**INDEPENDENT AUDITOR'S REPORT**

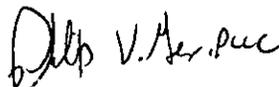

Board of Directors  
Euro American Capital Corporation

We have audited the accompanying statement of financial condition of Euro American Capital Corporation as of December 31, 2007, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Euro American Capital Corporation as of December 31, 2007, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

There was no cash paid during the year for interest or income taxes.

**EURO AMERICAN CAPITAL CORPORATION**  
**Notes to Financial Statements**

**Note 1 - Nature of Business and Summary of Significant Accounting Policies**

Nature of Business:

Euro American Capital Corporation (Company) was incorporated in July 1997 as a Texas corporation. The Company is a wholly-owned subsidiary of American Eagle Services, Inc. (Parent), a Texas corporation. The Company is registered as a broker/dealer with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA).

The Company's securities business consists of the sale of interests in oil and gas related private placement offerings of related parties only on a best effort subscription basis. The Company's customers are high net worth individuals located throughout the United States.

The Company operates pursuant to section (k)(2)(i) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company does not hold customer funds or securities, but will limit its business to the selling of direct participation programs. Under these exemptive provisions, the Computation for Determination of Reserve Requirements and Information Relating to the Possession and Control Requirements are not required.

Significant Accounting Policies:

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Underwriting Revenue

The Company recognizes underwriting revenue on the sale of interests in private placement offerings when customer subscriptions to such offerings are accepted and funded.

**EURO AMERICAN CAPITAL CORPORATION**  
**Notes to Financial Statements**

**Note 2 - Net Capital Requirements**

The Company is subject to the SEC uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2006, the Company had net capital and net capital requirements of \$9,448 and \$5,000, respectively. The Company's net capital ratio was 0.98 to 1.

The Parent inadvertently did not make a previously planned contribution of capital timely as planned by the Company, thereby causing the Company to be in net capital deficiency from December 6 to December 7, 2007. The Company filed notification under SEC Rule 17a-11 to that effect on January 4, 2008. There was no securities business conducted on the dates of the deficiency.

**Note 3 - Income Taxes**

The Company files its income tax return on the cash basis method of accounting and under this method had a tax loss for the year ended December 31, 2007; therefore, there is no current provision for income taxes. The Company has a net operating loss carry forward of approximately \$235,000 which expires beginning in 2026. The net operating loss carry forward creates a deferred tax asset of approximately \$75,000; however, the entire amount has been offset by valuation allowance, therefore, there is no deferred tax asset recognized in the accompanying statement of financial condition.

**Note 4 - Related Party Transactions/Concentration of Revenue**

The Company is under the control of its Parent and the existence of that control creates operating results and financial position significantly different than if the Companies were autonomous.

The Company earned substantially all of its revenue from the sale of interests in private placement offerings of related parties.

The Parent and the Company entered into a management services and consulting agreement (Agreement) effective March 1, 2005. The Agreement requires the Parent to provide management services, personal property and office space for the Company and to incur general expenses for benefit of the Company for a term of five years expiring February 28, 2010. Fees are invoiced monthly and totaled \$61,348 for the year ended December 31, 2007. The Agreement was not consummated on terms equivalent to arms length transactions.

Included in accounts payable at December 31, 2007 is an advance payable to a related party of \$9,229.

**Schedule I**

**EURO AMERICAN CAPITAL CORPORATION**  
**Computation of Net Capital and Aggregate Indebtedness**  
**Pursuant to Rule 15c3-1**  
**December 31, 2007**

Total stockholder's equity qualified for net capital	<u>\$ 10,296</u>
Total deductions and/or charges	<u>848</u>
<b>Net Capital</b>	<u><u>\$ 9,448</u></u>
Aggregate indebtedness	
Accounts payable	<u><u>\$ 9,229</u></u>
Computation of basic net capital requirement	
Minimum net capital required (greater of \$5,000 or 6 2/3% of aggregate indebtedness)	<u><u>\$ 5,000</u></u>
Net capital in excess of minimum requirement	<u><u>\$ 4,448</u></u>
Ratio of aggregate indebtedness to net capital	<u><u>0.98 to 1</u></u>

Note: The above computation does not differ from the computation of net capital under Rule 15c3-1 as of December 31, 2007 as filed by Euro American Capital Corporation on Form X-17A-5. Accordingly, no reconciliation is deemed necessary.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY  
SEC RULE 17A-5(G)(1)**

Board of Directors  
Euro American Capital Corporation

In planning and performing our audit of the financial statements of Euro American Capital Corporation (the Company), as of and for the year ended December 31, 2007 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

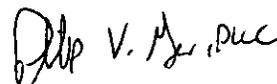

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the Company's financial reporting.

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
