NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
(All amounts in US dollar thousands unless otherwise stated)

1. General information

The Company and its subsidiaries own and operate hotels and associated properties; and provide hotel management and related services.

The Company is a limited liability company incorporated in Bermuda. The address of its registered office is Canon's Court, 22 Victoria Street, Hamilton HM12, Bermuda.

The Company has its primary listing on the Main Board of The Stock Exchange of Hong Kong Limited with secondary listing on the Singapore Exchange Securities Trading Limited.

2. Basis of preparation and accounting policies

These unaudited condensed consolidated interim financial statements for the six months ended 30 June 2008 have been prepared in accordance with Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants.

These condensed consolidated interim financial statements should be read in conjunction with the 2007 annual financial statements for the year ended 31 December 2007, which have been prepared in accordance with Hong Kong Financial Reporting Standards. The accounting policies and methods of computation used in the preparation of these condensed consolidated interim financial statements are consistent with those used in the annual financial statements for the year ended 31 December 2007 with the addition of the following new interpretations which are relevant to the Group's operation and are mandatory for financial year ending 31 December 2008:

HK(IFRIC) – Int 11	HKFRS 2 – Group and Treasury Share Transactions
HK(IFRIC) – Int 12	Service Concession Arrangements
HK(IFRIC) – Int 14	HKAS 19 – The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction

The above new interpretations have no material effect to the Group's accounting policies.

In addition, the Group has early adopted the following amendments to standards which are relevant to the Group's operation for financial period beginning 1 January 2008:

HKAS 27 Revised	Consolidated and Separate Financial Statements
HKFRS 3 Revised	Business Combinations

The adoption of the above amendments to standards does not have a significant impact on the Group's financial statements except the following:

Under HKAS 27 Revised, changes in the parent's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received shall be recognised directly in equity and attributed to the owners of the Company. This was effected prospectively from 1 January 2008 and the effect on the interim financial statements for the six months ended 30 June 2008 is that the Group charged a net amount of US\$11,008,000 to the retained earnings during the period instead of crediting US\$276,000 to the consolidated income statement as gain on disposal of partial interest in a subsidiary and recording US\$11,284,000 in the balance sheet as goodwill acquired upon acquisition of additional equity interest in a subsidiary.

The following new standard, amendments to standards and new interpretation are relevant to the Group's operation but are not effective for 2008 and have not been early adopted:

HKAS 1 Revised	Presentation of Financial Statements
HKAS 23 Revised	Borrowing Costs
HKFRS 8	Operating Segments
HK(IFRIC) – Int 13	Customer Loyalty Programmes

The number of shares calculated as above is increased by the number of shares that would have been issued assuming the exercise of the share options.

(Performance compared to the corresponding period last year)

The Group's business is organised into three main segments:

- Hotel management – Provision of hotel management and related services to Group-owned hotels and to hotels owned by third parties
- Property rentals – Ownership and leasing of office properties, commercial properties and serviced apartments.

Revenues

Hotel Operations

- Continued to be the main source of revenue and operating profits.
- As at 30 June 2008, the Group has equity interest in 43 operating hotels with 22,131 available guest rooms owned by subsidiaries and associates, including the Portman Ritz-Carlton Hotel, Shanghai and the Hotel JEN, Hong Kong. The Group also has a 10% interest in the 389-room Shangri-La Hotel, Surabaya.
- Weighted average occupancy for hotels in Mainland China decreased mainly due to a reduction in foreign visitor arrivals in the second quarter following visa restrictions introduced in the run-up to the Beijing Olympics. Occupancies in the second quarter were also affected by the earthquake in Sichuan and the adverse weather conditions in Southern China.
- The Group's weighted average room rate increased by 14%, both due to a general increase in room rates quoted in local currencies across the board and the effect of the continuing appreciation of most Asian currencies against the US dollar.
- Weighted average room yields ("RevPAR") increased in all countries except for Mainland China (remained flat) and Thailand (decreased by 6% affected by the newly opened Shangri-La Hotel, Chiang Mai). Overall weighted average RevPAR increased by 7.5%.
- The Valley Wing of Shangri-La Hotel, Qingdao which consists of 196 guest rooms and 13 serviced apartments opened for business on 12 March 2008.

Bhd. by forming a consortium and jointly won the bids at the open biddings to acquire the land use rights of three sites in Tangshan City in Mainland China. The parties have entered into a master joint venture agreement on the same date for the acquisition, holding and development of the sites and to enter into shareholders’ agreements in connection with the establishment of no more than three joint venture company/companies and the development of the sites which are designated for hotel and residential uses with ancillary commercial use. OTHER CONNECTED TRANSACTIONS

- In addition, the Group has agreements on hand for development of 19 new hotels (7,235 rooms). The development projects are located in Doha (Qatar) (2 hotels), Vancouver, Toronto, Chicago, Las Vegas, Miami, Kuwait, Seychelles, Phuket, Bangalore (3 hotels), Mumbai, Tainan (Taiwan), Macau (2 hotels), Beijing, and Urumqi.

PROSPECTS

Following on from a robust operating performance last year, the Group's hotels maintained the momentum in the first quarter of this year. Since then, the combined effect of the economic slow down in the United States of America, the increase in airfares caused by unprecedentedly high fuel prices, the natural disasters that struck Mainland China and the tightening of visa regulations for visits to Mainland China in the run-up to the Beijing Olympics have resulted in a drop in occupancies at the Group's hotels in Mainland China, Hong Kong, Philippines and Singapore. While some rebound in occupancies for hotels in Mainland China and Hong Kong are envisaged after the Olympics, it is generally considered unlikely that hotels will experience the high levels of occupancies witnessed in 2007, till the global economic sentiment turns more positive.
