INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Oak Grove Investment Services, Inc.

We have audited the accompanying statement of financial condition of Oak Grove Investment Services, Inc. (a corporation) as of December 31, 2007 and the related statements of changes in stockholder's equity, income, cash flows and computation of net capital for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the financial statements referred to above present fairly, in all material respects, the financial position of Oak Grove Investment Services, Inc. as of December 31, 2007 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Oak Grove Investment Services, Inc.
NOTES TO FINANCIAL STATEMENTS
For The Year Ended December 31, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- a. Nature of Business - Oak Grove Investment Services, Inc. (Company) was incorporated in Illinois on April 19, 1999. The Company is a NASD registered broker-dealer providing investment products such as mutual funds and variable annuities.
- b. Basis of accounting - The books and records of the Company are maintained on the cash basis of accounting for tax reporting purposes and are converted to the accrual basis for financial statement reporting purposes. For financial statement reporting revenues are recognized when earned and expenses are recognized when incurred.
- c. Cash and cash equivalents - Short-term investments with an original maturity of three months or less are considered to be cash equivalents.
- d. Property & equipment - Fixed assets are stated at cost. Depreciation is computed using the modified cost recovery methods allowable under the Internal Revenue Code. The recovery periods being used are 5 and 7 years for furniture, fixtures and equipment and 39 years for leasehold improvements.
- e. Income taxes - Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due.
- f. Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – INVESTMENT

The Company has a certificate of deposit with Rochester State Bank, Rochester, Illinois. The certificate matures October 28, 2008. The rate of interest is 4%.

To the Board of Directors
Oak Grove Investment Services, Inc.

In planning and performing our audit of the financial statements of Oak Grove Investment Services, Inc. for the year ended December 31, 2007, we considered its internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control structure.

Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be directed within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.
