THIRD QUARTER INTERIM REPORT

NINE MONTHS ENDED

JUNE 30, 2007

**VELCRO
INDUSTRIES N.V.**

REPORT TO SHAREHOLDERS:

Sales for the first nine months of fiscal year 2007 were \$229,676,000, which was an increase of 8% over 2006. Sales for the third quarter were \$81,751,000, which was an increase of 9% over the comparable period last year.

Operating profit for the nine months was \$26,777,000, a 26% increase over 2006. For the quarter, operating profit was \$10,123,000, which was an 8% increase over the third quarter of 2006.

Sales increases have been realized in each of the first three quarters of 2007. This sales growth, which has been achieved in all of our geographic regions, reflects continued strong demand for our core products, increased market penetration and successful new applications. These sales increases, together with the positive impact of programs to contain costs and increase efficiencies in all areas of the business, have resulted in increased operating profits each quarter. It should be noted, however, that the operating results for the first and second quarters of last year were relatively weak, due to costs associated with organizational restructuring and increases in energy and raw materials costs.

Royalties and other income totaled \$470,000 for the first nine months of 2007, down from \$4,217,000 in 2006. This decrease resulted from the recording of approximately \$4,000,000 of income during the first quarter of last year relating to the resolution of three lawsuits.

Investment income totaled \$7,462,000 for the first nine months of fiscal year 2007, compared to \$15,441,000 of investment income for the first nine months of last year. Investment income for the third quarter was \$1,756,000 compared to \$6,087,000 for the third quarter of last year. These decreases reflect a decline in the level of realized capital gains on sales of equity securities during 2007 and realignments in the investment portfolio during 2006.

The above factors resulted in profit for the period of \$23,452,000 (\$.78 per share) for the first nine months and \$8,089,000 (\$.27 per share) for the third quarter. These earnings were 16% below the first nine months of 2006 and 7% below for the third quarter.

There was a non-recurring executive compensation payment in July 2007 of approximately \$8.3 million, which will be included in administrative expenses during the fourth quarter of fiscal year 2007.
