FOR IMMEDIATE RELEASE

SunWise Elite Plus from Sun Life Financial and CI Investments to offer guaranteed income for life

TORONTO (March 6, 2008) – For Canadians looking for help in meeting their retirement income needs, Sun Life Financial and CI Investments Inc. today announced plans to introduce a lifetime withdrawal option on the SunWise Elite Plus segregated funds rider. Currently expected to be available on March 24, 2008, the enhancement builds on the existing SunWise Elite Plus Guaranteed Minimum Withdrawal Benefit (GMWB) by providing guaranteed income for life.

“Canadians are living longer and longer in retirement, and so they need help with the uncertainty of outliving their retirement nest eggs,” said Dean Connor, President, Sun Life Financial Canada. “This exciting enhancement to SunWise Elite Plus will relieve that uncertainty by paying a guaranteed income for life.”

“SunWise Elite Plus allows Canadian investors to turn their retirement savings into their own private pension,” said Peter W. Anderson, Chief Executive Officer, CI Investments. “Investors and their advisors will be able to construct a retirement plan with much more certainty, knowing the minimum amount they will have at retirement and how much will be available every year for life. And, if their investments perform well, their guaranteed income could increase.”

According to a recent survey by Sun Life Financial, Canadians’ most pressing retirement concerns centre on not saving enough money for retirement or outliving their savings. SunWise Elite Plus guaranteed income for life is a powerful retirement planning tool for Canadians. It allows them to take control of their retirement risks by reducing the need to worry about outliving their savings or how their investments will perform. The guaranteed lifetime income can increase with resets every three years, which helps mitigate the risk of inflation eroding purchasing power.

SunWise Elite Plus income for life is an optional rider that will be available for both new and existing SunWise Elite contracts, with a minimum investment per policy of \$25,000. It offers a number of benefits to clients:

- Guaranteed, predictable income for life, starting at age 65 or later.
- Potential for growth as investors can allocate up to 90 per cent of their portfolio to equity investments.
- Flexibility, with Canada’s first income deferral feature on a GMWB, which allows the client to accumulate unused withdrawal room of up to 15 per cent.

In addition, SunWise Elite Plus provides investors with a five per cent bonus on their guaranteed income for every year they do not make a withdrawal in the first 15 years following the initial deposit to the GMWB rider. This means that by not making withdrawals in the first 15 years, an investment made at age 50 will increase the guaranteed income by at least 75 per cent by age 65. This is a valuable feature for investors saving for retirement because it increases their guaranteed income and reduces the worry that a market downturn could impact their savings in the crucial years just before retiring.

News Release

“How your investments perform in the period leading up to your actual retirement is crucial to your overall retirement income,” said Connor. “SunWise Elite Plus provides customers with the peace of mind that their investments will maintain their value, and that they’ll have a guaranteed income stream for life.”

Seven new funds are being added to the SunWise Elite lineup, including three new Cambridge Funds managed by Alan Radlo. This brings the total to 54 funds, making it the most extensive segregated fund lineup available in Canada with GMWB income for life. The lineup is well diversified by region, asset class, investment style and portfolio manager and includes portfolio management teams from a variety of leading fund companies in addition to CI Investments. The seven new funds will be:

- SunWise Elite CI Signature Global Income & Growth Fund
- SunWise Elite CI Cambridge Canadian Asset Allocation Corporate Fund
- SunWise Elite CI Cambridge Canadian Equity Corporate Fund
- SunWise Elite CI Cambridge Global Equity Corporate Fund
- SunWise Elite Northwest Growth & Income Fund
- SunWise Elite Manulife Global Monthly Income Fund
- SunWise Elite Manulife Global Opportunities Fund.

More information about SunWise Elite Plus and guaranteed income for life will be available through financial advisors, and at www.ci.com. The above description is subject to the more detailed terms and conditions contained in the SunWise Elite Plus individual variable insurance contract, which includes important terms regarding early or excessive withdrawals.

SunWise Elite Plus policies are issued by Sun Life Assurance Company of Canada and managed by CI Investments. Sun Life Assurance Company of Canada is a member of the Sun Life Financial group of companies.

Les Fonds SunWise Elite Plus de la Financière Sun Life et Placements CI offriront un revenu garanti pour la vie

TORONTO (Le 6 mars 2008) – Pour répondre à la demande des Canadiens recherchant un produit qui peut les aider à combler leurs besoins en matière de revenu de retraite, la Financière Sun Life et CI Investments Inc. ont annoncé aujourd'hui leur intention de lancer une option de retrait à vie pour l'avenant des Fonds distincts SunWise Elite Plus. Prévue d'être disponible le 24 mars 2008, cette amélioration de la prestation de retrait minimum garanti (PRMG) SunWise Elite Plus fournit un revenu garanti pour la vie.

« Les Canadiens vivent de plus en plus longtemps après leur retraite, et donc ils ont besoin d'aide pour faire face à l'incertitude de vivre plus longtemps que ne dureront leurs épargnes retraite », a déclaré Dean Connor, président de la Financière Sun Life du Canada. « Cette amélioration intéressante à SunWise Elite Plus éliminera cette incertitude en versant un revenu garanti pour la vie. »

« SunWise Elite Plus permet aux investisseurs canadiens de convertir leurs épargnes de retraite en régime de pension personnel », a déclaré Peter W. Anderson, chef de la direction de Placements CI. « Les investisseurs et leurs conseillers pourront élaborer une stratégie de retraite avec beaucoup plus de certitude, en connaissant le montant minimum auquel ils toucheront lors de la retraite et le montant qui sera disponible chaque année pour la vie. Et si leurs placements enregistrent de bons résultats, leur revenu garanti pourrait croître. »

Selon les résultats d'un sondage effectué dernièrement par la Financière Sun Life, ce qui inquiète le plus les Canadiens par rapport à la retraite est de ne pas avoir assez épargné ou de vivre plus longtemps que ne dureront leurs ressources. L'option de retrait garanti à vie de SunWise Elite Plus représente un outil excellent pour les Canadiens dans la planification de leur retraite. Elle leur permet de contrôler activement les risques liés à la retraite en éliminant les craintes de vivre plus longtemps que leurs ressources ou d'obtenir de faibles rendements. Le montant de revenu garanti pour la vie pourrait augmenter lorsque les réajustements sont effectués à tous les trois ans, ce qui aide à mitiger le risque que l'inflation diminue le pouvoir d'achat.

Le revenu pour la vie de SunWise Elite Plus est un avenant facultatif qui sera disponible aux nouveaux investisseurs et aux titulaires existants de polices SunWise Elite avec un placement minimal de 25 000 \$ par police. Il procure un nombre d'avantages aux clients, y compris :

- Un revenu garanti qui est prévisible pour la vie, à partir de l'âge de 65 ans ou plus tard;
- Le potentiel de croissance, car les investisseurs peuvent effectuer une répartition jusqu'à concurrence de 90 % en actions;
- La souplesse grâce à la caractéristique de report du revenu dans la PRMG (offert pour la première fois au Canada), ce qui permet de reporter les montants non retirés, jusqu'à 15 pourcent.

De plus, SunWise Elite Plus offre aux investisseurs une prime de cinq pourcent sur leur revenu garanti pendant les 15 premières années pour chaque année au cours de laquelle il n'y a pas de retrait effectué, suite au dépôt initial effectué à l'avenant PRMG. Ceci signifie que s'il n'y a pas de retrait effectué pendant les 15 premières années, un placement effectué à l'âge de 50 ans augmentera le revenu garanti d'au moins 75 pourcent à l'âge de 65 ans. Il s'agit d'un élément très avantageux pour les investisseurs qui essaient d'épargner

pour la retraite, car il augmente leur niveau de revenu garanti et réduit le souci qu'une baisse dans les marchés pourrait affecter négativement leurs ressources juste avant de prendre leur retraite.

« Le rendement de vos placements au cours de la période qui précède votre retraite est un élément essentiel de votre revenu de retraite total », a affirmé M. Connor. « SunWise Elite Plus rassure les clients que la valeur de leurs placements sera préservée et qu'ils auront un flux de revenus garantis pour la vie. »

Sept nouveaux fonds seront ajoutés à la gamme SunWise Elite, y compris trois nouveaux Fonds Cambridge, gérés par Alan Radlo. Cela fait un total de 54 fonds, ce qui représente la plus vaste gamme de fonds distincts au Canada qui offre l'option de revenu à vie PRMG. La gamme est diversifiée par région, catégorie d'actifs, style de placement et gestionnaire de portefeuille et comprend des équipes de gestion de placement de plusieurs sociétés de fonds de premier ordre, en plus de Placements CI. Les sept nouveaux fonds seront les suivants :
