Announcement

Major Transaction: Purchase of 7 Boeing 777-300ER Aircraft and 10 Boeing 747-8 Freighters

CPAS has entered into the Agreements with Boeing Company, pursuant to which CPAS has agreed to purchase the Boeing Aircraft from Boeing Company.

Swire and CITIC, which together own approximately 57.37% of the issued share capital of the Company, have approved the Transaction. Swire and CITIC do not have any interest in the Transaction other than as shareholders of the Company.

The Transaction constitutes a major transaction of the Company under the Listing Rules. A circular containing the information required under the Listing Rules will be dispatched to shareholders as soon as practicable.

Background
On 8th November 2007, CPAS and Boeing Company entered into the Agreements, pursuant to which CPAS has agreed to purchase the Boeing Aircraft from Boeing Company.

The particulars of the Transaction are summarised as follows:

Agreement: Agreements dated 8th November 2007

Parties: (i) CPAS
(ii) Boeing Company

Aircraft to be acquired:
Boeing Aircraft, i.e. 7 Boeing 777-300ER aircraft and 10 Boeing 747-8 freighters.

Consideration:
The aircraft basic price comprises the airframe price, optional features prices and engine price. The aircraft basic price of the Boeing Aircraft is approximately US$2.0 billion for the 7 Boeing 777-300ER aircraft and approximately US$3.2 billion for the
10 Boeing 747-8 freighters. With regard to the Boeing Aircraft, Boeing Company has
granted to CPAS significant price concessions which may be used towards the
payment for the Boeing Aircraft. Such price concessions were determined after arm's
length negotiations between the parties and as a result, the actual consideration for the
Boeing Aircraft is lower than the aircraft basic price mentioned above. The
Transaction was negotiated and entered into in accordance with customary business
practice. The Directors confirm that the extent of the price concessions granted to
CPAS in the Transaction is comparable with the price concessions that CPAS had
obtained in each of the Previous Aircraft Purchase. The Company believes that there
is no material impact of the price concessions obtained in the Transaction on the unit
operating cost of the Company's fleet. It is normal business practice of the global
airline industry to disclose the aircraft basic price, instead of the actual price, for
aircraft acquisitions. Disclosure of the actual consideration will result in the loss of the
significant price concessions and hence a significant negative impact on the
Company's cost for the Transaction and will therefore not be in the interest of the
Company and the shareholders as a whole. The Company has applied to the Stock
Exchange for a waiver from strict compliance of Rules 14.58(4) and 14.66(1) of the
Listing Rules in respect of disclosure of the actual consideration of the Boeing
Aircraft.

Payment and delivery terms:
The consideration for the purchase of each of the Boeing Aircraft is payable in cash in
six instalments, with the first five instalments to be paid prior to delivery of each
aircraft and the balance, being a substantial portion of the consideration, to be paid
upon delivery of the aircraft. The Company is expecting to take delivery of the Boeing
Aircraft from 2009 to 2012.

Source of funding:
The Transaction will be funded through commercial bank loans, other debt instruments
of the Company and/or cash generated from the Company's business operations.

Reasons for, and benefits of, the Transaction
The Boeing Aircraft will replenish and expand the fleet capacity of the Company.
They will principally serve long-haul destinations in North America and Europe. The
Company expects that the Boeing Aircraft will deliver improved payload range
capability at competitive operating costs whilst providing high standards of passenger
comfort and safety. The Directors consider that the terms of the Transaction are fair
and reasonable and in the interests of the shareholders as a whole.

General
The Company confirms that, to the best of the Directors' knowledge, information and
belief having made all reasonable enquiries, Boeing Company and its ultimate
beneficial owner are third parties independent of and not connected with Cathay
Pacific or any of its connected persons.

As the relevant percentage ratio under Rule 14.07 of the Listing Rules for the
Transaction is above 25% but less than 100%, the Transaction constitutes a major
transaction and is therefore subject to approval by the Company's shareholders under the Listing Rules.

The Company has received written approval for the Transaction from a closely allied group of shareholders, namely Swire and CITIC which currently own 1,572,332,028 shares (39.91%) and 687,895,263 shares (17.46%) respectively of the issued share capital of the Company. Swire and CITIC are parties to the shareholders agreement in relation to Cathay Pacific referred to in the Company's announcement dated 8th June 2006. Each of Swire and CITIC and their associates does not have any interest in the Transaction other than as a shareholder of the Company (where applicable). No shareholder would be required to abstain from voting if the Company were to convene a general meeting pursuant to Rule 14.44 of the Listing Rules. A circular containing the information required under the Listing Rules in relation to the Transaction will be dispatched to shareholders as soon as practicable.

Directors
As at the date of this announcement, the Directors of the Company are:
Executive Directors: Christopher Pratt (Chairman), Robert Atkinson, John Slosar, Augustus Tang and Tony Tyler;
Non-Executive Directors: Philip Chen, Martin Cubbon, Henry Fan, James Hughes-Hallett, Li Jiaxiang, Vernon Moore, Robert Woods, Zhang Lan and Leslie Chang (Alternate Director to Henry Fan); and
Independent Non-Executive Directors: Peter Lee, Raymond Or, Jack So and Tung Chee Chen.
