist of the businesses historically operated by Gordon Bros. Construction, Roy Larson Construction and Wales Contractors.

Gordon Bros. Construction

On May 23, 2006, Acquisitionco entered into an agreement with Gordon Bros. Construction and its shareholders to acquire all of the issued and outstanding shares of Gordon Bros. Construction for a base purchase price of $14,806,059, subject to post closing adjustments, to be paid by $5,922,429 in cash and by the issuance of an aggregate of 888,363 Trust Units.

Gordon Bros. Construction is based in Valleyview, Alberta and specializes in the construction of well site leases, road building and well site reclamation. In 2005, Gordon Bros. Construction built approximately 60 to 70 well site leases, constructed 15 kilometres of roads and performed 15 well site reclamations.

Gordon Bros. Construction was co-founded by Mr. Robert Gordon who has 40 years of experience in the energy services business and is managed by Mr. Troy Gordon who has 10 years of experience in the oilfield services business. It is a condition of the Purchase and Sale Agreement regarding Gordon Bros. Construction that Troy Gordon enter into a management agreement with Petrowest as a General Manager for a term of five years.

Gordon Bros. Construction has a current workforce of approximately 30 permanent and five contract employees who range from superintendents, truckers, equipment operators to labourers and have a collective average of ten years of industry experience.

Gordon Bros. Construction's clients include major oil and gas companies and oil and drilling rig companies.

Gordon Bros. Construction's major equipment has an average age of five years and can be configured to complete various types of work including major dirt moving, major restorations and high volume projects due to industry seasonality. Gordon Bros. Construction owns approximately 25 pieces of rolling stock and two camps to support well site lease building, road construction and well site reclamation activities, including amphibious track machines for access to muskeg and semi-frozen terrain and snow making equipment for constructing winter roads and crossing waterways.

The following table presents a summary of historical financial data for Gordon Bros. Construction for each of its three fiscal years ended September 30, 2005, 2004 and 2003 and for the six month periods ended March 31, 2006 and 2005 derived from the financial statements of Gordon Bros. Construction at each of these dates and for the periods then ended. The following data should be read along with "Management's Discussion and Analysis of Gordon Bros. Construction" and the financial statements and related notes of Gordon Bros. Construction included in this prospectus.

	Six Months Ended March 31		Years ended September 30		
	2006	2005	2005	2004	2003
Income Statement Data					
Revenues	$ 6,607,050	$ 5,390,779	$ 8,604,638	$ 7,779,706	$ 6,631,681
Operating and Administrative Expenses	$ 4,367,561	$ 3,630,051	$ 6,355,041	$ 6,020,817	$ 4,781,686

Total liabilities and shareholders' equity	$ 6,536,525		$ 6,328,268	$ 4,880,869	

Roy Larson Construction

On May 23, 2006, Acquisitionco entered into an agreement with Roy Larson Construction and its shareholders to acquire all of the issued and outstanding shares of Roy Larson Construction for a base purchase price of $23,819,620, subject to post closing adjustments, to be paid by $11,909,810 in cash and by the issuance of an aggregate of 1,190,981 Trust Units.

Roy Larson Construction is based in Rycroft, Alberta and specializes in well site construction, road building and well site clean-up and restoration. Roy Larson Construction also provides private commercial subdivision construction services. In 2005, Roy Larson Construction built approximately 175 to 200 well site leases, constructed 35 kilometres of roads and provided services for two subdivisions in and around Grande Prairie, Alberta.

Roy Larson Construction is managed by Mr. Roy Larson who has 22 years experience in the energy services sector. It is a condition of the Purchase and Sale Agreement regarding Roy Larson Construction that Roy Larson and Georgie Larson enter into management agreements with Petrowest as General Manager and Operations Manager, respectively, with terms of five and two years, respectively.

Roy Larson Construction has a current workforce of approximately 60 permanent employees with average industry experience of eight years and 15 contract employees who include superintendents, truckers, equipment operators and labourers.

Roy Larson Construction's clients consist primarily of major oil and gas companies.

Roy Larson Construction's major equipment has an average age of three years and can be configured to complete various types of work that includes major dirt moving, major restorations and high volume projects required by the changing seasons. Roy Larson Construction owns approximately 40 pieces of rolling stock to support the lease building and road construction activities.

The following table presents a summary of historical financial data for Roy Larson Construction for each of its three fiscal years ended May 31, 2005, 2004 and 2003 and for the nine month periods ended February 28, 2006 and 2005 derived from the financial statements of Roy Larson Construction at each of these dates and for the periods then ended. The following data should be read along with "Management's Discussion and Analysis of Roy Larson Construction" and the financial statements and related notes of Roy Larson Construction included in this prospectus.

	Nine Months Ended February 28		Years ended May 31

Wales Contractors

On May 23, 2006, Acquisitionco entered into an agreement with Wales Contractors and its shareholders to acquire all of the issued and outstanding shares of Wales Contractors for a base purchase price of $27,836,760 subject to post closing adjustments, to be paid by $13,918,380 in cash and by the issuance of an aggregate of 1,391,838 Trust Units.

Wales Contractors is based in Grande Prairie, Alberta and specializes in well site construction and road building. In 2005, Wales Contractors built approximately 175 to 200 well site leases and constructed 35 to 40 kilometers of roads.

Wales Contractors is managed by Mr. Gerry Wales who has 36 years experience in the energy services sector. It is a condition of the Purchase and Sale Agreement regarding Wales Contractors that Gerry Wales and Laurie Wales each enter into a management agreement with Petrowest as General Manager and Administrative Manager for two year terms, respectively.

Wales Contractors has a current workforce of approximately 45 permanent employees with an average industry experience of ten years and 15 contract employees who include superintendents, equipment operators and labourers. Many of Wales Contractors' employees have been with the company since it was founded in 1984.

Wales Contractors' clients include major Alberta based oil and gas companies and oil and gas drilling rig companies.

Wales Contractors' major equipment has an average age of five years and can be configured to complete various types of work major dirt moving, lease construction, major restorations and high volume projects due to the changing seasons. Wales Contractors owns approximately 30 pieces of rolling stock to support their lease building and road construction activities, including twin engine scrapers, dozers, excavators and compactors. There are preferred contracts and agreements in place with key customers including repeat customers.

The following table presents a summary of historical financial data for Wales Contractors for each of its three fiscal years ended August 31, 2005, 2004 and 2003 and for the six month periods ended February 28, 2006 and 2005 derived from the financial statements of Wales Contractors at each of these dates and for the periods then ended. The following data should be read along with "Management's Discussion and Analysis of Wales Contractors" and the financial statements and related notes of Wales Contractors included in this prospectus.

	Six Months Ended February 28		Years ended August 31

Transportation and Hauling Division

The Transportation and Hauling Division of Petrowest will operate through the Transportation Partnership and will consist of the businesses historically operated by D&D Well Services and Murtron Hauling.

D&D Well Services

On May 23, 2006, Acquisitionco entered into an agreement with D&D Well Services and its shareholders to acquire all of the issued and outstanding shares of D&D Well Services for a base purchase price of $57,443,898, subject to post closing adjustments, to be paid by $28,721,958 in cash and by the issuance of 2,872,194 Trust Units.

D&D Well Services is based in Grande Prairie, Alberta and specializes in the transportation, (mobilization and demobilization) of drilling rigs, service rigs and heavy equipment to well sites.

D&D Well Services is managed by Mr. Dennis Geherman who is assisted by Mr. Darcy Geherman and Mr. Rudy Geherman who have 31, 14 and 12 years of experience in the energy services sector, respectively. It is a condition of the Purchase and Sale Agreement regarding D&D Well Services that Dennis Geherman, Rudy Geherman, Darcy Geherman and Donna Geherman enter into management agreements with Petrowest as General Managers with terms of three, five, five, and three years, respectively.

D&D Well Services has a current workforce of approximately 75 employees with average industry experience of ten years who range from truckers, equipment operators, mechanics to labourers.

D&D Well Services has approximately 60 pieces of heavy equipment (mobile units), with an average age of five years.

D&D Well Services' clients include major Alberta-based oil and gas companies and oil and gas drilling rig companies.

The following table presents a summary of historical financial data for D&D Well Services for each of its three fiscal years ended December 31, 2005, 2004 and 2003 and for the three month periods ended March 31, 2006 and 2005 derived from the financial statements of D&D Well Services at each of these dates and for the periods then ended. The following data should be read along with "Management's Discussion and Analysis of D&D Well Services" and the financial statements and related notes of D&D Well Services included in this prospectus.

Murtron Hauling

On May 23, 2006, Acquisitionco entered into an agreement with Murtron Hauling and its shareholders to acquire all of the issued and outstanding shares of Murtron Hauling for a base purchase price of $15,264,190, subject to post closing adjustments, to be paid by $6,105,680 in cash and by the issuance of an aggregate of 915,851 Trust Units.

Murtron Hauling is based in Grande Prairie, Alberta and specializes in the transportation of gravel, heavy equipment and logs for the civil construction, energy services and forestry industries.

Murtron Hauling is managed by Mr. Murray Head who is assisted by Mr. Ron Head who have 22 and 27 years of experience in the transportation sector, respectively. It is a condition of the Purchase and Sale Agreement regarding Murtron Hauling that Murray Head and Ron Head enter into management agreements with Petrowest as General Manager and Operations Manager, respectively, for terms of five years.

Murtron Hauling has a current workforce of approximately 30 permanent employees, with an average industry experience of ten years, and 25 contract employees ranging from truckers, equipment operators and labourers.

Murtron Hauling's clients include Alberta based all-wood processing mills, various counties and private corporations. Typical logging contract jobs undertaken have been between 300,000 to 400,000 cubic meters of timber loaded and hauled. In 2005, Murtron Hauling loaded and hauled approximately 500,000 cubic meters of logs, and transported 400,000 tonnes of gravel-based products and approximately 700 pieces of heavy equipment.

Murtron Hauling's major equipment can be configured to complete various types of work due to seasonality. There are approximately 20 pieces of heavy equipment to support the log loading and hauling, gravel moving and heavy equipment moving functions with an average age of five years. Murtron Hauling enjoys several preferred supplier agreements.

The following table presents a summary of historical financial data for Murtron Hauling for each of its three fiscal years ended October 31, 2005, 2004 and 2003 and for the periods ended January 31, 2006 and 2005 derived from the financial statements of Murtron Hauling at each of these dates and for the periods then ended. The following data should be read along with "Management's Discussion and Analysis of Murtron Hauling" and the financial statements and related notes of Murtron Hauling included in this prospectus.

Civil Services Division

The Civil Services Division of Petrowest will operate through the Civil Partnership and will consist of the businesses historically operated by R Bee Crushing and S.O.S. Oilfield Safety.

R Bee Crushing

On May 23, 2006, Acquisitionco entered into an agreement with R Bee Crushing and its shareholders to acquire all of the issued and outstanding shares of R Bee Crushing for a base purchase price of $48,931,350, subject to post closing adjustments, to be paid by $19,572,540 in cash and by the issuance of an aggregate of 2,935,881 Trust Units.

R Bee Crushing is based in Grande Prairie, Alberta and specializes in full-range rock crushing including pit run crushing and quarry crushing. To a lesser extent, R Bee Crushing engages in the stripping and cleaning of quarry pits.

R Bee Crushing is managed by Mr. Bernie Reed who has 23 years of experience in the industry. It is a condition of the Purchase and Sale Agreement regarding R Bee Crushing that Bernie Reed enter into a management agreement with Petrowest as General Manager for a term of five years.

R Bee Crushing has a current workforce of approximately 60 permanent employees ranging from superintendents, equipment operators to labourers. The employees have an average of approximately eight years of industry experience.

R Bee Crushing's customers consist of major private, highway construction companies and government bodies.

Typical contract jobs that are undertaken have been between 100,000 to 500,000 tonnes. The largest single project completed to date was 1,100,000 tonnes. In 2005, R Bee Crushing produced approximately 5,500,000 tonnes of crushed rock. The types of products manufactured by R Bee Crushing are highway base aggregates, asphalt aggregates, concrete aggregates and general crushed products.

R Bee Crushing has approximately 90 pieces of large capacity heavy equipment with an average age of six years and that are capable of several types of commercial configurations. R Bee Crushing's equipment includes four twin spreads for higher volume pits and larger contracts each consisting of two cone crushers, two jaw crushers, four screen decks and two power plants. The spreads are self-contained and are mobile. Altogether, R Bee Crushing has approximately 200 pieces of rolling stock to support its crushing operation.

The following table presents a summary of historical financial data for R Bee Crushing for each of its three fiscal years ended April 30, 2005, 2004 and 2003 and for the nine month periods ended January 31, 2006 and 2005 derived from the financial statements of R Bee Crushing at each of these dates and for the periods then ended. The following data should be read along with "Management's Discussion and Analysis of R Bee Crushing" and the financial statements and related notes of R Bee Crushing included in this prospectus.

Heavy Equipment Rentals Division

The Heavy Equipment Rentals Division of Petrowest will operate through the Rentals Partnership and will consist of the businesses historically operated by Neuwest Equipment and Northern Tractor.

Neuwest Equipment

On May 23, 2006, Acquisitionco entered into an agreement with Neuwest Equipment and its shareholders to acquire all of the issued and outstanding shares of Neuwest Equipment for a base purchase price of $10,383,505, subject to post closing adjustments, to be paid by $4,153,405 in cash and by the issuance of 623,010 Trust Units.

Neuwest Equipment is based in Grande Prairie, Alberta and specializes in heavy equipment rentals to the Alberta natural gas and oil processing, pipeline and civil construction sectors.

Neuwest Equipment is owned and managed by Mr. Kenneth N. Drysdale and Mr. Gary Sweetman, the Chief Executive Officer and Chief Operating Officer of the General Partner, respectively. See "Directors and Executive Officers". Neuwest Equipment's experienced management team is able to determine client specific rental requirements and deliver cost effective project solutions throughout the project cycle. Together, Mr. Drysdale and Mr. Sweetman have 55 years of experience in the energy services business.

The equipment of Neuwest Equipment currently consists of 30 pieces of equipment with an average age of two years that includes nine 330LC excavators, eleven 270LC excavators, five sidebooms and six crawlers.

Neuwest Equipment's customers consist primarily of pipeline and construction companies.

The following table presents a summary of historical financial data for Neuwest Equipment for each of its three fiscal years ended October 31, 2005, 2004 and 2003 and for the three month periods ended January 31, 2006 and 2005 derived from the financial statements of Neuwest Equipment at each of these dates and for the periods then ended. The following data should be read along with "Management's Discussion and Analysis of Neuwest Equipment" and the financial statements and related notes of Neuwest Equipment included in this prospectus.

Northern Tractor

On May 23, 2006, Acquisitionco entered into an agreement with Northern Tractor and its shareholders to acquire all of the issued and outstanding shares of Northern Tractor for a base purchase price of $23,747,475, subject to post closing adjustments, to be paid by $9,498,995 in cash and by the issuance of an aggregate of 1,424,848 Trust Units.

Northern Tractor is based in Grande Prairie, Alberta and specializes in heavy equipment sales and rentals to the northern Alberta, Fort McMurray and northeastern British Columbia oil and gas construction industries.

Northern Tractor is managed by Mr. Dan Fitzpatrick who has 30 years of industry experience.

Northern Tractor has a current workforce of approximately 10 permanent employees and one contract employee who have an average of 15 years of industry experience. Included in this group are supervisors, sales personnel and heavy equipment mechanics. Northern Tractor's clients include Alberta and British Columbia based major oil and gas companies, construction companies as well as private corporations.

Typical contract jobs undertaken by Northern Tractor involve single units to 15 pieces of heavy equipment per job site. In 2005, Northern Tractor supported 48 pieces of equipment for 10 months of the year.

Northern Tractor's equipment currently consists of approximately 30 pieces of heavy equipment with an approximate average age of three years, that can be configured to complete various types of work due to the changing seasons as well as specific job requirements. Northern Tractor equipment includes articulated haulers, earth compactors, crawler tractors and tracked excavators to support oil and gas construction jobs and construction company needs.

The following table presents a summary of historical financial data for Northern Tractor for each of its three fiscal years ended September 30, 2005, 2004 and 2003 and for the six month periods ended March 31, 2006 and 2005 derived from the financial statements of Northern Tractor at each of these dates and for the periods then ended. The following data should be read along with "Management's Discussion and Analysis of Northern Tractor Sales and Rentals" and the financial statements and related notes of Northern Tractor included in this prospectus.

	Six Months Ended March 31		Years ended September 30

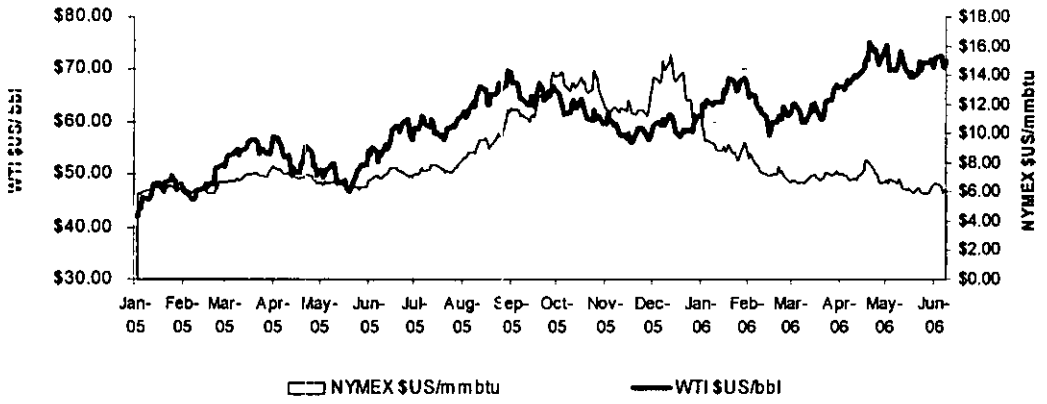
INDUSTRY CONDITIONS AND TRENDS

Petrowest provides energy services to assist oil and gas exploration and production companies in their efforts to find, develop and produce oil and gas reserves. In doing so, Petrowest offers its clients a variety of key pre-drilling and post-completion services.

General Oil and Gas Industry Conditions



The success of Petrowest's business is tied, in large part, to the general health of the oil and natural gas industry in Canada. Accordingly, in addition to the various federal, provincial and municipal laws which Petrowest will adhere to in its ongoing operations, the business will also be sensitive to the general industry conditions relating to the oil and natural gas industry, including land tenure, exploration, development, production, refining, transportation and marketing imposed by legislation enacted by various levels of government in Canada. The business is also sensitive to pricing and taxation of oil and natural gas by agreements among the governments of Canada, Alberta, Saskatchewan and British Columbia.

Petrowest's operations are conducted primarily in the WCSB that includes portions of the provinces of British Columbia and Alberta. The WCSB is one of the largest oil and gas exploration and producing regions in North America, with the majority of oil and natural gas production in Canada originating from this area. In addition to upstream oil and gas activities, other related industry activity occurs in this region, such as refining, processing and transportation of oil and gas.

Commodity Prices

Despite a recent decline in natural gas prices, the prices of both crude oil and natural gas have remained above historical levels for several years with the general industry consensus that prices are unlikely to decrease in the future. The recent current and forecast commodity prices have increased the projected cash flow forecasts of producing companies which has historically led to increased capital spending budgets and increased drilling and energy services activities. As a result of the progressing oil and gas market, energy services companies are reaping the rewards from a resource that is experiencing an extended cycle of increased demand.

Historical Natural Gas and Crude Oil Prices

Source: Bloomberg

Energy Supply / Demand

In spite of the continual increase in commodity prices and insufficient global energy infrastructure investment, it is expected that energy supply will need to grow substantially in the coming years. Given that OPEC (Organization of Petroleum Exporting Countries) is up against its own production capacity, it is expected that drilling activity will need to follow a continuous growth curve if supply is to expand in the coming years. Moreover, since the success of Petrowest is directly tied to global energy activity, there will be an increase in demand for its services if OPEC plans to meet their supply targets.

Seasonality

In Canada, the level of activity in the energy service industry is partially influenced by seasonal weather patterns. On a monthly basis, drilling activity varies greatly. The annual drilling cycle can generally be viewed in four components:

- Mid-March through mid-May - spring break-up; the northern drilling locations thaw and southern lands become impractical for travel due to wet road conditions. Drilling activity is generally low with companies planning the summer drilling season.

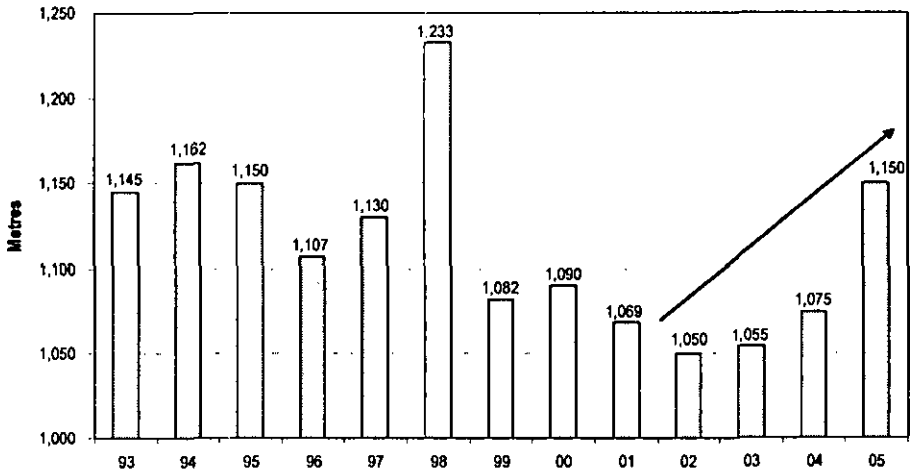
- Mid-May through mid-October - summer and fall drilling season; generally focused on non-northern areas that are accessible in the summer; summer drilling activity is medium to strong.

- Mid-October to mid-November - switchover to winter drilling season; characterized by lighter drilling activity when many companies are moving off summer drilling locations and preparing winter drilling leases for delivery of equipment.

- Mid-November through mid-March - winter drilling season; this is the period when the majority of rig activity takes place and exploration companies take advantage of the frozen landscape to access northern winter drilling locations.

Trends

Petrowest operates in various segments of the energy service industry that are heavily reliant on the level of drilling activity in western Canada. The following trends have contributed to the improved outlook for drilling and the services industry:



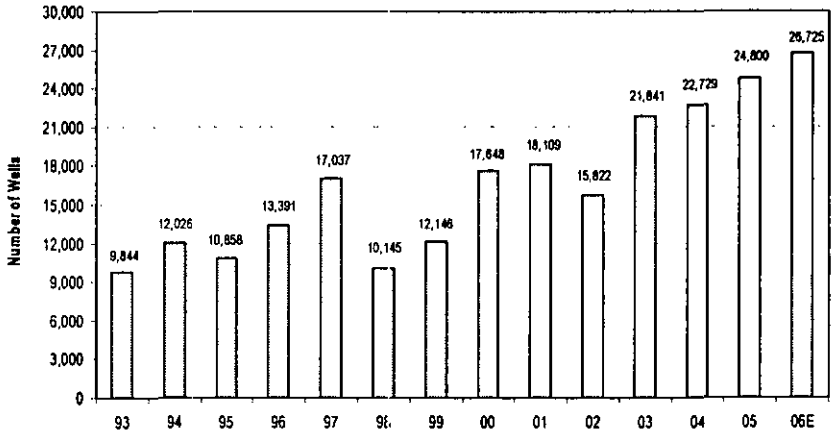
(i) The utilization of oil services companies has shifted increasingly toward re-completing old wells (i.e., using directional sidetracks out of existing well bores) and re-stimulating them (i.e., well fracturing) to enhance production, while minimizing costs and risk.

(ii) The industry has seen a shift to more remote areas in an attempt to capture new reserves such as in northeast British Columbia, the Northwest Territories and the Yukon. These remote locations are often accessible only during the winter months and require service companies to provide services over extended time frames.

(iii) Due to the low average productivity rates of coal bed methane wells and the emergence of coal bed methane as a viable source of gas, a large number of wells are required to economically develop a field and therefore more ancillary services will be required.

(iv) The current commodity price environment has improved the underlying economics of oil and gas prospects sufficiently enough to justify exploration and development in previously uneconomic areas. This ability to drill both deeper/higher cost wells and shallow/lower productivity rate wells at profitable levels has added to the current and anticipated higher activity levels in the WCSB.

Average Depth per Well - Western Canada

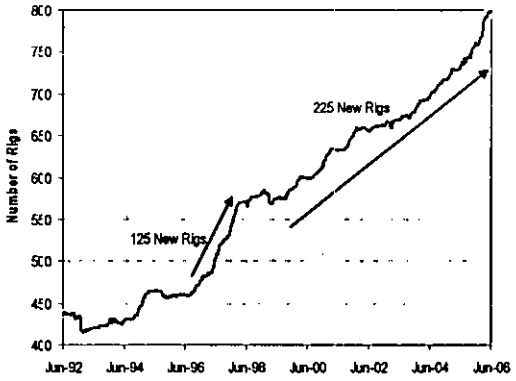


Source: Daily Oil Bulletin.

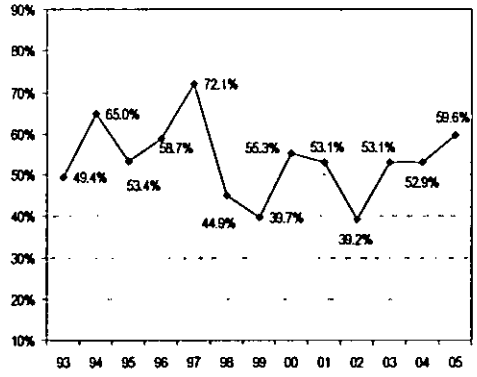
Wells Drilled

The Canadian Association of Oilwell Drilling Contractors (CAODC) estimates 26,725 wells will be drilled in 2006, an 8% percent increase over 2005. The historical decline in average production rates per well of oil and natural gas has resulted in an increase in drilling activity over the same period in order to maintain current production levels. As shown below, there has been consistent growth in drilling activity in the WCSB in seven out of the past eight years.

Total Oil & Gas Wells Drilled on a Rig Released Basis (Western Canada)



Source: Daily Oil Bulletin, Canadian Association of Petroleum Producers.



Rig Counts

The number of drilling and service rigs necessary to drill and complete new wells have historically been under increasing demand. Since January 2000, some 225 new drilling rigs, including coiled tubing drilling rigs, have been built for service in Western Canada. Of the total 798 rigs that are currently available in Western Canada there was a 90% utilization rate during the first quarter of 2006; the first half of 2006 is on pace to record a 65% utilization rate in Western Canada.

Total Available Drilling Rigs

Drilling Rig Utilization Rate

Source: CAODC

Environmental Regulations

The oil and gas industry is subject to environmental regulations pursuant to a variety of provincial and federal legislation. Such legislation provides for restrictions and prohibitions on the release or emission of various substances produced in association with certain oil and gas industry operations. In addition, such legislation requires that well and facility sites be abandoned and reclaimed to the satisfaction of provincial authorities. Compliance with such legislation can require significant expenditures and a breach of such requirements may result in the imposition of material fines and penalties.

Competition

Petrowest provides energy services primarily to the field operation locations of oil and gas exploration and production companies that are located in the WCSB. The energy service business in which Petrowest operates is highly competitive and, in order to be successful, Petrowest must provide services that meet the specific needs of its clients ensuring competitive pricing and customer satisfaction.

In order to remain competitive, Petrowest will emphasize to its customer base that exceeds 500 clients, the cost efficiencies and value-added services that Petrowest can provide specifically in the pre-drilling and post-completion phases. Current industry trends indicate that oil and gas companies are increasingly using service providers that can offer more than one specific service. Petrowest will be able to provide this to an ever-growing industry through its four service divisions. The greatest benefits to oil and gas companies that utilize Petrowest's Services will include overall cost efficiencies, reduced invoicing, time savings in procuring services and stronger profitability as a result of using a grouped services approach.

The barriers to entry for new competitors include a high cost of capital in acquiring and operating a services company, access to a skilled and qualified workforce given current labour constraints in Alberta and B.C. and qualified and experienced management team that can properly assess and manage to full scale of operational and technical issues including safety, health and environmental liabilities.

The principal competitive factors in the markets in which Petrowest operates are quality of service, service availability, service reliability, quality of equipment used to perform its services, technical and operational knowledge, management experience and reputation, safety and pricing. Competitors offer similar services in the geographic regions in which Petrowest operates.

SELECTED PRO FORMA CONSOLIDATED FINANCIAL INFORMATION

The following table presents a summary of the unaudited pro forma consolidated balance sheet of the Trust as at March 31, 2006, the unaudited pro forma consolidated statements of income of the Trust for the year ended

December 31, 2005 and for the three months ended March 31, 2006. The unaudited pro forma consolidated balance sheet was prepared as if the Concurrent Acquisitions were completed by way of the payment of $103,284,052 in cash and the issuance of 12,765,094 Trust Units, the subscription for 1,510,000 Subordinated Units was completed for proceeds of $4,530,000 ($1,510,000 in cash and $3,020,000 in notes receivable) and • Trust Units were issued pursuant to this offering on March 31, 2006. The unaudited pro forma consolidated statements of income for the year ended December 31, 2005 and the three month period ended March 31, 2006 were prepared as if such transactions had occurred on January 1, 2005.

The unaudited pro forma information should be read together with the unaudited pro forma consolidated financial statements and related notes of the Trust included in Schedule "B" of this prospectus.

	Period Ended March 31, 2006	Period Ended December 31, 2005

SUMMARY OF DISTRIBUTABLE CASH

Management has prepared the following summary of distributable cash generated by the Acquired Companies on the basis of information contained in this prospectus, and management's estimate of the amount of expenses that would have been incurred by the Acquired Companies and Petrowest had Petrowest been in existence for the three months ended March 31, 2006 and for the twelve-months ended December 31, 2005. The analysis is neither a forecast nor a projection of future results. The actual results of operations of Petrowest for any period, whether before or after the Closing, will vary from the amounts set forth in the following analysis and such variation may be material. Additionally, management believes the operations of Petrowest are subject to risks, and in reviewing the following summary of distributable cash, investors should review and consider the risks described under the heading "Risk Factors".

Management views distributable cash as an operating performance measure, as it is a measure generally used by Canadian income funds as an indicator of financial performance. As the Trust will distribute substantially all of its cash on an ongoing basis (after providing for certain amounts described below) and since EBITDA and Adjusted EBITDA (as respectively defined in "Non-GAAP Measures") are metrics used by many investors to compare issuers on the basis of their ability to generate cash from operations, management believes that, in addition to net earnings, EBITDA and Adjusted EBITDA are useful supplemental measures from which to make adjustments to determine distributable cash. The estimate of distributable cash has been prepared using assumptions which

management believes are reasonable and supportable, all of which reflect the Partnerships planned course of action given management's judgement about the most probable set of economic conditions.

Management believes that, upon completion of this offering and the Concurrent Acquisitions, Petrowest will incur lease expenses, management salaries, maintenance capital expenditures, general and administrative costs, and other expenses that will differ from those contained in the historical financial statements of each of the Acquired Companies that are included elsewhere in this prospectus. Although management does not have firm commitments for all of the aforementioned items and, accordingly, the complete financial effects of all of those items are not objectively determinable, management believes that the following represents a reasonable estimate of the distributable cash of the Trust that could have been available for distribution for the three months ended March 31, 2006 and for the twelve-months ended December 31, 2005 had the Trust been in existence during such time and had the Concurrent Acquisitions taken place at the beginning of such periods.

Summary of Distributable Cash

(in thousands of dollars, except per Unit amounts)	Three Months Ended March 31, 2006	Twelve-Months Ended December 31, 2005
Adjusted EBITDA[1][2]	$ 15,310	$ 42,739
Management believes that cash available for distribution should be reduced by the following:		
Incremental executive, board and public company costs[3]	$ 306	$ 1,223
Maintenance capital expenditures[4]	$ 825	$ 3,300
Interest expense[5]	$ 75	$ 300
Management believes that cash available for distribution should be increased by the following:		
Adjustment for costs associated with non-recurring items, insurance, and office and administration consolidation[3]	$ 283	$ 1,132
Cash available for distribution	$ 14,387	$ 39,048
Cash holdback[6]	$ •	$ •
Cash holdback %	•%	•%
Distributable cash[7]	$ •	$ •
Estimated distributable cash per Unit[8]	$ •	$ •

Notes:

(1) Represents the pro forma consolidated Adjusted EBITDA of the Trust for the three months ended March 31, 2006 and the twelve months ended December 31, 2005 calculated as the sum of Earnings (loss) of $6,662,333 and $10,346,723, income taxes of $nil and $nil, other interest of $50,718 and $103,247 and amortization of $8,685,092 and $32,374,714 less interest and other revenue of $87,830 and $85,684, respectively. See "Selected Pro Forma Consolidated Financial Information" and the unaudited pro forma consolidated financial statements and related notes of the Trust included in Schedule "B" of this prospectus.

(2) Adjusted EBITDA is not a recognized measure under GAAP, does not have a standardized meaning prescribed by GAAP and may not be comparable to similar measures presented by other issuers. See "Non-GAAP Measures" and Schedule "C" - "Reconciliation of Net Earnings to EBITDA and Adjusted EBITDA". As the Trust intends to distribute substantially all of its cash available for distribution (after satisfaction of administrative expenses and other amounts as may be considered appropriate by the Board of Directors) on an on-going basis, management believes that Adjusted EBITDA is an important measure in evaluating the Trust's performance and in determining whether to invest in the Trust.

(3) Management estimates that, subsequent to this offering, Petrowest will incur additional costs on an ongoing basis in connection with ongoing public disclosure requirements, investor relations, additional employee compensation, trustee and director fees, and other related matters. Also, management anticipates that, Petrowest will realize savings associated with general and administrative costs on an ongoing basis in connection with insurance, office administration and supplies and non-recurring items. These estimates are based on quotes provided by service providers, preliminary contractual arrangements, expenses in similar offering transactions and comparisons with historical expenses.

(4) Represents management's estimate of annual maintenance capital expenditures, including expenditures required to maintain the base fleet of equipment, inventory of equipment, equipment certification costs, leasehold and office improvements, and tools. Estimates are based on historical expenditures, consistent with management's plans for funding capital expenditures on an ongoing basis. See "Acquisition of the Acquired Companies".

(5) Represents estimated interest expense on proposed credit facilities that management intends to secure concurrent with the Closing. Management anticipates a credit facility will be in the form of a revolving line of credit. Management estimates that the facility will be utilized to fund seasonal working capital requirements. On an annualized basis, management anticipates that Petrowest will, on average, carry a balance of $5 million with an average interest rate of 6%.

(6) Management initially intends to reserve approximately •% of cash available for actual distribution.

(7) Distributable cash is not a recognized measure under GAAP and is typically used by Canadian income funds as an indicator of financial performance. The method of calculating the Trust's distributable cash may differ from similar computations as reported by other issuers and, accordingly, the distributable cash of the Trust may not be comparable to distributable cash as reported by other issuers. See "Non-GAAP Measures".

(8) Based on • Units outstanding on a fully diluted basis upon Closing.

CONSOLIDATED CAPITALIZATION OF THE TRUST

The following table sets forth the consolidated capitalization of the Trust both before and after giving effect to this offering. The table should be read in conjunction with the financial statements of the Trust included in Schedule "B" of this prospectus.

Designation	Outstanding as at July 6, 2006	Outstanding as at July 6, 2006 after giving effect to the Promoters' subscription, the Concurrent Acquisitions[1] and this offering
Long term debt[3]	$Nil	$Nil
Unitholders' Equity		
Trust Units	$10	$•
(authorized - unlimited)	(1 Trust Unit)[1]	(• Trust Units)
Subordinated Units[4]	$1,510,000	$•
(authorized - unlimited)	(1,510,000 Subordinated Units)[4]	(1,510,000 Subordinated Units)

Notes:

(1) The Trust was settled on July 6, 2006 with $10 in cash and issued a single Trust Unit. The initial Trust Unit will be surrendered to the Trust immediately following the Closing on the payment of $10.
(2) Does not include the exercise of the Over-Allotment Option.
(3) The Trust intends to obtain a credit facility of approximately $50 million concurrent with the Closing. See "Debt Financing".
(4) See "Prior Issuances".

DEBT FINANCING

The Trust intends to implement a financing strategy that incorporates long-term secured and unsecured debt and maintains maximum flexibility to manage the short-term cash needs of the Trust. The Trust intends to obtain a credit facility of approximately $50 million concurrent with the Closing and is currently in discussions with a number of financial institutions with respect to setting up such a facility.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis for each of the Acquired Companies is set out in Schedule "A" of this prospectus. Each of the Acquired Companies is a privately held company which has not been required to meet public reporting regulations.

DIRECTORS AND OFFICERS

The following table sets forth certain information concerning the Directors and Officers of the General Partner. The Directors will hold office until the next annual meeting of Unitholders or until their successors are duly elected or appointed.

Name and Municipality of Residence	Position with General Partner	Principal Occupations for Last Five Years
Kenneth N. Drysdale	President, Chief Executive Officer and Director	March 1996 until November 2005, President of Kendal Pipeline & Oilfield Services Ltd. From November 2005 to present, private businessman.
John B. Paul, CA	Chief Financial Officer	Vice-President, Chief Financial Officer and Manager of Special Projects of Willbros MSI Canada Inc. or predecessors until May 2006. From May 2006 to present, Chief Financial Officer of Petrowest.
Gary Sweetman	Chief Operating Officer	From April 2000 to May 2004, General Manager/President of Neudorf Trenching Ltd. and NTL Projects Inc.; from May 2004 to present, President of Neuwest Equipment.
D. Hugh Gillard	Chairman and Director	From June 2003 to March 2006 President and Chief Executive Officer of Kelso Energy Inc. Currently the Principal of Saddleback Resources Ltd., a private company involved in equity investments and advisory roles in the energy sector.
Rene Amirault, CGA	Director	From August 1994 to January 2006, various positions at CCS Income Trust. From September 2001 to January 2006, Vice President of Corporate Development of CCS Income Trust. From January 2006 to present, independent businessman.
Gerald A. Romanzin, CA	Director	Executive Vice President of the TSX Venture Exchange from November 1999 to April 2002 and acting President of the TSX Venture Exchange from December 2001 to April 2002; since April 2002, independent businessman.
Bradley D. Markel	Corporate Secretary	Partner, Bennett Jones LLP.

Upon completion of this offering and the Concurrent Acquisitions, the Directors and executive officers of the General Partner as a group will beneficially own, directly or indirectly, or exercise control or direction over • Units, representing approximately •% of the Units outstanding. Included in this amount owned, controlled or directed are • Trust Units and • Subordinated Units.

Kenneth N. Drysdale, *President, Chief Executive Officer and Director*

Mr. Drysdale has over 27 years of experience in the oil and gas industry. From 1979 to 1995 he took on various management roles in road building, pipeline construction, logging and environmental reclamation. Mr. Drysdale acted as Chief Construction Consultant for SNC-Lavalin Group Inc. and Shell Canada Limited on the Caroline Liquid Sulfur Line in 1991. From March 1994 to March 1996 Mr. Drysdale also managed a mid-sized diameter pipeline company in southern Alberta where he took the company to $30 million in revenues from $11 million in just two years. He then founded his own private pipeline construction company in 1996, which he grew from revenues of $5 million to $40 million until he sold its assets in 2005. Mr. Drysdale co-founded Acquisitionco in January 2006 with a view to forming a public, energy services income fund trust.

John E. Paul, CA, *Chief Financial Officer*

Mr. Paul has over 20 years of senior financial and operations management experience in a diverse range of businesses including oil and gas pipeline construction and maintenance, transportation, gravel crushing, asphalt, concrete construction and property management. Mr. Paul is also the former Controller and Chief Financial Officer of Skiing Louise Ltd., from 1986 to 1993. From 1993 to 2006, Mr. Paul held various senior roles in the construction services sector including being co-founder and Chief Financial Officer of Alberta Surface Systems Ltd., which later became part of Willbros MSI Canada Inc., a wholly-owned subsidiary of the Willbros Group (formerly MSI Energy Services Inc.), where Mr. Paul served in numerous senior management positions including Director, Vice President, Chief Financial Officer and Manager of Special Projects.

Mr. Paul obtained his Bachelor of Commerce degree from the University of Alberta and received the Chartered Accountant designation in 1987.

Gary Sweetman, *Chief Operating Officer*

Mr. Sweetman has over 25 years of experience in the oil and gas industry. Mr. Sweetman started his career in 1977 with British Gas in various roles including Welding Inspector and Project Supervisor of Engineering Research. In 1990, he began working for Husky Oil as a Project Technologist in the Rotary Equipment Quality and Assurance department. Mr. Sweetman provided project management for PanCanadian Petroleum Limited in the offshore oil sector from January 1996 to August 2000. From September 2000 to May 2004, General Manager/President of Neudorf Trenching Ltd. and NTL Projects Inc.; from May 2004 to present, Mr. Sweetman has been President of Sirah Consulting Ltd. and Neuwest Equipment Rentals. Mr. Sweetman co-founded Acquisitionco in January 2006 with a view to forming a public, energy services income fund trust.

D. Hugh Gillard, *Chairman of the Board and Director*

Mr. Gillard has over 34 years of business experience in the oil and gas industry and is the Principal of Saddleback Resources Ltd., a private company involved in equity investments and advisory roles in the energy sector. From June 2003 to March 2006, Mr. Gillard was President, Chief Executive Officer and remains a director of Kelso Energy Inc., a publicly traded junior oil and gas company. From 1999 to 2000, Mr. Gillard was President, Chief Operating Officer and a director of PrimeWest Energy Trust. From 1990 to 1998, Mr. Gillard was employed by CanWest Gas Marketing Inc., a private producer owned gas marketing company as President and Chief Executive Officer and prior to this, Vice President Gas Supply. From 1972 to 1989, Mr. Gillard held several senior positions with Ashland Oil Canada, Dome Petroleum and Amoco Canada.

Mr. Gillard is a graduate of the University of Calgary (Commerce) and the Stanford Business School Executive Program. Mr. Gillard currently serves as a director of COSTA Energy Inc. (formerly Kelso Energy Inc.), Crescent Point Energy Trust, Creststreet Power Income Fund and Point North Energy Limited, all publicly traded entities.

Rene Amirault, *Director*

Mr. Amirault has over 25 years experience in the energy industry. Mr. Amirault held various positions with Imperial Oil Ltd. from 1981 to 1994 including marketing, project management, finance and accounting capacities. Mr. Amirault held various roles at Canadian Crude Separators Inc. (CCS) and CCS Income Trust from August 1994 to January 2006, including Vice President roles in Sales and Marketing, Business Development and Corporate Development. Mr. Amirault was Vice President of Corporate Development of CCS Income Trust, or its predecessor companies, from September 2001 to January 2006, during which time his responsibilities included business development, acquisitions, strategic planning and investor relations. Mr. Amirault is a director of Arrowhead Water Products Ltd., a public company traded on the TSX Venture Exchange.

Mr. Amirault received a Certified General Accountant designation in June 1985.

Gerald A. Romanzin, CA, *Director*

Gerald A. Romanzin is an independent businessman and has served as a director of the administrator of each of Crescent Point Energy Trust from March 2004, Ketch Resources Trust from January 2005, Focus Energy Trust from August 2002, as a director of Kereco Energy Ltd. from January 2005 and as a trustee of Trimac Income Fund since February 2005. Mr. Romanzin graduated from the University of Calgary with a Bachelor of Commerce and is a Chartered Accountant.

Bradley D. Markel, *Corporate Secretary*

Mr. Markel is a Partner in the law firm of Bennett Jones LLP, a Canadian law firm that focuses on energy, corporate law, technology and litigation. Mr. Markel's practice includes mergers and acquisitions and corporate finance. Mr. Markel also provides advice relating to corporate governance in respect of mergers and acquisitions as well as corporate finance transactions. Mr. Markel joined Bennett Jones LLP in 1997. Prior to joining Bennett Jones LLP, Mr. Markel practiced with MacPherson Leslie & Tyerman in Regina, Saskatchewan. Mr. Markel received a Bachelor of Laws Degree from the University of Saskatchewan in 1990.

Governance

The Board of Directors will form such committees to fulfill the audit, governance and other committee functions of the Trust as they, in their discretion, determine. It is expected that initially the Board of Directors will have a Compensation Committee and an Audit Committee and that in the future the Board of Directors will form a Governance Committee and a Health and Safety Committee.

Compensation Committee

The Compensation Committee consists of three Directors, Rene Amirault (Chair), Hugh Gillard and Gerald Romanzin, each of whom is independent in accordance with applicable Canadian securities legislation. Its mandate will be determined by the Board of Directors and is expected to include making recommendations as to the hiring, termination and compensation of executive officers.

Audit Committee

The Audit Committee consists of three Directors, Gerald Romanzin (Chair), Rene Amirault and Hugh Gillard, each of whom is independent in accordance with applicable Canadian securities legislation. The primary purpose of the Audit Committee will be to assist the Directors in fulfilling their responsibilities of oversight and supervision of the accounting and financial reporting practices and procedures, the adequacy of internal accounting controls and procedures, and the quality and integrity of financial statements.

Disclosure Policy

The Board of Directors will be responsible for adopting and periodically reviewing and updating the Trust's written disclosure policy. This policy will, among other things:

- articulate the legal obligations of the Trust, its affiliates and their respective trustees, directors, officers and employees with respect to confidential information;
- identify spokespersons of the Trust who are the only persons authorized to communicate with third parties such as analysts, media and investors;
- provide guidelines on the disclosure of forward-looking information;
- require advance review by designated persons of the Trust of financial information to determine whether the information is material, to prevent the selective disclosure of material information and to ensure that, if selective disclosure does occur, a news release is issued immediately; and

- establish "black-out" periods immediately prior to and following the disclosure of quarterly and annual financial results and immediately prior to the disclosure of certain material changes, during which periods the Trust, its affiliates and their respective trustees, directors, officers, employees and consultants may not purchase or sell Units.

Remuneration of Directors

It is the intention of the General Partner to compensate the Chairman of the Board with an annual retainer of $30,000 per year, its other outside directors with an annual retainer of $20,000 per year, and an additional $5,000 per year for each committee chairman. In addition, outside directors will be paid $1,000 for each board meeting and each committee meeting if attended in person or $500 if participating by telephone. Outside directors will be entitled to participate in the Trust's option plan and the Trust intends to grant options to acquire 115,000 Trust Units to each of the outside directors following completion of this offering, one third of which will vest each year for three years following the Closing, and which will expire five years after the Closing. Outside directors have also subscribed for 20,000 Subordinated Units each at a price of $3.00 per unit.

Insurance Coverage for the Trust and Related Entities and Indemnification

The General Partner will obtain or cause to be obtained a policy of insurance for the directors and officers of the Trust's subsidiaries. The initial aggregate limit of liability applicable to the insured directors and officers under the policy will be $10 million. Under the policy, each entity will have reimbursement coverage to the extent that it has indemnified the directors and officers. The policy will include securities claims coverage, insuring against any legal obligation to pay on account of any securities claims brought against the Trust, Petrowest Business Trust, the Business Trustee, the Partnerships and the General Partner and any of their respective subsidiaries. The total limit of liability will be shared among the Trust, Petrowest Business Trust, the Partnership and the General Partners and any of their respective subsidiaries and their respective directors and officers so that the limit of liability will not be exclusive to any one of the entities or their respective trustees, directors and officers.

The by-laws of General Partner, Acquisitionco and the Business Trustee provide for the indemnification of their directors and officers from and against liability and costs in respect of any action or suit brought against them in connection with the execution of their duties of office, subject to certain limitations. The Deed of Trust and the Business Deed of Trust also provide for the indemnification of the Directors and the trustees of the Trust and Petrowest Business Trust, respectively, from and against liability and costs in respect of any action or suit brought against them in connection with the execution of their duties of office, subject to certain limitations.

SHAREHOLDERS AGREEMENT

In accordance with the terms of the Shareholders Agreement, the Unitholders, in their capacity as holders of Units of the Trust, will be entitled to direct the Trustee as to the appointment of the Board of Directors.

ADMINISTRATION AGREEMENT

The Trust has entered into the Administration Agreement with the General Partner pursuant to which the General Partner, which on or before the Closing Date will be a wholly-owned subsidiary of Petrowest Business Trust and the general partner of the Partnerships, has agreed to provide or arrange for the provision of services required in the administration and management of the Trust. At Closing, the Petrowest Business Trust will also enter into the Administration Agreement and the General Partner will agree to provide or arrange for the provision of services required in the management and administration of the Petrowest Business Trust. The General Partner will be responsible for overseeing and managing the affairs of the Trust and its subsidiaries.

The General Partner's duties with respect to the administration of the Trust and Petrowest Business Trust under the Administration Agreement will include (i) ensuring compliance by the Trust, its affiliates and subsidiaries with all continuous disclosure obligations under applicable securities legislation, including the preparation of financial statements; (ii) providing investor relations services; (iii) providing or causing to be provided to Unitholders all information that Unitholders are entitled to receive under the Deed of Trust, including relevant

information with respect to income taxes; (iv) convening meetings of Unitholders and distributing required materials, including notices of meetings and information circulars, in respect of all such meetings; (v) attending to all administrative and other matters arising in connection with any redemptions of Units; (vi) monitoring the status of Units as qualified investments under the Tax Act for trusts governed by Plans; (vii) providing assistance in negotiating the terms of any financing required by the Trust; and (viii) generally providing all other services as may be necessary, or as requested by the Trustee, for the administration of the Trust. The General Partner will also provide similar services to Petrowest Business Trust.

The Administration Agreement will be for an initial term of ten years.

EXECUTIVE COMPENSATION

Each of Messrs. Drysdale and Sweetman entered into employment agreements with Petrowest effective January 6, 2006 and Mr. Paul entered into an employment agreement effective May 1, 2006 (Messrs. Drysdale, Sweetman, and Paul, collectively, the "Named Officers"). The annual base salaries and positions of these individuals will be as follows:

Name	Position	Salary	Term
Kenneth N. Drysdale	President and Chief Executive Officer	$200,000	5
Gary Sweetman	Chief Operating Officer	$200,000	5
John B. Paul	Chief Financial Officer	$200,000	5

The General Partner will review annual base salaries on an annual basis. Each of the Named Officers will be entitled to an annual bonus in an amount determined by and in the discretion of the Compensation Committee of the Board of Directors based upon performance. In addition, the General Partner has agreed to provide certain benefits, six weeks of vacation time and a vehicle allowance. Each of the Named Officers is required to give one month's written notice of resignation of his employment. In the event that employment is terminated by the General Partner for reasons other than just cause, the Named Officers are entitled to receive severance equal to compensation due to the date of ceasing to be employed plus one year of base salary in effect at the date of termination and an amount equal to 10% of such base salary in lieu of benefits. In the event that employment is terminated for cause, each Named Officer is entitled to receive severance equal to all accrued but unpaid base salary to the date of ceasing to be employed. The employment agreements contain customary confidentiality provisions.

ANNUAL INCENTIVE PLAN

The executive officers and employees will be eligible to participate in an annual cash incentive plan based on the degree to which financial and non-financial objectives of Petrowest have been met. The Compensation Committee will determine eligibility and set objectives and maximum incentive opportunities and will approve proposed payments.

LONG TERM INCENTIVE PLAN

The Trust intends to adopt a trust unit option plan (the "Option Plan") subject to the approval of the Option Plan by the Board of Directors, Unitholders and the TSX. The directors, officers, employees and consultants of the Trust and its subsidiaries are eligible to participate in the Option Plan. The purpose of the Option Plan will be to develop the interest of directors, officers and employees of and persons or companies who provide management or consulting services to the Trust and its subsidiaries in the growth and development of the Trust by providing them with the opportunity, through options, to acquire an increased proprietary interest in the Trust. The Option Plan will provide that the maximum number of Trust Units issuable upon the exercise of all options granted under the Option Plan, together with Trust Units as may be subject to options pursuant to other Unit compensation arrangements, shall not exceed 10% of the outstanding Units and any securities exchangeable into Units.

Subject to certain limitations set forth below, pursuant to the Option Plan, the number of options and the exercise price thereof will be set by the Board of Directors at the time of grant provided that the excess price shall

not be less than the weighted average trading price of the Trust Units on the TSX for the five trading days immediately prior to the date of grant.

Pursuant to the Option Plan, no options shall be granted to any optionee if such grant, together with any other compensation or incentive mechanism involving the issuance of Units, could result, at any time, in the number of Units reserved for issuance pursuant to options granted to insiders of the Trust exceeding 10% of the outstanding Units and any securities exchangeable into Units.

Following Closing, the Trust intends to issue options to acquire an aggregate of approximately 1.2 million Units to directors and executive officers of the General Partner and options to acquire an aggregate of approximately 1.5 million Units to employees of the General Partner, each option having an exercise price equal to the offering price of the Units pursuant to this prospectus.

DISTRIBUTION REINVESTMENT AND OPTIONAL UNIT PURCHASE PLAN

The Trust may establish a distribution, distribution reinvestment and optional unit purchase plan (the "DRIP") at a future date determined by the Board of Directors. Generally, the DRIP will provide eligible holders of Units the opportunity to accumulate additional Units at a 5% discount to an average market price. Participants may also purchase additional Units by investing additional sums within the limits and subject to the terms of the DRIP (the "Optional Unit Purchase").

The DRIP is designed to provide an efficient and cost-effective way to issue additional equity to existing Unitholders. An eligible Unitholder may, by enrolling in the DRIP, direct that distributions in respect of all Units of such Unitholder enrolled in the DRIP be applied to the purchase of additional Units. The price of Units purchased with reinvested distributions will be approximately 95% of an average market price. Unitholders participating in the DRIP may also purchase additional Units under the DRIP with optional cash payments, subject to a maximum of $100,000 per participant per calendar year and a certain prescribed minimum per participant per remittance.

DESCRIPTION OF THE TRUST

The description below is a summary and is qualified entirely by the complete provisions of the Trust Deed. A copy of the Trust Deed will be available via the internet at www.sedar.com.

Trust Structure

The Trust is an unincorporated, open-ended, limited purpose mutual fund trust established under and governed by the laws of the Province of Alberta and pursuant to the Deed of Trust. The head and principal office of the Trust is located at Suite 204, 10605 Westside Drive, Grande Prairie, Alberta, T8V 8E6. The Trust was created for, among other things, the following purposes:

- participating in the acquisition of energy services businesses;
- acquiring, investing in, holding, transferring, disposing of and otherwise dealing with, directly or indirectly, any of the securities issued by Petrowest Business Trust, Petrowest Business Trustee, or any of their respective associates, subsidiaries or affiliates thereof and the Business Notes and Business Units, and borrowing funds directly or indirectly for that purpose;
- acquiring, investing in, holding, transferring, disposing of and otherwise dealing with any other securities and in any other investments as the Trustee or the General Partner may determine and borrowing funds directly or indirectly for that purpose;
- temporarily holding cash and short term investments for the purposes of making investments, paying the expenses and liabilities of the Trust, paying amounts payable by the Trust in connection with the redemption of any Units or securities of the Trust, and making distributions to Unitholders;

- issuing Units and other securities of the Trust including securities convertible into, or exchangeable for Units or other securities, obtaining funds to conduct any of the activities of the Trust, completing any acquisition of securities or any other assets for the benefit of the Trust, implementing Unitholder rights plans, distribution reinvestment plans, Trust Unit purchase plans, incentive option plans or other compensation plans, if any, established by the Trustee for the benefit of the Trust; and making non-cash distributions to Unitholders as contemplated by the Deed of Trust including pursuant to distribution reinvestment plans or distribution reinvestment and Trust Unit purchase plans, if any, established by the Trust;

- issuing debt securities (including debt securities convertible into, or exchangeable for, Units or other securities of the Trust), provided recourse shall be limited to the Trust Assets, or otherwise borrowing and mortgaging, pledging, charging, granting a security interest in or otherwise encumbering any of the Trust Assets as security;

- guaranteeing (as guarantor, surety or co-principal obligor) the payment of any indebtedness, liability or obligation of the Petrowest Business Trust, the General Partner or any subsidiary or affiliate thereof, and mortgaging, pledging, charging, granting a security interest in or otherwise encumbering all or any part of the Trust Assets as security for that guarantee, and subordinating its rights under the Business Notes to other indebtedness;

- disposing of any part of the Trust Assets;

- issuing or redeeming rights and Units pursuant to any Unitholder rights plan adopted by the Trust;

- repurchasing, redeeming or otherwise acquiring securities of the Trust, including pursuant to any issuer bid made by the Trust;

- satisfying the obligations, liabilities or indebtedness of the Trust;

- performing all acts necessary, incidental or ancillary to any of the activities set forth above; and

- undertaking such other activities or taking such other actions as shall be approved by the Trustee from time to time,

provided that the Trust shall not undertake any activity, take any action, or make or retain any investment which would result (or fail to take any action where that failure would result) in the Trust not being considered a "unit trust" or a "mutual fund trust" for purposes of the Tax Act.

The Trustee may declare payable to the Unitholders all or any part of the net income of the Trust less all expenses and liabilities of the Trust. It is currently anticipated that the only income to be received by the Trust will be from the securities of the Petrowest Business Trust.

Units

The Trust is authorized to issue an unlimited number of Trust Units, an unlimited number of Subordinated Units and an unlimited number of Special Voting Units.

Trust Units

Prior to the conversion of the Subordinated Units, holders of Trust Units will be entitled to receive per month, in priority to any payments on the Subordinated Units, distributions of $0.10 per Trust Unit per month and such distributions shall constitute Priority Distributions (as defined below).

Holders of Trust Units are entitled to notice of, and to attend and vote at, all meetings of holders of Units.

Upon the occurrence of a Capital Event (as defined below) or the liquidation, dissolution or winding-up of the Trust or any other distribution of the assets of the Trust for the purpose of winding-up its affairs; (i) the holders of Trust Units will be entitled to receive, on a pro rata basis, from the applicable Capital Event Amount (as defined below) or the assets of the Trust, as applicable, before any distribution therefrom is made to the holders of Subordinated Units, any accumulated but unpaid Priority Distributions; and (ii) the holders of Subordinated Units shall be entitled to receive, on a pro rata basis, from the applicable Capital Event Amount of the assets of the Trust, as applicable after the holders of Trust Units have received a distribution therefrom in an amount equal to any accumulated but unpaid Priority Distributions but before any further distribution therefrom is made to the Priority Unitholder, any accumulated but unpaid Subordinated Distributions. Thereafter any further distributions from the applicable Capital Event Amount or the assets of the Trust, as applicable, to the holders of Units of either class shall be made pro rata and pari passu.

If a Capital Event occurs, the Priority Distributions and Subordinated Distributions will be adjusted as agreed to by the independent directors of the General Partner, using the definition of independence as provided in securities laws.

A **"Capital Event"** means the occurrence of any of the following events: (i) a sale of material assets of the Trust; (ii) the total or constructive total loss, or partial loss, of material assets of the Trust as a result of a casualty; (iii) a compulsory transfer or taking under threat of compulsory transfer by a governmental authority; or (iv) the occurrence of any event referred to in clauses (i) to (iii) above in relation to any person in which the Trust is a securityholder.

A **"Capital Event Amount"** means, in respect of a particular Capital Event, any amount received by the Trust in respect of such Capital Event, which the Trustee upon the recommendation of the Board of Directors, determines will not be re-deployed or reapplied by the Trust and shall be distributed to Unitholders.

Subordinated Units

Distributions on the Subordinated Units will be subordinated in favour of Trust Units. Distributions on the Subordinated Units will only be paid at the end of a fiscal quarter to the extent that: (i) the Trust has paid distributions per month of at least $0.10 per Trust Unit (the "Priority Distributions") to holders of Trust Units during that quarter, and (ii) any deficiency in such distributions to holders of Trust Units during the preceding 12 months has been satisfied, as described below. If these targets are not satisfied, any deficiency will be borne by holders of the Subordinated Units, distributions on which will be reduced to the extent necessary to support the continued payment of Priority Distributions on the Trust Units and any applicable deficiency in such distributions.

Distributions on the Trust Units will be cumulative, such that the amount of any deficiency in the Priority Distributions will accumulate for a period of 12 months. Payments of deficiencies in the Priority Distributions will be made in priority to distributions on the Subordinated Units. Any such accumulated deficiency not satisfied by a distribution by the Trust within 12 months of the date it arose will cease to be payable (i.e., distributions on the Subordinated Units will not be reduced to fund such accumulated deficiency to the extent that some or all of such accumulated deficiency arose more than 12 months before the date on which such payment is to be made).

Following payment of the Priority Distributions and any deficiency in the Priority Distributions accumulated during the preceding 12 months, holders of Subordinated Units will be entitled to a distribution in an amount equal to $0.10 per Subordinated Unit per month (the "Subordinated Distributions"), such amount to be accumulated and paid at the end of each fiscal quarter.

Deficiencies in payment of Subordinated Distributions shall be accumulated and paid in a subsequent quarter in respect of such Distribution Periods, but only after payment of the Priority Distributions in respect of such Distribution Periods, any deficiency in Priority Distributions accumulated during the preceding 12 months and the Subordinated Distributions in respect of such subsequent Distribution Periods, and provided that any accumulated unpaid portion or deficiency on Subordinated Distributions not satisfied by a distribution by the Trust within 12 months of the date such unpaid portion or deficiency arose shall cease to be payable.

After payment of all Priority Distributions and Subordinated Distributions (including any unpaid Priority Distributions and Subordinated Distributions accumulated during the preceding 12 months), distribution of Distributable Cash shall be made to Unitholders pro rata and pari passu.

Holders of Subordinated Units are entitled to notice of, and to attend and vote at, all meetings of holders of Units.

Special Voting Units

In order to allow the Trust flexibility in pursuing corporate acquisitions, the Deed of Trust allows for the creation of Special Voting Units which will enable the Trust to provide voting rights to holders of exchangeable securities that may be issued by the Corporation or other direct or indirect subsidiaries of the Trust in connection with exchangeable share transactions.

An unlimited number of Special Voting Units may be created and issued pursuant to the Deed of Trust. Holders of Special Voting Units shall not be entitled to any distributions of any nature whatsoever from the Trust and shall be entitled to such number of votes at meetings of Unitholders as may be prescribed by the Trustee or the Board of Directors in the resolution authorizing the issuance of any Special Voting Units. Except for the right to vote at meetings of the Unitholders, the Special Voting Units shall not confer upon the holders thereof any other rights.

Exchange Right

Holders of Subordinated Units will have the right to convert into Trust Units on a one-for-one basis at any time after (and the subordination provisions will only apply until) the end of the first fiscal year ending on or after December 31, 2008 where the Trust has earned EBITDA (derived from audited financial statements) of at least $47 million (the "EBITDA Target") and the Trust has paid distributions of at least $1.20 per Trust Unit (the "Distribution Target") for such fiscal year. For the purposes of the subordination provisions, EBITDA will be calculated and adjusted in a manner consistent with the definition of EBITDA set forth in this prospectus. See "Non-GAAP Measures".

Approvals

All Trust Unit Veto Matters (as defined below) and Subordinated Unit Veto Matters (as defined below) must be approved by a special resolution and by 66⅔% of the holders of Trust Units or Subordinated Units, as applicable, voted in respect of the matter.

A "**Trust Unit Veto Matter**" means a proposal to implement any of the following: (i) adding, changing or removing the rights, privileges, restrictions or conditions attaching to the Trust Units; unless such proposal makes a similar addition, change or removal to the rights, privileges, restrictions or conditions attaching to the Subordinated Units; and (ii) amending the Deed of Trust in any manner materially adverse to a holder of Trust Units that is not similarly adverse to a holder of Subordinated Units.

A "**Subordinated Unit Veto Matter**" means a proposal to implement any of the following: (i) adding, changing or removing the rights, privileges, restrictions or conditions attaching to the Subordinated Units; unless such proposal makes a similar addition, change or removal to the rights, privileges, restrictions or conditions attaching to the Trust Units; and (ii) amending the Deed of Trust in any manner materially adverse to a holder of Subordinated Units that is not similarly adverse to a holder of Trust Units.

The Deed of Trust will also provide that the Trust will not, subject to certain exceptions: (a) issue or distribute additional Trust Units or rights to subscribe therefore or other property or assets to all or substantially all of the holders of Trust Units, nor subdivide, reduce, consolidate, reclassify or otherwise change the rights, privileges or other terms of the Trust Units, unless the same or an equivalent distribution on, or change to, the Subordinated Units (or in the rights of the holders thereof) is made simultaneously; or (b) issue or distribute additional Subordinated Units or rights to subscribe therefore or other property or assets to all or substantially all of the holders of Subordinated Units, nor subdivide, reduce, consolidate, reclassify or otherwise change the rights, privileges or

other terms of the Subordinated Units, unless the same or an equivalent distribution on, or change to the Trust Units (or in the rights of the holders thereof) is made simultaneously.

The Trust Units are not "deposits" within the meaning of the *Canada Deposit Insurance Corporation Act* (Canada) and are not insured under the provisions of that Act or any other legislation. Furthermore, the Trust is not a trust company and, accordingly, is not registered under any trust and loan company legislation as it does not carry on or intend to carry on the business of a trust company.

Unitholder Limited Liability

The Deed of Trust provides that no Unitholder, in its capacity as such, shall incur or be subject to any liability, direct or indirect, absolute or contingent, in contract or in tort or of any other kind to any Person in connection with: (i) the Trust Assets or the ownership, use, operation, acquisition or disposition thereof or exercise or enjoyment of the rights, privileges, conditions or benefits attached thereto, associated therewith or derived therefrom; (ii) the obligations or the activities or affairs of the Trust; (iii) any actual or alleged act or omission of the Trustee or by any other Person in respect of the activities or affairs of the Trust (whether or not authorized by or pursuant to the Deed of Trust); (iv) any act or omission of the Trustee or any other Person in the performance or exercise, or purported or attempted performance or exercise, of any obligation, power, discretion or authority conferred upon the Trustee or such other Person in respect of the activities or affairs of the Trust (whether or not authorized by or pursuant to the Deed of Trust); (v) any transaction entered into by the Trustee or by any other Person in respect of the activities or affairs of the Trust (whether or not authorized by or pursuant to the Deed of Trust); or (vi) except as provided in the Deed of Trust, any taxes, levies, imposts or charges or fines, penalties or interest in respect thereof payable by the Trust or by the Trustee or by any other Person on behalf of or in connection with the activities or affairs of the Trust. The Deed of Trust also provides that no Unitholder, in its capacity as a Unitholder, shall be liable to indemnify the Trustee or any other person with respect to any liabilities of the Trust. Notwithstanding the foregoing, to the extent that any Unitholder, in its capacity as such, is found by a court of competent jurisdiction to be subject to or liable in respect of any such liability, the Deed of Trust provides that such liability shall be enforceable only against, and shall be satisfied only out of, that Unitholder's share of the Trust Assets represented by its Units.

The Deed of Trust further provides that all contracts signed by or on behalf of the Trust shall include a provision to the effect that such obligation will not be binding upon Unitholders personally. Notwithstanding the terms of the Deed of Trust, Unitholders may not be protected from liabilities of the Trust to the same extent a shareholder is protected from the liabilities of a corporation. Personal liability may also arise in respect of claims against the Trust (to the extent that claims are not satisfied by the Trust) that do not arise under contracts, including claims in tort, claims for taxes and possibly certain other statutory liabilities. The possibility of any personal liability to Unitholders of this nature arising is considered remote. In addition, the *Income Trust Liability Act* (Alberta) (the "ITLA") provides that the beneficiary of a trust that is (a) created by a trust instrument governed by the laws of Alberta, and (b) a reporting issuer, as defined in the *Securities Act* (Alberta), is not liable as a beneficiary for any act, default, obligation or liability of the Trust or any of its trustees.

Issuance of Units

The Deed of Trust provides that Units including installment receipts, subscription receipts, rights, warrants, special warrants or options to subscribe for Units or debt instruments that are convertible into or exchangeable for Units, may be created and issued on such terms and conditions and at such time or times as the Trustee or the Board of Directors may determine.

Cash Distributions

Subject to the subordination of the Subordinated Units the Trustee shall, upon the recommendation of the General Partner, on or before each Distribution Record Date, declare payable to the Unitholders of record on such Distribution Record Date, all of the Distributable Cash of the Trust for the Distribution Period. The proportionate share of each Unit of the amount of such Distributable Cash shall be determined by dividing such amount by the number of issued and outstanding Units on such Distribution Record Date. In addition, the Trustee may, upon the recommendation of the General Partner, declare to be payable and make distributions to Unitholders, from time to time, out of the income of the Trust, net realized capital gains, the capital of the Trust or otherwise.

The initial cash distribution for the period from the Closing Date to August 31, 2006 will be paid to Unitholders of record on August 31, 2006 and is expected to be paid on September 15, 2006. Thereafter, it is expected that Distributions will be made on the 15th day of each month to Unitholders of record on the immediately preceding Distribution Record Date.

Redemption Right

Each Unitholder is entitled to require the Trust to redeem, at any time and from time to time, at the demand of the Unitholder, all or any part of the Units registered in the name of the Unitholder, upon delivery to the Trust of the certificate or certificates representing such Units, accompanied by a duly completed and properly executed notice requiring redemption. If a global unit certificate has been issued by the Trust, notice must also be provided to the Canadian Depository for Securities Limited. Upon receipt by the Trust of the notice to redeem Units, the holder thereof shall cease to have any rights with respect to the Units tendered for redemption other than to receive a price per Unit equal to:

(a) in the case of a Trust Unit, the lesser of: (i) 95% of the "market price" of the Units on the principal exchange or market on which the Trust Units are quoted for trading during the 10 consecutive trading day period ending on the trading day immediately prior to the date on which the Units are tendered for redemption; and (ii) 100% of the "closing market price" on the principal exchange or market on which the Trust Units are quoted for trading on the date that the Trust Units are so tendered for redemption (the "Cash Redemption Price"); and

(b) in the case of a Subordinated Unit (i) prior to the date the holders of Subordinated Units have the right to convert to Trust Units, a portion of the Cash Redemption Price in respect of such Subordinated Unit (the "Subordinated Redemption Price") calculated pursuant to the following formula:

SRP=R*A/B

SRP means the Subordinated Redemption Price.

R = the Cash Redemption Price (determined as if the Subordinated unit was a Trust Unit);

A = the number of quarters in which the Trust has met the quarterly EBITDA Target and Distribution Target while the Subordinated Units have been outstanding;

B = for the period from the Closing Date until December 31, 2008: 10; and

for the period after December 31, 2008: 10 plus the number that is 4 multiplied by the number of completed fiscal years after December 31, 2007,

provided that if A = nil or the Subordinated Redemption Price as calculated above would be less than $3.00, the Subordinated Redemption Price shall be the lesser of $3.00 and the Cash Redemption Price; and (ii) following the date the holders of Subordinated Units have the right to convert to Trust Units, the Cash Redemption Price.

For the purposes of this calculation, "market price" will be an amount equal to the simple average of the closing price of the Trust Units on the principal exchange or market on which the Trust Units are listed and posted for trading for each of the trading days on which there was a closing price; provided that, if the applicable exchange or market does not provide a closing price; but only provides the highest and lowest prices of the Trust Units traded on a particular day, the market price shall be an amount equal to the simple average of the highest and lowest prices for each of the trading days on which there was a trade; provided further that if there was trading on the applicable exchange or market for fewer than five of the 10 trading days, the "market price" shall be the simple average of the following prices established for each of the 10 trading days: the average of the last bid and last ask prices for each day on which there was no trading; the closing price of the Trust Units for each day that there was trading if the exchange or market provides a closing price; and the average of the highest and lowest prices of the Trust Units for each day that there was trading, if the exchange or market provides only the highest and lowest prices of Trust Units

traded on a particular day; and provided further that if, in the opinion of the Board of Directors, the trading activity of the Trust Units for the relevant period does not result in a trading price that represents the fair market value of a Trust Unit, the "market price" shall be an amount determined by the General Partner in good faith in its sole discretion and provided further that any such determination by the General Partner shall be conclusive and binding. The "closing market price" shall be an amount equal to the closing price of a Trust Unit on the applicable exchange or market if there was a trade on that date and the applicable exchange or market provides a closing price; an amount equal to the simple average of the highest and lowest trading prices of a Trust Unit if there was trading and the exchange or other market provides only the highest and lowest prices of a Trust Unit traded on a particular day; or the simple average of the last bid and last ask prices if there was no trading on the specified date.

The Cash Redemption Price or Subordinated Redemption Price payable in respect of any Units surrendered for redemption during any calendar month shall be paid by cheque no later than the last day of the calendar month following the month in which the Units were surrendered for redemption. The entitlement of Unitholders to receive a cheque upon the redemption of their Units is subject to the limitation that the total amount payable by the Trust in respect of such Units and all other Units tendered for redemption in the same calendar month shall not exceed $100,000 provided that, the Trustee may, in its sole discretion, waive such limitation in respect of any calendar month. If this limitation is not so waived, the Cash Redemption Price and Subordinated Redemption Price payable in respect of Units tendered for redemption in such calendar month shall be paid on the last day of the calendar month following such month as follows: (i) firstly, a cash payment by the Trust to the extent applicable; and (ii) secondly, by a distribution of Series 2 Business Notes in a principal amount equal to the remainder.

The entitlement of each Unitholder to require the Trust to redeem Units for cash will not be applicable to Units tendered for redemption where at the time the Trust Units are tendered for redemption, the outstanding Trust Units are not listed on any exchange or market which the General Partner considers in its sole discretion, provides representative fair market value prices for the Units or the normal trading of the outstanding Units is suspended or halted on the redemption date or for more than five trading days during the 10 consecutive trading day period ending on the trading day immediately prior to the redemption date.

It is anticipated that this redemption right will not be the primary mechanism for holders of Units to dispose of their Units. Securities held by the Trust which may be distributed in specie to Unitholders in connection with a redemption will not be listed on any stock exchange and no market is expected to develop in such securities. Securities held by the Trust may not be qualified investments for trusts governed by Plans.

Non-Resident Unitholders

At no time may Non-Residents be the beneficial owners of more than 49% of the Units, on a basic and fully-diluted basis, then outstanding. The Trustee or the General Partner may require declarations as to the jurisdictions in which beneficial owners of Units are resident. If the Trustee or the General Partner becomes aware that the beneficial owners of 49% of the Units (or rights to acquire Units) then outstanding are, or may be, Non-Residents or that such a situation is imminent, the Trustee or the General Partner may make a public announcement thereof and shall not accept a subscription for Units from or issue or register a transfer of Units to a Person unless the Person provides a declaration that the Person is not a Non-Resident. If, notwithstanding the foregoing, the Trustee or the General Partner determines that more than 49% of the Units are held by Non-Residents, the Trustee or the General Partner may send a notice to Non-Resident holders of Units, chosen in inverse order to the order of acquisition or registration or in such other manner as the Trustee or the General Partner may consider equitable and practicable, requiring such Non-Resident holders to sell their Units or a specified portion thereof within a specified period of not more than 60 days. If the Unitholders receiving such notice have not sold the specified number of Units or provided the Trustee or the General Partner with satisfactory evidence that they are not Non-Residents within such period, the Trustee may, on recommendation of the General Partner on behalf of such Unitholders, cause such Units to be sold and, in the interim, shall suspend the voting and distribution rights attached to such Units. Upon such sale, the affected Unitholders shall cease to be holders of the relevant Units and their rights shall be limited to receiving the net proceeds of sale upon surrender of the certificates representing such Units. No liability shall accrue to the Trust, the Trustee or the General Partner if the Units of Non-Resident Unitholders are sold at a loss to such Unitholder. Notwithstanding the foregoing, the Trustee and the General Partner, as the case may be, shall not enforce such restriction if a legal opinion, advanced tax ruling, Department of Finance comfort letter or any combination thereof has been received and based on such opinion and/or documentation the Trustee

and/or the General Partner, as the case may be, is of the view, acting reasonably, that the failure to enforce such provisions will not result in the Trust ceasing to be a "mutual fund trust" for the purposes of the Tax Act.

Meetings of Unitholders

The Deed of Trust provides that annual meetings of Unitholders shall be called, commencing in 2006, on or before June 30 in each year or otherwise as required by applicable laws, at a time and at a place in Canada set by the General Partner. The business transacted at such meetings shall include the presentation of the consolidated audited financial statements of the Trust for the immediately preceding fiscal year, the authorizing and directing the passing of a Trust for the election of Directors for the ensuing year, the appointment of the auditors of the Trust for the ensuing year and the transaction of such other business as may be properly brought before the meeting.

A meeting of Unitholders may be convened at any time and for any purpose by the Trustee and must be convened, except in certain circumstances, upon a written request of the holders of not less than 5% of the Units then outstanding and entitled to be voted. A requisition must, among other things, specify in reasonable detail the purpose or purposes for which the meeting is to be called.

Unitholders may attend and vote at all meetings of voting Unitholders either in person or by proxy and a proxyholder need not be a Unitholder. Two or more individuals present in person either holding personally or representing as proxies not less in aggregate than 5% of the outstanding Units shall constitute a quorum for the transaction of business at all such meetings.

The Deed of Trust contains provisions as to the notice required and other procedures with respect to the calling and holding of meetings of Unitholders in accordance with the requirements of applicable laws.

Reporting to Trust Unitholders

The financial statements of the Trust will be audited annually by an independent recognized firm of chartered accountants which has an office in Canada. The consolidated audited financial statements of the Trust, together with the comparative consolidated financial statements for the preceding year, if any, and the report of the auditors, will be mailed by the Trustee to Unitholders at least 21 days prior to the date of each annual meeting of Unitholders and, in any event, on or before any earlier date prescribed by applicable securities laws. The unaudited quarterly consolidated financial statements of the Trust for each fiscal quarter, together with comparative consolidated financial statements for the same fiscal quarter in the preceding fiscal year, if any, will be mailed by the Trustee to Unitholders within 45 days after the end of such fiscal quarter and, in any event, on or before any earlier date prescribed by applicable securities laws. The year-end of the Trust shall be December 31.

The Trust will be subject to the continuous disclosure obligations under all applicable securities laws.

Takeover Bids

The Deed of Trust contains provisions to the effect that if a takeover bid is made for the Units and not less than 90% of the Units (other than Units held at the date of the takeover bid by or on behalf of the offeror or associates or affiliates of the offeror) are taken up and paid for by the offeror, the offeror will be entitled to acquire the Units held by Trust Unitholders who did not accept the takeover bid on the terms offered by the offeror.

The Trustee

Valiant Trust Company is the initial trustee of the Trust. The Trustee is responsible for, among other things, accepting subscriptions for Units and issuing Units pursuant thereto and maintaining the books and records of the Trust and providing timely reports to Unitholders. The Deed of Trust provides that the Trustee shall exercise its powers and carry out its functions thereunder as Trustee honestly and in good faith with a view to the best interests of the Trust and the Unitholders and, in connection therewith, shall exercise the degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

The Trustee may resign on giving not less than 90 days' notice in writing to the General Partner (or such shorter notice as the General Partner may agree to). The Trustee may also be removed by ordinary resolution of the Unitholders. Such resignation or removal shall not become effective until (a) the approval by ordinary resolution at a meeting of Unitholders called for that purpose, (b) the appointment of, and acceptance of such appointment by, a new Trustee in the place of the resigning Trustee or the Trustee to be removed, and (c) an assumption by the new Trustee of all obligations of the Trustee related thereto in the same capacities as the resigning Trustee or the Trustee to be removed.

Delegation of Authority, Administration and Trust Governance

The Trust will not be managed by a third party manager. The Trust will be managed by the management of the General Partner. The Trustee, on behalf of the Trust, has entered into the Administration Agreement pursuant to which the General Partner will provide certain administrative services and facilities to the Trust.

The Trustee may grant broad discretion to the General Partner to administer and manage the day-to-day operations of the Trust, to act as agent for the Trust, to execute documents on behalf of the Trust and to make executive decisions for and on behalf of the Trust.

Liability of the Trustee

Neither the Trustee nor any of its directors, officers, employees, shareholders or agents shall be liable to any Unitholder for any action taken or not taken in good faith in reliance on any documents that are, *prima facie*, properly executed; and depreciation of, or loss to, the Trust incurred by reason of the sale of any asset; the loss or disposition of monies or securities; or any other action or failure to act including, without limitation, the failure to compel in any way any former trustee to redress any breach of trust or any failure by the General Partner or any other Person to perform the duties delegated to it under the Deed of Trust or under the Administration Agreement or any failure by the General Partner to pay monies owed to the Trust, unless and to the extent such liabilities arise principally and directly the gross negligence, wilful default or fraud of the Trustee or any of its directors, officers, employees, shareholders or agents or a breach by the Trustee of a restriction of the powers granted to it under the Deed of Trust. If the Trustee has retained an appropriate expert, advisor or legal counsel with respect to any matter connected with its duties under the Deed of Trust, the Trustee may act or refuse to act (provided it is done in good faith) based on the advice of such expert, advisor or legal counsel, and the Trustee shall not be liable for any action or refusal to act based on the advice of any such expert, advisor or legal counsel that it is reasonable to conclude is within the expertise of such expert, advisor or legal counsel to give. In the exercise of the powers, authorities or discretion conferred upon the Trustee under the Deed of Trust, the Trustee is and shall be conclusively deemed to be acting as trustee of the Trust Assets and shall not be subject to any personal liability for any debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses against or with respect to the Trust. In addition, the Deed of Trust contains other customary provisions limiting the liability of the Trustee.

Amendments to the Deed of Trust

The Deed of Trust may be amended or altered from time to time by special resolution of the Unitholders, provided that the Trustee may, without the consent, approval or ratification of any of the Unitholders or any other Person, amend the Deed of Trust prior to the Closing Date or at any time thereafter for the purpose of:

(a) ensuring the Trust's continuing compliance with applicable laws (including the Tax Act), regulations, requirements or policies of any governmental agency or authority having jurisdiction over the Trustee or the Trust;

(b) making amendments which, in the opinion of the Trustee, provides additional protection or added benefits for the Unitholders;

(c) removing any conflicts or inconsistencies in the Deed of Trust or making minor changes or corrections including the correction or rectification of any ambiguities, defective provisions, errors, mistakes or omissions, which are, in the opinion of the Trustee, necessary or desirable and not prejudicial to the Unitholders;

(d) making amendments which, in the opinion of the Trustee, are necessary or desirable in the interests of the Unitholders as a result of changes in taxation laws or policies of any governmental agency or authority having jurisdiction over the Trustee or the Trust;

(e) for any purpose (except one in respect of which a vote by Unitholders is specifically otherwise required) if the Trustee is of the opinion that the amendment is not prejudicial to Unitholders and is necessary or desirable; or

(f) to provide for the electronic delivery by the Trust to the Unitholders of documents relating to the Trust (including annual and quarterly reports and financial statements and proxy-related materials) in accordance with applicable laws from time to time,

but, notwithstanding the foregoing, no such amendment shall be adopted which causes the Trust to fail to qualify as a "mutual fund trust" under the Tax Act, without the consent of the Unitholders given as set out above. In addition, no such amendment shall modify the right to one vote per Unit or reduce the undivided interest in the Trust Assets represented by any Unit without the consent of the holder of such Unit and no amendment shall reduce the percentage of votes required to be cast at a meeting of the Unitholders for the purpose of amending the Deed of Trust or altering the acquisition provisions of the Deed of Trust without the unanimous consent of the Unitholders.

Termination of the Trust

The Unitholders may vote to terminate the Trust by special resolution at any meeting of the Unitholders duly called for that purpose.

Unless the Trust is earlier terminated by vote of the Unitholders, the Trust shall continue for a term ending 21 years after the date of death of the last surviving issue of Her Majesty, Queen Elizabeth II, alive on July 6, 2006. In the event that the Trust is wound-up, the Trustee will sell and convert into money all Trust Assets in one transaction or in a series of transactions at public or private sales and do all other acts appropriate to liquidate the Trust, and shall in all respects act in accordance with the directions, if any, of the Unitholders. If the Trustee is unable to sell all or any of the securities or other assets comprising the Trust Assets by the date set for termination, the Trustee may distribute the remaining securities or assets directly to the Unitholders. After paying, retiring or discharging or making provision for the payment, retirement or discharge of all known liabilities and obligations of the Trust and providing for indemnity against any other outstanding liabilities and obligations, the Trustee shall distribute the remaining part of the proceeds of the sale of the securities and other assets together with any cash forming part of the Trust Assets among the Unitholders in accordance with their pro rata share.

Restrictions on Trustee's Powers

The Trustee may not under any circumstances whatsoever authorize:

(a) any amalgamation, arrangement or other merger of the Petrowest Business Trust, the Business Trustee, the General Partner or Acquisitionco or any subsidiary thereof with any other Person, other than any amalgamation, arrangement or other merger of the General Partner with one or more direct or indirect wholly-owned subsidiaries of the Trust or in conjunction with an internal reorganization with an affiliate or subsidiary of the General Partner;

(b) any sale or disposition of any common shares of the General Partner or Business Notes held by the Trust or any other sale, lease or exchange of all or substantially all of the Trust Assets, except pursuant to an *in specie* redemption, pursuant to any security granted under the Deed of Trust, pursuant to any internal reorganization as a result of which the Trust has the same interest, whether direct or indirect, in the assets of the trust as the interest, whether direct or indirect, that it had prior to the reorganization or where any such sale, lease or exchange is effected between or among the Trust and any one or more of:

(i) the General Partner;

(ii) any other corporation, partnership, firm or other form of entity or organization that is directly or indirectly wholly-owned by the Trust;

(iii) any trust or trusts, the sole beneficiaries of which are the Trust and/or any of the Persons referred to above; and

(iv) any partnership, the only partners of which are Persons referred to above;

(c) any sale, lease or exchange of all or substantially all of the assets of the General Partner or any subsidiary thereof, except pursuant to any security granted by the General Partner or the Partnerships, pursuant to any internal reorganization with an affiliate or subsidiary of the General Partner or the Partnerships, or where any such sale, lease or exchange is effected between or among any one or more of:

(i) the Trust;

(ii) the General Partner;

(iii) any other corporation, partnership, firm or other form of entity or organization that is directly or indirectly wholly-owned by the Trust;

(iv) any trust or trusts, the sole beneficiaries of which are the Trust and/or any of the Persons referred to above; and

(v) any partnership, the only partners of which are Persons referred to above;

(d) any amendment to the articles of the General Partner to change its authorized share capital or otherwise amend its constating documents in a manner which may be prejudicial to the Trust;

(e) for so long as there are any Subordinated Units outstanding, the issuance and distribution of additional Trust Units or rights to subscribe therefor or other property or assets to all or substantially all of the holders of Trust Units, or the subdivision, reduction, consolidation, reclassification of, or other change to, the rights, privileges or other terms of the Trust Units, unless the same or an equivalent distribution on, or change to the Subordinated Units (or in the rights of the holders thereof) is made simultaneously; or

(f) for so long as there are any Trust Units outstanding, the issuance and distribution of additional Subordinated Units or rights to subscribe therefor or other property or assets to all or substantially all of the Subordinated Unitholders, or the subdivision, reduction, consolidation, reclassification of, or other change to, the rights, privileges or other terms of the Subordinated Units, unless the same or an equivalent distribution on, or change to the Trust Units (or in the rights of the holders thereof) is made simultaneously;

in each case, without the approval of the Unitholders by special resolution at a meeting of Unitholders called for that purpose.

DESCRIPTION OF PETROWEST BUSINESS TRUST

The Business Deed of Trust will contain provisions substantially similar to those of the Trust Deed. The principal differences between the Petrowest Business Trust Deed and the Trust Deed will be those described below. The description below is a summary and is qualified entirely by the complete provisions of the Petrowest Business Trust Deed. A copy of the Petrowest Business Trust Deed will be available via the internet at www.sedar.com.

General

Petrowest Business Trust, when created, will be an unincorporated, open-ended, limited purpose mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Business Deed of Trust. It will be a limited purpose trust and its activities will be restricted to, among other things:

(a) participating in the Concurrent Acquisitions;

(b) acquiring, investing in, holding, transferring, disposing of and otherwise dealing with, directly or indirectly, in any of securities issued by the Partnerships including investing in securities of the Partnerships' subsidiaries and borrowing funds for that purpose;

(c) investing in any other securities and in any other investments as the General Partner or Business Trustee may determine and borrowing funds for that purpose;

(d) temporarily holding cash in interest bearing accounts and short-term investments for the purposes of making investments, paying the expenses and the liabilities of the Petrowest Business Trust, paying amounts payable by the Petrowest Business Trust in connection with the redemption of any Business Units or other securities of the Petrowest Business Trust and making distributions to holders of Business Units;

(e) issuing Business Units or securities convertible into or exchangeable for Business Units for the purpose of obtaining funds to conduct any of the activities of the Petrowest Business Trust, completing any acquisition of securities or any other assets for the benefit of the Petrowest Business Trust;

(f) issuing debt securities, including the Business Notes, provided recourse shall be limited to the assets of the Petrowest Business Trust (including debt securities convertible into or exchangeable for Petrowest Business Trust Units or other securities of the Petrowest Business Trust) or otherwise borrowing and mortgaging, pledging, charging, granting a security interest in or otherwise encumbering any of the assets of the Petrowest Business Trust as security;

(g) guaranteeing (as guarantor, surety or co-principal obligor) the payment of any indebtedness, liability or obligation of the Partnerships or the General Partner, or any of their direct or indirect subsidiaries, and mortgaging, pledging, charging, granting a security interest in or otherwise encumbering all or any part of the assets of the Petrowest Business Trust, including securities issued by the Partnership or the General Partner or any direct or indirect subsidiary, as security for that guarantee;

(h) disposing of any part of the assets of the Petrowest Business Trust;

(i) repurchasing, redeeming or otherwise acquiring securities of the Petrowest Business Trust, including pursuant to any issuer bid made by the Petrowest Business Trust;

(j) satisfying the obligations, liabilities or indebtedness of the Petrowest Business Trust;

(k) performing all acts necessary, incidental, ancillary or related to any of the foregoing; and

(l) undertaking such other activities or taking such other actions to conduct the business of the Petrowest Business Trust as shall be approved by the Business Trustee from time to time.

As at the date of this prospectus, the Petrowest Business Trust does not intend to hold securities of any entities other than shares of Acquisitionco and the General Partner and partnership interests in the Partnerships, except in connection with its short-term cash management.

Exercise of Voting Rights Attached to Common Shares of the General Partner

The Business Deed of Trust provides that Unitholders will be entitled to pass a resolution directing the Business Trustee as to the persons to be elected to the Board of Directors for the ensuing year.

Restrictions on the Powers of the Trustee of Petrowest Business Trust

The Petrowest Business Trust Deed states that the Business Trustee may not, without approval by special resolution of the holders of Business Units, authorize or vote the securities held by it to authorize:

(a) any amalgamation, arrangement or other merger of the General Partner, Acquisitionco or the Partnerships with any other Person, except with one or more direct or indirect wholly-owned subsidiaries of the Petrowest Business Trust or the Trust or in conjunction with an internal reorganization with an affiliate or subsidiary of the Partnerships or the Petrowest Business Trust;

(b) the winding-up or dissolution of the Partnerships prior to the end of the term of the Petrowest Business Trust, except in conjunction with an internal reorganization with an affiliate or subsidiary of the Partnerships or the Petrowest Business Trust; or

(c) any sale, lease or exchange of all or substantially all of the assets of the assets of the Petrowest Business Trust, except pursuant to any security granted by the Petrowest Business Trust, except pursuant to any internal reorganization of the direct or indirect assets of the Petrowest Business Trust as a result of which the Petrowest Business Trust has the same interest, whether direct or indirect, in the assets as the interest, whether direct or indirect, that it had prior to the reorganization or where any such sale, lease or exchange is effected between or among the Petrowest Business Trust and any one or more of:

(i) the Trust;

(ii) the Partnerships;

(iii) any other corporation, partnership, firm or other form of entity or organization that is directly or indirectly wholly-owned by the Petrowest Business Trust or the Trust;

(iv) any trust or trusts, the sole beneficiaries of which are the Trust and/or any of the Persons referred to in (i) through (iii) above; and

(v) any partnership, the only partners of which are Persons referred to in (i) through (iv) above; or

(d) any sale, lease or exchange of all or substantially all of the assets of the Partnerships except pursuant to any security granted by the Partnerships, except pursuant to any internal reorganization with an affiliate or subsidiary of the Trust, the Petrowest Business Trust or the Partnerships, or where any such sale, lease or exchange is effected between or among any one or more of:

(i) the Trust;

(ii) the Petrowest Business Trust;

(iii) the Partnerships;

(iv) any other corporation, partnership, firm or other form of entity or organization that is directly or indirectly wholly-owned by the Trust, the Petrowest Business Trust or the Partnerships;

(v) any trust or trusts, the sole beneficiaries of which are the Petrowest Business Trust and/or any of the Persons referred to in (i) through (iv); and

(vi) any partnership, the only partners of which are Persons referred to in (i) through (v) above.

Redemption Right

The Business Units will be redeemable at any time on demand by the holders thereof upon delivery to the Petrowest Business Trust of a duly completed and properly executed notice requiring the Petrowest Business Trust to redeem the Business Units, in a form reasonably acceptable to the Business Trustee, together with the certificates representing the Business Units to be redeemed and written instructions as to the number of Business Units to be redeemed. Upon tender of Business Units by a holder thereof for redemption, the holder of the Business Units tendered for redemption will no longer have any rights with respect to such Business Units other than the right to receive the redemption price for such Business Units. The redemption price for each Business Unit tendered for redemption will be equal to:

$$\frac{(A \times B) - C}{D}$$

Where:

A = the cash redemption price per Unit calculated as of the close of business on the Redemption Date in accordance with the terms of the Deed of Trust;

B = the aggregate number of Units outstanding as of the close of business on the Redemption Date;

C = the aggregate unpaid principal amount and accrued interest thereon of the Business Notes and any other indebtedness of the Petrowest Business Trust held by or owed to the Trust and the fair market value of any other assets or investments held by the Trust (other than Business Notes or Business Units) as of the close of business on the Redemption Date; and

D = the aggregate number of Business Units outstanding held by the Unitholders as of the close of business on the Redemption Date.

The Business Trustee will also be entitled to call for redemption, at any time, all or part of the outstanding Business Units registered in the name of the holders thereof other than the initial unit of the Petrowest Business Trust at the same redemption price as described above for each Petrowest Business Trust Unit called for redemption, calculated with reference to the date the Business Trustee approved the redemption of Business Units.

Distributions

The Petrowest Business Trust intends to make monthly cash distributions to the Trust of its available cash, after satisfaction of its interest obligations, if any, and less any estimated cash amounts required for costs, expenses, liabilities, obligations or other amounts of the Petrowest Business Trust, any cash redemptions or repurchases of Business Units, Business Notes or other securities of the Petrowest Business Trust, amounts retained to comply with limits or restrictions in loan agreements, allowances for contingencies in working capital, investments or acquisitions, and income tax liability. Such distributions will be paid on or before the 15th day of the month following the end of the distribution paid and are intended to be received by the Trust prior to its related cash distribution to Trust Unitholders.

The distribution declared in respect of the month ending December 31 in each year will include such amount in respect of the taxable income and net realized capital gains, if any, of the Petrowest Business Trust for such year as is necessary to ensure that the Petrowest Business Trust will not be liable for ordinary income taxes under the Tax Act in such year.

If the Business Trustee determines that the Petrowest Business Trust does not have cash in an amount sufficient to make payment of the full amount of any distribution, the payment may include the issuance of additional Business Units having a value equal to the difference between the amount of such distribution and the

amount of cash which has been determined by the trustee, to be available for the payment of such distribution. The value of each Petrowest Business Trust Unit so issued will be the redemption price thereof.

Any Business Units transferred to Unitholders pursuant to a distribution in specie may be subject to resale and transfer restrictions and cannot be resold or transferred except as permitted by applicable securities law.

Business Notes

The following is a summary of the material attributes and characteristics of the Business Notes which will be issued by the Petrowest Business Trust under the Note Indenture. This summary is qualified in its entirety by reference to the provisions of the Note Indenture which contains a complete statement of those attributes and characteristics.

Business Notes will be issuable in Canadian currency. Business Notes are issuable in denominations of $100 and integral multiples of $100. No fractional Business Notes will be issued or distributed and where the number of Business Notes to be received by a Unitholder includes a fraction, such number shall be rounded to the next lowest whole number.

Series 2 Business Notes will be reserved by the Petrowest Business Trust to be issued exclusively to holders of Units as full or partial payment of the redemption price of Units, as the Trustees may decide or, in certain circumstances, be obliged to issue. Series 3 Business Notes will be reserved by the Petrowest Business Trust to be issued exclusively as full or partial payment of the redemption price of Series 1 Business Notes.

Interest and Maturity

The Series 1 Business Notes to be issued at Closing will be payable on demand, will mature on the 10th anniversary of the date of issuance and will bear a fixed rate of interest, payable monthly in arrears on the 10th day of each calendar month that such Series 1 Business Notes are outstanding. Each Series 2 Note will mature on a date which is no later than the first anniversary of the date of issuance thereof and bear interest at a market rate to be determined by the Business Trustee at the time of issuance thereof, payable monthly in arrears on the 10th day of each calendar month that such Series 2 Note is outstanding. Each Series 3 Note will mature on the same date as the Series 1 Business Notes and bear interest at a market rate to be determined by the Business Trustee at the time of issuance thereof, payable monthly in arrears on the 10th day of each calendar month that such Series 3 Note is outstanding.

Payment upon Maturity

On maturity, the Petrowest Business Trust will repay the Business Notes by paying to the trustee under the Note Indenture in cash an amount equal to the principal amount of the outstanding Business Notes which have then matured, together with accrued and unpaid interest thereon.

Redemption

The Business Notes will be redeemable in whole or in part (at a redemption price equal to the principal amount thereof plus accrued and unpaid interest, if any, payable in cash or, in the case of a redemption of Series 1 Business Notes on an *in specie* payment of the Redemption Price, in Series 3 Business Notes) at the option of the Petrowest Business Trust prior to maturity.

Ranking and Postponement

The Business Notes will be direct, unsecured obligations of the Petrowest Business Trust ranking *pari passu* with all other unsecured obligations of the Petrowest Business Trust. Payment of the principal amount and interest on the Business Notes will be postponed in right of payment to the prior payment in full of the principal of and accrued and unpaid interest on, and all other amounts owing in respect of, all senior indebtedness which will be defined as all indebtedness, liabilities and obligations of the Petrowest Business Trust which, by the terms of the instrument creating or evidencing the same, will be expressed to rank in right of payment in priority to the

indebtedness evidenced by the Note Indenture. The Note Indenture provides that upon any distribution of the assets of the Petrowest Business Trust in the event of any dissolution, liquidation, reorganization or other similar proceedings relative to the Petrowest Business Trust, the holders of all such senior indebtedness will be entitled to receive payment in full before the holders of the Business Notes are entitled to receive any payment.

Default

The Note Indenture provides that any of the following shall constitute an event of default:

- default in payment of the principal of the Business Notes when the same becomes due and the continuation of such default for a period of 30 days;
- default in payment of any interest due on any Business Notes and continuation of such default for a period of 90 days;
- default in the observance or performance of any other covenant or condition of the Note Indenture and continuance of such default for a period of 30 days after notice in writing has been given to the Business Trustee specifying such default and requiring the Petrowest Business Trust to rectify the same; and
- certain events of dissolution, liquidation, reorganization or other similar proceedings relative to the Petrowest Business Trust.

The provisions governing an event of default under the Note Indenture and remedies available thereunder do not provide protection to the holders of Business Notes which would be comparable to the provisions generally found in debt securities issued to the public.

DESCRIPTION OF THE PARTNERSHIPS

The following is a summary of the material attributes and characteristics of the Partnerships and the Partnership Agreements, and is qualified in its entirety by the provisions of the Partnership Agreements. A copy of the Partnership Agreements will be available via the internet at www.sedar.com. See "Material Contracts".

General

When created, the Partnerships will be limited partnerships formed under the laws of the Province of Alberta. The General Partner will be the general partner of the Partnership, and Acquisitionco and Petrowest Business Trust will be the only limited partners of the Partnerships. The Partnerships are authorized to issue an unlimited number of Partnership Units. Each Partnership Unit will entitle the holder to the same rights and obligations as a holder of any other Partnership Unit and no limited partner of a Partnership will be entitled to any privilege, priority or preference in relation to any other limited partner of a Partnership. Each limited partner of a Partnership will be entitled to one vote for each Partnership Unit held.

Distributions

The amount of cash or other property distributed, if any, by each of the Partnerships to the partners in respect of any period will be determined by the General Partner. Unless otherwise determined by the General Partner, all cash payments and other distributions made to partners will be made on the basis of (i) a payment to the General Partner in proportion to the General Partner's 0.001% interest; (ii) an amount to Acquisitionco in respect of its Class B Partnership Units; and (iii) the remainder to Petrowest Business Trust in respect of its Class A Partnership Units.

The Partnerships intend to make monthly cash distributions to the partners on or before the 10th day of each calendar month so that they are received by Petrowest Business Trust prior to its related cash distribution to holders of Business Units. The Partnerships may make distributions at any other time that the General Partner determines.

Allocation of Net Income and Losses

Net income, capital gains or income of the Partnerships for tax purposes and all other items of income, gain, proceeds of disposition and recapture of the Partnerships which are allocable for purposes of the Tax Act or any other relevant taxing statute for any fiscal year shall be allocated at the end of each fiscal year of the Partnerships in the following order or priority:

(a) to the General Partner to the extent of cash distributions paid to it in such fiscal year;

(b) to Acquisitionco as the holder of the Class B Partnership Units to the extent of the cash distributions paid to it in such fiscal year;

(c) to Petrowest Business Trust as the holder of the Class A Partnership Units to the extent of the cash distributions paid to it in such fiscal year; and

(d) as to the balance, to the General Partner.

Net losses, capital losses and other losses of the Partnerships for tax purposes and all other items of loss, deduction and credit of the Partnerships which are allocated for purposes of the Tax Act or any other relevant tax statute for any fiscal year shall be allocated to the General Partner.

The fiscal year end of the Partnerships is December 31.

Where a distribution of property other than cash results in income or the allocation of an amount to the partners for the purpose of computing the income, taxable income or loss or other amount of the partners under the Tax Act or other relevant taxing statute, the income or amount shall be allocated to the partner receiving the distribution.

Amendment

The Partnership Agreements may be amended only in writing and with the consent of the limited partners given by a resolution passed by not less than 66⅔% of the votes cast by partners entitled to vote at a duly convened meeting or a resolution in writing by partners entitled to vote who collectively hold not less than 66⅔% of the Partnership Units. Notwithstanding the foregoing, no amendment may be made that would have the effect of reducing a partner's share of the income or assets of the Partnership, reducing the interest in the Partnership of the partners (unless all of the partners consent thereto), changing in any manner any allocation for tax purposes, changing the liability of any limited partner, allowing any limited partner to exercise control over or management of the business of the Partnership, changing the right of a limited partner or the General Partner to vote at any meeting, or changing the Partnership from a limited partnership to a general partnership.

The General Partner may, without prior notice to or consent from any limited partner of the Partnership, amend from time to time any provision of the Partnership Agreement if such amendment is: (a) in the opinion of the General Partner, based on counsel's recommendation, for the protection or benefit of the limited partners or the Partnership or to cure an ambiguity or to correct or supplement any provision contained therein that may be defective or inconsistent with any other provision contained herein, and the amendment does not and will not, in the opinion of the General Partner, materially adversely affect the rights of any limited partner; (b) for the purpose of reflecting the admission, substitution, withdrawal or removal of limited partners in accordance with the Partnership Agreement; (c) a change that, in the sole discretion of the General Partner, is reasonable and necessary or appropriate to qualify or continue the qualification of the Partnership as a limited partnership in which the limited partners have limited liability under applicable legislation; or (d) a change that, in the sole discretion of the General Partner, is reasonable and necessary or appropriate to enable limited partners to take advantage of, or not be detrimentally affected by, changes in the Tax Act or other taxation laws.

DESCRIPTION OF THE GENERAL PARTNER

The General Partner is a corporation incorporated under the ABCA and will, on or before the Closing Date, be a direct wholly owned subsidiary of Petrowest Business Trust. The General Partner is Petrowest Energy Services Ltd. See "The Trust and its Subsidiaries".

The General Partner provides administrative and managerial services to the Trust, and will provide such services to Petrowest Business Trust, pursuant to the Administration Agreement. See "Administration Agreement".

The General Partner, in its capacity as general partner of the Partnerships, is responsible for the management of the Partnerships. See "Description of the Partnerships".

INFORMATION AND REPORTS

The Trust will agree to furnish to Unitholders, in accordance with and subject to applicable securities laws, such consolidated financial statements of the Trust (including quarterly and annual consolidated financial statements) and other reports as are from time to time required by applicable law, including prescribed forms needed for the completion of Unitholders' tax returns under the Tax Act and equivalent provincial legislation. Prior to each meeting of Unitholders, the Trust will provide the Unitholders (along with notice of such meeting) all such information as is required by applicable law and the Deed of Trust to be provided to such holders.

PRINCIPAL UNITHOLDERS

To the best of the knowledge of the Directors, with the exception of the initial unitholder of the Trust, no person directly or indirectly beneficially owns or exercises control or direction over more than 10% of any class or series of voting securities of the Trust as at the date hereof and after giving effect to this offering and the Concurrent Acquisitions.

PLAN OF DISTRIBUTION

Under an agreement dated •, 2006 (the "Underwriting Agreement"), among the Trust, Petrowest Business Trust, the General Partner, the Promoters and the Underwriters, the Trust has agreed to sell • Trust Units and the Underwriters have agreed to purchase, as principal, on the Closing Date, subject to the conditions stipulated in the Underwriting Agreement all but not less than all of such Trust Units at a price of $10.00 per Trust Unit. The Underwriting Agreement provides that the Underwriters will be paid a fee of $0.60 per Trust Unit purchased by the public in consideration for services performed in connection with this offering.

The Trust has granted to the Underwriters the Over-Allotment Option. The Underwriters will be paid a commission of $0.60 per Trust Unit purchased pursuant to the Over-Allotment Option.

There is currently no market through which the Units may be sold. The terms of this offering were established through negotiation between the Trust, the General Partner and the Underwriters.

The obligations of the Underwriters under the Underwriting Agreement are conditional and may be terminated at the discretion of the Underwriters on the basis of their assessment of the state of the financial markets. The Underwriting Agreement provides that the Underwriters may also terminate their obligations thereunder in certain stated circumstances and upon the occurrence of certain stated events. The Underwriters are, however, severally obligated to take up and pay for all offered Trust Units that they have agreed to purchase if any of the Trust Units are purchased under the Underwriting Agreement. The Underwriters may effect transactions intended to stabilize or maintain the price of the Units at levels other than those that might otherwise prevail in the open market. Such activities, if commenced, may be discontinued at any time.

Each of the Trust, Petrowest Business Trust, and the General Partner has agreed to indemnify the Underwriters and their directors, officers, employees and agents against certain liabilities, including, without

restriction, civil liabilities under Canadian provincial and territorial securities legislation, or to contribute to any payments the Underwriters may be required to make in respect thereof.

Subscriptions for Units will be received subject to rejection or allotment in whole or in part, and the right is reserved to close the subscription books at any time without notice.

During a period ending 180 days from the Closing Date, the Trust has agreed not to sell or issue for sale or resale any Units or financial instruments or securities convertible into, or exercisable or exchangeable for, Units or agree to, or announce, any such offer, sale or issuance, without the prior written consent of the Lead Underwriters, which consent may not be unreasonably withheld.

The Units have not been and will not be registered under the U.S. Securities Act or the securities laws of any states in the United States and, subject to certain exemptions, may not be offered or sold or otherwise transferred or disposed of in the United States, its territories, its possessions or other areas subject to its jurisdiction or to, or for the account or benefit of, a U.S. Person, except in accordance with the Underwriting Agreement. The Underwriting Agreement permits the Underwriters to offer and resell the Trust Units they have acquired pursuant to the Underwriting Agreement to certain qualified institutional buyers in the United States, provided that such offers and sales are made in accordance with Rule 144A under the U.S. Securities Act. In addition, the Underwriting Agreement provides that the Underwriters will offer and sell securities outside the United States to any U.S. person only in accordance with Regulation S under the U.S. Securities Act. This prospectus does not constitute an offer to sell or a solicitation of an offer to buy any of the Units offered hereby in the United States. In addition, until 40 days after the commencement of this offering, an offer or sale of Units within the United States by a dealer (whether or not participating in this offering) may violate the registration requirements of the U.S. Securities Act if that offer or sale is made otherwise than in accordance with Rule 144A or in accordance with any other available exemption from registration under the U.S. Securities Act.

The Closing is expected to take place on •, 2006, or on any other date that may be agreed upon by the Trust and Underwriters, but no later than •, 2006.

ESCROWED AND SUBORDINATED SECURITIES

The shareholders of the Acquired Companies will enter into an escrow agreement on the Closing of this offering and the Concurrent Acquisitions (the "Escrow Agreement") pursuant to which Units issued to such shareholders in connection with the acquisition of the Acquired Companies will be placed in escrow. The Promoters will also enter into an escrow agreement on the same terms. In the event that all of the Acquired Companies are acquired upon the terms and conditions specified in the Purchase and Sale Agreements, an aggregate of 14,270,094 Units will be placed in such escrow (being •% of the outstanding Units assuming completion of this offering and all of the Concurrent Acquisitions). Pursuant to the Escrow Agreement, and subject to certain limited exceptions with respect to early release in the event of termination of employment or terminal illness (as determined by the Governance and Compensation Committee), one-quarter of the escrowed securities will be released on the first anniversary of the Closing Date and the remaining escrowed securities will be released on the second anniversary of the Closing Date. In the event that any of the escrowed securities are released within 180 days following the Closing Date, the shareholders of the Acquired Companies will agree not to sell any Units or sell or issue for sale or resale any financial instruments or securities convertible into, or exercisable or exchangeable for, Units or agree to, or announce, any such offer, sale or issuance, without the prior written consent of the Lead Underwriters, which consent may not be unreasonably withheld.

An aggregate of 1,510,000 Subordinated Units will be issued to the Promoters, the vendors of the Acquired Companies and certain other individuals for aggregate proceeds to the Trust of $4,530,000. The distributions in respect of such Subordinated Units are subordinated to the distributions in respect of the trust Units and will be paid by the Trust subsequent to Priority Distributions. See "Description of the Trust – Units" and "Prior Issuances".

PRIOR ISSUANCES

There have been no issuances of Units during the twelve-months preceding the date of this prospectus other than the issuance of one Trust Unit to the initial unitholder of the Trust (the "Initial Unit") in consideration for $10 and the issuance of an aggregate of 1,510,000 Subordinated Units at a price of $3.00 per Subordinated Unit ($4,530,000 in the aggregate to be satisfied by payment of $1.00 in cash and $2.00 by way of a three-year promissory note that will be forgiven over three years if the subscriber remains as a director, officer or employee of Petrowest. Of these Subordinated Units 500,000 were issued to Promoters, 210,000 were issued to Directors and Officers (other than the Promoters) and 800,000 were issued to vendors of the Acquired Companies (other than the Promoters). The Initial Unit will be redeemed immediately following the Closing.

USE OF PROCEEDS

The aggregate gross proceeds of this offering will be $• ($• if the Over-Allotment Option is exercised in full). The estimated net proceeds of this offering, after deducting $• representing fees payable to the Underwriters ($• if the Over-Allotment Option is exercised in full) and the estimated expenses of this offering of approximately $2.0 million will be approximately $• ($• if the Over-Allotment Option is exercised in full). The Trust will use the net proceeds to subscribe for Business Notes and Business Units. Petrowest Business Trust will, in turn, loan $103.3 million received from the Trust to Acquisitionco to fund the cash portion of the base purchase price of the Acquired Companies. The remaining $• million not required to fund the purchase of the Acquired Companies ($• if the Over-Allotment Option is exercised in full) will be used by the Petrowest Business Trust for growth capital ($8.3 million) and working capital ($• million) and, in the interim, to retire certain long-term debt of the Acquired Companies ($•, $• and $• million, respectively, if the Over-Allotment Option is exercised in full).

It is a condition of the Underwriting Agreement that at the time of the Closing of this offering, the Acquisition Condition shall have been satisfied.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Bennett Jones LLP, counsel to the Trust, and Stikeman Elliott LLP, counsel to the Underwriters, the following is, as of the date hereof, a fair and adequate summary of the principal Canadian federal income tax considerations generally applicable under the Tax Act to a Unitholder who acquires Trust Units pursuant to this offering and who, for the purposes of the Tax Act and at all relevant times, is resident in Canada, deals at arm's length with and is not affiliated with the Trust and holds the Trust Units as capital property. Generally, Trust Units will be considered to be capital property to a Unitholder provided that the Unitholder does not hold the Trust Units in the course of carrying on a business and has not acquired them in one or more transactions considered to be an adventure or concern in the nature of trade. Certain Unitholders who might not otherwise be considered to hold their Trust Units as capital property may, in certain circumstances, be entitled to have them treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act. This summary is not applicable to a Unitholder that is a "financial institution" (as defined in the Tax Act for the purposes of the mark-to-market rules) or a "specified financial institution" or a Unitholder an interest in which is a "tax shelter investment" (all as defined in the Tax Act).

This summary is based upon the provisions of the Tax Act in force as of the date hereof, counsels' understanding of the current published administrative and assessing practices of the Canada Revenue Agency ("CRA") and certificates from the Trust as to certain factual matters. This summary takes into account all specific proposals to amend the Tax Act which have been publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof. There can be no assurance that any tax proposals will be implemented in their current form or at all. This summary does not otherwise take into account or anticipate any changes in law, whether by legislative, governmental or judicial decision or action, and does not take into account provincial, territorial or foreign tax legislation or considerations, which may differ significantly from those discussed in this prospectus.

This summary is not exhaustive of all possible Canadian federal tax considerations applicable to an investment in Trust Units. This summary is of a general nature only and is not intended to be legal or tax advice to any prospective purchaser of Trust Units. Investors should consult their own tax advisors for

advice with respect to the tax consequences of an investment in Trust Units based on their particular circumstances.

Status of the Trust

Mutual Fund Trust

This summary is based on the assumption that the Trust will qualify as a "unit trust" and as a "mutual fund trust" as defined in the Tax Act on the Closing, will elect to be deemed to be a mutual fund trust from the date it is established and will thereafter continuously qualify as a mutual fund trust at all relevant times.

In order for the Trust to qualify as a mutual fund trust at a particular time, in addition to being a unit trust resident in Canada, it must meet certain prescribed conditions ("minimum distribution requirement") relating to the number of Unitholders, the dispersal of ownership of Units and public distribution of Units at such time; its only undertaking must be the investing of its funds in property (other than real property); and it must not be established or maintained primarily for the benefit of non-residents of Canada. The sole undertaking of the Trust as described in this prospectus is the investing of its funds in property (other than real property) and this summary assumes that this will continue to be the case at all relevant times. This summary assumes that the Trust will satisfy the minimum distribution requirement on the completion of this offering, so that it may elect to be deemed to be a mutual fund trust from the date it was established until such time, and it so elects, and that it will continuously satisfy the minimum distribution requirement thereafter. This summary also assumes that the Trust was not established nor will it be maintained primarily for the benefit of non-residents of Canada, based on the restriction of ownership of Units by non-residents of Canada, which is contained in the Deed of Trust. See "Risk Factors – Risks relating to an Investment in the Trust – Income Tax Matters".

Should the Trust cease to qualify as a mutual fund trust, the income tax considerations respecting the Trust would be materially different from those described in this summary, and in particular the following adverse income tax consequences may result:

- The Trust Units would cease to be qualified investments for Plans with the result that a Plan may become subject to a penalty tax, the beneficiary of such Plan may be deemed to have received income therefrom or, in the case of an RESP, the RESP may have its tax exempt status revoked.

- The Trust and the Petrowest Business Trust may be required to pay a tax under Part XII.2 of the Tax Act. The payment of Part XII.2 tax by the Trust and the Petrowest Business Trust will affect the amount of cash available for distribution by the Trust and may have adverse consequences for Unitholders.

- The Trust will cease to be eligible for the capital gains refund mechanism available to mutual fund trusts.

Qualified Investment

The Trust Units will be qualified investments for trusts governed by Plans, subject to the specific provisions of any particular Plan. Plans should generally not be taxable on any distributions from the Trust or any gains realized on the disposition of Trust Units. If the Trust ceases to qualify as a mutual fund trust, the Trust Units no longer will be qualified investments under the Tax Act for Plans.

Business Notes or other securities received as a result of a redemption of Trust Units may not be qualified investments for a Plan, and this could give rise to adverse consequences to the Plan or the annuitant under the Plan. Accordingly, Plans that own Trust Units should consult their own tax advisors before deciding to exercise the redemption rights attached to the Trust Units.

Taxation of the Trust

The taxation year of the Trust is the calendar year. In each taxation year, the Trust will be subject to tax under Part I of the Tax Act on its income for tax purposes for the year, including net realized taxable capital gains, less the portion thereof that it deducts in respect of the amounts paid or payable in the year to Unitholders. An amount will be considered to be payable to a Unitholder in a taxation year if it is paid to the Unitholder in the year by the Trust or if the Unitholder is entitled in that year to enforce payment of the amount.

The Trust will include in its income for each taxation year such amount of the Petrowest Business Trust's income for tax purposes, including net taxable capital gains, as is paid or becomes payable by the Petrowest Business Trust to the Trust in the year in respect of the Business Units and all interest on the Business Notes that accrues to the Trust to the end of the year, or that becomes receivable or is received by it before the end of the year, except to the extent that such interest was included in computing its income for a preceding year. The Trust will not be subject to tax on any amount received as a payment of principal in respect of the Business Notes or any amount received as a return of capital from the Petrowest Business Trust (provided that the capital returned, if any, does not exceed the adjusted cost base of the Business Units held by the Trust).

A distribution by the Trust of its property upon a redemption of Trust Units will be treated as a disposition by the Trust of the property so distributed for proceeds of disposition equal to its fair market value. The Trust's proceeds of disposition of Business Notes will be reduced by any accrued but unpaid interest in respect thereof, which interest will generally be included in the Trust's income in the year of disposition to the extent that it was not included in the Trust's income in a previous year. The Trust will realize a capital gain (or a capital loss) on the property so distributed to the extent that the proceeds of disposition of such property exceed (or are less than) the adjusted cost base of the property and any reasonable costs of disposition.

In computing its income, the Trust may generally deduct reasonable administrative costs, interest and other expenses of a current nature, if any, incurred by it for the purpose of earning income. The Trust will be entitled to deduct expenses incurred by it in connection with the issuance of Trust Units, including expenses of this offering, on a five-year straight line basis (subject to pro-ration for short taxation years).

Under the Deed of Trust, an amount equal to all of the income (including taxable capital gains) of the Trust (determined without reference to subsection 104(6) of the Tax Act), together with the non-taxable portion of any net capital gain realized by the Trust, but excluding capital gains arising in connection with a distribution in specie on the redemption of Trust Units which are designated by the Trust to redeeming Unitholders, and capital gains the tax on which may be offset by capital losses carried forward from prior years or is recoverable by the Trust, will be payable in the year to Unitholders by way of cash distributions, subject to the exceptions described below. Where the income of the Trust in a taxation year exceeds the monthly cash distributions for that year, such excess income will be distributed to Unitholders in the form of additional Trust Units. Income of the Trust payable to Unitholders, whether in cash, additional Trust Units or otherwise, will generally be deductible by the Trust in computing its taxable income provided that the Trust deducts such amount in computing its income.

The Trust will be entitled for each taxation year to reduce (or receive a refund in respect of) its liability, if any, for tax on its net realized taxable capital gains by an amount determined under the Tax Act based on the redemption of Trust Units during the year (the "capital gains refund"). In certain circumstances, the capital gains refund in a particular taxation year may not completely offset the Trust's tax liability for that taxation year arising in connection with the distribution of its property on the redemption of Trust Units. The Deed of Trust provides that all or a portion of any income or taxable capital gain realized by the Trust as a result of that redemption may, at the discretion of the Trustee, be treated as income or taxable capital gain paid to, and designated as income or taxable capital gain of, the redeeming Unitholders, and thus deductible by the Trust in computing its income. In addition, accrued interest on Business Notes distributed to a redeeming Unitholder may be treated as an amount paid to the Unitholder and will be deductible by the Trust.

Counsel has been advised that the Trust intends to make sufficient distributions in each year of its net income for tax purposes and net realized capital gains so that the Trust will generally not be liable in that year for income tax under Part I of the Tax Act. Counsel can provide no opinion in this regard.

Taxation of the Petrowest Business Trust and the Partnerships

The taxation year of the Petrowest Business Trust is the calendar year. The Petrowest Business Trust will be taxable on its income determined under the Tax Act for each taxation year, which will include its allocated share of the income of the Partnerships for the fiscal periods ending on or before the year end of the Petrowest Business Trust, except to the extent such income is paid or payable in such year to the Trust and is deducted by the Petrowest Business Trust in computing its income for tax purposes. The Petrowest Business Trust will generally be entitled to deduct its expenses incurred to earn such income provided such expenses are reasonable and otherwise deductible, subject to the relevant provisions of the Tax Act. Under the Business Deed of Trust, all of the income of the Petrowest Business Trust for each year (determined without reference to subsection 104(6) of the Tax Act), together with the taxable and non-taxable portion of any capital gains realized by the Petrowest Business Trust in the year, will generally be payable in the year to the Trust and will generally be deductible by the Petrowest Business Trust in computing its taxable income. Counsel has been advised by the Trust that the Trust does not expect the Petrowest Business Trust to be liable for any material amount of tax under Part I of the Tax Act. Counsel can provide no opinion in this regard.

The Partnerships are not themselves liable to tax under the Tax Act. Each partner of the Partnerships, including the Petrowest Business Trust, is required to include in computing the partner's income for a particular taxation year the partner's share of the income or loss of the Partnership, as the case may be, for its fiscal year ending in, or coinciding with, the partner's taxation year, whether or not any of that income is distributed to the partner in the taxation year. For this purpose, the income or loss for each Partnership will be computed for each fiscal year as if such Partnership was a separate person resident in Canada. The net income or loss of the Partnership for a fiscal year will be allocated to the partners of such Partnership, in the manner set out in the relevant partnership agreement, subject to the detailed rules in the Tax Act in that regard.

If a Partnership does incur losses for tax purposes, the Petrowest Business Trust will be entitled to deduct in the computation of its income for tax purposes its share of any such losses for any fiscal year to the extent that the Petrowest Business Trust's investment is "at risk" within the meaning of the Tax Act. In general, the amount "at risk" for a limited partner in a limited partnership for any taxation year will be the adjusted cost base of the limited partner's partnership interest at the end of the year, plus any undistributed income allocated to the limited partner for the year, less any amount owing by the limited partner (or a person with whom the limited partner does not deal at arm's length) to the limited partnership (or a person with whom it does not deal at arm's length) and less the amount of any benefit that the limited partner (or a person with whom the limited partner does not deal at arm's length) is entitled to receive or obtain for the purpose of reducing, in whole or in part, any loss of the limited partner from the investment.

Taxation of Unitholders

Fund Distributions

A Unitholder will generally be required to include in income for a particular taxation year the portion of the net income for tax purposes of the Trust for a taxation year, including net realized taxable capital gains, that is paid or payable to the Unitholder in the particular taxation year, whether that amount is received in cash, additional Trust Units or otherwise. Any loss of the Trust for purposes of the Tax Act cannot be allocated to the Unitholders. Income of a Unitholder from the Trust Units will generally be considered income from property for the purposes of the Tax Act.

It is expected that most income (including income designated as taxable capital gains but excluding any portion designated as a taxable dividend) received or receivable by a Unitholder from the Trust will be investment income for the purposes of the additional refundable tax of 6⅔% payable by a corporation that is throughout the year a "Canadian-controlled private corporation" (as defined in the Tax Act) on certain investment income.

The non-taxable portion of any net realized capital gains of the Trust that is paid or payable to a Unitholder in a taxation year will not be included in computing the Unitholder's income for the year and will not reduce the adjusted cost base of the Unitholder's Trust Units. Any other amount in excess of the net income of the Trust that is paid or payable to a Unitholder in that year will not generally be included in the Unitholder's income for the year. However, where such an amount is paid or payable to a Unitholder (other than as proceeds in respect of the

redemption of Trust Units), the Unitholder will be required to reduce the adjusted cost base of the Trust Units by that amount. To the extent that the adjusted cost base of a Trust Unit would otherwise be a negative amount, the negative amount will be deemed to be a capital gain and the adjusted cost base of the Trust Unit to the Unitholder will immediately thereafter be nil. The taxation of capital gains is described below.

Dispositions of Units

On the disposition or deemed disposition of a Trust Unit whether on a redemption or otherwise, the Unitholder will realize a capital gain (or capital loss) equal to the amount by which the Unitholder's proceeds of disposition exceed (or are less than) the aggregate of the adjusted cost base of the Trust Unit and any reasonable costs of disposition. Proceeds of disposition will not include an amount payable by the Trust that is otherwise required to be included in the Unitholder's income, including any capital gain realized by the Trust in connection with a redemption which has been designated by the Trust to the redeeming Unitholder. The taxation of capital gains and capital losses is described below.

The cost of a Unit acquired pursuant to this offering will be the subscription price thereof. The cost to a Unitholder of additional Trust Units received in lieu of a cash distribution of income will be the amount of income distributed by the issue of those Trust Units. For the purpose of determining the adjusted cost base to a Unitholder of Trust Units, when a Trust Unit is acquired, the cost of the newly acquired Trust Unit will be averaged with the adjusted cost base of all of the Trust Units owned by Unitholder as capital property immediately before that acquisition. The non-taxable portion of distributions (other than the non-taxable portion of any net capital gains) will generally reduce the adjusted cost base of a Trust Unit.

Where Trust Units are redeemed and the redemption price is paid by the delivery of Business Notes to the redeeming Unitholder, the proceeds of disposition to the Unitholder of the Trust Units will be equal to the fair market value of the Business Notes so distributed less any income or capital gain realized by the Trust in connection with the redemption of those Trust Units which has been designated by the Trust to the Unitholder. Where any income or capital gain realized by the Trust in connection with the distribution of Business Notes on the redemption of Trust Units has been designated by the Trust to a redeeming Unitholder, the Unitholder will be required to include in income the income or taxable portion of the capital gain so designated. The redeeming Unitholder will be required to include in income, interest on any Business Notes acquired (including interest that accrued prior to the date of the acquisition of such Business Notes by the Unitholder that is designated as income to the Unitholder by the Trust) in accordance with the provisions of the Tax Act. The cost of any Business Notes distributed by the Trust to a Unitholder upon a redemption of Trust Units will be equal to the fair market value of those Business Notes at the time of the distribution less any accrued interest on such Business Notes. The Unitholder will thereafter be required to include in income interest on the Business Notes, in accordance with the provisions of the Tax Act. To the extent that the Unitholder is required to include in income any interest accrued to the date of the acquisition of Business Notes by the Unitholder, an offsetting deduction may be available. **Unitholders are advised to consult their own tax advisers prior to exercising their redemption rights.**

The consolidation of Trust Units of the Trust will not be considered to result in a disposition of Trust Units by Unitholders. The aggregate adjusted cost base to a Unitholder of all of the Unitholder's Trust Units of the Trust will not change as a result of a consolidation of Trust Units; however, the adjusted cost base per Trust Unit will increase.

Capital Gains and Capital Losses

One-half of any capital gain realized by a Unitholder on a disposition or deemed disposition of Trust Units and the amount of any net taxable capital gains designated by the Trust in respect of a Unitholder generally will be included in the Unitholder's income as a taxable capital gain in the taxation year in which the disposition occurs or in respect of which a net taxable capital gains designation is made by the Trust. One-half of any capital loss realized by a Unitholder on a disposition or deemed disposition of Trust Units generally may be deducted only from taxable capital gains of the Unitholder in the year of disposition, in the three preceding taxation years or in any subsequent taxation year in accordance with the provisions of the Tax Act.

A Unitholder that is a Canadian-controlled private corporation (as defined in the Tax Act) will also be liable for a refundable tax of 6⅔% computed with reference to its "aggregate investment income" for the year, which includes amounts in respect of taxable capital gains.

Where a Unitholder that is a corporation or trust (other than a mutual fund trust) disposes of a Trust Unit, the Unitholder's capital loss from the disposition will generally be reduced by the amount of dividends previously designated by the Trust to the Unitholder except to the extent that a loss on a previous disposition of a Trust Unit has been reduced by those dividends. Analogous rules apply where a corporation or trust (other than a mutual fund trust) is a member of a partnership that disposes of Trust Units.

Alternative Minimum Tax

In general terms, net income of the Trust paid or payable to a Unitholder who is an individual or a trust that is designated as taxable dividends or capital gains and capital gains realized on the disposition of Trust Units may increase the Unitholder's liability for alternative minimum tax.

RISK FACTORS

An investment in the securities offered hereby should be considered speculative due to the nature of the Trust's business and its present stage of development. A prospective investor should consider carefully the risk factors set out below. In addition, prospective investors should carefully review and consider all other information contained in the prospectus before making an investment decision and consult their own experts where necessary. An investment in Units should only be made by Persons who can afford a significant or total loss of their investment.

Risks Relating to the Business

Absence of Current Business

The Trust has not carried on any business prior to the date hereof and does not hold any material assets, other than the right, via Acquisitionco, to acquire the Acquired Companies pursuant to the Purchase and Sale Agreements. Closing of this offering is conditional upon the satisfaction of the Acquisition Condition on or before October 31, 2006. Although the Trust is not aware of any material liabilities relating to any of the Acquired Companies, it is possible that liabilities may arise in the future which could have a material adverse effect on the Trust.

Absence of Operating History as a Public Trust

Although Petrowest's executive officers have substantial experience in the energy services industry, they have limited experience operating a public entity. To operate effectively, the Trust will be required to continue to implement changes in certain aspects of its business, improve and expand its information systems and develop, manage and train management level and other employees to comply with on-going public company requirements. Failure to take such actions, or delay in the implementation thereof, may have a material adverse effect on the Trust's business, results of operations, financial condition and cash flows.

Failure to Acquire all of the Acquired Companies

The Acquisition Condition does not require the acquisition of all of the Acquired Companies. There can be no assurance that the Trust will acquire all of the Acquired Companies and as a result, as of the date hereof, the Trust is not able to determine which businesses Petrowest will operate in following the Closing this offering. References in this prospectus to the Acquired Companies and the business of the Trust assume the acquisition of all of the Acquired Companies pursuant to the Concurrent Acquisitions. The pro forma financial statements contained herein also assume the acquisition of all of the Acquired Companies.

Failure to Realize Anticipated Benefits of Acquisitions

Achieving the benefits of the Concurrent Acquisitions and future acquisitions will depend in part on successfully consolidating functions and integrating operations, procedures and personnel of all of the Acquired Companies in a timely and efficient manner, as well as Petrowest's ability to realize the anticipated growth opportunities and synergies from integrating each of the acquired businesses. This integration will require the dedication of management effort, time and resources which may divert management's focus and resources from other strategic opportunities and from operational matters during this process. The integration process may result in the disruption of ongoing business, customer and employee relationships that may adversely affect Petrowest's ability to achieve the anticipated benefits of the acquisitions.

Volatility of Industry Conditions

The demand, pricing and terms for energy services largely depend upon the level of industry activity for Canadian natural gas and, to a lesser extent, oil exploration and development. Industry conditions are influenced by numerous factors over which Petrowest will have no control, including: the level of oil and gas prices; expectations about future oil and gas prices; the cost of exploring for, producing and delivering oil and gas; the expected rates of declining current production; the discovery rates of new oil and gas reserves; available pipeline and other oil and gas transportation capacity; worldwide weather conditions; global political, military, regulatory and economic conditions; and the ability of oil and gas companies to raise equity capital or debt financing.

The level of activity in the Canadian oil and gas exploration and production industry is volatile. No assurance can be given that expected trends in oil and gas production activities will continue or that demand for energy services will reflect the level of activity in the industry. Any prolonged substantial reduction in oil and natural gas prices would likely affect oil and gas production levels and therefore affect the demand for services to oil and gas customers. A material decline in oil or gas prices or Canadian industry activity could have a material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributions to Unitholders.

Seasonality

In Canada, the level of activity in the energy services industry is influenced by seasonal weather patterns. Spring breakup during the second quarter leaves many secondary roads temporarily incapable of supporting the weight of heavy equipment, which results in severe restrictions in the level of energy services. The duration of this period will have a direct impact on the level of Petrowest's activities. Spring breakup occurs earlier in the year in southeastern Alberta than it does in northern Alberta and British Columbia. The timing and duration of spring breakup are dependant on weather patterns but it generally occurs in April and May. Additionally, if an unseasonably warm winter prevents sufficient freezing, Petrowest may not be able to access well sites and its operating results and financial condition may therefore be adversely affected. The demand for energy services may also be affected by the severity of the Canadian winters. In addition, during excessively rainy periods, equipment moves may be delayed, thereby adversely affecting revenues. The volatility in the weather and temperature can therefore create unpredictability in activity and utilization rates, which can have a material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributable income to be distributed to Unitholders.

Capital Expenditures

Petrowest will operate in a capital intensive business. There can be no assurance that the actual capital costs incurred by Petrowest will not be higher than anticipated. In particular, Petrowest will be subject to capital costs that it has little control over, including, but not limited to, the cost of the equipment required by Petrowest's business. Any material increase in capital costs may materially affect Petrowest's business, financial conditions, results of operations and cash flows, and therefore the distributable income to be distributed to Unitholders.

Alternatives to and Changing Demand for Petroleum Products

Fuel conservation measures, alternative fuel requirements, increasing consumer demand for alternatives to oil and gas, and technological advances in fuel economy and energy generation devices could reduce the demand for

crude oil and other liquid hydrocarbons. The Trust cannot predict the impact of changing demand for oil and gas products, and any major changes may have a material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributable income to be distributed to Unitholders.

Sources, Pricing and Availability of Equipment and Equipment Parts

Petrowest will source its equipment and equipment parts from a variety of suppliers, most of whom are located in Canada and the United States. Should any suppliers of the Trust be unable to provide the necessary equipment or parts or otherwise fail to deliver products in the quantities required, any resulting delays in the provision of services or in the time required to find new suppliers could have an material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributable income to be distributed to Unitholders.

Economic Dependence

Several of the Acquired Companies are economically dependent on a limited number of key customers. Each of Wales Contractors, Gordon Bros. Construction, Neuwest Equipment Rentals, D&D Well Services and Roy Larson Construction had a significant amount of their sales concentrated with their three largest customers in their last completed fiscal year (90%, 84%, 86%, 42% and 80%, respectively). There can be no assurance that Petrowest's relationship with the Acquired Companies' customers will continue, and a significant reduction or total loss of the business from these customers, if not offset by sales to new or existing customers, could have a material adverse effect on the Trust's business, financial condition, results of operations and cash flows and therefore on the distributable income to be distributed to Unitholders.

Government Regulation

The operations of Petrowest will be subject to a variety of federal, provincial and local laws, regulations, and guidelines, including laws and regulations relating to health and safety, the conduct of operations, the protection of the environment, the operation of equipment used in its operations and the transportation of materials and equipment it provides for its clients. Petrowest believes that each of the Acquired Companies is currently in compliance with such laws and regulations. Petrowest intends to invest financial and managerial resources to ensure such compliance and will continue to do so in the future. Although such expenditures historically have not been material to each of the Acquired Companies, such laws or regulations are subject to change. Accordingly, it is impossible for Petrowest to predict the cost or impact of such laws and regulations on its future operations.

Kyoto Protocol

Canada is a signatory to the United Nations Framework Convention on Climate Change and has adopted the Kyoto Protocol established thereunder to set legally binding targets to reduce nation-wide emissions of carbon dioxide, methane, nitrous oxide and other so-called "greenhouse gases". The Government of Canada has published Moving Forward on Climate Change: A Plan for Honouring our Kyoto Commitment which suggests further legislation will set greenhouse gases emission reduction requirements for various industrial activities, including oil and gas exploration and production. Future federal legislation, together with provincial emission reduction requirements, such as those in effect in Alberta's *Climate Change and Emissions Management Act,* may require the reduction of emissions or emissions intensity from Petrowest's operations and facilities. Mandatory emissions reductions may result in increased operating costs and capital expenditures for oil and gas producers, thereby decreasing the demand for Petrowest's services. The mandatory emissions reductions may also impair Petrowest ability to provide its services economically. Management is unable to predict the impact of the Kyoto Protocol on Petrowest and it is possible that it will adversely affect Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributable income to be distributed to Unitholders.

Operating Risks and Insurance

Petrowest's operations will be subject to hazards inherent in the oil and gas industry, such as equipment defects, malfunction and failures, and natural disasters which result in fires, vehicle accidents, explosions and uncontrollable flows of natural gas or well fluids that can cause personal injury, loss of life, suspension of operations, damage to formations, damage to facilities, business interruption and damage to or destruction of

property, equipment and the environment. These risks could expose the Trust to substantial liability for personal injury, wrongful death, property damage, loss of oil and gas production, pollution, and other environmental damages. The frequency and severity of such incidents will affect operating costs, insurability and relationships with customers, employees and regulators.

Petrowest will continuously monitor its activities for quality control and safety. However, there are no assurances that Petrowest safety procedures will always prevent such damages. Although Petrowest will maintain insurance coverage that it believes to be adequate and customary in the industry, there can be no assurance that such insurance will be adequate to cover the Petrowest's liabilities. In addition, there can be no assurance that Petrowest will be able to maintain adequate insurance in the future at rates it considers reasonable and commercially justifiable. The occurrence of a significant uninsured claim, a claim in excess of the insurance coverage limits maintained by the Trust, or a claim at a time when it is not able to obtain liability insurance, could have a material adverse effect on Petrowest's ability to conduct normal business operations and on its financial condition, results of operations and cash flows and therefore on the distributable income to be distributed to Unitholders.

Agreements and Contracts

The business operations of Petrowest will depend on verbal, performance based agreements with its customer base that are cancelable at any time by either Petrowest or its customers. The key factors, which will determine whether a client continues to use Petrowest, are service quality and availability, reliability and performance of equipment used to perform its services, technical knowledge and experience, reputation for safety and competitive price. There can be no assurance that Petrowest's relationship with the Acquired Companies' customers will continue, and a significant reduction or total loss of the business from these customers, if not offset by sales to new or existing customers, could have a material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributable income to be distributed to Unitholders.

Personnel

The successful operation of Petrowest's business will depend upon the abilities, expertise, judgment, discretion, integrity and good faith of its executive officers, general managers, employees and consultants. In addition, the ability of Petrowest to expand its services will depend upon the ability to attract qualified personnel as needed. The demand for skilled oilfield employees is high, and the supply is limited. The unexpected loss of Petrowest key personnel, including the general managers of the businesses of the Acquired Companies, or the inability to retain or recruit skilled personnel could have a material adverse effect on Petrowest's business, financial condition, results of operations and cash flows and therefore on the distributable income to be distributed to Unitholders.

Competition

Petrowest will provide pre-drilling and post-completion services to the northern region of the WCSB, primarily to the field operation locations of oil and gas exploration and production companies located in western Canada. The oilfield service business in which Petrowest will operate is highly competitive. To be successful, Petrowest must provide services that meet the specific needs of its clients at competitive prices. The principal competitive factors in the markets in which Petrowest operates are quality of service and availability, reliability and performance of equipment used to perform its services, technical knowledge and experience and reputation for safety and price. Petrowest will compete with several regional competitors that are both smaller and larger than it is. These competitors offer similar services in all geographic regions in which Petrowest will operate. As a result of competition, Petrowest may be unable to continue to provide its present services or to acquire additional business opportunities, which may affect Petrowest's business, financial condition, results of operations and cash flows.

Reduced levels of activity in the oil and natural gas industry can intensify competition and result in lower revenue to Petrowest. Variations in the exploration and development budgets of oil and natural gas companies which are directly affected by fluctuations in energy prices, the cyclical nature and competitiveness of the oil and natural gas industry and governmental regulation, will have an affect upon Petrowest's ability to generate revenue and earnings.

Credit Risk

A substantial portion of Petrowest's accounts receivable will be with customers involved in the oil and gas industry, whose revenues may be impacted by fluctuations in commodity prices. Collection of these receivables could be influenced by economic factors affecting the oil and gas industry.

Conflicts of Interest

Certain of the proposed directors and officers of the General Partner are also directors and officers of other oil and gas and energy service companies, and conflicts of interest may arise between their duties as officers and directors of the General Partner and as officers and directors of such other companies.

There may be situations in which the interests of the proposed directors and management of, and consultants to, the General Partner may conflict with those of the General Partner. Certain members of management will not be engaged by Petrowest on a full-time basis and are currently involved, and will continue to be involved, in other entities, businesses and activities, some of which are described herein and all of which will place varying and conflicting demands on their time and attention. Furthermore, some such conflicts may result in the individual being in a direct conflict of interest position in relation to the Trust. Any conflicts will be resolved in accordance with the provisions of applicable laws.

Foreign Exchange and Interest Rates

Petrowest incurs costs in United States dollars, particularly in relation to equipment parts purchased from the United States. Accordingly, Petrowest is subject to risk from fluctuations in the in the rates of currency exchange between the United States dollar and Canadian dollar, and such fluctuations may materially affect Petrowest's business, financial conditions, results of operations and cash flows, and therefore the distributable income to be distributed to Unitholders. Therefore any increase in relevant interest rates will increase the amount Petrowest pays in relation to financing activities.

Disclosure and Internal Controls

Although Petrowest has and will continue to take actions to ensure appropriate internal control and disclosure measures, there are inherent limitations in Petrowest's ability to control all circumstances. Petrowest does not expect that its internal controls and disclosure controls will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. In addition, the design of a control system must reflect the fact that there are resource constraints and the benefit of controls must be relative to their costs. There are always inherent limitations to a control system, which include, but are not limited to, faulty decision-making and simple errors or mistakes. Additionally, controls can be circumvented by individual acts, or by two or more persons acting together, or by management overriding controls. The design of any system of controls is based in part upon assumptions as to the likelihood of future events, and there can be no assurance that any design will succeed in avoiding all error and fraud that may occur under future conditions, particularly those that are unforeseeable.

Risks Relating to an Investment in the Trust

Investment Eligibility; Mutual Fund Trust Status

If the Trust ceases to qualify as a mutual fund trust, the Units will cease to be qualified investments for Plans. Where at the end of any month a Plan holds Units that are not qualified investments, the Plan must, in respect of that month, pay a tax under Part XI.1 of the Tax Act equal to 1% of the fair market value of the Units at the time such Units were acquired by the Plan. In addition, where a trust governed by a registered retirement savings plan or registered retirement income fund holds Units that are not qualified investments, the trust will become taxable on its income attributable to the Units while they are not qualified investments, including the full amount of any capital gain realized on a disposition of Units while they are not qualified investments. Where a trust governed by a registered education savings plan holds Units that are not qualified investments, the plan's registration may be revoked. In addition, if the Trust were to cease to qualify as a mutual fund trust, Units held by Unitholders that are not residents of Canada would become taxable Canadian property. These non-resident holders would be subject to

Canadian income tax on any gains realized on a disposition of Units held by them, subject to the application of any exemption under an income tax convention.

Redemption of Units

It is anticipated that the redemption right associated with Units will not be the primary mechanism for holders of Units to dispose of their Units. Business Notes, which may be distributed in specie to Unitholders in connection with a redemption, will not be listed on any stock exchange and no market is expected to develop in such Business Notes. Business Notes will not be qualified investments for trusts governed by Plans.

Nature of Units

The Units do not represent a traditional investment in the energy services sector and should not be viewed by investors as units in the Partnerships or as a direct investment in the Partnerships' business or assets. The Units represent a fractional interest in the Trust. As holders of Units, Unitholders do not have the statutory rights normally associated with ownership of shares of a corporation including, for example, the right to bring "oppression" or "derivative" actions.

The Trust's primary assets are the Business Units and the Business Notes. The price per Unit is a function of the anticipated distributable income, the underlying assets of the Trust and the Partnerships' ability to effect long-term growth in the value of the business. The market price of Units will be sensitive to a variety of market conditions including, but not limited to, interest rates, commodity prices and the ability of Petrowest to acquire additional assets. Changes in market conditions may adversely affect the trading price of Units.

The Units are not "deposits" within the meaning of the *Canada Deposit Insurance Corporation Act* (Canada) and are not insured under the provisions of that Act or any other legislation. Furthermore, the Trust is not a trust company and, accordingly, is not registered under any trust and loan company legislation as it does not carry on or intend to carry on the business of a trust company.

Unitholder Limited Liability

The Deed of Trust provides that no Unitholder will be subject to any liability in connection with the Trust or its obligations or affairs and, in the event that a court determines that Unitholders are subject to any such liabilities, the liabilities will be enforceable only against, and will be satisfied only out of, the Unitholder's share of the Trust's assets.

The Deed of Trust provides that all written instruments signed by or on behalf of the Trust must contain a provision to the effect that such obligation will not be binding upon Unitholders personally. Personal liability may also arise in respect of claims against the Trust that do not arise under contracts, including claims in tort, claims for taxes and possibly certain other statutory liabilities. The possibility of any personal liability of this nature arising is considered unlikely by the Trust.

The operations of the Trust will be conducted, upon the advice of counsel, in such a way and in such jurisdiction as to avoid as far as possible any material risk of liability on Unitholders for claims against the Trust.

Restrictions on Non-Resident Ownership

The Deed of Trust contains a number of provisions designed to protect the status of the Trust as a "mutual fund trust" under the Tax Act which, *inter alia*, requires that a mutual fund trust cannot be established or maintained primarily for the benefit of persons who are not resident in Canada for purposes of the Tax Act. Under the Proposed Amendments, the requirement would be changed, effective January 1, 2005, to a requirement that not more than 50% (by value) of the outstanding Units may at any time be held by non-residents. If, in the future, Petrowest determines that a risk of losing its mutual fund trust status exists, it is entitled to take a number of actions under the Deed of Trust, including to require Unitholders that it believes are non-residents of Canada to sell their Units, which action may have an adverse effect on the market price of the Units. In addition, there can be no assurances that the Tax Act will not be amended in the future in a manner that would have a material adverse impact on the mutual fund trust status of the Trust.

Dependence on Operating Entities

The Trust is an unincorporated, open-ended, limited purpose mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust that is entirely dependent upon the operations and assets of the Partnerships through the direct and indirect ownership of the Business Units, the Business Notes and the Partnerships Units, respectively. Accordingly, the cash distributions to Unitholders will be dependent upon the ability of Petrowest Business Trust and the Partnerships to pay their interest obligations under the Business Notes and Business Units, respectively.

Return of Capital

Cash distributions do not represent a "yield" in the traditional sense as they may represent both return of capital and return on investment.

Changes in Legislation

There can be no assurance that income tax laws and other governmental programs relating to the oil and gas industry and the energy services industry, such as the status of mutual fund trusts, will not be changed in a manner which adversely affects Unitholders.

Delay in Cash Distributions

In addition to the usual delays in payment by purchasers of the Trust's services, payments between any of such parties may also be delayed by restrictions imposed by lenders, delay in the sale of services or other delays. Such delays may have an impact on distributable income to be distributed to Unitholders.

Additional Financing

There is no guarantee that the Trust will be able to secure additional financing for future costs of operations or expansion. Additional financing may not be available, or may not be available on favorable terms. Where additional financing is raised by the issuance of Units or securities convertible into Units, control of the Trust may change and Unitholders may suffer dilution to their investment. The Trust's activities may also be financed partially or wholly with debt, which may increase the Trust's debt levels above industry standards. The level of the Trust's indebtedness from time to time could impair the Trust's ability to obtain additional financing in the future on a timely basis to take advantage of business opportunities that may arise.

Absence of Prior Public Market

Prior to this offering there has been no public market for the Units. The offering price has been determined by negotiation between the General Partner, on behalf of the Trust and the Underwriters and may bear no relationship to the price at which the Units will trade in the public market subsequent to this offering.

Income Tax Matters

There can be no assurance that Canadian federal or provincial income tax laws and administrative policies respecting the treatment of mutual fund trusts will not be changed in a manner which adversely affects the holders of Units. If the Trust ceases to qualify as a "mutual fund trust" under the Tax Act, the income tax considerations described herein under the heading "Canadian Federal Income Tax Considerations" would be materially and adversely different in certain respects, including that Units would cease to be qualified investments for Plans. The Tax Act imposes penalties for the acquisition or holding of non-qualified investments.

The Budget Proposals included proposed amendments to the Tax Act to restrict direct and indirect holdings in certain "business income trusts" (as defined in the Budget Proposals) by certain tax-exempt entities. On May 18, 2004, the Minister of Finance (Canada) announced that the application of the Budget Proposals relating to business income trusts was suspended to allow further consultation with interested parties. This position was reiterated by the Minister of Finance (Canada) in the press release that accompanied the release of the draft amendments for the

Budget Proposals dated September 16, 2004. As part of the release of the 2005 Federal Budget, the Minister of Finance (Canada) issued further statements in respect of the Budget Proposals advising that the Department of Finance (Canada) would continue to consult stakeholders on tax issues related to business income trusts and other flow-through entities. On September 8, 2005, the Department of Finance (Canada) released a consultation paper on tax and other issues related to publicly listed flow-through entities such as income trusts and limited partnerships and invited interested parties to make submissions prior to December 31, 2005. In addition, on September 19, 2005, the Minister of Finance (Canada) announced that the Government would postpone providing advance tax rulings respecting flow-through entity structures pending these consultations. On November 23, 2005, the Minister of Finance (Canada) announced that the public consultation process had ended and tabled in the House of Commons a Notice of Ways and Means Motion to implement a reduction in personal income tax on dividends paid by public corporations with a view to establishing a better balance between the treatment of large corporations and that of income trusts. No measures were announced with respect to the taxation of flow-through entities and their investors. No assurance may be given that further review of the tax treatment of flow-through entities will not be undertaken or that Canadian federal income tax laws and/or provincial income tax laws respecting flow-through entities will not be changed in a manner which adversely affects the Trust and the Unitholders. To the extent that changes are made, such changes could result in the income tax considerations described under the heading "Canadian Federal Income Tax Considerations" being materially different in certain respects.

Currently, subject to certain exemptions, a trust will not be considered to be a mutual fund trust if it is established or maintained primarily for the benefit of non-residents. On September 16, 2004, the Minister of Finance (Canada) released draft amendments to the Tax Act. Under the draft amendments, a trust would lose its status as a mutual fund trust if the aggregate fair market value of all units issued by the trust held by one or more non-resident persons or partnerships that are not Canadian partnerships is more than 50% of the aggregate fair market value of all the units issued by the trust where more than 10% (based on fair market value) of the trust's property is taxable Canadian property or certain other types of property. If the draft amendments are enacted as proposed, and if, at any time, more than 50% of the aggregate fair market value of Units of the Trust were held by non-residents and partnerships other than Canadian partnerships, the Trust would, unless an exemption were applicable, thereafter cease to be a mutual fund trust. The draft amendments do not currently provide any means of rectifying a loss of mutual fund trust status. On December 6, 2004, the Department of Finance tabled a Notice of Ways and Means Motion which did not include these proposed changes. The Department of Finance indicated that the implementation of the proposed changes would be suspended pending further consultation with interested parties.

Interest on the Business Notes will accrue at the Trust level for Canadian federal income tax purposes, whether or not actually paid. The Deed of Trust provides that a sufficient amount of the Trust's net income and net realized capital gains will be distributed each year to Unitholders in order to eliminate the Trust's liability for tax under Part I of the Tax Act. Where such amount of net income (including interest on the Business Notes) and net realized capital gains of the Trust in a taxation year exceeds the cash available for distribution in the year, such excess net income and net realized capital gains will be distributed to Unitholders in the form of additional Units. Unitholders will generally be required to include an amount equal to the fair market value of those Units in their taxable income, in circumstances when they do not directly receive a cash distribution.

Statutory Remedies

The Trust is not a legally recognized entity within the relevant definitions of the *Bankruptcy and Insolvency Act* (Canada), the *Companies' Creditors Arrangement Act* (Canada) and in some cases, the *Winding Up and Restructuring Act* (Canada). As a result, in the event a restructuring of the Trust were necessary, the Trust and its stakeholders would not be able to access the remedies and procedures available thereunder.

MATERIAL CONTRACTS

The only contracts entered into by the Trust or any of its subsidiaries within the past two years that can reasonably be regarded as material to an investor in the Units, other than contract entered into in the ordinary course of business, are as follows:

- the Deed of Trust described under "Description of the Trust";

- the Business Deed of Trust described under "Description of Petrowest Business Trust";
- the Partnership Agreements described under "Description of the Partnerships";
- the Administration Agreement described under "Administration Agreement";
- the Underwriting Agreement described under "Plan of Distribution";
- the Shareholders Agreement described under "Shareholders Agreement";
- the Purchase and Sale Agreements described under "Acquisition of the Acquired Companies";
- the Note Indenture described under "Description of Petrowest Business Trust"; and
- the Escrow Agreement described under "Escrowed and Subordinated Securities".

Copies of these contracts may be inspected during normal business hours at the Calgary office of the Trust at • during the period of distribution and at the Toronto office of the Trust's counsel at Suite 3400, 1 First Canadian Place, Toronto, Ontario.

EXPERTS

Certain legal matters relating to the Units will be passed upon on behalf of the Trust by Bennett Jones LLP and on behalf of the Underwriters by Stikeman Elliott LLP. None of Bennett Jones LLP, Stikeman Elliott LLP or any associate or partner thereof has received or will receive a direct or indirect interest in the property of the Trust. The partners and associates of Bennett Jones LLP, as a group and the partners and associates of Stikeman Elliott LLP, as a group, own, directly or indirectly, less than 1% of the securities of the Trust, except for Bradley D. Markel, a partner of Bennett Jones LLP and Corporate Secretary of the General Partner, who is the settlor of the Trust and currently owns the Initial Trust Unit.

LEGAL PROCEEDINGS

Management is not aware of any material litigation outstanding, threatened or pending by or against the Trust, Petrowest Business Trust, the Partnerships, Acquisitionco or the General Partner.

INTERESTS OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

Other than as disclosed elsewhere in this prospectus, none of the Directors, officers or principal shareholders of the Trust or the General Partner, and no associate or affiliate of any of them, has or has had any material interest in any transaction which materially affects the Trust, the General Partner, Acquisition or the Partnerships. Kenneth N. Drysdale and Gary Sweetman are principals of Neuwest Equipment which has entered into an acquisition agreement with Acquisitionco. See "Acquisition of the Acquired Companies".

PROMOTERS

Messrs. Ken N. Drysdale and Gary Sweetman may be considered promoters of the Trust (collectively, the "Promoters"). The number and percentage of Units each of the Promoters will hold at Closing is outlined in the following table:

Name	Number of Units[1][2]	Percentage of Outstanding Units[1]
Kenneth N. Drysdale	561,505[3]	•
Gary Sweetman	561,505[4]	•

Notes:

(1) After giving effect to this offering and the Concurrent Acquisitions and including Subordinated Units.
(2) Disclosed Units include, in certain circumstances, Units to be held by members of the named person's immediate family.
(3) Mr. Drysdale acquired 250,000 Subordinated Units pursuant to a subscription agreement between Mr. Drysdale and the Trust dated July 6, 2006 and will acquire 311,505 Trust Units pursuant to the Purchase and Sale Agreement among Messrs. Drysdale and Sweetman, Neuwest Equipment and Acquisitionco.
(4) Mr. Sweetman acquired 250,000 Subordinated Units pursuant to a subscription agreement between Mr. Sweetman and the Trust dated July 6, 2006 and will acquire 311,505 Trust Units pursuant to the Purchase and Sale Agreement among Messrs. Drysdale and Sweetman, Neuwest Equipment and Acquisitionco.

In certain circumstances, payments of distributions on the Subordinated Units held by the Promoters will be subordinate to the prior payment of distributions to public Unitholders holding Trust Units. See "Description of the Trust – Units" and "Escrowed and Subordinated Securities".

AUDITOR

The auditor of the Trust is PricewaterhouseCoopers LLP, Chartered Accountants, 3100, 111 - 5th Avenue S.W., Calgary, Alberta.

TRANSFER AGENT AND REGISTRAR

The registrar and transfer agent for the Units is Valiant Trust Company at its offices in Calgary, Alberta and its co-agent in Toronto, Ontario is BNY Trust Company of Canada.

PURCHASERS' STATUTORY RIGHTS

Securities legislation in certain provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that such remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF 332691 ALBERTA LTD. and GORDON BROS. CONSTRUCTION LTD.

The following management's discussion and analysis of financial condition and results of operations should be read in conjunction with the audited consolidated financial statements of Gordon Bros. Construction Ltd. as at and for the years ended September 30, 2005, 2004 and 2003 and the unaudited consolidated financial statements of Gordon Bros. Construction Ltd. as at and for the three and six months ended March 31, 2006 and 2005 included elsewhere in this prospectus.

Overview and Net Earnings

Gordon Bros. Construction maintains a fleet of rolling stock equipment specializing in oil and gas lease building and road construction in the Valleyview area of Northern Alberta.

Gordon Bros. Construction's results are directly impacted by the overall health of the Alberta oil and gas industry. The recent strength in the commodity market has steadily increased demand for Gordon Bros. Construction's services.

The effects of weather usually have a direct impact on Gordon Bros. Construction. Oil and gas drilling activity is generally stronger November through March. Wet weather in the spring and early summer months hinder the activity, which regains strength in July and August. Therefore, a longer, colder winter and drier spring and summer enhances Gordon Bros. Construction's results.

Revenue for the six months ended March 31, 2006 was $6,607,050 compared to $5,390,779 for the six months ended March 31, 2005 (22.6% growth). Revenue for the year ended September 30, 2005 was $8,604,638 compared to $7,779,706 for the year ended September 30, 2004 (10.6% growth). The growth is primarily a function of the increased activity in the Alberta oil and gas industry and an increased equipment fleet and team to meet additional demand.

Gordon Bros. Construction's net earnings have steadily increased over the past three years in conjunction with the growth in revenue. Primarily to reduce taxable income to the small business limit, Gordon Bros. Construction pays management bonuses to its management. A portion of the management bonus has been reinvested back into the business.

Reconciliation of Net Earnings to EBITDA and ADJUSTED EBITDA

$000s	Six months ended March 31, 2006	Six months ended March 31, 2005	Year ended September 30, 2005	Year ended September 30, 2004	Year ended September 30, 2003

* The terms EBITDA and ADJUSTED EBITDA are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. ADJUSTED EBITDA is a Non-GAAP measure that in management's opinion represents a better measure of cash liquidity than EBITDA since the bonuses were primarily paid to reduce taxable income to the small business limit.

ADJUSTED EBITDA has increased by 36.3% over the past three years.

Results of Operations

Revenue and Operating and Administrative Expenses

$000s	Six months ended March 31, 2006	Six months ended March 31, 2005	Year ended September 30, 2005	Year ended September 30, 2004	Year ended September 30, 2003
Revenue	**6,607**	**5,391**	**8,605**	**7,780**	**6,632**
Operating and Administrative Expenses	(4,368)	(3,630)	(6,355)	(6,021)	(4,782)
Earnings after Operating and Administrative Expenses	**2,239**	**1,761**	**2,250**	**1,759**	**1,850**
Earnings percentage	**33.9%**	**32.7%**	**26.1%**	**22.6%**	**27.9%**

Revenue

Revenue for the six months ended March 31, 2006 was $6,607,050 compared to $5,390,779 for the six months ended March 31, 2005 (22.6% growth). Gordon Bros. Construction has also increased its revenue by 29.8% over the period from 2003 to 2005. The growth is primarily a result of:

- *Increased demand.* The demand for lease construction in the Western Canadian Sedimentary Basin has increased with the increase of wells drilled. There were 21,841, 22,729, 24,800, and 26,725 (estimated by the CAPP) rig-released wells drilled in Western Canada for 2003, 2004, 2005, and 2006E respectively. This growth in drilling activity reflects a 13.5% increase over the period from 2003 to 2005.

- *Increased job rates.* The increased demand has driven an increase in rates.

- *Increased equipment fleet and personnel.* Gordon Bros. Construction has undertaken a conservative growth strategy with respect to expansion of its fleet of equipment and personnel since 2003. Annual capital additions since 2003 have been made at a rate of between 4%-8% of annual revenue.

Operating and Administrative Expenses

Gordon Bros. Construction's operating and administrative expenses increased by 20.3% for the six months ending March 31, 2006 over the six months ending March 31, 2005. This increase is primarily as a result of the increased number of jobs performed. The increase in operating and administrative expenses did outpace the increase in revenue, however, due to escalating fuel costs, wages, safety costs, insurance costs, and equipment rental costs, management believes that escalating costs can be passed on to clients and the current shortfall reflects short term timing differences and not a general decline in margins. Operating and administrative expenses increased 32.9% over the years from 2003 to 2005 as compared to a 29.8% increase in revenue. Thus, Gordon Bros. Construction has been able to maintain is cost structure over the past three years.

Earnings After Operating and Administrative Expenses

Gordon Bros. Construction's earnings percentage for the six months ending March 31, 2006 was 33.9%, which was fairly consistent with the earnings percentage achieved for the six months ending March 31, 2005 of 32.7%. Over the three year period from 2003 to 2005 the earnings percentage has held constant in the 22%-28% range.

Other Expenses

$000s	Six months ended March 31, 2006	Six months ended March 31, 2005	Year ended September 30, 2005	Year ended September 30, 2004	Year ended September 30, 2003
Amortization	572	539	1,210	1,001	691
Interest - net	32	51	111	132	108
Loss (Gain) on disposal of property and equipment	(86)	(85)	(261)	(75)	8
Loss (Gain) on disposal of investment	-	-	-	20	-
Management Bonus	1,611	1,110	612	273	976
	2,129	**1,615**	**1,672**	**1,351**	**1,783**

Amortization

The steady increase in amortization expense is related to the continued growth in the equipment fleet.

Interest

The interest expense has remained fairly constant during the past three year period. The capital leases outstanding have been $2,051,433, $2,717,879, and $2,451,076 for the periods ending March 31, 2006, September 30, 2005, and September 30, 2004 respectively.

Management Bonus

Management bonuses are paid to the management of Gordon Bros. Construction primarily to eliminate taxable income over the small business limit.

Income Taxes

$000s	Six months ended March 31, 2006	Six months ended March 31, 2005	Year ended September 30, 2005	Year ended September 30, 2004	Year ended September 30, 2003
Current income taxes	18	24	48	58	14
Future income taxes	-	-	45	12	-
	18	**24**	**93**	**70**	**14**

Current income taxes declined in 2005 due to a heightened management bonus declared primarily to reduce taxable income to the small business limit.

Capital Expenditures

$000s	Six months ended March 31, 2006	Six months ended March 31, 2005	Year ended September 30, 2005	Year ended September 30, 2004	Year ended September 30, 2003
Capital expenditures	**240**	**206**	**406**	**324**	**486**

Gordon Bros. Construction has undertaken a conservative growth strategy with respect to expansion of its fleet of equipment since 2003. Annual capital additions since 2003 have been made at a rate of between 4%-8% of annual revenue. Management expects to continue to expand rolling stock to meet industry demand in such a way as to maximize equipment utilization.

Contractual Obligations – Payments Due by Period

	As at March 31, 2006	As at September 30, 2005				
$000s	**Total**	**< 1 year**	**1 - 3 Years**	**4 - 6 Years**	**Thereafter**	**Total**
Obligations under capital lease [1]	2,051	1,205	1,277	236	-	2,718
Shareholder advances [2]	557	281	-	-	-	281
	2,608	1,486	1,277	236	-	2,999

Notes:
(1) Capital lease obligations are described under Note 7 to the September 30, 2005 Consolidated Financial Statements.
(2) Shareholder advances are described under Note 8 to the September 30, 2005 Consolidated Financial Statements.

Liquidity

Operating Cash Flow

Gordon Bros. Construction's cash flow from operating activities for the six months ending March 31, 2006 increased by $307,555 from the six months ending March 31, 2005. The increase is associated with a small decline in net earnings and changes in operating working capital.

Gordon Bros. Construction's cash flow from operating activities in 2005 increased by $41,158 over 2004. Although net earnings increased over the same two periods, changes in non-cash working capital and the non-cash gain on the disposal of assets more than offset the difference.

Working Capital

$000s	As at March 31, 2006	As at September 30, 2005	As at September 30, 2004
Cash and marketable securities	366	(184)	(190)
Accounts receivable	1,990	1,608	1,073
Prepaids	1	-	-
Inventory	344	373	-
Current portion of note receivable	29	35	-
Accounts payable and accrued liabilities	(700)	(698)	(876)
Income taxes payable	-	(7)	(19)
Current portion of obligations under capital lease	(1,007)	(1,205)	(1,038)
Working capital before accrued management bonus and shareholder advances	**1,023**	**(78)**	**(1,050)**
Accrued management bonus	(1,611)	(732)	-
Shareholder advances	(557)	(281)	(350)
Working capital	**(1,145)**	**(1,091)**	**(1,400)**

Gordon Bros. Construction pays management bonuses annually to reduce taxable income to the small business limit. A portion of the bonus is loaned back to Gordon Bros. Construction resulting in an increase to the shareholder advances and a portion remains on the balance sheet as payables. Thus, there is a downward impact on working capital from both the shareholder advances and the accrued management bonus accounts; a normalized business structure would therefore have a greater working capital amount.

Financing

Gordon Bros. Construction's primary sources of financing are from two sources: capital leases and shareholder advances.

As at March 31, 2006, Gordon Bros. Construction had $2,051,433 in capital leases. The leases are secured by the related capital assets. The leases bear interest at various fixed rates ranging from 0.0% to 7.8% and differing maturities up to May 2009.

Shareholder advances increased by $275,811 from September 30, 2005 to March 31, 2006. These advances have been used for working capital purposes and to partially fund capital asset additions. These advances are unsecured, interest free, and repayable on demand.

Share Capital

$	As at March 31, 2006	As at September 30, 2005	As at September 30, 2004
346 Class A shares	44	44	44
Share capital	**44**	**44**	**44**

Financial Instruments

Fair Value

The carrying value of cash, accounts receivable, note receivable, bank overdraft, accounts payable and accrued liabilities and accrued management bonus, approximate their fair value due to the relatively short period to maturity

of the instruments and interest rates attached to the instruments. The fair values of shareholder advances and obligations under capital lease are not practicably determinable.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include the analysis of financial position of its customers and the regular review of their credit limits.

As at March 31, 2005, the Company had 90% of accounts receivable (unaudited) (September 30, 2005 – 71%; 2004 – 50%) from three customers.

Interest rate risk

The Company is exposed to interest rate risk in respect of the obligations under capital lease which bear fixed and fluctuating rates of interest.

Related Party Transactions

The Company is related to 1103710 Alberta Ltd. which is owned by a relative of one of the shareholders of the Company. During the six month period ended March 31, 2006, the Company had property and equipment rental expense of $nil (unaudited) (years ended September 30, 2004 - $20,000; 2004 - $nil) to the related company. During the six month period ended March 31, 2006, the Company expensed $60,000 (unaudited) related to management fees (September 30, 2005 - $140,000; 2004) of which $60,000 (unaudited) was included in accrued liabilities as at March 31, 2006 (September 30, 2005 - $120,000).

These transactions are measured at the exchange amount, which are estimated to equal market values.

Critical Accounting Estimates and Accounting Policies

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimate in Gordon Bros. Construction's financial statements is the amortization period for capital equipment.

Accounting Policies

Gordon Bros. Construction prepares its financial statements in accordance with Canadian GAAP. Accounting policies have been applied consistently during all periods included in the financial statements. There were no new accounting policies implemented during the periods presented.

Key Risks and Uncertainties

See "Risk Factors" for a description of key risks and uncertainties.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF ROY LARSON CONSTRUCTION LTD.

The following management's discussion and analysis of financial condition and results of operations should be read in conjunction with the audited financial statements of Roy Larson Construction as at and for the years ended May 31, 2005, 2004 and 2003 and the unaudited financial statements of Roy Larson Construction as at and for the three and nine months ended February 28, 2006 and 2005 included elsewhere in this prospectus.

Overview and Net Earnings

Roy Larson Construction maintains a fleet of rolling stock equipment specializing in oil and gas lease building and road construction and private subdivision grading in the Grande Prairie area of Northern Alberta. Roy Larson Construction's results are directly impacted by the overall health of the Alberta oil and gas industry. The recent strength in the commodity market has steadily increased demand for Roy Larson Construction's services.

The effects of weather usually have a direct impact on the company. Oil and gas drilling activity is generally stronger November through March. Wet weather in the spring and early summer months hinder the activity, which regains strength in July and August. Therefore, a longer, colder winter and drier spring and summer enhances Roy Larson Construction's results.

Revenue for the nine months ended February 28, 2006 was $17,011,548 compared to $14,766,618 for the nine months ended February 28, 2005 (15.2% growth). Revenue for the year ended May 31, 2005 was $18,442,453 compared to $13,280,703 for the year ended May 31, 2004 (38.9% growth). The growth is primarily a function of the increased activity in the Alberta oil and gas industry and an increased equipment fleet to meet additional demand.

Roy Larson Construction's net earnings have not fluctuated significantly from year to year because Roy Larson Construction pays management bonuses to its management primarily to reduce taxable income to the small business limit. A significant portion of such bonuses are reinvested back into Roy Larson Construction by way of shareholder advances.

Reconciliation of Net Earnings to EBITDA and ADJUSTED EBITDA

$000s	Nine months ended Feb. 28, 2006	Nine months ended Feb. 28, 2005	Year ended May 31, 2005	Year ended May 31, 2004	Year ended May 31, 2003
***ADJUSTED EBITDA**	**6,090**	**5,439**	**5,767**	**3,862**	**2,367**

Interest – net	(214)	(197)	(252)	(176)	(163)
Income taxes	(209)	(87)	(49)	(93)	(7)
Net Earnings	**1,084**	**447**	**314**	**425**	**17**

* The terms EBITDA and ADJUSTED EBITDA are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. ADJUSTED EBITDA is a Non-GAAP measure that in management's opinion represents a better measure of cash liquidity than EBITDA since the bonuses were primarily paid to reduce taxable income to the small business limit.

ADJUSTED EBITDA has increased by 144% since 2003.

Reconciliation of EBITDA to Cash Flow from Operations

$000s	Nine months ended Feb. 28, 2006	Nine months ended Feb. 28, 2005	Year ended May 31, 2005	Year ended May 31, 2004	Year ended May 31, 2003
***EBITDA**	**3,567**	**2,238**	**2,795**	**2,322**	**1,348**
Interest – net	(214)	(197)	(252)	(176)	(163)
(Gain) Loss on disposal of equipment	(482)	26	(83)	(282)	-

Earnings percentage	**33.0%**	**37.0%**	**30.8%**	**27.0%**	**19.3%**

Revenue

Revenue for the nine months ended February 28, 2006 was $17,011,548 compared to $14,766,618 for the nine months ended February 28, 2005 (15.2% growth). Roy Larson Construction has also increased its revenue by 50.3% over the period from 2003 to 2005. The growth is primarily a result of:

- *Increased demand.* The demand for lease construction in the Western Canadian Sedimentary Basin has increased with the increase of wells drilled. There were 21,841, 22,729, 24,800, and 26,725 (estimated by the CAPP) rig-released wells drilled in Western Canada for 2003, 2004, 2005, and 2006E respectively. This growth in drilling activity reflects a 13.5% increase over the period from 2003 to 2005.

- *Additional equipment.* Roy Larson Construction increased its equipment fleet throughout 2004 and 2005, including an additional camp brought on toward the end of 2004. This expansion represents an aggressive growth strategy with respect to expansion of its fleet of equipment and personnel since 2003. Annual capital additions since 2003 have been made at a rate of between 10%-15% of annual revenue.

- *Increased number of jobs performed.* The increase in the fleet has allowed Roy Larson Construction to meet the increase in demand.

- *Increased job rates.* The increased demand has driven an increase in rates.

Operating and Administrative Expenses

Roy Larson Construction's operating and administrative expenses increased by 22.6% in the nine months ending February 28, 2006 over the nine months ending February 28, 2005. This increase is primarily as a result of the increased number of jobs performed. The increase in operating costs did outpace the increase in revenue, however, due to escalating fuel costs, wages, safety costs, insurance costs, and equipment rental costs. Management believes that escalating costs can be passed on to clients and the current differential reflects short term timing differences and not a general decline in margins. Operating and administrative expenses only increased 28.9% over the years from 2003 to 2005 as compared to a 50.3% increase in revenue.

Earnings after Operating and Administrative Expenses

Roy Larson Construction's earnings percentage for the nine months ending February 28, 2006 fell from 37.0% for the nine months ending February 28, 2005 to 33.0%. The decrease was primarily a result of the sharp increase of operating costs such as fuel, wages, safety, insurance, and equipment rentals. In the long run, however, Roy Larson Construction has been able to expand its earnings percentage (19.3% in 2003 to 30.8% in 2005). The recovery of the oil and gas industry began in 2003 and the sector activity has accelerated at a heightened pace since.

Other Expenses

$000s	Nine months ended Feb. 28, 2006	Nine months ended Feb. 28, 2005	Year ended May 31, 2005	Year ended May 31, 2004	Year ended May 31, 2003
Amortization	2,060	1,507	2,180	1,628	1,161
Interest – total	214	197	252	176	163
Loss (Gain) on disposal of equipment	(482)	26	(83)	(282)	-
Management bonus	2,523	3,201	2,972	1,540	1,019
	4,315	**4,931**	**5,321**	**3,062**	**2,343**

Amortization

The increase in amortization expense is related to capital asset purchases including assets purchased through capital leases of $2,555,158 in 2003, $4,103,152 in 2004, $5,240,481 in 2005, and $4,753,772 for the nine months ending February 28, 2006. Amortization is applied on a declining balance basis at various rates as described in the financial statements.

Interest

The increase in interest expense relates to additional net debt of $1,465,642 in 2005 and $1,373,812 in the nine months ending February 28, 2006.

Management Bonus

Management bonuses are paid to the management of Roy Larson Construction primarily to eliminate taxable income over the small business limit.

Income Taxes

$000s	Nine months ended Feb. 28, 2006	Nine months ended Feb. 28, 2005	Year ended May 31, 2005	Year ended May 31, 2004	Year ended May 31, 2003
Current income taxes	135	91	30	29	3
Future income taxes (recovery)	74	(4)	19	64	4
	209	**87**	**49**	**93**	**7**

Current income taxes remained fairly consistent during the periods due to management bonuses declared to reduce taxable income to the small business limit.

Capital Expenditures

$000s	Nine months ended Feb. 28, 2006	Nine months ended Feb. 28, 2005	Year ended May 31, 2005	Year ended May 31, 2004	Year ended May 31, 2003
Capital expenditures	**1,608**	**926**	**2,020**	**2,044**	**1,233**

Roy Larson Construction has invested in additional pieces of rolling stock equipment since 2003 to meet the increased demand for services. Annual capital additions since 2003 have been made at a rate of between 10%-15% of annual revenue. Consequently, as a result of this aggressive expansion, a large portion of Roy Larson Construction's equipment is relatively new. Management expects to continue to expand rolling stock to meet industry demand in such a way as to maximize equipment utilization.

Contractual Obligations – Payments Due by Period

	As at February 28, 2006	As at May 31, 2005				
$000's	Total	< 1 year	1 - 3 Years	4 - 6 Years	Thereafter	Total
Callable Debt [1]	1,854	1,483	-	-	-	1,483
Capital lease obligations [2]	4,689	1,993	1,694	-	-	3,687
Shareholder advances [3]	3,053	1,467	-	-	-	1,467

		5,695	2,076			7,771

Notes:
(1) Capital lease obligations are described under Note 6 to the May 31, 2005 Financial Statements.
(2) Callable debt obligations are described under Note 5 to the May 31, 2005 Financial Statements.
(3) Shareholder advances are described under Note 7 to the May 31, 2005 Financial Statements.
(4) Operating leases are described under Note 9 to the May 31, 2005 Financial Statements. There have been no material changes in operating leases during the interim period that are outside the ordinary course of the company's business.

Liquidity

Operating Cash Flow

Roy Larson Construction's cash flow from operating activities for the nine months ending February 28, 2006 decreased by $1,504,903 from the nine months ending February 28, 2005. Although net earnings to February 28, 2006 were greater by $637,139 than the net earnings for the same period in 2005 changes in non-cash working capital more than offset the increase.

Roy Larson Construction's cash flow from operating activities in 2005 increased by $1,102,186 over 2004.

Working Capital

$000s	As at Feb. 28, 2006	As at May 31, 2005	As at May 31, 2004

Roy Larson Construction pays management bonuses annually primarily to reduce taxable income to the small business limit. Thus, there is a downward impact on working capital from the accrued management bonus account; a normalized business structure would therefore have a greater working capital amount.

Financing

Roy Larson Construction's primary sources of financing are from three sources: long-term debt, capital leases, and shareholder advances.

As at February 28, 2006, Roy Larson Construction had $1,854,151 in long-term debt. The debt is broken down into two term loans and secured by related capital assets. The debt is primarily used to finance equipment purchases and range in maturity and rates.

As at February 28, 2006, Roy Larson Construction had $4,689,288 in capital leases. The leases are secured by the related capital assets. The rates range from 0.0% to 6.59% and differing maturities up to September 2009.

Shareholder advances increased by $1,585,484 from May 31, 2005 to February 28, 2006. These advances have been used for working capital purposes and to partially fund capital asset additions. These advances are unsecured, interest free, and repayable on demand.

Share Capital

Class A shares	150	150	150

Financial Instruments

Fair Value

The carrying value of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities and accrued management bonus approximate their fair value due to the relatively short term to maturity of the instruments. The fair value of shareholder advances and capital lease obligations are not practicably determinable. The fair value of long-term debt approximates carrying values as the interest rates approximates the market rates.

Credit risk

The Company is exposed to credit risk on the account receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include an analysis of the financial position of its customer and the regular review of their credit limits.

As at February 28, 2006, 65% (unaudited) (May 31, 2005 – 73%; May 31, 2004 – 83%) of the accounts receivable of the Company were from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of the long-term debt which bears fixed and floating rates of interest.

Related Party Transactions

Roy Larson Construction pays an annual bonus to its shareholders to reduce the taxable income to the small business limit.

Critical Accounting Estimates and Accounting Policies

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimate in Roy Larson Construction's financial statements is the amortization period for capital equipment.

Accounting Policies

Roy Larson Construction prepares its financial statements in accordance with Canadian GAAP. Accounting policies have been applied consistently during all periods included in the financial statements. There were no new accounting policies implemented during the periods presented.

Key Risks and Uncertainties

See "Risk Factors" for a description of key risks and uncertainties.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF 310423 ALBERTA LTD. and WALES CONTRACTORS LTD.

The following management's discussion and analysis of financial condition and results of operations should be read in conjunction with the audited consolidated financial statements of Wales Contractors as at and for the years ended August 31, 2005, 2004 and 2003 and the unaudited consolidated financial statements of Wales Contractors as at and for the three and six months ended February 28, 2006 and 2005 included elsewhere in this prospectus.

Overview and Net Earnings

Wales Contractors maintains a fleet of rolling stock equipment specializing in oil and gas lease building and road construction and private subdivision grading in the Grande Prairie area of Northern Alberta. Wales Contractors' results are directly impacted by the overall health of the Alberta oil and gas industry. The recent strength in the commodity market has steadily increased demand for Wales Contractors' services.

Weather has a direct impact on Wales Contractors. Oil and gas drilling activity is generally stronger November through March. Wet weather in the spring and early summer months hinder the activity, which regains strength in July and August. Therefore, a longer, colder winter and drier spring and summer generally enhances Wales Contractors' results.

Revenue for the six months ended February 28, 2006 was $10,767,981 compared to $10,703,652 for the six months ended February 28, 2005. Revenue for the year ended August 31, 2005 was $19,088,080 compared to $11,021,096 for the year ended August 31, 2004 (73.2% growth). The growth is primarily a function of the increased activity in the Alberta oil and gas industry and an increased equipment fleet to meet additional demand.

Wales Contractors' net earnings have not fluctuated significantly from year to year because Wales Contractors pays management bonuses to its management primarily to reduce taxable income to the small business limit.

Reconciliation of Net Earnings to EBITDA and ADJUSTED EBITDA

* The terms EBITDA and ADJUSTED EBITDA are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. ADJUSTED EBITDA is a Non-GAAP measure that in management's opinion represents a better measure of cash liquidity than EBITDA since the bonuses were primarily paid to reduce taxable income to the small business limit.

ADJUSTED EBITDA has increased by 116% since 2003.

Earnings percentage	**32.0%**	**33.6%**	**31.5%**	**34.3%**	**33.6%**

Revenue

Revenue for the six months ended February 28, 2006 was $10,767,981 compared to $10,703,652 for the six months ended February 28, 2005. In the years ended August 31, 2003 to August 31, 2005, Wales Contractors has also increased its revenue by 118.9%. The growth is primarily a result of:

- *Increased demand.* The demand for lease construction in the Western Canadian Sedimentary Basin has increased with the increase of wells drilled. There were 21,841, 22,729, 24,800, and 26,725 (estimated by the Canadian Association of Petroleum Producers ("CAPP")) rig-released wells drilled in Western Canada for 2003, 2004, 2005, and 2006E respectively. This growth in drilling activity reflects a 13.5% increase over the period from 2003 to 2005.

- *Greater Utilization.* The increased activity in the Western Canadian Sedimentary Basin has forced oil and gas companies to commit to contracts for a string of lease construction jobs as opposed to one job at a time. This has resulted in less down time for crews and greater utilization of manpower and equipment.

- *Increased job rates.* The increased demand has driven an increase in rates.

- *Increased number of crews.* Wales Contractors has increased its number of crews from six to eight to meet the increased demand.

Operating and Administrative Expenses

Wales Contractors' operating and administrative expenses increased by 3.1% for the six months ending February 28, 2006 over the six months ending February 28, 2005. This increase is primarily as a result of the increased number of jobs performed. The increase in operating costs did outpace the increase in revenue, however, due to escalating fuel costs, wages, safety costs, repairs and maintenance costs, and equipment rental costs. Management believes that escalating costs can be passed on to clients and the current shortfall reflects short term timing differences and not a general decline in margins. Operating and administrative expenses increased 126.0% over the years from 2003 to 2005 as compared to a 118.9% increase in revenue. The decline in margin occurred in 2005, and this reflects the extremely wet weather in the Grande Prairie area in the summer of 2005, and the cost escalations described above.

Earnings after Operating and Administrative Expenses

Wales Contractors' earnings percentage for the six months ending February 28, 2006 was 32.0%, which was fairly consistent with the earnings percentage achieved for the six months ending February 28, 2005 of 33.6%. Over the three year period from 2003 to 2005 the earnings percentage has held constant in the 31.5% to 34.3% range. Management believes that current declines are the result of escalating costs that will ultimately be able to be passed on to clients in the way of rate increases.

Other Expenses

$000s	Six months ended February 28, 2006	Six months ended February 28, 2005	Year ended August 31, 2005	Year ended August 31, 2004	Year ended August 31, 2003
Amortization	1,146	1,234	2,111	1,729	1,393
Interest - net	46	65	140	93	170
Loss (Gain) on disposal of property and equipment	-	(374)	(432)	(151)	(60)
Loss (Gain) on disposal of investment	-	10	(14)	(2)	(1)
Management Bonus	1,990	2,303	3,900	1,720	1,160
	3,182	**3,238**	**5,705**	**3,389**	**2,662**

Amortization

The steady increase in amortization expense is related to the continued growth in the equipment fleet as new crews were added. Amortization of contractor's equipment is applied on a five year straight-line basis. Automobiles and automotive equipment are amortized using a 20% to 30% declining balance method. Other equipment is amortized using a 10% to 30% declining balance method.

Interest

The decrease in interest expense relates to the reduction of the average cost of capital leases. Wales Contractors had $3,623,020 as at February 28, 2006 versus $3,677,765 in capital leases outstanding as at August 31, 2004.

Management Bonus

Management bonuses are paid to the management of Wales Contractors primarily to eliminate taxable income over the small business limit.

Income Taxes

$000s	Six months ended February 28, 2006	Six months ended February 28, 2005	Year ended August 31, 2005	Year ended August 31, 2004	Year ended August 31, 2003
Current income taxes	56	63	13	95	35
Future income taxes	(12)	(3)	11	(50)	14
	44	**60**	**24**	**45**	**49**

Current income taxes declined in 2005 due to heightened management bonuses declared to reduce taxable income to the small business limit.

Capital Expenditures

$000s	Six months ended February 28, 2006	Six months ended February 28, 2005	Year ended August 31, 2005	Year ended August 31, 2004	Year ended August 31, 2003
Capital expenditures	**290**	**1,671**	**2,569**	**1,200**	**814**

Wales Contractors has invested in additional pieces of rolling stock equipment since 2003 to meet the increased demand for services. Annual capital additions since 2003 have been made at a rate of between 9%-14% of annual revenue. Consequently, as a result of the expansion, a large portion of Wales equipment is relatively new. Management expects to continue to expand rolling stock to meet industry demand in such a way as to maximize equipment utilization. Expansion in 2006 has been delayed due to delays in delivery on new equipment. Delivery is anticipated in the third quarter of 2006.

Contractual Obligations – Payments Due by Period

	As at February 28, 2006	As at August 31, 2005				
$000's	Total	< 1 year	1-3 years	4-6 years	Thereafter	Total
Obligations under capital lease [1]	3,623	1,822	2,096	-	-	3,918
Shareholder advances [2]	47	2	-	-	-	2
	3,670	1,824	2,096	-	-	3,920

Notes:

(1) Obligations under capital lease described under Note 7 to the August 31, 2005 Consolidated Financial Statements.

(2) Shareholder advances are described under Note 6 to the August 31, 2005 Consolidated Financial Statements.

Liquidity

Operating Cash Flow

Wales Contractors' cash flow from operating activities for the six months ending February 28, 2006 increased by $305,073 from the six months ending February 28, 2005. Although net earnings decreased, the gain on disposal of property was a $374,309 non-cash item in the six months ending February 28, 2005. There was no such item for the same period in 2006.

Wales Contractors' cash flow from operating activities in 2005 increased by $244,037 over 2004. Although net earnings decreased over the same two periods, changes in non-cash working capital more than offset the difference.

Working Capital

$000s	As at February 28, 2006	As at August 31, 2005	As at August 31, 2004
Cash and marketable securities	1,054	428	421
Accounts receivable	4,318	4,263	3,022
Inventory	52	-	-
Prepaid expenses and deposits	161	60	50
Income taxes recoverable	16	54	-
Accounts payable and accrued liabilities	(669)	(311)	(794)
Income taxes payable	(20)	(16)	(22)
Current portion of obligations under capital lease	(2,222)	(1,822)	(1,652)
Working capital before Accrued management bonus and Shareholder advances	**2,690**	**2,656**	**1,025**
Accrued management bonus	(4,081)	(3,900)	(1,720)
Shareholder advances	(47)	(2)	(47)
Working capital	**(1,438)**	**(1,246)**	**(742)**

Wales Contractors pays management bonuses annually to reduce taxable income to the small business limit. Thus, there is a downward impact on working capital from both the shareholder advances and the accrued management bonus accounts; a normalized business structure would therefore have a greater working capital amount.

Financing

Wales Contractors' primary sources of financing are from two sources: capital leases, and shareholder advances.

As at February 28, 2006, Wales Contractors had $3,623,020 in capital leases. The leases are secured by the related capital assets. The leases bear interest at various fixed rates ranging from 0.00% to 5.65% and differing maturities up to 2008.

Shareholder advances increased by $44,592 from August 31, 2005 to February 28, 2006. These advances have been used for working capital purposes and to partially fund capital asset additions. These advances are unsecured, interest free, and repayable on demand.

Share Capital

$	As at February 28, 2006	As at August 31, 2005	As at August 31, 2004
200 class A common shares	200	200	200
460 class B shares	138	138	138
Share capital	**338**	**338**	**338**

Financial Instruments

Fair Value

The carrying value of cash and cash equivalents, accounts receivable, bank indebtedness, accounts payable and accrued liabilities and accrued management bonus approximate their fair value due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair value of amounts due from related company, shareholder advance and obligations under capital leases are not practicably determinable.

Credit risk

The Company is exposed to credit risk on the account receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include the analysis of financial position of its customer and the regular review of their credit limits.

As at February 28, 2006, 70% (unaudited) (August 31, 2005 – 89%; 2004 – 83%) of the accounts receivable of the Company was from three customers.

Interest rate risk

The Company is exposed to interest rate risk which bears fixed rates of interest, primarily through its capital lease obligations.

Related Party Transactions

The Company paid $60,000 (unaudited) during the six month periods ended February 28, 2006 (2005 - $80,439) (unaudited) (years ended August 31, 2005 - $114,000; 2004 - $72,000; 2003 - $72,000) to a company related by virtue of common ownership, for equipment rental expenses and $12,708 (unaudited) during the six months ended February 28, 2006 (year ended August 31, 2005 - $82,666; 2004 - $nil; 2003 - $nil) for freight expense. The Company also sold assets with the net book value of $nil (unaudited) during the six months ended February 28, 2006 and 2005 (years ended August 31, 2005 - $140,712; 2004 - $1,606; 2003 - $nil) to a related party. All related party transactions have been recorded at the exchange amount.

Critical Accounting Estimates and Accounting Policies

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimate in Wales Contractors' financial statements is the amortization period for capital equipment.

Accounting Policies

Wales Contractors prepares its financial statements in accordance with Canadian GAAP. Accounting policies have been applied consistently during all periods included in the financial statements. There were no new accounting policies implemented during the periods presented.

Key Risks and Uncertainties

See "Risk Factors" for a description of key risks and uncertainties.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF 404434 ALBERTA CORPORATION (D&D WELL SERVICES), 756171 ALBERTA CORPORATION AND 756169 ALBERTA CORPORATION

The following management's discussion and analysis of financial condition and results of operations should be read in conjunction with the audited combined financial statements of D&D Well Services as at and for the years ended December 31, 2005, 2004 and 2003 and the unaudited combined financial statements of D&D Well Services as at and for the three months ended March 31, 2006 and 2005 included elsewhere in this prospectus.

These financial statements have been prepared on a combined basis, commencing in 2005 when 756171 Alberta Corporation and 756169 Alberta Corporation were incorporated, as they are under common control and managed by a common company. The balances are presented after elimination of inter-company transactions and balances.

Overview and Net Earnings

D&D Well Services maintains a fleet of rolling stock equipment specializing in drilling rig, service rig and heavy equipment relocation services in the Grande Prairie area of Northern Alberta. D&D Well Services' results are directly impacted by the overall economic condition of the Western Canadian oil and gas industry. The recent strength in the oil and gas industry has rapidly increased demand for D&D Well Services' rig relocation and assembly services.

D&D Well Services' business is affected by the seasonality of oil and gas industry. Oil and gas drilling activity is most active November through March. During which time D&D Well Services is busy with rig relocation and assembly. The summer season is also moderately active for drilling; the slowest period of the year is spring when Northern Alberta experiences ground break-up in the muskeg. Thus, D&D Well Services' results are strongest during years of longer, colder winters and drier springs and summers.

D&D Well Services' revenue for the three months ended March 31, 2006 was $16,258,758 compared to $9,809,891 for the three months ended March 31, 2005 (65.7% growth). In addition, revenue for the year ended December 31, 2005 was $30,601,395 compared to $20,913,219 for the year ended December 31, 2004 (46.3% growth). The growth is primarily a function of the increased activity in the Western Canadian oil and gas industry, increased rates, and increased staff and truck fleet.

Net earnings increased to $1,208,833 in 2005 from $620,398 in 2004 (94.8% growth). D&D Well Services has historically paid out management salaries, primarily to reduce taxable income to the small business limit.

Reconciliation of Net Earnings to EBITDA and EBITDA before Management Salaries

$000s	Three months ended March 31, 2006	Three months ended March 31, 2005	Year ended December 31, 2005	Year ended December 31, 2004	Year ended December 31, 2003

Revenue

Revenue for the three months ended March 31, 2006 was $16,258,758 compared to $9,809,891 for the three months ended March 31, 2005 (65.7% growth). D&D Well Services has also increased its revenue by 110.1% over the period from 2003 to 2005. The growth is primarily a result of:

- *Increased demand.* D&D Well Services works almost entirely for the Western Canadian oil and gas industry. Thus, its results are directly correlated to the activity in the sector. There were 21,841, 22,729, 24,800, and 26,725 (estimated by the CAPP) rig-released wells drilled in Western Canada for 2003, 2004, 2005, and 2006E respectively. This growth in drilling activity reflects a 13.5% increase over the period from 2003 to 2005.

- *Additional units and staff.* D&D Well Services has increased its trucking fleet and staff, including additional drivers, to service the growth This expansion represents an aggressive growth strategy with respect to expansion of its fleet of equipment and personnel since 2003. Annual capital additions since 2003 have been made at a rate of between 6%-18% of annual revenue.

- *Increased job rates.* The increased demand has driven an increase in rates.

Operating and Administrative Expenses

D&D Well Services' operating and administrative expenses increased by 77.2% in the three months ending March 31, 2006 over the three months ending March 31, 2005. This increase is primarily as a result of the increased number of jobs performed. The increase in operating costs, however, outpaced the increase in revenue as D&D Well Services experienced rapid increases in rental rates, fuel costs, wages, insurance costs, and equipment costs. Management believes that escalating costs can be passed on to clients and the current differential reflects short term timing differences and not a general decline in margins. Operating and administrative expenses increased by 76.9% over the years from 2003 to 2005 as compared to a 110.1% increase in revenue. Thus, D&D Well Services has been able to achieve greater cost efficiencies in its long-term growth program.

Earnings after Operating and Administrative Expenses

D&D Well Services' earnings percentage for the three months ending March 31, 2006 decreased from 36.0% for the three months ending March 31, 2005 to 31.6%. This is a result of the rapid increase in rental rates, fuel costs, wages, insurance costs, and equipment costs. D&D Well Services has improved its earnings percentage, by 12.0% over the period from 2003 to 2005 from 24.0% to 36.0%.

Other Expenses

$000s	Three months ended March 31, 2006	Three months ended March 31, 2005	Year ended December 31, 2005	Year ended December 31, 2004	Year ended December 31, 2003
Amortization	469	447	1,964	1,330	806
Interest – (net)	44	46	206	139	110
Loss (Gain) on disposal of equipment	-	-	(110)	(249)	1
Management bonus	3,731	2,117	7,425	3,789	2,235
	4,244	**2,610**	**9,485**	**5,009**	**3,152**

Amortization

Amortization has increased steadily from 2003 to 2005 as D&D Well Services has increased the number of units it has in its fleet.

Interest

Interest has steadily increased over the period from 2003 to 2005 as D&D Well Services has increased its capital leases. Callable debt has decreased slightly over the same period. The callable debt bears interest at prime plus 1.75% to 2.00% and matures at various dates to August 31, 2010. The capital leases are with various lenders and secured by the related equipment; they bear different rates of interest in the 0.0% to 10.5% range and mature at various dates to September 1, 2009.

Management Bonus

Management bonuses are paid to the management primarily to eliminate taxable income over the small business limit.

Income Taxes

$000s	Three months ended March 31, 2006	Three months ended March 31, 2005	Year ended December 31, 2005	Year ended December 31, 2004	Year ended December 31, 2003
Current income taxes	146	154	256	66	31
Future income taxes	-	-	70	43	29
	146	**154**	**326**	**109**	**60**

Current income taxes have increased over the three year period due to the increase in taxable income. Taxable income, has been reduced to the small business limit by way of D&D Well Services' management bonus expense.

Capital Expenditures

$000s	Three months ended March 31, 2006	Three months ended March 31, 2005	Year ended December 31, 2005	Year ended December 31, 2004	Year ended December 31, 2003
Capital expenditures	**11**	**560**	**2,113**	**3,631**	**1,779**

D&D Well Services has increased its trucking and equipment fleet by capital acquisitions to service the growth in demand. This expansion represents an aggressive growth strategy with respect to expansion of its fleet of equipment since 2003. Annual capital additions since 2003 have been made at a rate of between 6%-18% of annual revenue.

Contractual Obligations – Payments Due by Period

	As at March 31, 2006	As at December 31, 2005				
$000's	Total	< 1 year	1 - 3 Years	4 - 6 Years	Thereafter	Total
Capital lease obligations [1]	919	391	651	-	-	1,042
Callable debt [2]	1,596	553	1,154	30	-	1,737
	2,515	944	1,805	30	-	2,779
Operating leases[3]		360	1,080	330	-	1,770
		1,304	2,885	360	-	4,549

Notes:
(1) Capital lease obligations are described under Note 7 to the December 31, 2005 Combined Financial Statements.
(2) Callable debt obligations are described under Note 6 to the December 31, 2005 Combined Financial Statements.
(3) Operating leases are described under Note 12 to the December 31, 2005 Combined Financial Statements. There have been no material changes in operating leases during the interim period that are outside the ordinary course of the company's business.

Liquidity

Operating Cash Flow

D&D Well Services' cash flow from operating activities for the three months ending March 31, 2006 decreased by $199,978 from the three months ending March 31, 2005. This was a result of a slight decrease in net earnings and a significantly greater increase in accounts receivable.

D&D Well Services' cash flow from operating activities in 2005 increased by $1,812,981 over 2004. An increase in net earnings and accrued management bonus were primarily responsible for the increase.

Working Capital

$000s	As at March 31, 2006	As at December 31, 2005	As at December 31, 2004
Cash	3,182	1,745	(68)
Accounts receivable	14,316	8,113	5,475
Inventory	462	462	-
Prepaid expenses and deposits	86	81	183
Accounts payable and accrued liabilities	(8,337)	(3,502)	(3,106)
Income taxes payable	(378)	(244)	(90)
Callable debt due in one year	(1,596)	(1,737)	(1,863)
Obligations under capital lease due in one year	(362)	(391)	(190)
Working capital before shareholder advances and accrued management bonus	**7,373**	**4,527**	**341**
Accrued management bonus	(9,156)	(7,425)	(3,789)
Shareholder advances	-	-	(18)
Working capital	**(1,783)**	**(2,898)**	**(3,466)**

D&D Well Services pays management bonuses annually to reduce taxable income to the small business limit. Thus, there is a downward impact on working capital from both the shareholder advances account and the accrued management bonus account; a normalized business structure would therefore have a greater working capital amount.

Financing

D&D Well Services' primary sources of financing are from two sources: callable debt and capital leases.

As at March 31, 2006, D&D Well Services had $1,595,539 in callable debt. The current debt amount is comprised of several callable loans that are repayable in monthly payments ranging in size from $3,500 to $13,250 including interest (prime plus 1.75% to 2.00%). The loans are callable on demand and mature at various dates to August 31, 2010.

As at March 31, 2006, D&D Well Services had capital leases for an aggregate outstanding balance of $918,827. The leases are secured by the underlying equipment. The rates range from 0.0% to 10.5% and differing maturities up to September 1, 2009.

Share Capital

$	As at March 31, 2006	As at December 31, 2005	As at December 31, 2004
500 Class A shares	100	100	100
400 Class E shares	400	400	-
	500	**500**	**100**

Financial Instruments

Fair Value

The carrying values of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, accrued management bonus and callable debt, approximate their fair values due to the relatively short period to

maturity of the instruments and interest rates attached to the instruments. The fair value of shareholder advances are not practicably determinable.

The fair values of long-term debt and capital lease obligations approximates carrying values as the interest rateds approximate market rates.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include the analysis of the financial position of its customers and the regular review of their credit limits.

As at March 31, 2006, the Company had accounts receivable of 55% (December 31, 2005 – 47%; 2004 – 39%) from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of the long-term debt which bears fixed and floating rates of interest.

Related Party Transactions

The Company paid $99,000 (unaudited) for the three months ended March 31, 2006 (March 31, 2005 - $25,000 (unaudited)) (year ended December 31, 2005 - $126,500; 2004 - $66,000) in rent to the shareholders. This transaction has been measured at the exchange amount.

Critical Accounting Estimates and Accounting Policies

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimate in D&D Well Services' financial statements is the amortization period for capital equipment.

Accounting Policies

D&D Well Services prepares its financial statements in accordance with Canadian GAAP. Accounting policies have been applied consistently during all periods included in the financial statements. There were no new accounting policies implemented during the periods presented.

Key Risks and Uncertainties

See "Risk Factors" for a description of key risks and uncertainties.

Murtron Hauling

MANAGEMENT'S DISCUSSION AND ANALYSIS OF MURTRON HAULING LTD. AND 815431 ALBERTA LTD.

The following management's discussion and analysis of financial condition and results of operations should be read in conjunction with the audited combined financial statements of Murtron Hauling Ltd. as at and for the years ended October 31, 2005, 2004 and 2003 and the unaudited combined financial statements of Murtron Hauling Ltd. as at and for the three months ended January 31, 2006 and 2005 included elsewhere in this prospectus.

These financial statements have been prepared on a combined basis, as they are under common control and managed by a common company. The balances are presented after elimination of inter-company transactions and balances.

Overview and Net Earnings

Murtron Hauling maintains a fleet of rolling stock equipment specializing oil and gas sector equipment relocation, log hauling and gravel hauling in the Grande Prairie area of Northern Alberta. Murtron Hauling's results are directly impacted by the overall health of the Western Canadian oil and gas, logging, and aggregates industries. The recent strength in the oil and gas and aggregates industries has steadily increased demand for Murtron Hauling's services.

Murtron Hauling's business is affected by the seasonality of the three aforementioned industries. Oil and gas drilling activity is most active November through March. During which time Murtron Hauling is busy moving equipment to and from well sites. Winter is also the most active period for the logging industry, which heightens the demand for log hauling. Murtron Hauling's services are occupied throughout the summer with hauling gravel for the aggregates industry as well moving well-site equipment for the moderately active summer drilling season. The slowest period of the year is spring when Northern Alberta experiences ground break-up in the muskeg; drilling, logging, and aggregate activities are slowest during this period. Thus, Murtron Hauling's results are strongest during years of longer, colder winters and drier springs and summers.

Revenue for the three months ended January 31, 2006 was $3,829,698 compared to $2,721,914 for the three months ended January 31, 2005 (40.7% growth). Revenue for the year ended October 31, 2005 was $12,278,395 compared to $10,664,509 for the year ended October 31, 2004 (15.1% growth). The growth is primarily a function of the increased activity in the Alberta oil and gas and aggregates industries and increased rates.

Murtron Hauling's net earnings have decreased as a percentage of revenue over the past three years due to the rapid increase of operating costs, such as wages, fuel, insurance, and sub-contractors. Furthermore, Murtron Hauling's earnings are weakest during the winter months of each year because operating costs are highest during that period. For the three-month period ending January 31, 2005 Murtron Hauling recognized revenue of $2,721,914, which represented 22.2% of the annual revenue. For the same period, however, Murtron Hauling recognized operating costs of $2,633,270 which represented 26.3% of the annual operating costs. Operating costs are higher during that period due to higher fuel and winter operating costs. It is management's belief that high demand for services will allow Murtron Hauling to successfully compete with higher rates for services. Management believes that higher rates will offset recent escalations in operating costs and margins can be prevented from further slides.

Reconciliation of Net Earnings to EBITDA and ADJUSTED EBITDA

$000s	Three months ended Jan. 31, 2006	Three months ended Jan. 31, 2005	Year ended October 31, 2005	Year ended October 31, 2004	Year ended October 31, 2003
***ADJUSTED EBITDA**	**736**	**92**	**2,289**	**2,462**	**1,599**

* The terms EBITDA and ADJUSTED EBITDA are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. ADJUSTED EBITDA is a Non-GAAP measure that in management's opinion represents a better measure of cash liquidity than EBITDA since the bonuses were primarily paid to reduce taxable income to the small business limit.

ADJUSTED EBITDA has increased by 43.2% since 2003.

Reconciliation of EBITDA to Cash Flow from Operations

Results of Operations

Revenue and Operating and Administrative Expenses

$000s	Three months ended Jan. 31, 2006	Three months ended Jan. 31, 2005	Year ended October 31, 2005	Year ended October 31, 2004	Year ended October 31, 2003
Revenue	**3,830**	**2,722**	**12,278**	**10,665**	**7,559**
Operating Expenses	(3,176)	(2,633)	(10,011)	(8,308)	(6,029)
Earnings after Operating and Administrative Expenses	**654**	**89**	**2,267**	**2,357**	**1,530**
Earnings percentage	**17.1%**	**3.2%**	**18.5%**	**22.1%**	**20.2%**

Revenue

Revenue for the three months ended January 31, 2006 was $3,829,698 compared to $2,721,914 for the three months ended January 31, 2005 (40.7% growth). Murtron Hauling also increased its revenue by 62.4% over the period from 2003 to 2005. This growth is primarily a result of:

- *Increased demand.* The demand for lease construction in the Western Canadian Sedimentary Basin has increased with the increase of wells drilled. There were 21,841, 22,729, 24,800, and 26,725 (estimated by the Canadian Association of Petroleum Producers) rig-released wells drilled in Western Canada for 2003, 2004, 2005, and 2006E respectively. This growth in drilling activity reflects a 13.5% increase over the period from 2003 to 2005.

- *Decreased down time.* While the summer in Grande Prairie was one of the wettest on record, the spring breakup period was fairly short and good winter weather resulted in reduced overall down time for Murtron Hauling's various operations and thus increasing the amount of revenue-generating work days.

- *Increased job rates.* The increased demand has driven an increase in rates.

Operating Expenses

Murtron Hauling's operating and administrative expenses increased by 20.6% in the three months ending January 31, 2006 over the three months ending January 31, 2005. This increase is primarily as a result of the increased number of jobs performed. The increase in revenue outpaced the increase in operating costs as Murtron Hauling achieved greater cost efficiencies. Operating expenses increased by 66.0% over the years from 2003 to 2005 as compared to a 62.4% increase in revenue. The difference is primarily a result of the rapid increase in fuel costs, wages, insurance costs, and sub-contractor costs, which were not entirely accounted for by increased charge rates.

Earnings After Operating and Administrative Expenses

Murtron Hauling's earnings percentage for the three months ending January 31, 2006 increased to 17.1% from 3.2% for the three months ending January 31, 2005. The three-month period ending January 31 typically experiences the lowest earnings percentage throughout the year, as annual earnings percentage are in the 18% to 23% range.

Other Expenses

$000s	Three months ended Jan. 31, 2006	Three months ended Jan. 31, 2005	Year ended October 31, 2005	Year ended October 31, 2004	Year ended October 31, 2003
Amortization	190	202	883	834	726
Interest – (net)	10	15	41	33	33
Loss (Gain) on disposal of equipment	(82)	(3)	(21)	(105)	(69)
Management bonus	153	-	910	827	211
	271	**214**	**1,813**	**1,589**	**901**

Amortization

Amortization expenses have remained fairly constant from 2003 to 2005 as a result of little fluctuation in property, equipment, and capital leases. Capital expenditures have predominantly been dedicated to replacing older automotive equipment, trailers, and other equipment rather than to increase the fleet size.

Interest

Interest has steadily decreased over the period from 2003 to 2005 as Murtron Hauling has reduced its level of callable debt and bank overdraft, which bear interest at prime plus 0.75%. Murtron Hauling's capital leases, which bear interest a rates ranging from 3.0% to 6.5%, have fluctuated throughout the same period.

Management Bonus

Management bonuses are paid to the management to eliminate taxable income over the small business limit.

Income Taxes

$000s	Three months ended Jan. 31, 2006	Three months ended Jan. 31, 2005	Year ended October 31, 2005	Year ended October 31, 2004	Year ended October 31, 2003
Current income taxes	73	9	79	149	121
Future income taxes	(10)	(28)	(9)	1	12
	63	**(19)**	**70**	**150**	**133**

Current income taxes remained fairly consistent between the abovementioned periods due to management bonuses declared, which reduce taxable income to the small business limit.

Capital Expenditures

$000s	Three months ended Jan. 31, 2006	Three months ended Jan. 31, 2005	Year ended October 31, 2005	Year ended October 31, 2004	Year ended October 31, 2003
Capital expenditures	**142**	**213**	**721**	**982**	**611**

Murtron Hauling has invested in rolling stock equipment since 2003 primarily to replace older units. Annual capital additions since 2003 have been made at a rate of between 5%-10% of annual revenue. Management expects to continue to expand rolling stock to meet industry demand in such a way as to maximize equipment utilization.

Contractual Obligations – Payments Due by Period

	As at January 31, 2006	As at October 31, 2005				
$000's		< 1 year	1 - 3 Years	4 - 6 Years	Thereafter	Total
Capital Leases [1]	596	354	331	-	-	685
Callable debt [2]	41	47	-	-	-	47
Bank indebtedness [4]	292	313	-	-	-	313
Shareholder advances [3]	6	5	-	-	-	5
	935	719	331	-	-	1,050

Notes:
(1) Capital lease obligations are described under Note 6 to the October 31, 2005 Combined Financial Statements.
(2) Callable debt obligations are described under Note 5 to the October 31, 2005 Combined Financial Statements.
(3) Shareholder advances are described under Note 7 to the October 31, 2005 Combined Financial Statements.
(4) Bank indebtedness are described under Note 4 to the October 31, 2005 Combined Financial Statements.

There have been no material changes in contractual obligations during the interim period that are outside the ordinary course of the Company's business.

Liquidity

Operating Cash Flow

Murtron Hauling's cash flow from operating activities for the three months ending January 31, 2006 increased by $303,565 from the three months ending January 31, 2005. This was a result of greater earnings, a greater decrease in accounts receivable, and a greater increase in accounts payable, accrued liabilities, and bonuses payable.

Murtron Hauling's cash flow from operating activities in 2005 increased by $364,274 over 2004. A decrease in net earnings, accounts payable, accrued liabilities, and bonuses payable was more than offset by the decrease in accounts receivable and lesser non-cash gain on disposal of equipment.

Working Capital

$000s	As at January 31, 2006	As at October 31, 2005	As at October 31, 2004
Cash	573	81	(764)
Accounts receivable	1,523	2,471	2,936
Inventory	34	29	52
Prepaid expenses	122	-	-
Accounts payable and accrued liabilities	(589)	(1,020)	(1,098)
Income taxes payable	(113)	(72)	(90)
Preferred shares	(2)	(2)	(2)
Callable debt due in one year	(41)	(47)	(139)
Obligations under capital lease due in one year	(322)	(354)	(251)
Working capital before shareholder advances and accrued management bonus	**1,185**	**1,086**	**644**
Accrued management bonus	(1,101)	(910)	(827)
Shareholder advances	(6)	(5)	(5)
Working capital	**78**	**171**	**(188)**

Murtron Hauling pays management bonus annually to reduce taxable income to the small business limit. Thus, there is a downward impact on working capital from both the shareholder advances account and the accrued management bonus account; a normalized business structure would therefore have a greater working capital amount.

Financing

Murtron Hauling's primary sources of financing are from two sources: callable debt and capital leases.

As at January 31, 2006 Murtron Hauling had $40,500 in callable debt. Murtron Hauling has three bank loans secured but is currently only drawn on one. The current debt amount is repayable in monthly payments of $2,250 to $5,000 plus interest at a rate of prime plus 0.75% and matures in August 2007.

As at January 31, 2006 Murtron Hauling had $595,573 in capital leases. The rates range from 3.0% to 6.5% and differing maturities up to September 2008.

Murtron Hauling also has a bank overdraft, which is not drawn, that bears interest at prime plus 0.75%.

Share Capital

$	As at January 31, 2006	As at October 31, 2005	As at October 31, 2004
Class A shares	200	200	200
Class F shares redeemable at $1 per share	2,000	2,000	2,000
	2,200	2,200	2,200

The company has issued preferred shares redeemable at $2,000. They have been recorded as a liability.

Financial Instruments

Fair Value

The carrying values of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, bank indebtedness, accrued management bonus and callable debt approximate their fair values due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair value of shareholder advances is not practicably determinable, since there are no specific terms.

The fair value of callable debt and obligations under capital lease approximate carrying values as the interest rate approximates the market value.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies which include the analysis of financial position of its customers and the regular review of their credit limits.

During the three month period ended January 31, 2006 – 39% (unaudited) (January 31, 2005 – 42%) (unaudited) (years ended October 31, 2005 – 47% (each customer at 37% and 10%); October 31, 2004 – 41% (each customer at 31% and 10%); October 31, 2003 -- 57% (each customer at 47% and 10%)) of the Company's sales were to two customers. As at January 31, 2006, 40% (unaudited) (October 31, 2005 – 38%; October 31, 2004 – 54%) of the accounts receivable of the Company were from two customers.

Related Party Transactions

During the year ended October 31, 2005, the Company sold equipment for $16,050 (2004 - $6,420; 2003 - $nil) to companies controlled by the shareholders or by family members of the shareholders. In 2004, the Company advanced $40,000 to the related party and was repaid prior to October 31, 2004.

The related party transactions have been recorded at exchange amounts.

The due from related party is unsecured, interest free and repayable on demand. The companies are related, as they are controlled by common shareholders.

Critical Accounting Estimates and Accounting Policies

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimate in Murtron Hauling's financial statements is the amortization period for capital equipment.

Accounting Policies

Murtron Hauling prepares its financial statements in accordance with Canadian GAAP. Accounting policies have been applied consistently during all periods included in the financial statements. There were no new accounting policies implemented during the periods presented.

Key Risks and Uncertainties

See "Risk Factors" for a description of key risks and uncertainties.

MANAGEMENT'S DISCUSSION AND ANALYSIS

R Bee Crushing

MANAGEMENT'S DISCUSSION AND ANALYSIS OF R BEE CRUSHING LTD., BERNET VENTURES LTD., AND DAL FINN HOLDINGS LTD.

The following management's discussion and analysis of financial condition and results of operations should be read in conjunction with the audited combined financial statements of R Bee Crushing as at and for the years ended April 30, 2005, 2004 and 2003 and the unaudited combined financial statements of R Bee Crushing as at and for the three and nine months ended January 31, 2006 and 2005 included elsewhere in this prospectus.

These financial statements have been prepared on a combined basis, as they are under common control and managed by a common owner. The balances are presented after elimination of inter-company transactions and balances.

Overview and Net Earnings

R Bee Crushing's results are directly impacted by the overall health of northern Alberta economic development. The company's rock crushing services are employed predominantly by five to six major clients involved in road and infrastructure development in the north. In turn, the overall health of the Western Canadian oil and gas and aggregates industries has an indirect impact on R Bee Crushing as they drive the development in the region. The recent strength in the oil and gas and aggregates industries has steadily increased demand for R Bee Crushing's services.

R Bee Crushing has an upgraded, modern equipment fleet that has contributed to greater productivity and capacity to service the rapidly increasing demand for northern development. As a result of the recent economic trends in the region and R Bee Crushing's ability to capitalize on them, revenue has steadily increased over the past three years. Revenue for the nine months ended January 31, 2006 was $19,740,786 compared to $16,516,711 for the nine months ended January 31, 2005 (19.5% growth). Revenue for the year ended April 30, 2005 was $22,836,900 compared to $14,829,085 for the year ended April 30, 2004 (54.0% growth).

For the nine-month period ending January 31, 2006, R Bee Crushing recognized net earnings of $1,921,511, which represented 9.7% of the period's revenue. For the same period last year, however, R Bee Crushing recognized net earnings of $2,498,355 which represented 15.1% of the period's revenue. The decrease in net margin is primarily the result of significant increases in amortization cost due the increase in capital assets in 2005. Included in the margin decrease is also the effects of rapidly increasing costs, including wages, fuel costs, and insurance costs. Management believes that escalating costs can be passed on to clients and the current differential reflects short-term timing differences and not a general decline in margins. Historically, R Bee Crushing increased its net earnings as a percentage of revenue to 8.5% in 2005 from (3.5%) in 2003.

Reconciliation of Net Earnings to EBITDA and ADJUSTED EBITDA

$000s	Nine months ended Jan. 31, 2006	Nine months ended Jan. 31, 2005	Year ended April 30, 2005	Year ended April 30, 2004	Year ended April 30, 2003

Net Earnings	1,922	2,498	1,939	1,166	(338)

* The terms EBITDA and ADJUSTED EBITDA are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. ADJUSTED EBITDA is a Non-GAAP measure that in management's opinion represents a better measure of cash liquidity than EBITDA since the bonuses were primarily paid to reduce taxable income to the small business limit.

ADJUSTED EBITDA has increased by 197.8% since 2003.

Reconciliation of EBITDA to Cash Flow from Operations

Earnings percentage	29.4%	28.7%	30.3%	25.7%	27.0%

Revenue

Revenue for the nine months ended January 31, 2006 was $19,740,786 compared to $16,516,711 for the nine months ended January 31, 2005 (19.5% growth). R Bee Crushing also increased its revenue by 136.5% over the period from 2003 to 2005. This growth is primarily a result of:

- *Upgraded equipment.* An upgraded equipment fleet has allowed R Bee Crushing to increase its productivity and capitalize on the economic expansion in Northern Alberta.

- *Increased job rates.* The increased demand has driven an increase in rates.

Operating and Administrative Expenses

R Bee Crushing's operating and administrative expenses increased by 18.3% in the nine months ending January 31, 2006 over the nine months ending January 31, 2005. This increase is primarily as a result of the increased number of jobs performed. The increase in revenue slightly outpaced the increase in operating costs as R Bee Crushing achieved greater cost efficiencies. Operating expenses increased by 125.7% over the years from 2003 to 2005 as compared to a 136.5% increase in revenue.

Earnings after Operating and Administrative Expenses

R Bee Crushing's earnings percentage for the nine months ending January 31, 2006 increased to 29.4% from 28.7% for the nine months ending January 31, 2005. This is consistent with the gradual increase in earnings percentage that R Bee Crushing has been able to achieve over the three years from April 30, 2003 to April 30, 2005.

Other Expenses

$000s	Nine months ended Jan. 31, 2006	Nine months ended Jan. 31, 2005	Year ended April 30, 2005	Year ended April 30, 2004	Year ended April 30, 2003
Amortization	3,177	1,963	2,893	2,349	2,402
Interest – net	411	269	359	319	347
Loss (Gain) on disposal of equipment	(226)	(647)	(613)	(272)	76
Decrease (Increase) in cash surrender value of life insurance	(39)	-	(3)	(42)	(50)
Management bonus	173	145	1,898	158	221
	3,496	**1,730**	**4,534**	**2,512**	**2,996**

Amortization

Amortization expenses have gradually increased from 2003 to 2005 as a result of upgrading to new equipment.

Interest

Interest has steadily increased over the three-year period and into 2006 as capital leases, long-term debt, and bank indebtedness have increased in conjunction with new equipment purchases.

Management Bonus

Management bonuses are paid to the management to eliminate taxable income over the small business limit.

Income Taxes

$000s	Nine months ended Jan. 31, 2006	Nine months ended Jan. 31, 2005	Year ended April 30, 2005	Year ended April 30, 2004	Year ended April 30, 2003
Current income taxes	(156)	305	276	90	-
Future income taxes	550	207	167	46	(55)
	394	512	443	136	(55)

Current income taxes increased sharply in 2005 due to a large increase in taxable earnings.

Capital Expenditures

$000s	Nine months ended Jan. 31, 2006	Nine months ended Jan. 31, 2005	Year ended April 30, 2005	Year ended April 30, 2004	Year ended April 30, 2003
Capital expenditures	6,486	4,243	5,451	1,397	2,516

R Bee Crushing has invested in additional pieces of equipment since 2003 to meet the increased demand for services. Annual capital additions between 2003 and 2005 have been made at a rate of between 9%-26% of annual revenue. Consequently, as a result of this aggressive expansion, a large portion of R Bee Crushing's equipment is relatively new. Management expects to continue to expand equipment to meet industry demand in such a way as to maximize equipment utilization.

Contractual Obligations – Payments Due by Period

	As at January 31, 2006	As at April 30, 2005				
$000s		< 1 year	1 - 3 Years	4 - 6 Years	Thereafter	Total
Bank indebtedness [1]	2,425	1,598	-	-	-	1,598
Capital leases [2]	4,390	999	2,502	-	-	3,501
Long-term debt [3]	6,897	2,180	1,727	73	-	3,980
Shareholder advances [4]	1,764	758	-	-	-	758
	15,476	5,535	4,229	73	-	9,837

Notes:
(1) Bank indebtedness is described under Note 5 to the April 30, 2005 Combined Financial Statements.
(2) Capital lease obligations are described under Note 7 to the April 30, 2005 Combined Financial Statements.
(3) Long-term debt obligations are described under Note 8 to the April 30, 2005 Combined Financial Statements.
(4) Shareholder advances are described under Note 6 to the April 30, 2005 Combined Financial Statements.

There have been no material changes in contractual obligations during the interim period that are outside the ordinary course of the Company's business. Increase in total debt relates to acquisition of new capital assets.

Liquidity

Operating Cash Flow

R Bee Crushing's cash flow from operating activities for the nine months ending January 31, 2006 decreased by $825,598 from the nine months ending January 31, 2005. This was a result of a decrease in net earnings.

R Bee Crushing's cash flow from operating activities in 2005 increased by $1,666,091 over 2004. Although net earnings only increased by $772,681, changes in non-cash working capital had a strong upward impact.

Working Capital

$000s	As at January 31, 2006	As at April 30, 2005	As at April 30, 2004
Cash	799	481	487
Short-term investments	365	569	207
Accounts receivable	9,004	7,278	4,118
Income tax recoverable	216	-	38
Prepaid expenses	257	94	125
Inventory	896	240	-

Bank indebtedness	(2,425)	(1,598)	(1,132)
Accounts payable and accrued liabilities	(2,954)	(2,355)	(1,408)
Income taxes payable	-	(156)	-
Current portion of capital lease obligations	(1,951)	(999)	(883)
Current portion of long-term debt	(2,928)	(2,180)	(1,508)
Future income taxes	(751)	(276)	(166)
Working capital before accrued management bonus and shareholder advances	**528**	**1,098**	**(122)**
Accrued management bonus	(562)	(1,692)	-
Shareholder advances	(1,765)	(758)	(699)
Working capital	**(1,799)**	**(1,352)**	**(821)**

Working capital before accrued management bonus and shareholder advances has steadily increased from April 30, 2004 to January 31, 2006. However, there is a downward impact on working capital from both the shareholder advances account and the accrued management bonus account; a normalized business structure would therefore have a greater working capital amount.

Financing

R Bee Crushing's primary sources of financing are from four sources: bank indebtedness, long-term debt, capital leases, and shareholder advances.

As at January 31, 2006, R Bee Crushing had $2,425,457 in bank indebtedness. This amount includes $480,000 drawn on the company's overdraft and $1,945,457 drawn on a $2,000,000 operating line of credit, which bears interest at prime plus 1.75%.

As at January 31, 2006, R Bee Crushing had $6,896,373 in long-term debt. The debt is comprised of various bank loans that are secured by heavy equipment and bear interest at various variable and fixed rates (bank prime plus 1.5% to 8.9% fixed).

As at January 31, 2006, R Bee Crushing had $4,390,357 in capital leases. The leases are secured by specific assets of the company. The rates range from 5.8% (fixed) to prime plus 3.0%.

As at January 31, 2006, R Bee Crushing had $1,764,491 due to shareholder outstanding.

Share Capital

$	As at January 31, 2006	As at April 30, 2005	As at April 30, 2004
300 Class A shares	300	300	300
100 Class B shares	100	100	100
	400	**400**	**400**

Financial Instruments

Fair Value

The carrying value of cash and cash equivalents, accounts receivable, income tax receivable, bank indebtedness, accounts payable and accrued liabilities and accrued management bonus, approximate their fair value due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair value of amount shareholder advances is not practicably determinable. The fair value of long-term debt and capital lease obligations approximate carrying values as the interest rates approximate market rates.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include the analysis of financial position of its customers and the regular review of their credit limits.

During the nine month period ended January 31, 2006, the Company had sales of 74% (unaudited) (year ended April 30, 2005 – 52% (each customer at 24%, 17% and 11%); 2004 – 41% (each customer at 17%, 12% and 12%); 2003 – 50% (each customer at 25%, 18% and 7%)) to three customers. As at January 31, 2006, the Company had accounts receivable of 75% (2005 – 74%; 2004 – 74%) from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of the long-term debt, which bears a fixed rate of interest.

Related Party Transactions

The Company incurred general and administrative expenses of $239,413 and $256,749 (unaudited) with a company under common control during the nine month periods ended January 31, 2006 and 2005, respectively (year ended April 30, 2005 - $341,853; 2004 - $281,999; 2003 - $182,865).

The Company generated rental income of $39,000 (unaudited) with a company under common control during the nine month period ended January 31, 2006 (year ended April 30, 2005 – $nil; 2004 - $nil; 2003 - $nil).

The Company generated interest income of $1,855 (unaudited) with a company under common control during the nine month period ended January 31, 2006 (year ended April 30, 2005 – $1,969; 2004 - $nil; 2003 - $nil).

The related party transactions are in the normal course of operations and are measured at the exchange amount.

Critical Accounting Estimates and Accounting Policies

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimate in R Bee Crushing's financial statements is the amortization period for capital equipment and recoverability of accounts receivable.

Accounting Policies

R Bee Crushing prepares its financial statements in accordance with Canadian GAAP. Accounting policies have been applied consistently during all periods included in the financial statements. There were no new accounting policies implemented during the periods presented.

Key Risks and Uncertainties

See "Risk Factors" for a description of key risks and uncertainties.

MANAGEMENT'S DISCUSSION AND ANALYSIS

S.O.S. Oilfield Safety

MANAGEMENT'S DISCUSSION AND ANALYSIS OF SAFETYMASTER RENTALS CORPORATION.

The following management's discussion and analysis of financial condition and results of operations should be read in conjunction with the audited financial statements of Safetymaster Rentals Corporation as at and for the years ended August 31, 2005, 2004 and 2003 and the unaudited financial statements of Safetymaster Rentals Corporation as at and for the three and six months ended February 28, 2006 and 2005 included elsewhere in this prospectus.

Overview and Net Earnings

S.O.S. Oilfield Safety provides safety equipment rental services and safety services to the oil and gas industry including the supply of air trailers and equipment for use with sour gas wells. Accordingly, the company's results are directly impacted by the overall health of the Western Canadian oil and gas industry. The recent strength in the commodity market has steadily increased demand for S.O.S. Oilfield Safety's equipment.

Since the operations of S.O.S. Oilfield Safety are directly effected by the oil and gas industry, weather can have a direct impact on the company. Oil and gas drilling activity is generally stronger November through March. Wet weather in the spring and early summer months hinder the activity, which regains strength in July and August. As a result, S.O.S. Oilfield Safety typically runs at greater utilization rates during the winter, summer, and fall and at weaker utilization rates for spring and early summer. Therefore, a longer, colder winter and drier spring and summer enhances S.O.S. Oilfield Safety's results.

Revenue for the six months ended February 28, 2006 was $3,610,389 compared to $2,680,084 for the six months ended February 28, 2005 (34.7% growth). Revenue for the year ended August 31, 2005 was $4,612,493 compared to $3,274,653 for the year ended August 31, 2004 (40.9% growth). The growth is primarily a function of the increased activity in the Alberta oil and gas industry, an increased sales staff, increased rates, and an increased equipment fleet to meet additional demand.

S.O.S. Oilfield Safety's net earnings have steadily increased over the past 3 years as a result of increased sales from $151,380 in 2003 to $319,082 in 2005. S.O.S. Oilfield Safety pays management bonuses to its management, however, primarily to reduce taxable income to the small business limit. A portion of such bonuses are reinvested in Safetymaster Rentals (S.O.S.) by way of shareholder advances.

Reconciliation of Net Earnings to EBITDA and ADJUSTED EBITDA

$000s	Six Months ended February 28, 2006	Six Months ended February 28, 2005	Year ended August 31, 2005	Year ended August 31, 2004	Year ended August 31, 2003

* The terms EBITDA and ADJUSTED EBITDA are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. ADJUSTED EBITDA is a Non-GAAP measure that in management's opinion represents a better measure of cash liquidity than EBITDA since the bonuses were primarily paid to reduce taxable income to the small business limit.

ADJUSTED EBITDA has increased by 260% since 2003.

Earnings percentage	**37.2%**	**39.4%**	**31.9%**	**29.0%**	**15.3%**

Revenue

Revenue for the six months ended February 28, 2006 was $3,610,389 compared to $2,680,084 for the six months ended February 28, 2005 (34.7% growth). S.O.S. Oilfield Safety has also increased its revenue by 104.3% over the period from 2003 to 2005. The growth is primarily a result of:

- *Increased demand.* The demand for safety supervision services and equipment rentals in the Western Canadian Sedimentary Basin has increased with the increase of wells drilled. There were 21,841, 22,729, 24,800, and 26,725 (estimated by the CAPP) rig-released wells drilled in Western Canada for 2003, 2004, 2005, and 2006E respectively. This growth in drilling activity reflects a 13.5% increase over the period from 2003 to 2005.

- *Additional equipment.* S.O.S. Oilfield Safety increased its equipment fleet throughout 2004 and 2005.

- *Increased rates.* The increased demand has driven an increase in rates.

- *Increased sales force.* S.O.S. Oilfield Safety expanded its sales staff in 2005.

Cost of Rentals

S.O.S. Oilfield Safety's operating and administrative expenses increased by 39.5% in the six months ending February 28, 2006 over the six months ending February 28, 2005. This increase is primarily as a result of the increased rental sales. As a percentage of revenue, however, operating and administrative expenses is increasing due to rising wages and fuel costs. Management believes that escalating costs can be passed on to clients and the current differential reflects short term timing differences and not a general decline in margins. Operating and administrative expenses increased 64.3% over the years from 2003 to 2005 as compared to a 104.3% increase in revenue.

Earnings After Operating and Administrative Expenses

S.O.S. Oilfield Safety's earnings percentage for the six months ending February 28, 2006 was 37.2%, which was fairly consistent with the earnings percentage for the six months ending February 28, 2005 of 39.4%. Over the three-year period S.O.S. Oilfield Safety has been able to expand its earnings percentage from 15.3% in 2003 to 31.9% in 2005.

Other Expenses

$000s	Six Months ended February 28, 2006	Six Months ended February 28, 2005	Year ended August 31, 2005	Year ended August 31, 2004	Year ended August 31, 2003
Amortization	123	86	173	281	193
Interest	5	7	15	15	-
Loss (Gain) on disposal of equipment	(18)	15	9	(26)	(62)
Management Bonus	922	736	881	478	18
	1,032	**844**	**1,078**	**748**	**149**

Amortization

Amortization has fluctuated over the three-year period as S.O.S. Oilfield Safety has sold and acquired new equipment. S.O.S. Oilfield Safety uses both operating leases and cash purchases to acquire new equipment. The equipment is amortized using the declining balance method over the estimated useful lives of the equipment at a 15% rate.

Interest

The interest expense has remained fairly constant throughout the three year period. S.O.S. Oilfield Safety pays interest on a line of credit, callable debt, and two long-term loans. The line of credit bears interest at prime plus 1.0% and there was an outstanding balance of $484,909 as at February 28, 2006. The callable debt bears interest at prime plus 1.25% and there was an outstanding balance of $16,219 as at February 28, 2006. S.O.S. Oilfield Safety has a long-term loan that bears interest at prime plus 1.5% and there was an outstanding balance of $250,000 as at February 28, 2006. S.O.S. Oilfield Safety has secured another long-term loan that bears interest at prime plus 2.5% and there was no outstanding balance as at February 28, 2006.

Management Bonus

Management bonuses are paid to the management of Safetymaster Rentals (SOS) to eliminate taxable income over the small business limit.

Income Taxes

$000s	Six Months ended February 28, 2006	Six Months ended February 28, 2005	Year ended August 31, 2005	Year ended August 31, 2004	Year ended August 31, 2003

	1,001	57	-	-	-	57
Operating leases [5]		66	198	38	-	302
		123	198	38	-	359

Notes:

(1) Bank indebtedness is described under Note 5 to the August 31, 2005 Financial Statements.
(2) Shareholder advances are described under Note 6 to the August 31, 2005 Financial Statements.
(3) Long-term debt obligations are described under Note 8 to the August 31, 2005 Financial Statements.
(4) Callable debt is described under Note 7 to the August 31, 2005 Financial Statements.
(5) Operating leases are described under Note 10 to the August 31, 2005 Financial Statements. There have been no material changes in operating leases during the interim period that are outside ordinary course of the company's business.

Liquidity

Operating Cash Flow

S.O.S. Oilfield Safety's cash flow from operating activities for the six months ending February 28, 2006 decreased by $235,845 from the six months ending February 28, 2005. Although net earnings actually increased, changes in non-cash working capital more than offset the change.

S.O.S. Oilfield Safety's cash flow from operating activities in 2005 increased by $135,296 from 2004. An increase and net earnings and changes in non-cash working capital were responsible for the change.

Working Capital

$000s	As at February 28, 2006	As at August 31, 2005	As at August 31, 2004
Cash	-	156	-
Accounts receivable	1,897	1,033	789
Prepaid expenses	24	51	50
Bank indebtedness	(485)	-	(232)
Accounts payable and accrued liabilities	(342)	(345)	(192)
Income taxes payable	(29)	(27)	-
Callable debt	(16)	(21)	(84)
Current portion of long-term debt	(121)	(35)	(101)
Working capital before shareholder advances, accrued management bonus, and due to related parties	**928**	**812**	**230**
Due to related parties	(3)	(3)	(101)
Accrued management bonuses	(922)	(771)	(478)
Shareholder advances	(251)	(1)	(99)
Working capital	**(248)**	**37**	**(448)**

S.O.S. Oilfield Safety pays management bonuses to reduce taxable income to the small business limit. A portion of this bonus is loaned back to S.O.S. Oilfield Safety resulting in an increase to shareholder advances. Thus, there is a downward impact on working capital from both the shareholder advance account and the accrued management bonus account; a normalized business structure would therefore have a greater working capital amount.

Working capital before shareholder advances, accrued management bonuses, and due to related parties has steadily improved since August 31, 2004.

Financing

S.O.S. Oilfield Safety's primary sources of financing are from four sources: operating line of credit, long-term debt, callable debt, and shareholder loans.

As at February 28, 2006, S.O.S. Oilfield Safety had $484,909 outstanding on its operating line of credit. The operating line of credit is secured by a general security agreement covering all the assets of the company. The operating line bears interest at prime plus 1.0% and has maximum borrowings of $600,000.

The long-term debt is comprised of two loans from a company controlled by a family member of a shareholder of S.O.S. Oilfield Safety. As at February 28, 2006, S.O.S. Oilfield Safety has an outstanding balance of $250,000 on one of the two loans, which bears interest at prime plus 1.5% (the other loan, which has no outstanding balance, bears interest at prime plus 2.5%). The outstanding balance is repayable in monthly installments of $11,108, which include interest.

As at February 28, 2006, S.O.S. Oilfield Safety had $16,219 outstanding in callable debt. The callable debt bears interest at a rate of prime plus 1.25% and is repayable in monthly installments of $900.

Share Capital

$	As at February 28, 2006	As at August 31, 2005	As at August 31, 2004
100 Class A shares	100	100	100

Financial Instruments

Fair Value

The carrying value of cash and cash equivalents, accounts receivable, bank indebtedness, accounts payable and accrued liabilities, accrued management remuneration, callable debt and long-term debt, approximate their fair value due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair value of amounts due to (from) related parties and shareholder advances are not practicably determinable since they do not have any specified terms.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies which include the analysis of financial position of its customers and the regular review of their credit limits.

During the period ended February 28, 2006, 35% (unaudited) (February 28, 2005 – 36%; (unaudited); August 31, 2005 – 32%; August 31, 2004 – 22%; August 31, 2003 – 35%) of the Company's sales were to two customers. As at February 28, 2006, the Company had accounts receivable of 45% (August 31, 2005 – 31%; 2004 – 41%) from two customers.

Related Party Transactions

These transactions have been recorded at the exchange amount.

Critical Accounting Estimates and Accounting Policies

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions

affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimate in S.O.S. Oilfield Safety's financial statements is the amortization period for capital equipment.

Accounting Policies

S.O.S. Oilfield Safety prepares its financial statements in accordance with Canadian GAAP. Accounting policies have been applied consistently during all periods included in the financial statements. There were no new accounting policies implemented during the periods presented.

Key Risks and Uncertainties

See "Risk Factors" for a description of key risks and uncertainties.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Neuwest Equipment

MANAGEMENT'S DISCUSSION AND ANALYSIS OF NEUWEST EQUIPMENT RENTALS INC.

The following management's discussion and analysis of financial condition and results of operations should be read in conjunction with the audited financial statements of Neuwest Equipment Rentals Inc. as at and for the years ended October 31, 2005, 2004 and 2003 and the unaudited financial statements of Neuwest Equipment Rentals Inc. as at and for the three months ended January 31, 2006 and 2005 included elsewhere in this prospectus.

These financial statements are prepared on the going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company expects to continue normal operations with continued shareholder support, the Company receiving future financing[(1)] and the Company renting equipment to a related party.[(2)] The outcome of these events is uncertain at this time. These financial statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to continue as a going concern. These adjustments may be material.

Note:
(1) Subsequent events are described under Note 16 to the October 30, 2005 financial statements.
(2) Related Party disclosure is described under Note 13 to the October 31, 2005 financial statements.

Overview and Net Earnings

Neuwest Rentals' provides a fleet of heavy construction equipment to the Grande Prairie area oil and gas and construction sector. Its results are directly impacted by the overall health of the Western Canadian oil and gas industry. The recent strength in the commodity market has steadily increased demand for Neuwest Rentals' equipment.

The effects of weather usually have a direct impact on Neuwest Rentals. Oil and gas drilling activity is generally stronger November through March. Wet weather in the spring and early summer months hinder the activity, which regains strength in July and August. As a result, Neuwest Rentals typically runs at close to 100% utilization eight months of the year (winter, summer, and fall) and at approximately 50% utilization for four months of the year (spring and early summer). Therefore, a longer, colder winter and drier spring and summer enhances Neuwest Rentals' results. Revenue for the three months ended January 31, 2006 was $1,158,090 compared to $410,186 for the three months ended January 31, 2005 (182.3% growth). Revenue for the year ended October 31, 2005 was $2,081,517 compared to $1,376,210 for the year ended October 31, 2004 (51.2% growth). The growth is primarily a function of the increased activity in the Alberta oil and gas industry and an increased equipment fleet to meet additional demand.

While Neuwest Rentals' net earnings have steadily increased over the past 3 years as a result of increased sales, the company pays management bonuses via its employee profit sharing plan to its shareholders to reduce taxable income to the small business limit. A significant portion of such bonuses are reinvested back into Neuwest Rentals by way of shareholder advances.

Reconciliation of Net Earnings to EBITDA and EBITDA before employee profit plan expense

$000s	Three months ended January 31, 2006	Three months ended January 31, 2005	Year ended October 31, 2005	Year ended October 31, 2004	Year ended October 31, 2003

* The terms EBITDA and ADJUSTED EBITDA are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. ADJUSTED EBITDA is a Non-GAAP measure that in management's opinion represents a better measure of cash liquidity than EBITDA since the bonuses were primarily paid to reduce taxable income to the small business limit.

ADJUSTED EBITDA expense has drastically increased over the past three years.

Gross Margin %	**58.0%**	**52.9%**	**47.7%**	**31.9%**	**5.6%**

Revenue

Revenue for the three months ended January 31, 2006 was $1,158,090 compared to $410,186 for the three months ended January 31, 2005 (182.3% growth). Neuwest Rentals has also increased its revenue by 51.2% over the years from 2004 to 2005. The growth is primarily a result of:

- *Increased demand.* The demand for equipment rentals in the Western Canadian Sedimentary Basin has increased with the increase of wells drilled. There were 21,841, 22,729, 24,800, and 26,725 (estimated by the CAPP) rig-released wells drilled in Western Canada for 2003, 2004, 2005, and 2006E respectively. This growth in drilling activity reflects a 13.5% increase over the period from 2003 to 2005.

- *Additional equipment.* Neuwest Rentals increased its equipment fleet throughout 2004 and 2005 by way of operating and capital leases on the equipment. As at 2005 year end Neuwest Rentals has a fleet size of 31 pieces.

- *Increased rental rates.* The increased demand has driven rental rates up modestly over the three-year period.

Cost of Rentals

Neuwest Rentals' cost of rentals increased by 151.8% in the three months ending January 31, 2006 over the three months ending January 31, 2005. This increase is primarily as a result of the increased rental sales. As a percentage of revenue, however, cost of rentals is decreasing due to greater utilization rates and an increase in capital leases as opposed to operating leases. Cost of rentals only increased 171% over the years from 2003 to 2005 as compared to a 389.1% increase in revenue. Cost of rentals also remains very low because most equipment is covered by manufacturer's warranty for defects, and most repairs and maintenance are paid by the customer. Due to the nature of the business, rentals are generally required to be late model equipment, and therefore older machinery that would normally incur higher costs associated with maintenance are not usually retained in the business. This equipment is typically disposed of when hour usage on the equipment reaches certain utilization levels that maximize the return on ultimate sale.

Gross Margin

Neuwest Rentals' gross margin for the three months ending January 31, 2006 increased to 58.0% from 52.9% over the same period in 2005. The increase was primarily a result of higher utilization rates and a greater use of capital leases as opposed to operating leases. Over the three-year period Neuwest Rentals has been able to drastically increase its gross margin (5.6% in 2003 to 47.7% in 2005).

Administrative Expenses

$000s	Three months ended January 31, 2006	Three months ended January 31, 2005	Year ended October 31, 2005	Year ended October 31, 2004	Year ended October 31, 2003
Administrative Expenses	51	24	168	266	27

Administrative expenses remain very low as a percentage of revenue because Neuwest employs only a small number of sales and maintenance personnel to service the equipment. Addition of more equipment does not require the proportionate increase in manpower that is normally associated with the operation of that equipment. The only major other administrative expense that has increased in-line with sales is insurance for the equipment fleet.

Other Expenses

$000s	Three months ended January 31, 2006	Three months ended January 31, 2005	Year ended October 31, 2005	Year ended October 31, 2004	Year ended October 31, 2003
Amortization	400	8	203	7	6
Interest - net	31	-	(7)	-	-
Loss (Gain) on disposal of equipment	-	(11)	(11)	-	-
Employee profit plan expense	10	-	375	-	-
	441	(3)	560	7	6

Amortization

Amortization began to increase in 2005 due to the increased use of capital leases as opposed to operating leases. Neuwest Rentals added nine capital leases during 2005 and the three-month period ending January 31, 2006. As at January 31, 2006, Neuwest Rentals had $2,400,884 in outstanding capital leases versus $0 outstanding as at October 31, 2004. Also, Neuwest Rentals made capital asset purchases of $44,427 during 2005 and $41,570 during the three-month period ending January 31, 2006.

Interest

The increase in interest expense relates primarily to the increase in capital leases in 2005. The capital leases bear interest at rates between 5.9% and 6.7%. Neuwest Rentals also has a long-term loan used for the purchase of equipment, the loan bears interest at 7.5% and the outstanding balance as at January 31, 2006 was $35,160.

Management Bonus

Employee profit plan expenses are paid by way of bonuses to the management of Neuwest Rentals primarily to eliminate taxable income over the small business limit.

Income Taxes

$000s	Three months ended January 31, 2006	Three months ended January 31, 2005	Year ended October 31, 2005	Year ended October 31, 2004	Year ended October 31, 2003
Current Income Taxes	91	30	63	23	-
Future Income Taxes	(62)	-	(29)	-	-
	29	30	34	23	-

Current income taxes have increased due to the growth in revenue, but have been impacted due to management bonuses, which reduces taxable income under the small business limit for the three-year period.

Capital Expenditures

$000s	Three months ended January 31, 2006	Three months ended January 31, 2005	Year ended October 31, 2005	Year ended October 31, 2004	Year ended October 31, 2003
Capital expenditures	42	-	44	19	-

Neuwest Rentals capital expansion in the past has primarily been financed by way of leases on its rental equipment. The company has financed this expansion by using both operating and capital leases, however the majority of expansions has been by way of operating leases. Its capital expenditures have therefore remained very low throughout the past three years.

Contractual Obligations – Payments Due by Period

	As at January 31, 2006	As at October 31, 2005				
$000's	Total	< 1 year	1 - 3 Years	4 - 6 Years	Thereafter	Total
Capital Leases [1]	2,401	245	800	130	-	1,175
Shareholder advances [2]	529	404	-	-	-	404

	3,340	1,047	818	130	-	1,995
Operating Leases [5]		933	2,194	162	-	3,289
		1,980	3,012	292	-	5,284

Notes:
(1) Capital lease obligations are described under Note 6 to the October 31, 2005 Financial Statements.
(2) Shareholder advances are described under Note 7 to the October 31, 2005 Financial Statements.
(3) Long-term debt obligations are described under Note 5 to the October 31, 2005 Financial Statements.
(4) The employee profit sharing plan are described under Note 8 to the October 31, 2005 Financial Statements.
(5) Operating leases are described under Note 10 to the October 31, 2005 Financial Statements.

There have been no material changes in contractual obligations during the interim period that are outside the ordinary course of the Company's business.

Liquidity

Operating Cash Flow

Neuwest Rentals' cash flow from operating activities for the three months ending January 31, 2006 increased by $89,954 from the three months ending January 31, 2005. Although net earning actually decreased slightly, the non-cash amortization expense was the primary difference in annual earnings.

Neuwest Rentals' cash flow from operating activities in 2005 decreased by $308,281 from 2004. Although net earnings and EBITDA increased over the same period, a large increase in accounts receivable more than offset the increase.

Working Capital

$000s	As at January 31, 2006	As at October 31, 2005	As at October 31, 2004
Cash	113	168	29
Accounts receivable	1,177	778	127
Prepaid expenses and deposits	53	-	-
Accounts payable and accrued liabilities	(64)	(-)	(3)
Income taxes payable	(107)	(63)	(23)
Current portion of long-term debt	(25)	(24)	-
Current portion of capital leases	(1,416)	(245)	-
Working capital before shareholder advances and employee profit sharing plan	**(269)**	**614**	**130**
Shareholder advances	(529)	(404)	(37)
Employee profit sharing plan expense	(375)	(375)	-
Working capital	**(1,173)**	**(165)**	**93**

Neuwest Rentals pays bonuses via its employee profit sharing plan annually to reduce taxable income to the small business limit. A significant portion of these bonuses are reinvested in Neuwest Rentals resulting in an increase to the shareholder advances. Thus, there is a downward impact on working capital from the shareholder advances and management bonuses account; a normalized business structure would therefore have a greater working capital amount.

Working capital has fluctuated over the past three years due to large changes in capital leases and accounts receivable associated with the growth in the operation.

Financing

Neuwest Rentals' primary sources of financing are from three sources: capital leases, long-term debt, and shareholder advances.

As at January 31, 2006, Neuwest Rentals had $2,400,384 in capital leases. The leases are secured by the related capital assets. The rates range from 5.9% to 6.7% and differing maturities up to December 31, 2010.

As at January 31, 2006, Neuwest Rentals had $35,160 in long-term debt. The debt is a 24-month loan used for equipment purchases, which bears interest at a rate of 7.5%.

Shareholder advances increased by $125,000 from October 31, 2005 to January 31, 2006. These advances have been used for working capital purposes and to partially fund capital asset additions. These advances are unsecured, interest free, and repayable on demand.

Share Capital

$	As at January 31, 2006	As at October 31, 2005	As at October 31, 2004
Common shares	500	500	500

Financial Instruments

Fair Value

The carrying value of cash, accounts receivable, interest receivable and accounts payable and accrued liabilities approximate their fair value due to the relatively short period to maturity of the instruments. The fair value of shareholder advance and due to employee profit sharing plan is not practicably determinable since it does not have any specified terms. The fair value of long-term debt, capital lease obligation and deposit in trust approximates carrying value as the interest rates applicable to these loans approximate market rates.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include the analysis of financial position of its customer and the regular review of their credit limits.

As at January 31, 2006, 92% (unaudited) (October 31, 2005 – 81%; October 31, 2004 – 73%) of the accounts receivable of the Company was from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of its capital long-term debt, which bear fixed rates of interest.

Related Party Transactions

The Company entered into a number of related party transactions with companies controlled by the shareholders or companies controlled by family members of the shareholders, which were a part of the normal course of operations. Such transactions included revenues of $276,183 for the interim period ending January 31, 2005 (unaudited) (years ending October 31, 2005 - $951,082; 2004 - $1,247,666; 2003 - $394,899). For the period of January 31, 2006, there were not related party revenues earned.

The Company also entered into incurred consulting fees with a related party for the amount of $24,000 and $15,000 for the three month period ending January 31, 2006 and 2005, respectively (unaudited) (years ending October 31, 2005 - $96,000; 2004 - $nil).

As at October 31, 2005, outstanding accounts receivable from related parties amounted to $288,424 (2004 - $27,147). No amounts are outstanding at January 31, 2006.

All related party transactions have been recorded at the exchange amount.

Critical Accounting Estimates and Accounting Policies

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimate in Neuwest Rentals' financial statements is the amortization period for capital equipment and the going concern assumption.

Accounting Policies

Neuwest Rentals prepares its financial statements in accordance with Canadian GAAP. Accounting policies have been applied consistently during all periods included in the financial statements. There were no new accounting policies implemented during the periods presented.

Key Risks and Uncertainties

See "Risk Factors" for a description of key risks and uncertainties.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FITZPATRICK CO. LTD. AND NORTHERN TRACTOR SALES & RENTAL CO. LTD. OPERATED AS "NORTHERN TRACTOR SALES & RENTAL"

The following management's discussion and analysis of financial condition and results of operations should be read in conjunction with the audited combined financial statements of Northern Tractor Sales & Rental as at and for the years ended September 30, 2005, 2004 and 2003 and the unaudited combined financial statements of Northern Tractor Sales & Rental as at and for the three and six months ended March 31, 2006 and 2005 included elsewhere in this prospectus.

These financial statements have been prepared on a combined basis, as they are under common control and managed by a common owner. The balances are presented after elimination of inter-company transactions and balances.

These combined financial statements are prepared on a going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company expects to continue normal operations with continued shareholder support and assuming the bank indebtedness not being demanded by the lender, the Company receiving future financing.(1) The lender demanding repayment may result in the Company selling property and equipment to settle the debt, which would alter current operations. The lender has not presently indicated any intention to demand repayment. The outcome of these events is uncertain at this time. These combined financial statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to continue as a going concern. These adjustments may be material.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

Note:
(1) Subsequent events are describe under Note 15 to the September 30, 2005 combined Financial Statements.

Overview and Net Earnings

Northern Tractor provides a fleet of heavy construction equipment to the Grande Prairie area oil and gas and construction sector. Consequently its results are directly impacted by the overall health of the Western Canadian oil and gas industry. The recent strength in the commodity market has steadily increased demand for Northern Tractor's equipment.

The effects of weather usually have a direct impact on Northern Tractor. Northern Tractor has an extensive equipment fleet; a good portion of which is comprised of earth moving equipment. Thus, Northern Tractor's high season is summer, when its utilization rates are boosted by the summer drilling season and earth moving equipment rentals. Northern Tractor is also busy in the winter, which is the peak drilling season in the Western Canadian Sedimentary Basin. Wet weather in the spring and equipment relocation in the fall hinders the activity during those periods. Therefore, a longer, colder winter and drier spring and summer enhances Northern Tractor's results.

Revenue for the six months ended March 31, 2006 was $5,102,565 compared to $3,156,346 for the six months ended March 31, 2005 (61.7% growth). Revenue for the year ended September 30, 2005 was $6,432,768 compared to $5,365,723 for the year ended September 30, 2004 (19.9% growth). The growth is primarily a function of the increased activity in the Western Canadian Sedimentary Basin, the Athabasca oil sands, and an increased equipment fleet to meet additional demand.

Northern Tractor's net earnings have steadily increased over the past 3 years as a result of increased sales. Northern Tractor pays management bonuses to its management, however, to reduce taxable income to the small business limit. A portion of such bonuses are reinvested in Northern Tractor by way of shareholder advances.

Reconciliation of Net Earnings to EBITDA and ADJUSTED EBITDA

$000s	Six months ended March 31, 2006	Six months ended March 31, 2005	Year ended September 30, 2005	Year ended September 30, 2004	Year ended September 30, 2003

* The terms EBITDA and ADJUSTED EBITDA are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. ADJUSTED EBITDA is a Non-GAAP measure that in management's opinion represents a better measure of cash liquidity than EBITDA since the bonuses was primarily paid to reduce taxable income to the small business limit.

ADJUSTED EBITDA has steadily increased over the past three years.

Revenue

Revenue for the six months ended March 31, 2006 was $5,102,565 compared to $3,156,346 for the six months ended March 31, 2005 (61.7% growth). Northern Tractor has also increased its revenue by 23.5% over the period from 2003 to 2005. The growth is primarily a result of:

- *Increased demand and utilization.* The demand for equipment rentals in the Western Canadian Sedimentary Basin has increased with the increase of wells drilled. There were 21,841, 22,729, 24,800, and 26,725 (estimated by the CAPP) rig-released wells drilled in Western Canada for 2003, 2004, 2005, and 2006E respectively. This growth in drilling activity reflects a 13.5% increase over the period from 2003 to 2005.

- *Additional equipment.* Northern Tractor increased its equipment fleet throughout 2004 and 2005. As at March 31, 2006, Northern Tractor had increased its fleet to 53 pieces up from 40 at of September 30, 2005.

- *Increased rental rates.* The increased demand has driven rental rates up approximately 10% over the past year.

Operating and Administrative Expenses

Northern Tractor's operating and administrative expenses increased by 62.4% for the six months ending March 31, 2006 over the six months ending March 31, 2005. This increase is primarily as a result of the increased rental sales although costs of labor, and supplies have gone up. As a percentage of revenue, however, operating and administrative expenses is decreasing due to greater utilization rates and greater economies of scale. Operating and administrative expenses increased 17.4% over the years from 2003 to 2005 as compared to a 23.5% increase in revenue. Operating and administrative expenses also remain very low as most equipment is covered by manufacturer's warranty for defects. Moreover, repairs and maintenance are paid by the customer. Due to the nature of the business, rentals are generally required to be late model equipment, and therefore older machinery that would normally incur higher costs associated with maintenance are not usually retained in the business. This equipment is typically disposed of when hour usage on the equipment reaches certain utilization levels that maximize the return on ultimate sale.

Earnings After Operating and Administrative Expenses

Northern Tractor's earnings percentage for the six months ending March 31, 2006 decreased from 74.9% for the six months ending March 31, 2005 to 74.7%. The decrease was primarily a result cost increases associated with labor and supplies. Over the three year period Northern Tractor has had a fairly stable earnings percentage in the 58% to 62% range. This is primarily because Northern Tractor pays its sales force commission as opposed to salary.

Other Expenses

$000s	Six months ended March 31, 2006	Six months ended March 31, 2005	Year ended September 30, 2005	Year ended September 30, 2004	Year ended September 30, 2003
Amortization	1,131	837	1,859	1,736	1,626
Interest - net	232	116	308	247	164
Loss (Gain) on disposal of equipment	(814)	(261)	(449)	(328)	(294)
Write down of investments	-	-	-	-	100
Management Bonus	2,000	332	457	217	380
	2,549	**1,024**	**2,175**	**1,872**	**1,976**

Amortization

Amortization has remained fairly constant from 2003 through 2005 additions reflecting rotation of equipment without significant increases in capacity. While Northern Tractor added 13 new pieces of equipment above its normal levels during 2005 and the first half of 2006, most additions occurred so late in year end 2005 that the impact was minimal. The amortization expense for March 31, 2006 increased over the same period last year as a result of the new additions.

Interest

The increase in interest expense relates primarily to the increase in capital leases in 2005 and the first half of 2006 when Northern Tractor added 13 pieces of equipment to its fleet. The capital leases bear interest at 1.25%. Northern Tractor also has a mortgage for its land, office, and shop, which bears interest at prime plus 1.0%. The outstanding principal at March 31, 2006 was $840,745.

Management Bonus

Management bonuses are paid to the management of Northern Tractor primarily to eliminate taxable income over the small business limit.

Income Taxes

$000s	Six months ended March 31, 2006	Six months ended March 31, 2005	Year ended September 30, 2005	Year ended September 30, 2004	Year ended September 30, 2003
Current Income Taxes	-	13	100	148	6
Future Income Taxes	73	162	120	20	141
	73	**175**	**220**	**168**	**147**

Current income taxes remained under the small business limit for the three year period due to the payment of the management bonus, which reduces taxable income.

Capital Expenditures

$000s	Six months ended March 31, 2006	Six months ended March 31, 2005	Year ended September 30, 2005	Year ended September 30, 2004	Year ended September 30, 2003
Capital expenditures	**1,773**	**1,456**	**5,680**	**2,154**	**4,371**

Northern Tractor's capital expenditures increased sharply in 2005 as the company increased its equipment fleet.

Contractual Obligations – Payments Due by Period

	As at March 31, 2006	As at September 30, 2005				
$000's	Total	< 1 year	1 - 3 Years	4 - 6 Years	Thereafter	Total
Bank indebtedness [1]	7,541	8,029	-	-	-	8,029
Capital leases [2]	3,537	604	955	-	-	1,559

	13,254	10,031	1,099	682	-	11,812

Notes:

(1) Bank indebtedness is described under Note 6 to the September 30, 2005 Combined Financial Statements.
(2) Capital lease obligations are described under Note 8 to the September 30, 2005 Combined Financial Statements.
(3) Shareholder advances are described under Note 9 to the September 30, 2005 Combined Financial Statements.
(4) Long-term debt obligations are described under Note 7 to the September 30, 2005 Combined Financial Statements.
(5) The Preferred shares are described under Note 10 to the September 30, 2005 Combined Financial Statements.

Liquidity

Operating Cash Flow

Northern Tractor's cash flow from operating activities for the six months ending March 31, 2006 increased by $830,266 from the six months ending March 31, 2005. Northern Tractor's cash flow from operating activities in 2005 increased by $438,001 from 2004. The increase was primarily a result of an increase in net earnings.

Working Capital

$000s	As at March 31, 2006	As at September 30, 2005	As at September 30, 2004
Cash	2,600	501	582
Accounts receivable	1,845	1,110	828
Inventory	52	52	-
Prepaid expenses and deposits	16	16	-
Bank indebtedness	(7,541)	(8,029)	(5,034)
Accounts payable and accrued liabilities	(761)	(762)	(458)
Income taxes payable	(130)	(154)	(103)
Current portion of long-term debt	(44)	(43)	(50)

Current portion of capital leases	(1,801)	(604)	-
Working capital before shareholder advances and accrued management bonus and liability on preferred shares	**(5,764)**	**(7,913)**	**(4,235)**
Liability on preferred shares	(1,000)	(1,000)	(1,000)
Accrued management bonus	(2,000)	-	-
Shareholder advances	(335)	(355)	(438)
Working capital	**(9,099)**	**(9,268)**	**(5,673)**

A large amount of bank indebtedness has caused a negative working capital amount over the three periods. Northern Tractor uses its operating line for a significant amount of its capital acquisitions. In addition, Northern Tractor pays a management bonus annually to reduce taxable income to the small business limit. Thus, there is a downward impact on working capital from the accrued management bonus and shareholder advances account; a normalized business structure would therefore have a greater working capital amount.

Financing

Northern Tractor's primary sources of financing are from four sources: bank indebtedness, capital leases, long-term debt, and shareholder advances.

As at March 31, 2006, Northern Tractor had $7,541,000 in bank indebtedness. The demand loan is secured by a general security agreement and other guarantees. The demand loan is limited to 75% of the net book value of saleable assets up to $10,000,000. The demand loan bears interest at prime plus 0.5%.

As at March 31, 2006, Northern Tractor had $3,536,953 in capital leases. The leases are secured by the related equipment. The leases bear interest at 1.25% and have maturities up to 2008.

As at March 31, 2006, Northern Tractor had $840,745 in long-term debt. The long-term debt is a mortgage secured by a registered first mortgage on specific land. The mortgage bears interest at prime plus 1.0% and matures in 2010.

Shareholder advances are unsecured, interest free, and repayable on demand.

Share Capital

$	As at March 31, 2006	As at September 30, 2005	As at September 30, 2004
1,040Class A common shares	161,075	161,075	161,075
1,000 Class D preferred shares	2	2	2
Common shares	161,077	161,077	161,077

The preferred shares are retractable at the option of the holder for $999,998 and are included in current liabilities.

Financial Instruments

Fair Value

The carrying value of cash, accounts receivable, bank indebtedness, accounts payable and accrued liabilities and accrued management remuneration approximate their fair value due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair value of shareholder advances is not practicably determinable.

The fair value of long-term debt and capital lease obligations approximates carrying values as the interest rates approximate market rates.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include the analysis of financial position of its customers and the regular review of their credit limits.

During the six months ended March 31, 2006 - 23% (unaudited) (March 31, 2005 – 15% (unaudited)); and the year ended September 30, 2005 – 23% (September 30, 2004 – 38%) of the Company's sales were to three customers. As at March 31, 2006 – 48% (unaudited) (September 30, 2005 – 33%; 2004 – 38%) of the accounts receivable of the Company were from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of the long-term debt which bears fixed and floating rates of interest.

Related Party Transactions

Northern Tractor pays management bonus to its management to reduce the taxable income to the small business limit.

Northern Tractor has an unsecured, no interest, no fixed payment loan receivable outstanding to a company owned by a controlling shareholder. As at March 31, 2006, the outstanding balance was $2,380,849 (September 30, 2005 - $3,437,608; September 30, 2004 - $1,880,000).

Critical Accounting Estimates and Accounting Policies

Critical Accounting Estimates

As a normal part of the financial statement preparation process, management is required to make estimates and assumptions based on information available as at the financial statement date. These estimates and assumptions affect the reported amounts of assets and liabilities, the possible disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenue and expense reported for the period.

Although estimates and assumptions must be made during the financial statement preparation process, it is management's opinion that none of the estimates or assumptions were highly uncertain at the time they were made. The most significant estimate in Northern Tractor's financial statements is the amortization period for capital equipment and the going concern assumption.

Accounting Policies

Northern Tractor prepares its financial statements in accordance with Canadian GAAP. Accounting policies have been applied consistently during all periods included in the financial statements. There were no new accounting policies implemented during the periods presented.

Key Risks and Uncertainties

Auditors' Report

To the Board of Directors of
Petrowest Energy Services General Partner Ltd.

We have audited the balance sheet of **Petrowest Energy Services Trust** (the "Trust") as at July 6, 2006. This financial statement is the responsibility of the Trust's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, the balance sheet presents fairly, in all material respects, the financial position of the Trust as at July 6, 2006 in accordance with Canadian generally accepted accounting principles.

Petrowest Energy Services Trust

Notes to Balance Sheet

July 6, 2006

1 The Trust

Petrowest Energy Services Trust (the "Trust") is an open-ended unincorporated mutual fund trust established under the laws of the Province of Alberta pursuant to the deed of trust (the "Deed of Trust") dated July 6, 2006. The Trust has been created to invest in Fitzpatrick Co. Ltd., Northern Tractor Sales and Rentals Co. Ltd., Neuwest Equipment Rentals Inc., 404434 Alberta Corporation, 756171 Alberta Ltd., 756169 Alberta Ltd., Roy Larson Construction Ltd., Murtron Hauling Ltd., 815431 Alberta Ltd., Safetymaster Rentals Corp., 332691 Alberta Ltd., Gordon Bros. Construction Ltd., R. Bee Crushing Ltd., Bernet Venture Ltd., Dal Finn Holdings Ltd. and 310423 Alberta Ltd. (collectively, the "Acquired Companies") and such other investments as the Trustee may determine. Income tax obligations related to the distributions of the Trust are the obligations of the unitholder.

2 Unitholder's Equity

Units

The Trust is authorized to issue an unlimited number of Trust Units, an unlimited number of Subordinated Units and an unlimited number of Special Voting Units.

Outstanding

Trust Units

The Trust issued 1 Trust Unit at $10 per unit at formation.

Subordinated Units

	$
Balance – July 6, 2006	-
Issued for cash	1,510,000
Issued for promissory notes (note 3)	3,020,000
Less: Amount issued for promissory notes	(3,020,000)
	1,510,000

The Trust issued 1,510,000 subordinated units at $3 per subordinated unit, to directors, employees and officers of the Trust. The subordinated unit holders paid $1 per subordinated unit and the remaining $2 per subordinated unit will be settled through the issuance of a forgivable promissory note (see note 3).

Trust Units

Prior to the conversion of the Subordinated Units, holders of Trust Units will be entitled to receive per month, in priority to any payments on the Subordinated Units, distributions of $0.10 per Trust Unit per month and such distributions shall constitute Priority Distributions (as defined below).

Upon the occurrence of a Capital Event (as defined below) or the liquidation, dissolution or winding-up of the Trust or any other distribution of the assets of the Trust for the purpose of winding-up its affairs; (i) the holders of Trust Units will be entitled to receive, on a pro rata basis, from the applicable Capital Event Amount (as defined below) or the assets of the Trust, as applicable, before any distribution therefrom is made to the holders of Subordinated Units, any accumulated but unpaid Priority Distributions; and (ii) the holders of Subordinated Units shall be entitled to receive, on a pro rata basis, from the applicable Capital Event Amount of the assets of the Trust, as applicable after the holders of Trust Units have received a distribution therefrom in an amount equal to any accumulated but unpaid Priority Distributions but before any further distribution therefrom is made to the Priority Unitholder, any accumulated but unpaid Subordinated Distributions. Thereafter any further distributions from the applicable Capital Event Amount or the assets of the Trust, as applicable, to the holders of Units of either class shall be made pro rata and pari passu.

If a Capital Event occurs, the Priority Distributions and Subordinated Distributions will be adjusted as agreed to by the independent directors of the General Partner, using the definition of independence as provided in securities laws.

A **"Capital Event"** means the occurrence of any of the following events: (i) a sale of material assets of the Trust; (ii) the total or constructive total loss, or partial loss, of material assets of the Trust as a result of a casualty; (iii) a compulsory transfer or taking under threat of compulsory transfer by a governmental authority; or (iv) the occurrence of any event referred to in clauses (i) to (iii) above in relation to any person in which the Trust is a securityholder.

A **"Capital Event Amount"** means, in respect of a particular Capital Event, any amount received by the Trust in respect of such Capital Event, which the Trustee upon the recommendation of the board of directors of the General Partner, determines will not be re-deployed or reapplied by the Trust and shall be distributed to holders of units.

Subordinated Units

Distributions on the Subordinated Units will be subordinated in favour of Trust Units. Distributions on the Subordinated Units will only be paid by the Trust at the end of a fiscal quarter to the extent that: (i) the Trust has paid distributions per month of at least $0.10 per Trust Unit (the "Priority Distributions") to holders of Trust Units during that quarter, and (ii) any deficiency in such distributions to holders of Trust Units during the preceding 12 months has been satisfied, as described below. If these targets are not satisfied, any deficiency will be borne by holders of the Subordinated Units, distributions on which will be reduced to the extent necessary to support the continued payment of Priority Distributions on the Trust Units and any applicable deficiency in such distributions.

Distributions on the Trust Units will be cumulative, such that the amount of any deficiency in the Priority Distributions will accumulate for a period of 12 months. Payments of deficiencies on the Priority Distributions will be made in priority to distributions on the Subordinated Units. Any such accumulated deficiency not satisfied by a distribution by the Trust within 12 months of the date it arose will cease to be payable (i.e., distributions on the Subordinated Units will not be reduced to fund accumulated deficiency to the extent that some or all of such accumulated deficiency arose more than 12 months before the date on which such payment is to be made).

Following payment of the Priority Distributions and any deficiency in the Priority Distributions accumulated during the preceding 12 months, holders of Subordinated Units will be entitled to a distribution in an amount equal to $0.10 per Subordinated Unit per month (the "Subordinated Distributions"), such to be accumulated and paid at the end of each fiscal quarter.

Deficiencies in payment of Subordinated Distributions shall be accumulated and paid in a subsequent quarter in respect of such Distribution Periods, after payment of the Priority Distributions in respect of such Distribution Periods, any deficiency in Priority Distributions accumulated during the preceding 12 months and the Subordinated Distributions in respect of subsequent Distribution Periods, and provided that any accumulated unpaid portion or deficiency on Subordinated Distributions not satisfied by a distribution by the Trust within 12 months of the date such unpaid portion or deficiency arose shall cease to be payable.

After payment of all Priority Distributions and Subordinated Distributions (including any unpaid Priority Distributions and Subordinated Distributions accumulated during the preceding 12 months), distributions of Distributable Cash shall be made to Unitholders pro-rata and pari passu.

Holders of Trust Units, Subordinated Units and Special Voting Units are entitled to notice of, and to attend and vote at, all meetings of holders of units.

Exchange Right

Holders of Subordinated Units will have the right to convert into Trust Units on a one-for-one basis at any time after (and the subordination provisions will only apply until) the end of the first fiscal year ending on or after December 31, 2008 where the Trust has earnings before income taxes, depreciation and amortization (derived from audited financial statements) of at least $47 million and the Trust has paid distributions of at least $1.20 per Trust Unit for such fiscal year.

Redemption Right

Each Unitholder is entitled to require the Trust to redeem, at any time and from time to time, at the demand of the Unitholder, all or any part of the Units registered in the name of the Unitholder, upon delivery to the Trust of the certificate or certificates representing such Units, accompanied by a duly completed and properly executed notice requiring redemption. Upon receipt by the Trust of the notice to redeem Units, the holder thereof shall cease to have any rights with respect to the Units tendered for redemption other than to receive a price per Unit equal to a predetermined calculation.

3 Promissory notes receivable

The promissory notes are intended to be forgiven over three years if the subscriber remains a director, officer or employee of the Trust. The notes are to be repaid one-third on each July 6, 2007, 2008 and 2009. The forgiveness of these notes will be accounted for as compensation expense based on the market value of the Units at the time of forgiveness.

4 Subsequent events

The Trust filed a prospectus dated • relating to the initial public offering of Trust Units (the "Offering"). The Offering will be completed for gross proceeds of $ • million. The expected expenses and agent commission, relating to the Offering, are estimated to be $ • million which will be paid by the Trust.

Concurrent with the closing of the Offering, the following transactions occur:

- Four limited partnerships will be formed with Petrowest Energy Services General Partner Ltd. ("General Partner") as the general partner. An unincorporated, open-ended limited purpose trust (the "Business Trust") will be created to hold the limited partnership interest for the Trust. The limited partnerships will be involved in the construction, transportation, civil services and rentals industries.

- The Trust will use the proceeds from the issuance of the Trust Units to subscribe for units and notes of Business Trust and Business Trust will use a portion of those proceeds to subscribe for limited partnership units of the various limited partnerships.

- The Business Trust, will then loan the cash necessary to complete the cash portion of the acquisitions of the Acquired Companies to Petrowest Services Ltd. ("Acquisitionco") on an interest bearing basis. In addition, Acquisitionco will acquire the necessary number of Units from the Trust in exchange for an additional interest bearing note.

- Acquisitionco will complete the purchase of the Acquired Companies by delivering cash and Units of the Trust as contemplated in the purchase and sale agreements. As a consequence, Acquisitionco will own all the shares of the Acquired Companies.

- A short form vertical amalgamation of the respective Acquired Companies and Acquisitionco will be completed such that the assets and liabilities of each entity will become assets and liabilities of the merged entity ("Mergeco"). The shares of the Acquired Companies will cease to exist and the shares of Acquisitionco will become the share capital of Mergeco.

- Mergeco will transfer certain of its assets (representing the assets and business operations of certain of the various Acquired Companies) to each of the four limited partnerships in exchange for an assumption of certain of the liabilities that are related to the business, a note and limited partnership units of the various partnerships.

- All debt and capital lease obligations assumed by the Trust will be settled. Certain capital assets and related debt will be retained by existing shareholders and not transferred by the acquired companies into the Trust.

Compilation Report

To the Directors of
Petrowest Energy Services General Partner Ltd.

We have read the accompanying unaudited pro forma consolidated balance sheet as at March 31, 2006 of **Petrowest Energy Services Trust** (the "Trust") and unaudited pro forma consolidated statement of income for the three-month period ended to March 31, 2006 and twelve-month period ended to December 31, 2005 and have performed the following procedures.

1. Compared the figures in the columns captioned "Petrowest Energy Services Trust" to the audited balance sheet of the Trust as at July 6, 2006 and found them to be in agreement.

2. Compared the figures in the column in the unaudited pro forma combined balance sheet captioned "Northern Tractor Sales and Rental" to the unaudited combined balance sheet of Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd. ("Northern Tractor") as at March 31, 2006, compared the figures in the column in the unaudited pro forma consolidated statement of income for the three-month period ended March 31, 2006 captioned "Northern Tractor" to the unaudited combined income statement of Northern Tractor for the three-month period ended March 31, 2006, and compared the figures in the column in the unaudited pro forma consolidated statement of income for the twelve-month period ended December 31, 2005 captioned "Northern Tractor" to the unaudited combined income statement of Northern Tractor for the twelve-month period ended December 31, 2005, constructed for the purpose of preparing the unaudited pro forma consolidated statement of income for the twelve-month period, and found them to be in agreement.

3. Compared the figures in the column in the unaudited pro forma consolidated balance sheet captioned "Neuwest Equipment Rentals Inc." to the unaudited balance sheet of Neuwest Equipment Rentals Inc. ("Neuwest") as at January 31, 2006, compared the figures in the column in the unaudited pro forma consolidated statement of income for the three-month period ended January 31, 2006 captioned "Neuwest" to the unaudited combined income statement of Neuwest for the three-month period ended January 31, 2006, and compared the figures in the column in the unaudited pro forma consolidated statement of income for the twelve-month period ended January 31, 2006 captioned "Neuwest" to the audited combined income statement of Neuwest for the twelve-month period ended October 31, 2005 and found them to be in agreement.

PricewaterhouseCoopers refers to the Canadian firm of PricewaterhouseCoopers LLP and the other member firms of PricewaterhouseCoopers International Limited, each of which is a separate and independent legal entity.

4. Compared the figures in the column in the unaudited pro forma consolidated balance sheet captioned "D&D Well Services" to the unaudited combined balance sheet of 404434 Alberta Corporation, 756171 Alberta Corporation and 756169 Alberta Corporation ("D&D") as at March 31, 2006, compared the figures in the column in the unaudited pro forma consolidated statement of income for the three-month period ended March 31, 2006 captioned "D&D" to the unaudited combined income statement of D&D for the three-month period ended March 31, 2006, and compared the figures in the column in the unaudited pro forma consolidated statement of income for the twelve-month period ended December 31, 2005 captioned "D&D" to the audited combined income statement of D&D for the twelve-month period ended December 31, 2005, and found them to be in agreement.

5. Compared the figures in the column in the unaudited pro forma consolidated balance sheet captioned "Roy Larson Construction Ltd." to the unaudited combined balance sheet of Roy Larson Construction Ltd. ("Roy Larson") as at February 28, 2006, compared the figures in the column in the unaudited pro forma consolidated statement of income for the three-month period ended February 28, 2006 captioned "Roy Larson" to the unaudited income statement of Roy Larson for the three-month period ended February 28, 2006, and compared the figures in the column in the unaudited pro forma consolidated statement of income for the twelve-month period ended November 30, 2005 captioned "Roy Larson" to the unaudited income statement of Roy Larson for the twelve-month period ended November 30, 2005, constructed for the purpose of preparing the unaudited pro forma consolidated statement of income for the twelve-month period, and found them to be in agreement.

6. Compared the figures in the column in the unaudited pro forma consolidated balance sheet captioned "Murtron Hauling" to the unaudited combined balance sheet of Murtron Hauling Ltd. and 815431 Alberta Ltd. ("Murtron") as at January 31, 2006, compared the figures in the column in the unaudited pro forma consolidated statement of income for the three-month period ended January 31, 2006 captioned "Murtron" to the unaudited combined income statement of Murtron for the three-month period ended January 31, 2006, and compared the figures in the column in the unaudited pro forma consolidated statement of income for the twelve-month period ended October 31, 2005 captioned "Murtron" to the audited combined income statement of Murtron for the twelve-month period ended October 31, 2005, and found them to be in agreement.

7. Compared the figures in the column in the unaudited pro forma consolidated balance sheet captioned "Safetymaster Rentals Corp." to the unaudited balance sheet of Safetymaster Rentals Corp. ("Safetymaster") as at February 28, 2006, compared the figures in the column in the unaudited pro forma consolidated statement of income for the three-month period ended February 28, 2006 captioned "Safetymaster" to the unaudited income statement of Safetymaster for the three-month period ended February 28, 2006, and compared the figures in the column in the unaudited pro forma consolidated statement of income for the twelve-month period ended November 30, 2005 captioned "Safetymaster" to the unaudited income statement of Safetymaster for the twelve-month period ended November 30, 2005, constructed for the purpose of preparing the unaudited pro forma consolidated statement of income for the twelve-month period, and found them to be in agreement.

8. Compared the figures in the column in the unaudited pro forma consolidated balance sheet captioned "332691 Alberta Ltd." to the unaudited consolidated balance sheet of Gordon Bros. Construction Ltd. and 332691 Alberta Ltd. ("332691") as at March 31, 2006, compared the figures in the column in the unaudited pro forma consolidated statement of income for the three-month period ended March 31, 2006 captioned "332691" to the unaudited consolidated income statement of 332691 for the three-month period ended March 31, 2006, and compared the figures in the column in the unaudited pro forma consolidated statement of income for the twelve-month period ended December 31, 2005 captioned "332691" to the unaudited consolidated income statement of 332691 for the twelve-month period ended December 31, 2005, constructed for the purpose of preparing the unaudited pro forma consolidated statement of income for the twelve-month period, and found them to be in agreement.

9. Compared the figures in the column in the unaudited pro forma consolidated balance sheet captioned "R. Bee Crushing" to the unaudited combined balance sheet of R. Bee Crushing Ltd., Bernet Venture Ltd. and Dal Finn Holding Ltd. ("R. Bee") as at January 31, 2006, compared the figures in the column in the unaudited pro forma consolidated statement of income for the three-month period ended January 31, 2006 captioned "R. Bee" to the unaudited combined income statement of R. Bee for the three-month period ended January 31, 2006, and compared the figures in the column in the unaudited pro forma consolidated statement of income for the twelve-month period ended October 31, 2005 captioned "R. Bee" to the unaudited combined income statement of R. Bee for the twelve-month period ended October 31, 2005, constructed for the purpose of preparing the unaudited pro forma consolidated statement of income for the twelve-month period, and found them to be in agreement.

10. Compared the figures in the column in the unaudited pro forma consolidated balance sheet captioned "310423 Alberta Ltd." to the unaudited combined balance sheet of 310423 Alberta Ltd. ("310423") as at February 28, 2006, compared the figures in the column in the unaudited pro forma consolidated statement of income for the three-month period ended February 28, 2006 captioned "310423" to the unaudited combined income statement of 310423 for the three-month period ended February 28, 2006, and compared the figures in the column in the unaudited pro forma consolidated statement of income for the twelve-month period ended November 30, 2005 captioned "310423" to the unaudited combined income statement of 310423 for the twelve-month period ended November 30, 2005, constructed for the purpose of preparing the unaudited pro forma consolidated statement of income for the twelve-month period, and found them to be in agreement.

11. Made enquiries of certain officials of the Trust who have responsibility for financial and accounting matters about:

    (a) the basis for determination of the unaudited pro forma adjustments; and
    (b) whether the unaudited pro forma consolidated financial statements comply as to form in all material respects with requirements for the various securities commissions and similar regulatory authorities in Canada.

    The officials:

    (a) described to us the basis for determination of the unaudited pro forma adjustments, and
    (b) stated that the unaudited pro forma consolidated financial statements comply as to form in all material respects with the requirements of the various securities commissions and similar regulatory authorities in Canada.

12. Read the notes to the pro forma statements, and found them to be consistent with the basis described to us for determination of the unaudited pro forma adjustments.

13. Recalculated the application of the pro forma adjustments to the aggregate of the amounts in the columns captioned "Petrowest Energy Services Trust", "Northern Tractor Sales and Rental", "Neuwest Equipment Rentals Inc.", "D&D Well Services", "Roy Larson Construction Ltd.", "Murtron Hauling", "Safetymaster Rentals Corp.", "332691 Alberta Ltd.", "R. Bee Crushing" and "310423 Alberta Ltd." as at March 31, 2006 and found the amounts in the column captioned "Pro Forma Consolidated" to be arithmetically correct.

PRICEWATERHOUSECOOPERS

14. Recalculated the application of the pro forma adjustments to the aggregate of the amounts in the columns captioned "Petrowest Energy Services Trust", "Northern Tractor Sales and Rental", "Neuwest Equipment Rentals Inc.", "D&D Well Services", "Roy Larson Construction Ltd.", "Murtron Hauling", "Safetymaster Rentals Corp.", "332691 Alberta Ltd.", "R. Bee Crushing" and "310423 Alberta Ltd." for the three-month periods ended January 31, 2006 to March 31, 2006 and for the twelve-months periods ended October 31, 2005 to December 31, 2005, and found the amounts in the column captioned "Pro Forma Consolidated" to be arithmetically correct.

A pro forma financial statement is based on management assumptions and adjustments which are inherently subjective. The foregoing procedures are substantially less than either an audit or a review, the objective of which is the expression of assurance with respect to management's assumptions, the pro forma adjustments, and the application of the adjustments to the historical financial information. Accordingly, we express no such assurance. The foregoing procedures would not necessarily reveal matters of significance to the pro forma financial statements, and we therefore make no representation about the sufficiency of the procedures for the purposes of a reader of such statements.

Petrowest Energy Services Trust

Notes to Pro Forma Consolidated Financial Statements
(Unaudited)
Three-month periods ended March 31, 2006 and twelve-month periods ended December 31, 2005

1 The Trust and the proposed transaction

Petrowest Energy Services Trust (the "Trust") is an open-ended unincorporated mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust dated July 6, 2006.

The Trust has initially been created to hold, indirectly, controlling limited partner interests, hold the common shares in the general partner and invest in the businesses noted below. The Trust will be a business trust operating an energy services business through its indirect subsidiaries. Unitholders will hold Units of the Trust, which in turn will hold a 100% beneficial interest in the Petrowest Business Trust (the "Business Trust"). The Petrowest Business Trust will, via four limited partnerships, hold the assets of the businesses historically operated by the Acquired Companies noted below. The Trust, pursuant to a prospectus dated • , 2006 (the "Prospectus") will issue units of the Trust and use the proceeds to acquire 100% of the outstanding shares of the following companies:

Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd. ("Northern Tractor")
Neuwest Equipment Rentals Inc. ("Neuwest")
404434 Alberta Corporation, 756171 Alberta Corp. and 756169 Alberta Corp. ("D&D")
Roy Larson Construction Ltd. ("Roy Larson")
Murtron Hauling Ltd. and 815431 Alberta Ltd. ("Murtron")
Safetymaster Rentals Corp. ("Safetymaster")
Gordon Bros. Construction Ltd. and 332691 Alberta Ltd. ("332691")
R. Bee Crushing Ltd., Bernet Venture Ltd. and Dal Finn Holding Ltd. ("R. Bee")
310423 Alberta Ltd. ("310423")

(collectively, the "Acquired Companies").

Income tax obligations related to the distributions of the Trust are obligations of the Unitholders.

The Trust has filed a prospectus (the "Prospectus") for an initial public offering of its trust units (the "Offering"). Concurrent with the closing of the Offering four limited partnerships will be formed with Petrowest Energy Services General Partner Ltd. ("Energy Services") as the general partner. A business trust will be created to hold the partnership interests for the Trust. The partnerships will be involved in the construction, transportation, civil services and rentals industries. Petrowest Services Ltd. ("Acquisitionco") has the right to acquire the Acquired Companies. The Trust will use a portion of the proceeds from the issuance of the Units to subscribe for limited partnership units of the various partnerships. The Business Trust will also loan a portion of cash necessary to complete the cash portion of the various acquisitions to Acquisitionco on an interest bearing basis. In addition, Acquisitionco will acquire the necessary number of units of the Trust from the Trust in exchange for an additional interest bearing note. Acquisitionco will complete the purchase of the Acquired Companies by delivering cash and units of the Trust as contemplated in the purchase and sale agreements. As a consequence, Acquisitionco will own all the shares of the various Acquired Companies. A short form vertical amalgamation of the respective Acquired Companies and Acquisitionco will be completed such that the assets and liabilities of each entity will become assets and liabilities of the merged entity ("Mergeco"). The shares of the Acquired Companies will cease to exist and the shares of Acquisitionco will

become the share capital of Mergeco. Mergeco will transfer certain of its assets (representing the assets and business operations of certain of the various Acquired Companies that were acquired by Acquisitionco) to each of the four partnerships in exchange for an assumption of certain of the liabilities that are related to the business, a note and units in the partnerships.

Acquisitionco has entered into several Purchase and Sale Agreements pursuant to which it agreed to acquire the shares and shareholder loans of the Acquired Companies for an aggregate base purchase price of $230,934,992, subject to closing adjustments. The purchase price will be funded by payment of $103,284,052 in cash and the issuance of units by the Trust for proceeds of $127,650,940. The Trust will also settle long-term debt and capital lease obligations and loans of $30,198,074.

2 Basis of presentation

The accompanying unaudited pro forma consolidated balance sheet and the unaudited pro forma consolidated statements of income (collectively, the "pro forma consolidated financial statements") have been prepared by the management of the Trust using the accounting principles disclosed in the notes to the audited financial statements of the Acquired Companies.

The unaudited pro forma consolidated financial statements may not be indicative of the financial position and results of operations that would have occurred if the transactions had taken place on the dates indicated or of the financial position or operating results which may be obtained in the future. The unaudited pro forma consolidated financial statements are not a forecast or projection of future results. The actual financial position and results of operations of the Trust for any period following the closing of the transactions contemplated by this prospectus will likely vary from the amounts set forth in the unaudited pro forma consolidated financial statements and such variation may be material. In the opinion of management, these unaudited pro forma consolidated financial statements include all adjustments necessary for fair presentation of the acquisitions described above in accordance with Canadian generally accepted accounting principles.

The unaudited pro forma consolidated balance sheet of the Trust and the unaudited pro forma consolidated statement of income of the Trust have been prepared with information derived from the audited and unaudited financial statements of the Acquired Companies and the adjustments and assumptions listed below.

The unaudited statements of income of the Acquired Companies for the three-month period ending March 31, 2006 was constructed for purposes of preparing the unaudited pro forma consolidated statement of income for the three-month period and was derived from the financial statements of the respective companies. The unaudited statement of income of certain of the Acquired Companies for the twelve-month periods were constructed for purposes of preparing the unaudited pro forma consolidated statement of income for the twelve-month periods and were derived from, but do not conform to, the financial statements of the respective companies.

The unaudited pro forma consolidated financial statements should be read in conjunction with the audited and unaudited financial statements of the Trust and Acquired Companies included in the Prospectus.

The following describes the financial statements of the Acquired Companies included in the Prospectus and the method for constructing the unaudited pro forma consolidated income statement for the twelve-month period ended to December 31, 2005.

Northern Tractor Sales and Rental
The prospectus includes the combined balance sheets of Northern Tractor as at September 30, 2005 and 2004, and the combined statements of earnings and retained earnings and cash flows for each of the years in the three year period ended September 30, 2005.

The pro-forma unaudited twelve-month consolidated statement of income to December 31, 2005 is constructed from the Northern Tractor by adding the three month period ended December 31, 2005 to the year end September 30, 2005 and deducting the three month period ended December 31, 2004. The three month periods ended December 31, 2005 and 2004 are constructed from the deducting the respective three month period ended March 31, 2006 and 2005 from the six month period ended March 31, 2006 and 2005.

Neuwest Equipment Rentals
The prospectus includes the balance sheets of Neuwest as at October 31, 2005 and 2004 and the statements of earnings (loss) and retained earnings (deficit) and cash flows for each of the years in the three year period ended October 31, 2005.

The pro-forma unaudited twelve-month consolidated statement of income to December 31, 2005 is constructed directly from Neuwest October 31, 2005 financial statements.

D&D Well Services
The prospectus includes combined balance sheets of D&D as at December 31, 2005 and 2004 and the combined statements of earnings and retained earnings and cash flows for each of the years in the three year period ended December 31, 2005.

The pro-forma unaudited twelve-month consolidated statement of income to December 31, 2005 is constructed directly from D&D December 31, 2005 combined financial statements.

Roy Larson Construction Ltd.
The prospectus includes the balance sheets of Roy Larson as at May 31, 2005 and 2004, and the statements of earnings and retained earnings and cash flows for each of the years in the three year period ended May 31, 2005.

The pro-forma unaudited twelve-month consolidated statement of income to December 31, 2005 is constructed from Roy Larson financial statements by adding the six month period ended November 30, 2005 to the year end May 31, 2005 and deducting the six month period ended November 30, 2004. The six month periods ended November 30, 2005 and 2004 are constructed from the deducting the respective three month period ended February 28, 2006 and 2005 from the nine month period ended February 28, 2006 and 2005.

Murtron Hauling
The prospectus includes combined balance sheets of Murtron as at October 31, 2005 and 2004 and the combined statements of earnings (loss) and retained earnings and cash flows for each of the years in the three year period ended October 31, 2005.

The pro-forma unaudited twelve-month consolidated statement of income to December 31, 2005 is constructed directly from Murtron October 31, 2005 combined financial statements.

Safetymaster Rentals Corp.
The prospectus includes the balance sheets of Safetymaster as at August 31, 2005 and 2004, and the statements of earnings and retained earnings and cash flows for each of the years in the three year period ended August 31, 2005.

The pro-forma unaudited twelve-month consolidated statement of income to December 31, 2005 is constructed from Safetymaster consolidated financial statements by adding the three month period ended November 30, 2005 to the year end August 31, 2005 and deducting the three month period ended November 30, 2004. The three month periods ended November 30, 2005 and 2004 are constructed from the deducting the respective three month period ended February 28, 2006 and 2005 from the six month period ended February 28, 2006 and 2005.

332691 Alberta Ltd.
The prospectus includes consolidated balance sheets of 332691 as at September 30, 2005 and 2004 and the consolidated statements of earnings and retained earnings and cash flows for each of the years in the three year period ended September 30, 2005.

The pro-forma unaudited twelve-month consolidated statement of income to December 31, 2005 is constructed from 332691 consolidated financial statements by adding the three month period ended December 31, 2005 to the year end September 30, 2005 and deducting the three month period ended December 31, 2004. The three month periods ended December 31, 2005 and 2004 are constructed from the deducting the respective three month period ended March 31, 2006 and 2005 from the six month period ended March 31, 2006 and 2005.

R. Bee Crushing
The prospectus includes the combined balance sheets of R. Bee as at April 30, 2005 and 2004 and the combined statements of earnings (loss) and retained earnings and cash flows for each of the years in the three year period ended April 30, 2005.

The pro-forma unaudited twelve-month consolidated statement of income to December 31, 2005 is constructed from R. Bee combined financial statements by adding the six month period ended October 31, 2005 to the year end April 30, 2005 and deducting the six month period ended October 31, 2004. The six month periods ended October 31, 2005 and 2004 are constructed from the deducting the respective three month period ended January 31, 2006 and 2005 from the nine month period ended January 31, 2006 and 2005.

310423 Alberta Ltd.
The prospectus includes consolidated balance sheets of 310423 as at August 31, 2005 and 2004 and the consolidated statements of earnings and retained earnings and cash flows for each of the years in the three year period ended August 31, 2005.

The pro-forma unaudited twelve-month consolidated statement of income to December 31, 2005 is constructed from 310423 consolidated financial statements by adding the three month period ended November 30, 2005 to the year end August 31, 2005 and deducting the three month period ended November 30, 2004. The three month periods ended November 30, 2005 and 2004 are constructed from the deducting the respective three month period ended February 28, 2006 and 2005 from the six month period ended February 28, 2006 and 2005.

3 Unaudited pro forma consolidated balance sheet assumptions and adjustments

The following assumptions and adjustments have been made to reflect the proposed transactions described in note 1 as if the transactions had occurred on March 31, 2006:

a) The issuance of • million Units for total gross proceeds of $ • million on the closing of the Offering and the payment of the underwriters fee and other costs of the Offering, estimated to be $ • million.

b) The additional payment for equipment to be purchased by the Trust subsequent to the date of closing. These assets were treated as available for use and therefore the related revenue and amortization have not been recorded as it is management's intent not to put the assets into use until such time as they have contracts available.

c) Removal of certain capital assets and related debt and other assets that will be transferred to existing shareholders of the Acquired Companies and will not be owned by the Acquired Companies when purchased by the Trust. Reclassification of deposits held as security for debt financing associated with the assets and repayment of bank indebtedness.

d) Purchase accounting – Acquisition of shares, shareholder and related party loans and accrued bonuses payable

The Acquisition will be accounted for using the purchase method with the assets acquired and liabilities assumed recorded at preliminary estimates of fair value. The final allocation of the purchase price will be based on the assets acquired and liabilities assumed at the effective date of the Acquisition based upon internal and/or independent asset valuations. A preliminary allocation of the consideration is as follows:

	$
Net assets acquired	
Net working capital	34,547,243
Value of working capital adjustment on pro forma	(11,916,398)
Property and equipment	96,252,151
Intangibles	48,596,484
Goodwill	93,198,008
Investments	86,785
Cash surrender value of insurance policy	272,639
Notes and interest receivable	96,154
	261,133,066
Consideration given for value of shares and shareholder loans of acquired companies	
Units	127,650,940
Cash to vendors on closing	103,284,052
Aggregate base purchase price	230,934,992
Retirement of long-term debt and capital lease obligation	23,538,782
Retirement of additional debt on pro forma	6,659,292
	261,133,066

Net working capital acquired on the Acquisition includes cash, short-term investments, accounts receivable, inventory, prepaid expenses, current portion of note receivable, income taxes recoverable, bank indebtedness, accounts payable and accrued liabilities and income taxes payable. The purchase price is affected by the changes in working capital, shareholder loans and long-term debt from the date specified in the purchase and sale agreement to the date of closing. Changes in the balances for these items will affect the net consideration paid by the Trust to the owners. These adjustments may be material. An estimated value of working capital adjustments as at March 31, 2006 is noted in the table above.

In conjunction with acquisitions, all debt and capital lease obligations will be repaid by the Trust through the use of proceeds from the offering.

Goodwill is the cost of an acquisition less the fair value of identifiable assets and liabilities and will be tested for impairment at least annually. Intangibles relate to customer contracts, non compete clauses and trade names and are amortized over their expected lives on a straight-line basis between 5 and 10 years.

4 Unaudited pro forma consolidated statements of income assumptions and adjustments

The unaudited pro forma consolidated statements of income of the Trust for the three-month period ended March 31, 2006 and for the twelve-month period ended December 31, 2005 have been prepared assuming that the Trust was in operation during the three-month period and the twelve-month period, respectively and as if the proposed transaction described in note 1 had occurred on January 1, 2005. The Trust will incur additional annual administrative expenses in connection with reporting to shareholders, investor relations, directors' and officers' insurance and other expenses as a result of the proposed transactions and the effects of these costs have not been reflected in the unaudited pro forma consolidated statement of income. The unaudited pro-forma consolidated statement of income of the Trust reflects the following assumptions and adjustments to the income and expenses of the Trust:

a) The reduction in interest expense for the three-month period and for the twelve-month period to reflect interest expense on the bank indebtedness, callable debt, long-term debt and capital lease obligations that will be settled by the Trust.

b) Additional amortization expense on property and equipment and intangible assets for the three-month period and the twelve-month period resulting from the fair value allocation described in note 3(d).

c) The reversal of management compensation for the three-month period and for the twelve-month period, included in management fees and bonuses relating to existing owner/manager compensation arrangements that will be terminated in connection with the Offering.

d) The reversal of current income taxes for the three-month period for the twelve-month period reflecting that income tax obligations related to the distributions of the Trust are obligations of the ultimate Unitholders. It is assumed that income tax obligations of the General Partner and Acquisitionco will be nominal.

Auditors' Report

To the Shareholders of
332691 Alberta Ltd.

We have audited the consolidated balance sheets of **332691 Alberta Ltd.** (operating as Gordon Bros. Construction Ltd.) as at September 30, 2005 and 2004 and the consolidated statements of earnings and retained earnings and cash flows for each of the years in the three-year period ended September 30, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Company as at September 30, 2005 and 2004 and the results of its operations and its cash flows for each of the years in the three-year period ended September 30, 2005 in accordance with Canadian generally accepted accounting principles.

1 Nature of business

Gordon Bros. Construction Ltd. and 332691 Alberta Ltd. (the "Company") are privately owned and incorporated under the laws of the province of Alberta. The companies provide well site construction, road building and well site reclamation services in northern Alberta.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

These consolidated financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Principles of consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiary, Gordon Bros. Construction Ltd. Intercompany balances and transactions have been eliminated on consolidation.

Property and equipment

Property and equipment are initially recorded at cost. Amortization is provided using the declining balance method at rates intended to amortize the cost of assets over their estimated useful lives.

Buildings	5%
Equipment	20%
Automotive	30%
Computer equipment	30%
Contractors mobile equipment	30%
Portable camp equipment	30%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Long-term investments

Other long-term investments are portfolio investments recorded at cost, less any write-down for other than temporary impairment.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Inventory

Inventory is valued at the lower of cost and net realizable value. Cost is determined by the first-in, first-out method.

Measurement uncertainty

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and the recoverability of accounts receivable. Actual results could differ from these estimates.

Revenue recognition

The Company's services are generally sold based upon purchase orders with the customer that include fixed or determinable prices. Revenue is recognized when services are rendered and when collectibility is reasonably assured.

Capital lease obligation security is provided by specific leased equipment, repayable in monthly payments ranging from $966 - $15,669, including interest at rates ranging from 0% to 7.8% and matures on various dates to May, 2009.	2,051,433	2,717,879	2,451,076
Less: Obligations under capital lease due in one year	(1,006,741)	(1,205,201)	(1,037,618)
	1,044,692	1,512,678	1,413,458

Estimated principal repayments as at September 30, 2005 are as follows:

	$
2006	1,262,086
2007	887,577
2008	448,908
2009	247,592
	2,846,163
Less: Imputed interest	(128,284)
	2,717,879

8 Shareholder advances

Shareholder advances are unsecured, interest free and are repayable on demand.

9 Financial instruments

Fair values

The carrying value of cash, accounts receivable, note receivable, bank overdraft, accounts payable and accrued liabilities and accrued management bonus, approximate their fair values due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair values of shareholder advances and obligations under capital lease are not practicably determinable.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include the analysis of the financial position of its customers and the regular review of their credit limits.

As at March 31, 2005, the Company had 90% of accounts receivable (unaudited) (September 30, 2005 – 71%; 2004 – 50%) from three customers.

Interest rate risk

The Company is exposed to interest rate risk in respect of the obligations under capital lease which bear fixed and fluctuating rates of interest.

10 Income taxes

The income tax provision recorded differs from the income tax obtained by applying the statutory income tax rates to the income for the period and is reconciled as follows:

	Three months ended December 31,		Six months ended March 31,		Years ended September 30,		
	2006 $ (Unaudited)	2005 $ (Unaudited)	2006 $ (Unaudited)	2005 $ (Unaudited)	2005 $	2004 $	2003 $
Earnings before income taxes	4,807	73,016	110,715	145,350	578,332	408,514	66,884
Combined statutory rate	16.12%	16.12%	16.12%	16.12%	16.12%	16.12%	17.37%
Calculated expected income taxes	775	11,770	17,847	23,430	93,227	65,852	11,618
Increase (decrease)							
Non-deductible expenses	-	-	-	-	657	4,354	2,307
Other	-	-	-	-	(682)	(476)	-
	775	11,770	17,847	23,430	93,202	69,730	13,925
Represented by							
Current income tax provision	775	11,770	17,847	23,430	48,456	58,083	13,737
Future income tax provision	-	-	-	-	44,846	11,647	188
	775	11,770	17,847	23,430	93,302	69,730	13,925

The component of future income tax liability is as follows:

	Six months ended March 31,	Years ended September 30,	
	2006 $	2005 $	2004 $
Carrying value of property and equipment in excess of tax value	67,514	67,514	22,668

11 Segmented information

In the opinion of management, the Company has only one business segment, which is the business of oilfield construction services in Canada.

12 Economic dependence

During the six months ended March 31, 2006, the Company had sales of 80% (unaudited) (years ended September 30, 2005 – 84% (each customer at 62%, 12% and 10%); 2004 – 89% (each customer at 41%, 35% and 13%); 2003 – 93% (each customer at 53%, 30% and 10%)) to three customers.

13 Subsequent event

Initial public offering

On _____, Petrowest Energy Services Trust (the "Trust") filed a prospectus relating to the initial public offering of up to • million trust units for $10 per unit (the "Offering"). Costs of the Offering are estimated to be $2.7 million, and fees payable to the agents are estimated to be $ •, resulting in net proceeds of $ • million.

The Trust, through a subsidiary, will acquire 100% of the shares of the Company and all outstanding shareholders loans for $5,922,429 and 888,363 Trust units at a deemed price of $10 per unit. The cash payment will be adjusted post-closing for changes in working capital, long-term debt and shareholder loans to the date of closing.

Auditors' Report

To the Shareholders of
Roy Larson Construction Ltd.

We have audited the balance sheets of **Roy Larson Construction Ltd.** as at May 31, 2005 and 2004, and the statements of earnings and retained earnings and cash flows for each of the years in the three year period ended May 31, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Company as at May 31, 2005 and 2004, and the results of its operations and its cash flows for each of the years in the three year period ended May 31, 2005 in accordance with Canadian generally accepted accounting principles.

1 Nature of business

Roy Larson Construction Ltd. (the "Company") is a privately owned company, that operates a well site construction, site restoration and road building business whose predecessors were incorporated under the Alberta Business Corporations Act in 1986.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

The financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

Investments

The Company accounts for investments on a cost basis. Investments are written down to their net realizable value should a decline in value occur that is not considered temporary.

Property and equipment

Property and equipment are initially recorded at cost. Rates of amortization applied on a declining balance basis to write off the cost of property and equipment over their estimated useful lives are as follows:

Buildings	4%
Generating equipment	8%
Equipment	20%
Furniture and fixtures	20%
Contractors moveable equipment	30%
Automotive equipment	30% – 40%
Computer equipment	30%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and are measured using the substantively enacted income tax rates and laws that will be effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of the revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

Revenue recognition

The Company' services are generally sold based on purchase orders with a customer that includes fixed or determinable prices. Revenue is recognized when services are rendered and when collectibility is reasonably assured.

Computer equipment	16,057	7,826	8,231
	10,366,322	4,028,650	6,337,672

Included in property and equipment as at February 28, 2006 are assets under capital leases with a cost of $10,215,864 (unaudited) (May 31, 2005 – $7,007,982; 2004 – $4,123,686) and accumulated amortization of $3,427,298 (unaudited) (May 31, 2005 – $2,148,989; 2004 – $1,067,992).

5 Callable debt

	February 28,	May 31,	
	2006 $ (Unaudited)	2005 $	2004 $
Term loans security is provided by related property and equipment, are repayable in monthly payments ranging from $1,730 to $8,550, including interest at rates ranging from 5.3% to 7.0%, maturing at various dates to December 2009 and payable on demand.	1,239,611	1,482,685	1,108,822
Term loans security is provided by related property and equipment, repayable in monthly payments ranging from $4,960 to $7,386, including interest at rates ranging from prime plus 1.0% to 1.5%, maturing at various dates to May 2012 and payable on demand.	614,540	-	-
	1,854,151	1,482,685	1,108,822

The net book value of the security provided by related property and equipment for the above term loans are $1,808,863 at May 31, 2005 (2004 – $957,321).

Estimated principal repayments as at May 31, 2005 are as follows:

	$
2006	585,255
2007	512,732
2008	276,283
2009	108,415
	1,482,685

At May 31, 2005, the Company was in breach of a debt covenant related to the current ratio for the above term loans. The Company obtained a waiver from its lendors until May 31, 2006.

The Company has a line of credit which has an available credit facility of $500,000 that has not been drawn upon at May 31, 2005. The line of credit security is provided by a general security agreement.

6 Capital lease obligations

9 Commitments

The future minimum operating lease payments for equipment as at May 31, 2005 are as follows:

	$
2006	752,048
2007	254,162
2008	127,313
	1,133,523

Subsequent to May 31, 2005, the Company has entered into four new operating leases. The future minimum operating lease payments for these leases total $935,057 are repayable as follows:

	$
2006	261,339
2007	230,358
2008	196,537
2009	155,856
2010	90,967
	935,057

Subsequent to February 28, 2006, the Company restructured two lease agreements. As a result, these leases changed from being accounted for as capital leases to operating leases. As at February 28, 2006, the assets had a net book value of $744,871, with related loans outstanding of $671,421.

10 Financial instruments

Fair value

The carrying value of cash and cash equivalent, accounts receivable, accounts payable and accrued liabilities and accrued management bonus approximate their fair value due to the relatively short term to maturity of the instruments. The fair value of shareholder advances and capital lease obligations are not practicably determinable. The fair value of long-term debt approximates carrying values as the interest rates approximates the market rates.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include an analysis of the financial position of its customers and a regular review of their credit limits.

As at February 28, 2006, 65% (unaudited) (May 31, 2005 – 73%; May 31, 2004 – 83%) of the accounts receivable of the Company were from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of the long-term debt which bears fixed and floating rates of interest.

11 Income taxes

Reconciliation of effective tax rate to the Canadian federal tax rate

The income tax provision recorded differs from the income tax obtained by applying the statutory income tax rates to earnings for the year and is reconciled as follows:

	Three months ended February 28,		Nine months ended February 28,		Years ended May 31,		
	2006 $ (Unaudited)	2005 $ (Unaudited)	2006 $ (Unaudited)	2005 $ (Unaudited)	2005 $	2004 $	2003 $
Earnings before income taxes	227,855	43,153	1,292,629	533,557	363,417	518,150	24,259
Combined federal and provincial statutory tax rate	16.12%	16.20%	16.12%	16.20%	16.12%	18.12%	20.71%
Calculated expected income taxes	36,730	6,991	208,372	86,436	58,583	93,889	5,024
Increase (decrease) resulting from the tax effect of:							
Non-deductible expenses	161	162	483	486	890	770	1,811
Rate change and other	-	-	-	-	(10,117)	(1,299)	-
	36,891	7,153	208,855	86,922	49,356	93,360	6,835
Represented by							
Current tax provision	27,978	5,589	135,426	91,110	30,498	29,436	2,853
Future tax provision (recovery)	8,913	1,564	73,429	(4,188)	18,858	63,924	3,982
	36,891	7,153	208,855	86,922	49,356	93,360	6,835

The components of future income tax balances are as follows:

	February 28,	May 31,	
	2006 $ (Unaudited)	2005 $	2004 $
Property and equipment carrying value in excess of tax values	166,862	93,433	74,575

12 Segmented information

In the opinion of management, the Company has only one business segment, which is the business of oil field and road construction.

13 Economic dependence

During the nine-month period ended February 28, 2006, 75% (unaudited) (February 28, 2005 –79% (unaudited)) and the year ended May 31, 2005 – 80% (each customer at 34%, 24% and 22%; May 31, 2004 – 73% (each customer at 30%, 23% and 20%); May 31, 2003 – 84% (each customer at 64%, 10% and 10%)) of the Company's sales were to three customers.

14 Subsequent events

Initial public offering

On _____, Petrowest Energy Services Trust (the "Trust") filed a prospectus relating to the initial public offering of up to • million trust units for $10 per unit (the "Offering"). Costs of the Offering are estimated to be $2.7 million and fees payable to the agents are estimated to be $ •, resulting in net proceeds of $ • million.

The Trust, through a subsidiary, will acquire 100% of the shares of the Company and all outstanding shareholder loans for $11,909,810 and 1,190,981 Trust units at a deemed price of $10 per unit. The cash payment will be adjusted post-closing for changes in working capital, long-term debt and shareholder loans to the date of closing.

Auditors' Report

To the Shareholders of
310423 Alberta Ltd.

We have audited the consolidated balance sheets of **310423 Alberta Ltd.** (operating as Wales Contractors Ltd.) as at August 31, 2005 and 2004 and the consolidated statements of earnings and retained earnings and cash flows for each of the years in the three-year period ended August 31, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Company as at August 31, 2005 and 2004 and the results of its operations and its cash flows for the each of the years in the three-year period ended August 31, 2005 in accordance with Canadian generally accepted accounting principles.

1 Nature of business

310423 Alberta Ltd. (the "Company") was incorporated under the Business Corporations Act of the Province of Alberta on January 16, 1984. The Company provides wellsite construction, road building and well site reclamation to oil and gas companies.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

The consolidated financial statements of 310423 Alberta Ltd. and its wholly owned subsidiary Wales Contracting Ltd., are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

Inventory

Inventory is valued at the lower of cost and net realizable value, with cost being determined on a first-in, first-out basis.

Principles of consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiary, Wales Contractors Ltd. Intercompany balances and transactions have been eliminated on consolidation.

Property and equipment

Property and equipment are initially recorded at cost. Amortization is provided at cost less estimated salvage value using the following methods and rates:

Contractors' equipment	5 years straight-line
Contractors' equipment under capital lease	5 years straight-line
Automobiles and automotive equipment	20% – 30% declining balance
Automobiles and automotive equipment under capital lease	20% – 30% declining balance
Equipment	10% – 30% declining balance

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period. No impairment loss has been recorded to date.

Investments

Investments are recorded at cost. Investments are written down to their fair value if their fair value is less than their carrying value.

Marketable securities

Marketable securities are recorded at amortized cost. Marketable securities are written down to their net realizable value should a decline in value occur that is not considered temporary.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

Revenue recognition

The Company's services are generally based upon purchase orders with the customer that include fixed or determinable prices. Revenue is recognized when services are rendered and when collectability is reasonably assured.

460 Class B common shares	138	138	138
	338	338	338

9 Related party transactions

The Company paid $60,000 (unaudited) during the six-month periods ended February 28, 2006 (2005 – $80,439) (unaudited) (years ended August 31, 2005 – $114,000; 2004 – $72,000; 2003 – $72,000) to a company related by virtue of common ownership, for equipment rental expenses and $12,708 (unaudited) during the six-months ended February 28, 2006 (year ended August 31, 2005 – $82,666; 2004 – $nil; 2003 – $nil) for freight expense. The Company also sold assets with the net book value of $nil (unaudited) during the six-month ended February 28, 2006 and 2005 (years ended August 31, 2005 – $140,712; 2004 – $1,606; 2003 – $nil) to a related party. All related party transactions have been recorded at the exchange amount.

10 Line of credit

The Company has a line of credit that has an available credit facility of $900,000 that has not been drawn on as at August 31, 2005. The line of credit security is provided by a general assignment of accounts receivable and guarantees amounting to $900,000 by the Company, a related company and the shareholders.

11 Financial instruments

Fair value

The carrying value of cash and cash equivalents, accounts receivable, bank indebtedness, accounts payable and accrued liabilities and accrued management bonus approximate their fair value due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair value of amounts due from related company, shareholder advances and obligations under capital leases are not practicably determinable.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include the analysis of the financial position of its customers and the regular review of their credit limits.

As at February 28, 2006, 70% (unaudited) (August 31, 2005 – 89%; 2004 – 83%) of the accounts receivable of the Company was from three customers.

Interest rate risk

The Company is exposed to interest rate risk which bears fixed rates of interest, primarily through its capital lease obligations.

12 Income taxes

The income tax provision recorded differs from the income taxes obtained by applying the statutory income tax rate below:

	Three months ended February 28,		Six months ended February 28,		Years ended August 31,		
	2006 $ (Unaudited)	2005 $ (Unaudited)	2006 $ (Unaudited)	2005 $ (Unaudited)	2005 $	2004 $	2003 $
Earnings before income taxes	211,322	294,573	264,918	362,879	303,796	393,182	268,997
Combined statutory rates	16.12%	16.20%	16.12%	16.20%	16.12%	16.70%	17.41%
Calculated expected income taxes	34,065	47,721	42,705	58,786	48,972	65,661	46,832
Increase (decrease):							
Non-deductible expenses	1,451	1,458	1,451	1,458	1,512	1,849	2,501
Rate change	-	-	-	-	(24,981)	(21,910)	-
Non-taxable portion of capital gains	-	-	-	-	(1,100)	(200)	(127)
	35,516	49,179	44,156	60,244	24,403	45,400	49,206
Represented by							
Current income tax provision	60,127	53,055	55,784	63,168	12,895	95,408	34,946
Future income tax provision (recovery)	(24,611)	(3,876)	(11,628)	(2,924)	11,508	(50,008)	14,260
	35,516	49,179	44,156	60,244	24,403	45,400	49,206

The component of future income tax liability are as follows:

	February 28,	August 31,	
	2006 $ (Unaudited)	2005 $	2004 $
Carrying value of property and equipment in excess of income tax value	487,096	498,724	487,216

13 Segmented information

In the opinion of management, the Company has only one business segment, which is the business of road and oilfield construction in Canada.

14 Economic dependence

During the periods ended February 28, 2006, 94% (unaudited) (February 28, 2005 – 86%) (unaudited) (year ended August 31, 2005 – 90% (each customer at 42%, 34% and 14%)); August 31, 2004 – 84% (each customer at 54%, 20% and 10%); 2003 – 74% (each customer at 39%, 19% and 16%)); of the Company's sales were to three customers.

15 Subsequent events

Initial public offering

On _____, Petrowest Energy Services Trust (the "Trust") filed a prospectus relating to the initial public offering of up to • million trust units for $10 per unit (the "Offering"). Costs of the Offering are estimated to be $2.7 million and fees payable to the agents are estimated to be $ • , resulting in net proceeds of $ • million.

The Trust, through a subsidiary, will acquire 100% of the shares of the Company and all outstanding shareholder loans for $13,918,380 and 1,391,838 Trust units at a deemed price of $10 per unit. The cash payment will be adjusted post-closing for changes in working capital, long-term debt and shareholder loans to the date of closing.

Auditors' Report

To the Shareholders of
404434 Alberta Corporation,
756171 Alberta Corporation and 756169 Alberta Corporation

We have audited the combined balance sheets of **D&D Well Services** as at December 31, 2005 and 2004 and the combined statements of earnings and retained earnings and cash flows for each of the years in the three-year period ended December 31, 2005. These combined financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these combined financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2005 and 2004 and the results of its operations and its cash flows for the each of the years in the three-year period ended December 31, 2005 in accordance with Canadian generally accepted accounting principles.

1 Nature of business

404434 Alberta Corporation, 756171 Alberta Corporation and 756169 Alberta Corporation (collectively, the "Company" and "D & D Well Services") are privately-owned companies; they operate rig moving and transportation services and are incorporated under the laws of the Province of Alberta. These financial statements are prepared on a combined basis, commencing in 2005 when 756171 Alberta Corporation and 756169 Alberta Corporation were incorporated, as they are under common control and managed by a common owner. The combined balances are presented after elimination of inter-company transactions and balances.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

These combined financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

Inventory

Inventory is valued at cost and net realizable value, with cost being determined on a first-in, first-out basis.

Property and equipment

Property and equipment are recorded at cost less accumulated amortization. Amortization is provided using the declining balance method at the following rates, intended to amortize the cost of assets over their estimated useful lives:

Buildings	10%
Equipment	20%
Office equipment	20%
Motor vehicles	30%
Contracting equipment	30%
Computer equipment	45%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Revenue recognition

The Company's services are generally based upon purchase orders that include fixed prices. Revenue is recognized when services are rendered and when collectibility is reasonably assured.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

3 Property and equipment

	March 31, 2006		
	Cost $	Accumulated amortization $	Net $ (Unaudited)
Land	50,000	-	50,000
Buildings	377,299	229,373	147,926

	12,765,661	6,300,238	6,465,423

	December 31, 2004		
	Cost $	Accumulated amortization $	Net $
Land	50,000	-	50,000
Buildings	377,299	208,722	168,577
Equipment	194,520	137,757	56,763
Motor vehicles	215,008	59,091	155,917
Contracting equipment	8,882,674	4,198,191	4,684,483
Computer equipment	11,255	10,059	1,196
	9,730,756	4,613,820	5,116,936

Included in property and equipment as at March 31, 2006 are assets under capital lease with a cost of $1,133,972 (unaudited) (December 31, 2005 – $1,233,972; 2004 – $51,990) and accumulated amortization of $263,761 (unaudited) (December 31, 2005 – $185,096; 2004 – $26,515).

4 Line of credit

The Company has a $1,500,000 revolving line of credit of which $nil was used as at December 31, 2005 (2004 – $nil). Bank advances on the line of credit are payable on demand and bear interest at 1% over prime. Security for the line of credit is provided by a general security agreement on all present and acquired property.

5 Shareholder advances

The amounts due to shareholders are non-interest bearing and have no set repayment terms. The shareholders have postponed repayment of these amounts in favour of the bank.

6 Callable debt

	March 31,	December 31,	
	2006 $ (Unaudited)	2005 $	2004 $
Bank loans bearing interest at prime plus 1.75%- 2% per annum, repayable in monthly blended payments ranging from $3,500 to $13,250. The loans are callable on demand and mature on various dates to August 31, 2010.	1,595,539	1,737,019	1,862,994

Principal payments as at December 31, 2005 are as follows:

	$
2006	553,146
2007	482,093
2008	391,172
2009	281,071
2010	29,537
	1,737,019

Security for the loans is provided by general security agreements, personal guarantees of the shareholders to $100,000 and specific contracting equipment.

The Company was in breach of certain debt covenants and did not obtain a waiver. The entire balance is classified as current.

7 Capital lease obligations

	March 31,	December 31,	
	2006 $ (Unaudited)	2005 $	2004 $
Capital leases bearing interest at 10.5% per annum, repayable in monthly blended payments of $16,172. The loans mature on December 31, 2005 and January 31, 2006 and security is provided by specific contracting equipment.	-	2,467	174,907
Capital leases bearing interest at 0% per annum, repayable in monthly payments of $3,779. The loans mature on October 31, 2005 and May 12, 2008 and security is provided by specific automotive equipment.	65,090	72,600	28,072
Capital leases bearing interest at 7% per annum, repayable in monthly blended payments of $8,000. The loan matures on August 10, 2007.	131,725	153,169	-
Capital leases bearing interest at rates of 8.6% per annum, repayable in monthly blended payments ranging from $3,544 to $10,478. The loans mature on various dates to September 1, 2009 and security is provided by specific contracting equipment.	660,054	746,517	-
Capital leases bearing interest at 1.9% per annum, repayable in monthly blended payments of $2,014 and security is provided by specific automotive equipment. The loans mature on October 31, 2008.	61,958	67,686	-

9 Related party transactions

The Company paid $99,000 (unaudited) for the three months ended March 31, 2006 (March 31, 2005 – $25,000 (unaudited)) (year ended December 31, 2005 – $126,500; 2004 – $66,000) in rent to the shareholders. This transaction has been measured at the exchange amount.

10 Financial instruments

Fair value

The carrying values of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, accrued management bonus and callable debt, approximate their fair values due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair value of shareholder advances are not practicably determinable.

The fair values of long-term debt and capital lease obligations approximates carrying values as the interest rates approximate market rates.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include the analysis of the financial position of its customers and the regular review of their credit limits.

As at March 31, 2006, the Company had accounts receivable of 55% (December 31, 2005 – 47%; 2004 – 39%) from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of the long-term debt which bears fixed and floating rates of interest.

11 Income taxes

The income tax provision recorded differs from the income taxes obtained by applying the statutory income tax rates to the income for the period and is reconciled as follows:

	Three months ended March 31,		Years ended December 31,		
	2006 $ (Unaudited)	2005 $ (Unaudited)	2005 $	2004 $	2003 $
Earnings before income taxes	898,137	925,953	1,534,286	729,723	343,673
Combined statutory rates	16.12%	16.12%	16.12%	16.37%	17.24%
Calculated expected income taxes	144,780	149,264	247,327	119,456	59,249
Increase (decrease)					
Non-deductible expenses	-	-	580	597	414
Non-taxable portion of capital gains	-	-	-	(15,666)	-
Taxable income taxed at the non-small business rate	-	-	79,131	7,972	-
Other	1,811	4,440	(1,585)	(3,034)	-
	146,591	153,704	325,453	109,325	59,663
Represented by					
Current income tax provision	146,422	153,611	255,966	65,660	31,368
Future income tax provision	169	93	69,487	43,665	28,295
	146,591	153,704	325,453	109,325	59,663

The components of the net future income tax liability are as follows:

	March 31,	December 31,	
	2006 $ (Unaudited)	2005 $	2004 $
Carrying value of property and equipment in excess of tax values	173,445	173,276	103,789

12 Commitments

The Company rents a building from a shareholder, which expires in 2010. The future minimum rental payments in each of the next five years required under the lease are as follows:

	$
2006	360,000
2007	360,000
2008	360,000
2009	360,000
2010	330,000

13 Segmented information

In the opinion of management, the Company has only one business segment, which is the business of oil and gas rig moving and trucking.

14 Economic independence

During the three month periods ended March 31, 2006, the Company had sales of 49% (unaudited) (March 31, 2005 – 65% (unaudited)) and the year ended December 31, 2005 – 42% (each customer at 18%, 14% and 10%; December 31, 2004 – 30% (each customer at 10%, 10% and 10%); December 31, 2003 – 32% (each customer at 12%, 10% and 10%)) to three customers.

15 Subsequent events

Initial public offering

On _____, Petrowest Energy Services Trust (the "Trust") filed a prospectus relating to the initial public offering of up to • million trust units for $10 per unit (the "Offering"). Costs of the Offering are estimated to be $2.7 million and fees payable to the agents are estimated to be $ • , resulting in net proceeds of $ • million.

The Trust, through a subsidiary, will acquire 100% of the shares of the Company and all outstanding shareholder loans for $28,721,948 and 2,872,194 Trust units at a deemed price of $10 per unit. The cash payment will be adjusted post-closing for changes in working capital, long-term debt and shareholder loans to the date of closing.

Auditors' Report

To the Shareholders of
Murtron Hauling Ltd. and 815431 Alberta Ltd.

We have audited the combined balance sheets of **Murtron Hauling** as at October 31, 2005 and 2004 and the combined statements of earnings (loss) and retained earnings and cash flows for each of the years in the three year-period ended October 31, 2005. These combined financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these combined financial statements present fairly, in all material respects, the financial position of the Company as at October 31, 2005 and 2004 and the results of its operations and its cash flows for each of the years in the three-year period ended October 31, 2005 in accordance with Canadian generally accepted accounting principles.

1 Nature of business

Murtron Hauling Ltd. and 815431 Alberta Ltd. (collectively the "Company" and "Murtron Hauling") are privately-owned companies incorporated under the Alberta Corporations Act which operate a log hauling, gravel hauling and heavy equipment moving business. These financial statements are prepared on a combined basis as they are under common control and managed by a common owner. The combined balances are presented after elimination of intercompany transactions and balances.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

These financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

Inventory

Inventory consists of crushed gravel and is valued at the lower of cost and net realizable value with the cost being determined on a first-in, first-out basis.

Property and equipment

Property and equipment are initially recorded at cost. Amortization is provided at cost less estimated salvage value using the following rates:

Buildings	4% declining balance
Fence	10% declining balance
Equipment	20% declining balance
Automotive equipment and trailers	30% - 40% declining balance
Equipment under capital lease	Straight line over lease term
Computer equipment	30% declining balance
Trailers	30% declining balance

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Revenue recognition

Revenue from hauling and trucking is recognized when the services have been provided and ultimate collection is reasonably assured.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and tax bases of assets and liabilities, and measured using the substantively enacted income tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of capital assets and recoverability of accounts receivable. Actual results could differ from these estimates.

100 Class A voting common shares	100	100	100

The preferred shares are redeemable for $2,000 at the company's and shareholders' options and have been recorded as a liability.

9 Commitments

The Company has committed to supply 100,000 tonnes of gravel per annum, at $6.10 per tonne, from February 2006 until December 31, 2010.

10 Financial instruments

Fair value

The carrying values of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, bank indebtedness, accrued management bonus and callable debt approximate their fair values due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair value of shareholder advances is not practicably determinable, since there are no specific terms.

The fair values of callable debt and obligations under capital lease approximate carrying values as the interest rate approximates the market value.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies which include the analysis of the financial position of its customers and the regular review of their credit limits.

During the three month period ended January 31, 2006 – 39% (unaudited) (January 31, 2005 – 42%) (unaudited) (years ended October 31, 2005 – 47% (each customer at 37% and 10%; October 31, 2004 – 41% (each customer at 31% and 10%); October 31, 2003 – 57% (each customer at 47% and 10%)) of the Company's sales were to two customer. As at January 31, 2006, 40% (unaudited) (October 31, 2005 – 38%; October 31, 2004 – 54%) of the accounts receivable of the Company were from two customers.

11 Income taxes

The income tax provision recorded differs from the income taxes obtained by applying the statutory income tax rates to the earnings (loss) for the period and is reconciled as follows:

	Three months ended January 31,		Years ended October 31,		
	2006 $ (Unaudited)	2005 $ (Unaudited)	2005 $	2004 $	2003 $
Earnings (loss) before income taxes	383,082	(124,989)	454,882	767,929	629,364
Combined statutory rates	16.12%	16.20%	16.12%	16.87%	19.66%
Calculated expected income taxes	61,753	(20,248)	73,327	129,550	123,733
Increase (decrease)					
Non-deductible expenses	899	1,409	642	923	897
Taxable income taxed at the non-small business rate	-	-	-	19,419	8,993
Other	-	-	(4,016)	-	(649)
	62,652	(18,839)	69,953	149,892	132,974
Represented by					
Current income tax provision	73,103	9,432	79,457	149,076	121,456
Future income tax provision (recovery)	(10,451)	(28,271)	(9,504)	816	11,518
	62,652	(18,839)	69,953	149,892	132,974

The component of future income tax balances are as follows:

	Three months ended January 31,	Years ended October 31,	
	2006 $	2005 $	2004 $
Carrying value of property and equipment in excess of income tax values	48,613	59,064	68,568

12 Related party disclosure

During the year ended October 31, 2005, the Company sold equipment for $16,050 (2004 – $6,420; 2003 – $nil) to companies controlled by the shareholders or by family members of the shareholders. In 2004, the Company advanced $40,000 to the related party and was repaid prior to October 31, 2004.

The related party transactions have been recorded at exchange amounts.

The due from related party is unsecured, interest free and repayable on demand. The companies are related, as they are controlled by common shareholders.

13 Segmented information

In the opinion of management, the Company has only one business segment, which is the business of hauling logs, gravel and heavy equipment in Canada.

14 Subsequent event

Initial public offering

On _____, Petrowest Energy Services Trust (the "Trust") filed a prospectus relating to the initial public offering of up to • million trust units for $10 per unit (the "Offering"). Costs of the Offering are estimated to be $2.7 million, and fees payable to the agents are estimated to be $ •, resulting in net proceeds of $ • million.

The Trust, through a subsidiary, will acquire 100% of the shares of the Company and all outstanding shareholder loans for $6,105,630 and 915,851 Trust units at a deemed price of $10 per unit. The cash payment will be adjusted post-closing for changes in working capital, long-term debt and shareholder loans to the date of closing.

Auditors' Report

To the Shareholders of
R Bee Crushing Ltd., Bernet Ventures Ltd. and Dal Finn Holdings Ltd.

We have audited the combined balance sheets of **R Bee Crushing** as at April 30, 2005 and 2004 and the combined statements of earnings (loss) and retained earnings and cash flows for each of the years in the three-year period ended April 30, 2005. These combined financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these combined financial statements present fairly, in all material respects, the financial position of the Company as at April 30, 2005 and 2004 and the results of its operations and its cash flows for the each of the years in the three-year period ended April 30, 2005 in accordance with Canadian generally accepted accounting principles.

1 Nature of business

R Bee Crushing Ltd., Bernet Ventures Ltd. and Dal Finn Holdings Ltd. (collectively, the "Company" and "R. Bee Crushing") are incorporated under the laws of British Columbia, are extra-provincially registered in Alberta and are engaged in the gravel crushing business. These financial statements have combined the operations of these three companies as they are under common control and managed by a common owner. The combined balances are presented after elimination of intercompany transactions and balances.

2 Summary of significant accounting policies

These financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Cash and cash equivalents consist of short-term deposits with maturities of three months or less.

Property and equipment

Property and equipment are recorded at cost less accumulated amortization. Amortization is provided using the declining balance method at the following rates intended to amortize the cost of assets over their estimated useful lives.

Buildings	4%
Heavy equipment	30%
Equipment	30%
Vehicles	30%
Trailers	30%
Radios	20%
Computer hardware and software	30% – 100%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Revenue recognition

Revenue is recognized as services are provided and performance of the service has occurred, price to the customer is fixed or determinable and collectibility is reasonably assured.

Investments

Investments are accounted for on a cost basis and are written down to their net recoverable amount should a decline in value occur that is not considered temporary.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in confonnity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

Inventory

Inventory consists of spare parts and is measured at the lower of cost and market on a first-in first-out basis.

3 Short-term investments

These funds are held at one chartered bank and up to $354,000 has been pledged as security for the operating loan.

4 Property and equipment

10 Related party transactions

The Company incurred general and administrative expenses of $239,413 and $256,749 (unaudited) with a company under common control during the nine-month periods ended January 31, 2006 and 2005, respectively (year ended April 30, 2005 – $341,853; 2004 – $281,999; 2003 – $182,865).

The company generated rental income of $39,000 (unaudited) with a company under common control during the nine-month period ended January 31, 2006 (year ended April 30, 2005 – $nil; 2004 – $nil; 2003 – $nil).

The company generated interest income of $1,855 (unaudited) with a company under common control during the nine-month period ended January 31, 2006 (year ended April 30, 2005 – $1,969; 2004 – $nil; 2003 – $nil).

The related party transactions are in the normal course of operations and are measured at the exchange amount.

11 Financial instruments

Fair value

The carrying value of cash and cash equivalents, accounts receivable, income taxes receivable, bank indebtedness, accounts payable and accrued liabilities and accrued management bonus, approximate their fair value due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair value of amount shareholder advances is not practicably determinable. The fair value of long-term debt and capital lease obligations approximate carrying values as the interest rates approximate market rates.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies that include the analysis of the financial position of its customers and the regular review of their credit limits.

During the nine-month period ended January 31, 2006, the Company had sales of 74% (unaudited) (year ended April 30, 2005 – 52% (each customer at 24%, 17% and 11%); 2004 – 41% (each customer at 17%, 12% and 12%; 2003 – 50% (each customer at 25%, 18% and 7%)) to three customers. As at January 31, 2006, the Company had accounts receivable of 75% (2005 – 74%; 2004 – 74%) from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of the long-term debt, which bears a fixed rate of interest.

12 Income taxes

The income tax provision recorded differs from the income tax obtained by applying the statutory income tax rates as follows:

	Three months ended January 31,		Nine months ended January 31,		Years ended April 30,		
	2006 $ (Unaudited)	2005 $ (Unaudited)	2006 $ (Unaudited)	2005 $ (Unaudited)	2005 $	2004 $	2003 $
Earnings (loss) before income taxes	(154,282)	(314,475)	2,315,074	3,010,066	2,382,004	1,301,916	(392,235)
Combined statutory rates	17.00%	17.00%	17.00%	17.00%	17.00%	17.00%	17.00%
Calculated expected income taxes	(26,228)	(53,461)	393,563	511,711	404,941	221,326	(66,680)
Increase (decrease)							
Non-deductible expenses	-	-	-	-	1,463	1,333	481
Non capital losses	-	-	-	-	(48,423)	(83,260)	-
Taxable income taxed at the non-small business rate	-	-	-	-	80,442	-	-
Other	(1,500)	-	-	-	4,579	(3,804)	11,646
	(27,728)	(53,461)	393,563	511,711	443,002	135,595	(54,553)
Represented by							
Current tax provision (recovery)	8,397	(36,263)	(155,752)	305,359	275,928	90,443	-
Future tax provision (recovery)	(36,125)	(17,198)	549,315	206,352	167,074	45,152	(54,553)
	(27,728)	(53,461)	393,563	511,711	443,002	135,595	(54,553)

The components of future income tax balances are as follows:

	January 31,	April 30,	
	2006 $ (Unaudited)	2005 $	2004 $
Tax basis of buildings and equipment in excess of carrying amount	210,295	135,642	79,087
Sales holdbacks	751,217	276,555	166,036
	961,512	412,197	245,123

13 Segmented information

In the opinion of management, the Company has only one business segment, which is the business of gravel crushing in Canada.

14 Subsequent events

Initial public offering

On _____, Petrowest Energy Services Trust (the "Trust") filed a prospectus relating to the initial public offering of up to • million trust units for $10 per unit (the "Offering"). Costs of the Offering are estimated to be $2.7 million and fees payable to the agents are estimated to be $ • , resulting in net proceeds of $ • million.

The Trust, through a subsidiary, will acquire 100% of the shares of the Company and all outstanding shareholder loans for $19,572,540 and 2,935,881 Trust units at a deemed price of $10 per unit. The cash payment will be adjusted post-closing for changes in working capital, long-term debt and shareholder loans to the date of closing.

Auditors' Report

To the Shareholders of
Safetymaster Rentals Corporation

We have audited the balance sheets of **Safetymaster Rentals Corporation** as at August 31, 2005 and 2004, and the statements of earnings and retained earnings and cash flows for each of the years in the three-year period ended August 31, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Company as at August 31, 2005 and 2004, and the results of its operations and its cash flows for each of the years in the three-year period ended August 31, 2005 in accordance with Canadian generally accepted accounting principles.

1 Nature of business

Safetymaster Rentals Corporation (the "Company") was incorporated under the Business Corporations Act (Alberta) on January 22, 1997. Its principal focus is on the supply of safety equipment rentals.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

The financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

Property and equipment

Property and equipment are recorded at cost less accumulated amortization. Equipment is amortized using the declining balance method over their estimated useful lives at the following rates:

Airplane	15%
Equipment rentals and airplane	15%
Trailers rentals	15%
Vehicles	15%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted income tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

Revenue recognition

Revenue is recognized over the equipment rental period and when collectibility is reasonably assured.

10 Commitments

Leases

Under the terms of operating lease agreements, the Company will be required to make annual rental payments as follows:

	$
2006	66,000
2007	66,000
2008	66,000
2009	66,000
2010	38,000

Guarantee

The Company has given a corporate guarantee limited to $195,000 for a bank loan in the name of the spouse of the shareholder. The carrying amount of this loan is $99,682.

11 Related party transactions

	Six months ended February 28,		Three months ended February 28,		Years ended August 31,		
	2006 $ (Unaudited)	2005 $ (Unaudited)	2006 $ (Unaudited)	2005 $ (Unaudited)	2005 $	2004 $	2003 $
General and administrative expense							
Paid to company controlled by a family member of a shareholder	76,349	21,600	31,455	30,808	154,040	100,863	30,947
Paid to a family member of a shareholder	33,000	36,000	16,500	18,000	101,800	111,302	109,456
Paid to company 50% owned by a shareholder	-	-	-	-	5,400	-	9,447
Accounts payable owed to companies controlled by a family member of a shareholder	13,667	20,025	13,667	15,037	105,470	47,652	24,611
Management fees received from company by a family member of a shareholder	-	-	-	-	20,000	200	100,000

These transactions have been recorded at the exchange amount.

12 Financial instruments

Fair value

The carrying value of cash and cash equivalents, accounts receivable, bank indebtedness, accounts payable and accrued liabilities, accrued management remuneration, callable debt and long-term debt, approximate their fair value due to the relatively short term to maturity of the instruments and interest rates attached to the instruments. The fair value of amounts due to (from) related parties and shareholder advances are not practicably determinable since they do not have any specified terms.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies which include the analysis of the financial position of its customers and the regular review of their credit limits.

During the period ended February 28, 2006, 35% (unaudited) (February 28, 2005 – 36% (unaudited); August 31, 2005 – 32%; August 31, 2004 – 22%; August 31, 2003 – 35%) of the Company's sales were to two customers. As at February 28, 2006, the Company had accounts receivable of 45% (August 31, 2005 –31%; 2004 – 41%) from two customers.

13 Income taxes

The income tax provision recorded differs from the income tax obtained by applying the statutory income tax rates to the earnings for the period and is reconciled as follows:

	Three months ended February 28,		Six months ended February 28,		Years ended August 31,		
	2006 $ (Unaudited)	2005 $ (Unaudited)	2006 $ (Unaudited)	2005 $ (Unaudited)	2005 $	2004 $	2003 $
Earnings before income taxes	155,043	76,237	313,229	212,227	396,520	200,329	196,516
Combined statutory rates	16.12%	16.20%	16.12%	16.20%	16.12%	16.87%	19.66%
Calculated expected income taxes	24,993	12,350	50,493	34,381	63,919	33,796	38,635
Increase (decrease):							
Non-deductible expenses	1,209	1,215	2,418	2,430	5,279	5,328	5,338
Rate change and other	(5,575)	6,395	(9,118)	5,823	8,240	(3,426)	1,163
	20,627	19,960	43,793	42,634	77,438	35,698	45,136
Represented by							
Current income tax provision	19,303	19,412	45,272	38,658	66,188	41,621	40,736
Future income tax provision (recovery)	1,324	548	(1,479)	3,976	11,250	(5,923)	4,400
	20,627	19,960	43,793	42,634	77,438	35,698	45,136

The component of future income tax liability is as follows:

	February 28,	August 31,	
	2006 $ (Unaudited)	2005 $	2004 $
Carrying value of property and equipment in excess of tax values	34,429	35,908	24,658

14 Segmented information

In the opinion of management, the Company has only one business segment, which is the business of safety equipment rentals.

15 Subsequent events

Initial public offering

On _____, Petrowest Energy Services Trust (the "Trust") filed a prospectus relating to the initial public offering of up to • million trust units for $10 per unit (the "Offering"). Costs of the Offering are estimated to be $2.7 million, and fees payable to the agents are estimated to be $ • , resulting in net proceeds of $ • million.

The Trust, through a subsidiary, will acquire 100% of the shares of the Company and all outstanding shareholder loans for $3,480,855 and 522,128 Trust units at a deemed price of $10 per unit. The cash payment will be adjusted post-closing for changes in working capital, long-term debt and shareholder loans to the date of closing.

Auditors' Report

To the Shareholders of
Neuwest Equipment Rentals Incorporated

We have audited the balance sheets of **Neuwest Equipment Rentals Incorporated** as at October 31, 2005 and 2004 and the statements of earnings (loss) and retained earnings (deficit) and cash flows for each of the years in the three-year period ended October 31, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Company as at October 31, 2005 and 2004 and the results of its operations and its cash flows for the each of the years in the three-year period ended October 31, 2005 in accordance with Canadian generally accepted accounting principles.

1 Nature of operations and basis of presentation

Neuwest Equipment Rentals Incorporated (the "Company") is incorporated under the laws of the Province of Nova Scotia. Its principal business activity is heavy equipment rentals.

These financial statements are prepared on the going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company expects to continue normal operations with continued shareholder support, the company receiving future financing and the Company renting equipment to the related party as described in note 13. The outcome of these events is uncertain at this time. These financial statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to continue as a going concern. These adjustments may be material.

2 Summary of significant accounting policies

These financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalent

Included in cash and cash equivalents are bank overdrafts.

Revenue recognition

Revenue is recognized over the rental period and when collection is reasonably assured.

Property and equipment

Property and equipment are initially recorded at cost. Amortization is provided using the declining balance method at rates intended to amortize the cost of assets over their estimated useful lives.

Containers	30%
Furniture	20%
Heavy rental equipment	30%
Rental equipment	20%
Vehicle equipment	30%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a write-down to the asset's fair value is recognized during the period.

Future income taxes

The Company uses the liability method of tax allocation in accounting for income taxes. Under this method, future tax assets and liabilities are determined based on temporary differences between the financial reporting and tax bases of assets and liabilities, and measured using the substantially enacted tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment, recoverability of accounts receivable and the going concern assumption. Actual results could differ from these estimates.

3 Property and equipment

	January 31, 2006		
	Cost $	Accumulated amortization $	Net $ (Unaudited)

	October 31, 2004		
	Cost $	Accumulated amortization $	Net $
Rental equipment	53,719	16,219	37,500

4 Deposit in trust

The Company was required to place $250,000 in trust to a vendor in order to obtain leases. The deposit will earn interest at the prime rate for 36 months.

5 Long-term debt

During the year, the Company purchased equipment through a twenty-four month loan at an interest rate of 7.5%. Future amounts repayable are as follows:

	$
2006	23,439
2007	17,580
	41,019

The Company currently has a demand operating loan available to the amount of $105,000 at the bank's prime lending rate plus 1.50%. As at October 31, 2005, the Company had not drawn on this credit facility.

6 Capital lease obligations

	January 31,	October 31,	
	2006 $ (Unaudited)	2005 $	2004 $
Obligations are repayable in 48 monthly blended payments ranging from $3,234 to $5,435 plus a lump sum payment ranging from $42,000 to $55,955 on either October 31, 2005 or December 31, 2005. Interest rates range from 6.50% to 6.70%.	1,252,202	440,014	-
Obligations are repayable in 48 monthly blended payments ranging from $5,574 to $8,081 plus a lump sum payment of $259,782 on October 31, 2009, and a lump sum payment of $138,312 on December 31, 2010. Interest rates range from 5.95% to 6.50%.	1,148,682	735,130	-
	2,400,884	1,175,144	-
Less: Current portion	(1,415,706)	(244,832)	-
	985,178	930,312	-

Future amounts repayable as at October 31, 2005 are as follows:

	$
2006	260,746
2007	194,499
2008	207,215
2009	450,757
2010	138,312
	1,251,529
Less: Imputed interest	(76,385)
	1,175,144

The company is in violation of one debt covenant ratio at January 31, 2006. The total obligation has been classified as current.

The two shareholders have placed personal guarantees to the amount of $1,136,250 (unaudited) (December 31, 2005 – $350,000; 2004 – $nil) each. The leases obligations security is provided by the related leased assets.

7 Shareholder advances

The amounts due to the shareholder are unsecured, interest free and repayable on demand.

8 Employee profit sharing plan

During 2005, the Company established a formal employee profit sharing plan, whereby accumulated undistributed profits of Neuwest Equipment Rentals Incorporated and companies owned by the shareholders may be distributed to a trust. For the fiscal year of 2005, there was a distribution of profits of $375,000 under this plan (2004 – $nil), which was then loaned back to the Company with no set repayment terms. In the first quarter of 2006, a payment of $10,489 was distributed under the plan.

9 Share capital

Authorized
500 voting common shares
40,000 voting preferred shares

Issued and outstanding

	January 31,	October 31,	
	2006 $ (Unaudited)	2005 $	2004 $
500 common shares	500	500	500

10 Commitments

The future maximum operating lease payments as at October 31, 2005 over the next five years for equipment are as follows:

	$
2006	933,618
2007	768,408
2008	768,408
2009	655,357
2010	162,841
	3,288,632

Shareholders placed personal guarantees to the amount of $2,095,044 (2004 –$117,175), in order to obtain the equipment under the operating lease agreements with various vendors.

11 Financial instruments

Fair value

The carrying value of cash, accounts receivable, interest receivable and accounts payable and accrued liabilities approximate their fair value due to the relatively short period to maturity of the instruments. The fair value of shareholder advance and due to employee profit sharing plan is not practicably determinable since it does not have any specified terms. The fair value of long-term debt, capital lease obligations and deposit in trust approximates carrying value as the interest rates applicable to these loans approximate market rates.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies, that include the analysis of the financial position of its customers and the regular review of their credit limits.

As at January 31, 2006, 92% (unaudited) (October 31, 2005 – 81%; October 31, 2004 – 73%) of the accounts receivable of the Company were from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of its capital leases and long-term debt, which bear fixed rates of interest.

12 Income taxes

The income tax provision recorded differs from the income tax obtained by applying the statutory income tax rate as follows:

	Three months ended January 31,		Years ended October 31,		
	2006 $ (Unaudited)	2005 $ (Unaudited)	2005 $	2004 $	2003 $
Earnings (loss) before income taxes	179,914	185,423	254,483	165,721	(9,140)
Combined statutory rate	16.12%	16.28%	16.12%	16.53%	17.33%
Calculated expected income taxes	29,002	30,187	41,023	27,394	(1,584)
Increase (decrease):					
Non-deductible	-	-	941	-	-
Rate change	-	-	(7,505)	(4,759)	1,584
	29,002	30,187	34,459	22,635	-
Represented by					
Current provision	90,925	30,187	63,360	22,635	-
Future provision	(61,923)	-	(28,901)	-	-
	29,002	30,187	34,459	22,635	-

The component of future income taxes is as follows:

	January 31,	October 31,	
	2006 $ (Unaudited)	2005 $	2004 $
Tax basis of property and equipment in excess of carrying value	90,824	28,901	-

13 Related party disclosure

The Company entered into a number of related party transactions with companies controlled by the shareholders or companies controlled by family members of the shareholders, which were a part of the normal course of operations. Such transactions included revenues of $276,183 for the interim period ending January 31, 2005 (unaudited) (years ending October 31, 2005 – $951,082; 2004 – $1,247,666; 2003 – $394,899). For the interim period of January 31, 2006 there were no related party revenues earned. See note 15 for further details.

The Company also entered into incurred consulting fees with a related party for the amount of $24,000 and $15,000 for the three month period ending January 31, 2006 and 2005 respectively (unaudited) (years ending October 31, 2005 – $96,000; 2004 – $186,291; 2003 – $nil).

As at October 31, 2005, outstanding accounts receivables from related parties amounted to $288,424 (2004 – $27,147). No amounts are outstanding at January 31, 2006.

All related party transactions have been recorded at the exchange amount.

14 Segmented information

In the opinion of management, the Company has only one business segment, which is the business of equipment rentals and sales in Canada.

15 Economic dependence

During the three-month period ended January 31, 2006, 93% (January 31, 2005 – 89%) (unaudited) (year ended October 31, 2005 – 86% (each customer at 46%, 21% and 19%); October 31, 2004 – 94% (each customer at 54%, 37% and 3%)) of the Company's sales were to three customers. For the year ended October 31, 2003 revenue from one customer totalled 93%. A portion of these sales were to related parties (note 13).

16 Subsequent events

Initial public offering

On _____, Petrowest Energy Services Trust (the "Trust") filed a prospectus relating to the initial public offering of up to • million trust units for $10 per unit (the "Offering"). Costs of the Offering are estimated to be $2.7 million, and fees payable to the agents are estimated to be $ • , resulting in net proceeds of $ • million.

The Trust, through a subsidiary, will acquire 100% of the shares of the Company and all outstanding shareholder loans for $4,153,405 and 623,010 Trust units at a deemed price of $10 per unit. The cash payment will be adjusted post-closing for changes in working capital, long-term debt and shareholder loans to the date of closing.

Auditors' Report

To the Shareholders of
Fitzpatrick Co. Ltd. and Northern Tractor Sales and Rental Co. Ltd.

We have audited the combined balance sheets of **Northern Tractor Sales and Rental** as at September 30, 2005 and 2004, and the combined statements of earnings and retained earnings and cash flows for each of the years in the three-year period ended September 30, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these combined financial statements present fairly, in all material respects, the financial position of the Company as at September 30, 2005 and 2004, and the results of its operations and its cash flows for each of the years in the three-year period ended September 30, 2005 in accordance with Canadian generally accepted accounting principles.

1 Nature of business

Fitzpatrick Co. Ltd. and Northern Tractor Sales & Rental Co. Ltd. (collectively the "Company" and "Northern Tractor Sales and Rental") are privately owned and were incorporated under the Business Corporations Act of the Province of Alberta. The Company provides heavy equipment rentals in northern Alberta and north eastern British Columbia. These financial statements are prepared on a combined basis as they are under common control and managed by a common owner. The combined balances are presented after elimination of intercompany transactions and balances.

These combined financial statements are prepared on a going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company expects to continue normal operations with continued shareholder support and assuming the bank indebtedness not being demanded by the lender, the company receiving future financing. The lender demanding repayment may result in the Company selling property and equipment to settle the debt, which would alter current operations. The lender has not presently indicated any intention to demand repayment. The outcome of these events is uncertain at this time. These combined financial statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to continue as a going concern. These adjustments may be material.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

The combined financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Inventory

Parts inventory is valued at the lower of cost and net realizable value. Cost is determined by the first-in first-out method.

Investments

Investments are portfolio investments recorded at cost, less any provisions for other than temporary impairment.

Property and equipment

Property and equipment are initially recorded at cost. Amortization is provided using methods and rates intended to amortize the cost of the assets over their estimated useful lives.

Buildings	4-5%	declining balance
Automotive	30%	declining balance
Contractors moveable rental equipment	8 years	straight-line
Equipment	20%	declining balance
Fences	10%	declining balance
Furniture and fixtures	20%	declining balance
Leasehold improvements	5 years	straight-line

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Future income taxes

The Company uses the liability method of tax allocation in accounting for income taxes. Under this method, future tax assets and liabilities are determined based on temporary differences between the financial reporting and tax bases of assets and liabilities, and are measured using the substantively enacted tax rates and laws that will be effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of combined financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the combined financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

Revenue recognition

Merchandise is rented to customers pursuant to rental agreements, which provide for weekly or monthly rental terms with non-refundable rental payments. The rental agreements may be terminated at any time by the customer without further obligation or cost upon return of the merchandise. Revenue from rental agreements is recognized over the rental period as services are provided.

Capital leases

Included in property and equipment as at March 31, 2006 are assets under capital leases with a cost of $2,810,338 (unaudited) (September 30, 2005 $1,949,800) and accumulated amortization of $130,867 (unaudited) (September 30, 2005 – $38,996). No capital leases existed as at September 30, 2004.

4 Investments

Investments in other companies are as follows:

	March 31,	September 30,	
	2006 $ (Unaudited)	2005 $	2004 $
UFA Co-op – patronage equity	19,644	19,747	19,846
Canadian Heli Drilling Inc. – non-voting shares	100	100	100
	19,744	19,847	19,946

5 Due from related party

The Company is related through common ownership. The amount is unsecured, bears no interest and has no fixed terms of repayment.

6 Bank indebtedness

Bank indebtedness includes a demand bank loan facility, bearing interest at prime plus 0.50% with minimum interest payments payable, and $150,000 monthly instalments. Security is provided by a general security agreement, a collateral mortgage in the amount of $500,000, guarantee and postponement of claim in the amount of $400,000 signed by the shareholder, and a guarantee and postponement of claim in the amount of $500,000 signed by Northern Tractor Sales & Rentals Co. Ltd.

The demand loan is limited to 75% (2004 – 60%) of the net book value of saleable assets up to $10,000,000. Any and all overdue payments are subject to interest at prime plus 5% per annum.

7 Long-term debt

	March 31,	September 30,	
	2006 $ (Unaudited)	2005 $	2004 $
Mortgage payable, repayable in monthly instalments of $5,550, including interest at prime plus 0.5%, security is provided by a general security agreement covering all present and after acquired property, $400,000 guarantee and postponement of claim of the shareholder, and $500,000 mortgage on specific land with a net book value of $430,073.	-	-	388,899
Mortgage payable, repayable in monthly instalments of $7,319, including interest at prime plus 1.0%, security is provided by a registered first mortgage on specific land with a net book value of $430,073, a guarantee and postponement of claim by the shareholder of $437,850 and matures July 2010.	840,745	868,984	-
	840,745	868,984	388,899
Less: Current portion	(44,391)	(43,243)	(50,000)
	796,354	825,741	338,899

Principal repayments on long-term debt as at September 30, 2005 are estimated as follows:

	$
2006	43,243
2007	45,569
2008	48,019
2009	50,602
2010	681,551
	868,984

(5)

8 Capital lease obligations

	March 31,	September 30,	
	2006	2005	2004
	$	$	$
	(Unaudited)		
Capital lease obligations, repayable in combined monthly instalments of $49,713, including interest at 1.25%, security is provided by specific contractor's moveable equipment with a combined net book value of $1,910,804 and matures at various dates to September 2008.	3,536,953	1,558,786	-
Less: Current portion	(1,800,564)	(603,982)	-
	1,736,389	954,804	-

Principal repayments on capital leases as at September 30, 2005 are estimated as follows:

	$
2006	619,883
2007	602,829
2008	386,441
	1,609,153
Less: Imputed interest	(50,367)
	1,558,786

9 Shareholder advances

Amounts owing to the shareholder are unsecured, non-interest bearing and due on demand.

10 Share capital

Fitzpatrick Co. Ltd.

Authorized

Unlimited number of Class A, voting, common shares
Unlimited number of Class B, non-voting, common shares
Unlimited number of Class C, preferred shares voting, redeemable by the Company, retractable by the holder
Unlimited number of Class D, preferred shares, non-voting, redeemable by the Company, retractable by the holder

Issued

			March 31,	September 30,	
	Number of shares	Aggregate redemption $	2006 $ (Unaudited)	2005 $	2004 $
940 Class A common shares	940	-	160,975	160,975	160,975
1,000 Class D preferred shares	1,000	999,998	2	2	2
	1,940	999,998	160,977	160,977	160,977

These preferred shares are retractable at the option of the holder for $999,998 and are therefore classified as a liability.

Northern Tractor Sales and Rental Co. Ltd.

Authorized

Unlimited number of Class A and B voting common shares
Unlimited number of Class C and D non-cumulative, non-voting preferred shares
Unlimited number of Class E non-cumulative, non-voting redeemable preferred shares

Issued

	March 31,	September 30,	
	2006 $ (Unaudited)	2005 $	2004 $
Class A common shares	100	100	100

11 Income taxes

The income tax provision recorded differs from the income tax obtained by applying the statutory income tax rates to the income for the year and is reconciled as follows:

	Three months ended March 31,		Six months ended March 31,		Years ended September 30,		
	2006 $ (Unaudited)	2005 $ (Unaudited)	2006 $ (Unaudited)	2005 $ (Unaudited)	2005 $	2004 $	2003 $
Earnings before income taxes	277,819	250,993	451,462	1,078,621	1,338,731	951,920	834,945
Combined statutory rates	16.12%	16.20%	16.12%	16.20%	16.12%	16.70%	17.41%
Calculated expected income taxes	44,784	40,661	72,776	174,737	215,803	158,971	145,364
Increase (decrease)							
Non-deductible expenses	-	-	-	-	916	1,500	1,420
Other	-	-	-	-	3,471	7,140	(201)
	44,784	40,661	72,776	174,737	220,190	167,611	146,583

	Three months ended March 31,		Six months ended March 31,		Years ended September 30,		
	2006 $ (Unaudited)	2005 $ (Unaudited)	2006 $ (Unaudited)	2005 $ (Unaudited)	2005 $	2004 $	2003 $
Represented by							
Current tax provision	-	14,730	-	12,628	100,389	148,414	6,185
Future tax provision	44,784	25,931	72,776	162,109	119,801	19,197	140,398
	44,784	40,661	72,776	174,737	220,190	167,611	146,583

The component of future income tax liability is as follows:

	March 31,	September 30,	
	2006 $ (Unaudited)	2005 $	2004 $
Carrying value of buildings and equipment in excess of tax basis	972,116	899,340	779,539

12 Financial instruments

Fair value

The carrying value of cash, accounts receivable, bank indebtedness, accounts payable and accrued liabilities and accrued management remuneration approximate their fair value due to the relatively short term to maturity of the instruments and interest rates attached to the instruments. The fair value of the shareholder advances is not practicably determinable.

The fair value of long-term debt and capital lease obligations approximates carrying values as the interest rates approximate market rates.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies which include an analysis of the financial position of its customers and the regular review of their credit limits.

During the six-months ended March 31, 2006 23% (unaudited) (March 31, 2005 – 15% (unaudited)); and the year ended September 30 2005 23%, (September 30, 2004 – 38%) of the Company's sales were to three customers. As at March 31, 2006 48% (unaudited) (September 30, 2005 – 33%; 2004 – 38%) of the accounts receivable of the Company were from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of the long-term debt which bears fixed and floating rates of interest.

13 Contingency

The Company has been named as defendant in a lawsuit on behalf of a former employee seeking to recover damages allegedly sustained as a result of a dispute over the employment contract. This lawsuit remains at an early stage, and as litigation is subject to many uncertainties, it is not possible to predict the ultimate outcome of this lawsuit or to estimate the loss, if any, which may result. In the opinion of management, based on the advice and information provided by its legal counsel, final determination of these other litigations will not materially affect the Company's financial position or results of operations.

14 Segmented information

In the opinion of management, the Company has only one business segment, which is the business of heavy equipment rentals and sales.

15 Subsequent event

Initial public offering

On _____, Petrowest Energy Services Trust (the "Trust") filed a prospectus relating to the initial public offering of up to • million trust units for $10 per unit (the "Offering"). Costs of the Offering are estimated to be $2.7 million and fees payable to the agents are estimated to be $ • , resulting in net proceeds of $ • million.

The Trust, through a subsidiary, will acquire 100% of the shares of the Company and all outstanding shareholder loans for $9,498,995 and 1,424,848 Trust units at a deemed price of $10 per unit. The cash payment will be adjusted post-closing for changes in working capital, long-term debt and shareholder loans to the date of closing.

SCHEDULE "C"
RECONCILIATION OF NET EARNINGS TO EBITDA AND ADJUSTED EBITDA

Management believes that EBITDA and Adjusted EBITDA are useful measures in evaluating the performance of the Acquired Companies and/or the Trust and in determining whether to invest in the Trust Units. However, EBITDA and Adjusted EBITDA are not recognized earnings measures under GAAP and do not have standardized meanings prescribed by GAAP. Therefore, EBITDA and Adjusted EBITDA may not be comparable to similarly titled measures presented by other issuers.

Investors are cautioned that EBITDA and Adjusted EBITDA should not be construed as an alternative to net income or loss determined in accordance with GAAP as indicators of the Acquired Companies' or the Trust's performance or cash flows from operating, investing and financing activities as measures of liquidity and cash flows. The Acquired Companies define and have computed EBITDA and Adjusted EBITDA as described under "Non-GAAP Measures". The following tables reconcile EBITDA and Adjusted EBITDA to net earnings (loss) for each of the Acquired Companies based on the historical financial information of the Acquired Companies. The historical financial information used for this purpose was, in respect of D&D Well Services, Murtron Hauling and Neuwest Equipment Rentals, the audited combined income statements for the twelve-month periods ended December 31, 2005, October 31, 2005, October 31, 2005, respectively, and in respect of Wales Contractors, Roy Larson Construction, Gordon Bros. Construction, R Bee Crushing, S.O.S. Oilfield Safety and Northern Tractor the unaudited income statements for the twelve-month periods ended November 30, 2005, November 30, 2005, December 31, 2005, October 31, 2005, November 30, 2005 and December 31, 2005, respectively, constructed for the purpose of preparing the unaudited Pro-forma Consolidated Statement of Income of the Trust for the twelve-month period ended December 31, 2005. See "Selected Pro Forma Consolidated Financial Information".
