INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Roosevelt & Cross, Incorporated

We have audited the accompanying statement of financial condition of Roosevelt & Cross, Incorporated as of December 31, 2007, and the related statements of income, changes in shareholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Roosevelt & Cross, Incorporated as of December 31, 2007, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purposes of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ROOSEVELT & CROSS INCORPORATED

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2007

NOTE 1 - ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Company in the preparation of these financial statements.

TRANSACTIONS

Federal, State and Municipal Obligation transactions are recorded on a settlement date basis, generally the third business day following the transaction date, unless the difference between settlement and trade date is significant to the Company's financial statements.

INVENTORY VALUATION

Federal, State and Municipal Obligations are stated at market value and the resultant gain or loss is reflected in the Statement of Income.

FIXED ASSETS

Depreciation has been provided primarily by the use of the straight line and accelerated depreciation methods over the estimated useful life of the assets.

Maintenance and repair costs are charged to operations as incurred, renewals and betterments are charged to the appropriate asset accounts.

On retirement or sale of the property, the respective property accounts are reduced by cost of the property retired or sold and accumulated depreciation thereon is eliminated, and the resulting profits and losses are credited or charged to operations.

NOTE 2 - CUSTOMER ACCOUNTS

Accounts receivable from customers include amounts due on incomplete transactions. Securities held for customers as collateral for these receivables or for safekeeping are not reflected in the financial statements.

ROOSEVELT & CROSS INCORPORATED

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2007

NOTE 3 - RECEIVABLES FROM JOINT VENTURES

The Company is the manager of various joint ventures in the purchase and sale of State and Municipal Obligations. The Company, as manager of these joint ventures, advances the funds for the purchase of these bonds and in turn uses the bonds as collateral for their demand loan to provide such funds. At December 31, 2007, the amount advanced on behalf of joint venture participants is \$3,392,313.

NOTE 4 - DEMAND NOTES PAYABLE

At December 31, 2007, the Company was indebted to banks for demand loans in the amount of \$39,151,000. The aforementioned loans are collateralized by State, Municipal and Government Obligations. (See Note 1).

NOTE 5 - COMMITMENTS AND CONTINGENT LIABILITIES

At December 31, 2007 the Company had a contingent liability in the amount of \$528,315 for the State or Municipal bonds purchased on a when-issued basis and not settled as of December 31, 2007.

The Company's future minimum lease commitments under real estate leases are as follows:

YEAR ENDED

December 31, 2008	\$ 412,927
December 31, 2009	428,518
December 31, 2010	424,314
December 31, 2011	399,680
December 31, 2012 and thereafter	2,593,535

Several leases require cost of living increases and increases in real estate taxes over the base year.

ROOSEVELT & CROSS INCORPORATED

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2007

NOTE 5 - COMMITMENTS AND CONTINGENT LIABILITIES - Continued

As of December 31, 2007, except as noted above, the Company had no financial instruments with off balance sheet risk of a material nature.

Counsel for the Company advises that there is no litigation of a material nature pending against the Company.

NOTE 6 - POSSESSION AND CONTROL REQUIREMENTS UNDER RULE 15c3-3

The Company at December 31, 2007 had possession and control of all fully paid securities.

NOTE 7 - NET CAPITAL REQUIREMENTS

As a registered municipal securities broker and member of the National Association of Securities Dealers, Inc., the Company is subject to the Securities and Exchanges Commissions Uniform Net Capital Rule which requires that the Company maintain minimum net capital, as defined, of 6 2/3% of aggregate indebtedness, as defined, or \$250,000, whichever is greater. At December 31, 2007, the Company had net capital of \$25,940,401 which exceeded the requirements by \$25,690,401.

NOTE 8 - FAIR VALUE

The carrying amounts reflected in the balance sheet for all Current Assets, Other Assets, Current Liabilities and Liabilities Subordinated to Claims of General Creditors approximate their fair values.

NOTE 9 - USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

ROOSEVELT & CROSS INCORPORATED

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2007

NOTE 10 - CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the credit worthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

LOUIS STERNBACH & COMPANY, LLP

CERTIFIED PUBLIC ACCOUNTANTS

AUDITORS' REPORT ON INTERNAL CONTROL

To the Board of Directors
Roosevelt & Cross, Incorporated

In planning and performing our audit of the financial statements of Roosevelt & Cross, Incorporated (the Company), for the year ended December 31, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e)
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material aspects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, FINRA and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
