### REPORT OF INDEPENDENT AUDITORS

BOARD OF DIRECTORS  
CORTLAND BANCORP

We have audited the accompanying statements of net assets available for benefits of the Cortland Savings and Banking 401(k) Plan (the Plan) as of December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States of America). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Cortland Savings and Banking 401(k) Plan as of December 31, 2006 and 2005, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of (1) assets held for investment purposes at end of year, and (2) reportable transactions, together referred to as "supplemental information" are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Cortland Savings and Banking 401(k) Plan  
**NOTES TO FINANCIAL STATEMENTS**

December 31, 2006 and 2005

**NOTE 1 - ACCOUNTING POLICIES**

**Basis of Presentation**

The accompanying statements of net assets available for benefits and changes in net assets available for benefits are prepared on the accrual basis of accounting.

**Valuation of Investments**

Investments are stated at fair value as determined by quoted market prices. The market price for Cortland Bancorp common stock (trade symbol "CLDB") held in the Cortland ER Stock Fund and Personal Brokerage Accounts is determined by prices quoted on the NASDAQ OTC Bulletin Board. Shares of mutual funds are valued at quoted market prices. Loans to participants are valued at cost, which approximates market value.

**Net Change in Aggregate Current Value of Investments**

In accordance with the policy of stating investments at fair value, the change in the aggregate current value of investments for the year is reflected in the statement of changes in net assets available for benefits.

**Payments of Benefits**

Benefits are recorded when paid.

**Use of Estimates**

The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

**Administrative Costs**

The Company pays a portion of the administrative fees in addition to trustee fees.

**NOTE 2 - DESCRIPTION OF PLAN**

The following description of The Cortland Savings and Banking 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all eligible employees of Cortland Bancorp and its subsidiary (collectively, "the Company"). Employees are eligible to participate immediately upon their hire date. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**Contributions**

Participants may make salary deferral contributions at their discretion of up to 15% of annual compensation for 2006 and 2005. However, the participant's contributions may not exceed the dollar limit set by law, which for 2006 and 2005 were \$15,000 and \$14,000, respectively. The Company matches each participant's contributions up to a maximum of 5% of the participant's annual compensation. Additional amounts may be contributed at the discretion of the Board of Directors. The IRS allows individuals who are at least 50 years of age to make catch-up contributions. The maximum amount of the catch-up contributions for 2006 and 2005 were \$5,000 and \$4,000, respectively.

**Participant-Directed Accounts**

The participant's elective deferrals, Company contributions and an allocation of the Plan earnings and losses are allocated to participant-directed accounts. Allocations are based on participant compensation, contributions and account balances, as defined. The benefit to which a participant is entitled is the current value of the participant's account.

**The Cortland Savings and Banking 401(k) Plan**  
**NOTES TO FINANCIAL STATEMENTS**

December 31, 2006 and 2005

**NOTE 2 - DESCRIPTION OF PLAN**  
**(continued)**

**Separate Investment Options**

Each participant may direct that contributions and earnings be invested in one or more investment options in the Plan. The options are summarized as follows:

Cortland ER Stock Fund

These funds are invested in a unitized fund of Cortland Bancorp common stock. Unitizing assets changes their accounting characteristics to match mutual funds. Unitized accounting is a method of valuing a group of assets using units in place of dollars and assigning a unit value on a daily basis. These units are priced daily to determine the market value of the fund.

Mutual Funds

These funds are invested in various mutual funds offered by the Plan.

Personal Brokerage Accounts

These funds are invested in self-directed brokerage accounts. Charles Schwab and ING Financial Services administer these accounts. All investments are directed by the participant.

**Vesting**

Participants are immediately vested in their salary deferral contribution, the Company's matching contribution, and any earnings or losses thereon.

**Payment of Benefits**

Upon termination of service with the Company, a participant may elect to receive a lump-sum amount equal to the value of his or her account, remain in the Plan and receive periodic payments for a specific number of years, or transfer the participant's balance to another qualified plan.

**Loan Provisions**

The Plan provides that participants can borrow funds against their account balances limited to the lesser of 50% of their vested account balance or \$50,000.

**The Cortland Savings and Banking 401(k) Plan**  
**NOTES TO FINANCIAL STATEMENTS**

December 31, 2006 and 2005

**NOTE 3 - INVESTMENTS**

The following table presents the fair values of investments. Investments representing five percent or more of the Plan's net assets are separately identified.

	December 31,

Mutual Funds	232,476	126,549

<b>NET APPRECIATION (DEPRECIATION) IN FAIR VALUE OF INVESTMENTS</b>	<b>\$ 353,461</b>	<b>\$ (342,900)</b>

**The Cortland Savings and Banking 401(k) Plan**  
**NOTES TO FINANCIAL STATEMENTS**

December 31, 2006 and 2005

**NOTE 4 - TAX STATUS**

The Plan obtained its latest determination letter on November 7, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS**

ING National Trust Company is the Trustee for the Plan except for the Personal Brokerage Accounts. Sky Trust is Trustee for the Personal Brokerage Accounts. ING Financial Services is the administrator of the Plan. ING is responsible for providing recordkeeping and asset segregation services for the Plan.

The Cortland ER Stock Fund is a unitized fund that is comprised solely of Cortland Bancorp common stock and cash.

There were no other related party or party-in-interest transactions during 2006 or 2005.

**NOTE 6 - CONCENTRATIONS OF RISK**

The Plan has investments in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Since the assets held by the Plan include Cortland Bankcorp common stock, the anticipated assets available for benefits in 2007 will be the result of the Company's future stock market performance, which is subject to various risk factors.

The market value of Cortland Bancorp common stock held indirectly by the Plan through the Cortland ER Stock Fund and Personal Brokerage Accounts totaled \$2,076,942 and \$2,686,973 at December 31, 2006 and 2005, respectively. The common stock is thinly traded. Thus, the market value at the time of sale or purchase may be affected by the number of shares sold or bought, and/or other market conditions.
