**REVISION OF ANNUAL CAPS FOR
CONTINUING CONNECTED TRANSACTIONS**

The aggregate sales of foodstuff by the Ng Fung Hong Group to CNFC, the 49% shareholder of a subsidiary of the Ng Fung Hong Group, for the eleven months ended 30 November, 2007 reached HK\$129.5 million and exceeded the annual cap of HK\$115.0 million for the year ended 31 December, 2007 as previously determined and announced on 3 June, 2005. Accordingly, it is revised to HK\$160.0 million. The Company would also like to revise those annual caps applicable for the three years ending 31 December, 2010. As all the revised annual caps do not exceed the applicable percentage ratios of the Company of 2.5% as referred to in Chapter 14A of the Listing Rules, the revision is only subject to the reporting and announcement requirements as set out in Rules 14A.45 to 14A.47 of the Listing Rules.

BACKGROUND

Reference is made to the announcement of the Company dated 3 June, 2005 where amongst others, annual caps for the sales of foodstuff by the Ng Fung Hong Group to CNFC were set for the three years ended 31 December, 2007. Ng Fung Hong is a wholly owned subsidiary of the Company and the Ng Fung Hong Group is principally engaged in the food processing and distribution businesses. CNFC is the 49% shareholder of China International Fisheries Corp., a 51% subsidiary of the Ng Fung Hong Group. CNFC is engaged in the processing, distribution and trading of fish catches. Accordingly, the sales and purchases of foodstuff by the Ng Fung Hong Group with CNFC constitute continuing connected transactions of the Company. The previous CNFC Foodstuff Agreement was entered into between Ng Fung Hong and CNFC on 3 June, 2005. Under the agreement, which was for a term from 3 June, 2005 to 31 December, 2007, when any members of the Ng Fung Hong Group and CNFC or its associates entered into a foodstuff transaction, they should procure that the sale and purchase of the foodstuff would be on normal commercial terms. The prices of the transactions would be either at market prices or at prices no less favourable to the Ng Fung Hong Group than those available to or from (as appropriate) independent third parties.

REVISION OF ANNUAL CAPS

Annual caps for the sales of foodstuff by the Ng Fung Hong Group to CNFC previously set for the three years ended 31 December, 2007 were HK\$95.0 million, HK\$105.0 million and HK\$115.0 million respectively. The aggregate sales of foodstuff by the Ng Fung Hong Group to CNFC for the two years ended 31 December, 2006 were HK\$59.2 million and HK\$62.2 million respectively. It has come to the attention of the Company from the November monthly reporting, which was received by the Company on 24 December, 2007, that these aggregate sales of foodstuff for the eleven months ended 30 November, 2007 reached HK\$129.5 million and exceeded the applicable annual cap of HK\$115.0 million previously announced. The sales of foodstuff to CNFC increased in the current year as a result of increase in fish and other aquatic catches suitable for the PRC market. Therefore, the Company would like to revise the annual cap for the year ended 31 December, 2007 upwards to HK\$160.0 million. The annual caps for the sales of foodstuff by the Ng Fung Hong Group to CNFC for the three years ending 31 December, 2010 as announced on 18 December, 2007 are HK\$141.0 million, HK\$145.0 million and HK\$150.0 million respectively. The Company would also like to revise each of these annual caps to HK\$195.0 million. These foodstuff transactions are governed by the existing CNFC Foodstuff Agreement which has a term of three years ending 31 December, 2010 and was entered into on 18 December, 2007 with terms similar to the previous one.

The revised annual caps have been determined by reference to (i) the historical value of the transactions; (ii) the estimated sales of foodstuff to CNFC in the month of December 2007 and the three years ending 31 December, 2010 after taking into account of the latest increase in the volume of transactions; (iii) the possible increase in the general price level as a result of continuous economic prosperity in the PRC; and (iv) provision of buffer for the inherent volatility of business which largely depends on the types of fish and aquatic catches and their demand in different markets. The directors of the Company (including the independent non-executive directors) consider that the revised annual caps are fair and reasonable and in the interests of the Company and its shareholders as a whole.

INFORMATION ABOUT THE COMPANY

The Company is a company listed on the Stock Exchange, with business emphasis on the consumer businesses in the Chinese Mainland and Hong Kong. The Group's core activities are retail, beverage, food processing and distribution, textile and property investments.

GENERAL

As all the revised annual caps do not exceed the applicable percentage ratios of the Company of 2.5% as referred to in Chapter 14A of the Listing Rules, the revision is only subject to the reporting and announcement requirements as set out in Rules 14A.45 to 14A.47 of the Listing Rules.
