Independent Auditors' Report

To the Partners
AVM, L.P.
Boca Raton, Florida

We have audited the accompanying statement of financial condition of AVM, L.P., an Illinois limited partnership, as of December 31, 2007. This financial statement is the responsibility of the Partnership's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of AVM, L.P. at December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

Notes to Statement of Financial Condition

**1. Summary of
Significant
Accounting
Policies**

Organization and Business

AVM, L.P., (the "Partnership") is a broker-dealer trading primarily in U.S. government and other fixed income securities. The Partnership is registered with the Commodity Futures Trading Commission as an Introducing Broker and conducts its futures interest business with other broker-dealers on a fully disclosed basis. The Partnership is registered as a broker-dealer with the Securities and Exchange Commission, and is a member of the Financial Industry Regulatory Authority.

Basis of Preparation

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America and are stated in United States dollars.

Securities

Securities are recorded at fair value on a trade date basis. Quoted market prices are used as the fair values of securities owned. If quoted market prices are not available, fair values are estimated by management on the basis of dealer quotes, pricing models, or quoted prices for financial instruments with similar characteristics.

Repurchase and Reverse Repurchase Agreements

Repurchase and reverse repurchase agreements (i.e., securities sold under agreements to repurchase and securities purchased under agreements to resell, respectively) are carried at the amounts at which the securities will be subsequently reacquired or resold as specified in the respective agreements.

Furniture and Equipment

Furniture and equipment are stated at cost and depreciated over estimated useful lives of five to seven years using an accelerated method. Leasehold improvements are amortized over the shorter of the economic useful life of the improvements or the term of the lease using a straight-line method.

Significant
Accounting
Policies**
(Continued)

Income Taxes

No provision for federal income taxes has been made since the income of the Partnership is not taxable to the Partnership, but is included in the income tax returns of the individual partners.

Capital Withdrawals

Capital withdrawals anticipated within the month following the date of the financial statements are recorded as a liability of the Partnership.

Estimates

The preparation of a statement of financial condition in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

New Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 157, "Fair Value Measurements", which defines fair value, establishes a framework for measuring fair value in GAAP, and expands disclosures about fair value measurements. SFAS 157 does not require any new fair value measurements, but provides guidance on how to measure fair value by providing a fair value hierarchy used to classify the source of the information. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, with the exception of certain nonfinancial assets and liabilities, for which the effective date has been deferred by one year under FASB Staff Position ("FSP") FAS 157-2 issued on February 12, 2008. As of December 31, 2007, the Partnership does not expect the adoption of SFAS 157 to have a material impact on the amounts reported in the statement of financial condition; however, additional disclosures

New Accounting Pronouncements - Continued

may be required about the inputs used to develop the measurements and about the effect of certain measurements reported in the statements of changes in net assets for a fiscal period.

In July 2006, the FASB issued FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No. 109" ("FIN 48"). FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Partnership's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. FIN 48 is effective for financial statements issued for fiscal years beginning after December 15, 2006, with the exception of certain nonpublic enterprises, for which the effective date has been deferred by one year under FSP FIN 48-2 issued on February 1, 2008. The Partnership does not expect the adoption of FIN 48 to have a material impact on the amounts reported in the statement of financial condition.

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities – including an amendment of FASB Statement No. 115" ("SFAS 159"). SFAS 159 provides companies with an option to report selected financial assets and financial liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings at each subsequent reporting date. The fair value option: (i) may be applied instrument by instrument, with a few exceptions, such as investments accounted for by the equity method; (ii) is irrevocable (unless a new election date occurs); and (iii) is applied only to entire instruments and not to portions of instruments. SFAS 159 is effective for financial statements issued for fiscal years beginning after November 15, 2007.

- 1. Summary of Significant Accounting Policies (Concluded)** New Accounting Pronouncements - Concluded

The Partnership does not expect the adoption of SFAS 159 to have a material impact on the amounts reported in the statement of financial condition.
- 2. Segregated Cash** Cash segregated in a special reserve bank account for the benefit of customers under Rule 15c3-3 of the SEC represents funds deposited by customers as a result of trades or contracts.
- 3. Securities Owned** Securities owned consist of credit default options with a fair value of approximately \$7,000.
- 4. Partnership Agreement**

At December 31, 2007 the Partnership consists of a general partner, AVM Associates, LLC (Associates), a Florida limited liability company, and Class A limited partnership interests.

Associates receives a preferred return of 20% of net asset appreciation as a fee for managing the Partnership's affairs. The balance of appreciation in net assets is allocated among the partners in accordance with the provisions of the Partnership agreement.

The term of the Partnership is through December 31, 2025.
- 5. Trading Activities** The Partnership enters into various transactions involving derivatives and other off-balance sheet financial instruments including financial futures contracts, over-the-counter options, mortgage-backed to-be-announced securities (TBA), securities purchased and sold on a when-issued basis (when-issued securities) and swaps. These off-balance sheet financial instruments are held for trading purposes and are subject to varying degrees of market and credit risks.

Notes to Statement of Financial Condition

7. **Repurchase and Reverse Repurchase Agreements (Concluded)** The interest rates at which such agreements were executed ranged from approximately 4.23 percent to 4.67 percent. Cash is posted or received as needed to properly collateralize repurchase and reverse repurchase agreements.

8. **Related Party Transactions** The Partnership enters into transactions (including the purchase and sale of securities, fees for services, and financing transactions in the form of repurchase and reverse repurchase agreements) with partners of the Partnership and parties and entities affiliated with the Partnership. Also, certain cash is deposited with an affiliated financial institution (see Note 9).

The approximate amounts relating to other affiliated transactions are as follows (in thousands):

December 31, 2007

(in thousands)

| | |
|--|----------|
| Receivables from affiliates and others | \$ 1,620 |
| Securities sold under agreements to repurchase | 44,874 |
| Customer payables | 57 |

9. **Financial Instruments with Off-Balance Sheet Risk** In the normal course of business, the Partnership executes, as agent, transactions on behalf of customers. If the agency transactions do not settle because of failure to perform by either the customer or the counterparty, the Partnership may be obligated to discharge the obligation of the nonperforming party and, as a result, may incur a loss if the market value of the securities is different from the contract amount of the transactions. In the normal course of business, the Partnership deposits with lending institutions securities it owns and securities owned by others which it holds as collateral for its borrowings. Additionally, the Partnership loans to brokers and dealers securities and receives cash or other collateral. If a lending institution, broker or dealer does not return the securities, the Partnership may be obligated to purchase the securities in order to return them. In such circumstances, the Partnership may incur a loss equal to the amount by which the market value of the securities on the date of nonperformance exceeds the amount of the loan from the institution or the collateral from the broker or dealer.

AVM, L.P.
(an Illinois limited partnership)

Notes to Statement of Financial Condition

9. Financial Instruments with Off-Balance Sheet Risk (Concluded)

The Partnership does not anticipate nonperformance by customers or counterparties. The Partnership has implemented procedures to monitor its market exposure and counterparty risks. In addition, the Partnership has a policy of reviewing, as considered necessary, the credit standing of each counterparty and customer with which it conducts business.

At December 31, 2007 cash totaling approximately \$2,620,000 is deposited with a financial institution that is affiliated by common control. Additionally, at December 31, 2007 the Partnership has cash of approximately \$9,302,000 deposited with major international banks. Both amounts on deposit exceed the federally insured limit.

10. Commitments

The Partnership has obligations under an operating lease with terms in excess of one year. Aggregate annual rentals for office space are approximately as listed below:

| | <i>(in thousands)</i> |
|-------------|-----------------------|
| 2008 | \$ 588 |
| 2009 | 620 |
| 2010 | 642 |
| 2011 | 816 |
| 2012 | 893 |
| Later years | 2,197 |
| | <hr/> \$ 5,756 <hr/> |

The office space rental agreement contains renewal options and escalation clauses.

The Partnership has an arrangement with its clearing bank which, among other things, provides a line of credit collateralized by securities and bears interest at floating rates. At December 31, 2007, the Partnership has no borrowings under this arrangement.

AVM, L.P.
(an Illinois limited partnership)

Notes to Statement of Financial Condition

10. Commitments
(Concluded)

The Partnership has a non-contributory profit sharing plan covering substantially all employees who meet specific age and service requirements.

The profit sharing plan provides for annual contributions at the discretion of the partners that may not exceed the greater of \$45,000 or 25 percent of eligible employee compensation.

11. Regulatory
Net Capital
Requirements

Pursuant to the Uniform Net Capital Rule of the Securities Exchange Act of 1934, and CFTC Rule 1.17, the Partnership is required to maintain minimum net capital, as defined. The Partnership has elected to use the alternative method permitted by the rules in computing minimum net capital. Such method requires that the Partnership maintain minimum net capital equal to the greater of \$250,000 or two percent of aggregate debit balances arising from customer transactions. The Partnership is required to notify its governing regulatory agencies if net capital falls below \$375,000. Net capital may fluctuate on a daily basis. At December 31, 2007, the Partnership's net capital and net capital requirement are approximately \$14,795,000 and \$250,000, respectively.

**Independent Auditors' Report
on Internal Control
Required by SEC Rule 17a-5
and CFTC Regulation 1.16**

To the Partners
AVM, L.P.
Boca Raton, Florida

In planning and performing our audit of the financial statements of AVM, L.P. (the "Partnership") as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Partnership's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, we do not express an opinion on the effectiveness of the Partnership's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC") and by Regulation 1.16 of the Commodity Futures Trading Commission ("CFTC"), we have made a study of the practices and procedures followed by the Partnership, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in the following: (1) making the periodic computations of aggregate debits and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e) and the minimum financial requirements pursuant to Regulation 1.17; (2) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (3) in complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System; and (4) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3. We did not review the practices and procedures followed by the Partnership in making the daily computations of the segregation requirements of section 4d(2) of the Commodity Exchange Act and the regulations thereunder, and the segregation of funds based on such computations or the daily computations of the foreign futures and foreign options secured amount requirements pursuant to Regulation 30.7 of the CFTC because the Partnership does not carry customer commodity accounts.

**Independent Auditors' Report
on Internal Control
Required by SEC Rule 17a-5
and CFTC Regulation 1.16
(Continued)**

The management of the Partnership is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraphs. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraphs, and to assess whether those practices and procedures can be expected to achieve the SEC's and CFTC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) and Regulation 1.16(d)(2) list additional objectives of the practices and procedures listed in the preceding paragraphs.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first, second and third paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities and certain regulated commodity customer and firm assets that we consider to be material weaknesses, as defined above.

**Independent Auditors' Report
on Internal Control
Required by SEC Rule 17a-5
and CFTC Regulation 1.16
(Continued)**

We understand that practices and procedures that accomplish the objectives referred to in the second and third paragraphs of this report are considered by the SEC and CFTC to be adequate for their purposes in accordance with the Securities Exchange Act of 1934, the Commodity Exchange Act, and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures, as described in the second and third paragraphs of this report, were adequate at December 31, 2007, to meet the SEC's and the CFTC's objectives.

This report is intended solely for the information and use of management, the Commodity Futures Trading Commission, the National Futures Association, the Securities and Exchange Commission, the Financial Industry Regulatory Authority, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and/or Regulation 1.16 of the CFTC in their regulation of registered brokers-dealers, and is not intended to be and should not be used by anyone other than these specified parties.
