Caithness Energy has an indirect ownership interest in one of the Existing Investors. Subsidiaries of Caithness Energy provide operations and maintenance at four of the Projects and accounting, tax and other administrative functions for 12 of the Projects under agreements which are in effect through 2007 and renewable thereafter. During the six month period ended June 30, 2005, Holdings incurred project operator fees and expenses of \$1,375 for services provided by Caithness Energy.

#### **FOREIGN EXCHANGE HEDGING ARRANGEMENTS**

At the time of the IPO closing, Holdings entered into forward contracts to purchase Canadian dollars sufficient to make 60 monthly distributions through December 2009 at the current distribution level to all holders including Existing Investors, as well as interest payments on the separate subordinated notes at a rate of Cdn.\$1.2073/U\$1.00. The Company contemplates extending the term of the hedge each year so that it covers five years of distributions on a rolling basis. For the six month period ending June 30, 2005, the net impact of the change in the foreign exchange rate on (i) the aggregate value of the hedges and (ii) the Company's outstanding Subordinated Notes and its liability to Existing Investors from their liquidity right, and (iii) realized foreign exchange loss was a loss of approximately \$6,288.

#### **ACCOUNTING ESTIMATES**

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates. During the period presented, management has made a number of estimates

and valuation assumptions, including the fair values of acquired assets, the useful lives and recoverability of property plant and equipment and power purchase contracts, the recoverability of equity investments, the recoverability of future tax assets and the fair value of financial instruments and derivatives. Refer to Note 1 of the audited consolidated financial statements for the period ended December 31, 2004.

#### CHANGES IN ACCOUNTING POLICIES

There were no changes in accounting policies during the reporting period. Management is also not aware of any changes in accounting policies in the foreseeable future that, if changed, would materially affect the Company's overall financial condition or results of operations.

#### SUBSEQUENT EVENTS

On August 11, 2005 the Company announced that it agreed to acquire Epsilon Power Partners, LLC ("Epsilon"), which owns a 40% interest in Chambers Cogeneration LP ("Chambers"), the owner and operator of a 262 MW pulverized coal-fired cogeneration facility located at E.I. DuPont de Nemours & Company's ("DuPont's") Chambers Works complex in southwestern New Jersey. The total purchase price will be approximately US \$65.5 million and will be funded by cash and a draw on Holdings' revolving credit facility. Epsilon has approximately \$43 million of debt outstanding that will be non-recourse to Holdings. Closing of the acquisition is subject to customary closing conditions and is anticipated to occur in September 2005.

The facility being acquired is one of the projects in which Holdings was granted a right of first offer by ArcLight Energy Partners Fund I, L.P. ("ArcLight") at the time of Atlantic's IPO. The partners of Epsilon are subsidiaries of ArcLight and Delta Power Company, LLC

The acquisition extends the weighted average remaining term of Atlantic Power's power purchase agreement ("PPA") portfolio. The Chambers project sells electricity to Atlantic City Electric Company/Conectiv (rated BBB+) under a PPA through 2024, and electricity and steam to DuPont (rated AA-) for use in its industrial operations, also through 2024. Chambers began commercial operations 1994.

Plant operations are managed by a highly experienced operator that has demonstrated an excellent operating history over the last ten years. Chambers utilizes the best available environmental control technologies including scrubbers, a baghouse, and selective catalytic reduction to reduce emissions. The facility is a member of the U.S. EPA National Environmental Performance Track, a program that recognizes and rewards top environmental performers.]

One of Holdings' subsidiaries that is a limited partner in the MASSPOWER project was named along with all of the project's other partners as a defendant in a lawsuit filed by Massachusetts Municipal Wholesale Electric Company ("MMWEC"). MMWEC holds the only remaining power purchase agreement with MASSPOWER and makes claims in the complaint about its rights under the PPA. At this time MASSPOWER believes that the suit lacks merit and Management does not believe that the suit will have a material impact on the project's operations or valuation.

## OUTLOOK

In order to maintain stable distributions and provide long term growth, the Company will continue to focus on enhancing the financial performance of the existing Projects and pursuing accretive acquisitions predominantly in the U.S. market.

On July 15, 2005 the Gregory project's PPA with Dynegy expired as expected. Gregory is located in the ERCOT regional electricity market in Texas, which has been returning to supply-demand balance following a period of overbuilding new plants and, more recently, very substantial retirements of older utility plants. With prices firming, the project elected to enter into a short term interim agreement and is now analyzing bids it has received for a longer term PPA. Consistent with information at the time of the IPO, Gregory was not anticipated to be a significant contributor to near term cash flows, but is a very efficient gas-fired project with good longer term potential in an improving power market.

Rumford's PPA with Central Maine Power will expire as expected in December 2005. At that time, the project's PPA with the adjacent former Mead paper mill requires the mill to buy its output, and negotiations are underway about that arrangement. Projections by Stone & Webster in their Technical Review at the time of the IPO (filed on SEDAR) showed no cash flow for 2006 and beyond from Rumford, but Management believes that there is potential upside possible either through the PPA with the paper mill or by selling the output into the New England power market.

Other PPAs in the portfolio have various expirations, and in each case the project's partners plan for that occurrence by evaluating various options in the market in order to continue maximizing project cash flows. For example, projects with expirations in the 2008-2009 timeframe have already begun to prepare and execute solicitations for potential new power purchase arrangements. While it is difficult to predict these outcomes with certainty, the Technical Review mentioned above made individual power market and fuel price assessments in projecting possible economic outcomes. Neither Stone & Webster nor Management has assumed that pricing under existing PPAs from earlier regimes will necessarily be sustained at pre-expiration levels.

## RISK FACTORS

Atlantic Power's future performance and ability to generate sufficient cash flow to meet its monthly cash distributions to holders of IPSs and the Common Shares and Subordinated Notes represented thereby involves a number of risks and uncertainties. Any of these risks and uncertainties could have a material adverse effect on the Company's results of operations, business prospects, financial condition, the cash available to the Company for distribution to holders of IPSs, Common Shares, or Subordinated Notes or on the market price or value of IPSs, Common Shares or Subordinated Notes. A discussion of these risks and uncertainties can be found in the Company's Annual MD&A and Annual Information Form dated March 31, 2005.

## ADDITIONAL INFORMATION

Additional information is available on the Company's website at [www.atlanticpowercorporation.com](http://www.atlanticpowercorporation.com), or at [www.sedar.com](http://www.sedar.com).

(In thousands of U.S. dollars)

Three months and six months ended June 30, 2005  
(Unaudited)

---

Atlantic Power Corporation (the "Company") is a corporation established under the laws of the Province of Ontario on June 18, 2004. The Company issued income-participating securities ("IPs") for cash pursuant to an initial public offering on November 18, 2004. Prior to November 18, 2004, the Company was inactive.

**1. Basis of presentation:**

These interim consolidated financial statements should be read in conjunction with the consolidated financial statements for the period ended December 31, 2004, as set out in the 2004 Annual Report since they do not contain all the disclosures that are in accordance with Canadian generally accepted accounting principles for annual financial statements. These consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles, using the same accounting policies and methods of computation as were used for the audited consolidated financial statements for the period ended December 31, 2004.

**2. Acquisitions:**

(a) Adjustment of 2004 acquisition:

The Company formed Atlantic Power Holdings, LLC ("Atlantic Holdings"), a Delaware limited liability company, for the purpose of acquiring indirect interests in 15 projects from Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC (the "Existing Investors") and acquired the interests of the Existing Investors in the projects that were held by their wholly owned subsidiaries.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Three months and six months ended June 30, 2005  
(Unaudited)

## 2. Acquisitions (continued):

On November 18, 2004, Atlantic Holdings acquired for total consideration of \$522,638 (including \$1,014 in acquisition costs) an indirect interest in 15 projects located primarily in the United States of America. During the six months ended June 30, 2005, the fair value of certain projects was finalized. The purchase price allocation has been adjusted as follows:

	Original purchase equation	Adjustments	Revised purchase equation
Working capital	\$ 47,213	\$ 689	\$ 47,902
Equity investments	142,777	6,969	149,746
Property, plant and equipment	296,132	4,084	300,216
Power purchase contracts	107,340	2,289	109,629
Indexed swap and hedge, net	71,902	—	71,902
Other	(2,242)	(3,965)	(6,207)
Long-term debt	(102,476)	—	(102,476)
Gas transportation contract commitment	(38,008)	—	(38,008)
Future tax liability	—	(10,066)	(10,066)
Total purchase price	522,638	—	522,638
Less repayment of assumed debt	167,831	—	167,831
	354,807	—	354,807
Less cash acquired	12,000	—	12,000
	\$ 342,807	\$ —	\$ 342,807
Consideration represented by:			
Cash paid, net of cash acquired	\$ 83,725	\$ —	\$ 83,725
Non-controlling interest (note 3)	259,082	—	259,082
	\$ 342,807	\$ —	\$ 342,807

The Company remains in the process of finalizing its purchase price allocation and the tax basis of the assets acquired.

(In thousands of U.S. dollars)

Three months and six months ended June 30, 2005  
(Unaudited)

---

## 2. Acquisitions (continued):

### (b) Project acquisition:

During the six months ended June 30, 2005, Atlantic Holdings increased its interest in one of its existing projects. The fair value of the interest acquired by the Company was \$1,147 and was financed by cash consideration at the project level.

## 3. Other liabilities - non-controlling interest:

As of June 30, 2005, the Existing Investors have a 41.9% (December 31, 2004 - 41.9%) interest in Atlantic Holdings and also have the right to request, at any time, that Atlantic Holdings purchase for cancellation all or any portion of the Existing Investors' interests in Atlantic Holdings, subject to a minimum remaining 10% interest for a two-year period from November 18, 2004. The repurchase of the Existing Investors' interests is conditional upon Atlantic Holdings being able, after utilizing its best efforts, to complete or cause the completion of an equity financing on terms acceptable to the managers of Atlantic Holdings who are independent of the Existing Investors and their affiliates, acting reasonably, to secure the necessary funds to enable it to purchase the Existing Investors' interests. Atlantic Holdings may only finance repurchases of Existing Investors' interests pursuant to the exercise of the rights by issuing additional equity securities. This may occur through the sale of equity interests to the Company, the purchase of which may be financed by a sale of IPSs or other equity securities of the Company. These interests are treated as a liability of the Company and are recorded at fair value on the consolidated balance sheet. To purchase the remaining 41.9% interest, 26,491,865 IPSs would be required to be issued.

Any change in fair value of the non-controlling interest is recognized in the consolidated statement of income and deficit as change in non-controlling interest. For the six months ended June 30, 2005, a cost of \$1,035 is reflected in the consolidated statement of income and deficit.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Three months and six months ended June 30, 2005  
(Unaudited)

---

#### 4. Related party transactions:

During the six months ended June 30, 2005, in accordance with the management agreement, the Company paid \$1,210 to Atlantic Power Management, LLC, the Manager.

In addition, the Company incurred expenses of \$1,375 for operations and maintenance services provided by Caithness Energy.

#### 5. Basic income (loss) per share:

Basic income (loss) per share has been calculated using the weighted average number of units outstanding during the period of 36,800,000.

#### 6. Subsequent events and contingencies:

(a) On August 11, 2005, the Company announced it agreed to acquire Epsilon Power Partners, LLC ("Epsilon") which owns a 40% interest in Chambers Cogeneration LP ("Chambers") the owner and operator of a 262 MW pulverized coal-fired cogeneration facility located at E.I. DuPont de Nemours & Company's ("DuPont's") Chambers Works complex in southwestern New Jersey. The total purchase price will be approximately \$65,500 and will be funded by cash and a draw on Atlantic Holdings' revolving credit facility. Epsilon has approximately \$43,000 of debt outstanding that will be non-recourse to Atlantic Holdings. Closing of the acquisition is subject to customary closing conditions and is anticipated to occur in September 2005.

(b) One of Atlantic Holdings' subsidiaries that is a limited partner in the MASSPOWER project was named along with all of the project's other partners as a defendant in a lawsuit filed by Massachusetts Municipal Wholesale Electric Company ("MMWEC"). MMWEC holds the only remaining power purchase agreement with MASSPOWER and makes claims in the complaint about its rights under the EPA. At this time, MASSPOWER believes that the suit lacks merit and management does not believe that the suit will have a material impact on the project's operations or valuation.

**Atlantic Power Corporation Announces July 2005 Distribution**

TORONTO, ONTARIO – Atlantic Power Corporation (TSX: ATP.UN) (the “Company”) today announced its distribution for the month of July 2005. A distribution of \$0.0834 per Income Participating Security (“IPS”) will be payable on August 31, 2005 to holders of record at the close of business on July 29, 2005.

Each of the Company’s Income Participating Securities is comprised of one common share and \$5.767 aggregate principal amount of 11% subordinated notes. The total distribution of \$0.0834 reflects a cash dividend per common share of \$0.0305 and an interest payment of \$0.0529 for the month of July 2005.

Atlantic Power Corporation owns interests in a diversified portfolio of 15 power generation projects located primarily in major markets in the United States. Atlantic Power’s objectives are to sustain and grow its cash distributions over the long term by enhancing the performance of its existing assets and by making accretive acquisitions.

## PROXY FOR REGISTERED HOLDERS OF COMMON SHARES

This proxy is being solicited by Atlantic Power Management, LLC (the "Manager") the Manager of Atlantic Power Corporation (the "Issuer") from holders of common shares of the Issuer ("Shareholders") for use in connection with the annual and special meeting (the "Meeting") of Shareholders to be held on June 8, 2005 at the Ontario Club, 5<sup>th</sup> Floor, Commerce Court South, 30 Wellington Street West, Toronto, Ontario at 10:30 a.m. (Toronto time). Reference is made to the accompanying management information circular of the Issuer dated May 9, 2005 (the "Circular") for further information.

The undersigned Shareholder of the Issuer hereby appoints IRVING GERSTEIN or, failing him, JOHN McNEIL (or instead of either of them .....), as proxy of the undersigned to attend and vote at the Meeting and at any adjournment thereof, with full power of substitution and with all the powers which the undersigned could exercise if personally present and with authority to vote at the said proxyholder's discretion unless herein otherwise specified. The said proxyholder is hereby specifically directed to:

1. **VOTE FOR  or WITHHOLD FROM VOTING ON**  the election of Irving Gerstein, Ken Hartwick and John McNeil as members of the board of directors;
2. **VOTE FOR  or WITHHOLD FROM VOTING ON**  the appointment of KPMG LLP as the auditors of the Issuer and the authorization of the Issuer's board of directors to fix such auditors' remuneration; and
3. **VOTE FOR  or VOTE AGAINST**  the resolution in the form attached as Schedule "B" to the Circular authorizing the continuance of the Issuer into the Province of British Columbia.

DATED this \_\_\_\_\_ day of \_\_\_\_\_, 2005.

\_\_\_\_\_  
Name of Shareholder

\_\_\_\_\_  
Signature of Shareholder

**NOTE:**

1. The shares represented by this proxy will be voted or withheld from voting in accordance with the instructions noted hereon on any ballot that may be called for. In the absence of instructions to the contrary, the shares will be voted "FOR" the above-mentioned items. The Manager presently knows of no matters to come before the Meeting other than the matters identified in the notice of the Meeting. If any matters that are not known should properly come before the Meeting, the shares will be voted on such matters in accordance with the best judgment of the said proxyholder.
2. To vote this proxy, the Shareholder must sign in the space provided on this form. Please sign exactly as the name appears hereon and in which the shares are registered. If the Shareholder is a corporation, the proxy should be executed by duly authorized officers and its corporate seal must be affixed. If this proxy is not dated in the space provided, the proxy shall be deemed to bear the date on which it was mailed by the Issuer.
4. The Shareholder has the right to appoint a person, other than the persons designated, to attend, vote and act for the Shareholder and on the Shareholder's behalf at the Meeting. Such right may be exercised by striking out the names of the specified persons and inserting the name of such other person in the space provided.
5. This proxy revokes all prior proxies given by the Shareholder represented by this proxy and may be revoked at any time before it has been exercised.
6. Reference should be made to the Circular, which accompanies the notice of Meeting, for a full explanation of the rights of Shareholders regarding completion and use of this proxy and other information pertaining to the Meeting.

Atlantic Power Corporation

# ATLANTIC POWER CORPORATION

## INFORMATION CIRCULAR

This information circular is furnished in connection with the solicitation of proxies by or on behalf of Atlantic Power Management, LLC (the "Manager"), as manager of Atlantic Power Corporation (the "Corporation") for use at the annual and special meeting (the "Meeting") of shareholders (the "Shareholders") of the Corporation to be held on June 8, 2005 at the Ontario Club, 5<sup>th</sup> Floor, Commerce Court South, 30 Wellington Street West, Toronto, Ontario commencing at 10:30 a.m. (Toronto time), and at all postponements or adjournments thereof, for the purposes set forth in the accompanying Notice of Meeting.

### PROXY SOLICITATION AND VOTING

#### Solicitation of Proxies

The solicitation of proxies for the Meeting will be made primarily by mail, but proxies may also be solicited personally, in writing or by telephone by employees of the Manager, at nominal cost. The Corporation will bear the cost in respect of the solicitation of proxies for the Meeting and will bear the legal, printing and other costs associated with the preparation of this information circular. The information contained herein is given as at May 9, 2005, except where otherwise noted.

#### Appointment and Revocation of Proxies

Together with this information circular, Shareholders will also be sent a form of proxy. The persons named in such proxy are directors of the Corporation. **A Shareholder who wishes to appoint some other person to represent him or her at the Meeting may do so by crossing out the persons named in the enclosed proxy and inserting such person's name in the blank space provided in the form of proxy or by completing another proper form of proxy. Such other person need not be a Shareholder of the Corporation.**

Computershare Trust Company of Canada (the "Agent") holds the Common Shares represented by income participating securities ("IPSs") in trust for the benefit of holders of IPSs ("IPS Holders") and has the right to vote such Common Shares at the Meeting. The Agent is required to submit proxies (as a Shareholder) for voting rights attached to such Common Shares in accordance with the instructions provided by IPS Holders. Upon submission by an IPS Holder (or its designee) whose name appears on a list of beneficial IPS Holders prepared in connection with the Meeting, of identification satisfactory to the Agent's representative, an IPS Holder may require the Agent to sign and deliver to such holder (or its designee) a proxy to exercise personally the voting rights attaching to Common Shares underlying such IPS Holder's IPSs, if such holder either (i) has not previously given the Agent voting instructions in respect of the Meeting or (ii) submits to such representative written revocation of any such previous instructions. At the Meeting, the IPS Holder (or its designee) exercising voting rights under a proxy granted by the Agent, has the right to speak at the Meeting in respect of any matter, question, proposal or proposition, to vote by way of ballot at the Meeting in respect of any matter, question, proposal or proposition, and to vote at the Meeting by way of a show of hands in respect of any matter, question or proposition. Together with this information circular, IPS Holders will also be sent an instruction form addressed to the Agent which may be completed and returned to the Agent setting out the IPS Holder's voting instructions.

To be valid, proxies or instructions to the Agent must be deposited at the offices of the Agent, 9<sup>th</sup> Floor, North Tower, 100 University Avenue, Toronto, Ontario, M5J 2Y1, so as not to arrive later than 5:00 p.m. (Toronto time) on June 7, 2005, or be deposited with the Chair prior to the commencement of the Meeting. If the Meeting is adjourned, proxies or instructions to the Agent must be deposited 48 hours (excluding Saturdays, Sundays and holidays), before the time set for any reconvened meeting at which the proxy or instructions are to be used, or be deposited with the Chair prior to the commencement of the Meeting or any reconvened meeting.

The document appointing a proxy must be in writing and completed and signed by a Shareholder or his or her attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Instructions provided to the Agent by an IPS Holder must be in writing and

completed and signed by the IPS Holder or his or her attorney authorized in writing or, if the IPS Holder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Persons signing as officers, attorneys, executors, administrators, trustees etc., should so indicate and provide satisfactory evidence of such authority.

A Shareholder that has given a proxy may revoke the proxy: (a) by completing and signing a proxy bearing a later date and depositing it as aforesaid; (b) by depositing an instrument in writing executed by the Shareholder or by his or her attorney authorized in writing: (i) at the registered office of the Corporation at any time up to and including the last business day preceding the day of the applicable Meeting, or any adjournment thereof, at which the proxy is to be used, or (ii) with the Chair of the Meeting prior to the commencement of such Meeting on the day of such Meeting or any adjournment thereof; or (c) in any other manner permitted by law. An IPS Holder that has given instructions to the Agent with respect to the voting of the Common Shares underlying its IPSs may revoke the instructions: (a) by completing and signing instructions bearing a later date and depositing it as aforesaid; (b) by depositing an instrument in writing executed by the IPS Holder or by his or her attorney authorized in writing: (i) at the registered office of the Agent at any time up to and including the last business day preceding the day of the applicable Meeting, or any adjournment thereof, at which the instructions are to be relied on, or (ii) with the Chair of the Meeting prior to the commencement of such Meeting on the day of such Meeting or any adjournment thereof; or (c) in any other manner permitted by law.

#### **Voting of Proxies**

The persons named in the accompanying form of proxy will vote Common Shares in respect of which they are appointed, on any ballot that may be called for, in accordance with the instructions of the Shareholder as indicated on the proxy. The Agent will vote Common Shares underlying IPSs in respect of which they are instructed, on any ballot that may be called for, in accordance with the instructions of the IPS Holder. **In the absence of such specification, such Common Shares will be voted (a) FOR the election of the three nominees to the board of directors listed under the heading "Matters to be Considered at the Meeting – Election of Directors", (b) FOR the appointment of KPMG LLP as auditors of the Corporation, and (c) FOR the continuance of the Corporation into the Province of British Columbia.**

The persons appointed under the form of proxy are conferred with discretionary authority with respect to amendments to or variations of matters identified in the form of proxy and Notice of Meeting and with respect to other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the meeting, it is the intention of the persons designated in the enclosed form of proxy to vote in accordance with their best judgment on such matter or business. At the time of printing this information circular, the directors of the Corporation (the "Directors") know of no such amendments, variations or other matter.

#### **INFORMATION FOR BENEFICIAL HOLDERS OF SECURITIES**

**Information set forth in this section is very important to persons who hold Common Shares or IPSs otherwise than in their own names.** A non-registered securityholder of the Corporation (a "Beneficial Holder") who beneficially owns Common Shares or IPSs, but such Common Shares or IPSs are registered in the name of an intermediary (such as a securities broker, financial institution, trustee, custodian or other nominee who holds securities on behalf of the Beneficial Holder or in the name of a clearing agency in which the intermediary is a participant) should note that only proxies or instructions deposited by securityholders whose names are on the records of the Corporation as the registered holders of Common Shares or IPSs can be recognized and acted upon at the Meeting.

Common Shares or IPSs that are listed in an account statement provided to a Beneficial Holder by a broker are probably not registered in the Beneficial Holder's own name on the records of the Corporation and such Common Shares or IPSs are more likely registered in the name of the Beneficial Holder's broker or an agent of the broker.

Applicable regulatory policy in Canada requires brokers and other intermediaries to seek voting instructions from Beneficial Holders in advance of securityholders' meetings. Every broker or other intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Holders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a

Beneficial Holder by its broker is identical to that provided to registered securityholders. However, its purpose is limited to instructing the registered securityholder how to vote on behalf of the Beneficial Shareholder. Most brokers now delegate responsibility for obtaining instructions from clients to ADP Investor Communications (“ADP”). ADP typically prepares a machine-readable voting instruction form, mails those forms to the Beneficial Holders and asks Beneficial Holders to return the proxy forms to ADP. ADP then tabulates the results of all instructions received and provides appropriate instructions representing the voting of the securities to be represented at the Meeting. A Beneficial Holder receiving an ADP voting instruction form cannot use that voting instruction form to vote Common Shares directly at the Meeting. The voting instruction form must be returned to ADP well in advance of the Meeting in order to have the Common Shares voted.

Although Beneficial Holders may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of their broker or other intermediary, a Beneficial Holder may attend at the Meeting as proxyholder for the registered holder and vote their Common Shares in that capacity. Beneficial Holders who wish to attend the Meeting and indirectly vote their own Common Shares as proxyholder for the registered holder should enter their own names in the blank space on the form of proxy or voting instruction form provided to them and return the same to their broker or other intermediary (or the agent of such broker or other intermediary) in accordance with the instructions provided by such broker, intermediary or agent well in advance of the Meeting.

### VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares. As of the date of this information circular, there were 36,800,000 Common Shares and IPSs outstanding on a basic and fully diluted basis. All of the outstanding Common Shares are registered in the name of the Agent and are held by the Agent in trust for the IPS Holders.

At the Meeting, each Shareholder of record at the close of business on May 9, 2005, the record date established for the notice of the meeting (the “Record Date”), will be entitled to one vote for each Common Share held on all matters proposed to come before the Meeting, except to the extent such Shareholder has transferred any such Common Shares after the record date and the transferee of such Common Shares establishes ownership thereof and makes a written demand to the Corporate Secretary of the Manager, not later than 10 days before the date of the Meeting, to be included in the list of Shareholders entitled to vote at the Meeting, in which case the transferee will be entitled to vote such Common Shares.

To the knowledge of the Directors, the following persons beneficially own or exercise control or direction over Common Shares carrying approximately 10% or more of the votes attached to the issued and outstanding Common Shares:

Name	Number of Common Shares beneficially owned or over which control or direction is exercised	Percentage of Total Common Shares
MacKenzie Financial Corporation <sup>(1)</sup>	3,671,800	9.9%

<sup>(1)</sup> Based on publicly available filings.

### MATTERS TO BE CONSIDERED AT THE MEETING

#### Election of Directors

The number of directors to be elected at the Meeting has been fixed at three. The persons named in the enclosed form of proxy, if not expressly directed to the contrary in such form of proxy, intend to vote for the election, as directors, of the proposed nominees whose names are set out below. It is not contemplated that any of the proposed nominees will be unable to serve as a director but, if that should occur for any reason prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee at their discretion. Each Director elected will hold office until the next annual meeting or until his successor is elected or appointed. Each Director will also serve on the board of managers of the Corporation’s subsidiary, Atlantic Power Holdings, LLC (“Atlantic Holdings”).

The following table sets forth the names of, and certain information for, the persons proposed to be nominated for election as directors. Biographies for each Director, which include a summary of each Director's principal occupation and employment within the five preceding years, are set out at pages 63 and 64 of the Corporation's initial annual information form dated March 31, 2005 (the "AIF") and such information is incorporated by reference herein. The AIF can be found under the Corporation's profile at [www.sedar.com](http://www.sedar.com). Upon request, the Manager will promptly provide a copy of the AIF free of charge to a securityholder of the Corporation.

Name & Province of Residence <sup>(1)</sup>	Principal Occupation	Date Appointed as a Director	Ownership or Control Over IPSs <sup>(2)</sup>
Irving Gerstein <sup>(3)</sup> Ontario, Canada	Corporate Director	October 4, 2004	2,000
Ken Hartwick <sup>(4)</sup> Ontario, Canada	Chief Financial Officer of Ontario Energy Savings Corp.	October 4, 2004	2,000
John McNeil Ontario, Canada	President, Barker, Dunn & Rossi (Canada) Inc.	October 4, 2004	2,000

- (1) Each director is also a member of the Audit Committee. Further information regarding the Audit Committee and auditors' fees can be found at pages 70 and 71 of the AIF.
- (2) The information as to IPSs beneficially owned, directly or indirectly, including by associates or affiliates, not being within the knowledge of the Corporation, has been furnished by the respective nominees individually.
- (3) Chair of the Board.
- (4) Chair of the Audit Committee.

#### Appointment of Auditors

It is proposed that the firm of KPMG LLP, Chartered Accountants, be appointed as auditors of the Corporation, to hold office until the next annual meeting of the Shareholders or until their successor is appointed, and that the Directors be authorized to fix the remuneration of the auditors.

KPMG LLP has been the auditor of the Corporation since its inception. **The persons named in the enclosed form of proxy, if not expressly directed to the contrary in such form of proxy, will vote such proxies in favour of a resolution to appoint KPMG LLP as auditors of the Corporation and authorize the Directors to fix their remuneration.**

#### Financial Statements

The annual report, the financial statements of the Corporation for the year ended December 31, 2004 and the Auditors' Report thereon accompanying this information circular will be placed before the Shareholders at the Meeting for their consideration. No formal action will be taken at the Meeting to approve the financial statements. If any Shareholder has questions regarding such financial statements, such questions may be brought forward at the Meeting.

#### Special Business – Continuance from Ontario to British Columbia

Certain aspects of the recently enacted *Business Corporations Act* (British Columbia) (the "BC Act") will, in the Corporation's view, better facilitate the Corporation's business and affairs than the *Business Corporations Act* (Ontario) (the "Ontario Act") under which the Corporation was incorporated. Among other things, the BC Act does not impose the same limitations on transfer restrictions on securities offered to the public that, in the case of the Corporation, are necessary to ensure compliance with applicable U.S. energy and other regulatory requirements.

The BC Act and the Ontario Act are generally similar, although there are some differences between the two statutes. A table summarizing certain differences between the BC Act and the Ontario Act that may be significant to shareholders of the Corporation is attached as Schedule "A" to this information circular. The summary in Schedule "A" is not intended to be exhaustive. For a full understanding of the differences and similarities of the BC Act and the Ontario Act, reference should be made to the text of the two statutes, both available at <http://www.canlii.org/>. The Manager believes that the continuance from Ontario to British Columbia will not adversely affect the rights of Shareholders.

The Manager is of the view that changing the corporate domicile of the Corporation from Ontario to British Columbia would be advantageous to the Corporation, and the Corporation is therefore seeking the approval and authorization of its shareholders to continue under the BC Act (the "Continuance"). In connection with the Continuance, the Corporation will adopt articles of continuance under the BC Act that are substantially similar to its current articles of incorporation, with the exception of certain provisions to be added to maintain consistency with the requirements of the Ontario Act (as more fully described in Schedule "A"). The text of the special resolution (the "Special Resolution") that would give effect to the Continuance is attached to this information circular as Schedule "B". To be effective, a resolution authorizing the Continuance must be passed by two-thirds of the votes cast by Shareholders present in person or represented by proxy at the Meeting. **The persons named in the enclosed form of proxy, if not expressly directed to the contrary in such form of proxy, will vote such proxies in favour of the Continuance.**

Shareholders are entitled to certain dissent rights under the Ontario Act and to be paid the fair value of their Common Shares if they dissent to the Continuance and the Continuance becomes effective. The registered Shareholder must dissent with respect to all of the Common Shares held by such registered Shareholder on behalf of any one dissenting beneficial Shareholder. A brief summary of the applicable provisions of the Ontario Act and the procedure for exercising dissent rights is attached as Schedule "C" to this information circular.

**MANAGEMENT AND ADMINISTRATION OF ATLANTIC HOLDINGS AND THE CORPORATION**

The Manager is a Delaware limited liability company formed by ArcLight Capital Partners, LLC ("ArcLight") and ArcLight Energy Partners Fund I, L.P. ("Fund I") and ArcLight Energy Partners Fund II, L.P. ("Fund II"). The Manager's principal place of business is located at 200 Clarendon Street, 55<sup>th</sup> Floor, Boston, Massachusetts, 02117. The names, municipalities of residence, positions with the Manager and principal occupations of the officers of the Manager are set out below. In addition to the officers listed below, the Manager contracts with ArcLight to obtain certain back-office and support services and for the secondment of ArcLight employees from time to time as appropriate to assist the Manager in fulfilling its responsibilities under the Management Agreement. The Manager is owned by Atlantic Power Management Holdings, LLC ("APM"), an entity managed by ArcLight and owned by Fund I and Fund II. APM's officers are Dan Revers, President, Carter Ward, Vice-President and John Tisdale, Secretary. Each of the officers are residents of the State of Massachusetts, U.S.A.

<u>Name and State of Residence</u>	<u>Position(s) with the Manager</u>	<u>Principal Occupation</u>
BARRY WELCH ..... Massachusetts, U.S.A.	President and Chief Executive Officer	President and Chief Executive Officer of the Manager
MARK BYSKOV ..... Massachusetts, U.S.A.	Chief Financial Officer and Corporate Secretary	Chief Financial Officer and Corporate Secretary of the Manager

The Manager provides management and administrative services to the Corporation and Atlantic Holdings pursuant to the terms of a management agreement entered into between the Manager, Atlantic Holdings and the Corporation in connection with the closing of the Corporation's initial public offering (the "Management Agreement"). The Management Agreement has an initial 20-year term (to November 10, 2024) and will be automatically renewed for additional five-year terms unless, at least six months prior to the expiration of the then-current term, a majority of the managers of Atlantic Holdings and the directors of the Corporation independent of the owners of the retained interest in Atlantic Holdings (the "Existing Investors") and the Manager determine that the Management Agreement will not be renewed and notify the Manager accordingly.

Under the terms of the Management Agreement, the Manager provides the following services to Atlantic Holdings: (i) representing Atlantic Holdings' interests in Teton Power Funding, LLC, Epsilon Power Funding, LLC and Umatilla Power Funding, LLC (together, the "Project Holding Entities") and their subsidiaries and overseeing the operation of the projects in which the Corporation holds an interest (the "Projects"); (ii) assisting in the development, implementation and monitoring of strategic plans; (iii) assisting in developing an annual budget and an annual distributable cash forecast; (iv) assisting with treasury, legal and compliance, financing and risk assessment activities; (v) reviewing the budgets and schedules for major maintenance proposed for the Projects; (vi) assisting in the preparation of financial reports in respect of the Projects and any future projects; (vii) assisting in the negotiation of material agreements; (viii) monitoring compliance with the annual budget and distributable cash forecast; (ix) assisting in and supervising the analysis of potential acquisitions, investments and dispositions; (x) carrying out or supervising the making of acquisitions, dispositions or investments; (xi) retaining accountants, lawyers, consultants, investment bankers and other such professional advisers; and (xii) assisting in the preparation, planning and coordination of meetings of the board of managers of Atlantic Holdings and holders of membership interests in Atlantic Holdings.

Under the Management Agreement, the Manager, if requested by the Corporation, will also provide certain administrative services to the Corporation including: (i) assisting the Corporation in complying with its continuous disclosure obligations under applicable securities legislation; (ii) providing or causing to be provided to holders of securities of the Corporation, all information to which they are entitled under the constating documents of the Corporation and the Indenture and applicable laws; (iii) monitoring compliance of the Corporation with applicable tax laws; (iv) advising on and negotiating any financings by the Corporation; (v) providing for the calculation and distribution of interest payments and other distributions to holders of securities of the Corporation; and (vi) assisting in the preparation, planning and coordination of meetings of the board of directors of the Corporation and holders of Common Shares of the Corporation.

Pursuant to the Management Agreement, a number of material actions may not be authorized by the Manager without first obtaining the approval of the managers of Atlantic Holdings or the board of directors of the Corporation, as applicable, including: (i) adopting, amending or materially deviating from annual business plans; (ii) taking any action by or on behalf of a Project Holding Entity, any subsidiary of a Project Holding Entity or any Project Operating Entity that may have a material impact on the annual distributable cash forecast; (iii) disposing of any material assets; and (iv) raising capital by way of an issuance of securities of Atlantic Holdings or the Corporation. Without the approval of a majority of the Atlantic Holdings managers who are independent of the Manager and its affiliates, the Manager, on behalf of Atlantic Holdings or the Corporation or a subsidiary or affiliate of Atlantic Holdings or the Corporation, may not (i) enter into any material transaction with the Manager or an affiliate of the Manager; or (ii) amend any existing material terms of the Management Agreement or fees payable thereunder.

In consideration for providing the management and administrative services under the Management Agreement, the Manager receives: (i) an annual management fee; (ii) payments representing cost reimbursement; and (iii) an incentive fee. The annual management fee will be an amount equal to US\$300,000 (a portion of which will be paid by the Corporation), subject to adjustment for any future acquisitions or investments on the basis that the annual fee will increase by an amount agreed between the Manager and Atlantic Holdings, as approved by the managers of Atlantic Holdings who are independent of the Existing Investors and the Manager, taking into consideration the increased service levels required and the resource requirements imposed as a result of or created by such acquisition or investment. The annual fee is subject to adjustment for inflation and is payable monthly in advance. The Manager is entitled to be reimbursed for all out-of-pocket costs and expenses reasonably incurred by the Manager or its affiliates in carrying out the management and administrative services including reasonable allocations for charges incurred by the Manager for services provided by ArcLight pursuant to the agreement described below and for any other services provided by affiliates of the Manager (which charges will be reimbursed on a cost recovery basis). The allocations for such charges are subject to the approval by the managers of Atlantic Holdings who are independent of the Existing Investors and the Manager, by way of either annual budget approval or specific authorization. For the six-week period ended December 31, 2004, Atlantic Holdings and the Corporation paid to the Manager a total of US\$620,000, which included a *pro rata* portion of the annual management fee, cost reimbursement for expenses incurred by the Manager and its other reasonable out-of-pocket costs and expenses incurred in connection with its duties under the Management Agreement (including amounts paid to ArcLight for services provided to the Manager by employees of ArcLight).

The Manager is entitled to an annual incentive fee equal to 25% of the product obtained by multiplying (i) the excess of the actual cash distributions per IPS (or, following the redemption, repurchase or maturity of all of the Subordinated

Notes or separation of all of the IPSs, per Common Share) of the Corporation in each calendar year over C\$1.00 per IPS (or C\$0.3657 per Common Share, as applicable), by (ii) the weighted average number of IPSs, Common Shares not represented by IPSs and membership interests held by the Existing Investors outstanding for the relevant calendar year or part thereof, subject to customary anti-dilution provisions. For the fiscal period ended December 31, 2004, no incentive fee was paid to the Manager.

Atlantic Holdings and the Corporation have the right to terminate the Management Agreement in circumstances of: (i) bankruptcy, insolvency or receivership of the Manager; (ii) fraud, wilful default or gross negligence committed by the Manager; or (iii) default by the Manager in the performance of a material obligation under the Management Agreement, if (1) such default is not caused by an event of *force majeure*, and (2) such default is not cured within 60 days of written notice being given by Atlantic Holdings to the Manager of the default or if such default is not reasonably capable of being cured within 60 days, the Manager has not taken all reasonable steps to cure such default as soon as possible thereafter but in any event within 120 days. The Manager will have the right to terminate the Management Agreement earlier (i) in the event of (1) the bankruptcy, insolvency or receivership of Atlantic Holdings or the Corporation, or (2) a default by Atlantic Holdings or the Corporation in the performance of a material obligation under the Management Agreement (other than as a result of the occurrence of a *force majeure* event) which is not remedied within 60 days after notice thereof has been delivered, or if such default is not reasonably capable of being cured within 60 days, Atlantic Holdings or the Corporation has not taken all reasonable steps to cure such default as soon as possible thereafter but in any event within 120 days; or (ii) upon 90 days' prior written notice to Atlantic Holdings or the Corporation.

Atlantic Holdings or the Corporation may terminate the Management Agreement upon 90 days' prior written notice if: (i) while Atlantic Power Management Holdings, LLC ("APM") owns the Manager, ArcLight should cease to be the manager of the members of APM; or (ii) APM sells the Manager and ArcLight ceases to have a significant influence over the operation of the Manager, without, in either case, the prior written consent of the managers of Atlantic Holdings and the directors of the Corporation who are independent of the Existing Investors and the Manager, which consents shall not be unreasonably withheld.

The Manager may delegate certain aspects of its responsibilities under the Management Agreement, but no such delegation will relieve the Manager of its obligations thereunder. The Manager may, with the approval of the directors of the Corporation and the managers of Atlantic Holdings who are independent of the Existing Investors and the Manager, contract with affiliates to provide services to the Corporation and Atlantic Holdings not otherwise provided for in the Management Agreement, such as advisory and investment banking services.

The Manager and any person who is serving or shall have served as a director, manager, officer, employee, subcontractor, secondee or agent of the Manager shall be indemnified and saved harmless by Atlantic Holdings and the Corporation from and against all losses, claims, damages, liabilities, obligations, costs and expenses (including judgments, fines, penalties, amounts paid in settlement and counsel and accountants' fees) of whatsoever kind or nature incurred by, borne by or asserted against the Manager and any person who is serving or shall have served as a director, manager, officer, employee, subcontractor, secondee or agent of the Manager, in any way arising from or related in any manner to the Management Agreement, unless such claims arise from the fraud, wilful default or gross negligence of the Manager or any person who is serving or shall have served as a director, manager, officer, employee, subcontractor, secondee or agent of the Manager. The Manager and its affiliates and associates may rely on information provided by Atlantic Holdings, the Corporation or any employee or agent thereof unless it has actual notice that such information is inaccurate.

On closing of the Corporation's initial public offering, the Manager and ArcLight entered into an agreement (the "**Management Support Agreement**") which provides that certain ArcLight employees will be available to provide administrative and office support services to the Manager and that ArcLight employees may be seconded to the Manager from time to time as appropriate to enable the Manager to fulfill its responsibilities under the Management Agreement. Services and resources provided by ArcLight under the Management Support Agreement will be provided to the Manager on a cost recovery basis. The Management Support Agreement requires ArcLight and its affiliates to give the Manager the opportunity to pursue, on behalf of the Corporation and Atlantic Holdings, investment opportunities that do not fit within the investment guidelines for Fund I, Fund II or other investment funds managed by ArcLight or its affiliates or that do fit within such investment guidelines but which such investment funds determine not to pursue.

## COMPENSATION OF DIRECTORS

Each Director is entitled to receive an annual retainer of US\$20,000 and US\$1,500 per meeting attended in person or US\$500 per meeting attended by phone. Directors are reimbursed for out-of-pocket expenses for attending meetings. The Directors also participate in the insurance and indemnification arrangements described below.

### DIRECTORS' AND OFFICERS' INSURANCE

The Directors of the Corporation and the managers of Atlantic Holdings are covered under a directors' and officers' insurance policy that provides an aggregate limit of liability to the insured directors and managers of US\$30 million.

The by-laws of the Corporation and the operating agreement for Atlantic Holdings also provide for the indemnification of their respective Directors, managers and officers (if any) from and against liability and costs in respect of any action or suit against them in connection with the execution of their duties of office, subject to certain limitations.

### INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

To the knowledge of the Directors, other than as disclosed in this information circular, no insider, Director or proposed nominee for election as a Director, or any associate or affiliate of any such persons, had any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any material transaction with the Corporation since the closing of the Corporation's initial public offering on November 18, 2004.

### STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Toronto Stock Exchange (the "TSX") Committee on Corporate Governance in Canada issued a series of guidelines (the "TSX Report") for effective corporate governance. The TSX Report recommended that the TSX adopt, as a listing requirement, a requirement that each listed corporation provide annual disclosure of its approach to corporate governance. The TSX adopted a new by-law requiring every Canadian company listed on the TSX to disclose its corporate governance practices.

The following describes the Corporation's governance practices with reference to the guidelines set out in the TSX Report. The Canadian securities regulators have proposed various corporate governance guidelines that would effectively replace the TSX guidelines. We are carefully monitoring the proposed guidelines and will consider modifying our governance practices if and when the proposed guidelines are adopted by the Canadian securities regulators. We are pleased to make the following disclosure regarding our governance practices:

TSX Corporate Governance Guideline	Comments
1. The board should explicitly assume responsibility for the stewardship of the corporation, specifically:	Pursuant to the mandate of the board of directors of the Corporation (the "Board"), the Board is responsible for supervising the activities and managing the investments and affairs of the Corporation. While the Board has delegated responsibility for managerial and executive oversight and certain administrative services to Atlantic Holdings and Atlantic Holdings has entered into the Management Agreement with the Manager to fulfil these responsibilities, the Board is responsible for the oversight of the Manager in managing the business of the Corporation. The Manager keeps the Board fully informed of the progress of the Corporation and its subsidiaries towards the achievement of their established goals and of all material deviations from the goals or objectives and policies established by the Board in a timely and candid manner.

TSX Corporate Governance Guideline	Comments
(a) adoption of a strategic planning process.	The Board is actively involved in the Corporation's strategic planning process. The Board receives presentations from the Manager respecting the business of the Corporation and its subsidiaries, including current and potential opportunities and risks relating to the business. At least one Board meeting each year will be devoted to discussing and considering the strategic plan which takes into account the risks and opportunities of the business. The Manager must seek the Board's approval for any transaction that would have a significant impact on the strategic plan.
(b) identifying principal risks and ensuring the implementation of appropriate systems to manage these risks.	The mandate of the Board provides that the Board is responsible for the identification of the principal risks for the Corporation and ensuring the implementation of appropriate risk management systems. The Board directly and through its audit committee works with the Manager to assess the major risks relating to the Corporation and reviews, approves and monitors the manner in which those risks are managed. The Audit Committee meets regularly to review reports and discuss significant risk areas with the Manager and the external auditors. The Board, through the Audit Committee, ensures that Corporation and its subsidiaries adopt risk management policies.
(c) succession planning, including appointing, training and monitoring senior management.	The Board is responsible for reviewing the performance of the Manager and its senior management, including the fulfillment of the terms of the Management Agreement. While the Board is not directly responsible for management succession planning because the Corporation has no employees or senior officers, the Board is kept informed and consulted on management appointments to the Manager and of the Manager's succession plans. For a description of the Manager and its senior officers, see "Management and Administration of Atlantic Holdings and the Corporation."
(d) implementing a corporate communications policy.	The Board has adopted a disclosure policy that establishes a procedure for determining how material information is to be disclosed or disseminated. The policy requires complete, accurate and timely communication between the Corporation and its securityholders, financial analysts, the media and the public and prohibits the selective disclosure of information. The policy requires that material information must be broadly distributed to the general public by press release and that announcements of material changes be factual and balanced. The audit committee and, if determined by such committee, the Board, must review: (i) earnings guidance disclosures; and (ii) news releases containing financial information based on the Corporation's financial statements prior to the release of such statements. The policy also provides guidance on the provision of forward-looking information, analyst meetings and investor conference calls.
(e) assuming responsibility for the integrity of internal control and management information systems.	The Board, through its audit committee, monitors the effectiveness of the Corporation and its subsidiaries' internal control processes and management information systems. The Audit Committee consults with management and the external auditors regarding the overall control environment and the adequacy of accounting system controls and reports its findings to the Board annually.
2. The majority of the Board should be unrelated.	The Board is currently comprised of three individuals, all of whom qualify as unrelated directors as defined by the TSX guidelines.

TSX Corporate Governance Guideline	Comments	
3. Disclose the status of each Board member and explain.	Each of the directors is an unrelated member of the Board, having no relationship to the Corporation, the Manager or any of their subsidiaries that could be perceived to materially interfere with their ability to act with a view to the best interests of the Corporation.	
4. The Board should appoint a committee of Directors, a majority of whom are unrelated, to nominate new directors and assess directors on an ongoing basis.	In lieu of a compensation and corporate governance committee, the directors are directly responsible for recommending new nominees for election and the re-election of existing members; assessing Board size and composition; assessing the effectiveness of the Board as a whole; determining committee structures; making recommendations to the Boards; and succession planning.	
5. The Board should implement a process for assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual trustees.	The Board is directly responsible for assessing Board size and composition, as well as effectiveness of the Board as a whole and the contribution of individual members. On an annual basis, the Board will consider its effectiveness and assess the contributions of individual members.	
6. An orientation program should be provided for new recruits to the Board.	As the Corporation was only very recently formed and since its formation, no new Board members have been recruited, no formal orientation program has been adopted by the Board. However, if new Board members are appointed, they will be provided with materials to educate them on the Corporation and its business, including an Ongoing Obligations Manual and provided the opportunity to visit production facilities and to meet senior management. In addition, comprehensive information packages are distributed to Board members in advance of meetings of the Board and the audit committee.	
7. Every Board should examine its size with a view to the effectiveness of its decision-making.	The Board will consider its composition and size on an on-going basis. The Board considers that it is important that the Board maintain an adequate level of industry representation as well as a variety of other complementary skills and experience to foster effective decision-making. At the present time, the Board believes that composition and size are appropriate to facilitate effective decision-making on behalf of the Corporation.	
8. The Board should review the adequacy and form of member compensation in light of responsibilities and risk.	On an on-going basis, the Board will consider the adequacy and form of director compensation taking into account the responsibilities and risks involved in being a director. In determining the appropriate level of compensation, the Board will consider types and amounts of compensation paid to directors of comparable public companies and income trusts.	
9. Committees of the Board should generally be composed of outside members, the majority of whom are unrelated to the issuer.	The audit committee is composed exclusively of outside, unrelated members.	
10. Every Board should expressly assume responsibility for, or assign to a committee responsibility for, the approach to governance issues.	The Board is directly responsible for developing the Corporation's approach to governance, including developing a set of governance principles and guidelines that are specifically applicable to the Corporation. The Board is responsible for reviewing the Corporation's statement of governance practices, including the Corporation's disclosure regarding its compliance with the TSX corporate governance guidelines, and has approved this summary.	

TSX Corporate Governance Guideline	Comments
<p>11. The Board, together with the CEO, should develop position descriptions for the Board and the CEO. In addition, the Board should develop the corporate objectives that the CEO is responsible for meeting.</p>	<p>The directors have adopted a clear written mandate for the Board. The Board oversees the performance of the Manager in fulfilling its responsibilities under the Management Agreement and will have an opportunity to discuss the performance of management of the Manager on a regular basis. To the extent feasible, the Board will satisfy itself as to the integrity of the Chief Executive Officer and senior officers of the Manager and expects that the Chief Executive Officer and other senior officers will create a culture of integrity throughout the Corporation.</p>
<p>12. Every Board should have in place appropriate structures and procedures to ensure it can function independently of management.</p>	<p>The Chair of the Board is unrelated to management. In addition, the Board and the audit committee meet regularly without management present. The audit committee meets quarterly with the external auditors without management present to discuss matters affecting the conduct of their audit and other corporate matters.</p>
<p>13. All Boards should have an Audit Committee composed only of non-management members, and have a clearly defined mandate.</p>	<p>The three directors of the Corporation comprise the audit committee and all are unrelated directors. Each member is financially literate and Ken Hartwick, the chair of the audit committee, is a Chartered Accountant. The committee's responsibilities are clearly set out in its mandate.</p> <p>The audit committee is responsible for assuring the Board that the risks to which the Corporation is exposed are identified and that they are properly and effectively managed and controlled. The Audit Committee analyzes, examines and monitors issues related to the management of material financial and non-financial risks to which the Corporation is exposed.</p> <p>As part of its audit responsibilities, the committee reviews quarterly and annual consolidated financial statements and makes recommendations to the Board regarding their approval. The committee makes recommendations as to the appointment of external auditors and their compensation, and assesses, in consultation with management, the effectiveness of the Corporation's policies and internal controls.</p> <p>The audit committee reviews and discusses the report prepared by the external auditors detailing all the elements likely to affect their independence and objectivity.</p> <p>As part of its risk management responsibilities, the committee ensures that a proactive detection, assessment and management process exists for material risks and compliance with policies and control measures, in addition to reviewing and recommending to the Board the adoption of various risk management policies for the material risks to which the Corporation is exposed.</p> <p>The audit committee regularly meets with the external auditors in the absence of management and the external auditors participate as guests, in the audit function of all meetings of the committee.</p>
<p>14. The Board should implement a system that enables an individual member to engage an outside advisor at no expense to the Board member in appropriate circumstances.</p>	<p>In discharging its mandate, the Board and the audit committee have the authority to retain (and authorize the payment by the Corporation of) and receive advice from, special legal, accounting or other advisors and outside consultants if appropriate.</p>

## OTHER BUSINESS

The Directors are not aware of any matter intended to come before the Meeting other than those items of business set forth in the attached Notice. If any other matters properly come before the Meeting, it is the intention of the persons named in the form of proxy to vote in respect of those matters in accordance with their judgment.

## ADDITIONAL INFORMATION

Financial information is provided in the Corporation's comparative financial statements and management's discussion and analysis of the Corporation's financial condition and results of operations ("MD&A") for the year-ended December 31, 2004. Copies of the Corporation's financial statements for the fiscal year ended December 31, 2004, together with the report of the auditors thereon and MD&A, AIF (together with any document incorporated therein by reference) and this information circular are available upon written request from the Corporate Secretary of the Manager, 200 Clarendon Street, 55<sup>th</sup> Floor, Boston, Massachusetts, 02117. These documents and additional information relating to the Corporation may also be found at [www.sedar.com](http://www.sedar.com).

## APPROVAL OF DIRECTORS

The contents and the sending of this information circular to the Shareholders have been approved by the Board of Directors of the Corporation.

By Order of the Board of Directors

Dated: May 9, 2005

*"Irving Gerstein"*

Chair of the Board of Directors  
Atlantic Power Corporation

GOODMANS\5127568.7

## SCHEDULE "A"

### Summary of Certain Differences between the *Business Corporations Act (Ontario) and the Business Corporations Act (British Columbia)*<sup>1</sup>

	Ontario Act	BC Act
<b>Directors</b>	<p>Majority of directors must be Canadian residents.</p> <p>Directors may be removed by ordinary resolution.</p> <p>Provisions for permitted indemnification of directors and officers are substantially the same as but less detailed than in the BC Act.</p> <p>Directors are not liable if they rely in good faith on financial statements, auditors' reports or professional reports.</p>	<p>No residency requirement for directors. The Corporation's articles will provide that a majority of its directors must be Canadian residents.</p> <p>Directors may be removed by special resolution unless otherwise provided in articles. The Corporation's articles will provide that directors may be removed by ordinary resolution.</p> <p>Includes detailed provisions for permitted and prohibited indemnification of directors or officers. Unlike the Ontario Act, gives discretion to the court to order payment or make any other order it considers appropriate.</p> <p>Directors are not liable if they rely in good faith on financial statements, auditors' reports, professional reports, a statement of fact from an officer, or on other documents the court considers provide reasonable grounds for the directors' actions.</p>
<b>Place of meetings</b>	Subject to the articles, directors may determine place of meetings.	Meetings may be held outside British Columbia if provided in the articles or approved by shareholders. The Corporation's articles will provide for meetings outside British Columbia.
<b>Ability to set necessary levels of shareholder consent</b>	Act does not provide flexibility on shareholder approvals, which are either majority resolution or (where specified in the act) special resolution. A "special resolution" must be passed by at least 2/3 of votes cast.	Articles can set levels for various shareholder approvals (other than those prescribed by the statute). The default threshold is a special resolution. The percentage of votes required for a special resolution can be specified in the articles, no less than 2/3 and no more than 3/4 of votes cast. The Corporation's articles will provide that 2/3 of the votes cast on a given resolution will constitute a "special majority".

<sup>1</sup> This summary deals only with differences between the two statutes that may be significant to shareholders of the Corporation. In addition, it is not intended to be exhaustive. For a full understanding of the differences and similarities of the Ontario Act and the BC Act, reference should be made to the text of the two statutes, both available at <http://www.canlii.org/>.

	Ontario Act	BC Act
<b>Restrictions on share transfers</b>	Only certain limited restrictions on transfer are permitted if offering to the public.	Does not prohibit share transfer restrictions of the type in the Corporation's articles.
<b>"Corporate incest"</b>	A corporation cannot hold shares in itself, and a subsidiary cannot hold shares in its parent, except in extremely limited circumstances.	A company may purchase and hold its own shares, and a subsidiary may hold shares of a parent company, unless prohibited by the articles or unless the subsidiary is or would become insolvent. A subsidiary may not vote shares held in its parent company or form part of quorum. The Corporation's articles will prohibit "corporate incest".
<b>Meaning of "insolvent"</b>	A corporation may not pay dividends or purchase or redeem its shares if there are reasonable grounds for believing (i) it is or would be unable to pay its liabilities as they become due; or (ii) it would not meet a net asset solvency test. The net asset solvency tests for different purposes vary somewhat.	For purposes of the insolvency test that must be passed for the payment of dividends and purchases and redemptions of shares, "insolvent" is defined to mean a company is unable to pay its debts as they become due in the ordinary course of its business. Unlike the Ontario Act, the BC Act does not impose a net asset solvency test for these purposes. For purposes of proceedings to dissolve or liquidate, the definition of "insolvent" from federal bankruptcy legislation applies.
<b>Reduction of capital</b>	Capital may be reduced by special resolution but not if reasonable grounds for believing that, after the reduction, (i) the corporation would be unable to pay its liabilities as they become due; or (ii) the realizable value of the corporation's assets would be less than its liabilities.	Capital may be reduced by special resolution or court order. A court order is required if reduced capital would be less than the realizable value of the company's assets less its liabilities.
<b>Shareholders' proposals</b>	A shareholder entitled to vote may submit notice of a proposal.	The BC Act includes a more detailed regime for shareholders' proposals than the Ontario Act. For example, a person submitting a proposal must have been the registered or beneficial owner of one or more voting shares for at least 2 years before signing the proposal. In addition, the proposal must be signed by shareholders who, together with the submitter, are registered or beneficial owners of (i) at least 1% of the company's voting shares, or (ii) shares with a fair market value exceeding an amount prescribed by regulation (at present, \$2,000).

	Ontario Act	BC Act
<b>Amalgamations</b>	<p>No provision for amalgamation pursuant to court approval.</p> <p>Interjurisdictional amalgamation is not available – to amalgamate either the Ontario corporation must first continue out of Ontario into the foreign jurisdiction or the foreign corporation must first continue into Ontario.</p>	<p>Amalgamation may be effected with court approval.</p> <p>Company may amalgamate with a company from a foreign jurisdiction and carry on as either a BC company or, if allowed by the foreign jurisdiction, a company organized under the foreign jurisdiction.</p>
<b>Sale of all or substantially all the assets or undertaking of business</b>	<p>The sale by a corporation of all or substantially all its assets, outside of the ordinary course of business, is permitted only if authorized by special resolution. Any such sale gives rise to dissent rights.</p>	<p>The sale by a corporation of all or substantially all its undertaking, outside of the ordinary course of business, is permitted only if authorized by special resolution. Any such sale gives rise to dissent rights. Unlike the Ontario Act, the BC Act exempts certain transactions with affiliates.</p>
<b>Dissent rights</b>	<p>Provides a right of dissent and appraisal in respect of certain fundamental corporate actions. No provision for the court to vary the statutory framework</p>	<p>Provides a substantively similar right of dissent and appraisal, though there are differences in the procedural and process requirements. The court may vary the statutory framework.</p> <p>Shareholders may waive dissent rights in respect of a particular change.</p>
<b>Compulsory acquisition</b>	<p>Provides a right of compulsory acquisition for an offeror that acquires 90% of the target securities pursuant to a take-over bid, other than securities held at the date of the bid by or on behalf of the offeror. Unlike the BC Act, provides that where a person (together with its affiliates and associates) acquires 90% or more of a class of securities, other securityholders can require the corporation itself to acquire their securities.</p>	<p>Provides a substantively similar right although there are differences in the procedures and process. Unlike the Ontario Act, provides that where an offeror does not use the compulsory acquisition right when entitled to do so, a securityholder who did not accept the original offer may require the offeror to acquire the securityholder's securities involved in the original offer.</p>
<b>Oppression remedy</b>	<p>The scope of potential claimants includes securityholders or former securityholders of the corporation or any of its affiliates, beneficial owners or former beneficial owners of securities of the corporation or any of its affiliates, directors or officers or former directors or officers of the corporation or any of its affiliates, or any other person considered proper by the court. Claims may be based on conduct of the corporation or any of its affiliates</p>	<p>The scope of potential claimants includes shareholders, beneficial owners of shares and any other person considered appropriate by the court. Claims may be based on conduct of the corporation that is oppressive or unfairly prejudicial. Unlike the Ontario Act, the BC Act does not make reference to conduct that "unfairly disregards" interests.</p>

	Ontario Act	BC Act
	that is oppressive, unfairly prejudicial, or that unfairly disregards the interests of a securityholder, creditor, director or officer.	
<b>Derivative actions</b>	A securityholder or former securityholder, beneficial owner or former beneficial owner of a security of the corporation or any of its affiliates, a director or officer or former director or officer of the corporation or any of its affiliates, or any other person considered proper by the court may, with leave of the court, bring an action in the name of the corporation or any of its subsidiaries or intervene in any such action to prosecute, defend or discontinue it.	A shareholder, beneficial owner, director and any other person considered appropriate by the court may, with leave of the court, bring action in the name of the company or defend an action against the company. Shareholder approval of action is not determinative but will be taken into account.
<b>Investigations/ appointment of inspectors</b>	Shareholders can apply to the court for the appointment of an inspector. Unlike the BC Act, the Ontario Act does not require an applicant to hold a specified number of shares.	A company may appoint an inspector by special resolution. Shareholders holding at least 1/5 of all shares may apply to the court for the appointment of an inspector. The court must consider whether there are reasonable grounds for believing there has been oppressive, fraudulent or dishonest conduct.

SCHEDULE "B"

SPECIAL RESOLUTION OF THE SHAREHOLDERS  
OF  
ATLANTIC POWER CORPORATION  
(the "Corporation")

AUTHORIZATION TO TRANSFER TO ANOTHER JURISDICTION

RESOLVED as a special resolution pursuant to Section 181 of the *Business Corporations Act* (Ontario) (the "OBCA") that:

1. The Corporation is hereby authorized to make an application, in the form attached as Appendix "A" hereto, for a Certificate of Continuance continuing the Corporation under the *Business Corporations Act* (British Columbia) (the "BCBCA") as if it had been incorporated under the laws of British Columbia.
2. The Corporation is hereby authorized to make an application to the Minister of Consumer and Business Services (the "Minister") of Ontario for the Minister's authorization to permit such continuance.
3. Any officer or director of the Corporation is hereby authorized and directed to execute, under the corporate seal or otherwise, and to deliver all documents and to do all things necessary or desirable to effect such application for a Certificate of Continuance under the laws of British Columbia.

ARTICLES OF CONTINUANCE

RESOLVED that:

1. The Corporation is hereby authorized pursuant to Section 181 of the OBCA and Section 302 of the BCBCA, to make an application under the BCBCA for a Certificate of Continuance and to adopt Articles of Continuance in the form attached as Appendix "B" hereto, in substitution for its existing Articles of Incorporation of the Corporation, to be effective upon the issuance of a Certificate of Continuance by the Director appointed under the BCBCA.
2. Any officer or director of the Corporation is hereby authorized and directed to execute, under the corporate seal or otherwise, and deliver all such other documents and to do all things necessary or desirable to effect the foregoing resolutions, including the execution and delivery of the Articles of Continuance to the Registrar of Companies of British Columbia.

## APPENDIX "B"

### ATLANTIC POWER CORPORATION

Atlantic Power Corporation (the "Company") has as its articles the following articles.

Adopted by Special Resolution of the shareholders on June 8, 2005.

*Incorporation number:* NR9547350

### PART 1 - INTERPRETATION

#### 1.1 Definitions

Without limiting Article 1.2 in these Articles, unless the context otherwise requires:

- (1) "board of directors", "directors" and "board" mean the directors or sole director of the Company for the time being.
- (2) "*Business Corporations Act*" means the *Business Corporations Act* (British Columbia) from time to time in force and all amendments thereto and includes all regulations and amendments thereto made pursuant to that Act;
- (3) "legal personal representative" means the personal or other legal representative of the shareholder;
- (4) "OBCA" means the *Business Corporations Act* (Ontario) and all amendments thereto in force from time to time and any statute or code of the Province of Ontario that supercedes such Act;
- (5) "registered address" of a shareholder means the shareholder's address as recorded in the central securities register; and
- (6) "seal" means the seal of the Company, if any.

#### 1.2 *Business Corporations Act and Interpretation Act Definitions Applicable*

The definitions in the *Business Corporations Act* and the definitions and rules of construction in the *Interpretation Act*, with the necessary changes, so far as applicable, and unless the context requires otherwise, apply to these Articles as if they were an enactment. If there is a conflict between a definition in the *Business Corporations Act* and a definition or rule in the *Interpretation Act* relating to a term used in these Articles, the definition in the *Business Corporations Act* will prevail in relation to the use of the term in these Articles. If there is a conflict between these Articles and the *Business Corporations Act*, the *Business Corporations Act* will prevail.

### PART 2 - SHARES AND SHARE CERTIFICATES

#### 2.1 Authorized Share Structure

The authorized share structure of the Company consists of shares of the class or classes and series, if any, described in the Notice of Articles of the Company.

#### 2.2 Form of Share Certificate

Each share certificate issued by the Company must comply with, and be signed as required by, the *Business Corporations Act*.

### **2.3 Shareholder Entitled to Certificate or Acknowledgment**

Each shareholder is entitled, without charge, to (a) one share certificate representing the shares of each class or series of shares registered in the shareholder's name; or (b) a non-transferable written acknowledgment of the shareholder's right to obtain such a share certificate, provided that in respect of a share held jointly by several persons, the Company is not bound to issue more than one share certificate and delivery of a share certificate for a share to one of several joint shareholders or to one of the shareholders' duly authorized agents will be sufficient delivery to all.

### **2.4 Delivery by Mail**

Any share certificate or non-transferable written acknowledgment of a shareholder's right to obtain a share certificate may be sent to the shareholder by mail at the shareholder's registered address and neither the Company nor any director, officer or agent of the Company is liable for any loss to the shareholder because the share certificate or acknowledgment is lost in the mail or stolen.

### **2.5 Replacement of Worn Out or Defaced Certificate or Acknowledgement**

If the directors are satisfied that a share certificate or a non-transferable written acknowledgment of the shareholder's right to obtain a share certificate is worn out or defaced, they must, on production to them of the share certificate or acknowledgment, as the case may be, and on such other terms, if any, as they think fit:

- (1) order the share certificate or acknowledgment, as the case may be, to be cancelled; and
- (2) issue a replacement share certificate or acknowledgment, as the case may be.

### **2.6 Replacement of Lost, Stolen or Destroyed Certificate or Acknowledgment**

If a share certificate or a non-transferable written acknowledgment of a shareholder's right to obtain a share certificate is lost, stolen or destroyed, a replacement share certificate or acknowledgment, as the case may be, must be issued to the person entitled to that share certificate or acknowledgment, as the case may be, if the directors receive:

- (1) proof satisfactory to them that the share certificate or acknowledgment is lost, stolen or destroyed; and
- (2) any indemnity the directors consider adequate.

### **2.7 Splitting Share Certificates**

If a shareholder surrenders a share certificate to the Company with a written request that the Company issue in the shareholder's name two or more share certificates, each representing a specified number of shares and in the aggregate representing the same number of shares as the share certificate so surrendered, the Company must cancel the surrendered share certificate and issue replacement share certificates in accordance with that request.

### **2.8 Certificate Fee**

There must be paid to the Company, in relation to the issue of any share certificate under Articles 2.5, 2.6 or 2.7, the amount, if any and which must not exceed the amount prescribed under the *Business Corporations Act*, determined by the directors.

### **2.9 Recognition of Trusts**

Except as required by law or statute or these Articles, no person will be recognized by the Company as holding any share upon any trust, and the Company is not bound by or compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share or fraction of a share or

(except as by law or statute or these Articles provided or as ordered by a court of competent jurisdiction) any other rights in respect of any share except an absolute right to the entirety thereof in the shareholder.

#### **2.10 Lien on Shares**

The Company has a lien on any share or shares registered in the name of a shareholder or his legal representative for any debt of that shareholder to the Company.

#### **2.11 Enforcement of Lien**

The lien referred to in Article 2.10 may be enforced by any means permitted by law and:

- (a) where the share or shares are redeemable pursuant to the articles of the Company by redeeming such share or shares and applying the redemption price to the debt;
- (b) subject to the *Business Corporations Act*, by purchasing the share or shares for cancellation for a price equal to the book value of such share or shares and applying the proceeds to the debt;
- (c) by selling the share or shares to any third party whether or not such party is at arm's length to the Company, and including, without limitation, any officer or director of the Company, for the best price which the directors consider to be obtainable for such share or shares; or
- (d) by refusing to register a transfer of such share or shares until the debt is paid.

### **PART 3 - ISSUE OF SHARES**

#### **3.1 Directors Authorized**

Subject to the *Business Corporations Act* and the rights of the holders of issued shares of the Company, the Company may issue, allot, sell or otherwise dispose of the unissued shares, and issued shares held by the Company, at the times, to the persons, including directors, in the manner, on the terms and conditions and for the issue prices (including any premium at which shares with par value may be issued) that the directors may determine. The issue price for a share with par value must be equal to or greater than the par value of the share.

#### **3.2 Commissions and Discounts**

The Company may at any time, pay a reasonable commission or allow a reasonable discount to any person in consideration of that person purchasing or agreeing to purchase shares of the Company from the Company or any other person or procuring or agreeing to procure purchasers for shares of the Company.

#### **3.3 Brokerage**

The Company may pay such brokerage fee or other consideration as may be lawful for or in connection with the sale or placement of its securities.

#### **3.4 Conditions of Issue**

Except as provided for by the *Business Corporations Act*, no share may be issued until it is fully paid. A share is fully paid when:

- (1) consideration is provided to the Company for the issue of the share by one or more of the following:
  - (a) past services performed for the Company;
  - (b) property;

- (c) money; and
- (2) the value of the consideration received by the Company equals or exceeds the issue price set for the share under Article 3.1.

### **3.5 Share Purchase Warrants and Rights**

Subject to the *Business Corporations Act*, the Company may issue share purchase warrants, options and rights upon such terms and conditions as the directors determine, which share purchase warrants, options and rights may be issued alone or in conjunction with debentures, debenture stock, bonds, shares or any other securities issued or created by the Company from time to time.

### **3.6 Fractional Shares**

The Company may issue fractional shares, and the holders of fractional shares of the Company shall be entitled to exercise the rights of a shareholder for such fractional share in proportion to the fraction of the share held.

## **PART 4 - SHARE REGISTERS**

### **4.1 Central Securities Register**

As required by and subject to the *Business Corporations Act*, the Company must maintain in British Columbia a central securities register. The directors may, subject to the *Business Corporations Act*, appoint an agent to maintain the central securities register. The directors may also appoint one or more agents, including the agent which keeps the central securities register, as transfer agent for its shares or any class or series of its shares, as the case may be, and the same or another agent as registrar for its shares or such class or series of its shares, as the case may be. The directors may terminate such appointment of any agent at any time and may appoint another agent in its place.

## **PART 5 - SHARE TRANSFERS**

### **5.1 Registering Transfers**

A transfer of a share of the Company must not be registered unless:

- (1) a duly signed instrument of transfer in respect of the share has been received by the Company;
- (2) if a share certificate has been issued by the Company in respect of the share to be transferred, that share certificate has been surrendered to the Company;
- (3) such additional requirements as may be imposed from time to time in accordance with Part 25 of these articles have been complied with; and
- (4) if a non-transferable written acknowledgment of the shareholder's right to obtain a share certificate has been issued by the Company in respect of the share to be transferred, that acknowledgment has been surrendered to the Company.

### **5.2 Form of Instrument of Transfer**

The instrument of transfer in respect of any share of the Company must be either in the form, if any, on the back of the Company's share certificates or in any other form that may be approved by the directors from time to time.

### **5.3 Transferor Remains Shareholder**

Except to the extent that the *Business Corporations Act* otherwise provides, the transferor of shares is deemed to remain the holder of the shares until the name of the transferee is entered in a securities register of the Company in respect of the transfer.

### **5.4 Signing of Instrument of Transfer**

If a shareholder, or his or her duly authorized attorney, signs an instrument of transfer in respect of shares registered in the name of the shareholder, the signed instrument of transfer constitutes a complete and sufficient authority to the Company and its directors, officers and agents to register the number of shares specified in the instrument of transfer or specified in any other manner, or, if no number is specified, all the shares represented by the share certificates or set out in the written acknowledgments deposited with the instrument of transfer:

- (1) in the name of the person named as transferee in that instrument of transfer; or
- (2) if no person is named as transferee in that instrument of transfer, in the name of the person on whose behalf the instrument is deposited for the purpose of having the transfer registered.

### **5.5 Enquiry as to Title Not Required**

Neither the Company nor any director, officer or agent of the Company is bound to inquire into the title of the person named in the instrument of transfer as transferee or, if no person is named as transferee in the instrument of transfer, of the person on whose behalf the instrument is deposited for the purpose of having the transfer registered or is liable for any claim related to registering the transfer by the shareholder or by any intermediate owner or holder of the shares, of any interest in the shares, of any share certificate representing such shares or of any written acknowledgment of a right to obtain a share certificate for such shares.

### **5.6 Transfer Fee**

There must be paid to the Company, in relation to the registration of any transfer, the amount, if any, determined by the directors.

## **PART 6 - TRANSMISSION OF SHARES**

### **6.1 Legal Personal Representative Recognized on Death**

In case of the death of a shareholder, the legal personal representative, or if the shareholder was a joint holder, the surviving joint holder, will be the only person recognized by the Company as having any title to the shareholder's interest in the shares. Before recognizing a person as a legal personal representative, the directors may require proof of appointment by a court of competent jurisdiction, a grant of letters probate, letters of administration or such other evidence or documents as the directors consider appropriate.

### **6.2 Rights of Legal Personal Representative**

The legal personal representative has the same rights, privileges and obligations that attach to the shares held by the shareholder, including the right to transfer the shares in accordance with these Articles, provided the documents required by the *Business Corporations Act* and the directors have been deposited with the Company.

## **PART 7 - PURCHASE OF SHARES**

### **7.1 Company Authorized to Purchase Shares**

Subject to Article 7.2 and 7.3, the special rights and restrictions attached to the shares of any class or series and the *Business Corporations Act*, the Company may, if authorized by the directors, purchase or otherwise acquire any of its shares at the price and upon the terms specified in such resolution.

## **7.2 Purchase When Insolvent**

The Company must not make a payment or provide any other consideration to purchase or otherwise acquire any of its shares if there are reasonable grounds for believing that:

- (1) the Company is insolvent; or
- (2) making the payment or providing the consideration would render the Company insolvent.

## **7.3 Restriction on Intercorporate ownership of Own Shares**

The Company shall not hold shares in itself or in its holding corporation and shall not permit any of its subsidiaries to hold shares of the Company unless such holding would be permitted under the OBCA.

## **7.4 Sale and Voting of Purchased Shares**

If the Company retains a share redeemed, purchased or otherwise acquired by it, the Company may sell, gift or otherwise dispose of the share, but, while such share is held by the Company, it:

- (1) is not entitled to vote the share at a meeting of its shareholders;
- (2) must not pay a dividend in respect of the share; and
- (3) must not make any other distribution in respect of the share.

## **PART 8 - BORROWING POWERS**

The Company, if authorized by the directors, may:

- (1) borrow money in the manner and amount, on the security, from the sources and on the terms and conditions that they consider appropriate;
- (2) issue bonds, debentures and other debt obligations either outright or as security for any liability or obligation of the Company or any other person and at such discounts or premiums and on such other terms as they consider appropriate;
- (3) guarantee the repayment of money by any other person or the performance of any obligation of any other person; and
- (4) mortgage, charge, whether by way of specific or floating charge, grant a security interest in, or give other security on, the whole or any part of the present and future assets and undertaking of the Company.

## **PART 9 - ALTERATIONS**

### **9.1 Alteration of Authorized Share Structure**

Subject to Article 9.2 and the *Business Corporations Act*, the Company may by special resolution:

- (1) create one or more classes or series of shares or, if none of the shares of a class or series of shares are allotted or issued, eliminate that class or series of shares;
- (2) increase, reduce or eliminate the maximum number of shares that the Company is authorized to issue out of any class or series of shares or establish a maximum number of shares that the Company is authorized to issue out of any class or series of shares for which no maximum is established;

- (3) subdivide or consolidate all or any of its unissued, or fully-paid issued, shares;
- (4) if the Company is authorized to issue shares of a class of shares with par value:
  - (a) decrease the par value of those shares; or
  - (b) if none of the shares of that class of shares are allotted or issued, increase the par value of those shares;
- (5) change all or any of its unissued, or fully paid issued, shares with par value into shares without par value or any of its unissued shares without par value into shares with par value;
- (6) alter the identifying name of any of its shares; or
- (7) otherwise alter its shares or authorized share structure when required or permitted to do so by the *Business Corporations Act*.

## 9.2 Special Rights and Restrictions

Subject to the *Business Corporation Act*, the Company may by special resolution:

- (1) create special rights or restrictions for, and attach those special rights or restrictions to, the shares of any class or series of shares, whether or not any or all of those shares have been issued; or
- (2) vary or delete any special rights or restrictions attached to the shares of any class or series of shares, whether or not any or all of those shares have been issued.

## 9.3 Change of Name

The Company may by special resolution authorize an alteration of its Notice of Articles in order to change its name.

## 9.4 Other Alterations

If the *Business Corporations Act* does not specify the type of resolution and these Articles do not specify another type of resolution, the Company may by special resolution alter these Articles.

# PART 10 - MEETINGS OF SHAREHOLDERS

## 10.1 Annual General Meetings

Unless an annual general meeting is deferred or waived in accordance with the *Business Corporations Act*, the Company must hold its first annual general meeting within 18 months after the date on which it was incorporated or otherwise recognized, and after that must hold an annual general meeting at least once in each calendar year and not more than 15 months after the last annual reference date at such time and place as may be determined by the directors.

## 10.2 Resolution Instead of Annual General Meeting

If all the shareholders who are entitled to vote at an annual general meeting consent by a unanimous resolution under the *Business Corporations Act* to all of the business that is required to be transacted at that annual general meeting, the annual general meeting is deemed to have been held on the date of the unanimous resolution. The shareholders must, in any unanimous resolution passed under this Article 10.2, select as the Company's annual reference date a date that would be appropriate for the holding of the applicable annual general meeting.

### **10.3 Place of Meetings**

Meetings of the shareholders shall be held at the place where the registered office of the Company is situated or, if the board shall so determine, at some other place within or outside British Columbia.

### **10.4 Calling of Meetings of Shareholders**

The directors may, whenever and wherever they think fit, call a meeting of shareholders. The Company can hold its general meetings at a specified location outside of British Columbia if so authorized by a resolution of its directors.

### **10.5 Notice for Meetings of Shareholders**

The Company must send notice of the date, time and location of any meeting of shareholders, in the manner provided in these Articles, or in such other manner, if any, as may be prescribed by ordinary resolution (whether previous notice of the resolution has been given or not), to each shareholder entitled to attend the meeting, to each director and to the auditor of the Company, unless these Articles otherwise provide, at least the following number of days before the meeting:

- (1) if and for so long as the Company is a public company, 21 days;
- (2) otherwise, 10 days.

### **10.6 Record Date for Notice**

The directors may set a date as the record date for the purpose of determining shareholders entitled to notice of any meeting of shareholders. The record date must not precede the date on which the meeting is to be held by more than two months or, in the case of a general meeting requisitioned by shareholders under the *Business Corporations Act*, by more than four months. The record date must not precede the date on which the meeting is held by fewer than:

- (1) if and for so long as the Company is a public company, 21 days;
- (2) otherwise, 10 days.

If no record date is set, the record date is 5 p.m. (Toronto time) on the day immediately preceding the first date on which the notice is sent or, if no notice is sent, the beginning of the meeting.

### **10.7 Record Date for Voting**

The directors may set a date as the record date for the purpose of determining shareholders entitled to vote at any meeting of shareholders. The record date must not precede the date on which the meeting is to be held by more than two months or, in the case of a general meeting requisitioned by shareholders under the *Business Corporations Act*, by more than four months. If no record date is set, the record date is 5 p.m. on the day immediately preceding the first date on which the notice is sent or, if no notice is sent, the beginning of the meeting.

### **10.8 Failure to Give Notice and Waiver of Notice**

The accidental omission to send notice of any meeting to, or the non-receipt of any notice by, any of the persons entitled to notice does not invalidate any proceedings at that meeting. Any person entitled to notice of a meeting of shareholders may, in writing or otherwise, waive or reduce the period of notice of such meeting.

### **10.9 Notice of Special Business at Meetings of Shareholders**

If a meeting of shareholders is to consider special business within the meaning of Article 11.1, the notice of meeting must:

- (1) state the general nature of the special business; and
- (2) if the special business includes considering, approving, ratifying, adopting or authorizing any document or the signing of or giving of effect to any document, have attached to it a copy of the document or state that a copy of the document will be available for inspection by shareholders:
  - (a) at the Company's records office, or at such other reasonably accessible location in British Columbia as is specified in the notice; and
  - (b) during statutory business hours on any one or more specified days before the day set for the holding of the meeting.

#### **10.10 Meetings by Telephone, Electronic or Other Communications Facility**

Any person entitled to attend a meeting of shareholders may participate in the meeting, to the extent and in the manner permitted under the *Business Corporations Act*, by means of a telephonic, electronic or other communication facility that permits all participants to communicate adequately with each other during the meeting, if the Company makes available such a communication facility. A person participating in a meeting by such means is deemed for the purposes of the Act to be present at the meeting. The directors or the shareholders of the Company who call a meeting of shareholders pursuant to the Act may determine that the meeting shall be held, to the extent and in the manner permitted by law, entirely by means of a telephonic, electronic or other communication facility that permits all participants to communicate adequately with each other during the meeting.

### **PART 11 - PROCEEDINGS AT MEETINGS OF SHAREHOLDERS**

#### **11.1 Special Business**

At a meeting of shareholders, the following business is special business:

- (1) at a meeting of shareholders that is not an annual general meeting, all business is special business except business relating to the conduct of or voting at the meeting;
- (2) at an annual general meeting, all business is special business except for the following:
  - (a) business relating to the conduct of or voting at the meeting;
  - (b) consideration of a company financial statements of the Company presented to the meeting;
  - (c) consideration of a company reports of the directors or auditor;
  - (d) the setting or changing of the number of directors;
  - (e) the election or appointment of directors;
  - (f) the appointment of an auditor;
  - (g) the setting of the remuneration of an auditor;
  - (h) business arising out of a report of the directors not requiring the passing of a special resolution or an exceptional resolution;
  - (i) any other business which, under these Articles or the *Business Corporations Act*, may be transacted at a meeting of shareholders without prior notice of the business being given to the shareholders.

## **11.2 Special Majority**

The majority of votes required for the Company to pass a special resolution at a meeting of shareholders is two-thirds of the votes cast on the resolution.

## **11.3 Quorum**

Subject to the special rights and restrictions attached to the shares of any class or series of shares, the quorum for the transaction of business at a meeting of shareholders is two persons, present in person, each being a shareholder entitled to vote thereat or a duly appointed proxy for a shareholder so entitled.

## **11.4 One Shareholder May Constitute Quorum**

If there is only one shareholder entitled to vote at a meeting of shareholders:

- (1) the quorum is one person who is, or who represents by proxy, that shareholder, and
- (2) that shareholder, present in person or by proxy, may constitute the meeting.

## **11.5 Other Persons May Attend**

The directors, the president (if any), the secretary (if any), the auditor of the Company, such other persons entitled to attend under the *Business Corporations Act* and any other persons invited by the chair of the meeting or with the consent of the meeting are entitled to attend any meeting of shareholders, but if any of those persons does attend a meeting of shareholders, that person is not to be counted in the quorum and is not entitled to vote at the meeting unless that person is a shareholder or proxy holder entitled to vote at the meeting.

## **11.6 Requirement of Quorum**

No business, other than the election of a chair of the meeting and the adjournment of the meeting, may be transacted at any meeting of shareholders unless a quorum of shareholders entitled to vote is present at the commencement of the meeting, but such quorum need not be present throughout the meeting.

## **11.7 Lack of Quorum**

If, within one-half hour from the time set for the holding of a meeting of shareholders, a quorum is not present:

- (1) in the case of a general meeting requisitioned by shareholders, the meeting is dissolved, and
- (2) in the case of any other meeting of shareholders, the meeting stands adjourned to the same day in the next week at the same time and place.

## **11.8 Lack of Quorum at Succeeding Meeting**

If, at the meeting to which the meeting referred to in Article 11.7(2) was adjourned, a quorum is not present within one-half hour from the time set for the holding of the meeting, the person or persons present and being, or representing by proxy, one or more shareholders entitled to attend and vote at the meeting constitute a quorum.

## **11.9 Chair**

The following individual is entitled to preside as chair at a meeting of shareholders:

- (1) the chair of the board, if any; or
- (2) if the chair of the board is absent or unwilling to act as chair of the meeting, the president, if any.

#### **11.10 Selection of Alternate Chair**

If, at any meeting of shareholders, there is no chair of the board or president present within 15 minutes after the time set for holding the meeting, or if the chair of the board and the president are unwilling to act as chair of the meeting, or if the chair of the board and the president have advised the secretary, if any, or any director present at the meeting, that they will not be present at the meeting, the directors present must choose one of their number to be chair of the meeting or if all of the directors present decline to take the chair or fail to so choose or if no director is present, the shareholders entitled to vote at the meeting who are present in person or by proxy may choose any person present at the meeting to chair the meeting.

#### **11.11 Adjournments**

The chair of a meeting of shareholders may, and if so directed by the meeting must, adjourn the meeting from time to time and from place to place, but no business may be transacted at any meeting reconvened after an adjournment other than the business left unfinished at the meeting from which the adjournment took place.

#### **11.12 Notice of Adjourned Meeting**

It is not necessary to give any notice of an adjourned meeting or of the business to be transacted at an adjourned meeting of shareholders except that, when a meeting is adjourned for 30 days or more, notice of the adjourned meeting must be given as in the case of the original meeting.

#### **11.13 Decisions by Show of Hands or Poll**

Subject to the *Business Corporations Act*, every motion put to a vote at a meeting of shareholders will be decided on a show of hands unless a poll, before or on the declaration of the result of the vote by show of hands, is directed by the chair or demanded by at least one shareholder entitled to vote who is present in person or by proxy, by electronic means or otherwise.

#### **11.14 Declaration of Result**

The chair of a meeting of shareholders must declare to the meeting the decision on every question in accordance with the result of the show of hands or the poll, as the case may be, and that decision must be entered in the minutes of the meeting. A declaration of the chair that a resolution is carried by the necessary majority or is defeated is, unless a poll is directed by the chair or demanded under Article 11.13, conclusive evidence without proof of the number or proportion of the votes recorded in favour of or against the resolution.

#### **11.15 Motion Need Not be Seconded**

No motion proposed at a meeting of shareholders need be seconded unless the chair of the meeting rules otherwise, and the chair of any meeting of shareholders is entitled to propose or second a motion.

#### **11.16 Casting Vote**

In case of an equality of votes, the chair of a meeting of shareholders does not, either on a show of hands or on a poll, have a second or casting vote in addition to the vote or votes to which the chair may be entitled as a shareholder.

#### **11.17 Manner of Taking Poll**

Subject to Article 11.18, if a poll is duly demanded at a meeting of shareholders:

- (1) the poll must be taken:
  - (a) at the meeting, or within seven days after the date of the meeting, as the chair of the meeting directs; and

- (b) in the manner, at the time and at the place that the chair of the meeting directs, provided that every shareholder or proxyholder participating in the meeting electronically must be permitted to vote their shares on the poll;
- (2) the result of the poll is deemed to be the decision of the meeting at which the poll is demanded; and
- (3) the demand for the poll may be withdrawn by the person who demanded it.

#### **11.18 Demand for Poll on Adjournment**

A poll demanded at a meeting of shareholders on a question of adjournment must be taken immediately at the meeting.

#### **11.19 Chair Must Resolve Dispute**

In the case of any dispute as to the admission or rejection of a vote given on a poll, the chair of the meeting must determine the dispute, and his or her determination made in good faith is final and conclusive.

#### **11.20 Casting of Votes**

- (1) On a poll, a shareholder entitled to more than one vote need not cast all the votes in the same way; and
- (2) any shareholder or proxyholder participating in a meeting of shareholders by electronic means and entitled to vote at that meeting may vote, to the extent and in the manner permitted by law, partly or entirely by means of the telephonic, electronic or other communication facility that the Company has made available for that purpose.

#### **11.21 Demand for Poll Not to Prevent Continuance of Meeting**

The demand for a poll at a meeting of shareholders does not, unless the chair of the meeting so rules, prevent the continuation of a meeting for the transaction of any business other than the question on which a poll has been demanded.

#### **11.22 Retention of Ballots and Proxies**

The Company must, for at least three months after a meeting of shareholders, keep each ballot cast on a poll and each proxy voted at the meeting, and, during that period, make them available for inspection during normal business hours by any shareholder or proxyholder entitled to vote at the meeting. At the end of such three month period, the Company may destroy such ballots and proxies.

## **PART 12 - VOTES OF SHAREHOLDERS**

### **12.1 Number of Votes by Shareholder or by Shares**

Subject to any special rights or restrictions attached to any shares and to the restrictions imposed on joint shareholders under Article 12.3:

- (1) on a vote by show of hands, every person present who is a shareholder or proxy holder and entitled to vote on the matter has one vote; and
- (2) on a poll, every shareholder entitled to vote on the matter has one vote in respect of each share entitled to be voted on the matter and held by that shareholder and may exercise that vote either in person or by proxy.

## 12.2 Votes of Persons in Representative Capacity

A person who is not a shareholder may vote at a meeting of shareholders, whether on a show of hands or on a poll, and may appoint a proxy holder to act at the meeting, if, before doing so, the person satisfies the chair of the meeting, or the directors, that the person is a legal personal representative or a trustee in bankruptcy for a shareholder who is entitled to vote at the meeting.

## 12.3 Votes by Joint Holders

If there are joint shareholders registered in respect of any share:

- (1) any one of the joint shareholders may vote at any meeting, either personally or by proxy, in respect of the share as if that joint shareholder were solely entitled to it; or
- (2) if more than one of the joint shareholders is present at any meeting, personally or by proxy, and more than one of them votes in respect of that share, then only the vote of the joint shareholder present whose name stands first on the central securities register in respect of the share will be counted.

## 12.4 Legal Personal Representatives as Joint Shareholders

Two or more legal personal representatives of a shareholder in whose sole name any share is registered are, for the purposes of Article 12.3, deemed to be joint shareholders.

## 12.5 Representative of a Corporate Shareholder

If a corporation, that is not a subsidiary of the Company, is a shareholder, that corporation may appoint a person to act as its representative at any meeting of shareholders of the Company, and:

- (1) for that purpose, the instrument appointing a representative must:
  - (a) be received at the registered office of the Company or at any other place specified, in the notice calling the meeting, for the receipt of proxies, at least the number of business days specified in the notice for the receipt of proxies, or if no number of days is specified, two business days before the day set for the holding of the meeting; or
  - (b) be provided, at the meeting, to the chair of the meeting or to a person designated by the chair of the meeting;
- (2) if a representative is appointed under this Article 12.5:
  - (a) the representative is entitled to exercise in respect of and at that meeting the same rights on behalf of the corporation that the representative represents as that corporation could exercise if it were a shareholder who is an individual, including, without limitation, the right to appoint a proxy holder; and
  - (b) the representative, if present at the meeting, is to be counted for the purpose of forming a quorum and is deemed to be a shareholder present in person at the meeting.

Evidence of the appointment of any such representative may be sent to the Company by written instrument, fax or any other method of transmitting legibly recorded messages.

## 12.6 Proxy Provisions Do Not Apply to All Companies

Articles 12.7 to 12.15 do not apply to the Company if and for so long as it is a public company or a pre-existing reporting company which has the Statutory Reporting Company Provisions as part of its Articles or to which the Statutory Reporting Company Provisions apply.

## **12.7 Appointment of Proxy Holders**

Every shareholder of the Company, including a corporation that is a shareholder but not a subsidiary of the Company, entitled to vote at a meeting of shareholders of the Company may, by proxy, appoint one or more (but not more than five) proxy holders to attend and act at the meeting in the manner, to the extent and with the powers conferred by the proxy.

## **12.8 Alternate Proxy Holders**

A shareholder may appoint one or more alternate proxy holders to act in the place of an absent proxy holder.

## **12.9 When Proxy Holder Need Not Be Shareholder**

A person must not be appointed as a proxy holder unless the person is a shareholder, although a person who is not a shareholder may be appointed as a proxy holder if:

- (1) the person appointing the proxy holder is a corporation or a representative of a corporation appointed under Article 12.5;
- (2) the Company has at the time of the meeting for which the proxy holder is to be appointed only one shareholder entitled to vote at the meeting; or
- (3) the shareholders present in person or by proxy at and entitled to vote at the meeting for which the proxy holder is to be appointed, by a resolution on which the proxy holder is not entitled to vote but in respect of which the proxy holder is to be counted in the quorum, permit the proxy holder to attend and vote at the meeting.

## **12.10 Deposit of Proxy**

A proxy for a meeting of shareholders must:

- (1) be received at the registered office of the Company or at any other place specified, in the notice calling the meeting, for the receipt of proxies, at least the number of business days specified in the notice, or if no number of days is specified, two business days before the day set for the holding of the meeting; or
- (2) unless the notice provides otherwise, be provided, at the meeting, to the chair of the meeting or to a person designated by the chair of the meeting.

A proxy may be sent to the Company by written instrument, fax or any other method of transmitting legibly recorded messages.

## **12.11 Validity of Proxy Vote**

A vote given in accordance with the terms of a proxy is valid notwithstanding the death or incapacity of the shareholder giving the proxy and despite the revocation of the proxy or the revocation of the authority under which the proxy is given, unless notice in writing of that death, incapacity or revocation is received:

- (1) at the registered office of the Company, at any time up to and including the last business day before the day set for the holding of the meeting at which the proxy is to be used; or
- (2) by the chair of the meeting, before the vote is taken.

**12.12 Form of Proxy**

A proxy, whether for a specified meeting or otherwise, must be either in the following form or in any other form approved by the directors or the chair of the meeting:

*[name of company]*  
(the "Company")

The undersigned, being a shareholder of the Company, hereby appoints *[name]* or, failing that person, *[name]*, as proxy holder for the undersigned to attend, act and vote for and on behalf of the undersigned at the meeting of shareholders of the Company to be held on *[month, day, year]* and at any adjournment of that meeting.

Number of shares in respect of which this proxy is given (if no number is specified, then this proxy is given in respect of all shares registered in the name of the shareholder):

Signed *[month, day, year]*

\_\_\_\_\_

*[Signature of shareholder]*

\_\_\_\_\_

*[Name of shareholder—printed]*

**12.13 Revocation of Proxy**

Subject to Article 12.14, every proxy may be revoked by an instrument in writing that is:

- (1) received at the registered office of the Company at any time up to and including the last business day before the day set for the holding of the meeting at which the proxy is to be used; or
- (2) provided, at the meeting, to the chair of the meeting.

**12.14 Revocation of Proxy Must Be Signed**

An instrument referred to in Article 12.13 must be signed as follows:

- (1) if the shareholder for whom the proxy holder is appointed is an individual, the instrument must be signed by the shareholder or his or her legal personal representative or trustee in bankruptcy;
- (2) if the shareholder for whom the proxy holder is appointed is a corporation, the instrument must be signed by the corporation or by a representative appointed for the corporation under Article 12.5.

**12.15 Production of Evidence of Authority to Vote**

The chair of any meeting of shareholders may, but need not, inquire into the authority of any person to vote at the meeting and may, but need not, demand from that person production of evidence as to the existence of the authority to vote.

## PART 13 - DIRECTORS

### 13.1 First Directors; Number of Directors

The first directors are the persons designated as directors of the Company in the Notice of Articles that applies to the Company when it is recognized under the *Business Corporations Act*. The number of directors, excluding additional directors appointed under Article 14.8, is set at:

- (1) subject to paragraphs (2) and (3), the number of directors that is equal to the number of the Company's first directors;
- (2) if the Company is a public company, the greater of three and the most recently set of:
  - (a) the number of directors set by ordinary resolution (whether or not previous notice of the resolution was given); and
  - (b) the number of directors set under Article 14.4;
- (3) if the Company is not a public company, the most recently set of:
  - (a) the number of directors set by ordinary resolution (whether or not previous notice of the resolution was given); and
  - (b) the number of directors set under Article 14.4.

### 13.2 Residency of Directors

A majority of the directors shall be resident Canadians provided that if the number of directors is fewer than three, at least one shall be a resident Canadian.

### 13.3 Change in Number of Directors

If the number of directors is set under Articles 13.1(2)(a) or 13.1(3)(a):

- (1) the shareholders may elect or appoint the directors needed to fill any vacancies in the board of directors up to that number;
- (2) if the shareholders do not elect or appoint the directors needed to fill any vacancies in the board of directors up to that number contemporaneously with the setting of that number, then the directors may appoint, or the shareholders may elect or appoint, directors to fill those vacancies.

### 13.4 Directors' Acts Valid Despite Vacancy

An act or proceeding of the directors is not invalid merely because fewer than the number of directors set or otherwise required under these Articles is in office.

### 13.5 Qualifications of Directors

A director is not required to hold a share in the capital of the Company as qualification for his or her office but must be qualified as required by the *Business Corporations Act* to become, act or continue to act as a director.

### 13.6 Remuneration of Directors

The directors are entitled to the remuneration for acting as directors, if any, as the directors may from time to time determine. If the directors so decide, the remuneration of the directors, if any, will be determined by the shareholders. That remuneration may be in addition to any salary or other remuneration paid to any officer or employee of the Company as such, who is also a director.

### **13.7 Reimbursement of Expenses of Directors**

The Company must reimburse each director for the reasonable expenses that he or she may incur in and about the business of the Company.

### **13.8 Special Remuneration for Directors**

If any director who is not an employee or officer performs any professional or other services for the Company that in the opinion of the directors are outside the ordinary duties of a director who is not an employee or officer, or if any director who is not an employee or officer is otherwise specially occupied in or about the Company's business, he or she may be paid remuneration fixed by the directors, or, at the option of that director who is not an employee or officer, fixed by ordinary resolution, and such remuneration may be either in addition to, or in substitution for, any other remuneration that he or she may be entitled to receive.

### **13.9 Gratuity, Pension or Allowance on Retirement of Director**

Unless otherwise determined by ordinary resolution, the directors on behalf of the Company may pay a gratuity or pension or allowance on retirement to any director who has held any salaried office or place of profit with the Company or to his or her spouse or dependants and may make contributions to any fund and pay premiums for the purchase or provision of any such gratuity, pension or allowance.

## **PART 14 - ELECTION AND REMOVAL OF DIRECTORS**

### **14.1 Election at Annual General Meeting**

At every annual general meeting and in every unanimous resolution in lieu of an annual general meeting as contemplated by Article 10.2:

- (1) the shareholders entitled to vote at the annual general meeting for the election of directors must elect, or in the unanimous resolution appoint, a board of directors consisting of the number of directors for the time being set under these Articles; and
- (2) all the directors cease to hold office immediately before the election or appointment of directors under paragraph (1), but are eligible for re-election or re-appointment.

### **14.2 Consent to be a Director**

No election, appointment or designation of an individual as a director is valid unless:

- (1) that individual consents to be a director in the manner provided for in the *Business Corporations Act*;
- (2) that individual is elected or appointed at a meeting at which the individual is present and the individual does not refuse, at the meeting, to be a director; or
- (3) with respect to first directors, the designation is otherwise valid under the *Business Corporations Act*.

### **14.3 Failure to Elect or Appoint Directors**

If:

- (1) the Company fails to hold an annual general meeting, and all the shareholders who are entitled to vote at an annual general meeting fail to pass the unanimous resolution contemplated by Article 10.2, on or before the date by which the annual general meeting is required to be held under the *Business Corporations Act* or

- (2) the shareholders fail, at the annual general meeting or in the unanimous resolution contemplated by Article 10.2, to elect or appoint any directors;

then each director then in office continues to hold office until the earlier of:

- (3) the date on which his or her successor is elected or appointed; and
- (4) the date on which he or she otherwise ceases to hold office under the *Business Corporations Act* or these Articles

#### **14.4 Places of Retiring Directors Not Filled**

If, at any meeting of shareholders at which there should be an election of directors, the places of any of the retiring directors are not filled by that election, those retiring directors who are not re-elected and who are asked by the newly elected directors to continue in office will, if willing to do so, continue in office to complete the number of directors for the time being set pursuant to these Articles until further new directors are elected at a meeting of shareholders convened for that purpose. If any such election or continuance of directors does not result in the election or continuance of the number of directors for the time being set pursuant to these Articles, the number of directors of the Company is deemed to be set at the number of directors actually elected or continued in office.

#### **14.5 Directors May Fill Casual Vacancies**

Any casual vacancy occurring in the board of directors may be filled by the directors.

#### **14.6 Remaining Directors Power to Act**

The directors may act notwithstanding any vacancy in the board of directors, but if the Company has fewer directors in office than the number set pursuant to these Articles as the quorum of directors, the directors may only act for the purpose of appointing directors up to that number or of summoning a meeting of shareholders for the purpose of filling any vacancies on the board of directors or, subject to the *Business Corporations Act*, for any other purpose.

#### **14.7 Shareholders May Fill Vacancies**

If the Company has no directors or fewer directors in office than the number set pursuant to these Articles as the quorum of directors, the shareholders may elect or appoint directors to fill any vacancies on the board of directors.

#### **14.8 Additional Directors**

Notwithstanding Articles 13.1 and 13.2, between annual general meetings or unanimous resolutions contemplated by Article 14.2, the directors may appoint one or more additional directors, but the number of additional directors appointed under this Article 14.8 must not at any time exceed:

- (1) one-third of the number of first directors, if, at the time of the appointments, one or more of the first directors have not yet completed their first term of office; or
- (2) in any other case, one-third of the number of the current directors who were elected or appointed as directors other than under this Article 14.8.

Any director so appointed ceases to hold office immediately before the next election or appointment of directors under Article 14.1(1), but is eligible for re-election or re-appointment.

#### **14.9 Ceasing to be a Director**

A director ceases to be a director when:

- (1) the term of office of the director expires;
- (2) the director dies;
- (3) the director resigns as a director by notice in writing provided to the Company or a lawyer for the Company; or
- (4) the director is removed from office pursuant to Articles 14.10.

#### **14.10 Removal of Director by Shareholders**

The Company may remove any director before the expiration of his or her term of office by ordinary resolution. In that event, the shareholders may elect, or appoint by ordinary resolution, a director to fill the resulting vacancy. If the shareholders do not elect or appoint a director to fill the resulting vacancy contemporaneously with the removal, then the directors may appoint or the shareholders may elect, or appoint by ordinary resolution, a director to fill that vacancy.

### **PART 15 - POWERS AND DUTIES OF DIRECTORS**

#### **15.1 Powers of Management**

The directors must, subject to the *Business Corporations Act* and these Articles, manage or supervise the management of the business and affairs of the Company and have the authority to exercise all such powers of the Company as are not, by the *Business Corporations Act* or by these Articles, required to be exercised by the shareholders of the Company.

#### **15.2 Appointment of Attorney of Company**

The directors may from time to time, by power of attorney or other instrument, under seal if so required by law, appoint any person to be the attorney of the Company for such purposes, and with such powers, authorities and discretions (not exceeding those vested in or exercisable by the directors under these Articles and excepting the power to fill vacancies in the board of directors, to remove a director, to change the membership of, or fill vacancies in, any committee of the directors, to appoint or remove officers appointed by the directors and to declare dividends) and for such period, and with such remuneration and subject to such conditions as the directors may think fit. Any such power of attorney may contain such provisions for the protection or convenience of persons dealing with such attorney as the directors think fit. Any such attorney may be authorized by the directors to sub-delegate all or any of the powers, authorities and discretions for the time being vested in him or her.

### **PART 16 - DISCLOSURE OF INTEREST OF DIRECTORS**

#### **16.1 Obligation to Account for Profits**

A director or senior officer who holds a disclosable interest (as that term is used in the *Business Corporations Act*) in a contract or transaction into which the Company has entered or proposes to enter is liable to account to the Company for any profit that accrues to the director or senior officer under or as a result of the contract or transaction only if and to the extent provided in the *Business Corporations Act* or the OBCA.

#### **16.2 Restrictions on Voting by Reason of Interest**

A director who holds a disclosable interest in a contract or transaction into which the Company has entered or proposes to enter is not entitled to vote on any directors' resolution to approve that contract or transaction, unless

all the directors have a disclosable interest in that contract or transaction, in which case any or all of those directors may vote on such resolution.

### **16.3 Interested Director Counted in Quorum**

A director who holds a disclosable interest in a contract or transaction into which the Company has entered or proposes to enter and who is present at the meeting of directors at which the contract or transaction is considered for approval may be counted in the quorum at the meeting whether or not the director votes on any or all of the resolutions considered at the meeting.

### **16.4 Disclosure of Conflict of Interest or Property**

A director or senior officer who holds any office or possesses any property, right or interest that could result, directly or indirectly, in the creation of a duty or interest that materially conflicts with that individual's duty or interest as a director or senior officer, must disclose the nature and extent of the conflict as required by the *Business Corporations Act*.

### **16.5 Director Holding Other Office in the Company**

A director may hold any office or place of profit with the Company, other than the office of auditor of the Company, in addition to his or her office of director for the period and on the terms (as to remuneration or otherwise) that the directors may determine.

### **16.6 No Disqualification**

Subject to any restrictions under the OBCA, no director or intended director is disqualified by his or her office from contracting with the Company either with regard to the holding of any office or place of profit the director holds with the Company or as vendor, purchaser or otherwise, and no contract or transaction entered into by or on behalf of the Company in which a director is in any way interested is liable to be voided for that reason.

### **16.7 Professional Services by Director or Officer**

Subject to the *Business Corporations Act* and the OBCA, a director or officer, or any person in which a director or officer has an interest, may act in a professional capacity for the Company, except as auditor of the Company, and the director or officer or such person is entitled to remuneration for professional services as if that director or officer were not a director or officer.

### **16.8 Director or Officer in Other Corporations**

A director or officer may be or become a director, officer or employee of, or otherwise interested in, any person in which the Company may be interested as a shareholder or otherwise, and, subject to the *Business Corporations Act* and the OBCA, the director or officer is not accountable to the Company for any remuneration or other benefits received by him or her as director, officer or employee of, or from his or her interest in, such other person.

## **PART 17 - PROCEEDINGS OF DIRECTORS**

### **17.1 Meetings of Directors**

The directors may meet together for the conduct of business, adjourn and otherwise regulate their meetings as they think fit, and meetings of the directors held at regular intervals may be held at the place, at the time and on the notice, if any, as the directors may from time to time determine.

## 17.2 Voting at Meetings

Questions arising at any meeting of directors are to be decided by a majority of votes and, in the case of an equality of votes, the chair of the meeting does not have a second or casting vote.

## 17.3 Chair of Meetings

The following individual is entitled to preside as chair at a meeting of directors:

- (1) the chair of the board, if any
- (2) in the absence of the chair of the board, the president, if any, if the president is a director; or
- (3) any other director chosen by the directors if:
  - (a) neither the chair of the board nor the president, if a director, is present at the meeting within 15 minutes after the time set for holding the meeting;
  - (b) neither the chair of the board nor the president, if a director, is willing to chair the meeting; or
  - (c) the chair of the board and the president, if a director, have advised the secretary, if any, or any other director, that they will not be present at the meeting.

## 17.4 Meetings by Telephone or Other Communications Medium

A director may participate in a meeting of the directors or of any committee of the directors in person or by telephone if all directors participating in the meeting, whether in person or by telephone or other communications medium, are able to communicate with each other. A director may participate in a meeting of the directors or of any committee of the directors by a communications medium other than telephone if all directors participating in the meeting, whether in person or by telephone or other communications medium, are able to communicate with each other and if all directors who wish to participate in the meeting agree to such participation. A director who participates in a meeting in a manner contemplated by this Article 17.4 is deemed for all purposes of the *Business Corporations Act* and these Articles to be present at the meeting and to have agreed to participate in that manner.

## 17.5 Calling of Meetings

A director may, and the secretary or an assistant secretary of the Company, if any, on the request of a director must, call a meeting of the directors at any time.

## 17.6 Notice of Meetings

Other than for meetings held at regular intervals as determined by the directors pursuant to Article 17.1, reasonable notice of each meeting of the directors, specifying the place, day and time of that meeting must be given to each of the directors by any method set out in Article 23.1 or orally or by telephone.

## 17.7 When Notice Not Required

It is not necessary to give notice of a meeting of the directors to a director if:

- (1) the meeting is to be held immediately following a meeting of shareholders at which that director was elected or appointed, or is the meeting of the directors at which that director is appointed; or
- (2) the director has waived notice of the meeting.

#### **17.8 Meeting Valid Despite Failure to Give Notice**

The accidental omission to give notice of any meeting of directors to, or the non-receipt of any notice by, any director, does not invalidate any proceedings at that meeting.

#### **17.9 Waiver of Notice of Meetings**

Any director may send to the Company a document signed by him or her waiving notice of any past, present or future meeting or meetings of the directors and may at any time withdraw that waiver with respect to meetings held after that withdrawal. After sending a waiver with respect to all future meetings and until that waiver is withdrawn, no notice of any meeting of the directors need be given to that director and, unless the director otherwise requires by notice in writing to the Company, all meetings of the directors so held are deemed not to be improperly called or constituted by reason of notice not having been given to such director.

#### **17.10 Quorum**

The quorum necessary for the transaction of the business of the directors may be set by the directors and, if not so set, is deemed to be a majority of the number directors, provided that where the number of directors of the Company is two directors, both directors must be present to constitute a meeting.

#### **17.11 Validity of Acts Where Appointment Defective**

Subject to the *Business Corporations Act*, an act of a director or officer is not invalid merely because of an irregularity in the election or appointment or a defect in the qualification of that director or officer.

#### **17.12 Consent Resolutions in Writing**

A resolution of the directors or of any committee of the directors consented to in writing by all of the directors entitled to vote on it, whether by signed document, fax, email or any other method of transmitting legibly recorded messages, is as valid and effective as if it had been passed at a meeting of the directors or of the committee of the directors duly called and held. Such resolution may be in two or more counterparts which together are deemed to constitute one resolution in writing. A resolution passed in that manner is effective on the date stated in the resolution or on the latest date stated on any counterpart. A resolution of the directors or of any committee of the directors passed in accordance with this Article 17.12 is deemed to be a proceeding at a meeting of directors or of the committee of the directors and to be as valid and effective as if it had been passed at a meeting of the directors or of the committee of the directors that satisfies all the requirements of the *Business Corporations Act* and all the requirements of these Articles relating to meetings of the directors or of a committee of the directors.

### **PART 18 - EXECUTIVE AND OTHER COMMITTEES**

#### **18.1 Appointment and Powers of Executive Committee**

The directors may, by resolution, appoint an executive committee consisting of the director or directors that they consider appropriate, and this committee has, during the intervals between meetings of the board of directors, all of the directors' powers, except:

- (1) the power to fill vacancies in the board of directors;
- (2) the power to remove a director;
- (3) the power to change the membership of, or fill vacancies in, any committee of the directors; and
- (4) such other powers, if any, as may be set out in the resolution or any subsequent directors' resolution.

## 18.2 Appointment and Powers of Other Committees

The directors may, by resolution:

- (1) appoint one or more committees (other than the executive committee) consisting of the director or directors that they consider appropriate;
- (2) delegate to a committee appointed under paragraph (1) any of the directors' powers, except:
  - (a) the power to fill vacancies in the board of directors;
  - (b) the power to remove a director;
  - (c) the power to change the membership of, or fill vacancies in, any committee of the directors; and
  - (d) the power to appoint or remove officers appointed by the directors; and
- (3) make any delegation referred to in paragraph (2) subject to the conditions set out in the resolution or any subsequent directors' resolution.

## 18.3 Obligations of Committees

Any committee appointed under Articles 18.1, 18.2 and 18.6, in the exercise of the powers delegated to it, must:

- (1) conform to any rules that may from time to time be imposed on it by the directors; and
- (2) report every act or thing done in exercise of those powers at such times as the directors may require.

## 18.4 Powers of Board

The directors may, at any time, with respect to a committee appointed under Articles 18.1, 18.2 and 18.6:

- (1) revoke or alter the authority given to the committee, or override a decision made by the committee, except as to acts done before such revocation, alteration or overriding;
- (2) terminate the appointment of, or change the membership of, the committee; and
- (3) fill vacancies in the committee.

## 18.5 Committee Meetings

Subject to Article 18.3(1) and unless the directors otherwise provide in the resolution appointing the committee or in any subsequent resolution, with respect to a committee appointed under Articles 18.1, 18.2 and 18.6:

- (1) the committee may meet and adjourn as it thinks proper;
- (2) the committee may elect a chair of its meetings but, if no chair of a meeting is elected, or if at a meeting the chair of the meeting is not present within 15 minutes after the time set for holding the meeting, the directors present who are members of the committee may choose one of their number to chair the meeting;
- (3) a majority of the members of the committee constitutes a quorum of the committee; and

- (4) questions arising at any meeting of the committee are determined by a majority of votes of the members present, and in case of an equality of votes, the chair of the meeting does not have a second or casting vote.

#### **18.6 Audit Committee**

If the Company is a public company the directors shall, and otherwise the directors may, constitute an audit committee composed of not fewer than three directors, a majority of whom are not officers or employees of the Company or any of its affiliates, and who shall hold office until the next annual meeting of shareholders. Notwithstanding anything provided in this Part 18, the audit committee shall have the powers and duties provided in the *Business Corporations Act*.

### **PART 19 - OFFICERS**

#### **19.1 Directors May Appoint Officers**

The directors may, from time to time, appoint such officers, if any, as the directors determine and the directors may, at any time, terminate any such appointment.

#### **19.2 Functions, Duties and Powers of Officers**

The directors may, for each officer:

- (1) determine the functions and duties of the officer;
- (2) entrust to and confer on the officer any of the powers exercisable by the directors on such terms and conditions and with such restrictions as the directors think fit; and
- (3) revoke, withdraw, alter or vary all or any of the functions, duties and powers of the officer.

#### **19.3 Qualifications**

No officer may be appointed unless that officer is qualified in accordance with the *Business Corporations Act*. One person may hold more than one position as an officer of the Company. Any person appointed as the chair of the board or as the managing director must be a director. Any other officer need not be a director.

#### **19.4 Remuneration and Terms of Appointment**

All appointments of officers are to be made on the terms and conditions and at the remuneration (whether by way of salary, fee, commission, participation in profits or otherwise) that the directors think fit and are subject to termination at the pleasure of the directors, and an officer may in addition to such remuneration be entitled to receive, after he or she ceases to hold such office or leaves the employment of the Company, a pension or gratuity.

### **PART 20 - INDEMNIFICATION**

#### **20.1 Definitions**

In this Article 20:

- (1) “**eligible penalty**” means a judgment, penalty or fine awarded or imposed in, or an amount paid in settlement of, an eligible proceeding;
- (2) “**eligible proceeding**” means a legal proceeding or investigative action, whether current, threatened, pending or completed, in which a director or a former director of the Company (an “**eligible party**”) or any of the heirs and legal personal representatives of the eligible party, by reason of the eligible party being or having been a director of the Company:

- (a) is or may be joined as a party; or
- (b) is or may be liable for or in respect of a judgment, penalty or fine in, or expenses related to, the proceeding;

(3) "expenses" has the meaning set out in the *Business Corporations Act*.

## **20.2 Mandatory Indemnification of Directors and Former Directors**

Subject to the *Business Corporations Act*, the Company must indemnify a director or former director of the Company and his or her heirs and legal personal representatives against all eligible penalties to which such person is or may be liable, and the Company must, after the final disposition of an eligible proceeding, pay the expenses actually and reasonably incurred by such person in respect of that proceeding. Each director is deemed to have contracted with the Company on the terms of the indemnity contained in this Article 20.2.

## **20.3 Indemnification of Other Persons**

Subject to any restrictions in the *Business Corporations Act*, the Company may indemnify any person.

## **20.4 Non-Compliance with *Business Corporations Act***

The failure of a director or officer of the Company to comply with the *Business Corporations Act* or these Articles does not invalidate any indemnity to which he or she is entitled under this Part.

## **20.5 Company May Purchase Insurance**

The Company may purchase and maintain insurance for the benefit of any person (or his or her heirs or legal personal representatives) who:

- (1) is or was a director, officer, employee or agent of the Company;
- (2) is or was a director, officer, employee or agent of a corporation at a time when the corporation is or was an affiliate of the Company;
- (3) at the request of the Company, is or was a director, officer, employee or agent of a corporation or of a partnership, trust, joint venture or other unincorporated entity;
- (4) at the request of the Company, holds or held a position equivalent to that of a director or officer of a partnership, trust, joint venture or other unincorporated entity;

against any liability incurred by him or her as such director, officer, employee or agent or person who holds or held such equivalent position.

## **PART 21 - DIVIDENDS**

### **21.1 Payment of Dividends Subject to Special Rights**

The provisions of this Article 21 are subject to the rights, if any, of shareholders holding shares with special rights as to dividends.

### **21.2 Declaration of Dividends**

Subject to the *Business Corporations Act*, the directors may from time to time declare and authorize payment of such dividends as they may deem advisable.

### **21.3 No Notice Required**

The directors need not give notice to any shareholder of any declaration under Article 21.2.

### **21.4 Record Date**

The directors may set a date as the record date for the purpose of determining shareholders entitled to receive payment of a dividend. The record date must not precede the date on which the dividend is to be paid by more than two months. If no record date is set, the record date is 5 p.m. (Toronto time) on the date on which the directors pass the resolution declaring the dividend.

### **21.5 Manner of Paying Dividend**

A resolution declaring a dividend may direct payment of the dividend wholly or partly by the distribution of cash or cash equivalents, specific assets or of fully paid shares or of bonds, debentures or other securities of the Company, or in any one or more of those ways.

### **21.6 Settlement of Difficulties**

If any difficulty arises in regard to a distribution under Article 21.5, the directors may settle the difficulty as they deem advisable, and, in particular, may:

- (1) set the value for distribution of specific assets;
- (2) determine that cash payments in substitution for all or any part of the specific assets to which any shareholders are entitled may be made to any shareholders on the basis of the value so fixed in order to adjust the rights of all parties; and
- (3) vest any such specific assets in trustees for the persons entitled to the dividend.

### **21.7 When Dividend Payable**

Any dividend may be made payable on such date as is fixed by the directors.

### **21.8 Dividends to be Paid in Accordance with Number of Shares**

All dividends on shares of any class or series of shares must be declared and paid according to the number of such shares held.

### **21.9 Receipt by Joint Shareholders**

If several persons are joint shareholders of any share, any one of them may give an effective receipt for any dividend, bonus or other money payable in respect of the share.

### **21.10 Dividend Bears No Interest**

No dividend bears interest against the Company.

### **21.11 Fractional Dividends**

If a dividend to which a shareholder is entitled includes a fraction of the smallest monetary unit of the currency of the dividend, that fraction may be disregarded in making payment of the dividend and that payment represents full payment of the dividend.

### 21.12 Payment of Dividends

Any dividend or other distribution payable in cash in respect of shares may be paid by cheque, made payable to the order of the person to whom it is sent, and mailed to the address of the shareholder, or in the case of joint shareholders, to the address of the joint shareholder who is first named on the central securities register, or to the person and to the address the shareholder or joint shareholders may direct in writing. The mailing of such cheque will, to the extent of the sum represented by the cheque (plus the amount of the tax required by law to be deducted), discharge all liability for the dividend unless such cheque is not paid on presentation or the amount of tax so deducted is not paid to the appropriate taxing authority.

### 21.13 Capitalization of Surplus

Notwithstanding anything contained in these Articles, the directors may from time to time capitalize any surplus of the Company and may from time to time issue, as fully paid, shares or any bonds, debentures or other securities of the Company as a dividend representing the surplus or any part of the surplus.

### 21.14 Unclaimed Dividend

Any dividend that is unclaimed after six years from the date on which it was declared payable shall be forfeited and shall revert to the Company.

## PART 22 - DOCUMENTS, RECORDS AND REPORTS

### 22.1 Recording of Financial Affairs

The directors must cause adequate accounting records to be kept to record properly the financial affairs and condition of the Company and to comply with the *Business Corporations Act*.

### 22.2 Inspection of Accounting Records

Unless the directors determine otherwise, or unless otherwise determined by ordinary resolution, no shareholder of the Company is entitled to inspect or obtain a copy of any accounting records of the Company.

## PART 23 - NOTICES

### 23.1 Method of Giving Notice

Unless the *Business Corporations Act* or these Articles provides otherwise, a notice, statement, report or other record required or permitted by the *Business Corporations Act* or these Articles to be sent by or to a person may be sent by any one of the following methods:

- (1) mail addressed to the person at the applicable address for that person as follows:
  - (a) for a record mailed to a shareholder, the shareholder's registered address;
  - (b) for a record mailed to a director or officer, the prescribed address for mailing shown for the director or officer in the records kept by the Company or the mailing address provided by the recipient for the sending of that record or records of that class;
  - (c) in any other case, the mailing address of the intended recipient;
- (2) delivery at the applicable address for that person as follows, addressed to the person:
  - (a) for a record delivered to a shareholder, the shareholder's registered address;

- (b) for a record delivered to a director or officer, the prescribed address for delivery shown for the director or officer in the records kept by the Company or the delivery address provided by the recipient for the sending of that record or records of that class;
  - (c) in any other case, the delivery address of the intended recipient;
- (3) sending the record by fax to the fax number provided by the intended recipient for the sending of that record or records of that class;
  - (4) sending the record by email to the email address provided by the intended recipient for the sending of that record or records of that class;
  - (5) physical delivery to the intended recipient.

### **23.2 Deemed Receipt**

A record that is mailed to a person by ordinary mail to the applicable address for that person referred to in Article 23.1 is deemed to be received by the person to whom it was mailed on the day, Saturdays, Sundays and holidays excepted, following the date of mailing. Notices sent by any means of transmitted or recorded communication or provided as an electronic document shall be deemed to have been received on the business day on which such notices were sent, or on the next business day following, if sent on a day other than a business day.

### **23.3 Electronic Signatures**

A requirement under the *Business Corporations Act* or these Articles for a signature or for a document to be executed, is satisfied by a signature or execution in electronic form if such is permitted by law and all requirements prescribed by law are met.

### **23.4 Certificate of Sending**

A certificate signed by the secretary, if any, or other officer of the Company or of any other corporation acting in that behalf for the Company stating that a notice, statement, report or other record was addressed as required by Article 23.1, prepaid and mailed or otherwise sent as permitted by Article 23.1 is conclusive evidence of that fact.

### **23.5 Notice to Joint Shareholders**

A notice, statement, report or other record may be provided by the Company to the joint shareholders of a share by providing the notice to the joint shareholder first named in the central securities register in respect of the share.

### **23.6 Notice to Trustees**

A notice, statement, report or other record may be provided by the Company to the persons entitled to a share in consequence of the death, bankruptcy or incapacity of a shareholder by:

- (1) mailing the record, addressed to them:
  - (a) by name, by the title of the legal personal representative of the deceased or incapacitated shareholder, by the title of trustee of the bankrupt shareholder or by any similar description; and
  - (b) at the address, if any, supplied to the Company for that purpose by the persons claiming to be so entitled; or

- (2) if an address referred to in paragraph (1)(b) has not been supplied to the Company, by giving the notice in a manner in which it might have been given if the death, bankruptcy or incapacity had not occurred.

## PART 24 - SEAL

### 24.1 Who May Attest Seal

The Company's seal, if any, must not be impressed on any record except when that impression is attested by the signatures of any one or more duly authorized directors or officers or other persons as may be determined by the directors from time to time.

### 24.2 Sealing Copies

For the purpose of certifying under seal a certificate of incumbency of the directors or officers of the Company or a true copy of any resolution or other document, despite Article 24.1, the impression of the seal may be attested by the signature of any director or officer.

### 24.3 Mechanical Reproduction of Seal

The directors may authorize the seal to be impressed by third parties on share certificates or bonds, debentures or other securities of the Company as they may determine appropriate from time to time. To enable the seal to be impressed on any share certificates or bonds, debentures or other securities of the Company, whether in definitive or interim form, on which facsimiles of any of the signatures of the directors or officers of the Company are, in accordance with the *Business Corporations Act* or these Articles, printed or otherwise mechanically reproduced, there may be delivered to the person employed to engrave, lithograph or print such definitive or interim share certificates or bonds, debentures or other securities one or more unmounted dies reproducing the seal and the chair of the board or any senior officer together with the secretary, treasurer, secretary-treasurer, an assistant secretary, an assistant treasurer or an assistant secretary-treasurer may in writing authorize such person to cause the seal to be impressed on such definitive or interim share certificates or bonds, debentures or other securities by the use of such dies. Share certificates or bonds, debentures or other securities to which the seal has been so impressed are for all purposes deemed to be under and to bear the seal impressed on them.

## PART 25 – SPECIAL RIGHTS AND RESTRICTIONS

### 25.1 Definitions

In this Article 25:

- (1) "designated security" means:
- (a) a voting security of the Company;
  - (b) a security of the Company that is not a debt security and that carries a residual right to participate in the earnings of the Company or, on the liquidation or winding up of the Company, in its assets; or
  - (c) a security of the Company convertible, directly or indirectly, into a security described in paragraph (a) or (b);
- (2) "security" has the meaning assigned in the *Securities Act* (British Columbia);
- (3) "voting security" means a security of the Company that:
- (a) is not a debt security, and

- (b) carries a voting right either under all circumstances or under some circumstances that have occurred and are continuing.

## 25.2 Application

Article 25.3 does not apply to the Company if and for so long as it is a public company or a pre-existing reporting company which has the Statutory Reporting Company Provisions as part of its Articles or to which the Statutory Reporting Company Provisions apply.

## 25.3 Consent Required for Transfer of Shares or Designated Securities

No share or designated security may be sold, transferred or otherwise disposed of without the consent of the directors and the directors are not required to give any reason for refusing to consent to any such sale, transfer or other disposition.

## 25.4 Restriction On Ownership By ERISA Plans

- (a) At no time may any securities of the Company be purchased by, transferred to or beneficially held by any employee benefit plan that is subject to the fiduciary and prohibited transaction provisions of the *United States Employee Retirement Income Security Act of 1974*, as amended ("ERISA"), and/or any plan that is subject to section 4975 of the *United States Internal Revenue Code of 1986*, as amended, any trust holdings assets of such a plan and any entity that is deemed to hold the assets of such a plan pursuant to 29 C.F.R. Section 2510.3-101, issued by the United States Department of Labor (an "ERISA Plan").
- (b) Any purported sale, disposition or other transfer of any of the Company's securities (whether or not the result of a transaction entered into through the facilities of the Toronto Stock Exchange (the "TSX") (or any other national securities exchange or automated quotation system) that, if effective, would result in any ERISA Plan beneficially owning any securities of the Company (a "Transfer") shall be void *ab initio*, and the intended transferee shall acquire no rights in such securities. Each transferee of beneficial ownership of the Company's securities shall be deemed to represent to the Company that such transferee is not an ERISA Plan.
- (c) Each person who is a beneficial owner of the Company's securities and each person (including the securityholder of record) who is holding securities for a beneficial owner shall, within 30 days of receiving a written request from the Company therefor, provide to the Company a written statement of affidavit stating such information as the Company may request in order to determine whether such person is an ERISA Plan or not.
- (d) Notwithstanding any provision contained in these articles of amendment to the contrary, nothing herein shall preclude the settlement of any transaction entered into through the facilities of the TSX or any other national securities exchange or any other automated quotation system.
- (e) If, notwithstanding paragraph (b) above, a purported Transfer or any other event pursuant to which any ERISA Plan would beneficially own any of the Company's securities (a "Non-Transfer Event") is purported to occur, then:
  - (i) the purported transferee shall be deemed to be a person who is prevented from becoming or remaining the owner of record title to securities of the Company pursuant to paragraph (b) above and shall acquire no right or interest or, in the case of a Non-Transfer Event, the person holding record title to the securities beneficially owned by such beneficial owner shall cease to own any right or interest in the securities (a "Prohibited Owner"),
  - (ii) such securities shall automatically be transferred to a correction trust in accordance with paragraph (h) below,

- (iii) the Prohibited Owner shall submit the certificates representing such securities to the Company, accompanied by all requisite and duly executed assignments of transfer thereof, for registration in the name of the trustee of the correction trust (the "Trustee") and such Prohibited Owner shall take any and all actions reasonably requested by the Company to complete the transfer of such securities to the correction trust,
  - (iv) such securities shall be sold by the Trustee in accordance with paragraph (i) below, and
  - (v) such transfer to a correction trust shall be effective as of the close of trading on the trading day prior to the date of the purported Transfer or Non-Transfer Event, as the case may be.
- (f) If the Company, or its designees, shall at any time determine in good faith that a Transfer has taken place in violation of paragraph (b) above or that an ERISA Plan intends to acquire or has attempted to acquire beneficial ownership of any of the Company's securities, the Company shall take such action as it deems advisable: to refuse to give effect to or to prevent such Transfer or acquisition, including, but not limited to, refusing to give effect to such Transfer on the transfer books of the Company or instituting proceedings to enjoin such Transfer or acquisition, but the failure to take any such action shall not affect the transfer to a correction trust in accordance with paragraph (e) above.
- (g) Any ERISA Plan that acquires or attempts to acquire securities in violation of paragraph (b) above, or any ERISA Plan that owns securities that were transferred to a correction trust pursuant to paragraph (e) above, shall immediately give written notice to the Company of such event and shall provide to the Company such other information as the Company may request in order to determine the effect, if any, of such Transfer or Non-Transfer Event, as the case may be, on the Company.
- (h) Upon any purported Transfer in violation of paragraph (b) or Non-Transfer Event, (i) the Company shall create, or cause to be created, a correction trust, and shall designate a Trustee of such correction trust and a beneficiary of such correction trust (which beneficiary shall be the Company), and (ii) the securities purported to be transferred to an ERISA Plan (or held by an ERISA Plan as a result of a Non-Transfer Event) shall be automatically transferred to such correction trust to be held for the benefit of the Company. Any transfer to a correction trust shall be effective as of the close of trading on the trading day prior to the date of the purported Transfer or Non-Transfer Event that results in the transfer to the correction trust. The sole obligation of the correction trust and the Trustee to the ERISA Plan that purported to be the beneficial owner of the securities that are transferred to the correction trust shall be to pay to such ERISA Plan the net proceeds of the sale of such securities, as described in paragraph (i) below. In particular, such ERISA Plan shall not be deemed to be a beneficiary of the correction trust and the Trustee shall have no fiduciary duties with respect to such ERISA Plan (or its participants or beneficiaries), it being understood that the Trustee is to act solely in the interest of the Company to correct a purported Transfer or non-Transfer Event that has occurred in violation of paragraph (b). The Trustee shall be appointed by the Company, and the Company shall use reasonable efforts not to appoint as Trustee a person who is a "party in interest" with respect to such ERISA Plan, within the meaning of Section 3(14) of ERISA, based on such information (if any) as may be provided to the Company by such ERISA Plan.
- (i) Upon the transfer to the correction trust of the securities in accordance with paragraph (h) above, the Trustee shall sell such securities on the TSX (or any other national securities exchange or automated quotation system the securities are then traded) (or, if the securities are not so traded, in any commercially reasonable sale) and, in the interim, shall suspend the voting and distribution rights attached to such securities. The ERISA Plan's sole right with respect to the securities and the correction trust shall be to receive the net proceeds of sale following surrender of the certificates representing such securities.

## 25.5 Limitation on United States Resident Ownership

- (a) At no time may more than 100 United States persons (using the principles of counting for purposes of Section 3(c)(1) of the *Investment Companies Act of 1940* (the “1940 Act”)) collectively be the beneficial owners of the securities of the Company, nor may any United States person be the beneficial owner of more than 10% of any class of securities of the Company.
- (b) The Company may require declarations as to the jurisdictions in which beneficial owners of its securities are resident.
- (c) If the Company becomes aware that either of the foregoing limitations may be contravened, the Company (or its transfer agent and registrar) will make a public announcement and will not accept a subscription for securities from or issue or register a transfer of securities to a person unless the person provides a declaration that the person is not a United States person.
- (d) If, notwithstanding the foregoing, the Company determines that more than 100 United States persons are beneficial owners of its securities (on either a non-diluted or fully-diluted basis), the Company may send a notice to such United States beneficial owners, as applicable, chosen in inverse order to the order of acquisition or registration or in any manner as the Company may consider equitable and practicable, requiring them to sell their securities or a portion thereof within a specified period of not less than 10 days. If after such period, the beneficial owners receiving the notice have not sold the specified number of securities, as applicable, or provide the Company with satisfactory evidence that they are not United States persons, the Company may, on behalf of those beneficial owners, sell those securities, as applicable, and, in the interim, will suspend the voting and distribution rights attached to those securities. Upon such sale, the affected beneficial owners will cease to be beneficial owners, as applicable, and their rights will be limited to receiving the net proceeds of the sale.
- (e) The board of directors of the Company will have no liability for the amount received upon a sale described in this section, provided that they act in good faith.

## 25.6 Limitation on Ownership by United States Entities

If any U.S. entity intends to hold more than 5% but less than 10% of the income participating securities (“IPs”) or common shares (“Common Shares”) of the Company, such entity agrees to cooperate with the Company and provide information necessary to make any filings with the United States Federal Energy Regulatory Commission (“FERC”) that may be required pursuant to the *United States Federal Power Act*, as amended (the “FPA”).

## 25.7 Limitation on Ownership By Public Utilities

- (a) At no time may any person own IPs or Common Shares if such person: (i) is engaged primarily in the electric or gas business; (ii) is otherwise affiliated with any franchised electric utility; (iii) has controlling ownership interests in any electric generating, transmission, or distribution facilities; (iv) is affiliated with any power marketers; (v) is an “electric utility” as such term is defined in section 3(22) of the FPA; (vi) is a “public-utility company” or a “holding company” or an “associate company”, “affiliate”, or “subsidiary company” of a “holding company” as each term is defined in section 2(a) of the *Public Utility Holding Company Act of 1935*, as amended (“PUHCA”); (vii) is subject to regulation under PUHCA; (viii) is subject to regulation as a “public utility” under the FPA; or (ix) is subject to regulation with respect to rates or to financial or organizational matters as an electric utility, public utility, or public service company or corporation under the laws of any state unless such person satisfies the Company that the ownership of the IPs or Common Shares by such person will not adversely affect the qualification of any of the power generation projects in which the Company holds an indirect interest (the “Projects”) as a qualifying facility under FERC’s rules implementing the *Public Utility Regulatory Policies Act of 1978*, the order issued under the FPA with respect to certain Projects, or the Projects’ qualification for market-based rates under the FPA.

- (b) Determination of a potential adverse effect described in paragraph (a) above is at the sole discretion of the Company and the Company may elect to strictly enforce any or all of the restrictions set forth above against such entity.
- (c) If the Company becomes aware that any of the restrictions set out in this section may be contravened, the Company (or the transfer agent and registrar of the Company) will make a public announcement and will not accept a subscription for IPSs or Common Shares from, or issue or register a transfer of IPSs or Common Shares to, a person unless the person provides a declaration that the person is not an entity described above.
- (d) If, notwithstanding the foregoing, the Company determines that a beneficial owner of IPSs or Common Shares violates the foregoing restrictions, the Company may send a notice to such owners of IPSs or Common Shares requiring it to provide specified information to the Company such that the Company can determine whether such person's beneficial ownership may have an adverse effect upon the Company. Upon such determination, the Company may send a further notice requiring such beneficial owner to sell its IPSs or Common Shares of the Company within a specified period of not less than 10 days. If the beneficial owner of IPSs or Common Shares receiving the notice has not sold the IPSs or Common Shares, as applicable, or provided the Company with satisfactory evidence that it does not contravene the foregoing restrictions, the Company may, on behalf of that beneficial owner of IPSs or Common Shares, sell those IPSs or Common Shares, and, in the interim, will suspend the voting and distribution rights attached to those IPSs or Common Shares. Upon that sale, the affected beneficial owner will cease to be a beneficial owner of the IPSs or the Common Shares, as applicable, and its rights will be limited to receiving the net proceeds of the sale.
- (e) The board of directors of the Company will have no liability for the amount received upon a sale described in this section, provided that they act in good faith.

## SCHEDULE "C"

### RIGHTS OF DISSENTING SHAREHOLDERS

The following is a summary of the procedure set out in Section 185 of the Ontario Act to be followed by a Shareholder who intends to dissent from the Continuance Resolution and who wishes to require the Corporation to acquire his Common Shares and pay him the fair value thereof, determined as of the close of business on the day before the Continuance Resolution is adopted.

Section 185 provides that a shareholder may only exercise the right to dissent with respect to all the shares of a class held personally by him on behalf of any one beneficial owner and registered in the shareholder's name.

As such, a shareholder may only exercise the right to dissent under Section 185 in respect of shares that are registered in that shareholder's name. In many cases, shares beneficially owned by a person (a **"Non-Registered Holder"**) are registered either: (i) in the name of an intermediary that the Non-Registered Holder deals with in respect of the shares (such as banks, trust companies, securities dealers and brokers, trustees or administrators of self-administered RRSPs, RRFs, RESPs and similar plans, and their nominees); or (ii) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (**"CDS"**)) of which the intermediary is a participant. Accordingly, a Non-Registered Holder will not be entitled to exercise the right to dissent under Section 185 directly (unless the shares are re-registered in the Non-Registered Holder's name). A Non-Registered Holder who wishes to exercise the right to dissent should immediately contact the intermediary who the Non-Registered Holder deals with in respect of the shares and either: (i) instruct the intermediary to exercise the right to dissent on the Non-Registered Holder's behalf (which, if the shares are registered in the name of CDS or other clearing agency, would require that the share first be re-registered in the name of the intermediary); or (ii) instruct the intermediary to re-register the shares in the name of the Non-Registered Holder, in which case the Non-Registered Holder would have to exercise the right to dissent directly.

A registered shareholder who wishes to invoke the provisions of Section 185 must send to the Corporation a written objection to the Continuance Resolution (the **"Notice of Dissent"**) at or before the time fixed for the shareholders' meeting at which the Continuance Resolution is to be voted on. The sending of a Notice of Dissent does not deprive a registered shareholder of his right to vote on the Continuance Resolution, however a vote either in person or by proxy against the Continuance Resolution does not constitute a Notice of Dissent. A vote in favour of the Continuance Resolution will deprive the registered shareholder of further rights under Section 185.

If the Continuance Resolution is adopted, the Corporation is required, within 10 days after adoption, to notify in writing each shareholder who has filed a Notice of Dissent and has not voted for the Continuance Resolution or withdrawn his objection (a **"Dissenting Shareholder"**) that the Continuance Resolution has been adopted. A Dissenting Shareholder must send the Corporation a written demand for payment (the **"Demand for Payment"**), within 20 days after he receives notice of adoption of the Continuance Resolution or, if he does not receive such notice, within 20 days after he learns that the Continuance Resolution has been adopted, containing the shareholder's name and address, the number and class of the Corporation's shares for which the shareholder is dissenting, and a demand for payment of the fair value of those shares. Within 30 days after sending the Demand for Payment, the Dissenting Shareholder must send the Corporation or its transfer agent the certificates representing the shareholder's dissenting shares. The Corporation or the transfer agent will endorse on the share certificates a notice that the shareholder is a Dissenting Shareholder and will then return the certificates to the Dissenting Shareholder.

If a Dissenting Shareholder fails to send the Notice of Dissent, the Demand for Payment or his share certificates, he may lose his right to make a claim under Section 185.

After the Dissenting Shareholder sends the Demand for Payment, the Dissenting Shareholder will no longer have any rights as a shareholder of the Corporation other than the right to be paid the fair value of such shares, unless: (i) the Dissenting Shareholder withdraws his Demand for Payment before the Corporation makes a written offer to pay (the **"Offer to Pay"**); (ii) the Corporation does not make a timely Offer to Pay to the Dissenting Shareholder and the Dissenting Shareholder withdraws his Demand for Payment; or (iii) the Corporation's board of directors revoke the Continuance Resolution, in all of which cases the Dissenting Shareholder's rights as a

shareholder are reinstated, and in the first two cases, the Dissenting Shareholder's shares will be subject to the Continuance Resolution.

If a Dissenting Shareholder dissents within seven days after the later of the effective date of the Continuance and the date when the Corporation receives the Demand for Payment, the Corporation is required to send, to each Dissenting Shareholder who has sent a Demand for Payment, an Offer to Pay for the shares of the Dissenting Shareholder in respect of which he has dissented. The Offer to Pay must be in an amount considered by the Corporation's board of directors to be the fair value of the shares. A statement showing how the fair value was determined must acknowledge the Offer to Pay. Every Offer to Pay made to Dissenting Shareholders for shares of the same class must be on the same terms. The Corporation must pay the amount specified in an Offer to Pay within 10 days after the Dissenting Shareholder accepts the Offer to Pay, however the Corporation's Offer to Pay will lapse if the Corporation has not received the Dissenting Shareholder's acceptance within 30 days after the Offer to Pay has been made.

If a Dissenting Shareholder does not accept an Offer to Pay or if an Offer to Pay is not made, the Corporation may apply to the court to fix a fair value for the shares of any Dissenting Shareholder. The application to court to fix the fair value must be made by the Corporation within 50 days after the effective date of the Continuance or within such further period as a court may allow. If the Corporation fails to so apply to the court, a Dissenting Shareholder may apply to the court for the same purpose within a further period of 20 days or within such further period as the court may allow. A Dissenting Shareholder is not required to give security for costs in an application to the court.

Before making an application to the court, or not later than seven days after receiving notice of an application to the court made by a Dissenting Shareholder, as the case may be, the Corporation must give notice to each Dissenting Shareholder who, at the date upon which such notice is given, (i) has sent to the Corporation the Demand for Payment; and (ii) has not accepted the Corporation's Offer to Pay (the "Notice Conditions"), of the date, place and consequences of the application and of such Dissenting Shareholder's right to appear and be heard in person or by counsel, and shall give similar notice to each Dissenting Shareholder who, after the date of the first mentioned notice and before termination of the proceedings, satisfies the Notice Conditions, within three days of such satisfaction. All Dissenting Shareholders who satisfy the Notice Conditions shall be deemed to be joined as parties to any such application to the court to fix a fair value and shall be bound by the decision rendered by the court in the proceedings commenced by such application. The court is authorized to determine whether any other person is a Dissenting Shareholder who should be joined as a party to such application.

The court shall fix a fair value for the shares of all Dissenting Shareholders and may, in its discretion, allow a reasonable rate of interest on the amount payable to each Dissenting Shareholder from the effective date of the Continuance until the date of payment of the amount ordered by the court. The fair value fixed by the court may be more or less than the amount specified in an Offer to Pay. The final order of the court in the proceedings commenced by an application by the Corporation or a Dissenting Shareholder shall be rendered against the Corporation and in favour of each Dissenting Shareholder who has complied with the Notice Conditions.

The Corporation cannot make a payment to a Dissenting Shareholder if there are reasonable grounds for believing that:

- (a) the Corporation is insolvent; or
- (b) the payment would render the Corporation insolvent.

The above is only a summary of the procedures to be followed by a Dissenting Shareholder who seeks payment of the fair value of his shares and is not intended to be exhaustive. Section 185 of the Ontario Act requires strict adherence to the procedures set out therein. It is suggested that a Shareholder wishing to exercise a right to dissent should seek legal advice, as failure to strictly comply with the provisions of the Ontario Act may result in the loss or unavailability of the right to dissent.

The Corporation's board of directors may elect not to proceed with the transactions contemplated in the Continuance Resolution if any notices of dissent are received.

**PROFILE: Atlantic Power Corporation**  
owns interests in a diversified portfolio  
of 15 power generating projects located  
primarily in the United States.

Our Income Participating Securities (IPS), comprised of one common share and \$5.767 of 11% subordinated notes, are listed on the Toronto Stock Exchange (symbol ATP.UN). Atlantic Power benefits from the strong sponsorship of ArcLight Capital Partners, LLC, one of North America's leading private investment firms focused exclusively on the electric power and energy sectors. Additional information about our projects can be found on our web site at [www.atlanticpowercorporation.com](http://www.atlanticpowercorporation.com).

**OBJECTIVES:** Atlantic Power's objectives are to maintain and grow cash distributions over the long-term by enhancing the generation of cash at our existing assets and by expanding our power generation portfolio through accretive acquisitions.

# AT A GLANCE...

Proven Value Enhancing Strategies: 1. Right of First Offer to acquire 11 additional ArLight projects; 2. Other accretive acquisitions from third-parties; 3. Enhance performance of existing projects; and 4. Consolidate ownership in current projects.

(1) Atlantic Power's subsidiary Atlantic Power Holdings, LLC ("Holdings") economic interest represents the percentage ownership interest in the Project held indirectly by Holdings (except as otherwise noted).

(2) Accounting Treatment: (refer to Note 1 to Consolidated Financial Statements).  
C=Consolidated, P=Proportionate Consolidation, E=Equity

(3) Represents Holdings' interest in each project's total electric generation capacity in megawatts ("MW") based on Holdings' economic interest in each project.

(4) Represents Holdings' estimate of its share of the cash flow from the project.

(5) On March 1, 2005 MASSPOWER concluded a termination agreement for its one PPA with Boston Edison and two PPAs with Commonwealth Electric and received a termination payment. See Subsequent Events.

(6) A swap agreement with Niagara Mohawk Power Corporation has replaced the Onondaga PPA.

(7) On January 12, 2005 Holdings increased its indirect interest in the Gregory Project to 15.1% or 60.4 net MW. See Subsequent Events.

(8) Holdings' owns its interest in this Project as a lessor.

**REPORT TO SHAREHOLDERS:** We are pleased to present our first report to Shareholders. With the completion of our initial public offering in November 2004, Atlantic Power became one of North America's largest publicly-traded power income funds.

We hold interests in a diversified portfolio of power generation projects situated primarily in major markets in the United States. Revenues are derived from the sale of electricity and steam to predominantly investment-grade off-takers under long-term agreements, providing Atlantic Power with stable long-term cash flows. We have identified a number of strategies and growth opportunities aimed at increasing cash distributions and investor returns over the long-term.

#### **Strong Industry Fundamentals and Unique Competitive Position**

The electric power industry is one of the North American economy's largest industry segments, with revenue in the United States of nearly \$260 billion in 2003. A growing portion of the power produced in the U.S. is now generated by independent power producers, or non-utility generators, who sell their electricity to utilities and other entities under long-term contracts. In the United States there are 7,800 facilities comprising the independent power marketplace, accounting for approximately 48% of total generating capacity.

As many power income funds look increasingly to the U.S. for further growth, Atlantic Power is uniquely positioned to access, analyze, and execute accretive acquisitions. This advantage is based on our focus on the U.S. market with an experienced management team, strong industry relationships, and our Right of First Offer to purchase 11 projects provided by our sponsor. Having invested successfully in this industry through its cycles, and with working knowledge of issues at the state and federal levels, this team can effectively find value and avoid potential pitfalls for our investors.

#### **A Solid Portfolio**

Atlantic Power currently owns interests in a diversified portfolio of 15 power projects primarily located in nine states representing most of the major U.S. power markets. In aggregate, Atlantic Power's interest in the generating capacity of its projects totals 773 MW as of December 31, 2004.

Our Projects are well diversified, based on electricity and steam off-takers, regulatory jurisdictions and regional power pools, thereby mitigating exposure to market, regulatory or environmental conditions specific to any one region. Shareholder risk is also reduced by our diversified and financially strong customer base. Currently we have contracts to sell our electricity and steam to 24 different off-takers, with over 90% of the power buyers having investment-grade credit ratings.

To operate and maintain our facilities, we partner with recognized leaders in independent power, many of whom also have equity investments in our projects. While day-to-day operational decisions are made by these partners, we participate in partnership meetings and are involved in virtually every significant decisions taken about the physical asset, contractual arrangements, financing and overall strategy.

Looking ahead, we have identified a number of strategies to enhance the solid performance and cash flow of our initial projects and to consolidate our ownership of these facilities.

#### **A Proven Business Model**

The majority of our projects sell electricity under long-term Power Purchase Agreements (PPAs) with a weighted average term of approximately 11 years. In addition, the projects typically have long-term fuel supply and transportation agreements with terms corresponding to the length of the related PPA. To protect Shareholders from future increases in fuel costs, the PPAs typically provide for substantially all of the changes in fuel costs to be passed through to the power buyer.

The stability of cash distributions is also supported by our Reserve Account, which held \$12.5 million as of December 31, 2004. In March 2005, due to the termination and buy-out of three of the four PPAs of the MASSPOWER Project, almost \$36 million was added to the Reserve Account making a total of \$48.5 million. This was a positive investment result for Atlantic Power and the other MASSPOWER Partners, and also provided projected ratepayer benefits. These additional funds will likely be used to make an acquisition, consistent with our objectives. Cash generated in excess of cash distributions to our Shareholders continues to be deposited into the Reserve Account. The Reserve Account is available to stabilize future cash distributions and to fund acquisitions and other growth opportunities.

Because almost all of our business is in U.S. dollars, we have entered into hedging arrangements to fix the Canadian dollar exchange rate on a rolling five-year basis to minimize exposure to currency fluctuations for Atlantic Power's cash distributions at the current level.

#### **A Strong Sponsor**

Atlantic Power's sponsor is ArcLight Capital Partners, LLC, one of North America's leading private investment firms focused exclusively on the electric power and energy sectors. ArcLight Energy Partners Funds I and II are significant investors in Atlantic Power, owning approximately 42% of Atlantic Holdings, along with Caithness Energy.

Going forward, we will continue to leverage ArcLight's experience and extensive relationships within the North American power and energy industry as we build our portfolio and enhance cash flows from our facilities. We have a Right of First Offer to purchase 11 additional facilities from ArcLight representing over 700 megawatts of power generating capacity, a distinct advantage in our ability to expand the portfolio.

We believe market factors have created a unique opportunity for Atlantic Power to grow its business over the next several years through acquisitions that will generate increased cash distributions and value for our investors.

#### **An Exciting Future**

Looking ahead, we have identified a number of strategies and growth opportunities to build on the solid performance and cash flow of our initial projects.

First, we will capitalize on our knowledge, experience, and relationships in the North American power industry to find and make accretive acquisitions. Any purchase must meet our acquisition and investment guidelines, be approved by our Board and result in an increase in value and cash flow available for distribution to Shareholders.

Second, we can take advantage of our Right of First Offer to acquire interests in 11 additional projects currently owned by funds managed by ArLight. These projects fit our model of solid operating assets with appropriate long-term contractual arrangements and stable cash flows.

Third, we will continue to work with our project operators and managers to enhance the operating and financial performance of our existing facilities. We will be exploring continued improvements and possible expansions to drive value for shareholders.

Finally, we will investigate the opportunity to consolidate our ownership in a number of our current projects.

In summary, we believe Atlantic Power presents a compelling investment opportunity. Our portfolio is well diversified geographically with an extensive customer base having predominantly investment grade credit ratings. Our long-term power sales and fuel supply contracts will provide sustainable monthly cash flow over the long-term. Our relationship with ArLight augments our own considerable industry experience and further extends our industry presence to help identify and assess attractive acquisition opportunities.

Our ultimate objective at Atlantic Power is to deliver predictable, stable and growing cash distributions for our Shareholders. We are confident that we have the facilities, the relationships and the management expertise to achieve this goal, and are excited about our future as we build on the strong track record of performance.

**BARRY WELCH**  
*President and CEO*

# Management's Discussion and Analysis

## *of Financial Condition and Results of Operations*

The following management discussion and analysis ("MD&A") of financial condition and results of operations should be read in conjunction with the audited financial statements of Atlantic Power Corporation ("Atlantic Power" or "the Company") for the six weeks ended December 31, 2004. All amounts described in the management discussion and analysis of financial condition and results of operations are in thousands of U.S. dollars. The financial statements have been prepared in accordance with Canadian Generally Accepted Accounting Principles ("GAAP"). This management discussion and analysis of financial condition and results of operation also contains forward looking statements, which are subject to a variety of factors that could cause actual results to differ materially from those contemplated by these statements. Some of the factors that could cause results or events to differ from current expectations include, but are not limited to, the factors described under "Risk factors". Information contained in this management's discussion and analysis is based on information available to management as of March 31, 2005.

### OVERVIEW

The Company was established under the laws of the Province of Ontario. With the completion of its Initial Public Offering ("IPO") on November 18, 2004 and after the exercise of the underwriter's overallotment on December 6, 2004, the Company owns 58.1% of the common membership interests and all of the outstanding Class A preferred membership interests in Atlantic Power Holdings, LLC ("Holdings"). The remaining 41.9% of the common membership interests and all of the outstanding Class B preferred membership interests in Holdings are owned by subsidiaries of ArcLight Energy Partners Funds I and II (the "ArcLight Funds") and Caithness Energy (such subsidiaries, together, the "Existing Investors"). Holdings was formed to acquire indirect interests in a diversified portfolio of power generating facilities (the "Projects"), located primarily in major markets in the United States, from the Existing Investors. The Company currently has 36,800,000 Income Participating Securities ("IPSs") outstanding. Each IPS represents one common share of the Company ("Common Shares") and Cdn \$5.767 aggregate principal amount of 11% subordinated notes of the Company ("Subordinated Notes").

As of December 31, 2004, interests were owned in fourteen projects in the United States and one in Jamaica with a combined total power generating capacity of 2,161 megawatts ("MW"). Atlantic Power's interests in the Projects represented approximately 773MW of power generating capacity as of December 31, 2004.

Management and administrative services are provided to the Company by Atlantic Power Management, LLC, a Delaware limited liability company (the "Manager") formed by ArcLight Capital Partners, LLC ("ArcLight") and the ArcLight Funds. The Manager manages the business of the Company and Holdings and also focuses on identifying additional acquisitions and investments for the Company. In addition to the substantial energy investing experience and industry relationships of the Manager's employees, the Company expects to benefit from ArcLight's experience, relationships and specialized knowledge to identify emerging trends and present the Company with accretive acquisition opportunities within the power and energy sector.

The Projects are typically operated and maintained by third party operators under contracts with the Project partnerships. Terms of these agreements vary in length and typically provide for subsequent renewal terms.

The Company's objectives are to maintain the stability and sustainability of cash distributions to holders of Income Participating Securities ("IPSs"), in the form of interest payments on Subordinated Notes and dividends on Common Shares, and to increase, when prudent, dividends on the Common Shares. In order to achieve these objectives, the Company intends to focus on enhancing the financial performance of the Projects and pursuing additional acquisitions and investments with a focus on power generating facilities predominantly in the U.S.

Cash Flow Available for Distributions is not a measure recognized under GAAP and does not have a standardized meaning prescribed by GAAP. Management believes Cash Flow Available for Distributions is a relevant supplemental measure of the Company's ability to earn and distribute cash returns to investors. A reconciliation of net cash provided by operating activities to Cash Flow Available for Distributions is set out in this MD&A. Investors are cautioned that the Company may calculate this measure in a manner that is different from other companies.

EBITDA is not a measure recognized under GAAP and does not have a standardized meaning prescribed by GAAP. Management uses aggregate EBITDA at the Projects as a cash flow measure to provide aggregate annual comparative information about Project performance.

#### THE NON-UTILITY POWER GENERATION INDUSTRY

The Projects are non-utility electric generating facilities that operate primarily in the U.S. electric power generation industry. The electric power industry is one of the largest industries in the U.S., with 2003 revenue of nearly \$260 billion, based on information published by the Energy Information Administration ("EIA") of the U.S. Department of Energy. A growing portion of the power produced in the U.S. is generated by non-utility generators. According to the EIA, there were approximately 7,772 non-utility generators representing 448 Gigawatts of capacity and 1,421 Gigawatt hours of total net electric generation in 2003 (equal to 46%, 48% and 37% respectively of industry totals including utilities.) Non-utility generators sell the electricity generated to electric utilities, other load-serving entities (such as municipalities and electric cooperatives) and industrial consumers through bilateral contracts or wholesale power markets. Non-industrial electricity buyers, in turn, generally sell this electricity to industrial, commercial and residential customers. The power generated by the Projects is generally sold under long-term contracts, referred to as Power Purchase Agreements ("PPAs").

#### PROJECT PORTFOLIO

The following table outlines the Company's portfolio of power generating assets as of December 31, 2004, including its interest in each facility. Management believes the portfolio is well diversified based on electricity and steam buyers or off-takers, regulatory jurisdictions and regional power pools, thereby mitigating exposure to market, regulatory or environmental conditions specific to any one region.

PROJECT INFORMATION

Project Name	Location	Fuel Type	Total MW	Economic Interest <sup>(1)</sup>	Acct Tmt <sup>(2)</sup>	Net MW <sup>(3)</sup>	Electricity Off-Taker	PPA Expiry	Off-Taker S&P Credit Rating

(1) Atlantic Power's subsidiary Atlantic Power Holdings, LLC ("Holdings") economic interest represents the percentage ownership interest in the Project held indirectly by Holdings (except as otherwise noted).

(2) Accounting Treatment: (refer to Note 1 to Consolidated Financial Statements).

C=Consolidated

P=Proportionate Consolidation

E=Equity

(3) Represents Holdings' interest in each project's total electric generation capacity in megawatts ("MW") based on Holdings' economic interest in each project.

(4) Represents Holdings' estimate of its share of the cash flow from the project.

(5) On March 1, 2005 MASSPOWER concluded a termination agreement for its one PPA with Boston Edison and two PPAs with Commonwealth Electric and received a termination payment. See Subsequent Events.

(6) A swap agreement with Niagara Mohawk Power Corporation has replaced the Onondaga PPA.

(7) On January 12, 2005 Holdings increased its indirect interest in the Gregory Project to 15.1% or 60.4 net MW. See Subsequent Events.

(8) Holdings' owns its interest in this Project as a lessor.

## RESULTS OF OPERATIONS FOR THE SIX WEEKS ENDED DECEMBER 31, 2004

The Company commenced operations on November 18, 2004 on completion of its Initial Public Offering ("IPO") and the acquisition of interests in fifteen non-utility power projects. The Company did not hold any material assets prior to November 18, 2004 and is considered to have begun operations on November 18, 2004. As a result, there is no comparative prior period financial information available.

The Company generates revenues by selling its electricity, steam and other by-products to various off-takers, generally under long-term Power Purchase Agreements ("PPAs") and Steam Purchase Agreements. As of December 31, 2004 the Company had PPAs with 17 customers. Details on the duration of the PPAs for each property is presented in the table on the previous page.

### Summary of Financial Information (\$000s)

Period from November 18, 2004 to December 31, 2004	
Project Revenue <sup>1</sup>	\$ 18,490
Project Expenses <sup>1</sup>	14,576
Project Other Income <sup>2</sup>	(275)
Income before Administrative and Other Expenses	3,639
Administrative and other expenses	
Distribution, non-controlling interest <sup>3</sup>	2,622
Increase in Obligations, non-controlling interest <sup>4</sup>	16,490
Foreign Exchange Gain (net loss) <sup>5</sup>	266
Other	4,155
Total Administrative and other expenses	23,533
Income (loss) Before Income Taxes	(19,894)
<i>Per share</i>	<i>(0.57)</i>
Income Taxes	0
Net Income	(19,894)
<i>Per share (U.S.)</i>	<i>(0.57)</i>
<i>Per share (Cdn)</i>	<i>(0.69)</i>
Total Assets	740,203
Total Long-term Liabilities <sup>6</sup>	589,797
Cash Flows from Operating Activities	12,897
Distributions <sup>7</sup>	3,658
<i>Distributions per IPS (U.S.)</i>	<i>0.0994</i>
<i>Distributions per IPS (Cdn)</i>	<i>0.1195</i>

(1) Project revenue and project expenses of Holdings' interests in nine projects, including two wholly owned projects and seven proportionately consolidated projects with interests ranging from 49.9% to 50%. (Refer to Accounting Treatment presented in the preceding Project Information table.)

(2) Includes equity in earnings from partnerships of \$593 from six projects in which Holdings owns interests of between 9.45% and 24.1%, accounted for on an equity basis.

(3) Distributions to holders of 41.9% non-controlling interest in Holdings (declared, but not distributed in the period).

(4) Existing Investors own a 41.9% non-controlling interest in Holdings with certain Liquidity Rights to request that the Company issue equity securities (including IPSs) to raise proceeds that would indirectly be used to redeem portions of the Existing Investors' interest, within the first two years from the IPO. During the two year period following the IPO, the Existing Investors must maintain a minimum 10% aggregate ownership interest in Holdings. This amount represents the mark-to market change during the reporting period in the potential obligation the Company to make such issuance so that Holdings can redeem the Existing Investors' interests based on the change in market price per IPS from Cdn \$10.00 at IPO to Cdn \$10.75 at December 31, 2004.

(5) Net impact of foreign exchange changes on the value of debt and the mark-to market value of currency hedges for the period.

(6) Includes the increase in the U.S. dollar equivalent of Canadian-denominated obligations less the value of the foreign exchange contract.

(7) Declared, but not distributed in reporting period.

Administrative and other expenses included non-recurring start-up costs of Manager of approximately \$400 as well as annual recurring expenses such as audit and tax services that have a disproportionate impact on the short reporting period.

While aggregate generation and plant availability were down 9% and 3% respectively at the Projects from 2003 to 2004, revenue and EBITDA were up 2.8% and 1.4%. Decreases in availability of the Projects do not necessarily translate directly to revenue or EBITDA reductions if relevant threshold performance is still being met under the PPAs. Decreases in generation do not necessarily translate directly to reductions in revenue or EBITDA, since some projects may, at some times, provide more margin from resale of unused gas than from incremental electricity generation. Overall, EBITDA margin at the Projects only slightly declined from 35.4% in 2003 to 34.9% in 2004, based on unaudited results.

Among the Company's largest costs is the supply of natural gas, coal and other fuels required to operate the Projects. Each of the Projects generally has a long-term fuel supply agreement whose term matches the term of the corresponding PPA. Fuel costs, particularly natural gas costs, were at historically high levels in the U.S. through the six weeks ended December 31, 2004. However, the majority of the PPAs provide for the pass-through or indexing of fuel costs to the off-takers.

#### CASH FLOW FROM OPERATIONS

The Company's cash flow from the Projects will vary from year to year based on, among other things, changes in rates under the PPAs, fuel supply agreements, steam sales agreements and other project contracts, compliance with the terms of non-recourse project-level financing including debt repayment schedules, the transition to market pricing following the expiry of PPAs, fuel supply and transportation contracts, working capital requirements and the general performance of the Projects. Project cashflows themselves may have some seasonality, and the pattern and frequency of distributions from Projects to Holdings during the year can also vary.

In order to provide holders of IPSs with stable and sustainable cash distributions, the Company deposited approximately \$12.5 million into a Reserve Account at the closing of its IPO and will deposit funds in the Reserve Account from time to time, to stabilize future cash distributions and fund acquisitions and other growth opportunities. As of December 31, 2004 the Reserve Account held approximately \$12.5 million. On March 1, 2005, Holdings received approximately U.S. \$35.9 million related to the termination of three PPAs at the MASSPOWER project, which was added to the Reserve Account (see Subsequent Events).

The Company's cash flow from operations of \$12,897 was in line with expectations for the period.

#### CASH AVAILABLE FOR DISTRIBUTION

Holders of IPSs receive cash distributions in the form of interest payments on Subordinated Notes and dividends on Common Shares. For the six week period from the IPO through December 31, 2004 no cash distributions were made. Distributions declared for the period and paid in January totaled Cdn \$0.1195 per IPS. This was comprised of interest payments of Cdn \$0.0758 on the 11% subordinated note portion of the IPS plus Cdn \$0.0437 common share dividend per IPS. Cash Available for Distributions was \$5,119.

The following table shows the calculation of Cash Available for Distribution starting with net cash provided by operating activities for the six weeks ended December 31, 2004. The pattern of distributions from the Projects is not consistent throughout the year, so this six week period should not be viewed as a proportionately representative period.

#### CALCULATION OF CASH FLOW AVAILABLE FOR DISTRIBUTION (\$000s)

Cash flows from operating activities	\$	12,897
Less: Increase in current liabilities related to Subordinated Note Interest,		
Distributions to Non-Controlling Interests and Dividends		(6,679)
Less: Consolidated project-level repayment of long-term debt		(3,410)
Add: Interest on Subordinated Notes		2,719
Less: Interest on non-IPS Subordinated Notes		(399)
Less: Purchase of property plant and equipment		(86)
Add: Proceeds on disposal of property plant and equipment		77
<b>Cash Flow Available for Distributions</b>		<b>5,119</b>
Interest on IPS Subordinated Notes <sup>(1)</sup>		2,320
Dividends to IPS Common Shares <sup>(1)</sup>		1,338
<b>Total IPS Distributions<sup>(1)</sup></b>		<b>3,658</b>
<small>(1) IPS Subordinated Note interest, IPS Common Share dividends and total Company distributions in Canadian Dollars were \$2,789, \$1,608 and \$4,398, respectively. On a per IPS basis, the Canadian Dollar equivalent of these amounts were \$0.0758, \$0.0437 and \$0.1195, respectively.</small>		

#### LIQUIDITY AND CAPITAL RESOURCES

The Company has adequate liquidity from several sources in addition to cash flow from operations. The Reserve Account held \$12.5 million at December 31, 2004 and is currently approximately \$48 million as a result of the \$35.9 million MASSPOWER distribution. Holdings has a \$50 million revolving term credit facility, \$14.75 million of which is allocated, but not drawn, to support letters of credit for contingent liabilities at several projects. There have been no drawdowns on the facility since the IPO. The credit facility may be drawn during the year to make quarterly estimated U.S. tax payments, which are expected to be refunded following the filing of the Company's annual return. In addition, the Projects themselves generally have their own reserve accounts to support payments for major maintenance costs and project-level debt service. All project-level debt is non-recourse to the Company or Holdings and is fully amortizing over the life of the projects' PPAs.

#### CAPITAL EXPENDITURES

Capital expenditures for the Projects are made at the project level using current project cashflow and project reserves. Therefore, the distributions that Holdings receives from the Projects are made net of capital expenditures needed at the projects. Generally, there are relatively little capital expenditures since repairs and most major maintenance expenditures, are expensed.

An estimated \$2 million capital project is underway at the Pasco project to construct a water distillation facility that will serve as the project's thermal load. There is sufficient cash at the project to fund the construction, and approximately \$550 was spent in 2004.

A gas turbine upgrade project will be undertaken in 2005 at the Orlando project to improve its output and efficiency characteristics. The upgrade will take place during the previously scheduled major maintenance outage. It will cost approximately \$2.6 million and will be financed via a new Long-Term Service Agreement with the manufacturer which will expire in 2014.

#### CONTRACTUAL OBLIGATIONS

(a) Each project typically has a set of contracts that includes the following, which are obligations of the project partnerships and non-recourse to the Company unless otherwise specified. Therefore, specific contracts for individual projects are not discussed in detail in the MD&A.

- PPAs generally allow projects to pass through their fuel costs. See the earlier table on page 12 for off-takers and durations.
- Fuel Supply agreements have minimum volume requirements with terms typically similar to their respective PPA.
- Fuel Transportation agreements incorporate capacity reservation/demand payments.
- Steam Sales agreements track PPA lengths and are designed to meet regulatory requirements for thermal load/efficiency at fossil fuel plants.
- O&M agreements contract for operations and maintenance services by third parties or owners.
- Long-term service agreements may be in place for gas or steam turbine inspections and overhauls.
- Site Lease agreements grant use of project land where projects don't own the site.
- Project Debt is non-recourse and fully amortizing during PPA terms.

A detailed description of the Projects' agreements is contained in the Technical Review performed by Stone and Webster in conjunction with the Company's IPO, with updated information in its Annual Information Form, dated March 31, 2005. Both documents are available at [www.sedar.com](http://www.sedar.com).

(b) Swap Agreement – see foreign currency hedging arrangements below

(c) Office Lease Obligations: The Manager subleases its office space from ArcLight, under an agreement through 2014. The obligations under this sublease are as follows:

	2005	2006	2007	2008-2014
Office Lease for Manager	130	130	130	933

(d) The Company pays a management fee under the Management Agreement, among the Company, Holdings and Manager. The management fee is subject to adjustment for future acquisitions as agreed to by the Company and Holdings' independent Managers, plus incentives and expenses. The company paid \$620 during the 6 week period in 2004.

(e) Subordinated Notes – As of December 31, 2004, the Company had \$206,927 outstanding of 11% subordinated notes due 2016. The notes are interest-only until their maturity.

#### RELATED PARTY TRANSACTIONS

The Manager has been engaged under the Management Agreement to provide certain management and administrative services to the Company and Holdings, for which it is paid (i) an annual management fee, (ii) reimbursement of costs, and (iii) an annual incentive fee equal to 25% of the excess in distributions paid to shareholders during the year above the initial targeted distributions at the IPO. The Management Agreement has an initial term of 20 years. The Manager is owned by the ArcLight Funds. Subsidiaries of the ArcLight Funds along with a subsidiary of Caithness Energy own 41.9% of Holdings.

The seven person Board of Managers of Holdings includes two members from the manager of the ArcLight Funds who were appointed by the Existing Investors, and the President and CEO of the Manager, but they may not vote on any proposed acquisitions by Holdings of projects from the ArcLight Funds.

The Manager receives administrative and office support services from the manager of the ArcLight Funds under a Management Support Agreement on a cost recovery basis. This agreement also requires ArcLight and its affiliates to give the Manager the opportunity to pursue, on behalf of the Company and Atlantic Holdings, investment opportunities that do not fit within the investment guidelines for ArcLight Fund I and Fund II or other investment funds managed by ArcLight or its affiliates.

As disclosed above, the Manager subleases its office space from ArcLight, under an agreement through 2014.

Caithness Energy has an indirect ownership interest in one of the Existing Investors. Subsidiaries of Caithness Energy provide operations and maintenance at four of the Projects and accounting, tax and other administrative functions for 12 of the Projects under agreements which are in effect through 2007 and renewable thereafter. During the six week period of 2004, Caithness Energy was paid \$687.

#### FOREIGN EXCHANGE HEDGING ARRANGEMENTS

At the time of the IPO closing, Holdings entered into forward contracts to purchase Canadian dollars sufficient to make 60 monthly distributions at the current distribution level to all holders including Existing Investors, as well as interest payments on the separate subordinated notes at a rate of Cdn \$1.2073/U.S. \$1.00. For the six-week period ending December 31, 2004, the net impact of the change in the foreign exchange rate on (i) the aggregate value of the hedges and (ii) the Company's outstanding Subordinated Notes and its liability to Existing Investors from their liquidity right, was approximately (\$266).

#### ACCOUNTING ESTIMATES

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates. During the period presented, management has made a number of estimates and valuation assumptions, including the fair values of acquired assets, the useful lives and recoverability of property plant and equipment and power purchase contracts, the recoverability of equity investments, the recoverability of future tax assets and the fair value of financial instruments and derivatives. Refer to Note 1 to the Consolidated Financial Statements.

#### CHANGES IN ACCOUNTING POLICIES

There were no changes in accounting policies during the period ending December 31, 2004. Management is also not aware of any changes in accounting policies in the foreseeable future that, if changed, would materially affect the Company's overall financial condition or results of operations.

#### SUBSEQUENT EVENTS

On January 12, 2005, Holdings increased its indirect interest in the Gregory project from 9.4% to 15.1% or 60.4 net MW. The interest was acquired indirectly via Holdings' interest in Javelin and was accomplished using cash available at the project level.

On March 1, 2005, Holdings received a distribution of approximately U.S. \$35.9 million from the MASSPOWER project. The distribution was comprised of (i) a portion of the proceeds paid to the project by two of its three utility power purchasers to terminate power purchase agreements that together account for approximately 66.5% of the project's output, (ii) operating income and (iii) the release of restricted cash. The MASSPOWER project has repaid its outstanding debt and will continue to make available approximately 7.9% of its output under its remaining power purchase agreement through 2013, if and when it is dispatched, and will have the option to sell the remainder of its output into the wholesale spot market. Holdings has placed the distribution into its Reserve Account, which is available to fund acquisitions and other growth opportunities to enhance the long-term stability of distributions.

## OUTLOOK

The Company expects that the effects of significant dislocations in U.S. power markets that occurred over the past several years will continue, thereby providing it with opportunities for accretive acquisitions. The Company believes that the experience and industry relationships of Managers' employees, together with its ongoing relationship with ArcLight, will provide unique access to such acquisitions.

In addition, Holdings has been granted a right of first offer on a number of power producing projects currently owned by the ArcLight Funds. In aggregate, the right of first offer is related to interests in 11 power generating projects representing approximately 706 net MW of total electric generation capacity.

The Company intends to enhance the operation of the Projects and increase cash distributions through:

- (i) optimization of commercial arrangements such as PPAs, fuel supply and transport contracts, steam sales agreements and management and operation agreements;
- (ii) achievement of operating efficiencies;
- (iii) upgrade or enhancement of existing equipment or plant configurations; and
- (iv) expansion of existing Projects.

The Company also believes that opportunities exist to consolidate, on an accretive basis, ownership positions in certain Projects where it owns partial interests, and that financial restructuring and recapitalization opportunities at the Projects may provide capital to the owners of the Projects to fund future growth opportunities.

The opportunity exists for refinancing non-recourse debt at significantly lower interest cost at one or more of the Projects. Project insurance costs have tended to decrease on recent renewals.

## RISK FACTORS

Atlantic Power's future performance and ability to generate sufficient cash flow to meet its monthly cash distributions to holders of IPSs and the Common Shares and Subordinated Notes represented thereby involves a number of risks and uncertainties. Any of these risks and uncertainties could have a material adverse effect on the Company's results of operations, business prospects, financial condition, the cash available to the Company for distribution to holders of IPSs, Common Shares, or Subordinated Notes or on the market price or value of IPSs, Common Shares or Subordinated Notes. A discussion of these risks and uncertainties can be found in the Company's Annual Information Form dated March 31, 2005. The following is a list of the primary risks facing the Company.

### Revenue May be Reduced Upon Expiration or Termination of PPAs

Power generated by the Projects, in most cases, is sold under PPAs that expire at various times. In addition, these PPAs may be subject to termination in certain circumstances, including default by the project owner or operator. When a PPA expires or is terminated, it is possible that the price received by the relevant project for power under subsequent arrangements may be reduced significantly. It is possible that subsequent power purchase arrangements may not be available at prices that permit the operation of the project on a profitable basis. If this occurs, the affected project may temporarily or permanently cease operations.

#### The Projects Depend on their Electricity and Thermal Energy Customers

Each project relies on one or more PPAs, steam sales agreements or other agreements with one or more utilities or other customers for a substantial portion of its revenue. The amount of cash available for distribution to holders of IPSs, Common Shares and Subordinated Notes is highly dependent upon customers under such agreements fulfilling their contractual obligations. There is no assurance that these customers will perform their obligations or make required payments.

#### Certain Projects are Exposed to Fluctuations in the Price of Electricity

While a majority of the off-takers of the Projects are contractually obligated to purchase electricity under long-term PPAs, those Projects with power purchase arrangements based on market pricing will be exposed to fluctuations in the wholesale price of electricity. In addition, should any of the longterm PPAs expire or terminate, the Manager or the relevant project operator will be required to either negotiate new PPAs or sell into the electricity wholesale market, in which case the prices for electricity will depend on market conditions at the time.

#### Operations are Subject to the Provisions of Various Energy Laws and Regulations

If any Project that is a qualifying facility (a "QF") under the *United States Federal Power Act* (the "FPA"), were to lose its status as a QF, then such Project may no longer be entitled to exemption from provisions of the *Public Utility Holding Company Act of 1935* ("PUHCA") and/or the FPA and state law and regulations. This could subject such Projects to rate regulation as public utilities under the FPA and state law, and could result in the Company or certain of its affiliates inadvertently becoming a public utility holding company, which could cause some or all of the remaining Projects that are QFs to lose their QF status.

Loss of QF status could trigger defaults under covenants to maintain QF status in the PPAs, steam sales agreements and Project-level debt agreements and result in termination, penalties or acceleration of indebtedness under such agreements, plus interest.

A Project may lose its QF status on a retroactive or prospective basis. Loss of QF status by any of the Projects on a retroactive basis could lead to, among other things, an order from the United States Federal Energy Regulatory Commission (the "FERC") against the applicable Project for refunds of payments previously made under the PPAs, with interest. In addition, going forward, rates set forth in the applicable PPA would be subject to initial and potentially subsequent reviews by FERC under the FPA, which could result in reductions to such rates.

If those Projects that are EWGs were to lose their EWG status, this could result in certain affiliates of the Company inadvertently becoming a public utility holding company, which could cause some or all of the remaining Projects to lose their QF status. Loss of exemption from PUHCA would also trigger defaults under loan covenants to maintain exemptions from PUHCA.

On September 30, 2004, Pasco filed a petition seeking a temporary waiver of QF requirements for calendar years 2004 and 2005 with FERC because the steam demands from the current and new steam users were insufficient to reliably maintain QF status. The FERC granted the waiver to the Project for the 2004 and 2005 calendar years, which will allow Pasco the time needed to complete the installation of water distillation equipment so it can sell distilled water to counterparties commencing in 2005 and retain its QF status. The estimated cost of the distillation system is \$2.0 million and the Project has reserved sufficient cash to fund its installation. Steam sales under the Thermal Agreement, along with steam used for distilled water sales, will allow Pasco to meet the FERC QF standards beginning in 2006.

**The Projects Depend on Suppliers Under Fuel Supply Agreements and Increases in Fuel Costs may Adversely Affect the Profitability of the Projects**

Revenues in respect of the Projects may be affected by the availability, or lack of availability, of a stable supply of fuel at reasonable prices. To the extent possible, the Projects attempt to match fuel costs to PPA energy payments. To the extent that fuel costs are not matched directly to PPA energy payments, increases in fuel costs may adversely affect the profitability of the Projects.

The amount of energy generated at the Projects is highly dependent on suppliers under certain fuel supply agreements fulfilling their contractual obligations. The loss of significant fuel supply agreements or an inability or failure by any supplier to meet its contractual commitments may adversely affect cash distributions by the Company.

Upon the expiry or termination of existing fuel supply agreements, the Manager or project operators will have to renegotiate these agreements or may need to source fuel from other suppliers. There can be no assurance that the Manager or project operators will be able to renegotiate these agreements or enter into new agreements on similar terms. Furthermore, there can be no assurance as to availability of the supply or pricing of fuel under new arrangements.

The amount of energy generated at the Projects is dependent upon the availability of natural gas, coal, oil or biomass. There can be no assurance that the long-term availability of such resources will remain unchanged.

**U.S. Federal Income Tax Risks**

There can be no assurance that U.S. federal income tax laws and IRS administrative policies respecting the U.S. federal income tax consequences generally applicable to a holder of Common Shares and Subordinated Notes, as represented by IPSs, will not be changed in a manner which adversely affects Non-U.S. Holders.

There is no authority that directly addresses the tax treatment of securities similar to the Subordinated Notes (i.e., as part of a unit that includes common shares of the Company). In light of this absence of direct authority, it cannot be concluded with certainty that the Subordinated Notes will be treated as debt for U.S. federal income tax purposes, and, although the Company intends to take the position that the Subordinated Notes are debt for U.S. federal income tax purposes, there can be no assurance that this position will not be challenged by the IRS. If such a challenge were sustained, interest payments on the Subordinated Notes would be recharacterized as non-deductible distributions with respect to the Company's equity, and the Company's net taxable income, which is effectively connected income and thus its U.S. federal income tax liability, would be materially increased. As a result, the Company's after-tax cash flow would be reduced and the Company's ability to make interest payments on Subordinated Notes and distributions with respect to Common Shares could be materially and adversely impacted.

**ADDITIONAL INFORMATION**

Additional information is available on the Company's website at [www.atlanticpowercorporation.com](http://www.atlanticpowercorporation.com), or at [www.sedar.com](http://www.sedar.com).

## Management's Responsibility for Financial Statements *to the Shareholders of Atlantic Power Corporation*

The accompanying consolidated financial statements for Atlantic Power Corporation, the management discussion and analysis, and the information included in this annual report have been prepared by Atlantic Power Management, LLC, the Corporation's management who are responsible for their consistency, integrity and objectivity. Management is also responsible for ensuring that the consolidated financial statements are prepared and presented in accordance with Canadian generally accepted accounting principles, which include amounts that are based on estimates and judgments. To fulfill these responsibilities, management maintains appropriate internal control systems and policies and procedures to provide reasonable assurance that assets are safeguarded and the financial records are reliable and form a proper basis for preparation of financial statements.

KPMG LLP, the Corporation's independent auditor, is responsible for auditing the consolidated financial statements in accordance with Canadian generally accepted accounting procedures, and has expressed their opinion on the consolidated financial statements in this report. Their report, as auditors, is set forth herein.

The Corporation's Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal controls. The Board of Directors carries out this responsibility through its Audit Committee which meets regularly with management and the independent auditors. The members of the Audit Committee are independent of management. The consolidated financial statements have been reviewed and approved by the Board of Directors and its Audit Committee. The independent auditors have direct and full access to the Audit Committee and the Board of Directors.

BARRY WELCH  
*President and CEO*

MARK BYSKOV  
*Chief Financial Officer*

## Auditors' Report *to the Shareholders of Atlantic Power Corporation*

We have audited the consolidated balance sheet of Atlantic Power Corporation as at December 31, 2004 and the consolidated statements of operations and deficit and cash flows for the period from November 18, 2004 to December 31, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2004 and the results of its operations and its cash flows for the period then ended in accordance with Canadian generally accepted accounting principles.

CHARTERED ACCOUNTANTS

## Consolidated Statement of Operations and Deficit

Period from November 18, 2004 to December 31, 2004 (in thousands of U.S. dollars, except per share amount)		
<i>Project revenue:</i>		
Energy sales	\$	16,628
Indexed swap (note 13)		1,274
Other		588
		18,490
<i>Project expenses:</i>		
Fuel		6,865
Operations and maintenance		3,389
Project operator fees and expenses (note 14)		743
Amortization		3,579
		14,576
<i>Project other income (expense):</i>		
Equity earnings, net (note 5)		593
Interest expense, net		(868)
		(275)
Income before the undernoted		3,639
<i>Administrative and other expenses:</i>		
Management fees and administration (note 14)		1,270
Amortization of deferred financing costs		116
Interest, net		2,769
Distribution, non-controlling interest		2,622
Change in fair value of non-controlling interest (note 9)		16,490
Foreign exchange loss		266
		23,533
Loss for the period		(19,894)
Dividends		(1,338)
Deficit, end of period	\$	(21,232)
Basic loss per share (note 16)	\$	0.57

See accompanying Notes to Consolidated Financial Statements.

## Consolidated Statement of Cash Flows

Period from November 18, 2004 to December 31, 2004 (in thousands of U.S. dollars, except per share amount)	
<i>Cash flows from (used in) operating activities:</i>	
Loss for the period	\$ (19,894)
Items not involving cash:	
Amortization	3,695
Equity earnings	(593)
Change in fair value of non-controlling interest	16,490
Amortization of gas transportation contract commitment	(540)
Amortization of deferred revenue	(417)
Foreign exchange loss	266
Market value adjustments on indexed swap and hedge	(1,274)
Change in non-cash operating working capital	7,612
Indexed swap and hedge settlements	3,878
Distributions from equity investments	3,674
	12,897
<i>Cash flows from (used in) financing activities:</i>	
Proceeds from issuance of common stock	128,974
Proceeds from issuance of Subordinated Notes	205,934
Equity issuance costs	(7,593)
Deferred financing costs	(11,515)
Repayment of long-term debt	(3,410)
Repayment of assumed debt on acquisition	(167,831)
Repayment of obligations to non-controlling interest	(39,742)
	104,817
<i>Cash flows from (used in) investing activities:</i>	
Acquisitions, net of cash acquired (note 2)	(83,275)
Purchase of property, plant and equipment	(86)
Proceeds on disposal of property, plant and equipment	77
Other	742
	(82,542)
Increase in cash and cash equivalents and reserve fund end of period	\$ 35,172
<i>Represented by:</i>	
Cash and cash equivalents	\$ 22,663
Reserve fund	12,509
	\$ 35,172
<i>Supplemental cash flow information:</i>	
Interest paid	\$ 1,003
Equity issued to non-controlling interest (note 2)	259,082

See accompanying Notes to Consolidated Financial Statements.

## Notes to Consolidated Financial Statements

*Period from November 18, 2004 to December 31, 2004 (in thousands of U.S. dollars)*

Atlantic Power Corporation (the "Company") is a corporation established under the laws of the Province of Ontario on June 18, 2004. The Company issued income-participating securities ("IPSs") for cash pursuant to an initial public offering on November 18, 2004. Prior to November 18, 2004, the Company was inactive.

The Company has acquired indirect interests in 15 power generation projects located primarily in the United States of America (collectively, the "Projects"). Two of the Projects are wholly owned subsidiaries of the Company, being Onondaga Cogeneration Limited Partnership ("Onondaga") and Lake Cogen Ltd. ("Lake").

The Projects are primarily "qualifying facilities" ("QFs") and "exempt wholesale generators" ("EWGs"), which have long-term contracts to sell power. QFs are small power producers or cogenerators (power producers that produce steam as a by-product of the electricity-generating process for use in a second industrial process) that meet certain operating, efficiency and fuel-use standards set forth by the United States' Federal Energy Regulatory Commission ("FERC"). Electric utilities are required to purchase generating capacity and electric energy from QFs at a price approved by state regulatory bodies. EWGs are independent power projects that are exempt from the United States' Public Utility Holding Company Act, but must obtain FERC approval for wholesale rates. The Company's EWGs have been granted market-based rate authority.

### 1. SIGNIFICANT ACCOUNTING POLICIES:

#### (a) Basis of consolidation:

The consolidated financial statements of the Company are prepared in accordance with Canadian generally accepted accounting principles ("Canadian GAAP") and include the consolidated accounts of all of its subsidiaries. The Company uses equity accounting for investments in which it has significant influence but does not control. The Company proportionately consolidates investments in which it has joint control. The Company eliminates intercompany accounts and transactions.

#### (b) Cash and cash equivalents, reserve fund and restricted cash:

Cash and cash equivalents include cash deposited at banks and highly liquid investments with original maturities of three months or less.

The reserve fund represents cash that management has set aside to support future distributions and to use in part to make acquisitions.

Restricted cash represents cash balances maintained in accounts administered by a separate agent as required under certain Projects' debt agreements.

#### (c) Property, plant and equipment:

Property, plant and equipment are stated at cost, net of accumulated amortization. Amortization is provided on a straight-line basis over the estimated useful life of the related asset. The amortization period for facilities ranges from one to 33 years. The weighted average period of amortization is 23 years.

Upon retirement or disposal of assets, the cost and related accumulated amortization are removed from the consolidated balance sheet and any gain or loss is reflected in the consolidated statement of operations and deficit.

#### (d) Power purchase contracts:

Power purchase contracts are valued at the time of acquisition based on the rates received under the power purchase contracts over the projected market rates. The balances are net of accumulated amortization. Amortization is provided on a straight-line basis over the remaining term of the contract. The amortization period ranges from one to 19 years. The weighted average period of amortization is 12 years.

(e) Revenue recognition:

Generally, the Company recognizes revenue when electricity and steam are delivered under the terms of the related contracts. One power purchase contract has pricing which fluctuates over the term of the contract. The Company has recognized revenue based on the estimated average rate for the duration of the contract with the difference between cash received and revenue recognized reflected as deferred revenue.

One of the Projects, Onondaga, is a merchant plant which only generates power when market prices justify it. During the reporting period, the Project did not generate any electricity and does not currently generate electricity. Onondaga recognizes revenue as the swap agreements it has entered settle monthly, net of any change in fair value on these swap agreements (note 13).

(f) Income taxes:

Income taxes are accounted for using the asset and liability method. Future tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Future tax assets and liabilities are measured using enacted or substantively enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on future tax assets and liabilities of a change in tax rates is recognized in earnings in the year that includes the date of enactment or substantive enactment.

A valuation allowance is recorded against future tax assets to the extent that it is more likely than not that the future tax asset will not be realized.

(g) Gas transportation contracts:

Onondaga has certain long-term commitments for the provision of natural gas transportation service to the Onondaga project through the year 2013. The contracts all provide for fixed monthly demand charges, in addition to variable commodity charges based on the quantity of gas transported. Obligations related to the long-term gas transportation agreements were recognized as liabilities in purchase accounting upon the acquisition of Onondaga by the Company. These obligations are being relieved over the remaining lives of the contracts.

All of the Company's other gas transportation costs are expensed as incurred.

(h) Accounting for derivatives:

The Company uses financial derivative agreements in the form of interest rate swaps and foreign exchange forward contracts to manage its current and anticipated exposure to fluctuations in interest rates and foreign currency exchange rates. The Company has also entered into natural gas supply contracts and natural gas swaps to minimize price volatility on natural gas which is a major production cost. The Company does not enter into financial derivative agreements for trading or speculative purposes; however, not all derivatives qualify for hedge accounting.

The Company follows Accounting Guideline 13, "Hedging Relationships" ("AcG-13"), issued by The Canadian Institute of Chartered Accountants ("CICA"), which addresses the identification, designation, documentation and effectiveness of hedging relationships for the purpose of applying hedge accounting, and provides guidance with respect to the discontinuance of hedge accounting. Derivative financial instruments not designated within an AcG-13 compliant hedging relationship are measured at fair value with changes in fair value recorded in the consolidated statement of operations and deficit. Derivative financial instruments not designated as hedges are the foreign currency forward contracts and the index swap agreement (note 1(e)).

Effectiveness tests are performed to evaluate hedge effectiveness at inception and on an ongoing basis, both retroactively and prospectively. Unrealized gains or losses on the interest rate swaps designated within a compliant AcG-13 relationship are not recognized.

Gains and losses on the natural gas forward contracts and swaps which are designated as a hedge of fuel costs are recognized in income as actual fuel costs are recognized.

Natural gas supply contracts in the normal course of business in which the Company takes possession of the natural gas are treated as executory contracts.

(i) Asset retirement obligations:

The fair value of estimated asset retirement obligations is recognized in the consolidated balance sheet when identified and a reasonable estimate of fair value can be made. The asset retirement cost, equal to the estimated fair value of the asset retirement obligation, is capitalized as part of the cost of the related long-lived asset. The asset retirement costs are amortized over the asset's estimated useful life and included in amortization expense on the consolidated statement of operations and deficit. Increases in the asset retirement obligation resulting from the passage of time are recorded as accretion of asset retirement obligation in the consolidated statement of operations and deficit. Actual expenditures incurred are charged against the accumulated obligation.

(j) Long-lived assets:

Long-lived assets, such as property, plant and equipment and power purchase contracts subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of would be presented separately in the consolidated balance sheet and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer amortized. The assets and liabilities of a disposed group classified as held for sale would be presented separately in the appropriate asset and liability sections of the consolidated balance sheet.

(k) Deferred financing costs:

Deferred financing costs consist of loan fees and other costs of financing that are amortized over the term of the related financing using the straight-line method. The amortization period is the term of the debt.

(l) Foreign currency translation:

The Company's functional currency and reporting currency is the United States dollar. The functional currency of the Company's subsidiaries and other investments is the United States dollar. Monetary assets and liabilities denominated in Canadian dollars are translated into United States dollars using the rate of exchange in effect at the end of the period. All transactions denominated in Canadian dollars are translated into United States dollars at the exchange rates in effect at the transaction date. Foreign currency translation gains and losses are reflected in the consolidated statement of operations and deficit.

(m) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. During the period presented, management has made a number of estimates and valuation assumptions, including the fair values of acquired assets, the useful lives and recoverability of property, plant and equipment and power purchase contracts, the recoverability of equity investments, the recoverability of future tax assets, and the fair value of financial instruments and derivatives. These estimates and valuation assumptions are based on present conditions and management's planned course of action, as well as assumptions about future business and economic conditions. Should the underlying valuation assumptions and estimates change, the recorded amounts could change by a material amount.

2. ACQUISITIONS:

The Company formed Atlantic Power Holdings, LLC ("Atlantic Holdings"), a Delaware limited liability company, for the purpose of acquiring indirect interests in 15 Projects from Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC (the "Existing Investors") and acquired the interests of the Existing Investors in the Projects that were held by their wholly owned subsidiaries.

On November 18, 2004, Atlantic Holdings acquired for total consideration of \$522,638 (including \$1,014 in acquisition costs) an indirect interest in 15 Projects located primarily in the United States of America. The purchase price has been allocated as follows:

Working capital	\$	47,213
Equity investments		142,777
Property, plant and equipment		296,132
Power purchase contracts		107,340
Indexed swap and hedge, net		71,902
Other		(2,242)
Long-term debt		(102,476)
Gas transportation contract commitment		(38,008)
Total purchase price		522,638
Less repayment of assumed debt		167,831
		354,807
Less cash acquired		12,000
	\$	342,807
Consideration represented by:		
Cash paid, net of cash acquired	\$	83,725
Non-controlling interest (note 9)		259,082
	\$	342,807

The Company is in the process of finalizing its purchase price allocation. In particular, it is finalizing the fair values of property, plant and equipment, power purchase contracts, evaluating certain assumed obligations and determining the tax basis of the assets acquired.

Immediately following the acquisition, the Company had a 50.6% interest and the Existing Investors had a 49.4% interest in Atlantic Holdings.

Subsequent to the acquisition on December 6, 2004, the Company issued an additional 4,800,000 of IPSs, the proceeds of which were invested in Atlantic Holdings and used to redeem a portion of the Existing Investors' interest in Atlantic Holdings, resulting in a change in the Company's and the Existing Investors' interest in Atlantic Holdings to 58.1% and 41.9%, respectively, as of December 31, 2004 and a reduction in the non-controlling interest of \$39,742 to \$219,340 (note 9).

### 3. JOINT VENTURE INVESTMENTS:

The following are the summarized financial results of the seven entities accounted for under the proportionate consolidation method by the Company. The Company has an effective 50% interest in six of the entities and a 49.8% interest in one of the entities.

The entities in which the Company has joint venture investments are Badger Creek Limited, Stockton Cogen Company, Orlando Cogen Limited LP, Mid-Georgia Cogen LP, Pasco Cogen Ltd., Koma Kulshan Associates and Topsham Hydro Assets.

The following summarizes the balance sheet as at December 31, 2004 and operating results and distributions for the period since acquisition for the Company's proportionate share for the seven entities:

	Company's share
<b>ASSETS</b>	
Current assets	\$ 43,658
Non-current assets	231,390
	\$ 275,048
<b>LIABILITIES</b>	
Current liabilities	\$ 23,857
Non-current liabilities	87,238
	\$ 111,095
Operating results:	
Revenue	\$ 11,953
Net income	1,262
Distributions	\$ 6,700

The joint ventures have entered into various derivative financial instruments to mitigate exposure to changes in interest rates and natural gas prices. The Company's proportionate share of the fair value and carrying value of these derivative financial instruments is as follows:

	Fair value	Carrying value
Interest rate swaps assets	\$ 1,666	\$ -
Interest rate swaps liabilities	(3,195)	-
Natural gas swap assets	2,626	-
	\$ 1,097	\$ -

The Company indirectly through its ownership interests is only responsible for its proportionate share of the obligations of the joint ventures. Certain of the joint ventures have issued letters of credit of \$42,300 in favour of investor-owned utilities. The Company's proportionate share of the letters of credit is \$21,150.

Certain of the joint ventures in the normal course of operations have entered into long-term supply contracts for natural gas or derivative agreements to mitigate the risk of natural gas price movements.

#### 4. PROPERTY, PLANT AND EQUIPMENT:

	Cost	Accumulated amortization	Net book value
Property, plant and equipment	\$ 296,141	\$ 2,153	\$ 293,988

#### 5. EQUITY INVESTMENTS:

The Company has an investment in six entities accounted for under the equity method. The six entities are Rumford Cogeneration Company LP, Selkirk Cogen Partners LP, Delta-Person Limited Partnership, Gregory Power Partners LP, Jamaica Private Power Limited Company and MASSPOWER. The Company owns its interests in Gregory Power Partners LP and a portion of its interest in Rumford Cogeneration Company LP through Javelin Energy LLC. An analysis of the investments is presented below:

Equity investments, at the date of acquisition (note 2)	\$ 142,777
Equity income, net	593
Distributions received	(3,674)
Equity investments, end of period	\$ 139,696

The fair value increment on acquisition of the investments has been allocated to property, plant and equipment and power purchase contracts.

6. POWER PURCHASE CONTRACTS:

	Cost (note 2)	Accumulated amortization	Net book value
Power purchase contracts	\$ 107,340	\$ 1,426	\$ 105,914

7. CREDIT FACILITY:

The Company has a \$50,000 revolving term credit facility, which bears interest at a rate equal to LIBOR or U.S. Base Rate, plus an applicable margin to those rates. At December 31, 2004, \$14,750 was allocated, but not drawn, to support letters of credit. The Company has to meet certain financial covenants. The facility is secured by pledges of assets and interests in subsidiaries and Projects.

8. LONG-TERM DEBT:

Subordinated Notes (Cdn \$248,727)	\$	206,927
Project debt of joint ventures, interest ranging from 2% to 9.125%, expiring between 2006 and 2018		99,066
		305,993
Less current portion of project debt of joint ventures		13,764
	\$	292,229

The Company has issued \$176,560 of 11% Subordinated Notes in conjunction with its initial public offering of IPSs (note 10) and \$30,367 of 11% Subordinated Notes separately. The Subordinated Notes will mature 12 years after the date of issuance subject to redemption under specified conditions at the option of the Company, commencing on or after November 18, 2009. Interest is payable monthly in arrears, commencing on January 31, 2005, and the principal repayment will occur at maturity. The Subordinated Notes are secured by a pledge of the Company's interest in Atlantic Holdings and certain of Atlantic Holdings subsidiaries and contain certain restrictive covenants.

Principal payments due under the Projects in the next five years and thereafter are as follows:

2005	\$	13,764
2006		14,674
2007		14,319
2008		13,461
2009		4,329
Thereafter		38,519
		99,066
Subordinated Notes due 2016		206,927
	\$	305,993

The Project debt of joint ventures is secured by the respective facility with no other recourse to the Company. The loans have certain financial covenants which must be met.

#### 9. OTHER LIABILITIES, NON-CONTROLLING INTEREST:

As of December 31, 2004, the Existing Investors have a 41.9% interest in Atlantic Holdings and also have the right to request, at any time, that Atlantic Holdings purchase for cancellation all or any portion of the Existing Investors' interests in Atlantic Holdings, subject to a minimum remaining 10% interest for a two-year period from November 18, 2004. The repurchase of the Existing Investors' interests is conditional upon Atlantic Holdings being able, after utilizing its best efforts, to complete or cause the completion of an equity financing on terms acceptable to the managers of Atlantic Holdings who are independent of the Existing Investors' and their affiliates, acting reasonably, to secure the necessary funds to enable it to purchase the Existing Investors' interests. Atlantic Holdings may only finance repurchases of Existing Investors' interests pursuant to the exercise of the rights by issuing additional equity securities. This may occur through the sale of equity interests to the Company, the purchase of which by the Company may be financed by a sale of IPSs or other equity securities of the Company. The Company is required to use its best efforts to effect an offering of IPSs or other equity securities on terms acceptable to the directors of the Company in order to provide equity funding to Atlantic Holdings for the repurchase of the Existing Investors' interests. Since there is a written put option, these interests are treated as a liability of the Company and are recorded at fair value on the consolidated balance sheet. To purchase the remaining 41.9% interest, 22,283,721 IPSs, would be required to be issued.

Any change in fair value of the non-controlling interest is recognized in the consolidated statement of operations and deficit as change in non-controlling interest. For the period ended December 31, 2004, a cost of \$16,490 is reflected in the consolidated statement of operations and deficit.

#### 10. SHARE CAPITAL:

The Company issued 32,000,000 IPSs for cash pursuant to its initial public offering on November 18, 2004, and a further 4,800,000 IPS on December 6, 2004. Each IPS was issued for Cdn \$10.

Each IPS consists of one common share of the Company and Cdn \$5.767 of aggregate principal amount of 11% Subordinated Notes of the Company (note 8).

Proceeds of \$121,381 (net of offering costs of \$7,593) were allocated to common stock.

#### 11. INCOME TAXES:

The provision for income taxes in the consolidated statement of operations and deficit represents an effective tax rate of 36.94%. The Canadian enacted statutory rate is 36.12%. The differences are as follows:

Computed income tax expense at Canadian statutory rate	\$	(7,186)
Increase (decrease) resulting from:		
Operating in countries with different income tax rates		(164)
		(7,350)
Valuation allowance		357
		(6,993)
Permanent differences:		
Increase in obligation, non-controlling interest		6,092
Distribution, non-controlling interest		969
Other		(68)
		6,993
Income tax expense	\$	—

The tax effect of temporary differences that give rise to significant portions of the future tax assets and future tax liabilities at December 31, 2004 are presented below:

Future tax assets:	
Power purchase contracts	\$ 8,629
Loss carryforwards expiring in 2024	690
Other	2,168
<hr/>	
Total future tax assets	11,487
Valuation allowance	(357)
<hr/>	
	11,130
Future tax liabilities:	
Property plant and equipment	10,336
IPS issuance costs	176
Other	618
<hr/>	
Total future tax liabilities	11,130
<hr/>	
Net future tax asset (liability)	\$ —

## 12. COMMITMENTS AND CONTINGENCIES:

### (a) Letters of credit:

Onondaga has issued a letter of credit of \$550 in favour of an investor-owned utility.

### (b) Fuel supply and transportation agreements:

Typically the Projects have long-term contracts for supply and transportation of fuel. The contracts may have minimum volumetric commitments of delivery. Generally price indexes used in these contracts are designed to match as closely as possible the respective energy price indexes in the Projects' power purchase contracts.

Certain of the Projects in the normal course of operations have entered into long-term supply contracts for natural gas or derivative agreements to mitigate the risk of natural gas price movements.

### (c) Legal matters:

The Company and the Projects are involved from time to time in various litigation matters, the ultimate settlement of which is currently not believed to have a material adverse impact on the Company.

### (d) The Company entered into forward contracts to purchase Canadian dollars sufficient to make 60 monthly distributions at the current distribution level to all holders including Existing Investors, as well as interest payments on the separate Subordinated Notes at a rate of Cdn \$1.2073/U.S. \$1.00.

### 13. INDEXED SWAP:

A swap agreement (the "Indexed Swap") between the power utility and Onondaga has replaced the Projects' original power purchase contract. The Indexed Swap expires on June 30, 2008. The Indexed Swap is a financial instrument under which the utility company makes monthly payments to Onondaga based upon the differential between an indexed "contract price" and a market reference price for electricity. The indexed contract price fluctuates in relation to the market cost of a natural gas and a prescribed index of inflation. The notional quantity of electricity for the purpose of these calculations is fixed for the full 10-year term of the Indexed Swap.

In May 2004, Onondaga contributed the Indexed Swap to a newly formed wholly owned special purpose subsidiary, Onondaga Power Swap Holdings, LLC ("OPSH"). Onondaga has guaranteed OPSH's obligations to the utility company under the Indexed Swap. Also in May 2004, OPSH entered into commodity hedges (the "Indexed Swap Hedge"), in order to lock in favourable gas, power and capacity pricing under the Indexed Swap. The hedges extend through June 30, 2008 and remove almost all commodity exposure from the Indexed Swap through its term.

Changes related to the Indexed Swap are summarized below:

Fair value at acquisition date	\$	101,468
Increase in fair value during the period		1,880
Settlements received		(3,757)
Fair value, as of December 31, 2004	\$	99,591

Changes related to the Indexed Swap Hedge:

Fair value at acquisition date	\$	(29,566)
Increase in fair value during the period		(606)
Settlements received		(121)
Fair value, as of December 31, 2004	\$	(30,293)

### 14. RELATED PARTY TRANSACTIONS:

The Company has contracted with Atlantic Power Management, LLC (the "Manager"), a company owned by certain entities that form part of the non-controlling interest, for management services, including advice and consultation concerning business planning, support, guidance and policy-making and general management services. The manager will receive an annual management fee of \$300 adjusted for inflation and future growth, cost reimbursements and an incentive fee equal to approximately 25% of cash distributions in excess of targeted cash distributions. In 2004, the manager was paid \$620.

The Company has engaged Caithness Energy, a company affiliated with the non-controlling interest, to provide operations and maintenance at four of the Projects and accounting, taxes and other administrative functions for 12 of the Projects. In 2004, Caithness Energy was paid \$687.

Certain of the Projects are managed by affiliates of other investors.

**15. FAIR VALUES OF FINANCIAL INSTRUMENTS:**

The fair values of cash and cash equivalents, reserve fund, restricted cash, accounts receivable, dividends payable, and accounts payable and accrued liabilities approximate carrying values due to the short-term nature of these balances.

The Indexed Swap, other liabilities, non-controlling interest and foreign exchange forward contract are carried at fair value.

The Indexed Swap is recorded at estimated fair value based on estimated future cash flows taking into account certain assumptions, including forecasts of future energy prices, inflation rates, discount rates and credit risk. Energy prices can be volatile and other assumptions can change from period to period. These factors can create significant fluctuations in the estimated fair value of this agreement.

The fair value of other liabilities, non-controlling interest is based on the quoted market value of the IPSs.

The fair value of forward exchange contracts is based primarily on the difference between the current exchange rate and the forward exchange rate under the contract.

Management believes that the fair value of long-term debt approximates its carrying value because the principal amount of the debt was recently issued.

The fair values of interest rate swap and gas swaps entered into by joint ventures are disclosed in note 3.

**16. BASIC LOSS PER SHARE:**

Basic loss per share has been calculated using the weighted average number of units outstanding during the period of 34,727,273.

**17. SEGMENTED INFORMATION:**

The Company operates 14 Projects in the United States. It has one Project in Jamaica, which is accounted for using the equity method.

The Company has one line of business being the sale of energy.

Revenue is earned primarily from contracts with large investor-owned utilities. Two investment-grade utilities contributed more than 10% of revenue (58% and 20% of revenue).

**18. SUBSEQUENT EVENT:**

On March 1, 2005, the Company received a distribution of \$35,857 from the MASSPOWER Project. The distribution comprised: (a) a portion of the proceeds paid to the Project by two of its three utility power purchasers to terminate power purchase agreements that together account for approximately 66.5% of the project's output, (b) operating income, and (c) the release of restricted cash. The MASSPOWER project has repaid its outstanding debt and will continue to make available approximately 7.9% of its output under its remaining power purchase agreement through 2013, if and when it is dispatched and will have the option to sell the remainder of its output into the wholesale spot market. The Company has placed the distribution into its Reserve Fund, which is available to fund acquisitions and other growth opportunities to enhance the long-term stability of distributions.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements  
(In thousands of U.S. dollars)

Three months ended March 31, 2005  
(Unaudited)

---

Atlantic Power Corporation (the "Company") is a corporation established under the laws of the Province of Ontario on June 18, 2004. The Company issued income-participating securities ("IPSs") for cash pursuant to an initial public offering on November 18, 2004. Prior to November 18, 2004, the Company was inactive.

**1. Basis of presentation:**

These interim consolidated financial statements should be read in conjunction with the consolidated financial statements for the period ended December 31, 2004, as set out in the 2004 Annual Report since they do not contain all the disclosures that are in accordance with Canadian generally accepted accounting principles for annual financial statements. These consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles, using the same accounting policies and methods of computation as were used for the audited consolidated financial statements for the period ended December 31, 2004.

**2. Acquisitions:**

(a) Adjustment of 2004 acquisition:

The Company formed Atlantic Power Holdings, LLC ("Atlantic Holdings"), a Delaware limited liability company, for the purpose of acquiring indirect interests in 15 projects from Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC (the "Existing Investors") and acquired the interests of the Existing Investors in the projects that were held by their wholly owned subsidiaries.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Three months ended March 31, 2005  
(Unaudited)

## 2. Acquisitions (continued):

On November 18, 2004, Atlantic Holdings acquired for total consideration of \$522,638 (including \$1,014 in acquisition costs) an indirect interest in 15 projects located primarily in the United States of America. During the three months ended March 31, 2005, the fair value of certain projects was finalized. The purchase price allocation has been adjusted, primarily related to the valuation of the MASSPOWER power purchase agreements, as follows:

	Original purchase equation	Adjustments	Revised purchase equation
Working capital	\$ 47,213	\$ 689	\$ 47,902
Equity investments	142,777	6,536	149,313
Property, plant and equipment	296,132	545	296,677
Power purchase contracts	107,340	2,289	109,629
Indexed swap and hedge, net	71,902	—	71,902
Other	(2,242)	(426)	(2,668)
Long-term debt	(102,476)	—	(102,476)
Gas transportation contract commitment	(38,008)	—	(38,008)
Future tax liability	—	(9,633)	(9,633)
Total purchase price	522,638	—	522,638
Less repayment of assumed debt	167,831	—	167,831
	354,807	—	354,807
Less cash acquired	12,000	—	12,000
	\$ 342,807	\$ —	\$ 342,807
Consideration represented by:			
Cash paid, net of cash acquired	\$ 83,725	\$ —	\$ 83,725
Non-controlling interest (note 3)	259,082	—	259,082
	\$ 342,807	\$ —	\$ 342,807

The Company remains in the process of finalizing its purchase price allocation and the tax basis of the assets acquired.

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Three months ended March 31, 2005  
(Unaudited)

---

## 2. Acquisitions (continued):

### (b) Project acquisition:

During the three months ended March 31, 2005, Atlantic Holdings increased its interest in one of its existing projects. The fair value of the interest acquired by the Company was \$1,147 and was financed by cash consideration at the project level.

## 3. Other liabilities - non-controlling interest:

As of March 31, 2005, the Existing Investors have a 41.9% (December 31, 2004 - 41.9%) interest in Atlantic Holdings and also have the right to request, at any time, that Atlantic Holdings purchase for cancellation all or any portion of the Existing Investors' interests in Atlantic Holdings, subject to a minimum remaining 10% interest for a two-year period from November 18, 2004. The repurchase of the Existing Investors' interests is conditional upon Atlantic Holdings being able, after utilizing its best efforts, to complete or cause the completion of an equity financing on terms acceptable to the managers of Atlantic Holdings who are independent of the Existing Investors and their affiliates, acting reasonably, to secure the necessary funds to enable it to purchase the Existing Investors' interests. Atlantic Holdings may only finance repurchases of Existing Investors' interests pursuant to the exercise of the rights by issuing additional equity securities. This may occur through the sale of equity interests to the Company, the purchase of which may be financed by a sale of IPSs or other equity securities of the Company. These interests are treated as a liability of the Company and are recorded at fair value on the consolidated balance sheet. To purchase the remaining 41.9% interest, 26,491,865 IPSs would be required to be issued.

Any change in fair value of the non-controlling interest is recognized in the consolidated statement of income and deficit as change in non-controlling interest. For the period ended March 31, 2005, a benefit of \$5,493 is reflected in the consolidated statement of income and deficit.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Three months ended March 31, 2005  
(Unaudited)

---

**4. Related party transactions:**

During the quarter, in accordance with the management agreement, the Company paid \$830 to Atlantic Power Management, LLC, the Manager.

In addition, the Company incurred expenses of \$687 for operations and maintenance services provided by Caithness Energy.

**5. Basic income per share:**

Basic income per share has been calculated using the weighted average number of units outstanding during the period of 36,800,000.

**Form 52-109FT2**

**Certification of Interim Filings during Transition Period**

I, Barry Welch, the President and Chief Executive Officer of Atlantic Power Management, LLC, certify that:

1. I have reviewed the interim filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of Atlantic Power Corporation, (the issuer) for the interim period ending March 31, 2005;
2. Based on my knowledge, the interim filings do not contain any untrue statement of a material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the interim filings; and
3. Based on my knowledge, the interim financial statements together with the other financial information included in the interim filings fairly present in all material respects the financial condition, results of operations and cash flows of the issuer, as of the date and for the periods presented in the interim filings.

May 12, 2005

**Atlantic Power Corporation Announces First Quarter 2005 Results with \$8.6 million of Cash Available for Distributions**

TORONTO, ONTARIO – Atlantic Power Corporation (TSX: ATP.UN) (the “Company”) today announced its results for the three months ended March 31, 2005. The Company commenced operations on November 18, 2004 following completion of its Initial Public Offering (the “IPO”) and the acquisition of interests in fifteen non-utility power projects (the “Projects”). The Company did not hold any material assets prior to November 18, 2004 and is considered to have begun operations on that day. As a result, no comparative financial information is available. All amounts are in US dollars unless otherwise indicated.

Cash available for distributions to holders of the Company’s listed Income Participating Securities (“IPSs”) in the quarter was \$8.6 million or \$0.23 (Cdn \$0.28) per IPS. Distributions declared for the period were \$7.5 million or \$0.20 (Cdn \$0.25) per IPS.

For the quarter ended March 31, 2005 the Company generated project and other revenue of \$37.9 million and income before administrative and other expenses of \$12.7 million. Net income for the quarter was \$9.9 million or \$0.27 (Cdn \$0.33) per IPS for the period.

As disclosed in the prior period, the change in the market value during the quarter of the Company's IPS price affects the magnitude of its liability to issue equity securities to redeem, if requested, the non-controlling owners' interest in Atlantic Power Holdings. This non-cash adjustment increased net income by approximately \$5.5 million for the period.

"Operationally, the Projects performed as expected, and we are pleased with the quarter's financial results. We are continuing to evaluate acquisition opportunities that will add value for our investors, and which can be funded in part with over \$48 million from our reserve fund" commented Barry Welch, President and CEO.

The full financial statements for the period, including Management's Discussion and Analysis, are available on the Company's web site at [www.atlanticpowercorporation.com](http://www.atlanticpowercorporation.com).

Atlantic Power Corporation owns interests in a diversified portfolio of 15 power generation projects located primarily in major markets in the United States. The Company's objectives are to sustain and grow its cash distributions over the long term by enhancing the performance of its existing assets and by making accretive acquisitions.

When used in this news release, the words "anticipate", "expect", "project", "believe", "estimate", "forecast" and similar expressions are intended to identify forward-looking statements, which include statements relating to the projects and potential acquisitions by the Company. Such statements are subject to certain risks, uncertainties and assumptions pertaining to operating performance, regulatory parameters, weather and economic conditions and, in the case of potential acquisitions, risks relating to sourcing, financing and completing acquisitions.

Cash available for distributions is calculated as cash flows from operating activities, adjusted for:

(i) less proceeds on the disposal of three PPAs at the MASSPOWER project, (ii) the change in current liabilities related to subordinated note interest, distributions to non-controlling interests and dividends, (iii) less repayments of long-term project level debt, (iv) plus interest on subordinated notes, (v) less interest on non-IPS subordinated notes, (vi) less the purchase of property, plant and equipment, and (vii) plus proceeds on the disposal of property, plant and equipment. Cash available for distributions is not a measure recognized under Canadian GAAP and does not have standardized meaning prescribed by GAAP. Therefore, cash available for distributions is unlikely to be comparable to similar measures presented by other issuers. As the Company intends to distribute a substantial portion of its cash on an ongoing basis, the Company believes that cash available for distributions is an important measure in evaluating the performance of the Company. For a reconciliation of cash flows from operating activities to cash available for distributions see Management's Discussion and Analysis for the three months ended March 31, 2005 available on the Company's web site at [www.atlanticpowercorporation.com](http://www.atlanticpowercorporation.com) or at [www.sedar.com](http://www.sedar.com).

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

RECEIVED

2005 OCT 18 AM 11:51

10/18/05 11:51 AM

The following management discussion and analysis ("MD&A") of financial condition and results of operations should be read in conjunction with the unaudited financial statements of Atlantic Power Corporation ("Atlantic Power" or "the Company") for the three months ended March 31, 2005. All amounts described in the management discussion and analysis of financial condition and results of operations are in thousands of U.S. dollars. The financial statements have been prepared in accordance with Canadian Generally Accepted Accounting Principles ("GAAP"). This management discussion and analysis of financial condition and results of operation also contains forward looking statements, which are subject to a variety of factors that could cause actual results to differ materially from those contemplated by these statements. Some of the factors that could cause results or events to differ from current expectations include, but are not limited to, the factors described under "Risk Factors". Information contained in this management's discussion and analysis is based on information available to management as of May 12, 2005.

**OVERVIEW**

The Company was established under the laws of the Province of Ontario. With the completion of its Initial Public Offering ("IPO") on November 18, 2004 and after the exercise of the underwriter's over-allotment on December 6, 2004, the Company owns 58.1% of the common membership interests and all of the outstanding Class A preferred membership interests in Atlantic Power Holdings, LLC ("Holdings"). The remaining 41.9% of the common membership interests and all of the outstanding Class B preferred membership interests in Holdings are owned by subsidiaries of ArcLight Energy Partners Funds I and II (the "ArcLight Funds") and Caithness Energy (such subsidiaries, together, the "Existing Investors"). Holdings was formed to acquire indirect interests in a diversified portfolio of power generating facilities (the "Projects") located primarily in major markets in the United States from the Existing Investors. The Company currently has 36,800,000 Income Participating Securities ("IPSs") outstanding. Each IPS represents one common share of the Company ("Common Shares") and Cdn \$5.767 aggregate principal amount of 11% subordinated notes of the Company ("Subordinated Notes").

As of March 31, 2005 interests were owned in fourteen projects in the United States and one in Jamaica with a combined total power generating capacity of 2,161 megawatts ("MW"). Atlantic Power's interests in the Projects represented approximately 795MW of power, generating capacity as of March 31, 2005.

Management and administrative services are provided to the Company by Atlantic Power Management, LLC, a Delaware limited liability company (the "Manager") formed by ArcLight Capital Partners, LLC ("ArcLight") and the ArcLight Funds. The Manager manages the business of the Company and Holdings and also focuses on identifying additional acquisitions and investments for the Company. In addition to the substantial energy investing experience and industry relationships of the Manager's employees, the Company expects to benefit from ArcLight's experience, relationships and specialized knowledge to identify emerging trends and present the Company with accretive acquisition opportunities within the power and energy sector.

The Projects are typically operated and maintained by third party operators under contracts with the Project partnerships. Terms of these agreements vary in length and typically provide for subsequent renewal terms.

The Company's objectives are to maintain the stability and sustainability of cash distributions to holders of Income Participating Securities ("IPSS") in the form of interest payments on Subordinated Notes and dividends on Common Shares, and to increase, when prudent, dividends on the Common Shares. In order to achieve these objectives, the Company intends to focus on enhancing the financial performance of the Projects and pursuing additional acquisitions and investments with a focus on power generating facilities predominantly in the U.S.

Cash Flow Available for Distributions is not a measure recognized under GAAP and does not have a standardized meaning prescribed by GAAP. Management believes Cash Flow Available for Distributions is a relevant supplemental measure of the Company's ability to earn and distribute cash returns to investors. A reconciliation of net cash provided by operating activities to Cash Flow Available for Distributions is set out in this MD&A. Investors are cautioned that the Company may calculate this measure in a manner that is different from other companies.

EBITDA is not a measure recognized under GAAP and does not have a standardized meaning prescribed by GAAP. Management uses aggregate EBITDA at the Projects as a cash flow measure to provide aggregate annual comparative information about Project performance.

#### **THE NON-UTILITY POWER GENERATION INDUSTRY**

The Projects are non-utility electric generating facilities that operate primarily in the U.S. electric power generation industry. The electric power industry is one of the largest industries in the U.S., with 2003 revenue of nearly \$260 billion based on information published by the Energy Information Administration ("EIA") of the U.S. Department of Energy. A growing portion of the power produced in the U.S. is generated by non-utility generators. According the EIA, there were approximately 7,772 non-utility generators representing 448 Gigawatts of capacity and 1,421 Gigawatt hours of total net electric generation in 2003 (equal to 46%, 48% and 37% respectively of industry totals including utilities.) Non-utility generators sell the electricity generated to electric utilities, other load-serving entities (such as municipalities and electric cooperatives) and industrial consumers through bilateral contracts or wholesale power markets. Non-industrial electricity buyers, in turn, generally sell this electricity to industrial, commercial and residential customers. The power generated by the Projects is generally sold under long-term contracts, referred to as Power Purchase Agreements ("PPAs").

## PROJECT PORTFOLIO

The following table outlines the Company's portfolio of power generating assets as of March 31, 2005, including its interest in each facility. Management believes the portfolio is well diversified based on electricity and steam buyers or off-takers, regulatory jurisdictions and regional power pools, thereby mitigating exposure to market, regulatory or environmental conditions specific to any one region.

Project Name	Location	Fuel Type	Total MW	Economic Interest <sup>(1)</sup>	Accounting Treatment <sup>(2)</sup>	Net MW <sup>(3)</sup>	Electricity Off-Taker	PPA Expiry	Off-Taker S&P Credit Rating
Badger Creek	California	Natural Gas	46	50.0%	P	23	Pacific Gas & Electric	2011	BBB

Topsham <sup>(8)</sup>	Maine	Hydro	14	50.0%	P	7	Central Maine Power	2011	BBB+

(1) Holdings' economic interest represents the percentage ownership interest in the project held indirectly by Atlantic Holdings (except as otherwise noted).

(2) Accounting Treatment: (refer to Note 1 of Consolidated Financial Statements).

C=Consolidated

P=Proportionate Consolidation

E=Equity

(3) Represents the interest of Holdings in each project's total electric generation capacity based on Holdings' economic interest in each project.

(4) Represents Holdings' estimate of its share of the cash flow from the project.

(5) On March 1, 2005 MASSPOWER concluded a termination agreement for its one PPA with Boston Edison and two PPAs with Commonwealth Electric and received a termination payment. Massachusetts Municipal Wholesale Electric Co. maintains a right to 7.9% of the project's output, if and when it runs.

(6) A swap agreement with Niagara Mohawk Power Corporation has replaced the Onondaga PPA.

(7) On January 12, 2005 Holdings increased its indirect interest in the Gregory Project to 15.1% or 60.4 net MW.

(8) Holdings owns its interest in this Project as a lessor

**RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED MARCH 31, 2005** (in thousands of US dollars, except per share amounts, unless otherwise stated)

The Company commenced operations on November 18, 2004 on completion of its Initial Public Offering ("IPO") and the acquisition of interests in fifteen non-utility power projects. The Company did not hold any material assets prior to November 18, 2004 and is considered to have begun operations on November 18, 2004. The Company generates revenues by selling its electricity, steam and other by-products to various off-takers generally under long-term Power Purchase Agreements ("PPAs") and Steam Purchase Agreements. As of March 31, 2005 the Company had PPAs with 15 customers. Details on the duration of the PPAs for each property are presented in the table above.

**SUMMARY OF FINANCIAL INFORMATION (\$000s)**

<u>Period from January 1, 2005 to March 31, 2005</u>	
Project Revenue <sup>1</sup>	37,863
Project Expenses <sup>1</sup>	29,755
Project Other Income <sup>2</sup>	<u>4,580</u>
Income before Administrative and Other Expenses	12,688
<b>Administrative and other expenses</b>	
Distribution, non-controlling interest <sup>3</sup>	5,335
Decrease in Obligations, non-controlling interest <sup>4</sup>	(5,493)
Foreign Exchange Gain (loss) <sup>5</sup>	(3,658)
Other	<u>7,094</u>
Total Administrative and other expenses	3,278
Income (loss) before income taxes	9,410
<i>per share</i>	0.26
Income Taxes	(532)
Net Income (loss)	9,942
<i>per IPS (US)</i>	0.27
<i>per IPS (Cdn)</i>	0.33
Total Assets	746,181
Total Long-term Liabilities <sup>6</sup>	574,836
Cash Flows from Operating Activities	38,730
Distributions <sup>7</sup>	7,495
<i>per IPS (US)</i>	0.20
<i>per IPS (Cdn)</i>	0.25

- (1) Project revenue and project expenses of Holdings' interests in nine projects, including two wholly owned projects and seven proportionately consolidated projects with interests ranging from 49.9% to 50%. (Refer to Accounting Treatment presented in the preceding Project Portfolio table.)
- (2) Includes equity in earnings from partnerships of \$6,439 from six projects in which Holdings owns interests of between 15.1% and 24.1%, accounted for on an equity basis.
- (3) Distributions declared to holders of 41.9% non-controlling interest in Holdings (declared, but not distributed in the period).
- (4) Existing Investors own a 41.9% non-controlling interest in Holdings with certain Liquidity Rights to request that the Company issue equity securities (including IPSs) to raise proceeds that would indirectly be used to redeem portions of the Existing Investors' interest, within the first two years from the IPO. During the two year period following the IPO, the Existing Investors must maintain a minimum 10% aggregate ownership interest in Holdings. This amount represents the mark-to-market change during the reporting period in the obligation the Company to make such issuance so that Holdings can redeem the Existing Investors' interests based on the change in market price per IPS from Cdn \$10.75 at December 31, 2004 to Cdn \$10.50 at March 31, 2005.
- (5) Net impact of foreign exchange changes on the value of debt and the mark-to-market value of currency hedges for the period.
- (6) Includes the increase in the USD equivalent of Cdn denominated obligations less the value of the foreign exchange contract.
- (7) Declared, but not distributed in reporting period.

While aggregate generation and plant availability were down 5% and 1% respectively at the Projects during the first quarter of 2005 compared to the first quarter of 2004, EBITDA at the Projects was up 20% excluding the \$4.4 million increase due to the acquisition in 2004 of the lessor interest in the Lake Project. Significant factors in this EBITDA increase include the impact from Onondaga's hedge agreement which did not exist in the prior year, and its swap agreement's performance with rising gas prices, as well as positive performance at several other Projects. Changes in availability of the Projects do not necessarily translate directly to revenue or EBITDA changes if relevant threshold performance is still being met under the PPAs. Changes in generation do not necessarily translate directly to changes in revenue or EBITDA, since some projects may, at some times, provide higher margin from resale of unused gas than from incremental electricity generation.

Among the Company's largest costs is the supply of natural gas, coal and other fuels required to operate the Projects. Each of the Projects generally has a long-term fuel supply agreement whose term matches the term of the corresponding PPA. Fuel costs, particularly natural gas costs, were at historically high levels in the US through the reporting period. However, the majority of the PPAs provide for the pass-through or indexing of fuel costs to the off-takers.

#### **CASH FLOW FROM OPERATIONS AND RESERVE ACCOUNT**

The Company's cash flow from the Projects will vary from year to year based on, among other things, changes in rates under the PPAs, fuel supply agreements, steam sales agreements and other project contracts, compliance with the terms of non-recourse project-level financing including debt repayment schedules, the transition to market pricing following the expiry of PPAs, fuel supply and transportation contracts, working capital requirements and the general performance of the Projects. Project cashflows themselves may have some seasonality and the pattern and frequency of distributions from Projects to Holdings during the year can also vary.

In order to provide holders of IPSs with stable and sustainable cash distributions, the Company deposited approximately \$12.5 million into a Reserve Account at the closing of its IPO and will deposit funds in the Reserve Account from time to time to stabilize future cash distributions and fund acquisitions and other growth opportunities. As of December 31, 2004 the Reserve Account held approximately \$12,500. On March 1, 2005, Holdings received approximately \$35,900 related to the termination of three Power Purchase Agreements at the MASSPOWER project, which was added to the Reserve Account, a portion of which may be used for taxes owed on that transaction. On March 31, 2005 the Reserve Account held approximately \$48,400.

The Company's cash flow from operations of \$38,730 was in line with expectations for the period, taking into account the MASSPOWER transaction described below.

## CASH FLOW AVAILABLE FOR DISTRIBUTION

Holders of IPSs receive cash distributions in the form of interest payments on Subordinated Notes and dividends on Common Shares. For the three month period ended March 31, 2005 distributions of \$7,495 were declared. A total of Cdn \$0.25 per IPS was declared and was comprised of interest payments of Cdn \$0.16 on the 11% subordinated note portion of the IPS, plus Cdn \$0.09 common share dividend per IPS.

The following table shows the calculation of Cash Available for Distribution starting with net cash provided by operating activities for the three months ended March 31, 2005.

## CALCULATION OF CASH FLOW AVAILABLE FOR DISTRIBUTION

Cash flows from operating activities .....	\$38,730
Less: Proceeds from Disposal of three PPAs at MASSPOWER Project <sup>(1)</sup>	(34,173)
Add: Decrease in current liabilities related to Subordinated Note Interest, Distributions to Non-Controlling Interests and Dividends .....	2,048
Less: Consolidated project-level repayment of long-term debt .....	(1,496)
Add: Interest on Subordinated Notes .....	4,753
Less: Interest on non-IPS Subordinated Notes .....	(817)
Less: Purchase of property plant and equipment .....	(464)
Add: Proceeds on disposal of property plant and equipment .....	0
<b>Cash Flow Available for Distributions, USD .....</b>	<b>\$8,581</b>
Cash Flow Available for Distributions, Cdn	\$10,347
Cash Flow Available for Distributions per IPS, Cdn	\$0.28
Interest on IPS Subordinated Notes .....	4,753
Dividends to IPS Common Shares .....	2,742
<b>Total IPS Distributions, USD</b>	<b>\$7,495</b>
Total IPS Distributions, Cdn .....	\$9,203
Total Distributions per IPS, Cdn	\$0.25

<sup>(1)</sup> March 1, 2005 distribution of \$35.858 million less MASSPOWER's estimated first quarter cash available for distribution.

## LIQUIDITY AND CAPITAL RESOURCES

The Company has adequate liquidity from several sources in addition to cash flow from operations. The Reserve Account held \$12,500 at December 31, 2004 and is currently approximately \$48,400 as a result of the \$35,900 MASSPOWER distribution, some of which may be used toward taxes owed on that transaction. Holdings has a \$50,000 revolving term credit facility, \$14,750 of which is allocated, but not drawn, to support letters of credit for contingent liabilities at several projects. There have been no draw downs on the facility since the IPO. In addition, the Projects themselves generally have their own reserve accounts to support payments for major maintenance costs and project-level debt service.

All project-level debt is non-recourse to the Company or Holdings and is fully amortizing over the life of the projects' PPAs.

## ACQUISITIONS & DISPOSITIONS

On January 12, 2005, Holdings increased its indirect interest in the Gregory project from 9.4% to 15.1% or 60.4 net MW. The interest was acquired indirectly via Holdings' interest in Javelin and was accomplished using cash available at the project level.

On March 1, 2005, Holdings received a distribution of approximately \$35,900 from the MASSPOWER project. The distribution was comprised of (i) a portion of the proceeds paid to the project by two of its three utility power purchasers to terminate power purchase agreements that together account for approximately 66.5% of the project's output, (ii) operating income and (iii) the release of restricted cash. The MASSPOWER project has repaid its outstanding debt and will continue to make available approximately 7.9% of its output under its remaining power purchase agreement through 2013, if and when it is dispatched and will have the option to sell the remainder of its output into the wholesale spot market. Holdings placed the distribution into its Reserve Account, which is available to fund acquisitions and other growth opportunities enhancing the long-term stability of distributions.

## CAPITAL EXPENDITURES

Capital expenditures for the Projects are made at the project level using current project cash flow and project reserves. Therefore, the distributions that Holdings receives from the Projects are made net of capital expenditures needed at the projects. Generally, there is relatively little capital expenditure since repairs and most major maintenance expenditures, are expensed.

An estimated \$2 million capital project is underway at the Pasco project to construct a water distillation facility that will serve as the project's thermal load. There is sufficient cash at the project to fund the construction and approximately \$607 was spent in the period.

A gas turbine upgrade project will be undertaken this year at the Orlando project to improve its output and efficiency characteristics. The upgrade will take place during the previously scheduled major maintenance outage. The cost was financed via a new Long Term Service Agreement between the Project and the manufacturer which will expire in 2014.

#### CONTRACTUAL OBLIGATIONS

(a) Each project typically has a set of contracts that includes the following, which are obligations of the project partnerships and non-recourse to the Company. Therefore, specific contracts for individual projects are not discussed in detail in the MD&A.

- PPAs generally allow projects to pass through their fuel costs. See the earlier Project Portfolio table for off-takers and durations.
- Fuel Supply agreements have minimum volume requirements with terms typically similar to their respective PPA.
- Fuel Transportation agreements incorporate capacity reservation/demand payments.
- Steam Sales agreements track PPA lengths and are designed to meet regulatory requirements for thermal load/efficiency at fossil fuel plants.
- O&M agreements contract for operations and maintenance services by third parties or owners.
- Long-term service agreements may be in place for gas or steam turbine inspections and overhauls.
- Site Lease agreements grant use of project land where projects don't own the site.
- Project Debt is non-recourse and fully amortizing during PPA terms.

The Company and its other partner in the Mid-Georgia Project are in discussions with the project's lenders about a possible restructuring of the non-recourse debt arrangements. While it is difficult to predict the outcome of these discussions, the Manager does not believe that the result will have a material adverse impact on the Company's cash flows.

A detailed description of the Projects' agreements at the time of the IPO is contained in the Technical Review performed by Stone and Webster in conjunction with the Company's IPO, with updated information in its Annual Information Form, dated March 31, 2005. Both documents are available on SEDAR.

(b) Swap Agreement – see foreign currency hedging arrangements below

(c) Office Lease Obligations:

The Manager subleases its office space from ArCLight, under an agreement through 2014. The obligations under this sublease are as follows:

	2005	2006	2007	2008-2014
Office Lease for Manager	130	130	130	933

(d) The Company pays a management fee under the Management Agreement, among the Company, Holdings and Manager. The management fee is subject to adjustment for future acquisitions as agreed to by the Company and Holdings' independent Managers, plus incentives and expenses. The company paid the Manager \$830 during the three month period ended March 31, 2005.

(e) Subordinated Notes – As of March 31, 2005, the Company had \$205,627 outstanding of 11% subordinated notes due 2016. The notes are interest only until their maturity.

#### **RELATED PARTY TRANSACTIONS**

The Manager has been engaged under the Management Agreement to provide certain management and administrative services to the Company and Holdings, for which it is paid (i) an annual management fee, (ii) reimbursement of costs, and (iii) an annual incentive fee equal to 25% of the excess in distributions paid to unit holders during the year above the initial targeted distributions at the IPO. The Management Agreement has an initial term of 20 years. The Manager is owned by the ArcLight Funds. Subsidiaries of the ArcLight Funds along with a subsidiary of Caithness Energy own 41.9% of Holdings.

The seven person Board of Managers of Holdings includes two members from the manager of the ArcLight Funds who were appointed by the Existing Investors, and the President and CEO of the Manager, but they may not vote on any proposed acquisitions by Holdings of projects from the ArcLight Funds.

The Manager receives administrative and office support services from the manager of the ArcLight Funds under a Management Support Agreement on a cost recovery basis. This agreement also requires ArcLight and its affiliates to give the Manager the opportunity to pursue, on behalf of the Company and Atlantic Holdings, investment opportunities that do not fit within the investment guidelines for ArcLight Fund I and Fund II or other investment funds managed by ArcLight or its affiliates.

Holdings has been granted a right of first offer on a number of power producing projects currently owned by the ArcLight Funds. In aggregate, the right of first offer is related to interests in 11 power generating projects representing approximately 706 net MW of total electric generation capacity. There is no assurance that the Company will be able to successfully complete such potential acquisitions that may arise from this opportunity.

As disclosed above, the Manager subleases its office space from ArcLight, under an agreement through 2014.

Caithness Energy has an indirect ownership interest in one of the Existing Investors. Subsidiaries of Caithness Energy provide operations and maintenance at four of the Projects and accounting, tax and other administrative functions for 12 of the Projects under agreements which are in effect through 2007 and renewable thereafter. During the reporting period, Holdings incurred expenses of \$687 for services provided by Caithness Energy.

## **FOREIGN EXCHANGE HEDGING ARRANGEMENTS**

At the time of the IPO closing, Holdings entered into forward contracts to purchase Canadian dollars sufficient to make 60 monthly distributions at the current distribution level to all holders including Existing Investors, as well as interest payments on the separate subordinated notes at a rate of Cdn\$1.2073/US\$1.00. For the three month period ending March 31, 2005, the net impact of the change in the foreign exchange rate on (i) the aggregate value of the hedges and (ii) the Company's outstanding Subordinated Notes and its liability to Existing Investors from their liquidity right debt, was approximately \$3,658.

## **ACCOUNTING ESTIMATES**

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates. During the period presented, management has made a number of estimates and valuation assumptions, including the fair values of acquired assets, the useful lives and recoverability of property plant and equipment and power purchase contracts, the recoverability of equity investments, the recoverability of future tax assets and the fair value of financial instruments and derivatives. Refer to Note 1 of the consolidated financial statements.

## **CHANGES IN ACCOUNTING POLICIES**

There were no changes in accounting policies during the reporting period. Management is also not aware of any changes in accounting policies in the foreseeable future that, if changed, would materially affect the Company's overall financial condition or results of operations.

## **OUTLOOK**

The Company expects that the effects of significant dislocations in U.S. power markets that occurred over the past several years will continue to provide opportunities for accretive acquisitions. The Company believes that the experience and industry relationships of the Managers' employees, together with its ongoing relationship with ArcLight, will provide unique access to such acquisition opportunities.

The Company intends to enhance the operation of the Projects and increase cash distributions through:

- (i) optimization of commercial arrangements such as PPAs, fuel supply and transport contracts, steam sales agreements and management and operation agreements;
- (ii) achievement of operating efficiencies;
- (iii) upgrade or enhancement of existing equipment or plant configurations; and
- (iv) expansion of existing Projects.

The Company also believes that opportunities exist to consolidate, on an accretive basis, ownership positions in certain Projects where it owns partial interests and that financial restructuring and recapitalization opportunities at the Projects may provide capital to the owners of the Projects to fund future growth opportunities.

The opportunity exists for refinancing non-recourse debt at significantly lower interest cost at one or more of the Projects. Project insurance costs have tended to decrease on recent renewals.

#### **RISK FACTORS**

Atlantic Power's future performance and ability to generate sufficient cash flow to meet its monthly cash distributions to holders of IPSs and the Common Shares and Subordinated Notes represented thereby involves a number of risks and uncertainties. Any of these risks and uncertainties could have a material adverse effect on the Company's results of operations, business prospects, financial condition, the cash available to the Company for distribution to holders of IPSs, Common Shares, or Subordinated Notes or on the market price or value of IPSs, Common Shares or Subordinated Notes. A discussion of these risks and uncertainties can be found in the Company's Annual MD&A and Annual Information Form dated March 31, 2005.

#### **ADDITIONAL INFORMATION**

Additional information is available on the Company's website at [www.atlanticpowercorporation.com](http://www.atlanticpowercorporation.com), or at [www.sedar.com](http://www.sedar.com).

**Atlantic Power Corporation Announces April 2005 Distribution**

TORONTO, ONTARIO – Atlantic Power Corporation (TSX:ATP.UN) (the “Company”) today announced its distribution for the month of April 2005. A distribution of \$0.0834 per Income Participating Security (“IPS”) will be payable on May 31, 2005 to holders of record at the close of business on April 29, 2005.

Each of the Company’s Income Participating Securities is comprised of one common share and \$5.767 aggregate principal amount of 11% subordinated notes. The total distribution of \$0.0834 reflects a cash dividend per common share of \$0.0305 and an interest payment of \$0.0529 for the month of April 2005.

Atlantic Power Corporation owns interests in a diversified portfolio of 15 power generation projects located primarily in major markets in the United States. Atlantic Power’s objectives are to sustain and grow its cash distributions over the long term by enhancing the performance of its existing assets and by making accretive acquisitions.

When used in this news release, the words "anticipate", "expect", "project", "believe", "estimate", "forecast" and similar expressions are intended to identify forward-looking statements, which include statements relating to pending and proposed projects. Such statements are subject to certain risks, uncertainties and assumptions pertaining to operating performance, regulatory parameters, weather and economic conditions and, in the case of pending and proposed projects, risks relating to design and construction, regulatory processes, obtaining financing and performance of other parties, including partners, contractors and suppliers.

March 31, 2005

### **Atlantic Power Corporation Announces Results for Six Weeks Ended Dec. 31, 2004**

TORONTO, ONTARIO – Atlantic Power Corporation (TSX:ATP.UN) (the “Company”) today announced its results for the six weeks ended December 31, 2004. The Company commenced operations on November 18, 2004 following completion of its Initial Public Offering (the “IPO”) and the acquisition of interests in fifteen non-utility power projects (the “Projects”). The Company did not hold any material assets prior to November 18, 2004 and is considered to have begun operations on that day. As a result, no comparative financial information is available. All amounts are in US dollars unless otherwise indicated.

Cash available for distributions to holders of the Company’s listed Income Participating Securities (“IPSS”) was \$5.1 million or \$0.1391 (Cdn\$0.1672) per IPS in the period. Distributions for the period were \$3.7 million or \$0.0994 (Cdn\$0.1195) per IPS and paid on January 31, 2005.

For the six weeks ended December 31, 2004 the Company generated project and other revenue of \$18.5 million and income before administrative and other expenses of \$3.6 million. Operationally, the Projects performed as expected with one non-cash adjustment described below reducing period income by \$16.5 million.

The Company owns its interests in the Projects through its 58.1% interests, in Atlantic Power Holdings, LLC ("Holdings"). The owners of the other 41.9% non-controlling interest in Holdings have the right to request that the Company issue equity securities to redeem any portion of their interests down to a minimum of 10% within the first two years from the IPO, which potential obligation appears on the balance sheet as a long term liability. During the reporting period the Company included a charge to income of \$16.5 million to reflect a mark-to-market change in that liability based on the change in market price per IPS from Cdn\$10.00 at IPO to Cdn\$10.75 at December 31, 2004.

The results for the period are also not indicative of future performance primarily since the pattern of cash distributions from Projects is typically above average during this year-end period based on activities at the Projects. In addition, non-recurring start-up costs, and audit and other professional fees at year-end had a disproportionate impact on the short reporting period. Primarily due to the non-cash mark-to-market charge to income described above, the Company incurred a net loss of \$19.9 million or \$0.57 (Cdn\$0.69) per IPS for the period.

Fuel costs, particularly natural gas costs, were at historically high levels through the six week reporting period. However, the Company's Power Purchase Agreements (PPAs) generally provide for the pass-through of fuel costs to its customers.

"With almost \$36 million received in March from the MASSPOWER Project added to our initial \$12.5 million in cash reserves, we have a great deal of flexibility to entertain acquisition opportunities and add value for our investors", commented Barry Welch, President and CEO.

Atlantic Power Corporation owns interests in a diversified portfolio of 15 power generation projects located primarily in major markets in the United States. The Company's objectives are to sustain and grow its cash distributions over the long term by enhancing the performance of its existing assets and by making accretive acquisitions.

When used in this news release, the words "anticipate", "expect", "project", "believe", "estimate", "forecast" and similar expressions are intended to identify forward-looking statements, which include statements relating to pending and proposed projects. Such statements are subject to certain risks, uncertainties and assumptions pertaining to

operating performance, regulatory parameters, weather and economic conditions and, in the case of pending and proposed projects, risks relating to design and construction, regulatory processes, obtaining financing and performance of other parties, including partners, contractors and suppliers.

Cash available for distributions is calculated as cash flows from operating activities: (i) less the increase in current liabilities related to subordinated note interest, distributions to non-controlling interests and dividends, (ii) less repayments of long-term project level debt, (iii) plus interest on subordinated notes, (iv) less interest on non-IPS subordinated notes, (v) less the purchase of property, plant and equipment, and (vi) plus proceeds on the disposal of property, plant and equipment. Cash available for distributions is not a measure recognized under Canadian GAAP and does not have standardized meaning prescribed by GAAP. Therefore, cash available for distributions is unlikely to be comparable to similar measures presented by other issuers. As the Company intends to distribute a substantial portion of its cash on an ongoing basis, the Manager believes that cash available for distributions is an important measure in evaluating the performance of the Company. For a reconciliation of cash flows from operating activities to cash available for distributions see Management's Discussion and Analysis for the six weeks ended December 31, 2004.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

RECEIVED  
NOV 18 AM 11:01  
ATLANTIC POWER HOLDINGS LLC

The following management discussion and analysis ("MD&A") of financial condition and results of operations should be read in conjunction with the audited financial statements of Atlantic Power Corporation ("Atlantic Power" or "the Company") for the six weeks ended December 31, 2004. All amounts described in the management discussion and analysis of financial condition and results of operations are in thousands of U.S. dollars. The financial statements have been prepared in accordance with Canadian Generally Accepted Accounting Principles ("GAAP"). This management discussion and analysis of financial condition and results of operation also contains forward looking statements, which are subject to a variety of factors that could cause actual results to differ materially from those contemplated by these statements. Some of the factors that could cause results or events to differ from current expectations include, but are not limited to, the factors described under "Risk factors". Information contained in this management's discussion and analysis is based on information available to management as of March 31, 2005.

**OVERVIEW**

The Company was established under the laws of the Province of Ontario. With the completion of its Initial Public Offering ("IPO") on November 18, 2004 and after the exercise of the underwriter's over-allotment on December 6, 2004, the Company owns 58.1% of the common membership interests and all of the outstanding Class A preferred membership interests in Atlantic Power Holdings, LLC ("Holdings"). The remaining 41.9% of the common membership interests and all of the outstanding Class B preferred membership interests in Holdings are owned by subsidiaries of ArcLight Energy Partners Funds I and II (the "ArcLight Funds") and Caithness Energy (such subsidiaries, together, the "Existing Investors"). Holdings was formed to acquire indirect interests in a diversified portfolio of power generating facilities (the "Projects") located primarily in major markets in the United States from the Existing Investors. The Company currently has 36,800,000 Income Participating Securities ("IPSs") outstanding. Each IPS represents one common share of the Company ("Common Shares") and Cdn \$5.767 aggregate principal amount of 11% subordinated notes of the Company ("Subordinated Notes").

As of December 31, 2004 interests were owned in fourteen projects in the United States and one in Jamaica with a combined total power generating capacity of 2,161 megawatts ("MW"). Atlantic Power's interests in the Projects represented approximately 773MW of power, generating capacity as of December 31, 2004.

Management and administrative services are provided to the Company by Atlantic Power Management, LLC, a Delaware limited liability company (the "Manager") formed by ArcLight Capital

Partners, LLC ("ArcLight") and the ArcLight Funds. The Manager manages the business of the Company and Holdings and also focuses on identifying additional acquisitions and investments for the Company. In addition to the substantial energy investing experience and industry relationships of the Manager's employees, the Company expects to benefit from ArcLight's experience, relationships and specialized knowledge to identify emerging trends and present the Company with accretive acquisition opportunities within the power and energy sector.

The Projects are typically operated and maintained by third party operators under contracts with the Project partnerships. Terms of these agreements vary in length and typically provide for subsequent renewal terms.

The Company's objectives are to maintain the stability and sustainability of cash distributions to holders of Income Participating Securities ("IPSS") in the form of interest payments on Subordinated Notes and dividends on Common Shares, and to increase, when prudent, dividends on the Common Shares. In order to achieve these objectives, the Company intends to focus on enhancing the financial performance of the Projects and pursuing additional acquisitions and investments with a focus on power generating facilities predominantly in the U.S.

Cash Flow Available for Distributions is not a measure recognized under GAAP and does not have a standardized meaning prescribed by GAAP. Management believes Cash Flow Available for Distributions is a relevant supplemental measure of the Company's ability to earn and distribute cash returns to investors. A reconciliation of net cash provided by operating activities to Cash Flow Available for Distributions is set out in this MD&A. Investors are cautioned that the Company may calculate this measure in a manner that is different from other companies.

EBITDA is not a measure recognized under GAAP and does not have a standardized meaning prescribed by GAAP. Management uses aggregate EBITDA at the Projects as a cash flow measure to provide aggregate annual comparative information about Project performance.

#### **THE NON-UTILITY POWER GENERATION INDUSTRY**

The Projects are non-utility electric generating facilities that operate primarily in the U.S. electric power generation industry. The electric power industry is one of the largest industries in the U.S., with 2003 revenue of nearly \$260 billion based on information published by the Energy Information Administration ("EIA") of the U.S. Department of Energy. A growing portion of the power produced in the U.S. is generated by non-utility generators. According the EIA, there were approximately 7,772 non-utility generators representing 448 Gigawatts of capacity and 1,421 Gigawatt hours of total net electric generation in 2003 (equal to 46%, 48% and 37% respectively of industry totals including utilities.) Non-utility generators sell the electricity generated to electric utilities, other load-serving entities (such as municipalities and electric cooperatives) and industrial consumers through bilateral

contracts or wholesale power markets. Non-industrial electricity buyers, in turn, generally sell this electricity to industrial, commercial and residential customers. The power generated by the Projects is generally sold under long-term contracts, referred to as Power Purchase Agreements ("PPAs").

## PROJECT PORTFOLIO

The following table outlines the Company's portfolio of power generating assets as of December 31, 2004, including its interest in each facility. Management believes the portfolio is well diversified based on electricity and steam buyers or off-takers, regulatory jurisdictions and regional power pools, thereby mitigating exposure to market, regulatory or environmental conditions specific to any one region.

Project Name	Location	Fuel Type	Total MW	Economic Interest <sup>(1)</sup>	Accounting Treatment <sup>(2)</sup>	Net MW <sup>(3)</sup>	Electricity Off-Taker	PPA Expiry	Off-Taker S&P Credit Rating

<sup>(1)</sup> Holdings' economic interest represents the percentage ownership interest in the project held indirectly by Atlantic Holdings (except as otherwise noted).

<sup>(2)</sup> Accounting Treatment: (refer to Note 1 of Consolidated Financial Statements).

C=Consolidated

P=Proportionate Consolidation

E=Equity

<sup>(3)</sup> Represents the interest of Holdings in each project's total electric generation capacity based on Holdings' economic interest in each project.

<sup>(4)</sup> Represents Holdings' estimate of its share of the cash flow from the project.

- (5) On March 1, 2005 MASSPOWER concluded a termination agreement for its one PPA with Boston Edison and two PPAs with Commonwealth Electric and received a termination payment. See Subsequent Events
- (6) A swap agreement with Niagara Mohawk Power Corporation has replaced the Onondaga PPA.
- (7) On January 12, 2005 Holdings increased its indirect interest in the Gregory Project to 15.1% or 60.4 net MW. See Subsequent Events
- (8) Holdings owns its interest in this Project as a lessor

## RESULTS OF OPERATIONS FOR THE SIX WEEKS ENDED DECEMBER 31, 2004

The Company commenced operations on November 18, 2004 on completion of its Initial Public Offering ("IPO") and the acquisition of interests in fifteen non-utility power projects. The Company did not hold any material assets prior to November 18, 2004 and is considered to have begun operations on November 18, 2004. As a result, there is no comparative prior period financial information available.

The Company generates revenues by selling its electricity, steam and other by-products to various off-takers generally under long-term Power Purchase Agreements ("PPAs") and Steam Purchase Agreements. As of December 31, 2004 the Company had PPAs with 17 customers. Details on the duration of the PPAs for each property is presented in the table above.

### SUMMARY OF FINANCIAL INFORMATION (\$000s)

Period from November 18, 2004 to December 31, 2004	
Project Revenue <sup>1</sup>	18,490
Project Expenses <sup>1</sup>	14,576
Project Other Income <sup>2</sup>	(275)
Income before Administrative and Other Expenses	3,639
Administrative and other expenses	
Distribution, non-controlling interest <sup>3</sup>	2,622
Increase in Obligations, non-controlling interest <sup>4</sup>	16,490
Foreign Exchange Gain (loss) <sup>5</sup>	266
Other	4,155
Total Administrative and other expenses	23,533
Income (loss) before income taxes	(19,894)
per share	(0.57)
Income Taxes	0
Net Income (loss)	(19,894)
per share (US)	(0.57)
per share (Cdn)	(0.69)
Total Assets	740,203
Total Long-term Liabilities <sup>6</sup>	589,797
Cash Flows from Operating Activities	12,897
Distributions <sup>7</sup>	3,658
Distributions per IPS (US)	0.0994
Distributions per IPS (Cdn)	0.1195

- (1) Project revenue and project expenses of Holdings' interests in nine projects, including two wholly owned projects and seven proportionately consolidated projects with interests ranging from 49.9% to 50%. (Refer to Accounting Treatment presented in the preceding Project Portfolio table.)
- (2) Includes equity in earnings from partnerships of \$593 from six projects in which Holdings owns interests of between 9.45% and 24.1%, accounted for on an equity basis.
- (3) Distributions to holders of 41.9% non-controlling interest in Holdings (declared, but not distributed in the period).
- (4) Existing Investors own a 41.9% non-controlling interest in Holdings with certain Liquidity Rights to request that the Company issue equity securities (including IPSs) to raise proceeds that would indirectly be used to redeem portions of the Existing Investors' interest, within the first two years from the IPO. During the two year period following the IPO, the Existing Investors must maintain a minimum 10% aggregate ownership interest in Holdings. This amount represents the mark-to-market change during the reporting period in the *potential* obligation the Company to make such issuance so that Holdings can redeem the Existing Investors' interests based on the change in market price per IPS from Cdn \$10.00 at IPO to Cdn \$10.75 at December 31, 2004.
- (5) *Net impact of foreign exchange changes on the value of debt and the mark-to-market value of currency hedges for the period.*
- (6) Includes the increase in the USD equivalent of Cdn denominated obligations less the value of the foreign exchange contract.
- (7) Declared, but not distributed in reporting period.

Administrative and other expenses included non-recurring start-up costs of Manager of approximately \$400 as well as annual recurring expenses such as audit and tax services that have a disproportionate impact on the short reporting period.

While aggregate generation and plant availability were down 9% and 3% respectively at the Projects from 2003 to 2004, revenue and EBITDA were up 2.8% and 1.4%. Decreases in availability of the Projects do not necessarily translate directly to revenue or EBITDA reductions if relevant threshold performance is still being met under the PPAs. Decreases in generation do not necessarily translate directly to reductions in revenue or EBITDA, since some projects may, at some times, provide more margin from resale of unused gas than from incremental electricity generation. Overall, EBITDA margin at the Projects only slightly declined from 35.4% in 2003 to 34.9% in 2004 based on unaudited results.

Among the Company's largest costs is the supply of natural gas, coal and other fuels required to operate the Projects. Each of the Projects generally has a long-term fuel supply agreement whose term matches the term of the corresponding PPA. Fuel costs, particularly natural gas costs, were at historically high levels in the US through the six weeks ended December 31, 2004. However, the majority of the PPAs provide for the pass-through or indexing of fuel costs to the off-takers.

#### CASH FLOW FROM OPERATIONS

The Company's cash flow from the Projects will vary from year to year based on, among other things, changes in rates under the PPAs, fuel supply agreements, steam sales agreements and other project contracts, compliance with the terms of non-recourse project-level financing including debt repayment schedules, the transition to market pricing following the expiry of PPAs, fuel supply and transportation contracts, working capital requirements and the general performance of the Projects. Project cashflows themselves may have some seasonality and the pattern and frequency of distributions from Projects to Holdings during the year can also vary.

In order to provide holders of IPSs with stable and sustainable cash distributions, the Company deposited approximately \$12.5 million into a Reserve Account at the closing of its IPO and will deposit funds in the Reserve Account from time to time to stabilize future cash distributions and fund acquisitions and other growth opportunities. As of December 31, 2004 the Reserve Account held approximately \$12.5 million. On March 1, 2005, Holdings received approximately \$35.9 million related to the termination of three PPAs at the MASSPOWER project, which was added to the Reserve Account (see Subsequent Events).

The Company's cash flow from operations of \$12,897 was in line with expectations for the period.

#### CASH FLOW AVAILABLE FOR DISTRIBUTION

Holders of IPSs receive cash distributions in the form of interest payments on Subordinated Notes and dividends on Common Shares. For the six week period from the IPO through December 31, 2004 no cash distributions were made. Distributions declared for the period and paid in January totaled Cdn \$0.1195 per IPS. This was comprised of interest payments of \$0.0758 on the 11% subordinated note portion of the IPS plus Cdn \$0.0437 common share dividend per IPS. Cash Available for Distributions was \$5,119.

The following table shows the calculation of Cash Available for Distribution starting with net cash provided by operating activities for the six weeks ended December 31, 2004. The pattern of distributions from the Projects is not consistent throughout the year, so this six week period should not be viewed as a proportionately representative period.

#### CALCULATION OF CASH FLOW AVAILABLE FOR DISTRIBUTION

Cash flows from operating activities .....	12,897
Less: Increase in current liabilities related to Subordinated Note Interest, Distributions to Non-Controlling Interests and Dividends .....	(6,679)
Less: Consolidated project-level repayment of long-term debt .....	(3,410)
Add: Interest on Subordinated Notes .....	2,719
Less: Interest on non-IPS Subordinated Notes .....	(399)
Less: Purchase of property plant and equipment .....	(86)
Add: Proceeds on disposal of property plant and equipment .....	77
Cash Flow Available for Distributions .....	5,119
Interest on IPS Subordinated Notes <sup>(1)</sup> .....	2,320
Dividends to IPS Common Shares <sup>(1)</sup> .....	1,338
Total IPS Distributions <sup>(1)</sup> .....	3,658

<sup>(1)</sup> IPS Subordinated Note interest, IPS Common Share dividends and total Company distributions in Canadian Dollars were \$2,789, \$1,608 and \$4,398 respectively. On a per IPS basis, the Canadian Dollar equivalent of these amounts were \$0.0758, \$0.0437 and \$0.1195 respectively.

## LIQUIDITY AND CAPITAL RESOURCES

The Company has adequate liquidity from several sources in addition to cash flow from operations. The Reserve Account held \$12.5 million at December 31, 2004 and is currently approximately \$48 million as a result of the \$35.9 million MASSPOWER distribution. Holdings has a \$50 million revolving term credit facility, \$14.75 million of which is allocated, but not drawn, to support letters of credit for contingent liabilities at several projects. There have been no drawdowns on the facility since the IPO. The credit facility may be drawn during the year to make quarterly estimated US tax payments which are expected to be refunded following the filing of the Company's annual return. In addition, the Projects themselves generally have their own reserve accounts to support payments for major maintenance costs and project-level debt service. All project-level debt is non-recourse to the Company or Holdings and is fully amortizing over the life of the projects' PPAs.

## CAPITAL EXPENDITURES

Capital expenditures for the Projects are made at the project level using current project cashflow and project reserves. Therefore, the distributions that Holdings receives from the Projects are made net of capital expenditures needed at the projects. Generally, there is relatively little capital expenditure since repairs and most major maintenance expenditures, are expensed.

An estimated \$2 million capital project is underway at the Pasco project to construct a water distillation facility that will serve as the project's thermal load. There is sufficient cash at the project to fund the construction and approximately \$550 was spent in 2004.

A gas turbine upgrade project will be undertaken in 2005 at the Orlando project to improve its output and efficiency characteristics. The upgrade will take place during the previously scheduled major maintenance outage. It will cost approximately \$2.6 million and will be financed via a new Long Term Service Agreement with the manufacturer which will expire in 2014.

## CONTRACTUAL OBLIGATIONS

(a) Each project typically has a set of contracts that includes the following, which are obligations of the project partnerships and non-recourse to the Company unless otherwise specified. Therefore, specific contracts for individual projects are not discussed in detail in the MD&A.

- PPAs generally allow projects to pass through their fuel costs. See the earlier table for off-takers and durations.
- Fuel Supply agreements have minimum volume requirements with terms typically similar to their respective PPA.
- Fuel Transportation agreements incorporate capacity reservation/demand payments.

- Steam Sales agreements track PPA lengths and are designed to meet regulatory requirements for thermal load/efficiency at fossil fuel plants.
- O&M agreements contract for operations and maintenance services by third parties or owners.
- Long-term service agreements may be in place for gas or steam turbine inspections and overhauls.
- Site Lease agreements grant use of project land where projects don't own the site.
- Project Debt is non-recourse and fully amortizing during PPA terms.

A detailed description of the Projects' agreements is contained in the Technical Review performed by Stone and Webster in conjunction with the Company's IPO, with updated information in its Annual Information Form, dated March 31, 2005. Both documents are available on SEDAR.

(b) Swap Agreement – see foreign currency hedging arrangements below

(c) Office Lease Obligations:

The Manager subleases its office space from Arclight, under an agreement through 2014. The obligations under this sublease are as follows:

	2005	2006	2007	2008-2014
Office Lease for Manager	130	130	130	933

(d) The Company pays a management fee under the Management Agreement, among the Company, Holdings and Manager. The management fee is subject to adjustment for future acquisitions as agreed to by the Company and Holdings' independent Managers, plus incentives and expenses. The company paid \$620 during the 6 week period in 2004.

(e) Subordinated Notes – As of December 31, 2004, the Company had \$206,927 outstanding of 11% subordinated notes due 2016. The notes are interest only until their maturity.

#### RELATED PARTY TRANSACTIONS

The Manager has been engaged under the Management Agreement to provide certain management and administrative services to the Company and Holdings, for which it is paid (i) an annual management fee, (ii) reimbursement of costs, and (iii) an annual incentive fee equal to 25% of the excess in distributions paid to unitholders during the year above the initial targeted distributions at the IPO. The Management Agreement has an initial term of 20 years. The Manager is owned by the Arclight Funds. Subsidiaries of the Arclight Funds along with a subsidiary of Caithness Energy own 41.9% of Holdings.

The seven person Board of Managers of Holdings includes two members from the manager of the Arclight Funds who were appointed by the Existing Investors, and the President and CEO of the Manager, but they may not vote on any proposed acquisitions by Holdings of projects from the Arclight Funds.

The Manager receives administrative and office support services from the manager of the Arclight Funds under a Management Support Agreement on a cost recovery basis. This agreement also requires Arclight and its affiliates to give the Manager the opportunity to pursue, on behalf of the Company and Atlantic Holdings, investment opportunities that do not fit within the investment guidelines for Arclight Fund I and Fund II or other investment funds managed by Arclight or its affiliates.

As disclosed above, the Manager subleases its office space from Arclight, under an agreement through 2014.

Caithness Energy has an indirect ownership interest in one of the Existing Investors. Subsidiaries of Caithness Energy provide operations and maintenance at four of the Projects and accounting, tax and other administrative functions for 12 of the Projects under agreements which are in effect through 2007 and renewable thereafter. During the six week period of 2004, Caithness Energy was paid \$687.

#### **FOREIGN EXCHANGE HEDGING ARRANGEMENTS**

At the time of the IPO closing, Holdings entered into forward contracts to purchase Canadian dollars sufficient to make 60 monthly distributions at the current distribution level to all holders including Existing Investors, as well as interest payments on the separate subordinated notes at a rate of Cdn\$1.2073/US\$1.00. For the six-week period ending December 31, 2004, the net impact of the change in the foreign exchange rate on (i) the aggregate value of the hedges and (ii) the Company's outstanding Subordinated Notes and its liability to Existing Investors from their liquidity right debt, was approximately (\$266).

#### **ACCOUNTING ESTIMATES**

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates. During the period presented, management has made a number of estimates and valuation assumptions, including the fair values of acquired assets, the useful lives and recoverability of property plant and equipment and power purchase contracts, the recoverability of equity investments, the recoverability of future tax assets

and the fair value of financial instruments and derivatives. Refer to Note 1 of the consolidated financial statements.

#### **CHANGES IN ACCOUNTING POLICIES**

There were no changes in accounting policies during the period ending December 31, 2004. Management is also not aware of any changes in accounting policies in the foreseeable future that, if changed, would materially affect the Company's overall financial condition or results of operations.

#### **SUBSEQUENT EVENTS**

On January 12, 2005, Holdings increased its indirect interest in the Gregory project from 9.4% to 15.1% or 60.4 net MW. The interest was acquired indirectly via Holdings' interest in Javelin and was accomplished using cash available at the project level.

On March 1st, 2005, Holdings received a distribution of approximately US \$35.9 million from the MASSPOWER project. The distribution was comprised of (i) a portion of the proceeds paid to the project by two of its three utility power purchasers to terminate power purchase agreements that together account for approximately 66.5% of the project's output, (ii) operating income and (iii) the release of restricted cash. The MASSPOWER project has repaid its outstanding debt and will continue to make available approximately 7.9% of its output under its remaining power purchase agreement through 2013, if and when it is dispatched and will have the option to sell the remainder of its output into the wholesale spot market. Holdings has placed the distribution into its Reserve Account, which is available to fund acquisitions and other growth opportunities to enhance the long-term stability of distributions.

#### **OUTLOOK**

The Company expects that the effects of significant dislocations in U.S. power markets that occurred over the past several years will continue, thereby providing it with opportunities for accretive acquisitions. The Company believes that the experience and industry relationships of Managers' employees, together with its ongoing relationship with ArcLight, will provide unique access to such acquisitions.

In addition, Holdings has been granted a right of first offer on a number of power producing projects currently owned by the ArcLight Funds. In aggregate, the right of first offer is related to interests in 11 power generating projects representing approximately 706 net MW of total electric generation capacity.

The Company intends to enhance the operation of the Projects and increase cash distributions through:

- (i) optimization of commercial arrangements such as PPAs, fuel supply and transport contracts, steam sales agreements and management and operation agreements;
- (ii) achievement of operating efficiencies;
- (iii) upgrade or enhancement of existing equipment or plant configurations; and
- (iv) expansion of existing Projects.

The Company also believes that opportunities exist to consolidate, on an accretive basis, ownership positions in certain Projects where it owns partial interests and that financial restructuring and recapitalization opportunities at the Projects may provide capital to the owners of the Projects to fund future growth opportunities.

The opportunity exists for refinancing non-recourse debt at significantly lower interest cost at one or more of the Projects. Project insurance costs have tended to decrease on recent renewals.

## **RISK FACTORS**

Atlantic Power's future performance and ability to generate sufficient cash flow to meet its monthly cash distributions to holders of IPSs and the Common Shares and Subordinated Notes represented thereby involves a number of risks and uncertainties. Any of these risks and uncertainties could have a material adverse effect on the Company's results of operations, business prospects, financial condition, the cash available to the Company for distribution to holders of IPSs, Common Shares, or Subordinated Notes or on the market price or value of IPSs, Common Shares or Subordinated Notes. A discussion of these risks and uncertainties can be found in the Company's Annual Information Form dated March 31, 2005. The following is a list of the primary risks facing the Company.

### **Revenue May be Reduced Upon Expiration or Termination of PPAs**

Power generated by the Projects, in most cases, is sold under PPAs that expire at various times. In addition, these PPAs may be subject to termination in certain circumstances, including default by the project owner or operator. When a PPA expires or is terminated, it is possible that the price received by the relevant project for power under subsequent arrangements may be reduced significantly. It is possible that subsequent power purchase arrangements may not be available at prices that permit the operation of the project on a profitable basis. If this occurs, the affected project may temporarily or permanently cease operations.

### **The Projects Depend on their Electricity and Thermal Energy Customers**

Each project relies on one or more PPAs, steam sales agreements or other agreements with one or more utilities or other customers for a substantial portion of its revenue. The amount of cash available for distribution to holders of IPSs, Common Shares and Subordinated Notes is highly dependent upon

customers under such agreements fulfilling their contractual obligations. There is no assurance that these customers will perform their obligations or make required payments.

#### **Certain Projects are Exposed to Fluctuations in the Price of Electricity**

While a majority of the off-takers of the Projects are contractually obligated to purchase electricity under long-term PPAs, those Projects with power purchase arrangements based on market pricing will be exposed to fluctuations in the wholesale price of electricity. In addition, should any of the long-term PPAs expire or terminate, the Manager or the relevant project operator will be required to either negotiate new PPAs or sell into the electricity wholesale market, in which case the prices for electricity will depend on market conditions at the time.

#### **Operations are Subject to the Provisions of Various Energy Laws and Regulations**

If any Project that is a qualifying facility (a "QF") under the *United States Federal Power Act* (the "FPA"), were to lose its status as a QF, then such Project may no longer be entitled to exemption from provisions of the *Public Utility Holding Company Act of 1935* ("PUHCA") and/or the FPA and state law and regulations. This could subject such Projects to rate regulation as public utilities under the FPA and state law and could, result in the Company or certain of its affiliates inadvertently becoming a public utility holding company. which could cause some or all of the remaining Projects that are QFs to lose their QF status.

Loss of QF status could trigger defaults under covenants to maintain QF status in the PPAs, steam sales agreements and Project-level debt agreements and result in termination, penalties or acceleration of indebtedness under such agreements, plus interest.

A Project may lose its QF status on a retroactive or prospective basis. Loss of QF status by any of the Projects on a retroactive basis could lead to, among other things, an order from the United States Federal Energy Regulatory Commission (the "FERC") against the applicable Project for refunds of payments previously made under the PPAs, with interest. In addition, going forward, rates set forth in the applicable PPA would be subject to initial and potentially subsequent reviews by FERC under the FPA, which could result in reductions to such rates.

If those Projects that are EWGs were to lose their EWG status, this could result in certain affiliates of the Company inadvertently becoming a public utility holding company which could cause some or all of the remaining Projects to lose their QF status. Loss of exemption from PUHCA would also trigger defaults under loan covenants to maintain exemptions from PUHCA.

On September 30, 2004, Pasco filed a petition seeking a temporary waiver of QF requirements for calendar year 2004 and 2005 with FERC because the steam demands from the current and new steam users were insufficient to reliably maintain QF status. The FERC granted the waiver to the

Project for the 2004 and 2005 calendar years, which will allow Pasco the time needed to complete the installation of water distillation equipment so it can sell distilled water to counterparties commencing in 2005 and retain its QF status. The estimated cost of the distillation system is \$2.0 million and the Project has reserved sufficient cash to fund its installation. Steam sales under the Thermal Agreement, along with steam used for distilled water sales, will allow Pasco to meet the FERC QF standards beginning in 2006.

**The Projects Depend on Suppliers Under Fuel Supply Agreements and Increases in Fuel Costs may Adversely Affect the Profitability of the Projects**

Revenues in respect of the Projects may be affected by the availability, or lack of availability, of a stable supply of fuel at reasonable prices. To the extent possible, the Projects attempt to match fuel costs to PPA energy payments. To the extent that fuel costs are not matched directly to PPA energy payments, increases in fuel costs may adversely affect the profitability of the Projects.

The amount of energy generated at the Projects is highly dependent on suppliers under certain fuel supply agreements fulfilling their contractual obligations. The loss of significant fuel supply agreements or an inability or failure by any supplier to meet its contractual commitments may adversely affect cash distributions by the Company.

Upon the expiry or termination of existing fuel supply agreements, the Manager or project operators will have to renegotiate these agreements or may need to source fuel from other suppliers. There can be no assurance that the Manager or project operators will be able to renegotiate these agreements or enter into new agreements on similar terms. Furthermore, there can be no assurance as to availability of the supply or pricing of fuel under new arrangements.

The amount of energy generated at the Projects is dependent upon the availability of natural gas, coal, oil or biomass. There can be no assurance that the long-term availability of such resources will remain unchanged.

**U.S. Federal Income Tax Risks**

There can be no assurance that U.S. federal income tax laws and IRS administrative policies respecting the U.S. federal income tax consequences generally applicable to a holder of Common Shares and Subordinated Notes, as represented by IPSs, will not be changed in a manner which adversely affects Non-U.S. Holders.

There is no authority that directly addresses the tax treatment of securities similar to the Subordinated Notes (i.e., as part of a unit that includes common shares of the Company). In light of this absence of direct authority, it cannot be concluded with certainty that the Subordinated Notes will be treated as debt for U.S. federal income tax purposes, and, although the Company intends to take the position

that the Subordinated Notes are debt for U.S. federal income tax purposes, there can be no assurance that this position will not be challenged by the IRS. If such a challenge were sustained, interest payments on the Subordinated Notes would be recharacterized as non-deductible distributions with respect to the Company's equity, and the Company's net taxable income which is effectively connected income and thus its U.S. federal income tax liability would be materially increased. As a result, the Company's after-tax cash flow would be reduced and the Company's ability to make interest payments on Subordinated Notes and distributions with respect to Common Shares could be materially and adversely impacted.

#### **ADDITIONAL INFORMATION**

Additional information is available on the Company's website at [www.atlanticpowercorporation.com](http://www.atlanticpowercorporation.com), or at [www.sedar.com](http://www.sedar.com).

## AUDITORS' REPORT TO THE SHAREHOLDERS

We have audited the consolidated balance sheet of Atlantic Power Corporation as at December 31, 2004 and the consolidated statements of operations and deficit and cash flows for the period from November 18, 2004 to December 31, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2004 and the results of its operations and its cash flows for the period then ended in accordance with Canadian generally accepted accounting principles.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

---

Atlantic Power Corporation (the "Company") is a corporation established under the laws of the Province of Ontario on June 18, 2004. The Company issued income-participating securities ("IPs") for cash pursuant to an initial public offering on November 18, 2004. Prior to November 18, 2004, the Company was inactive.

The Company has acquired indirect interests in 15 power generation projects located primarily in the United States of America (collectively, the "Projects"). Two of the Projects are wholly owned subsidiaries of the Company, being Onondaga Cogeneration Limited Partnership ("Onondaga") and Lake Cogen Ltd. ("Lake").

The Projects are primarily "qualifying facilities" ("QFs") and "exempt wholesale generators" ("EWGs"), which have long-term contracts to sell power. QFs are small power producers or cogenerators (power producers that produce steam as a by-product of the electricity-generating process for use in a second industrial process) that meet certain operating, efficiency and fuel-use standards set forth by the United States' Federal Energy Regulatory Commission ("FERC"). Electric utilities are required to purchase generating capacity and electric energy from QFs at a price approved by state regulatory bodies. EWGs are independent power projects that are exempt from the United States' Public Utility Holding Company Act, but must obtain FERC approval for wholesale rates. The Company's EWGs have been granted market-based rate authority.

## 1. Significant accounting policies:

### (a) Basis of consolidation:

The consolidated financial statements of the Company are prepared in accordance with Canadian generally accepted accounting principles ("Canadian GAAP") and include the consolidated accounts of all of its subsidiaries. The Company uses equity accounting for investments in which it has significant influence but does not control. The Company proportionately consolidates investments in which it has joint control. The Company eliminates intercompany accounts and transactions.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

---

## 1. Significant accounting policies (continued):

### (b) Cash and cash equivalents, reserve fund and restricted cash:

Cash and cash equivalents include cash deposited at banks and highly liquid investments with original maturities of three months or less.

The reserve fund represents cash that management has set aside to support future distributions and to use in part to make acquisitions.

Restricted cash represents cash balances maintained in accounts administered by a separate agent as required under certain Projects' debt agreements.

### (c) Property, plant and equipment:

Property, plant and equipment are stated at cost, net of accumulated amortization. Amortization is provided on a straight-line basis over the estimated useful life of the related asset. The amortization period for facilities ranges from one to 33 years. The weighted average period of amortization is 23 years.

Upon retirement or disposal of assets, the cost and related accumulated amortization are removed from the consolidated balance sheet and any gain or loss is reflected in the consolidated statement of operations and deficit.

### (d) Power purchase contracts:

Power purchase contracts are valued at the time of acquisition based on the rates received under the power purchase contracts over the projected market rates. The balances are net of accumulated amortization. Amortization is provided on a straight-line basis over the remaining term of the contract. The amortization period ranges from one to 19 years. The weighted average period of amortization is 12 years.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

---

## 1. Significant accounting policies (continued):

### (e) Revenue recognition:

Generally, the Company recognizes revenue when electricity and steam are delivered under the terms of the related contracts. One power purchase contract has pricing which fluctuates over the term of the contract. The Company has recognized revenue based on the estimated average rate for the duration of the contract with the difference between cash received and revenue recognized reflected as deferred revenue.

One of the Projects, Onondaga, is a merchant plant which only generates power when market prices justify it. During the reporting period, the Project did not generate any electricity and does not currently generate electricity. Onondaga recognizes revenue as the swap agreements it has entered settle monthly, net of any change in fair value on these swap agreements (note 13).

### (f) Income taxes:

Income taxes are accounted for using the asset and liability method. Future tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Future tax assets and liabilities are measured using enacted or substantively enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on future tax assets and liabilities of a change in tax rates is recognized in earnings in the year that includes the date of enactment or substantive enactment.

A valuation allowance is recorded against future tax assets to the extent that it is more likely than not that the future tax asset will not be realized.

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

---

## 1. Significant accounting policies (continued):

### (g) Gas transportation contracts:

Onondaga has certain long-term commitments for the provision of natural gas transportation service to the Onondaga project through the year 2013. The contracts all provide for fixed monthly demand charges, in addition to variable commodity charges based on the quantity of gas transported. Obligations related to the long-term gas transportation agreements were recognized as liabilities in purchase accounting upon the acquisition of Onondaga by the Company. These obligations are being relieved over the remaining lives of the contracts.

All of the Company's other gas transportation costs are expensed as incurred.

### (h) Accounting for derivatives:

The Company uses financial derivative agreements in the form of interest rate swaps and foreign exchange forward contracts to manage its current and anticipated exposure to fluctuations in interest rates and foreign currency exchange rates. The Company has also entered into natural gas supply contracts and natural gas swaps to minimize price volatility on natural gas which is a major production cost. The Company does not enter into financial derivative agreements for trading or speculative purposes; however, not all derivatives qualify for hedge accounting.

The Company follows Accounting Guideline 13, "Hedging Relationships" ("AcG-13"), issued by The Canadian Institute of Chartered Accountants ("CICA"), which addresses the identification, designation, documentation and effectiveness of hedging relationships for the purpose of applying hedge accounting and provides guidance with respect to the discontinuance of hedge accounting. Derivative financial instruments not designated within an AcG-13 compliant hedging relationship are measured at fair value with changes in fair value recorded in the consolidated statement of operations and deficit. Derivative financial instruments not designated as hedges are the foreign currency forward contracts and the index swap agreement (note 1(e)).

Effectiveness tests are performed to evaluate hedge effectiveness at inception and on an ongoing basis, both retroactively and prospectively. Unrealized gains or losses on the interest rate swaps designated within a compliant AcG-13 relationship are not recognized.

Gains and losses on the natural gas forward contracts and swaps which are designated as a hedge of fuel costs are recognized in income as actual fuel costs are recognized.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

---

## 1. Significant accounting policies (continued):

Natural gas supply contracts in the normal course of business in which the Company takes possession of the natural gas are treated as executory contracts.

### (i) Asset retirement obligations:

The fair value of estimated asset retirement obligations is recognized in the consolidated balance sheet when identified and a reasonable estimate of fair value can be made. The asset retirement cost, equal to the estimated fair value of the asset retirement obligation, is capitalized as part of the cost of the related long-lived asset. The asset retirement costs are amortized over the asset's estimated useful life and included in amortization expense on the consolidated statement of operations and deficit. Increases in the asset retirement obligation resulting from the passage of time are recorded as accretion of asset retirement obligation in the consolidated statement of operations and deficit. Actual expenditures incurred are charged against the accumulated obligation.

### (j) Long-lived assets:

Long-lived assets, such as property, plant and equipment and power purchase contracts subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of would be presented separately in the consolidated balance sheet and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer amortized. The assets and liabilities of a disposed group classified as held for sale would be presented separately in the appropriate asset and liability sections of the consolidated balance sheet.

### (k) Deferred financing costs:

Deferred financing costs consist of loan fees and other costs of financing that are amortized over the term of the related financing using the straight-line method. The amortization period is the term of the debt.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

---

## 1. Significant accounting policies (continued):

### (l) Foreign currency translation:

The Company's functional currency and reporting currency is the United States dollar. The functional currency of the Company's subsidiaries and other investments is the United States dollar. Monetary assets and liabilities denominated in Canadian dollars are translated into United States dollars using the rate of exchange in effect at the end of the period. All transactions denominated in Canadian dollars are translated into United States dollars at the exchange rates in effect at the transaction date. Foreign currency translation gains and losses are reflected in the consolidated statement of operations and deficit.

### (m) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. During the period presented, management has made a number of estimates and valuation assumptions, including the fair values of acquired assets, the useful lives and recoverability of property, plant and equipment and power purchase contracts, the recoverability of equity investments, the recoverability of future tax assets, and the fair value of financial instruments and derivatives. These estimates and valuation assumptions are based on present conditions and management's planned course of action, as well as assumptions about future business and economic conditions. Should the underlying valuation assumptions and estimates change, the recorded amounts could change by a material amount.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

## 2. Acquisitions:

The Company formed Atlantic Power Holdings, LLC ("Atlantic Holdings"), a Delaware limited liability company, for the purpose of acquiring indirect interests in 15 Projects from Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC (the "Existing Investors") and acquired the interests of the Existing Investors in the Projects that were held by their wholly owned subsidiaries.

On November 18, 2004, Atlantic Holdings acquired for total consideration of \$522,638 (including \$1,014 in acquisition costs) an indirect interest in 15 Projects located primarily in the United States of America. The purchase price has been allocated as follows:

Working capital	\$ 47,213
Equity investments	142,777
Property, plant and equipment	296,132
Power purchase contracts	107,340
Indexed swap and hedge, net	71,902
Other	(2,242)
Long-term debt	(102,476)
Gas transportation contract commitment	(38,008)
Total purchase price	522,638
Less repayment of assumed debt	167,831
	354,807
Less cash acquired	12,000
	\$ 342,807
Consideration represented by:	
Cash paid, net of cash acquired	\$ 83,725
Non-controlling interest (note 9)	259,082
	\$ 342,807

The Company is in the process of finalizing its purchase price allocation. In particular, it is finalizing the fair values of property, plant and equipment, power purchase contracts, evaluating certain assumed obligations and determining the tax basis of the assets acquired.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

---

## 2. Acquisitions (continued):

Immediately following the acquisition, the Company had a 50.6% interest and the Existing Investors had a 49.4% interest in Atlantic Holdings.

Subsequent to the acquisition on December 6, 2004, the Company issued an additional 4,800,000 of IPSs, the proceeds of which were invested in Atlantic Holdings and used to redeem a portion of the Existing Investors' interest in Atlantic Holdings, resulting in a change in the Company's and the Existing Investors' interest in Atlantic Holdings to 58.1% and 41.9%, respectively, as of December 31, 2004 and a reduction in the non-controlling interest of \$39,742 to \$219,340 (note 9).

## 3. Joint venture investments:

The following are the summarized financial results of the seven entities accounted for under the proportionate consolidation method by the Company. The Company has an effective 50% interest in six of the entities and a 49.8% interest in one of the entities.

The entities in which the Company has joint venture investments are Badger Creek Limited, Stockton Cogen Company, Orlando Cogen Limited LP, Mid-Georgia Cogen LP, Pasco Cogen Ltd., Koma Kulshan Associates and Topsham Hydro Assets.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

### 3. Joint venture investments (continued):

The following summarizes the balance sheet as at December 31, 2004 and, operating results and distributions for the period since acquisition for the Company's proportionate share for the seven entities:

	Company's share
<b>Assets</b>	
Current assets	\$ 43,658
Non-current assets	231,390
	<b>\$ 275,048</b>
<b>Liabilities</b>	
Current liabilities	\$ 23,857
Non-current liabilities	87,238
	<b>\$ 111,095</b>
<b>Operating results:</b>	
Revenue	\$ 11,953
Net income	1,262
<b>Distributions</b>	
	<b>\$ 6,700</b>

The joint ventures have entered into various derivative financial instruments to mitigate exposure to changes in interest rates and natural gas prices. The Company's proportionate share of the fair value and carrying value of these derivative financial instruments is as follows:

	Fair value	Carrying value
Interest rate swaps assets	\$ 1,666	\$ -
Interest rate swaps liabilities	(3,195)	-
Natural gas swap assets	2,626	-
	<b>\$ 1,097</b>	<b>\$ -</b>

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

### 3. Joint venture investments (continued):

The Company indirectly through its ownership interests is only responsible for its proportionate share of the obligations of the joint ventures. Certain of the joint ventures have issued letters of credit of \$42,300 in favour of investor-owned utilities. The Company's proportionate share of the letters of credit is \$21,150.

Certain of the joint ventures in the normal course of operations have entered into long-term supply contracts for natural gas or derivative agreements to mitigate the risk of natural gas price movements.

### 4. Property, plant and equipment:

	Cost	Accumulated amortization	Net book value
Property, plant and equipment	\$ 296,141	\$ 2,153	\$ 293,988

### 5. Equity investments:

The Company has an investment in six entities accounted for under the equity method. The six entities are Rumford Cogeneration Company LP, Selkirk Cogen Partners LP, Delta-Person Limited Partnership, Gregory Power Partners LP, Jamaica Private Power Limited Company and MASSPOWER. The Company owns its interests in Gregory Power Partners LP and a portion of its interest in Rumford Cogeneration Company LP through Javelin Energy LLC. An analysis of the investments is presented below:

Equity investments, at the date of acquisition (note 2)	\$ 142,777
Equity income, net	593
Distributions received	(3,674)
<b>Equity investments, end of period</b>	<b>\$ 139,696</b>

The fair value increment on acquisition of the investments has been allocated to property, plant and equipment and power purchase contracts.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

## 6. Power purchase contracts:

	Cost (note 2)	Accumulated amortization	Net book value
Power purchase contracts	\$ 107,340	\$ 1,426	\$ 105,914

## 7. Credit facility:

The Company has a \$50,000 revolving term credit facility, which bears interest at a rate equal to LIBOR or U.S. Base Rate, plus an applicable margin to those rates. At December 31, 2004, \$14,750 was allocated, but not drawn to support letters of credit. The Company has to meet certain financial covenants. The facility is secured by pledges of assets and interests in subsidiaries and Projects.

## 8. Long-term debt:

Subordinated Notes (Cdn. \$248,727)	\$ 206,927
Project debt of joint ventures, interest ranging from 2% to 9.125%, expiring between 2006 and 2018	99,066
	<u>305,993</u>
Less current portion of project debt of joint ventures	13,764
	<u>\$ 292,229</u>

The Company has issued \$176,560 of 11% Subordinated Notes in conjunction with its initial public offering of IPSs (note 10) and \$30,367 of 11% Subordinated Notes separately. The Subordinated Notes will mature 12 years after the date of issuance subject to redemption under specified conditions at the option of the Company, commencing on or after November 18, 2009. Interest is payable monthly in arrears commencing on January 31, 2005 and the principal repayment will occur at maturity. The Subordinated Notes are secured by a pledge of the Company's interest in Atlantic Holdings and certain of Atlantic Holdings subsidiaries and contain certain restrictive covenants.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

## 8. Long-term debt (continued):

Principal payments due under the Projects in the next five years and thereafter are as follows:

2005	\$ 13,764
2006	14,674
2007	14,319
2008	13,461
2009	4,329
Thereafter	38,519
	<hr/> 99,066
Subordinated Notes due 2016	206,927
	<hr/> \$ 305,993

The Project debt of joint ventures is secured by the respective facility with no other recourse to the Company. The loans have certain financial covenants which must be met.

## 9. Other liabilities, non-controlling interest:

As of December 31, 2004, the Existing Investors have a 41.9% interest in Atlantic Holdings and also have the right to request, at any time, that Atlantic Holdings purchase for cancellation all or any portion of the Existing Investors' interests in Atlantic Holdings, subject to a minimum remaining 10% interest for a two-year period from November 18, 2004. The repurchase of the Existing Investors' interests is conditional upon Atlantic Holdings being able, after utilizing its best efforts, to complete or cause the completion of an equity financing on terms acceptable to the managers of Atlantic Holdings who are independent of the Existing Investors' and their affiliates, acting reasonably, to secure the necessary funds to enable it to purchase the Existing Investors' interests. Atlantic Holdings may only finance repurchases of Existing Investors' interests pursuant to the exercise of the rights by issuing additional equity securities. This may occur through the sale of equity interests to the Company, the purchase of which by the Company may be financed by a sale of IPSs or other equity securities of the Company. The Company is required to use its best efforts to effect an offering of IPSs or other equity securities on terms acceptable to the directors of the Company in order to provide equity funding to Atlantic Holdings for the repurchase of the Existing Investors' interests. Since there is a written put option, these interests are treated as a liability of the Company and are recorded at fair value on the consolidated balance sheet. To purchase the remaining 41.9% interest, 22,283,721 IPSs, would be required to be issued.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

---

## 9. Other liabilities, non-controlling interest (continued):

Any change in fair value of the non-controlling interest is recognized in the consolidated statement of operations and deficit as change in non-controlling interest. For the period ended December 31, 2004, a cost of \$16,490 is reflected in the consolidated statement of operations and deficit.

## 10. Share capital:

The Company issued 32,000,000 IPSs for cash pursuant to its initial public offering on November 18, 2004 and a further 4,800,000 IPS, on December 6, 2004. Each IPS was issued for Cdn. \$10.

Each IPS consists of one common share of the Company and Cdn. \$5.767 of aggregate principal amount of 11% Subordinated Notes of the Company (note 8).

Proceeds of \$121,381 (net of offering costs of \$7,593) were allocated to common stock.

## 11. Income taxes:

The provision for income taxes in the consolidated statement of operations and deficit represents an effective tax rate of 36.94%. The Canadian enacted statutory rate is 36.12%. The differences are as follows:

---

Computed income tax expense at Canadian statutory rate	\$ (7,186)
Increase (decrease) resulting from:	
Operating in countries with different income tax rates	(164)
	<hr/>
	(7,350)
Valuation allowance	357
	<hr/>
	(6,993)
Permanent differences:	
Increase in obligation, non-controlling interest	6,092
Distribution, non-controlling interest	969
Other	(68)
	<hr/>
	6,993
<hr/>	
Income tax expense	<hr/>
	\$ -

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

## 11. Income taxes (continued):

The tax effect of temporary differences that give rise to significant portions of the future tax assets and future tax liabilities at December 31, 2004 are presented below:

Future tax assets:	
Power purchase contracts	\$ 8,629
Loss carryforwards expiring in 2024	690
Other	2,168
Total future tax assets	11,487
Valuation allowance	(357)
	11,130
Future tax liabilities:	
Property plant and equipment	10,336
IPS issuance costs	176
Other	618
Total future tax liabilities	11,130
Net future tax asset (liability)	\$ -

## 12. Commitments and contingencies:

### (a) Letters of credit:

Onondaga has issued a letter of credit of \$550 in favour of an investor-owned utility.

### (b) Fuel supply and transportation agreements:

Typically the Projects have long-term contracts for supply and transportation of fuel. The contracts may have minimum volumetric commitments of delivery. Generally price indexes used in these contracts are designed to match as closely as possible the respective energy price indexes in the Projects' power purchase contracts.

Certain of the Projects in the normal course of operations have entered into long-term supply contracts for natural gas or derivative agreements to mitigate the risk of natural gas price movements.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

---

## 12. Commitments and contingencies (continued):

### (c) Legal matters:

The Company and the Projects are involved from time to time in various litigation matters, the ultimate settlement of which is currently not believed to have a material adverse impact on the Company.

- (d) The Company entered into forward contracts to purchase Canadian dollars sufficient to make 60 monthly distributions at the current distribution level to all holders including Existing Investors, as well as interest payments on the separate Subordinated Notes at a rate of Cdn. \$1.2073/U.S. \$1.00.

## 13. Indexed Swap:

A swap agreement (the "Indexed Swap") between the power utility and Onondaga has replaced the Projects' original power purchase contract. The Indexed Swap expires on June 30, 2008. The Indexed Swap is a financial instrument under which the utility company makes monthly payments to Onondaga based upon the differential between an indexed "contract price" and a market reference price for electricity. The indexed contract price fluctuates in relation to the market cost of a natural gas and a prescribed index of inflation. The notional quantity of electricity for the purpose of these calculations is fixed for the full 10-year term of the Indexed Swap.

In May 2004, Onondaga contributed the Indexed Swap to a newly formed wholly owned special purpose subsidiary, Onondaga Power Swap Holdings, LLC ("OPSH"). Onondaga has guaranteed OPSH's obligations to the utility company under the Indexed Swap. Also in May 2004, OPSH entered into commodity hedges (the "Indexed Swap Hedge"), in order to lock in favourable gas, power and capacity pricing under the Indexed Swap. The hedges extend through June 30, 2008 and remove almost all commodity exposure from the Indexed Swap through its term.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

## 13. Indexed Swap (continued):

Changes related to the Indexed Swap are summarized below:

---

Fair value at acquisition date	\$ 101,468
Increase in fair value during the period	1,880
Settlements received	(3,757)
<hr/> Fair value, as of December 31, 2004	<hr/> \$ 99,591

Changes related to the Indexed Swap Hedge:

---

Fair value at acquisition date	\$ (29,566)
Increase in fair value during the period	(606)
Settlements received	(121)
<hr/> Fair value, as of December 31, 2004	<hr/> \$ (30,293)

## 14. Related party transactions:

The Company has contracted with Atlantic Power Management, LLC (the "Manager"), a company owned by certain entities that form part of the non-controlling interest, for management services, including advice and consultation concerning business planning, support, guidance and policy-making and general management services. The manager will receive an annual management fee of \$300 adjusted for inflation and future growth, cost reimbursements and an incentive fee equal to approximately 25% of cash distributions in excess of targeted cash distributions. In 2004, the manager was paid \$620.

The Company has engaged Caithness Energy, a company affiliated with the non-controlling interest to provide operations and maintenance at four of the Projects and accounting, taxes and other administrative functions for 12 of the Projects. In 2004, Caithness Energy was paid \$687.

Certain of the Projects are managed by affiliates of other investors.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

---

## 15. Fair values of financial instruments:

The fair values of cash and cash equivalents, reserve fund, restricted cash, accounts receivable, dividends payable, and accounts payable and accrued liabilities approximate carrying values due to the short-term nature of these balances.

The Indexed Swap, other liabilities, non-controlling interest and foreign exchange forward contract are carried at fair value.

The Indexed Swap is recorded at estimated fair value based on estimated future cash flows taking into account certain assumptions, including forecasts of future energy prices, inflation rates, discount rates and credit risk. Energy prices can be volatile and other assumptions can change from period to period. These factors can create significant fluctuations in the estimated fair value of this agreement.

The fair value of other liabilities, non-controlling interest is based on the quoted market value of the IPSs.

The fair value of forward exchange contracts is based primarily on the difference between the current exchange rate and the forward exchange rate under the contract.

Management believes that the fair value of long-term debt approximates its carrying value because the principal amount of the debt was recently issued.

The fair values of interest rate swap and gas swaps entered into by joint ventures are disclosed in note 3.

## 16. Basic loss per share:

Basic loss per share has been calculated using the weighted average number of units outstanding during the period of 34,727,273.

# ATLANTIC POWER CORPORATION

Notes to Consolidated Financial Statements (continued)  
(In thousands of U.S. dollars)

Period from November 18, 2004 to December 31, 2004

---

## 17. Segmented information:

The Company operates 14 Projects in the United States. It has one Project in Jamaica which is accounted for using the equity method.

The Company has one line of business being the sale of energy.

Revenue is earned primarily from contracts with large investor owned utilities. Two investment grade utilities contributed more than 10% of revenue (58% and 20% of revenue).

## 18. Subsequent event:

On March 1, 2005, the Company received a distribution of \$35,857 from the MASSPOWER Project. The distribution comprised: (a) a portion of the proceeds paid to the Project by two of its three utility power purchasers to terminate power purchase agreements that together account for approximately 66.5% of the project's output, (b) operating income, and (c) the release of restricted cash. The MASSPOWER project has repaid its outstanding debt and will continue to make available approximately 7.9% of its output under its remaining power purchase agreement through 2013, if and when it is dispatched and will have the option to sell the remainder of its output into the wholesale spot market. The Company has placed the distribution into its Reserve Fund, which is available to fund acquisitions and other growth opportunities to enhance the long-term stability of distributions.

## GLOSSARY OF TERMS

In this annual information form, the following terms will have the meanings set forth below, unless otherwise indicated. Words importing the singular include the plural and vice versa and words importing any gender include all genders:

“**affiliate**” has the meaning ascribed thereto in the Securities Act (Ontario).

“**Acquisition Agreements**” means, collectively, the agreements dated as of November 10, 2004 among the Issuer, Atlantic Holdings and each of the Existing Investors respecting, among other things, the acquisition by Atlantic Holdings of the Project Holding Entities from the Existing Investors.

“**ArcLight**” means ArcLight Capital Partners, LLC.

“**Atlantic Holdings**” means Atlantic Power Holdings, LLC.

“**avoided cost**” means the incremental expense that a utility would incur to either generate or purchase from an outside source electricity, capacity or both.

“**Btu**” means British thermal unit.

“**business day**” means a day other than a Saturday, Sunday or other day on which banking institutions in the Province of Ontario are authorized or required by law to close.

“**CDS**” means The Canadian Depository for Securities Limited.

“**Code**” means the United States Internal Revenue Code of 1986, as amended.

“**cogeneration**” means the simultaneous production of electricity and thermal energy in the form of heat or steam from a single fuel source.

“**Common Shares**” means the common shares in the capital of the Issuer.

“**Credit Facility**” means the credit facility provided by a syndicate of financial institutions to Atlantic Holdings on closing of the initial public offering of the Issuer in an aggregate amount of \$50 million.

“**DBRS**” means Dominion Bond Rating Service Limited.

“**Equivalent Amount**” on any given date in one currency (the “first currency”) of any amount denominated in another currency (the “second currency”) means the amount of the first currency which could be purchased with such amount of the second currency at the rate of exchange approximately equal to the noon rate of exchange quoted by the Bank of Canada on such day for the purchase of the first currency with the second currency.

“**ERISA**” means the United States Employee Retirement Income Security Act of 1974, as amended.

“**ERISA Plan**” shall mean any employee benefit plan that is subject to the fiduciary and prohibited transaction provisions of ERISA and/or any plan that is subject to Section 4975 of the Code, any trust holding assets of such a plan, and any entity that is deemed to hold the assets of such a plan pursuant to 29 C.F.R. Section 2510.3-101, issued by the United States Department of Labor.

“**EWG**” means an exempt wholesale generator as defined under PUHCA.

“**Existing Investor Interests**” means the common membership interests and Class B preferred membership interests in Atlantic Holdings held by the Existing Investors.

“**Existing Investors**” means Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC.

“**FERC**” means the United States Federal Energy Regulatory Commission, an independent regulatory agency within the United States Department of Energy that, among other things, oversees regulatory matters relating to electricity projects.

“**FPA**” means the United States Federal Power Act, as amended.

“**Fund I**” means ArcLight Energy Partners Fund I, L.P.

“**Fund II**” means ArcLight Energy Partners Fund II, L.P.

“**gigawatt**” or “**GW**” means 1,000 megawatts of energy.

“**GWh**” means an amount of energy equivalent to one gigawatt of energy delivered continuously for one hour.

“**Holder**” means a holder of IPSs, Subordinated Notes or Common Shares.

“**Indenture**” means the Subordinated Note Indenture dated as of November 18, 2004 between the Issuer, certain guarantors and Computershare Trust Company of Canada.

“**IPSs**” means the income participating securities of the Issuer.

“**IRS**” means the United States Internal Revenue Service.

“**Issuer**” means Atlantic Power Corporation.

“**kWh**” means an amount of energy equivalent to one kilowatt of energy delivered continuously for one hour.

“**kilowatt**” or “**kW**” means 1,000 watts of energy.

“**Manager**” means Atlantic Power Management, LLC.

“**Management Agreement**” means the management agreement dated as of November 10, 2004 between the Manager, the Issuer and Atlantic Holdings, as it may be amended, supplemented and restated from time to time.

“**MWh**” means an amount of energy equivalent to one megawatt of energy delivered continuously for one hour.

“**megawatt**” or “**MW**” means 1,000 kilowatts of energy.

“**MMBtu**” means one million Btu.

“**NERC**” means the North American Electric Reliability Council.

“**Non-U.S. Holder**” means a Holder that is not: (i) a citizen or individual resident in the U.S. for U.S. federal tax purposes; (ii) a corporation or other entity taxable as a corporation created or organized under the laws of the U.S. or a political subdivision thereof; (iii) an estate, the income of which is subject to U.S. federal income tax regardless of the source; or (iv) a trust, if (A) a court within the U.S. is able to exercise primary supervision over the trust’s administration and one or more U.S. persons have the authority to control all of its substantial decisions, or (B) the trust was in existence on August 20, 1996

and has properly elected under applicable Treasury Regulations to continue to be treated as a United States person.

**“Operating Agreement”** means the operating agreement in respect of Atlantic Holdings entered into among the Issuer, Atlantic Holdings and the Existing Investors on closing of the initial public offering of the Issuer.

**“PPA”** means power purchase agreement.

**“Projects”** means the 15 power generation projects described under “Description of the Business – Summary Table of the Projects” and “Project Descriptions”.

**“Project Holding Entities”** means Teton Funding, Epsilon Power Funding, LLC and Umatilla Power Funding, LLC.

**“Project Operating Entities”** means the limited partnerships, corporations or other entities that directly own the Projects.

**“PUHCA”** means Public Utility Holding Company Act of 1935, as amended.

**“PURPA”** means the Public Utility Regulatory Policies Act of 1978, as amended.

**“QF”** means a qualifying facility under the FPA, as amended by PURPA.

**“Reserve Account”** means the reserve account established by Atlantic Holdings to stabilize future cash distributions and fund acquisitions and other growth opportunities.

**“ROFO Projects”** means the 11 power generation projects described under “Description of the Business – Issuer’s Objectives and Business Strategy – Opportunity to Purchase ArcLight Projects”.

**“S&P”** means Standard and Poor’s, a division of The McGraw-Hill Companies, Inc.

**“Separate Subordinated Notes”** means the Cdn\$36,501,000 principal amount of Subordinated Notes issued and sold separately at the time of closing of the initial public offering of the Issuer.

**“Subordinated Notes”** means the 11.0% subordinated notes of the Issuer issued in accordance with the Indenture.

**“Targeted Cash Distribution”** means Cdn\$1.00 per IPS and, following the maturity, redemption or repurchase of all the Subordinated Notes or the separation of all of the IPSs, means Cdn\$0.3657 per Common Share.

**“Tax Act”** means the Income Tax Act (Canada) and the regulations thereunder, in each case in effect on the date hereof.

**“Teton Funding”** means Teton Power Funding, LLC.

**“Treasury Regulations”** means the U.S. Treasury regulations (including final, temporary and proposed regulations) promulgated under the Code.

**“Trustee”** means Computershare Trust Company of Canada.

**“Underwriters”** means BMO Nesbitt Burns Inc., CIBC World Markets Inc., RBC Dominion Securities Inc., Scotia Capital Inc., National Bank Financial Inc., TD Securities Inc., Canaccord Capital Corporation,

Desjardins Securities Inc., Dundee Securities Corporation, First Associates Investments Inc., HSBC Securities (Canada) Inc., Lehman Brothers Inc. and Raymond James Ltd.

“**Underwriting Agreement**” means the underwriting agreement among the Issuer, Atlantic Holdings, the Existing Investors and the Underwriters dated November 10, 2004.

“**U.S. Holder**” means any Holder that is not a Non-U.S. Holder.

## GENERAL

The information in this annual information form is stated as at December 31, 2004, unless otherwise indicated.

Certain capitalized terms used in this annual information form have the meaning set out in the "Glossary of Terms". In this annual information form, references to "Cdn\$" and "Canadian dollars" are to the lawful currency of Canada and references to "\$", "US\$" and "U.S. dollars" are to the lawful currency of the United States. All dollar amounts herein are in U.S. dollars, unless otherwise indicated.

Certain statements in this annual information form may constitute "forward-looking statements", which reflect the expectations of Atlantic Power Management, LLC (the "Manager") regarding future growth, results of operations, performance and business prospects and opportunities of Atlantic Power Corporation (the "Issuer"), Atlantic Power Holdings, LLC ("Atlantic Holdings") and the Projects (as defined below). Such forward-looking statements reflect current expectations regarding future events and operating performance and speak only as of the date of this annual information form. Forward-looking statements involve significant risks and uncertainties, should not be read as guarantees of future performance or results, and will not necessarily be accurate indications of whether or not or the times at or by which such performance or results will be achieved. A number of factors could cause actual results to differ materially from the results discussed in the forward-looking statements, including, but not limited to, the factors discussed under "Risk Factors". Although the forward-looking statements contained in this annual information form are based upon what are believed to be reasonable assumptions, investors cannot be assured that actual results will be consistent with these forward-looking statements, and the differences may be material. These forward-looking statements are made as of the date of this annual information form and, except as expressly required by applicable law, the Issuer assumes no obligation to update or revise them to reflect new events or circumstances.

## ATLANTIC POWER CORPORATION

### The Issuer

The Issuer is a corporation established under the laws of the Province of Ontario on June 18, 2004. The registered and head office of the Issuer is located at Suite 2400, 250 Yonge Street, Toronto, Ontario, Canada M5B 2M6. The Issuer holds 58.1% of the common membership interests and all of the outstanding Class A preferred membership interests in Atlantic Holdings and Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC (the "Existing Investors") hold 41.9% of the common membership interests and all of the Class B preferred membership interests in Atlantic Holdings.

### Atlantic Holdings

Atlantic Holdings is a Delaware limited liability company with its registered and head office located at 2711 Centerville Road, Suite 400, Wilmington, Delaware 19808 c/o Corporation Service Company. The Issuer formed Atlantic Holdings for the purpose of acquiring indirect interests in 15 power generation projects located primarily in the U.S. (collectively, the "Projects", and individually, a "Project") from the Existing Investors.

### The Manager

The Manager is a Delaware limited liability company formed by ArcLight Capital Partners, LLC ("ArcLight") and the Existing Investors to provide management and administrative services to the Issuer and its subsidiaries pursuant to the terms of the Management Agreement. The Manager manages the business with the objective of providing holders of IPSs with stable and sustainable cash distributions in the form of interest payments on the Subordinated Notes and dividends on the Common Shares. The

Manager is also focused on identifying additional acquisitions and investments for the Issuer, including acquisitions of, or investments in, power generation assets in Canada and the U.S. In addition to the substantial energy investing experience and industry relationships of its own employees, the Manager expects to benefit from ArcLight's experience, relationships and specialized knowledge to identify emerging trends and present the Issuer with accretive acquisition and investment opportunities within the power and energy sector.

### **ArcLight**

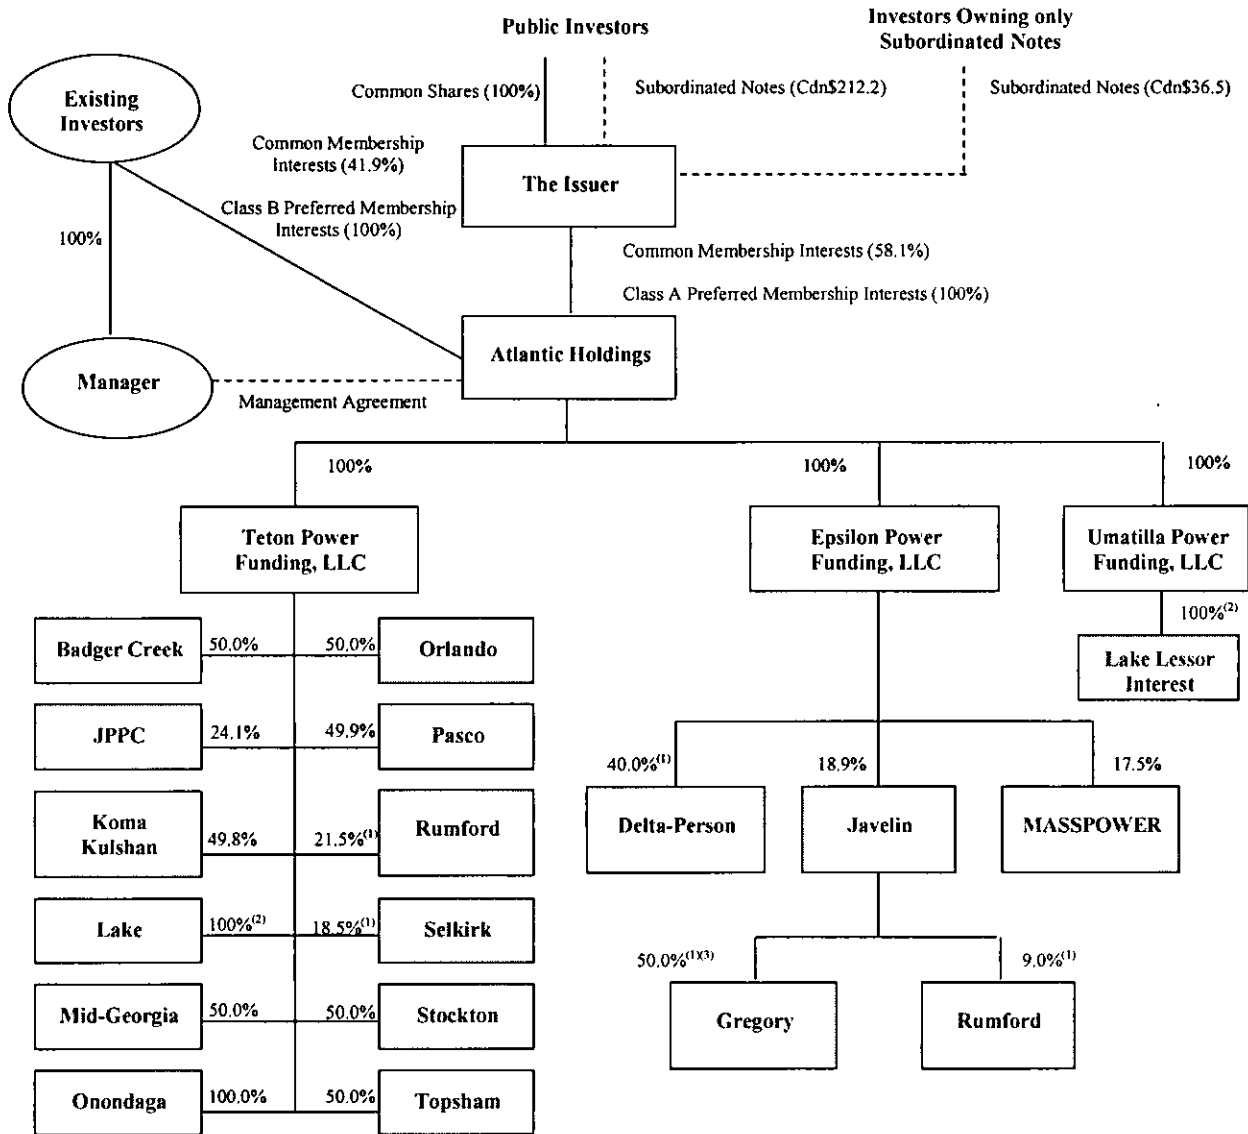

ArcLight is one of the leading private investment firms focused exclusively on the electric power and energy sectors. Headquartered in Boston, Massachusetts with offices in New York City, the principals of ArcLight have spent the majority of their careers identifying, structuring, and managing investments and companies in the power and energy sectors. Collectively, the principals of ArcLight have invested over \$6 billion in more than 100 transactions with an aggregate acquisition value in excess of \$20 billion. With over 200 years of combined industry experience, the principals of ArcLight have extensive transactional expertise and industry relationships in the power and energy sectors.

In April 2001, ArcLight organized ArcLight Energy Partners Fund I, L.P. ("Fund I") to capitalize on attractive investment opportunities in the rapidly evolving power, utility and energy industry. Fund I closed with \$950 million in total capital commitments. In the three years ended March 2004, Fund I invested over \$850 million through more than 20 equity and equity-like investments in power generation and transmission, as well as in power-related fuel and services businesses.

Building on the success of Fund I, ArcLight initiated fundraising for ArcLight Energy Partners Fund II, L.P. ("Fund II") in October 2003 and by June 2004 had secured commitments from more than 75 investors. Almost all of ArcLight's Fund I investors, such as the Caisse de dépôt et placement du Québec and the University of Texas, participated in Fund II, as well as over 50 institutional investors that did not participate in Fund I, including Alberta Revenue, British Columbia Investment Management Corporation and the California Public Employees Retirement System (CalPERS). For Fund II, ArcLight is pursuing the same strategy it developed for Fund I, investing in assets in the power, utility and energy sectors. Fund II closed with \$1.6 billion in total capital commitments and has completed 10 investments to date.

Prior to completion of the Issuer's initial public offering and the transactions contemplated by the Acquisition Agreements, Fund I, Fund II and Caithness Energy, LLC ("Caithness") were the indirect owners of Teton Power Funding, LLC ("Teton Funding") the owner of interests in 12 of the Projects. Fund I was the indirect owner of Epsilon Power Funding, LLC, the owner of interests in four of the Projects. Fund II was the indirect owner of Umatilla Power Funding, LLC, the owner of a lessor interest in one of the Projects. Fund I and Fund II are also indirect owners of the Manager.

The following chart illustrates in simplified form the structure of the Issuer and its indirect ownership interests in the Projects.

(1) Represents Atlantic Holdings' estimate of its share of the cash flow from the Project.  
 (2) Teton Funding indirectly owns 100% of the partnership interests in Lake. Lake leases the Lake Project from a trust of which Umatilla Power Funding, LLC is the sole beneficiary. Atlantic Holdings is in the process of terminating this lease to simplify the Lake ownership structure.  
 (3) On January 12, 2005, Javelin increased its ownership in Gregory from 50% to 95% by purchasing a 45% interest from an affiliate of LG&E.

## GENERAL DEVELOPMENT OF THE BUSINESS

Upon completion of its initial public offering of 32,000,000 IPSs and private placement of \$30,221,000 (Cdn\$36,501,000) aggregate principal amount of Subordinated Notes on November 18, 2004, the Issuer subscribed for 32,000,000 common membership interests and 38,329,287 Class A preferred membership interests in Atlantic Holdings for total consideration of approximately \$276,695,000 (Cdn\$334,192,000). Atlantic Holdings used approximately \$94,711,000 (Cdn\$114,393,000) of this amount, together with 31,291,865 common membership interests and 31,291,865 Class B preferred membership interests issued by it, to acquire Teton Funding, Epsilon Power Funding, LLC and Umatilla Power Funding, LLC (the "Project Holding Entities") from the Existing Investors. The Project Holding Entities in turn collectively hold interests in the Projects. Atlantic Holdings also used approximately \$167,831,000 (Cdn\$202,707,000) of the proceeds from the subscription for membership interests by the Issuer to repay outstanding indebtedness of Teton Funding.

Upon the exercise on December 6, 2004 of an over-allotment option granted to the Underwriters, the Issuer subscribed for 4,800,000 common membership interests and 4,800,000 Class A preferred membership interests in Atlantic Holdings for total consideration of \$37,655,000 (Cdn\$45,480,000). Atlantic Holdings used this amount to redeem 4,800,000 common membership interests and 4,800,000 Class B preferred membership interests held by the Existing Investors.

Upon completion of the transactions described above, the Issuer owned 58.1% of the common membership interests in Atlantic Holdings and the Existing Investors owned 41.9% of the common membership interests in Atlantic Holdings.

Reference is made to the Business Acquisition Report of the Issuer dated January 31, 2005, which is specifically incorporated herein by reference. The Business Acquisition Report can be found on SEDAR at [www.sedar.com](http://www.sedar.com).

## POWER INDUSTRY OVERVIEW

### Independent Power Generation and North American Demand Outlook

Historically, the North American electricity industry was characterized by vertically integrated monopolies. During the late 1980s, several jurisdictions began a process of restructuring by moving away from vertically integrated monopolies towards more competitive market models. Rapid growth in electricity demand, environmental concerns, increasing electricity rates, technological advances and other concerns prompted government policies to encourage the supply of electricity from independent power producers.

In the independent power generation sector, electricity is generated from a number of sources, including water, natural gas, coal, waste products such as biomass (e.g., waste wood from forest products operations) and landfill gas, geothermal sources, such as heat or steam, the sun, and wind. According to a report published in December 2003 on the Long-Term Reliability Assessment of Bulk Electric Systems in North America by the North American Electric Reliability Council ("NERC"), the average annual peak demand growth rate for electricity for the past 10 years was 2.4% per annum in the U.S. (summer) and 1.4% per annum in Canada (winter). The NERC projects that average annual peak demand growth from 2004 to 2012 will be 1.9% in the U.S. and 1.1% in Canada.

### The Non-Utility Power Generation Industry

The Projects are non-utility electric generating facilities that operate primarily in the U.S. electric power generation industry. The electric power industry is one of the largest industries in the U.S., with 2003 sales of nearly \$260 billion based on information published by the Energy Information Administration of the U.S. Department of Energy ("EIA"). A growing portion of the power produced in

the U.S. is generated by non-utility generators. According to the EIA, there were approximately 7,772 non-utility generators representing 448 GW of capacity and 1,421 GWs of total net electric generation in 2003 (equal to 46%, 48% and 37%, respectively, of electric generation industry totals). Non-utility generators sell the electricity that they generate to electric utilities and other load-serving entities (such as municipalities and electric cooperatives) through bilateral contracts or open power exchanges. The electric utilities and other load-serving entities, in turn, generally sell this electricity to industrial, commercial and residential customers. The power generated by the Projects is generally sold under long-term contracts.

The NERC estimates that in the U.S., peak (summer) net electric demand in 2003 totalled approximately 717,652 MW, while summer generating capacity in 2003 totalled approximately 858,296 MW, creating a peak summer reserve margin of 140,644 MW, or 16.4%. The U.S. market consists of regional electric markets, not all of which are effectively inter-connected. Consequently, reserve margins vary from region to region. Some regions have margins well in excess of the 15% to 20% target range, while other regions remain short of ideal reserve margins. The estimated 140,644 MW of reserve margin in 2003 compares to an estimated 110,580 MW in 2002. The increase is due in large part to the start-up of new gas-fired power plants.

According to a November 2003 report from S&P (the "S&P Report"), the U.S. power industry has experienced a continued decline in credit quality, an unprecedented number of bankruptcies and a blackout of historic proportion in August 2003. The years 2002 and 2003 were marked by a decrease in power prices in many power markets as the industry was confronted with an over-supply of power generating capacity caused by an increased level of highly leveraged investments in non-regulated power generating assets, coupled with a declining economy. Supply increased drastically (with new merchant plants financed on a short-term basis), while the economic slowdown reduced power demand. This resulted in an industry-wide decrease in credit ratings of generating companies and has constrained their access to capital markets.

According to the S&P Report, in 2003, the number of S&P credit rating downgrades in the power energy industry far outpaced the number of upgrades, with the downgrade to upgrade ratio exceeding 10:1. In 2004, this improved, but was still approximately 2:1 in favour of downgrades. The average credit rating for the electric utility sector is firmly in the "BBB" category, down from the "A" category three years ago. Prospects for credit quality remain challenging, as indicated by S&P's ratings outlooks, 40% of which are negative. The Manager believes that credit concerns have affected the sector's strategic business plans, forcing some companies to liquidate assets in order to improve their balance sheets. This situation has presented acquisition opportunities for less affected power companies. Restructuring has produced a resurgence of merger and acquisition transactions in the power generation sector.

The Manager believes that merger and acquisition activity in the power generation sector over the next several years will be characterized by continued divestiture activity and focused acquisitions aimed at restructuring portfolios.

## **Industry Regulation**

### ***United States***

In the United States, the trend towards restructuring the electric power industry and the introduction of competition in electricity generation commenced with the passage and implementation of the *Public Utility Regulatory Policies Act of 1978*, as amended ("PURPA"). Among other things, PURPA, as implemented by the United States Federal Energy Regulatory Commission ("FERC"), generally requires vertically integrated electric utilities to purchase power from qualifying facilities ("QFs") at their avoided cost. FERC had defined avoided costs as incremental costs to a utility of energy or capacity which, but for the purchase from QFs, such utility would itself generate or purchase from another source.

A QF is a distinct type of energy producer that falls into one or both of two primary classes. The first class of QFs includes energy producers that generate power using specific energy sources such as wind, solar, geothermal, hydro, biomass or waste fuels. The second class of QFs includes cogeneration facilities. For so long as a facility satisfies FERC's technical criteria for QF status and is not more than 50% owned by a person primarily engaged in the generation or sale of electric power (other than electric power solely from cogeneration facilities or small power production facilities), such facility will be exempt from regulation under the *Public Utility Holding Company Act of 1935*, as amended ("PUHCA"). Similarly, an entity directly or indirectly owning a QF is not subject to PUHCA by virtue of such ownership. FERC's implementing regulations explain that a cogeneration or small power production facility shall be considered to be owned by a person primarily engaged in the generation or sale of electric power if more than 50% of the equity interest in the facility is held by an electric utility or utilities, or by an electric utility holding company, or companies, or any combination thereof or wholly or partially owned subsidiaries thereof.

With the exception of QFs, generation, transmission and distribution of electricity remained largely owned by vertically integrated electric utilities until the enactment of the *Energy Policy Act of 1992* (the "1992 Act") and subsequent orders in 1996, along with electric industry restructuring initiated at the state level. Among other things, the 1992 Act enhanced FERC's power to open access to power transmission systems, contributing to significant growth in the independent power generation industry.

### *Canada*

Provincial governments have legislative authority over the generation, transmission and distribution of electricity in Canada. In the past, the majority of the electrical supply within the Canadian provinces was provided by large Crown corporations such as Ontario Hydro and Hydro-Québec. These large utilities have been primarily responsible for the generation, transmission and distribution of electricity. In the mid-1980s, however, the rapid growth of projected energy demand, projections of dramatic increases in energy rates and advances in new generation technology led some provincial governments to develop policies to encourage independent power generation. These policies were meant to encourage larger utilities to purchase power from independent power producers pursuant to long-term power purchase agreements which would supply power to the provincial power grid in parallel to the utilities' own generation. In the late 1980s and early 1990s, British Columbia, Alberta, Ontario, Québec, Nova Scotia and Newfoundland established programs to actively seek independently produced power. By the late 1990s, many provinces started the process of restructuring their energy markets. To date, British Columbia, Alberta and Ontario have made progress on restructuring and introducing competition into the energy market.

## DESCRIPTION OF THE BUSINESS

### **Business Strengths**

#### *Diversified Portfolio of Power Generating Projects*

The Projects represent approximately 773 MW of net generating capacity and are diversified by geographic location, electricity and steam off-takers and project operators. Fourteen of the Projects are located across nine states in the U.S., representing most major U.S. power markets, and one Project is located in Jamaica. The Projects are diversified across most of the NERC regions including the regions of the Northeast Power Coordinating Council, Florida Reliability Coordinating Council and Southeastern Electric Reliability Council which account for approximately 30%, 29% and 20% of the net electric generation capacity of the Projects, respectively. No other NERC region contains Projects representing more than 14% of the Projects' net electric generation capacity. As a result, the Issuer's exposure to conditions (such as market, regulatory or environmental conditions) specific to any particular region is limited.

The Projects have contracts with 24 different electricity and steam off-takers. Progress Energy, Inc. ("Progress Energy"), Georgia Power Company ("Georgia Power") and Niagara Mohawk Power Corporation ("NIMO") are the largest off-takers of the Projects, purchasing approximately 28%, 21% and 12% of the Projects' net electric generation capacity, respectively. No other electricity off-taker purchases more than 8% of the Projects' net electric generation capacity.

The Projects rely on a number of different operators for their operation. Affiliates of Caithness and General Electric Company ("GE") operate Projects representing approximately 53% and 14% of the total electric generation capacity of the Projects, respectively. No other operator is responsible for the operation of Projects representing more than 8% of the Projects' total electric generation capacity.

#### ***Predictable, Stable and Sustainable Cash Distributions***

Approximately 91% of the Projects' net electric generation capacity is sold to electricity off-takers having investment grade credit ratings from S&P. In addition, the Projects generally have long-term fuel supply arrangements that match the term of their respective PPAs. Each of the Projects has been operating for a minimum of four years.

The Issuer's cash flow from the Projects will vary from year to year based on, among other things, changes in rates under the PPAs, fuel supply agreements, steam sales agreements and other Project contracts, compliance with the terms of Project-level financing and other contractual arrangements including debt repayment schedules, the transition to market pricing following the expiry of PPAs and fuel supply and transportation contracts, working capital requirements and the performance generally of the Projects. In order to provide holders of IPSs with stable and sustainable cash distributions, as at March 23, 2005, Atlantic Holdings had deposited approximately \$48.4 million into the Reserve Account and will deposit funds in the Reserve Account from time to time to stabilize future cash distributions and fund acquisitions and other growth opportunities.

#### ***Sponsorship of ArcLight Capital Partners, LLC***

Fund I and Fund II are indirect owners of the Manager. ArcLight, as manager of Fund I and Fund II, has input related to the management of the Manager. ArcLight possesses a management team with substantial energy investing experience and industry relationships. ArcLight is one of the leading private investment firms focused exclusively on the electric power and energy sectors with over \$2.5 billion under management. Collectively, the principals of ArcLight have invested over \$6 billion in more than 100 transactions with an aggregate acquisition value in excess of \$20 billion. The Manager believes that its relationship with ArcLight will provide it with access to compelling investment opportunities, a uniquely qualified management team and a high volume of deal flow.

#### ***Substantial Opportunities to Grow Distributable Cash***

The Manager expects that the significant dislocation in the U.S. power markets that has occurred over the past several years will continue, thereby providing the Issuer with opportunities for accretive acquisitions. The Manager believes that the experience and industry relationships of its own employees, together with its ongoing relationship with ArcLight, will allow it to provide the Issuer with unique access to such acquisition opportunities.

In addition, Atlantic Holdings has been granted a right of first offer on certain of Fund I's power generation investments (the "ROFO Projects"). In aggregate, the right of first offer is related to interests in 11 power generating projects representing approximately 706 net MW of total electric generation capacity.

The Manager intends to enhance the operation of the Projects and increase cash distributions through the: (i) optimization of commercial arrangements such as PPAs, fuel supply and transport

contracts, steam sales agreements and management and operation agreements; (ii) achievement of operating efficiencies; (iii) upgrade or enhancement of existing equipment or plant configurations; and (iv) expansion of existing Projects. The Manager believes that opportunities also exist to consolidate ownership positions in the Projects in which the Issuer owns partial interests on an accretive basis and that financial restructuring and recapitalization opportunities at the Projects may provide capital to the owners of the Projects to fund future growth opportunities.

### **Issuer's Objectives and Business Strategy**

The Issuer's objectives are to maintain the stability and sustainability of its cash distributions to holders of IPSs (in the form of interest payments on the Subordinated Notes and dividends on the Common Shares) and increase, when prudent, cash distributions on the Common Shares. In order to achieve these objectives, the Issuer intends to focus on enhancing the financial performance of the Projects and pursuing additional acquisitions and investments with a focus on power generating facilities in Canada and the U.S.

#### ***Acquisition and Investment Strategy***

The Issuer intends to, where practical and economical, expand its operations by making additional investments and acquisitions with a focus on power generation facilities in Canada and the U.S., and such other business or activities as may be approved from time to time, including investments and other direct and indirect rights in other forms of energy-related projects, utility projects and infrastructure projects. The Issuer will make additional acquisitions or investments only if it believes that such acquisitions or investments will meet the Issuer's acquisition and investment guidelines. Such acquisitions or investments may be financed by the issuance of additional IPSs or other securities of the Issuer, from the cash flows of the Issuer, from amounts held in the Reserve Account or through additional indebtedness.

An industry-wide decrease in the credit ratings of North American power generation companies that started several years ago has resulted in many power generation companies divesting assets in order to improve their financial position. In some cases, creditors have taken control of power generation assets. The Manager believes that the restructuring of power generation portfolios and divestitures of power generating facilities will continue over the next several years and that this will create acquisition and investment opportunities for the Issuer.

Despite the large number of generation assets built in North America over the past several years, certain regions of North America are expected to require new sources of electricity supply due to growth in electricity demand, transmission constraints or the obsolescence of, and environmental concerns associated with, older native generation. The Manager believes that new electricity generation projects will emerge throughout Canada and the U.S. over the next several years. As new projects are developed, the Manager expects to be able to present additional acquisition and investment opportunities to the Issuer. ArcLight is contractually obligated to give the Manager the opportunity to pursue, on behalf of the Issuer and Atlantic Holdings, investment opportunities that ArcLight has determined do not fit within the investment guidelines for Fund I, Fund II or other future investment funds managed by ArcLight or its affiliates or that do fit within such guidelines but which such investment funds determine not to pursue. The Manager believes that there will be many such opportunities.

#### ***Acquisition and Investment Guidelines***

The following guidelines will be used in the review and evaluation of possible acquisitions and other investments:

- each acquisition or investment will be made only if the Manager believes that the acquisition or investment will result in an increase in cash available for distribution to holders of IPSs;
- each acquisition or investment will be reviewed and approved by the board of managers of Atlantic Holdings;
- in the case of an acquisition of, or investment in, power generation facilities, facilities with long-term PPAs with major electrical utilities or industrial users will be preferred; and, for facilities without such agreements, free market electricity price assumptions used in acquisition or investment evaluations will be obtained from a recognized independent source;
- in the case of an acquisition of, or investment in, a power generation facility, the acquisition or investment will be subject to prior due diligence and based on an independent engineers' report confirming the condition or development of the facility and the technical assumptions used in the acquisition or investment evaluation;
- in the case of an acquisition of, or investment in, a power generation facility, the expected useful life of the facility and associated structures will, with regular maintenance and upkeep, be long enough for an investment therein to conform with the Issuer's objective of providing stable long-term cash distributions to holders of IPSs;
- in the case of acquisitions or investments other than an acquisition of, or investment in, a power generation facility, the Manager will conduct such due diligence review and analysis as it deems necessary on a case-by-case basis; and
- in the case of acquisitions or investments involving ArcLight or its affiliates or investment funds managed by ArcLight or an affiliate of ArcLight, the acquisition or investment will be reviewed and approved by the independent members of the board of managers of Atlantic Holdings.

***Opportunity to Purchase ArcLight Projects***

In order to provide the Issuer with near term, high quality acquisition opportunities, Atlantic Holdings has been granted a right of first offer on the ROFO Projects. The ROFO Projects are all power generation facilities and in aggregate represent approximately 706 net MW of power generating capacity.

The following chart lists each of the ROFO Projects, its location and the power generating capacity represented by the interest that is subject to the right of first offer.

ROFO Project	Location	Net MW <sup>(1)</sup>
Auburndale	Florida	107
Carney's Point	New Jersey	114
Cottage Grove	Minnesota	66
Crockett	California	19
Lakewood	New Jersey	47
Lockport	New York	44
Marianas Energy Company	Territory of Guam	44
Midland Cogeneration Venture	Michigan	78
Saranac	New York	43
Selkirk <sup>(2)</sup>	New York	79
Whitewater	Wisconsin	66

- (1) Represents the interest in each ROFO Project's electric generation capacity that is subject to the right of first offer.
- (2) On closing of the initial public offering of the Issuer and the transactions contemplated by the Acquisition Agreements, Atlantic Holdings acquired an estimated 18.5% interest in the cash flow of the Selkirk Project. Pursuant to the right of first offer granted to Atlantic Holdings, Atlantic Holdings will have a right of first offer to acquire an additional estimated 22.8% interest in the cash flow of the Selkirk Project.

Should Fund I desire to sell its interest in any of the ROFO Projects, it must first offer such interest for sale to Atlantic Holdings at a specified price. If such first offer is not accepted by Atlantic Holdings within a 45-day period, Fund I may then, within the following 180 days, sell its interest in such ROFO Project(s) to any third party purchaser at a price and on terms no more favourable to the third party than those offered to Atlantic Holdings. If, within this 180-day period, Fund I receives an offer from a third party to purchase its interest in such ROFO Project(s) that it is prepared to accept, but which is on terms more favourable to the third party than those offered to Atlantic Holdings, then, before it may accept the offer, Fund I must give Atlantic Holdings notice of the offer and Atlantic Holdings will have a 30-day period to match the offer. If, however, Fund I has not sold its interest in the ROFO Project(s) during such 180-day period, the procedures described in this paragraph will again apply with respect to any potential future sale of its interest in such ROFO Project(s).

**Summary Table of the Projects**

The following table lists the Projects, the economic interests in the Projects that are indirectly owned by Atlantic Holdings and certain key information about each Project.

Project Name	Location	Fuel Type	Total MW	Economic Interest <sup>(1)</sup>	Net MW <sup>(2)</sup>	Electricity Off-Taker	PPA Expiry	Off-Taker S&P Credit Rating
Badger Creek	California	Natural Gas	46	50.0%	23	Pacific Gas & Electric	2011	BBB
Delta-Person	New Mexico	Natural Gas	132	40.0% <sup>(3)</sup>	53	Public Service of New Mexico	2020	BBB

- (1) Atlantic Holdings' economic interest represents the percentage ownership interest in the Project held indirectly by Atlantic Holdings (except as otherwise noted).
- (2) Represents the interest of Atlantic Holdings in each Project's total electric generation capacity based on Atlantic Holdings' economic interest in each Project.
- (3) Represents Atlantic Holdings' estimate of its share of the cash flow from the Project.
- (4) On January 12, 2005, Atlantic Holdings increased the economic interest it indirectly owns to approximately 15.1% or 60.4 net MW.
- (5) On March 1, 2005, MASSPOWER received negotiated termination payments for these three PPAs. See "Project Descriptions – MASSPOWER Project".
- (6) A swap agreement with Niagara Mohawk Power Corporation has replaced the Onondaga PPA. See "Project Descriptions – Onondaga Project".

## **Commercial Structure and Operation of the Projects**

Atlantic Holdings indirectly owns interests in each of the Projects as described in the above table. Fourteen of the Projects are located in nine states in the U.S. and one Project is located in Jamaica. The Projects have an aggregate gross electric generation capacity of approximately 2,161 MW, and Atlantic Holdings' net economic interest in the electric generation capacity of the Projects is approximately 773 MW. Twelve of the Projects are QFs and the three that are not QFs are exempt wholesale generators ("EWGs") under PUHCA.

The discussion below describes certain general characteristics of the commercial structure and operations of the Projects.

### ***Ownership and Project Financing***

The Projects are typically owned by the Project Operating Entities, in which the owners of the Projects hold limited partnership, general partnership or other equity interests. Atlantic Holdings' interests in each of Projects are held, directly or indirectly, through a Project Holding Entity.

Typically, construction of the Projects was financed by non-recourse loan arrangements, certain of which remain outstanding. These loan arrangements are typically secured by the Project assets, including associated contracts, and contain extensive affirmative and negative covenants on the part of the Project Operating Entity that may restrict the Project Operating Entity's activities and, in some cases, limit or prevent distributions of cash. In addition, the partnership or other equity interests in Project Operating Entities with outstanding indebtedness, including those held indirectly by Atlantic Holdings, are in some cases pledged to the Project lenders to secure such indebtedness. In the event of a default that has not been cured, the lenders may foreclose on the equity interests of the Project Operating Entity, including those held indirectly by Atlantic Holdings.

### ***Energy, Capacity and Steam Sales***

The majority of the Projects have long-term PPAs for the sale of electricity to off-takers having investment grade credit ratings from S&P, with some of the Projects having more than one PPA. The expiry dates of the PPAs vary from 2005 to 2037. Generally, the Projects receive payments for electric energy sold under PPAs (known as energy payments) as well as for electric generation capacity (known as capacity payments). In addition, the majority of the Projects which are coal or natural gas-powered co-generation QFs sell steam under steam sales agreements to industrial purchasers.

### ***Fuel Supply Arrangements***

The coal and natural gas-powered Projects generally have long-term supply agreements for the fuel required to operate the Project. These purchase agreements may also be accompanied by fuel transportation arrangements. In many cases, the fuel supply arrangements have been designed to correspond to the term of the PPAs and most of the Projects' PPAs and steam sales agreements provide for the pass through or indexing of fuel costs to the off-takers.

### ***Operations and Maintenance***

The Projects are typically operated and maintained by third party operators under management or operations and maintenance contracts with the relevant Project Operating Entity. Some of these agreements are long-term, while others have shorter terms and provide generally for subsequent renewal terms. Teton Operating Services LLC, a subsidiary of Teton Funding, has assumed responsibility under operations and maintenance contracts for the Lake, Mid-Georgia, Onondaga and Pasco Projects. An affiliate of Caithness has been retained to perform the services to be provided by Teton Operating

Services LLC under these contracts under operations and maintenance agreements (the "Caithness O&M Agreements") which either expire or can be terminated in March 2007 and which provide for successive three-year renewal options upon written agreement of the parties. Under the Caithness O&M Agreements, the operator is responsible for operations, maintenance and repair services.

### *Asset Management Strategy*

The Manager's asset management strategy is to partner with recognized leaders in the independent power business. Atlantic Holdings' interests in the majority of the Projects are managed by Caithness and Delta Power Company, LLC ("Delta Power"). On a case-by-case basis, Caithness and Delta Power provide: (i) active project-level management, such as operations and maintenance and asset management; (ii) active partnership level management, such as acting as general partner; (iii) passive partnership level management, such as acting as limited partner; and (iv) management responsibility over the investment or pool of investments. The Manager will be involved in all major decisions and drive value-creating transactions such as contract restructurings, asset-level refinancing, acquisitions and divestitures.

Caithness is one of the largest privately-held independent power producers in the United States and is actively engaged in the development, acquisition and management of power facilities for its own account as well as in ventured arrangements with other entities. During its 24 years in the independent power business, Caithness, through its subsidiaries, has assembled a domestic power generation portfolio comprised of economic interests in 34 operating power projects totalling approximately 2,498 MW of nameplate capacity. Caithness' portfolio of operating projects consists of approximately 1,439 MW of gas-fired projects, 313 MW of geothermal projects, 160 MW of solar projects, 354 MW of wind projects, 145 MW of coal-fired projects, 27 MW of hydroelectric projects and 60 MW of oil-fired projects. Fund I is an indirect minority owner of Caithness and has the right to elect one member of the board of directors of Caithness.

Delta Power owns and manages natural gas, hydroelectric and coal-fired power projects in the U.S. Formed in 1997, privately-owned Delta Power owns interests in and manages 28 operating power projects in the U.S. with gross capacity of over 2,700 MW.

### *Site Leases*

The Projects are generally constructed on leased sites. Many of the sites are leased from a neighbouring electricity or steam off-taker. The site leases typically provide for terms longer than the term of the Project's PPA.

### *Regulation*

All of the Projects are QFs, EWGs or dually-certified, pursuant to regulation of FERC. The Projects with QF status are exempt from FERC rate-making. The Onondaga and Delta-Person Projects have EWG status but are not dually-certified as EWGs and QFs. Although these Projects are subject to FERC rate-making, FERC has granted these EWGs the authority to charge market-based rates based primarily on a finding that the seller of electricity lacks market power. The JPPC Project, which is also an EWG but not a QF, does not sell power in the U.S. market and therefore is not subject to FERC rate-making. The Projects are exempt from regulation under PUHCA and the Projects with QF status are exempt from state regulation respecting the rates of electric utilities and the financial or organizational regulation of electric utilities.

## PROJECT DESCRIPTIONS

### **Badger Creek Project**

#### *Description*

The Badger Creek Project is a 46 MW simple-cycle, cogeneration facility located near Bakersfield, California which commenced commercial operation in April 1991 as a QF. The Badger Creek Project is owned by Badger Creek Limited, L.P. ("Badger"), a Texas limited partnership in which Atlantic Holdings indirectly owns a 50% general partnership interest and Juniper Generation, LLC ("Juniper"), which is indirectly owned by affiliates of ArcLight and John Hancock Life Insurance Company ("John Hancock"), indirectly owns the other 50% limited partnership interest. Electrical output is sold to Pacific Gas & Electric Corporation ("PG&E") under a PPA that was amended and reaffirmed in December 2001. Steam is sold to OXY USA Inc. ("Occidental"), an affiliate of Occidental Petroleum Corporation under a 20-year steam energy agreement that expires in 2011. Badger leases the approximately 3.5 acre site for the Badger Creek Project from the Fano Realty Trust under a ground lease. The base lease term is 25 years commencing in 1990, which the parties may extend for up to 10 additional one-year periods.

In 1990, Badger entered into a non-recourse term loan due June 30, 2006 to finance the construction of the Project. As at December 31, 2004, approximately \$9.0 million in principal remained outstanding under the term loan, which is expected to be amortized over its remaining term. In addition, Badger maintains a debt service reserve account up to a maximum of \$3.0 million to meet its debt service requirements, if required.

#### *Capacity and Energy Sales*

##### *Power Purchase Agreement*

Electric power generated by the Badger Creek Project is purchased by PG&E pursuant to a PPA expiring in 2011. The Badger Creek PPA provides for monthly capacity and energy payments, and Badger is entitled to receive a performance bonus if the average on-peak capacity factor, net of allowed forced outages and scheduled maintenance outages, exceeds 85%. The PPA also provides for an annual average energy price through July 15, 2006, subject to time of use adjustments. After July 15, 2006, the Manager believes the energy price will change to PG&E's short-run avoided cost calculated in accordance with a short-run avoided cost formula adopted by the California Public Utilities Commission, whose calculation of short-run avoided cost primarily takes into account spot natural gas prices.

##### *Steam Sales Agreement*

Process steam from the Badger Creek Project is sold to Occidental under a steam energy agreement which expires in 2011, but is terminable by Occidental in 2006 and thereafter upon one year's prior notice. The agreement provides for successive renewal terms of one year each unless either party gives advance notice of termination. Occidental utilizes the steam in its enhanced oil recovery operations to allow for more effective and efficient extraction of heavy crude oil. Subject to certain conditions, Occidental has an obligation to purchase steam under this agreement in an amount at least equal to the minimum requirements necessary to maintain the Project's status as a QF. Although Occidental is not currently purchasing any power from the Project, the steam energy agreement allows for up to 1 MW of electricity to be sold to Occidental.

##### *Fuel Supply Arrangements*

Initially, natural gas was supplied to the Badger Creek Project under a supply and transportation agreement with PG&E. However, as restructuring of the natural gas industry proceeded, Badger, in partnership with certain other gas-fired facilities in the area, determined that construction of a private

natural gas pipeline was a prudent way to minimize curtailment and pricing risk. A joint venture was entered into to construct, own and operate a natural gas pipeline connecting these facilities, including the Badger Creek Project, with the Kern River-Mojave Pipeline thereby enabling Badger to bypass PG&E but maintain access to PG&E as a source of back-up supply. Under the joint venture arrangement, each owner must contribute funds, and shares in profits and losses, in proportion to its ownership interest. Badger's interest is approximately 21%. WCAC Gas Services LLC, an affiliate of Juniper, operates the pipeline. In August 2001, Badger entered into a five-year swap agreement with El Paso Merchant Energy, L.P. ("El Paso Merchant Energy") to provide natural gas to the Project. It is expected that the short-run avoided cost formula for energy pricing under the Badger Creek PPA after July 15, 2006 will take into account spot natural gas prices.

#### *Operations & Maintenance*

Operations and maintenance for the Badger Creek Project is performed by WCAC Operating Company California, LLC, an affiliate of Juniper, under a fixed price operations and maintenance agreement. The agreement has a term of 20 years expiring in 2011, but is terminable by either party upon six months' notice. The operator receives a base monthly fee, adjusted annually, based on changes in the GNP deflator and labour indices. In addition, the agreement provides for incentive fees and penalties based on the Project's availability.

In addition to the operations and maintenance agreement, Badger entered into a management services agreement with WCAC Operating Company California, LLC to provide all day-to-day management services required by the Project. The manager is paid a semi-annual fee for such management services based on a percentage of gross cash receipts of the Project.

#### **Delta-Person Project**

##### *Description*

The Delta-Person Project, a 132 MW natural gas-fired peaking facility located near Albuquerque, New Mexico, is an EWG that commenced commercial operation in June 2000. The Project is owned by Delta Person Limited Partnership ("Person"), a Delaware limited partnership in which Atlantic Holdings indirectly owns a 40% partnership interest and Delta Power and John Hancock own the remaining partnership interests. The Delta-Person Project is situated on the Public Service of New Mexico's retired Delta Generating Station site pursuant to a lease agreement which expires on the expiry or earlier termination of the Project's PPA. Cash distributions from the Project are split among the partners based on after-tax return hurdles. The Delta-Person Project sells all of its electrical output to the Public Service of New Mexico under a long-term PPA that expires in 2020.

Construction of the Delta-Person Project was financed through a construction loan totalling \$59.7 million. The construction loan was converted to permanent project financing once commercial operation was achieved. The project financing was divided into two term loans: (i) Tranche A due March 31, 2017; and (ii) Tranche B due March 31, 2019, both of which are expected to amortize over their remaining terms. As at December 31, 2004, approximately \$43 million in aggregate of principal remained outstanding. The debt service reserve requirement is currently supported by a contribution obligation. Atlantic Holdings guarantees its pro rata share (approximately \$1.3 million) of such contribution obligation.

##### *Capacity and Energy Sales*

##### *Power Purchase Agreement*

Electrical power generated by the Delta-Person Project is purchased by the Public Service of New Mexico under a PPA that will expire in 2020. The Public Service of New Mexico has the unilateral right

to extend the PPA for five years by giving written notice of such extension no later than two years prior to the end of the original term of the PPA. Subject to adjustments provided for in the PPA, the Public Service of New Mexico will purchase and accept from the Project the entire output of the plant when the Public Service of New Mexico calls upon the capacity. Payments will consist of: (i) the energy purchase price multiplied by the kWh delivered; (ii) the capacity purchase price multiplied by the dependable capacity; (iii) the Project's costs of purchasing electric service from the Public Service of New Mexico for the operations and maintenance of the facility; and (iv) any other applicable charges. In order to earn full capacity payments, the Project must maintain availability of at least 90%.

#### ***Fuel Supply Arrangements***

Person purchases fuel from PNM Gas Services, a division of the Public Service of New Mexico, with fuel costs passed through to the Public Service of New Mexico under the PPA. The Project has access to interruptible gas supply and transportation like other standard industrial customers on PNM Gas Services' system.

#### ***Operations & Maintenance***

As a simple cycle peaking facility, the Project operations do not require extensive staffing and technical resources. There are three employees on staff, who are employed directly by the Project. Delta Power provides asset management services, which include operational and contractual oversight of the facility, budget setting and environmental compliance.

### **Gregory Project**

#### ***Description***

The Gregory Project is a 400 MW natural gas-fired combined cycle cogeneration plant located near Corpus Christi, Texas that commenced commercial operation in July 2000 as a QF. The Gregory Project is owned by Gregory Power Partners, LP ("Gregory"), a Texas limited partnership. On January 12, 2005, Javelin Energy LLC ("Javelin"), in which Atlantic Holdings has an 18.9% interest, increased its ownership in Gregory from 50% to 95% by purchasing a 45% interest from an affiliate of LG&E Energy LLC ("LG&E"). As a result, Atlantic Holdings' economic interest in Gregory, determined based on ownership percentage and certain after-tax return hurdles, increased from approximately 9.45% to approximately 15.1%. The other members of Javelin are Delta Power and John Hancock. Gregory sells approximately 335 MW of its capacity to Dynegy Inc. ("Dynegy") and sells up to 33 MW of electric energy and capacity to Reynolds Metals Company ("Reynolds"), with the remainder sold in the spot market. The Project is located on a site adjacent to Reynolds' Sherwin alumina production facility, which serves as the Project's steam off-taker. Gregory leases the land on which the Gregory Project is located from Reynolds under an operating lease with a 35-year term which expires in August 2035.

The Project was initially financed by ING Capital Corporation and a consortium of lenders. The original amount of the loan was \$175 million. The loan has a 17-year term commencing at term conversion, which occurred in October 2000. Fifty percent of the principal amount of the term loan is hedged, whereby Gregory pays a fixed rate and receives a floating rate based on three-month LIBOR. Gregory has the discretion to pay interest anywhere from a monthly to semi-annual basis. As at December 31, 2004, approximately \$145.2 million remained outstanding under the loan, which is expected to be amortized over its remaining term. It is likely that due to current and expected power prices, a coverage test under the loan will not be met and cash distributions to Gregory's owners will be blocked through 2007.

### ***Capacity and Energy Sales***

#### ***Power Purchase Agreements***

Gregory sells up to 335 MW of power to Dynegy pursuant to a five-year energy sales agreement that expires in July 2005. Under the terms of the agreement, Dynegy pays for energy based on a variable energy payment and fixed capacity payment, adjusted annually for GDP. Energy payments are calculated by multiplying the price of natural gas at Houston Ship Channel by a contract heat rate. Atlantic Holdings assumed a guarantee that supports a portion of certain letter of credit obligations under the Dynegy PPA in the amount of \$2.4 million. This guarantee expires in July 2005, coincident with the expiration of the Dynegy PPA. Gregory has issued a request for proposal for a replacement PPA to take effect on expiry of the Dynegy PPA.

#### ***Steam Sales Agreement***

Gregory sells steam to Reynolds under the steam and electricity purchase agreement described above. Under the terms of the agreement, Gregory is the exclusive source of steam to Reynolds' Sherwin alumina plant, up to a maximum of 1,500,000 lbs/hr. Other key aspects of the agreement include: (i) 10-year take-or-pay provision for a minimum quantity of steam (930,000 lbs/hr); (ii) steam pricing based on a fixed fee with a variable gas component; and (iii) delivery of gas by Reynolds in lieu of paying cash for steam (the quantity of gas supplied is based on steam conversion efficiency).

#### ***Fuel Supply Arrangements***

Gregory purchases natural gas under various short-term and long-term agreements. Gregory has the option of procuring 100% of its natural gas requirements from Kinder Morgan Tejas Pipeline, L.P., pursuant to a 10-year gas supply agreement that expires in 2010. Gregory has the option of terminating the agreement at the end of the fifth contract year.

#### ***Operations & Maintenance***

In connection with the indirect purchase by Javelin and DeltaPower of LG&E's 50% interest in Gregory that occurred in January 2005, all operations and maintenance obligations were transferred from an affiliate of LG&E to DPS Gregory, LLC, a wholly-owned subsidiary of Delta Power Services, LLC. The operations and maintenance agreement continues to extend to November 2008. DPS Gregory, LLC receives a management fee (subject to escalation) on a quarterly basis and reimbursement of certain costs.

#### ***Energy Management Services***

On March 1, 2004, Gregory and Dynegy extended an existing energy management services contract with Dynegy through December 2006. Services under the contract include selling and marketing excess power from the Gregory Project. In addition, Dynegy will optimize Gregory's assets in the ancillary services market of the Electric Reliability Council of Texas ("ERCOT"), purchase natural gas for operations, provide scheduling services, provide back-office support (including the reconciliation of ERCOT and pipeline settlement and accounting issues and the preparation of invoices) and serve as Gregory's retail energy provider and qualified scheduling entity.

### **JPPC Project**

#### ***Description***

The JPPC Project, a 60 MW low-speed fuel oil EWG power plant located in Kingston, Jamaica, resulted from a request for proposal issued by the Government of Jamaica in 1992 as part of a national policy to privatize the generation of electric power. The project site is adjacent to Kingston Harbour, which is the plant's source for cooling water. The Project commenced commercial operation on

January 7, 1998. The JPPC Project is owned by Jamaica Private Power Company Limited ("JPPC"), a limited liability company under the laws of Jamaica in which Atlantic Holdings indirectly owns a 24.1% economic interest and CMS Energy Corporation, Energy Investors Fund and Commonwealth Development Corporation own the remainder.

Construction of the JPPC Project was financed through a series of loans, all of which have been repaid except for a term loan from the National Investment Bank of Jamaica Limited which is due on October 20, 2011. As at December 31, 2004, approximately \$45.6 million in principal remained outstanding under the term loan, which is expected to be amortized over its remaining term.

### *Capacity and Energy Sales*

#### *Power Purchase Agreement*

The electrical output of the Project is sold to Jamaica Public Service Company Limited ("Jamaica Public Service") under a 20-year PPA expiring in 2018. Jamaica Public Service is a fully integrated utility and the sole provider of electricity on the island of Jamaica. The Government of Jamaica guarantees Jamaica Public Service's payment obligations under the PPA. The PPA allows Jamaica Public Service to dispatch the Project according to its requirements. Under the PPA, the Project receives a monthly energy payment for kWhs actually sold and a monthly capacity payment to cover the Project's fixed costs. Both the energy and capacity payments are indexed for inflation and are made in Jamaican currency, but are indexed, in part, to the U.S. dollar equivalent value. The energy payment component of the tariff reimburses the Project for its variable costs, including the purchase price of fuel, variable maintenance, lubricating oil, and fuel oil transportation. The capacity cost component of the tariff reimburses the Project for its hard currency and local fixed costs, and also provides for a return on investment. The reasonable cost of complying with material or unforeseeable changes in law or regulation is also passed through in the tariff.

#### *Fuel Supply Arrangements*

JPPC purchases all of its heavy fuel oil from Petrojam Limited ("Petrojam"), a government-owned refinery located west of Kingston, Jamaica. The fuel supply agreement has a term of 20 years expiring in 2018. The price of the fuel oil and transportation of the fuel oil is set by Petrojam based on published reference prices as set out in the agreement. The cost of fuel and transportation is passed through in the tariff to Jamaica Public Service, subject to minimum efficiency standards for the Project. Petrojam must furnish, either from its own assets or by contract, all local transportation from the refinery storage facilities to the point of delivery at the Project.

#### *Operations & Maintenance*

JPPC entered into an operations and maintenance agreement with Private Power Operators Limited, the initial term of which was for five years expiring on December 31, 2003. The agreement automatically renews each January 1st adding a one-year period to the end of the unexpired portion of the existing term such that there is always a rolling five-year term remaining under the agreement unless either party gives notice of its intent to terminate the agreement at the end of the then-existing five-year term. Under this agreement, the operator is responsible for all operations, maintenance and repair services, as well as substantial administrative, treasury and contract administration services. In consideration for services performed, the operator is reimbursed for allowable direct costs, and receives a fixed overhead reimbursement, and, if earned, a performance bonus.

## **Koma Kulshan Project**

### *Description*

The Koma Kulshan Project is a 13.3 MW run-of-the-river hydro-electric generation facility located on the slopes of Mt. Baker, approximately 80 miles north of Seattle, Washington. The Koma Kulshan Project is owned by Koma Kulshan Associates ("Koma Kulshan"), a California limited partnership in which Atlantic Holdings indirectly owns a 49.75% economic interest, Mt. Baker Corporation indirectly owns a 0.25% economic interest and Covanta Energy Corporation ("Covanta") indirectly owns the remaining 50%. The Koma Kulshan Project is certified as a QF under PURPA and was issued a 50-year hydro licence from FERC which expires in 2037. The Project commenced commercial operation in October 1990 and its electrical output is sold to Puget Sound Energy, Inc. ("Puget Sound Energy") under a 50-year PPA expiring in 2037.

On December 1, 1989, Koma Kulshan entered into a credit agreement which provided for a \$22.5 million construction loan and an \$18 million term loan. The construction loan has been repaid, and the outstanding principal amount under the term loan matures on December 31, 2007. As at December 31, 2004, approximately \$5.6 million in principal remained outstanding which is expected to be amortized over the remaining term of the term loan. In addition, under a funding and option agreement, certain royalty payments are made to third parties in connection with the development of the Project.

### *Capacity and Energy Sales*

#### *Power Purchase Agreement*

The power generated by the Project is sold to Puget Sound Energy pursuant to a long-term PPA expiring in 2037. Power is sold at a per kWh rate that is adjusted annually. The energy rate equals the sum of a capital component (which provides for a return on investment) plus a variable component. The capital component is designed to cover capital expenditures to improve the Project. The variable component covers operating and maintenance, tax and insurance costs. The term of the PPA is coterminous with the FERC licence. Puget Sound Energy has the right to renew the PPA for a term equivalent to the term of any subsequent licence or annual licence granted by FERC for the Project.

### *Operations & Maintenance*

In August 2000, Covanta Hydro Operations West, Inc. ("Covanta Hydro"), a subsidiary of Covanta assumed operations and maintenance responsibilities for the Project pursuant to an operations and maintenance agreement which expires in August 2005. In addition to being reimbursed for actual costs incurred, Covanta Hydro receives an annual fee adjusted annually by the CPI – All Urban Consumers for Seattle – Tacoma – Bremerton, WA – All Urban Index.

In April 2002, Covanta and certain of its subsidiaries, including Covanta Hydro, filed voluntary petitions for reorganization under Chapter 11 of the U.S. Bankruptcy Code. On March 10, 2004, Covanta and 79 of its affiliates, comprising Covanta's energy and water businesses, were acquired by Danielson Holding Corporation. With the closing of this transaction, Covanta and these affiliates emerged from bankruptcy protection. The bankruptcy of Covanta and Covanta Hydro did not have a material effect on the Koma Kulshan Project, and Covanta Hydro has continued to perform its obligations under the operations and maintenance agreement.

## **Lake Project**

### *Description*

The Lake Project, a 110 MW dual fuel (oil and natural gas), combined-cycle, cogeneration plant located in Florida, commenced commercial operation in July 1993 as a QF. The Lake Project is owned by

Lake Cogen Ltd. ("Lake"), a Florida limited partnership in which Atlantic Holdings indirectly owns a 100% interest. The Project is located on a 16 acre site at a citrus processing facility in Umatilla, Florida. Lake sells all of its capacity and electric energy to Progress Energy under the terms of a PPA expiring in July 2013. Steam is sold to Citrus World, Inc. ("Citrus World") for use at its citrus processing facility and is also used to make distilled water in distillation units. Distillation equipment utilized by the Lake Project is owned by Lake's affiliate, Teton Lake Distillation Company LLC ("Teton Distillation"), and leased to Lake. Teton Lake Land Company, LLC, an affiliate of Lake, owns certain land and the water well, with Lake owning the remainder of the land and having water rights under a consumptive use permit. In 1993 the Lake Project was leased from a financial institution as owner trustee for the benefit of one of its subsidiaries pursuant to a facility lease ("Facility Lease") agreement. In September 2004, Umatilla Power Funding, LLC acquired the lessor's position in the Facility Lease. On November 18, 2004, Umatilla Power Funding, LLC was acquired by Atlantic Holdings. See "General Development of the Business". Atlantic Holdings is in the process of terminating the Facility Lease to simplify the Lake Project ownership structure.

### ***Capacity and Energy Sales***

#### ***Power Purchase Agreement***

Electrical output is sold to Progress Energy pursuant to a PPA that commenced in July 1993 and expires on July 1, 2013. Revenues from the sale of electricity consist of a payment for capacity and an energy payment generally comprised of a fuel component, a voltage adjustment and an hourly performance adjustment. Capacity payments are subject to the Project maintaining an on-peak capacity factor of at least 90% during on-peak hours (11 hours daily), on a 12-month rolling average basis. Lake is subject to reductions in its capacity payments should it not achieve the 90% on-peak capacity factor. Progress Energy applies a performance adjustment when its avoided cost exceeds the Project's firm energy payments. During off-peak hours, payments are made in accordance with a prescribed formula based on the price of gas. Lake has agreed to use commercially reasonable efforts not to deliver electric energy during off-peak hours except as prescribed or as needed. Further, Progress Energy has the option to request non-delivery during on-peak hours on Saturdays and Sundays on notice to Lake. Pursuant to the Facility Lease, Umatilla Power Funding, LLC has provided a \$6.0 million letter of credit in favour of Progress Energy to support the Lake Project's obligations under the PPA.

#### ***Steam Sales Agreement***

Citrus World purchases steam, but the amount is not sufficient to allow Lake to meet its QF requirements. During 2002, distillation equipment was installed with three distillation units using steam to make distilled water that is sold to unaffiliated third parties. The distillation business, owned by Teton Distillation, enables Lake to meet its QF requirements without the need to sell steam to Citrus World. Umatilla Power Funding, LLC has an option to purchase the distillation equipment and an option to purchase Lake's interest in Teton Distillation at certain specified times.

#### ***Fuel Supply Arrangements***

Duke Energy Trading and Marketing LLC ("Duke") is the primary natural gas supplier for the Project. The gas supply agreement terminates in July 2009. Duke provides natural gas at a price that is adjusted monthly to track the PPA's pricing factors, including energy and capacity-based components. Lake is required to make certain payments if at least 80% of the maximum daily quantity specified in the agreement is not purchased each month. Lake has not purchased the minimum quantity since 2000, however, to date, Duke has not assessed any penalties. Excess gas requirements above those supplied by Duke are to be supplied by TECO Gas Services Inc. ("TECO"). Gas purchased under this agreement is at the spot market price plus a commission. TECO also supplies certain gas management and supply services to Lake under a separate agreement. The gas for the Project is transported using firm capacity on the Florida Gas Transmission Company ("Florida Gas") system and interruptible capacity on the Peoples

Gas System, a division of Tampa Electric Company, ("Peoples Gas") pipeline from the receipt points on the Florida Gas pipeline to the plant. The gas transportation agreements expire in July 2008 and 2013. Lake is permitted to operate each of its combustion turbines on fuel oil for up to 240 hours per rolling 12-month period under the terms of the Project's air permit. The Project includes a 170,000 gallon fuel oil storage tank.

#### *Operations & Maintenance*

An affiliate of Caithness is responsible for the operations and maintenance of the Project pursuant to one of the Caithness O&M Agreements.

### **MASSPOWER Project**

#### *Description*

The MASSPOWER Project, a 267 MW natural gas-fired combined-cycle cogeneration facility located in Springfield, Massachusetts, commenced commercial operation in September 1993 as a QF. The MASSPOWER Project is owned by MASSPOWER ("MASSPOWER"), a Massachusetts general partnership, in which Atlantic Holdings indirectly owns a 17.5% economic interest and affiliates of Cogentrix Energy Inc., Energy Investor Funds Group LLC, National Energy Gas & Transmission, Inc. ("NEG") and Northern Star Generation LLC ("Northern Star"), which is indirectly owned by AIG Global Investment Group and certain other investors, and The Ontario Teachers' Pension Plan Board, own the remainder. As at December 31, 2004, MASSPOWER sold approximately 75% of its capacity and electrical output to three Massachusetts electric utilities pursuant to long-term PPAs. The remaining 25% of the Project's capacity is sold in the wholesale electricity market. The Project is situated on two adjacent parcels of land totalling 6.8 acres leased from Solutia Inc. ("Solutia"), which serves as the Project's steam off-taker. MASSPOWER leases the site from Solutia for a term expiring in 2013, subject to an option to renew the lease until July 31, 2028. If the lease is not renewed, Solutia has the right either to purchase the facility at fair market value or to require that the site be restored to its original condition at MASSPOWER's expense.

In 2000, MASSPOWER refinanced its existing debt with a \$169.8 million term loan due July 14, 2005. As at December 31, 2004, approximately \$117.5 million in principal of the term loan remained outstanding. In early March 2005, MASSPOWER prepaid the entire outstanding amount of this loan.

#### *Capacity and Energy Sales*

##### *Power Purchase Agreements*

As at December 31, 2004, MASSPOWER sold approximately 75% of the Project's electrical capacity and energy to Boston Edison Company ("BECO") under a PPA expiring in 2013, Commonwealth Electric Company ("ComElectric") under PPAs expiring in 2008 and 2013 and Massachusetts Municipal Wholesale Electric Company ("MMWEC") under a PPA expiring in 2013. The pricing under these contracts varies but, in general, energy payments are based upon variable costs and escalate periodically with inflation and other factors while capacity payments are based upon fixed costs and are subject to annual adjustments.

The remaining approximately 25% of the Project's capacity and electrical output is sold in the wholesale electricity market through a power marketing arrangement with Select Energy, Inc. ("Select"), a subsidiary of Northeast Utilities. The agreement with Select may be terminated by either party on 60 days' prior written notice.

On March 1, 2005, the BECO and ComElectric PPAs, that together account for approximately 66.5% of the Project's output, were terminated in exchange for a payment from such utilities.

MASSPOWER will continue to make available approximately 7.9% of the Project's output under its remaining PPA if and when it is dispatched through 2013 and will have the option to sell the remainder of the Project's output into the wholesale spot market. MASSPOWER used a portion of the termination payment proceeds to make a distribution to its partners. Atlantic Holdings received a distribution of approximately \$35.9 million from MASSPOWER, comprised of (i) a portion of the termination payment proceeds paid, (ii) operating income, and (iii) the release of restricted cash. Atlantic Holdings has deposited these funds into the Reserve Account.

#### *Steam Sales Agreement*

In July 1990, MASSPOWER entered into a 20-year steam sales agreement with Solutia. The term of the contract was subsequently extended through 2028 subject to the right of either party after July 31, 2013 to terminate the agreement on six months' notice. Under the terms of the contract, Solutia must purchase steam in quantities sufficient for MASSPOWER to maintain its QF status. Payment for the steam is based upon steam usage and is calculated using Solutia's avoided fuel cost.

On December 16, 2003, Solutia filed for bankruptcy protection. As a result, Solutia has not paid for approximately 30 days of steam purchases as "pre-petition" expenses. However, since filing, Solutia has continued to purchase and pay for contract quantities of steam. Solutia has not moved to reject the steam sales agreement and the Manager believes that the contract is an asset to Solutia's creditors.

Solutia's bankruptcy constitutes an event of default under MASSPOWER's financing arrangements. Due to the event of default, cash in excess of Project-level debt service has accumulated in a restricted payment account since the fourth quarter of 2003. The Project lenders have agreed to waive the event of default, provided that if Solutia moves to reject or rescind any of its contractual obligations to MASSPOWER or cease to accept steam, the waiver automatically terminates. Notwithstanding the waiver, MASSPOWER is not permitted to make distributions to its equity owners or borrow money for working capital, though working capital needs are being satisfied by internally generated cash flow. Upon resolution of the event of default (for example, by waiver of the Project lenders or by Solutia's assumption or affirmation of the steam sales agreement and site lease agreement with MASSPOWER), the funds in the restricted payment account will be distributed to the equity owners.

As described above, the termination of the BECO and ComElectric PPAs resulted in a payment to MASSPOWER in an amount that enabled it to repay all outstanding Project debt. Accordingly, the funds in the restricted payment account have been released and MASSPOWER is permitted to make distributions to its equity owners.

#### *Fuel Supply Arrangements*

Certain of the fuel supply agreements below will be terminated or revised to reflect changed fuel needs given the termination of the three PPAs described above.

MASSPOWER designated Orchard Gas Corporation ("Orchard Gas"), an affiliate of NEGTEC, as its agent to purchase Canadian natural gas and to enter into gas transportation contracts on its behalf for one-half of the Project's annual fuel supply. Orchard Gas entered into a firm gas purchase contract with ProGas Limited ("ProGas") that expires in 2009 subject to Orchard Gas' right to terminate at certain times on notice. Pursuant to the agreement with ProGas, MASSPOWER must take a certain minimum quantity of gas or else certain charges or reductions in the quantity of gas to be delivered may result. The agreement also provides for a mechanism for renegotiation and arbitration of certain gas pricing provisions by each party under specified circumstances. Orchard Gas also entered into a firm gas transportation agreement with Iroquois Gas Transmission System, L.P. ("Iroquois Gas") that expires in 2012, and a firm gas transportation contract with Tennessee Gas Pipeline Company ("Tennessee Gas") that expires in 2012. Local transportation is provided by Bay State Gas Company ("Bay State") through a

firm transportation agreement with MASSPOWER that expires in 2013. Transportation rates on these pipelines are subject to regulation by various U.S. and Canadian regulatory bodies.

MASSPOWER entered into a gas supply contract for the purchase of revaporized liquefied natural gas from Distrigas of Massachusetts LLC, a subsidiary of Tractebel LNG North America LLC, that expires in 2013 unless earlier terminated in accordance with the agreement. This contract covers the remaining one-half of the Project's gas requirements. Gas is transported from Monson, Massachusetts to the project by Bay State on dedicated pipeline capacity.

MASSPOWER has also entered into firm and interruptible gas supply contracts with Bay State for the supply of gas in the event that gas supplies to MASSPOWER are disrupted. Further, MASSPOWER has agreed to sell Bay State a specified quantity of gas per day for up to 20 days during the period between November 1 to March 31 each year until March 2009.

MASSPOWER has also entered into a release gas agreement with Granite State Gas Transmission Inc. under which it may sell excess gas purchased from ProGas to help satisfy its minimum take obligations. MASSPOWER has alternate fuel capability consisting of on-site delivery facilities and storage of one million gallons (23,800 bbl) of fuel oil. Under an air permit granted by the Massachusetts Department of Environmental Protection, MASSPOWER may operate each turbine up to 840 hours on fuel oil for any consecutive 12-month period at full plant output.

#### *Operations & Maintenance*

A subsidiary of GE provides operations and maintenance services to the Project under an operations and maintenance agreement that expires on July 31, 2006, subject to a six-year extension at MASSPOWER's option. The agreement is a cost-plus contract that provides for recovery of actual operating and maintenance costs and the payment of a monthly operator fee. In addition, J. Makowski Services, Inc. ("J. Makowski Services"), an affiliate of NEGTEC, provides day-to-day management services to the Project through an agreement that expires in 2006.

On July 8, 2003, NEGTEC and certain of its subsidiaries voluntarily filed for bankruptcy protection under Chapter 11 of the U.S. Bankruptcy Code (the "NEGTEC Bankruptcy"). On October 29, 2004, NEGTEC's plan of reorganization became effective and NEGTEC emerged from bankruptcy protection. GS Power Holdings II LLC (a subsidiary of The Goldman Sachs Group, Inc. ("Goldman Sachs")) has acquired NEGTEC's indirect ownership interest in and management contract for the MASSPOWER Project.

#### **Mid-Georgia Project**

##### *Description*

The Mid-Georgia Project, a 308 MW dual-fuel, combined-cycle, cogeneration plant located approximately 100 miles south of Atlanta in Kathleen, Georgia, commenced commercial operation in June 1998 as a QF. The Mid-Georgia Project is owned by Mid-Georgia Cogen L.P. ("Mid-Georgia"), a Delaware limited partnership in which Atlantic Holdings indirectly owns a 50% partnership interest and Northern Star indirectly owns a 50% partnership interest. Mid-Georgia sells its electrical output to Georgia Power, a subsidiary of the Southern Company, and its process steam to Frito-Lay, Inc. ("Frito-Lay"). The Project is located adjacent to Frito-Lay's food processing facility on a 9.3 acre site leased from the Houston County Development Authority.

Construction of the Mid-Georgia Project was financed through a series of loans totalling \$116.5 million, which mature in 2013 and 2018. As at December 31, 2004, approximately \$98 million in principal remained outstanding under the loans which is expected to be amortized over their remaining terms.

Distributions to partners are subject to the funding level of required reserve accounts and achieving certain quarterly debt service coverage ratios. The Manager does not currently anticipate that Mid-Georgia will exceed each of the quarterly debt service ratio tests under its financing agreements and as a result, no distributions are projected to be made by Mid-Georgia until retirement of the Project's debt in 2018.

In 2004 and projected in 2005, the Project has been dispatched for many fewer hours than historical levels. Consequently, it received full capacity payments, but very little energy payments causing cash flows to be constrained. While there is a total of approximately \$19 million aggregate restricted cash at the Project in various reserve accounts as of March 2005 relative to approximately \$98 million in outstanding non-recourse project debt, the Project's auditors will give it a going concern qualification in their letter for its 2004 annual audit.

## **Capacity and Energy Sales**

### *Power Purchase Agreements*

Electrical output is sold to Georgia Power under a 30-year PPA expiring in June 2028 that provides for payments for both capacity and energy. The price for energy is based on: (i) a fuel price, transportation and contract heat rate formula specified in the PPA; (ii) an SO<sub>2</sub> emissions component; (iii) an operations and maintenance component; and (iv) a start-up component. The Project may sell capacity and energy to third parties, subject to a right of first refusal by Georgia Power.

### *Steam Sales Agreement*

Mid-Georgia sells process steam to Frito-Lay pursuant to a 22-year energy savings agreement which expires in June 2020. The agreement may be extended for two additional four-year terms at Frito-Lay's option. Under the agreement, Mid-Georgia is obligated to provide all of Frito-Lay's process steam requirements. As a back-up to its auxiliary boiler, Mid-Georgia leases additional boilers from Frito-Lay and is obligated to operate and maintain such boilers for the term of the lease agreement.

### *Fuel Supply Arrangements*

Teton Fuels Mid-Georgia ("TFMG"), an indirect subsidiary of Atlantic Holdings, is responsible for arranging natural gas and fuel oil supply, gas transportation and balancing services (the reconciliation of gas usage versus gas delivered) for Mid-Georgia through agreements with local fuel oil suppliers, the Municipal Gas Authority of Georgia and the City of Warner Robins.

Pursuant to the PPA, Mid-Georgia maintains the ability to operate each of its combustion turbines on fuel oil instead of natural gas in the event natural gas is not available. To operate, the fuel oil must have an ultra low sulfur content (less than 0.05%). The Project includes a 500,000 gallon oil storage tank with high volume off-loading capability.

### *Operations & Maintenance*

An affiliate of Caithness is responsible for the operations and maintenance of the Project pursuant to one of the Caithness O&M Agreements.

## **Onondaga Project**

### *Description*

The Onondaga Project, a 91 MW dual fuel, combined-cycle, cogeneration facility located in Geddes, New York, began commercial operation in December 1993 as a QF. The Onondaga Project is operated by Onondaga Cogeneration Limited Partnership ("Onondaga"), a New York limited partnership

in which Atlantic Holdings indirectly owns a 100% economic interest. Ownership of the Project has been assigned by Onondaga to Onondaga County Industrial Development Agency to take advantage of certain tax benefits, and ownership is to revert upon request by Onondaga (or upon the occurrence of certain other events). In 2000, the Project's steam supply obligations were terminated. The Project is no longer a QF, but is now an EWG and currently sells its electrical output into the New York Independent System Operator's ("NY ISO") Zone C capacity and energy markets. The Onondaga Project has no outstanding debt.

### ***Capacity and Energy Sales***

#### ***Power Purchase Agreement***

The Project operates as a merchant generation facility unencumbered by any power or steam sales obligations. The Project is located in NY ISO Zone C and dispatches electricity when the day-ahead electricity price exceeds the Project's marginal operating cost. The Project also sells unforced capacity in the NY ISO through administered capacity auctions.

A swap agreement (the "Onondaga Swap") between NIMO and Onondaga has replaced the Project's original PPA. The Onondaga Swap expires on June 30, 2008. The Onondaga Swap is a financial instrument under which NIMO makes monthly payments to Onondaga based upon the differential between an indexed "contract price" and a market reference price for electricity. The indexed contract price fluctuates in relation to the market cost of natural gas and a prescribed index of inflation. The notional quantity of electricity for the purpose of these calculations is fixed for the full 10-year term of the Onondaga Swap.

In May 2004, Onondaga contributed the Onondaga Swap to a newly formed wholly-owned special purpose subsidiary, Onondaga Power Swap Holdings, LLC ("SwapCo"). Onondaga has guaranteed SwapCo's obligations to NIMO under the Onondaga Swap. Also in May 2004, SwapCo entered into commodity hedges with Constellation Energy Commodities Group, Inc. (formerly Constellation Power Source, Inc.), a subsidiary of Constellation Energy Group, Inc., in order to lock in favourable gas, power and capacity pricing under the Onondaga Swap. The hedges extend from June 1, 2004 through June 30, 2008 and remove almost all commodity exposure from the Onondaga Swap through its term.

#### ***Fuel Supply Arrangements***

Onondaga has entered into three gas transportation agreements to provide natural gas transportation service to the Project, firm arrangements with Dominion Transmission Inc. ("DTI") and ANR Pipeline Company ("ANR") and a limited interruptible arrangement with NIMO. The DTI and ANR contracts provide for fixed monthly demand charges in addition to variable commodity charges based upon the quantity of gas transported. The NIMO transport contract has an annual minimum payment obligation. Under the NIMO transport contract, Onondaga has issued a letter of credit in favour of NIMO in the amount of \$550,000. The letter of credit must be maintained during the term of the NIMO transport contract and is cash collateralized.

The Project engaged Sequent Energy Management, L.P. to provide fuel management services for the Project, including fuel purchasing, nominations, scheduling and balancing services. This is a short-term agreement set to expire on March 31, 2005, and will likely be renewed or replaced. Onondaga is permitted to operate each of its combustion turbines on fuel oil instead of natural gas for up to 1,752 hours per year under the terms of the Project's air permit. The Project includes a 380,000 gallon oil storage tank.

### *Operations & Maintenance*

An affiliate of Caithness is responsible for the operations and maintenance of the Project pursuant to one of the Caithness O&M Agreements.

#### **Orlando Project**

##### *Description*

The Orlando Project, a 126 MW natural gas-fired combined-cycle cogeneration facility located in an industrial park near Orlando in Orange County, Florida, commenced commercial operation in September 1993 as a QF. The Orlando Project is owned by Orlando CoGen Limited, L.P. ("Orlando"), a Delaware limited partnership in which Atlantic Holdings indirectly owns a 50% partnership interest and Northern Star indirectly owns a 50% partnership interest. The Project is situated on a four acre site located adjacent to an air separation facility owned by Air Products and Chemicals, Inc. ("APCI") which serves as the Project's steam off-taker. Orlando sells all of its electric output to Progress Energy and Reedy Creek Improvement District ("Reedy Creek") pursuant to long-term PPAs and chilled water to APCI to improve the efficiency of its air separation unit.

In 1992, Orlando entered into an \$84.6 million non-recourse financing due October 2008 to finance the construction of the Project. As at December 31, 2004, approximately \$27.7 million in principal remained outstanding under the financing which is expected to be amortized over its remaining term.

##### *Capacity and Energy Sales*

###### *Power Purchase Agreements*

Orlando has entered into a 30-year contract to sell electrical capacity and energy to Progress Energy which expires on December 31, 2023. Orlando is obligated to sell and deliver a committed capacity of 79.2 MW and has committed to a 93% on-peak capacity factor. Orlando receives a monthly capacity payment based on achieving the on-peak capacity factor and a monthly energy payment based on the total amount of electric energy actually delivered to Progress Energy. The capacity payment is a fixed payment escalating at 5.1% annually and is reduced whenever the on-peak capacity factor is below 93%, calculated on a 12-month rolling average basis. Energy payments are based on the amount of energy delivered during the on-peak hours and off-peak hours during each month.

Orlando has entered into a 20-year contract to sell electrical capacity and energy to Reedy Creek, a municipal district serving the Walt Disney World complex, which expires in 2013. Orlando is obligated to sell and deliver 35 MW of electricity and has committed to a 93% average capacity factor. Orlando receives a monthly capacity payment based on the actual average capacity factor and a monthly energy payment based on the total amount of electric energy actually delivered to Reedy Creek. This PPA may be extended for an additional 10-year term upon the consent of both parties. The capacity payment is a fixed rate that escalates at 4.5% annually and is based upon achieving a 93% average capacity factor (calculated on a three-year rolling average basis). The agreement provides both incentive and penalty provisions for performance above and below a 93% average capacity factor, respectively. Reedy Creek reimburses Orlando for a portion of the Florida Gas reservation charges associated with the firm gas transportation agreement.

###### *Steam Sales Agreement*

Orlando has entered into an agreement with Air Products Manufacturing Corporation ("APMC"), a wholly-owned subsidiary of APCI, to supply chilled water to its cryogenic air separation facility. Orlando has the right to deliver up to 35,000 lbs/hr of steam for use in the chiller and does not have any minimum steam delivery requirements beyond the thermal and efficiency requirements required to

maintain QF status pursuant to PURPA. Orlando is required to purchase its nitrogen requirements from APMC, but does not have a minimum purchase requirement. Both the purchase price of nitrogen and the sales price of chilled water produced using steam from the Project are at fixed prices that escalate at the percentage increase/decrease in the producer price index.

#### ***Fuel Supply Arrangements***

Orlando has entered into 20-year gas supply agreements with Orlando Power Holdings, LLC ("Orlando Power"), indirectly owned by Northern Star, expiring on December 31, 2013. Orlando Power has back-to-back agreements for the purchase and supply of natural gas from Vastar Gas Marketing, Inc. ("Vastar"), which is a wholly-owned subsidiary of BP Energy Company. Under the agreements, which expire on December 31, 2013, Vastar is obligated to provide Orlando Power with Orlando's entire daily natural gas requirement. Orlando's purchase price is tied to the coal-based and fixed escalators used for calculating the energy payments under the PPAs. Orlando also holds a gas supply agreement with TECO which is currently not utilized by the Project. Pursuant to this agreement, Orlando pays TECO for all gas consumed by the Project (whether or not supplied under the agreement with TECO). This agreement may be terminated by Orlando on July 31, 2010.

Orlando has entered into two 20-year gas transportation agreements expiring on July 31, 2010 with Peoples Gas for the delivery of natural gas to the Project. Peoples Gas has entered into 20-year back-to-back agreements with Florida Gas for the delivery of natural gas to the Project. If requested by Orlando, Peoples Gas will use its best efforts to extend or renew its firm transportation agreement with Florida Gas and, if Peoples Gas secures such an extension or renewal, the terms of both gas transportation agreements will be similarly extended. Transportation costs under the agreements are determined by Florida Gas' rate schedule as filed with FERC. These agreements became effective on March 1, 1995 and provide for the transportation of up to 23,600 MMBtu per day to the Project.

#### ***Operations & Maintenance***

The Project is operated and maintained by an affiliate of Northern Star pursuant to a 30-year operations and administrative services agreement expiring on December 31, 2023. If the Progress Energy PPA is extended beyond December 31, 2023, this agreement may be extended, at the operator's option until December 31, 2033. The operator is compensated on a cost-reimbursement basis plus a fixed general and administrative charge. In addition, the operator is entitled to receive an incentive fee equal to a percentage of the excess of Orlando's operating cash flow after deducting originally anticipated maintenance capital and anticipated debt service. In 1997, Orlando entered into a maintenance agreement with Alstom Power Inc. ("Alstom") pursuant to which Alstom receives a monthly fee from the partnership and additional fees in certain circumstances. The agreement expires upon the completion of the third major inspection and overhaul of the gas turbine which is scheduled to take place in 2005.

The Orlando Project experienced a failure of its main generator step up transformer on June 16, 2004, resulting in a temporary shutdown of the facility. Northern Star has determined that the failure of a high voltage bushing was the cause of the problem. The Project returned to service in August 2004. The Project has been operating normally since its return to service. Insurance proceeds are expected to cover most of the repair cost. Northern Star has advised that it believes that this event falls within the definition of a force majeure event under both the Progress Energy and Reedy Creek PPAs. Discussions are underway with Progress Energy and Reedy Creek regarding the temporary shutdown of the facility and one has been paying lower capacity payments based on its interpretation that the incident is not a force majeure event.

## **Pasco Project**

### *Description*

The Pasco Project, a 109 MW dual fuel, combined-cycle, cogeneration plant located in Dade City, Florida, commenced commercial operations in July 1993 as a QF. The Pasco Project is owned by Pasco Cogen, Ltd. ("Pasco"), a Florida limited partnership in which Atlantic Holdings indirectly holds a 49.9% partnership interest, an affiliate of Dana Corp. holds direct and indirect partnership interests totalling 50.089% and an affiliate of TECO Energy Inc. holds a 0.011% indirect partnership interest. Pasco provides firm capacity and energy to Progress Energy pursuant to a PPA that expires on December 31, 2008. Pasco has a thermal agreement which expires in December 2008 providing for the sale of steam to Pasco Beverage Company ("Pasco Beverage"). The Project is situated on a 2.7 acre site, adjacent to Pasco Beverage's fruit juice processing facility, approximately 45 miles north of Tampa, Florida. The Project site is owned by Pasco Cogen Realty, LP, an affiliate of Pasco, and leased to Pasco pursuant to a site lease which expires in July 2013.

Construction on the Pasco Project was financed with two loans totalling approximately \$92.6 million, both due December 31, 2008. As at December 31, 2004, approximately \$43.7 million in principal of the term loans remained outstanding which are expected to be amortized over their remaining terms.

### *Capacity and Energy Sales*

#### *Power Purchase Agreement*

Electrical output is sold to Progress Energy pursuant to a PPA that commenced in July 1993 and expires on December 31, 2008. Revenues from the sale of electricity consist of a payment for capacity, an energy payment generally comprised of a fuel component, a voltage adjustment and an hourly performance adjustment in addition to a special monthly payment scheduled to end in 2006. Capacity payments are subject to the Project maintaining an on-peak capacity factor of at least 90% during on-peak hours (11 hours daily) on a 12-month rolling-average basis. The Project is subject to reductions in its capacity payments should it not achieve the 90% on-peak capacity factor. Progress Energy applies a performance adjustment when its avoided cost exceeds the Project's firm energy payments. Progress Energy also pays Pasco a special monthly payment scheduled to end in 2006 which is not subject to plant performance requirements.

#### *Steam Sales Agreement*

Project steam revenues are earned pursuant to an amended and restated thermal agreement (the "Thermal Agreement") with Pasco Beverage, which commenced on July 1, 1993 and expires in December 2008. Under the Thermal Agreement, Pasco supplies Pasco Beverage or other steam users with steam on an as-available basis.

On December 30, 2004, Pasco Cogen Realty, LP purchased the plant property from Pasco Beverage and associated easement from Cargill, Incorporated and JDR Properties with the easement conveyed to Pasco. Pursuant to a settlement agreement, Pasco Beverage was released from certain outstanding payables to Pasco.

On September 30, 2004, Pasco filed a petition seeking a temporary waiver of QF requirements for calendar year 2004 and 2005 with FERC because the steam demands from the current and new steam users were insufficient to reliably maintain QF status. The FERC granted the waiver to the Project for the 2004 and 2005 calendar years, which will allow Pasco the time needed to complete the installation of water distillation equipment so it can sell distilled water to counterparties commencing in 2005 and retain its QF status. The estimated cost of the distillation system is \$2.0 million and the Project has reserved

sufficient cash to fund its installation. Steam sales under the Thermal Agreement, along with steam used for distilled water sales, will allow Pasco to meet the FERC QF standards beginning in 2006.

#### ***Fuel Supply Arrangements***

An affiliate of Duke, is the primary natural gas supplier for Pasco pursuant to a gas supply agreement which terminates in June 2008. Duke provides natural gas at a price that is adjusted monthly to track the PPA's pricing factors, including energy and capacity based components. Pasco is required to make certain payments if at least 80% of the maximum daily quantity specified in the gas supply agreement is not purchased each month. Pasco has not taken the minimum quantity since 2000; however, to date, Duke has not assessed any penalties.

The gas for the Project is transported using firm capacity on the Florida Gas system and interruptible capacity on the Peoples Gas pipeline, from the receipt points on the Florida Gas pipeline to the plant. The gas transportation arrangements expire between 2008 and 2010.

#### ***Operations & Maintenance***

An affiliate of Caithness is responsible for the operations and maintenance of the Project pursuant to one of the Caithness O&M Agreements.

### **Rumford Project**

#### ***Description***

The Rumford Project, a 85 MW multi-fuel (coal, wood waste and tire-derived fuel) circulating fluidized bed boiler cogeneration facility located in the town of Rumford, Maine, commenced commercial operation in May 1990 as a QF. The Rumford Project is owned by Rumford Cogeneration Company Limited Partnership ("Rumford"), a Maine limited partnership in which Atlantic Holdings indirectly owns a 24.3% limited partnership interest (an estimated 21.5% economic interest) through its ownership of Teton Funding and an estimated 1.7% economic interest in Rumford through its indirect 18.9% ownership of Javelin, which indirectly owns a 10.2% limited partnership interest (an estimated 9% economic interest) in the Project. Other interests in Rumford are owned by: MeadWestvaco Corporation ("Mead") indirectly through its 30% general partnership interest held by its affiliate, Rumford Cogeneration Inc. ("RCI"); Central Vermont Public Service Corporation indirectly through its 15.1% limited partnership interest; Sojitz Corporation of America indirectly through its 10.2% limited partnership interest; and Dominion Resources, Inc. indirectly through its 10.2% limited partnership interest. Cash distributions from the Project are split among the partners based on after-tax return hurdles. The Project was constructed for the dual purpose of supplying steam and electricity to an adjacent paper mill owned by a subsidiary of Mead and electricity to Central Maine Power Company ("Central Maine"). Rumford leases the site from Mead and the Project is situated adjacent to the paper mill pursuant to a lease expiring on December 31, 2020. Rumford has no outstanding debt. RCI has an assignable option to purchase all of the limited partnership interests in Rumford at a pre-determined price so that upon completion of any exercise of this option, RCI or any assignee would own 100% of Rumford. This option may be exercised on December 31 of each year until December 31, 2014. The option price is four times the average of the net pre-debt service cash flow over the four years preceding the option exercise date (after removing the lowest figure of the four).

A company controlled by Cerberus Capital Management, L.P. is in the process of acquiring Mead's interest in Rumford and the paper mill adjacent to the Project. This transaction is scheduled to close on April 30, 2005.

## *Capacity and Energy Sales*

### *Power Purchase Agreements*

Rumford has a 15-year PPA that expires on December 31, 2005 to sell electric energy to Central Maine. Central Maine had the option to extend the term of the PPA for three successive five-year periods, but allowed the option to expire unexercised on July 1, 2004. During the remaining term of the Central Maine PPA, Rumford receives an energy payment based on the sale of 75 MW of power at rates that increase in accordance with a fixed price schedule.

Rumford's performance obligations consist of the achievement of an on-peak capacity factor of at least 45% during any 12-month period and the delivery of at least 487,620 MWh annually to Central Maine. A failure to achieve the minimum on-peak capacity factor can result in a termination of the PPA and the payment of liquidated damages to Central Maine while a failure to achieve the annual minimum results in the payment of liquidated damages to Central Maine. Further, failure to achieve an on-peak capacity factor of at least 80% during any 12-month period can result in a reduction in the rate paid to Rumford for all deliveries of electricity under the PPA.

Rumford has a long-term contract to sell electric energy to Mead that expires on December 31, 2020. The price for energy delivered to Mead pursuant to the PPA is based on the price of steam per MMBtu in the high-pressure steam agreement (described below) and the average rate paid by Mead for electricity purchased from Central Maine.

Rumford is currently evaluating certain power sales options available to it upon the expiration of the Central Maine PPA, including selling up to the Project's maximum output of 85 MW to the adjacent paper mill owned by a subsidiary of Mead. The existing contract with the mill allows for the sale of power to the mill should the Central Maine PPA terminate for any reason. Discussions relating to the potential energy rate under this scenario are in the preliminary stages. Another option being evaluated is the sale of electric energy in the merchant market. However, if subsequent power sales arrangements are not available at prices that permit the operation of the Project on a profitable basis, the Rumford Project may temporarily or permanently cease operations.

### *Steam Sales Agreements*

Rumford has entered into a high-pressure steam purchase agreement with Mead for the sale of steam through December 31, 2020. Under the agreement, Rumford is required to purchase all of the high-pressure steam generated by the "C" recovery boiler of the paper mill (net of Mead's needs for 700 psig steam). Prior to 2003, the price of steam sold to Rumford pursuant to the high-pressure steam sales agreement was a fixed price with an adjustment mechanism that responded to changes in the prices paid by Rumford for fuel, bed medium and ash disposal services. In December 2002, the steam price became fixed and will remain fixed for the remaining term of the agreement.

Rumford has entered into a low-pressure steam sales agreement with Mead for the sale of low-pressure steam to Mead through December 31, 2020. Under the agreement, Mead is required to purchase all of the low-pressure steam generated by the Rumford Project (not to exceed Mead's needs for low-pressure steam). In any event, Mead is obligated to purchase a sufficient quantity of steam to allow Rumford to maintain the Project's status as a QF. Prior to 2003, the price of steam sold to Mead pursuant to the low-pressure steam sales agreement was a fixed price with an adjustment mechanism that responded to changes in the prices paid by Rumford for fuel, bed medium and ash disposal services. In December 2002, the steam price became fixed and will remain fixed for the remaining term of the agreement.

### *Fuel Supply Arrangements*

Subsidiaries of Mead have entered into a coal supply agreement with Massey Coal Sales Company, Inc. for all of the Project's coal supply requirements. This agreement was assigned to Rumford as of November 15, 2004. The price of coal pursuant to this agreement may be adjusted due to (i) changes in costs for both rail and ocean barge transportation rates; and (ii) a failure to meet certain quality specifications. Delivery of the coal takes place at the Merrills Marine Terminal in Portland, Maine and coal is transported via rail to the plant site pursuant to an agreement with Maine Central Railroad/Springfield Terminal Railway Company. This agreement has expired but the supplier is still supplying transport services and the parties are currently negotiating an extension.

Pursuant to a long-term agreement with Mead and subject to certain quality specifications, Rumford purchases all chips, bark, dust and other forms of wood created by the operation of the mill that cannot be economically utilized in the operation of Mead. In addition, Rumford purchases other forms of waste wood on a spot basis from third party suppliers.

Subsidiaries of Mead have entered into a fixed-price agreement with Sprague Energy Corporation for the purchase of tire-derived fuel that expires in March 2006. Tire-derived fuel typically accounts for between 8.5% and 11.5% of the fuel utilized in the operation of the Project.

### *Operations & Maintenance*

The Rumford Project is operated and managed by an affiliate of Mead subject to the direction and control of the general partner. The management agreement expires on December 31, 2020. The operator receives an operating fee and is eligible for an incentive fee based on production under the Central Maine PPA.

## **Selkirk Project**

### *Description*

The Selkirk Project, a 345 MW dual-fuel, combined-cycle, cogeneration plant located in the Town of Bethlehem in Albany County, New York, commenced commercial operation in 1994 as a QF. The Selkirk Project is owned by Selkirk Cogen Partners, L.P. ("Selkirk"), a Delaware limited partnership in which Atlantic Holdings estimates that it is entitled to an 18.5% economic interest in the cash flow and NEG, Cogentrix Energy, Inc., affiliates of The McNair Group and Fort Point Power LLC (an affiliate of ArcLight) own the remainder. Each of the Selkirk partners has an interest in cash distributions by Selkirk which changes when certain Selkirk partners achieve a specified return on their contributions to Selkirk. The cash distributions are divided into three levels: (i) distributions in fixed amounts payable to the Selkirk partners in proportion to their equity contributions during an initial period extending until such specified return is achieved (the "Selkirk Level I Distributions"); (ii) distributions of the Selkirk available cash remaining after payment of the Selkirk Level I Distributions; and (iii) distributions after the expiration of such initial period. The 15.7 acre project site is leased by Selkirk from GE and is situated adjacent to a GE plastics manufacturing plant. The Project includes two units: Unit I sells output to both NIMO and third parties; and Unit II sells output to Consolidated Edison, Inc. ("Consolidated Edison"). Steam is sold to GE. Pursuant to the right of first offer granted to Atlantic Holdings by Fund I, Atlantic Holdings has the right to acquire an additional economic interest in the cash flow of the Selkirk Project currently held by Fund I through Fort Point Power LLC currently estimated at approximately 22.8%.

On December 12, 1994, Selkirk refinanced its existing debt with the issuance by Selkirk Cogen Funding Corporation, a wholly-owned subsidiary of Selkirk, of \$165 million of 8.65% First Mortgage Bonds due 2007 and \$227 million of 8.98% First Mortgage Bonds due 2012. As at December 31, 2004, approximately \$312.3 million in aggregate remained outstanding on the bonds, which is expected to be amortized over the remaining term of the respective bonds. Under Selkirk's financing agreements, Selkirk

did not satisfy certain conditions with respect to the extension or replacement of its firm gas supply agreements by December 26, 2004, so cash otherwise available for distribution to Selkirk's partners is being deposited into a separate account until the balance in the account is sufficient to fund all scheduled principal repayments on Selkirk's outstanding bonds from June 26, 2010 through June 26, 2012. Selkirk has successfully extended three of the four contracts and is having discussions with potential suppliers for the fourth contract. Upon entering into or extending the fourth contract that is satisfactory to the lenders, the requirement to trap otherwise distributable cash will be lifted and the cash being held in the separate account will be released and available for distribution to the partners.

### ***Capacity and Energy Sales***

#### ***Power Purchase Agreements***

Selkirk has a PPA that expires on July 1, 2008 to sell electric capacity and energy from Unit I to NIMO. The Unit I PPA provides for a monthly contract payment which is comprised of four indexed pricing components: a capacity payment, an energy payment, a transportation payment and an operations and maintenance payment. The capacity payment, transportation payment, operations and maintenance payment and a fixed portion of the energy payment are payable regardless of whether Selkirk sells energy or capacity. The variable portion of the energy payment varies with the quantities of energy and capacity actually sold. Selkirk retains the right to sell Unit I energy and associated capacity at the prevailing market price which mitigates the impact of any payments that may be required to be made during periods of high market prices. NIMO has a right of first refusal to purchase energy and/or capacity up to the applicable monthly contract quantity during the term of the Unit I PPA at the market energy price and, if applicable, the market capacity price.

Selkirk also has a PPA to sell electric capacity and energy from Unit II to Consolidated Edison. This PPA expires on September 1, 2014, subject to a 10-year extension at the option of Consolidated Edison under certain conditions. The Unit II PPA provides for a capacity payment, a fuel payment, an operations and maintenance payment and a wheeling payment. The capacity payment, a portion of the fuel payment, a portion of the operations and maintenance payment and the wheeling payment are fixed charges to be paid on the basis of plant availability.

#### ***Steam Sales Agreement***

Selkirk is obligated to sell up to 400,000 lbs/hr of thermal output of Units I and II for use as process steam at the GE plant located adjacent to the Project through September 1, 2014. Selkirk charges GE a nominal price for steam in an amount up to the annual equivalent of 160,000 lbs/hr during each hour in which the GE plant is in production. Steam sales in excess of this amount are priced at GE's avoided variable direct cost, subject to an annual "true-up" to ensure that GE receives the annual equivalent of the discounted quantity at nominal pricing. GE is required to purchase the minimum thermal output necessary for Selkirk to maintain its QF status.

#### ***Fuel Supply Arrangements***

To supply natural gas for Unit I, Selkirk has entered into a gas supply agreement expiring on November 1, 2007 with Paramount Resources Ltd. on a firm 365-day per year basis. To supply natural gas for Unit II, Selkirk entered into gas supply agreements with Imperial Oil Resources Limited, EnCana Corporation and Canadian Forest Oil Ltd. (formerly Producers Marketing Ltd.). In the fourth quarter of 2004, each of the Unit II gas supply agreements was restructured and extended through October 31, 2014.

Long-term contracts for the transportation of Units I and II natural gas volume on a firm 365-day per year basis have been executed with TransCanada Pipelines Limited, Iroquois Gas and Tennessee Gas. Each of the Unit I and II gas transportation contracts expire on November 1, 2012 and November 1, 2014, respectively.

Units I and II have the capability to operate on fuel oil and are able to switch fuel sources from natural gas to fuel oil and back without interrupting the generation of electricity. Selkirk's air permit allows the facility to burn oil for a maximum of 2,190 hours per year at full capacity. The Project has on-site storage for approximately 910,000 gallons of fuel oil, a supply sufficient to run all three combustion turbines for one and one half days at full capacity without refilling. The Project site is approximately five miles from the Port of Albany, New York, a major oil terminal area. Additionally, several major oil companies supply fuel oil in the Albany area through leased storage or throughput arrangements.

### *Operations & Maintenance*

GE operates the Selkirk Project under an operations and management agreement expiring on October 31, 2007. The agreement provides for a fixed fee, a pass-through of management costs and a performance bonus. Management services for Selkirk are provided by JMCS I Management, Inc. ("JMCS"), an affiliate of NEGТ, under an administrative services agreement. The term of the agreement is 20 years and expires in September 2014 unless terminated earlier in accordance with its terms. JMCS is entitled to compensation under the agreement which is subject to renegotiation every four years and provides for the full recovery of JMCS' actual costs and properly allocated overhead plus a reasonable fee which must be approved by all of the Selkirk partners.

A subsidiary of Goldman Sachs has acquired NEGТ's indirect ownership interest in Selkirk and the management contract with the Selkirk Project.

## **Stockton Project**

### *Description*

The Stockton Project is a 55 MW solid fuel-fired cogeneration facility located in Stockton, California that commenced commercial operation in March 1988 as a QF. The Stockton Project is owned by Stockton CoGen Company ("Stockton"), a California general partnership in which Atlantic Holdings indirectly holds a 50% partnership interest and APCI holds a 50% partnership interest. The majority of the Project's electricity is sold under a 20-year PPA with PG&E that expires in February 2008. In addition, steam and electric energy are supplied to Corn Products International, Inc. ("Corn Products") under a 20-year energy supply contract expiring in February 2008. The Project is located adjacent to Corn Products' corn wet-milling plant on a 9.5 acre industrial site that is leased from Corn Products. A ground lease was executed in 1986 with a base lease term of 20 years, which runs the duration of the Corn Products energy supply contract. Stockton has the option of extending the site lease term for a period of five years at the maturity of the Corn Products energy supply contract term. The Stockton Project has no outstanding debt.

### *Capacity and Energy Sales*

#### *Power Purchase Agreements*

Stockton has two purchase agreements for electrical output from the Project: (i) the PG&E PPA, which is a 20-year energy and capacity PPA that expires in February 2008; and (ii) the Corn Products energy supply contract, which provides for the sale of both electricity and steam and is for a term of 20 years coinciding with the PG&E PPA.

Electric power generated by the Stockton Project is sold to PG&E pursuant to a PPA expiring in 2008. The PG&E PPA provides for monthly capacity and energy payments, and Stockton is entitled to receive a performance bonus if the average on-peak capacity factor, net of allowed forced outages and scheduled maintenance outages, exceeds 85%. The PPA also provides for an annual average energy price through July 15, 2006, subject to time of use adjustments. After July 15, 2006, the Manager believes the energy price will change to PG&E's short-run avoided cost calculated in accordance with a short-run

avoided cost formula adopted by the California Public Utilities Commission, whose calculation of short-run avoided cost primarily takes into account spot natural gas prices.

#### *Steam Sales Agreement*

Under the Corn Products energy supply contract, the Stockton Project supplies up to 130,000 lbs/hr of steam and 6,200 kW of electricity to the Corn Products facility. Corn Products pays Stockton a monthly base product charge. The Corn Products energy supply contract requires Corn Products to pay monthly energy charges for back-up steam and electric power, provided the Project has satisfied its minimum requirement for availability.

#### *Fuel Supply Arrangements*

The Project's boiler system is capable of burning several solid fuels, including coal, petroleum coke and tire-derived fuel. This diverse solid fuel mix provides opportunities to source fuel from several suppliers and provides cost advantages through controlled blending for optimal performance. Stockton has experienced success in blending fuels to minimize cost and maintain efficiency.

Stockton purchases coal from two coal supply contracts that expire in December 2005 and September 2006 (with an option to extend to December 31, 2006). Stockton also blends petroleum coke with coal to reduce fuel costs and has one and two-year contracts with two major northern California suppliers of coke expiring on December 31, 2005 and March 31, 2006. Although petroleum coke does have a higher sulfur content than most coals, the Project can incorporate it up to 45% (by volume) into the overall fuel supply and still operate within its air quality permit emissions requirements.

The Project also utilizes tire-derived fuel for up to 10% of its fuel mixture. Tire-derived fuel has a high carbon content and provides an excellent source of lower-cost energy for the Project. Stockton purchases tire-derived fuel from Golden By-Products, Inc. under an agreement that expires on December 31, 2005. This contract has been in place since April 1999. It had an original term of three years and is renewable annually subject to mutual agreement on price and quantity of tire-derived fuel.

As an alternative to landfill disposal, Stockton has established programs with several local companies for the beneficial reuse of a majority of the ash produced by the Project. Stockton also maintains existing waste hauling and landfill disposal contracts for excess volumes of ash not utilized in beneficial reuse.

#### *Operations & Maintenance*

Air Products Energy Enterprises, L.P. ("APEE") a wholly-owned subsidiary of APCI, provides all operating, maintenance and administrative services for the Stockton Project. APEE receives an operating fee, adjusted annually based on inflation and labour indices, for a defined list of costs and expenses incurred. APEE can also earn an annual incentive fee based on Project cash flow which provides an incentive for APEE to control operating costs and maintain high project reliability.

### **Topsham Project**

#### *Description*

The Topsham Project is a 14 MW hydroelectric facility located on the Androscoggin River at the Pejepscot dam near Topsham, Maine and commenced commercial operation in 1987 as a QF. The Topsham Project is leased and operated by Topsham Hydro Partners Limited Partnership ("Topsham"), a Minnesota limited partnership. A 100% undivided interest in the Topsham Project and a 100% undivided site interest in the Topsham Project site is owned by a financial institution, in its capacity as owner trustee for the benefit of a subsidiary of Atlantic Holdings (50%) and DaimlerChrysler Services North America LLC (50%) as owner participants. Electrical output is sold to Central Maine under a PPA that expires in

2011. The following discussion deals only with the lease arrangements as they relate to the Atlantic Holdings indirect interest. Pursuant to a sale and lease back transaction, Topsham leases both the 50% Project and 50% site interest until November 17, 2011. At the end of the initial term, or any renewal term, as the case may be, of the Atlantic Holdings lease, Topsham has the option to renew the lease either for a period of two to 15 years at 50% of the average rate for the initial lease term or for a period of two years to as long as December 2070 at the market rate at time of renewal. Further, Topsham has the option to purchase both the Atlantic Holdings 50% Project and site interests on the last day of the initial term or any renewal term. Lease payments made by Topsham are based on certain Project operating cash flows. Certain of such payments are used to pre-pay amounts due under the note used to finance construction of the Project and are applied against a lease balloon payment due in November 2011.

A portion of the monies used to purchase the Project and site interests was borrowed from a financial institution and a secured note was issued representing this indebtedness. Indebtedness under this note is due November 17, 2011. As at December 31, 2004, approximately \$7.0 million remained outstanding under the note.

### *Capacity and Energy Sales*

#### *Power Purchase Agreement*

Electrical output from the Topsham Project is sold to Central Maine pursuant to a PPA terminating on December 31, 2011. Central Maine has the option to terminate the PPA as of December 31, 2006 through 2010 if, as of December 31, 2005, 2006, 2007, 2008 or 2009, Central Maine does not have the sole right to provide electric service to customers in its now existing franchise territory who account for at least 50% of the total load being serviced on the applicable option date by all suppliers in the territory. If Central Maine exercises this termination option, Central Maine must make a termination payment to Topsham on the effective date of the termination.

Central Maine is required to pay for power generated by the Topsham Project based on a fixed-price schedule through December 2011.

### *Operations & Maintenance*

Topsham operates the Project and provides all general and administrative services for the Project pursuant to an operation agreement in effect until the earlier of December 31, 2027 or upon Topsham becoming the owner of 100% of the Project and the site, subject to renewal or earlier termination.

## **THE ISSUER**

The Issuer is a corporation incorporated under the *Business Corporations Act* (Ontario).

### **Description of IPSs**

#### *General*

As at December 31, 2004, there were 36,800,000 IPSs issued and outstanding. Each IPS represents: (a) one Common Share; and (b) Cdn\$5.767 aggregate principal amount of Subordinated Notes.

The ratio of Common Shares to principal amount of Subordinated Notes represented by an IPS is subject to change in the event of a stock split, recombination or reclassification, or upon a partial redemption or repurchase of the Subordinated Notes.

### ***Voluntary Separation and Recombination***

At any time after the 45<sup>th</sup> day following the date of closing of the initial public offering of the Issuer or upon the occurrence of a change of control of the Issuer, holders of IPSs may separate their IPSs into the Common Shares and Subordinated Notes represented thereby through their broker or other financial institution. Similarly, any holder of Common Shares and Subordinated Notes may, at any time, recombine the applicable number of Common Shares and principal amount of Subordinated Notes to form IPSs through their broker or other financial institution.

### ***Automatic Separation***

Upon the occurrence of any of the following, the IPSs will be automatically separated into the Common Shares and Subordinated Notes represented thereby:

- with respect to any holder of IPSs, acceptance by such holder of the Issuer's offer to repurchase the Subordinated Notes represented by that holder's IPSs in connection with a change of control of the Issuer;
- exercise by the Issuer of its right to redeem all or a portion of the Subordinated Notes which may be represented by IPSs at the time of such redemption;
- the date on which the outstanding principal amount of the Subordinated Notes becomes due and payable, whether at the stated maturity date or upon acceleration thereof; or
- if CDS is unwilling or unable to continue as securities depository with respect to the IPSs and the Issuer is unable to find a successor depository.

### ***Book-Entry Settlement and Clearance***

#### ***General***

CDS acts as securities depository for the IPSs, the Subordinated Notes and the Common Shares represented by the IPSs, which are referred to collectively as the "Securities". The IPSs and the Subordinated Notes and the Common Shares represented by the IPSs are represented by one or more global notes and global stock certificates. The global notes and global stock certificates are issued as fully-registered in book-entry only form in the name of CDS or its nominee, CDS & Co. If an investor intends to purchase IPSs, an investor must do so through direct and indirect CDS participants. The participant through which a purchase is made will receive a credit for the applicable number of IPSs on CDS's records. The ownership interest of each actual purchaser of the applicable security, referred to as a "beneficial owner", is to be recorded on the participant's records. Beneficial owners will not receive written confirmation from CDS of their purchases, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the CDS participant through which the beneficial owner entered into the transaction.

All interests in the Securities are subject to the operations and procedures of CDS. The following is a summary of those operations and is provided by the Issuer solely for convenience. The operations and procedures of each settlement system may be changed at any time. The Issuer is not responsible for those operations and procedures.

To facilitate subsequent transfers, all Securities deposited by direct CDS participants are registered in the name of CDS. The deposit of Securities with CDS and their registration in the name of CDS effect no change in beneficial ownership. CDS has no knowledge of the actual beneficial owners of the Securities. CDS's records reflect only the identity of the direct CDS participants to whose accounts such Securities are credited, which may or may not be the beneficial owners. The CDS participants will remain responsible for keeping account of their holdings on behalf of their customers.

Transfers of ownership interests in the Securities are effected by entries made on the books of the CDS participants acting on behalf of beneficial owners. Beneficial owners of Securities will not receive certificates representing their ownership interests in the applicable Security except in the event that use of the book-entry only system for the Securities is discontinued.

Cross-market transfers between CDS participants, on the one hand, and the Depository Trust Company (“DTC”) participants, on the other hand, will be effected within CDS through DTC. To deliver or receive an interest in Securities held in a DTC account, an investor must send transfer instructions to DTC under the rules and procedures of that system and within the established deadlines of that system. If the transaction meets its settlement requirements, DTC will send instructions to its CDS depository to take action to effect final settlement by delivering or receiving interests in the Securities in CDS and making or receiving payment under normal procedures for same-day funds settlement applicable to CDS. DTC participants may not deliver instructions directly to the CDS depository that is acting for DTC.

Conveyance of notices and other communications by CDS to direct participants, by direct participants to indirect CDS participants, and by CDS participants to beneficial owners is governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

The Issuer and the Trustee under the Indenture make any payments on the Common Shares and Subordinated Notes to CDS. CDS’s practice is to credit direct CDS participants’ accounts on the payment date in accordance with their respective holdings shown on CDS’s records unless CDS has reason to believe that it will not receive payment on the payment date. Payments by CDS participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name”, and will be the responsibility of such participant and not of CDS, the Issuer or the Trustee, subject to any statutory or regulatory requirements as may be in effect from time to time.

The Issuer and the Trustee under the Indenture are responsible for the payment of all amounts to CDS. CDS is responsible for the disbursement of those payments to its participants, and the participants are responsible for disbursements of those payments to beneficial owners.

CDS may discontinue providing its service as securities depository with respect to the IPSs, the Common Shares or the Subordinated Notes at any time by giving reasonable notice to the Issuer and the Trustee under the Indenture. If CDS discontinues providing its service as securities depository with respect to the IPSs and the Issuer is unable to obtain a successor securities depository, the beneficial owners will automatically take a position in the Common Shares and Subordinated Notes represented by the IPSs and the Issuer will print and deliver certificates representing Common Shares and Subordinated Notes to the beneficial owners or their nominees. If CDS discontinues providing its service as securities depository with respect to the Common Shares or Subordinated Notes and the Issuer is unable to obtain a successor securities depository, the beneficial owners will automatically take a position in the securities and the Issuer will print and deliver certificates for the Common Shares and Subordinated Notes to the beneficial owners or their nominees.

The Issuer has the option of discontinuing the registration of any of the Securities through the book-entry only system at any time. In the event that the Issuer decides to discontinue use of the system of book-entry only system for any of the Securities, the Issuer will print and deliver certificates for the Common Shares and Subordinated Notes to the beneficial owners or their nominees.

The information in this section concerning CDS and CDS’ book-entry only system has been obtained from sources that the Manager believes to be reliable, including CDS, but the Issuer takes no responsibility for its accuracy.

The Issuer will not have any responsibility or obligation to participants, or the persons for whom they act as nominees, with respect to:

- the accuracy of the records of CDS, its nominee, or any participant, as to any ownership interest in the Securities; or
- any payments to, or the providing of notice to, participants or beneficial owners.

*Separation and Recombination*

Any voluntary or automatic separation of IPSs, and any subsequent recombination of IPSs from Subordinated Notes and Common Shares, are to be accomplished by entries made by the CDS participants on behalf of beneficial owners. In any such case, the participant's account through which a separation or recombination is effected will be credited and debited for the applicable securities on CDS's records.

*Procedures Relating to Subsequent Issuances*

The Indenture and the agreements with CDS provide that, in the event there is a subsequent issuance of Subordinated Notes, the terms of the newly issued Subordinated Notes (including interest and maturity) will be identical in all material respects to the previously issued Subordinated Notes and all such Subordinated Notes will be traded under the same CUSIP number. Any such subsequently issued Subordinated Notes may be issued at a discount or premium to the stated principal amount.

**Description of Share Capital**

The authorized share capital of the Issuer consists of an unlimited number of Common Shares. As at December 31, 2004, there were 36,800,000 Common Shares issued and outstanding, all of which were represented by IPSs sold pursuant to the Issuer's initial public offering and over-allotment option.

Holders of Common Shares are entitled to receive dividends as and when declared by the board of directors of the Issuer and are entitled to one vote per Common Share on all matters to be voted on at all meetings of shareholders. Upon the voluntary or involuntary liquidation, dissolution or winding-up of the Issuer, the holders of Common Shares are entitled to share rateably in the remaining assets available for distribution, after payment of liabilities.

**Description of Subordinated Notes**

*General*

As at December 31, 2004, \$206,927,000 (Cdn\$248,726,600) aggregate principal amount of Subordinated Notes were outstanding. \$176,560,000 (Cdn\$212,225,600) of such Subordinated Notes were represented by IPSs issued pursuant to the Issuer's initial public offering and over-allotment option, and 33,367,000 (Cdn\$36,501,000) of such Subordinated Notes were sold separately by private placement.

The Subordinated Notes were issued under the Indenture. The following is a brief summary of the terms of the Indenture and is subject to, and is qualified in its entirety by, all the provisions of the Indenture, which is specifically incorporated herein by reference. The Indenture can be found on SEDAR at [www.sedar.com](http://www.sedar.com).

*Market*

In certain circumstances, the Subordinated Notes and Common Shares represented by the IPSs will separate. There is no market through which such Subordinated Notes may be sold and purchasers may not be able to resell Subordinated Notes purchased by them.

***Interest Rate***

The interest rate on the Subordinated Notes is 11.0% per annum. Payments of interest, to the extent permitted by law, not made when due, will bear interest from the date such payment was due until paid at a default rate of 13.0% per annum.

***Record and Payment Dates***

Interest is paid monthly in arrears on the last business day of each month to holders of record on the last business day of the preceding month.

***Maturity Date***

The Subordinated Notes will mature on November 18, 2016.

***Principal Repayment***

The Subordinated Notes provide for the payment of interest only until the end of the term of the Subordinated Notes, at which time the principal balance will be payable by the Issuer.

***Optional Redemption***

On or after November 18, 2009, the Issuer may redeem the Subordinated Notes, at its option, at any time in whole and from time to time in part, upon not less than 30 nor more than 60 days' notice, for cash, at a redemption price equal to: (i) 105% of the principal amount of Subordinated Notes being redeemed where the redemption occurs on or after November 18, 2009 but before November 18, 2011; (ii) 104% of such amount where the redemption occurs on or after November 18, 2011 but before November 18, 2013; (iii) 103% of such amount where the redemption occurs on or after November 18, 2013 but before November 18, 2014; (iv) 102% of such amount where the redemption occurs on or after November 18, 2014 but before November 18, 2015; and (v) 101% of such amount where the redemption occurs on or after November 18, 2015 but before November 18, 2016, together with, in each case, accrued but unpaid interest to the date of redemption. Any exercise by the Issuer of its option to redeem Subordinated Notes, in whole or in part, will result in an automatic separation of the IPSs into Common Shares and Subordinated Notes.

***Change of Control***

Upon the occurrence of a change of control, the Issuer will be required to make an offer to each holder of Subordinated Notes to repurchase that holder's Subordinated Notes at a price equal to 101% of the principal amount of the Subordinated Notes being repurchased, plus any accrued but unpaid interest to the date of repurchase. However, a holder of IPSs will not be able to have its Subordinated Notes repurchased unless such holder surrenders the IPSs to the depository, and receives delivery of the Common Shares and Subordinated Notes represented thereby.

***Security and Guarantees***

The Subordinated Notes are secured by a pledge of the Issuer's membership interests in Atlantic Holdings and are guaranteed by Atlantic Holdings and certain of its direct and indirect, wholly-owned subsidiaries including, among others, Onondaga Cogeneration L.P. The guarantee of Atlantic Holdings is secured by a pledge of its membership interests in the Project Holding Entities and the guarantees of certain of Atlantic Holdings' direct and indirect wholly-owned subsidiaries are secured by pledges of the membership interests or other securities they hold in subsidiary entities subject to the provisions of agreements governing or affecting interests in such subsidiaries which may restrict or prevent pledges in certain cases.

Onondaga Cogeneration L.P.'s guarantee of the Subordinated Notes is secured by a pledge of certain of the Onondaga Project assets. None of the other Project Operating Entities have provided a guarantee of the Subordinated Notes and none of the other Project assets are pledged to secure a guarantee of, or indebtedness under, the Subordinated Notes.

### ***Ranking***

The Subordinated Notes are secured subordinated indebtedness of the Issuer and are subordinated in right of payment, as set forth in the Indenture, to all existing and future secured senior indebtedness of the Issuer, including the Issuer's guarantee of Atlantic Holdings' obligations under the Credit Facility, but rank senior to all unsecured indebtedness of the Issuer (including trade payables).

The indebtedness evidenced by each secured guarantee of the Subordinated Notes is secured subordinated indebtedness of each guarantor, and is subordinated in right of payment, as set forth in the Indenture, to all existing and future senior indebtedness of each such guarantor, including the Credit Facility, but ranks senior to any unsecured indebtedness of each such guarantor (including trade payables).

Indebtedness evidenced by each unsecured guarantee of the Subordinated Notes is unsecured subordinated indebtedness of each such guarantor and is subordinated in right of payment, as set forth in the Indenture, to all existing and future secured indebtedness of such guarantor, including the Credit Facility, and ranks *pari passu* in right of payment with all existing and future unsecured indebtedness of each such guarantor (including trade payables).

### ***Restrictive Covenants***

The Indenture contains covenants with respect to the Issuer that restrict:

- the incurrence of additional indebtedness;
- the payment of dividends on, and repurchase of, Common Shares;
- a number of other types of payments, including investments;
- specified sales of assets;
- specified transactions with affiliates;
- the creation of a number of liens; and
- consolidations, mergers and transfers of all or substantially all of the Issuer's assets.

The limitations and prohibitions described above are subject to a number of important qualifications and exceptions described in the Indenture.

### **Limitations on ERISA Plan Ownership**

To avoid having the Issuer become subject to the fiduciary and prohibited transaction provisions of ERISA and Section 4975 of the Code, at no time may the IPSs, Subordinated Notes or Common Shares be beneficially owned by any "ERISA Plan" (which includes plans subject to such statutory provisions and entities that, by regulation, are deemed to hold assets of such plans). Any transferee of beneficial ownership of IPSs, Subordinated Notes or Common Shares (whether by initial purchase or subsequent transfer) will be deemed to represent to the Issuer that it is not an ERISA Plan. Any purported transfer (whether or not the result of a transaction entered into through the facilities of the Toronto Stock Exchange) that, if effective, would result in any ERISA Plan beneficially owning any IPSs, Subordinated Notes or Common Shares will be void from the date of the purported transfer, and the ERISA Plan that pursuant thereto would purport to have beneficial ownership of the IPSs will not acquire any interest in

the IPSs, Subordinated Notes or Common Shares. In the event of such a purported transfer, such IPSs, Subordinated Notes or Common Shares will be transferred to a trust created by the Issuer and sold. The ERISA Plan will not have any beneficial interest in the trust, and the ERISA Plan's sole right with respect to the IPSs, Subordinated Notes or Common Shares that were the subject of the purported transfer to the ERISA Plan will be to receive the net proceeds of sale of such IPSs, Subordinated Notes or Common Shares by the trust. The Issuer may require any person who attempts to acquire IPSs, Subordinated Notes or Common Shares or who otherwise is purported to beneficially own IPSs, Subordinated Notes or Common Shares, to provide a written statement or affidavit to the Issuer stating such information as the Issuer may request in order to determine whether such person is an ERISA Plan or not.

The Indenture contains substantively identical provisions concerning prohibitions on ERISA Plan ownership of the Subordinated Notes as described above, including the right to compel an ERISA Plan to dispose of the Subordinated Notes.

#### **Limitation on U.S. Resident Ownership**

The articles of incorporation of the Issuer provide that at no time may more than 100 U.S. persons (as determined by the Issuer) be the beneficial owners of the Issuer's securities, nor may any U.S. person be the beneficial owner of more than 10% of the IPSs, the Subordinated Notes or the Common Shares. The Issuer may require declarations as to the jurisdictions in which beneficial owners of the Issuer's securities are resident. If the Issuer becomes aware that either of the foregoing limitations may be contravened, the transfer agent and registrar of the Issuer will make a public announcement and will not accept a subscription for the Issuer's securities from or issue or register a transfer of the Issuer's securities to a person unless the person provides a declaration that the person is not a U.S. person. If, notwithstanding the foregoing, the Issuer determines that more than 100 U.S. persons are beneficial owners of any class of the Issuer's securities (on either a non-diluted or fully-diluted basis), the Issuer may send a notice to the U.S. holders of such securities, chosen in inverse order to the order of acquisition or registration or in any manner as the Issuer may consider equitable and practicable, requiring them to sell their securities or a portion of their securities within a specified period of not less than 10 days. If the holders of the Issuer's securities receiving the notice have not sold the specified number of securities, or provided the Issuer with satisfactory evidence that they are not U.S. persons within that period, the Issuer may, on behalf of those holders of the Issuer's securities, sell those securities, and, in the interim, will suspend the voting and distribution rights attached to those securities. Upon that sale, the affected holders will cease to be holders of the securities, and their rights will be limited to receiving the net proceeds of the sale.

#### **Limitation on Ownership by Electric Utilities and Others**

The Projects include QFs that qualify under FERC's rules implementing PURPA and EWGs under PUHCA with market-based rates on file with FERC pursuant to the *United States Federal Power Act*, as amended (the "FPA"). Ownership of the Issuer must be restricted in order to continue to satisfy FERC's ownership criteria for QFs and to ensure that the Projects with market-based rates on file with FERC comply with representations made to FERC, and continue to qualify for market-based rates. Such ownership restrictions generally relate to persons or companies having equity ownership or operation of certain utility assets in the U.S. or affiliation with an entity that owns or operates such assets. As a result, the articles of incorporation of the Issuer provide that no U.S. entity (other than entities that have made certain regulatory filings such as Teton Holdings) may hold more than 10% of the IPSs or Common Shares. In addition, should any entity wish to hold more than 5% but less than 10% of the IPSs or Common Shares, that entity must agree to cooperate with the Issuer and provide information necessary to make any filings with FERC that may be required pursuant to the FPA. Further, the articles of incorporation of the Issuer provide that no person may own IPSs or Common Shares if such person (i) is engaged primarily in the electric or gas business; (ii) is otherwise affiliated with any franchised electric utility; (iii) has controlling ownership interests in any electric generating, transmission, or distribution facilities; (iv) is affiliated with any power marketers; (v) is a "public-utility company" or a "holding

company” or an “associate company”, “affiliate”, or “subsidiary company” of a “holding company” as each term is defined in section 2(a) of PUHCA; (vi) is subject to regulation under PUHCA; (vii) is subject to regulation as a “public utility” under the FPA; or (viii) is subject to regulation with respect to rates or to financial or organizational matters as an electric utility, public utility, or public service company or corporation under the laws of any state unless such person satisfies the Issuer that the ownership of the IPSs or Common Shares by such person will not adversely affect the Projects’ qualification for QF status under FERC’s rules implementing PURPA, the order issued under the FPA with respect to certain Projects, or the Projects’ qualification for market-based rates under the FPA. Determination of such potential adverse effect is at the sole discretion of the Issuer, and the Issuer may elect to strictly enforce any or all of the restrictions set forth above against such entity. If the Issuer becomes aware that any of the foregoing restrictions may be contravened, the transfer agent and registrar of the Issuer will make a public announcement and will not accept a subscription for IPSs or Common Shares from or issue or register a transfer of IPSs or Common Shares to a person unless the person provides a declaration that the person is not an entity described above. If, notwithstanding the foregoing, the Issuer determines that an owner of IPSs or Common Shares violates the foregoing restrictions, the Issuer may send a notice to such owner of IPSs or Common Shares requiring it to provide specified information to the Issuer such that Issuer can determine whether such person’s ownership may have an adverse affect upon the Issuer. Upon such determination, the Issuer may send a further notice requiring such owner to sell its IPSs or Common Shares within a specified period of not less than 10 days. If the holder of IPSs or Common Shares receiving the notice has not sold the IPSs or Common Shares, as applicable, or provided the Issuer with satisfactory evidence that it does not contravene the foregoing restrictions, the Issuer may, on behalf of that holder of IPSs or Common Shares, sell those IPSs or Common Shares, and, in the interim, will suspend the voting and distribution rights attached to those IPSs or Common Shares. Upon that sale, the affected holder will cease to be a holder of the IPSs or the Common Shares, as applicable, and its rights will be limited to receiving the net proceeds of the sale.

#### **Interest Payments and Distribution Policy**

Distributions of the Issuer are paid in Canadian dollars unless a holder of IPSs, Common Shares or Subordinated Notes elects to receive distributions in U.S. dollars. Holders of IPSs, Common Shares or Subordinated Notes that elect to receive U.S. dollar distributions will receive the U.S. dollar Equivalent Amount of distributions by the Issuer. A holder of IPSs, Common Shares or Subordinated Notes may from time to time elect to change the currency of the distributions it receives on all or any part of the IPSs, Common Shares or Subordinated Notes it holds from Canadian dollars to U.S. dollars or vice versa upon notice to the securities broker through which the holder holds its IPSs, Common Shares or Subordinated Notes.

The Issuer pays interest on the Subordinated Notes and dividends on the Common Shares (if declared) on the last business day of each month to holders of record at the close of business on the last business day of the preceding month.

The Issuer intends to pay equal monthly dividends on the Common Shares at a stable and sustainable level, subject to applicable law and the covenants contained in the Credit Facility and the Indenture, after:

- satisfying its debt service obligations under any credit facilities or other agreements with third parties, if any;
- making interest payments at the rate of 11.0% per annum of the aggregate principal amount of the Subordinated Notes outstanding;
- satisfying its other expense obligations, including withholding and other applicable taxes; and
- retaining reasonable reserves for working capital and other expenses.

The Issuer may make additional distributions in excess of monthly dividends during the year, as the board of directors may determine in its sole discretion. Initially, the dividend policy is expected to result in an annual dividend of approximately Cdn\$0.3657 (or the Equivalent Amount in U.S. dollars) per Common Share.

The Indenture and the Credit Facility contain restrictions on the ability of the Issuer to declare and pay dividends on the Common Shares. The board of directors of the Issuer may, in its discretion, modify or repeal the Issuer's dividend policy. No assurances can be made that the Issuer will pay dividends at the level contemplated in the future or at all. Assuming that the Issuer makes the scheduled interest payments on the Subordinated Notes and pays dividends on the Common Shares in the amount contemplated by the dividend policy described above, an investor would receive, in the aggregate, approximately Cdn\$1.00 (or the Equivalent Amount in U.S. dollars) per year per IPS in dividends on the Common Shares and interest on the Subordinated Notes.

On December 15, 2004, the Issuer announced its distribution for the partial month of November 2004 and the full month of December 2004. A distribution of Cdn\$0.1195 per IPS was paid on January 31, 2005 to holders of record at the close of business on December 31, 2004. The total distribution of Cdn\$0.1195 reflects a cash dividend per Common Share and an interest payment for the partial month of November, from November 18, 2004, and for the month of December.

	November	December	Total
Dividend per Common Share .....	Cdn\$0.0132	Cdn\$0.0305	Cdn\$0.0437
Interest Payment on Subordinated Note .....	Cdn\$0.0229	Cdn\$0.0529	Cdn\$0.0758
<b>Total Distribution per IPS</b>	<b>Cdn\$0.0361</b>	<b>Cdn\$0.0834</b>	<b>Cdn\$0.1195</b>

#### **Administration**

The Issuer has no executive officers and engages the Manager to provide certain services pursuant to the Management Agreement. Under the Management Agreement, the Manager, if requested by the Issuer, has agreed to: (i) assist the Issuer in complying with its continuous disclosure obligations under applicable securities legislation; (ii) provide or cause to be provided to holders of securities of the Issuer, all information to which they are entitled under the constating documents of the Issuer and the Indenture and applicable laws; (iii) monitor compliance of the Issuer with applicable laws; (iv) provide for the calculation of interest payments and distributions to holders of IPSs and the Separate Subordinated Notes; and (v) assist in the preparation, planning and coordination of meetings of the board of directors of the Issuer and the holders of Common Shares of the Issuer. The Issuer may directly retain professionals and other service providers from time to time to provide advice and other administrative services directly to the Issuer.

#### **ATLANTIC HOLDINGS**

Atlantic Holdings is a Delaware limited liability company.

#### **Capital of Atlantic Holdings**

The authorized capital of Atlantic Holdings consists of an unlimited number of common membership interests, an unlimited number of Class A preferred membership interests and an unlimited number of Class B preferred membership interests. As at December 31, 2004, 36,800,000 common membership interests and 43,129,287 Class A preferred membership interests of Atlantic Holdings were owned by the Issuer and 26,491,865 common membership interests and 26,491,865 Class B preferred membership interests were owned by the Existing Investors.

***Class A Preferred Membership Interests***

The Class A preferred membership interests are non-voting membership interests. Each Class A preferred membership interest has a liquidation preference of Cdn\$5.767 and is entitled to a cumulative preferred return of 11  $\frac{1}{16}$ %, plus an amount equal to all of the Issuer's ongoing expenses and costs. The Class A preferred membership interests are entitled to full payment of any unpaid preferred return prior to distributions being made to any other class of membership interests. The Class A preferred membership interests do not have any right to distributions from Atlantic Holdings in excess of their liquidation preference and preferred return.

The Class A preferred membership interests are redeemable at the option of the holder upon the maturity date of the Subordinated Notes, or upon any redemption or prepayment of the Subordinated Notes being required under the Indenture, for a price equal to their liquidation preference plus any accumulated preferred return. The Class A preferred membership interests are redeemable at the option of Atlantic Holdings on or after November 18, 2009 at a redemption price equal to: (i) 105% of the liquidation preference of the Class A preferred membership interests being redeemed where the redemption occurs on or after November 18, 2009 but before November 18, 2011; (ii) 104% of such amount where the redemption occurs on or after November 18, 2011 but before November 18, 2013; (iii) 103% of such amount where the redemption occurs on or after November 18, 2013 but before November 18, 2014; (iv) 102% of such amount where the redemption occurs on or after November 18, 2014 but before November 18, 2015; and (v) 101% of such amount where the redemption occurs on or after November 18, 2015 but before November 18, 2016, together with, in each case, any accumulated preferred return to the date of redemption. The Class A preferred membership interests are redeemable at the option of the holder, at a redemption price equal to 100% of the liquidation preference of the Class A preferred membership interests plus any accumulated preferred return, during any period that for U.S. federal income tax purposes the Issuer: (i) is not, or would not be, in the opinion of nationally recognized tax counsel, permitted to deduct all or a substantial portion of the interest payable on the Subordinated Notes from its income; or (ii) is required to withhold or deduct any amount for or on account of taxes from any amounts paid or credited under or with respect to the Subordinated Notes and the Issuer is required to pay additional amounts. The Class A preferred membership interests are redeemable at the option of the holder for an amount equal to 101% of the liquidation preference of the Class A preferred membership interests plus any accumulated preferred return, in the event that a change of control occurs.

***Class B Preferred Membership Interests***

The Class B preferred membership interests are non-voting membership interests. Each Class B preferred membership interest has a liquidation preference of Cdn\$5.767 and is entitled to a cumulative preferred return of 11.0%. The Class B preferred membership interests are entitled to full payment of any unpaid preferred return prior to distributions being made on the common membership interests, but only after preferred returns are paid on the Class A preferred membership interests. The Class B preferred membership interests do not have any right to distributions from Atlantic Holdings in excess of their liquidation preference and preferred return.

In addition to the redemption rights of the Existing Investors pursuant to the Liquidity Right (as defined below), the Class B preferred membership interests are redeemable at the option of the holder at any time after redemption in full of the Class A preferred membership interests. Upon exercise by a holder of its redemption right with respect to the Class B preferred membership interests, all distributions of available cash (other than tax distributions) will be paid to the holders of the Class B preferred membership interests until they have received payment in full of their liquidation preference plus any accumulated preferred return.

### ***Common Membership Interests***

Each common membership interest carries one vote on all matters to be voted on at all meetings of members. Holders of common membership interests are entitled to receive distributions as and when declared by the board of managers after payment in full of all cumulative preferred returns on the Class A and Class B preferred membership interests. Upon the voluntary or involuntary liquidation, dissolution or winding-up of Atlantic Holdings, the holders of common membership interests are entitled to share ratably in the remaining assets available for distribution, after payment of liabilities and the liquidation preference to which the Class A and Class B preferred membership interests are entitled.

### **Distribution Policy**

Atlantic Holdings intends to pay equal monthly distributions on its common membership interests at a stable and sustainable level, subject to applicable law and the covenants contained in the Credit Facility and the Indenture, after:

- satisfying its debt service obligations under the Credit Facility or other agreements with third parties, if any;
- satisfying its other expense obligations, including management and administration expenses, and withholding and other applicable taxes;
- paying distributions on the outstanding Class A preferred membership interests;
- paying distributions on the outstanding Class B preferred membership interests;
- retaining reasonable reserves for working capital and other expenses; and
- making deposits into the Reserve Account to be used to stabilize distributions and fund acquisitions and other growth opportunities.

### **Reserve Account**

Upon completion of the Issuer's initial public offering and transactions contemplated by the Acquisition Agreements, \$12.5 million of the net proceeds of the offering was deposited into the Reserve Account. On March 23, 2005, Atlantic Holdings deposited approximately \$35.9 million into the Reserve Account. See "Project Descriptions – MASSPOWER Project". In addition, Atlantic Holdings intends to make additional deposits into the Reserve Account from time to time in accordance with its distribution policy. The funds in the Reserve Account will be available to: (a) stabilize future cash distributions; and (b) fund acquisitions and other growth opportunities to enhance the long-term stability of cash distributions. Any such acquisition or growth opportunity will be required to meet the acquisition and investment guidelines established by the Issuer. All acquisitions are subject to the approval of the members of the board of managers of Atlantic Holdings, and to the extent a conflict of interest exists with ArcLight or its affiliates, the approval of the independent members of the board of managers.

Amounts in the Reserve Account generally will be invested at the direction of the Manager in book-based securities, negotiable instruments or securities represented by instruments in bearer or registered form which evidence: (a) direct obligations of, and obligations fully guaranteed as to timely payment by, the Governments of Canada or the United States or any agency or instrumentality thereof the obligations of which are backed by the full faith and credit of the Governments of Canada or the United States as the case may be, or (b) debt securities or debt instruments with a rating of A (low) or higher by DBRS or A3 or higher by Moody's Investors Service, Inc. or A- or higher by S&P, but excluding any debt securities or instruments constituting loans or advances among the Issuer and its subsidiaries.

In connection with the Reserve Account, the Manager will seek such advice and retain such experts as the Manager may deem prudent or as otherwise may be required by applicable laws. The

investment parameters and objectives of the Reserve Account will also be periodically reviewed and approved by the independent members of the board of managers of Atlantic Holdings.

### **Operating Agreement**

The Issuer, Atlantic Holdings and the Existing Investors have entered into the Operating Agreement with respect to the operations and affairs of Atlantic Holdings. The following is a brief summary of certain provisions of the Operating Agreement and is subject to, and qualified in its entirety by, all the provisions of the Operating Agreement, which is specifically incorporated herein by reference. A copy of the Operating Agreement can be found on SEDAR at [www.sedar.com](http://www.sedar.com).

**Liquidity Rights of Existing Investors.** The terms of the Operating Agreement provide that a holder of Existing Investor Interests has the right (the "Liquidity Right"), exercisable at any time and from time to time and subject to the limits described below, to request Atlantic Holdings to purchase for cancellation, all or any portion of the Existing Investor Interests owned by such holder. Upon delivery of a notice by a holder of Existing Investor Interests (the "Liquidity Notice") to Atlantic Holdings requesting Atlantic Holdings to purchase, for cancellation, all or a portion of such holder's Existing Investor Interests (the "Subject Interests"), Atlantic Holdings is required to use its best efforts to secure the necessary funds through an equity financing to enable it to purchase such interests.

The repurchase of the Subject Interests will occur on such date as is specified by the holder of the Subject Interests (provided such date shall not be prior to the 30<sup>th</sup> day following receipt by Atlantic Holdings of the Liquidity Notice), unless Atlantic Holdings has been unable, after utilizing its best efforts, to complete or cause the completion of an equity financing on terms acceptable to the managers of Atlantic Holdings who are independent of the Existing Investors and their affiliates, acting reasonably, to secure the necessary funds to enable it to purchase the Subject Interests. Atlantic Holdings may only finance repurchases of Existing Investor Interests pursuant to the exercise of the Liquidity Right by issuing additional equity securities. It is expected that this will occur through the sale of common membership interests and Class A preferred membership interests to the Issuer, the purchase of which by the Issuer would be financed by a sale of IPSs or other equity securities of the Issuer. The Issuer is required to use its best efforts to effect an offering of IPSs or other equity securities on terms acceptable to the directors of the Issuer in order to provide equity funding to Atlantic Holdings for the repurchase of the Subject Interests.

The amount which shall be paid by Atlantic Holdings for the purchase of each Subject Interest will be equal to the fair market value of the Subject Interest at the time of the purchase, which shall be determined as follows: (i) in the event that all or a portion of the funds utilized by Atlantic Holdings for the purchase of the Subject Interests are funded through a sale of IPSs, the net proceeds received by the Issuer from the sale of each such IPS, or (ii) in the event that none of the funds utilized by Atlantic Holdings for the purchase of the Subject Interests are funded through a sale of IPSs, the net proceeds that would have been received by the Issuer per IPS if IPSs had been sold to fund the repurchase. The reasonable costs directly attributable to raising funds necessary to finance a purchase of Subject Interests will be borne by the holder of such Subject Interests.

For a period of two years from the date of closing of the Issuer's initial public offering, the Existing Investors may not exercise the Liquidity Right to the extent that the exercise of such right would result in the Existing Investors owning a number of common membership interests of Atlantic Holdings that is less than 10% of the common membership interests of Atlantic Holdings outstanding at the time of closing. The Liquidity Right may not be exercised in respect of Subject Interests that would result in less than \$10 million of proceeds to the Existing Investors so long as the Existing Investors receiving proceeds from any exercise of the Liquidity Right would have been considered to form part of a control block of the Issuer (as defined in the Securities Act (Ontario)) if the Existing Investor Interests were considered to be IPSs. In the event that Atlantic Holdings determines to enter into an agreement to sell additional common membership interests and Class A preferred membership interests to the Issuer, other than

pursuant to the exercise by the Existing Investors of the Liquidity Right, Atlantic Holdings is required to provide written notice to the Existing Investors as soon as practicable following any such determination. In such event, each Existing Investor shall be entitled to deliver a Liquidity Notice within five business days of the receipt of any such notice. However, notwithstanding the requirement that Atlantic Holdings use its best efforts to secure the necessary funds to repurchase the Subject Interests specified in such Liquidity Notice, treasury issuances in connection with the financing initially contemplated by Atlantic Holdings will take priority over treasury issuances necessary to satisfy the repurchase of Subject Interests specified in the Liquidity Notice. The repurchase of Subject Interests specified in such Liquidity Notice shall occur on the closing of the financing transaction.

The Operating Agreement also provides that, in the event that a person offers to purchase more than 20% of the membership interests in Atlantic Holdings held by the Issuer pursuant to an agreement with the Issuer, then it will be a condition of any such agreement that the person will offer to purchase a pro rata portion of the Existing Investor Interests on the same terms and subject to the same conditions as are applicable to the purchase of the membership interests of Atlantic Holdings held by the Issuer. In the event of an indirect change of control of Atlantic Holdings through any purchase of 20% or more of the Common Shares (including Common Shares forming part of IPSs) of the Issuer by any single purchaser and/or any other purchasers acting jointly or in concert with such purchaser, the Existing Investors shall be entitled to immediately exercise the Liquidity Right for the full amount of the Existing Investor Interests outstanding and Atlantic Holdings will be unconditionally obligated to purchase the Existing Investor Interests for an amount per Existing Investor Interest equal to the fair market value at the time of exercise (determined by reference to the event giving rise to the change of control).

**Managers.** The Operating Agreement provides for a board of managers of Atlantic Holdings consisting of seven managers. A majority of the managers must be U.S. residents. All representatives of the Existing Investors and the Manager must be U.S. residents. The Issuer is entitled to appoint a majority of the board of managers of Atlantic Holdings. The board of managers of Atlantic Holdings is comprised of a majority of managers unrelated to Atlantic Holdings and its subsidiaries, the Existing Investors and the Manager, as follows:

- four representatives of the Issuer (the three directors of the Issuer and one individual designated by the three directors of the Issuer);
- two representatives of the Existing Investors; and
- one representative of the Manager.

The board representation rights of the Existing Investors will be adjusted as their aggregate ownership of common membership interests in Atlantic Holdings is reduced. As the board representation rights of the Existing Investors are reduced, the size of the board of managers of Atlantic Holdings will be correspondingly reduced. The Existing Investors' board representation rights will be adjusted as follows:

<u>Ownership of Common Membership Interests of Atlantic Holdings</u>	<u>Board Representation Rights</u>
More than or equal to 20% .....	two representatives
Less than 20% but not less than 10%.....	one representative
Less than 10%.....	no representative

**Special Approvals.** In addition to majority approval of the board of managers of Atlantic Holdings, Atlantic Holdings may not, without the approval by at least 80% of the votes cast by holders of outstanding common membership interests: (i) other than in connection with an event of default under the Indenture, enter into a merger, consolidation, combination or other material transaction of a similar nature; (ii) other than in connection with an event of default under the Indenture, directly or indirectly sell or otherwise dispose of all or substantially all of its assets; (iii) redeem any of the outstanding Class A preferred membership interests where such redemption is made at its discretion; (iv) adopt any plan or proposal for the liquidating, dissolving, reorganizing or recapitalizing of Atlantic Holdings or to commence any action seeking relief under any laws relating to bankruptcy, insolvency, conservatorship or relief of debtors; (v) change its fiscal year (unless required or indicated for tax reasons) or make a material change in its accounting policies or procedures unless required under the applicable generally accepted accounting principles; (vi) change the size of the board of managers of Atlantic Holdings; (vii) take, or permit, any action which would prevent the business from continuing on an ongoing basis; or (viii) agree to do any of the preceding. The Operating Agreement also contains pre-emptive rights in favour of the Issuer and the Existing Investors, co-sale rights in favour of the Existing Investors and drag-along rights in favour of the Issuer.

**Executives.** Pursuant to the terms of the Management Agreement, the Manager has the exclusive authority to manage the business and affairs of Atlantic Holdings, to make all decisions regarding Atlantic Holdings and to bind Atlantic Holdings subject to approval, in certain circumstances, by the board of managers of Atlantic Holdings. The Manager has appointed a full-time chief executive officer and chief financial officer and corporate secretary and will appoint such other officers as are considered necessary to fulfil its obligations under the Management Agreement. The board of managers of Atlantic Holdings has appointed an audit committee and is expected to appoint a compensation, nominating and corporate governance committee each of which shall meet all regulatory guidelines which would apply if Atlantic Holdings were a listed reporting issuer.

**Amendment.** The Operating Agreement provides that it can only be amended, modified or waived with the approval of the Issuer, Atlantic Holdings and the Existing Investors (for so long as they hold membership interests in Atlantic Holdings).

## **RISK FACTORS**

An investment in the IPSs and the Common Shares and Subordinated Notes represented thereby involves a number of risks. In addition to the other information contained in this annual information form, prospective investors should give careful consideration to the following factors. Any of the matters highlighted in these risk factors could have a material adverse effect on the Issuer's results of operations, business prospects or financial condition, the cash available to the Issuer for distribution to holders of IPSs, Common Shares and Subordinated Notes or on the market price or value of IPSs, Common Shares or Subordinated Notes.

## **Risks Related to the Business and the Projects**

### ***Revenue May be Reduced Upon Expiration or Termination of PPAs***

Power generated by the Projects, in most cases, is sold under PPAs that expire at various times. In addition, these PPAs may be subject to termination in certain circumstances, including default by the Project owner or operator. When a PPA expires or is terminated, it is possible that the price received by the relevant Project for power under subsequent arrangements may be reduced significantly. It is possible that subsequent power purchase arrangements may not be available at prices that permit the operation of the Project on a profitable basis. If this occurs, the affected Project may temporarily or permanently cease operations.

### ***The Projects Depend on their Electricity and Thermal Energy Customers***

Each Project relies on one or more PPAs, steam sales agreements or other agreements with one or more utilities or other customers for a substantial portion of its revenue. The amount of cash available for distribution to holders of IPSs, Common Shares and Subordinated Notes is highly dependent upon customers under such agreements fulfilling their contractual obligations. There is no assurance that these customers will perform their obligations or make required payments to the Project Operating Entities.

### ***Certain Projects are Exposed to Fluctuations in the Price of Electricity***

While a majority of the off-takers of the Projects are contractually obligated to purchase electricity under long-term PPAs, those Projects with power purchase arrangements based on market pricing will be exposed to fluctuations in the wholesale price of electricity. In addition, should any of the long-term PPAs expire or terminate, the Manager or the relevant Project operator will be required to either negotiate new PPAs or sell into the electricity wholesale market, in which case the prices for electricity will depend on market conditions at the time.

### ***Operations are Subject to the Provisions of Various Energy Laws and Regulations***

If any Project that is a QF were to lose its status as a QF, then such Project may no longer be entitled to exemption from provisions of the PUHCA and/or the FPA and state law and regulations as described under "Power Industry Overview — Industry Regulation". This could subject such Projects to rate regulation as public utilities under the FPA and state law and could, unless such Project was dually-certified as an EWG, result in the Issuer or certain of its affiliates inadvertently becoming a public utility holding company by owning more than 10% of the voting securities of, or controlling, a facility that would no longer be exempt from PUHCA. This could cause some or all of the remaining Projects that are QFs to lose their QF status, because QFs may not be controlled, or more than 50% owned, by public utility holding companies as defined by PUHCA.

Loss of QF status could trigger defaults under covenants to maintain QF status in the PPAs, steam sales agreements and Project-level debt agreements and result in termination, penalties or acceleration of indebtedness under such agreements, plus interest. A Project may lose its QF status on a retroactive or prospective basis.

While legislation to repeal and amend certain sections of PURPA currently pending before the United States Senate and the United States House of Representatives protects existing contracts of QFs from a repeal of the obligation of electric utilities to purchase electricity from QFs, there is no guarantee that such proposed legislation will become law or that such legislation, in its final form, or any other legislation, will contain provisions to grandfather existing PPAs. Loss of QF status by any of the Projects on a retroactive basis could lead to, among other things, an order from FERC against the applicable Project for refunds of payments previously made under the PPAs, with interest.

If those Projects that are EWGs were to lose their EWG status, this could result in certain affiliates of the Issuer inadvertently becoming a public utility holding company by owning more than 10% of the voting securities of, or controlling, a facility that would no longer be exempt from PUHCA. This could cause some or all of the remaining Projects to lose their QF status. Loss of exemption from PUHCA would also trigger defaults under loan covenants to maintain exemptions from PUHCA.

Under the FPA, FERC has exclusive rate-making jurisdiction over wholesale sales of electric energy and the transmission of electric energy in interstate commerce. These rates may be determined on either a cost-of-service basis or, if the applicable standards are met, using a market-based approach. If any of the Projects were to lose its QF status, the rates set forth in the applicable PPA would have to be filed with FERC and would be subject to initial and potentially subsequent reviews by FERC under the FPA, which could result in reductions to the rates.

On September 30, 2004, Pasco filed a petition seeking a temporary waiver of QF requirements for calendar year 2004 and 2005 with FERC because the steam demands from the current and new steam users were insufficient to reliably maintain QF status. The FERC granted the waiver to the Project for the 2004 and 2005 calendar years, which will allow Pasco the time needed to complete the installation of water distillation equipment so it can sell distilled water to counterparties commencing in 2005 and retain its QF status. The estimated cost of the distillation system is \$2.0 million and the Project has reserved sufficient cash to fund its installation. Steam sales under the Thermal Agreement, along with steam used for distilled water sales, will allow Pasco to meet the FERC QF standards beginning in 2006.

#### ***Projects May Not Operate as Planned***

The revenue generated by the Projects is dependent, in whole or in part, on the amount of electric energy and steam generated by them. The ability of the Projects to generate the maximum amount of power to be sold to customers under the PPAs is the primary determinant in the amount of cash that will be distributed to the Issuer, and that will in turn be available for distribution to holders of IPSs, Common Shares and Subordinated Notes. With respect to each of the Projects, there is a risk of equipment failure due to wear and tear, latent defect, design error or operator error, among other things, which could adversely affect revenues and cash available for distribution. To the extent that the Projects' equipment requires longer than forecast down times for maintenance and repair, or suffers disruptions of power generation for other reasons, the amount of cash available for distribution may be adversely affected.

In general, the Projects transmit electric power to the transmission grid for purchase under the PPAs through a single, main step up transformer. As a result, the transformer represents a single point of failure and the transformer may exhibit no abnormal behaviour in advance of a catastrophic failure which could cause a temporary shutdown of the facility until a spare transformer can be found or a replacement manufactured. In the case of a shutdown, the Projects may be able to claim a force majeure under the Project contracts such as the PPA, fuel supply, steam sales agreement, loan agreements or insurance policies. If successful, such a claim may prevent a default under such contracts. However, a force majeure claim may be challenged by the contract counterparty and, to the extent the challenge is successful, it may have a materially adverse effect on the Project.

The Orlando Project experienced a failure of its main generator step up transformer on June 16, 2004, resulting in a temporary shutdown of the facility. Northern Star has determined that the failure of a high voltage bushing was the cause of the problem. The Project returned to service in August 2004. The Project has been operating normally since its return to service. Insurance proceeds are expected to cover most of the repair cost. Northern Star has advised that it believes that this event falls within the definition of a force majeure event under both the Progress Energy and Reedy Creek PPAs. Discussions are underway with Progress Energy and Reedy Creek regarding the temporary shutdown of the facility and one has been paying lower capacity payments based on its interpretation that the incident is not a force majeure event.

***The Projects are Subject to Significant Environmental and Other Regulations***

The Projects are subject to numerous and significant federal, state and local laws, including statutes, regulations, by-laws, guidelines, policies, directives and other requirements governing or relating to, among other things: air emissions; discharges into water; the storage, handling, use, transportation and distribution of dangerous goods and hazardous and residual materials, such as chemicals; the prevention of releases of hazardous materials into the environment; the prevention, presence and remediation of hazardous materials in soil and groundwater, both on and off site; land use and zoning matters; and workers' health and safety matters. As such, the operation of the Projects carries an inherent risk of environmental, health and safety liabilities (including potential civil actions, compliance or remediation orders, fines and other penalties), and may result in the Projects being involved from time to time in administrative and judicial proceedings relating to such matters.

The Projects have obtained environmental permits and other approvals that are required for their operations. Compliance with applicable laws and future changes to them is material to the Issuer's businesses. Although the Manager believes the operations of the Projects are currently in material compliance with applicable environmental laws, licences, permits and other authorizations required for the operation of the Projects and although there are environmental monitoring and reporting systems in place with respect to all the Projects, there is no guarantee that more stringent laws will not be imposed, that there will not be more stringent enforcement of applicable laws or that such systems may not fail, which may result in material expenditures. Failure by the Projects to comply with any environmental, health or safety requirements, or increases in the cost of such compliance, including as a result of unanticipated liabilities or expenditures for investigation, assessment, remediation or prevention, could result in additional expense, capital expenditures, restrictions and delays in the Projects' activities, the extent of which cannot be predicted.

***The Projects Depend on Suppliers Under Fuel Supply Agreements and Increases in Fuel Costs may Adversely Affect the Profitability of the Projects***

Revenues in respect of the Projects may be affected by the availability, or lack of availability, of a stable supply of fuel at reasonable prices. To the extent possible, the Projects attempt to match fuel costs to PPA energy payments. To the extent that fuel costs are not matched directly to PPA energy payments, increases in fuel costs may adversely affect the profitability of the Projects.

The amount of energy generated at the Projects is highly dependent on suppliers under certain fuel supply agreements fulfilling their contractual obligations. The loss of significant fuel supply agreements or an inability or failure by any supplier to meet its contractual commitments may adversely affect cash distributions by the Issuer.

Upon the expiry or termination of existing fuel supply agreements, the Manager or Project operators will have to renegotiate these agreements or may need to source fuel from other suppliers. There can be no assurance that the Manager or Project operators will be able to renegotiate these agreements or enter into new agreements on similar terms. Furthermore, there can be no assurance as to availability of the supply or pricing of fuel under new arrangements.

The amount of energy generated at the Projects is dependent upon the availability of natural gas, coal, oil or biomass. There can be no assurance that the long-term availability of such resources will remain unchanged.

***Increasing Competition Could Adversely Affect the Performance of the Issuer and the Projects***

The power generation industry is characterized by intense competition, and the Projects encounter competition from utilities, industrial companies and other independent power producers. In recent years, there has been increasing competition among generators in an effort to obtain power sales agreements,

and this competition has contributed to a reduction in electricity prices in certain markets. In addition, many states are implementing or considering regulatory initiatives designed to increase competition in the U.S. power industry.

***The Projects Depend on a Favourable Regulatory Regime***

The profitability of the Projects is in part dependent upon the continuation of a favourable regulatory climate with respect to the continuing operations and the future growth and development of the independent power industry. Should the regulatory regime in an applicable jurisdiction be modified in a manner which adversely affects the Projects, including increases in taxes and permit fees, cash available for distribution may be adversely affected. The failure to obtain all necessary licences or permits, including renewals thereof or modifications thereto, may also adversely affect cash available for distribution.

***ArcLight May Manage Entities that Compete with the Issuer and Atlantic Holdings***

Certain officers of the Manager are full-time employees of the Manager and devote their time and efforts exclusively to or for the benefit of the business of Atlantic Holdings and the Issuer. ArcLight and their affiliates and employees or agents may be engaged or invest directly or indirectly in a variety of other companies or other entities involved in owning, managing or advising on or otherwise engaged in the business of the generation, production, transmission, distribution, purchase and sale of electricity, other forms of energy-related projects, infrastructure projects, utility projects or other businesses.

Affiliates of ArcLight currently act, and may hereafter act, as managers to investment funds whose investment criteria encompass investments in power generation facilities in Canada and the U.S. In particular, an affiliate of ArcLight is the general partner of Fund I and Fund II, which invest in power generation, transmission and distribution assets as well as power-related fuel, services and equipment businesses, primarily in the United States. Existing and future agreements governing investment funds managed by affiliates of ArcLight, including the agreements governing Fund I and Fund II, require, and are expected to require in the case of future agreements, that suitable investments for such investment funds identified by ArcLight first be offered to the investment funds. The Management Support Agreement (as defined below) requires that ArcLight and its affiliates give the Manager the opportunity to pursue, on behalf of the Issuer and Atlantic Holdings, investment opportunities that do not fit within the investment guidelines for Fund I, Fund II or other investment funds managed by ArcLight or its affiliates or that do fit within such investment guidelines but which such investment funds determine not to pursue. None of ArcLight or its affiliates are prohibited by the Management Agreement or any other agreement with Atlantic Holdings or the Issuer from competing with Atlantic Holdings or the Issuer, or from acquiring, investing in, or providing administrative or managerial services to, a competitor of Atlantic Holdings or the Issuer.

***The Issuer Has Limited Control Over the Operation of Certain Projects***

In most cases, the Projects are not wholly-owned by the Issuer, and in many cases the Issuer has limited control over the operation of the Projects. Third-party operators manage the operations of many of the Projects. As such, the Issuer must rely on the technical and management expertise of these third-party operators. To the extent that such third party operators do not fulfill their obligations to manage the operations of the Projects or are not effective in doing so, the amount of cash available for distribution may be adversely affected.

***Sufficient Capital May Not be Available to Fund Acquisitions, Investments, Expansions or Capital Expenditures***

Future acquisitions, investments, expansions and other capital expenditures by the Issuer and its subsidiaries will be financed out of cash generated from operations, sales of additional securities of the

Issuer and borrowings. There can be no assurance that sufficient capital will be available on acceptable terms to fund acquisitions, investments, capital expenditures or expansion projects.

***The Issuer May Face Significant Competition for Acquisitions and May Not Successfully Integrate Acquisitions***

The Issuer's business plan includes growth through identifying suitable acquisition or investment opportunities, pursuing such opportunities, consummating acquisitions or investments and effectively integrating acquisitions or investments with the Issuer's business. There can be no assurance that the Manager will be able to identify attractive acquisition candidates in the power industry in the future, that the Issuer will be able to make acquisitions or investments on an accretive basis or that acquisitions or investments will be successfully integrated into the Issuer's existing operations. Although the U.S. power industry is continuing to undergo consolidation and may offer attractive acquisition and investment opportunities, the Manager believes that the Issuer is likely to confront significant competition for those opportunities and, due to the constriction in the availability of capital resources for acquisitions, investments and other expansion, to the extent that any opportunities are identified, the Issuer may be unable to effect acquisitions or investments.

Any acquisition or investment may involve potential risks, including an increase in indebtedness, the inability to successfully integrate operations, the potential disruption of the Issuer's ongoing business and the diversion of management's attention from other business concerns and the possibility that the Issuer pays more than the acquired company or interest is worth. There may also be liabilities that the Manager failed to discover or was unable to discover in its due diligence prior to the consummation of the acquisition or investment and the Issuer may not be indemnified for some or all these liabilities. In addition, the Issuer's funding requirements associated with acquisitions or investments and integration costs may reduce the funds available to the Issuer to make distributions.

***Operations are Subject to a Number of Natural and Inherent Risks***

The occurrence of a significant event which disrupts the ability of the Projects to produce or sell power for an extended period, including events which preclude existing customers from purchasing power, could have a material adverse effect on the amount of cash that will be available for distribution to holders of IPSs, Common Shares and Subordinated Notes. A certain portion of the events that might give rise to force majeure may, however, be mitigated by the Projects' insurance programs.

***Insurance May Not be Sufficient to Cover All Losses***

While the Manager believes that the Projects' insurance coverage addresses all material insurable risks, provides coverage that is similar to what would be maintained by a prudent owner/operator of similar facilities and are subject to deductibles, limits and exclusions which are customary or reasonable given the cost of procuring insurance, current operating conditions and insurance market conditions, there can be no assurance that such insurance will continue to be offered on an economically feasible basis, nor that all events that could give rise to a loss or liability are insurable, nor that the amounts of insurance will at all times be sufficient to cover each and every loss or claim that may occur involving the assets or operations of the Projects or the Issuer.

***Financing Arrangements Could Impact the Business of the Issuer***

Current or future borrowings by the Issuer or its subsidiaries will increase the level of financial risk to the Issuer and, to the extent that the interest rates are not fixed or that borrowings are refinanced at different rates, will increase the sensitivity of cash available for distribution to interest rate variations. Contractual arrangements in respect of those borrowings may also adversely affect cash available for distribution. In addition, most of the Projects currently have term loan or other financing arrangements in place with various lenders. These financing arrangements are typically secured by all of the Project assets

and contracts as well as the equity interests in the Project Operating Entities (including those owned by the Issuer). The terms of these financing arrangements generally impose many covenants and obligations on the part of the Project Operating Entity and other borrowers and guarantors. In many cases, a default by any party under other Project operating agreements (such as a PPA or a steam sales agreement) will also constitute a default under the Project's term loan or other financing arrangement. Failure to comply with the terms of these term loans or other financing arrangements, or events of default thereunder, may prevent cash distributions by the Project or the Project Operating Entity and may entitle the lenders to demand repayment and enforce their security against Project assets. In addition, if an event of default should occur, the lenders are entitled to take possession of the equity interests in Project Operating Entities held by the owners of the Project that have been pledged to such lenders.

The failure of the Issuer to refinance or repay any indebtedness ranking senior to the Subordinated Notes (including indebtedness outstanding under the Credit Facility) when due would constitute a default under such indebtedness. Under such circumstances, it is expected that distributions by the Issuer to holders of IPSs would not be permitted until such indebtedness was refinanced or repaid and the Issuer may be required to sell assets or take other actions, including the initiation of bankruptcy proceedings or the commencement of an out-of-court debt restructuring.

In December 2003, the steam off-taker for the MASSPOWER Project (Solutia Inc.) filed for bankruptcy protection. Solutia's bankruptcy constitutes an event of default under MASSPOWER's financing arrangements. Due to the event of default, cash in excess of Project-level debt service has accumulated in a restricted payment account since the fourth quarter of 2003. The Project lenders have agreed to waive the event of default, provided that if Solutia moves to reject or rescind any of its contractual obligations to MASSPOWER or cease to accept steam, the waiver automatically terminates. Notwithstanding the waiver, MASSPOWER is not permitted to make distributions to its partners or borrow money for working capital. Upon resolution of the event of default (for example, by waiver of the Project lenders or by Solutia's assumption or affirmation of the steam sales agreement and site lease agreement with MASSPOWER), the funds in the restricted payment account will be distributed to the equity owners. The termination of the BECO and ComElectric PPAs resulted in a payment to MASSPOWER in an amount that enabled it to repay all outstanding Project debt. Accordingly, the funds in the restricted payment account have been released and MASSPOWER is permitted to make distributions to its equity owners. See "Project Descriptions – MASSPOWER Project".

Under Selkirk's financing agreements, Selkirk did not satisfy certain conditions with respect to the extension or replacement of its firm gas supply agreements by December 26, 2004, so cash otherwise available for distribution to Selkirk's partners is being deposited into a separate account until the balance in the account is sufficient to fund all scheduled principal repayments on Selkirk's outstanding bonds from June 26, 2010 through June 26, 2012. Selkirk has successfully extended three of the four contracts and is having discussions with potential suppliers for the fourth contract. Upon entering into or extending the fourth contract that is satisfactory to the lenders, the requirement to trap otherwise distributable cash will be lifted and the cash being held in the separate account will be released and available for distribution to the partners.

***Equity Interests in the Project Operating Entities are Typically Subject to Transfer Restrictions***

In addition to the pledges referred to above, the partnership or other agreements governing the Project Operating Entities typically limit a partner's ability to deal with its interest. Specifically, such agreements generally prohibit any sale, pledge, transfer, assignment or other conveyance of the interest in a Project Operating Entity without the consent of the other partners or shareholders. In some cases, other partners may have rights of first offer or rights of first refusal in the event of a proposed sale or transfer. Such restrictions may limit or prevent the Issuer from dealing with its interests in the Project Operating Entities in the manner it sees fit, and may have an adverse effect on the Issuer's ability to realize on its investments.

***The Projects' Operations are Subject to the Risk of Future Proceedings***

The Projects' operations are subject to all operating hazards and risks normally incidental to the generation of electricity. As a result, at any given time, the Projects, Project Operating Entities and other entities associated with the operation of the Projects may be defendants in various legal proceedings and litigation arising in the ordinary course of business. The Projects maintain insurance policies with insurers in amounts and with coverages and deductibles that the Manager believes to be reasonable and prudent. However, there can be no assurance that this insurance will be adequate to protect the Projects from all material expenses related to potential future claims for loss or damage or that these levels of insurance will be available in the future at economical prices. A significant judgment against any Project or Project Operating Entity, the loss of a significant permit or other approval or the imposition of a significant fine or penalty could have a material adverse effect on the Issuer's business, financial condition and future prospects and could adversely affect cash distributions by the Issuer.

***The Project Operating Entities are Exposed to Risks Inherent in the Use of Derivative Instruments***

The Project Operating Entities use derivative instruments, including futures, forwards, options and swaps, to manage their commodity and financial market risks. In addition, the Project Operating Entities purchase and sell commodity-based contracts in the natural gas, electricity and oil markets for trading purposes. In the future, the Project Operating Entities could recognize financial losses on these contracts as a result of volatility in the market values of the underlying commodities or if a counterparty fails to perform under a contract. In the absence of actively quoted market prices and pricing information from external sources, the valuation of these contracts involves judgement or use of estimates. As a result, changes in the underlying assumptions or use of alternative valuation methods could affect the reported fair value of these contracts.

**Risks Related to the Structure of the Issuer**

***The Issuer is Dependent on the Projects for all Cash Available for Distributions***

The Issuer is dependent on the operations and assets of the Projects through its indirect ownership of interests in the Projects. The Issuer's ability to make payments on the Subordinated Notes and to make cash distributions to holders of IPSs and Common Shares is dependent on the ability of Atlantic Holdings to make distributions to the Issuer, which in turn is dependent on the ability of the Project Holding Entities and the partnerships and other entities in which they hold interests, directly or indirectly, to make distributions to Atlantic Holdings. The actual amount of cash available for payments to holders of Subordinated Notes and distribution to holders of IPSs and Common Shares depends upon numerous factors relating to each of the Projects, including profitability, changes in revenues, fluctuations in working capital, capital expenditure levels, applicable laws, compliance with contracts and contractual restrictions contained in the instruments governing any indebtedness. Any reduction in the amount of cash available for distribution, or actually distributed, by the Projects or Atlantic Holdings will reduce the amount of cash available for the Issuer to make payments to holders of Subordinated Notes and distributions to holders of IPSs and Common Shares. While the Issuer is contractually obligated to make interest payments on the Subordinated Notes, cash distributions by the Issuer on the Common Shares, including the Common Share component of an IPS, are not guaranteed and will fluctuate with the performance of the Projects. Generally, the interest in the Projects held indirectly by the Issuer is 50% or less. Accordingly, the Issuer's influence on the operations and assets of the Projects may be limited.

***Distribution of all Available Cash May Restrict Potential Growth of Atlantic Holdings and the Issuer***

The payout by the Issuer and Atlantic Holdings of substantially all of their operating cash flow will make additional capital and operating expenditures dependent on increased cash flow or additional

financing in the future. Lack of these funds could limit the future growth of the Issuer and Atlantic Holdings and their cash flow. In addition, the Issuer may be precluded from pursuing otherwise attractive acquisitions or investments because they may not be accretive to the Issuer on a short-term basis.

***Future Distributions are not Guaranteed***

While the Issuer is contractually obligated to make interest payments on the Subordinated Notes, the Issuer's board of directors or Atlantic Holdings' board of managers may, in their respective discretion, amend or repeal the existing distribution policy relating to equity distributions. Future equity distributions from these companies, if any, will depend on, among other things, the results of operations, cash requirements, financial condition, contractual restrictions, business opportunities, provisions of applicable law and other factors that the board of directors or managers may deem relevant. Either of these boards of directors or managers may decrease the level of equity distributions provided for in their existing distribution policies or entirely discontinue such distributions.

***Exchange Rate Fluctuations May Impact the Amount of Cash Available for Distribution by the Issuer***

A substantial portion of the Issuer's distributions to holders of IPSs, Common Shares and Subordinated Notes may be denominated in Canadian dollars. Conversely, all of the Projects' revenues and expenses, together with distributions received by Atlantic Holdings from the Projects, are denominated in U.S. dollars. As a result, the Issuer is exposed to currency exchange rate risks.

Although Atlantic Holdings has entered into hedging arrangements to mitigate this exchange rate risk, there can be no assurance that these arrangements will be sufficient to fully protect against this risk. If hedging transactions do not fully protect against this risk, changes in the currency exchange rate between U.S. and Canadian dollars could have a material adverse effect on the Issuer's results of operations and may adversely affect cash distributions by the Issuer. The costs associated with the conversion of U.S. dollars to Canadian dollars and these hedging arrangements is borne by Atlantic Holdings.

***Substantial Indebtedness Could Negatively Impact the Business of the Issuer and the Projects***

The degree to which the Issuer is leveraged on a consolidated basis could have important consequences to the holders of IPSs, Common Shares and Subordinated Notes, including:

- the Issuer's ability in the future to obtain additional financing for working capital, capital expenditures or other purposes may be limited;
- the Issuer may be unable to refinance indebtedness on terms acceptable to the Issuer or at all;
- defaults under Senior Indebtedness may prevent the Issuer from making payments on the Subordinated Notes;
- a significant portion of the Issuer's cash flow (on a consolidated basis) is likely to be dedicated to the payment of the principal of and interest on its indebtedness, including the Subordinated Notes, thereby reducing funds available for future operations, capital expenditures and/or dividends on its Common Shares; and
- the Issuer may be more vulnerable to economic downturns and be limited in its ability to withstand competitive pressures.

***The Issuer May Not be Able to Repurchase the Subordinated Notes Upon a Change of Control***

Upon the occurrence of certain specific kinds of change of control events, the Issuer will be required to offer to repurchase outstanding Subordinated Notes at 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of repurchase. However, it is possible that the Issuer will not have sufficient funds at the time of the change of control to make any required repurchases. Failure to purchase tendered notes would constitute a default under the Indenture, which, in turn, would constitute a default under the Credit Facility.

***Changes in the Issuer's Creditworthiness May Affect the Value of the IPSs, Common Shares and Subordinated Notes***

The perceived creditworthiness of the Issuer, Atlantic Holdings and their respective subsidiaries that have guaranteed the Subordinated Notes, as well as changes in ratings of the IPSs, may affect the market price or value and the liquidity of the IPSs, Common Shares and Subordinated Notes. There is no assurance that a rating will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by a rating agency if in its judgement circumstances so warrant. The rating of the IPSs is not a recommendation to purchase, hold or sell such securities.

***Restrictive Covenants in Credit Facilities Could Impact the Business of the Issuer***

The Credit Facility contains restrictive covenants that limit the discretion of Atlantic Holdings with respect to certain matters. The ability of Atlantic Holdings to make distributions is subject to the restrictive covenants contained in the Credit Facility. If an event of default occurs under the Credit Facility or other senior indebtedness of Atlantic Holdings and the lender enforces a guarantee provided by the Issuer, the Issuer will be restricted or prevented from making distributions on its Common Shares and from making payments on the Subordinated Notes.

***Future Issuances of IPSs or Common Shares Could Result in Dilution***

The Issuer's articles of incorporation authorize the issuance of an unlimited number of Common Shares for such consideration and on such terms and conditions as are established by the board of directors without the approval of any shareholders. Additional IPSs or Common Shares may be issued by the Issuer in connection with a future financing or acquisition by the Issuer. The issuance of additional IPSs or Common Shares may dilute an investor's investment in the Issuer and reduce distributable cash per Common Share or per IPS.

***Limitations on Enforcement of Certain Civil Judgments by Canadian Investors***

The Existing Investors are organized under the laws of the State of Delaware. All of the assets of the Projects are located outside of Canada and certain of the experts named in the Issuer's initial public offering prospectus dated November 10, 2004 are residents of the United States. As a result, it may be difficult or impossible for investors to effect service within Canada upon the Existing Investors or their managers or officers who are not residents of Canada, or such experts, or to enforce or realize against them upon judgments of courts of Canada predicated upon the civil liability provisions of applicable Canadian provincial securities laws.

The Existing Investors signed the prospectus described above as promoters. The Existing Investors have been advised by counsel in the United States that there is some doubt as to the enforceability in the United States by a court in original actions, or in actions to enforce judgments of Canadian courts, of civil liabilities predicated upon such applicable Canadian provincial securities laws.

Each Existing Investor has indemnified the Issuer for breaches of representations and warranties given by it under the Acquisition Agreements. However, the indemnification obligations are limited and accordingly the Issuer may not be able to recover the full amount of any losses or damages suffered by it

as a result of such breach to the detriment of the Issuer and ultimately holders of IPSs, Common Shares or Subordinated Notes. Finally, there can be no assurance that the Existing Investors will have sufficient assets to satisfy any liability under Canadian provincial securities laws or any indemnification liability.

### ***Investment Eligibility and Foreign Property***

There can be no assurance that the Common Shares and Subordinated Notes represented by the IPSs will continue to be qualified investments for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and registered education savings plans or that the Common Shares and Subordinated Notes represented by the IPSs will not be foreign property under the Tax Act. The Tax Act imposes penalties for the acquisition or holding of non-qualified or ineligible investments and on excess holdings of foreign property. In particular, if the Issuer ceases to have a "substantial Canadian presence" (as that term is understood for the purposes of the Tax Act), the Common Shares and Subordinated Notes represented by the IPSs may become foreign property. There can be no assurance that the Issuer will continue to have a substantial Canadian presence. On February 23, 2005, the Minister of Finance (Canada) proposed amendments to the Tax Act to eliminate the limit in respect of holding foreign property effective as of the beginning of 2005.

On March 23, 2004, the Minister of Finance (Canada) proposed amendments to the Tax Act (the "Budget Proposals") to restrict direct and indirect holdings in "business income trusts" (as defined in the Budget Proposals) by certain tax exempt investors. On May 18, 2004, the Minister of Finance (Canada) suspended the Budget Proposals pending consultation with representatives of the pension fund industry, the investment industry, provincial governments and other interested parties. While the Budget Proposals did not reference ownership of subordinated notes and common shares of a company as represented by IPSs, IPSs share many characteristics of income trust units. As part of the release of the 2005 Federal Budget, the Minister of Finance (Canada) issued further statements in respect of the Budget Proposals advising that the Department of Finance will continue to consult stakeholders on tax issues related to business income trusts and other flow-through entities. These statements indicated that a consultation paper will be released shortly after the 2005 Federal Budget and that the Department of Finance will continue to monitor developments in the markets for business income trusts and other flow-through entities during the consultation period. Any further initiatives in this area, if any, will be taken following the completion of such consultations. Accordingly, further changes in this area, in addition to or in replacement of the Budget Proposals, are possible. Such changes could result in the Canadian federal income tax considerations generally applicable to a holder of Common Shares and Subordinated Notes, as represented by IPSs, being materially different in certain respects.

### ***U.S. Federal Income Tax Risks***

There can be no assurance that U.S. federal income tax laws and IRS administrative policies respecting the U.S. federal income tax consequences generally applicable to a holder of Common Shares and Subordinated Notes, as represented by IPSs, will not be changed in a manner which adversely affects Non-U.S. Holders.

There is no authority that directly addresses the tax treatment of securities similar to the Subordinated Notes which are offered in circumstances similar to the Offering (i.e., as part of a unit that includes common shares of the Issuer). In light of this absence of direct authority, it cannot be concluded with certainty that the Subordinated Notes will be treated as debt for U.S. federal income tax purposes, and, although the Issuer intends to take the position that the Subordinated Notes are debt for U.S. federal income tax purposes, there can be no assurance that this position will not be challenged by the IRS. If such a challenge were sustained, interest payments on the Subordinated Notes would be recharacterized as non-deductible distributions with respect to the Issuer's equity, and the Issuer's net taxable income which is effectively connected income and thus its U.S. federal income tax liability would be materially increased. As a result, the Issuer's after-tax cash flow would be reduced and the Issuer's ability to make

interest payments on Subordinated Notes and distributions with respect to Common Shares could be materially and adversely impacted.

***Certain U.S. Tax Considerations May Discourage Third Parties from Pursuing a Tender Offer or other Change of Control Transaction***

Under certain circumstances, Code Section 163(j) limits a corporation's deductions for interest paid to related foreign persons exempt from U.S. tax. For these purposes, a corporation and a creditor of the corporation will generally be "related" if the creditor owns, directly or by attribution, more than 50% of the corporation by vote or value. The purchase of an IPS should be treated for U.S. tax purposes as a purchase of both an equity interest and a creditor's interest in the Issuer. As a result, a purchase by any non-U.S. person of more than 50% of the IPSs could result in the Issuer's interest deductions being limited with respect to the Subordinated Notes forming part of those IPSs or otherwise owned by such person. Furthermore, if any non-U.S. person owns, directly or by attribution, 10% or more of the outstanding voting stock of the Issuer (including stock owned through IPSs), or certain other relationships exist, then the Issuer may be required to withhold U.S. tax at a rate of up to 30% on interest payable on any Subordinated Notes owned by that person (including Subordinated Notes owned through IPSs), unless an exemption or reduced rate of U.S. withholding tax applies. Either of these factors could discourage third parties from pursuing a tender offer or other change of control transaction with respect to the Issuer, which otherwise might have led to a premium being paid for IPSs.

***The Issuer May Not be Able to Make all Principal Payments on the Subordinated Notes***

The Subordinated Notes will mature on November 18, 2016. The Issuer may not be able to refinance the principal amount of the Subordinated Notes in order to repay the principal outstanding or may not have generated enough cash from operations to meet this obligation. There is no guarantee that the Issuer will be able to repay the outstanding principal amount upon maturity of the Subordinated Notes.

As a result of the subordinated nature of the guarantees of the Subordinated Notes, upon any distribution to creditors of Atlantic Holdings in a bankruptcy, liquidation or reorganization or similar proceeding relating to Atlantic Holdings or its property or assets, the holders of Atlantic Holdings' senior indebtedness will be entitled to be paid in full in cash before any payment may be made with respect to the Subordinated Notes under the guarantee provided by Atlantic Holdings. In the event of a bankruptcy, liquidation or reorganization or similar proceeding relating to any of the Project Operating Entities or the Projects (other than the Onondaga Project and the Lake Project), the holders of the Subordinated Notes will not have a claim against the assets of such Projects.

***Holders of IPSs, Common Shares and Subordinated Notes May Have Limited Liquidity***

Neither the IPSs nor the Common Shares have an extensive public market history. No assurance can be made that an active trading market for the IPSs will be sustained in the future, and the Issuer currently does not expect that an active trading market for the Common Shares will develop until the Subordinated Notes mature. The Common Shares will not be posted for trading on the Toronto Stock Exchange until there exists a sufficient public distribution (for the purposes of the listing requirements of the Toronto Stock Exchange) of Common Shares that are held separately from Subordinated Notes. There is no intention to list the Subordinated Notes on any stock exchange. BMO Nesbitt Burns Inc. has advised the Issuer that it currently intends to facilitate a secondary market in the Subordinated Notes and Common Shares subject to customary market practice and applicable legal and regulatory requirements and limitations. However, BMO Nesbitt Burns Inc. is not obligated to do so and may discontinue any such activities, if commenced, at any time and without notice. Moreover, if and to the extent that BMO Nesbitt Burns Inc. facilitates a market for the Subordinated Notes and Common Shares, there can be no assurance that such market would provide sufficient liquidity for any holder of any such securities.

***Amounts in the Reserve Account may not be Sufficient to Stabilize Future Cash Distributions of the Issuer and Fund Acquisitions and Other Growth Opportunities***

The Reserve Account has been established to stabilize future cash distributions and to fund acquisitions and other growth opportunities with the objective of enhancing the long-term stability of cash distributions to holders of IPSs. There can be no assurance that amounts in the Reserve Account and the return on investment on such amounts will be sufficient to stabilize future cash distributions or fund growth opportunities. Investments held in the Reserve Account are subject to all risks applicable to such investments. Atlantic Holdings may lose all or part of the funds in the Reserve Account due to factors that are beyond the control of Atlantic Holdings. Although the Manager will seek professional investment advice in situations where it deems it necessary or prudent or in situations where it is otherwise required by law to do so, it is expected that investments in the Reserve Account will not provide a rate of return equal to the rate paid out by the Issuer to holders of IPSs.

***The Market Price for the IPSs, Common Shares or Subordinated Notes May be Volatile***

There has been limited public market for income participating securities. Factors such as variations in the Issuer's financial results, announcements by the Issuer, the Projects or others, developments affecting the business of the Issuer or the Projects, general interest rate levels, the market price of the Common Shares and general market volatility could cause the market price of the IPSs, the Common Shares or the Subordinated Notes to fluctuate significantly.

In addition, future sales or the availability for sale of substantial amounts of IPSs or Common Shares or a significant principal amount of Subordinated Notes in the public market could adversely affect the prevailing market price of the IPSs, the Common Shares and the Subordinated Notes and could impair the Issuer's ability to raise capital through future sales of its securities.

**RATING OF IPSs**

DBRS has adapted its income funds rating methodology in order to assign stability ratings to IPSs. DBRS has assigned a preliminary stability rating of STA-3 (low) to the IPSs of the Issuer. DBRS finalized this stability rating on January 18, 2005. Similar to units of income funds rated STA-3, IPSs rated STA-3 are considered by DBRS to have good stability and sustainability of distributions per IPS. Ratings categories range from STA-1 to STA-7, with STA-1 being the highest. Ratings take into consideration the following seven main factors: (1) operating and industry characteristics, (2) asset quality, (3) financial flexibility, (4) diversification, (5) size and market position, (6) sponsorship/governance, and (7) growth. A rating is not a recommendation to buy, sell or hold any security and may be subject to revision or withdrawal at any time by DBRS. DBRS stability ratings do not take such factors as pricing or stock market risk into consideration.

## MARKET FOR SECURITIES

The IPSs of the Issuer are listed and posted for trading on the Toronto Stock Exchange under the symbol ATP.UN. The following table sets forth the price ranges and volume of trading of the outstanding IPSs as reported by the Toronto Stock Exchange for the periods indicated.

<u>Period</u>	<u>High</u>	<u>Low</u>	<u>Volume</u>
December 2004.....	Cdn\$11.19	Cdn\$10.15	6,110,714
November 18–November 30, 2004.....	Cdn\$10.3	Cdn\$9.90	6,781,962

## PRIOR SALES

Other than those securities issued in connection with the transactions described under “General Development of the Business”, the only issuance of securities by the Issuer in the financial year ended December 31, 2004 was the issuance of one Common Share upon incorporation at a price of Cdn\$10.00. This Common Share was repurchased by the Issuer for Cdn\$10.00 and cancelled in connection with the completion of the Issuer’s initial public offering.

## DIRECTORS, OFFICERS AND MANAGEMENT

### The Issuer

#### *Directors of the Issuer*

The Issuer’s articles of incorporation provide for a minimum of one and a maximum of 20 directors, a majority of whom must be residents of Canada and must be unrelated to the Issuer and its subsidiaries, the Existing Investors and the Manager. The directors of the Issuer are Irving Gerstein, Ken Hartwick and John McNeil, all of whom are unrelated to the Issuer and its subsidiaries, the Existing Investors and the Manager. Directors will be elected at each annual meeting of shareholders of the Issuer. The term of office for each of the directors will expire at the time of the next annual meeting of shareholders of the Issuer. A director may be removed by a resolution passed by a majority of the shareholders or may resign. The vacancy created by the removal of a director must be filled at the shareholder meeting at which he or she was removed. A vacancy not so filled at a shareholder meeting, or created by the resignation of a director, may be filled by a quorum of the remaining directors. A quorum for meetings of directors is a majority of the directors, provided that a majority of directors present (or one director, where a quorum is two directors) must be residents of Canada. If there is no quorum of directors, a special shareholder meeting must be called to fill vacancies.

The directors supervise the activities and manage the affairs of the Issuer, including acting for, voting on behalf of and representing the Issuer as a holder of membership interests in Atlantic Holdings.

#### *Governance of the Issuer*

In lieu of a corporate governance and compensation committee, the directors are directly responsible for developing the Issuer’s approach to governance issues, filling vacancies among the directors and periodically reviewing the composition and effectiveness of the directors and the contribution and compensation of individual directors.

The board of directors is also responsible for adopting and periodically reviewing and updating the written disclosure policy for the Issuer and its subsidiaries. This policy, among other things:

- articulates the legal obligations of the Issuer, its affiliates and their respective directors, managers, officers and employees with respect to confidential information;
- identifies spokespersons of the Issuer, who are the only persons authorized to communicate with third parties such as analysts, media and investors;
- provides guidelines on the disclosure of forward-looking information; and
- provides guidelines to prevent the selective disclosure of material information and to ensure that if selective disclosure of material information does occur, a news release is issued immediately.

#### ***Remuneration of the Directors***

Initial compensation for directors of the Issuer is \$20,000 per year and \$1,500 per director for attending board or committee meetings in person. Directors receive \$500 for attending meetings by phone. Directors are reimbursed for out-of-pocket expenses for attending board meetings. Directors participate in the insurance and indemnification arrangements described below.

#### ***Management and Administration***

The Issuer has no executive officers and engages the Manager to provide certain services pursuant to the Management Agreement. The Issuer may directly retain professionals and other service providers from time to time to provide advice and other administrative services directly to the Issuer.

#### **Atlantic Holdings**

##### ***Board of Managers and Operating Agreement***

Atlantic Holdings is governed in accordance with its constituting documents and the Operating Agreement. The board of managers of Atlantic Holdings is comprised of seven individuals, a majority of whom are unrelated to and independent from Atlantic Holdings and its subsidiaries, the Existing Investors and the Manager and a majority of whom must be U.S. residents. The Issuer is entitled to appoint a majority of the board of managers of Atlantic Holdings. The board of managers of Atlantic Holdings is comprised as follows:

- four representatives of the Issuer comprised of the three directors of the Issuer and one additional individual designated by the directors of the Issuer who is a U.S. resident and unrelated to and independent from Atlantic Holdings and its subsidiaries, the Existing Investors and the Manager;
- two representatives of the Existing Investors; and
- one representative of the Manager.

The Existing Investors' representation on the Atlantic Holdings' board of managers will be adjusted if their retained interest in Atlantic Holdings is reduced or diluted. The Existing Investors will be entitled to appoint two managers as long as they continue to own 20% or more of the outstanding common membership interests; one manager as long as they continue to own 10% or more but less than 20% of the outstanding common membership interests; and no managers if they own less than 10% of the outstanding common membership interests. The Manager will be entitled to appoint one manager for so long as it is the manager of Atlantic Holdings under the Management Agreement.

The board of managers of Atlantic Holdings has, subject to the provisions of the Operating Agreement and the Management Agreement, full power to manage the business and affairs of Atlantic Holdings, to make all decisions regarding Atlantic Holdings and to bind Atlantic Holdings. Certain fundamental transactions are subject to approval by at least 80% of votes cast by holders of Atlantic Holdings' common membership interests.

The following table sets out the name, province or state of residence, positions with the Issuer and Atlantic Holdings and principal occupation of the individuals who are directors of the Issuer and managers of Atlantic Holdings.

<b>Name and Province/State of Residence<sup>(1)</sup></b>	<b>Position(s)</b>	<b>Principal Occupation</b>
IRVING GERSTEIN <sup>(2)(3)</sup> ..... Ontario, Canada	Director of the Issuer and Manager of Atlantic Holdings	Corporate Director
KEN HARTWICK <sup>(2)(4)</sup> ..... Ontario, Canada	Director of the Issuer and Manager of Atlantic Holdings	Chief Financial Officer of Ontario Energy Savings Corp.
JOHN MCNEIL <sup>(2)</sup> ..... Ontario, Canada	Director of the Issuer and Manager of Atlantic Holdings	Principal Consultant, Barker, Dunn & Rossi
BILL WHITMAN <sup>(2)</sup> ..... New Jersey, U.S.A.	Manager of Atlantic Holdings	Senior Vice President, NW Financial Holdings LLC
DANIEL REVERS <sup>(5)</sup> ..... Massachusetts, U.S.A.	Manager of Atlantic Holdings	Managing Partner of ArcLight
ROBB TURNER <sup>(5)</sup> ..... New Jersey, U.S.A.	Manager of Atlantic Holdings	Senior Partner of ArcLight
BARRY WELCH <sup>(6)</sup> ..... Massachusetts, U.S.A.	Manager of Atlantic Holdings	President and Chief Executive Officer of the Manager

(1) Each director of the Issuer is also a member of the audit committee of the Issuer.

(2) Representative of the Issuer on the board of managers of Atlantic Holdings.

(3) Chairman of the board.

(4) Chairman of the audit committee of the Issuer.

(5) Representative of the Existing Investors on the board of managers of Atlantic Holdings.

(6) Representative of the Manager on the board of managers of Atlantic Holdings.

As at December 31, 2004, the directors of the Issuer and executive officers of the Manager, as a group, beneficially owned, directly or indirectly, or exercised control or direction over, 8,670 IPSs, representing approximately 0.02% of the outstanding IPSs of the Issuer.

### ***Biographies***

**Irving Gerstein, C.M., O.Ont:** Mr. Gerstein has been a director of the Issuer since October 4, 2004 and a manager of Atlantic Holdings since November 10, 2004. Mr. Gerstein is a retired executive and is currently a director of Medical Facilities Corporation, Student Transportation of America Ltd. and Economic Investment Trust Limited, and previously served as a director of other public issuers, including CTV Inc., Traders Group Limited, Guaranty Trust Company of Canada, Confederation Life Insurance Company and Scott's Hospitality Inc., and as an officer and director of Peoples Jewellers Limited. Mr. Gerstein is a Member of the Order of Canada and a Member of the Order of Ontario. He is an honorary director of Mount Sinai Hospital (Toronto), having previously served as Chairman of the Board, Chairman Emeritus and a director over a period of twenty-five years, and is currently a member of its Research Committee. Mr. Gerstein received his BSc. in Economics from the University of Pennsylvania (Wharton School of Finance and Commerce). During Mr. Gerstein's service as a director of each of Peoples Jewellers Limited and Confederation Life Insurance Company, bankruptcy proceedings were initiated (and, in the case of Peoples Jewellers Limited, claims were made against senior executives of the company, including Mr. Gerstein); all of the creditor and other claims were settled. Mr. Gerstein also entered into a settlement of personal claims arising primarily from participation in a Peoples Jewellers Limited share incentive plan.

**Ken Hartwick, C.A.:** Mr. Hartwick has been a director of the Issuer since October 4, 2004 and a manager of Atlantic Holdings since November 10, 2004. Mr. Hartwick is currently the Chief Financial Officer of Ontario Energy Savings Corp. ("OESC"). OESC is a wholly-owned subsidiary of, and provides administrative services to, Energy Savings Income Fund ("Energy Savings"), an income trust traded on the Toronto Stock Exchange. Through its subsidiaries and affiliates, Energy Savings markets natural gas to residential customers and small to mid-sized commercial businesses in Ontario, Manitoba and Illinois and solely to commercial customers in Québec and British Columbia. Energy Savings also markets electricity to mid-sized commercial and small industrial customers in Ontario. Mr. Hartwick serves on OESC's Management Committee and is involved in providing strategic direction. Prior to joining OESC, Mr. Hartwick served as Senior Vice President, Finance (October 2000 to September 2001) and Chief Financial Officer and Senior Vice President, Finance (October 2001 to April 2004) of Hydro One Inc., the largest electricity delivery company in Ontario and one of the largest in North America. Mr. Hartwick was a member of Hydro One Inc.'s Executive Committee. From May to October 2000, Mr. Hartwick was Vice President, Cap Gemini Ernst & Young and from 1994 to April 2000 Mr. Hartwick was a partner of Ernst & Young LLP. Mr. Hartwick received his B.A. (Honours) from Trent University in Peterborough, Ontario.

**John McNeil:** Mr. McNeil has been a director of the Issuer since October 4, 2004 and a manager of Atlantic Holdings since November 10, 2004. Mr. McNeil is President of Barker, Dunn & Rossi (Canada) Inc. ("BDR") based in Toronto. BDR, with headquarters in Washington D.C. and a regional office in Toronto, is an electricity consulting boutique. Prior to his appointment at BDR in 2000, Mr. McNeil was Managing Director Investment Banking with Scotia Capital Inc. from 1996 to 1999. Previously, he was a Senior Vice-President and Director of ScotiaMcLeod Inc. from 1991 to 1995. Mr. McNeil has extensive expertise in the areas of asset management models, capitalization, mergers and acquisitions, business and enterprise valuations, capital markets and market ratings and has worked extensively throughout North America and Europe. Mr. McNeil has been a member of the Electricity Task Force of The Toronto Board of Trade since 1996. Mr. McNeil specializes in the electric power sector and his major focus in recent years has been in the field of corporate and enterprise unbundling and reconstitution resulting from the restructuring of the electricity sector in North America. Mr. McNeil received a B.A. (Honours) from Queens University, a Bachelor of Laws from the University of Toronto and an M.B.A. from the University of British Columbia.

**Bill Whitman:** Mr. Whitman has been a manager of Atlantic Holdings since November 10, 2004. Mr. Whitman is currently the Senior Vice President of NW Financial Group, LLC ("NW"), an investment bank specializing in municipal finance. Mr. Whitman has over twenty years of experience in structuring and managing waste-to-energy projects. At NW, Mr. Whitman helps clients structure and finance projects, providing essential public services such as waste disposal and water treatment. From July 2003 to March 2004, Mr. Whitman was a contract employee of MSW Energy Holdings LLC ("MSW"), where he fulfilled the duties of Chief Financial Officer. MSW owns a 50% indirect membership interest in Ref-Fuel Holdings LLC, which is one of the largest owners and operators of waste-to-energy projects in the United States. Prior to joining MSW, Mr. Whitman played a leading role in the start-up and management of Covanta's (formerly Ogden Corporation) waste-to-energy business from 1987 to 2002. At Covanta, Mr. Whitman directed financial operations, resolved contract and client issues and generally helped to manage day-to-day operations. He was also involved in the structuring and financing of several of the waste-to-energy projects and led the restructuring of distressed projects. Mr. Whitman served as Chief Financial Officer of Ogden Energy Group from 1990 to 2001 and Senior Vice-President of Covanta from 2001 to 2002. During Mr. Whitman's service as a senior officer of Covanta, Covanta filed voluntary petitions for reorganization under Chapter 11 of the U.S. Bankruptcy Code. On March 10, 2004, Covanta and 79 of its affiliates, comprising Covanta's energy and water businesses, were acquired by Danielson Holding Corporation. With the closing of this transaction, Covanta and these affiliates emerged from bankruptcy protection. Mr. Whitman received a Bachelor of Science degree in Environmental Engineering from Syracuse University and an M.B.A. from Carnegie Mellon University.

**Daniel Revers:** Mr. Revers has been a manager of Atlantic Holdings since November 10, 2004. Prior to forming ArcLight, Mr. Revers was a Managing Director of the Bond & Corporate Finance Group at John Hancock Financial Services, Inc. ("John Hancock") from 1995 to 2001. The Bond and Corporate Finance Group of John Hancock invests approximately \$10 billion annually in corporate bonds and private placement transactions and, as of March 30, 2004, had approximately \$50 billion in assets under management. The group is comprised of 125 employees, including more than 40 credit analysts with expertise in a wide range of industries worldwide. While at John Hancock, Mr. Revers was responsible for the origination, execution and management of a \$6 billion portfolio consisting of debt, equity and mezzanine investments in electric power, natural gas, water, transportation and other infrastructure projects and utilities. He originated over 100 investments in the sector with an aggregate investment value at the time of organization of over \$5 billion. Mr. Revers was involved in the development of many of the structured private equity securities currently being utilized in the power sector. Prior to joining John Hancock, Mr. Revers held various financial positions at Wheelabrator Technologies Inc. in Hampton, New Hampshire where he specialized in the development, acquisition and financing of domestic and international power generation, water and other environmental projects. Mr. Revers received a Bachelor of Arts in Economics from Lafayette College and an M.B.A. from the Amos Tuck School of Business Administration at Dartmouth College.

**Robb Turner:** Mr. Turner has been a manager of Atlantic Holdings since November 10, 2004. Prior to forming ArcLight, Mr. Turner was a Partner at the investment banking firm of Berenson Minella & Company ("BMC") from 1998 to 2001. Joining BMC in 1998, Mr. Turner founded and built BMC's energy advisory practice. From 1990 through 1998, Mr. Turner held senior positions at Smith Barney, Schroders, plc, Wasserstein Perella Group, Inc. and Kidder, Peabody & Co. During his over 15 years of energy finance, corporate finance and public and private equity investment experience, Mr. Turner was responsible for advising on buyouts, corporate finance structures, mergers and acquisitions. He developed extensive power industry and related relationships and advised on industry-related transactions representing over \$25 billion in value. His assignments included large domestic and cross-border power industry M&A transactions, power plant development, coal and telecom advisory assignments and raising capital for power technology companies. His clients included many leading private equity firms as well as corporate entities employing highly-leveraged capital structures. Mr. Turner is a graduate of the U.S. Military Academy at West Point and has an M.B.A. from Harvard Business School.

**Barry Welch:** Mr. Welch has been President and Chief Executive Officer of the Manager since October 1, 2004 and a manager of Atlantic Holdings since November 10, 2004. Prior to joining the Manager, Mr. Welch was the Senior Vice President and head or co-head of the Bond & Corporate Finance Group of John Hancock from 2000 to 2004. Mr. Welch served on several committees at John Hancock, including its Pension Investment Advisory Committee and Investment Operating Committee. Mr. Welch was Chairman of John Hancock's Bond Investment Committee and reported monthly on investment portfolio, strategy and activity to the Committee of Finance of John Hancock's board of directors. Mr. Welch also led the development and approval of Hancock's involvement with Fund I and served as a member of Fund I's Investment Committee. Previously at John Hancock, Mr. Welch headed the Bond and Corporate Finance Group's Power and Energy investment team. From 1986 to 2004, he was involved indirectly or oversaw \$25 billion of investments in over 1,000 utility, project finance and oil & gas transactions. Prior to joining John Hancock, Mr. Welch spent over three years as a developer of power projects at Thermo Electron Corporation's Energy Systems Division (later known as Thermo Ecotek). There he was involved in greenfield development of natural gas, wood and waste-to-energy projects, as well as asset management roles for operating plants. Mr. Welch received a Bachelors of Science in Mechanical and Aerospace Engineering from Princeton University and an M.B.A. from Boston College. Mr. Welch serves on the board of Directors of the Walker Home and School in Needham, Massachusetts.

#### *Remuneration of Board of Managers of Atlantic Holdings*

Compensation for non-management managers of Atlantic Holdings (other than members of the board of managers who are also directors of the Issuer) is \$20,000 per year. Each non-management

member of the board of managers of Atlantic Holdings receives \$1,500 per meeting for attending board or committee meetings in person and \$500 for attending meetings by phone. Managers are also reimbursed for out-of-pocket expenses for attending board and committee meetings. Managers participate in the insurance and indemnification arrangements described below.

**Management**

Atlantic Holdings has no executive officers. Management and administrative services are provided to Atlantic Holdings by the Manager pursuant to the Management Agreement.

**Insurance Coverage for Directors and Managers and Indemnification**

The Issuer has obtained a policy of insurance for the directors of the Issuer and for the managers of Atlantic Holdings. Under the policy, each of the Issuer and Atlantic Holdings has reimbursement coverage to the extent that it has indemnified the directors or managers. The policy includes securities claims coverage, insuring against any legal obligation to pay on account of any securities claims brought against the directors of the Issuer or the managers of Atlantic Holdings. The total limit of liability is shared among the directors of the Issuer and the managers of Atlantic Holdings so that the limit of liability will not be exclusive to any one of the respective directors or managers.

The by-laws of the Issuer and the Operating Agreement for Atlantic Holdings provide for the indemnification of their respective directors, managers and officers (if any) from and against liability and costs in respect of any action or suit brought against them in connection with the execution of their duties of office, subject to certain limitations.

**The Manager**

The Manager is a Delaware limited liability company formed by ArcLight and the Existing Investors. The names, states of residence, positions with the Manager and principal occupations of the officers of the Manager, together with brief biographies of those who are not members of the board of managers of Atlantic Holdings, are set out below. Barry Welch, the President and Chief Executive Officer of the Manager, and Mark Byskov, the Chief Financial Officer and Corporate Secretary of the Manager, are full-time employees of the Manager. In addition to the officers listed below, the Manager has contracted with ArcLight to obtain certain back-office and support services and for possible secondment of ArcLight employees from time to time as appropriate to assist the Manager in fulfilling its responsibilities under the Management Agreement.

<u>Name and State of Residence</u>	<u>Position(s) with the Manager</u>	<u>Principal Occupation</u>
BARRY WELCH ..... Massachusetts, U.S.A.	President and Chief Executive Officer	President and Chief Executive Officer of the Manager
MARK BYSKOV ..... Massachusetts, U.S.A.	Chief Financial Officer and Corporate Secretary	Chief Financial Officer and Corporate Secretary of the Manager

**Biographies**

**Mark A. Byskov, C.A., C.P.A.:** Mr. Byskov has been Chief Financial Officer and Corporate Secretary of the Manager since December 13, 2004. Prior to joining the Manager, Mr. Byskov served as Director of Corporate Planning for Atlas Cold Storage Trust ("Atlas"), the owner of the second largest temperature controlled distribution network in North America. At Atlas, Mr. Byskov managed the direction of the annual budget for the 55 facility network operated by the trust and was responsible for Canadian and U.S. tax planning. Prior to joining Atlas, Mr. Byskov was Corporate Controller of Radiant Energy Corporation, Orchard Park, NY ("Radiant"). At Radiant, Mr. Byskov was responsible for the preparation of U.S. SEC and Canadian exchange filings and was responsible for the complete financial reporting cycle, among other duties. From 1994 to 2000, Mr. Byskov served as Vice President of Finance

and Chief Financial Officer of Marsh Engineering Limited, a multi-facility group of project-oriented industrial service companies, engaged in precision machining, manufacturing, heavy equipment repair, instrumentation distribution and repair in the marine, power generation and other industrial sectors. Mr. Byskov received a Bachelors of Commerce with Honors from Carleton University, Ottawa, Ontario. He is a Certified Public Accountant and has been a member of the American Institute of Public Accountants since 2002. He is also a Chartered Accountant and has been a member of the Canadian Institute of Chartered Accountants since 1994.

### **Management Agreement**

The Manager has been engaged to provide or cause to be provided management and administrative services to Atlantic Holdings and its subsidiaries pursuant to the terms of the Management Agreement. These management and administrative services include: (i) representing Atlantic Holdings' interests in the Project Holding Entities and their subsidiaries and overseeing the operation of the Projects; (ii) assisting in the development, implementation and monitoring of strategic plans; (iii) assisting in developing an annual budget and an annual distributable cash forecast; (iv) assisting with treasury, legal and compliance, financing and risk assessment activities; (v) reviewing the budgets and schedules for major maintenance proposed for the Projects; (vi) assisting in the preparation of financial reports in respect of the Projects and any future projects; (vii) assisting in the negotiation of material agreements; (viii) monitoring compliance with the annual budget, applicable laws and distributable cash forecast; (ix) assisting in and supervising the analysis of potential acquisitions, investments and dispositions; (x) carrying out or supervising the making of acquisitions, dispositions or investments; (xi) retaining accountants, lawyers, consultants, investment bankers and other such professional advisers; and (xii) assisting in the preparation, planning and coordination of meetings of the board of managers of Atlantic Holdings and holders of membership interests in Atlantic Holdings.

Under the Management Agreement, the Manager, if requested by the Issuer, has also agreed to provide certain administrative services to the Issuer including: (i) assisting the Issuer in complying with its continuous disclosure obligations under applicable securities legislation; (ii) providing or causing to be provided to holders of securities of the Issuer, all information to which they are entitled under the constating documents of the Issuer and the Indenture and applicable laws; (iii) monitoring compliance of the Issuer with applicable laws; (iv) advising on and negotiating any financings by the Issuer; (v) providing for the calculation and distribution of interest payments and distributions to holders of IPSs and the Separate Subordinated Notes; and (vi) assisting in the preparation, planning and coordination of meetings of the board of directors of the Issuer and holders of Common Shares of the Issuer.

Pursuant to the Management Agreement, a number of material actions may not be authorized by the Manager without first obtaining the approval of the managers of Atlantic Holdings or the board of directors of the Issuer, as applicable, including: (i) adopting, amending or materially deviating from annual business plans; (ii) taking any action by or on behalf of a Project Holding Entity, any subsidiary of a Project Holding Entity or any Project Operating Entity that may have a material impact on the annual distributable cash forecast; (iii) disposing of any material assets; and (iv) raising capital by way of an issuance of securities of Atlantic Holdings or the Issuer. Without the approval of a majority of the Atlantic Holdings managers who are independent of the Manager and its affiliates, the Manager, on behalf of Atlantic Holdings or the Issuer or a subsidiary or affiliate of Atlantic Holdings or the Issuer, may not (i) enter into any material transaction with the Manager or an affiliate of the Manager; or (ii) amend any existing material terms of the Management Agreement or fees payable thereunder.

In consideration for providing the management and administrative services under the Management Agreement, the Manager receives: (i) an annual management fee; (ii) payments representing cost reimbursement; and (iii) an incentive fee. The annual management fee is an amount equal to \$300,000 (a portion of which is paid by the Issuer), subject to adjustment for any future acquisitions or investments on the basis that the annual fee will increase by an amount agreed between the Manager and Atlantic Holdings, as approved by the managers of Atlantic Holdings who are independent of the Existing

Investors and the Manager, taking into consideration the increased service levels required and the resource requirements imposed as a result of or created by such acquisition or investment. The annual fee is subject to adjustment for inflation and is payable monthly in advance on the first business day of each month. The Manager is entitled to be reimbursed for all out-of-pocket costs and expenses reasonably incurred by the Manager or its affiliates in carrying out the management and administrative services including reasonable allocations for charges incurred by the Manager for services provided by ArcLight pursuant to the agreement described below and for any other services provided by affiliates of the Manager (which charges are reimbursed on a cost recovery basis). The allocations for such charges are subject to the approval by the managers of Atlantic Holdings who are independent of the Existing Investors and the Manager, by way of either annual budget approval or specific authorization.

The incentive fee is designed to enhance the profitability and cash flow of Atlantic Holdings and thus, that of the Issuer. The Manager is entitled to an annual incentive fee equal to 25% of the product obtained by multiplying (i) the excess of the cash distributed per IPS (or, following the redemption, repurchase or maturity of all of the Subordinated Notes or separation of all of the IPSs, per Common Share) in any fiscal year over the Targeted Cash Distribution by (ii) the weighted average number of IPSs, Common Shares not represented by IPSs and Existing Investor Interests outstanding for the relevant calendar year or part thereof, subject to customary anti-dilution provisions. The incentive fee will be adjusted in any given fiscal year to account for any period less than a full year during which the Manager provides services under the Management Agreement. The incentive fee will also be adjusted in various other circumstances, including certain events which affect the capital of the Issuer.

The Management Agreement has an initial 20-year term and will be automatically renewed for additional five-year terms unless, at least six months prior to the expiration of the then current term, a majority of the managers of Atlantic Holdings and the directors of the Issuer independent of the Existing Investors and the Manager determine that the Management Agreement will not be renewed and notify the Manager accordingly. Atlantic Holdings and the Issuer have the right to terminate the Management Agreement earlier in circumstances of: (i) bankruptcy, insolvency or receivership of the Manager; (ii) fraud, wilful default or gross negligence committed by the Manager; or (iii) default by the Manager in the performance of a material obligation under the Management Agreement, if (1) such default is not caused by an event of force majeure, and (2) such default is not cured within 60 days of written notice being given by Atlantic Holdings to the Manager of the default or if such default is not reasonably capable of being cured within 60 days, the Manager has not taken all reasonable steps to cure such default as soon as possible thereafter but in any event within 120 days. The Manager has the right to terminate the Management Agreement earlier (i) in the event of (1) the bankruptcy, insolvency or receivership of Atlantic Holdings or the Issuer, or (2) a default by Atlantic Holdings or the Issuer in the performance of a material obligation under the Management Agreement (other than as a result of the occurrence of a force majeure event) which is not remedied within 60 days after notice thereof has been delivered, or if such default is not reasonably capable of being cured within 60 days, Atlantic Holdings or the Issuer has not taken all reasonable steps to cure such default as soon as possible thereafter but in any event within 120 days; or (ii) upon 90 days' prior written notice to Atlantic Holdings or the Issuer.

Atlantic Holdings or the Issuer may terminate the Management Agreement upon 90 days' prior written notice if: (i) while Atlantic Power Management Holdings, LLC ("APM") owns the Manager, ArcLight should cease to be the manager of the members of APM; or (ii) APM sells the Manager and ArcLight ceases to have a significant influence over the operation of the Manager, without, in either case, the prior written consent of the managers of Atlantic Holdings and the directors of the Issuer who are independent of the Existing Investors and the Manager, which consents shall not be unreasonably withheld.

No party shall sell or assign its rights or obligations under the Management Agreement to a third party without the prior written consent of the other parties, which consent may not be unreasonably withheld (unless the assignee is not a reputable and experienced manager), except (i) in the case of Atlantic Holdings or the Issuer, to a bona fide lender as security, including as security for any guarantee

granted by Atlantic Holdings or the Issuer in respect of the obligations of its affiliates to any third party or parties providing bona fide financing to such affiliates; or (ii) in the case of the Manager, to a direct or indirect wholly-owned subsidiary of the Existing Investors or their affiliates.

The Manager may delegate certain aspects of its responsibilities under the Management Agreement, but no such delegation will relieve the Manager of its obligations thereunder. The Manager may, with the approval of the directors of the Issuer and the managers of Atlantic Holdings who are independent of the Existing Investors and the Manager, contract with affiliates to provide services to the Issuer and Atlantic Holdings not otherwise provided for in the Management Agreement, such as advisory and investment banking services.

The Manager and any person who is serving or shall have served as a director, manager, officer, employee, subcontractor, secondee or agent of the Manager shall be indemnified and saved harmless by Atlantic Holdings and the Issuer from and against all losses, claims, damages, liabilities, obligations, costs and expenses (including judgments, fines, penalties, amounts paid in settlement and counsel and accountants' fees) of whatsoever kind or nature incurred by, borne by or asserted against the Manager and any person who is serving or shall have served as a director, manager, officer, employee, subcontractor, secondee or agent of the Manager, in any way arising from or related in any manner to the Management Agreement, unless such claims arise from the fraud, wilful default or gross negligence of the Manager or any person who is serving or shall have served as a director, manager, officer, employee, subcontractor, secondee or agent of the Manager. The Manager and its affiliates and associates may rely on information provided by Atlantic Holdings, the Issuer or any employee or agent thereof unless it has actual notice that such information is inaccurate.

The Manager and ArcLight have entered into an agreement (the "Management Support Agreement") which provides that certain ArcLight employees will be available to provide administrative and office support services to the Manager and that ArcLight employees may be seconded to the Manager from time to time as appropriate to enable the Manager to fulfill its responsibilities under the Management Agreement. Services and resources provided by ArcLight under the Management Support Agreement will be provided to the Manager on a cost recovery basis. The Management Support Agreement requires ArcLight and its affiliates to give the Manager the opportunity to pursue, on behalf of the Issuer and Atlantic Holdings, investment opportunities that do not fit within the investment guidelines for Fund I, Fund II or other investment funds managed by ArcLight or its affiliates or that do fit within such investment guidelines but which such investment funds determine not to pursue.

#### **Non-Exclusivity and Conflicts of Interest**

Barry Welch, the President and Chief Executive Officer of the Manager, and Mark Byskov, the Chief Financial Officer and Corporate Secretary of the Manager, are full-time employees of the Manager and devote their time and efforts exclusively to and for the benefit of the business of Atlantic Holdings and the Issuer. ArcLight and its affiliates and their employees or agents may be engaged or invest directly or indirectly in a variety of other companies or other entities involved in owning, managing or advising on or otherwise engaged in the business of the generation, production, transmission, distribution, purchase and sale of electricity, other forms of energy-related projects, infrastructure projects, utility projects or other businesses.

Affiliates of ArcLight currently act, and may hereafter act, as managers to investment funds whose investment criteria encompass investments in power generation facilities in Canada and the U.S. In particular, an affiliate of ArcLight is the general partner of Fund I and Fund II, which invest in power generation, transmission and distribution assets as well as power-related fuel, services and equipment businesses, primarily in the United States. Existing and future agreements governing investment funds managed by affiliates of ArcLight, including the agreements governing Fund I and Fund II, require, and are expected to require in the case of future agreements, that suitable investments for such investment funds identified by ArcLight first be offered to the investment funds. The Management Support

Agreement requires that ArcLight and its affiliates give the Manager the opportunity to pursue, on behalf of the Issuer and Atlantic Holdings, investment opportunities that do not fit within the investment guidelines for Fund I, Fund II or other investment funds managed by ArcLight or its affiliates or that do fit within such investment guidelines but which such investment funds determine not to pursue. None of ArcLight or its affiliates are prohibited by any agreement with Atlantic Holdings or the Issuer from competing with Atlantic Holdings or the Issuer, or from acquiring, investing in, or providing administrative or managerial services to, a competitor of Atlantic Holdings or the Issuer.

#### **AUDIT COMMITTEE**

The Issuer has established an audit committee comprised of three directors: Ken Hartwick (Chair), Irving Gerstein and John McNeil, each of whom is considered “independent” and “financially literate” within the meaning of Multilateral Instrument 52-110 – Audit Committees. The audit committee is responsible for the oversight and supervision of the accounting and financial reporting practices and procedures of the Issuer, the adequacy of internal accounting controls and procedures and the quality and integrity of financial statements of the Issuer. The independent auditors of the Issuer report directly to the audit committee. In addition, the audit committee is responsible for directing the auditors’ examination of specific areas and for recommending to the board of directors the selection of independent auditors of the Issuer. The charter of the audit committee is attached hereto as Appendix “A”.

#### **Relevant Education and Experience of Audit Committee Members**

In addition to each member’s general business experience, the education and experience of each audit committee member that is relevant to the performance of his responsibilities as an audit committee member is set forth in their respective biographies above under “Directors, Officers and Management”.

#### **External Auditor Service Fees**

During the year ended December 31, 2004, the Issuer retained its principal accountant, KPMG LLP, to provide services in the categories and for the approximate amounts that follow:

	<u>2004</u>
Audit fees.....	Cdn\$260,000
Tax fees .....	Cdn\$130,000

The nature of each category of fees is described below.

#### ***Tax Fees***

Tax fees were paid for tax compliance services and tax advice and planning, including preparation of U.S. federal and state and Canadian federal and provincial tax returns and supporting schedules, as well as information forms.

#### **Pre-Approval Policies and Procedures**

The Issuer’s audit committee has adopted specific policies and procedures for the engagement of non-audit services. The policies and procedures for such engagement are set out in the audit committee’s charter attached hereto as Appendix “A”.

### **Audit Committee Oversight**

At no time since the commencement of the Issuer's most recently completed financial year has a recommendation of the audit committee to nominate or compensate an external auditor not been adopted by the board of directors of the Issuer.

### **PROMOTERS**

The Existing Investors are considered to be promoters of the Issuer by reason of their initiative in organizing the business and affairs of the Issuer. The Existing Investors own 26,491,865 common membership interests and 26,491,865 Class B preferred membership interests in Atlantic Holdings, representing 41.9% of the common membership interests and all of the Class B preferred membership interests in Atlantic Holdings, respectively.

Upon completion of the initial public offering of IPSs and private placement of Separate Subordinated Notes on November 18, 2004, the Issuer, through Atlantic Holdings, completed the acquisition of all of the outstanding membership interests in the Project Holdings Entities from the Existing Investors. The Project Holding Entities in turn collectively hold interests in the Projects. See "General Development of the Business".

The Existing Investors are organized under the laws of a foreign jurisdiction and reside outside Canada. Although the promoters have appointed the Issuer, Suite 2400, 250 Yonge Street, Toronto, Ontario, Canada, M5B 2M6 as their agent for service of process in Ontario, it may not be possible for investors to collect from the promoters judgments obtained in Canada predicated on the civil liability provisions of securities legislation of certain of the provinces and territories of Canada.

### **LEGAL PROCEEDINGS**

In the ordinary course of business, the Issuer and its subsidiaries and each Project Operating Entity may, from time to time, be subject to various pending and threatened lawsuits in which claims for monetary damages are asserted. To the knowledge of the Issuer, none of the Issuer or its subsidiaries or any Project Operating Entity is involved in any legal proceeding which is expected to have a material effect on the Issuer and no legal proceedings of a material nature are pending or to the knowledge of the Issuer threatened against the Issuer or its subsidiaries or any Project Operating Entity.

### **INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS**

To the knowledge of the Issuer, except as may be described elsewhere in this annual information form, no director, manager or executive officer of the Issuer or any of its subsidiaries, no executive officer of the Manager, no person or company that is the director or indirect beneficial owner of, or who exercises control or direction over, more than 10% of any class or series of the outstanding voting securities of the Issuer and no associate or affiliate of any of the foregoing persons or companies, has or has had any material interest, direct or indirect, in any transaction that has materially affected or will materially affect the Issuer since the closing of the Issuer's initial public offering on November 18, 2004.

### **TRANSFER AGENT AND REGISTRAR**

The transfer agent and registrar for the IPSs and the Common Shares is Computershare Investor Services Inc. at its principal office in Toronto, Ontario.

### **MATERIAL CONTRACTS**

The only material contracts, other than contracts entered into in the ordinary course of business, that were entered into within the financial year ended December 31, 2004 by the Issuer and/or Atlantic Holdings are as follows:

- the Acquisition Agreements;
- the Indenture;
- the Underwriting Agreement;
- the Operating Agreement;
- the Management Agreement; and
- the Credit Facility.

See the "Glossary of Terms" for particulars of these contracts. These contracts can be found on SEDAR at [www.sedar.com](http://www.sedar.com). Copies of these agreements may also be examined at the head and principal office of the Issuer during normal business hours.

#### **INTERESTS OF EXPERTS**

KPMG LLP, the auditor of the Issuer, has been named as having prepared or certified a statement, report or valuation described or included in a filing, or referred to in a filing, made under National Instrument 51-102 – Continuous Disclosure Obligations by the Issuer during, or relating to, the Issuer's financial year ended December 31, 2004. To the knowledge of the Issuer, KPMG LLP holds no registered or beneficial interest, directly or indirectly, in any securities or other property of the Issuer or any of its associates or affiliates.

#### **ADDITIONAL INFORMATION**

Additional information relating to the Issuer may be found on SEDAR at [www.sedar.com](http://www.sedar.com).

Additional information, including principal holders of the Issuer's securities, is contained in the Issuer's information circular relating to the 2005 annual meeting of shareholders of the Issuer. Additional financial information is provided in the Issuer's financial statements and management's discussion and analysis for the year ended December 31, 2004.

## APPENDIX "A"

### ATLANTIC POWER CORPORATION

#### AUDIT COMMITTEE

#### CHARTER

The Audit Committee (the "**Committee**") of Atlantic Power Corporation (the "**Issuer**") is established in order to assist the board of directors of the Issuer in their oversight activities. The purpose of the Committee is to assist the board in its oversight and supervision of:

- the integrity of the Issuer's accounting and financial reporting practices and procedures,
- the adequacy of the Issuer's internal accounting controls and procedures,
- the quality and integrity of the Issuer's consolidated financial statements, and
- the independence and performance of the Issuer's independent auditor.

#### Composition:

- The board of directors of the Issuer shall elect annually from among its members a committee to be known as the Audit Committee to be composed of three directors who are "unrelated" directors (within the meaning of the Toronto Stock Exchange corporate governance guidelines), who qualify as "independent directors" within the meaning of Multilateral Instrument 52-110 – Audit Committees (the "**Audit Committee Rule**") and each of whom is "financially literate" (or will become so within a reasonable period of time following his or her appointment) within the meaning of the Audit Committee Rule.
- A member of the Committee who sits on the board of directors/managers of an affiliated entity is exempt from the requirement that he or she be independent if that member, except for being a director/manager (or member of a board committee) of the Issuer and the affiliated entity, is otherwise independent of the Issuer and the affiliated entity, provided that the boards have determined that appointing such member to the Committee will not materially adversely affect the ability of the Committee to act independently.
- If a member of the Committee ceases to be independent for reasons outside that member's reasonable control, that member is exempt from the requirement to be independent for a period ending on the later of:
  - (a) the next annual meeting of the Issuer; and
  - (b) the date that is six months from the occurrence of the event which caused the member to not be independent,provided that the board of directors has determined that appointing such member to the Committee will not materially adversely affect the ability of the Committee to act independently.
- Where the death, disability or resignation of a member of the Committee has resulted in a vacancy on the Committee that the boards are required to fill, a member appointed to fill such vacancy is exempt from the requirements to be independent and financially literate for a period ending on the later of:
  - (a) the next annual meeting of the Issuer; and
  - (b) the date that is six months from the day the vacancy was created,

provided that the board of directors has determined that appointing such member to the Committee will not materially adversely affect the ability of the Committee to act independently.

**Reports:**

The Committee shall report to the board of directors of the Issuer on a regular basis and, in any event, before the public disclosure by the Issuer of its quarterly and annual financial results. The reports of the Committee shall include any issues of which the Committee is aware with respect to the quality or integrity of the Issuer's consolidated financial statements, its compliance with legal or regulatory requirements, and the independence and performance of the Issuer's independent auditor.

**Responsibilities:**

Subject to the powers and duties of the board of directors of the Issuer, the board hereby delegates to the Committee the following powers and duties to be performed by the Committee on behalf of and for the board of directors of the Issuer:

**A. Financial Statements and Other Financial Information**

The Committee shall:

- (i) review the Issuer's consolidated annual audited financial statements and related documents prior to any public disclosure of such information;
- (ii) review the Issuer's consolidated interim unaudited financial statements and related documents prior to any public disclosure of such information;
- (iii) following a review with management and the independent auditor of such annual and interim consolidated financial statements and related documents, recommend to the board of directors of the Issuer the approval of such financial statements and related documents;
- (iv) review with management and/or the independent auditor all critical policies and practices used as well as significant management estimates and judgements and any changes in accounting policies or financial reporting requirements that may affect the Issuer's consolidated financial statements;
- (v) review with management and/or the independent auditor the treatment in the financial statements of any significant transactions and other potentially difficult matters;
- (vi) conduct an annual and semi-annual review of the expenses of the Manager and the Issuer;
- (vii) review a summary provided by the Issuer's legal counsel of the status of any material pending or threatened litigation, claims and assessments respecting the Issuer and its subsidiaries; and
- (viii) review the other annual financial reporting documents as well as management's discussion and analysis and earnings press releases of the Issuer prior to any disclosure to the public.

**B. Financial Reporting Control Systems**

The Committee shall:

- (i) require management to implement and maintain appropriate internal controls, and use reasonable efforts to satisfy itself as to the adequacy of the Issuer's policies for the management of risk and the preservation of assets and the fulfillment of legislative and regulatory requirements;

- (ii) annually, in consultation with management, the independent auditor and, if applicable, the officer or employee responsible for the internal audit function, review, evaluate and assess the adequacy and integrity of the Issuer's consolidated financial reporting processes and internal controls, and discuss significant financial risk, exposures and the steps management has taken to monitor, control and report such exposures;
- (iii) if applicable, meet separately with the officer or employee responsible for the internal audit function to discuss any matters that the Committee or independent auditor believe should be discussed in private;
- (iv) submit to the board of directors of the Issuer and the boards of directors/managers of its subsidiaries any recommendations the Committee may have from time to time with respect to financial reporting, accounting procedures and policies and internal controls;
- (v) review reports from senior officers of the Issuer and its subsidiaries outlining any significant changes in financial risks facing the Issuer;
- (vi) review the management letter of the independent auditor and the responses to suggestions made;
- (vii) review any new appointments to senior positions of the Issuer, its subsidiaries and Atlantic Power Management, LLC with financial reporting responsibilities (such review may be carried out by the Chairman of the Committee);
- (viii) satisfy itself that adequate procedures are in place for the review of the Issuer's disclosure of the Issuer's financial information extracted or derived from the Issuer's consolidated financial statements (other than the financial statements, management's discussion and analysis and earnings press releases) and periodically assess the adequacy of those procedures;
- (ix) establish procedures for:
  - (a) the receipt, retention and treatment of complaints received by the Issuer or its subsidiaries regarding accounting, internal accounting controls or auditing matters; and
  - (b) the confidential, anonymous submission by employees of the Issuer or its subsidiaries of concerns regarding questionable accounting or auditing matters;
- (x) review and approve the Issuer's (and its respective subsidiaries') hiring policies regarding partners, employees and former partners and employees of the present and former independent auditors of the Issuer; and
- (xi) obtain assurance from the independent auditor regarding the overall control environment and the adequacy of accounting system controls.

**C. Independent Auditor**

The Committee shall:

- (i) review the audit plan with the independent auditor;
- (ii) discuss in private with the independent auditor matters affecting the conduct of its audit and other corporate matters;
- (iii) review the performance and the remuneration of the Issuer's independent auditor;

- (iv) recommend to the board of directors of the Issuer each year the retention or replacement of the independent auditor to be nominated for the purpose of preparing or issuing an auditor's report or performing other audit, review or attest services for the Issuer and the remuneration of the independent auditor;
- (v) if there is a plan to change the independent auditor, review all issues related to the change and the steps planned for an orderly transition;
- (vi) annually review and recommend for approval to the shareholders the terms of engagement and the remuneration of the independent auditor;
- (vii) oversee the work of the independent auditor engaged for the purpose of preparing or issuing an auditor's report or performing other audit, review or attest services for the Issuer, including the resolution of disagreements between management and the independent auditor regarding financial reporting;
- (viii) discuss with the Issuer's independent auditor the quality and not just the acceptability of the Issuer's accounting principles;
- (ix) meet with the Issuer's independent auditor on a regular basis in the absence of management;
- (x) relay its expectations to the Issuer's independent auditor from time to time including its expectation that (i) any disagreements of a material nature with management be brought to the attention of the Committee, (ii) the independent auditor is accountable to the Committee and the board, each as representatives of the shareholders and must report directly to the Committee, (iii) any irregularities in the financial information be reported to the Committee, (iv) the independent auditor explains the process undertaken by it in auditing or reviewing the Issuer's financial disclosure, (v) the independent auditor discloses to the Committee any significant changes to accounting policies or treatment of the Issuer, (vi) the independent auditor discloses to the Committee any reservations it may have about the financial statements or its access to materials and/or persons in reviewing or auditing such statements, and (vii) the independent auditor discloses any conflict of interest that may arise in its engagement;
- (xi) review at least annually the non-audit services provided by the Issuer's independent auditor for the purposes of getting assurance that the performance of such services will not compromise the independence of the independent auditor; and
- (xii) pre-approve all non-audit services to be provided to the Issuer or its subsidiary entities by its independent auditor or the independent auditor of its subsidiary entities,<sup>1</sup> provided that the Committee may delegate to one or more independent members the authority to pre-approve non-audit services in satisfaction of this requirement. The pre-approval of non-audit services by any member to whom authority has been delegated must be presented to the full Committee at its first scheduled meeting following such pre-approval.

**Structure:**

- The Committee shall appoint one of its members to act as Chairman of the Committee. The Chairman will appoint a secretary who will keep minutes of all meetings (the "**Secretary**"). The Secretary does not have to be a member of the Committee or a director and can be changed by simple notice from the Chairman.

---

<sup>1</sup> The Committee may satisfy the pre-approval requirement if: (a) the aggregate amount of all the non-audit services that were not pre-approved is reasonably expected to constitute no more than five per cent of the total amount of fees paid by the Issuer and its subsidiary entities to the Issuer's independent auditor during the fiscal year in which the services are provided; (b) the services were not recognized by the Issuer or the subsidiary entity of the Issuer at the time of the engagement to be non-audit services; and (c) the services are promptly brought to the attention of the Committee and approved, prior to the completion of the audit, by the Committee or by one or more members of the Committee to whom authority to grant such approvals has been delegated by the Committee.

- The Committee will meet as many times as is necessary to carry out its responsibilities but in no event will the Committee meet less than once a year. Meetings will be at the call of the Chairman. Notwithstanding the foregoing, the independent auditor of the Issuer or any member of the Committee may call a meeting of the Committee on not less than 48 hours' notice.
- No business may be transacted by the Committee except at a meeting of its members at which a quorum of the Committee is present or by a resolution in writing signed by all the members of the Committee. A majority of the members of the Committee shall constitute a quorum provided that if the number of members of the Committee is an even number one half of the number of members plus one shall constitute a quorum.
- Any member of the Committee may be removed or replaced at any time by the board of directors of the Issuer and shall cease to be a member of the Committee as soon as such member ceases to be a director. Subject to the foregoing, each member of the Committee shall hold such office until the next annual meeting of shareholders after his or her election as a member of the Committee.
- The independent auditor of the Issuer shall be entitled to receive notice of every meeting of the Committee and, at the expense of the Issuer, to attend and be heard thereat.
- The time at which and the place where the meetings of the Committee shall be held, the calling of meetings and the procedure in all respects of such meeting shall be determined by the Committee, or otherwise determined by resolution of the board of directors.
- The members of the Committee shall be entitled to receive such remuneration for acting as members of the Committee as the board of directors may from time to time determine.

**Independent Advice:**

In discharging its mandate the Committee shall have the authority to retain and receive advice from special legal, accounting or other advisors.

**Annual Evaluation:**

At least annually, the Committee shall, in a manner it determines to be appropriate:

- Perform a review and evaluation of the performance of the Committee and its members, including the compliance of the Committee with its terms of reference.
- Review and assess the adequacy of its terms of reference and recommend to the board of directors of the Issuer any improvements to its terms of reference that the Committee determines to be appropriate.

**Limitation:**

Nothing in this charter is intended to or shall have the effect of limiting or impairing the independent decision making authority or responsibility of any board of directors/managers of a subsidiary of the Issuer mandated by applicable law.

**Definitions:**

“**financially literate**” means the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Issuer’s consolidated financial statements.

“independent director” means a director who has no direct or indirect material relationship with the Issuer.<sup>2</sup>

“material relationship”<sup>3</sup> means a relationship which could, in the view of the board of directors of the Issuer, be reasonably expected to interfere with the exercise of a member’s independent judgement. Without limiting the generality of the foregoing, the following individuals are considered to have a material relationship with the Issuer:<sup>4</sup>

- (a) an individual who is, or has been within the last three years, an employee or executive officer<sup>5</sup> of the Issuer;
- (b) an individual whose immediate family member is, or has been within the last three years, an executive officer of the Issuer;
- (c) an individual who:
  - (i) is a partner<sup>6</sup> of a firm that is the Issuer’s internal or external auditor,
  - (ii) is an employee of that firm, or
  - (iii) was within the last three years a partner or employee of that firm and personally worked on the Issuer’s audit within that time;
- (d) an individual whose spouse, minor child or stepchild, or child or stepchild who shares a home with the individual:
  - (i) is a partner of a firm that is the Issuer’s internal or external auditor,
  - (ii) is an employee of that firm and participates in its audit, assurance or tax compliance (but not tax planning) practice, or
  - (iii) was within the last three years a partner or employee of that firm and personally worked on the Issuer’s audit within that time;
- (e) an individual who, or whose immediate family member, is or has been within the last three years, an executive officer of an entity if any of the Issuer’s current executive officers serves or served at that same time on the entity’s compensation committee; and

---

<sup>2</sup> For the purpose of the definitions of “independent director” and “material relationship” in this section, “Issuer” includes a subsidiary entity of the Issuer and a parent of the Issuer, as applicable.

<sup>3</sup> This definition is based on proposed amendments to the Audit Committee Rule (the “Proposed Amendments”). Comments on the Proposed Amendments have been requested by January 27, 2005. We do not anticipate that the final amendments to the Audit Committee Rule will be any more rigorous than the Proposed Amendments.

<sup>4</sup> An individual will not be considered to have a material relationship with the Issuer solely because he or she had a relationship identified in this definition if that relationship ended before March 30, 2004. An individual will not be considered to have a material relationship with the Issuer solely because the individual or his or her immediate family member has previously acted as an interim chief executive officer of the Issuer or acts, or has previously acted, as a chair or vice-chair of the board of directors or of any board committee of the Issuer on a part-time basis.

<sup>5</sup> An “executive officer” includes any individual who performs a policy-making function in respect of the entity.

<sup>6</sup> A partner does not include a fixed income partner whose interest in the firm that is the internal or external auditor is limited to the receipt of fixed amounts of compensation (including deferred compensation) for prior service with that firm if the compensation is not contingent in any way on continued service.

- (f) an individual who received, or whose immediate family member who is employed as an executive officer of the Issuer received, more than \$75,000 in direct compensation<sup>7</sup> from the Issuer during any 12 month period within the last three years.<sup>8</sup>

**“unrelated director”** means a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director’s ability to act with a view to the best interests of the Issuer, other than interests and relationships arising from holding securities.

GOODMANSWS132160.15

---

<sup>7</sup> Direct compensation does not include: (a) remuneration for acting as a member of the board of directors or of any board committee of the Issuer; and (b) the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the Issuer if the compensation is not contingent in any way on continued service.

<sup>8</sup> An individual who: (a) has a relationship with the Issuer pursuant to which the individual may accept, directly or indirectly, any consulting, advisory or other compensatory fee from the Issuer or any subsidiary entity of the Issuer, other than as remuneration for acting in his or her capacity as a member of the board of directors or any board committee, or as a part-time chair or vice-chair of the board or any board committee; or (b) is an affiliated entity of the Issuer or any of its subsidiary entities, is considered to have a material relationship with the Issuer. The indirect acceptance by an individual of any consulting, advisory or other compensatory fee includes acceptance of a fee by: (a) an individual’s spouse, minor child or stepchild, or a child or stepchild who shares the individual’s home; or (b) an entity in which such individual is a partner, member, an officer such as a managing director occupying a comparable position or executive officer, or occupies a similar position (except limited partners, non-managing members and those occupying similar positions who, in each case, have no active role in providing services to the entity) and which provides accounting, consulting, legal, investment banking or financial advisory services to the Issuer or any subsidiary entity of the Issuer. Compensatory fees do not include the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the Issuer if the compensation is not contingent in any way on continued service.

Atlantic Power Holdings receives significant cash distribution

RECEIVED  
2011 OCT 18 AM 11:41  
FEDERAL RESERVE BANK  
ATLANTA

On Tuesday March 1<sup>st</sup>, Atlantic Power Holdings (“Holdings”) received a distribution of \$US35,857,500 from the MASSPOWER Project (the “Project”). Atlantic Power Corporation (“ATP”) holds a 58.1% interest in Holdings.

This distribution is comprised of (i) a portion of the proceeds paid to the Project by two of its three utility power purchasers to terminate power purchase agreements that together account for approximately 66.5% of the Project’s output, (ii) operating income and (iii) the release of restricted cash.

The Project has repaid its outstanding debt and will continue to deliver power under its remaining power purchase agreement extending through 2013 for approximately 7.9% of its output, and will have the option to sell the remainder of its output into the wholesale spot market.

Barry Welch, President and CEO of ATP’s Manager stated, “We are very pleased with this outcome and see it as a true win-win situation for the Project and for ratepayers.”

Holdings will place these funds into its Reserve Account, which is available to fund acquisitions and other growth opportunities to enhance the long-term stability of distributions.

Atlantic Power Corporation owns interests in a diversified portfolio of 15 power generation projects located primarily in major markets in the United States. Atlantic Power’s objectives are to sustain and grow its cash distributions over the long term by enhancing the performance of its existing assets and by making accretive acquisitions.

When used in this news release, the words "anticipate", "expect", "project", "believe", "estimate", "forecast" and similar expressions are intended to identify forward-looking statements, which include statements relating to pending and proposed projects. Such statements are subject to certain risks, uncertainties and assumptions pertaining to operating performance, regulatory parameters, weather and economic conditions and, in the case of pending and proposed projects, risks relating to design and construction, regulatory processes, obtaining financing and performance of other parties, including partners, contractors and suppliers.

**Atlantic Power Corporation Announces February 2005 Distribution**

TORONTO, ONTARIO – Atlantic Power Corporation (TSX:ATP.UN) (the "Company") today announced its distribution for the month of February 2005. A distribution of \$0.0834 per Income Participating Security ("IPS") will be payable on March 31, 2005 to holders of record at the close of business on February 28, 2005.

Each of the Company's Income Participating Securities is comprised of one common share and \$5.767 aggregate principal amount of 11% subordinated notes. The total distribution of \$0.0834 reflects a cash dividend per common share of \$0.0305 and an interest payment of \$0.0529 for the month of February 2005.

Atlantic Power Corporation owns interests in a diversified portfolio of 15 power generation projects located primarily in major markets in the United States. Atlantic Power's objectives are to sustain and grow its cash distributions over the long term by enhancing the performance of its existing assets and by making accretive acquisitions.

When used in this news release, the words "anticipate", "expect", "project", "believe", "estimate", "forecast" and similar expressions are intended to identify forward-looking statements, which include statements relating to pending and proposed projects. Such statements are subject to certain risks, uncertainties and assumptions pertaining to operating performance, regulatory parameters, weather and economic conditions and, in the case of pending and proposed projects, risks relating to design and construction, regulatory processes, obtaining financing and performance of other parties, including partners, contractors and suppliers.

## ACQUISITION AGREEMENT

THIS AGREEMENT is made as of the 10<sup>th</sup> day of November, 2004.

### BETWEEN:

ATLANTIC POWER CORPORATION, a corporation  
existing under the laws of the Province of Ontario,

(the "Issuer")

- and -

ATLANTIC POWER HOLDINGS, LLC, a limited liability  
company existing under the laws of the State of Delaware,

("Buyer")

- and -

EPSILON POWER HOLDINGS, LLC, a limited liability  
company existing under the laws of the State of Delaware.

("Seller")

### RECITALS:

A. The Issuer intends to complete an offering (the "Offering") of income participating securities ("IPSs") to the public under the Prospectus (as defined herein) filed with the securities regulatory authorities in each of the provinces and territories of Canada.

B. The Issuer will use the net proceeds of the Offering (after deducting certain fees and expenses of the Offering payable by the Issuer), together with net proceeds of approximately Cdn\$35,400,000 from the sale of the Separate Subordinated Notes (as defined herein), to subscribe for 32,000,000 common membership interests and 38,329,287 Class A preferred membership interests in Buyer.

C. Buyer will in turn use a portion of the proceeds from the subscription for membership interests by the Issuer (net of any costs and expenses incurred by Buyer), together with common membership interests and Class B preferred membership interests to be issued by it, as provided herein, to acquire all of the issued and outstanding membership interests in Epsilon Power Funding, LLC (the "Company") from Seller under and subject to the terms and conditions of this Agreement.

D. The Underwriting Agreement (as defined herein) provides that, as a condition to the completion of the Offering, the Issuer, Buyer and Seller enter into this Agreement.

**NOW THEREFORE** in consideration of the mutual covenants and agreements contained in this Agreement and other good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged by each of the parties), the parties hereto agree as follows:

**ARTICLE I  
INTERPRETATION**

**1.1 Definitions**

In this Agreement:

- (a) **“Acquisition Agreements”** means the Teton Acquisition Agreement, the Umatilla Acquisition Agreement and this Agreement;
- (b) **“affiliate”** has the meaning attributed thereto in Rule 12b-2 of the regulations promulgated under the Securities Exchange Act;
- (c) **“Affiliated Group”** means any affiliated group within the meaning of Code §1504(a) or any similar group defined under a similar provision of state, local or foreign law;
- (d) **“Agreement”, “hereto”, “herein”, “hereby”, “hereunder”, “hereof”,** and similar expressions refer to this Acquisition Agreement and not to any particular article, section, subsection, clause, subdivision or other portion hereof, as it may be amended, modified or restated in accordance with the terms hereof, and include any and every instrument supplemental or ancillary hereto;
- (e) **“Ancillary Agreements”** means the Indenture (including the guarantees and pledges contemplated thereby), the Credit Facility, the Underwriting Agreement, the Teton Acquisition Agreement, the Umatilla Acquisition Agreement, the Indemnity Agreement, the Operating Agreement and the Management Agreement;
- (f) **“Business”** means the business of the Company and the Company Subsidiaries consisting primarily of the business of, and the direct and indirect ownership, management, operation and lease of assets and property in connection with, the generation, transmission, distribution and purchase and sale of electricity and thermal energy, together with investments and other direct or indirect rights in Persons involved in the business of the generation, transmission, distribution, purchase and sale of electricity and thermal energy, as well as engaging in all activities ancillary or incidental to any of the foregoing;
- (g) **“Business Day”** means any day other than a Saturday, Sunday and any day on which banking institutions in the State of New York and the Province of Ontario are authorized by law or other governmental action to close;
- (h) **“Capital Lease”** means a lease with respect to which the lessee is required concurrently to recognize the acquisition of an asset and the incurrence of a liability in accordance with GAAP;
- (i) **“Capital Lease Obligation”** means, with respect to any Person and a Capital Lease, the amount of the obligation of such Person as the lessee under such Capital Lease which would, in accordance with GAAP, appear as a liability on a balance sheet of such Person;
- (j) **“Cash Purchase Price”** has the meaning attributed to such term in Section 2.3(i);
- (k) **“Closing”** means the completion of the transaction of purchase and sale contemplated in Article 2;

- (l) “**Closing Time**” means 8:00 a.m. (Toronto time) on the Date of Closing or such other time on such date as may be agreed upon in writing by the parties;
- (m) “**Code**” means the *Internal Revenue Code of 1986*, as amended;
- (n) “**Company Subsidiary**” means any Subsidiary of the Company and includes each entity listed in Section 3.3.2.5 of the Disclosure Letter. Notwithstanding anything to the contrary contained in this Agreement, neither the Project Holding Entities nor the Project Partnerships shall be deemed to be Company Subsidiaries;
- (o) “**Credit Facility**” means the credit facility to be provided by an affiliate of BMO Nesbitt Burns Inc. to Buyer on closing of the Offering in the aggregate amount of \$50 million;
- (p) “**Damages**” means any damages, losses, expenses or claims suffered by, imposed upon or asserted against any Person under the Securities Laws, other Laws, at common law or otherwise, together with the expenses incurred in connection with same, such amount being correspondingly reduced by: (i) any insurance proceeds that are paid to the Person in respect of the same claim; and (ii) the present value of the net Tax benefit, if any, that is available to such party in the current or any future Tax period as a result of the payment of Damages;
- (q) “**Date of Closing**” means the date on which the completion of the Offering occurs;
- (r) “**Date of Formation**” means August 17, 2004;
- (s) “**Disclosure Letter**” means the letter dated the date of this Agreement from Seller to the applicable parties hereto in respect of the representations and warranties set forth in Section 3.3;
- (t) “**Environmental, Health and Safety Requirements**” shall mean all federal, state, local and foreign statutes, laws, regulations and ordinances, and any binding judicial or administrative interpretation thereof, including any applicable judicial or administrative order, consent decree or judgment, concerning public health and safety, worker health and safety, and pollution or protection of the environment, including all those related to the presence, use, production, generation, handling, transportation, treatment, storage, disposal, distribution, labeling, testing, processing, discharge, emission, release, threatened release, control or cleanup of any Hazardous Materials, as such requirements are enacted and in effect on or before the Date of Closing;
- (u) “**EWG Facilities**” means Projects determined by an order of the FERC to be “exempt wholesale generators” as defined in Section 32(a)(i) of PUHCA;
- (v) “**FERC**” means the Federal Energy Regulatory Commission or any successor thereto;
- (w) “**FPA**” means the *Federal Power Act*, as amended;
- (x) “**Fund I**” means ArcLight Energy Partners Fund I, L.P.;
- (y) “**Governmental Entity**” means any: (i) multinational, federal, provincial, state, municipal, local or other governmental or public department, regulatory or administrative authority, central bank, court, commission, board, bureau, agency or instrumentality, domestic or foreign; (ii) any subdivision or authority of any of the foregoing; (iii) any quasi-governmental, self-regulatory organization or private body exercising any

regulatory, expropriation or taxing authority under or for the account of its members or any of the above; or (iv) any arbitrator exercising jurisdiction over the affairs of the applicable Person, asset, obligation or other matter;

- (z) **"Hazardous Materials"** means (i) any radioactive materials, asbestos in any form, oil or petroleum products in any form, urea formaldehyde foam insulation, polychlorinated biphenyls and transformers or other equipment that contain polychlorinated biphenyls, and radon gas, or (ii) any chemicals, materials or substances which are defined as, or included in the definition of, "hazardous wastes", "hazardous substances", "extremely hazardous substances", or "toxic substances", toxic or hazardous "pollutants", hazardous or toxic "materials" or words of similar import under any Environmental, Health and Safety Requirement;
- (aa) **"Indebtedness"** means, with respect to any Person, without duplication:
  - (i) its liabilities for borrowed money;
  - (ii) its liabilities for the deferred purchase price of property acquired by such Person (excluding accounts payable arising in the ordinary course of business but including, without limitation, all liabilities created or arising under any conditional sale or other title retention agreement with respect to any such property);
  - (iii) its Capital Lease Obligations;
  - (iv) all liabilities for borrowed money secured by any Lien with respect to any property owned by such Person (whether or not it has assumed or otherwise become liable for such liabilities); and
  - (v) any guaranty of such Person with respect to liabilities of a type described in any of clauses (i) through (iv) hereof;
- (bb) **"Indemnity Agreement"** means the agreement to be entered into as of the date hereof among Seller, Teton Holdings, Umatilla Holdings, the Issuer and Buyer setting out various rights and obligations of such parties relating to indemnification in respect of the Acquisition Agreements;
- (cc) **"Indenture"** means the Subordinated Note Indenture between the Issuer and Computershare Trust Company of Canada to be entered into on closing of the Offering;
- (dd) **"Interim Period"** means the period between the close of business on the date of this Agreement and the Closing;
- (ee) **"Knowledge"** of any Person means the actual knowledge of the officers of that Person charged with responsibility for the particular function, after reasonable inquiry by them of those parties whom they believe, in good faith, to be the Persons responsible for the subject matter of the inquiry;
- (ff) **"Laws"** means any and all laws, including all federal, state, provincial and local statutes, codes, ordinances, decrees, rules, regulations and municipal by-laws and all judicial, arbitral, administrative, ministerial, departmental or regulatory judgments, orders, decisions, rulings or awards or other requirements of any other Governmental Entity, binding on or affecting the Person referred to in the context in which the term was used;

- (gg) “**Lien**” means any mortgage, pledge, lien, security interest, easement, encumbrance or other adverse claim;
- (hh) “**Litigation**” means an action, suit, claim, proceeding or investigation, at law or in equity, before any Governmental Entity, by any Person;
- (ii) “**Management Agreement**” means the management agreement to be entered into on or prior to closing of the Offering between Atlantic Power Management, LLC, the Issuer and Buyer, as it may be amended, supplemented and restated from time to time;
- (jj) “**Manager**” means Atlantic Power Management, LLC;
- (kk) “**Material Adverse Effect**” or “**Material Adverse Change**” means any effect or change that would be materially adverse to the Business, operations, assets or financial condition of the Company and the Company Subsidiaries, taken as a whole, as currently owned and operated or as contemplated to be owned and operated following completion of the purchase of the Purchased Membership Interests by Buyer hereunder (as described in the Prospectus), or on the ability of Seller to consummate the transactions contemplated hereby;
- (ll) “**Material Contracts**” has the meaning attributed to such term in Section 3.3.2.10;
- (mm) “**Operating Agreement**” means the operating agreement in respect of Buyer to be entered into among the Issuer, Buyer, Seller, Teton Holdings and Umatilla Holdings on closing of the Offering;
- (nn) “**Ordinary Course**” means, with respect to an action taken by a Person, that such action constitutes an ordinary course business activity of the Person consistent with the Person’s past custom and practices (including with respect to quantity and frequency);
- (oo) “**Permits**” has the meaning attributed to such term in Section 3.3.3.12;
- (pp) “**Permitted Encumbrances**” means, as to any Person, (i) statutory Liens on the property of such Person for Taxes and other governmental charges not yet due or delinquent or, to the extent set forth in the Disclosure Letter, which are being contested in good faith, (ii) mechanics’, carriers’, workers’, warehouse and other similar Liens on the property of such Person arising in the Ordinary Course relating to obligations as to which such Person is not in default and provided that such Liens, in the aggregate, would not be reasonably likely to materially and adversely affect such Person, (iii) zoning, entitlement, conservation restriction and other land use and environmental regulations by Governmental Entities as to which such Person is not in default, (iv) imperfections in title, and similar charges, easements and restrictions which, in the aggregate, would not be reasonably likely to materially impair the use of the property of such Person in the operation of such Person’s business, and (v) Liens disclosed in, created by or arising by reason of this Agreement, the Ancillary Agreements, the transactions contemplated hereby and thereby, the Material Contracts or the Project Contracts;
- (qq) “**Person**” means an individual, a partnership, a corporation, a limited liability company, an association, a joint stock company, a trust, a joint venture, an unincorporated organization, or any other business entity or a Governmental Entity (or any department, agency or political subdivision thereof);
- (rr) “**Project Contracts**” has the meaning attributed to such term in Section 3.3.3.9.1;

- (ss) **“Project Financial Statements”** has the meaning attributed to such term in Section 3.3.3.5;
- (tt) **“Project Holding Entities”** means the corporations, limited liability companies and partnerships listed as “Project Holding Entities” in Section 3.3.2.5 of the Disclosure Letter;
- (uu) **“Project Holding Entity Interests”** means, in respect of each Project Holding Entity, the shares or limited liability company or partnership interest owned by the Company or any of the Project Holding Entities in such Project Holding Entity as set forth in Section 3.3.2.5 of the Disclosure Letter;
- (vv) **“Project Partnership Agreement”** means, for each of the Project Partnerships, the partnership agreement set forth in respect of such Project Partnership in Section 3.3.3.1 of the Disclosure Letter;
- (ww) **“Project Partnership Interests”** means, in respect of each Project Partnership, the partnership interest owned by each of one or more Company Subsidiaries or Project Holding Entities in such Project Partnership as set forth in Section 3.3.3.1 of the Disclosure Letter;
- (xx) **“Project Partnerships”** means the partnerships listed as “Project Partnerships” in Section 3.3.3.1 of the Disclosure Letter;
- (yy) **“Projects”** means the electric generating facilities listed as “Projects” in Section 3.3.3.1 of the Disclosure Letter;
- (zz) **“Prospectus”** means the final prospectus of the Issuer dated the date hereof and filed with the securities commissions or other regulatory authorities in the Qualifying Jurisdictions in connection with the Offering;
- (aaa) **“PUHCA”** means the *Public Utility Holding Company Act of 1935*, as amended;
- (bbb) **“Purchase Price”** has the meaning attributed to such term in Section 2.2;
- (ccc) **“Purchased Membership Interests”** means all of the issued and outstanding limited liability company membership interests in the Company;
- (ddd) **“PURPA”** means the *Public Utility Regulatory Policies Act of 1978*, as amended;
- (eee) **“Qualifying Jurisdictions”** means, collectively, each of the provinces and territories of Canada;
- (fff) **“QF Facilities”** means “Qualifying Cogeneration Facilities” as that term is defined in PURPA and the regulations thereunder;
- (ggg) **“Required Consents”** means the consents listed in Section 3.3.1.3 of the Disclosure Letter;
- (hhh) **“ROFO Agreement”** means the agreement to be entered into between Buyer and Fund I providing for certain rights of first offer for Buyer, as contemplated in the Prospectus;

- (iii) **"Securities Commission"** means the applicable securities commission or other regulatory authority in each of the Qualifying Jurisdictions;
- (jjj) **"Securities Exchange Act"** means the *Securities Exchange Act of 1934*, as amended;
- (kkk) **"Securities Laws"** means, collectively, the applicable securities laws of each of the Qualifying Jurisdictions and the respective regulations and rules made under those securities laws, together with all applicable policy statements, blanket orders and rulings of the Securities Commissions and all discretionary orders or rulings, if any, of the Securities Commissions made in connection with the transactions contemplated by the Underwriting Agreement and the securities legislation and policies of each other applicable jurisdiction (including the United States);
- (lll) **"Separate Subordinated Notes"** means the Cdn\$36,501,000 principal amount of 11% subordinated notes of the Issuer issued in accordance with the Indenture and to be sold separately at the time of closing of the Offering;
- (mmm) **"Subsidiary"** means, with respect to any Person, any corporation, limited liability company, partnership, association or other business entity of which (i) if a corporation, a majority of the total voting power of shares of stock entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof is at the time owned or controlled, directly or indirectly, by that Person or one or more Subsidiaries of that Person or a combination thereof or (ii) if a limited liability company, partnership, association or other business entity (other than a corporation), a majority of the partnership or other similar ownership interests thereof is at the time owned or controlled, directly or indirectly, by that Person or one or more Subsidiaries of that Person or a combination thereof and for this purpose, a Person or Persons owns a majority ownership in such a business entity (other than a corporation) if such Person or Persons shall be allocated a majority of such business entity's gains or losses or shall be or control any managing director or general partner or similar Person of such business entity (other than a corporation);
- (nnn) **"Tax"** means any federal, state, local or foreign income, gross receipts, license, payroll, employment, excise, severance, stamp, occupation, premium, windfall profits, environmental (including taxes under Code §59A), customs duties, capital stock, franchise, profits, withholding, social security (or similar), unemployment, disability, real property, personal property, sales, use, transfer, registrations, value added, alternative or add-on minimum, estimated, or other tax of any kind whatsoever, including any interest, penalty or addition thereto, whether disputed or not;
- (ooo) **"Tax Return"** means any return, declaration, report, claim for refund or information return or statement relating to Taxes, including any schedule or attachment thereto, and including any amendment thereof;
- (ppp) **"Teton Acquisition Agreement"** means the agreement of even date herewith among the Issuer, Buyer and Teton Holdings respecting, among other things, the acquisition by Buyer of Teton Power Funding, LLC;
- (qqq) **"Teton Holdings"** means Teton Power Holdings, LLC;
- (rrr) **"Umatilla Acquisition Agreement"** means the agreement of even date herewith among the Issuer, Buyer and Umatilla Holdings respecting, among other things, the acquisition by Buyer of Umatilla Power Funding, LLC;

- (sss) **“Umatilla Holdings”** means Umatilla Power Holdings, LLC;
- (ttt) **“Underwriters”** means the underwriters of the Offering; and
- (uuu) **“Underwriting Agreement”** means the underwriting agreement entered into by and among the Issuer, Buyer, Seller, Teton Holdings, Umatilla Holdings and the Underwriters in connection with the Offering.

Capitalized terms used but not defined in this Agreement have the meanings given to them in the Prospectus.

## **1.2 Headings**

The division of this Agreement into articles and sections and the insertion of headings are for the convenience of reference only and will not affect the construction or interpretation of this Agreement. Unless something in the subject matter or context is inconsistent therewith, references herein to **“Articles”** or **“Sections”** are to articles or sections of this Agreement.

## **1.3 Gender and Number**

In this Agreement, words importing the singular number only will include the plural and vice versa, words importing the masculine gender will include the feminine and neuter genders and vice versa and words importing persons will include individuals, partnerships, associations, trusts, unincorporated organizations, limited liability companies and corporations.

## **1.4 Currency**

Except where otherwise expressly provided, all payments contemplated herein will be paid in U.S. funds, and all references herein to dollar amounts are references to dollars in the lawful currency of the United States of America.

## **1.5 Day Not a Business Day**

In the event that any day on or before which any action is required to be taken hereunder is not a Business Day, then such action will be required to be taken on or before the requisite time on the next succeeding day that is a Business Day.

## **1.6 Accounting Principles**

Unless otherwise indicated, all references to GAAP in this Agreement are to United States generally accepted accounting principles. Such references will be deemed to be to the requirements at the relevant time of the Financial Accounting Standards Board, or any successor accounting body, applicable on a consolidated basis (unless otherwise specifically provided or contemplated herein to be applicable on an unconsolidated basis) as at the date on which such calculation is made or required to be made in accordance with generally accepted accounting principles. Where the character or amount of any asset or liability or item of revenue or expense or amount of equity is required to be determined, or any consolidation or other accounting computation is required to be made for the purpose of this Agreement, such determination or calculation will, to the extent applicable and except as otherwise specified herein or as otherwise agreed to in writing by the parties, be made in accordance with generally accepted accounting principles applied on a consistent basis.

**1.7 Waiver, Amendment**

Except as expressly provided in this Agreement, no amendment or waiver of this Agreement will be binding unless executed in writing by the party to be bound thereby. No waiver of any provision of this Agreement will constitute a waiver of any other provision nor will any waiver of any provision of this Agreement constitute a continuing waiver unless otherwise expressly provided.

**1.8 Construction**

The words “including” and “includes” where used in this Agreement will be deemed to mean “including, without limitation” and “includes, without limitation”, respectively.

**ARTICLE 2  
PURCHASE AND SALE OF THE PURCHASED MEMBERSHIP INTERESTS**

**2.1 Purchase and Sale**

Subject to the terms and conditions of this Agreement, at the Closing Time, Seller shall sell to Buyer, and Buyer shall purchase from Seller, the Purchased Membership Interests.

**2.2 Purchase Price**

The consideration to be paid by Buyer for the Purchased Membership Interests shall be \$56,253,090 (the “Purchase Price”). The Purchase Price is subject to adjustment by the board of directors of the Issuer based on the actual fees and expenses incurred in connection with the Offering and related transactions. The Purchase Price set forth herein assumes total expenses of \$1,476,163 and Cdn\$4,414,318.

**2.3 Satisfaction of Purchase Price**

The Purchase Price shall be paid and satisfied at the Closing Time by, or on behalf of, Buyer as follows:

- (i) by wire transfer of immediately available funds in an amount equal to \$15,059,126 (the “Cash Purchase Price”) as directed by Seller; and
- (ii) by the issuance of 4,975,407 common membership interests and 4,975,407 Class B preferred membership interests in Buyer to Seller or as may otherwise be directed by Seller in writing.

**2.4 Tax Treatment; Allocation**

To the extent made for the consideration described in Section 2.3(ii), the transfer of the Purchased Membership Interests shall be treated for U.S. federal income tax purposes as a tax-deferred contribution described in Section 721(a) of the Code. Within a reasonable period of time after the Closing, Seller shall prepare an allocation of the Cash Purchase Price (including for these purposes any direct or indirect assumption or repayment of Indebtedness by Buyer that is treated as consideration realized by Seller for U.S. federal income tax purposes) among the interests in the Project Partnerships directly or indirectly acquired for such consideration and, where relevant for these purposes (including by reason of any Project Partnership’s election under Section 754 of the Code), among the proportionate share of the assets of the Project Partnerships indirectly acquired. Such allocation shall be prepared by Seller in a manner that is consistent with any applicable provisions of the Code and U.S. Treasury Regulations. Provided that the allocation is prepared in accordance with this Section 2.4 and absent

manifest error, it shall be binding upon the parties hereto and shall be used by them for all relevant Tax purposes, and no party shall take any position inconsistent with such allocation for any Tax purpose.

### **ARTICLE 3 REPRESENTATIONS AND WARRANTIES**

#### **3.1 Representations and Warranties of the Issuer**

The Issuer represents and warrants to Seller as follows and acknowledges that Seller is relying upon the following representations and warranties in completing the transactions contemplated hereby:

- 3.1.1 Incorporation and Status.** The Issuer is a corporation duly incorporated and existing under the laws of the Province of Ontario. The Issuer is duly qualified to carry on its business in each jurisdiction in which the conduct of its business or the ownership, leasing or operation of its property and assets requires such qualification, except to the extent that any failure to be so qualified, either individually or in the aggregate, would not have a Material Adverse Effect.
- 3.1.2 Corporate Power and Due Authorization.** The Issuer has the power and capacity to enter into and perform its obligations under this Agreement and the Ancillary Agreements to which it is a party and to carry out the transactions contemplated in the Prospectus. Each of this Agreement and the Ancillary Agreements to which it is a party has been, or will at the Closing Time be, duly authorized, executed and delivered by the Issuer and is, or will at the Closing Time be, a legal, valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms, subject to exceptions as to applicable bankruptcy, insolvency and similar laws and the availability of equitable remedies.
- 3.1.3 No Approvals.** No consent, approval, authorization or order of, and no filing, registration or recording with, any Governmental Entity or third party is required in connection with the execution and delivery by the Issuer of this Agreement and the Ancillary Agreements to which it is a party, or the performance by the Issuer of its obligations hereunder and thereunder and the consummation by the Issuer of the transactions contemplated herein and therein except such as have been made or obtained or those that are not required to be made or obtained until after the Closing.
- 3.1.4 No Contravention.** The execution and delivery by the Issuer of this Agreement and the Ancillary Agreements to which it is a party, the performance by the Issuer of its obligations hereunder and thereunder and compliance by the Issuer with the other provisions hereof and thereof does not and will not contravene, breach or result in any default under its organizational documents or under any mortgage, indenture, lease, agreement, other legally binding instrument, licence, permit, statute, regulation, order, judgment, decree or Law to which the Issuer is a party or by which it is bound.
- 3.1.5 Residence of the Issuer.** The Issuer is not a non-resident of Canada within the meaning of the *Income Tax Act* (Canada), as amended.

#### **3.2 Representations and Warranties of Buyer**

Buyer represents and warrants to Seller as follows and acknowledges that Seller is relying upon the following representations and warranties in completing the transactions contemplated hereby:

- 3.2.1 Organization and Status.** Buyer is a limited liability company duly organized, validly existing and in good standing under the laws of the State of Delaware. Buyer is duly qualified to carry on its business in each jurisdiction in which the conduct of its business or the ownership, leasing or operation of its property and assets requires such qualification, except to the extent that any failure to be so qualified, either individually or in the aggregate, would not have a Material Adverse Effect.
- 3.2.2 Power of Buyer and Due Authorization.** Buyer has the power and authority to enter into and perform its obligations under this Agreement and the Ancillary Agreements to which it is a party and to carry out the transactions contemplated in the Prospectus. Each of this Agreement and the Ancillary Agreements to which it is a party has been, or will at the Closing Time be, duly authorized, executed and delivered by Buyer and is, or will at the Closing Time be, a legal, valid and binding obligation of Buyer, enforceable against Buyer in accordance with its terms, subject to exceptions as to applicable bankruptcy, insolvency and similar laws and the availability of equitable remedies.
- 3.2.3 No Approvals.** No consent, approval, authorization or order of, and no filing, registration or recording with, any Governmental Entity or third party is required in connection with the execution and delivery by Buyer of this Agreement and the Ancillary Agreements to which it is a party, or the performance by Buyer of its obligations hereunder and thereunder and the consummation by Buyer of the transactions contemplated herein and therein except such as have been made or obtained or those that are not required to be made or obtained until after the Closing.
- 3.2.4 No Contravention.** Neither the execution and the delivery of this Agreement and the Ancillary Agreements to which Buyer is a party, nor the consummation by Buyer of the transactions contemplated hereby and thereby, will (i) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge or other restriction of any Governmental Entity to which Buyer is subject, or any provision of its organizational documents, (ii) conflict with, result in a breach of, constitute a default under, result in the acceleration of, create in any party the right to accelerate, terminate, modify or cancel, or require any notice under any agreement, contract, lease, license, instrument or other arrangement to which Buyer is a party or by which it is bound or to which any of its assets is subject, or (iii) result in the imposition or creation of any Lien upon or with respect to the membership interests in the Company (other than rights of Buyer in connection with Buyer's purchase of the Purchased Membership Interests, under the Credit Facility and under the Indenture and related guarantees).

### **3.3 Representations and Warranties of Seller**

Seller represents and warrants to the Issuer and Buyer that the statements contained in this Section 3.3 are correct and complete as of the date of this Agreement, except as set forth in the Disclosure Letter. Items disclosed in one particular section of the Disclosure Letter shall be deemed to be constructively disclosed or listed in other sections of the Disclosure Letter to the extent that it is reasonably apparent that the disclosure relates to such other sections. The fact that any item of information is contained in the Disclosure Letter shall not be construed as an admission of liability under any applicable Law, or to mean that such information is material. Such information shall not be used as a basis for interpreting the term "material", "materially" or "Material Adverse Effect", or any similar qualification in this Agreement.

- 3.3.1 Representations and Warranties of Seller with respect to Seller.** Seller represents and warrants to the Issuer and Buyer as follows and acknowledges that each of the

Issuer and Buyer is relying upon the following representations and warranties in completing the transactions contemplated hereby:

- 3.3.1.1 Organization and Status.** Seller is a limited liability company duly formed, validly existing and in good standing under the laws of the State of Delaware. Seller has full limited liability company power and authority to carry on its business as presently conducted.
- 3.3.1.2 Power of Seller and Due Authorization.** Seller has full power and authority (including full limited liability company power and authority) to enter into and perform its obligations under this Agreement and the Ancillary Agreements to which Seller is a party and to carry out the transactions contemplated in the Prospectus. Each of this Agreement and the Ancillary Agreements to which it is a party has been, or will at the Closing Time be, duly authorized, executed and delivered by Seller and is, or will at the Closing Time be, a legal, valid and binding obligation of Seller, enforceable against Seller in accordance with its terms, subject to exceptions as to applicable bankruptcy, insolvency and similar laws and the availability of equitable remedies.
- 3.3.1.3 No Approvals.** Except as set forth in Section 3.3.1.3 of the Disclosure Letter, no consent, approval, authorization or order of, and no filing, registration or recording with, any Governmental Entity or third party is required in connection with the execution and delivery by Seller of this Agreement and the Ancillary Agreements to which it is a party, or the performance by Seller of its obligations hereunder and thereunder and the consummation by Seller of the transactions contemplated herein and therein. All of the consents, approvals, authorizations, orders, filings, registrations and recordings set out in Section 3.3.1.3 of the Disclosure Letter required to be made or obtained prior to the Closing Time have been, or will at the Closing Time have been, made or obtained.
- 3.3.1.4 No Contravention.** Neither the execution and the delivery of this Agreement and the Ancillary Agreements to which Seller is a party, nor the consummation of the transactions contemplated hereby and thereby, will (i) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge or other restriction of any Governmental Entity to which Seller is subject, or any provision of its organizational documents, (ii) conflict with, result in a breach of, constitute a default under, result in the acceleration of, create in any party the right to accelerate, terminate, modify or cancel, or require any notice under any agreement, contract, lease, license, instrument or other arrangement to which Seller is a party or by which it is bound or to which any of its assets is subject except, in the case of requiring a notice, where failure to provide such notice would not have a Material Adverse Effect, or (iii) result in the imposition or creation of any Lien upon or with respect to the membership interests in the Company (other than Liens created or arising by reason of this Agreement or the transactions contemplated hereby).
- 3.3.1.5 Title to Company Membership Interests.** Seller holds of record and owns beneficially all of the issued and outstanding membership interests in the Company free and clear of any restrictions on transfer (other than restrictions

under the Securities Exchange Act and state securities laws), Liens, options, warrants, purchase rights, contracts, commitments, equities, claims and demands (other than Buyer's rights hereunder). Seller is not a party to any option, warrant, purchase right or other contract or commitment that could require Seller to sell, transfer or otherwise dispose of any membership interests of the Company (other than this Agreement). Seller is not a party to any stockholder agreement, member agreement, operating agreement, voting trust, proxy or other agreement or understanding with respect to the membership interests of the Company.

**3.3.1.6 Bankruptcy; Insolvency.** Seller is not insolvent and has not taken any action with respect to, nor, to Seller's Knowledge, has any other action been taken or any action commenced for, its winding-up, bankruptcy, insolvency, dissolution, administration or reorganization or for the appointment of a receiver, administrator, trustee or similar officer of it or the membership interests in the Company or any other asset, in any jurisdiction.

**3.3.1.7 Prospectus Disclosure.** To the Knowledge of Seller, the Prospectus does not contain a misrepresentation (as that term is defined in Section 1(1) of the *Securities Act* (Ontario), as amended).

**3.3.2 Representations and Warranties of Seller with Respect to the Company, the Company Subsidiaries and the Project Holding Entities.** Seller represents and warrants to the Issuer and Buyer as follows and acknowledges that each of the Issuer and Buyer is relying upon the following representations and warranties in completing the transactions contemplated hereby:

**3.3.2.1 Organization and Status.** Except as set forth in Section 3.3.2.1 of the Disclosure Letter, each of the Company, Company Subsidiaries and, to the Knowledge of Seller, the Project Holding Entities, is a limited liability company, limited partnership or corporation duly formed, organized or incorporated, validly existing and in good standing under the laws of its state of organization. None of the items set forth in Section 3.3.2.1 of the Disclosure Letter have had, or would reasonably be expected to, individually or in the aggregate, have a Material Adverse Effect. Each of the Company, the Company Subsidiaries and, to the Knowledge of Seller, the Project Holding Entities, has full limited liability company, partnership or corporate power and authority to own, lease and operate its properties and to carry on the Business as presently conducted. Seller has made available to the Issuer and Buyer complete and correct copies of the organizational documents of the Company and each of the Company Subsidiaries. Each of the Company, the Company Subsidiaries and, to the Knowledge of Seller, the Project Holding Entities, is duly authorized to conduct business and is in good standing under the laws of each jurisdiction where such qualification is required, except where the lack of such qualification would not, individually or in the aggregate, have a Material Adverse Effect.

**3.3.2.2 Capitalization of Company.** As of the date of this Agreement, Seller is the sole member of the Company. There are no outstanding profit participation or similar rights with respect to the Company. There are no options, warrants or other securities exchangeable or exercisable for, or convertible into, membership interests of the Company, and no Person has any agreement or

option, or right or privilege (whether pre-emptive or contractual) capable of becoming an agreement or option, for the purchase or acquisition of any membership interests of the Company.

- 3.3.2.3 No Contravention.** Neither the execution and the delivery of this Agreement and the Ancillary Agreements to which Seller, the Company and/or any of the Company Subsidiaries is a party, nor the consummation of the transactions contemplated hereby and thereby, will (i) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge or other restriction of any Governmental Entity to which the Company, any Company Subsidiary or, to the Knowledge of Seller, any Project Holding Entity, is subject, or any provision of the organizational documents of the Company, any Company Subsidiary or, to the Knowledge of Seller, any Project Holding Entity, (ii) conflict with, result in a breach of, constitute a default under, result in the acceleration of, create in any party the right to accelerate, terminate, modify or cancel, or require any notice under any agreement, contract, lease, license, instrument or other arrangement to which the Company, any Company Subsidiary or, to the Knowledge of Seller, any Project Holding Entity, is a party or by which it is bound or to which any of its assets is subject except where the conflict, breach, default, acceleration, termination, modification, cancellation or notice would not, individually or in the aggregate, have a Material Adverse Effect, or (iii) result in the imposition of any Lien upon or with respect to any property of the Company, any Company Subsidiary or, to the Knowledge of Seller, any Project Holding Entity (other than Liens created or arising by reason of this Agreement or the transactions contemplated hereby).
- 3.3.2.4 Title to Tangible Assets.** The Company, the Company Subsidiaries and, to the Knowledge of Seller, the Project Holding Entities, have good title to, or a valid leasehold interest in, the material tangible assets they use regularly in the conduct of the Business.
- 3.3.2.5 Company Subsidiaries.** Section 3.3.2.5 of the Disclosure Letter sets forth for each Company Subsidiary (i) its name and jurisdiction of incorporation or formation, (ii) its authorized capital stock or limited liability company or partnership interests, (iii) the number of issued and outstanding shares of capital stock or limited liability company or partnership interests, and (iv) the holder or holders of such shares or limited liability company or partnership interests. The Company owns all of the issued and outstanding limited liability company interests in the Company Subsidiaries free and clear of all Liens, other than Liens disclosed in the Disclosure Letter and Liens created by or arising by reason of this Agreement or the transactions contemplated hereby. There are no options, warrants or other securities exchangeable or exercisable for, or convertible into, capital stock or limited liability company or partnership interests of any Company Subsidiary, and no Person has any agreement or option, or right or privilege (whether pre-emptive or contractual) capable of becoming an agreement or option, for the purchase or acquisition of any capital stock or limited liability company or partnership interests of any Company Subsidiary.
- 3.3.2.6 Events Subsequent to Date of Formation.** Since the Date of Formation through the date hereof, (i) other than in connection with the transactions

contemplated by this Agreement or as disclosed in the Prospectus, each of the Company, the Company Subsidiaries and, to the Knowledge of Seller, the Project Holding Entities, has conducted the Business in the Ordinary Course and (ii) except as disclosed in the Prospectus, there has been no Material Adverse Change.

- 3.3.2.7 Legal Compliance.** Each of the Company, the Company Subsidiaries and, to the Knowledge of Seller, the Project Holding Entities, has complied with all Laws except where non-compliance would not, individually or in the aggregate, result in a Material Adverse Effect. This Section 3.3.2.7 does not relate to Tax matters related to the Company, the Company Subsidiaries and the Project Holding Entities, which are instead the subject of Section 3.3.4, to employee benefits matters related to the Company, the Company Subsidiaries and the Project Holding Entities, which are instead the subject of Section 3.3.2.12, or to environmental, health and safety matters related to the Company, the Company Subsidiaries and the Project Holding Entities, which are instead the subject of Section 3.3.2.13.
- 3.3.2.8 Ownership or Lease of Real and Personal Property.** The Company and the Company Subsidiaries own, lease or otherwise have the right to use all real property, including all fixtures and improvements situated thereon, and own, lease or otherwise have the right to use all equipment and personal property, tangible and intangible, in each case which is used in the day to day operations of the Business and which is necessary to conduct the Business in the manner in which it is presently conducted except where the failure to so own, lease or have the right to use would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. To the Knowledge of Seller, each Project Holding Entity owns, leases or otherwise has the right to use all real property, including all fixtures and improvements situated thereon, and owns, leases or otherwise has the right to use all equipment and personal property, tangible and intangible, in each case which is used in the day to day operations of the business of such Project Holding Entity and which is necessary to conduct the business of such Project Holding Entity in the manner in which it is presently conducted except where the failure to so own, lease or have the right to use would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect.
- 3.3.2.9 Intellectual Property.** None of the Company, the Company Subsidiaries or, to the Knowledge of Seller, the Project Holding Entities, uses any material intellectual property in its business.
- 3.3.2.10 Material Contracts.** Section 3.3.3.9.1 of the Disclosure Letter lists all contracts to which any of the Company, the Company Subsidiaries and, to the Knowledge of Seller, the Project Holding Entities, is a party the performance of which will involve annual consideration in excess of \$500,000, which evidence Indebtedness of at least \$500,000 or which are otherwise material to the Business (collectively, the "**Material Contracts**"). Seller has made available to the Issuer and Buyer a correct and complete copy of each Material Contract. Each Material Contract (i) constitutes a legal, valid and binding obligation of the Company, the Company Subsidiaries and/or, to Seller's Knowledge, the Project Holding Entities, as applicable, and, to Seller's Knowledge, the other parties thereto, and (ii) to Seller's Knowledge

(except in the case of Material Contracts to which the Company and/or any Company Subsidiary is a party, which are not so qualified as to Knowledge), is in full force and effect. There is no default or event which, with notice or lapse of time or both, would constitute a default under the Material Contracts on the part of the Company, the Company Subsidiaries or, to Seller's Knowledge, the Project Holding Entities, or, to Seller's Knowledge, on the part of the other parties thereto, except for such events of default and other events which would not, individually or in the aggregate, cause a Material Adverse Effect.

- 3.3.2.11 Litigation.** Except as disclosed in the Prospectus, there is no Litigation pending or, to Seller's Knowledge, threatened against, the Company, any of the Company Subsidiaries or, to Seller's Knowledge, any of the Project Holding Entities, which would be reasonably expected to, individually or in the aggregate, cause a Material Adverse Effect.
- 3.3.2.12 Labor Matters and Employee Benefits.** None of the Company, any Company Subsidiary or, to Seller's Knowledge, any Project Holding Entity, has employees.
- 3.3.2.13 Environmental, Health and Safety Matters.** The Company, the Company Subsidiaries and, to the Knowledge of Seller, the Project Holding Entities, are in compliance with Environmental, Health and Safety Requirements, except for such non-compliance as would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. Since September 26, 2003 and, to Seller's Knowledge, from November 10, 2001 to September 25, 2003, none of the Company, any Company Subsidiary or, to the Knowledge of Seller, any Project Holding Entity, has received any written notice, report or other information regarding any actual or alleged violation of Environmental, Health and Safety Requirements, or any liabilities or potential liabilities (whether accrued, absolute, contingent, unliquidated or otherwise), including any investigatory, remedial or corrective obligations, relating to the Company, the Company Subsidiaries or the Project Holding Entities arising under Environmental, Health and Safety Requirements, the subject of which would be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. None of the Company, any Company Subsidiary or, to the Knowledge of Seller, any Project Holding Entity, has any contingent liability in connection with the presence, use, production, generation, handling, transportation, treatment, storage, disposal, distribution, labeling, testing, processing, discharge, emission, release, threatened release, control or clean-up of any Hazardous Materials, except for such contingent liabilities as would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. Notwithstanding any of the representations and warranties contained elsewhere in this Agreement, all environmental, health and safety matters shall be governed exclusively by this Section 3.3.2.13 and by Section 3.3.3.15.
- 3.3.2.14 Related Party Transactions.** Except as contemplated or disclosed in the Prospectus, neither Seller nor any affiliate of Seller (other than the Company, the Company Subsidiaries, the Project Holding Entities and the Project Partnerships) is or has been involved in any material business arrangement or relationship with any of the Company, any Company Subsidiary or any

Project Holding Entity within the last 12 months or which will come into effect or continue following Closing, and neither Seller nor any affiliate of Seller (other than the Company, the Company Subsidiaries, the Project Holding Entities and the Project Partnerships) owns any material asset, tangible or intangible, which is used in the business of the Company, any of the Company Subsidiaries and any of the Project Holding Entities.

**3.3.2.15 Insurance.** Section 3.3.2.15 of the Disclosure Letter sets forth a complete and correct list of all of the policies of insurance carried by the Company, the Company Subsidiaries or, to the Knowledge of Seller, the Project Holding Entities on the date of this Agreement and the applicable termination or renewal dates of such policies. To the Knowledge of Seller (except in the case of insurance policies carried by the Company and/or any Company Subsidiary, which are not so qualified as to Knowledge), each such policy is in full force and effect and no notice of termination or cancellation of any such policy has been received by the Company, the Company Subsidiaries or, to the Knowledge of Seller, the Project Holding Entities. To the Knowledge of Seller (except in the case of premiums applicable to the Company or any Company Subsidiary, which are not so qualified as to Knowledge), all policy premiums due and payable prior to the Closing have been or will be (on or prior to the Date of Closing) paid up to and through Closing.

**3.3.2.16 Approvals.** Each of the Company, the Company Subsidiaries and the Knowledge of Seller, the Project Holding Entities, as applicable, holds, or will hold at the Closing Time, all permits, licences, consents, authorizations and approvals which are required from any Governmental Entity or any other Person required or necessary to conduct the Business in all material respects as currently conducted or as the Prospectus discloses it will be conducted except to the extent that the failure to hold or obtain, individually or in the aggregate, would not have a Material Adverse Effect.

**3.3.3 Representations and Warranties of Seller with Respect to the Project Partnerships and the Projects.** Seller represents and warrants to the Issuer and Buyer as follows and acknowledges that each of the Issuer and Buyer is relying upon the following representations and warranties in completing the transactions contemplated hereby.

**3.3.3.1 Projects, Project Partnerships, Project Holding Entity Interests and Project Partnership Interests.** To the Knowledge of Seller, Sections 3.3.2.5 and 3.3.3.1 of the Disclosure Letter set forth for each Project Holding Entity and Project Partnership (i) its name and jurisdiction of incorporation or organization, and (ii) to the Knowledge of Seller, the holder or holders of its outstanding shares or limited liability company or partnership interests. The Company, each Company Subsidiary and, to the Knowledge of Seller, Project Holding Entity, is the record and beneficial owner of the Project Holding Entity Interests or Project Partnership Interests as set forth in Sections 3.3.2.5 or 3.3.3.1 of the Disclosure Letter free and clear of all Liens, other than Liens disclosed in, created by or arising by reason of this Agreement, the Disclosure Letter, the transactions contemplated hereby, the agreements governing the Project Holding Entities, the Project Partnership Agreements, the Material Contracts or the Project Contracts.

- 3.3.3.2 Organization and Status.** Except as set forth in Section 3.3.3.2 of the Disclosure Letter, each of the Project Partnerships is a limited partnership duly organized or formed, validly existing and in good standing under the laws of the state or other jurisdiction of its organization. Each Project Partnership has full partnership power and authority to own, lease and operate its properties and to carry on its business as presently conducted. Seller has made available to the Issuer and Buyer complete and correct copies of each Project Partnership's organizational documents. Each Project Partnership is duly authorized to conduct business and is in good standing under the laws of each jurisdiction where such qualification is required, except where the lack of such qualification would not, individually or in the aggregate, have a Material Adverse Effect.
- 3.3.3.3 No Contravention.** To the Knowledge of Seller, the consummation of the transactions contemplated by this Agreement and the Ancillary Agreements to which Seller, the Company and/or any of the Company Subsidiaries is a party does not and will not (i) violate the charter documents of any Project Partnership, (ii) violate or be in conflict with, or constitute a default or any event which, with or without due notice or lapse of time, or both, would constitute a material default under, or cause or permit the acceleration of the maturity of Indebtedness under, or give rise to any right of termination, cancellation, imposition of fees or penalties under the agreements governing any Project Partnership or material Project Contracts, or (iii) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge or other restriction of any Governmental Entity to which any Project Partnership is subject.
- 3.3.3.4 No Options.** To the Knowledge of Seller, there are no outstanding options, warrants or other rights (including conversion or pre-emptive rights and rights of first refusal) or agreements for purchase of any general or limited partnership interests from any Project Partnership other than as set forth in the Project Partnership Agreements, the Material Contracts or the Project Contracts.
- 3.3.3.5 Project Financial Statements.** The financial statements set forth in Section 3.3.3.5 of the Disclosure Letter have been made available to the Issuer and Buyer (collectively, the "Project Financial Statements") and, to Seller's Knowledge, present fairly the financial condition of the applicable Project Partnership as at the date set forth therein and the results of operations of the applicable Project Partnership for the periods covered thereby.
- 3.3.3.6 Liabilities.** Since the date of the most recent Project Financial Statements referred to in Section 3.3.3.5 related to a Project Partnership, to the Knowledge of Seller, (i) such Project Partnership has not suffered any damage, destruction or loss which has had or would reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect, (ii) such Project Partnership has not issued or agreed to issue any additional general or limited partnership interests in such Project Partnership, (iii) such Project Partnership has not encumbered any of its assets or incurred any Indebtedness or other liabilities (contingent or absolute), other than encumbrances, unsecured debts and liabilities incurred in the Ordinary Course and Permitted Encumbrances, and (iv) such Project Partnership has not entered into any

contract or agreement including, without limitation, new loans or capital expenditures, that will bind such Project Partnership beyond the Closing and will involve annual expenditures in excess of \$1,000,000, except those Project Contracts listed in Section 3.3.3.9.1 of the Disclosure Letter that are dated a date following the date of the most recent Project Financial Statements for such Project Partnership.

**3.3.3.7 Ownership or Lease of Real and Personal Property.** To the Knowledge of Seller, each Project Partnership owns, leases or otherwise has the right to use all real property, including all fixtures and improvements situated thereon, and owns, leases or otherwise has the right to use all equipment and personal property, tangible and intangible, in each case which is used in the day to day operations of the business of such Project Partnership and which is necessary to conduct the business of such Project Partnership in the manner in which it is presently conducted except where the failure to so own, lease or have the right to use would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect.

**3.3.3.8 Sufficiency of Assets.** To the Knowledge of Seller, each Project Partnership owns or has the right to use all assets, permits, licenses, trademarks, patents, franchises and other property rights necessary to conduct its business as currently conducted except where the failure to so own or have the right to use would not, individually or in the aggregate, cause a Material Adverse Effect.

**3.3.3.9 Additional Information.** The following additional information concerning the Project Partnerships is set forth in Sections 3.3.3.9.1, 3.3.3.9.2 and 3.3.3.9.3 of the Disclosure Letter:

**3.3.3.9.1 Contracts.** A list of all contracts to which a Project Partnership is a party the performance of which will involve annual consideration in excess of \$1,000,000, which evidence Indebtedness of at least \$1,000,000 or which are otherwise material to the business of such Project Partnership (collectively, the "Project Contracts");

**3.3.3.9.2 Insurance.** A list provided by the Project operator for each Project of current insurance policies for each Project Partnership; and

**3.3.3.9.3 Permits.** A list provided by the Project operator for each Project of all material permits.

**3.3.3.10 Project Contracts.** Seller has made available to the Issuer and Buyer copies of the Project Contracts that, except to the extent reflected in Section 3.3.3.9.1 of the Disclosure Letter, are true and complete. To the Knowledge of Seller, each Project Contract (i) constitutes a legal, valid and binding obligation of the applicable Project Partnership and each other party thereto, and (ii) is in full force and effect. Except as disclosed in the Prospectus, to the Knowledge of Seller, there is no default or event which, with notice or lapse of time or both, would constitute a default under a Project Contract on the part of the applicable Project Partnership or on the part of the other parties thereto other than such defaults or events which would not reasonably be expected to, individually or in the aggregate, have a Material Adverse Effect. Except as

disclosed in the Prospectus, to the Knowledge of Seller, no party to any Project Contract has delivered any notice to a Project Partnership alleging that such Project Partnership is in default under any Project Contract that has had, or is reasonably expected to have, a Material Adverse Effect.

- 3.3.3.11 Insurance.** To the Knowledge of Seller, each insurance policy set forth in Section 3.3.3.9.2 of the Disclosure Letter is in full force and effect and no notice of termination or cancellation of any such policy has been received by the applicable Project Partnership. To the Knowledge of Seller, all policy premiums due and payable under such policies prior to the Date of Closing have been or will be (on or prior to the Date of Closing) paid up to and through the Closing.
- 3.3.3.12 Permits.** To the Knowledge of Seller, each Project Partnership has all governmental permits, licenses and authorizations necessary for the conduct of its business in all material respects as presently conducted (the “Permits”) and is in compliance with the terms of each such Permit, except to the extent that any such non-compliance would not, individually or in the aggregate, have a Material Adverse Effect.
- 3.3.3.13 Litigation.** Except as disclosed in the Prospectus, to the Knowledge of Seller, there is no action, suit or proceeding pending or threatened, against any Project Partnership or properties or rights of any Project Partnership the adverse determination of which could reasonably be expected to have a material adverse effect on the applicable Project Partnership or Project.
- 3.3.3.14 Force Majeure.** Except as disclosed in the Prospectus, to the Knowledge of Seller, no material event of *force majeure* (as defined in the applicable Project Contract) has occurred and is continuing under any Project Contract.
- 3.3.3.15 Environmental, Health and Safety Matters.** To the Knowledge of Seller, each Project Partnership is in compliance with Environmental, Health and Safety Requirements, except for such non-compliance as would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. To Seller’s Knowledge, since November 10, 2001, no Project Partnership has received any written notice, report or other information regarding any actual or alleged violation of Environmental, Health and Safety Requirements, or any liabilities or potential liabilities (whether accrued, absolute, contingent, unliquidated or otherwise), including any investigatory, remedial or corrective obligations, relating to the Projects arising under Environmental, Health and Safety Requirements, the subject of which would be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. To Seller’s Knowledge, no Project Partnership has any contingent liability in connection with the presence, use, production, generation, handling, transportation, treatment, storage, disposal, distribution, labeling, testing, processing, discharge, emission, release, threatened release, control or clean-up of any Hazardous Materials, except for such contingent liabilities as would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. Notwithstanding any of the representations and warranties contained elsewhere in this Agreement, all environmental, health and safety matters shall be governed exclusively by this Section 3.3.3.15 and by Section 3.3.2.13.

- 3.3.3.16 Labor Matters.** There are no collective bargaining agreements to which a Project Partnership is a party or is subject and which relates to the business and operations of such Project Partnership. Except as disclosed in the Prospectus, to the Knowledge of Seller, (i) each Project Partnership is in compliance with all Laws respecting employment and employment practices, terms and conditions of employment and wages and hours, (ii) no Project Partnership has received written notice of any unfair labor practice complaint pending against it before the National Labor Relations Board, (iii) no arbitration proceeding arising out of or under any collective bargaining agreement is pending against a Project Partnership, (iv) no labor strike, slow down or stoppage is actually pending or threatened by any representative of any union or other representation of employees against or affecting a Project Partnership, (v) no Project Partnership has experienced any work stoppage since November 10, 2001 and no work stoppage has been overtly threatened, and (vi) each Project Partnership is in compliance in all material respects with the terms and all applicable Laws relating any employee benefit plans maintained by such party.
- 3.3.3.17 Legal Compliance.** To the Knowledge of Seller, each Project Partnership has complied with all Laws, except where the failure to comply would not, individually or in the aggregate, have a Material Adverse Effect. This Section 3.3.3.17 does not relate to environmental, health and safety matters related to the Project Partnerships, which are instead the subject of Section 3.3.3.15, to permits, which are instead the subject of Section 3.3.3.12 or to employee benefits matters which are the subject of Section 3.3.3.16.
- 3.3.3.18 Related Party Transactions.** Except as contemplated or disclosed in the Prospectus, neither Seller nor any affiliate of Seller (other than the Company, the Company Subsidiaries, the Project Holding Entities and the Project Partnerships) is or has been involved in any material business arrangement or relationship with any Project Partnership within the last 12 months or which will come into effect or continue following Closing, and neither Seller nor any affiliate of Seller (other than the Company, the Company Subsidiaries, the Project Holding Entities and the Project Partnerships) owns any material asset, tangible or intangible, which is used in the business of any of the Project Partnerships.
- 3.3.3.19 Regulatory Status.** Section 3.3.3.19 of the Disclosure Letter identifies which Projects are QF Facilities or EWG Facilities. Assuming the restrictions in the constating documents of the Issuer and Buyer are complied with, the transactions contemplated by this Agreement and the Ancillary Agreements will not affect the status of the Projects as QF Facilities or EWG Facilities, as applicable.
- 3.3.3.20 Disclaimer of Other Representations and Warranties.** Except as expressly set forth in this Article 3, SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, AT LAW OR IN EQUITY, TO THE ISSUER OR BUYER IN RESPECT OF THE COMPANY, THE COMPANY SUBSIDIARIES, THE PROJECT HOLDINGS ENTITIES, THE PROJECT PARTNERSHIPS OR ANY OF THEIR RESPECTIVE ASSETS, LIABILITIES OR OPERATIONS, INCLUDING WITH RESPECT TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE,

AND ANY SUCH OTHER REPRESENTATIONS AND WARRANTIES ARE HEREBY EXPRESSLY DISCLAIMED. Each of the Issuer and Buyer hereby acknowledges and agrees that, except to the extent specifically set forth in this Article 3, Buyer is purchasing the Purchased Membership Interests on an "as is, where is" basis.

**3.3.4 Representations Regarding Tax Matters related to Company, Company Subsidiaries, the Project Holding Entities and Project Partnerships.** The following representations shall constitute the sole representations of Seller with respect to Taxes. All of the other representations contained in Sections 3.3.2 and 3.3.3 shall be construed as not relating to any Taxes. Seller represents and warrants to the Issuer and Buyer as follows and acknowledges that each of the Issuer and Buyer is relying upon the following representations and warranties in completing the transactions contemplated hereby:

**3.3.4.1** Each of the Company, the Company Subsidiaries and, to the Knowledge of Seller, the Project Holding Entities and the Project Partnerships, (i) has filed all Tax Returns that it was required to file, (ii) has paid all Taxes due (whether or not shown on such returns as owing), and (iii) has established adequate reserves for any Taxes accrued but not yet due and payable as of the Closing. Except for any Permitted Encumbrances, there are no Liens for Taxes on any of the assets of the Company, the Company Subsidiaries or, to the Knowledge of Seller, the Project Holding Entities or the Project Partnerships.

**3.3.4.2** None of the Company, the Company Subsidiaries or, to the Knowledge of Seller, the Project Holding Entities or the Project Partnerships, is currently the subject of any material audit, claim or assessment with respect to Taxes.

**3.3.4.3** None of the Company, the Company Subsidiaries or, to the Knowledge of Seller, the Project Holding Entities or the Project Partnerships, is a party to any Tax allocation or sharing agreement. Other than pursuant to such agreements or by operation of law with respect to any relationships disclosed in the immediately-following representation, none of the Company, the Company Subsidiaries or, to the Knowledge of Seller, the Project Holding Entities or the Project Partnerships, has any liability for Taxes of any other Person as a transferee or successor, by contract or otherwise.

**3.3.4.4** None of the Company, the Company Subsidiaries or, to the Knowledge of Seller, the Project Holding Entities or the Project Partnerships has been a member of an Affiliated Group filing a consolidated federal Tax Return.

**3.3.4.5** Each of the Company Subsidiaries, Project Holding Entities and Project Partnerships that are treated as partnerships from a U.S. federal income tax perspective will have in effect an election under Section 754 of the Code for the taxable period that includes the Closing.

**3.3.4.6** The Company, the Company Subsidiaries, and, to the Knowledge of Seller, the Project Holding Entities and Project Partnerships, have withheld and paid all Taxes required to have been withheld and paid in connection with any amounts paid or owing to any employee, independent contractor, creditor, stockholder or other third party.

**3.3.4.7** Except as set forth in Section 3.3.4.7 of the Disclosure Letter, each of the Company, each Company Subsidiary, each Project Holding Entity and each of

the Project Partnerships is treated as a partnership or disregarded as an entity separate from its owner for U.S. federal and any applicable U.S. state and local income tax purposes.

### **3.4 No Finder's Fee**

Each of the parties hereto represents and warrants to the other parties that it has not taken any action that would cause such other parties or the Company or any Company Subsidiaries or any Project Holding Entities or any Project Partnerships to become liable to any claim or demand for a brokerage commission, finder's fee or other similar payment in connection with the transactions contemplated hereby, other than with respect to the underwriters' fees payable pursuant to the Underwriting Agreement and the agent's fees payable to BMO Nesbitt Burns Inc. in connection with the sale of the Separate Subordinated Notes.

### **3.5 Survival of Representations and Warranties**

The representations and warranties of each party contained in this Agreement and in all certificates and documents delivered pursuant to or contemplated by this Agreement will survive the Closing and continue in full force and effect for a period of 18 months, except that:

- 3.5.1** The representations and warranties set out in Sections 3.1.1, 3.1.2, 3.2.1, 3.2.2, 3.3.1.1, 3.3.1.2, 3.3.1.5, 3.3.2.1, item (iv) of Section 3.3.2.5 as it relates to shares or limited liability company or partnership interests held by the Company or a Company Subsidiary, item (ii) of Section 3.3.3.1 as it relates to shares or limited liability company or partnership interests held, directly or indirectly, by the Company, a Company Subsidiary or a Project Holding Entity and Section 3.3.3.2 will survive Closing and continue in full force and effect without limitation of time;
- 3.5.2** The representations and warranties in Section 3.3.4 shall survive until the expiry of the statutory assessment and limitation periods under applicable Tax legislation; and
- 3.5.3** The representation and warranty contained in Section 3.3.1.7 will survive the Closing and continue in full force and effect for a period of three years from the Date of Closing,

and no claim for breach of representation or warranty (other than those referenced in Section 3.5.1) will be valid unless the party against whom such claim is made has been given notice in writing before the expiry of such period.

## **ARTICLE 4 CLOSING**

### **4.1 Location and Time of the Closing**

The Closing will take place at the Closing Time on the Date of Closing at the offices of Goodmans LLP in Toronto, Ontario, Canada, or at such other place, on such other date and at such other time as may be agreed upon in writing by the parties hereto.

### **4.2 Conditions Precedent to Closing**

The obligation of each of the parties to complete the transactions contemplated in this Agreement at Closing Time on the Date of Closing is subject to the satisfaction or waiver of, or compliance with, at or prior to the Closing Time, each of the following conditions:

- 4.2.1 Truth of Representations and Warranties.** The representations and warranties of each of the parties, as the case may be, made in or pursuant to this Agreement, will have been true and correct in all material respects as of the date of this Agreement and will be true and correct in all material respects as of the Closing Time (except in each case, for those representations and warranties that are subject to a materiality qualification, which will be true and correct in all respects, and except in respect of any representations and warranties that are to be true and correct as a specified date, in which case they will be true and correct as of that date only) with the same force and effect as if such representations and warranties had been made at and as of such time, and each party will have executed and delivered a certificate of a senior officer or, in the case of the Issuer and Buyer, a senior officer of the Manager on its behalf (in each case without personal liability) to that effect with respect to the representations and warranties of such party which are contained in this Agreement. Neither the receipt of such certificate nor the Closing will constitute a waiver by the party receiving such certificate of any of the representations and warranties of the party providing such certificate which are contained in this Agreement. Upon the delivery of such certificates, the representations and warranties of the parties in Article 3, as applicable, will be deemed to have been made on and as of the Date of Closing with the same force and effect as if made on and as of such date.
- 4.2.2 Compliance with and Performance of Covenants.** Each party will have fulfilled or complied in all material respects with all covenants contained in this Agreement to be fulfilled or complied with by it at or prior to the Closing and each party will have executed and delivered a certificate of a senior officer or, in the case of the Issuer and Buyer, a senior officer of the Manager on its behalf (in each case without personal liability) to that effect.
- 4.2.3 Offering and Sale of Separate Subordinated Notes.** The Issuer will have completed the sale of IPSs pursuant to the Offering and the sale of the Separate Subordinated Notes on terms satisfactory to the Issuer, acting reasonably.
- 4.2.4 Financing.** Buyer will have entered into the Credit Facility as contemplated by the Prospectus, on terms and conditions satisfactory to Buyer, acting reasonably, and the credit facilities to be provided for under the Credit Facility will be available to be drawn down by Buyer.
- 4.2.5 Required Consents.** All of the Required Consents shall have been obtained.
- 4.2.6 Section 203 Orders.** Orders under Section 203 of the FPA shall have been issued by the FERC in connection with this Agreement and the transactions contemplated hereby with respect to each of the applications listed in Section 3.3.1.3 of the Disclosure Letter.
- 4.2.7 Indemnity Agreement.** The Indemnity Agreement shall have been executed and delivered by all parties thereto.
- 4.2.8 ROFO Agreement.** Fund I and Buyer shall have entered into the ROFO Agreement and such agreement shall have terms satisfactory to the Issuer and Buyer, acting reasonably.
- 4.2.9 Deliveries.** All documents relating to the due authorization and completion of the transactions contemplated hereby, all actions and all corporate and other proceedings taken at or prior to the Closing Time in connection with the performance by each party of its respective obligations under this Agreement, and all other documents and materials of

any kind relating to this Agreement and carrying out the terms hereof, will have been completed and satisfied including the following:

**4.2.9.1** Seller shall deliver (or cause to be delivered) to Buyer against delivery of the items listed in Section 4.2.9.2:

- (i) an assignment of the Purchased Membership Interests;
- (ii) certificates of Good Standing of Seller, the Company, the Company Subsidiaries, the Project Holdings Entities and the Project Partnerships from the Secretary of State of Delaware and other applicable jurisdictions in which such entities are incorporated or organized;
- (iii) the certificates referred to in Sections 4.2.1 and 4.2.2;
- (iv) a certified copy of the resolutions of the directors (or similar governing body) of Seller approving the transactions contemplated hereby and an incumbency certificate regarding the individual(s) executing this Agreement and related documentation;
- (v) all minute books, corporate records and ledgers of the Company and the Company Subsidiaries and all other books and records of the Company and the Company Subsidiaries;
- (vi) resignations from the directors and officers (or persons holding like positions) of the Company, the Company Subsidiaries, the Project Holding Entities and the Project Partnerships specified by the Issuer and Buyer;
- (vii) such corporate legal opinions of Seller's counsel respecting the transactions contemplated hereby in form and substance reasonably acceptable to the Issuer and Buyer and their counsel; and
- (viii) such other instruments as the Issuer and Buyer or their counsel shall reasonably deem necessary to consummate the transactions contemplated hereby.

**4.2.9.2** The Issuer and/or Buyer, as applicable, shall deliver (or cause to be delivered) to Seller against delivery of the items listed in Section 4.2.9.1:

- (i) the Cash Purchase Price;
- (ii) the 4,975,407 common membership interests and 4,975,407 Class B preferred membership interests in Buyer described in Section 2.3(ii);
- (iii) a certificate of Status of the Issuer and a certificate of Good Standing of Buyer from the Ministry of Consumer and Business Services of Ontario and the Secretary of State of Delaware, respectively;
- (iv) the certificates referred to in Sections 4.2.1 and 4.2.2;
- (v) certified copies of the resolutions of the directors (or similar governing body) of the Issuer and Buyer approving the transactions contemplated hereby and

an incumbency certificate regarding the individual(s) executing this Agreement and related documentation;

- (vi) such corporate legal opinions of the Issuer's and Buyer's counsel respecting the transactions contemplated hereby in form and substance reasonably acceptable to Seller and its counsel; and
- (vii) such other instruments as Seller or its counsel shall reasonably deem necessary to consummate the transactions contemplated hereby.

**4.2.10 Execution of Other Agreements.** The Ancillary Agreements will have been executed and delivered by all parties thereto and the other transactions contemplated by the Prospectus to be completed on or prior to the Date of Closing will have been completed to the satisfaction of the parties hereto, acting reasonably.

**4.2.11 No Adverse Legislation.** There will not be any statute, rule or regulation of any Governmental Entity which makes it illegal for any of the parties to consummate the transactions contemplated hereby or any order, decree or judgment of any Governmental Entity enjoining any party to this Agreement from consummating any of the transactions contemplated hereby.

**4.2.12 No Legal Action.** No action or proceeding will be pending or threatened by any Person (other than the Issuer, Buyer and Seller and any of their affiliates) in any jurisdiction, to enjoin, restrict or prohibit any of the transactions contemplated by this Agreement or the right of the Company and the Company Subsidiaries to conduct the Business or the Project Holding Entities or the Project Partnerships to conduct their businesses after Closing on substantially the same basis as heretofore operated or to seek Damages in connection with this Agreement.

#### **4.3 Execution and Delivery of Closing Documentation**

All proceedings taken and all documents executed and delivered by the parties at the Closing shall be deemed to have been taken and executed simultaneously, and no proceeding shall be deemed taken nor any document executed or delivered until all have been taken, executed and delivered.

### **ARTICLE 5 COVENANTS OF THE PARTIES**

#### **5.1 Covenant Regarding Representations, Warranties and Conditions**

Except as expressly provided in this Agreement or except with the prior written consent of the other parties hereto, prior to the Closing Time, each of the parties will do or refrain from doing all acts and things in order to ensure that the respective representations and warranties of such party in Article 3 remain true and correct at the Closing Time as if such representations and warranties were made at and as of such time and to satisfy or cause to be satisfied the conditions in Article 4 which are within such party's control.

#### **5.2 Conduct of Business Prior to Closing**

During the Interim Period, Seller will cause the Company to conduct the Business only in the Ordinary Course, except as may be required in furtherance of the transactions contemplated herein and in the Prospectus.

### **5.3 Filings and Authorizations**

Each of the parties hereto, as promptly as practicable either before or after the execution of this Agreement, will (i) make, or cause to be made, all such filings and submissions under all Laws applicable to it as may be required for it to complete the transactions contemplated in this Agreement; and (ii) use its reasonable commercial efforts to take, or cause to be taken, all other actions necessary in order for it to fulfil its obligations under this Agreement. Each of the parties will co-ordinate and cooperate with one another in exchanging such information and supplying such assistance as may be reasonably requested by each in connection with the foregoing including, providing each other with all notices and information supplied or filed with any Governmental Entity and all notices and correspondence received from any Governmental Entity.

### **5.4 Cooperation**

Each of the parties hereto will cooperate fully in good faith with each other and their respective legal advisors, accountants and other representatives in connection with any steps required to be taken as part of their respective obligations under this Agreement. From time to time after the Closing, each of the parties hereto will, at the request of any other party, execute and deliver such additional conveyances, transfers and other assurances as may be reasonably required to effectively complete the transactions contemplated herein and to carry out the intent of this Agreement.

## **ARTICLE 6 TERMINATION**

### **6.1 Termination**

This Agreement may, by notice in writing pursuant to Section 7.4 prior to the Closing Time, be terminated: (i) by mutual consent of all the parties; or (ii) by any party if the Closing has not been completed prior to December 9, 2004. Upon giving the requisite notice, each of the parties hereto will be released from all obligations hereunder. If a party waives compliance with any of the conditions, obligations or covenants contained in this Agreement, the waiver will be without prejudice to any of its rights of termination or otherwise in the event of non-fulfillment, non-observance or non-performance of any other condition, obligation or covenant in whole or in part.

## **ARTICLE 7 GENERAL MATTERS**

### **7.1 Severability**

Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction.

### **7.2 Enurement**

This Agreement will be binding upon and enure to the benefit of the parties to this Agreement and their respective successors and permitted assigns from time to time.

### **7.3 Assignment**

This Agreement may not be assigned by any party hereto without the prior written consent of each of the other parties.

**7.4 Notices**

All notices and other communications required or permitted to be given under this Agreement will be in writing and will be deemed to have been given if delivered personally or by prepaid courier delivery or by confirmed telecopy to the parties at the following addresses (or at any other address for the party as is specified in like notice):

**7.4.1 if to the Issuer:**

c/o Atlantic Power Management, LLC  
200 Clarendon Street, 55<sup>th</sup> Floor  
Boston, Massachusetts  
02117

Attention: Chief Executive Officer  
Fax: (617) 531-6369

with a copy to:

Goodmans LLP  
Suite 2400, 250 Yonge Street  
Toronto, Ontario  
M5B 2M6

Attention: Mr. Stephen Pincus  
Fax: (416) 979-1234

**7.4.2 if to Buyer:**

c/o Atlantic Power Management, LLC  
200 Clarendon Street, 55<sup>th</sup> Floor  
Boston, Massachusetts  
02117

Attention: Chief Executive Officer  
Fax: (617) 531-6369

with a copy to:

Goodwin Procter LLP  
Exchange Place  
53 State Street  
Boston, Massachusetts  
02109

Attention: Laura C. Hodges Taylor  
Fax: (617) 523-1231

**7.4.3** if to Seller:

c/o ArcLight Capital Partners, LLC  
200 Clarendon Street, 55<sup>th</sup> Floor  
Boston, Massachusetts  
02117

Attention: John Tisdale  
Fax: (617) 867-4698

with a copy to:

Freshfields Bruckhaus Deringer LLP  
520 Madison Avenue, 34<sup>th</sup> Floor  
New York, New York  
10022

Attention: Orli Hacker  
Fax: (212) 277-4001

Any notice given as aforesaid will be deemed to have been given at the time delivered or faxed (provided complete transmission is confirmed) if delivered or faxed to the recipient on a Business Day (in the city in which the addressee is located) and before 4:30 p.m. (local time in the city in which the addressee is located) on such Business Day, and otherwise will be deemed to be given at 9:00 a.m. (local time in the city in which the addressee is located) on the next following Business Day (in the city in which the addressee is located). Any party may change its address for notice by notice to the other parties hereto given in the manner herein provided.

**7.5 Non-Merger**

Except as otherwise expressly provided in this Agreement, the covenants, representations and warranties will not merge on and will survive the Closing and, notwithstanding such Closing and any investigation made by or on behalf of any party, will continue in full force and effect. Subject to Section 3.5 and the terms of the Indemnity Agreement, Closing will not prejudice any right of one party against any other party in respect of anything done or omitted under this Agreement or in respect of any right to Damages or other remedies.

**7.6 Governing Law; Consent to Jurisdiction**

This Agreement shall be governed by and construed in accordance with the domestic laws of the State of New York without giving effect to any choice or conflict of laws provision or rule that would cause the application of the laws of any jurisdiction other than the State of New York. Subject to the terms of the Indemnity Agreement, each of the parties hereto irrevocably and unconditionally submits to the exclusive jurisdiction of the courts of the State of New York and of the United States of America located in the State of New York for any litigation arising out of or relating to this Agreement and the transactions contemplated hereby (and agrees not to commence any litigation relating thereto except in such courts), waives any objection to the laying of venue of any such litigation in such courts and agrees not to plead or claim that such litigation brought therein has been brought in an inconvenient forum.

**7.7 Goodmans LLP and Goodwin Procter LLP Acting for More Than One Party**

Each of the parties to this Agreement has been advised and acknowledges that each of Goodmans LLP and Goodwin Procter LLP is acting as counsel to and jointly representing the Issuer, Buyer and Seller (each a "Client" and, collectively, "Clients") and, in this role, information disclosed to Goodmans LLP and/or Goodwin Procter LLP by one Client will not be kept confidential and will be disclosed to all Clients and each of the parties consents to Goodmans LLP and Goodwin Procter LLP so acting. In addition, should a conflict arise between any Clients, Goodmans LLP and Goodwin Procter LLP may not be able to continue to act for any of such Clients.

**7.8 Time of Essence**

Time is of the essence of this Agreement.

**7.9 Entire Agreement**

This Agreement and the other agreements contemplated hereby constitute the entire agreement between the parties pertaining to the subject matter hereof. There are no warranties, conditions, or representations (including any that may be implied by statute) and there are no agreements in connection with such subject matter except as specifically set forth or referred to in this Agreement and such other agreements or as otherwise set out in writing and delivered at Closing. No reliance is placed on any warranty, representation, opinion, advice or assertion of fact made by any party hereto or its directors, managers, officers, employees or agents, to any other party hereto or its directors, managers, officers, employees or agents, except to the extent that the same has been reduced to writing and included as a term of this Agreement or such other agreements. Accordingly, there will be no liability, either in tort or in contract, assessed in relation to any such warranty, representation, opinion, advice or assertion of fact, except to the extent aforesaid.

**7.10 Counterparts**

This Agreement may be executed in any number of counterparts, each of which will be deemed to be an original and all of which taken together will be deemed to constitute one and the same instrument. Counterparts may be executed either in original, faxed or electronic form and the parties adopt any signatures received by a receiving fax machine or other means of electronic communication as original signatures of the parties; provided, however, that any party providing its signature in such manner will promptly forward to the other parties an original of the signed copy of this Agreement which was so delivered.

**7.11 Further Assurances**

Each of the parties hereto will promptly do, make, execute or deliver, or cause to be done, made, executed or delivered, all such further acts, documents and things as the other parties hereto may reasonably require from time to time for the purpose of giving effect to this Agreement and will use reasonable efforts and take all such steps as may be reasonably within its power to implement to their full extent the provisions of this Agreement.

**7.12 Public Announcements**

All media contacts and public announcements by the parties hereto or their affiliates regarding the matters covered by this Agreement shall be mutually agreed upon by the parties hereto. Notwithstanding the foregoing, the parties hereto and their affiliates may make such public announcements, reports, filings and disclosures concerning this Agreement and the businesses of the Issuer as may be required by applicable Securities Laws or by the rules of or any agreement with the

United States Securities and Exchange Commission, the New York Stock Exchange, Inc., the Nasdaq Stock Market, any Securities Commission or the Toronto Stock Exchange, provided that such disclosing party or affiliate shall use reasonable efforts to consult with the other parties regarding the nature and contents of the contemplated disclosure.

**7.13 Cooperation with Respect to Government Filings and Reports**

The Issuer, Buyer and Seller each agree to provide the other parties (without cost to such other parties) with access during reasonable business hours and for a reasonable business purpose and such cooperation and information, including, but not limited to, all records, books, contracts, instruments, computer data and other data, including all historical financial and Tax information, and personnel with relevant Knowledge of such information, as may be reasonably requested by the other in connection with the preparation or filing of any government report or other government filing, contemplated by this Agreement or required by applicable Law. Such cooperation and information shall include, without limitation, promptly forwarding copies of appropriate notices and forms or other communications received from or sent to any government authority to the appropriate party. Each party shall make its employees and facilities available during normal business hours and on reasonable prior notice and shall provide explanation of any documents or information provided hereunder.

## ACQUISITION AGREEMENT

THIS AGREEMENT is made as of the 10<sup>th</sup> day of November, 2004.

### BETWEEN:

**ATLANTIC POWER CORPORATION**, a corporation existing under the laws of the Province of Ontario,

(the "Issuer")

- and -

**ATLANTIC POWER HOLDINGS, LLC**, a limited liability company existing under the laws of the State of Delaware,

("Buyer")

- and -

**TETON POWER HOLDINGS, LLC**, a limited liability company existing under the laws of the State of Delaware.

("Seller")

### RECITALS:

A. The Issuer intends to complete an offering (the "Offering") of income participating securities ("IPSS") to the public under the Prospectus (as defined herein) filed with the securities regulatory authorities in each of the provinces and territories of Canada.

B. The Issuer will use the net proceeds of the Offering (after deducting certain fees and expenses of the Offering payable by the Issuer), together with net proceeds of approximately Cdn\$35,400,000 from the sale of the Separate Subordinated Notes (as defined herein), to subscribe for 32,000,000 common membership interests and 38,329,287 Class A preferred membership interests in Buyer.

C. Buyer will in turn use a portion of the proceeds from the subscription for membership interests by the Issuer (net of any costs and expenses incurred by Buyer), together with common membership interests and Class B preferred membership interests to be issued by it, as provided herein, to acquire all of the issued and outstanding membership interests in Teton Power Funding, LLC (the "Company") from Seller under and subject to the terms and conditions of this Agreement.

D. The Underwriting Agreement (as defined herein) provides that, as a condition to the completion of the Offering, the Issuer, Buyer and Seller enter into this Agreement.

**NOW THEREFORE** in consideration of the mutual covenants and agreements contained in this Agreement and other good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged by each of the parties), the parties hereto agree as follows:

**ARTICLE 1  
INTERPRETATION**

**1.1 Definitions**

In this Agreement:

- (a) “**Aquila Purchase Agreement**” has the meaning attributed to such term in Section 3.3.4.8;
- (b) “**Acquisition Agreements**” means the Epsilon Acquisition Agreement, the Umatilla Acquisition Agreement and this Agreement;
- (c) “**affiliate**” has the meaning attributed thereto in Rule 12b-2 of the regulations promulgated under the Securities Exchange Act;
- (d) “**Affiliated Group**” means any affiliated group within the meaning of Code §1504(a) or any similar group defined under a similar provision of state, local or foreign law;
- (e) “**Agreement**”, “**hereto**”, “**herein**”, “**hereby**”, “**hereunder**”, “**hereof**”, and similar expressions refer to this Acquisition Agreement and not to any particular article, section, subsection, clause, subdivision or other portion hereof, as it may be amended, modified or restated in accordance with the terms hereof, and include any and every instrument supplemental or ancillary hereto;
- (f) “**Ancillary Agreements**” means the Indenture (including the guarantees and pledges contemplated thereby), the Credit Facility, the Underwriting Agreement, the Epsilon Acquisition Agreement, the Umatilla Acquisition Agreement, the Indemnity Agreement, the Operating Agreement and the Management Agreement;
- (g) “**Business**” means the business of the Company and the Company Subsidiaries consisting primarily of the business of, and the direct and indirect ownership, management, operation and lease of assets and property in connection with, the generation, transmission, distribution and purchase and sale of electricity and thermal energy, together with investments and other direct or indirect rights in Persons involved in the business of the generation, transmission, distribution, purchase and sale of electricity and thermal energy, as well as engaging in all activities ancillary or incidental to any of the foregoing;
- (h) “**Business Day**” means any day other than a Saturday, Sunday and any day on which banking institutions in the State of New York and the Province of Ontario are authorized by law or other governmental action to close;
- (i) “**Capital Lease**” means a lease with respect to which the lessee is required concurrently to recognize the acquisition of an asset and the incurrence of a liability in accordance with GAAP;
- (j) “**Capital Lease Obligation**” means, with respect to any Person and a Capital Lease, the amount of the obligation of such Person as the lessee under such Capital Lease which would, in accordance with GAAP, appear as a liability on a balance sheet of such Person;
- (k) “**Cash Purchase Price**” has the meaning attributed to such term in Section 2.3(i);

- (l) “**Closing**” means the completion of the transaction of purchase and sale contemplated in Article 2;
- (m) “**Closing Time**” means 8:00 a.m. (Toronto time) on the Date of Closing or such other time on such date as may be agreed upon in writing by the parties;
- (n) “**Code**” means the *Internal Revenue Code of 1986*, as amended;
- (o) “**Company Subsidiary**” means any Subsidiary of the Company and includes each entity listed in Section 3.3.2.5 of the Disclosure Letter. Notwithstanding anything to the contrary contained in this Agreement, the Project Partnerships shall not be deemed to be Company Subsidiaries;
- (p) “**Credit Facility**” means the credit facility to be provided by an affiliate of BMO Nesbitt Burns Inc. to Buyer on closing of the Offering in the aggregate amount of \$50 million;
- (q) “**Damages**” means any damages, losses, expenses or claims suffered by, imposed upon or asserted against any Person under the Securities Laws, other Laws, at common law or otherwise, together with the expenses incurred in connection with same, such amount being correspondingly reduced by: (i) any insurance proceeds that are paid to the Person in respect of the same claim; and (ii) the present value of the net Tax benefit, if any, that is available to such party in the current or any future Tax period as a result of the payment of Damages;
- (r) “**Date of Closing**” means the date on which the completion of the Offering occurs;
- (s) “**Disclosure Letter**” means the letter dated the date of this Agreement from Seller to the applicable parties hereto in respect of the representations and warranties set forth in Section 3.3;
- (t) “**Environmental, Health and Safety Requirements**” shall mean all federal, state, local and foreign statutes, laws, regulations and ordinances, and any binding judicial or administrative interpretation thereof, including any applicable judicial or administrative order, consent decree or judgment, concerning public health and safety, worker health and safety, and pollution or protection of the environment, including all those related to the presence, use, production, generation, handling, transportation, treatment, storage, disposal, distribution, labeling, testing, processing, discharge, emission, release, threatened release, control or cleanup of any Hazardous Materials, as such requirements are enacted and in effect on or before the Date of Closing;
- (u) “**Epsilon Acquisition Agreement**” means the agreement of even date herewith among the Issuer, Buyer and Epsilon Holdings respecting, among other things, the acquisition by Buyer of Epsilon Power Funding, LLC;
- (v) “**Epsilon Holdings**” means Epsilon Power Holdings, LLC;
- (w) “**EWG Facilities**” means Projects determined by an order of the FERC to be “exempt wholesale generators” as defined in Section 32(a)(i) of PUHCA;
- (x) “**FERC**” means the Federal Energy Regulatory Commission or any successor thereto;
- (y) “**Financial Statements**” has the meaning attributed to such term in Section 3.3.2.6;

- (z) “**FPA**” means the *Federal Power Act*, as amended;
- (aa) “**Fund I**” means ArcLight Energy Partners Fund I, L.P.;
- (bb) “**Governmental Entity**” means any: (i) multinational, federal, provincial, state, municipal, local or other governmental or public department, regulatory or administrative authority, central bank, court, commission, board, bureau, agency or instrumentality, domestic or foreign; (ii) any subdivision or authority of any of the foregoing; (iii) any quasi-governmental, self-regulatory organization or private body exercising any regulatory, expropriation or taxing authority under or for the account of its members or any of the above; or (iv) any arbitrator exercising jurisdiction over the affairs of the applicable Person, asset, obligation or other matter;
- (cc) “**Hart-Scott-Rodino Act**” means the *Hart-Scott-Rodino Antitrust Improvements Act of 1976*, as amended;
- (dd) “**Hazardous Materials**” means (i) any radioactive materials, asbestos in any form, oil or petroleum products in any form, urea formaldehyde foam insulation, polychlorinated biphenyls and transformers or other equipment that contain polychlorinated biphenyls, and radon gas or (ii) any chemicals, materials or substances which are defined as, or included in the definition of, “hazardous wastes”, “hazardous substances”, “extremely hazardous substances”, or “toxic substances”, toxic or hazardous “pollutants”, hazardous or toxic “materials” or words of similar import under any Environmental, Health and Safety Requirement;
- (ee) “**Indebtedness**” means, with respect to any Person, without duplication:
  - (i) its liabilities for borrowed money;
  - (ii) its liabilities for the deferred purchase price of property acquired by such Person (excluding accounts payable arising in the ordinary course of business but including, without limitation, all liabilities created or arising under any conditional sale or other title retention agreement with respect to any such property);
  - (iii) its Capital Lease Obligations;
  - (iv) all liabilities for borrowed money secured by any Lien with respect to any property owned by such Person (whether or not it has assumed or otherwise become liable for such liabilities); and
  - (v) any guaranty of such Person with respect to liabilities of a type described in any of clauses (i) through (iv) hereof;
- (ff) “**Indemnity Agreement**” means the agreement to be entered into as of the date hereof among Seller, Epsilon Holdings, Umatilla Holdings, the Issuer and Buyer setting out various rights and obligations of such parties relating to indemnification in respect of the Acquisition Agreements;
- (gg) “**Indenture**” means the Subordinated Note Indenture between the Issuer and Computershare Trust Company of Canada to be entered into on closing of the Offering;

- (hh) “**Interim Period**” means the period between the close of business on the date of this Agreement and the Closing;
- (ii) “**JPPC**” means Jamaica Private Power Company Limited, a private company limited by shares under the *Companies Act of Jamaica*;
- (ij) “**Knowledge**” of any Person means the actual knowledge of the officers of that Person charged with responsibility for the particular function, after reasonable inquiry by them of those parties whom they believe, in good faith, to be the Persons responsible for the subject matter of the inquiry;
- (kk) “**Lake Cogen Project**” means the Project identified as such in Section 3.3.3.1 of the Disclosure Letter;
- (ll) “**Laws**” means any and all laws, including all federal, state, provincial and local statutes, codes, ordinances, decrees, rules, regulations and municipal by-laws and all judicial, arbitral, administrative, ministerial, departmental or regulatory judgments, orders, decisions, rulings or awards or other requirements of any other Governmental Entity, binding on or affecting the Person referred to in the context in which the term was used;
- (mm) “**Licensed Facilities**” means Projects for which the FERC has issued a “license” under the FPA;
- (nn) “**Lien**” means any mortgage, pledge, lien, security interest, easement, encumbrance or other adverse claim;
- (oo) “**Litigation**” means an action, suit, claim, proceeding or investigation, at law or in equity, before any Governmental Entity, by any Person;
- (pp) “**Management Agreement**” means the management agreement to be entered into on or prior to closing of the Offering between Atlantic Power Management, LLC, the Issuer and Buyer, as it may be amended, supplemented and restated from time to time;
- (qq) “**Manager**” means Atlantic Power Management, LLC;
- (rr) “**Material Adverse Effect**” or “**Material Adverse Change**” means any effect or change that would be materially adverse to the Business, operations, assets or financial condition of the Company and the Company Subsidiaries, taken as a whole, as currently owned and operated or as contemplated to be owned and operated following completion of the purchase of the Purchased Membership Interests by Buyer hereunder (as described in the Prospectus), or on the ability of Seller to consummate the transactions contemplated hereby;
- (ss) “**Material Contracts**” has the meaning attributed to such term in Section 3.3.2.12;
- (tt) “**Mid-Georgia Project**” means the Project identified as such in Section 3.3.3.1 of the Disclosure Letter;
- (uu) “**Most Recent Company Fiscal Quarter End**” means June 30, 2004;
- (vv) “**Non-Operated Projects**” means all Projects other than the Operated Projects;

- (ww) **“Non-Operated Project Partnerships”** means all Project Partnerships other than the Operated Project Partnerships;
- (xx) **“Onondaga Project”** means the Project identified as such in Section 3.3.3.1 of the Disclosure Letter;
- (yy) **“Operated Projects”** means the Lake Cogen Project, the Mid-Georgia Project, the Onondaga Project and the Pasco Project;
- (zz) **“Operated Project Partnerships”** means (i) Lake Cogen Ltd., a Florida limited partnership, (ii) Mid-Georgia Cogen L.P., a Delaware limited partnership, (iii) Onondaga Cogeneration Limited Partnership, a New York limited partnership, and (iv) Pasco Cogen, Ltd., a Florida limited partnership;
- (aaa) **“Operating Agreement”** means the operating agreement in respect of Buyer to be entered into among the Issuer, Buyer, Seller, Epsilon Holdings and Umatilla Holdings on closing of the Offering;
- (bbb) **“Ordinary Course”** means, with respect to an action taken by a Person, that such action constitutes an ordinary course business activity of the Person consistent with the Person’s past custom and practices (including with respect to quantity and frequency);
- (ccc) **“Pasco Project”** means the Project identified as such in Section 3.3.3.1 of the Disclosure Letter;
- (ddd) **“Permits”** has the meaning attributed to such term in Section 3.3.3.12;
- (eee) **“Permitted Encumbrances”** means, as to any Person, (i) statutory Liens on the property of such Person for Taxes and other governmental charges not yet due or delinquent or, to the extent set forth in the Disclosure Letter, which are being contested in good faith, (ii) mechanics’, carriers’, workers’, warehouse and other similar Liens on the property of such Person arising in the Ordinary Course relating to obligations as to which such Person is not in default and provided that such Liens, in the aggregate, would not be reasonably likely to materially and adversely affect such Person, (iii) zoning, entitlement, conservation restriction and other land use and environmental regulations by Governmental Entities as to which such Person is not in default, (iv) imperfections in title, and similar charges, easements and restrictions which, in the aggregate, would not be reasonably likely to materially impair the use of the property of such Person in the operation of such Person’s business, and (v) Liens disclosed in, created by or arising by reason of this Agreement, the Ancillary Agreements, the transactions contemplated hereby and thereby, the Material Contracts or the Project Contracts;
- (fff) **“Person”** means an individual, a partnership, a corporation, a limited liability company, an association, a joint stock company, a trust, a joint venture, an unincorporated organization, or any other business entity or a Governmental Entity (or any department, agency or political subdivision thereof);
- (ggg) **“Project Contracts”** has the meaning attributed to such term in Section 3.3.3.9.1;
- (hhh) **“Project Financial Statements”** has the meaning attributed to such term in Section 3.3.3.5;

- (iii) **“Project Partnership Agreement”** means, for each of the Project Partnerships, the partnership agreement (or, in the case of JPPC, the Members’ Agreement) set forth in respect of such Project Partnership in Section 3.3.3.1 of the Disclosure Letter;
- (jjj) **“Project Partnership Interests”** means, in respect of each Project Partnership, the partnership interest (or, in the case of JPPC, the shares) owned by each of one or more Company Subsidiaries in such Project Partnership as set forth in Section 3.3.3.1 of the Disclosure Letter.
- (kkk) **“Project Partnerships”** means the partnerships (or, in the case of JPPC, the private company limited by shares under the *Companies Act of Jamaica*) listed as “Project Partnerships” in Section 3.3.3.1 of the Disclosure Letter;
- (lll) **“Projects”** means the electric generating facilities listed as “Projects” in Section 3.3.3.1 of the Disclosure Letter;
- (mmm) **“Prospectus”** means the final prospectus of the Issuer dated the date hereof and filed with the securities commissions or other regulatory authorities in the Qualifying Jurisdictions in connection with the Offering;
- (nnn) **“PUHCA”** means the *Public Utility Holding Company Act of 1935*, as amended;
- (ooo) **“Purchase Price”** has the meaning attributed to such term in Section 2.2;
- (ppp) **“Purchased Membership Interests”** means all of the issued and outstanding limited liability company membership interests in the Company;
- (qqq) **“PURPA”** means the *Public Utility Regulatory Policies Act of 1978*, as amended;
- (rrr) **“Qualifying Jurisdictions”** means, collectively, each of the provinces and territories of Canada;
- (sss) **“QF Facilities”** means “Qualifying Cogeneration Facilities” as that term is defined in PURPA and the regulations thereunder;
- (ttt) **“Required Consents”** means the consents listed in Section 3.3.1.3 of the Disclosure Letter;
- (uuu) **“ROFO Agreement”** means the agreement to be entered into between Buyer and Fund I providing for certain rights of first offer for Buyer, as contemplated in the Prospectus;
- (vvv) **“Securities Commission”** means the applicable securities commission or other regulatory authority in each of the Qualifying Jurisdictions;
- (www) **“Securities Exchange Act”** means the *Securities Exchange Act of 1934*, as amended;
- (xxx) **“Securities Laws”** means, collectively, the applicable securities laws of each of the Qualifying Jurisdictions and the respective regulations and rules made under those securities laws, together with all applicable policy statements, blanket orders and rulings of the Securities Commissions and all discretionary orders or rulings, if any, of the Securities Commissions made in connection with the transactions contemplated by the Underwriting Agreement and the securities legislation and policies of each other applicable jurisdiction (including the United States);

- (yy) **“Separate Subordinated Notes”** means the Cdn\$36,501,000 principal amount of 11% subordinated notes of the Issuer issued in accordance with the Indenture and to be sold separately at the time of closing of the Offering;
- (zz) **“Subsidiary”** means, with respect to any Person, any corporation, limited liability company, partnership, association or other business entity of which (i) if a corporation, a majority of the total voting power of shares of stock entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof is at the time owned or controlled, directly or indirectly, by that Person or one or more Subsidiaries of that Person or a combination thereof, or (ii) if a limited liability company, partnership, association or other business entity (other than a corporation), a majority of the partnership or other similar ownership interests thereof is at the time owned or controlled, directly or indirectly, by that Person or one or more Subsidiaries of that Person or a combination thereof and for this purpose, a Person or Persons owns a majority ownership in such a business entity (other than a corporation) if such Person or Persons shall be allocated a majority of such business entity’s gains or losses or shall be or control any managing director or general partner or similar Person of such business entity (other than a corporation);
- (aaaa) **“Tax”** means any federal, state, local or foreign income, gross receipts, license, payroll, employment, excise, severance, stamp, occupation, premium, windfall profits, environmental (including taxes under Code §59A), customs duties, capital stock, franchise, profits, withholding, social security (or similar), unemployment, disability, real property, personal property, sales, use, transfer, registrations, value added, alternative or add-on minimum, estimated, or other tax of any kind whatsoever, including any interest, penalty or addition thereto, whether disputed or not;
- (bbbb) **“Tax Return”** means any return, declaration, report, claim for refund or information return or statement relating to Taxes, including any schedule or attachment thereto, and including any amendment thereof;
- (cccc) **“Umatilla Acquisition Agreement”** means the agreement of even date herewith among the Issuer, Buyer and Umatilla Holdings respecting, among other things, the acquisition by Buyer of Umatilla Power Funding, LLC;
- (dddd) **“Umatilla Holdings”** means Umatilla Power Holdings, LLC;
- (eeee) **“Underwriters”** means the underwriters of the Offering;
- (ffff) **“Underwriting Agreement”** means the underwriting agreement entered into by and among the Issuer, Buyer, Seller, Epsilon Holdings, Umatilla Holdings and the Underwriters in connection with the Offering;
- (gggg) **“Wholly-Owned Project Partnerships”** means Lake Cogen Ltd., a Florida limited partnership, and Onondaga Cogeneration Limited Partnership, a New York limited partnership; and
- (hhhh) **“Wholly-Owned Projects”** means the Lake Cogen Project and the Onondaga Project.

Capitalized terms used but not defined in this Agreement have the meanings given to them in the Prospectus.

## **1.2 Headings**

The division of this Agreement into articles and sections and the insertion of headings are for the convenience of reference only and will not affect the construction or interpretation of this Agreement. Unless something in the subject matter or context is inconsistent therewith, references herein to “Articles” or “Sections” are to articles or sections of this Agreement.

## **1.3 Gender and Number**

In this Agreement, words importing the singular number only will include the plural and vice versa, words importing the masculine gender will include the feminine and neuter genders and vice versa and words importing persons will include individuals, partnerships, associations, trusts, unincorporated organizations, limited liability companies and corporations.

## **1.4 Currency**

Except where otherwise expressly provided, all payments contemplated herein will be paid in U.S. funds, and all references herein to dollar amounts are references to dollars in the lawful currency of the United States of America.

## **1.5 Day Not a Business Day**

In the event that any day on or before which any action is required to be taken hereunder is not a Business Day, then such action will be required to be taken on or before the requisite time on the next succeeding day that is a Business Day.

## **1.6 Accounting Principles**

Unless otherwise indicated, all references to GAAP in this Agreement are to United States generally accepted accounting principles. Such references will be deemed to be to the requirements at the relevant time of the Financial Accounting Standards Board, or any successor accounting body, applicable on a consolidated basis (unless otherwise specifically provided or contemplated herein to be applicable on an unconsolidated basis) as at the date on which such calculation is made or required to be made in accordance with generally accepted accounting principles. Where the character or amount of any asset or liability or item of revenue or expense or amount of equity is required to be determined, or any consolidation or other accounting computation is required to be made for the purpose of this Agreement, such determination or calculation will, to the extent applicable and except as otherwise specified herein or as otherwise agreed to in writing by the parties, be made in accordance with generally accepted accounting principles applied on a consistent basis.

## **1.7 Waiver, Amendment**

Except as expressly provided in this Agreement, no amendment or waiver of this Agreement will be binding unless executed in writing by the party to be bound thereby. No waiver of any provision of this Agreement will constitute a waiver of any other provision nor will any waiver of any provision of this Agreement constitute a continuing waiver unless otherwise expressly provided.

## **1.8 Construction**

The words “including” and “includes” where used in this Agreement will be deemed to mean “including, without limitation” and “includes, without limitation”, respectively.

**ARTICLE 2**  
**PURCHASE AND SALE OF THE PURCHASED MEMBERSHIP INTERESTS**

**2.1 Purchase and Sale**

Subject to the terms and conditions of this Agreement, at the Closing Time, Seller shall sell to Buyer, and Buyer shall purchase from Seller, the Purchased Membership Interests.

**2.2 Purchase Price**

The consideration to be paid by Buyer for the Purchased Membership Interests shall be \$175,127,531 (the "Purchase Price"). The Purchase Price is subject to adjustment by the board of directors of the Issuer based on the actual fees and expenses incurred in connection with the Offering and related transactions. The Purchase Price set forth herein assumes total expenses of \$1,476,163 and Cdn\$4,414,318.

**2.3 Satisfaction of Purchase Price**

The Purchase Price shall be paid and satisfied at the Closing Time by, or on behalf of, Buyer as follows:

- (i) by wire transfer of immediately available funds in an amount equal to \$46,882,184 (the "Cash Purchase Price") as directed by Seller; and
- (ii) by the issuance of 15,489,473 common membership interests and 15,489,473 Class B preferred membership interests in Buyer to Seller or as may otherwise be directed by Seller in writing.

**2.4 Tax Treatment; Allocation**

To the extent made for the consideration described in Section 2.3(ii), the transfer of the Purchased Membership Interests shall be treated for U.S. federal income tax purposes as a tax-deferred contribution described in Section 721(a) of the Code. Within a reasonable period of time after the Closing, Seller shall prepare an allocation of the Cash Purchase Price (including for these purposes any direct or indirect assumption or repayment of Indebtedness by Buyer that is treated as consideration realized by Seller for U.S. federal income tax purposes) among the interests in the Project Partnerships directly or indirectly acquired for such consideration and, where relevant for these purposes (including by reason of any Project Partnership's election under Section 754 of the Code), among the proportionate share of the assets of the Project Partnerships indirectly acquired. Such allocation shall be prepared by Seller in a manner that is consistent with any applicable provisions of the Code and U.S. Treasury Regulations. Provided that the allocation is prepared in accordance with this Section 2.4 and absent manifest error, it shall be binding upon the parties hereto and shall be used by them for all relevant Tax purposes, and no party shall take any position inconsistent with such allocation for any Tax purpose.

**ARTICLE 3**  
**REPRESENTATIONS AND WARRANTIES**

**3.1 Representations and Warranties of the Issuer**

The Issuer represents and warrants to Seller as follows and acknowledges that Seller is relying upon the following representations and warranties in completing the transactions contemplated hereby:

- 3.1.1 Incorporation and Status.** The Issuer is a corporation duly incorporated and existing under the laws of the Province of Ontario. The Issuer is duly qualified to carry on its business in each jurisdiction in which the conduct of its business or the ownership, leasing or operation of its property and assets requires such qualification, except to the extent that any failure to be so qualified, either individually or in the aggregate, would not have a Material Adverse Effect.
- 3.1.2 Corporate Power and Due Authorization.** The Issuer has the power and capacity to enter into and perform its obligations under this Agreement and the Ancillary Agreements to which it is a party and to carry out the transactions contemplated in the Prospectus. Each of this Agreement and the Ancillary Agreements to which it is a party has been, or will at the Closing Time be, duly authorized, executed and delivered by the Issuer and is, or will at the Closing Time be, a legal, valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms, subject to exceptions as to applicable bankruptcy, insolvency and similar laws and the availability of equitable remedies.
- 3.1.3 No Approvals.** No consent, approval, authorization or order of, and no filing, registration or recording with, any Governmental Entity or third party is required in connection with the execution and delivery by the Issuer of this Agreement and the Ancillary Agreements to which it is a party, or the performance by the Issuer of its obligations hereunder and thereunder and the consummation by the Issuer of the transactions contemplated herein and therein except such as have been made or obtained or those that are not required to be made or obtained until after the Closing.
- 3.1.4 No Contravention.** The execution and delivery by the Issuer of this Agreement and the Ancillary Agreements to which it is a party, the performance by the Issuer of its obligations hereunder and thereunder and compliance by the Issuer with the other provisions hereof and thereof does not and will not contravene, breach or result in any default under its organizational documents or under any mortgage, indenture, lease, agreement, other legally binding instrument, licence, permit, statute, regulation, order, judgment, decree or Law to which the Issuer is a party or by which it is bound.
- 3.1.5 Residence of the Issuer.** The Issuer is not a non-resident of Canada within the meaning of the *Income Tax Act* (Canada), as amended.

### **3.2 Representations and Warranties of Buyer**

Buyer represents and warrants to Seller as follows and acknowledges that Seller is relying upon the following representations and warranties in completing the transactions contemplated hereby:

- 3.2.1 Organization and Status.** Buyer is a limited liability company duly organized, validly existing and in good standing under the laws of the State of Delaware. Buyer is duly qualified to carry on its business in each jurisdiction in which the conduct of its business or the ownership, leasing or operation of its property and assets requires such qualification, except to the extent that any failure to be so qualified, either individually or in the aggregate, would not have a Material Adverse Effect.
- 3.2.2 Power of Buyer and Due Authorization.** Buyer has the power and authority to enter into and perform its obligations under this Agreement and the Ancillary Agreements to which it is a party and to carry out the transactions contemplated in the Prospectus. Each

of this Agreement and the Ancillary Agreements to which it is a party has been, or will at the Closing Time be, duly authorized, executed and delivered by Buyer and is, or will at the Closing Time be, a legal, valid and binding obligation of Buyer, enforceable against Buyer in accordance with its terms, subject to exceptions as to applicable bankruptcy, insolvency and similar laws and the availability of equitable remedies.

- 3.2.3 No Approvals.** No consent, approval, authorization or order of, and no filing, registration or recording with, any Governmental Entity or third party is required in connection with the execution and delivery by Buyer of this Agreement and the Ancillary Agreements to which it is a party, or the performance by Buyer of its obligations hereunder and thereunder and the consummation by Buyer of the transactions contemplated herein and therein except such as have been made or obtained or those that are not required to be made or obtained until after the Closing.
- 3.2.4 No Contravention.** Neither the execution and the delivery of this Agreement and the Ancillary Agreements to which Buyer is a party, nor the consummation by Buyer of the transactions contemplated hereby and thereby, will (i) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge or other restriction of any Governmental Entity to which Buyer is subject, or any provision of its organizational documents, (ii) conflict with, result in a breach of, constitute a default under, result in the acceleration of, create in any party the right to accelerate, terminate, modify or cancel, or require any notice under any agreement, contract, lease, license, instrument or other arrangement to which Buyer is a party or by which it is bound or to which any of its assets is subject, or (iii) result in the imposition or creation of any Lien upon or with respect to the membership interests in the Company (other than rights of Buyer in connection with Buyer's purchase of the Purchased Membership Interests, under the Credit Facility and under the Indenture and related guarantees).

### **3.3 Representations and Warranties of Seller**

Seller represents and warrants to the Issuer and Buyer that the statements contained in this Section 3.3 are correct and complete as of the date of this Agreement, except as set forth in the Disclosure Letter. Items disclosed in one particular section of the Disclosure Letter shall be deemed to be constructively disclosed or listed in other sections of the Disclosure Letter to the extent that it is reasonably apparent that the disclosure relates to such other sections. The fact that any item of information is contained in the Disclosure Letter shall not be construed as an admission of liability under any applicable Law, or to mean that such information is material. Such information shall not be used as a basis for interpreting the term "material", "materially" or "Material Adverse Effect", or any similar qualification in this Agreement.

- 3.3.1 Representations and Warranties of Seller with respect to Seller.** Seller represents and warrants to the Issuer and Buyer as follows and acknowledges that each of the Issuer and Buyer is relying upon the following representations and warranties in completing the transactions contemplated hereby:
- 3.3.1.1 Organization and Status.** Seller is a limited liability company duly formed, validly existing and in good standing under the laws of the State of Delaware. Seller has full limited liability company power and authority to carry on its business as presently conducted.
- 3.3.1.2 Power of Seller and Due Authorization.** Seller has full power and authority (including full limited liability company power and authority) to enter into

and perform its obligations under this Agreement and the Ancillary Agreements to which Seller is a party and to carry out the transactions contemplated in the Prospectus. Each of this Agreement and the Ancillary Agreements to which it is a party has been, or will at the Closing Time be, duly authorized, executed and delivered by Seller and is, or will at the Closing Time be, a legal, valid and binding obligation of Seller, enforceable against Seller in accordance with its terms, subject to exceptions as to applicable bankruptcy, insolvency and similar laws and the availability of equitable remedies.

- 3.3.1.3 No Approvals.** Except as set forth in Section 3.3.1.3 of the Disclosure Letter, no consent, approval, authorization or order of, and no filing, registration or recording with, any Governmental Entity or third party is required in connection with the execution and delivery by Seller of this Agreement and the Ancillary Agreements to which it is a party, or the performance by Seller of its obligations hereunder and thereunder and the consummation by Seller of the transactions contemplated herein and therein. All of the consents, approvals, authorizations, orders, filings, registrations and recordings set out in Section 3.3.1.3 of the Disclosure Letter required to be made or obtained prior to the Closing Time have been, or will at the Closing Time have been, made or obtained.
- 3.3.1.4 No Contravention.** Neither the execution and the delivery of this Agreement and the Ancillary Agreements to which Seller is a party, nor the consummation of the transactions contemplated hereby and thereby, will (i) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge or other restriction of any Governmental Entity to which Seller is subject, or any provision of its organizational documents, (ii) conflict with, result in a breach of, constitute a default under, result in the acceleration of, create in any party the right to accelerate, terminate, modify or cancel, or require any notice under any agreement, contract, lease, license, instrument or other arrangement to which Seller is a party or by which it is bound or to which any of its assets is subject except, in the case of requiring a notice, where failure to provide such notice would not have a Material Adverse Effect, or (iii) result in the imposition or creation of any Lien upon or with respect to the membership interests in the Company (other than Liens created or arising by reason of this Agreement or the transactions contemplated hereby).
- 3.3.1.5 Title to Company Membership Interests.** Except as set forth in Section 3.3.1.5 of the Disclosure Letter, Seller holds of record and owns beneficially all of the issued and outstanding membership interests in the Company free and clear of any restrictions on transfer (other than restrictions under the Securities Exchange Act and state securities laws), Liens, options, warrants, purchase rights, contracts, commitments, equities, claims and demands (other than Buyer's rights hereunder). Seller is not a party to any option, warrant, purchase right or other contract or commitment that could require Seller to sell, transfer or otherwise dispose of any membership interests of the Company (other than this Agreement). Seller is not a party to any stockholder agreement, member agreement, operating agreement, voting trust, proxy or other agreement or understanding with respect to the membership interests of the Company.

- 3.3.1.6 Bankruptcy; Insolvency.** Seller is not insolvent and has not taken any action with respect to, nor, to Seller's Knowledge, has any other action been taken or any action commenced for, its winding-up, bankruptcy, insolvency, dissolution, administration or reorganization or for the appointment of a receiver, administrator, trustee or similar officer of it or the membership interests in the Company or any other asset, in any jurisdiction.
- 3.3.1.7 Prospectus Disclosure.** To the Knowledge of Seller, the Prospectus does not contain a misrepresentation (as that term is defined in Section 1(1) of the *Securities Act* (Ontario), as amended).
- 3.3.2 Representations and Warranties of Seller with Respect to the Company and the Company Subsidiaries.** Seller represents and warrants to the Issuer and Buyer as follows and acknowledges that each of the Issuer and Buyer is relying upon the following representations and warranties in completing the transactions contemplated hereby:
- 3.3.2.1 Organization and Status.** The Company and each of the Company Subsidiaries is a limited liability company or limited partnership duly formed or organized, validly existing and in good standing under the laws of its state of organization. The Company and each of the Company Subsidiaries has full limited liability company or partnership power and authority to own, lease and operate its properties and to carry on the Business as presently conducted. Seller has made available to the Issuer and Buyer complete and correct copies of the organizational documents of the Company and each of the Company Subsidiaries. Each of the Company and the Company Subsidiaries is duly authorized to conduct business and is in good standing under the laws of each jurisdiction where such qualification is required, except where the lack of such qualification would not, individually or in the aggregate, have a Material Adverse Effect.
- 3.3.2.2 Capitalization of Company.** As of the date of this Agreement, Seller is the sole member of the Company. There are no outstanding profit participation or similar rights with respect to the Company. Except as set forth in Section 3.3.2.2 of the Disclosure Letter, there are no options, warrants or other securities exchangeable or exercisable for, or convertible into, membership interests of the Company, and no Person has any agreement or option, or right or privilege (whether pre-emptive or contractual) capable of becoming an agreement or option, for the purchase or acquisition of any membership interests of the Company.
- 3.3.2.3 No Contravention.** Neither the execution and the delivery of this Agreement and the Ancillary Agreements to which Seller, the Company and/or any of the Company Subsidiaries is a party, nor the consummation of the transactions contemplated hereby and thereby, will (i) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge or other restriction of any Governmental Entity to which the Company or any Company Subsidiary is subject, or any provision of the organizational documents of the Company or any Company Subsidiary, (ii) conflict with, result in a breach of, constitute a default under, result in the acceleration of, create in any party the right to accelerate, terminate, modify or cancel, or require any notice under any agreement, contract, lease, license, instrument or other arrangement to which the Company or any Company Subsidiary is a

party or by which it is bound or to which any of its assets is subject except where the conflict, breach, default, acceleration, termination, modification, cancellation or notice would not, individually or in the aggregate, have a Material Adverse Effect, or (iii) result in the imposition of any Lien upon or with respect to any property of the Company or any Company Subsidiary (other than Liens created or arising by reason of this Agreement or the transactions contemplated hereby).

**3.3.2.4 Title to Tangible Assets.** The Company and the Company Subsidiaries have good title to, or a valid leasehold interest in, the material tangible assets they use regularly in the conduct of the Business.

**3.3.2.5 Company Subsidiaries.** Section 3.3.2.5 of the Disclosure Letter sets forth for each Company Subsidiary (i) its name and jurisdiction of incorporation or formation, (ii) its authorized capital stock or limited liability company or partnership interests, (iii) the number of issued and outstanding shares of capital stock or limited liability company or partnership interests, and (iv) the holder or holders of such shares or limited liability company or partnership interests. Except for the shares of capital stock or limited liability company or partnership interests of the Company Subsidiaries listed in Section 3.3.2.5 of the Disclosure Letter, the shares of capital stock or limited liability company or partnership interests of the Company Subsidiaries owned directly or indirectly by the Company (as set forth in Section 3.3.2.5 of the Disclosure Letter) are owned free and clear of all Liens, other than Liens created by or arising by reason of this Agreement or the transactions contemplated hereby. Topsham Hydroelectric Generating Facility Trust No. 2 owns a 50% undivided interest in all of the assets leased to Topsham Hydro Partners Partnership free and clear of all Liens, other than Liens disclosed in the Disclosure Letter and Liens created by or arising by reason of this Agreement or the transactions contemplated hereby. There are no options, warrants or other securities exchangeable or exercisable for, or convertible into, capital stock or limited liability company or partnership interests of any Company Subsidiary.

**3.3.2.6 Financial Statements.** The financial statements of UtilCo SaleCo LLC and the Company, including the notes thereto, set forth in the Prospectus (collectively, the “Financial Statements”) have been prepared in accordance with GAAP throughout the periods covered thereby and present fairly the financial condition of UtilCo SaleCo LLC (on the basis described therein) and the Company and the Company Subsidiaries as of the dates set forth therein and the results of operations of UtilCo SaleCo LLC (on the basis described therein) and the Company and the Company Subsidiaries for such periods.

**3.3.2.7 Events Subsequent to Most Recent Company Fiscal Quarter End.** Since the Most Recent Company Fiscal Quarter End through the date hereof, (i) other than in connection with the transactions contemplated by this Agreement or as disclosed in the Prospectus, each of the Company and the Company Subsidiaries has conducted the Business in the Ordinary Course and (ii) except as disclosed in the Prospectus, there has been no Material Adverse Change.

- 3.3.2.8 Undisclosed Liabilities.** Except for liabilities reflected or reserved against in the Financial Statements (including the notes thereto) neither the Company nor any Company Subsidiary has any material liabilities other than (i) liabilities incurred in the Ordinary Course since the Most Recent Company Fiscal Quarter End, or (ii) liabilities that are not required by GAAP to be reflected or reserved against in the Financial Statements.
- 3.3.2.9 Legal Compliance.** Each of the Company and the Company Subsidiaries has complied with all Laws except where non-compliance would not, individually or in the aggregate, result in a Material Adverse Effect. This Section 3.3.2.9 does not relate to Tax matters related to the Company and the Company Subsidiaries, which are instead the subject of Section 3.3.4, to employee benefits matters related to the Company and the Company Subsidiaries, which are instead the subject of Section 3.3.2.14, or to environmental, health and safety matters related to Company and the Company Subsidiaries, which are instead the subject of Section 3.3.2.15.
- 3.3.2.10 Ownership or Lease of Real and Personal Property.** The Company and the Company Subsidiaries own, lease or otherwise have the right to use all real property, including all fixtures and improvements situated thereon, and own, lease or otherwise have the right to use all equipment and personal property, tangible and intangible, in each case which is used in the day to day operations of the Business and which is necessary to conduct the Business in the manner in which it is presently conducted except where the failure to so own, lease or have the right to use would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect.
- 3.3.2.11 Intellectual Property.** Neither the Company nor any of the Company Subsidiaries uses any material intellectual property in the Business.
- 3.3.2.12 Material Contracts.** Section 3.3.2.12 of the Disclosure Letter lists all contracts to which any of the Company and the Company Subsidiaries is a party the performance of which will involve annual consideration in excess of \$500,000, which evidence Indebtedness of at least \$500,000 or which are otherwise material to the Business (collectively, the “**Material Contracts**”). Seller has made available to the Issuer and Buyer a correct and complete copy of each Material Contract. Each Material Contract (i) constitutes a legal, valid and binding obligation of the Company and/or one of the Company Subsidiaries and, to Seller’s Knowledge, the other parties thereto, and (ii) is in full force and effect. There is no default or event which, with notice or lapse of time or both, would constitute a default under the Material Contracts on the part of the Company or the Company Subsidiaries or, to Seller’s Knowledge, on the part of the other parties thereto, except for such events of default and other events which would not, individually or in the aggregate, cause a Material Adverse Effect.
- 3.3.2.13 Litigation.** Except as disclosed in the Prospectus, there is no Litigation pending or, to Seller’s Knowledge, threatened against, the Company or any of the Company Subsidiaries which would be reasonably expected to, individually or in the aggregate, cause a Material Adverse Effect.

- 3.3.2.14 Labor Matters and Employee Benefits.** Neither the Company nor any Company Subsidiary has employees.
- 3.3.2.15 Environmental, Health and Safety Matters.** The Company and the Company Subsidiaries are in compliance with Environmental, Health and Safety Requirements, except for such non-compliance as would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. Since March 12, 2004 and, to Seller's Knowledge, from November 10, 2001 to March 11, 2004, neither the Company nor any Company Subsidiary has received any written notice, report or other information regarding any actual or alleged violation of Environmental, Health and Safety Requirements, or any liabilities or potential liabilities (whether accrued, absolute, contingent, unliquidated or otherwise), including any investigatory, remedial or corrective obligations, relating to the Company or the Company Subsidiaries arising under Environmental, Health and Safety Requirements, the subject of which would be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. Neither the Company nor any Company Subsidiary has any contingent liability in connection with the presence, use, production, generation, handling, transportation, treatment, storage, disposal, distribution, labeling, testing, processing, discharge, emission, release, threatened release, control or clean-up of any Hazardous Materials, except for such contingent liabilities as would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. Notwithstanding any of the representations and warranties contained elsewhere in this Agreement, all environmental, health and safety matters shall be governed exclusively by this Section 3.3.2.15 and by Section 3.3.3.15.
- 3.3.2.16 Related Party Transactions.** Except as contemplated or disclosed in the Prospectus, neither Seller nor any affiliate of Seller (other than the Company, the Company Subsidiaries and the Project Partnerships) is or has been involved in any material business arrangement or relationship with any of the Company or any Company Subsidiary within the last 12 months or which will come into effect or continue following Closing, and neither Seller nor any affiliate of Seller (other than the Company, the Company Subsidiaries and the Project Partnerships) owns any material asset, tangible or intangible, which is used in the business of the Company and any of the Company Subsidiaries.
- 3.3.2.17 Insurance.** Section 3.3.2.17 of the Disclosure Letter sets forth a complete and correct list of all of the policies of insurance carried by the Company or the Company Subsidiaries on the date of this Agreement and the applicable termination or renewal dates of such policies. Each such policy is in full force and effect and no notice of termination or cancellation of any such policy has been received by the Company or the Company Subsidiaries. All policy premiums due and payable prior to the Closing have been or will be (on or prior to the Date of Closing) paid up to and through Closing.
- 3.3.2.18 Approvals.** Each of the Company and the Company Subsidiaries, as applicable, holds, or will hold at the Closing Time, all permits, licences, consents, authorizations and approvals which are required from any Governmental Entity or any other Person required or necessary to conduct the Business in all material respects as currently conducted or as the Prospectus

discloses it will be conducted except to the extent that the failure to hold or obtain, individually or in the aggregate, would not have a Material Adverse Effect.

**3.3.3 Representations and Warranties of Seller with Respect to the Project Partnerships and the Projects.** Seller represents and warrants to the Issuer and Buyer as follows and acknowledges that each of the Issuer and Buyer is relying upon the following representations and warranties in completing the transactions contemplated hereby.

**3.3.3.1 Projects, Project Partnerships and Project Partnership Interests.** Section 3.3.3.1 of the Disclosure Letter sets forth for each Project Partnership (i) its name and jurisdiction of incorporation or organization, and (ii) to the Knowledge of Seller (except in the case of the Operated Project Partnerships, which are not so qualified as to Knowledge), the holder or holders of its outstanding shares or limited liability company or partnership interests. Each Company Subsidiary is the record and beneficial owner of Project Partnership Interests (or, in the case of Topsham Hydro Generating Facility Trust No. 2, of a 50% undivided interest in the assets leased to Topsham Hydro Partners L.P.), as set forth in Section 3.3.3.1 of the Disclosure Letter free and clear of all Liens, other than Liens disclosed in, created by or arising by reason of this Agreement, the Disclosure Letter, the transactions contemplated hereby, the Project Partnership Agreements, the Material Contracts or the Project Contracts.

**3.3.3.2 Organization and Status.** Each of the Project Partnerships is a limited partnership (or, in the case of JPPC, a private company limited by shares under the *Companies Act of Jamaica*, and in the case of Stockton, a general partnership) duly organized or formed, validly existing and in good standing under the laws of the state or other jurisdiction of its organization. Each Project Partnership has full partnership (or in the case of JPPC, company) power and authority to own, lease and operate its properties and to carry on its business as presently conducted. Seller has made available to the Issuer and Buyer complete and correct copies of each Project Partnership's organizational documents. Each Project Partnership is duly authorized to conduct business and is in good standing under the laws of each jurisdiction where such qualification is required, except where the lack of such qualification would not, individually or in the aggregate, have a Material Adverse Effect.

**3.3.3.3 No Contravention.** The consummation of the transactions contemplated by this Agreement and the Ancillary Agreements to which Seller, the Company, any of the Company Subsidiaries and/or Onondaga Cogeneration Limited Partnership is a party does not and will not (i) violate the charter documents of any Wholly-Owned Project Partnership or, to the Knowledge of Seller, any other Project Partnership, (ii) violate or be in conflict with, or constitute a default or any event which, with or without due notice or lapse of time, or both, would constitute a material default under, or cause or permit the acceleration of the maturity of Indebtedness under, or give rise to any right of termination, cancellation, imposition of fees or penalties under the agreements governing any Wholly-Owned Project Partnership or material Project Contracts of a Wholly-Owned Project Partnership or, to the Knowledge of Seller, the agreements governing any other Project Partnership or material

Project Contracts of any other Project Partnership, or (iii) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge or other restriction of any Governmental Entity to which any Wholly-Owned Project Partnership or, to the Knowledge of Seller, any other Project Partnership, is subject.

- 3.3.3.4 No Options.** There are no outstanding options, warrants or other rights (including conversion or pre-emptive rights and rights of first refusal) or agreements for purchase of any general or limited partnership interests from any Wholly-Owned Project Partnership or, to Seller's Knowledge, any general or limited partnership interests (or in the case of JPPC, shares) of any other Project Partnership other than as set forth in the Project Partnership Agreements, the Material Contracts or the Project Contracts.
- 3.3.3.5 Project Financial Statements.** The financial statements set forth in Section 3.3.3.5 of the Disclosure Letter have been made available to the Issuer and Buyer (collectively, the "Project Financial Statements") and, to Seller's Knowledge (except in the case of the Wholly-Owned Project Partnerships, which are not so qualified as to Knowledge), present fairly the financial condition of the applicable Project Partnership as of the date set forth therein and the results of operations of the applicable Project Partnership for the periods covered thereby.
- 3.3.3.6 Liabilities.** Since the date of the most recent Project Financial Statements referred to in Section 3.3.3.5 related to a Project Partnership, to the Knowledge of Seller (except in the case of the Wholly-Owned Project Partnerships which are not so qualified as to Knowledge), (i) such Project Partnership has not suffered any damage, destruction or loss which has had or would reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect, (ii) such Project Partnership has not issued or agreed to issue any additional general or limited partnership interests (or shares in the case of JPPC) in such Project Partnership, (iii) such Project Partnership has not encumbered any of its assets or incurred any Indebtedness or other liabilities (contingent or absolute), other than encumbrances, unsecured debts and liabilities incurred in the Ordinary Course and Permitted Encumbrances, and (iv) such Project Partnership has not entered into any contract or agreement including, without limitation, new loans or capital expenditures, that will bind such Project Partnership beyond the Closing and will involve annual expenditures in excess of \$1,000,000, except those Project Contracts listed in Section 3.3.3.9.1 of the Disclosure Letter that are dated a date following the date of the most recent Project Financial Statements for such Project Partnership.
- 3.3.3.7 Ownership or Lease of Real and Personal Property.** Each Operated Project Partnership and, to the Knowledge of Seller, Non-Operated Project Partnership, owns, leases or otherwise has the right to use all real property, including all fixtures and improvements situated thereon, and owns, leases or otherwise has the right to use all equipment and personal property, tangible and intangible, in each case which is used in the day to day operations of the business of such Project Partnership and which is necessary to conduct the business of such Project Partnership in the manner in which it is presently conducted except where the failure to so own, lease or have the right to use

would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect.

**3.3.3.8 Sufficiency of Assets.** Each Operated Project Partnership and, to the Knowledge of Seller, each Non-Operated Project Partnership, owns or has the right to use all assets, permits, licenses, trademarks, patents, franchises and other property rights necessary to conduct its business as currently conducted except where the failure to so own or have the right to use would not, individually or in the aggregate, cause a Material Adverse Effect.

**3.3.3.9 Additional Information.** The following additional information concerning the Project Partnerships is set forth in Sections 3.3.3.9.1, 3.3.3.9.2 and 3.3.3.9.3 of the Disclosure Letter:

**3.3.3.9.1 Contracts.** A list of all contracts to which a Project Partnership is a party the performance of which will involve annual consideration in excess of \$1,000,000, which evidence Indebtedness of at least \$1,000,000 or which are otherwise material to the business of such Project Partnership (collectively, the "Project Contracts");

**3.3.3.9.2 Insurance.** A list provided by the Project operator for each Project of current insurance policies for each Project Partnership; and

**3.3.3.9.3 Permits.** A list provided by the Project operator for each Project of all material permits.

**3.3.3.10 Project Contracts.** Seller has made available to the Issuer and Buyer copies of the Project Contracts that, except to the extent reflected in Section 3.3.3.9.1 of the Disclosure Letter, are true and complete. Each Project Contract of the Operated Project Partnerships and, to the Knowledge of Seller, the Non-Operated Project Partnerships, (i) constitutes a legal, valid and binding obligation of the applicable Project Partnership and, to the Knowledge of Seller, each other party thereto, and (ii) is in full force and effect. Except as disclosed in the Prospectus, there is no default or event which, with notice or lapse of time or both, would constitute a default under a Project Contract of an Operated Project Partnership or, to the Knowledge of Seller, a Non-Operated Project Partnership, on the part of the applicable Project Partnership or, to the Knowledge of Seller, on the part of the other parties thereto other than such defaults or events which would not reasonably be expected to, individually or in the aggregate, have a Material Adverse Effect. Except as disclosed in the Prospectus, no party to any Project Contract of an Operated Project Partnership or, to the Knowledge of Seller, Non-Operated Project Partnership, has delivered any notice to a Project Partnership alleging that such Project Partnership is in default under any Project Contract that has had, or is reasonably expected to have, individually or in the aggregate, a Material Adverse Effect.

**3.3.3.11 Insurance.** Each insurance policy set forth in Section 3.3.3.9.2 of the Disclosure Letter and related to an Operated Project is in full force and effect and no notice of termination or cancellation of any such policy has been received by the applicable Operated Project Partnership. To the Knowledge of Seller, each insurance policy set forth in Section 3.3.3.9.2 of the Disclosure Letter and related to a Non-Operated Project is in full force and effect and no

notice of termination or cancellation of any such policy has been received by the Company or the Company Subsidiaries. All policy premiums due and payable under such policies related to an Operated Project and, to the Knowledge of Seller, Non-Operated Project, prior to the Date of Closing have been or will be (on or prior to the Date of Closing) paid up to and through the Closing.

- 3.3.3.12 Permits.** Each Operated Project Partnership has all governmental permits, licenses and authorizations necessary for the conduct of its business in all material respects as presently conducted (the “Permits”) and is in compliance with the terms of each such Permit, except to the extent that any such non-compliance would not, individually or in the aggregate, have a Material Adverse Effect. Seller has no Knowledge that any Non-Operated Project Partnership is lacking any material Permit or is not in compliance with the terms of any such Permit, except to the extent that any such non-compliance would not, individually or in the aggregate, have a Material Adverse Effect.
- 3.3.3.13 Litigation.** Except as disclosed in the Prospectus, there is no action, suit or proceeding pending or, to Seller’s Knowledge, threatened, against any Operated Project Partnership or, to the Knowledge of Seller, Non-Operated Project Partnership, or properties or rights of any Operated Project Partnership or, to the Knowledge of Seller, Non-Operated Project Partnership, the adverse determination of which could reasonably be expected to have a material adverse effect on the applicable Project Partnership or Project.
- 3.3.3.14 Force Majeure.** Except as disclosed in the Prospectus, no material event of force majeure (as defined in the applicable Project Contract) has occurred and is continuing under any Project Contract to which an Operated Project Partnership is a party or, to the Knowledge of Seller, under any Project Contract to which a Non-Operated Project Partnership is a party.
- 3.3.3.15 Environmental, Health and Safety Matters.** Each Operated Project Partnership and, to the Knowledge of Seller, Non-Operated Project Partnership, is in compliance with Environmental, Health and Safety Requirements, except for such non-compliance as would not be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. Since March 12, 2004 and, to Seller’s Knowledge, from November 10, 2001 to March 11, 2004, no Operated Project Partnership or, to the Knowledge of Seller, Non-Operated Project Partnership, has received any written notice, report or other information regarding any actual or alleged violation of Environmental, Health and Safety Requirements, or any liabilities or potential liabilities (whether accrued, absolute, contingent, unliquidated or otherwise), including any investigatory, remedial or corrective obligations, relating to the Projects arising under Environmental, Health and Safety Requirements, the subject of which would be reasonably likely to, individually or in the aggregate, result in a Material Adverse Effect. No Operated Project Partnership or, to the Knowledge of Seller, Non-Operated Project Partnership, has any contingent liability in connection with the presence, use, production, generation, handling, transportation, treatment, storage, disposal, distribution, labeling, testing, processing, discharge, emission, release, threatened release, control or clean-up of any Hazardous Materials, except for such contingent liabilities as would not be reasonably likely to, individually or in the

aggregate, result in a Material Adverse Effect. Notwithstanding any of the representations and warranties contained elsewhere in this Agreement, all environmental, health and safety matters shall be governed exclusively by this Section 3.3.3.15 and by Section 3.3.2.15.

**3.3.3.16 Labor Matters.** Except as set forth in Section 3.3.3.16 of the Disclosure Letter, there are no collective bargaining agreements to which an Operated Project Partnership or, to the Knowledge of Seller, Non-Operated Project Partnership, is a party or is subject and which relates to the business and operations of such Project Partnership. Except as disclosed in the Prospectus, (i) each Operated Project Partnership and, to the Knowledge of Seller, Non-Operated Project Partnership, is in compliance with all Laws respecting employment and employment practices, terms and conditions of employment and wages and hours, (ii) no Operated Project Partnership or, to the Knowledge of Seller, Non-Operated Project Partnership, has received written notice of any unfair labor practice complaint pending against it before the National Labor Relations Board, (iii) no arbitration proceeding arising out of or under any collective bargaining agreement is pending against an Operated Project Partnership or, to the Knowledge of Seller, Non-Operated Project Partnership, (iv) no labor strike, slow down or stoppage is actually pending or threatened by any representative of any union or other representation of employees against or affecting an Operated Project Partnership or, to the Knowledge of Seller, Non-Operated Project Partnership, (v) no Operated Project Partnership or, to the Knowledge of Seller, Non-Operated Project Partnership, has experienced any work stoppage since March 12, 2004, and to Seller's Knowledge, from November 10, 2001 to March 11, 2004 and no work stoppage has been overtly threatened, and (vi) each Operated Project Partnership and, to the Knowledge of Seller, each Non-Operated Project Partnership, is in compliance in all material respects with the terms and all applicable Laws relating any employee benefit plans maintained by such party.

**3.3.3.17 Legal Compliance.** Each Operated Project Partnership and, to the Knowledge of Seller, Non-Operated Project Partnership, has complied with all Laws, except where the failure to comply would not, individually or in the aggregate, have a Material Adverse Effect. This Section 3.3.3.17 does not relate to environmental, health and safety matters related to the Project Partnerships, which are instead the subject of Section 3.3.3.15, to permits, which are instead the subject of Section 3.3.3.12 or to employee benefits matters which are the subject of Section 3.3.3.16.

**3.3.3.18 Related Party Transactions.** Except as contemplated or disclosed in the Prospectus, neither Seller nor any affiliate of Seller (other than the Company, the Company Subsidiaries and the Project Partnerships) is or has been involved in any material business arrangement or relationship with any Project Partnership within the last 12 months or which will come into effect or continue following Closing, and neither Seller nor any affiliate of Seller (other than the Company, the Company Subsidiaries and the Project Partnerships) owns any material asset, tangible or intangible, which is used in the business of any of the Project Partnerships.

**3.3.3.19 Regulatory Status.** Section 3.3.3.19 of the Disclosure Letter identifies which Projects are QF Facilities, EWG Facilities or Licensed Facilities. Assuming the restrictions in the constating documents of the Issuer and Buyer are complied with, the transactions contemplated by this Agreement and the Ancillary Agreements will not affect the status of the Projects as QF Facilities, EWG Facilities or Licensed Facilities, as applicable.

**3.3.3.20 Disclaimer of Other Representations and Warranties.** Except as expressly set forth in this Article 3, SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, AT LAW OR IN EQUITY, TO THE ISSUER OR BUYER IN RESPECT OF THE COMPANY, THE COMPANY SUBSIDIARIES, THE PROJECT PARTNERSHIPS OR ANY OF THEIR RESPECTIVE ASSETS, LIABILITIES OR OPERATIONS, INCLUDING WITH RESPECT TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY SUCH OTHER REPRESENTATIONS AND WARRANTIES ARE HEREBY EXPRESSLY DISCLAIMED. Each of the Issuer and Buyer hereby acknowledges and agrees that, except to the extent specifically set forth in this Article 3, Buyer is purchasing the Purchased Membership Interests on an "as is, where is" basis.

**3.3.4 Representations Regarding Tax Matters related to Company, Company Subsidiaries and Project Partnerships.** The following representations shall constitute the sole representations of Seller with respect to Taxes. All of the other representations contained in Sections 3.3.2 and 3.3.3 shall be construed as not relating to any Taxes. Seller represents and warrants to the Issuer and Buyer as follows and acknowledges that each of the Issuer and Buyer is relying upon the following representations and warranties in completing the transactions contemplated hereby:

**3.3.4.1** Since March 12, 2004, each of the Company, the Company Subsidiaries, the Operated Project Partnerships and, to the Knowledge of Seller, the Non-Operated Project Partnerships, (i) has filed all Tax Returns that it was required to file, (ii) has paid all Taxes due (whether or not shown on such returns as owing), and (iii) has established adequate reserves for any Taxes accrued but not yet due and payable as of the Closing. Except for any Permitted Encumbrances, there are no Liens for Taxes on any of the assets of the Company, the Company Subsidiaries, the Operated Project Partnerships or, to the Knowledge of Seller, the Non-Operated Project Partnerships.

**3.3.4.2** Except as set forth in Section 3.3.4.2 of the Disclosure Letter, to the Knowledge of Seller, none of the Company, the Company Subsidiaries, the Operated Project Partnerships or the Non-Operated Project Partnerships is currently the subject of any material audit, claim or assessment with respect to Taxes. None of the audits, claims or assessments set forth in Section 3.3.4.2 of the Disclosure Letter has had, or would be reasonably expected to have, individually or in the aggregate, a Material Adverse Effect.

**3.3.4.3** Except as set forth in Section 3.3.4.3 of the Disclosure Letter, none of the Company, the Company Subsidiaries, the Operated Project Partnerships or, to the Knowledge of Seller, the Non-Operated Project Partnerships, is a party to any Tax allocation or sharing agreement. Other than pursuant to such agreements or by operation of law with respect to any relationships disclosed in the immediately-following representation, none of the Company, the

Company Subsidiaries, the Operated Project Partnerships or, to the Knowledge of Seller, the Non-Operated Project Partnerships, has any liability for Taxes of any other Person as a transferee or successor, by contract or otherwise.

3.3.4.4 Except as set forth in Section 3.3.4.4 of the Disclosure Letter, none of the Company, the Company Subsidiaries, the Operated Project Partnerships or, to the Knowledge of Seller, the Non-Operated Project Partnerships has been a member of an Affiliated Group filing a consolidated federal Tax Return.

3.3.4.5 Each of the Company Subsidiaries and Project Partnerships that are treated as partnerships from a U.S. federal income tax perspective will have in effect an election under Section 754 of the Code for the taxable period that includes the Closing.

3.3.4.6 Since March 12, 2004, the Company, the Company Subsidiaries, the Operated Project Partnerships and, to the Knowledge of Seller, the Non-Operated Project Partnerships, have withheld and paid all Taxes required to have been withheld and paid in connection with any amounts paid or owing to any employee, independent contractor, creditor, stockholder or other third party.

3.3.4.7 Each of the Company, each Company Subsidiary and each of the Project Partnerships is treated as a partnership or disregarded as an entity separate from its owner for U.S. federal and any applicable U.S. state and local income tax purposes.

3.3.4.8 To the Knowledge of Seller, the representations and warranties given in Section 3.13 of the Purchase and Sale Agreement (the "Aquila Purchase Agreement") by and among UtilCo Group Inc., MEP Holdings, Inc., MEP Investments, LLC and the Company dated as of November 12, 2003 by Sellers (as defined in the Aquila Purchase Agreement) were true and correct when given and as of March 12, 2004, and have not been found to be or claimed to be untrue or incorrect in any material respect.

#### **3.4 No Finder's Fee**

Each of the parties hereto represents and warrants to the other parties that it has not taken any action that would cause such other parties or the Company or any Company Subsidiaries or any Project Partnerships to become liable to any claim or demand for a brokerage commission, finder's fee or other similar payment in connection with the transactions contemplated hereby, other than with respect to the underwriters' fees payable pursuant to the Underwriting Agreement and the agent's fees payable to BMO Nesbitt Burns Inc. in connection with the sale of the Separate Subordinated Notes.

#### **3.5 Survival of Representations and Warranties**

The representations and warranties of each party contained in this Agreement and in all certificates and documents delivered pursuant to or contemplated by this Agreement will survive the Closing and continue in full force and effect for a period of 18 months, except that:

3.5.1 The representations and warranties set out in Sections 3.1.1, 3.1.2, 3.2.1, 3.2.2, 3.3.1.1, 3.3.1.2, 3.3.1.5, 3.3.2.1, item (iv) of Section 3.3.2.5 as it relates to shares or limited liability company or partnership interests held by the Company or the Company

Subsidiaries, item (ii) of Section 3.3.3.1 as it relates to shares or limited liability company or partnership interests held by the Company Subsidiaries and Section 3.3.3.2 will survive Closing and continue in full force and effect without limitation of time;

**3.5.2** The representations and warranties in Section 3.3.4 shall survive until the expiry of the statutory assessment and limitation periods under applicable Tax legislation; and

**3.5.3** The representation and warranty contained in Section 3.3.1.7 will survive the Closing and continue in full force and effect for a period of three years from the Date of Closing,

and no claim for breach of representation or warranty (other than those referenced in Section 3.5.1) will be valid unless the party against whom such claim is made has been given notice in writing before the expiry of such period.

## **ARTICLE 4 CLOSING**

### **4.1 Location and Time of the Closing**

The Closing will take place at the Closing Time on the Date of Closing at the offices of Goodmans LLP in Toronto, Ontario, Canada, or at such other place, on such other date and at such other time as may be agreed upon in writing by the parties hereto.

### **4.2 Conditions Precedent to Closing**

The obligation of each of the parties to complete the transactions contemplated in this Agreement at Closing Time on the Date of Closing is subject to the satisfaction or waiver of, or compliance with, at or prior to the Closing Time, each of the following conditions:

**4.2.1 Truth of Representations and Warranties.** The representations and warranties of each of the parties, as the case may be, made in or pursuant to this Agreement will have been true and correct in all material respects as of the date of this Agreement and will be true and correct in all material respects as of the Closing Time (except in each case, for those representations and warranties that are subject to a materiality qualification, which will be true and correct in all respects, and except in respect of any representations and warranties that are to be true and correct as a specified date, in which case they will be true and correct as of that date only) with the same force and effect as if such representations and warranties had been made at and as of such time, and each party will have executed and delivered a certificate of a senior officer or, in the case of the Issuer and Buyer, a senior officer of the Manager on its behalf (in each case without personal liability) to that effect with respect to the representations and warranties of such party which are contained in this Agreement. Neither the receipt of such certificate nor the Closing will constitute a waiver by the party receiving such certificate of any of the representations and warranties of the party providing such certificate which are contained in this Agreement. Upon the delivery of such certificates, the representations and warranties of the parties in Article 3, as applicable, will be deemed to have been made on and as of the Date of Closing with the same force and effect as if made on and as of such date.

**4.2.2 Compliance with and Performance of Covenants.** Each party will have fulfilled or complied in all material respects with all covenants contained in this Agreement to be fulfilled or complied with by it at or prior to the Closing and each party will have

executed and delivered a certificate of a senior officer or, in the case of the Issuer and Buyer, a senior officer of the Manager on its behalf (in each case without personal liability) to that effect.

- 4.2.3 Offering and Sale of Separate Subordinated Notes.** The Issuer will have completed the sale of IPSs pursuant to the Offering and the sale of the Separate Subordinated Notes on terms satisfactory to the Issuer, acting reasonably.
- 4.2.4 Financing.** Buyer will have entered into the Credit Facility as contemplated by the Prospectus, on terms and conditions satisfactory to Buyer, acting reasonably, and the credit facilities to be provided for under the Credit Facility will be available to be drawn down by Buyer.
- 4.2.5 Required Consents.** All of the Required Consents shall have been obtained.
- 4.2.6 Hart-Scott-Rodino Act.** All applicable waiting periods (and any extensions thereof) under the Hart-Scott-Rodino Act shall have expired or otherwise been terminated.
- 4.2.7 Section 203 Orders.** Orders under Section 203 of the FPA shall have been issued by the FERC in connection with this Agreement and the transactions contemplated hereby with respect to each of the applications listed in Section 3.3.1.3 of the Disclosure Letter.
- 4.2.8 Indemnity Agreement.** The Indemnity Agreement shall have been executed and delivered by all parties thereto.
- 4.2.9 ROFO Agreement.** Fund I and Buyer shall have entered into the ROFO Agreement and such agreement shall have terms satisfactory to the Issuer and Buyer, acting reasonably.
- 4.2.10 Deliveries.** All documents relating to the due authorization and completion of the transactions contemplated hereby, all actions and all corporate and other proceedings taken at or prior to the Closing Time in connection with the performance by each party of its respective obligations under this Agreement, and all other documents and materials of any kind relating to this Agreement and carrying out the terms hereof, will have been completed and satisfied including the following:
  - 4.2.10.1** Seller shall deliver (or cause to be delivered) to Buyer against delivery of the items listed in Section 4.2.10.2:
    - (i) an assignment of the Purchased Membership Interests;
    - (ii) certificates of Good Standing of Seller, the Company, the Company Subsidiaries and the Project Partnerships from the Secretary of State of Delaware and other applicable jurisdictions in which such entities are incorporated or organized;
    - (iii) the certificates referred to in Sections 4.2.1 and 4.2.2;
    - (iv) a certified copy of the resolutions of the directors (or similar governing body) of Seller approving the transactions contemplated hereby and an incumbency certificate regarding the individual(s) executing this Agreement and related documentation;

- (v) all minute books, corporate records and ledgers of the Company and the Company Subsidiaries and all other books and records of the Company and the Company Subsidiaries;
- (vi) resignations from the directors and officers (or persons holding like positions) of the Company, the Company Subsidiaries and the Project Partnerships specified by the Issuer and Buyer;
- (vii) such corporate legal opinions of Seller's counsel respecting the transactions contemplated hereby in form and substance reasonably acceptable to the Issuer and Buyer and their counsel; and
- (viii) such other instruments as the Issuer and Buyer or their counsel shall reasonably deem necessary to consummate the transactions contemplated hereby.

**4.2.10.2** The Issuer and/or Buyer, as applicable, shall deliver (or cause to be delivered) to Seller against delivery of the items listed in Section 4.2.10.1:

- (i) the Cash Purchase Price;
- (ii) the 15,489,473 common membership interests and 15,489,473 Class B preferred membership interests in Buyer described in Section 2.3(ii);
- (iii) a certificate of Status of the Issuer and a certificate of Good Standing of Buyer from the Ministry of Consumer and Business Services of Ontario and the Secretary of State of Delaware, respectively;
- (iv) the certificates referred to in Sections 4.2.1 and 4.2.2;
- (v) certified copies of the resolutions of the directors (or similar governing body) of the Issuer and Buyer approving the transactions contemplated hereby and an incumbency certificate regarding the individual(s) executing this Agreement and related documentation;
- (vi) such corporate legal opinions of the Issuer's and Buyer's counsel respecting the transactions contemplated hereby in form and substance reasonably acceptable to Seller and its counsel; and
- (vii) such other instruments as Seller or its counsel shall reasonably deem necessary to consummate the transactions contemplated hereby.

**4.2.11 Execution of Other Agreements.** The Ancillary Agreements will have been executed and delivered by all parties thereto and the other transactions contemplated by the Prospectus to be completed on or prior to the Date of Closing will have been completed to the satisfaction of the parties hereto, acting reasonably.

**4.2.12 No Adverse Legislation.** There will not be any statute, rule or regulation of any Governmental Entity which makes it illegal for any of the parties to consummate the transactions contemplated hereby or any order, decree or judgment of any Governmental Entity enjoining any party to this Agreement from consummating any of the transactions contemplated hereby.

**4.2.13 No Legal Action.** No action or proceeding will be pending or threatened by any Person (other than the Issuer, Buyer and Seller and any of their affiliates) in any jurisdiction, to enjoin, restrict or prohibit any of the transactions contemplated by this Agreement or the right of the Company and the Company Subsidiaries to conduct the Business or the Project Partnerships to conduct their businesses after Closing on substantially the same basis as heretofore operated or to seek Damages in connection with this Agreement.

**4.3 Execution and Delivery of Closing Documentation**

All proceedings taken and all documents executed and delivered by the parties at the Closing shall be deemed to have been taken and executed simultaneously, and no proceeding shall be deemed taken nor any document executed or delivered until all have been taken, executed and delivered.

**ARTICLE 5  
COVENANTS OF THE PARTIES**

**5.1 Covenant Regarding Representations, Warranties and Conditions**

Except as expressly provided in this Agreement or except with the prior written consent of the other parties hereto, prior to the Closing Time, each of the parties will do or refrain from doing all acts and things in order to ensure that the respective representations and warranties of such party in Article 3 remain true and correct at the Closing Time as if such representations and warranties were made at and as of such time and to satisfy or cause to be satisfied the conditions in Article 4 which are within such party's control.

**5.2 Conduct of Business Prior to Closing**

During the Interim Period, Seller will cause the Company to conduct the Business only in the Ordinary Course, except as may be required in furtherance of the transactions contemplated herein and in the Prospectus.

**5.3 Filings and Authorizations**

Each of the parties hereto, as promptly as practicable either before or after the execution of this Agreement, will (i) make, or cause to be made, all such filings and submissions under all Laws applicable to it, including, without limitation, any required filings under the Hart-Scott-Rodino Act, as may be required for it to complete the transactions contemplated in this Agreement; and (ii) use its reasonable commercial efforts to take, or cause to be taken, all other actions necessary in order for it to fulfil its obligations under this Agreement. Each of the parties will co-ordinate and cooperate with one another in exchanging such information and supplying such assistance as may be reasonably requested by each in connection with the foregoing including, providing each other with all notices and information supplied or filed with any Governmental Entity and all notices and correspondence received from any Governmental Entity.

**5.4 Cooperation**

Each of the parties hereto will cooperate fully in good faith with each other and their respective legal advisors, accountants and other representatives in connection with any steps required to be taken as part of their respective obligations under this Agreement. From time to time after the Closing, each of the parties hereto will, at the request of any other party, execute and deliver such additional conveyances, transfers and other assurances as may be reasonably required to effectively complete the transactions contemplated herein and to carry out the intent of this Agreement.

**ARTICLE 6  
TERMINATION**

**6.1 Termination**

This Agreement may, by notice in writing pursuant to Section 7.4 prior to the Closing Time, be terminated: (i) by mutual consent of all the parties; or (ii) by any party if the Closing has not been completed prior to December 9, 2004. Upon giving the requisite notice, each of the parties hereto will be released from all obligations hereunder. If a party waives compliance with any of the conditions, obligations or covenants contained in this Agreement, the waiver will be without prejudice to any of its rights of termination or otherwise in the event of non-fulfillment, non-observance or non-performance of any other condition, obligation or covenant in whole or in part.

**ARTICLE 7  
GENERAL MATTERS**

**7.1 Severability**

Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction.

**7.2 Enurement**

This Agreement will be binding upon and enure to the benefit of the parties to this Agreement and their respective successors and permitted assigns from time to time.

**7.3 Assignment**

This Agreement may not be assigned by any party hereto without the prior written consent of each of the other parties.

**7.4 Notices**

All notices and other communications required or permitted to be given under this Agreement will be in writing and will be deemed to have been given if delivered personally or by prepaid courier delivery or by confirmed telecopy to the parties at the following addresses (or at any other address for the party as is specified in like notice):

**7.4.1** if to the Issuer:

c/o Atlantic Power Management, LLC

with a copy to:

Freshfields Bruckhaus Deringer LLP  
520 Madison Avenue, 34<sup>th</sup> Floor  
New York, New York  
10022

Attention: Orli Hacker  
Fax: (212) 277-4001

Any notice given as aforesaid will be deemed to have been given at the time delivered or faxed (provided complete transmission is confirmed) if delivered or faxed to the recipient on a Business Day (in the city in which the addressee is located) and before 4:30 p.m. (local time in the city in which the addressee is located) on such Business Day, and otherwise will be deemed to be given at 9:00 a.m. (local time in the city in which the addressee is located) on the next following Business Day (in the city in which the

addressee is located). Any party may change its address for notice by notice to the other parties hereto given in the manner herein provided.

**7.5 Non-Merger**

Except as otherwise expressly provided in this Agreement, the covenants, representations and warranties will not merge on and will survive the Closing and, notwithstanding such Closing and any investigation made by or on behalf of any party, will continue in full force and effect. Subject to Section 3.5 and the terms of the Indemnity Agreement, Closing will not prejudice any right of one party against any other party in respect of anything done or omitted under this Agreement or in respect of any right to Damages or other remedies.

**7.6 Governing Law; Consent to Jurisdiction**

This Agreement shall be governed by and construed in accordance with the domestic laws of the State of New York without giving effect to any choice or conflict of laws provision or rule that would cause the application of the laws of any jurisdiction other than the State of New York. Subject to the terms of the Indemnity Agreement, each of the parties hereto irrevocably and unconditionally submits to the exclusive jurisdiction of the courts of the State of New York and of the United States of America located in the State of New York for any litigation arising out of or relating to this Agreement and the transactions contemplated hereby (and agrees not to commence any litigation relating thereto except in such courts), waives any objection to the laying of venue of any such litigation in such courts and agrees not to plead or claim that such litigation brought therein has been brought in an inconvenient forum.

**7.7 Goodmans LLP and Goodwin Procter LLP Acting for More Than One Party**

Each of the parties to this Agreement has been advised and acknowledges that each of Goodmans LLP and Goodwin Procter LLP is acting as counsel to and jointly representing the Issuer, Buyer and Seller (each a "Client" and, collectively, "Clients") and, in this role, information disclosed to Goodmans LLP and/or Goodwin Procter LLP by one Client will not be kept confidential and will be disclosed to all Clients and each of the parties consents to Goodmans LLP and Goodwin Procter LLP so acting. In addition, should a conflict arise between any Clients, Goodmans LLP and Goodwin Procter LLP may not be able to continue to act for any of such Clients.

**7.8 Time of Essence**

Time is of the essence of this Agreement.

**7.9 Entire Agreement**

This Agreement and the other agreements contemplated hereby constitute the entire agreement between the parties pertaining to the subject matter hereof. There are no warranties, conditions, or representations (including any that may be implied by statute) and there are no agreements in connection with such subject matter except as specifically set forth or referred to in this Agreement and such other agreements or as otherwise set out in writing and delivered at Closing. No reliance is placed on any warranty, representation, opinion, advice or assertion of fact made by any party hereto or its directors, managers, officers, employees or agents, to any other party hereto or its directors, managers, officers, employees or agents, except to the extent that the same has been reduced to writing and included as a term of this Agreement or such other agreements. Accordingly, there will be no liability, either in tort or in contract, assessed in relation to any such warranty, representation, opinion, advice or assertion of fact, except to the extent aforesaid.

**7.10 Counterparts**

This Agreement may be executed in any number of counterparts, each of which will be deemed to be an original and all of which taken together will be deemed to constitute one and the same instrument. Counterparts may be executed either in original, faxed or electronic form and the parties adopt any signatures received by a receiving fax machine or other means of electronic communication as original signatures of the parties; provided, however, that any party providing its signature in such manner will promptly forward to the other parties an original of the signed copy of this Agreement which was so delivered.

**7.11 Further Assurances**

Each of the parties hereto will promptly do, make, execute or deliver, or cause to be done, made, executed or delivered, all such further acts, documents and things as the other parties hereto may reasonably require from time to time for the purpose of giving effect to this Agreement and will use reasonable efforts and take all such steps as may be reasonably within its power to implement to their full extent the provisions of this Agreement.

**7.12 Public Announcements**

All media contacts and public announcements by the parties hereto or their affiliates regarding the matters covered by this Agreement shall be mutually agreed upon by the parties hereto. Notwithstanding the foregoing, the parties hereto and their affiliates may make such public announcements, reports, filings and disclosures concerning this Agreement and the businesses of the Issuer as may be required by applicable Securities Laws or by the rules of or any agreement with the United States Securities and Exchange Commission, the New York Stock Exchange, Inc., the Nasdaq Stock Market, any Securities Commission or the Toronto Stock Exchange, provided that such disclosing party or affiliate shall use reasonable efforts to consult with the other parties regarding the nature and contents of the contemplated disclosure.

**7.13 Cooperation with Respect to Government Filings and Reports**

The Issuer, Buyer and Seller each agree to provide the other parties (without cost to such other parties) with access during reasonable business hours and for a reasonable business purpose and such cooperation and information, including, but not limited to, all records, books, contracts, instruments, computer data and other data, including all historical financial and Tax information, and personnel with relevant Knowledge of such information, as may be reasonably requested by the other in connection with the preparation or filing of any government report or other government filing, contemplated by this Agreement or required by applicable Law. Such cooperation and information shall include, without limitation, promptly forwarding copies of appropriate notices and forms or other communications received from or sent to any government authority to the appropriate party. Each party shall make its employees and facilities available during normal business hours and on reasonable prior notice and shall provide explanation of any documents or information provided hereunder.

**[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]**

**IN WITNESS WHEREOF** the parties hereto have caused this Agreement to be duly executed as of the date first written above.

## ACQUISITION AGREEMENT

THIS AGREEMENT is made as of the 10<sup>th</sup> day of November, 2004.

B E T W E E N:

**ATLANTIC POWER CORPORATION**, a corporation existing under the laws of the Province of Ontario,

(the "Issuer")

- and -

**ATLANTIC POWER HOLDINGS, LLC**, a limited liability company existing under the laws of the State of Delaware,

("Buyer")

- and -

**UMATILLA POWER HOLDINGS, LLC**, a limited liability company existing under the laws of the State of Delaware.

("Seller")

### RECITALS:

A. The Issuer intends to complete an offering (the "Offering") of income participating securities ("IPSS") to the public under the Prospectus (as defined herein) filed with the securities regulatory authorities in each of the provinces and territories of Canada.

B. The Issuer will use the net proceeds of the Offering (after deducting certain fees and expenses of the Offering payable by the Issuer), together with net proceeds of approximately Cdn\$35,400,000 from the sale of the Separate Subordinated Notes (as defined herein), to subscribe for 32,000,000 common membership interests and 38,329,287 Class A preferred membership interests in Buyer.

C. Buyer will in turn use a portion of the proceeds from the subscription for membership interests by the Issuer (net of any costs and expenses incurred by Buyer), together with common membership interests and Class B preferred membership interests to be issued by it, as provided herein, to acquire all of the issued and outstanding membership interests in Umatilla Power Funding, LLC (the "Company") from Seller under and subject to the terms and conditions of this Agreement.

D. The Underwriting Agreement (as defined herein) provides that, as a condition to the completion of the Offering, the Issuer, Buyer and Seller enter into this Agreement.

**NOW THEREFORE** in consideration of the mutual covenants and agreements contained in this Agreement and other good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged by each of the parties), the parties hereto agree as follows:

**ARTICLE I  
INTERPRETATION**

**1.1 Definitions**

In this Agreement:

- (a) **“Acquisition Agreements”** means the Epsilon Acquisition Agreement, the Teton Acquisition Agreement and this Agreement;
- (b) **“affiliate”** has the meaning attributed thereto in Rule 12b-2 of the regulations promulgated under the Securities Exchange Act;
- (c) **“Affiliated Group”** means any affiliated group within the meaning of Code §1504(a) or any similar group defined under a similar provision of state, local or foreign law;
- (d) **“Agreement”**, **“hereto”**, **“herein”**, **“hereby”**, **“hereunder”**, **“hereof”**, and similar expressions refer to this Acquisition Agreement and not to any particular article, section, subsection, clause, subdivision or other portion hereof, as it may be amended, modified or restated in accordance with the terms hereof, and include any and every instrument supplemental or ancillary hereto;
- (e) **“Ancillary Agreements”** means the Indenture (including the guarantees and pledges contemplated thereby), the Credit Facility, the Underwriting Agreement, the Epsilon Acquisition Agreement, the Teton Acquisition Agreement, the Indemnity Agreement, the Operating Agreement and the Management Agreement;
- (f) **“Business”** means the business of the Company consisting of the ownership of the beneficial interest in the Trust Estate;
- (g) **“Business Day”** means any day other than a Saturday, Sunday and any day on which banking institutions in the State of New York and the Province of Ontario are authorized by law or other governmental action to close;
- (h) **“Capital Lease”** means a lease with respect to which the lessee is required concurrently to recognize the acquisition of an asset and the incurrence of a liability in accordance with GAAP;
- (i) **“Capital Lease Obligation”** means, with respect to any Person and a Capital Lease, the amount of the obligation of such Person as the lessee under such Capital Lease which would, in accordance with GAAP, appear as a liability on a balance sheet of such Person;
- (j) **“Cash Purchase Price”** has the meaning attributed to such term in Section 2.3(i);
- (k) **“Closing”** means the completion of the transaction of purchase and sale contemplated in Article 2;
- (l) **“Closing Time”** means 8:00 a.m. (Toronto time) on the Date of Closing or such other time on such date as may be agreed upon in writing by the parties;
- (m) **“Code”** means the *Internal Revenue Code of 1986*, as amended;

- (n) “**Credit Facility**” means the credit facility to be provided by an affiliate of BMO Nesbitt Burns Inc. to Buyer on closing of the Offering in the aggregate amount of \$50 million;
- (o) “**Damages**” means any damages, losses, expenses or claims suffered by, imposed upon or asserted against any Person under the Securities Laws, other Laws, at common law or otherwise, together with the expenses incurred in connection with same, such amount being correspondingly reduced by: (i) any insurance proceeds that are paid to the Person in respect of the same claim; and (ii) the present value of the net Tax benefit, if any, that is available to such party in the current or any future Tax period as a result of the payment of Damages;
- (p) “**Date of Closing**” means the date on which the completion of the Offering occurs;
- (q) “**Disclosure Letter**” means the letter dated the date of this Agreement from Seller to the applicable parties hereto in respect of the representations and warranties set forth in Section 3.3;
- (r) “**Epsilon Acquisition Agreement**” means the agreement of even date herewith among the Issuer, Buyer and Epsilon Holdings respecting, among other things, the acquisition by Buyer of Epsilon Power Funding, LLC;
- (s) “**Epsilon Holdings**” means Epsilon Power Holdings, LLC;
- (t) “**Facility**” means the gas-fired cogeneration facility located in Umatilla, Florida described in the Trust Agreement and forming part of the Trust Estate;
- (u) “**Fund I**” means ArcLight Energy Partners Fund I, L.P.;
- (v) “**Governmental Entity**” means any: (i) multinational, federal, provincial, state, municipal, local or other governmental or public department, regulatory or administrative authority, central bank, court, commission, board, bureau, agency or instrumentality, domestic or foreign; (ii) any subdivision or authority of any of the foregoing; (iii) any quasi-governmental, self-regulatory organization or private body exercising any regulatory, expropriation or taxing authority under or for the account of its members or any of the above; or (iv) any arbitrator exercising jurisdiction over the affairs of the applicable Person, asset, obligation or other matter;
- (w) “**Hart-Scott-Rodino Act**” means the *Hart-Scott-Rodino Antitrust Improvements Act of 1976*, as amended;
- (x) “**Indebtedness**” means, with respect to any Person, without duplication:
  - (i) its liabilities for borrowed money;
  - (ii) its liabilities for the deferred purchase price of property acquired by such Person (excluding accounts payable arising in the ordinary course of business but including, without limitation, all liabilities created or arising under any conditional sale or other title retention agreement with respect to any such property);
  - (iii) its Capital Lease Obligations;

- (iv) all liabilities for borrowed money secured by any Lien with respect to any property owned by such Person (whether or not it has assumed or otherwise become liable for such liabilities); and
- (v) any guaranty of such Person with respect to liabilities of a type described in any of clauses (i) through (iv) hereof;
- (y) **"Indemnity Agreement"** means the agreement to be entered into as of the date hereof among Seller, Epsilon Holdings, Teton Holdings, the Issuer and Buyer setting out various rights and obligations of such parties relating to indemnification in respect of the Acquisition Agreements;
- (z) **"Indenture"** means the Subordinated Note Indenture between the Issuer and Computershare Trust Company of Canada to be entered into on closing of the Offering;
- (aa) **"Interim Period"** means the period between the close of business on the date of this Agreement and the Closing;
- (bb) **"Knowledge"** of any Person means the actual knowledge of the officers of that Person charged with responsibility for the particular function, after reasonable inquiry by them of those parties whom they believe, in good faith, to be the Persons responsible for the subject matter of the inquiry;
- (cc) **"Laws"** means any and all laws, including all federal, state, provincial and local statutes, codes, ordinances, decrees, rules, regulations and municipal by-laws and all judicial, arbitral, administrative, ministerial, departmental or regulatory judgments, orders, decisions, rulings or awards or other requirements of any other Governmental Entity, binding on or affecting the Person referred to in the context in which the term was used;
- (dd) **"Lien"** means any mortgage, pledge, lien, security interest, easement, encumbrance or other adverse claim;
- (ee) **"Litigation"** means an action, suit, claim, proceeding or investigation, at law or in equity, before any Governmental Entity, by any Person;
- (ff) **"Management Agreement"** means the management agreement to be entered into on or prior to closing of the Offering between Atlantic Power Management, LLC, the Issuer and Buyer, as it may be amended, supplemented and restated from time to time;
- (gg) **"Manager"** means Atlantic Power Management, LLC;
- (hh) **"Material Adverse Effect"** or **"Material Adverse Change"** means any effect or change that would be materially adverse to the Business, operations, assets or financial condition of the Company as currently owned and operated or as contemplated to be owned and operated following completion of the purchase of the Purchased Membership Interests by Buyer hereunder (as described in the Prospectus), or on the ability of Seller to consummate the transactions contemplated hereby;
- (ii) **"Material Contracts"** has the meaning attributed to such term in Section 3.3.2.7;
- (jj) **"Operating Agreement"** means the operating agreement in respect of Buyer to be entered into among the Issuer, Buyer, Seller, Epsilon Holdings and Teton Holdings on closing of the Offering;

- (kk) **“Operative Documents”** has the meaning attributed to such term in the Participation Agreement;
- (ll) **“Ordinary Course”** means, with respect to an action taken by a Person, that such action constitutes an ordinary course business activity of the Person consistent with the Person’s past custom and practices (including with respect to quantity and frequency);
- (mm) **“Owner Trustee”** means The Bank of New York, as successor-in-interest to NationsBank of Florida, National Association (formerly known as The Citizens and Southern National Bank of Florida);
- (nn) **“Participation Agreement”** means the agreement, dated as of July 29, 1992, among Lake Cogen, Ltd., the Owner Trustee, the Company (formerly TIFD III-C LLC) and GE Structured Finance, Inc., as amended by Amendment No. 1, dated as of August 16, 1993, Amendment No. 2, dated as of June 13, 1994, Amendment No. 3, dated June 4, 1997, the Omnibus Waiver, Consent and Amendment Agreement, dated as of September 3, 2003, the Consent and Amendment Agreement dated as of January 21, 2004, the Consent and Amendment Agreement (Sale), dated as of March 11, 2004, the First Amendment to Consent and Amendment Agreement, dated as of May 25, 2004 and by the Consent and Amendment Agreement (New Lake Option) dated as of June 18, 2004;
- (oo) **“Permitted Encumbrances”** means, as to any Person, (i) statutory Liens on the property of such Person for Taxes and other governmental charges not yet due or delinquent or, to the extent set forth in the Disclosure Letter, which are being contested in good faith, (ii) mechanics’, carriers’, workers’, warehouse and other similar Liens on the property of such Person arising in the Ordinary Course relating to obligations as to which such Person is not in default and provided that such Liens, in the aggregate, would not be reasonably likely to materially and adversely affect such Person, (iii) zoning, entitlement, conservation restriction and other land use and environmental regulations by Governmental Entities as to which such Person is not in default, (iv) imperfections in title, and similar charges, easements and restrictions which, in the aggregate, would not be reasonably likely to materially impair the use of the property of such Person in the operation of such Person’s business, and (v) Liens disclosed in, created by or arising by reason of this Agreement, the Ancillary Agreements, the transactions contemplated hereby and thereby, or the Material Contracts;
- (pp) **“Person”** means an individual, a partnership, a corporation, a limited liability company, an association, a joint stock company, a trust, a joint venture, an unincorporated organization, or any other business entity or a Governmental Entity (or any department, agency or political subdivision thereof);
- (qq) **“Prospectus”** means the final prospectus of the Issuer dated the date hereof and filed with the securities commissions or other regulatory authorities in the Qualifying Jurisdictions in connection with the Offering;
- (rr) **“Purchase Price”** has the meaning attributed to such term in Section 2.2;
- (ss) **“Purchased Membership Interests”** means all of the issued and outstanding limited liability company membership interests in the Company;
- (tt) **“Qualifying Jurisdictions”** means, collectively, each of the provinces and territories of Canada;

- (uu) **“Required Consents”** means the consents listed in Section 3.3.1.3 of the Disclosure Letter;
- (vv) **“ROFO Agreement”** means the agreement to be entered into between Buyer and Fund I providing for certain rights of first offer for Buyer, as contemplated in the Prospectus;
- (ww) **“Securities Commission”** means the applicable securities commission or other regulatory authority in each of the Qualifying Jurisdictions;
- (xx) **“Securities Exchange Act”** means the *Securities Exchange Act of 1934*, as amended;
- (yy) **“Securities Laws”** means, collectively, the applicable securities laws of each of the Qualifying Jurisdictions and the respective regulations and rules made under those securities laws, together with all applicable policy statements, blanket orders and rulings of the Securities Commissions and all discretionary orders or rulings, if any, of the Securities Commissions made in connection with the transactions contemplated by the Underwriting Agreement and the securities legislation and policies of each other applicable jurisdiction (including the United States);
- (zz) **“Separate Subordinated Notes”** means the Cdn\$36,501,000 principal amount of 11% subordinated notes of the Issuer issued in accordance with the Indenture and to be sold separately at the time of closing of the Offering;
- (aaa) **“Tax”** means any federal, state, local or foreign income, gross receipts, license, payroll, employment, excise, severance, stamp, occupation, premium, windfall profits, environmental (including taxes under Code §59A), customs duties, capital stock, franchise, profits, withholding, social security (or similar), unemployment, disability, real property, personal property, sales, use, transfer, registrations, value added, alternative or add-on minimum, estimated, or other tax of any kind whatsoever, including any interest, penalty or addition thereto, whether disputed or not;
- (bbb) **“Teton Acquisition Agreement”** means the agreement of even date herewith among the Issuer, Buyer and Teton Holdings respecting, among other things, the acquisition by Buyer of Teton Power Funding, LLC;
- (ccc) **“Teton Holdings”** means Teton Power Holdings, LLC;
- (ddd) **“Trust Agreement”** means the agreement dated as of July 29, 1992 (as amended and as it may be further amended, modified or supplemented from time to time) between the Company (formerly TIFD III-C LLC) and the Owner Trustee, as trustee;
- (eee) **“Trust Estate”** has the meaning attributed to such term in the Trust Agreement and includes the Facility;
- (fff) **“Underwriters”** means the underwriters of the Offering; and
- (ggg) **“Underwriting Agreement”** means the underwriting agreement entered into by and among the Issuer, Buyer, Seller, Epsilon Holdings, Teton Holdings and the Underwriters in connection with the Offering.

Capitalized terms used but not defined in this Agreement have the meanings given to them in the Prospectus.

## **1.2 Headings**

The division of this Agreement into articles and sections and the insertion of headings are for the convenience of reference only and will not affect the construction or interpretation of this Agreement. Unless something in the subject matter or context is inconsistent therewith, references herein to “Articles” or “Sections” are to articles or sections of this Agreement.

## **1.3 Gender and Number**

In this Agreement, words importing the singular number only will include the plural and vice versa, words importing the masculine gender will include the feminine and neuter genders and vice versa and words importing persons will include individuals, partnerships, associations, trusts, unincorporated organizations, limited liability companies and corporations.

## **1.4 Currency**

Except where otherwise expressly provided, all payments contemplated herein will be paid in U.S. funds, and all references herein to dollar amounts are references to dollars in the lawful currency of the United States of America.

## **1.5 Day Not a Business Day**

In the event that any day on or before which any action is required to be taken hereunder is not a Business Day, then such action will be required to be taken on or before the requisite time on the next succeeding day that is a Business Day.

## **1.6 Accounting Principles**

Unless otherwise indicated, all references to GAAP in this Agreement are to United States generally accepted accounting principles. Such references will be deemed to be to the requirements at the relevant time of the Financial Accounting Standards Board, or any successor accounting body, applicable on a consolidated basis (unless otherwise specifically provided or contemplated herein to be applicable on an unconsolidated basis) as at the date on which such calculation is made or required to be made in accordance with generally accepted accounting principles. Where the character or amount of any asset or liability or item of revenue or expense or amount of equity is required to be determined, or any consolidation or other accounting computation is required to be made for the purpose of this Agreement, such determination or calculation will, to the extent applicable and except as otherwise specified herein or as otherwise agreed to in writing by the parties, be made in accordance with generally accepted accounting principles applied on a consistent basis.

## **1.7 Waiver, Amendment**

Except as expressly provided in this Agreement, no amendment or waiver of this Agreement will be binding unless executed in writing by the party to be bound thereby. No waiver of any provision of this Agreement will constitute a waiver of any other provision nor will any waiver of any provision of this Agreement constitute a continuing waiver unless otherwise expressly provided.

## **1.8 Construction**

The words “including” and “includes” where used in this Agreement will be deemed to mean “including, without limitation” and “includes, without limitation”, respectively.

**ARTICLE 2**  
**PURCHASE AND SALE OF THE PURCHASED MEMBERSHIP INTERESTS**

**2.1 Purchase and Sale**

Subject to the terms and conditions of this Agreement, at the Closing Time, Seller shall sell to Buyer, and Buyer shall purchase from Seller, the Purchased Membership Interests.

**2.2 Purchase Price**

The consideration to be paid by Buyer for the Purchased Membership Interests shall be \$122,412,374 (the "**Purchase Price**"). The Purchase Price is subject to adjustment by the board of directors of the Issuer based on the actual fees and expenses incurred in connection with the Offering and related transactions. The Purchase Price set forth herein assumes total expenses of \$1,476,163 and Cdn\$4,414,318.

**2.3 Satisfaction of Purchase Price**

The Purchase Price shall be paid and satisfied at the Closing Time by, or on behalf of, Buyer as follows:

- (i) by wire transfer of immediately available funds in an amount equal to \$32,770,173 (the "**Cash Purchase Price**") as directed by Seller; and
- (ii) by the issuance of 10,826,985 common membership interests and 10,826,985 Class B preferred membership interests in Buyer to Seller or as may otherwise be directed by Seller in writing.

**2.4 Tax Treatment; Allocation**

To the extent made for the consideration described in Section 2.3(ii), the transfer of the Purchased Membership Interests shall be treated for U.S. federal income tax purposes as a tax-deferred contribution described in Section 721(a) of the Code. Within a reasonable period of time after the Closing, Seller shall prepare an allocation of the Cash Purchase Price (including for these purposes any direct or indirect assumption or repayment of Indebtedness by Buyer that is treated as consideration realized by Seller for U.S. federal income tax purposes) among the assets of the Company. Such allocation shall be prepared by Seller in a manner that is consistent with any applicable provisions of the Code and U.S. Treasury Regulations. Provided that the allocation is prepared in accordance with this Section 2.4 and absent manifest error, it shall be binding upon the parties hereto and shall be used by them for all relevant Tax purposes, and no party shall take any position inconsistent with such allocation for any Tax purpose.

**ARTICLE 3**  
**REPRESENTATIONS AND WARRANTIES**

**3.1 Representations and Warranties of the Issuer**

The Issuer represents and warrants to Seller as follows and acknowledges that Seller is relying upon the following representations and warranties in completing the transactions contemplated hereby:

- 3.1.1 Incorporation and Status.** The Issuer is a corporation duly incorporated and existing under the laws of the Province of Ontario. The Issuer is duly qualified to carry on its

business in each jurisdiction in which the conduct of its business or the ownership, leasing or operation of its property and assets requires such qualification, except to the extent that any failure to be so qualified, either individually or in the aggregate, would not have a Material Adverse Effect.

**3.1.2 Corporate Power and Due Authorization.** The Issuer has the power and capacity to enter into and perform its obligations under this Agreement and the Ancillary Agreements to which it is a party and to carry out the transactions contemplated in the Prospectus. Each of this Agreement and the Ancillary Agreements to which it is a party has been, or will at the Closing Time be, duly authorized, executed and delivered by the Issuer and is, or will at the Closing Time be, a legal, valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms, subject to exceptions as to applicable bankruptcy, insolvency and similar laws and the availability of equitable remedies.

**3.1.3 No Approvals.** No consent, approval, authorization or order of, and no filing, registration or recording with, any Governmental Entity or third party is required in connection with the execution and delivery by the Issuer of this Agreement and the Ancillary Agreements to which it is a party, or the performance by the Issuer of its obligations hereunder and thereunder and the consummation by the Issuer of the transactions contemplated herein and therein except such as have been made or obtained or those that are not required to be made or obtained until after the Closing.

**3.1.4 No Contravention.** The execution and delivery by the Issuer of this Agreement and the Ancillary Agreements to which it is a party, the performance by the Issuer of its obligations hereunder and thereunder and compliance by the Issuer with the other provisions hereof and thereof does not and will not contravene, breach or result in any default under its organizational documents or under any mortgage, indenture, lease, agreement, other legally binding instrument, licence, permit, statute, regulation, order, judgment, decree or Law to which the Issuer is a party or by which it is bound.

**3.1.5 Residence of the Issuer.** The Issuer is not a non-resident of Canada within the meaning of the *Income Tax Act* (Canada), as amended.

## **3.2 Representations and Warranties of Buyer**

Buyer represents and warrants to Seller as follows and acknowledges that Seller is relying upon the following representations and warranties in completing the transactions contemplated hereby:

**3.2.1 Organization and Status.** Buyer is a limited liability company duly organized, validly existing and in good standing under the laws of the State of Delaware. Buyer is duly qualified to carry on its business in each jurisdiction in which the conduct of its business or the ownership, leasing or operation of its property and assets requires such qualification, except to the extent that any failure to be so qualified, either individually or in the aggregate, would not have a Material Adverse Effect.

**3.2.2 Power of Buyer and Due Authorization.** Buyer has the power and authority to enter into and perform its obligations under this Agreement and the Ancillary Agreements to which it is a party and to carry out the transactions contemplated in the Prospectus. Each of this Agreement and the Ancillary Agreements to which it is a party has been, or will at the Closing Time be, duly authorized, executed and delivered by Buyer and is, or will at the Closing Time be, a legal, valid and binding obligation of Buyer, enforceable against

Buyer in accordance with its terms, subject to exceptions as to applicable bankruptcy, insolvency and similar laws and the availability of equitable remedies.

**3.2.3 No Approvals.** No consent, approval, authorization or order of, and no filing, registration or recording with, any Governmental Entity or third party is required in connection with the execution and delivery by Buyer of this Agreement and the Ancillary Agreements to which it is a party, or the performance by Buyer of its obligations hereunder and thereunder and the consummation by Buyer of the transactions contemplated herein and therein except such as have been made or obtained or those that are not required to be made or obtained until after the Closing.

**3.2.4 No Contravention.** Neither the execution and the delivery of this Agreement and the Ancillary Agreements to which Buyer is a party, nor the consummation by Buyer of the transactions contemplated hereby and thereby, will (i) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge or other restriction of any Governmental Entity to which Buyer is subject, or any provision of its organizational documents, (ii) conflict with, result in a breach of, constitute a default under, result in the acceleration of, create in any party the right to accelerate, terminate, modify or cancel, or require any notice under any agreement, contract, lease, license, instrument or other arrangement to which Buyer is a party or by which it is bound or to which any of its assets is subject, or (iii) result in the imposition or creation of any Lien upon or with respect to the membership interests in the Company (other than rights of Buyer in connection with Buyer's purchase of the Purchased Membership Interests, under the Credit Facility and under the Indenture and related guarantees).

### **3.3 Representations and Warranties of Seller**

Seller represents and warrants to the Issuer and Buyer that the statements contained in this Section 3.3 are correct and complete as of the date of this Agreement, except as set forth in the Disclosure Letter. Items disclosed in one particular section of the Disclosure Letter shall be deemed to be constructively disclosed or listed in other sections of the Disclosure Letter to the extent that it is reasonably apparent that the disclosure relates to such other sections. The fact that any item of information is contained in the Disclosure Letter shall not be construed as an admission of liability under any applicable Law, or to mean that such information is material. Such information shall not be used as a basis for interpreting the term "material", "materially" or "Material Adverse Effect", or any similar qualification in this Agreement.

**3.3.1 Representations and Warranties of Seller with respect to Seller.** Seller represents and warrants to the Issuer and Buyer as follows and acknowledges that each of the Issuer and Buyer is relying upon the following representations and warranties in completing the transactions contemplated hereby:

**3.3.1.1 Organization and Status.** Seller is a limited liability company duly formed, validly existing and in good standing under the laws of the State of Delaware. Seller has full limited liability company power and authority to carry on its business as presently conducted.

**3.3.1.2 Power of Seller and Due Authorization.** Seller has full power and authority (including full limited liability company power and authority) to enter into and perform its obligations under this Agreement and the Ancillary Agreements to which Seller is a party and to carry out the transactions contemplated in the Prospectus. Each of this Agreement and the Ancillary Agreements to which it is a party has been, or will at the Closing Time be,

duly authorized, executed and delivered by Seller and is, or will at the Closing Time be, a legal, valid and binding obligation of Seller, enforceable against Seller in accordance with its terms, subject to exceptions as to applicable bankruptcy, insolvency and similar laws and the availability of equitable remedies.

- 3.3.1.3 No Approvals.** Except as set forth in Section 3.3.1.3 of the Disclosure Letter, no consent, approval, authorization or order of, and no filing, registration or recording with, any Governmental Entity or third party is required in connection with the execution and delivery by Seller of this Agreement and the Ancillary Agreements to which it is a party, or the performance by Seller of its obligations hereunder and thereunder and the consummation by Seller of the transactions contemplated herein and therein. All of the consents, approvals, authorizations, orders, filings, registrations and recordings set out in Section 3.3.1.3 of the Disclosure Letter required to be made or obtained prior to the Closing Time have been, or will at the Closing Time have been, made or obtained.
- 3.3.1.4 No Contravention.** Neither the execution and the delivery of this Agreement and the Ancillary Agreements to which Seller is a party, nor the consummation of the transactions contemplated hereby and thereby, will (i) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge or other restriction of any Governmental Entity to which Seller is subject, or any provision of its organizational documents, (ii) conflict with, result in a breach of, constitute a default under, result in the acceleration of, create in any party the right to accelerate, terminate, modify or cancel, or require any notice under any agreement, contract, lease, license, instrument or other arrangement to which Seller is a party or by which it is bound or to which any of its assets is subject except, in the case of requiring a notice, where failure to provide such notice would not have a Material Adverse Effect, or (iii) result in the imposition or creation of any Lien upon or with respect to the membership interests in the Company (other than Liens created by or arising by reason of this Agreement or the transactions contemplated hereby).
- 3.3.1.5 Title to Company Membership Interests.** Seller holds of record and owns beneficially all of the issued and outstanding membership interests in the Company free and clear of any restrictions on transfer (other than restrictions under the Securities Exchange Act and state securities laws), Liens, options, warrants, purchase rights, contracts, commitments, equities, claims and demands (other than Buyer's rights hereunder). Seller is not a party to any option, warrant, purchase right or other contract or commitment that could require Seller to sell, transfer or otherwise dispose of any membership interests of the Company (other than this Agreement). Seller is not a party to any stockholder agreement, member agreement, operating agreement, voting trust, proxy or other agreement or understanding with respect to the membership interests of the Company.
- 3.3.1.6 Bankruptcy; Insolvency.** Seller is not insolvent and has not taken any action with respect to, nor, to Seller's Knowledge, has any other action been taken or any action commenced for, its winding-up, bankruptcy, insolvency, dissolution, administration or reorganization or for the appointment of a

receiver, administrator, trustee or similar officer of it or the membership interests in the Company or any other asset, in any jurisdiction.

**3.3.1.7 Prospectus Disclosure.** To the Knowledge of Seller, the Prospectus does not contain a misrepresentation (as that term is defined in Section 1(1) of the *Securities Act* (Ontario), as amended).

**3.3.2 Representations and Warranties of Seller with Respect to the Company, the Owner Trustee and the Trust Estate.** Seller represents and warrants to the Issuer and Buyer as follows and acknowledges that each of the Issuer and Buyer is relying upon the following representations and warranties in completing the transactions contemplated hereby:

**3.3.2.1 Organization and Status.** The Company is a limited liability company duly formed, validly existing and in good standing under the laws of the State of Delaware. The Company has full limited liability company power and authority to own, lease and operate its properties and to carry on the Business as presently conducted. Seller has made available to the Issuer and Buyer complete and correct copies of the organizational documents of the Company. The Company is duly authorized to conduct business and is in good standing under the laws of each jurisdiction where such qualification is required, except where the lack of such qualification would not, individually or in the aggregate, have a Material Adverse Effect.

**3.3.2.2 Capitalization of Company.** As of the date of this Agreement, Seller is the sole member of the Company. There are no outstanding profit participation or similar rights with respect to the Company. There are no options, warrants or other securities exchangeable or exercisable for, or convertible into, membership interests of the Company, and no Person has any agreement or option, or right or privilege (whether pre-emptive or contractual) capable of becoming an agreement or option, for the purchase or acquisition of any membership interests of the Company.

**3.3.2.3 No Contravention.** Neither the execution and the delivery of this Agreement and the Ancillary Agreements to which Seller and/or the Company is a party, nor the consummation of the transactions contemplated hereby and thereby, will (i) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge or other restriction of any Governmental Entity to which the Company or, to Seller's Knowledge, the Owner Trustee or the Trust Estate, is subject, or any provision of the organizational documents of the Company, (ii) conflict with, result in a breach of, constitute a default under, result in the acceleration of, create in any party the right to accelerate, terminate, modify or cancel, or require any notice under any agreement, contract, lease, license, instrument or other arrangement to which the Company or, to Seller's Knowledge, the Owner Trustee, is a party or by which it is bound or to which any of its assets or the Trust Estate is subject except where the conflict, breach, default, acceleration, termination, modification, cancellation or notice would not, individually or in the aggregate, have a Material Adverse Effect, or (iii) result in the imposition of any Lien upon or with respect to any property of the Company or, to Seller's Knowledge, the Trust Estate, (other than Liens created by or arising by reason of this Agreement or the transactions contemplated hereby).

- 3.3.2.4 Company Subsidiaries.** The Company does not have any subsidiaries and does not own any shares of capital stock, limited liability company or partnership interests or other equity interests in any other Person.
- 3.3.2.5 Events Subsequent to June 30, 2004.** Except as disclosed in the Prospectus, since June 30, 2004, (i) other than in connection with the transactions contemplated by this Agreement or as disclosed in the Prospectus, the Company has conducted the Business in the Ordinary Course, and (ii) there has been no Material Adverse Change.
- 3.3.2.6 Legal Compliance.** Each of the Company and, to Seller's Knowledge, the Owner Trustee, has complied with all Laws except where non-compliance would not, individually or in the aggregate, result in a Material Adverse Effect. This Section 3.3.2.6 does not relate to Tax matters related to the Company, which are instead the subject of Section 3.3.3 or to employee benefits matters related to the Company, which are instead the subject of Section 3.3.2.9.
- 3.3.2.7 Business of the Company.** The Company has not engaged in any business or activity other than ownership of the beneficial interest in the Trust Estate, and has not incurred any liability or obligation, contingent or otherwise, except for liabilities (i) based solely on obligations with respect to ownership of the beneficial interest in the Trust Estate, and (ii) arising under or in connection with the contracts, guaranties, letters of credit, agreements and arrangements set forth in Section 3.3.2.7 of the Disclosure Letter (collectively, the "Material Contracts"). Seller has made available to the Issuer and Buyer a correct and complete copy of (i) each Material Contract (including any amendments thereto), and (ii) all written waivers and written notices of material breaches of or material defaults under any Material Contract and none of such breaches or defaults would, individually or in the aggregate, have a Material Adverse Effect. To Seller's Knowledge, there are no contracts, guaranties, letters of credit, agreements or arrangements to which the Company or the Owner Trustee is a party other than the Material Contracts.
- 3.3.2.8 Litigation.** There is no Litigation pending or, to Seller's Knowledge, threatened against, the Company which would be reasonably expected to, individually or in the aggregate, cause a Material Adverse Effect. To Seller's Knowledge, there is no Litigation pending or threatened against the Owner Trustee or the Trust Estate which would be reasonably expected to, individually or in the aggregate, cause a Material Adverse Effect or a material adverse effect on the Company, the Owner Trustee or the Trust Estate.
- 3.3.2.9 Labor Matters and Employee Benefits.** The Company has no employees.
- 3.3.2.10 Related Party Transactions.** Except as contemplated or disclosed in the Prospectus, neither Seller nor any affiliate of Seller (other than the Company) is or has been involved in any material business arrangement or relationship with the Company within the last 12 months or which will come into effect or continue following Closing, and neither Seller nor any affiliate of Seller (other than the Company) owns any material asset, tangible or intangible, which is used in the business of the Company.

- 3.3.2.11 Approvals.** The Company holds, or will hold at the Closing Time, all permits, licences, consents, authorizations and approvals which are required from any Governmental Entity or any other Person required or necessary to conduct the Business in all material respects as currently conducted or as the Prospectus discloses it will be conducted except to the extent that the failure to hold or obtain, individually or in the aggregate, would not have a Material Adverse Effect.
- 3.3.2.12 Force Majeure.** Except as disclosed in the Prospectus, no material event of force majeure (as defined in the applicable Material Contract) has occurred and is continuing under any Material Contract to which the Company or, to the Knowledge of Seller, the Owner Trustee, is a party.
- 3.3.2.13 Business of Owner Trustee.** Except as required or permitted by the terms of the Trust Agreement, the Participation Agreement and the other Operative Documents and, to Seller's Knowledge, the Owner Trustee has not (i) managed, controlled, used, leveraged, sold, disposed of, or created, or taken any action that could result in, a Lien on or otherwise dealt with the Facility or any other part of the Trust Estate, (ii) incurred any liability or obligation, contingent or otherwise, or (iii) incurred any liability, contingent or otherwise, in respect of any Indebtedness.
- 3.3.2.14 Ownership.** The Company is the beneficial owner of the Trust Estate and, to Seller's Knowledge, the Owner Trustee owns and has good and valid title to the Trust Estate, free and clear of any Liens, options, warrants, purchase rights, contracts, commitments, claims and demands.
- 3.3.2.15 The Trust Agreement.** No event has occurred and no written notice has been given or received by Seller, the Company or, to the Knowledge of Seller, the Owner Trustee, which would result in the termination of the Trust Agreement, the Participation Agreement and the other Operative Documents, nor will the Trust Agreement, the Participation Agreement and the other Operative Documents terminate nor will there be any default under the Trust Agreement, the Participation Agreement and the other Operative Documents solely as a result of the consummation of the transactions contemplated by this Agreement and the Ancillary Agreements.
- 3.3.2.16 Disclaimer of Other Representations and Warranties.** Except as expressly set forth in this Article 3, SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, AT LAW OR IN EQUITY, TO THE ISSUER OR BUYER IN RESPECT OF THE COMPANY, THE OWNER TRUSTEE, THE TRUST ESTATE OR ANY OF THEIR RESPECTIVE ASSETS, LIABILITIES OR OPERATIONS, INCLUDING WITH RESPECT TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY SUCH OTHER REPRESENTATIONS AND WARRANTIES ARE HEREBY EXPRESSLY DISCLAIMED. Each of the Issuer and Buyer hereby acknowledges and agrees that, except to the extent specifically set forth in this Article 3, Buyer is purchasing the Purchased Membership Interests on an "as is, where is" basis.
- 3.3.3 Representations Regarding Tax Matters related to the Company.** The following representations shall constitute the sole representations of Seller with respect to Taxes.

All of the other representations contained in Section 3.3.2 shall be construed as not relating to any Taxes. Seller represents and warrants to the Issuer and Buyer as follows and acknowledges that each of the Issuer and Buyer is relying upon the following representations and warranties in completing the transactions contemplated hereby:

**3.3.3.1** To the Knowledge of Seller, the Company (i) has filed all Tax Returns (other than income Tax Returns) that it was required to file, (ii) has paid all Taxes (other than income Taxes) due (whether or not shown on such returns as owing), and (iii) has established adequate reserves for any Taxes (other than income Taxes) accrued but not yet due and payable as of the Closing except where the failure to so file, pay or establish would not, individually or in the aggregate, have a Material Adverse Effect. To the Knowledge of Seller, except for any Permitted Encumbrances, there are no material Liens for Taxes on any of the assets of the Company.

**3.3.3.2** The Company is treated as a partnership or disregarded as an entity separate from its owner for U.S. federal and any applicable U.S. state and local income tax purposes.

**3.4 No Finder's Fee**

Each of the parties hereto represents and warrants to the other parties that it has not taken any action that would cause such other parties or the Company to become liable to any claim or demand for a brokerage commission, finder's fee or other similar payment in connection with the transactions contemplated hereby, other than with respect to the underwriters' fees payable pursuant to the Underwriting Agreement and the agent's fees payable to BMO Nesbitt Burns Inc. in connection with the sale of the Separate Subordinated Notes.

**3.5 Survival of Representations and Warranties**

The representations and warranties of each party contained in this Agreement and in all certificates and documents delivered pursuant to or contemplated by this Agreement will survive the Closing and continue in full force and effect for a period of 18 months, except that:

**3.5.1** The representations and warranties set out in Sections 3.1.1, 3.1.2, 3.2.1, 3.2.2, 3.3.1.1, 3.3.1.2, 3.3.1.5, 3.3.2.1 and 3.3.2.14 will survive Closing and continue in full force and effect without limitation of time;

**3.5.2** The representations and warranties in Section 3.3.3 shall survive until the expiry of the statutory assessment and limitation periods under applicable Tax legislation; and

**3.5.3** The representation and warranty contained in Section 3.3.1.7 will survive the Closing and continue in full force and effect for a period of three years from the Date of Closing,

and no claim for breach of representation or warranty (other than those referenced in Section 3.5.1) will be valid unless the party against whom such claim is made has been given notice in writing before the expiry of such period.

## **ARTICLE 4 CLOSING**

### **4.1 Location and Time of the Closing**

The Closing will take place at the Closing Time on the Date of Closing at the offices of Goodmans LLP in Toronto, Ontario, Canada, or at such other place, on such other date and at such other time as may be agreed upon in writing by the parties hereto.

### **4.2 Conditions Precedent to Closing**

The obligation of each of the parties to complete the transactions contemplated in this Agreement at Closing Time on the Date of Closing is subject to the satisfaction or waiver of, or compliance with, at or prior to the Closing Time, each of the following conditions:

- 4.2.1 Truth of Representations and Warranties.** The representations and warranties of each of the parties, as the case may be, made in or pursuant to this Agreement will have been true and correct in all material respects as of the date of this Agreement and will be true and correct in all material respects as of the Closing Time (except in each case, for those representations and warranties that are subject to a materiality qualification, which will be true and correct in all respects, and except in respect of any representations and warranties that are to be true and correct as a specified date, in which case they will be true and correct as of that date only) with the same force and effect as if such representations and warranties had been made at and as of such time, and each party will have executed and delivered a certificate of a senior officer or, in the case of the Issuer and Buyer, a senior officer of the Manager on its behalf (in each case without personal liability) to that effect with respect to the representations and warranties of such party which are contained in this Agreement. Neither the receipt of such certificate nor the Closing will constitute a waiver by the party receiving such certificate of any of the representations and warranties of the party providing such certificate which are contained in this Agreement. Upon the delivery of such certificates, the representations and warranties of the parties in Article 3, as applicable, will be deemed to have been made on and as of the Date of Closing with the same force and effect as if made on and as of such date.
- 4.2.2 Compliance with and Performance of Covenants.** Each party will have fulfilled or complied in all material respects with all covenants contained in this Agreement to be fulfilled or complied with by it at or prior to the Closing and each party will have executed and delivered a certificate of a senior officer or, in the case of the Issuer and Buyer, a senior officer of the Manager on its behalf (in each case without personal liability) to that effect.
- 4.2.3 Offering and Sale of Separate Subordinated Notes.** The Issuer will have completed the sale of IPSs pursuant to the Offering and the sale of the Separate Subordinated Notes on terms satisfactory to the Issuer, acting reasonably.
- 4.2.4 Financing.** Buyer will have entered into the Credit Facility as contemplated by the Prospectus, on terms and conditions satisfactory to Buyer, acting reasonably, and the credit facilities to be provided for under the Credit Facility will be available to be drawn down by Buyer.
- 4.2.5 Required Consents.** All of the Required Consents shall have been obtained.

- 4.2.6 Hart-Scott-Rodino Act.** All applicable waiting periods (and any extensions thereof) under the Hart-Scott-Rodino Act shall have expired or otherwise been terminated.
- 4.2.7 Indemnity Agreement.** The Indemnity Agreement shall have been executed and delivered by all parties thereto.
- 4.2.8 ROFO Agreement.** Fund I and Buyer shall have entered into the ROFO Agreement and such agreement shall have terms satisfactory to the Issuer and Buyer, acting reasonably.
- 4.2.9 Deliveries.** All documents relating to the due authorization and completion of the transactions contemplated hereby, all actions and all corporate and other proceedings taken at or prior to the Closing Time in connection with the performance by each party of its respective obligations under this Agreement, and all other documents and materials of any kind relating to this Agreement and carrying out the terms hereof, will have been completed and satisfied including the following:
- 4.2.9.1** Seller shall deliver (or cause to be delivered) to Buyer against delivery of the items listed in Section 4.2.9.2:
- (i) an assignment of the Purchased Membership Interests;
  - (ii) certificates of Good Standing of Seller and the Company from the Secretary of State of Delaware;
  - (iii) the certificates referred to in Sections 4.2.1 and 4.2.2;
  - (iv) a certified copy of the resolutions of the directors (or similar governing body) of Seller approving the transactions contemplated hereby and an incumbency certificate regarding the individual(s) executing this Agreement and related documentation;
  - (v) all minute books, corporate records and ledgers of the Company and all other books and records of the Company;
  - (vi) resignations from the directors and officers (or persons holding like positions) of the Company specified by the Issuer and Buyer;
  - (vii) such corporate legal opinions of Seller's counsel respecting the transactions contemplated hereby in form and substance reasonably acceptable to the Issuer and Buyer and their counsel; and
  - (viii) such other instruments as the Issuer and Buyer or their counsel shall reasonably deem necessary to consummate the transactions contemplated hereby.
- 4.2.9.2** The Issuer and/or Buyer, as applicable, shall deliver (or cause to be delivered) to Seller against delivery of the items listed in Section 4.2.9.1:
- (i) the Cash Purchase Price;
  - (ii) the 10,826,985 common membership interests and 10,826,985 Class B preferred membership interests in Buyer described in Section 2.3(ii);

- (iii) a certificate of Status of the Issuer and a certificate of Good Standing of Buyer from the Ministry of Consumer and Business Services of Ontario and the Secretary of State of Delaware, respectively;
- (iv) the certificates referred to in Sections 4.2.1 and 4.2.2;
- (v) certified copies of the resolutions of the directors (or similar governing body) of the Issuer and Buyer approving the transactions contemplated hereby and an incumbency certificate regarding the individual(s) executing this Agreement and related documentation;
- (vi) such corporate legal opinions of the Issuer's and Buyer's counsel respecting the transactions contemplated hereby in form and substance reasonably acceptable to Seller and its counsel; and
- (vii) such other instruments as Seller or its counsel shall reasonably deem necessary to consummate the transactions contemplated hereby.

**4.2.10 Execution of Other Agreements.** The Ancillary Agreements will have been executed and delivered by all parties thereto and the other transactions contemplated by the Prospectus to be completed on or prior to the Date of Closing will have been completed to the satisfaction of the parties hereto, acting reasonably.

**4.2.11 No Adverse Legislation.** There will not be any statute, rule or regulation of any Governmental Entity which makes it illegal for any of the parties to consummate the transactions contemplated hereby or any order, decree or judgment of any Governmental Entity enjoining any party to this Agreement from consummating any of the transactions contemplated hereby.

**4.2.12 No Legal Action.** No action or proceeding will be pending or threatened by any Person (other than the Issuer, Buyer and Seller and any of their affiliates) in any jurisdiction, to enjoin, restrict or prohibit any of the transactions contemplated by this Agreement or the right of the Company to conduct the Business after Closing on substantially the same basis as heretofore operated or to seek Damages in connection with this Agreement.

#### **4.3 Execution and Delivery of Closing Documentation**

All proceedings taken and all documents executed and delivered by the parties at the Closing shall be deemed to have been taken and executed simultaneously, and no proceeding shall be deemed taken nor any document executed or delivered until all have been taken, executed and delivered.

### **ARTICLE 5 COVENANTS OF THE PARTIES**

#### **5.1 Covenant Regarding Representations, Warranties and Conditions**

Except as expressly provided in this Agreement or except with the prior written consent of the other parties hereto, prior to the Closing Time, each of the parties will do or refrain from doing all acts and things in order to ensure that the respective representations and warranties of such party in Article 3 remain true and correct at the Closing Time as if such representations and warranties were made at and as of such time and to satisfy or cause to be satisfied the conditions in Article 4 which are within such party's control.

## **5.2 Conduct of Business Prior to Closing**

During the Interim Period, Seller will cause the Company to conduct the Business only in the Ordinary Course, except as may be required in furtherance of the transactions contemplated herein and in the Prospectus.

## **5.3 Filings and Authorizations**

Each of the parties hereto, as promptly as practicable either before or after the execution of this Agreement, will (i) make, or cause to be made, all such filings and submissions under all Laws applicable to it, including, without limitation, any required filings under the Hart-Scott-Rodino Act, as may be required for it to complete the transactions contemplated in this Agreement; and (ii) use its reasonable commercial efforts to take, or cause to be taken, all other actions necessary in order for it to fulfil its obligations under this Agreement. Each of the parties will co-ordinate and cooperate with one another in exchanging such information and supplying such assistance as may be reasonably requested by each in connection with the foregoing including, providing each other with all notices and information supplied or filed with any Governmental Entity and all notices and correspondence received from any Governmental Entity.

## **5.4 Cooperation**

Each of the parties hereto will cooperate fully in good faith with each other and their respective legal advisors, accountants and other representatives in connection with any steps required to be taken as part of their respective obligations under this Agreement. From time to time after the Closing, each of the parties hereto will, at the request of any other party, execute and deliver such additional conveyances, transfers and other assurances as may be reasonably required to effectively complete the transactions contemplated herein and to carry out the intent of this Agreement.

## **ARTICLE 6 TERMINATION**

### **6.1 Termination**

This Agreement may, by notice in writing pursuant to Section 7.4 prior to the Closing Time, be terminated: (i) by mutual consent of all the parties; or (ii) by any party if the Closing has not been completed prior to December 9, 2004. Upon giving the requisite notice, each of the parties hereto will be released from all obligations hereunder. If a party waives compliance with any of the conditions, obligations or covenants contained in this Agreement, the waiver will be without prejudice to any of its rights of termination or otherwise in the event of non-fulfillment, non-observance or non-performance of any other condition, obligation or covenant in whole or in part.

## **ARTICLE 7 GENERAL MATTERS**

### **7.1 Severability**

Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction.

**7.2 Enurement**

This Agreement will be binding upon and enure to the benefit of the parties to this Agreement and their respective successors and permitted assigns from time to time.

**7.3 Assignment**

This Agreement may not be assigned by any party hereto without the prior written consent of each of the other parties.

**7.4 Notices**

All notices and other communications required or permitted to be given under this Agreement will be in writing and will be deemed to have been given if delivered personally or by prepaid courier delivery or by confirmed telecopy to the parties at the following addresses (or at any other address for the party as is specified in like notice):

**7.4.1** if to the Issuer:

c/o Atlantic Power Management, LLC  
200 Clarendon Street, 55<sup>th</sup> Floor  
Boston, Massachusetts  
02117

Attention: Chief Executive Officer  
Fax: (617) 531-6369

with a copy to:

Goodmans LLP  
Suite 2400, 250 Yonge Street  
Toronto, Ontario  
M5B 2M6

Attention: Mr. Stephen Pincus  
Fax: (416) 979-1234

**7.4.2** if to Buyer:

c/o Atlantic Power Management, LLC  
200 Clarendon Street, 55<sup>th</sup> Floor  
Boston, Massachusetts  
02117

Attention: Chief Executive Officer  
Fax: (617) 531-6369

with a copy to:

Exchange Place  
53 State Street  
Boston, Massachusetts  
02109

Attention: Laura C. Hodges Taylor  
Fax: (617) 523-1231

**7.4.3** if to Seller:

c/o ArcLight Capital Partners, LLC  
200 Clarendon Street, 55<sup>th</sup> Floor  
Boston, Massachusetts  
02117

Attention: John Tisdale  
Fax: (617) 867-4698

with a copy to:

Freshfields Bruckhaus Deringer LLP  
520 Madison Avenue, 34<sup>th</sup> Floor  
New York, New York  
10022

Attention: Orli Hacker  
Fax: (212) 277-4001

Any notice given as aforesaid will be deemed to have been given at the time delivered or faxed (provided complete transmission is confirmed) if delivered or faxed to the recipient on a Business Day (in the city in which the addressee is located) and before 4:30 p.m. (local time in the city in which the addressee is located) on such Business Day, and otherwise will be deemed to be given at 9:00 a.m. (local time in the city in which the addressee is located) on the next following Business Day (in the city in which the addressee is located). Any party may change its address for notice by notice to the other parties hereto given in the manner herein provided.

#### **7.5 Non-Merger**

Except as otherwise expressly provided in this Agreement, the covenants, representations and warranties will not merge on and will survive the Closing and, notwithstanding such Closing and any investigation made by or on behalf of any party, will continue in full force and effect. Subject to Section 3.5 and the terms of the Indemnity Agreement, Closing will not prejudice any right of one party against any other party in respect of anything done or omitted under this Agreement or in respect of any right to Damages or other remedies.

#### **7.6 Governing Law; Consent to Jurisdiction**

This Agreement shall be governed by and construed in accordance with the domestic laws of the State of New York without giving effect to any choice or conflict of laws provision or rule that would cause the application of the laws of any jurisdiction other than the State of New York. Subject to the terms of the Indemnity Agreement, each of the parties hereto irrevocably and unconditionally submits to the exclusive jurisdiction of the courts of the State of New York and of the United States of America located in the State of New York for any litigation arising out of or relating to this Agreement and the transactions contemplated hereby (and agrees not to commence any litigation relating thereto except in such courts), waives any objection to the laying of venue of any such litigation in such courts and agrees not to plead or claim that such litigation brought therein has been brought in an inconvenient forum.

#### **7.7 Goodmans LLP and Goodwin Procter LLP Acting for More Than One Party**

Each of the parties to this Agreement has been advised and acknowledges that each of Goodmans LLP and Goodwin Procter LLP is acting as counsel to and jointly representing the Issuer, Buyer and Seller (each a "Client" and, collectively, "Clients") and, in this role, information disclosed to Goodmans LLP and/or Goodwin Procter LLP by one Client will not be kept confidential and will be disclosed to all Clients and each of the parties consents to Goodmans LLP and Goodwin Procter LLP so acting. In addition, should a conflict arise between any Clients, Goodmans LLP and Goodwin Procter LLP may not be able to continue to act for any of such Clients.

**7.8 Time of Essence**

Time is of the essence of this Agreement.

**7.9 Entire Agreement**

This Agreement and the other agreements contemplated hereby constitute the entire agreement between the parties pertaining to the subject matter hereof. There are no warranties, conditions, or representations (including any that may be implied by statute) and there are no agreements in connection with such subject matter except as specifically set forth or referred to in this Agreement and such other agreements or as otherwise set out in writing and delivered at Closing. No reliance is placed on any warranty, representation, opinion, advice or assertion of fact made by any party hereto or its directors, managers, officers, employees or agents, to any other party hereto or its directors, managers, officers, employees or agents, except to the extent that the same has been reduced to writing and included as a term of this Agreement or such other agreements. Accordingly, there will be no liability, either in tort or in contract, assessed in relation to any such warranty, representation, opinion, advice or assertion of fact, except to the extent aforesaid.

**7.10 Counterparts**

This Agreement may be executed in any number of counterparts, each of which will be deemed to be an original and all of which taken together will be deemed to constitute one and the same instrument. Counterparts may be executed either in original, faxed or electronic form and the parties adopt any signatures received by a receiving fax machine or other means of electronic communication as original signatures of the parties; provided, however, that any party providing its signature in such manner will promptly forward to the other parties an original of the signed copy of this Agreement which was so delivered.

**7.11 Further Assurances**

Each of the parties hereto will promptly do, make, execute or deliver, or cause to be done, made, executed or delivered, all such further acts, documents and things as the other parties hereto may reasonably require from time to time for the purpose of giving effect to this Agreement and will use reasonable efforts and take all such steps as may be reasonably within its power to implement to their full extent the provisions of this Agreement.

**7.12 Public Announcements**

All media contacts and public announcements by the parties hereto or their affiliates regarding the matters covered by this Agreement shall be mutually agreed upon by the parties hereto. Notwithstanding the foregoing, the parties hereto and their affiliates may make such public announcements, reports, filings and disclosures concerning this Agreement and the businesses of the Issuer as may be required by applicable Securities Laws or by the rules of or any agreement with the United States Securities and Exchange Commission, the New York Stock Exchange, Inc., the Nasdaq Stock Market, any Securities Commission or the Toronto Stock Exchange, provided that such disclosing party or affiliate shall use reasonable efforts to consult with the other parties regarding the nature and contents of the contemplated disclosure.

**7.13 Cooperation with Respect to Government Filings and Reports**

The Issuer, Buyer and Seller each agree to provide the other parties (without cost to such other parties) with access during reasonable business hours and for a reasonable business purpose and such cooperation and information, including, but not limited to, all records, books, contracts, instruments, computer data and other data, including all historical financial and Tax information, and personnel with relevant Knowledge of such information, as may be reasonably requested by the other in connection with the preparation or filing of any government report or other government filing, contemplated by this Agreement or required by applicable Law. Such cooperation and information shall include, without limitation, promptly forwarding copies of appropriate notices and forms or other communications received from or sent to any government authority to the appropriate party. Each party shall make its employees and facilities available during normal business hours and on reasonable prior notice and shall provide explanation of any documents or information provided hereunder.

(Description of Office)  
(Fonction)

The articles of the Corporation are amended as follows:

1. to delete in their entirety, the provisions of Article 8 of the Articles of Incorporation of the Corporation, effectively removing the restriction on the transfer of the Corporation's shares;
2. to delete in their entirety, the provisions of Article 9 of the Articles of Incorporation of the Corporation;
3. to add the following provisions to the Other provisions in Article 9 of the Articles of Incorporation:

#### **RESTRICTION ON OWNERSHIP BY ERISA PLANS**

- a) At no time may any securities of the Issuer be purchased by, transferred to or beneficially held by any employee benefit plan that is subject to the fiduciary and prohibited transaction provisions of the *United States Employee Retirement Income Security Act of 1974*, as amended ("ERISA"), and/or any plan that is subject to section 4975 of the United States Internal Revenue Code of 1986, as amended, any trust holdings assets of such a plan and any entity that is deemed to hold the assets of such a plan pursuant to 29 C.F.R. Section 2510.3-101, issued by the United States Department of Labor (an "ERISA Plan").
- b) Any purported sale, disposition or other transfer of any of the Issuer's securities (whether or not the result of a transaction entered into through the facilities of the Toronto Stock Exchange (the "TSX") (or any other national securities exchange or automated quotation system) that, if effective, would result in any ERISA Plan beneficially owning any securities of the Issuer (a "Transfer") shall be void *ab initio*, and the intended transferee shall acquire no rights in such securities. Each transferee of beneficial ownership of the Issuer's securities shall be deemed to represent to the Issuer that such transferee is not an ERISA Plan.
- c) Each person who is a beneficial owner of the Issuer's securities and each person (including the securityholder of record) who is holding securities for a beneficial owner shall, within 30 days of receiving a written request from the Issuer therefor, provide to the Issuer a written statement of affidavit stating such information as the Issuer may request in order to determine whether such person is an ERISA Plan or not.
- d) Notwithstanding any provision contained in these articles of amendment to the contrary, nothing herein shall preclude the settlement of any transaction entered into through the facilities of the TSX or any other national securities exchange or any other automated quotation system.
- e) If, notwithstanding paragraph (b) above, a purported Transfer or any other event pursuant to which any ERISA Plan would beneficially own any of the Issuer's securities (a "Non-Transfer Event") is purported to occur, then:

- (i) the purported transferee shall be deemed to be a person who is prevented from becoming or remaining the owner of record title to securities of the Issuer pursuant to paragraph (b) above and shall acquire no right or interest or, in the case of a Non-Transfer Event, the person holding record title to the securities beneficially owned by such beneficial owner shall cease to own any right or interest in the securities (a "Prohibited Owner"),
  - (ii) such securities shall automatically be transferred to a correction trust in accordance with paragraph (h) below,
  - (iii) the Prohibited Owner shall submit the certificates representing such securities to the Issuer, accompanied by all requisite and duly executed assignments of transfer thereof, for registration in the name of the trustee of the correction trust (the "Trustee") and such Prohibited Owner shall take any and all actions reasonably requested by the Issuer to complete the transfer of such securities to the correction trust,
  - (iv) such securities shall be sold by the Trustee in accordance with paragraph (i) below, and
  - (v) such transfer to a correction trust shall be effective as of the close of trading on the trading day prior to the date of the purported Transfer or Non-Transfer Event, as the case may be.
- f) If the Issuer, or its designees, shall at any time determine in good faith that a Transfer has taken place in violation of paragraph (b) above or that an ERISA Plan intends to acquire or has attempted to acquire beneficial ownership of any of the Issuer's securities, the Issuer shall take such action as it deems advisable to refuse to give effect to or to prevent such Transfer or acquisition, including, but not limited to, refusing to give effect to such Transfer on the transfer books of the Issuer or instituting proceedings to enjoin such Transfer or acquisition, but the failure to take any such action shall not affect the transfer to a correction trust in accordance with paragraph (e) above.
- g) Any ERISA Plan that acquires or attempts to acquire securities in violation of paragraph (b) above, or any ERISA Plan that owns securities that were transferred to a correction trust pursuant to paragraph (e) above, shall immediately give written notice to the Issuer of such event and shall provide to the Issuer such other information as the Issuer may request in order to determine the effect, if any, of such Transfer or Non-Transfer Event, as the case may be, on the Issuer.
- h) Upon any purported Transfer in violation of paragraph (b) or Non-Transfer Event, (i) the Issuer shall create, or cause to be created, a correction trust, and shall designate a Trustee of such correction trust and a beneficiary of such correction trust (which beneficiary shall be the Issuer), and (ii) the securities purported to be transferred to an ERISA Plan (or held by an ERISA Plan as a result of a Non-Transfer Event) shall be automatically transferred to such correction trust to be

held for the benefit of the Issuer. Any transfer to a correction trust shall be effective as of the close of trading on the trading day prior to the date of the purported Transfer or Non-Transfer Event that results in the transfer to the correction trust. The sole obligation of the correction trust and the Trustee to the ERISA Plan that purported to be the beneficial owner of the securities that are transferred to the correction trust shall be to pay to such ERISA Plan the net proceeds of the sale of such securities, as described in paragraph (i) below. In particular, such ERISA Plan shall not be deemed to be a beneficiary of the correction trust and the Trustee shall have no fiduciary duties with respect to such ERISA Plan (or its participants or beneficiaries), it being understood that the Trustee is to act solely in the interest of the Issuer to correct a purported Transfer or non-Transfer Event that has occurred in violation of paragraph (b). The Trustee shall be appointed by the Issuer, and the Issuer shall use reasonable efforts not to appoint as Trustee a person who is a "party in interest" with respect to such ERISA Plan, within the meaning of Section 3(14) of ERISA, based on such information (if any) as may be provided to the Issuer by such ERISA Plan.

- i) Upon the transfer to the correction trust of the securities in accordance with paragraph (h) above, the Trustee shall sell such securities on the TSX (or any other national securities exchange or automated quotation system the securities are then traded) (or, if the securities are not so traded, in any commercially reasonable sale) and, in the interim, shall suspend the voting and distribution rights attached to such securities. The ERISA Plan's sole right with respect to the securities and the correction trust shall be to receive the net proceeds of sale following surrender of the certificates representing such securities.

#### **Limitation on United States Resident Ownership**

- (a) At no time may more than 100 United States persons (using the principles of counting for purposes of Section 3(c)(1) of the *Investment Companies Act of 1940* (the "1940 Act")) collectively be the beneficial owners of the securities of the Issuer, nor may any United States person be the beneficial owner of more than 10% of any class of securities of the Issuer.
- (b) The Issuer may require declarations as to the jurisdictions in which beneficial owners of its securities are resident.
- (c) If the Issuer becomes aware that either of the foregoing limitations may be contravened, the Issuer (or its transfer agent and registrar) will make a public announcement and will not accept a subscription for securities from or issue or register a transfer of securities to a person unless the person provides a declaration that the person is not a United States person.
- (d) If, notwithstanding the foregoing, the Issuer determines that more than 100 United States persons are beneficial owners of its securities (on either a non-diluted or fully-diluted basis), the Issuer may send a notice to such United States beneficial owners, as applicable, chosen in inverse order to the order of acquisition or registration or in any manner as the Issuer may consider equitable and practicable, requiring them to

sell their securities or a portion thereof within a specified period of not less than 10 days. If after such period, the beneficial owners receiving the notice have not sold the specified number of securities, as applicable, or provide the Issuer with satisfactory evidence that they are not United States persons, the Issuer may, on behalf of those beneficial owners, sell those securities, as applicable, and, in the interim, will suspend the voting and distribution rights attached to those securities. Upon such sale, the affected beneficial owners will cease to be beneficial owners, as applicable, and their rights will be limited to receiving the net proceeds of the sale.

- (e) The board of directors of the Issuer will have no liability for the amount received upon a sale described in this section, provided that they act in good faith.

#### **Limitation on Ownership by United States Entities**

If any U.S. entity intends to hold more than 5% but less than 10% of the income participating securities ("IPs") or common shares ("Common Shares") of the Issuer, such entity agrees to cooperate with the Issuer and provide information necessary to make any filings with the United States Federal Energy Regulatory Commission ("FERC") that may be required pursuant to the *United States Federal Power Act*, as amended (the "FPA").

#### **Limitation on Ownership By Public Utilities**

- a) At no time may any person own IPs or Common Shares if such person: (i) is engaged primarily in the electric or gas business; (ii) is otherwise affiliated with any franchised electric utility; (iii) has controlling ownership interests in any electric generating, transmission, or distribution facilities; (iv) is affiliated with any power marketers; (v) is an "electric utility" as such term is defined in section 3(22) of the FPA; (vi) is a "public-utility company" or a "holding company" or an "associate company", "affiliate", or "subsidiary company" of a "holding company" as each term is defined in section 2(a) of the *Public Utility Holding Company Act of 1935*, as amended ("PUHCA"); (vii) is subject to regulation under PUHCA; (viii) is subject to regulation as a "public utility" under the FPA; or (ix) is subject to regulation with respect to rates or to financial or organizational matters as an electric utility, public utility, or public service company or corporation under the laws of any state unless such person satisfies the Issuer that the ownership of the IPs or Common Shares by such person will not adversely affect the qualification of any of the power generation projects in which the Issuer holds an indirect interest (the "Projects") as a qualifying facility under FERC's rules implementing the *Public Utility Regulatory Policies Act of 1978*, the order issued under the FPA with respect to certain Projects, or the Projects' qualification for market-based rates under the FPA.
- b) Determination of a potential adverse effect described in paragraph (a) above is at the sole discretion of the Issuer and the Issuer may elect to strictly enforce any or all of the restrictions set forth above against such entity.

- c) If the Issuer becomes aware that any of the restrictions set out in this section may be contravened, the Issuer (or the transfer agent and registrar of the Issuer) will make a public announcement and will not accept a subscription for IPSs or Common Shares from, or issue or register a transfer of IPSs or Common Shares to, a person unless the person provides a declaration that the person is not an entity described above.
- d) If, notwithstanding the foregoing, the Issuer determines that a beneficial owner of IPSs or Common Shares violates the foregoing restrictions, the Issuer may send a notice to such owners of IPSs or Common Shares requiring it to provide specified information to the Issuer such that the Issuer can determine whether such person's beneficial ownership may have an adverse effect upon the Issuer. Upon such determination, the Issuer may send a further notice requiring such beneficial owner to sell its IPSs or Common Shares of the Issuer within a specified period of not less than 10 days. If the beneficial owner of IPSs or Common Shares receiving the notice has not sold the IPSs or Common Shares, as applicable, or provided the Issuer with satisfactory evidence that it does not contravene the foregoing restrictions, the Issuer may, on behalf of that beneficial owner of IPSs or Common Shares, sell those IPSs or Common Shares, and, in the interim, will suspend the voting and distribution rights attached to those IPSs or Common Shares. Upon that sale, the affected beneficial owner will cease to be a beneficial owner of the IPSs or the Common Shares, as applicable, and its rights will be limited to receiving the net proceeds of the sale.
- e) The board of directors of the Issuer will have no liability for the amount received upon a sale described in this section, provided that they act in good faith.

- 6. The amendment has been duly authorized as required by sections 168 and 170 (as applicable) of the *Business Corporations Act*.  
*La modification a été dûment autorisée conformément aux articles 168 et 170 (selon le cas) de la Loi sur les sociétés par actions.*
- 7. The resolution authorizing the amendment was approved by the shareholders/directors (as applicable) of the corporation on

Eleven	NOTICES

**RESOLVED** as a by-law of **2048921 ONTARIO LIMITED** (the "Corporation")  
as follows:

**SECTION ONE  
INTERPRETATION**

1.1 Definitions.

In this by-law and in all other by-laws of the Corporation, unless the context otherwise requires:

- (a) "Act" means the *Business Corporations Act* (Ontario) as amended or re-enacted from time to time and includes the regulations made pursuant thereto;
- (b) "board" means the board of directors of the Corporation;

RECEIVED  
MAY 13 AM 10:20  
SECRETARY OF THE  
TREASURY

- (c) "by-laws" means all by-laws of the Corporation;
- (d) "director" means a director of the Corporation;
- (e) "non-business day" means Saturday, Sunday and any other day that is a holiday as defined in the *Interpretation Act* (Ontario); and
- (f) "number of directors" means the number of directors provided for in the articles or, where a minimum and maximum number of directors is provided for in the articles, the number of directors determined by a special resolution or resolution of the board where it is empowered by special resolution to determine the number of directors.

- 1.2 All terms used in the by-laws of the Corporation which are defined in the Act shall have the meanings given to such terms under the Act.
- 1.3 In all by-laws of the Corporation, the singular shall include the plural and the plural the singular words and words in one gender include all genders.
- 1.4 Headings used in the by-laws are for convenience of reference only and shall not affect the construction or interpretation of this by-law.
- 1.5 If any of the provisions contained in this by-law are inconsistent with those contained in the articles or a unanimous shareholder agreement, the provisions contained in the articles or unanimous shareholder agreement, as the case may be, shall prevail.

## SECTION TWO DIRECTORS

- 2.1 **Quorum.** The quorum for the transaction of business at any meeting of the board shall consist of a majority. If, however, the number of directors is two, both directors must be present at any meeting of the board to constitute a quorum.
- 2.2 **Qualification.** No person shall be qualified for election as a director if that person (a) is less than 18 years of age; (b) is of unsound mind and has been so found by a court in Canada or elsewhere; (c) is not an individual; or (d) has the status of a bankrupt. A director need not be a shareholder. A majority of the directors shall be resident Canadians, but if the number of directors is fewer than three, at least one director shall be a resident Canadian.
- 2.3 **Election and Term.** The election of directors shall take place at the first meeting of shareholders and at each annual meeting of shareholders. A director not elected for an expressly stated term shall cease to hold office at the close of the first annual meeting following election or appointment. If an election of directors is not held at the proper time, the incumbent directors shall continue in office until their successors are elected.

- 2.4 **Removal of Directors.** Subject to the provisions of the Act, the shareholders may by ordinary resolution passed at an annual or special meeting remove any director from office and the vacancy created by such removal may be filled at the same meeting failing which it may be filled by the directors.
- 2.5 **Vacation of Office.** A director ceases to hold office when that director (a) dies; (b) is removed from office by the shareholders; (c) ceases to be qualified for election as a director. A director who resigns ceases to hold office when that director's written resignation is received by the Corporation, or if a time is specified in such resignation, at the time so specified, whichever is later. A director named in the articles, however, is not permitted to resign unless at the time the resignation is to become effective, a successor is elected or appointed.
- 2.6 **Vacancies.** Subject to the provisions of the Act, if a quorum of the board remains in office, the board may fill a vacancy in the board, except:
- (a) a vacancy resulting from (i) an increase in the number of directors otherwise than by a resolution of the directors, or in the maximum number of directors, or from (ii) a failure to elect the number of directors required to be elected at any meeting of the shareholders; or
  - (b) where the directors are empowered to determine the number of directors, if, after such appointment, the total number of directors would be greater than one and one-third times the number of directors required to have been elected at the last annual meeting of shareholders.
- In the absence of a quorum of the board, or if the board is not permitted to fill such vacancy, the board shall forthwith call a special meeting of shareholders to fill the vacancy. If the board fails to call such meeting or if there are no such directors then in office, any shareholder may call the meeting.
- 2.7 **Remuneration and Expenses.** The directors shall be paid such remuneration for their services as the board may from time to time determine and shall also be entitled to be reimbursed for travelling and other expenses properly incurred by them in attending meetings of the board or any committee thereof. Nothing in this by-law shall preclude any director from serving the Corporation in any other capacity and receiving remuneration therefor.

### SECTION THREE MEETINGS OF DIRECTORS

- 3.1 **Canadian Majority.** The board shall not transact business at a meeting, other than filling a vacancy in the board, unless a majority of the directors present are resident Canadians, except where

- (a) a resident Canadian director who is unable to be present approves in writing or by telephone or other communications facilities the business transacted at the meeting;
- (b) a majority of resident Canadians would have been present had that director been present at the meeting; and
- (c) the Corporation has only one or two directors, that director or one of the two directors, as the case may be, shall be a resident Canadian.

3.2 **Meetings by Telephone, Electronic or Other Communication Facility.** If all the directors present at or participating in the meeting consent, any or all of the directors may participate in a meeting of the board or of a committee of the board by means of such telephone, electronic or other communications facilities as to permit all persons participating in the meeting to communicate with each other, simultaneously and instantaneously, and any director participating in such a meeting by such means is deemed to be present at the meeting. Any such consent shall be effective whether given before or after the meeting to which it relates and may be given with respect to all meetings of the board and of committees of the board held while a director holds office.

3.3 **Place of Meetings.** Meetings of the board may be held at any place within or outside Ontario. In any financial year of the Corporation, a majority of the meetings of the board need not be held within Canada.

3.4 **Calling of Meetings.** Meetings of the board may be convened at any time by the president or any director upon notice given to all directors in accordance with subsection 3.5.

3.5 **Notice of Meeting.** Notice of the time and place of each meeting of the board shall be given in the manner provided in subsection 11.1 to each director (a) not less than 48 hours before the time when the meeting is to be held if the notice is mailed, or (b) not less than 24 hours before the time the meeting is to be held if the notice is given personally or is delivered or is sent by any means of transmitted or recorded communication or as an electronic document.

3.6 **Waiver of Notice.** A director may in any manner or at any time waive notice of or otherwise consent to a meeting of the board, including by sending an electronic document to that effect. Attendance of a director at a meeting of the board shall constitute a waiver of notice of that meeting except where a director attends for the express purpose of objecting to the transaction of any business on the grounds that the meeting has not been properly called.

3.7 **First Meeting of New Board.** Provided a quorum of directors is present, each newly elected board may without notice hold its first meeting immediately following the meeting of shareholders at which such board is elected.

- 3.8 **Adjourned Meeting.** Notice of an adjourned meeting of the board is not required if the time and place of the adjourned meeting is announced at the original meeting.
- 3.9 **Regular Meetings.** The board may appoint a day or days in any month or months for regular meetings of the board at a place and hour to be named. A copy of any resolution of the board fixing the place and time of such regular meetings shall be sent to each director forthwith after being passed, but no other notice shall be required for any such regular meeting except where the Act requires the purpose thereof or the business to be transacted thereat to be specified.
- 3.10 **Chairman.** The chairman of any meeting of the board shall be the first mentioned of such of the following officers as have been appointed and who, with the exception of the Chairman of the Board, is a director, is present at the meeting and is willing to serve: chairman of the board, managing director, president, or a vice-president (in order of seniority). If no such officer is present and willing to serve, the directors present shall choose one of their number to be chairman.
- 3.11 **Votes to Govern.** At all meetings of the board, every question shall be decided by a majority of the votes cast on the question. In case of an equality of votes, the chairman of the meeting shall not be entitled to a second or casting vote.
- 3.12 **One Director Meeting.** Where the board consists of only one director, that director may constitute a meeting.

#### SECTION FOUR COMMITTEES

- 4.1 **Committee of Directors.** The board may appoint from their number one or more committees of the board, however designated, and delegate to such committee any of the powers of the board except those which, under the Act, a committee of the board has no authority to exercise. A majority of the members of any such committee shall be resident Canadians.
- 4.2 **Audit Committee.** If the Corporation is an offering corporation the board shall, and otherwise the board may, constitute an audit committee composed of not fewer than three directors, a majority of whom are not officers or employees of the Corporation or any of its affiliates, and who shall hold office until the next annual meeting of shareholders. The audit committee shall have the powers and duties provided in the Act.
- 4.3 **Transaction of Business.** The powers of a committee of the board may be exercised by a meeting at which a quorum is present or by resolution in writing signed by all the members of such committee who would have been entitled to vote on that resolution at a meeting of the committee. Meetings of such committee may be held at any place within or outside Ontario.

- 4.4 **Procedure.** Unless otherwise determined by the board, each committee shall have the power to fix its quorum at not less than a majority of its members, to elect its chairman and to regulate its procedure. To the extent that the board or the committee does not establish rules to regulate the procedure of the committee, the provisions of this by-law applicable to meetings of the board shall apply mutatis mutandis.

## SECTION FIVE OFFICERS

- 5.1 **Appointment.** The board may designate the offices of the Corporation and from time to time appoint a chairman of the board, managing director (provided that person is a resident Canadian), president, one or more vice-presidents (to which title may be added words indicating seniority or function), a secretary, a treasurer and such other officers as the board may determine, including one or more assistants to any of the officers so appointed. The board may specify the duties of and, in accordance with this by-law and subject to the provisions of the Act, delegate to such officers powers to manage the business and affairs of the Corporation. One person may hold more than one office and, except for the chairman of the board and the managing director, an officer need not be a director.
- 5.2 **Chairman of the Board.** If appointed, the chairman of the board may be assigned by the board any of the powers and duties that are by any provisions of this by-law assigned to the managing director or to the president and subject to the Act, such other powers and duties as the board may specify. The chairman of the board shall, when present, preside at all meetings of the board and shareholders. Subject to subsections 3.10 and 7.9, during the absence or disability of the chairman of the board, the duties of the chairman of the board shall be performed, and the powers exercised, by the first mentioned of the following officers then in office: the managing director, the president, or a vice-president (in order of seniority).
- 5.3 **Managing Director.** If appointed, the managing director shall be the chief executive officer and, subject to the authority of the board, shall have general supervision of the business and affairs of the Corporation. The managing director shall, subject to the provisions of the Act, have such other powers and duties as the board may specify. During the absence or disability of the president, or if no president has been appointed, the managing director shall also have the powers and duties of that office.
- 5.4 **President.** If appointed, the president shall have general supervision of the business and affairs of the Corporation, subject to the direction and authority of the board, the chairman of the board and the managing director; and shall have such other powers and duties as the board may specify. During the absence or disability of the managing director, or if no managing director has been appointed, the president shall also have the powers and duties of that office. In the absence

of the appointment of a managing director or the designation of the chairman of the board as such, the president shall be the chief executive officer of the Corporation. Otherwise, the president shall be the chief operating officer of the Corporation.

- 5.5 **Vice-President.** The vice-president, or if more than one, the vice-presidents, in order of seniority as designated by the board, shall be vested with all the powers and perform all the duties of the president in the president's absence, inability or refusal to act except that a vice-president shall not preside at any meeting of the directors unless appointed to do so by the board. A vice-president shall have such powers and duties as the board or the chief executive officer may specify.
- 5.6 **Secretary.** The secretary shall attend and be the secretary of all meetings of the board, shareholders and committees of the board and shall enter or cause to be entered in records kept for that purpose minutes of all proceedings thereat. The secretary shall give or cause to be given, as and when instructed, all notices to shareholders, directors, officers and auditors. The secretary shall be the custodian of all books, papers, records, documents and instruments belonging to the Corporation, except when some other officer or agent has been appointed for that purpose. The secretary shall have such other powers and duties as the board or the chief executive officer may specify.
- 5.7 **Treasurer.** The treasurer shall keep or cause to be kept proper accounting records in compliance with the Act and shall be responsible for the deposit of money, the safekeeping of securities and the disbursement of funds of the Corporation. The treasurer shall render to the board whenever required an account of all transactions undertaken as treasurer and of the financial position of the corporation and shall have such other powers and duties as the board or the chief executive officer may specify.
- 5.8 **Powers and Duties of Other Officers.** The powers and duties of all other officers shall be such as the terms of their engagement call for or as the board or the chief executive officer may specify. Any of the powers and duties of an officer to whom an assistant has been appointed may be exercised and performed by such assistant, unless the board or the chief executive officer otherwise directs.
- 5.9 **Variation of Powers and Duties.** Subject to the provisions of the Act, the board may from time to time vary, add to or limit the powers and duties of any officer.
- 5.10 **Term of Office.** The board, in its discretion, may remove any officer of the Corporation, without prejudice to such officer's rights under any employment contract. Otherwise, each officer appointed by the board shall hold office until a successor is appointed, except that the term of office of the chairman of the board or managing director shall expire when the holder thereof ceases to be a director.
- 5.11 **Agents and Attorneys.** The board shall have power from time to time to appoint agents or attorneys for the Corporation in or out of Ontario with such powers of

management or otherwise (including the power to sub-delegate) as may be thought fit.

- 5.12 **Fidelity Bonds.** The board may require such officers, employees and agents of the Corporation as the board deems advisable to furnish bonds for the faithful discharge of their duties, in such form and with such surety as the board may from time to time prescribe.

## **SECTION SIX PROTECTION OF DIRECTORS AND OFFICERS**

- 6.1 **Limitation of Liability.** No director or officer shall be liable for the acts, receipts, neglects or defaults of any other director, officer, employee, or agent, or for joining in any receipt or other act for conformity, or for any loss, damage or expense happening to the Corporation through the insufficiency or deficiency of title to any property acquired for or on behalf of the Corporation, or for the insufficiency or deficiency of any security in or upon which any of the moneys of the Corporation shall be invested, or for any loss or damage arising from the bankruptcy, insolvency or tortuous acts of any person with whom any of the moneys, securities or effects of the Corporation shall be deposited, or for any loss occasioned by any error of judgment or oversight on the part of that person, or for any other loss, damage or misfortune whatever which shall happen in the execution of the duties of an office or in relation thereto, unless the same are occasioned by that person's own wilful neglect or default. Nothing in this by-law, however, shall relieve any director or officer from the duty to act in accordance with the Act or from liability for any breach of the Act.
- 6.2 **Indemnity.** The Corporation shall indemnify and save harmless every director or officer, every former director or officer, and every person who acts or acted at the Corporation's request as a director or officer of a body corporate of which the Corporation is or was a shareholder or creditor (or a person who undertakes or has undertaken any liability on behalf of the Corporation or any such body corporate) and the heirs and legal representatives of that person, from and against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by that person in respect of any civil, criminal or administrative action or proceeding to which that person is made a party by reason of being or having been a director or officer of the Corporation or such body corporate, if:

- (a) that person acted honestly and in good faith with a view to the best interests of the Corporation; and
- (b) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, that person had reasonable grounds for believing that the conduct was lawful.

6.3 **Insurance.** Subject to the limitations contained in the Act, the Corporation may purchase and maintain such insurance for the benefit of any person referred to in subsection 6.2, as the board may from time to time determine.

## SECTION SEVEN MEETINGS OF SHAREHOLDERS

- 7.1 **Annual Meetings.** The annual meeting of shareholders shall be held at such time in each year and, subject to subsection 7.3, at such place as the board, the chairman of the board, the managing director or the president may from time to time determine, for the purpose of considering the financial statements and reports required by the Act to be placed before the annual meeting, electing directors, appointing auditors and fixing or authorizing the board to fix their remuneration, and for the transaction of such other business as may properly be brought before the meeting.
- 7.2 **Special Meetings.** The board, the chairman of the board, the managing director or the president or any registered shareholder shall have power to call a special meeting of shareholders at any time.
- 7.3 **Place of Meetings.** Meetings of shareholders shall be held at the place where the registered office of the Corporation is situated or, if the board shall so determine, at some other place within or outside of Ontario.
- 7.4 **Meetings by Telephone, Electronic or Other Communication Facility.** Any person entitled to attend a meeting of shareholders may participate in the meeting, to the extent and in the manner permitted by law, by means of a telephonic, electronic or other communication facility that permits all participants to communicate adequately with each other during the meeting, if the Corporation makes available such a communication facility. A person participating in a meeting by such means is deemed for the purposes of the Act to be present at the meeting. The directors or the shareholders of the Corporation who call a meeting of shareholders pursuant to the Act may determine that the meeting shall be held, to the extent and in the manner permitted by law, entirely by means of a telephonic, electronic or other communication facility that permits all participants to communicate adequately with each other during the meeting.
- 7.5 **Notice of Meetings.** Notice of the time and place of each meeting of shareholders (and of each meeting of shareholders adjourned for an aggregate of 30 days or more) shall be given in the manner provided in subsection 11.1 not less

than 10 days (or such lesser number of days then required under the Act or any other applicable legislation, regulation or administrative policy), unless the Corporation is an offering corporation in which case not less than 21 days, nor, in either case, more than 50 days before the date of the meeting, to each director, to the auditor and to each shareholder who at the close of business on the record date for notice, if any, is entered in the securities register as the holder of one or more shares carrying the right to vote at the meeting. Notice of a meeting of shareholders called for any purpose other than consideration of the financial statements and auditor's report, election of directors and re-appointment of the incumbent auditor shall state the nature of such business in sufficient detail to permit a shareholder to form a reasoned judgment thereon and shall state the text of any special resolution or by-law to be submitted to the meeting. A shareholder and any other person entitled to attend a meeting of shareholders may in any manner and at any time waive notice of or otherwise consent to a meeting of shareholders. Attendance of any such person at a meeting of shareholders shall constitute a waiver of notice of the meeting except where that person attends a meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not properly called.

- 7.6 **List of Shareholders Entitled to Notice.** For every meeting of shareholders, the Corporation shall prepare a list of shareholders entitled to receive notice of the meeting, arranged in alphabetical order and showing the number of shares entitled to vote at the meeting held by each shareholder. If a record date for the meeting is fixed pursuant to subsection 7.7, the shareholders listed shall be those registered at the close of business on the record date and such list shall be prepared not later than ten days after such record date. If no record date is fixed, the list shall be prepared at the close of business on the day immediately preceding the day on which notice of the meeting is given, or where no such notice is given, the day on which the meeting is held and shall list all shareholders registered at such time. The list shall be available for examination by any shareholder during usual business hours at the registered office of the Corporation or at the place where the securities register is kept and at the place where the meeting is held.
- 7.7 **Record Date for Notice.** The board may fix in advance a record date, preceding the date of any meeting of shareholders by not more than 60 days and not less than 21 days, for the determination of the shareholders entitled to notice of the meeting; and notice of any such record date shall be given not less than seven days before such record date by newspaper advertisement in the manner provided in the Act. If no record date is so fixed, the record date for the determination of the shareholders entitled to notice of the meeting shall be the close of business on the day immediately preceding the day on which the notice is given.
- 7.8 **Meetings Without Notice.** A meeting of shareholders may be held without notice at any time and place permitted by the Act in accordance with the requirements of the Act and any other applicable legislation, regulation or

administrative policy. At such a meeting, any business may be transacted which the Corporation at a meeting of shareholders may transact.

- 7.9 **Chairman, Secretary and Scrutineers.** The chairman of any meeting of shareholders shall be the first mentioned of such of the following officers as have been appointed and who is present at the meeting and willing to serve: chairman of the board, managing director, president, or a vice-president who is a shareholder. If no such officer is present within 15 minutes from the time fixed for holding the meeting, the persons present and entitled to vote shall choose one of their number to be chairman. If the secretary of the Corporation is absent, the chairman shall appoint some person, who need not be a shareholder, to act as secretary of the meeting. If desired, one or more scrutineers, who need not be shareholders, may be appointed by a resolution or by the chairman with the consent of the meeting.
- 7.10 **Persons Entitled to be Present.** The only persons entitled to be present at a meeting of the shareholders shall be those entitled to vote thereat, the directors and auditor of the Corporation and others who, although not entitled to vote, are entitled or required under any provision of the Act, the articles or the by-laws to be present at the meeting. Any other person may be admitted only on the invitation of the chairman of the meeting or with the consent of the meeting.
- 7.11 **Quorum.** A quorum for the transaction of business at any meeting of shareholders shall be two (2), present in person, each being a shareholder entitled to vote thereat or a duly appointed proxy for an absent shareholder so entitled. Notwithstanding the foregoing, if the Corporation has only one shareholder, or only one shareholder of any class or series of shares, the shareholder present in person or by proxy constitutes a meeting and a quorum for such meeting.
- 7.12 **Right to Vote.** Subject to the provisions of the Act as to authorized representatives of any other body corporate, at any meeting of shareholders in respect of which the Corporation has prepared the list referred to in subsection 7.6, every person who is named in such list shall be entitled to vote the shares shown thereon opposite the name of that person except to the extent that such person has transferred any shares after the date on which the list is prepared or, where a record date has been fixed, after the record date and the transferee, upon producing properly endorsed certificates evidencing such shares or otherwise establishing that the transferee owns such shares, demands at any time prior to the meeting that the transferee's name be included to vote the transferred shares at the meeting. In the absence of a list prepared in this fashion in respect of a meeting of shareholders, every person shall be entitled to vote at the meeting who at the time is entered in the securities register as the holder of one or more shares carrying the right to vote at such meeting.
- 7.13 **Proxies.** Every shareholder entitled to vote at a meeting of shareholders may appoint a proxyholder, or one or more alternate proxyholders, who need not be shareholders, to attend and act at the meeting in the manner and to the extent

authorized and with the authority conferred by the proxy. A proxy shall be in writing executed by the shareholder or by the attorney of the shareholder or shall be an electronic document with an electronic signature and shall conform with the requirements of the Act.

- 7.14 **Time for Deposit of Proxies.** The board may specify in a notice calling a meeting of shareholders a time, preceding the time of such meeting by not more than 48 hours exclusive of non-business days, before which time proxies to be used at such meeting must be deposited. A proxy shall be acted upon only if, prior to the time so specified, it shall have been deposited with the Corporation or an agent thereof specified in such notice or, if no such time is specified in such notice, unless it has been received by the secretary of the Corporation or by the chairman of the meeting or any adjournment thereof prior to the time of voting.
- 7.15 **Joint Shareholders.** If two or more persons hold shares jointly, any one of them present in person or represented by proxy at a meeting of shareholders may, in the absence of the other or others, vote the shares; but if two or more of those persons are present in person or represented by proxy and vote, they shall vote as one the shares jointly held by them.
- 7.16 **Votes to Govern.** At any meeting of shareholders every question shall, unless otherwise required by law, be determined by the majority of the votes cast on the question. In the case of an equality of votes either upon a show of hands or upon a ballot, the chairman of the meeting shall not be entitled to a second or casting vote.
- 7.17 **Show of Hands.** Subject to the provisions of the Act, any question at a meeting of shareholders shall be decided by a show of hands unless a ballot thereon is required or demanded by electronic means or otherwise. Upon a show of hands, every person who is present and entitled to vote shall have one vote. Whenever a vote by show of hands shall have been taken upon a question, unless a ballot thereon is so required or demanded by electronic means or otherwise, a declaration by the chairman of the meeting as to the result of the vote upon the question and an entry to that effect in the minutes of the meeting shall be prima facie evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against any resolution or other proceeding in respect of such question, and the result of the vote so taken shall be the decision of the shareholders upon such question.
- 7.18 **Ballots.** On any question proposed for consideration at a meeting of shareholders, and whether or not a show of hands has been taken thereon, any shareholder or proxyholder entitled to vote at the meeting may demand a ballot. A ballot so demanded shall be taken in such manner as the chairman shall direct, which manner shall permit a shareholder or proxyholder participating in the meeting electronically to cast a ballot. A demand for a ballot may be withdrawn at any time prior to the taking of the ballot. The result of the ballot so taken shall be the decision of the shareholders upon the question.

- 7.19 **Resolution in Writing. Voting while participating electronically.** Any person participating in a meeting of shareholders by electronic means as provided in section 7.4 and entitled to vote at that meeting may vote, to the extent and in the manner permitted by law, partly or entirely by means of the telephonic, electronic or other communication facility that the Corporation has made available for that purpose.
- 7.20 **Resolution in Writing.** A resolution in writing signed by all of the shareholders entitled to vote on that resolution at a meeting of shareholders (or such lesser number of shareholders as are then required for a written resolution to be effective pursuant to the Act and any other applicable legislation, regulation or administrative policy) is as valid as if it had been passed at a meeting of the shareholders unless a written statement with respect to the subject matter of the resolution is submitted by a director or the auditor in accordance with the Act.

## SECTION EIGHT SECURITIES

- 8.1 **Registration of Transfer.** Subject to the provisions of the Act, no transfer of shares shall be registered in a securities register except upon presentation of the certificate representing such shares with a transfer endorsed thereon or delivered therewith duly executed by the registered holder or by that holder's attorney or successor duly appointed, together with such reasonable assurance or evidence of signature, identification and authority to transfer as the board may from time to time prescribe, upon payment of all applicable taxes and any fees prescribed by the board, upon compliance with such restrictions on transfer as are authorized by the articles and upon satisfaction of any lien referred to in subsection 8.4.
- 8.2 **Transfer Agents and Registrars.** The board may from time to time appoint a registrar to maintain the securities register and a transfer agent to maintain the register of transfers and may also appoint one or more branch registrars to maintain branch securities registers and one or more branch transfer agents to maintain branch registers of transfers, but one person may be appointed both registrar and transfer agent. The board may at any time terminate any such appointment.
- 8.3 **Lien on Shares.** The Corporation has a lien on any share or shares registered in the name of a shareholder or the legal representative of that shareholder for any debt of that shareholder to the Corporation.

- 8.4           **Enforcement of Lien.** The lien referred to in subsection 8.3 may be enforced by any means permitted by law and:
- (a)       where the share or shares are redeemable pursuant to the articles of the Corporation by redeeming such share or shares and applying the redemption price to the debt;
  - (b)       subject to the Act, by purchasing the share or shares for cancellation for a price equal to the book value of such share or shares and applying the proceeds to the debt;
  - (c)       by selling the share or shares to any third party whether or not such party is at arm's length to the Corporation, and including, without limitation, any officer or director of the Corporation, for the best price which the directors consider to be obtainable for such share or shares; or
  - (d)       by refusing to register a transfer of such share or shares until the debt is paid.
- 8.5           **Security Certificates.** Every holder of securities of the Corporation shall be entitled, at that holder's option, to a security certificate, or to a non-transferable written acknowledgement of the right to obtain a security certificate, stating the number and designation, class or series of securities held by that holder as shown on the securities register. Security certificates and acknowledgements of a securities holder's right to a security certificate, respectively, shall be in such form as the board shall from time to time approve. Any security certificate shall be signed in accordance with subsection 10.1. A security certificate shall be signed manually by at least one director or officer of the Corporation or by or on behalf of the transfer agent and/or registrar. Any additional signatures required may be printed or otherwise mechanically reproduced. A security certificate executed as aforesaid shall be valid notwithstanding that one of the directors or officers whose facsimile signature appears thereon no longer holds office at the date of issue of the certificate.
- 8.6           **Replacement of Security Certificates.** The board, any officer or any agent designated by the board has the discretion to direct the issue of a new security certificate in lieu of and upon cancellation of a security certificate that has been mutilated. In the case of a security certificate claimed to have been lost, destroyed or wrongfully taken, the board, any officer or any agent designated by the board shall issue a substitute security certificate if so requested before the Corporation has notice that the security has been acquired by a bona fide purchaser. The issuance of the substitute security certificate shall be on such reasonable terms as to indemnity, reimbursement of expenses and evidence of loss and of title as the board or the officer or the agent designated by the board responsible for such issuance may from time to time prescribe, whether generally or in any particular case.

- 8.7 **Joint Shareholders.** If two or more persons are registered as joint holders of any security, the Corporation shall not be bound to issue more than one certificate in respect thereof, and delivery of such certificate to one of such persons shall be sufficient delivery to all of them. Any one of such persons may give effectual receipts for the certificate issued in respect thereof or for any dividend, bonus, return of capital or other money payable or warrant issuable in respect of such security.
- 8.8 **Deceased Security Holders.** Subject to the provisions of paragraph 8.9, in the event of the death of a holder of any security, the Corporation shall not be required to make any entry in the securities register in respect thereof or to make payment of any dividends thereon except upon production of all such documents as may be required by law and upon compliance with the reasonable requirements of the Corporation, which reasonable requirements shall in the discretion of the board not necessarily include the production of letters probate or letters of administration.
- 8.9 **Deceased Jointly-Held Security Holders.** Where a share is registered in the name of two or more persons as joint holders with rights of survivorship, upon satisfactory proof of the death of one joint holder and without the requirement of letters probate or letters of administration, the Corporation shall treat the surviving joint holder(s) as the sole owner(s) of the share effective as of the date of death of such joint holder and the Corporation shall make the appropriate entry in the securities register to reflect such ownership.

## SECTION NINE DIVIDENDS AND RIGHTS

- 9.1 **Dividends.** Subject to the provisions of the Act, the board may from time to time by resolution declare and the Corporation may pay dividends to the shareholders according to their respective rights and interests in the Corporation.
- Dividends may be paid in money or property, subject to the restrictions on the declaration and payment thereof under the Act, or by issuing fully paid shares of the Corporation or options or rights to acquire fully paid shares of the Corporation.
- 9.2 **Dividend Cheques.** A dividend payable in cash shall be paid by cheque drawn on the Corporation's bankers or one of them to the order of each registered holder of shares of the class or series in respect of which it has been declared and mailed by prepaid ordinary mail to such registered holder at the recorded address of that holder, unless such holder otherwise directs. In the case of joint holders the cheque shall, unless such joint holders otherwise direct, be made payable to the order of all of such joint holders and mailed to them at their recorded address. The mailing of such cheque as aforesaid, unless the same is not paid on due presentation, shall satisfy and discharge the liability for the dividend to the extent

of the sum represented thereby plus the amount of any tax which the Corporation is required to and does withhold.

- 9.3 **Non-receipt of Cheques.** In the event of non-receipt of any dividend cheque by the person to whom it is sent as aforesaid, the Corporation shall issue to such person a replacement cheque for a like amount on such terms as to indemnity, reimbursement of expenses and evidence of non-receipt and of title as the board may from time to time prescribe, whether generally or in any particular case.
- 9.4 **Record Date for Dividends and Rights.** The board may fix in advance a date as a record date for the determination of the persons entitled to receive payment of dividends and to subscribe for securities of the Corporation, provided that such record date shall not precede by more than 60 days the particular action to be taken. Notice of any such record date shall be given not less than seven days before such record date, by newspaper advertisement in the manner provided in the Act, unless notice of the record date is waived by every holder of a share of the class or series affected whose name is set out in the securities register at the close of business on the day the directors fix the record date. If the shares of the Corporation are listed for trading on one or more stock exchanges in Canada, notice of such record date shall also be sent to such stock exchanges. Where no record date is fixed in advance as aforesaid, the record date for the determination of the persons entitled to receive payment of any dividend or to exercise the right to subscribe for securities of the Corporation shall be at the close of business on the day on which the resolution relating to such dividend or right to subscribe is passed by the board.
- 9.5 **Unclaimed Dividends.** Any dividend unclaimed after a period of six years from the date on which it has been declared to be payable shall be forfeited and shall revert to the Corporation.

## **SECTION TEN GENERAL**

- 10.1 **Execution of Instruments.** Contracts, documents and other instruments in writing may be signed on behalf of the Corporation by such person or persons as the board may from time to time by resolution designate. In the absence of an express designation as to the persons authorized to sign either contracts, documents or instruments in writing generally or to sign specific contracts, documents or instruments in writing, any one of the directors or officers of the Corporation may sign contracts, documents or instruments in writing on behalf of the Corporation. The corporate seal, if any, of the Corporation may be affixed to any contract, obligation or instrument in writing requiring the corporate seal of the Corporation by any person authorized to sign the same on behalf of the Corporation.

The phrase "contracts, documents and other instruments in writing" as used in this provision shall include deeds, mortgages, hypothecs, charges, conveyances,

transfers and assignments of property, real or personal, immovable or movable, agreements, releases, receipts and discharges for the payment of money or other obligations, conveyances, transfers and assignments of securities, all paper writings, all cheques, drafts or orders for the payment of money and all notes, acceptances and bills of exchange.

- 10.2 **Voting Rights in other Corporations.** All securities carrying voting rights of any other corporation held from time to time by the Corporation may be voted at any and all meetings of shareholders, bond holders, debenture holders or holders of other securities (as the case may be) of such other corporation and in such manner as the board may from time to time determine. Any person or persons authorized to sign on behalf of the Corporation may also from time to time execute and deliver for and on behalf of the Corporation proxies and/or arrange for the issuance of voting certificates and/or other evidence of the right to vote in such names as they may determine.

## SECTION ELEVEN NOTICES

- 11.1 **Method of Sending Notice.** Any notice (which term includes any communication or document) to be sent pursuant to the Act, the articles, the by-laws or otherwise to a shareholder, director, officer, or to the auditor shall be sufficiently sent if (i) delivered personally to the person to whom it is to be sent, (ii) delivered to the recorded address of that person or, if mailed to that person, delivered the recorded address by prepaid mail (iii) sent to that person at the recorded address by any means of prepaid transmitted or recorded communication or (iv) provided as an electronic document to that person's information system. A notice so delivered shall be deemed to have been sent when it is delivered personally or the recorded address. A notice so mailed shall be deemed to have been sent when deposited in a post office or public letter box and shall be deemed to have been received on the fifth day after so depositing. A notice so sent by any means of transmitted or recorded communication or provided as an electronic document shall be deemed to have been sent when dispatched by the Corporation if it uses its own facilities or information system and otherwise when delivered to the appropriate communication company or agency or its representative for dispatch. Notices sent by any means of transmitted or recorded communication or provided as an electronic document shall be deemed to have been received on the business day on which such notices were sent, or on the next business day following, if sent on a day other than a business day. The secretary may change or cause to be changed the recorded address, including any address to which electronic communications of any kind may be sent, of any shareholder, director, officer or auditor in accordance with any information believed by the secretary to be reliable. The recorded address of a director shall be the latest address as shown in the records of the Corporation or in the most recent notice filed under the *Corporations Information Act (Ontario)*, whichever is the more current.

- 11.2 **Notice by Electronic Documents.** A requirement under the Act or this by-law to provide a person with a notice, document or other information is not satisfied by the provision of an electronic document unless the provision of an electronic document is permitted by law and all requirements prescribed by law are met.
- 11.3 **Electronic Signatures.** A requirement under the Act or this by-law for a signature or for a document to be executed, is satisfied by a signature or execution in electronic form if such is permitted by law and all requirements prescribed by law are met.
- 11.4 **Notice to Joint Shareholders.** If two or more persons are registered as joint holders of any share, any notice shall be addressed to all of such joint holders but notice sent to one of such persons shall be sufficient notice to all of them.
- 11.5 **Computation of Time.** In computing the date when notice must be sent under any provision requiring a specified number of days notice of any meeting or other event, both the date of sending the notice and the date of the meeting or other event shall be excluded.
- 11.6 **Undelivered Notices.** If any notice sent to a shareholder pursuant to subsection 11.1 is returned on three consecutive occasions because the shareholder cannot be found, the Corporation shall not be required to give any further notices to such shareholder until the shareholder informs the Corporation in writing of a new address.
- 11.7 **Omissions and Errors.** The accidental omission to send any notice to any shareholder, director, officer or to the auditor or the non-receipt of any notice by any such person or any error in any notice not affecting the substance thereof shall not invalidate any action taken at any meeting held pursuant to such notice or otherwise founded thereon.
- 11.8 **Persons Entitled by Operation of Law.** Every person who, by operation of law, transfer or by any other means whatsoever, shall become entitled to any share, shall be bound by every notice in respect of such share which shall have been duly sent to the shareholder from whom that person derives title to such share prior to the name and address of that person being entered on the securities register (whether such notice was given before or after the happening of the event upon which that person became so entitled).
- 11.9 **Deceased Shareholders.** Any notice duly sent to any shareholder shall be deemed to have been duly served in respect of the shares held by the shareholder (whether held solely or with other persons), notwithstanding that such shareholder is then deceased and whether or not the Corporation has notice of the death, until some other person is entered instead in the securities register of the Corporation as the holder or as one of the holders thereof and such service shall for all purposes be deemed a sufficient service of notice to the heirs, executors or

administrators of the deceased and all persons, if any, interested with the deceased in such shares.

- 11.10 **Waiver of Notice.** Any shareholder (or a duly appointed proxyholder), director, officer or auditor may at any time waive any notice, or waive or abridge the time for any notice, required to be given to that person under any provisions of the Act, the regulations thereunder, the articles, the by-laws or otherwise and such waiver or abridgement shall cure any default in the giving or in the time of such notice, as the case may be. Any such waiver or abridgement shall be in writing except a waiver of notice of a meeting of shareholders or of the board which may be given in any manner.
- 11.11 **Execution of Notices.** The signature of any director or officer of the Corporation to any notice may be written, stamped, typewritten or printed or partly written, stamped, typewritten or printed.
- 11.12 **Proof of Service.** A certificate of any officer or director of the Corporation in office at the time of making of the certificate or of an agent of the Corporation as to facts in relation to the sending of any notice to any shareholder, director, officer or auditor or publication of any notice shall be conclusive evidence thereof and shall be binding on every shareholder, director, officer or auditor of the Corporation, as the case may be.

The foregoing resolution making By-law No. 1 of the Corporation, being a by-law relating generally to the regulation of the business and affairs of the Corporation, is signed by the sole director of the Corporation.

**DATED** as of the 18<sup>th</sup> day of June, 2004.

*"William Gorman"*

EXHIBIT "A" FORM OF FACE OF SECURITY  
SCHEDULE 1

INDENTURE dated as of November 18, 2004, among ATLANTIC POWER CORPORATION, a corporation incorporated under the laws of the Province of Ontario (the "Company"), ATLANTIC POWER HOLDINGS, LLC ("Atlantic Holdings"), TETON POWER FUNDING LLC, EPSILON POWER FUNDING, LLC, MP POWER, LLC, ONONDAGA COGENERATION L.P., TETON EAST COAST GENERATION, LLC, TETON FUELS MID-GEORGIA, LLC, TETON SELKIRK, LLC, BADGER POWER GENERATION I, LLC, BADGER POWER GENERATION II, LLC, BAKER LAKE HYDRO LLC, DADE INVESTMENT, L.P., GEDDES II COMPANY, LLC, GEDDES COGENERATION COMPANY LLC, MEP RUMFORD, LLC, NCP DADE POWER LLC, NCP HOUSTON POWER LLC, NCP PASCO, LLC, NCP PERRY, LLC, OLYMPIA HYDRO, LLC, ORLANDO POWER GENERATION I, LLC, ORLANDO POWER GENERATION II, LLC, STOCKTON COGEN (II), LLC, UMATILLA GROVES, LLC, TETON OPERATING SERVICES, LLC as Guarantors and COMPUTERSHARE TRUST COMPANY OF CANADA, as trustee (the "Trustee") and not in its personal capacity.

WHEREAS the Company desires to create and issue certain securities in the manner described herein;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each party agrees as follows for the benefit of the other parties and for the equal and rateable benefit of the Holders (as defined herein) of (i) the Original Securities (as defined herein), and (ii) any Additional Securities (as defined herein) that may be issued on any Issue Date (as defined herein) (together with the Original Securities, the "Securities"). Except as otherwise provided herein, \$221,045,000 in aggregate principal amount of Original Securities shall be initially issued on the date hereof pursuant to the Underwriting Agreement (as defined herein) and by private placement pursuant to the Subscription Agreement. Subject to the conditions and in compliance with the covenants set forth herein, the Company may issue an unlimited aggregate principal amount of Additional Securities from time to time in compliance with this Indenture.

The foregoing representations and statements of fact are made by the Company and not by the Trustee.

## ARTICLE 1 DEFINITION AND INCORPORATION BY REFERENCE

### 1.01 Definitions

"1940 Act" is defined in Section 2.19.

"Acceleration Forebearance Period" means, so long as the Company has Designated Senior Indebtedness, the period beginning on the date when the Trustee or the Holders of at least 25% (or Holders of the Reduced Threshold Amount for a Reduced Threshold Default) in principal amount of the outstanding Securities provide the Company with a notice of acceleration pursuant to Section 6.02 herein and expiring on the earliest of: (a) 179 days after the commencement of such period, provided, however, that in the event that there has been any prior Acceleration Forebearance Period in the immediately preceding 12 month period, the duration of the Acceleration Forebearance Period will be automatically reduced by the

cumulative duration of all prior Acceleration Forebearance Periods that occurred during the preceding 12 month period; (b) the date the holders of Designated Senior Indebtedness accelerate the Designated Senior Indebtedness or any enforcement or collection action shall have been commenced with respect thereto; (c) the occurrence or existence of an Event of Default described in Sections 6.01(g) or 6.01(h); and (d) the Stated Maturity of the Securities.

“**Additional Amounts**” has the meaning ascribed thereto in Section 2.17.

“**Additional Securities**” means an unlimited aggregate principal amount of subordinated notes issued from time to time under the terms of this Indenture subsequent to the Closing Date.

“**Affiliate**” of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. For purposes of this definition, “control” (including, with correlative meanings, the terms “controlling”, “controlled by” and “under common control with”), as used with respect to any Person, means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of such Person, whether through the ownership of voting securities, by agreement or otherwise.

“**Affiliate Transaction**” is defined in Section 4.07(a).

“**Agent Members**” is defined in Section 2.04(b).

“**Applicable Laws**” means any and all laws, including all federal, state, provincial and local statutes, codes, ordinances, decrees, rules, regulations and municipal by-laws and all judicial, arbitral, administrative, ministerial, departmental or regulatory judgments, orders, decisions, rulings or awards or other requirements of any other governmental entity, binding on or affecting the Person referred to in the context in which the term was used.

“**Asset Sale**” means: (i) the sale, conveyance, transfer or other disposition (whether in a single transaction or a series of related transactions) of property or assets (including by way of a Sale/Leaseback Transaction) of the Company or any Subsidiary of the Company (each referred to in this definition as a “**disposition**”) or (ii) the issuance or sale of Equity Interests of any Subsidiary of the Company (other than to the Company or to a Wholly-Owned Subsidiary of the Company) (whether in a single transaction or a series of related transactions), in each case other than: (a) a disposition of Cash Equivalents or Investment Grade Securities or obsolete or worn out equipment in the ordinary course of business; (b) the disposition of all or substantially all of the assets of the Company in a manner permitted pursuant to Section 5.01 or any disposition that constitutes a Change of Control; (c) any Restricted Payment or Permitted Investment that is permitted to be made, and is made, under Section 4.04; (d) any disposition of property or assets by a Subsidiary of the Company to the Company or by the Company or a Subsidiary of the Company to a Wholly-Owned Subsidiary of the Company; (e) any exchange of like property for use in a Similar Business; (f) sales of assets received by the Company upon the foreclosure on a Lien; and (g) sales of inventory in the ordinary course of business consistent with past practices and sales of equipment upon termination of a contract with a client entered into in the ordinary course of business pursuant to the terms of such contract.

“**Asset Sale Offer**” is defined in Section 4.06(b)(B).

“**Atlantic Holdings**” means Atlantic Power Holdings, LLC, a limited liability company formed under the laws of Delaware.

“**Bankruptcy Law**” means Title 11, United States Code, or any similar federal or state law for the relief of debtors, or the *Bankruptcy and Insolvency Act* (Canada) or any other Canadian federal or provincial law or foreign law relating to bankruptcy, insolvency, winding up, liquidation, reorganization or relief of debtors.

“**Blockage Notice**” is defined in Section 11.03(a).

“**Board of Directors**” means the Board of Directors of the Company or any committee thereof duly authorized to act on behalf of such Board.

“**Business Day**” means a day other than a Saturday, Sunday or other day on which the Trustee’s office is closed or any other day on which banking institutions in the Province of Ontario are authorized or required by law to close.

“**Capitalized Lease Obligations**” means, at the time any determination thereof is to be made, the amount of the liability in respect of a capital lease that would at such time be required to be capitalized and reflected as a liability on a balance sheet (excluding the footnotes thereto) in accordance with GAAP.

“**Capital Stock**” means: (i) in the case of a corporation, corporate stock or equity interests, including, without limitation, corporate stock represented by IPSs and corporate stock outstanding upon the separation of IPSs into the securities represented thereby; (ii) in the case of an association or business entity, any and all shares, interests, participations, rights or other equivalents (however designated) of corporate stock; (iii) in the case of a partnership or limited liability company, partnership or membership interests (whether general or limited); and (iv) any other interest or participation that confers on a Person the right to receive a share of the profits and losses of, or distributions of assets of, the issuing Person.

“**Cash Equivalents**” means: (i) Cdn. dollars and foreign currency exchanged into Cdn. dollars within 180 days; (ii) securities issued or directly and fully guaranteed or insured by the Canadian government or any agency or instrumentality thereof; (iii) certificates of deposit, time deposits and Eurodollar time deposits with maturities of 180 days or less from the date of acquisition, bankers’ acceptances with maturities not exceeding 180 days and overnight bank deposits, in each case with any commercial bank having capital and surplus in excess of \$200,000,000 and whose long-term debt is rated “A” or the equivalent thereof by Moody’s or S&P; (iv) repurchase obligations for underlying securities of the types described in clauses (ii) and (iii) above entered into with any financial institution meeting the qualifications specified in clause (iii) above; (v) commercial paper issued by a corporation (other than an Affiliate of the Company or an Affiliate of a Subsidiary of the Company) rated at least “A (low)” or higher by DBRS or “A3 higher by Moody’s or “A-” or higher by S&P and in each case maturing within one year after the date of acquisition; (vi) investment funds investing at least 95% of their assets in securities of the types described in clauses (i) through (v) above; (vii) readily marketable direct obligations issued by or guaranteed by the Government of Canada, any state of the United States of America or any political subdivision thereof having one of the two highest rating

categories obtainable from DBRS, Moody's or S&P; and (viii) Indebtedness or preferred stock issued by Persons with a rating of P-2 or higher by DBRS, "A" or higher from S&P or "A-2" or higher from Moody's.

**"Cash Flow Coverage Ratio"** means for the most recently ended four full fiscal quarters of the Company for which financial statements are available, the ratio of Company Cash Flow for such period to the total Interest Expense of the Company plus any mandatory principal repayments on outstanding Indebtedness of the Company for such period.

**"Change of Control"** means the occurrence of any of the following events:

- (i) the sale, lease or transfer to any Person or group, in one or a series of related transactions, of the Company's or Atlantic Holdings' assets generating more than 66 2/3% of Company Cash Flow for the 12-month period ended on the last day of the most recent fiscal quarter to any Person or group;
- (ii) the adoption of a plan relating to the liquidation or dissolution of the Company or Atlantic Holdings;
- (iii) the acquisition by any Person or group of a direct or indirect interest in more than 50% of: (A) the Common Shares of the Company or the common membership interests of Atlantic Holdings; or (B) the voting power or Voting Stock of the Company or Atlantic Holdings; by way of purchase, merger or consolidation or otherwise (other than a creation of a holding company that does not involve a change in the beneficial ownership of the Company as a result of such transaction); or
- (iv) the merger or consolidation of the Company or Atlantic Holdings with or into another Person or the merger of another Person into the Company or Atlantic Holdings with the effect that immediately after such transaction the shareholders of the Company or the holders of common membership interests of Atlantic Holdings immediately prior to such transaction hold, directly or indirectly, less than 50% of the total Voting Stock of the Person surviving such merger or consolidation, in each case other than the creation of a holding company that does not involve a change in the beneficial ownership of the Company or Atlantic Holdings as a result of such transaction.

**"Change of Control Offer"** is defined in Section 4.09(c).

**"Closing Date"** means the date of this Indenture.

**"Code"** means the *United States Internal Revenue Code of 1986*, as amended.

**"Collateral Agent"** means the Bank of Montreal and its successors and assigns as collateral agent pursuant to the collateral agency and intercreditor agreement dated the date hereof among the lenders that are party to the Credit Facilities, Bank of Montreal as administrative agent for the lenders under the Credit Facilities, the Collateral Agent, the Trustee and certain other parties.

“**Common Shares**” means the common shares in the capital of the Company.

“**Company**” means Atlantic Power Corporation until a successor replaces it and, thereafter, means the successor and each other obligor of the Securities.

“**Company Cash Flow**” means, for any period, the difference of (i) the aggregate amount of all cash distributions received or receivable in respect of such period, by the Company from Atlantic Holdings or any other source during such period plus the Company’s *pro rata* share (based on its common membership ownership interest in Atlantic Holdings) of any cash distributions received by Atlantic Holdings in respect of such period and retained by Atlantic Holdings, in each such case exclusive of any distribution attributable to any net proceeds realized by the Company, a Subsidiary of the Company or a Project upon the sale or disposition of plant, property and equipment, which is not disposed of in the ordinary course of business and any other extraordinary items, minus (ii) any amounts paid by the Company in respect of expenses (other than Interest Expense), including taxes determined on a pro forma, annual basis for a full tax year.

“**Company’s Certificate**” means a certificate signed on behalf of the Company by two Officers of the Manager, one of whom must be the principal executive officer, the principal financial officer, the treasurer or the principal accounting officer of the Manager that meets the requirements set forth in this Indenture or if the Company no longer has a Manager, a certificate signed by analogous officers of Company.

“**covenant defeasance option**” is defined in Section 8.01(b).

“**Credit Facilities**” means the credit facilities by an affiliate of BMO Nesbitt Burns Inc. to Atlantic Holdings in existence on the Closing Date in the aggregate amount of US\$50,000,000.

“**Custodian**” means any receiver, receiver and manager, monitor, trustee, assignee, liquidator, custodian or similar official under any Bankruptcy Law.

“**DBRS**” means Dominion Bond Rating Service Limited.

“**Default**” means any event which is, or after notice or passage of time or both would be, an Event of Default.

“**Definitive Security**” means a certificated Security that does not include the Global Securities Legend.

“**Depository**” means The Canadian Depository for Securities Limited, its nominees and their respective successors.

“**Designated Non-Cash Consideration**” means the Fair Market Value of non-cash consideration received by the Company or one of its Subsidiaries in connection with an Asset Sale that is so designated as Designated Non-Cash Consideration pursuant to a Company’s Certificate, setting forth the basis of such valuation, less the amount of Cash Equivalents received in connection with a subsequent sale of such Designated Non-Cash Consideration.

**“Designated Senior Indebtedness”** means outstanding Senior Indebtedness which requires subordinated debt of the Company to have a forbearance provision.

**“Disqualified Recipient”** means (i) any Person that owns, directly or indirectly (through ownership of IPSs or otherwise) and after application of the constructive ownership rules of Code section 871(h)(3), 10 % or more of the total combined voting power of all classes of equity of the Company entitled to vote, (ii) a controlled foreign corporation related to the Company within the meaning of Code section 881(c)(3)(C), or (iii) a bank described in Code section 881(c)(3)(A) with respect to the Securities.

**“Disqualified Stock”** means, with respect to any Person, any Capital Stock of such Person which, by its terms (or by the terms of any security into which it is convertible or for which it is redeemable or exchangeable), or upon the happening of any event: (i) matures or is mandatorily redeemable, pursuant to a sinking fund obligation or otherwise; (ii) is convertible or exchangeable for Indebtedness or Disqualified Stock; or (iii) is redeemable at the option of the holder thereof, in whole or in part, in each case prior to the first anniversary of the Stated Maturity of the Securities; provided, however, that only the portion of Capital Stock which so matures or is mandatorily redeemable, is so convertible or exchangeable or is so redeemable at the option of the holder thereof prior to such first anniversary shall be deemed to be Disqualified Stock; provided further, however, that if such Capital Stock is issued to any director, manager, officer, employee or to any plan for the benefit of such parties of the Company or its Subsidiaries or by any such plan to such parties, such Capital Stock shall not constitute Disqualified Stock solely because it may be required to be repurchased by the Company in order to satisfy applicable statutory or regulatory obligations or as a result of such parties’ termination, death or disability.

**“Documentary Taxes”** is defined in Section 2.17.

**“Equity Interests”** means Capital Stock and all warrants, options or other rights to acquire Capital Stock (but excluding any debt security that is convertible into, or exchangeable for, Capital Stock).

**“ERISA Plan”** shall mean any employee benefit plan that is subject to the fiduciary and prohibited transaction provisions of Part 4 of Subtitle B of Title I of the *Employee Retirement Income Security Act of 1974*, as amended and/or any plan that is subject to Section 4975 of the *Internal Revenue Code of 1986*, as amended, any trust holding assets of such a plan, and any entity that is deemed to hold the assets of such a plan pursuant to 29 C.F.R. Section 2510.3-101.

**“Event of Default”** is defined in Section 6.01.

**“Excess Proceeds”** is defined in Section 4.06(b)(B).

**“Excluded Contributions”** means the net cash proceeds received by the Company after the Closing Date from (i) contributions to its common equity capital and (ii) the sale (other than to a Subsidiary of the Company or to any Company or Subsidiary management equity plan or stock option plan or any other management or employee benefit plan or agreement) of Capital Stock (other than Disqualified Stock and Designated Preferred Stock) of

the Company, in each case designated as Excluded Contributions pursuant to a Company's Certificate executed by an Officer of the Company.

**"Existing Investors"** means Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC.

**"Existing Investor Interests"** means the common membership interests and Class B membership interests in Atlantic Holdings held by the Existing Investors following the Closing Date.

**"Extraordinary Resolution"** is defined in Section 10.12(a).

**"Fair Market Value"** means, with respect to any asset or property, the price which could be negotiated in an arm's-length, free market transaction, for cash, between a willing seller and a willing and able buyer, neither of who is under undue pressure or compulsion to complete the transaction.

**"GAAP"** means generally accepted accounting principles from time to time approved by the Canadian Institute of Chartered Accountants.

**"Global Securities Legend"** is defined in Section 2.04(c).

**"Global Security"** is defined in Section 2.04(a).

**"Government Obligations"** means direct obligations (or certificates representing an ownership interest in such obligations) of Canada or the United States of America (including any agency or instrumentality thereof) for the payment of which the full faith and credit of Canada or of the United States of America is pledged and which are not callable or redeemable at the Company's option.

**"guarantee"** means a guarantee (other than by endorsement of negotiable instruments for collection in the ordinary course of business) direct or indirect, in any manner (including, letters of credit and reimbursement agreements in respect thereof), of all or any part of any Indebtedness or other obligations.

**"Guarantee"** means any guarantee of the obligations of the Company under this Indenture and the Securities by any Person in accordance with the provisions of this Indenture.

**"Guaranteed Obligations"** means all the obligations of the Company under this Indenture (including obligations to the Trustee) and the Securities, guaranteed by a Guarantee.

**"Guarantor"** means any Person that Incurs a Guarantee including the parties listed as Guarantors on Schedule I; provided that upon the release or discharge of such Person from its Guarantee in accordance with this Indenture, such Person ceases to be a Guarantor.

**"Hedging Obligations"** means, with respect to any Person, the obligations of such Person under (i) currency exchange, interest rate or commodity swap agreements, currency exchange, interest rate or commodity cap agreements and currency exchange, interest rate or commodity collar agreements and (ii) other agreements or arrangements designed to protect such Person against fluctuations in currency exchange, interest rates or commodity prices.

**“Holder”** means a **“Securityholder”**.

**“IPSS”** means the Company’s income participating securities each representing one common share of the Company and \$5.767 aggregate principal amount of 11.0% subordinated notes issued by the Company, whether currently outstanding or as may be issued from time to time.

**“Incur”** means issue, assume, guarantee, incur or otherwise become liable for and **“Incurred”** or **“Incurrence”** will have a corresponding meaning; provided, however, that any Indebtedness or Capital Stock of a Person existing at the time such Person becomes a Subsidiary (whether by merger, consolidation, acquisition or otherwise) shall be deemed to be Incurred by such Person at the time it becomes a Subsidiary.

**“Indebtedness”** means, with respect to any Person: (i) the principal of any indebtedness of such Person, whether or not contingent: (a) in respect of borrowed money, (b) evidenced by bonds, notes, debentures or similar instruments or letters of credit or bankers’ acceptances (or, without duplication, reimbursement agreements in respect thereof), (c) representing the deferred and unpaid purchase price of any property, except any such balance that constitutes a trade payable or similar obligation to a trade creditor due within six months from the date on which it is Incurred and Incurred in the ordinary course of business, which purchase price is due more than six months after the date of placing the property in service or taking delivery and title thereto, or (d) in respect of Capitalized Lease Obligations; (ii) to the extent not otherwise included, any obligation of such Person to be liable for, or to pay, as obligor, guarantor or otherwise, on the Indebtedness of another Person (other than by endorsement of negotiable instruments for collection in the ordinary course of business); and (iii) to the extent not otherwise included, Indebtedness of another Person secured by a Lien on any asset owned by such Person (whether or not such Indebtedness is assumed by such Person); provided, however, that the amount of such Indebtedness will be the lesser of (a) the Fair Market Value of such asset at such date of determination and (b) the amount of such Indebtedness of such other Person; provided, further, that any obligation of Company or any Subsidiary in respect of account credits or participants under any employee, director or officer compensation plan of the Company or Subsidiary and any obligation of the Company or any Subsidiary in respect of the Liquidity Right, will be deemed not to constitute Indebtedness.

**“Indenture”** means this Indenture, as amended or supplemented from time to time.

**“Independent Financial Advisor”** means an accounting, appraisal or investment banking firm or consultant to Persons engaged in a Similar Business, in each case of nationally recognized standing that is, in the good faith determination of the Company, qualified to perform the task for which it has been engaged.

**“Interest Expense”** means, in respect of any Person, for any period, the total cash interest expense (including that attributable to Capitalized Lease Obligations) of such Person for such period with respect to all outstanding Indebtedness of such Person (including, without limitation, all commissions, discounts and other fees and charges owed by such Person with respect to letters of credit and bankers’ acceptance financing and net costs of such Person under hedge agreements in respect of interest rates to the extent such net costs are allocable to such period in accordance with GAAP).

**“Interest Payment Date”** means, with respect to any Security, the Stated Maturity or the date specified as the fixed date on which an instalment of interest on such Security is due.

**“Investment Grade Securities”** means (i) securities issued or directly and fully guaranteed or insured by the United States or Canadian government or any agency or instrumentality thereof (other than Cash Equivalents), (ii) debt securities or debt instruments with a rating of BBB (low) or higher by DBRS, BBB- or higher by S&P or Baa3 or higher by Moody’s or the equivalent of such rating by such rating organization, or if no rating of DBRS, S&P or Moody’s then exists, the equivalent of such rating by any other nationally recognized securities rating agency, but excluding any debt securities or instruments constituting loans or advances among the Company and its Subsidiaries, and (iii) investments in any fund that invests exclusively in investments of the type described in clauses (i) and (ii) which fund may also hold immaterial amounts of cash pending investment and/or distribution.

**“Investments”** means, with respect to any Person, all investments by such Person in other Persons (including Affiliates) in the form of loans (including guarantees), advances or capital contributions (excluding accounts receivable, trade credit and advances to customers and commission, travel and similar advances to officers, employees and consultants made in the ordinary course of business), purchases or other acquisitions for consideration (including agreements providing for the adjustment of purchase price) of Indebtedness, Equity Interests or other securities issued by any other Person and investments that are required by GAAP to be classified on the balance sheet of the Company in the same manner as the other investments included in this definition to the extent such transactions involve the transfer of cash or other property.

**“Issue Date”**, with respect to any Securities, means the date on which such Securities are authenticated.

**“legal defeasance option”** is defined in Section 8.01(b).

**“Legal Holiday”** is defined in Section 15.08.

**“Lien”** means, with respect to any asset, any mortgage, lien, pledge, charge, security interest or encumbrance of any kind in respect of such asset, whether or not filed, recorded or otherwise perfected under applicable law (including any conditional sale or other title retention agreement, any lease in the nature thereof, any option or other agreement to sell or give a security interest in and any filing of or agreement to give any financing statement under the *Personal Property Security Act* (Ontario) (or equivalent statutes) of any jurisdiction); provided that in no event will an operating lease be deemed to constitute a Lien.

**“Liquidity Right”** means the right in the limited liability company agreement of Atlantic Holdings permitting the holders of the Existing Investor Interests to require Atlantic Holdings to purchase for cancellation the Existing Investor Interests as further described in the Prospectus under “Retained Interest – Liquidity Rights of Existing Investors”.

**“Major Project Operating Entity”** means a Project Operating Entity if the cash distributions received indirectly by Atlantic Holdings from such Project Operating Entity during the 12 month period ended on the last day of the most recent fiscal quarter represent, in the

aggregate, 20% or more of the consolidated cash flow of Atlantic Holdings determined in accordance with U.S. GAAP for such period.

**“Major Subsidiary”** means a Subsidiary of the Company if the cash flow of the Subsidiary for the 12 month period ended on the last day of the most recent fiscal quarter, on a consolidated basis, is equal to or greater than 20% of the consolidated cash flow of the Company determined in accordance with U.S. GAAP for such period and includes each Major Project Operating Entity.

**“Management Agreement”** means the management agreement to be entered into on or prior to the date hereof between the Manager, the Company and Atlantic Holdings, as may be amended, supplemented and restated from time to time.

**“Manager”** means Atlantic Power Management, LLC and its successors and assigns.

**“Moody’s”** means Moody’s Investors Service, Inc.

**“Net Proceeds”** means the aggregate cash proceeds received by the Company or any of its Subsidiaries in respect of any Asset Sale (including, without limitation, any cash received in respect of or upon the sale or other disposition of any Designated Non-Cash Consideration received in any Asset Sale and any cash payments received by way of deferred payment of principal pursuant to a note or instalment receivable or otherwise, but only as and when received, but excluding the assumption by the acquiring Person of Indebtedness relating to the disposed assets or other considerations received in any other non-cash form), net of the direct costs to the Company relating to such Asset Sale and the sale or disposition of such Designated Non-Cash Consideration (including, without limitation, legal, accounting and investment banking fees, and brokerage and sales commissions), and any relocation expenses Incurred as a result thereof, taxes paid or payable as a result thereof (after taking into account any available tax credits or deductions and any tax sharing arrangements related thereto), amounts required to be applied to the repayment of principal, premium (if any) and interest on Indebtedness required other than pursuant to Section 4.06(b) to be paid as a result of such transaction, and any deduction of appropriate amounts to be provided by the Company as a reserve in accordance with GAAP against any liabilities associated with the asset disposed of in such transaction and retained by the Company after such sale or other disposition thereof, including, pension and other post-employment benefit liabilities and liabilities related to environmental matters or against any indemnification obligations associated with such transaction.

**“Non Resident Holder”** is defined in Section 2.18.

**“Non-U.S. Holder”** means a beneficial owner of Securities that is not: (i) a citizen or individual resident in the United States for United States federal income tax purposes, (ii) a corporation or other entity taxable as a corporation created or organized under the laws of the United States or a political subdivision thereof, (iii) an estate, the income of which is subject to United States federal income tax regardless of the source, or (iv) a trust, if (A) a court within the United States is able to exercise primary supervision over the trust’s administration and one or more United States persons have the authority to control all of its substantial decisions, or (B) the trust was in existence on August 20, 1996 and has properly elected under applicable Treasury Regulations to continue to be treated as a United States person.

“**Obligations**” means any principal, interest, penalties, fees, indemnifications, reimbursements (including, reimbursement obligations with respect to letters of credit and bankers’ acceptances), damages and other liabilities payable under the documentation governing any Indebtedness; provided that Obligations with respect to the Securities will not include fees or indemnifications in favour of the Trustee and other third parties other than the Holders of the Securities.

“**Officer**” means the Chairman of the Board, the President, any Chief Executive Officer, Chief Financial Officer, Senior Vice President or Vice President, the Treasurer or the Secretary of the Manager or if the Company no longer has a Manager, any analogous officers of the Company.

“**Opinion of Counsel**” means a written opinion from legal counsel. The counsel may be an employee of or counsel to the Company.

“**Original Securities**” means the Company’s 11% Subordinated Notes due 2016 issued on the Closing Date both issued in separate form or represented by the IPSs.

“**Pari Passu Indebtedness**” means with respect to any Unsecured Guarantor all Unsecured Indebtedness of the Unsecured Guarantor, including interest thereon (including interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to the Unsecured Guarantor whether or not a claim for post-filing interest is allowed in such proceeding) and other amounts (including make-whole, fees, expenses, reimbursement obligations under letters of credit and indemnities) owing in respect thereof, whether outstanding on the Closing Date or thereafter Incurred, which Unsecured Indebtedness shall rank *pari passu* in right of payment to the Securities or the Unsecured Guarantor’s Guarantee, unless in the instrument creating or evidencing the Unsecured Indebtedness or pursuant to which the Unsecured Indebtedness is outstanding it is provided that such obligations are not *pari passu* in right of payment to the Securities or the Unsecured Guarantor’s Guarantee.

“**pay its Secured Guarantee**” is defined in Section 12.03(a).

“**pay its Unsecured Guarantee**” is defined in Section 13.03(a).

“**pay the Securities**” is defined in Section 11.03(a).

“**Paying Agent**” is defined in Section 2.06.

“**Payment Blockage Period**” is defined in Section 11.03(a).

“**Permitted Investments**” means: (i) any Investment in the Company or any Subsidiary; (ii) any Investment in Cash Equivalents or Investment Grade Securities; (iii) any Investment by the Company or any Subsidiary of the Company in a Person that is primarily engaged in a Similar Business; (iv) any Investment in securities or other assets not constituting Cash Equivalents and received in connection with an Asset Sale made pursuant to Section 4.06 or any other disposition of assets not constituting an Asset Sale; (v) any Investment existing on the Closing Date; (vi) advances to employees of the Company or any Subsidiary not in excess of US\$5 million outstanding at any one time in the aggregate; (vii) any Investment acquired by the Company or any of its Subsidiaries: (a) in exchange for any other Investment or accounts receivable held by the Company or any such Subsidiary in connection with or as a result of a

bankruptcy, workout, reorganization or recapitalization of the issuer of such other Investment or accounts receivable, or (b) as a result of a foreclosure by the Company or any of its Subsidiaries with respect to any secured Investment or other transfer of title with respect to any secured Investment in default; (viii) Hedging Obligations permitted under Section 4.03(b)(viii); (ix) additional Investments having an aggregate Fair Market Value, taken together with all other Investments made pursuant to this clause that are at that time outstanding, not to exceed the greater of 7.5% of total assets of the Company on a consolidated basis or US\$5 million at the time of such Investment (with the Fair Market Value of each Investment being measured at the time made and without giving effect to subsequent changes in value); (x) loans and advances to officers, directors and employees for business-related travel expenses, moving expenses and other similar expenses, in each case Incurred in the ordinary course of business, and account credits and payments to participants under the Company's or its Subsidiaries' long-term compensation plan or any successor or similar compensation plan; (xi) Investments the payment for which consists of Equity Interests of the Company (other than Disqualified Stock); (xii) Guarantees Incurred in accordance with Section 4.03; (xiii) any Investment by Subsidiaries in other Subsidiaries; (xiv) Investments consisting of purchases and acquisitions of inventory, supplies, materials and equipment or purchases of contract rights or licenses or leases of intellectual property, in each case in the ordinary course of business; and (xv) loans and advances to current or former management personnel of the Company and/or any entity in which any current or former management personnel of the Company has a beneficial or equity interest, pursuant to any management equity plan or stock option plan or any other management or employee benefit or incentive plan or agreement or any other agreement pursuant to which stock is held for the benefit of such Persons not to exceed US\$5 million in aggregate principal amount at any time outstanding, the proceeds of which will be used to purchase or redeem, directly or indirectly, shares of Capital Stock of the Company.

**"Permitted Junior Securities"** shall mean debt or equity securities of the Company or any successor corporation issued pursuant to a plan of reorganization or readjustment of the Company that are subordinated to the payment of all then outstanding Senior Indebtedness of the Company at least to the same extent that the Securities are subordinated to the payment of all Senior Indebtedness of the Company on the Closing Date, so long as to the extent that any Senior Indebtedness of the Company outstanding on the date of consummation of any such plan of reorganization or readjustment is not paid in full in cash on such date, either (a) the holders of any such Senior Indebtedness not so paid in full in cash have consented to the terms of such plan of reorganization or readjustment or (b) such holders receive securities which constitute Senior Indebtedness and which have been determined by the relevant court to constitute satisfaction in full in cash of any Senior Indebtedness not paid in full in cash.

**"Permitted Liens"** means, with respect to any Person: (i) pledges or deposits by such Person under workmen's compensation laws, unemployment insurance laws or similar legislation, or good faith deposits in connection with bids, tenders, contracts (other than for the payment of Indebtedness) or leases to which such Person is a party, or deposits to secure public or statutory obligations of such Person or deposits of cash or Canadian or United States government bonds to secure surety or appeal bonds to which such Person is a party, or deposits as security for contested taxes or import duties or for the payment of rent, in each case Incurred in the ordinary course of business; (ii) Liens imposed by law, such as carriers', warehousemen's and mechanics' Liens, in each case for sums not yet due or being contested in good faith by appropriate proceedings or other Liens arising out of judgments or awards against such Person with respect to which such Person will then be proceeding with an appeal or other proceedings

for review; (iii) Liens for taxes, assessments or other governmental charges not yet due or payable or subject to penalties for non-payment or which are being contested in good faith by appropriate proceedings; (iv) Liens in favour of issuers of performance and surety bonds or bid bonds or completion guarantees or with respect to other regulatory requirements or letters of credit issued pursuant to the request of and for the account of such Person in the ordinary course of its business; (v) minor survey exceptions, minor encumbrances, easements or reservations of, or rights of others for, licenses, rights-of-way, sewers, electric lines, telegraph and telephone lines and other similar purposes, or zoning or other restrictions as to the use of real properties or Liens incidental to the conduct of the business of such Person or to the ownership of its properties which were not Incurred in connection with Indebtedness and which do not in the aggregate materially adversely affect the value of said properties or materially impair their use in the operation of the business of such Person; (vi) Liens on property or shares of stock of a Person at the time such Person becomes a Subsidiary; provided, however, that such Liens are not created or Incurred in connection with, or in contemplation of, such other Person becoming such a Subsidiary; provided, further, however, that such Liens may not extend to any other property owned by the Company or any Subsidiary of the Company; (vii) Liens on property at the time the Company or a Subsidiary of the Company acquired the property, including any acquisition by means of a merger or consolidation with or into the Company or any Subsidiary of the Company; provided, however, that such Liens are not created or Incurred in connection with, or in contemplation of, such acquisition; provided, further, however, that the Liens may not extend to any other property owned by the Company or any Subsidiary; (viii) Liens securing Indebtedness or other obligations of a Subsidiary of the Company owing to the Company or another Subsidiary of the Company permitted to be Incurred in accordance with Section 4.03; (ix) Liens securing Hedging Obligations so long as the related Indebtedness is, and is permitted to be under this Indenture, secured by a Lien on the same property securing such Hedging Obligations; (x) leases and subleases of real property which do not materially interfere with the ordinary conduct of the business of the Company or any of its Subsidiaries; (xi) Liens arising from Personal Property Registry filings or Uniform Commercial Code financing statement filings regarding operating leases entered into by the Company and its Subsidiaries in the ordinary course of business; (xii) Liens in favour of the Company; (xiii) Liens encumbering deposits made in the ordinary course of business to secure obligations arising from statutory, regulatory, contractual or warranty requirements, including rights of offset and set-off; and (xiv) Liens to secure any refinancing, refunding, extension, renewal or replacement or successive refinancings, refundings, extensions, renewals or replacements) as a whole, or in part, of any Indebtedness secured by any Lien referred to in the foregoing clauses (vii), (viii), (ix), (x) and (xii); provided, however, that (A) such new Lien shall be limited to all or part of the same property that secured the original Lien (plus improvements on such property) and (B) the Indebtedness secured by such Lien at such time is not increased to any amount greater than the sum of (1) the outstanding principal amount or, if greater, committed amount of the Indebtedness described under clauses (vii), (viii), (ix), (x) and (xii) at the time the original Lien became a Permitted Lien under this Indenture and (2) an amount necessary to pay any fees and expenses, including premiums, related to such refinancing, refunding, extension, renewal or replacement.

**“Person”** means any individual, corporation, partnership, business trust, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization, government or any agency or political subdivision thereof or any other entity.

**“Pledge Agreements”** means those pledge agreements dated the date of this Indenture between the Pledgor and the Collateral Agent, as set out in Schedule 2, as same may

from time to time be amended, supplemented, consolidated or replaced and “**Pledge Agreement**” means one of these agreements.

“**Pledgor**” means any Person that enters into a Pledge Agreement including the parties listed as Pledgors on Schedule 1.

“**Preferred Stock**” means any Equity Interest with preferential right of payment of dividends or upon liquidation, dissolution, or winding up.

“**Project Documents**” includes all power purchase agreements, steam sales contracts, operating and maintenance agreements, administrative services contracts, lease agreements, construction contracts (other than purchase orders), transmission agreements, fuel supply and transportation contracts, Project loan agreements, partnership agreements, limited liability company agreements and other organizational documents that relate to a Project, other than any such agreement that has a term of one year or less or that may be cancelled or terminated by a party thereto on less than one year’s notice without substantial economic detriment.

“**Project Operating Entity**” means a limited partnership, corporation or other entity that directly owns the Projects.

“**Projects**” means the projects described in the Prospectus.

“**Prospectus**” means the final prospectus of the Company dated November 10, 2004 and filed with the securities regulatory authority in each province and territory across Canada.

“**Quarterly Base Dividend Level**” is Cdn.\$0.3657 per Common Share, divided by four, subject to adjustment in the event of a: (i) stock split, recombination, consolidation, or reclassification, or (ii) issuance of Common Shares at less than fair market value or the issuance of Common Shares at less than Cdn. \$4.23 per Common Share. Adjustments as a result of paragraph (ii) above must be accompanied by an opinion from an Independent Financial Advisor stating that the adjustment is fair, from a financial point of view, to the Securityholders.

“**Redemption Date**” means, with respect to any Security to be redeemed pursuant to this Indenture, the date fixed for such redemption, by or pursuant to this Indenture.

“**Redemption Price**” is defined in Section 3.01.

“**Reduced Threshold Amount**” means not less than \$36,500,000 principal amount of the Securities.

“**Reduced Threshold Default**” means (i) a Default resulting from the declaration or payment of any dividend or other distributions by the Company on account of the Company’s Equity Interest in contravention of its obligations under the covenants described in Section 4.04; (ii) a Default under Section 6.01(a), (b), (c), (f), (g), (h) and (j); and (iii) a Default arising from the Company’s failure to comply with Sections 4.03, 4.04 and 4.08 and such failure continues for 30 days after the notice specified in Section 6.01.

“**Refinancing Indebtedness**” is defined in Section 4.03(b)(x).

**"Refunding Capital Stock"** is defined in Section 4.04(b)(ii).

**"Registrar"** is defined in Section 2.06.

**"Representative"** means the trustee, agent or representative (if any) for an issue of Senior Indebtedness.

**"Restricted Investment"** means an Investment other than a Permitted Investment.

**"Restricted Payments"** is defined in Section 4.04(a)(iii).

**"Retired Capital Stock"** is defined in Section 4.04(b)(ii).

**"Sale/Leaseback Transaction"** means an arrangement relating to property now owned or hereafter acquired by the Company or a Subsidiary whereby the Company or a Subsidiary transfers such property to a Person and the Company or a Subsidiary leases it from such Person, other than leases between the Company and a Wholly-Owned Subsidiary or between Wholly-Owned Subsidiaries.

**"S&P"** means Standard and Poor's Ratings Group, a division of the McGraw-Hill Company, Inc.

**"Secured Guarantee"** means any Guarantee secured by a Lien.

**"Secured Guarantee Blockage Notice"** is defined in Section 12.03(a).

**"Secured Guarantee Payment Blockage Period"** is defined in Section 12.03(a).

**"Secured Guarantor"** means any Guarantor whose Guarantee is secured by a Lien.

**"Secured Indebtedness"** means any Indebtedness of the Company or any Subsidiary secured by a Lien, including the Senior Lender Indebtedness.

**"Securities"** is defined in the Preamble.

**"Securities Custodian"** means the custodian with respect to a Global Security (as appointed by the Depositary) or any successor Person thereto, who shall initially be the Trustee.

**"Security Documents"** means the Pledge Agreements and the Guarantees.

**"Securityholder"** means the Person in whose name a Security is registered on the Registrar's books.

**"Senior Credit Documents"** means the collective reference to the Credit Facilities, the notes issued pursuant thereto, the guarantees thereof and any security documentation, the collateral documents relating thereto, and any fee letters relating thereto.

**"Senior Indebtedness"** with respect to the Company or any Subsidiary of the Company means all Secured Indebtedness of the Company or such Subsidiary, as the case may

be, including interest thereon (including interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to the Company or any Subsidiary of the Company whether or not a claim for post-filing interest is allowed in such proceeding) and other amounts (including make-whole, fees, expenses, reimbursement obligations under letters of credit and indemnities) owing in respect thereof, whether outstanding on the Closing Date or thereafter Incurred, unless in the instrument creating or evidencing the same or pursuant to which the same is outstanding it is provided that such obligations are not superior in right of payment to the Securities or such Subsidiary's Guarantee, as applicable; provided, however, that Senior Indebtedness shall not include, as applicable, (i) any obligation of the Company to any Subsidiary of the Company, or of such Subsidiary to the Company or any other Subsidiary of the Company, (ii) any liability for federal, state, provincial, local or other taxes owed or owing by the Company or such Subsidiary, (iii) any accounts payable or other liability to trade creditors arising in the ordinary course of business (including guarantees thereof or instruments evidencing such liabilities), (iv) any Indebtedness or obligation of the Company or such Subsidiary which is *Pari Passu* Indebtedness, or (v) any obligations with respect to any Capital Stock.

**"Senior Lender Indebtedness"** means any and all amounts payable under or in respect of the Credit Facilities, the other Senior Credit Documents and any Refinancing Indebtedness with respect thereto, as amended from time to time, including principal, premium (if any), interest (including interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to the Company or Subsidiary, as applicable, whether or not a claim for post-filing interest is allowed in such proceedings), fees, charges, expenses, reimbursement obligations, guarantees and all other amounts payable thereunder or in respect thereof.

**"Similar Business"** means a business, the majority of whose revenues are derived from the provision of electric generating facilities, or the activities of the Company and its Subsidiaries as of the Closing Date or any business or activity that is reasonably similar thereto or a reasonable extension, development or expansion thereof or ancillary thereto, including investing in electric generating facilities.

**"Sinking Fund"** means money accumulated on a regular basis in a separate custodial account that is used to redeem debt securities or preferred stock issues.

**"Stated Maturity"** means, with respect to any security, the date specified in such security as the fixed date on which the final payment of principal of such security is due and payable, including pursuant to any mandatory redemption provision (but excluding any provision providing for the repurchase of such security at the option of the holder thereof upon the happening of any contingency beyond the control of the Company unless such contingency has occurred).

**"Subscription Agreement"** means the subscription for separate subordinate notes, dated November 18, 2004 by the Caisse de Depot et Placement du Quebec.

**"Subordinated Indebtedness"** means, with respect to the Company or any Subsidiary, all Indebtedness of the Company or any Subsidiary which is not Senior Indebtedness or *Pari Passu* Indebtedness.

**“Subsidiary”** means, with respect to any Person, (i) any corporation, association or other business entity (other than a partnership, joint venture or limited liability company) of which 40% or more of the total voting power of shares of Capital Stock entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof is at the time of determination owned or controlled, directly or indirectly, by such Person or one or more of the other Subsidiaries of that Person or a combination thereof and (ii) any partnership, joint venture or limited liability company of which 40% or more of the capital accounts, distribution rights, total equity and voting interests or general and limited partnership interests, as applicable, are owned or controlled, directly or indirectly, by such Person or one or more of the other Subsidiaries of that Person or a combination thereof, whether in the form of membership, general, special or limited partnership interests or otherwise and such Person owns or controls, directly or indirectly, 40% or more of the total equity and voting rights of the general partner of such entity.

**“Successor Company”** is defined in Section 5.01.

**“Successor Guarantor”** is defined in Section 5.01.

**“Taxes”** means U.S. Taxes as defined in Section 2.17.

**“Transfer”** (as a noun) shall mean any sale, transfer, gift, assignment, devise or other disposition of Securities, whether voluntary or involuntary, whether of record, constructively or beneficially, and whether by operation of law or otherwise. **“Transfer”** (as a verb) shall have the correlative meaning.

**“Treasury Regulations”** means the U.S. Treasury regulations (including final, temporary and proposed regulations) promulgated under the Code.

**“Trust Indenture Legislation”** means, at any time, (i) the provisions of the *Business Corporations Act* (Ontario) and the regulations thereunder as amended or re-enacted from time to time, and (ii) the provisions of any other applicable statute or common law of Canada or any province or territory thereof, in each case, relating to trust indentures and to the rights, duties, and obligations of the Trustee under trust indentures and of corporations issuing debt obligations under trust indentures to the extent that such provisions are at such time in force and applicable to this Indenture.

**“Trustee”** means the party named as such in this Indenture until a successor replaces it and, thereafter, means the successor.

**“Underwriting Agreement”** means the underwriting agreement, dated November 10, 2004, by and among the Company, BMO Nesbitt Burns Inc. and the other underwriters, and certain other parties thereto.

**“Unsecured Indebtedness”** means any Indebtedness of the Company or any Subsidiary not secured by a Lien, including the *Pari Passu* Indebtedness.

**“Unsecured Guarantee”** means any Guarantee which is not a Secured Guarantee.

**“Unsecured Guarantee Blockage Notice”** is defined in Section 13.03(a).

“**Unsecured Guarantee Payment Blockage Period**” is defined in Section 13.03(a).

“**Unsecured Guarantor**” means any Guarantor who is not a Secured Guarantor.

“**U.S. Dollars**” means United States dollars.

“**U.S. Dollar Equivalent Amount**” means, on the record date for any distribution or payment of interest by the Company, that amount in U.S. Dollars which could be purchased using dollars at the rate of exchange approximately equal to the noon rate of exchange quoted by the Bank of Canada on such date for the purchase of U.S. Dollars with dollars.

“**U.S. GAAP**” means accounting principles generally accepted in the United States of America.

“**Voting Stock**” of any Person as of any date means the Capital Stock of such Person that is at the time entitled to vote in the election of the board of directors, managers or trustees, as the case may be, of such Person.

“**Weighted Average Life to Maturity**” means, when applied to any Indebtedness or Disqualified Stock, as the case may be, at any date, the quotient obtained by dividing (i) the sum of the products of the number of years from the date of determination to the date of each successive scheduled principal payment of such Indebtedness or redemption or similar payment with respect to such Disqualified Stock multiplied by the amount of such payment, by (ii) the sum of all such payments.

“**Wholly-Owned Subsidiary**” of any Person means a Subsidiary of such Person 100% of the outstanding Capital Stock or other ownership interests of which will at the time be owned by such Person or by one or more Wholly-Owned Subsidiaries of such Person.

## **1.02 Rules of Construction**

Unless the context otherwise requires:

- (a) all “dollars” are in Canadian dollars, unless otherwise stated;
- (b) a term has the meaning assigned to it;
- (c) an accounting term not otherwise defined has the meaning assigned to it in accordance with GAAP;
- (d) “or” is not exclusive;
- (e) “including” means including without limitation;
- (f) words in the singular include the plural and words in the plural include the singular;
- (g) unsecured Indebtedness shall not be deemed to be subordinate or junior to Secured Indebtedness merely by virtue of its nature as unsecured Indebtedness;

- (h) the principal amount of any non-interest bearing or other discount security at any date shall be the principal amount thereof that would be shown on a balance sheet of the issuer dated such date prepared in accordance with GAAP;
- (i) the principal amount of any Preferred Stock shall be (i) the maximum liquidation value of such Preferred Stock or (ii) the maximum mandatory redemption or mandatory repurchase price with respect to such Preferred Stock, whichever is greater;
- (j) for the purposes of calculating a financial ratio all dollar amounts will be converted into the appropriate currency in accordance with GAAP; and
- (k) for the purposes of any the financial covenants and related definition set out in this Indenture in respect of the period between the date hereof and such date ending March 31, 2006, financial results that are available for periods of less than 12 months shall be annualized.

## **ARTICLE 2 THE SECURITIES**

### **2.01 The Original Securities; Amount Unlimited**

There is hereby established the Securities to be issued under this Indenture, which are designated as the Company's "**11% Subordinated Notes due 2016**".

The aggregate principal amount of Securities which may be authenticated and delivered under this Indenture is unlimited. Additional Securities shall be issued pursuant to identical terms as the Original Securities set forth in this Indenture except for any variation in issue price, Issue Date and interest payable as a result of such variation in issuance dates.

### **2.02 Maturity**

The Securities will mature on the twelfth anniversary of the Closing Date. To the extent that such Securities form part of IPSs, the maturity of the Securities will result in an automatic separation of the IPSs of which the Securities form a part, into their underlying Common Shares and Securities.

### **2.03 Payment of Interest and Principal**

The Company shall pay interest on the Securities (except defaulted interest) at a rate of 11% per annum, from the Issue Date, or from the most recent date to which interest has been paid or provided for, payable monthly in arrears and calculated as an annual interest sum divided by twelve (12), less any tax required to be withheld, on the last Business Day of each month to holders of record at the close of business on the last Business Day of the preceding month with the first payment commencing on January 31, 2005, even if Securities are cancelled after the record date and on or before the Interest Payment Date and the Company shall pay defaulted interest on the Securities at a rate of 13% per annum from the date of the Default, or Event of Default and during its continuation, payable monthly in arrears less any tax required to be withheld, on the last Business Day of each month to holders of record at the close of business

on the last Business Day of the preceding month even if Securities are cancelled after the record date on or before the Interest Payment Date.

Holders must surrender Securities to a Paying Agent as defined herein to collect principal payments. The Company shall pay principal, premium, if any, and interest in money of Canada that at the time of payment is legal tender for payment of public and private debts. Payments in respect of the Securities represented by a Global Security (as defined in paragraph 2.04(a)), including principal, premium, if any, and interest, shall be made by wire transfer of immediately available funds to the accounts specified by the Depository. The Company will make all payments in respect of a certificated Security, including principal, premium, if any, and interest, and the Securities may be exchanged or transferred, at any office or agency of the Company in Toronto, Ontario, except that, at the option of the Company, payment of interest may be made by cheque mailed to the Holders at their registered addresses; provided, however, that payments on the Securities may also be made, in the case of a Holder of at least \$1,000,000 aggregate principal amount of Securities, by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Company and the Trustee or the Paying Agent to such effect designating such account no later than 30 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion).

Each holder shall have the option exercisable at any time and from time to time, upon prior written notice to the Company and the Trustee of not less than 30 Business Days, prior to any record date for a payment of interest, to elect to receive the next succeeding and subsequent payments of interest in U.S. Dollars, calculated as the U.S. Dollar Equivalent Amount of the amount of interest to which it would otherwise be entitled in dollars. Any such election may be revoked by written notice to the Company and the Trustee. Any notice given less than 30 Business Days prior to the record date for a payment of interest shall become operative in respect of the succeeding scheduled interest payment.

#### **2.04 Form and Dating**

Each Security shall be dated the date of its authentication. The Securities shall be issuable only in registered form without interest coupons.

- (a) Global Securities. The Original Securities and any Additional Securities shall be issued initially in the form of one or more permanent global securities in definitive, fully-registered form (collectively, the "Global Security"), in each case without interest coupons and bearing the Global Securities Legend (as defined herein). The aggregate principal amount of the Global Securities may from time to time be increased or decreased by adjustments made on the records of the Trustee and the Depository or its nominee as hereinafter provided.
- (b) Book-Entry Provisions. This Section 2.04(b) shall apply only to a Global Security deposited with or on behalf of the Depository.

The Company shall execute and the Trustee shall, in accordance with this Section 2.04 and pursuant to an order of the Company, authenticate and deliver initially one or more Global Securities that (a) shall be registered in the name of the Depository for such Global Security or Global Securities or the nominee of such Depository and (b) shall be delivered by the

Trustee to such Depository or pursuant to such Depository's instructions or held by the Trustee as Securities Custodian.

Members of, or participants in, the Depository ("Agent Members") shall have no rights under this Indenture with respect to any Global Security held on their behalf by the Depository or by the Trustee as Securities Custodian or under such Global Security, and the Depository may be treated by the Company, the Trustee and any agent of the Company or the Trustee as the absolute owner of such Global Security for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Company, the Trustee or any agent of the Company or the Trustee from giving effect to any written certification, proxy or other authorization furnished by the Depository or impair, as between the Depository and its Agent Members, the operation of customary practices of such Depository governing the exercise of the rights of a holder of a beneficial interest in any Global Security.

- (c) Global Securities Legend. Each Global Security shall bear the following legend (the "**Global Securities Legend**") or such other legend as may be required by the Depository from time to time:

"UNLESS THIS CERTIFICATE IS PRESENTED BY AN AUTHORIZED REPRESENTATIVE OF THE CANADIAN DEPOSITORY FOR SECURITIES LIMITED DEPOSITORY TRUST COMPANY ("CDS"), AN ONTARIO CORPORATION, TO THE COMPANY OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND ANY CERTIFICATE ISSUED IS REGISTERED IN THE NAME OF CDS OR SUCH OTHER NAME AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF CDS (AND ANY PAYMENT IS MADE TO CDS, OR TO SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF CDS), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL INASMUCH AS THE REGISTERED OWNER HEREOF, CDS, HAS AN INTEREST HEREIN:

TRANSFERS OF THIS GLOBAL SECURITY SHALL BE LIMITED TO TRANSFERS IN WHOLE, BUT NOT IN PART, TO NOMINEES OF CDS OR TO A SUCCESSOR THEREOF OR SUCH SUCCESSOR'S NOMINEE AND TRANSFERS OF PORTIONS OF THIS GLOBAL SECURITY SHALL BE LIMITED TO TRANSFERS MADE IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN THE INDENTURE REFERRED TO ON THE REVERSE HEREOF."

In addition, the Securities may have notations, legends or endorsements required by law, stock exchange rule, agreements to which the Company or any Guarantor is subject, if any, or usage provided that any such notation, legend or endorsement is in a form acceptable to the Company.

- (d) 144A Legend. Each Security issued in the United States to "qualified institutional buyers" as defined in Rule 144A and adopted by the United States Securities Exchange Commission under the United States Securities Act of 1933, as amended, under this Indenture will be issued in the form of a Global Security and shall bear a securities legend in the following form:

THE SECURITIES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR STATE SECURITIES LAWS. THE HOLDER HEREOF, BY PURCHASING THESE SECURITIES, AGREES FOR THE BENEFIT OF ATLANTIC POWER CORPORATION THAT THESE SECURITIES MAY BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED ONLY (A) TO ATLANTIC POWER CORPORATION, (B) OUTSIDE THE UNITED STATES IN ACCORDANCE WITH RULE 904 OF REGULATION S ("REGULATION S") UNDER THE SECURITIES ACT AND IN COMPLIANCE WITH APPLICABLE CANADIAN LOCAL LAWS AND REGULATIONS, (C) WITHIN THE UNITED STATES IN ACCORDANCE WITH (1) RULE 144A UNDER THE SECURITIES ACT, OR (2) RULE 144 UNDER THE SECURITIES ACT AND IN COMPLIANCE WITH APPLICABLE STATE SECURITIES LAWS, OR (D) IN ANOTHER TRANSACTION THAT DOES NOT REQUIRE REGISTRATION UNDER THE SECURITIES ACT OR ANY APPLICABLE STATE SECURITIES LAWS, PROVIDED THAT IN THE CASE OF TRANSFERS PURSUANT TO (C)(2) OR (D) ABOVE, A LEGAL OPINION SATISFACTORY TO ATLANTIC POWER CORPORATION MUST FIRST BE PROVIDED.

IF ATLANTIC POWER CORPORATION IS A "FOREIGN ISSUER" WITHIN THE MEANING OF REGULATION S AT THE TIME OF TRANSFER, A NEW CERTIFICATE, BEARING NO LEGEND, MAY BE OBTAINED FROM **COMPUTERSHARE TRUST COMPANY OF CANADA** UPON DELIVERY OF THIS CERTIFICATE AND A DULY EXECUTED DECLARATION, IN A FORM SATISFACTORY TO **COMPUTERSHARE TRUST COMPANY OF CANADA** AND ATLANTIC POWER CORPORATION, TO THE EFFECT THAT THE SALE OF THE SECURITIES REPRESENTED HEREBY IS BEING MADE IN COMPLIANCE WITH RULE 904 OF REGULATION S UNDER THE SECURITIES ACT."

In addition, the Securities issued in the United States may have notations, legends or endorsements required by law, stock exchange rule, agreements to which the Company or any Guarantor is subject, if any, or usage provided that any such notation, legend or endorsement is in a form acceptable to the Company.

- (e) Definitive Securities. Except as provided in Section 2.09 or 2.10, owners of beneficial interests in Global Securities will not be entitled to receive physical delivery of certificated Securities.

## **2.05 Execution and Authentication**

One or more Officers shall sign the Securities for the Company by manual or facsimile signature.

If an Officer whose signature is on a Security no longer holds that office at the time the Trustee authenticates the Security, the Security shall be valid nevertheless.

A Security shall not be valid until an authorized signatory of the Trustee manually signs the certificate of authentication on the Security. The signature shall be conclusive evidence that the Security has been authenticated under this Indenture. All Securities shall be dated the date of their authentication.

The Trustee shall authenticate and make available for delivery upon a written order of the Company signed by two Officers (1) Original Securities for original issue on the date hereof in a principal amount of \$221,045,000 and (2) subject to the terms of this Indenture, Additional Securities in an unlimited aggregate principal amount. Such order shall specify the amount of the Securities to be authenticated, the date on which the original issue of Securities is to be authenticated and whether the Securities are to be Original Securities or Additional Securities.

## **2.06 Registrar and Paying Agent**

The Company shall maintain an office or agency where Securities may be presented for registration of transfer or for exchange (the “**Registrar**”) and an office or agency where Securities may be presented for payment (the “**Paying Agent**”). The Registrar shall keep a register of the Securities and of their transfer and exchange. The Company may have one or more co-registrars and one or more additional paying agents. The term “**Paying Agent**” includes any additional paying agent, and the term “**Registrar**” includes any co-registrars. The Company initially appoints the Trustee as (i) Registrar and Paying Agent in connection with the Securities and (ii) the Securities Custodian with respect to the Global Securities.

The Company shall enter into an appropriate agency agreement with any Registrar or Paying Agent not a party to this Indenture, which shall implement the provisions of this Indenture that relate to such agent. The Company shall notify the Trustee of the name and address of any such agent. If the Company fails to maintain a Registrar or Paying Agent, the Trustee shall act as such and shall be entitled to appropriate compensation therefor pursuant to Section 7.06. The Company or any of its domestically organized Wholly-Owned Subsidiaries may act as Paying Agent or Registrar.

The Company may remove any Registrar or Paying Agent upon written notice to such Registrar or Paying Agent and to the Trustee; provided, however, that no such removal shall become effective until (1) acceptance of an appointment by a successor as evidenced by an appropriate agreement entered into by the Company and such successor Registrar or Paying Agent, as the case may be, and delivered to the Trustee or (2) notification to the Trustee that the Trustee shall serve as Registrar or Paying Agent until the appointment of a successor in accordance with clause (1) above. The Registrar or Paying Agent may resign at any time upon written notice; provided, however, that the Trustee may resign as Paying Agent or Registrar only if the Trustee also resigns as Trustee in accordance with Section 7.07.

## **2.07 Paying Agent To Hold Money in Trust**

At least one (1) Business Day (or at least four (4) Business Days in the case of Securities registered in a name other than the name of the Depository), prior to each due date of the principal and interest on any Security, the Company shall deposit with the Paying Agent (or if the Company or a Subsidiary is acting as Paying Agent, segregate and hold in trust for the benefit of the Persons entitled thereto) a sum (in Canadian dollars only) sufficient to pay such principal and interest when so becoming due. The Company shall require each Paying Agent (other than the Trustee) to agree in writing that the Paying Agent shall hold in trust for the benefit of Securityholders or the Trustee all money held by the Paying Agent for the payment of principal of or interest on the Securities and shall notify the Trustee of any default by the Company in making any such payment. If the Company or a Subsidiary of the Company acts as

Paying Agent, it shall segregate the money held by it as Paying Agent and hold it as a separate trust fund. The Company at any time may require a Paying Agent to pay all money held by it to the Trustee and to account for any funds disbursed by the Paying Agent. Upon complying with this Section 2.07, the Paying Agent shall have no further liability for the money delivered to the Trustee.

If the Company receives a written notice pursuant to Section 2.03, the Company will, at least five (5) Business Days prior to each interest payment due date, advise the Paying Agent in writing of the amount of interest payable in U.S. Dollars for the upcoming interest due date and deposit with the Paying Agent with the exact amount of interest payable in U.S. Dollars as set out in the paragraph above.

## **2.08 Securityholder Lists**

The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Securityholders. If the Trustee is not the Registrar, the Company shall furnish, or cause the Registrar to furnish, to the Trustee, in writing at least five Business Days before each Interest Payment Date and at such other times as the Trustee may request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of Securityholders.

## **2.09 Transfer and Exchange**

The Securities shall be issued in registered form and shall be transferable only upon the surrender of a Security for registration of transfer and in compliance with this Section 2.09. When a Security is presented to the Registrar with a request to register a transfer, the Registrar shall register the transfer as requested. When Securities are presented to the Registrar with a request to exchange them for an equal principal amount of Securities of other denominations, the Registrar shall make the exchange as requested. The Company shall not be required to make and the Registrar need not register transfers or exchanges of Securities selected for redemption (except, in the case of Securities to be redeemed in part, the portion thereof not to be redeemed) or any Securities for a period of 15 days before a selection of Securities to be redeemed. The requirements of this Section 2.09 are intended to result in the Securities being in "registered form" within the meaning of Sections 1.871-14(c) and 5f.103-1(c) of the Treasury Regulations and Sections 163(f), 871(h) and 881(c) of the Code, and shall be interpreted and applied in a manner consistent therewith,

- (a) Transfer and Exchange of Definitive Securities. When Definitive Securities are presented to the Registrar with a request to register the transfer of such Definitive Securities or to exchange such Definitive Securities for an equal principal amount of Definitive Securities of other authorized denominations, the Registrar shall register the transfer or make the exchange as requested if its reasonable requirements for such transaction are met; provided, however, that the Definitive Securities surrendered for transfer or exchange:
  - (i) shall be duly endorsed or accompanied by a written instrument of transfer in form reasonably satisfactory to the Company and the Registrar, duly executed by the Holder thereof or such Holder's attorney duly authorized in writing; and

- (ii) are accompanied by the following additional information and documents, as applicable:
  - (A) if such Definitive Securities are being delivered to the Registrar by a Holder for registration in the name of such Holder, without transfer, a certification from such Holder to that effect (in the form set forth on the reverse side of the Original Security); or
  - (B) if such Definitive Securities are being transferred to the Company, a certification to that effect (in the form set forth on the reverse side of the Original Security).
  
- (b) Restrictions on Transfer of a Definitive Security for a Beneficial Interest in a Global Security. A Definitive Security may not be exchanged for a beneficial interest in a Global Security except upon satisfaction of the requirements set forth below. Upon receipt by the Trustee of a Definitive Security, duly endorsed or accompanied by a written instrument of transfer in form reasonably satisfactory to the Company and the Registrar, together with written instructions directing the Trustee to make, or to direct the Securities Custodian to make, an adjustment on its books and records with respect to such Global Security to reflect an increase in the aggregate principal amount of the Securities represented by the Global Security, such instructions to contain information regarding the Depository account to be credited with such increase, then the Trustee shall cancel such Definitive Security and cause, or direct the Securities Custodian to cause, in accordance with the standing instructions and procedures existing between the Depository and the Securities Custodian, the aggregate principal amount of Securities represented by the Global Security to be increased by the aggregate principal amount of the Definitive Security to be exchanged and shall credit or cause to be credited to the account of the Person specified in such instructions a beneficial interest in the Global Security equal to the principal amount of the Definitive Security so cancelled. If no Global Securities are then outstanding and the Global Security has not been previously exchanged for certificated securities pursuant to Section 2.10, the Company shall issue and the Trustee shall authenticate, upon written order of the Company in the form of a Company's Certificate, a new Global Security in the appropriate principal amount.
  
- (c) Transfer and Exchange of Global Securities.
  - (i) Any Holder of a Global Security shall, by acceptance of such Global Security, agree that transfers of beneficial interest in such Global Security may be effected only through a book-entry system maintained by (i) the Holder of such Global Security (or its agent) or (ii) any holder of a beneficial interest in such Global Security, and that ownership of a beneficial interest in such Global Security shall be required to be reflected in a book entry.
  
  - (ii) The transfer and exchange of Global Securities or beneficial interests therein shall be effected through the Depository, in accordance with this Indenture including applicable restrictions on transfer set forth herein (if

any) and the procedures of the Depositary therefor. A transferor of a beneficial interest in a Global Security shall deliver a written order given in accordance with the Depositary's procedures containing information regarding the participant account of the Depositary to be credited with a beneficial interest in such Global Security or another Global Security and such account shall be credited in accordance with such order with a beneficial interest in the applicable Global Security and the account of the Person making the transfer shall be debited by an amount equal to the beneficial interest in the Global Security being transferred.

- (iii) Notwithstanding any other provisions of this Article 2 (other than the provisions set forth in Section 2.10), a Global Security may not be transferred as a whole except by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor Depositary or a nominee of such successor Depositary.
- (d) Cancellation or Adjustment of Global Security. At such time as all beneficial interests in a Global Security have either been exchanged for Definitive Securities, transferred, redeemed, repurchased or cancelled, such Global Security shall be returned by the Depositary to the Trustee for cancellation or retained and cancelled by the Trustee. At any time prior to such cancellation, if any beneficial interest in a Global Security is exchanged for Definitive Securities, transferred in exchange for an interest in another Global Security, redeemed, repurchased or cancelled, the principal amount of Securities represented by such Global Security shall be reduced and an adjustment shall be made on the books and records of the Trustee (if it is then the Securities Custodian for such Global Security) with respect to such Global Security, by the Trustee or the Securities Custodian, to reflect such reduction.
- (e) Obligations with Respect to Transfers and Exchanges of Securities.
  - (i) To permit registrations of transfers and exchanges, the Company shall execute and the Trustee shall authenticate, Definitive Securities and Global Securities at the Registrar's request.
  - (ii) The Company may require payment of a sum sufficient to cover any transfer tax, assessments, or similar governmental charge payable in connection therewith (other than any such transfer taxes, assessments or similar governmental charge payable upon exchange or transfer pursuant to Sections 3.06, 4.06, 4.09 and 9.04 of this Indenture).
  - (iii) Prior to the due presentation for registration of transfer of any Security, the Company, the Trustee, the Paying Agent or the Registrar may deem and treat the Person in whose name a Security is registered as the absolute owner of such Security for the purpose of receiving payment of principal of and interest on such Security and for all other purposes whatsoever, whether or not such Security is overdue, and none of the Company, the

Trustee, the Paying Agent or the Registrar shall be affected by notice to the contrary.

- (iv) All Securities issued upon any transfer or exchange pursuant to the terms of this Indenture shall evidence the same debt and shall be entitled to the same benefits under this Indenture as the Securities surrendered upon such transfer or exchange.

## **2.10 Definitive Securities**

- (a) A Global Security deposited with the Depository or with the Trustee as Securities Custodian pursuant to Section 2.04 shall be transferred to the beneficial owners thereof in the form of Definitive Securities in an aggregate principal amount equal to the principal amount of such Global Security, in exchange for such Global Security, only if such transfer complies with Section 2.09 and (i) the Depository notifies the Company that it is unwilling or unable to continue as a Depository for such Global Security or if at any time the Depository ceases to be a "clearing agency" registered or designated under the Securities Legislation of the jurisdiction where the Depository has its principal office, and a successor depository is not appointed by the Company within 90 days of such notice or (ii) the Company, in its sole discretion, notifies the Trustee in writing that it elects to cause the issuance of certificated Securities under this Indenture. Upon issuance of the Definitive Securities, the principal amount of Securities represented by such Global Security will be reduced by the principal amount of Securities represented by such Definitive Securities issued.
- (b) Definitive Securities will bear the restrictive legend as set out in Sections 2.04(c) and 2.04(d), as applicable.
- (c) Any Global Security that is transferable to the beneficial owners thereof pursuant to this Section 2.10 shall be surrendered by the Depository to the Trustee, to be so transferred, in whole or from time to time in part, without charge, and the Trustee shall authenticate and deliver, upon such transfer of each portion of such Global Security, an equal aggregate principal amount of Definitive Securities of authorized denominations. Any portion of a Global Security transferred pursuant to this Section shall be registered in such names as the Depository shall direct.
- (d) Subject to the provisions of Section 2.10(c), the registered Holder of a Global Security may grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which a Holder is entitled to take under this Indenture or the Securities.
- (e) In the event of the occurrence of any of the events specified in Section 2.10(a)(i) or (ii), the Company will promptly make available to the Trustee a reasonable supply of Definitive Securities in fully-registered form without interest coupons.

## **2.11 Replacement Securities**

If a mutilated Security is surrendered to the Registrar or if the Holder of a Security claims that the Security has been lost, destroyed or wrongfully taken, the Company, in

its discretion, may issue and the Trustee shall authenticate a replacement Security, such that the Holder (i) satisfies the Company or the Trustee within a reasonable time after such Holder has notice of such loss, destruction or wrongful taking and the Registrar does not register a transfer prior to receiving such notification, (ii) makes such request to the Company or the Trustee prior to the Security being acquired by a purchaser, and (iii) satisfies any other reasonable requirements of the Trustee. If required by the Trustee or the Company, such Holder shall furnish an indemnity bond sufficient in the judgment of the Trustee to protect the Company, the Trustee, the Paying Agent and the Registrar from any loss that any of them may suffer if a Security is replaced. The Company and the Trustee may charge the Holder for their expenses in replacing a Security. In the event any such mutilated, lost, destroyed or wrongfully taken Security has become or is about to become due and payable, the Company in its discretion may pay such Security instead of issuing a new Security in replacement thereof.

Every replacement Security is an additional obligation of the Company.

The provisions of this Section 2.11 are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, lost, destroyed or wrongfully taken Securities.

## **2.12 Outstanding Securities**

Securities outstanding at any time are all Securities authenticated by the Trustee except for those cancelled by it, those delivered to it for cancellation and those described in this section as not outstanding. Subject to Section 15.06, a Security does not cease to be outstanding because the Company or an Affiliate of the Company holds the Security.

If the Paying Agent segregates and holds in trust, in accordance with this Indenture, on a Redemption Date or the Stated Maturity, money sufficient to pay all principal and interest payable on that date with respect to the Securities (or portions thereof) to be redeemed or maturing, as the case may be, and the Paying Agent is not prohibited from paying such money to the Securityholders on that date pursuant to the terms of this Indenture, then on and after that date such Securities (or portions thereof) cease to be outstanding and interest on them ceases to accrue unless the Paying Agent is the Company or a Subsidiary of the Company and fails to pay such money to the Holders in accordance with the terms of this Indenture.

## **2.13 Temporary Securities**

In the event that Definitive Securities are to be issued under the terms of this Indenture, until such Definitive Securities are ready for delivery, the Company may prepare and the Trustee shall authenticate temporary Securities. Temporary Securities shall be substantially in the form of Definitive Securities but may have variations that the Company considers appropriate for temporary Securities. Without unreasonable delay, the Company shall prepare and the Trustee shall authenticate Definitive Securities and deliver them in exchange for temporary Securities upon surrender of such temporary Securities at the office or agency of the Company, without charge to the Holder.

## **2.14 Cancellation**

The Company at any time may deliver Securities to the Trustee for cancellation. The Registrar and the Paying Agent shall forward to the Trustee any Securities surrendered to

them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel all Securities surrendered for registration of transfer, exchange, payment or cancellation and deliver proof of cancelled Securities to the Company pursuant to a written direction by an Officer. The Company may not issue new Securities to replace Securities it has redeemed, paid or delivered to the Trustee for cancellation. The Trustee shall not authenticate Securities in place of cancelled Securities other than pursuant to the terms of this Indenture.

#### **2.15 CUSIP Numbers**

The Company in issuing the Securities may use "CUSIP" numbers (if then generally in use) and, if so, the Trustee shall use "CUSIP" numbers in notices of redemption as a convenience to Holders; provided, however, that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Securities or as contained in any notice of a redemption and that reliance may be placed only on the other identification numbers printed on the Securities, and any such redemption shall not be affected by any defect in or omission of such numbers. The Company, upon becoming aware, through written notice, of any change in such "CUSIP" numbers, shall promptly notify the Trustee of such change.

#### **2.16 Tax Treatment**

The Company agrees, and by acceptance of beneficial ownership of Securities (whether or not held through IPSs) each beneficial owner of Securities agrees, (1) to treat the beneficial owner as owner of the Securities for all purposes, including in connection with the preparation and filing of any Canadian/United States federal, provincial/state, local or foreign tax return, report or other information, (2) to treat the Securities as debt and the Common Shares as common stock for all purposes (including tax and accounting purposes), (3) to treat the ownership of IPSs as the direct ownership of the Common Shares and Securities constituting the IPSs for all purposes (including tax and accounting purposes), and (4) to allocate the \$10.00 purchase price of each IPS acquired from the Company on the Closing Date between the Common Share and Securities constituting such IPS as follows: \$4.233 for the Common Share and \$5.767 for the Securities (i.e., their principal amount) for all purposes (including tax and accounting purposes). The allocation of the purchase price of IPSs issued after the Closing Date between their constituent Common Shares and Securities shall be determined at such time by the Company.

#### **2.17 Additional Amounts for U.S. Withholding Tax**

All amounts paid or credited by the Company under or with respect to the Securities or by any Guarantor under or in respect of its Guarantee will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other government charge (including penalties, interest and any other liabilities or expenses related thereto) imposed or levied by or on behalf of the government of the United States or any government of any political subdivision, state or territory of the United States or any authority or agency therein or thereof having power to tax (hereinafter, "U.S. Taxes"), unless the Company or such Guarantor, as the case may be, is required to withhold or deduct any amount for or on account of U.S. Taxes by law or by interpretation or administration of law. If the Company or any Guarantor is required to withhold or deduct any amount for or on account of U.S. Taxes from any amounts paid or credited under or with respect to the Securities or the guarantees of the Securities, the Company or such Guarantor will pay such additional

amounts (“**Additional Amounts**”) as may be necessary so that the net amount received by each beneficial owner of Securities, an “owner” for purposes of this Section 2.17, including Additional Amounts, after such withholding or deduction (including any withholding or deduction in respect of Additional Amounts) will not be less than the amount the owner would have received if such U.S. Taxes had not been withheld or deducted; provided that Additional Amounts will only be payable with respect to a payment made to a Person if:

- (a) the Person is a Non-U.S. Holder that is not a Disqualified Recipient, and
- (b) either: (i) the Non-U.S. Holder certifies to the Company or its agent on IRS Form W-8BEN (or a suitable substitute or successor form) under penalties of perjury that such Non-U.S. Holder is not a “**United States person**” (as defined in the Code) and provides its name and address; or (ii) a “**qualified intermediary**” (as defined in applicable Treasury Regulations) receives documentation upon which it can rely to treat the Non-U.S. Holder as not a United States person and provides the Company with an IRS Form W-8IMY (or a suitable substitute or successor form).

The Company and any Guarantors will also:

- (a) make such withholding or deduction; and
- (b) remit the full amount deducted or withheld to the relevant authority;

in accordance with and in the time required under applicable law.

The Company and any Guarantors will furnish to the Holders of the Securities that are outstanding on the date of the withholding or deduction, within 30 days after the date of the payment of any taxes due under applicable law, certified copies of tax receipts evidencing such payment by the Company or such Guarantor.

At least 30 days prior to each date on which any payment under or with respect to the Securities is due and payable in respect of which the Company or any Guarantor will be obligated to pay Additional Amounts, the Company or such Guarantor will deliver to the Trustee a Company’s Certificate stating the fact that such Additional Amounts will be payable and specifying the amounts so payable and will set forth such other information necessary to enable the Trustee to pay such Additional Amounts to Holders of Securities or beneficial owners on the payment date. The Trustee may rely on such Company’s Certificate and shall not be liable for any loss, liability, claim, damage or expense arising from relying on such Company’s Certificate. Whenever in this Indenture there is mentioned, in any context, principal, premium, if any, interest or any other amount payable under or with respect to any Securities, such mention will be considered to include the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The Company or a Guarantor will pay any present or future stamp, court, documentary or other similar taxes, charges or levies that arise in any jurisdiction from the execution, delivery or registration of, or enforcement of rights under, the Securities, the Indenture or any related document (“**Documentary Taxes**”).

The obligation to pay Additional Amounts (and any reimbursement) and Documentary Taxes under the terms and conditions described above will survive any termination, defeasance or discharge of this Indenture.

## **2.18 Canadian Withholding Tax**

All amounts paid or credited by the Company under or with respect to the Securities, or by any Guarantor under or in respect of its Guarantee, will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other government charge (including penalties, interest and other liabilities or expenses related thereto) imposed or levied by or on behalf of the government of Canada or of any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereinafter, "Canadian Taxes"), unless the Company or such Guarantor, as the case may be, is required to withhold or deduct any amount for or an account of Canadian Taxes by law or by interpretation or administration of law.

Notwithstanding the foregoing, if Additional Securities are issued on or after the seventh anniversary of this Indenture, all amounts paid or credited by the Company to a beneficial owner of Securities that is not a resident of Canada (a "Non-Resident Holder") within the meaning of the *Income Tax Act* (Canada), may be subject to Canadian withholding tax (even if the Securities qualified for an exemption from Canadian withholding tax before that time). On or after such date, if so requested by the Company, Non-Resident Holders will be required to provide the Company with information, documents, certification or other evidence confirming that such Non-Resident Holder acquired its Securities before the seventh anniversary of this Indenture or is otherwise able to prove that such Securities were issued by the Company before the seventh anniversary of this Indenture. If a Non-Resident Holder fails to duly and timely comply with a request of the Company to provide such information, documents, certification or other evidence concerning the issuance or acquisition of such Securities by such Non-Resident Holder, then the Company may deduct and withhold an amount equal to the applicable withholding tax rate under the *Income Tax Act* (Canada) in respect of such interest payment (provided that the amount so withheld shall be reduced appropriately where the Non-Resident Holder provides to the Company sufficient information, documentation, certification or other evidence that such Non-Resident Holder would be entitled to treaty benefits that reduce the applicable rate of such withholding).

The amount of any such deduction or withholding will be considered an amount paid in satisfaction of the Company's obligation under the Securities and there is no obligation on the Company to gross-up amounts paid to a Non-Resident Holder of the Securities in respect of such deductions or withholding.

## **2.19 Limitation on United States Resident Ownership**

- (a) At no time may more than 100 United States persons (using the principles of counting for purposes of Section 3(c)(1) of the *Investment Companies Act of 1940* (the "1940 Act")) be the beneficial owners of the Company's securities, nor may any United States person be the beneficial owner of more than 10% of any class of securities of the Company.

- (b) The Company may require declarations as to the jurisdictions in which beneficial owners of its securities are resident.
- (c) If the Company becomes aware that either of the limitations in Sections 2.19(a) may be contravened, the Company will make a public announcement and will not accept a subscription for Securities from or issue or register a transfer of Securities to a Person unless the Person provides a declaration that the Person is not a United States person.
- (d) If, notwithstanding the foregoing, the Company determines that more than 100 United States persons are beneficial owners of its Securities (on either a non-diluted or fully-diluted basis), the Company may send a notice to such United States beneficial owners, as applicable, chosen in inverse order to the order of acquisition or registration or in any manner as the Company may consider equitable and practicable, requiring them to sell their Securities or a portion of their Securities within a specified period of not less than 10 days. If within such 10 day period, the beneficial owners receiving the notice do not sell the specified number of Securities, as applicable, or provide the Company with satisfactory evidence that they are not United States persons, the Company may, on behalf of those beneficial owners, sell those Securities, as applicable, and, in the interim, will suspend the voting and distribution rights attached to those Securities. Upon such sale, the affected beneficial owners will cease to be beneficial owners, as applicable, and his or her rights will be limited to receiving the net proceeds of the sale.
- (e) The Board of Directors will have no liability for the amount received upon a sale described in this Section, provided that they act in good faith.

**2.20 Restriction on Ownership by ERISA Plans**

- (a) No ERISA Plan shall beneficially own any Securities.
- (b) Each Person who is a beneficial owner of Securities and each Person (including the Trustee) who is holding Securities for a beneficial owner shall, within 30 days of receiving a written request from the Company therefor, provide to the Company a written statement or affidavit stating such information as the Company may request in order to determine whether such Person is an ERISA Plan or not.
- (c) Any ERISA Plan which beneficially owns Securities, shall be subject to the provisions of the articles of incorporation of the Company and the restrictions and conditions relating to the ownership of Securities by an ERISA Plan, which are hereby incorporated into this Indenture by reference herein.

**2.21 Sinking Fund**

The Securities are not subject to any Sinking Fund.

### ARTICLE 3 REDEMPTION

#### 3.01 Optional Redemption

Except for a tax redemption described below in this Section 3.01, the Company may not redeem the Securities at its option prior to the fifth anniversary of the Closing Date.

On or after the fifth anniversary of the Closing Date, the Company may redeem the Securities, at its option, at any time in whole and from time to time in part, upon not less than 30 nor more than 60 days' notice to Holders, for cash, at a redemption price ("Redemption Price") equal to any accrued and unpaid interest on the Securities plus:

- (i) 105% of the principal amount of Securities being redeemed where the redemption occurs on or after the fifth anniversary but before the seventh anniversary of the Closing Date;
- (ii) 104% of the principal amount of Securities being redeemed where the redemption occurs on or after the seventh anniversary but before the ninth anniversary of the Closing Date;
- (iii) 103% of the principal amount of Securities being redeemed where the redemption occurs on or after the ninth anniversary but before the tenth anniversary of the Closing Date;
- (iv) 102% of the principal amount of Securities being redeemed where the redemption occurs on or after the tenth anniversary but before the eleventh anniversary of the Closing Date;
- (v) 101% of the principal amount of Securities being redeemed where the redemption occurs on or after the eleventh anniversary but before the twelfth anniversary of the Closing Date; and
- (vi) 100% of the principal amount of Securities being redeemed on the Stated Maturity.

Any exercise by the Company of its option to redeem the Securities in whole or in part, will result in an automatic separation of the IPSs affected by the redemption into their component Common Shares and Securities.

The Company may, at its option, redeem all, but not less than all, of the Securities, at any time upon not less than 30 nor more than 60 days' prior notice, at a redemption price equal to 100% of the principal amount of the Securities plus accrued and unpaid interest to the redemption date, during any period that for U.S. federal income tax purposes the Company: (i) is not, or would not be, in the opinion of United States nationally recognized tax counsel, permitted to deduct all or a substantial portion of the interest payable on the Securities from its income; or (ii) is required to withhold or deduct any amount for or on account of Taxes from any amounts paid or credited under or with respect to the Securities and the Company is required to pay Additional Amounts.

In the case of any partial redemption, selection of the Securities for redemption will be made by the Trustee on a *pro rata* basis, by lot or by such other method as the Trustee deems fair and appropriate (and in such manner as complies with the applicable legal and regulatory requirements). If any Security is to be redeemed in part only, the notice of redemption relating to such Security will state the portion of the principal amount thereof to be redeemed. A new Security in principal amount equal to the unredeemed portion thereof will be issued in the name of the Holder thereof upon cancellation of the original Security. On and after the redemption date, interest will cease to accrue on the Security or portions thereof called for redemption, so long as the Company has deposited with the Depository funds sufficient to pay the principal of, plus accrued and unpaid interest and the premium (if any) on, the Securities to be redeemed.

### **3.02 Notices to Trustee**

If the Company elects to redeem Securities pursuant to Section 3.01, it shall notify the Trustee in writing of the Redemption Date and the principal amount of Securities to be redeemed.

The Company shall give each notice to the Trustee provided for in this Section 3.02 at least 60 days before the Redemption Date unless the Trustee consents to a shorter period, which, in no event will be less than 30 days before the Redemption Date. Such notice shall be accompanied by a Company's Certificate from the Company to the effect that such redemption shall comply with the conditions herein. If fewer than all of the Securities of the Company are to be redeemed, the record date relating to such redemption shall be selected by the Company and given to the Trustee, which record date shall be not fewer than 15 days after the date of notice to the Trustee. Any such notice may be cancelled at any time prior to notice of such redemption being mailed to any Holder and shall thereby be void and of no effect.

### **3.03 Notice of Redemption**

At least 30 days but not more than 60 days before the Redemption Date of any Securities, the Company, or the Trustee at the Company's direction, shall mail a notice of redemption by first-class mail to each Holder of such Securities to be redeemed at such Holder's registered address; provided that in the event the Trustee is to mail such notice, the Company shall deliver to the Trustee, at least 45 days prior to the Redemption Date, an Officers' Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided below.

The notice shall identify the Securities to be redeemed and shall state:

- (a) the Redemption Date;
- (b) the redemption price and the amount of accrued and unpaid interest to the Redemption Date;
- (c) the name and address of the Paying Agent;
- (d) that Securities called for redemption must be surrendered to the Paying Agent to collect the redemption price;

- (e) if fewer than all the outstanding Securities are to be redeemed, the certificate numbers and principal amounts of the particular Securities to be redeemed in full or part;
- (f) that, unless the Company defaults in making such redemption payment or the Paying Agent is prohibited from making such payment pursuant to the terms of this Indenture, interest on Securities (or portion thereof) called for redemption ceases to accrue on and after the Redemption Date;
- (g) the CUSIP numbers, if any, printed on the Securities being redeemed; and
- (h) that no representation is made as to the correctness or accuracy of the CUSIP numbers, if any, listed in such notice or printed on the Securities.

At the Company's request, the Trustee shall give the notice of redemption in the Company's name and at the Company's expense. In such event, the Company shall provide the Trustee with the information, along with a form of the notice, required by this Section.

#### **3.04 Effect of Notice of Redemption**

Once notice of redemption is mailed, Securities called for redemption become due and payable on the Redemption Date and at the redemption price stated in the notice. Upon surrender to the Paying Agent, such Securities shall be paid at the redemption price stated in the notice, plus accrued interest, if any, to the Redemption Date; provided, however, that if the Redemption Date is after a regular record date and on or prior to the Interest Payment Date, the accrued interest shall be payable to the Securityholder of the redeemed Securities registered on the relevant record date. Failure to give notice or any defect in the notice to any Holder shall not affect the validity of the notice to any other Holder.

#### **3.05 Deposit of Redemption Price**

On the Business Day immediately preceding the Redemption Date, the Company shall deposit with the Paying Agent (or, if the Company or a Subsidiary is the Paying Agent, shall segregate and hold in trust) money (in Canadian dollars) sufficient to pay the Redemption Price of and accrued and unpaid interest, if any, on all Securities to be redeemed on such Redemption Date other than Securities or portions of Securities called for redemption that have been delivered by the Company to the Trustee for cancellation. On and after the Redemption Date, interest will cease to accrue on Securities or portions thereof called for redemption so long as the Company has deposited with the Paying Agent funds (in Canadian dollars) sufficient to pay the Redemption Price of, plus accrued and unpaid interest (if any) on, the Securities to be redeemed. If the Paying Agent is the Company or a Subsidiary of the Company, such funds shall be paid out when required under the terms of this Indenture.

#### **3.06 Securities Redeemed in Part**

Upon surrender and cancellation of a Security that is redeemed in part, the Company shall execute and the Trustee shall authenticate for the Holder (at the Company's expense) a new Security equal in principal amount to the unredeemed portion of the Security surrendered.

## ARTICLE 4 COVENANTS

### 4.01 Payment of Securities

The Company shall promptly pay the principal of and interest on the Securities on the dates and in the manner provided in the Securities and in this Indenture. Principal and interest shall be considered paid on the date due if on such date the Trustee or the Paying Agent holds in accordance with this Indenture money sufficient to pay all principal and interest then due and the Trustee or the Paying Agent, as the case may be, is not prohibited from paying such money to the Securityholders on that date pursuant to the terms of this Indenture. If the Paying Agent is the Company or a Subsidiary of the Company, such money shall be paid out when required under the terms of this Indenture.

### 4.02 Hedging

The Company will or shall cause a Subsidiary to enter into foreign exchange hedging arrangements within thirty (30) days from the Closing Date and not less frequently than annually thereafter, the notional amount of which arrangements shall be not less than 50% of the interest payable by the Company on outstanding Securities during the next three years, such hedges to fix the rates of exchange between the dollar and the U.S. Dollar on a rolling three year basis.

### 4.03 Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock

- (a) The Company will not, and will not permit any Subsidiaries in which it directly or indirectly owns more than 50% of the total voting or equity interests, and shall not permit (to the extent that the Company has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries to, directly or indirectly, Incur any Indebtedness or issue any shares of Disqualified Stock or Preferred Stock; provided, however, that the Company or any Subsidiary may Incur Indebtedness or issue shares of Disqualified Stock or Preferred Stock if the Cash Flow Coverage Ratio immediately preceding the date on which such additional Indebtedness is Incurred or such Disqualified Stock or Preferred Stock is issued would have exceeded 1.5 to 1.0 determined on a *pro forma* basis (including a *pro forma* application of the net proceeds therefrom), as if the additional Indebtedness had been Incurred or the Disqualified Stock or Preferred Stock had been issued, as the case may be, and the application of proceeds therefrom had occurred at the beginning of such four-quarter period.
- (b) The limitations set out in Section 4.03(a) will not apply to:
  - (i) the Incurrence by the Company and its Subsidiaries of Indebtedness pursuant to the Credit Facility or otherwise in an amount which will not exceed 15% of the amount outstanding under the Securities (on a fully-diluted basis) at that time;

- (ii) the Incurrence by the Company and its Subsidiaries of Indebtedness represented by the Securities issued on the Closing Date and the Guarantees;
- (iii) Indebtedness, Disqualified Stock or Preferred Stock existing on the Closing Date;
- (iv) Indebtedness to be issued in the form of Additional Securities forming part of IPSs, issued to finance the redemption by Atlantic Holdings of any Existing Investor Interests and related issuance of Class A preferred membership interests of Atlantic Holdings in connection with such issuance;
- (v) Indebtedness arising from agreements of the Company or a Subsidiary of the Company providing for indemnification, adjustment of purchase price or similar obligations, in each case, Incurred in connection with the acquisition or disposition of any business, assets or a Subsidiary of the Company in accordance with the terms of this Indenture, other than guarantees of Indebtedness Incurred by any Person acquiring all or any portion of such business, assets or Subsidiary for the purpose of financing such acquisition;
- (vi) Indebtedness of the Company to a Subsidiary of the Company; provided that any such Indebtedness is subordinated in right of payment to the Securities; provided further that any subsequent issuance or transfer of any Capital Stock or any other event which results in any such Subsidiary ceasing to be a Subsidiary of the Company or any other subsequent transfer of any such Indebtedness (except to the Company or another Subsidiary of the Company) will be deemed, in each case, to be an Incurrence of such Indebtedness;
- (vii) Indebtedness of a Subsidiary of the Company to the Company or another Subsidiary of the Company; provided that (i) any such Indebtedness is made pursuant to an intercompany note and (ii) if a Guarantor Incurs such Indebtedness to a Subsidiary of the Company that is not a Guarantor such Indebtedness is subordinated in right of payment to the Guarantee of such Guarantor; provided further that any subsequent issuance or transfer of any Capital Stock or any other event which results in any Subsidiary of the Company lending such Indebtedness ceasing to be a Subsidiary of the Company or any other subsequent transfer of any such Indebtedness (except to the Company or another Subsidiary of the Company) will be deemed, in each case, to be an Incurrence of such Indebtedness;
- (viii) Hedging Obligations that are incurred in the ordinary course of business (1) for the purpose of fixing or hedging interest rate risk with respect to any Indebtedness that is permitted by the terms of this Indenture to be outstanding, (2) for the purpose of fixing or hedging currency exchange rate risk with respect to any currency exchanges or (3) for the purpose of

- fixing or hedging commodity price risk with respect to any commodity purchases;
- (ix) any guarantee by the Company or a Subsidiary of the Company of other obligations of the Company or any of its Subsidiaries so long as the Incurrence of such Indebtedness by the Company or such Subsidiary is permitted under the terms of the Indenture; provided that if such Indebtedness is by its express terms subordinated in right of payment to the Securities or the Guarantee of such Subsidiary, as applicable, any such guarantee of such Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Subsidiary's Guarantee with respect to the Securities substantially to the same extent as such Indebtedness is subordinated to the Securities or the Guarantee of such Subsidiary, as applicable;
  - (x) the Incurrence by the Company or any of its Subsidiaries of Indebtedness which serves to refund or refinance any Indebtedness Incurred as permitted under Section 4.03(a) and clauses (i), (ii), (iii) and (iv) above, or any Indebtedness issued to so refund or refinance such Indebtedness (subject to the following proviso, "**Refinancing Indebtedness**") prior to its respective maturity, provided, however, that such Refinancing Indebtedness:
    - (A) has a Weighted Average Life to Maturity at the time such Refinancing Indebtedness is Incurred which is not less than the remaining Weighted Average Life to Maturity of the Indebtedness being refunded or refinanced;
    - (B) has a Stated Maturity which is no earlier than the Stated Maturity of the Indebtedness being refunded or refinanced;
    - (C) to the extent such Refinancing Indebtedness refinances Indebtedness *pari passu* with the Securities or the Obligations of the Subsidiaries that are Guarantors of such Securities, as applicable, is *pari passu* with or subordinated to the Securities or the Obligations of such Subsidiaries under such guarantee, as applicable; and
    - (D) is Incurred in an aggregate amount (or if issued with original issue discount, an aggregate issue price) that is equal to or less than the aggregate principal amount (or if issued with original issue discount, the aggregate accreted value) then outstanding of the Indebtedness being refinanced plus premium and fees Incurred in connection with such refinancing;
  - (xi) Indebtedness of Persons that are acquired by the Company or any of its Subsidiaries or merged into a Subsidiary in accordance with the terms of the Indenture; provided, however, that such Indebtedness is not Incurred in contemplation of such acquisition or to provide all or a portion of the

funds or credit support required to consummate such acquisition or merger; provided further, however, that the Cash Flow Coverage Ratio described in this covenant on a pro forma basis, after giving effect to such acquisition and the Incurrence of such Indebtedness, would be greater than the actual Cash Flow Coverage Ratio for such period without giving effect to such acquisition;

- (xii) the Incurrence by the Company or any of its Subsidiaries of Indebtedness which serves to finance in whole or in part the making of capital improvements required to maintain compliance with Applicable Laws or Project Documents, provided, however, that the principal amount of all such Indebtedness does not exceed an aggregate of U.S.\$20,000,000 and an independent engineer confirms that such capital improvements are required to maintain compliance with Applicable Laws or Project Documents; and
- (xiii) the Incurrence by the Company or any of its Subsidiaries of Indebtedness in connection with performance, surety or similar bonds, letters of credit or performance guarantees or other similar obligations in the ordinary course of business, provided, however, that the principal amount of all such Indebtedness does not exceed an aggregate of U.S.\$15,000,000.

For purposes of determining compliance with this Section 4.03, in the event that an item of Indebtedness meets the criteria of more than one of the categories of permitted Indebtedness described in clauses 4.03(b)(i) through (xiii) above or is entitled to be Incurred pursuant to Section 4.03(a), the Company will, in its sole discretion, classify or reclassify such item of Indebtedness in any manner that complies with this covenant and such item of Indebtedness will be treated as having been Incurred pursuant to only one of such clauses of Section 4.03(b) or pursuant to Section 4.03(a). Accrual of interest and the accretion of accreted value will not be deemed to be an Incurrence of Indebtedness for purposes of this Section 4.03.

#### **4.04 Limitation on Restricted Payments**

- (a) The Company will not, and will not permit any Subsidiaries in which it directly or indirectly owns more than 50% of the total voting or equity interest, and shall not permit (to the extent that the Company has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries, to directly or indirectly:
  - (i) declare or pay any dividend or make any distribution on account of the Company's or any of its Subsidiaries' Equity Interests, including any payment made in connection with any merger or consolidation involving the Company (other than (A) dividends or distributions by the Company payable solely in Equity Interests (other than Disqualified Stock) of the Company or (B) dividends or distributions by a Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Subsidiary other than a Wholly-Owned Subsidiary, the Company or a Subsidiary receives at least its *pro*

*rata* share of such dividend or distribution in accordance with the terms of such Equity Interests;

- (ii) purchase, redeem or otherwise acquire or retire for value any Equity Interests of the Company or any Subsidiary other than repurchases of Existing Investor Interests by Atlantic Holdings pursuant to the exercise by the Existing Investors of the Liquidity Right to the extent that such repurchase is funded through the issuance of equity securities by Atlantic Holdings; or
- (iii) make a Restricted Investment;

(all such payments and other actions set forth in clauses (i), (ii) and (iii) above being collectively referred to as “**Restricted Payments**”);

unless, at the time of such Restricted Payment:

- (A) no Default or Event of Default will have occurred and be continuing or would occur as a consequence thereof;
- (B) immediately after giving effect to such Restricted Payment on a *pro forma* basis, the Company could Incur U.S.\$1.00 of additional Indebtedness under Section 4.03(a); and
- (C) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Company and its Subsidiaries after the Closing Date (including Restricted Payments permitted by clauses (i), (iii) and (v) of Section 4.04(b), but not including all other Restricted Payments permitted by Section 4.04(b)), is less than the sum of, without duplication:
  - (1) 100% of the Company’s Cash Flow less Interest Expense and any required principal repayments on outstanding Indebtedness of the Company for the period (taken as one accounting period) from the first date of the fiscal quarter in which the Closing Date occurs to the end of the Company’s most recently-ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment, plus
  - (2) 100% of the aggregate net proceeds, including cash and the Fair Market Value (as determined below) of property other than cash, received by the Company after the Closing Date from the issue or sale of Equity Interests of the Company excluding Refunding Capital Stock (as defined herein), Disqualified Stock and Excluded Contributions, including Equity Interests issued upon conversion of Indebtedness or upon exercise of warrants or options (other than an issuance or sale to a Subsidiary of the Company), plus

- (3) 100% of the aggregate amount of contributions to the capital of the Company received in cash and the Fair Market Value (as determined below) of property other than cash received by the Company as a contribution to capital since the Closing Date excluding Refunding Capital Stock (as defined herein), Disqualified Stock and Excluded Contributions, plus
- (4) 100% of the aggregate amount received in cash and the Fair Market Value (as determined below) of property other than cash received since the Closing Date from (X) the sale or other disposition (other than to the Company or a Subsidiary) of Restricted Investments made by the Company and its Subsidiaries and from repurchases and redemptions of such Restricted Investments from the Company and its Subsidiaries by any Person (other than the Company or any of its Subsidiaries) and from repayments of loans or advances which constituted Restricted Investments, and/or (Y) the sale (other than to the Company or a Subsidiary) of the Capital Stock of a Subsidiary.

The Fair Market Value of property other than cash covered by clauses (2), (3) and (4) above will be determined in good faith by the Company and (X) in the case of property with a Fair Market Value in excess of US\$2.5 million, shall be set forth in a Company's Certificate or (Y) in the case of property with a Fair Market Value in excess of US\$10 million, shall be set forth in a resolution approved by at least a majority of the Board of Directors.

- (b) The provisions of Section 4.04(a) shall not prohibit:
  - (i) the payment of any dividend or distribution within 60 days after the date of declaration thereof, if at the date of declaration such payment would have been permitted under the provisions of this Indenture;
  - (ii) (A) the repurchase, retirement or other acquisition of any Equity Interests ("**Retired Capital Stock**") or Subordinated Indebtedness of the Company in exchange for, or out of the proceeds of the substantially concurrent sale of, Equity Interests of the Company or contributions to the equity capital of the Company (other than any Disqualified Stock or any Equity Interests sold to a Subsidiary of the Company or to an employee stock ownership plan or any trust established by the Company or any of its Subsidiaries) (collectively, including any such contributions, "**Refunding Capital Stock**") and (B) the declaration and payment of accrued dividends on the Retired Capital Stock out of the proceeds of the substantially concurrent sale (other than to a Subsidiary of the Company or to an employee stock ownership plan or any trust established by the Company or any of its Subsidiaries) of Refunding Capital Stock;

- (iii) the declaration and payment of dividends or distributions to holders of any class or series of Disqualified Stock of the Company or any of its Subsidiaries issued or incurred in accordance with Section 4.03 hereof;
- (iv) the declaration and payment of dividends on the Class A preferred membership interests and Class B preferred membership interests of Atlantic Holdings in accordance with their terms;
- (v) the payment of dividends on the Common Shares up to an aggregate amount in any fiscal quarter not to exceed the Quarterly Base Dividend Level, provided that the Cash Flow Coverage Ratio of the Company is at least 1.25:1.0;
- (vi) other Restricted Payments in an aggregate amount not to exceed U.S.\$5,000,000; and
- (vii) repurchases of Equity Interests deemed to occur upon exercise of stock options if such Equity Interests represent a portion of the exercise price of such options.

provided, however, that at the time of and after giving effect to, any Restricted Payment permitted by clauses (i), (iii), (v), (vi) and (vii) no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof.

#### **4.05 Dividend and Other Payment Restrictions Affecting Subsidiaries**

The Company will not, and will not permit any Subsidiaries in which it directly or indirectly owns more than 50% of the total voting or equity interests, and will not permit (to the extent that the Company has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries, to directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or consensual restriction on the ability of any Subsidiary to:

- (a) (i) pay dividends or make any other distributions to the Company or any of its Subsidiaries (1) on its Capital Stock or (2) with respect to any other interest or participation in, or measured by, its profits, or (ii) pay any Indebtedness owed to the Company or any of its Subsidiaries;
- (b) make loans or advances to the Company or any of its Subsidiaries; or
- (c) sell, lease or transfer any of its properties or assets to the Company or any of its Subsidiaries;

except in each case for such encumbrances or restrictions existing under or by reason of:

- (A) contractual encumbrances or restrictions in effect on the Closing Date, including pursuant to the Credit Facility and the other Senior Credit Documents;

- (B) this Indenture and the Securities;
- (C) applicable law or any applicable rule, regulation or order;
- (D) any agreement or other instrument relating to Indebtedness of a Person acquired by the Company or any Subsidiary which was in existence at the time of such acquisition (but not created in contemplation thereof or to provide all or any portion of the funds or credit support utilized to consummate such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired;
- (E) any restriction with respect to a Subsidiary imposed pursuant to an agreement entered into for the sale or disposition of all or substantially all the Capital Stock or assets of such Subsidiary pending the closing of such sale or disposition;
- (F) Secured Indebtedness or Liens otherwise permitted to be Incurred pursuant to Sections 4.03 and 4.08 hereof that limit the right of the debtor to dispose of the assets securing such Indebtedness;
- (G) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business that impose restrictions of the type described in Section 4.05(c) herein;
- (H) customary provisions in joint venture agreements, limited partnership agreements and other similar agreements entered into in the ordinary course of business;
- (I) customary provisions contained in leases and other similar agreements entered into in the ordinary course of business; or
- (J) any encumbrances or restrictions of the type referred to in clauses (a), (b) and (c) above imposed by any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (A) through (I) above; provided that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are, in the good faith judgment of the Board of Directors, no more restrictive with respect to such dividend and other payment restrictions than those contained in the dividend or other payment restrictions prior to such amendment, modification, restatement, renewal, increase, supplement, refunding, replacement or refinancing.

**4.06 Asset Sales**

- (a) The Company will not, and will not permit any Subsidiaries in which it owns, directly or indirectly, more than 50% of the total voting or equity interest, and will not permit (to the extent that the Company has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries to, cause or make an Asset Sale, unless the Company or its Subsidiaries, as the case may be, receives consideration at the time of such Asset Sale at least equal to the Fair Market Value (as determined in good faith by the Company) of the assets sold or otherwise disposed of.
- (b) Within 365 days after the Company's or any Subsidiary's receipt of the Net Proceeds of any Asset Sale, the Company or such Subsidiary may apply the Net Proceeds from such Asset Sale, at its option:
  - (A) to make an investment in any one or more businesses, capital expenditures or acquisitions of other assets in each case used or useful in a Similar Business; and/or
  - (B) to make an investment in properties or assets that replace the properties and assets that are the subject of such Asset Sale.
- (c) Pending the final application of any such Net Proceeds, the Company or such Subsidiary may temporarily reduce Indebtedness under a revolving credit facility, if any, or otherwise invest such Net Proceeds in Cash Equivalents or Investment Grade Securities. Any Net Proceeds from any Asset Sale that are not applied as provided and within the time period set forth in the first sentence of this paragraph shall be deemed to constitute "Excess Proceeds". When the aggregate amount of Excess Proceeds exceeds US\$10 million, the Company will make an offer to all Holders of Securities (an "Asset Sale Offer") to purchase the maximum principal amount of Securities that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to the lesser of: (i) 105% of the principal amount thereof; and (ii) the Redemption Price at such date, plus accrued and unpaid interest, if any, up to, but not including, the date fixed for the closing of such offer, in accordance with the procedures set forth in this Section 4.06.
- (d) In the event the Company is required to make an Asset Sale Offer, within 30 days of such requirement arising the Company shall deliver to the Trustee and send, by first-class mail, postage prepaid, to each Holder at such Holder's registered address, a written notice stating that the Holder may elect to have such Holder's Securities purchased, subject to an aggregate amount equal to the maximum principal amount of Securities that may be purchased out of the Excess Proceeds, as described in Section 4.06(c), by the Company at the applicable price, either in whole or in part. A holder of IPSs will not have its Securities purchased unless the holder separates the IPS and receives delivery of the constituent Common Shares and Subordinated Notes. The notice shall be mailed at least 30 but not more than 60 days before the purchase date. If any Security is to be purchased in part only, any notice of purchase that relates to such Security shall state the portion of the principal amount thereof that has been or is to be purchased. The

notice shall also state the period for which the offer is open for acceptance, which shall be not less than 30 days from the date of mailing.

- (e) Holders electing to have a Security purchased shall be required to surrender the Security, with an appropriate form duly completed, to the Company at the address specified in the notice at least three Business Days prior to the purchase date. The Company shall deliver the Excess Proceeds (or applicable portion thereof) to the Trustee or Paying Agent on the Business Day prior to the purchase date and the Trustee (or the Paying Agent, if not the Trustee) shall, on the date of purchase, mail or deliver payment to each tendering Holder in the amount of the purchase price. In the event that the Excess Proceeds delivered by the Company to the Trustee is greater than the purchase price of the Securities tendered, the Trustee shall deliver the excess to the Company immediately after the expiration of the offer.
- (f) Notwithstanding the foregoing provisions of this Section 4.06, the Company shall not be bound by such foregoing provisions to the extent the terms of the Senior Indebtedness prohibit the completion of sales and/or the application of the proceeds of sales.

#### **4.07 Transactions with Affiliates**

- (a) The Company will not, and will not permit any Subsidiaries in which it directly or indirectly owns more than 50% of the total voting or equity interests and will not permit (to the extent that the Company has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries, to directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction or series of transactions, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Company or the Manager or any Affiliate of the Manager (each of the foregoing, an “**Affiliate Transaction**”), unless:
  - (i) such Affiliate Transaction is on terms that are not materially less favourable to the Company or the relevant Subsidiary than those that could have been obtained in a comparable transaction by the Company or such Subsidiary with an unrelated Person; and
  - (ii) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of U.S.\$5 million but less than or equal to U.S.\$10 million, the Company delivers to the Trustee a resolution adopted by the majority of the Board of Directors of the Company, approving such Affiliate Transaction and a Company’s Certificate certifying that such Affiliate Transaction complies with clause 4.07(a)(i) above; and
  - (iii) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of U.S.\$10 million, the Company delivers to the Trustee a resolution adopted by the

majority of the board of directors of the Company, approving such Affiliate Transaction and a letter from an Independent Financial Advisor stating that such transaction is fair to the Company or such Subsidiary from a financial point of view or meets the requirement of 4.07(a)(i) above.

- (b) The provisions of Section 4.07(a) shall not apply to the following:
- (i) Permitted Investments and Restricted Payments permitted by Section 4.04;
  - (ii) the payment of arms length reasonable and customary fees paid to, and indemnity provided on behalf of, officers, directors, employees or consultants of the Company, or any Subsidiary or the Manager including, for greater certainty, any fees payable under the Management Agreement;
  - (iii) any agreement in effect as of the Closing Date or any amendment thereto (so long as any such amendment is not disadvantageous to the Holders of the Securities in any material respect) or any transaction contemplated thereby; and
  - (iv) the existence of, or the performance by the Company or any of its Subsidiaries of its obligations under the terms of, any shareholders agreement (including any registration rights agreement or purchase agreement related thereto) to which it is a party as of the Closing Date and any similar agreements (including any operating agreements or limited partnership agreements) which it may enter into thereafter; provided, however, that the existence of, or the performance by the Company or any of its Subsidiaries of its obligations under any future amendment to any such existing agreement or under any similar agreement entered into after the Closing Date shall only be permitted by this clause (iv) to the extent that the terms of any such amendment or new agreement are not otherwise disadvantageous to the Holders of the Securities in any material respect.

#### **4.08 Liens**

The Company will not, and will not permit any Subsidiaries in which it directly or indirectly owns more than 50% of the total voting or equity interests and will not permit (to the extent that the Company has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries to, directly or indirectly, create, incur or suffer to exist any Lien on any asset or property of the Company or such Subsidiary, or any income or profits therefrom, or assign or convey any right to receive income therefrom, that secures any obligations of the Company or any of its Subsidiaries or any other Person (other than Senior Indebtedness) unless the Securities are equally and rateably secured with (or on a senior basis to, in the case of obligations subordinated in right of payment to the Securities) the obligations so secured or until such time as such obligations are no longer secured by a Lien. The preceding sentence shall not require the Company or any Subsidiary to secure the Securities if the Lien consists of a Permitted Lien.

No Guarantor shall directly or indirectly create, incur or suffer to exist any Lien on any asset or property of such Guarantor or any income or profits therefrom, or assign or convey any right to receive income therefrom, that secures any obligation of such Guarantor or any other person (other than Senior Indebtedness) unless the Guarantee of such Guarantor is equally and rateably secured with (or on a senior basis to, in the case of obligations subordinated in right of payment to such Guarantor's Guarantee or the Securities, as applicable) the obligations so secured or until such time as such obligations are no longer secured by a Lien. The preceding sentence shall not require any Guarantor to secure its Guarantee or the Securities, as applicable if the Lien consists of a Permitted Lien.

#### **4.09 Change of Control**

- (a) Upon a Change of Control, the Company will offer to repurchase all or any part of each Holder's Securities at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of repurchase (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date), in accordance with the terms contemplated in Section 4.09(c); provided, however, that notwithstanding the occurrence of a Change of Control, the Company shall not be obligated to offer to repurchase such Holder's Securities pursuant to this Section 4.09 in the event that it has exercised its right to redeem the Securities pursuant to Section 3.01.
- (b) In the event that at the time of such Change of Control the terms of the Senior Indebtedness restrict or prohibit the repurchase by the Company of Securities pursuant to this Section 4.09, then prior to the mailing of the notice to Holders provided for in Section 4.09(c) below but in any event within 30 days following any Change of Control, the Company shall (i) repay in full all Senior Indebtedness or offer to repay in full all Senior Indebtedness and repay the Senior Lender Indebtedness of each lender who has accepted such offer or (ii) obtain the requisite consent under the agreements governing the Senior Indebtedness to permit the repurchase of the Securities as provided for in Section 4.09(c).
- (c) Within 30 days following any Change of Control (except as provided in Section 4.09(a)), unless the Company has exercised its right to redeem the Securities pursuant to Section 3.01, the Company will mail a notice (the "**Change of Control Offer**") to each Holder with a copy to the Trustee stating:
  - (i) that a Change of Control has occurred, together with an offer to purchase such Holder's Securities at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of repurchase (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date);
  - (ii) the circumstances and relevant facts and financial information regarding such Change of Control;
  - (iii) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed); and

- (iv) the instructions determined by the Company, consistent with this Section 4.09, that a Holder must follow in order to have its Securities purchased.
- (d) Notwithstanding any provision in this Section 4.09, a holder of IPSs will not have its Securities purchased unless the holder separates the IPS and receives delivery of the Common Shares and Securities represented thereby.
- (e) Holders electing to have a Security purchased shall be required to surrender the Security, with an appropriate form duly completed, to the Company at the address specified in the notice at least three Business Days prior to the purchase date. Holders shall be entitled to withdraw their election if the Trustee or the Company receives not later than one Business Day prior to the purchase date a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount of the Securities which were delivered for purchase by the Holder and a statement that such Holder is withdrawing his or her election to have such Securities purchased.
- (f) On the purchase date, all Securities purchased by the Company under this Section 4.09 shall be delivered to the Trustee for cancellation, and the Company shall pay the purchase price plus accrued and unpaid interest, if any, to the Holders entitled thereto.
- (g) Notwithstanding the foregoing provisions of this Section 4.09, the Company shall not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in Section 4.09(c) applicable to a Change of Control Offer made by the Company and purchases all Securities validly tendered and not withdrawn under such Change of Control Offer.
- (h) The Company shall comply, to the extent applicable, with the requirements of any applicable securities laws or regulations in connection with the repurchase of Securities pursuant to this Section 4.09. To the extent that the provisions of any securities laws or regulations conflict with provisions of this Section 4.09, the Company shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations under this Section 4.09 by virtue thereof.

#### **4.10 Reports**

The Company shall furnish to the Trustee annually, all information that the Company would be required under the *Securities Act* (Ontario) to include in any annual information form or other reports submitted to the Ontario Securities Commission or to the TSX, notwithstanding which, the Company shall provide to the Trustee (i) within 90 days after the end of the Company's fiscal year, annual audited financial statements prepared in accordance with GAAP; (ii) within 90 days after the end of the Company's fiscal year a Management Discussion and Analysis Report; and (iii) within 45 days after the end of each of the first three quarters of the Company's fiscal year, unaudited quarterly financial statements certified by an Officer, prepared in accordance with GAAP.

#### **4.11 Compliance Certificate**

The Company will deliver to the Trustee (i) within 90 days after the end of each fiscal year of the Company commencing with the fiscal year ending on December 30, 2004 and (ii) within 45 days after the end of each of the first three quarters of the Company's fiscal year, beginning on the first quarter ending March 31, 2005, a Company's Certificate stating that in the course of the performance by the signers of their duties as officers of the Company they would normally have knowledge of any Default and whether or not the signers know of any Default that occurred during such period. If they do, the Company's Certificate shall describe the Default, its status and what action the Company is taking or proposes to take with respect thereto.

#### **4.12 Further Instruments and Acts**

Upon request of the Trustee or as otherwise necessary, the Company shall execute and deliver or cause to be executed and delivered such further instruments and do such further acts as may be reasonably necessary or proper to carry out more effectively the purpose of this Indenture.

#### **4.13 Listing of Common Shares**

Within 30 days prior to the maturity of the Securities, the Company shall use its reasonable efforts to list or quote the outstanding Common Shares on the securities exchange(s) or automated securities quotation system(s), if any, on which the IPSs will then be listed or quoted, in addition to any other securities exchange on which the Common Shares is then listed.

#### **4.14 Formation of IPSs; Ratio of Common Share to Securities**

- (a) So long as any Securities are outstanding, any Holder of Securities and Common Shares may, at any time and from time to time, through such Holder's broker or other financial institution, combine the applicable number of Common Shares and principal amount of Securities to form IPSs which shall be (subject to Section 4.14(b)), the same number of Common Shares and principal amount of Securities represented by an IPS on the date of this Agreement.
- (b) In the event of any stock split, recombination or reclassification of Common Shares, the ratio of Common Shares to principal amount of Securities represented by an IPS shall be correspondingly changed. Immediately following the occurrence of any such event, the Company shall file with the securities regulatory authorities in each jurisdiction in which the Company is a "reporting issuer" or its equivalent, a material change report, disclosing the changes in the ratio of Common Shares to principal amount of Securities as a result of such event.

#### **4.15 Amendment to Approval Rights**

If the Company has amended or consented to the amendment of, or has permitted Atlantic Holdings to amend or consent to the amendment of, any direct or indirect contractual or other approval rights that the Company has over the actions of any of its Subsidiaries, any action taken by a Subsidiary of the Company that prior to such amendment would have required the

direct or indirect approval of the Company shall, for the purposes of Sections 4.03, 4.04, 4.05, 4.06, 4.07 and 4.08, be considered to have been permitted by the Company.

## **ARTICLE 5 SUCCESSOR COMPANY**

### **5.01 Merger, Consolidation or Sale of All or Substantially All Assets**

- (a) The Company will not consolidate or merge with or into or wind up into (whether or not the Company is the surviving corporation) or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions, to any Person unless:
  - (i) the Company is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Company) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of Canada or any province or territory thereof (the Company or such Person, as the case may be, being herein called the “**Successor Company**”);
  - (ii) the Successor Company (if other than the Company) expressly assumes all the obligations of the Company under this Indenture, the Securities and any related security pursuant to a supplemental indenture or other documents or instruments in form reasonably satisfactory to the Trustee;
  - (iii) all of the Guarantees of the Securities, and related security, remain in full force and effect or replacement guarantees and security reasonably satisfactory to the Trustee are provided;
  - (iv) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Company or any of its Subsidiaries as a result of such transaction as having been Incurred by the Successor Company or such Subsidiary at the time of such transaction) no Default or Event of Default shall have occurred and be continuing;
  - (v) immediately after giving pro forma effect to such transaction, as if such transaction had occurred at the beginning of the applicable four-quarter period the Cash Flow Coverage Ratio for the Successor Company and its Subsidiaries would be greater than or equal to such ratio for the Issuer and its Subsidiaries immediately prior to such transaction;
  - (vi) each party to the Securities and Guarantees, unless they are the other party to the transactions described above, will have by supplemental securities and guarantees confirmed that such securities and guarantees will apply to such Person’s obligations under the Securities and Guarantees (or, such parties will have entered into guarantees of the Securities in form and substance substantially the same as the Guarantees); and

- (vii) the Company will have delivered to the Trustee a Company's Certificate and an Opinion of Counsel stating that such consolidation, merger or transfer and such supplemental securities, guarantees and indenture (if any) (or guarantees of the Securities) comply with this Indenture.

The Successor Company shall succeed to, and be substituted for, the Company under this Indenture and the Securities. Notwithstanding the foregoing Sections 5.01(a)(iii) and 5.01(a)(v), (a) any Subsidiary of the Company may consolidate with, merge into or transfer all or part of its properties and assets to the Company or to another Subsidiary of the Company, and (b) the Company may merge with an Affiliate incorporated solely for the purpose of reincorporating the Company in another province or territory of Canada so long as the amount of Indebtedness of the Company and its Subsidiaries is not increased thereby.

- (b) Subject to the provisions of a Guarantee governing the release of the Guarantee upon the sale or disposition of a Guarantor that is a Subsidiary of the Company, each Guarantor shall not, and the Company shall not permit a Guarantor to, consolidate or merge with or into or wind up into (whether or not such Guarantor is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions to, any Person unless:
  - (i) such Guarantor is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than such Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of Canada or the United States or any province or territory of Canada or state of the United States (such Guarantor or such Person, as the case may be, being herein called the "**Successor Guarantor**");
  - (ii) the Successor Guarantor (if other than such Guarantor) expressly assumes all the obligations of such Guarantor under this Indenture and such Guarantor's Guarantee and related security pursuant to a supplemental indenture or other documents or instruments in form reasonably satisfactory to the Trustee;
  - (iii) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Guarantor or any of its Subsidiaries as a result of such transaction as having been Incurred by the Successor Guarantor or such Subsidiary at the time of such transaction) no Default or Event of Default shall have occurred and be continuing; and
  - (iv) the Guarantor shall have delivered or caused to be delivered to the Trustee a Company's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indenture (if any) comply with this Indenture.

Subject to the provisions of a Guarantee governing the release of the Guarantee, the Successor Guarantor shall succeed to, and be substituted for, such Guarantor under this Indenture and such Guarantor's Guarantee. Notwithstanding the foregoing Section 5.01(b)(iii), a Guarantor may merge with an Affiliate incorporated solely for the purpose of reincorporating such Guarantor in another state of the United States or province or territory of Canada so long as the amount of Indebtedness of the Guarantor is not increased thereby.

## **ARTICLE 6 DEFAULTS AND REMEDIES**

### **6.01 Events of Default**

An "Event of Default" occurs if:

- (a) the Company defaults in any payment of interest on any Security when the same becomes due and payable and such Default continues for a period of 30 days;
- (b) the Company defaults in the payment of the principal or premium, if any, of any Security when the same becomes due and payable at its Stated Maturity, upon optional redemption, upon required repurchase, upon acceleration or otherwise in accordance with this Indenture.
- (c) the Company fails to comply with Section 5.01 hereof;
- (d) the Company fails to comply with Sections 4.02, 4.03, 4.04, 4.05, 4.06, 4.07, 4.08, 4.09, 4.10 or 4.11 (other than a failure to purchase Securities when required under Sections 4.06 or 4.09) and such failure continues for 30 days after the notice specified below;
- (e) the Company fails to comply with any of its agreements in the Securities or this Indenture (other than those referred to in (a), (b), (c) or (d) above) and such failure continues for 60 days after the notice specified below;
- (f) Indebtedness of the Company or any Major Subsidiary (other than Indebtedness owing to the Company or a Wholly-Owned Subsidiary) is not paid within any applicable grace period after final maturity or the acceleration by the holders thereof because of a default and the total amount of such Indebtedness unpaid or accelerated exceeds US\$5 million or its foreign currency equivalent;
- (g) the Company or any Major Subsidiary of the Company pursuant to or within the meaning of any Bankruptcy Law:
  - (i) commences a voluntary case or proceeding;
  - (ii) consents to the entry of an order for relief against it in an involuntary case or proceeding;
  - (iii) consents to the appointment of a Custodian of it or for any substantial part of its property; or

- (iv) makes a general assignment for the benefit of its creditors;  
or takes any comparable action under any foreign laws relating to insolvency;
- (h) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:
  - (i) is for relief against the Company or any Major Subsidiary of the Company in an involuntary case;
  - (ii) appoints a Custodian of the Company or any Major Subsidiary of the Company or for any substantial part of the property of the Company or any Major Subsidiary of the Company; or
  - (iii) orders the winding up or liquidation of the Company or any Major Subsidiary of the Company;or any similar relief is granted under any foreign laws and the order or decree remains unstayed and in effect for 90 days;
- (i) any judgment or decree for the payment of money (other than judgments which are covered by enforceable insurance policies issued by solvent carriers) in excess of US\$25 million or its foreign currency equivalent is entered against the Company or a Major Subsidiary of the Company if (A) an enforcement proceeding thereon has been commenced and has not been discharged or stayed within 90 days thereafter or (B) there is a period of 60 days following the entry of such judgment or decree during which such judgment or decree is not discharged, waived or the execution thereof stayed;
- (j) the Securities or any Guarantee or any security therefor cease to be in full force and effect, except as contemplated by the terms thereof, or the Company or any Guarantor denies or disaffirms its obligations under this Indenture or any Guarantee or any security therefor, except as contemplated by the terms thereof, and such Default continues for 10 days; or
- (k) the Company fails to make an offer to repurchase as required under Sections 4.06 or 4.09.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

A Default under clause (d) or (e) above is not an Event of Default until the Trustee or the Holders of at least 25% in principal amount of the outstanding Securities (or the Holders of a Reduced Threshold Amount in the case of a Reduced Threshold Default) notify the Company of the Default and the Company does not cure such Default within the time specified in clause (d) or (e), as the case may be, after receipt of such notice. Such notice must specify the Default, demand that it be remedied and state that such notice is a "Notice of Default".

The Company shall deliver to the Trustee, within 30 days after the occurrence thereof, written notice in the form of a Company's Certificate of any Event of Default under clause (c), (f) or (j) and any event which with the giving of notice or the lapse of time would become an Event of Default under clause (d), (e) or (i), its status and what action the Company is taking or proposes to take with respect thereto.

## **6.02 Acceleration**

Subject to Acceleration Forebearance Periods during which the principal amount of the Securities will not be due and payable by the Company or any Guarantor, if an Event of Default (other than an Event of Default specified in Section 6.01(g) or 6.01(h) with respect to the Company) occurs and is continuing, the Trustee or the Holders of at least 25% (or Holders of a Reduced Threshold Amount for a Reduced Threshold Default) in principal amount of the outstanding Securities by notice to the Company may declare the principal of, premium, if any, and accrued but unpaid interest on all the Securities be due and payable. Upon such a declaration, such principal and interest shall be due and payable immediately. If an Event of Default specified in Section 6.01(g) or 6.01(h) with respect to the Company occurs, the principal of, premium, if any, and interest on all the Securities shall *ipso facto* become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Securityholders. The Holders of a majority in principal amount of the Securities by notice to the Trustee may rescind an acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing Events of Default have been cured or waived except a Reduced Threshold Default or a Default arising from the non-payment of principal or interest. No such rescission shall affect any subsequent Default or impair any right consequent thereto.

Subject to the provisions of Article 7 of this Indenture relating to the duties of the Trustee, if an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under this Indenture at the request or direction of any of the Holders unless such Holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense.

Subject to the provisions of Article 7 of this Indenture, if an Event of Default has occurred and is continuing, the Trustee shall be required to exercise the rights and powers vested in it by this Indenture, and use the same degree of care and skill in its exercise as a reasonable Canadian trust company would exercise or use under the circumstances in the conduct of its own affairs. The Trustee, however, may refuse to follow any direction that conflicts with law or this Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve the Trustee in personal liability. Prior to taking any action under this Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

If such a declaration to accelerate is made on or before the fifth anniversary of the Closing Date, the Company will redeem the Securities for cash, at a redemption price equal to any accrued and unpaid interest on the Securities plus 105% of the principal amount of Securities being redeemed.

### **6.03 Other Remedies**

If an Event of Default occurs and is continuing, subject to Acceleration Forebearance Periods, the Trustee may pursue any available remedy to collect the payment of principal of or interest on the Securities or to enforce the performance of any provision of the Securities or this Indenture.

The Trustee may maintain a proceeding even if it does not possess any of the Securities or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Securityholder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative.

### **6.04 Waiver of Past Defaults**

The Holders of a majority in principal amount of the outstanding Securities affected by notice to the Trustee may on behalf of the Holders of all such Securities waive an existing Default or an Event of Default and its consequences except (i) a continuing Default or an Event of Default in the payment of the principal of or interest on a Security, (ii) a Reduced Threshold Default, (iii) a Default or an Event of Default arising from the failure to make an offer to redeem or purchase; or redeem or purchase any Security when required pursuant to the terms of this Indenture or (iv) a Default or an Event of Default in respect of a provision that under Section 9.02 cannot be amended without the consent of each Securityholder affected. The Holders of 100% in principal amount of the outstanding Securities affected by notice to the Trustee may waive the existing Default or Event of Default, mentioned in (i), (ii), (iii) and (iv) above. In the event of any Event of Default specified in Sections 6.01(d) or 6.01(f), such Event of Default and all consequences thereof (including any acceleration or resulting payment default) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose (x) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged, or (y) the holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default, or (z) if the default that is the basis for such Event of Default has been cured. When a Default is waived, it is deemed cured, but no such waiver shall extend to any subsequent or other Default or impair any consequent right.

### **6.05 Control by Majority**

The Holders of a majority in principal amount of the Securities may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or this Indenture or, subject to Section 7.01, that the Trustee determines is unduly prejudicial to the rights of any other Securityholders or would involve the Trustee in personal liability; provided, however, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction. Prior to taking any action hereunder, the Trustee shall be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

**6.06 Limitation on Suits**

Except to preserve or enforce the right to receive payment of principal, premium (if any) or interest when due, no Securityholder may pursue any remedy with respect to this Indenture or the Securities unless:

- (a) the Holder gives to the Trustee written notice stating that an Event of Default is continuing;
- (b) the Holders of at least 25% (or Holders of a Reduced Threshold Amount in respect of a remedy (other than acceleration) for a Reduced Threshold Default) in principal amount of the outstanding Securities make a written request to the Trustee to pursue the remedy;
- (c) such Holder or Holders offer to the Trustee reasonable security or indemnity satisfactory to it against any loss, liability or expense;
- (d) the Trustee does not comply with the request within 60 days after receipt of the request and the offer of security or indemnity; and
- (e) except for a remedy (other than an acceleration) for a Reduced Threshold Default, the Holders of a majority in principal amount of the Securities do not give the Trustee a direction inconsistent with the request during such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of the outstanding Securities are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee.

A Securityholder may not use this Indenture to prejudice the rights of another Securityholder or to obtain a preference or priority over another Securityholder.

**6.07 Rights of Holders to Receive Payment**

Notwithstanding any other provision of this Indenture, the right of any Holder to receive payment of principal of and interest on the Securities held by such Holder, on or after the respective due dates expressed in the Securities, or to bring suit for the enforcement of any such payment of principal of and interest on the Securities on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

**6.08 Collection Suit by Trustee**

If an Event of Default specified in Section 6.01(a) or (b) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Company for the whole amount then due and owing (together with interest on any unpaid interest to the extent lawful) and the amounts provided for in Section 7.06.

### **6.09 Trustee May File Proofs of Claim**

The Trustee may file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Securityholders allowed in any judicial proceedings relative to the Company, any Subsidiary or Guarantor, their creditors or their property and, unless prohibited by law or applicable regulations, may vote on behalf of the Holders in any election of a trustee in bankruptcy or other Person performing similar functions, and any Custodian in any such judicial proceeding is hereby authorized by each Holder to make payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and its counsel, and any other amounts due the Trustee under Section 7.06.

### **6.10 Priorities**

If the Trustee collects any money or property pursuant to this Article 6, it shall pay out the money or property in the following order:

- FIRST: to the Trustee for amounts due under Section 7.06;
- SECOND: to holders of Senior Indebtedness of the Company to the extent required by Article 11;
- THIRD: to Securityholders for amounts due and unpaid on the Securities for principal and interest, rateably, without preference or priority of any kind, according to the amounts due and payable on the Securities for principal and interest, respectively; and
- FOURTH: to the Company or any other obligor on the Securities or as a court of competent jurisdiction shall direct in writing.

The Trustee may fix a record date and payment date for any payment to Securityholders pursuant to this Section 6.10. At least 15 days before such record date, the Trustee shall mail to each Securityholder and the Company a notice that states the record date, the payment date and amount to be paid.

### **6.11 Undertaking for Costs**

In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees and expenses, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by a Holder pursuant to Section 6.07 or a suit by Holders of more than 25% (or Holders of a Reduced Threshold Amount) in principal amount of the Securities.

**6.12 Waiver of Stay or Extension Law**

Neither the Company nor any Guarantor (to the extent it may lawfully do so) shall at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and the Company and each Guarantor (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law, and shall not hinder, delay or impede the execution of any power herein granted to the Trustee, but shall suffer and permit the execution of every such power as though no such law had been enacted.

**ARTICLE 7  
TRUSTEE**

**7.01 Duties of Trustee**

- (a) The Trustee has the authority, on behalf of the holders of Securities under this Indenture, to enter into documents and security agreements on their behalf.
- (b) If an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in its exercise as a reasonable Canadian trust company would exercise or use under the circumstances in the conduct of such trust company's own affairs.
- (c) Except during the continuance of an Event of Default:
  - (i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and
  - (ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of certificates or opinions specifically required by any provision hereof to be furnished to it, the Trustee shall examine the certificates and opinions to determine whether or not they conform to the requirements of this Indenture.
- (d) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own wilful misconduct, except that:
  - (i) this paragraph does not limit the effect of paragraph (c) of this Section; and
  - (ii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.05.

- (e) Every provision of this Indenture that in any way relates to the Trustee is subject to paragraphs (a), (c) and (d) of this Section 7.01.
- (f) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Company.
- (g) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.
- (h) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.
- (i) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section 7.01.

**7.02 Rights of Trustee**

- (a) The Trustee may conclusively rely on any document believed by it to be genuine and to have been signed or presented by the proper Person. The Trustee need not investigate any fact or matter stated in the document.
- (b) Before the Trustee acts or refrains from acting under this Indenture or any other agreement to which the Trustee is a party in connection with this Indenture, it may require a Company's Certificate or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on the Company's Certificate or Opinion of Counsel.
- (c) The Trustee may act through agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.
- (d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; provided, however, that the Trustee's conduct does not constitute wilful misconduct or negligence.
- (e) The Trustee may consult with counsel, and the advice or opinion of counsel with respect to legal matters relating to this Indenture, any other agreement to which the Trustee is a party in connection with this Indenture and the Securities shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.
- (f) The Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, order, approval, bond, debenture, note or other paper or document unless requested in writing to do so by the Holders of not less than a

majority in principal amount of the Securities at the time outstanding, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Company, personally or by agent or attorney at the expense of the Company and shall incur no liability of any kind by reason of such inquiry or investigation.

- (g) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders pursuant to this Indenture, unless such Holders shall have offered to the Trustee reasonable security or indemnity satisfactory to it against the costs, expenses and liabilities which might reasonably be incurred by it in compliance with such request or direction.
- (h) The Trustee shall not be deemed to have notice of any Default or Event of Default unless written notice of any event which is in fact such a default is received by the Trustee at the Trustee's head office, and such notice references the Securities and this Indenture.
- (i) The rights, privileges, protections, immunities and benefits given to the Trustee, its employees, directors, officer, agents and its successors and assigns, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and each agent, custodian and other Person employed to act hereunder.
- (j) The Trustee may request that the Company deliver a Company's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Company's Certificate may be signed by any Person authorized to sign a Company's Certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

#### **7.03 Individual Right of Trustee**

The Trustee in its individual or any other capacity may become the owner or pledgee of Securities and may otherwise deal with the Company or its Affiliates with the same rights it would have if it were not Trustee. Any Paying Agent, Registrar or co-paying agent may do the same with like rights.

#### **7.04 Trustee's Disclaimer**

The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Securities, it shall not be accountable for the Company's use of the proceeds from the Securities, and it shall not be responsible for any statement of the Company in this Indenture or in any document issued in connection with the sale of the Securities or in the Securities other than the Trustee's certificate of authentication.

## **7.05 Notice of Defaults**

If a Default occurs and is continuing and is actually known to the Trustee, the Trustee shall mail to each Securityholder notice of the Default within the earlier of 90 days after it occurs or 30 days after written notice of it is received by the Trustee. Except in the case of a Default in payment of principal or premium (if any) or interest on any Security or in the case of a Reduced Threshold Default, the Trustee may withhold notice if and so long as a committee of its trust officers in good faith determines that withholding notice is in the interests of Securityholders. In addition, the Company shall deliver to the Trustee, within 90 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year.

## **7.06 Compensation and Indemnity**

The Company shall pay to the Trustee from time to time reasonable compensation for its services. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Company shall reimburse the Trustee upon request for all reasonable out-of-pocket expenses incurred or made by it in accordance with the provisions of this Indenture and the provisions of any other agreement to which the Trustee is a party in connection with this Indenture, including costs of collection, in addition to the compensation for its services, except for any such expenses as may be attributable to its negligence or wilful misconduct. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts. The Company and each Guarantor, jointly and severally, shall indemnify the Trustee its employees, directors, officers, agents, successors and assigns against any and all loss, liability, claim, damage or expense (including reasonable attorneys' fees and expenses) incurred by or in connection with the administration of this trust and the performance of its duties hereunder and under any other agreement to which the Trustee is a party in connection with this Indenture. The Trustee shall notify the Company of any claim for which it may seek indemnity promptly upon obtaining actual knowledge thereof; provided, however, that any failure so to notify the Company shall not relieve the Company or any Guarantor of its indemnity obligations hereunder and under any other agreement to which the Trustee is a party in connection with this Indenture. The Company shall defend the claim and the indemnified party shall provide reasonable cooperation at the Company's expense in the defence of such Claim. Such indemnified parties may together have one counsel at any time and the Company and the Guarantors, as applicable shall pay the fees and expenses of such counsel; provided, however, that the Company shall not be required to pay such fees and expenses if it assumes such indemnified parties' defence and, in such indemnified parties' reasonable judgment, there is no conflict of interest between the Company and the Guarantors, as applicable, and such parties in connection with such defence. The Company need not reimburse any expense or indemnify against any loss, liability, claim, damage or expense incurred by an indemnified party through such party's own negligence or wilful misconduct.

To secure the Company's payment obligations in this Section, the Trustee shall have a lien prior to the Securities on all money or property held or collected by the Trustee other than money or property held in trust to pay principal of and interest on particular Securities.

The Company's payment obligations pursuant to this Section shall survive the satisfaction or discharge of this Indenture, any rejection or termination of this Indenture under

any Bankruptcy Law or the resignation or removal of the Trustee. When the Trustee incurs expenses after the occurrence of a Default specified in Section 6.01(g) or (h) with respect to the Company, the expenses are intended to constitute expenses of administration under the Bankruptcy Law.

**7.07 Replacement of Trustee**

The Trustee may resign at any time by so notifying the Company. The Holders of a majority in principal amount of the Securities may remove the Trustee by so notifying the Trustee and may appoint a successor Trustee. The Company shall remove the Trustee if:

- (a) the Trustee is adjudged bankrupt or insolvent;
- (b) a receiver or other public officer takes charge of the Trustee or its property;
- (c) the Trustee is in breach of its duties under this Indenture and such breach continues for a period greater than 30 days; or
- (d) the Trustee otherwise becomes incapable of acting.

If the Trustee resigns, is removed by the Company or by the Holders of a majority in principal amount of the Securities and such Holders do not reasonably promptly appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Company shall promptly appoint a successor Trustee.

A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Company. Thereupon, the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Securityholders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the Lien provided for in Section 7.06.

If a successor Trustee does not take office within 60 days after the retiring Trustee resigns or is removed, the retiring Trustee or the Holders of 10% in principal amount of the Securities may petition at the expense of the Company any court of competent jurisdiction for the appointment of a successor Trustee.

Notwithstanding the replacement of the Trustee pursuant to this Section 7.07, the Company's obligations under Section 7.06 shall continue for the benefit of the retiring Trustee.

**7.08 Successor Trustee by Merger**

If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another corporation or banking association, the resulting, surviving or transferee corporation without any further act shall be the successor Trustee.

In case at the time such successor or successors by merger, conversion, transfer or consolidation to the Trustee shall succeed to the trusts created by this Indenture any of the

Securities shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Securities so authenticated; and in case at that time any of the Securities shall not have been authenticated, any successor to the Trustee may authenticate such Securities either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such certificates shall have the full force which it is anywhere in the Securities or in this Indenture provided that the certificate of the Trustee shall have.

#### **7.09 Trust Indenture Legislation**

This Indenture is subject to the provisions of the Trust Indenture Legislation and shall, to the extent applicable, be governed by such provisions. Without limiting the foregoing, the Trustee and the Company each agree to comply with all provisions of the Trust Indenture Legislation applicable to or binding upon each of them in connection with the with this Indenture.

If and to the extent that any provision of this Indenture limits, qualifies or conflicts with any mandatory requirement of Trust Indenture Legislation, such mandatory requirement shall prevail.

### **ARTICLE 8 DISCHARGE OF INDENTURE DEFEASANCE**

#### **8.01 Discharge of Liability on Securities; Defeasance**

- (a) When (i) the Company delivers to the Trustee all outstanding Securities (other than Securities replaced pursuant to Section 2.11 or paid or Securities for which payment money has heretofore been deposited in trust pursuant to this Article 8) for cancellation or (ii) all outstanding Securities not theretofore delivered for cancellation have become due and payable, whether at maturity or as a result of the mailing of a notice of redemption pursuant to Article 3 hereof or will become due and payable within one year or are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice in the name and at the expense of the Company, and the Company or any Guarantor irrevocably deposits or causes to be deposited with the Trustee funds or Government Obligations on which payment of principal and interest when due will be sufficient to pay at Stated Maturity or upon redemption all outstanding Securities, including interest thereon to maturity or such Redemption Date (other than Securities replaced pursuant to Section 2.11), and if in either case the Company pays all other sums payable hereunder by the Company, then this Indenture shall, subject to Section 8.01(c), cease to be of further effect. The Trustee shall acknowledge satisfaction and discharge of this Indenture on demand of the Company accompanied by a Company's Certificate and an Opinion of Counsel and at the cost and expense of the Company.
- (b) Subject to Sections 8.01(c) and 8.02, the Company at any time may terminate (i) all of its Obligations under the Securities and this Indenture ("**legal defeasance option**") or (ii) its obligations under Sections 4.02, 4.03, 4.04, 4.05, 4.06, 4.07, 4.08, 4.09, 4.10, 4.12 and 5.01(a)(v) and the operation of Sections 6.01(f), 6.01(g)

(with respect to Major Subsidiaries of the Company only), 6.01(h) (with respect to Major Subsidiaries of the Company only), 6.01(i) or 6.01(k) (“**covenant defeasance option**”). In the event that the Company terminates all of its Obligations under the Securities and this Indenture by exercising its legal defeasance option, or if the Company exercises its covenant defeasance option, the Obligations under the Guarantees shall each be terminated simultaneously with the termination of such Obligations.

If the Company exercises its legal defeasance option, payment of the Securities may not be accelerated because of an Event of Default. If the Company exercises its covenant defeasance option, payment of the Securities may not be accelerated because of an Event of Default specified in Section 6.01(d), 6.01(f), 6.01(g) (with respect to Major Subsidiaries of the Company only) or because of the failure of the Company to comply with Sections 5.01(a)(v) with respect to Major Subsidiaries of the Company only). The Issuer may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option.

Upon satisfaction of the conditions set forth herein and upon request of the Company, the Trustee shall acknowledge in writing the discharge of those obligations that the Company terminates.

- (c) Notwithstanding clauses (a) and (b) above, the Company’s obligations in Sections 2.06, 2.07, 2.08, 2.09, 2.10, 2.11, 2.12, 7.06, 7.07 and in this Article 8 shall survive until the Securities have been paid in full. Thereafter, the Company’s obligations in Sections 7.06, 8.04 and 8.05 shall survive such satisfaction and discharge.
- (d) In order to exercise either defeasance option, the Company must irrevocably deposit in trust (the “defeasance trust”) with the Trustee money or Government of Canada obligations for the payment of principal, premium (if any) and interest on the Securities to redemption or maturity, as the case may be, and must comply with certain other conditions, including (i) delivery to the Trustee of an opinion of counsel to the effect that Holders of the Securities will not recognize income, gain or loss for U.S. federal or Canadian income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal or Canadian income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such opinion of counsel must be based on a ruling of the Internal Revenue Service or the Canada Revenue Agency, and (ii) so long as, on the date or dates the respective amounts were paid into the trust, such payments were made with respect to the Securities without violating the subordination provisions of this Indenture or any other material agreement binding on the Company.

## **8.02 Conditions to Defeasance**

The Company may exercise its legal defeasance option or its covenant defeasance option only if:

- (a) the Company irrevocably deposits in trust with the Trustee money or Government Obligations for the payment of principal, premium (if any) and interest on the Securities to maturity or redemption, as the case may be;
- (b) the Company delivers to the Trustee a certificate from a nationally recognized firm of independent accountants expressing their opinion that the payments of principal and interest when due and without reinvestment on the deposited Government Obligations plus any deposited money without investment will provide cash at such times and in such amounts as will be sufficient to pay principal and interest when due on all the Securities to maturity or redemption, as the case may be;
- (c) 123 days pass after the deposit is made and during the 123-day period no Event of Default specified in Section 6.01(g) or (h) with respect to the Company occurs which is continuing at the end of the period;
- (d) the deposit does not constitute a default under any other material agreement binding on the Company and is not prohibited by Article 11;
- (e) in the case of the legal defeasance option, the Company shall have delivered to the Trustee an Opinion of Counsel stating that, subject to customary assumptions and exclusions, the Company has received from, or there has been published by, the Internal Revenue Service or Canada Revenue Agency a ruling to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the Securityholders will not recognize income, gain or loss for U.S. or Canadian federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. or Canadian federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred;
- (f) in the case of the covenant defeasance option, the Company shall have delivered to the Trustee an Opinion of Counsel to the effect that, subject to customary assumptions and exclusions, the Securityholders will not recognize income, gain or loss for U.S. or Canadian federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. or Canadian federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such deposit and covenant defeasance had not occurred; and
- (g) the Company delivers to the Trustee a Company's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions), each stating that all conditions precedent to the defeasance and discharge of the Securities as contemplated by this Article 8 have been complied with.

Before or after a deposit, the Company may make arrangements satisfactory to the Trustee for the redemption of Securities at a future date in accordance with Article 3.

**8.03 Application of Trust Money**

The Trustee shall hold in trust money or Government Obligations deposited with it pursuant to this Article 8. It shall apply the deposited money and the money from Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of and interest on the Securities. Money and securities so held in trust are not subject to Article 11.

**8.04 Repayment to Company**

The Trustee and the Paying Agent shall promptly turn over to the Company upon request any excess money or securities held by them at any time.

Subject to any applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Company upon written request any money held by them for the payment of principal or interest that remains unclaimed for two years, and, thereafter, Securityholders entitled to the money must look to the Company for payment as general creditors.

**8.05 Indemnity for Government Obligations**

The Company shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited Government Obligations or the principal and interest received on such Government Obligations.

**8.06 Reinstatement**

If the Trustee or Paying Agent is unable to apply any money or Government Obligations in accordance with this Article 8 by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the Company's obligations under this Indenture and the Securities shall be revived and reinstated as though no deposit had occurred pursuant to this Article 8 until such time as the Trustee or Paying Agent is permitted to apply all such money or Government Obligations in accordance with this Article 8; provided, however, that, if the Company has made any payment of interest on or principal of any Securities because of the reinstatement of its obligations, the Company shall be subrogated to the rights of the Holders of such Securities to receive such payment from the money or Government Obligations held by the Trustee or Paying Agent.

**ARTICLE 9  
AMENDMENTS**

**9.01 Without Consent of Holders**

The Company and the Trustee may amend this Indenture or the Securities without prior notice or consent of any Securityholder:

- (a) to cure any ambiguity, omission, defect or inconsistency;
- (b) to comply with Article 5;

- (c) to provide for uncertificated Securities in addition to or in place of certificated Securities;
- (d) to add additional Guarantees with respect to the Securities or to secure the Securities;
- (e) to add to the covenants of the Company or any Guarantor for the benefit of the Holders or to surrender any right or power herein conferred upon the Company or any Guarantor;
- (f) to make any change that does not adversely affect the rights of any Securityholder;
- (g) to provide for the issuance of the Additional Securities, which shall have terms identical to the Original Securities (except for any variation in issue price, issuance date and interest payable as a result of such dates), and which shall be treated, together with any outstanding Original Securities, as a single issue of securities, including the entering into of one or more indentures supplemental hereto for this purpose; or
- (h) to provide for the issuance of Additional Securities as a separate new series of the Securities provided that the terms thereof are otherwise identical to the Original Securities (except for such permitted variations) and with the Original Securities contemporaneously being redesignated as the first series of the Securities.

An amendment under this Section 9.01 may not make any change that adversely affects the rights under Article 11 or Article 12 of any holder of Senior Indebtedness then outstanding unless the holders of such Senior Indebtedness (or any group or Representative thereof authorized to give a consent) consent to such change.

After an amendment under this Section becomes effective, the Company shall mail to Securityholders a notice briefly describing such amendment. The failure to give such notice to all Securityholders, or any defect therein, shall not impair or affect the validity of an amendment under this Section.

#### **9.02 With Consent of Holders**

- (a) The Company and the Trustee may: (X) amend this Indenture or the Securities; or (Y) waive any past or existing Default (subject to Article 6) or compliance with any provision of this Indenture or the Securities, provided that in connection with both (X) and (Y) above, the Company has obtained:
  - (i) the written consent of the Holders of at least a majority in principal amount of the Securities then outstanding and affected by such amendment or waiver (including consents obtained in connection with a purchase of or tender offer or exchange for the Securities); or
  - (ii) the approval of a majority of the principal amount of the Securities represented at a meeting of Holders held in accordance with Article 10 and affected by such amendment or waiver (including consents obtained in

connection with a purchase of or tender offer or exchange for the Securities);

- (b) Notwithstanding Section 9.02(a) and Article 10, without the consent of each Holder of the Securities affected, an amendment or waiver may not:
- (i) reduce the amount of Securities whose Holders must consent to an amendment;
  - (ii) reduce the rate of or extend the time for payment of interest on any Security;
  - (iii) reduce the principal of or reduce or extend the Stated Maturity of any Security;
  - (iv) reduce the premium (if any) payable upon the redemption of any Security or change the time at which any Security may be redeemed in accordance with Article 3;
  - (v) make any Security payable in a currency other than that stated in the Security;
  - (vi) make any change in Article 11, Article 12 or Article 13 that adversely affects the rights of any Holder under Article 11, Article 12 or Article 13;
  - (vii) make any change in Section 6.04 or 6.07 or this Section 9.02;
  - (viii) modify the Guarantees or any security in any manner adverse to the Holders;
  - (ix) impair the right of any Holder to receive payment of principal or premium and if any, interest on such Holder's Securities on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Securities; or
  - (x) except in connection with an offer by the Company to purchase all of Securities (A) waive a Reduced Threshold Default; or (B) amend the covenants described in Section 4.04 above in any way that would permit a Reduced Threshold Default or that would permit the Company to take any action described in 4.04(a)(ii) when it would not have otherwise been permitted to take such action under the terms of Section 4.04 as in effect on the date hereof.

It shall not be necessary for the consent of the Holders under this Section 9.02 to approve the particular form of any proposed amendment or waiver, but it shall be sufficient if such consent approves the substance thereof.

An amendment or waiver under this Section 9.02 may not make any change that adversely affects the rights under Article 11, Article 12 or Article 13 of any holder of Senior

Indebtedness then outstanding unless the holders of such Senior Indebtedness (or any group or representative thereof authorized to give a consent) consent to such change.

After an amendment or waiver under this Section becomes effective, the Company shall mail to Securityholders a notice briefly describing such amendment or waiver. The failure to give such notice to all Securityholders, or any defect therein, shall not impair or affect the validity of an amendment or waiver under this Section 9.02.

### **9.03 Revocation and Effect of Consent and Waivers**

A consent to an amendment or a waiver by a Holder of a Security shall bind the Holder and every subsequent Holder of that Security or portion of the Security that evidences the same debt as the consenting Holder's Security, even if notation of the consent or waiver is not made on the Security. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Security or portion of the Security if the Trustee receives the notice of revocation before the date on which the Trustee receives a Company's Certificate from the Company certifying that the requisite number of consents has been received. After an amendment or waiver becomes effective, it shall bind every Securityholder. An amendment or waiver becomes effective upon the (i) receipt by the Company or the Trustee of the requisite number of consents, (ii) satisfaction of conditions to effectiveness as set forth in this Indenture and an indenture supplemental hereto containing such amendment or waiver and (iii) execution of such amendment or waiver (or supplemental indenture) by the Company and the Trustee.

The Company may, but shall not be obligated to, fix a record date for the purpose of determining the Securityholders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding the immediately preceding paragraph, those Persons who were Securityholders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 120 days after such record date.

### **9.04 Notation on or Exchange of Securities**

If an amendment changes the terms of a Security, the Trustee may require the Holder of the Security to deliver it to the Trustee. The Trustee may place an appropriate notation on the Security regarding the changed terms and return it to the Holder. Alternatively, if the Company or the Trustee so determines, the Company in exchange for the Security shall issue and the Trustee shall authenticate a new Security that reflects the changed terms. Failure to make the appropriate notation or to issue a new Security shall not affect the validity of such amendment.

### **9.05 Trustee To Sign Amendments**

The Trustee shall sign any amendment authorized pursuant to this Article 9 if the amendment does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment the Trustee shall be entitled to receive indemnity reasonably satisfactory to it and shall be provided with and (subject to Section 7.01) shall be fully protected in relying upon, a Company's Certificate and an Opinion of Counsel stating that such amendment is authorized or permitted by this Indenture and that

such amendment is the legal, valid and binding obligation of the Company and the Guarantors enforceable against them in accordance with its terms, subject to customary exceptions, and complies with the provisions hereof.

**9.06 Payment for Consent**

Neither the Company nor any Affiliate of the Company shall, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any Holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of this Indenture or the Securities unless such consideration is offered to be paid to all Holders that so consent, waive or agree to amend in the time frame set forth in solicitation documents relating to such consent, waiver or agreement.

**ARTICLE 10  
MEETINGS OF SECURITYHOLDERS**

**10.01 Right to Convene Meeting**

The Trustee or the Company may at any time and from time to time, and the Trustee shall, on receipt of a written request of the Company or a written request signed by Holders of the Reduced Threshold Amount and upon receiving funding and being indemnified to its reasonable satisfaction by the Company or by the Securityholders signing such request against the costs which may be incurred in connection with the calling and holding of such meeting, convene a meeting of the Securityholders. In the event of the Trustee failing, within 30 days after receipt of any such request and such funding of indemnity, to give notice convening a meeting, the Company or such Securityholders, as the case may be, may convene such meeting. Every meeting of Securityholders shall be held in the City of Toronto, Ontario or at such other place as may be approved or determined by the Trustee and shall be held in accordance with the provisions of this Article 10.

**10.02 Notice of Meetings**

At least 21 days' notice of any meeting shall be given to the Securityholders and a copy of such notice shall be sent by post to the Trustee, unless the meeting has been called by it and to the Company, unless the meeting has been called by it. Such notice shall state the time when and the place where the meeting is to be held and shall state briefly the general nature of the business to be transacted thereat and it shall not be necessary for any such notice to set out the terms of any resolution to be proposed or any of the provisions of this Article. The accidental omission to give notice of a meeting to any Securityholder shall not invalidate any resolution passed at any such meeting. A Securityholder may waive notice of a meeting either before or after the meeting.

**10.03 Chairman**

Some Person, who need not be a Securityholder, nominated in writing by the Trustee, shall be chairman of the meeting and if no Person is so nominated, or if the Person so nominated is not present within 15 minutes from the time fixed for the holding of the meeting, a majority of the Securityholders present in person or by proxy shall choose some Person present to be chairman.

**10.04 Quorum**

Subject to the provisions of Section 10.12, at any meeting of the Securityholders a quorum shall consist of Securityholders present in person or by proxy and representing at least 25% in principal amount of the outstanding Securities. If a quorum of the Securityholders shall not be present within 30 minutes from the time fixed for holding any meeting, the meeting, if summoned by the Securityholders or pursuant to a request of the Securityholders, shall be adjourned to the same day in the next week (unless such day is not a Business Day in which case it shall be adjourned to the next following Business Day thereafter) at the same time and (if reasonably practicable) place and no notice shall be required to be given in respect of such adjourned meeting or at such other time and place as the chairman of the meeting may decide and notice shall be given to Holders at least five days prior to such day. At the adjourned meeting, the Securityholders present in person or by proxy shall, subject to the provisions of Section 10.12, constitute a quorum and may transact the business for which the meeting was originally convened notwithstanding that they may not represent 25% of the principal amount of the outstanding Securities. Any business may be brought before or dealt with at an adjourned meeting which might have been brought before or dealt with at the original meeting in accordance with the notice calling the same. No business shall be transacted at any meeting unless the required quorum be present at the commencement of business.

**10.05 Power to Adjourn**

The chairman of any meeting at which a quorum of the Securityholders is present may, with the consent of the Holders of a majority in principal amount of the Securities represented thereat, adjourn any such meeting and no notice of such adjournment need be given except such notice, if any, as the meeting may prescribe.

**10.06 Show of Hands**

Every question submitted to a meeting shall, subject to Section 10.07, be decided in the first place by a majority of the votes given on a show of hands except that votes on Extraordinary Resolutions shall be given in the manner hereinafter provided. At any such meeting, unless a poll is duly demanded as herein provided, a declaration by the chairman that a resolution has been carried or carried unanimously or by a particular majority or lost or not carried by a particular majority shall be conclusive evidence of the fact. The chairman of any meeting shall be entitled, both on a show of hands and on a poll, to vote in respect of the Securities, if any, held by him or her.

**10.07 Poll**

On every Extraordinary Resolution, and on any other question submitted to a meeting when demanded by the chairman or by one or more Securityholders or proxies for Securityholders, a poll shall be taken in such manner and either at once or after an adjournment as the chairman shall direct. Questions other than Extraordinary Resolutions shall, if a poll be taken, be decided by the votes of the holders of a majority in principal amount of the Securities represented at the meeting and voted on the poll.

**10.08 Voting**

On a show of hands every Person who is present and entitled to vote, whether as a Securityholder or as proxy for one or more Securityholders or both, shall have one vote. On a poll each Securityholder present in person or represented by a proxy duly appointed by an instrument in writing shall be entitled to one vote in respect of each \$10.00 principal amount of Securities of which they are the Holder. Any fractional amounts resulting from such conversion shall be rounded to the nearest \$10.00. A proxy need not be a Securityholder. In the case of joint Securityholders, any one of them present in person or by proxy at the meeting may vote in the absence of the other or others but in case more than one of them be present in person or by proxy, they shall vote together in respect of the Securities of which they are joint Holders.

**10.09 Proxies**

A Securityholder may be present and vote at any meeting of Securityholders in person or by proxy. The Company (in case it convenes the meeting) or the Trustee (in any other case) for the purpose of enabling the Securityholders to be present and vote at any meeting without producing their Securities, and of enabling them to be present and vote at any such meeting by proxy and of lodging instruments appointing such proxies at some place other than the place where the meeting is to be held, may from time to time make and vary such regulations as it shall think fit providing for and governing any or all of the following matters:

- (a) the voting by proxy by Securityholders and the form of the instrument appointing a proxy, which shall be in writing, and the manner in which the same shall be executed and the production of the authority of any Person signing on behalf of a Securityholder;
- (b) the deposit of instruments appointing proxies at such place as the Trustee, the Trust or the Securityholder convening the meeting, as the case may be, may, in the notice convening the meeting, direct and the time, if any, before the holding of the meeting or any adjournment thereof by which the same must be deposited; and
- (c) the deposit of instruments appointing proxies at some approved place or places other than the place at which the meeting is to be held and enabling particulars of such instruments appointing proxies to be mailed, faxed, or sent by other electronic means before the meeting to the Trust or to the Trustee at the place where the same is to be held and for the voting of proxies so deposited as though the instruments themselves were produced at the meeting.

Any regulations so made shall be binding and effective and the votes given in accordance therewith shall be valid and shall be counted. The Trustee may dispense with any such deposit and permit Securityholders to make proof of ownership in such other manner, if any, as the Trustee may approve. Save as such regulations may provide, the only Persons who shall be recognized at any meeting as the Holders of any Securities, or as entitled to vote or be present at the meeting in respect thereof, shall be Securityholders and Persons whom Securityholders have by instrument in writing duly appointed as their proxies.

**10.10 Persons Entitled to Attend Meetings**

The Company and the Trustee, by their respective officers, employees, directors and trustees, the auditors of the Company and the legal advisers of the Company, the Trustee or any Securityholder may attend any meeting of the Securityholders, but shall have no vote as such.

**10.11 Powers Exercisable by Extraordinary Resolution**

Subject to Article 9 and in addition to the powers conferred upon them by any other provisions of this Indenture or by law, a meeting of the Securityholders shall have the following powers exercisable from time to time by Extraordinary Resolution:

- (a) power to authorize the Trustee to grant extensions of time for payment of any principal or interest on the Securities, whether or not the principal or interest, the payment of which is extended, is at the time due or overdue;
- (b) power to sanction any modification, abrogation, alteration, compromise or arrangement of the rights of the Securityholders or the Trustee (with the prior written consent of the Trustee) against the Company, or against its property or assets or any part thereof, whether such rights arise under this Indenture or the Securities or otherwise;
- (c) subject to obtaining all required regulatory approvals (including stock exchange approvals), power to assent to any modification of or change in or addition to or omission from the provisions contained in this Indenture, the Subordinated Notes, the Guarantees or any security therefor which shall be agreed to by the Company and to authorize the Trustee to concur in and execute any indenture supplemental hereto embodying any modification, change, addition or omission;
- (d) power to sanction any scheme for the reconstruction, reorganization or recapitalization of the Company or for the consolidation, amalgamation or merger of the Company with any other Person or for the sale, leasing, transfer or other disposition of all or substantially all of the undertaking, property and assets of the Company or any part thereof;
- (e) power to direct or authorize the Trustee to exercise any power, right, remedy or authority given to it by this Indenture in any manner specified in any such Extraordinary Resolution or to refrain from exercising any such power, right, remedy or authority;
- (f) power to waive, and direct the Trustee to waive, any default hereunder and/or cancel any declaration made by the Trustee, either unconditionally or upon any condition specified in such Extraordinary Resolution;
- (g) power, to restrain any Securityholder from taking or instituting any suit, action or proceeding for the purpose of enforcing payment of the principal or interest on the Securities, or for the execution of any trust or power hereunder, or for the appointment of a liquidator, receiver or trustee-in-bankruptcy, or to have the Trust

wound up, and to require any Securityholder to waive any default or defaults by the Trust hereunder or upon which any action or proceeding is founded;

- (h) power to direct any Securityholder who, as such, has brought any action, suit or proceeding to stay or discontinue or otherwise deal with the same upon payment, of the costs, charges and expenses reasonably and properly incurred by such Securityholder in connection therewith;
- (i) power to assent to any compromise or arrangement with any creditor or creditors or any class or classes of creditors, whether secured or otherwise, and with holders of any units or other securities of the Company;
- (j) power to appoint a committee with power and authority (subject to such limitations, if any, as may be prescribed in the resolution) to exercise, and to direct the Trustee to exercise, on behalf of the Securityholders, such of the powers of the Securityholders as are exercisable by Extraordinary Resolution or other resolution as shall be included in the resolution appointing the committee. The resolution making such appointment may provide for payment of the expenses and disbursements of and compensation to such committee and the Trustee by the Securityholders. Such committee shall consist of such number of Persons as shall be prescribed in the resolution appointing it and the members need not be themselves Securityholders. Every such committee may elect, from its members, its chairman and may make regulations respecting its quorum, the calling of its meetings, the filling of vacancies occurring in its number and its procedure generally. Such regulations may provide that the committee may act at a meeting at which a quorum is present or may act by minutes signed by the number of members thereof necessary to constitute a quorum. All acts of any such committee within the authority delegated to it shall be binding upon all Securityholders. Neither the committee nor any member thereof nor the Trustee shall be liable for any loss arising from or in connection with any action taken or omitted to be taken by them in good faith;
- (k) power to authorize the Trustee or any other Person to bid at any sale of the Company's properties or assets or any part thereof and to borrow the monies required to make any deposit at said sale or pay the balance of the purchase price and to hypothecate, mortgage, pledge, charge, cede and transfer the property or assets so purchased as security for the repayment of the monies so borrowed and interest thereon, or itself, or themselves, as the case may be, to advance such monies (in which event it or they shall have a lien upon the property or assets so purchased for the amount so advanced and interest thereon) and to hold any property or assets so purchased (subject to any hypothec, mortgage, pledge, charge or lien to secure any monies so borrowed or advanced) in trust for all the Securityholders outstanding at the time of such sale pro rata in proportion to the amounts due to them thereon respectively for principal of and interest on Securities then outstanding before such sale, and to sell, transfer and convey the whole or any part or parts of the property or assets so purchased for such consideration in cash or in the shares, bonds, Securities or other securities or obligations of any company formed or to be formed, or partly in cash and partly in such securities or obligations, and upon such terms and conditions as may be

determined by such Extraordinary Resolution of the Securityholders and, subject to such terms and conditions, to dispose of such cash, units, bonds, Securities or other securities or obligations pursuant to the provisions of Section 10.11(d), and until the sale, transfer or conveyance of the whole of such property or assets so purchased to maintain and operate such part of said property and assets as has not been disposed of, and for such purposes to borrow monies and to hypothecate, mortgage, pledge, charge and cede and transfer the property and assets so purchased, or any part thereof, as security for the repayment of the monies so borrowed, with interest thereon, or itself, himself or themselves, as the case may be, to advance such monies (in which event it, he or they shall have a lien or charge upon the property and assets so purchased for the amounts so advanced and interest thereon) and otherwise deal with such property and assets and the proceeds of any sale, transfer or conveyance thereof as the Securityholders may by such Extraordinary Resolution direct;

- (l) power to remove the Trustee from office and to appoint a new Trustee or Trustees provided that no such removal shall be effective unless and until a new Trustee or Trustees shall have become bound by this Indenture; and
- (m) power to amend, alter or repeal any Extraordinary Resolution previously passed or sanctioned by the Securityholders or by any committee appointed pursuant to Section 10.11(j).

Notwithstanding the foregoing provisions of this Section 10.11 none of such provisions shall in any manner allow or permit any amendment, modification, abrogation or addition to the provisions of Article 11 and Article 12 which could reasonably be expected to detrimentally affect the rights, remedies or recourse of the priority of the Senior Indebtedness.

#### **10.12 Meaning of "Extraordinary Resolution"**

- (a) The expression "Extraordinary Resolution" when used in this Indenture means, subject as hereinafter in this Article provided, a resolution proposed to be passed as an Extraordinary Resolution at a meeting of Securityholders (including an adjourned meeting) duly convened for the purpose and held in accordance with the provisions of this Article 10 at which the Holders of the Reduced Threshold Amount are present in person or by proxy and passed by the favourable votes of the Holders of not less than 66⅔% of the principal amount of the Securities present or represented by proxy at the meeting and voted upon on a poll on such resolution.
- (b) If, at any such meeting, the Holders of the Reduced Threshold Amount are not present in person or by proxy within 30 minutes after the time appointed for the meeting, then the meeting shall stand adjourned to such date, being not less than 14 nor more than 60 days later, and to such place and time as may be appointed by the chairman. Not less than 10 days notice shall be given of the time and place of such adjourned meeting in the manner provided in Section 10.02. Such notice may be given prior to the convening of the original meeting, in anticipation of no quorum being present thereat, in which event it shall state that it is to have effect only if the original meeting is adjourned for lack of a quorum. Such notice shall

state that at the adjourned meeting the Securityholders present in person or by proxy shall form a quorum. At the adjourned meeting the Securityholders present in person or by proxy shall form a quorum and may transact the business for which the meeting was originally convened and a resolution proposed at such adjourned meeting and passed thereat by the affirmative vote of Holders of not less than 66⅔% of the principal amount of the Securities present or represented by proxy at the meeting and voted upon on a poll shall be an Extraordinary Resolution within the meaning of this Indenture, notwithstanding that the Holders of the Reduced Threshold Amount in principal amount of the Securities then outstanding are not present in person or by proxy at such adjourned meeting.

- (c) Votes on an Extraordinary Resolution shall always be given on a poll and no demand for a poll on an Extraordinary Resolution shall be necessary.

#### **10.13 Powers Cumulative**

Any one or more of the powers in this Indenture stated to be exercisable by the Securityholders by Extraordinary Resolution or otherwise may be exercised from time to time and the exercise of any one or more of such powers from time to time shall not be deemed to exhaust the rights of the Securityholders to exercise the same or any other such power or powers thereafter from time to time.

#### **10.14 Minutes**

Minutes of all resolutions and proceedings at every meeting as aforesaid shall be made and duly entered in books to be from time to time provided for that purpose by the Company, and any such minutes as aforesaid, if signed by the chairman of the meeting at which such resolutions were passed or proceedings had, or by the chairman of the next succeeding meeting of the Securityholders, shall be *prima facie* evidence of the matters therein stated and, until the contrary is proved, every such meeting, in respect of the proceedings of which minutes shall have been made, shall be deemed to have been duly held and convened, and all resolutions passed thereat or proceedings taken thereat to have been duly passed and taken.

#### **10.15 Instruments in Writing**

All actions which may be taken and all powers that may be exercised by the Securityholders at a meeting held as hereinbefore in this Article provided may also be taken and exercised by all Holders of the outstanding Securities by an instrument in writing signed in one or more counterparts.

#### **10.16 Binding Effect of Resolutions**

Every resolution and every Extraordinary Resolution passed in accordance with the provisions of this Article at a meeting of Securityholders shall be binding upon all the Securityholders, whether present at or absent from such meeting, and every instrument in writing signed by Securityholders in accordance with Section 10.15 shall be binding upon all the Securityholders, whether signatories thereto or not, and each and every Securityholder and the Trustee (subject to the provisions for its indemnity herein contained) shall be bound to give effect accordingly to every such resolution, Extraordinary Resolution and instrument in writing.

**10.17 Evidence of Rights Of Securityholders**

- (a) Any request, direction, notice, consent or other instrument which this Indenture may require or permit to be signed or executed by the Securityholders may be in any number of concurrent instruments of similar tenor signed or executed by such Securityholders.
- (b) The Trustee may, in its discretion, require proof of execution in cases where it deems proof desirable and may accept such proof as it shall consider proper.

**ARTICLE 11  
SUBORDINATION**

**11.01 Agreement To Subordinate**

The Company agrees, and each Securityholder by accepting a Security agrees, that the Indebtedness evidenced by the Securities is subordinated in right of payment, to the extent and in the manner provided in this Article 11, to the prior payment in full of all existing and future Senior Indebtedness of the Company and termination of commitments with respect to the Senior Lender Indebtedness and that the subordination is for the benefit of and enforceable by the holders of such Senior Indebtedness. The Securities shall in all respects rank:

- (i) senior in right of payment to all existing and future Subordinated Indebtedness of the Company (including trade payables); and
- (ii) junior to Indebtedness that is Senior Indebtedness of the Company, including the Company's guarantee of Atlantic Holdings' Obligations under the Credit Facility;

in accordance with the provisions set forth herein. All provisions of this Article 11 shall be subject to Section 11.12.

**11.02 Liquidation, Dissolution, Bankruptcy**

Upon any payment or distribution of the assets of the Company to creditors upon a total or partial liquidation or dissolution of the Company or reorganization of or similar proceeding relating to the Company or its property, the holders of Senior Indebtedness of the Company shall be entitled to receive payment in full of the Senior Indebtedness of the Company before the Securityholders are entitled to receive any payment and until the Senior Indebtedness is paid in full and all commitments with respect to the Senior Lender Indebtedness shall have been terminated, any payment or distribution to which Securityholders would be entitled but for this Article 11 shall be made to holders of the Senior Indebtedness of the Company as their interests may appear (except that Securityholders may receive and retain (i) Permitted Junior Securities and (ii) payments made from the trust described under Section 8.01 so long as, on the date or dates the respective amounts were paid into the trust, such payments were made with respect to the Securities without violating this Article 11).

**11.03 Default on Senior Indebtedness**

- (a) The Company may not pay the principal of, premium (if any) or interest on, the Securities or make any deposit pursuant to Section 8.01 and may not otherwise purchase, redeem or otherwise retire any Securities (except that Holders may receive and retain (i) Permitted Junior Securities and (ii) payments made from the trust described in Section 8.01)) (collectively, “**pay the Securities**”) if (A) a default in the payment of the principal of, premium, if any, or interest on any Senior Indebtedness of the Company occurs and is continuing or any other amount owing in respect of any Senior Indebtedness of the Company is not paid when due, or (B) any other default on Senior Indebtedness of the Company occurs and the maturity of such Senior Indebtedness is accelerated in accordance with its terms unless, in either case, (x) the default has been cured or waived and any such acceleration has been rescinded or (y) such Senior Indebtedness has been paid in full. However, the Company may pay the Securities without regard to the foregoing if the Company and the Trustee receive written notice approving such payment from the Representative of such Senior Indebtedness with respect to which either of the events set forth in clause (A) or (B) of the immediately preceding sentence has occurred and is continuing. During the continuance of any default (other than a default described in clause (A) or (B) of the second preceding sentence) with respect to any Senior Indebtedness of the Company pursuant to which the maturity thereof may be accelerated immediately without further notice (except such notice as may be required to effect such acceleration) or the expiration of any applicable grace periods, the Company may not pay the Securities for a period (a “**Payment Blockage Period**”) commencing upon the receipt by the Trustee (with a copy to the Company) of written notice (a “**Blockage Notice**”) of such default from the Representative of such Senior Indebtedness specifying an election to effect a Payment Blockage Period and ending 179 days thereafter (or earlier if such Payment Blockage Period is terminated (i) by written notice to the Trustee and the Company from the Person or Persons who gave such Blockage Notice, (ii) by repayment in full of such Senior Indebtedness or (iii) because the default giving rise to such Blockage Notice is no longer continuing). Notwithstanding the provisions described in the immediately preceding sentence (but subject to the provisions contained in the first sentence of this Section 11.03 and Section 11.02), unless the holders of such Senior Indebtedness or the Representative of such holders shall have accelerated the maturity of such Designated Senior Indebtedness, the Company may resume payments on the Securities after the end of such Payment Blockage Period. In no event may the total number of days during which any Payment Blockage Period or Periods is in effect exceed 179 days in the aggregate during any 360 consecutive day period. For purposes of this Section 11.03, no default or event of default that existed or was continuing on the date of the commencement of any Payment Blockage Period with respect to the Senior Indebtedness of the Company initiating such Payment Blockage Period shall be, or be made, the basis of the commencement of a subsequent Payment Blockage Period by the Representative of such Designated Senior Indebtedness, whether or not within a period of 360 consecutive days, unless such default or event of default shall have been cured or waived for a period of not less than 90 consecutive days.

- (b) After the occurrence of an Event of Default, the Company or the Trustee shall promptly notify the holders of the Senior Indebtedness (or their Representative) of such occurrence. If any Senior Indebtedness is outstanding, the Company may not pay the Securities until five Business Days after such holders or the Representative of the Senior Indebtedness receives notice of such occurrence and, thereafter, may pay the Securities only if the provisions of this Article 11 otherwise permit payment at that time.

**11.04 Acceleration of Payment of Securities; Acceleration Forebearance**

After the occurrence of an Event of Default, the Company or the Trustee shall promptly notify the holders of the Senior Indebtedness (or their Representative) of such occurrence. The principal amount of the Securities shall not be due and payable by the Company during any Acceleration Forebearance Period.

**11.05 When Distribution Must Be Paid Over**

If a distribution is made to Securityholders that because of this Article 11 should not have been made to them, subject to Section 11.09, the Securityholders who receive the distribution shall hold it in trust for holders of Senior Indebtedness of the Company and pay it over to them as their respective interests may appear.

**11.06 Subrogation**

After all Senior Indebtedness of the Company is paid in full and until the Securities are paid in full, Securityholders shall be subrogated to the rights of holders of such Senior Indebtedness to receive distributions applicable to Senior Indebtedness. A distribution made under this Article 11 to holders of such Senior Indebtedness of the Company which otherwise would have been made to Securityholders is not, as between the Company and Securityholders, a payment by the Company to such Securityholders.

**11.07 Relative Rights**

This Article 11 defines the relative rights of Securityholders and holders of Senior Indebtedness of the Company. Nothing in this Indenture shall:

- (a) impair, as between the Company and Securityholders, the obligation of the Company, which is absolute and unconditional, to pay principal of and interest on the Securities in accordance with their terms; or
- (b) prevent the Trustee or any Securityholder from exercising its available remedies upon a Default, subject to the rights of holders of Senior Indebtedness of the Company to receive distributions otherwise payable to Securityholders.

**11.08 Subordination May Not Be Impaired by Company**

No right of any holder of Senior Indebtedness of the Company to enforce the subordination of the Indebtedness evidenced by the Securities shall be impaired by any act or failure to act by the Company or by its failure to comply with this Indenture.

**11.09 Rights of Trustee and Paying Agent**

Notwithstanding Section 11.03, the Trustee or Paying Agent may continue to make, and Holders may continue to receive and retain, payments on the Securities and shall not be charged with knowledge of the existence of facts that would prohibit the making or receiving of any such payments unless, not less than two Business Days prior to the date of such payment, the Trustee receives notice satisfactory to it that payments may not be made under this Article 11. The Company, the Registrar, the Paying Agent, a Representative or a holder of Senior Indebtedness of the Company may give the notice; provided, however, that, if an issue of Senior Indebtedness of the Company has a Representative, only the Representative may give the notice.

The Trustee in its individual or any other capacity may hold Senior Indebtedness of the Company with the same rights it would have if it were not Trustee. The Registrar and the Paying Agent may do the same with like rights. The Trustee shall be entitled to all the rights set forth in this Article 11 with respect to any Senior Indebtedness of the Company which may at any time be held by it, to the same extent as any other holder of such Senior Indebtedness; and nothing in Article 7 shall deprive the Trustee of any of its rights as such holder. Nothing in this Article 11 shall apply to claims of, or payments to, the Trustee under or pursuant to Section 7.06.

**11.10 Distribution or Notice to Representative**

Whenever a distribution is to be made or a notice given to holders of Senior Indebtedness of the Company, the distribution may be made and the notice given to their Representative (if any).

**11.11 Not To Prevent Events of Default or Limit Right To Accelerate**

The failure to make a payment pursuant to the Securities by reason of any provision in this Article 11 shall not be construed as preventing the occurrence of a Default. Except as otherwise provided in Section 11.04, nothing in this Article 11 shall have any effect on the right of the Securityholders or the Trustee to accelerate the maturity of the Securities.

**11.12 Trust Moneys Not Subordinated**

Notwithstanding anything contained herein to the contrary, payments from money or the proceeds of Government Obligations held in trust under Article 8 by the Trustee for the payment of principal of and interest on the Securities shall not be subordinated to the prior payment of any Senior Indebtedness of the Company or subject to the restrictions set forth in this Article 11, and none of the Securityholders shall be obligated to pay over any such amount to the Company or any holder of Senior Indebtedness of the Company or any other creditor of the Company.

**11.13 Trustee Entitled To Rely**

Upon any payment or distribution pursuant to this Article 11, the Trustee and the Securityholders shall be entitled to rely (i) upon any order or decree of a court of competent jurisdiction in which any proceedings of the nature referred to in Section 11.02 are pending, (ii) upon a certificate of the liquidating trustee or agent or other Person making such payment or distribution to the Trustee or to the Securityholders or (iii) upon the Representatives for the holders of Senior Indebtedness of the Company for the purpose of ascertaining the Persons

entitled to participate in such payment or distribution, the holders of such Senior Indebtedness and other Indebtedness of the Company, the amount thereof or payable thereon, the amount or amounts paid or distributed thereon and all other facts pertinent thereto or to this Article 11. In the event that the Trustee determines, in good faith, that evidence is required with respect to the right of any Person as a holder of Senior Indebtedness of the Company to participate in any payment or distribution pursuant to this Article 11, the Trustee may request such Person to furnish evidence to the reasonable satisfaction of the Trustee as to the amount of such Senior Indebtedness held by such Person, the extent to which such Person is entitled to participate in such payment or distribution and other facts pertinent to the rights of such Person under this Article 11, and, if such evidence is not furnished, the Trustee may defer any payment to such Person pending judicial determination as to the right of such Person to receive such payment. The provisions of Sections 7.01 and 7.02 shall be applicable to all actions or omissions of actions by the Trustee pursuant to this Article 11.

**11.14 Trustee To Effectuate Subordination**

Each Securityholder by accepting a Security authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination between the Securityholders and the holders of Senior Indebtedness of the Company as provided in this Article 11 and appoints the Trustee as attorney-in-fact for any and all such purposes.

**11.15 Trustee Not Fiduciary for Holders of Senior Indebtedness**

The Trustee shall not be deemed to owe any fiduciary duty to the holders of Senior Indebtedness of the Company and shall not be liable to any such holders if it shall mistakenly pay over or distribute to Securityholders or the Company or any other Person, money or assets to which any holders of Senior Indebtedness of the Company shall be entitled by virtue of this Article 11 or otherwise.

**11.16 Reliance by Holders of Senior Indebtedness on Subordination Provisions**

Each Securityholder by accepting a Security acknowledges and agrees that the foregoing subordination provisions are, and are intended to be, an inducement and a consideration to each holder of any Senior Indebtedness of the Company, whether such Senior Indebtedness was created or acquired before or after the issuance of the Securities, to acquire and continue to hold, or to continue to hold, such Senior Indebtedness and such holder of such Senior Indebtedness shall be deemed conclusively to have relied on such subordination provisions in acquiring and continuing to hold, or in continuing to hold, such Senior Indebtedness.

**11.17 Trustee's Compensation Not Prejudiced**

Nothing in this Article 11 shall apply to amounts due to the Trustee pursuant to other Sections of this Indenture.

**11.18 Defeasance**

The terms of this Article 11 shall not apply to payments from money or the proceeds of Government Obligations held in trust by the Trustee for the payment of principal of and interest on the Securities pursuant to the provisions described in Section 8.03.

## **ARTICLE 12 SUBORDINATION OF THE SECURED GUARANTEES**

### **12.01 Agreement To Subordinate Secured Guarantors**

Each Secured Guarantor agrees and each Securityholder by accepting a Security agrees, that the obligations of a Secured Guarantor hereunder are subordinated in right of payment, to the extent and in the manner provided in this Article 12, to the prior payment in full of all existing and future Senior Indebtedness of the Secured Guarantor and the termination of commitments with respect to the Senior Indebtedness and that the subordination is for the benefit of and enforceable by the holders of such Senior Indebtedness of such Secured Guarantor. The obligations hereunder with respect to a Secured Guarantor shall in all respects rank:

- (i) senior in right of payment to all existing and future Unsecured Indebtedness of a Secured Guarantor (including trade payables); and
- (ii) junior to Indebtedness that is Senior Indebtedness of the Secured Guarantor, including the Senior Indebtedness under the Credit Facility;

in accordance with the provisions set forth herein.

### **12.02 Liquidation, Dissolution Bankruptcy**

Upon any payment or distribution of the assets of a Secured Guarantor to creditors upon a total or partial liquidation or dissolution of such Secured Guarantor or reorganization of or similar proceeding relating to such Secured Guarantor and its properties, the holders of Senior Indebtedness of such Secured Guarantor shall be entitled to receive payment in full of such Senior Indebtedness of such Secured Guarantor and the termination of commitments with respect to the Senior Indebtedness before Securityholders are entitled to receive any payment and until the Senior Indebtedness of such Secured Guarantor is paid in full and the termination of commitments with respect to the Senior Indebtedness, any payment or distribution to which Securityholders would be entitled but for this Article 12 shall be made to holders of such Senior Indebtedness of such Secured Guarantor as their interests may appear. If a distribution is made to Securityholders that due to this Article 12 should not have been made to them, such Securityholders are required to hold it in trust for the holders of Senior Indebtedness of such Secured Guarantor and pay it over to them as their interests may appear (except that Securityholders may receive and retain (i) Permitted Junior Securities and (ii) payments made from the trust described under Section 8.01 so long as, on the date or dates the respective amounts were paid into the trust, such payments were made with respect to the Securities without violating this Article 12).

### **12.03 Default on Senior Indebtedness of such Secured Guarantor**

- (a) A Secured Guarantor may not make any payment pursuant to any of the Guaranteed Obligations and may not otherwise purchase, redeem or otherwise retire any Securities (collectively, “pay its secured Guarantee”) if (i) a default in the payment of the principal of, premium, if any, or interest on any Senior Indebtedness of such Secured Guarantor occurs and is continuing or any other amount owing in respect of any Senior Indebtedness of such Secured Guarantor is not paid when due, or (ii) any other default on Senior Indebtedness of such

Secured Guarantor occurs and the maturity of such Senior Indebtedness is accelerated in accordance with its terms unless, in either case, (x) the default has been cured or waived and any such acceleration has been rescinded or (y) such Senior Indebtedness has been paid in full. However, such Secured Guarantor may pay its Guarantee without regard to the foregoing if such Secured Guarantor and the Trustee receive written notice approving such payment from the Representative of such Senior Indebtedness with respect to which either of the events in clause (i) or (ii) of the immediately preceding sentence has occurred and is continuing. During the continuance of any default (other than a default described in clause (i) or (ii) of the second preceding sentence) with respect to any Senior Indebtedness of a Secured Guarantor pursuant to which the maturity thereof may be accelerated immediately without further notice (except such notice as may be required to effect such acceleration) or the expiration of any applicable grace periods, such Secured Guarantor may not pay its Guarantee for a period (a "**Secured Guarantee Payment Blockage Period**") commencing upon the receipt by the Trustee (with a copy to such Secured Guarantor and the Company) of written notice (a "**Secured Guarantee Blockage Notice**") of such default from the Representative of such Senior Indebtedness specifying an election to effect a Secured Guarantee Payment Blockage Period and ending 179 days thereafter (or earlier if such Secured Guarantee Payment Blockage Period is terminated (i) by written notice to the Trustee (with a copy to such Secured Guarantor and the Company) from the Person or Persons who gave such Secured Guarantee Blockage Notice, (ii) because such Senior Indebtedness has been repaid in full or (iii) because the default giving rise to such Secured Guarantee Blockage Notice is no longer continuing). Notwithstanding the provisions described in the immediately preceding sentence (but subject to the provisions contained in the first sentence of this Section 12.03 and in Section 12.02), unless the holders of such Senior Indebtedness or the Representative of such holders shall have accelerated the maturity of such Designated Senior Indebtedness, such Secured Guarantor may resume payments on its Guarantee after such Secured Guarantee Payment Blockage Period, including any missed payments. Not more than one Secured Guarantee Blockage Notice may be given with respect to a Secured Guarantor in any consecutive 360-day period, irrespective of the number of defaults with respect to Senior Indebtedness of such Secured Guarantor during such period.

- (b) After the occurrence of an Event of Default, the Company or the Trustee shall promptly notify the holders of the Senior Indebtedness (or their Representative) of such occurrence. If any Senior Indebtedness is outstanding, a Secured Guarantor may not pay the Securities until five Business Days after such holders or the Representative of the Senior Indebtedness receives notice of such occurrence and, thereafter, may pay the Securities only if the provisions of this Article 12 otherwise permit payment at that time.

#### **12.04 Demand for Payment; Acceleration Forebearance**

After the occurrence of an Event of Default and a demand for payment is made on a Secured Guarantor pursuant to its Guarantee, the Trustee shall promptly notify the holders of the Senior Indebtedness (or the Representative of such holders) of such occurrence. The

principal amount of the Securities will not be due and payable by any Secured Guarantor during any Acceleration Forebearance Period.

**12.05 When Distribution Must Be Paid Over**

If a payment or distribution is made to Securityholders that because of this Article 12 should not have been made to them, subject to Section 12.09, the Securityholders who receive the payment or distribution shall hold such payment or distribution in trust for holders of the Senior Indebtedness of the relevant Secured Guarantor and pay it over to them as their respective interests may appear.

**12.06 Subrogation**

After all Senior Indebtedness of a Secured Guarantor is paid in full and the termination of commitments with respect to the Senior Indebtedness and until the Securities are paid in full in cash, Securityholders shall be subrogated to the rights of holders of Senior Indebtedness of such Secured Guarantor to receive distributions applicable to Senior Indebtedness of such Secured Guarantor. A distribution made under this Article 12 to holders of Senior Indebtedness of such Secured Guarantor which otherwise would have been made to Securityholders is not, as between such Secured Guarantor and Securityholders, a payment by such Secured Guarantor on such Senior Indebtedness.

**12.07 Relative Rights**

This Article 12 defines the relative rights of Securityholders and holders of Senior Indebtedness of a Secured Guarantor. Nothing in this Indenture shall:

- (a) impair, as between a Secured Guarantor and Securityholders, the obligation of a Secured Guarantor which is absolute and unconditional, to make payments with respect to the Guaranteed Obligations to the extent set forth in its Guarantee; or
- (b) prevent the Trustee or any Securityholder from exercising its available remedies upon a default by a Secured Guarantor under its obligations with respect to the Guaranteed Obligations, subject to the rights of holders of Senior Indebtedness of such Secured Guarantor to receive distributions otherwise payable to Securityholders.

**12.08 Subordination May Not Be Impaired by a Secured Guarantor**

No right of any holder of Senior Indebtedness of such Secured Guarantor to enforce the subordination of the obligations of such Secured Guarantor hereunder shall be impaired by any act or failure to act by such Secured Guarantor or by its failure to comply with this Indenture.

**12.09 Right of Trustee and Paying Agent**

Notwithstanding Section 12.03, the Trustee or the Paying Agent may continue to make, and Holders may continue to receive and retain, payments on the Securities and shall not be charged with knowledge of the existence of facts that would prohibit the making of any such payments unless, not less than two Business Days prior to the date of such payment, the Trustee

receives notice satisfactory to it that payments may not be made under this Article 12. A Secured Guarantor, the Registrar or co-registrar, the Paying Agent, a Representative or a holder of Senior Indebtedness of a Secured Guarantor may give the notice; provided, however, that if an issue of Senior Indebtedness of a Secured Guarantor has a Representative, only the Representative may give the notice.

The Trustee in its individual or any other capacity, may hold Senior Indebtedness of a Secured Guarantor with the same rights it would have if it were not Trustee. The Registrar and co-registrar and the Paying Agent may do the same with like rights. The Trustee shall be entitled to all the rights set forth in this Article 12 with respect to any Senior Indebtedness of a Secured Guarantor which may at any time be held by it, to the same extent as any other holder of Senior Indebtedness of such Secured Guarantor; and nothing in Article 7 shall deprive the Trustee of any of its rights as such holder. Nothing in this Article 12 shall apply to claims of, or payments to, the Trustee under or pursuant to Section 7.06.

#### **12.10 Distribution or Notice to Representative**

Whenever a distribution is to be made or a notice given to holders of Senior Indebtedness of a Secured Guarantor, the distribution may be made and the notice given to their Representative (if any).

#### **12.11 Not To Prevent Events of Default or Limit Right To Accelerate**

The failure of a Secured Guarantor to make a payment on any of its obligations by reason of any provision in this Article 12 shall not be construed as preventing the occurrence of a default by such Secured Guarantor under such obligations. Nothing in this Article 12 shall have any effect on the right of the Securityholders or the Trustee to make a demand for payment on a Secured Guarantor pursuant to its Guarantee.

#### **12.12 Trustee Entitled To Rely**

Upon any payment or distribution pursuant to this Article 12, the Trustee and the Securityholders shall be entitled to rely (i) upon any order or decree of a court of competent jurisdiction in which any proceedings of the nature referred to in Section 12.02 are pending, (ii) upon a certificate of the liquidating trustee or agent or other Person making such payment or distribution to the Trustee or to the Securityholders or (iii) upon the Representatives for the holders of Senior Indebtedness of a Secured Guarantor for the purpose of ascertaining the Persons entitled to participate in such payment or distribution, the holders of the Senior Indebtedness of a Secured Guarantor and other Indebtedness of a Secured Guarantor, the amount thereof or payable thereon, the amount or amounts paid or distributed thereon and all other facts pertinent thereto or to this Article 12. In the event that the Trustee determines, in good faith, that evidence is required with respect to the right of any Person as a holder of Senior Indebtedness of a Secured Guarantor to participate in any payment or distribution pursuant to this Article 12, the Trustee may request such Person to furnish evidence to the reasonable satisfaction of the Trustee as to the amount of Senior Indebtedness of such Secured Guarantor held by such Person, the extent to which such Person is entitled to participate in such payment or distribution and other facts pertinent to the rights of such Person under this Article 12, and, if such evidence is not furnished, the Trustee may defer any payment to such Person pending judicial determination as to the right of such Person to receive such payment. The provisions of Sections 7.01 and 7.02

shall be applicable to all actions or omissions of actions by the Trustee pursuant to this Article 12.

**12.13 Trustee To Effectuate Subordination**

Each Securityholder by accepting a Security authorizes and directs the Trustee on his or her behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination between the Securityholders and the holders of Senior Indebtedness of each of the Secured Guarantors as provided in this Article 12 and appoints the Trustee as attorney-in-fact for any and all such purposes.

**12.14 Trustee Not Fiduciary for Holders of Senior Indebtedness of Secured Guarantor**

The Trustee shall not be deemed to owe any fiduciary duty to the holders of Senior Indebtedness of a Secured Guarantor and shall not be liable to any such holders if it shall mistakenly pay over or distribute to Securityholders or the relevant Secured Guarantor or any other Person, money or assets to which any holders of Senior Indebtedness of such Secured Guarantor shall be entitled by virtue of this Article 12 or otherwise.

**12.15 Reliance by Holders of Senior Indebtedness of a Secured Guarantor on Subordination Provisions**

Each Securityholder by accepting a Security acknowledges and agrees that the foregoing subordination provisions are, and are intended to be, an inducement and a consideration to each holder of any Senior Indebtedness of a Secured Guarantor, whether such Senior Indebtedness of such Secured Guarantor was created or acquired before or after the issuance of the Securities, to acquire and continue to hold, or to continue to hold, such Senior Indebtedness of such Secured Guarantor and such holder of Senior Indebtedness of such Secured Guarantor shall be deemed conclusively to have relied on such subordination provisions in acquiring and continuing to hold, or in continuing to hold, such Senior Indebtedness of such Secured Guarantor.

**12.16 Defeasance**

The terms of this Article 12 shall not apply to payments from money or the proceeds of Government Obligations held in trust by the Trustee for the payment of principal of and interest on the Securities pursuant to the provisions described in Section 8.03.

**ARTICLE 13  
SUBORDINATION OF THE UNSECURED GUARANTEES**

**13.01 Agreement To Subordinate Unsecured Guarantors**

Each Unsecured Guarantor agrees and each Securityholder by accepting a Security agrees, that the obligations of an Unsecured Guarantor hereunder are subordinated in right of payment, to the extent and in the manner provided in this Article 13, to the prior payment in full of all existing and future Senior Indebtedness and the termination of commitments with respect to the Senior Indebtedness and Secured Indebtedness of the Unsecured Guarantor and that the subordination is for the benefit of and enforceable by the holders of such Senior

Indebtedness and Secured Indebtedness of such Unsecured Guarantor. The obligations hereunder with respect to an Unsecured Guarantor shall in all respects rank:

- (i) *pari passu* in right of payment with all existing and future *Pari Passu* Indebtedness of the Unsecured Guarantor; and
- (ii) junior to Indebtedness that is Senior Indebtedness and Secured Indebtedness of the Unsecured Guarantor, including the Senior Indebtedness under the Credit Facility;

in accordance with the provisions set forth herein.

### **13.02 Liquidation, Dissolution Bankruptcy**

Upon any payment or distribution of the assets of an Unsecured Guarantor to creditors upon a total or partial liquidation or dissolution of such Unsecured Guarantor or reorganization of or similar proceeding relating to such Unsecured Guarantor and its properties, the holders of Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor shall be entitled to receive payment in full of such Senior Indebtedness and the termination of commitments with respect to the Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor before Securityholders are entitled to receive any payment and until the Senior Indebtedness and Secured Indebtedness of such Unsecured Guarantor is paid in full and the termination of commitments with respect to the Senior Indebtedness, any payment or distribution to which Securityholders would be entitled but for this Article 13 shall be made to holders of such Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor as their interests may appear. If a distribution is made to Securityholders that due to this Article 13 should not have been made to them, such Securityholders are required to hold it in trust for the holders of Senior Indebtedness and Secured Indebtedness of such Unsecured Guarantor and pay it over to them as their interests may appear (except that Securityholders may receive and retain (i) Permitted Junior Securities and (ii) payments made from the trust described under Section 8.01 so long as, on the date or dates the respective amounts were paid into the trust, such payments were made with respect to the Securities without violating this Article 13).

### **13.03 Default on Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor**

- (a) An Unsecured Guarantor may not make any payment pursuant to any of the Guaranteed Obligations and may not otherwise purchase, redeem or otherwise retire any Securities (collectively, "pay its Unsecured Guarantee") if (i) a default in the payment of the principal of, premium, if any, or interest on any Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor occurs and is continuing or any other amount owing in respect of any Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor is not paid when due, or (ii) any other default on Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor occurs and the maturity of such Senior Indebtedness or Secured Indebtedness is accelerated in accordance with its terms unless, in either case, (x) the default has been cured or waived and any such acceleration has been rescinded or (y) such Senior Indebtedness or Secured Indebtedness has been paid in full. However, such Unsecured Guarantor may pay

its Guarantee without regard to the foregoing if such Unsecured Guarantor and the Trustee receive written notice approving such payment from the Representative of such Senior Indebtedness or Secured Indebtedness with respect to which either of the events in clause (i) or (ii) of the immediately preceding sentence has occurred and is continuing. During the continuance of any default (other than a default described in clause (i) or (ii) of the second preceding sentence) with respect to any Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor pursuant to which the maturity thereof may be accelerated immediately without further notice (except such notice as may be required to effect such acceleration) or the expiration of any applicable grace periods, such Unsecured Guarantor may not pay its Guarantee for a period (an “**Unsecured Guarantee Payment Blockage Period**”) commencing upon the receipt by the Trustee (with a copy to such Unsecured Guarantor and the Company) of written notice (an “**Unsecured Guarantee Blockage Notice**”) of such default from the Representative of such Senior Indebtedness or Secured Indebtedness specifying an election to effect such Unsecured Guarantee Payment Blockage Period and ending 179 days thereafter (or earlier if such Unsecured Guarantee Payment Blockage Period is terminated (i) by written notice to the Trustee (with a copy to an Unsecured Guarantor and the Company) from the Person or Persons who gave such Unsecured Guarantee Blockage Notice, (ii) because such Senior Indebtedness or Secured Indebtedness has been repaid in full or (iii) because the default giving rise to such Unsecured Guarantee Blockage Notice is no longer continuing). Notwithstanding the provisions described in the immediately preceding sentence (but subject to the provisions contained in the first sentence of this Section 13.03 and in Section 13.02), unless the holders of such Senior Indebtedness or Secured Indebtedness or the Representative of such holders shall have accelerated the maturity of such Designated Senior Indebtedness or Designated Secured Indebtedness such Unsecured Guarantor may resume payments on its Guarantee after such Unsecured Guarantee Payment Blockage Period, including any missed payments. Not more than one Unsecured Guarantee Blockage Notice may be given with respect to an Unsecured Guarantor in any consecutive 360-day period, irrespective of the number of defaults with respect to Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor during such period.

- (b) After the occurrence of an Event of Default, the Company or the Trustee shall promptly notify the holders of the Senior Indebtedness or Secured Indebtedness (or their Representative) of such occurrence. If any Senior Indebtedness or Secured Indebtedness is outstanding, an Unsecured Guarantor may not pay the Securities until five Business Days after such holders or the Representative of the Senior Indebtedness or Secured Indebtedness receives notice of such occurrence and, thereafter, may pay the Securities only if the provisions of this Article 13 otherwise permit payment at that time.

**13.04 Demand for Payment; Acceleration Forebearance**

After the occurrence of an Event of Default and a demand for payment is made on an Unsecured Guarantor pursuant to its Guarantee, the Trustee shall promptly notify the holders of the Senior Indebtedness or Secured Indebtedness (or the Representative of such holders) of

such occurrence. The principal amount of the Securities will not be due and payable by any Unsecured Guarantor during any Acceleration Forebearance Period.

**13.05 When Distribution Must Be Paid Over**

If a payment or distribution is made to Securityholders that because of this Article 13 should not have been made to them, subject to Section 13.09, the Securityholders who receive the payment or distribution shall hold such payment or distribution in trust for holders of the Senior Indebtedness or Secured Indebtedness of the relevant Unsecured Guarantor and pay it over to them as their respective interests may appear.

**13.06 Subrogation**

After all Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor is paid in full and the termination of commitments with respect to the Senior Indebtedness and until the Securities are paid in full in cash, Securityholders shall be subrogated to the rights of holders of Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor to receive distributions applicable to Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor. A distribution made under this Article 13 to holders of Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor which otherwise would have been made to Securityholders is not, as between such Unsecured Guarantor and Securityholders, a payment by such Unsecured Guarantor on such Senior Indebtedness or Secured Indebtedness.

**13.07 Relative Rights**

This Article 13 defines the relative rights of Securityholders and holders of Senior Indebtedness and Secured Indebtedness of an Unsecured Guarantor. Nothing in this Indenture shall:

- (a) impair, as between an Unsecured Guarantor and Securityholders, the obligation of an Unsecured Guarantor which is absolute and unconditional, to make payments with respect to the Guaranteed Obligations to the extent set forth in its Guarantee; or
- (b) prevent the Trustee or any Securityholder from exercising its available remedies upon a default by an Unsecured Guarantor under its obligations with respect to the Guaranteed Obligations, subject to the rights of holders of Senior Indebtedness and Secured Indebtedness of such Unsecured Guarantor to receive distributions otherwise payable to Securityholders.

**13.08 Subordination May Not Be Impaired by an Unsecured Guarantor**

No right of any holder of Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor to enforce the subordination of the obligations of such Unsecured Guarantor hereunder shall be impaired by any act or failure to act by such Unsecured Guarantor or by its failure to comply with this Indenture.

**13.09 Right of Trustee and Paying Agent**

Notwithstanding Section 12.03, the Trustee or the Paying Agent may continue to make, and Holders may continue to receive and retain, payments on the Securities and shall not be charged with knowledge of the existence of facts that would prohibit the making of any such payments unless, not less than two Business Days prior to the date of such payment, the Trustee receives notice satisfactory to it that payments may not be made under this Article 13. An Unsecured Guarantor, the Registrar or co-registrar, the Paying Agent, a Representative or a holder of Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor may give the notice; provided, however, that if an issue of Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor has a Representative, only the Representative may give the notice.

The Trustee in its individual or any other capacity, may hold Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor with the same rights it would have if it were not Trustee. The Registrar and co-registrar and the Paying Agent may do the same with like rights. The Trustee shall be entitled to all the rights set forth in this Article 13 with respect to any Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor which may at any time be held by it, to the same extent as any other holder of Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor; and nothing in Article 7 shall deprive the Trustee of any of its rights as such holder. Nothing in this Article 13 shall apply to claims of, or payments to, the Trustee under or pursuant to Section 7.06.

**13.10 Distribution or Notice to Representative**

Whenever a distribution is to be made or a notice given to holders of Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor, the distribution may be made and the notice given to their Representative (if any).

**13.11 Not To Prevent Events of Default or Limit Right To Accelerate**

The failure of an Unsecured Guarantor to make a payment on any of its obligations by reason of any provision in this Article 13 shall not be construed as preventing the occurrence of a default by such Unsecured Guarantor under such obligations. Nothing in this Article 13 shall have any effect on the right of the Securityholders or the Trustee to make a demand for payment on an Unsecured Guarantor pursuant to its Guarantee.

**13.12 Trustee Entitled To Rely**

Upon any payment or distribution pursuant to this Article 13, the Trustee and the Securityholders shall be entitled to rely (i) upon any order or decree of a court of competent jurisdiction in which any proceedings of the nature referred to in Section 13.02 are pending, (ii) upon a certificate of the liquidating trustee or agent or other Person making such payment or distribution to the Trustee or to the Securityholders or (iii) upon the Representatives for the holders of Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor for the purpose of ascertaining the Persons entitled to participate in such payment or distribution, the holders of the Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor and other Indebtedness of an Unsecured Guarantor, the amount thereof or payable thereon, the amount or amounts paid or distributed thereon and all other facts pertinent thereto or to this Article 13. In the event that the Trustee determines, in good faith, that evidence is required with respect to the

right of any Person as a holder of Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor to participate in any payment or distribution pursuant to this Article 13, the Trustee may request such Person to furnish evidence to the reasonable satisfaction of the Trustee as to the amount of Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor held by such Person, the extent to which such Person is entitled to participate in such payment or distribution and other facts pertinent to the rights of such Person under this Article 13, and, if such evidence is not furnished, the Trustee may defer any payment to such Person pending judicial determination as to the right of such Person to receive such payment. The provisions of Sections 7.01 and 7.02 shall be applicable to all actions or omissions of actions by the Trustee pursuant to this Article 13.

**13.13 Trustee To Effectuate Subordination**

Each Securityholder by accepting a Security authorizes and directs the Trustee on his or her behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination between the Securityholders and the holders of Senior Indebtedness or Secured Indebtedness of each of the Unsecured Guarantors as provided in this Article 13 and appoints the Trustee as attorney-in-fact for any and all such purposes.

**13.14 Trustee Not Fiduciary for Holders of Senior Indebtedness or Secured Indebtedness of Unsecured Guarantor**

The Trustee shall not be deemed to owe any fiduciary duty to the holders of Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor and shall not be liable to any such holders if it shall mistakenly pay over or distribute to Securityholders or the relevant Unsecured Guarantor or any other Person, money or assets to which any holders of Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor shall be entitled by virtue of this Article 13 or otherwise.

**13.15 Reliance by Holders of Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor on Subordination Provisions**

Each Securityholder by accepting a Security acknowledges and agrees that the foregoing subordination provisions are, and are intended to be, an inducement and a consideration to each holder of any Senior Indebtedness or Secured Indebtedness of an Unsecured Guarantor, whether such Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor was created or acquired before or after the issuance of the Securities, to acquire and continue to hold, or to continue to hold, such Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor and such holder of Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor shall be deemed conclusively to have relied on such subordination provisions in acquiring and continuing to hold, or in continuing to hold, such Senior Indebtedness or Secured Indebtedness of such Unsecured Guarantor.

**13.16 Defeasance**

The terms of this Article 13 shall not apply to payments from money or the proceeds of Government Obligations held in trust by the Trustee for the payment of principal of and interest on the Securities pursuant to the provisions described in Section 8.03.

**ARTICLE 14  
SECURITY**

**14.01 Security Documents**

The Company and the Guarantors hereby agree to execute and deliver the Security Documents contemporaneously herewith, in form and substance satisfactory to the Collateral Agent acting reasonably, as continuing collateral security for the due, prompt and complete payment, performance and satisfaction by the Company and the Guarantors of all of their of their indebtedness, liabilities and obligations of every nature whatsoever (whether present or future, direct or indirect, absolute or contingent, matured or unmatured, at any time due or accruing due, wheresoever and howsoever incurred, including any ultimate unpaid balance thereof, in any currency, and whether incurred prior to, at the time of or subsequent to the execution of this Indenture) to the Trustee, the Collateral Agent and the Securityholders, in connection with this Indenture and the Security Documents.

**ARTICLE 15  
MISCELLANEOUS**

**15.01 Trust Indenture Legislation Controls**

If any provision of this Indenture limits, qualifies or conflicts with another provision which is required to be included in this Indenture by the Trust Indenture Legislation, the required provision shall control.

**15.02 Notices**

- (a) Notices to the Company or any Guarantor and to the Trustee may be delivered:
- (i) personally by leaving such notices with the party, or at the offices of the party, to whom they are addressed at that party's address hereinafter given, and notices so served shall be deemed to have been received by the addressee thereof on the day of delivery, unless actually delivered on a day which is not a Business Day or after 4:00 p.m. on the day of delivery, in which case notice shall be deemed to be received on the next ensuing Business Day;
  - (ii) by telecopier, or any other like method by which a message may be sent directed to the party to whom they are to be delivered at that party's address hereinafter given, and notices so sent shall be deemed to have been received by the addressee thereof on the Business Day next ensuing after the day of sending; and
  - (iii) by mailing such notices first class registered post, post prepaid, to the party to whom they are to be delivered, in which case notices mailed shall be deemed to be received by the addressee thereof on the fifth Business Day following the day of mailing thereof.
- (b) The address for notice to each of the Company or any Guarantor and to the Trustee is as follows:

- (i) to the Company or any Guarantor:

Atlantic Power Corporation  
c/o Atlantic Power Management, LLC  
200 Clarendon Street  
Floor 52  
Boston, MA 02117

Telecopy: 617-531-6369  
Attention of: Chief Executive Officer

with a copy to:

Goodmans LLP  
250 Yonge Street  
Toronto, Ontario  
M5B 2M6

Telecopy: 416-979-1234  
Attention of: Stephen Pincus/Bill Gorman

- (ii) to the Trustee:

Computershare Trust Company of Canada  
100 University Avenue  
9th Floor, North Tower  
Toronto, Ontario  
M5J 2Y1

Telecopy: 416-981-9777  
Attention of: Manager, Corporate Trust

- (c) The Company or any Guarantor or the Trustee, by notice to the others in accordance with this Indenture, may designate additional or different addresses for subsequent notices or communications.
- (d) Except as herein otherwise expressly provided, all notices to be given hereunder to Securityholders with respect to the Securities shall be deemed to be validly given to the Securityholders, and to the Depository or the nominee of such Depository in the case of Global Securities, if delivered or if sent through the ordinary post, postage prepaid, by letter or circular addressed to such Holders at their post office addresses appearing in any of the registers hereinbefore mentioned. Any notice so delivered or served by post shall be deemed to have been given or served on the day upon which it is delivered or posted

Any accidental error, omission or failure in giving or in delivering or mailing any such notice or any defect in it or the inability of the Company to give or mail any notice due to anything beyond the reasonable control of the Company or non-receipt of any such notice by any Securityholder shall not invalidate or otherwise prejudicially affect any action or proceeding founded thereon.

Any notices with respect to the Securities may be given to whichever one of the Holders thereof (if more than one) is named first in the registers hereinbefore mentioned, and any notice so given shall be sufficient notice to all Holders and Persons interested in such Securities.

**15.03 Immunity of Shareholders**

The Securityholders and the Trustee hereby waive and release any right, cause of action or remedy now or hereafter existing in any jurisdiction against any past, present or future incorporator, shareholder, director or officer of the Company or of any successor corporation for the payment of the principal of or interest on any of the Securities or on any covenant, agreement, representation or warranty by the Company herein or in the Securities contained, save and except only recourse with respect to damages resulting from fraud. By accepting a Security, each Securityholder shall waive and release all such liability. The waiver and release shall be part of the consideration for the issue of the Securities.

**15.04 Certificate and Opinion as to Conditions Precedent**

After the date of this Indenture, upon any request or application by the Company to the Trustee to take or refrain from taking any action under this Indenture, the Company shall furnish to the Trustee:

- (a) a Company's Certificate in form and substance reasonably satisfactory to the Trustee stating that, in the opinion of the signers, all conditions precedent, if any, provided for in this Indenture relating to the proposed action have been complied with; and
- (b) an Opinion of Counsel in form and substance reasonably satisfactory to the Trustee stating that, in the opinion of such counsel, all such conditions precedent have been complied with.

**15.05 Statements Required in Certificate or Opinion**

Each Company's Certificate or Opinion of Counsel with respect to compliance with a covenant or condition provided for in this Indenture shall include:

- (a) a statement that the individual making such Company's Certificate or Opinion of Counsel has read such covenant or condition;
- (b) a brief statement as to the nature and scope of the examination or investigation upon which the statements or opinions contained in such Company's Certificate or Opinion of Counsel are based;
- (c) a statement that, in the opinion of such individual, he or she has made such examination or investigation as is necessary to enable him or her to express an informed opinion as to whether or not such covenant or condition has been complied with; and
- (d) a statement as to whether or not, in the opinion of such individual, such covenant or condition has been complied with.

**15.06 When Securities Disregarded**

In determining whether the Holders of the required principal amount of Securities have concurred in any direction, waiver or consent, Securities owned by the Company, any Guarantor or by any Person directly or indirectly controlling or controlled by or under direct or indirect common control with the Company, any Subsidiary of the Company or any Guarantor shall be disregarded and deemed not to be outstanding, except that, for the purpose of determining whether the Trustee shall be protected in relying on any such direction, waiver or consent, only Securities which the Trustee knows are so owned shall be so disregarded. Subject to the foregoing, only Securities outstanding at the time shall be considered in any such determination.

**15.07 Rules by Trustee, Paying Agent and Registrar**

Subject to Article 10, the Trustee may make reasonable rules for action by or a meeting of Securityholders. The Registrar and the Paying Agent may make reasonable rules for their functions.

**15.08 Legal Holidays**

A "Legal Holiday" is a Saturday, a Sunday or a day on which the Trustee's office and banking institutions are not required to be open in the Province of Ontario. If a payment date is a Legal Holiday, payment shall be made on the next succeeding day that is not a Legal Holiday, and no interest shall accrue for the intervening period. If a regular record date is a Legal Holiday, the record date shall be the immediately preceding Business Day.

**15.09 Governing Law**

THIS INDENTURE AND THE SECURITIES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE PROVINCE OF ONTARIO AND SHALL BE TREATED IN ALL RESPECTS AS AN ONTARIO CONTRACT.

**15.10 Successors**

All agreements of the Company and each Guarantor in this Indenture and the Securities shall bind their respective successors. All agreements of the Trustee in this Indenture shall bind its successors.

**15.11 Multiple Originals**

The parties may sign any number of copies of this Indenture. Each signed copy shall be an original, but all of them together represent the same agreement. One signed copy is enough to prove this Indenture.

**15.12 Counterparts**

This Indenture may be executed in several counterparts, including by facsimile, and such counterparts together shall constitute one and the same instrument, which shall be

sufficiently evidenced by any such original counterpart and notwithstanding their date of execution shall be deemed to be dated the date of this Indenture.

**15.13 Table of Contents; Headings**

The table of Contents, cross-reference sheet and headings of the articles and sections of this Indenture have been inserted for convenience of reference only, are not intended to be considered a part hereof and shall not modify or restrict any of the terms or provisions hereof.

**[Reminder of this page left intentionally blank]**

**IN WITNESS WHEREOF**, the parties have caused this Indenture to be duly executed as of the date first written above.

### FORM OF FACE OF SECURITY

Unless this certificate (the "Certificate") is presented by an authorized representative of The Canadian Depository for Securities Limited ("CDS") to the Issuer or its agent for registration of transfer, exchange or payment, and any certificate issued in respect thereof is registered in the name of CDS, or such other name as is requested by an authorized representative of CDS (and any payment is made to CDS or to such other entity as is requested by an authorized representative of CDS), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL since the registered holder hereof, CDS, has an interest herein:

#### ATLANTIC POWER CORPORATION (the "Issuer")

(A CORPORATION ESTABLISHED UNDER THE LAWS OF THE PROVINCE OF ONTARIO, CANADA ON JUNE 18, 2004)

THIS CERTIFIES THAT

IS THE REGISTERED HOLDER OF \$

AGGREGATE PRINCIPAL AMOUNT OF 11.0% SUBORDINATED NOTES ("NOTES") OF:

(i) ATLANTIC POWER CORPORATION

THE NOTES REPRESENTED BY THIS CERTIFICATE ARE ISSUED UPON THE TERMS AND SUBJECT TO THE CONDITIONS OF THE SUBORDINATED NOTE INDENTURE (THE "INDENTURE") DATED NOVEMBER 18, 2004 AND THE RESTRICTIONS SET OUT BELOW. THE INDENTURE IS BINDING UPON ALL NOTEHOLDERS AND, BY ACCEPTANCE OF THIS CERTIFICATE, THE NOTEHOLDER ASSENTS TO ITS TERMS AND CONDITIONS. A COPY OF THE INDENTURE PURSUANT TO WHICH THIS CERTIFICATE AND THE NOTES REPRESENTED THEREBY ARE ISSUED MAY BE OBTAINED BY A NOTEHOLDER ON DEMAND AND WITHOUT FEE FROM THE HEAD OFFICE OF THE ISSUER.

AT NO TIME MAY ANY NOTES BE PURCHASED BY, TRANSFERRED TO OR BENEFICIALLY HELD BY ANY EMPLOYEE BENEFIT PLAN THAT IS SUBJECT TO THE FIDUCIARY AND PROHIBITED TRANSACTION PROVISIONS OF THE *UNITED STATES EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974*, AS AMENDED AND/OR ANY PLAN THAT IS SUBJECT TO SECTION 4975 OF THE *UNITED STATES INTERNAL REVENUE CODE OF 1986, AS AMENDED*, ANY TRUST HOLDING ASSETS OF SUCH A PLAN AND ANY ENTITY THAT IS DEEMED TO HOLD THE ASSETS OF SUCH A PLAN PURSUANT TO 29 C.F.R. SECTION 2510.3-101, ISSUED BY THE UNITED STATES DEPARTMENT OF LABOR.

AT NO TIME MAY: (i) MORE THAN 100 U.S. PERSONS BE THE BENEFICIAL OWNERS OF THE SECURITIES OF THE ISSUER; OR (ii) A U.S. PERSON BE THE BENEFICIAL OWNER OF MORE THAN 10% OF ANY CLASS OF SECURITIES OF THE ISSUER. THE ISSUER MAY REQUIRE DECLARATIONS AS TO THE JURISDICTIONS IN WHICH BENEFICIAL OWNERS OF THE ISSUER'S SECURITIES ARE RESIDENT. IF THE ISSUER BECOMES AWARE THAT EITHER

OF THE FOREGOING LIMITATIONS MAY BE CONTRAVENED, THE TRANSFER AGENT AND REGISTRAR WILL MAKE A PUBLIC ANNOUNCEMENT AND WILL NOT ACCEPT A SUBSCRIPTION FOR THE ISSUER'S SECURITIES FROM OR ISSUE OR REGISTER A TRANSFER OF THE ISSUER'S SECURITIES TO A PERSON UNLESS THE PERSON PROVIDES A DECLARATION THAT THE PERSON IS NOT A U.S. PERSON. IF, NOTWITHSTANDING THE FOREGOING, THE ISSUER DETERMINES THAT MORE THAN 100 U.S. PERSONS ARE BENEFICIAL OWNERS OF SECURITIES OF THE ISSUER, THE ISSUER MAY SEND A NOTICE TO THE U.S. BENEFICIAL OWNERS OF SUCH SECURITIES, CHOSEN IN INVERSE ORDER TO THE ORDER OF ACQUISITION OR REGISTRATION OR IN ANY MANNER AS THE ISSUER MAY CONSIDER EQUITABLE AND PRACTICABLE, REQUIRING THEM TO SELL THEIR SECURITIES OR A PORTION THEREOF WITHIN A SPECIFIED PERIOD OF NOT LESS THAN 10 DAYS. IF, AFTER SUCH PERIOD, SUCH BENEFICIAL OWNERS HAVE NOT SOLD THE SPECIFIED NUMBER OF SECURITIES OR PROVIDED THE ISSUER WITH SATISFACTORY EVIDENCE THAT THEY ARE NOT U.S. PERSONS WITHIN THAT PERIOD, THE ISSUER MAY, ON BEHALF OF THOSE BENEFICIAL OWNERS, SELL THOSE SECURITIES AND, IN THE INTERIM, WILL SUSPEND THE VOTING AND DISTRIBUTION RIGHTS ATTACHED TO THOSE SECURITIES. UPON THAT SALE, THE AFFECTED BENEFICIAL OWNERS WILL CEASE TO BE BENEFICIAL OWNERS AND THEIR RIGHTS WILL BE LIMITED TO RECEIVING THE NET PROCEEDS OF THE SALE.

## **BUSINESS ACQUISITION REPORT**

For the Acquisition of Indirect Interests in 15 Power Generation Projects  
in Connection with the Completion of the  
Corporation's Initial Public Offering

January 31, 2005

## BUSINESS ACQUISITION REPORT

### I. Identity of Company

#### 1.1 Name and Address of Company

Atlantic Power Corporation (the "Corporation")  
c/o Atlantic Power Management, LLC  
200 Clarendon Street, 55th Floor  
Boston, MA  
02117

#### 1.2 Executive Officer

Barry Welch  
President and Chief Executive Officer  
Atlantic Power Management, LLC  
Tel: (617) 531-6300

### II. Details of Acquisition

#### 2.1 Nature of Business Acquired

The Corporation, through its Delaware subsidiary, Atlantic Power Holdings, LLC ("Atlantic Holdings"), acquired 100% of the issued and outstanding membership interests of Teton Power Funding, LLC ("Teton Funding"), Epsilon Power Funding, LLC and Umatilla Power Funding, LLC (collectively, the "Project Holding Entities") from Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC, respectively (collectively, the "Existing Investors"). The Project Holding Entities in turn collectively hold interests in 15 power generation projects primarily located in the U.S. (the "Projects"). For a more detailed discussion with respect to the Projects, please see the sections entitled "The Projects" and "Project Descriptions" in pages 35 to 57 of the Corporation's (final) prospectus dated November 10, 2004.

#### 2.2 Date of Acquisition

November 18, 2004

#### 2.3 Consideration

Upon completion of its initial public offering (the "IPO") of 32,000,000 income participating securities ("IPSs") and private placement (the "Private Placement") of \$36,501,000 aggregate principal amount of 11% subordinated notes (the "Notes") on November 18, 2004, the Corporation subscribed for common membership interests and Class A preferred membership interests of Atlantic Holdings for total consideration of approximately \$334,192,000. Atlantic Holdings used approximately \$114,393,000 of this amount, along with 31,291,865 common membership interests and 31,291,865 Class B preferred membership interests issued by it, to acquire the Project Holding Entities from the Existing Investors. Atlantic Holdings also used approximately \$202,707,000 of the proceeds from the subscription for membership interests by the Issuer to repay outstanding indebtedness of Teton Funding.

Upon the exercise on December 6, 2004 of an over-allotment granted to the underwriters of the IPO (the "Over-Allotment Option"), the Corporation subscribed for additional common membership interests and Class A preferred membership interests of Atlantic Holdings for total consideration of \$45,480,000. Atlantic Holdings used this amount to redeem 4,800,000 common membership interests and 4,800,000 Class B preferred membership interests held by the Existing Investors.

Upon completion of the acquisition and the transactions in connection with the Over-Allotment Option, the Corporation owned 58.1% of the common membership interests in Atlantic Holdings and the Existing Investors owned 41.9% of the common membership interests in Atlantic Holdings.

For greater clarification, the transactions described above were funded from the proceeds of the distribution and sale of IPSs pursuant to the IPO and the Over-Allotment Option together with the proceeds from the distribution and sale of Notes pursuant to the Private Placement.

All sums contained in this Business Acquisition Report are denominated in Canadian dollars.

**III. Financial Statements**

Pursuant to the Ontario Securities Commission MRRS decision document dated January 7, 2005, the following financial statements that were included in the Corporation's (final) prospectus are attached as Schedule "A" to this Business Acquisition Report:

- (i) the unaudited consolidated financial statements of Teton Power Funding, LLC ("Teton Funding"), the owner of interests in 12 of the Projects, as at June 30, 2004 and for the period from March 13, 2004 to June 30, 2004;
- (ii) the audited combined financial statements of UtilCo SaleCo LLC, the predecessor of Teton Funding, as at December 31, 2003 and 2002 and for the years then ended and unaudited combined statements of income, comprehensive income and cash flows for the periods from January 1, 2004 to March 12, 2004 and January 1, 2003 to June 30, 2003;
- (iii) the unaudited pro forma financial statements of the Corporation giving effect to the acquisition described in this Business Acquisition Report as at June 30, 2004 and for the six months then ended and for the year ended December 31, 2003; and
- (iv) the audited balance sheet of the Corporation as at June 30, 2004.

KPMG LLP, the auditors of the Corporation, have not given their consent to include their audit report in this Business Acquisition Report.

## Schedule "A"

### AUDITORS' REPORT

To the Board of Directors of Atlantic Power Corporation

We have audited the balance sheet of Atlantic Power Corporation as at June 30, 2004. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the balance sheet is free of material misstatement. An audit of a balance sheet includes examining, on a test basis, evidence supporting the amounts and disclosures in that balance sheet. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall balance sheet presentation.

In our opinion, the balance sheet presents fairly, in all material respects, the financial position of the Company as at June 30, 2004 in accordance with Canadian generally accepted accounting principles.

## ATLANTIC POWER CORPORATION

### NOTES TO BALANCE SHEET

June 30, 2004

#### 1. FORMATION

Atlantic Power Corporation (the "Company" or "Atlantic Power" or the "Issuer") was incorporated on June 18, 2004 under the laws of the Province of Ontario. The Company's authorized capital consists of an unlimited number of common shares. One common share was issued on June 18, 2004.

#### 2. SUBSEQUENT EVENT

On November 10, 2004, the Company filed a final prospectus for an initial public offering (the "Offering") of 32,000,000 income participating securities ("IPSs") at a price of \$10 per IPS. Each IPS represents (a) one common share of the Company, and (b) \$5.767 aggregate principal amount of 11% subordinated notes of the Company. Costs of the Offering, including underwriters' fees, are estimated to be \$22.7 million. These costs will be allocated between shareholders' equity and deferred financing costs.

The Issuer has formed Atlantic Power Holdings, LLC ("Atlantic Holdings"), a Delaware limited liability company, for the purpose of acquiring indirect interests in 15 power generation projects ("the Projects") from Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC (the "Existing Investors"). The interests of the Existing Investors in the Projects are held by their wholly-owned subsidiaries, Teton Power Funding, LLC, Epsilon Power Funding, LLC and Umatilla Power Funding, LLC (the "Project Holding Entities").

The estimated net proceeds from the Offering, after deducting fees payable to the underwriters of the Offering (the "Underwriters") and estimated expenses of the Offering, will be approximately \$297.3 million. In addition to the \$184.5 million of 11% subordinated notes that will be represented by IPSs following the completion of the Offering, \$36.5 million of such subordinated notes will be sold separately (the "Separate Subordinated Notes"). The Issuer will use the net proceeds from the Offering, together with approximately \$35.4 million from the sale of the Separate Subordinated Notes, to subscribe for 32,000,000 common membership interests and 38,329,287 Class A preferred membership interests in Atlantic Holdings. Atlantic Holdings will in turn use approximately U.S.\$97.7 million of the proceeds from the subscription for membership interests by the Issuer (net of any costs and expenses incurred by Atlantic Holdings), together with 31,291,865 common membership interests and 31,291,865 Class B membership interests to be issued by it (the "Existing Investor Interests"), to acquire the Project Holding Entities from the Existing Investors. Atlantic Holdings will also use approximately U.S.\$167 million of the proceeds from the subscription for membership interests by the Issuer to repay outstanding indebtedness of Teton Power Funding, LLC including a prepayment penalty and will deposit approximately U.S. \$12.5 million into a reserve account (the "Reserve Account"). Following closing of the Offering, the Issuer will own 50.6% of the common membership interests in Atlantic Holdings and the Existing Investors will own 49.4% of the common membership interests in Atlantic Holdings.

The Issuer has granted the Underwriters an over-allotment option (the "Over-Allotment Option") to purchase up to a total of 4,800,000 additional IPSs for the purpose of covering over-allotments, if any, and for market stabilization purposes. If the Over-Allotment Option is exercised, the Issuer will use the net proceeds to acquire additional common membership interests and Class A preferred membership interests in Atlantic Holdings, which will in turn use such amounts to redeem common membership interests and Class B preferred membership interests in Atlantic Holdings held by the Existing Investors. If the Over-Allotment Option is exercised in full, the Issuer will own 58.1% of the common membership interests in Atlantic Holdings and the Existing Investors will own 41.9% of the common membership interests in Atlantic Holdings.

The acquisition will be accounted for using the purchase method. The cash purchase price of U.S.\$97.7 million has been preliminarily allocated to the assets and liabilities of the Projects as follows:

Net assets acquired at fair value, based on preliminary allocation:

Current assets less current liabilities .....	\$ 43,078
Property and equipment .....	125,384
Investment in Partnerships .....	246,434
Investment in Leveraged Lease .....	1,327
Other assets (net) .....	36,886
Other Intangibles .....	83,327
Other Liabilities, Non-controlling Interests .....	(260,845)
Minority interest .....	(10,711)
Long term debt .....	(167,168)
	<u>\$ 97,712</u>

Other assets (net) include the Index Swap Agreement and deferred financing costs, less the accrued loss on gas transportation contracts included on the Teton Funding balance sheet.

## COMPILATION REPORT ON *PRO FORMA* FINANCIAL STATEMENTS

To the Board of Directors of Atlantic Power Corporation

We have read the accompanying unaudited *pro forma* consolidated balance sheet of Atlantic Power Corporation (the "Company" or "Atlantic Power") as at June 30, 2004 and the unaudited *pro forma* consolidated statements of income for the six months then ended and for the year ended December 31, 2003 and have performed the following procedures:

1. Compared the figures in the column captioned "Atlantic Power" in the *pro forma* consolidated balance sheet of the Company to the audited balance sheet of Atlantic Power as at June 30, 2004.
2. Compared the figures in the column captioned "Teton Funding" in the *pro forma* consolidated balance sheet of the Company to the unaudited balance sheet of Teton Funding as at June 30, 2004.
3. Compared the figures in the columns captioned "SaleCo" and "Teton Funding" in the *pro forma* consolidated statement of income of the Company for the six months ended June 30, 2004 to unaudited combined statement of income of SaleCo for the period January 1, 2004 to March 12, 2004 and to the unaudited consolidated statement of income of Teton Funding for the period March 13, 2004 to June 30, 2004, respectively.
4. Compared the figures in the column captioned "SaleCo" for the year ended December 31, 2003 to the audited combined financial statements of SaleCo for the year ended December 31, 2003 and found them to be in agreement.
5. Made enquiries of certain officials of the Company who have responsibility for financial and accounting matters about:
  - (a) the basis for determination of the *pro forma* adjustments; and
  - (b) whether the *pro forma* consolidated financial statements comply as to form in all material respects with the published requirements of Canadian securities legislation.

The officials:

- (a) described to us the basis for determination of the *pro forma* adjustments; and
  - (b) stated that the *pro forma* consolidated financial statements comply as to form in all material respects with the published requirements of Canadian securities legislation.
6. Read the notes to the *pro forma* consolidated financial statements, and found them to be consistent with the basis described to us for determination of the *pro forma* adjustments.
  7. Recalculated the application of the *pro forma* adjustments to the aggregate of the amounts in the columns captioned "Atlantic Power", "Teton Funding" and "SaleCo" as at June 30, 2004 and for the six months then ended, and for the year ended December 31, 2003 and found the amounts in the columns captioned "*Pro forma* consolidated" to be arithmetically correct.

A *pro forma* financial statement is based on management assumptions and adjustments which are inherently subjective. The foregoing procedures are substantially less than either an audit or a review, the objective of which is the expression of assurance with respect to management's assumptions, the *pro forma* adjustments, and the application of the adjustments to the historical financial information. Accordingly, we express no such assurance. The foregoing procedures would not necessarily reveal matters of significance to the *pro forma* consolidated financial statements, and we therefore make no representation about the sufficiency of the procedures for the purposes of a reader of such statements.

**ATLANTIC POWER CORPORATION**  
**NOTES TO *PRO FORMA* CONSOLIDATED FINANCIAL STATEMENTS**  
**(In thousands of U.S. dollars)**  
**Six months ended June 30, 2004 and year ended December 31, 2003**  
**(Unaudited)**

Atlantic Power Corporation (the "Company" or "Atlantic Power" or the "Issuer") is a corporation established under the laws of the Province of Ontario on June 18, 2004. The Company will issue income participating securities ("IPSs") for cash pursuant to an initial public offering (the "Offering"). Each income participating security consists of one common share of the Company and Cdn\$5.767 of aggregate principal amount of 11% subordinated notes of the Company.

The Company will use the net proceeds from the Offering to acquire indirect interests in 15 power generation projects located primarily in the United States of America (collectively, the "Projects").

The Company intends to make monthly payments of interest on its 11% subordinated notes and dividends on its Common Shares.

**1. BASIS OF PREPARATION**

The *pro forma* consolidated balance sheet as at June 30, 2004 and the *pro forma* consolidated statements of income for the six months ended June 30, 2004 and for the year ended December 31, 2003 respectively, have been prepared from the audited balance sheet of Atlantic Power as at June 30, 2004, the unaudited consolidated balance sheet as at June 30, 2004 of Teton Power Funding, LLC ("Teton Funding"), the owner of interests in 12 out of the 15 Projects, the unaudited combined statement of income for the period January 1, 2004 to March 12, 2004 of UtilCo SaleCo LLC ("SaleCo" — the predecessor to Teton Funding) the unaudited consolidated statement of income for the period March 13, 2004 to June 30, 2004 of Teton Funding, and the audited combined statement of income for the year ended December 31, 2003 of SaleCo.

The financial statements of SaleCo and Teton Funding are included elsewhere in the prospectus. Selected financial information on MASSPOWER, Delta Person Limited Partnership and Javelin Energy LLC ("Other Projects") has been derived from the financial statements of the respective Projects which are not included in the prospectus. Information on the operating revenue, net income and total assets of the Other Projects and their proportionate share in the *pro forma* consolidated financial statements is disclosed in Note 3.

The *pro forma* consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles ("Canadian GAAP"). The unaudited and audited financial statements of SaleCo and Teton Funding have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The significant differences between US GAAP and Canadian GAAP that affect the Company's *pro forma* consolidated financial statements are described in note 3(l).

The *pro forma* consolidated balance sheet gives effect to the adjustments in note 3 as if they had occurred on June 30, 2004. The *pro forma* consolidated statements of income for the periods presented give effect to the adjustments in note 3 as if the transactions occurred on January 1, 2003.

The *pro forma* consolidated financial statements are not necessarily indicative of the results that would have actually occurred had the transactions been consummated at the dates indicated nor are they necessarily indicative of future operating results or the financial position of Atlantic Power.

**2. ACQUISITION**

The Issuer has formed Atlantic Power Holdings, LLC ("Atlantic Holdings"), a Delaware limited liability company, for the purpose of acquiring indirect interests in the Projects from Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC (the "Existing Investors"). The interests of the Existing Investors in the Projects are held by their wholly-owned subsidiaries, Teton Funding, Epsilon Power Funding, LLC and Umatilla Power Funding, LLC (the "Project Holding Entities").

**ATLANTIC POWER CORPORATION**

**NOTES TO PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(In thousands of U.S. dollars)

Six months ended June 30, 2004 and year ended December 31, 2003

(Unaudited)

The estimated net proceeds from the Offering, after deducting fees payable to the underwriters of the Offering (the "Underwriters") and estimated expenses of the Offering, will be approximately Cdn\$297.3 million. In addition to the Cdn\$184.5 million of 11% subordinated notes that will be represented by IPSs following the completion of the Offering, Cdn\$36.5 million of such subordinated notes will be sold separately (the "Separate Subordinated Notes"). The Issuer will use the net proceeds from the Offering, together with approximately Cdn\$35.4 million from the sale of the Separate Subordinated Notes, to subscribe for 32,000,000 common membership interests and 38,329,287 Class A preferred membership interests in Atlantic Holdings. Atlantic Holdings will in turn use approximately US\$97.7 million of the proceeds from the subscription for membership interests by the Issuer (net of any costs and expenses incurred by Atlantic Holdings), together with 31,291,865 common membership interests and 31,291,865 Class B membership interests to be issued by it (the "Existing Investor Interests"), to acquire the Project Holding Entities from the Existing Investors. Atlantic Holdings will also use approximately US\$167 million of the proceeds from the subscription for membership interests by the Issuer to repay outstanding indebtedness of Teton Funding and approximately US\$12.5 million to deposit into a reserve account (the "Reserve Account"). Following closing of the Offering, the Issuer will own 50.6% of the common membership interests in Atlantic Holdings and the Existing Investors will own 49.4% of the common membership interests in Atlantic Holdings.

The Issuer has granted the Underwriters an over-allotment option (the "Over-Allotment Option") to purchase up to a total of 4,800,000 additional IPSs for the purpose of covering over-allotments, if any, and for market stabilization purposes. If the Over-Allotment Option is exercised, the Issuer will use the net proceeds to acquire additional common membership interests and Class A preferred membership interests in Atlantic Holdings, which will in turn use such amounts to redeem common membership interests and Class B preferred membership interests in Atlantic Holdings held by the Existing Investors. If the Over-Allotment Option is exercised in full, the Issuer will own 58.1% of the common membership interests in Atlantic Holdings and the Existing Investors will own 41.9% of the common membership interests in Atlantic Holdings.

**3. PRO FORMA ADJUSTMENTS**

**(a) Initial Public Offering**

The Company will issue 32,000,000 IPSs pursuant to the Offering for net proceeds of Cdn\$297.3 million on closing of the Offering after deducting estimated expenses of the Offering and the underwriters' fees of Cdn\$22.4 million. The U.S. dollar equivalent of the net proceeds of the Offering based on an exchange rate of Cdn\$1.1996 per US\$ is:

Subordinated notes (including Separated Subordinated Notes).....	\$184,260
Common shares.....	<u>112,914</u>
.....	\$297,174
Total expenses.....	<u>(19,620)</u>
.....	<u>\$277,554</u>

Following closing of the Offering, approximately \$12,500 will be deposited into the Reserve Account which is included in restricted cash.

**(b) Credit Facilities**

Atlantic Holdings has arranged for a senior credit facility (the "Credit Facility") in the form of a \$50,000 revolving term credit facility. The Credit Facility will be used for working capital purposes, including management of cash flows with respect to differences in the payment and refund of U.S. withholding taxes and for other general corporate purposes of Atlantic Holdings.

Loans under the Credit Facility will bear interest at a rate equal to LIBOR or a U.S. Base Rate, plus an applicable margin to those rates.

Interest expense has been adjusted to reflect the Credit Facility and to eliminate interest expense associated with the senior secured debt of Teton Funding (originally incurred on March 12, 2004)

**ATLANTIC POWER CORPORATION**

**NOTES TO PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(In thousands of U.S. dollars)

Six months ended June 30, 2004 and year ended December 31, 2003

(Unaudited)

which will be repaid with proceeds of the Offering. Interest is assumed to be at a rate of 4.5% per annum on an average balance of \$11,000. In addition, fees are assumed to accrue on letters of credit commitments of \$14,600 at a rate of 2.0% per annum.

Atlantic Holdings will repay outstanding indebtedness of Teton Funding. Interest expense incurred for the period from March 13, 2004 to June 30, 2004 in the amount of \$2,481 is eliminated.

**(c) Acquisition**

The acquisitions will be accounted for using the purchase method. The net cash purchase price of \$97,712 has been preliminarily allocated to the assets and liabilities of the Projects at December 31, 2003 as follows:

Net assets acquired at fair value, based on preliminary allocation, are as follows:

Current assets less current liabilities.....	43,078
Property and equipment.....	125,384
Investments in Partnerships.....	246,434
Investments in Leveraged Leases.....	1,327
Other assets (Net).....	46,718
Other intangibles.....	83,327
Long-Term debt.....	(177,000)
Other liabilities, non-controlling interests.....	(260,845)
Minority interests.....	(10,711)
	<u>\$ 97,712</u>

The actual determination and allocation of the purchase price will be based upon the assets purchased and liabilities assumed at the effective date of the acquisition and other information available at that date. Accordingly, the actual amounts for each of the assets will vary from the *pro forma* amounts and the variation may be material.

Other intangibles principally represent power purchase agreements entered into by the Projects and will be amortized over the term of the agreements.

**(d) Depreciation and Amortization**

The value of the tangible assets have been increased by a fair value amount of \$117,707, the value interests in partnership have been increased \$81,430 and other intangibles by \$83,327. Depreciation and amortization have been adjusted as follows:

	<b>Six Months Ended</b>	
	<b>June 30, 2004</b>	<b>2003</b>
Depreciation.....	\$1,950	\$ 3,900
Amortization of intangibles.....	2,100	4,200
Amortization of fair value adjustments to investment in partnerships.....	2,050	4,100
	<u>\$6,100</u>	<u>\$12,200</u>

**(e) Impairment Expense**

The *pro forma* consolidated statement of income for the year ended December 31, 2003 assumes this transaction occurred January 1, 2003 at which time the assets and liabilities would have been recorded at fair value. This entry eliminates the impairment expense of \$8,796 that was recorded in the historic financial statement for 2003.

**(f) Other Expense**

Other expenses that are non-recurring have been eliminated. The amounts eliminated are as follows:

**ATLANTIC POWER CORPORATION**

**NOTES TO PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(In thousands of U.S. dollars)

**Six months ended June 30, 2004 and year ended December 31, 2003**

(Unaudited)

	<u>Six Months Ended June 30, 2004</u>	<u>2003</u>
Expense relating to cash flow interest agreement.....	\$1,336	\$2,000
Expense relating to the Tellus agreement.....	-	5,780
	<u>\$1,336</u>	<u>\$7,780</u>

**(g) Subordinated Notes**

To record interest of \$10,134 for the six months ended June 30, 2004 and \$20,268 for the year ended December 31, 2003 on the 11% subordinated notes of \$184,260 and \$490 and \$940 respectively of amortization of deferred financing costs.

**(h) General and Administration Expense**

Operations and maintenance expense has been adjusted to account for the Issuer's share of the reduction in insurance premiums associated with the replacement of insurance contracts at the Lake, Mid-Georgia, Onondaga, Pasco and Stockton Projects.

Project operator fees and expenses represents the estimated project operator fees and expenses to be paid to affiliates of Caithness Energy, LLC for services provided to the Lake, Mid-Georgia, Onondaga and Pasco Projects as well as asset management services to Teton Funding.

Management fees and administrative expenses represents the estimated fees paid to Atlantic Power Management, LLC (the "Manager") and the Manager's estimates of the costs it will incur in providing management services to Atlantic Holdings and the Issuer and its estimate of incremental operating costs that will be incurred by Atlantic Holdings and the Issuer.

**(i) Other Liabilities - Non Controlling Interest**

The Existing Investors will own Class B and common membership interests of Atlantic Holdings and also have the right to request Atlantic Holdings to purchase for cancellation all or any portion of the Existing Investors Interest. The repurchase of the Existing Investor Interests is conditional upon Atlantic Holdings being able, after utilizing its best efforts, to complete or cause the completion of an equity financing on terms acceptable to the managers of Atlantic Holdings who are independent of the Existing Investors and their affiliates, acting reasonably, to secure the necessary funds to enable it to purchase the Existing Investor Interests. Atlantic Holdings may only finance repurchases of Existing Investor Interests pursuant to the exercise of the Liquidity Right by issuing additional equity securities. It is expected that this will occur through the sale of common membership interests and Class A preferred membership interests to the Company, the purchase of which by the Company would be financed by a sale of IPSs or other equity securities of the Company. The Company is required to use its best efforts to effect an offering of IPSs or other equity securities on terms acceptable to the directors of the Company in order to provide equity funding to Atlantic Holdings for the repurchase of the Existing Investor Interests. Since there is a written put option, these interests are treated as a liability of the Company and are recorded at fair value in the balance sheet.

The non controlling interest in the income of the company is calculated at 49.4% of income amounting to \$4,900 and \$27,000 for the six months ended June 30, 2004 and the year ended December 31, 2003 respectively.

**(j) Selected financial information on Other Projects**

**(i) Investment in Delta Person L.P.**

Epsilon Power Funding, LLC is a 40% limited partner in Delta Person L.P., which owns a gas-fuelled generation facility in Albuquerque, New Mexico placed in service in June 2000 with a gross capacity of 132 MW. Below is summarized financial information (in thousands of US Dollars) as of June 30, 2004 and for the six months then ended and as of

	4,632	1,519
Badger Creek — 1.25% interest	49	79
	<b>\$ 4,681</b>	<b>\$ 1,598</b>

(k) *Income Taxes*

The Project Holding Entities and/or the Projects are each required to withhold U.S. income tax on operating income allocable to the Issuer. The tax withheld is treated as a pre-payment of taxes for the account of the Issuer. The Issuer, when filing its U.S. income tax return, will deduct its expenses from the income allocated to it from the Projects to determine its taxable income and taxes payable thereon. To the extent that the Issuer's U.S. taxes payable are less than the taxes withheld by the Projects, the Issuer will receive a refund of such withheld taxes. For the six months ended June 30, 2004 and for the fiscal year 2003, the Issuer would have received a full refund of all such withheld tax.

(l) *Reconciliation of Canadian and US GAAP*

These *pro forma* financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP), which in most respects conform to Canadian GAAP. Significant differences between Canadian and US GAAP are as follows:

**ATLANTIC POWER CORPORATION**

**NOTES TO PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(In thousands of U.S. dollars)

Six months ended June 30, 2004 and year ended December 31, 2003

(Unaudited)

Net income and comprehensive income			
		<b>Six months ended</b>	
		<b>June 30, 2004</b>	
		<b>2003</b>	
Comprehensive income (loss) — US GAAP .....		\$ 825	\$ 40,166
Proportionate share of unrealized net gain from cash flow hedges included in equity method investees' other comprehensive income .....	(i)	(3,043)	(5,040)
Cumulative effect of change in accounting principle .....	(ii)	—	13
Net income (loss) — Canadian GAAP .....		(2,218)	35,139
Balance sheet items			
		<b>June 30, 2004</b>	
		<b>US</b>	<b>Canadian</b>
		<b>GAAP</b>	<b>GAAP</b>
Investments in partnerships .....		\$ 165,004	\$ 168,192
Accumulated other comprehensive income (loss) .....		1,034	—

(i) Under US GAAP, other comprehensive income, investments in partnerships and accumulated other comprehensive income, included in equity method investment investees' financial statements arise as a result of changes in fair value of certain derivative financial instruments that qualify as cash flow hedges, for the portion of change in the fair value of the hedge that is effective.

Under Canadian GAAP, the Company applies settlement accounting to derivative financial instruments. Under this method, the gains and losses on derivative financial instruments that qualify for hedge accounting are not recorded until they are realized. The notional amounts are not recorded in the financial statements as they do not represent amounts exchanged by the counterparties.

(ii) Under US GAAP, the cumulative effect of change in accounting principles has been charged to income with no restatement of prior periods. Under Canadian GAAP the cumulative effect of change in accounting principles is applied retroactively with restatement of prior periods. The impact of the cumulative effect of change in accounting principle in 2003 is not material.

**(m) Lessor Interest**

The Company will own indirectly 100% of Umatilla Power Funding LLC which in turn holds a lessor interest in the Lake Project. The lease expense related to this lessor interest has been eliminated in the amount of \$8,702 in the six months ended June 30, 2004 and \$13,998 for the year ended December 31, 2003.

**(n)** Interest and other income for the year ended December 31, 2003 that is non-recurring has been eliminated. The amounts eliminated are as follows:

Refund of property taxes at the Lake project — 1999 through 2002 .....	\$ 2,573
Gain on settlement agreement with Lake facility construction contractor .....	3,597
	<u>\$6,170</u>

**4. COMMITMENTS AND CONTINGENCIES**

The following information reflects the commitments and contingencies described in the consolidated financial statements of Teton Power Funding, LLC as of June 30, 2004 and for the six months then ended.

**(a) Cash Flow Interest Agreement**

In July 1998, Enron waived its right to a 50% limited partnership interest in Onondaga in exchange for an amended and restated gas sales agreement and was entitled to a certain percentage of Onondaga's cash distributions to its partners. In 2003, Split Rock Holdings, LLC, ("Split Rock") a wholly-owned subsidiary of Arclight Energy Partners Fund I, LP ("Arclight") was assigned

## ATLANTIC POWER CORPORATION

### NOTES TO *PRO FORMA* CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(In thousands of U.S. dollars)

Six months ended June 30, 2004 and year ended December 31, 2003

(Unaudited)

Enron's cash flow interest as part of Enron's bankruptcy filing. For the period from March 13, 2004 through June 30, 2004, Onondaga recorded approximately \$353 of expense related to this cash flow interest, which is included in interest and other expense on the consolidated statement of income and comprehensive income. Onondaga made approximately \$1,438 of distributions to Split Rock for the period March 13, 2004 through June 30, 2004.

**(b) *Lake Payment Dispute***

Through September 2001, FPC had been paying Lake amounts for energy that were generally less than the formula price under the PPA. As a result of the lower FPC payments, Lake had been recognizing lower gas costs under its gas purchase agreement with Duke Energy ("Duke"). Lake had entered into an agreement with Duke whereby Duke had agreed not to pursue legal action against Lake for the lower payments pending the issuance of a final order in the Lake/FPC litigation proceeding.

Pursuant to a letter dated February 20, 2003, Duke and Lake settled all matters related to the payment dispute. As part of the settlement, Lake was required to remit approximately \$2,100 to Duke on or before March 5, 2003. The remaining settlement amount of approximately \$1,200 will be paid in 35 monthly instalments beginning April 5, 2003. Should Lake fail to remit any portion of the settlement amount, Duke is entitled to accelerate the remaining balance due and demand the remaining balance be paid immediately.

**(c) *FERC Waiver***

On August 6, 2002, Lake filed for a temporary waiver with the FERC of its Operating and Efficiency Standards for calendar year 2002 due to the bankruptcy of its steam host. FERC granted the limited waiver of Operating and Efficiency Standards for calendar year 2002 on November 1, 2002. For the period ended June 30, 2004, Lake has maintained adequate FERC Operating and Efficiency Standards.

**(d) *Lake's Property Tax Settlement***

On March 16, 2004, Lake received \$2,573, included in interest and other income from the Lake County Tax Collector for a refund for property taxes for the years 1999 through 2002.

**(e) *Letter of Credit***

At Onondaga, a \$550 letter of credit has been issued in favor of NIMO to collateralize certain obligations of the Onondaga Project under its gas transportation agreement with NIMO (which terminates on June 30, 2008). The letter of credit has been collateralized with a \$550 compensating restricted cash account.

#### **5. *PRO FORMA* EARNINGS PER SHARE**

The calculation of earnings per share on the *pro forma* consolidated statement of income is based on the *pro forma* number of Common Shares outstanding for the year ended December 31, 2003 and for the six months ended June 30, 2004 had the issuance of Common Shares taken place on January 1, 2003.

## INDEPENDENT AUDITORS' REPORT

The Board of Managers of Teton Power Holdings, LLC:

We have audited the accompanying combined balance sheets of UtilCo SaleCo LLC (the "Company") as of December 31, 2003 and 2002, and the related combined statements of income and comprehensive income, shareholders' equity, and cash flows for the years then ended. These combined financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these combined financial statements based on our audits. We did not audit the financial statements of certain equity method investee companies. The Company's investment in these companies at December 31, 2003 and 2002 was \$100,693 and \$89,068, respectively, and its equity in earnings was \$38,287 and \$51,137 for the years ended 2003 and 2002, respectively. The financial statements of these investees were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for them, is based solely on the reports of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the reports of the other auditors, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of the Company as of December 31, 2003 and 2002 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in note 2 to the financial statements, the Company adopted Statement of Financial Accounting Standards (SFAS) No. 143, Accounting for Asset Retirement Obligations, in 2003 and adopted SFAS No. 142, Goodwill and Other Intangible Assets, and Emerging Issues Task Force 02-03, Recognition and Reporting of Gains and Losses on Energy Trading Contracts Under Issues 98-10 and 00-17, in 2002.

**1. ORGANIZATION AND BUSINESS**

UtilCo SaleCo LLC ("SaleCo" or the "Company") was a group of investments previously owned by Aquila, Inc. ("Aquila"). Aquila chose to group these businesses as part of its reorganization effort, which included selling all nonstrategic assets. On March 12, 2004, Aquila sold SaleCo to Teton Power Funding LLC ("TPF") (see note 15). The accompanying combined financial statements reflect net assets and results of operations of SaleCo. The accompanying financial statements have been prepared to reflect the investments acquired by TPF.

The Company owns interests in a number of "qualifying facilities" ("QFs") and "exempt wholesale generators" ("EWGs"), which have long-term contracts to sell power. QFs are small power producers or cogenerators (power producers that produce steam as a byproduct of the electricity generating process for use in a second industrial process) that meet certain operating, efficiency, and fuel-use standards set forth by the Federal Energy Regulatory Commission ("FERC"). Electric utilities are required to purchase generating capacity and electric energy from QFs at a price approved by state regulatory bodies. EWGs are independent power projects that are exempt from the Public Utility Holding Company Act ("PUHCA"), but must obtain FERC approval for wholesale rates. The Company's EWGs have been granted market-based rate authority.

SaleCo comprised the following entities, which are accounted for as wholly-owned entities:

- Baker Lake Hydro, LLC and Olympia Hydro, LLC, which together are 99% limited partners and 0.5% general partners in Concrete Hydro Partners, L.P. ("Concrete"). Concrete is a 1% general partner and a 49% limited partner in Koma Kulshan Associates ("Koma"), which Concrete accounts for under the equity method. The Company's investment in Concrete is accounted for under the equity method.
- Topsham Hydroelectric Generating Facility Trust No. 2 (the "Trust"), which owns an undivided interest in Topsham Hydro Assets. The assets owned by the Trust are accounted for as a leveraged lease (see note 12).
- Badger Power Generation I, LLC and Badger Power Generation II, LLC, which together are 97% limited partners and 0.5% general partners in Badger Power Associates, L.P. Badger Power Associates, L.P. is a 50% general partner in Badger Creek Limited, L.P. The investment in Badger Power Associates, L.P. is accounted for under the equity method.
- Stockton CoGen (II), LLC, which is a 50% general partner in Stockton CoGen Company (Stockton). The investment in Stockton CoGen Company is accounted for under the equity method.
- Orlando Power Generation I, LLC and Orlando Power Generation II, LLC, which together are a 50% general partner in Orlando CoGen Limited, L.P. The investment in Orlando CoGen Limited, L.P. is accounted for under the equity method.
- Rockfort Power-Cayman Island LLC, which has an indirect 24.1% interest in Jamaica Private Power Company Limited (Jamaica) through their wholly-owned subsidiary, Rockfort Power (Belize) LLC. The investment in Jamaica Private Power Company Limited is accounted for under the equity method.
- MEP Rumford, LLC, which is a 24.3% limited partner in Rumford Cogeneration Company Limited Partnership ("Rumford"). The investment in Rumford is accounted for under the equity method.

**UTILCO SALECO LLC**  
**(A Group of Investments Owned by Aquila, Inc.)**  
**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**  
**December 31, 2003 and 2002**  
**(In thousands)**  
**(Information for the years ended December 31, 2003 and 2002 is audited**  
**and for the period January 1, 2004 to March 12, 2004**  
**and for the six months ended June 30, 2003 is unaudited)**

- Aquila East Coast Generation, LLC, which is the holding company for a number of the companies included in SaleCo. The following are wholly-owned subsidiaries of Aquila East Coast Generation, LLC:
  - Aquila Fuels Mid-Georgia, LLC, which provides fuel services to Mid-Georgia Cogen, L.P.
  - NCP Lake Power, LLC ("NCP Lake"), which is the sole 1% general partner in Lake Cogen, Ltd. ("Lake") and a 1% general partner is Lake Investment, L.P. ("LILP"). LILP is a 48.9% limited partner in Lake. Lake owns and operates a 110-megawatt ("MW") cogeneration energy project in Lake County, Florida, which was placed into service in July 1993. The Company effectively controls Lake; therefore, the financial results of Lake are combined within the SaleCo financial statements.
  - NCP Gem, LLC is a 99% limited partner in LILP. The financial results of LILP are combined within the SaleCo financial statements.
  - NCP Houston Power, LLC ("NCP Houston") and NCP Perry, LLC together are a 1% general partner and a 49% limited partner in Mid-Georgia Cogen, L.P. The investment in Mid-Georgia Cogen, L.P. is accounted for under the equity method.
  - NCP Dade Power, LLC is a 1% general partner in Pasco Cogen Ltd. and a 1% general partner in Dade Investment, L.P. Dade Investment, L.P. is a 48.9% limited partner in Pasco Cogen Ltd. The investment in Pasco Cogen Ltd. is accounted for under the equity method.
  - NCP Pasco, LLC is a 99% limited partner in Dade Investment, L.P. The financial results of Dade Investment, L.P. are combined within the SaleCo financial statements.
  - Geddes II LLC ("Geddes II") and Geddes Cogeneration LLC ("Geddes") together are a 1% general partner and a 99% limited partner in Onondaga Cogeneration Limited Partnership ("Onondaga"). Onondaga owns and operates an 91-megawatt cogeneration project in Geddes, New York, which was placed in service in December 1993. Geddes is the general partner of Onondaga and, as such, is responsible for the general management, supervision, and administration of Onondaga's business and affairs. In July 1998, Enron Capital & Trade Resources ("Enron") waived its right to a 50% limited partnership interest in exchange for an amended and restated gas sales agreement, and is entitled to a certain percentage of Onondaga's cash distributions to its partners. As a result of the waiver, Geddes II became a 50% limited partner. In 2003, Split Rock Holdings LLC was assigned Enron's cash flow interest (note 13). The financial results of Onondaga are combined within the SaleCo financial statements.
  - Aquila Selkirk, LLC is a 13.6% limited partner is Selkirk Cogen Partners, L.P. The investment in Selkirk Cogen Partners, L.P. is accounted for under the equity method.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The combined financial statements of the Company are prepared in accordance with accounting principles generally accepted in the United States of America. These accounting principles are different in some respects from Canadian generally accepted accounting principles and the significant differences that impact the Company's financial statements are described in note 16.

The preparation of combined financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the combined financial statements, and revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company follows the accrual method of accounting.

**UTILCO SALECO LLC**  
**(A Group of Investments Owned by Aquila, Inc.)**  
**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**

**December 31, 2003 and 2002**

**(In thousands)**

**(Information for the years ended December 31, 2003 and 2002 is audited  
and for the period January 1, 2004 to March 12, 2004  
and for the six months ended June 30, 2003 is unaudited)**

**(a) *Principles of Combination***

SaleCo's combined financial statements include all of the majority-owned businesses described in note 1 for which Aquila maintains controlling interests. The Company uses equity accounting for investments in limited partnerships of 5% or greater or in which it has significant influence but does not control. SaleCo eliminates intercompany accounts and transactions.

Since SaleCo was not a legal entity at December 31, 2002, direct ownership relationships did not exist among all of the various operations reflected in the accompanying combined financial statements during the year presented. On September 15, 2003, SaleCo was registered as a Delaware limited liability company.

**(b) *Cash and Cash Equivalents***

For the purposes of the statements of cash flows, cash is defined as unrestricted cash and investments with original maturities of three months or less.

Restricted cash and investments represent deposits made for compensating balances and overhaul costs related to the Onondaga and Lake projects.

**(c) *Inventories and Supplies***

Inventories and supplies are stated at the lower of average cost or market.

**(d) *Property, Plant, and Equipment***

The Company's property, plant, and equipment are stated at cost, net of accumulated depreciation. Depreciation is provided on a straight-line basis over the estimated useful life of the related asset.

Upon retirement or disposal of assets, the cost and related accumulated depreciation are removed from the combined balance sheet and any gain or loss is reflected in the combined statements of income and comprehensive income. The Company capitalizes and depreciates overhaul and maintenance expenses when the useful life of the asset has been extended. Otherwise, these costs are expensed as incurred.

**(e) *Revenue Recognition***

The Company recognizes revenue when electricity and steam are delivered under the terms of the related contracts and as the fair value of the indexed swap changes.

The Company recognizes management fees as they are earned. Management fees earned from entities that are accounted for under the equity method are eliminated to the extent of the Company's investment percentage.

**Onondaga Project — Electricity Sales and Index Swap**

Onondaga recognizes revenue when electricity is delivered and as the fair value of the indexed swap changes.

***Power Sales Agreement and Swap***

In June 1998, Niagara Mohawk Power Corporation ("NIMO") consummated a master restructuring agreement whereby many of its independent power project ("IPP") agreements were renegotiated resulting in lump-sum payments to the IPPs and/or new contracts with NIMO. As a result of this transaction, NIMO and Onondaga amended the existing Power Purchase Agreement ("PPA") with the Power Put Agreement and an indexed swap agreement, each of which expire in 2008. In September 2000, Onondaga's ability to sell power under the Power Put Agreement with NIMO was terminated which caused Onondaga to become a merchant plant subject to prevailing market

**UTILCO SALECO LLC**  
**(A Group of Investments Owned by Aquila, Inc.)**  
**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**  
**December 31, 2003 and 2002**  
**(In thousands)**  
**(Information for the years ended December 31, 2003 and 2002 is audited**  
**and for the period January 1, 2004 to March 12, 2004**  
**and for the six months ended June 30, 2003 is unaudited)**

prices for its energy and capacity. Onondaga currently sells its electrical output to the New York Independent System Operator ("NYISO") at prevailing market prices.

The indexed swap agreement is a financial instrument under which Onondaga pays NIMO a market price and NIMO pays Onondaga a contract price for electricity, which is adjusted monthly according to an indexing formula for the remaining term of the contract. The notional amount of the swap is based on a fixed quantity of energy and capacity. The market price that Onondaga pays NIMO under the indexed swap agreement is equivalent to the market price that Onondaga would receive from either NIMO under the PPA or a third party for sales to the NYISO. The difference between the market price payment and the contract amount received is reflected within the "Index swap fair value adjustment" in the combined statements of income and comprehensive income.

The indexed swap agreement is a derivative under SFAS 133 and is recorded at fair value in the combined balance sheets. Gains or losses from changes in fair value are reported as index swap fair value adjustments in the combined statements of income and comprehensive income. The fair value of the indexed swap agreement is based on certain assumptions, including forecasts of future energy prices, inflation rates, discount rates and counterparty credit risk. For the years ended December 31, 2003 and 2002, Onondaga recorded income of \$18,000 and \$36,700, respectively, related to the fair value of the index swap.

**Lake Project — Electricity and Steam Sales**

Lake recognizes revenue when electricity and steam are delivered under various contract terms. Steam sales are presented net of a rebate that is related to the purchase of a certain amount of cogeneration services in a year.

*Power Sales Agreement*

Lake sells all of the net electrical output of the facility to Florida Power Corporation ("FPC") pursuant to a 20-year PPA that commenced in July 1993. Revenue under the power sales agreement is based on a payment for capacity, an energy payment, and an hourly performance adjustment. Capacity payments have been contracted and range from \$19.33/kW month in 2003 to \$31.32/kW month in 2013. The capacity payment is subject to the project maintaining an on-peak capacity during on-peak hours on a twelve month rolling average basis. The energy payment component of the power sales agreement is comprised of a fuel component, a variable operations and maintenance amount, and a voltage adjustment for each kWh of electricity produced. The performance adjustment is an hourly calculation based upon FPC's avoided cost of all electricity provided to the system during that hour.

*Steam Sales Agreement*

Lake provides steam to Citrus World on an as-available, as-required basis under a verbal agreement effective March 2002. Citrus World leases the former Golden Gem facility from Boeing Capital. Either party may terminate the agreement upon 30 days' written notice. Citrus World's payments are based on the net steam energy used, and Citrus World receives a discount based on the volume of net steam energy used.

**(f) Income Taxes**

In March of 2004, SaleCo and all entities accounted for as wholly-owned entities of SaleCo (note 1) were converted to limited liability corporations ("LLC"), which are nontaxable entities for income tax purposes. As each entity is subject to flowthrough taxation, each LLC's income, gains, losses, and tax credits are allocated to the owners who individually report their share of those items in their income tax returns. Accordingly, in order to reflect the ongoing expenses of the Company, no provision has been made for income taxes within these combined financial statements.

**UTILCO SALECO LLC**  
**(A Group of Investments Owned by Aquila, Inc.)**  
**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**

**December 31, 2003 and 2002**

**(In thousands)**

**(Information for the years ended December 31, 2003 and 2002 is audited  
and for the period January 1, 2004 to March 12, 2004  
and for the six months ended June 30, 2003 is unaudited)**

**(g) Financial Instruments**

In 1998, Onondaga entered into an indexed swap agreement with Niagara Mohawk Power Corporation ("NIMO") in connection with the restructuring of the Onondaga project. The indexed swap agreement is accounted for as a trading instrument and is recorded at fair value based on certain assumptions, which includes forecasting future energy prices, inflation rates, discount rates, and counterparty credit risk (see note 9).

**(h) Gas Transportation Contracts**

Onondaga has certain long-term gas transportation agreements to provide natural gas transportation service to the Onondaga project through the year 2013 and other obligations related to operating the Onondaga project. Onondaga's obligations related to operating the Onondaga project and the long-term gas transportation agreements were recognized as liabilities in purchase accounting upon the acquisition of Onondaga by Aquila, Inc. These obligations are being relieved over the remaining lives of the contracts.

All of SaleCo's other gas transportation costs are expensed as incurred.

**(i) Accounting for Derivatives**

The Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 133 ("SFAS 133"), Accounting for Derivative Investments and Hedging Activities, which establishes accounting and reporting standards requiring that every derivative instrument be recorded in the balance sheets as either an asset or liability measured at its fair value. The statement also requires that changes in the derivative's fair value be recognized currently in earnings unless specific hedge accounting criteria are met. SFAS 133, as amended, has been adopted by SaleCo effective January 1, 2001. The adoption of SFAS 133 did not have an effect on SaleCo's financial statements.

In October 2002, Emerging Issues Task Force ("EITF") Issue No. 02-3, Recognition and Reporting of Gains and Losses on Energy Trading Contracts Under Issues 98-10 and 00-17, required all energy trading contracts that do not fall within the scope of SFAS 133 no longer be marked to market through earnings, but to be accounted for on the accrual basis of accounting. The consensus was effective for all new contracts executed after October 25, 2002, and required a cumulative effect of an accounting change be recognized for all contracts executed prior to October 25, 2002. Onondaga elected early adoption of this requirement effective January 1, 2002, and ceased marking to market certain portions of Onondaga's transportation agreements that can be traded on the open market. The cumulative effect of this change has been reported as of the beginning of 2002 (see note 9).

**(j) Asset Retirement Obligations**

In August 2001, the FASB issued SFAS No. 143, Accounting for Asset Retirement Obligations. SFAS No. 143 requires the Company to record the fair value of an asset retirement obligation as a liability in the period in which a legal obligation associated with the retirement of tangible long-lived assets is incurred. When the liability was initially recorded, the Company capitalized the estimated cost by increasing the carrying amount of the related long-lived asset. The liability will be accrued to its present value each subsequent period. The capitalized cost of the asset will be depreciated over the life of the related asset. Upon satisfaction of the liability, the Company will record a gain or loss for the difference between the actual cost incurred and the recorded liability. This standard became effective on January 1, 2003.

The adoption of SFAS No. 143 required the Company's recognition of future costs to settle legal liabilities. These legal liabilities included the removal and disposal of storage tanks and generators.

**UTILCO SALECO LLC**  
**(A Group of Investments Owned by Aquila, Inc.)**  
**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**

**December 31, 2003 and 2002**

**(In thousands)**

**(Information for the years ended December 31, 2003 and 2002 is audited  
and for the period January 1, 2004 to March 12, 2004  
and for the six months ended June 30, 2003 is unaudited)**

The Company measured these liabilities based on engineering estimates of third-party costs to remove the assets in satisfaction of legal obligations, discounted by the Company's credit-adjusted risk-free borrowing rate, depending on the anticipated settlement date.

In connection with the adoption of SFAS No. 143 in January 2003, the Company recorded an asset retirement obligation of \$15 and increased property, plant, and equipment, net of accumulated depreciation, by an immaterial amount. The cumulative effect of an accounting change for the adoption of SFAS No. 143 was a loss of \$13 in 2003.

**(k) Long-Lived Assets**

Long-lived assets, such as property, plant, and equipment, and purchased intangibles subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows that is expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of would be separately presented in the combined balance sheets and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. The assets and liabilities of a disposed group classified as held for sale would be presented separately in the appropriate asset and liability sections of the combined balance sheets.

**(l) Goodwill and Other Intangible Assets**

On January 1, 2002, the Company was required to adopt SFAS No. 142, Goodwill and Other Intangible Assets ("SFAS 142"). SFAS 142 requires that goodwill no longer be amortized to expenses. Instead, goodwill must be tested for impairment at least annually and, if impaired, be written off against earnings at that time. The Company completed an initial assessment of the realizability of goodwill and determined that, as of January 1, 2002, no goodwill impairments existed. When performing the annual assessment of the realizability of goodwill on November 30, 2002, the Company concluded that the goodwill was impaired and thus recorded an impairment charge for \$5,200 in the fourth quarter of 2002.

**3. NEW ACCOUNTING STANDARDS**

In November 2002, the FASB issued FASB Interpretation No. 45 ("Fin 45"), Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others. This is an interpretation of FASB Statements No. 5, Accounting for Contingencies, No. 57, Related Party Disclosures, and No. 107, Disclosures about Fair Value of Financial Instruments, and a rescission of FASB Interpretation No. 34, Disclosures of Indirect Guarantees of Indebtedness of Others. FIN 45 elaborates on the disclosures to be made by a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. The Interpretation is being applied prospectively to guarantees issued or modified after December 31, 2002. At December 31, 2003, the Company's only guarantee relates to the lease payable (see note 11). This guarantee is not within the scope of FIN 45.

In May 2003, the FASB issued SFAS No. 149, Amendment of Statement 133 on Derivative Instruments and Hedging Activities. This statement clarified under what circumstances a contract with an initial net investment meets the characteristic of a derivative as discussed in SFAS No. 133. It also clarified when a derivative contains a financing component that warrants special reporting in the combined statements of cash flows. SFAS No. 149 also amended certain other existing pronouncements regarding derivatives. It is effective for contracts entered into or modified after June 30, 2003. The adoption of this standard had no material impact on the Company's financial position or results of operations.

**UTILCO SALECO LLC**  
**(A Group of Investments Owned by Aquila, Inc.)**  
**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**

**December 31, 2003 and 2002**

**(In thousands)**

**(Information for the years ended December 31, 2003 and 2002 is audited  
and for the period January 1, 2004 to March 12, 2004  
and for the six months ended June 30, 2003 is unaudited)**

In January 2003, the FASB issued Interpretation No. 46 (revised December 2003), ("FIN 46"), Consolidation of Variable Interest Entities, an interpretation of Accounting Research Bulletin No. 51, Consolidated Financial Statements. This Interpretation addresses the consolidation by business enterprises of variable interest entities as defined in the Interpretation. The Interpretation is to be applied in the first fiscal year or interim period beginning after December 15, 2003, to enterprises that hold a variable interest in all entities that are not special purpose entities. Adoption of FIN 46 should not have a material impact on the Company's financial position or results of operations.

**4. EQUITY METHOD INVESTMENTS IN PARTNERSHIPS**

Investments in domestic and international independent power projects that are not controlled by SaleCo, but over which it has significant influence, are accounted for using the equity method. SaleCo owns investments in nine independent power projects located in six states and Jamaica. SaleCo received distributions of approximately \$24,631 and \$27,876 in 2003 and 2002 from those investments. For the unaudited period ended March 12, 2004 SaleCo received \$723 in distributions and recorded \$6,173 in equity earnings. SaleCo's share of net income from these uncombined affiliates is reflected in the combined statements of income and comprehensive income as equity in earnings from partnerships. The table below summarizes our investments and related equity earnings for the years ended December 31, 2003 and 2002, respectively:

<u>Entity</u>	<u>Year End 2003 Equity Earnings</u>	<u>Investment in Partnerships as of December 31, 2003</u>
Concrete Hydro Partners, L.P. (g) .....	\$373	\$4,042

**and for the period January 1, 2004 to March 12, 2004**  
**and for the six months ended June 30, 2003 is unaudited)**

The Company evaluates the carrying value of its equity method investments periodically or when there are specific indications of potential impairments, such as continuing operating losses or a substantial decline in market price, if publicly traded. In assessing these investments, the Company considers the following factors, among others, relating to the investment: financial performance and near-term prospects of the company, condition and prospects of the industry, and our investment intent. For the year ended 2003, the Company recorded an impairment on its investment in Rumford of \$8,796. For the year ended 2002, the Company recorded an impairment on its investment in Rumford and Jamaica of \$4,300 and \$3,500, respectively.

The investment in excess of underlying net assets and any acquisition and transaction costs, included in the investment in partnership balances, are being amortized on a straight-line basis over the remaining lives of the partnerships' related contracts or facilities, ranging from nine to forty years. For the years ended December 31, 2003 and 2002, amortization expense amounted to approximately \$9,600 and \$10,000, respectively, included in depreciation and amortization expense on the combined statements of income and comprehensive income. For the unaudited period ended March 12, 2004, amortization expense amounted to approximately \$2,410, included in depreciation and amortization expense.

The following are the summarized financial results of the entities accounted for under the equity method by SaleCo.

**(a) Investment in Badger Power Associates, L.P.**

Badger Power Associates, L.P. ("Badger Power") is a 50% general partner in Badger Creek Limited, L.P. (QF), which owns a gas-fueled generation facility in Bakersfield, California placed in service April 1991 with a gross capacity of 50 MW. The following is summarized financial information (in thousands) of Badger Creek Limited, L.P. as of December 31, 2003 and 2002 and the years then ended, of which SaleCo has a 48.75% effective interest.

**(g) Investments in Other Partnerships**

Following is a description of other uncombined equity investments of the Company. These investments consist of Stockton; Concrete; and Jamaica.

Stockton (QF) is a 50%-owned, coal-fueled generation facility in Stockton, California placed in service March 1988 with a gross capacity of 60 MW. The financial information in the table below includes the results of Stockton as of September 30, 2003 and 2002 and for the years then ended.

Concrete is a 1% general partner and a 49% limited partner in Koma (QF). Koma owns a hydroelectric generation facility in Mount Baker, Washington that was placed in service in October 1990 with a gross capacity of 14 MW. As a result of this ownership structure, SaleCo has a 49.75% effective ownership in Koma. The financial information in the table below includes the results of Concrete as of December 31, 2003 and 2002 and for the years then ended.

Jamaica is a 24.1%-owned, diesel-fueled generation facility in Rockfort, Jamaica placed in service January 1998 with a gross capacity of 58 MW. The financial information in the table below includes the results of Jamaica as of December 31, 2003 and 2002 and for the years then ended.

The combined summarized financial information (in thousands) for these investments is shown in the table below.

**5. RELATED-PARTY TRANSACTIONS**

**(a) Management Fees**

NCP Houston, accounted for as a wholly-owned subsidiary of SaleCo, manages Mid-Georgia Cogen, L.P. ("MGC"), an uncombined affiliate, for which it receives an annual general partner fee of \$50. The general partner fee is payable quarterly and is escalated each year by the change in the U.S. Gross Domestic Product Implicit Price Deflator ("GDPIPD"). For the years ended December 31, 2003 and 2002, NCP Houston earned approximately \$56 and \$55 in general partner fees. NCP Houston's general partner fees from MGC, net of eliminations, were \$28 and \$28 for the years ended December 31, 2003 and 2002 and are recorded as management fee revenue on the combined statements of income and comprehensive income.

For the years ended December 31, 2003 and 2002, NCP Dade Power, LLC ("NCP Dade"), accounted for as a wholly-owned subsidiary of SaleCo, received a fixed annual fee from Pasco Cogen Ltd. ("Pasco"), an uncombined affiliate, for administrative and operating management functions totaling approximately \$211 and \$208, respectively. NCP Dade's fees from Pasco, net of eliminations, were \$105 and \$104, respectively, for the years ended December 31, 2003 and 2002 and are recorded as management fee revenue on the combined statements of income and comprehensive income.

**(b) Operation and Maintenance Fees**

MGC has an operation and maintenance ("O&M") agreement with Aquila Services, Inc. ("ASI"), a wholly-owned subsidiary of Aquila. MGC pays an annual O&M fee of \$500 and an operator incentive fee for exceeding specified operational levels. Each of these fees is payable quarterly and is escalated annually by the change in the U.S. GDPIPD. For the years ended December 31, 2003 and 2002, MGC expensed approximately \$538 and \$536 for the O&M fee. No operator incentive fees were earned in 2003 or 2002.

Pasco has hired ASI to be the contractual operator of the Pasco facility. As such, ASI is entitled to receive reimbursement for expenses incurred on Pasco's behalf, as well as an O&M fee. For the years ended December 31, 2003 and 2002, Pasco expensed approximately \$568 and \$551 for these O&M fees.

Onondaga receives O&M services from ASI. Under the O&M agreement, ASI is entitled to a management fee based upon 3.5% of gross revenues. For the years ended December 31, 2003 and 2002, Onondaga incurred expenses related to this contract of approximately \$1,800 and \$1,500, respectively, which are reflected within management fee expense on the combined statements of income and comprehensive income.

**(c) Fuel Supply Agreement**

MGC has entered into a fuel supply and management agreement with Aquila Fuels Mid-Georgia, LLC ("Aquila Fuels"), accounted for as a wholly-owned subsidiary of SaleCo. For the years ended December 31, 2003 and 2002, Aquila Fuels earned gas supply and management fees of

**(In thousands)**

**(Information for the years ended December 31, 2003 and 2002 is audited  
and for the period January 1, 2004 to March 12, 2004  
and for the six months ended June 30, 2003 is unaudited)**

approximately \$158 and \$204, respectively. Gas supply and management fees, net of eliminations, were \$79 and \$102, for the years ended December 31, 2003 and 2002 and are included within management fee revenue on the combined statements of income and comprehensive income.

Onondaga utilizes Aquila Merchant Services, Inc. ("AMS"), a wholly-owned subsidiary of Aquila, to purchase all of Onondaga's gas needs. AMS is responsible for scheduling and transporting gas to the plant and remarkets all excess gas purchases for a fee. For the years ended December 31, 2003 and 2002, Onondaga purchased approximately \$4,900 and \$4,700 of gas (including remarketing fees) from AMS. As of December 31, 2003 and 2002, Onondaga had \$0 and \$780 due to AMS under this agreement.

**6. RESTRICTED CASH**

Restricted cash at SaleCo comprised primarily cash and cash equivalents held in trust in accordance with the escrow agreement relating to the lease of the Lake facility. Under the terms of the escrow agreement, all transactions require the approval of the lessor, General Electric Capital Corporation ("GECC").

In addition, SaleCo has compensating cash deposits used to collateralize a \$2,000 letter of credit with Enron, Onondaga's former gas supplier, and a \$550 letter of credit issued in favor of NIMO, for a total of approximately \$600 and \$2,600 at December 31, 2003 and 2002, respectively. This amount has been classified as restricted cash in the accompanying combined balance sheets. In 2003, the letter of credit with Enron was terminated when the gas supply agreement was terminated by the bankruptcy court through Enron's Chapter 11 bankruptcy filing. As a result, Onondaga received its cash deposits and related interest from the Enron trustee and reclassified amounts to unrestricted cash in 2003 (note 13).

The balances in SaleCo's restricted accounts as of December 31 consisted of the following:

	2003	2002
	(in thousands)	
Collection account.....	\$80	\$216
Operating account.....	14	149
Turbine repair account.....	1,244	241
Accrual account.....	2,267	1,396
Lease reserve account.....	2,638	3,551
Working capital fund.....	—	2,100
Collateral for letter of credit.....	7,930	2,560
Restricted cash.....	<u>\$14,173</u>	<u>\$10,213</u>

**7. PROPERTY, PLANT, AND EQUIPMENT**

Property, plant, and equipment as of December 31 comprised the following:

	2003	2002
	(in thousands)	
Land and land improvements.....	\$901	\$901
Office equipment.....	45	45
Plant in service.....	2,513	2,426
Machinery and equipment.....	109	63
Leasehold improvements.....	2,350	2,224
Asset retirement.....	3	—
Property, plant and equipment, gross.....	<u>5,921</u>	<u>5,659</u>
Less accumulated depreciation.....	<u>(757)</u>	<u>(260)</u>
Property, plant and equipment, net.....	<u>\$5,164</u>	<u>\$5,399</u>

**UTILCO SALECO LLC**  
**(A Group of Investments Owned by Aquila, Inc.)**  
**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**  
**December 31, 2003 and 2002**  
**(In thousands)**  
**(Information for the years ended December 31, 2003 and 2002 is audited**  
**and for the period January 1, 2004 to March 12, 2004**  
**and for the six months ended June 30, 2003 is unaudited)**

In September 2000, Onondaga's right to sell power under a power put agreement with NIMO was terminated. As a result, Onondaga became a merchant plant subject to prevailing market prices for its energy and capacity. When Aquila acquired Onondaga in December 2000, no value was assigned to the plant due to the termination of the power put agreement. During 2001 and 2002, Onondaga made certain cycling modifications to the facility, which included, in part, the installation of an auxiliary boiler and the automation of certain manual valve controls. As of December 31, 2003, Onondaga has capitalized approximately \$2,100 of costs related to the cycling modifications, which are being depreciated over a useful life of 15 years.

During 2002, Lake capitalized \$2,600 of costs related to the purchase of two distiller units and turbine parts, as well as upgrades to its distribution control system. The distiller units are being depreciated over their useful life of 15 years. The system upgrades and turbine parts are being depreciated over the original remaining life of the facility lease (note 11). Lake's computer equipment is being depreciated on a straight-line basis over its estimated useful life of three years.

For the years ended December 31, 2003 and 2002, the Company's depreciation expense amounted to approximately \$496 and \$230, respectively. For the unaudited period ended March 12, 2004, depreciation expense was \$116.

**8. DISCLOSURES ABOUT FAIR VALUE OF FINANCIAL INSTRUMENTS**

The following methods and assumptions were used to estimate the fair value of each class of financial instrument.

**(a) Restricted Cash, Accounts Receivable, and Accounts Payable**

The carrying amount of each of these items approximates fair value because of the short-term maturity of the instruments.

**(b) Indexed Swap Agreement**

As of December 31, 2003 and 2002, Onondaga's indexed swap agreement is recorded at fair value based on estimated future cash flows taking into account certain assumptions, including forecasts of future energy prices, inflation rates, discount rates, and credit risk. Energy prices can be volatile and other assumptions can change from period to period. These factors can create significant fluctuations in the estimated fair value of this agreement.

Changes related to the index swap agreement are summarized below:

Fair value as of December 31, 2002 .....	\$123,861
Increase in fair value during the period .....	17,961
Settlements .....	(26,473)
Fair value as of December 31, 2003 .....	<u>115,349</u>
Decrease in fair value during the unaudited period ended March 12, 2004 .....	(15,422)
Settlements .....	(6,614)
Fair value as of March 12, 2004 .....	<u>\$93,313</u>

**UTILCO SALECO LLC**

**(Information for the years ended December 31, 2003 and 2002 is audited**  
**and for the period January 1, 2004 to March 12, 2004**  
**and for the six months ended June 30, 2003 is unaudited)**

**9. ONONDAGA CONTRACTUAL AGREEMENTS**

**(a) Onondaga Power Sales Agreements**

In June 1998, NIMO consummated a master restructuring agreement whereby many of its IPP agreements were renegotiated resulting in lump-sum payments to the IPPs and/or new contracts with NIMO. As a result of this transaction, NIMO and Onondaga amended the existing PPA with the Power Put Agreement and an indexed swap agreement, each of which expire in 2008. In September 2000, Onondaga's ability to sell power under the Power Put Agreement with NIMO was terminated, which caused Onondaga to become a merchant plant subject to prevailing market prices for its energy and capacity. Onondaga currently sells its electrical output to the NYISO at prevailing market prices.

The indexed swap agreement is a financial instrument under which Onondaga pays NIMO a market price and NIMO pays Onondaga a contract price for electricity, which is adjusted monthly according to an indexing formula for the remaining term of the contract. The notional amount of the swap is based on a fixed quantity of energy and capacity. The market price that Onondaga pays NIMO under the indexed swap agreement is equivalent to the market price that Onondaga would receive from either NIMO under the PPA or a third party for sales to the NYISO. The difference between the market price payment and the contract amount received is reflected within index swap fair value adjustment in the combined statements of income and comprehensive income.

The indexed swap agreement is a derivative under SFAS 133 and is recorded at fair value in the combined balance sheets. Gains or losses from changes in fair value are reported as index swap fair value adjustments in the combined statements of income and comprehensive income. The fair value of the indexed swap agreement is based on certain assumptions, including forecasts of future energy prices, inflation rates, discount rates, and counterparty credit risk. For December 31, 2003 and 2002, Onondaga recorded income of \$18,000 and \$36,700, respectively, related to the fair value of the index swap. For the unaudited period ended March 12, 2004, Onondaga recorded a loss of \$15,422, related to the fair value of the index swap.

**(b) Onondaga Gas Supply Agreements**

In 2002, Onondaga had a long-term gas supply agreement with Enron to provide natural gas. The contract provided for a fixed monthly demand charge, in addition to variable commodity charges based on the quantity of gas purchased and prevailing market prices. Onondaga has not used this agreement for fuel supply and has not paid the monthly demand charge since Enron's bankruptcy filing in December 2001. In 2003, the bankruptcy court terminated the long-term gas supply agreement.

Fuel supply and fuel management services for Onondaga are currently provided by Aquila at prevailing market prices for the years ended December 31, 2003 and 2002, respectively, (see note 5).

**(c) Onondaga Transportation Agreements**

Onondaga has entered into three long-term gas transportation agreements to provide natural gas transportation service to the plant site. The contracts all provide for fixed monthly demand charges, in addition to variable commodity charges based on the quantity of gas transported.

One of the transportation agreements represents a transportation leg that was an energy trading contract under EITF No. 98-10, Accounting for Contracts Involved in Energy Trading and Risk Management Activities. As a result in 2001, this contract was marked to fair value. Effective January 1, 2002, Onondaga adopted EITF No. 02-03, which required the partnership to account for

**UTILCO SALECO LLC**

**(In thousands)**

**(Information for the years ended December 31, 2003 and 2002 is audited  
and for the period January 1, 2004 to March 12, 2004  
and for the six months ended June 30, 2003 is unaudited)**

the transportation agreement using the accrual basis of accounting. The cumulative effect of this accounting change was reported in the 2002 combined statements of income and comprehensive income as a loss of \$7,800.

The accrued loss on the two remaining gas transportation contracts are in geographical areas that do not have a market demand. The liability under these contracts will be relieved over the remaining lives of the contracts. For the years ended December 31, 2003 and 2002, \$3,500 of amortization of accrued loss on commitments was recognized as a reduction to operating expenses. For the unaudited period ended March 12, 2004 \$1,607 of amortization of accrued loss on commitments was recognized as a reduction to operating expenses.

**10. LAKE CONTRACTUAL AGREEMENTS**

**(a) Lake Power and Steam Sales Agreements**

Lake sells all of the net electrical output of the facility to FPC pursuant to a 20-year PPA that commenced in July 1993. Lake is required to have in place a letter of credit for benefit of FPC as security against damages to FPC should the facility not perform its obligations under the PPA. This \$6,000 letter of credit has been provided by GECC, and carries a fixed rate fee of 1.75% on the amount available to draw upon pursuant to the PPA. Fees on this letter of credit amounted to approximately \$61 and \$60 for the years ended December 31, 2003 and 2002, and are included as operating expenses in the combined statements of income and comprehensive income. There was no outstanding balance on this letter of credit as of December 31, 2003 and 2002.

In 2001, Lake provided steam to Golden Gem Growers, Inc. ("Golden Gem") for use in Golden Gem's citrus/food processing, concentrate packaging, and cold storage warehouse facilities pursuant to a 20-year cogeneration services agreement that commenced in July 1993. The cogeneration services agreement had two five-year term renewal options under the same terms and conditions as the original 20-year term. In September 2001, Golden Gem filed for bankruptcy protection and rejected the cogeneration services agreement. As a result, Lake filed a claim against Golden Gem in 2002 for damages incurred (note 13).

For 2002, Lake provided steam to Citrus World on an as-available, as-required basis under a verbal agreement effective March 2002. Citrus World leases the former Golden Gem facility from Boeing Capital. Either party may terminate the agreement upon 30 days' written notice. Citrus World's payments are based on the net steam energy used, and Citrus World receives a discount based on the volume of net steam energy used.

**(b) Lake Gas Supply and Transportation Agreements**

All of the natural gas requirements for Lake are provided by Duke Energy Trading and Marketing, LLC ("Duke Energy") and Teco Gas Services ("Teco"), (formerly, Gator Gas Marketing, Inc.).

Duke Energy provides Lake with up to 20,472 MMBtu's of natural gas per day pursuant to a 16-year gas purchase agreement commencing in July 1993. Under certain circumstances, the agreement may be extended for an additional four years. The base purchase price under the agreement is \$2.38 per MMBtu. This price is adjusted monthly based on FPC's coal and variable O&M costs and capacity rates under the PPA between Lake and FPC.

Teco provides Lake with up to 4,000 MMBtu's of natural gas per day pursuant to a 16-year natural gas sales agreement. Natural gas from Teco is purchased at the spot market price. In addition, Lake has agreed to pay Teco a commission of \$0.10 per MMBtu for gas delivered to the facility by Duke Energy under the Duke Energy agreement.

**UTILCO SALECO LLC**  
**(A Group of Investments Owned by Aquila, Inc.)**  
**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**

**December 31, 2003 and 2002**

**(In thousands)**

**(Information for the years ended December 31, 2003 and 2002 is audited  
and for the period January 1, 2004 to March 12, 2004  
and for the six months ended June 30, 2003 is unaudited)**

Natural gas is delivered by Duke Energy to certain designated receipt points on the pipeline transmission system owned by Florida Gas Transmission Company ("FGT") and transported to FGT's pipeline system utilizing firm transportation held by Peoples Gas System, Inc. ("PGS"). The gas transportation agreement between FGT and PGS has been renewed such that the expiration date is consistent with the July 2013 expiration date of the PPA.

**(c) *Lake Operations and Maintenance Agreement***

Effective December 31, 2002, ASI, an indirect wholly-owned subsidiary of Aquila, Inc., assumed the operations and maintenance of the facility. Under the agreement, ASI is reimbursed for its costs and expenses and is paid an annual operator fee of \$400, with an escalation provision based on changes in the Consumer Price Index, and a handling fee of \$40. For the years ended December 31, 2003 and 2002, operator fees of \$440 and \$0, respectively, were recorded in operations and maintenance expense for such services.

Prior to December 31, 2002, an unaffiliated company, General Electric Contractual Services ("GECS"), operated and maintained the facility for the partnership pursuant to an amended cogeneration facility operation and maintenance ("O&M") agreement. GECS was reimbursed for its costs and expenses and was paid an annual management fee of \$300, escalated by the changes in the Consumer Price Index. For the year ended December 31, 2002, \$385 of fees was included in operations and maintenance expense.

**11. LEASES**

In August 1993 (the "Commencement Date"), Lake sold its facility to GECC, which leased the facility back to Lake with an initial term of 11 years (the "facility lease"). Substantially all of the facility contracts (that is, PPAs, site lease, operation and maintenance agreements, and the gas sales agreement) were assigned, transferred, or sold to GECC upon the sale of the facility. Proceeds from the sale were used to retire the construction financing for the facility and to set up a working capital account. At the end of the initial 11-year lease term, Lake has the option to extend the facility lease an additional five years under the same terms and conditions as in the initial facility lease term. Lake has the option at the end of the first 16 years to renew the facility lease for a term no less than one year and no more than five years at quarterly rents equal to 65% of the average quarterly rent payments paid during the first 16 years of the facility lease. Subsequent renewals are allowable for periods not less than one year and no more than five years at the mutually agreed-upon fair market rental value. Lake has a purchase option exercisable at any time after the 16-year term for a purchase price equal to the fair market sales value of the facility as of the date of purchase.

The facility lease has been classified as an operating lease and has scheduled rent increases. Lake originally recorded rent expense on a straight-line basis over the term of the lease. Prior to 2003, the facility lease term was defined as 11 years, as it was management's intent to exit the lease after the 11-year term and pay the \$7,000 early termination penalty. As such, the \$7,000 early termination fee was being accrued for over the life of the lease. In 2003, changes to the Lake and its parent's operating environments prompted Lake's management to change its original exit strategy and renewed the facility lease for an additional five-year term. As a result, rent expense has been recorded on a straight-line basis over the remaining term of the 16-year lease period and amounted to \$13,998 and \$12,505 for the years ended December 31, 2003 and 2002, respectively. The termination penalty accrual is being reversed as a reduction to rent expense on a straight-line basis over the remaining term of the 16-year lease period.

In 2003, GPU notified Aquila it would not be renewing the \$7,000 guarantee of Lake's lease payments to GECC. As a result, Aquila terminated its assumption agreement with GPU, and replaced GPU's guarantee with a \$7,400 letter of credit in favor of GECC in September 2003 (see note 15).

**UTILCO SALECO LLC**  
**(A Group of Investments Owned by Aquila, Inc.)**  
**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**  
**December 31, 2003 and 2002**  
**(In thousands)**  
**(Information for the years ended December 31, 2003 and 2002 is audited**  
**and for the period January 1, 2004 to March 12, 2004**  
**and for the six months ended June 30, 2003 is unaudited)**

In addition to the facility lease, Lake entered into a 20-year site lease ("Site Lease") on which the facility is located, which commenced in July 1993 and contains scheduled rent increases. The Site Lease with Golden Gem ("Gem") has two five-year renewal options under the same terms and conditions as the original 20-year term. Lake records rent expense on a straight-line basis over the initial 11-year term of the facility lease. Upon exiting the facility lease at the end of the lease, the facility lessor GECC will assume all obligations under the site lease. The difference between the amount expensed and the amount currently payable under the provisions of the lease has been included in the combined balance sheets as deferred lease payable. For the years ended December 31, 2003 and 2002, Lake recorded rent expense, including property taxes, of \$360 and \$379, respectively, relating to the Site Lease.

Pursuant to an asset purchase agreement dated January 21, 2004, Aquila Lake Land agreed to acquire the Site, the Site Lease, and certain easements and rights from Gem with financing provided by Boeing Capital Corporation ("BCC"). BCC has been named a secured lender to Gem in the course of Gem's bankruptcy proceedings. Upon closing of the asset purchase agreement, Aquila Lake Land will take ownership of the site and lease it to Lake under substantially the same terms and conditions as stated above. Any rental and other obligations that have accrued from Gem's bankruptcy filing to the date of the asset purchase closing and are owed by Lake under the Site Lease will be released. Lake has guaranteed Aquila Lake Land's obligations to BCC under the BCC financing. In addition, in the event of default, the Owner Trustee (the Bank of New York) and the Owner Participant (TIFD III-C Inc.) have the option to purchase Aquila Lake Land's right, title, and interest in the site and certain easements for a nominal amount plus the assumption of the mortgage note.

Future minimum rentals on Lake's facility and site leases, including the renewal of the facility lease in 2003, as noted above, as of December 31, 2003 are as follows:

2004 .....	\$16,241
2005 .....	16,907
2006 .....	18,687
2007 .....	19,489
2008 .....	20,368
Thereafter.....	18,450
Total.....	<u>\$110,142</u>

**12. INVESTMENT IN LEVERAGED LEASE**

In 1987, the Company entered into a sale and leaseback transaction under which a hydroelectric generating facility was sold to the Company and leased back to Topsham Hydro Partners Limited Partnership for an initial lease term of 16 years. The Company holds 50% of the lessor interest. The Company's equity investment represented approximately 32% of the purchase price; the remaining 68% was furnished by a third party in the form of long-term, nonrecourse debt. This debt is secured by a first lien on the property and by a pledging of all major contracts of the lessee partnership. At the end of the initial lease term the lessee had the option to purchase the facility for the lessor of fair market value or 59% of the original cost. The residual value used in recording the lease was 50% of fair market value at inception of the lease.

In 1996, the lessee executed an amendment to the power purchase agreement, which extended the term by eight years and adjusted the rates thereunder. The parties to the leveraged lease also restructured the financing as a result of this amendment.

For Federal income tax purposes, the Company received the investment tax credit for this lease, and received the benefit of tax deductions for accelerated depreciation on the portion of the leased assets attributable to its lessor interests. In addition, the Company received the deductions for interest on the long-

**UTILCO SALECO LLC**

**(Information for the years ended December 31, 2003 and 2002 is audited  
and for the period January 1, 2004 to March 12, 2004  
and for the six months ended June 30, 2003 is unaudited)**

term debt. During the earlier years of the lease those deductions exceed the lease rental income and, as a result, excess deductions are available to offset other taxable income of the Company's owners. In later years, the rental income will exceed the deductions. The Company's owners will pay these taxes and receive the tax benefits; therefore, taxes have not been reflected in these combined financial statements. For the unaudited period ended March 12, 2004 the Company recorded \$127 in earnings.

SaleCo's net investment in the remaining leveraged lease comprised the following elements at December 31, 2003 and 2002:

	<b>2003</b>	<b>2002</b>
	(in thousands)	
Rents receivable (net of principal and interest on the nonrecourse debt).....	\$6,112	\$6,361
Estimated residual value of the leased assets.....	14,996	14,996
Less unearned and deferred income.....	(11,663)	(12,318)
Investment in leveraged lease.....	<u>\$9,445</u>	<u>\$9,039</u>

**13. COMMITMENTS AND CONTINGENCIES**

**(a) Onondaga Letter of Credit**

On December 15, 2002, a \$550 letter of credit was reissued in favor of NIMO to collateralize certain obligations of Onondaga under its gas transportation agreement with NIMO (which terminates on June 30, 2008). The letter of credit was scheduled to expire on December 14, 2003, and has been collateralized with a \$550 compensating cash account. Upon expiration, Onondaga is required by the gas transportation agreement to replace this letter of credit annually during the remaining term of the agreement.

On July 17, 2002, a \$2,000 letter of credit was reissued in favor of Enron, Onondaga's gas supplier. The letter of credit was issued to collateralize certain obligations of Onondaga under its 10-year gas purchase agreement (which terminates on June 30, 2008) with Enron. The letter of credit was collateralized with a \$2,000 compensating cash account. In 2003, the letter of credit was terminated when the gas supply agreement was terminated by the bankruptcy courts through Enron's Chapter 11 bankruptcy filing. As a result, Onondaga received its \$2,000 cash deposits and related interest from the trustee and reclassified amounts as unrestricted cash.

The compensating cash deposits made by Onondaga totalled, approximately \$600 and \$2,600 in 2003 and 2002, respectively, and are classified as restricted cash on the combined balance sheets.

**(b) Cash Flow Interest Agreement**

In July 1998, Enron waived its right to a 50% limited partnership interest in Onondaga in exchange for an amended and restated gas sales agreement and was entitled to a certain percentage of Onondaga's cash distributions to its partners. In 2003, Split Rock Holdings, LLC, ("Split Rock") a wholly-owned subsidiary of Arclight Energy Partners Fund I, LP ("Arclight") was assigned Enron's cash flow interest as part of Enron's bankruptcy filing. For the years ended December 31, 2003 and 2002, Onondaga recorded \$2,000 and \$2,100, respectively, of expense related to this cash flow interest, which is included as other expense on the combined statements of income and comprehensive income. Onondaga made approximately \$0 and \$857 of distributions to Split Rock and Enron in 2003 and 2002, respectively. For the unaudited period ended March 12, 2004, Onondaga recorded \$981, included in interest and other expense and paid \$3,250 to Split Rock.

**UTILCO SALECO LLC**  
**(A Group of Investments Owned by Aquila, Inc.)**  
**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**

**December 31, 2003 and 2002**

**(In thousands)**

**(Information for the years ended December 31, 2003 and 2002 is audited  
and for the period January 1, 2004 to March 12, 2004  
and for the six months ended June 30, 2003 is unaudited)**

**(c) *Tellus Agreement***

Geddes acquired a 50% ownership in Onondaga from Tellus Cogeneration Limited Partnership 1986 and Tellus Cogeneration Limited Partnership 1987 (together referred to as "Tellus") in April 1989 (the "Acquisition Agreement"). The Acquisition Agreement was restated in 1992 ("Restated Agreement") in exchange for Tellus's waiver of its rights under the original Acquisition Agreement. Pursuant to the Restated Agreement, Tellus is entitled to a percentage of Onondaga's cash distributions once Geddes achieves a specified target return on its aggregate capital contribution to Onondaga. On December 1, 2003, the Company agreed to purchase the Tellus interest in the Restated Agreement for approximately \$7,700, which is included in other current liabilities. For the years ended December 31, 2003 and 2002, Geddes recorded approximately \$5,780 and \$800 of expense related to their obligation to Tellus, which is included in other expense on the combined statements of income and comprehensive income. Geddes made \$0 and \$281 of distributions to Tellus in 2003 and 2002, respectively. In the unaudited period ended March 12, 2004, the Company purchased the Tellus interest for approximately \$7,700.

**(d) *Lake Payment Dispute***

Through September 2001, FPC had been paying Lake amounts for energy that were generally less than the formula price under the PPA. As a result of the lower FPC payments, Lake had been recognizing lower gas costs under its gas purchase agreement with Duke Energy ("Duke"). Lake had entered into an agreement with Duke whereby Duke had agreed not to pursue legal action against Lake for the lower payments pending the issuance of a final order in the Lake/FPC litigation proceeding.

On February 11, 2001, FPC filed a motion for rehearing, which was ruled upon by the Florida Court of Appeals in favor of Lake. Lake and FPC agreed to a stipulated amount of damages that has been paid by FPC. In October 2001, Lake remitted approximately \$12,700 to Duke as its share of the FPC settlement under the gas purchase agreement. During 2002, Duke notified Lake that it disagreed with Lake's determination of the amount owed and remitted to them.

Pursuant to a letter dated February 20, 2003, Duke and Lake settled all matters related to the payment dispute. As part of the settlement, Lake was required to remit approximately \$2,100 to Duke on or before March 5, 2003. The remaining settlement amount of approximately \$1,200 will be paid in 35 monthly instalments beginning April 5, 2003. Should Lake fail to remit any portion of the settlement amount, Duke is entitled to accelerate the remaining balance due and demand the remaining balance be paid immediately. The difference between the amount paid to Lake by FPC for damages and the settlement Lake paid to Duke has been recorded as electricity revenues on the combined statements of income and comprehensive income as of December 31, 2002.

**(e) *Bankruptcy of Lake's Thermal Host***

In January 2002, Lake filed its Proof of Claim against Gem's estate. The claim consisted of receivables secured by liens and priority claims, and unsecured, unpaid, pre-petition steam sales and estimated damages resulting from the potential loss of qualified facility status. In October 2003, a memorandum of understanding was signed, whereby Gem and Lake agreed to settle their respective claims against each other and, in connection therewith, Lake or an entity related to Lake, agreed to purchase the land leased under the site lease for approximately \$1,000 (see note 11). Pursuant to the Final Settlement Agreement that was approved by the bankruptcy court, all claims and appeals by Gem and Lake were withdrawn or waived and Lake agreed to adjust its unsecured claims in Gem's bankruptcy case to approximately \$1,500.

and for the six months ended June 30, 2003 is unaudited)**

**(f) FERC Waiver**

On August 6, 2002, Lake filed for a temporary waiver with the FERC of its Operating and Efficiency Standards for calendar year 2002 due to the bankruptcy of its steam host. FERC granted the limited waiver of Operating and Efficiency Standards for calendar year 2002 on November 1, 2002. For the period ended December 31, 2003, Lake has maintained adequate FERC Operating and Efficiency Standards.

**(g) Lake's Property Tax Settlement**

On March 16, 2004, Lake received \$2,573, included in interest and other income from the Lake County Tax Collector for a refund for property taxes for the years 1999 through 2002.

**14. DEFERRED BONUS PAYABLE**

Lake agreed to pay the facility's construction contractor certain performance bonuses. Deferred bonus payable, including accrued interest, amounted to \$2,400 and \$5,858, respectively, as of December 31, 2003 and 2002. All unpaid bonuses earn interest at the prime rate, which was 4.00% and 4.25%, respectively, as of December 31, 2003 and 2002. The interest expense incurred during 2003 and 2002 was approximately \$138 and \$167, respectively. On May 6, 2004, Lake entered into a \$2,400 settlement agreement with the facility's construction contractor, which resulted in a gain of \$3,597, included in interest and other income.

**15. SUBSEQUENT EVENTS**

On November 12, 2003, affiliates of Arlight Capital Partners, LLC entered into a definitive purchase and sale agreement, pursuant to which TPF, a wholly-owned subsidiary of Teton Power Holdings, LLC ("TPH"), agreed to acquire all of the membership interests of SaleCo from Aquila. The transaction closed on March 12, 2004 with TPH and its affiliates assuming roles associated with the aforementioned companies with the exception of operation and maintenance for Pasco which was transitioned in April 2004. As part of the sale, TPF was also required to replace a letter of credit in favor of GECC which occurred on March 11, 2004.

**16. CANADIAN GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (CANADIAN GAAP)**

**Canadian generally accepted accounting principles (Canadian GAAP)**

These combined financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP), which in most respects conform to Canadian GAAP. Significant differences between Canadian and US GAAP are as follows:

**Net income and comprehensive income**

	<b>January 1 to March 12, 2004</b>	<b>Six months ended June 30, 2003</b>	<b>2003</b>	<b>2002</b>
	Unaudited	Unaudited		
Comprehensive income (loss) — US GAAP	\$(11,274)	\$41,684	\$40,166	\$66,583
Proportionate share of unrealized net gain from cash flow hedges included in equity method investees'				
other comprehensive income..... (a)	(2,009)	(2,500)	(5,040)	(4,609)
Cumulative effect of change in accounting principle ..... (b)	—	—	13	7,763
Net income (loss) — Canadian GAAP .....	<u>(13,283)</u>	<u>39,183</u>	<u>35,139</u>	<u>69,737</u>

**UTILCO SALECO LLC**  
**(A Group of Investments Owned by Aquila, Inc.)**  
**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**  
**December 31, 2003 and 2002**  
**(In thousands)**  
**(Information for the years ended December 31, 2003 and 2002 is audited**  
**and for the period January 1, 2004 to March 12, 2004**  
**and for the six months ended June 30, 2003 is unaudited)**

**Balance sheet items**

	December 31,			
	2003	2002		
	US GAAP	Canadian GAAP	US GAAP	Canadian GAAP
Investments in partnerships	\$232,262	\$234,409	\$231,442	\$238,625
Accumulated other comprehensive income (loss)	(2,143)	—	(7,183)	—

- (a) Under US GAAP, other comprehensive income, investments in partnerships and accumulated other comprehensive income, included in equity method investment investees' financial statements arise as a result of changes in fair value of certain derivative financial instruments that qualify as cash flow hedges, for the portion of change in the fair value of the hedge that is effective.

Under Canadian GAAP, the Company applies settlement accounting to derivative financial instruments. Under this method, the gains and losses on derivative financial instruments that qualify for hedge accounting are not recorded until they are realized. The notional amounts are not recorded in the financial statements as they do not represent amounts exchanged by the counterparties.

- (b) Under US GAAP, the cumulative effect of change in accounting principles described in notes 2j and 9c has been charged to income with no restatement of prior periods. Under Canadian GAAP the cumulative effect of change in accounting principles is applied retroactively with restatement of prior periods. The impact of the cumulative effect of change in accounting principle in 2003 is not material.

## TETON POWER FUNDING, LLC

### NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

For the period March 13, 2004 through June 30, 2004  
(In thousands)

#### 1. ORGANIZATION AND BUSINESS

On March 12, 2004 Teton Power Funding, LLC ("Teton Funding" or the "Company"), a wholly-owned subsidiary of Teton Power Holdings, LLC ("TPH") purchased UtilCo SaleCo, LLC ("SaleCo"), a group of investments previously owned by Aquila, Inc. ("Aquila") (see note 2).

The Company owns interests in a number of "qualifying facilities" ("QFs") and "exempt wholesale generators" ("EWGs"), which have long-term contracts to sell power. QFs are small power producers or cogenerators (power producers that produce steam as a byproduct of the electricity generating process for use in a second industrial process) that meet certain operating, efficiency, and fuel-use standards set forth by the Federal Energy Regulatory Commission ("FERC"). Electric utilities are required to purchase generating capacity and electric energy from QFs at a price approved by state regulatory bodies. EWGs are independent power projects that are exempt from the *Public Utility Holding Company Act* ("PUHCA"), but must obtain FERC approval for wholesale rates. The Company's EWGs have been granted market-based rate authority.

The Company is comprised of the following entities, which are accounted for as wholly-owned entities:

- Baker Lake Hydro, LLC and Olympia Hydro, LLC, which together are 99% limited partners and 0.5% general partners in Concrete Hydro Partners, L.P. ("Concrete"). Concrete is a 1% general partner and a 49% limited partner in Koma Kulshan Associates ("Koma"), which Concrete accounts for under the equity method. The investment in Concrete is accounted for under the equity method.
- Topsham Hydroelectric Generating Facility Trust No. 2 (the "Trust"), which owns an undivided interest in Topsham Hydro Assets. The assets owned by the Trust are accounted for as a leveraged lease (see note 12).
- Badger Power Generation I, LLC and Badger Power Generation II, LLC, which together are 97% limited partners and 0.5% general partners in Badger Power Associates, L.P. Badger Power Associates, L.P. is a 50% general partner in Badger Creek Limited, L.P. ("Badger Power") The investment in Badger Power Associates L.P. is accounted for under the equity method.
- Stockton CoGen (II), LLC, which is a 50% general partner in Stockton CoGen Company ("Stockton"). The investment in Stockton is accounted for under the equity method.
- Orlando Power Generation I, LLC and Orlando Power Generation II, LLC, which together are a 50% general partner in Orlando CoGen Limited, L.P. ("Orlando"). The investment in Orlando is accounted for under the equity method.
- Rockfort Power-Cayman Island LLC, which has an indirect 24.1% interest in Jamaica Private Power Company Limited ("Jamaica") through their wholly-owned subsidiary, Rockfort Power (Belize) LLC. The investment in Jamaica is accounted for under the equity method.
- MEP Rumford, LLC, which is a 24.3% limited partner in Rumford Cogeneration Company Limited Partnership ("Rumford"). The investment in Rumford is accounted for under the equity method.
- Teton East Coast Generation, LLC, which is the holding company for a number of the companies included in Teton Funding. The following are wholly-owned subsidiaries of Teton East Coast Generation, LLC:
  - Teton Fuels Mid-Georgia, LLC, which provides fuel services to Mid-Georgia Cogen, L.P. ("MGC").
  - NCP Lake Power, LLC ("NCP Lake"), which is the sole 1% general partner in Lake Cogen, Ltd. ("Lake") and a 1% general partner in Lake Investment, L.P. ("LILP"). LILP is a 48.9% limited partner in Lake. In June 2004, Teton Funding acquired the 50% limited partnership interest in Lake from New Lake Corporation, accreting their ownership interest to 99.9% in Lake. Lake owns

## TETON POWER FUNDING, LLC

### NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the period March 13, 2004 through June 30, 2004  
(In thousands)

- and operates a 110-megawatt ("MW") cogeneration energy project in Lake County, Florida, which was placed into service in July 1993. The Company effectively controls Lake; therefore, the financial results of Lake are consolidated within the Teton Funding financial statements.
- NCP Gem, LLC is a 99% limited partner in LILP. The financial results of LILP are consolidated within the Teton Funding financial statements.
  - NCP Houston Power, LLC ("NCP Houston") and NCP Perry, LLC together are a 1% general partner and a 49% limited partner in MGC. The investment in MGC. is accounted for under the equity method.
  - NCP Dade Power, LLC ("NCP Dade") is a 1% general partner in Pasco Cogen Ltd. ("Pasco") and a 1% general partner in Dade Investment, L.P. Dade Investment, L.P. is a 48.9% limited partner in Pasco. The investment in Pasco is accounted for under the equity method.
  - NCP Pasco, LLC is a 99% limited partner in Dade Investment, L.P. The financial results of Dade Investment, L.P. are consolidated within the Teton Funding financial statements.
  - Geddes II LLC ("Geddes II") and Geddes Cogeneration LLC ("Geddes") together are a 1% general partner and a 99% limited partner in Onondaga Cogeneration Limited Partnership ("Onondaga"). Onondaga owns and operates a 91-megawatt cogeneration project in Geddes, New York, which was placed in service in December 1993. Geddes is the general partner of Onondaga and, as such, is responsible for the general management, supervision, and administration of Onondaga's business and affairs. In July 1998, Enron Capital & Trade Resources ("Enron") waived its right to a 50% limited partnership interest in exchange for an amended and restated gas sales agreement, and is entitled to a certain percentage of Onondaga's cash distributions to its partners. As a result of the waiver, Geddes II became a 50% limited partner. In 2003, Split Rock Holdings LLC ("Split Rock") was assigned Enron's cash flow interest (note 13). The financial results of Onondaga are consolidated within the Teton Funding financial statements.
  - Teton Selkirk, LLC is a 13.6% limited partner in Selkirk Cogen Partners, L.P. The investment in Selkirk Cogen Partners, L.P. is accounted for under the equity method.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements of the Company are prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). These accounting principles are different in some respects from Canadian generally accepted accounting principles ("Canadian GAAP") and the significant differences that impact the Company's financial statements are described in note 16.

The preparation of consolidated financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company follows the accrual method of accounting.

### (a) *Principles of Consolidation*

Teton Funding's consolidated financial statements includes all of the majority-owned businesses described in note 1 for which Teton Funding maintains controlling interests. The Company uses equity accounting for investments in limited partnerships of 5% or greater or in which it has significant influence but does not control. Teton Funding eliminates intercompany accounts and transactions. The Company used the last available financial statements dated March 31, 2004 for its valuations.

### (b) *Cash and Cash Equivalents*

For the purposes of the statement of cash flows, cash is defined as unrestricted cash and investments with original maturities of three months or less.

## TETON POWER FUNDING, LLC

### NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the period March 13, 2004 through June 30, 2004  
(In thousands)

Restricted cash and investments represent deposits made for compensating balances and overhaul costs related to the Onondaga and Lake projects.

(c) *Inventories and Supplies*

Inventories and supplies are stated at the lower of average cost or market.

(d) *Property, Plant, and Equipment*

The Company's property, plant, and equipment are stated at cost, net of accumulated depreciation. Depreciation is provided on a straight-line basis over the estimated useful life of the related asset.

Upon retirement or disposal of assets, the cost and related accumulated depreciation are removed from the consolidated balance sheet and any gain or loss is reflected in the consolidated statement of income and comprehensive income. The Company capitalizes and depreciates overhaul and maintenance expenses when the useful life of the asset has been extended. Otherwise, these costs are expensed as incurred.

(e) *Revenue Recognition*

The Company recognizes revenue when electricity and steam are delivered under the terms of the related contracts and as the fair value of the indexed swap changes.

The Company recognizes management fees as they are earned. Management fees earned from entities that are accounted for under the equity method are eliminated to the extent of the Company's investment percentage.

**Onondaga Project — Electricity Sales and Index Swap**

Onondaga recognizes revenue when electricity is delivered and as the fair value of the indexed swap changes.

*Power Sales Agreement and Swap*

In June 1998, Niagara Mohawk Power Corporation ("NIMO") consummated a master restructuring agreement whereby many of its independent power project ("IPP") agreements were renegotiated resulting in lump-sum payments to the IPPs and/or new contracts with NIMO. As a result of this transaction, NIMO and Onondaga amended the existing Power Purchase Agreement ("PPA") with the Power Put Agreement and an indexed swap agreement, each of which expire in 2008. In September 2000, Onondaga's ability to sell power under the Power Put Agreement with NIMO was terminated which caused Onondaga to become a merchant plant subject to prevailing market prices for its energy and capacity. Onondaga currently sells its electrical output to the New York Independent System Operator ("NYISO") at prevailing market prices.

The indexed swap agreement is a financial instrument under which Onondaga pays NIMO a market price and NIMO pays Onondaga a contract price for electricity, which is adjusted monthly according to an indexing formula for the remaining term of the contract. The notional amount of the swap is based on a fixed quantity of energy and capacity. The market price that Onondaga pays NIMO under the indexed swap agreement is equivalent to the market price that Onondaga would receive from either NIMO under the PPA or a third party for sales to the NYISO. The difference between the market price payment and the contract amount received is reflected within the "Index swap fair value adjustment" in the combined statements of income and comprehensive income.

The indexed swap agreement is a derivative under SFAS 133 and is recorded at fair value in the combined balance sheets. Gains or losses from changes in fair value are reported as index swap fair value adjustments in the combined statements of income and comprehensive income. The fair value of the indexed swap agreement is based on certain assumptions, including forecasts of future energy prices, inflation rates, discount rates and counterparty credit risk. For the period March 13, 2004 through June 30, 2004, Onondaga recorded income of \$0.6, related to the fair value of the index swap.

## TETON POWER FUNDING, LLC

### NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the period March 13, 2004 through June 30, 2004  
(In thousands)

#### Lake Project — Electricity and Steam Sales

Lake recognizes revenue when electricity and steam are delivered under various contract terms. Steam sales are presented net of a rebate that is related to the purchase of a certain amount of cogeneration services in a year.

##### *Power Sales Agreement*

Lake sells all of the net electrical output of the facility to Florida Power Corporation (“FPC”) pursuant to a 20-year PPA that commenced in July 1993. Revenue under the power sales agreement is based on a payment for capacity, an energy payment, and an hourly performance adjustment. Capacity payments have been contracted and range from \$19.33/kW month in 2003 to \$31.32/kW month in 2013. The capacity payment is subject to the project maintaining an on-peak capacity during on-peak hours on a twelve month rolling average basis. The energy payment component of the power sales agreement is comprised of a fuel component, a variable operations and maintenance amount, and a voltage adjustment for each kWh of electricity produced. The performance adjustment is an hourly calculation based upon FPC’s avoided cost of all electricity provided to the system during that hour.

##### *Steam Sales Agreement*

Lake provides steam to Citrus World on an as-available, as-required basis under a verbal agreement effective March 2002. Citrus World leases the former Golden Gem facility from Boeing Capital. Either party may terminate the agreement upon 30 days’ written notice. Citrus World’s payments are based on the net steam energy used, and Citrus World receives a discount based on the volume of net steam energy used.

#### (f) *Income Taxes*

As each entity is subject to flowthrough taxation, each limited liability corporation’s income, gains, losses, and tax credits are allocated to the owners who individually report their share of those items in their income tax returns. Accordingly, in order to reflect the ongoing expenses of the Company, no provision has been made for income taxes within the consolidated financial statements.

#### (g) *Financial Instruments*

In 1998, Onondaga entered into an indexed swap agreement with Niagara Mohawk Power Corporation (“NIMO”) in connection with the restructuring of the Onondaga project. The indexed swap agreement is accounted for as a trading instrument and is recorded at fair value based on certain assumptions, which includes forecasting future energy prices, inflation rates, discount rates, and counterparty credit risk (see note 9).

#### (h) *Gas Transportation Contracts*

Onondaga has certain long-term gas transportation agreements to provide natural gas transportation service to the Onondaga project through the year 2008 and other obligations related to operating the Onondaga project. Onondaga’s obligations related to operating the Onondaga project and the long-term gas transportation agreements were recognized as liabilities in purchase accounting upon the acquisition of Onondaga by Teton Funding. These obligations are being relieved over the remaining lives of the contracts (see note 9).

All of Teton Funding’s other gas transportation costs are expensed as incurred.

#### (i) *Accounting for Derivatives*

The Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards No. 133 (“SFAS 133”), Accounting for Derivative Investments and Hedging Activities, which establishes accounting and reporting standards requiring that every derivative instrument be recorded in the balance sheet as either an asset or liability measured at its fair value. The statement also requires that changes in the derivative’s fair value be recognized currently in earnings unless

## TETON POWER FUNDING, LLC

### NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the period March 13, 2004 through June 30, 2004  
(In thousands)

specific hedge accounting criteria are met. SFAS 133, as amended, has been adopted by Teton Funding effective January 1, 2001.

In October 2002, Emerging Issues Task Force ("EITF") Issue No. 02-3, Recognition and Reporting of Gains and Losses on Energy Trading Contracts Under Issues 98-10 and 00-17, required all energy trading contracts that do not fall within the scope of SFAS 133 no longer be marked to market through earnings, but to be accounted for on the accrual basis of accounting. The consensus was effective for all new contracts executed after October 25, 2002, and required a cumulative effect of an accounting change be recognized for all contracts executed prior to October 25, 2002. Onondaga elected early adoption of this requirement effective January 1, 2002, and ceased marking to market certain portions of Onondaga's transportation agreements that can be traded on the open market. The cumulative effect of this change has been reported as of the beginning of 2002 (see note 9).

**(j) Long-Lived Assets**

Long-lived assets, such as property, plant, and equipment, and purchased intangibles subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows that is expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of would be separately presented in the consolidated balance sheet and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. The assets and liabilities of a disposed group classified as held for sale would be presented separately in the appropriate asset and liability sections of the consolidated balance sheet.

**(k) Acquisition Accounting**

On March 12, 2004, Teton Funding purchased SaleCo from Aquila for approximately, \$256,688 in cash. The acquisition was accounted for under the purchased method, and negative goodwill of \$17,030 was recorded. The purchase price was allocated to the investments and the portion of the assets and liabilities purchased based upon their fair value, with the amount of fair value of net assets not in excess of the purchase price being allocated to long-lived assets on a pro rata basis. These adjustments resulted in a net decrease of \$10,731 in the recorded amounts to investments, a decrease of \$1,957 in the recorded amounts allocated to property, plant and equipment and a decrease of \$86 in the recorded amounts to the leveraged lease.

**(l) Minority Interest**

At June 30, 2004, minority interest represents a 12.5% interest in Onondaga held by Split Rock, an affiliate of ArcLight Capital Partners, LLC. Included in interest and other expense for the period March 13, 2004 through June 30, 2004 is \$353 in interest expense related to Split Rock.

**(m) Deferred Financing Costs**

Deferred financing costs as of June 30, 2004 consist of loan fees and other costs of financing that are amortized over the term of the related financing using the straight-line method. Amortization expense for the period March 13, 2004 through June 30, 2004 was \$327.

### 3. NEW ACCOUNTING STANDARDS

In November 2002, the FASB issued FASB Interpretation No. 45 ("Fin 45"), Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others. This is an interpretation of FASB Statements No. 5, Accounting for Contingencies, No. 57, Related Party Disclosures, and No. 107, Disclosures about Fair Value of Financial Instruments, and a rescission of FASB Interpretation No. 34, Disclosures of Indirect Guarantees of Indebtedness of Others. FIN 45 elaborates on the disclosures to be made by a guarantor in its interim and annual financial statements about its obligations

**TETON POWER FUNDING, LLC**

**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**For the period March 13, 2004 through June 30, 2004  
(In thousands)**

under certain guarantees that it has issued. The Interpretation is being applied prospectively to guarantees issued or modified after December 31, 2002. At June 30, 2004, the Company's only guarantee relates to the lease payable (see note 11). This guarantee is not within the scope of FIN 45.

In May 2003, the FASB issued SFAS No. 149, Amendment of Statement 133 on Derivative Instruments and Hedging Activities. This statement clarified under what circumstances a contract with an initial net investment meets the characteristic of a derivative as discussed in SFAS No. 133. It also clarified when a derivative contains a financing component that warrants special reporting in the consolidated statement of cash flows. SFAS No. 149 also amended certain other existing pronouncements regarding derivatives. It is effective for contracts entered into or modified after June 30, 2003. The adoption of this standard had no material impact on the Company's financial position or results of operations.

In January 2003, the FASB issued Interpretation No. 46 (revised December 2003), ("FIN 46"), Consolidation of Variable Interest Entities, an interpretation of Accounting Research Bulletin No. 51, Consolidated Financial Statements. This Interpretation addresses the consolidation by business enterprises of variable interest entities as defined in the Interpretation. The Interpretation is to be applied in the first fiscal year or interim period beginning after December 15, 2003, to enterprises that hold a variable interest in all entities that are not special purpose entities. Adoption of FIN 46 did not have a material impact on the Company's financial position or results of operations.

**4. EQUITY METHOD INVESTMENTS IN PARTNERSHIPS**

Investments in domestic and international independent power projects that are not controlled by the Company, but over which it has significant influence, are accounted for using the equity method. The Company owns investments in nine independent power projects located in six states and Jamaica. The Company received distributions of approximately \$17,745 for the period March 13, 2004 through June 30, 2004 from those investments. The Company's share of net income from these unconsolidated affiliates is reflected in the consolidated statement of income and comprehensive income as equity in earnings from partnerships. The table below summarizes the Company's investments and related equity earnings:

Entity	Equity Earnings For the period March 13, 2004 through June 30, 2004	Investment in partnerships as of June 30, 2004
Concrete Hydro Partners, L.P. (g) .....	\$523	\$2,369
Badger Power Associates, L.P. (a).....	744	11,268
Stockton CoGen Company (g).....	213	17,047
Orlando CoGen Limited, L.P. (b).....	8,050	49,117
Jamaica Private Power Company Limited (g) .....	417	3,317
Rumford Cogeneration Company Limited Partnership (c) .....	604	6,615
Mid-Georgia Cogen, L.P. (d) .....	(1,279)	12,442
Pasco Cogen Ltd (e) .....	1,796	20,931
Selkirk Cogen Partners, L.P. (f) .....	1,736	41,898
	<u>\$12,804</u>	<u>\$165,004</u>

The following are the summarized financial results of the entities accounted for under the equity method by the Company.

**(a) Investment in Badger Power Associates, L.P.**

Badger Power Associates L.P. is a 50% general partner in Badger Creek Limited, L.P. (QF), which owns a gas-fueled generation facility in Bakersfield, California placed in service April 1991 with a gross capacity of 50 MW. The following is summarized balance sheet of Badger Creek Limited, L.P. as of June 30, 2004 and operating results for the period March 13, 2004 through June 30, 2004, of which Teton Funding has a 48.75% effective interest.

**(g) Investments in Other Partnerships**

Following is a description of other unconsolidated equity investments of the Company. These investments consist of Stockton; Koma; and Jamaica ("Other Investments").

Stockton (QF) is a 50%-owned, coal-fueled generation facility in Stockton, California placed in service March 1988 with a gross capacity of 60 MW.

Koma is a 49.75% owned hydroelectric generation facility in Mount Baker, Washington that was placed in service in October 1990 with a gross capacity of 14 MW.

Jamaica is a 24.1%-owned, diesel-fueled generation facility in Rockfort, Jamaica placed in service January 1998 with a gross capacity of 58 MW.

The financial information in the table below includes the results of the Other Investments as of June 30, 2004 and operating results for the period March 13, 2004 through June 30, 2004.

**For the period March 13, 2004 through June 30, 2004**

**(In thousands)**

**5. RELATED-PARTY TRANSACTIONS**

**(a) Management Fees**

NCP Houston, accounted for as a wholly-owned subsidiary of Teton Funding, manages MGC, an unconsolidated affiliate, for which it receives an annual general partner fee of \$50. The general partner fee is payable quarterly and is escalated each year by the change in the U.S. Gross Domestic Product Implicit Price Deflator ("GDPIPD"). For the period March 13, 2004 through June 30, 2004, NCP Houston earned approximately \$27 in general partner fees. NCP Houston's general partner fees from MGC, net of eliminations, and are recorded as management fee revenue on the consolidated statement of income and comprehensive income.

For the period March 13, 2004 through June 30, 2004, NCP Dade, accounted for as a wholly-owned subsidiary of Teton Funding, received a fee from Pasco, an unconsolidated affiliate, for administrative and operating management functions totalling approximately \$53. NCP Dade's fees from Pasco, net of eliminations, were \$27 and are recorded as management fee revenue on the consolidated statement of income and comprehensive income.

**(b) Operation and Maintenance Fees**

MGC has an operation and maintenance ("O&M") agreement with Teton Funding which MGC pays an annual O&M fee of \$500 and an operator incentive fee for exceeding specified operational levels. Each of these fees is payable quarterly and is escalated annually by the change in the U.S. GDPIPD. For the period from March 13, 2004 through June 30, 2004, MGC expensed approximately \$135 for the O&M fee.

Pasco has hired Teton Funding to be the contractual operator of the Pasco facility. As such, Teton Funding is entitled to receive reimbursement for expenses incurred on Pasco's behalf, as well as an O&M fee. For the period from March 13, 2004 through June 30, 2004, Pasco expensed approximately \$96 for these O&M fees.

Onondaga receives O&M services from Teton Funding. Under the O&M agreement, Teton Funding is entitled to a management fee based upon 3.5% of gross revenues. For the period from March 13, 2004 through June 30, 2004, Onondaga incurred expenses related to this contract of approximately \$388, which are eliminated through the consolidation.

**6. RESTRICTED CASH**

Restricted cash at Teton Funding comprised primarily cash and cash equivalents held in trust in accordance with the escrow agreement relating to the lease of the Lake facility. Under the terms of the escrow agreement, all transactions require the approval of the lessor, General Electric Capital Corporation ("GECC").

**7. PROPERTY, PLANT, AND EQUIPMENT**

Property, plant, and equipment as of June 30 comprised the following:

	<b>2004</b>
Land and land improvements.....	\$60
Leasehold improvements.....	7,840
Asset retirement.....	3
Property, plant, and equipment, gross.....	7,903
Less accumulated depreciation.....	(226)
Property, plant, and equipment, net.....	\$7,677

For the period March 13, 2004 through June 30, 2004, the Company's depreciation expense amounted to approximately \$226.

(In thousands)

8. DISCLOSURES ABOUT FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used to estimate the fair value of each class of financial instrument.

(a) *Restricted Cash, Accounts Receivable, and Accounts Payable*

The carrying amount of each of these items approximates fair value because of the short-term maturity of the instruments.

(b) *Indexed Swap Agreement*

As of June 30, 2004, Onondaga's indexed swap agreement is recorded at fair value based on estimated future cash flows taking into account certain assumptions, including forecasts of future energy prices, inflation rates, discount rates, and credit risk. Energy prices can be volatile and other assumptions can change from period to period. These factors can create significant fluctuations in the estimated fair value of this agreement.

Changes related to the index swap agreement are summarized below:

Fair value as of March 13, 2004 .....	\$93,313
Increase in fair value during the period .....	626
Settlements .....	<u>(7,669)</u>
Fair value as of June 30, 2004 .....	<u>\$86,270</u>

9. ONONDAGA CONTRACTUAL AGREEMENTS

(a) *Onondaga Power Sales Agreements*

In June 1998, NIMO consummated a master restructuring agreement whereby many of its IPP agreements were renegotiated resulting in lump-sum payments to the IPPs and/or new contracts with NIMO. As a result of this transaction, NIMO and Onondaga amended the existing PPA with the Power Put Agreement and an indexed swap agreement, each of which expire in 2008. In September 2000, Onondaga's ability to sell power under the Power Put Agreement with NIMO was terminated, which caused Onondaga to become a merchant plant subject to prevailing market prices for its energy and capacity. Onondaga currently sells its electrical output to the NYISO at prevailing market prices.

The indexed swap agreement is a financial instrument under which Onondaga pays NIMO a market price and NIMO pays Onondaga a contract price for electricity, which is adjusted monthly according to an indexing formula for the remaining term of the contract. The notional amount of the swap is based on a fixed quantity of energy and capacity. The market price that Onondaga pays NIMO under the indexed swap agreement is equivalent to the market price that Onondaga would receive from either NIMO under the PPA or a third party for sales to the NYISO. The difference between the market price payment and the contract amount received is reflected within index swap fair value adjustment in the consolidated statement of income and comprehensive income.

The indexed swap agreement is a derivative under SFAS 133 and is recorded at fair value in the consolidated balance sheet. Gains or losses from changes in fair value are reported as index swap fair value adjustments in the consolidated statement of income and comprehensive income. The fair value of the indexed swap agreement is based on certain assumptions, including forecasts of future energy prices, inflation rates, discount rates, and counterparty credit risk. For the period March 13, 2004 through June 30, 2004, Onondaga recorded income of \$626 related to the fair value of the index swap.

For the period March 13, 2004 through June 30, 2004

(In thousands)

**(b) Onondaga Transportation Agreements**

Onondaga has entered into three long-term gas transportation agreements to provide natural gas transportation service to the plant site. The contracts all provide for fixed monthly demand charges, in addition to variable commodity charges based on the quantity of gas transported.

One of the transportation agreements represents a transportation leg that was an energy trading contract under EITF No. 98-10, Accounting for Contracts Involved in Energy Trading and Risk Management Activities. As a result in 2001, this contract was marked to fair value. Effective January 1, 2002, Onondaga adopted EITF No. 02-03, which required the partnership to account for the transportation agreement using the accrual basis of accounting.

The accrued loss on the two remaining gas transportation contracts are in geographical areas that do not have a market demand. The liability under these contracts will be relieved over the remaining lives of the contracts. For the period March 13, 2004 through June 30, 2004, \$1,446 of amortization of accrued loss on commitments was recognized as a reduction to operating expenses.

#### 10. LAKE CONTRACTUAL AGREEMENTS

**(a) Lake Power and Steam Sales Agreements**

Lake sells all of the net electrical output of the facility to FPC pursuant to a 20-year PPA that commenced in July 1993. Lake is required to have in place a letter of credit for benefit of FPC as security against damages to FPC should the facility not perform its obligations under the PPA.

For 2002, Lake provided steam to Citrus World on an as-available, as-required basis under a verbal agreement effective March 2002. Citrus World leases the former Golden Gem ("Gem") facility from Boeing Capital. Either party may terminate the agreement upon 30 days' written notice. Citrus World's payments are based on the net steam energy used, and Citrus World receives a discount based on the volume of net steam energy used.

**(b) Lake Gas Supply and Transportation Agreements**

All of the natural gas requirements for Lake are provided by Duke Energy Trading and Marketing, LLC ("Duke Energy") and Teco Gas Services ("Teco"), (formerly Gator Gas Marketing, Inc.).

Duke Energy provides Lake with up to 20,472 MMBtu's of natural gas per day pursuant to a 16-year gas purchase agreement commencing in July 1993. Under certain circumstances, the agreement may be extended for an additional four years. The base purchase price under the agreement is \$2.38 per MMBtu. This price is adjusted monthly based on FPC's coal and variable O&M costs and capacity rates under the PPA between Lake and FPC.

Teco provides Lake with up to 4,000 MMBtu's of natural gas per day pursuant to a 16-year natural gas sales agreement. Natural gas from Teco is purchased at the spot market price. In addition, Lake has agreed to pay Teco a commission of \$0.10 per MMBtu for gas delivered to the facility by Duke Energy under the Duke Energy agreement.

Natural gas is delivered by Duke Energy to certain designated receipt points on the pipeline transmission system owned by Florida Gas Transmission Company ("FGT") and transported to FGT's pipeline system utilizing firm transportation held by Peoples Gas System, Inc. ("PGS"). The gas transportation agreement between FGT and PGS has been renewed such that the expiration date is consistent with the July 2013 expiration date of the PPA.

**(c) Lake Operations and Maintenance Agreement**

Effective March 13, 2004, TPH assumed the operations and maintenance of the facility. Under the agreement, TPH is reimbursed for its costs and expenses and is paid an annual operator fee of \$400, with an escalation provision based on changes in the Consumer Price Index, and a handling fee of \$40.

For the period March 13, 2004 through June 30, 2004

(In thousands)

#### 11. LEASES

In August 1993 (the "Commencement Date"), Lake sold its facility to GECC, which leased the facility back to Lake with an initial term of 11 years (the "facility lease"). Substantially all of the facility contracts (that is, PPAs, site lease, operation and maintenance agreements, and the gas sales agreement) were assigned, transferred, or sold to GECC upon the sale of the facility. Proceeds from the sale were used to retire the construction financing for the facility and to set up a working capital account. At the end of the initial 11-year lease term, Lake has the option to extend the facility lease an additional five years under the same terms and conditions as in the initial facility lease term. Lake has the option at the end of the first 16 years to renew the facility lease for a term no less than one year and no more than five years at quarterly rents equal to 65% of the average quarterly rent payments paid during the first 16 years of the facility lease. Subsequent renewals are allowable for periods not less than one year and no more than five years at the mutually agreed-upon fair market rental value. Lake has a purchase option exercisable at any time after the 16-year term for a purchase price equal to the fair market sales value of the facility as of the date of purchase.

The facility lease has been classified as an operating lease and has scheduled rent increases. Lake originally recorded rent expense on a straight-line basis over the term of the lease. Prior to 2003, the facility lease term was defined as 11 years, as it was management's intent to exit the lease after the 11-year term and pay the \$7,000 early termination penalty. As such, the \$7,000 early termination fee was being accrued for over the life of the lease. In 2003, changes to Lake and its parent's operating environments prompted Lake's management to change its original exit strategy and renewed the facility lease for an additional 5-year term. As a result, rent expense has been recorded on a straight-line basis over the remaining term of the 16-year lease period and amounted to \$4,500 for the period from March 13, 2004 through June 30, 2004. The termination penalty accrual is being reversed as a reduction to rent expense on a straight-line basis over the remaining term of the 16-year lease period.

In addition to the facility lease, Lake entered into a 20-year site lease (the "Site Lease") on which the facility is located, which commenced in July 1993 and contains scheduled rent increases. The Site Lease with Golden Gem ("Gem") has two five-year-renewal options under the same terms and conditions as the original 20-year term. Lake records rent expense on a straight-line basis over the initial 11-year term of the facility lease. Upon exiting the facility lease at the end of the lease, the facility lessor GECC will assume all obligations under the site lease. The difference between the amount expensed and the amount currently payable under the provisions of the lease has been included in the consolidated balance sheet as deferred lease payable. For the period from March 13, 2004 through June 30, 2004, Lake recorded rent expense, including property taxes, of \$96 relating to the Site Lease.

Pursuant to an asset purchase agreement dated January 21, 2004, Teton Lake Land agreed to acquire the Site, the Site Lease, and certain easements and rights from Gem with financing provided by Boeing Capital Corporation ("BCC"). BCC has been named a secured lender to Gem in the course of Gem's bankruptcy proceedings. Upon closing of the asset purchase agreement, Teton Lake Land will take ownership of the site and lease it to Lake under substantially the same terms and conditions as stated above. Any rental and other obligations that have accrued from Gem's bankruptcy filing to the date of the asset purchase closing and are owed by Lake under the Site Lease will be released. Lake has guaranteed Teton Lake Land's obligations to BCC under the BCC financing. In addition, in the event of default, the Owner Trustee (the Bank of New York) and the Owner Participant (TIFD III-C Inc.) have the option to purchase Teton Lake Land's right, title, and interest in the site and certain easements for a nominal amount plus the assumption of the mortgage note.

**TETON POWER FUNDING, LLC**

**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**For the period March 13, 2004 through June 30, 2004**

**(In thousands)**

Future minimum rentals on Lake's facility and site leases, including the renewal of the facility lease in 2003, as noted above, for the year ending June 30, 2004 are as follows:

2005 .....	\$16,337
2006 .....	17,950
2007 .....	19,118
2008 .....	19,799
2009 .....	21,197
Thereafter.....	7,647
Total.....	<u>\$102,048</u>

**12. INVESTMENT IN LEVERAGED LEASE**

In 1987, the Company entered into a sale and leaseback transaction under which a hydroelectric generating facility was sold to the Company and leased back to Topsham Hydro Partners Limited Partnership for an initial lease term of 16 years. The Company holds 50% of the lessor interest. The Company's equity investment represented approximately 32% of the purchase price; the remaining 68% was furnished by a third party in the form of long-term, nonrecourse debt. This debt is secured by a first lien on the property and by a pledging of all major contracts of the lessee partnership. At the end of the initial lease term the lessee had the option to purchase the facility for the lessor of fair market value or 59% of the original cost. The residual value used in recording the lease was 50% of fair market value at inception of the lease.

In 1996, the lessee executed an amendment to the power purchase agreement, which extended the term by eight years and adjusted the rates thereunder. The parties to the leveraged lease also restructured the financing as a result of this amendment.

For Federal income tax purposes, the Company received the investment tax credit for this lease, and received the benefit of tax deductions for accelerated depreciation on the portion of the leased assets attributable to its lessor interests. In addition, the Company received the deductions for interest on the long-term debt. During the earlier years of the lease those deductions exceed the lease rental income and, as a result, excess deductions are available to offset other taxable income of the Company's owners. In later years, the rental income will exceed the deductions. The Company's owners will pay these taxes and receive the tax benefits; therefore, taxes have not been reflected in these consolidated financial statements.

**13. COMMITMENTS AND CONTINGENCIES**

**(a) Cash Flow Interest Agreement**

In July 1998, Enron waived its right to a 50% limited partnership interest in Onondaga in exchange for an amended and restated gas sales agreement and was entitled to a certain percentage of Onondaga's cash distributions to its partners. In 2003, Split Rock was assigned Enron's cash flow interest as part of Enron's bankruptcy filing. For the period from March 13, 2004 through June 30, 2004, Onondaga recorded approximately \$353 of expense related to this cash flow interest, which is included in interest and other expense on the consolidated statement of income and comprehensive income. Onondaga made approximately \$1,438 of distributions to Split Rock for the period March 13, 2004 through June 30, 2004.

**(b) Lake Payment Dispute**

Through September 2001, FPC had been paying Lake amounts for energy that were generally less than the formula price under the PPA. As a result of the lower FPC payments, Lake had been recognizing lower gas costs under its gas purchase agreement with Duke Energy. Lake had entered into an agreement with Duke Energy whereby Duke Energy had agreed not to pursue legal action against Lake for the lower payments pending the issuance of a final order in the Lake/FPC litigation proceeding.

**TETON POWER FUNDING, LLC**

**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**For the period March 13, 2004 through June 30, 2004  
(In thousands)**

Pursuant to a letter dated February 20, 2003, Duke Energy and Lake settled all matters related to the payment dispute. As part of the settlement, Lake was required to remit approximately \$2,100 to Duke Energy on or before March 5, 2003. The remaining settlement amount of approximately \$1,200 will be paid in 35 monthly instalments beginning April 5, 2003. Should Lake fail to remit any portion of the settlement amount, Duke Energy is entitled to accelerate the remaining balance due and demand the remaining balance be paid immediately.

**(c) FERC Waiver**

On August 6, 2002, Lake filed for a temporary waiver with the FERC of its Operating and Efficiency Standards for calendar year 2002 due to the bankruptcy of its steam host. FERC granted the limited waiver of Operating and Efficiency Standards for calendar year 2002 on November 1, 2002. For the period ended June 30, 2004, Lake has maintained adequate FERC Operating and Efficiency Standards.

**(d) Lake's Property Tax Settlement**

On March 16, 2004, Lake received \$2,573, included in interest and other income from the Lake County Tax Collector for a refund for property taxes for the years 1999 through 2002.

**(e) Letter of Credit**

At Onondaga, a \$550 letter of credit has been issued in favor of NIMO to collateralize certain obligations of the Onondaga Project under its gas transportation agreement with NIMO (which terminates on June 30, 2008). The letter of credit has been collateralized with a \$550 compensating restricted cash account.

**14. DEFERRED BONUS PAYABLE**

Lake agreed to pay the facility's construction contractor certain performance bonuses. Deferred bonus payable, including accrued interest, amounted to \$2,400 and \$5,858, respectively, as of December 31, 2003 and 2002. All unpaid bonuses earn interest at the prime rate, which was 4.00% and 4.25%, respectively, as of December 31, 2003 and 2002. The interest expense incurred during 2003 and 2002 was approximately \$138 and \$167, respectively. On May 6, 2004, Lake entered into a \$2,400 settlement agreement with the facility's construction contractor, which resulted in a gain of \$3,597, included in interest and other income.

**15. LONG-TERM DEBT**

	<b>June 2004</b>
Teton Funding long-term debt with an interest rate of London InterBank Offered Rate (LIBOR) plus 3.25% with scheduled repayments through March 12, 2011 .....	\$177,000

On March 12, 2004, the Company raised \$195,000 to finance the purchase of SaleCo. The loan bears interest at LIBOR plus 3.25%, payable quarterly and matures on March 12, 2011.

The annual repayments of the loan for the years beginning July 1, 2004 and thereafter are as follows:

	<b>Amount</b>
Year Ending June 30:2005 .....	\$1,950
2006 .....	1,950
2007 .....	1,950
2008 .....	1,950
2009 .....	1,950
Thereafter .....	167,250
	<b>\$177,000</b>

**TETON POWER FUNDING, LLC**

**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**For the period March 13, 2004 through June 30, 2004  
(In thousands)**

The long-term debt is collateralized by the investment in Teton Funding operating entities.

**16. Canadian GAAP**

These consolidated financial statements have been prepared in accordance with US GAAP, which in most respects conform to Canadian GAAP. Significant differences between Canadian and US GAAP are as follows:

Net income and comprehensive income

		<b>Period from March 13 to June 30, 2004</b>
Comprehensive income — US GAAP .....	(i)	\$12,099
Proportionate share of unrealized net gain from cash flow hedges included in equity method investees' other comprehensive income .....	(ii)	(1,034)
Net income — Canadian GAAP .....		11,065

Balance sheet items

	<b>June 30, 2004</b>	
	<b>US GAAP</b>	<b>Canadian GAAP</b>
Investments in partnerships .....	\$165,004	\$168,192
Accumulated other comprehensive income .....	1,034	—

- (i) Under US GAAP, other comprehensive income, investments in partnerships and accumulated other comprehensive income, included in equity method investment investees' financial statements arise as a result of changes in fair value of certain derivative financial instruments that qualify as cash flow hedges, for the portion of change in the fair value of the hedge that is effective.
- (ii) Under Canadian GAAP, the Company applies settlement accounting to derivative financial instruments. Under this method, the gains and losses on derivative financial instruments that qualify for hedge accounting are not recorded until they are realized. The notional amounts are not recorded in the financial statements as they do not represent amounts exchanged by the counterparties.

NEWS RELEASE TRANSMITTED BY CCMATTHEWS

TSX SYMBOL: **ATP.UN**

January 17, 2005

**Atlantic Power Corporation Announces January 2005 Distribution**

TORONTO, ONTARIO – Atlantic Power Corporation (TSX:ATP.UN) (the "Company") today announced its distribution for the month of January 2005. A distribution of \$0.0834 per Income Participating Security ("IPS") will be payable on February 28, 2005 to holders of record at the close of business on January 31, 2005.

Each of the Company's Income Participating Securities is comprised of one common share and \$5.767 aggregate principal amount of 11% subordinated notes. The total distribution of \$0.0834 reflects a cash dividend per common share of \$0.0305 and an interest payment of \$0.0529 for the month of January 2005.

Atlantic Power Corporation owns interests in a diversified portfolio of 15 power generation projects located primarily in major markets in the United States. Atlantic Power's objectives are to sustain and grow its cash distributions over the long term by enhancing the performance of its existing assets and by making accretive acquisitions.

When used in this news release, the words "anticipate", "expect", "project", "believe", "estimate", "forecast" and similar expressions are intended to identify forward-looking statements, which include statements relating to pending and proposed projects. Such statements are subject to certain risks, uncertainties and assumptions pertaining to operating performance, regulatory parameters, weather and economic conditions and, in the case of pending and proposed projects, risks relating to design and construction, regulatory processes, obtaining financing and performance of other parties, including partners, contractors and suppliers.

## **AMENDED AND RESTATED LIMITED LIABILITY COMPANY AGREEMENT**

THIS AMENDED AND RESTATED LIMITED LIABILITY COMPANY AGREEMENT (this "Agreement") of ATLANTIC POWER HOLDINGS, LLC (the "Company"), dated as of November 17, 2004, is adopted, executed and entered into between each of the Members (as defined below) and the Company.

WHEREAS, as of August 19, 2004 the Company was formed pursuant to the Delaware Limited Liability Company Act (6 Del.C §18-101 et seq.) (as from time to time amended and including any successor statute of similar import, the "Act");

WHEREAS, Atlantic Power Corporation (the "Issuer" or the "Initial Member") entered into the Limited Liability Company Agreement of Atlantic Power Holdings, LLC, dated as of August 19, 2004 (the "Original Agreement"), with respect to the operations of the Company and the rights and obligations of the Initial Member;

WHEREAS, the Initial Member desires to enter into this Agreement in order to amend and restate the Original Agreement in its entirety; and

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein made and intending to be legally bound, the parties hereto hereby agree as follows:

### **ARTICLE I. DEFINITIONS**

1.1. Definitions. In this Agreement, the following terms shall have the meanings set forth below:

- (a) "Act" shall have the meaning set forth in the recitals hereto.
- (b) "Affiliate" shall mean a Person that directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with the first mentioned Person. An Affiliate of an investment vehicle shall also include any other investment vehicle that is managed or advised by the same Person or by an Affiliate of said person, and any stockholders, members or partners of such investment vehicle. A Person shall be deemed to control another Person if such first Person possesses directly or indirectly the power to direct, or cause the direction of, the management and policies of the second Person, whether through the ownership of voting securities, by contract or otherwise or if such Person has the right to receive more than fifty percent (50%) of the profits of a corporation, partnership or limited liability company.
- (c) "Assumed Number of IPSs" means a number of IPSs equivalent to the applicable number of Subject Interests.
- (d) "Board of Managers" shall mean the board of managers of the Company.

(e) “Capital Account” means with respect to any Member, an account maintained in accordance with Section 7.1 hereof.

(f) “Capital Event” means the sale, directly or indirectly, of all or substantially all of the Company’s assets.

(g) “Certificate” shall mean the Certificate of Formation of the Company.

(h) “Closing” shall mean the closing of the Offering as contemplated in the Prospectus.

(i) “Code” shall mean the United States Internal Revenue Code of 1986, as amended, or any superseding United States federal revenue statute.

(j) “Company” shall mean Atlantic Power Holdings, LLC.

(k) “Economic Capital Account” means, with respect to any Member, such Member’s Capital Account balance as of the date of determination, after crediting to such Capital Account any amounts that the Member is deemed obligated to restore under Treasury Regulations Section 1.704-2.

(l) “Estimated Gross Proceeds” means the estimated gross proceeds that would reasonably likely be realized by the Issuer under a public offering by the Issuer of IPSs, presuming such offering entailed the issuance of the Assumed Number of IPSs and that such offering was completed on the Completion Date, provided that such estimate shall be based upon the arithmetic average of estimated offering prices likely obtainable by the Issuer in connection with such offering, such estimated offering prices to be (A) agreed upon by the holders of Existing Investor Interests and the Managers who are not employed by the Company and are unrelated to the Existing Investors, Manager LLC and their respective Affiliates (the “Independent Managers”) or (B) in the event they cannot agree, provided by two investment banks with suitable experience in offering such securities to the public, which investment banks shall be designated by agreement of the holders of Existing Investor Interests and the Independent Managers.

(m) “Estimated Offering Costs” means the aggregate of all reasonable costs which would be directly attributable to a public offering of IPSs by the Issuer, including without limitation all reasonable underwriters’ fees and expenses, fees and disbursements of legal counsel for the Issuer and the Company and the underwriters, auditors and independent engineers, prospectus filing fees, rating agency fees and printing costs, and that would, in the opinion of the Managers unrelated to the Company, the Existing Investors, Manager LLC and their respective Affiliates, acting reasonably, likely be incurred in the event that the purchase of the Subject Interests were wholly funded through such an offering of IPSs (assuming that the Assumed Number of IPSs were issued under such offering).

(n) “Existing Investor Interest” shall mean an interest consisting of a Common Membership Interest and a Class B Preferred Membership Interest of the Company held by an Existing Investor immediately following Closing.

- (o) “Existing Investors” shall mean Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC.
- (p) “Indenture” shall mean that certain indenture dated as of November 18, 2004, among the Issuer, the guarantors named therein and Computershare Trust Company of Canada, as trustee.
- (q) “Issuer” shall mean Atlantic Power Corporation, a corporation established under the laws of the Province of Ontario.
- (r) “Management Agreement” shall mean that certain Management Agreement between Manager LLC, the Company and the Issuer dated as of November 10, 2004.
- (s) “Management Support Agreement” shall mean that certain Management Support Agreement to be entered into between Manager LLC and ArcLight Capital Holdings, LLC, as of November 18, 2004.
- (t) “Manager” shall have the meaning set forth in Section 4.1 hereof.
- (u) “Manager LLC” shall mean Atlantic Power Management, LLC, a Delaware limited liability company.
- (v) “Member” shall mean each Person who executes a signature page or a counterpart signature page of this Agreement as a member of the Company and each Person who may hereafter be admitted as a member of the Company and become a party to this Agreement. The Members shall constitute the “members” (as that term is defined in the Act) of the Company.
- (w) “Offering” shall mean the initial public offering of 32,000,000 IPSs of the Issuer, as described in the Prospectus.
- (x) “Ongoing Expenses and Costs” means the ordinary administrative and other ordinary expenses and costs associated with the operation of the business of the Issuer and its maintenance in good standing, including compliance by the Issuer with all applicable laws, rules and requirements and any other similar costs incurred by the Issuer; provided, however, that the foregoing shall not include (i) any interest, principal, premium, or other similar amounts payable by the Issuer with respect to the Subordinated Notes or any other debt obligations issued by it, (ii) any distributions with respect to stock of the Issuer or any payment in redemption of any stock of the Issuer or (iii) any income, franchise, net worth, or similar taxes payable by or with respect to the Issuer.
- (y) “Person” shall mean any individual, corporation, partnership, individual, limited liability company, trust, unincorporated association, organization or other entity.
- (z) “Prospectus” means the final prospectus of Atlantic Power Corporation dated November 10, 2004.

(aa) “ROFO Agreement” shall mean that certain Right of First Offer Agreement to be entered into between ArcLight Energy Partners Fund I, LP, a Delaware limited partnership, and the Company, as of November 18, 2004.

(bb) “Sale Event” shall mean (i) the dissolution or liquidation of the Company, (ii) the sale of all or substantially all of the assets of the Company on a consolidated basis to any Person who is not a Member (or an Affiliate of a Member) or an Affiliate of the Company (in each case, a “Third-Party Buyer”), (iii) a merger, reorganization or consolidation in which the outstanding Membership Interests of the Company are converted into or exchanged for a different class or series of securities of the successor entity or in which the Persons who had control of the Company prior to such transaction do not have control of the Company immediately following completion of such transaction, (iv) the sale or exchange of all or a majority of the outstanding membership interests in the Company to a Third-Party Buyer or (v) any other transaction pursuant to which the Persons who had control of the Company prior to such transaction do not have control of the Company immediately following completion of such transaction. A Person shall be deemed to control another Person if such first Person possesses directly or indirectly the power to direct, or cause the direction of, the management and policies of the second Person, whether through the ownership of voting securities, by contract or otherwise, or if such Person has the right to receive more than fifty percent (50%) of the profits of a corporation, partnership or limited liability company.

(cc) “Subordinated Notes” shall have the meaning ascribed thereto in the Prospectus.

(dd) “Subsidiary” means, as to any Person, any corporation, association or other business entity in which such Person or one or more of its Subsidiaries or such Person and one or more of its Subsidiaries owns sufficient equity or voting interests to enable it or them (as a group) ordinarily, in the absence of contingencies, to elect a majority of the directors (or Persons performing similar functions) of such entity, and any partnership or joint venture if more than a 50% interest in the profits or capital thereof is owned by such Person or one or more of its Subsidiaries or such Person and one or more of its Subsidiaries (unless such partnership or joint venture can and does ordinarily take major business actions without the prior approval of such Person or one or more of its Subsidiaries). Unless the context otherwise clearly requires, any reference to a “Subsidiary” is a reference to a Subsidiary of the Company.

(ee) “Target Balance” means, with respect to any Member as of the close of any period for which allocations are made under Article VIII, the amount such Member would receive (or be required to contribute) in a hypothetical liquidation of the Company as of the close of such period, net of any amount required to be contributed by such Member pursuant to Section 9.1(d) hereof, assuming for purposes of any hypothetical liquidation (i) a sale of all of the assets of the Company at prices equal to their then book values (as maintained by the Company for purposes of, and as maintained pursuant to, the capital account maintenance provisions of Treasury Regulations Sections 1.704-1(b)(2)(iv)), and (ii) the distribution of the net proceeds thereof to the Members pursuant to Section 9.1(c) (after the payment of all actual Company indebtedness, and any other liabilities related to the Company’s assets, limited, in the case of non-recourse liabilities, to the collateral securing or otherwise available to satisfy such liabilities).

(ff) “Tax Distribution” shall mean an amount, distributed to holders of Common Membership Interests pro rata in proportion to the number of Common Membership Interests held by such holder, intended to allow each holder of Common Membership Interests to pay U.S. federal income (including branch profits, if applicable) tax and any applicable state or local taxes on the income of the Company allocable to the holders of Common Membership Interests.

(gg) “Treasury Regulations” means the Income Tax and Administrative Procedure Regulations promulgated under the Code, as amended from time to time.

## **ARTICLE II.** **ORGANIZATION**

2.1. Name and Formation. The name of the limited liability company formed pursuant to the filing of the Certificate with the Secretary of State of the State of Delaware on August 19, 2004, is Atlantic Power Holdings, LLC.

2.2. Principal Place of Business. The principal place of business of the Company shall be as determined by the Managers from time to time.

2.3. Registered Agent. The registered agent for service of process on the Company, and the registered office of the Company, shall be as specified in the Certificate.

2.4. Term. The term of the Company commenced upon the filing of the Certificate and shall continue in perpetuity unless the Company is dissolved as provided for in this Agreement.

2.5. Purpose and Powers.

(a) The purpose of the Company is to engage in any lawful acts or activities for which limited liability companies may be organized under the Act, including, without limitation, all acts or activities to be undertaken by it as disclosed in the Prospectus.

(b) The Company shall have all the powers permitted under the Act and other applicable laws of the State of Delaware and, subject to the terms and conditions of this Agreement, shall be empowered to do or cause to be done, or omit to do or cause to be done, any and all acts or omissions necessary or advisable in furtherance of the purposes of the Company and any and all things necessary and incidental thereto, including, without limitation, the power:

(i) to acquire, hold, receive, mortgage, pledge, lease, sell, transfer, exchange, grant options with respect to, and otherwise deal with and exercise all rights, powers, privileges and other incidents of ownership or possession with respect to the property of the Company;

(ii) to borrow money, to issue promissory notes, drafts, bills of exchange, warrants, bonds, debentures and other negotiable and non-negotiable instruments and evidences of indebtedness, to incur lease obligations, to guarantee

obligations of any Person, to secure the payment of the principal of and interest on any such indebtedness and any other such obligation by mortgage, pledge, conveyance or assignment in trust of the whole or any part of the property of the Company, whether at the time owned or thereafter acquired, and to buy, sell, pledge or otherwise dispose of any such instrument or evidence of indebtedness;

(iii) to open, maintain and close bank accounts and draw checks and other orders for the payment of money;

(iv) to engage accountants, custodians, engineers, investment advisors, consultants and technical advisers, attorneys and other agents and assistants, both professional and non-professional, and to compensate them in such reasonable degree and manner as may be necessary or advisable in connection with the business of the Company;

(v) to sue and be sued, to prosecute, settle or compromise all claims against third parties, to compromise, settle or accept judgment with respect to claims against the Company, and to execute all documents and to make all representations, admissions and waivers in connection therewith;

(vi) to engage in such other activities and transactions, and to enter into, make and perform such contracts, agreements and other undertakings, as may be necessary or advisable in connection with its business, including, without limitation, its business as disclosed in the Prospectus, any of the foregoing, or as otherwise contemplated in this Agreement; and

(vii) to exercise all powers which may lawfully be exercised by a limited liability company under the Act and other applicable laws.

2.6. No State-Law Partnership; Tax Treatment of Company. The Members intend that the Company shall not be a partnership (including a limited partnership) or joint venture, and that no Member shall be a partner or joint venturer of any other Member, by virtue of this Agreement, for any purposes other than United States federal and, if applicable, state income tax purposes, and neither this Agreement nor any other document entered into by the Company or any Member shall be construed to suggest otherwise. The Members intend that at all times during which the Company has more than one member, the Company shall be treated as a partnership for United States federal and, if applicable, state income tax purposes, and each Member and the Company shall file all tax returns and shall otherwise take all tax and financial reporting positions in a manner consistent with such treatment and shall not take any action, including the filing of any election, inconsistent with such treatment.

### **ARTICLE III.** **MEMBERS**

3.1. Members. The Members of the Company, their number and class of Membership Interests and their addresses shall be listed on Schedule A and said Schedule shall be amended

from time to time by the Board of Managers to reflect the admission of additional Members, transfers of Membership Interests or the issuance of additional Membership Interests pursuant to this Agreement. The Board of Managers will, upon written request, provide Members with the then most recently amended Schedule A, which shall constitute the record list of the Members for all purposes of this Agreement.

3.2. Admission of New Members. Additional Persons may, from time to time, be admitted to the Company as Members upon such terms as are established by the Board of Managers in accordance with the terms hereof. At the time of, and as a condition to, their admission to the Company, new Members shall pay the purchase price for their Membership Interests (including, if permitted by the Board of Managers in any particular instance, by delivering a promissory note or other property or securities) as determined by the Board of Managers. Except as otherwise expressly provided herein, following their admission to the Company, Members shall not be obligated to make any further Capital Contributions to the Company unless otherwise agreed by the Member at the time of admission. Upon the admission of a new Member, the Board of Managers shall amend Schedule A hereto to reflect such admission and to reflect the number and class of Membership Interests issued to such new Member and the purchase price paid therefor. Except as otherwise provided in Section 3.12, existing Members shall have no preemptive or similar right under this Agreement in connection with any new issuances of membership interests in the Company.

3.3. Meetings of Members.

(a) Regular/Special Meetings. The Board of Managers may establish dates for an annual or other regular meeting of Members, and may also call special meetings of the Members at any time, but no meetings of Members need be held. Except as otherwise provided in Article IV hereof for the purpose of electing Managers, Members shall not have the power to require that a meeting of Members be held or that any matter be voted upon by the Members (or any class thereof).

(b) Notice of Meetings. A written notice stating the place, date and hour of all meetings of Members shall be given by the Board of Managers not less than five nor more than fifty days before the meeting to each Member by delivering such notice to him or by mailing it, postage prepaid, and addressed to such Member at his address as it appears on the records of the Company. Notice need not be given to a Member if a written waiver of notice is executed before or after the meeting by such Member, if communication with such Member is unlawful, or if such Member attends the meeting in question, unless such attendance was for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting was not lawfully called or convened.

(c) Quorum. Members holding a majority of all Common Membership Interests issued, outstanding and entitled to vote shall constitute a quorum. Any meeting may be adjourned from time to time by a majority of the votes present in person or by proxy and entitled to vote at the meeting upon the question, whether or not a quorum is present.

(d) Action at Meeting.

(i) Subject to Section 3.3(d)(ii), except as otherwise set forth in this Agreement, when a quorum is present, any matter before the meeting shall be decided by a vote of the holders of a majority of Common Membership Interests present or represented by proxy at the meeting and entitled to vote on such matter, provided that all transactions involving the proposed acquisition by the Company of a Person who is not an Affiliate of the Company shall require the approval of the Board of Managers, and to the extent that an Existing Investor or its Affiliates has a financial interest in (or is entitled to nominate directors, partners, members or officers of) such Person, such approval shall be voted on by only those Managers unrelated to the Company and its Subsidiaries, the Existing Investors and Manager LLC.

(ii) Notwithstanding anything contained in this Agreement to the contrary including, without limitation, Section 3.3(d)(i), the Company may not, without the approval of a majority of the Managers and at least 80% of the votes cast by holders of outstanding Common Membership Interests: (1) other than in connection with an event of default under the Indenture, enter into a merger, consolidation, combination or other material transaction of a similar nature; (2) other than in connection with an event of default under the Indenture, directly or indirectly sell or otherwise dispose of all or substantially all of its assets; (3) redeem any of the outstanding Class A Preferred Membership Interests where such redemption is made at its discretion; (4) adopt any plan or proposal for the liquidating, dissolving, reorganizing or recapitalizing of the Company or to commence any action seeking relief under any laws relating to bankruptcy, insolvency, conservatorship or relief of debtors; (5) change its fiscal year (unless required or indicated for tax reasons) or make a material change in its accounting policies or procedures unless required under the applicable generally accepted accounting principles; (6) change the size of the Board of Managers; (7) take, or permit, any action which would prevent the business from continuing on an ongoing basis; or (8) agree to do any of the preceding.

(e) Voting and Proxies. Members shall have one vote for each Common Membership Interest owned by them of record according to the books of the Company. Class A Preferred Membership Interests and Class B Preferred Membership Interests shall be non-voting. Members may vote their Common Membership Interests either in person or by written proxy, but no proxy shall be voted or acted upon after six (6) months from its date, unless the proxy provides for a longer period and is coupled with an interest. Proxies shall be filed with the Board of Managers. Except as otherwise limited therein, proxies shall entitle the persons authorized thereby to vote at any adjournment or postponement of the relevant meeting. A proxy purporting to be executed by or on behalf of a Member shall be deemed valid unless challenged at or prior to its exercise and the burden of proving invalidity shall rest on the challenger.

(f) Action Without a Meeting. Any action required or permitted by law to be taken at any meeting of Members may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding Membership Interests having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all Membership Interests were present and voted. Prompt notice of the taking of action without a meeting by less

than unanimous written consent shall be given to those holders of Membership Interests who have not consented in writing.

3.4. Limitation of Liability of Members; Indemnity of Members. Except as otherwise provided in the Act, no Member of the Company shall be obligated personally for any debt, obligation or liability of the Company or of any other Member, whether arising in contract, tort or otherwise, solely by reason of being a Member of the Company. Except as otherwise provided in this Agreement, no Member shall have any fiduciary or other duty, whether arising under the Act or at law or in equity, or otherwise, to another Member with respect to the business and affairs of the Company, and no Member shall be liable to the Company or any other Member for acting in good faith reliance upon the provisions of this Agreement. No Member shall have any responsibility to restore any negative balance in its Capital Account or to contribute to or in respect of the liabilities or obligations of the Company or return distributions made by the Company except as required by the Act or other applicable law. The failure of the Company to observe any formalities or requirements relating to the exercise of its powers or the management of its business or affairs under this Agreement or the Act shall not be grounds for making its Members or Managers responsible for the liabilities of the Company. The Company shall indemnify and hold harmless each of the Members acting on behalf of the Company pursuant to the terms of this Agreement from and against any claim by any third party seeking monetary damages against such Member arising out of such Member's performance of its duties in good faith. Such indemnity shall continue unless and until a court of competent jurisdiction adjudicates that such course of conduct constituted gross negligence, willful misconduct or fraud of the Member, provided that if so adjudicated all amounts paid hereunder with respect to such course of conduct shall be repaid by the Member. Notwithstanding the foregoing, no Member is authorized to act on behalf of the Company except in accordance with an express resolution of the Board of Managers.

3.5. Authority. Unless specifically authorized by the Board of Managers, no Member shall be an agent of the Company or have any right, power or authority to act for or to bind the Company or to undertake or assume any obligation or responsibility of the Company or of any other Member.

3.6. Rights to Information. Members shall have the right to receive from the Board of Managers upon request a copy of the Certificate and of this Agreement, as amended from time to time, and such other information regarding the Company to which Members are entitled by the Act, subject to reasonable conditions and standards established by the Board of Managers, as permitted by the Act, which may include, without limitation, withholding or restrictions on the use of confidential information.

3.7. No Appraisal Rights. No Member shall have any right to have his Membership Interests appraised and paid out under the circumstances provided in Section 18-210 of the Act.

3.8. Classes of Membership Interests. Interests of Members in the profits and losses of the Company, voting rights, and the right of Members to distributions and allocations shall be evidenced by membership interests in the Company ("Membership Interests"). There shall

initially be three classes of Membership Interests, with voting and economic rights and preferences as follows:

(a) Class A Preferred Membership Interests

(i) Distributions. The holders of outstanding Class A Preferred Membership Interests shall be entitled to receive, out of any funds legally available therefor, cumulative distributions at the rate of 11.0625% of the Class A Preference Amount (as defined in Section 3.8(a)(ii)(A) below) per annum per Class A Preferred Membership Interest from the date of original issuance of such interest, plus at any time the Class A Preferred Membership Interests are owned by the Issuer, an amount equal to all of the Issuer's Ongoing Expenses and Costs, which distributions shall accrue daily in arrears and be compounded monthly, whether or not such distributions are declared by the Board of Managers and paid. All such distributions shall be determined and payable in Canadian dollars. No distributions shall be paid or set apart for payment on the Class A Junior Securities (as defined in Section 3.8(a)(ii)(A) below) unless and until all accrued and unpaid distributions on the Class A Preferred Membership Interests shall have been paid.

(ii) Liquidation.

(A) Class A Liquidation Preference. Upon any liquidation, dissolution or winding up of the Company, whether voluntary or involuntary (a "Liquidation Event"), each holder of outstanding Class A Preferred Membership Interests shall be entitled to be paid in cash, before any amount shall be paid or distributed to the holders of the Class B Preferred Membership Interests, the Common Membership Interests, or any other Membership Interests (the Class B Preferred Membership Interests, the Common Membership Interests and such other Membership Interests being referred to collectively as the "Class A Junior Securities"), an amount per Class A Preferred Membership Interest equal to Canadian \$5.767 (the "Class A Preference Amount"), plus any accrued but unpaid distributions on such Class A Preferred Membership Interests. If the amounts available for distribution by the Company to holders of Class A Preferred Membership Interests upon a Liquidation Event are not sufficient to pay the aggregate Class A Preference Amount plus any accrued but unpaid distributions on such Class A Preferred Membership Interests, such holders shall share ratably in any distribution in proportion to the full respective preferential amounts to which they are entitled.

(B) Remaining Assets. After the payment of all preferential amounts required to be paid to the holders of the Class A Preferred Membership Interests, any remaining assets and funds of the Company available for distribution to its holders shall be distributed among the holders of shares of Class A Junior Securities then outstanding in accordance with the terms of this Agreement.

(iii) Redemption

(A) All or a portion of the Class A Preferred Membership Interests will be redeemable at the option of the holder thereof upon the maturity date of the Subordinated Notes, or upon any redemption or prepayment of the Subordinated Notes required under the Indenture, for a price equal to 100% of the Class A Preference Amount plus any accrued but unpaid distributions thereon.

(B) All or a portion of the Class A Preferred Membership Interests will be redeemable at the option of the holder thereof at a redemption price equal to 100% of the Class A Preference Amount plus any accrued but unpaid distributions thereon, during any period that for U.S. federal income tax purposes the Issuer (i) is not, or would not be, in the opinion of nationally recognized tax counsel, permitted to deduct all or a substantial portion of the interest payable on the Subordinated Notes from its income; or (ii) is required to withhold or deduct any amount for or on account of taxes from any amounts paid or credited under or with respect to the Subordinated Notes and the Issuer is required under the Indenture to pay additional amounts to holders of the Subordinated Notes in respect of such withholding or deduction.

(C) All or a portion of the Class A Preferred Membership Interests will be redeemable at the option of the holder thereof for an amount equal to 101% of the Class A Preference Amount plus any accrued but unpaid distributions thereon, in the event that a Change of Control (as defined in the Indenture) occurs.

(D) All or a portion of the Class A Preferred Membership Interests will be mandatorily redeemable at any other time that a corresponding portion of the Subordinated Notes of the Issuer are required to be redeemed or repurchased by the Issuer pursuant to the Indenture, at such time and price and in the same amount that the Subordinated Notes are required to be redeemed or repurchased.

(b) Class B Preferred Membership Interests

(i) Distributions. The holders of outstanding Class B Preferred Membership Interests shall be entitled to receive, out of any funds legally available therefor, cumulative distributions at the rate of 11.0% of the Class B Preference Amount (as defined in Section 3.8(b)(ii)(A) below) per annum per Class B Preferred Membership Interest from the date of original issuance of such interest, which distributions shall accrue daily in arrears and be compounded monthly, whether or not such distributions are declared by the Board of Managers and paid. All such distributions shall be determined and payable in Canadian dollars. No distributions shall be paid or set apart for payment on the Class B Junior Securities (as defined in Section 3.8(b)(ii)(A) below) unless and

until all accrued and unpaid distributions on the Class B Preferred Membership Interests shall have been paid.

(ii) Liquidation.

(A) Class B Liquidation Preference. Upon any Liquidation Event, each holder of outstanding Class B Preferred Membership Interests shall be entitled to be paid in cash, before any amount shall be paid or distributed to the holders of the Common Membership Interests or any other Membership Interests ranking on liquidation junior to the Class B Preferred Membership Interests (the Common Membership Interests and such other Membership Interests being referred to collectively as the “Class B Junior Securities”), an amount per Class B Preferred Membership Interest equal to Canadian \$5.767 (the “Class B Preference Amount”), plus any accrued but unpaid distributions on such Class B Preferred Membership Interests. If the amounts available for distribution by the Company to holders of Class B Preferred Membership Interests upon a Liquidation Event are not sufficient to pay the aggregate Class B Preference Amount plus accrued but unpaid distributions due to such holders, such holders shall share ratably in any distribution in proportion to the full respective preferential amounts to which they are entitled.

(B) Remaining Assets. After the payment of all preferential amounts required to be paid to the holders of the Class A Preferred Membership Interests, and the holders of the Class B Preferred Membership Interests and any other class or series of stock of the Company ranking in liquidation on a parity with the Class B Preferred Membership Interests, the remaining assets and funds of the Company available for distribution to its holders shall be distributed among the holders of shares of Class B Junior Securities then outstanding in accordance with the terms of this Agreement.

(iii) Redemption. All or a portion of the Class B Preferred Membership Interests will be redeemable at the option of the holder thereof at any time after redemption in full of all of the Class A Preferred Membership Interests. Upon exercise by a holder of its redemption right with respect to the Class B Preferred Membership Interests, all distributions of available cash (other than Tax Distributions) will be paid to the holders of the Class B Preferred Membership Interests until they have received payment in full of their Class B Preference Amount plus any accrued but unpaid distributions thereon.

(c) Common Membership Interests shall confer upon the holder(s) thereof the right to vote in the manner and on the matters specified in this Agreement and all matters on which members of a limited liability company are entitled to vote pursuant to the Act. Holders of Common Membership Interests will be entitled to receive distributions as and when declared by the Board of Managers after payment in full of all accrued but unpaid distributions on the

Class A Preferred Membership Interests and Class B Preferred Membership Interests. Upon the voluntary or involuntary liquidation, dissolution or winding-up of the Company, the holders of Common Membership Interests are entitled to share ratably in the remaining assets available for distribution, after payment of liabilities of the Company and all accrued but unpaid Class A Preference Amounts and Class B Preference Amounts.

3.9. Certificates. Unless otherwise determined by the Board of Managers, Membership Interests shall not be represented by certificates.

3.10. Record Holders. Except as may otherwise be required by law or by this Agreement, the Company shall be entitled to treat the record holder of Membership Interests as shown on its books as the owner of such Membership Interests for all purposes, including the payment of distributions and the right to vote with respect thereto, regardless of any transfer, pledge or other disposition of such Membership Interests, until such Membership Interests have been transferred on the books of the Company in accordance with the requirements of this Article III and in compliance with the restrictions on Transfer set forth in Article X of this Agreement. It shall be the duty of each Member to notify the Company of his, her or its address.

3.11. Record Date. In order that the Company may determine the Members entitled to notice of or to vote at any meeting of the Company or any adjournment thereof, or to express consent to an action of the Company in writing without a meeting, or entitled to receive payment of any distribution or allotment of any rights, or entitled to exercise any rights in respect of any change, conversion or exchange of Membership Interests or for the purpose of any other lawful action, the Board of Managers may fix, in advance, a record date, which shall not be more than sixty (60) nor less than ten (10) days before the date of such meeting, nor more than sixty (60) days prior to any other action. In such case only Members of record on such record date shall be so entitled notwithstanding any transfer of Membership Interests on the books of the Company after the record date.

If no record date is fixed, (a) the record date for determining Members entitled to notice of or to vote at a meeting of Members shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held, (b) the record date for determining Members entitled to vote by written consent to corporate action in writing without a meeting, when no prior action by the Board of Managers is necessary, shall be as of the day on which a Member first executes a written consent, and (c) the record date for determining Members for any other purpose shall be at the close of business on the day on which the Board of Managers adopts the resolution relating thereto.

3.12. Preemptive Right. If the Company authorizes the issuance or sale of any Membership Interests or rights, options, warrants or convertible or exchangeable securities entitling the holders thereof to subscribe for or purchase or otherwise acquire any Membership Interests ("Membership Interest Equivalents") other than in connection with Section 10.6, then the Company shall offer to sell to each Member a portion of such Membership Interests or Membership Interest Equivalents equal to (a) the number of Common Membership Interests held by such Member divided by (b) the total number of Common Membership Interests held by all

Members on the date of determination thereof (which number for greater certainty shall not include the Membership Interests or Membership Interest Equivalents to be issued or sold pursuant to this Section). In order to accept an offer under this Section 3.12, a Member must, within twenty-five (25) days after receipt of written notice from the Company describing in reasonable detail the Membership Interests or Membership Interest Equivalents being offered, the purchase price thereof, the payment terms and such holder's percentage allotment, deliver a written notice accepting such offer to the Company. To the extent one or more Members elect not to accept such offer for the full amount of such offered securities which they are entitled to purchase pursuant to this Section 3.12, the other Members' right to accept such offer shall be increased proportionately (based upon Common Membership Interests held by Members electing to participate) and such other Members shall have an additional five (5) days from the date upon which they are notified of such failure to accept such offer in which to increase the number of securities offered hereunder to be purchased. During the ninety (90) days following the expiration of such additional five (5) day period, the Company shall be entitled to sell any such Membership Interests or Membership Interest Equivalents which the Members have not elected to purchase on terms and conditions no more favorable to the purchasers thereof than those offered to such Members. If the Company desires to consummate the sale and issuance of any Membership Interests or Membership Interest Equivalents prior to the expiration of the twenty-five (25) day notice period above, the Company may consummate the sale and issuance to any Member that has elected to participate in the issuance and sale up to such Member's percentage allotment.

3.13. Restrictions on Class A Preferred Membership Interests. Each of the Class A Preferred Membership Interests shall be subject to the following restrictions, in addition to any other restrictions or limitations set forth in this Agreement:

(a) Repurchase of Class A Preferred Membership Interests. The Company shall have the right and option to repurchase all or any portion of the Class A Preferred Membership Interests on or after the fifth anniversary of the Closing at a redemption price equal to: (i) 105% of the Class A Preference Amount of the Class A Preferred Membership Interests being redeemed where the redemption occurs on or after the fifth anniversary but before the seventh anniversary of the Closing; (ii) 104% of such amount where the redemption occurs on or after the seventh anniversary but before the ninth anniversary of the Closing; (iii) 103% of such amount where the redemption occurs on or after the ninth anniversary but before the 10<sup>th</sup> anniversary of the Closing; (iv) 102% of such amount where the redemption occurs on or after the 10<sup>th</sup> anniversary but before the 11<sup>th</sup> anniversary of the Closing; (v) 101% of such amount where the redemption occurs on or after the 11<sup>th</sup> anniversary but before the 12<sup>th</sup> anniversary of the Closing; and (vi) 100% of the Class A Preference Amount where the redemption occurs on or after the 12<sup>th</sup> anniversary of the Closing, together with, in each case, any accrued but unpaid distributions on the Class A Preferred Membership Interests to the date of redemption.

(b) Closing Procedure. If the Company or its assigns desires to exercise its right to repurchase Class A Preferred Membership Interests pursuant to Section 3.13(a) above, then the Company shall effect such repurchase by delivering to such Class A Member written notice within sixty (60) days, specifying a date within such sixty (60) day period in which repurchase shall be effected (the "Exercise Notice"). Any Membership Interests repurchased by

the Company shall be cancelled and no longer outstanding, and Schedule A hereto shall be amended accordingly. The Company may not reissue any repurchased Membership Interests.

3.14. Fiscal Year. The Company shall adopt a fiscal and taxable year ended December 31, unless a different taxable year is required under the Code or Treasury Regulations.

3.15. Title to Property. Legal title to all real and other property of the Company shall be taken and at all times held in the name of the Company and shall be deemed owned by the Company as a limited liability company. No Member, individually, shall have any ownership of any such property.

#### **ARTICLE IV.** **MANAGEMENT**

##### 4.1. Board of Managers.

(a) Composition. Except as otherwise set forth herein, the business of the Company shall be undertaken by a board of managers (the "Board of Managers," and each Member thereof, a "Manager"). From and after the date hereof each Member shall vote all of his, her or its Membership Interests and any other voting securities of the Company over which such Member has voting control and will take all other necessary or desirable actions within his, her or its control (whether in his, her or its capacity as a Member of the Company or otherwise, including, without limitation, attendance at meetings in person or by proxy for purposes of obtaining a quorum and execution of written consents in lieu of meetings), and the Company will take all necessary and desirable actions within its control, in order to cause:

(i) the authorized number of managers on the Board of Managers to consist of a minimum of one (1) and a maximum of seven (7), and upon execution of this Agreement the Board of Managers shall consist of seven (7) managers; and

(ii) the following individuals to be initially elected to the Board of Managers:

(A) four (4) representatives of the Issuer (consisting of the three (3) directors of the Issuer and a fourth individual designated by them), all of whom will be unrelated to and independent from the Company, the Existing Investors, Manager LLC and their respective Affiliates and at least one (1) of whom will be a U.S. resident;

(B) two (2) representatives of the Existing Investors; and

(C) one (1) representative of Manager LLC or its successor as manager of the Company pursuant to the Management Agreement.

(b) The Existing Investors shall be entitled to designate two (2) individuals as managers for so long as the Existing Investors continue to own 20% or more of the outstanding Common Membership Interests; provided, that such number of representatives shall decrease

from two (2) to one (1) in the event that the Existing Investors hold at least 10% of the outstanding Common Membership Interests but less than 20%; and provided further that the number of representatives shall decrease from one (1) to zero in the event that the Existing Investors cease to hold at least 10% of the outstanding Common Membership Interests. In the event the Board of Managers is reduced in accordance with this paragraph (b), the size of the Board of Managers of the Company will be correspondingly reduced.

(c) At all times, a majority of the Managers shall be U.S. residents and unrelated to the Company, the Existing Investors, Manager LLC and their respective Affiliates. The initial Managers and all subsequently elected Managers shall hold office until their successors have been elected and qualified. All representatives of the Existing Investors and the representative of Manager LLC must be U.S. residents.

4.2. Meetings. Meetings of the Managers may be held at such time and place as determined by any two (2) Managers by resolution.

4.3. Notice. Written notice of meetings of the Board of Managers shall be delivered at least twenty-four (24) hours before the meeting personally, by telecopier, or by electronic means to the Managers. A waiver of notice in writing, signed by a Manager before, at, or after the time of the meeting stated in the notice, shall be equivalent to the giving of such notice.

4.4. Conduct of Meetings. By attending a meeting or executing a written consent of the Board of Managers in lieu of meeting, a Manager waives objection to the lack of notice or defective notice unless, at the beginning of the meeting, the Manager objects to the holding of the meeting or the transacting of business at the meeting. Managers may participate in any meeting of the Board of Managers through telephonic or similar communications equipment by which all individuals participating in the meeting can hear one another, and such participation shall constitute presence in person at such meeting. A majority of the Board of Managers shall constitute a quorum at any meeting of the Board of Managers.

4.5. Action of Managers. All decisions of the Managers shall be made by a majority of the Board of Managers at a properly called meeting of the Board of Managers at which a majority of the Board of Managers is present, or by the written consent of a majority of the Board of Managers.

4.6. Powers. Except as otherwise set forth herein, all powers of the Company, including those set forth in Section 2 hereof, shall be exercised by the Board of Managers. Decisions of the Board of Managers, within their scope of authority, shall be binding on the Company and each Member. The Board of Managers shall have full, exclusive and complete discretion, power and authority, subject to any other express provisions of this Agreement and the Management Agreement or by non-waivable provisions of applicable law, to manage, control, administer and operate the business and affairs of the Company, to make all decisions affecting such business and affairs that the Board of Managers considers necessary, convenient or advisable, and to bind the Company. The Members acknowledge and agree that the Company has entered into the Management Agreement, pursuant to which certain powers and authority have been delegated to Manager LLC. Except as otherwise expressly provided in this

Agreement and by non-waivable provisions of applicable law, no Member may bind the Company.

4.7. Committees. In its sole discretion and from time to time the Board of Managers may by resolution appoint one or more Managers to one or more committees and delegate to each committee any powers that may be exercised by the full Board of Managers. Initially, the Company shall have a Compensation Committee, a Nominating and Corporate Governance Committee and an Audit Committee, each of which shall meet all regulatory guidelines which would apply if the Company were a listed reporting issuer in the provinces and territories of Canada.

4.8. Exculpation. A Manager shall not be liable to the Company or any Member for any loss or damage sustained by the Company, unless the loss or damage shall have been the result of the Manager's gross negligence, willful misconduct or fraud. Without limiting the generality of the preceding sentence, a Manager does not in any way guarantee the return of any capital contribution to a Member or a profit for the Members from the operations of the Company.

## **ARTICLE V. INDEMNIFICATION**

5.1. Indemnification of Managers. The Company shall indemnify each member of the Board of Managers and each individual who serves at the request of the Company as a director, manager, officer or trustee (or like position) of another organization in which the Company has any interest as a security holder, creditor or otherwise (each an "Indemnifiable Party") against all liabilities, losses and expenses, including, but not limited to, amounts paid in satisfaction of judgments, in compromise settlements, and fines, penalties and counsel fees, reasonably incurred in connection with the defense or disposition of any action, suit or other proceeding, whether civil or criminal, before any court or administrative or legislative body, in which the Indemnifiable Party may be or may have been involved as a party or otherwise or with which it or they may be or may have been threatened, while in office or thereafter by reason of being or having been such member of the Board of Managers, or serving or having served at the request of the Company as such director, manager, officer or trustee (or like position); provided, however, that indemnification shall not be paid hereunder with respect to any matter as to which the Indemnifiable Party shall have been finally adjudicated in any such action, suit or other proceeding, or otherwise by a court of competent jurisdiction, to have committed an action of gross negligence, willful misconduct or fraud in the conduct of its or their office.

5.2. Advancement of Expenses Expenses, including reasonable counsel fees, so incurred by an Indemnifiable Party asserting the right to indemnification hereunder may be paid by the Company in advance of the final disposition of any such action, suit or proceeding following receipt of a written undertaking from such party that the amounts so paid shall be repaid to the Company if it is ultimately determined that indemnification of such expenses is not authorized under this Article V; provided, however, that if such action, suit or proceeding has been commenced and is being pursued by Members representing in excess of fifty percent (50%)

of the combined Capital Contributions of all Members, no such expenses shall be advanced prior to the initial disposition of such action, suit or proceeding.

5.3. Settlements. As to any matter disposed of by a compromise payment, pursuant to a consent decree or otherwise, no such indemnification, either for said payment or for any other expenses, shall be provided unless there has been obtained written advice of independent legal counsel to the effect that, based on facts and circumstances presented to such counsel which are represented by the Board of Managers as being accurate and complete, the Indemnifiable Party appears to have acted in good faith in the reasonable belief that its or his action was in the best interests of the Company and that such indemnification would not protect such Indemnifiable Party against any liability to the Company or the Members to which it would otherwise be subject by reason of gross negligence, willful malfeasance, fraud in the conduct of its or their office, an action not taken in good faith or actions not taken in the reasonable belief that the Indemnifiable Party is acting in the best interests of the Company and the Members.

5.4. Non-Exclusive Nature of Indemnification. The right of indemnification hereby provided shall not be exclusive of or affect any other rights to which the Indemnifiable Party may be entitled under any statute, bylaw, agreement or otherwise.

5.5. Insurance. The Company may, but is not obligated to, purchase and maintain insurance on behalf of any person who is or was a Manager of the Company, or is or was serving at the request of the Company as a director, manager, officer or trustee (or like position) of another organization, against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the Company would have the power to indemnify him against such liability under the provisions of the Act (as presently in effect or hereafter amended) or this Agreement.

5.6. Duration of Rights; Amendment. The rights to indemnification provided by this Article V shall continue as to a person who has ceased to be a Manager or ceased to serve at the request of the Company as a director, manager, officer or trustee (or like position) of another organization and shall inure to the benefit of the heirs, executors and administrators of such a person. Each person who is or becomes a Manager of the Company or serves at the request of the Company as a director, officer or trustee of another organization shall be deemed to have served and/or to have continued to serve in such capacity in reliance on the rights to indemnification provided by this Article V. This Article V may be amended only so as to have a prospective effect.

## **ARTICLE VI.** **CERTAIN TRANSACTIONS**

6.1. Transactions with Interested Persons. Unless otherwise provided herein or entered into in bad faith, no contract or transaction between the Company and one or more of its Managers or Members, or between the Company and any other corporation, partnership, association or other organization in which one or more of its Managers or Members have a financial interest or are directors, partners, members or officers, shall be voidable solely for such reason or solely because said Manager or Member was present or participated in the

authorization of such contract or transaction if the material facts as to the relationship or interest of said Manager or Member and as to the contract or transaction were disclosed or known to the Board of Managers and the contract or transaction was authorized by the Board of Managers without participation by any interested Manager, and no Manager or Member interested in such contract or transaction, because of such interest, shall be considered to be in breach of this Agreement or liable to the Company, any Member, or any other Person for any loss or expense incurred by reason of such contract or transaction or shall be accountable for any gain or profit realized from such contract or transaction.

6.2. Outside Transactions. Nothing in this Agreement or otherwise shall be construed to (i) prohibit any Manager or Member or any Affiliate of any Manager or Member from buying or selling securities for his or its own account or the account of others, including securities of the same issuers as those held (or proposed to be held) by the Company; or (ii) impose any duty on any Manager or Member or any Affiliate of any Manager or Member to present investment or other opportunities to the Company, other than as required under the ROFO Agreement and the Management Support Agreement.

6.3. Restriction on Purchase of Issuer Securities. Notwithstanding the foregoing provisions of this Article VI, no Member other than the Issuer shall, during any period in which it is a Member of the Company, purchase or otherwise acquire, directly or indirectly, any Subordinated Notes of the Issuer, other than as a result of an acquisition of Income Participating Securities of the Issuer.

6.4. Authorization, Approval of Certain Financing Transactions and Documents.

(a) The Members deem it appropriate and in the best interests of the Company to enter into, execute and consummate the transactions contemplated by, and to incur and perform its obligations under and take all actions contemplated by, each of the following documents: (i) the Credit Agreement to be dated as of November 18, 2004 by and among the Company, Bank of Montreal (the "Bank") in various capacities, the other lenders party thereto and Harris Nesbitt Corp. (the "Credit Agreement"); (ii) the promissory note or notes to be dated on or about November 18, 2004 and issued by the Company to one or more Lenders under the Credit Agreement (whether one or more such notes, the "Note"); (iii) the Pledge Agreement and Irrevocable Proxy between the Company and the Collateral Agent named therein to be dated on or about November 18, 2004 (the "Pledge Agreement"); (iv) the Collateral Agency and Intercreditor Agreement among the Company, the entities specified therein as Guarantors, the Lenders parties to the Credit Agreement, the Bank, as Administrative Agent and Collateral Agent, the Trustee named therein and the other secured parties signatories thereto to be dated on or about November 18, 2004 (the "Intercreditor Agreement"); (v) the Deposit and Disbursement Agreement among the Company, the Guarantors, the Bank, as Collateral Agent, the Trustee and the Depository Bank named therein to be dated on or about November 18, 2004 (the "Depository Agreement"); (vi) the 1992 ISDA Master Agreement (Multicurrency Cross-Border) between the Company and the Bank, to be dated on or about November 18, 2004, together with the Schedule and Confirmation relating thereto (the "F/X Swap" and, together with the Credit Agreement, the Note, the Pledge Agreement, the Intercreditor Agreement and the Depository Agreement, collectively the "Transaction Documents"); (vii) any and all other agreements, letters, certificates, instruments or documents related to the Transaction Documents, including, without

limitation, the Agent/Arranger Fee Letter required under the Credit Agreement, each Request for Credit Extension required under the Credit Agreement and each Compliance Certificate required under the Credit Agreement (the “Ancillary Documents”); and the Members, by their signatures to this Agreement, do hereby authorize, approve and adopt, the Transaction Documents, each in substantially the respective form thereof presented to the Members (being in each case the respective draft thereof bearing draft date November 17, 2004).

(b) The Members hereby authorize, direct and empower any one of the Managers of the Company, or any officer, manager or other authorized employee of Manager LLC (each such Manager, and each such officer, manager or other authorized employee of Manager LLC, an “Authorized Person”), acting singly, to execute and deliver the Transaction Documents on behalf of and in the name of the Company, with such changes therein as in any such case such Authorized Person executing the same on behalf of the Company may approve, such execution to constitute conclusive evidence of such approval, together with any and all amendments, supplements, modifications, extensions, restatements, renewals, replacements, and any additional agreements, documents or instruments (including, without limitation, the Ancillary Documents) relating to the foregoing.

## **ARTICLE VII.**

### **CAPITAL ACCOUNTS AND CONTRIBUTIONS**

7.1. Capital Accounts. A separate capital account (a “Capital Account”) shall be maintained for each Member in accordance with Treasury Regulations Section 1.704-1(b)(2)(iv), and this Section 7.1 shall be interpreted and applied in a manner consistent with said Section of the Treasury Regulations. In accordance with Treasury Regulations Section 1.704-1(b)(2)(iv)(f), the Company shall adjust the Capital Accounts of its Members to reflect revaluations of the Company property (including intangible assets such as goodwill) (any such adjustment, a “Book Up”), whenever it issues additional interests in the Company, whenever it redeems interests in the Company or whenever the adjustments would otherwise be permitted under such Treasury Regulations and determined by the Tax Matters Partner to be appropriate. In the event that the Capital Accounts of the Members are so adjusted, (i) the Capital Accounts of the Members shall be adjusted in accordance with Treasury Regulations Section 1.704-1(b)(2)(iv)(g) for allocations of depreciation, depletion, amortization and gain or loss, as computed for book purposes, with respect to such property and (ii) the Members’ distributive shares of depreciation, depletion, amortization and gain or loss, as computed for tax purposes, with respect to such property shall be determined so as to take account of the variation between the adjusted tax basis and book value of such property in the same manner as under Code Section 704(c). In the event that Code Section 704(c) applies to Company property, the Capital Accounts of the Members shall be adjusted in accordance with Treasury Regulations Section 1.704-1(b)(2)(iv)(g) for allocations of depreciation, depletion, amortization and gain and loss, as computed for book purposes, with respect to such property. With respect to any Contributions of property by the Existing Investors, the Company shall use the “traditional method” specified by Treasury Regulations Section 1.704-3(b). The Capital Accounts shall be maintained for the sole purpose of allocating items of income, gain, loss and deduction among the Members and shall have no effect on the amount of any distributions to any Members in liquidation or otherwise.

7.2. Contributions, Generally. All contributions to the capital of the Company (each a “Contribution”) and the opening balance of each Member’s Capital Account shall be set forth on Schedule A, as amended from time to time. Except as expressly provided in this Agreement, no Member or Manager shall be entitled or required to make any contribution to the capital of the Company; however, the Company may borrow from its Members as well as from banks or other lending institutions to finance its working capital or the acquisition of assets upon such terms and conditions as shall be approved by the Managers, and any borrowing from Members shall not be considered Contributions or reflected in their Capital Accounts. The value of all non-cash Contributions made by Members shall be set forth on Schedule A. No Member shall be entitled to any interest or compensation with respect to his Contribution or any services rendered on behalf of the Company except as specifically provided in this Agreement or approved by the Board of Managers. No Member shall have any liability for the repayment of the Contribution of any other Member and each Member shall look only to the assets to the Company for return of his, her or its Contribution.

## **ARTICLE VIII.** **ALLOCATIONS**

8.1. Allocations. Subject to Sections 8.4 through 8.7, all items of income, gain, loss and deduction as determined for book purposes for each taxable year shall be allocated among the Members in such ratio or ratios as may be required to cause the balances of the Members’ Economic Capital Accounts to equal, as nearly as possible, their Target Balances, consistent with the provisions of Section 8.8.

8.2. Allocation Provisions and Elections. Subject to the other provisions of this Agreement, any elections or other decisions relating to the allocations of items of income, gain, loss, deduction, credit or other tax matters shall be made by the Tax Matters Partner in any manner that reasonably reflects the purpose and intention of this Agreement. The determination by the Tax Matters Partner as to the value of the Company’s assets as of the date of any Book-Up shall be final, conclusive and binding upon the Members in the absence of bad faith or manifest error.

8.3. Allocations to Transferred Membership Interests. If any Membership Interests in the Company are transferred, issued or redeemed during the year, all items of income, gain, loss, deduction and credit recognized by the Company for such year shall be allocated among the Members under the “closing of the books” method in the case of Common Membership Interests, or based on a pro rata daily allocation of accrued distributions, in the case of Class A or Class B Preferred Membership Interests, unless a majority of the Managers authorizes use of a different method. The transferee of any Membership Interests shall succeed to the portion of the Capital Account of the transferor attributable to such Membership Interests, unless otherwise agreed by the transferor, the transferee and the Company.

8.4. Qualified Income Offset. Any Member who unexpectedly receives an adjustment, allocation or distribution described in Treasury Regulations Section 1.704-1(b)(2)(ii)(d)(4), (5) or (6) that causes or increases a deficit balance in his Capital Account, as adjusted pursuant to such Treasury Regulations, shall be allocated items of income and gain in

an amount and manner sufficient to eliminate, to the extent required by the Treasury Regulations, such deficit balance as quickly as possible. This Section 8.4 is intended to comply with the alternate test for economic effect set forth in Treasury Regulations Section 1.704-1(b)(2)(ii)(d) and shall be interpreted and applied in a manner consistent therewith.

8.5. Nonrecourse Deductions. Nonrecourse Deductions shall be allocated to the holders of the Common Membership Interests in proportion to the number of their Common Membership Interests. For purposes of this Section 8.5, the term “Nonrecourse Deductions” has the meaning set forth in Treasury Regulations Section 1.704-2(b)(1).

8.6. Company Minimum Gain Chargeback. Notwithstanding any other provisions of this Article VIII, in the event there is a net decrease in Company Minimum Gain (as defined below) during any Company fiscal year, the Members shall be allocated items of income and gain in accordance with Treasury Regulations Section 1.704-2(f). For purposes of this Article VIII, the term “Company Minimum Gain” has the same meaning as “partnership minimum gain” as set forth in Treasury Regulations Section 1.704-2(b)(2), and any Member’s share of Company Minimum Gain shall be determined in accordance with Treasury Regulations Section 1.704-2(g)(1). This Section 8.6 is intended to comply with the minimum gain chargeback requirement of Treasury Regulations Section 1.704-2(f) and shall be interpreted and applied in a manner consistent therewith.

8.7. Member Nonrecourse Debt. Notwithstanding any other provisions of this Article VIII, to the extent required by Treasury Regulations Section 1.704-2(i), any items of income, gain, deduction and loss of the Company that are attributable to a nonrecourse debt of the Company that constitutes Member Nonrecourse Debt (as defined below) (including chargebacks of Member Nonrecourse Debt Minimum Gain) shall be allocated in accordance with the provisions of Treasury Regulations Section 1.704-2(i). For purposes of this Article VIII, the term “Member Nonrecourse Debt” has the same meaning as “partner nonrecourse debt” as set forth in Treasury Regulations Section 1.704-2(i)(4). This Section 8.7 is intended to satisfy the requirements of Treasury Regulations Section 1.704-2(i) (including the partner nonrecourse debt chargeback requirements) and shall be interpreted and applied in a manner consistent therewith.

8.8. Compliance with Code Section 704(b). The allocation provisions contained in this Article VIII are intended to comply with Code Section 704(b) and the Treasury Regulations promulgated thereunder and shall be interpreted and applied in a manner consistent therewith.

## **ARTICLE IX.** **DISTRIBUTIONS**

### 9.1. Distributions.

(a) Amount Available for Distribution. A majority of the Board of Managers, or, if applicable, the liquidating trustee, shall determine the amount available for distribution at any time, and shall have the authority to retain reasonable reserves to fund the expenses and other liabilities accrued or reasonably expected to be incurred by the Company including for any acquisitions or capital expenditures permitted under the Indenture and for deposits into a reserve

account to be used to stabilize distribution and fund acquisitions and other growth opportunities. Notwithstanding the foregoing, except as otherwise expressly provided herein, no amount shall be treated as available for distribution if, at the time of determination, any Membership Interests are required to be redeemed by the Company pursuant to this Agreement and have not been so redeemed.

(b) Ordinary Distributions. The Company shall, subject to the further provisions of this Section 9.1, make distributions to the Members in the following order of priority:

(i) First, to holders of Class A Preferred Membership Interests, pro rata in proportion to the number of Class A Preferred Membership Interests held by such holder, to the extent of any accrued but unpaid distributions provided for in Section 3.8(a)(i) hereof;

(ii) Second, to holders of Class B Preferred Membership Interests, pro rata in proportion to the number of Class B Preferred Membership Interests held by such holder, to the extent of any accrued but unpaid distributions provided for in Section 3.8(b)(i) hereof; and

(iii) Third, to holders of Common Membership Interests, pro rata in proportion to the number of Common Membership Interests held by such holder.

Notwithstanding the foregoing, no distribution shall be made to holders of Common Membership Interests except to the extent that the Issuer would be permitted under the Indenture to pay a dividend to holders of its outstanding stock in an amount equal to the distribution received by the Issuer, net of any reserves for taxes or other expenses incurred or expected to be incurred by the Issuer.

(c) Distributions upon a Capital Event. The Company shall, subject to the other provisions of this Section 9.1, distribute the net proceeds of a Capital Event to the Members in the following order of priority:

(i) First, to holders of Class A Preferred Membership Interests, pro rata in proportion to the number of Class A Preferred Membership Interests held by such holder, to the extent provided for in Section 3.8(a)(ii) hereof;

(ii) Second, to holders of Class B Preferred Membership Interests, pro rata in proportion to the number of Class B Preferred Membership Interests held by such holder, to the extent provided for in Section 3.8(b)(ii) hereof;

(iii) Third, to holders of Common Membership Interests, pro rata in proportion to the number of Common Membership Interests held by such holder.

(d) Withholding; Repayment by Issuer of 1446 Refund. Notwithstanding anything otherwise provided herein, except as set forth in this Section 9.1(d), any amount paid by the Company at any time and from time to time to United States or other federal, state or local

tax authority that is in the nature of a withholding tax with respect to the interest of any Member shall be treated as a distribution to such Member under this Section 9.1(d). Notwithstanding the foregoing or anything else in this Agreement to the contrary, amounts required to be withheld by the Company pursuant to Section 1446 of the Code in respect of the Issuer shall not reduce the amount otherwise distributable to the Issuer pursuant to Sections 9.1(b) or (c) hereof to the extent that the Issuer reasonably determines that it should be entitled to a refund (the “Anticipated Refund Amount”) of such withholding tax upon the filing of its U.S. federal income tax return for the applicable taxable year. The Issuer and the Company shall cooperate in good faith to provide such information and assistance to each other as is necessary to reasonably estimate the Anticipated Refund Amount prior to the time that the Company is required to make any withholding pursuant to Section 1446 of the Code with respect to the Issuer. The Issuer shall make a Contribution to the Company equal to the Anticipated Refund Amount for each taxable year upon the earliest of (i) receipt of any refund of U.S. federal income tax for such year (including the application of such refund against a current tax liability and regardless of whether or not the amount of such refund equals the Anticipated Refund Amount), (ii) receipt of notification by the United States Internal Revenue Service that the Issuer has been denied a refund for such year, or (iii) ten (10) months after the end of the taxable year with respect to which the withholding was made.

9.2. No Limitation. The provisions of this Article IX shall not be construed to limit the power and authority of the Board of Managers to admit additional Members and issue additional Membership Interests pursuant to Section 3.2, which issuance shall require the approval of a majority of the Board of Managers.

9.3. Compliance with Law. Notwithstanding anything to the contrary in this Agreement, the Company shall not make any distributions to the extent such distributions would violate the Act or other applicable law.

## **ARTICLE X.**

### **TRANSFERS OF INTERESTS**

10.1. General Restrictions on Transfer. No Member may give, sell, assign, transfer, exchange or otherwise dispose of any Membership Interests (each such activity a “Transfer”) except as provided in this Article X. A pledge or the grant of a security interest in Membership Interests to secure a loan made by an unaffiliated third-party lender and the subsequent foreclosure of such security interest by the holder of that loan shall not constitute a “Transfer.”

The Company and its Members and Managers shall be entitled to treat the record owner of Membership Interests as the absolute owner thereof in all respects, and shall incur no liability for distributions of cash or other property made in good faith to such owner until, subject to compliance with this Article X, such time as a written assignment of such Membership Interests has been received and accepted by the Board of Managers and recorded on the books of the Company.

10.2. Permitted Transfers. Subject to the requirements of Section 10.3, but without compliance with Section 10.4, a Member’s Membership Interests may be transferred from time

to time (i) to the successor to such Member by way of merger, consolidation, or sale of all or substantially all of such Member's assets, or (ii) to an Affiliate of a Member or (iii) with the prior written consent of the Members. For purposes of this Agreement, an "Affiliate" of any person means a person that directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with the first mentioned person. An Affiliate of an investment vehicle shall also include any other investment vehicle that is managed or advised by the same person or by an Affiliate of said person, and any stockholders, members or partners of such investment vehicle. A Person shall be deemed to control another Person if such first Person possesses directly or indirectly the power to direct, or cause the direction of, the management and policies of the second Person, whether through the ownership of voting securities, by contract or otherwise or if such Person has the right to receive more than fifty percent (50%) of the profits of a corporation, partnership or limited liability company.

10.3. Requirements for Transfer. Every Transfer permitted hereunder, including Transfers permitted by Section 10.2, shall be subject to the following requirements:

(a) The transferee shall establish that the proposed Transfer will not cause or result in a breach of any agreement binding upon the Company or any violation of law, including, without limitation, federal, state, provincial or territorial securities laws, and that the proposed Transfer would not cause or require (i) the Company to be an investment company as defined in the Investment Company Act of 1940, as amended or (ii) the registration of the Company's securities under federal, state, provincial or territorial securities laws;

(b) The transferee shall establish to the satisfaction of the Board of Managers that the transferee is financially responsible and of good character and that the proposed Transfer would not adversely affect the classification of the Company as a partnership or other non-taxable or disregarded entity for U.S. federal income tax purposes; and

(c) The transferee shall execute a counterpart of this Agreement and such other documents or instruments as may be required by the Board of Managers to reflect the provisions hereof, and the transferred Membership Interests shall continue to be subject to all restrictions under this Agreement.

Until the foregoing requirements are met, the Company need not recognize the transferee for any purpose under this Agreement, and the transferee shall be entitled only to the rights of a transferee who is not a Member under the Act.

10.4. Co-Sale Option.

(a) In the event that a Member (the "Offeree") receives a written offer (an "Offer") made in good faith by a third party, not including any Affiliate of the Company or the Offeree, (the "Offeror") to purchase Membership Interests which constitute 20% or more of the Membership Interests held by the Offeree, each of the Members that are Existing Investors shall have the right, subject to the requirements of Section 10.3, to participate in the Offer on the terms and conditions herein stated (the "Co-Sale Option"). The Offeree shall deliver copies of the Offer to each of the Members and to the Board of Managers. The Co-Sale Option shall be exercisable by a Member that is an Existing Investor upon written notice to the Offeree within

thirty (30) days after such Member receives the Offer from the Offeree (the "Offer Receipt Date").

(b) Each of the Members that are Existing Investors shall have the right to sell a portion of its Membership Interests to the Offeree in an amount up to the product obtained by multiplying (i) the total number of Membership Interests subject to the Offer by (ii) a fraction, the numerator of which is the total number of Common Membership Interests owned by such Member on the Offer Receipt Date, and the denominator of which is the total number of Common Membership Interests then held by all Members that are Existing Investors on the Offer Receipt Date. To the extent one or more Members elect not to sell, or fail to exercise their right to sell, the full amount of such Membership Interests which they are entitled to sell pursuant to this Section 10.4, the rights of the other Members to sell Membership Interests shall be increased proportionately (based upon the number of Common Membership Interests held by Members electing to participate in the sale pursuant to Section 10.4) and such other Members shall have an additional five (5) days from the date upon which they are notified of such election or failure to exercise in which to increase the number of Membership Interests to be sold by them hereunder.

(c) Within ten (10) days after the date by which the Members were first required to notify the Offeree of their intent to participate, the Offeree shall notify each participating Member of the number of Membership Interests held by such Member that will be included in the sale and the date on which the Offer will be consummated, which shall be no later than the later of (i) thirty (30) days after the date by which the Members were required to notify the Offeree of their intent to participate and (ii) ten (10) days after the satisfaction of any governmental approval or filing requirements, if any.

(d) Each of the Members electing to participate may effect his participation in any Offer hereunder by delivery to the Offeror, or to the Offeree for delivery to the Offeror, of one or more instruments for transfer, together with executed copies of any purchase agreement or related documents that (i) accompanied the original Offer Notice and (ii) are also executed by the Offeree. At the time of consummation of the Offer, the Offeror shall remit directly to each Member that portion of the sale proceeds to which such Member is entitled by reason of his participation therein.

(e) In the event that the Offer is not consummated within the period required by subsection (c) hereof or the Offeror fails timely to remit to each Member his portion of the sale proceeds, the Offer shall be deemed to lapse, and any Transfers of Membership Interests pursuant to such Offer shall be deemed to be in violation of the provisions of this Agreement unless the Offeree once again complies with the provisions of this Section 10.4 with respect to such Offer.

#### 10.5. Drag-Along Rights.

(a) In connection with any proposed Sale Event (and subject to Section 3.3(d)(ii)), the Members shall be obligated to, and shall upon the written request of the Members holding at least a majority interest in the outstanding Class A Preferred Membership Interests and Common Membership Interests not held by the Existing Investors (a "Majority Interest"): (i) sell, Transfer and deliver, or cause to be sold, transferred and delivered, to the Third Party

Buyer a pro rata portion of, his, her or its Common and/or Class A or B Preferred Membership Interests (as the case may be) on substantially the same terms applicable to the Majority Interest; and (ii) execute and deliver such instruments of conveyance and transfer and take such other action, including voting such Membership Interests in favor of any Sale Event proposed by a Majority Interest and executing any purchase agreements, merger agreements, indemnity agreements, escrow agreements or related documents, as such Majority Interest or the Third-Party Buyer may reasonably require in order to carry out the terms and provisions of this Section 10.5 (the "Drag-Along Right").

(b) Not less than fifteen (15) days prior to the date proposed for the consummation of such Sale Event, the Majority Interest shall give notice to the Members, setting forth in reasonable detail the name or names of the Third Party Buyer, the terms and conditions of the Sale Event, including the purchase price and the proposed closing date.

10.6. Liquidity Rights of Existing Investors. Each holder of Existing Investor Interests shall have the right (the "Liquidity Right"), exercisable at any time and from time to time and subject to the limits described below, to request the Company to purchase for cancellation, all or any portion of the Existing Investor Interests owned by it. The terms and conditions applicable to such Liquidity Right shall be as follows:

(a) Upon delivery of a notice by a holder of Existing Investor Interests (the "Liquidity Notice") to the Company requesting the Company to purchase, for cancellation, all or a portion of such holder's Existing Investor Interests (the "Subject Interests"), the Company shall use its best efforts to secure the necessary funds through an equity financing to enable it to purchase such interests.

(b) The repurchase of the Subject Interests will occur on such date (the "Completion Date") as is specified by the holder of the Subject Interests (provided such date shall not be prior to the 30th day following receipt by the Company of the Liquidity Notice), unless the Company has been unable, after utilizing its best efforts, to complete or cause the completion of an equity financing on the Completion Date on terms acceptable to the Managers who are independent of the Existing Investors and their Affiliates, acting reasonably, to secure the necessary funds to enable the Company to purchase the Subject Interests. The Company may only finance repurchases of Existing Investor Interests pursuant to the exercise of the Liquidity Right by issuing additional equity securities which, in the case of any such equity securities not issued to the Issuer, shall be entitled to distributions and payments in liquidation subordinate to the Class A Preferred Membership Interests.

(c) In connection with any exercise by the Existing Investors of the Liquidity Right, the Issuer shall use its best efforts to effect an offering of IPSs or its equity securities on terms acceptable to the directors of the Issuer, in order to provide equity funding to the Company for the repurchase of the Subject Interests on the Completion Date. The Issuer's best efforts shall include effecting such offering as soon as reasonably practicable. To the extent that the Issuer issues IPSs or equity in connection with the exercise of the Liquidity Right, it shall contribute the net proceeds of such offering to the Company in a timely manner in exchange for equity securities of the Company that provide substantially similar economic benefits to the Issuer as the securities issued by the Issuer to finance the repurchase.

(d) The amount which shall be paid by the Company for the purchase of each Subject Interest will be equal to the fair market value of the Subject Interest at the time of the purchase, determined as follows: (i) in the event that all or a portion of the funds utilized by the Company for the purchase of the Subject Interests are funded through a sale of IPSs, the net proceeds received by the Issuer from the sale of each such IPS, or (ii) in the event that none of the funds utilized by the Company for the purchase of the Subject Interests are funded through a sale of IPSs, the net proceeds that would have been received by the Issuer per IPS if IPSs had been sold to fund the repurchase. In the event that clause (ii) applies, the net proceeds that would have been received by the Issuer per IPS shall be deemed to be equal to (a) the Estimated Gross Proceeds less the Estimated Offering Costs, divided by (b) the Assumed Number of IPSs. The reasonable costs directly attributable to raising funds necessary to finance a purchase of Subject Interests, including determining the price at which the Subject Interests will be redeemed, will be borne by the holder of such Subject Interests.

(e) The Issuer shall keep the Existing Investors reasonably informed about the progress of the offering and will not agree to the terms or price of any sale of IPSs or equity securities without first consulting with the Existing Investors.

(f) Each Existing Investor shall have the right at any time to (i) reduce the amount of Subject Interests requested to be repurchased; or (ii) withdraw in full its request to have the Subject Interests repurchased; provided that if an Existing Investor exercises such a withdrawal in full, it shall be obligated to pay its pro rata share of any expenses of the Issuer relating to any related offering of IPSs or equity securities through the date of withdrawal.

(g) For a period of two (2) years from the date of Closing of the Offering, the Existing Investors may not exercise the Liquidity Right to the extent that the exercise of such right would result in the Existing Investors owning a number of Common Membership Interests of the Company that is less than 10% of the Common Membership Interests of the Company outstanding at the time of Closing. The Liquidity Right may not be exercised in respect of Subject Interests that would result in less than \$10 million of proceeds to the Existing Investors so long as the Existing Investors receiving proceeds from any exercise of the Liquidity Right would have been considered to form part of a control block of the Issuer (as defined in the *Securities Act* (Ontario)) if the Existing Investor Interests were considered to be IPSs. In any year, the Issuer shall not be required to complete more than two (2) prospectus offerings at the initiative of the holders of the Existing Investor Interests pursuant to a long form prospectus or more than four (4) prospectus offerings at the initiative of the holders of the Existing Investor Interests pursuant to a short form prospectus in order to satisfy the Liquidity Right. For the purposes of this Section 10.6(g), (A) prospectus offerings completed pursuant to Section 10.6(h) below and (B) any Liquidity Notice that is fully withdrawn pursuant to Section 10.6(f)(ii) above will not count as offerings undertaken at the initiative of the holders of the Existing Investor Interests and will not count within the limit described in the immediately preceding sentence.

(h) In the event that the Company determines to enter into an agreement to sell additional Common Membership Interests and Class A Preferred Membership Interests to the Issuer other than pursuant to the exercise by the Existing Investors of the Liquidity Right, the Company is required to provide written notice to the Existing Investors as soon as practicable following any such determination. In such event, each Existing Investor shall be entitled to

deliver a Liquidity Notice within five (5) business days of the receipt of any such notice. However, notwithstanding the requirement that the Company use its best efforts to secure the necessary funds to repurchase the Subject Interests specified in such Liquidity Notice, treasury issuances in connection with the financing initially contemplated by the Company will take priority over treasury issuances necessary to satisfy the repurchase of Subject Interests specified in the Liquidity Notice. The repurchase of Subject Interests specified in such Liquidity Notice shall occur on the closing of the financing transaction.

(i) In the event of an indirect change of control of the Company through any purchase of 20% or more of the Common Membership Interests (including Common Membership Interests forming part of IPSs) of the Issuer by any single purchaser and/or any other purchasers acting jointly or in concert with such purchaser, the Existing Investors shall be entitled to immediately exercise the Liquidity Right for the full amount of the Existing Investor Interests outstanding and the Company will be unconditionally obligated to purchase the Existing Investor Interests for an amount per Existing Investor Interest equal to the fair market value at the time of exercise (determined by reference to the event giving rise to the change of control).

#### 10.7. Effect of Transfer.

(a) Upon the admission of a transferee as a Member in accordance with the terms hereof, or if the transferee is already a Member, the Member transferring his Membership Interests shall be relieved of liability with respect to the transferred Membership Interests arising or accruing under this Agreement on or after the effective date of the Transfer, unless the transferor affirmatively assumes such liability; provided, however, that the transferor shall not be relieved of any liability with respect to the transferred Membership Interests arising or accruing under this Agreement for prior distributions and unpaid Contributions, if any, unless the transferee affirmatively assumes such liabilities.

(b) Any person who acquires in any manner any Membership Interests, whether or not such person has accepted and assumed in writing the terms and provisions of this Agreement, or been admitted as a Member, shall be deemed by the acquisition of such Membership Interests to have agreed to be subject to and bound by all of the provisions of this Agreement with respect to such Membership Interests, including, without limitation, the provisions hereof with respect to any subsequent transfer of such Membership Interests.

10.8. Prohibited Transfers. Any transfer in violation of any provisions of this Agreement shall be null and void and ineffective to transfer any Membership Interests and shall not be binding upon or be recognized by the Company, and any such transferee shall not be treated as or deemed to be a Member for any purpose. In the event that any Member shall at any time Transfer Membership Interests in violation of any of the provisions of this Agreement, the Company and the other Members, in addition to all rights and remedies at law and equity, shall have and be entitled to an order restraining or enjoining such transaction, it being expressly acknowledged and agreed that damages at law would be an inadequate remedy for a Transfer in violation of this Agreement.

10.9. Transferees Rights to Appoint Managers. Notwithstanding anything contained in this Agreement to the contrary, in connection with the Transfer of all of a Member's Common

Membership Interests in accordance with the terms of this Agreement, any rights such transferring Member has with respect to the nomination, appointment, election or removal of a Manager shall be transferred to the transferee of such Common Membership Interests.

## **ARTICLE XI.**

### **ACCOUNTING AND TAX MATTERS**

11.1. Books and Records. Any Member shall have the right at reasonable times to inspect the books and records of the Company.

11.2. Bank Accounts. The Company may maintain a bank account or bank accounts at such bank or trust company located within or without the State of Delaware as the Managers shall from time to time determine. All bank accounts shall be kept in the name of the Company and all checks, bills, notes, drafts or other instruments shall require the signature of such individuals as the Managers may from time to time determine.

11.3. Tax Returns. The Managers shall cause to be prepared and filed all necessary federal and state income tax returns for the Company in advance of the date such returns are required to be filed each year, including any extensions thereof. The Managers shall make reasonable efforts to furnish to all Members such information as may be needed to permit Members to file their federal income tax returns and any required state income tax returns within seventy-five (75) days after the end of each taxable year of the Company, and in any event shall furnish such information within ninety (90) days after the end of each fiscal year unless prevented from doing so as a result of the Company's failure to receive necessary information from one or more entities in which it owns an interest but for which it does not control, directly or indirectly, the preparation of tax returns. Each Member shall furnish to the Managers all pertinent information in such Member's possession relating to Company operations that is necessary to enable the Company's income tax returns to be prepared and filed.

11.4. Tax Elections. Except as otherwise provided in this Agreement, all material elections required or permitted to be made by the Company under the Code shall be made in the manner determined by the Tax Matters Partner (in its sole discretion); provided, however, that the Tax Matters Partner shall cause the Company to have in effect at all times when permitted by law an election under Section 754 of the Code.

11.5. Tax Matters Partner. The Issuer shall be the "tax matters partner" of the Company for purposes of Section 6231(a)(7) of the Code (the "Tax Matters Partner").

11.6. Tax Treatment of Income from Real Property. The Issuer shall have in effect at all time during which it is member of the Company (and during which the Company has more than one member for tax purposes) an election under Section 882(d) of the Code to treat any income realized by it from real property located in the United States, including the Issuer's share of any such income derived by the Company, as income which is effectively connected with the conduct of a trade or business within the United States. The Issuer shall provide the Company with a duly completed Form W-8ECI and any successor forms or other additional documentation as may be necessary to enable the Company to treat the Issuer's share of any such income as

effectively connected with a U.S. trade or business for any applicable U.S. withholding tax purposes.

## **ARTICLE XII. DISSOLUTION**

12.1. Dissolution. The Company shall be dissolved and its affairs shall be wound up upon, but not before, the first to occur of the following (each, a "Dissolution Event"): (a) the affirmative vote or written consent of all of the Members or (b) when required by law.

12.2. Final Accounting. Upon a Dissolution Event, the Managers shall make an accounting of the accounts of the Company, the accounts of the Members and of the Company's assets, liabilities, income and expenses, and a copy of such accounting shall be furnished to the Members within sixty (60) days after said Dissolution Event. The Managers shall appoint one or more Persons (which may be Members and/or Managers) to act as "Liquidators". The duties of the Liquidators may be delegated to a bank or other Person or firm having experience in liquidating assets of the type owned by the Company.

### 12.3. Liquidation and Distribution.

(a) Upon dissolution of the Company, the Liquidators shall cause its affairs to be wound up and its assets liquidated as promptly as is consistent with obtaining the greatest consideration for such assets. The proceeds of such liquidation shall be distributed in the order set forth below:

(i) first, to the payment and discharge of all the debts, obligations and liabilities of the Company in the manner and order of priority as provided by law;

(ii) second, to the establishment of any reserves that the Liquidators determine will be required to meet Company costs and expenses theretofore incurred, or for which the Company may become responsible; such reserves to be placed in the hands of an escrow agent (or other Person as may be determined by the Liquidators) for such period of time (the "Escrow Period") and upon such terms and conditions as the Liquidators shall determine; and

(iii) third, to the Members as provided in Section 9.1(c) hereof.

(b) At the expiration of the Escrow Period the assets comprising the balance of the reserves shall be distributed in the order set forth in Section 9.1(c) hereof.

12.4. Indemnification of Liquidators. The Liquidators shall be indemnified and held harmless by the Company from and against any and all claims, demands, liabilities, costs, damages and causes of action of any nature whatsoever arising out of or incidental to the Liquidators' taking of any action authorized under or within the scope of this Article XII, provided that any such action does not constitute gross negligence or willful misconduct.

12.5. Non-recourse to Members. Except as may be otherwise provided in this Agreement and by applicable law, the Members shall look solely to the assets of the Company for the return of their invested capital and, if the property or proceeds therefrom remaining after payment or discharge of the debts, obligations and liabilities of the Company is insufficient for that purpose, no Member shall have any recourse therefor against the Managers or against any of the other Members.

12.6. Valuation of Property. In the event that the Liquidators determine that it is necessary or desirable to make any distribution of Company property in kind, such property shall be transferred and conveyed to the Members so as to vest in each Member a portion of said property equal to such Member's interest in distributions from the Company pursuant to Section 12.3(a) hereof. The valuation of such property shall be made in good faith by the Liquidators taking into consideration such other factors as the Liquidators deem relevant.

12.7. Termination. Upon completion of the application of the Company's assets (or the proceeds therefrom) pursuant to this Article XII, the process of winding-up shall be completed, and the Liquidators shall have the authority to execute and file the Certificate of Cancellation canceling the Certificate of the Company, as well as any and all other documents required to effectuate the termination of the Company.

### **ARTICLE XIII. GENERAL PROVISIONS**

13.1. Notices. Any notice or other communication under this Agreement shall be in writing and sufficient if delivered personally, sent by telecopy, sent by registered or certified mail, postage prepaid, or sent by nationally recognized overnight courier service, as follows:

If to the Company:

Atlantic Power Holdings, LLC  
c/o Atlantic Power Management, LLC  
200 Clarendon Street  
55<sup>th</sup> Floor  
Boston, MA 02117

Attention: Barry Welch  
Fax No.: (617) 531-6369

If to any of the Members:

To the address set forth opposite the name of such Member on the signature page hereto or the counterpart signature page hereto executed by such Member.

Any of the addresses referred to above may be changed at any time by notice given as provided above; provided, however, that any such notice of change of address shall be effective only upon receipt. All notices, requests or instructions given in accordance herewith shall be

deemed received (a) on the date of delivery, if hand delivered, (b) on the date that confirmation of receipt is received, if delivered by facsimile and (c) one day after the date of deposit with the courier service, if sent by a nationally recognized overnight courier service.

13.2. Entire Agreement; Amendments. This Agreement contains the entire agreement among the parties with respect to the subject matter of this Agreement, and supersedes each course of conduct previously pursued or acquiesced in, and each oral or written agreement or representation previously made, by any of the parties with respect thereto, whether or not relied or acted upon. No course of performance or other conduct subsequently pursued or acquiesced in, and no oral agreement or representation subsequently made, by any of the parties hereto, whether or not relied or acted upon, and no usage of trade, whether or not relied or acted upon, shall amend this Agreement or impair or otherwise affect any party's obligations pursuant to this Agreement or any rights and remedies of a party hereto pursuant to this Agreement. No amendment or modification to this Agreement (with the exception of amendments to Schedule A hereto made pursuant hereto) shall be effective without the consent of all Members.

13.3. Construction. Whenever the singular number is used in this Agreement and when required by the context, the same shall include the plural and vice versa, and the masculine gender shall include the feminine and neuter genders and vice versa.

13.4. Headings. The headings in this Agreement are for convenience only and shall not be used to interpret or construe any provision of this Agreement.

13.5. Waiver. No failure of a party hereto to exercise, and no delay by a party hereto in exercising, any right or remedy under this Agreement shall constitute a waiver of such right or remedy. No waiver by a party hereto of any such right or remedy under this Agreement shall be effective unless made in a writing duly executed by all parties hereto.

13.6. Severability. Whenever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under applicable law. However, if any provision of this Agreement shall be prohibited by or invalid under such law, it shall be deemed modified to conform to the minimum requirements of such law or, if for any reason it is not deemed so modified, it shall be prohibited or invalid only to the extent of such prohibition or invalidity without the remainder thereof or any other provision of this Agreement being prohibited or invalid. To the extent permitted by applicable law, the parties hereby waive any provision of law which may render any provision hereof void or unenforceable in any respect.

13.7. Binding; Assignment; No Third Party Beneficiaries. This Agreement shall be binding upon and inure to the benefit of all parties hereto and each of the permitted successors and permitted assignees of the parties hereto; provided that, no right or obligation of a Member under this Agreement may be assigned by such Member to another Person without first obtaining the written consent of the Managers (which consent may be given or withheld in the sole discretion of the Managers). Any purported assignment in violation of this Section 13.7 shall be null and void. Except for the provisions of Article V hereof with respect to a Manager's serving at the request of the Company as a director, manager, officer or trustee (or like position) of another organization, nothing in this Agreement shall be deemed to create or to grant to any

Persons other than the Members and the Company any third party beneficiary rights, claims, causes of action of any kind or nature against any of the parties hereto.

13.8. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which shall constitute one and the same instrument.

13.9. Governing Law. This Agreement shall be governed by, and interpreted and construed in accordance with, the laws of the State of Delaware, without regard to principles of conflict of laws.

IN WITNESS WHEREOF, the Person signing this Agreement below conclusively evidences its agreement to the terms and conditions of this Agreement by so signing this Agreement.

## MANAGEMENT AGREEMENT

THIS AGREEMENT made as of the 10<sup>th</sup> day of November, 2004.

**B E T W E E N:**

**ATLANTIC POWER MANAGEMENT, LLC**, a limited liability company existing under the laws of the State of Delaware,

(the “**Manager**”)

- and -

**ATLANTIC POWER HOLDINGS, LLC**, a limited liability company existing under the laws of the State of Delaware,

(“**Atlantic Holdings**”)

- and -

**ATLANTIC POWER CORPORATION**, a corporation existing under the laws of the Province of Ontario.

(the “**Issuer**”)

**WHEREAS** Atlantic Holdings wishes to retain the Manager to provide managerial and administrative services to Atlantic Holdings and its subsidiaries;

**AND WHEREAS** the Issuer wishes to retain the Manager to provide certain managerial and administrative services to the Issuer;

**AND WHEREAS** Atlantic Holdings, the Issuer and the Manager have agreed to enter into this Agreement pursuant to which the Manager will, subject to the terms, conditions and limitations herein set forth, provide management and administrative services to Atlantic Holdings and its subsidiaries and the Issuer, as described herein;

**NOW THEREFORE** in consideration of the premises and the mutual covenants and agreements herein contained, and other good and valuable consideration, the sufficiency of which is hereby acknowledged by each of the Parties to this Agreement, the Parties agree as follows:

### ARTICLE 1 – DEFINITIONS AND SCHEDULES

#### 1.01 Definitions

As used herein, the following terms shall have the meanings set forth below:

- (a) “**Acquisition Increment**” has the meaning ascribed thereto in Section 3.02;

- (b) “**Adjustment Month**” has the meaning ascribed thereto in Section 3.03;
- (c) “**Additional Information**” has the meaning ascribed thereto in Section 5.06;
- (d) “**affiliate**” has the meaning ascribed thereto in Ontario Securities Commission Rule 45-501 – Exempt Distributions;
- (e) “**Agreement**” means this Management Agreement, as amended or supplemented from time to time in accordance with the provisions hereof;
- (f) “**Annual Budget**” means the management and administration budget for each Fiscal Year of Atlantic Holdings and the Issuer, as described in Section 2.08;
- (g) “**Annual Distributable Cash Forecast**” means the annual forecast for the Issuer’s and Atlantic Holdings’ distributable cash prepared by the Manager for any Fiscal Year and broken down on a monthly basis;
- (h) “**associate**” has the meaning ascribed thereto in the *Securities Act* (Ontario), as amended from time to time;
- (i) “**Applicable Laws**” means all laws, rules, regulations, codes, by-laws, statutes, ordinances, directives and orders, in effect from time to time, of all Governmental Authorities having jurisdiction with respect to Atlantic Holdings, the Issuer and their respective affiliates in connection with the conduct of the Business, including the ownership, development, construction, maintenance and operation of the Projects, and any of their respective assets or properties;
- (j) “**ArcLight**” means ArcLight Capital Partners, LLC;
- (k) “**Atlantic Holdings**” has the meaning ascribed thereto in the Recitals;
- (l) “**Atlantic Holdings Claims**” has the meaning ascribed thereto in Section 7.02;
- (m) “**Atlantic Holdings Event of Default**” has the meaning ascribed thereto in Section 9.01(a);
- (n) “**Atlantic Holdings Indemnitees**” has the meaning ascribed thereto in Section 7.02;
- (o) “**Atlantic Holdings LLC Agreement**” means the Limited Liability Company Agreement of Atlantic Holdings to be entered into among the Issuer, the Existing Investors and Atlantic Holdings in connection with the Closing;
- (p) “**Base Fee**” means the Initial Base Fee, as adjusted from time to time pursuant to the provisions of Article 3;
- (q) “**Business**” means the business of Atlantic Holdings and the Issuer consisting primarily of the direct and indirect ownership, management, operation and leasing of assets and property in connection with the generation, transmission, distribution, purchase and sale of electricity and thermal energy, together with

investments and other direct or indirect rights in Persons involved in such business and all activities ancillary or incidental to any of the foregoing;

- (r) “**Business Day**” means any day, other than a Saturday, Sunday or a day on which the principal chartered banks located in the Province of Ontario or the State of Massachusetts are not open for business during normal banking hours;
- (s) “**Claims**” has the meaning ascribed thereto in Section 7.01;
- (t) “**Closing**” means the closing of the initial public offering of the Issuer;
- (u) “**Common Shares**” means a common share outstanding in the capital of the Issuer;
- (v) “**Confidential Information**” has the meaning ascribed thereto in Section 5.07;
- (w) “**CPI**” means the U.S. consumer price index (All Items; not seasonally adjusted) as published from time to time by the Bureau of Labor Statistics of the U.S. Department of Labour, or any successor agency; or if such index ceases to be published, such similar substitute index as is mutually agreed to by the Parties;
- (x) “**Dispute**” has the meaning ascribed thereto in Section 11.01;
- (y) “**Documents**” means, collectively, the Project Contracts, the Project Consents, all other contracts to which Atlantic Holdings, its subsidiaries or the Issuer is or becomes a party and any other agreements, certificates or instruments delivered pursuant to such documents;
- (z) “**Effective Date**” means the 10<sup>th</sup> day of November, 2004;
- (aa) “**Emergency Powers**” has the meaning ascribed thereto in Section 2.13;
- (bb) “**Environmental Laws and Regulations**” means all environmental, health and safety laws, regulations, by-laws, resolutions and ordinances applicable to Atlantic Holdings or the Issuer, affiliates of Atlantic Holdings or the Issuer, or any of their respective assets or properties, including without limitation (i) all regulations, resolutions, ordinances, decrees, guidelines, standards, policies and other similar documents and instruments of all Governmental Authorities, and (ii) all laws, by-laws, regulations, resolutions, ordinances, guidelines, standards, policies and decrees relating to natural and human environmental matters (including air, land, surface water, ground water and real and personal property), public or occupational health and safety, and the manufacture, importation, handling, transportation, storage, disposal and treatment of a Hazardous Substance;
- (cc) “**Existing Investor Interests**” means the common membership interests and Class B preferred membership interests issued by Atlantic Holdings to the Existing Investors on Closing;

- (dd) **“Existing Investors”** means Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC;
- (ee) **“Expenses”** has the meaning ascribed thereto in Section 3.04;
- (ff) **“Experts”** has the meaning ascribed thereto in Section 5.04(b);
- (gg) **“Fiscal Year”** means the initial period from the Effective Date up to and including December 31, 2004, and thereafter, means each 12-month period beginning January 1 and ending December 31 of each year;
- (hh) **“Force Majeure”** means for the purposes hereof, an event, condition or circumstance (and the effect thereof) which is not within the reasonable control of the Party claiming Force Majeure and which, notwithstanding the exercise of commercially reasonable efforts, the Party claiming the Force Majeure is unable to prevent its occurrence or mitigate its effects, and which thus causes a delay or disruption in the performance of any obligation (other than the obligation to pay monies due) imposed on such Party hereunder. Subject to the foregoing, Force Majeure shall include, without limitation, strikes, lock-outs, work stoppages, work slow-downs, industrial disturbance, storm, fire, flood, landslide, snowslide, earthquake, explosion, lightning, tempest, acts of war (whether declared or undeclared), threat of war, actions of terrorists, blockade, riot, insurrection, civil commotion, public demonstrations, revolution, sabotage or vandalism, acts of God, laws, rules, regulations, orders, directives or restraints issued or imposed by any regulatory agency or Governmental Authority, and inability to obtain, maintain or renew or delay in obtaining, maintaining or renewing necessary permits or approvals from any regulatory agency or Governmental Authority; provided, however, that a Party’s own lack of funds or other financial problems shall not constitute “Force Majeure” in respect of such Party;
- (ii) **“GAAP”** has the meaning ascribed thereto in Section 1.04;
- (jj) **“Governmental Authority”** means any court or governmental department, commission, board, bureau, agency, or instrumentality of the United States or Canada, or of any state, province, territory, county, municipality, city, town or other political jurisdiction whether domestic or foreign and whether now or in the future constituted or existing;
- (kk) **“Hazardous Substance”** means any substance, product, waste, pollutant, material, chemical, contaminant, dangerous good, constituent or other material which is or becomes listed, regulated, or addressed under any Environmental Laws and Regulations, including asbestos, lead, petroleum and polychlorinated biphenyls;
- (ll) **“Incentive Fee”** has the meaning ascribed thereto in Section 3.05;
- (mm) **“Indemnified Party”** has the meaning ascribed thereto in Section 7.03;
- (nn) **“Indemnifying Party”** has the meaning ascribed thereto in Section 7.03;

- (oo) “**Indenture**” means the subordinated note indenture to be entered into in connection with the initial public offering of the Issuer between, among others, the Issuer, Atlantic Holdings, Onondaga Cogeneration L.P. and Computershare Trust Company of Canada as trustee, as the same may be amended from time to time;
- (pp) “**Initial Base Fee**” has the meaning ascribed thereto in Section 3.01;
- (qq) “**Initial Term**” has the meaning ascribed thereto in Section 8.01;
- (rr) “**IPS**” means the income participating securities of the Issuer outstanding at any time, with each IPS representing (a) one Common Share, and (b) Cdn\$5.767 aggregate principal amount of Subordinated Notes, as adjusted from time to time;
- (ss) “**IPS Holders**” means the holders, from time to time, of one or more IPSs;
- (tt) “**Issuer**” means Atlantic Power Corporation;
- (uu) “**Issuer Event of Default**” has the meaning ascribed thereto in Section 9.01(b);
- (vv) “**Management Support Agreement**” has the meaning ascribed thereto in Section 6.03;
- (ww) “**Manager**” has the meaning ascribed thereto in the Recitals;
- (xx) “**Manager Indemnitees**” has the meaning ascribed thereto in Section 7.01;
- (yy) “**Material Budget Deviation**” means any change in or deviation from the then current Annual Budget, where such change or deviation is anticipated by the Manager to cause an increase in costs and expenses of greater than 10% above the aggregated costs and expenses set forth in such Annual Budget in respect of the current Fiscal Year;
- (zz) “**Material Distributable Cash Forecast Deviation**” means any change in or deviation from the then current Annual Distributable Cash Forecast, where such change or deviation is anticipated by the Manager to cause a decrease in distributable cash of the Issuer or Atlantic Holdings of greater than 10% from the distributable cash set forth for any month in the Annual Distributable Cash Forecast in respect of the current Fiscal Year;
- (aaa) “**Manager Event of Default**” has the meaning ascribed thereto in Section 9.01(c);
- (bbb) “**Parties**” means the Manager, Atlantic Holdings and the Issuer, and “**Party**” means any one of them;
- (ccc) “**Person**” means and includes individuals, corporations, limited partnerships, general partnerships, joint stock companies, limited liability corporations, joint ventures, associations, companies, trusts, banks, trust companies, pension funds,

business trusts or other organizations, whether or not legal entities and governments and agencies and political subdivisions thereof;

- (ddd) **“Projects”** means the 15 power generation projects in which Atlantic Holdings will acquire indirect interests upon Closing and any future power projects or other investments acquired directly or indirectly by the Issuer or Atlantic Holdings;
- (eee) **“Project Consents”** means all permits, by-laws, licences, waivers, exemptions, consents, certificates, authorizations, approvals, rights, rights of way and entitlements and the like which are required from any Governmental Authority or any other Person (including under all applicable Environmental Laws and Regulations) in respect of, or which are in any way material to, the ownership, development, construction, maintenance, operation, use or enjoyment of all or any part of the Projects;
- (fff) **“Project Contracts”** means all agreements relating to the Projects to which Atlantic Holdings or an affiliate of Atlantic Holdings is a party;
- (ggg) **“Project Holding Entities”** means Teton Power Funding, LLC, Epsilon Power Funding, LLC and Umatilla Power Funding, LLC;
- (hhh) **“Project Operating Entities”** means the limited partnerships, corporations or other entities that directly own the Projects;
- (iii) **“Prospectus”** means the final prospectus of the Issuer dated November 10, 2004, relating to an initial public offering of IPSs filed with the Qualifying Authorities and includes any amendment to such final prospectus;
- (jjj) **“Qualifying Authorities”** means the securities commission or similar regulatory authority in each of the provinces and territories of Canada;
- (kkk) **“Quarterly Operating Report”** has the meaning ascribed thereto in Section 2.10
- (lll) **“Renewal Term”** has the meaning ascribed thereto in Section 8.02;
- (mmm) **“Securities Laws”** means, collectively, all applicable securities laws of each of the Qualifying Jurisdictions and the respective rules and regulations under such laws, together with applicable published policy statements, notices and orders of the Qualifying Authorities;
- (nnn) **“Service Providers”** has the meaning ascribed thereto in Section 5.05;
- (ooo) **“Subordinated Notes”** means the 11% subordinated notes of the Issuer outstanding at any time and issued pursuant to an indenture entered into upon Closing;

- (ppp) **“Supermajority Approval Actions”** means the actions of Atlantic Holdings set out in s. 3.3(d)(ii) of the Atlantic Holdings LLC Agreement which require the approval of at least 80% of the votes cast by holders of outstanding common membership interests of Atlantic Holdings;
- (qqq) **“Targeted Cash Distribution”** means Cdn\$1.00 per IPS and, following the maturity, redemption or repurchase of all of the Subordinated Notes or the separation of all of the IPSs, means Cdn\$0.3657 per Common Share;
- (rrr) **“Term”** means the Initial Term as extended by any Renewal Terms; and
- (sss) **“third party”** means a Person who is not affiliated with Atlantic Holdings or the Issuer, or with the Manager, as the context requires.

## 1.02 Headings

The division of this Agreement into articles, sections, paragraphs and subparagraphs and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this Agreement. The terms “hereof”, “hereunder”, “herein” and similar expressions refer to this Agreement and not to any particular article, section or other portion hereof and include any agreement supplemental hereto. Unless something in the subject matter or context is inconsistent therewith, references herein to Articles and Sections are to articles and sections of this Agreement.

## 1.03 Interpretation

Words importing the singular number only shall include the plural and vice versa, words importing gender shall include all genders. Where the word “including” or “includes” is used in this Agreement it means “including without limitation” or “includes without limitation”, respectively. Any reference to any Document shall include a reference to any schedule, amendment or supplement thereto or any agreement in replacement thereof, all as permitted under the Documents.

## 1.04 Accounting Principles

Wherever in this Agreement reference is made to generally accepted accounting principles (“GAAP”), such reference shall be deemed to be to United States GAAP from time to time approved by the Financial Accounting Standards Board, or any successor board, applicable as at the date on which such calculation is made or required to be made in accordance with GAAP. Where the character or amount of any asset or liability or item of revenue or expense is required to be determined, or any consolidation or other accounting computation is required to be made for the purpose of this Agreement or any document, such determination or calculation shall, to the extent applicable and except as otherwise specified herein or as otherwise agreed in writing by the Parties, be made in accordance with GAAP applied on a consistent basis.

## 1.05 Funds

All dollar amounts referred to in this Agreement are in lawful currency of the United States.

## **ARTICLE 2 – THE MANAGER’S SERVICES AND POWERS**

### **2.01 Appointment as Manager**

Atlantic Holdings hereby appoints the Manager and the Manager hereby accepts the appointment to provide management and administrative services to Atlantic Holdings and the Issuer hereby appoints the Manger and the Manager hereby accepts the appointment to provide, if requested by the Issuer, certain administrative services to the Issuer subject, in each case, to the terms, conditions and limitations of this Agreement.

### **2.02 Management Services Provided to Atlantic Holdings**

Subject to and in accordance with the terms, conditions and limitations of this Agreement and the Atlantic Holdings LLC Agreement, including those applicable to the Supermajority Approval Actions, the Manager shall, during the Term, be exclusively responsible for providing the following services to Atlantic Holdings:

- (a) representing Atlantic Holdings’ interests in the Project Holding Entities and their subsidiaries and overseeing the operation of the Projects;
- (b) assisting in the development, implementation and monitoring of strategic plans;
- (c) assisting in the development of the Annual Budget;
- (d) assisting in the development of the Annual Distributable Cash Forecast;
- (e) assisting with treasury, legal and compliance, financing and risk assessment activities;
- (f) reviewing the budgets and schedules for major maintenance proposed for the Projects;
- (g) assisting in the preparation of financial reports in respect of the Projects and any future projects;
- (h) assisting in the negotiation of material agreements;
- (i) monitoring compliance with the Annual Budget and Applicable Laws;
- (j) monitoring compliance with the Annual Distributable Cash Forecast;
- (k) assisting in and supervising the analysis of potential acquisitions, investments and dispositions;
- (l) carrying out or supervising the making of acquisitions, investments and dispositions;
- (m) retaining accountants, lawyers, consultants, investment bankers and other such professional advisers as the Manager considers necessary or desirable to advise in connection with the Business, the Projects or the management services provided

under this Agreement and to assist in complying with Applicable Laws and Atlantic Holdings' obligations under the Documents;

- (n) advising on and negotiating any financings by Atlantic Holdings;
- (o) assisting in the preparation, planning and coordination of meetings of the board of managers of Atlantic Holdings and holders of membership interests in Atlantic Holdings; and
- (p) providing such other management and administrative services as Atlantic Holdings or its subsidiaries may reasonably require in the conduct of the Business as may be agreed to from time to time between the Parties.

### **2.03 Management Services Provided to the Issuer**

Subject to and in accordance with the terms, conditions and limitations of this Agreement, if and to the extent requested by the Issuer, the Manager shall, during the Term, provide the following services to the Issuer:

- (a) assisting the Issuer in complying with its continuous disclosure obligations under the Securities Laws;
- (b) assisting the Issuer with its investor relations activities;
- (c) providing or causing to be provided to holders of securities of the Issuer, all information to which they may be entitled pursuant to the constating documents of the Issuer, the Indenture and Applicable Laws;
- (d) monitoring compliance of the Issuer with Applicable Laws;
- (e) providing for the calculation and distribution of distributions and interest payments to holders of IPSs, Subordinated Notes and any other securities issued by the Issuer;
- (f) advising on and negotiating any financings by the Issuer;
- (g) assisting in the preparation, planning and coordination of meetings of the board of directors of the Issuer and holders of Common Shares of the Issuer; and
- (h) providing such other management and administrative services as the Issuer may reasonably require in the conduct of the Business as may be agreed to from time to time between the Parties.

Notwithstanding the foregoing, the Issuer may directly retain accountants, lawyers, consultants, investment bankers and other such professional advisors, as well as other service providers from time to time, to provide advice and other administrative services directly to the Issuer.

#### **2.04 Parties' Acknowledgement Regarding Management Services**

Where the Business of Atlantic Holdings consists of an ownership interest (whether direct or indirect) in a Project or other asset, the Parties acknowledge that nothing in this Agreement will obligate the Manager to provide, or create an expectation that the Manager will provide, management services (in whole or in part) the same or substantially similar to those provided hereunder, directly to or on behalf of a Project or asset, except as may be necessary in order to properly manage the Business as provided for hereunder and as is otherwise permitted pursuant to contractual or other rights granted in favour of Atlantic Holdings or its affiliates which are attributable to or associated with Atlantic Holdings' ownership interest in such Project or asset.

#### **2.05 Covenants of Manager**

The Manager covenants and agrees that in the performance of its services under this Agreement it shall:

- (a) provide the services and exercise any other authority delegated to it under this Agreement in compliance with Applicable Laws and in a manner consistent with the obligations of Atlantic Holdings and/or the Issuer, as the case may be, under the Documents;
- (b) immediately notify the board of managers of Atlantic Holdings and the board of directors of the Issuer of any event or development that is reasonably likely to result in a Material Distributable Cash Forecast Deviation and assist Atlantic Holdings and/or the Issuer in taking any steps (to the extent Atlantic Holdings and/or the Issuer directly or through its affiliates has the right to take such steps) to prevent such event or development if it has not yet occurred or to mitigate the related Material Distributable Cash Forecast Deviation;
- (c) upon receiving notice of a material infraction or threat of a material infraction of Applicable Laws or of any material third party claim relating to the Projects, the Manager, Atlantic Holdings or the Issuer that is not otherwise known to the board of managers of Atlantic Holdings and the board of directors of the Issuer, promptly advise the boards of such infraction or threat of infraction and assist Atlantic Holdings and/or the Issuer in taking all necessary steps to remedy or prevent such infraction (to the extent Atlantic Holdings and/or the Issuer directly or through its affiliates has the right to take any such remedial action) and to respond to any Governmental Authority, as and if required; and
- (d) not commingle its own funds with any funds held by it on behalf of Atlantic Holdings and/or the Issuer, as the case may be.

#### **2.06 Power and Authority of Manager**

Subject to and in accordance with the terms, conditions and limitations of this Agreement (including Section 2.07) and, in the case of Atlantic Holdings, subject to the terms and conditions of the Atlantic Holdings LLC Agreement including those applicable to the Supermajority Approval Actions, Atlantic Holdings and the Issuer grant the Manager full and absolute right,

power and authority, during the Term, for and on behalf of Atlantic Holdings and the Issuer, in connection with the management and administration of Atlantic Holdings and the Issuer, including the provision of all management and administrative services under this Agreement, subject to the overall direction of the managers of Atlantic Holdings and the directors of the Issuer, as applicable, and the provisions of the Annual Budget, to take and do all such actions and all such things that the Manager deems appropriate, in its sole discretion, in connection with such grants, including the right, power and authority to execute and deliver all contracts, leases, licenses, and other documents, instruments and agreements, to open bank accounts, pay bills and expenses, to make all applications and filings with Governmental Authorities, and to take such other actions as the Manager considers appropriate in connection with Atlantic Holdings and its subsidiaries, the Issuer, the Projects or the Business, in the name of and on behalf of Atlantic Holdings and its subsidiaries and/or the Issuer, as the case may be. No Person shall be required to determine the authority of the Manager to give any undertaking or enter into any commitment on behalf of Atlantic Holdings and its subsidiaries and/or the Issuer, as the case may be.

## **2.07 Restrictions on Manager's Powers and Authorities**

Subject to Section 2.13:

- (a) the Manager shall not, without first obtaining the approval of a majority of the managers of Atlantic Holdings and, if services are provided to the Issuer at such time, the approval of a majority of the directors of the Issuer, undertake any of the following actions:
  - (i) adopt or amend the Annual Budget or take any action reasonably likely to cause a Material Budget Deviation;
  - (ii) take, initiate or consent to any action or inaction by or on behalf of a Project Holding Entity, any subsidiary of a Project Holding Entity or any Project Operating Entity that would be likely to result in a Material Distributable Cash Forecast Deviation;
  - (iii) dispose of or consent to the disposition of any of Atlantic Holdings' material assets; or
  - (iv) raise capital by way of an issuance of securities of Atlantic Holdings or the Issuer; and
- (b) the Manager shall not, without first obtaining the approval of a majority of the managers of Atlantic Holdings who are independent of the Manager, the Existing Investors and their affiliates and associates and, if services are provided to the Issuer at such time, the approval of a majority of the directors of the Issuer, who are independent of the Manager, the Existing Investors and their affiliates and associates undertake any of the following actions:
  - (i) enter into any material transaction with the Manager or affiliate of the Manager; or
  - (ii) amend any existing terms of this Agreement or the fees payable hereunder.

## **2.08 Annual Budget**

The Manager shall assist Atlantic Holdings and, if services have been requested to be provided to the Issuer, the Issuer, in the preparation of the Annual Budget for each fiscal year after 2004. Such Annual Budget shall be submitted to the managers of Atlantic Holdings and, if applicable, the directors of the Issuer, for approval (which shall not be unreasonably withheld) not less than 45 days prior to the first day of such Fiscal Year (or, for the 2005 Annual Budget, not less than 14 days prior to the first meeting of the managers of Atlantic Holdings and, if applicable, directors of the Issuer, to be held in 2005). Atlantic Holdings' board of managers and, if applicable, the Issuer's board of directors shall notify the Manager in writing not less than 30 days prior to the first day of the Fiscal Year (or, for the 2005 Annual Budget, at the first meetings of the managers of Atlantic Holdings and, if applicable, directors of the Issuer, held in 2005) of Atlantic Holdings and, if applicable, the Issuer to which the Annual Budget relates, whether or not it has approved the Annual Budget for such Fiscal Year. In the event that the managers or directors shall fail or refuse to approve an Annual Budget as submitted, the Parties agree to negotiate in good faith, acting reasonably, to resolve any disagreement concerning the Annual Budget; provided that (i) until such disagreement is resolved, the Manager shall, to the extent practicable in the circumstances, continue to follow the Annual Budget for the immediately preceding Fiscal Year, and (ii) notwithstanding any dispute over approval of an Annual Budget, the Manager at all times shall continue to be entitled to all remuneration and reimbursement of Expenses as provided for in this Agreement.

## **2.09 Annual Distributable Cash Forecast**

The Manager shall assist Atlantic Holdings and, if services have been requested to be provided to the Issuer, shall assist the Issuer, in the preparation of the Annual Distributable Cash Forecast for each Fiscal Year after 2004. Such forecast shall be provided to the managers of Atlantic Holdings and, if applicable, the directors of the Issuer, not less than 45 days prior to the first day of such Fiscal Year (or for the 2005 Annual Distributable Cash Forecast, not less than 14 days prior to the first meeting of the managers of Atlantic Holdings and, if applicable, directors of the Issuer, to be held in 2005).

## **2.10 Quarterly Reports**

Within 35 days following the end of each calendar quarter in each Fiscal Year, the Manager will use its best efforts to provide to the managers of Atlantic Holdings and, if services have been requested to be provided to the Issuer, the directors of the Issuer a quarterly operating report (the "**Quarterly Operating Report**"). The Quarterly Operating Report shall include unaudited quarterly financial statements for each of the Projects in respect of the most recently completed quarter (each such financial statement shall include, at a minimum, a statement of profit and loss and surplus, a statement of changes in financial position and a statement of cash flows), together with draft management's discussion and analysis of financial condition and results of operations for such quarter prepared in accordance with the requirements of Securities Laws.

## **2.11 Notification to Third Parties**

Atlantic Holdings and, if services have been requested to be provided to the Issuer, the Issuer, shall notify all other parties to the Documents and all customers and suppliers of the

appointment of the Manager as the provider of the services under this Agreement and shall execute all directions and other instruments as may be necessary to document the Manager's authority under this Agreement.

## 2.12 Execution of Documents

In carrying out the services to be provided by the Manager hereunder or in the exercise of the authority delegated to the Manager in this Agreement, the Manager may execute, for and on behalf of Atlantic Holdings and/or the Issuer, as the case may be, any instrument or document which the Manager considers appropriate, in its sole discretion, in any manner consistent with Applicable Laws, including as follows:

ATLANTIC POWER HOLDINGS, LLC  
By its manager, ATLANTIC POWER MANAGEMENT, LLC

Per: \_\_\_\_\_  
Authorized Signatory

ATLANTIC POWER CORPORATION  
By its manager, ATLANTIC POWER MANAGEMENT, LLC

Per: \_\_\_\_\_  
Authorized Signatory

## 2.13 Emergency Powers of Manager

Notwithstanding any limitation herein, the Manager shall have the authority during the Term to exercise emergency management powers in respect of any aspect of its services, including the management, maintenance, operation and capital projects of the Projects (the "Emergency Powers") in order to take such action as a prudent manager would normally take in the circumstances, provided that (i) the Manager reasonably believes that immediate action is necessary to safeguard life or property, or to preserve Atlantic Holdings' and/or the Issuer's rights under insurance, as applicable, (ii) the Manager is unable, either due to events beyond its reasonable control or due to the circumstances in which the emergency has arisen, to obtain prior written approval from the managers of Atlantic Holdings and the directors of the Issuer to the exercise of such Emergency Powers, and (iii) upon the exercise of the Emergency Powers, the Manager shall, as soon as possible, notify the managers of Atlantic Holdings and the directors of the Issuer of the nature of the Emergency Powers exercised by it, the reasons for exercising the Emergency Powers and the costs incurred or to be incurred by it in the exercise of the Emergency Powers and to, as soon as possible, provide written confirmation of such notification.

## ARTICLE 3 – FEES AND PAYMENT OF EXPENSES

### 3.01 Base Fee

Subject to adjustment in accordance with this Agreement, Atlantic Holdings and, if services have been requested to be provided to the Issuer, the Issuer, shall pay to the Manager, for the services rendered hereunder, an aggregate amount annually equal to the Base Fee, which initially shall be \$300,000 per annum (the "Initial Base Fee"), which fee shall be payable in

equal monthly instalments, in advance, on the first Business Day of each month, provided that, for any Fiscal Year that is not a complete calendar year (including 2004, and any Fiscal Year shortened due to the expiration or other termination of this Agreement), the Base Fee shall be pro rated so as to equal the product obtained when the Base Fee for the applicable Fiscal Year is multiplied by the quotient obtained when the number of days during which this Agreement is in effect in the applicable Fiscal Year is divided by 365. For the 2004 Fiscal Year, the first instalment of the Base Fee shall be paid on December 1, 2004. The Issuer and Atlantic Holdings will pay the Base Fee based on an allocation established in the Annual Budget which will be based on the Manager's estimate of the time and resources to be spent on the provision of management services to each entity for the Fiscal Year.

### **3.02 Adjustment of the Base Fee for Acquisitions**

The Base Fee shall be increased to reflect any direct or indirect future acquisitions or investments by Atlantic Holdings and the Issuer by an amount to be agreed upon between the Manager, Atlantic Holdings and the Issuer, as approved by the directors of the Issuer and the managers of Atlantic Holdings independent of the Manager, the Existing Investors and their affiliates and associates, taking into consideration the increased service levels required and the resource requirements imposed as a result of or created by such acquisition or investment (the "Acquisition Increment").

### **3.03 Adjustment for Inflation**

The Base Fee shall be adjusted annually in January of each year (the "Adjustment Month") to reflect inflation (CPI Index) with such adjusted Base Fee to be effective as of and from January 1 of each such year, with the first such adjustment to take effect as of January 1, 2006. Notwithstanding the adjustment formula, the Base Fee shall never be less than the Initial Base Fee as a result of inflation adjustments. The new Base Fee for each year shall be calculated as follows:

$$\text{Adjusted Base Fee} = \text{Base Fee} \times \frac{\text{CPI(N)}}{\text{CPI(A)}}$$

Where:

Base Fee = Initial Base Fee, as such fee may have been adjusted from time to time in accordance with this Agreement for any Acquisition Increment and inflation, to the time of the inflation adjustment in question.

CPI(N) is the CPI Index for the Adjustment Month for the year in question;

CPI(A) is the CPI Index for the same month in the previous year. For example, for the Adjustment Month of January 2006, the CPI (A) will be the CPI Index for January 2005.

The adjustment to the Base Fee for inflation will be made as soon as practicable after the CPI Index for the Adjustment Month is published. Atlantic Holdings is nonetheless obligated to pay the additional adjusted amount from and including the Adjustment Month. Any additional fee that is unpaid from that month and any subsequent month due to the CPI Index for the

Adjustment Month being published after the Adjustment Month will be paid together with the portion of the Base Fee due in the month that the adjustment first can be calculated.

### **3.04 Expense Reimbursement**

- (a) The Manager shall be entitled to reimbursement for all costs and expenses reasonably incurred by the Manager or its affiliates in carrying out the services described hereunder, including reasonable allocations, if any, for charges incurred by the Manager for services provided to Atlantic Holdings and/or the Issuer, as the case may be, by ArcLight pursuant to the Management Support Agreement and for any other services provided by affiliates of the Manager consistent with the Annual Budget (such costs and expenses collectively termed the “Expenses”). Such Expenses will be reimbursed on a cost recovery basis such that the Manager, ArcLight or such affiliates do not receive financial gain nor suffer financial loss for providing such services. Charges for services of ArcLight or affiliates of the Manager or ArcLight, or personnel of such Persons, are subject to approval by the managers of Atlantic Holdings and the directors of the Issuer independent of the Manager, the Existing Investors and their affiliates and associates either by Annual Budget approval or by specific authorization.
- (b) The Manager is not obligated to utilize its own funds to pay any Expenses, but to the extent that it chooses to do so, it shall be reimbursed on an immediate as incurred basis, provided all such costs and expenses are invoiced monthly with an indication as to any balance outstanding that has not been reimbursed on an as incurred basis, if any, which balance shall be due upon invoicing.

### **3.05 Incentive Fee**

Atlantic Holdings shall pay to the Manager, in respect of each Fiscal Year, an incentive fee (the “Incentive Fee”) equal to 25% of the product of:

- (a) the excess of the cash distributed per IPS in any Fiscal Year (or, following the maturity, redemption or repurchase of all of the Subordinated Notes or separation of all of the IPSs, per Common Share) over the Targeted Cash Distribution; and
- (b) the weighted average number of IPSs, Common Shares not represented by IPSs and Existing Investor Interests outstanding for that Fiscal Year determined in accordance with GAAP;

provided that the following principles shall apply in calculating the Incentive Fee:

- (i) notwithstanding anything to the contrary in this section, for the 2004 Fiscal Year, the Incentive Fee shall be calculated using the excess of the cash distributed per IPS over the pro rated Targeted Cash Distribution from the Closing to December 31, 2004 multiplied by the weighted average number of IPSs, Common Shares not represented by IPSs and Existing Investor Interests outstanding for that fiscal period;

- (ii) appropriate adjustments to the amount of the Targeted Cash Distribution, so as to properly reflect changes in the number of IPSs and/or Common Shares outstanding as a result of, among other things, any subdivision, consolidation, reclassification, conversion, recapitalization, amalgamation, merger, reorganization or other similar event affecting the capital of the Issuer, shall be made as agreed to by the Manager and the managers of Atlantic Holdings and directors of the Issuer who are independent of the Manager, the Existing Investors and their affiliates and associates, acting reasonably;
- (iii) should this Agreement terminate or expire during any Fiscal Year, the Incentive Fee payable for such Fiscal Year shall be determined based on a Targeted Cash Distribution pro rated from January 1 of that Fiscal Year to the date of termination or expiry;
- (iv) as soon as possible after the end of each Fiscal Year, the Manager shall determine the Incentive Fee payable in respect of such preceding Fiscal Year and shall invoice Atlantic Holdings therefor. Payment of such Incentive Fee shall be paid by Atlantic Holdings within 15 days of invoicing;
- (v) notwithstanding subsection 3.05(b)(iv), at any time during a Fiscal Year that the Manager believes, acting reasonably, that an Incentive Fee will be earned by the Manager, the Managers of Atlantic Holdings and directors of the Issuer who are independent of the Manager, the Existing Investors and their affiliates and associates may agree as to the timing and magnitude of one or more payments to be made to the Manager on account of the Incentive Fee which is in advance of the payment contemplated in subsection 3.05(b)(iv); and
- (vi) cash distributed per IPS or Common Share, as applicable, shall not include any distribution of proceeds from a sale or other disposition of Atlantic Holdings' or the Issuer's direct or indirect interest in any Project.

### **3.06 Failure to Pay When Due**

Any amount payable by Atlantic Holdings or the Issuer to the Manager hereunder which is not remitted to the Manager when so due shall remain due (whether on demand or otherwise) and interest will accrue on such overdue amounts (both before and after judgment) at a rate per annum equal to the prime rate charged by the Manager's principal banker plus 5% per annum from the date payment is due until the date payment is made.

### **3.07 Waiver and Deferral**

The Manager may in its sole discretion waive or defer, in whole or in part, the Base Fee, the Incentive Fee or the reimbursement of Expenses and any interest payable hereunder. In the event of a deferral, with the consent of the managers of Atlantic Holdings who are independent of the Manager, the Existing Investors and their affiliates and associates and, if applicable, the directors of the Issuer who are independent of the Manager, the Existing Investors and their

affiliates and associates, the amount deferred shall bear interest at a fixed interest rate per annum equal to the published prime rate of the Issuer's principal banker on the date that the amount deferred would otherwise have been payable.

## **ARTICLE 4 – RECORDS**

### **4.01 Books and Records**

The Manager will maintain proper books, records and documents in which complete, true and correct entries, in conformity in all material respects with GAAP and all requirements of Applicable Laws, will be made in respect of all dealings and transactions in relation to the Business and the performance of the services under this Agreement.

### **4.02 Examination of Records by Atlantic Holdings and the Issuer**

Upon reasonable prior notice by Atlantic Holdings and the Issuer to the Manager, the Manager shall make available to Atlantic Holdings and the Issuer and their authorized representatives, for examination during normal business hours on a Business Day, all books, records and documents required to be maintained by it under Section 4.01. In addition, the Manager shall make available to Atlantic Holdings and the Issuer and their authorized representatives such financial and operating data in respect of all dealings and transactions in relation to the Business and the performance of the management services under this Agreement as may be in existence and as Atlantic Holdings and the Issuer or their authorized representatives shall from time to time reasonably request, including for the purposes of conducting any audit in respect of expenses of Atlantic Holdings and the Issuer or other matters necessary or advisable to be audited in order to conduct an audit of the financial affairs of Atlantic Holdings and the Issuer. Any examination of records shall be conducted in a manner which will not unduly interfere with the conduct of the Business or of the Manager's business in the ordinary course.

### **4.03 Access to Information by Manager**

The Manager shall have full access to all documentation and information necessary in order for the Manager to perform its obligations, covenants and responsibilities pursuant to the terms hereof, including all of the books, records and documents, financial and operating data of Atlantic Holdings, the Issuer, the Projects and the Business.

### **4.04 Compliance**

The Manager shall deliver to the managers of Atlantic Holdings and, if services have been provided to the Issuer, the directors of the Issuer, within 120 days after the end of each Fiscal Year a certificate signed on behalf of the Manager by two of its officers stating that a review of the activities of the Manager, Atlantic Holdings and the Issuer during the preceding Fiscal Year has been made under the supervision of such officers and that, based on such review and to the best of their knowledge, the Manager has fulfilled its obligations under and complied with all of the terms of this Agreement in all material respects and that no default hereunder (or event which, with notice or lapse of time or both, could become a default hereunder) occurred during such Fiscal Year.

## ARTICLE 5 – ACTIVITIES OF MANAGER

### 5.01 Standard of Care

The Manager shall discharge the duties conferred upon it hereunder with the same degree of diligence and care that a reasonably prudent manager of a business substantially similar to the Business, and having responsibilities of a similar nature to those hereunder, would exercise in comparable circumstances.

### 5.02 No Additional Duty

The Manager shall only have the duties and obligations expressly provided for in this Agreement and no other obligation or duty (fiduciary or otherwise) shall be implied. No other standard of care, other than as set forth in Section 5.01 above, shall apply or be implied in relation to the performance, by the Manager, of services or the other duties and obligations to be provided hereunder.

### 5.03 Other Activities

The Parties acknowledge and agree that:

- (a) personnel may be employed or contracted directly by the Manager or may be seconded from one or more of the Manager's affiliates on a full-time or part-time basis. Such personnel shall not be required to devote their time exclusively to or for the benefit of the Atlantic Holdings, the Issuer, the Business or the Projects;
- (b) ArcLight and its affiliates and associates (other than the Manager) may be engaged in, or hereafter become engaged in, activities that may involve (i) the provision of services, to any Persons whomsoever, which are the same as or similar to those services provided hereunder, (ii) engaging in the business of, and/or the direct and indirect ownership, management, operation and lease of assets and property in connection with, the generation, transmission, distribution and purchase and sale of electricity and thermal energy, (iii) acquiring and otherwise dealing with investments and other direct or indirect rights in Persons involved in the business of the generation, transmission, distribution, purchase and sale of electricity and thermal energy, and (iv) engaging in all activities ancillary or incidental to any of the foregoing, any of which may be in competition with the Business. Atlantic Holdings and the Issuer hereby consent to any and all such activities by ArcLight and its affiliates and associates (other than the Manager) and agree that nothing herein shall prevent ArcLight or its affiliates and associates (other than the Manager), or any of their respective directors, managers, officers or employees from having other business interests or from engaging in any other business activities even though such business interests or activities may be similar to or competitive with the interests or activities of Atlantic Holdings, the Issuer or their affiliates or associates, or from rendering services to any other Person even though such Person may have investment or business interests similar to, or competitive with, those of Atlantic Holdings, the Issuer or their affiliates or associates; and

- (c) in the event that, following Closing, the interests of the Manager or its affiliates or associates come into conflict with those of Atlantic Holdings, the Issuer or their affiliates or associates, the Manager is obliged to make decisions acting in good faith. In the event of any such conflict of interest, the Manager shall give written notice to Atlantic Holdings and the Issuer prior to taking any action in respect of such matter, and such notice shall set forth the reasons for such conflict. Thereafter, the managers of Atlantic Holdings and directors of the Issuer independent of the Manager, the Existing Investors and their affiliates and associates, on behalf of Atlantic Holdings and the Issuer, shall be responsible for taking all such actions or making all such decisions relating to the matters giving rise to the conflict of interest.

#### **5.04 Reliance**

In carrying out its duties hereunder, the Manager and its delegates shall be entitled to rely on:

- (a) statements of fact of other Persons (any of which may be Persons with whom the Manager is affiliated or associated) who are considered by the Manager, acting reasonably and in accordance with Section 5.01, to be knowledgeable of such facts; and
- (b) statements from, the opinion or advice of, or information from any solicitor, auditor, valuator, consultant, engineer, surveyor, appraiser or other expert selected by the Manager (herein "**Experts**"), provided the Manager exercised reasonable care and diligence consistent with that required under Section 5.01 in selecting such Expert to provide such statements, opinion, advice or information.

The Manager may, from time to time, employ or engage such Experts as may be necessary for the proper discharge of its services and other duties to be provided hereunder.

The Manager may rely, and shall be protected in acting, upon any instrument or other document believed by it to be genuine and in force.

#### **5.05 Liability of Manager**

Notwithstanding anything contained herein, the Manager, its members, affiliates, associates and any Person who is serving or shall have served as a director, manager, officer, employee, subcontractor, consultant, advisor, representative, secondee or agent of the Manager or its affiliates and associates (collectively, the "**Service Providers**"), shall not, either directly or indirectly, be liable, answerable or accountable to Atlantic Holdings or the Issuer, for:

- (a) any loss or damage resulting from, incidental to or relating to the performance or non-performance of services hereunder by any of the Service Providers (irrespective of whether such services have been provided before the Effective Date), including any exercise or refusal to exercise a discretion, any mistake or error of judgement or any act or omission believed by the Service Provider to be within the scope of authority conferred thereon by this Agreement, unless such

loss or damage resulted from the fraud, wilful default or gross negligence of a Service Provider in performing the services provided for hereunder;

- (b) any loss or damage resulting from, incidental to or relating to the performance or non-performance of services hereunder by any of the Service Providers (irrespective of whether such services have been provided before the Effective Date), where such loss or damage is attributable to acting in accordance with the instructions provided by the managers of Atlantic Holdings or the directors of the Issuer;
- (c) any loss or damage resulting from, incidental to or relating to the acts or omissions of any Person (other than an affiliate of the Manager) to which the Manager has delegated performance of any of its obligations and duties hereunder (irrespective of whether such delegation or act or omission occurred prior to the Effective Date), provided that in making such delegation, the Manager has acted in accordance with Section 5.01;
- (d) any loss or damage resulting from, incidental to or relating to any act or omission by any of the Service Providers (irrespective of whether such act or omission occurred prior to the Effective Date), provided that such act or omission is based upon the Service Provider's reliance on (i) statements of fact of other Persons (any of which may be Persons with whom the Manager is affiliated) who are considered by the Manager, acting reasonably and in accordance with Section 5.01, to be knowledgeable of such facts; or (ii) the opinion or advice of or information obtained from any Expert, provided the Manager exercised reasonable care and diligence consistent with that required under Section 5.01 in selecting such Expert; or
- (e) any damage, injury or loss of an indirect or consequential nature, including loss of profits, suffered by Atlantic Holdings or the Issuer (or their respective employees, agents, servants, or those for whom it is in law responsible) which is in any way connected with the Business or the performance or non-performance of this Agreement and the services to be provided hereunder (irrespective of whether such services have been provided before the Effective Date), however and whenever caused, and whether arising in contract, tort or otherwise.

Each of the Parties hereby acknowledges and agrees that the limits of liability provided for in this Section 5.05 shall not only be enforceable by the Manager but shall also be enforceable directly by each of the other Service Providers and it is agreed that the Manager shall hold in trust and enforce (to the extent necessary), for the benefit of such Service Providers, the limitations of liability conferred by this Section 5.05.

#### **5.06 Additional Information**

The Parties acknowledge and agree that conducting the activities and providing the services contemplated herein may have the incidental effect of providing additional information ("Additional Information") which may be utilized with respect to, or may augment the value of, business interests and related assets in which affiliates or associates of the Manager may have an interest and that neither the Manager nor its affiliates or associates shall be liable to account to

the Issuer or Atlantic Holdings with respect to such activities or results; provided, however, that the Manager and its affiliates and associates shall not, in making any use of Additional Information, do so in any manner that the Manager knew, or ought reasonably to have known, would cause or result in a breach of any confidentiality provision of agreements to which the Manager, the Issuer or Atlantic Holdings is a party or is bound.

#### 5.07 Confidentiality

The Manager hereby agrees that, unless the written consent of the managers of Atlantic Holdings and, if services are being provided to the Issuer, the directors of the Issuer, is obtained, the Manager will not at any time use, or disclose or make available to any Person, any information (herein "**Confidential Information**") concerning the Business acquired in connection with the performance of the services by the Manager hereunder, provided that notwithstanding the foregoing, but subject to Applicable Law:

- (a) the Manager may make use of, reveal or disclose Confidential Information:
  - (i) as may be expressly permitted by, or necessary for the performance of, the Manager's obligations under this Agreement;
  - (ii) where it is already in the public domain when disclosed to the Manager or becomes, after having been disclosed to the Manager, generally available to the public through publication or otherwise unless the publication or other disclosure was made directly or indirectly by the Manager in breach of this Agreement;
  - (iii) as required in order to comply with Applicable Laws, the orders or directions of any Governmental Authority, the requirements of any stock exchange or clearing house, or the requirements of any other regulatory authority having jurisdiction, including compliance with the disclosure obligations of the Manager;
  - (iv) where it was made available to the Manager on a non-confidential basis from a third party source, or where such information can be demonstrated by the Manager to have come into its possession independently of anything done by the Manager under or pursuant to this Agreement;
  - (v) to affiliates and associates of the Manager, and to the directors, managers, officers, employees, agents or other representatives (including consultants, financial institutions and other advisors) of the Manager and its affiliates and associates, provided such Persons have agreed to maintain such Confidential Information in confidence on terms substantially similar to those in this Section 5.07; and
  - (vi) as necessary in connection with any dispute resolution or any litigation commenced in respect of this Agreement.

- (b) the Parties agree that the obligations under this Section 5.07 shall expire and be at an end on the second anniversary of the termination of the Manager's appointment hereunder.

## **ARTICLE 6 – SUCCESSION AND DELEGATION**

### **6.01 Assignment**

No Party shall sell or assign its rights or obligations under this Agreement to a third party without the prior written consent of the other Parties, which consent may not be unreasonably withheld (unless the assignee is not a reputable and experienced manager), except (i) in the case of Atlantic Holdings or the Issuer, to a *bona fide* lender as security, including as security for any guarantee granted by Atlantic Holdings or the Issuer in respect of the obligations of its affiliates to any third party or parties providing *bona fide* financing to such affiliates, or (ii) in the case of the Manager, to a direct or indirect wholly-owned subsidiary of Atlantic Power Management Holdings, LLC (“**APM Holdings**”) the sole member of the Manager, or any entity controlled by ArcLight. Upon any assignment by Atlantic Holdings, the Issuer or the Manager in accordance with this Section 6.01, Atlantic Holdings, the Issuer, the Manager and the applicable assignee shall execute and deliver such documents as are necessary to give effect to such assignment on the terms herein and as otherwise agreed between such parties.

### **6.02 Delegation of Manager's Obligations**

- (a) Subject to and in accordance with the terms and conditions herein contained, the Manager may delegate, by subcontract or otherwise, the performance of any of its duties and obligations under this Agreement to any Person, including any affiliate of the Manager, without the prior written consent of Atlantic Holdings and, if applicable, the Issuer, provided that such delegation shall not relieve the Manager of the responsibility for ensuring the performance of its duties and obligations under this Agreement.
- (b) Subject to the prior approval of the managers of Atlantic Holdings who are independent of the Manager, the Existing Investors and their affiliates and associates and, if applicable, the directors of the Issuer who are independent of the Manager, the Existing Investors and their affiliates and associates, the Manager may contract with affiliates to provide services to the Issuer and Atlantic Holdings not otherwise provided for in this Agreement, which services may include advisory and investment banking services.

### **6.03 Management Support Agreement**

On the Effective Date, the Manager shall enter into an agreement with ArcLight (the “**Management Support Agreement**”), pursuant to which:

- (a) ArcLight will make certain employees available to the Manger for the provision of administration and office support services to enable the Manager to fulfill its duties under the Agreement;

- (b) services and resources provided by ArcLight to the Manager will entitle them to be reimbursed on a cost recovery basis; and
- (c) ArcLight and its affiliates will permit the Manager to pursue, on behalf of Atlantic Holdings and the Issuer, investment opportunities that: (A) do not fit within the investment guidelines for certain investment funds managed by ArcLight or its affiliates; or (B) fit within the investment guidelines referred to in (A) but which ArcLight or its affiliates determine not to pursue.

## ARTICLE 7 – INDEMNIFICATION

### 7.01 Indemnification of Manager

The Manager, its affiliates and associates and any Service Provider (collectively, the “**Manager Indemnitees**”) shall be indemnified and saved harmless by Atlantic Holdings and, if services are being or have been provided to the Issuer, the Issuer from and against all losses, claims, damages, liabilities, obligations, costs and expenses (including judgments, fines, penalties, amounts paid in settlement, counsel and accountants’ fees) of whatsoever kind or nature (collectively, “**Claims**”) incurred by, borne by or asserted against any of such indemnified parties in any way arising from or related in any manner to this Agreement, unless such Claims arise principally and directly from the fraud, wilful default or gross negligence of any of the Manager Indemnitees.

The foregoing right of indemnification shall not be exclusive of any other rights to which the Manager or the Manager Indemnitees may be entitled as a matter of law or equity or which may be lawfully granted to such Person.

### 7.02 Indemnification of Atlantic Holdings and the Issuer

Subject to limitations on liability of the Manager contained in this Agreement, Atlantic Holdings, the Issuer and any Person who is serving or shall have served as a director, manager, officer or employee of Atlantic Holdings or the Issuer (the “**Atlantic Holdings Indemnitees**”) shall be indemnified and saved harmless by the Manager from and against all losses, claims, damages, liabilities, obligations, costs and expenses (including judgments, fines, penalties, amounts paid in settlement, counsel and accountants’ fees) of whatsoever kind or nature (collectively, “**Atlantic Holdings Claims**”) incurred by, borne by or asserted against any of such indemnified parties which arise principally and directly from the fraud, wilful default or gross negligence of the Manager or its affiliates or associates or any Service Provider in the performance of its obligations hereunder, unless such Atlantic Holdings Claims arise from the fraud, wilful default or gross negligence on the part of such indemnified party.

The foregoing right of indemnification shall not be exclusive of any other rights to which the Atlantic Holdings Indemnitees may be entitled as a matter of law or equity or which may be lawfully granted to such Person.

### 7.03 Method of Asserting Claims

- (a) If a Party entitled to indemnification pursuant to the terms hereof (the “**Indemnified Party**”) intends to seek indemnification under this Article 7 from

the other Party (the “**Indemnifying Party**”), the Indemnified Party shall give the Indemnifying Party notice of such claim for indemnification promptly following the receipt or determination by the Indemnified Party of actual knowledge or information as to the factual and legal basis of any claim which is subject to indemnification and, where such claim results from the commencement of any claim or action by a third party, promptly following receipt of written notice of such third party claim or action. The failure of or delay by an Indemnified Party to so notify the Indemnifying Party (as set forth above) shall not relieve the Indemnifying Party of its indemnification obligations hereunder to the Indemnified Party, however the liability which the Indemnifying Party has to the Indemnified Party pursuant to the terms of this Article 7 (and for which the Indemnifying Party will be obligated to indemnify the Indemnified Party in respect of) shall be reduced to the extent that any such delay in or failure to give notice as herein required prejudices the defence of any such action, suit, proceeding, investigation or claim, or otherwise results in any increase in the liability which the Indemnifying Party has under its indemnity provided for herein.

- (b) The Indemnifying Party, at its sole cost and expense, shall have the right to assume the defence of any claim, action, suit, proceeding or investigation brought against the Indemnified Party with counsel designated by the Indemnifying Party and reasonably satisfactory to the Indemnified Party; provided that the Indemnifying Party will not, without the Indemnified Party’s prior written consent (such consent not to be unreasonably withheld), settle, compromise, consent to the entry of any judgment in or otherwise seek to terminate any action, suit, proceeding, investigation or claim in respect of which indemnification may be sought hereunder (whether or not the Indemnified Party is a party thereto) unless such settlement, compromise, consent or termination does not impose an injunction or other equitable relief and includes a release of the Indemnified Party from all liabilities arising out of such action, suit, proceeding, investigation or claim.
- (c) Notwithstanding the foregoing:
  - (i) if the defendants in any such action, suit, proceeding or investigation include both the Indemnified Party and the Indemnifying Party, and the Indemnified Party is advised by counsel that there are legal defences available to the Indemnified Party that are additional to those available to the Indemnifying Party and that in such circumstances representation by the same counsel would be inappropriate; or
  - (ii) if the Indemnified Party shall have reasonably concluded that the Indemnifying Party is not taking or has not taken, all necessary steps to diligently defend such claim, action, suit, proceeding or investigation, the Indemnified Party has provided written notice of same to the Indemnifying Party, and the Indemnifying Party has not rectified the situation within a reasonable period of time;

then the Indemnified Party shall have the right to retain separate counsel, the reasonable costs of which shall be at the Indemnifying Party's expense, to represent the Indemnified Party and to otherwise participate in the defence of such claim, action, suit, proceeding or investigation on behalf of such Indemnified Party.

- (d) Notwithstanding anything herein contained, an Indemnified Party shall have the right, at its sole cost and expense, to retain counsel to separately represent it in connection with the negotiation, settlement or defence of any claim, action, suit, proceeding or investigation brought by a third party provided, for further certainty, that such counsel shall not, unless agreed by the Indemnifying Party, assume control of the negotiation, settlement or defence.
- (e) Except to the extent expressly provided herein, no Indemnified Party shall settle any claim or action with respect to which it has sought or intends to seek indemnification pursuant to this Article 7 without the prior written consent of the Indemnifying Party, which consent shall not be unreasonably withheld or delayed.

#### **7.04 Net Amount**

In the event that an Indemnifying Party is obligated to indemnify and hold any Indemnified Party harmless under this Article 7, the amount owing to the Indemnified Party shall be the amount of such Indemnified Party's actual out-of-pocket loss, net of any insurance proceeds or other amount recovered from any other Person.

#### **7.05 Third Party Beneficiaries**

Each of the Parties hereby acknowledges and agrees that the rights of indemnification provided for in this Article 7 shall not only be enforceable by the Parties hereto but shall be enforceable directly by each of the Manager Indemnitees and the Atlantic Holdings Indemnitees, and in this respect it is further acknowledged and agreed that:

- (a) the Manager is acting as agent and trustee for the Manager Indemnitees as regards the covenants of Atlantic Holdings, pursuant to Section 7.01, with respect to indemnification of the Manager Indemnitees; and
- (b) Atlantic Holdings is acting as agent and trustee for the Atlantic Holdings Indemnitees as regards the covenants of the Manager, pursuant to Section 7.02, with respect to indemnification of the Atlantic Holdings Indemnitees.

### **ARTICLE 8 – TERM**

#### **8.01 Term**

This Agreement shall become effective as of the Effective Date and, subject to Section 8.02, shall continue in full force and effect until November 10, 2024 (the “**Initial Term**”) and may only be terminated in the circumstances described in Article 9.

## 8.02 Renewal

This Agreement shall be automatically renewed upon expiry of the Initial Term for additional five-year terms (each a "**Renewal Term**") unless, at least six months prior to the expiration of the then current term, a majority of the managers of Atlantic Holdings and a majority of the directors of the Issuer who are independent of the Manager, the Existing Investors and their affiliates and associates determine not to renew this Agreement and Atlantic Holdings and/or the Issuer provide the Manager with written notice indicating that the Agreement shall not be renewed at the expiration of the then current term.

## 8.03 Survival

Any obligation of the Parties pursuant to the terms hereof that accrued prior to the termination of the Agreement shall survive the termination of the Agreement, including, for further certainty, all payment obligations of Atlantic Holdings and the Issuer in respect of amounts accrued to and in favour of the Manager hereunder together with all indemnification obligations.

# ARTICLE 9 – TERMINATION

## 9.01 Events of Default

- (a) Upon the occurrence of any of the following events, Atlantic Holdings shall be deemed to be in default of this Agreement, each of which shall be deemed to be an event of default (each, an "**Atlantic Holdings Event of Default**"):
  - (i) the bankruptcy, insolvency or receivership of Atlantic Holdings; or
  - (ii) a default by Atlantic Holdings in the performance of a material obligation under this Agreement (other than as a result of the occurrence of a Force Majeure event) which is not cured within 60 days of written notice being given by the Manager to Atlantic Holdings of the default, or if such default is not reasonably capable of being cured within 60 days, Atlantic Holdings has not taken all reasonable steps to cure such default as soon as possible thereafter but in any event within 120 days.
  
- (b) Upon the occurrence of any of the following events, the Issuer shall be deemed to be in default of this Agreement, each of which shall be deemed to be an event of default (each, an "**Issuer Event of Default**"):
  - (i) the bankruptcy, insolvency or receivership of the Issuer; or
  - (ii) a default by the Issuer in the performance of a material obligation under this Agreement (other than as a result of the occurrence of a Force Majeure event) which is not cured within 60 days of written notice being given by the Manager to the Issuer of the default, or if such default is not reasonably capable of being cured within 60 days, the Issuer has not taken all reasonable steps to cure such default as soon as possible thereafter but in any event within 120 days.

- (c) Upon the occurrence of any of the following events, the Manager shall be deemed to be in default of this Agreement, each of which shall be deemed to be an event of default (each, a “**Manager Event of Default**”):
- (i) the bankruptcy, insolvency or receivership of the Manager;
  - (ii) fraud, wilful default or gross negligence committed by the Manager; or
  - (iii) default by the Manager in the performance of a material obligation under this Agreement (other than as a result of the occurrence of a Force Majeure event) which is not cured within 60 days of written notice being given by Atlantic Holdings to the Manager of the default, or if such default is not reasonably capable of being cured within 60 days, the Manager has not taken all reasonable steps to cure such default as soon as possible thereafter but in any event within 120 days.

### **9.02 Termination Rights**

- (a) Upon the occurrence of an Atlantic Holdings Event of Default or an Issuer Event of Default, without recourse to legal process and without limiting any other rights or remedies which the Manager may have at law or otherwise, the Manager may immediately terminate this Agreement by delivery of a written notice of termination to Atlantic Holdings and the Issuer.
- (b) Upon the occurrence of a Manager Event of Default, without recourse to legal process and without limiting any other rights or remedies which Atlantic Holdings or the Issuer may have at law or otherwise, Atlantic Holdings or the Issuer may immediately terminate this Agreement by prior written notice of such termination delivered to the Manager.
- (c) In addition to any other termination rights granted to the Manager pursuant to this Section, the Manager may terminate this Agreement upon 90 days’ written notice to Atlantic Holdings and the Issuer.
- (d) In addition to any other termination rights granted to Atlantic Holdings and the Issuer pursuant to this Section, Atlantic Holdings or the Issuer may terminate the Management Agreement upon 90 days’ prior written notice if: (i) while APM Holdings owns the Manager, ArcLight ceases to be the manager of the members of APM Holdings; or (ii) APM Holdings sells the Manager and ArcLight ceases to have a significant influence over the operation of the Manager, in either case, without the prior written consent of the managers of Atlantic Holdings and the directors of the Issuer who are independent of the Manager, the Existing Investors and their affiliates and associates, which consent shall not be unreasonably withheld.

### **9.03 Dispute as to the Occurrence of an Event of Default**

Should a Party dispute in good faith that an Atlantic Holdings Event of Default, an Issuer Event of Default or a Manager Event of Default, as the case may be, has occurred under this

Article 9, such dispute shall be submitted to arbitration by the disputing Party (in accordance with the provisions of Article 11 hereof) no later than 10 Business Days following the event of default. Any dispute over other events of default shall also be subject to the same procedure, except that there can be no dispute about the right to terminate by the Manager pursuant to Section 9.02(c).

#### **9.04 Acknowledgement of Atlantic Holdings and the Issuer**

Atlantic Holdings and the Issuer acknowledge and agree that (a) a termination of this Agreement by it without proper right or cause pursuant to this Agreement will cause irreparable harm to the Manager for which the Manager will not have an adequate remedy at law, either by way of damages or otherwise, and (b) in the event of a wrongful termination, and in addition to any other remedy to which the Manager may be entitled at law or in equity, the Manager shall be entitled to injunctive relief to restrain such breach and to an order specifically enforcing this Agreement and the terms and provisions hereof.

#### **9.05 Post Termination Arrangements**

In the event of a termination of this Agreement under Section 9.02:

- (a) the Manager shall deliver to Atlantic Holdings and the Issuer a copy of all books, records, accounts, documents, systems and manuals which it developed and maintained in connection with the performance of its obligations and duties associated with the provision of services pursuant to this Agreement; and
- (b) the Parties shall take all steps as may be reasonably required to complete any final accounting of amounts owing between them and to provide, if applicable, for the completion of any other matter contemplated by this Agreement.

### **ARTICLE 10 – FORCE MAJEURE**

#### **10.01 Consequences of Force Majeure**

During the occurrence of an event of Force Majeure, the obligations of the Party affected by such event of Force Majeure, to the extent that such obligations cannot be reasonably performed as a result of such event of Force Majeure, shall be suspended, and such Party shall not be considered to be in breach or default hereunder, for the period of such occurrence, except that:

- (a) the occurrence of an event of Force Majeure affecting Atlantic Holdings or the Issuer but not affecting the performance of the Manager's obligations hereunder shall not relieve Atlantic Holdings or the Issuer of its respective obligations to make payments in respect of expenses incurred by the Manager for which it is obligated to reimburse the Manager hereunder; and
- (b) upon the occurrence of an event of Force Majeure affecting the Manager, and during the continuance thereof (i) Atlantic Holdings and the Issuer shall continue to be obligated to make payment of all Expenses, whether incurred before or after the event of Force Majeure, and (ii) Atlantic Holdings and the Issuer shall

continue to be obligated to make payment of all fees earned or accrued to the Manager (including the Base Fee and Incentive Fee), including for the month in respect of which the event of Force Majeure occurred, as well as for the two months immediately following such month.

The suspension of performance shall be of no greater scope and of no longer duration than is required by the event of Force Majeure. Immediately upon resumption of the performance of the services hereunder, the Manager shall once again receive full payment of all fees (in the event such payment was suspended pursuant to Section 10.01(b) above) to which the Manager is entitled by the terms hereof.

#### **10.02 Notice**

The Party seeking to invoke the benefit of Section 10.01 shall (a) give the other Party prompt written notice of the particulars of the event of Force Majeure and, if reasonably ascertainable, its expected duration, and (b) use its commercially reasonable efforts to remedy its inability to perform.

### **ARTICLE 11 – RESOLUTION OF DISPUTES AND ARBITRATION**

#### **11.01 Disputes**

Where so provided in this Agreement, and in any other instance where agreed to in writing by the Parties, a dispute or disagreement of any kind or nature between the Parties arising out of or in connection with this Agreement (a “**Dispute**”) will be resolved in accordance with this Article 11 to the extent permitted by law.

#### **11.02 Arbitration**

- (a) Any Dispute required to be submitted to arbitration hereunder or which the Parties agree in writing to submit to arbitration hereunder, shall be presided over by one arbitrator pursuant to the procedure set forth in this Section 11.02 and pursuant to the provisions of the *Arbitration Act, 1991* (Ontario) (the “**Arbitration**”). If the provisions of this Section 11.02 are inconsistent with the provisions of the *Arbitration Act, 1991* (Ontario) and to the extent of such inconsistency, the provisions of this Section 11.02 shall prevail.
- (b) Either Party may commence a proceeding for arbitration of a Dispute by making a demand for arbitration of a Dispute by sending a notice (the “**Arbitration Notice**”) in writing to the other Party, setting forth the nature of the Dispute, the amount involved and the name of the arbitrator such initiating Party proposes to be appointed.
- (c) Within 10 days after deemed receipt of the Arbitration Notice by the Party to whom it is sent, the Parties shall agree on the designation of an arbitrator; should the Parties fail to do so, an arbitrator shall be appointed by a judge of the Superior Court of Ontario, upon motion by either Party (the “**Arbitrator**”). The Parties agree to exercise their commercially reasonable efforts to select, or have selected, an arbitrator who has, objectively viewed, a reasonable level of expertise and

experience related to the relevant matters in dispute so as to be competent to resolve the matter appropriately.

- (d) Arbitration hearings shall be held in Toronto, Ontario, and shall commence no later than 15 days after the appointment of the arbitrator in accordance with Section 11.02(c). The decision of the Arbitrator shall be final, without appeal, and binding upon the Parties.
- (e) Each Party shall bear the costs and expenses of lawyers, consultants, advisors, witnesses and employees retained by it in any Arbitration. The expenses of the Arbitrator shall be paid equally by the Parties unless the Arbitrator provides otherwise in its award.

### **11.03 Continued Performance**

Notwithstanding Article 9, during the conduct of Dispute resolution procedures pursuant to this Article 11, the Parties shall continue to perform their respective obligations under this Agreement and neither Party shall exercise any other remedies to resolve such Dispute.

## **ARTICLE 12 – GENERAL MATTERS**

### **12.01 No Partnership, Joint Venture or Trust**

The Parties are not and shall not be deemed to be partners or joint venturers with one another and nothing herein shall be construed so as to impose any liability as such on any of them. The Parties agree that the Manager shall perform its duties and obligations under this Agreement as an independent contractor (with its duties and obligations as expressly provided herein) for and on behalf of Atlantic Holdings and the Issuer, and it is acknowledged and agreed that only where the Manager undertakes execution of contracts or other instruments for and on behalf of Atlantic Holdings and/or the Issuer may the Manager then be acting as an agent of Atlantic Holdings and/or the Issuer. In no circumstances shall the Manager be, or be deemed to be, a fiduciary or trustee for any Person, whether or not a Party, in connection with the discharge by the Manager of such duties and obligations.

### **12.02 Amendments**

This Agreement shall not be amended or varied in its terms by oral agreement or by representations or otherwise except by instrument in writing executed by the duly authorized representatives of the Parties hereto or their respective successors or assigns and, in the case of the Issuer or Atlantic Holdings, approved by a majority of the managers and directors, respectively, who are independent of the Manager, the Existing Investors and their affiliates and associates.

### **12.03 Severability**

The provisions of this Agreement are severable. In the event of the unenforceability or invalidity of any one or more of the terms, covenants, conditions or provisions of this Agreement under applicable law, such unenforceability or invalidity shall not render any of the other terms, covenants, conditions or provisions hereof unenforceable or invalid; and the Parties agree that

this Agreement shall be construed as if such unenforceable or invalid term, covenant or condition was never contained herein.

#### **12.04 Notice**

All notices required or permitted pursuant to the terms of this Agreement shall be in writing and shall be given by personal delivery or facsimile transmittal during normal business hours on any Business Day to the address for the Manager or Atlantic Holdings, as applicable, as set forth below. Any such notice or other communication given hereunder shall, if personally delivered or sent by facsimile transmittal (with confirmation received), be conclusively deemed to have been given or made and received on the day of delivery or facsimile transmittal (as the case may be) if such delivery or facsimile transmittal occurs during normal business hours of the recipient on a Business Day and if not so delivered or transmitted during normal business hours on a Business Day, then on the next Business Day following the day of delivery or transmittal. The Parties hereto may give from time to time written notice of change of address in the manner aforesaid.

Notices shall be provided:

(a) To Atlantic Holdings:

200 Clarendon Street  
55<sup>th</sup> Floor  
Boston, MA 02117

Attention: Chairman of the Board of Managers  
Fax No.: (617) 531-6369

(b) To the Issuer:

200 Clarendon Street  
55<sup>th</sup> Floor  
Boston, MA 02117

Attention: Chairman of the Board of Directors  
Fax No.: (617) 531-6369

(c) To Manager:

200 Clarendon Street  
55<sup>th</sup> Floor  
Boston, MA 02117

Attention: Chief Executive Officer  
Fax No.: (617) 531-6369

#### **12.05 Governing Law and Attornment**

The provisions of this Agreement shall be governed by and interpreted in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein. Any

legal actions or proceedings with respect to this Agreement shall be brought in the courts of the Province of Ontario. Each Party hereby attorns to and accepts the exclusive jurisdiction of such courts.

**12.06 Enurement**

This Agreement shall enure to the benefit of and be binding upon the Parties hereto and their respective successors and permitted assigns.

**12.07 Entire Agreement**

This Agreement constitutes the entire agreement between the Parties hereto with respect to the subject matter hereof and cancels and supersedes any prior understanding and agreements between the Parties hereto with respect thereto. There are no representations, warranties, terms, conditions, undertakings or collateral agreements, express, implied or statutory, between the Parties other than as expressly set forth in this Agreement.

**12.08 Waivers**

No waiver of any breach of any term or provision of this Agreement shall be effective or binding unless made in writing and signed by the Party purporting to give the same and, unless otherwise provided, such waiver shall be limited to the specific breach waived. Waivers by Atlantic Holdings or the Issuer shall be approved by the managers of Atlantic Holdings and the directors of the Issuer who are independent of the Manager, the Existing Investors and their affiliates and associates.

**12.09 Further Assurances**

Each of Atlantic Holdings, the Issuer and the Manager shall from time to time execute and deliver all such further documents and instruments and do all acts and things as the other Party may reasonably require to effectively carry out or better evidence or perfect the full intent and meaning of this Agreement.

**12.10 Time of the Essence**

Time shall be of the essence in respect of this Agreement.

**12.11 Counterparts**

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

**[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]**

**IN WITNESS WHEREOF** the Parties hereto have executed this Agreement by their proper officers duly authorized in that behalf as of the day and year first above written.

## CREDIT AGREEMENT

THIS CREDIT AGREEMENT dated as of November 18, 2004 is made and entered into by and among ATLANTIC POWER HOLDINGS, LLC, a Delaware limited liability company (the "Borrower"), each lender from time to time party hereto (collectively, the "Lenders" and individually, a "Lender"), BANK OF MONTREAL as Administrative Agent and L/C Issuer, and as Collateral Agent.

The Borrower has requested that the Lenders provide a revolving credit facility, and the Lenders are willing to do so on the terms and conditions set forth herein.

In consideration of the mutual covenants and agreements herein contained, the parties hereto covenant and agree as follows:

### ARTICLE I. DEFINITIONS AND ACCOUNTING TERMS

**1.01 Defined Terms.** As used in this Agreement, the following terms shall have the meanings set forth below:

"Acceptable Security Interest" in any Property means a Lien which (a) exists in favor of the Administrative Agent for the benefit of any of the Administrative Agent, the L/C Issuer, the Lenders or any of their respective Affiliates, (b) is superior to all Liens or rights of any other Person (other than Liens specifically permitted under Section 7.01) in the Property or Collateral encumbered thereby (c) secures the Secured Obligations, and (d) is perfected and enforceable.

"Administrative Agent" means Bank of Montreal in its capacity as administrative agent under any of the Loan Documents, or any successor administrative agent.

"Administrative Agent's Office" means the Administrative Agent's address and, as appropriate, account as set forth on Schedule 10.02, or such other address or account as the Administrative Agent may from time to time notify to the Borrower and the Lenders.

"Affiliate" of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. For purposes of this definition, "control" (including, with correlative meanings, the terms "controlling", "controlled by" and "under common control with"), as used with respect to any Person, means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of such Person, whether through the ownership of voting securities, by agreement or otherwise.

"Agent/Arranger Fee Letter" has the meaning specified in Section 2.10(c).

"Agent-Related Persons" means the Administrative Agent (including any successor administrative agent permitted hereby), together with its Affiliates (including, in the case of

Bank of Montreal in its capacity as the Administrative Agent, the Arranger), and the officers, directors, employees, agents and attorneys-in-fact of such Persons and Affiliates.

“Aggregate Commitments” means at any time the sum of the Commitments of all the Lenders under this Agreement.

“Agreement” means this Credit Agreement.

“Applicable Margin” means the following percentages per annum:

Base Rate Loans: 50.0 basis points;

Commitment Fee: 37.5 basis points;

Eurodollar Rate Loans: 200.0 basis points; and

Letters of Credit: 200.0 basis points.

“Approved Fund” means any Fund that is administered or managed by (a) a Lender or (b) an Affiliate of a Lender or (c) an entity or an Affiliate of an entity that administers or manages a Lender.

“Arranger” means Harris Nesbitt Corp. in its capacity as arranger.

“Asset Sale” means: (i) the sale, conveyance, transfer or other disposition (whether in a single transaction or a series of related transactions) of Property or assets (including by way of a Sale/Leaseback Transaction) of the Borrower or any Subsidiary or Unrestricted Subsidiary of the Borrower (each referred to in this definition as a **“disposition”**) or (ii) the issuance or sale of Equity Interests of any Subsidiary or Unrestricted Subsidiary of the Borrower (other than to the Borrower or another Subsidiary or Unrestricted Subsidiary of the Borrower) (whether in a single transaction or a series of related transactions), in each case other than: (a) a disposition of Cash Equivalents or Investment Grade Securities or obsolete or worn out equipment in the ordinary course of business; (b) the disposition of all or substantially all of the assets of the Borrower in a manner permitted pursuant to Section 7.04 or any disposition that constitutes a Change of Control; (c) any Restricted Payment or Permitted Investment that is permitted to be made, and is made, under Section 7.03; (d) any disposition of Property or assets by a Subsidiary or Unrestricted Subsidiary of the Borrower to the Borrower or by the Borrower or a Subsidiary or Unrestricted Subsidiary of the Borrower to a Subsidiary or Unrestricted Subsidiary of the Borrower; (e) any exchange of like Property for use in a Similar Business; (f) sales of assets received by the Borrower upon the foreclosure on a Lien; and (g) sales of inventory in the ordinary course of business consistent with past practices and sales of equipment upon termination of a contract with a client entered into in the ordinary course of business pursuant to the terms of such contract.

“Assignee Conditions” means, in relation to any Person described in clause (c) of the defined term **“Eligible Assignee”**, the conditions as follow: (i) if a Lender assigns to such an Eligible Assignee less than all of its Commitment and the Loans at the time owing to it (or a

participation in its L/C Obligations), any right of such assigning Lender and such assignee to vote as a Lender, or any other direct claim or right against the Borrower or any Guarantor in relation to this Agreement, shall be uniformly exercised or pursued by such assigning Lender and such assignee; and (ii) such assignee shall not be entitled to payment from any Loan Party under Article III of amounts in excess of those payable to such Lender assignor under such Article (determined without regard to such assignment or transfer).

“Assignment and Acceptance” means an Assignment and Acceptance substantially in the form of Exhibit D.

“Attorney Costs” means and includes all reasonable fees and disbursements of any law firm or other external counsel and expressly includes the allocated reasonable costs of internal legal services and disbursements of internal counsel.

“Audited Financial Statements” means the audited consolidated balance sheet of the Parent Guarantor and each of its consolidated Subsidiaries, for the fiscal year ended December 31, 2003, and the related consolidated statements of income and cash flows for such fiscal year of such Persons.

“Available Aggregate Commitment” means, at any time, the Aggregate Commitment then in effect minus the aggregate Outstanding Amount of Loans and L/C Obligations at such time.

“Base Rate” means for any day a fluctuating rate per annum equal to the higher of (a) the Federal Funds Rate plus 1/2 of 1% and (b) the rate of interest as publicly announced from time to time by Bank of Montreal as its “reference rate.” Such reference rate is a rate set by Bank of Montreal based upon various factors including Bank of Montreal’s costs and desired return, general economic conditions and other factors, and is used as a reference point for pricing some loans, which may be priced at, above, or below such announced reference rate. Any change in such reference rate announced by Bank of Montreal shall take effect at the opening of business on the day specified in the public announcement of such change.

“Base Rate Loan” means a Loan that bears interest based on the Base Rate.

“BMO ISDA Master Agreement” means that certain ISDA Master Agreement and the Schedule thereto, dated as of November 9, 2004, documenting the FX swap transaction entered into between Bank of Montreal and the Borrower on November 9, 2004.

“Board” means the Board of Governors of the Federal Reserve System of the United States of America.

“Borrower” has the meaning set forth in the introductory paragraph hereto and with respect to such Person, includes its successors and assigns permitted hereby, if any.

“Borrowing” means a borrowing consisting of simultaneous Loans of the same Type and having the same Interest Period made by each of the Lenders pursuant to Section 2.01.

“Business Day” means any day other than a Saturday, Sunday, or other day on which commercial banks are authorized to close under the Laws of, or are in fact closed in, each of (a) the state where the Administrative Agent’s Office is located and (b) the City of Toronto, Ontario, Canada, and if such day relates to any Eurodollar Rate Loan, it must also be a day on which dealings in Dollar deposits are conducted by and between banks in the applicable offshore Dollar interbank market.

“Capitalized Lease Obligations” means, at the time any determination thereof is to be made, the amount of the liability in respect of a capital lease that would at such time be required to be capitalized and reflected as a liability on a balance sheet (excluding the footnotes thereto) in accordance with GAAP.

“Capital Stock” means: (i) in the case of a corporation, corporate stock or equity interests, including, without limitation, corporate stock represented by IPSs and corporate stock outstanding upon the separation of IPSs into the securities represented thereby; (ii) in the case of an association or business entity, any and all shares, interests, participations, rights or other equivalents (however designated) of corporate stock; (iii) in the case of a partnership or limited liability company, partnership or membership interests (whether general or limited); and (iv) any other interest or participation that confers on a Person the right to receive a share of the profits and losses of, or distributions of assets of, the issuing Person.

“Cash” means U.S. Dollars or Cdn. Dollars.

“Cash Collateralize” means to pledge and deposit with or deliver to the Administrative Agent, for the benefit of the L/C Issuer and the Lenders, as collateral for the L/C Obligations, cash or deposit account balances denominated in U.S. Dollars or Cdn. Dollars pursuant to documentation in form and substance reasonably satisfactory to the Administrative Agent and the L/C Issuer (which documents are hereby consented to by the Lenders). Derivatives of such term shall have corresponding meaning.

“Cash Equivalents” means (i) (A) Cdn. Dollars and foreign currency exchanged into Cdn. Dollars within 180 days or (B) U.S. Dollars and foreign currency exchanged into U.S. Dollars within 180 days; (ii) securities issued or directly and fully guaranteed or insured by the U.S. or Canadian government or any agency or instrumentality thereof; (iii) certificates of deposit, time deposits and eurodollar time deposits with maturities of one year or less from the date of acquisition, bankers’ acceptances with maturities not exceeding one year and overnight bank deposits, in each case with any commercial bank having capital and surplus in excess of U.S.\$200,000,000 and whose long-term debt is rated “A” or the equivalent thereof by Moody’s or S&P; (iv) repurchase obligations for underlying securities of the types described in clauses (ii) and or by DBRS (iii) above entered into with any financial institution meeting the qualifications specified in clause (iii) above; (v) commercial paper issued by a corporation (other than an Affiliate of the Borrower or an Affiliate of a Subsidiary of the Borrower) rated at least “A (low)” or higher by DBRS or “A3” or higher by Moody’s or “A-” or higher by S&P and in each case maturing within one year after the date of acquisition; (vi) investment funds investing at least 95% of their assets in securities of the types described in clauses (i) through (v) above; (vii) readily marketable direct obligations issued by or guaranteed by the Government of the United States or Canada, any state of the United States of America or any political subdivision thereof

having one of the two highest rating categories obtainable from DBRS, Moody's or S&P; and (viii) Indebtedness or preferred stock issued by Persons with a rating of P-2 or higher by DBRS, "A" or higher from S&P or "A-2" or higher from Moody's.

"Cash Flow" means, for any period, the difference of (i) the aggregate amount of all cash distributions received or receivable in respect of such period, by the Parent Guarantor from the Borrower, any Subsidiary or Unrestricted Subsidiary of the Borrower or any other source during such period plus the Parent Guarantor's *pro rata* share (based on its common membership ownership interest in the Borrower) of any cash distributions received by the Borrower in respect of such period and retained by the Borrower, in each such case exclusive of any distribution attributable to any net proceeds realized by the Parent Guarantor or any Subsidiary of the Parent Guarantor, including without limitation, the Borrower, any Subsidiary of the Borrower and any Unrestricted Subsidiary of the Borrower upon the sale or disposition of plant property and equipment, which is not disposed of in the ordinary course of business and any other extraordinary items, minus (ii) any amounts paid by the Parent Guarantor in respect of expenses (other than Interest Expense), including taxes determined on a *pro forma*, annual basis for a full tax year.

"Cash Flow Coverage Ratio" means for the most recently ended four fiscal quarters of the Parent Guarantor for which financial statements are available, the ratio of Cash Flow for such period to the total Interest Expense of the Parent Guarantor plus any mandatory principal repayments on outstanding Indebtedness of the Parent Guarantor for such period.

"Cdn. Dollars" and "Cdn.\$" means lawful money of Canada.

"Cdn. GAAP" means generally accepted accounting principles from time to time approved by the Canadian Institute of Chartered Accountants.

"Change of Control" means the occurrence of any of the following events:

(i) the sale, lease or transfer to any Person or group, in one or a series of related transactions, of the Parent Guarantor's or the Borrowers' assets generating more than 66 2/3% of the Parent Guarantor's Cash Flow for the 12-month period ended on the last day of the most recent fiscal quarter to any Person or group;

(ii) the adoption of a plan relating to the liquidation or dissolution of the Borrower or the Parent Guarantor;

(iii) the acquisition by any Person or group of a direct or indirect interest in more than 50% of: (A) the Common Shares of the Borrower or the common membership interests of the Parent Guarantor; or (B) the voting power or Voting Stock of the Borrower or the Parent Guarantor; by way of purchase, merger or consolidation or otherwise (other than a creation of a holding company that does not involve a change in the beneficial ownership of the Borrower as a result of such transaction); or

(iv) the merger or consolidation of the Borrower or the Parent Guarantor with or into another Person or the merger of another Person into the Borrower or the Parent

Guarantor with the effect that immediately after such transaction the shareholders of the Borrower or the holders of common membership interests of the Borrower immediately prior to such transaction hold, directly or indirectly, less than 50% of the total Voting Stock of the Person surviving such merger or consolidation, in each case other than the creation of a holding company that does not involve a change in the beneficial ownership of the Borrower or the Parent Guarantor as a result of such transaction.

“Closing Date” means the first date all the conditions precedent in Section 4.01 are satisfied or waived in accordance with Section 4.01 (or, in the case of Section 4.01(b), waived by the Person entitled to receive the applicable payment).

“Code” means the *United States Internal Revenue Code of 1986*, as amended, and any rules and regulations issued pursuant thereto.

“Collateral” means the Property of any Loan Party upon which Liens in favor of the Lenders have been granted or have been purported to have been granted by the terms of the applicable Security Documents.

“Collateral Agent” means Bank of Montreal, in its capacity as collateral agent under any of the Loan Documents, or any other successor collateral agent.

“Collateral Agency and Intercreditor Agreement” means that certain Collateral Agency and Intercreditor Agreement among the Loan Parties, the Collateral Agent and the Trustee, dated as of the Closing Date and substantially in the form of Exhibit I, as amended and in effect from time to time.

“Commitment” means, as to each Lender, its obligation to (a) make Loans to the Borrower pursuant to Section 2.01 and (b) purchase participations in L/C Obligations, in an aggregate principal amount at any one time outstanding not to exceed the amount set forth opposite such Lender’s name on Schedule 2.01, as such amount may be reduced or adjusted from time to time in accordance with this Agreement (the aggregate Commitments of all the Lenders, collectively, the “Commitments”).

“Common Shares” means the common shares in the capital of the Borrower.

“Compliance Certificate” means a certificate substantially in the form of Exhibit C.

“Contractual Obligation” means, as to any Person, any provision of any security issued by such Person or of any contract, agreement, instrument or other undertaking to which such Person is a party or by which it or any of its Property is bound pursuant to which such Person is obligated to perform an agreement or other undertaking.

“Credit Extension” means each of the following: (a) a Borrowing or (b) an L/C Credit Extension.

“DBRS” means Dominion Bond Rating Service Limited or any successor to the rating agency business thereof, or if no such successor, any other debt rating agency selected by the Borrower and approved by the Required Lenders.

“Debtor Relief Laws” means the Bankruptcy Code of the United States of America, and all other liquidation, conservatorship, bankruptcy, assignment for the benefit of creditors, moratorium, rearrangement, receivership, insolvency, reorganization, or similar debtor relief Laws of the United States of America or other applicable jurisdictions from time to time in effect and affecting the rights of creditors generally.

“Default” means any event that, with the giving of any notice, the passage of time, or both, would be an Event of Default.

“Default Rate” means an interest rate equal to (a) the Base Rate plus (b) the Applicable Margin, if any, applicable to Base Rate Loans plus (c) 2% per annum; provided, however, that with respect to a Eurodollar Rate Loan, the Default Rate shall be an interest rate equal to the interest rate (including any Applicable Margin) otherwise applicable to such Loan plus 2% per annum, in each case to the fullest extent permitted by applicable Laws.

“Deposit and Disbursement Agreement” means that certain Deposit and Disbursement Agreement among the Loan Parties, the Collateral Agent and Harris Bank as the depository bank, dated as of the Closing Date and substantially in the form of Exhibit H, as amended and in effect from time to time.

“Designated Non-Cash Consideration” means the Fair Market Value of non-cash consideration received by the Borrower or one of its Subsidiaries in connection with an Asset Sale that is so designated as Designated Non-Cash Consideration pursuant to an Officers’ Certificate, setting forth the basis of such valuation, less the amount of Cash Equivalents received in connection with a subsequent sale of such Designated Non-Cash Consideration.

“Disqualified Stock” means, with respect to any Person, any Capital Stock of such Person which, by its terms (or by the terms of any security into which it is convertible or for which it is redeemable or exchangeable), or upon the happening of any event: (i) matures or is mandatorily redeemable, pursuant to a sinking fund obligation or otherwise; (ii) is convertible or exchangeable for Indebtedness or Disqualified Stock; or (iii) is redeemable at the option of the holder thereof, in whole or in part, in each case prior to the first anniversary of the Stated Maturity of the Securities; provided, however, that only the portion of Capital Stock which so matures or is mandatorily redeemable, is so convertible or exchangeable or is so redeemable at the option of the holder thereof prior to such first anniversary shall be deemed to be Disqualified Stock; provided further, however, that if such Capital Stock is issued to any director, manager, officer, employee or to any plan for the benefit of such parties of the Borrower or its Subsidiaries or by any such plan to such parties, such Capital Stock shall not constitute Disqualified Stock solely because it may be required to be repurchased by the Borrower in order to satisfy applicable statutory or regulatory obligations or as a result of such parties’ termination, death or disability.

“Distribution” for any Person means, with respect to any shares of any capital stock, any units, any partnership interests or other equity securities or ownership interests issued by such Person, (a) the retirement, redemption, purchase, or other acquisition for value of any such securities, (b) the declaration or payment of any dividend on or with respect to any such securities, and (c) any other payment by such Person with respect to such securities.

“Eligible Assignee” means (a) a Lender; (b) an Affiliate of a Lender that is financially capable of performing the obligations of a Lender under this Agreement; (c) an Approved Fund that is financially capable of performing the obligations of such Lender under this Agreement; and (d) any other Person (other than a natural Person) approved by the Administrative Agent, in the case of any assignment of a Loan, the L/C Issuer, and, unless an Event of Default has occurred and is continuing, the Borrower (each such approval not to be unreasonably withheld or delayed).

“Environmental Laws” means all Laws relating to environmental, health, safety and land use matters applicable to any property.

“Equity Interests” means Capital Stock and all warrants, options or other rights to acquire Capital Stock (but excluding any debt security that is convertible into, or exchangeable for, Capital Stock).

“ERISA” means the Employee Retirement Income Security Act of 1974, as amended, and any rules and regulations issued pursuant thereto.

“ERISA Affiliate” means any trade or business (whether or not incorporated) under common control with the Borrower within the meaning of Section 414(b) or (c) of the Code.

“ERISA Event” means (a) a Reportable Event with respect to a Pension Plan; (b) the incurrence by the Borrower of liability with respect to a withdrawal by the Borrower or any ERISA Affiliate from a Pension Plan subject to Section 4063 of ERISA during a plan year in which it was a substantial employer (as defined in Section 4001(a)(2) of ERISA) or a cessation of operations that is treated as such a withdrawal under Section 4062(e) of ERISA; (c) the incurrence by the Borrower of liability with respect to a complete or partial withdrawal by the Borrower or any ERISA Affiliate from a Multiemployer Plan or notification that a Multiemployer Plan is in reorganization; (d) the incurrence by the Borrower of liability with respect to the filing of a notice of intent to terminate, the treatment of a Plan amendment as a termination under Sections 4041 or 4041A of ERISA, or the commencement of proceedings by the PBGC to terminate a Pension Plan or Multiemployer Plan; (e) the incurrence by the Borrower of liability with respect to an event or condition which could reasonably be expected to constitute grounds under Section 4042 of ERISA for the termination of, or the appointment of a trustee to administer, any Pension Plan or Multiemployer Plan; or (f) the imposition of any liability under Title IV of ERISA, other than PBGC premiums due but not delinquent under Section 4007 of ERISA, upon the Borrower or any ERISA Affiliate; and with respect to each of the occurrences described in the preceding clauses (a) through (f), which could reasonably be expected to have a Material Adverse Effect.

“Eurodollar Rate” means for any Interest Period with respect to any Eurodollar Rate Loan:

(a) the rate per annum equal to the rate determined by the Administrative Agent to be the offered rate that appears on the page of the Telerate screen (or any successor thereto) that displays an average British Bankers Association Interest Settlement Rate for deposits in Dollars (for delivery on the first day of such Interest Period) with a term equivalent to such Interest Period, determined as of approximately 11:00 a.m. (London time) two Business Days prior to the first day of such Interest Period, or

(b) if the rate referenced in the preceding subsection (a) does not appear on such page or service or such page or service shall cease to be available, the rate per annum equal to the rate determined by the Administrative Agent to be the offered rate on such other page or other service that displays an average British Bankers Association Interest Settlement Rate for deposits in Dollars (for delivery on the first day of such Interest Period) with a term equivalent to such Interest Period, determined as of approximately 11:00 a.m. (London time) two Business Days prior to the first day of such Interest Period, or

(c) if the rates referenced in the preceding subsections (a) and (b) are not available, the rate per annum determined by the Administrative Agent as the rate of interest (rounded upward to the next 1/100th of 1%) at which deposits in Dollars for delivery on the first day of such Interest Period in same day funds in the approximate amount of the Eurodollar Rate Loan being made, continued or converted by Bank of Montreal and with a term equivalent to such Interest Period would be offered by Bank of Montreal’s London Branch to major banks in the offshore Dollar market at their request at approximately 11:00 a.m. (London time) two Business Days prior to the first day of such Interest Period.

“Eurodollar Rate Loan” means a Loan that bears interest at a rate based on the Eurodollar Rate.

“Event of Default” means any of the events or circumstances specified in Article VIII.

“Excluded Contributions” means the net cash proceeds received by the Borrower after the Closing Date from (i) contributions to its common equity capital and (ii) the sale (other than to a Subsidiary of the Borrower or to the Borrower or Subsidiary management equity plan or stock option plan or any other management or employee benefit plan or agreement) of Capital Stock (other than Disqualified Stock and Designated Preferred Stock) of the Borrower, in each case designated as Excluded Contributions pursuant to an Officers’ Certificate executed by an Officer of the Borrower.

“Fair Market Value” means, with respect to any asset or Property, the price which could be negotiated in an arm’s-length, free market transaction, for cash, between a willing seller and a willing and able buyer, neither of who is under undue pressure or compulsion to complete the transaction.

“Federal Funds Rate” means, for any day, the rate per annum (rounded upwards to the nearest 1/100 of 1%) equal to the weighted average of the rates on overnight Federal funds

transactions with members of the Federal Reserve System arranged by Federal funds brokers on such day, as published by the Federal Reserve Bank of New York on the Business Day next succeeding such day; provided that (a) if such day is not a Business Day, the Federal Funds Rate for such day shall be such rate on such transactions on the next preceding Business Day as so published on the next succeeding Business Day, and (b) if no such rate is so published on such next succeeding Business Day, the Federal Funds Rate for such day shall be the average rate charged to Bank of Montreal on such day on such transactions as determined by the Administrative Agent.

“Foreign Lender” has the meaning specified in Section 10.15.

“Fund” means any Person (other than a natural Person) that is (or will be) engaged in making, purchasing, holding or otherwise investing in commercial loans and similar extensions of credit in the ordinary course of its business.

“GAAP” means either Cdn. GAAP or U.S. GAAP, as the context may require.

“Government Obligations” means direct obligations (or certificates representing an ownership interest in such obligations) of Canada or the United States of America (including any agency or instrumentality thereof) for the payment of which the full faith and credit of Canada or of the United States of America is pledged and which are not callable or redeemable at the Borrower’s option.

“Governmental Authority” means any nation or government, any state or other political subdivision thereof, any agency, authority, instrumentality, regulatory body, court, administrative tribunal, central bank or other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government, and any corporation or other entity owned or controlled, through stock or capital ownership or otherwise, by any of the foregoing.

“Guarantee” means each Guarantee made by the Guarantors in favor of the Administrative Agent on behalf of the Lenders, substantially in the form of Exhibit E, as amended and in effect from time to time.

“Guarantee Obligation” means, as to any Person, (a) any obligation, contingent or otherwise, of such Person guarantying or having the economic effect of guarantying any Indebtedness or other obligation payable or performable by another Person (the “primary obligor”) in any manner, whether directly or indirectly, and including any obligation of such Person, direct or indirect, (i) to purchase or pay (or advance or supply funds for the purchase or payment of) such Indebtedness or other obligation, (ii) to purchase or lease Property, securities or services for the purpose of assuring the obligee in respect of such Indebtedness or other obligation of the payment or performance of such Indebtedness or other obligation, (iii) to maintain working capital, equity capital or any other financial statement condition or liquidity of the primary obligor so as to enable the primary obligor to pay such Indebtedness or other obligation, or (iv) entered into for the purpose of assuring in any other manner the obligees in respect of such Indebtedness or other obligation of the payment or performance thereof or to protect such obligees against loss in respect thereof (in whole or in part), or (b) any Lien on any

assets of such Person securing any Indebtedness or other obligation of any other Person, whether or not such Indebtedness or other obligation is assumed by such Person; provided, however, that the term "Guarantee Obligation" shall not include endorsements of instruments for deposit or collection in the ordinary course of business. The amount of any Guarantee Obligation shall be deemed to be an amount equal to the stated or determinable amount of the related primary obligation, or portion thereof, in respect of which such Guarantee Obligation is made or, if not stated or determinable, the maximum reasonably anticipated liability in respect thereof as determined by the guarantying Person in good faith.

"Guarantors" means, collectively, the Parent Guarantor and each Subsidiary that executes and delivers to the Administrative Agent a Guarantee, so long as such Guarantee shall not have been expressly terminated by the Administrative Agent and the Lenders or shall not have been terminated in accordance with its express terms, in each case with respect to such Person.

"Hedging Obligations" means, with respect to any Person, the obligations of such Person under (i) currency exchange, interest rate or commodity swap agreements, currency exchange, interest rate or commodity cap agreements and currency exchange, interest rate or commodity collar agreements and (ii) other agreements or arrangements designed to protect such Person against fluctuations in currency exchange, interest rates or commodity prices.

Person, other than leases between the Borrower and a Wholly-Owned Subsidiary or between Wholly-Owned Subsidiaries.

“Securities” has the meaning set forth in the Subordinated Note Indenture.

“Security Documents” means each Guarantee, the Deposit and Disbursement Agreement, the Collateral Agency and Intercreditor Agreement, each Pledge Agreement, the Security Agreement and any and all other agreements, deeds of trust, mortgages, chattel mortgages, security agreements, pledges, control agreements, guaranties, depository agreements, assignments of production or proceeds of production, assignments of income, assignments of contract rights, assignments of equity interests, assignments of royalty interests, assignments of performance, completion or surety bonds, standby agreements, subordination agreements, undertakings and other instruments and financing statements now or hereafter executed and delivered by any Person (other than solely by any Administrative Agent or any Lenders and/or any other creditor participating in the Loans or any collateral or security therefor) in connection with, or as security for any Secured Obligation of a Loan Party (each as they may be amended or modified from time to time).

“Secured Indebtedness” means any Indebtedness of the Borrower or any Subsidiary secured by a Lien, including the Indebtedness hereunder.

“Secured Obligations” means, any or all of (i) the Obligations, (ii) any Hedging Obligation of the Borrower to any of the Lenders, Bank of Montreal or their respective Affiliates (iii) any obligation of a Borrower to any of the Lenders, Bank of Montreal or their respective Affiliates with respect to cash management exposure and funds transfer and deposit account liabilities.

“Security Agreement” means, each security agreement made by the applicable Loan Party in favor of the Administrative Agent on behalf of the Lenders, as may be required by the Administrative Agent from time to time and substantially in the form of either Exhibit J as amended and in effect from time to time

“Senior Indebtedness” with respect to the Borrower or any Subsidiary of the Borrower means all Secured Indebtedness of the Borrower or any such Subsidiary including interest thereon (including interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to the Borrower or any Subsidiary of the Borrower whether or not a claim for post-filing interest is allowed in such proceeding) and other amounts (including make-whole, fees, expenses, reimbursement obligations under letters of credit and indemnities) owing in respect thereof, whether outstanding on the Closing Date or thereafter Incurred, unless in the instrument creating or evidencing the same or pursuant to which the same is outstanding it is provided that such obligations are not superior in right of payment to the obligations hereunder or such Subsidiary’s Guarantee, as applicable; provided, however, that Senior Indebtedness shall not include, as applicable, (i) any obligation of the Borrower to any Subsidiary or Unrestricted Subsidiary of the Borrower, or of such Subsidiary or Unrestricted Subsidiary to the Borrower or any other Subsidiary or Unrestricted Subsidiary of the Borrower, (ii) any liability for federal, state, provincial, local or other taxes owed or owing by the Borrower or such Subsidiary, (iii) any accounts payable or other liability to trade creditors arising in the ordinary course of business

(including guarantees thereof or instruments evidencing such liabilities), (iv) any Indebtedness or obligation of the Borrower or such Subsidiary which is *Pari Passu* Indebtedness (as defined in the Subordinated Note Indenture) under the Subordinated Note Indenture, or (v) any obligations with respect to any Capital Stock.

“Similar Business” means a business, the majority of whose revenues are derived from the generation of electric power, or the activities of the Borrower and its Subsidiaries as of the Closing Date or any business or activity that is reasonably similar thereto or a reasonable extension, development or expansion thereof or ancillary thereto, including investing in power generation facilities.

“Solvent” means, with respect to any Person at any time, a condition under which (a) the fair saleable value of such Person’s assets is, on the date of determination, greater than the total amount of such Person’s liabilities (including contingent and unliquidated liabilities) at such time; and (b) such Person is able to pay all of its liabilities as such liabilities mature. For purposes of this definition (i) the amount of a Person’s contingent or unliquidated liabilities at any time shall be that amount which, in light of all the facts and circumstances then existing, represents the amount which can reasonably be expected to become an actual or matured liability, (ii) the “fair saleable value” of an asset shall be the amount which may be realized within a reasonable time either through collection or sale of such asset at its regular market value, and (iii) the “regular market value” of an asset shall be the amount which a capable and diligent business person could obtain for such asset from an interested buyer who is willing to purchase such asset under ordinary selling conditions.

“Specified Project Effect” means, from time to time, defaults with respect to Contractual Obligations of any Loan Party or any Subsidiary of any Loan Party, as applicable, related to one or more Projects which Contractual Obligations, in the aggregate, impact at least 20% of the Loan Parties’ net cash flow from all of the Projects for the 12 month period ending the date of the most recent quarterly financial statements delivered pursuant to Section 6.01; provided, that for purposes hereof such net cash flow shall be reduced on a *pro forma* basis to reflect any Asset Sales occurring since the date of such financials.

“Stated Maturity” means, with respect to any security, the date specified in such security as the fixed date on which the final payment of principal of such security is due and payable, including pursuant to any mandatory redemption provision (but excluding any provision providing for the repurchase of such security at the option of the holder thereof upon the happening of any contingency beyond the control of the Borrower unless such contingency has occurred).

“Subordinated Indebtedness” means, with respect to the Borrower or any Subsidiary, all Indebtedness of the Borrower or any Subsidiary which is not Senior Indebtedness.

“Subordinated Note Indenture” means that certain 11% Subordinated Notes Indenture dated November 18, 2004 among the Issuer, the guarantors a party thereto and Computershare Trust Company of Canada, in its capacity as trustee to the Indenture.

“Subordinated Notes” means the Subordinated Notes issued pursuant to the Subordinated Note Indenture and as defined in and contemplated by the IPS Prospectus.

“Subsidiary” means, with respect to any Person, (i) any corporation, association or other business entity (other than a partnership, joint venture or limited liability company) of which 40% or more of the total voting power of shares of Capital Stock entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof is at the time of determination owned or controlled, directly or indirectly, by such Person or one or more of the other Subsidiaries of that Person or a combination thereof and (ii) any partnership, joint venture or limited liability company of which (x) 40% or more of the capital accounts, distribution rights, total equity and voting interests or general and limited partnership interests, as applicable, are owned or controlled, directly or indirectly, by such Person or one or more of the other Subsidiaries of that Person or a combination thereof, whether in the form of membership, general, special or limited partnership interests or otherwise and such Person owns or controls, directly or indirectly, 40% or more of the total equity and voting rights of the general partner of such entity; for greater certainty, the Subsidiaries of the Borrower will include all entities listed on Schedule 5.13. Notwithstanding the foregoing or anything contained or referred to in any Loan Document to the contrary, no Unrestricted Subsidiary shall be deemed a Subsidiary of the Borrower for any purpose under any Loan Document.

“Swap Contract” means (a) any and all rate swap transactions, basis swaps, credit derivative transactions, forward rate transactions, commodity swaps, commodity options, forward commodity contracts, equity or equity index swaps or options, bond or bond price or bond index swaps or options or forward bond or forward bond price or forward bond index transactions, interest rate options, forward foreign exchange transactions, cap transactions, floor transactions, collar transactions, currency swap transactions, cross-currency rate swap transactions, currency options, spot contracts, or any other similar transactions or any combination of any of the foregoing (including any options to enter into any of the foregoing), whether or not any such transaction is governed by or subject to any master agreement, and (b) any and all transactions of any kind, and the related confirmations, which are subject to the terms and conditions of, or governed by, any form of master agreement published by the International Swaps and Derivatives Association, Inc., any International Foreign Exchange Master Agreement, or any other master agreement (any such master agreement, together with any related schedules, a “Master Agreement”), including any such obligations or liabilities under any Master Agreement.

“Swap Termination Value” means, in respect of any one or more Swap Contracts, after taking into account the effect of any legally enforceable netting agreement relating to such Swap Contracts, (a) for any date on or after the date such Swap Contracts have been closed out and termination value(s) determined in accordance therewith, such termination value(s), and (b) for any date prior to the date referenced in clause (a) the amount(s) determined as the mark-to-market value(s) for such Swap Contracts, as determined based upon one or more mid-market or other readily available quotations provided by any recognized dealer in such Swap Contracts (which may include any Lender).

“Taxes” means U.S. Taxes as defined in Section 3.01.

“Threshold Amount” means U.S.\$25,000,000.

“Treasury Regulations” means the U.S. Treasury regulations (including final, temporary and proposed regulations) promulgated under the Code.

“Trustee” has the meaning set forth in the Subordinated Note Indenture.

“Type” means with respect to a Loan, its character as a Base Rate Loan or a Eurodollar Rate Loan.

“Unfunded Pension Liability” means the excess of a Pension Plan’s benefit liabilities under Section 4001(a)(16) of ERISA, over the current value of that Pension Plan’s assets, determined in accordance with the assumptions used for funding the Pension Plan pursuant to Section 412 of the Code for the applicable plan year.

“Unreimbursed Amount” has the meaning set forth in Section 2.04(c)(i).

“Unrestricted Subsidiary” means any Subsidiary of the Borrower that is designated as such to the Administrative Agent pursuant to Section 6.14 after the date hereof; provided, however, that no Guarantor, Project Holding Entity, or other Subsidiary of the Borrower as of the Closing Date shall be designated as an Unrestricted Subsidiary without the prior written consent of the Administrative Agent and the Required Lenders, such consent to be granted in the sole discretion of the Administrative Agent and the Required Lenders.

“U.S. Dollar” and “U.S.\$” mean lawful money of the United States of America.

“U.S. Dollar Equivalent” of Cdn. Dollars with respect to any amount of U.S. Dollars at any date shall mean the equivalent in Cdn. Dollars of U.S. Dollars calculated on the basis of the arithmetical mean of the buy and sell spot price rates of exchange of the Administrative Agent for Cdn. Dollars at 11:00 a.m. New York time, on the date on or as of which such amount is to be determined.

“U.S. GAAP” means United States of America generally accepted accounting principles set forth in the opinions and pronouncements of the Accounting Principles Board and the American Institute of Certified Public Accountants and statements and pronouncements of the Financial Accounting Standards Board or such other principles as may be approved by a significant segment of the accounting profession, that are generally accepted in the United States of America and applicable to the circumstances as of the date of determination, consistently applied.

“Voting Percentage” means, as to any Lender, (a) at any time when the Commitments are in effect, such Lender’s Pro Rata Share and (b) at any time after the termination of the Commitments, the percentage (carried out to the ninth decimal place) which (i) the sum of (A) the Outstanding Amount of such Lender’s Loans, plus (B) such Lender’s Pro Rata Share of the Outstanding Amount of L/C Obligations, divided by (ii) the Outstanding Amount of all Loans and L/C Obligations; provided, however, that if any Lender has failed to fund any portion of the Loans or participations in L/C Obligations required to be funded by it hereunder, such Lender’s

Voting Percentage shall be deemed to be zero percent (0%), and the respective Pro Rata Shares and Voting Percentages of the other Lenders shall be recomputed for purposes of this definition and the definition of "Required Lenders" without regard to such Lender's Commitment or the outstanding amount of its Loans, and L/C Advances, as the case may be.

"Voting Stock" of any Person as of any date means the Capital Stock of such Person that is at the time entitled to vote in the election of the board of directors, managers or trustees, as the case may be, of such Person.

"Weighted Average Life to Maturity" means, when applied to any Indebtedness or Disqualified Stock, as the case may be, at any date, the quotient obtained by dividing (i) the sum of the products of the number of years from the date of determination to the date of each successive scheduled principal payment of such Indebtedness or redemption or similar payment with respect to such Disqualified Stock multiplied by the amount of such payment, by (ii) the sum of all such payments.

"Wholly-Owned Subsidiary" of any Person means a Subsidiary of such Person 100% of the outstanding Capital Stock or other ownership interests of which will at the time be owned by such Person or by one or more Wholly-Owned Subsidiaries of such Person.

## **1.02 Other Interpretive Provisions.**

(a) The meanings of defined terms are equally applicable to the singular and plural forms of the defined terms.

(b) (i) The words "herein" and "hereunder" and words of similar import when used in any Loan Document shall refer to such Loan Document as a whole and not to any particular provision thereof.

(ii) Unless otherwise specified herein, Article, Section, Exhibit and Schedule references are to this Agreement.

(iii) The term "including" is by way of example and not limitation.

(iv) The term "documents" includes any and all instruments, documents, agreements, certificates, notices, reports, financial statements and other writings, however evidenced.

(v) The verb "continue", and its usage in correlative forms, with reference to a Default or an Event of Default, shall mean that such Default or Event of Default has occurred and continues and, if applicable, after the passage of the applicable notice or cure period continues uncured, unwaived or otherwise unremedied, or with respect to the event or circumstance giving rise thereto, and after the passage of the applicable notice or cure period, continues uncured, unwaived or otherwise unremedied.

(vi) all "dollars" are in U.S. dollars, unless otherwise stated;

(vii) a term has the meaning assigned to it;

(viii) “or” is not exclusive;

(ix) the principal amount of any non-interest bearing or other discount security at any date shall be the principal amount thereof that would be shown on a balance sheet of the issuer dated such date prepared in accordance with GAAP;

(x) the principal amount of any Preferred Stock shall be (i) the maximum liquidation value of such Preferred Stock or (ii) the maximum mandatory redemption or mandatory repurchase price with respect to such Preferred Stock, whichever is greater;

(xi) for the purposes of calculating a financial ratio all dollar amounts will be converted into the appropriate currency in accordance with GAAP or as otherwise provided herein;

(xii) for the purposes of any the financial covenants and related definition set out in this Agreement or the other Loan Documents in respect of the period between the date hereof and such date ending March 31, 2006, financial results that are available for periods of less than 12 months shall be annualized; and

(xiii) the financial provisions and information set forth in the IPS Prospectus shall be deemed to (i) satisfy any condition precedent set forth in Section 4.01 or Section 4.02 relating to the provision of any financial statements, balance sheets or other financial information, and (ii) constitute the basis for any comparisons of any financial statements, balance sheets or other financial information through December 31, 2005.

(c) In the computation of periods of time from a specified date to a later specified date, the word “from” means “from and including,” the words “to” and “until” each mean “to but excluding,” and the word “through” means “to and including.”

(d) Section headings herein and the other Loan Documents are included for convenience of reference only and shall not affect the interpretation of this Agreement or any other Loan Document.

**1.03 Accounting Terms.** All accounting terms not specifically or completely defined herein shall be construed in conformity with, and all financial data required to be submitted pursuant to this Agreement shall be prepared in conformity with, GAAP applied on a consistent basis, as in effect from time to time, applied in a manner consistent with that used in preparing the Audited Financial Statements, except as otherwise specifically prescribed herein.

**1.04 Rounding.** Any financial ratios required to be maintained by the Borrower pursuant to this Agreement shall be calculated by dividing the appropriate component by the other component, carrying the result to one place more than the number of places by which such ratio is expressed herein and rounding the result up or down to the nearest number (with a rounding-up if there is no nearest number).

**1.05 References to Agreements and Laws.** Unless otherwise expressly provided herein, (a) references to documents (including the Loan Documents) shall be deemed to include

all subsequent amendments, restatements, extensions, supplements and other modifications thereto, but only to the extent that such amendments, restatements, extensions, supplements and other modifications are not prohibited by any Loan Document, and (b) references to any Law shall include all statutory and regulatory provisions consolidating, amending, replacing, supplementing or interpreting such Law.

## **ARTICLE II. THE COMMITMENTS AND CREDIT EXTENSIONS**

**2.01 Loans.** Subject to the terms and conditions set forth herein, each Lender severally agrees to make loans (each such loan, a "Loan") to the Borrower from time to time on any Business Day during the period from the Closing Date to the Maturity Date, in an aggregate amount for all Loans to the Borrower not to exceed at any time outstanding the amount of such Lender's Commitment; provided, however, that after giving effect to any Borrowing, (i) the aggregate Outstanding Amount of all Loans and L/C Obligations shall not exceed the Commitments, and (ii) the aggregate Outstanding Amount of the Loans of any Lender, plus such Lender's Pro Rata Share of the Outstanding Amount of all L/C Obligations shall not exceed such Lender's Commitment. Within the limits of each Lender's Commitment, and subject to the other terms and conditions hereof, the Borrower may borrow under this Section 2.01, prepay under Section 2.06, and reborrow under this Section 2.01. Loans may be Base Rate Loans or Eurodollar Rate Loans, as further provided herein.

### **2.02 Borrowings, Conversions and Continuations of Loans.**

(a) Each Borrowing (other than an L/C Borrowing), each conversion of Loans from one Type to the other, and each continuation of Loans as the same Type shall be made upon the Borrower's irrevocable notice to the Administrative Agent. Each such notice must be received by the Administrative Agent not later than 12:00 p.m., New York time, (i) three Business Days prior to the requested date of any Borrowing of, conversion to or continuation of Eurodollar Rate Loans or of any conversion of Eurodollar Rate Loans to Base Rate Loans, and (ii) on the requested date of any Borrowing of Base Rate Loans. Each Borrowing of, conversion to or continuation of Eurodollar Rate Loans shall be in a principal amount of U.S.\$1,000,000 or a whole multiple of U.S.\$1,000,000 in excess thereof. Each Borrowing of or conversion to Base Rate Loans shall be in a principal amount of U.S.\$500,000 or a whole multiple of U.S.\$100,000 in excess thereof. Each Loan Notice shall specify (i) whether the Borrower is requesting a Borrowing, a conversion of Loans from one Type to the other, or a continuation of Loans as the same Type, (ii) the requested date of the Borrowing, conversion or continuation, as the case may be (which shall be a Business Day), (iii) the principal amount of Loans to be borrowed, converted or continued, (iv) the Type of Loans to be borrowed or to which existing Loans are to be converted, and (v) if applicable, the duration of the Interest Period with respect thereto. If the Borrower fails to specify a Type of Loan in a Loan Notice or if the Borrower fails to give a timely notice requesting a conversion or continuation, then the applicable Loans shall be made or continued as, or converted to, Base Rate Loans. Any such automatic conversion to Base Rate Loans shall be effective as of the last day of the Interest Period then in effect with respect to the applicable Eurodollar Rate Loans. If the Borrower requests a Borrowing of, conversion to, or

continuation of Eurodollar Rate Loans in any such Loan Notice, but fails to specify an Interest Period, it will be deemed to have specified an Interest Period of one month.

(b) Following receipt of a Loan Notice, the Administrative Agent shall promptly notify each Lender of its Pro Rata Share of the applicable Loans, and if no timely notice of a conversion or continuation is provided by the Borrower, the Administrative Agent shall notify each Lender of the details of any automatic conversion to Base Rate Loans described in the preceding subsection. In the case of a Borrowing, each Lender shall make the amount of its Loan available to the Administrative Agent in immediately available funds at the Administrative Agent's Office not later than 1:00 p.m., New York time, on the Business Day specified in the applicable Loan Notice. Upon satisfaction of the applicable conditions set forth in Section 4.02 (and, if such Borrowing is the initial Credit Extension, Section 4.01), the Administrative Agent shall make all funds so received available to the Borrower in like funds as received by the Administrative Agent either by (i) crediting the account of the Borrower on the books of the Administrative Agent with the amount of such funds or (ii) wire transfer of such funds, in each case in accordance with instructions provided to the Administrative Agent by the Borrower; provided, however, that if, on the date of the Borrowing there are L/C Borrowings outstanding, then the proceeds of such Borrowing shall be applied, first, to the payment in full of any such L/C Borrowings, and second, to the Borrower as provided above.

(c) Except as otherwise provided herein, a Eurodollar Rate Loan may be continued or converted only on the last day of the Interest Period for such Eurodollar Rate Loan. During the existence of a Default or Event of Default, no Loans may be requested as, converted to or continued as Eurodollar Rate Loans without the consent of the Required Lenders, and the Required Lenders may demand among other things, that any or all of the then outstanding Eurodollar Rate Loans be converted to Base Rate Loans at the end of the respective Interest Periods therefor, if at the end of such periods, a Default or an Event of Default is then in existence.

(d) The Administrative Agent shall promptly notify the Borrower and the Lenders of the interest rate applicable to any Eurodollar Rate Loan upon determination of such interest rate. The determination of the Eurodollar Rate by the Administrative Agent shall be conclusive in the absence of manifest error. The Administrative Agent shall notify the Borrower and the Lenders of any change in Bank of Montreal's reference rate used in determining the Base Rate promptly following the public announcement of such change.

(e) After giving effect to all Borrowings, all conversions of Loans from one Type to the other, and all continuations of Loans as the same Type, there shall not be more than ten (10) Interest Periods in effect with respect to Loans.

**2.03 Intentionally Blank.**

**2.04 Letters of Credit.**

(a) The Letter of Credit Commitment.

(i) Subject to the terms and conditions set forth herein, (A) the L/C Issuer agrees, in reliance upon the agreements of the other Lenders set forth in this Section 2.04, (1) from time to time on any Business Day during the period from the Closing Date until the Letter of Credit Expiration Date, to issue Letters of Credit for the account of the Borrower, and to amend Letters of Credit previously issued by it, in accordance with subsection (b) below, and (2) to honor drafts under the Letters of Credit; and (B) the Lenders severally agree to participate in Letters of Credit issued for the account of the Borrower; provided that the L/C Issuer shall not be obligated to make any L/C Credit Extension with respect to any Letter of Credit, and no Lender shall be obligated to participate in, any Letter of Credit if as of the date of such L/C Credit Extension, (x) the Outstanding Amount of all L/C Obligations and all Loans would exceed the Commitments, (y) the aggregate Outstanding Amount of the Loans of any Lender, plus such Lender's Pro Rata Share of the Outstanding Amount of all L/C Obligations, would exceed such Lender's Commitment, or (z) the Outstanding Amount of the L/C Obligations would exceed the Letter of Credit Sublimit. Within the foregoing limits, and subject to the terms and conditions hereof, the Borrower's ability to obtain Letters of Credit shall be fully revolving, and accordingly the Borrower may, during the foregoing period, obtain Letters of Credit to replace Letters of Credit that have expired or that have been drawn upon and reimbursed.

(ii) The L/C Issuer shall be under no obligation to issue any Letter of Credit if:

(A) any order, judgment or decree of any Governmental Authority or arbitrator, in each case with jurisdiction over the L/C Issuer, shall by its terms purport to enjoin or restrain the L/C Issuer from issuing such Letter of Credit, or any Law applicable to the L/C Issuer or any request or directive (whether or not having the force of law) from any Governmental Authority with jurisdiction over the L/C Issuer shall prohibit, or request that the L/C Issuer refrain from, the issuance of letters of credit generally or such Letter of Credit in particular or shall impose upon the L/C Issuer with respect to such Letter of Credit any restriction, reserve or capital requirement (for which the L/C Issuer is not otherwise compensated hereunder) not in effect on the Closing Date, or shall impose upon the L/C Issuer any unreimbursed loss, cost or expense which was not applicable on the Closing Date and which the L/C Issuer in good faith deems material to it;

(B) the expiry date of such requested Letter of Credit would occur more than twelve months after the date of issuance, unless all the Lenders have approved such expiry date;

(C) the expiry date of such requested Letter of Credit would occur after the Letter of Credit Expiration Date, unless all the Lenders have approved such expiry date;

(D) the issuance of such Letter of Credit would violate one or more policies of the L/C Issuer; or

(E) such Letter of Credit is in a face amount less than U.S.\$100,000, in the case of a commercial Letter of Credit, or U.S.\$500,000, in the case of any other type of Letter of Credit, or is to be denominated in a currency other than Dollars.

(iii) The L/C Issuer shall be under no obligation to amend any Letter of Credit if (A) the L/C Issuer would have no obligation at such time to issue such Letter of Credit in its amended form under the terms hereof, or (B) the beneficiary of such Letter of Credit does not accept the proposed amendment to such Letter of Credit.

(b) Procedures for Issuance and Amendment of Letters of Credit.

(i) Each Letter of Credit shall be issued or amended, as the case may be, upon the request of the Borrower delivered to the L/C Issuer (with a copy to the Administrative Agent) in the form of a Letter of Credit Application, appropriately completed and signed by a Responsible Officer of the Borrower. Such L/C Application must be received by the L/C Issuer and the Administrative Agent not later than 11:00 a.m., New York time, at least two Business Days (or such later date and time as the L/C Issuer may agree in a particular instance in its sole discretion) prior to the proposed issuance date or date of amendment, as the case may be. In the case of a request for an initial issuance of a Letter of Credit, such Letter of Credit Application shall specify in form and detail satisfactory to the L/C Issuer: (A) the proposed issuance date of the requested Letter of Credit (which shall be a Business Day); (B) the amount thereof; (C) the expiry date thereof; (D) the name and address of the beneficiary thereof; (E) the documents to be presented by such beneficiary in case of any drawing thereunder; (F) the full text of any certificate to be presented by such beneficiary in case of any drawing thereunder; and (G) such other matters as the L/C Issuer may require. In the case of a request for an amendment of any outstanding Letter of Credit, such Letter of Credit Application shall specify in form and detail satisfactory to the L/C Issuer (A) the Letter of Credit to be amended; (B) the proposed date of amendment thereof (which shall be a Business Day); (C) the nature of the proposed amendment; and (D) such other matters as the L/C Issuer may require.

(ii) Promptly after receipt of any Letter of Credit Application, the L/C Issuer will confirm with the Administrative Agent (by telephone or in writing) that the Administrative Agent has received a copy of such Letter of Credit Application from the Borrower and, if not, the L/C Issuer will provide the Administrative Agent with a copy thereof. Upon receipt by the L/C Issuer of confirmation from the Administrative Agent that the requested issuance or amendment is permitted in accordance with the terms hereof, then, subject to the terms and conditions hereof, the L/C Issuer shall, on the requested date, issue a Letter of Credit for the account of the Borrower or enter into the applicable amendment, as the case may be, in each case in accordance with the L/C Issuer's usual and customary business practices. Immediately upon the issuance of each Letter of Credit, each Lender shall be deemed to, and hereby irrevocably and unconditionally agrees to, purchase from the L/C Issuer a participation in such Letter of Credit in an amount equal to the product of such Lender's Pro Rata Share times the amount of such Letter of Credit.

(iii) Promptly after its delivery of any Letter of Credit or any amendment to a Letter of Credit to an advising bank with respect thereto or to the beneficiary thereof, the L/C Issuer will also deliver to the Borrower and the Administrative Agent a true and complete copy of such Letter of Credit or amendment.

(c) Drawings and Reimbursements; Funding of Participations.

(i) Upon any drawing under any Letter of Credit, the L/C Issuer shall notify the Borrower and the Administrative Agent thereof. Not later than 12:00 p.m., New York time, on the date of any payment by the L/C Issuer under a Letter of Credit (each such date, an "Honor Date"), the Borrower shall reimburse the L/C Issuer through the Administrative Agent in an amount equal to the amount of such drawing; provided that if Borrower has not received notice of such drawing prior to 11:00 a.m. on the Honor Date, Borrower shall reimburse the L/C Issuer through the Administrative Agent in an amount equal to the amount of such drawing no later than 11:00 a.m. on the Business Day immediately following the Honor Date. If the Borrower fails to so reimburse the L/C Issuer by such time, the Administrative Agent shall promptly notify each Lender of the Honor Date, the amount of the unreimbursed drawing (the "Unreimbursed Amount"), and such Lender's Pro Rata Share thereof. In such event, the Borrower shall be deemed to have requested a Borrowing of Base Rate Loans to be disbursed on the Honor Date in an amount equal to the Unreimbursed Amount, without regard to the minimum and multiples specified in Section 2.02 for the principal amount of Base Rate Loans, but subject to the amount of the unutilized portion of the Commitments and the conditions set forth in Section 4.02 (other than the delivery of a Loan Notice). Any notice given by the L/C Issuer or the Administrative Agent pursuant to this Section 2.04(c)(i) may be given by telephone if immediately confirmed in writing; provided that the lack of such an immediate confirmation shall not affect the conclusiveness or binding effect of such notice.

(ii) Each Lender (including the Lender acting as L/C Issuer) shall upon receipt of any notice pursuant to Section 2.04(c)(i) make funds available to the Administrative Agent for the account of the L/C Issuer at the Administrative Agent's Office in an amount equal to its Pro Rata Share of the Unreimbursed Amount not later than 1:00 p.m., New York time, on the Business Day specified in such notice by the Administrative Agent if such notice is received by 12:00 noon on such day and otherwise by 1:00 p.m. on the next Business Day, whereupon, subject to the provisions of Section 2.04(c)(iii), each Lender that so makes funds available shall be deemed to have made a Base Rate Loan to the Borrower in such amount. The Administrative Agent shall remit the funds so received to the L/C Issuer.

(iii) With respect to any Unreimbursed Amount that is not fully paid by a Borrowing of Base Rate Loans because the conditions set forth in Section 4.02 (other than the delivery of a Loan Notice) cannot be satisfied or for any other reason (other than a Lender's bad faith refusal to make such Base Rate Loan available to Borrower), the Borrower shall be deemed to have incurred from the L/C Issuer an L/C Borrowing in the amount of the Unreimbursed Amount that is not so paid, which L/C Borrowing shall be

due and payable on demand (together with interest) and shall bear interest at the Default Rate. In such event, each Lender's payment to the Administrative Agent for the account of the L/C Issuer pursuant to Section 2.04(c)(ii) shall be deemed payment in respect of its participation in such L/C Borrowing and shall constitute an L/C Advance from such Lender in satisfaction of its participation obligation under this Section 2.04.

(iv) Until each Lender funds its Base Rate Loan pursuant to clause (ii), or L/C Advance pursuant to clause (iii), of this Section 2.04(c) to reimburse the L/C Issuer for any amount drawn under any Letter of Credit, interest in respect of such Lender's Pro Rata Share of such amount shall be solely for the account of the L/C Issuer.

(v) Each Lender's obligation to make Base Rate Loans or L/C Advances to reimburse the L/C Issuer for amounts drawn under Letters of Credit, as contemplated by this Section 2.04(c), shall be absolute and unconditional and shall not be affected by any circumstance, including (A) any set-off, counterclaim, recoupment, defense or other right which such Lender may have against the L/C Issuer, the Borrower or any other Person for any reason whatsoever; (B) the occurrence or continuance of a Default or Event of Default, or (C) any other occurrence, event or condition, whether or not similar to any of the foregoing. Any such reimbursement shall not relieve or otherwise impair the obligation of the Borrower to reimburse the L/C Issuer for the amount of any payment made by the L/C Issuer under any Letter of Credit, together with interest as provided herein.

(vi) If any Lender fails to make available to the Administrative Agent for the account of the L/C Issuer any amount required to be paid by such Lender pursuant to the foregoing provisions of this Section 2.04(c) by the time specified in Section 2.04(c)(ii), the L/C Issuer shall be entitled to recover from such Lender (acting through the Administrative Agent), on demand, such amount with interest thereon for the period from the date such payment is required to the date on which such payment is immediately available to the L/C Issuer at a rate per annum equal to the Federal Funds Rate from time to time in effect. A certificate of the L/C Issuer submitted to any Lender (through the Administrative Agent) with respect to any amounts owing under this clause (vi) shall be conclusive absent manifest error.

(d) Repayment of L/C Advances.

(i) At any time after the L/C Issuer has made a payment under any Letter of Credit and has received from any Lender such Lender's Base Rate Loan in accordance with Section 2.04(c)(ii) or its L/C Advance in respect of such payment in accordance with Section 2.04(c)(iii), if the Administrative Agent receives for the account of the L/C Issuer any payment related to such Letter of Credit (whether directly from the Borrower or otherwise, including proceeds of Cash Collateral applied thereto by the Administrative Agent), or any payment of interest thereon, the Administrative Agent will distribute to such Lender its Pro Rata Share thereof in the same funds as those received by the Administrative Agent.

(ii) If any payment received by the Administrative Agent for the account of the L/C Issuer pursuant to Section 2.04(c)(i) is required to be returned, each Lender shall pay to the Administrative Agent for the account of the L/C Issuer its Pro Rata Share thereof on demand of the Administrative Agent, plus interest thereon from the date of such demand to the date such amount is returned by such Lender, at a rate per annum equal to the Federal Funds Rate from time to time in effect and such payments shall constitute L/C Advances hereunder with respect to such Lenders.

(e) Obligations Absolute. The obligation of the Borrower to reimburse the L/C Issuer for each drawing under each Letter of Credit that it has requested to be issued, and to repay each such L/C Borrowing and each drawing under a Letter of Credit that is paid by a corresponding Borrowing of Loans or L/C Advances, shall be absolute, unconditional and irrevocable, and shall be paid strictly in accordance with the terms of this Agreement under all circumstances, including the following:

(i) any lack of validity or enforceability of such Letter of Credit, this Agreement, or any other agreement or instrument relating thereto;

(ii) the existence of any claim, counterclaim, set-off, defense or other right that the Borrower may have at any time against any beneficiary or any transferee of such Letter of Credit (or any Person for whom any such beneficiary or any such transferee may be acting), the L/C Issuer or any other Person, whether in connection with this Agreement, the transactions contemplated hereby or by such Letter of Credit or any agreement or instrument relating thereto, or any unrelated transaction;

(iii) any draft, demand, certificate or other document presented under such Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect; or any loss or delay in the transmission or otherwise of any document required in order to make a drawing under such Letter of Credit;

(iv) any payment by the L/C Issuer under such Letter of Credit against presentation of a draft or certificate that does not strictly comply with the terms of such Letter of Credit; or any payment made by the L/C Issuer under such Letter of Credit to any Person purporting to be a trustee in bankruptcy, debtor-in-possession, assignee for the benefit of creditors, liquidator, receiver or other representative of or successor to any beneficiary or any transferee of such Letter of Credit, including any arising in connection with any proceeding under any Debtor Relief Law; or

(v) any other circumstance or happening whatsoever, whether or not similar to any of the foregoing, including any other circumstance that might otherwise constitute a defense available to, or a discharge of, the Borrower, except for the gross negligence, willful misconduct or violation of Law by the L/C Issuer in connection with its payment of a Letter of Credit.

The Borrower shall promptly examine a copy of each Letter of Credit that it has requested to be issued and each amendment thereto that is delivered to it and, in the event of any

claim of noncompliance with the Borrower's instructions or other irregularity, the Borrower shall immediately notify the L/C Issuer. The Borrower shall be conclusively deemed to have waived any such claim against the L/C Issuer and its correspondents unless such notice is immediately given as aforesaid.

(f) Role of L/C Issuer. Each Lender and the Borrower agree that, in paying any drawing under a Letter of Credit, the L/C Issuer shall not have any responsibility to obtain any document (other than any sight draft, certificates and documents expressly required by the Letter of Credit) or to ascertain or inquire as to the validity or accuracy of any such document or the authority of the Person executing or delivering any such document. No Agent-Related Person nor any of the respective correspondents, participants or assignees of the L/C Issuer shall be liable to any Lender for (i) any action taken or omitted in connection herewith at the request or with the approval of the Lenders or the Required Lenders, as applicable; (ii) any action taken or omitted in the absence of gross negligence, willful misconduct or violation of Law; or (iii) the due execution, effectiveness, validity or enforceability of any document or instrument related to any Letter of Credit or Letter of Credit Application. The Borrower hereby assumes all risks of the acts or omissions of any beneficiary or transferee with respect to its use of any Letter of Credit; provided, however, that this assumption is not intended to, and shall not, preclude the Borrower's pursuing such rights and remedies as it may have against the beneficiary or transferee at law or under any other agreement. No Agent-Related Person, nor any of the respective correspondents, participants or assignees of the L/C Issuer, shall be liable or responsible for any of the matters described in clauses (i) through (v) of Section 2.04(e); provided, however, that anything in such clauses to the contrary notwithstanding, the Borrower may have a claim against the L/C Issuer, and the L/C Issuer may be liable to the Borrower, to the extent, but only to the extent, of any direct, as opposed to consequential or exemplary, damages suffered by the Borrower which the Borrower proves were caused by the L/C Issuer's willful misconduct, gross negligence or violation of Law or the L/C Issuer's willful failure to pay under any Letter of Credit after the presentation to it by the beneficiary of a sight draft and certificate(s) strictly complying with the terms and conditions of a Letter of Credit. In furtherance and not in limitation of the foregoing, the L/C Issuer may accept documents that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary, and the L/C Issuer shall not be responsible for the validity or sufficiency of any instrument transferring or assigning or purporting to transfer or assign a Letter of Credit or the rights or benefits thereunder or proceeds thereof, in whole or in part, which may prove to be invalid or ineffective for any reason.

(g) Cash Collateral. Upon the request of the Administrative Agent, (i) if the L/C Issuer has honored any full or partial drawing request under any Letter of Credit and such drawing has resulted in an L/C Borrowing and until such borrowing has been reimbursed or otherwise paid (including pursuant to a Borrowing), or (ii) if, as of the Letter of Credit Expiration Date, any Letter of Credit may for any reason remain outstanding and partially or wholly undrawn, the Borrower shall, upon the Administrative Agent's request, immediately Cash Collateralize the then Outstanding Amount of all such L/C Obligations (in an amount equal to such Outstanding Amount). The Borrower hereby grants the Administrative Agent, for the benefit of the L/C Issuer and the Lenders, a Lien on its interest in such Cash Collateral to secure the outstanding and unpaid amount of a L/C Borrowing or Letter of Credit remaining outstanding

as of the Letter of Credit Expiration Date, in each case as referred to in clause (i) or (ii) of this Section 2.04(g); provided that when such amount shall no longer be outstanding and unpaid, such Cash Collateral shall be released from such Lien and returned to the Borrower. Cash Collateral shall be maintained in blocked, non-interest bearing deposit accounts at Bank of Montreal or other institutions satisfactory to it.

(h) Applicability of ISP98 and UCP. Unless otherwise expressly agreed by the L/C Issuer and the Borrower with the consent of the Required Lenders when a Letter of Credit is issued (including any such agreement applicable to an Existing Letter of Credit), (i) the rules of the "International Standby Practices 1998" published by the Institute of International Banking Law & Practice (or such later version thereof as may be in effect at the time of issuance) shall apply to each standby Letter of Credit, and (ii) the rules of the Uniform Customs and Practice for Documentary Credits, as most recently published by the International Chamber of Commerce (the "ICC") at the time of issuance (including, to the extent it is applicable, the ICC decision published by the Commission on Banking Technique and Practice on April 6, 1998 regarding the European single currency (euro)) shall apply to each commercial Letter of Credit.

(i) Letter of Credit Fees. The Borrower shall pay to the Administrative Agent for the account of each Lender in accordance with its Pro Rata Share a Letter of Credit fee for each Letter of Credit issued at its request equal to the Applicable Margin for Letters of Credit multiplied by the actual daily maximum amount available to be drawn under such Letter of Credit. Such fee for each Letter of Credit shall be due and payable on the last Business Day of each March, June, September and December, commencing with the first such date to occur after the issuance of such Letter of Credit, and on the Letter of Credit Expiration Date.

(j) Fronting Fee and Documentary and Processing Charges Payable to L/C Issuer. The Borrower shall pay directly to the L/C Issuer for its own account a fronting fee with respect to each Letter of Credit issued at its request, as provided in the Agent/Arranger Fee Letter, due and payable quarterly in arrears on the last Business Day of each March, June, September and December, commencing with the first such date to occur after the issuance of such Letter of Credit, and on the Letter of Credit Expiration Date. In addition, the Borrower shall pay directly to the L/C Issuer for its own account an issuance fee and any other customary presentation, amendment and other processing fees, and other standard costs and charges, of the L/C Issuer relating to letters of credit issued at its request as from time to time in effect, such fees as set forth in the schedule delivered to the Borrower by the L/C Issuer, as such schedule may be updated from time to time to reflect the reasonable customary presentation, amendment and other processing fees, and other reasonable standard costs and charges, of the L/C Issuer. Such fees and charges are due and payable on demand and are nonrefundable.

(k) Conflict with Letter of Credit Application. In the event of any conflict between the terms hereof and the terms of any Letter of Credit Application, the terms hereof shall control.

## **2.05 Intentionally Blank.**

## **2.06 Prepayments.**

(a) The Borrower may, upon notice to the Administrative Agent, at any time or from time to time voluntarily prepay Loans in whole or in part without premium or penalty; provided that (i) such notice must be received by the Administrative Agent not later than 11:00 a.m., New York time, (A) three Business Days prior to any date of prepayment of Eurodollar Rate Loans, and (B) one Business Day prior to any date of prepayment of Base Rate Loans; (ii) any prepayment of Eurodollar Rate Loans shall be in a principal amount of U.S.\$1,000,000 or a whole multiple of U.S.\$500,000 in excess thereof; and (iii) any prepayment of Base Rate Loans shall be in a principal amount of U.S.\$500,000 or a whole multiple of U.S.\$100,000 in excess thereof. Each such notice shall specify the date and amount of such prepayment and the Type(s) of Loans to be prepaid. The Administrative Agent will promptly notify each Lender of its receipt of each such notice, and of such Lender's Pro Rata Share of such prepayment. If such notice is given by the Borrower, the Borrower shall make such prepayment and the payment amount specified in such notice shall be due and payable on the date specified therein. Any prepayment of a Eurodollar Rate Loan shall be accompanied by all accrued interest thereon, together with any additional amounts required pursuant to Section 3.05. Each such prepayment shall be applied to the Loans of the Lenders in accordance with their respective Pro Rata Shares.

(b) If for any reason the Outstanding Amount of all Loans and L/C Obligations at any time exceeds the Commitments then in effect, the Borrower shall immediately prepay the Loans and/or Cash Collateralize the L/C Obligations in an aggregate amount equal to such excess.

**2.07 Reduction or Termination of Commitments.** The Borrower may, and if required pursuant to Section 7.05 shall upon notice to the Administrative Agent, terminate the Commitments, or permanently reduce the Commitments to an amount not less than the then Outstanding Amount of all Loans and L/C Obligations; provided that (i) any such notice shall be received by the Administrative Agent not later than 11:00 a.m. New York time, five Business Days prior to the date of termination or reduction, and (ii) any such partial reduction shall be in an aggregate amount of U.S.\$5,000,000 or any whole multiple of U.S.\$1,000,000 in excess thereof. The Administrative Agent shall promptly notify the Lenders of any such notice of reduction or termination of the Commitments. Once reduced in accordance with this Section, the Commitments may not be increased. Any reduction of the Commitments shall be applied to the Commitment of each Lender according to its Pro Rata Share. All commitment fees described in Section 2.10(a) accrued until the effective date of any termination of the Commitments shall be paid on the effective date of such termination.

**2.08 Repayment of Loans.**

The Borrower shall repay to the Lenders on the Maturity Date the aggregate principal amount of Loans outstanding on such date which were made to it.

**2.09 Interest.**

(a) Subject to the provisions of subsection (b) below, (i) each Eurodollar Rate Loan shall bear interest on the outstanding principal amount thereof for each Interest Period at a rate per annum equal to the Eurodollar Rate for such Interest Period plus the Applicable Margin; and (ii) each Base Rate Loan shall bear interest on the outstanding principal amount thereof from the

applicable borrowing date at a rate per annum equal to the Base Rate plus the Applicable Margin.

(b) In the event any amount due hereunder or under any other Loan Document (including, without limitation, any interest payment) is not paid when due (whether by acceleration or otherwise), the Borrower shall pay interest on such unpaid amount (including, without limitation, interest on interest) at a fluctuating interest rate per annum equal to the Default Rate for Base Rate Loans to the fullest extent permitted by applicable Law. Accrued and unpaid interest on past due amounts (including interest on past due interest) shall be due and payable upon demand.

(c) Interest on each Loan shall be due and payable in arrears on each Interest Payment Date applicable thereto and at such other times as may be specified herein. Interest hereunder shall be due and payable in accordance with the terms hereof before and after judgment, and before and after the commencement of any proceeding under any Debtor Relief Law.

**2.10 Fees.** In addition to certain fees described in subsections (i) and (j) of Section 2.04:

(a) Commitment Fee. The Borrower agrees to pay to the Administrative Agent for the account of each Lender in accordance with its Pro Rata Share a commitment fee at a per annum rate equal to the Applicable Margin on the average daily Available Aggregate Commitment from the date hereof to and including the Maturity Date, payable on each Payment Date hereafter and on the Maturity Date. The commitment fee shall be due and payable quarterly in arrears on the last Business Day of each March, June, September and December, commencing with the first such date to occur after the Closing Date, and on the Maturity Date. The commitment fee shall be calculated quarterly in arrears. The commitment fee shall accrue at all times, including at any time during which one or more of the conditions in Article IV is not met.

(b) **Intentionally Blank.**

(c) Agent's/Arranger's Fees. The Borrower agrees to pay to the Administrative Agent and the Arranger, for their own respective accounts, the applicable fees heretofore agreed in writing pursuant to the fee letter dated as of November \_\_, 2004 (the "Agent/Arranger Fee Letter") between the Borrower and the Administrative Agent and the Arranger. The Borrower agrees to pay to the Administrative Agent for the respective accounts of each Lender in accordance with its Pro Rata Share, an upfront fee in an amount set forth in the Agent/Arranger Fee Letter.

**2.11 Computation of Interest and Fees.** Computation of interest on Base Rate Loans shall be calculated on the basis of a year of 365 or 366 days, as the case may be, and the actual number of days elapsed. Computation of all other types of interest and all fees shall be calculated on the basis of a year of 360 days and the actual number of days elapsed, which results in a higher yield to the payee thereof than a method based on a year of 365 or 366 days. Interest shall accrue on each Loan for the day on which the Loan is made, and shall not accrue on

a Loan, or any portion thereof, for the day on which the Loan or such portion is paid, provided that any Loan that is repaid on the same day on which it is made shall bear interest for one day.

## **2.12 Evidence of Debt.**

(a) The Credit Extensions made by each Lender shall be evidenced by one or more accounts or records maintained by such Lender and by the Administrative Agent in the ordinary course of business. The accounts or records maintained by the Administrative Agent and each Lender shall be conclusive absent manifest error of the amount of the Credit Extensions made by the Lenders to the Borrower and the interest and payments thereon. Any failure so to record or any error in doing so shall not, however, limit or otherwise affect the obligation of the Borrower hereunder to pay any amount owing with respect to the Loans and L/C Obligations. In the event of any conflict between the accounts and records maintained by any Lender and the accounts and records of the Administrative Agent in respect of such matters, the accounts and records of the Administrative Agent shall be presumed to be prima facie evidence of such matters absent manifest error. Upon the request of any Lender made through the Administrative Agent, such Lender's Loans may be evidenced by a Note, in addition to such accounts or records. Each Lender may attach schedules to its Note(s) and endorse thereon the date, Type (if applicable), amount and maturity of the applicable Loans and payments with respect thereto.

(b) In addition to the accounts and records referred to in subsection (a), each Lender and the Administrative Agent shall maintain in accordance with its usual practice accounts or records evidencing the purchases and sales by such Lender of participations in Letters of Credit. In the event of any conflict between the accounts and records maintained by the Administrative Agent and the accounts and records of any Lender in respect of such matters, the accounts and records of the Administrative Agent shall control.

## **2.13 Payments Generally.**

(a) All payments to be made by the Borrower shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. Except as otherwise expressly provided herein, all payments by the Borrower hereunder shall be made to the Administrative Agent, for the account of the respective Lenders to which such payment is owed, at the Administrative Agent's Office in Dollars and in immediately available funds not later than 12:00 noon, New York time, on the date specified herein. The Administrative Agent will promptly distribute to each Lender its Pro Rata Share (or other applicable share as provided herein) of such payment in like funds as received by wire transfer to such Lender's Lending Office. All payments received by the Administrative Agent after 12:00 noon, New York time, shall be deemed received on the next succeeding Business Day and any applicable interest or fee shall continue to accrue.

(b) Subject to the definition of "Interest Period," if any payment to be made by the Borrower shall come due on a day other than a Business Day, payment shall be made on the next following Business Day, and such extension of time shall be reflected in computing interest or fees, as the case may be.

(c) If at any time insufficient funds are received by and available to the Administrative Agent to pay fully all amounts of principal, L/C Borrowings, interest and fees then due hereunder, such funds shall be applied (i) first, toward costs and expenses (including Attorney Costs and amounts payable under Article III) incurred by the Administrative Agent and each Lender, (ii) second, toward repayment of interest and fees then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest and fees then due to such parties, and (iii) third, toward repayment of principal and L/C Borrowings then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal and L/C Borrowings then due to such parties.

(d) Unless the Borrower or any Lender has notified the Administrative Agent prior to the date any payment is required to be made by it to the Administrative Agent hereunder, that the Borrower or such Lender, as the case may be, will not make such payment, the Administrative Agent may assume that the Borrower or such Lender, as the case may be, has timely made such payment and may (but shall not be so required to), in reliance thereon, make available a corresponding amount to the Person entitled thereto. If and to the extent that such payment was not in fact made to the Administrative Agent in immediately available funds, then:

(i) if the Borrower failed to make such payment, each Lender shall forthwith on demand repay to the Administrative Agent the portion of such assumed payment that was made available to such Lender in immediately available funds, together with interest thereon in respect of each day from and including the date such amount was made available by the Administrative Agent to such Lender to the date such amount is repaid to the Administrative Agent in immediately available funds, at the Federal Funds Rate from time to time in effect; and

(ii) if any Lender failed to make such payment, such Lender shall forthwith on demand pay to the Administrative Agent the amount thereof in immediately available funds, together with interest thereon for the period from the date such amount was made available by the Administrative Agent to the Borrower to the date such amount is recovered by the Administrative Agent (the "Compensation Period") at a rate per annum equal to the Federal Funds Rate from time to time in effect. If such Lender pays such amount to the Administrative Agent, then such amount shall constitute such Lender's Loan included in the applicable Borrowing. If such Lender does not pay such amount forthwith upon the Administrative Agent's demand therefor, the Administrative Agent may make a demand therefor upon the Borrower, and the Borrower shall pay (subject to its recoupment rights from and remedies against such defaulting Lender of any breakage costs paid by the Borrower when repaying such amount) such amount to the Administrative Agent, together with interest thereon for the Compensation Period at a rate per annum equal to the rate of interest applicable to the applicable Borrowing. Nothing herein shall be deemed to relieve any Lender from its obligation to fulfill its Commitment or to prejudice any rights which the Administrative Agent or the Borrower may have against any Lender as a result of any default by such Lender hereunder.

A notice of the Administrative Agent to any Lender with respect to any amount owing under this subsection (d) shall be conclusive, absent manifest error.

(e) If any Lender makes available to the Administrative Agent funds for any Loan to be made by such Lender as provided in the foregoing provisions of this Article II, and the conditions to the applicable Credit Extension set forth in Article IV are not satisfied or waived in accordance with the terms hereof, the Administrative Agent shall return such funds (in like funds as received from such Lender) to such Lender, without interest.

(f) The obligations of the Lenders hereunder to make Loans and to fund participations in Letters of Credit are several and not joint. The failure of any Lender to make any Loan or to fund any such participation on any date required hereunder shall not relieve any other Lender of its corresponding obligation to do so on such date, and no Lender shall be responsible for the failure of any other Lender to so make its Loan or purchase its participation.

(g) Nothing herein shall be deemed to obligate any Lender to obtain the funds for any Loan in any particular place or manner or to constitute a representation by any Lender that it has obtained or will obtain the funds for any Loan in any particular place or manner.

**2.14 Sharing of Payments.** If, other than as expressly provided elsewhere herein, any Lender shall obtain on account of the Loans made by it, or the participations in L/C Obligations held by it, any payment (whether voluntary, involuntary, through the exercise of any right of set-off, litigation or otherwise) in excess of its Pro Rata Share (or other share contemplated hereunder) thereof, such Lender shall immediately (a) notify the Administrative Agent of such fact, and (b) purchase from the other Lenders such participations in the Loans made by them and/or such subparticipations in the participations in L/C Obligations held by them, as the case may be, as shall be necessary to cause such purchasing Lender to share the excess payment in respect of such Loan or such participations, as the case may be, pro rata with each of them; provided, however, that if all or any portion of such excess payment is thereafter recovered from the purchasing Lender, such purchase shall to that extent be rescinded and each other Lender shall repay to the purchasing Lender the purchase price paid therefor, together with an amount equal to such paying Lender's ratable share (according to the proportion of (i) the amount of such paying Lender's required repayment to (ii) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered. The Borrower agrees that any Lender so purchasing a participation from another Lender may, to the fullest extent permitted by law, exercise all its rights of payment (including the right of set-off, but subject to Section 10.09) with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation. The Administrative Agent will keep records (which shall be conclusive and binding in the absence of manifest error) of participations purchased under this Section and will in each case notify the Lenders following any such purchases or repayments. Each Lender that purchases a participation pursuant to this Section shall from and after such purchase have the right to give all notices, requests, demands, directions and other communications under this Agreement with respect to the portion of the Obligations purchased to the same extent as though the purchasing Lender were the original owner of the Obligations purchased.

**2.15 Extension of Maturity Date.**

(a) Not earlier than 60 days prior to, nor later than 30 days prior to, the first anniversary of the Closing Date, the Borrower may, upon notice to the Administrative Agent (who shall promptly notify the Lenders), request a one year extension of the Maturity Date. Within 15 days of delivery of such notice, each Lender shall notify the Administrative Agent whether or not it consents to such extension (which consent may be given or withheld in such Lender's sole and absolute discretion). Any Lender not responding within the above time period shall be deemed not to have consented to such extension. The Administrative Agent shall promptly notify the Borrower and the Lenders of the Lenders' responses. If any Lender declines, or is deemed to have declined, to consent to such extension, the Borrower may cause any such Lender to be removed or replaced as a Lender pursuant to Section 10.16.

(b) The Maturity Date shall be extended only if Lenders holding more than 66 2/3% of the Commitments (calculated prior to giving effect to any removals and/or replacements of Lenders permitted herein) (the "Consenting Lenders") have consented thereto, with respect only to Consenting Lenders and any Replacement Lenders. If so extended, the Maturity Date, as to the Consenting Lenders, shall be extended to the same date in the following year (the "Extension Effective Date") but the pre-existing Maturity Date shall remain in effect with respect to any Lender that is not a Consenting Lender and is not replaced. The Administrative Agent and the Borrower shall promptly confirm to the Lenders such extension and the Extension Effective Date. As a condition precedent to such extension, the Borrower shall deliver to the Administrative Agent a certificate of each Loan Party dated as of the Extension Effective Date (in sufficient copies for each Lender) signed by a Responsible Officer of each such Loan Party (i) certifying and attaching the resolutions adopted by such Loan Party approving or consenting to such extension, or if the Borrower's resolutions delivered pursuant to Section 4.01(a)(iii) provided for such extension, certifying that such resolutions of the applicable Loan Party have not been amended, modified or rescinded and remain in full force and effect and, (ii) in the case of the Borrower, certifying that, (A) before and after giving effect to such extension, the representations and warranties contained in Article V are true and correct on and as of the Extension Effective Date, except to the extent that such representations and warranties specifically refer to a different date, in which case they shall be true and correct as of such date, and (B) no Default or Event of Default exists. The Administrative Agent shall distribute an amended Schedule 2.01 (which shall be deemed incorporated into this Agreement), to reflect any changes in Lenders and their Commitment amounts. The Borrower shall (i) on the existing Maturity Date, prior to or contemporaneous with giving effect to any extension, pay amounts due, in full, to any Lender which is not a Consenting Lender and is not replaced as a Lender pursuant to Section 10.16, and (ii) prepay any Loans outstanding on the Extension Effective Date which were made to it (and pay any additional amounts required pursuant to Section 3.05) to the extent necessary to keep outstanding Loans ratable with the Pro Rata Shares of all the Lenders.

**2.16 Cleardown.** The Borrower shall from time to time arrange the Loans and shall repay to the Lenders from time to time the outstanding Loans and other Obligations such that during the term of this Agreement for at least once during each twelve-month period commencing on the Closing Date for a period of at least ten (10) consecutive Business Days (each such period, a "Cleardown Period") the Outstanding Amount with respect to Loans shall be no greater than U.S.\$1,000,000 (the "Cleardown Maximum Amount"). For the avoidance of doubt, for purposes of determining the Outstanding Amount with respect to the Borrower's

compliance with the Cleardown Maximum Amount, the Borrower's L/C Obligations and Outstanding Amounts with respect to undrawn Letters of Credit shall not be counted towards the Clean Down Maximum Amount.

### ARTICLE III. TAXES, YIELD PROTECTION AND ILLEGALITY

#### 3.01 Taxes.

(a) Any and all payments by the Borrower to or for the account of the Administrative Agent or any Lender under any Loan Document shall be made free and clear of and without deduction for any and all present or future taxes, duties, levies, imposts, deductions, assessments, fees, withholdings or similar charges, and all liabilities with respect thereto, excluding, in the case of the Administrative Agent and each Lender, taxes imposed on or measured by its net income, and franchise taxes imposed on it (in lieu of net income taxes), by the jurisdiction (or any political subdivision thereof) under the Laws of which the Administrative Agent or such Lender, as the case may be, is organized or maintains a lending office (all such non-excluded taxes, duties, levies, imposts, deductions, assessments, fees, withholdings or similar charges, and liabilities being hereinafter referred to as "Taxes"). If the Borrower shall be required by any Laws to deduct any Taxes from or in respect of any sum payable under any Loan Document to the Administrative Agent or any Lender, (i) the sum payable shall be increased as necessary so that after making all required deductions (including deductions applicable to additional sums payable under this Section), the Administrative Agent and such Lender each receives an amount equal to the sum it would have received had no such deductions been made, (ii) the Borrower shall make such deductions, (iii) the Borrower shall pay the full amount deducted to the relevant taxation authority or other authority in accordance with applicable Laws, and (iv) within 30 days after the date of such payment, the Borrower shall furnish to the Administrative Agent (which shall forward the same to such Lender) the original or a certified copy of a receipt evidencing payment thereof.

(b) In addition, the Borrower agrees to pay any and all present or future stamp, court or documentary taxes and any other excise or property taxes or charges or similar levies which arise from any payment made by it under any Loan Document or from its execution, delivery, performance, enforcement or registration of, or otherwise with respect to, any Loan Document to which it is a party (hereinafter referred to as "Other Taxes").

(c) If the Borrower shall be required to deduct or pay any Taxes or Other Taxes from or in respect of any sum payable under any Loan Document to the Administrative Agent or any Lender, the Borrower shall also pay to the Administrative Agent (for the account of such Lender) or to such Lender, at the time interest is paid, such additional amount that such Lender specifies as necessary to preserve the after-tax yield (after factoring in all taxes, including taxes imposed on or measured by net income) such Lender would have received if such Taxes or Other Taxes had not been imposed.

(d) In respect to related Obligations owed by it, the Borrower agrees to indemnify the Administrative Agent, the L/C Issuer and each Lender for (i) the full amount of Taxes and Other Taxes (including any Taxes or Other Taxes imposed or asserted by any jurisdiction on amounts

payable under this Section) paid by the Administrative Agent, the L/C Issuer and such Lender, (ii) amounts payable under Section 3.01(c) and (iii) any liability (including penalties, interest and expenses) arising therefrom or with respect thereto, in each case whether or not such Taxes or Other Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. Payment under this subsection (d) shall be made within 30 days after the date the Lender or the Administrative Agent makes a demand therefor which demand shall be accompanied by a certificate setting forth in reasonable detail the amounts demanded, the basis therefor and the calculations in respect thereto.

(e) Each Lender that is not organized under the laws of the United States of America or a state thereof agrees that such Lender will deliver to the Borrower and the Administrative Agent two (2) duly completed copies of United States Internal Revenue Service Form W-8 BEN or W-8 ECI or successor forms (or if such forms are no longer required, a representation by such Lender) certifying in either case that such Lender is entitled to receive payments from the Loan Parties under the Loan Documents without deduction or withholding of any United States federal income taxes. Each Lender that so delivers a Form W-8 BEN or W-8 ECI further undertakes to deliver to the Borrower and the Administrative Agent two (2) additional copies of such form (or a successor form) on or before such form expires or becomes obsolete or after the occurrence of any event requiring a change in the most recent form so delivered by it and such amendments thereto or extensions or renewals thereof as may be reasonably requested by the Borrower or the Administrative Agent, in each case, certifying that such Lender is entitled to receive payments from the Borrower under the Loan Documents without deduction or withholding of any United States federal income taxes, unless (i) an event (including without limitation any change in treaty, law or regulation) has occurred prior to the date on which any such delivery would otherwise be required which renders all such forms inapplicable or which would prevent such Lender from duly completing and delivering any such form with respect to it and (ii) such Lender advises the Borrower and the Administrative Agent that it is not capable of receiving such payments without any deduction or withholding of United States federal income tax.

(f) If the Borrower at any time pays an amount under Section 3.01(a), (b) or (c) to any Lender, the Administrative Agent or the L/C Issuer, and such payee receives a refund of or credit for any part of any Taxes or Other Taxes which such payee determines in its reasonable judgment is made with respect to such amount paid by the Borrower, such Lender, the Administrative Agent or the L/C Issuer, as the case may be, shall pay to the Borrower the amount of such refund or credit promptly, and in any event within 60 days, following the receipt of such refund or credit by such payee.

**3.02 Illegality.** If any Lender determines that any Law enacted, construed or announced after the Closing Date has made it unlawful, or that any Governmental Authority has asserted that it is unlawful, for any Lender or its applicable Lending Office to make, maintain or fund Eurodollar Rate Loans, or materially restricts the authority of such Lender to purchase or sell, or to take deposits of, Dollars in the applicable offshore Dollar market, or to determine or charge interest rates based upon the Eurodollar Rate, then, on notice thereof by such Lender to the Borrower through the Administrative Agent, any obligation of such Lender to make or continue Eurodollar Rate Loans or to convert Base Rate Loans to Eurodollar Rate Loans shall be suspended until such Lender notifies the Administrative Agent and the Borrower that the

circumstances giving rise to such determination no longer exist. Upon receipt of such notice, the Borrower shall, upon demand from such Lender (with a copy to the Administrative Agent), prepay or, if applicable, convert all Eurodollar Rate Loans of such Lender to Base Rate Loans, either on the last day of the Interest Period thereof, if such Lender may lawfully continue to maintain such Eurodollar Rate Loans to such day, or immediately, if such Lender may not lawfully continue to maintain such Eurodollar Rate Loans. Upon any such prepayment or conversion, the Borrower shall also pay interest on the amount so prepaid or converted. If any such Law, or change therein, shall only affect a portion of such Lender's obligations under this Agreement which is, in the opinion of such Lender and the Administrative Agent, severable from the remainder of this Agreement so that the remainder of this Agreement may be continued in full force and effect without otherwise affecting any of the obligations of the Administrative Agent, the other Lenders or the Borrower, such Lender shall only declare its obligations under that portion so terminated. Each Lender agrees to designate a different Lending Office if such designation will avoid the need for such notice and will not, in the good faith judgment of such Lender, otherwise be disadvantageous to such Lender.

**3.03 Inability to Determine Rates.** If the Administrative Agent determines in connection with any request for a Eurodollar Rate Loan or a conversion to or continuation thereof that (a) Dollar deposits are not being offered to banks in the applicable offshore Dollar market for the applicable amount and Interest Period of such Eurodollar Rate Loan, (b) adequate and reasonable means do not exist for determining the Eurodollar Rate for such Eurodollar Rate Loan, or (c) the Eurodollar Rate for such Eurodollar Rate Loan does not adequately and fairly reflect the cost to the Lenders of funding such Eurodollar Rate Loan, the Administrative Agent will promptly notify the Borrower and all Lenders. Thereafter, the obligation of the Lenders to make Eurodollar Rate Loans or maintain Eurodollar Rate Loans past the Interest Period in effect on the date of such determination shall be suspended until the Administrative Agent revokes such notice. Upon receipt of such notice, the Borrower may, without liability for any attendant breakage costs, revoke any pending request for a Borrowing, conversion or continuation of Eurodollar Rate Loans or, failing that, will be deemed to have converted such request into a request for a Borrowing of Base Rate Loans in the amount specified therein.

**3.04 Increased Cost and Reduced Return; Capital Adequacy; Reserves on Eurodollar Rate Loans.**

(a) If any Lender determines that as a result of the introduction of, or any change in, or in the interpretation of, any Law, in each case on or after the Closing Date, or such Lender's compliance therewith, there shall be any increase in the cost to such Lender of agreeing to make or making, funding or maintaining Eurodollar Rate Loans or (as the case may be) issuing or participating in Letters of Credit, or a reduction in the amount received or receivable by such Lender in connection with any of the foregoing (excluding for purposes of this subsection (a) any such increased costs or reduction in amount resulting from (i) Taxes or Other Taxes (as to which Section 3.01 shall govern), (ii) changes in the basis of taxation of overall net income or overall gross income by the United States or any foreign jurisdiction or any political subdivision of either thereof under the Laws of which such Lender is organized or has its Lending Office, and (iii) reserve requirements contemplated by Section 3.04(c)), then from time to time upon demand of such Lender (with a copy of such demand to the Administrative Agent), the Borrower shall

pay to such Lender such additional amounts as will compensate such Lender for such increased cost or reduction; provided, that Borrower shall not be required to compensate a Lender pursuant to this Section 3.04(a) for any increased costs or reductions incurred more than 180 days prior to the date that such Lender notifies Borrower of the introduction of, change in or interpretation of any Law giving rise to such increased costs or reductions and of such Lender's intention to claim compensation thereof.

(b) If any Lender determines that the introduction of any Law regarding capital adequacy or any change therein or in the interpretation thereof, or compliance by such Lender (or its Lending Office) therewith, has the effect of reducing the rate of return on the capital of such Lender or any corporation controlling such Lender as a consequence of such Lender's obligations hereunder (taking into consideration its policies with respect to capital adequacy and such Lender's desired return on capital), then from time to time upon demand of such Lender (with a copy of such demand to the Administrative Agent), the Borrower shall pay to such Lender such additional amounts as will compensate such Lender for such reduction.

(c) The Borrower shall pay to each Lender, as long as such Lender shall be required under regulations of the Board to maintain reserves with respect to liabilities or assets consisting of or including Eurocurrency funds or deposits (currently known as "Eurocurrency liabilities"), additional costs on the unpaid principal amount of each Eurodollar Rate Loan equal to the actual costs of such reserves allocated to such Loan by such Lender (as determined by such Lender in good faith, which determination shall be conclusive), which shall be due and payable on each date on which interest is payable on such Loan, provided the Borrower shall have received at least 15 days' prior notice (with a copy to the Administrative Agent) of such additional interest from such Lender. If a Lender fails to give notice 15 days prior to the relevant Interest Payment Date, such additional interest shall be due and payable 15 days from receipt of such notice.

(d) Each Lender agrees that it will not claim, and that it shall not be entitled to claim, from any Loan Party the payment of any of the amounts referred to in this Section 3.04 (i) if it is not generally claiming similar compensation from its other similar customers in similar circumstances and (ii) unless the relevant introduction or change affects all banks and other financial institutions substantially similar to such Lender having regard to the size, business activities and regulatory capital of such banks and other financial institutions, but excluding differences based solely on the residency of Persons controlling such banks or other financial institutions. In addition, each Lender shall use its reasonable efforts to reduce the amount it requests pursuant to Section 3.04, including using its reasonable efforts to not assign or transfer any Loan to any Person if such assignment or transfer would or would be likely to increase the amount of such amounts payable; provided, however, such Lender shall have no obligation to take or omit to take any action that such Lender in its good faith judgment believes would be disadvantageous to it. Each amount required to be paid to any Lender pursuant to this Section 3.04 shall be accompanied by a certificate of the requisite Lender setting forth in reasonable detail the amount owed, the basis therefor and the calculations in respect thereto.

**3.05 Funding Losses.** Upon demand of any Lender (with a copy to the Administrative Agent) from time to time (which demand shall be accompanied by a certificate of such demanding Lender setting forth in reasonable detail the amount demanded, the bases therefor and

the calculations in respect thereto), the Borrower shall promptly compensate such Lender for and hold such Lender harmless from any loss, cost or expense incurred by it as a result of:

(a) any continuation, conversion, payment or prepayment of any Loan made to the Borrower other than a Base Rate Loan on a day other than the last day of the Interest Period for such Loan (whether voluntary, mandatory, automatic, by reason of acceleration, or otherwise);

(b) any failure by the Borrower (for a reason other than the failure of such Lender to make a Loan) to prepay, borrow, continue or convert any Loan made to the Borrower other than a Base Rate Loan on the date or in the amount notified by the Borrower; or

(c) any assignment of a Eurodollar Rate Loan on a day other than the last day of the Interest Period as a result of a request by the Borrower pursuant to Section 10.16;

including any loss or expense arising from the liquidation or reemployment of funds obtained by it to maintain such Loan or from fees payable to terminate the deposits from which such funds were obtained. The Borrower shall also pay any customary administrative fees charged by such Lender in connection with the foregoing.

For purposes of calculating amounts payable by the Borrower to the Lenders under this Section 3.05, each Lender shall be deemed to have funded each Eurodollar Rate Loan made by it at the Eurodollar Rate for such Loan by a matching deposit or other borrowing in the applicable offshore Dollar interbank market for a comparable amount and for a comparable period, whether or not such Eurodollar Rate Loan was in fact so funded.

### **3.06 Matters Applicable to all Requests for Compensation.**

(a) A certificate of the Administrative Agent or any Lender claiming compensation under this Article III and setting forth in reasonable detail the additional amount or amounts to be paid to it hereunder and such other information as otherwise specified in this Article III shall be conclusive in the absence of manifest error. In determining such amount, the Administrative Agent or such Lender may use any reasonable averaging and attribution methods customarily used by it in comparable circumstances.

(b) Upon any Lender's making a claim for compensation under Section 3.01 or 3.04 the Borrower may remove or replace such Lender in accordance with Section 10.16.

**3.07 Survival.** All of the Borrower's obligations under this Article III shall survive termination of the Commitments and payment in full of all the other Obligations.

## **ARTICLE IV. CONDITIONS PRECEDENT TO CREDIT EXTENSIONS**

**4.01 Conditions of Initial Credit Extension.** The obligation of each Lender to make its initial Credit Extension hereunder is subject to satisfaction of the following conditions precedent:

(a) Unless waived by all the Lenders the Administrative Agent's receipt of the following, each of which shall be originals or facsimiles (followed promptly by originals) unless otherwise specified, each properly executed by a Responsible Officer of the signing Loan Party, each dated the Closing Date (or, in the case of certificates of governmental officials, a recent date before the Closing Date) and each in form and substance reasonably satisfactory to the Administrative Agent:

(i) executed counterparts of this Agreement and each Guarantee, sufficient in number for distribution to the Administrative Agent, each Lender and the Borrower;

(ii) Notes executed by the Borrower in favor of each Lender requesting such a Note, each in a principal amount equal to such Lender's Commitment;

(iii) an Officer's Certificate certified by Responsible Officers of the Borrower certifying, *inter alia*, (1) true and correct copies of resolutions adopted by the board of managers or other appropriate body of the Borrower (A) authorizing the execution, delivery and performance by the Borrower of the Loan Documents to which it is or will be a party and the consummation of the transactions contemplated thereby, (B) authorizing the Responsible Officers of the Borrower to negotiate the Loan Documents on behalf of the Borrower, and (C) authorizing the Responsible Officers of the Borrower to execute and deliver the Loan Documents and any related documents, including, without limitation, any Security Document or other pledge agreement, security agreement or other document contemplated by this Agreement; (2) the incumbency and, if such Responsible Officer is an individual, specimen signatures of the Responsible Officers of the Borrower executing any Loan Documents to which it is a party, upon which Officer's Certificate the Administrative Agent and the Lenders shall be entitled to rely until informed of any change in writing by the Borrower; and (3) such evidence as the Administrative Agent may reasonably require to verify that the Borrower is duly organized or formed, validly existing, in good standing and qualified to engage in business in each jurisdiction in which it is required to be qualified to engage in business, including any required approvals of any applicable Government Authority, certified copies of the Borrower's Organization Documents, certificates of organization, good standing and/or qualification to engage in business;

(iv) an Officer's Certificate certified by Responsible Officers of each Guarantor certifying, *inter alia*, (1) true and correct copies of resolutions adopted by the board of directors, board of managers, general partner or other appropriate body of such Guarantor (A) authorizing the execution, delivery and performance by such Guarantor of any Loan Documents to which it is or will be a party and the consummation of the transactions contemplated thereby, (B) authorizing the Responsible Officers of such Guarantor to negotiate the Loan Documents to which such Guarantor is or will be a party on behalf of such Guarantor, and (C) authorizing the Responsible Officers of such Guarantor to execute and deliver the Loan Documents and any related documents, including, without limitation, any pledge agreement, security agreement or other document contemplated by this Agreement to which such Guarantor is or will be a party; (2) the incumbency and, if such Responsible Officer is an individual, specimen signatures

of the Responsible Officers of such Guarantor executing any Loan Documents to which such Guarantor is or will be a party, upon which Officer's Certificate the Administrative Agent and the Lenders shall be entitled to rely until informed of any change in writing by such Guarantor; and (3) such evidence as the Administrative Agent may reasonably require to verify that each such Guarantor is duly organized or formed, validly existing, in good standing and qualified to engage in business in each jurisdiction in which it is required to be qualified to engage in business, including any required approvals of any applicable Government Authority, certified copies of each such Guarantor's Organization Documents, certificates of organization, good standing and/or qualification to engage in business;

(v) (1) executed counterparts of each of the Security Documents the Administrative Agent may reasonably require, sufficient in number for distribution to the Administrative Agent, each Lender and the Borrower, (2) all appropriate evidence required by the Administrative Agent in its sole discretion necessary to determine that the Administrative Agent (for its benefit and the benefit of the L/C Issuer and the Lenders) shall have an Acceptable Security Interest in the Collateral, including, without limitation, physical delivery of any certificated securities or other Collateral for which possession is the required means for perfection under the Uniform Commercial Code as in effect on the date hereof in the State of New York, along with any related stock powers or other similar grants in favor of the Administrative Agent, (3) delivery of any control agreements or other similar agreements related to any accounts or other Collateral for which control is the required means for perfection under the Uniform Commercial Code as in effect on the date hereof in the State of New York, and (4) the Agent shall be satisfied that the Liens granted to it under the Security Documents are Acceptable Security Interests and that all actions or filings necessary to protect, preserve and validly perfect such Liens have been made, taken or obtained, as the case may be, and are in full force and effect;

(vi) an Officer's Certificate signed by a Responsible Officer of the Borrower certifying (1) that the conditions specified in Sections 4.02(a), (b) and (c) have been satisfied, (2) the Properties of the Loan Parties are insured with financially sound and reputable insurance companies in such amounts, with such deductibles and covering such risks as are customarily carried by companies engaged in similar businesses and owning similar properties in localities where the Loan Parties operate, and (3) that immediately prior to and after giving effect to the transactions contemplated by the Loan Documents, the Borrower shall be Solvent.;

(vii) an opinion of counsel to each Loan Party each substantially in the form of Exhibits F-1, F-2 or F-3;

(viii) copies of duly executed UCC-1 financing statements and all other requisite filing documents necessary to perfect the Liens granted pursuant to the Security Documents and duly executed releases or assignments of Liens and UCC-3 financing statements in recordable form, covering all of the Collateral, as may be necessary to

reflect that the Liens granted to the Administrative Agent for the benefit of the Lenders are first and prior Liens, except for the Liens permitted under Section 7.01;

(ix) copies of all environmental surveys or reports relating to the real Property owned or leased by each Loan Party as deemed necessary or prudent by the Administrative Agent in scope and results acceptable to the Administrative Agent;

(x) all legal matters incident to the transaction herein contemplated shall be reasonably satisfactory to counsel for the Administrative Agent and the Lenders;

(xi) copies of (1) Audited Financial Statements for the fiscal year ended December 31, 2003; and (2) unaudited interim consolidated financial statements of the Parent Guarantor and its consolidated Subsidiaries, for the fiscal quarters ending March 31, 2004 and June 30, 2004 including, without limitation any management discussion and analysis related thereto;

(xii) confirmation that on the Closing Date, the Available Aggregate Commitment shall be at least U.S.\$25,000,000;

(xiii) such other assurances, certificates, documents, consents or opinions as the Administrative Agent, the L/C Issuer, or the Required Lenders reasonably may require; and

(xiv) executed copies of the BMO ISDA Master Agreement.

(b) Any fees required to be paid on or before the Closing Date shall have been paid.

(c) Unless waived by the Administrative Agent, the Borrower shall have paid all Attorney Costs of the Administrative Agent to the extent invoiced prior to or on the Closing Date, plus such additional amounts of Attorney Costs as shall constitute its reasonable estimate of Attorney Costs incurred or to be incurred by it through the closing proceedings (provided that such estimate shall not thereafter preclude a final settling of accounts between the Borrower and the Administrative Agent).

(d) The Issuer shall have consummated the IPS Transaction and proceeds therefrom shall have been applied to the repayment in full of all existing indebtedness of each of the Loan Parties, including, but not limited to, those certain term loans of Teton Power Funding LLC. Pursuant to the IPS Transaction, the Issuer shall have delivered to the Administrative Agent the following documents, each in form and substance satisfactory to the Administrative Agent:

(i) a *pro forma* consolidated balance sheet of the Parent Guarantor as delivered in connection with the consummation of the IPS Transaction;

(ii) a copy of the final IPS Prospectus;

(iii) a copy of the "Independent Engineer's Report" referred to in the IPS Prospectus; and

(iv) an Officer's Certificate certified by Responsible Officers of the Issuer certifying that the proceeds of the IPS Transaction have been applied to the repayment in full of all existing indebtedness, if any, of the Project Holding Entities.

(e) Each Lender shall be satisfied in its sole discretion with the proposed plans and arrangements of the Borrower with respect to the continued operation and maintenance of any Projects being directly or indirectly operated by the Borrower as of the Closing Date.

#### **4.02 Conditions to all Credit Extensions.**

The obligation of each Lender to honor any Request for Credit Extension (other than a Loan Notice requesting only a conversion of Loans to the other Type, or a continuation of Loans as the same Type) is subject to the following conditions precedent:

(a) The representations and warranties of the Borrower contained in Article V, or which are contained in any Loan Document furnished by the Borrower at any time under or in connection herewith, shall be true and correct on and as of the date of such Credit Extension, except to the extent that such representations and warranties specifically refer to a different date, in which case they shall be true and correct as of such date.

(b) No Default or Event of Default shall exist, or would result from such proposed Credit Extension.

(c) Since the Closing Date no event or events shall have occurred which in the aggregate could reasonably be expected to have a Material Adverse Effect.

(d) The Administrative Agent and, if applicable, the L/C Issuer shall have received a Request for Credit Extension in accordance with the requirements hereof.

Each Request for Credit Extension submitted by the Borrower shall be deemed to be a representation and warranty that the conditions specified in Sections 4.02(a), (b) and (c) have been satisfied on and as of the date of the applicable Credit Extension.

### **ARTICLE V. REPRESENTATIONS AND WARRANTIES**

The Borrower represents and warrants as set forth below:

#### **5.01 Existence, Qualification and Power; Compliance with Laws.**

(a) **Intentionally Blank.**

(b) The Borrower is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization and is duly qualified and in good standing as a foreign Person in each jurisdiction where its ownership, lease or operation of Property or the conduct of its business requires such qualification and in which the failure to so qualify could not reasonably be expected to have a Material Adverse Effect. As of the Closing Date, the Parent Guarantor owns 50.06% of the common membership interests and 100% of the Class A Preferred

Membership interests in the Borrower. As of the Closing Date, the Borrower does not have any Subsidiaries or Unrestricted Subsidiaries or own any equity interests in any Person other than those Subsidiaries and Unrestricted Subsidiaries and equity interests of the type listed in Schedule 5.13 hereto.

(c) **Intentionally Blank.**

(d) Each Loan Party has all requisite power and authority and all requisite governmental licenses, authorizations, consents and approvals to own its assets, carry on its business and to execute, deliver, and perform its obligations under the Loan Documents to which it is a party (except for the absence of which could not reasonably be expected to have a Material Adverse Effect).

(e) **Intentionally Blank.**

(f) Each Loan Party is in compliance with all Laws, except in each case referred to in clause (d) or this clause (f), to the extent that failure to do so could not reasonably be expected to have a Material Adverse Effect.

**5.02 Authorization; No Contravention.** The execution, delivery and performance by each Loan Party of each Loan Document to which such Person is a party, have been duly authorized by all necessary corporate or other organizational action, and do not and will not (a) violate the terms of any of such Person's Organization Documents (except as such, in the aggregate, could not reasonably be expected to have a Material Adverse Effect), (b) violate or result in any breach or contravention of, constitute a default under, or creation of any Lien on the properties of such Loan Party under, any Contractual Obligation to which such Person is a party or any order, injunction, writ or decree of any Governmental Authority to which such Person or its Property is subject (except as such, in the aggregate, could not reasonably be expected to have a Material Adverse Effect), or (c) violate any Law (except as such, in the aggregate, could not reasonably be expected to have a Material Adverse Effect).

**5.03 Governmental Authorization; Consents.** No approval, consent, exemption, authorization, or other action by, or notice to, or filing with, any Governmental Authority or any other Person or entity (including, without limitation, any creditor or equity holder of the Borrower or any Guarantor) (other than those already obtained or the absence of which could not reasonably be expected to have a Material Adverse Effect) is necessary or required to be obtained or made by any Loan Party as a condition to the execution, delivery or performance by, or enforcement against, any Loan Party of any Loan Document.

**5.04 Binding Effect.** This Agreement has been, and each other Loan Document, when delivered hereunder, will have been, duly executed and delivered by each Loan Party that is a party thereto. This Agreement constitutes, and each other Loan Document when so delivered will constitute, a legal, valid and binding obligation of such Loan Party, enforceable against each Loan Party that is a party thereto in accordance with its terms, subject as to enforcement to bankruptcy, insolvency, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles. Upon making the initial Credit Extensions and recording the necessary Security Documents, the Liens created by the

Security Documents will be Acceptable Security Interests, constituting valid and perfected first and prior Liens on any Property described therein subject to no other Liens other than those Liens specifically permitted by Section 7.01.

**5.05 Financial Statements; No Material Adverse Effect.**

(a) The Audited Financial Statements (i) were prepared in accordance with Cdn. GAAP consistently applied throughout the period covered thereby, except as otherwise expressly noted therein; (ii) fairly present the financial condition of each of the Parent Guarantor and its consolidated Subsidiaries as of the date thereof and their results of operations for the period covered thereby on a pro forma basis in accordance with Cdn. GAAP consistently applied throughout the period covered thereby, except as otherwise expressly noted therein; and (iii) reflect all material indebtedness and other liabilities, direct or contingent, of each of the Parent Guarantor and its consolidated Subsidiaries as of the date thereof, including liabilities for taxes, material commitments and Indebtedness on a pro forma basis in accordance with Cdn. GAAP consistently applied throughout the period covered thereby.

(b) Since the date of the Audited Financial Statements no event or events have occurred which in the aggregate have, or could reasonably be expected to have, a Material Adverse Effect.

**5.06 Litigation.** Except as specifically disclosed in Schedule 5.06, there are no actions, suits, proceedings, claims or disputes pending or, to the knowledge of the Borrower after reasonable investigation, threatened or contemplated, at law, in equity, in arbitration or before any Governmental Authority, by or against any Loan Party or any of the Borrower's Subsidiaries or Unrestricted Subsidiaries or against any of their properties or revenues that (A) purport to adversely affect any Loan Document or enjoin any of the transactions contemplated hereby, or (B) if determined adversely, could have a Material Adverse Effect.

**5.07 No Default.** No Loan Party is in default under or with respect to any Contractual Obligations that could be reasonably expected to have a Material Adverse Effect; provided, however, that, notwithstanding the foregoing, (i) if and only if such defaults are defaults with respect to Contractual Obligations of any Loan Party related to one or more Projects and (ii) such defaults do not in the aggregate constitute a Specified Project Effect, then (iii) such defaults shall be deemed not to have a Material Adverse Affect for purposes of this Section 5.07. No Default or Event of Default has occurred and is continuing or would result from the consummation of the transactions contemplated by this Agreement or any other Loan Document.

**5.08 Ownership of Property; Liens.** Each Loan Party has good record and marketable title in fee simple to, or valid leasehold interests in, all material Property necessary or used in the ordinary conduct of its business, except for such defects in title as would not, individually or in the aggregate, have a Material Adverse Effect. There is no Lien on any Property of any Loan Party, other than Liens permitted by Section 7.01.

**5.09 Environmental Compliance.** The Loan Parties have conducted a review of the effect of existing Environmental Laws and claims alleging potential liability or responsibility for violation of any Environmental Law on their respective businesses, operations and properties,

and as a result thereof have reasonably concluded that, except as specifically disclosed in Schedule 5.09: (a) with respect to the Property of any Loan Party or the operations conducted thereon, they are in compliance with all applicable Environmental Laws, except to the extent that any non-compliance would not reasonably be expected to have a Material Adverse Effect; (b) they are not subject to any judicial, administrative, government, regulatory or arbitration proceeding alleging the violation of any applicable Environmental Laws or to the best of their knowledge that may lead to claim for cleanup costs, contribution, remedial work, reclamation, conservation, natural resources damages or personal injury or to the issuance of a stop-work order, suspension order, control order, prevention order or clean-up order, except to the extent that any such proceeding would not reasonably be expected to have a Material Adverse Effect; (c) they are not subject to any federal, state, local or foreign review, audit or investigation which may lead to a proceeding referred to in (b) above; (d) they have no knowledge that any of their predecessors in title to any of their Property and assets are the subject of any currently pending federal, state, local or foreign review, audit or investigation which may lead to a proceeding referred to in (b) above; (e) they have not filed any notice under any applicable Environmental Laws indicating past or present treatment, storage or disposal of, or reporting a release of Hazardous Materials into the environment where the circumstances surrounding such notice would reasonably be expected to have a Material Adverse Effect; and (f) they possess, and are in compliance with, all approvals, licenses, permits, consents and other authorizations which are necessary under any applicable Environmental Laws to conduct their business, except to the extent that the failure to possess, or be in compliance with, such authorizations would not reasonably be expected to have a Material Adverse Effect.

**5.10 Insurance.** The properties of the Borrower and its respective Subsidiaries are insured with financially sound and reputable insurance companies that are not Affiliates of the Borrower, in such amounts, with such deductibles and covering such risks as are customarily carried by companies engaged in similar businesses and owning similar properties in localities where the Borrower or its respective Subsidiaries operate.

**5.11 Taxes.** Each of the Parent Guarantor and the Borrower and its Subsidiaries and Unrestricted Subsidiaries have filed all Federal, state and other material tax returns and reports required to be filed, and have paid all Federal, state and other material taxes, assessments, fees and other governmental charges levied or imposed upon any of the Parent Guarantor, the Borrower or its Subsidiaries or Unrestricted Subsidiaries or their properties, income or assets otherwise due and payable, except those which are being contested in good faith by appropriate proceedings and for which adequate reserves have been provided in accordance with GAAP. There is no proposed tax assessment against any of the Parent Guarantor, or the Borrower or any Subsidiary or Unrestricted Subsidiary that would, if made, have a Material Adverse Effect.

**5.12 ERISA Compliance.**

(a) Except as could not reasonably be expected to result in a material Adverse Effect, each Plan is in compliance with the applicable provisions of ERISA, the Code and other Federal or state Laws. Each Plan that is intended to qualify under Section 401(a) of the Code has received a favorable determination letter from the IRS or an application for such a letter is currently being processed by the IRS with respect thereto and, to the best knowledge of the

Borrower, nothing has occurred which would prevent, or cause the loss of, such qualification under circumstances as could reasonably be expected to result in a Material Adverse Effect. The Borrower and each ERISA Affiliate of the Borrower have made all required contributions to each Plan subject to Section 412 of the Code, and no application for a funding waiver or an extension of any amortization period pursuant to Section 412 of the Code has been made with respect to any Plan

(b) There are no pending or, to the best knowledge of the Borrower, threatened claims, actions or lawsuits, or action by any Governmental Authority, with respect to any Plan that could be reasonably be expected to have a Material Adverse Effect. There has been no prohibited transaction or violation of the fiduciary responsibility rules with respect to any Plan that has resulted or could be reasonably expected to result in a Material Adverse Effect.

(c) No ERISA Event has occurred or is reasonably expected to occur; (ii) no Pension Plan has any Unfunded Pension Liability in such amount as could reasonably be expected to Result in a Material Adverse Effect; (iii) neither the Borrower nor any ERISA Affiliate of the Borrower has incurred, or reasonably expects to incur, any liability under Title IV of ERISA with respect to any Pension Plan (other than premiums due and not delinquent under Section 4007 of ERISA in such amount as could reasonably be expected to Result in a Material Adverse Effect); (iv) neither the Borrower nor any ERISA Affiliate of the Borrower has incurred, or reasonably expects to incur, any liability (and no event has occurred which, with the giving of notice under Section 4219 of ERISA, would result in such liability) under Sections 4201 or 4243 of ERISA with respect to a Multiemployer Plan in such amount as could reasonably be expected to Result in a Material Adverse Effect; and (v) neither the Borrower nor any ERISA Affiliate of the Borrower has engaged in a transaction that could reasonably be expected to be subject to Sections 4069 or 4212(c) of ERISA.

### **5.13 Subsidiaries.**

(a) As of the Closing Date, the Borrower has no Subsidiaries or Unrestricted Subsidiaries other than those specifically disclosed in Part (a) of Schedule 5.13. All Subsidiaries and Unrestricted Subsidiaries of the Borrower are duly organized, validly existing and in good standing under the laws of their respective jurisdictions of organization and are duly qualified to do business in each jurisdiction where failure to so qualify would have an Material Adverse Effect. All outstanding shares of stock of each class of each Subsidiary or Unrestricted Subsidiary of Borrower have been and will be validly issued and are and will be fully paid and nonassessable and are and will be owned, beneficially and of record, by the Borrower or a Wholly-Owned Subsidiary of the Borrower free and clear of any Liens (other than Liens permitted by Section 7.01).

(b) As of the Closing Date, part (b) of Schedule 5.13 sets forth each of the Subsidiaries of the Borrower that shall have delivered a Guaranty on the Closing Date. Each such Guarantor is and will remain a Wholly-Owned Subsidiary of the Borrower.

(c) As of the Closing Date, the Borrower has no equity investments in any other corporation or entity other than those specifically disclosed in Part (c) of Schedule 5.13.

**5.14 Margin Regulations; Investment Company Act; Public Utility Holding Company Act.**

(a) The Borrower is not engaged and will not be engaged principally or as one of its important activities, in the business of purchasing or carrying margin stock (within the meaning of Regulation U issued by the Board), or extending credit for the purpose of purchasing or carrying margin stock.

(b) None of the Loan Parties, any Person directly or indirectly controlling any of the Loan Parties or any Subsidiary or Unrestricted Subsidiary (i) is a "holding company," or a "subsidiary company" of a "holding company," or an "affiliate" of a "holding company" or of a "subsidiary company" of a "holding company," within the meaning of the Public Utility Holding Company Act of 1935, or (ii) is or is required to be registered as an "investment company" under the Investment Company Act of 1940.

**5.15 Disclosure.** No statement, information, report, representation, or warranty (other than projections) made by any Loan Party in any Loan Document, when so made (or if dated or otherwise specified therein, as of such date), or furnished to the Administrative Agent, the L/C Issuer or any Lender by or at the direction of any Loan Party in connection with any Loan Document, when so furnished (or if dated or otherwise specified therein, as of such date), contains any untrue statement of a material fact or omits any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. There is no fact known to the Borrower which has caused, or which likely would in the future in the reasonable judgment of the Borrower cause, a Material Adverse Effect (except for any economic conditions which affect generally the industry in which the Borrower and its Subsidiaries conduct business), that has not been set forth in this Agreement or in the other documents, certificates, statements, reports and other information furnished in writing to the Lenders by or on behalf of the Borrower or any other Loan Party in connection with the transactions contemplated hereby.

**5.16 Intellectual Property; Licenses, Etc.** The Borrower and its Subsidiaries and Unrestricted Subsidiaries own, or possess the right to use, all of the trademarks, service marks, trade names, copyrights, patents, patent rights, franchises, licenses and other rights that are reasonably necessary for the operation of their respective businesses, without conflict with the rights of any other Person. To the best knowledge of the Borrower, no slogan or other advertising device, product, process, method, substance, part or other material now employed, or now contemplated to be employed, by the Borrower or any Subsidiary or Unrestricted Subsidiary infringes upon any rights held by any other Person. No claim or litigation regarding any of the foregoing is pending or, to the best knowledge of the Borrower, threatened, and no patent, invention, device, application, principle or any statute, law, rule, regulation, standard or code is pending or, to the knowledge of the Borrower, proposed, which, in any case described in this Section 5.16, could reasonably be expected to have a Material Adverse Effect.

**5.17 Direct Benefit.** The initial Loans and Letters of Credit hereunder and all additional Loans and Letters of Credit hereunder are for the direct benefit of the Borrower or one or more of the Guarantors. The Borrower and the Guarantors are engaged as an integrated group in the business of energy production and distribution and related fields, and any benefits to the

Borrower or any Guarantor is a benefit to all of them, both directly or indirectly, inasmuch as the successful operation and condition of the Borrower and the Guarantors is dependent upon the continued successful performance of the functions of the integrated group as a whole.

**5.18 Solvency.** The Borrower, each individual Guarantor and the Loan Parties on a consolidated basis are Solvent.

**5.19 IPSs and Subordinated Note Documents.** Before and after giving effect to all the Credit Extensions contemplated hereunder, all representations and warranties of the Borrower or any Guarantor contained in the IPS Prospectus, the Subordinated Note Indenture and any documents related thereto are true and correct in all material respects (except to the extent such representations or warranties relate or refer to a specified, earlier date). Before and after giving effect to all the Credit Extensions contemplated hereunder, there is no event of default or event or condition that could become an event of default with notice or lapse of time or both, under the IPS Prospectus, the Subordinated Note Indenture and any documents related thereto and each of the IPS Prospectus, the Subordinated Notes and any document related thereto is in full force and effect.

**5.20 Labor Relations.** Neither the Borrower nor any Subsidiary or Unrestricted Subsidiary is engaged in any unfair labor practice that could reasonably be expected to have a Material Adverse Effect. There is (i) no unfair labor practice complaint pending against the Borrower or any Subsidiary or Unrestricted Subsidiary or threatened against any of them, before the National Labor Relations Board, and no grievance or arbitration proceeding arising out of or under any collective bargaining agreement is so pending against the Borrower or any Subsidiary or Unrestricted Subsidiary or, to the best of the Borrower's knowledge, threatened against any of them, (ii) no strike, labor dispute, slowdown or stoppage pending against the Borrower or any Subsidiary or Unrestricted Subsidiary or, to the Borrower's knowledge, threatened in writing against the Borrower or any Subsidiary or Unrestricted Subsidiary and (iii) no union representation petition existing with respect to the employees of the Borrower or any Subsidiary or Unrestricted Subsidiary and no union organizing activities are taking place, except with respect to any matter specified in clause (i), (ii) or (iii) above, either individually or in the aggregate, such as could not reasonably be expected to have a Material Adverse Effect.

**5.21 Undisclosed Liabilities; Absence of Burdensome Obligations.** Neither the Borrower nor any Subsidiary (i) is a party to any material agreement or arrangement, or subject to any order, judgment, writ or decree, which either restricts or purports to restrict its ability to grant Liens to the Administrative Agent and the Lenders on or in respect of their Properties to secure the Indebtedness and the Security Documents or (ii) has any material Indebtedness or any contingent liabilities, off balance sheet liabilities, liabilities for taxes, long term commitments or unrealized or anticipated losses from any unfavorable commitments, except as reflected in the financial statements referred to in Section 5.05.

## **ARTICLE VI. AFFIRMATIVE COVENANTS**

So long as any Lender shall have any Commitment hereunder, any Loan or other Obligation or Secured Obligation shall remain unpaid, or any Letter of Credit shall remain

outstanding, the Borrower shall, and shall (except in the case of the covenants set forth in Sections 6.01, 6.02 and 6.03) cause each Loan Party and each Subsidiary in which it directly or indirectly owns more than 50% of the total voting or equity interests and (to the extent that the Borrower has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries to:

**6.01 Financial Statements.** Deliver to the Administrative Agent and each Lender, in form and detail reasonably satisfactory to the Administrative Agent and the Required Lenders:

(a) (i) as soon as available, but in any event within 90 days after the end of the fiscal year of the Parent Guarantor, an audited consolidated balance sheet of the Parent Guarantor and its consolidated Subsidiaries and (ii) (a) if and when audited financial statements become available, the consolidated balance sheet of the Borrower and its consolidated Subsidiaries and Unrestricted Subsidiaries; provided that Borrower shall use its commercially reasonable efforts to obtain such audited financials and (b) notwithstanding clause (ii)(a), within 90 days after the end of the fiscal year of the Borrower, an unaudited consolidated balance sheet of the Borrower and its consolidated Subsidiaries, each of the balance sheet described in clauses (i), (ii)(a) and (ii)(b) as at the end of such fiscal year, and the related consolidated statements of income and cash flows for such fiscal year, setting forth in each case in comparative form the figures for the previous fiscal year, all in reasonable detail, and with respect to the balance sheets described in clauses (i) and (ii)(b) audited and accompanied by a report and opinion of an independent certified public accountant of nationally recognized standing selected by the Borrower and reasonably acceptable to the Required Lenders, which report and opinion shall be prepared in accordance with Cdn. GAAP (in the case of the balance sheet referred to in clause (i)) and U.S. GAAP (in the case of the balance sheet referred to in clause (ii)(a) and (ii)(b)) and shall not be subject to any qualifications or exceptions as to the scope of the audit nor to any qualifications and exceptions not reasonably acceptable to the Required Lenders; and

(b) as soon as available, but in any event within 45 days after the end of each of the first three fiscal quarters of each fiscal year of each of the Parent Guarantor and the Borrower, a consolidated balance sheet of each of (i) the Parent Guarantor and its consolidated Subsidiaries and (ii) the Borrower and its consolidated Subsidiaries and Unrestricted Subsidiaries as at the end of such fiscal quarter, and the related consolidated statements of income and cash flows for such fiscal quarter and for the portion of the Parent Guarantor and the Borrower's fiscal year then ended, as applicable, setting forth in each case in comparative form the figures for the corresponding fiscal quarter of the previous applicable fiscal year and the corresponding portion of the previous applicable fiscal year, all in reasonable detail and certified by a Responsible Officer of the Borrower and the Parent Guarantor, as applicable as fairly presenting the financial condition, results of operations and cash flows of the Borrower and its Subsidiaries and Unrestricted Subsidiaries in accordance with Cdn. GAAP (in the case of the balance sheet referred to in clause (i)) and U.S. GAAP (in the case of the balance sheet referred to in clause (ii)), subject only to normal year-end audit adjustments and the absence of footnotes.

(c) at least 15 days prior to the commencement of each fiscal year of the Borrower, a projected consolidated balance sheet of the Borrower and its Subsidiaries and Unrestricted Subsidiaries as of the end of such next fiscal year and related projected consolidated statements

of income and equity interests including, without limitation, all limited liability and partners' equity and cash flows for such fiscal year, including therein an annual operating budget for the Borrower and its Subsidiaries and Unrestricted Subsidiaries for such fiscal year certified by an Responsible Officer of the Borrower as being a true and complete copy of the projected consolidated balance sheet and operating budget approved by the Borrower for such fiscal year.

(d) The Borrower shall deliver to the Administrative Agent each of the following documents, if available, promptly following the receipt of such by the Borrower: any and all audited annual financial statements, unaudited annual financial statements, management reports, or other similar reports or financial information prepared pursuant to (i) the Organization Documents of any Project Level Subsidiary of the Borrower or (ii) any other agreement regarding preparation and delivery of such reports between the Parent Guarantor or the Borrower and any Project Level Subsidiary of the Borrower.

**6.02 Certificates; Other Information.** Deliver to the Administrative Agent and each Lender, in form and detail reasonably satisfactory to the Administrative Agent and the Required Lenders:

(a) concurrently with the delivery of the financial statements referred to in Section 6.01(a), a certificate of its independent certified public accountants certifying such financial statements have been prepared in accordance with GAAP and fairly present the financial condition of the Parent Guarantor or the Borrower and its Subsidiaries and Unrestricted Subsidiaries, as applicable, as of the date thereof;

(b) concurrently with the delivery of the financial statements referred to in Sections 6.01(a) and (b), a duly completed Compliance Certificate signed by Responsible Officers of the Parent Guarantor or the Borrower, as applicable;

(c) promptly after the same are available, copies of each annual report, proxy or financial statement or other report or communication sent to the shareholders of the Parent Guarantor or the unit holders of the Borrower, and copies of all annual, regular, periodic and special reports and registration statements (if any) which the Parent Guarantor or the Borrower has filed with the Securities and Exchange Commission under Section 13 or 15(d) of the Securities Exchange Act of 1934, and not otherwise required to be delivered to the Administrative Agent pursuant hereto, in each case, (i) which are not confidential in nature, as permitted by applicable Laws, as required by contractual restrictions not entered into in contemplation of this Section 6.02(c), as permitted by recognized principles of privilege or as otherwise determined in good faith by the Borrower, and (ii) which are not publicly available on the United States Securities and Exchange Commission's Electronic Data Gathering, Analysis and Retrieval System (or "EDGAR"), the Canadian Securities Administrators System for Electronic Document Analysis and Retrieval (or "SEDAR") or other similar publicly accessible sources of which the Parent Guarantor or the Borrower provides written notice to the Administrative Agent and the Lenders; and

(d) promptly after the same are available, copies of quarterly and annual management reports setting forth the respective cash flows of each Project;

(e) promptly, such additional information regarding the business, financial or organizational affairs of the Parent Guarantor or the Borrower or any Subsidiary or Unrestricted Subsidiary as the Administrative Agent, at the request of any Lender, may from time to time reasonably request.

**6.03 Notices.** Promptly notify the Administrative Agent and each Lender within 5 Business Days after actual knowledge thereof by any Responsible Officer of the Borrower:

(a) of the occurrence of any Default or Event of Default;

(b) of any matter that has resulted or could reasonably be expected to result in a Material Adverse Effect, including without limitation (i) breach or non-performance of, or any default under, a Contractual Obligation of the Parent Guarantor or the Borrower or any Subsidiary; (ii) any dispute, litigation, investigation, proceeding or suspension between the Borrower or any Subsidiary and any Governmental Authority; or (iii) the commencement of, or any material development in, any litigation or proceeding affecting the Parent Guarantor or the Borrower or any Subsidiary, including pursuant to any applicable Environmental Laws;

(c) of any litigation, investigation or proceeding affecting any Loan Party which if determined adversely, to any Loan Party, could reasonably be expected to result in liability to one or more Loan Parties in an amount that exceeds, in the aggregate for all such matters, after giving effect to applicable in-force insurance and related third-party indemnity and similar agreements, U.S.\$5,000,000, or in which injunctive relief or similar relief is sought, which relief, if granted, could be reasonably expected to have a Material Adverse Effect;

(d) of the occurrence of any ERISA Event; and

(e) of any announcement by Moody's or S&P of any change in a debt rating or by DBRS of any change to the stability rating of the Parent Guarantor.

Each notice pursuant to this Section shall be accompanied by a statement of a Responsible Officer of the Borrower setting forth details of the occurrence referred to therein and stating what action the relevant Loan Party or Subsidiary has taken and proposes to take with respect thereto. Each notice pursuant to Section 6.03(a) shall describe with particularity any and all provisions of this Agreement or other Loan Document that have been breached.

**6.04 Payment of Obligations.** Pay and discharge as the same shall become due and payable, all its obligations and liabilities, that if not paid could reasonably be expected to result in a Material Adverse Effect, including: (a) all tax liabilities, assessments and governmental charges or levies upon it or its properties or assets, unless the same are being contested in good faith by appropriate proceedings and adequate reserves in accordance with U.S. GAAP are being maintained by the relevant Loan Party or such Subsidiary; (b) all material lawful claims which, if unpaid, would by law become a Lien upon its Property; and (c) all Indebtedness, as and when due and payable, but subject to any subordination provisions contained in any instrument or agreement evidencing such Indebtedness.

**6.05 Continuation of Business, Etc.** Except in a transaction permitted by Section 7.05 or pursuant to statutory conversions to another form of entity as permitted by applicable Law, preserve, renew and maintain in full force and effect its legal existence and good standing under the Laws of the jurisdiction of its organization; and except where it will not have a Material Adverse Effect, take all reasonable action to maintain all rights, privileges, permits, licenses and franchises necessary or desirable in the normal conduct of its business and preserve or renew all of its registered patents, trademarks, trade names and service marks.

**6.06 Maintenance of Properties.** Except where it will not have a Material Adverse Effect, (a) maintain, preserve and protect all of its material properties and equipment necessary in the operation of its business in good working order and condition, ordinary wear and tear excepted, (b) make all necessary repairs thereto and renewals and replacements thereof and (c) use the standard of care typical in the industry in the operation and maintenance of its facilities.

**6.07 Maintenance of Insurance.** Maintain with financially sound and reputable insurance companies (which are not Affiliates of the Parent Guarantor or the Borrower), insurance with respect to its properties and business against loss or damage of the kinds customarily insured against by Persons engaged in the same or similar business, of such types and in such amounts as are customarily carried under similar circumstances by such other Persons.

**6.08 Compliance with Laws.** Comply in all material respects with the requirements of all Laws applicable to it or to its business or Property, except in such instances in which (i) such requirement of Law is being contested in good faith or a bona fide dispute exists with respect thereto or (ii) the failure to comply therewith could not be reasonably expected to have a Material Adverse Effect.

**6.09 Books and Records.** Maintain proper books of record and account necessary to prepare the financial statements required to be delivered pursuant to Section 6.01 in accordance with U.S. GAAP.

**6.10 Inspection Rights.** Permit representatives and independent contractors of the Administrative Agent, the L/C Issuer and each Lender, at their respective expense, to visit and inspect any of its properties, to examine its corporate, financial and operating records, and make copies thereof or abstracts therefrom, and to discuss its affairs, finances and accounts with its directors, officers, and independent public accountants, in each case, all at such reasonable times during normal business hours and as reasonably often as may be necessary, upon reasonable advance notice to the Borrower and subject to compliance with applicable safety standards, with contractual or attorney-client privilege (as applicable) and non-disclosure agreements; provided, however, that during an Event of Default, the Administrative Agent, the L/C Issuer or any Lender (or any of their respective representatives or independent contractors) may, without duplication of the efforts of the others, do any of the foregoing at the reasonable expense of the Borrower at any time during normal business hours.

**6.11 Compliance with Contractual Obligations.** Comply with all Contractual Obligations, except in such instances in which (i) such non-compliance is being contested in

good faith or a bona fide dispute exists with respect thereto or (ii) the failure to comply therewith could not be reasonably expected to have a Material Adverse Effect.

**6.12 Use of Proceeds.** Use the proceeds of the Credit Extensions for working capital (including, managing accounts receivables, inventory and other short-term cash requirements, including timing differences with regard to withholding taxes in the United States), certain limited distributions and for other general corporate purposes of the Borrower in the ordinary course of business.

**6.13 Guaranties.** Cause each Subsidiary which has not previously executed and delivered to the Administrative Agent a Guarantee and other related collateral documents to execute and deliver to the Administrative Agent promptly, and in any event within five (5) Business Days following such Subsidiary's becoming a Subsidiary, (i) a Guarantee and collateral documents in form and substance satisfactory to the Administrative Agent, together with a resolution of its board of directors or other similar governing body authorizing such Guarantee and collateral documents, (ii) a favorable opinion of counsel to such Guarantor in form and substance satisfactory to the Administrative Agent regarding the valid existence and good standing of such Subsidiary in its jurisdiction of incorporation and its good standing in any jurisdiction in which it is qualified to do business, and to the effect that the execution and delivery of the Guarantee and any collateral documents by such Subsidiary has been duly authorized by all necessary corporate or equivalent action and that the Guarantee and such collateral documents constitute the valid, legal and binding obligation of such Subsidiary, and that such collateral documents create a perfected lien on such Collateral, in each case, subject to related normal and customary qualifications and exceptions, which opinion may be rendered by counsel who is an employee of the Borrower and (iii) documentation of the type described in clauses (iv), (v), and (viii) of Section 4.01(a). Notwithstanding anything to the contrary and for the avoidance of doubt, any Subsidiary designated as an Unrestricted Subsidiary pursuant to Section 6.14 hereto shall not be subject to the requirements of this Section 6.13.

**6.14 Unrestricted Subsidiaries.** Following the Closing Date and subject to the restrictions and limitations of this Agreement, if the Borrower, or a Subsidiary or an Unrestricted Subsidiary of the Borrower, is permitted to create, purchase or otherwise acquire an entity that would otherwise qualify as a Subsidiary of the Borrower, the Borrower shall be permitted to designate such Subsidiary as an Unrestricted Subsidiary by providing the Administrative Agent with written notice 10 Business Days prior to such designation; provided that notwithstanding anything in this Agreement to the contrary, no Subsidiary of the Borrower in existence as of the Closing Date shall be designated as an Unrestricted Subsidiary without the prior written consent of the Administrative Agent and the Required Lenders acting in their sole and absolute discretion.

## ARTICLE VII. NEGATIVE COVENANTS

So long as any Lender shall have any Commitment hereunder, any Loan or other Obligation shall remain unpaid, or any Letter of Credit shall remain outstanding or any other Secured Obligation shall remain outstanding, the Borrower shall not, nor shall it permit any Loan Party or Subsidiary to, directly or indirectly:

**7.01 Liens.** The Borrower will not, and will not permit any Subsidiaries in which it directly or indirectly owns more than 50% of the total voting or equity interests and will not permit (to the extent that the Borrower has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries to, directly or indirectly, create, Incur or suffer to exist any Lien (other than Permitted Liens) on any asset or Property of the Borrower or such Subsidiary, or any income or profits therefrom, or assign or convey any right to receive income therefrom, that secures any Obligations of the Borrower or any of its Subsidiaries or any other Person. The Borrower will not permit any Unrestricted Subsidiary to directly or indirectly, create, Incur or suffer to exist any Lien (other than Permitted Liens) on any asset or Property of the Borrower or any Subsidiary, or any income or profits therefrom, or assign or convey any right to receive income therefrom; provided, that notwithstanding the foregoing, the Borrower will not, and will not permit any of its Subsidiaries or Unrestricted Subsidiaries in which it directly or indirectly owns more than 50% of the total voting or equity interests and will not permit (to the extent that the Borrower has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries or Unrestricted Subsidiaries to, directly or indirectly, create, Incur or suffer to exist any Lien on any asset or Property of Onondaga Cogeneration Limited Partnership except for Permitted Liens and Liens reasonably Incurred by Onondaga Cogeneration Limited Partnership in the ordinary course of its business and in accordance with its commercially reasonable past business practices and otherwise permitted under this Agreement.

**7.02 Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock.**

(a) The Borrower will not, and will not permit any Subsidiary or Unrestricted Subsidiary in which it directly or indirectly owns more than 50% of the total voting or equity interests, and shall not permit (to the extent that the Borrower has any direct or indirect contractual or other approval rights over the actions of such Subsidiary or Unrestricted Subsidiary) any of its other Subsidiaries or Unrestricted Subsidiaries to, directly or indirectly, Incur or suffer to exist any Indebtedness or issue any shares of Disqualified Stock or Preferred Stock;

(b) The limitations set out in Section 7.02(a) will not apply to the following, provided that at the time any such Indebtedness is Incurred or any Disqualified Stock or Preferred Stock is issued, the Cash Flow Coverage Ratio of the Parent Guarantor for the previous four-quarter period is 1.5 to 1.0 on a *pro forma* basis, after giving effect to the Incurrence of such Indebtedness or the issuance of such Disqualified Stock or Preferred Stock and the application of the proceeds therefrom:

(i) the Incurrence by the Borrower and its Subsidiaries of Indebtedness represented by the Guarantees and the other Loan Documents;

(ii) Indebtedness, Disqualified Stock or Preferred Stock of the Borrower or any Subsidiary or Unrestricted Subsidiary existing on the Closing Date as detailed in Schedule 7.02(b)(ii);

(iii) Indebtedness to be issued in the form of Additional Securities forming part of the IPSs, issued by the Issuer to finance the redemption by Borrower of any Existing Investor Interests (as defined in the Subordinated Note Indenture) and related issuance of Class A preferred membership interests of Borrower in connection with such issuance;

(iv) Indebtedness arising from agreements of the Borrower or a Subsidiary or Unrestricted Subsidiary of the Borrower providing for indemnification, adjustment of purchase price or similar obligations, in each case, Incurred in connection with the acquisition or disposition of any business, assets or a Subsidiary or Unrestricted Subsidiary of the Borrower in accordance with the terms of this Agreement, other than guarantees of Indebtedness Incurred by any Person acquiring all or any portion of such business, assets or Subsidiary for the purpose of financing such acquisition;

(v) Indebtedness of the Borrower to the Issuer or a Subsidiary of the Borrower; provided that any such Indebtedness is expressly subordinated in right of payment to the Obligations and the other Secured Obligations, in form and substance reasonably satisfactory to the Administrative Agent and the Required Lenders; provided, further that any subsequent issuance or transfer of any Capital Stock or any other event which results in any such Subsidiary ceasing to be a Subsidiary of the Borrower or any other subsequent transfer of any such Indebtedness (except to the Borrower or another Subsidiary of the Borrower) will be deemed, in each case, to be an Incurrence of such Indebtedness;

(vi) Indebtedness of a Subsidiary of the Borrower to the Issuer, the Borrower or another Subsidiary of the Borrower; provided that (x) any such Indebtedness is made pursuant to an intercompany note subordinated in right of payment to the Obligations and the other Secured Obligations, in form and substance reasonably satisfactory to the Administrative Agent and the Required Lenders and (y) if a Guarantor Incurs such Indebtedness to a Subsidiary of the Borrower that is not a Guarantor, such Indebtedness is subordinated in form and substance satisfactory to the Administrative Agent and the Required Lenders in right of payment to the Guarantee of such Guarantor; provided, further that any subsequent issuance or transfer of any Capital Stock or any other event which results in any Subsidiary of the Borrower lending such Indebtedness ceasing to be a Subsidiary of the Borrower or any other subsequent transfer of any such Indebtedness (except to the Borrower or another Subsidiary of the Borrower) will be deemed, in each case, to be an Incurrence of such Indebtedness;

(vii) Hedging Obligations that are incurred in the ordinary course of business (1) for the purpose of fixing or hedging interest rate risk with respect to any Indebtedness that is permitted by the terms of this Agreement to be outstanding, (2) for the purpose of fixing or hedging currency exchange rate risk with respect to any currency exchanges or (3) for the purpose of fixing or hedging commodity price risk with respect to any commodity purchases;

(viii) any guarantee by the Borrower or a Subsidiary of the Borrower of other obligations of the Borrower or any of its Subsidiaries so long as the Incurrence of such Indebtedness by the Borrower or such Subsidiary is permitted under the terms of this

Agreement; provided that if such Indebtedness is by its express terms subordinated in right of payment to the Obligations and the other Secured Obligations or the Guarantee of such Subsidiary, as applicable, any such guarantee of such Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Subsidiary's Guarantee with respect to the Obligations and the other Secured Obligations substantially to the same extent as such Indebtedness is subordinated to the Securities or the Guarantee of such Subsidiary, as applicable;

(ix) the Incurrence by the Borrower or any of its Subsidiaries or Unrestricted Subsidiaries of Indebtedness which serves to refund or refinance any Indebtedness Incurred as permitted under this Section 7.02 and clauses (i), (ii), (v) and (vi), above, and (xiii) below, or any Indebtedness issued to so refund or refinance such Indebtedness (subject to the following proviso, "**Refinancing Indebtedness**") prior to its respective maturity; provided, however, that such Refinancing Indebtedness:

(A) has a Weighted Average Life to Maturity at the time such Refinancing Indebtedness is Incurred which is not less than the remaining Weighted Average Life to Maturity of the Indebtedness being refunded or refinanced;

(B) has a Stated Maturity which is no earlier than the Stated Maturity of the Indebtedness being refunded or refinanced;

(C) to the extent such Refinancing Indebtedness refinances Indebtedness *pari passu* with the Obligations and the other Secured Obligations of the Subsidiaries that are Guarantors, is *pari passu* with or subordinated to the Obligations and the other Secured Obligations of such Subsidiaries under such guarantee, as applicable; and

(D) is Incurred in an aggregate amount (or if issued with original issue discount, an aggregate issue price) that is equal to or less than the aggregate principal amount (or if issued with original issue discount, the aggregate accreted value) then outstanding of the Indebtedness being refinanced plus premium and fees Incurred in connection with such refinancing;

(x) Indebtedness of Persons that are acquired by the Borrower or any of its Subsidiaries or merged into a Subsidiary in accordance with the terms of this Agreement; provided, however, that such Indebtedness is not Incurred in contemplation of such acquisition or to provide all or a portion of the funds or credit support required to consummate such acquisition or merger; provided, further, however, that the Cash Flow Coverage Ratio of the Parent Guarantor for the previous four-quarter period is 1.5 to 1.0 on a *pro forma* basis, after giving effect to such acquisition and the Incurrence of such Indebtedness, would be greater than the actual Cash Flow Coverage Ratio for such period without giving effect to such acquisition;

(xi) the Incurrence by the Borrower or any of its Subsidiaries or Unrestricted Subsidiaries of Indebtedness which serves to finance in whole or in part the making of

capital improvements required to maintain compliance with applicable Laws or Project Documents, provided, however, that the principal amount of all such Indebtedness does not exceed an aggregate of U.S.\$20,000,000 and an independent engineer confirms in writing to the Administrative Agent that such capital improvements are required to maintain compliance with applicable Laws or Project Documents;

(xii) the Incurrence by the Borrower or any of its Subsidiaries or Unrestricted Subsidiaries of Indebtedness in connection with performance, surety or similar bonds, letters of credit or performance guarantees or other similar obligations in the ordinary course of business, provided, however, the principal amount of all such Indebtedness does not exceed an aggregate of U.S.\$15,000,000; and

(xiii) (A) the Incurrence of Indebtedness by any Subsidiary that is (1) a Subsidiary on the Closing Date and (2) as of the Closing Date does not have any outstanding obligations with respect to any material Indebtedness; provided, however that (X) any Indebtedness Incurred by such Subsidiary shall be on commercially reasonable terms and (Y) prior to Incurring such Indebtedness, such Subsidiary shall have received the written consent of the Administrative Agent, such consent not to be unreasonably withheld.

(c) The Project Level Subsidiaries and Unrestricted Subsidiaries may incur Indebtedness and issue Disqualified Stock or Preferred Stock as follows; provided that at the time any such Indebtedness is Incurred or any such Disqualified Stock or Preferred Stock is issued, the Cash Flow Coverage Ratio of the Parent Guarantor for the previous four-quarter period is 1.5 to 1.0 on a *pro forma* basis, after giving effect to the Incurrence of such Indebtedness or the issuance of such Disqualified Stock or Preferred Stock and the application of the proceeds therefrom;

(i) Indebtedness of any Unrestricted Subsidiary or the issuance of any shares of Disqualified Stock or Preferred Stock by an Unrestricted Subsidiary; provided, that neither (X) such Indebtedness or the Incurrence thereof, nor (Y) the issuance of such shares of Disqualified Stock or Preferred Stock shall encumber, restrict or in any other way affect any asset or Property of the Borrower or any Subsidiary, or any income or profits therefrom, or assign or convey any right to receive income therefrom;

(ii) Indebtedness of any Project Level Subsidiary; provided, that (X) such Indebtedness is non-recourse to the Borrower and non-recourse to any Project Holding Entity and (Y) such Indebtedness or the Incurrence thereof, shall not encumber, restrict or in any other way affect any asset or Property of the Borrower or any Subsidiary, or any income or profits therefrom, or assign or convey any right to receive income therefrom.

provided, that notwithstanding anything to the contrary in this Section 7.02, the Borrower will not, and will not permit any of its Subsidiaries or Unrestricted Subsidiaries in which it directly or indirectly owns more than 50% of the total voting or equity interests and will not permit (to the extent that the Borrower has any direct or indirect contractual or other approval rights over the actions of such Subsidiary or Unrestricted Subsidiary) any of its other Subsidiaries or Unrestricted Subsidiaries to, directly or indirectly, Incur or suffer to exist any Indebtedness of or

by Onondaga Cogeneration Limited Partnership or issue any shares of Disqualified Stock or Preferred Stock with respect to Onondaga Cogeneration Limited Partnership, except for Indebtedness Incurred with respect to the Onondaga Swap and Indebtedness reasonably Incurred by Onondaga Cogeneration Limited Partnership in the ordinary course of its business and in accordance with its commercially reasonable past business practices and otherwise permitted under this Agreement.

For purposes of determining compliance with this Section 7.02, in the event that an item of Indebtedness meets the criteria of more than one of the categories of permitted Indebtedness described in clauses above or is entitled to be Incurred pursuant to Section 7.02(a), the Borrower will, in its sole discretion, classify or reclassify such item of Indebtedness in any manner that complies with this covenant and such item of Indebtedness will be treated as having been Incurred pursuant to only one of such clauses of Section 7.02. Accrual of interest and the accretion of accreted value will not be deemed to be an Incurrence of Indebtedness for purposes of this Section.

### **7.03 Limitation on Restricted Payments.**

(a) The Borrower will not, and will not permit any Subsidiaries in which it directly or indirectly owns more than 50% of the total voting or equity interest, and shall not permit (to the extent that the Borrower has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries, to directly or indirectly:

(i) declare or pay any dividend or make any distribution on account of the Borrower's or any of its Subsidiaries' Equity Interests, including any payment made in connection with any merger or consolidation involving the Borrower (other than (A) dividends or distributions by the Borrower payable solely in Equity Interests (other than Disqualified Stock) of the Borrower or (B) dividends or distributions by a Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Subsidiary other than a Wholly-Owned Subsidiary, the Borrower or a Subsidiary receives at least its *pro rata* share of such dividend or distribution in accordance with the terms of such Equity Interests);

(ii) purchase, redeem or otherwise acquire or retire for value any Equity Interests of the Borrower or any Subsidiary other than repurchases of Existing Investor Interests (as defined in the Subordinated Note Indenture) by the Borrower pursuant to the exercise by the Existing Investors (as defined in the Subordinated Note Indenture) of the Liquidity Right (as defined in the Subordinated Note Indenture) to the extent that such repurchase is funded through the issuance of equity securities by the Borrower;

(iii) make a Restricted Investment;

(all such payments and other actions set forth in clauses (i), (ii) and (iii) above being collectively referred to as "**Restricted Payments**");

unless, at the time of such Restricted Payment:

(A) no Default or Event of Default will have occurred and be continuing or would occur as a consequence thereof;

(B) the Cash Flow Coverage Ratio of the Parent Guarantor for the previous four-quarter period is 1.5 to 1.0 on a *pro forma* basis, after giving effect to the making of such Restricted Payment; and

(C) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Borrower and its Subsidiaries after the Closing Date (including Restricted Payments permitted by clauses (i), (iii) and (v) of Section 7.03(b)), but not including all other Restricted Payments permitted by Section 7.03(b)), is less than the sum of, without duplication:

- (1) 100% of the Borrower's Cash Flow less Interest Expense and any required principal repayments on outstanding Indebtedness of the Borrower for the period (taken as one accounting period) from the first date of the fiscal quarter in which the Closing Date occurs to the end of the Borrower's most recently-ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment, plus
- (2) 100% of the aggregate net proceeds, including cash and the Fair Market Value (as determined below) of Property other than cash, received by the Borrower after the Closing Date from the issue or sale of Equity Interests of the Borrower excluding Refunding Capital Stock (as defined herein), Disqualified Stock and Excluded Contributions, including Equity Interests issued upon conversion of Indebtedness or upon exercise of warrants or options (other than an issuance or sale to a Subsidiary or Unrestricted Subsidiary of the Borrower), plus
- (3) 100% of the aggregate amount of contributions to the capital of the Borrower received in cash and the Fair Market Value (as determined below) of Property other than cash received by the Borrower as a contribution to capital since the Closing Date excluding Refunding Capital Stock (as defined herein), Disqualified Stock and Excluded Contributions, plus
- (4) 100% of the aggregate amount received in cash and the Fair Market Value (as determined below) of Property other than cash received since the Closing Date from (X) the sale or other disposition (other than to the Borrower or a Subsidiary or Unrestricted Subsidiary of the Borrower) of Restricted Investments made by the Borrower and its

Subsidiaries or Unrestricted Subsidiaries and from repurchases and redemptions of such Restricted Investments from the Borrower and its Subsidiaries or Unrestricted Subsidiaries by any Person (other than the Borrower or any of its Subsidiaries or Unrestricted Subsidiaries) and from repayments of loans or advances which constituted Restricted Investments, and/or (Y) the sale (other than to the Borrower or a Subsidiary or Unrestricted Subsidiary) of the Capital Stock of a Subsidiary or Unrestricted Subsidiary.

The Fair Market Value of Property other than cash covered by clauses (2), (3) and (4) above will be determined in good faith by the Borrower and (X) in the case of Property with a Fair Market Value in excess of U.S.\$2,500,000, shall be set forth in an Officers' Certificate or (Y) in the case of Property with a Fair Market Value in excess of U.S.\$10,000,000, shall be set forth in a resolution approved by at least a majority of the board of directors or other similar governing body of the Borrower.

(b) The provisions of Section 7.03(a) shall not prohibit:

(i) the payment of any dividend or distribution within 60 days after the date of declaration thereof, if at the date of declaration such payment would have been permitted under the provisions of this Agreement;

(ii) (A) the repurchase, retirement or other acquisition of any Equity Interests ("Retired Capital Stock") or Subordinated Indebtedness of the Borrower in exchange for, or out of the proceeds of the substantially concurrent sale of, Equity Interests of the Borrower or contributions to the equity capital of the Borrower (other than any Disqualified Stock or any Equity Interests sold to a Subsidiary or Unrestricted Subsidiary of the Borrower or to an employee stock ownership plan or any trust established by the Borrower or any of its Subsidiaries or Unrestricted Subsidiaries) (collectively, including any such contributions, "Refunding Capital Stock") and (B) the declaration and payment of accrued dividends on the Retired Capital Stock out of the proceeds of the substantially concurrent sale (other than to a Subsidiary or Unrestricted Subsidiary of the Borrower or to an employee stock ownership plan or any trust established by the Borrower or any of its Subsidiaries or Unrestricted Subsidiaries) of Refunding Capital Stock;

(iii) the declaration and payment of dividends or distributions to holders of any class or series of Disqualified Stock of the Borrower or any of its Subsidiaries or Unrestricted Subsidiaries issued or incurred in accordance with Section 7.02(b) hereof;

(iv) the declaration and payment of dividends on the Class A member interests or Class B member interests of the Borrower in accordance with the terms of such member interests and this Agreement;

(v) the payment of dividends on the Common Shares of the Borrower up to an aggregate amount in any fiscal quarter not to exceed the Quarterly Base Dividend Level, provided that the Cash Flow Coverage Ratio of the Parent Guarantor is at least 1:25 to 1.0;

(vi) other Restricted Payments in an aggregate amount not to exceed U.S.\$5,000,000 from the Closing Date;

(vii) repurchases of Equity Interests deemed to occur upon exercise of stock options if such Equity Interests represent a portion of the exercise price of such options; and

(viii) the declaration and payment of dividends or distributions or other Restricted Payments made by an Unrestricted Subsidiary.

provided, that at the time of and after giving effect to, any Restricted Payment permitted by clauses (i), (iii), (v), (vi), (vii) and (viii), no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof; provided, further, that with respect to clause (viii), unless the Cash Flow Coverage Ratio of the Parent Guarantor for the previous four-quarter period is at least 1.25 to 1.0 on a *pro forma* basis, after giving effect to the making of such Restricted Payment (X) no Unrestricted Subsidiary shall be permitted to declare or pay dividends or distributions except for dividends and distributions made to such Unrestricted Subsidiary's immediate parent entity which entity is a Subsidiary of the Borrower and (Y) no Unrestricted Subsidiary shall be permitted to make any Restricted Investments; provided, further, that unless the Cash Flow Coverage Ratio of the Parent Guarantor for the previous four-quarter period is at least 1.25 to 1.0 on a *pro forma* basis after giving effect to the making of such Restricted Payment, any such Restricted Payment may be made only out of, and to the extent of funds in, the US Levelization Reserve Account (as defined in the Depositary Agreement) or the Canadian Levelization Reserve Account (as defined in the Depositary Agreement), and in accordance with the terms of the Depositary Agreement.

#### **7.04 Dividend and Other Payment Restrictions Affecting Subsidiaries.**

The Borrower will not, and will not permit any Subsidiary or Unrestricted Subsidiary in which it directly or indirectly owns more than 50% of the total voting or equity interests, and will not permit (to the extent that the Borrower has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries or Unrestricted Subsidiaries, to directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or consensual restriction on the ability of any Subsidiary to:

(a) (i) pay dividends or make any other distributions to the Borrower or any of its Subsidiaries (1) on its Capital Stock or (2) with respect to any other interest or participation in, or

measured by, its profits, or (ii) pay any Indebtedness owed to the Borrower or any of its Subsidiaries;

(b) make loans or advances to the Borrower or any of its Subsidiaries; or

(c) sell, lease or transfer any of its properties or assets to the Borrower or any of its Subsidiaries;

except in each case for such encumbrances or restrictions existing under or by reason of:

(A) contractual encumbrances or restrictions in effect on the Closing Date, including pursuant to this Agreement;

(B) the Subordinated Note Indenture;

(C) applicable law or any applicable rule, regulation or order;

(D) any agreement or other instrument relating to Indebtedness of a Person acquired by the Borrower or any Subsidiary or Unrestricted Subsidiary which was in existence at the time of such acquisition (but not created in contemplation thereof or to provide all or any portion of the funds or credit support utilized to consummate such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the Property or assets of the Person, so acquired;

(E) any restriction with respect to a Subsidiary imposed pursuant to an agreement entered into for the sale or disposition of all or substantially all the Capital Stock or assets of such Subsidiary pending the closing of such sale or disposition;

(F) Secured Indebtedness or Liens otherwise permitted to be Incurred pursuant to Sections 7.01 and 7.02 hereof that limit the right of the debtor to dispose of the assets securing such Indebtedness;

(G) restrictions on cash or other deposits or net worth imposed by customers under Contracts entered into in the ordinary course of business that impose restrictions of the type described in Section 7.04(c) herein;

(H) customary provisions in joint venture agreements, limited partnership agreements and other similar agreements entered into in the ordinary course of business;

(I) customary provisions contained in leases and other similar agreements entered into in the ordinary course of business; or

(J) any encumbrances or restrictions of the type referred to in clauses (a), (b) and (c) above imposed by any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of the

contracts, instruments or obligations referred to in clauses (A) through (I) above; provided that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are, in the good faith judgment of the board of directors or other similar governing body of the Borrower, no more restrictive with respect to such dividend and other payment restrictions than those contained in the dividend or other payment restrictions prior to such amendment, modification, restatement, renewal, increase, supplement, refunding, replacement or refinancing.

#### **7.05 Asset Sales.**

(a) The Borrower will not, and will not permit any Subsidiary or Unrestricted Subsidiary in which it owns more than 50% of the total voting or equity interests, and will not permit (to the extent that the Borrower has any direct or indirect contractual or other approval rights over the actions of such Subsidiary or Unrestricted Subsidiary) any of its other Subsidiaries or Unrestricted Subsidiaries to, cause or make an Asset Sale, unless the Borrower or its Subsidiaries or Unrestricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the Fair Market Value (as determined in good faith by the Borrower) of the assets sold or otherwise disposed of.

(b) Within 365 days after the Borrower's or any Subsidiary's receipt of the Net Proceeds of any Asset Sale permitted under Section 7.05(a), the Borrower or such Subsidiary shall apply the Net Proceeds from such Asset Sale, at its option:

(A) to permanently reduce Obligations under the Credit Facilities and to correspondingly reduce commitments with respect thereto pursuant to Section 2.07;

(B) to make an investment in any one or more businesses, capital expenditures or acquisitions of other assets in each case used or useful in a Similar Business; provided that any such investment is made in or for the direct benefit of a Subsidiary;

(C) to make an investment in properties or assets that replace the properties and assets that are the subject of such Asset Sale; provided that any such investment is made in or for the direct benefit of a Subsidiary; and/or

(D) to make a disbursement from the Borrower to the Parent Guarantor pursuant to Section 7.03(b)(iv) or (v) in accordance with the restrictions and limitations of Section 7.03; provided, at the time such disbursement is made the Cash Flow Coverage Ratio of the Parent Guarantor for the previous four-quarter period is 1.5 to 1.0 on a *pro forma* basis, after giving effect to the making of such disbursement; provided, further, no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof.

Pending the final application of any such Net Proceeds, the Borrower or such Subsidiary may temporarily reduce Indebtedness hereunder or otherwise invest such Net Proceeds in Cash Equivalents or Investment Grade Securities.

provided, that notwithstanding the foregoing, the Borrower will not, and will not permit any of its Subsidiaries or Unrestricted Subsidiaries in which it directly or indirectly owns more than 50% of the total voting or equity interests and will not permit (to the extent that the Borrower has any direct or indirect contractual or other approval rights over the actions of such Subsidiary or Unrestricted Subsidiary) any of its other Subsidiaries or Unrestricted Subsidiaries to, sell, transfer, lease or otherwise dispose of any of the Property of Onondaga Cogeneration Limited Partnership to any Person other than any reasonable sales, transfers, leases or other dispositions of any Property by Onondaga Cogeneration Limited Partnership in the ordinary course of its business and in accordance with its commercially reasonable past business practices and otherwise permitted under this Agreement.

#### **7.06 Transactions with Affiliates.**

(a) The Borrower will not, and will not permit any Subsidiaries in which it owns more than 50% of the total voting or equity interests and will not permit (to the extent that the Borrower has any direct or indirect contractual or other approval rights over the actions of such Subsidiary) any of its other Subsidiaries, to directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any Property or assets from, or enter into or make or amend any transaction or series of transactions, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Borrower (each of the foregoing, an "**Affiliate Transaction**") unless:

(i) such Affiliate Transaction is on terms that are not materially less favourable to the Borrower or the relevant Subsidiary than those that could have been obtained in a comparable transaction by the Borrower or such Subsidiary with an unrelated Person;

(ii) with respect to any Affiliate Transaction with an Unrestricted Subsidiary or any other Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of U.S.\$5 million but less than or equal to U.S.\$10 million, the Borrower delivers to the Administrative Agent a resolution adopted by the majority of the board of directors or other similar governing body of the Borrower, approving such Affiliate Transaction and an Officers' Certificate certifying that such Affiliate Transaction complies with clause (i) above; and

(iii) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of U.S.\$10 million, the Borrower delivers to the Administrative Agent a resolution adopted by the majority of the board of directors or other similar governing body of the Borrower, approving such Affiliate Transaction and a letter from an independent financial advisor of recognized standing stating that such transaction is fair to the Borrower or such Subsidiary from a financial point of view or meets the requirement of clause (i) above.

- (b) The provisions of this Section 7.06 shall not apply to the following:
- (i) Permitted Investments and Restricted Payments permitted by Section 7.04;
  - (ii) the payment of reasonable and customary fees paid to, and indemnity provided on behalf of, officers, directors, employees or consultants of the Borrower, or any Subsidiary or the Manager including, for greater certainty, any fees payable under the Management Agreement (as defined in the Subordinated Note Indenture);
  - (iii) an Affiliate Transaction between one or more Unrestricted Subsidiaries; provided that for the avoidance of doubt, any Affiliate Transaction involving a Subsidiary and an Unrestricted Subsidiary shall be subject to the provisions of Section 7.06, unless otherwise excluded pursuant to a provision of this clause (b) other than this Section 7.06(b)(iii);
  - (iv) **Intentionally Blank;**
  - (v) **Intentionally Blank;**
  - (vi) any agreement in effect as of the Closing Date or any amendment thereto (so long as any such amendment is not disadvantageous to the Lenders in any material respect) or any transaction contemplated thereby; and
  - (vii) the existence of, or the performance by the Borrower or any Subsidiary or Unrestricted Subsidiary of the Borrower of its obligations under the terms of, any shareholders agreement (including any registration rights agreement or purchase agreement related thereto) to which it is a party as of the Closing Date and any similar agreements (including any operating agreements or limited partnership agreements) which it may enter into thereafter; provided, however, that the existence of, or the performance by the Borrower or any of its Subsidiaries of its obligations under any future amendment to any such existing agreement or under any similar agreement entered into after the Closing Date shall only be permitted by this clause (vii) to the extent that the terms of any such amendment or new agreement are not otherwise disadvantageous to the Lenders in any material respect.

#### **7.07 Merger, Consolidation or Sale of All or Substantially All Assets.**

- (a) The Borrower will not consolidate or merge with or into or wind up into (whether or not the Borrower is the surviving corporation) or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions, to any Person unless:
- (i) the Borrower is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Borrower) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws

of the United States (the Borrower or such Person, as the case may be, being herein called the "Successor Borrower")

(ii) the Successor Borrower (if other than the Borrower) expressly assumes all the obligations of the Borrower under this Agreement pursuant to a such documents or instruments in form reasonably satisfactory to the Administrative Agent;

(iii) all of the Guarantees of the Obligations and the other Secured Obligations, and related security, remain in full force and effect or replacement guarantees and security reasonably satisfactory to the Administrative Agent are provided;

(iv) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Borrower or any of its Subsidiaries as a result of such transaction as having been Incurred by the Successor Borrower or such Subsidiary at the time of such transaction) no Default or Event of Default shall have occurred and be continuing;

(v) Intentionally Blank;

(vi) each party to the Guarantees, unless they are the other party to the transactions described above, will have by supplemental Security Documents and guarantees confirmed that such securities and guarantees will apply to such Person's obligations under the Guarantees (or, such parties will have entered into guarantees in form and substance substantially the same as the Guarantees); and

(vii) the Borrower will have delivered to the Administrative Agent an Officers' Certificate and an opinion of counsel stating that such consolidation, merger or transfer and such supplemental guarantees (if any) and supplemental Security Documents comply with this Agreement and applicable requirements of Law.

The Successor Borrower shall succeed to, and be substituted for, the Borrower under this Agreement and such Security Documents. Notwithstanding the foregoing Sections 7.07(a)(iii) and 7.07(a)(v) any Subsidiary or Unrestricted Subsidiary of the Borrower may consolidate with, merge into or transfer all or part of its properties and assets to the Borrower or to another Subsidiary of the Borrower; provided, however that if an Unrestricted Subsidiary merges, transfers or otherwise consolidates all or part of its properties with or to the Borrower or any Subsidiary of the Borrower, such Unrestricted Subsidiary shall cease to be designated as an Unrestricted Subsidiary.

(b) The Borrower shall not permit any Subsidiary to consolidate or merge with or into or wind up into (whether or not such Subsidiary is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions to, any Person (including without limitation an Unrestricted Subsidiary) unless:

(i) such Subsidiary is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than such Subsidiary) or to which

such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership or limited liability company organized or existing under the laws of any state of the United States (such Subsidiary, being herein called the "Successor Guarantor");

(ii) the Successor Guarantor (if other than such Subsidiary) expressly assumes all the obligations of such Subsidiary under this Agreement and such Guarantor's Guarantee and related security pursuant to a supplemental Security Documents and other documents or instruments in form reasonably satisfactory to the Administrative Agent;

(iii) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Guarantor or any of its Subsidiaries as a result of such transaction as having been Incurred by the Successor Guarantor or such Subsidiary at the time of such transaction) no Default or Event of Default shall have occurred and be continuing; and

(iv) the Subsidiary shall have delivered or caused to be delivered to the Administrative Agent an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental Security Documents comply with this Agreement and applicable requirements of Law.

The Successor Guarantor shall succeed to, and be substituted for, such Guarantor under such Guarantor's Guarantee and Security Documents (if any).

**7.08 ERISA.** Except where no Material Adverse Effect could reasonably be expected to occur, the Borrower will not, and will not cause or permit any other Loan Party to, permit any of the events or circumstances described in Section 5.12 to exist or occur.

**7.09 Change in Nature of Business or Project Documents.** Engage in any material line of business substantially different from any Similar Business or those lines of business conducted by any of the Borrower or its Subsidiaries on the date hereof or, if substantially different therefrom, not permitted by the Borrower's Organizational Documents. Consent or agree to any material amendment or modification to any Project Document if such material amendment or modification could reasonably be expected to have a Material Adverse Effect.

**7.10 Use of Proceeds.** Use the proceeds of any Credit Extension, whether directly or indirectly, and whether immediately, incidentally or ultimately, to purchase or carry margin stock (within the meaning of Regulation U of the Board) or to extend credit to others for the purpose of purchasing or carrying margin stock or to refund indebtedness originally incurred for such purpose.

## **ARTICLE VIII. EVENTS OF DEFAULT AND REMEDIES**

**8.01 Events of Default.** Any of the following shall constitute an Event of Default:

(a) Non-Payment. The Borrower fails to pay (i) when and as required to be paid herein, any amount of principal of any Loan or any L/C Obligation, or (ii) within five Business Days after the same becomes due, any interest on any Loan or on any L/C Obligation, or any facility, utilization or other fee due hereunder, or any other amount payable hereunder or under any other Loan Document; or

(b) Specific Covenants. The Borrower shall fail to comply with perform or observe any term, covenant or agreement contained in any of Section 6.03(a) or 6.12 or Article VII; or

(c) Other Defaults. Any Loan Party fails or refuses to perform or observe any other covenant or agreement (not specified in subsection (a) or (b) above) contained in any Loan Document on its part to be performed or observed, and such failure or refusal continues for 30 days after the earlier of (i) such Loan Party's obtaining knowledge of such failure or refusal and (ii) such Loan Party's being notified of such failure or refusal by the Administrative Agent, the L/C Issuer or any Lender; or

(d) Representations and Warranties. Any representation or warranty made or deemed made by the Borrower or any other Loan Party herein, in any other Loan Document, or in any document delivered by it in connection herewith or therewith proves to have been incorrect in any material respect when made or deemed made; or

(e) Cross-Default. (i) The Borrower, any Guarantor, or any Subsidiary (A) fails to make any payment when due (whether by scheduled maturity, required prepayment, acceleration, demand, or otherwise), inclusive of any grace, extension, forbearance or similar period, in respect of any Indebtedness having an aggregate principal amount (including undrawn or available amounts and including amounts owing to all creditors under any combined or syndicated credit arrangement) of more than U.S.\$5,000,000, or (B) fails to observe or perform any other agreement or condition relating to any such Indebtedness or contained in any instrument or agreement evidencing, securing or relating thereto, or any other event occurs, for a period beyond the applicable grace, cure, extension, forbearance or other similar period the effect of which default or other event is to cause, or to permit the holder or holders of such Indebtedness (or the beneficiary or beneficiaries of any applicable Guarantee Obligation (or a trustee or agent on behalf of such holder or holders or beneficiary or beneficiaries) to cause, with the giving of notice if required, such Indebtedness to be demanded or to become due or to be repurchased or redeemed (automatically or otherwise) prior to its stated maturity, or such Guarantee Obligation to become payable or cash collateral of more than U.S.\$5,000,000 in respect thereof to be demanded; or (ii) there occurs under any Swap Contract an Early Termination Date (as defined in such Swap Contract) resulting from (A) any event of default under such Swap Contract as to which the Borrower, any Guarantor, or any Subsidiary or Unrestricted Subsidiary is the Defaulting Party (as defined in such Swap Contract) or (B) any Termination Event (as so defined) under such Swap Contract as to which the Borrower, any Guarantor, or any Subsidiary or Unrestricted Subsidiary is an Affected Party (as so defined) and, in either event, the Swap Termination Value owed by the Borrower, such Guarantor, or such Subsidiary or Unrestricted Subsidiary as a result thereof is greater than U.S.\$ 5,000,000; or (iii) any Unrestricted Subsidiary (A) fails to make any payment when due (whether by scheduled maturity, required prepayment, acceleration, demand, or otherwise), inclusive of any grace,

extension, forbearance or similar period, in respect of any Indebtedness having an aggregate principal amount (including undrawn or available amounts and including amounts owing to all creditors under any combined or syndicated credit arrangement) of more than U.S.\$5,000,000 and such failure results in recourse to the Borrower or any Subsidiary or any of their respective assets; or (B) fails to observe or perform any other agreement or condition relating to any such Indebtedness or contained in any instrument or agreement evidencing, securing or relating thereto, or any other event occurs, for a period beyond the applicable grace, cure, extension, forbearance or other similar period the effect of which default or other event is to cause, or to permit the holder or holders of such Indebtedness to cause, with the giving of notice if required, such Indebtedness to be demanded or to become due or to be repurchased or redeemed (automatically or otherwise) prior to its stated maturity and such failure results in recourse to the Borrower or any Subsidiary or any of their respective assets; provided, that any event described in the preceding clauses (i) through (iii) that relates to a Subsidiary (including any Subsidiary that is also a Guarantor) shall not constitute an Event of Default unless such event constitutes a Specified Project Event; or

(f) Insolvency Proceedings, Etc. Any Loan Party institutes or consents to the institution of any proceeding under any Debtor Relief Law with respect to itself, or makes an assignment for the benefit of creditors; or applies for or consents to the appointment of any receiver, trustee, custodian, conservator, liquidator, rehabilitator or similar officer for it or for all or any material part of its Property; or any receiver, trustee, custodian, conservator, liquidator, rehabilitator or similar officer is appointed without the application or consent of such Person and the appointment continues undischarged or unstayed for 60 calendar days; or any proceeding under any Debtor Relief Law relating to any such Person or to all or any part of its Property is instituted without the consent of such Person and continues undismissed or unstayed for 60 calendar days, or an order for relief is entered in any such proceeding; provided, that any event described in this subsection (f) that relates to a Subsidiary (including any Subsidiary that is also a Guarantor) shall not constitute an Event of Default unless such event constitutes a Specified Project Event; or

(g) Inability to Pay Debts. Any Loan Party becomes unable or admits in writing its inability or fails generally to pay its debts as they become due as provided in Title 11 of the United States Bankruptcy Code; provided, that any event described in this subsection (g) that relates to a Subsidiary (including any Subsidiary that is also a Guarantor) shall not constitute an Event of Default unless such event constitutes a Specified Project Event; or

(h) Judgments. There is entered against any Loan Party (i) a final judgment or order for the payment of money in an aggregate amount exceeding U.S.\$ 5,000,000 (to the extent not covered by independent third-party insurance as to which the insurer does not dispute coverage and third-party indemnity or similar agreements), and either such Loan Party fails (A) to have discharged, within 60 days after its commencement, any related attachment, sequestration or similar proceeding against its material assets or (B) to pay any money judgment against it within 10 days before the date on which any of its assets may be lawfully sold to satisfy that judgment; or

(i) ERISA. (i) An ERISA Event occurs with respect to a Pension Plan or Multiemployer Plan which has resulted or could reasonably be expected to result in liability of a Loan Party under Title IV of ERISA to the Pension Plan, Multiemployer Plan or the PBGC in an aggregate amount in excess of the Threshold Amount, or (ii) the Borrower or any ERISA Affiliate fails to pay when due, after the expiration of any applicable grace period, any installment payment with respect to its withdrawal liability under Section 4201 of ERISA under a Multiemployer Plan in an aggregate amount in excess of the Threshold Amount; or

(j) Invalidation of Loan Documents. Any Loan Document, at any time after its execution and delivery and for any reason other than the agreement of all the Lenders or satisfaction in full of all the Obligations, ceases to be in full force and effect, or is declared by a court of competent jurisdiction to be null and void, invalid or unenforceable in any respect; or any Loan Party denies that it has any or further liability or obligation under any Loan Document, or purports to revoke, terminate or rescind any Loan Document; or

(k) Change of Control. There occurs any Change of Control; or

(l) Default Under Project Document. The Borrower, any Guarantor or any of their Subsidiaries shall default under or breach any Project Document if such default or breach could have a Material Adverse Effect; provided, however, that if and only if (i) such breaches or defaults do not in the aggregate constitute a Specified Project Effect, then (ii) such breaches or defaults shall be deemed not to have a Material Adverse Affect for purposes of this Section 8.01(l).

**8.02 Remedies Upon Event of Default.** If any Event of Default occurs and is then continuing, the Administrative Agent shall, at the request of, or may, with the consent of, the Required Lenders,

(a) declare the commitment of each Lender to make Loans and any obligation of the L/C Issuer to make L/C Credit Extensions to be terminated, whereupon such commitments and obligation shall be terminated;

(b) declare the unpaid principal amount of all outstanding Loans, all interest accrued and unpaid thereon, and all other amounts owing or payable hereunder or under any other Loan Document to be immediately due and payable, without presentment, demand, protest or other notice of any kind, all of which are hereby expressly waived by the Borrower;

(c) require that the Borrower Cash Collateralize the L/C Obligations (in an amount equal to the then Outstanding Amount thereof); and

(d) exercise on behalf of itself and the Lenders all rights and remedies available to it and the Lenders under the Loan Documents or applicable law;

provided, however, that upon the occurrence of any event specified in subsection (f) or (g) of Section 8.01 with respect to the Borrower, the obligation of each Lender to make Loans and any obligation of the L/C Issuer to make L/C Credit Extensions shall automatically terminate, the unpaid principal amount of all outstanding Loans and all interest and other amounts as aforesaid

shall automatically become due and payable, and the obligation of the Borrower to Cash Collateralize the L/C Obligations as aforesaid shall automatically become effective, in each case without further act of the Administrative Agent, the L/C Issuer or any Lender.

## **ARTICLE IX. ADMINISTRATIVE AGENT**

### **9.01 Appointment and Authorization of Administrative Agent.**

(a) Each Lender hereby irrevocably (subject to Section 9.09) appoints, designates and authorizes the Administrative Agent to take such action on its behalf under the provisions of this Agreement and each other Loan Document and to exercise such powers and perform such duties as are expressly delegated to it by the terms of this Agreement or any other Loan Document, together with such powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary contained elsewhere herein or in any other Loan Document, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein, nor shall the Administrative Agent have or be deemed to have any fiduciary relationship with any Lender or participant, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against the Administrative Agent. Without limiting the generality of the foregoing sentence, the use of the term “agent” herein and in the other Loan Documents with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any applicable law. Instead, such term is used merely as a matter of market custom, and is intended to create or reflect only an administrative relationship between independent contracting parties.

(b) The L/C Issuer shall act on behalf of the Lenders with respect to any Letters of Credit issued by it and the documents associated therewith until such time (and except for so long) as the Administrative Agent may agree at the request of the Required Lenders to act for the L/C Issuer with respect thereto; provided, however, that the L/C Issuer shall have all of the benefits and immunities (i) provided to the Administrative Agent in this Article IX with respect to any acts taken or omissions suffered by the L/C Issuer in connection with Letters of Credit issued by it or proposed to be issued by it and the application and agreements for letters of credit pertaining to the Letters of Credit as fully as if the term “Administrative Agent” as used in this Article IX included the L/C Issuer with respect to such acts or omissions, and (ii) as additionally provided herein with respect to the L/C Issuer.

**9.02 Delegation of Duties.** The Administrative Agent may execute any of its duties under this Agreement or any other Loan Document by or through agents, employees or attorneys-in-fact and shall be entitled to advice of counsel and other consultants or experts concerning all matters pertaining to such duties. The Administrative Agent shall not be responsible for the negligence or misconduct of any agent or attorney-in-fact that it selects in the absence of gross negligence or willful misconduct.

**9.03 Liability of Administrative Agent.** No Agent-Related Person shall (a) be liable for any action taken or omitted to be taken by any of them under or in connection with this Agreement or any other Loan Document or the transactions contemplated hereby (except for its

own gross negligence or willful misconduct in connection with its duties expressly set forth herein), or (b) be responsible in any manner to any Lender or participant for any recital, statement, representation or warranty made by any Loan Party or any officer thereof, contained herein or in any other Loan Document, or in any certificate, report, statement or other document referred to or provided for in, or received by the Administrative Agent under or in connection with, this Agreement or any other Loan Document, or the validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Loan Document, or for any failure of any Loan Party or any other party to any Loan Document to perform its obligations hereunder or thereunder. No Agent-Related Person shall be under any obligation to any Lender or participant to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the properties, books or records of any Loan Party or any Affiliate thereof.

#### **9.04 Reliance by Administrative Agent.**

(a) The Administrative Agent shall be entitled to rely, and shall be fully protected in relying, upon any writing, communication, signature, resolution, representation, notice, consent, certificate, affidavit, letter, telegram, facsimile or telex, statement or other document or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons, and upon advice and statements of legal counsel (including counsel to any Loan Party), independent accountants and other experts selected by the Administrative Agent. The Administrative Agent shall be fully justified in failing or refusing to take any action under any Loan Document unless it shall first receive such advice or concurrence of the Required Lenders as it deems appropriate and, if it so requests, it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense which may be incurred by it by reason of taking or continuing to take any such action. The Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement or any other Loan Document in accordance with a request or consent of the Required Lenders or all the Lenders, if required hereunder, and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders and participants. Where this Agreement expressly permits or prohibits an action unless the Required Lenders otherwise determine, the Administrative Agent shall, and in all other instances, the Administrative Agent may, but shall not be required to, initiate any solicitation for the consent or a vote of the Lenders.

(b) For purposes of determining compliance with the conditions specified in Section 4.01, each Lender that has signed this Agreement shall be deemed to have consented to, approved or accepted or to be satisfied with, each document or other matter either sent by the Administrative Agent to such Lender for consent, approval, acceptance or satisfaction, or required thereunder to be consented to or approved by or acceptable or satisfactory to a Lender.

**9.05 Notice of Default.** The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default, except with respect to defaults in the payment of principal, interest and fees required to be paid to the Administrative Agent for the account of the Lenders, unless the Administrative Agent shall have received written notice from a Lender or the Borrower referring to this Agreement, describing such Default or Event of Default and stating that such notice is a "notice of default." The

Administrative Agent will notify the Lenders of its receipt of any such notice. The Administrative Agent shall take such action with respect to such Default or Event of Default as may be directed by the Required Lenders in accordance with Article VIII; provided, however, that unless and until the Administrative Agent has received any such direction, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable or in the best interest of the Lenders.

**9.06 Credit Decision; Disclosure of Information by Administrative Agent.** Each Lender acknowledges that no Agent-Related Person has made any representation or warranty to it, and that no act by the Administrative Agent hereinafter taken, including any consent to and acceptance of any assignment or review of the affairs of any Loan Party or any Affiliate thereof, shall be deemed to constitute any representation or warranty by any Agent-Related Person to any Lender as to any matter, including whether Agent-Related Persons have disclosed material information in their possession. Each Lender represents to the Administrative Agent that it has, independently and without reliance upon any Agent-Related Person and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, prospects, operations, Property, financial and other condition and creditworthiness of the Loan Parties and their respective Subsidiaries and all applicable bank or other regulatory Laws relating to the transactions contemplated hereby, and made its own decision to enter into this Agreement and to extend credit to the Borrower and the other Loan Parties hereunder. Each Lender also represents that it will, independently and without reliance upon any Agent-Related Person and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Loan Documents, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, Property, financial and other condition and creditworthiness of the Borrower and the other Loan Parties. Except for notices, reports and other documents expressly required to be furnished to the Lenders by the Administrative Agent herein, the Administrative Agent shall not have any duty or responsibility to provide any Lender with any credit or other information concerning the business, prospects, operations, Property, financial and other condition or creditworthiness of any of the Loan Parties or any of their respective Affiliates which may come into the possession of any Agent-Related Person.

**9.07 Indemnification of Administrative Agent.** Whether or not the transactions contemplated hereby are consummated, the Lenders shall indemnify upon demand each Agent-Related Person (to the extent not reimbursed by or on behalf of any Loan Party and without limiting the obligation of any Loan Party to do so), pro rata, and hold harmless each Agent-Related Person from and against any and all Indemnified Liabilities incurred by it; provided, however, that no Lender shall be liable for the payment to any Agent-Related Person of any portion of such Indemnified Liabilities resulting from any such Person's gross negligence or willful misconduct; provided, however, that no action taken in accordance with the directions of the Required Lenders shall be deemed to constitute gross negligence or willful misconduct for purposes of this Section. Without limitation of the foregoing, each Lender shall reimburse the Administrative Agent upon demand for its ratable share of any costs or out-of-pocket expenses (including Attorney Costs) incurred by the Administrative Agent in connection with the

preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, any other Loan Document, or any document contemplated by or referred to herein, to the extent that the Administrative Agent is not reimbursed for such expenses by or on behalf of the Borrower. The undertaking in this Section shall survive termination of the Commitments, the payment of all Obligations hereunder and the resignation or replacement of the Administrative Agent.

**9.08 Administrative Agent in its Individual Capacity.** Bank of Montreal and its Affiliates may make loans to, issue letters of credit for the account of, accept deposits from, acquire equity interests in and generally engage in any kind of banking, trust, financial advisory, underwriting or other business with each of the Loan Parties and their respective Affiliates as though Bank of Montreal were not the Administrative Agent or the L/C Issuer hereunder and without notice to or consent of the Lenders. The Lenders acknowledge that, pursuant to such activities, Bank of Montreal or its Affiliates may receive information regarding any Loan Party or its Affiliates (including information that may be subject to confidentiality obligations in favor of such Loan Party or such Affiliate) and acknowledge that the Administrative Agent shall be under no obligation to provide such information to them. With respect to its Loans, Bank of Montreal shall have the same rights and powers under this Agreement as any other Lender and may exercise such rights and powers as though it were not the Administrative Agent or the L/C Issuer, and the terms "Lender" and "Lenders" include Bank of Montreal in its individual capacity.

**9.09 Successor Administrative Agent.** The Administrative Agent may resign as Administrative Agent upon 30 days' notice to the Lenders. If the Administrative Agent resigns under this Agreement, the Required Lenders shall appoint from among the Lenders a successor administrative agent for the Lenders which successor administrative agent shall be consented to by the Borrower at all times other than during the existence of an Event of Default (which consent of the Borrower shall not be unreasonably withheld or delayed). If no successor administrative agent is appointed prior to the effective date of the resignation of the Administrative Agent, the Administrative Agent may appoint, after consulting with the Lenders and the Borrower, a successor administrative agent from among the Lenders. Upon the acceptance of its appointment as successor administrative agent hereunder, such successor administrative agent shall succeed to all the rights, powers and duties of the retiring Administrative Agent and the term "Administrative Agent" shall mean such successor administrative agent and the retiring Administrative Agent's appointment, powers and duties as Administrative Agent shall be terminated. After any retiring Administrative Agent's resignation hereunder as Administrative Agent, the provisions of this Article IX and Sections 10.03 and 10.13 shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement. If no successor administrative agent has accepted appointment as Administrative Agent by the date which is 30 days following a retiring Administrative Agent's notice of resignation, the retiring Administrative Agent's resignation shall nevertheless thereupon become effective and the Lenders shall perform all of the duties of the Administrative Agent hereunder until such time, if any, as the Required Lenders appoint a successor agent as provided for above.

**9.10 Other Agents; Arrangers, Etc.** None of the Lenders identified on the facing page or signature pages of this Agreement as a “syndication agent,” “documentation agent,” “collateral agent,” “arranger,” “lead arranger” or “book manager” shall have any right, power, obligation, liability, responsibility or duty under this Agreement other than those applicable to all Lenders as such. Without limiting the foregoing, none of the Lenders so identified shall have or be deemed to have any fiduciary relationship with any Lender. Each Lender acknowledges that it has not relied, and will not rely, on any of the Lenders so identified in deciding to enter into this Agreement or in taking or not taking action hereunder.

## ARTICLE X. MISCELLANEOUS

**10.01 Amendments, Etc.** No amendment or waiver of any provision of this Agreement or any other Loan Document, and no consent to any departure by the Borrower or any other Loan Party therefrom, shall be effective unless in writing signed by the Required Lenders and the Borrower or the applicable Loan Party, as the case may be, and acknowledged by the Administrative Agent, and each such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided, however, that no such amendment, waiver or consent shall, unless in writing and signed by each of the Lenders directly affected thereby and by the Borrower, and acknowledged by the Administrative Agent, do any of the following:

(a) extend or increase the Commitment of any Lender (or reinstate any Commitment terminated pursuant to Section 8.02), except for any such extension made in accordance with Section 2.15;

(b) postpone any date fixed by this Agreement or any other Loan Document for any payment of principal, interest, fees or other amounts due to the Lenders (or any of them) hereunder or under any other Loan Document;

(c) reduce the principal of, or the rate of interest specified herein on, any Loan or L/C Borrowing, or (subject to clause (iii) of the proviso below) any fees or other amounts payable hereunder or under any other Loan Document;

(d) change the percentage of the Commitments or of the aggregate unpaid principal amount of the Loans and L/C Obligations which is required for the Lenders or any of them to take any action hereunder;

(e) change the Pro Rata Share or Voting Percentage of any Lender;

(f) amend this Section, or Section 2.14, or any provision herein providing for consent or other action by all the Lenders;

(g) release any Guarantor from its Guarantee except as expressly permitted pursuant to the terms of any Loan Document; or

(h) except as expressly provided herein or in the applicable Security Document, release all or any part of the Collateral from the Liens of the Security Documents;

and, provided further, that (i) no amendment, waiver or consent shall, unless in writing and signed by the L/C Issuer in addition to the Required Lenders or all the Lenders, as the case may be, affect the rights or duties of the L/C Issuer under this Agreement or any Letter of Credit Application relating to any Letter of Credit issued or to be issued by it; (ii) no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent in addition to the Required Lenders or all the Lenders, as the case may be, affect the rights or duties of the Administrative Agent under this Agreement or any other Loan Document; and (iii) the Agent/Arranger Fee Letter may be amended, or rights or privileges thereunder waived, in a writing executed only by the parties thereto. Notwithstanding anything to the contrary herein, any Lender that has failed to fund any portion of the Loans or participations in L/C Obligations required to be funded by it hereunder shall not have any right to approve or disapprove any amendment, waiver or consent hereunder, except that the Pro Rata Share of such Lender may not be increased without the consent of such Lender.

#### **10.02 Notices and Other Communications; Facsimile Copies.**

(a) General. Unless otherwise expressly provided herein, all notices and other communications provided for hereunder shall be in writing (including by facsimile transmission) and mailed, faxed or delivered, to the address, facsimile number or (subject to subsection (c) below) electronic mail address specified for notices on Schedule 10.02; or, in the case of the Borrower, the Administrative Agent or the L/C Issuer, to such other address as shall be designated by such party in a notice to the other parties, and in the case of any other party, to such other address as shall be designated by such party in a notice to the Borrower, the Administrative Agent, and the L/C Issuer. All such notices and other communications shall be deemed to be given or made upon the earlier to occur of (i) actual receipt by the intended recipient and (ii) (A) if delivered by hand or by courier, when signed for by the intended recipient; (B) if delivered by mail, four Business Days after deposit in the mails, postage prepaid; (C) if delivered by facsimile, when sent and receipt has been confirmed by telephone; and (D) if delivered by electronic mail (which form of delivery is subject to the provisions of subsection (c) below), when delivered; provided, however, that notices and other communications to the Administrative Agent, and the L/C Issuer pursuant to Article II shall not be effective until actually received by such Person. Any notice or other communication permitted to be given, made or confirmed by telephone hereunder shall be given, made or confirmed by means of a telephone call to the intended recipient at the number specified on Schedule 10.02, it being understood and agreed that a voicemail message shall in no event be effective as a notice, communication or confirmation hereunder.

(b) Effectiveness of Facsimile Documents and Signatures. Loan Documents may be transmitted and/or signed by facsimile. The effectiveness of any such documents and signatures shall, subject to applicable Law, have the same force and effect as manually-signed originals and shall be binding on all Loan Parties, the Administrative Agent and the Lenders. The Administrative Agent may also require that any such documents and signatures be confirmed by

a manually-signed original thereof; provided, however, that the failure to request or deliver the same shall not limit the effectiveness of any facsimile document or signature.

(c) Limited Use of Electronic Mail. Electronic mail and internet and intranet websites may be used only to distribute routine communications, such as financial statements and other information, and to distribute Loan Documents for execution by the parties thereto, and may not be used for any other purpose.

(d) Reliance by Administrative Agent and Lenders. The Administrative Agent and the Lenders shall be entitled to rely and act upon any notices (including telephonic Loan Notices if immediately followed by a corresponding Loan Notice in writing) purportedly given by or on behalf of the Borrower even if (i) such notices were not made in a manner specified herein, were incomplete or were not preceded or followed by any other form of notice specified herein, or (ii) the terms thereof, as understood by the recipient, varied from any confirmation thereof. The Borrower shall indemnify each Agent-Related Person and each Lender from all losses, costs, expenses and liabilities resulting from the reliance by such Person on each notice purportedly given by or on behalf of the Borrower.

#### **10.03 No Waiver; Cumulative Remedies.**

No failure by any Lender or the Administrative Agent or the L/C Issuer to exercise, and no delay by any such Person in exercising, any right, remedy, power or privilege hereunder shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein or therein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law.

**10.04 Attorney Costs, Expenses and Taxes.** The Borrower agrees (a) to pay or reimburse the Administrative Agent and the L/C Issuer for all costs and expenses incurred in connection with the development, preparation, syndication, negotiation and execution of this Agreement and the other Loan Documents and any amendment, waiver, consent or other modification of the provisions hereof and thereof (whether or not the transactions contemplated hereby or thereby are consummated), and the consummation and administration of the transactions contemplated hereby and thereby, including all Attorney Costs, and (b) to pay or reimburse the Administrative Agent, the L/C Issuer and each Lender for all costs and expenses incurred in connection with the enforcement, attempted enforcement, or preservation of any rights or remedies or collection of any amounts due and owing by any Loan Party and not yet paid under this Agreement or the other Loan Documents (including all such costs and expenses incurred during any "workout" or restructuring in respect of the Obligations and during any legal proceeding, including any proceeding under any Debtor Relief Law), including all Attorney Costs. The foregoing costs and expenses shall include all search, filing, recording, title insurance and appraisal charges and fees and taxes related thereto, and other out-of-pocket expenses incurred by the Administrative Agent or the L/C Issuer, as the case may be, and the cost of independent public accountants and other outside experts retained by the Administrative Agent, the L/C Issuer or any Lender. The agreements in this Section shall survive the termination of the Commitments and repayment of all the other Obligations.

**10.05 Indemnification by the Borrower.** Whether or not the transactions contemplated hereby are consummated, the Borrower agrees to indemnify, save and hold harmless each Agent-Related Person, each Lender and their respective Affiliates, directors, officers, employees, counsel, agents and attorneys-in-fact (collectively the "Indemnitees") from and against: (a) any and all claims, demands, actions or causes of action that are asserted against any Indemnitee by any Person (other than the Administrative Agent, the L/C Issuer or any Lender) relating directly or indirectly to a claim, demand, action or cause of action that such Person asserts or may assert against any Loan Party, any Affiliate of any Loan Party or any of their respective officers or directors; (b) any and all claims, demands, actions or causes of action that may at any time (including at any time following repayment of the Obligations and the resignation or removal of the Administrative Agent or the replacement of any Lender) be asserted or imposed against any Indemnitee, arising out of or relating to, the Loan Documents, any predecessor loan documents, the Commitments, the use or contemplated use of the proceeds of any Credit Extension, or the relationship of any Loan Party, the Administrative Agent and the Lenders under this Agreement or any other Loan Document; (c) any administrative or investigative proceeding by any Governmental Authority arising out of or related to a claim, demand, action or cause of action described in subsection (a) or (b) above; and (d) any and all liabilities (including liabilities under indemnities), losses, costs or expenses (including Attorney Costs) that any Indemnitee suffers or incurs as a result of the assertion of any foregoing claim, demand, action, cause of action or proceeding, or as a result of the preparation of any defense in connection with any foregoing claim, demand, action, cause of action or proceeding, in all cases, **whether or not arising out of the negligence of an Indemnitee**, and whether or not an Indemnitee is a party to such claim, demand, action, cause of action or proceeding (all the foregoing, collectively, the "Indemnified Liabilities"); provided that no Indemnitee shall be entitled to indemnification for any claim caused by its own gross negligence, violation of law, breach under any Loan Document or willful misconduct or for any loss asserted against it by another Indemnitee. The agreements in this Section shall survive the termination of the Commitments and repayment of all the other Obligations.

**10.06 Payments Set Aside.**

To the extent that the Borrower makes a payment to the Administrative Agent, the L/C Issuer or any Lender, or the Administrative Agent, the L/C Issuer or any Lender exercises its right of set-off, and such payment or the proceeds of such set-off or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by the Administrative Agent, the L/C Issuer or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any proceeding under any Debtor Relief Law or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such set-off had not occurred, and (b) each Lender severally agrees to pay to the Administrative Agent or the L/C Issuer, as the case may be, upon demand its applicable share of any amount so recovered from or repaid by the Administrative Agent or the L/C Issuer, as the case may be, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the Federal Funds Rate from time to time in effect.

## 10.07 Successors and Assigns.

(a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby, except that the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of each Lender (and any attempted assignment or transfer by the Borrower without such consent shall be null and void). Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby and, to the extent expressly contemplated hereby, the Indemnitees) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b) Except in any case in which any assignment described in this Section 10.07(b) would result in a nonexempt prohibited transaction under Section 4975 of the Code or Section 406 of ERISA with respect to any Plan of the Borrower, any Lender may assign to one or more Eligible Assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitment and the Loans (including for purposes of this subsection (b), participations in L/C Obligations) at the time owing to it); provided that (i) with respect to each assignment made to any Person described at clause (c) in the defined term "Eligible Assignee", the Assignee Conditions shall be satisfied, (ii) except in the case of an assignment of the entire remaining amount of the assigning Lender's Commitment and the Loans at the time owing to it or in the case of an assignment to a Lender or an Affiliate of a Lender or an Approved Fund with respect to a Lender, in each case which constitutes an Eligible Assignee, the aggregate amount of the Commitment (which for this purpose includes Loans outstanding thereunder) subject to each such assignment, determined as of the date the Assignment and Acceptance with respect to such assignment is delivered to the Administrative Agent, shall not be less than U.S.\$5,000,000 unless each of the Administrative Agent and the L/C Issuer and, so long as no Event of Default has occurred and is continuing, the Borrower, otherwise consent (each such consent not to be unreasonably withheld or delayed), (iii) each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement with respect to the Loans or the Commitment assigned, and (iv) the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Acceptance, together with a processing and recordation fee of U.S.\$3,500. Subject to acceptance and recording thereof by the Administrative Agent pursuant to subsection (c) of this Section and compliance with the Assignee Conditions, from and after the effective date specified in each Assignment and Acceptance, the Eligible Assignee thereunder shall be a party hereto and, to the extent of the interest assigned by such Assignment and Acceptance, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Acceptance, be released from its obligations under this Agreement (and, in the case of an Assignment and Acceptance covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Sections 3.07, 10.04 and 10.05). Upon request, the Borrower (at its expense) shall execute and deliver new or replacement Notes to the assigning Lender and the assignee Lender. Any assignment or transfer (other than any assignment as security to a Federal Reserve Bank) by a Lender of rights or obligations under this Agreement that does not comply with this subsection shall be treated for purposes of this

Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with subsection (d) of this Section.

(c) The Administrative Agent, acting solely for this purpose as an agent of the Borrower, shall maintain at the Administrative Agent's Office a copy of each Assignment and Acceptance delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amount of the Loans and L/C Obligations owing to, each Lender pursuant to the terms hereof from time to time (the "Register"). The entries in the Register shall be conclusive, and the Borrower, the Administrative Agent, the L/C Issuer and the Lenders may treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, notwithstanding notice to the contrary. The Register shall be available for inspection by the Borrower and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(d) Any Lender may, without the consent of, or prior notice to, the Borrower, the L/C Issuer or the Administrative Agent, sell participations to one or more banks or other entities (a "Participant") in all or a portion of such Lender's rights and/or obligations under this Agreement (including all or a portion of its Commitment and/or the Loans (including such Lender's participations in L/C Obligations owing to it); provided that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, (iii) the Borrower, the Administrative Agent, the L/C Issuer and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement and (iv) such transaction does not result in a nonexempt prohibited transaction under Section 4975 of the Code or Section 406 of ERISA with respect to any plan of the Borrower. Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; provided that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, waiver or other modification that would (i) postpone any date upon which any payment of money is scheduled to be paid to such Participant, (ii) reduce the principal, interest, fees or other amounts payable to such Participant, or (iii) release any Guarantor from the Guarantee except as permitted pursuant to the terms of any Loan Document. Subject to subsection (e) of this Section, the Borrower agrees that each Participant shall be entitled to the benefits of Sections 3.01, 3.04 and 3.05 to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to subsection (b) of this Section. To the extent permitted by law, each Participant also shall be entitled to the benefits of Section 10.09 as though it were a Lender, provided such Participant agrees to be subject to Section 2.14 as though it were a Lender.

(e) A Participant shall not be entitled to receive any greater payment under Section 3.01, 3.04 or 3.05 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the Borrower's prior written consent. A Participant that would be a Foreign Lender if it were a Lender shall not be entitled to the benefits of Section 3.01 unless the Borrower is

notified of the participation sold to such Participant and such Participant agrees, for the benefit of the Borrower, to comply with Section 10.15 as though it were a Lender.

(f) Any Lender may at any time assign, pledge or grant a security interest in all or any portion of its rights under this Agreement (including under its Notes, if any) to secure obligations of such Lender to a Federal Reserve Bank; provided that no such pledge or assignment shall release a Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto; and provided, further, all costs, fees and expenses related to, or in connection with, any such pledge or grant shall be for the sole account of such Lender.

(g) **Intentionally Blank.**

(h) **Intentionally Blank.**

(i) Notwithstanding anything to the contrary contained herein, if at any time Bank of Montreal assigns all of its Commitment and Loans pursuant to subsection (b) above, Bank of Montreal may, upon 30 days' notice to the Borrower and the Lenders, resign as L/C Issuer. In the event of any such resignation as L/C Issuer, the Borrower shall be entitled to appoint from among the Lenders a successor L/C Issuer hereunder; provided, however, that no failure by the Borrower to appoint any such successor shall affect the resignation of Bank of Montreal as L/C Issuer. Bank of Montreal shall retain all the rights and obligations of the L/C Issuer hereunder with respect to all Letters of Credit outstanding as of the effective date of its resignation as L/C Issuer and all L/C Obligations with respect thereto (including the right to require the Lenders to make Base Rate Loans or fund participations in Unreimbursed Amounts pursuant to Section 2.04(c)).

#### **10.08 Confidentiality.**

Each of the Administrative Agent and the Lenders (on behalf of itself and each of its Affiliates, and each of its and their directors, officers, agents, attorneys, employees and representatives) agrees to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its and its Affiliates' directors, officers, employees and agents, including accountants, legal counsel and other advisors (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to (and will agree to) keep such Information confidential on the terms provided in this Section); (b) to the extent requested by any regulatory authority; (c) to the extent required by applicable laws or regulations or by any subpoena or similar legal process (and each such case, such Person shall endeavor to notify the Borrower of such occurrence as soon as reasonably possible following the service of any such process on such Person); (d) to any other party to this Agreement; (e) in connection with the exercise of any remedies hereunder or any suit, action or proceeding relating to this Agreement or the enforcement of rights hereunder; (f) subject to an agreement containing provisions substantially the same as those of this Section, to (i) any Eligible Assignee of or Participant in, or any prospective Eligible Assignee of or Participant in, any of its rights or obligations under this Agreement or (ii) any direct or indirect contractual counterparty or prospective counterparty (or such contractual counterparty's or prospective counterparty's professional advisor) to any credit

derivative transaction relating to obligations of the Borrower, in each case, provided that each such Person first agrees to hold, and cause to be held, such Information in confidence on the terms provided in this Section; (g) with the consent of the Borrower; (h) to the extent such Information (i) becomes publicly available other than as a result of a breach of this Section or (ii) becomes available to the Administrative Agent or any Lender on a nonconfidential basis from a source other than the Borrower; or (i) to the National Association of Insurance Commissioners or any other similar organization or any nationally recognized rating agency that requires access to information about a Lender's or its Affiliates' investment portfolio in connection with ratings issued with respect to such Lender or its Affiliates. For the purposes of this Section, "Information" means all information received from the Borrower relating to the Borrower or its business, other than any such information that is available to the Administrative Agent or any Lender on a nonconfidential basis prior to disclosure by the Borrower; provided that, in the case of information received from the Borrower after the date hereof, such information is clearly identified in writing at the time of delivery as confidential. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

**10.09 Set-off.** In addition to any rights and remedies of the Lenders provided by law, upon the occurrence and during the continuance of any Event of Default, each Lender is authorized at any time and from time to time, without prior notice to the Borrower or any other Loan Party, any such notice being waived by the Borrower (on its own behalf and on behalf of each Loan Party) to the fullest extent permitted by law, to set-off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held by, and other indebtedness at any time owing by, such Lender to or for the credit or the account of the respective Loan Parties against any and all Obligations then due and owing to such Lender. Each Lender agrees promptly to notify the Borrower and the Administrative Agent after any such set-off and application made by such Lender; provided, however, that the failure to give such notice shall not affect the validity of such set-off and application.

**10.10 Interest Rate Limitation.** Notwithstanding anything to the contrary contained in any Loan Document, the interest paid or agreed to be paid under the Loan Documents shall not exceed the maximum amount, or be computed at a rate that exceeds the maximum rate, of non-usurious interest permitted by applicable Law (the "Maximum Rate"). If the Administrative Agent, the L/C Issuer or any Lender shall contract for, charge, receive, reserve or take interest in an amount or at a rate that exceeds the Maximum Rate, the excess interest shall be applied to the principal of the Loans or, if it exceeds such unpaid principal, refunded to the applicable Loan Party or Loan Parties, and in no event shall any Loan Party or any other Person ever be liable for unearned interest or ever be required to pay interest in excess of the Maximum Rate. In determining whether the interest contracted for, charged, received, reserved or taken by the Administrative Agent, the L/C Issuer or a Lender exceeds the Maximum Rate, such Person may, to the extent permitted by applicable Law, (a) characterize any payment that is not principal as an expense, fee, or premium rather than interest, (b) exclude voluntary prepayments and the effects thereof, and (c) amortize, prorate, allocate, and spread in equal or unequal parts the total amount of interest throughout the contemplated term of the Obligations. If the Laws of the State

of Texas are applicable for purposes of determining the "Maximum Rate", then that term means the "indicated rate ceiling" from time to time in effect under Chapter 303 of the Texas Finance Code. The Borrower agrees that Chapter 346 of the Texas Finance Code does not apply to any Borrowing.

**10.11 Counterparts.** This Agreement may be executed in one or more counterparts and by the different parties hereto on separate counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

**10.12 Integration.** This Agreement, together with the other Loan Documents, comprises the complete and integrated agreement of the parties on the subject matter hereof and thereof and supersedes all prior agreements, written or oral, on such subject matter. In the event of any conflict between the provisions of this Agreement and those of any other Loan Document, the provisions of this Agreement shall control; provided that the inclusion of supplemental rights or remedies in favor of the Administrative Agent, the L/C Issuer or the Lenders in any other Loan Document shall not be deemed a conflict with this Agreement. Each Loan Document was drafted with the joint participation of the respective parties thereto and shall be construed neither against nor in favor of any party, but rather in accordance with the fair meaning thereof.

**10.13 Survival of Representations and Warranties.** All representations and warranties made hereunder and in any other Loan Document or other document delivered pursuant hereto or thereto or in connection herewith or therewith shall survive the execution and delivery hereof and thereof. Such representations and warranties have been or will be relied upon by the Administrative Agent, the L/C Issuer and each Lender, regardless of any investigation made by the Administrative Agent, the L/C Issuer or any Lender or on their behalf and notwithstanding that the Administrative Agent, the L/C Issuer or any Lender may have had notice or knowledge of any Default or Event of Default at the time of any Credit Extension.

**10.14 Severability.** Any provision of this Agreement and the other Loan Documents to which the Borrower is a party that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions thereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

**10.15 Foreign Lenders.** Each Lender that is a "foreign corporation, partnership or trust" within the meaning of the Code (a "Foreign Lender") shall deliver to the Administrative Agent, prior to becoming a Lender herein, two duly signed completed copies of either IRS Form W-8BEN or any successor thereto (relating to such Person and entitling it to an exemption from, or reduction of, withholding tax on all payments to be made to such Person by the Borrower pursuant to this Agreement) or IRS Form W-8ECI or any successor thereto (relating to all payments to be made to such Person by the Borrower pursuant to this Agreement) or such other evidence satisfactory to the Borrower and the Administrative Agent that such Person is entitled to an exemption from, or reduction of, U.S. withholding tax. Thereafter and from time to time, each such Person shall (a) promptly submit to the Administrative Agent such additional duly completed and signed copies of one of such forms (or such successor forms as shall be adopted from time to time by the relevant United States taxing authorities) as may then be available under

then current United States laws and regulations to avoid, or such evidence as is satisfactory to the Borrower and the Administrative Agent of any available exemption from or reduction of, United States withholding taxes in respect of all payments to be made to such Person by the Borrower pursuant to this Agreement, (b) promptly notify the Agent of any change in circumstances which would modify or render invalid any claimed exemption or reduction, and (c) take such steps as shall not be materially disadvantageous to it, in the reasonable judgment of such Lender, and as may be reasonably necessary (including the re-designation of its Lending Office) to avoid any requirement of applicable Laws that the Borrower make any deduction or withholding for taxes from amounts payable to such Person. If such Person fails to deliver the above forms or other documentation, then the Administrative Agent may withhold from any interest payment to such Person an amount equivalent to the applicable withholding tax imposed by Sections 1441 and 1442 of the Code, without reduction. If any Governmental Authority asserts that the Administrative Agent did not properly withhold any tax or other amount from payments made in respect of such Person, such Person shall indemnify the Administrative Agent therefor, including all penalties and interest, any taxes imposed by any jurisdiction on the amounts payable to the Agent under this Section, and costs and expenses (including Attorney Costs) of the Administrative Agent. The obligation of the Lenders under this Section shall survive the payment of all Obligations and the resignation or replacement of the Administrative Agent.

#### **10.16 Removal and Replacement of Lenders.**

(a) Under any circumstances set forth herein providing that the Borrower shall have the right to remove or replace a Lender as a party to this Agreement, the Borrower may, upon notice to such Lender and the Administrative Agent, (i) remove such Lender by terminating such Lender's Commitment or (ii) replace such Lender by causing such Lender to assign its Commitment (without payment of any assignment fee) pursuant to Section 10.07(b) to one or more other Lenders or Eligible Assignees procured by the Borrower; provided, however, that if the Borrower elects to exercise such right with respect to any Lender pursuant to Section 3.06(b), they shall be obligated to remove or replace, as the case may be, all Lenders that have made similar requests for compensation pursuant to Section 3.01 or 3.04. The Borrower shall (x) pay in full all principal, interest, fees and other amounts owing to such Lender through the date of termination or assignment (including any amounts payable pursuant to Section 3.05), (y) provide appropriate assurances and indemnities (which may include letters of credit) to the L/C Issuer as it may reasonably require with respect to any continuing obligation to purchase participation interests in any L/C Obligations then outstanding, and (z) release such Lender from its obligations under the Loan Documents. Any Lender being replaced shall execute and deliver an Assignment and Acceptance with respect to such Lender's Commitment and outstanding Credit Extensions. The Administrative Agent shall distribute an amended Schedule 2.01, which shall be deemed incorporated into this Agreement, to reflect changes in the identities of the Lenders and adjustments of their respective Commitments and/or Pro Rata Shares resulting from any such removal or replacement.

(b) In order to make all the Lenders' interests in any outstanding Credit Extensions ratable in accordance with any revised Pro Rata Shares after giving effect to the removal or replacement of a Lender, the Borrower shall pay or prepay, if necessary, on the effective date thereof, all outstanding Loans of all Lenders, together with any amounts due under Section 3.05.

The Borrower may then request Loans from the Lenders in accordance with their revised Pro Rata Shares. The Borrower may net any payments required hereunder against any funds being provided by any Lender or Eligible Assignee replacing a terminating Lender. The effect for purposes of this Agreement shall be the same as if separate transfers of funds had been made with respect thereto.

- (c) This section shall supersede any provision in Section 10.01 to the contrary.

**10.17 Governing Law.**

(a) THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK APPLICABLE TO AGREEMENTS MADE AND TO BE PERFORMED ENTIRELY WITHIN SUCH STATE; PROVIDED THAT THE ADMINISTRATIVE AGENT AND EACH LENDER SHALL RETAIN ALL RIGHTS ARISING UNDER FEDERAL LAW.

(b) ANY LEGAL ACTION OR PROCEEDING WITH RESPECT TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT MAY BE BROUGHT IN THE COURTS OF THE STATE OF NEW YORK SITTING IN MANHATTAN OR OF THE UNITED STATES FOR THE SOUTHERN DISTRICT OF SUCH STATE, AND BY EXECUTION AND DELIVERY OF THIS AGREEMENT, THE BORROWER, THE ADMINISTRATIVE AGENT AND EACH LENDER CONSENTS, FOR ITSELF AND IN RESPECT OF ITS PROPERTY, TO THE NON-EXCLUSIVE JURISDICTION OF THOSE COURTS. THE BORROWER, THE ADMINISTRATIVE AGENT AND EACH LENDER IRREVOCABLY WAIVES ANY OBJECTION, INCLUDING ANY OBJECTION TO THE LAYING OF VENUE OR BASED ON THE GROUNDS OF *FORUM NON CONVENIENS*, WHICH IT MAY NOW OR HEREAFTER HAVE TO THE BRINGING OF ANY ACTION OR PROCEEDING IN SUCH JURISDICTION IN RESPECT OF ANY LOAN DOCUMENT OR OTHER DOCUMENT RELATED THERETO. THE BORROWER, THE ADMINISTRATIVE AGENT AND EACH LENDER WAIVES PERSONAL SERVICE OF ANY SUMMONS, COMPLAINT OR OTHER PROCESS, WHICH MAY BE MADE BY ANY OTHER MEANS PERMITTED BY THE LAW OF SUCH STATE.

**10.18 Waiver of Right to Trial by Jury.** EACH PARTY TO THIS AGREEMENT HEREBY EXPRESSLY WAIVES ANY RIGHT TO TRIAL BY JURY OF ANY CLAIM, DEMAND, ACTION OR CAUSE OF ACTION ARISING UNDER ANY LOAN DOCUMENT OR IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES HERETO OR ANY OF THEM WITH RESPECT TO ANY LOAN DOCUMENT, OR THE TRANSACTIONS RELATED THERETO, IN EACH CASE WHETHER NOW EXISTING OR HEREAFTER ARISING, AND WHETHER FOUNDED IN CONTRACT OR TORT OR OTHERWISE; AND EACH PARTY HEREBY AGREES AND CONSENTS THAT ANY SUCH CLAIM, DEMAND, ACTION OR CAUSE OF ACTION SHALL BE DECIDED BY COURT TRIAL WITHOUT A JURY, AND THAT ANY PARTY TO THIS AGREEMENT MAY FILE AN ORIGINAL COUNTERPART OR A COPY OF THIS SECTION WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENT OF THE SIGNATORIES HERETO TO THE WAIVER OF THEIR RIGHT TO TRIAL BY JURY.

6  
2  
7

**10.19 ENTIRE AGREEMENT. THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS, OR SUBSEQUENT ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.**

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed as of the date first above written.

To the Security Holders:

Enclosed is the Company's interim unaudited balance sheet as at September 30, 2004. We are filing this balance sheet pursuant to the requirements of National Instrument 51-102 - *Continuous Disclosure Obligations*. Because the Company had not completed its initial public offering as at September 30, 2004, the Company had no operations during the three months ended September 30, 2004 and therefore has not prepared an income statement, statement of retained earnings, cash flow statement or Management's Discussion and Analysis for the period.

In accordance with the provisions of section 4.3(3) of NI 51-102, we advise that the Company's auditors, KPMG LLP, have not reviewed the unaudited balance sheet as at September 30, 2004.

Sincerely,

(signed) "Mark Byskov"

## Atlantic Power Corporation

### NOTES TO BALANCE SHEET

September 30, 2004 – Unaudited

#### 1. FORMATION

Atlantic Power Corporation (the "Company" or "Atlantic Power") was incorporated on June 18, 2004 under the laws of the Province of Ontario. The Company's authorized capital consists of an unlimited number of common shares. One common share was issued on June 18, 2004.

#### 2. SUBSEQUENT EVENTS

On November 10, 2004, the Company completed an initial public offering (the "Offering") of 32,000,000 income participating securities ("IPSS") at a price of \$10 per IPS. Each IPS represents (a) one common share of the Company, and (b) \$5.767 aggregate principal amount of 11% subordinated notes of the Company. The estimated costs of the Offering, including underwriters' fees, were approximately \$25.1 million. These costs will be allocated between shareholders' equity and deferred financing costs. The net proceeds from the Offering, after deducting fees payable to the underwriters of the Offering (the "Underwriters") and expenses of the Offering, were approximately \$294.9 million.

In addition to the \$184.5 million of 11% subordinated notes that are represented by IPSS issued in the Offering, \$36.5 million of such subordinated notes were sold separately (the "Separate Subordinated Notes"). The net proceeds from the Separate Subordinated Notes, after deducting fees payable to the Underwriters of \$1.1 million were \$35.4 million.

The Company formed Atlantic Power Holdings, LLC ("Atlantic Holdings"), a Delaware limited liability company, for the purpose of acquiring indirect interests in 15 power generation projects ("the Projects") from Teton Power Holdings, LLC, Epsilon Power Holdings, LLC and Umatilla Power Holdings, LLC.

On November 18, 2004 the Company used the \$294.9 net proceeds from the Offering, together with \$35.4 million net proceeds from the sale of the Separate Subordinated Notes, to subscribe for 32,000,000 common membership interests and 38,329,287 Class A preferred membership interests in Atlantic Holdings. Atlantic Holdings in turn used U.S. \$94.9 million of the proceeds from the subscription for membership interests by the Company (net of costs and expenses incurred by Atlantic Holdings), together with 31,291,865 common membership interests and 31,291,865 Class B membership interests issued by it to, to acquire the Projects. Atlantic Holdings also used U.S. \$167.8 million of the proceeds from the subscription for membership interests by the Atlantic Power to repay outstanding indebtedness of Teton Power Funding, LLC including a prepayment penalty and deposited U.S. \$12.5 million into a reserve account. Following closing of the Offering, the Company owned 50.6% of the common membership interests in Atlantic Holdings.

The Company had granted the Underwriters an over-allotment option (the "Over-Allotment Option") to purchase up to a total of 4,800,000 additional IPSS for the purpose of covering over-allotments, if any, and for market stabilization purposes. On December 6, 2004 the Over-Allotment

**Atlantic Power Corporation**

**NOTES TO BALANCE SHEET**

September 30, 2004 – Unaudited

Option was exercised. The net proceeds from the Over-Allotment Option, after deducting fees payable to the Underwriters of \$2.5 million were \$45.5 million. The Company used the net proceeds to acquire 4,800,000 additional common membership interests and 4,800,000 Class A preferred membership interests in Atlantic Holdings, which in turn used such amounts to redeem common membership interests and Class B preferred membership interests in Atlantic Holdings. Following the exercise of the Over-Allotment Option and the redemption of the common and Class B membership interests, the Company owns 58.1% of the common membership interests in Atlantic Holdings.

The acquisition will be accounted for using the purchase method. The cash purchase price of U.S. \$94.9 million has been preliminarily allocated to the assets and liabilities of the Projects as follows:

<b>Net assets acquired at fair value, based on preliminary allocation (U.S. \$000)</b>	
Current assets less current liabilities	\$ 43,078
Property plant and equipment	125,384
Investment in partnerships	246,434
Investment in leveraged lease	1,327
Other assets (net)	36,886
Other intangibles	70,429
Other liabilities, non-controlling interests	(260,845)
Long term debt	(167,832)
	<hr/>
	\$ 94,861

Other assets (net) include the Index Swap Agreement and deferred financing costs, less the accrued loss on gas transportation contracts included on the Teton Funding balance sheet.

Other intangibles principally represent power purchase agreements entered into by the Projects and will be amortized over the term of the agreements.

NEWS RELEASE TRANSMITTED BY CCMATTHEWS

FOR: ATLANTIC POWER CORPORATION

TSX SYMBOL: ATP.UN

December 15, 2004

**Atlantic Power Corporation Announces November and December Distribution**

TORONTO, ONTARIO – Atlantic Power Corporation (TSX:ATP.UN) (the “Company”) today announced its distribution for the partial month of November 2004 and the full month of December 2004. A distribution of \$0.1195 per Income Participating Security (“IPS”) will be payable on January 31, 2005 to holders of record at the close of business on December 31, 2004.

Each of the Company’s Income Participating Securities is comprised of one common share and \$5.767 aggregate principal amount of 11% subordinated notes. The total distribution of \$0.1195 reflects a cash dividend per common share and an interest payment for the partial month of November, from November 18, 2004 being the initial public offering date, and for the month of December.

	November	December	Total
Dividend per common share	\$0.0132	\$0.0305	\$0.0437
Interest payment on 11% subordinated note	0.0229	0.0529	0.0758
Total distribution per Income Participating Security	\$0.0361	\$0.0834	\$0.1195

Atlantic Power Corporation owns interests in a diversified portfolio of 15 power generation projects located primarily in major markets in the United States. Atlantic Power’s objectives are to sustain and grow its cash distributions over the long term by enhancing the performance of its existing assets and by making accretive acquisitions.

This news release does not constitute an offer to sell or a solicitation of an offer to buy the IPSs in any jurisdiction. The IPSs offered have not been registered under the United States Securities Act of 1933, as amended, and may not be offered or sold within the United States of America.

When used in this news release, the words "anticipate", "expect", "project", "believe", "estimate", "forecast" and similar expressions are intended to identify forward-looking statements, which include statements relating to pending and proposed projects. Such statements are subject to certain risks, uncertainties and assumptions pertaining to operating performance, regulatory parameters, weather and economic conditions and, in the case of pending and proposed projects, risks relating to design and construction,

regulatory processes, obtaining financing and performance of other parties, including partners, contractors and suppliers.

### **Atlantic Power Corporation announces exercise of over-allotment option**

Toronto, Ontario (12/06/04) – Atlantic Power Corporation (TSX: ATP.UN) (the “Company”) announced today that the underwriters of the initial public offering of income participating securities (“IPSs”) of the Company exercised their over-allotment option to purchase 4,800,000 additional IPSs at a purchase price of \$10.00 per IPS, for gross proceeds of \$48,000,000. The net proceeds will be used by the Company to acquire additional equity interests in Atlantic Power Holdings, LLC (“Atlantic Holdings”) and by Atlantic Holdings to redeem equity interests of Atlantic Holdings held by its existing investors. After giving effect to the issuance of IPSs pursuant to the over-allotment option and the transactions contemplated thereby, the Company owns a 58.1% common membership interest in Atlantic Holdings and existing investors will own a 41.9% common membership interest in Atlantic Holdings.

The Company was recently formed to invest in a diversified portfolio of interests in 15 independent power projects located primarily in the United States. Atlantic Power’s objectives are to sustain and grow its cash distributions over the long term by enhancing the performance of its existing assets and by making accretive acquisitions.

This news release does not constitute an offer to sell or a solicitation of an offer to buy the IPSs in any jurisdiction. The IPSs offered have not been registered under the United States Securities Act of 1933, as amended, and may not be offered or sold within the United States of America.

Hi W.

Currently APC does not have any officers.

thanks

**To:** Gorman, Bill; Tsiakos, Angela  
**Subject:** RE: BC Form 6

I am assuming just the first part of the email is for me.

The "date of recognition" of this company is July 8, 2005. This is the date in which the company came into existence in British Columbia (in this case by continuation). Each year on the date of recognition, the company is required to file a Form 6 - Annual Report with the Registrar of Companies.

---

Ang - on that note, please send me a current list of officers for the company so that I can file the annual report online today.

Thanks

See below. We have a concerned client on our hands. Could you please let me know the answers to his questions. Going forward, we are going to have to make sure we keep them up to date.
