ANNEXURE A

SPECIAL RESOLUTION

Resolved that:

- (a) the directors of the company be authorized from time to time to acquire issued shares in the ordinary share capital of the company on the JSE Limited open market at a price no greater than 10% above the weighted average of the market value for the securities for the five previous business days immediately preceding the date on which the transaction was agreed or at a bid price no greater than the current trading price of the share; and the purchase by any of the company's subsidiaries of shares in the company in the manner contemplated by and in accordance with the provisions of section 89 of the Companies Act, 1973, as amended, and other provisions which may be applicable;
- (b) the authorisation granted in terms of (a) above shall remain in force from the date of registration of these special resolutions by the Registrar of Companies until the conclusion of the next annual general meeting of the company and in any event, no later than 15 months from the date on which they were passed;
- (c) the repurchase by the company of its own securities in terms of (a) above may not exceed 10% of the company's issued ordinary share capital in the aggregate in any one financial year or in the case of acquisition by any of the company's subsidiaries, 10% of the issued ordinary share capital in the aggregate;
- (d) in the event that the directors are granted general authority to buy back a maximum 10% of the issued share capital of Barloworld, or in the case of acquisition by any of the company's subsidiaries, 10% of the issued ordinary share capital in the aggregate, it is the opinion of the directors that following such maximum repurchase of shares:
- the company and the group would be able in the ordinary course of business to pay its debts for a period of 12 months after the date of notice issued in respect of the annual general meeting;
 - the assets of the company and the group would be in excess of the liabilities of the company and the group. For this purpose, the assets and liabilities would be recognised and measured in accordance with the accounting policies used in the latest audited group annual financial statements;
 - the ordinary capital and reserves of the company and the group would be adequate for a period of 12 months after the date of notice issued in respect of the annual general meeting; and
 - the working capital of the company and the group would be adequate for a period of 12 months after the date of notice issued in respect of the annual general meeting;
- (e) the repurchase of securities to be effected through the order book operated by the JSE trading system and to be done without any prior understanding or arrangement between the company and the counterparty;
- (f) the authorisation to repurchase the shares is in accordance with the company's articles of association;
- (g) that only one agent will effect the buy-back on behalf of the company;
- (h) that after the repurchase has been effected the company will still comply with shareholder spread requirements of the JSE Limited.
- (i) the company and its subsidiary will not repurchase shares during a prohibited period
- (j) the company and its subsidiaries, prior to undertaking a repurchase will obtain a working capital letter from its sponsor.

The reason for proposing and the effect of special resolution 1 is to grant the directors a general authority in terms of the Companies Act 61 of 1973 as amended, and subject to the Listing Requirements of the JSE Limited and any other stock exchange upon which the shares of the company are quoted or listed, for the acquisition by the company or one of its subsidiaries of the company's own shares on the terms set out above.

CHAIRMAN'S STATEMENT

TRADING UPDATE

The equipment division in southern African territories continues to experience strong growth in the mining and construction sectors. As global demand has resulted in extended lead times, we are working proactively with Caterpillar to meet customer expectations and delivery dates. The order book remains strong and we expect good performance to continue for this financial year.

In Iberia, we are seeing solid demand for equipment as construction for infrastructure continues at strong levels and we expect this to balance the cooling off in the housing sector. There is a slight improvement in the market in Portugal with an increase in tenders awarded in recent months. The Siberian business is performing well with revenues continuing to grow strongly.

In the automotive division, passenger vehicle sales in southern Africa remain under pressure in response to the cumulative impact of high consumer debt, interest rate increases and the National Credit Act. We expect these tough conditions to continue in the months ahead. Australian vehicle sales are exhibiting steady growth with our operations performing well. The car rental business continues to achieve operating profit targets in southern Africa, while Scandinavia has entered the quieter winter period. The fleet services business is showing reasonable growth with improving margins and new fleet contracts coming into operation.

Our handling business in the US has experienced slowing economic conditions which are carrying through to the business performance. The UK and European businesses are showing steady profit growth. While lift truck sales in South Africa will be lower than last year due to the increased interest rates, we expect improved results.

Growth in the logistics division is expected to continue through new long-term agreements with significant local clients.

While global economic conditions are more uncertain, the outlook for the restructured group remains positive.

STRATEGIC ACTIONS

The disposal of the Laboratory business for GBP75 million was concluded in December 2007. The Coatings business was successfully listed and unbundled from the group on 10 December 2007. This was the final step in completing the strategic actions that were announced at the AGM last year and which unlocked significant shareholder value.

BEE TRANSACTION

The implementation of our BEE transaction is on schedule to be concluded in the first half of 2008. This exciting development is expected to deliver significant benefits to the group. The transaction will be broad-based involving a number of parties including employees, community and social investment partners, strategic black equity partners and black non-executive directors.

CHANGES TO THE BOARD

In December 2007, two long serving executive directors, Messrs Brandon Diamond

and Andre Lamprecht retired from the Board. We wish to thank both for their valuable and distinguished contribution to the group in various capacities over many years. In respect of our non executive directors, Mr Trevor Munday resigned on 17 January 2008 and Mr Robert Tomkinson resigned following this meeting. We extend our appreciation for their distinguished service to the Board and also for their significant contribution to various board committees. Mr Gordon Hamilton, a current board member, replaces Mr Tomkinson as chairman of the Audit Committee and we welcome him to this important role.
