Re: Merck & Co., Inc. Shareholder Proposal from Howard Bicker, Executive Director,
Minnesota State Board of Investment (the "Proponent")

Dear Ladies and Gentlemen:

Merck & Co., Inc. (the "Company") has received a shareholder's proposal (the "2008 Proposal") from the Proponent for inclusion in the Company's proxy materials for the 2008 Annual Meeting of Stockholders (the "Proxy Materials"). As fully explained below, I believe that the proposal is excludible from the Proxy Materials under rule 14a-8(i)(7) as relating to an evaluation of risk. Therefore, I respectfully request that the Division of Corporation Finance (the "Staff") indicate that it will not recommend enforcement action to the Securities and Exchange Commission ("SEC") if the Company omits the Proposal.

The Proposal is virtually identical to proposals received by the Company from the Proponent for the 2006 proxy materials (the "2006 Proposal") and the 2007 proxy materials (the "2007 Proposal"). The Staff agreed that there was a basis to exclude the 2006 Proposal and the 2007 Proposal under Rule 14a-8(i)(7). See Merck & Co., Inc. (avail. January 11, 2006), Merck & Co., Inc. (avail. December 11, 2006). Virtually identical proposals from the Proponent to other registrants were also excludible under rule 14a-8(i)(7) in Pfizer, Inc. (avail. January 29, 2007), Pfizer Inc. (avail. January 13, 2006), and Eli Lilly and Company (avail. January 11, 2006).

The 2008 Proposal requests that the Proxy Materials include the following proposed resolution:

Resolved:

Shareholders request the Board of Directors to prepare a report on the effects on the long-term economic stability of the company and on the risks of liability to legal claims that arise from the company's policy of limiting the availability of the company's products to Canadian wholesalers or pharmacies that allow purchase of its products by U.S. residents. The report should be prepared at reasonable cost and omitting proprietary information, by September 30, 2008.

The Proponent's supporting statement for the 2008 Proposal is attached as Appendix A.

Staff Legal Bulletin 14C (CF), dated June 28, 2005, provides clarification of the Staff's view of which proposals may be excluded under rule 14a-8(i)(7) as relating to an evaluation of risk.

To the extent that a proposal and supporting statement focus on the company engaging in an internal assessment of the risks or liabilities that the company faces as a result of its operations that may adversely affect the environment or the public's health, we concur with the company's view that there is a basis for it to exclude the proposal under rule 14a-8(i)(7) as relating to an evaluation of risk.

The 2008 Proposal explicitly relates to evaluation of risk and focuses solely on an internal assessment of risk facing the Company as a result of its operations. Consistent with Staff Legal Bulletin 14C (CF) and prior Staff opinions, the 2008 Proposal is excludible under rule 14a-8(i)(7).

Therefore, I respectfully request that the Staff not recommend any enforcement action if the Company omits the Proposal from its Proxy Materials. If the Staff believes that it will not be able to concur in our view that the Proposal may be omitted, we would very much appreciate the opportunity to discuss this issue in more detail with the appropriate persons before issuance of a formal response.

In accordance with Rule 14a-8(j)(2), we have enclosed six copies of this letter and six copies of the Proposal, including the statement in support thereof. An additional copy is included, which we ask that you use to acknowledge receipt of this submission by date stamping and returning to me in the enclosed self-addressed envelope.

By copy of this letter to him, the Company is notifying the Proponent of its intention to omit the Proposal from the Proxy Materials.

For the Staff's information, the Company anticipates beginning to print its proxy card on or about February 29, 2008.

WHEREAS, according to published reports, the company has cut supplies of its medicines to Canadian wholesalers and companies that it claims allowed its product to be sold to Americans seeking lower prices available in the Canadian market; and

WHEREAS, according to published reports, the company's actions have resulted in lawsuits and threatened lawsuits; and

WHEREAS, the company's actions to limit supply of medicines in Canada may violate local, national and international laws and could result in large settlements, large awards of damages and potential punitive damages which would negatively impact the economic stability of the company and the value of its shares.

Resolved:

Shareholders request the Board of Directors to prepare a report on the effects on the long-term economic stability of the company and on the risks of liability to legal claims that arise from the company's policy of limiting the availability of the company's products to Canadian wholesalers or pharmacies that allow purchase of its products by U.S. residents. The report should be prepared at reasonable cost and omitting proprietary information, by September 30, 2008.

SUPPORTING STATEMENT

We urge shareholders to vote **FOR** this proposal.

258 words

**DIVISION OF CORPORATION FINANCE
INFORMAL PROCEDURES REGARDING SHAREHOLDER PROPOSALS**

The Division of Corporation Finance believes that its responsibility with respect to matters arising under Rule 14a-8 [17 CFR 240.14a-8], as with other matters under the proxy rules, is to aid those who must comply with the rule by offering informal advice and suggestions and to determine, initially, whether or not it may be appropriate in a particular matter to recommend enforcement action to the Commission. In connection with a shareholder proposal under Rule 14a-8, the Division's staff considers the information furnished to it by the Company in support of its intention to exclude the proposals from the Company's proxy materials, as well as any information furnished by the proponent or the proponent's representative.

Although Rule 14a-8(k) does not require any communications from shareholders to the Commission's staff, the staff will always consider information concerning alleged violations of the statutes administered by the Commission, including argument as to whether or not activities proposed to be taken would be violative of the statute or rule involved. The receipt by the staff of such information, however, should not be construed as changing the staff's informal procedures and proxy review into a formal or adversary procedure.

It is important to note that the staff's and Commission's no-action responses to Rule 14a-8(j) submissions reflect only informal views. The determinations reached in these no-action letters do not and cannot adjudicate the merits of a company's position with respect to the proposal. Only a court such as a U.S. District Court can decide whether a company is obligated to include shareholder proposals in its proxy materials. Accordingly a discretionary determination not to recommend or take Commission enforcement action, does not preclude a proponent, or any shareholder of a company, from pursuing any rights he or she may have against the company in court, should the management omit the proposal from the company's proxy material.

Re: Merck & Co., Inc.
Incoming letter dated December 12, 2007

The proposal requests the board to prepare a report on “the effects on the long-term economic stability of the company and on the risks of liability to legal claims” resulting from the company’s policy of limiting the availability of the company’s products to Canadian wholesalers or pharmacies that allow purchase of its products by U.S. residents.

There appears to be some basis for your view that Merck may exclude the proposal under rule 14a-8(i)(7), as relating to Merck’s ordinary business operations (i.e., evaluation of risk). Accordingly, we will not recommend enforcement action to the Commission if Merck omits the proposal from its proxy materials in reliance on rule 14a-8(i)(7).

Sincerely,

William A. Hines
Special Counsel
