COMMENTS

1. ACCOUNTING POLICIES

The annual financial statements are prepared on the historical cost basis, unless otherwise indicated, in accordance with International Financial Reporting Standards (IFRS), including IAS 34: Interim Financial Reporting, and in accordance with the requirements of the Companies Act (No. 61 of 1973), as amended, and the Listings Requirements of the JSE Limited.

These financial statements incorporate accounting policies that have been consistently applied to both years presented, with the exception of the implementation of *IFRS 7: Financial Instruments – Disclosure*, the amendment to *IAS 1: Presentation of Financial Statements* and the change in the accounting treatment of joint ventures.

During the year various other new accounting standards, interpretations and amendments to IFRS became effective. The adoption of these new accounting standards, interpretations and amendments to IFRS had no impact on the results of either the current or prior years.

2. PRIOR YEAR ADJUSTMENTS

Changes in accounting policy

Restatement of comparative figures in respect of joint ventures

In terms of *IAS 31: Interests in Joint Ventures*, such entities can be accounted for by using proportionate consolidation or alternatively by applying the equity method. Previously the Group proportionately consolidated its interests in jointly controlled ventures and thereby accounted for its share of each of the assets, liabilities, income and expenses of the jointly controlled ventures on a line-by-line basis in its financial statements.

With effect from 1 April 2007 the Group changed its accounting policy for the accounting treatment of jointly controlled ventures from proportionate consolidation to the equity method, as it only has an interest in the outcome generated by the activities of these ventures and not any rights to the individual assets or contractual obligations for expenses or financing of these entities. The change in accounting policy will thus result in more appropriate presentation of investments in joint ventures. This change in accounting policy had no effect on Remgro's net asset value, earnings or headline earnings for the comparative year. Certain line items in the comparative balance sheet and income statement have been restated accordingly. The effect thereof was immaterial.

Other adjustments

Restatement of comparative figures in respect of associated companies

During July 2007 the South African Institute of Chartered Accountants issued a new accounting guideline on headline earnings, i.e. Circular 08/07. The effective date of this circular is for all financial periods ending on or after 31 August 2007. The circular requires comparative headline earnings to be restated in accordance with the new prescribed formula if needed. Previously headline earnings was calculated in terms of Circular 07/02.

On 26 November 2007 Remgro published its interim results for the six months ended 30 September 2007. Attention was drawn to the fact that at that stage certain associated companies were not in a position to provide Remgro with the necessary information in order to restate its headline earnings for the comparative periods. This related to associated companies that implemented Circular 08/07 in later financial periods, for example FirstRand Limited and RMB Holdings Limited in respect of their interim reporting to 31 December 2007.

The JSE granted Remgro exemption from complying with Circular 08/07 in respect of listed associated companies that had not yet published their restated headline earnings prior to Remgro releasing its interim results for the six months ended 30 September 2007. The results of those companies included in Remgro's interim report for the six months ended 30 September 2007 were based on their results prepared in terms of Circular 07/02.

The companies mentioned above have subsequently announced their restated results in terms of Circular 08/07 and Remgro has consequently restated its reported results for the six months ended 30 September 2006 and 30 September 2007 respectively, as well as for the year ended 31 March 2007.

REMGRO LIMITED

Restatement of headline earnings as a result of the abovementioned adjustment:

Restated headline earnings per share (cents)	1 453.6	854.2	675.3

Attention is drawn to the fact that the results for the six months ended 30 September 2007 and 2006 are unaudited.

Comparison with prior year

With effect from 31 March 2007 Business Partners Limited (Business Partners) was reclassified as an investment in an associated company, while previously it was accounted for under "Investments – Other".

For the year under review Business Partners was thus accounted for according to the equity method, while only dividend income was previously accounted for. Certain income statement items are therefore not directly comparable with those of the prior year.

3. RESULTS

Headline earnings

Total headline earnings for the year to 31 March 2008 increased by 15.9% from R6 892 million to R7 991 million. Headline earnings per share, however, increased by 16.5% from 1 453.6 cents to 1 692.8 cents due to the favourable impact of the share repurchase programme in the previous year. During the year under review Rainbow Chicken Limited concluded a black economic empowerment (BEE) transaction. The accounting treatment of this transaction resulted in a non-recurring charge of R37 million (Remgro's share), or 7.9 cents per share, against headline earnings for the year under review. Due to this reason headline earnings per share, and its year-on-year comparison, are also presented excluding the non-recurring portion of BEE costs.

Excluding Remgro's share of the non-recurring portion of BEE costs, headline earnings and headline earnings per share increased by 16.5% and 17.0% respectively.

In 2007 headline earnings was impacted favourably by foreign currency gains amounting to R65 million relating to intergroup balances, as well as the accounting recognition of a pension fund surplus amounting to

REMGRO LIMITED

R70 million following the finalisation of a surplus allocation process. Excluding these items, as well as Remgro's share of the non-recurring BEE costs accounted for during the year under review, Remgro's headline earnings and headline earnings per share increased by 18.8% and 19.3% respectively.

The following commentary, comparing the results to those of the previous year, is based on headline earnings excluding the non-recurring portion of BEE costs.

The contribution of the tobacco interests, which represents 44.6% (2007: 43.0%) of headline earnings, increased by 20.7%. In sterling, R&R Holdings SA, Luxembourg's (R&R) contribution increased by 12.6%.

Currency movements continued to impact the tobacco interests' contribution to the Group's earnings materially. Due to the weaker rand, the positive currency impact on translation of R&R's contribution to headline earnings (consisting mainly of equity accounted income from BAT) was R250 million during the year under review, compared to R420 million in 2007, as set out in the table below.

	Year ended 31 March	
	2008	2007
Average exchange rate (R/£)	14.2882	13.2898
Closing exchange rate (R/£)	16.0290	14.3449
R&R's contribution (£'m)	251	223
R&R's contribution (R'm)	3 579	2 964
Favourable currency impact (R'm)	250	420

The combined contribution of FirstRand and RMBH to Remgro's headline earnings from financial services amounted to R2 120 million (2007: R1 568 million). The increase of 35.2% can be attributed mainly to good performances in the retail, corporate and investment banking segments during the twelve months ended 31 December 2007.

The contribution of the industrial interests to headline earnings increased by 0.4% to R1 932 million (2007: R1 924 million). Kagiso Trust Investments (KTI) reported lower results, with a contribution to headline earnings amounting to R88 million (2007: R307 million). During the previous financial year KTI's results were favourably impacted by a fair value adjustment relating to its holding of Metropolitan Holdings Limited preference shares, amounting to R390 million, as well as certain non-recurring profits. During the year under review KTI's fair value adjustment referred to above amounted to only R38 million. Rainbow's contribution to Remgro's headline earnings increased from R293 million in 2007 to R414 million. This increase can be attributed to earnings growth by Rainbow, as well as Remgro's increased shareholding in Rainbow resulting from the offer to Rainbow minorities concluded during June 2007. Distell reported good results with a contribution to headline earnings amounting to R261 million (2007: R210 million), while Nampak reported improved results with a contribution to headline earnings amounting to R163 million (2007: R125 million). Medi-Clinic's contribution to Remgro's headline earnings amounted to R285 million (2007: R278 million), while the Plate Glass group contributed R22 million to headline earnings for the five months since acquisition.

Mining interests' contribution to headline earnings increased by 70.3% to R264 million (2007: R155 million). Dividends received from Implats amounted to R267 million (2007: R147 million). Trans Hex reported a headline loss of R8 million for the year under review (2007: R23 million profit). Remgro's share of this loss amounted to R3 million (2007: R8 million profit).

Earnings

Total earnings increased by 42.5% to R9 893 million (2007: R6 942 million), mainly as a result of a capital gain amounting to R1 167 million realised on the restructuring of Remgro's interest in Unilever, as well as the earnings growth of the underlying investments.

REMGRO LIMITED

4. INTRINSIC VALUE

Remgro's intrinsic value per share increased by 14.8% from R221.00 at 31 March 2007 to R253.67 at 31 March 2008. Refer to Annexure A for full details.

5. BRITISH AMERICAN TOBACCO PLC (BAT)

Remgro's interest in BAT is represented by its one-third holding of the ordinary shares and all of the "2005" participation securities issued by R&R. This gives Remgro an effective interest of 10.6% in BAT at 31 March 2008 (2007: 10.4%). The balance of the ordinary share capital of R&R is held by Compagnie Financière Richemont SA.

There was no change in the number of BAT shares held by R&R. However, due to the positive effect of BAT's continuing share buy-back programme, R&R's interest in BAT increased to 30.0% at 31 March 2008 (2007: 29.4%).

R&R's share of BAT's earnings for the twelve months to 31 March 2008 is based on BAT's results for the year ended 31 December 2007 plus the results for the quarter to 31 March 2008 less the results for the quarter to 31 March 2007.

Remgro's share of R&R's headline earnings consists of 35.46% of R&R's share of the attributable profit of BAT and its share of R&R's non-BAT profit (this includes income attributable to its investment in the "2006" participation securities issued by R&R during March 2006).

BAT has a 31 December year-end and reports to its shareholders on a quarterly basis. The following commentary is condensed from BAT's annual report for the year ended 31 December 2007. More complete information in respect of BAT, including the annual and quarterly reports, is available from the BAT website at www.bat.com.

BAT's adjusted, diluted earnings per share, a good indicator of its underlying performance, grew by 11% to 108.53 pence per share, principally as a result of the strong growth in profit from operations, partly offset by the adverse impact from foreign exchange movements. Basic earnings per share were higher at 105.19 pence compared to the prior year of 92.08 pence.

BAT's cigarette sales volumes from subsidiaries for the year ended 31 December 2007 decreased by 1% to 684 billion, mainly as a result of the high level of trade buying in some markets at the end of 2006, supply chain disruptions in the Middle East and the loss of StiX in Germany. BAT's revenue increased by 3% to

REMGRO LIMITED

£10 018 million but, at comparable rates of exchange, would have increased by 5% as a result of more favourable pricing and an improving product mix.

Profit from operations was 11% higher at £2 905 million or 7% higher if exceptional items were excluded. However, profit from operations at comparable rates of exchange and excluding exceptional items, would have been 11% higher, with all regions contributing to this strong result.

In Europe, profit at £842 million was up £61 million or 8%, at both current and comparable rates of exchange, mainly as a result of higher margins in Russia, Romania, Hungary and Spain, which more than offset the impact of reduced volumes in a number of markets.

In Asia-Pacific, profit rose by £56 million to £672 million, mainly attributable to strong performances from Australasia, Vietnam, Pakistan and Bangladesh, despite the adverse impact of exchange rates. At comparable rates of exchange, profit would have increased by £66 million or 11%.

Profit in Latin America increased by £69 million to £680 million due to good performances in key markets such as Brazil and Venezuela, partly offset by lower profit in Mexico and the adverse impact of some weaker local currencies. At comparable rates of exchange, profit would have increased by £86 million or 14%.

Profit in the Africa and Middle East region was only £2 million higher at £470 million due to exchange rate movements. However, at comparable rates of exchange, profit would have increased by £53 million or 11% with strong performances from South Africa and Nigeria.

The profit from the America-Pacific region increased by £22 million to £446 million as a result of higher profit in local currency in Japan and Canada, partly offset by the impact of weaker exchange rates. At comparable rates of exchange, profit would have increased by £45 million or 11%.

BAT's associated companies comprise Reynolds American, ITC and Skandinavisk Tobakskompagni. BAT's share of the post-tax results of its associates increased by £11 million, or 3% to £442 million, after taxation of £246 million. Excluding exceptional items, BAT's share of the post-tax results of associates was £449 million. However, BAT's share of these results was particularly affected by the weakening of the average US dollar rate against sterling from 1.844 to 2.001 and, at comparable rates of exchange, the increase would have been 11%.

Recently BAT announced an agreement to acquire 100% of the Skandinavisk Tobakskompagni's (ST) cigarette and snus business in exchange for its 32.25% holding in ST and payment of DKK11 384 million in cash. This transaction is subject to approval by the European Commission. ST accounts for more than 60% of cigarette sales in Scandinavia. In addition, BAT won the public tender for the cigarette assets of Tekel, the Turkish state owned tobacco company, with a bid of US\$1 720 million (£860 million). On completion, which is expected later in 2008 and is subject to regulatory approvals, the acquisition will raise BAT's market share in Turkey, the eighth largest cigarette market in the world, to some 36% from just over 7% prior to acquisition.

6. OTHER INVESTMENTS

The most important changes to Remgro's other investments during the year under review were as follows:

Rainbow Chicken Limited (Rainbow) *Offer to minority shareholders of Rainbow*

During March 2007 Remgro made an offer to buy out the minority shareholding of Rainbow for a cash consideration of R16.00 per Rainbow share or 9 Remgro ordinary shares for every 100 shares held in Rainbow, or a combination of the aforementioned. On 5 June 2007 the majority of Rainbow's shareholders voted against the scheme of arrangement.

An alternative offer, consisting of a cash consideration of R16.00 per Rainbow share or 8.1 Remgro ordinary shares for every 100 shares held in Rainbow, or a combination thereof, became effective on 6 June 2007.

In terms of the abovementioned offer, Remgro acquired 30 236 876 Rainbow shares. Of this number of shares 27 749 336 were acquired for a cash consideration of R16.00 per Rainbow share for a total amount of R448.6 million, while 2 487 540 Rainbow shares were acquired through the issue of 201 399 Remgro shares, issued at an average price of R186.10 per Remgro share.

REMGRO LIMITED

During the year under review Remgro acquired 10 699 024 Rainbow shares in the open market at R16.00 per share for a total amount of R171.9 million. On 31 March 2008, Remgro's effective interest in Rainbow was 74.0% (31 March 2007: 61.4%).

Broad-based black economic empowerment (BEE) initiative

On 18 March 2008 Rainbow shareholders approved a proposal to introduce a strategic BEE shareholding into the company. Rainbow will issue 51 177 217 Rainbow shares (the BEE shares) at R17.89 per share to a BEE consortium (BEECo). BEECo will be owned by the BEE partners and the shares issued to BEECo will represent 15% of the entire issued share capital of Rainbow.

The BEE shares will be issued during June 2008, after the payment of the final dividend to existing Rainbow shareholders. For accounting purposes the effective date of the transaction is 18 March 2008, i.e. the date on which Rainbow shareholders approved the transaction. The purchase price of the BEE shares will be settled by BEECo by issuing redeemable preference shares in BEECo to Rainbow.

For accounting purposes the terms of the issue of the BEE shares and funding thereof are deemed to constitute an option in Rainbow shares granted to BEECo, and accordingly the issue of the BEE shares and the subscription by Rainbow of the BEECo preference shares, are not recognised for accounting purposes. The BEE transaction will accordingly not affect Remgro's effective shareholding in Rainbow until the redemption of the BEE preference shares referred to above, takes place.

Further cautionary announcement

Shareholders are referred to the cautionary announcements released on SENS since 19 November 2007, in which Remgro announced that it is considering a restructuring of the group to split its tobacco assets from its other interests ("proposed restructuring").

The group currently holds an indirect interest of 10,6% in British American Tobacco plc ("BAT") through the joint venture vehicle, R&R Holdings SA ("R&R"). R&R is a Luxembourg "1929" holding company. The catalyst for the proposed restructuring is the impending changes in the legal and fiscal environment in Luxembourg. Luxembourg "1929" holding companies will be abolished at the end of 2010.

Remgro, together with its joint venture partner Compagnie Financière Richemont ("Richemont"), has conducted an extensive review of the potential alternatives for the restructuring and has engaged with several regulators, including the South African Revenue Services ("SARS"), the South African Reserve Bank ("SARB") and The National Treasury in this regard.

Shareholders are also referred to the announcement released by Richemont on 22 May 2008 wherein it proposed to separate Richemont into two entities: a luxury business, headquartered in Switzerland, and an investment vehicle which is currently proposed to be based in Luxembourg and structured as an investment fund. In addition to retaining their shares in the luxury goods business, it is envisaged that Richemont unitholders would receive shares in the investment vehicle and would be able to receive the substantial part of their interest in the BAT shares directly.

In order to provide Remgro shareholders with access to the same investment vehicle mentioned above, it is envisaged that Remgro would contribute a portion of its interest in BAT to the investment vehicle in return for shares. All Remgro's remaining BAT shares, representing the overwhelming majority of its interest in BAT, would be distributed directly to shareholders. The shares in the investment vehicle would be distributed to Remgro shareholders together with the BAT shares.

Discussions are in progress with BAT, which has provided a commitment, if so requested, to apply for a secondary listing of its shares on the JSE Limited. This would facilitate the holding of BAT shares by South African residents.

The plans for this possible restructuring remain subject to, *inter alia*, further review, board approval, regulatory approvals and shareholder approval to implement the desired outcome. There can be no certainty that the proposed restructuring as outlined above or any modified proposals will be put forward for approval or that such a restructuring would actually take place.

A further announcement will be made when appropriate. No further comment will be made until such time.

Shareholders are advised to continue to exercise caution when dealing in their securities, until a further announcement is made.
