2007/2008 ANNUAL RESULTS ANNOUNCEMENT

CHAIRMAN'S STATEMENT

Dear Shareholders

On behalf of your Board, I am pleased to report on the operations of the Group for the year ended 30 June 2008.

Disposal of the Group's Entire Interest in The Hong Kong and China Gas Company Limited to Henderson Land Development Company Limited

On 2 October 2007, the Company and Henderson Land Development Company Limited ("Henderson Land") entered into an agreement providing for the acquisition by Henderson Land of the Group's entire interest in 2,366,934,097 shares of The Hong Kong and China Gas Company Limited ("Hong Kong and China Gas"), representing approximately 39.06% of the total issued share capital of Hong Kong and China Gas. The consideration for the acquisition comprised (i) the issue to the Company of a share entitlement note (the "Share Entitlement Note"), which conferred on the holder the right to call for the issue by Henderson Land of 636,891,425 shares (including entitlement to Henderson Land's final dividend for the year ended 30 June 2007); and (ii) approximately HK\$3,707 million in cash. On 7 November 2007, Henderson Land agreed to increase the cash consideration for the acquisition by approximately HK\$3,121 million as an additional incentive to Shareholders of the Company, making a total cash consideration of approximately HK\$6,828 million in addition to the Share Entitlement Note.

At an extraordinary general meeting of the Company held on 7 December 2007, Shareholders voted overwhelmingly in favour of the transaction. This was a concrete endorsement of the Group's efforts to unlock value for Shareholders.

As part of the transaction which was completed on 17 December 2007, a distribution in specie per share of the entitlement to 0.209 Henderson Land share allotted under the Share Entitlement Note and a cash distribution of HK\$1.03 per share was made to Shareholders. With the share premium reduction having become unconditional, a further cash distribution of HK\$1.21 per share was made to Shareholders on 25 January 2008, making total cash distributions of HK\$2.24 per share or approximately HK\$6,826 million in aggregate. A gain of HK\$33,781 million from the transaction was recorded by the Group.

Following completion of the transaction, the Group has remained as a listed company focusing on the infrastructure business in mainland China.

The Group profit attributable to equity Shareholders for the year amounted to HK\$35,390 million, representing an increase of HK\$29,999 million over the previous year. Earnings per share were HK\$11.61 (2007: HK\$1.77).

Excluding the profit for the year from discontinued operations of HK\$35,265 million, the profit attributable to equity Shareholders for the year from continuing operations amounted to HK\$125 million, representing a decrease of HK\$97 million or 44% from the previous year. This was mainly attributable to a reduction in bank interest income, the effect of which was partially offset by a higher profit contribution from the infrastructure business for the year. Earnings per share from continuing operations were HK\$0.04 (2007: HK\$0.07).

The reduction in bank interest income was due to a lower average cash balance maintained by the Group during the year when compared with that for the previous year, following the Group's cash distributions to Shareholders of approximately HK\$15,237 million (or HK\$5 per share) in June 2007, approximately HK\$3,139 million (or HK\$1.03 per share) in December 2007 and approximately HK\$3,687 million (or HK\$1.21 per share) in January 2008.

With the completion of disposal of the Group's entire interest in Hong Kong and China Gas to Henderson Land, the net asset value attributable to equity Shareholders as shown by the consolidated balance sheet at 30 June 2008 amounted to approximately HK\$1,630 million or HK\$0.53 per share.

Dividends

Your Board recommends the payment of a final dividend of HK\$0.02 per share (to Shareholders whose names appear on the Register of Members of the Company on 8 December 2008. Including the interim dividend already paid of HK\$0.02 per share, the total dividends for the full year will be HK\$0.04 per share (2007: HK\$0.28). Warrants for the final dividend will be sent to Shareholders on or before 9 December 2008.

In addition to the interim and final dividends for the year, as mentioned earlier a distribution in specie per share of the entitlement to 0.209 Henderson Land share allotted under the Share Entitlement Note and total cash distributions of HK\$2.24 per share or approximately HK\$6,826 million in aggregate were approved and made to Shareholders during the year following the disposal of interests in Hong Kong and China Gas and the share premium reduction.

Business Review

Continuing Operations **Infrastructure Business**

The Group's infrastructure business comprises interests in Hangzhou Qianjiang Third Bridge and Maanshan City Ring Road, which are both held through China Investment Group Limited except for certain shareholdings in the toll bridge which the Group holds directly. In September 2007, the Group acquired the remaining 35.94% interest in China Investment Group Limited for a cash consideration of approximately HK\$145 million, making it a wholly-owned subsidiary of the Group. The Group's effective interests in Hangzhou Qianjiang Third Bridge and Maanshan City Ring Road have thus increased to 60% and 49% respectively.

linking Beijing and Fujian Province. Completed in 1997, this toll bridge spans approximately 5.8 km over the Qiantangjiang River in Hangzhou, Zhejiang Province and connects the urban parts of Southern Hangzhou and Xiaoshan and Binjiang. It is also an important nodal point for access to major roads leading to the Hangzhou Airport. During the year, its toll revenue amounted to HK\$216 million, an increase of HK\$78 million or 57%, reflecting the increased traffic volumes following the completion of major repair and maintenance work in October 2006.

Maanshan City Ring Road is a class I highway that stretches approximately 40.5 km around Maanshan, a leading industrial city in Anhui Province. Completed in 1997, it is also the major artery in the National Highway No.205 network with connections to Nanjing-Maanshan Expressway in the North and the Wuhu-Maanshan Expressway in the South. Toll revenue generated from this highway for the year amounted to HK\$56 million, an increase of HK\$5 million or 10%.

Discontinued Operations

A review of the discontinued operations is contained in the section headed "Financial Review" of this report.

Prospects

As announced by the Company on 27 August 2008, it is currently negotiating with the joint venture partner of Hangzhou Henderson Qianjiang Third Bridge Company Limited (the "Third Bridge JV") to sell the Company's entire 60% equity interest in the Third Bridge JV to the joint venture partner, although no agreement has been entered into. The Company, subject to the entering into of an agreement for the disposal of the interest in the Third Bridge JV, is considering the acquisition of new assets. Shareholders will be kept informed of developments in this respect through appropriate announcements.

Appreciation

I would like to take this opportunity to thank my fellow Directors for their wise counsel and support, and the management and staff at all levels for their dedication, hard work and contributions in the past year.

1 Basis of preparation

The annual results set out in this announcement do not constitute the Group's statutory accounts for the year ended 30 June 2008 but are extracted from those accounts.

The statutory accounts have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the requirements of the Hong Kong Companies Ordinance. The accounts also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("Listing Rules").

The measurement basis used in the preparation of the accounts is the historical cost basis.

The HKICPA has issued a number of new and revised HKFRSs and Interpretations that are first effective or available for early adoption for the current accounting period of the Group and the Company.

There have been no significant changes to the accounting policies applied in these accounts for the years presented as a result of these developments. However, as a result of the adoption of HKFRS 7 "*Financial instruments: Disclosures*" and the amendment to HKAS 1 "*Presentation of financial statements: Capital disclosures*", there have been some additional disclosures with no significant impact on the Group's operating results for the year and financial position as at 30 June 2008.

- Material acquisitions and disposal during the year
- (a) On 29 August 2007, Uniland Development Limited, a wholly-owned subsidiary of the Company which beneficially owned 64.06% interest in China Investment Group Limited (“CIG”), entered into a sale and purchase agreement with certain parties in relation to the acquisition of the remaining 35.94% interest in CIG, for a cash consideration of HK\$145 million. The transaction was completed in September 2007 and CIG became a wholly-owned subsidiary of the Company.
 - (b) During the period from 1 July 2007 to 10 August 2007, Macrostar Investment Limited, a wholly-owned subsidiary of the Company, acquired 31,159,000 shares of The Hong Kong and China Gas Company Limited (“HKCG”), an associate of the Group, at a price range of between HK\$16.59 and HK\$18.15 per share, for an aggregate consideration of HK\$545 million. As a result of these acquisitions, the Group was beneficially interested in approximately 39.06% of the issued share capital of HKCG.
 - (c) On 2 October 2007, the Company as vendor and Henderson Land Development Company Limited (“HLD”), the Company’s intermediate holding company, as purchaser entered into a conditional agreement (as supplemented by a supplemental agreement dated 7 November 2007) pursuant to which HLD and its certain subsidiaries acquired the Group’s entire interest in HKCG (representing 2,366,934,097 shares of HKCG or approximately 39.06% of HKCG’s issued share capital) through the acquisition of the Company’s interests in two wholly-owned investment holding subsidiaries, namely, Macrostar Investment Limited and Timpani Investments Limited (together referred to as the “Sale Companies”), and the shareholder’s loans owing by the Sale Companies (the “Transaction”). The Transaction was approved pursuant to an ordinary resolution passed at an extraordinary general meeting of the Company held on 7 December 2007 and was completed on 17 December 2007.

The consideration of the Transaction comprised (i) the issue to the Company of the share entitlement note, which conferred on the holder thereof the right to call for the issue of 636,891,425 ordinary shares of HLD (including entitlement to be paid by HLD of an amount which is equal to HLD’s final dividend for the year ended 30 June 2007); and (ii) cash of HK\$6,828 million. On 27 February 2008, the Financial Secretary of the Government of the Hong Kong Special Administrative Region announced a cut in the Profits Tax rate applicable to the Group's operations in Hong Kong from 17.5% to 16.5% with effect from the fiscal year 2008-09 and a one-off rebate of 75% of tax payable for 2007-08 assessment subject to a ceiling of \$25,000. These have been taken into account in the preparation of the Group's 2008 accounts. In this regard, no provision for Hong Kong Profits Tax has been made for the reason that there is no assessable profit for the year subject to Hong Kong Profits Tax (2007: provision for Hong Kong Profits Tax was made at 17.5% on the estimated assessable profit). Taxation for subsidiaries outside Hong Kong is calculated at the rates prevailing in the relevant jurisdictions. Certain subsidiaries of the Group operating in mainland China are eligible for certain tax holidays and concessions for the year.

On 16 March 2007, the National People's Congress approved the Corporate Income Tax Law of the People's Republic of China, under which the Group's principal income tax rate is gradually accelerated to the higher tax rate of 25% in a period of 5 years starting from 1 January 2008. The applicable principal income tax rate for the year ended 30 June 2008 is 18%.

The Group's continuing operations comprise the infrastructure business in mainland China, being the operation of a toll bridge in Hangzhou and the operation rights of a toll highway in Maanshan, Anhui Province. Turnover for the financial year amounted to HK\$272 million (2007: HK\$189 million), representing an increase of HK\$83 million, or 44%, over that for the previous financial year. This was mainly attributable to the increase in traffic volume of the toll bridge in Hangzhou following the completion of major repair and maintenance work in October 2006. Profit contribution (representing turnover less direct costs) from the infrastructure business for the financial year increased by HK\$61 million, or 44%, to HK\$200 million (2007: HK\$139 million).

Discontinued operations

The results of the Group's discontinued operations for the financial year comprised mainly (i) the Group's share of post-tax profit of Hong Kong and China Gas of HK\$1,484 million for the period from 1 July 2007 to 17 December 2007 (being the completion date of the Group's disposal of its entire interest in Hong Kong and China Gas to Henderson Land, as referred to in the paragraph headed "Material acquisitions and disposals" above); and (ii) the gain on the Group's disposal of its entire interest in Hong Kong and China Gas (as referred to in the paragraph headed "Material acquisitions and disposals" above) of HK\$33,781 million.

The Group's share of post-tax profit of Hong Kong and China Gas of HK\$1,484 million for the period from 1 July 2007 to 17 December 2007 (Period from 1 July 2006 to 31 December 2006: HK\$1,290 million) represents an increase of HK\$194 million, or 15%. Such increase is mainly attributable to the increase in profit contribution from the property development segment of Hong Kong and China Gas, for the reason that there were increased property sales of the Grand Waterfront project during the period from 1 July 2007 to 17 December 2007 when compared with the corresponding period from 1 July 2006 to 31 December 2006.

Profit attributable to equity shareholders

Profit attributable to equity shareholders for the financial year amounted to HK\$35,390 million (2007: HK\$5,391 million), representing an increase of HK\$29,999 million over that for the previous financial year.

Profit attributable to equity Shareholders from continuing operations for the financial year amounted to HK\$125 million (2007(re-stated): HK\$222 million), representing a decrease of HK\$97 million, or 44%, from the previous financial year. This was mainly attributable to the fact that the Group earned less bank interest income during the financial year, for the reason that the Group maintained a lower average cash balance during the financial year when compared with that of the previous financial year, subsequent to the Group's cash distributions to shareholders of approximately HK\$15,237 million (or HK\$5 per share) in June 2007, approximately HK\$3,139 million (or HK\$1.03 per share) in December 2007 and approximately HK\$3,687 million (or HK\$1.21 per share) in January 2008. During the financial year, the effect of reduced bank interest income to the Group was partially offset by an increase in profit contribution from the infrastructure business to the Group.

amounted to HK\$35,265 million (2007(re-stated): HK\$5,169 million). The increase of HK\$30,096 million was mainly attributable to the gain on disposal of the Group's entire interest in Hong Kong and China Gas (as referred to in the paragraph headed "Material acquisitions and disposals" above) of HK\$33,781 million, which is offset against the profits attributable to equity shareholders derived from (i) the Group's interest in Hong Kong and China Gas of HK\$1,920 million during the corresponding period from 18 December 2006 to 30 June 2007 (given the completion date of the Group's disposal of its interest in Hong Kong and China Gas to Henderson Land on 17 December 2007); and (ii) certain subsidiaries and associates sold by the Group to Henderson Land during the year ended 30 June 2007 of HK\$835 million and the Group's profit on disposal arising therefrom of HK\$930 million, all of which amounts did not recur for the year ended 30 June 2008.

Financial resources, liquidity and loan maturity profile

At 30 June 2008, the aggregate amount of the Group's bank borrowings was HK\$40 million (2007: HK\$29 million). The cash and bank balances, the maturity profile of the bank borrowings and the gearing ratio of the Group were as follows:

	At 30 June 2008 HK\$ million	At 30 June 2007 HK\$ million
Cash and bank balances	<u>836</u>	<u>3,684</u>
Less: Bank borrowings repayable		
- Within 1 year	11	23
- After 1 year but within 2 years	18	-
- After 2 years but within 5 years	<u>11</u>	<u>6</u>
Total bank borrowings	<u>40</u>	<u>29</u>
Net cash and bank balances	<u>796</u>	<u>3,655</u>
Gearing ratio	<u>Nil</u>	<u>Nil</u>

Finance costs for the financial year amounted to HK\$5 million (2007: HK\$4 million) which were immaterial to the Group's operations.

Based on the Group's net cash and bank balances of HK\$796 million at 30 June 2008, the Group has adequate financial resources in meeting the funding requirements for its ongoing operations as well as its future expansion.

The Group's financing and treasury activities are centrally managed at the corporate level. The Group's bank borrowings bear floating interest rates and are denominated in Renminbi to finance its infrastructure business in mainland China. During the financial year, the Group did not enter into any derivative financial instruments for speculative or hedging purposes. The Group monitors closely its interest rate exposure and foreign exchange rate exposure (the latter being its investments in the infrastructure business in mainland China which is denominated in Renminbi and is not hedged) and will consider hedging these exposures should the need arise.

Apart from the foregoing, the Group did not have any material exposures to interest rates or foreign exchange rates at 30 June 2008.

Charge on assets

Assets of the Group were not charged to any third parties at 30 June 2008, except that certain project financing facilities which were extended by banks to a subsidiary of the Company engaged in infrastructure projects in mainland China were secured by the Group's toll highway operation rights.
