A Second Price Monitoring Extension has been activated in this security.

A Second Price Monitoring Extension is activated when the auction matching process would result in an auction price that is a pre-determined percentage above or below the base price.

The auction call period is extended for 5 minutes. For details of how base prices are set for each market, please refer to the Guide to Trading Service at www.londonstockexchange.com

This information is provided by RNS
The company news service from the London Stock Exchange
