AGCERT INTERNATIONAL PLC

Update on negotiations and trading suspension

Further to the update to shareholders made on 03 December 2007, AgCert International plc ("AgCert" or the "Company") today informs the market that, despite extensive negotiations, it has not been possible to reach agreement with all creditors and customers regarding the renegotiation of contracts. While AgCert has over 600 installations currently producing CERs, the Company's forward sales commitments exceed AgCert's current production capacity. Therefore the Board proposes to file a petition for examinership in Ireland. Examinership in Ireland entails a process whereby the Company is put under the protection of the High Court in Ireland with a view to allowing a court appointed examiner to formulate and put forward for approval a scheme of arrangement with its creditors and members. The objective in petitioning for examinership is to address the Company's obligations while maintaining an ongoing business.

The Company has requested suspension of its shares pending resolution of its financial position.

Further announcements will be made in due course.
