New deposit note by Scotiabank and CI Investments offers double the exposure with principal protection

TORONTO (June 2, 2008) – CI Investments Inc. (“CI”) today announced the launch of The Bank of Nova Scotia – CI 2X™ Deposit Notes, Series 1, which allow investors to benefit from double the exposure to a diverse portfolio of equity and income securities, while still enjoying the peace of mind of principal protection.

The Notes, issued by The Bank of Nova Scotia, offer a return linked to the performance of Signature Income & Growth Fund, an income balanced fund from CI that uses active asset allocation to capitalize on changing market conditions. The Notes’ innovative strategy ensures that they have continuous 200% exposure to the fund throughout their 6.5-year life. The fund’s distributions are automatically reinvested into the Note structure to maximize tax-deferred growth, while the principal amount is 100% guaranteed by Scotiabank if held to maturity.

“The Notes are designed for investors who want to magnify the impact of their investments, while preserving their hard-earned capital,” said David R. McBain, CI Senior Vice-President. “The Notes’ structure maximizes performance potential with 200% exposure to the fund at all times regardless of fund performance, while controlling risk through principal protection and the fund’s broad diversification.”

Signature Income & Growth Fund has a strong track record, placing in the first quartile of its category over one, three and five years, and holding the top five-star ranking from Morningstar Canada, as of April 30, 2008 (Source: Morningstar Canada).

The fund’s portfolio is managed by Signature Global Advisors, a division of CI Investments, and invests in a broad range of asset classes, including government and corporate bonds, income trusts, preferred shares and dividend-paying common stocks. This diversification reduces risk and gives the managers more flexibility to respond to changing market conditions, so that they can take advantage of new opportunities as well as preserve capital. The lead portfolio managers are Eric Bushell, Signature’s Chief Investment Officer, and James Dutkiewicz.

The Bank of Nova Scotia – CI 2X Deposit Notes, Series 1, are available for sale until July 31, 2008, through registered dealer representatives, and are eligible for registered plans. The minimum purchase is \$5,000. A complete description of the Notes can be found in the Information Statement describing the issue.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “1933 Act”), or under any state securities laws and, subject to certain

exemptions, may not be offered for sale, sold or delivered, directly or indirectly, in the United States, its territories or possessions to or for the account or benefit of U.S. persons within the meaning of regulations under the 1933 Act. No securities commission or similar authority has reviewed or in any way passed on the Notes described and any representation to the contrary is an offence.
