Report of Independent Registered Public Accounting Firm

Retirement Plans Committee
Hanson Building Materials America Inc.

We have audited the accompanying statements of net assets available for benefits of the Hanson Building Materials America Retirement Savings & Investment Plan as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2006 and 2005, and the changes in its net assets available for benefits for the year ended December 31, 2006, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2006, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements

December 31, 2006

1. Summary of Significant Accounting Policies

At December 31, 2006 and 2005, the Hanson Building Materials America Retirement Savings & Investment Plan (the "Plan") is a participating plan in the Hanson Building Materials America Retirement Savings and Investment Plans Master Trust (the "Master Trust") as described in Note 6. The change in the Plan's beneficial interest in the Master Trust resulting from investment activity is comprised of the Plan's share of interest, dividends and net appreciation (depreciation) of the related Master Trust's assets, which are maintained by the Trustee in separate accounts representing the Plan's equitable share in the Master Trust. Such equitable share is used solely for the payment of benefits, expenses and other charges properly allocable to the Plan.

The accounting records of the Plan are maintained on the accrual basis of accounting. Benefit payments are recorded when paid. Investments in Hanson PLC American Depository Shares ("ADS") are stated at fair value (see Note 2). Fair value of the Hanson PLC ADS investments is determined by quoted market prices on active national securities exchanges with the resulting changes in value being recorded as net appreciation (depreciation) in fair value of investments. The participant loans are valued at their outstanding balances, which approximate fair value.

The investment in the Fidelity Managed Income Portfolio II – Class 2 (the "Portfolio"), a common collective trust, is recorded on the financial statements at fair value with an adjustment from fair value to contract value. The net asset value per unit is calculated as of the close of business of the New York Stock Exchange. It is the policy of the Portfolio to use its best efforts to maintain a stable net asset value of \$1.00 per unit, although there is no guarantee that the Portfolio will be able to maintain that value. The fair value and contract value of the Portfolio are determined by Fidelity Management Trust Company, the Trustee of the Portfolio. Contract value represents contributions, plus earnings, less withdrawals and expenses (see Note 6).

Investments in shares of the mutual funds are valued at published market prices which represent the net asset values of shares held by the Plan at year-end. Fair value of these investments is determined each business day by an independent pricing service approved by the Fidelity Investments Board of Trustees with the resulting changes in value being recorded as net appreciation (depreciation) in fair value of investments. These mutual

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

1. Summary of Significant Accounting Policies (continued)

funds and the Portfolio may have investments in derivatives. The derivatives may include repurchase agreements, options, forward futures contracts, foreign currency transactions, and forward foreign currency contracts. For detailed information on each fund's investments and concentrations of credit risk, the Prospectus and Annual Report are available from the Trustee.

Investments in the BrokerageLink Fund are recorded at fair value. Fair value of these investments is determined by quoted or published market prices in an active market, if available. For those securities with no quoted or published market prices, fair value is estimated by the Plan Trustee. As of December 31, 2006 and 2005, there are no securities in the BrokerageLink Fund for which the Plan Trustee estimated fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Trustee fees and costs and expenses incurred with regard to the purchase, sale and transfer of securities in connection with the operation of the Trust are allocated to the participating plans. Commissions for transactions in the BrokerageLink Fund are added to the purchase price of a security and deducted from the proceeds of a sale of a security within the applicable participant's account. Hanson Building Materials America, Inc. (the "Company" or "Employer") is the Plan Sponsor.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Company to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

The Company pays substantially all administrative expenses.

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

2. Description of the Plan

General

The Plan is a defined contribution plan established to encourage and assist employees of the Company and certain affiliates in saving and investing payroll withholdings for purposes of receiving retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The following information is included as a general description of the Plan. For more detailed information, the "Plan Document" is available at the Company and the Hanson Building Materials America's Corporate Office.

Retirement Choice

Effective January 1, 2006, participants in the Plan were given the choice to either continue to participate in the Plan or become participants in The 401(k) Retirement Plan of Hanson Building Materials America (the "401(k) HBMA Plan"), which was established on January 1, 2006.

Participation

Substantially all employees hired or rehired after July 1, 2005, are not eligible to participate in the Plan. These employees are eligible to participate in the 401(k) HBMA Plan. Prior to July 1, 2005, participation in the Plan was available to substantially all employees of the Company who were at least 21 years of age and who had worked at least 500 hours during a consecutive six-month period. The Plan was not open to employees covered by a collective bargaining agreement unless the agreement provided for participation in the Plan.

Employee Contributions

Participants in the Plan contribute pre-tax dollars. The majority of the participants of the Plan can authorize a payroll deduction of 1% to 50% of compensation in 1% increments into the Plan. Employee contributions are subject to maximum limitations imposed by Section 402(g) of the Internal Revenue Code (the "Code"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

2. Description of the Plan (continued)

Employer Contributions

For the majority of the participants, the Company matches each participant's contributions in the amount of 100% of the first 1% of each participant's contributions and 50% of the next 2% of each participant's contributions.

Investment Elections

All assets are invested in the Master Trust, except for participant loans. Prior to January 1, 2001, all employer matching contributions were invested only in Hanson PLC ADS under the Hanson Stock Fund. Participants were unable to transfer their employer match to any other investment. Effective January 1, 2001, the Plan was amended to allow employer contributions to follow the investment election that a participant makes for his or her employee contributions; however, if the participant chooses to invest a percentage of employee contributions in the Hanson Stock Fund, the Employer contributions must remain, once invested, in the Hanson Stock Fund until the participant reaches age 55 (see Note 11).

Vesting

Participant contributions and earnings on those contributions are always 100% vested. A participant becomes 100% vested in Company contributions and earnings on Company contributions two years from the date of hire of the participant. Employer contributions also become 100% vested upon retirement, permanent disability, death, or termination of the Plan. Forfeitures of nonvested Employer contributions reduce future Employer contributions. Forfeitures used totaled \$10,329 and \$12,867 in 2006 and 2005, respectively.

Benefit Payments

Withdrawals from the Plan are generally permitted when an employee terminates employment, retires, reaches age 59 1/2, becomes permanently disabled, or has a severe financial hardship as defined under the Plan. Generally, only one withdrawal is allowed in any 12-month period.

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

2. Description of the Plan (continued)

On termination of service, death, disability or retirement a participant may elect to receive a lump-sum distribution of their account. Distributions can be taken in cash or shares of Company stock, and are subject to appropriate tax withholding and possible penalty or rolled directly over to an IRA or another employer's qualified retirement plan.

Loans

Participants can borrow against their account balance. The minimum amount a participant may borrow is \$1,000. Total loans to a participant generally cannot exceed the lesser of \$50,000 or 50% of their account balance. The amount of any loan will be withdrawn in a ratio that is proportionate to the participant's balance in each investment fund. Loans shall bear interest at the prime lending rate (at the date of the loan) plus 1% and are repayable within five years from the date of borrowing with the exception of loans used to acquire a primary residence which are repayable over a period determined by the Retirement Plans Committee of Hanson Building Materials America, Inc.

As loans are repaid, both the principal and interest are deposited to the participant's current investment fund elections. The vested portion of a participant's investment account is pledged as collateral for the loan.

Federal Income Taxes

Participants are not liable for federal income taxes on amounts earned in the Plan or on amounts contributed by the Employer until such time that their participating interest is distributed to them, provided that the Plan retains its qualified status (see Note 8).

Plan Termination

Although the Plan Sponsor has not expressed any intent to terminate the Plan, it has the right to do so at any time, subject to the provisions of ERISA. In the event of termination, participants automatically become 100% vested in the balances of their individual accounts.

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

3. Employee Stock Ownership Feature

The Plan is intended to be a non-leveraged employee stock ownership plan (ESOP) satisfying the requirements of Section 4975(e) of the Code. The ESOP feature of the Plan is designed to be invested primarily in Employer securities, and, as such, the sole investment of the ESOP is the Hanson Stock Fund.

Voting Rights and Diversification

Each participant is entitled to exercise voting rights attributable to the shares of Hanson PLC ADS held in the participant's account and is notified by the Trustee prior to the time that such rights are to be exercised. Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Hanson PLC ADS into investments which are more diversified. Participants who are at least age 55 may elect to diversify a portion of their account.

4. Transfers Out of the Plan

In March 2006, \$29,808,578 was transferred out of the Plan into the 401(k) HBMA Plan. This amount represents the account balances for participants who elected to transfer to the 401(k) HBMA Plan during the Hanson Choice campaign. In addition to these assets, \$1,830,498 in loan activity for the participants who elected the 401(k) HBMA Plan was also transferred out of the Plan into the 401(k) HBMA Plan.

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

5. Non-Participant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the non-participant-directed investments as described in Note 2 is as follows:

	December 31	
	2006	2005
Net assets:		
Hanson Stock Fund at fair value	\$ 30,835,708**	\$ 26,420,601**
Changes in net assets:		
Contributions	\$ 893,298	
Transfers to participant-directed accounts	(1,495,893)	
Transfers from participant-directed accounts	1,143,147	
Earnings and net realized and unrealized appreciation in fair value	9,843,770	
Distributions to participants	(3,098,338)	
Trust-to-Trust transfers	(2,841,598)	
Administrative expenses	(29,279)	
	\$ 4,415,107	

** A portion of this balance is participant-directed.

6. Master Trust Information

The Master Trust was created in October 1996 for the purpose of investing the pooled assets of various defined contribution plans of the Company.

The Plan is one of three plans in the Master Trust and represents an approximate 80% and 96% interest in the overall Trust at December 31, 2006 and 2005, respectively.

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

6. Master Trust Information (continued)

Contributions of participants are invested in one or more of the funds established under the Master Trust as described below as well as in various mutual funds:

Hanson Stock Fund

This is a common stock fund consisting primarily of Hanson PLC ADS. When necessary, this fund will make an interim investment in the Trustee's Short-Term Investment Fund.

Fidelity Managed Income Portfolio II – Class 2

The Fidelity Managed Income Portfolio II – Class 2 is an open-end commingled pool of fixed income securities, including a fully benefit-responsive contract sponsored by the Trustee. The fund is managed to maintain a \$1 unit price. The fair value of the fund is \$103,640,741 and \$103,205,706 at December 31, 2006 and 2005, respectively.

BrokerageLink Fund

The BrokerageLink Fund is an individual account with a registered broker-dealer, which holds funds eligible to be transferred from the core funds at the direction of the participant in any tradable security subject to the limitations of the Department of Labor's Rules and Regulations.

Information included in the financial statements and the Master Trust related to the BrokerageLink Fund represents the aggregation of individual participant accounts and, as a result, the investment results presented are not representative of the results obtained by each participant in the BrokerageLink Fund. Individuals participating in the BrokerageLink Fund should refer to their individual participant account statements for information regarding their own investment performance.

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

6. Master Trust Information (continued)

Investments in the Fidelity Managed Income Portfolio II – Class 2 are valued based on the fair value of the underlying investments as determined by the Trustee then adjusted by the Trustee to contract value. The fund includes fully benefit-responsive investment contracts; therefore, the Plan adopted the requirements outlined in Financial Accounting Standards Board (FASB) Staff Position AAG INV-1 and AICPA Statement of Position 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Defined Contribution Health and Welfare and Pension Plans* (the “FSP”). The FSP defines the circumstances in which an investment contract is considered fully benefit-responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts in defined contribution health and welfare and pension plans. The financial statement presentation and disclosure provisions of the FSP are effective for financial statements issued for annual periods ending after December 15, 2006, and are required to be applied retroactively to all prior periods presented for comparative purposes. The Plan has adopted the provisions of the FSP at December 31, 2006 and 2005.

As required by the FSP, investments in fully benefit-responsive investment contracts in the accompanying Statements of Net Assets Available for Benefits are recognized at fair value with a corresponding adjustment to reflect these investments at contract value. Adoption of the FSP had no effect on the Statement of Changes in Net Assets Available for Benefits for any period presented.

Income and net appreciation or depreciation of investments of the Master Trust are allocated to the participating plans based on the earnings of the funds in which participant accounts are invested.

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

6. Master Trust Information (continued)

Net assets of the Master Trust are as follows:

	December 31	
	2006	2005
Net assets:		
Investments at fair value:		
Mutual funds	\$ 164,663,150	\$ 138,437,553

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

7. Related Party Transactions

The Master Trust purchased or received 20,500 and 22,981 Hanson PLC ADSs, and sold or distributed 29,700 and 25,810 Hanson PLC ADSs during the years ended December 31, 2006 and 2005, respectively. Dividend income from Hanson PLC ADSs was \$882,241 for the year ended December 31, 2006.

Certain Plan investments are shares of mutual funds, as well as units of the Fidelity Managed Income Portfolio II which are managed by the Trustee; therefore, these transactions qualify as party-in-interest. Transactions with parties-in-interest also include fees paid during the year for trustee, accounting, and other services and contributions paid to the Plan by the Company.

8. Federal Income Taxes

The Plan has received a determination letter from the Internal Revenue Service dated December 30, 2002, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended and restated. Once qualified the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan as amended and restated is qualified and the related trust is tax-exempt.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2006:

Net assets available for benefits per the financial statements	\$ 255,006,507
Adjustment from contract value to fair value for fully benefit-responsive investment contracts held by a common collective trust	<u>(1,044,233)</u>
Net assets available for benefits per the Form 5500	<u>\$ 253,962,274</u>

The following is a reconciliation of net increase resulting from investment in the Hanson Building Materials America Retirement Savings and Investment Plans Master Trust per the financial statements to the Form 5500 for the year ended December 31, 2006:

Net increase resulting from investment in the Hanson Building Materials America Retirement Savings and Investment Plans Master Trust per the financial statements	\$ 29,564,189
Less: Adjustment from contract value to fair value for fully benefit-responsive investment contracts held by a common collective trust at December 31, 2006	<u>(1,044,233)</u>
Net increase resulting from investment in the Hanson Building Materials America Retirement Savings and Investment Plans Master Trust per Form 5500	<u>\$ 28,519,956</u>

The amount related to fully benefit-responsive investment contracts held by a common collective trust is recorded on the Form 5500 at fair value versus contract value per the financial statements as described in Note 6.

Hanson Building Materials America
Retirement Savings & Investment Plan

Notes to Financial Statements (continued)

11. Subsequent Events

Effective January 1, 2007, the Plan was amended to allow participants to transfer 33% of the participant's employer contributions invested in the Hanson Stock Fund into any other investment fund offered by the Plan.

In early May 2007, HeidelbergCement offered to buy Hanson. If approved by the shareholders and all necessary regulatory approvals are received and conditions met, the sale is anticipated to become final later in 2007. The impact of this transaction on the Plan is not yet known.

Effective May 22, 2007, the Plan was amended to remove the investment restrictions on employer contributions in the Hanson Stock Fund. After such date, participants will be allowed to transfer any amounts out of the Hanson Stock Fund into any other investment fund offered by the Plan.
