INDEPENDENT AUDITOR'S REPORT

To the Shareholder of
CLG Investment Company, Inc.

We have audited the accompanying statement of financial condition of CLG Investment Company, Inc. (a Delaware Corporation) as of December 31, 2007. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of CLG Investment Company, Inc. as of December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

CLG INVESTMENT COMPANY, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2007

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Transactions in securities and listed options and the related income and expense are recorded on a settlement date basis.

Marketable securities and treasury bills owned are stated at quoted market value with unrealized gains and losses reflected in income.

Property and equipment is carried at cost. Depreciation is determined using Federal tax depreciation methods. The difference between using Federal tax depreciation versus straight line depreciation is immaterial to the financial statements.

Deferred income arises as follows: The Company's sale of computer services may be exchanged for "soft dollar" trading commissions. When the Company receives and executes such trades in excess of computer services provided, a portion of the "soft dollar" trading commissions earned are considered deferred, inclusive of such executory costs as may be incurred with the trade.

The Company, with the consent of its stockholder, has elected under the Internal Revenue Code to be an S corporation. In lieu of corporation income taxes, the stockholder of an S corporation is taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in the financial statements. The state tax treatment of an S corporation is identical to federal tax treatment.

NOTE 2. NET CAPITAL REQUIREMENT

As a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule 15c3-1 of the Securities and Exchange Commission. The rule requires that the Company must maintain net capital, as defined, equal to the greater of 6 and 2/3% of aggregate indebtedness, as defined, or \$250,000. At December 31, 2007, the Company had net capital of \$1,424,305 which exceeded requirements by \$1,174,305.

NOTE 3. LOAN PAYABLE

In 2006 a loan was made to the Company in the way of a U.S. Treasury Bill with a par value of \$500,000. Interest will be paid based on the prevailing rates of the underlying Treasury Bill.

NOTE 4. PROFIT SHARING PLAN

The Company has a profit sharing plan covering all full-time employees except for commission sales personnel. The contribution is at the discretion of the shareholder. Profit sharing expense for the year ended December 31, 2007 was \$8,426.

NOTE 5. COMMITMENTS

On September 10, 2006, the Company entered into a sublease with Concept Capital. The annual rent of \$50,400 includes common charges for the use of telephone and networking equipment, utilities and general maintenance. Either party may at any time terminate the lease upon thirty days written notice. This contract expires on June 30, 2008. Total rent expense for the year ended December 31, 2007 was \$70,948 which includes storage rental of \$20,548.

Future minimum lease payments required for the year ended December 31, 2008 is \$25,200.
