ARTICLE 7
INDEMNITIES

7.1 Shareholders Indemnity

After Closing but subject to Section 7.4, each of the Shareholders jointly and severally agrees to indemnify and save harmless each of Petrowest, the Trust and their Affiliates from

and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly:

(i) as a consequence of or in connection with a breach of a representation or warranty made by any of the Shareholders or the Corporation in this Agreement or a breach by any of the Shareholders or the Corporation of any of the covenants made by any thereof in this Agreement; or

(ii) as a consequence of or in connection with any environmental matter relating to the Corporation or the Corporations Assets prior to the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person. The Parties agree that for the purposes of Section 7.1(i), in the case of any breach of representation or warranty of any of the Shareholders, the measure of Losses and Obligations in respect thereof will be, dollar for dollar, the difference in what would have been the position (financial and otherwise) of the Corporation had such representation been true or the warranty not breached and the actual position (financial and otherwise) of the Corporation (given such misrepresentation or breach of warranty).

7.2 Petrowest Indemnity

After Closing, Petrowest and the Trust agree to indemnify and save harmless each of the Shareholders and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly, as a consequence of or in connection with:

(i) a breach of a representation or warranty made by Petrowest or the Trust in this Agreement or a breach by Petrowest or the Trust of a covenant made by it in this Agreement; or

(ii) subject to the Shareholders' obligations in respect of the indemnity contained in Section 7.1, any matter or circumstance relating to Corporation Assets or the operation thereof which occurs after the Closing Time or which relates to the Corporation and occurs after the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person.

7.3 Tax Indemnity

(a) After Closing, the Shareholders shall be jointly and severally liable to and agree to indemnify and save harmless the Corporation (which in this Section 7.3 includes the Corporation's successors and assigns) in respect of all Losses and Obligations which the Corporation may suffer, sustain, pay or incur as a consequence of or in connection with any breach of any of the representations and warranties in Section 3.2(t) to (x) inclusive.

(b) Any person entitled to indemnification as herein set forth (the "**Indemnified Parties**") shall give prompt written notice to the Shareholders whenever it becomes aware that a Claim has been or may be made for which the Shareholders may be liable pursuant to this Section 7.3 (the "**Tax Indemnity**"). Unless the Shareholders notify the Indemnified Parties that it elects not to have carriage and control of a Claim the Shareholders shall, at their own expense and employing counsel of their own choice, have full carriage and control of the contestation of any such Claim, provided that if the Claim does not relate solely to matters to which the Tax Indemnity may apply, the Indemnified Parties shall, at its own expense and employing counsel of its own choice, have full carriage and control of the contestation of the portion of the Claims relating to matters to which the Tax Indemnity does not relate; and further provided that where the Shareholders have carriage and control of a Claim neither the Indemnified Parties nor the Corporation will agree to any compromise or settlement of such Claim to which the Tax Indemnity may apply without the consent of the Shareholders which will not be unreasonably withheld. Notwithstanding the foregoing, the Shareholders' right to have carriage and control of the contestation of any such Claim shall only apply and continue to apply after payment of the amount of such Claim or the provision of such security as is necessary to avoid a lien being placed on the property of the Corporation in respect of such Claim. Where the Shareholders have carriage and control of a Claim, if the Indemnified Parties does not consent to a settlement of a Claim to which the Tax Indemnity may apply following a request from the Shareholders to do so, the obligation of the Shareholders to indemnify the Indemnified Parties for the Claim shall be limited to the amount that the Shareholders would have been required to pay pursuant hereto in respect of the Claim if the settlement had been accepted and the Shareholders shall forthwith transfer carriage of the contestation of the Claim to the Indemnified Parties or its nominee. The Indemnified Parties, the Corporation and the Shareholders shall cooperate with each other and allow each other reasonable access to documents and records in any defence of any such Claims and shall keep each other reasonably informed of the conduct thereof. If the Shareholders elect not to have carriage and control of the contestation of the Claim, the Indemnified Parties and the Corporation shall be under no obligation to contest, settle or compromise the Claim and such failure to contest, settle or compromise the Claim shall not prejudice its rights pursuant to this Indemnity.

(c) The Parties undertake to inform each other of any audit inquiries with respect to issues to which the Tax Indemnity may apply and to cooperate with each other in making any representations prior to any assessment to which those indemnities may apply.

(d) The amounts payable in respect of the Tax Indemnity shall constitute and be treated by the parties as an adjustment to the Base Purchase Price.

7.4 Limitations on Indemnities

(a) No Claim for performance of an indemnity or in respect of a breach of any covenant, representation or warranty made in this Agreement (other than pursuant to Section 7.3) shall be made or be enforceable, whether by legal proceedings or otherwise, unless written notice of such Claim is given by the party seeking redress to the party or parties from whom redress is sought on or before: (i) in respect of a breach of Section 3.2(kk), the expiry of the statutory period in which a Claim, assessment or reassessment may be brought or effected against the Corporation in respect thereof; (ii) in respect of a breach of any of Section 3.2(t) to (x), the expiry of ninety days after the relevant Governmental Authorities shall no longer be entitled to assess liability for tax against the Corporation for any particular taxation year ended on or prior to the Closing Date, having regard without limitation, to any waivers given by the Shareholders of the Corporation in respect of any taxation year; and (iii) otherwise, the expiry of eighteen months from the Closing Date;

(b) The maximum cumulative liability of the Shareholders in respect of indemnities and breaches of the representations, warranties and covenants made by the Shareholders in this Agreement (other than pursuant to Section 7.3) shall not exceed the Adjusted Purchase Price;

(c) Except as otherwise set out herein, the parties' sole remedy for a misrepresentation or breach of a warranty or other agreement contained in this Agreement is limited to the indemnities contained in Article 7 and is limited by the provisions of this Section 7.4;

(d) Notwithstanding anything to the contrary set forth in this Agreement, the Shareholder shall have no liability to Petrowest for any specific matter or claim for which Petrowest has received an adjustment to the Purchase Price to the extent of such adjustment;

(e) Petrowest shall not be entitled to make a Claim against the Shareholders for indemnity pursuant to this Agreement unless and until the aggregate amount of all Losses and Obligations with respect to all Claims asserted by Petrowest under this Agreement (other than pursuant to Section 7.3) exceeds 1% of the Base Purchase Price. Once such minimum threshold in Losses and Obligations has been sustained by Petrowest, the entirety of all Losses and Obligations sustained by Petrowest shall be compensable under this Section 7.4, subject to the other provisions of this Section. Claims pursuant to Section 7.3 shall not be included in claims for the purposes of this Section 7.4(e);

(f) Petrowest' Losses hereunder shall be deemed reduced by the amount of any insurance proceeds and any tax benefits received by Petrowest with respect to such Losses; and

(g) Petrowest shall not be entitled to indemnity under both Section 7.3 and Section 7.1 for the same Loss.

7.5 Indemnification Procedure

(a) For purposes of this Section 7.5, the term "**Indemnifying Party**" when used in connection with a Claim shall mean the Person having an obligation to indemnify the other Party with respect to such Claim pursuant to this Agreement (other than under Section 7.3), and the term "**Indemnified Party**" when used in connection with a particular Claim shall mean the Person having the right to be indemnified with respect to such Claim by the other Party pursuant to this Agreement (other than under Section 7.3)

(b) To make claim for indemnification, an Indemnified Party shall notify the Indemnifying Party of its claim under this Section 7.5, including the specific details of and specific basis under this Agreement for its claim (the "**Claim Notice**"). In the event that the claim for indemnification is based upon a claim by a third party against the Indemnified Party (a "**Third Party Claim**"), the Indemnified Party shall provide its Claim Notice promptly after the Indemnified Party has actual knowledge of the Third Party Claim and shall enclose a copy of all papers (if any) served with respect to the Third Party Claim; provided that the failure of any Indemnified Party to give notice of a Third Party Claim as provided in this Section 7.5 shall not relieve the Indemnifying Party of its obligations under this Agreement except to the extent such failure results in insufficient time being available to permit the Indemnifying Party to effectively defend against the Third Party Claim or otherwise materially prejudices the Indemnifying Party's ability to defend against the Third Party Claim. In the event that the claim for indemnification is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) In the case of a claim for indemnification based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against such Third Party Claim at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Third Party Claim. The Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate, at the cost and expense of the Indemnifying Party, in contesting any Third Party Claim which the Indemnifying Party elects to contest. The Indemnified Party may participate in, but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this Section 7.5(d). An

Indemnifying Party shall not, without the written consent of the Indemnified Party, (i) settle any Third Party Claim or consent to the entry of any judgment with respect thereto which does not include an unconditional written release of the Indemnified Party from all liability in respect of such Third Party Claim or (ii) settle any Third Party Claim or consent to the entry of any judgment with respect thereto in any manner that may materially and adversely affect the Indemnified Party (other than as a result of money damages covered by the indemnity).

(e) If the Indemnifying Party does not admit its liability or admits its liability but fails to diligently prosecute or settle the Third Party Claim, then the Indemnified Party shall have the right to defend against the Third Party Claim at the sole cost and expense of the Indemnifying Party, with counsel of the Indemnified Party's choosing, subject to the right of the Indemnifying Party to admit its liability and assume the defense of the Third Party Claim at any time prior to settlement or final determination thereof. If the Indemnifying Party has not yet admitted its liability for a Third Party Claim, the Indemnified Party shall send written notice to the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for 10 days following receipt of such notice to (i) admit in writing its liability for the Third Party Claim and (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement.

(f) In the case of a claim for indemnification not based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to (i) cure the Losses and Obligations complained of; (ii) admit its liability for such Losses or (iii) dispute the claim for such Losses and Obligations. If the Indemnifying Party does not notify the Indemnified Party within such 30-day period that it has cured the Losses and Obligations or that it disputes the claim for such Losses and Obligations, the amount of such Losses and Obligations shall conclusively be deemed a liability of the Indemnifying Party hereunder.

7.6 Materiality

For the purposes of calculating Losses and Obligations in conjunction with any breach of a representation, warranty or covenant pursuant to Sections 7.1, 7.2 or 7.3, any standard or threshold of materiality relating to such breached representation, warranty or covenant shall be ignored.

ARTICLE 8
TERMINATION

8.1 Termination

If this Agreement is terminated prior to the Closing occurring pursuant to Section 5.1, Section 5.2 or Section 5.3, the Parties shall be released from all obligations under this Agreement except the Confidentiality and Non-disclosure Agreement shall remain in full force and effect in accordance with its terms, and each Party shall remain liable for breaches by it of this

Agreement occurring prior to such termination. Subject to the foregoing provisions of this Section, following such termination, each Party shall be responsible for the costs and expenses incurred by it in connection with this Agreement and the transactions contemplated hereby.

8.2 Survival

Subject to the limitations and provisions set forth in this Agreement, notwithstanding the occurrence of Closing and the items delivered at Closing pursuant hereto, the representations, warranties, covenants and indemnities contained in this Agreement shall survive the Closing and the delivery of the items delivered at Closing pursuant hereto for the benefit of the Parties in accordance with terms hereof. Notwithstanding any other provision of this Agreement, no limitation in respect of the survival of any provision of this Agreement or the period in respect of which any Claims or other recourse may be made shall apply insofar as the breach of the provision or the matter in respect of which recourse is sought involves fraud on the part of the Party or Parties against whom the provision is sought to be enforced or from whom such recourse is sought. If any document executed at or after Closing, pursuant hereto is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall prevail unless the Parties expressly and explicitly agree to the contrary.

ARTICLE 9
ARBITRATION

9.1 Procedure

Any controversy submitted to arbitration pursuant to this Agreement shall be subject to the following principles:

(a) Upon written demand of a Party, representatives of the Parties shall meet and attempt to appoint a single arbitrator. If such representatives are unable to agree on a single arbitrator within five (5) days of such demand, then upon written demand by any Party, any Shareholder and Petrowest shall, within ten (10) days of such demand, each name an arbitrator and the two arbitrators so named shall promptly thereafter choose a third. If a Party shall fail to name an arbitrator within ten (10) days from such demand, then the arbitrator for that Party shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon application by the other Party. If the two arbitrators shall fail within ten (10) days from their appointment to agree upon and appoint the third arbitrator, then such third arbitrator shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon request of either Party.

(b) The arbitrator or arbitrators selected to act hereunder shall be qualified by education, experience and training to pass upon the particular question in dispute.

(c) The arbitrator or arbitrators chosen as aforesaid shall proceed immediately to hear and determine the question or questions in dispute. The decision of the single arbitrator shall be made within forty-five (45) days after his or her

appointment, subject to any reasonable delay due to unforeseen circumstances. Where there are three arbitrators, the decision of the arbitrators, or a majority of them, shall be made within forty-five (45) days after the appointment of the third arbitrator, subject to any reasonable delay due to unforeseen circumstances. In the event the single arbitrator or the arbitrators, or a majority of them, fail to make a decision within the period herein prescribed, then either Party may elect to have a new single arbitrator or arbitrators chosen in the manner herein prescribed, as if none had previously been selected.

(d) The decision of the single arbitrator or the decision of the arbitrators, or a majority of them, shall be drawn up in writing and signed by the single arbitrator or by the arbitrators, or a majority of them, and shall be final and binding upon the parties hereto.

(e) The liability between the Parties hereto for the payment of the compensation and expenses of the single arbitrator or the arbitrators shall be determined by the arbitrator or arbitrators, as the case may be.

(f) Arbitration pursuant hereto shall be governed in all respects not addressed herein by the provisions of the *Arbitration Act* (Alberta) and regulations thereunder.

If such escrow is not released on or before 4:00 p.m. (Calgary Time) on October 31, 2006 and the Parties do not agree to an extension of the escrow, the Closing shall be deemed not to have occurred and the documents and certificates tabled by a Party pursuant to this Article 6 shall be returned to that Party.

ARTICLE 7
INDEMNITIES

7.1 Shareholders Indemnity

After Closing but subject to Section 7.4, each of the Shareholders jointly and severally agrees to indemnify and save harmless each of Petrowest, the Trust and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly:

(i) as a consequence of or in connection with a breach of a representation or warranty made by any of the Shareholders or the Corporation in this Agreement or a breach by any of the Shareholders or the Corporation of any of the covenants made by any thereof in this Agreement; or

(ii) as a consequence of or in connection with any environmental matter relating to the Corporation or the Corporations Assets prior to the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person. The Parties agree that for the purposes of Section 7.1(i), in the case of any breach of representation or warranty of any of the Shareholders, the measure of Losses and Obligations in respect thereof will be, dollar for dollar, the difference in what would have been the position (financial and otherwise) of the Corporation had such representation been true or the warranty not breached and the actual position (financial and otherwise) of the Corporation (given such misrepresentation or breach of warranty).

7.2 Petrowest Indemnity

After Closing, Petrowest and the Trust agree to indemnify and save harmless each of the Shareholders and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly, as a consequence of or in connection with:

(i) a breach of a representation or warranty made by Petrowest or the Trust in this Agreement or a breach by Petrowest or the Trust of a covenant made by it in this Agreement; or

(ii) subject to the Shareholders' obligations in respect of the indemnity contained in Section 7.1, any matter or circumstance relating to Corporation Assets or the operation thereof which occurs after the Closing Time or which relates to the Corporation and occurs after the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person.

7.3 Tax Indemnity

(a) After Closing, the Shareholders shall be jointly and severally liable to and agree to indemnify and save harmless the Corporation (which in this Section 7.3 includes the Corporation's successors and assigns) in respect of all Losses and Obligations which the Corporation may suffer, sustain, pay or incur as a consequence of or in connection with any breach of any of the representations and warranties in Section 3.2(t) to (x) inclusive.

(b) Any person entitled to indemnification as herein set forth (the "**Indemnified Parties**") shall give prompt written notice to the Shareholders whenever it becomes aware that a Claim has been or may be made for which the Shareholders may be liable pursuant to this Section 7.3 (the "**Tax Indemnity**"). Unless the Shareholders notify the Indemnified Parties that it elects not to have carriage and control of a Claim the Shareholders shall, at their own expense and employing counsel of their own choice, have full carriage and control of the contestation of any such Claim, provided that if the Claim does not relate solely to matters to which the Tax Indemnity may apply, the Indemnified Parties shall, at its own expense and employing counsel of its own choice, have full carriage and control of the contestation of the portion of the Claims relating to matters to which the Tax Indemnity does not relate; and further provided that where the Shareholders have carriage and control of a Claim neither the Indemnified Parties nor the Corporation will agree to any compromise or settlement of such Claim to which the Tax Indemnity may apply without the consent of the Shareholders which will not be unreasonably withheld. Notwithstanding the foregoing, the Shareholders' right to have carriage and control of the contestation of any such Claim shall only apply and continue to apply after payment of the amount of such Claim or the provision of such security as is necessary to avoid a lien being placed on the property of the Corporation in respect of such Claim. Where the Shareholders have carriage and control of a Claim, if the Indemnified Parties does not consent to a settlement of a Claim to which the Tax Indemnity may apply following a request from the Shareholders to do so, the obligation of the Shareholders to indemnify the Indemnified Parties for the Claim shall be limited to the amount that the Shareholders would have been required to pay pursuant hereto in respect of the Claim if the settlement had been accepted and the Shareholders shall forthwith transfer carriage of the contestation of the Claim to the Indemnified Parties or its nominee. The Indemnified Parties, the Corporation and the Shareholders shall cooperate with each other and allow each other reasonable access to documents and records in any defence of any such Claims and shall keep each other reasonably informed of the conduct thereof. If the Shareholders elect not to have carriage and control of the contestation of the Claim, the Indemnified Parties and the Corporation shall be under no obligation to contest, settle or compromise the Claim and such failure to contest, settle or compromise the Claim shall not prejudice its rights pursuant to this Indemnity.

(c) The Parties undertake to inform each other of any audit inquiries with respect to issues to which the Tax Indemnity may apply and to cooperate with each other in making any representations prior to any assessment to which those indemnities may apply.

(d) The amounts payable in respect of the Tax Indemnity shall constitute and be treated by the parties as an adjustment to the Base Purchase Price.

7.4 Limitations on Indemnities

(a) No Claim for performance of an indemnity or in respect of a breach of any covenant, representation or warranty made in this Agreement (other than pursuant to Section 7.3) shall be made or be enforceable, whether by legal proceedings or otherwise, unless written notice of such Claim is given by the party seeking redress to the party or parties from whom redress is sought on or before: (i) in respect of a breach of Section 3.2(kk), the expiry of the statutory period in which a Claim, assessment or reassessment may be brought or effected against the Corporation in respect thereof; (ii) in respect of a breach of any of Section 3.2(t) to (x), the expiry of ninety days after the relevant Governmental Authorities shall no longer be entitled to assess liability for tax against the Corporation for any particular taxation year ended on or prior to the Closing Date, having regard without limitation, to any waivers given by the Shareholders of the Corporation in respect of any taxation year; and (iii) otherwise, the expiry of eighteen months from the Closing Date;

(b) The maximum cumulative liability of the Shareholders in respect of indemnities and breaches of the representations, warranties and covenants made by the Shareholders in this Agreement (other than pursuant to Section 7.3) shall not exceed the Adjusted Purchase Price;

(c) Except as otherwise set out herein, the parties' sole remedy for a misrepresentation or breach of a warranty or other agreement contained in this Agreement is limited to the indemnities contained in Article 7 and is limited by the provisions of this Section 7.4;

(d) Notwithstanding anything to the contrary set forth in this Agreement, the Shareholder shall have no liability to Petrowest for any specific matter or claim for which Petrowest has received an adjustment to the Purchase Price to the extent of such adjustment;

(e) Petrowest shall not be entitled to make a Claim against the Shareholders for indemnity pursuant to this Agreement unless and until the aggregate amount of all Losses and Obligations with respect to all Claims asserted by Petrowest under this Agreement (other than pursuant to Section 7.3) exceeds 1% of the Base Purchase Price. Once such minimum threshold in Losses and Obligations has been sustained by Petrowest, the entirety of all Losses and Obligations sustained by Petrowest shall be compensable under this Section 7.4, subject to the other

provisions of this Section. Claims pursuant to Section 7.3 shall not be included in claims for the purposes of this Section 7.4(e);

(f) Petrowest' Losses hereunder shall be deemed reduced by the amount of any insurance proceeds and any tax benefits received by Petrowest with respect to such Losses; and

(g) Petrowest shall not be entitled to indemnity under both Section 7.3 and Section 7.1 for the same Loss.

7.5 Indemnification Procedure

(a) For purposes of this Section 7.5, the term "**Indemnifying Party**" when used in connection with a Claim shall mean the Person having an obligation to indemnify the other Party with respect to such Claim pursuant to this Agreement (other than under Section 7.3), and the term "**Indemnified Party**" when used in connection with a particular Claim shall mean the Person having the right to be indemnified with respect to such Claim by the other Party pursuant to this Agreement (other than under Section 7.3)

(b) To make claim for indemnification, an Indemnified Party shall notify the Indemnifying Party of its claim under this Section 7.5, including the specific details of and specific basis under this Agreement for its claim (the "**Claim Notice**"). In the event that the claim for indemnification is based upon a claim by a third party against the Indemnified Party (a "**Third Party Claim**"), the Indemnified Party shall provide its Claim Notice promptly after the Indemnified Party has actual knowledge of the Third Party Claim and shall enclose a copy of all papers (if any) served with respect to the Third Party Claim; provided that the failure of any Indemnified Party to give notice of a Third Party Claim as provided in this Section 7.5 shall not relieve the Indemnifying Party of its obligations under this Agreement except to the extent such failure results in insufficient time being available to permit the Indemnifying Party to effectively defend against the Third Party Claim or otherwise materially prejudices the Indemnifying Party's ability to defend against the Third Party Claim. In the event that the claim for indemnification is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) In the case of a claim for indemnification based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against such Third Party Claim at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Third Party Claim. The Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate, at the cost and expense of the Indemnifying Party, in contesting any Third Party Claim which the Indemnifying Party elects to contest. The Indemnified Party may participate in, but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this Section 7.5(d). An Indemnifying Party shall not, without the written consent of the Indemnified Party, (i) settle any Third Party Claim or consent to the entry of any judgment with respect thereto which does not include an unconditional written release of the Indemnified Party from all liability in respect of such Third Party Claim or (ii) settle any Third Party Claim or consent to the entry of any judgment with respect thereto in any manner that may materially and adversely affect the Indemnified Party (other than as a result of money damages covered by the indemnity).

(e) If the Indemnifying Party does not admit its liability or admits its liability but fails to diligently prosecute or settle the Third Party Claim, then the Indemnified Party shall have the right to defend against the Third Party Claim at the sole cost and expense of the Indemnifying Party, with counsel of the Indemnified Party's choosing, subject to the right of the Indemnifying Party to admit its liability and assume the defense of the Third Party Claim at any time prior to settlement or final determination thereof. If the Indemnifying Party has not yet admitted its liability for a Third Party Claim, the Indemnified Party shall send written notice to the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for 10 days following receipt of such notice to (i) admit in writing its liability for the Third Party Claim and (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement.

(f) In the case of a claim for indemnification not based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to (i) cure the Losses and Obligations complained of; (ii) admit its liability for such Losses or (iii) dispute the claim for such Losses and Obligations. If the Indemnifying Party does not notify the Indemnified Party within such 30-day period that it has cured the Losses and Obligations or that it disputes the claim for such Losses and Obligations, the amount of such Losses and Obligations shall conclusively be deemed a liability of the Indemnifying Party hereunder.

7.6 Materiality

For the purposes of calculating Losses and Obligations in conjunction with any breach of a representation, warranty or covenant pursuant to Sections 7.1, 7.2 or 7.3, any standard or threshold of materiality relating to such breached representation, warranty or covenant shall be ignored.

ARTICLE 8
TERMINATION

8.1 Termination

If this Agreement is terminated prior to the Closing occurring pursuant to Section 5.1, Section 5.2 or Section 5.3, the Parties shall be released from all obligations under this Agreement except the Confidentiality and Non-disclosure Agreement shall remain in full force and effect in accordance with its terms, and each Party shall remain liable for breaches by it of this Agreement occurring prior to such termination. Subject to the foregoing provisions of this Section, following such termination, each Party shall be responsible for the costs and expenses incurred by it in connection with this Agreement and the transactions contemplated hereby.

8.2 Survival

Subject to the limitations and provisions set forth in this Agreement, notwithstanding the occurrence of Closing and the items delivered at Closing pursuant hereto, the representations, warranties, covenants and indemnities contained in this Agreement shall survive the Closing and the delivery of the items delivered at Closing pursuant hereto for the benefit of the Parties in accordance with terms hereof. Notwithstanding any other provision of this Agreement, no limitation in respect of the survival of any provision of this Agreement or the period in respect of which any Claims or other recourse may be made shall apply insofar as the breach of the provision or the matter in respect of which recourse is sought involves fraud on the part of the Party or Parties against whom the provision is sought to be enforced or from whom such recourse is sought. If any document executed at or after Closing, pursuant hereto is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall prevail unless the Parties expressly and explicitly agree to the contrary.

ARTICLE 9
ARBITRATION

9.1 Procedure

Any controversy submitted to arbitration pursuant to this Agreement shall be subject to the following principles:

(a) Upon written demand of a Party, representatives of the Parties shall meet and attempt to appoint a single arbitrator. If such representatives are unable to agree on a single arbitrator within five (5) days of such demand, then upon written demand by any Party, any Shareholder and Petrowest shall, within ten (10) days of such demand, each name an arbitrator and the two arbitrators so named shall promptly thereafter choose a third. If a Party shall fail to name an arbitrator within ten (10) days from such demand, then the arbitrator for that Party shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon application by the other Party. If the two arbitrators shall fail within ten (10) days from their appointment to agree upon and appoint the third arbitrator, then

such third arbitrator shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon request of either Party.

(b) The arbitrator or arbitrators selected to act hereunder shall be qualified by education, experience and training to pass upon the particular question in dispute.

(c) The arbitrator or arbitrators chosen as aforesaid shall proceed immediately to hear and determine the question or questions in dispute. The decision of the single arbitrator shall be made within forty-five (45) days after his or her appointment, subject to any reasonable delay due to unforeseen circumstances. Where there are three arbitrators, the decision of the arbitrators, or a majority of them, shall be made within forty-five (45) days after the appointment of the third arbitrator, subject to any reasonable delay due to unforeseen circumstances. In the event the single arbitrator or the arbitrators, or a majority of them, fail to make a decision within the period herein prescribed, then either Party may elect to have a new single arbitrator or arbitrators chosen in the manner herein prescribed, as if none had previously been selected.

(d) The decision of the single arbitrator or the decision of the arbitrators, or a majority of them, shall be drawn up in writing and signed by the single arbitrator or by the arbitrators, or a majority of them, and shall be final and binding upon the parties hereto.

(e) The liability between the Parties hereto for the payment of the compensation and expenses of the single arbitrator or the arbitrators shall be determined by the arbitrator or arbitrators, as the case may be.

(f) Arbitration pursuant hereto shall be governed in all respects not addressed herein by the provisions of the *Arbitration Act* (Alberta) and regulations thereunder.

Where the Shareholders have carriage and control of a Claim, if the Indemnified Parties does not consent to a settlement of a Claim to which the Tax Indemnity may apply following a request from the Shareholders to do so, the obligation of the Shareholders to indemnify the Indemnified Parties for the Claim shall be limited to the amount that the Shareholders would have been required to pay pursuant hereto in respect of the Claim if the settlement had been accepted and the Shareholders shall forthwith transfer carriage of the contestation of the Claim to the Indemnified Parties or its nominee. The Indemnified Parties, the Corporation and the Shareholders shall cooperate with each other and allow each other reasonable access to documents and records in any defence of any such Claims and shall keep each other reasonably informed of the conduct thereof. If the Shareholders elect not to have carriage and control of the contestation of the Claim, the Indemnified Parties and the Corporation shall be under no obligation to contest, settle or compromise the Claim and such failure to contest, settle or compromise the Claim shall not prejudice its rights pursuant to this Indemnity.

(c) The Parties undertake to inform each other of any audit inquiries with respect to issues to which the Tax Indemnity may apply and to cooperate with each other in making any representations prior to any assessment to which those indemnities may apply.

(d) The amounts payable in respect of the Tax Indemnity shall constitute and be treated by the parties as an adjustment to the Base Purchase Price.

7.4 Limitations on Indemnities

(a) No Claim for performance of an indemnity or in respect of a breach of any covenant, representation or warranty made in this Agreement (other than pursuant to Section 7.3) shall be made or be enforceable, whether by legal proceedings or otherwise, unless written notice of such Claim is given by the party seeking redress to the party or parties from whom redress is sought on or before: (i) in respect of a breach of Section 3.2(kk), the expiry of the statutory period in which a Claim, assessment or reassessment may be brought or effected against the Corporation in respect thereof; (ii) in respect of a breach of any of Section 3.2(t) to (x), the expiry of ninety days after the relevant Governmental Authorities shall no longer be entitled to assess liability for tax against the Corporation for any particular taxation year ended on or prior to the Closing Date, having regard without limitation, to any waivers given by the Shareholders of the Corporation in respect of any taxation year; and (iii) otherwise, the expiry of eighteen months from the Closing Date;

(b) The maximum cumulative liability of the Shareholders in respect of indemnities and breaches of the representations, warranties and covenants made by the Shareholders in this Agreement (other than pursuant to Section 7.3) shall not exceed the Adjusted Purchase Price;

(c) Except as otherwise set out herein, the parties' sole remedy for a misrepresentation or breach of a warranty or other agreement contained in this Agreement is limited to the indemnities contained in Article 7 and is limited by the provisions of this Section 7.4;

(d) Notwithstanding anything to the contrary set forth in this Agreement, the Shareholder shall have no liability to Petrowest for any specific matter or claim for which Petrowest has received an adjustment to the Purchase Price to the extent of such adjustment;

(e) Petrowest shall not be entitled to make a Claim against the Shareholders for indemnity pursuant to this Agreement unless and until the aggregate amount of all Losses and Obligations with respect to all Claims asserted by Petrowest under this Agreement (other than pursuant to Section 7.3) exceeds 1% of the Base Purchase Price. Once such minimum threshold in Losses and Obligations has been sustained by Petrowest, the entirety of all Losses and Obligations sustained by Petrowest shall be compensable under this Section 7.4, subject to the other provisions of this Section. Claims pursuant to Section 7.3 shall not be included in claims for the purposes of this Section 7.4(e);

(f) Petrowest' Losses hereunder shall be deemed reduced by the amount of any insurance proceeds and any tax benefits received by Petrowest with respect to such Losses; and

(g) Petrowest shall not be entitled to indemnity under both Section 7.3 and Section 7.1 for the same Loss.

7.5 Indemnification Procedure

(a) For purposes of this Section 7.5, the term "**Indemnifying Party**" when used in connection with a Claim shall mean the Person having an obligation to indemnify the other Party with respect to such Claim pursuant to this Agreement (other than under Section 7.3), and the term "**Indemnified Party**" when used in connection with a particular Claim shall mean the Person having the right to be indemnified with respect to such Claim by the other Party pursuant to this Agreement (other than under Section 7.3)

(b) To make claim for indemnification, an Indemnified Party shall notify the Indemnifying Party of its claim under this Section 7.5, including the specific details of and specific basis under this Agreement for its claim (the "**Claim Notice**"). In the event that the claim for indemnification is based upon a claim by a third party against the Indemnified Party (a "**Third Party Claim**"), the Indemnified Party shall provide its Claim Notice promptly after the Indemnified Party has actual knowledge of the Third Party Claim and shall enclose a copy of all papers (if any) served with respect to the Third Party Claim; provided that the failure of any Indemnified Party to give notice of a Third Party Claim as provided in this Section 7.5 shall not relieve the Indemnifying Party of its obligations under this Agreement except to the extent such failure results in insufficient time being available to permit the Indemnifying Party to effectively defend against the Third Party Claim or otherwise materially prejudices the Indemnifying Party's ability to defend against the Third Party Claim. In the event that the claim for indemnification is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) In the case of a claim for indemnification based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against such Third Party Claim at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Third Party Claim. The Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate, at the cost and expense of the Indemnifying Party, in contesting any Third Party Claim which the Indemnifying Party elects to contest. The Indemnified Party may participate in, but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this Section 7.5(d). An

Indemnifying Party shall not, without the written consent of the Indemnified Party, (i) settle any Third Party Claim or consent to the entry of any judgment with respect thereto which does not include an unconditional written release of the Indemnified Party from all liability in respect of such Third Party Claim or (ii) settle any Third Party Claim or consent to the entry of any judgment with respect thereto in any manner that may materially and adversely affect the Indemnified Party (other than as a result of money damages covered by the indemnity).

(e) If the Indemnifying Party does not admit its liability or admits its liability but fails to diligently prosecute or settle the Third Party Claim, then the Indemnified Party shall have the right to defend against the Third Party Claim at the sole cost and expense of the Indemnifying Party, with counsel of the Indemnified Party's choosing, subject to the right of the Indemnifying Party to admit its liability and assume the defense of the Third Party Claim at any time prior to settlement or final determination thereof. If the Indemnifying Party has not yet admitted its liability for a Third Party Claim, the Indemnified Party shall send written notice to the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for 10 days following receipt of such notice to (i) admit in writing its liability for the Third Party Claim and (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement.

(f) In the case of a claim for indemnification not based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to (i) cure the Losses and Obligations complained of; (ii) admit its liability for such Losses or (iii) dispute the claim for such Losses and Obligations. If the Indemnifying Party does not notify the Indemnified Party within such 30-day period that it has cured the Losses and Obligations or that it disputes the claim for such Losses and Obligations, the amount of such Losses and Obligations shall conclusively be deemed a liability of the Indemnifying Party hereunder.

7.6 Materiality

For the purposes of calculating Losses and Obligations in conjunction with any breach of a representation, warranty or covenant pursuant to Sections 7.1, 7.2 or 7.3, any standard or threshold of materiality relating to such breached representation, warranty or covenant shall be ignored.

ARTICLE 8

Notwithstanding any other provision of this Agreement, no limitation in respect of the survival of any provision of this Agreement or the period in respect of which any Claims or other recourse may be made shall apply insofar as the breach of the provision or the matter in respect of which recourse is sought involves fraud on the part of the Party or Parties against whom the provision is sought to be enforced or from whom such recourse is sought. If any document executed at or after Closing, pursuant hereto is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall prevail unless the Parties expressly and explicitly agree to the contrary.

ARTICLE 9

If a Party shall fail to name an arbitrator within ten (10) days from such demand, then the arbitrator for that Party shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon application by the other Party. If the two arbitrators shall fail within ten (10) days from their appointment to agree upon and appoint the third arbitrator, then such third arbitrator shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon request of either Party.

(b) The arbitrator or arbitrators selected to act hereunder shall be qualified by education, experience and training to pass upon the particular question in dispute.

(c) The arbitrator or arbitrators chosen as aforesaid shall proceed immediately to hear and determine the question or questions in dispute. The decision of the single arbitrator shall be made within forty-five (45) days after his or her

appointment, subject to any reasonable delay due to unforeseen circumstances. Where there are three arbitrators, the decision of the arbitrators, or a majority of them, shall be made within forty-five (45) days after the appointment of the third arbitrator, subject to any reasonable delay due to unforeseen circumstances. In the event the single arbitrator or the arbitrators, or a majority of them, fail to make a decision within the period herein prescribed, then either Party may elect to have a new single arbitrator or arbitrators chosen in the manner herein prescribed, as if none had previously been selected.

(d) The decision of the single arbitrator or the decision of the arbitrators, or a majority of them, shall be drawn up in writing and signed by the single arbitrator or by the arbitrators, or a majority of them, and shall be final and binding upon the parties hereto.

(e) The liability between the Parties hereto for the payment of the compensation and expenses of the single arbitrator or the arbitrators shall be determined by the arbitrator or arbitrators, as the case may be.

(f) Arbitration pursuant hereto shall be governed in all respects not addressed herein by the provisions of the *Arbitration Act* (Alberta) and regulations thereunder.

ARTICLE 7
INDEMNITIES

7.1 Shareholders Indemnity

After Closing but subject to Section 7.4, each of the Shareholders jointly and severally agrees to indemnify and save harmless each of Petrowest, the Trust and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly:

(i) as a consequence of or in connection with a breach of a representation or warranty made by any of the Shareholders or the Corporation in this Agreement or a breach by any of the Shareholders or the Corporation of any of the covenants made by any thereof in this Agreement; or

(ii) as a consequence of or in connection with any environmental matter relating to the Corporation or the Corporations Assets prior to the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person. The Parties agree that for the purposes of Section 7.1(i), in the case of any breach of representation or warranty of any of the Shareholders, the measure of Losses and Obligations in respect thereof will be, dollar for dollar, the difference in what would have been the position (financial and otherwise) of the Corporation had such representation been true or the warranty not breached and the actual position (financial and otherwise) of the Corporation (given such misrepresentation or breach of warranty).

7.2 Petrowest Indemnity

After Closing, Petrowest and the Trust agree to indemnify and save harmless each of the Shareholders and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly, as a consequence of or in connection with:

(i) a breach of a representation or warranty made by Petrowest or the Trust in this Agreement or a breach by Petrowest or the Trust of a covenant made by it in this Agreement; or

(ii) subject to the Shareholders' obligations in respect of the indemnity contained in Section 7.1, any matter or circumstance relating to Corporation Assets or the operation thereof which occurs after the Closing Time or which relates to the Corporation and occurs after the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person.

7.3 Tax Indemnity

(a) After Closing, the Shareholders shall be jointly and severally liable to and agree to indemnify and save harmless the Corporation (which in this Section 7.3 includes the Corporation's successors and assigns) in respect of all Losses and Obligations which the Corporation may suffer, sustain, pay or incur as a consequence of or in connection with any breach of any of the representations and warranties in Section 3.2(t) to (x) inclusive.

(b) Any person entitled to indemnification as herein set forth (the **"Indemnified Parties"**) shall give prompt written notice to the Shareholders whenever it becomes aware that a Claim has been or may be made for which the Shareholders may be liable pursuant to this Section 7.3 (the **"Tax Indemnity"**). Unless the Shareholders notify the Indemnified Parties that it elects not to have carriage and control of a Claim the Shareholders shall, at their own expense and employing counsel of their own choice, have full carriage and control of the contestation of any such Claim, provided that if the Claim does not relate solely to matters to which the Tax Indemnity may apply, the Indemnified Parties shall, at its own expense and employing counsel of its own choice, have full carriage and control of the contestation of the portion of the Claims relating to matters to which the Tax Indemnity does not relate; and further provided that where the Shareholders have carriage and control of a Claim neither the Indemnified Parties nor the Corporation will agree to any compromise or settlement of such Claim to which the Tax Indemnity may apply without the consent of the Shareholders which will not be unreasonably withheld. Notwithstanding the foregoing, the Shareholders' right to have carriage and control of the contestation of any such Claim shall only apply and continue to apply after payment of the amount of such Claim or the provision of such security as is necessary to avoid a lien being placed on the property of the Corporation in respect of such Claim. Where the Shareholders have carriage and control of a Claim, if the Indemnified Parties does not consent to a settlement of a Claim to which the Tax Indemnity may apply following a request from the Shareholders to do so, the obligation of the Shareholders to indemnify the Indemnified Parties for the Claim shall be limited to the amount that the Shareholders would have been required to pay pursuant hereto in respect of the Claim if the settlement had been accepted and

the Shareholders shall forthwith transfer carriage of the contestation of the Claim to the Indemnified Parties or its nominee. The Indemnified Parties, the Corporation and the Shareholders shall cooperate with each other and allow each other reasonable access to documents and records in any defence of any such Claims and shall keep each other reasonably informed of the conduct thereof. If the Shareholders elect not to have carriage and control of the contestation of the Claim, the Indemnified Parties and the Corporation shall be under no obligation to contest, settle or compromise the Claim and such failure to contest, settle or compromise the Claim shall not prejudice its rights pursuant to this Indemnity.

(c) The Parties undertake to inform each other of any audit inquiries with respect to issues to which the Tax Indemnity may apply and to cooperate with each other in making any representations prior to any assessment to which those indemnities may apply.

(d) The amounts payable in respect of the Tax Indemnity shall constitute and be treated by the parties as an adjustment to the Base Purchase Price.

7.4 Limitations on Indemnities

(a) No Claim for performance of an indemnity or in respect of a breach of any covenant, representation or warranty made in this Agreement (other than pursuant to Section 7.3) shall be made or be enforceable, whether by legal proceedings or otherwise, unless written notice of such Claim is given by the party seeking redress to the party or parties from whom redress is sought on or before: (i) in respect of a breach of Section 3.2(kk), the expiry of the statutory period in which a Claim, assessment or reassessment may be brought or effected against the Corporation in respect thereof; (ii) in respect of a breach of any of Section 3.2(t) to (x), the expiry of ninety days after the relevant Governmental Authorities shall no longer be entitled to assess liability for tax against the Corporation for any particular taxation year ended on or prior to the Closing Date, having regard without limitation, to any waivers given by the Shareholders of the Corporation in respect of any taxation year; and (iii) otherwise, the expiry of eighteen months from the Closing Date;

(b) The maximum cumulative liability of the Shareholders in respect of indemnities and breaches of the representations, warranties and covenants made by the Shareholders in this Agreement (other than pursuant to Section 7.3) shall not exceed the Adjusted Purchase Price;

(c) Except as otherwise set out herein, the parties' sole remedy for a misrepresentation or breach of a warranty or other agreement contained in this Agreement is limited to the indemnities contained in Article 7 and is limited by the provisions of this Section 7.4;

(d) Notwithstanding anything to the contrary set forth in this Agreement, the Shareholder shall have no liability to Petrowest for any specific matter or claim

for which Petrowest has received an adjustment to the Purchase Price to the extent of such adjustment;

(e) Petrowest shall not be entitled to make a Claim against the Shareholders for indemnity pursuant to this Agreement unless and until the aggregate amount of all Losses and Obligations with respect to all Claims asserted by Petrowest under this Agreement (other than pursuant to Section 7.3) exceeds 1% of the Base Purchase Price. Once such minimum threshold in Losses and Obligations has been sustained by Petrowest, the entirety of all Losses and Obligations sustained by Petrowest shall be compensable under this Section 7.4, subject to the other provisions of this Section. Claims pursuant to Section 7.3 shall not be included in claims for the purposes of this Section 7.4(e);

(f) Petrowest' Losses hereunder shall be deemed reduced by the amount of any insurance proceeds and any tax benefits received by Petrowest with respect to such Losses; and

(g) Petrowest shall not be entitled to indemnity under both Section 7.3 and Section 7.1 for the same Loss.

7.5 Indemnification Procedure

(a) For purposes of this Section 7.5, the term **"Indemnifying Party"** when used in connection with a Claim shall mean the Person having an obligation to indemnify the other Party with respect to such Claim pursuant to this Agreement (other than under Section 7.3), and the term **"Indemnified Party"** when used in connection with a particular Claim shall mean the Person having the right to be indemnified with respect to such Claim by the other Party pursuant to this Agreement (other than under Section 7.3)

(b) To make claim for indemnification, an Indemnified Party shall notify the Indemnifying Party of its claim under this Section 7.5, including the specific details of and specific basis under this Agreement for its claim (the **"Claim Notice"**). In the event that the claim for indemnification is based upon a claim by a third party against the Indemnified Party (a **"Third Party Claim"**), the Indemnified Party shall provide its Claim Notice promptly after the Indemnified Party has actual knowledge of the Third Party Claim and shall enclose a copy of all papers (if any) served with respect to the Third Party Claim; provided that the failure of any Indemnified Party to give notice of a Third Party Claim as provided in this Section 7.5 shall not relieve the Indemnifying Party of its obligations under this Agreement except to the extent such failure results in insufficient time being available to permit the Indemnifying Party to effectively defend against the Third Party Claim or otherwise materially prejudices the Indemnifying Party's ability to defend against the Third Party Claim. In the event that the claim for indemnification is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) In the case of a claim for indemnification based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against such Third Party Claim at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Third Party Claim. The Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate, at the cost and expense of the Indemnifying Party, in contesting any Third Party Claim which the Indemnifying Party elects to contest. The Indemnified Party may participate in, but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this Section 7.5(d). An Indemnifying Party shall not, without the written consent of the Indemnified Party, (i) settle any Third Party Claim or consent to the entry of any judgment with respect thereto which does not include an unconditional written release of the Indemnified Party from all liability in respect of such Third Party Claim or (ii) settle any Third Party Claim or consent to the entry of any judgment with respect thereto in any manner that may materially and adversely affect the Indemnified Party (other than as a result of money damages covered by the indemnity).

(e) If the Indemnifying Party does not admit its liability or admits its liability but fails to diligently prosecute or settle the Third Party Claim, then the Indemnified Party shall have the right to defend against the Third Party Claim at the sole cost and expense of the Indemnifying Party, with counsel of the Indemnified Party's choosing, subject to the right of the Indemnifying Party to admit its liability and assume the defense of the Third Party Claim at any time prior to settlement or final determination thereof. If the Indemnifying Party has not yet admitted its liability for a Third Party Claim, the Indemnified Party shall send written notice to the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for 10 days following receipt of such notice to (i) admit in writing its liability for the Third Party Claim and (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement.

(f) In the case of a claim for indemnification not based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to (i) cure the Losses and Obligations complained of; (ii) admit its liability for such Losses or (iii) dispute the claim for such Losses and Obligations. If the Indemnifying Party does not notify the Indemnified Party within such 30-day period that it has cured the Losses and Obligations or that it disputes the claim

for such Losses and Obligations, the amount of such Losses and Obligations shall conclusively be deemed a liability of the Indemnifying Party hereunder.

7.6 Materiality

For the purposes of calculating Losses and Obligations in conjunction with any breach of a representation, warranty or covenant pursuant to Sections 7.1, 7.2 or 7.3, any standard or threshold of materiality relating to such breached representation, warranty or covenant shall be ignored.

ARTICLE 8
TERMINATION

8.1 Termination

If this Agreement is terminated prior to the Closing occurring pursuant to Section 5.1, Section 5.2 or Section 5.3, the Parties shall be released from all obligations under this Agreement except the Confidentiality and Non-disclosure Agreement shall remain in full force and effect in accordance with its terms, and each Party shall remain liable for breaches by it of this Agreement occurring prior to such termination. Subject to the foregoing provisions of this Section, following such termination, each Party shall be responsible for the costs and expenses incurred by it in connection with this Agreement and the transactions contemplated hereby.

8.2 Survival

Subject to the limitations and provisions set forth in this Agreement, notwithstanding the occurrence of Closing and the items delivered at Closing pursuant hereto, the representations, warranties, covenants and indemnities contained in this Agreement shall survive the Closing and the delivery of the items delivered at Closing pursuant hereto for the benefit of the Parties in accordance with terms hereof. Notwithstanding any other provision of this Agreement, no limitation in respect of the survival of any provision of this Agreement or the period in respect of which any Claims or other recourse may be made shall apply insofar as the breach of the provision or the matter in respect of which recourse is sought involves fraud on the part of the Party or Parties against whom the provision is sought to be enforced or from whom such recourse is sought. If any document executed at or after Closing, pursuant hereto is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall prevail unless the Parties expressly and explicitly agree to the contrary.

ARTICLE 9
ARBITRATION

9.1 Procedure

Any controversy submitted to arbitration pursuant to this Agreement shall be subject to the following principles:

(a) Upon written demand of a Party, representatives of the Parties shall meet and attempt to appoint a single arbitrator. Such Tax Returns will be prepared in accordance with reasonable business practices and the Corporation's past practices. ARTICLE 7
INDEMNITIES

7.1 Shareholders Indemnity

After Closing but subject to Section 7.4, each of the Shareholders jointly and severally agrees to indemnify and save harmless each of Petrowest, the Trust and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly:

(i) as a consequence of or in connection with a breach of a representation or warranty made by any of the Shareholders or the Corporation in this Agreement or a breach by any of the Shareholders or the Corporation of any of the covenants made by any thereof in this Agreement; or

(ii) as a consequence of or in connection with any environmental matter relating to the Corporation or the Corporations Assets prior to the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person. The Parties agree that for the purposes of Section 7.1(i), in the case of any breach of representation or warranty of any of the Shareholders, the measure of Losses and Obligations in respect thereof will be, dollar for dollar, the difference in what would have been the position (financial and otherwise) of the Corporation had such representation been true or the warranty not breached and the actual position (financial and otherwise) of the Corporation (given such misrepresentation or breach of warranty).

7.2 Petrowest Indemnity

After Closing, Petrowest and the Trust agree to indemnify and save harmless each of the Shareholders and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly, as a consequence of or in connection with:

(i) a breach of a representation or warranty made by Petrowest or the Trust in this Agreement or a breach by Petrowest or the Trust of a covenant made by it in this Agreement; or

(ii) subject to the Shareholders' obligations in respect of the indemnity contained in Section 7.1, any matter or circumstance relating to Corporation Assets or the operation thereof which occurs after the Closing Time or which relates to the Corporation and occurs after the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person.

7.3 Tax Indemnity

(a) After Closing, the Shareholders shall be jointly and severally liable to and agree to indemnify and save harmless the Corporation (which in this Section 7.3 includes the Corporation's successors and assigns) in respect of all Losses and Obligations which the Corporation may suffer, sustain, pay or incur as a consequence of or in connection with any breach of any of the representations and warranties in Section 3.2(t) to (x) inclusive.

(b) Any person entitled to indemnification as herein set forth (the "**Indemnified Parties**") shall give prompt written notice to the Shareholders whenever it becomes aware that a Claim has been or may be made for which the Shareholders may be liable pursuant to this Section 7.3 (the "**Tax Indemnity**"). Unless the Shareholders notify the Indemnified Parties that it elects not to have carriage and control of a Claim the Shareholders shall, at their own expense and employing counsel of their own choice, have full carriage and control of the contestation of any such Claim, provided that if the Claim does not relate solely to matters to which the Tax Indemnity may apply, the Indemnified Parties shall, at its own expense and employing counsel of its own choice, have full carriage and control of the contestation of the portion of the Claims relating to matters to which the Tax Indemnity does not relate; and further provided that where the Shareholders have carriage and control of a Claim neither the Indemnified Parties nor the Corporation will agree to any compromise or settlement of such Claim to which the Tax Indemnity may apply without the consent of the Shareholders which will not be unreasonably withheld. Notwithstanding the foregoing, the Shareholders' right to have carriage and control of the contestation of any such Claim shall only apply and continue to apply after payment of the amount of such Claim or the provision of such security as is necessary to avoid a lien being placed on the property of the Corporation in respect of such Claim.

Where the Shareholders have carriage and control of a Claim, if the Indemnified Parties does not consent to a settlement of a Claim to which the Tax Indemnity may apply following a request from the Shareholders to do so, the obligation of the Shareholders to indemnify the Indemnified Parties for the Claim shall be limited to the amount that the Shareholders would have been required to pay pursuant hereto in respect of the Claim if the settlement had been accepted and the Shareholders shall forthwith transfer carriage of the contestation of the Claim to the Indemnified Parties or its nominee. The Indemnified Parties, the Corporation and the Shareholders shall cooperate with each other and allow each other reasonable access to documents and records in any defence of any such Claims and shall keep each other reasonably informed of the conduct thereof. If the Shareholders elect not to have carriage and control of the contestation of the Claim, the Indemnified Parties and the Corporation shall be under no obligation to contest, settle or compromise the Claim and such failure to contest, settle or compromise the Claim shall not prejudice its rights pursuant to this Indemnity.

(c) The Parties undertake to inform each other of any audit inquiries with respect to issues to which the Tax Indemnity may apply and to cooperate with each other in making any representations prior to any assessment to which those indemnities may apply.

(d) The amounts payable in respect of the Tax Indemnity shall constitute and be treated by the parties as an adjustment to the Base Purchase Price.

7.4 Limitations on Indemnities

(a) No Claim for performance of an indemnity or in respect of a breach of any covenant, representation or warranty made in this Agreement (other than pursuant to Section 7.3) shall be made or be enforceable, whether by legal proceedings or otherwise, unless written notice of such Claim is given by the party seeking redress to the party or parties from whom redress is sought on or before: (i) in respect of a breach of Section 3.2(kk), the expiry of the statutory period in which a Claim, assessment or reassessment may be brought or effected against the Corporation in respect thereof; (ii) in respect of a breach of any of Section 3.2(t) to (x), the expiry of ninety days after the relevant Governmental Authorities shall no longer be entitled to assess liability for tax against the Corporation for any particular taxation year ended on or prior to the Closing Date, having regard without limitation, to any waivers given by the Shareholders of the Corporation in respect of any taxation year; and (iii) otherwise, the expiry of eighteen months from the Closing Date;

(b) The maximum cumulative liability of the Shareholders in respect of indemnities and breaches of the representations, warranties and covenants made by the Shareholders in this Agreement (other than pursuant to Section 7.3) shall not exceed the Adjusted Purchase Price;

(c) Except as otherwise set out herein, the parties' sole remedy for a misrepresentation or breach of a warranty or other agreement contained in this Agreement is limited to the indemnities contained in Article 7 and is limited by the provisions of this Section 7.4;

(d) Notwithstanding anything to the contrary set forth in this Agreement, the Shareholder shall have no liability to Petrowest for any specific matter or claim for which Petrowest has received an adjustment to the Purchase Price to the extent of such adjustment;

(e) Petrowest shall not be entitled to make a Claim against the Shareholders for indemnity pursuant to this Agreement unless and until the aggregate amount of all Losses and Obligations with respect to all Claims asserted by Petrowest under this Agreement (other than pursuant to Section 7.3) exceeds 1% of the Base Purchase Price. Once such minimum threshold in Losses and Obligations has been sustained by Petrowest, the entirety of all Losses and Obligations sustained by Petrowest shall be compensable under this Section 7.4, subject to the other provisions of this Section. Claims pursuant to Section 7.3 shall not be included in claims for the purposes of this Section 7.4(e);

(f) Petrowest' Losses hereunder shall be deemed reduced by the amount of any insurance proceeds and any tax benefits received by Petrowest with respect to such Losses; and

(g) Petrowest shall not be entitled to indemnity under both Section 7.3 and Section 7.1 for the same Loss.

7.5 Indemnification Procedure

(a) For purposes of this Section 7.5, the term "**Indemnifying Party**" when used in connection with a Claim shall mean the Person having an obligation to indemnify the other Party with respect to such Claim pursuant to this Agreement (other than under Section 7.3), and the term "**Indemnified Party**" when used in connection with a particular Claim shall mean the Person having the right to be indemnified with respect to such Claim by the other Party pursuant to this Agreement (other than under Section 7.3)

(b) To make claim for indemnification, an Indemnified Party shall notify the Indemnifying Party of its claim under this Section 7.5, including the specific details of and specific basis under this Agreement for its claim (the "**Claim Notice**"). In the event that the claim for indemnification is based upon a claim by a third party against the Indemnified Party (a "**Third Party Claim**"), the Indemnified Party shall provide its Claim Notice promptly after the Indemnified Party has actual knowledge of the Third Party Claim and shall enclose a copy of all papers (if any) served with respect to the Third Party Claim; provided that the failure of any Indemnified Party to give notice of a Third Party Claim as provided in this Section 7.5 shall not relieve the Indemnifying Party of its obligations under this Agreement except to the extent such failure results in

insufficient time being available to permit the Indemnifying Party to effectively defend against the Third Party Claim or otherwise materially prejudices the Indemnifying Party's ability to defend against the Third Party Claim. In the event that the claim for indemnification is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) In the case of a claim for indemnification based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against such Third Party Claim at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Third Party Claim. The Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate, at the cost and expense of the Indemnifying Party, in contesting any Third Party Claim which the Indemnifying Party elects to contest. The Indemnified Party may participate in, but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this Section 7.5(d). An Indemnifying Party shall not, without the written consent of the Indemnified Party, (i) settle any Third Party Claim or consent to the entry of any judgment with respect thereto which does not include an unconditional written release of the Indemnified Party from all liability in respect of such Third Party Claim or (ii) settle any Third Party Claim or consent to the entry of any judgment with respect thereto in any manner that may materially and adversely affect the Indemnified Party (other than as a result of money damages covered by the indemnity).

(e) If the Indemnifying Party does not admit its liability or admits its liability but fails to diligently prosecute or settle the Third Party Claim, then the Indemnified Party shall have the right to defend against the Third Party Claim at the sole cost and expense of the Indemnifying Party, with counsel of the Indemnified Party's choosing, subject to the right of the Indemnifying Party to admit its liability and assume the defense of the Third Party Claim at any time prior to settlement or final determination thereof. If the Indemnifying Party has not yet admitted its liability for a Third Party Claim, the Indemnified Party shall send written notice to the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for 10 days following receipt of such notice to (i) admit in writing its liability for the Third Party Claim and (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement.

(f) In the case of a claim for indemnification not based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to (i) cure the Losses and Obligations complained of; (ii) admit its liability for such Losses or (iii) dispute the claim for such Losses and Obligations. If the Indemnifying Party does not notify the Indemnified Party within such 30-day period that it has cured the Losses and Obligations or that it disputes the claim for such Losses and Obligations, the amount of such Losses and Obligations shall conclusively be deemed a liability of the Indemnifying Party hereunder.

7.6 Materiality

For the purposes of calculating Losses and Obligations in conjunction with any breach of a representation, warranty or covenant pursuant to Sections 7.1, 7.2 or 7.3, any standard or threshold of materiality relating to such breached representation, warranty or covenant shall be ignored.

ARTICLE 8
TERMINATION

8.1 Termination

If this Agreement is terminated prior to the Closing occurring pursuant to Section 5.1, Section 5.2 or Section 5.3, the Parties shall be released from all obligations under this Agreement except the Confidentiality and Non-disclosure Agreement shall remain in full force and effect in accordance with its terms, and each Party shall remain liable for breaches by it of this Agreement occurring prior to such termination. Subject to the foregoing provisions of this Section, following such termination, each Party shall be responsible for the costs and expenses incurred by it in connection with this Agreement and the transactions contemplated hereby.

8.2 Survival

Subject to the limitations and provisions set forth in this Agreement, notwithstanding the occurrence of Closing and the items delivered at Closing pursuant hereto, the representations, warranties, covenants and indemnities contained in this Agreement shall survive the Closing and the delivery of the items delivered at Closing pursuant hereto for the benefit of the Parties in accordance with terms hereof. Notwithstanding any other provision of this Agreement, no limitation in respect of the survival of any provision of this Agreement or the period in respect of which any Claims or other recourse may be made shall apply insofar as the breach of the provision or the matter in respect of which recourse is sought involves fraud on the part of the Party or Parties against whom the provision is sought to be enforced or from whom such recourse is sought. If any document executed at or after Closing, pursuant hereto is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall prevail unless the Parties expressly and explicitly agree to the contrary.

ARTICLE 9
ARBITRATION

9.1 Procedure

Any controversy submitted to arbitration pursuant to this Agreement shall be subject to the following principles:

(a) Upon written demand of a Party, representatives of the Parties shall meet and attempt to appoint a single arbitrator. If such representatives are unable to agree on a single arbitrator within five (5) days of such demand, then upon written demand by any Party, any Shareholder and Petrowest shall, within ten (10) days of such demand, each name an arbitrator and the two arbitrators so named shall promptly thereafter choose a third. If a Party shall fail to name an arbitrator within ten (10) days from such demand, then the arbitrator for that Party shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon application by the other Party. If the two arbitrators shall fail within ten (10) days from their appointment to agree upon and appoint the third arbitrator, then such third arbitrator shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon request of either Party.

(b) The arbitrator or arbitrators selected to act hereunder shall be qualified by education, experience and training to pass upon the particular question in dispute.

(c) The arbitrator or arbitrators chosen as aforesaid shall proceed immediately to hear and determine the question or questions in dispute. The decision of the single arbitrator shall be made within forty-five (45) days after his or her appointment, subject to any reasonable delay due to unforeseen circumstances. Where there are three arbitrators, the decision of the arbitrators, or a majority of them, shall be made within forty-five (45) days after the appointment of the third arbitrator, subject to any reasonable delay due to unforeseen circumstances. In the event the single arbitrator or the arbitrators, or a majority of them, fail to make a decision within the period herein prescribed, then either Party may elect to have a new single arbitrator or arbitrators chosen in the manner herein prescribed, as if none had previously been selected.

(d) The decision of the single arbitrator or the decision of the arbitrators, or a majority of them, shall be drawn up in writing and signed by the single arbitrator or by the arbitrators, or a majority of them, and shall be final and binding upon the parties hereto.

(e) The liability between the Parties hereto for the payment of the compensation and expenses of the single arbitrator or the arbitrators shall be determined by the arbitrator or arbitrators, as the case may be.

(f) Arbitration pursuant hereto shall be governed in all respects not addressed herein by the provisions of the *Arbitration Act* (Alberta) and regulations thereunder.

At the Effective Time, provided all conditions in Article 5 have been satisfied or waived, such escrow shall be terminated and the items described in Section 6.2 shall be delivered to Petrowest and the items described in Section 6.3 shall be delivered to the Shareholders and the Closing shall have occurred. If such escrow is not released on or before 4:00 p.m. (Calgary Time) on October 31, 2006 and the Parties do not agree to an extension of the escrow, the Closing shall be deemed not to have occurred and the documents and certificates tabled by a Party pursuant to this Article 6 shall be returned to that Party.

ARTICLE 7
INDEMNITIES

7.1 Shareholders Indemnity

After Closing but subject to Section 7.4, each of the Shareholders jointly and severally agrees to indemnify and save harmless each of Petrowest, the Trust and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly:

(i) as a consequence of or in connection with a breach of a representation or warranty made by any of the Shareholders or the Corporation in this Agreement or a breach by any of the Shareholders or the Corporation of any of the covenants made by any thereof in this Agreement; or

(ii) as a consequence of or in connection with any environmental matter relating to the Corporation or the Corporations Assets prior to the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person. The Parties agree that for the purposes of Section 7.1(i), in the case of any breach of representation or warranty of any of the Shareholders, the measure of Losses and Obligations in respect thereof will be, dollar for dollar, the difference in what would have been the position (financial and otherwise) of the Corporation had such representation been true or the warranty not breached and the actual position (financial and otherwise) of the Corporation (given such misrepresentation or breach of warranty).

7.2 Petrowest Indemnity

After Closing, Petrowest and the Trust agree to indemnify and save harmless each of the Shareholders and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly, as a consequence of or in connection with:

(i) a breach of a representation or warranty made by Petrowest or the Trust in this Agreement or a breach by Petrowest or the Trust of a covenant made by it in this Agreement; or

(ii) subject to the Shareholders' obligations in respect of the indemnity contained in Section 7.1, any matter or circumstance relating to Corporation Assets or the operation thereof which occurs after the Closing Time or which relates to the Corporation and occurs after the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person.

7.3 Tax Indemnity

(a) After Closing, the Shareholders shall be jointly and severally liable to and agree to indemnify and save harmless the Corporation (which in this Section 7.3 includes the Corporation's successors and assigns) in respect of all Losses and Obligations which the Corporation may suffer, sustain, pay or incur as a consequence of or in connection with any breach of any of the representations and warranties in Section 3.2(t) to (x) inclusive.

(b) Any person entitled to indemnification as herein set forth (the "**Indemnified Parties**") shall give prompt written notice to the Shareholders whenever it becomes aware that a Claim has been or may be made for which the Shareholders may be liable pursuant to this Section 7.3 (the "**Tax Indemnity**"). Unless the Shareholders notify the Indemnified Parties that it elects not to have carriage and control of a Claim the Shareholders shall, at their own expense and employing counsel of their own choice, have full carriage and control of the contestation of any such Claim, provided that if the Claim does not relate solely to matters to which the Tax Indemnity may apply, the Indemnified Parties shall, at its own expense and employing counsel of its own choice, have full carriage and control of the contestation of the portion of the Claims relating to matters to which the Tax Indemnity does not relate; and further provided that where the Shareholders have carriage and control of a Claim neither the Indemnified Parties nor the Corporation will agree to any compromise or settlement of such Claim to which the Tax Indemnity may apply without the consent of the Shareholders which will not be unreasonably withheld. Notwithstanding the foregoing, the Shareholders' right to have carriage and control of the contestation of any such Claim shall only apply and continue to apply after payment of the amount of such Claim or the provision of such security as is necessary to avoid a lien being placed on the property of the Corporation in respect of such Claim.

Where the Shareholders have carriage and control of a Claim, if the Indemnified Parties does not consent to a settlement of a Claim to which the Tax Indemnity may apply following a request from the Shareholders to do so, the obligation of the Shareholders to indemnify the Indemnified Parties for the Claim shall be limited to the amount that the Shareholders would have been required to pay pursuant hereto in respect of the Claim if the settlement had been accepted and the Shareholders shall forthwith transfer carriage of the contestation of the Claim to the Indemnified Parties or its nominee. The Indemnified Parties, the Corporation and the Shareholders shall cooperate with each other and allow each other reasonable access to documents and records in any defence of any such Claims and shall keep each other reasonably informed of the conduct thereof. If the Shareholders elect not to have carriage and control of the contestation of the Claim, the Indemnified Parties and the Corporation shall be under no obligation to contest, settle or compromise the Claim and such failure to contest, settle or compromise the Claim shall not prejudice its rights pursuant to this Indemnity.

(c) The Parties undertake to inform each other of any audit inquiries with respect to issues to which the Tax Indemnity may apply and to cooperate with each other in making any representations prior to any assessment to which those indemnities may apply.

(d) The amounts payable in respect of the Tax Indemnity shall constitute and be treated by the parties as an adjustment to the Base Purchase Price.

7.4 Limitations on Indemnities

(a) No Claim for performance of an indemnity or in respect of a breach of any covenant, representation or warranty made in this Agreement (other than pursuant to Section 7.3) shall be made or be enforceable, whether by legal proceedings or otherwise, unless written notice of such Claim is given by the party seeking redress to the party or parties from whom redress is sought on or before: (i) in respect of a breach of Section 3.2(kk), the expiry of the statutory period in which a Claim, assessment or reassessment may be brought or effected against the Corporation in respect thereof; (ii) in respect of a breach of any of Section 3.2(t) to (x), the expiry of ninety days after the relevant Governmental Authorities shall no longer be entitled to assess liability for tax against the Corporation for any particular taxation year ended on or prior to the Closing Date, having regard without limitation, to any waivers given by the Shareholders of the Corporation in respect of any taxation year; and (iii) otherwise, the expiry of eighteen months from the Closing Date;

(b) The maximum cumulative liability of the Shareholders in respect of indemnities and breaches of the representations, warranties and covenants made by the Shareholders in this Agreement (other than pursuant to Section 7.3) shall not exceed the Adjusted Purchase Price;

(c) Except as otherwise set out herein, the parties' sole remedy for a misrepresentation or breach of a warranty or other agreement contained in this Agreement is limited to the indemnities contained in Article 7 and is limited by the provisions of this Section 7.4;

(d) Notwithstanding anything to the contrary set forth in this Agreement, the Shareholder shall have no liability to Petrowest for any specific matter or claim for which Petrowest has received an adjustment to the Purchase Price to the extent of such adjustment;

(e) Petrowest shall not be entitled to make a Claim against the Shareholders for indemnity pursuant to this Agreement unless and until the aggregate amount of all Losses and Obligations with respect to all Claims asserted by Petrowest under this Agreement (other than pursuant to Section 7.3) exceeds 1% of the Base Purchase Price. Once such minimum threshold in Losses and Obligations has been sustained by Petrowest, the entirety of all Losses and Obligations sustained by Petrowest shall be compensable under this Section 7.4, subject to the other provisions of this Section. Claims pursuant to Section 7.3 shall not be included in claims for the purposes of this Section 7.4(e);

(f) Petrowest' Losses hereunder shall be deemed reduced by the amount of any insurance proceeds and any tax benefits received by Petrowest with respect to such Losses; and

(g) Petrowest shall not be entitled to indemnity under both Section 7.3 and Section 7.1 for the same Loss.

7.5 Indemnification Procedure

(a) For purposes of this Section 7.5, the term "**Indemnifying Party**" when used in connection with a Claim shall mean the Person having an obligation to indemnify the other Party with respect to such Claim pursuant to this Agreement (other than under Section 7.3), and the term "**Indemnified Party**" when used in connection with a particular Claim shall mean the Person having the right to be indemnified with respect to such Claim by the other Party pursuant to this Agreement (other than under Section 7.3)

(b) To make claim for indemnification, an Indemnified Party shall notify the Indemnifying Party of its claim under this Section 7.5, including the specific details of and specific basis under this Agreement for its claim (the "**Claim Notice**"). In the event that the claim for indemnification is based upon a claim by a third party against the Indemnified Party (a "**Third Party Claim**"), the Indemnified Party shall provide its Claim Notice promptly after the Indemnified Party has actual knowledge of the Third Party Claim and shall enclose a copy of all papers (if any) served with respect to the Third Party Claim; provided that the failure of any Indemnified Party to give notice of a Third Party Claim as provided in this Section 7.5 shall not relieve the Indemnifying Party of its obligations under this Agreement except to the extent such failure results in

insufficient time being available to permit the Indemnifying Party to effectively defend against the Third Party Claim or otherwise materially prejudices the Indemnifying Party's ability to defend against the Third Party Claim. In the event that the claim for indemnification is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) In the case of a claim for indemnification based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against such Third Party Claim at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Third Party Claim. The Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate, at the cost and expense of the Indemnifying Party, in contesting any Third Party Claim which the Indemnifying Party elects to contest. The Indemnified Party may participate in, but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this Section 7.5(d). An Indemnifying Party shall not, without the written consent of the Indemnified Party, (i) settle any Third Party Claim or consent to the entry of any judgment with respect thereto which does not include an unconditional written release of the Indemnified Party from all liability in respect of such Third Party Claim or (ii) settle any Third Party Claim or consent to the entry of any judgment with respect thereto in any manner that may materially and adversely affect the Indemnified Party (other than as a result of money damages covered by the indemnity).

(e) If the Indemnifying Party does not admit its liability or admits its liability but fails to diligently prosecute or settle the Third Party Claim, then the Indemnified Party shall have the right to defend against the Third Party Claim at the sole cost and expense of the Indemnifying Party, with counsel of the Indemnified Party's choosing, subject to the right of the Indemnifying Party to admit its liability and assume the defense of the Third Party Claim at any time prior to settlement or final determination thereof. If the Indemnifying Party has not yet admitted its liability for a Third Party Claim, the Indemnified Party shall send written notice to the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for 10 days following receipt of such notice to (i) admit in writing its liability for the Third Party Claim and (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement.

(f) In the case of a claim for indemnification not based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to (i) cure the Losses and Obligations complained of; (ii) admit its liability for such Losses or (iii) dispute the claim for such Losses and Obligations. If the Indemnifying Party does not notify the Indemnified Party within such 30-day period that it has cured the Losses and Obligations or that it disputes the claim for such Losses and Obligations, the amount of such Losses and Obligations shall conclusively be deemed a liability of the Indemnifying Party hereunder.

7.6 Materiality

For the purposes of calculating Losses and Obligations in conjunction with any breach of a representation, warranty or covenant pursuant to Sections 7.1, 7.2 or 7.3, any standard or threshold of materiality relating to such breached representation, warranty or covenant shall be ignored.

ARTICLE 8
TERMINATION

8.1 Termination

If this Agreement is terminated prior to the Closing occurring pursuant to Section 5.1, Section 5.2 or Section 5.3, the Parties shall be released from all obligations under this Agreement except the Confidentiality and Non-disclosure Agreement shall remain in full force and effect in accordance with its terms, and each Party shall remain liable for breaches by it of this Agreement occurring prior to such termination. Subject to the foregoing provisions of this Section, following such termination, each Party shall be responsible for the costs and expenses incurred by it in connection with this Agreement and the transactions contemplated hereby.

8.2 Survival

Subject to the limitations and provisions set forth in this Agreement, notwithstanding the occurrence of Closing and the items delivered at Closing pursuant hereto, the representations, warranties, covenants and indemnities contained in this Agreement shall survive the Closing and the delivery of the items delivered at Closing pursuant hereto for the benefit of the Parties in accordance with terms hereof. Notwithstanding any other provision of this Agreement, no limitation in respect of the survival of any provision of this Agreement or the period in respect of which any Claims or other recourse may be made shall apply insofar as the breach of the provision or the matter in respect of which recourse is sought involves fraud on the part of the Party or Parties against whom the provision is sought to be enforced or from whom such recourse is sought. If any document executed at or after Closing, pursuant hereto is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall prevail unless the Parties expressly and explicitly agree to the contrary.

ARTICLE 9
ARBITRATION

9.1 Procedure

Any controversy submitted to arbitration pursuant to this Agreement shall be subject to the following principles:

(a) Upon written demand of a Party, representatives of the Parties shall meet and attempt to appoint a single arbitrator. If such representatives are unable to agree on a single arbitrator within five (5) days of such demand, then upon written demand by any Party, any Shareholder and Petrowest shall, within ten (10) days of such demand, each name an arbitrator and the two arbitrators so named shall promptly thereafter choose a third. If a Party shall fail to name an arbitrator within ten (10) days from such demand, then the arbitrator for that Party shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon application by the other Party. If the two arbitrators shall fail within ten (10) days from their appointment to agree upon and appoint the third arbitrator, then such third arbitrator shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon request of either Party.

(b) The arbitrator or arbitrators selected to act hereunder shall be qualified by education, experience and training to pass upon the particular question in dispute.

(c) The arbitrator or arbitrators chosen as aforesaid shall proceed immediately to hear and determine the question or questions in dispute. The decision of the single arbitrator shall be made within forty-five (45) days after his or her appointment, subject to any reasonable delay due to unforeseen circumstances. Where there are three arbitrators, the decision of the arbitrators, or a majority of them, shall be made within forty-five (45) days after the appointment of the third arbitrator, subject to any reasonable delay due to unforeseen circumstances. In the event the single arbitrator or the arbitrators, or a majority of them, fail to make a decision within the period herein prescribed, then either Party may elect to have a new single arbitrator or arbitrators chosen in the manner herein prescribed, as if none had previously been selected.

(d) The decision of the single arbitrator or the decision of the arbitrators, or a majority of them, shall be drawn up in writing and signed by the single arbitrator or by the arbitrators, or a majority of them, and shall be final and binding upon the parties hereto.

(e) The liability between the Parties hereto for the payment of the compensation and expenses of the single arbitrator or the arbitrators shall be determined by the arbitrator or arbitrators, as the case may be.

(f) Arbitration pursuant hereto shall be governed in all respects not addressed herein by the provisions of the *Arbitration Act* (Alberta) and regulations thereunder.

(c) The Parties undertake to inform each other of any audit inquiries with respect to issues to which the Tax Indemnity may apply and to cooperate with each other in making any representations prior to any assessment to which those indemnities may apply.

(d) The amounts payable in respect of the Tax Indemnity shall constitute and be treated by the parties as an adjustment to the purchase price.

7.4 Limitations on Indemnities

(a) No Claim for performance of an indemnity or in respect of a breach of any covenant, representation or warranty made in this Agreement (other than pursuant to Section 7.3) shall be made or be enforceable, whether by legal proceedings or otherwise, unless written notice of such Claim is given by the party seeking redress to the party or parties from whom redress is sought on or before: (i) in respect of a breach of Section 3.2(kk), the expiry of the statutory period in which a Claim, assessment or reassessment may be brought or effected against the Corporation in respect thereof; (ii) in respect of a breach of any of Section 3.2(t) to (x), the expiry of ninety days after the relevant Governmental Authorities shall no longer be entitled to assess liability for tax against the Corporation for any particular taxation year ended on or prior to the Closing Date, having regard without limitation, to any waivers given by the Shareholders of the Corporation in respect of any taxation year; and (iii) otherwise, the expiry of eighteen months from the Closing Date;

(b) The maximum cumulative liability of the Shareholders in respect of indemnities and breaches of the representations, warranties and covenants made by the Shareholders in this Agreement (other than pursuant to Section 7.3) shall not exceed the purchase price;

(c) Except as otherwise set out herein, the parties' sole remedy for a misrepresentation or breach of a warranty or other agreement contained in this Agreement is limited to the indemnities contained in Article 7 and is limited by the provisions of this Section 7.4;

(d) Notwithstanding anything to the contrary set forth in this Agreement, the Shareholder shall have no liability to Petrowest for any specific matter or claim for which Petrowest has received an adjustment to the purchase price to the extent of such adjustment;

(e) Petrowest shall not be entitled to make a Claim against the Shareholders for indemnity pursuant to this Agreement unless and until the aggregate amount of all Losses and Obligations with respect to all Claims asserted by Petrowest under this Agreement (other than pursuant to Section 7.3) exceeds 1% of the purchase price. Once such minimum threshold in Losses and Obligations has been sustained by Petrowest, the entirety of all Losses and Obligations sustained by Petrowest shall be compensable under this Section 7.4, subject to the other provisions of this Section. Claims pursuant to Section 7.3 shall not be included in claims for the purposes of this Section 7.4(e);

(f) Petrowest's Losses hereunder shall be deemed reduced by the amount of any insurance proceeds and any tax benefits received by Petrowest with respect to such Losses; and

(g) Petrowest shall not be entitled to indemnity under both Section 7.3 and Section 7.1 for the same Loss.

7.5 Indemnification Procedure

(a) For purposes of this Section 7.5, the term "**Indemnifying Party**" when used in connection with a Claim shall mean the Person having an obligation to indemnify the other Party with respect to such Claim pursuant to this Agreement (other than under Section 7.3), and the term "**Indemnified Party**" when used in connection with a particular Claim shall mean the Person having the right to be indemnified with respect to such Claim by the other Party pursuant to this Agreement (other than under Section 7.3)

(b) To make claim for indemnification, an Indemnified Party shall notify the Indemnifying Party of its claim under this Section 7.5, including the specific details of and specific basis under this Agreement for its claim (the "**Claim Notice**"). In the event that the claim for indemnification is based upon a claim by a third party against the Indemnified Party (a "**Third Party Claim**"), the Indemnified Party shall provide its Claim Notice promptly after the Indemnified Party has actual knowledge of the Third Party Claim and shall enclose a copy of all papers (if any) served with respect to the Third Party Claim; provided that the failure of any Indemnified Party to give notice of a Third Party Claim as provided in this Section 7.5 shall not relieve the Indemnifying Party of its obligations under

this Agreement except to the extent such failure results in insufficient time being available to permit the Indemnifying Party to effectively defend against the Third Party Claim or otherwise materially prejudices the Indemnifying Party's ability to defend against the Third Party Claim. In the event that the claim for indemnification is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) In the case of a claim for indemnification based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against such Third Party Claim at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Third Party Claim. The Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate, at the cost and expense of the Indemnifying Party, in contesting any Third Party Claim which the Indemnifying Party elects to contest. The Indemnified Party may participate in, but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this Section 7.5(d). An Indemnifying Party shall not, without the written consent of the Indemnified Party, (i) settle any Third Party Claim or consent to the entry of any judgment with respect thereto which does not include an unconditional written release of the Indemnified Party from all liability in respect of such Third Party Claim or (ii) settle any Third Party Claim or consent to the entry of any judgment with respect thereto in any manner that may materially and adversely affect the Indemnified Party (other than as a result of money damages covered by the indemnity).

(e) If the Indemnifying Party does not admit its liability or admits its liability but fails to diligently prosecute or settle the Third Party Claim, then the Indemnified Party shall have the right to defend against the Third Party Claim at the sole cost and expense of the Indemnifying Party, with counsel of the Indemnified Party's choosing, subject to the right of the Indemnifying Party to admit its liability and assume the defense of the Third Party Claim at any time prior to settlement or final determination thereof. If the Indemnifying Party has not yet admitted its liability for a Third Party Claim, the Indemnified Party shall send written notice to the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for 10 days following receipt of such notice to (i) admit in writing its liability for the Third Party Claim and (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement.

(f) In the case of a claim for indemnification not based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to (i) cure the Losses and Obligations complained of; (ii) admit its liability for such Losses or (iii) dispute the claim for such Losses and Obligations. If the Indemnifying Party does not notify the Indemnified Party within such 30-day period that it has cured the Losses and Obligations or that it disputes the claim for such Losses and Obligations, the amount of such Losses and Obligations shall conclusively be deemed a liability of the Indemnifying Party hereunder.

7.6 Materiality

For the purposes of calculating Losses and Obligations in conjunction with any breach of a representation, warranty or covenant pursuant to Sections 7.1, 7.2 or 7.3, any standard or threshold of materiality relating to such breached representation, warranty or covenant shall be ignored.

ARTICLE 8
TERMINATION

8.1 Termination

If this Agreement is terminated prior to the Closing occurring pursuant to Section 5.1, Section 5.2 or Section 5.3, the Parties shall be released from all obligations under this Agreement except the Confidentiality and Non-disclosure Agreement shall remain in full force and effect in accordance with its terms, and each Party shall remain liable for breaches by it of this Agreement occurring prior to such termination. Subject to the foregoing provisions of this Section, following such termination, each Party shall be responsible for the costs and expenses incurred by it in connection with this Agreement and the transactions contemplated hereby.

8.2 Survival

Subject to the limitations and provisions set forth in this Agreement, notwithstanding the occurrence of Closing and the items delivered at Closing pursuant hereto, the representations, warranties, covenants and indemnities contained in this Agreement shall survive the Closing and the delivery of the items delivered at Closing pursuant hereto for the benefit of the Parties in accordance with terms hereof. Notwithstanding any other provision of this Agreement, no limitation in respect of the survival of any provision of this Agreement or the period in respect of which any Claims or other recourse may be made shall apply insofar as the breach of the provision or the matter in respect of which recourse is sought involves fraud on the part of the Party or Parties against whom the provision is sought to be enforced or from whom such recourse is sought. If any document executed at or after Closing, pursuant hereto is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall prevail unless the Parties expressly and explicitly agree to the contrary.

ARTICLE 9
ARBITRATION

9.1 Procedure

Any controversy submitted to arbitration pursuant to this Agreement shall be subject to the following principles:

(a) Upon written demand of a Party, representatives of the Parties shall meet and attempt to appoint a single arbitrator. If such representatives are unable to agree on a single arbitrator within five (5) days of such demand, then upon written demand by any Party, any Shareholder and Petrowest shall, within ten (10) days of such demand, each name an arbitrator and the two arbitrators so named shall promptly thereafter choose a third. If a Party shall fail to name an arbitrator within ten (10) days from such demand, then the arbitrator for that Party shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon application by the other Party. If the two arbitrators shall fail within ten (10) days from their appointment to agree upon and appoint the third arbitrator, then such third arbitrator shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon request of either Party.

(b) The arbitrator or arbitrators selected to act hereunder shall be qualified by education, experience and training to pass upon the particular question in dispute.

(c) The arbitrator or arbitrators chosen as aforesaid shall proceed immediately to hear and determine the question or questions in dispute. The decision of the single arbitrator shall be made within forty-five (45) days after his or her appointment, subject to any reasonable delay due to unforeseen circumstances. Where there are three arbitrators, the decision of the arbitrators, or a majority of them, shall be made within forty-five (45) days after the appointment of the third arbitrator, subject to any reasonable delay due to unforeseen circumstances. In the event the single arbitrator or the arbitrators, or a majority of them, fail to make a decision within the period herein prescribed, then either Party may elect to have a new single arbitrator or arbitrators chosen in the manner herein prescribed, as if none had previously been selected.

(d) The decision of the single arbitrator or the decision of the arbitrators, or a majority of them, shall be drawn up in writing and signed by the single arbitrator or by the arbitrators, or a majority of them, and shall be final and binding upon the parties hereto.

(e) The liability between the Parties hereto for the payment of the compensation and expenses of the single arbitrator or the arbitrators shall be determined by the arbitrator or arbitrators, as the case may be.

(f) Arbitration pursuant hereto shall be governed in all respects not addressed herein by the provisions of the *Arbitration Act* (Alberta) and regulations thereunder.

ARTICLE 7
INDEMNITIES

7.1 Shareholders Indemnity

After Closing but subject to Section 7.4, each of the Shareholders jointly and severally agree to indemnify and save harmless each of Petrowest, the Trust and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly:

(i) as a consequence of or in connection with a breach of a representation or warranty made by any of the Shareholders or the Corporation in this Agreement or a breach by any of the Shareholders or the Corporation of any of the covenants made by any thereof in this Agreement; or

(ii) as a consequence of or in connection with any environmental matter relating to the Corporation or the Corporations Assets prior to the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person. The Parties agree that for the

purposes of Section 7.1(i), in the case of any breach of representation or warranty of any of the Shareholders, the measure of Losses and Obligations in respect thereof will be, dollar for dollar, the difference in what would have been the position (financial and otherwise) of the Corporation had such representation been true or the warranty not breached and the actual position (financial and otherwise) of the Corporation (given such misrepresentation or breach of warranty).

7.2 Petrowest Indemnity

After Closing, Petrowest and the Trust agree to indemnify and save harmless each of the Shareholders and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly, as a consequence of or in connection with:

(ii) subject to the Shareholders' obligations in respect of the indemnity contained in Section 7.1, any matter or circumstance relating to Corporation Assets or the operation thereof which occurs after the Closing Time or which relates to the Corporation and occurs after the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person.

7.3 Tax Indemnity

(a) After Closing, the Shareholders shall be jointly and severally liable to and agree to indemnify and save harmless the Corporation (which in this Section 7.3 includes the Corporation's successors and assigns) in respect of all Losses and Obligations which the Corporation may suffer, sustain, pay or incur as a consequence of or in connection with any breach of any of the representations and warranties in Section 3.2(t) to (x) inclusive.

(b) Any person entitled to indemnification as herein set forth (the "**Indemnified Parties**") shall give prompt written notice to the Shareholders whenever it becomes aware that a Claim has been or may be made for which the Shareholders may be liable pursuant to this Section 7.3 (the "**Tax Indemnity**"). Unless the Shareholders notify the Indemnified Parties that it elects not to have carriage and control of a Claim the Shareholders shall, at their own expense and employing counsel of their own choice, have full carriage and control of the contestation of any such Claim, provided that if the Claim does not relate solely to matters to which the Tax Indemnity may apply, the Indemnified Parties shall, at its own expense and employing counsel of its own choice, have full carriage and control of the contestation of the portion of the Claims relating to matters to which the Tax Indemnity does not relate; and further provided that where the Shareholders have carriage and control of a Claim neither the Indemnified Parties nor the Corporation will agree to any compromise or settlement of such Claim to which

the Tax Indemnity may apply without the consent of the Shareholders which will not be unreasonably withheld. Notwithstanding the foregoing, the Shareholders' right to have carriage and control of the contestation of any such Claim shall only apply and continue to apply after payment of the amount of such Claim or the provision of such security as is necessary to avoid a lien being placed on the property of the Corporation in respect of such Claim. Where the Shareholders have carriage and control of a Claim, if the Indemnified Parties do not consent to a settlement of a Claim to which the Tax Indemnity may apply following a request from the Shareholders to do so, the obligation of the Shareholders to indemnify the Indemnified Parties for the Claim shall be limited to the amount that the Shareholders would have been required to pay pursuant hereto in respect of the Claim if the settlement had been accepted and the Shareholders shall forthwith transfer carriage of the contestation of the Claim to the Indemnified Parties or its nominee. The Indemnified Parties, the Corporation and the Shareholders shall cooperate with each other and allow each other reasonable access to documents and records in any defence of any such Claims and shall keep each other reasonably informed of the conduct thereof. If the Shareholders elect not to have carriage and control of the contestation of the Claim, the Indemnified Parties and the Corporation shall be under no obligation to contest, settle or compromise the Claim and such failure to contest, settle or compromise the Claim shall not prejudice its rights pursuant to this Indemnity.

(c) The Parties undertake to inform each other of any audit inquiries with respect to issues to which the Tax Indemnity may apply and to cooperate with each other in making any representations prior to any assessment to which those indemnities may apply.

(d) The amounts payable in respect of the Tax Indemnity shall constitute and be treated by the parties as an adjustment to the purchase price.

7.4 Limitations on Indemnities

(a) No Claim for performance of an indemnity or in respect of a breach of any covenant, representation or warranty made in this Agreement (other than pursuant to Section 7.3) shall be made or be enforceable, whether by legal proceedings or otherwise, unless written notice of such Claim is given by the party seeking redress to the party or parties from whom redress is sought on or before: (i) in respect of a breach of Section 3.2(kk), the expiry of the statutory period in which a Claim, assessment or reassessment may be brought or effected against the Corporation in respect thereof; (ii) in respect of a breach of any of Section 3.2(t) to (x), the expiry of ninety days after the relevant Governmental Authorities shall no longer be entitled to assess liability for tax against the Corporation for any particular taxation year ended on or prior to the Closing Date, having regard without limitation, to any waivers given by the Shareholders of the Corporation in respect of any taxation year; and (iii) otherwise, the expiry of eighteen months from the Closing Date;

(b) The maximum cumulative liability of the Shareholders in respect of indemnities and breaches of the representations, warranties and covenants made by the Shareholders in this Agreement (other than pursuant to Section 7.3) shall not exceed the purchase price;

(c) Except as otherwise set out herein, the parties' sole remedy for a misrepresentation or breach of a warranty or other agreement contained in this Agreement is limited to the indemnities contained in Article 7 and is limited by the provisions of this Section 7.4;

(d) Notwithstanding anything to the contrary set forth in this Agreement, the Shareholder shall have no liability to Petrowest for any specific matter or claim for which Petrowest has received an adjustment to the purchase price to the extent of such adjustment;

(e) Petrowest shall not be entitled to make a Claim against the Shareholders for indemnity pursuant to this Agreement unless and until the aggregate amount of all Losses and Obligations with respect to all Claims asserted by Petrowest under this Agreement (other than pursuant to Section 7.3) exceeds $200,000. Once such minimum threshold in Losses and Obligations has been sustained by Petrowest, the entirety of all Losses and Obligations sustained by Petrowest shall be compensable under this Section 7.4, subject to the other provisions of this Section. Claims pursuant to Section 7.3 shall not be included in claims for the purposes of this Section 7.4(e);

(f) Petrowest's Losses hereunder shall be deemed reduced by the amount of any insurance proceeds and any tax benefits received by Petrowest with respect to such Losses; and

(g) Petrowest shall not be entitled to indemnity under both Section 7.3 and Section 7.1 for the same Loss.

7.5 Indemnification Procedure

(a) For purposes of this Section 7.5, the term "**Indemnifying Party**" when used in connection with a Claim shall mean the Person having an obligation to indemnify the other Party with respect to such Claim pursuant to this Agreement (other than under Section 7.3), and the term "**Indemnified Party**" when used in connection with a particular Claim shall mean the Person having the right to be indemnified with respect to such Claim by the other Party pursuant to this Agreement (other than under Section 7.3)

(b) To make claim for indemnification, an Indemnified Party shall notify the Indemnifying Party of its claim under this Section 7.5, including the specific details of and specific basis under this Agreement for its claim (the "**Claim Notice**"). In the event that the claim for indemnification is based upon a claim by a third party against the Indemnified Party (a "**Third Party Claim**"), the Indemnified Party shall provide its Claim Notice promptly after the Indemnified

Party has actual knowledge of the Third Party Claim and shall enclose a copy of all papers (if any) served with respect to the Third Party Claim; provided that the failure of any Indemnified Party to give notice of a Third Party Claim as provided in this Section 7.5 shall not relieve the Indemnifying Party of its obligations under this Agreement except to the extent such failure results in insufficient time being available to permit the Indemnifying Party to effectively defend against the Third Party Claim or otherwise materially prejudices the Indemnifying Party's ability to defend against the Third Party Claim. In the event that the claim for indemnification is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) In the case of a claim for indemnification based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against such Third Party Claim at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Third Party Claim. The Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate, at the cost and expense of the Indemnifying Party, in contesting any Third Party Claim which the Indemnifying Party elects to contest. If the Indemnifying Party has not yet admitted its liability for a Third Party Claim, the Indemnified Party shall send written notice to

the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for 10 days following receipt of such notice to (i) admit in writing its liability for the Third Party Claim and (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement.

(f) In the case of a claim for indemnification not based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to (i) cure the Losses and Obligations complained of; (ii) admit its liability for such Losses or (iii) dispute the claim for such Losses and Obligations. If the Indemnifying Party does not notify the Indemnified Party within such 30-day period that it has cured the Losses and Obligations or that it disputes the claim for such Losses and Obligations, the amount of such Losses and Obligations shall conclusively be deemed a liability of the Indemnifying Party hereunder.

7.6 Materiality

(b) The arbitrator or arbitrators selected to act hereunder shall be qualified by education, experience and training to pass upon the particular question in dispute.

(c) The arbitrator or arbitrators chosen as aforesaid shall proceed immediately to hear and determine the question or questions in dispute. In the event the single arbitrator or the arbitrators, or a majority of them, fail to make a decision within the period herein prescribed, then either Party may elect to have a new single arbitrator or arbitrators chosen in the manner herein prescribed, as if none had previously been selected.

(d) The decision of the single arbitrator or the decision of the arbitrators, or a majority of them, shall be drawn up in writing and signed by the single arbitrator or by the arbitrators, or a majority of them, and shall be final and binding upon the parties hereto.

(e) The liability between the Parties hereto for the payment of the compensation and expenses of the single arbitrator or the arbitrators shall be determined by the arbitrator or arbitrators, as the case may be.

ARTICLE 7
INDEMNITIES

7.1 Shareholders Indemnity

After Closing but subject to Section 7.4, each of the Shareholders jointly and severally agrees to indemnify and save harmless each of Petrowest, the Trust and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly:

(i) as a consequence of or in connection with a breach of a representation or warranty made by any of the Shareholders or the Corporation in this Agreement or a breach by any of the Shareholders or the Corporation of any of the covenants made by any thereof in this Agreement; or

(ii) as a consequence of or in connection with any environmental matter relating to the Corporation or the Corporations Assets prior to the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person. The Parties agree that for the purposes of Section 7.1(i), in the case of any breach of representation or warranty of any of the Shareholders, the measure of Losses and Obligations in respect thereof will be, dollar for dollar, the difference in what would have been the position (financial and otherwise) of the Corporation had such representation been true or the warranty not breached and the actual position (financial and otherwise) of the Corporation (given such misrepresentation or breach of warranty).

7.2 Petrowest Indemnity

After Closing, Petrowest and the Trust agree to indemnify and save harmless each of the Shareholders and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly, as a consequence of or in connection with:

(i) a breach of a representation or warranty made by Petrowest or the Trust in this Agreement or a breach by Petrowest or the Trust of a covenant made by it in this Agreement; or

(ii) subject to the Shareholders' obligations in respect of the indemnity contained in Section 7.1, any matter or circumstance relating to Corporation Assets or the operation thereof which occurs after the Closing Time or which relates to the Corporation and occurs after the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person.

7.3 Tax Indemnity

(a) After Closing, the Shareholders shall be jointly and severally liable to and agree to indemnify and save harmless the Corporation (which in this Section 7.3 includes the Corporation's successors and assigns) in respect of all Losses and Obligations which the Corporation may suffer, sustain, pay or incur as a consequence of or in connection with any breach of any of the representations and warranties in Section 3.2(t) to (x) inclusive.

(b) Any person entitled to indemnification as herein set forth (the "**Indemnified Parties**") shall give prompt written notice to the Shareholders whenever it becomes aware that a Claim has been or may be made for which the Shareholders may be liable pursuant to this Section 7.3 (the "**Tax Indemnity**"). Unless the Shareholders notify the Indemnified Parties that it elects not to have carriage and control of a Claim the Shareholders shall, at their own expense and employing counsel of their own choice, have full carriage and control of the contestation of any such Claim, provided that if the Claim does not relate solely to matters to which the Tax Indemnity may apply, the Indemnified Parties shall, at its own expense and employing counsel of its own choice, have full carriage and control of the contestation of the portion of the Claims relating to matters to which the Tax Indemnity does not relate; and further provided that where the Shareholders have carriage and control of a Claim neither the Indemnified Parties nor the Corporation will agree to any compromise or settlement of such Claim to which the Tax Indemnity may apply without the consent of the Shareholders which will not be unreasonably withheld. Notwithstanding the foregoing, the Shareholders' right to have carriage and control of the contestation of any such Claim shall only apply and continue to apply after payment of the amount of such Claim or the provision of such security as is necessary to avoid a lien being placed on the property of the Corporation in respect of such Claim. Where the Shareholders have carriage and control of a Claim, if the Indemnified Parties do not consent to a settlement of a Claim to which the Tax Indemnity may apply following a request from the Shareholders to do so, the obligation of the Shareholders to indemnify the Indemnified Parties for the Claim shall be limited to the amount that the Shareholders would have been required to pay pursuant hereto in respect of the Claim if the settlement had been accepted and the Shareholders shall forthwith transfer carriage of the contestation of the Claim to the Indemnified Parties or its nominee. The Indemnified Parties, the Corporation and the Shareholders shall cooperate with each other and allow each other reasonable

access to documents and records in any defence of any such Claims and shall keep each other reasonably informed of the conduct thereof. If the Shareholders elect not to have carriage and control of the contestation of the Claim, the Indemnified Parties and the Corporation shall be under no obligation to contest, settle or compromise the Claim and such failure to contest, settle or compromise the Claim shall not prejudice its rights pursuant to this Indemnity.

(c) The Parties undertake to inform each other of any audit inquiries with respect to issues to which the Tax Indemnity may apply and to cooperate with each other in making any representations prior to any assessment to which those indemnities may apply.

(d) The amounts payable in respect of the Tax Indemnity shall constitute and be treated by the parties as an adjustment to the purchase price.

7.4 Limitations on Indemnities

(a) No Claim for performance of an indemnity or in respect of a breach of any covenant, representation or warranty made in this Agreement (other than pursuant to Section 7.3) shall be made or be enforceable, whether by legal proceedings or otherwise, unless written notice of such Claim is given by the party seeking redress to the party or parties from whom redress is sought on or before: (i) in respect of a breach of Section 3.2(kk), the expiry of the statutory period in which a Claim, assessment or reassessment may be brought or effected against the Corporation in respect thereof; (ii) in respect of a breach of any of Section 3.2(t) to (x), the expiry of ninety days after the relevant Governmental Authorities shall no longer be entitled to assess liability for tax against the Corporation for any particular taxation year ended on or prior to the Closing Date, having regard without limitation, to any waivers given by the Shareholders of the Corporation in respect of any taxation year; and (iii) otherwise, the expiry of eighteen months from the Closing Date;

(b) The maximum cumulative liability of the Shareholders in respect of indemnities and breaches of the representations, warranties and covenants made by the Shareholders in this Agreement (other than pursuant to Section 7.3) shall not exceed the purchase price;

(c) Except as otherwise set out herein, the parties' sole remedy for a misrepresentation or breach of a warranty or other agreement contained in this Agreement is limited to the indemnities contained in Article 7 and is limited by the provisions of this Section 7.4;

(d) Notwithstanding anything to the contrary set forth in this Agreement, the Shareholder shall have no liability to Petrowest for any specific matter or claim for which Petrowest has received an adjustment to the purchase price to the extent of such adjustment;

(e) Petrowest shall not be entitled to make a Claim against the Shareholders for indemnity pursuant to this Agreement unless and until the aggregate amount of all Losses and Obligations with respect to all Claims asserted by Petrowest under this Agreement (other than pursuant to Section 7.3) exceeds 1% of the purchase price. Once such minimum threshold in Losses and Obligations has been sustained by Petrowest, the entirety of all Losses and Obligations sustained by Petrowest shall be compensable under this Section 7.4, subject to the other provisions of this Section. Claims pursuant to Section 7.3 shall not be included in claims for the purposes of this Section 7.4(e);

(f) Petrowest's Losses hereunder shall be deemed reduced by the amount of any insurance proceeds and any tax benefits received by Petrowest with respect to such Losses; and

(g) Petrowest shall not be entitled to indemnity under both Section 7.3 and Section 7.1 for the same Loss.

7.5 Indemnification Procedure

(a) For purposes of this Section 7.5, the term "**Indemnifying Party**" when used in connection with a Claim shall mean the Person having an obligation to indemnify the other Party with respect to such Claim pursuant to this Agreement (other than under Section 7.3), and the term "**Indemnified Party**" when used in connection with a particular Claim shall mean the Person having the right to be indemnified with respect to such Claim by the other Party pursuant to this Agreement (other than under Section 7.3)

(b) To make claim for indemnification, an Indemnified Party shall notify the Indemnifying Party of its claim under this Section 7.5, including the specific details of and specific basis under this Agreement for its claim (the "**Claim Notice**"). In the event that the claim for indemnification is based upon a claim by a third party against the Indemnified Party (a "**Third Party Claim**"), the Indemnified Party shall provide its Claim Notice promptly after the Indemnified Party has actual knowledge of the Third Party Claim and shall enclose a copy of all papers (if any) served with respect to the Third Party Claim; provided that the failure of any Indemnified Party to give notice of a Third Party Claim as provided in this Section 7.5 shall not relieve the Indemnifying Party of its obligations under this Agreement except to the extent such failure results in insufficient time being available to permit the Indemnifying Party to effectively defend against the Third Party Claim or otherwise materially prejudices the Indemnifying Party's ability to defend against the Third Party Claim. In the event that the claim for indemnification is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) In the case of a claim for indemnification based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against such Third Party Claim at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Third Party Claim. The Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate, at the cost and expense of the Indemnifying Party, in contesting any Third Party Claim which the Indemnifying Party elects to contest. The Indemnified Party may participate in, but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this Section 7.5(d). An Indemnifying Party shall not, without the written consent of the Indemnified Party, (i) settle any Third Party Claim or consent to the entry of any judgment with respect thereto which does not include an unconditional written release of the Indemnified Party from all liability in respect of such Third Party Claim or (ii) settle any Third Party Claim or consent to the entry of any judgment with respect thereto in any manner that may materially and adversely affect the Indemnified Party (other than as a result of money damages covered by the indemnity).

(e) If the Indemnifying Party does not admit its liability or admits its liability but fails to diligently prosecute or settle the Third Party Claim, then the Indemnified Party shall have the right to defend against the Third Party Claim at the sole cost and expense of the Indemnifying Party, with counsel of the Indemnified Party's choosing, subject to the right of the Indemnifying Party to admit its liability and assume the defense of the Third Party Claim at any time prior to settlement or final determination thereof. If the Indemnifying Party has not yet admitted its liability for a Third Party Claim, the Indemnified Party shall send written notice to the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for 10 days following receipt of such notice to (i) admit in writing its liability for the Third Party Claim and (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement.

(f) In the case of a claim for indemnification not based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to (i) cure the Losses and Obligations complained of; (ii) admit its liability for such Losses or (iii) dispute the claim for such Losses and Obligations. If the Indemnifying Party does not notify the Indemnified Party within such 30-day period that it has cured the Losses and Obligations or that it disputes the claim for such Losses and Obligations, the amount of such Losses and Obligations shall conclusively be deemed a liability of the Indemnifying Party hereunder.

7.6 Materiality

For the purposes of calculating Losses and Obligations in conjunction with any breach of a representation, warranty or covenant pursuant to Sections 7.1, 7.2 or 7.3, any standard or threshold of materiality relating to such breached representation, warranty or covenant shall be ignored.

ARTICLE 8
TERMINATION

8.1 Termination

If this Agreement is terminated prior to the Closing occurring pursuant to Section 5.1, Section 5.2 or Section 5.3, the Parties shall be released from all obligations under this Agreement except the Confidentiality and Non-disclosure Agreement shall remain in full force and effect in accordance with its terms, and each Party shall remain liable for breaches by it of this Agreement occurring prior to such termination. Subject to the foregoing provisions of this Section, following such termination, each Party shall be responsible for the costs and expenses incurred by it in connection with this Agreement and the transactions contemplated hereby.

8.2 Survival

Subject to the limitations and provisions set forth in this Agreement, notwithstanding the occurrence of Closing and the items delivered at Closing pursuant hereto, the representations, warranties, covenants and indemnities contained in this Agreement shall survive the Closing and the delivery of the items delivered at Closing pursuant hereto for the benefit of the Parties in accordance with terms hereof. Notwithstanding any other provision of this Agreement, no limitation in respect of the survival of any provision of this Agreement or the period in respect of which any Claims or other recourse may be made shall apply insofar as the breach of the provision or the matter in respect of which recourse is sought involves fraud on the part of the Party or Parties against whom the provision is sought to be enforced or from whom such recourse is sought. If any document executed at or after Closing, pursuant hereto is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall prevail unless the Parties expressly and explicitly agree to the contrary.

ARTICLE 9
ARBITRATION

9.1 Procedure

Any controversy submitted to arbitration pursuant to this Agreement shall be subject to the following principles:

(a) Upon written demand of a Party, representatives of the Parties shall meet and attempt to appoint a single arbitrator. If such representatives are unable to agree on a single arbitrator within five (5) days of such demand, then upon written

demand by any Party, any Shareholder and Petrowest shall, within ten (10) days of such demand, each name an arbitrator and the two arbitrators so named shall promptly thereafter choose a third. If a Party shall fail to name an arbitrator within ten (10) days from such demand, then the arbitrator for that Party shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon application by the other Party. If the two arbitrators shall fail within ten (10) days from their appointment to agree upon and appoint the third arbitrator, then such third arbitrator shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon request of either Party.

(b) The arbitrator or arbitrators selected to act hereunder shall be qualified by education, experience and training to pass upon the particular question in dispute.

(c) The arbitrator or arbitrators chosen as aforesaid shall proceed immediately to hear and determine the question or questions in dispute. The decision of the single arbitrator shall be made within forty-five (45) days after his or her appointment, subject to any reasonable delay due to unforeseen circumstances. Where there are three arbitrators, the decision of the arbitrators, or a majority of them, shall be made within forty-five (45) days after the appointment of the third arbitrator, subject to any reasonable delay due to unforeseen circumstances. In the event the single arbitrator or the arbitrators, or a majority of them, fail to make a decision within the period herein prescribed, then either Party may elect to have a new single arbitrator or arbitrators chosen in the manner herein prescribed, as if none had previously been selected.

(d) The decision of the single arbitrator or the decision of the arbitrators, or a majority of them, shall be drawn up in writing and signed by the single arbitrator or by the arbitrators, or a majority of them, and shall be final and binding upon the parties hereto.

(e) The liability between the Parties hereto for the payment of the compensation and expenses of the single arbitrator or the arbitrators shall be determined by the arbitrator or arbitrators, as the case may be.

(f) Arbitration pursuant hereto shall be governed in all respects not addressed herein by the provisions of the *Arbitration Act* (Alberta) and regulations thereunder.

Petrowest shall obtain the consent of Shareholders to any Tax Returns filed in respect of any period ending on or prior to the Closing Date, which consent shall be deemed received unless the Shareholders advises otherwise within 10 business days following receipt of the return and request for consent. Such Tax Returns will be prepared in

accordance with reasonable business practices and the Corporation's past practices. The Parties agree that an election shall be made by the Corporation in its Tax Return filed for its taxation year ending immediately before the acquisition of control by Petrowest not to have subsection 256(9) of the Canadian Tax Act apply, with the result that the taxation year of the Corporation shall end immediately before the Closing Time.

(b) No Tax Returns shall be filed by any of the Shareholders between the date hereof and the Closing Date except with the prior written consent of Petrowest, which consent shall not be unreasonably withheld.

4.4 Adjustments, Allocation of Profits

(a) All profits earned by the Corporation after the Effective Time shall remain in the Corporation for the benefit of Petrowest and will increase the Working Capital or decrease the indebtedness of the Corporation and increase the retained earnings of the Corporation.

(b) In the event the retained earnings on the Closing Date (adjusted for the net after tax bonus payable in accordance with Section 4.4(d)) are less than the retained earnings on the Effective Time, as determined by the Auditors, the Shareholders shall indemnify Petrowest for the difference in accordance with Article 7.

(c) In the event the Working Capital on the Closing Date (adjusted for the net after tax bonus payable in accordance with Section 4.4(d), where applicable) is less than the amount provided for in the Financial Statements, as at May 31, 2006, as determined by the Auditors, the Shareholders shall indemnify Petrowest for the difference in accordance with Article 7; provided that Petrowest shall not seek any indemnity pursuant to this Section 4.4(c) in respect of reductions in Working Capital resulting from capital expenditures by the Corporation in the amount of $442,835 from June 1, 2006 to the Closing Date.

(d) Petrowest and the Shareholders agree that bonuses, consistent with the Corporation's past practice, will be declared by the Corporation payable to Ray Wardill and Patrick Garrett effective at or before December 31, 2006 in an amount, in aggregate, equal to the taxable profit of the Corporation for the period ended at December 31, 2006 as determined in accordance with GAAP (consistent with historical accounting policies of the Corporations and claiming the maximum capital cost allowance deductions), which bonus, net of any applicable withholdings, shall be paid to Ray Wardhill and Patrick Garrett before June 28, 2007. The Shareholders will provide the allocation of such bonus payment.

(e) Long Term Debt at the Closing Time shall not exceed $35,710. In the event Long Term Debt exceeds such amount, the Shareholders shall indemnify Petrowest for the difference in accordance with Article 7.

(f) In the event that the Closing occurs after April 30, 2007, Petrowest agrees to pay the Shareholders an amount equal to the cash distribution payable for the month of April on the number of Units delivered to the Shareholders hereunder.

(g) All Encumbrances, other than Permitted Encumbrances, must be extinguished and discharged no later than the Closing Time or the Shareholders shall deliver to Petrowest at the Closing Time a payout statement and confirmation that the Shareholders' Counsel has a release and discharge in respect of such Encumbrances in trust for release upon payment to the secured party. If any Encumbrances other than Permitted Encumbrances are remaining at the Closing Time, the Shareholders shall indemnify Petrowest for the amount thereof (as well as any prepayment interest and penalties and any other costs associated with the extinguishment and discharge) in accordance with Article 7.

(h) For greater certainty, the Corporation will be amalgamated with Petrowest and all assets of the Corporation at the Closing Time will become the property of Petrowest, whether or not listed on Schedule 2 or 3.

4.5 Restrictive Covenant

Petrowest and the Shareholders agree that $1.00 of the purchase price shall be allocated to the restrictive covenant in the agreements referred to in Section 5.1(c), which allocation shall be adjusted to the amount determined by the Auditors following completion of the audit of the purchase price. Petrowest and the Shareholders agree to jointly file the election required pursuant to Section 56.4(3)(c) of the Canadian Tax Act, within the time required by such act, for the adjusted amount as determined by the Auditors.

ARTICLE 7
INDEMNITIES

7.1 Shareholders Indemnity

After Closing but subject to Section 7.4, each of the Shareholders jointly and severally agrees to indemnify and save harmless each of Petrowest, the Trust and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly:

(i) as a consequence of or in connection with a breach of a representation or warranty made by any of the Shareholders or the Corporation in this Agreement or a breach by any of the Shareholders or the Corporation of any of the covenants made by any thereof in this Agreement; or

(ii) as a consequence of or in connection with any environmental matter relating to the Corporation or the Corporations Assets prior to the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person. The Parties agree that for the purposes of Section 7.1(i), in the case of any breach of representation or warranty of any of the Shareholders, the measure of Losses and Obligations in respect thereof will be, dollar for dollar, the difference in what would have been the position (financial and otherwise) of the Corporation had such representation been true or the warranty not breached and the actual position (financial and otherwise) of the Corporation (given such misrepresentation or breach of warranty).

7.2 Petrowest Indemnity

After Closing, Petrowest and the Trust agree to indemnify and save harmless each of the Shareholders and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly, as a consequence of or in connection with:

(i) a breach of a representation or warranty made by Petrowest or the Trust in this Agreement or a breach by Petrowest or the Trust of a covenant made by it in this Agreement; or

(ii) subject to the Shareholders' obligations in respect of the indemnity contained in Section 7.1, any matter or circumstance relating to Corporation Assets or the operation thereof which occurs after the Closing Time or which relates to the Corporation and occurs after the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person.

7.3 Tax Indemnity

(a) After Closing, the Shareholders shall be jointly and severally liable to and agree to indemnify and save harmless the Corporation (which in this Section 7.3 includes the Corporation's successors and assigns) in respect of all Losses and Obligations which the Corporation may suffer, sustain, pay or incur as a consequence of or in connection with any breach of any of the representations and warranties in Section 3.2(t) to (x) inclusive.

(b) Any person entitled to indemnification as herein set forth (the "**Indemnified Parties**") shall give prompt written notice to the Shareholders whenever it becomes aware that a Claim has been or may be made for which the Shareholders may be liable pursuant to this Section 7.3 (the "**Tax Indemnity**"). Unless the Shareholders notify the Indemnified Parties that it elects not to have carriage and control of a Claim the Shareholders shall, at their own expense and employing counsel of their own choice, have full carriage and control of the contestation of any such Claim, provided that if the Claim does not relate solely to matters to which the Tax Indemnity may apply, the Indemnified Parties shall, at its own expense and employing counsel of its own choice, have full carriage and control of the contestation of the portion of the Claims relating to matters to which the Tax Indemnity does not relate; and further provided that where the Shareholders have carriage and control of a Claim neither the Indemnified Parties nor the Corporation will agree to any compromise or settlement of such Claim to which the Tax Indemnity may apply without the consent of the Shareholders which will not be unreasonably withheld. Notwithstanding the foregoing, the Shareholders' right to have carriage and control of the contestation of any such Claim shall only apply and continue to apply after payment of the amount of such Claim or the provision of such security as is necessary to avoid a lien being placed on the property of the Corporation in respect of such Claim. Where the Shareholders have carriage and control of a Claim, if the Indemnified Parties do not consent to a settlement of a Claim to which the Tax Indemnity may apply following a request from the Shareholders to do so, the obligation of the Shareholders to indemnify the Indemnified Parties for the Claim shall be limited to the amount that the Shareholders would have been required to pay pursuant hereto in respect of the Claim if the settlement had been accepted and the Shareholders shall forthwith transfer carriage of the contestation of the Claim to the Indemnified Parties or its nominee. The Indemnified Parties, the Corporation and the Shareholders shall cooperate with each other and allow each other reasonable access to documents and records in any defence of any such Claims and shall keep each other reasonably informed of the conduct thereof. If the Shareholders elect not to have carriage and control of the contestation of the Claim, the Indemnified Parties and the Corporation shall be under no obligation to contest, settle or compromise the Claim and such failure to contest, settle or compromise the Claim shall not prejudice its rights pursuant to this Indemnity.

(c) The Parties undertake to inform each other of any audit inquiries with respect to issues to which the Tax Indemnity may apply and to cooperate with each other in

making any representations prior to any assessment to which those indemnities may apply.

(d) The amounts payable in respect of the Tax Indemnity shall constitute and be treated by the parties as an adjustment to the purchase price.

7.4 Limitations on Indemnities

(a) No Claim for performance of an indemnity or in respect of a breach of any covenant, representation or warranty made in this Agreement (other than pursuant to Section 7.3) shall be made or be enforceable, whether by legal proceedings or otherwise, unless written notice of such Claim is given by the party seeking redress to the party or parties from whom redress is sought on or before: (i) in respect of a breach of Section 3.2(kk), the expiry of the statutory period in which a Claim, assessment or reassessment may be brought or effected against the Corporation in respect thereof; (ii) in respect of a breach of any of Section 3.2(t) to (x), the expiry of ninety days after the relevant Governmental Authorities shall no longer be entitled to assess liability for tax against the Corporation for any particular taxation year ended on or prior to the Closing Date, having regard without limitation, to any waivers given by the Shareholders of the Corporation in respect of any taxation year; and (iii) otherwise, the expiry of eighteen months from the Closing Date;

(b) The maximum cumulative liability of the Shareholders in respect of indemnities and breaches of the representations, warranties and covenants made by the Shareholders in this Agreement (other than pursuant to Section 7.3) shall not exceed the purchase price;

(c) Except as otherwise set out herein, the parties' sole remedy for a misrepresentation or breach of a warranty or other agreement contained in this Agreement is limited to the indemnities contained in Article 7 and is limited by the provisions of this Section 7.4;

(d) Notwithstanding anything to the contrary set forth in this Agreement, the Shareholder shall have no liability to Petrowest for any specific matter or claim for which Petrowest has received an adjustment to the purchase price to the extent of such adjustment;

(e) Petrowest shall not be entitled to make a Claim against the Shareholders for indemnity pursuant to this Agreement unless and until the aggregate amount of all Losses and Obligations with respect to all Claims asserted by Petrowest under this Agreement (other than pursuant to Section 7.3) exceeds 1% of the purchase price. Once such minimum threshold in Losses and Obligations has been sustained by Petrowest, the entirety of all Losses and Obligations sustained by Petrowest shall be compensable under this Section 7.4, subject to the other provisions of this Section. Claims pursuant to Section 7.3 shall not be included in claims for the purposes of this Section 7.4(e);

(f) Petrowest's Losses hereunder shall be deemed reduced by the amount of any insurance proceeds and any tax benefits received by Petrowest with respect to such Losses; and

(g) Petrowest shall not be entitled to indemnity under both Section 7.3 and Section 7.1 for the same Loss.

7.5 Indemnification Procedure

(a) For purposes of this Section 7.5, the term "**Indemnifying Party**" when used in connection with a Claim shall mean the Person having an obligation to indemnify the other Party with respect to such Claim pursuant to this Agreement (other than under Section 7.3), and the term "**Indemnified Party**" when used in connection with a particular Claim shall mean the Person having the right to be indemnified with respect to such Claim by the other Party pursuant to this Agreement (other than under Section 7.3)

(b) To make claim for indemnification, an Indemnified Party shall notify the Indemnifying Party of its claim under this Section 7.5, including the specific details of and specific basis under this Agreement for its claim (the "**Claim Notice**"). In the event that the claim for indemnification is based upon a claim by a third party against the Indemnified Party (a "**Third Party Claim**"), the Indemnified Party shall provide its Claim Notice promptly after the Indemnified Party has actual knowledge of the Third Party Claim and shall enclose a copy of all papers (if any) served with respect to the Third Party Claim; provided that the failure of any Indemnified Party to give notice of a Third Party Claim as provided in this Section 7.5 shall not relieve the Indemnifying Party of its obligations under this Agreement except to the extent such failure results in insufficient time being available to permit the Indemnifying Party to effectively defend against the Third Party Claim or otherwise materially prejudices the Indemnifying Party's ability to defend against the Third Party Claim. In the event that the claim for indemnification is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) In the case of a claim for indemnification based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against such Third Party Claim at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Third Party Claim. The

Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate, at the cost and expense of the Indemnifying Party, in contesting any Third Party Claim which the Indemnifying Party elects to contest. The Indemnified Party may participate in, but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this Section 7.5(d). An Indemnifying Party shall not, without the written consent of the Indemnified Party, (i) settle any Third Party Claim or consent to the entry of any judgment with respect thereto which does not include an unconditional written release of the Indemnified Party from all liability in respect of such Third Party Claim or (ii) settle any Third Party Claim or consent to the entry of any judgment with respect thereto in any manner that may materially and adversely affect the Indemnified Party (other than as a result of money damages covered by the indemnity).

(e) If the Indemnifying Party does not admit its liability or admits its liability but fails to diligently prosecute or settle the Third Party Claim, then the Indemnified Party shall have the right to defend against the Third Party Claim at the sole cost and expense of the Indemnifying Party, with counsel of the Indemnified Party's choosing, subject to the right of the Indemnifying Party to admit its liability and assume the defense of the Third Party Claim at any time prior to settlement or final determination thereof. If the Indemnifying Party has not yet admitted its liability for a Third Party Claim, the Indemnified Party shall send written notice to the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for 10 days following receipt of such notice to (i) admit in writing its liability for the Third Party Claim and (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement.

(f) In the case of a claim for indemnification not based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to (i) cure the Losses and Obligations complained of; (ii) admit its liability for such Losses or (iii) dispute the claim for such Losses and Obligations. If the Indemnifying Party does not notify the Indemnified Party within such 30-day period that it has cured the Losses and Obligations or that it disputes the claim for such Losses and Obligations, the amount of such Losses and Obligations shall conclusively be deemed a liability of the Indemnifying Party hereunder.

7.6 Materiality

For the purposes of calculating Losses and Obligations in conjunction with any breach of a representation, warranty or covenant pursuant to Sections 7.1, 7.2 or 7.3, any standard or threshold of materiality relating to such breached representation, warranty or covenant shall be ignored.

ARTICLE 8
TERMINATION

8.1 Termination

If this Agreement is terminated prior to the Closing occurring pursuant to Section 5.1, Section 5.2 or Section 5.3, the Parties shall be released from all obligations under this Agreement except the Confidentiality and Non-disclosure Agreement shall remain in full force and effect in accordance with its terms, and each Party shall remain liable for breaches by it of this Agreement occurring prior to such termination. Subject to the foregoing provisions of this Section, following such termination, each Party shall be responsible for the costs and expenses incurred by it in connection with this Agreement and the transactions contemplated hereby.

8.2 Survival

Subject to the limitations and provisions set forth in this Agreement, notwithstanding the occurrence of Closing and the items delivered at Closing pursuant hereto, the representations, warranties, covenants and indemnities contained in this Agreement shall survive the Closing and the delivery of the items delivered at Closing pursuant hereto for the benefit of the Parties in accordance with terms hereof. Notwithstanding any other provision of this Agreement, no limitation in respect of the survival of any provision of this Agreement or the period in respect of which any Claims or other recourse may be made shall apply insofar as the breach of the provision or the matter in respect of which recourse is sought involves fraud on the part of the Party or Parties against whom the provision is sought to be enforced or from whom such recourse is sought. If any document executed at or after Closing, pursuant hereto is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall prevail unless the Parties expressly and explicitly agree to the contrary.

ARTICLE 9
ARBITRATION

9.1 Procedure

Any controversy submitted to arbitration pursuant to this Agreement shall be subject to the following principles:

(a) Upon written demand of a Party, representatives of the Parties shall meet and attempt to appoint a single arbitrator. If such representatives are unable to agree on a single arbitrator within five (5) days of such demand, then upon written demand by any Party, any Shareholder and Petrowest shall, within ten (10) days of such demand, each name an arbitrator and the two arbitrators so named shall promptly thereafter choose a third. If a Party shall fail to name an arbitrator within ten (10) days from such demand, then the arbitrator for that Party shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon application by the other Party. If the two arbitrators shall fail within ten (10) days from their appointment to agree upon and appoint the third arbitrator, then such

third arbitrator shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon request of either Party.

(b) The arbitrator or arbitrators selected to act hereunder shall be qualified by education, experience and training to pass upon the particular question in dispute.

(c) The arbitrator or arbitrators chosen as aforesaid shall proceed immediately to hear and determine the question or questions in dispute. The decision of the single arbitrator shall be made within forty-five (45) days after his or her appointment, subject to any reasonable delay due to unforeseen circumstances. Where there are three arbitrators, the decision of the arbitrators, or a majority of them, shall be made within forty-five (45) days after the appointment of the third arbitrator, subject to any reasonable delay due to unforeseen circumstances. In the event the single arbitrator or the arbitrators, or a majority of them, fail to make a decision within the period herein prescribed, then either Party may elect to have a new single arbitrator or arbitrators chosen in the manner herein prescribed, as if none had previously been selected.

(d) The decision of the single arbitrator or the decision of the arbitrators, or a majority of them, shall be drawn up in writing and signed by the single arbitrator or by the arbitrators, or a majority of them, and shall be final and binding upon the parties hereto.

(e) The liability between the Parties hereto for the payment of the compensation and expenses of the single arbitrator or the arbitrators shall be determined by the arbitrator or arbitrators, as the case may be.

(f) Arbitration pursuant hereto shall be governed in all respects not addressed herein by the provisions of the *Arbitration Act* (Alberta) and regulations thereunder.

ARTICLE 7
INDEMNITIES

7.1 Shareholders Indemnity

After Closing but subject to Section 7.4, each of the Shareholders jointly and severally agrees to indemnify and save harmless each of Petrowest, the Trust and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly:

(i) as a consequence of or in connection with a breach of a representation or warranty made by any of the Shareholders or the Corporation in this Agreement or a breach by any of the Shareholders or the Corporation of any of the covenants made by any thereof in this Agreement; or

(ii) as a consequence of or in connection with any environmental matter relating to the Corporation or the Corporations Assets prior to the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person. The Parties agree that for the purposes of Section 7.1(i), in the case of any breach of representation or warranty of any of the Shareholders, the measure of Losses and Obligations in respect thereof will be, dollar for dollar, the difference in what would have been the position (financial and otherwise) of the Corporation had such representation been true or the warranty not breached and the actual position (financial and otherwise) of the Corporation (given such misrepresentation or breach of warranty).

7.2 Petrowest Indemnity

After Closing, Petrowest and the Trust agree to indemnify and save harmless each of the Shareholders and their Affiliates from and against all Losses and Obligations which they suffer, sustain, pay or incur, directly or indirectly, as a consequence of or in connection with:

(i) a breach of a representation or warranty made by Petrowest or the Trust in this Agreement or a breach by Petrowest or the Trust of a covenant made by it in this Agreement; or

(ii) subject to the Shareholders' obligations in respect of the indemnity contained in Section 7.1, any matter or circumstance relating to Corporation Assets or the operation thereof which occurs after the Closing Time or which relates to the Corporation and occurs after the Closing Time;

except any such Losses and Obligations as have been caused by or result from the gross negligence or wilful misconduct of any such indemnified person.

7.3 Tax Indemnity

(a) After Closing, the Shareholders shall be jointly and severally liable to and agree to indemnify and save harmless the Corporation (which in this Section 7.3 includes the Corporation's successors and assigns) in respect of all Losses and Obligations which the Corporation may suffer, sustain, pay or incur as a consequence of or in connection with any breach of any of the representations and warranties in Section 3.2(t) to (x) inclusive.

(b) Any person entitled to indemnification as herein set forth (the "**Indemnified Parties**") shall give prompt written notice to the Shareholders whenever it becomes aware that a Claim has been or may be made for which the Shareholders may be liable pursuant to this Section 7.3 (the "**Tax Indemnity**"). Unless the Shareholders notify the Indemnified Parties that it elects not to have carriage and control of a Claim the Shareholders shall, at their own expense and employing counsel of their own choice, have full carriage and control of the contestation of any such Claim, provided that if the Claim does not relate solely to matters to which the Tax Indemnity may apply, the Indemnified Parties shall, at its own expense and employing counsel of its own choice, have full carriage and control of the contestation of the portion of the Claims relating to matters to which the Tax Indemnity does not relate; and further provided that where the Shareholders have carriage and control of a Claim neither the Indemnified Parties nor the Corporation will agree to any compromise or settlement of such Claim to which the Tax Indemnity may apply without the consent of the Shareholders which will not be unreasonably withheld. Notwithstanding the foregoing, the Shareholders' right to have carriage and control of the contestation of any such Claim shall only apply and continue to apply after payment of the amount of such Claim or the provision of such security as is necessary to avoid a lien being placed on the property of the Corporation in respect of such Claim. Where the Shareholders have carriage and control of a Claim, if the Indemnified Parties do not consent to a settlement of a Claim to which the Tax Indemnity may apply following a request from the Shareholders to do so, the obligation of the Shareholders to indemnify the Indemnified Parties for the Claim shall be limited to the amount that the Shareholders would have been required to pay pursuant hereto in respect of the Claim if the settlement had been accepted and the Shareholders shall forthwith transfer carriage of the contestation of the Claim to the Indemnified Parties or its nominee. The Indemnified Parties, the Corporation and the Shareholders shall cooperate with each other and allow each other reasonable access to documents and records in any defence of any such Claims and shall keep each other reasonably informed of the conduct thereof. If the Shareholders elect not to have carriage and control of the contestation of the Claim, the Indemnified Parties and the Corporation shall be under no obligation to contest, settle or compromise the Claim and such failure to contest, settle or compromise the Claim shall not prejudice its rights pursuant to this Indemnity.

(c) The Parties undertake to inform each other of any audit inquiries with respect to issues to which the Tax Indemnity may apply and to cooperate with each other in

making any representations prior to any assessment to which those indemnities may apply.

(d) The amounts payable in respect of the Tax Indemnity shall constitute and be treated by the parties as an adjustment to the purchase price.

7.4 Limitations on Indemnities

(a) No Claim for performance of an indemnity or in respect of a breach of any covenant, representation or warranty made in this Agreement (other than pursuant to Section 7.3) shall be made or be enforceable, whether by legal proceedings or otherwise, unless written notice of such Claim is given by the party seeking redress to the party or parties from whom redress is sought on or before: (i) in respect of a breach of Section 3.2(kk), the expiry of the statutory period in which a Claim, assessment or reassessment may be brought or effected against the Corporation in respect thereof; (ii) in respect of a breach of any of Section 3.2(t) to (x), the expiry of ninety days after the relevant Governmental Authorities shall no longer be entitled to assess liability for tax against the Corporation for any particular taxation year ended on or prior to the Closing Date, having regard without limitation, to any waivers given by the Shareholders of the Corporation in respect of any taxation year; and (iii) otherwise, the expiry of eighteen months from the Closing Date;

(b) The maximum cumulative liability of the Shareholders in respect of indemnities and breaches of the representations, warranties and covenants made by the Shareholders in this Agreement (other than pursuant to Section 7.3) shall not exceed the purchase price;

(c) Except as otherwise set out herein, the parties' sole remedy for a misrepresentation or breach of a warranty or other agreement contained in this Agreement is limited to the indemnities contained in Article 7 and is limited by the provisions of this Section 7.4;

(d) Notwithstanding anything to the contrary set forth in this Agreement, the Shareholder shall have no liability to Petrowest for any specific matter or claim for which Petrowest has received an adjustment to the purchase price to the extent of such adjustment;

(e) Petrowest shall not be entitled to make a Claim against the Shareholders for indemnity pursuant to this Agreement unless and until the aggregate amount of all Losses and Obligations with respect to all Claims asserted by Petrowest under this Agreement (other than pursuant to Section 7.3) exceeds 1% of the purchase price. Once such minimum threshold in Losses and Obligations has been sustained by Petrowest, the entirety of all Losses and Obligations sustained by Petrowest shall be compensable under this Section 7.4, subject to the other provisions of this Section. Claims pursuant to Section 7.3 shall not be included in claims for the purposes of this Section 7.4(e);

(f) Petrowest's Losses hereunder shall be deemed reduced by the amount of any insurance proceeds and any tax benefits received by Petrowest with respect to such Losses; and

(g) Petrowest shall not be entitled to indemnity under both Section 7.3 and Section 7.1 for the same Loss.

7.5 Indemnification Procedure

(a) For purposes of this Section 7.5, the term "**Indemnifying Party**" when used in connection with a Claim shall mean the Person having an obligation to indemnify the other Party with respect to such Claim pursuant to this Agreement (other than under Section 7.3), and the term "**Indemnified Party**" when used in connection with a particular Claim shall mean the Person having the right to be indemnified with respect to such Claim by the other Party pursuant to this Agreement (other than under Section 7.3)

(b) To make claim for indemnification, an Indemnified Party shall notify the Indemnifying Party of its claim under this Section 7.5, including the specific details of and specific basis under this Agreement for its claim (the "**Claim Notice**"). In the event that the claim for indemnification is based upon a claim by a third party against the Indemnified Party (a "**Third Party Claim**"), the Indemnified Party shall provide its Claim Notice promptly after the Indemnified Party has actual knowledge of the Third Party Claim and shall enclose a copy of all papers (if any) served with respect to the Third Party Claim; provided that the failure of any Indemnified Party to give notice of a Third Party Claim as provided in this Section 7.5 shall not relieve the Indemnifying Party of its obligations under this Agreement except to the extent such failure results in insufficient time being available to permit the Indemnifying Party to effectively defend against the Third Party Claim or otherwise materially prejudices the Indemnifying Party's ability to defend against the Third Party Claim. In the event that the claim for indemnification is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) In the case of a claim for indemnification based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against such Third Party Claim at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Third Party Claim. The

Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate, at the cost and expense of the Indemnifying Party, in contesting any Third Party Claim which the Indemnifying Party elects to contest. The Indemnified Party may participate in, but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this Section 7.5(d). An Indemnifying Party shall not, without the written consent of the Indemnified Party, (i) settle any Third Party Claim or consent to the entry of any judgment with respect thereto which does not include an unconditional written release of the Indemnified Party from all liability in respect of such Third Party Claim or (ii) settle any Third Party Claim or consent to the entry of any judgment with respect thereto in any manner that may materially and adversely affect the Indemnified Party (other than as a result of money damages covered by the indemnity).

(e) If the Indemnifying Party does not admit its liability or admits its liability but fails to diligently prosecute or settle the Third Party Claim, then the Indemnified Party shall have the right to defend against the Third Party Claim at the sole cost and expense of the Indemnifying Party, with counsel of the Indemnified Party's choosing, subject to the right of the Indemnifying Party to admit its liability and assume the defense of the Third Party Claim at any time prior to settlement or final determination thereof. If the Indemnifying Party has not yet admitted its liability for a Third Party Claim, the Indemnified Party shall send written notice to the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for 10 days following receipt of such notice to (i) admit in writing its liability for the Third Party Claim and (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement.

(f) In the case of a claim for indemnification not based upon a Third Party Claim, the Indemnifying Party shall have 30 days from its receipt of the Claim Notice to (i) cure the Losses and Obligations complained of; (ii) admit its liability for such Losses or (iii) dispute the claim for such Losses and Obligations. If the Indemnifying Party does not notify the Indemnified Party within such 30-day period that it has cured the Losses and Obligations or that it disputes the claim for such Losses and Obligations, the amount of such Losses and Obligations shall conclusively be deemed a liability of the Indemnifying Party hereunder.

7.6 Materiality

For the purposes of calculating Losses and Obligations in conjunction with any breach of a representation, warranty or covenant pursuant to Sections 7.1, 7.2 or 7.3, any standard or threshold of materiality relating to such breached representation, warranty or covenant shall be ignored.

ARTICLE 8
TERMINATION

8.1 Termination

If this Agreement is terminated prior to the Closing occurring pursuant to Section 5.1, Section 5.2 or Section 5.3, the Parties shall be released from all obligations under this Agreement except the Confidentiality and Non-disclosure Agreement shall remain in full force and effect in accordance with its terms, and each Party shall remain liable for breaches by it of this Agreement occurring prior to such termination. Subject to the foregoing provisions of this Section, following such termination, each Party shall be responsible for the costs and expenses incurred by it in connection with this Agreement and the transactions contemplated hereby.

8.2 Survival

Subject to the limitations and provisions set forth in this Agreement, notwithstanding the occurrence of Closing and the items delivered at Closing pursuant hereto, the representations, warranties, covenants and indemnities contained in this Agreement shall survive the Closing and the delivery of the items delivered at Closing pursuant hereto for the benefit of the Parties in accordance with terms hereof. Notwithstanding any other provision of this Agreement, no limitation in respect of the survival of any provision of this Agreement or the period in respect of which any Claims or other recourse may be made shall apply insofar as the breach of the provision or the matter in respect of which recourse is sought involves fraud on the part of the Party or Parties against whom the provision is sought to be enforced or from whom such recourse is sought. If any document executed at or after Closing, pursuant hereto is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall prevail unless the Parties expressly and explicitly agree to the contrary.

ARTICLE 9
ARBITRATION

9.1 Procedure

Any controversy submitted to arbitration pursuant to this Agreement shall be subject to the following principles:

(a) Upon written demand of a Party, representatives of the Parties shall meet and attempt to appoint a single arbitrator. If such representatives are unable to agree on a single arbitrator within five (5) days of such demand, then upon written demand by any Party, any Shareholder and Petrowest shall, within ten (10) days of such demand, each name an arbitrator and the two arbitrators so named shall promptly thereafter choose a third. If a Party shall fail to name an arbitrator within ten (10) days from such demand, then the arbitrator for that Party shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon application by the other Party. If the two arbitrators shall fail within ten (10) days from their appointment to agree upon and appoint the third arbitrator, then such

third arbitrator shall be appointed by any Justice of the Court of Queen's Bench of Alberta upon request of either Party.

(b) The arbitrator or arbitrators selected to act hereunder shall be qualified by education, experience and training to pass upon the particular question in dispute.

(c) The arbitrator or arbitrators chosen as aforesaid shall proceed immediately to hear and determine the question or questions in dispute. The decision of the single arbitrator shall be made within forty-five (45) days after his or her appointment, subject to any reasonable delay due to unforeseen circumstances. Where there are three arbitrators, the decision of the arbitrators, or a majority of them, shall be made within forty-five (45) days after the appointment of the third arbitrator, subject to any reasonable delay due to unforeseen circumstances. In the event the single arbitrator or the arbitrators, or a majority of them, fail to make a decision within the period herein prescribed, then either Party may elect to have a new single arbitrator or arbitrators chosen in the manner herein prescribed, as if none had previously been selected.

(d) The decision of the single arbitrator or the decision of the arbitrators, or a majority of them, shall be drawn up in writing and signed by the single arbitrator or by the arbitrators, or a majority of them, and shall be final and binding upon the parties hereto.

(e) The liability between the Parties hereto for the payment of the compensation and expenses of the single arbitrator or the arbitrators shall be determined by the arbitrator or arbitrators, as the case may be.

(f) Arbitration pursuant hereto shall be governed in all respects not addressed herein by the provisions of the *Arbitration Act* (Alberta) and regulations thereunder.

A Unit Certificate may be delivered to a Partner entitled thereto by being mailed by prepaid post addressed to the address of such Partners shown in the Register (or in the case of a Unit Certificate in the name of one or more persons, to the person whose name first appears on the Unit Certificate), and none of the Partnership, the General Partner nor the Registrar and Transfer Agent shall be liable for any loss occasioned to any Partner by reason that the Unit Certificate so posted is lost or stolen from the mails or is not delivered.

ARTICLE X
RESTRICTIONS ON TRANSFER

10.1 Transfer of Interest of General Partner

Except as otherwise provided herein, the General Partner may not sell, assign, transfer or otherwise dispose of its interest in the Partnership as general partner, other than to an Affiliate, without the prior approval of the Limited Partners given by Extraordinary Resolution. Any transfer requiring approval as provided herein that is transferred without such approval will not relieve such General Partner of the obligations of such General Partner set forth in this Agreement. Any transferee acquiring the approval required by the terms of this Agreement shall assume the obligations of the General Partner and any restrictions relating to transfers of interests or securities of the General Partner shall apply, with appropriate modifications, to such new General Partner.

10.2 Transfer of Units by Limited Partner

(a) At no time may Units or the beneficial ownership therein be transferred to non-residents of Canada (within the meaning of the Tax Act) or to a partnership that is not a "Canadian partnership" (within the meaning of the Tax Act) and such transfer shall be null and void and the transferor thereof shall be deemed, for all purposes, to be the registered and beneficial holder thereof. Subject to the foregoing, the General Partner shall have the right, in its sole and absolute discretion, to refuse any transfer of Units in whole or in part.

(b) A transferee of Units shall not be recognized as a Partner until such time as a Notice to Amend the Certificate is filed with the Registrar which shall, in any event, be no later than the last day of the calendar month following the month in which such transfer is effected and, upon such date, such transferee will automatically become bound and subject to this Agreement without execution of any further instrument, and, without limiting the generality of the foregoing, such transferee shall be deemed to make all of the representations and warranties, covenants and acknowledgements of a Partner pursuant to this Agreement and to grant the power of attorney provided for in Section 18.1 hereof.

(c) In the case of a transfer of less than all of the Units represented by a Unit Certificate (if a Unit Certificate has been issued), a new replacement Unit Certificate for the balance of the Units retained by the transferor also shall be issued.

(d) Neither the General Partner nor the Registrar and Transfer Agent, if any, shall be bound to see to the execution of any trust, express, implied or constructive, or of any charge, pledge or equity to which any of the Units or any interests therein are subject, to ascertain or inquire whether any sale or transfer of any such Units or interest therein by a Partner

or his personal representatives is authorized by such trust, charge, pledge or equity or to recognize any person having any interest therein except for the person recorded as such Partner. No transfer shall relieve the transferor from any obligations to the Partnership incurred prior to the transfer becoming effective. Any transfer of Units made in accordance with the provisions hereof shall be made without charge.

(e) Where a person becomes entitled to a Unit on the incapacity, death or bankruptcy of a Partner, or otherwise by operation of law, in addition to the requirements of Section 10.2 hereof, such entitlement will not be recognized or entered in the register evidencing ownership of the Units until that Person:

(i) has produced evidence satisfactory to the General Partner of such entitlement;

(ii) has acknowledged in writing that he is not a non-resident of Canada (within the meaning of the Tax Act) or, if a partnership, is a "Canadian Partnership" (within the meaning of the Tax Act); and

(iii) has acknowledged in writing that he is bound by the terms of this Agreement.

(f) A Partner may mortgage, pledge or hypothecate a Unit which has been fully paid for as security for a loan to or an obligation of such Partner; however, the General Partner is not obliged to recognize or acknowledge any such mortgage, pledge or hypothecation, and until and unless a Unit is transferred in accordance with this Article 10, only the registered holder of the Unit shall be recognized by the General Partner and all distributions shall be made to such registered holder.

10.3 Ongoing Obligation of Partner

No transfer of a Unit shall relieve the Partner of any obligation that has accrued or was incurred prior to the effective date of such transfer.

10.4 Assignees Who Are Not Substituted Partners

An assignee of a Unit or a person who has become entitled to a Unit by operation of law who has not complied with the provisions of this Agreement has no right to access or be provided with any information with respect to the Partnership Business and has only the rights accorded to such assignees pursuant to the Partnership Act.

12.2 Events of Dissolution

Upon dissolution of the Partnership, the liquidating trustee (which will be the General Partner unless the General Partner is unable or unwilling to act, in which event the liquidating trustee shall be a General Partner or such other Person as may be selected by Ordinary Resolution) shall proceed diligently to wind up the affairs of the Partnership and distribute the assets of the Partnership in accordance with Section 12.4. Subject to Section 12.4, the liquidating trustee may manage, control and operate the business and affairs of the Partnership with all of the power and authority of the General Partner. The liquidating trustee shall be paid its reasonable fees and disbursements in carrying out its duties as such. Allocations and distributions shall continue to be made during the period of liquidation in the same manner as before dissolution. The liquidating trustee shall have full right and unlimited discretion to determine the time, manner and terms of any sale or sales of Partnership assets pursuant to such liquidation, having due regard to the activity and condition of the relevant market and general financial and economic conditions.

12.4 Distribution of Assets

The liquidating trustee shall settle the Partnership accounts as expeditiously as possible and, in the following order, shall:

(a) sell and liquidate sufficient assets of the Partnership to pay the liabilities of the Partnership (including any amounts payable to the General Partner);

(b) place in escrow a cash reserve fund for contingent liabilities, in an amount determined by the liquidating trustee to be appropriate for such reserve fund, to be held for such period as the liquidating trustee regards as reasonable and then to be distributed pursuant to this Section 12.4;

(c) distribute the remaining property and assets to the Partners in the manner contemplated in Sections 4.2(b), 4.3(c) and 4.4(c).

12.5 Type of Distributions

Distributions of assets and payments by the liquidating trustee on dissolution of the Partnership may be satisfied either by the liquidating trustee selling the assets of the Partnership and distributing the proceeds thereof, or by the liquidating trustee distributing assets of the Partnership *in specie* for the fair market value thereof.

12.6 Reports

Within a reasonable time following the completion of the liquidation of the Partnership's assets, the liquidating trustee shall forward or cause to be forwarded to each of the Partners a statement, with respect to the assets and liabilities of the Partnership as of the date of the completion of the liquidation, and each Partner's share of the distributions pursuant to Section 12.4.

12.7 No Other Right

Except as provided herein, no Limited Partner shall have the right to ask for the dissolution of the Partnership, for the winding-up of its affairs or for the distribution of its assets. No Partner shall have any right to demand or receive property, other than cash, upon dissolution of the Partnership.

12.8 Final Filing

Upon completion of the liquidation of the Partnership and the distribution of all Partnership assets, the Partnership shall terminate and the liquidating trustee shall execute and record a declaration of dissolution as well as any other documents required to affect the dissolution and termination of the Partnership.

Except as otherwise specified in this Agreement, on any question submitted to a meeting, each Limited Partner shall be entitled to one vote for each Unit held and questions shall be decided by Ordinary Resolution. The General Partner shall not be entitled to any voting rights at any meeting of the Limited Partners in their capacity as General Partner.

7.1 Reimbursement and Borrowing Costs

The General Partner is entitled to reimbursement by the Partnership of any advance by the General Partner to the Partnership on account of Partnership costs and expenses, together with interest thereon at the rate of interest and expense relative thereto at which such amounts are borrowed by the General Partner from its bankers, but such interest and expenses shall not exceed that which the Partnership could obtain from recognized financial establishments with respect to similar borrowings.

ARTICLE VIII
LIABILITY OF PARTNERS

8.1 Liability of General Partner

The General Partner has unlimited liability for the debts, liabilities and obligations of the Partnership.

8.2 Liability of Limited Partners

Subject to applicable laws, the liability of each Limited Partner for the debts, liabilities and obligations of the Partnership shall be limited to the aggregate of the amount of such Limited Partner's Capital Contribution, any additional amount the Limited Partner has agreed to contribute to the capital of the Partnership and such Limited Partner's share of the undistributed assets of the Partnership. A Limited Partner shall have no further liability for such debts, liabilities or obligations and shall not be liable for any further calls, assessments or contributions to the Partnership.

8.3 Prohibition From Participation in Management

No Limited Partner, in that capacity, shall take part in the management or control of the Partnership Business or transact any business for the Partnership nor may any Limited Partner, as such, have the power to sign for or bind the Partnership.

8.4 Maintenance of Limited Liability

The Partnership and the General Partner shall, to the greatest extent possible, endeavour to maintain the limited liability of the Limited Partners under applicable laws of the jurisdictions in which the Partnership carries on or is deemed to carry on business.

8.5 Negligent Acts

Each Partner shall be liable while it is a Partner or after it has ceased to be a Partner for any grossly negligent acts or omissions committed by it or those Persons directly under its control while it is or was a Partner of the Limited Partnership.

8.6 Admission of Negligent Acts

Each Partner covenants that it will not admit to having committed any negligent act or omission in the performance of its duties as a Partner nor settle or compromise any action brought against it with respect to such negligent act or omission without the prior written consent of the other Partners or its insurers.

8.7 General Partner Indemnity

The General Partner shall indemnify and hold harmless each Limited Partner (including former Limited Partners) from and against any and all actions, causes of action, claims, demands, liabilities, losses, damages, costs, judgments, fines, settlements, charges and expenses (including, without limitation, any legal fees and expenses on a full indemnity basis) which such Limited Partner may suffer, incur or be liable for, as a result of a loss of limited liability, other than a loss of limited liability caused by any act or omission of such Limited Partner or as contemplated by Section 8.3, provided that the foregoing indemnification shall be restricted, in respect of each Limited Partner, to the amount in excess of the aggregate of the amounts referred to in Section 8.2. The General Partner shall indemnify and hold harmless the Partnership from and against all costs incurred and damages suffered by the Partnership as a result of error, gross negligence or wilful misconduct by the General Partner or as a result of any act or omission by the General Partner not reasonably believed in good faith to be within the scope of authority conferred by this Agreement.

8.8 Partnership Indemnity of General Partner Directors and Officers

The Partnership agrees to and shall indemnify and hold harmless the directors and officers of the General Partner from and against any and all actions, causes of action, claims, demands, liabilities, losses, damages, costs, judgments, fines, settlements, charges and expenses (including, without limitation, any legal fees and expenses on a full indemnity basis) which they may suffer, incur or be liable for, as a result of, arising out of, relating to or connected with such director or officer acting as a director, officer or other representative on behalf of the Partnership, provided that such liabilities, losses, damages, costs, charges or expenses are not a result of the fraud, dishonesty, wilful neglect, wilful default, negligence, breach of trust or breach of duty of the General Partner.

8.9 Acknowledgment of Potential Loss of Limited Liability

The Limited Partners acknowledge that there is a possibility that Limited Partners may lose their limited liability to the extent that the principles of Canadian law recognizing the limitation of liability of Limited Partners have not been authoritatively established with respect to limited partnerships formed under the laws of one province but operating, owning property, or incurring obligations in another province.

ARTICLE IX
UNIT CERTIFICATES

9.1 Unit Certificate

The General Partner shall deliver to each Partner a Unit Certificate in such form as may be approved from time to time by the General Partner specifying the number of Units held by such Partner. Each Unit Certificate shall be signed manually by the General Partner or at least one officer or director of the General Partner, if applicable, or by or on behalf of the Registrar and Transfer Agent and any additional signatures may be printed or otherwise mechanically reproduced and, in such event, a Unit Certificate is as valid as if signed manually, notwithstanding that any person whose signature is so printed or mechanically reproduced shall have ceased to hold the office that such officer or director is stated on the Unit Certificate to hold. A Unit Certificate may be delivered to a Partner entitled thereto by being mailed by prepaid post addressed to the address of such Partners shown in the Register (or in the case of a Unit Certificate in the name of one or more persons, to the person whose name first appears on the Unit Certificate), and none of the Partnership, the General Partner nor the Registrar and Transfer Agent shall be liable for any loss occasioned to any Partner by reason that the Unit Certificate so posted is lost or stolen from the mails or is not delivered.

9.2 Lost Unit Certificate

Where a Partner claims that a Unit Certificate representing a Unit recorded in the name of such Partner has been defaced or apparently lost, destroyed or wrongly taken, the General Partner shall cause a new Unit Certificate to be issued in substitution for such Unit Certificate provided that such Partner:

(a) files with the General Partner or Registrar and Transfer Agent a form of proof of loss and, if required by the General Partner, an indemnity bond in a form and in an amount satisfactory to the General Partner to indemnify and hold harmless each of the Partnership, General Partner and Registrar and Transfer Agent from any costs, damages, liabilities or expenses suffered or incurred as a result of or arising out of issuing such new Unit Certificate; and

(b) satisfies such other requirements as are reasonably imposed by the General Partner or Registrar and Transfer Agent.

9.3 Registered Holders of Units

Where a Unit is subscribed for by or assigned to two or more persons, or a Unit Certificate is in the name of two or more persons:

(a) the name of each person shall be shown on the Unit Certificate in respect of the Unit;

(b) the Unit shall be presumed by the Partnership to be held jointly;

(c) the Unit Certificate shall be delivered to the person whose name appears first on the Register in respect of the Unit;

(d) amounts distributed by the Partnership in respect of the Unit may be sent to the person whose name appears first on the Register in respect of the Unit or to such one of them as the joint holders direct in writing, and any one of such persons may give effectual

receipts for any monies or assets distributed in respect of the Unit with the other of such persons having no further recourse against the Partnership; and

(e) any one of such persons may vote in respect of the Unit as if that person were solely entitled thereto, but if more than one of such persons is present or is represented at a meeting, the person whose name appears first on the Register in respect of the Unit shall alone be entitled to vote in respect thereof.

ARTICLE X
RESTRICTIONS ON TRANSFER

10.1 Transfer of Interest of General Partner

Except as otherwise provided herein, the General Partner may not sell, assign, transfer or otherwise dispose of its interest in the Partnership as general partner, other than to an Affiliate, without the prior approval of the Limited Partners given by Extraordinary Resolution. Any transfer requiring approval as provided herein that is transferred without such approval will not relieve such General Partner of the obligations of such General Partner set forth in this Agreement. Any transferee acquiring the approval required by the terms of this Agreement shall assume the obligations of the General Partner and any restrictions relating to transfers of interests or securities of the General Partner shall apply, with appropriate modifications, to such new General Partner.

10.2 Transfer of Units by Limited Partner

(a) At no time may Units or the beneficial ownership therein be transferred to non-residents of Canada (within the meaning of the Tax Act) or to a partnership that is not a "Canadian partnership" (within the meaning of the Tax Act) and such transfer shall be null and void and the transferor thereof shall be deemed, for all purposes, to be the registered and beneficial holder thereof. Subject to the foregoing, the General Partner shall have the right, in its sole and absolute discretion, to refuse any transfer of Units in whole or in part.

(b) A transferee of Units shall not be recognized as a Partner until such time as a Notice to Amend the Certificate is filed with the Registrar which shall, in any event, be no later than the last day of the calendar month following the month in which such transfer is effected and, upon such date, such transferee will automatically become bound and subject to this Agreement without execution of any further instrument, and, without limiting the generality of the foregoing, such transferee shall be deemed to make all of the representations and warranties, covenants and acknowledgements of a Partner pursuant to this Agreement and to grant the power of attorney provided for in Section 18.1 hereof.

(c) In the case of a transfer of less than all of the Units represented by a Unit Certificate (if a Unit Certificate has been issued), a new replacement Unit Certificate for the balance of the Units retained by the transferor also shall be issued.

(d) Neither the General Partner nor the Registrar and Transfer Agent, if any, shall be bound to see to the execution of any trust, express, implied or constructive, or of any charge, pledge or equity to which any of the Units or any interests therein are subject, to ascertain or inquire whether any sale or transfer of any such Units or interest therein by a Partner

or his personal representatives is authorized by such trust, charge, pledge or equity or to recognize any person having any interest therein except for the person recorded as such Partner. No transfer shall relieve the transferor from any obligations to the Partnership incurred prior to the transfer becoming effective. Any transfer of Units made in accordance with the provisions hereof shall be made without charge.

(e) Where a person becomes entitled to a Unit on the incapacity, death or bankruptcy of a Partner, or otherwise by operation of law, in addition to the requirements of Section 10.2 hereof, such entitlement will not be recognized or entered in the register evidencing ownership of the Units until that Person:

(i) has produced evidence satisfactory to the General Partner of such entitlement;

(ii) has acknowledged in writing that he is not a non-resident of Canada (within the meaning of the Tax Act) or, if a partnership, is a "Canadian Partnership" (within the meaning of the Tax Act); and

(iii) has acknowledged in writing that he is bound by the terms of this Agreement.

(f) A Partner may mortgage, pledge or hypothecate a Unit which has been fully paid for as security for a loan to or an obligation of such Partner; however, the General Partner is not obliged to recognize or acknowledge any such mortgage, pledge or hypothecation, and until and unless a Unit is transferred in accordance with this Article 10, only the registered holder of the Unit shall be recognized by the General Partner and all distributions shall be made to such registered holder.

10.3 Ongoing Obligation of Partner

No transfer of a Unit shall relieve the Partner of any obligation that has accrued or was incurred prior to the effective date of such transfer.

10.4 Assignees Who Are Not Substituted Partners

An assignee of a Unit or a person who has become entitled to a Unit by operation of law who has not complied with the provisions of this Agreement has no right to access or be provided with any information with respect to the Partnership Business and has only the rights accorded to such assignees pursuant to the Partnership Act.

ARTICLE XI
TERM

11.1 Term

The Partnership shall continue indefinitely unless terminated by the provisions of Article 12 hereof.

ARTICLE XII
DISSOLUTION AND TERMINATION

12.1 No Dissolution

Notwithstanding any rule of law to the contrary, the Partnership shall not be terminated and dissolved except in the manner provided in this Agreement. Without limiting the generality of the foregoing, other than as set out in Section 12.2, the Partnership shall not be terminated or dissolved by the admission of any new Partner or by the withdrawal, removal, retirement, death, mental incompetence, insolvency, bankruptcy, liquidation, dissolution, winding up or other disability of a Partner.

12.2 Events of Dissolution

The Partnership shall dissolve upon the occurrence of any of the following events:

(a) 120 days following the deemed resignation of the General Partner pursuant to Section 14.1 unless the Limited Partners have by Extraordinary Resolution appointed a new General Partner prior thereto;

(b) any event which makes it unlawful for the Partnership Business to be continued;

(c) the date that an Extraordinary Resolution of the Limited Partners, dissolving the Partnership becomes effective; or

(d) subject to Section 12.1, upon the occurrence of any event that under the laws of the Province of Alberta, causes the dissolution of a limited partnership.

12.3 Liquidating Trustee

Upon dissolution of the Partnership, the liquidating trustee (which will be the General Partner unless the General Partner is unable or unwilling to act, in which event the liquidating trustee shall be a General Partner or such other Person as may be selected by Ordinary Resolution) shall proceed diligently to wind up the affairs of the Partnership and distribute the assets of the Partnership in accordance with Section 12.4. Subject to Section 12.4, the liquidating trustee may manage, control and operate the business and affairs of the Partnership with all of the power and authority of the General Partner. The liquidating trustee shall be paid its reasonable fees and disbursements in carrying out its duties as such. Allocations and distributions shall continue to be made during the period of liquidation in the same manner as before dissolution. The liquidating trustee shall have full right and unlimited discretion to determine the time, manner and terms of any sale or sales of Partnership assets pursuant to such liquidation, having due regard to the activity and condition of the relevant market and general financial and economic conditions.

12.4 Distribution of Assets

The liquidating trustee shall settle the Partnership accounts as expeditiously as possible and, in the following order, shall:

(a) sell and liquidate sufficient assets of the Partnership to pay the liabilities of the Partnership (including any amounts payable to the General Partner);

(b) place in escrow a cash reserve fund for contingent liabilities, in an amount determined by the liquidating trustee to be appropriate for such reserve fund, to be held for such period as the liquidating trustee regards as reasonable and then to be distributed pursuant to this Section 12.4;

(c) distribute the remaining property and assets to the Partners in the manner contemplated in Sections 4.2(b), 4.3(c) and 4.4(c).

12.5 Type of Distributions

Distributions of assets and payments by the liquidating trustee on dissolution of the Partnership may be satisfied either by the liquidating trustee selling the assets of the Partnership and distributing the proceeds thereof, or by the liquidating trustee distributing assets of the Partnership *in specie* for the fair market value thereof.

12.6 Reports

Within a reasonable time following the completion of the liquidation of the Partnership's assets, the liquidating trustee shall forward or cause to be forwarded to each of the Partners a statement, with respect to the assets and liabilities of the Partnership as of the date of the completion of the liquidation, and each Partner's share of the distributions pursuant to Section 12.4.

12.7 No Other Right

Except as provided herein, no Limited Partner shall have the right to ask for the dissolution of the Partnership, for the winding-up of its affairs or for the distribution of its assets. No Partner shall have any right to demand or receive property, other than cash, upon dissolution of the Partnership.

12.8 Final Filing

Upon completion of the liquidation of the Partnership and the distribution of all Partnership assets, the Partnership shall terminate and the liquidating trustee shall execute and record a declaration of dissolution as well as any other documents required to affect the dissolution and termination of the Partnership.

ARTICLE XIII

13.3 Survival of Representations

The representations contained in this Article shall survive execution and delivery of this Agreement and each party is obligated to ensure the continuing accuracy of each representation made by it, and ensure that each covenant made by it shall remain binding upon it, so long as such party remains a Limited Partner.

ARTICLE XIV

14.1 Deemed Resignation of General Partner

The General Partner shall be deemed to resign as the General Partner of the Partnership in the event of:

(a) the dissolution of the General Partner;

(c) the appointment of a trustee, receiver or receiver and manager of the affairs of the General Partner, if a mortgagee or other encumbrancer shall take possession of all of the property or assets beneficially owned by the General Partner or a substantial part thereof, or levy or execution or any similar process shall be levied or enforced against all of the property or assets of the General Partner or a substantial part thereof, in all cases, unless waived by Extraordinary Resolution.

The General Partner shall, to the extent applicable, forthwith advise the Limited Partners by written notice of the occurrence of any event referred to in this Section 14.1.

14.2 Resignation

The General Partner may resign as the General Partner at any time on not less than 60 days written notice thereof to the Limited Partners, and in such event, the remaining General Partner, if there is no one, shall be the General Partner; provided that if the General Partner is, at such time, the only General Partner, the General Partner shall not withdraw if the effect thereof would be to dissolve the Partnership or constitute the Partnership a General Partnership, provided that if the Limited Partners shall not have designated a substitute General Partner within 30 days of the notice of resignation from the General Partner, the General Partner may, without any authorization from the Limited Partners, appoint a

The General Partner may secure the consent or agreement of any Limited Partner to any matter requiring such a consent or agreement in writing and such consents or agreements in writing may be used in conjunction with votes given at a meeting of Limited Partners or without a meeting of Limited Partners to secure the necessary consent or agreement hereunder. Any Extraordinary Resolution or Ordinary Resolution where the requisite approval is obtained as aforesaid shall be as valid as if the resolution had been passed at a meeting of Limited Partners and shall be deemed to satisfy all of the requirements of this Agreement relating to meetings of Limited Partners.

15.2 Notice of Meeting

All notices of meetings of Limited Partners will be given to Limited Partners who are registered holders of Units as of the applicable Record Dates, at least 10 and not more than 60 days prior to the meeting. Such notice will specify the time and the place where the meeting is to be held and will specify, in reasonable detail, all matters which are to be the subject of a vote at such meeting and provide sufficient information to enable Limited Partners to make a reasoned judgment on all such matters. It will not be necessary for any such notice to set out the exact text of any resolution proposed to be passed at the meeting provided that the subject matter of any such resolution is fairly set out in the notice or schedule thereto.

15.3 Meetings

The General Partner may call such meetings of the Limited Partners as it considers appropriate and shall call a meeting upon receipt of a written request, stating the purpose for which the meeting is to be held from Limited Partners holding, in the aggregate, not less than 25% of the outstanding Units (excluding Units held by the General Partner). If a quorum referred to in Section 15.5 is not present within 30 minutes from the time fixed for holding any such meeting, the meeting may be adjourned by the chairman of the meeting to a date not more than 10 days later at the same time and place. No notice of the adjourned meeting shall be required. At the adjourned meeting the Limited Partners present in person or represented by proxy shall form a quorum and may transact the business for which the meeting was originally convened notwithstanding that the number of Units held or represented by them may not be sufficient to constitute a quorum under Section 15.5.

15.7 Voting

Except as otherwise specified in this Agreement, on any question submitted to a meeting, each Limited Partner shall be entitled to one vote for each Unit held and questions shall be decided by Ordinary Resolution. The General Partner shall not be entitled to any voting rights at any meeting of the Limited Partners in their capacity as General Partner.

A Limited Partner may attend any meeting of Limited Partners personally or may be represented thereat by proxy. Votes at meetings of the Limited Partners may be cast personally or by proxy and resolutions shall be passed by a show of hands or, at the request of any Limited Partner, by ballot. The instrument appointing a proxy shall be in writing under the hand of the appointor or his attorney duly authorized in writing, or, if the appointor is a corporation, under its seal or by an officer or attorney thereof duly authorized and shall be valid only if it refers to a specific meeting, and then only at the meeting or its adjournments. Any person may be appointed a proxy, whether or not he is a Limited Partner.

15.10 Validity

The chairman of the meeting shall determine the validity of all instruments of proxy to be used at such meeting.

15.11 Proxy Validity

A vote cast in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death, incapacity, insolvency, bankruptcy or insanity of the Limited Partner giving the proxy or the revocation of the proxy, provided that no written notice of such death, incapacity, insolvency, bankruptcy, insanity or revocation shall have been received at the place of meeting prior to the time fixed for holding of the meeting.

15.12 Right to Attend

The General Partner, or if a General Partner is a corporation, the officers and directors of such General Partner, and counsel of the Partnership, shall have the right to attend at any meeting of Limited

Partners and to address any such meeting on the matters properly before it. Any counsel for or representative authorized in writing by a Limited Partner may attend at any meeting for or on behalf of such Limited Partner and may address the meeting on the matters properly before it.

15.13 Rules

To the extent that the rules and procedures for the conduct of a meeting of the Limited Partners are not prescribed in this Agreement, such rules and procedures shall be determined by Ordinary Resolution.

15.14 Loss of Vote

No Limited Partner who is in default in respect of payment of all or any portion of such Limited Partner's Capital Contribution shall be entitled to vote in respect of any Unit held by such Limited Partner and such Units shall not be considered to be outstanding for the purposes of determining whether the requisite approval has been obtained.

15.15 Waiver of Defaults

15.16 Minutes

Minutes and proceedings of every meeting of the Partners shall be made and recorded by the General Partner or such other person as may be appointed by the General Partner. Minutes, when signed by the chairman of the meeting, shall be prima facie evidence of the matters therein stated. Until the contrary is proved, every meeting in respect of which minutes have been made shall be deemed to have been duly held and convened and all proceedings referred to in the minutes shall be deemed to have been duly passed.

15.17 Binding Nature of Resolutions

Any Extraordinary Resolution or Ordinary Resolution shall be binding on all Limited Partners and their respective heirs, executors, administrators or other legal representatives, successors and assigns, whether or not such Limited Partner was present or represented by proxy at the meeting at which such resolution was passed and whether or not such Limited Partner voted against such resolution.

15.18 Powers Exercisable by Extraordinary Resolution

In addition to all of the powers conferred upon them under this Agreement, the Limited Partners by Extraordinary Resolution may:

(a) change the Fiscal Year end of the Partnership;

Any transferee acquiring the approval required by the terms of this Agreement shall assume the obligations of the General Partner and any restrictions relating to transfers of interests or securities of the General Partner shall apply, with appropriate modifications, to such new General Partner.

10.2 Transfer of Units by Limited Partner

(a) At no time may Units or the beneficial ownership therein be transferred to non-residents of Canada (within the meaning of the Tax Act) or to a partnership that is not a "Canadian partnership" (within the meaning of the Tax Act) and such transfer shall be null and void and the transferor thereof shall be deemed, for all purposes, to be the registered and beneficial holder thereof. Subject to the foregoing, the General Partner shall have the right, in its sole and absolute discretion, to refuse any transfer of Units in whole or in part.

(b) A transferee of Units shall not be recognized as a Partner until such time as a Notice to Amend the Certificate is filed with the Registrar which shall, in any event, be no later than the last day of the calendar month following the month in which such transfer is effected and, upon such date, such transferee will automatically become bound and subject to this Agreement without execution of any further instrument, and, without limiting the generality of the foregoing, such transferee shall be deemed to make all of the representations and warranties, covenants and acknowledgements of a Partner pursuant to this Agreement and to grant the power of attorney provided for in Section 18.1 hereof.

(c) In the case of a transfer of less than all of the Units represented by a Unit Certificate (if a Unit Certificate has been issued), a new replacement Unit Certificate for the balance of the Units retained by the transferor also shall be issued.

(d) Neither the General Partner nor the Registrar and Transfer Agent, if any, shall be bound to see to the execution of any trust, express, implied or constructive, or of any charge, pledge or equity to which any of the Units or any interests therein are subject, to ascertain or inquire whether any sale or transfer of any such Units or interest therein by a Partner

or his personal representatives is authorized by such trust, charge, pledge or equity or to recognize any person having any interest therein except for the person recorded as such Partner. No transfer shall relieve the transferor from any obligations to the Partnership incurred prior to the transfer becoming effective. Any transfer of Units made in accordance with the provisions hereof shall be made without charge.

(e) Where a person becomes entitled to a Unit on the incapacity, death or bankruptcy of a Partner, or otherwise by operation of law, in addition to the requirements of Section 10.2 hereof, such entitlement will not be recognized or entered in the register evidencing ownership of the Units until that Person:

(i) has produced evidence satisfactory to the General Partner of such entitlement;

(ii) has acknowledged in writing that he is not a non-resident of Canada (within the meaning of the Tax Act) or, if a partnership, is a "Canadian Partnership" (within the meaning of the Tax Act); and

(iii) has acknowledged in writing that he is bound by the terms of this Agreement.

(f) A Partner may mortgage, pledge or hypothecate a Unit which has been fully paid for as security for a loan to or an obligation of such Partner; however, the General Partner is not obliged to recognize or acknowledge any such mortgage, pledge or hypothecation, and until and unless a Unit is transferred in accordance with this Article 10, only the registered holder of the Unit shall be recognized by the General Partner and all distributions shall be made to such registered holder.

10.3 Ongoing Obligation of Partner

No transfer of a Unit shall relieve the Partner of any obligation that has accrued or was incurred prior to the effective date of such transfer.

10.4 Assignees Who Are Not Substituted Partners

An assignee of a Unit or a person who has become entitled to a Unit by operation of law who has not complied with the provisions of this Agreement has no right to access or be provided with any information with respect to the Partnership Business and has only the rights accorded to such assignees pursuant to the Partnership Act.

Without limiting the generality of the foregoing, other than as set out in Section 12.2, the Partnership shall not be terminated or dissolved by the admission of any new Partner or by the withdrawal, removal, retirement, death, mental incompetence, insolvency, bankruptcy, liquidation, dissolution, winding up or other disability of a Partner.

12.2 Events of Dissolution

(c) the date that an Extraordinary Resolution of the Limited Partners, dissolving the Partnership becomes effective; or

(d) subject to Section 12.1, upon the occurrence of any event that under the laws of the Province of Alberta, causes the dissolution of a limited partnership.

12.3 Liquidating Trustee

Upon dissolution of the Partnership, the liquidating trustee (which will be the General Partner unless the General Partner is unable or unwilling to act, in which event the liquidating trustee shall be a General Partner or such other Person as may be selected by Ordinary Resolution) shall proceed diligently to wind up the affairs of the Partnership and distribute the assets of the Partnership in accordance with Section 12.4. Subject to Section 12.4, the liquidating trustee may manage, control and operate the business and affairs of the Partnership with all of the power and authority of the General Partner. The liquidating trustee shall be paid its reasonable fees and disbursements in carrying out its duties as such. Allocations and distributions shall continue to be made during the period of liquidation in the same manner as before dissolution. The liquidating trustee shall have full right and unlimited discretion to determine the time, manner and terms of any sale or sales of Partnership assets pursuant to such liquidation, having due regard to the activity and condition of the relevant market and general financial and economic conditions.

12.4 Distribution of Assets

The liquidating trustee shall settle the Partnership accounts as expeditiously as possible and, in the following order, shall:

(a) sell and liquidate sufficient assets of the Partnership to pay the liabilities of the Partnership (including any amounts payable to the General Partner);

(b) place in escrow a cash reserve fund for contingent liabilities, in an amount determined by the liquidating trustee to be appropriate for such reserve fund, to be held for such period as the liquidating trustee regards as reasonable and then to be distributed pursuant to this Section 12.4;

(c) distribute the remaining property and assets to the Partners in the manner contemplated in Sections 4.2(b), 4.3(c) and 4.4(c).

12.5 Type of Distributions

Distributions of assets and payments by the liquidating trustee on dissolution of the Partnership may be satisfied either by the liquidating trustee selling the assets of the Partnership and distributing the proceeds thereof, or by the liquidating trustee distributing assets of the Partnership *in specie* for the fair market value thereof.

12.6 Reports

Within a reasonable time following the completion of the liquidation of the Partnership's assets, the liquidating trustee shall forward or cause to be forwarded to each of the Partners a statement, with respect to the assets and liabilities of the Partnership as of the date of the completion of the liquidation, and each Partner's share of the distributions pursuant to Section 12.4.

12.7 No Other Right

Except as provided herein, no Limited Partner shall have the right to ask for the dissolution of the Partnership, for the winding-up of its affairs or for the distribution of its assets. No Partner shall have any right to demand or receive property, other than cash, upon dissolution of the Partnership.

12.8 Final Filing

Upon completion of the liquidation of the Partnership and the distribution of all Partnership assets, the Partnership shall terminate and the liquidating trustee shall execute and record a declaration of dissolution as well as any other documents required to affect the dissolution and termination of the Partnership.

The General Partner may secure the consent or agreement of any Limited Partner to any matter requiring such a consent or agreement in writing and such consents or agreements in writing may be used in conjunction with votes given at a meeting of Limited Partners or without a meeting of Limited Partners to secure the necessary consent or agreement hereunder. Any Extraordinary Resolution or Ordinary Resolution where the requisite approval is obtained as aforesaid shall be as valid as if the resolution had been passed at a meeting of Limited Partners and shall be deemed to satisfy all of the requirements of this Agreement relating to meetings of Limited Partners.

15.2 Notice of Meeting

All notices of meetings of Limited Partners will be given to Limited Partners who are registered holders of Units as of the applicable Record Dates, at least 10 and not more than 60 days prior to the meeting. Such notice will specify the time and the place where the meeting is to be held and will specify, in reasonable detail, all matters which are to be the subject of a vote at such meeting and provide sufficient information to enable Limited Partners to make a reasoned judgment on all such matters. It will not be necessary for any such notice to set out the exact text of any resolution proposed to be passed at the meeting provided that the subject matter of any such resolution is fairly set out in the notice or schedule thereto.

15.3 Meetings

The General Partner may call such meetings of the Limited Partners as it considers appropriate and shall call a meeting upon receipt of a written request, stating the purpose for which the meeting is to be held from Limited Partners holding, in the aggregate, not less than 25% of the outstanding Units (excluding Units held by the General Partner). No notice of the adjourned meeting shall be required. At the adjourned meeting the Limited Partners present in person or represented by proxy shall form a quorum and may transact the business for which the meeting was originally convened notwithstanding that the number of Units held or represented by them may not be sufficient to constitute a quorum under Section 15.5.

15.7 Voting

Except as otherwise specified in this Agreement, on any question submitted to a meeting, each Limited Partner shall be entitled to one vote for each Unit held and questions shall be decided by Ordinary Resolution. The General Partner shall not be entitled to any voting rights at any meeting of the Limited Partners in their capacity as General Partner.

A Limited Partner may attend any meeting of Limited Partners personally or may be represented thereat by proxy. Votes at meetings of the Limited Partners may be cast personally or by proxy and resolutions shall be passed by a show of hands or, at the request of any Limited Partner, by ballot. The instrument appointing a proxy shall be in writing, under the hand of the appointor or his attorney duly authorized in writing, or, if the appointor is a corporation, under its seal or by an officer or attorney thereof duly authorized and shall be valid only if it refers to a specific meeting, and then only at the meeting or its adjournments. Any person may be appointed a proxy, whether or not he is a Limited Partner.

15.10 Validity

The chairman of the meeting shall determine the validity of all instruments of proxy to be used at such meeting.

15.11 Proxy Validity

A vote cast in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death, incapacity, insolvency, bankruptcy or insanity of the Limited Partner giving the proxy or the revocation of the proxy, provided that no written notice of such death, incapacity, insolvency, bankruptcy, insanity or revocation shall have been received at the place of meeting prior to the time fixed for holding of the meeting.

15.13 Rules

To the extent that the rules and procedures for the conduct of a meeting of the Limited Partners are not prescribed in this Agreement, such rules and procedures shall be determined by Ordinary Resolution.

15.14 Loss of Vote

No Limited Partner who is in default in respect of payment of all or any portion of such Limited Partner's Capital Contribution shall be entitled to vote in respect of any Unit held by such Limited Partner and such Units shall not be considered to be outstanding for the purposes of determining whether the requisite approval has been obtained.

Minutes, when signed by the chairman of the meeting, shall be prima facie evidence of the matters therein stated. Until the contrary is proved, every meeting in respect of which minutes have been made shall be deemed to have been duly held and convened and all proceedings referred to in the minutes shall be deemed to have been duly passed.

15.17 Binding Nature of Resolutions

Any Extraordinary Resolution or Ordinary Resolution shall be binding on all Limited Partners and their respective heirs, executors, administrators or other legal representatives, successors and assigns, whether or not such Limited Partner was present or represented by proxy at the meeting at which such resolution was passed and whether or not such Limited Partner voted against such resolution.

ARTICLE X
RESTRICTIONS ON TRANSFER

10.1 Transfer of Interest of General Partner

Except as otherwise provided herein, the General Partner may not sell, assign, transfer or otherwise dispose of its interest in the Partnership as general partner, other than to an Affiliate, without the prior approval of the Limited Partners given by Extraordinary Resolution. Any transfer requiring approval as provided herein that is transferred without such approval will not relieve such General Partner of the obligations of such General Partner set forth in this Agreement. Any transferee acquiring the approval required by the terms of this Agreement shall assume the obligations of the General Partner and any restrictions relating to transfers of interests or securities of the General Partner shall apply, with appropriate modifications, to such new General Partner.

10.2 Transfer of Units by Limited Partner

(a) At no time may Units or the beneficial ownership therein be transferred to non-residents of Canada (within the meaning of the Tax Act) or to a partnership that is not a "Canadian partnership" (within the meaning of the Tax Act) and such transfer shall be null and void and the transferor thereof shall be deemed, for all purposes, to be the registered and beneficial holder thereof. Subject to the foregoing, the General Partner shall have the right, in its sole and absolute discretion, to refuse any transfer of Units in whole or in part.

(c) In the case of a transfer of less than all of the Units represented by a Unit Certificate (if a Unit Certificate has been issued), a new replacement Unit Certificate for the balance of the Units retained by the transferor also shall be issued.

(d) Neither the General Partner nor the Registrar and Transfer Agent, if any, shall be bound to see to the execution of any trust, express, implied or constructive, or of any charge, pledge or equity to which any of the Units or any interests therein are subject, to ascertain or inquire whether any sale or transfer of any such Units or interest therein by a Partner

or his personal representatives is authorized by such trust, charge, pledge or equity or to recognize any person having any interest therein except for the person recorded as such Partner. No transfer shall relieve the transferor from any obligations to the Partnership incurred prior to the transfer becoming effective. Any transfer of Units made in accordance with the provisions hereof shall be made without charge.

(e) Where a person becomes entitled to a Unit on the incapacity, death or bankruptcy of a Partner, or otherwise by operation of law, in addition to the requirements of Section 10.2 hereof, such entitlement will not be recognized or entered in the register evidencing ownership of the Units until that Person:

(i) has produced evidence satisfactory to the General Partner of such entitlement;

(ii) has acknowledged in writing that he is not a non-resident of Canada (within the meaning of the Tax Act) or, if a partnership, is a "Canadian Partnership" (within the meaning of the Tax Act); and

(iii) has acknowledged in writing that he is bound by the terms of this Agreement.

(f) A Partner may mortgage, pledge or hypothecate a Unit which has been fully paid for as security for a loan to or an obligation of such Partner; however, the General Partner is not obliged to recognize or acknowledge any such mortgage, pledge or hypothecation, and until and unless a Unit is transferred in accordance with this Article 10, only the registered holder of the Unit shall be recognized by the General Partner and all distributions shall be made to such registered holder.

10.3 Ongoing Obligation of Partner

No transfer of a Unit shall relieve the Partner of any obligation that has accrued or was incurred prior to the effective date of such transfer.

10.4 Assignees Who Are Not Substituted Partners

An assignee of a Unit or a person who has become entitled to a Unit by operation of law who has not complied with the provisions of this Agreement has no right to access or be provided with any information with respect to the Partnership Business and has only the rights accorded to such assignees pursuant to the Partnership Act.

ARTICLE XI

12.2 Events of Dissolution

12.3 Liquidating Trustee

Upon dissolution of the Partnership, the liquidating trustee (which will be the General Partner unless the General Partner is unable or unwilling to act, in which event the liquidating trustee shall be a General Partner or such other Person as may be selected by Ordinary Resolution) shall proceed diligently to wind up the affairs of the Partnership and distribute the assets of the Partnership in accordance with Section 12.4. Subject to Section 12.4, the liquidating trustee may manage, control and operate the business and affairs of the Partnership with all of the power and authority of the General Partner. The liquidating trustee shall be paid its reasonable fees and disbursements in carrying out its duties as such. Allocations and distributions shall continue to be made during the period of liquidation in the same manner as before dissolution. The liquidating trustee shall have full right and unlimited discretion to determine the time, manner and terms of any sale or sales of Partnership assets pursuant to such liquidation, having due regard to the activity and condition of the relevant market and general financial and economic conditions.

12.4 Distribution of Assets

The liquidating trustee shall settle the Partnership accounts as expeditiously as possible and, in the following order, shall:

(a) sell and liquidate sufficient assets of the Partnership to pay the liabilities of the Partnership (including any amounts payable to the General Partner);

(b) place in escrow a cash reserve fund for contingent liabilities, in an amount determined by the liquidating trustee to be appropriate for such reserve fund, to be held for such period as the liquidating trustee regards as reasonable and then to be distributed pursuant to this Section 12.4;

(c) distribute the remaining property and assets to the Partners in the manner contemplated in Sections 4.2(b), 4.3(c) and 4.4(c).

12.5 Type of Distributions

Distributions of assets and payments by the liquidating trustee on dissolution of the Partnership may be satisfied either by the liquidating trustee selling the assets of the Partnership and distributing the proceeds thereof, or by the liquidating trustee distributing assets of the Partnership *in specie* for the fair market value thereof.

12.6 Reports

Within a reasonable time following the completion of the liquidation of the Partnership's assets, the liquidating trustee shall forward or cause to be forwarded to each of the Partners a statement, with respect to the assets and liabilities of the Partnership as of the date of the completion of the liquidation, and each Partner's share of the distributions pursuant to Section 12.4.

12.7 No Other Right

Except as provided herein, no Limited Partner shall have the right to ask for the dissolution of the Partnership, for the winding-up of its affairs or for the distribution of its assets. No Partner shall have any right to demand or receive property, other than cash, upon dissolution of the Partnership.

12.8 Final Filing

(c) will act fairly and in good faith toward the Limited Partners in the conduct of the Partnership Business;

(d) shall obtain and maintain in good standing the registrations necessary for the conduct of its present business and shall obtain (as and when required), hold and continue to maintain all registrations, licenses and permits necessary to carry on its business as the general partner of the Partnership in all jurisdictions where the activities of the Partnership require such licensing or other form of registration of the General Partner;

14.2 Resignation

The General Partner may resign as the General Partner at any time on not less than 60 days written notice thereof to the Limited Partners, and in such event, the remaining General Partner, if there is no one, shall be the General Partner; provided that if the General Partner is, at such time, the only General Partner, the General Partner shall not withdraw if the effect thereof would be to dissolve the Partnership or constitute the Partnership a General Partnership, provided that if the Limited Partners shall not have designated a substitute General Partner within 30 days of the notice of resignation from the General Partner, the General Partner may, without any authorization from the Limited Partners, appoint a

substitute General Partner who, on the effective date of the resignation of the General Partner, shall become the General Partner hereunder.

14.3 Effective Date of Resignation or Deemed Resignation of General Partner

In the event of the resignation of the General Partner pursuant to Section 14.2 or the deemed resignation of the General Partner pursuant to Section 14.1, such General Partner shall cease to be the General Partner of the Partnership and such resignation or deemed resignation shall be effective upon the admission of a new General Partner to the Partnership (and the filing of an amendment to the Certificate to evidence such fact) or, in the event of there being another General Partner at such time, the expiration of 120 days from the date of the giving of the notice of resignation in the case of Section 14.2 or on the occurrence of the event referred to in Section 14.1, in the case of Section 14.1.

14.4 Consequences of Transfer

Upon the admission of a new General Partner:

14.6 Continuity of Partnership

In the event of the removal, resignation or deemed resignation of the General Partner, the Partnership Business shall be continued by any new General Partner or remaining General Partner, as the case may be.

ARTICLE XV
MEETINGS

15.1 Consents Without Meeting

The General Partner may secure the consent or agreement of any Limited Partner to any matter requiring such a consent or agreement in writing and such consents or agreements in writing may be used in conjunction with votes given at a meeting of Limited Partners or without a meeting of Limited Partners to secure the necessary consent or agreement hereunder. Any Extraordinary Resolution or Ordinary Resolution where the requisite approval is obtained as aforesaid shall be as valid as if the resolution had been passed at a meeting of Limited Partners and shall be deemed to satisfy all of the requirements of this Agreement relating to meetings of Limited Partners.

15.2 Notice of Meeting

All notices of meetings of Limited Partners will be given to Limited Partners who are registered holders of Units as of the applicable Record Dates, at least 10 and not more than 60 days prior to the meeting. Such notice will specify the time and the place where the meeting is to be held and will specify, in reasonable detail, all matters which are to be the subject of a vote at such meeting and provide sufficient information to enable Limited Partners to make a reasoned judgment on all such matters. It will not be necessary for any such notice to set out the exact text of any resolution proposed to be passed at the meeting provided that the subject matter of any such resolution is fairly set out in the notice or schedule thereto.

15.3 Meetings

The General Partner may call such meetings of the Limited Partners as it considers appropriate and shall call a meeting upon receipt of a written request, stating the purpose for which the meeting is to be held from Limited Partners holding, in the aggregate, not less than 25% of the outstanding Units (excluding Units held by the General Partner). If the General Partner fails or neglects to call, within 15 days after receipt of such written request, a meeting to be held within 30 days after receipt of such written request then any Limited Partner may call the meeting. Meetings are to be held at the principal place of Partnership Business or such other place in the City of Calgary as the party calling the meeting may designate.

15.4 Chairman

The President of the General Partner or in his absence, any officer of the General Partner, shall be the chairman of all meetings. If no such person is present or all such persons refuse to act, those Limited Partners present in person or represented by proxy at the meeting shall choose, by Ordinary Resolution, some other person present to be chairman.

15.5 Quorum

Subject to the provisions of Section 15.6, a quorum at any meeting of the Limited Partners shall consist of not less than one person present in person and holding or representing by proxy at least 10% of the aggregate number of outstanding Units entitled to vote at the meeting.

15.6 Adjournment

If a quorum referred to in Section 15.5 is not present within 30 minutes from the time fixed for holding any such meeting, the meeting may be adjourned by the chairman of the meeting to a date not more than 10 days later at the same time and place. No notice of the adjourned meeting shall be required. At the adjourned meeting the Limited Partners present in person or represented by proxy shall form a quorum and may transact the business for which the meeting was originally convened notwithstanding that the number of Units held or represented by them may not be sufficient to constitute a quorum under Section 15.5.

15.7 Voting

Except as otherwise specified in this Agreement, on any question submitted to a meeting, each Limited Partner shall be entitled to one vote for each Unit held and questions shall be decided by Ordinary Resolution. The General Partner shall not be entitled to any voting rights at any meeting of the Limited Partners in their capacity as General Partner.

15.8 Record Date

Notwithstanding anything herein contained, only Limited Partners who are registered as such in the Register on the Record Date for the meeting shall have the right to attend in person or by proxy and to vote on all matters submitted to the meeting.

15.9 Proxies

A Limited Partner may attend any meeting of Limited Partners personally or may be represented thereat by proxy. Votes at meetings of the Limited Partners may be cast personally or by proxy and resolutions shall be passed by a show of hands or, at the request of any Limited Partner, by ballot. The instrument appointing a proxy shall be in writing under the hand of the appointor or his attorney duly authorized in writing, or, if the appointor is a corporation, under its seal or by an officer or attorney thereof duly authorized and shall be valid only if it refers to a specific meeting, and then only at the meeting or its adjournments. Any person may be appointed a proxy, whether or not he is a Limited Partner.

15.10 Validity

The chairman of the meeting shall determine the validity of all instruments of proxy to be used at such meeting.

15.11 Proxy Validity

A vote cast in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death, incapacity, insolvency, bankruptcy or insanity of the Limited Partner giving the proxy or the revocation of the proxy, provided that no written notice of such death, incapacity, insolvency, bankruptcy, insanity or revocation shall have been received at the place of meeting prior to the time fixed for holding of the meeting.

15.12 Right to Attend

The General Partner, or if a General Partner is a corporation, the officers and directors of such General Partner, and counsel of the Partnership, shall have the right to attend at any meeting of Limited

Partners and to address any such meeting on the matters properly before it. Any counsel for or representative authorized in writing by a Limited Partner may attend at any meeting for or on behalf of such Limited Partner and may address the meeting on the matters properly before it.

15.13 Rules

To the extent that the rules and procedures for the conduct of a meeting of the Limited Partners are not prescribed in this Agreement, such rules and procedures shall be determined by Ordinary Resolution.

15.14 Loss of Vote

No Limited Partner who is in default in respect of payment of all or any portion of such Limited Partner's Capital Contribution shall be entitled to vote in respect of any Unit held by such Limited Partner and such Units shall not be considered to be outstanding for the purposes of determining whether the requisite approval has been obtained.

15.15 Waiver of Defaults

In addition to all other powers conferred on them by this Agreement, the Limited Partners may:

(a) by Extraordinary Resolution waive any default on the part of any General Partner on such terms as they may determine and release the General Partner from any claims in respect thereof; and

(b) by Ordinary Resolution require the General Partner on behalf of the Partnership to enforce any obligation or covenant on the part of any Limited Partner.

15.16 Minutes

Minutes and proceedings of every meeting of the Partners shall be made and recorded by the General Partner or such other person as may be appointed by the General Partner. Minutes, when signed by the chairman of the meeting, shall be prima facie evidence of the matters therein stated. Until the contrary is proved, every meeting in respect of which minutes have been made shall be deemed to have been duly held and convened and all proceedings referred to in the minutes shall be deemed to have been duly passed.

15.17 Binding Nature of Resolutions

Any Extraordinary Resolution or Ordinary Resolution shall be binding on all Limited Partners and their respective heirs, executors, administrators or other legal representatives, successors and assigns, whether or not such Limited Partner was present or represented by proxy at the meeting at which such resolution was passed and whether or not such Limited Partner voted against such resolution.

15.18 Powers Exercisable by Extraordinary Resolution

In addition to all of the powers conferred upon them under this Agreement, the Limited Partners by Extraordinary Resolution may:

(a) change the Fiscal Year end of the Partnership;

(b) approve the making of loans by the Partnership to the General Partner or guaranteeing the obligations of any directors or officers of any associate or affiliate of the General Partner;

ARTICLE XVI

16.1 Amendments to Limited Partnership Agreement

This Agreement may be amended in writing on the initiative of the General Partner with the approval of the Limited Partners given by an Extraordinary Resolution, provided that no amendment may be made that would have the effect of:

(a) amending this Article 16 (unless all of the partners consent thereto);

(b) reducing a partner's share of the income or assets of the Partnership;

16.2 Amendments In Discretion of General Partner

The General Partner may, without prior notice to or consent from any limited partner of the Partnership, amend from time to time any provision of the Partnership Agreement if such amendment is:

(a) in the opinion of the General Partner, based on counsel's recommendation and opinion, for the protection or benefit of the limited partners or the Partnership or to cure an ambiguity or to correct or supplement any provision contained therein that may be defective or inconsistent with any other provision contained herein, and the amendment does not and will not, in the opinion of the General Partner, materially adversely affect the rights of any limited partner;

(b) for the purpose of reflecting the admission, substitution, withdrawal or removal of limited partners in accordance with the Partnership Agreement;

(c) a change that, in the sole discretion of the General Partner, is reasonable and necessary or appropriate to qualify or continue the qualification of the Partnership as a limited partnership in which the limited partners have limited liability under applicable legislation; or

16.3 Notice to Limited Partners

Limited Partners shall be notified of the full details of any amendments to this Agreement within 30 days of the effective date of the amendment.

(e) An accidental omission in the giving of, or failure to give, a notice required by this Agreement will not invalidate or affect in any way the legality of any meeting or other proceedings in respect of which such notice was or was intended to be given.

ARTICLE XVIII

18.1 Power of Attorney

Each Limited Partner hereby grants to the General Partner, its successors and assigns, a power of attorney constituting the General Partner, with full power of substitution, as the Limited Partner's true and lawful attorney and agent, with full power and authority, in the Limited Partner's name, place and stead to execute, under seal or otherwise, swear to, acknowledge, deliver, and record or file, as the case may be, as and where required:

If a Note contains a printed or mechanically reproduced signature of a person, then Business Trust may issue the Note even though the person has ceased to be a duly authorized signatory of the Business Trustee and such Note is, subject to the Trustee's certification as required hereunder, as valid as if the person were a duly authorized signatory of the Business Trustee at the date of its issue.

2.13 Certification by the Trustee

(a) No Note is to be issued or, if issued, is obligatory or entitles the Holder to the benefit hereof, until it has been certified by or on behalf of the Trustee substantially in the form of, in the case of Series 1 Notes, the certificate set out in Schedule A hereto, in the case of Series 2 Notes, the certificate set out in Schedule B hereto and, in the case of Series 3 Notes, the certificate set out in Schedule C hereto, or in some other form approved by the Trustee. Such certification by the Trustee upon any Note is conclusive evidence, subject to Business Trust's execution as required hereunder, that the Note has been duly issued hereunder, is a valid obligation of Business Trust and that the Holder is entitled to the benefit hereof.

(b) The certificate of the Trustee on Notes issued hereunder is not to be construed as a representation or warranty by the Trustee as to the validity of this Indenture or of the Notes (except the due certification thereof) and the Trustee is not liable or answerable, in any respect, for the use made of the Notes or any of them or of the proceeds thereof (other than disbursement of amounts received from Business Trust in respect of the payment of interest or principal pursuant to the terms hereof).

2.14 Registration of Notes

(a) Business Trust shall cause to be kept by and at the principal corporate trust office of the Trustee in Calgary, Alberta, a central Note register, and by and at the principal corporate trust office of the Trustee (or by such other registrar or registrars, if any, as Business Trust with the approval of the Trustee may designate) and in such other place or places as Business Trust with the approval of the Trustee may designate, branch registers in which, to be valid for the purposes hereof, are to be entered the names and latest known addresses of the Holders of Notes of each series, the principal amount(s) of the Notes so held, and the other particulars, prescribed by law, of the Notes held by them respectively and of all transfers of Notes. Such name registration is to be noted on the Notes by the Trustee or other registrar. No transfer of a Note is effective as against Business Trust unless made on one of the appropriate registers and made by the registered Holder or his or her executor or administrator or other legal representative or his or their attorney duly

appointed by an instrument in writing in form and execution satisfactory to the Trustee, upon compliance with such requirements as the Trustee or other registrar may prescribe, and unless such transfer has been duly noted on such Note by the Trustee or other registrar.

(b) The registers referred to in this section are to be open at all reasonable times for inspection by Business Trust, by the Trustee and by any Noteholder.

(c) The Holder of a Note, upon execution of a duly completed transfer form, may at any time and from time to time have such Note transferred at any of the places at which a register is kept pursuant to the provisions of this section and in accordance with such reasonable regulations as the Trustee may prescribe.

(d) The Holder of a Note may at any time and from time to time have the registration of such Note transferred from the register in which the registration thereof appears to another register maintained in another place authorized for that purpose under the provisions of this Indenture upon payment of a reasonable fee to be fixed by the Trustee.

(e) Neither Business Trust nor the Trustee nor any registrar is required to transfer or exchange any Notes of a series on any Interest Payment Date with respect to such series of Notes and for a period of 15 days immediately preceding any such Interest Payment Date.

(f) None of the Trustee or any registrar for any of the Notes or Business Trust is to be charged with notice of or be bound to see to the execution of any trust, whether express, implied or constructive, in respect of any Note. The Trustee or other registrar may transfer any Note on the direction of the Holder thereof, whether named as trustee or otherwise, as though that person were the beneficial owner thereof.

(g) Except in the case of the central Note register required to be kept in Calgary, Alberta, Business Trust may at any time close, with the prior approval of the Trustee, any branch register upon which the registration of any Notes appears, and in that event Business Trust shall transfer the records thereof to another existing register or to a new register and, thereafter, such Notes are deemed to be registered on such existing or new register, as the case may be. If the register in any place is closed and the records transferred to a register kept in another place, notice of such change is to be given, in the manner provided in Section 12.1, to the Holders of the Notes registered in the register so closed and in addition the particulars of such change are to be recorded in the central register required to be kept in Calgary, Alberta.

(h) Every registrar shall, when requested to do so by Business Trust or the Trustee, furnish Business Trust or the Trustee, as the case may be, with a list of the names and addresses of the Holders of Notes showing the principal amounts and serial numbers of such Notes held by each Holder.

2.15 Person Entitled to Payment

(a) The person in whose name any Note is registered is deemed the owner thereof for all purposes of this Indenture and payment of or on account of the principal and accrued interest on such Note is to be made only to or upon the order in writing of such Holder thereof and such payment is a good and sufficient discharge to the Trustee and any registrar and to Business Trust and any paying agent for the amount so paid.

(b) As the interest on the Notes becomes payable (except interest payable at maturity or on redemption which may, at the option of Business Trust, be paid upon presentation and surrender

of such Notes for payment), Business Trust, at least one Business Day prior to each Interest Payment Date, shall forward or cause to be forwarded by prepaid post (or in the event of mail service interruption by such other means as the Trustee and Business Trust shall determine to be appropriate), to the Holder for the time being of each such Note, at his or her address appearing on the appropriate register hereinbefore mentioned, or in the case of joint Holders, to the one whose name appears first on such register, or in such other manner as such Holder or Holders may instruct (including direct deposit), a cheque or other transfer of funds for such interest (less any tax required by law to be deducted) payable to the order of such Holder or Holders and negotiable at par at each of the places at which interest upon such Notes is payable. The forwarding of such cheque or other transfer of funds satisfies and discharges the liability for the interest on the Series 1 Notes, Series 2 Notes and Series 3 Notes to the extent of the sums represented thereby (plus the amount of any tax deducted as aforesaid), unless such cheque or funds are not paid on presentation; provided that, in the event of the non-receipt of such cheque by the Holder, or the loss or destruction thereof, Business Trust, on being furnished with reasonable evidence of such non-receipt, loss or destruction and indemnity reasonably satisfactory to it, shall issue to such Holder a replacement cheque or such other replacement transfer of funds for a like amount. Business Trust shall provide the Trustee with confirmation of all such payments made to Holders pursuant to this Section 2.15(b) within five Business Days of the applicable Interest Payment Date.

(c) The Holder for the time being of any Note is entitled to the principal and interest, if any, evidenced by such Note, free from all equities or rights of set-off, compensation or counterclaim between Business Trust and the original or any intermediate holder thereof and all persons may act accordingly, and a transferee of a Note shall, after the appropriate form of transfer is lodged with the Trustee or other registrar and upon compliance with all other conditions in such respect required by this Indenture or by any conditions contained in such Note or by law, be entitled to be entered on the appropriate register or on any one of the appropriate registers as the owner of such Note, free from all equities or rights of set-off, compensation or counterclaim between Business Trust and his or her transferor or any previous Holder thereof, save in respect of equities of which Business Trust is required to take notice by statute or by order of a court of competent jurisdiction.

(d) Where Notes are registered in more than one name, the principal and interest, if any, from time to time payable in respect thereof in accordance with this Section 2.15 may be paid by cheque payable to the order of all such Holders, failing written instructions from them to the contrary, and such payment is a valid discharge to the Trustee and any registrar and to Business Trust and any paying agent for the amount so paid.

2.16 Replacement of Notes

(a) If any Note becomes mutilated or defaced, or is lost, stolen or destroyed, and in the absence of notice that such Note has been acquired by a *bona fide* purchaser for value, Business Trust shall issue and execute, and thereupon the Trustee shall certify and deliver, a new Note of like date and tenor as the one mutilated, defaced, lost, stolen or destroyed in exchange for, in place of and upon cancellation of such mutilated or defaced Note or in lieu of and in substitution for such lost, stolen or destroyed Note, and the new Note is to be in a form approved by the Trustee. The Holder of the new replacement Note is entitled to the benefit hereof and such Note ranks equally in accordance with its terms with all other Notes issued hereunder.

(b) The applicant for the issue of a new replacement Note shall bear the cost of the issue thereof and, in case of loss, destruction or theft, shall, as a condition precedent to the issue thereof, furnish to

Business Trust and the Trustee such evidence of ownership and of the loss, destruction or theft of the Note so lost, destroyed or stolen as is satisfactory to Business Trust and the Trustee in their discretion and such applicant may also be required to furnish indemnity and a surety bond in amount and form satisfactory to Business Trust and the Trustee in their discretion, and such applicant shall pay the reasonable charges of Business Trust and the Trustee in connection therewith.

(c) Upon the issue, execution and certification of a new replacement Note, the previously issued Note which has been mutilated, defaced, lost, stolen or destroyed, as the case may be, shall be considered cancelled.

2.17 Payment of Interest and Principal

(a) Except as herein otherwise provided, all sums which may at any time become payable, whether at maturity or otherwise, on account of any Note or any interest thereon, if any, are payable at the option of the Holder at any of the places at which the principal and interest, if any, of such Note are payable.

(b) Whenever any payment of principal or interest to be made hereunder is stated to be due on a day which is not a Business Day in the place in which a Note is presented for payment, then the Holder is not entitled to payment of the amount due in such place until the next succeeding Business Day in that place and is not entitled to interest (less any tax required by law to be withheld therefrom) or other payment in respect of such delay.

2.18 Rank and Subordination

The Notes executed, certified and issued under this Indenture rank *pari passu* with one another. The Notes within each series executed, certified and issued under this Indenture rank *pari passu* with one another in accordance with their tenor without discrimination, preference or priority, provided, however, that principal and interest, if any, may, prior to any accelerated payment thereof pursuant to Section 6.2 upon the occurrence of an Event of Default, be payable at different times for each series of Notes and, in the case of Notes issued at different times, in accordance with the tenor of all series of Notes issued at different times. The payment of the principal and interest, if any, on the Notes is expressly subordinated to the prior payment in full of Senior Indebtedness, as provided in Article 4.

2.19 Exchange of Notes

(a) Notes in any denomination may be exchanged at any time for Notes of the same aggregate principal amount in any other authorized denomination. Notes may be so exchanged at any of the places at which a register (including any branch register) is maintained pursuant to Section 2.14 or other convenient place of delivery by Business Trust and acceptable to the Trustee.

(b) Business Trust shall execute and the Trustee shall certify all Notes necessary to carry out exchanges pursuant to this Section 2.19. All Notes surrendered for exchange shall be considered cancelled.

(c) The party requesting any exchange pursuant to this Section 2.19 shall, as a condition precedent to such exchange, reimburse the Trustee for any stamp or other security transfer tax or governmental charge required to be paid in respect of such exchange or the related issue of Notes and, in addition, a reasonable charge for its services for each Note exchanged or transferred and a reasonable charge for every Note issued upon such exchange or transfer, and payment of the said

charges shall be made by the party requesting such exchange or transfer as a condition precedent thereto.

2.20 No Fractional Notes

The Notes are issuable as fully registered Notes in denominations of $1 and integral multiples of $1 only. If the principal amount of Notes to be received by a Noteholder includes a fraction of such denomination, such number is to be rounded to the next lowest whole integral multiple thereof.

2.21 Indenture Governs

If there is any conflict between the terms of this Indenture and any Note, the terms of this Indenture govern despite any term in such Notes.

ARTICLE 3
REDEMPTION, PURCHASE AND CANCELLATION

3.1 Redemption of Notes; Notice to Trustee

Business Trust has the right, at its option, to redeem either in whole at any time or in part from time to time Notes outstanding hereunder on such date as the Business Trustee determines, in its sole discretion, before the Maturity Date(s) thereof upon payment in lawful money of Canada of an amount equal to the principal amount of Notes to be redeemed plus all accrued but unpaid interest on such principal amount to the Redemption Date, if any (the "**Redemption Amount**"). The election of Business Trust to redeem any Notes is to be evidenced by a resolution of the directors of the Business Trustee adopted no more than 60 days prior to the Redemption Date. In case of any redemption at the election of Business Trust of less than all of the Notes, Business Trust shall, at least 30 days prior to the Redemption Date (unless a shorter notice is satisfactory to the Trustee) notify the Trustee of such Redemption Date, of the principal amount of Notes to be redeemed and the Redemption Amount.

3.2 Places of Payment

The Redemption Amount is payable upon presentation and surrender of the Notes called for redemption at any of the places at which a register (including any branch register) is maintained pursuant to Section 2.14 and at any other places specified in the notice of redemption.

3.3 Notice of Redemption

Business Trust and the Trustee will cause notice of redemption of Notes of any series to be given to Holders of the series of Notes called for redemption at least 10 days prior to the Redemption Date substantially in the form set forth in Schedule D hereto and in the manner provided in Section 12.1 (the "**Redemption Notice**"). To be valid for the purposes hereof, such Redemption Notice must specify (a) the aggregate principal amount of Notes called for redemption, (b) the Redemption Date, (c) the Redemption Amount, (d) the places of payment of the Redemption Amount, (e) if less than all outstanding Notes are to be redeemed, the identification (and in the case of partial redemption, the respective principal amounts) of the Notes to be redeemed, (f) subject to Section 3.4, that interest upon the principal amount of Notes called for redemption ceases to be payable from and after the Redemption Date, and (g) in the case of Series 1 Notes, the extent (if any) to which the Redemption Amount is to be payable in Series 3 Notes.

3.4 Notes Due on Redemption Date

Upon a Redemption Notice being given pursuant to Section 3.3, the Redemption Amount with respect to the Notes to be so redeemed shall be and become due and payable on the Redemption Date specified in such notice and with the same effect as if it were the Maturity Date of such Notes, the provisions hereof or of any such Notes notwithstanding, and, from and after such Redemption Date, interest ceases, unless payment of the Redemption Amount is not made on presentation for surrender of such Notes at any of the places specified in Section 3.2 on or after the Redemption Date and prior to the setting aside of the Redemption Amount pursuant to Article 7.

3.5 Deposit of Redemption Monies

Upon notice of redemption as provided for in Sections 3.1 and 3.3 hereof, Business Trust shall deposit with the Trustee or any paying agent to the order of the Trustee or for the account of the Trustee, on or prior to the Redemption Date specified in the Redemption Notice, such sums (or, as applicable, certificates representing Series 3 Notes) as are sufficient to pay the Redemption Amount of the Notes which are to be redeemed on such Redemption Date (less any tax required to be deducted, if any). The Trustee shall pay or cause to be paid to the Holders, upon surrender of the Notes, the Redemption Amount thereof from the sums (or Series 3 Notes, as applicable) so deposited.

3.6 Failure to Surrender Notes Called for Redemption

If the Holder of any Notes who provided notice of redemption in accordance with Section 3.3 fails, within 30 days from the Redemption Date, to surrender any of such Notes or fails within such time to (a) accept payment of the Redemption Amount payable in respect thereof or (b) give such receipt therefor, if any, as the Trustee may require, such Redemption Amount is to be set aside in trust for such Holder, in accordance with Article 7 and Section 11.5, and such setting aside shall be for all purposes deemed a payment to the Noteholder of the sum so set aside and, to that extent, such Notes are thereafter considered as no longer outstanding hereunder and the Noteholder shall have no right, as of the Redemption Date, except to receive payment out of the moneys (or Series 3 Notes, as applicable) so paid upon surrender of its Notes, without interest thereon.

3.7 Less than all Notes Redeemed

If less than all of the Notes outstanding of a particular series are to be redeemed, each Holder of Notes of such series shall have a proportion of the Notes of such series held by such Holder redeemed equal to the proportion which the aggregate principal amount of Notes of such series to be redeemed is to the aggregate principal amount of all Notes of such series outstanding at such time, rounded up to the next whole multiple of $1 of principal amount of Notes of such series held by such Noteholder.

3.8 Purchase of Notes

(a) Provided that no Event of Default has occurred and is continuing, Business Trust may purchase all or any of the Notes in the open market or by tender or by private contract at a price determined by the Business Trustee in compliance with applicable laws.

(b) If, upon an invitation for tenders, more Notes than Business Trust is prepared to accept are tendered at the same lowest price, Business Trust will select the Notes to be purchased by Business Trust in such manner as the Business Trustee may deem equitable from the Notes tendered by each tendering Noteholder who tendered at such lowest price. For this purpose, the Business Trustee may make, and from time to time amend, regulations with respect to the manner

in which Notes may be so selected, and regulations so made are valid and binding upon all Noteholders, notwithstanding the fact that, as a result thereof, one or more of such Notes become subject to purchase in part only. The Holder of any Note of which a part only is purchased, upon surrender of such Note for payment, is entitled to receive, without expense to such Holder, a new Note for the unpurchased part so surrendered, and Business Trust shall execute, and the Trustee shall certify and deliver, such new Note upon receipt of the Note so surrendered.

3.9 Cancellation of Redeemed or Purchased Notes

All Notes redeemed or purchased in whole or in part pursuant to this Article 3 shall be forthwith delivered to and cancelled by the Trustee and may not be reissued or resold and no Notes are to be issued in substitution therefor.

3.10 Retraction of Notes; Notice to Trustee

The Trust has the right, at its option, to cause Business Trust to redeem in whole at any time or in part from time to time Series 1 Notes outstanding hereunder on such date as the Trust determines, in its sole discretion, before the Maturity Date(s) thereof of an amount equal to the principal amount of Series 1 Notes to be redeemed plus accrued but unpaid interest thereon, if any, to the Redemption Date (the "**Retraction Amount**"). The Trust's election to cause Business Trust to redeem any Series 1 Notes shall be evidenced by a notice delivered by the Trust to Business Trust. In case of the election of the Trust to require redemption of Series 1 Notes hereunder, Business Trust shall notify the Trustee of the principal amount of Series 1 Notes to be redeemed, the Redemption Date therefor and the Retraction Amount.

3.11 Notice of Retraction

In order for the Trust to exercise the right to require redemption under this Article 3, the Trust shall send a duly completed and properly executed notice requiring Business Trust to redeem any or all of the Trust's Series 1 Notes in the manner provided in Section 12.1 (the "**Retraction Notice**"). To be valid for the purposes hereof, such Retraction Notice must specify (a) the aggregate principal amount of Series 1 Notes in respect of which redemption is required, (b) the Redemption Date, (c) the Retraction Amount, (d) whether the Series 1 Notes are being retracted for cash or Series 3 Notes or a specific combination thereof, (e) the places of payment, and (f) if less than all outstanding Series 1 Notes are to be required to be redeemed, the identification (and in the case of partial redemption, the respective principal amounts) of the Series 1 Notes in respect of which redemption is required.

3.12 Retraction Amount

The Retraction Amount, whether of Series 3 Notes or cash, or a combination thereof, is payable or issuable, as the case may be, upon presentation and surrender of the Series 1 Notes in respect of which the Trust required redemption in the Retraction Notice at any of the places at which a register (including any branch register) is maintained pursuant to Section 2.14 or at any other places specified in the Retraction Notice.

3.13 Notes due on Retraction Date

Upon a Retraction Notice being given in accordance with Section 3.11, the Retraction Amount with respect to the Series 1 Notes to be so redeemed shall, in the case of Series 3 Notes, be and become due and issuable and, in the case of cash, shall be and become due and payable, on the Redemption Date specified in such notice and with the same effect as if it were the Maturity Date of such Series 1 Notes.

ARTICLE 4
SUBORDINATION TO SENIOR INDEBTEDNESS

4.1 Agreement to Subordinate

(a) Business Trust covenants and agrees, and each Noteholder, by its acceptance of any Notes, agrees, that (i) the payment of the principal and of any interest on the Notes is hereby expressly subordinated, to the extent and in the manner hereinafter set forth, in right of payment to the prior payment in full of all Senior Indebtedness, and (ii) any and all Liens, if any, as the case may be, hereinafter held by the Trustee or the Noteholders (or on their behalf) in connection with the Indebtedness of Business Trust under the Notes or any part thereof are hereafter completely subordinated to any and all Liens now or hereafter held by the holders of all Senior Indebtedness (or on their behalf) securing the Senior Indebtedness or any part thereof, notwithstanding any ranking that might otherwise be established by law resulting from the nature of the Lien which may be created in connection with the indebtedness of Business Trust under the Notes or the Senior Indebtedness or the date or time of execution, issue, delivery, registration, filing, notification, publication or perfection of any deed, document, application for registration, notice or financing statements, or otherwise howsoever.

(b) Without prejudice to the rights of any other holder of Senior Indebtedness not having done so, the benefit of this Article 4 and of any other provision hereof and of the Notes relating to the subordination and postponement thereof may be accepted at any time by or on behalf of any other holder of Senior Indebtedness by written notice to the Trustee.

4.2 Distribution on Insolvency or Liquidation

In the event of any insolvency or bankruptcy proceedings, or any dissolution, receivership, liquidation, reorganization or other similar proceedings relative to Business Trust, or to its property or assets, or in the event of any proceedings for voluntary liquidation or termination or other winding-up of Business Trust whether voluntary or involuntary and whether or not involving insolvency or bankruptcy, or in the event of any assignment for the benefit of creditors or any other marshalling of assets and liabilities of Business Trust (any of the foregoing events, whether individually or collectively, a **"Proceeding"**):

(a) the holders of all Senior Indebtedness shall be first entitled to receive payment in full of the principal thereof, premium or penalty (or any other amount payable under such Senior Indebtedness), if any, and interest due thereon (including interest accruing after the commencement of any such Proceeding at the rate specified in the instrument or agreement evidencing the Senior Indebtedness, whether or not such interest is an allowable claim in any such Proceeding), before the Noteholders are entitled to receive any payment or distribution of any kind or character, whether in cash, property or securities, which may be payable or deliverable in respect of any of the Notes;

(b) any payment by, or distribution of assets of, Business Trust of any kind or character, whether in cash, property or securities (other than securities of Business Trust or any other person provided for by a plan of reorganization or readjustment, the payment of which is subordinate at least to the extent provided in this Article 4 with respect to the Notes, to the payment of all Senior Indebtedness, provided that (i) the Senior Indebtedness is assumed by the new person, if any, resulting from such reorganization or readjustment, and (ii) without prejudice to the rights of such holders with respect to any such plan (including as to whether or not to approve same and on what conditions to do so), the rights of the holders of Senior Indebtedness are not altered

adversely by such reorganization or readjustment) to which the Noteholders or the Trustee on behalf of the Noteholders would be entitled, except for the provisions of this Article 4, are to be paid or delivered by the person making such payment or distribution, whether a trustee in bankruptcy, a receiver, a receiver manager, a liquidator or otherwise, directly to the holders of Senior Indebtedness or their representative or representatives or to the trustee or trustees under any indenture under which any instruments evidencing any of such Senior Indebtedness may have been issued, as their respective interests may appear, to the extent necessary to make payment in full of all Senior Indebtedness remaining unpaid after giving effect to any concurrent payment or distribution (or provision therefor) to the holders of such Senior Indebtedness;

(c) subject to Section 4.6, if, notwithstanding the foregoing, any payment by, or distribution of assets of, Business Trust of any kind or character, whether in cash, property or securities (other than securities of Business Trust as reorganized or readjusted or securities of Business Trust or any other person provided for by a plan of reorganization or readjustment the payment of which is subordinate, at least to the extent provided in this Article 4 with respect to the Notes, to the payment of all Senior Indebtedness, provided that (i) the Senior Indebtedness is assumed by the new person, if any, resulting from such reorganization or readjustment, and (ii) without prejudice to the rights of such holders with respect to any such plan (including as to whether or not to approve same and on what conditions to do so), the rights of the holders of Senior Indebtedness are not altered adversely by such reorganization or readjustment) is received by the Trustee on behalf of the Noteholders or the Noteholders before all Senior Indebtedness is paid in full, such payment or distribution is to be held in trust for the benefit of, and paid over to the holders of such Senior Indebtedness or their representative or representatives or to the trustee or trustees under any indenture under which any instruments evidencing any of such Senior Indebtedness may have been issued, as their respective interests may appear, for application to the payment of all Senior Indebtedness remaining unpaid until such Senior Indebtedness has been paid in full, after giving effect to any concurrent payment or distribution (or provision therefor) to the holders of such Senior Indebtedness; and

(d) any payments or distributions paid over to the holders of Senior Indebtedness pursuant to Section 4.2(c) and not applied in reduction of the amounts owing to the Noteholders hereunder is deemed not to have discharged any of the obligations of Business Trust hereunder (and, to the extent that by operation of applicable law they are treated as doing so, Business Trust covenants to indemnify the Noteholders on demand from and against any loss suffered or incurred by them in consequence thereof).

4.3 Subrogation of Notes

Subject to the payment in full of all Senior Indebtedness, the Noteholders are subrogated to the rights of the holders of Senior Indebtedness to receive payments and distributions of assets of Business Trust in respect of and on account of Senior Indebtedness, to the extent of the application thereto of moneys or other assets which would have been received by the Noteholders, but for the provisions of this Article 4, until the principal of and interest, if any, on the Notes is paid in full. No payment or distribution of assets of Business Trust to the Noteholders which would be payable or distributable to the holders of Senior Indebtedness pursuant to this Article 4 is, as among Business Trust, its creditors (other than the holders of Senior Indebtedness) and the Noteholders, deemed to be a payment by Business Trust to or on account of the Noteholders, it being understood that the provisions of this Article 4 are, and are intended, solely for the purpose of defining the relative rights of the Noteholders, on the one hand, and the holders of the Senior Indebtedness, on the other hand. Nothing contained in this Article 4 or elsewhere in this Indenture or in the Notes is intended to or impairs, as between Business Trust and its creditors (other than the holders of Senior Indebtedness and the Noteholders), the obligation of Business Trust, which is

unconditional and absolute, to pay to the Noteholders the principal of and interest, if any, on the Notes, as and when the same become due and payable in accordance with their terms, or to affect the relative rights of the Noteholders and the creditors of Business Trust, other than the holders of the Senior Indebtedness, nor does anything herein or therein prevent the Trustee or the Holder of any Notes from exercising all remedies otherwise permitted by applicable law upon default under this Indenture, subject to the rights, if any, under this Article 4, of the holders of Senior Indebtedness upon the exercise of any such remedy.

4.4 No Payment to Noteholders if Maturity of or Event of Default under the Senior Indebtedness

(a) Upon the maturity of any Senior Indebtedness by lapse of time, acceleration or otherwise, then, except as hereinafter otherwise provided in subsection 4.4(e), all principal of and premium or penalty (or any other amounts payable under such Senior Indebtedness), if any, and interest on all such matured Senior Indebtedness are to be first paid in full or to have been first duly provided for, before any payment on account of principal of and interest on, if any, the Notes is made.

(b) Except as hereinafter otherwise provided in subsection 4.4(e), Business Trust shall not make any payment, and the Noteholders are not entitled to demand, institute proceedings for the collection of, or receive any payment or benefit (including by compensation, set-off, combination of accounts or realization of security or otherwise in any manner whatsoever) on account of the indebtedness represented by the Notes (i) in a manner inconsistent with the terms (as they exist on the date hereof) of this Indenture or of the Notes, or (ii) at any time when a default or an event of default, as defined or described in any Senior Indebtedness or any instrument evidencing the same, permitting, by the lapse of time or giving of notice, the holders thereof to accelerate the maturity thereof, has occurred under Senior Indebtedness having an outstanding principal amount of $10 million or more and is continuing and notice of such default or event of default has been given by or on behalf of the holders of Senior Indebtedness to Business Trust and the Trustee, in each case, unless and until such Senior Indebtedness has been paid and satisfied in full, or unless and until such default or event of default has been cured or waived or has ceased to exist in accordance with the provisions of such Senior Indebtedness. If, notwithstanding the foregoing, Business Trust makes any payment of principal of, or interest on the Notes after the happening of such a default, then, except as hereinafter otherwise provided, unless and until such default has been cured or waived or has ceased to exist, such payments are to be in trust for the benefit of, and if and when such Senior Indebtedness becomes due and payable are to be paid over to, the holders of the Senior Indebtedness or their representative or to the trustee under any indenture under which any instruments evidencing any of the Senior Indebtedness may have been issued, as their respective interests may appear, for application to the payment of all Senior Indebtedness in default remaining unpaid until all such Senior Indebtedness has been paid in full, after giving effect to any concurrent payment or distribution to the holders of such Senior Indebtedness in respect thereof.

(c) The fact that any payment which is required to be made pursuant to this Indenture or the Notes is prohibited by this Section 4.4 does not prevent the failure to make such payment from being an Event of Default hereunder.

(d) Business Trust shall not grant and the Trustee and the Noteholders are not entitled to receive any mortgage, charge, hypothec, assignment, pledge or other security interest against any of the property, assets or undertaking of Business Trust or any of its subsidiaries or affiliates without the prior written consent of the holders of the Senior Indebtedness (other than trade creditors).

(e) For greater certainty but without limiting the generality of the foregoing, this Section 4.4 is not to be construed so as to prevent the Trustee from receiving and retaining any payments on account of Notes which are made (i) in a manner that is consistent with the terms of this Indenture or of the Notes, (ii) at any time when no default or event of default, as defined or described in any Senior Indebtedness or any instrument evidencing the same, permitting, by the lapse of time or giving of notice, the holders thereof to accelerate the maturity thereof, has occurred and is continuing, or (iii) at any time when a default or event of default, as defined or described in any Senior Indebtedness or any instrument evidencing the same, has occurred in respect of which default or event of default notice has not been given by or on behalf of the holders of Senior Indebtedness to Business Trust and to the Trustee.

4.5 Authorization

Each Noteholder, by his acceptance thereof, authorizes and directs the Trustee, on his behalf, to take such action as may be necessary or appropriate to effect the subordination provided for in this Article 4, including, entering into a subordination agreement with any holder or representative of any class of Senior Indebtedness, and appoints the Trustee his or her attorney-in-fact for any and all such purposes. Upon any payment or distribution of assets of Business Trust referred to in this Article 4, including, pursuant to a subordination agreement with any holder or representative of any class of Senior Indebtedness, the Trustee and the Noteholders are entitled to call for and rely upon a certificate, addressed to the Trustee or to the Noteholders, of the person making any such payment or distribution for the purpose of ascertaining the persons entitled to participate in such distribution, the holders of the Senior Indebtedness and other indebtedness of Business Trust, the amount thereof payable thereon, the amount or amounts paid or distributed thereon and all other facts pertinent thereto or to this Article 4.

4.6 Knowledge of Trustee

Notwithstanding the provisions of this Article 4, the Trustee is not charged with knowledge of the existence of any facts that would prohibit the making of any payment of moneys to or by the Trustee, or the taking of any other action by the Trustee, unless and until the Trustee has received written notice thereof from Business Trust, any Noteholder or any holder or representative of any class of Senior Indebtedness or on its behalf.

4.7 Trustee May Hold Senior Indebtedness

The Trustee is entitled to all the rights set forth in this Article 4 with respect to any Senior Indebtedness at the time held by it, to the same extent as any other holder of Senior Indebtedness, and nothing in this Indenture deprives the Trustee of any of its rights as such holder.

4.8 Rights of Holders of Senior Indebtedness Not Impaired

No right of any present or future holder of any Senior Indebtedness to enforce the subordination herein is at any time or in any way prejudiced or impaired by any act or failure to act on the part of Business Trust or by any non-compliance by Business Trust with the terms, provisions and covenants of this Indenture, regardless of any knowledge thereof any such holder may have or be otherwise charged with.

4.9 Altering the Senior Indebtedness

The holders of the Senior Indebtedness have the right to extend, renew, modify or amend the terms of the Senior Indebtedness or any security therefor and to release, sell or exchange such security

and otherwise to deal freely with Business Trust, all without notice to or consent of the Noteholders or the Trustee and without affecting the liabilities and obligations of the parties to this Indenture or the Noteholders or the Trustee.

4.10 Additional Indebtedness

This Indenture does not restrict Business Trust from incurring additional Indebtedness or granting Liens on its properties to secure any Indebtedness.

4.11 Obligations Created by Article 4

Each of Business Trust and the Trustee agrees, and each Holder of a Note, by his or her acceptance thereof, likewise agrees, that:

(a) the provisions of this Article 4 are an inducement and consideration to each holder of Senior Indebtedness to give or continue to give credit to Business Trust or others or to acquire Senior Indebtedness;

(b) each holder of Senior Indebtedness may accept the benefit of this Article 4 on the terms and conditions set forth in this Article 4 by giving or continuing to give credit to Business Trust or others or by acquiring Senior Indebtedness, in each case without notice to the Trustee or any Holder and without establishing actual reliance on this Article 4; and

(c) each obligation created by this Article 4 is created for the benefit of the holders of Senior Indebtedness and is hereby declared to be created in trust for those holders by Business Trust, the Trustee and each Noteholder and is binding on Business Trust, the Trustee and each Holder of a Note whether any confirmation of such subrogation is requested, executed or delivered.

4.12 No Set-Off

Each of Business Trust and the Trustee agrees, and each Noteholder, by his acceptance thereof, likewise agrees, that it has no rights of set-off or counterclaim with respect to the principal of and interest on the Notes at any time when any payment of, or in respect of, such amounts to the Trustee or the Holders is prohibited by this Article 4 or is otherwise required to be paid to the holders of Senior Indebtedness or their representative or to the trustee under any indenture pursuant to which any instruments evidencing any of such Senior Indebtedness have been issued, as their respective interests may appear.

4.13 Amendments to Article 4

Each of Business Trust and the Trustee agrees, and each Noteholder, by his acceptance thereof, likewise agrees, not to make any changes to (i) this Article 4, (ii) the definition of Senior Indebtedness, or (iii) any other provision of this Indenture that makes reference to this Article 4 or any provision of this Article 4, which materially prejudices the rights of the holders of Senior Indebtedness under this Article 4 without the consent of each holder of Senior Indebtedness (other than trade creditors), or their representative or the trustee under any indenture under which any instruments evidencing any of such Senior Indebtedness may have been issued.

4.14 Paramountcy of Subordination Agreement

If there is a conflict or discrepancy between the terms of this Article 4 and a subordination agreement entered into between the Trustee, Business Trust and a holder or representative of any class of Senior Indebtedness, the terms of such subordination agreement are paramount.

ARTICLE 5
COVENANTS OF BUSINESS TRUST

5.1 General Covenants

Business Trust covenants with the Trustee that so long as any of the Notes remain outstanding:

(a) subject to Article 4, it will duly and punctually pay or cause to be paid to every Noteholder, or to the Trustee on behalf of every Noteholder, all principal thereof and accrued interest, if any, on the Notes, at the dates and places, in the currency and in the manner provided for in this Indenture and in the Notes;

(b) it will carry on and conduct, and will cause to be carried on and conducted, its business in a proper and efficient manner and do or cause to be done all things necessary to preserve and keep in full force and effect its existence as a trust, provided that Business Trust may cease to operate any business, premises, property or operations or dispose of or allow to lapse any of its rights or franchises if, in the opinion of Business Trust, it would be advisable and in the best interests of Business Trust to do so; but Business Trust may not cease to operate or dispose of all or substantially all of its undertaking or assets, except in accordance with Article 8, and it will keep or cause to be kept proper books of account, and will if and whenever required in writing by the Trustee, forthwith file with the Trustee copies of all annual and periodic reports of Business Trust furnished to its unitholders after the date hereof, and at all reasonable times it will furnish or cause to be furnished to the Trustee or its duly authorized agent or attorney such information relating to its business as the Trustee may reasonably require;

(c) generally, it will duly and punctually perform and carry out all of the acts or things to be done by it as provided in this Indenture;

(d) it will annually, within 90 days of the end of each fiscal year of Business Trust, or at such other times as requested by the Trustee, acting reasonably, deliver to the Trustee an Officer's Certificate confirming that it has complied with all requirements contained in this Indenture that, if not complied with, would, with the giving of notice, lapse of time or otherwise, constitute an Event of Default, or, if there has been any failure to comply, giving particulars thereof;

(e) subject to Article 4, in order to prevent any accumulation after maturity of unpaid interest, it will not, except with the approval of the Noteholders expressed by Special Resolution, directly or indirectly, extend or assent to the extension of time for payment of any interest payable hereunder or be a party to or approve any such arrangement by funding any of such interest or in any other manner. In case the time for payment of any such interest is so extended, whether for a definite period or otherwise, Noteholders are not entitled in case of default hereunder to the benefit of this Indenture in respect of such interest, except subject to the prior payment in full of the principal of all Notes then outstanding and of all interest on such Notes, the payment of which has not been so extended;

(f) it will, forthwith upon being notified by the holders of Senior Indebtedness of any default or event of default as contemplated in subsection 4.4(b), notify the Trustee of such default or event of default;

(g) it will give to the Trustee written notice, including reasonably detailed particulars, of any action, suit or proceeding, commenced against Business Trust or any of its subsidiaries before any Governmental Authority which could reasonably be expected to result in any material adverse change in Business Trust's assets or condition, financial or otherwise, or the business, operations, prospects, assets or condition, financial or otherwise, of any of its subsidiaries;

(h) it will pay or discharge or cause to be paid or discharged, before the same shall become delinquent all material taxes, assessments and governmental charges levied or imposed upon Business Trust or upon the income, profits or property of Business Trust which, if unpaid, might by law become a Lien upon the property of Business Trust provided, however, that Business Trust shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings;

(i) it will do, observe and perform or cause to be done, observed or performed all of its obligations under all agreements, leases, contracts and indentures, and all matters necessary to be done, observed or performed by it whether under any law or regulation of Canada, any province thereof, or any foreign country, or any municipality therein, or otherwise, in each case where non-compliance could reasonably be expected to give rise to a material adverse effect on Business Trusts assets or condition, financial or otherwise, or the business or the operations, prospects or assets or the condition, financial or otherwise of its subsidiaries, taken as a whole; and

(j) it will notify the Trustee promptly upon becoming aware of any Event of Default hereunder.

5.2 Trustee's Remuneration and Expenses

Business Trust will pay, or cause to be paid, to the Trustee from time to time such reasonable remuneration for its services hereunder as negotiated by Business Trust and the Trustee, and Business Trust will pay or reimburse the Trustee, or cause to be paid or reimbursed to the Trustee, upon its request for all expenses, disbursements and advances reasonably incurred or made by the Trustee in the execution of its rights, powers, duties and obligations hereunder and in the administration or execution of the trusts hereby created (including the compensation and disbursements of its Counsel and all other advisers and assistants not regularly in its employ), both before any default hereunder and thereafter until all duties of the Trustee hereunder are finally and fully performed, except any such expense, disbursement or advance as may arise principally and directly from the gross negligence or wilful misconduct of the Trustee. Any amount due under this section and unpaid 45 days after a request for such payment bears interest at the then current rate charged by the Trustee. After default all amounts so payable and the interest thereon are payable out of any funds coming into the possession of the Trustee in priority to the principal of and interest on, if any, the Notes.

5.3 Trustee to Give Notice of Default

The Trustee shall notify Business Trust and the Noteholders in the manner provided in Section 12.1 promptly (but in no event later than 30 days) after the Trustee becomes aware of any default on the part of Business Trust in the performance of any covenant or condition herein or of the occurrence of any Event of Default, of every such default or Event of Default, as the case may be.

5.4 Performance of Covenants by Trustee

If Business Trust fails to perform any of its covenants contained in this Indenture, the Trustee may itself perform any of such covenants capable of being performed by it, but is under no obligation to do so. All sums so expended or advanced by the Trustee are repayable as provided in Section 5.2. No such performance or advance by the Trustee is deemed to relieve Business Trust of a default hereunder.

5.5 Negative Covenants

(a) If an Event of Default has occurred and is continuing, Business Trust shall not declare or make any distributions in respect of the Business Units.

(b) Except as permitted by Section 8.1, neither Business Trust nor any of its subsidiaries will enter, directly or indirectly, into any transaction or group of related transactions (including, without limitation, the purchase, lease, sale or exchange of properties of any kind or the rendering of any service) with any affiliate (other than Business Trust or any subsidiary of Business Trust), except upon fair and reasonable terms no less favourable to the Business Trust or subsidiary that would be obtainable in comparable arm's-length transaction with a person not an affiliate (which determination, if made by the trustees or the board of directors of the relevant person, shall be conclusive).

(c) Except as set forth in Section 8.1, Business Trust shall not, nor shall it permit any of its subsidiaries to, sell all or substantially all of its assets.

5.6 Third Party Interests

Business Trust hereby represents to the Trustee that any account to be opened by, or interest to be held by, the Trustee in connection with this Indenture, for or to the credit of Business Trust, either (a) is not intended to be used by or on behalf of any third party, or (b) is intended to be used by or on behalf of a third party, in which case such Business Trust agrees to complete and execute forthwith a declaration in the Trustee's prescribed form as to the particulars of such third party.

ARTICLE 6
DEFAULT AND ENFORCEMENT

6.1 Events of Default

Each of the following events is herein referred to as an "**Event of Default**":

(a) a default is made by Business Trust in the payment of any principal due on any of the Notes of any series when the same becomes due under any provision hereof or under the Notes as required hereunder or thereunder and such default has continued for 30 or more days;

(b) a default is made by Business Trust in the payment of any interest due on the Notes and such default has continued for 90 days;

(c) a default is made by Business Trust in the performance of, or if there is a breach by Business Trust of, any other covenant or agreement of this Indenture which has continued for 30 or more days after notice in writing has been given to the Business Trustee specifying such default and requiring the Business Trust to rectify the same;

(d) if a proceeding or case is commenced against Business Trust, except in the course of carrying out, or pursuant to, a transaction which is permitted by Article 8, in any court of competent jurisdiction, seeking (i) its reorganization, liquidation, termination or winding-up, or the composition or readjustment of its debts, (ii) the appointment of a receiver, custodian, liquidator or the like of Business Trust or all or any substantial part of its property, or (iii) similar relief in respect of Business Trust under any law relating to bankruptcy, insolvency, reorganization, winding-up or composition or adjustment of debts, and such proceeding or case has continued undismissed, or an order, judgment or decree approving or ordering any of the foregoing has been entered and has continued unstayed and in effect, for 60 or more days, or an order for relief against Business Trust shall be entered in an involuntary case under the *Bankruptcy and Insolvency Act* (Canada) (as amended, the **"Bankruptcy Act"**);

(e) if Business Trust has (i) applied for or consented to the appointment of, or the taking of possession by, a receiver, custodian, examiner, liquidator or the like of itself or of all or any substantial part of its assets, (ii) made a general assignment for the benefit of its creditors, (iii) commenced a voluntary case under the Bankruptcy Act or any other similar foreign statute, (iv) instituted any proceeding or file a petition seeking to take advantage of any other law relating to bankruptcy, insolvency, reorganization, liquidation, termination, winding-up or composition or readjustment of debts, (v) failed to contest in a timely and appropriate manner, or acquiesce in writing to, any petition filed against it in an involuntary case under the Bankruptcy Act or any other similar foreign statute, or (vi) taken any action for the purpose of effecting any of the foregoing;

(f) any encumbrancer takes possession of, in the opinion of Counsel to the Trustee, all or substantially all of the assets of Business Trust, or of any material subsidiary thereof, or if a distress or execution or any similar process is enforced against such property and remains unsatisfied for so long as would permit any part of such property to be sold thereunder, or if a custodian or sequestrator or a receiver and manager or any other officer with similar powers is appointed for Business Trust, or for any material subsidiary thereof, or for all or substantially all of the assets of Business Trust, or of any material subsidiary thereof, and Business Trust, or such material subsidiary thereof, shall have failed to pay the amount owing and satisfy the claim and discharge or terminate any such encumbrance, distress, execution or other process or appointment within 60 days;

(g) Business Trust ceases to own any limited partnership units of the Partnerships; and

(h) the Partnerships or any material subsidiary thereof ceases to carry on, in the ordinary course, its business or a substantial part thereof.

6.2 Acceleration on Default

If any Event of Default has occurred and is continuing, the Trustee may in its discretion and shall, if so directed by a Special Resolution and upon being indemnified and funded to its reasonable satisfaction, subject to the provisions of Section 6.3, declare the principal of and interest on, if any, all Notes then outstanding and all other moneys payable hereunder to be due and payable and the same shall forthwith become immediately due and payable to the Trustee on written demand, anything therein or herein to the contrary notwithstanding. Subject to Article 4, Business Trust shall, in either case, forthwith pay to the Trustee for the benefit of the Noteholders the principal of and accrued and unpaid interest on, if any, such Notes and all other moneys payable hereunder, together with subsequent interest thereon at the rate of interest otherwise payable thereon from the date of such declaration until the date payment is received by the Trustee, such subsequent interest to be payable at the times and places and according to

the tenor of the Notes. Such payment when made is deemed to have been made in discharge of Business Trust's obligations hereunder and any moneys so received by the Trustee are to be applied in the manner provided in Section 6.6.

6.3 Waiver of Default or Breach

Where any Event of Default hereunder has occurred:

(a) the Holders of not less than 66⅔% in principal amount of the Notes then outstanding may (in addition to and subject to the powers exercisable by Special Resolution) by instrument in writing instruct the Trustee to waive the default or to annul any declaration or demand made by the Trustee pursuant to Section 6.2, and the Trustee shall thereupon waive the default or annul such declaration or demand upon such terms and conditions as such Noteholders may prescribe; and

(b) the Trustee, so long as it has not become bound to institute any proceedings hereunder, may waive the default if, in the Trustee's opinion, relying upon the advice of Counsel, the same has been cured or adequate satisfaction made therefore, and in such event will annul any such declaration or demand therefore made by the Trustee in the exercise of its discretion, upon such terms and conditions as the Trustee may deem advisable, provided, however, that no act or omission of the Trustee or the Noteholders extends to or is to be taken in any manner whatsoever to affect any subsequent default or the rights resulting therefrom. The Trustee may waive or authorize any breach or proposed breach of any of the terms, conditions or provisions of this Indenture or the Notes if, in the opinion of the Trustee, relying on the advice of Counsel, such breach or proposed breach is not materially prejudicial to the interests of the Noteholders.

6.4 Proceedings by the Trustee

(a) Whenever any Event of Default hereunder has occurred and is continuing, but subject to the provisions of Article 4 and Section 6.3 and to the provisions of any Special Resolution:

(i) the Trustee, in the exercise of its discretion and without further notice, may proceed to enforce the rights of the Trustee and the Noteholders by any action, suit, remedy or proceeding authorized or permitted by law and may file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and of the Holders lodged in any bankruptcy, termination or other proceedings relative to Business Trust (provided the Trustee has been indemnified and funded to its reasonable satisfaction against all costs and expenses to be incurred by the Trustee in connection with such an action or proceeding); and

(ii) if so directed by a Special Resolution and, upon being indemnified and funded to its satisfaction as provided in Section 11.2, the Trustee shall exercise or take such one or more of such remedies as the Special Resolution may direct or, if such Special Resolution contains no direction, as the Trustee may deem expedient.

(b) No delay or omission of the Trustee or of the Noteholders to exercise any remedy referred to in this paragraph impairs any such remedy or is to be construed to be a waiver of any default hereunder or acquiescence therein.

(c) Business Trust is liable to the Trustee for all costs incurred by the Trustee in connection with the enforcement of rights under this Indenture.

(d) No remedy for the enforcement of the rights of the Trustee or of the Noteholders is exclusive of or dependent on any other remedy but any one or more remedies may from time to time be exercised independently or in combination.

(e) Upon the exercise or taking by the Trustee of any remedies, whether or not a declaration and demand have been made pursuant to Section 6.2, the principal and interest on, if any, all Notes and other moneys payable under Section 6.2 forthwith become due and payable to the Trustee as though such a declaration and a demand therefor had actually been made.

(f) All rights of action hereunder may be enforced by the Trustee, without the possession of any of the Notes or the production thereof on the trial or other proceedings relative thereto.

6.5 Suits by Noteholders

No Noteholder has the right to institute any action or proceedings or to exercise any other remedy authorized by this Indenture for the purpose of enforcing any right hereunder or under any Note or for the execution of any trust or power hereunder or for the appointment of a liquidator or receiver or for a receiving order under any bankruptcy legislation or to have Business Trust terminated or to file or prove a claim in any liquidation or bankruptcy proceedings, unless a Special Resolution and indemnity referred to in Section 11.2 have been tendered to the Trustee and the Trustee has failed to act within a reasonable time thereafter. In such case, but not otherwise, any Noteholder acting on behalf of himself and all other Noteholders is entitled to take proceedings in any court of competent jurisdiction such as the Trustee might have taken under Section 6.4. No one or more Noteholders have any right in any manner whatsoever to affect, disturb or prejudice the rights hereby created by his or their action, or to enforce any right hereunder or under any Note, except subject to the conditions and in the manner herein provided, and all powers and trusts hereunder are to be exercised and all proceedings at law instituted, held and maintained by the Trustee, except only as herein provided, and in any event for the equal benefit of all Noteholders.

6.6 Application of Moneys Received by Trustee

Except as otherwise herein provided, the Trustee will hold moneys arising from any enforcement hereof in trust and will apply those moneys together with any other moneys then or thereafter in the hands of the Trustee available for the purpose, as follows:

(a) first, in payment or reimbursement to the Trustee of the reasonable remuneration, expenses, disbursements and advances of the Trustee earned, incurred or made in the execution of its obligations and responsibilities hereunder and in the administration or execution of any trusts hereunder or otherwise in relation to this Indenture with interest thereon as herein provided;

(b) thereafter in or towards payment, rateably and proportionately, firstly of the principal of the Notes, secondly of the accrued and unpaid interest on the Notes, and thirdly of the other moneys payable hereunder, unless the order or priority of payment is otherwise directed by Special Resolution and, in that case, in such order or priority as between such principal and interest as may be directed by such Special Resolution; and

(c) lastly, payment of the surplus (if any) of such moneys to Business Trust or its assigns, unless otherwise required by law.

6.7 Distribution of Proceeds

Payments to Holders pursuant to section 6.6 are to be made as follows:

(a) The Trustee will give at least 10 days' notice of every such payment to the Noteholders in the manner provided in Section 12.1 specifying the time when and the place or places where the Notes are to be presented and the amount of the payment and the application thereof as between principal, interest and any other moneys payable hereunder.

(b) The Trustee will make payment of any Note upon presentation thereof at any one of the places specified in such notice. Any such Note thereby paid in full is to be surrendered upon such payment and otherwise such payment is to be recorded by endorsement thereon; but the Trustee may in its discretion dispense with presentation and surrender in any special case upon such indemnity being given as it deems sufficient.

(c) From and after the date of payment specified in the notice, interest accrues only on the amount owing on each Note after giving credit for the amount of the payment specified in such notice, unless such Note is duly presented on or after the date so specified and payment of such amount is not made.

(d) The Trustee is not required to make any interim payment to Noteholders, unless the moneys in its hands, after reserving therefrom such amount as the Trustee considers necessary to provide for the payments mentioned in subsection 6.6(a), exceed 5% of the principal amount of the Notes.

6.8 Immunity of Business Trustee, etc.

The Noteholders and the Trustee hereby waive and release any right, cause of action or remedy now or hereafter existing in any jurisdiction, except for rights provided in any applicable securities legislation, against any past, present or future settlor, trustee, officer, director, employee or agent of the Business Trustee, holder of Business Units or officer, employee or agent of Business Trust for the payment of the principal or interest on any of the Notes or on any covenant, agreement, representation or warranty by Business Trust herein or contained in the Notes; provided, however, that nothing in this Section 6.8 prevents recourse to and the enforcement of liability of any such settlor, trustee, officer, director, employee or agent of the Business Trustee, holder of Business Units, or officer, employee or agent of Business Trust based upon the wilful misconduct or fraud of such settlor, trustee, officer, director, employee or agent of the Business Trustee, holder of Business Units, or officer, employee or agent of Business Trust.

6.9 Remedies Cumulative

Each and every remedy herein conferred upon or reserved to the Trustee, or upon or to the Noteholders, to the extent permitted by law, is cumulative and is in addition to every other remedy given hereunder or now existing or hereafter to exist by law.

6.10 Judgment Against Business Trust

Business Trust covenants and agrees with the Trustee that, in case of any proceedings to obtain judgment for the principal of or interest on, if any, the Notes, judgment may be rendered against it in favour of the Noteholders hereunder, or in favour of the Trustee, as holder of the power of attorney for all the Noteholders, for any amount which may remain due in respect of the Notes and interest thereon and any other moneys payable hereunder by Business Trust.

6.11 Limitation of Liability in Respect of Business Trust

(a) The parties acknowledge that the Business Trustee, officers, directors and employees of the Business Trustee, Petrowest Energy Services General Partner Ltd. and officers, directors and employees of Petrowest Energy Services General Partner Ltd., and in incurring any debts, liabilities or obligations, or in taking or omitting any other actions for or in connection with the affairs of Business Trust are, and are conclusively deemed to be, acting for and on behalf of Business Trust, and not in their own personal capacities. The parties further acknowledge that none of the Business Trustee, officers, directors or employees of the Business Trustee, Petrowest Energy Services General Partner Ltd. nor officers, directors and employees of Petrowest Energy Services General Partner Ltd. are subject to any personal liability for any debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses (including legal expenses) against or with respect to Business Trust or in respect to the affairs of Business Trust, that no property or assets of the Business Trustee, officers, directors and employees of the Business Trustee, Petrowest Energy Services General Partner Ltd. or officers, directors and employees of Petrowest Energy Services General Partner Ltd., owned in their personal capacity or otherwise, are subject to any levy, execution or other enforcement procedure with regard to any obligations under this Indenture and that no recourse may be had or taken in respect of this Agreement, directly or indirectly, against the Business Trustee, officers, directors and employees of the Business Trustee, Petrowest GP, officers, directors and employees of Petrowest GP or any of the officers of Business Trust in their personal capacity or against any of their successors, heirs, executors, administrators or legal representatives. Business Trust is solely liable therefor and resort is to be had solely to the property and assets of Business Trust for payment or performance thereof.

(b) No unitholder of Business Trust is subject to any personal liability whatsoever, in tort, contract or otherwise, to any party to this Indenture in connection with the obligations or the affairs of Business Trust or the acts or omissions of the Business Trustee or officers of Business Trust or any other person under this Indenture and the other parties hereto shall look solely to the property and assets of Business Trust for satisfaction of claims of any nature arising out of or in connection therewith and the property and assets of Business Trust only are subject to levy or execution.

ARTICLE 7
SATISFACTION AND DISCHARGE

7.1 Cancellation and Destruction

All Notes are to be delivered to the Trustee or to a person appointed by it or by Business Trust with the approval of the Trustee forthwith after full payment thereof and, upon such payment having been made in accordance with this Indenture, are hereby considered to have been cancelled and no longer outstanding hereunder. All Notes cancelled or required to be cancelled under this or any other provision of this Indenture may be destroyed by or under the direction of the Trustee (in the presence of a representative of Business Trust, if Business Trust shall so require) and the Trustee shall prepare and retain a certificate of such destruction and deliver a duplicate thereof to Business Trust.

7.2 Non-Presentation of Notes

If a Noteholder fails to present the Note(s) for payment on the date on which the principal thereon or represented thereby becomes payable at maturity or otherwise or fails to accept payment on account thereof or give such receipt therefor, as may be required by the Trustee:

(a) Business Trust may pay to the Trustee and direct it to set aside; or

(b) in respect of moneys in the hands of the Trustee which may or should be applied to the payment of the Notes, Business Trust may direct the Trustee to set aside,

the principal and interest in trust to be paid without interest to the Holder of such Note, upon due presentation or surrender thereof in accordance with the provisions of this Indenture; and thereupon the principal and interest payable on or represented by each Note in respect whereof such moneys have been set aside are deemed to have been paid and the Holder thereof thereafter has no right in respect thereof, except that of receiving payment of the moneys so set aside by the Trustee upon due presentation and surrender thereof, subject always to the provisions of Section 7.3.

7.3 Repayment of Unclaimed Moneys to Business Trust

Any moneys in the hands of the Trustee and set aside under section 7.2 and not claimed by and paid or delivered as provided in Section 7.2 to Holders of Notes within five years after the date of such setting aside are to be repaid to Business Trust by the Trustee on demand or otherwise as required by the provisions of applicable laws of public order, and thereupon the Trustee is released from all further liability with respect to such moneys and thereafter the Holders of the Notes in respect of which such moneys were so repaid or delivered to Business Trust have no rights in respect thereof, except to obtain payment of the moneys due thereon from Business Trust. For clarity, the repayment of any moneys to Business Trust pursuant to this section does not constitute or result in an Event of Default and Business Trust (and its subsidiaries) are not restricted, in any manner, from conducting its activities and affairs, including all matters contemplated in this Indenture, as a result of such repayment or the rights of any Noteholder(s) to receive such repaid amount (in whole or in part) as due to it.

7.4 Release from Covenants

Upon Written Request and proof being given to the reasonable satisfaction of the Trustee that:

(a) the principal of all the Notes and interest thereon, if any, and other moneys payable hereunder have been paid or satisfied, or that all the outstanding Notes having matured, such payments have been duly and effectually provided for by payment to the Trustee or otherwise; and

(b) the Business Deed of Trust has been amended to delete any right or obligation of Business Trust to issue Series 2 Notes to satisfy all or part of the redemption price of Business Units,

and upon payment of all costs, charges and expenses properly incurred by the Trustee in relation to these presents and all interest thereon and the remuneration of the Trustee, or upon provision satisfactory to the Trustee being made therefor, the Trustee shall, at the request and at the expense of Business Trust, execute and deliver to Business Trust such deeds or other instruments as shall be requisite to release Business Trust from the terms of the Indenture and the Notes, except those terms of the Indenture relating to the indemnification of the Trustee.

ARTICLE 8
CONSOLIDATION, MERGER, CONVEYANCE OR TRANSFER

8.1 Certain Requirements in Respect of Merger, etc.

Subject to the approvals required pursuant to the Business Deed of Trust, Business Trust shall not enter into any transaction (whether by way of merger, consolidation, reorganization, lease, sale,

conveyance, transfer, or otherwise) whereby all or substantially all of its undertaking or assets would become the property of any other person as long as any Notes are outstanding or may be issued pursuant to the Business Deed of Trust (other than pursuant to arrangements for the giving of collateral in respect of a debt made in good faith), unless:

(a) such other person (the "**Successor**") is a trust, partnership or corporation constituted under the laws of a province of Canada or the laws of Canada;

(b) the Successor executes, prior to, concurrently with, or immediately following the consummation of such transaction, such indenture supplemental hereto and other instruments (if any) as are satisfactory to the Trustee and in the opinion of Counsel necessary or advisable to evidence the assumption by the Successor of the liability for the due and punctual payment of all the Notes and the interest thereon, if any, and all other moneys payable hereunder and the covenant of such Successor to pay the same and its agreement to observe and perform all the covenants and obligations of Business Trust under this Indenture and the Notes;

(c) such transaction is to the satisfaction of the Trustee and in the opinion of Counsel upon such terms as substantially required to preserve and not to impair any of the rights and powers of the Trustee and of the Noteholders hereunder; and

(d) at the time of or immediately after the consummation of such transaction, no condition or event exists which constitutes or which would, after the lapse of time or giving of notice or both, constitute an Event of Default hereunder.

8.2 Vesting of Powers in Successor

Upon satisfaction of the conditions of Section 8.1, the Successor succeeds to and be substituted for Business Trust with the same effect as if the Successor had been named herein and the Successor possesses and from time to time may exercise each and every right and power of Business Trust under this Indenture in the name of Business Trust or otherwise and any act or proceeding by any provisions of this Indenture required to be done or performed by any trustees or officers of Business Trust may be done and performed with like force and effect by the like trustees (if any), directors (if any) or officers of such Successor.

8.3 Execution of Supplemental Indenture

Upon being satisfied that the conditions of Section 8.1 have been duly observed and performed, the Trustee shall execute any supplemental indenture required, as provided in Article 10.

ARTICLE 9
MEETINGS OF NOTEHOLDERS

9.1 Right to Convene Meeting

The Trustee may at any time call meetings of the Noteholders at such time and place as the Trustee determines. Noteholders or the Business Trustee may, by Noteholders' Request or Written Request, respectively, requisition the Trustee to call a meeting of the Noteholders for the purposes stated in the requisition. To be valid for the purposes hereof, the requisition must state in reasonable detail the business to be transacted at the meeting and must be sent to the Trustee at its principal corporate office in Calgary and to Business Trust and the Business Trustee at the head office of Business Trust. Upon receiving the requisition, the Trustee shall, subject to being indemnified and funded to its reasonable

satisfaction by Business Trust or by the Noteholders signing such requisition against the costs which may be incurred in connection with the calling and holding of such a meeting, call a meeting of Noteholders to transact the business referred to in the requisition, unless:

(a) a record date for a meeting of the Noteholders has been fixed;

(b) the Trustee has called a meeting of the Noteholders and has given notice thereof pursuant to Section 9.2; or

(c) in connection with the business as stated in the requisition:

(i) the requisition is not submitted to the Trustee at least 90 days before the date of the next scheduled meeting, if any, of the Noteholders;

(ii) it clearly appears that the matter covered by the requisition is submitted by the Noteholders primarily for the purpose of enforcing a personal claim or redressing a personal grievance against Business Trust, the Trustee, the Business Trustee, the officers of Business Trust or the holders of Business Units, or primarily for the purpose of promoting general economic, political, religious, social or similar causes;

(iii) the Trustee, at one or more Noteholders' Request, included a matter covered by a requisition on an order of business relating to a meeting of Noteholders held within two years preceding the receipt of such request and such Noteholders failed to present the matter, in person or by proxy, at the meeting;

(iv) substantially the same matter covered by the requisition was submitted to Noteholders at a meeting of Noteholders held within two years preceding the receipt of the Noteholders' Request and the matter covered by the requisition was defeated; or

(v) it clearly appears that the rights conferred by this Section 9.1 are being abused to secure publicity.

If the Trustee does not, within 21 days after receiving the requisition, call a meeting, any Noteholders who signed the requisition or the Business Trustee, as the case may be, may call the meeting in accordance with the provisions of Sections 9.2 and 9.9, *mutatis mutandis*. If there is no Trustee, Business Trust shall promptly appoint a successor Trustee in the manner provided in Section 11.9.

9.2 Notice of Meeting of Noteholders

The Trustee will mail or deliver, or cause the mailing or delivery of, notice of all meetings in compliance with the terms of this Indenture of the Noteholders to each Noteholder and the Business Trustee in the manner provided in Section 12.1 and to the auditors of the Business Trust not less than 21 nor more than 50 days (or within such other days as required by law) before the meeting but may be waived in writing by any Noteholders either before or after such meeting. The attendance of a Noteholder at a meeting constitutes a waiver of notice of such meeting except where a Noteholder attends a meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting has not been lawfully called or convened. To be valid for the purposes hereof, notice of any meeting of the Noteholders must state the purposes of the meeting and the time and place for the meeting.

9.3 Quorum

(a) Subject to Section 9.14, a quorum for any meeting of Noteholders is formed by Noteholders present or individuals representing by proxy Noteholders, who hold in the aggregate not less than 25% in principal amount of the Notes then outstanding of all series.

(b) If a quorum of the Noteholders is not present within 30 minutes from the time fixed for holding any meeting, the meeting, if convened by the Noteholders on a Noteholders' Request, is thereupon dissolved or, in any other case the meeting, is thereupon adjourned to the same day in the next week (unless such day is not a Business Day in the place where the meeting is to be held, in which case it is thereupon adjourned to the next following Business Day in such place) at the same time and place. At the adjourned meeting, the Noteholders present in person or represented by proxy form a quorum and may transact the business for which the meeting was originally convened, notwithstanding that they may not represent 25% of the principal amount of the Notes then outstanding.

9.4 Chairman

An individual, who need not be a Noteholder, nominated in writing by the Trustee is to be chairman of the meeting and if no individual is so nominated, or if the individual so nominated is not present within 15 minutes from the time fixed for the holding of the meeting, the Noteholders present in person or by proxy shall choose an individual present to be chairman.

9.5 Power to Adjourn

The chairman of any meeting at which a quorum of the Noteholders is present may with the consent of the Holders of a majority in principal amount of Notes represented thereat and voting thereon adjourn any such meeting and no notice of such adjournment need be given, except such notice (if any) as the meeting may prescribe.

9.6 Show of Hands

Every question submitted to a meeting is decided in the first place by a majority of the votes given on a show of hands, except that a vote on any Special Resolution is to be given in the manner hereinafter provided. At any such meeting, unless a poll is required or duly demanded as herein provided, a declaration by the chairman that a resolution has been carried or carried unanimously or by a particular majority or lost or not carried by a particular majority is conclusive evidence of the fact.

9.7 Poll

On every Special Resolution, and on any other question submitted to a meeting when demanded, after a vote by a show of hands, by the chairman or by one or more of the Noteholders acting in person or by proxy and holding at least 5% of the aggregate principal amount of the Notes then outstanding, a poll is to be taken in such manner as the chairman directs. Questions other than Special Resolutions are decided by the votes of the Holders of a majority of the aggregate principal amount of the Notes represented at the meeting who voted on the poll.

9.8 Voting

Holders of Notes may attend and vote at all meetings of the Noteholders either in person or by proxy. On a show of hands every individual who is present and entitled to vote, whether as a Noteholder

or as proxy for one or more absent Noteholders, or both, has one vote. On a poll, each Noteholder present in person or represented by proxy is entitled to one vote in respect of each $1 principal amount of Notes of which he is a Holder. The chairman of any such meeting does not have a second or casting vote.

9.9 Record Dates

For the purpose of determining the Noteholders who are entitled to receive notice of and vote at any meeting or any adjournment thereof, or for the purpose of any other action, the Trustee may from time to time, without notice to Noteholders, close the transfer books for such period, not exceeding 30 days, as the Trustee may determine; or with or without closing the transfer books the Trustee may fix a date not more than 60 days prior to the date of any meeting of the Noteholders or other action as a record date for the determination of Noteholders entitled to receive notice of and to vote at such meeting or any adjournment thereof or to be treated as Noteholders of record for purposes of such other action, as the case may be, and any Noteholder who was a Noteholder at the time so fixed is entitled to receive notice of and vote at such meeting or any adjournment thereof, even though he has since that date disposed of his or her Notes, and no person who becomes a Noteholder after that date is entitled to receive notice of or vote at such meeting or any adjournment thereof or to be treated as a Noteholder of record for purposes of such other action.

9.10 Proxies

(a) Whenever the vote or consent of Noteholders is required or permitted under this Indenture, such vote or consent may be given either directly by the Noteholder or by a proxy in such form as is acceptable to the Trustee acting reasonably. A proxyholder need not be a Noteholder. The Trustee may solicit such proxies from the Noteholders or any of them in any matter requiring or permitting the Noteholders' vote, approval or consent in such manner as may be required by applicable law.

(b) The Trustee may adopt, amend or repeal such rules relating to the appointment of proxyholders and the solicitation, execution, validity, revocation and deposit of proxies, as it in its discretion from time to time determine.

9.11 Resolution in Lieu of Meeting

A resolution signed in writing by Noteholders holding a proportion of the principal amount of the aggregate principal amount of all outstanding Notes equal to the proportion of the principal amount of Notes required to vote in favour thereof at a meeting of Noteholders to approve that resolution is as valid as if it had been passed at a duly called meeting of Noteholders, provided that such resolution is signed by the Trust if at the relevant time the Trust owns in excess of 25% of the said aggregate principal amount.

9.12 Business Trust and Trustee may be Represented

The officers of Business Trust, the officers and directors of the Business Trustee and representatives of the Trustee, their respective advisers (including legal advisors), and any other person permitted by the chairperson of the meeting to attend, may attend any meeting of the Noteholders but have no vote as such.

9.13 Powers Exercisable by Special Resolution

In addition to all other powers stated in this Indenture to be exercisable by Special Resolution and all other powers conferred by law, a meeting of the Noteholders shall have the following powers exercisable from time to time by Special Resolution:

(a) power to agree to any modification, abrogation, alteration, compromise or arrangement of the rights of Noteholders or the Trustee (subject to the approval of the Trustee) against Business Trust, whether such rights arise under this Indenture, the Notes or otherwise and to authorize the Trustee to concur in and to execute any deed or instrument supplemental hereto or thereto embodying any such modification, abrogation, alteration, compromise or arrangement, provided that any such modification, abrogation, alteration, compromise or arrangement has been agreed to by Business Trust;

(b) power to direct or authorize the Trustee to exercise any power, right, remedy or authority given to it by this Indenture or the Notes in any manner specified in such Special Resolution or to refrain from exercising any such power, right, remedy or authority;

(c) power to waive and direct the Trustee to waive any default on the part of Business Trust in complying with any provision of this Indenture or the Notes, or to annul and to direct the Trustee to annul any declaration in respect of such default made by the Trustee pursuant to section 6.2 either unconditionally or upon any conditions specified in such Special Resolution;

(d) power, with the approval of Business Trust, to sanction the exchange of Notes for any other securities or obligations of Business Trust or any other person;

(e) power to restrain any Noteholder from taking or instituting any suit, action or proceeding for the purpose of enforcing payment by Business Trust of principal or interest or for the execution of any trust or power under this Indenture or the Notes or for the appointment of a liquidator or a receiver or a trustee in bankruptcy or for any other remedy hereunder or thereunder;

(f) power to direct any Noteholder who, as such, has brought any suit, action or proceeding, to stay or discontinue or otherwise deal with the same upon payment, if the taking of such suit, action or proceeding is permitted by Section 6.5, of the costs, charges and expenses reasonably and properly incurred by such Noteholder in connection therewith;

(g) power to sanction any scheme for the reconstruction or reorganization of Business Trust or for the consolidation or merger of Business Trust with any other person or for the sale, leasing, transfer or other disposition of the undertaking, property and assets of Business Trust or any part thereof, provided that no such sanction shall be necessary in respect of any such transaction if the provisions of Section 8.1 have been complied with;

(h) power to assent to any compromise or arrangement with any creditor or creditors or any class or classes of creditors, whether secured or otherwise, and with holders of any Business Units or other securities of Business Trust;

(i) power to amend, alter or repeal any Special Resolution previously passed or sanctioned by the Noteholders or Noteholders' Request previously provided by Noteholders;

(j) power to appoint and remove a committee to consult with the Trustee and to delegate to such committee (subject to such limitations, if any, as may be prescribed in such Special Resolution)

all or any of the powers which the Noteholders could exercise by Special Resolution under this Section 9.13. The Special Resolution making such appointment may provide for payment of the expenses and disbursements of and compensation to such committee. Such committee is to consist of such number of persons as prescribed in the Special Resolution appointing it, and the members need not be themselves Noteholders. Subject to the Special Resolution appointing it, every such committee may elect its chairman and may make regulations respecting its quorum, the calling of its meetings, the filling of vacancies occurring in its number, the manner in which it may act and its procedure generally and such regulations may provide that the committee may act at a meeting at which a quorum is present or may act by minutes signed by a majority of the members thereof or the number of members thereof necessary to constitute a quorum, whichever is the greater. All acts of any such committee within the authority delegated to it shall be binding upon all Noteholders. Neither such committee nor any member thereof shall be liable for any loss arising from or in connection with any action taken or omitted to be taken in good faith;

(k) power to remove the Trustee and appoint a new Trustee; and

(l) power to authorize the Trustee to grant extensions of time for payment of any principal or interest on the Notes, whether or not the principal or interest, the payment of which is extended, is at the time due or overdue.

Notwithstanding paragraphs (a) to (l) above, no resolution modifies, abrogates, alters, compromises, arranges or otherwise affects the rights of the Trustee hereunder without the Trustee's written consent, such consent not to be unreasonably withheld. Exercise of the Trust's votes in respect of this Section 9.13 are subject to the provisions of Section 8.3 of the Business Deed of Trust.

9.14 **Meaning of "Special Resolution"**

(a) The expression "**Special Resolution**" when used in this Indenture means, subject to section 9.11, a resolution proposed at a meeting of Noteholders duly convened for the purpose of passing a Special Resolution and held in accordance with the provisions in this Article 9 at which, subject as hereinafter provided, the Holders of at least 51% of the principal amount of the Notes then outstanding are present in person or represented by proxy and passed by the favourable votes of the Holders of not less than 66⅔% of the principal amount of Notes represented at the meeting and voted on a poll upon such resolution, provided in each case, that if at the relevant time the Trust owns in excess of 25% of the said aggregate principal amount of the Notes then outstanding, the Trust has voted in favour of the said Special Resolution.

(b) If, at any such meeting called for the purpose of passing a Special Resolution, the Holders of at least 51% of the principal amount of the Notes then outstanding are not present in person or represented by proxy within 30 minutes after the time appointed for the meeting, then the meeting if convened by Noteholders on a Noteholders' Request, is thereupon dissolved, but in any other case the meeting stands adjourned to such date, being not less than 14 nor more than 21 days later, and to such place and time as may be appointed by the chairman. Not less than seven days' notice is to be given of the time and place of such adjourned meeting in the manner provided in Section 12.1. To be valid for the purposes hereof, such notice must state that at the adjourned meeting the Noteholders present in person or represented by proxy form a quorum but it is not necessary to set forth the purposes for which the meeting was originally called or any other particulars. At the adjourned meeting, the Noteholders present in person or represented by proxy form a quorum and may transact the business for which the meeting was originally convened and a resolution proposed at such adjourned meeting and passed by the requisite vote as provided in the preceding paragraph is a Special Resolution within the meaning of this Indenture,

(b) If any business to be transacted at a meeting of Noteholders could affect the rights of the Holders of Notes of a series in an adverse manner materially different from the Holders of Notes of another series (as to which an opinion of Counsel is binding on all Noteholders, the Trustee and Business Trust for all purposes hereof), then:

(i) reference to such fact, indicating the series so affected, is to be made in the notice of such meeting; and

(ii) the holders of Notes of the series so affected are not bound by any action taken at such meeting unless in addition to compliance with the other provisions of this Article at such meeting:

B. the resolution is passed by the affirmative vote of the holders of at least 66⅔% of the principal amount of Notes of such series, provided that if the Trust then owns in excess of 25% of the aggregate principal amount of the Notes in such series then outstanding, the Trust has approved the said resolution.

9.16 Minutes

The Trustee shall make minutes of all resolutions and proceedings at every such meeting as aforesaid and shall duly enter such minutes in books to be from time to time provided for that purpose by the Trustee at the expense of Business Trust, and any such minutes as aforesaid, if signed by the chairman of the meeting (acting in good faith) at which such resolutions were passed or proceedings had, are *prima facie* evidence of the matters therein stated and, until the contrary is proved, every such meeting, in respect of the proceedings of which minutes have been made and signed as aforesaid, are deemed to have been duly held and convened and all resolutions passed or proceedings had thereat to have been duly passed and had.

Unless the

Trustee agrees otherwise, the Trustee or Business Trust will notify the Noteholders of the passing of every resolution and every Special Resolution, the manner provided in Section 12.1.

ARTICLE 11
CONCERNING THE TRUSTEE

11.1 Conditions Precedent to Trustee's Obligation to Act

Subject to any default which may come to the attention of the Trustee by virtue of Business Trust's compliance with subsection 5.1(d), the Trustee is not required to take notice of any default hereunder, other than in payment of any moneys required by any provision hereof to be paid to it, unless and until notified in writing of such default, which notice is to distinctly specify the default desired to be brought to the attention of the Trustee, and in the absence of any such notice the Trustee may for all purposes of this Indenture conclusively assume that Business Trust is not in default hereunder and that no default has been made with respect to the payment of principal or interest on the Notes or in the observance or performance of any of the covenants, agreements or conditions contained herein. Any such notice or requisition in no way limits any discretion herein given to the Trustee to determine whether or not the Trustee shall take action with respect to any default or take action without any such requisition.

11.2 Requirement for Trusts and Indemnity

(a) The obligation of the Trustee to commence or continue any act, action or proceeding for the purpose of enforcing any right of the Trustee or the Noteholders hereunder is conditional upon the Noteholders furnishing, when required by notice in writing by the Trustee, sufficient funds to commence or continue such act, action or proceeding and an indemnity reasonably satisfactory to the Trustee to protect and hold harmless the Trustee and its officers directors and employees against the costs, charges and expenses and liabilities to be incurred thereby and any loss and damage it may suffer by reason thereof. None of the provisions contained in this Indenture require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, unless indemnified as aforesaid.

(b) The Trustee may, before commencing or at any time during the continuance of any such act, action or proceeding, require the Noteholders at whose instance it is acting to deposit with the Trustee the Notes held by them, for which Notes the Trustee shall issue receipts.

The Trustee may rely and is protected in acting upon any such documents deposited with it in purported compliance with any such provision or of any other purpose hereof, but may in its discretion require further evidence before acting or relying thereon.

(b) The Trustee may rely and is protected in acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, order, letter, or other paper or document

11.4 Experts and Advisers

(a) The Trustee, at the expense of Business Trust, may employ or retain such Counsel, accountants, appraisers or other experts or advisers as it may reasonably require for the purpose of discharging its duties hereunder and may pay reasonable remuneration (payable by Business Trust in accordance with Section 5.2) for all services so performed by any of them, and is not responsible for any misconduct on the part of any of them.

11.5 Documents, Moneys, etc. Held by Trustee

Any securities, documents of title or other instruments that may at any time be held by the Trustee subject to the trusts hereof may be placed in the deposit vaults of the Trustee or of any Canadian chartered bank or deposited for safe-keeping in the Province of Alberta with any such bank. All interest or other income received by the Trustee in respect of such deposits and investments belongs to Business Trust and must be remitted to Business Trust or in accordance with the provisions of applicable laws of public order, three years from Maturity Date of the Notes in respect of which such moneys were held by the Trustee, unless an Event of Default has occurred and is continuing, in which case the Trustee will hold all such interest and income and will apply same in accordance with Section 6.6. The Trustee shall not be liable for any losses incurred in the investment of any funds which are invested in accordance with this Section 11.5.

(f) subject to the provisions of any applicable laws and except for its acts of gross negligence or wilful misconduct, the Trustee shall not be liable for any act done or step taken or omitted by it in good faith, or for any mistake of fact or law and Business Trust agrees, at all times, to indemnify and save harmless the Trustee and its respective officers, directors, employees, shareholders, agents representatives, successors and assigns (collectively, "**Representatives**"), from and against any and all liabilities, losses, claims, damages penalties, fines, actions, suits, demands, levies, assessments, costs, charges, expenses and disbursements (including, without limitation, any and all legal and advisor fees and disbursements) (collectively, "**Liabilities**") of whatever kind or nature which may at any time be suffered by, imposed upon, incurred by or asserted against the Trustee and its Representatives, whether groundless or otherwise, howsoever arising from or out of any act, omission or error of the Trustee made in connection with its acting as Trustee hereunder. aforesaid or being dissolved, becoming bankrupt, going into liquidation or otherwise becoming incapable of acting hereunder, Business Trust shall forthwith appoint a new trustee unless a new trustee has already been appointed by the Noteholders; failing such appointment by Business Trust, the retiring Trustee or any Noteholder may apply to the Court of Queen's Bench of Alberta, on such notice as the Court may direct, for the appointment of a new trustee; but any new trustee so appointed by Business Trust or by the Court is subject to removal or replacement as aforesaid by the Noteholders. Any new trustee appointed under these provisions must be a corporation authorized to carry on the business of a trust company in the Province of Alberta. On any new appointment, the new trustee is vested with the same powers, rights, duties and responsibilities as if it had been originally named herein as Trustee without any further assurance, conveyance, act or deed, but there is to be immediately executed, at the expense of Business Trust, all such conveyances or other instruments as may, in the opinion of Counsel, are necessary or advisable for the purpose of assuring the same to the new trustee. Petrowest Energy Services Business Trust ("**Business Trust**") for value received hereby promises to pay to the order of _____ on •, • (the "**Maturity Date**") or on such earlier date as the principal amount hereof may become due in accordance with the provisions of the Indenture hereinafter mentioned, the sum of

As interest on this Series 1 Note becomes payable, Business Trust (except in case of payment at maturity or on redemption, which may, at the option of Business Trust, be paid upon presentation and surrender of this Series 1 Note) shall forward or cause to be forwarded by prepaid post to the registered address of the registered holder of the Series 1 Note for the time being, or in the case of joint holders to the registered address of the joint holder whose name appears first on such register, or in such other manner as such holder may instruct, a cheque or other transfer of funds for such interest, less any tax required by law to be deducted, if any, payable to the order of such holder or holders and negotiable at par at any of the places at which interest upon this Series 1 Note is payable. The forwarding of such cheque or other transfer of funds shall satisfy and discharge the liability for interest on this Series 1 Note to the extent of the sum represented thereby (plus the amount of any tax deducted as aforesaid), unless such cheque or funds be not paid on presentation.

This Series 1 Note is one of the unsecured Series 1 Notes due •, • which may be issued from time to time in an indeterminate amount under a Note Indenture (the "**Indenture**") made as of •, • and made between Business Trust and the Trustee. Reference is hereby made to the Indenture for a description of the rights of the holders of the said Series 1 Notes, Business Trust and the Trustee and of the terms and conditions upon which the Series 1 Notes are issued and held, all to the same effect as if the provisions of the Indenture were herein set forth, to all of which provisions the holder of this Series 1 Note, by acceptance hereof, assents. By acceptance hereof, the holder is deemed to acknowledge and consent to the collection,

use and disclosure of personal information as provided for in the Indenture. All capitalized terms used herein have the meaning attributed thereto in the Indenture unless otherwise indicated.

The Series 1 Notes are issuable as fully registered Series 1 Notes in denominations of $1 and integral multiples of $1 and in other authorized denominations.

This Series 1 Note and all other Notes certified and issued under the Indenture rank *pari passu* with one another, in accordance to their tenor without discrimination, preference or priority. The payment of the principal and interest is subordinated to the prior payment in full of Senior Indebtedness. The Indenture does not restrict Business Trust from incurring additional Indebtedness for borrowed money or from mortgaging, pledging or charging its properties to secure any Indebtedness.

At any time, upon at least 10 days' prior notice, Business Trust has the right to redeem all or less than all of the Series 1 Notes upon payment in (i) lawful money of Canada, (ii) Series 3 Notes or (iii) a combination thereof of an amount equal to the principal amount of Series 1 Notes to be redeemed plus all accrued but unpaid interest on such principal amount to the Redemption Date. If less than all of the Series 1 Notes are to be redeemed, each Holder of Series 1 Notes shall have a proportion of the Series 1 Notes held by such Holder redeemed equal to the proportion which the aggregate dollar amount of Series 1 Notes to be redeemed is to the aggregate dollar amount of all Series 1 Notes outstanding at such time, rounded up to the next closest $1 of principal amount of Series 1 Notes held by such Noteholder.

At any time, the Trust has the right to require the redemption of all or less than all of the Series 1 Notes upon payment in lawful money of Canada of an amount equal to the principal amount of Series 1 Notes to be redeemed plus all accrued but unpaid interest on such principal amount to the Redemption Date. If less than all of the Series 1 Notes are to be redeemed, each Holder of Series 1 Notes shall have a proportion of the Series 1 Notes held by such Holder redeemed equal to the proportion which the aggregate dollar amount of Series 1 Notes to be redeemed is to the aggregate dollar amount of all Series 1 Notes outstanding at such time, rounded up to the next closest $1 of principal amount of Series 1 Notes held by such Noteholder.

Subject to regulatory requirements, the Series 1 Notes may be purchased by Business Trust in the open market or by tender or private contract at any price. Series 1 Notes purchased by Business Trust shall be cancelled and shall not be reissued.

In all cases, if taxes are required to be deducted from a payment in cash payable to a Holder, such Holder shall receive such payment less all such applicable taxes.

The Indenture contains provisions for the holding of meetings of Noteholders and rendering resolutions passed at such meetings and instruments in writing signed by the holders of either a simple majority or 66⅔% of the Notes, as may be required by the Indenture, of all series outstanding binding upon all Noteholders, subject to the provisions of the Indenture.

This Series 1 Note may only be transferred, upon compliance with the conditions precedent in the Indenture, at one of the registers kept at the above-mentioned principal offices of the Trustee and at such other place or places, if any, or by such other registrar or registrars, if any, as Business Trust with the approval of the Trustee may designate, and may be exchanged at any such place, by the registered holder hereof or his or her executors or administrators or other legal representatives or his or their attorney duly appointed by an instrument in writing in form and execution satisfactory to the Trustee, and upon payment of a reasonable fee to be fixed by the Trustee, and upon compliance with such reasonable requirements as the Trustee or registrar may prescribe, and such transfer shall be duly noted thereon by

the Trustee or other registrar. No transfer or exchange of any Series 1 Notes shall be registered during the 15 days preceding any Interest Payment Date.

This Series 1 Note shall not become obligatory for any purpose until it shall have been certified by the Trustee for the time being under the Indenture.

The holder of this Series 1 Note, by receiving and holding same, hereby accepts and agrees to be bound by the terms, and to be entitled to the benefits of this Series 1 Note and of the Indenture, the whole in accordance with and subject to the respective provisions thereof.

10. **Indemnification of Escrow Agent** - The Escrow Agent shall not by reason of its execution of this Agreement assume or be deemed to have assumed any responsibility or liability for any transactions

between the other parties hereto other than for the performance of its obligations with respect to the Certificates in accordance with this Agreement. The Escrow Agent shall incur no liability hereunder or in connection herewith for anything whatsoever other than as a result of its own bad faith or fraud. Acquisitionco and the Trust shall indemnify, hold harmless and defend the Escrow Agent from and against any and all actions, causes of action, claims, demands, damages, losses, costs, liabilities and expense, of any nature or kind (including costs incurred by the Escrow Agent in retaining its own counsel), which may be made or brought against it or which it may suffer or incur as a result of or in respect of or arising out of its appointment as Escrow Agent hereunder, except such as shall result solely and directly from its own bad faith or fraud.

11. **Duties of Escrow Agent** - The Escrow Agent agrees to exercise all reasonable care in the safekeeping of the Certificates and to take all reasonable steps to prevent the loss, theft, damage or destruction, in whole or in part, of the Certificates. The Escrow Agent shall have no duties or responsibilities except as expressly provided in this Agreement and shall not be obligated to recognize, nor have any liability or responsibility arising under, any other agreement to which the Escrow Agent is not a party, notwithstanding that reference thereto may be made herein. It is understood and agreed that the duties of the Escrow Agent hereunder are purely administrative in nature and that the Escrow Agent shall not be liable for any error of judgement, or for any act done or step taken or omitted to be taken by it in good faith, or for any mistake of fact or law, or for anything which it may do or refrain from doing in connection herewith, except for its own bad faith or fraud.

(d) In case any property held by the Escrow Agent hereunder shall be attached, garnisheed or levied upon under any order of a court or the delivery thereof shall be stayed or enjoined by any order of any court or any other order, judgment or decree shall be made or entered by any court affecting such property or any part thereof, the Escrow Agent is hereby expressly authorized in its sole discretion to obey and comply with all writs, orders, final judgments or decrees so entered or issued and in case the Escrow Agent obeys and complies with any such writ, order, final judgment or decree the Escrow Agent shall not be liable to any of the other parties hereto, their successors or assigns or to any other person, firm or corporation by reason of such compliance.

13. **Replacement of Escrow Agent** - The Escrow Agent may resign and be discharged from all further duties and liabilities hereunder by giving to the other parties hereto ten (10) days' notice in

writing. In the event of the Escrow Agent resigning as aforesaid, a replacement escrow agent shall be appointed by the other parties hereto jointly and failing such appointment the retiring Escrow Agent may apply to a Judge of the Court of Queen's Bench of Alberta, on such notice as such Judge may direct, for the appointment of a new escrow agent or may pay into or otherwise deposit with the Court of Queen's Bench of Alberta the Subject Securities, pending the appointment of a new escrow agent. Upon the Escrow Agent making such deposit, such Escrow Agent shall be discharged and released of its duties and obligations hereunder. The Escrow Agent shall be indemnified by Acquisitionco and the Trust in any such action, interpleader or any other action or proceeding for all costs, expenses and fees in its capacity as Escrow Agent in connection with any deposit or any action brought in connection with this Escrow Agreement.

(i) the Revolving Period for such Non-Agreeing Lender shall not be extended and the Stated Maturity Date of each such Non-Agreeing Lender shall be the Non-Agreeing Lender Stated Maturity Date applicable to such Non-Agreeing Lender. For so long as there exists no Event of Default or any Default, the Borrower shall repay Advances (which shall include, for greater certainty, the Face Amount of all Banker's Acceptances and Notional Banker's Acceptances accepted by such Non-Agreeing Lender) and other Obligations owing hereunder to such Non-Agreeing Lender on each Non-Agreeing Lender Quarterly Reduction Date, with all outstanding Obligations owing to such Non-Agreeing Lender being due and payable in full on the applicable Non-Agreeing Lender Stated Maturity Date. Upon repayment of all Obligations owed to such Non-Agreeing Lender, the Non-Agreeing Lender shall cease to be a Lender hereunder and the Non-Agreeing Lender's Commitment shall be terminated; the Commitment in respect of the Credit Facility shall be reduced by the amount of the Non-Agreeing Lender's terminated Commitment, and the Proportionate Share of each remaining Credit Facility shall be adjusted accordingly; or

(ii) the Non-Agreeing Lender shall, if requested by the Borrower, assign and transfer such Non-Agreeing Lender's outstanding Commitment to a Lender or such other Person that will upon such assignment and transfer, become a Credit Facility Lender in accordance with the provisions of this Agreement.

(e) The Credit Facility may only be extended pursuant to Section 3.1(a) if the then Agreeing Lenders whose Commitments under such Credit Facility are no less than 66 ⅔% of the

total Commitments of all then Agreeing Lenders under such Credit Facility at such time, agree to provide an Offer of Extension, and if such Majority Lenders do not agree to provide an Offer of Extension, the provisions of Sections 3.1(c) and 3.1(d) shall not be applicable and the then current Revolving Period shall not be extended. If the Majority Lenders do not provide an Offer of Extension with respect to the Credit Facility, the Borrower may, subject to an in accordance with this Agreement, continue to obtain further Advances during the remaining term of the then current Revolving Period ending on the Term Date, after which the provisions of Sections 3.2 and 3.1 shall apply.

(f) This Section 3.1 shall apply from time to time to permit successive extensions of the Revolving Period (and accordingly, the Term Date) if and for so long as the then applicable Agreeing Lenders have agreed in accordance with Section 3.1(e).

3.2 Term Period and Quarterly Repayment of Advances

Subject to the provisions of this Agreement, on the Term Date, any undrawn portion of the Commitment under the Credit Facility shall be cancelled, the Credit Facility shall convert to a non-revolving reducing term facility, and on each Quarterly Reduction Date thereafter, the Commitment (after giving effect to the reduction on the Term Date) of the Lenders in respect of the Credit Facility (other than the Commitments of Non-Agreeing Lenders that are being reduced pursuant to Section 2.3) shall be permanently reduced by an amount equal to one-twelfth (1/12) of all Advances outstanding (other than Advances outstanding to Non-Agreeing Lenders that are being repaid as a result of a reduction of the Commitments of the Non-Agreeing Lenders pursuant to Section 2.3) under the Credit Facility. If at any time after the Term Date the Borrower voluntarily repays any of the Outstanding Principal to the Lenders (other than principal payments to the Non-Agreeing Lenders that are being repaid pursuant to Section 2.3), the amount of such repayment shall be applied to the Outstanding Principal in inverse order of maturity.

3.3 Repayment of Advances

Without limiting the Majority Lenders' right to cause the Agent to demand repayment pursuant to Section 9.2, on the Stated Maturity Date the Borrower shall repay in full all Advances which are then outstanding to the Lenders; and repay all other Obligations which are then outstanding to the Lenders pursuant to the Credit Documents. The Borrower shall ensure that all Bankers' Acceptances, Bankers' Equivalent Advances and Letter of Credit/Guarantee Advances issued under the Credit Facility shall mature on or prior to the Stated Maturity Date, and shall ensure that the maturities of all Bankers' Acceptances, Bankers' Equivalent Advances and Letter of Credit/Guarantee Advances are such that the mandatory quarterly principal reductions set out in Section 3.2 can be effected.

3.4 Prepayments

Subject to this Section 3.4, the Borrower may from time to time repay Advances outstanding under the Credit Facility without penalty, except that (i) Bankers' Acceptances may not be paid prior to their respective maturity dates, (ii) repayments of Prime Rate Advances may be made at any time without notice and shall not be subject to any minimum repayment amounts; and (iii) the Borrower shall provide the Agent with at least two (2) Banking Days notice of a prepayment under the Credit Facility (other than a repayment of Prime Rate Advances made under the Working Capital Facility, by way of overdraft, in which case such notice is not necessary); provided however, all actual breakage costs are paid by the Borrower. The Borrower shall give the Agent prior written notice of each repayment of Advances, such notice to be substantially in the form as Schedule E.

3.5 Mandatory Repayments

All amounts received by the Borrower in any Fiscal Year in respect of the net cash proceeds received from any sale, lease or other disposition of Property that: (i) individually or in the aggregate, exceeds $1,000,000; and (ii) is not reinvested by the Borrower within one hundred and twenty (120) days from the date of sale, lease or other disposition, shall be used to repay Advances then outstanding under the Credit Facility.

3.6 Reduction of the Credit

The Borrower may, at any time, upon giving at least five (5) Banking Days' prior written notice to the Agent, permanently reduce, in whole or in part, the Credit Facility, in minimum amounts of $1,000,000 and in $100,000 multiples thereof with respect to the Syndicated Facility and in minimum amounts of $500,000 and in $100,000 multiples thereof with respect to the Working Capital Facility, by cancelling the Commitment of each Lender in an amount equal to such Lender's Proportionate Share of the amount of the reduction of such Credit Facility; provided that on or prior to the last day of such notice period the Borrower has:

(a) prepaid or otherwise reduced Advances outstanding to each such Lender under the Credit Facility in an amount equal to the amount by which Advances outstanding to such Lender under the Credit Facility exceeds its respective Commitment under the Credit Facility immediately after the reduction of the Commitments provided for in such notice; and

(b) paid all accrued interest and other charges and fees in respect of the Advances being repaid or reduced as aforesaid.

Any such notice of cancellation is irrevocable and the amount of each Lender's Commitment so cancelled and reduced may not be reinstated hereunder. For clarity, the Borrower may not by reason of any such reduction or cancellation contemplated by this Section pay any Bankers' Acceptances prior to their maturity date.

3.7 Principal Amount of Excess Advances

The principal amount of Advances under the Credit Facility shall be repaid immediately upon notice by the Agent or the Working Capital Lender, if applicable, to the Borrower to the extent that the aggregate outstanding Obligations under the Syndicated Facility exceeds the Syndicated Facility Commitment or that the aggregate outstanding Obligations under the Working Capital Facility exceeds the Working Capital Commitment, whether as a result of oversight or otherwise.

ARTICLE IV

The Borrower shall pay to the Agent, for distribution to the Syndicated Facility Lenders in accordance with their Proportionate Share of the Syndicated Facility Commitment, a commitment fee (the "**Syndicated Facility Commitment Fee**") calculated at the rate per annum equal to the Commitment Fee Rate, from the date hereof, on the daily undrawn balance of the Syndicated Facility. The Borrower shall pay to the Working Capital Lender, for its own account, a commitment fee (the "**Working Capital Facility Commitment Fee**") calculated at the rate per annum equal to the Commitment Fee Rate, from the date hereof, on the daily undrawn balance of the Working Capital Facility. 4.4 Agency Fees

The Borrower shall pay to the Agent for the account of the Agent, the agency fees according to the then current agency fee agreement entered into by the Agent and the Borrower with respect to such fees.

4.5 Extension Fees

The Borrower shall pay to the Agent (on behalf of each Lender) an extension fee equal to 10 Basis Points multiplied by the Proportionate Share of each Agreeing Lender on the Anniversary Date of each Request for Extension granted pursuant to Section 3.1.

4.6 Security

(a) The Trust, Business Trust, the Borrower and the Guarantors agree to provide or cause to be provided the following guarantees and security to the Agent:

(vi) such other assignments, mortgages, charges, pledges and other security agreements, consents and acknowledgements (including negative pledges) as the Agent may reasonably require from time to time.

(b) The Trust, Business Trust and the Borrower shall cause each Subsidiary of the Trust that becomes a Material Subsidiary to execute and deliver to the Agent, the Security listed above, forthwith upon such Subsidiary becoming a Material Subsidiary.

(c) At the time the Security listed above is provided to the Agent, the Borrower or the applicable Guarantor shall provide such other certificates, legal opinions and other documents that the Agent and its counsel may reasonably require.

(d) The Security listed above and such certificates, legal opinions and other documents shall be in form and substance satisfactory to the Lenders, acting reasonably.

The conditions in Sections 5.1 and 5.2 are inserted for the sole benefit of the Lenders and may be waived by the Lenders, in whole or in part (with or without terms or conditions) in respect of any Advance.

ARTICLE VI
ADVANCES

6.1 Prime Rate Advances

Subject to the other provisions of this Agreement, upon timely fulfillment of all applicable conditions as set forth in this Agreement, the Lenders will make the requested amount of a Prime Rate Advance available to the Borrower on the Drawdown Date requested by the Borrower, by crediting such amount to the Borrower's Account. The Borrower shall pay interest to the Lenders at the Branch of

Account on all such Prime Rate Advances outstanding from time to time hereunder at the applicable rate of interest specified in Section 4.1.

Interest on each Prime Rate Advance shall be calculated daily and payable monthly on each Interest Payment Date on the basis of the actual number of days in the applicable year. All interest shall accrue from day to day and shall be payable in arrears for the actual number of days elapsed from and including the date of Advance or the previous date on which interest was payable, as the case may be, to but excluding the date on which interest is payable, both before and after demand, maturity, default and judgment, with interest on overdue interest at the same rate payable on demand. Interest calculated with reference to the Prime Rate Advance Rate shall be calculated duly on the basis of a year of 365 days.

6.2 Evidence of Indebtedness

The indebtedness of the Borrower resulting from Advances made by the Working Capital Lender shall be evidenced by records maintained by the Working Capital Lender. The indebtedness of the Borrower resulting from Advances made by the Syndicated Facility Lenders shall be evidence by records maintained by the Agent concerning those Advances it has made. The records maintained by the Working Capital Lender and the Agent shall constitute, in the absence of manifest error, prima facie evidence of the indebtedness of the Borrower to the Working Capital Lender, the Syndicated Facility Lenders and the Agent and all details relating thereto. The failure of the Agent or the Working Capital Lender to correctly record any such amount or date shall not, however, adversely affect the obligation of the Borrower to pay amounts due hereunder to the Lenders in accordance with this Agreement.

6.3 Rollovers and Conversions

Subject to the other terms of this Agreement, the Borrower may from time to time request a Rollover or a Conversion of all or any part of the outstanding amount of any Advance into the same kind of Advance or into another form of Advance.

6.4 Notice of Advances, Rollovers and Conversions

The Borrower shall give the Agent irrevocable written notice, in the form of a Drawdown Notice, of any request for any Drawdown, a Rollover Notice, of any request for any Rollover or a Conversion Notice of any request for any Conversion of any Advance requested by it under the Syndicated Facility. The Borrower will provide the Agent with at least two (2) Banking Days notice of its request for a BA Advance and corresponding BA Equivalent Advance under the Syndicated Facility. The Borrower shall give the Working Capital Lender written notice, in the form of a Drawdown Notice, for any request of any Drawdown, a Rollover Notice for any request of any Rollover or a Conversion Notice for any request of a Conversion under the Working Capital Facility (other than Prime Rate Advances made by way of overdraft in the Borrower's Account). The Borrower will provide the Working Capital Lender with at least two (2) Banking Days notice of its request for a Letter of Credit/Guarantee Advance.

Notice shall be given to the Agent or the Working Capital Lender, as applicable, at least one (1) Banking Day before the date of any Prime Rate Advance (other than a Prime Rate Advance made by way of overdraft under the Working Capital Facility). Any permanent reduction of the Credit Facility shall only be effective on five (5) Banking Days' notice as required by Section 3.6.

Notices in respect of the Credit Facility shall be given not later than 12:00 noon (Calgary time) on the date for notice. Payments (other than those being made solely from the proceeds of Rollovers and Conversions) must be made prior to 12:00 noon (Calgary time) on the date for payment. If a notice or payment is not given or made by those times, it shall be deemed to have been given or made on the next

Banking Day, unless all Credit Facility Lenders affected by the late notice or payment agree, in their sole discretion, to accept a notice or payment at a later time as being effective on the date it is given or made.

6.5 Co-ordination of Prime Rate Advances and BA Advances

Each Syndicated Facility Lender shall advance its Proportionate Share of each Prime Rate Advance under the Syndicated Facility in accordance with the following provisions:

(a) the Agent shall notify each Syndicated Facility Lender of its receipt of a notice from the Borrower pursuant to Section 6.4, on the day such notice is received and shall, as soon as possible, notify each Syndicated Facility Lender of such Syndicated Facility Lender's Proportionate Share of any Advance requested by the notice;

(b) each Lender shall deliver its Proportionate Share of the Advance to the Agent not later than 11:00 a.m. (Calgary time) on the Drawdown Date;

(c) the Agent shall advance to the Borrower the amount delivered by each Syndicated Facility Lender by crediting the Agent's Account, but if the conditions precedent to the Advance are not met by 2:00 p.m. (Calgary time) on the Drawdown Date, the Agent shall return the funds to the Credit Facility Lenders or invest them in an overnight investment in the Agent's discretion until such time as the Advance is made; and

(d) if the Agent determines that a Syndicated Facility Lender's Proportionate Share of an Advance under the Syndicated Facility would not be a whole multiple of $100,000, the amount to be advanced by that Syndicated Facility Lender may be increased or reduced by the Agent in its sole discretion to the nearest whole multiple of $100,000 provided that if a Default or an Event of Default shall occur and be continuing, the Proportionate Shares of the Syndicated Facility Lenders shall be readjusted by the Agent to the extent that any previous adjustment has been made to the Proportionate Shares under this Section 6.5(d).

6.6 Bankers' Acceptances Power of Attorney

(a) To facilitate the acceptance of Drafts hereunder, the Borrower hereby appoints each BA Lender and its agent, acting by its duly authorized signatories for the time being at each BA Lender's main branch in Toronto, Ontario or such other branch that such BA Lender may notify the Borrower (the "**BA Branch of Account**"), the attorney of the Borrower:

(i) to sign for and on behalf and in the name of the Borrower as drawer, Drafts in such BA Lender's standard form drawn on such BA Lender payable to a "clearing house" under the DBNA or its nominee for deposit by such BA Lender with the "clearing house" after acceptance thereof by such BA Lender, and

(ii) to fill in the amount, date and maturity date of such Drafts;

provided that such acts in each case are to be undertaken by each BA Lender in accordance with instructions given to it by the Borrower pursuant to the power of attorney set out in this Section 6.6.

(b) Instructions to each BA Lender relating to the execution, completion, discount and/or deposit by such BA Lender on behalf of the Borrower of drafts which the Borrower wish

to submit to such BA Lender for acceptance by such BA Lender shall be communicated by the Borrower in writing at the BA Branch of Account following delivery by the Borrower of a Drawdown Notice, Conversion Notice or Rollover Notice pursuant to this Agreement and shall specify the following information:

(i) reference to the power of attorney contained in this Section 6.6;

(ii) a Canadian Dollar amount, which shall be the Face Amount of the Drafts to be accepted by the BA Lender in respect of a particular Advance;

(iii) a specified period of time as provided in this Agreement which shall be the number of days after the date of acceptance of such Drafts that such Drafts are to be payable, and the dates of issue and maturity of such Drafts; and

(iv) payment instructions specifying the account number of the Borrower at the BA Branch of Account at which the BA Discount Proceeds are to be credited.

(c) The communication in writing by the Borrower to a BA Lender of the instructions referred to above shall constitute the authorization and instruction of the Borrower to such BA Lender to complete and execute Drafts in accordance with such information as set out above and the request of the Borrower to such BA Lender to accept such Drafts and deposit the same with the "clearing house" against payment as set out in the instructions. The Borrower acknowledge that such BA Lender shall not be obligated to accept any such drafts except in accordance with the provisions of this Agreement. Each BA Lender shall be and it is hereby authorized to act on behalf of the Borrower upon and in compliance with instructions communicated to such BA Lender by the Borrower as provided herein if such BA Lender reasonably believes them to be genuine.

(d) The Borrower agree to indemnify each BA Lender and its directors, officers, employees, affiliates and agents and to hold it and them harmless from and against any loss, liability, expense or claim of any kind or nature whatsoever incurred by any of them as a result of any action or inaction in any way relating to or arising out of this power of attorney or the acts contemplated hereby including the deposit of any Draft with the "clearing house"; provided that this indemnity shall not apply to any such loss, liability, expense or claim which results from the gross negligence or wilful misconduct of a BA Lender or any of its directors, officers, employees, affiliates or agents.

(e) This power of attorney may be revoked by the Borrower at any time upon not less than five (5) Banking Days' written notice served upon each BA Lender at the address set out in this Agreement, provided that (i) it may be replaced with another power of attorney forthwith in accordance with the requirements of each BA Lender; and (ii) no such revocation shall reduce, limit or otherwise affect the obligations of the Borrower in respect of any Draft executed, completed, discounted and/or deposited in accordance herewith prior to the time at which such revocation becomes effective. This power of attorney may be terminated by each BA Lender at any time upon not less than five (5) Banking Days' written notice to the Borrower. Any revocation or termination of this power of attorney shall not affect the rights of each BA Lender and the obligations of the Borrower with respect to the indemnities of the Borrower above stated.

(f) This power of attorney is in addition to and not in substitution for any agreement to which each BA Lender and the Borrower are parties.

(g) If this power of attorney is revoked or terminated, to facilitate the acceptance of Bankers' Acceptances hereunder, the Borrower shall from time to time as required by each BA Lender, provide each BA Lender with an appropriate number of executed Drafts drawn in blank by the Borrower in the form prescribed by each BA Lender. The Borrower may, at its option, execute any Draft by the facsimile signatures of any two (2) of its authorized signing officers, and the Borrower and each BA Lender are hereby authorized to accept or pay, as the case may be, any Draft of the Borrower which purports to bear such facsimile signatures notwithstanding that any such individual has ceased to be an authorized signing officer of the Borrower. Any such Draft or Bankers' Acceptance so executed and completed or executed and completed pursuant to the power of attorney shall be as valid as if he or she were an authorized signing officer of the Borrower at the date of issue of such Bankers' Acceptance. Any such Draft or Bankers' Acceptance may be dealt with by each BA Lender to all intents and purposes and shall bind the Borrower as if duly signed in each signing officer's own handwriting and issued by the Borrower, and the Borrower shall hold each BA Lender harmless and indemnified against all loss, costs, damages and expenses arising out of the payment or negotiation of any such Draft or Bankers' Acceptance resulting from such Drafts not having been duly signed other than any loss, costs, damages or expenses arising out of the gross negligence or wilful misconduct of a BA Lender. No such BA Lender shall be liable for any failure to accept a Bankers' Acceptance as required hereunder if the cause of such failure, in whole or in part, is due to the revocation or termination of the power of attorney or the failure of the Borrower to provide executed Drafts to such BA Lender on a timely basis.

(h) The receipt by the Agent or the Working Capital Lender of a request for an Advance by way of Bankers' Acceptances shall be each BA Lender's sufficient authority to complete, and each BA Lender shall, subject to the terms and conditions of this Agreement, complete and sign (as applicable) such Drafts in accordance with such request, and the Drafts so completed and signed (as applicable) shall thereupon be deemed to have been presented for acceptance.

(i) The power of attorney for Bankers' Acceptances referenced in this Section 6.6 shall apply to BA Equivalent Advances, with all necessary changes *mutatis mutandis*, to the extent necessary.

6.7 Size and Maturity of Bankers' Acceptances, Rollovers and Conversions

(a) Each BA Advance shall be in an aggregate amount of not less than $500,000 and in a whole multiple of $100,000, and each Bankers' Acceptance shall be in the amount of $100,000 or whole multiples thereof. Each Bankers' Acceptance and corresponding BA Equivalent Advance shall have a term which is not less than 30 days nor more than 180 days (or such shorter or longer term as the Lenders providing such Advance in their sole discretion may approve) commencing on the Drawdown Date, the Rollover Date or the Conversion Date of such Advance (the "**BA Interest Period**"). If a Bankers' Acceptance or BA Equivalent Advance matures on a day which is not a Banking Day, then the Borrower shall be deemed to have selected a BA Interest Period the last day of which is the first Banking Day following the last day of the BA Interest Period selected by the Borrower. The Face Amount at maturity of a Bankers' Acceptance or BA Equivalent Advance may be Rolled Over as a Bankers' Acceptance or a BA Equivalent Advance or Converted into another form of Advance permitted by this Agreement. The last day of each BA Interest Period for each BA Advance and BA Equivalent Advance made by a

Lender shall be on or before the Stated Maturity Date or the Non-Agreeing Lender Stated Maturity Date applicable to such Lender.

(b) Subject to the provisions of this Agreement, if the Borrower requests a BA Advance with a BA Interest Period ending after a then applicable Non-Agreeing Lender Stated Maturity Date, each Lender shall provide its Proportionate Share of the BA Advance to the Agent, the BA Interest Period for each Agreeing Lender shall be the BA Interest Period requested by the Borrower and the BA Interest Period for each Non-Agreeing Lender shall end on the latest Banking Day prior to the applicable Non-Agreeing Lender Stated Maturity Date, for which the Agent, acting reasonably, is able to determine a BA Rate. If the Agent is unable to determine a BA Rate for a BA Period ending on or before the applicable Non-Agreeing Lender Stated Maturity Date, the Non-Agreeing Lender's Proportionate Share of the requested BA Advance shall be provided to the Borrower by way of a Prime Rate Advance.

6.8 Co-ordination of BA Advances

Each Lender shall advance its Proportionate Share of each Advance by way of Bankers' Acceptances and BA Equivalent Advances in accordance with the provisions set forth below.

(a) The Agent, promptly following receipt of a notice from the Borrower pursuant to Section 6.4 requesting an Advance by way of Bankers' Acceptances under the Syndicated Facility, shall (i) notify each BA Lender of the Face Amount of the Bankers' Acceptances to be accepted by it, and (ii) notify each Non BA Lender of the Face Amount of its Notional Bankers' Acceptance. The aggregate Face Amount of Bankers' Acceptances to be accepted by a BA Lender and the Face Amount of the Notional Bankers' Acceptance for each Non BA Lender shall be determined by the Agent by reference to the respective Commitments of the Lenders under the applicable Facility, provided that, if the Face Amount of a Bankers' Acceptance in the case of a BA Lender or the Face Amount of the Notional Bankers' Acceptance used to determine the amount of a BA Equivalent Advance in the case of a Non BA Lender would not be Cdn. $100,000 or a whole multiple thereof, the Face Amount shall be increased or reduced by the Agent in its sole discretion, to the nearest whole multiple of Cdn. $100,000.

(b) Whenever the Borrower requests an Advance that includes Bankers' Acceptances, each Non BA Lender shall, in lieu of accepting its pro rata amount of such Bankers' Acceptances, make available to the Borrower on the Drawdown Date an Advance (a "**BA Equivalent Advance**") in Canadian Dollars and in an amount which would be equal to the BA Discount Proceeds of the Bankers' Acceptances (which Bankers' Acceptances are referred to herein collectively as "**Notional Bankers' Acceptances**") that such Non BA Lender would have been required to accept on the Drawdown Date if it were a BA Lender. Each Non BA Lender shall also be entitled to deduct from the BA Equivalent Advance an amount equal to the applicable Bankers' Acceptance Fee that would have been applicable to the Notional Bankers' Acceptance had it been a Bankers' Acceptance.

(c) Subject to the terms and conditions of this Agreement, each BA Lender agrees to accept Drafts issued by the Borrower pursuant to this Section 6.8 and purchase such Bankers' Acceptances discounted at the applicable BA Discount Rate. Each BA Lender shall provide the BA Discount Proceeds thereof to the Agent (in the case of a BA Advance and corresponding BA Equivalent Advance under the Syndicated Facility) or into the Agent's Account (in the case of a BA Advance under the Working Capital Facility) in accordance

with Section 6.8(d), less the Bankers' Acceptance Fee payable to such BA Lender pursuant to Section 4.1. Each such BA Lender shall be entitled to sell, assign or otherwise transfer such Bankers' Acceptances to any Person without any notice to or the consent of any of the Borrower.

(d) Each BA Lender and Non BA Lender, as applicable, shall transfer to the Agent at the Agent's Account (with respect to BA Advances under the Syndicated Facility) for value on each Drawdown Date immediately available Cdn. Dollars in an aggregate amount equal to (i) in the case of a BA Lender, the BA Discount Proceeds (net of the applicable Bankers' Acceptance Fee in respect of such Bankers' Acceptances) of all Bankers' Acceptances accepted by it on such Drawdown Date, and (ii) in the case of Non BA Lenders, the amount of each BA Equivalent Advance (net of the applicable Bankers' Acceptance Fee in respect of such BA Equivalent Advance) to be made by it on such Drawdown Date. The Agent may designate such other offices in Toronto or Calgary as it may see fit for the purposes referred to in the preceding sentence. The Agent shall make such amounts received by it from the Lenders as aforesaid available to the Borrower by depositing the same for value on the applicable Drawdown Date to the Borrower's Account.

(e) The Borrower hereby authorizes each BA Lender to complete, stamp, hold, sell, rediscount or otherwise dispose of all Bankers' Acceptances accepted by it in accordance with the instructions provided by the Borrower hereunder or pursuant to the power of attorney referred to in Section 6.6.

6.9 Payment of Bankers' Acceptances and BA Equivalent Advances

6.10 Deemed Advance - Bankers' Acceptances

Except for amounts which are paid from the proceeds of Rollovers of a Bankers' Acceptance and BA Equivalent Advances or other Advance or Conversion hereunder, any amount which a Lender pays to any third party on or after the date of maturity of a Bankers Acceptance in satisfaction thereof or which is owing to such Lender by the Borrower in respect of such a Bankers' Acceptance or BA Equivalent Advance on or after the date of maturity of such Bankers' Acceptance or BA Equivalent Advance shall be deemed to be a Prime Rate Advance to the Borrower under this Agreement. Each Syndicated Facility Lender shall forthwith give notice at the making of such a Prime Rate Advance to the Agent (who shall promptly give similar notice to the Borrower and the other Lenders). Interest shall be payable on such Prime Rate Advances in accordance with the terms applicable to Prime Rate Advances.

6.11 Waiver

The Borrower shall not claim from a Lender or any other Person any days of grace for the payment at maturity of any Notional Bankers' Acceptances or any Bankers' Acceptances presented and accepted by a Lender pursuant to this Agreement. The Borrower waive any defence to payment which might otherwise exist if for any reason a Bankers' Acceptance shall be held by a Lender in its own right at

the maturity thereof, and the doctrine of merger shall not apply to any Bankers' Acceptance that is at any time held by a Lender in its own right.

6.12 Degree of Care

Any executed Drafts to be used as Bankers' Acceptances which are delivered to a Lender shall be held in safekeeping with the same degree of care as if they were such Lender's own property, and shall be kept at the place at which such drafts are ordinarily held by such Lender.

6.13 Indemnity

The Borrower hereby indemnifies and holds each BA Lender harmless from any reasonable loss or expense with respect to any Bankers' Acceptance dealt with by the Credit Facility Lenders, or any of them, in accordance with the provisions hereof, but shall not be obliged to indemnify a Lender for any loss or expense caused by the gross negligence or wilful misconduct of that Credit Facility Lender.

6.14 Obligations Absolute

The obligations of the Borrower with respect to Bankers' Acceptances under this Agreement shall be unconditional and irrevocable, and shall be paid strictly in accordance with the terms of this Agreement under all circumstances, including, without limitation, the following circumstances:

(a) any lack of validity or enforceability of any Draft accepted by a Credit Facility Lender as a Bankers' Acceptance; or

(b) the existence of any claim, set-off, defense or other right which the Borrower may have at any time against the holder of a Bankers' Acceptance, the Credit Facility Lenders (or any of them) or any other Person or entity, whether in connection with this Agreement or otherwise.

6.15 Letters of Credit

Upon timely fulfillment of all applicable conditions as set forth in this Agreement, but subject to the limitations in Section 6.16, the Working Capital Lender agrees to issue a Letter of Credit/Guarantee on any Banking Day for the account of the Borrower.

6.16 Letter of Credit/Guarantee Procedures and Limitations

The following provisions shall apply to Letter of Credit/Guarantee Advances:

(a) the aggregate amount of all Letters of Credit/Guarantee that may be issued and outstanding shall not exceed $5,000,000;

(b) no Letter of Credit/Guarantee shall have a maturity date that is either later than 364 days after it is issued or later than the Stated Maturity Date applicable to the Working Capital Facility;

(c) Letters of Credit/Guarantee shall not be issued for the purpose of guaranteeing the obligations of any person other than a Credit Party;

(d) the Working Capital Lender shall not have any obligation to issue a Letter of Credit/Guarantee until:

(i) it has been paid the applicable fee(s),

(ii) such ancillary documents, including applications and indemnities, as it normally requires for similar transactions have been executed and delivered to it, and

(e) all payments made by the Working Capital Lender to any Person pursuant to a Letter of Credit/Guarantee shall, unless the Borrower reimburses the Working Capital Lender for such payment on or before the date it is made, be deemed as and from the date of such payment to be a Prime Rate Advance, with the proceeds of such Prime Rate Advance being applied against the Borrower's Obligations to reimburse the Working Capital Lender for payment made under the applicable Letter of Credit/Guarantee.

6.17 Payment Under Letters of Credit and Letters of Guarantee

The Borrower unconditionally and irrevocably authorizes the Working Capital Lender to pay the amount of any draft or demand made on the Working Capital Lender under and in accordance with the terms of any Letter of Credit/Guarantee on demand without requiring proof of the Borrower's agreement that the amount so demanded was due and notwithstanding that the Borrower may dispute the validity of any such draft, demand or payment.

The Working Capital Lender shall not have any responsibility or liability for, or any duty to inquire into, the authorization, execution, signature, endorsement, correctness, genuineness or legal effect of any certificate or other document presented to the Working Capital Lender pursuant to any Letter of Credit/Guarantee and the Borrower fully and unconditionally assumes all risks with respect to the same and, without limiting the generality of the foregoing, all risks of the acts or omissions of any beneficiary of any Letter of Credit/Guarantee with respect to the use by any beneficiary of any Letter of Credit/Guarantee. The Working Capital Lender shall not be responsible for:

(a) the validity of certificates or other documents delivered under or in connection with any Letter of Credit/Guarantee that appear on their face to be in order, even if such certificates or other documents should in fact prove to be invalid, fraudulent or forged;

(b) errors, omissions, interruptions or delays in transmission or delivery of any messages by mail, cable, telegraph, telefax or otherwise, whether or not they are in code;

(c) errors in translation or for errors in the interpretation of technical terms or for errors in the calculation of amounts demanded under any Letter of Credit/Guarantee;

(d) any failure or inability of the Working Capital Lender or Lender to make payment under any Letter of Credit/Guarantee as a result of any Applicable Laws or by reason of any control or restitution rightfully or wrongfully exercised by any Person asserting or exercising governmental or paramount powers; or

(e) any other consequences arising in respect of a failure by the Working Capital Lender to honour a Letter of Credit/Guarantee due to causes beyond the control of the Working Capital Lender;

and none of the above shall affect or impair any of the rights or powers of the Lenders hereunder or the obligations of the Borrower under Section 6.19. Without limiting the generality of the foregoing, it is agreed that any payment made by any Working Capital Lender in good faith under and in accordance with the terms of a Letter of Credit/Guarantee shall be binding upon the Borrower and shall not result in

any liability of the Working Capital Lender to the Borrower and shall not lessen the obligations of the Borrower under Section 6.19.

Notwithstanding the provisions of this Section 6.17, the Borrower shall not be responsible for, and the Working Capital Lender shall not be relieved of responsibility for, any wilful misconduct or gross negligence of or by any the Working Capital Lender.

6.18 No Liability

The Borrower agrees that neither the Working Capital Lender nor any of its officers, directors, employees, agents or correspondents will assume liability for, or be responsible for:

(a) the use which may be made of any Letter of Credit/Guarantee;

(b) any acts or omissions of the beneficiary of any Letter of Credit/Guarantee including the application of any payment made to such beneficiary;

(c) the validity, correctness, genuineness or legal effect of any document or instrument relating to any Letter of Credit/Guarantee, even if such document or instrument should in fact prove to be in any respect invalid, insufficient, inaccurate, fraudulent or forged;

(d) payment by the Working Capital Lender of any draft which does not comply with the terms of any Letter of Credit/Guarantee, unless such payment results from the gross negligence or wilful misconduct of the Working Capital Lender;

(e) the failure of any document or instrument to bear any reference or adequate reference to any Letter of Credit/Guarantee;

(f) any failure to note the amount of any draft on any Letter of Credit/Guarantee or on any related document or instrument; any failure of the beneficiary of any Letter of Credit/Guarantee to meet the obligations of such beneficiary to either the Borrower or any other Person;

(g) any errors, inaccuracies, omissions, interruptions or delays in transmission or delivery of any messages, directions or correspondence by mail, facsimile or otherwise;

(h) any inaccuracies in the translation of any messages, directions or correspondence or for errors in the interpretation of any technical terms; or

(i) any failure by the Working Capital Lender to make payment under any Letter of Credit/Guarantee as a result of any law, control or restriction rightfully or wrongfully exercised or imposed by any domestic or foreign court or government or government instrumentality or as a result of any other cause beyond the control of the Working Capital Lender or its officers, directors, employees, agents or correspondents.

6.19 Reimbursement Obligations of the Borrower

The Borrower shall reimburse the Working Capital Lender on demand for any amounts paid by the Working Capital Lender from time to time as contemplated by Section 6.17 and, without limiting the generality of the foregoing, the Borrower shall indemnify and save the Working Capital Lender harmless on demand from and against any and all other losses, costs, damages, expenses, claims, demands or

liabilities which any of them may suffer or incur arising in any manner whatsoever in connection with the making of any such payments (including, without limitation, in connection with proceedings to restrain the Working Capital Lender from making, or to compel the Working Capital Lender to make, any such payment).

6.20 Overdue Amounts and Indemnity

Without limiting any other provisions of this Agreement, if the Borrower shall fail to reimburse the Working Capital Lender for any payments made by the Working Capital Lender under a Letter of Credit/Guarantee as contemplated in Section 6.19, the amount that the Borrower fails to reimburse the Working Capital Lender shall be deemed to be a Prime Rate Advance for payments made by the Working Capital Lender. The Working Capital Lender shall forthwith give notice of such Advance to the Borrower. Interest shall be payable on such deemed Prime Rate Advance from the date of such deemed Prime Rate Advance in accordance with the terms of this Agreement.

6.21 Acceleration

Upon the Agent providing an Acceleration Notice to the Borrower under Section 9.2, the maximum amount of the contingent liability of the Working Capital Lender under any Letter of Credit/Guarantee which is then outstanding shall immediately become due and payable to the Working Capital Lender notwithstanding that the Working Capital Lender has not at such date been required to make payment under any such Letter of Credit/Guarantee. Any such amount paid to the Working Capital Lender shall be held by the Working Capital Lender for the account of the Working Capital Lender in a separate collateral account of the Borrower as security for the repayment of future indebtedness of the Borrower to the Working Capital Lender in respect of Letters of Credit/Guarantee which are drawn down and, pending the expiry of all outstanding Letters of Credit/Guarantee, any amounts paid to the Working Capital Lender shall bear interest at the rate established by the Working Capital Lender from time to time as that payable in respect of 30 day certificates of deposit of the Working Capital Lender for monies of like amount. Any payments under this Section 6.21 will be applied in accordance with Section 9.3.

6.22 Conflict with Applications

To the extent that any provision of any application for the issuance of a Letter of Credit/Guarantee in the standard form of the Working Capital Lender or such other form as may be approved by the Working Capital Lender is inconsistent with the provisions of Sections 6.16, 6.17, 6.19, 6.20, 6.20 or 6.21, the provisions of such Sections of this Agreement shall apply.

(r) permit any of its Property to be located in any jurisdiction in which the Agent has not registered or perfected the Encumbrances constituted by the Security, without providing the Agent with at least 30 days prior written notice of the Borrower's intention to locate

(k) there is an event or circumstance with respect to the Borrower or another Credit Party, which could reasonably be expected to have a Material Adverse Effect.

9.2 Acceleration and Termination of Rights

(a) If any Event of Default occurs and is continuing, no Lender shall be under any further obligation to make Advances and the Majority Lenders may instruct the Agent to give notice (an "**Acceleration Notice**") to the Borrower and/or any Guarantor (i) declaring the Lenders' obligations to make Advances to be terminated, whereupon the same shall forthwith terminate, and/or (ii) declaring the Obligations under this Agreement to be forthwith due and payable, whereupon they shall become and be forthwith due and payable without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by the Borrower; provided however, the Agent shall be deemed to give such notice to the Borrower immediately upon the occurrence of an Event of Default described in Section 9.1(e).

(b) Notwithstanding the reference to Defaults and Events of Default under this Agreement, if all Obligations are not paid in full upon the Stated Maturity Date, the Agent shall be entitled to demand repayment of all such amounts outstanding under the Credit Facility at any time thereafter, upon the instructions of the Majority Lenders under the Credit Facility.

9.3 Payment of Bankers' Acceptances and Letters of Credit

Immediately upon the delivery or deemed delivery of an Acceleration Notice, the Borrower shall, without necessity of further act or evidence, be and become thereby unconditionally obligated to deposit forthwith with the Agent for the Lenders' benefit, Collateral equal to the full principal amount at maturity of all Bankers' Acceptances, Notional Bankers' Acceptances and the Face Amount of all Letters of Credit/Guarantee then outstanding and issued by the Working Capital Lender and the Borrower hereby unconditionally promises and agrees to deposit with the Agent immediately upon delivery or deemed delivery of such Acceleration Notice, Collateral in the amount so demanded. The Borrower authorizes the Lenders, or any of them, to debit its account with the amount required to pay such Bankers' Acceptances, Notional Bankers' Acceptances (notwithstanding that any such Bankers' Acceptances and Notional Bankers' Acceptances may be held by the Lenders, or any of them, in their own right at maturity) and with the amount required to pay any drawings under Letters of Credit/Guarantee. Amounts paid to the Agent and/or to the Working Capital Lender pursuant to such a demand in respect of Bankers' Acceptances or Notional Bankers' Acceptances shall be considered to be a prepayment by the Borrower in respect of such obligations (without any deduction of fees or discounts in respect thereof) and be applied against, and in respect of a demand by the Agent and shall reduce, pro rata among the BA Lenders and Non BA Lenders, in the case of Bankers' Acceptances and Notional Bankers' Acceptances (to the extent of the amounts paid to the Agent in respect of Bankers' Acceptances or Notional Bankers' Acceptances, as the case may be), the obligation of the Borrower to pay amounts then or thereafter payable under such

Bankers' Acceptances, Notional Bankers' Acceptances or Letters of Credit/Guarantee accepted or issued hereunder at the times amounts become payable under or in respect thereof, as the case may be.

9.4 Remedies

Upon the delivery or deemed delivery of an Acceleration Notice contemplated by Section 9.2, the Security shall become immediately enforceable and the Majority Lenders may instruct the Agent to take such action or proceedings on behalf of the Lenders as the Majority Lenders in their sole discretion deem expedient to enforce the rights and remedies available to the Agent and the Lenders under or in respect of the Credit Documents, all without any additional notice, presentment, demand, protest or other formality, all of which are hereby expressly waived by the Borrower.

9.5 Waivers

No failure of the Agent or the Lenders to exercise, or delay by the Agent or the Lenders in exercising, any of its rights or remedies shall be construed as a waiver of any Default or Event of Default.

9.6 No Obligation to Enforce

Neither the Lenders nor the Agent shall be under any obligation to the Borrower or any other Person to realize any collateral or enforce the Security or any part thereof or to allow any collateral to be sold, dealt with or otherwise disposed of. The Lenders shall not be responsible or liable to the Borrower or any other Person for any loss or damage upon the realization or enforcement of, the failure to realize or enforce any collateral or any part thereof or the failure to allow any collateral to be sold, dealt with or otherwise disposed of or for any act or omission on their respective parts or on the part of any director, officer, agent, servant or adviser in connection with any of the foregoing, except that a Lender may be responsible or liable for any loss or damage arising from the wilful misconduct or gross negligence of that Lender.

9.7 Perform Obligations

If after the occurrence and during the continuance as an Event of Default, the Borrower or another Credit Party has failed to perform any of its covenants or agreements in the Credit Documents, the Majority Lenders may, but shall be under no obligation to instruct the Agent on behalf of the Lenders to perform any such covenants or agreements in any manner deemed fit by the Majority Lenders without thereby waiving any rights to enforce the Credit Documents. The reasonable expenses (including any legal costs) paid by the Agent and/or Lenders in respect of the foregoing shall be added to and become part of the Obligations and shall be secured by the Security.

9.8 Third Parties

No Person dealing with the Agent or any agent of the Agent shall be concerned to inquire whether the Security has become enforceable, or whether the powers which the Agent is purporting to exercise have been exercisable, or whether any Obligations remain outstanding upon the security thereof, or as to the necessity or expediency of the stipulations and conditions subject to which any sale shall be made, or otherwise as to the propriety or regularity of any sale or other disposition or any other dealing with the collateral charged by such Security or any part thereof.

9.9 Remedies Cumulative

The rights and remedies of the Agent and the Lenders (or any of them) under the Credit Documents are cumulative and are in addition to and not in substitution for any rights or remedies provided by law. Any single or partial exercise by the Agent and the Lenders (or any of them) of any right or remedy for a default or breach of any term, covenant, condition or agreement herein contained shall not be deemed to be a waiver of or to alter, affect, or prejudice any other right or remedy or other rights or remedies to which the Agent and the Lenders (or any of them) may be lawfully entitled for the same default or breach. Any waiver by the Agent and the Lenders (or any of them) of the strict observance, performance or compliance with any term, covenant, condition or agreement herein contained, and any indulgence granted by the Agent and the Lenders (or any of them) shall be deemed not to be a waiver of any subsequent default.

9.10 Continuing Security

Each Security document shall for all purposes be treated as separate and continuing guarantees, security and subordinations and shall be deemed to have been given in addition to and not in place of any other guarantee, security or any subordination now held or hereafter acquired by the Agent, any Lender or any Hedge Provider. No item or part of any Security shall be merged or be deemed to have been merged in or by any simple contract debt or any judgment, and any realization of or steps taken under or pursuant to any Security document shall be independent of and not create a merger with any other right available to the Agent or any Lender under this Agreement, any other Security document or other Credit Document held by it or them or at law or in equity.

9.11 Dealing with the Security

The Agent and the Lenders may grant extensions of time or other indulgences, take and give up securities, accept compositions, grant releases and discharges and otherwise deal with the Borrower or any other Credit Party as the Agent and the Lenders may see fit, and the Lenders may, subject to the provisions hereof, apply all moneys received from the Borrower, and the other Credit Parties or others obligated to pay or perform any of the Obligations, or from securities, to such part of the Obligations as the Lenders may think best, without prejudice to or in any way limiting the liability of the Borrower and the other Credit Parties under any of the Credit Documents or for any deficiency.

9.12 Effectiveness and Survival for Permitted Hedges

The Security documents contemplated or required to be created hereby shall be effective upon execution and delivery thereof, and the undertakings as to the Borrower and the other Credit Parties herein or in any other Credit Document hereunder shall be continuing, whether the monies hereby or thereby secured or any part thereof shall be advanced before or after or at the same time as the creation of any such Credit Document or before or after or upon the date of execution of any amendments to or restatements of this Agreement, and shall not be affected by the Obligations fluctuating from time to time. Notwithstanding the cancellation of all of the Commitment and the full and final payment of all Obligations outstanding under this Agreement or any termination of this Agreement, the Security shall survive and continue until all Obligations owing under the Permitted Lender Hedges are also fully and finally paid, except to the extent that the Permitted Lender Hedges provide otherwise; provided however, upon the cancellation of all of the Commitment and the full and final payment of all Obligations under this Agreement, the Agent shall be fully, finally and absolutely released from all liabilities and obligations arising under, out of or in connection with the Security documents and shall have no obligation, liability or duty to any Hedge Provider arising under, out of or in connection with the Security documents.

9.13 Set-Off or Compensation

In addition to and not in limitation of any rights now or hereafter granted under Applicable Laws, upon the occurrence and during the continuance of an Event of Default, the Lenders, or any of them, may at any time and from time to time without notice to the Borrower or any other Person, any notice being expressly waived, set-off, combine accounts and compensate and apply any and all deposits, general or special, time or demand, provisional or final, matured or unmatured, and any other indebtedness at any time owing by the Lenders, or any of them, to or for the credit of or the account of the Borrower or any other Credit Party, against and on account of the Obligations owing by the Borrower and such other Credit Party to the Lenders, notwithstanding that any of them are contingent or unmatured.

ARTICLE X
THE AGENT AND THE LENDERS

10.1 Authorization of Agent and Relationship

Each Lender hereby appoints TD as Agent, and TD hereby accepts such appointment. The appointment may only be terminated as expressly provided in this Agreement. Each Lender hereby authorizes the Agent to take such action on its behalf under the provisions of this Agreement and the other Credit Documents and to exercise such powers and perform such duties as are expressly delegated to the Agent by the terms of this Agreement and the other Credit Documents, together with all powers reasonably incidental thereto. Notwithstanding any provision to the contrary elsewhere in this Agreement, the Agent shall have no duties or obligations except those expressly set forth herein and no other duties or obligations of the Agent shall be implied in this Agreement or in any other Credit Documents. The Agent may perform such duties or obligations by or through its agents or employees. The Agent shall not by reason of this Agreement or any of the other Credit Documents have a fiduciary duty in respect of any Lender. As to any matters not expressly provided for by this Agreement, the Agent is not required to exercise any discretion or to take any action, but is required to act or to refrain from acting (and is fully protected in so acting or refraining from acting) upon the instructions of the Lenders or the Majority Lenders, as the case may be. Those instructions shall be binding upon all Lenders, but the Agent is not required to take any action which exposes the Agent to personal liability or which is contrary to this Agreement or Applicable Law.

10.2 Disclaimer of Agent

The Agent makes no representation or warranty, and assumes no responsibility with respect to the due execution, legality, validity, sufficiency, enforceability or collectability of this Agreement or any other Credit Document. The Agent assumes no responsibility for the financial condition of the Borrower or any other Credit Party, or for the performance of the obligations of the Borrower or any other Credit Party under this Agreement or any other Credit Document. The Agent assumes no responsibility with respect to the accuracy, authenticity, legality, validity, sufficiency or enforceability of any documents, papers, materials or other information furnished by the Borrower or any other Credit Party to the Agent. The Agent shall not be required to ascertain or inquire as to the performance or observance of any of the terms, conditions, provisions, covenants or agreements contained herein or as to the use of the proceeds of the Credit Facility or of the existence or possible existence of any Default or Event of Default unless the officers or employees of the Lender acting as Agent active in their capacity as officers or employees on the accounts of the Borrower have actual knowledge thereof, or have been notified thereof in writing by the Borrower or a Lender. Neither the Agent nor any of its directors, officers, agents or employees shall be liable for any action taken or omitted to be taken by it or them as Agent under or in connection with the Agreement except for its or their own gross negligence or wilful misconduct. With respect to its Commitment, the Lender acting as Agent shall have the same rights and powers hereunder as any other

Lender, and may exercise the same as though it were not performing the duties and functions delegated to it as Agent hereunder.

10.3 Failure of Lender to Fund

(a) Unless the Agent has actual knowledge that a Lender has not made or will not make available to the Agent for value on a Drawdown Date the applicable amount required from such Lender pursuant to Sections 6.5 or 6.8 or its Proportionate Share of a deemed Advance under Section 6.10, the Agent shall be entitled to assume that such amount has been or will be received from such Lender when so due and the Agent may (but shall not be obliged to), in reliance upon such assumption, make available to the Borrower a corresponding amount (except that no such amount shall be made available to the Borrower in the case of a deemed Advance). If such amount is not in fact received by the Agent from such Lender on such Drawdown Date and the Agent has made available a corresponding amount to the Borrower on such Drawdown Date as aforesaid (or is deemed to have made an Advance to the Borrower in such amount), such Lender shall pay to the Agent on demand an amount equal to the aggregate of the applicable amount required from such Lender pursuant to Sections 6.5 or 6.8 or its Proportionate Share of a deemed Advance under Section 6.10 plus an amount equal to the product of (i) the rate per annum applicable to overnight deposits made with the Agent for amounts approximately equal to the amount required from such Lender multiplied by (ii) the amount that should have been paid to the Agent by such Lender on such Drawdown Date, Rollover Date or Conversion Date, as applicable and was not, multiplied by (iii) a fraction, the numerator of which is the number of days that have elapsed from and including such Drawdown Date, Rollover Date or Conversion Date, as applicable to but excluding the date on which the amount is received by the Agent from such Lender and the denominator of which is 365 in all other cases. A certificate of the Agent containing details of the amount owing by a Lender under this Section 10.3(a) shall be binding and conclusive in the absence of manifest error. If any such amount is not in fact received by the Agent from such Lender on such Drawdown Date, Rollover Date or Conversion Date, the Agent shall be entitled to recover from the Borrower, on demand, the related amount made available by the Agent to the Borrower as aforesaid together with interest thereon at the applicable rate per annum payable by the Borrower hereunder.

(b) Notwithstanding the provisions of Section 10.3(a), if any Lender fails to make available to the Agent its Proportionate Share of any Advance, which for greater certainty includes a deemed Advance, (such Lender being herein called the "**Defaulting Lender**"), the Agent shall forthwith give notice of such failure by the Defaulting Lender to the Borrower (except where such failure relates to a deemed Advance) and the other Lenders. The Agent shall then forthwith give notice to the other Lenders that any Lender may make available to the Agent all or any portion of the Defaulting Lender's Proportionate Share of such Advance (but in no way shall any other Lender or the Agent be obliged to do so) in the place of the Defaulting Lender. If more than one Lender gives notice that it is prepared to make funds available in the place of a Defaulting Lender in such circumstances and the aggregate of the funds which such Lenders (herein collectively called the "**Contributing Lenders**" and individually called the "**Contributing Lender**") are prepared to make available exceeds the amount of the Advance which the Defaulting Lender failed to make, then each Contributing Lender shall be deemed to have given notice that it is prepared to make available its Proportionate Share of such Advance based on the Contributing Lenders' relative commitments to advance in such circumstances. If any Contributing Lender makes funds available in the place of a Defaulting Lender in

such circumstances, then the Defaulting Lender shall pay to any Contributing Lender making the funds available in its place, forthwith on demand, any amount advanced on its behalf together with interest thereon at the rate applicable to such Advance from the date of advance to the date of payment, against payment by the Contributing Lender making the funds available of all interest received in respect of the Advance from the Borrower. The failure of any Lender to make available to the Agent its Proportionate Share of any Advance as required herein shall not relieve any other Lender of its obligations to make available to the Agent its Proportionate Share of any Advance as required herein.

10.4 Payments by the Borrower and Other Credit Parties

All payments made by or on behalf of the Borrower or any other Credit Party pursuant to this Agreement or the other Credit Documents (including amounts received (net of all relevant costs and expenses of the Agent) by the Agent as a result of the exercise of any right of set-off, combination or consolidation of accounts, or by counterclaim or cross-action) shall be made to and received by the Agent on behalf of the Lenders (except that amounts received by the Agent in respect of amounts payable to the Working Capital Lender shall be paid only to the Working Capital Lender) and shall be distributed by the Agent to the Lenders as soon as possible upon receipt by the Agent. Subject to the provisions of Section 10.5, the Agent shall distribute in the following order of priority:

(a) unpaid fees, costs and expenses of the Agent;

(b) payments of interest and fees:

(i) in accordance with each Lender's Proportionate Share of the Syndicated Facility, or

(ii) after an Acceleration Notice is delivered or deemed delivered by the Agent pursuant to Section 9.2, the Agent shall distribute payments of interest and fees (including without limitation any payment of interest or fees obtained by the Agent as a result of the enforcement of the Credit Documents) in accordance with each Lender's Proportionate Share of the Credit Facility until such interest and fees are paid in full;

(c) repayments of the Outstanding Principal:

(i) in accordance with each Lender's Proportionate Share of the Credit Facility, or

(ii) after a declaration is made by the Agent pursuant to Section 9.2, the Agent shall distribute repayments of principal (including without limitation any repayments of principal obtained by the Agent as a result of the enforcement of the Credit Documents) in accordance with each Lender's Proportionate Share of the aggregate of the Credit until such Outstanding Principal is paid in full; and

(d) all other payments received by the Agent under this Agreement, in accordance with what would otherwise be each Lender's Proportionate Share of the Credit Facility.

Notwithstanding the foregoing, any such distribution that would otherwise be made pursuant to Section 10.4(c) on account of any outstanding Bankers' Acceptances, Notional Bankers' Acceptances or Letters of Credit shall be set aside in a separate collateral account for the primary benefit of the Lenders

who have issued such Bankers' Acceptances, Notional Bankers' Acceptances or Letters of Credit (and for the secondary benefit of the Lenders in respect of other Obligations owing by the Borrower to the Lenders) until and to the extent that such Obligations become matured and not contingent, at which time such distributions shall be made to the Lenders for whose primary benefit such amounts are held.

Subject to Section 10.5, if the Agent does not distribute a Lender's Proportionate Share of a payment made by the Borrower to or for the benefit of that Lender for value on the day that payment is made or deemed to have been made to the Agent, the Agent shall pay to the Lender on demand an amount equal to the product of (i) the Agent's rate per annum applicable to overnight deposits for amounts approximately equal to the amount of the payment multiplied by (ii) the Lender's Proportionate Share of the amount received by the Agent from the Borrower and not so distributed, multiplied by (iii) a fraction, the numerator of which is the number of days that have elapsed from and including the date of receipt of the payment by the Agent to but excluding the date on which the payment is made by the Agent to such Lender and the denominator of which is 365.

10.5 Payments by Agent

(a) For greater certainty, the following provisions shall apply to any and all payments made by the Agent to the Lenders hereunder:

(i) the Agent shall be under no obligation to make any payment (whether in respect of principal, interest, fees or otherwise) to any Lender until an amount in respect of such payment has been received by the Agent from the Borrower;

(ii) if the Agent receives less than the full amount of any payment of principal, interest, fees or other amount owing by the Borrower under this Agreement, the Agent shall have no obligation to remit to each Lender any amount other than such Lender's Proportionate Share (based on the then outstanding Obligations of the Borrower hereunder) of that amount which is the amount actually received by the Agent;

(iii) if any Lender advances more or less than its Proportionate Share of the Credit, such Lender's entitlement to such payment shall be increased or reduced, as the case may be, in proportion to the amount actually advanced by such Lender;

(iv) if a Lender's Proportionate Share of an Advance has been advanced for less than the full period to which any payment by the Borrower relates, such Lender's entitlement to such payment shall be reduced in proportion to the length of time such Lender's Proportionate Share of the applicable Advance has actually been outstanding;

(v) the Agent acting reasonably and in good faith shall, after consultation with the Lenders in the case of any dispute, determine in all cases the amount of all payments to which each Lender is entitled and such determination shall, in the absence of manifest error, be binding and conclusive;

(vi) upon request, the Agent shall deliver a statement detailing any of the payments to the Lenders referred to herein; and

(vii) all payments by the Agent to a Lender hereunder shall be made to such Lender at its address set out beside its signature unless notice to the contrary is received by the Agent from such Lender.

(b) Unless the Agent has actual knowledge that the Borrower has not made or will not make a payment to the Agent for value on the date in respect of which the Borrower has notified the Agent that the payment will be made, the Agent shall be entitled to assume that such payment has been or will be received from the Borrower when due and the Agent may (but shall not be obliged to), in reliance upon such assumption, pay the Lenders' corresponding amounts. If the payment by the Borrower is in fact not received by the Agent on the required date and the Agent has made available corresponding amounts to the Lenders, the Borrower shall, without limiting its other obligations under this Agreement, indemnify the Agent against any and all liabilities, obligations, losses (other than loss of profit), damages, penalties, and all reasonable costs, expenses or disbursements of any kind or nature whatsoever that may be imposed on or incurred by the Agent as a result of such non-payment. A certificate of the Agent with respect to any amount owing under this Section shall be *prima facie* evidence of the amount owing in the absence of manifest error. If a payment is not in fact received by the Agent from the Borrower and the Agent has paid to a Lender a corresponding amount, such Lender shall pay to the Agent on demand an amount equal to the aggregate of the amount of such payment made to the Lender plus the product of (i) the Lender's rate per annum applicable to overnight deposits for amounts approximately equal to the amount paid by the Agent to such Lender and not so received from the Borrower multiplied by (ii) the amount paid by the Agent to such Lender and not so received from the Borrower, multiplied by (iii) a fraction, the numerator of which is the number of days that have elapsed from and including the date of payment by the Agent to the Lender to but excluding the date on which payment is made by such Lender to the Agent and the denominator of which is 365.

10.6 Adjustments to Outstanding Advances and Direct Payments

Each Lender agrees that, after the Agent (on the instructions of the Majority Lenders) demands or is deemed to demand payment of the Obligations outstanding under the Credit pursuant to Section 9.2, it will at any time and from time to time upon the request of the Agent as requested by any Lender, purchase portions of the Advances made available by the other Lenders, which remain outstanding and make any other adjustments which may be necessary or appropriate, in order that the aggregate amount of Advances made by each Lender under the Credit Facility will be in the same proportion as the applicable Lender's Proportionate Share of the Commitment.

The Lenders agree among themselves that, except as otherwise provided for in this Agreement and except as necessary to adjust for Advances that are not in each Lender's Proportionate Share under the Credit, all sums received by a Lender relating to this Agreement, by virtue of the other Credit Documents, whether received by voluntary payment, the exercise of the right of set-off, combination or consolidation of accounts, or compensation or by counterclaim, cross-action or otherwise, shall be shared by each Lender in its Proportionate Share of the Credit Facility in accordance with Section 10.4 and each Lender undertakes and agrees to do all such things as may be reasonably required to give full effect to this Section, including, without limitation, the purchase from other Lenders of a portion of any Advances by the Lender who has received an amount in excess of its Proportionate Share as shall be necessary to cause such purchasing Lender to share the excess amount rateably in its Proportionate Share with the other Lenders. If any sum which is so shared is later recovered from the Lenders who originally received it, the Lender shall restore its Proportionate Share of such sum to such Lenders, without interest. If any

Lender (a "**Receiving Lender**") shall obtain any payment of the Obligations as referred to above, the Receiving Lender shall forthwith remit such payment to the Agent and, upon receipt, the Agent shall distribute such payment in accordance with the provisions of Section 10.4.

10.7 Administration of the Credits and Lenders' Consent to Waivers, Amendments, etc.

(a) Unless otherwise specified herein, the Agent shall perform the following duties under this Agreement:

(i) take delivery of each Lender's Proportionate Share of an Advance and make all Advances hereunder in accordance with the procedures set forth in Sections 6.5 and 6.8;

(ii) use reasonable efforts to collect promptly all sums due and payable by the Borrower pursuant to this Agreement;

(iii) make all payments to the Lenders in accordance with the provisions hereof;

(iv) hold all legal documents relating to the Credit, maintain complete and accurate records showing all Advances made by the Lenders, all remittances and payments made by the Borrower to the Agent, all remittances and payments made by the Agent to the Lenders and allow each Lender and their respective advisors to examine such accounts, records and documents at their own expense, and provide any Lender, upon reasonable notice, with such copies thereof as such Lender may reasonably require from time to time at its expense;

(v) except as otherwise specifically provided for in this Agreement, promptly notify each Lender upon receipt of each notice and deliver to each Lender, promptly upon receipt, all other written communications furnished by the Borrower to the Agent pursuant to this Agreement, including without limitation copies of financial reports and certificates which are to be furnished to the Agent;

(vi) forward to each of the Lenders, one copy each of this Agreement and other Credit Documents;

(vii) promptly forward to each Lender, upon request, an up-to-date loan status report and any other information respecting the Borrower reasonably requested by such Lender; and

(viii) upon learning of same, promptly notify each Lender in writing of the occurrence of an Event of Default or the occurrence of any event, condition or circumstance which could be expected to have a Material Adverse Effect, provided that, except as aforesaid, the Agent shall be under no duty or obligation whatsoever to provide any notice to the Lenders and further provided that each Lender hereby agrees to notify the Agent of any Default or Event of Default of which it may reasonably become aware.

(b) Any waiver of or any amendment to a provision of the Credit Documents which relates to:

(i) a change in the types of available Advances, decreases in interest rates, Commitment Fees, Bankers' Acceptance Stamping Fees, the Applicable Margin, the Commitment Fee Rate, shortening notice periods, decreasing the amount of any payments payable by the Borrower to the Lenders under this Agreement or any waiver of the time of payment of any amounts payable to the Lenders under this Agreement;

(ii) an increase or decrease in the Commitment of any Lender other than as provided for herein;

(iii) an assignment or transfer by the Borrower of any of its rights and obligations under this Agreement other than as provided for herein;

(iv) a change in the definition of "Majority Lenders", "Term Date", "Stated Maturity Date", "Non-Agreeing Lender Term Date", "Non-Agreeing Lender Stated Maturity Date ", "Material Subsidiary", or any other definition to the extent relevant to any of the other provisions of this Section 10.7(b);

(v) any matter which, pursuant to the Credit Documents, specifically requires the consent or agreement of all of the Lenders;

(vi) the provisions of Sections 4.6, 8.3(b), 8.3(e), 8.3(i) or 10.7(b); or

(vii) an Event of Default under Section 9.1(a);

shall bind the Lenders and if applicable, all of the Hedge Providers, only if such waiver or amendment is agreed to in writing by all of the Lenders. In addition, any waiver of or amendment to any provision of the Credit Documents which relates to an increase in the Commitment of any Lender shall bind that Lender only if agreed to in writing by such Lender.

(c) Subject to Sections 10.7(b) and 10.7(d) and except as otherwise provided in the Credit Documents, any waiver of or any amendment to any provision of the Credit Documents and any action, consent or other determination in connection with the Credit Documents shall bind all of the Lenders and if applicable, all of the Hedge Providers, if such waiver, amendment, action, consent or other determination is agreed to in writing by the Majority Lenders.

(d) Subject to Section 10.7(b) and except as otherwise provided in the Credit Documents, any determination, consent, approval or other action made by the Agent hereunder pursuant to any provision which states that such action shall or may be taken by the Agent shall bind all of the Lenders.

(e) Any waiver of or any amendment to any provision of the Credit Documents which relates to the rights or obligations of the Working Capital Lender or the Agent shall require the agreement of the Working Capital Lender and Agent, as applicable.

(f) As between the Borrower, on the one hand, and the Agent and the Lenders, on the other hand:

(i) all statements, certificates, consents and other documents which the Agent purports to deliver on behalf of the Lenders or the Majority Lenders shall be binding on each of the Lenders, and the Borrower shall not be required to ascertain or confirm the authority of the Agent in delivering such documents;

(ii) all certificates, statements, notices and other documents which are delivered by the Borrower and any other Credit Party to the Agent in accordance with this Agreement shall be deemed to have been delivered to each of the Lenders;

(iii) all payments which are delivered by the Borrower to the Agent in accordance with this Agreement shall be deemed to have been duly delivered to each of the Lenders; and

(iv) unless a Default or an Event of Default has occurred and is continuing, the consent of the Borrower to the appointment of any Successor Agent must be obtained, but such consent shall not be unreasonably withheld.

10.8 Rights of Agent

(a) In administering the Credit or in realizing on the rights available under this Agreement or the other Credit Documents, the Agent may retain, at the expense of the Lenders if such expenses are not recoverable from the Borrower, such solicitors, counsel, auditors and other experts and agents as the Agent may select, in its sole discretion, acting reasonably and in good faith after consultation with the Lenders.

(b) The Agent shall be entitled to rely on any communication, instrument or document believed by it to be genuine and correct and to have been signed by the proper individual or individuals, and shall be entitled to rely and shall be protected in relying as to legal matters upon opinions of independent legal advisors selected by it. The Agent may also assume that any representation made by the Borrower or the other Credit Parties is true and that no Default or Event of Default has occurred unless the officers or employees of the Lender acting as Agent, active in their capacity as officers or employees responsible for the Borrower's accounts, have actual knowledge to the contrary or have received notice to the contrary from any other party to this Agreement.

(c) The Agent may, without any liability to account, but subject to the terms of this Agreement, enter into swap agreements, futures contracts and other similar agreements with the Borrower and/or the other Credit Parties, accept deposits from and lend money to and generally engage in any kind of banking, or other business with the Borrower and/or the other Credit Parties as if it were not the Agent.

(d) The Agent shall not be required to advance its own funds for any purpose, and, in particular, shall not be required to pay with its own funds insurance premiums, taxes or public utility charges or the cost of repairs or maintenance with respect to any of the Property of the Borrower or the other Credit Parties, nor shall it be required to pay with its own funds the fees of solicitors, counsel, auditors, experts, or agents engaged by it as permitted hereby.

10.9 Acknowledgements, Representations and Covenants of Lenders

(a) It is acknowledged and agreed by each Lender that it has itself been, and will continue to be, solely responsible for making its own independent appraisal of and investigations into the financial condition, creditworthiness, Property, affairs, status and nature of the Borrower and each of the other Credit Parties. Accordingly, each Lender confirms to the Agent that it has not relied, and will not hereafter rely, on the Agent (i) to check or inquire on its behalf into the adequacy or completeness of any information provided by the Borrower or the other Credit Parties under or in connection with this Agreement, the other Credit Documents or the transactions herein contemplated (whether or not such information has been or is hereafter distributed to such Lender by the Agent) or (ii) to assess or keep under review on its behalf the financial condition, creditworthiness, Property, affairs, status or nature of he Borrower or the other Credit Parties.

(b) Each Lender represents and warrants to the other Parties hereto that it has the legal capacity to enter into this Agreement pursuant to its charter and any Applicable Laws and has not violated its charter, constating documents or any Applicable Laws by so doing.

(c) Each Lender agrees to indemnify the Agent (to the extent not reimbursed by the Borrower), rateably according to its Proportionate Share of the Credit Facility from and against any and all liabilities and obligations (whether direct or indirect, contingent or otherwise), losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever which may be imposed on, incurred by, or asserted against the Agent in any way relating to or arising out of the Credit Documents or the transactions therein contemplated, provided that no Lender shall be liable for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from the Agent's gross negligence or wilful misconduct. Without limiting the generality of the foregoing, each Lender agrees to reimburse the Agent promptly upon demand rateably according to its Proportionate Share of the Credit Facility for any out-of-pocket expenses (including counsel fees) incurred by the Agent in connection with the preservation of any rights of the Agent or the Lenders under, or the enforcement of, or legal advice in respect of rights or responsibilities under this Agreement or under the other Credit Documents, to the extent that the Agent is not promptly reimbursed for such expenses by the Borrower. The obligation of the Lenders to indemnify the Agent shall survive the termination of this Agreement.

(d) Each of the Lenders acknowledges and confirms that, in the event that the Agent does not receive payment in accordance with this Agreement, it shall not be the obligation of the Agent to maintain the Credit Facility in good standing nor shall any Lender have recourse to the Agent in respect of any amounts owing to such Lender under this Agreement.

(e) Each Lender acknowledges and agrees that its obligation to advance its Proportionate Share of Advances in accordance with the terms of this Agreement is independent and in no way related to the obligation of any other Lender hereunder.

(f) Each Lender hereby acknowledges receipt of a copy of this Agreement and the other Credit Documents (to the extent that such Credit Documents have been delivered) and acknowledges that it is satisfied with the form and content of such documents.

(g) Except to the extent recovered by the Agent from the Borrower, promptly following demand therefor, each Lender shall pay to the Agent an amount equal to such Lender's Proportionate Share of the Credit Facility of any and all reasonable costs, expenses, claims, losses and liabilities incurred by the Agent in connection with this Agreement and the other Credit Documents (including, without limitation, the collection or enforcement thereof, which shall be based on each Lender's Proportionate Share of the Credit Facility), except for those incurred by reason of the Agent's gross negligence or wilful misconduct.

(h) Each Lender shall respond promptly to each request by the Agent for the consent of such Lender required hereunder.

10.10 Action of the Lenders

Each of the Lenders hereby acknowledges that, to the extent permitted by Applicable Law, the remedies available to the Lenders under this Agreement and the other Credit Documents are for the benefit of the Lenders collectively and that its rights hereunder and under the other Credit Documents are to be exercised by the Agent as required by this Agreement. The Agent shall have no responsibility or liability to any Hedge Provider to enforce any Credit Document for or on behalf of any Hedge Provider or to obtain the payment of any Obligations owed to any Hedge Provider under, in respect of or in connection with any Permitted Hedge. Accordingly, except as otherwise expressly provided herein, each of the Lenders hereby covenants and agrees that it shall not take any action hereunder or under or the other Credit Documents but that any such action shall be taken only by the Agent with the prior written agreement of the Majority Lenders or all of the Lenders, as required. Each of the Lenders hereby further covenants and agrees that upon any written agreement being given by the Majority Lenders or all of the Lenders, as required, it shall co-operate fully with the Agent to the extent requested by the Agent. Notwithstanding the foregoing, in the absence of the instructions from the Lenders and where in the sole opinion of the Agent, acting reasonably and in good faith, the exigencies of the situation warrant such action, the Agent may without notice to or consent of the Lenders take such action on behalf of the Lenders as it deems appropriate or desirable in the interest of the Lenders.

10.11 Successor Agent

Subject to the appointment and acceptance of a Successor Agent as provided in this Section 10.11, and subject to Section 10.7(f)(iv), the Agent may resign at any time by giving 30 days' written notice thereof to the Lenders and the Borrower, and may be removed at any time by the Majority Lenders upon 30 days' written notice if the Agent has been grossly negligent hereunder. Upon receipt of notice by the Lenders of the resignation of the Agent, or upon giving notice of termination to the Agent, the Majority Lenders may with the consent of the Borrower (provided that the Lenders shall only be obligated to obtain such consent if no Default or Event of Default exists), such consent not to be unreasonably withheld, within 21 days, appoint a successor from among the Lenders or, if no Lender is willing to accept such an appointment, from among other banks to which the *Bank Act* (Canada) applies, which each have combined capital and reserves in excess of $250,000,000, and which have offices in Calgary and Toronto (the "**Successor Agent**"). If no Successor Agent has been so appointed and has accepted such appointment within 21 days after the retiring Agent's giving of notice of resignation or receiving of notice of termination, then the retiring Agent may, on behalf of the Lenders, appoint a Successor Agent. If neither the Majority Lenders nor the Agent appoint a Successor Agent within such 21 days, then the Majority Lenders or the Agent may apply to a Justice of the Court of Queen's Bench of the Province of Alberta, on such notice as the Justice may direct, for the appointment of a Successor Agent, but any Successor Agent so appointed by the Court shall be subject to removal as aforesaid by the Majority Lenders. Upon the acceptance of any appointment as Agent hereunder by a Successor Agent, the

Successor Agent shall succeed to and become vested with all the rights, powers, privileges and duties of the retiring Agent, and the retiring Agent shall be discharged from its further duties and obligations as Agent under this Agreement and the other Credit Documents. After any retiring Agent's resignation hereunder as Agent, the provisions of this Article X shall continue to enure to its benefit and be binding upon it as to any actions taken or omitted to be taken by it while it was Agent hereunder.

10.12 Provisions Operative Between Lenders and Agent Only

Except for the provisions of Sections 10.9(b) and 10.9(e), the provisions of this Article X relating to the rights and obligations of the Lenders and the Agent *inter se* shall be operative as between the Lenders and the Agent only, and the Borrower shall not have any rights or obligations under or be entitled to rely for any purpose upon such provisions.

ARTICLE XI
ADDITIONAL LENDERS, SUCCESSORS AND ASSIGNS

11.1 Successors and Assigns

(a) Each Credit Document shall be binding upon and enure to the benefit of the Agent, each Lender, the Borrower and each other Credit Party that is a party thereto and each of its respective permitted successors and assigns (including, without limitation, any successor resulting from the amalgamation of one corporation with one or more corporations or resulting from the winding-up of one or more corporations into another corporation), except that, other than as provided herein, none of the Borrower or any other Credit Party shall assign any rights or obligations with respect to this Agreement or any of the other Credit Documents without the prior written consent of the Lenders.

(b) A Participation by a Lender of its interest (or a part thereof) hereunder or a payment by a Participant to a Lender as a result of the Participation will not constitute a payment hereunder to the Lender or an Advance to the Borrower.

11.2 Assignments

(a) The Lenders collectively or individually may assign all or a portion of their respective rights and obligations under this Agreement (including, without limitation, all or a portion of their respective Commitments) to one or more Persons, with the consent of the Agent and the Borrower (not to be unreasonably withheld) unless a Default or an Event of Default has occurred and is continuing, in which case, no such consent of the Borrower will be required. Each assignment shall be of a uniform, and not a varying, percentage of all rights and obligations of the assignor(s) under or in respect of the Credit Facility. No assignment may be in an amount less than Cdn. $5,000,000 unless such assignment is of the entire Commitment of a Lender, or result in the Commitment of any Lender, determined as of the effective date of the Assignment Agreement with respect to such assignment, being less than Cdn. $5,000,000. The parties to each such assignment shall execute and deliver an Assignment Agreement to the Agent and, unless a Default or an Event of Default has occurred and is continuing, to the Borrower, for its acknowledgement, as the case may be, and recording by the Agent in the Register and, except in the case of an assignment by a Lender to an Affiliate of that Lender, shall pay a processing and recording fee of $5,000 to the Agent. After such execution, delivery, acknowledgement and recording (i) the assignee thereunder shall be a party to this Agreement and, to the extent that rights and obligations hereunder have been assigned to

it, have the rights and obligations of a Lender hereunder and (ii) the assigning Lender thereunder shall, to the extent that rights and obligations hereunder have been assigned by it pursuant to such Assignment Agreement, relinquish its rights and be released from its obligations under this Agreement, other than obligations in respect of which it is then in default or which arose prior to its assignment, and, in the case of an Assignment Agreement covering all or the remaining portion of an assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto.

The Borrower and each other Credit Party hereby consents to the disclosure of any information and opinions relating to it to any potential Lender or participant provided that the potential Lender or participant agrees in writing to keep the information confidential and to return such information if it does not become a Lender or a participant.

(b) The agreements of an assignee contained in an Assignment Agreement shall benefit the assigning Lender thereunder, the other Lenders, the Agent and the Borrower in accordance with the terms of the Assignment Agreement.

(c) The Agent shall maintain at its address referred to herein a copy of each Assignment Agreement delivered to and acknowledged by it and a register for recording the names and addresses of the Lenders and the Commitment under the Credit of each Lender from time to time (the "**Register**"). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error. The Borrower, the Agent and each of the Lenders may treat each Person whose name is recorded in the Register as a Lender hereunder for all purposes of this Agreement, and need not recognize any Person as a Lender unless it is recorded in the Register as a Lender. The Register shall be available for inspection by the Borrower or any Lender at any reasonable time and from time to time upon reasonable prior notice.

(d) Upon its receipt of an Assignment Agreement executed by an assigning Lender and an assignee and approved by the Borrower (if applicable) and the Agent, the Agent shall, if the Assignment Agreement has been completed and is in the required form with such immaterial changes as are acceptable to the Agent:

(i) acknowledge the Assignment Agreement;

(ii) record the information contained therein in the Register; and

(iii) give prompt notice thereof to the Borrower and the other Lenders, and provide them with an updated version of Schedule "A".

11.3 Participation

Each Lender without the consent of the Borrower or the Agent may sell an interest (other than by way of assignment pursuant to Section 11.2) to one or more banks, financial institutions or other Persons (a "**Participant**") in or to all or a portion of its rights and obligations (including, without limitation, all or a portion of its Commitment) under this Agreement, (such interest is referred to herein as a "**Participation**") but the Participant shall not become a Lender and:

(a) the Lender's obligations under this Agreement (including, without limitation, its Commitment) shall remain unchanged;

(b) the Lender shall remain solely responsible to the other parties hereto for the performance of such obligations;

(c) the Borrower and each other Credit Party, the Agent and the other Lenders shall continue to deal solely and directly with the Lender in connection with the Lender's rights and obligations under this Agreement; and

(d) no Participant shall have any right to approve any amendment or waiver of any provision of this Agreement, or any consent to any departure by any Person therefrom.

11.4 Dissenting Lenders

If a Lender (in this Section 11.4 called a "**Dissenting Lender**") withholds its consent or its approval following a request of the Borrower as provided in this Agreement and, as a result, the consent of the required Lenders cannot be obtained in connection with such request, the Borrower may, by giving notice to each Dissenting Lender and to the Agent within 10 days of being advised by the Agent of whether the Lenders have consented to such request, designate an alternate lender (which need not be an existing Lender) to purchase an assignment in accordance with Section 11.2 of such Dissenting Lender's Commitment and outstanding Advances (which alternate lender shall purchase such assignment prior to the expiry of such 10-day period), provided that the Borrower shall in the manner described above, replace all Lenders that are Dissenting Lenders with respect to the same request of the Borrower and provided further that no Lender shall be obligated to make any such assignment as a result of a demand by the Borrower pursuant to this Section 11.4 unless said assignment is done on a without warranty basis and unless and until such Dissenting Lender shall have received one or more payments from either the Borrower or one or more assignees in an aggregate amount at least equal to the aggregate Outstanding Principal owing to such Dissenting Lender, together with accrued interest thereon to the date of payment of such Outstanding Principal and all other amounts payable to such Dissenting Lender under this Agreement (including, without limitation, all losses, costs and expenses suffered or incurred by the Dissenting Lender as a result of complying with this Section 11.4 and all amounts owing under Section 13.12). Any such alternate lender is subject to:

(a) the Agent's prior written approval, such approval not to be unreasonably withheld; and

(b) the approval of the Lenders holding no less than 66 2/3% of all of the Commitment then in effect less the aggregate Commitments of the Dissenting Lenders.

Nothing contained herein shall be deemed to obligate any Lender or the Agent to agree to any such request made by the Borrower.

ARTICLE XII
INDEMNITIES

12.1 Currency Indemnity

In the event of a judgment or order being rendered by any court or tribunal for the payment of any amounts owing under this Agreement or for the payment of damages in respect of any breach of this Agreement or under or in respect of a judgment or order of another court or tribunal for the payment of such amounts or damages, such judgment or order being expressed in a currency (the "**Judgment Currency**") other than the currency payable hereunder or thereunder (the "**Agreed Currency**"), each party against whom the judgment or order is made shall indemnify and hold each party in whose favour the judgment or order is made harmless against any deficiency in terms of the Agreed Currency in the

amounts received by such party arising or resulting from any variation as between (i) the exchange rate at which the Agreed Currency is converted into the Judgment Currency for the purposes of such judgment or order and (ii) the Exchange Rate at which such party is able to purchase the Agreed Currency with the amount of the Judgment Currency actually received by such party on the date of such receipt. The indemnity in this Section 12.1 shall constitute a separate and independent obligation from the other obligations of the parties hereunder, and shall apply irrespective of any indulgence granted hereunder.

12.2 Environmental Indemnity

The Borrower hereby agrees to indemnify, defend and hold harmless the Lenders, the Agent and each of them from and against any and all losses, costs, expenses, damages, claims, judgments, suits, awards, fines, sanctions and liabilities whatsoever (including any costs or expenses of preparing any necessary environmental assessment report or other similar reports) (collectively, "**Environmental Claims**") incurred by the Lenders, the Agent and any of them as a result of:

(a) any breach of Applicable Environmental Laws which relates to the Property or operations of the Borrower or any other Credit Party;

(b) any Release, presence, use, creation, transportation, storage or disposal of Hazardous Materials which relate to the Property or operations of the Borrower or any other Credit Party; or

(c) any claim or order for any clean-up, restoration, detoxification, reclamation, repair or other securing or remedial action which relates to the Property or operations of the Borrower or any other Credit Party;

provided, however, that this indemnity shall not apply in respect of any such Environmental Claims which are caused by the gross negligence or wilful misconduct of the Agent or the Lenders or by reason of any act of, or any act or omission taken at the direction of, the Agent or any Lender or any of the officers, directors, employees, agents or assignees thereof. This indemnity shall extend to the officers, directors, employees, agents and assignees of the Lenders, the Agent, and each of them as well as to the Lenders, the Agent and each of them itself, and the Lenders, the Agent and each of them will hold the benefit of this indemnity in trust for such other indemnified persons to the extent necessary to give effect thereto.

13.4 Severability

Any provision of this Agreement which is or becomes prohibited or unenforceable in any relevant jurisdiction shall not invalidate or impair the remaining provisions hereof which shall be deemed severable from such prohibited or unenforceable provision, and any such prohibition or unenforceability in any such jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. No waiver or act or omission of the Agent, the Lenders, or any of them, shall extend to or be taken in any manner whatsoever to affect any subsequent Event of Default or breach by the Borrower or such other Credit Party of any provision of the Credit Documents or the rights resulting therefrom.

13.7 Governing Law

Each of the Credit Documents, except for those which expressly provide otherwise, shall be conclusively deemed to be a contract made under, and shall for all purposes be governed by and construed in accordance with, the laws of the Province of Alberta and the laws of Canada applicable in Alberta. Provided however, that a conflict or inconsistency shall not be deemed to exist only by reason of one of the Credit Documents providing for a matter and another of the Credit Documents not providing for such matter.

13.9 Permitted Encumbrances

The designation of any encumbrance or Security Interest as a Permitted Encumbrance in this Agreement or in any other of the Credit Documents is not, and shall not be deemed to be, an acknowledgement by the Lenders that the Encumbrance shall have priority over any interest the Lenders may have or acquire in the Property of the Borrower or any other Credit Party.

13.10 Currency

All payments made hereunder shall be made in the currency in respect of which the obligation requiring such payment arose. Unless the context otherwise requires, all amounts expressed in this Agreement in terms of money shall refer to Canadian Dollars.

Without limiting that statement, the obligations of the Lenders to make Advances is limited to their respective Proportionate Shares of any Advance that is requested, and, in the aggregate, to their respective Proportionate Shares of the total amount of the Credit Facility.

13.12 Expenses and Indemnity

All statements, reports, certificates, opinions, appraisals and other documents or information required to be furnished to the Lenders, the Agent, or any of them, by the Borrower or any other Credit Party under this Agreement shall be supplied without cost to the Lenders, the Agent, or any of them. The Borrower shall pay on demand all reasonable out of pocket costs, fees and expenses of the Agent and the Lenders (including, without limitation, reasonable fees and expenses of counsel for the Agent and the Lenders) on a full indemnity basis incurred in connection with (i) the preparation, negotiation, documentation, execution, delivery, administration, periodic review, modification or amendment of the Credit Documents; (ii) any enforcement of the Credit Documents; (iii) obtaining advice as to their rights and responsibilities in connection with the Credit Facility and the Credit Documents; (iv) reviewing, inspecting and appraising the Property of the Borrower and the other Credit Parties at reasonable intervals as provided for herein; and (v) other matters relating to the Credit Facility, the Borrower and any other Credit Party. Such costs, fees and expenses shall be payable whether or not an Advance is made under this Agreement.

The Borrower hereby indemnifies and agrees to indemnify, defend and hold harmless each of the Lenders, the Agent, their directors, officers, affiliates, employees, agents and representatives (the "**Indemnified Parties**") from and against any and all actions, proceedings, losses, costs, expenses (including without limitation legal or other expenses), damages, claims or liabilities incurred by any Indemnified Party, with respect to any Advance to the Borrower hereunder whether before, during or after any period that such Advance is outstanding including, without limitation, any loss of profits, commissions or fees anticipated hereunder, and any expense or costs incurred in the liquidation and re-deployment of any funds required by the Lenders to fund or maintain any portion of such Advance hereunder, in all cases as a result of:

(a) the failure of the Borrower to borrow or make repayments on the dates required hereunder or in accordance with the terms specified by the Borrower pursuant to any oral instructions or written notices provided to the Agent;

(b) the repayment, prepayment or Conversion (whether by acceleration or otherwise) of an Advance on a date other than the maturity date thereof;

(c) the failure by the Borrower to give any notice required to be given by it to the Agent pursuant to the provisions of this Agreement;

(e) the occurrence of an Event of Default;

provided, however, that this indemnity shall not apply in respect of any of the foregoing which is caused by the gross negligence or wilful misconduct of the Lenders.

Whenever any such claim shall arise, the Indemnified Party shall promptly notify the Borrower of the claim and, when known, the facts constituting the basis for such claim, and if known, the amount or an estimate of the amount of the claim. The failure of an Indemnified Party to give notice of a claim promptly shall not adversely affect the Indemnified Party's rights to indemnity hereunder. The Borrower at its sole cost and expense may, upon written notice to the Indemnified Party, assume the defence of any such claim or any legal proceeding resulting therefrom. The Indemnified Party shall be entitled to participate in (but not control) the defence of any such action, with its own counsel and at the expense of the Borrower. If the Borrower does not assume the defence of any such claim or litigation resulting therefrom, the Indemnified Party may defend against such claim or litigation, in such manner as it may deem appropriate and at the expense of the Borrower, including, but not limited to, settling such claim or litigation. In such case the Borrower shall be entitled to participate in (but not control) the defence of such action, with its own counsel and at its own expense.

This Section 13.12 shall survive the termination of this Agreement and repayment of the Obligations owing by the Borrower to the Lenders.

13.13 Manner of Payment and Taxes

All payments to be made by the Borrower and the other Credit Parties pursuant to the Credit Documents are to be made without set-off, deduction, compensation or counterclaim and free and clear of and without deduction for or on account of any Tax, except for the deduction of such Taxes as required by Applicable Laws. If any such Tax is deducted or withheld from any payments under the Credit Documents, the Borrower and the other Credit Parties shall promptly remit to the Agent for the Lenders' benefit, in the currency in which such payment was made, the equivalent of the amount of Tax so deducted or withheld (including any Tax deducted or withheld in respect of any payments required under this Section 13.13 so that the net amount received by the Agent after such deduction or withholding will not be less than the amount the Agent would have received if such Tax had not been deducted or withheld) together with the relevant receipt addressed to the Agent. If the Borrower or other Credit Parties is prevented by operation of law or otherwise from paying, causing to be paid or remitting such Tax, the interest or other amount payable under the Credit Documents will be increased to such rates as are necessary to yield and remit to the Lenders the principal sum advanced or made available together with interest at the rates specified in the Credit Documents after provision for payment of such Tax. Provided however, none of the Borrower or any Credit Party shall be obligated to pay to a Lender the equivalent amount of withholding Tax that the Borrower or such Credit Party was required by Applicable Laws to withhold from payments under the Credit Documents to such Lender, if such withholding arises solely as a result of:

(a) an assignment of a Commitment of a Lender to a Person that is not a resident of Canada for the purposes of Part XIII of the *Income Tax Act*; or

(b) a Lender that is an authorized foreign bank within the meaning of Subsection 212(13.3) of the *Income Tax Act* not crediting or allocating the amount paid to it under the Credit Documents to its Canadian banking business within the meaning of Subsection 212(13.3) of the *Income Tax Act*.

13.14 Increased Costs

(a) If, after the date hereof, the introduction of or any change in any Applicable Laws or in the interpretation or application thereof by any court or by any judicial or governmental authority charged with the interpretation or administration thereof, or if compliance by any Lender with any request or directive from any central bank or other fiscal, monetary or other authority issued after the date hereof (whether or not having the force of law):

(i) subjects the Lenders (or any of them) to, or causes the withdrawal or termination of a previously granted exemption with respect to, any Taxes, or changes the basis of taxation of payments due to the Lenders (or any of them), or increases any existing Taxes on payments of principal, interest or other amounts payable by the Borrower to the Lenders (or any of them) under this Agreement;

(ii) imposes, modifies or deems applicable any reserve, liquidity, special deposit, regulatory or similar requirement against assets or liabilities held by, or deposits in or for the account of, or loans by the Lenders (or any of them), or any acquisition of funds for loans or commitments to fund loans or obligations in respect of undrawn, committed lines of credit or in respect of Bankers' Acceptances accepted by a BA Lender;

(iii) imposes on the Lenders (or any of them) or requires there to be maintained by the Lenders (or any of them) any capital adequacy or additional capital requirements (including, without limitation, a requirement which affects a Lenders' allocation of capital resources to its obligations) in respect of any Advance or obligation of a Lender hereunder, or any other condition with respect to this Agreement which is more onerous on the Lender than on the date it became a Lender hereunder;

(iv) otherwise imposes on the Lenders (or any of them) any other condition or requirement affecting this Agreement or any Advance or any obligation of the Lenders (or any of them) hereunder which directly or indirectly affects the cost to the Lenders (or any of them) of making available, funding or maintaining any Advance or the Obligations owing by the Borrower hereunder;

and the result of (i), (ii), (iii) or (iv) above, in the sole determination of the affected Lender acting in good faith, is:

(v) to increase the cost to such Lender of performing its obligations hereunder with respect to any Advance;

(vi) to reduce any amount received or receivable by such Lender hereunder or its effective return hereunder or on its capital in respect of any Advance;

(vii) to reduce the interest, Commitment Fees or other fees payable to the Lenders hereunder; or

(viii) to cause such Lender to make any payment with respect to, or to forego any return on or calculated by reference to, any amount received or receivable by such Lender hereunder with respect to any Advance;

such Lender shall determine such additional cost, reduction in income or payment, without duplication, (the "**Additional Compensation**") and shall promptly notify the Borrower. Such affected Lender shall provide to the Borrower a photocopy of the relevant law, rule, guideline, regulation, treaty, or official directive and a certificate of a duly authorized officer of such Lender setting forth the Additional Compensation and the basis of calculation thereof and, for the purposes of calculating such amount, such Lender shall treat the Borrower and the Credit Facility in a manner consistent with comparable borrowers and transactions. The Borrower shall pay to such affected Lender forthwith, following the giving of such notice, such Additional Compensation calculated from the effective date of the relevant adoption or change; provided that the affected Lender shall not be entitled to Additional Compensation to the extent that such increase in costs or reduction in amounts received or to be received or reduction in return is reflected in or recovered by an increase in the interest or other amounts payable hereunder other than pursuant to this Section 13.14. Such affected Lender shall endeavour to minimize the incidence of any Additional Compensation.

(b) If a Lender notifies the Borrower that Additional Compensation is owed to such Lender, the Borrower shall have the right, upon at least two Banking Days' irrevocable written notice to such affected Lender:

(i) to (subject to limitations on repayments contained in Section 3.4) repay to such Lender the relevant portion of any Advance on the date specified in such notice together with all interest accrued thereon to the date of repayment, the Additional Compensation if any to the date of payment and all other amounts, if any, payable for the account of the Lender hereunder in respect of such Advance (including any amounts payable under Section 13.12);

(ii) to effect a Conversion of the relevant portion of any Advance (subject always to the provisions of this Agreement); or

(iii) provided no Default or Event of Default shall have occurred and is continuing, require such Lender to sell and assign to a bank or other financial institution acceptable to the Agent, acting reasonably, all of such Lender's rights and obligations hereunder in the same manner described in Section 11.2, upon receipt by such Lender from such bank or financial institution of all amounts owing to such Lender under the Credit Documents, including, without limitation, all unpaid interest accrued thereon to the date of payment and all other amounts, if any, payable for the account of such Lender hereunder in respect of all Advances made by it and in respect of all losses, costs and expenses suffered or incurred by such Lender hereunder as a result of such Lender complying with this Section 13.14(b)(iii).

(c) Each Lender shall use its reasonable efforts to reduce the amount of Additional Compensation payable pursuant to this Section 13.14; provided, however, that no Lender

shall have an obligation to expend its own funds, suffer any economic hardship or take any action detrimental to its interests in connection therewith.

13.15 Interest on Miscellaneous Amounts

If the Borrower fails to pay any amount payable hereunder on the due date, the Borrower shall, on demand, pay interest on such overdue amount (including overdue principal and interest) to the Agent from and including such due date up to but excluding the date of actual payment, both before and after demand, default or judgment, at a rate of interest per annum, compounded monthly, equal to the sum of the Prime Rate plus **[REDACTED]** per annum.

13.16 Illegality

If a Lender determines, in good faith, that (i) the introduction of or any change in any Applicable Laws or in the interpretation or application thereof by any court or by any Governmental/Judicial Body charged with the interpretation or administration thereof that has occurred after the date hereof or (ii) compliance by such Lender with any request or directive from any central bank or other fiscal, monetary or other authority (whether or not having the force of law) issued after the date hereof; has made it unlawful for such Lender to make, maintain or fund all or any portion of its Commitment or to perform its obligations in respect of the Credit Facility hereunder or any relevant portions thereof as contemplated hereby, such Lender may, by notice in writing to the Borrower, declare that its obligations hereunder in respect of its Commitment or the Credit Facility so affected shall be terminated forthwith, whereupon such obligations shall be so terminated and the Borrower shall:

(a) request a Conversion of such Advances to other types of Advances not affected by this Section 13.16 (subject always to the provisions of this Agreement); or

(b) provided no Default or Event of Default shall have occurred and is continuing, provide irrevocable written notice to such Lender requiring such Lender to sell and assign to a bank or other financial institution chosen by the Borrower and acceptable to the Agent, acting reasonably, all of such Lender's rights and obligations hereunder in the same manner described in Section 11.2 upon receipt by such Lender from such bank or financial institution of all amounts owing to such Lender under the Credit Documents, including, without limitation, all unpaid interest accrued thereon to the date of payment and all other amounts, if any, payable for the account of such Lender hereunder in respect of any Advances made by it and in respect of all losses, costs and expenses suffered or incurred by such Lender hereunder as a result of such Lender complying with this Section 13.16.

13.17 Confidentiality

The Agent or any Lender may, in their sole discretion, deliver copies of any financial statements and other documents delivered to the Agent or the Lenders, and disclose any other information disclosed to the Agent or the Lenders, by or on behalf of the Borrower or any other Credit Party in connection with or pursuant to the Credit Documents to:

(a) each of the Agent's and the Lenders' directors, officers, affiliates, employees, agents and professional consultants;

(b) any Governmental/Judicial Body having jurisdiction over the Agent or Lenders; or

(c) any other Person to whom such delivery or disclosure may be necessary or appropriate (i) in connection with any assignment or proposed assignment, or participation or proposed participation, by the Agent or a Lender of any of its interests under the Credit Documents, (ii) in compliance with any Applicable Laws, applicable to the Lender, (iii) in response to any subpoena or other legal process, or (iv) in connection with any litigation to which the Lender is a party in any way relating to the Borrower, any other Credit Party, the Credit Documents and the transactions contemplated therein.

Any of the financial statements, other documents or other information to be sent to any of the Persons described above, may be sent by e-mail or other electronic means and none of the Agent or any of the Lenders shall be liable for any losses, costs, expenses, damages, claims or liabilities that any of the Borrower or any other Credit Party may suffer if such financial statements, other documents or other information is disclosed to any other Persons as a result of the Agent sending the same by e-mail or other electronic means unless such disclosure is caused by the gross negligence or wilful misconduct of the Agent.

13.18 Address for Notice

Any notice, demand or other communication (a "**Notice**") to be given under the Credit Documents shall, except as otherwise specifically provided, be in writing addressed to the Person for whom it is intended and may be delivered by courier, telecopied, with transmission confirmed by a transmission report or sent by email; provided however, all Drawdown Notices, Conversion Notices, Rollover Notices, Repayment Notices and interest payments shall be provided by the Borrower by way of telecopier. Every Notice shall be deemed to have been duly given, served or received on the date on which it is delivered (or, if such date is not a Banking Day, the next following Banking Day) or in the case of sending by telecopier or email, on the date of transmission, if transmission is completed prior to 1:00 p.m. (Calgary time) on a Banking Day (or the next Banking Day if the transmission is completed after 1:00 p.m. (Calgary time) on a Banking Day or on a day that is not a Banking Day). The addresses of the parties hereto for the purposes hereof shall be the addresses specified beside their respective signatures to this Agreement or any Assignment Agreement, or such other mailing, facsimile or email addresses as each party from to time may notify the other as aforesaid.

13.19 Time of the Essence

Time shall be of the essence in this Agreement.

13.20 Further Assurances

The Borrower and each other Credit Party shall, at the request of the Agent acting on the instructions of the Majority Lenders, do all such further acts and execute and deliver all such further documents as may, in the opinion of the Majority Lenders, acting reasonably, be necessary or desirable in order to fully perform and carry out the purpose and intent of the Credit Documents.

13.21 Term of Agreement

Except as otherwise provided herein, this Agreement shall remain in full force and effect until the payment and performance in full of all of the Obligations owing by the Borrower to the Lenders and the Lenders have no further obligation to make any Advances available to the Borrower hereunder.

13.22 Payments on Banking Day

Whenever any payment or performance under the Credit Documents would otherwise be due on a day other than a Banking Day, such payment shall be made on the following Banking Day.

13.23 Interest Act Equivalent

In this Agreement, each rate of interest which is calculated with reference to a period (the "**deemed interest period**") that is less than the actual number of days in the calendar year of calculation is, for the purposes of the *Interest Act* (Canada), equivalent to a rate based on a calendar year calculated by multiplying such rate of interest by the actual number of days in the calendar year of calculation and dividing by the number of days in the deemed interest period.

13.24 Certificates of Senior Officers

Whenever a Senior Officer of the Borrower or any other Credit Party executes a certificate or other Credit Document in favour of the Agent and/or the Lenders such certificate or other Credit Document shall be deemed to be executed by such Senior Officer for and on behalf of the Borrower or other Credit Party, not in an individual capacity and without any personal liability on such Senior Officer.

13.25 Counterparts and Facsimile

This Agreement and any other documentation related to this Agreement, may be executed in any number of counterparts, each of which when executed and delivered shall be deemed to be an original, and such counterparts together shall constitute one and the same agreement. For the purposes of this Section 13.25, the delivery of a facsimile or pdf emailed copy of an executed counterpart of this Agreement and any other documentation related to this Agreement shall be deemed to be valid execution and delivery of this Agreement and any other documentation related to this Agreement, but the party delivering a facsimile or pdf emailed copy shall deliver an original copy of this Agreement and any such other documentation related to this Agreement as soon as possible after delivering the facsimile or pdf emailed copy.

13.26 Statute References

All references herein to a statute include, unless otherwise stated, regulations passed or in force pursuant thereto and any amendments to such statute or to such regulations from time to time, and any legislation or regulations substantially replacing the same or substantially replacing any specific provision to which such reference is made.

13.27 References to Acts Performed by a Trust

Any reference in this Agreement or any other Credit Document to an act performed by Trust and Business Trust, shall be construed and applied for all purposes as if it referred to an act to be performed by the respective trustee on behalf of Trust or Business Trust or, to the extent applicable, the duly appointed administrator of Trust or Business Trust, as the case may be. For greater certainty, each of the Trust and Business Trust agrees that it shall be bound by this Agreement and all other Credit Documents executed by its administrator, notwithstanding the resignation, replacement, removal or deemed resignation, replacement or removal of such administrator.

13.28 Reference to Acts Performed by a Partnership

Any reference in this Agreement or any other Credit Document to an act performed by a Partnership shall be construed and applied for all purposes as if it referred to an act to be performed by the Borrower in its capacity as general partner (or any other replacement general partner) for and on behalf of such Partnership. For greater certainty, each Partnership agrees that it shall be bound by this Agreement and all other Credit Documents executed by its general partner, notwithstanding the resignation, replacement, removal or deemed resignation, replacement or removal of such general partner.

13.29 Non-Merger

Each of the Borrower and the other Credit Parties covenants and agrees with the Agent and the Lenders that, in the case of any judicial or other proceeding to enforce the rights and remedies of the Agent or the Lenders under the Credit Documents (or any part thereof), judgment may be rendered against the Borrower, and/or the other Credit Parties in favour of the Lenders, or any of them, for any amount owing under the Credit Documents (or for which the Borrower or the other Credit Parties may be liable thereunder after the application to the payment thereof of the proceeds of any sale of any of the Property of the Borrower or such other Credit Parties). The covenant of the Borrower to pay interest at the rate provided for in this Agreement shall not merge in any such judgment and such judgment shall bear interest at the Prime Rate plus **[REDACTED]** per annum until such judgment and all Obligations of the Borrower to the Lenders under the Credit Documents have been paid in full. The Borrower waives the provisions of the *Judgment Interest Act* (Alberta) to the fullest extent permitted by law.

13.30 Priority of the Facilities to the Indebtedness under the Note Indenture

Each of the parties hereto acknowledges and agrees that all present and future indebtedness, liabilities and obligations owing under the Facilities (direct or indirect, joint or several, matured or unmatured, absolute or contingent) rank in right of payment in priority to the Indebtedness evidenced under the Note Indenture or any other deed, indenture, document or agreement entered into by a Credit Party, creating, evidencing or providing for Funded Debt.

13.31 Subordination

Provided that the Credit Parties deliver evidence to the Agent of their compliance with the covenants set out in Sections 8.2(f), 8.3(e) and 8.3 (j), in form and substance satisfactory to the Agent, acting reasonably, the Agent shall, from time to time and at the request of an equipment financier described in paragraph (h) of the definition of Permitted Encumbrances who has security over equipment and the receivables under any lease or sub-lease relating to such equipment, enter into a subordination or similar agreement in favour of such equipment financier, in form and substance satisfactory to the Agent, acting reasonably, to allow the Encumbrances described in such paragraph to rank in priority to the Encumbrances arising under the Security.

13.32 Entire Agreement

Each of the Parties agrees that this Agreement constitutes the entire agreement between the Parties hereto concerning the matters addressed in this Agreement, and cancels and supersedes any prior agreements, undertakings, declarations or representations, written or verbal, in respect thereof.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first above written.

The amount of such repayment shall be applied to the Outstanding Principal in inverse order of maturity.

3.6 Reduction of the Credit

The Borrower may, at any time, upon giving at least five (5) Banking Days' prior written notice to the Agent, permanently reduce, in whole or in part, the Credit Facility, in minimum amounts of $1,000,000 and in $100,000 multiples thereof with respect to the Syndicated Facility and in minimum amounts of $500,000 and in $100,000 multiples thereof with respect to the Working Capital Facility, by cancelling the Commitment of each Lender in an amount equal to such Lender's Proportionate Share of the amount of the reduction of such Credit Facility; provided that on or prior to the last day of such notice period the Borrower has:

(a) prepaid or otherwise reduced Advances outstanding to each such Lender under the Credit Facility in an amount equal to the amount by which Advances outstanding to such Lender under the Credit Facility exceeds its respective Commitment under the Credit Facility immediately after the reduction of the Commitments provided for in such notice; and

(b) paid all accrued interest and other charges and fees in respect of the Advances being repaid or reduced as aforesaid.

Any such notice of cancellation is irrevocable and the amount of each Lender's Commitment so cancelled and reduced may not be reinstated hereunder. For clarity, the Borrower may not by reason of any such reduction or cancellation contemplated by this Section pay any Bankers' Acceptances prior to their maturity date.

3.7 Principal Amount of Excess Advances

The principal amount of Advances under the Credit Facility shall be repaid immediately upon notice by the Agent or the Working Capital Lender, if applicable, to the Borrower to the extent that the aggregate outstanding Obligations under the Syndicated Facility exceeds the Syndicated Facility Commitment or that the aggregate outstanding Obligations under the Working Capital Facility exceeds the Working Capital Commitment, whether as a result of oversight or otherwise.

4.3 Letter of Credit/Guarantee Fees

The Borrower shall pay the applicable Letter of Credit/Guarantee Fee with respect to each Letter of Credit/Guarantee issued under the Working Capital Facility to the Working Capital Lender for its own account, for the period from and including the date of issuance of the Letter of Credit/Guarantee to and including the stated expiry date thereof, calculated on the Face Amount of the Letter of Credit/Guarantee and payable by the Borrower quarterly in arrears on the third Banking Day after the end of each calendar quarter.

4.6 Security

(a) The Trust, Business Trust, the Borrower and the Guarantors agree to provide or cause to be provided the following guarantees and security to the Agent:

(vii) such other assignments, mortgages, charges, pledges and other security agreements, consents, confirmations and acknowledgements (including negative pledges) as the Agent may reasonably require from time to time.

Article VI
ADVANCES

6.1 Prime Rate Advances

Subject to the other provisions of this Agreement, upon timely fulfillment of all applicable conditions as set forth in this Agreement, the Lenders will make the requested amount of a Prime Rate Advance available to the Borrower on the Drawdown Date requested by the Borrower, by crediting such amount to the Borrower's Account. The Borrower shall pay interest to the Lenders at the Branch of Account on all such Prime Rate Advances outstanding from time to time hereunder at the applicable rate of interest specified in Section 4.1.

Interest on each Prime Rate Advance shall be calculated daily and payable monthly on each Interest Payment Date on the basis of the actual number of days in the applicable year. All interest shall accrue from day to day and shall be payable in arrears for the actual number of days elapsed from and including the date of Advance or the previous date on which interest was payable, as the case may be, to but excluding the date on which interest is payable, both before and after demand, maturity, default and judgment, with interest on overdue interest at the same rate payable on demand. Interest calculated with reference to the Prime Rate Advance Rate shall be calculated duly on the basis of a year of 365 days.

6.2 Evidence of Indebtedness

The indebtedness of the Borrower resulting from Advances made by the Working Capital Lender shall be evidenced by records maintained by the Working Capital Lender. The indebtedness of the Borrower resulting from Advances made by the Syndicated Facility Lenders shall be evidence by records maintained by the Agent concerning those Advances it has made. The records maintained by the Working Capital Lender and the Agent shall constitute, in the absence of manifest error, prima facie evidence of the indebtedness of the Borrower to the Working Capital Lender, the Syndicated Facility Lenders and the Agent and all details relating thereto. The failure of the Agent or the Working Capital Lender to correctly record any such amount or date shall not, however, adversely affect the obligation of the Borrower to pay amounts due hereunder to the Lenders in accordance with this Agreement.

6.3 Rollovers and Conversions

Subject to the other terms of this Agreement, the Borrower may from time to time request a Rollover or a Conversion of all or any part of the outstanding amount of any Advance into the same kind of Advance or into another form of Advance.

6.4 Notice of Advances, Rollovers and Conversions

The Borrower shall give the Agent irrevocable written notice, in the form of a Drawdown Notice, of any request for any Drawdown, a Rollover Notice, of any request for any Rollover or a Conversion Notice of any request for any Conversion of any Advance requested by it under the Syndicated Facility. The Borrower will provide the Agent with at least two (2) Banking Days notice of its request for a BA Advance and corresponding BA Equivalent Advance under the Syndicated Facility. The Borrower shall give the Working Capital Lender written notice, in the form of a Drawdown Notice, for any request of any Drawdown, a Rollover Notice for any request of any Rollover or a Conversion Notice for any request of a Conversion under the Working Capital Facility (other than Prime Rate Advances made by way of overdraft in the Borrower's Account). The Borrower will provide the Working Capital Lender with at least two (2) Banking Days notice of its request for a Letter of Credit/Guarantee Advance.

Notice shall be given to the Agent or the Working Capital Lender, as applicable, at least one (1) Banking Day before the date of any Prime Rate Advance (other than a Prime Rate Advance made by way of overdraft under the Working Capital Facility). Any permanent reduction of the Credit Facility shall only be effective on five (5) Banking Days' notice as required by Section 3.6.

Notices in respect of the Credit Facility shall be given not later than 12:00 noon (Calgary time) on the date for notice. Payments (other than those being made solely from the proceeds of Rollovers and Conversions) must be made prior to 12:00 noon (Calgary time) on the date for payment. If a notice or payment is not given or made by those times, it shall be deemed to have been given or made on the next Banking Day, unless all Credit Facility Lenders affected by the late notice or payment agree, in their sole discretion, to accept a notice or payment at a later time as being effective on the date it is given or made.

6.5 Co-ordination of Prime Rate Advances and BA Advances

Each Syndicated Facility Lender shall advance its Proportionate Share of each Prime Rate Advance under the Syndicated Facility in accordance with the following provisions:

(a) the Agent shall notify each Syndicated Facility Lender of its receipt of a notice from the Borrower pursuant to Section 6.4, on the day such notice is received and shall, as soon as

possible, notify each Syndicated Facility Lender of such Syndicated Facility Lender's Proportionate Share of any Advance requested by the notice;

(b) each Lender shall deliver its Proportionate Share of the Advance to the Agent not later than 11:00 a.m. (Calgary time) on the Drawdown Date;

(c) the Agent shall advance to the Borrower the amount delivered by each Syndicated Facility Lender by crediting the Agent's Account, but if the conditions precedent to the Advance are not met by 2:00 p.m. (Calgary time) on the Drawdown Date, the Agent shall return the funds to the Credit Facility Lenders or invest them in an overnight investment in the Agent's discretion until such time as the Advance is made; and

(d) if the Agent determines that a Syndicated Facility Lender's Proportionate Share of an Advance under the Syndicated Facility would not be a whole multiple of $100,000, the amount to be advanced by that Syndicated Facility Lender may be increased or reduced by the Agent in its sole discretion to the nearest whole multiple of $100,000 provided that if a Default or an Event of Default shall occur and be continuing, the Proportionate Shares of the Syndicated Facility Lenders shall be readjusted by the Agent to the extent that any previous adjustment has been made to the Proportionate Shares under this Section 6.5(d).

6.6 Bankers' Acceptances Power of Attorney

(a) To facilitate the acceptance of Drafts hereunder, the Borrower hereby appoints each BA Lender and its agent, acting by its duly authorized signatories for the time being at each BA Lender's main branch in Toronto, Ontario or such other branch that such BA Lender may notify the Borrower (the "**BA Branch of Account**"), the attorney of the Borrower:

(i) to sign for and on behalf and in the name of the Borrower as drawer, Drafts in such BA Lender's standard form drawn on such BA Lender payable to a "clearing house" under the DBNA or its nominee for deposit by such BA Lender with the "clearing house" after acceptance thereof by such BA Lender, and

(ii) to fill in the amount, date and maturity date of such Drafts;

provided that such acts in each case are to be undertaken by each BA Lender in accordance with instructions given to it by the Borrower pursuant to the power of attorney set out in this Section 6.6.

(b) Instructions to each BA Lender relating to the execution, completion, discount and/or deposit by such BA Lender on behalf of the Borrower of drafts which the Borrower wish to submit to such BA Lender for acceptance by such BA Lender shall be communicated by the Borrower in writing at the BA Branch of Account following delivery by the Borrower of a Drawdown Notice, Conversion Notice or Rollover Notice pursuant to this Agreement and shall specify the following information:

(i) reference to the power of attorney contained in this Section 6.6;

(ii) a Canadian Dollar amount, which shall be the Face Amount of the Drafts to be accepted by the BA Lender in respect of a particular Advance;

(iii) a specified period of time as provided in this Agreement which shall be the number of days after the date of acceptance of such Drafts that such Drafts are to be payable, and the dates of issue and maturity of such Drafts; and

(iv) payment instructions specifying the account number of the Borrower at the BA Branch of Account at which the BA Discount Proceeds are to be credited.

(c) The communication in writing by the Borrower to a BA Lender of the instructions referred to above shall constitute the authorization and instruction of the Borrower to such BA Lender to complete and execute Drafts in accordance with such information as set out above and the request of the Borrower to such BA Lender to accept such Drafts and deposit the same with the "clearing house" against payment as set out in the instructions. The Borrower acknowledge that such BA Lender shall not be obligated to accept any such drafts except in accordance with the provisions of this Agreement. Each BA Lender shall be and it is hereby authorized to act on behalf of the Borrower upon and in compliance with instructions communicated to such BA Lender by the Borrower as provided herein if such BA Lender reasonably believes them to be genuine.

(d) The Borrower agree to indemnify each BA Lender and its directors, officers, employees, affiliates and agents and to hold it and them harmless from and against any loss, liability, expense or claim of any kind or nature whatsoever incurred by any of them as a result of any action or inaction in any way relating to or arising out of this power of attorney or the acts contemplated hereby including the deposit of any Draft with the "clearing house"; provided that this indemnity shall not apply to any such loss, liability, expense or claim which results from the gross negligence or wilful misconduct of a BA Lender or any of its directors, officers, employees, affiliates or agents.

(e) This power of attorney may be revoked by the Borrower at any time upon not less than five (5) Banking Days' written notice served upon each BA Lender at the address set out in this Agreement, provided that (i) it may be replaced with another power of attorney forthwith in accordance with the requirements of each BA Lender; and (ii) no such revocation shall reduce, limit or otherwise affect the obligations of the Borrower in respect of any Draft executed, completed, discounted and/or deposited in accordance herewith prior to the time at which such revocation becomes effective. This power of attorney may be terminated by each BA Lender at any time upon not less than five (5) Banking Days' written notice to the Borrower. Any revocation or termination of this power of attorney shall not affect the rights of each BA Lender and the obligations of the Borrower with respect to the indemnities of the Borrower above stated.

(f) This power of attorney is in addition to and not in substitution for any agreement to which each BA Lender and the Borrower are parties.

(g) If this power of attorney is revoked or terminated, to facilitate the acceptance of Bankers' Acceptances hereunder, the Borrower shall from time to time as required by each BA Lender, provide each BA Lender with an appropriate number of executed Drafts drawn in blank by the Borrower in the form prescribed by each BA Lender. The Borrower may, at its option, execute any Draft by the facsimile signatures of any two (2) of its authorized signing officers, and the Borrower and each BA Lender are hereby authorized to accept or pay, as the case may be, any Draft of the Borrower which purports to bear such facsimile signatures notwithstanding that any such individual has ceased to be an authorized signing officer of the Borrower. Any such Draft or Bankers' Acceptance so

executed and completed or executed and completed pursuant to the power of attorney shall be as valid as if he or she were an authorized signing officer of the Borrower at the date of issue of such Bankers' Acceptance. Any such Draft or Bankers' Acceptance may be dealt with by each BA Lender to all intents and purposes and shall bind the Borrower as if duly signed in each signing officer's own handwriting and issued by the Borrower, and the Borrower shall hold each BA Lender harmless and indemnified against all loss, costs, damages and expenses arising out of the payment or negotiation of any such Draft or Bankers' Acceptance resulting from such Drafts not having been duly signed other than any loss, costs, damages or expenses arising out of the gross negligence or wilful misconduct of a BA Lender. No such BA Lender shall be liable for any failure to accept a Bankers' Acceptance as required hereunder if the cause of such failure, in whole or in part, is due to the revocation or termination of the power of attorney or the failure of the Borrower to provide executed Drafts to such BA Lender on a timely basis.

(h) The receipt by the Agent or the Working Capital Lender of a request for an Advance by way of Bankers' Acceptances shall be each BA Lender's sufficient authority to complete, and each BA Lender shall, subject to the terms and conditions of this Agreement, complete and sign (as applicable) such Drafts in accordance with such request, and the Drafts so completed and signed (as applicable) shall thereupon be deemed to have been presented for acceptance.

(i) The power of attorney for Bankers' Acceptances referenced in this Section 6.6 shall apply to BA Equivalent Advances, with all necessary changes *mutatis mutandis*, to the extent necessary.

6.7 Size and Maturity of Bankers' Acceptances, Rollovers and Conversions

(a) Each BA Advance shall be in an aggregate amount of not less than $500,000 and in a whole multiple of $100,000, and each Bankers' Acceptance shall be in the amount of $100,000 or whole multiples thereof. Each Bankers' Acceptance and corresponding BA Equivalent Advance shall have a term which is not less than 30 days nor more than 180 days (or such shorter or longer term as the Lenders providing such Advance in their sole discretion may approve) commencing on the Drawdown Date, the Rollover Date or the Conversion Date of such Advance (the "**BA Interest Period**"). If a Bankers' Acceptance or BA Equivalent Advance matures on a day which is not a Banking Day, then the Borrower shall be deemed to have selected a BA Interest Period the last day of which is the first Banking Day following the last day of the BA Interest Period selected by the Borrower. The Face Amount at maturity of a Bankers' Acceptance or BA Equivalent Advance may be Rolled Over as a Bankers' Acceptance or a BA Equivalent Advance or Converted into another form of Advance permitted by this Agreement. The last day of each BA Interest Period for each BA Advance and BA Equivalent Advance made by a Lender shall be on or before the Stated Maturity Date or the Non-Agreeing Lender Stated Maturity Date applicable to such Lender.

(b) Subject to the provisions of this Agreement, if the Borrower requests a BA Advance with a BA Interest Period ending after a then applicable Non-Agreeing Lender Stated Maturity Date, each Lender shall provide its Proportionate Share of the BA Advance to the Agent, the BA Interest Period for each Agreeing Lender shall be the BA Interest Period requested by the Borrower and the BA Interest Period for each Non-Agreeing Lender shall end on the latest Banking Day prior to the applicable Non-Agreeing Lender Stated Maturity Date, for which the Agent, acting reasonably, is able to determine a BA Rate. If

the Agent is unable to determine a BA Rate for a BA Period ending on or before the applicable Non-Agreeing Lender Stated Maturity Date, the Non-Agreeing Lender's Proportionate Share of the requested BA Advance shall be provided to the Borrower by way of a Prime Rate Advance.

6.8 Co-ordination of BA Advances

Each Lender shall advance its Proportionate Share of each Advance by way of Bankers' Acceptances and BA Equivalent Advances in accordance with the provisions set forth below.

(a) The Agent, promptly following receipt of a notice from the Borrower pursuant to Section 6.4 requesting an Advance by way of Bankers' Acceptances under the Syndicated Facility, shall (i) notify each BA Lender of the Face Amount of the Bankers' Acceptances to be accepted by it, and (ii) notify each Non BA Lender of the Face Amount of its Notional Bankers' Acceptance. The aggregate Face Amount of Bankers' Acceptances to be accepted by a BA Lender and the Face Amount of the Notional Bankers' Acceptance for each Non BA Lender shall be determined by the Agent by reference to the respective Commitments of the Lenders under the applicable Facility, provided that, if the Face Amount of a Bankers' Acceptance in the case of a BA Lender or the Face Amount of the Notional Bankers' Acceptance used to determine the amount of a BA Equivalent Advance in the case of a Non BA Lender would not be Cdn. $100,000 or a whole multiple thereof, the Face Amount shall be increased or reduced by the Agent in its sole discretion, to the nearest whole multiple of Cdn. $100,000.

(b) Whenever the Borrower requests an Advance that includes Bankers' Acceptances, each Non BA Lender shall, in lieu of accepting its pro rata amount of such Bankers' Acceptances, make available to the Borrower on the Drawdown Date an Advance (a "**BA Equivalent Advance**") in Canadian Dollars and in an amount which would be equal to the BA Discount Proceeds of the Bankers' Acceptances (which Bankers' Acceptances are referred to herein collectively as "**Notional Bankers' Acceptances**") that such Non BA Lender would have been required to accept on the Drawdown Date if it were a BA Lender. Each Non BA Lender shall also be entitled to deduct from the BA Equivalent Advance an amount equal to the applicable Bankers' Acceptance Fee that would have been applicable to the Notional Bankers' Acceptance had it been a Bankers' Acceptance.

(c) Subject to the terms and conditions of this Agreement, each BA Lender agrees to accept Drafts issued by the Borrower pursuant to this Section 6.8 and purchase such Bankers' Acceptances discounted at the applicable BA Discount Rate. Each BA Lender shall provide the BA Discount Proceeds thereof to the Agent (in the case of a BA Advance and corresponding BA Equivalent Advance under the Syndicated Facility) or into the Agent's Account (in the case of a BA Advance under the Working Capital Facility) in accordance with Section 6.8(d), less the Bankers' Acceptance Fee payable to such BA Lender pursuant to Section 4.1. Each such BA Lender shall be entitled to sell, assign or otherwise transfer such Bankers' Acceptances to any Person without any notice to or the consent of any of the Borrower.

(d) Each BA Lender and Non BA Lender, as applicable, shall transfer to the Agent at the Agent's Account (with respect to BA Advances under the Syndicated Facility) for value on each Drawdown Date immediately available Cdn. Dollars in an aggregate amount equal to (i) in the case of a BA Lender, the BA Discount Proceeds (net of the applicable Bankers' Acceptance Fee in respect of such Bankers' Acceptances) of all Bankers'

Acceptances accepted by it on such Drawdown Date, and (ii) in the case of Non BA Lenders, the amount of each BA Equivalent Advance (net of the applicable Bankers' Acceptance Fee in respect of such BA Equivalent Advance) to be made by it on such Drawdown Date. The Agent may designate such other offices in Toronto or Calgary as it may see fit for the purposes referred to in the preceding sentence. The Agent shall make such amounts received by it from the Lenders as aforesaid available to the Borrower by depositing the same for value on the applicable Drawdown Date to the Borrower's Account.

(e) The Borrower hereby authorizes each BA Lender to complete, stamp, hold, sell, rediscount or otherwise dispose of all Bankers' Acceptances accepted by it in accordance with the instructions provided by the Borrower hereunder or pursuant to the power of attorney referred to in Section 6.6.

6.9 Payment of Bankers' Acceptances and BA Equivalent Advances

The Borrower shall provide for the payment to the Agent at the Agent's Account for the account of the applicable BA Lenders or Non BA Lenders, as the case may be, of the full Face Amount of each Bankers' Acceptance and each Notional Bankers' Acceptance issued under the Syndicated Facility, on the earliest of (a) its date of maturity, and (b) the date on which the Agent (with the instructions of the Majority Lenders) demands payment of the Obligations outstanding under the applicable Facility.

6.10 Deemed Advance - Bankers' Acceptances

Except for amounts which are paid from the proceeds of Rollovers of a Bankers' Acceptance and BA Equivalent Advances or other Advance or Conversion hereunder, any amount which a Lender pays to any third party on or after the date of maturity of a Bankers Acceptance in satisfaction thereof or which is owing to such Lender by the Borrower in respect of such a Bankers' Acceptance or BA Equivalent Advance on or after the date of maturity of such Bankers' Acceptance or BA Equivalent Advance shall be deemed to be a Prime Rate Advance to the Borrower under this Agreement. Each Syndicated Facility Lender shall forthwith give notice at the making of such a Prime Rate Advance to the Agent (who shall promptly give similar notice to the Borrower and the other Lenders). Interest shall be payable on such Prime Rate Advances in accordance with the terms applicable to Prime Rate Advances.

6.11 Waiver

The Borrower shall not claim from a Lender or any other Person any days of grace for the payment at maturity of any Notional Bankers' Acceptances or any Bankers' Acceptances presented and accepted by a Lender pursuant to this Agreement. The Borrower waive any defence to payment which might otherwise exist if for any reason a Bankers' Acceptance shall be held by a Lender in its own right at the maturity thereof, and the doctrine of merger shall not apply to any Bankers' Acceptance that is at any time held by a Lender in its own right.

6.12 Degree of Care

Any executed Drafts to be used as Bankers' Acceptances which are delivered to a Lender shall be held in safekeeping with the same degree of care as if they were such Lender's own property, and shall be kept at the place at which such drafts are ordinarily held by such Lender.

6.13 Indemnity

The Borrower hereby indemnifies and holds each BA Lender harmless from any reasonable loss or expense with respect to any Bankers' Acceptance dealt with by the Credit Facility Lenders, or any of them, in accordance with the provisions hereof, but shall not be obliged to indemnify a Lender for any loss or expense caused by the gross negligence or wilful misconduct of that Credit Facility Lender.

6.14 Obligations Absolute

The obligations of the Borrower with respect to Bankers' Acceptances under this Agreement shall be unconditional and irrevocable, and shall be paid strictly in accordance with the terms of this Agreement under all circumstances, including, without limitation, the following circumstances:

(a) any lack of validity or enforceability of any Draft accepted by a Credit Facility Lender as a Bankers' Acceptance; or

(b) the existence of any claim, set-off, defense or other right which the Borrower may have at any time against the holder of a Bankers' Acceptance, the Credit Facility Lenders (or any of them) or any other Person or entity, whether in connection with this Agreement or otherwise.

6.15 Letters of Credit

Upon timely fulfillment of all applicable conditions as set forth in this Agreement, but subject to the limitations in Section 6.16, the Working Capital Lender agrees to issue a Letter of Credit/Guarantee on any Banking Day for the account of the Borrower.

6.16 Letter of Credit/Guarantee Procedures and Limitations

The following provisions shall apply to Letter of Credit/Guarantee Advances:

(a) the aggregate amount of all Letters of Credit/Guarantee that may be issued and outstanding shall not exceed $5,000,000;

(b) no Letter of Credit/Guarantee shall have a maturity date that is either later than 364 days after it is issued or later than the Stated Maturity Date applicable to the Working Capital Facility;

(c) Letters of Credit/Guarantee shall not be issued for the purpose of guaranteeing the obligations of any Person other than a Credit Party;

(d) the Working Capital Lender shall not have any obligation to issue a Letter of Credit/Guarantee until:

(i) it has been paid the applicable fee(s),

(ii) such ancillary documents, including applications and indemnities, as it normally requires for similar transactions have been executed and delivered to it, and

(e) all payments made by the Working Capital Lender to any Person pursuant to a Letter of Credit/Guarantee shall, unless the Borrower reimburses the Working Capital Lender for such payment on or before the date it is made, be deemed as and from the date of such

payment to be a Prime Rate Advance, with the proceeds of such Prime Rate Advance being applied against the Borrower's Obligations to reimburse the Working Capital Lender for payment made under the applicable Letter of Credit/Guarantee.

6.17 Payment Under Letters of Credit and Letters of Guarantee

The Borrower unconditionally and irrevocably authorizes the Working Capital Lender to pay the amount of any draft or demand made on the Working Capital Lender under and in accordance with the terms of any Letter of Credit/Guarantee on demand without requiring proof of the Borrower's agreement that the amount so demanded was due and notwithstanding that the Borrower may dispute the validity of any such draft, demand or payment.

The Working Capital Lender shall not have any responsibility or liability for, or any duty to inquire into, the authorization, execution, signature, endorsement, correctness, genuineness or legal effect of any certificate or other document presented to the Working Capital Lender pursuant to any Letter of Credit/Guarantee and the Borrower fully and unconditionally assumes all risks with respect to the same and, without limiting the generality of the foregoing, all risks of the acts or omissions of any beneficiary of any Letter of Credit/Guarantee with respect to the use by any beneficiary of any Letter of Credit/Guarantee. The Working Capital Lender shall not be responsible for:

(a) the validity of certificates or other documents delivered under or in connection with any Letter of Credit/Guarantee that appear on their face to be in order, even if such certificates or other documents should in fact prove to be invalid, fraudulent or forged;

(b) errors, omissions, interruptions or delays in transmission or delivery of any messages by mail, cable, telegraph, telefax or otherwise, whether or not they are in code;

(c) errors in translation or for errors in the interpretation of technical terms or for errors in the calculation of amounts demanded under any Letter of Credit/Guarantee;

(d) any failure or inability of the Working Capital Lender or Lender to make payment under any Letter of Credit/Guarantee as a result of any Applicable Laws or by reason of any control or restitution rightfully or wrongfully exercised by any Person asserting or exercising governmental or paramount powers; or

(e) any other consequences arising in respect of a failure by the Working Capital Lender to honour a Letter of Credit/Guarantee due to causes beyond the control of the Working Capital Lender;

and none of the above shall affect or impair any of the rights or powers of the Lenders hereunder or the obligations of the Borrower under Section 6.19. Without limiting the generality of the foregoing, it is agreed that any payment made by any Working Capital Lender in good faith under and in accordance with the terms of a Letter of Credit/Guarantee shall be binding upon the Borrower and shall not result in any liability of the Working Capital Lender to the Borrower and shall not lessen the obligations of the Borrower under Section 6.19.

Notwithstanding the provisions of this Section 6.17, the Borrower shall not be responsible for, and the Working Capital Lender shall not be relieved of responsibility for, any wilful misconduct or gross negligence of or by any the Working Capital Lender.

6.18 No Liability

The Borrower agrees that neither the Working Capital Lender nor any of its officers, directors, employees, agents or correspondents will assume liability for, or be responsible for:

(a) the use which may be made of any Letter of Credit/Guarantee;

(b) any acts or omissions of the beneficiary of any Letter of Credit/Guarantee including the application of any payment made to such beneficiary;

(c) the validity, correctness, genuineness or legal effect of any document or instrument relating to any Letter of Credit/Guarantee, even if such document or instrument should in fact prove to be in any respect invalid, insufficient, inaccurate, fraudulent or forged;

(d) payment by the Working Capital Lender of any draft which does not comply with the terms of any Letter of Credit/Guarantee, unless such payment results from the gross negligence or wilful misconduct of the Working Capital Lender;

(e) the failure of any document or instrument to bear any reference or adequate reference to any Letter of Credit/Guarantee;

(f) any failure to note the amount of any draft on any Letter of Credit/Guarantee or on any related document or instrument; any failure of the beneficiary of any Letter of Credit/Guarantee to meet the obligations of such beneficiary to either the Borrower or any other Person;

(g) any errors, inaccuracies, omissions, interruptions or delays in transmission or delivery of any messages, directions or correspondence by mail, facsimile or otherwise;

(h) any inaccuracies in the translation of any messages, directions or correspondence or for errors in the interpretation of any technical terms; or

(i) any failure by the Working Capital Lender to make payment under any Letter of Credit/Guarantee as a result of any law, control or restriction rightfully or wrongfully exercised or imposed by any domestic or foreign court or government or government instrumentality or as a result of any other cause beyond the control of the Working Capital Lender or its officers, directors, employees, agents or correspondents.

6.19 Reimbursement Obligations of the Borrower

The Borrower shall reimburse the Working Capital Lender on demand for any amounts paid by the Working Capital Lender from time to time as contemplated by Section 6.17 and, without limiting the generality of the foregoing, the Borrower shall indemnify and save the Working Capital Lender harmless on demand from and against any and all other losses, costs, damages, expenses, claims, demands or liabilities which any of them may suffer or incur arising in any manner whatsoever in connection with the making of any such payments (including, without limitation, in connection with proceedings to restrain the Working Capital Lender from making, or to compel the Working Capital Lender to make, any such payment).

6.20 Overdue Amounts and Indemnity

Without limiting any other provisions of this Agreement, if the Borrower shall fail to reimburse the Working Capital Lender for any payments made by the Working Capital Lender under a Letter of Credit/Guarantee as contemplated in Section 6.19, the amount that the Borrower fails to reimburse the Working Capital Lender shall be deemed to be a Prime Rate Advance for payments made by the Working Capital Lender. The Working Capital Lender shall forthwith give notice of such Advance to the Borrower. Interest shall be payable on such deemed Prime Rate Advance from the date of such deemed Prime Rate Advance in accordance with the terms of this Agreement.

6.21 Acceleration

Upon the Agent providing an Acceleration Notice to the Borrower under Section 9.2, the maximum amount of the contingent liability of the Working Capital Lender under any Letter of Credit/Guarantee which is then outstanding shall immediately become due and payable to the Working Capital Lender notwithstanding that the Working Capital Lender has not at such date been required to make payment under any such Letter of Credit/Guarantee. Any such amount paid to the Working Capital Lender shall be held by the Working Capital Lender for the account of the Working Capital Lender in a separate collateral account of the Borrower as security for the repayment of future indebtedness of the Borrower to the Working Capital Lender in respect of Letters of Credit/Guarantee which are drawn down and, pending the expiry of all outstanding Letters of Credit/Guarantee, any amounts paid to the Working Capital Lender shall bear interest at the rate established by the Working Capital Lender from time to time as that payable in respect of 30 day certificates of deposit of the Working Capital Lender for monies of like amount. Any payments under this Section 6.21 will be applied in accordance with Section 9.3.

6.22 Conflict with Applications

To the extent that any provision of any application for the issuance of a Letter of Credit/Guarantee in the standard form of the Working Capital Lender or such other form as may be approved by the Working Capital Lender is inconsistent with the provisions of Sections 6.16, 6.17, 6.19, 6.20, 6.20 or 6.21, the provisions of such Sections of this Agreement shall apply.

(g) if any receiver, receiver manager or similar officer is appointed over the Borrower or any other Credit Party, or over all or substantially all of the Property and assets of the Borrower or any other Credit Party and such receiver, receiver manager or similar official is not removed or discharged within fifteen (15) days of such appointment; provided however, such grace period shall cease to apply if the Borrower or such other Credit Party consents to such appointment, fails to diligently object and contest the appointment with appropriate proceedings, or if such receiver, receiver manager or similar official is not effectively stayed from realizing on the Property and assets of the Borrower or such other Credit Party;

(k) there is an event or circumstance with respect to the Borrower or another Credit Party, which could reasonably be expected to have a Material Adverse Effect.

9.2 Acceleration and Termination of Rights

(a) If any Event of Default occurs and is continuing, no Lender shall be under any further obligation to make Advances and the Majority Lenders may instruct the Agent to give notice (an "**Acceleration Notice**") to the Borrower and/or any Guarantor (i) declaring the Lenders' obligations to make Advances to be terminated, whereupon the same shall forthwith terminate, and/or (ii) declaring the Obligations under this Agreement to be forthwith due and payable, whereupon they shall become and be forthwith due and payable without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by the Borrower; provided however, the Agent shall be deemed to give such notice to the Borrower immediately upon the occurrence of an Event of Default described in Section 9.1(e).

(b) Notwithstanding the reference to Defaults and Events of Default under this Agreement, if all Obligations are not paid in full upon the Stated Maturity Date, the Agent shall be entitled to demand repayment of all such amounts outstanding under the Credit Facility at any time thereafter, upon the instructions of the Majority Lenders under the Credit Facility.

9.3 Payment of Bankers' Acceptances and Letters of Credit

Immediately upon the delivery or deemed delivery of an Acceleration Notice, the Borrower shall, without necessity of further act or evidence, be and become thereby unconditionally obligated to deposit forthwith with the Agent for the Lenders' benefit, Collateral equal to the full principal amount at maturity of all Bankers' Acceptances, Notional Bankers' Acceptances and the Face Amount of all Letters of Credit/Guarantee then outstanding and issued by the Working Capital Lender and the Borrower hereby unconditionally promises and agrees to deposit with the Agent immediately upon delivery or deemed delivery of such Acceleration Notice, Collateral in the amount so demanded. The Borrower authorizes the Lenders, or any of them, to debit its account with the amount required to pay such Bankers' Acceptances, Notional Bankers' Acceptances (notwithstanding that any such Bankers' Acceptances and Notional Bankers' Acceptances may be held by the Lenders, or any of them, in their own right at maturity) and with the amount required to pay any drawings under Letters of Credit/Guarantee. Amounts paid to the Agent and/or to the Working Capital Lender pursuant to such a demand in respect of Bankers' Acceptances or Notional Bankers' Acceptances shall be considered to be a prepayment by the Borrower in respect of such obligations (without any deduction of fees or discounts in respect thereof) and be applied against, and in respect of a demand by the Agent and shall reduce, pro rata among the BA Lenders and Non BA Lenders, in the case of Bankers' Acceptances and Notional Bankers' Acceptances (to the extent of the amounts paid to the Agent in respect of Bankers' Acceptances or Notional Bankers' Acceptances, as the case may be), the obligation of the Borrower to pay amounts then or thereafter payable under such Bankers' Acceptances, Notional Bankers' Acceptances or Letters of Credit/Guarantee accepted or issued hereunder at the times amounts become payable under or in respect thereof, as the case may be.

9.4 Remedies

Upon the delivery or deemed delivery of an Acceleration Notice contemplated by Section 9.2, the Security shall become immediately enforceable and the Majority Lenders may instruct the Agent to take such action or proceedings on behalf of the Lenders as the Majority Lenders in their sole discretion deem expedient to enforce the rights and remedies available to the Agent and the Lenders under or in respect of the Credit Documents, all without any additional notice, presentment, demand, protest or other formality, all of which are hereby expressly waived by the Borrower.

9.5 Waivers

No failure of the Agent or the Lenders to exercise, or delay by the Agent or the Lenders in exercising, any of its rights or remedies shall be construed as a waiver of any Default or Event of Default.

9.6 No Obligation to Enforce

Neither the Lenders nor the Agent shall be under any obligation to the Borrower or any other Person to realize any collateral or enforce the Security or any part thereof or to allow any collateral to be sold, dealt with or otherwise disposed of. The Lenders shall not be responsible or liable to the Borrower or any other Person for any loss or damage upon the realization or enforcement of, the failure to realize or enforce any collateral or any part thereof or the failure to allow any collateral to be sold, dealt with or otherwise disposed of or for any act or omission on their respective parts or on the part of any director, officer, agent, servant or adviser in connection with any of the foregoing, except that a Lender may be responsible or liable for any loss or damage arising from the wilful misconduct or gross negligence of that Lender.

9.7 Perform Obligations

If after the occurrence and during the continuance as an Event of Default, the Borrower or another Credit Party has failed to perform any of its covenants or agreements in the Credit Documents, the Majority Lenders may, but shall be under no obligation to instruct the Agent on behalf of the Lenders to perform any such covenants or agreements in any manner deemed fit by the Majority Lenders without thereby waiving any rights to enforce the Credit Documents. The reasonable expenses (including any legal costs) paid by the Agent and/or Lenders in respect of the foregoing shall be added to and become part of the Obligations and shall be secured by the Security.

9.8 Third Parties

No Person dealing with the Agent or any agent of the Agent shall be concerned to inquire whether the Security has become enforceable, or whether the powers which the Agent is purporting to exercise have been exercisable, or whether any Obligations remain outstanding upon the security thereof, or as to the necessity or expediency of the stipulations and conditions subject to which any sale shall be made, or otherwise as to the propriety or regularity of any sale or other disposition or any other dealing with the collateral charged by such Security or any part thereof.

9.9 Remedies Cumulative

The rights and remedies of the Agent and the Lenders (or any of them) under the Credit Documents are cumulative and are in addition to and not in substitution for any rights or remedies provided by law. Any single or partial exercise by the Agent and the Lenders (or any of them) of any right or remedy for a default or breach of any term, covenant, condition or agreement herein contained

shall not be deemed to be a waiver of or to alter, affect, or prejudice any other right or remedy or other rights or remedies to which the Agent and the Lenders (or any of them) may be lawfully entitled for the same default or breach. Any waiver by the Agent and the Lenders (or any of them) of the strict observance, performance or compliance with any term, covenant, condition or agreement herein contained, and any indulgence granted by the Agent and the Lenders (or any of them) shall be deemed not to be a waiver of any subsequent default.

9.10 Continuing Security

Each Security document shall for all purposes be treated as separate and continuing guarantees, security and subordinations and shall be deemed to have been given in addition to and not in place of any other guarantee, security or any subordination now held or hereafter acquired by the Agent, any Lender or any Hedge Provider. No item or part of any Security shall be merged or be deemed to have been merged in or by any simple contract debt or any judgment, and any realization of or steps taken under or pursuant to any Security document shall be independent of and not create a merger with any other right available to the Agent or any Lender under this Agreement, any other Security document or other Credit Document held by it or them or at law or in equity.

9.11 Dealing with the Security

The Agent and the Lenders may grant extensions of time or other indulgences, take and give up securities, accept compositions, grant releases and discharges and otherwise deal with the Borrower or any other Credit Party as the Agent and the Lenders may see fit, and the Lenders may, subject to the provisions hereof, apply all moneys received from the Borrower, and the other Credit Parties or others obligated to pay or perform any of the Obligations, or from securities, to such part of the Obligations as the Lenders may think best, without prejudice to or in any way limiting the liability of the Borrower and the other Credit Parties under any of the Credit Documents or for any deficiency.

9.12 Effectiveness and Survival for Permitted Hedges

The Security documents contemplated or required to be created hereby shall be effective upon execution and delivery thereof, and the undertakings as to the Borrower and the other Credit Parties herein or in any other Credit Document hereunder shall be continuing, whether the monies hereby or thereby secured or any part thereof shall be advanced before or after or at the same time as the creation of any such Credit Document or before or after or upon the date of execution of any amendments to or restatements of this Agreement, and shall not be affected by the Obligations fluctuating from time to time. Notwithstanding the cancellation of all of the Commitment and the full and final payment of all Obligations outstanding under this Agreement or any termination of this Agreement, the Security shall survive and continue until all Obligations owing under the Permitted Lender Hedges are also fully and finally paid, except to the extent that the Permitted Lender Hedges provide otherwise; provided however, upon the cancellation of all of the Commitment and the full and final payment of all Obligations under this Agreement, the Agent shall be fully, finally and absolutely released from all liabilities and obligations arising under, out of or in connection with the Security documents and shall have no obligation, liability or duty to any Hedge Provider arising under, out of or in connection with the Security documents.

9.13 Set-Off or Compensation

In addition to and not in limitation of any rights now or hereafter granted under Applicable Laws, upon the occurrence and during the continuance of an Event of Default, the Lenders, or any of them, may at any time and from time to time without notice to the Borrower or any other Person, any notice being expressly waived, set-off, combine accounts and compensate and apply any and all deposits, general or

special, time or demand, provisional or final, matured or unmatured, and any other indebtedness at any time owing by the Lenders, or any of them, to or for the credit of or the account of the Borrower or any other Credit Party, against and on account of the Obligations owing by the Borrower and such other Credit Party to the Lenders, notwithstanding that any of them are contingent or unmatured.

Article X
THE AGENT AND THE LENDERS

10.1 Authorization of Agent and Relationship

Each Lender hereby appoints TD as Agent, and TD hereby accepts such appointment. The appointment may only be terminated as expressly provided in this Agreement. Each Lender hereby authorizes the Agent to take such action on its behalf under the provisions of this Agreement and the other Credit Documents and to exercise such powers and perform such duties as are expressly delegated to the Agent by the terms of this Agreement and the other Credit Documents, together with all powers reasonably incidental thereto. Notwithstanding any provision to the contrary elsewhere in this Agreement, the Agent shall have no duties or obligations except those expressly set forth herein and no other duties or obligations of the Agent shall be implied in this Agreement or in any other Credit Documents. The Agent may perform such duties or obligations by or through its agents or employees. The Agent shall not by reason of this Agreement or any of the other Credit Documents have a fiduciary duty in respect of any Lender. As to any matters not expressly provided for by this Agreement, the Agent is not required to exercise any discretion or to take any action, but is required to act or to refrain from acting (and is fully protected in so acting or refraining from acting) upon the instructions of the Lenders or the Majority Lenders, as the case may be. Those instructions shall be binding upon all Lenders, but the Agent is not required to take any action which exposes the Agent to personal liability or which is contrary to this Agreement or Applicable Law.

10.2 Disclaimer of Agent

The Agent makes no representation or warranty, and assumes no responsibility with respect to the due execution, legality, validity, sufficiency, enforceability or collectability of this Agreement or any other Credit Document. The Agent assumes no responsibility for the financial condition of the Borrower or any other Credit Party, or for the performance of the obligations of the Borrower or any other Credit Party under this Agreement or any other Credit Document. The Agent assumes no responsibility with respect to the accuracy, authenticity, legality, validity, sufficiency or enforceability of any documents, papers, materials or other information furnished by the Borrower or any other Credit Party to the Agent. The Agent shall not be required to ascertain or inquire as to the performance or observance of any of the terms, conditions, provisions, covenants or agreements contained herein or as to the use of the proceeds of the Credit Facility or of the existence or possible existence of any Default or Event of Default unless the officers or employees of the Lender acting as Agent active in their capacity as officers or employees on the accounts of the Borrower have actual knowledge thereof, or have been notified thereof in writing by the Borrower or a Lender. Neither the Agent nor any of its directors, officers, agents or employees shall be liable for any action taken or omitted to be taken by it or them as Agent under or in connection with the Agreement except for its or their own gross negligence or wilful misconduct. With respect to its Commitment, the Lender acting as Agent shall have the same rights and powers hereunder as any other Lender, and may exercise the same as though it were not performing the duties and functions delegated to it as Agent hereunder.

10.3 Failure of Lender to Fund

(a) Unless the Agent has actual knowledge that a Lender has not made or will not make available to the Agent for value on a Drawdown Date the applicable amount required from such Lender pursuant to Sections 6.5 or 6.8 or its Proportionate Share of a deemed Advance under Section 6.10, the Agent shall be entitled to assume that such amount has been or will be received from such Lender when so due and the Agent may (but shall not be obliged to), in reliance upon such assumption, make available to the Borrower a corresponding amount (except that no such amount shall be made available to the Borrower in the case of a deemed Advance). If such amount is not in fact received by the Agent from such Lender on such Drawdown Date and the Agent has made available a corresponding amount to the Borrower on such Drawdown Date as aforesaid (or is deemed to have made an Advance to the Borrower in such amount), such Lender shall pay to the Agent on demand an amount equal to the aggregate of the applicable amount required from such Lender pursuant to Sections 6.5 or 6.8 or its Proportionate Share of a deemed Advance under Section 6.10 plus an amount equal to the product of (i) the rate per annum applicable to overnight deposits made with the Agent for amounts approximately equal to the amount required from such Lender multiplied by (ii) the amount that should have been paid to the Agent by such Lender on such Drawdown Date, Rollover Date or Conversion Date, as applicable and was not, multiplied by (iii) a fraction, the numerator of which is the number of days that have elapsed from and including such Drawdown Date, Rollover Date or Conversion Date, as applicable to but excluding the date on which the amount is received by the Agent from such Lender and the denominator of which is 365 in all other cases. A certificate of the Agent containing details of the amount owing by a Lender under this Section 10.3(a) shall be binding and conclusive in the absence of manifest error. If any such amount is not in fact received by the Agent from such Lender on such Drawdown Date, Rollover Date or Conversion Date, the Agent shall be entitled to recover from the Borrower, on demand, the related amount made available by the Agent to the Borrower as aforesaid together with interest thereon at the applicable rate per annum payable by the Borrower hereunder.

(b) Notwithstanding the provisions of Section 10.3(a), if any Lender fails to make available to the Agent its Proportionate Share of any Advance, which for greater certainty includes a deemed Advance, (such Lender being herein called the "**Defaulting Lender**"), the Agent shall forthwith give notice of such failure by the Defaulting Lender to the Borrower (except where such failure relates to a deemed Advance) and the other Lenders. The Agent shall then forthwith give notice to the other Lenders that any Lender may make available to the Agent all or any portion of the Defaulting Lender's Proportionate Share of such Advance (but in no way shall any other Lender or the Agent be obliged to do so) in the place of the Defaulting Lender. If more than one Lender gives notice that it is prepared to make funds available in the place of a Defaulting Lender in such circumstances and the aggregate of the funds which such Lenders (herein collectively called the "**Contributing Lenders**" and individually called the "**Contributing Lender**") are prepared to make available exceeds the amount of the Advance which the Defaulting Lender failed to make, then each Contributing Lender shall be deemed to have given notice that it is prepared to make available its Proportionate Share of such Advance based on the Contributing Lenders' relative commitments to advance in such circumstances. If any Contributing Lender makes funds available in the place of a Defaulting Lender in such circumstances, then the Defaulting Lender shall pay to any Contributing Lender making the funds available in its place, forthwith on demand, any amount advanced on its behalf together with interest thereon at the rate applicable to such Advance from the date

of advance to the date of payment, against payment by the Contributing Lender making the funds available of all interest received in respect of the Advance from the Borrower. The failure of any Lender to make available to the Agent its Proportionate Share of any Advance as required herein shall not relieve any other Lender of its obligations to make available to the Agent its Proportionate Share of any Advance as required herein.

10.4 Payments by the Borrower and Other Credit Parties

All payments made by or on behalf of the Borrower or any other Credit Party pursuant to this Agreement or the other Credit Documents (including amounts received (net of all relevant costs and expenses of the Agent) by the Agent as a result of the exercise of any right of set-off, combination or consolidation of accounts, or by counterclaim or cross-action) shall be made to and received by the Agent on behalf of the Lenders (except that amounts received by the Agent in respect of amounts payable to the Working Capital Lender shall be paid only to the Working Capital Lender) and shall be distributed by the Agent to the Lenders as soon as possible upon receipt by the Agent. Subject to the provisions of Section 10.5, the Agent shall distribute in the following order of priority:

(a) unpaid fees, costs and expenses of the Agent;

(b) payments of interest and fees:

(i) in accordance with each Lender's Proportionate Share of the Syndicated Facility, or

(ii) after an Acceleration Notice is delivered or deemed delivered by the Agent pursuant to Section 9.2, the Agent shall distribute payments of interest and fees (including without limitation any payment of interest or fees obtained by the Agent as a result of the enforcement of the Credit Documents) in accordance with each Lender's Proportionate Share of the Credit Facility until such interest and fees are paid in full;

(c) repayments of the Outstanding Principal:

(i) in accordance with each Lender's Proportionate Share of the Credit Facility, or

(ii) after a declaration is made by the Agent pursuant to Section 9.2, the Agent shall distribute repayments of principal (including without limitation any repayments of principal obtained by the Agent as a result of the enforcement of the Credit Documents) in accordance with each Lender's Proportionate Share of the aggregate of the Credit until such Outstanding Principal is paid in full; and

(d) all other payments received by the Agent under this Agreement, in accordance with what would otherwise be each Lender's Proportionate Share of the Credit Facility.

Notwithstanding the foregoing, any such distribution that would otherwise be made pursuant to Section 10.4(c) on account of any outstanding Bankers' Acceptances, Notional Bankers' Acceptances or Letters of Credit shall be set aside in a separate collateral account for the primary benefit of the Lenders who have issued such Bankers' Acceptances, Notional Bankers' Acceptances or Letters of Credit (and for the secondary benefit of the Lenders in respect of other Obligations owing by the Borrower to the

Lenders) until and to the extent that such Obligations become matured and not contingent, at which time such distributions shall be made to the Lenders for whose primary benefit such amounts are held.

Subject to Section 10.5, if the Agent does not distribute a Lender's Proportionate Share of a payment made by the Borrower to or for the benefit of that Lender for value on the day that payment is made or deemed to have been made to the Agent, the Agent shall pay to the Lender on demand an amount equal to the product of (i) the Agent's rate per annum applicable to overnight deposits for amounts approximately equal to the amount of the payment multiplied by (ii) the Lender's Proportionate Share of the amount received by the Agent from the Borrower and not so distributed, multiplied by (iii) a fraction, the numerator of which is the number of days that have elapsed from and including the date of receipt of the payment by the Agent to but excluding the date on which the payment is made by the Agent to such Lender and the denominator of which is 365.

10.5 Payments by Agent

(a) For greater certainty, the following provisions shall apply to any and all payments made by the Agent to the Lenders hereunder:

(i) the Agent shall be under no obligation to make any payment (whether in respect of principal, interest, fees or otherwise) to any Lender until an amount in respect of such payment has been received by the Agent from the Borrower;

(ii) if the Agent receives less than the full amount of any payment of principal, interest, fees or other amount owing by the Borrower under this Agreement, the Agent shall have no obligation to remit to each Lender any amount other than such Lender's Proportionate Share (based on the then outstanding Obligations of the Borrower hereunder) of that amount which is the amount actually received by the Agent;

(iii) if any Lender advances more or less than its Proportionate Share of the Credit, such Lender's entitlement to such payment shall be increased or reduced, as the case may be, in proportion to the amount actually advanced by such Lender;

(iv) if a Lender's Proportionate Share of an Advance has been advanced for less than the full period to which any payment by the Borrower relates, such Lender's entitlement to such payment shall be reduced in proportion to the length of time such Lender's Proportionate Share of the applicable Advance has actually been outstanding;

(v) the Agent acting reasonably and in good faith shall, after consultation with the Lenders in the case of any dispute, determine in all cases the amount of all payments to which each Lender is entitled and such determination shall, in the absence of manifest error, be binding and conclusive;

(vi) upon request, the Agent shall deliver a statement detailing any of the payments to the Lenders referred to herein; and

(vii) all payments by the Agent to a Lender hereunder shall be made to such Lender at its address set out beside its signature unless notice to the contrary is received by the Agent from such Lender.

(b) Unless the Agent has actual knowledge that the Borrower has not made or will not make a payment to the Agent for value on the date in respect of which the Borrower has notified the Agent that the payment will be made, the Agent shall be entitled to assume that such payment has been or will be received from the Borrower when due and the Agent may (but shall not be obliged to), in reliance upon such assumption, pay the Lenders' corresponding amounts. If the payment by the Borrower is in fact not received by the Agent on the required date and the Agent has made available corresponding amounts to the Lenders, the Borrower shall, without limiting its other obligations under this Agreement, indemnify the Agent against any and all liabilities, obligations, losses (other than loss of profit), damages, penalties, and all reasonable costs, expenses or disbursements of any kind or nature whatsoever that may be imposed on or incurred by the Agent as a result of such non-payment. A certificate of the Agent with respect to any amount owing under this Section shall be *prima facie* evidence of the amount owing in the absence of manifest error. If a payment is not in fact received by the Agent from the Borrower and the Agent has paid to a Lender a corresponding amount, such Lender shall pay to the Agent on demand an amount equal to the aggregate of the amount of such payment made to the Lender plus the product of (i) the Lender's rate per annum applicable to overnight deposits for amounts approximately equal to the amount paid by the Agent to such Lender and not so received from the Borrower multiplied by (ii) the amount paid by the Agent to such Lender and not so received from the Borrower, multiplied by (iii) a fraction, the numerator of which is the number of days that have elapsed from and including the date of payment by the Agent to the Lender to but excluding the date on which payment is made by such Lender to the Agent and the denominator of which is 365.

10.6 Adjustments to Outstanding Advances and Direct Payments

Each Lender agrees that, after the Agent (on the instructions of the Majority Lenders) demands or is deemed to demand payment of the Obligations outstanding under the Credit pursuant to Section 9.2, it will at any time and from time to time upon the request of the Agent as requested by any Lender, purchase portions of the Advances made available by the other Lenders, which remain outstanding and make any other adjustments which may be necessary or appropriate, in order that the aggregate amount of Advances made by each Lender under the Credit Facility will be in the same proportion as the applicable Lender's Proportionate Share of the Commitment.

The Lenders agree among themselves that, except as otherwise provided for in this Agreement and except as necessary to adjust for Advances that are not in each Lender's Proportionate Share under the Credit, all sums received by a Lender relating to this Agreement, by virtue of the other Credit Documents, whether received by voluntary payment, the exercise of the right of set-off, combination or consolidation of accounts, or compensation or by counterclaim, cross-action or otherwise, shall be shared by each Lender in its Proportionate Share of the Credit Facility in accordance with Section 10.4 and each Lender undertakes and agrees to do all such things as may be reasonably required to give full effect to this Section, including, without limitation, the purchase from other Lenders of a portion of any Advances by the Lender who has received an amount in excess of its Proportionate Share as shall be necessary to cause such purchasing Lender to share the excess amount rateably in its Proportionate Share with the other Lenders. If any sum which is so shared is later recovered from the Lenders who originally received it, the Lender shall restore its Proportionate Share of such sum to such Lenders, without interest. If any Lender (a "**Receiving Lender**") shall obtain any payment of the Obligations as referred to above, the Receiving Lender shall forthwith remit such payment to the Agent and, upon receipt, the Agent shall distribute such payment in accordance with the provisions of Section 10.4.

10.7 Administration of the Credits and Lenders' Consent to Waivers, Amendments, etc.

(a) Unless otherwise specified herein, the Agent shall perform the following duties under this Agreement:

(i) take delivery of each Lender's Proportionate Share of an Advance and make all Advances hereunder in accordance with the procedures set forth in Sections 6.5 and 6.8;

(ii) use reasonable efforts to collect promptly all sums due and payable by the Borrower pursuant to this Agreement;

(iii) make all payments to the Lenders in accordance with the provisions hereof;

(iv) hold all legal documents relating to the Credit, maintain complete and accurate records showing all Advances made by the Lenders, all remittances and payments made by the Borrower to the Agent, all remittances and payments made by the Agent to the Lenders and allow each Lender and their respective advisors to examine such accounts, records and documents at their own expense, and provide any Lender, upon reasonable notice, with such copies thereof as such Lender may reasonably require from time to time at its expense;

(v) except as otherwise specifically provided for in this Agreement, promptly notify each Lender upon receipt of each notice and deliver to each Lender, promptly upon receipt, all other written communications furnished by the Borrower to the Agent pursuant to this Agreement, including without limitation copies of financial reports and certificates which are to be furnished to the Agent;

(vi) forward to each of the Lenders, one copy each of this Agreement and other Credit Documents;

(vii) promptly forward to each Lender, upon request, an up-to-date loan status report and any other information respecting the Borrower reasonably requested by such Lender; and

(viii) upon learning of same, promptly notify each Lender in writing of the occurrence of an Event of Default or the occurrence of any event, condition or circumstance which could be expected to have a Material Adverse Effect, provided that, except as aforesaid, the Agent shall be under no duty or obligation whatsoever to provide any notice to the Lenders and further provided that each Lender hereby agrees to notify the Agent of any Default or Event of Default of which it may reasonably become aware.

(b) Any waiver of or any amendment to a provision of the Credit Documents which relates to:

(i) a change in the types of available Advances, decreases in interest rates, Commitment Fees, Bankers' Acceptance Stamping Fees, the Applicable Margin, the Commitment Fee Rate, shortening notice periods, decreasing the amount of any payments payable by the Borrower to the Lenders under this Agreement or

any waiver of the time of payment of any amounts payable to the Lenders under this Agreement;

(ii) an increase or decrease in the Commitment of any Lender other than as provided for herein;

(iii) an assignment or transfer by the Borrower of any of its rights and obligations under this Agreement other than as provided for herein;

(iv) a change in the definition of "Majority Lenders", "Term Date", "Stated Maturity Date", "Non-Agreeing Lender Term Date", "Non-Agreeing Lender Stated Maturity Date ", "Material Subsidiary", or any other definition to the extent relevant to any of the other provisions of this Section 10.7(b);

(v) any matter which, pursuant to the Credit Documents, specifically requires the consent or agreement of all of the Lenders;

(vi) the provisions of Sections 4.6, 8.3(b), 8.3(e), 8.3(i) or 10.7(b); or

(vii) an Event of Default under Section 9.1(a);

shall bind the Lenders and if applicable, all of the Hedge Providers, only if such waiver or amendment is agreed to in writing by all of the Lenders. In addition, any waiver of or amendment to any provision of the Credit Documents which relates to an increase in the Commitment of any Lender shall bind that Lender only if agreed to in writing by such Lender.

(c) Subject to Sections 10.7(b) and 10.7(d) and except as otherwise provided in the Credit Documents, any waiver of or any amendment to any provision of the Credit Documents and any action, consent or other determination in connection with the Credit Documents shall bind all of the Lenders and if applicable, all of the Hedge Providers, if such waiver, amendment, action, consent or other determination is agreed to in writing by the Majority Lenders.

(d) Subject to Section 10.7(b) and except as otherwise provided in the Credit Documents, any determination, consent, approval or other action made by the Agent hereunder pursuant to any provision which states that such action shall or may be taken by the Agent shall bind all of the Lenders.

(e) Any waiver of or any amendment to any provision of the Credit Documents which relates to the rights or obligations of the Working Capital Lender or the Agent shall require the agreement of the Working Capital Lender and Agent, as applicable.

(f) As between the Borrower, on the one hand, and the Agent and the Lenders, on the other hand:

(i) all statements, certificates, consents and other documents which the Agent purports to deliver on behalf of the Lenders or the Majority Lenders shall be binding on each of the Lenders, and the Borrower shall not be required to ascertain or confirm the authority of the Agent in delivering such documents;

(ii) all certificates, statements, notices and other documents which are delivered by the Borrower and any other Credit Party to the Agent in accordance with this Agreement shall be deemed to have been delivered to each of the Lenders;

(iii) all payments which are delivered by the Borrower to the Agent in accordance with this Agreement shall be deemed to have been duly delivered to each of the Lenders; and

(iv) unless a Default or an Event of Default has occurred and is continuing, the consent of the Borrower to the appointment of any Successor Agent must be obtained, but such consent shall not be unreasonably withheld.

10.8 Rights of Agent

(a) In administering the Credit or in realizing on the rights available under this Agreement or the other Credit Documents, the Agent may retain, at the expense of the Lenders if such expenses are not recoverable from the Borrower, such solicitors, counsel, auditors and other experts and agents as the Agent may select, in its sole discretion, acting reasonably and in good faith after consultation with the Lenders.

(b) The Agent shall be entitled to rely on any communication, instrument or document believed by it to be genuine and correct and to have been signed by the proper individual or individuals, and shall be entitled to rely and shall be protected in relying as to legal matters upon opinions of independent legal advisors selected by it. The Agent may also assume that any representation made by the Borrower or the other Credit Parties is true and that no Default or Event of Default has occurred unless the officers or employees of the Lender acting as Agent, active in their capacity as officers or employees responsible for the Borrower's accounts, have actual knowledge to the contrary or have received notice to the contrary from any other party to this Agreement.

(c) The Agent may, without any liability to account, but subject to the terms of this Agreement, enter into swap agreements, futures contracts and other similar agreements with the Borrower and/or the other Credit Parties, accept deposits from and lend money to and generally engage in any kind of banking, or other business with the Borrower and/or the other Credit Parties as if it were not the Agent.

(d) The Agent shall not be required to advance its own funds for any purpose, and, in particular, shall not be required to pay with its own funds insurance premiums, taxes or public utility charges or the cost of repairs or maintenance with respect to any of the Property of the Borrower or the other Credit Parties, nor shall it be required to pay with its own funds the fees of solicitors, counsel, auditors, experts, or agents engaged by it as permitted hereby.

10.9 Acknowledgements, Representations and Covenants of Lenders

(a) It is acknowledged and agreed by each Lender that it has itself been, and will continue to be, solely responsible for making its own independent appraisal of and investigations into the financial condition, creditworthiness, Property, affairs, status and nature of the Borrower and each of the other Credit Parties. Accordingly, each Lender confirms to the Agent that it has not relied, and will not hereafter rely, on the Agent (i) to check or inquire on its behalf into the adequacy or completeness of any information provided by

the Borrower or the other Credit Parties under or in connection with this Agreement, the other Credit Documents or the transactions herein contemplated (whether or not such information has been or is hereafter distributed to such Lender by the Agent) or (ii) to assess or keep under review on its behalf the financial condition, creditworthiness, Property, affairs, status or nature of he Borrower or the other Credit Parties.

(b) Each Lender represents and warrants to the other Parties hereto that it has the legal capacity to enter into this Agreement pursuant to its charter and any Applicable Laws and has not violated its charter, constating documents or any Applicable Laws by so doing.

(c) Each Lender agrees to indemnify the Agent (to the extent not reimbursed by the Borrower), rateably according to its Proportionate Share of the Credit Facility from and against any and all liabilities and obligations (whether direct or indirect, contingent or otherwise), losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever which may be imposed on, incurred by, or asserted against the Agent in any way relating to or arising out of the Credit Documents or the transactions therein contemplated, provided that no Lender shall be liable for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from the Agent's gross negligence or wilful misconduct. Without limiting the generality of the foregoing, each Lender agrees to reimburse the Agent promptly upon demand rateably according to its Proportionate Share of the Credit Facility for any out-of-pocket expenses (including counsel fees) incurred by the Agent in connection with the preservation of any rights of the Agent or the Lenders under, or the enforcement of, or legal advice in respect of rights or responsibilities under this Agreement or under the other Credit Documents, to the extent that the Agent is not promptly reimbursed for such expenses by the Borrower. The obligation of the Lenders to indemnify the Agent shall survive the termination of this Agreement.

(d) Each of the Lenders acknowledges and confirms that, in the event that the Agent does not receive payment in accordance with this Agreement, it shall not be the obligation of the Agent to maintain the Credit Facility in good standing nor shall any Lender have recourse to the Agent in respect of any amounts owing to such Lender under this Agreement.

(e) Each Lender acknowledges and agrees that its obligation to advance its Proportionate Share of Advances in accordance with the terms of this Agreement is independent and in no way related to the obligation of any other Lender hereunder.

(f) Each Lender hereby acknowledges receipt of a copy of this Agreement and the other Credit Documents (to the extent that such Credit Documents have been delivered) and acknowledges that it is satisfied with the form and content of such documents.

(g) Except to the extent recovered by the Agent from the Borrower, promptly following demand therefor, each Lender shall pay to the Agent an amount equal to such Lender's Proportionate Share of the Credit Facility of any and all reasonable costs, expenses, claims, losses and liabilities incurred by the Agent in connection with this Agreement and the other Credit Documents (including, without limitation, the collection or enforcement thereof, which shall be based on each Lender's Proportionate Share of the Credit Facility), except for those incurred by reason of the Agent's gross negligence or wilful misconduct.

(h) Each Lender shall respond promptly to each request by the Agent for the consent of such Lender required hereunder.

10.10 Action of the Lenders

Each of the Lenders hereby acknowledges that, to the extent permitted by Applicable Law, the remedies available to the Lenders under this Agreement and the other Credit Documents are for the benefit of the Lenders collectively and that its rights hereunder and under the other Credit Documents are to be exercised by the Agent as required by this Agreement. The Agent shall have no responsibility or liability to any Hedge Provider to enforce any Credit Document for or on behalf of any Hedge Provider or to obtain the payment of any Obligations owed to any Hedge Provider under, in respect of or in connection with any Permitted Hedge. Accordingly, except as otherwise expressly provided herein, each of the Lenders hereby covenants and agrees that it shall not take any action hereunder or under or the other Credit Documents but that any such action shall be taken only by the Agent with the prior written agreement of the Majority Lenders or all of the Lenders, as required. Each of the Lenders hereby further covenants and agrees that upon any written agreement being given by the Majority Lenders or all of the Lenders, as required, it shall co-operate fully with the Agent to the extent requested by the Agent. Notwithstanding the foregoing, in the absence of the instructions from the Lenders and where in the sole opinion of the Agent, acting reasonably and in good faith, the exigencies of the situation warrant such action, the Agent may without notice to or consent of the Lenders take such action on behalf of the Lenders as it deems appropriate or desirable in the interest of the Lenders.

10.11 Successor Agent

Subject to the appointment and acceptance of a Successor Agent as provided in this Section 10.11, and subject to Section 10.7(f)(iv), the Agent may resign at any time by giving 30 days' written notice thereof to the Lenders and the Borrower, and may be removed at any time by the Majority Lenders upon 30 days' written notice if the Agent has been grossly negligent hereunder. Upon receipt of notice by the Lenders of the resignation of the Agent, or upon giving notice of termination to the Agent, the Majority Lenders may with the consent of the Borrower (provided that the Lenders shall only be obligated to obtain such consent if no Default or Event of Default exists), such consent not to be unreasonably withheld, within 21 days, appoint a successor from among the Lenders or, if no Lender is willing to accept such an appointment, from among other banks to which the *Bank Act* (Canada) applies, which each have combined capital and reserves in excess of $250,000,000, and which have offices in Calgary and Toronto (the "**Successor Agent**"). If no Successor Agent has been so appointed and has accepted such appointment within 21 days after the retiring Agent's giving of notice of resignation or receiving of notice of termination, then the retiring Agent may, on behalf of the Lenders, appoint a Successor Agent. If neither the Majority Lenders nor the Agent appoint a Successor Agent within such 21 days, then the Majority Lenders or the Agent may apply to a Justice of the Court of Queen's Bench of the Province of Alberta, on such notice as the Justice may direct, for the appointment of a Successor Agent, but any Successor Agent so appointed by the Court shall be subject to removal as aforesaid by the Majority Lenders. Upon the acceptance of any appointment as Agent hereunder by a Successor Agent, the Successor Agent shall succeed to and become vested with all the rights, powers, privileges and duties of the retiring Agent, and the retiring Agent shall be discharged from its further duties and obligations as Agent under this Agreement and the other Credit Documents. After any retiring Agent's resignation hereunder as Agent, the provisions of this Article X shall continue to enure to its benefit and be binding upon it as to any actions taken or omitted to be taken by it while it was Agent hereunder.

10.12 Provisions Operative Between Lenders and Agent Only

Except for the provisions of Sections 10.9(b) and 10.9(e), the provisions of this Article X relating to the rights and obligations of the Lenders and the Agent *inter se* shall be operative as between the Lenders and the Agent only, and the Borrower shall not have any rights or obligations under or be entitled to rely, for any purpose upon such provisions.

Article XI
ADDITIONAL LENDERS, SUCCESSORS AND ASSIGNS

11.1 Successors and Assigns

(a) Each Credit Document shall be binding upon and enure to the benefit of the Agent, each Lender, the Borrower and each other Credit Party that is a party thereto and each of its respective permitted successors and assigns (including, without limitation, any successor resulting from the amalgamation of one corporation with one or more corporations or resulting from the winding-up of one or more corporations into another corporation), except that, other than as provided herein, none of the Borrower or any other Credit Party shall assign any rights or obligations with respect to this Agreement or any of the other Credit Documents without the prior written consent of the Lenders.

(b) A Participation by a Lender of its interest (or a part thereof) hereunder or a payment by a Participant to a Lender as a result of the Participation will not constitute a payment hereunder to the Lender or an Advance to the Borrower.

11.2 Assignments

(a) The Lenders collectively or individually may assign all or a portion of their respective rights and obligations under this Agreement (including, without limitation, all or a portion of their respective Commitments) to one or more Persons, with the consent of the Agent and the Borrower (not to be unreasonably withheld) unless a Default or an Event of Default has occurred and is continuing, in which case, no such consent of the Borrower will be required. Each assignment shall be of a uniform, and not a varying, percentage of all rights and obligations of the assignor(s) under or in respect of the Credit Facility. No assignment may be in an amount less than Cdn. $5,000,000 unless such assignment is of the entire Commitment of a Lender, or result in the Commitment of any Lender, determined as of the effective date of the Assignment Agreement with respect to such assignment, being less than Cdn. $5,000,000. The parties to each such assignment shall execute and deliver an Assignment Agreement to the Agent and, unless a Default or an Event of Default has occurred and is continuing, to the Borrower, for its acknowledgement, as the case may be, and recording by the Agent in the Register and, except in the case of an assignment by a Lender to an Affiliate of that Lender, shall pay a processing and recording fee of $5,000 to the Agent. After such execution, delivery, acknowledgement and recording (i) the assignee thereunder shall be a party to this Agreement and, to the extent that rights and obligations hereunder have been assigned to it, have the rights and obligations of a Lender hereunder and (ii) the assigning Lender thereunder shall, to the extent that rights and obligations hereunder have been assigned by it pursuant to such Assignment Agreement, relinquish its rights and be released from its obligations under this Agreement, other than obligations in respect of which it is then in default or which arose prior to its assignment, and, in the case of an Assignment

Agreement covering all or the remaining portion of an assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto.

The Borrower and each other Credit Party hereby consents to the disclosure of any information and opinions relating to it to any potential Lender or participant provided that the potential Lender or participant agrees in writing to keep the information confidential and to return such information if it does not become a Lender or a participant.

(b) The agreements of an assignee contained in an Assignment Agreement shall benefit the assigning Lender thereunder, the other Lenders, the Agent and the Borrower in accordance with the terms of the Assignment Agreement.

(c) The Agent shall maintain at its address referred to herein a copy of each Assignment Agreement delivered to and acknowledged by it and a register for recording the names and addresses of the Lenders and the Commitment under the Credit of each Lender from time to time (the "**Register**"). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error. The Borrower, the Agent and each of the Lenders may treat each Person whose name is recorded in the Register as a Lender hereunder for all purposes of this Agreement, and need not recognize any Person as a Lender unless it is recorded in the Register as a Lender. The Register shall be available for inspection by the Borrower or any Lender at any reasonable time and from time to time upon reasonable prior notice.

(d) Upon its receipt of an Assignment Agreement executed by an assigning Lender and an assignee and approved by the Borrower (if applicable) and the Agent, the Agent shall, if the Assignment Agreement has been completed and is in the required form with such immaterial changes as are acceptable to the Agent:

(i) acknowledge the Assignment Agreement;

(ii) record the information contained therein in the Register; and

(iii) give prompt notice thereof to the Borrower and the other Lenders, and provide them with an updated version of Schedule "A".

11.3 Participation

Each Lender without the consent of the Borrower or the Agent may sell an interest (other than by way of assignment pursuant to Section 11.2) to one or more banks, financial institutions or other Persons (a "**Participant**") in or to all or a portion of its rights and obligations (including, without limitation, all or a portion of its Commitment) under this Agreement, (such interest is referred to herein as a "**Participation**") but the Participant shall not become a Lender and:

(a) the Lender's obligations under this Agreement (including, without limitation, its Commitment) shall remain unchanged;

(b) the Lender shall remain solely responsible to the other parties hereto for the performance of such obligations;

(c) the Borrower and each other Credit Party, the Agent and the other Lenders shall continue to deal solely and directly with the Lender in connection with the Lender's rights and obligations under this Agreement; and

(d) no Participant shall have any right to approve any amendment or waiver of any provision of this Agreement, or any consent to any departure by any Person therefrom.

11.4 Dissenting Lenders

If a Lender (in this Section 11.4 called a "**Dissenting Lender**") withholds its consent or its approval following a request of the Borrower as provided in this Agreement and, as a result, the consent of the required Lenders cannot be obtained in connection with such request, the Borrower may, by giving notice to each Dissenting Lender and to the Agent within 10 days of being advised by the Agent of whether the Lenders have consented to such request, designate an alternate lender (which need not be an existing Lender) to purchase an assignment in accordance with Section 11.2 of such Dissenting Lender's Commitment and outstanding Advances (which alternate lender shall purchase such assignment prior to the expiry of such 10-day period), provided that the Borrower shall in the manner described above, replace all Lenders that are Dissenting Lenders with respect to the same request of the Borrower and provided further that no Lender shall be obligated to make any such assignment as a result of a demand by the Borrower pursuant to this Section 11.4 unless said assignment is done on a without warranty basis and unless and until such Dissenting Lender shall have received one or more payments from either the Borrower or one or more assignees in an aggregate amount at least equal to the aggregate Outstanding Principal owing to such Dissenting Lender, together with accrued interest thereon to the date of payment of such Outstanding Principal and all other amounts payable to such Dissenting Lender under this Agreement (including, without limitation, all losses, costs and expenses suffered or incurred by the Dissenting Lender as a result of complying with this Section 11.4 and all amounts owing under Section 13.12). Any such alternate lender is subject to:

(a) the Agent's prior written approval, such approval not to be unreasonably withheld; and

(b) the approval of the Lenders holding no less than 66 2/3% of all of the Commitment then in effect less the aggregate Commitments of the Dissenting Lenders.

Nothing contained herein shall be deemed to obligate any Lender or the Agent to agree to any such request made by the Borrower.

Article XII
INDEMNITIES

12.1 Currency Indemnity

In the event of a judgment or order being rendered by any court or tribunal for the payment of any amounts owing under this Agreement or for the payment of damages in respect of any breach of this Agreement or under or in respect of a judgment or order of another court or tribunal for the payment of such amounts or damages, such judgment or order being expressed in a currency (the "**Judgment Currency**") other than the currency payable hereunder or thereunder (the "**Agreed Currency**"), each party against whom the judgment or order is made shall indemnify and hold each party in whose favour the judgment or order is made harmless against any deficiency in terms of the Agreed Currency in the amounts received by such party arising or resulting from any variation as between (i) the exchange rate at which the Agreed Currency is converted into the Judgment Currency for the purposes of such judgment or order and (ii) the Exchange Rate at which such party is able to purchase the Agreed Currency with the

amount of the Judgment Currency actually received by such party on the date of such receipt. The indemnity in this Section 12.1 shall constitute a separate and independent obligation from the other obligations of the parties hereunder, and shall apply irrespective of any indulgence granted hereunder.

12.2 Environmental Indemnity

The Borrower hereby agrees to indemnify, defend and hold harmless the Lenders, the Agent and each of them from and against any and all losses, costs, expenses, damages, claims, judgments, suits, awards, fines, sanctions and liabilities whatsoever (including any costs or expenses of preparing any necessary environmental assessment report or other similar reports) (collectively, "**Environmental Claims**") incurred by the Lenders, the Agent and any of them as a result of:

(a) any breach of Applicable Environmental Laws which relates to the Property or operations of the Borrower or any other Credit Party;

(b) any Release, presence, use, creation, transportation, storage or disposal of Hazardous Materials which relate to the Property or operations of the Borrower or any other Credit Party; or

(c) any claim or order for any clean-up, restoration, detoxification, reclamation, repair or other securing or remedial action which relates to the Property or operations of the Borrower or any other Credit Party;

provided, however, that this indemnity shall not apply in respect of any such Environmental Claims which are caused by the gross negligence or wilful misconduct of the Agent or the Lenders or by reason of any act of, or any act or omission taken at the direction of, the Agent or any Lender or any of the officers, directors, employees, agents or assignees thereof. This indemnity shall extend to the officers, directors, employees, agents and assignees of the Lenders, the Agent, and each of them as well as to the Lenders, the Agent and each of them itself, and the Lenders, the Agent and each of them will hold the benefit of this indemnity in trust for such other indemnified Persons to the extent necessary to give effect thereto.

Article XIII
MISCELLANEOUS PROVISIONS

13.1 Headings and Table of Contents

The headings of the Articles and Sections and the Table of Contents are inserted for convenience of reference only and shall not affect the construction or interpretation of this Agreement.

13.2 Accounting Terms

Each accounting term used in this Agreement, unless otherwise defined herein, has the meaning assigned to it under GAAP.

13.3 Capitalized Terms

All capitalized terms used in any of the Credit Documents (other than this Agreement) which are defined in this Agreement shall have the meaning defined herein unless otherwise defined in the other document.

13.4 Severability

Any provision of this Agreement which is or becomes prohibited or unenforceable in any relevant jurisdiction shall not invalidate or impair the remaining provisions hereof which shall be deemed severable from such prohibited or unenforceable provision, and any such prohibition or unenforceability in any such jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Should this Agreement fail to provide for any relevant matter, the validity, legality or enforceability of this Agreement shall not hereby be affected.

13.5 Number and Gender

Unless the context otherwise requires, words importing the singular number shall include the plural and vice versa, words importing any gender include all genders and references to agreements and other contractual instruments shall be deemed to include all present or future amendments, supplements, restatements or replacements thereof or thereto.

13.6 Amendment, Supplement or Waiver

No amendment, supplement or waiver of any provision of the Credit Documents, nor any consent to any departure by the Borrower or any other Credit Party therefrom, shall in any event be effective unless it is in writing, makes express reference to the provision affected thereby and is signed by the Agent for and on behalf of all of the Lenders or the Majority Lenders, as the case may be as required under Section 10.7, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given. No waiver or act or omission of the Agent, the Lenders, or any of them, shall extend to or be taken in any manner whatsoever to affect any subsequent Event of Default or breach by the Borrower or such other Credit Party of any provision of the Credit Documents or the rights resulting therefrom.

13.7 Governing Law

Each of the Credit Documents, except for those which expressly provide otherwise, shall be conclusively deemed to be a contract made under, and shall for all purposes be governed by and construed in accordance with, the laws of the Province of Alberta and the laws of Canada applicable in Alberta. Each party to this Agreement hereby irrevocably and unconditionally attorns to the non-exclusive jurisdiction of the courts of Alberta and all courts competent to hear appeals therefrom.

13.8 This Agreement to Govern

In the event of any conflict or inconsistency between the terms of this Agreement and the terms of any other Credit Document, the provisions of this Agreement shall govern to the extent necessary to remove the conflict. Provided however, that a conflict or inconsistency shall not be deemed to exist only by reason of one of the Credit Documents providing for a matter and another of the Credit Documents not providing for such matter.

13.9 Permitted Encumbrances

The designation of any encumbrance or Security Interest as a Permitted Encumbrance in this Agreement or in any other of the Credit Documents is not, and shall not be deemed to be, an acknowledgement by the Lenders that the Encumbrance shall have priority over any interest the Lenders may have or acquire in the Property of the Borrower or any other Credit Party.

13.10 Currency

All payments made hereunder shall be made in the currency in respect of which the obligation requiring such payment arose. Unless the context otherwise requires, all amounts expressed in this Agreement in terms of money shall refer to Canadian Dollars.

13.11 Liability of Lenders

The liability of the Lenders in respect of all matters relating to this Agreement and the other Credit Documents is several and not joint or joint and several. Without limiting that statement, the obligations of the Lenders to make Advances is limited to their respective Proportionate Shares of any Advance that is requested, and, in the aggregate, to their respective Proportionate Shares of the total amount of the Credit Facility.

13.12 Expenses and Indemnity

All statements, reports, certificates, opinions, appraisals and other documents or information required to be furnished to the Lenders, the Agent, or any of them, by the Borrower or any other Credit Party under this Agreement shall be supplied without cost to the Lenders, the Agent, or any of them. The Borrower shall pay on demand all reasonable out of pocket costs, fees and expenses of the Agent and the Lenders (including, without limitation, reasonable fees and expenses of counsel for the Agent and the Lenders) on a full indemnity basis incurred in connection with (i) the preparation, negotiation, documentation, execution, delivery, administration, periodic review, modification or amendment of the Credit Documents; (ii) any enforcement of the Credit Documents; (iii) obtaining advice as to their rights and responsibilities in connection with the Credit Facility and the Credit Documents; (iv) reviewing, inspecting and appraising the Property of the Borrower and the other Credit Parties at reasonable intervals as provided for herein; and (v) other matters relating to the Credit Facility, the Borrower and any other Credit Party. Such costs, fees and expenses shall be payable whether or not an Advance is made under this Agreement.

The Borrower hereby indemnifies and agrees to indemnify, defend and hold harmless each of the Lenders, the Agent, their directors, officers, affiliates, employees, agents and representatives (the "**Indemnified Parties**") from and against any and all actions, proceedings, losses, costs, expenses (including without limitation legal or other expenses), damages, claims or liabilities incurred by any Indemnified Party, with respect to any Advance to the Borrower hereunder whether before, during or after any period that such Advance is outstanding including, without limitation, any loss of profits, commissions or fees anticipated hereunder, and any expense or costs incurred in the liquidation and re-deployment of any funds required by the Lenders to fund or maintain any portion of such Advance hereunder, in all cases as a result of:

(a) the failure of the Borrower to borrow or make repayments on the dates required hereunder or in accordance with the terms specified by the Borrower pursuant to any oral instructions or written notices provided to the Agent;

(b) the repayment, prepayment or Conversion (whether by acceleration or otherwise) of an Advance on a date other than the maturity date thereof;

(c) the failure by the Borrower to give any notice required to be given by it to the Agent pursuant to the provisions of this Agreement;

(d) the failure of the Borrower to effect any payment, repayment, prepayment or Conversion arising from the circumstances referred to in Section 13.14; or

(e) the occurrence of an Event of Default;

provided, however, that this indemnity shall not apply in respect of any of the foregoing which is caused by the gross negligence or wilful misconduct of the Lenders.

Whenever any such claim shall arise, the Indemnified Party shall promptly notify the Borrower of the claim and, when known, the facts constituting the basis for such claim, and if known, the amount or an estimate of the amount of the claim. The failure of an Indemnified Party to give notice of a claim promptly shall not adversely affect the Indemnified Party's rights to indemnity hereunder. The Borrower at its sole cost and expense may, upon written notice to the Indemnified Party, assume the defence of any such claim or any legal proceeding resulting therefrom. The Indemnified Party shall be entitled to participate in (but not control) the defence of any such action, with its own counsel and at the expense of the Borrower. If the Borrower does not assume the defence of any such claim or litigation resulting therefrom, the Indemnified Party may defend against such claim or litigation, in such manner as it may deem appropriate and at the expense of the Borrower, including, but not limited to, settling such claim or litigation. In such case the Borrower shall be entitled to participate in (but not control) the defence of such action, with its own counsel and at its own expense.

This Section 13.12 shall survive the termination of this Agreement and repayment of the Obligations owing by the Borrower to the Lenders.

13.13 Manner of Payment and Taxes

All payments to be made by the Borrower and the other Credit Parties pursuant to the Credit Documents are to be made without set-off, deduction, compensation or counterclaim and free and clear of and without deduction for or on account of any Tax, except for the deduction of such Taxes as required by Applicable Laws. If any such Tax is deducted or withheld from any payments under the Credit Documents, the Borrower and the other Credit Parties shall promptly remit to the Agent for the Lenders' benefit, in the currency in which such payment was made, the equivalent of the amount of Tax so deducted or withheld (including any Tax deducted or withheld in respect of any payments required under this Section 13.13 so that the net amount received by the Agent after such deduction or withholding will not be less than the amount the Agent would have received if such Tax had not been deducted or withheld) together with the relevant receipt addressed to the Agent. If the Borrower or other Credit Parties is prevented by operation of law or otherwise from paying, causing to be paid or remitting such Tax, the interest or other amount payable under the Credit Documents will be increased to such rates as are necessary to yield and remit to the Lenders the principal sum advanced or made available together with interest at the rates specified in the Credit Documents after provision for payment of such Tax. Provided however, none of the Borrower or any Credit Party shall be obligated to pay to a Lender the equivalent amount of withholding Tax that the Borrower or such Credit Party was required by Applicable Laws to withhold from payments under the Credit Documents to such Lender, if such withholding arises solely as a result of:

(a) an assignment of a Commitment of a Lender to a Person that is not a resident of Canada for the purposes of Part XIII of the *Income Tax Act*; or

(b) a Lender that is an authorized foreign bank within the meaning of Subsection 212(13.3) of the *Income Tax Act* not crediting or allocating the amount paid to it under the Credit

Documents to its Canadian banking business within the meaning of Subsection 212(13.3) of the *Income Tax Act*.

13.14 Increased Costs

(a) If, after the date hereof, the introduction of or any change in any Applicable Laws or in the interpretation or application thereof by any court or by any judicial or governmental authority charged with the interpretation or administration thereof, or if compliance by any Lender with any request or directive from any central bank or other fiscal, monetary or other authority issued after the date hereof (whether or not having the force of law):

(i) subjects the Lenders (or any of them) to, or causes the withdrawal or termination of a previously granted exemption with respect to, any Taxes, or changes the basis of taxation of payments due to the Lenders (or any of them), or increases any existing Taxes on payments of principal, interest or other amounts payable by the Borrower to the Lenders (or any of them) under this Agreement;

(ii) imposes, modifies or deems applicable any reserve, liquidity, special deposit, regulatory or similar requirement against assets or liabilities held by, or deposits in or for the account of, or loans by the Lenders (or any of them), or any acquisition of funds for loans or commitments to fund loans or obligations in respect of undrawn, committed lines of credit or in respect of Bankers' Acceptances accepted by a BA Lender;

(iii) imposes on the Lenders (or any of them) or requires there to be maintained by the Lenders (or any of them) any capital adequacy or additional capital requirements (including, without limitation, a requirement which affects a Lenders' allocation of capital resources to its obligations) in respect of any Advance or obligation of a Lender hereunder, or any other condition with respect to this Agreement which is more onerous on the Lender than on the date it became a Lender hereunder;

(iv) otherwise imposes on the Lenders (or any of them) any other condition or requirement affecting this Agreement or any Advance or any obligation of the Lenders (or any of them) hereunder which directly or indirectly affects the cost to the Lenders (or any of them) of making available, funding or maintaining any Advance or the Obligations owing by the Borrower hereunder;

and the result of (i), (ii), (iii) or (iv) above, in the sole determination of the affected Lender acting in good faith, is:

(v) to increase the cost to such Lender of performing its obligations hereunder with respect to any Advance;

(vi) to reduce any amount received or receivable by such Lender hereunder or its effective return hereunder or on its capital in respect of any Advance;

(vii) to reduce the interest, Commitment Fees or other fees payable to the Lenders hereunder; or

(viii) to cause such Lender to make any payment with respect to, or to forego any return on or calculated by reference to, any amount received or receivable by such Lender hereunder with respect to any Advance;

such Lender shall determine such additional cost, reduction in income or payment, without duplication, (the "**Additional Compensation**") and shall promptly notify the Borrower. Such affected Lender shall provide to the Borrower a photocopy of the relevant law, rule, guideline, regulation, treaty, or official directive and a certificate of a duly authorized officer of such Lender setting forth the Additional Compensation and the basis of calculation thereof and, for the purposes of calculating such amount, such Lender shall treat the Borrower and the Credit Facility in a manner consistent with comparable borrowers and transactions. The Borrower shall pay to such affected Lender forthwith, following the giving of such notice, such Additional Compensation calculated from the effective date of the relevant adoption or change; provided that the affected Lender shall not be entitled to Additional Compensation to the extent that such increase in costs or reduction in amounts received or to be received or reduction in return is reflected in or recovered by an increase in the interest or other amounts payable hereunder other than pursuant to this Section 13.14. Such affected Lender shall endeavour to minimize the incidence of any Additional Compensation.

(b) If a Lender notifies the Borrower that Additional Compensation is owed to such Lender, the Borrower shall have the right, upon at least two Banking Days' irrevocable written notice to such affected Lender:

(i) to (subject to limitations on repayments contained in Section 3.4) repay to such Lender the relevant portion of any Advance on the date specified in such notice together with all interest accrued thereon to the date of repayment, the Additional Compensation if any to the date of payment and all other amounts, if any, payable for the account of the Lender hereunder in respect of such Advance (including any amounts payable under Section 13.12);

(ii) to effect a Conversion of the relevant portion of any Advance (subject always to the provisions of this Agreement); or

(iii) provided no Default or Event of Default shall have occurred and is continuing, require such Lender to sell and assign to a bank or other financial institution acceptable to the Agent, acting reasonably, all of such Lender's rights and obligations hereunder in the same manner described in Section 11.2, upon receipt by such Lender from such bank or financial institution of all amounts owing to such Lender under the Credit Documents, including, without limitation, all unpaid interest accrued thereon to the date of payment and all other amounts, if any, payable for the account of such Lender hereunder in respect of all Advances made by it and in respect of all losses, costs and expenses suffered or incurred by such Lender hereunder as a result of such Lender complying with this Section 13.14(b)(iii).

(c) Each Lender shall use its reasonable efforts to reduce the amount of Additional Compensation payable pursuant to this Section 13.14; provided, however, that no Lender shall have an obligation to expend its own funds, suffer any economic hardship or take any action detrimental to its interests in connection therewith.

13.15 Interest on Miscellaneous Amounts

If the Borrower fails to pay any amount payable hereunder on the due date, the Borrower shall, on demand, pay interest on such overdue amount (including overdue principal and interest) to the Agent from and including such due date up to but excluding the date of actual payment, both before and after demand, default or judgment, at a rate of interest per annum, compounded monthly, equal to the sum of the Prime Rate plus **[REDACTED]** per annum.

13.16 Illegality

If a Lender determines, in good faith, that (i) the introduction of or any change in any Applicable Laws or in the interpretation or application thereof by any court or by any Governmental/Judicial Body charged with the interpretation or administration thereof that has occurred after the date hereof or (ii) compliance by such Lender with any request or directive from any central bank or other fiscal, monetary or other authority (whether or not having the force of law) issued after the date hereof; has made it unlawful for such Lender to make, maintain or fund all or any portion of its Commitment or to perform its obligations in respect of the Credit Facility hereunder or any relevant portions thereof as contemplated hereby, such Lender may, by notice in writing to the Borrower, declare that its obligations hereunder in respect of its Commitment or the Credit Facility so affected shall be terminated forthwith, whereupon such obligations shall be so terminated and the Borrower shall:

(a) request a Conversion of such Advances to other types of Advances not affected by this Section 13.16 (subject always to the provisions of this Agreement); or

(b) provided no Default or Event of Default shall have occurred and is continuing, provide irrevocable written notice to such Lender requiring such Lender to sell and assign to a bank or other financial institution chosen by the Borrower and acceptable to the Agent, acting reasonably, all of such Lender's rights and obligations hereunder in the same manner described in Section 11.2 upon receipt by such Lender from such bank or financial institution of all amounts owing to such Lender under the Credit Documents, including, without limitation, all unpaid interest accrued thereon to the date of payment and all other amounts, if any, payable for the account of such Lender hereunder in respect of any Advances made by it and in respect of all losses, costs and expenses suffered or incurred by such Lender hereunder as a result of such Lender complying with this Section 13.16.

13.17 Confidentiality

The Agent or any Lender may, in their sole discretion, deliver copies of any financial statements and other documents delivered to the Agent or the Lenders, and disclose any other information disclosed to the Agent or the Lenders, by or on behalf of the Borrower or any other Credit Party in connection with or pursuant to the Credit Documents to:

(a) each of the Agent's and the Lenders' directors, officers, affiliates, employees, agents and professional consultants;

(b) any Governmental/Judicial Body having jurisdiction over the Agent or Lenders; or

(c) any other Person to whom such delivery or disclosure may be necessary or appropriate (i) in connection with any assignment or proposed assignment, or participation or proposed participation, by the Agent or a Lender of any of its interests under the Credit

Documents, (ii) in compliance with any Applicable Laws, applicable to the Lender, (iii) in response to any subpoena or other legal process, or (iv) in connection with any litigation to which the Lender is a party in any way relating to the Borrower, any other Credit Party, the Credit Documents and the transactions contemplated therein.

Any of the financial statements, other documents or other information to be sent to any of the Persons described above, may be sent by e-mail or other electronic means and none of the Agent or any of the Lenders shall be liable for any losses, costs, expenses, damages, claims or liabilities that any of the Borrower or any other Credit Party may suffer if such financial statements, other documents or other information is disclosed to any other Persons as a result of the Agent sending the same by e-mail or other electronic means unless such disclosure is caused by the gross negligence or wilful misconduct of the Agent.

13.18 Address for Notice

Any notice, demand or other communication (a "**Notice**") to be given under the Credit Documents shall, except as otherwise specifically provided, be in writing addressed to the Person for whom it is intended and may be delivered by courier, telecopied, with transmission confirmed by a transmission report or sent by email; provided however, all Drawdown Notices, Conversion Notices, Rollover Notices, Repayment Notices and interest payments shall be provided by the Borrower by way of telecopier. Every Notice shall be deemed to have been duly given, served or received on the date on which it is delivered (or, if such date is not a Banking Day, the next following Banking Day) or in the case of sending by telecopier or email, on the date of transmission, if transmission is completed prior to 1:00 p.m. (Calgary time) on a Banking Day (or the next Banking Day if the transmission is completed after 1:00 p.m. (Calgary time) on a Banking Day or on a day that is not a Banking Day). The addresses of the parties hereto for the purposes hereof shall be the addresses specified beside their respective signatures to this Agreement or any Assignment Agreement, or such other mailing, facsimile or email addresses as each party from to time may notify the other as aforesaid.

13.19 Time of the Essence

Time shall be of the essence in this Agreement.

13.20 Further Assurances

The Borrower and each other Credit Party shall, at the request of the Agent acting on the instructions of the Majority Lenders, do all such further acts and execute and deliver all such further documents as may, in the opinion of the Majority Lenders, acting reasonably, be necessary or desirable in order to fully perform and carry out the purpose and intent of the Credit Documents.

13.21 Term of Agreement

Except as otherwise provided herein, this Agreement shall remain in full force and effect until the payment and performance in full of all of the Obligations owing by the Borrower to the Lenders and the Lenders have no further obligation to make any Advances available to the Borrower hereunder.

13.22 Payments on Banking Day

Whenever any payment or performance under the Credit Documents would otherwise be due on a day other than a Banking Day, such payment shall be made on the following Banking Day.

13.23 Interest Act Equivalent

In this Agreement, each rate of interest which is calculated with reference to a period (the "**deemed interest period**") that is less than the actual number of days in the calendar year of calculation is, for the purposes of the *Interest Act* (Canada), equivalent to a rate based on a calendar year calculated by multiplying such rate of interest by the actual number of days in the calendar year of calculation and dividing by the number of days in the deemed interest period.

13.24 Certificates of Senior Officers

Whenever a Senior Officer of the Borrower or any other Credit Party executes a certificate or other Credit Document in favour of the Agent and/or the Lenders such certificate or other Credit Document shall be deemed to be executed by such Senior Officer for and on behalf of the Borrower or other Credit Party, not in an individual capacity and without any personal liability on such Senior Officer.

13.25 Counterparts and Facsimile

This Agreement and any other documentation related to this Agreement, may be executed in any number of counterparts, each of which when executed and delivered shall be deemed to be an original, and such counterparts together shall constitute one and the same agreement. For the purposes of this Section 13.25, the delivery of a facsimile or pdf emailed copy of an executed counterpart of this Agreement and any other documentation related to this Agreement shall be deemed to be valid execution and delivery of this Agreement and any other documentation related to this Agreement, but the party delivering a facsimile or pdf emailed copy shall deliver an original copy of this Agreement and any such other documentation related to this Agreement as soon as possible after delivering the facsimile or pdf emailed copy.

13.26 Statute References

All references herein to a statute include, unless otherwise stated, regulations passed or in force pursuant thereto and any amendments to such statute or to such regulations from time to time, and any legislation or regulations substantially replacing the same or substantially replacing any specific provision to which such reference is made.

13.27 References to Acts Performed by a Trust

Any reference in this Agreement or any other Credit Document to an act performed by Trust and Business Trust, shall be construed and applied for all purposes as if it referred to an act to be performed by the respective trustee on behalf of Trust or Business Trust or, to the extent applicable, the duly appointed administrator of Trust or Business Trust, as the case may be. For greater certainty, each of the Trust and Business Trust agrees that it shall be bound by this Agreement and all other Credit Documents executed by its administrator, notwithstanding the resignation, replacement, removal or deemed resignation, replacement or removal of such administrator.

13.28 Reference to Acts Performed by a Partnership

Any reference in this Agreement or any other Credit Document to an act performed by a Partnership shall be construed and applied for all purposes as if it referred to an act to be performed by the Borrower in its capacity as general partner (or any other replacement general partner) for and on behalf of such Partnership. For greater certainty, each Partnership agrees that it shall be bound by this Agreement

and all other Credit Documents executed by its general partner, notwithstanding the resignation, replacement, removal or deemed resignation, replacement or removal of such general partner.

13.29 Non-Merger

Each of the Borrower and the other Credit Parties covenants and agrees with the Agent and the Lenders that, in the case of any judicial or other proceeding to enforce the rights and remedies of the Agent or the Lenders under the Credit Documents (or any part thereof), judgment may be rendered against the Borrower, and/or the other Credit Parties in favour of the Lenders, or any of them, for any amount owing under the Credit Documents (or for which the Borrower or the other Credit Parties may be liable thereunder after the application to the payment thereof of the proceeds of any sale of any of the Property of the Borrower or such other Credit Parties). The covenant of the Borrower to pay interest at the rate provided for in this Agreement shall not merge in any such judgment and such judgment shall bear interest at the Prime Rate plus **[REDACTED]** per annum until such judgment and all Obligations of the Borrower to the Lenders under the Credit Documents have been paid in full. The Borrower waives the provisions of the *Judgment Interest Act* (Alberta) to the fullest extent permitted by law.

13.30 Priority of the Facilities to the Indebtedness under the Note Indenture

Each of the parties hereto acknowledges and agrees that all present and future indebtedness, liabilities and obligations owing under the Facilities (direct or indirect, joint or several, matured or unmatured, absolute or contingent) rank in right of payment in priority to the Indebtedness evidenced under the Note Indenture or any other deed, indenture, document or agreement entered into by a Credit Party, creating, evidencing or providing for Funded Debt.

13.31 Subordination

Provided that the Credit Parties deliver evidence to the Agent of their compliance with the covenants set out in Sections 8.2(f), 8.3(e) and 8.3 (j), in form and substance satisfactory to the Agent, acting reasonably, the Agent shall, from time to time and at the request of an equipment financier described in paragraph (h) of the definition of Permitted Encumbrances who has security over equipment and the receivables under any lease or sub-lease relating to such equipment, enter into a subordination or similar agreement in favour of such equipment financier, in form and substance satisfactory to the Agent, acting reasonably, to allow the Encumbrances described in such paragraph to rank in priority to the Encumbrances arising under the Security.

13.32 Entire Agreement

Each of the Parties agrees that this Agreement constitutes the entire agreement between the Parties hereto concerning the matters addressed in this Agreement, and cancels and supersedes any prior agreements, undertakings, declarations or representations, written or verbal, in respect thereof.

13.33 Amendment and Restatement

Effective as of the date hereof, the Prior Credit Agreement (i) is hereby amended and restated as set forth herein without in any way affecting the rights or obligations of any party which may have accrued as of the date hereof pursuant to the provisions of such agreement prior to their amendment hereby, and (ii) is, as so amended and restated, ratified and confirmed.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

1 Nature of business

Gordon Bros. Construction Ltd. and 332691 Alberta Ltd. (the "Company") are privately owned and incorporated under the laws of the province of Alberta. The companies provide well site construction, road building and well site reclamation services in northern Alberta.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

These consolidated financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Principles of consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiary, Gordon Bros. Construction Ltd. Intercompany balances and transactions have been eliminated on consolidation.

Property and equipment

Property and equipment are initially recorded at cost. Amortization is provided using the declining balance method at rates intended to amortize the cost of assets over their estimated useful lives.

Buildings	5%
Equipment	20%
Automotive	30%
Computer equipment	30%
Contractors mobile equipment	30%
Portable camp equipment	30%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Long-term investments

Other long-term investments are portfolio investments recorded at cost, less any write-down for other than temporary impairment.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Inventory

Inventory is valued at the lower of cost and net realizable value. Cost is determined by the first-in, first-out method.

Measurement uncertainty

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and the recoverability of accounts receivable. Actual results could differ from these estimates.

Revenue recognition

The Company's services are generally sold based upon purchase orders with the customer that include fixed or determinable prices. Revenue is recognized when services are rendered and when collectibility is reasonably assured.

1 Nature of business

Roy Larson Construction Ltd. (the "Company") is a privately owned company, that operates a well site construction, site restoration and road building business whose predecessors were incorporated under the Alberta Business Corporations Act in 1986.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

The financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

Investments

The Company accounts for investments on a cost basis. Investments are written down to their net realizable value should a decline in value occur that is not considered temporary.

Property and equipment

Property and equipment are initially recorded at cost. Rates of amortization applied on a declining balance basis to write off the cost of property and equipment over their estimated useful lives are as follows:

Buildings	4%
Generating equipment	8%
Equipment	20%
Furniture and fixtures	20%
Contractors moveable equipment	30%
Automotive equipment	30% – 40%
Computer equipment	30%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and are measured using the substantively enacted income tax rates and laws that will be effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of the revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

Revenue recognition

The Company' services are generally sold based on purchase orders with a customer that includes fixed or determinable prices. Revenue is recognized when services are rendered and when collectibility is reasonably assured.

1 Nature of business

310423 Alberta Ltd. (the "Company") was incorporated under the Business Corporations Act of the Province of Alberta on January 16, 1984. The Company provides wellsite construction, road building and well site reclamation to oil and gas companies.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

The consolidated financial statements of 310423 Alberta Ltd. and its wholly owned subsidiary Wales Contracting Ltd., are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

Inventory

Inventory is valued at the lower of cost and net realizable value, with cost being determined on a first-in, first-out basis.

Principles of consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiary, Wales Contractors Ltd. Intercompany balances and transactions have been eliminated on consolidation.

Property and equipment

Property and equipment are initially recorded at cost. Amortization is provided at cost less estimated salvage value using the following methods and rates:

Contractors' equipment	5 years straight-line
Contractors' equipment under capital lease	5 years straight-line
Automobiles and automotive equipment	20% – 30% declining balance
Automobiles and automotive equipment under capital lease	20% – 30% declining balance
Equipment	10% – 30% declining balance

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period. No impairment loss has been recorded to date.

Investments

Investments are recorded at cost. Investments are written down to their fair value if their fair value is less than their carrying value.

Marketable securities

Marketable securities are recorded at amortized cost. Marketable securities are written down to their net realizable value should a decline in value occur that is not considered temporary.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

Revenue recognition

The Company's services are generally based upon purchase orders with the customer that include fixed or determinable prices. Revenue is recognized when services are rendered and when collectability is reasonably assured.

11 Financial instruments

Fair value

The carrying value of cash and cash equivalents, accounts receivable, bank indebtedness, accounts payable and accrued liabilities and accrued management bonus approximate their fair value due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair value of amounts due from related company, shareholder advances and obligations under capital leases are not practicably determinable.

As at May 31, 2006, 87% (unaudited) (August 31, 2005 – 89%; 2004 – 83%) of the accounts receivable of the Company was from three customers.

1 Nature of business

404434 Alberta Corporation, 756171 Alberta Corporation and 756169 Alberta Corporation (collectively, the "Company" and "D & D Well Services") are privately-owned companies; they operate rig moving and transportation services and are incorporated under the laws of the Province of Alberta. These financial statements are prepared on a combined basis, commencing in 2005 when 756171 Alberta Corporation and 756169 Alberta Corporation were incorporated, as they are under common control and managed by a common owner. The combined balances are presented after elimination of inter-company transactions and balances.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

These combined financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

Inventory

Inventory is valued at cost and net realizable value, with cost being determined on a first-in, first-out basis.

Property and equipment

Property and equipment are recorded at cost less accumulated amortization. Amortization is provided using the declining balance method at the following rates, intended to amortize the cost of assets over their estimated useful lives:

Buildings	10%
Equipment	20%
Office equipment	20%
Motor vehicles	30%
Contracting equipment	30%
Computer equipment	45%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Revenue recognition

The Company's services are generally based upon purchase orders that include fixed prices. Revenue is recognized when services are rendered and when collectibility is reasonably assured.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

Fair value

The carrying values of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, accrued management bonus and callable debt, approximate their fair values due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. 1 Nature of business

Murtron Hauling Ltd. and 815431 Alberta Ltd. (collectively the "Company" and "Murtron Hauling") are privately-owned companies incorporated under the Alberta Corporations Act which operate a log hauling, gravel hauling and heavy equipment moving business. These financial statements are prepared on a combined basis as they are under common control and managed by a common owner. The combined balances are presented after elimination of intercompany transactions and balances.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

These financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

Inventory

Inventory consists of crushed gravel and is valued at the lower of cost and net realizable value with the cost being determined on a first-in, first-out basis.

Property and equipment

Property and equipment are initially recorded at cost. Amortization is provided at cost less estimated salvage value using the following rates:

Buildings	4% declining balance
Fence	10% declining balance
Equipment	20% declining balance
Automotive equipment and trailers	30% - 40% declining balance
Equipment under capital lease	Straight line over lease term
Computer equipment	30% declining balance
Trailers	30% declining balance

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Revenue recognition

Revenue from hauling and trucking is recognized when the services have been provided and ultimate collection is reasonably assured.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and tax bases of assets and liabilities, and measured using the substantively enacted income tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of capital assets and recoverability of accounts receivable. Actual results could differ from these estimates.

10 Financial instruments

Fair value

The carrying values of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, bank indebtedness, accrued management bonus and callable debt approximate their fair values due to the relatively short period to maturity of the instruments and interest rates attached to the instruments. The fair value of shareholder advances is not practicably determinable, since there are no specific terms.

The fair values of callable debt and obligations under capital lease approximate carrying values as the interest rate approximates the market value.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies which include the analysis of the financial position of its customers and the regular review of their credit limits.

During the three month period ended April 30, 2006 – 78% (unaudited) (April 30, 2005 – 84%) (unaudited) (years ended October 31, 2005 – 47% (each customer at 37% and 10%; October 31, 2004 – 41% (each customer at 31% and 10%); October 31, 2003 – 57% (each customer at 47% and 10%)) of the Company's sales were to two customer. As at April 30, 2006, 52% (unaudited) (October 31, 2005 – 38%; October 31, 2004 – 54%) of the accounts receivable of the Company were from two customers.

1 Nature of business

R Bee Crushing Ltd., Bernet Ventures Ltd. and Dal Finn Holdings Ltd. (collectively, the "Company" and "R. Bee Crushing") are incorporated under the laws of British Columbia, are extra-provincially registered in Alberta and are engaged in the gravel crushing business. These financial statements have combined the operations of these three companies as they are under common control and managed by a common owner. The combined balances are presented after elimination of intercompany transactions and balances.

2 Summary of significant accounting policies

These financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Cash and cash equivalents consist of short-term deposits with maturities of three months or less.

Property and equipment

Property and equipment are recorded at cost less accumulated amortization. Amortization is provided using the declining balance method at the following rates intended to amortize the cost of assets over their estimated useful lives.

Buildings	4%
Heavy equipment	30%
Equipment	30%
Vehicles	30%
Trailers	30%
Radios	20%
Computer hardware and software	30% – 100%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Revenue recognition

Revenue is recognized as services are provided and performance of the service has occurred, price to the customer is fixed or determinable and collectibility is reasonably assured.

Investments

Investments are accounted for on a cost basis and are written down to their net recoverable amount should a decline in value occur that is not considered temporary.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

Inventory

Inventory consists of spare parts and is measured at the lower of cost and market on a first-in first-out basis.

3 Short-term investments

These funds are held at one chartered bank and up to $354,000 has been pledged as security for the operating loan.

1 Nature of business

Safetymaster Rentals Corporation (the "Company") was incorporated under the Business Corporations Act (Alberta) on January 22, 1997. Its principal focus is on the supply of safety equipment rentals.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

The financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

Property and equipment

Property and equipment are recorded at cost less accumulated amortization. Equipment is amortized using the declining balance method over their estimated useful lives at the following rates:

Airplane	15%
Equipment rentals and airplane	15%
Trailers rentals	15%
Vehicles	15%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted income tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

Revenue recognition

Revenue is recognized over the equipment rental period and when collectibility is reasonably assured.

12 Financial instruments

Fair value

The carrying value of cash and cash equivalents, accounts receivable, bank indebtedness, accounts payable and accrued liabilities, accrued management remuneration, callable debt and long-term debt, approximate their fair value due to the relatively short term to maturity of the instruments and interest rates attached to the instruments. The fair value of amounts due to (from) related parties and shareholder advances are not practicably determinable since they do not have any specified terms.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies which include the analysis of the financial position of its customers and the regular review of their credit limits.

During the period ended May 31, 2006, 32% (unaudited) (May 31, 2005 – 40% (unaudited); August 31, 2005 – 32%; August 31, 2004 – 22%; August 31, 2003 – 35%) of the Company's sales were to two customers. As at May 31, 2006, the Company had accounts receivable of 48% (August 31, 2005 –31%; 2004 – 41%) from two customers.

1 Nature of operations and basis of presentation

Neuwest Equipment Rentals Inc. (the "Company") is incorporated under the laws of the Province of Nova Scotia. Its principal business activity is heavy equipment rentals.

These financial statements are prepared on the going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company expects to continue normal operations with continued shareholder support, the company receiving future financing and the Company renting equipment to the related party as described in note 13. The outcome of these events is uncertain at this time. These financial statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to continue as a going concern. These adjustments may be material.

2 Summary of significant accounting policies

These financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalent

Included in cash and cash equivalents are bank overdrafts.

Revenue recognition

Revenue is recognized over the rental period and when collection is reasonably assured.

Property and equipment

Property and equipment are initially recorded at cost. Amortization is provided using the declining balance method at rates intended to amortize the cost of assets over their estimated useful lives.

Containers	30%
Furniture	20%
Heavy rental equipment	30%
Rental equipment	20%
Vehicle equipment	30%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a write-down to the asset's fair value is recognized during the period.

Future income taxes

The Company uses the liability method of tax allocation in accounting for income taxes. Under this method, future tax assets and liabilities are determined based on temporary differences between the financial reporting and tax bases of assets and liabilities, and measured using the substantially enacted tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment, recoverability of accounts receivable and the going concern assumption. Actual results could differ from these estimates.

The amounts due to the shareholder are unsecured, interest free and repayable on demand.

8 Employee profit sharing plan

For the fiscal year of 2005, there was a distribution of profits of $375,000 under this plan (2004 – $nil), which was then loaned back to the Company with no set repayment terms. Shareholders placed personal guarantees to the amount of $2,095,044 (2005 –$117,175), in order to obtain the equipment under the operating lease agreements with various vendors.

11 Financial instruments

Fair value

The carrying value of cash, accounts receivable, interest receivable and accounts payable and accrued liabilities approximate their fair value due to the relatively short period to maturity of the instruments. The fair value of shareholder advance and due to employee profit sharing plan is not practicably determinable since it does not have any specified terms. The fair value of long-term debt, capital lease obligations and deposit in trust approximates carrying value as the interest rates applicable to these loans approximate market rates.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies, that include the analysis of the financial position of its customers and the regular review of their credit limits.

As at April 30, 2006, 92% (unaudited) (October 31, 2005 – 81%; October 31, 2004 – 73%) of the accounts receivable of the Company were from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of its capital leases and long-term debt, which bear fixed rates of interest.

1 Nature of business

Fitzpatrick Co. Ltd. and Northern Tractor Sales & Rental Co. Ltd. (collectively the "Company" and "Northern Tractor Sales and Rental") are privately owned and were incorporated under the Business Corporations Act of the Province of Alberta. The Company provides heavy equipment rentals in northern Alberta and north eastern British Columbia. These financial statements are prepared on a combined basis as they are under common control and managed by a common owner. The combined balances are presented after elimination of intercompany transactions and balances.

These combined financial statements are prepared on a going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company expects to continue normal operations with continued shareholder support and assuming the bank indebtedness not being demanded by the lender, the company receiving future financing. The lender demanding repayment may result in the Company selling property and equipment to settle the debt, which would alter current operations. The lender has not presently indicated any intention to demand repayment. The outcome of these events is uncertain at this time. These combined financial statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to continue as a going concern. These adjustments may be material.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

The combined financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Inventory

Parts inventory is valued at the lower of cost and net realizable value. Cost is determined by the first-in first-out method.

Investments

Investments are portfolio investments recorded at cost, less any provisions for other than temporary impairment.

Property and equipment

Property and equipment are initially recorded at cost. Amortization is provided using methods and rates intended to amortize the cost of the assets over their estimated useful lives.

Buildings	4-5%	declining balance
Automotive	30%	declining balance
Contractors moveable rental equipment	8 years	straight-line
Equipment	20%	declining balance
Fences	10%	declining balance
Furniture and fixtures	20%	declining balance
Leasehold improvements	5 years	straight-line

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a writedown to the asset's fair value is recognized during the period.

Future income taxes

The Company uses the liability method of tax allocation in accounting for income taxes. Under this method, future tax assets and liabilities are determined based on temporary differences between the financial reporting and tax bases of assets and liabilities, and are measured using the substantively enacted tax rates and laws that will be effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of combined financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the combined financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

Revenue recognition

Merchandise is rented to customers pursuant to rental agreements, which provide for weekly or monthly rental terms with non-refundable rental payments. The rental agreements may be terminated at any time by the customer without further obligation or cost upon return of the merchandise. Revenue from rental agreements is recognized over the rental period as services are provided.

12 Financial instruments

Fair value

The carrying value of cash, accounts receivable, bank indebtedness, accounts payable and accrued liabilities and accrued management remuneration approximate their fair value due to the relatively short term to maturity of the instruments and interest rates attached to the instruments. The fair value of the shareholder advances is not practicably determinable.

The fair value of long-term debt and capital lease obligations approximates carrying values as the interest rates approximate market rates.

Credit risk

The Company is exposed to credit risk on the accounts receivable from its customers. In order to reduce its credit risk, the Company has adopted credit policies which include an analysis of the financial position of its customers and the regular review of their credit limits.

During the six-months ended March 31, 2006 23% (unaudited) (March 31, 2005 – 15% (unaudited)); and the year ended September 30 2005 23%, (September 30, 2004 – 38%) of the Company's sales were to three customers. As at March 31, 2006 48% (unaudited) (September 30, 2005 – 33%; 2004 – 38%) of the accounts receivable of the Company were from three customers.

Interest rate risk

The Company is exposed to interest rate price risk in respect of the long-term debt which bears fixed and floating rates of interest.

13 Contingency

The Company has been named as defendant in a lawsuit on behalf of a former employee seeking to recover damages allegedly sustained as a result of a dispute over the employment contract. This lawsuit remains at an early stage, and as litigation is subject to many uncertainties, it is not possible to predict the ultimate outcome of this lawsuit or to estimate the loss, if any, which may result. In the opinion of management, based on the advice and information provided by its legal counsel, final determination of these other litigations will not materially affect the Company's financial position or results of operations.

14 Segmented information

In the opinion of management, the Company has only one business segment, which is the business of heavy equipment rentals and sales.

15 Subsequent event

Notes to Pro Forma Consolidated Financial Statements
(Unaudited)
Three-month periods ended May 31, 2006 and twelve-month periods ended December 31, 2005

1 The Trust and the proposed transaction

Petrowest Energy Services Trust (the "Trust") is an open-ended unincorporated mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to the Deed of Trust dated July 6, 2006.

The Trust has initially been created to hold, indirectly, controlling limited partner interests, hold the common shares in the general partner and invest in the businesses noted below. The Trust will be a business trust operating an energy services business through its indirect subsidiaries. Unitholders will hold Units of the Trust, which in turn will hold a 100% beneficial interest in the Petrowest Business Trust (the "Business Trust"). The Petrowest Business Trust will, via four limited partnerships, hold the assets of the businesses historically operated by the Acquired Companies noted below. The Trust, pursuant to a prospectus dated August 28, 2006 (the "Prospectus") will issue units of the Trust and use the proceeds to acquire 100% of the outstanding shares of the following companies:

Northern Tractor Sales and Rental Co. Ltd. and Fitzpatrick Co. Ltd. ("Northern Tractor")
Neuwest Equipment Rentals Inc. ("Neuwest")
404434 Alberta Corporation, 756171 Alberta Corp. and 756169 Alberta Corp. ("D&D")
Roy Larson Construction Ltd. ("Roy Larson")
Murtron Hauling Ltd. and 815431 Alberta Ltd. ("Murtron")
Safetymaster Rentals Corp. ("Safetymaster")
Gordon Bros. Construction Ltd. and 332691 Alberta Ltd. ("332691")
R. Bee Crushing Ltd., Bernet Venture Ltd. and Dal Finn Holding Ltd. ("R. Bee")
310423 Alberta Ltd. ("310423")

(collectively, the "Acquired Companies").

Income tax obligations related to the distributions of the Trust are obligations of the Unitholders.

The Trust has filed a prospectus (the "Prospectus") for an initial public offering of its trust units (the "Offering"). Concurrent with the closing of the Offering four limited partnerships will be formed with Petrowest Energy Services General Partner Ltd. ("Energy Services") as the general partner. A business trust will be created to hold the partnership interests for the Trust. The partnerships will be involved in the construction, transportation, civil services and rentals industries. Petrowest Services Ltd. ("Acquisitionco") has the right to acquire the Acquired Companies. The Trust will use a portion of the proceeds from the issuance of the Units to subscribe for limited partnership units of the various partnerships. The Business Trust will also loan a portion of cash necessary to complete the cash portion of the various acquisitions to Acquisitionco on an interest bearing basis. In addition, Acquisitionco will acquire the necessary number of units of the Trust from the Trust in exchange for an additional interest bearing note. Acquisitionco will complete the purchase of the Acquired Companies by delivering cash and units of the Trust as contemplated in the purchase and sale agreements. As a consequence, Acquisitionco will own all the shares of the various Acquired Companies. A short form vertical amalgamation of the respective Acquired Companies and Acquisitionco will be completed such that the assets and liabilities of each entity will become assets and liabilities of the merged entity ("Mergeco"). The shares of the Acquired Companies will cease to exist and the shares of Acquisitionco will

become the share capital of Mergeco. Mergeco will transfer certain of its assets (representing the assets and business operations of certain of the various Acquired Companies that were acquired by Acquisitionco) to each of the four partnerships in exchange for an assumption of certain of the liabilities that are related to the business, a note and units in the partnerships.

Acquisitionco has entered into several Purchase and Sale Agreements pursuant to which it agreed to acquire the shares and shareholder loans of the Acquired Companies for an aggregate base purchase price of $230,934,992, subject to closing adjustments. The purchase price will be funded by payment of $103,284,052 in cash and the issuance of units by the Trust for proceeds of $127,650,940. The Trust will also settle long-term debt and capital lease obligations and loans of $30,759,571.

3 Unaudited pro forma consolidated balance sheet assumptions and adjustments

The following assumptions and adjustments have been made to reflect the proposed transactions described in note 1 as if the transactions had occurred on May 31, 2006:

a) The issuance of 14 million Units for total gross proceeds of $140 million on the closing of the Offering and the payment of the underwriters fee and other costs of the Offering, estimated to be $10.4 million. The Trust has also granted to the underwriters, an over-allotment option to purchase up to an additional 1.4 million trust units for total gross proceeds of $14 million. If exercised the cash and trust equity would be increased by $14 million less issuance costs.

b) The additional payment for equipment to be purchased by the Trust subsequent to the date of closing. These assets were treated as available for use and therefore the related revenue and amortization have not been recorded as it is management's intent not to put the assets into use until such time as they have contracts available.

c) Removal of certain capital assets and related debt and other assets that will be transferred to existing shareholders of the Acquired Companies and will not be owned by the Acquired Companies when purchased by the Trust. Reclassification of deposits held as security for debt financing associated with the assets and repayment of bank indebtedness.

d) Purchase accounting – Acquisition of shares, shareholder and related party loans and accrued bonuses payable

The Acquisition will be accounted for using the purchase method with the assets acquired and liabilities assumed recorded at preliminary estimates of fair value. The final allocation of the purchase price will be based on the assets acquired and liabilities assumed at the effective date of the Acquisition based upon internal and/or independent asset valuations. A preliminary allocation of the consideration is as follows:

	$
Net assets acquired	
Net working capital	35,609,521
Value of working capital adjustment on pro forma	(11,916,398)
Property and equipment	96,161,047
Intangibles	48,596,484
Goodwill	92,783,870
Investments	86,785
Cash surrender value of insurance policy	275,017
Notes and interest receivable	98,237
	261,694,563
Consideration given for value of shares and shareholder loans of acquired companies	
Units	127,650,940
Cash to vendors on closing	103,284,052
Aggregate base purchase price	230,934,992
Retirement of long-term debt and capital lease obligation	23,538,782
Retirement of additional debt on pro forma	7,220,789
	261,694,563

Net working capital acquired on the Acquisition includes cash, short-term investments, accounts receivable, inventory, prepaid expenses, current portion of note receivable, income taxes recoverable, bank indebtedness, accounts payable and accrued liabilities and income taxes payable. The purchase price is affected by the changes in working capital, shareholder loans and long-term debt from the date specified in the purchase and sale agreement to the date of closing. Changes in the balances for these items will affect the net consideration paid by the Trust to the owners. These adjustments may be material. An estimated value of working capital adjustments as at May 31, 2006 is noted in the table above.

In conjunction with acquisitions, all debt and capital lease obligations will be repaid by the Trust through the use of proceeds from the offering.

Goodwill is the cost of an acquisition less the fair value of identifiable assets and liabilities and will be tested for impairment at least annually. Intangibles relate to customer contracts, non compete clauses and trade names and are amortized over their expected lives on a straight-line basis between 5 and 10 years.

4 Unaudited pro forma consolidated statements of income assumptions and adjustments

The unaudited pro forma consolidated statements of income of the Trust for the three-month period ended May 31, 2006 and for the twelve-month period ended December 31, 2005 have been prepared assuming that the Trust was in operation during the three-month period and the twelve-month period, respectively and as if the proposed transaction described in note 1 had occurred on January 1, 2005. The Trust will incur additional annual administrative expenses in connection with reporting to shareholders, investor relations, directors' and officers' insurance and other expenses as a result of the proposed transactions and the effects of these costs have not been reflected in the unaudited pro forma consolidated statement of income. The unaudited pro-forma consolidated statement of income of the Trust reflects the following assumptions and adjustments to the income and expenses of the Trust:

a) The reduction in interest expense for the three-month period and for the twelve-month period to reflect interest expense on the bank indebtedness, callable debt, long-term debt and capital lease obligations that will be settled by the Trust.

b) Additional amortization expense on property and equipment and intangible assets for the three-month period and the twelve-month period resulting from the fair value allocation described in note 3(d).

c) The reversal of management compensation for the three-month period and for the twelve-month period, included in management fees and bonuses relating to existing owner/manager compensation arrangements that will be terminated in connection with the Offering.

d) The reversal of current income taxes for the three-month period for the twelve-month period reflecting that income tax obligations related to the distributions of the Trust are obligations of the ultimate Unitholders. It is assumed that income tax obligations of the General Partner and Acquisitionco will be nominal.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles. The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations. The financial statements have in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

Property and equipment

Property and equipment are stated at cost less accumulated amortization. Property and equipment are amortized over their estimated useful lives at the following rates and methods:

Buildings	4% to 10%	declining balance method
Contractors' equipment	20% to 30%	declining balance method
Automotive equipment	30%	declining balance method
Computer equipment	30%	declining balance method
Leasehold improvements	20 years	straight-line method
Aircraft	nil	not amortized

In the year of acquisition, amortization is applied at full normal rates. When property and equipment are disposed, the cost of the asset and the related accumulated amortization are removed from the accounts and any resulting gain or loss on disposal is reflected in income. No amortization is recorded in the year of disposition.

Investments

Investments are carried at the lower of cost and market value.

Future income taxes

The liability method of tax allocation is used in accounting for income taxes. Under this method, future tax assets and liabilities are determined based on differences between the financial reporting and tax basis of assets and liabilities, and measured using the substantially enacted tax rates and laws that will be in effect when the differences are expected to reverse.

Revenue recognition

Revenue is normally recognized when the services are provided to the customer and collectibility is reasonably assured.

NOTES TO THE COMBINED FINANCIAL STATEMENTS
(Unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles. The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations. The financial statements have in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

Property and equipment

Property and equipment are stated at cost less accumulated amortization. Property and equipment are amortized over their estimated useful lives at the following rates and methods:

Contractors' equipment	20% to 30%	declining balance method
Automotive equipment	30%	declining balance method
Computer equipment	30%	declining balance method
Leasehold improvements	20 years	straight-line method
Aircraft	nil	not amortized

In the year of acquisition, amortization is applied at full normal rates. When property and equipment are disposed, the cost of the asset and the related accumulated amortization are removed from the accounts and any resulting gain or loss on disposal is reflected in income. No amortization is recorded in the year of disposition.

Investments

Investments are carried at the lower of cost and market value.

Future income taxes

The liability method of tax allocation is used in accounting for income taxes. Under this method, future tax assets and liabilities are determined based on differences between the financial reporting and tax basis of assets and liabilities, and measured using the substantially enacted tax rates and laws that will be in effect when the differences are expected to reverse.

Revenue recognition

Revenue is normally recognized when the services are provided to the customer and collectibility is reasonably assured.

An allowance for doubtful accounts is established based upon factors surrounding the credit risk of specific accounts, historical trends and other information. The company has a significant number of customers which minimizes concentration of credit risk.

Fair value

The carrying values of cash and cash equivalents, accounts receivable, accounts payable and amounts due to shareholders approximate their fair value due to the immediate or short term maturity of these instruments.

The carrying value of the preferred shares, long term debt and obligations under capital lease approximates the fair value as the interest rates are consistent with the current rates offered to the company for debt with similar terms.

Currency risk

The company conducts its operations solely in Canada and currently does not enter into transactions in foreign currencies.

12. CONTINGENT LIABILITY

The non-taxable portion results in adjustments to the balance of the capital dividend account. The capital dividend account can be paid out of retained earnings in the form of a tax-free dividend to the shareholders subsequent to the tax department approval of an election. The combined accumulated balance of the capital dividend account at July 31, 2005 is $7,617(Jim Moffatt Construction Ltd. - $6,922, 921639 Alberta Ltd. - $695).

1 Nature of operations

Quigley Contracting Ltd., LMC Enterprises Ltd. and 529805 BC Ltd. (collectively the "Company" and Quigley Contracting") were incorporated under the British Columbia Companies Act. Their principal focus is on road construction and maintenance.

These financial statements are prepared on a combined basis as they are under common control. The combined balances are presented after elimination of intercompany transactions and balances.

The Company's business is considered to have some seasonality, with peak levels generally in the second and third calendar year quarters.

2 Summary of significant accounting policies

The financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Investments

Investments are portfolio investments and are recorded at cost less any provisions for other than temporary loss on investment.

Inventory

Inventory consists of parts, culverts and retail and are valued at the lower of cost and net realizable value.

Property, plant and equipment

Property and equipment are recorded at cost less accumulated amortization. Equipment is amortized using the declining balance method over their estimated useful lives at the following rates:

Equipment	20 – 30%
Leasehold	Over term of the lease
Automotive	30%
Construction equipment	30%

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a write-down to the asset's fair value is recognized during the period.

Revenue recognition

Revenue is recognized when services have been provided and ultimate collection is reasonably assured.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted income tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

1 Nature of operations

Cutbank Trucking Ltd. and Cutbank Transport Ltd. (collectively the "Company" and "Cutbank Trucking and Transport") were incorporated under the Business Corporations Act (Alberta) on June 24, 1972 and May 23, 1997, respectively. Their principal focus is on log hauling services. These financial statements are prepared on a combined basis as they are under common control and managed by a common ownership group. The combined balances are presented after elimination of intercompany balances.

The Company's business is considered to have some seasonality, with peak levels generally in the first and fourth calendar year quarters.

2 Summary of significant accounting policies

The combined financial statements are stated in Canadian dollars and have been prepared in accordance with Canadian generally accepted accounting principles.

Cash and cash equivalents

Included in cash and cash equivalents are bank overdrafts.

Investments

Investments are portfolio investments and are recorded at cost less any provisions for another than temporary investment.

Inventory

Inventory consists of tires, lubes and parts and are valued at the lower of cost and net realizable value.

Property, plant and equipment

Property and equipment are recorded at cost less accumulated amortization. Equipment is amortized using the declining balance method over their estimated useful lives at the following rates:

Buildings	4%	declining balance method
Office trailer	4%	declining balance method
Furniture and fixtures	20%	declining balance method
Shop equipment	20%	declining balance method
Automotive equipment	30%	declining balance method
Construction equipment	30 – 50%	declining balance method
Camp equipment	20 – 30%	declining balance method
Heavy equipment	30%	declining balance method
Computer equipment	30%	declining balance method

Management assesses the carrying amount of property and equipment for impairment when facts and circumstances indicate a potential impairment. If it is determined that the estimated net recoverable amount is less than the net carrying amount, a write-down to the asset's fair value is recognized during the period.

Revenue recognition

Revenue is recognized when services have been provided and ultimate collection is reasonably assured.

Future income taxes

The Company uses the liability method of income tax allocation in accounting for income taxes. Under this method, future income tax assets and liabilities are determined based on temporary differences between the financial reporting and income tax bases of assets and liabilities, and measured using the substantively enacted income tax rates and laws that will be in effect when the temporary differences are expected to reverse.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates include providing amortization of property and equipment and recoverability of accounts receivable. Actual results could differ from these estimates.

7 Refundable dividend taxes

Pursuant to provisions of the Canadian Income Tax Act, certain taxes paid relating to investment income are refundable to the company if taxable dividends are paid. As a result, these taxes are not taken into account in computing net income for the year. As at May 31, 2006, the accumulated amount of refundable taxes charged (recovered) to retained earnings was $1,395 (2005 – $17,550).

8 Financial instruments

Fair values of financial instruments

The Company's financial instruments consist of cash, investments, accounts receivable, accounts payable and accrued liabilities, accrued management bonus, shareholder advances, due to related party and redeemable preferred shares. The fair value of these financial instruments approximates their carrying values with the exception of shareholder advances, due to related party and redeemable preferred shares due to their relatively short term to maturity of the instruments. The fair value of shareholder advances, due to related party and redeemable preferred shares is not readily determinable as these items do not have repayment terms.

Credit risk

The Company is exposed to credit risk to the extent that its major customer experiences financial difficulty and would be unable to meet its obligations. During 2006, one customer accounted for 65% of the accounts receivable balance at year end (2005 – 67% (unaudited)).

Economic dependence

During the year ended May 31, 2006, the Company has sales of 94% (May 31, 2005 – 92% (unaudited)) to one customer.

9 Related party transactions

During the year, shop rent was paid to the shareholder in the amount of $1,400 (2005 – $1,400). This transaction is in the normal course of operations and is measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

The shareholder advances are unsecured, interest free and are repayable on demand.

Advances of $1,074,631 (2005 – $1,574,631 (unaudited)) from a company under common control are non-interest bearing and have no set repayment terms.

10 Segmented information

In the opinion of management, the Company has only one business segment, which is the business of log hauling.

11 Subsequent event

The Company has entered into a letter of intent whereby Petrowest Energy Services Trust, through a subsidiary, will acquire 100% of the shares of the Company and all outstanding shareholder loans for cash and Trust units.

Petrowest Energy Services Trust

Notes to Pro Forma Consolidated Financial Statements
(Unaudited)

1 The Trust and the Acquisitions

Petrowest Energy Services Trust (the "Trust") is an open-ended unincorporated mutual fund trust established under and governed by the laws of the Province of Alberta pursuant to a Deed of Trust dated July 6, 2006.

The Trust was created to hold indirectly, controlling limited partner interests', to hold the common shares in the general partner and to invest in energy services businesses. The Trust operates its energy services business interests through its indirect subsidiaries. Unitholders hold Units of the Trust, which in turn holds a 100% beneficial interest in the Petrowest Business Trust (the "Business Trust"). The Petrowest Business Trust, via four limited partnerships holds the assets of the energy services businesses.

The limited partnerships currently holding the Trust's energy services businesses are as follows:

Petrowest Construction LP;

Petrowest Civil Services LP;

Petrowest Transportation LP; and

Petrowest Rentals LP.

Pursuant to various purchase and sale agreements as of March 1, 2007, the Trust paid cash and issued units from treasury to acquire 100% of the outstanding shares of the following companies (collectively, the "Acquisitions"):

Jim Moffatt Construction Ltd. and 921639 Alberta Ltd. ("Moffatt");
Quigley Contracting Ltd., 529805 B.C. Ltd. and LMQ Enterprises Ltd. ("Quigley"); and
Cutbank Trucking Ltd. and Cutbank Transport Ltd. ("Cutbank"),

(collectively, the "Acquired Companies").

Quigley is a construction business specializing in lease and road building construction in Fort St. John, British Columbia. Quigley operates a fleet of approximately 45 pieces of heavy equipment and approximately 35 light trucks and pick-ups, as well as two eight-man mobile camps.

Cutbank specializes in hauling logs and gravel and the provision of log loading equipment in Grande Prairie, Alberta. Cutbank owns approximately 16 pieces of heavy equipment and approximately 42 light trucks and pick-ups, as well as a fourteen-man mobile camp.

Moffat is a construction company specializing in lease and road building construction in northern Alberta from its base in Worsley, Alberta. Moffat owns approximately 60 pieces of heavy equipment and approximately 27 light trucks and pick-ups, as well as a 250 man camp permanently located in Worsley, Alberta.

2 Transaction Information

Petrowest Services Ltd. ("Acquisitionco") entered into purchase and sale agreements dated as of May 1, 2007 pursuant to which it agreed to acquire the shares and shareholder loans of the Acquired Companies for an aggregate base purchase price not to exceed $70,019,060 subject to closing adjustments. The agreements

contemplate that the purchase price will be paid as to $38,127,620 in cash and as to $27,859,923 by the issuance of units by the Trust. The Trust also agreed to settle long-term debt and capital lease obligations and loans of the acquired companies as at the closing date, not to exceed $4,031,517.

The Petrowest Business Trust borrowed the cash necessary to complete the cash portion of the Acquisitions and loaned these funds to Petrowest Services Ltd. ("Acquisitionco") on an interest bearing basis. In addition, Acquisitionco acquired the necessary number of units of the Trust from the Trust in exchange for an additional interest bearing note. Acquisitionco completed the purchase of the Acquired Companies by delivering cash and units of the Trust as contemplated in the purchase and sale agreements. As a consequence, Acquisitionco acquired all of the shares of the various Acquired Companies. A short form vertical amalgamation of the respective Acquired Companies and Acquisitionco was completed such that the assets and liabilities of each entity will become assets and liabilities of the merged entity ("Mergeco"). The shares of the Acquired Companies ceased to exist and the shares of Acquisitionco became the share capital of Mergeco. Mergeco transfered the assets of "Moffatt" and "Quigley" (representing the assets and business operations of these Acquired Companies that were acquired by Acquisitionco) to the Petrowest Construction LP and the assets of "Cutbank" (representing the assets and business operations of this Acquired Company that were acquired by Acquisitionco) to the Petrowest Transportation LP. The transfer to the partnerships was in exchange for an assumption of certain of the liabilities that are related to the business and a note from the partnerships.

3 Basis of presentation

The accompanying unaudited pro forma consolidated balance sheet and the unaudited pro forma consolidated statements of income (collectively, the "pro forma consolidated financial statements") have been prepared by the management of the Trust using the accounting principles disclosed in the notes to the audited financial statements of the Acquired Companies and the Trust.

The unaudited pro forma consolidated financial statements may not be indicative of the financial position and results of operations that would have occurred if the transactions had taken place on the dates indicated or of the financial position or operating results which may be obtained in the future. The unaudited pro forma consolidated financial statements are not a forecast or projection of future results. The actual financial position and results of operations of the Trust for any period following the closing of the transactions described in this business acquisition report will likely vary from the amounts set forth in the unaudited pro forma consolidated financial statements and such variation may be material. In the opinion of management, these unaudited pro forma consolidated financial statements include all adjustments necessary for fair presentation of the Acquisitions in accordance with Canadian generally accepted accounting principles.

The unaudited pro forma consolidated balance sheet of the Trust and the unaudited pro forma consolidated statement of income of the Trust have been prepared with information derived from the audited and unaudited financial statements of the Acquired Companies and the Trust and the adjustments and assumptions listed below.

The unaudited statement of income of certain of the Acquired Companies for the twelve-month periods were constructed for purposes of preparing the unaudited pro forma consolidated statement of income for the twelve-month periods and were derived from, but do not conform to, the financial statements of the respective companies. The statement of income also includes the audited consolidated statement of income of the Trust for

the period of inception, July 6, 2006 to December 31, 2006. Commercial operations of the Trust commenced September 7, 2006 and accordingly the statement of income of the Trust for the year ended December 31, 2006 represents only 115 days of commercial operations. Had the Trust been in existence for the full year of operations the financial results would be materially different than the current presentation.

The unaudited pro forma consolidated financial statements should be read in conjunction with the audited and unaudited financial statements of the Trust and Acquired Companies.

The following describes the financial statements of the Acquired Companies included in the business acquisition report and the method for constructing the unaudited pro forma consolidated income statement for the twelve-month period ended to December 31, 2006. The Acquired Companies have different year ends and therefore a twelve month period ending within 93 days of the Trust's year end was constructed for purposes of preparing the proforma unaudited consolidated financial statements.

Jim Moffatt Construction Ltd and 921639 Alberta Ltd.

The business acquisition report includes the unaudited combined balance sheet of Jim Moffatt Construction Ltd. and 921639 Alberta Ltd. as at April 30, 2007 and the unaudited combined statements of income (loss) and retained earnings and cash flows for the three and nine month periods ended April 30, 2007 and 2006. Also included are the audited combined balance sheets of Jim Moffatt Construction Ltd. and 921639 Alberta Ltd. as at July 31, 2006 and the combined statements of earnings (loss) and retained earnings and cash flows for the year ended July 31, 2006 and unaudited comparative information for the year ended July 31, 2005.

For the purposes of the pro-forma unaudited twelve month consolidated statement of income to December 31, 2006 of the Trust, an unaudited twelve-month consolidated statement of income to January 31, 2007 of Moffat was constructed from the Moffatt financial statements by adding the six month period ended January 31, 2007 to the year end July 31, 2006 and deducting the six month period ended January 31, 2006. This constructed income statement does not conform to the financial statements of Moffatt included elsewhere in the business acquisition report. The six month periods ended January 31, 2007 and 2006 were constructed by deducting the respective three month period ended April 30, 2007 and 2006 from the nine month period ended April 30, 2007 and 2006.

Quigley Contracting Ltd., 529805 B.C. Ltd. and LMQ Enterprises Ltd.

The business acquisition report includes the unaudited combined balance sheet of Quigley Contracting Ltd., 529805 B.C. Ltd. and LMQ Enterprises Ltd. as at March 31, 2007 and the unaudited combined statements of earnings and retained earnings and cash flows for the three and six month periods ended March 31, 2007 and 2006. Also included are the audited combined balance sheet of Quigley Contracting Ltd., 529805 B.C. Ltd. and LMQ Enterprises Ltd as at September 30, 2006 and the combined statements of earnings (loss) and retained earnings and cash flows for the year ended September 30, 2006 and the unaudited comparative information for the year ended September 30, 2005.

For the purposes of the pro-forma unaudited twelve month consolidated statement of income to December 31, 2006 of the Trust, an unaudited twelve-month consolidated statement of income to December 31, 2006 of Quigley was constructed from the Quigley financial statements by adding the three month period ended

December 31, 2006 to the year end September 30, 2006 and deducting the three month period ended December 31, 2005. This constructed income statement does not conform to the financial statements of Quigley included elsewhere in the business acquisition report. The three month periods ended December 31, 2006 and 2005 were constructed from the deducting the respective three month period ended March 31, 2007 and 2006 from the six month period ended March 31, 2007 and 2006.

Cutbank Trucking Ltd. and Cutbank Transport Ltd.

The business acquisition report includes the unaudited combined balance sheet of Cutbank Trucking Ltd. and Cutbank Transport Ltd. as at February 28, 2007 and the unaudited combined statements of earnings and retained earnings and cash flows for the three and nine month periods ended February 28, 2007 and 2006. For the purposes of the pro-forma unaudited twelve month consolidated statement of income to December 31, 2006 of the Trust, an unaudited twelve-month consolidated statement of income to November 30, 2006 of Cutbank was constructed from the Cutbank financial statements by adding the six month period ended November 30, 2006 to the year end May 31, 2006 and deducting the six month period ended November 30, 2005. This constructed income statement does not conform to the financial statements of Cutbank included elsewhere in the business acquisition report. The six month periods ended November 30, 2006 and 2005 were constructed from the deducting the respective three month period ended February 28, 2007 and 2006 from the nine month period ended February 28, 2007 and 2006.

4 Unaudited pro forma consolidated balance sheet assumptions and adjustments

The following assumptions and adjustments have been made to reflect the proposed transactions described in note 1 as if the transactions had occurred on March 31, 2007:

a) The issuance of 3,751,622 Units for total gross proceeds of $27,859,923 on the closing and the payment of cash is estimated to be $38,127,620.

b) Sale of certain capital assets that will be transferred to existing shareholders of the Acquired Companies and will not be owned by the Acquired Companies when purchased by the Trust pursuant to the terms of the purchase and sale agreements.

c) The Acquisitions will be accounted for using the purchase method with the assets acquired and liabilities assumed recorded at preliminary estimates of fair value. The final allocation of the purchase price will be based on the assets acquired and liabilities assumed at the effective date of the Acquisitions. A preliminary allocation of the consideration is as follows:

	$000's
Net assets acquired	
Net working capital	2,876
Property and equipment	30,878
Intangibles	11,158
Goodwill	14,826
Investments	2,796
	62,534
Consideration given for value of shares and shareholder loans of acquired companies	
Units	27,860
Cash to vendors on closing	38,128
Aggregate base purchase price	65,988
Estimated acquisition costs	500
Retirement of long-term debt and capital lease obligation	3,474
Less cash acquired	(7,428)
	62,534

Net working capital acquired on the Acquisitions includes accounts receivable, inventory, prepaid expenses and other, current portion of note receivable, income taxes recoverable, accounts payable and accrued liabilities and income taxes payable and bonus payable. In conjunction with the Acquisitions, all debt and capital lease obligations will be repaid by the Trust through the use of its bank financing. Certain of the accrued management bonuses, net of taxes, were offset against the purchase price with the exception of certain amounts included in Cutbank which was assumed by the Trust.

Goodwill is the cost of an acquisition less the fair value of identifiable assets and liabilities and will be tested for impairment at least annually. Intangibles relate to customer contracts, non compete clauses and trade names and are amortized over their expected lives on a straight-line basis between 5 and 10 years.

d) Reclassification of the withholding taxes payable associated with accrued management bonuses.

5 Unaudited pro forma consolidated statements of income assumptions and adjustments

The unaudited pro forma consolidated statements of income of the Trust for the three-month period ended March 31, 2007 and for the twelve-month period ended December 31, 2006 have been prepared assuming that the Trust was in operation during the three-month period and the twelve-month period, respectively and as if the proposed transaction described in note 1 had occurred on January 1, 2006. The Trust may incur additional annual administrative expenses as a result of the proposed transactions and the effects of these costs have not been reflected in the unaudited pro forma consolidated statement of income. The unaudited pro-forma

consolidated statement of income of the Trust reflects the following assumptions and adjustments to the income and expenses of the Trust:

a) The adjustment to interest expense for the three and twelve month periods reflect interest expense on the bank indebtedness, callable debt, long-term debt and capital lease obligations that will be settled by the Trust and replaced by the Trust's borrowing and the cash consideration paid to the vendors on the acquisition.

b) Additional amortization expense on property and equipment and intangible assets for the three and twelve month periods resulting from the fair value allocation described in note 4(c).

c) The reversal of management compensation for the three and twelve month periods, included in management fees and bonuses relating to existing owner/manager compensation arrangements that will be terminated pursuant to the terms and conditions of the purchase and sale agreements.

d) The reversal of current income taxes for the three and twelve month periods reflecting that income tax obligations related to the distributions of the Trust are obligations of the ultimate Unitholders. These financials are effective March 31, 2007 and therefore do not contain any adjustments that may result from the recent changes in the SIFT income tax rules which will be recorded in the second quarter by the Trust.

President's Letter to Unitholders

RECEIVED
2007 SEP 14 A 5:

2006 was an exciting and full year for those of us involved with Petrowest Energy Services Trust. Petrowest started with the seed of an idea which took root and became a reality. After a number of conversations between the Trust's founders in late 2005, it quickly became apparent that the business model of bringing together a select group of 9 private service companies into a combined public entity had solid financial merit and business sense for both the operator and an investor.

As we proceeded, our concept took on its own momentum and evolved into Petrowest Energy Services Trust, the largest ever Canadian oil and gas services initial public offering which we completed in September of 2006. The time since has become, and continues to be, a period of integration, combination and transition as the nine separate companies that make up Petrowest are brought together operationally, financially and culturally.

Our financial and operational results reflect only the approximate four month period from completion of our initial public offering to the end of the year, and our financial and operational results should therefore be reviewed with this short reporting period in mind. Going forward, we will be reporting on a calendar year basis.

The Trust's results in 2006 enable it to begin to publicly establish a track record of financial and operational discipline. With head office in Grande Prairie, and operations covering northern Alberta, Petrowest's four business divisions are focused on supporting oil sands, SAGD and other heavy oil development, the deep drilling market west of the fifth meridian, as well as northern development and infrastructure requirements.

Many publicly traded oilfield services companies focus on the drilling and completions requirements of the oil and gas sector, but Petrowest's focus is broader and encompasses a diversified range of services which includes drilling support, forestry related services, provincial infrastructure programs and other non-oil and gas dependent lines of business. The Petrowest group is able to help a client prepare a lease prior to drilling, reclaim the area after a well has been abandoned, haul everything from logs, gravel, heavy equipment, drilling rigs and related equipment. The Trust also provides infrastructure services such as gravel crushing, excavation, municipal road building and other commercial and residential civil work to the fast growing regions of northern Alberta. Petrowest operates in strict adherence to the highest standards of health and safety in the work environments in which Petrowest's employees operate.

Nine companies came together to form four divisions within Petrowest.

The Road and Lease Construction Division consists of Roy Larson Construction, Gordon Bros Construction Ltd. and Wales Contracting. These companies can operate both in the oilfield services sector and in the infrastructure sector. Capacity increases have been in the range of 10% since the Trust was created, and this is permitting additional productivity as well as a growth in utilization rates through inter-operational utilization and broader regional opportunities.

The Transportation and Hauling Division consists of D&D Well Services and Murtron Hauling. In addition to general hauling (e.g. logs, gravel and pipe), these companies can also provide specialist hauling services including rig moving and transportation of heavy equipment. Again, this is a division that has seen capacity grow by more than 20% since the Trust's inception. The transportation segment provides 80% of the internal transportation needs of the Trust.

The Civil Services Division is more diverse than the other divisions, comprising R Bee Crushing and S.O.S. Oilfield Safety. R Bee Crushing is a gravel crushing company. Since becoming part of the larger Trust organization, R Bee has upgraded two of its gravel crushing spreads and will be adding an additional plant in due course. This enables R Bee to participate in far larger jobs, while also dealing with existing and smaller jobs with greater productivity. S.O.S. Oilfield Safety has added additional air pack units and assisted management in developing a comprehensive Health, Safety and Environmental Program for the Trust as a whole.

The Heavy Equipment Rentals Division was originally formed from Northern Tractor Sales and Rental and Neuwest Equipment Rentals, companies that have since merged operations within Petrowest to become Nu-Northern. The two companies collectively have a range of specialized heavy equipment, which has increased capacity in excess of 50 percent since September 2006. More than 75 percent of the heavy equipment units are committed through Q1 2007. As the mandate of the rentals equipment division includes renting out underutilized equipment from other companies within Petrowest, the Nu-Northern team has been directly responsible for developing capital and maintenance budgets that reflect the business activity of each sector.

During the four month period since inception, approximately 65 percent of the Trust's total revenue is attributable to supporting oil and gas exploration and development activities. The 35 percent remainder is generated by non-oil and gas related activities including infrastructure development, construction, hauling and logging and other services. Lately, with a softening in commodity pricing, particularly in regard to natural gas, deep drilling activities and development work relating to natural gas plays, associated service requirements have declined to some extent. Capital budgets for 2007 have been adjusted to reflect the slower expected levels in oil and gas drilling. These cuts apply to all business segments except in the gravel crushing operations of the Civil segment. Confirmed work to 2008 will require additional investment in gravel crushing and hauling operations through 2008.

Oil and gas related activities are heavily weather dependent, with the significant drilling activity occurring in northern Alberta in Q4 and Q1, while the ground is frozen. In Q4 2006, extreme cold and heavy snow and freezing rain, adversely impacted activities, and forced extra "down" days, which had, a negative impact on operational performance. With the weaker commodity price environment Petrowest is anticipating lower activity levels during the balance of 2007 in the oil and gas sector in the WCSB.

In order to effectively manage oil and gas development cycles, Petrowest is focusing on exploiting its various non-oil and gas dependent revenue streams and further penetrating oil sand development activities.

2006 Highlights

Although Petrowest was not formed until the late summer of 2006, there were many people involved in the process of turning a concept into a viable business entity. Much was achieved during 2006 prior to, and after, formation.

Highlights during 2006 include:

- The integration of nine separate, private services companies into one single publicly-traded trust. Employees, management and clients must all be commended for helping to ensure a smooth transition.

- The Trust's initial public offering was oversubscribed by several times the size of the issue. This is a testament both to the strength of our business plan and the potential that our business lines offer.

- Equipment and assets are being employed internally to eliminate third party charges. This can be directly attributed to a willingness of management to seek synergies and an ability to more seize utilization opportunities. We estimate approximately $1.9 million of inter-segment sales, which at an average EBITDA margin of 25.9% translates to approximately $483,000 in additional earnings retained in the Trust for the period since the Trust's inception which would have been subcontracted out to third party contractors.

- Combined earnings before interest, taxes, depreciation and amortization (EBITDA) of $12.1 million for the Trust as a whole since inception.

- The retention of a strong, experienced team of directors to help guide the Trust's senior management, and the addition of qualified, experienced management team members.

- Monthly distributions of $0.10 per unit, resulting in total distributions of $0.37667 per unit since inception ($1.20 per unit on an annualized basis). The Trust's overall payout ratio was 91.2 percent in spite of the effects of inclement weather and slowing oil and gas drilling activity.

- A healthy balance sheet with year-end working capital of $22.7 million.

Proposal from the Canadian Government to Tax Income Trust Distributions

The Canadian Federal Minister of Finance announced on October 31, 2006 proposals to tax the distributions of most categories of publicly traded income trusts. With the completion of this legislation, if it is enacted as proposed, Petrowest, and all other affected income trusts, would see changes to the taxation regime it is currently working within after four years, and would come into effect in the 2011 tax year.

On December 15, 2006, the federal government announced guidelines with respect to the implementation of these proposed tax changes on income trust distributions. Included were guidelines setting limits on the expansion of existing income trusts prior to the 2011 tax year. It is anticipated that organic growth within the Trust will not be affected by these guidelines in the short term. However, these guidelines will have implications on decision-making at Petrowest, and all other affected income trusts, regarding any potential acquisitions. This aspect of the proposed legislative changes, obviously, does affect the flexibility of Petrowest's management team and board of directors, and may have a direct influence on the Trust before the 2011 tax year. See our MD&A for the period ended December 31, 2006 for more detailed information regarding the October 31, 2006 proposals.

The Petrowest team is maintaining a proactive stance in terms of assessing the implications of this legislation for its unitholders, and is keeping a close eye on political, lobbying and legislative developments around these proposals. Despite uncertainty regarding trust taxation beyond 2010, the Trust continues to aggressively implement its business plan.

Petrowest unitholders can write, email or visit the constituency office of their Member of Parliament to voice their opinion regarding the tax proposal.

2007 Outlook

Although Petrowest Energy Services Trust has a relatively short track record of only a few months, the member companies within the group have been established for close to two decades on average, and bring more than 150 years of commercial success to the larger trust entity. Through out 2007 financial and operational results should further reflect even greater exploitation of both the economies of scale of the larger organization and synergistic opportunities within the group.

In 2007, the Trust will continue to focus in its geographical heartland of northern Alberta and British Columbia. While management recognizes a slow down in drilling activity, it is not content to ride it out without actively pursuing new markets. Sales and marketing efforts are being targeted at the wider range of services the Trust group can now provide and new business opportunities and new markets are being explored to fully utilize the manpower and equipment within the Trust.

Transition is not yet complete and the full joint operational, commercial and financial advantages have yet to be fully defined. At Petrowest, we anticipate continued and growing divisional synergies.

As President of Petrowest I would like to thank the management team and employees of the Trust for their dedicated efforts since inception, and to all the members of the Board of Directors for their guidance. I would also like to express my sincere appreciation to the Trust's unitholders for their continued support, confidence and belief in the strength of Petrowest's business model.

On behalf of the Board of Directors,

Ken Drysdale
President and Chief Executive Officer
