Sentences or phrases that use the words such as “expects,” “believes,” “anticipates,” “hopes,” “plans,” “may,” “can,” “will,” and others, are often used to flag forward-looking statements, but their absence does not mean a statement is not forward-looking. Such statements reflect the Manager's or any Sub-Manager's current opinion and are designed to help readers understand their thinking. By their very nature, however, such statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those illustrated herein. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. The Fund undertakes no obligation to release any revisions to these forward-looking statements that may be made to reflect events or circumstances after the date hereof, or to reflect the occurrence of unanticipated events.

WHO SHOULD INVEST

General

Eligibility Requirements. Investment in the Fund is suitable only for persons who can bear the risk of losing their entire investment and have no need for immediate liquidity. Interests should be purchased only as a long-term investment. “Suitability” means that the investment should be evaluated in the light of the investors’ (a) overall net worth (b) level of sophistication (understanding of the investment) (c) willingness to accept the risks as explained in this Preliminary Offering Circular and need for liquid assets. **(Cmt. 10).**

State Eligibility Requirements. Various states have established minimum standards, applicable to both initial investors and subsequent transferees, which are different from those established by the Fund. Various states have also established minimum purchase requirements higher than those imposed by the Fund. The Fund will observe these specific standards in determining whether to allow an investor to invest.

The Manager requires that each prospective investor provide it with an investor questionnaire and subscription agreement information as to suitability. Suitability information is needed in order for the Manager to determine whether the investment is suitable for the investors, as described above. “Risk Factors.”

The Fund plans to be taxed as a partnership. Each investor is strongly advised to consult with his/her own personal tax advisors concerning the tax consequences of a proposed investment in the Fund. See “Federal Income Tax Considerations.” **(Cmts. 9; 11; and 12 - Deleted).**

Projects The Fund will invest in commercial and residential properties (“Projects”) selected by the Manager. **(Cmts. 16 and 17 - Deleted)**. See “Business of the Fund.”

Fund Strategy The Manager will identify opportunities through an established network of local owner/operators and relationships with banks, trustees, law firms, portfolio servicers, title companies and other real estate service providers. This network has been established through Mr. Raike’s, who is the President, Treasurer, Secretary and currently the sole Director of the Manager, personal and business dealings in the community over a period of 20 years. Shannon Raike is the Assistant Treasurer of the Manager. See “Business of the Fund.”

Profit Sharing Allocation The Manager will receive no Management Fees for managing the Fund. The Manager will receive 40% of the Fund’s Net Income after payment of the investor’s 10% priority return. The Manager’s Net Income interest is allocable to the Capital Account (defined under “Allocations and Distributions”) of each Member. See “Allocations and Distributions.”

Investment Receipts Any amounts received by the Fund from investments whether such receipts constitute returns of capital, premium returns or contingent compensation and Interest Income (as defined below), are referred to in this Preliminary Offering Circular as “Investment Receipts.”

Distributions Distributions are what is passed out in cash to investors. They are not “income and losses.” Investment Receipts will be accounted for on a Project-by-Project basis. Investment Receipts, net of all Fund Expenses (as defined below) allocable to the related Project (“Net Fund Investment Receipts”), will be distributed to all Members in proportion to their contributions as follows:

(i) Prior to the 36th month anniversary of the date the offering terminates (the “Investment Cutoff Date”), Net Fund Investment Receipts from each Fund Investment (means an investment by the Fund) in each Project, up to and including an amount equal to that Fund Investment (“Return of Capital”), will be retained by the Fund and re-invested in Fund Projects. After the Investment Cutoff Date the Fund will make no further Fund Investments.

(ii) After the Investment Cutoff Date, Net Fund Investment Receipts which represent Return of Capital, after the establishment of any reserves or allowances ("Reserves"), will be distributed at least annually 100% to all Members, to each in proportion to the contributions of all Members,

(iii) Net Fund Investment Receipts received in excess of Return of Capital, regardless of when received, after the establishment of any Reserves, will be distributed at least annually to all Members, in proportion to their contributions as follows:

First, 100% to all Members until they have received a 10% priority return;

Thereafter, after payment of the Manager's 40% Net Income percentage, to the Members *pro rata* to their interests.

See "Allocations and Distributions."

For example, where the offering is fully subscribed at \$5 million, distributions of Net Fund Investment Receipts of \$8 million after the 36th month would be allocated as follows:

(a) Investors - Interest	\$5,000,000
10% priority return	<u>\$1,500,000</u>

The term "overhead expenses" refers to general office expenses such as heat, light, electricity, rent, supplies, etc., often allocable based on space occupied or facility utilized. The Fund Expenses may be paid (or reimbursed to the Manager to the extent initially paid by the Manager) from

contributions or from Investment Receipts. See “Management Compensation” – Fees.

Reserves and Allowances	The Manager may, in its discretion provide for and withhold Reserves in any amount for Fund Expenses from any Investment Receipts and Interest Income. See “Summary of Operating Agreement” – Reserves.
Term and Termination	The Fund will terminate on December 31, 2020 unless earlier terminated pursuant to the Operating Agreement. See “Summary of the Operating Agreement” – “Term of Fund.”
Redemptions	Membership Interests will not be redeemable prior to the Investment Cutoff Date. After the Investment Cutoff Date Membership Interest may be redeemed in the discretion of the Manager. Members must give the Manager thirty (30) days notice of intent to redeem their Membership Interests. See “Redemptions.”
Transfers	Members may not transfer any of their Interests, rights, or obligations with regard to the Fund without the prior consent of the Manager. See “Summary of the Operating Agreement.” Investor must understand and represent that they are acquiring Interest for investment and not with a view to distribute or resale. Units will be offered only for a limited public sale under Regulation A. See “Risk Factors.”
Reports	Each Member will receive audited annual financial statements and quarterly reports providing narrative and summary financial information on the Fund and the Fund Investments. See “Reports to Members.”
Federal Income Tax Considerations	The anticipated Federal income tax consequences of investment in the Fund are set forth under “Federal Income Tax Considerations.” As discussed therein, the Fund should be classified as a partnership for Federal income tax purposes, so that each Member will take into account directly his/her distributive share of all items of Fund income, gain, loss, deduction and credit. See “Federal Income Tax Considerations.”

RISK FACTORS

Investment in the Fund is speculative, and involves a high degree of risk. Only persons who can afford the loss of their entire investment in the Fund should consider it. The following are all the material risks of an investment in the Fund. **(Cmt. 20)**. Prospective investors should carefully consider these risks and other risks and investment considerations noted in this Preliminary Offering Circular or which common sense or good business sense would indicate, and consult attorneys,

accountants and financial advisors as needed, prior to making an investment. The following risks are not intended to be inclusive of all risks of investment in the Fund. Financial statements of the Fund have been omitted because the Fund has not been capitalized and has no (or nominal) assets or liabilities. See Exhibit A.

Risks Relating to Fund Operations

No Operating History. The Fund has been recently formed and does not have any operating history on which to base any estimate of its future prospects. The President of the Manager has substantial securities and real estate experience. “See Management.” The Manager does not have a record of prior performance. The Fund’s proposed operations are subject generally to risks inherent in the establishment of a new business and specifically, a company primarily in the business of making equity investments in commercial and residential real estate. It will take several years to determine the feasibility and potential success of the Fund’s operations. The Fund may incur losses during its initial years of operation.

Control by Manager. The Fund is, and for the foreseeable future will be, totally dependent upon the services of the Manager and affiliates. See “Management.” Exclusively the Manager will make all decisions regarding management of the Fund’s affairs. Accordingly, investors should not buy Units unless they are willing to entrust all aspects of management to the Manager or successor(s). **(Cmt. 22 – Deleted)**. The Manager may retain sub-managers and other independent contractors to provide various services. The independent contractors will have no fiduciary duty to the Fund or the Members, and may not perform as expected.

As a condition to investing in the Fund, investors will be required to execute the Operating Agreement or a document that binds them to the terms of the Operating Agreement. Investors are urged to read the Operating Agreement and to consult with their own counsel regarding the rights and obligations under Delaware law, including the rights and obligations of members of a Delaware limited liability company, and an investment in the Fund. Investors will be limited in the management of the Fund by the terms of the Operating Agreement, and investors will have no right to control the affairs of the Fund except to vote only on major transactions affecting the Fund (removal, of Manager, sale, exchange of all assets, liquidation) as specifically provided in the Operating Agreement. The affairs of the Fund will be managed by the Manager. See “Summary of the Operating Agreement.”

Project Investment. The Fund does not currently own any plants or properties. The Fund is dependent on the skill and experience of the Manager’s team **(Cmt. 21)** in identifying, evaluating and structuring Project investments. Projects are constantly subject to unforeseen environmental or undisclosed defects that were undiscovered and/or not known at the time of the purchase or that arise after purchase. Insurance may prove to be inadequate to protect a Project against unforeseen events. A Project may prove to be in a poor location. It may lack market appeal, or the market may be saturated by similar, competing properties. Financing for a Project may be available only on terms that make it unprofitable. Any of the foregoing risks may impact the Manager’s ability to complete the investment cycle successfully and profitably and to provide the Fund with an adequate return on its investment.

Despite future research and opinion of the Manager, **(Cmt. 23 - Deleted)** the ultimate success of an investment in a Project, particularly the value of any residual equity interests, will likely depend upon the management of each Project and its economic environment which will be subject to those risks typically associated with investments in real estate. Fluctuations in vacancy rates, operating expenses and tax rates can adversely affect operating results or render the sale or the refinancing of a Project difficult or unattractive. No assurance can be given that certain assumptions as to future sales prices or future levels of occupancy or rental rates for a Project or future operating costs will be accurate since such matters will depend on events and factors largely beyond the control of the Manager.

Financing. The Fund may incur debt to provide leverage, or to fund an unforeseen Project need or to protect the financial integrity of the Fund. Failure to obtain necessary debt financing could have a materially adverse effect on the Fund. The Fund may need to obtain a loan or loans to complete financing of a Project. Moreover, if the Fund is unable to generate sufficient cash flow (cash flow means funds generated from properties that produce cash after deductions for expenses and other obligations of the Fund) **(Cmt. 42)** to meet its obligations, the earlier investors will incur greater risk and the Fund may be required to sell assets, obtain additional financing, or alternatively, liquidate.

Dependence on Professional Services. Each Project will require project management and other services provided by third parties such as architects, engineers, planners, attorneys, project controllers, sales and leasing personnel to make it a success. All these parties must coordinate their efforts under conditions of high stress with demanding deadlines. None of these third parties will be under the direct control of the Manager. The failure of any of these third party professionals to properly do a job on time and within budget can have a materially adverse impact on the profitability of a Project and the Fund's investment in it, including but not limited to, the ability to recruit purchasers, investors, tenants or guests, charge market rents, achieve appropriate levels of cash flow and achieve an attractive appreciation in value within the projected time periods.

Government Regulation. Ownership and operation of investment properties is subject, both directly and indirectly, to federal, state and local regulation. It is possible that the enactment of new laws or changes in the interpretation or enforcement of applicable codes, rules and regulations may have a substantial adverse effect on the operation and management of the property. Thus, laws, rules and regulations concerning matters such as, but not limited to, environmental protection or required additional equipment or features could have a substantial negative financial impact upon the Fund. Further, no assurances can be made regarding the current or future availability or cost of city or county services, community facilities (e.g., fire and police protection, waste disposal, etc.) or utility services (e.g., water, sewer, storm drainage, telephone, electricity, gas, etc.). Interruption in, changes in or the discontinuance of such services or facilities could have a material adverse effect on the business of each entity in which the Fund has an investment, and consequently, the Fund. No assurance can be given that existing or future federal, state and local statutes, rules and regulations relating to the environment may not significantly hinder the ultimate profitability of the Fund.

Indemnification of Manager's Employees and Officers. The Fund's Operating Agreement provides for the indemnification of the Manager, its officers, directors and employees or agents to the fullest extent permitted by law. It is possible that the indemnification obligations imposed under these provisions could result in a charge against the Fund's earnings and thereby affect the availability of the

Fund's Net Income for distribution to the Unit holders. See "Operating Agreement," Section 4.8, Duty of Care; Indemnification.

Risks Relating to the Investment

Limited Transferability. Investors must understand and represent that they are acquiring Interests for investment and not with a view to distribution or resale. Investors must bear the economic risk of investment for an indefinite period of time. Units will be offered for only a limited public sale under Regulation A, an exemption available under the Securities Act of 1933 and applicable state "Blue Sky" or securities laws. No public market is expected to develop for the Interests and Unit holders may not be able to liquidate their investment quickly.

Lack of Diversification. Investors will acquire Interests in a Fund which invests in commercial and residential real estate Projects. While the Manager will endeavor to promote diversity, an investment in the Fund may not be adequately diversified geographically or diversified as to asset class or type. This lack of diversification could increase the risk of investing in the Fund, as performance could be largely dependent to a large extent on the stability, growth and profitability of the real estate business for developers and contractors in only a few geographic areas. Adverse economic or political conditions in a given area could have a material and adverse impact on any investment in the Fund.

Distributions. No assurance can be given that future Net Income of the Fund will be sufficient to permit making these distributions at any time in the future. See "Allocation of Profits and Losses" and "Member Distributions." Distributions, if any, may be paid from cash flow, refinancing or from Reserves and will be subject to the payment of expenses and the maintenance of Reserves. They may be restricted or suspended if the Manager determines in its sole discretion that to do so would be in the best interest of the Fund. The Fund has no obligation to distribute sufficient cash from activities to enable Members to pay taxes on income generated by the Fund.

Use of Proceeds. The Preliminary Offering Circular sets forth general guidelines as to how the Funds assets are to be invested. See "Business of the Fund." The Manager will not deviate from the investment objectives described in the Preliminary Offering Circular. However, the Manager has discretion as to how those objectives will be implemented through investments in specific Projects. The Manager does not expect to identify specific investments for the Fund until the Fund has sufficient assets to make those investments. Accordingly, the proposed use of proceeds set forth in the Preliminary Offering Circular is general in nature and investors will not have an opportunity to review specific investments prior to making an investment in the Fund. (Cmt. 24). There may be a substantial period of time before the proceeds of the offering are invested and therefore a delay to investors in receiving a return on their investment. (Cmt. 25).

Conflicts of Interest. Proceeds of the offering may be invested in Projects owned or controlled by the Manager or its affiliates. The factors to be used to determine in deciding whether to invest in such Projects include: (a) availability of more attractive opportunities (b) terms at least as favorable as could be obtained from unrelated third parties (c) risk and returns relative to the underlying objectives of the Fund. While the Manager will use its best efforts to support such investments by independent appraisals as to value and legal and other advice as to investment and other decisions about these Projects for the benefit of the Fund, there is no assurance that these decisions will all be made in a

manner which fully protects the Interests of the investors. Appraisals are only estimates of value and should not be relied on as measures of realized value. The Manager is not engaged in, does not invest in, does not control, and is not affiliated with entities that are engaged in making similar investments as the Fund. See "Conflicts of Interest."

Ability to Attract Qualified Investors. The offering may not attract sufficient qualified investors, resulting in under-capitalization of the Fund. This would negatively impact the Fund's ability to provide a consistent level of short term financing and to diversify its investments among a sufficient variety of Projects. See "Who Should Invest."

Tax Liabilities. The investor's tax liability may exceed his/her distributions and to the extent of such excess the payment of taxes will be an out-of-pocket expense for the investor. Upon sale or other disposition of the investor's Interests or upon sale (including foreclosure sale) or other disposition of Fund property, an investor's tax liabilities may exceed the cash he/she receives and, to the extent of such excess, the payment of such taxes will be out-of-pocket expenses for the investor. An audit of the Fund's tax return may result in an audit of the investor's personal tax return. See "Federal Income Tax Considerations."

USE OF PROCEEDS

The gross proceeds from the sale of the Interests will be a maximum of \$5,000,000. The following table sets forth the **(Cmt. 27 - Deleted)** use of the proceeds of the offering:

	100%	75%	50%	25%
Gross Offering Proceeds	\$5,000,000	\$3,750,000	\$2,500,000	\$1,250,000
Use of Funds				
Offering Expenses*	\$ 25,000	\$ 25,000	\$ 25,000	\$ 25,000
Working Capital	\$ 100,000	\$ 100,000	\$ 100,000	\$ 100,000
Investment in Projects	\$ 4,875,000	\$ 3,625,000	\$ 2,375,000	\$ 1,125,000
Total Use of Funds	\$ 5,000,000	\$ 3,725,000	\$ 2,000,000	\$ 1,250,000

For sales below 25% (\$1,250,000) net funds after payment of offering expenses and allowance for working capital will be allocated to investments in Projects. **(Cmt. 26)**.

*This amount includes estimated legal, accounting, printing and other expenses of this offering, including reimbursement of the Manager for certain accountable expenses incurred by it on behalf of the Fund in connection with the offering.

Proceeds of the offering will be used as follows. The Fund will provide financing, principally for the acquisition and development of commercial and residential real estate Projects which the Manager believes are undervalued, based on estimated cash flow and resale value. **(Cmts. 27 and 42)**.

The Fund will not be in charge of the development of properties acquired in different markets as selected by the Manager. No properties have been selected. The financing will be principally for the acquisition and development of commercial and residential real estate Projects. The Manager has not predetermined the amount to be invested in any particular Project. Nor has the Manager committed a material portion of the proceeds (allowing for reasonable Reserves) to specific properties. The Manager is not currently engaged in discussions with property owners or developers. See "Business of the Fund." (Cmt. 28).

MANAGEMENT COMPENSATION

Agreements Between Manager and Fund

There are no agreements or arrangements between the Fund and the Manager, except for the Fund's Operating Agreement. See "Operating Agreement."

Other Agreements with Fund

The Fund does not have any agreements or arrangements with affiliates or non-affiliates of the Manager.

Fees

The Manager will not receive a management fee for its services. The Operating Agreement provides that the Manager will receive a 40% share of the Fund's Net Income after the Members receive a 10% priority return. The Manager's Net Income Interest is allocable to the Capital Account of each Member. The Manager will not receive a front-end fee. See "Allocations and Distributions."

The Operating Agreement provides that the Fund shall be responsible for all Fund expenses, including the expenses of third party service providers such as legal counsel and accountants, taxes, fees and government charges, transaction costs relating to investment operations, travel and entertainment directly associated with Fund Investments, and a Manager's overhead allowance of \$10,000 per month. An "overhead allowance" does not compensate the Manager for its services. It is an allowance provided to a Manager to cover general overhead expenses not specifically reimbursed via receipts or accounting entries. The term "overhead expenses" refers to general office expenses such as heat, light, electricity, rent, supplies, etc., often allocable based on space occupied or facility utilized. Subject to the restrictions of Section 4.5 of the Operating Agreement, the Manager may be reimbursed for certain administrative services. Except as provided in Section 4.5 of the Operating Agreement, the Manager will pay for office and travel expenses and other costs incurred in connection with the supervision of Fund investments. To the extent that its costs in connection with such activities exceed the overhead incurred by the Manager in connection with Projects, such costs will be borne by the Manager.

The bar chart below compares the various interests and contributors to the Fund (Cmt. 29):

	Cash Investment	Mgt Fee	Priority Return	Net Profits Interest
Manager	\$ 0	\$ 0	\$ 0	40%
Investors	\$5,000,000	\$ 0	\$500,000	60%

ALLOCATIONS AND DISTRIBUTIONS

Allocation of Net Income and Losses

Except as otherwise provided in the Operating Agreement, the respective share of each Member in all Fund Net Income and Net Loss and each item of Fund income, gain, loss, deduction, credit and tax preference with respect thereto, including depreciation and any investment tax credit for each taxable year (all as computed for federal income tax purposes) shall be allocated to the Members in proportion to their percentage Interest. Allocations are made to the Capital Accounts of each Member and to the Manager's account as set forth below. Allocations are not distributions. See below under "Distributions." (Cmt. 19).

The Capital Account of each Member will be maintained on the books and records of the Fund. Each Capital Account will be:

- (i) credited with any contributions made by such Member to the Fund;
- (ii) credited with any allocations of income, profit, or gain made to such Member under Section 5.5 of the Operating Agreement;
- (iii) debited by the amount of cash or the fair market value of any property distributed to such Member; and,
- (iv) debited by any allocation of expense, deduction, or loss made to such Member under Section 5.5 of the Operating Agreement.

Allocation of Net Income. After giving effect to the tax allocations described in the Operating Agreement, Net Income shall be calculated and allocated as follows:

- (i) first, 100% to the Members until they have been allocated Net Income equal to the aggregate amount of Net Losses allocated to such Members plus a ten percent (10%) priority return on the Members' capital invested in the Fund;
- (ii) not less than annually, after the allocations in (i) above, a Net Profits Allocation to the Manager equal to forty percent (40%) of the remaining pro-rata Net Income of the Fund, allocable to

the Capital Account of each Member. Each Member will be charged for any such allocations attributable to its Capital Account, provided that the Manager in its discretion may waive any such Allocation to the Capital Account of any Member; and

(iii) thereafter 100% to the Members.

Allocation of Expenses. Expenses will be borne by the Fund and paid from contributions or from Investment Receipts and allocated to each Member in accordance with its Contribution Percentage. The "Contribution Percentage" is derived by dividing (i) such Member's contribution by (ii) the sum of all Members' contributions at such time. The sum of all Members' Contribution Percentages will always equal 100%.

Allocation of Net Losses. All net losses or deductions derived from Fund operations will be generally allocated first to offset any Net Income previously allocated and thereafter 100% among the Members in accordance with each Member's Contribution Percentage.

Distributions

Under the terms of the Operating Agreement, the Manager may determine in its sole discretion the amount and timing of distributions to the Members. There is no limitation on the Manager's discretion to withhold distributions except as described below. Notwithstanding such discretion, the Members' Capital Accounts will continue to be allocated Net Income and Net Losses during such withholding period as described above. Prior to dissolution, distributions will take the form of cash. **(Cmt. 33).**

Any amounts received by the Fund from Fund Investments, whether such receipts constitute returns of capital, premium returns or contingent compensation and Interest Income, are referred to in the Operating Agreement as "Fund Investment Receipts." Fund Investment Receipts will be accounted for and tracked on a Project-by-Project basis.

Fund Investment Receipts, net of all Fund Expenses allocable to the related Fund Investment ("Net Fund Investment Receipts"), will be treated as follows:

(i) Prior to the 36th month anniversary of the date the offering terminates (the "Investment Cutoff Date"), Net Investment Receipts from each Fund Investment in each Project, up to and including an amount equal to that Fund Investment ("Return of Capital"), will be retained by the Fund and re-invested in Fund Projects. After the Investment Cutoff Date the Fund will make no further Fund Investments.

(ii) After the Investment Cutoff Date, Net Fund Investment Receipts which represent Return of Capital (i.e., up to an amount equal to the corresponding Fund Investment), after the establishment of any Reserves, will be distributed at least annually to all Members, in proportion to their Contribution Percentages, as follows: (1) 100% to all Members until they have received a return of their investment plus a 10% per annum cumulative priority return on their investment. In other words, any unpaid portion of the

priority return for any year will be added to the priority return required to be paid in subsequent years. (Cmt. 32).

(iii) Net Fund Investment Receipts received in excess of Return of Capital plus the 10% cumulative priority return, regardless of when received, after the establishment of any Reserves, will be distributed to the Manager until the Manager shall have received its 40% interest in the Net Income of the Fund as described in Section 5.5(b); and

(iv) thereafter, after payment of the Manager's 40% Net Income percentage, Net Investment Receipts will be distributed to Members *pro rata* to their Contribution Percentages.

CONFLICTS OF INTEREST

The Fund

Management and operation of the Fund will involve various conflicts of interest, including the following-

Fund Investments. Proceeds of the offering may be invested in Projects owned or controlled by the Manager or its affiliates, including Projects sponsored by National Developers, LLC, a real estate development company controlled by William J. Raike. National Developers, LLC owns a residential development project in Virginia. See "Management." (Cmt. 35). The factors to be used to determine whether to invest in such Projects include: (a) availability of more attractive opportunity (b) terms at least as favorable as could be obtained from unrelated third parties (c) risk and returns relative to the underlying objectives of the Fund. The Manager will use its best efforts to support such investments by obtaining independent appraisals as to value and legal and other advice as to investment and other decisions about these Projects for the benefit of the Fund. (Cmt. 36). Appraisals are only estimates of value and should not be relied on as measures of realized value. The Manager is not engaged in, does not invest in, does not control, and is not affiliated with entities that are engaged in making similar investments as the Fund.

Other Companies. The Manager may organize other companies with similar investment objectives and financing arrangements. No such company will invest in any Project identified by the Manager as suitable for the Fund, however, until the funds provided by the Fund are fully committed.

Common Ownership and Management. The senior executive officers and the directors of the Manager also have ownership interests in, and serve as senior executive officers and directors for other companies. The directors and officers of the Manager will also engage in other business activities. They will devote such time to the affairs of the Fund as the Manager deems necessary.

Legal Representation. Investors have not been represented by independent counsel in connection with the preparation of the Operating Agreement or in establishing the terms of this offering.

Lack of Arm's-Length Negotiations. Agreements and arrangements, including those relating to compensation, between the Fund and the Manager or affiliates have not been and will not be the result of arm's-length negotiations. The compensation plan may create conflicts between the interests of the Manager and those of the Fund.

Miscellaneous Conflicts. The Manager may encounter certain conflicts of interest arising from its authority as tax matters partner to make certain accounting decisions for the Fund and arising in connection with the allocation of expenses for services provided for the benefit of both the Fund and the Manager or any of its affiliates.

FIDUCIARY RESPONSIBILITY OF THE MANAGER

The Manager is accountable to the Members and the Fund as a fiduciary and consequently must exercise good faith and integrity in handling Fund affairs. Investors should seek legal advice as to the duties of the Manager in this constantly evolving area of law.

The Operating Agreement shields the Manager and affiliates from liability to the Members or the Fund, and indemnifies the Manager and its affiliates from and against any loss, judgment, liability, expense and amount paid in settlement of any claim sustained by them in connection with the Fund, except that such indemnity does not cover any liability which resulted from either the Manager or its affiliates gross negligence, willful misconduct, fraud or other breach of fiduciary duty to the Fund or any Members, including breach of any contract between either the Manager and the Fund and a course of conduct not determined by a Manager or an affiliate, in good faith, to be in the best interests of the Fund. As a result of such provisions, a Member may be entitled to a more limited right of action than he would otherwise have if such provisions were not included in the Operating Agreement.

To the extent that these indemnification provisions purport to include indemnification for liabilities arising under the Securities Act of 1933, as amended, such indemnification, in the opinion of the Commission, is contrary to public policy and is, therefore, unenforceable.

MANAGEMENT

Raike Real Estate Management, Inc.:

Raike Real Estate Management, Inc., a Delaware corporation, is the Manager of the Fund and an affiliate of National Developers, LLC. The Manager's principal executive office is located at 117 Towne Lake Parkway, Suite 214, Woodstock, GA 30188, which is also the principal executive office of the Fund. William J. Raike is the President, Treasurer, Secretary and currently the sole Director of

the Manager. Shannon Raike is the Assistant Treasurer of the Manager. The Manager does not currently have an ownership interest in the Fund. The Manager does not have a record of prior performance in financing and developing commercial and residential real estate, which is distinct from Mr. Raike's prior performance record as a developer of residential real estate properties. See "Management." (Cmt. 37).

William J. Raike has been licensed in the financial services industry for over 21 years. His brokerage career began in 1985 as a financial representative of Michelin & Company, a NASD member brokerage headquartered in Denver, Colorado. Mr. Raike later joined Davenport & Company, a NYSE member firm headquartered in Richmond, Virginia and subsequently owned an independently operated a branch office of a NASD member firm, First Colonial Securities, from 1993 to 1995. Mr. Raike formed Raike Financial Group, Inc. (now re-named Woodstock Financial Group, Inc.) in March of 1995 and was successful in growing the company from two registered representatives and approximately \$200,000 in revenues to over 80 registered representatives and \$10 million in revenues. In 2004, Woodstock Financial Group, Inc. was picked as one of Georgia's Top 100 Publicly Traded Companies by The Atlanta Journal and Constitution.¹ Mr. Raike currently holds positions as Chairman of the Board, Chief Executive Officer and President and is licensed with the Series 4 (Registered Options Principal), 7 (General Securities Representative), 24 (General Securities Principal), 55 (Equity Trader) and 63 (State Securities License).

In addition to Mr. Raike's activities as President of Woodstock Financial Group, Inc., he is also President of National Developers, LLC whose objective is to search out areas of the country where residential development may be undertaken in the path of urban expansion. (Cmt. 37). Mr. Raike and his family own Raike Real Estate Management, Inc. National Developers, LLC is currently undertaking the development of a 116 acre tract in the Shenandoah Valley of Virginia, near the towns of Staunton, Waynesboro and Charlottesville. The property consists of 116 acres zoned for 79 one acre lots, selling for an average price of \$105,000. The project is 50% complete. (Cmt. 35 and 39). Mr. Raike has also made real estate investments in residential rental properties on the Gulf Coast of Florida as well as timber properties in the Appalachian Mountains. Mr. Raike and his wife recently purchased two commercial office buildings, one of which was a \$1 million investment recently sold for a 50% profit. (Cmt. 21).

The directors and officers of the Manager serve without remuneration from the Fund. For information relating to fees and other payments to be made to the Manager, see "Management Compensation" relating to the Manager's fees and overhead allowance. The Manager will devote such time to the business and affairs of the Fund as it deems necessary to conduct the Fund's business.

Change in the Management of the Fund

By Special Consent

The Manager will not voluntarily withdraw from the Fund, except with Special Consent. A "Special Consent" is approval of Members whose contributions constitute at least two-thirds (2/3) of

¹ The Atlanta Journal and Constitution, June 12, 2005, Q16.

the total contributions. In the event the Manager obtains Special Consent, the Members may by Special Consent require the Manager instead to assign its entire interest as the Manager of the Fund, including all of its related rights and duties hereunder, but not any interest it may have as a Member in the Fund, to a substituted Manager approved by Special Consent. The Manager's interest as a Member would include the financial interest, the right to vote, and all other rights granted to a Member under the Operating Agreement. **(Cmt. 40)**. No additional or substituted Manager will be admitted to the Fund except as provided for in the Operating Agreement. See "Operating Agreement" – Section 2.7, Withdrawal of Manager; Substituted Manager; and Section 4.4, Members' Removal Rights.

BUSINESS OF THE FUND

WFG Real Estate Income Fund, LLC, a Delaware limited liability company (the "Fund") was formed on December 6, 2005. The Fund will provide financing, principally for the acquisition and development of commercial and residential real estate Projects which the Manager believes are undervalued, based on estimated cash flow and resale value. **(Cmt. 42)**. The financing will take the form of direct equity participations as a joint tenant or shared ownership or will take the form of secured or unsecured loans backed by the underlying real estate, which may be first mortgage or subordinated loans or other forms of debt. Revenues from the activities will be earned through receipt of distributions from real estate operations such as rentals from leasing, sales of properties or other business activities on the site or from resales of Projects or interests in Projects, interest on loans or "equity kicker" participations on resales. **(Cmt. 41)**. The Fund will not be in charge of the development of properties acquired. The Fund offers Unit owners an opportunity to invest in the acquisition and enhancement of commercial and residential real estate properties in different markets as selected by the Manager. No properties have been selected. The Manager has not predetermined the amount to be invested in any particular Project. Nor has the Manager committed a material portion of the proceeds (allowing for reasonable Reserves) to specific properties. The Manager is not currently engaged in discussions with property owners or developers.

Business Plan. The Manager's business plan grew out of the perception by its President, Mr. William Raike, that opportunities currently exist for investors to participate in existing commercial and residential real estate projects on attractive terms, primarily due to conditions of overbuilding and stagnation which exist in many areas of the United States, with particular reference to the Southeastern United States where Mr Raike has had experience as a developer and investor. See "Management." Mr. Raike has done some general research into local markets and prospective investment opportunities through an established network of local owner/operators and relationships with banks, trustees, law firms, portfolio servicers, title companies and other real estate service providers. This network has been established through Mr. Raike's personal and business dealings in the community over a period of 20 years. This research has led him to conclude that, with the assets raised, the Fund could negotiate and obtain interests in real estate Projects providing attractive returns. The business plan calls for the Fund to make its initial investments in 2007 with the expectation that returns would be generated commencing 12 to 18 months after the initial investment date. **(Cmt. 43)**.

While the Fund has not committed to purchase any specific investment at this time, the Fund's business plan contains specific goals as to the types of investments and investment strategy which will be followed by the Manager. It does not intend to acquire another unspecified company or engage in an undefined type of business. (Cmt. 44).

INCOME TAX CONSIDERATIONS

IT IS IMPRACTICAL TO COMMENT ON ALL ASPECTS OF FEDERAL, STATE AND LOCAL LAWS, WHICH MAY AFFECT THOSE INVESTING IN THE FUND. THE FOLLOWING IS A DESCRIPTION OF ALL MATERIAL (Cmt. 45) INCOME TAX CONSIDERATIONS, WHICH MAY BE OF PARTICULAR SIGNIFICANCE TO INDIVIDUAL INVESTORS. THIS SUMMARY IS NOT INTENDED TO BE EXHAUSTIVE OR TO SERVE AS A SUBSTITUTE FOR CAREFUL PERSONAL TAX PLANNING OR TO BE CONSTRUED AS LEGAL OR TAX ADVICE. THE MANAGER DOES NOT INTEND TO SEEK A RULING FROM THE INTERNAL REVENUE SERVICE CONCERNING ANY ASPECT OF THE FUND.

Consultation with Tax Advisors Strongly Suggested. A detailed analysis of a proposed investment in the Fund can be complicated and no attempt is made herein to provide that analysis. The investor is strongly advised to consult with his/her own personal tax advisors concerning the tax consequences, whether state or federal, (Cmt. 46) to such investor of a proposed investment in the Fund. The Fund has obtained the opinion of Geoffrey T. Chalmers, Esq. as to the Income Tax Considerations set forth in this Section. (Cmt. 49).

Tax Treatment of the Fund. In the opinion of Geoffrey T. Chalmers, Esq., the Fund will be taxed as a partnership. (Cmt. 50). IRS Regulations provide that a domestic LLC with two or more members shall be treated as a partnership. An organization classified as a partnership is not a taxable entity but rather a "pass through entity" through which tax deductions and taxable income, loss, gain or credits resulting from the Fund's operations are passed to the Members whether or not any actual distribution is made to such Member during his/her taxable year. Thus the Members will be subject to tax on the income of the Fund, but no additional tax will be incurred by the Fund that may affect the Members and the Manager of the Fund.

The Fund is not a "tax shelter." An investment in the Fund is not expected to generate tax losses in excess of an investor's capital contribution and is not formed for the purpose of generating tax losses. (Cmt. 47). Accordingly, a Member's evaluation of an investment in the Fund should be based on the expected economic return from the investment, and an investment in the Fund should not be made with the intention of obtaining tax advantages normally associated with "tax shelters."

POTENTIAL INVESTORS SHOULD NOT PURCHASE INTERESTS FOR THE PURPOSE OF OBTAINING TAX LOSSES AND DEDUCTIONS WITH WHICH TO OFFSET INCOME FROM SOURCES OTHER THAN THE FUND. THE MANAGER DOES NOT ANTICIPATE THAT THE FUND WILL HAVE DEDUCTIONS IN EXCESS OF INCOME OR TAX CREDITS ON EXCESS OF THE TAX LIABILITIES ATTRIBUTABLE TO THE FUND IN ANY YEAR.

Audits. If a federal tax audit of the Fund occurs, the Manager may challenge any proposed tax adjustments. Any such tax adjustments will be financed, to the extent possible, out of the cash flow and/or capital funds of the Fund. Accordingly, any adjustments of the Fund's tax return would normally result in adjustment of Members' tax return. In addition, an audit of the Fund's tax return may result in an audit of the investor's personal tax return. A Member whose individual return is audited will be personally liable for cost of such audit. Members must also bear the cost associated with an audit of the Fund.

Deductibility of Prepaid and Other Expenses. If the Fund takes a large deduction for prepaid interest in its first year of operation, having little or no income in such year, the IRS may determine that the prepayment created a material distortion of income at the Fund level and require that it be allocated over the term of the loan.

Excess Liabilities. No public market is expected to develop for the Interests and Unit holders may not be able to liquidate their investment quickly. The investor's tax liability may exceed his/her cash distributions in corresponding years and to the extent of such excess, the payment of such taxes will be an out-of-pocket expense for the investor. Where the Fund's losses offset a Member's earned income at 50 percent rate, the Fund's income in later years may be taxed to the investor at a higher rate. Upon sale or other disposition of a Membership Interest or, upon sale (including foreclosure sale) or other disposition of Fund Project(s), an investor's tax liabilities may exceed the cash he/she receives and to the extent of such excess, the payment of such taxes will be an out-of-pocket expense for the investor. Therefore, the investor may have a tax liability (i.e. have to pay taxes), due to the investor's investment in the Fund, and may not have received profits from the Fund (i.e. cash with which to pay the taxes).

Potential investors should consult with appropriate tax advisors to consider their individual tax consequences for investment in the Fund. For advice on state tax laws applicable to your tax situation, you should seek the advice of your tax adviser.

Where the Fund holds leveraged property, a Member who makes a gift of his/her Interests may be subject to Federal income tax and Federal gift tax. In addition, the IRS may consider such a gift as relieving the Member of his/her share of the Fund's non-recourse liabilities, and therefore such Member may realize a taxable gain on the gift to the extent that the Member's share of such liabilities exceeds his/her adjusted basis in his/her Membership Interest in the Fund.

Unrelated Business Taxable Income ("UBTI"). The Fund may generate unrelated business taxable income subject to a possible exception for Qualified Plans. Tax-exempt entities should consult their own tax counsel about the effect of any unrelated business taxable income.

Possible Disallowance of Various Deductions. The availability, timing and amount of deductions or allocations of income of the Fund will depend not only on general legal principles but also on various determinations that are subject to potential controversy on factual and other grounds. Such determinations could include, among others, whether fees paid to the Manager or its affiliates are deductible on the ground that such payments are excessive or constitute non-deductible distributions to the LLC Manager or an affiliate or otherwise. Additional issues could arise regarding the allocation of basis to buildings, land, leaseholds and personal property. If the IRS were successful, in whole or in

part, in challenging the Fund on these issues, the federal income tax benefits of an investment in the Fund, if any, could be materially reduced.

Limitations on Losses and Credits from Passive Activities. Deductions in excess of income, i.e., losses from passive trade or business activities, generally may not be used to offset “portfolio income,” i.e., interest, dividends and royalties, or salary or other active business income. Deductions from passive activities generally may be used to offset income from passive activities. Interest deductions attributable to passive activities are treated as passive activity deductions, and not as investment interest. Thus, such interest deductions are subject to limitation under the passive activity loss rule and not under the investment interest limitation. Credits from passive activities generally are limited to the tax attributable to the income from passive activities. Passive activities include trade or business activities in which the taxpayer does not materially participate, which would include holding an interest as a Member. Thus, the Fund’s Net Income and Net Loss will constitute income and loss from passive activities. A taxpayer may deduct passive losses from rental real estate activities against other income if: (i) more than half of the personal services performed by the taxpayer in trades or businesses are performed in a real estate trade or business in which the taxpayer materially participates; and (ii) the taxpayer performs more than 750 hours of service during the tax year in real property trades or businesses in which the taxpayer materially participates. It is unlikely that any Member would qualify for this treatment.

Allocation of Net Income and Net Losses. For the allocations to Members of income, gains, deductions, losses and credits under the Operating Agreement to be recognized for tax purposes, the allocations must possess substantial economic effect. It is possible that the IRS may claim that such allocations lack substantial economic effect. If any challenge to the allocation of losses to any Member were upheld, the tax treatment of the investment for such Member could be adversely affected.

Potential Limitation of Net Loss. Member should be aware that they will only be able to use net losses up to the amount of the Member’s basis in his/her Units. The Members share of the Fund’s non-recourse debt will be included in the adjusted basis of the Member’s Interest. Changes in the Member’s profit sharing ratio, which reduce his/her share of non-recourse debt, may also have the effect of reducing the basis of his/her Interest.

Depreciation. The Fund intends to make equity and debt investments in Projects developed and managed by others. Equity investments will generally generate a “pass through” of income and losses for tax and accounting purposes, which will be disclosed to the Fund by the manager of each Project on a periodic basis. The Fund will not choose any methods of depreciation to be used, useful lives of properties, etc., either for tax or general reporting purposes. The choices of depreciation methods will be made by the managers of these Projects. The Fund will report the results of investment in any Project to its Members using the depreciation methods chosen by the Project manager in reporting to the Fund and other investors in the Project. **(Cmt 48).**

Liquidation of the Fund. Generally, upon liquidation of the Fund, gain will be recognized by a Member only to the extent that cash is distributed (including his or her share of any reduction in the Fund’s non-recourse liabilities) in excess of such Member’s adjusted basis in his or her Units at the time of distribution.

SUMMARY OF THE OPERATING AGREEMENT

The following is a summary of all material provisions (Cmt. 51) of the Operating Agreement and certain other matters relating to the rights of the Members. The following statements as they relate to the terms of the Operating Agreement, merely summarize those provisions and are qualified in their entirety by reference to the Operating Agreement, a copy of which is included as Exhibit B to this Preliminary Offering Circular. Certain capitalized terms used in this summary are defined in the Operating Agreement.

Description of Interests

The Fund is offering up to \$5,000,000 in 1,000 Units of 10% Priority Membership Interest at \$5,000 per Unit. A Unit of Limited Liability Company Interest in the Fund represents an undivided interest in the equity ownership of the Fund. A subscriber shall be treated as a Member of the Fund as of the close of business of the day on which the Fund receives the funds representing such person's order or, in the case of a transfer of Interests, as of the date of effectiveness of such transfer as discussed below under “Restrictions on Transfer.” All rights of, and allocations to, Members will vest and be allocable to each Member as of the close of business on such day.

Liability of Members

Under the Operating Agreement liability of each Member is limited to the amount of his/her capital contribution to the Fund together with his/her share of undistributed profits and as otherwise provided by Delaware law. Under Delaware law and the terms of the Operating Agreement, a Member may, in certain circumstances such as when the Manager mistakenly makes a distribution without first

applying funds to all of the Fund's liabilities, (Cmt. 52), be required to return certain distributions made to him. See "Risk Factors" and "Allocations and Distributions."

(ii) to make all decisions relating to the manner, method, and timing of investment transactions, to select brokers, dealers, or other financial intermediaries (including any firms with which the Manager is affiliated or associated) for the execution, clearance, and settlement of any transactions on such terms as the Manager considers appropriate, and to grant limited discretionary authorization to such persons with respect to price, time, and other terms of investment and trading transactions;

(b) The Fund will pay its own operating expenses ("Operating Expenses"), including the expenses of third party service providers such as legal counsel and accountants, taxes, fees and government charges, transaction costs relating to the investment operations, Management Fees; travel and entertainment directly associated with Fund Investments and overhead expenses such as office and equipment rental properly allocable to the Fund. Fund Expenses may be paid (or reimbursed to the Manager to the extent initially paid by the Manager) from Contributions or from Fund Investment Receipts.

(c) The Fund will pay to the Manager an overhead allowance of \$10,000 per month. The Manager will pay for office and travel expenses and other costs incurred in connection with the supervision of Fund Investments. To the extent that its costs in connection with such activities exceed the overhead incurred by the Manager in connection with Fund Investments, such costs will be borne by the Manager.

(d) The Manager will pay its own operating and overhead expenses not directly related to a Fund Investment or prospective investment. All operating and overhead expenses of the Manager allocable to the Fund shall be documented in a manner which permits them to be audited and verified as properly allocated.

(e) The Manager will have discretion to pay Operating Expenses and Organizational Expenses from Contributions, from Investment Receipts.

(f) Any extraordinary out-of-pocket expenses incurred by the Manager subsequent to the formation of the Fund in connection with special reports, audits, opinions, or other documentation requested by a Member or group of Members and not otherwise required to be delivered hereunder will, unless approved by Majority Consent, be charged to and paid by the Member(s) requesting the same. If any Member fails to make all or any portion of a payment required under this Section 4.5(f), such Member will pay interest on the outstanding unpaid amount from and including the date such amount became due until the date of payment at a rate per annum equal to the Prime Rate plus five percent (5%), and the Manager will be entitled to exercise such rights as may be available to the

Manager or the Fund at law or in equity to obtain payment of the amounts due (including without limitation the right of set-off).

Loans and Withdrawals of Capital

(a) No Member will be permitted to borrow against, or to make an early withdrawal of, any portion of its Capital Account; *provided* that any Member who becomes subject to ERISA may request to withdraw its Membership Interest from the Fund, which approval may be granted or withheld in the Manager's sole discretion.

Subject to the standards set forth in the Operating Agreement, any Member may obtain from the Manager information regarding the status of the business and financial condition of the Fund and such other information regarding the affairs of the Fund as is just and reasonable. The Manager is required to send certain reports to Members. See "Reports to Members."

Restrictions on Transfer

Investors must understand and represent that they are acquiring Interests for investment and not with a view to distribution or resale. Investors must bear the economic risk of investment for an indefinite period of time. Units will be offered for only a limited public sale under Regulation A, an exemption available under the Securities Act of 1933 and applicable state "Blue Sky" or securities laws. No public market is expected to develop for the Interests and Unit holders may not be able to liquidate their investment quickly.

Subject to Articles VI of the Operating Agreement, a Member generally may not withdraw from the Fund prior to its termination. Subject to compliance with applicable law, a Member may transfer his/her Interest in the Fund only with the consent, of the Manager, which the Manager in its sole and absolute discretion may withhold. Such consent in any event will not be given (**Cmt. 53**) if the Manager believes that such transfer (i) will jeopardize the status of the Fund as a partnership for federal income tax purposes or otherwise result in adverse tax consequences to the Fund or any Member, or (ii) will terminate the Fund for federal income tax purposes or violate or cause the Fund to violate, any applicable law, or (iii) is being made to a tax-exempt entity as such term is defined in Section 168(h) (2)(A) or in Section 511(a) or (b) of the Code or to an entity that is purchasing the Interests on behalf of such a tax-exempt entity, or (iv) is being made to a transferee who may directly or indirectly make or operate a secondary market or the substantial equivalent thereof in Limited Liability Fund Interests or any beneficial interest therein.

No transfer of any Member's interest in the Fund, whether voluntary or involuntary, will be valid or effective, and no transferee will become a substituted Member, unless the prior written

consent of the Manager has been obtained, which consent may be withheld by the Manager in its sole and absolute discretion.

A transferee who is to become a Member must meet the suitability standards and minimum purchase requirements applicable to an original subscriber residing in the state of such transferee and agrees to be bound by the Operating Agreement. Any purported of an interest in the Fund which is not in compliance with the Operating Agreement is null and void.

Transfer of Interest of Manager; Advisers Act

The Manager may not assign (as such term is defined in the Advisers Act and the rules and regulations thereunder) its Interest as Manager in the Fund or assign any of its rights or duties hereunder except with a Special Consent. The Manager as a Member, may however, assign all or any portion of the Manager's Membership Interest as provided in this Agreement.

Withdrawal of a Member

Except as otherwise provided in Article V or VII, a Member may not withdraw from the Fund prior to its termination. Withdrawals generally require sixty (60) days advance notice.

Removal of the Manager

Subject to the provisions of Sections 4.4 of the Operating Agreement, in the event the Manager is found by a court of appropriate jurisdiction (A) to have breached its fiduciary duties or committed fraud or any acts subject to criminal sanction punishable (if committed by an individual) by a term of imprisonment or (B) to have been grossly negligent or engaged in willful misconduct with respect to its material obligations under the Operating Agreement or the Delaware Limited Liability Company Act, the Members will be entitled, with Special Consent, to (x) remove the Manager and dissolve the Fund in accordance with Section 7.1 of the Operating Agreement or (y) require the Manager to assign, in accordance with Section 6.2(a) of the Operating Agreement, its entire interest as the Manager of the Fund, including all of its related rights and duties hereunder, but not its interest as a Member of the Fund, to a substituted Manager approved by Special Consent.

Term of Fund

The Fund exists until dissolved pursuant to Article VII of the Operating Agreement which provides for dissolution upon the happening of a number of events including, among other things, subject to the provisions of Section 7.1 of the Operating Agreement, the expiration of the Term of the Fund, which is December 31, 2020; a decision made by the Manager to dissolve the Fund which must be voted on by the Members; and, an action by Special Consent of the Members.

Reserves

The Manager is entitled to establish and maintain Reserves in any amount subject to the discretion of the Manager. The Reserve is initially established from the proceeds of this offering but such proceeds allocated to the Reserve will be invested in Projects to the extent that cash generated by

the Fund and set aside for the Reserve is sufficient to maintain the established Reserve. Distributions will therefore be diminished by the amount of cash set aside to maintain the Reserve. The amount of Reserves will be determined by the amount to be allocated to each Project, improvement of properties, taxes, and mortgage payments, in the case where the Fund obtains a loan or loans to complete the financing of a Project or Projects. (Cmt. 34). The Manager may, in its discretion provide for and Reserves in any amount for Fund expenses. (Cmt. 54).

Subject to the Delaware Limited Liability Company Act, the Manager will file a notice of dissolution in accordance with the Delaware Limited Liability Company Act and the Fund will be dissolved and its affairs will be wound up upon the earliest of

Subject to the Delaware Limited Liability Company Act, after all debts, liabilities and other obligations of the Fund have been satisfied or duly provided for, the remaining assets of the Fund will be distributed to the Members in accordance with Article IV of the Operating Agreement.

General Principles of Distribution (Cmt. 55)

Distributions prior to the dissolution of the Fund shall take the form of cash. Upon the dissolution of the Fund pursuant to Section 7.1 of the Operating Agreement, distributions may include cash or other assets of the Fund. Distribution will take the character of the underlying asset distributed.

Distribution of any property constituting all or any portion of a Fund Investment will be made to the Members in accordance with each Member's Contribution Percentage. In any distribution of property in kind, the Manager will not discriminate among the Members but will in any such distribution (i) distribute to the applicable Member property of the same type and (ii) if cash and property in kind are to be distributed simultaneously in respect of any Fund Investment, distribute cash and property in kind in the same proportion to each such Member. Property to be distributed in kind will be valued on a date as near as reasonably practicable to the date of such distribution with appropriate discounts, including a liquidity discount.

Sale of Fund Property

Subject to the provisions of Section 4.2 of the Operating Agreement, the Manager will have full power and authority to purchase, sell, exchange, trade, and otherwise deal in and with Fund Investments and other assets of the Fund.

Amendments

Subject to Section 9.1 of the Operating Agreement, amendments to the Operating Agreement may be made by the Manager with Majority Consent of the Members (Majority Consent means the approval of Members whose aggregate Contributions constitute at least a majority of the aggregate contributions of all Members) (Cmt. 56). The Manager may at any time without the consent of the Members amend the Schedule of Members to reflect any change required to be made therein pursuant to the terms of the Operating Agreement and other changes which are inconsequential and do not adversely affect the rights of the Members. The Schedule of Members may be amended to show a change of address of a Member, or to update a Member's capital contribution and/or Contribution Percentage.

The Manager will give written notice of any amendment to all Members, which notice will set forth (a) the text of the proposed amendment or (b) a summary thereof and a statement that the text thereof will be furnished to any Member upon request.

Meetings of Members

Regular meetings of the Members are not planned. However, the Operating Agreement provides that the Manager may call a meeting at any time.

Any action which may be taken at a meeting of the Manager and Members may be taken without a meeting if a consent in writing, setting forth the action so taken, is signed by a majority consent of the Members authorizing such action. Prompt notice of the taking of such action by less than unanimous written consent shall be given to those Members who have not consented in writing and to Members who have not affirmatively directed the voting of assigned limited liability company interests.

Limitations on Liability of the Manager; Indemnification

The Manager and its affiliates (the "indemnified parties") will have no liability for, and the Fund will indemnify such indemnified parties against, any losses, judgments, liabilities, expenses and amounts paid in settlement of any claims sustained by them in connection with the Fund. See "Fiduciary Responsibility of the Manager."

Power of Attorney

Each Member irrevocably constitutes and appoints the Manager as his/her attorney-in-fact to execute, acknowledge, deliver, swear to, file and record all instruments and all documents appropriate to carry out the provisions or purposes of the Operating Agreement.

REPORTS TO MEMBERS

The Fund will furnish Members with information relating to the Fund that is required to be set forth in the Member's individual federal income tax return no later than seventy-five (75) days after the end of each fiscal year. Not later than forty-five (45) days after the end of each calendar quarter, the Manager will prepare or cause to be prepared and will mail to each Member quarterly reports providing narrative and summary financial information on the Fund and the Fund Projects which shall include a balance sheet, income statement, cash flow statement and footnotes. INDUSTRY DATA

The trends in the commercial and residential real estate markets accross the country are of importance to investors. Analysis of these trends relates specifically to the business plans of the Fund as it enables the Fund to identify areas where real estate investment may be most profitably made. (Cmt. 57). According to an October 27, 2006 report published by McGraw-Hill Construction, "the value of new construction is forecast to reach \$668 billion in 2007 a decline of just 1% over 2006."²

For investors the question remains one of determining where and what type of real-estate investment will produce the greatest return with the least risk. To try and answer this question, the Urban Land Institute, a Washington-based non-profit planning and research group, and PricewaterhouseCoopers conducted a survey of 600 developers, investors, brokers, consultants and

lenders for their annual report entitled Emerging Trends in Real Estate, 2007 (www.uli.org). The survey suggests that commercial real estate is returning to its norm as an income-producing investment as cash flows continue to grow.³ For investors the recent pullback in the commercial real-estate market is good news, raising capitalization rates (the annual return on investment) by as much as 0.7 percentage points.⁴ In conclusion, the Report lists five U.S. cities as “global pathways” (cities positioned geographically to become international 24-hour hubs like New York and San Francisco) with bright futures for real-estate investment. These include New York, Seattle, San Francisco, Los Angeles and Washington.⁵

According to many analysts, residential real-estate markets are somewhat more problematic going forward following an increase of 58% in average home prices during the five years ended December 31, 2005.⁶ And although prices have declined since then, many analysts, including Former Federal Reserve Chairman Alan Greenspan in an October 26, 2006 speech to the Commercial Finance Association, see “early signs of stabilization” in the housing market.⁷ In fact many areas are projected to continue to remain “far above their levels” of a few years back according to the Office of Federal Housing Enterprise Oversight.⁸

A cover story in the October 2006 issue of Southeast Real Estate Business entitled “Residential Equals Retail” outlines the trend in combined use residential and retail development. Although the projects discussed are enormous developments ranging from 300,000 square feet to over 850,000 square feet the information is applicable to smaller developments. These projects, which are located in Louisiana, Virginia and northern Florida, include full-service restaurants, specialty food stores, office space and retail shops as well as residential housing.⁹

The Manager will investigate investment opportunities in various real estate markets, including those mentioned in this section, as the Manager intends to invest in Projects in different real estate markets. **(Cmt. 57)**. The Manager believes that a professional approach to building a diversified group of investments in different market areas will produce a better return for investors at a lower risk than could be achieved by separate investments in individual Projects.

Subject to compliance with applicable law, a Member may transfer his/her Interest in the Fund only with the consent, of the Manager, which the Manager in its sole and absolute discretion may withhold. To transfer Interests, a form which will be available from the Manager must be signed by both the transferor and transferee and returned to the Manager. Each transferring Member shall pay all reasonable expenses, including attorney's fees, incurred by the Manager or the Fund in connection with such transfer. No transfer of Interests in the Fund may be made to any person who is not a U.S. Person, except in the sole discretion of the Manager.

Throughout the Fund's term, the Manager is authorized, empowered, and directed to take whatever further steps are necessary to keep the Fund in good standing and in compliance with the Act, and the Manager will execute and file such other instruments, documents and certificates which, in the opinion of the Fund's legal counsel, may from time to time be required by the laws of any jurisdiction in which the Fund determines to conduct activities, or any political subdivision or agency thereof, or which such legal counsel may deem necessary, appropriate, or convenient to effectuate, implement, and continue the valid and subsisting existence and activities of the Fund.

2.2 Name of Fund.

The name of the Fund will be WFG Real Estate Income Fund, LLC, or such other name as the Manager may hereafter adopt upon (i) filing an appropriate amendment with the Secretary of State of the State of Delaware and (ii) sending notice thereof to the Members. The Fund will have the exclusive ownership and right to use the Fund name so long as the Fund continues, but upon the Fund's termination, the Fund will assign the name and the goodwill attached thereto to the Manager upon its request.

2.3 Principal Office.

The address of the principal office of the Fund is 117 Towne Lake Parkway, Suite 214, Woodstock, GA 30188. The Manager may change such place of business or establish additional places of business of the Fund as it may determine to be necessary or desirable. The Manager will promptly notify each Member of any such change in accordance with Section 9.3.

2.4 Term of Fund.

(a) The term of existence of the Fund ("Term") commenced on the date on which the Certificate was filed with the Secretary of State of the State of Delaware and will continue until December 31, 2020, unless the Fund is sooner dissolved as provided in this Agreement.

(b) Except as provided in the Act, the death, mental illness, dissolution, termination, liquidation, bankruptcy, reorganization, merger, sale of substantially all of the stock or assets of or other change in the ownership or nature of a Member, the admission to the Fund of a new Member, the withdrawal of a Member from the Fund, or the Transfer by a Member of its interest in the Fund to a third party will not cause the Fund to dissolve.

(c) If, in the opinion of counsel to the Fund, changes in applicable law after formation of the Fund have materially adversely affected the ability of the Fund to pursue its investment objectives, the Manager may elect to cause an early termination of the Fund.

2.5 Objectives of Fund.

While the Fund's initial objective is to invest in real estate properties in different markets, the Fund has the power to engage in any business permitted to limited liability companies under the laws of the State of Delaware.

The Fund may execute, deliver, and perform all contracts, agreements, and other undertakings and engage in all activities and transactions as may in the opinion of the Manager be necessary, appropriate, or convenient to carry out the foregoing objectives.

Such Contribution Percentage may change from time to time to reflect changes in (i) or (ii) above.

(c) The Manager shall not be required to make any capital contributions in its capacity as Manager of the Fund or otherwise. Notwithstanding the foregoing, the Manager or any of its officers, directors or shareholders may purchase Membership Interests, and to the extent of any such purchase, shall be treated and considered as Members. 3.3 Temporary Investment of Funds.

Subject to a determination by the Manager in its sole discretion as to the amount of cash required in connection with the conduct of the Fund's activities, the Manager may deposit or invest all cash held by the Fund, including all amounts being held by the Fund for future investment in Fund Investments, payment of Fund Expenses, or distribution to the Members, in interest-bearing bank accounts, obligations of the United States government, its agencies, or instrumentalities; commercial paper; repurchase agreements; money market mutual funds; and, other short-term money market instruments.

(xii) to commence or defend litigation that pertains to the Fund or any Fund assets;

(xiii) to provide office space, staff, supplies, and equipment for the Fund's offices;

(xvi) subject to the other terms and provisions of this Agreement, to cause the Fund to engage in Borrowings for any purposes.

(c) The Manager agrees to use its reasonable efforts to operate the Fund in such a way that (i) registration of the Fund as an "investment company" under the Investment Company Act will not be required; and, (ii) the Manager will be in compliance with the Advisers Act. The Manager is hereby authorized to take any action it has determined to be necessary, appropriate or convenient in order for the Fund not to be in violation of the Investment Company Act or for the Manager not to be in violation of the Advisers Act, including making structural, operating, or other changes in the Fund, making structural or other changes in any Fund Investment, requiring the sale in whole or in part of any Member's Interest in the Fund, or dissolving the Fund (pursuant to Section 7.1(b)); *provided* that any such change, cancellation, or requirement required as a result of a misrepresentation by, or internal change affecting, only one Member will, to the extent possible, be made in such a way as is reasonably acceptable to and will adversely affect only that Member.

(d) The Manager will be the tax matters partner for purposes of Section 6231(a)(7) of the Code. Each Member agrees not to treat, without prior written notice to the Manager accompanied by an explanation by such Member's counsel, on its U.S. Federal income tax return, if any, or in any claim for a refund, any item of income, gain, loss, deduction, or credit in a manner inconsistent with the treatment of such item by the Fund as reflected in the information furnished to such Member pursuant to Section 8.2. The Manager will have the exclusive authority and discretion to make any elections required or permitted to be made by the

Fund under any provisions of the Code (including the election to be treated as a partnership for U.S. tax purposes) or any other revenue laws; *provided* that the Manager will not elect for the Fund to be excluded from the partnership taxation provisions of Subchapter K of the Code.

(e) The Manager will not permit the Fund to make any Fund Investment in any jurisdiction in which the making, holding, administering, or disposing of a Fund Investment by or on behalf of the Fund or exercise of any rights of a Member hereunder would cause the Members to lose their limited liability as provided by the Act. The Manager will be entitled to obtain and rely upon a legal opinion of counsel in such jurisdiction to such effect.

(f) The Manager may delegate to any Person or Persons any of the powers and authority vested in it pursuant to this Section 4.1 and may engage such Person or Persons to provide administrative and accounting services to the Fund, on such terms and conditions as it may consider appropriate; *provided* that the Manager will make all decisions with respect to the acquisition or disposition of Fund Investments and the exercise of any rights relating thereto, and the Manager will make all decisions with respect to all other investment management matters; and *provided further* that no such delegation will modify the obligations or liabilities of the Manager as a manager under the Act or under this Agreement.

4.2 Fund Investments.

(a) Subject to Sections 4.4, 4.6, and 9.1, the Manager will have complete and exclusive responsibility for all investment and investment management decisions to be undertaken on behalf of the Fund. Without limiting the foregoing, the Manager will have full power and authority:

(i) to purchase, sell, exchange, trade, and otherwise deal in and with Fund Investments and other assets of the Fund;

(ii) to make all decisions relating to the manner, method, and timing of investment transactions, to select brokers, dealers, or other financial intermediaries (including any firms with which the Manager is affiliated or associated) for the execution, clearance, and settlement of any transactions on such terms as the Manager considers appropriate, and to grant limited discretionary authorization to such persons with respect to price, time, and other terms of investment and trading transactions;

(iii) to borrow on behalf of the Fund for any purpose; and,

(iv) to arrange for the custody of Fund Investments acquired or held on behalf of the Fund, to direct custodians to deliver funds or securities for the purpose of effecting transactions, and to instruct custodians to exercise or abstain from exercising any right or privilege attaching to assets.

4.3 Management Fee.

The Manager will receive no Management Fee for managing the Fund.

4.4 Members' Removal Rights.

In the event the Manager is found by a court of appropriate jurisdiction (A) to have breached its fiduciary duties or committed fraud or any acts subject to criminal sanction punishable (if committed by an individual) by a term of imprisonment or (B) to have been grossly negligent or engaged in willful misconduct with respect to its material obligations under this Agreement or the Act, the Members will be entitled, with Special Consent, to (x) remove the Manager and dissolve the Fund in accordance with Section 7.1 or (y) require the Manager to assign, in accordance with Section 6.2(a), its entire interest as the Manager of the Fund, including all of its related rights and duties hereunder, but not its interest as a Member of the Fund, to a substituted Manager approved by Special Consent.

4.5 Expenses.

The Fund will pay for the following expenses of the Fund (collectively, "Fund Expenses"):

(a) The Fund will pay all expenses of organizing the Fund ("Organizational Expenses"), including without limitation all selling expenses, reasonable accounting fees, legal fees, printing costs, travel expenses, and other expenses incurred by the Manager or the Fund in connection with the Regulation A offering of the 10% priority Membership Interests; *provided* that Organizational Expenses shall not include any legal fees and expenses of the Members (including any legal fees and expenses incurred jointly by two or more of the Members), such amounts to be paid by the Members which incurred the fees and expenses.

(b) The Fund will pay its own operating expenses ("Operating Expenses"), including the expenses of third party service providers such as legal counsel and accountants, taxes, fees and government charges, transaction costs relating to investment operations, Management Fees; travel and entertainment directly associated with Fund Investments and overhead expenses such as office and equipment rental properly allocable to the Fund. Fund Expenses may be paid (or reimbursed to the Manager to the extent initially paid by the Manager) from Contributions or from Fund Investment Receipts.

(c) The Fund will pay to the Manager an overhead allowance of \$10,000 per month. The Manager will pay for office and travel expenses and other costs incurred in connection with the supervision of Fund Investments. To the extent that its costs in connection with such activities exceed the overhead incurred by the Manager in connection with Fund Investments, such costs will be borne by the Manager.

(d) The Manager will pay its own operating and overhead expenses not directly related to a Fund Investment or prospective investment. All operating and overhead expenses of the Manager allocable to the Fund shall be documented in a manner which permits them to be audited and verified as properly allocated.

(e) The Manager will have discretion to pay Operating Expenses and Organizational Expenses from Contributions, from Investment Receipts.

(f) Any extraordinary out-of-pocket expenses incurred by the Manager subsequent to the formation of the Fund in connection with special reports, audits, opinions, or other documentation requested by a Member or group of Members and not otherwise required to be delivered hereunder will, unless approved by Majority Consent, be charged to and paid by the Member(s) requesting the same. If any Member fails to make all or any portion of a payment required under this Section 4.5(f), such Member will pay interest on the outstanding unpaid amount from and including the date such amount became due until the date of payment at a rate per annum equal to the Prime Rate plus five percent (5%), and the Manager will be entitled to exercise such rights as may be available to the Manager or the Fund at law or in equity to obtain payment of the amounts due (including without limitation the right of set-off).

4.6 Rights of Members.

Except as otherwise provided in this Agreement, the Members will take no part in the management or control of the Fund's business. Members have a limited right to vote only on major transactions affecting the Fund (removal of manager, sale, exchange of all assets, liquidation) as set forth herein or as required by applicable law. Except as otherwise provided by law, the liability of each Member is limited to the amount of its Contribution.

4.7 Other Activities.

(a) The Manager will be required to devote such time to the affairs of the Fund as in the reasonable judgment of the Manager may be necessary to manage and operate the Fund and will be free to serve any other Person in any capacity that it may deem appropriate in its discretion.

(b) Each Member agrees that, subject to the other provisions hereof and to the extent permitted by applicable law (including without limitation the Advisers Act), the Manager and any other Member (and any partner, director, officer, member, shareholder, affiliate, or employee thereof) may engage in or possess an interest in other business ventures or commercial dealings of every kind and description, independently or with others, including without limitation management of other accounts, investment in, or financing, acquisition, and disposition of, securities, investment, and management counseling, brokerage services, serving as director, officer, adviser, or agent of any other company, partner of any partnership, or trustee of any trust, or entering into any other commercial arrangements, whether or not any such activities may conflict with any interest of the parties with respect to the Fund. The Members expressly agree that, except as otherwise provided herein, neither the Manager nor the Members will have any rights in or to such activities or any profits derived therefrom.

4.8 Duty of Care; Indemnification.

(a) The Manager shall not be liable, responsible or accountable in damages or otherwise to any Member or the Fund for, and the Fund shall indemnify, defend and save Manager harmless from and against, any loss or damage incurred by reason of any act or omission performed or omitted by the Manager on behalf of the Fund in a manner believed by the Manager to be within the scope of the authority granted to it by this Agreement or under the Act; *provided* that the Manager was not guilty of gross negligence, willful misconduct or fraud

with respect to such act or omission. Any act or omission performed or omitted on advice of counsel, accountants and other independent experts to the Fund shall be conclusively deemed to have been performed or omitted without gross negligence, willful misconduct or fraud. The Manager may rely upon, and shall be protected in acting or refraining from acting based upon, any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, order, bond, debenture or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties. Nothing herein shall limit the liability of the Manager to the Fund or the other Members with respect to (i) claims or damage resulting from such Manager's fraud, gross negligence or willful malfeasance and (ii) breach of any employment or other contract between the Manager and the Fund.

(b) The Fund shall indemnify, defend and hold harmless to the fullest extent permitted by applicable law the Manager and the shareholders, controlling persons, officers, directors, employees and Affiliates of the Manager (herein referred to as "Manager Indemnitees") from and against any and all loss, claims, damages, liabilities joint and several, expenses, judgments, fines, settlements and other amounts (including reasonable legal fees and expenses) arising from any and all claims, demands, actions, suits or proceedings (civil, criminal, administrative or investigative) in which they may be involved, as a party or otherwise, by reason of (i) any act performed by any of them, or any omission or failure to act by any of them, if the performance of such act or such omission or failure to act was within the scope of the authority conferred upon the Manager by this Agreement or by law; or (ii) their management of, or involvement in, the business, operations or transactions of the Fund, or rendering of advice or consultation with respect thereto, or which relate to the Fund, the Fund Projects, or the properties, business, operations or transactions of the Fund; provided in all cases that in connection therewith the Manager Indemnitee shall have met the standard of care described in Section 4.8(a).

(c) The Fund shall indemnify, defend and hold harmless to the fullest extent permitted by applicable law the Members and the partners, shareholders, controlling persons, officers, directors, employees and Affiliates of the Members (herein referred to as "Member Indemnitees") from and against any and all loss, claims, damages, liabilities joint and several, expenses, judgments, fines, settlements and other amounts (including reasonable legal fees and expenses) arising from any and all claims, demands, actions, suits or proceedings (civil, criminal, administrative or investigative) in which they may be involved, as a party or otherwise, by reason of any act performed by any of them, or any omission or failure to act by any of them, if the performance of such act or such omission or failure to act (i) was within the powers, rights and authority granted to such Member Indemnitees herein, and (ii) did not otherwise violate or contravene any provisions of this Agreement; *provided* that the Member Indemnities were not guilty of gross negligence, willful misconduct or fraud with respect to such act or omission.

ARTICLE V
DISTRIBUTIONS; CAPITAL ACCOUNTS; ALLOCATIONS

5.1 Distributions Generally.

Subject to the Act and the provisions of Article VII, distributions will be made in accordance with this Article V. Except as expressly set forth below, all calculations with respect to distributions will be made on the basis of each Member's Contribution Percentage.

5.2 Fund Investment Receipts.

(a) Any amounts received by the Fund from Fund Investments, whether such receipts constitute returns of capital, premium returns or contingent compensation and Interest Income, are referred to in this Agreement as "Fund Investment Receipts." Fund Investment Receipts will be accounted for and tracked on a Project-by-Project basis.

(b) Fund Investment Receipts, net of all Fund Expenses allocable to the related Fund Investment ("Net Fund Investment Receipts"), will be treated as follows:

(i) Prior to the 36th month anniversary of the date the Offering terminates (the "Investment Cutoff Date"), Net Investment Receipts from each Fund Investment in each Project, up to and including an amount equal to that Fund Investment ("Return of Capital"), will be retained by the Fund and re-invested in Fund Projects. After the Investment Cutoff Date the Fund will make no further Fund Investments.

(ii) After the Investment Cutoff Date, Net Fund Investment Receipts which represent Return of Capital (i.e., up to an amount equal to the corresponding Fund Investment), after the establishment of any Reserves, will be distributed at least annually to all Members, in proportion to their Contributions Percentages, as follows: (1) 100% to all Members until they have received a return of their investment plus a 10% per annum cumulative priority return on their investment.

(iii) Net Fund Investment Receipts received in excess of Return of Capital plus the 10% cumulative priority return, regardless of when received, after the establishment of any Reserves, will be distributed to the Manager until the Manager shall have received its 40% interest in the Net Income of the Fund as described in Section 5.5(b); and

(iv) thereafter, after payment of the Manager's 40% Net Income percentage, to the Members *pro rata* to their Contribution Percentages.

5.3 General Principles of Distribution.

(a) Distributions prior to the dissolution of the Fund shall take the form of cash. Upon the dissolution of the Fund pursuant to Section 7.1, distributions may include cash or other assets of the Fund. Distribution will take the character of the underlying asset distributed.

(b) Subject to Section 5.2 and Article VII, any distribution of any securities or other property constituting all or any portion of a Fund Investment will be made to the Members in accordance with each Member's Contribution Percentage. In any distribution of property in kind, the Manager will not discriminate among the Members but will in any such distribution (i) distribute to the applicable Member property of the same type and (ii) if cash and property in kind are to be distributed simultaneously in respect of any Fund Investment, distribute cash and property in kind in the same proportion to each such Member. Property to be distributed in kind will be valued on a date as near as reasonably practicable to the date of such distribution with appropriate discounts, including a liquidity discount. To the extent property to be distributed in kind cannot be reasonably divided among the Members, the Manager will make such divisions and distributions to the Members as it determines appropriate without adversely affecting the economic interests of the Members.

Notwithstanding the foregoing, if any Member notifies the Manager that such Member is prohibited by applicable law or regulation from holding directly the property to be distributed in kind, the Manager will, in lieu of making such distribution in kind to such Member and to the extent permitted by applicable law, use reasonable efforts to sell such property on such Member's behalf on terms acceptable to such Member and, upon such sale, the Manager will promptly distribute to such Member the net proceeds of such sale.

(c) Notwithstanding the distribution provisions of Section 5.2, if the cumulative historic tax liability of the Manager calculated based on the Tax Rate, as of the date of distribution with respect to income or gain previously allocated to the Manager (after taking into account any loss or deduction allocated to the Manager for all fiscal years, or portions thereof, ending on or before such distribution date), exceeds the cumulative distributions made to the Manager through such distribution date pursuant to Section 5.2, the Manager will receive a distribution (an "Advance Tax Distribution") in an amount equal to such excess tax liability and the amount distributed to the Members pursuant to Section 5.2 will be reduced by the amount of such excess tax liability. The Advance Tax Distribution will be treated as an advance against any amounts otherwise distributable to the Manager hereunder and will be repaid to the Fund (for distribution to the Members under Section 5.2) out of the next amounts otherwise distributable to the Manager hereunder.

(d) Any withholding or other taxes imposed on any proceeds from a Fund Investment solely by reason of a Member's interest in the Fund will be deemed to have been distributed to such Member pursuant to Section 5.2. Notwithstanding anything else contained in this Agreement, the Manager may, in its sole discretion, withhold from any distribution of cash prior to dissolution to any Member pursuant to this Agreement, the following amounts:

(i) any amounts due from such Member to the Fund or the Manager pursuant to this Agreement to the extent not otherwise paid; and

(ii) any amounts required to pay or reimburse (A) the Fund for the payment of any taxes properly attributable to such Member or (B) the Manager for any advances made by the Manager for such purpose.

(e) In the event of an assignment by the Manager of its entire interest as the Manager in the Fund pursuant to Section 6.2(a), all distributions thereafter payable to the Manager pursuant to Section 5.2 (other than in its capacity as a Member) will be paid to the new Manager; provided that any distributions which are attributable to values or other amounts which accrued prior to the effective date of such assignment will be distributed to the former Manager.

5.4 Loans and Withdrawals of Capital.

(a) No Member will be permitted to borrow against, or to make an early withdrawal of, any portion of its Capital Account; *provided* that any Member who becomes subject to ERISA may request to withdraw its Membership Interest from the Fund, which approval may be granted or withheld in the Manager's sole discretion.

(b) Members may not redeem their investments in the Fund prior to the Investment Cutoff Date except with the prior written consent of the Manager. Withdrawals will generally require a minimum of sixty (60) days advance notice.

5.5 Capital Accounts; Allocations.

(a) **Capital Accounts.** There will be established for each Member on the books and records of the Fund a capital account (a "Capital Account"), which will initially be zero. The Capital Account of each Member will be:

- (i) credited with any Contributions made by such Member to the Fund;
- (ii) credited with any allocations of income, profit, or gain made to such Member under this Section 5.5;
- (iii) debited by the amount of cash or the fair market value of any property distributed to such Member; and,
- (iv) debited by any allocation of expense, deduction, or loss made to such Member under this Section 5.5.

It is intended that the Capital Accounts will be maintained at all times in accordance with Section 704 of the Code and applicable U.S. Treasury Regulations thereunder, and that the provisions hereof relating to the Capital Accounts be interpreted in a manner consistent therewith. The Manager will be authorized to make appropriate amendments to the allocations of items pursuant to this Section 5.5 in its discretion to comply with Section 704 of the Code or applicable U.S. Treasury Regulations thereunder; *provided* that no such change will have an adverse effect upon the amount distributable to any Member hereunder.

Except as otherwise provided in this Section 5, the respective share of each Member in all Fund Net Income and Net Loss and each item of Fund income, gain, loss, deduction, credit and tax preference with respect thereto, including depreciation and any investment tax credit for each taxable year (all as computed for federal income tax purposes) shall be allocated to the Members in proportion to their Percentage Interest.

(b) Allocation of Net Income. After giving effect to the tax allocations described in Section 5.6, Net Income shall be calculated and allocated as follows:

(i) first, 100% to the Members until they have been allocated Net Income pursuant to this Section 5.5(b) equal to the aggregate amount of Net Losses allocated to such Persons pursuant to Section 5.5(d) plus a ten percent (10%) priority return on the Members' capital invested in the Fund;

(ii) not less than annually, after the allocations in (i) above, a Net Profits Allocation to the Manager equal to forty percent (40%) of the remaining pro-rata Net Income of the Fund, allocable to the Capital Account of each Member. Each Member will be charged for any such allocations attributable to its account, provided that the Manager in its discretion may waive any such Allocation to the Capital Account of any Member, based on who is the Manager or any officer, director or shareholder of the Manager; and

(iii) thereafter 100% to the Members.

(c) Allocation of Fund Expenses. Fund Expenses will be borne by the Fund and paid from Contributions or from Investment Receipts and allocated to each Member in accordance with its Contribution Percentage.

(d) Allocation of Net Losses. All net losses or deductions derived from Fund operations will be generally allocated first to offset any Net Income previously allocated and thereafter 100% among the Members in accordance with each Member's Contribution Percentage.

(e) General Allocations. Prior to dissolution of the Fund, the Fund's remaining net income or net loss (after giving effect to all other allocations in this Article V), and each item of income, gain, loss, deduction, or expense included in the determination of such net income or net loss, will be allocated among the Members in a manner consistent with the corresponding distributions made or to be made pursuant to this Article V.

(f) Allocations upon Dissolution. Upon the dissolution of the Fund, the realized gains and losses of the Fund attributable to sales of Fund Investments pursuant to Section 7.3 and the unrealized gains and losses in any Fund Investments to be distributed in kind pursuant to Section 7.3 will be allocated among the Members in a manner consistent with the distribution principles set forth in this Article V (i.e. so that each Member's Capital Account balance is (to the maximum extent possible) equal to the amount which would be distributable to such Member in liquidating distributions).

5.6 Tax Allocations.

For all income tax purposes, each item of income, gain, loss, deduction, and credit of the Fund (as computed for tax purposes) will be allocated among the Members as nearly as possible in the same manner as the corresponding item of income, gain, loss, deduction or credit

is allocated pursuant to Section 5.5 (and in accordance with the provisions of the U.S. Treasury Regulations under Section 704 of the Code applicable to allocations for tax purposes).

ARTICLE VI TRANSFERS/REDEMPTIONS

6.1 Transfer of Interests of Members.

(a) No Transfer of any Member's interest in the Fund, whether voluntary or involuntary, will be valid or effective, and no transferee will become a substituted Member, unless the prior written consent of the Manager has been obtained, which consent may be withheld by the Manager in its sole and absolute discretion. Transfer of Membership Interests is also restricted under the Securities laws and the terms of the Subscription Agreement.

(b) The transferring Member, or its legal representative, will give the Manager written notice before making any voluntary Transfer and within thirty (30) days after any involuntary Transfer provide notice thereof to the Manager. If a Transfer occurs by reason of the death of a Member or assignee, the notice may be given by the duly authorized representative of the estate of the Member or assignee. The notice must be supported by proof of legal authority and valid assignment acceptable to the Manager.

(c) In the event any Transfer permitted by this Section 6.1 could result in multiple ownership of any Member's Interest in the Fund, the Manager may require one or more trustees or nominees to be designated to represent a portion of or the entire interest transferred for the purpose of receiving all notices which may be given and all payments which may be made under this Agreement and for the purpose of exercising the rights which the transferor as a Member had pursuant to the provisions of this Agreement.

(d) No transferee of a Membership Interest will be entitled to any rights or benefits under this Agreement, including without limitation the rights of a Member, as a result of such transfer until it becomes a substituted Member. A transferring Member will remain liable to the Fund to the extent required under applicable law regardless of whether its transferee becomes a substituted Member. The Fund and the Manager will incur no liability for allocations and distributions made in good faith to the transferring Member until a written instrument of transfer has been received by the Fund and recorded on its books and the effective date of the Transfer has passed.

(e) Each Member agrees with all other Members that it will not make or attempt to make any Transfer of its Interest in the Fund except in accordance with this Section 6.1.

(f) Any other provision of this Agreement to the contrary notwithstanding, the Manager prior to consenting to any Transfer in accordance with this Section 6.1 (i) may require the transferring Member to execute and acknowledge an instrument of transfer in form and substance satisfactory to the Manager and to reimburse the Fund for all expenses reasonably incurred in connection with the Transfer and (ii) will require the transferee to make certain representations and warranties to the Fund and Members, to accept, adopt and approve in writing

all of the terms and provisions of this Agreement, and to agree to be bound thereby. A transferee will become a substituted Member effective upon the satisfaction of all of the conditions for such Transfer contained in this Section 6.1 on the date specified by the Manager.

(g) No Member may transfer his/her Interest, or a portion thereof, unless the transferee certifies in writing to the Manager as follows: (i) Such transferee, or beneficial owner meets the suitability requirements mandated by the Fund and, as may be imposed by the jurisdictions in which the Interests are sold; (ii) Such transferee is not tax-exempt entity as such term is defined in Section 168(h) (2)(A) or in Section 511(a) or (b) of the Code or an entity that is purchasing the Interests on behalf of such a tax-exempt entity; (iii) Such transferee is not subject to backup withholding under the provisions of Section 3406(a)(1)(c) of the Code, and such transferee has non-foreign status for Federal income tax purposes; (iv) Such transferee has provided the Manager with his/her correct taxpayer identification number; and, (v) Such transferee agrees that he will not directly or indirectly make or operate a secondary market or the substantial equivalent thereof for Fund Interests or any beneficial interest therein.

(h) In the event of a Transfer or in the event of a distribution of assets of the Fund to any Member, the Fund, in the sole and absolute discretion of the Manager, may, but will not be required to, file an election under Section 754 of the Code and in accordance with the applicable U.S. Treasury regulations, to cause the basis of the Fund's assets to be adjusted for Federal income tax purposes as provided by Sections 734 or 743 of the Code.

6.2 Transfer of Interest of Manager; Advisers Act.

(a) The Manager may not assign (as such term is defined in the Advisers Act and the rules and regulations thereunder) its Interest as Manager in the Fund or assign any of its rights or duties hereunder except with a Special Consent. The foregoing prohibition shall not prevent the Manager as Member from assigning all or any portion of the Manager's Membership Interest as provided in this Agreement. An assignment made in accordance with this Section 6.2(a) will not take effect until the Manager and the substituted Manager will have signed an assignment and accession agreement pursuant to which the substituted Manager agrees to assume and be bound by all provisions hereof. In the event the Manager is required, pursuant to Section 4.4, to assign its entire Interest as the Manager in the Fund, the Manager (if it is also a Member) will have the right but not the obligation to withdraw as a Member from the Fund effective from the date of such assignment and will not be required to make any additional Contributions. Upon such withdrawal, the Manager will receive a distribution of cash in an amount equal to the fair value of the Manager's Interest as a Member of the Fund, such fair value to be determined by an independent valuation conducted by a Person proposed by the Manager and approved by Majority Consent. In the event that the Members do not so approve the Person proposed by the Manager to conduct such independent valuation within thirty (30) days after the Manager's written proposal, each of the Manager and the Fund's accountants will appoint a Person to each conduct independent valuations to determine the fair value of the Manager's Interest as a Member of the Fund, and the fair value of the Manager's Interest as a Member for purposes of this Section 6.2(a) will be equal to the average of the fair values determined pursuant to the independent valuations conducted by such two Persons.

(b) Notwithstanding Section 6.2(a) hereof, the Manager may, without obtaining Special Consent or any other approval of the Members, assign from time to time a portion or all of its entire beneficial, but not legal, Interest in the Fund, whether as the Manager or a Member, including without limitation its entitlement as the Manager to receive distributions from time to time pursuant to Section 5.3 hereof and the related allocations, to individuals who provide services to the Manager or its Affiliates (or a spouse of any such individual or a Person controlled by any such individual), as from time to time selected and determined by the Manager, on such terms and conditions as may be approved by the Manager, *provided* that no such assignment will modify the obligations of the Manager as a Manager under the Act or under this Agreement.

6.3 Redemptions

Members may not redeem their investments in the Fund prior to the Investment Cutoff Date. After the Investment Cutoff Date Membership Interest may be redeemed in the sole discretion of the Manager. Members agree to give the Manager thirty days (30) prior written notice of intent to redeem their Membership Interests.

ARTICLE VII LIQUIDATION

7.1 Dissolution.

Subject to the Act, the Manager will file a notice of dissolution in accordance with the Act and the Fund will be dissolved and its affairs will be wound up upon the earliest of

- (a) the expiration of the Term of the Fund provided in Section 2.4(a);
- (b) a decision made by the Manager, pursuant to Section 2.4(c) hereof, to dissolve the Fund; and
- (c) an action by Special Consent of the Members pursuant to Section 4.4 hereof.

7.2 Liquidation of Fund Interest.

Upon dissolution of the Fund, the Manager as liquidator will promptly liquidate the business and administrative affairs of the Fund, unless a court of competent jurisdiction otherwise orders on the application of any Member or creditor of the Fund.

7.3 Distribution Upon Dissolution of the Fund.

Upon dissolution of the Fund, the Manager or other person acting as liquidator winding up the affairs of the Fund will determine in its discretion which assets of the Fund will be sold and which assets of the Fund will be retained for distribution in kind to the Members. Subject to the Act, after all debts, liabilities and other obligations of the Fund have been satisfied or duly provided for, the remaining assets of the Fund will be distributed to the Members in accordance with Article IV.

7.4 Withdrawal of a Member.

(a) Except as otherwise provided in Article V or VI, a Member may not withdraw from the Fund prior to its termination. Withdrawals generally require sixty (60) days advance notice.

(b) Upon the death or incompetency of an individual Member, such Member's executor, administrator, guardian, conservator, or other legal representative may exercise all of such Member's rights for the purpose of settling such Member's estate or administering such Member's property.

(c) Except as expressly provided in this Agreement, no event affecting a Member (including bankruptcy or insolvency) will affect the Fund.

ARTICLE VIII BOOKS AND RECORDS; ACCOUNTING AND VALUATIONS

8.1 Books and Records; Accounting Method.

(a) The Manager will maintain or cause to be maintained at its principal office (or at such other place as the Manager will advise the Members in writing) complete and accurate books and records of the Fund required by law, this Agreement, or otherwise. Such books and records will be available, upon five (5) Business Days' advance notice to the Manager, for inspection and copying at reasonable times during business hours by each Member or its duly authorized agents or representatives for a purpose reasonably related to such Member's Interest in the Fund.

(b) Except as otherwise expressly provided herein, the Fund's books of account, for purposes of the reports to be given to Members pursuant to Section 8.2, will be kept in accordance with generally accepted accounting principles, except that valuations of Fund Investments will be determined in accordance with Section 8.2.

(c) Except for information otherwise required to be provided or made available to Members pursuant to this Agreement, the Manager may keep confidential from the Members any information that the Fund or the Manager is required by law or by agreements with any Person to keep confidential.

8.2 Reports.

(a) The books of accounts and records of the Fund will be audited as of the end of each Fiscal Year by the Fund's independent certified public accountants. The Fund's independent public accountants will be reputable independent certified public accounting firms selected from time to time by the Manager in its discretion; *provided* that each time the Manager selects a new independent certified public accounting firm for the Fund, the Manager will either (i) arrange for the previous and the newly engaged accounting firm each to provide a letter to the Members confirming whether any material disagreement existed between the previous

accounting firm and the Manager with respect to any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure relating to the Fund or (ii) obtain Majority Consent for such new accounting firm.

(b) Not later than forty-five (45) days after the end of each calendar quarter, the Manager will prepare or cause to be prepared and will mail to each Member quarterly reports providing narrative and summary financial information on the Fund and the Fund Projects.

(c) Not later than ninety (90) days after the end of each Fiscal Year, the Manager will prepare or cause to be prepared and will mail to each Member audited financial statements of the Fund.

(d) Within seventy-five (75) days after the end of each Fiscal Year, the Manager will prepare or cause to be prepared and transmit to each Member such information as may be required to enable each Member to report for U.S. Federal income tax purposes its distributive share of each item of Fund income, gain, loss, deduction, or credit for such year, including information as to any unrelated business taxable income and copies of all tax returns filed by the Fund in the United States or any other jurisdiction. The Manager will mail such materials to (i) each Member and (ii) each former Member (or its successors, assigns, heirs, or personal representatives) who may require and request in writing such information in preparing its U.S. Federal income tax return.

(e) The Manager will upon the written request of, and at the expense of, a Member (i) promptly furnish to such Member any information such Member may require or reasonably request in addition to or other than the information set forth in Section 8.2(c) and (ii) render reasonable assistance to such Member to obtain available refunds or credits of (or reductions in or exemptions from) taxes incurred or withheld by the Fund with respect to such Member's share of Fund income or gain.

Reports and audited financial statements will not be provided to assignees who are not substituted limited partners.

ARTICLE IX GENERAL PROVISIONS

9.1 Amendment of Agreement.

(a) Except as otherwise provided in this Section 9.1, this Agreement may be amended, in whole or in part, by the consent of the Manager with Majority Consent of the Members; *provided* that no amendment of this Agreement will:

(i) without Special Consent, amend Section 2.4, Section 4.4, or this Section 9.1;

(ii) without the approval of each adversely affected Member (if any), (A) increase the liability of a Member beyond the liability of such Member expressly set forth in this Agreement or otherwise adversely modify or affect the limited liability of such Member, (B) decrease the interest in the Fund of any Member (other than as elsewhere specifically provided in this Agreement), or (C) change the method of calculation of distributions or allocations made under Article IV to any Member; or,

(iii) without the approval of Members making Contributions representing the percentage of Contributions specified in any provision of this Agreement required for any action or approval of the Members, amend such provision.

(b) The Manager may at any time without the consent of the Members:

(iv) amend the Schedule of Members annexed hereto to reflect any change required to be made therein pursuant to the terms of this Agreement;

(v) correct a mistake, clerical or technical error, ambiguity, or omission of this Agreement;

(vi) restate this Agreement together with any amendments hereto which have been duly adopted in accordance herewith, to incorporate such amendments in a single, integrated document; and

(vii) amend this Agreement (other than with respect to the matters set forth in Section 9.1(a)) to effect compliance with any applicable law or regulation; *provided* that any such amendment that would adversely affect any Member will be adopted in accordance with Section 9.1(a)(ii).

(c) The Manager will give written notice of any amendment to this Agreement (other than any amendment of the type contemplated by clause (i), (ii) or (iii) of Section 9.1(b)) to all Members, which notice will set forth (x) the text of the proposed amendment or (y) a summary thereof and a statement that the text thereof will be furnished to any Member upon request.

9.2 Special Power of Attorney.

(a) Each Member hereby irrevocably and forever makes, constitutes, and appoints the Manager, with full power of substitution, the true and lawful representative and attorney-in-fact of, and in the name, place and stead of, such Member, with the power from time to time to make, execute, sign, acknowledge, swear to, verify, deliver, record, file and/or publish

(i) an amendment to this Agreement which complies with the provisions of this Agreement (including the provisions of Section 9.1);

(ii) any admission agreement admitting additional Members to the Fund in accordance with the terms of this Agreement; and

(iii) all such other instruments, documents, and certificates which, in the opinion of legal counsel to the Fund, may from time to time be required by the laws of the State of Delaware, the United States, or any other jurisdiction in which the Fund may determine to have investments or activities, or any political subdivision or agency thereof, or which such legal counsel may deem necessary or appropriate to effectuate, implement, and continue the valid and subsisting existence and business of the Fund as a Delaware limited liability company or to effect the dissolution or termination of the Fund, including without limitation any signature(s) to this Agreement and/or any amendment or supplement thereto, on behalf of such Member.

(b) Each Member is aware that the terms of this Agreement permit certain amendments to this Agreement to be effected and certain other actions to be taken or omitted by or with respect to the Fund without the consent of such Member. If an amendment of the Certificate or this Agreement or any action by or with respect to the Fund is taken by the Manager in the manner contemplated by this Agreement, each Member agrees that, notwithstanding any objection which such Member may assert with respect to such action, the Manager is authorized and empowered, with full power of substitution, to exercise the authority granted above in any manner which may be necessary, appropriate, or convenient to permit such amendment to be made or action lawfully taken or omitted. Each Member is fully aware that each Member will rely on the effectiveness of this special power-of-attorney with a view to the orderly administration of the affairs of the Fund.

(c) Each Member agrees not to take any action to revoke the power-of-attorney hereby granted. The power-of-attorney hereby granted will survive the delivery of an assignment by a Member of the whole or any portion of its Interest in the Fund, except that where the assignee thereof has been approved by the Manager for admission to the Fund as a substituted Member, this power-of-attorney given by the assignor will survive the delivery of such assignment for the sole purpose of enabling the Manager to execute, acknowledge, and file any instrument necessary to effect such substitution.

9.3 Notices.

Notices which may or are required to be given under this Agreement by any party to another will be given by hand delivery, by facsimile (acknowledgment of receipt requested), or by registered or certified mail (return receipt requested); will be addressed to the respective parties hereto at the principal office of the Fund, at their addresses as set forth on the Schedule of Members, or to such other addresses as may be designated by any party hereto by notice addressed to the Manager in the case of notice given by any Member, and to each of the Members in the case of notice given by the Manager; and will be deemed to have been given when delivered by hand or on the date indicated as the date of receipt on the acknowledgment or return receipt.

9.4 Agreement Binding Upon Successors and Assigns.

This Agreement will be binding upon and inure to the benefit of the parties hereto and their respective successors, but the rights and obligations of the Manager hereunder will not be assignable, transferable, or delegable except as provided in Section 4.1(f) or 6.2, and any

attempted assignment, transfer, or delegation thereof which is not made pursuant to the terms of Section 4.1(f) or 6.2 will be void, unless ratified by Majority Consent.

9.5 Not for Benefit of Creditors.

This Agreement is not intended for the benefit of non-Member creditors and no rights are granted to non-Member creditors under this Agreement.

9.6 Consents.

All consents, agreements, or approvals provided for or permitted by this Agreement will be in writing and a signed copy thereof will be filed and kept with the books of the Fund.

9.7 Approvals.

Each Member agrees that, except as otherwise specifically provided herein and to the extent permitted by applicable law, for purposes of granting the approval of the Members with respect to any proposed action of the Fund, Majority Consent approval will bind the Fund and each Member and will have the same legal effect as the written approval of each Member.

9.8 Confidentiality.

Each Member will use its best efforts to maintain the confidentiality of (i) "Non-Public Information" (as defined below) and (ii) the identity of all other Members and their Affiliates unless otherwise required by law or any governmentally imposed reporting or disclosure obligations, including without limitation any law regarding the freedom of information to which it may be subject; *provided* that each Member may disclose Non-Public Information to (x) Persons who hold equity interests in such Member for purposes of reports required to be provided by such Member to such Persons, as long as each such Person has agreed in writing to be bound by substantially the same confidentiality obligation as set forth in this Section 9.8 and (y) on a "need-to-know" basis, its and its Affiliates' officers, directors, employees, agents, legal counsel, accountants and professional consultants as reasonably necessary or appropriate; and *provided further* that each Member may, after notice to the Manager, correct any false or misleading information which becomes public concerning such Member's relationship to the Fund, the Manager, or any Person in which the Fund holds, or contemplates acquiring, any Fund Investment. As used in this Section 9.8, "Non-Public Information" means information regarding the Fund (including information regarding any Person in which the Fund holds, or contemplates acquiring, any Fund Investment), reports to the Members or otherwise pursuant to this Agreement, but does not include information that (i) was publicly known at the time such Member receives such information pursuant to this Agreement or (ii) subsequently becomes publicly known through no act or omission by such Member.

9.9 Arbitration.

Any claim, controversy or dispute between or among the parties to this Agreement (collectively, the "Parties" and individually, as "Party") which arises out of or relates to (i) this Agreement including without limitation any extensions, renewals, and amendments

thereof, (ii) any negotiations, correspondence or communications relating to the Agreement, whether or not incorporated therein, (iii) the administration or management of the Fund, or (iv) any alleged agreements, promises, representations, or transactions in connection with the items described in clauses (i)-(iii), including without limitation any claim, controversy or dispute which arises out of or is based upon an alleged tort, will at the written request of any Party be determined by binding arbitration. The arbitration will be initiated and conducted in Atlanta, Georgia under the then-existing Commercial Rules of the American Arbitration Association (the "AAA") before one neutral arbitrator (who is knowledgeable and has significant experience in the real estate industry) appointed in accordance with the Commercial Arbitration Rules of the AAA, and judgment upon the award rendered by the arbitrator may be entered in and enforceable by any court having jurisdiction. In connection with such arbitration, the Parties hereby expressly, intentionally, and deliberately waive any right they may otherwise have to trial by jury of such claim or controversy.

9.10 Miscellaneous.

(a) Any consent, approval, or vote required by this Agreement may be given or taken as follows:

(i) by a written consent given by the consenting Member; or,

(ii) by the affirmative vote by the consenting Member to the doing of the act or thing for which the consent is solicited at any meeting duly called and held to consider the doing of such act or thing.

(b) This Agreement constitutes the entire agreement among the parties. It supersedes all prior discussions, negotiations, agreements, and understandings among them with respect to the subject matter hereof, and it may not be modified or amended in any manner other than as set forth herein.

(c) This Agreement and the rights of the parties hereunder will be governed by and interpreted in accordance with the laws of the State of Delaware without regard to its principles governing choice of laws.

(d) Except as otherwise specifically provided herein, this Agreement will be binding upon and inure to the benefit of the parties and their legal representatives, heirs, administrators, executors, successors, and assigns.

(e) Wherever from the context it appears appropriate, each term stated in either the singular or the plural will include the singular and the plural, and pronouns stated in the masculine, the feminine, or neuter gender will include the masculine, the feminine and the neuter.

(f) Captions contained in this Agreement are inserted only as a matter of convenience and in no way define, limit or extend the scope of intent of this Agreement or any provision hereof.

(g) If any provision of this Agreement, or the application of such provision to any Person or circumstance, is held invalid or unenforceable in a jurisdiction, such holding of invalidity or unenforceability will have no effect in any other jurisdiction and the remainder of this Agreement, or the application of such provision to Persons or circumstances other than those to which it is so held invalid or unenforceable, will not be affected thereby.

(h) This Agreement may be executed in several counterparts, each of which will be deemed an original but all of which together will constitute one and the same instrument.

(i) Each of the Members hereby irrevocably waives any and all rights that it may have to maintain any action for partition of any of the Fund's property.

(j) Each of the Members (other than the Manager) hereby waives any right (i) to seek injunctive or equitable relief with respect to any breach of this Agreement by the Manager or other Member(s), (ii) to rescind this Agreement, or (iii) to enjoin the development, production, distribution or exploitation of any Fund Project. Each of the Members (other than the Manager) acknowledges that in the event of any breach of this Agreement, the remedy of such Member shall be limited to an action at law for damages, if any.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the day and year first above written.

SUBSCRIPTION AGREEMENT

WFG REAL ESTATE INCOME FUND, LLC

117 Towne Lake Parkway, Suite 214
Woodstock, GA 30188
(770) 373-3416

THE UNITS DESCRIBED HEREIN WILL BE REGISTERED FOR ONLY A LIMITED PUBLIC SALE UNDER REGULATION A, AN EXEMPTION AVAILABLE UNDER THE SECURITIES ACT OF 1933 AND APPLICABLE STATE "BLUE SKY" OR SECURITIES LAWS. THERE WILL BE NO PUBLIC MARKET FOR THE SECURITIES DESCRIBED HEREIN. EACH PURCHASER MUST BE PREPARED TO BEAR THE ECONOMIC RISK OF THE INVESTMENT FOR AN INDEFINITE PERIOD.

Dear Sirs:

The undersigned (the "Purchaser") hereby represents and warrants to WFG Real Estate Income Fund, LLC (the "Fund"), its members, manager, officers, and their agents, attorneys and affiliates, as follows with respect to the purchase of 10% Priority Membership Interests in the Fund ("Units") at a price of \$5,000 per Unit (the "Securities"):

1. Subscription. Subject to the terms and conditions hereof and the representations and warranties contained herein, the Purchaser hereby tenders this Subscription Agreement and Investor Questionnaire (the "Agreement"), together with payment in United States currency by check or wire transfer to the Fund payable to "WFG Real Estate Income Fund, LLC", representing the payment of \$5,000 per Unit of the number of the Securities indicated below. The Purchaser has been advised that the minimum subscription is one (1) Unit (\$5,000).

2. Ability to Absorb Financial Loss and Bear Economic Risk. The Purchaser has adequate means of providing for his/her needs and personal contingencies and has no need now, and anticipates no need in the foreseeable future, to sell the Securities hereby purchased. The Purchaser has sufficient financial liquidity to afford a complete loss of this investment in the Fund.

3. Eligible Investor. Investment in the Fund is suitable only for persons who can bear the risk of losing their investment and have no need for immediate liquidity.

THE UNITS ARE NOT SUITABLE INVESTMENTS FOR, AND ARE NOT BEING OFFERED TO, TAX-EXEMPT ENTITIES AS SUCH TERM IS DEFINED IN SECTION 168(h)(2)(A) OR IN SECTION 511 (a) or (b) OF THE CODE.

4. Access to Information. The Purchaser hereby acknowledges that he/she has received a copy of the Final Offering Circular (the "Offering Circular") of the Fund dated _____, 2007, as amended from time to time, and has had the opportunity to

read the Offering Circular and ask questions of the individuals who manage the Fund. Also, Purchaser and/or his/her representative ("Purchaser Representative") have been furnished any additional information Purchaser or Purchaser Representative deems necessary or desirable in order to evaluate the risks and merits of purchasing the Securities.

5. Limited Transferability. The Purchaser understands and represents that he/she is acquiring Securities for investment and not with a view to distribution or resale. Units are not freely transferable. The Purchaser must bear the economic risk of investment for an indefinite period of time. The Securities will be registered for only a limited public sale under Regulation A, an exemption available under the Securities Act of 1933 and or applicable state "Blue Sky" or securities laws. Thus, except for the limited provisions for sale in the Operating Agreement an investor cannot expect to be able to liquidate the investment through sale.

6. Opportunity to Consult Independent Counsel. The Purchaser acknowledges that Purchaser has been given ample opportunity to consult personal counsel for further explanation of the restricted nature of the Securities and Purchaser's duties and liabilities under applicable securities laws.

7. Investment for Own Account. The Securities are being acquired by the Purchaser for the Purchaser's own account for investment and not with a view toward distribution, and the Purchaser does not presently have any reason to anticipate any change in circumstances or other particular occasion or event which would cause Purchaser to liquidate his/her investment in the Fund.

8. No Government Approval or Registration. The Purchaser has been advised that no federal or state agency has made any recommendation or endorsement or otherwise passed on the merits of purchasing the Securities.

9. High Degree of Investment Risk. The Purchaser represents that he/she is aware that investment in the Securities involves a high degree of risk which may result in the complete loss of investment.

10. Confidentiality. The Fund agrees that all information contained in the Subscription Agreement and Investor Questionnaire or otherwise provided by the Purchaser in connection with this subscription is confidential and agrees to retain it in confidence and not share it or provide it to any other person except in connection with obtaining professional services in the offering and to return it on request should the Purchaser not become or cease to be a Member.

11. Acceptance of Subscription. It is understood and agreed that the Fund shall have the right to accept or reject this subscription in whole or in part, for any reason whatsoever. If the Fund accepts the subscription then upon full payment of the purchase price for the Units the Purchaser shall become a Member of the Fund, in accordance with and subject to the terms of the Operating Agreement. If the Fund determines to reject this subscription, it shall do so within ten business days after receipt of this Agreement. The Fund may reduce the number of Units for which the Purchaser has subscribed, indicating acceptance of less than all of the Units subscribed for, by means of a written notice from the Fund.

12. Revocation of Subscription. The Purchaser agrees that once this Agreement is accepted by the Fund, and subject to any rights of rescission existing under state law, the subscription may not be withdrawn. The Purchaser agrees that, except as provided in this Section 12, he/she shall not cancel, terminate or revoke this Agreement or any agreement of the Purchaser made hereunder and that this Agreement shall survive the death or disability of the Purchaser.

13. Authority to Sign. The Purchaser hereby grants the Manager of the Fund authority to sign the Operating Agreement and any amendment on behalf of the Purchaser should the Purchaser become a Member of the Fund, and to record the Purchaser's Membership Interests on Exhibit A thereto.

14. Identification.

- a. The Purchaser is a resident of the State of _____ and has no current intention to change such residence to another state, or
- b. The Purchaser hereby certifies that he/she is not a US Citizen, or Resident Alien, and does not live in the United States.
- c. The Purchaser agrees to provide such photo and other identification as shall be requires to verify the Purchaser's identity and to provide the Fund's representatives, on a confidential basis, with access to all credit and other financial records of the Purchaser as they shall consider appropriate to verify any representations made.

15. Number of Units Subscribed. The undersigned Purchaser hereby subscribes to _____ Units and tenders _____ dollars (\$ _____) in payment thereof.

IN WITNESS WHEREOF, the undersigned has executed this Subscription Agreement and Disclosure Statement as of the _____ day of _____, 200_____.

Re: Offering Statement on Form 1-A
SEC File No. 24-10163

Dear Sirs:

I have acted as counsel to WFG Real Estate Fund, LLC (the "Fund") in connection with the preparation of an Offering Statement on Form 1-A (the "Statement") filed with the Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended (the "Securities Act"), relating to the proposed sale of Membership Interests in the Fund.

You have requested my opinion as to the matters set forth below in connection with the Statement. For purposes of rendering the opinion, I have examined the Statement, the Fund's Certificate of Organization, as amended to date, the Fund's Operating Agreement, as amended to date, and other applicable organization documents. I have also examined Form 1-A and the accompanying Offering Circular, as well as such other documents, certificates, instruments and corporate records as I have deemed necessary or appropriate for the purpose of this opinion.

Material Tax Consequences

As to the material tax consequences described in the Offering Circular, I am of opinion as follows (references are to applicable provisions of the Internal Revenue Code or "IRC"):

Tax Treatment of the Fund. (IRC Sec. 7703). The Fund will be taxed as a partnership. IRS Regulations provide that a domestic LLC with two or more members shall be treated as a partnership. An organization classified as a partnership is not a taxable entity but rather a "pass through entity" through which tax deductions and taxable income are passed to the partners. This allows tax deductions and taxable income resulting from the Fund's operations to be passed to the Members. Thus the Members will be subject to tax on the income of the Fund, but no additional tax will be incurred by the Fund that may affect the Members and the Manager of the Fund.

The Fund is not a "tax shelter" in the conventional sense. An investment in the Fund is not expected to generate tax losses in excess of an investor's capital contribution and is not intended to generate tax losses in any year of the Fund. Accordingly, a Member's evaluation of an investment in the Fund should be based on the expected economic return from the investment, and an investment in the Fund should not be made with the intention of obtaining tax advantages normally associated with "tax shelters."

Excess Liabilities. (IRC Sec. 704). The investor's tax liability may exceed his/her cash distributions in corresponding years and to the extent of such excess, the payment of such taxes will be an out-of-pocket expense for the investor. Upon sale or other disposition of a membership interest or, upon sale (including foreclosure sale) or other disposition of Fund Project(s), an investor's tax liabilities may exceed the cash he/she receives and to the extent of such excess, the payment of such taxes will be an out-of-pocket expense for the investor. Therefore, the investor may have a tax liability (i.e. have to pay taxes), due to the investor's investment in the Fund, and may not have received profits from the Fund (i.e. cash with which to pay the taxes). An audit of the Fund's tax return may result in an audit of the investor's personal tax return.

Unrelated Business Taxable Income ("UBTI"). (IRC Sec. 512). The Fund may generate unrelated business taxable income subject to a possible exception for Qualified Plans. Tax-exempt entities should consult their own tax counsel about the effect of any unrelated business taxable income.

Possible Disallowance of Various Deductions. (IRC Sec 161). The availability, timing and amount of deductions or allocations of income of the Fund will depend not only on general legal principles but also on various determinations that are subject to potential controversy on factual and other grounds. Such determinations could include, among others, whether fees paid to the Manager or its affiliates are deductible on the ground that such payments are excessive or constitute nondeductible distributions to the LLC Manager or an affiliate or otherwise. Additional issues could arise regarding the allocation of basis to buildings, land, leaseholds and personal property. If the IRS were successful, in whole or in part, in challenging the Fund on these issues, the federal income tax benefits of an investment in the Fund, if any, could be materially reduced.

Limitations on Losses and Credits from Passive Activities. (IRC Sec. 58, 469). Deductions in excess of income, i.e., losses from passive trade or business activities, generally may not be used to offset "portfolio income," i.e., interest, dividends and royalties, or salary or other active business income. Deductions from passive activities generally may be used to offset income from passive activities. Interest deductions attributable to passive activities are treated as passive activity deductions, and not as investment interest. Thus, such interest deductions are subject to limitation under the passive activity loss rule and not under the investment interest limitation. Credits from passive activities generally are limited to the tax attributable to the income from passive activities. Passive activities include trade or business activities in which the taxpayer does not materially participate, which would include holding an interest as a Member. Thus, the Fund's net income and net loss will constitute income and loss from passive activities. A taxpayer may deduct passive losses from rental real estate activities against other income if: (i) more than half of the personal services performed by the taxpayer in trades or businesses are performed in a real estate trade or business in which the taxpayer materially participates; and (ii) the taxpayer performs more than 750 hours of service during the tax year in real property trades or businesses in which the taxpayer materially participates. It is unlikely that any Member would qualify for this treatment.

Allocation of Net Income and Net Losses. (IRC Sec. 704). For the allocations to members of income, gains, deductions, losses and credits under the Operating Agreement to be recognized for tax purposes, the allocations must possess substantial economic effect. It is possible that the IRS may claim that such allocations lack substantial economic effect. If any challenge to the allocation of losses to any Member were upheld, the tax treatment of the investment for such Member could be adversely affected.

Potential Limitation of Net Loss. (IRC Sec. 704(d)). Investors will only be able to use net losses up to the amount of the basis in their Units.

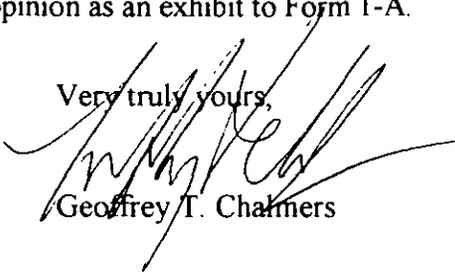

Legality of Securities Offered

As to the legality of the 1,000 Units of 10% Priority Membership Interest offered, I am of the opinion as follows: the Membership Interests to be sold by the Fund will be validly issued, fully paid and non assessable when issued by the Fund.

This letter is provided for the purpose of informing investors in the Fund of the tax consequences they can reasonably expect from an investment in the Fund. It may not be shown to or relied on by any other person or firm, without the express prior written permission of the undersigned. The letter is limited to Federal and Delaware law including the statutory provisions, all applicable provisions, all applicable provisions of the Delaware constitution and all reported judicial decisions interpreting those laws only and no opinion is hereby expressed as to the laws of any other state jurisdiction. The undersigned has made no independent investigation of any of the matters presented and this letter is based solely upon the documents and conversations described above, all of which are assumed to be genuine and a complete disclosure of all relevant circumstances. The undersigned has not assumed material facts underlying the opinion that are readily ascertainable.

I hereby consent to the filing of this opinion as an exhibit to Form 1-A.

Very truly yours,

Geoffrey T. Chalmers
