## FIRST HALF TRADING UPDATE

Debenhams plc, the leading department stores group, today releases a trading update for the 26 weeks ended 1 March 2008.

Sales for the 26 weeks ended 1 March 2008 were 1.2% higher than the prior year. Like-for-like sales for the period were 0.7% lower than last year, reflecting challenging trading conditions across the sector in January and February. Despite this, Debenhams has gained market share in all major clothing categories.

Gross margin for the first half is expected to be down year-on-year by some 20 basis points. This is largely due to price realignments in some ranges in the second half of last year, particularly in menswear. Terminal stocks are as planned and remain at historical levels.

Profit before tax for the first half is expected to be in line with market estimates.

Debenhams' interim results will be announced on 15 April 2008.

Commenting on the first half sales, Rob Templeman, CEO of Debenhams, said:

"Following a good performance over Christmas and the January sale, market conditions were tough through the remainder of January and February. Nevertheless, we are pleased with the response of customers to our new season's ranges and to the improvements we have made in quality, design and value at all price levels, as evidenced by our market share gains.

"The macro economic climate leads us to expect the retail environment to remain challenging and we are therefore focusing on driving sales, gaining market share and controlling our stocks and cost base."
