- Note: 1. As the Company prepares quarterly consolidated financial statements, the changes in principal business indicators, etc., of the Submitting Company are not described.
2. Consumption tax not included in sales amounts.

2. Details of Business

There has been no material change in information regarding business lines of our Group (the Company and its affiliated companies) during the current consolidated second quarter. Also, there has been no material change in major affiliated companies.

3. Status of Affiliated Companies

There has been no material change in important affiliated companies during the current consolidated second quarter.

4. Status of Employees

(1) Status of Consolidated Companies

(as of September 30, 2008)

Number of Employees	996
---------------------	-----

Note: The number of employees indicates full-time employees and does not include part-time and temporary employees.

(2) Status of the Submitting Company

(as of September 30, 2008)

Number of Employees	708
---------------------	-----

Note: The number of employees indicates full-time employees and does not include part-time and temporary employees.

2. Status of Business

1. Status of Manufacturing, Receipt of Orders and Sales

Our Group (the Company and its consolidated subsidiaries) has many different categories of products manufactured and sold, in widely differing areas, and even products of the same type are not necessarily the same in their volume, construction, form or other elements. There are also products which are not manufactured on a produce to order basis, and we do not indicate production volume or order volume in monetary amounts or quantities for business segment.

For this reason we have indicated the relationships for performance for each business segment in "3. Analysis of Financial Conditions and Business Results" with respect to the status of manufacturing, receipt of orders and sales.

The following states the amount of sales by major customer and its percentage of total sales during the current consolidated second quarter.

Customer	Current consolidated second quarter (From July 1, 2008 to September 30, 2008)	
	Amount (¥1,000)	Ratio (%)
Sumitomo Shoji Chemicals Co., Ltd	2,890,157	29.1
Mitsui & Co., Ltd.	998,247	10.0

Note: The amounts in the above table do not include consumption tax.

2. Important Agreement for Operation, etc.

In the current consolidated second quarter, no decision on or execution of important agreement for operation, etc., was made.

3. Analysis of Financial Conditions and Business Results

(1) Status of Business Results

For the Japanese economy in the current consolidated second quarter, concerns about a slowdown have grown due to soaring raw material prices including crude oil, and the financial crisis triggered by the sub-prime loan problems.

Under such circumstances, our Group (the Company, its consolidated subsidiaries and companies to which the equity method applies) has concentrated business resources in the electronic materials field, focusing on materials for flexible printed circuit boards to make efforts at increasing sales and reducing costs.

For the business results in the current consolidated second quarter, net sales were ¥9,929 million, operating profit was ¥636 million, ordinary profit was ¥107 million and quarterly net profit was ¥36 million.

The results by business segment are as follows.

In the electronic materials field in the business of manufacturing and sales of industrial materials, etc., net sales were ¥6,474 million, mainly from the sales of flexible printed circuit boards, core products (orders received: ¥6,465 million, production output: ¥4,541 million, non-consolidated basis of the Submitting Company).

In addition, in the display materials field, net sales were ¥826 million, in the electric insulation materials field, net sales were ¥902 million, and in the industrial application structural materials field, net sales were ¥1,084 million and for related products, net sales were ¥589 million.

In other segments, net sales were ¥51 million.

For segment business results by region, statement of segment information by region is not included as sales in Japan account for over 90% of the total sales of all segments.

It should also be noted that the amounts of sales, receipt of orders and the like stated in this section do not include the amount for consumption tax, etc.

(2) Status of Cash Flows

Cash and cash equivalents (hereinafter referred to as the "Funds") at the end of the current consolidated second quarter were ¥2,774 million.

The following is the status of each cash flow category and their major factors in the current consolidated second quarter.

(Cash Flow from Operating Activities)

Cash flow from operating activities recorded an inflow of Funds of ¥591 million. This was mainly due to recording of depreciation of ¥621 million and investment loss of ¥436 million by the equity method and to a decrease as a result of an increase in accounts receivable of ¥794 million.

(Cash Flow From Investing Activities)

For cash flow from investing activities, outflow of Funds was ¥3,216 million. This was mainly due to expenditure of ¥2,949 million for acquisition of tangible fixed assets.

(Cash Flow from Financing Activities)

Cash flow from financing activities recorded an inflow of Funds of ¥898 million. This was mainly due to revenue of ¥1,000 million from long-term borrowings.

(3) Business and Financial Tasks to be Tackled

There was no significant change in the tasks to be tackled by our Group in the current consolidated second quarter.

In this regard, the Company provides for the basic policy for how the person controlling financial and business policies should be and the contents (the matters set forth in each item of Article 127 of the Enforcement Rules of the Corporation Law) are as follows.

- 1) Effective use of the contents of the basic policy and the assets of the Company and formulation of appropriate corporate group as well as the efforts for realization of other basic policies.

The Company since its incorporation in 1909, has made efforts at technological innovation and product development while consistently responding to user needs as well as addressing improvements in corporate value by developing unique technologies integrating weaving, coating and molding under an environment of favorable labor relations. The Company's Board of Directors believes that the company is always obligated to continue to develop along its historical path of accumulating technologies as well as understanding such corporate value and fostering improvement of this corporate value over the long run.

Based on the above, our Group aims at enhancing profitability by creating new businesses and markets, prioritizing safety and quality as our objectives under the corporate policies based on the philosophy of "Creation, Innovation and Challenge."

- 2) Efforts for preventing control by inappropriate persons of decisions on financing and corporate policies of the Company

We have witnessed such takeover methods across stock markets recently, through forceful acquisition of large block share buyouts without sufficient explanation or consultation with shareholders of a targeted company or its top management. Not a few of these buyouts can be regarded as leading to loss of corporate value, forced sale of large block shares or violation of shareholder interests.

We have determined that it is necessary to secure the disclosure of necessary and sufficient information and a period for examination and consideration of a takeover bid by presenting rules and procedures to be complied with by a takeover bidder through Company developed countermeasures for acquisition of large block shares of the Company (hereinafter referred to as the "Rules"), and obtained approval for the Rules at the 59th ordinary general meeting of shareholders held on June 28, 2007.

Under the Rules, in the event that implementation of countermeasures has been approved at the general meeting of shareholders, etc., to confirm the will of shareholders, and that a bidder or proposer who seeks a takeover (hereinafter collectively referred to as a "Takeover Bidder") does not comply with the Rules or that it is clear a large block acquisition of shares of the Company and similar acts or proposals (hereinafter collectively referred to as a "Takeover") will destroy corporate value, countermeasures shall be implemented in accordance with the Rules.

(For the details of the Rules, please refer to the website of the Company at <http://www.arisawa.co.jp/>)

- 3) That the said efforts in accordance with the basic policy do not encroach on the corporate value of the Company and the common interest of shareholders and that they do not aim at maintaining the status of officers.

The Board of Directors of the Company believes that while the company's shares have been listed on the stock exchange and investors can freely trade shares of the company, a large block acquisition of shares of the Company against the will of the Board of Directors of the Company or a takeover bid accompanying the transfer of control of the Company should not be denied if such actions contribute to the interest of all shareholders through an improvement in corporate value, and a final judgment

should be made by all shareholders of the Company.

If such Takeover is made, in order for shareholders to make an appropriate judgment, we think it is best to have the Takeover Bidder provide detailed information and disclose sufficient information to shareholders as well as having the Board of Directors of the Company express its opinions which will in turn allow the shareholders to directly express their opinions at the general meeting of shareholders, etc., on which proposal is best suited to securing and improving corporate value and the common interest of the shareholders, and the Rules provide for as follows.

a. Judgment by direct resolution of shareholders

The Rules are to confirm directly the will of shareholders on approval or disapproval of a takeover bid by a Takeover Bidder except for noncompliance of the Rules by the Takeover Bidder, etc. In confirmation of the will of shareholders, it is almost impossible for the Directors to make individual solicitation for the protection of their own interests and there is no room for arbitrary intention of the Directors.

b. Restrictions on implementation of countermeasures by the judgment of the board of directors

It is restricted to the cases where the violation of the Rules or destruction of corporate value and the common interest of shareholders are clear that a countermeasure can be implemented by the Board of Directors of the Company without confirming the will of shareholders, and so-called "Sunset-clause," which limits the term of the Rules to two (2) years, is also attached.

Therefore, the Board of Directors of the Company believes that the "Basic Policy for Control of the Company" is the efforts for securing the corporate value of the Company and the common interest of shareholders and that it shall not impair the common interest of shareholders.

(4) Research and Development Activities

Amount of expenses for research and development activities of the entire Group in the current consolidated second quarter was ¥628 million.

In this regard, there was no significant change in the status of research and development activities of our Group in the current consolidated second quarter.

3. Status of Facilities

(1) Status of Major Facilities

There was no significant change in major facilities during the current consolidated second quarter.

(2) Plan of New Installation and Retirement, etc., of Facilities

In the current consolidated second quarter, a material change occurred to the planned construction of important new facilities as of the end of the consolidated first quarter, which is as follows.

Start of construction of electronic materials manufacturing facilities of Arisawa Fiber Glass Co., Ltd. in the business of manufacturing and sales of industrial materials, etc., was postponed until April 2009 by partial change of the plan based on a review of demand trends, etc.

4. Status of the Submitting Company

1. Status of Shares, etc.

(1) Total Number of Shares, etc.

1) Total number of shares

Class	Authorized number of shares to be issued
Common Stock	130,000,000

[Changes in Substantial Underlying Matters for Preparation of Quarterly Consolidated Financial Statements]

	Current Second Quarter Consolidated Aggregate Period (From April 1, 2008 to September 30, 2008)
Changes in accounting standards	<p>Application of Accounting Standard for Lease Transactions</p> <p>Finance lease transactions in which ownership is not transferred have been accounted in a similar method as lease transactions. In connection with the application of the following accounting standards to the quarterly consolidated financial statements for the consolidated fiscal year commencing after April 1, 2008, such accounting standards have been applied from the consolidated first quarter and finance lease transactions are accounted as ordinary purchase and sale transactions: "Accounting Standard for Lease Transactions" (Accounting Standards Board of Japan (ASBJ) Statement No. 13 (June 17, 1993 (Business Accounting Council, First Section), amended as of March 30, 2007)) and the "Guidance on Accounting Standard for Lease Transactions" (ASBJ Guidance No. 16 (January 18, 1994 (Japan Institute of Certified Public Accountants, Accounting System Committee), amended as of March 30, 2007)). For the depreciation method of lease assets in finance lease transactions in which ownership is not transferred, straight line method is adopted, where the period of a lease is set as the useful life and the salvage value is set at zero.</p> <p>For finance lease transactions in which ownership is not transferred, as for transactions commenced before April 1, 2008, an accounting method similar to that applied to ordinary lease transactions has been applied.</p> <p>As a result, there is no impact on operating profit, ordinary profit and quarterly net profit before taxes, etc., as compared to the previous method.</p>

[Particular accounting applied to preparation of quarterly consolidated financial statements]

	Current Second Quarter Consolidated Aggregate Period (From April 1, 2008 to September 30, 2008)
Calculation of tax expenses	<p>For tax expenses, the effective tax rate is reasonably estimated after application of tax effect accounting for net profit before taxes in the consolidated fiscal year, including the current consolidated second quarter and these are calculated by multiplying the quarterly net profit before taxes by the estimated effective tax rate.</p> <p>In this regard, adjustment of corporate income tax, etc., is included in the corporate income tax, etc.</p>

This Audit Corporation conducted, under the provision of Article 193-2, paragraph 1 of the Financial Instruments and Exchange Law, a quarterly review of the quarterly consolidated financial statements of Arisawa Mfg. Co., Ltd. listed in "Status of Accounting" for the consolidated second quarter (From July 1, 2008 to September 30, 2008) and the second quarter consolidated aggregate period (from April 1, 2008 to September 30, 2008) of the consolidated fiscal year from April 1, 2008 to March 31, 2009, consisting of a quarterly consolidated balance sheet, quarterly consolidated profit and loss statement and quarterly consolidated cash flow statement. Management holds responsibility for preparation of these quarterly consolidated financial statements and the responsibility of this Audit Corporation is to express our conclusions on these quarterly consolidated financial statements from an independent position.

This Audit Corporation conducted the quarterly review in accordance with the standards for quarterly review generally accepted in Japan. The quarterly review was mainly conducted by asking questions to the management and the persons responsible for the matters concerning finance and accounting, analytical procedures and other quarterly review procedures, which was conducted in accordance with procedures limited in comparison to the procedures for audit of annual financial statements, which is conducted in accordance with the audit standards generally accepted in Japan.

In the quarterly review conducted by this Audit Corporation, no matters were discovered in every material respect, which led us to believe that the above quarterly consolidated financial statements did not properly represent the financial conditions of Arisawa Mfg. Co., Ltd. and its consolidated subsidiaries as of September 30, 2008, business results for the consolidated second quarter and the second quarter consolidated aggregate period, and status of cash flow in the second quarter consolidated aggregate period ended as of the same day, in accordance with the standards for preparing quarterly consolidated financial statements generally accepted in Japan.

There exists no special interest between the Company and this Audit Corporation or the Managing Partners to be stated under the provisions of the Certified Public Accountant Law.

Note: 1. All matters in the above are copied electronically from the matters stated in the original quarterly review report. The original quarterly review report is kept separately by the Company (submitting company of the quarterly report).
2. XBRL data is not included in the scope of quarterly consolidated financial statements.
