**Report of Independent Auditors**

To the Board of Directors and Stockholder of  
Arvest Investments, Inc.

In our opinion, the accompanying statement of financial condition and the related statements of operations, changes in stockholder's equity and cash flows present fairly, in all material respects, the financial position of Arvest Investments, Inc. (a wholly-owned subsidiary of Arvest Bank) (the "Company") at December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note 6, the Company has significant transactions with its parent. Because of this relationship, it is possible that the terms of these transactions are not the same as those that would result from transactions among unrelated parties.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Supplementary Schedules I, II and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Arvest Investments, Inc.**  
**(a wholly-owned subsidiary of Arvest Bank)**  
**Notes to Financial Statements**  
**December 31, 2007**

---

**1. Organization and Nature of Business**

Arvest Investments, Inc. (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority, Inc. The Company is an Arkansas corporation that is a wholly-owned subsidiary of Arvest Bank, a wholly-owned indirect subsidiary of Arvest Bank Group, Inc. ("ABG"). The Company primarily acts as an introducing broker-dealer offering a wide range of investment security products to retail customers of Arvest Bank.

The Company executes all of its customers' transactions, on a fully-disclosed basis, through unaffiliated clearing broker-dealers, which carry the accounts and securities of the Company's customers.

**2. New Accounting Pronouncements**

In September 2006, the FASB issued Statement of Financial Standards No. 157 ("SFAS No. 157"), "Fair Value Measurements," which clarifies the definition of fair value, establishes a framework for measuring fair value, and expands the disclosures of fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007. The Company has assessed the impact of SFAS No. 157 on its financial statements and has determined that there is no impact.

In February 2007, the FASB issued Statement of Financial Standards No. 159 ("SFAS No. 159"), "The Fair Value Option for Financial Assets and Financial Liabilities," which permits entities to choose to measure many financial instruments and certain other items at fair value. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. The Company has assessed the impact of SFAS No. 159 on its financial statements and has determined that there is no impact.

**3. Summary of Significant Accounting Policies**

The significant accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America and prevailing practices within the broker-dealer industry. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that management make estimates and assumptions which impact the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

The following is a summary of the more significant accounting policies of the Company:

**Income Recognition**

Commission revenues and Mutual Fund fees are recorded by the Company on a trade date basis as securities transactions occur.

**Trading Securities**

Trading securities and securities sold, not yet purchased are carried at fair value based on quoted market prices.

**Arvest Investments, Inc.**  
**(a wholly-owned subsidiary of Arvest Bank)**  
**Notes to Financial Statements**  
**December 31, 2007**

---

**Income Taxes**

The Company's operations are included in the consolidated federal and state income tax returns of ABG. Since the Company generates no taxable income or significant permanent or temporary differences, no income tax provision has been recorded.

**Cash and Cash Equivalents**

The Company has defined cash equivalents as highly liquid investments with original maturities of less than ninety days that are not held for sale in the ordinary course of business.

**Statement of Changes in Subordinated Liabilities**

The financial statements of the Company do not include a statement of changes in liabilities subordinated to the claims of general creditors as required under Rule 17a-5 of the SEC since no such liabilities existed at December 31, 2007 or during the year then ended.

**Fair Values of Financial Instruments**

The Company's financial instruments, which are included in the accompanying statement of financial condition, are either carried at quoted market prices or are short-term in nature. As a result, the carrying amounts reported in the accompanying statement of financial condition approximate the estimated fair values of all financial instruments at December 31, 2007.

**4. Receivable From Broker-Dealers**

Amounts receivable from broker-dealers at December 31, 2007 consisted of fees and commissions receivable from the Company's clearing brokers.

**5. Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule ("SEC Rule 15c3-1"), which requires the maintenance of minimum net capital and establishes a maximum ratio of aggregate indebtedness to net capital, both as defined. At December 31, 2007, the Company had net capital of \$3,684,260 which was \$3,434,260 in excess of its required net capital of \$250,000, and a ratio of aggregate indebtedness to net capital of .85 to 1, which was less than the maximum allowable ratio of 15 to 1.

The Company claims exemption from SEC Rule 15c3-3 of the Securities and Exchange Commission under paragraph (k)(2)(ii) of the Rule.

**6. Transactions with Arvest Bank**

The Company is the exclusive provider of retail brokerage services for Arvest Bank and primarily derives its revenues from these services. Most of the Company's sales representatives are located in banking locations of Arvest Bank and, therefore, Arvest Bank customers have ready access to the sales representatives. In connection with this relationship, the Company is a party to an agreement with Arvest Bank under which all of the Company's revenues, net of the direct expenses incurred in connection with the generation of the revenues, plus an allocation of all of the Company's other expenses are allocated to Arvest Bank. As a result, the Company reports no net income after such allocations.

**Arvest Investments, Inc.**  
**(a wholly-owned subsidiary of Arvest Bank)**  
**Notes to Financial Statements**  
**December 31, 2007**

---

The Company rents office space and equipment and purchases support services, including all personnel services, from Arvest Bank. Total expenses incurred for the above activities for the year ended December 31, 2007 amounted to \$14,892,844. The amount payable to Arvest Bank at December 31, 2007 of \$2,045,939 represents unpaid balances relating to these expenses and the allocation discussed above. Stated financial results may differ if these transactions were conducted with other external parties.

In October of 2007, the Company obtained a line of credit with Arvest Bank in the amount \$20,000,000. At December 31, 2007, draws under the line of credit were \$0.

Arvest Bank may, from time to time, provide the Company with capital contributions in order to maintain minimum net capital requirements. During the year ended December 31, 2007, there were no such contributions of capital. The Company also maintained cash on deposit with Arvest Bank at December 31, 2007 totaling \$92,617.

**7. Commitments and Contingent Liabilities**

In the normal course of business, the Company may become subject to litigation or claims. The Company is not aware of any litigation or claims against the Company which would materially affect its financial position or results of operations..

The Company's customer securities activities are transacted on either a cash or margin basis. In margin transactions, the Company's clearing brokers extend credit to the Company's customers, subject to various regulatory and internal margin requirements, collateralized by cash and securities in the customers' accounts. In connection with these activities, the clearing brokers clear customer transactions involving the sale of securities not yet purchased, substantially all of which are transacted on a margin basis subject to individual exchange regulations. In the event the customer fails to satisfy its obligations, the clearing broker may be required to purchase or sell financial instruments at prevailing market prices to fulfill the customer's obligations. Any associated loss incurred by the clearing brokers may be reimbursed by the Company in accordance with the clearing agreements between the clearing brokers and the Company. The Company seeks to control the risks associated with these activities by requiring customers to maintain margin collateral in compliance with various regulatory and internal guidelines. The Company monitors required margin levels daily and, pursuant to such guidelines, requires the customer to deposit additional collateral or to reduce positions, when necessary.

As the right to charge the Company has no maximum amount and may apply to all trades executed through the clearing brokers, the Company believes there is no maximum amount assignable to this right. At December 31, 2007, the Company had recorded no liabilities with regard to this right. The Company has not historically incurred any material losses arising from these activities and does not anticipate future losses, if any, to have a material impact on the financial statements.

In addition, the Company has the right to pursue collection or performance from the counterparties who do not perform under their contractual obligations. The Company monitors the credit standing of the clearing brokers and all counterparties with which it conducts business.

**Report of Independent Auditors  
on Internal Control Required by SEC Rule 17a-5**

To the Board of Directors and Stockholder of  
Arvest Investments, Inc.

In planning and performing our audit of the financial statements of Arvest Investments, Inc. (the "Company") as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g), in making the following:

1. The periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11); and
2. Determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13; and
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first, second, and third paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

February 8, 2008
