INDEPENDENT AUDITORS' REPORT

The Board of Directors
Standard Investment Chartered Incorporated
Costa Mesa, California

We have audited the accompanying statement of financial condition of Standard Investment Chartered Incorporated as of December 31, 2007, and the related statements of income (loss), changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Standard Investment Chartered Incorporated as of December 31, 2007, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on Pages 10 thru 13 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in cursive script that reads "Goodrich Baron Goodear, LLP".

STANDARD INVESTMENT CHARTERED INCORPORATED
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2007

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

The Company is a registered broker-dealer incorporated under the laws of the State of California maintaining its only office in Costa Mesa, California, and is subject to a minimum net capital requirement of \$5,000 under SEC Rule 15c3-1. The Company operates pursuant to the (k)(2)(ii) exemptive provision of SEC Rule 15c3-3 and does not hold customer funds or securities. The Company acts as an introducing broker/dealer and clears all transactions with and for all customers on a fully disclosed basis with a clearing broker/dealer in Southern California. The Company does not require collateral for its receivables and is subject to the risks inherent in the economy.

Method of Accounting

The Company maintains its books and records on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of management's estimates. Actual results could vary from the estimates and such variance could be material.

Property and Equipment

The Company depreciates its assets over their useful lives of three to thirty-nine years using the straight-line depreciation method.

Income Taxes

Income tax expense includes federal and state taxes currently payable and, when applicable, deferred taxes arising from temporary differences between income for financial reporting and income tax purposes. Those differences arise primarily from the use of the accrual basis for financial reporting and the cash basis for income tax purposes, the deductibility of State franchise taxes in different years for financial and tax purposes, the difference in depreciation methods used for financial versus tax purposes, and the carrying value of certain investments.

SIPC

The SIPC assessments have been determined fairly in accordance with applicable instructions and were remitted timely.

Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

STANDARD INVESTMENT CHARTERED INCORPORATED
NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

DECEMBER 31, 2007

(2) INVESTMENTS – MARKETABLE AND RESTRICTED SECURITIES

The Company holds investments of equity securities. At December 31, 2007, the Company had investments in various marketable equity securities with a market value of \$23,300 and a cost basis of \$28,030. The Company also holds certain restricted equity securities with a fair market value of \$25,843 and a cost of \$8,893.

(3) INVESTMENTS - OTHER

Investments - Other are carried at cost and consist of the following:

Investment in limited partnership	\$ 101,942
Investment in country club membership	8,750
Investment in other securities	<u>41,088</u>
Total	\$ <u>151,780</u>

The market value of such investments approximates or exceeds cost at December 31, 2007.

(4) NOTES RECEIVABLE

The Company has executed a secured note receivable for \$322,309 under a line of credit not to exceed \$600,000. These amounts are advanced to an unrelated corporation. The amounts due under this line of credit are due and payable on March 31, 2008, with an extension available through March 31, 2009, or earlier, and provides for interest at 7.5 percent.

(5) PROPERTY AND EQUIPMENT

Property and equipment consists of the following:

Vehicles	\$ 42,067
Furniture and equipment	<u>17,195</u>
	59,262
Less accumulated depreciation	<u>(26,577)</u>
Net property and equipment	\$ <u>32,685</u>

STANDARD INVESTMENT CHARTERED INCORPORATED
NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

DECEMBER 31, 2007

(6) LINE OF CREDIT

The Company has amounts due under the terms of an unsecured promissory note with a bank. There was an outstanding balance as of December 31, 2007, of \$50,000. Interest on this loan was 8.00 percent at December 31, 2007.

(7) INCOME TAX EXPENSE

Income tax expense consists of the following components:

	<u>Current</u>	<u>Deferred</u>	<u>Total</u>
Federal	\$ -	\$ (12,000)	\$ (12,000)
California	<u>800</u>	<u>(6,000)</u>	<u>(5,200)</u>
Total	<u>\$ 800</u>	<u>\$ (18,000)</u>	<u>\$ (17,200)</u>

Deferred taxes are accounted for under Financial Accounting Standard No. 109 (FAS 109) which uses an asset and liability approach in recognizing timing differences. This approach requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of such differences. Such differences relate primarily to cash basis reporting for tax purposes and accrual for financial purposes, the difference in the recognition of gains and losses on marketable securities for tax and financial reporting purposes and different depreciation methods for tax and financial purposes.

The Company has available, as of December 2008, approximately \$125,000 of unused operating loss carryforwards that may be applied against future taxable income, expiring in 2028.

The above loss carry forwards give rise to a potential deferred tax asset as follows:

Deferred tax asset	\$ 30,000
Less valuation allowance	<u>(30,000)</u>
Net deferred tax asset	<u>\$ -</u>

STANDARD INVESTMENT CHARTERED INCORPORATED
NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

DECEMBER 31, 2007

(8) LEASE COMMITMENT

The Company occupies facilities under a non-cancellable lease expiring in March 2008. The lease provides for a minimum monthly rent ranging from \$5,426 at its inception to \$5,983 in its final year. The annual minimum future commitments under this agreement are as follows:

<u>Year Ended December 31,</u>	<u>Amount</u>
2008	\$ <u>11,967</u>

Total rental expense for 2007 amounted to \$69,413.

(9) CONCENTRATION OF CREDIT RISK

The Company's customer base is located primarily in California. Financial instruments that potentially subject the Company to credit risk are trade receivables and investments. The Company uses an established clearing broker-dealer to clear all transactions for its primary receivables and requires no collateral. The Company's investments, which consist primarily of marketable securities and a limited partnership interest, are continually reviewed for changing market value, and the carrying value is adjusted should it fall materially below cost.

(10) NET CAPITAL

The Company is subject to a \$5,000 minimum capital requirement under SEC Rule 15c3-1 which requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. Net capital and the related net capital ratio fluctuate on a daily basis; however, as of December 31, 2007, net capital was \$44,257 which exceeded the required minimum capital by \$39,257. The aggregate indebtedness to net capital ratio was 1.63 to 1.

STANDARD INVESTMENT CHARTERED INCORPORATED
COMPUTATION OF NET CAPITAL PURSUANT TO RULE 15c3-1

DECEMBER 31, 2007

Total equity from statement of financial condition		\$ 587,563
Less non-allowable assets:		
Notes receivable	\$ 322,309	
Restricted equity securities	25,843	
Other investments	151,780	
Property and equipment, net	32,685	
Deposits	<u>7,194</u>	
Total non-allowable assets		<u>(539,811)</u>
Net capital before haircut		47,752
Haircut - Marketable securities (\$23,300 @ 15%)		<u>(3,495)</u>
Net capital		\$ <u>44,257</u>

COMPUTATION OF BASIC NET CAPITAL REQUIREMENT

Minimum net capital required (6-2/3% of aggregate indebtedness or \$5,000, whichever is greater)		\$ <u>5,000</u>
Net capital from above		\$ <u>44,257</u>
Excess net capital		\$ <u>39,257</u>

COMPUTATION OF RATIO OF AGGREGATE INDEBTEDNESS TO NET CAPITAL

Total liabilities – aggregate indebtedness		\$ <u>72,198</u>
Ratio of aggregate indebtedness to net capital		<u>1.63 to 1</u>
Percentage of debt to debt-equity total computed in accordance with Rule 15c3-1(d)		<u>N/A</u>

STANDARD INVESTMENT CHARTERED INCORPORATED
COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS
PURSUANT TO RULE 15c3-3

DECEMBER 31, 2007

Not Applicable – The Company is exempt per the (k)(2)(ii) exemptive provision of SEC rule 15c3-3 and does not hold customer funds or securities.

STANDARD INVESTMENT CHARTERED INCORPORATED
INFORMATION RELATING TO THE POSSESSION
OR CONTROL REQUIREMENTS UNDER RULE 15c3-3

DECEMBER 31, 2007

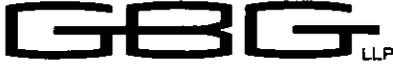

Not Applicable – The Company is exempt per the (k)(2)(ii) exemptive provision of SEC rule 15c3-3 and does not hold customer funds or securities.

STANDARD INVESTMENT CHARTERED INCORPORATED
RECONCILIATION OF NET CAPITAL

DECEMBER 31, 2007

Net capital as reported in unaudited Focus Report Part IIA		\$ 31,257
Adjustments:		
Reduction of deferred income taxes payable	\$ <u>13,000</u>	
Total adjustments		<u>13,000</u>
Net capital as reported in audited financial statements		\$ <u>44,257</u>

The computation of net capital as reported in the unaudited Part IIA filing differs from the audited net capital as noted above. While such difference is material, the Company is in compliance with the minimum net capital requirements and the audit adjustments increased the Company's net capital.

REPORT ON INTERNAL ACCOUNTING CONTROL

Standard Investment Chartered Incorporated
Costa Mesa, California

In planning and performing our audit of the financial statements of Standard Investment Chartered Incorporated as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computation of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate an inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Long Beach, California
February 11, 2008

END
