**Report of Independent Auditors on Internal Control Required
By SEC Rule 17a-5**

To the Partners of Mercer Allied Company, L.P.:

In planning and performing our audit of the financial statements of Mercer Allied Company, L.P. (the "Partnership") as of and for the year ended November 30, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Partnership's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, we do not express an opinion on the effectiveness of the Partnership's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Partnership, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g), in making the following:

1. The periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11); and
2. Determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Partnership does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Partnership in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13;
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System; and
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3;

The management of the Partnership is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first, second, and third paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures were adequate at November 30, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of the Partners, Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Report of Independent Auditors

To the Partners of Mercer Allied Company, L.P.

In our opinion, the accompanying statement of financial condition and the related statements of income, changes in partners' capital, and cash flows present fairly, in all material respects, the financial position of Mercer Allied Company, L.P. (the "Partnership") at November 30, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 3 to the financial statements, the Partnership has had significant transactions with related entities.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The accompanying notes are an integral part of the financial statements

Mercer Allied Company, L.P.
Notes to Financial Statements
Year ended November 30, 2007

1. Organization and Summary of Significant Accounting Policies

Mercer Allied Company, L.P. (the "Partnership") is a limited partnership which executed its Certificate of Limited Partnership in the State of Delaware as of October 5, 1994. The Partnership, which commenced operations on December 10, 1994, is a securities broker dealer registered with the Securities and Exchange Commission that refers clients to clearing brokers and receives a portion of the commission or fee earned by those brokers (brokerage commissions). The Partnership is scheduled to expire December 31, 2044. Further, the Partnership, through brokers of affiliated companies, places client variable life insurance policies with insurance carriers and earns a commission.

Goldman Sachs Ayco Holding LLC is the general partner of the Partnership. The Ayco Company, L.P. is the limited partner of the Partnership.

A summary of significant accounting policies follows:

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Partnership defines cash and cash equivalents as cash in banks, money market funds and investments with original maturities of three months or less. Cash and cash equivalent balances are maintained at one institution which is insured by Federal Deposit Insurance (FDI) up to \$100,000. The aggregate bank balance at this institution in excess of FDI was approximately \$4,858,937 at November 30, 2007.

Revenue Recognition

Brokerage commission's revenue for placing business with clearing brokers is recognized when earned and reasonably determinable. Brokerage commission's revenue for placing client insurance policies with insurance carriers is earned when the insurance policy becomes effective (insurance binder in place) and the premium has been collected by the insurance carrier.

Income Taxes

Deferred tax assets and liabilities are recognized for temporary differences between the financial reporting and tax bases of the firm's assets and liabilities. Valuation allowances are established to reduce deferred tax assets to the amount that more likely than not will be realized. The Partnership's tax assets and the liabilities are presented as a component of "Due to Parents and Affiliates," respectively, in the statement of financial condition. Tax provisions are computed in accordance with SFAS No. 109, "Accounting for Income Taxes." Contingent liabilities related to income taxes are recorded when the criteria for loss recognition under SFAS No. 5, "Accounting for Contingencies," as amended, have been met (see "Recent Accounting Developments" below for a discussion of the impact of FIN No. 48, "Accounting for Uncertainty in Income Taxes - an Interpretation of FASB Statement No. 109," on SFAS No. 109).

Effective July 2, 2003, the Partnership elected to be taxed as a "C" corporation. As a "C" corporation, the Partnership will be included in the consolidated federal tax return files by The Goldman Sachs Group, Inc. (the "Parent") for the year ended November 30, 2007. During this period, the Partnership's tax provision has been computed using the separate return method for the allocation of federal and state income taxes.

Mercer Allied Company, L.P.
Notes to Financial Statements
Year ended November 30, 2007

Comprehensive Income

The Partnership did not have any activities in fiscal 2007 that would result in other comprehensive income. As a result, total comprehensive income is equal to net income.

2. Amended and Restated Limited Partnership Agreement

Allocations of income and losses are generally 99% to the limited partner and 1% to the general partner, except in certain circumstances (as outlined in the amended and restated limited partnership agreement) whereby income and loss allocations are based on a prescribed formula.

3. Related Party Transactions

As discussed below, the Partnership has had significant transactions with related entities. These transactions have had a significant impact on the Partnership's financial position, results of operations and cash flows. Whether the terms of these transactions would have been the same had they been between non-related entities cannot be determined.

The Partnership is provided office space, facilities and operational and administrative support by the Parent and other affiliates, for which the Partnership was charged \$1,968,840. At November 30, 2007, amounts due to Parent and affiliates aggregated \$2,566,454 (see Notes 1 and 5).

4. Net Capital Requirements

The Partnership is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. There are restrictions on operations if aggregate indebtedness exceeds ten times net capital. Effective July 1, 2003, the NASD approved the Partnership's election to reduce its minimum dollar net capital requirement from \$50,000 to \$5,000. At November 30, 2007, the Partnership had net capital of \$2,340,581, which was \$2,166,024 in excess of its minimum required net capital of \$174,557. The Partnership's net capital ratio at November 30, 2007 was 1.12 to 1. On December 21, 2007, the Partnership distributed \$1,500,000 to its partners reducing its net capital.

5. Income Taxes

The components of income tax expense are as follows:

Current:	
Federal	\$ 1,655,960
State	301,542
Income tax expense/liability	\$ 1,957,502

The difference between the reported provision for taxes and the amount computed by multiplying pretax income by the statutory rate is attributable to state and local taxes. At November 2007, the Partnership's tax liability of \$1,958,508 which includes a prior year amount of \$1,006, is presented as a component of "Due to Parent and Affiliates" in the statement of financial condition.

Mercer Allied Company, L.P.
Notes to Financial Statements
Year ended November 30, 2007

6. Recent Accounting Developments

FIN No. 48. In June 2006, the FASB issued FIN No. 48, "Accounting for Uncertainty in Income Taxes - an Interpretation of FASB Statement No. 109." FIN No. 48 requires that the Partnership determine whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Once it is determined that a position meets this recognition threshold, the position is measured to determine the amount of benefit to be recognized in the financial statements. The Partnership will adopt the provisions of FIN No. 48 in the first quarter of 2008. Adoption of FIN No. 48 will not have a material effect on the Partnership's financial condition, results of operations or cash flows.

Mercer Allied Company, L.P.

Schedule I

Computation of Net Capital under Rule 15c3-1 of the Securities and Exchange Commission

November 30, 2007

Net capital

Total partners' capital	\$ 2,707,919
Deductions	
Non-allowable assets - commissions receivable and prepaid expenses	<u>(367,338)</u>
Net capital	<u>\$ 2,340,581</u>

Aggregate indebtedness

Total aggregate indebtedness liabilities (included in the Statement of Financial Condition)	<u>\$ 2,618,356</u>
Total aggregate indebtedness	<u>\$ 2,618,356</u>
Percentage of aggregate indebtedness to net capital	<u>112%</u>
Percentage of debt to debt-equity total computed in accordance with Rule 15c3-1(d)	<u>-</u>

Computation of basic net capital

Minimum net capital required (6-2/3% of aggregate indebtedness)	<u>\$ 174,557</u>
Minimum dollar net capital requirement of reporting broker or dealer	<u>\$ 5,000</u>
Net capital requirement	<u>\$ 174,557</u>
Excess net capital	<u>\$ 2,166,024</u>
