Minimum Offering: 10,000 Units (\$1,000,000)

Maximum Offering: 50,000 Units (\$5,000,000)

Agraria LLC (the "Company") is offering a minimum of 10,000 and a maximum of 50,000 Membership Units ("Units"). The Company is selling said Units directly to investors on a best efforts basis, without using an underwriter. The minimum purchase for membership is 20 Units for \$2,000, where Units purchased by agricultural producers shall be designated as Class-A Membership Units and Units purchased by non-producers shall be designated Class-B Membership Units. The Units are the same in all respects except that a majority of the Board of Governors must be comprised of Class-A members, and all members of the Company are entitled to one (1) vote on all matters submitted to a vote of the membership, regardless of how many Units owned. Transfers of Membership Units may occur only with approval of the Company's Board of Governors.

**THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION DOES NOT PASS UPON THE MERITS OF OR GIVE ITS APPROVAL TO ANY SECURITIES OFFERED OR THE TERMS OF THE OFFERING, NOR DOES IT PASS UPON THE ACCURACY OR COMPLETENESS OF ANY OFFERING CIRCULAR OR OTHER SELLING LITERATURE. THESE SECURITIES ARE OFFERED PURSUANT TO AN EXEMPTION FROM REGISTRATION WITH THE COMMISSION; HOWEVER, THE COMMISSION HAS NOT MADE AN INDEPENDENT DETERMINATION THAT THE SECURITIES OFFERED HEREUNDER ARE EXEMPT FROM REGISTRATION. ADDITIONALLY, THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY ANY STATE SECURITIES COMMISSION; ANY REPRESENTATION TO THE CONTRARY IS IN CRIMINAL DEFENSE.**

**THE UNITS OFFERED HEREBY ARE HIGHLY SPECULATIVE, AND AN INVESTMENT IN SUCH UNITS INVOLVES A HIGH DEGREE OF RISK (See "Risk Factors" at pp. 9-12). Said risks include the following:**

- **Company Members may transfer their Units pursuant to the terms of the Company Member Control Agreement, which requires that any transfer of units be approved by the Board of Governors.**
- **Company, being a limited liability company, will be taxed as a partnership under Federal and State tax law; and as a result, the Company itself will not be a taxable entity and all income/losses will be allocated to the members based on their number of Units owned. Additionally, the tax burden associated with allocations of income to a member could and will probably exceed cash distributions to that member.**
- **Company has adopted a one-member, one-vote governance structure, so prospective investors will not have voting rights commensurate with ownership; specifically, under the Company Member Control Agreement, agricultural producers will hold a majority of the governor positions.**

	Price to Public	Underwriting Discount and Commissions	Proceeds to Issuer or Other Persons
Per Unit	\$ 100.00	\$ 0.00	\$ 100.00 <sup>(1)</sup>

Total Maximum	\$5,000,000.00	\$ 0.00	\$5,000,000.00

- (1) Company itself will offer and sell said Units and will not pay any discounts or commissions, therefore the Units are sold on a self-underwritten basis; and no commitments exist to purchase any Units as of the date of this Offering. Total offering costs (namely printing and accounting related fees) as of the date first below written is \$3,500, where prior registration, printing, legal and accounting fees related thereto were paid using non-reimbursable development grants provided by the North Dakota Farmers Union. All future offering costs, if applicable, will be incurred by the Company and paid by its operating account.
- (2) The proceeds will be held in escrow with the Bank of North Dakota until the minimum total offering has been sold by the Company.

The approximate date of commencement of said proposed sale to the public: As soon as practicable after the Company's offering statement is qualified with the U.S. Securities & Exchange Commission, and the Company's registration of such securities with the State of North Dakota is effective. This offering will terminate on July 23, 2008.

## **INTRODUCTORY STATEMENT**

Prospective investors should rely only on the information contained in this disclosure document, which is complete and accurate as of the date on the front cover, since the Company has not authorized any other person to provide information that is different or contrary to that set forth herein. This Offering-Circular is not an offer to sell the securities in any state where such sale is not permitted; however, it is qualified for sale in the state of North Dakota and will be eventually in the states of California, Colorado, Florida, Maryland, Massachusetts, New Jersey, New York, Pennsylvania, South Dakota, Virginia, and the District of Columbia pursuant to limited offering exemptions from registration therein.

Given the following summary does not contain all the information required for due consideration, prospective investors are advised to review this disclosure document in its entirety.

## **GENERAL SUMMARY**

Agraria LLC (the "Company") is a North Dakota limited liability company established to own and operate upscale casual restaurants throughout the United States (but with an initial focus on the Washington D.C. market) that focuses on awareness of the American family-farmer. Although incorporated on July 5, 2002, the Company abandoned its initial efforts to establish an initial restaurant as a result of the desired lease site not being accessible and the debt financing necessary to move forward with commencing the project not materializing. As a result, the Company had minimal activity in calendar years 2002-2003; other than initially establishing and maintaining an interim Board of Governors. Since then the Company has established its first restaurant unit, having undertaken project-development for such from 2004 thru mid-2006 and subsequently commencing operations therein on June 3rd, 2006, in the District of Columbia's (e.g. Washington D.C.'s) lower Georgetown Harbour Complex. As of this Offering's cover date, the Company is in the expansion stage with current efforts being principally devoted to finance activities associated with establishing a second unit within the same/Washington D.C. market.

## **BUSINESS SUMMARY OF AGRARIA LLC**

1. *Summary of Agraria LLC Business Concept*  
Agraria LLC is a business venture that seeks to develop a National restaurant enterprise that is supplied, owned and operated by family-farmers; focusing on a wholesome way of life, an environment that involves trust, and rejoicing over the abundance of quality natural foods. The venture falls within the category of an "upper-medium" restaurant, a market segment that is differentiated by the higher quality of food, service and ambiance while providing a reasonable average meal price-point.
2. *Restaurant Location and Expansion*  
The Company has opened its initial restaurant in the Washington D.C. area, is focusing its attention to developing a subsequent unit therein, and will then eventually look to establish/roll-out additional restaurant units throughout the United States.

## THE COMPANY

The Company was organized as a North Dakota limited liability company on July 5, 2002, with principal offices located at 1415 12<sup>th</sup> Avenue SE, Jamestown, N.D. 58402; telephone number 701-252-2340 and fax number of 701-252-6584. This business structure was chosen because a limited liability company has both corporate and partnership attributes: specifically, which is qualified/further explained by the independent certified public accounting firm *Brady-Martz LLP* herein at Exhibit-F, in addition to mitigating liability for its members it also allows for income and losses to be treated as a pass-through for its members and the Company; and is thereby not subject to Federal or State income taxes. The Company's Member Control Agreement, attached hereto (Exhibit-B) and incorporated by reference, stipulates that annual meetings of members must be held to discuss matters pertinent to the Company; and at such meetings each member shall have the right to one (1) vote regardless of the number of Units owned. Additionally, such Units purchased by agricultural producers, otherwise known as "family-farmers", are designated as Class-A Units whereas those purchased by non-producers are designated as Class-B Units. Said Units are identical in all respects except that a majority of the Board of Governors is and must remain comprised of Class-A members. As such, distributions from Company operations, related allocations of net income/losses, and liquidation proceeds if applicable, will be made to Members in proportion to their corresponding Units owned and as provided by said Member Control Agreement; which establishes the financial and governance relationship among the members and the Company, and further stipulates that transferability of said Units is restricted and may be done only in accordance with the procedures set forth therein.

## CERTAIN PROVISIONS OF NORTH DAKOTA LAW

Certain provisions of North Dakota law allow for the limitation of liability and indemnification of persons serving as Board governors; as set forth in the Company's Articles of Organization, which are consistent with the protections afforded by North Dakota statutes.

## REMUNERATION, INTEREST OF BOARD GOVERNORS IN CERTAIN TRANSACTIONS

North Dakota Farmers Union's (NDFU) earlier involvement with the project was associated with developmental efforts, whereas its current involvement entails (i) maintaining a seventy-two (72) percent majority ownership position in the Company based on a total Company valuation of \$3,000,000.00 dollars, (ii) Robert Carlson and Mark Watne serving as sales agents for the Company relying on the safe harbor from broker-dealer exemption, and (iii), Robert Carlson, Richard Schlosser, Ellen Linderman, Elwood "Woody" Barth, Terry Borstad, Dennis Stromme, Bob Finken, Marcy Svenningsen, and Robert Kuylen serving as Company Board Governors. At present, said Governors hold Company Membership Units as noted on the subsequent page.

### Remuneration of Board Governors

Given the Governors serve without compensation, there are no individuals to list with this filing as receiving an aggregate annual remuneration over the past year; nor does said Board anticipate receiving remuneration in subsequent years, although that may change should the Board execute a vote providing such future remuneration packages at subsequent meetings.

*Remuneration, Interest of Board Governors in Certain Transactions – Continued*

**Security Ownership of Governors and Certain Security Holders**

The following tabular form provides a listing of the Company ownership as of this filing. The Governors listed, which collectively own less than two (2) percent of the Company, are noted in the context of Membership Units purchased through the prior offering. The Company has not, nor anticipates, issuing separate Membership Units to said Governors for their Board service.

*Note(\*): Non-Governors and majority-owner members, whether they be Class-A or Class-B shareholders listed above, typically maintain less than a one half of one (.005) percent equity stake in the Company; and thus are only summarized in this section but then provided in detail in Exhibit-J.*

**Interest of Board Governors and Other Interested Parties in Certain Transactions**

The Company is not a party to transactions with any Board Governor, any nominee for election as a Governor, any principal security holder, or any relative and/or spouse of the foregoing. However, since the Company's inception, the following individuals have and will likely continue to serve as promoters of the issuer:

- Mr. Robert Carlson                      President, Board of Governors;
- Mr. Richard Schlosser                  Vice-President, Board of Governors;
- Mr. Mark Watne                          Executive Secretary/Sales Agent for the Company;
- Mr. Tom Prescott                        Regional Project-Manager for the Company;
- Mr. Blaine Lundgren                    Former Board of Governors President;
- Mrs. Lisa Swanson-Falelde            Former Board of Governors Vice-President; and,
- Mr. Terry Ulrich                         Former Board of Governor Secretary.

## **SECURITIES BEING OFFERED**

The Company is offering capital stock where shares purchased by agricultural producers are designated as Class-A Units and those purchased by non-agricultural producers are designated as Class-B Units; the Company's Board of Governors reserves sole discretion to determine whether a person is an agricultural producer and may establish policies related thereto. Said Units are identical in all respects except that, at least a majority of the Board of Governors must be owners of Class-A Units. Additionally, North Dakota law stipulates that a limited liability company's Articles of Organization are not required to authorize capital units prior to an offering (differing from corporate articles of incorporation); as the premise of its capital structure is that members own membership interests. Membership interests represent a member's ownership interest in a limited liability company, and include both governance and financial rights. As a result, the Company's Member Control Agreement authorizes the unlimited issuance of such membership interests pursuant to said law.

Dividends - distributable cash from operations will be dispersed to each member in proportion to their Units owned (whether such Units are Class-A or Class-B shares/units); consistent with the Member Control Agreement that provides for a minimum distribution of thirty (30) percent of net income after previous cumulative losses have been recovered and assuming a minimum net income of one hundred-thousand (100,000) dollars in any given year.

Voting - each Member shall be entitled to one (1) vote upon each matter submitted to a vote at a meeting of said members or for action taken without a meeting. All questions will be decided by a vote of a majority of the members voting in person, except as otherwise provided by law, the Articles of Organization, or this Agreement. Proxy and cumulative voting shall not be allowed, but signed votes may be used when authorized by a resolution of the Board of Governors.

Liquidation - upon liquidation the business of the Company shall be wound up, the Board of Governors shall take full account of the Company assets and liabilities, and all assets shall be liquidated as promptly as is consistent with obtaining the fair value thereof. If any assets are not sold, the relevant gain or loss shall be allocated to members in accordance with the afore-noted Member Control Agreement as if such assets had been sold at their fair market value at the time of said liquidation; whereas, if any assets are distributed to a member rather than sold, the distribution shall be treated as a distribution equal to the fair market value of the assets at the time of the liquidation. Further, said assets shall be distributed in the following order of priority: (a) First, to the payment of all applicable debts and liabilities of the Company, including any fees due to Governors and Managers (such as for Board participation compensation and/or separate Company related consulting work, if applicable at a later period), and any loans or advances that may have been made by the members to the Company, in the order of priority as provided by law; (b) Second, to the establishment of any reserves deemed necessary by the Board or the person winding up Company affairs for any contingent liabilities or obligations of the Company; and (c), Third, to the members in proportion to their Membership Units.

Preemptive Rights - each Member maintains preemptive rights on his/her proportionate ownership interest in the Company before new contributions can be accepted; however, no preemptive rights arise when contributions to be accepted from other persons are to be made in a form other than money, reflected pursuant to a merger plan or exchange,

## *Securities Being Offered – Continued*

and/or to be made or reflected pursuant to a plan of reorganization approved by a court of competent jurisdiction pursuant to a State or Federal statute. The extent that each member may make a new contribution, by exercise of a Preemptive Right, is the ratio of such member's Membership Interest before the new contribution bears to the total of all members' Membership Interests before the new contribution.

Potential Liabilities Imposed on Shareholders – under North Dakota law, specifically the Limited Liability Company Act, shareholders who have received distributions that cause the Company to be unable to pay its debts in the ordinary course of business will be liable to said Company for a period of two (2) years thereafter for an amount commensurate to such distributions in the event said amount becomes necessary in order to discharge the liabilities of the Company.

Units May be Transferred Only With the Consent of the Board of Governors and Such Transfers Must Conform to Section 1.7704-1 of the Treasury Regulations as Adopted by the U.S. Internal Revenue Service, Which Specifies that Interest in a Partnership is Not Considered Traded on an Established Securities Market or Readily Tradable on a Secondary Market Unless the Partnership Participates in the Establishment of That Market or Recognizes Any Transfers Made on the Market by Redeeming the Transferor Partner's Interests - Units may be transferred only with the consent of the Board of Governors, with such consent being given, withheld, conditioned or delayed as the Board may determine in its sole discretion. Additionally, any proposed Unit(s) transfer shall also conform with Section 1.7704-1 of the Treasury Regulations as adopted by the U.S. Internal Revenue Service, which specifies that interest in a partnership is not considered traded on an established securities market or readily tradable on a secondary market unless the partnership participates in the establishment of that market or recognizes any transfers made on the market by redeeming the transferor partner's interests; and at present the Company does not intend to list any Class-A or Class-B Units on any stock exchange.

## **RISK FACTORS**

Prospective investors should carefully consider the risk factors noted below, on the subsequent pages, as well as other information herein contained prior to purchasing any of the Company's Membership Units. In the event that such risks actually occur, the Company's business, financial condition, operating results and/or cash-flow position could be materially affected.

This offering document contains forward-looking statements that involve certain risks and uncertainties, which are particularly true for this Company as it commenced operations of its initial restaurant unit within only the past twelve (12) months; typically, three (3) full years of operation is necessary to more accurately assess the operational results of a restaurant establishment. These forward-looking statements relate to the Company's plans, objectives, expectations and general intentions; and may be identified by the use of words such as "expects", "anticipates", "intends", "plans", and other similar expressions. The Company's actual business and financial results may differ materially from those herein provided.

## *Risk Factors – Continued*

### **Company Has Limited Operating History & Faces Uncertainties as It Continues**

The Company currently has minimal operating history and thus no historical evidence to show its ability to operate restaurant businesses. The Company's ability to continue and subsequently expand operations will depend upon a number of factors, some of which are beyond the control of the Company; such as responsiveness of the concept and continued patronage by existing and future prospective diners, general food/beverage costs and availability, and other adverse impacts to the industry.

### **The Company Faces Risks Because of Its Initial Single Restaurant Base**

Although the Company intends to expand the business by establishing a secondary restaurant unit, it is currently operating one restaurant and therefore faces a higher risk than a diversified company operating at numerous sites; for example, should its current restaurant unit experience unfavorable local economic or marketing conditions prior to the opening of its secondary location, the Company is likely to suffer more adversely than if it had a diversified portfolio.

### **The Company Faces Uncertainties Respecting Site Selection of its Second Unit**

Even though the Company maintains on-going lease terms discussion(s) with several sites located throughout the region, it is now focused on the retail space at the corner of 20<sup>th</sup> and Pennsylvania Avenue within Washington D.C.'s 'Central Business District' for its secondary location. Should this desired location not be obtained then the other sites will be further explored by the Company, however, such spaces would result in a generally similar cost structure as that provided in the Site Selection section (page-15) of this filing. Additionally, should the Company be delayed in finding a suitable restaurant site its timeline for development and pre-opening budget may be affected.

### **The Company Has Not Established a Letter-of-Credit (LOC) as Required by the Restaurant Lease under Consideration and Discussion**

Although lease terms discussions with the secondary site are on-going, a requirement to execute said lease includes establishing a letter-of-credit (LOC) benefiting the landlord; which the Company has not yet completed. As of the date of this filing, the Company is in preliminary discussions concerning what criteria is required to establish such a LOC by NDFU or *Farmers Union Service Association, Ltd.* with the Bank of North Dakota.

### **The Availability of Additional Funding is Uncertain**

The Company expects that the net proceeds of this offering will be sufficient to fund the second restaurant's capital requirements through at least the next twelve (12) months; however, this is not a certainty. The Company may be required to seek additional capital earlier than anticipated should (i) future, actual cash-flow from operations fail to meet expectations, (ii) capital expenditures for restaurant development exceed the initially projected amounts, and/or (iii), market or general economic conditions negatively impact the restaurant's performance. Should the Company obtain additional capital through the issuance of additional equity securities, existing investor holdings may be diluted.

*Risk Factors – Continued*

**Company Has Adopted a Cooperative Governance Structure and Class-A Members are Guaranteed to Hold a Majority of the Board Seats**

The Member Control Agreement provides that each member shall have one (1) vote on all matters submitted to a vote of the membership regardless of the number of Units owned, as is the same governance structure applied to farmer-owned cooperatives. Additionally, said Member Control Agreement provides that at least a majority of the Board of Governors must be comprised of Class-A, agricultural producer members; and therefore, depending on the make-up of Membership Unit purchasers, it is possible that Class-B Unit holders will not have proportional representation on said Board.

**Potential Liabilities Imposed on Shareholders**

Under North Dakota law, specifically the Limited Liability Company Act, shareholders who have received distributions that cause the Company to be unable to pay its debts in the ordinary course of business will be liable to said Company for a period of two (2) years thereafter for an amount commensurate to such distributions in the event said amount becomes necessary in order to discharge the liabilities of the Company.

**Units May be Transferred Only With the Consent of the Board of Governors and Such Transfers Must Conform to Section 1.7704-1 of the Treasury Regulations as Adopted by the U.S. Internal Revenue Service, Which Specifies that Interest in a Partnership is Not Considered Traded on an Established Securities Market or Readily Tradable on a Secondary Market Unless Partnership Participates in the Establishment of That Market or Recognizes Any Transfers Made on the Market by Redeeming the Transferor Partner's Interests**

Membership Units may be transferred only with the consent of the Board of Governors, with such consent being given, withheld, conditioned or delayed as the Board may determine in its sole discretion. Additionally, any proposed Unit(s) transfer shall also conform with Section 1.7704-1 of the Treasury Regulations as adopted by the United States Internal Revenue Service, which specifies that interest in a partnership is not considered traded on an established securities market or readily tradable on a secondary market unless the partnership participates in the establishment of that market or recognizes any transfers made on the market by redeeming the transferor partner's interests; and at present the Company does not intend to list any Class-A or Class-B Units on any stock exchange.

**The Company Does Not Have a Public Market for the Units and Does Not Anticipate that One Will Develop in the Foreseeable Future**

There is no public market for the Units being offered for purchase to prospective investors, and the Company does not have any intention of attempting to develop a public market for the Units. Therefore, even though the Company intends to develop a fiscally responsible dividend payment policy to benefit the owners, said prospective investors should expect to own their Units for an indefinite period of time.

*Risk Factors – Continued*

**“Dram Shop” Litigation Risk**

The Company is also subject to “dram shop” statutes, which imposes liability on an establishment that serves alcoholic beverages to an intoxicated person who causes injury to a third-party. The Company is currently in the process of obtaining liquor liability and general and product liability insurance from various providers; however, there can be no assurances that any liability imposed as a result of a successful claim made against the Company would not exceed the Company’s insurance coverage(s).

**The Company Faces Risks of Food Safety Claims**

Since the business entails providing food and beverage, the Company risks complaints or litigation from customers alleging illness, injury or other food-quality concerns. In addition to monetary claims, a food-related claim may cause adverse publicity and thus have a negative impact on the Company’s reputation in the marketplace.

**Company Members are Subject to Federal Tax Risks**

Given the Company is structured as a partnership for Federal income tax purposes, it will not pay income tax at the Company level; however, members will pay tax on their proportionate share of the Company’s net income. Because all taxable Company income will flow to its members based on their distributive share without regard to the amount of cash distributions, tax liability on said members’ distributive share of the taxable income of the Company could exceed cash distributions they may receive from the Company.

**OFFERING PRICE FACTORS**

The Units’ offering price has been determined based on the consideration of assets, expenses, working capital needs, and relevant start-up costs. Said Units’ offering price does not represent the Company’s net worth or estimate of the book value of said Units; therefore, the Company makes no representations, express or implied, as to the value of such Units offered herein.

Additionally, the Company’s Member Control Agreement stipulates that each member shall have the right to one (1) vote regardless of the number of Units owned or their perceived worth in relation to the overall Company value; where such Units purchased by agricultural producers (otherwise known as “family-farmers”) are designated as Class-A and those purchased by non producers are designated as Class-B units. As previously noted, said Units are identical in all respects except that a majority of the Board of Governors must be comprised of Class-A classified members. As a result, distributions from Company operations, related allocations of net income or losses, and liquidation proceeds if and when applicable, will be made to members in proportion to their corresponding Units owned – also regardless of the Company’s overall perceived value – as provided for by the aforementioned Member Control Agreement.

## ORIGINAL/CURRENT OFFERING AND PLAN OF DISTRIBUTION

The original offering relating to this project, which provided 12,000-minimum/30,000-maximum Membership Units priced at \$100 per unit on the same terms as is being provided for this offering without using an underwriter or incurring any related commissions, commenced in February-2003 and closed on October 3, 2003 when the 12,588 (or \$1,258,800 worth of) subscriptions collected were returned to applicable investors as a result of (i) the lease site desired was not accessible, (ii) the debt financing necessary to move forward with said project, after taking into account the investment proceeds then available, did not materialize, and (iii), management felt the afore-noted issues warranted delaying the project and corresponding offering until a more favorable situation presented itself.

Given the more favorable circumstance for developing the initial restaurant project availed itself in the 4Q-2006, namely a desired lease was available and considerable interest by prospective investors was again expressed, the Company presented 12,000-minimum/30,000-maximum Membership Units through a separate offering; where the offering price was \$100.00 per unit, the minimum purchase per subscriber was twenty (20) Units, and the termination date for said offering was on December 4, 2006. As a result, the Company sold the minimum number of units on February 6, 2006 (e.g. \$1,212,500 worth of unit proceeds were deposited in the account) and then the remaining/maximum number of units by July 18, 2006 (e.g. total unit proceeds of \$3M), in effect closing said offering; of which such proceeds were utilized for the development and working capital needs of said initial restaurant located within the Washington Harbour Complex in the affluent lower Georgetown area of Washington D.C.

Now, with the Company focusing on expanding the business via establishing a secondary restaurant unit in Washington D.C.'s Central Business District, the Company is presenting 10,000-minimum/50,000-maximum Membership Units through this offering; where the offering price is \$100.00 per unit, the minimum purchase per subscriber is twenty (20) units, and the termination date for this offering is July 23, 2008. The Company is selling said units to prospective investors on a best efforts basis without using an underwriter, and therefore no commissions or underwriting fees will be deducted from the offering proceeds received. The Company has, like before, designated Robert Carlson and Mark Watne as sales agents under North Dakota law in connection with this offering; where the aforementioned individuals will be responsible for selling securities on behalf of the issuer. In offering the securities on behalf of the Company, Messrs Carlson and Watne will rely on the safe harbor from broker dealer registration set out in Rule 3a4-1 under the U.S. Securities Exchange Act of 1934; exempted because such individuals satisfy said Rule by (a) not selling securities for their own or for the accounts of others, whether generally or on a securities exchange, (b) not buying and selling their securities for their own accounts, again whether generally or on a securities exchange, (c) not receiving commissions or other remuneration based on securities transactions of any kind, size and scope, (d) not being associated with a broker-dealer at the time of their participation in this offering, (e) not being subject to a statutory disqualification as defined in section 3(a)(39) of the Act at the time of their participation in this offering, and (f), limiting their sales activities as set forth by said Rule. As of this filing, the Company has not incurred any new offering-related expenses (such as architectural, permit, printing, accounting, legal and project-manager fees); however, in the future the Company will utilize membership unit proceeds for such purposes.

## ESCROW ARRANGEMENT

All proceeds relating to this offering will be deposited in a non-interest bearing escrow account with the Bank of North Dakota, and all subscription proceeds will be returned to the subscribers without interest promptly following the Termination Date if subscriptions for at least 10,000 Membership Units (or \$1,000,000) dollars have not been received as of said Termination Date. As of this filing, dated July 23, 2007, the Company had no subscriptions relating to this Offering deposited in the aforementioned escrow.

## **BUSINESS OF THE COMPANY**

### ***Involvement of North Dakota Farmers Union / Formation of Agraria LLC***

The North Dakota Farmers Union, or NDFU, is a non-profit association organized under the laws of North Dakota. Established in 1926, the cooperative currently maintains approximately 37,500 members with the express purpose of advancing the interests of its members and providing cooperative education and development. NDFU is governed by a board of nine (9) directors and maintains its principal place of business and office in Jamestown, North Dakota. Due to its tax principles and patronage requirements, NDFU's Board of Directors determined that the cooperative was not a viable entity to conduct the business functions of the restaurant company. Therefore, the cooperative established a separate entity for the proposed restaurant project on June 5, 2002, resulting in the organization of Agraria LLC as a North Dakota limited liability company. In doing so and as noted herein, NDFU will continue to provide organizational assistance and future development guidance to the business as necessary.

### ***Restaurant Theme and Concept***

The Company's restaurant concept markets images of the family-farmer including a wholesome way of life and trusted source of food products under the name Agraria. Said venture has and will continue to provide the Washington D.C. market with an upscale-casual dining restaurant that serves quality products sourced directly from farmers and controlled through such production, service and ownership of the business. The restaurants, using the unique branding "From Our Fields to Your Table", promotes the family-farmer via an enjoyable dining environment that is educational, multi-sensory, and interactive; while simultaneously providing top-level food servicing with unique variety currently challenged in the local restaurant industry.

### ***Market Segment***

Through its initial restaurant and continuing with the secondary location, the Company competes in the "upper-medium" restaurant segment; where the cuisine includes a mixture of specialty fusion and familiar fare, refined service, and an interior design that is higher than average grade. As a result, the Company anticipates continuing to attract a variety of guest types including (but not limited to) business-oriented patrons, press-related individuals, resident families, members of the local diplomatic core, and Government officials.

### ***Site Selection***

Although the Company has explored various retail sites in Washington D.C. for its secondary location, it is currently in discussions for the 8,530 square feet site located in the relatively new International Monetary Fund (IMF) headquarters building at 1900 Pennsylvania Avenue NW; which satisfies the Company's specifications for size, layout, and proximity to businesses and other local traffic to create adequate demand. The proposed site is located within the City's "Central Business District" and is a short distance from the White House, separate federal agencies, various businesses (that include law and lobbying firms as well as associations), museums, gym complexes, and high-end residential properties. The landlord of the property has offered prospective terms for a lease that are above the expectations of the Company's consultants, however, as previously noted the parties have not (as of this filing) entered into a binding agreement for the desired space; and as a result, there can be no assurances that said site will be available for the Company to establish the eventual secondary restaurant unit therein as the aforementioned building landlord may lease the premises to another tenant.

The proposed lease terms for the IMF site, which, as noted, have not been finalized and are subject to change as the Company and landlord engage in further negotiations, are as follows:

1. **Rent**

- (a) **Base Rent / Annual Increases:** \$23.50 per square foot, resulting in annual rent payments of \$200,455 dollars or monthly rent payments of approximately \$16,705; which is less than half the going market rate. Additionally, commencing in the 4<sup>th</sup> lease year said base rent has an annual escalator of three (3) percent that then continues throughout the remainder of the lease term.
- (b) **Additional Percentage Rent:** If applicable, is nine (9) percent of the unit's gross annual sales in excess of \$475.00 dollars per square foot.
- (c) **Utilities and CAM Expenses:** The unit is to satisfy its utility costs to the relevant provider directly and incur a \$4.00 dollars per square foot expense for common area maintenance (CAM) costs, where said CAM will incur annual escalations of three (3) percent beginning 1/1/2011.

2. **Securitization of the Lease:** The Company would provide a rent guarantee for the performance of the lease in the form of a \$1,000,000 dollars letter-of-credit (LOC) for the first 3-yrs of the lease; where, if not in default under said lease, such LOC obligation reduces by \$500,000 after the 1<sup>st</sup>-year, \$250,000 after the 2<sup>nd</sup>-year, and the remaining \$250,000 upon the end of the 3<sup>rd</sup>-year.

3. **Rent Commencement Date:** Although possession of the space would be on an earlier date, the rent commencement date is Tuesday, July 1, 2008; thereby enabling tenant to benefit from several operational months with rent abatement.

4. **Landlord Improvement Contribution:** The landlord will contribute \$1,100,000 dollars toward the space's build-out once an equal amount has been put toward the overall construction of the space by the tenant.

5. **Investment Return:** Should annual sales in any of the first four (4) years of the term not exceed \$3,000,000 dollars, tenant would have the option to either (i) receive a further reduction in its annual rent due to landlord, or (ii), be released from said lease and compensated fifty (50) cents on the dollar for its initial investment in the premises.

5. **Rent Abatements:** Landlord would provide rent abatements and/or other commensurate compensation should it request the premises be closed for any reason; the latter of which would be determined by the pro-rata costs of such closing (e.g. the forgone revenue based on like properties in the area).

5. **Term:** The proposed lease is for a period of 10-years, with two (2) renewal options each for five (5) year periods on the same terms.

### *Site Selection/Rent – Continued*

With regard to provision-3, and thus why monies for the payment of rent are not included in the Use of Proceeds noted on page-14, it is typical in the industry – as was the case with the Company's initial restaurant location – for a building landlord to provide rent abatements via establishing a later 'Rent Commencement Date' relative to a tenant's possession of the space during the project's construction phase; while said tenant is not generating operating revenue. In the event the Company's lease discussions with said landlord are not concluded by the anticipated date as noted on page-15, causing other factors associated with preparing the space for renovation to be delayed (such as the submission of architectural and construction drawings, procurement of materials, and the commencement of actual construction), the anticipated timeline associated with the aforesaid Rent Commencement Date would likely shift to a later date, such as the 3<sup>rd</sup>-quarter off/in 2008; as determined by the relevant parties.

### ***Restaurant Facilities and Layout***

#### ***Building Component Sizing***

The Company projects that with a total leased space of 8,530 square feet, its dining room area will require 6,030 square feet and accommodate approximately 250 guests, the bar area will be sized at 500 square feet with approximately 20-24 seats, and the kitchen/production area will occupy the second largest portion of the building premises at 2,000 square feet.

#### ***Lobby Area***

The lobby will maintain an elegant seating area back-dropped by a wooden staircase and have a check-in station at the main entrance. The bar area, which will be adorned with specialty alcoholic beverages and farm-imagery, will be visible and freely accessible from the lobby station; and drink and appetizer service will be provided for those guests waiting to be seated, which will, in addition to mitigating congestion should such waiting for table seating occur, provide a supplemental revenue generation mechanism.

#### ***Bar Area***

The bar area will emphasize comfort with lounge-style decoration, and, although this area's "experience" is principally for socializing and beverages, the full menu will be offered to further supplement restaurant revenue streams.

#### ***Main Dining Area***

The 225 seat dining area, which is comprised of two floors, will retain an upscale-casual dining-room atmosphere where table sizes and design vary and natural light flows throughout the space on account of the floor-to-ceiling windows. Additionally, family-farm artwork and related imagery will be located throughout the space as well as product stories noted within the menu to provide brand enhancement for the company concept.

#### ***Kitchen/Production Area***

The 2,000 square feet kitchen area will include all storage, preparation/production, manager offices, janitorial, mechanical & electrical rooms, servicing (including bar), and other support functions to the dining and bar areas.

## **Restaurant Cuisine**

### **Menu Strategy**

The Company's Executive Chef, whose CV and current seasonal menu is provided in Exhibit-H, has developed a distinctive menu to service both the existing and secondary-to-be restaurant under the Agraria brand; offering a tantalizing variety complemented by an extensive wine-list and several 'signature items' that have garnered favorable attention by customers, and thereby establish the key drawing component for repeat customers and the basis for 'word of mouth' guest advertising. As previously noted, such has been/will continue to be further complemented by the utilization of the highest quality home-grown ingredients: pasta, chicken, beef, bison, breads, salads, and other specialty products for both restaurants' base source of food supply. Additionally, said menu is refreshed as needed; and seasonal items are highlighted to generate continued public interest thereof.

### **Menu Concept**

#### **1. Appetizers (Soup & Salad)**

Appetizers include fresh salads, dried and curried meat plates, uniquely flavored side breads as well as soups with a wider than average variety including an emphasis on cream-based, meats and vegetables type offerings.

#### **2. Entrees (Steak Meat, Chicken & Pasta)**

Entrees focus on various cuts of meats such as Prime Rib, Rib Eye, Tender-Loin, N.Y. Strip, Filet Mignon, and hamburger, as well as chicken dishes served with local flare. A large variety of pasta, produce, vegetarian and seafood options are also offered, but depend on seasonal availability.

#### **3. Desserts (Fruit & Bakery)**

Desserts focus on bakery products such as cobblers, puddings, cheesecake, fruit-shortcakes and the like.

#### **4. Beverages (Juices, Beer & Wine)**

In addition to the standard contingent selection of beverages, namely sodas, ice teas, and juice drinks, the restaurant also maintain an assortment of domestic and international beers on tap as well as an extensive, fairly-priced wine list; adhering to the concept that wineries are of family-farm origin.

### **Pricing**

The secondary restaurant unit will, like the initial unit located within the Washington Harbour, maintain a price-point in the ten-to-fifty (\$10-50) dollars pricing structure of the industry; so as to target the broader-based market. Given the exceptional food quality and abundant offerings through its upscale-casual family-style dining, the restaurant's price-value relationship is high and therefore expected to continue to yield significant favor with customers in this segment. Assuming only modest food price increases in 2007, lunch pricing for main course combinations will be in the \$10-\$25 price range and dinner pricing will be in the \$17-\$45 price range; thereby affording the average food-check per guest as \$24.25 for lunch and \$35.69 for dinner.

### ***Service Excellence***

Like with its initial restaurant unit, the Company recognizes that even with all the culinary pieces of the formula correctly in place one minor negative service experience has the potential to ruin guests' visit and lose their business. Those of concern, which are usually attributed to non-attentiveness by staff, include guests waiting a prolonged time before having their order taken or receiving the check, a water glass not being re-filled quickly, or an unclean fork being provided at set-up. To prevent this, the secondary restaurant unit's management team will implement a rigorous training program (similar to that done at the Washington Harbour location) addressing such potentially problematic issues prior to the secondary property's opening, as well as impart how to quickly and professionally turn a negative situation into a positive one; thus increasing the likelihood of maintaining guests as repeat customers, the essential requirement for both restaurants' long-term success. Additionally, the new restaurant will instill the personal service aspect into its training regimen: everything from how a guest is greeted/seated by the host-staff to how the wait-staff services the table to how the Chefs visit tables and inquire on the meal and overall dining experience; thereby personalizing and underscoring premium service.

Staff will also be trained to enter guest names and preferences into a restaurant databank that, along with feedback from customers via comment cards and the restaurant's website, will be used on an on-going basis to provide personalized service and enable the restaurant to mail-out targeted promotional materials. Studies have shown that such innovative and simple attentions, which take a minimal amount of staff time and effort, result in significant increases of customer satisfaction in family-dining type restaurants; and in return promote repeat business.

## ***Restaurant Operations***

### ***Restaurant Management***

The Company will continue to retain *The Magnate Group LLC*, a Washington D.C. consulting and financial services firm with extensive contacts and experience in the restaurant industry, as its Regional Project-Manager for the venture (to oversee the second restaurant's development); and *Brady-Martz LLP*, an independent North Dakota-based accounting firm, to again serve as the project's certified public accountant (ensuring proper financial oversight). Like before, both entities will report to the Company's Board of Governors on matters pertaining to the business.

### ***Employees***

The Regional Project-Manager (RPM), working with the eventual restaurant General-Manager (GM), will recruit through its contacts and locally in newspapers, nationally via trade publications and websites, as well as post positions with restaurant culinary curricula. Other staff candidates will be interviewed by the eventual GM and in consultation with the company's Board.

Given the resource of available and interested staff from the existing restaurant unit, which are already trained in the Company's concept and service standard, coupled with the state of the local economy (e.g. the ample number of qualified professionals now available therein), it is anticipated that the subsequent page-noted staff-hires will be acquired prior to the second restaurant's formal opening for reasonable compensation packages with standard industry benefits and performance-based bonuses. Full-time personnel are expected to work 40-hours per week in two standard shifts, whereas part-time personnel will work 10 to 30-hours a week depending on the expected levels of demand.

**Marketing**

Print advertising will begin one month prior to the opening of the new restaurant in order to generate additional awareness for, and build corresponding excitement with, local businesses and general residents in the surrounding target areas. Specifically, quarter-page ads will be placed in the Friday and Saturday editions of the *Washington Post* and *Washington Times*, as well as several weekly local business publications during the same period, to target both family and business diners who either work or reside in the District. Assuming this offering is fully subscribed, the following is the anticipated publication costs:

<b>Timeframe</b>	<b>Event</b>	<b>Vehicle(s)</b>	<b>Cost</b>
1-Month Prior	Advertisements Introducing the <i>Agraria Restaurant</i>	Washington Post	\$ 18,000.00
		Washington Times	\$ 14,000.00
		Other Local Publications	\$ 5,000.00
2-Weeks to 1-Month After	Additional Advertisements	Washington Post & Times	\$ 32,000.00
		Other Local Publications	\$ 5,000.00
<u>Total Cost:</u>			<u>\$ 74,000.00</u>

**Purchasing**

The fundamental theme of the new restaurant, consistent to that of the existing unit, will be to emphasize and promote products that are family-farm based; both benefiting the venture in terms of promotional value as well as reduced product costs. And although the new restaurant will not be able to source all food products directly from family-farmers, the goal will be to utilize existing family-farm supply lines on key products and to continually look to increase participation of other local producers as a special feature/linkage to that market. Due consideration, including relevant cost factors, will be given to processors and distributors as channels for this operation; and stringent requirements will be implemented to ensure the highest product quality for such.

### **Competition**

Like most of the United States, the Washington D.C. restaurant industry is highly competitive and fragmented; where the number, size and strength (financially and otherwise) of restaurants varies widely. That said, based on comparable price-points and its anticipated location in this market, the new restaurant will primarily compete with the following establishments:

#### *Kinkead's*

This restaurant focuses on seafood products/dishes in an elegant, yet somewhat stuffy business-oriented style dining facility.

#### *Primi-Piatti*

Although it has served the downtown area for close to twenty (20) years focusing on northern Italian cuisine thanks to its chef and owner proprietor, the restaurant has lost much of its sparkle (both in terms of décor as well as culinary freshness).

#### *Taberna del Alabardero*

Located two blocks away, this fine-dining establishment focuses on Spanish cuisine with "old-world" ambience and decoration.

### **Government Regulations**

Like all restaurants, the Company will continue to be subject to regulation by governmental agencies and to corresponding license & permitting requirements by local health, sanitation, building, zoning, safety, fire and other departments relating to the development and operation of its existing and new restaurant. Additionally, the Company will be governed by "dram-shop" statutes, which generally stipulate that a person injured by an intoxicated person may have the right to recover damages from the establishment that wrongfully served alcoholic beverages to the aforementioned intoxicated individual. In terms of employment agreements, there are numerous Federal and D.C. laws and regulations governing the Company's employment relationships and the manner in which the restaurant generally does business therein; including the *Americans with Disabilities Act*, OSHA, and relevant food safety laws. While the Company has and will continue to strive to comply with all such applicable laws, there can be no assurances that a violation of any of these or other laws will not occur in the future; and as such, assuming a violation in this respect does occur, there can be no assurances that any liability imposed as a result of a violation by the Company would not exceed the Company's insurance coverage and would not significantly hinder the Company's financial stability. Specific government regulations pertaining to applicable liquor, food, health, sanitation, building, zoning, safety and fire licenses, among others, can be obtained at the District of Columbia's Department of Consumer & Regulatory Affairs office located at 941 North Capitol Street NE, Washington D.C. 20002, telephone (202) 442-4400, and/or on-line at [www.dc.gov](http://www.dc.gov).

### **Intellectual Property**

The Company has received/obtained trademarks for the name "Agraria" and the corresponding slogan "From Our Fields to Your Table" with the U.S. Patent and Trademark Office; as provided in Exhibit-I. Although, as of this filing, no trademark infringements have occurred against said marks, the Company cannot predict whether such will be adequate to prevent misappropriation of trademark rights or the use by other establishments of the restaurant features based upon, or otherwise similar to, the Company's restaurant concept.

### ***Management's Plan of Operations and Timeline of Activities***

Although the Company will begin receiving offering proceeds as soon as the minimum amount is raised and through its closing (as herein noted), it is possible that no proceeds will be available for pre-opening expenses even though the space lease may be finalized by then. In the case where proceeds are not accessible or should said space lease not be finalized by the anticipated aforementioned date, the Company will still hold any proceeds received through said Termination Date and push back the corresponding development plan as described below. Assuming adequate funding through the acquisition of proceeds by this offering, the Company has established the following timeline for the new/secondary restaurant's development:

- Retention of Design and Build Team Completed  
The Company has retained the award-winning services of *Adamstein & Demetriou* design and *Forrester Construction* firms for the project.
  
- Finalization of Site Lease September 1, 2007  
The Company has entered into lease discussions with the landlord of the proposed site, and, assuming no complications on terms, anticipates concluding said lease negotiations and taking possession of said space by the above-noted date.
  
- Retention of Senior Restaurant Management January 1, 2008  
Although the Corporate Executive Chef has been chosen, it is anticipated that the new restaurant's other senior staff (e.g. GM/AGM) will be retained by the above date.
  
- Liquor License Acquisition February 1, 2008  
The required approval for an Alcoholic Beverage Control license has not yet been received by the government of the District of Columbia. Based on said City's current permit schedule and back-log for restaurants, approval of its license is expected on or around the above provided date.
  
- Non-GM Employee Hiring/Training February 1, 2008  
The RPM, working with the new restaurant GM, will recruit through various publications and industry curricula; and subsequently implement a training regime for relevant staff on or around the above-noted date.
  
- Construction/Renovation Work Completion February 1, 2008  
Based on current budgetary and construction planning, notably the required permitting, material-ordering and installation inherent in the construction phase, completion of the site's renovation is anticipated by the above date.
  
- Opening February 15, 2008  
Assuming the above is completed on the provided timeline, it is anticipated that the restaurant opening will occur on or around the above date; following a "soft-opening" with friends and family that will take place one (1) week prior.

A legal opinion on the corporate law of North Dakota and that the Units, when issued and sold in the manner herein referred, will be legally and validly issued, fully paid and non-assessable, has been provided for the Company by N.D.-based law firm *Vogel, Weir, Hunke & McCormick, Ltd.*

## **EXPERTS**

*Brady-Martz & Associates P.C.*, the North Dakota-based certified public accounting firm, has been retained by the Company and opined on the relevant federal income tax consequences to prospective investors; that the Company will be treated as a partnership under federal tax law. And although the financial statements provided in this offering have not been audited, future audited statements will be furnished to applicable investors on an annual basis.

## **FEDERAL INCOME TAX CONSEQUENCES**

The following summary of tax considerations that may be relevant to individual prospective investors was prepared by the certified public accounting firm *Brady-Martz & Associates P.C.*, the consent of which, along with other relevant information, is provided in Exhibit-F of this filing. Additionally, *Brady-Martz & Associates P.C.* has opined that the Company will be treated as a partnership under federal tax law; however, it is impractical for purposes of this summary opinion to provide comment on all aspects of federal, state or local income tax laws that may affect the tax consequences of investing in the Company as such consequences are often uncertain and many of them will not be the same for all taxpayers. As such, prospective investors are advised to consult their tax adviser so as to fully understand the income and tax consequences of participating in this venture. As part of this summary the Company has made certain statements of intent and representations that have been incorporated herein, and are reasonably relied upon by *Brady-Martz & Associates P.C.*

### ***Classification as a Partnership***

The U.S. Treasury Department has issued regulations that allow an unincorporated entity to choose to be taxed as a corporation or partnership, assuming the entity is not considered a publicly traded partnership. The Member Control Agreement, attached in Exhibit-B, specifies that the Company will be taxed as a partnership.

### ***Publicly Traded Partnership Rules***

In order to qualify for taxation as a partnership, the Company must not be treated as a publicly traded partnership under Section 7704 of the Internal Revenue Code, which generally defines such as a partnership whose interests are traded on an established securities market, or are readily tradable on a secondary market. The Company represents, based on the aforementioned, that it is confident that it will not be treated as a publicly traded partnership provided that transfers of Membership Units are made only pursuant to the "safe harbors" permitted in the Articles of Organization and Member Control Agreement as described below. Also, as stipulated by Section 1.7704-1 of U.S. Treasury Regulations, interest in a partnership is not considered traded on an established securities market or readily tradable on a secondary market unless the partnership participates in the establishment of the market, or the partnership recognizes any transfers made on the market by redeeming the transferor partner's interests, or

*Federal Income Tax Consequences – Continued*

admitting the transferee as a partner. As such, the Company further represents that it does not intend to list the Class-A or Class-B Units on any stock exchange or the NASDAQ Stock Market, nor will it provide any information to broker-dealers that would enable such to trade Units under Rule 15c2-11 of the U.S. Securities Exchange Act of 1934, as amended. In addition, Article IX of the Member Control Agreement only permits transfers of Units that will preserve the partnership tax status of the Company by complying with the provisions of said Treasury Regulations, which generally provide that interests will not be treated as readily tradable on a secondary market if the interests are transferred pursuant to "safe harbors" including "private transfers", qualified repurchases, and transfers pursuant to a qualified matching service.

Private transfers include transfers in which the transferee's tax basis is determined by reference to the transferor's tax basis in the interest transferred, transfers by reason of death, including transfers from an estate or testamentary trust, transfers between members of a "family" within the meaning of Section 267(c)(4) of the Internal Revenue Code, transfers from retirement plans qualified under Section 401(a) of said Code or an IRA, and "block" transfers, which is any transfer by a related person as defined in said Code in one or more transactions during any 30 day period, or interest representing more than two (2) percent of the total interests in partnership capital or profits.

Additionally, transfers pursuant to a qualified redemption or repurchase are disregarded in determining whether interests are readily tradable on a secondary market if the following conditions are met: first, the redemption or repurchase cannot occur until at least 60-days after the partnership receives written notice of the member's intent to exercise the redemption or repurchase right; second, either the purchase price is not established until at least 60-days after receipt of notification or the purchase price is established not more than 4x times during the entity's tax year; and third, the sum of the capital interests or profits transferred during the year, other than private transfers, cannot exceed 10% of the partnership capital interests or profits.

Transfers through a qualified matching service are also disregarded in determining whether interests are readily tradable, where a matching service is qualified only if: (i) it consists of a computerized or printed system that lists customers' bid and/or ask prices in order to match members who want to sell with persons who want to buy; (ii) matching occurs either by matching the list of interested buyers with the list of interested sellers, or through a bid and ask process that allows interested buyers to bid on the listed interest; (iii) the seller cannot enter into a binding agreement to sell the interest until the fifteenth (15) calendar day after his/her interest is listed, which date must be confirmable by maintenance of contemporaneous records; (iv) the closing of a sale effected through the matching service does not occur prior to the forty-fifth (45) calendar day after the interest is listed; (v) the matching service displays only quotes that do not commit any person to buy or sell an interest at the quoted price, non-firm price quotes, or quotes that express an interest in acquiring an interest without an accompanying price, non-binding indications of interest; (vi) the matching service does not display quotes at which any person is committed to buy or sell an interest at the quoted price (firm quotes); (vii) the seller's information is removed within one hundred and twenty (120) days of its listing and is not reentered into the system for at least sixty (60) days after its deletion; and (viii) the sum of the percentage interests transferred during the entity's tax year, excluding private transfers, does not exceed ten (10) percent of the total interests in partnership capital or profits.

## *Federal Income Tax Consequences – Continued*

### ***Federal Taxation of the Company and its Members***

Because the Company is being treated as a partnership for federal income tax purposes, members will be required to report on their federal income tax returns their distributive share of all items of the Company's income, gain, loss, deduction, and/or credit for any taxable year of the Company ending within or with their taxable year, without regard to whether such members have received or will receive any distributions from the Company. As a partnership the Company will not be taxed upon its income. In the event the Company is treated in any taxable year as an association, taxable as a corporation, and not as a partnership for federal income tax purposes, no losses of the Company can be deducted by its members on their personal income tax returns as such losses would be taken by the Company against its income, if any. Further, the Company's income would be subject to the corporate income tax and any distributions from the Company to members would not be deductible by the Company. Rather, such distributions would be taxable to the members as dividends to the extent the Partnership, as an association, is taxable as a corporation, resulting in a material reduction in the anticipated cash-flow and after-tax return to investors from such an investment.

### ***State Taxation of the Company and the Members***

Members are subject to tax in their state of residence, as well as in those states in which the entity does business if an individual member's income for that state exceeds the minimum filing requirements. As a result, members are advised to consult their tax advisors with respect to the tax laws of their state of residence and any state in which the Company may do business.

### ***Tax Basis and Other Limitations on Loss Deductions***

As described below, members are subject to three distinct (yet related) provisions that limit their ability to utilize net losses from the Company. Should one or more of these limitations apply in a particular taxable year, said members may not deduct all or a part of their share of Company net losses for such year. To the extent that net losses attributable to a member's interest cannot be utilized to offset certain other taxable income in the current year, including salary, active business and portfolio income, such losses will be suspended and applied against a member's share of Company income, or a member's income from other passive sources in future years. The ability to utilize net losses from the Company also may be limited in a particular tax year to members' tax basis or their amount "at risk." Upon complete disposition by members of their interest in the Company, any remaining losses suspended due to the passive activity rules will be allowed to the extent such losses do not exceed their tax basis or their "at risk" amount.

### ***Limitations of Loss Deductions from Passive Activities***

The Internal Revenue Code provides that losses from a trade or business activity in which a taxpayer does not "materially participate" will not be allowed to offset certain other taxable income of that taxpayer, including salary/active income and "portfolio income" such as dividends, interest, royalties & capital gains. Generally, losses attributable to an LLC membership interest are treated as arising from a nonparticipating or "passive" trade and such can be used only to offset passive income from the partnership or other passive activities.

***Limitations on Loss Deductions under Section 465***

Under Section 465 of the Internal Revenue Code the amount of losses that individuals and certain corporations may deduct with respect to most business and investment activities, are limited to the amount that the individual or corporation is "at risk" with respect to such activity. Losses disallowed for the taxable year because of the "at risk" limitations can be carried forward indefinitely and utilized in a subsequent year if then permitted by the "at risk" limitation. Initially, members will be "at risk" as to the Company for an amount equal to the cash paid for their membership interests. However, in subsequent years, members' amount "at risk" generally will be increased by their allocable share of the Company's undistributed taxable income and reduced by their allocable share of the Company's losses and the Company's distributions.

***Tax Basis of Membership Interests***

The tax basis of interests of members in the Company will be equal to the amount of cash contributed by said member to the Company, increased by the member's share of Company (taxable and nontaxable) income and decreased (but not below 0) by member distributions, the member's distributive share of Company losses and any Company expenses not deductible in computing the Company's taxable income. A member's basis may also be subject to adjustment for any non-recourse debt on Company real estate. However, because of the tax basis limitations, a member cannot deduct a loss in excess of the member's tax basis and any excess loss would be suspended until such time as the member's tax basis is once again positive.

***Disposition of Units***

If an actual sale of a member's Units occurs, gain or loss will be recognized equal to the difference between the amount realized and the member's basis in the Units sold; the amount realized for this purpose would include cash and the Fair Market Value of any other property given as consideration for the sale. Conversely, if a member's interest is redeemed or liquidated by the Company, the member will recognize income to the extent any cash, or cash equivalent, received by the member exceeds the member's tax basis. Generally, if a member receives property as part of the liquidation, any possible gain associated with the liquidation and the distributed property would be deferred; the recipient member's basis for property received as a liquidating distribution would be equal to the member's basis in the Company immediately before the distribution, reduced by any cash received. Generally, gain or loss recognized by a Unit holder on the sale or exchange of a Unit held for more than one (1) year will be taxed as long-term capital gain or loss. However, if the disposition is part of a Company liquidation of the member's LLC interest, a portion of the gain or loss will possibly be separately computed and taxed as ordinary income under Internal Revenue Code §751 to the extent attributable to depreciation recapture or "other unrealized receivables" or "substantially appreciated inventory" owned by the Company. It is possible that members could have a tax liability that exceeds cash proceeds of the sale in the event that non-recourse real estate debt has been utilized as basis.

***Self-Employment Issues***

Neither Congress nor the IRS have finalized how a member's LLC annual share of income from a LLC interest may be subject to self-employment tax. Until final guidance is provided, a concern remains that any member's share of LLC income will be subject to self-employment tax.

*Federal Income Tax Consequences – Continued*

***Tax Returns and Tax Information***

The Company must file an annual Federal information return on Form 1065, and furnish members information on Schedule K-1, Form 1065 which they will need to file their federal, and any required state and local tax returns. The preparation and filing of such tax returns will be the responsibility of said members. In the event the IRS audits and disagrees with the tax positions taken on the Company's tax returns, separate audits of members' tax returns could result, especially if adjustments are required, which may result in tax liabilities, penalties and interest to said members.

## **AGRARIA LLC – NOTES TO THE UNAUDITED FINANCIAL STATEMENTS**

---

### **NOTE 1 – NATURE AND LIMITATIONS OF REPORTING**

These unaudited financial statements present, to the best of Company management's knowledge and belief, its financial results of operations for 2006 and year-to-date 2007; which include all normal and recurring adjustments necessary for a fair statement of results for said periods.

### **NOTE 2 – NATURE OF OPERATIONS**

#### *Principal Business Activity*

Agraria LLC is a North Dakota limited liability company organized to establish, own and operate upscale causal restaurants throughout the country (initially in the Washington D.C. market) that focuses on the awareness of the American family-farmer and endeavor to allow such farmers to capture a greater share of the American food dollar. Although incorporated on July 5, 2002, the Company abandoned its initial efforts to establish said WDC restaurant as a result of the desired lease site not being accessible and the debt financing necessary to move forward with commencing such project not materializing. Therefore, the Company had no amounts to report in calendar years 2002 and 2003, maintained only development activity (again, relating to its initial Washington D.C. restaurant unit) from 4Q-2004 through mid-2006 as it established the Georgetown Harbour restaurant location as herein described; but then had June 3, 2006 to year-end and 2007 year-to-date operational results as provided herein.

Additionally, the Company presently maintains a nine (9) member Board of Governors and one-hundred and eighty-three members (e.g. 137 "Class-A" and 46 "Class-B" shareholders), as described on page-7 of this offering-circular and provided in further detail in Exhibit-J hereto. As of this filing, the Company is in the expansion phase of the business with current efforts being devoted to continuing operations at the initial (e.g. 3000-K Street, Washington D.C.) location and establishing a secondary Washington D.C. restaurant unit; with regard to the latter, including the financing activities relating thereto.

### **NOTE 3 – SIGNIFICANT ACCOUNTING POLICIES**

#### *Fiscal Reporting Period*

The Company has a December 31<sup>st</sup> fiscal year for financial reporting purposes.

#### *Basis of Accounting*

The Company uses the accrual basis of accounting in accordance with generally accepted accounting principles, where revenues are recognized as earned and expenses as incurred.

#### *Revenue*

The revenue listing relates to the initial Washington D.C./3000-K street restaurant unit's operational results, taking into account that full restaurant operations did not commence until June-06. The building landlord's (e.g. Prudential Financial) capital infusion was part of said restaurant's lease provisions (specifically providing the Company a "Tenant Improvement" allowance/allocation, which does not result in a corresponding equity position in the Company) to use toward the construction and build-out of such site location; as is typical in the restaurant industry.

*Significant Accounting Policies – Continued*

*Listed Expenses*

The salaries and wages expense is for both the restaurant results (e.g. managers, cooks, servers, bussers) as well as for the regional project-manager (RPM) services performed by *The Magnate Group LLC*. The dues and subscriptions are for annual membership in the Restaurant Association of Washington D.C. and costs for receiving restaurant industry publications, respectively. The travel/lodging expense in 2006 was for said RPM to attend the annual NDFU convention in North Dakota. The marketing expense relates to restaurant advertisements in various industry and local publications. The license fees are for limited liability company status and on-going “good standing” certificates required in the District of Columbia. The administrative and general fees are associated with company overhead charges, including applicable rent payments for the noted periods. The prior offering costs include all relative printing and accounting fees for the previous offering herein described. The 3000-K street development fees are for separate build-out and kitchen/bar equipment purchase costs incurred in 2006 for construction of the initial *Agraria Restaurant* established in Georgetown-D.C. All other listed expenses, such as the architectural design, legal, insurance, and website design/hosting fees, are self-explanatory.

*Cash Contribution*

The cash infusions/contributions were provided as equity contributions by the current business owners as herein noted (further described in Exhibit-J) whereas the development grants were previously provided by NDFU as non-reimbursable development funds for this project, and did not result in Membership Units being conveyed to NDFU for such grants.

*Equipment Purchases*

The kitchen and bar equipment purchases, although part of the overall A/P expenses, are split from such account (noted via “Less FF&E”) for purposes of providing the total acquisitions relating thereto.

*Income Taxes*

The Company is organized as a LLC under North Dakota state law, where its earnings are treated as member pass-through; and as such, taxes have not been taken into consideration for the reporting period.

(CONTAINS RESTRICTIONS ON TRANSFER OF MEMBERSHIP INTERESTS)**

THIS MEMBER CONTROL AGREEMENT (the "Agreement") is effective by and among Agraria LLC, a North Dakota limited liability company (the "Company"), and all of the individuals and entities who have subscribed for and purchased membership units of the Company, upon the Company receiving the required minimum subscription of said membership units.

**WHEREAS**, said North Dakota code further stipulates that a limited liability company's Articles of Organization are not required to authorize capital units prior to an offering, as the premise of its capital structure is that members own membership units (e.g. interests); and

**WHEREAS**, said Members and the Company desire to enter into such a member control agreement with respect to the Company.

3.4 Notice of Meetings. Unless otherwise required by law, written notice of each meeting of the members, stating the date, time and place (and in the case of a special meeting, the purpose or purposes) shall be given at least ten (10) days and not more than thirty (30) days prior to the meeting to every owner of Membership Interests entitled to vote at such meeting.

4.10 Quorum. A majority of the governors currently holding office shall be necessary to constitute a quorum for the transaction of business. In the absence of a quorum, a majority of the governors present may adjourn a meeting from time to time without further notice until a quorum is [present]. A governor may participate in a meeting of the Board of Governors by any means of communication through which the governor, other governors so participating, and all governors physically present at the meeting, may simultaneously hear each other during said meeting.

4.14 Absent Governors. If the governor is not present at the meeting, consent or opposition to a proposal does not constitute presence for purposes of determining the existence of a quorum; but consent or opposition shall be counted as a vote in favor of or against the proposal and shall be entered in the minutes or other record of action at the meeting.

4.15 Committees. A resolution approved by the affirmative vote of a majority of the Board may establish committees having the authority of the Board in the management of the business of the Company, to the extent provided in said resolution. At all times committees shall be subject to the direction and control of the Board, and a committee shall consist of one or more natural persons who need not be governors; instead be appointed by affirmative vote of a majority of the governors present at a duly held Board meeting. The procedural provisions of this Article [IV] shall apply to committees and members of committees to the same extent as those sections apply to the Board. In such an event, each member shall be allowed (but is not required) to contribute additional capital in proportion to the member's Membership Interests. Upon acceptance of a new contribution, the method for the restatement of value of previous contributions as set forth in N.D.C.C. §10-32-57 shall not be used; instead, the method of determining the value of the new units (as described herein) shall be used.

6.3 Capital Accounts. A separate Capital Account shall be maintained for each member where the initial balance(s) shall be (for each Member) the initial cash contribution made to the Company; in accordance with the capital accounting rules of U.S. Treasury Regulation Section 1.704-1(b)(2) and the provisions of this Agreement relative to the maintenance of Capital Accounts. In general, the Capital Account of each member shall be increased by (a) the amount of any contribution such member makes to the capital of the Company; (b) the agreed value of property contributed by such member to the Company, net of liabilities which the Company assumes or to which the property is subject; and (c) the share of

## ARTICLE VII ALLOCATIONS AND DISTRIBUTIONS

7.1 Allocation of Net Income, Profits, Gains, Net Losses and Credits. All items of net income, profits, gains, net loss, credits, and deductions of the Company shall be allocated to each of the members in proportion to his/her respective Membership Units in the Company.

7.2 Special Allocations. The following shall be made in the following order:

- (a) Minimum Gain Chargeback. Notwithstanding any other provision in this Article VII, should a net decrease in "partnership minimum gain" occur, as defined in Treas. Reg. Section 1.704-2(d), during any fiscal year of the Company, each member shall be specially allocated items of Company income/gain for such year in an amount equal to the portion of such member's share of the net decrease in partnership minimum gain; determined in accordance with Treas. Reg. Section 1.704-2(g)(2) that is allocable to the disposition of Company property subject to "non-recourse liabilities", as such term is defined in Treas. Reg. Section 1.752-1(a)(2). Allocations pursuant to the foregoing sentence shall be made in proportion to the respective amounts required to be allocated to each member pursuant thereto; and the items to be allocated under this Section 7.2(a) shall be determined in accordance with Treas. Reg. 1.704-2(j)(2), thereby complying with the minimum gain chargeback requirement in such regulation and shall be interpreted and applied consistently therewith.

To the extent permitted by such regulation and for purposes of this Section 7.2(a), each member's deficit capital account balance shall be determined prior to any other allocations pursuant to this

Article VII with respect to such fiscal year and without regard to any net decrease in partnership minimum gain during such year.

- (b) Qualified Income Offset. Notwithstanding anything in this Article VII to the contrary, if a member unexpectedly receives an adjustment, allocation, or distribution described in Treas. Reg. Section 1.704-1(b)(2)(ii)(d)(4), (5) or (6), and such unexpected adjustment, allocation or distribution puts such member's capital account into a deficit balance or increases such deficit balance determined after adjusting such account for all other allocations tentatively made pursuant to this Article VII as if this Section 7.2(b) were not in this Agreement, such Member shall be allocated items of income and gain in an amount and manner sufficient to eliminate such deficit or increase as quickly as possible. It is intended that this Section 7.2(b) shall meet the requirement that this Agreement contains a "qualified income offset", as defined in Treas. Reg. Section 1.704-1(b)(2)(ii)(d).
- (c) Gross Income Allocation. In the event any member has a deficit capital account at the end of any fiscal year that is in excess of the sum of (i) the amount such member is obligated to restore pursuant to any provision of this Agreement, and (ii) the amount such member is deemed to be obligated to restore pursuant to the penultimate sentences of Treas. Reg. Sections 1.704-2(g)(i) and Section 1.704-2(i)(5), each such member shall be specially allocated items of Company income and gain in the amount of such excess as quickly as possible; provided that an allocation pursuant to this Section 7.2(c) shall be made only if such member would have a deficit capital account in excess of such sum after all other allocations provided for in this Article VII have been made as if Section 7.2(b) and (c) were not in the Agreement.
- (d) Non-recourse Deductions. Non-recourse deductions, as defined in Treas. Reg. Section 1.704-2(b), for any fiscal year shall be allocated to the members in accordance with Section 7.1.
- (e) Partner Non-recourse Deductions. Any "partner non-recourse deductions" for any fiscal year or other periods shall be specially allocated to the member who bears the economic risk of loss with respect to the "partner non-recourse debt" to which such partner non-recourse deductions are attributable in accordance with Treas. Reg. Section 1.704.2(i). For purposes of this Agreement, the term "partner non-recourse deductions" shall have the meaning set forth in Treas. Reg. Section 1.704-2(i)(2), and the term "partner non-recourse debt" shall have the meaning set forth in Treas. Reg. Section 1.704-2(b)(4). Further, the amount of partner non-recourse deductions with respect to a partner non-recourse debt for a Company fiscal year equals the excess, if any, of the net increase, if any, in the amount of partnership minimum gain attributable to such partner non-recourse debt during such fiscal year over the aggregate amount of the proceeds of the liability distributed during that fiscal year to the member that bears the economic risk of loss for such partner non-recourse debt.

7.3 Curative Allocations. The allocations set forth in Sections 7.2(a), 7.2(b), 7.2(c), 7.2(d) and 7.2(e), collectively the "Regulatory Allocations", are intended to comply with certain requirements of Treas. Reg. Section 1.704-1(b). Notwithstanding any other provision of this Article VII, the Regulatory Allocations shall be taken into account in allocating other items of income, gain, loss and deduction, and credit among the members so that the net amount of such allocations of other items and the Regulatory Allocations to each member shall be equal to the net amount that would have been allocated to each such member if the Regulatory Allocations had not occurred. Additionally, notwithstanding the preceding sentence, Regulatory Allocations relating to non-recourse deductions pursuant to Section 7.2(e) shall not be taken into account except to the extent that there has been a reduction in partnership minimum gain.

7.4 Operating Distributions; Minimum Distribution; Other Distributions.

- (a) Operating/Minimum Distributions. Any distributions authorized by the Board of Governors, other than distributions upon liquidation pursuant to Section 11.3, Non-Ordinary Distributions pursuant to Section 7.4(b), and Tax Withholding Obligations that constitute distributions pursuant to Section 7.5, shall be distributed among the members based on their Membership Units as reflected in the Company's records. The Board shall annually authorize a distribution of cash to the members based on their Units in an amount at least equal to the Estimated Member Tax Liability to the extent such distribution is legally permitted; but only after all historical cumulative losses have been restored and the Company has net income of at least \$100,000 for the year in question.
- (b) Other Distributions. Distributions to members from sources other than "net operating profits", including refinancing of indebtedness or from the sale of the Company assets (other than in the ordinary course of business), shall be distributed among the members in the same manner as set forth in Section 11.3.

7.5 Tax Withholding Obligations Constitute a Distribution. Any Tax Withholding Obligation that is withheld by the Company shall constitute a distribution of such amount by the Company to the member to whom such Tax Withholding Obligation is attributable.

## ARTICLE VIII TAX MATTERS

8.1 Tax Characterization and Returns. The members acknowledge that the Company will be characterized as a partnership for income tax purposes, and as such, the Company shall prepare (or cause to be prepared) and file on or before the due date (or any extension thereof) any Federal, State or local tax returns required to be filed by the Company; and, except as otherwise provided in any Board resolution, shall have complete discretion and authority concerning any tax election required or permitted to be made by the Company. Further, the Company shall deliver (or cause to be delivered) to each member within ninety (90) days after the end of each fiscal year, or within a reasonable time thereafter if the Company's due date for a tax return is extended, such information concerning the Company as is necessary or appropriate to permit each member to properly complete any Federal, State or local income tax return in which members must include items attributable to the Company.

8.2 Tax Matters Partner. The Tax Matters Partner shall be the individual so designated in accordance with Sections 6221-33 of the Code and related Treasury Regulations, and such individual shall assume the responsibilities assigned to tax matters partners therein. The Board of Governors may designate the Tax Matters Partner or, if no such designation is made, the President of the Company shall be the Tax Matters Partner unless that official is not a member; in which case the Company President shall designate a member as the Tax Matters Partner. If on advice of counsel the Tax Matters Partner determines that it is in the best interest of the members that the final results of any administrative proceeding be appealed by the institution of legal proceedings, the Tax Matters Partner is hereby authorized to commence such legal proceedings in such forum as the Tax Matters Partner, on advice of counsel, determines to be appropriate. And, in the event the Tax Matters Partner selects a forum for appeal in which the members are required to deposit a proportionate share of any disputed tax before making such appeal, the Tax Matters Partner must obtain the approval of the Board of Governors and the consent of all members. Assuming such approval and consent is obtained, each of the members will be required to deposit and pay such member's proportionate share of such disputed tax before participating in said appeal; and the members acknowledge that such deposit under current law does not earn interest and that the failure to so deposit may preclude a member from pursuing any other sort of appeal by court action. Further, the Tax Matters Partner shall not be liable to any other member for any action taken with respect to any such administrative proceedings or appeal so long as the Tax Matters Partner is not grossly negligent or guilty of willful misconduct. Additionally, any costs paid or incurred by the Tax Matters Partner in connection with its activities in such capacity shall be reimbursed by the Company. Each member also acknowledges that any cost a member may incur in connection with an audit of such member's income tax return, including an audit of such member's investment in this Company, is such member's sole responsibility and obligation; and neither the Company, the Board of Governors, the Managers, nor the Tax Matters Partner shall be liable to any member for reimbursement or sharing of any such costs.

## **ARTICLE IX ASSIGNMENT/TRANSFER OF MEMBERSHIP INTERESTS**

9.1 Transfer of Membership Interests. Membership Units may be transferred only with the consent of the Board of Governors, with such consent being given, withheld, conditioned or delayed as the Board may determine in its sole discretion. Any proposed transfer of Units shall conform with Section 1.7704-1, et seq., of the Treasury Regulations as adopted and amended by the Internal Revenue Service from time to time. In this respect, it is the intent of this Agreement that the tax status of this Company be the same as for a partnership and that the Company preserve its partnership tax status by complying with Section 1.7704-1, et seq., and any amendments thereto. Additionally, the transferor and transferee must execute any such documents or instruments as the Board may deem necessary to effect such assignment. Nothing in this Article IX shall prohibit the collateral assignment of rights to distributions to any member, but no such assignee shall have the right, by virtue of such collateral assignment, to become a member or to have any governance rights.

9.2 Transfer of Class A Membership Units. Subject to the approval process set forth in Section 9.1, a Class-A member may transfer his/her Membership Units to either a producer or non-producer, however, the transfer of such Units to a non-producer will result in their automatic conversion to Class-B Units.

9.3 Severance Prohibited. Neither the Governance Rights nor the Financial Rights of a Membership Unit may be severed from the Membership Unit; except with respect to a collateral assignment permitted under Section 9.1. Any assignment of Membership Units shall

cause the assignment of both the Governance Rights and the Financial Rights associated with that Membership Unit to the same assignee.

## ARTICLE X SUPER-MAJORITY ACTION

The Board of Governors shall not enter into or make the following actions or decisions by, for, or on behalf of the Company without the approval of at least sixty-six (66) percent of the Voting Interests:

- (a) Any sale, exchange, transfer, consent to the execution of a deed in lieu of foreclosure, or other disposition of all of the Company's assets;
- (b) The conversion of the Company to a corporation, general partnership, limited partnership or any other form of legal entity;
- (c) Any merger or other combination of the Company with a separate/other person; or
- (d) Dissolution of the Company.

## ARTICLE XI DISSOLUTION

11.1 Notice of Dissolution. As soon as possible following the occurrence of the event effecting the dissolution of the Company (whether pursuant to Article X or a statutory event), the appropriate representative of the Company shall execute a notice of dissolution in such form as shall be prescribed by the North Dakota Secretary of State; setting forth the information required under the Act, and shall file the same with the North Dakota Secretary of State's office.

11.2 Winding Up of Business. Upon filing a notice of dissolution with the North Dakota Secretary of State, the Company shall cease to carry on its business, except insofar as may be necessary for the winding up of said business; but its separate existence shall continue until a certificate of termination has been issued by the Secretary of State or until a decree dissolving the Company has been entered by a court of competent jurisdiction.

11.3 Distributions Upon Liquidation. Upon liquidation, the business of the Company shall be wound up, the Board of Governors shall take full account of the Company assets and liabilities, and all assets shall be liquidated as promptly as is consistent with obtaining the fair value thereof. If any assets are not sold, the relevant gain or loss shall be allocated to members in accordance with Article VII as if such assets had been sold at their fair market value at the time of said liquidation; whereas, if any assets are distributed to a member rather than sold, the distribution shall be treated as a distribution equal to the fair market value of the assets at the time of the liquidation. Further, said assets shall be distributed in the following order of priority:

- (a) First, to the payment of all debts and liabilities of the Company, including all fees due to Governors and Managers, and including any loans or advances that may have been made by the members to the Company, in the order of priority as provided by law;
- (b) Second, to the establishment of any reserves deemed necessary by the Managers or the person winding up Company affairs for any contingent liabilities or obligations of the Company;
- (c) Third, to the members in proportion to their Membership Units.

**ARTICLE XII  
RESOLUTION OF DISPUTES AND ARBITRATION**

12.1 Arbitration. All claims, counterclaims, and disputes arising out of or relating to this Agreement shall be settled and finally determined by arbitration to be held in a mutually agreeable city in accordance with the then existing Commercial Arbitration Rules (the "CAR") of the American Arbitration Association (the "AAA") or its successors and otherwise in accordance with the provisions of this Section. Notice of demand for arbitration shall be filed in writing with the other party or parties to the dispute and with the AAA.

12.2 Injunctive Relief. As the sole exception to arbitration, each party shall have the right to seek injunctive relief without the necessity of proving actual damages from any court having jurisdiction only so as to preserve its rights for resolution in any pending or imminent arbitration proceedings; including, without limitation, the right to such preliminary relief and/or a temporary restraining order. No such injunction shall prohibit or postpone such arbitration proceedings and the injunctions may be modified or vacated as a result of the arbitration award.

12.3 Arbitration Panel. The arbitration panel shall consist of one (1) person who has the availability to allow the arbitration to proceed with continuous sessions until conclusion; and the parties shall select the arbitrator from a list of potential arbitrators furnished by the AAA.

12.4 Document Exchange. The parties shall, within thirty (30) days after the notice of demand for arbitration, make reasonably available to each other for inspection and copying, all documents deemed reasonably necessary by the arbitrators relating to the dispute in their possession or under their control; including but not limited to, any and all documents in the possession or under the control of any of their consultants or agents, except such documents as are protected under the attorney-client privilege as that doctrine has been defined by the courts of the State of North Dakota relevant to the issues raised by the dispute being arbitrated.

12.5 Confidentiality. All information and documentation submitted by the parties or received from any other source, together with all transcripts of the hearing(s) and the arbitrator's findings, shall be treated by the arbitrator and the parties as confidential information; and all participants shall agree not to disclose or turn over any such information or documentation to a third party without the prior written consent of the parties, or pursuant to a lawful subpoena or court order, or in order to obtain injunctive or other judicial relief.

12.6 Speedy Resolution. It is the parties' intent that the arbitration be speedily concluded with a desire for the hearing to take place and the award to be made within ninety (90) days of the filing of any demand for arbitration, if possible. Said award rendered by the arbitrator will be final and not subject to appeal, and the judgment may be entered upon it in any court having jurisdiction thereof. All costs, arbitration fees and attorneys fees shall be paid as the award of the arbitrator shall specify. In the event of conflict between the provisions of this Section with the CAR, the provision of this Section shall control.

**ARTICLE XIII  
AMENDMENT**

This Agreement may not be modified, amended or supplemented except upon consent of at least a simple majority of the Voting Interests; provided, that (i) the composition of the Board as set forth in §4.2 cannot be modified except with the consent of a majority of Voting Interests of the Class-A members, and (ii), Article X may be amended only by sixty-six (66) percent of the Voting Interests.

## ARTICLE XIV MISCELLANEOUS

14.1 Entire Agreement. This Agreement constitutes the entire agreement among the parties and supersedes any prior [written and oral] agreement or understanding among them with respect to the subject matter hereof.

14.2 Compensation for Services. No member or individual affiliated with a member shall be entitled to any compensation for services performed for the Company except as shall be approved in advance by the Company and evidenced in a written agreement, minutes of a board meeting, or minutes of a membership meeting.

14.3 Articles of Organization. In the event of any conflict between the Articles of Organization and this Agreement, this Agreement shall govern to the extent not contrary to law.

14.4 Severability. If any provision of this Agreement is held to be illegal, invalid, or unenforceable under the present or future laws effective during the term of this Agreement, such provision will be fully severable; and this Agreement will be enforced as if such illegal, invalid, or unenforceable provision had never comprised a part of this Agreement with the remaining provisions continuing in full force and effect. Furthermore, in lieu of such illegal, invalid, or unenforceable provision, there will be added automatically (as a part of this Agreement) a provision as similar in terms to such illegal, invalid, or unenforceable provision as may be possible and be legal, valid, and enforceable.

14.5 Remedies. The parties agree that in the event of a breach of this Agreement, the non-breaching party (or parties) shall be entitled to the remedies of specific performance and injunctive relief; except to the extent prohibited by the Act, and that such remedies shall be in addition to any other remedies available at law or in equity with the pursuit of any one or more remedies not being a bar to the pursuit of other remedies which may be available. The parties further agree that the breaching party or parties shall pay all reasonable costs, expenses, and attorneys' fees incurred by the non-breaching party or parties in pursuing their remedies for a breach of this Agreement.

14.6 Consent and Waiver. No consent under and no waiver of any provision of this Agreement on any one occasion shall constitute a consent under or waiver of any other provision on said occasion or on any other occasion; nor shall it constitute a consent under or waiver of the consented to or waived provision on any other occasion. Further, no consent or waiver shall be enforceable unless it is in writing and signed by the party against whom such consent or waiver is sought to be enforced.

14.7 No Third Party Beneficiary. This Agreement is made solely for the benefit of the parties hereto, their respective successors and permitted assigns; no other person will have any rights, interest, or claims hereunder or be entitled to any benefits under or on account of this Agreement as a third party beneficiary or otherwise, except that the Company shall have standing to bring an action to recover damages provided for by the Act or to seek remedies otherwise provided by law in the event of a breach or threatened breach of this Agreement.

14.8 Notices. All notices, offers, demands, or other communications required or permitted under this Agreement shall be in writing, signed by the person giving the same. Said Notice shall be treated as given when personally received or, except in the event of a mail strike, when sent by certified or registered mail, postage prepaid, return receipt requested, to a member at the address as shown in the records of the Company; and members may specify a different address by written notice to the Board of Governors.

14.9 Binding Effect. Except as herein provided, this Agreement shall be binding upon, and inure to the benefit of, the parties and their legal representatives, heirs, administrators, executors, successors and assigns.

14.10 Necessary Instruments and Acts. The parties covenant and agree that they shall execute any further instruments and shall perform any acts which are or may become necessary to effectuate and to carry out the terms and conditions of this Agreement.

14.11 Number and Gender. Wherever from the context it appears appropriate, each term stated in either the singular or the plural shall include the singular and the plural; and pronouns stated in either the masculine, the feminine, or the neuter gender shall include the masculine, feminine and neuter.

14.12 Interpretation. All Article, Section and subsection headings are for reference purposes only and shall not affect the interpretation of this Agreement.

14.13 Counterparts. This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one agreement binding on all parties; and each party shall become bound by this Agreement immediately upon signing any counterpart, independently of the signature of any other party.

14.14 Governing Law. This Agreement and the rights of the parties hereunder shall be governed by and interpreted in accordance with the laws of the State of North Dakota.

**SUBSCRIPTION AGREEMENT AND LETTER OF INVESTMENT INTENT**

## AGRARIA LLC

### SUBSCRIPTION AGREEMENT AND LETTER OF INVESTMENT INTENT

Ladies and Gentlemen:

The undersigned hereby subscribes to purchase that number of Membership Units ("Units") indicated below of Agraria LLC (the "Company") at a price of \$100 per Unit. As consideration for the Units purchased, I enclose with this document full payment thereof (made payable to "Bank of North Dakota-Agraria LLC Escrow") and acknowledge that this subscription is subject to acceptance by the Company; and that the Company has the right, in its sole discretion, to accept or reject subscriptions in whole or in part.

#### REPRESENTATIONS AND WARRANTIES OF INVESTOR; INVESTMENT INTENT; RESTRICTIONS ON TRANSFER OF UNITS

In connection with the purchase of said Units, the undersigned hereby represents and warrants as follows:

1. I understand that the Units have not and will not be registered under the Federal Securities Act of 1933, as amended (the "Act"), but are being offered and exchanged in reliance upon exemption from registration afforded under the Act. I make the following representations, declarations, and warranties with the intent that the same be relied upon in determining my suitability as a purchaser of said Units:

- (a) The Units for which I am hereby subscribing are being acquired solely for the account of the undersigned for long-term investment, and are not being purchased for resale or for fractionalization thereof, and I have no present plan or intention to enter into any such contract, undertaking, agreement, or sale.
- (b) I agree not to dispose of the Units or any interest therein unless and until the Company, in its sole discretion, shall have consented to any transfer and until (i) the Company shall have determined by obtaining an opinion of my counsel or otherwise, that the intended disposition does not violate any applicable State securities law, the Act, or the rules and regulations of the U.S. Securities and Exchange Commission thereunder, or (ii) the Units have been validly registered with said U.S. Securities and Exchange Commission.
- (c) I, my attorney, accountant, or investment advisor has been furnished the Company's Offering Circular.
- (d) I have relied solely upon independent investigations made by me and/or my representatives in deciding to purchase the Units subscribed herein.

2. I acknowledge and am aware of the following:

- (a) The Units are a highly speculative investment that involves a great risk of loss by me of my entire investment, but believe the investment is suitable based upon my investment objectives and financial needs. Further, I can bear the economic risk of investing in the Units for an indefinite period of time and can afford a complete loss of such investment.

- (b) No Federal or State agency has made findings/determination as to the fairness of the investment, nor any recommendation nor endorsement, of the Units.
- (c) I understand that there are significant restrictions on the transferability of the Units, that there will be no public market for the Units, and that it may not be possible for me to readily liquidate my investment in case of an emergency.

A legend will be placed in the certificates or other instruments evidencing the limits describing the restrictions on the transferability thereof, containing substantially the following language:

**THE SECURITIES REPRESENTED BY/WITHIN THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED, AND MAY NOT BE SOLD, TRANSFERRED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO REGISTRATION, EXEMPTION FROM REGISTRATION, OR OPERATION OF LAW. THE TRANSFER OF UNITS REPRESENTED WITHIN THIS CERTIFICATE IS RESTRICTED UNDER THE TERMS OF THE COMPANY'S MEMBER CONTROL AGREEMENT, A COPY OF WHICH IS ON FILE AT THE OFFICE OF THE COMPANY.**

3. I understand and agree that the Company has the right to accept or reject this subscription, in whole or in part, in its sole and absolute discretion. If the subscription is rejected, in whole or in part, the monies paid to the Company in relation with this investment offering will be returned in the original amounts (without interest) to me by the Company as soon as possible; but in no event later than fourteen (14) days following the receipt thereof.

4. This instrument contains the entire agreement of the parties, and there are no representations, covenants or other agreements except as stated or referred herein.

5. The undersigned subscriber, by affirming his/her signature to this Subscription Agreement, is deemed to have executed and agrees to be bound by the [provided] Company Member Control Agreement (which may be amended from time to time), a copy of which is contained in the Offering Circular to the same effect and purpose as if the undersigned's signature were applied to those documents. Said document is by reference incorporated into this Subscription Agreement and made a part hereof.

## CONSULTANT-AGREEMENT

This Consultant-Agreement (the "Consultant-Agreement" or "Agreement") confirms the understanding and agreement by Agraria LLC (the "Company"), a North Dakota limited liability company with offices located therein, and The Magnate Group LLC (the "Consultant"), a District of Columbia limited liability company with offices therein. The entities hereunder may be referred to individually as a "Party" or collectively as the "Parties".

### **Preamble<sup>1</sup>:**

- (a) The Parties warrant that the information/materials provided to one another are prepared in good faith and do not, to either's knowledge, contain any false statements or fail to disclose information necessary to prevent such from being misleading in any material respect;
- (b) The Parties further represent that consummating this Agreement does not violate any independent third-party agreement(s) said entities have established and/or are currently associated with;
- (c) The Consultant agrees to indemnify and hold harmless the Company's officers, directors, employees, controlling persons, affiliates and/or stockholders (where/if applicable) against damages and other costs [including any legal or other expenses in investigating or defending any action in respect thereof] resulting from violations by the Consultant's officers, directors, employees, affiliates and/or Investor-Network members (where applicable) of Federal and State laws;
- (d) The Company agrees to indemnify and hold harmless the Consultant's officers, directors, employees, affiliates and/or members of its Investor-Network (where/if applicable) against damages and other costs [including any legal or other expenses in investigating or defending any action in respect thereof] resulting from violations by the Company's officers, directors, employees, controlling persons, affiliates and/or Stockholders (where applicable) of Federal and State laws.

### **Section 1 – Engagement/Services:**

The Company engages the Consultant on an exclusive basis to perform the Project-Manager (PM) related services described below, and the Consultant accepts this engagement upon the terms and conditions set forth herein. The Consultant shall devote such time, attention and energies to the execution of these services as is necessary for their due performance. Said services shall be mutually convenient for both parties, however, the Consultant shall be free to use its own judgment as to the manner and means by which to perform all acts hereunder; and as a result, this Agreement does not create an "employer-employee" relationship between the Company and the Consultant.

As PM for the development of the Company's restaurant project, the Consultant shall be responsible for the following:

- Site selection and property lease negotiations;
- Overseeing the finalization of design specs and any subsequent [site] renovation/build-out work;

## Section 2 – Term of Engagement:

The term of this Agreement (the “Contract Period” or “Term”) shall commence upon its signing and end on Saturday, May 21, 2005; but may be extended if agreed to in writing by both Parties.

## Section 3 – Early Termination:

Early termination of this Agreement shall occur only if provided in writing thirty (30) calendar days prior to such action being taken; however, such termination shall not (i) warrant reimbursement of the agreed upon compensation provided to the Consultant by the Company for services rendered hereunder, and/or (ii), affect the executed Company-Consultant [02/11/04] Non-Disclosure Agreement; which shall remain in full force and effect.

## Section 4 - Compensation<sup>2</sup>:

Compensation by the Company to the Consultant for services rendered shall be ten thousand (\$10,000) dollars per month and project-specific reimbursed “out-of-pocket” expenses that will be billed to the Company by the Consultant on an end-of-the-month basis throughout the Contract Period; and shall include, but not be limited to, actual/non-surcharged travel (airline tickets, accommodations, taxi-cabs, parking), printing, copying, messenger service, telephone & fax charges, postage & filing fees, and computerized research incurred by the Consultant on behalf of the Company in connection with the performance of the services herein specified. Separate expenses not listed in this section shall only be considered billable disbursements if approved by the Company in writing prior to its occurrence(s). Breach by the Company of this predetermined compensation without Consultant’s prior written consent shall afford the Consultant legal merit to recoup its costs.

## Section 5 – Use of Firm References:

The Parties grant one another permission, subject to applicable law, to use the other’s firm name, logo and name(s) of its founders, officers and affiliates in any communications, on its website, and/or in [firm] promotional materials.

Re: Our File: 870280.00000

Dear Ladies & Gentlemen:

This opinion is furnished in connection with the filing by Agraria, LLC, a North Dakota limited liability company (the "Company"), with the Securities & Exchange Commission under the Securities Act of 1933, as amended, of a Form 1-A and the registration of such securities with the North Dakota Securities Commission, relating to the offer of membership units of the Company in a minimum amount of 10,000 Units (\$1,000,000) and a maximum amount of 50,000 Units (\$5,000,000). As your counsel, in connection with this transaction, we have examined Form 1-A, North Dakota corporate law (including applicable constitutional, statutory, administrative rules, and judicial and regulatory determinations of the State of North Dakota), and such corporate records and other documents of the Company as we deemed material or necessary for the purpose of this opinion.

It is our opinion that the units, when issued and sold in the manner referred to in the Form 1-A, will be legally and validly issued, fully paid and non-assessable, under the corporate laws of North Dakota.

We consent to the filing of this opinion and exhibit to the Form 1-A, and the state filings, and further consent to the reference to our name wherever appearing in those filing documents.

Very truly yours,

A handwritten signature in cursive script that reads "Steven E. Noack".
