INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS

Board of Directors
Sisk Investment Services, Inc.
Bastrop, Louisiana

We have audited the accompanying balance sheets of Sisk Investment Services, Inc., as of December 31, 2007 and 2006, and the related statements of income, changes in stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting estimates used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Sisk Investment Services, Inc., as of December 31, 2007 and 2006, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

SISK INVESTMENT SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS

Note 1. Organization and Summary of Significant Accounting Policies

Nature of operations:

Sisk Investment Services, Inc., ("the Company") is a member firm of the National Association of Securities Dealers (NASD) and registered investment advisor, organized as a corporation. Securities transactions are executed either through a clearing broker or directly through mutual fund companies and insurance companies on variable products. The Company's revenues are derived from investment management fees, commissions earned on insurance products and from securities transactions executed on behalf of its customers, within and without the State of Louisiana. The Company is subject to regulation by the NASD, the Securities Exchange Commission (SEC) and state regulatory authorities in the various jurisdictions in which the Company operates.

Use of estimates:

The Company's financial statements, prepared in conformity with generally accepted accounting principles, require the use of management's estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of accounting:

The Company's financial statements have been prepared on the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when the related liability is incurred.

Cash and cash equivalents:

The Company's policy is to include all highly liquid investments, having a maturity of three months or less from the date purchased (normally money market investments), as cash equivalents in the financial statements.

Restricted cash:

Cash placed in interest bearing accounts with the clearing broker is not available for general use, and has been classified separately as restricted cash. Such amounts are not deemed to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS

Property and equipment:

Property and equipment is stated at cost, with depreciation computed on the straight-line method over an estimated useful life of seven years. Maintenance and repairs of property and equipment are charged to operations and major improvements are capitalized. Upon retirement, sale or other disposition of property and equipment, the cost and accumulated depreciation are eliminated from the accounts and gain or loss is included in operations.

Note 2. Property and equipment

Property and equipment are stated at cost, net of accumulated depreciation. Depreciation is calculated on the straight-line method. A summary of the categories and their respective lives, cost and accumulated depreciation is as follows:

December 31, 2007				
Accumulated				
	Life	Cost	Depreciation	Book Value
Furniture and fixtures	7	\$ 4,867	\$ 3,878	\$ 989

December 31, 2006				
Accumulated				
	Life	Cost	Depreciation	Book Value
Furniture and fixtures	7	\$ 4,867	\$ 3,591	\$ 1,276

Note 3. Income Taxes

The Company has elected small business corporation status under Subchapter S of the Internal Revenue Code. Accordingly, the financial statements contain no provision for income taxes, as the Company's net income or loss is reported in the personal income tax return of the shareholder.

Note 4. Concentrations

Virtually all of the Company's revenues are derived from commissions earned on transactions initiated by the public retirement systems of the State of Louisiana.

Deposits with financial institutions at December 31, 2007 and 2006 did not exceed the applicable federal deposit insurance.

NOTES TO FINANCIAL STATEMENTS

Note 5. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital (both as defined) not exceed 15 to 1. The rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2007 and 2006, the Company had net capital of \$28,251 and \$22,599, which exceeded the required net capital by \$23,251 and \$17,599, respectively. The Company's aggregate indebtedness to net capital ratios were .0459 to 1 and .2378 to 1, respectively.

Note 6. Other Liability Information

As of December 31, 2007 and 2006, all SIPC assessments have been paid. There were no liabilities subordinated to claims of general creditors as of or during the years ended December 31, 2007 and 2006.

SUPPLEMENTARY INFORMATION

CERTIFIED PUBLIC ACCOUNTANTS & CONSULTANTS

INDEPENDENT AUDITOR'S REPORT ON THE SUPPLEMENTARY INFORMATION

Board of Directors
Sisk Investment Services, Inc.
Bastrop, Louisiana

We have audited the financial statements of Sisk Investment Services, Inc., as of and for the years ended December 31, 2007 and 2006, and have issued our report thereon dated February 5, 2008. Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information presented on pages 10 through 13 is presented for purposes of additional analysis, and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

SISK INVESTMENT SERVICES, INC.

**STATEMENT REGARDING COMPUTATION FOR DETERMINATION OF
THE RESERVE REQUIREMENTS UNDER EXHIBIT A OF SEC RULE 15c3-3
AND INFORMATION RELATING TO THE POSSESSION OR CONTROL
REQUIREMENTS UNDER SEC RULE 15c3-3**

December 31, 2007

Sisk Investment Services, Inc., qualifies under the exemptions from Rule 15c3-3, since the Company does not carry customers' accounts. As such, no computation for determination of the reserve requirements under such rule is required, nor do the possession or control requirements apply.

SISK INVESTMENT SERVICES, INC.

**STATEMENT REGARDING RECONCILIATION OF NET CAPITAL
UNDER SEC RULE 15c3-1 AND THE COMPUTATION FOR DETERMINATION OF
THE RESERVE REQUIREMENTS UNDER EXHIBIT A OF SEC RULE 15c3-3
WITH BROKER FILINGS**

December 31, 2007

There was no difference regarding the computation of net capital under SEC Rule 15c3-1 as of December 31, 2007, as it appears in this report and the filing made by Sisk Investment Services, Inc. In regard to any differences in the determination of the reserve requirements under Exhibit A of Rule 15c3-3, such computation is not included in this report, nor was one filed by Sisk Investment Services, Inc., since the Company does not carry customer accounts and is therefore exempt under Rule 15c3-3.

STAGNI & COMPANY, LLC

CERTIFIED PUBLIC ACCOUNTANTS & CONSULTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL

Board of Directors
Sisk Investment Services, Inc.
Bastrop, Louisiana

In planning and performing our audits of the financial statements of Sisk Investment Services, Inc., as of and for the years ended December 31, 2007 and 2006 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control), including procedures for safeguarding securities, as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of the internal control.

Also, as required by SEC Rule 17a-5(g) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by Sisk Investment Services, Inc., that we considered relevant to the objectives stated in Rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11), and the reserve required by Rule 15c3-3(e); (2) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (3) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System and (4) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

Management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control activities and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 1a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control was for the limited purpose described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses. A material weakness is a control deficiency, or a combination of control deficiencies, that adversely affects the Company's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a material misstatement of the Company's financial statements will not be prevented or detected by the Company's internal control. However, we noted no matters that we consider to be a material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 and 2006, to meet the Commission's objectives.

This report is intended solely for the information and use of management, the Board of Directors, the Securities and Exchange Commission and other regulatory agencies which rely on Rule 17a5(g) under the Securities Exchange Act of 1934 and is not intended to be and should not be used by anyone other than these specified parties.
