**Report of Independent Auditors**

To the Board of Directors and Stockholder of  
BBVA Investments, Inc.

In our opinion, the accompanying statement of financial condition and the related statements of income, changes in stockholder's equity and cash flows present fairly, in all material respects, the financial position of BBVA Investments, Inc. (the "Company") at December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II and III, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**BBVA Investments, Inc.**  
**Notes to Financial Statements**  
**December 31, 2007**

---

**1. Organization and Significant Accounting Policies**

**The Company**

BBVA Investments, Inc. ("Company") is a broker-dealer registered under the Securities Exchange Act of 1934, and a member of the Financial Industry Regulatory Authority ("FINRA"). The Company was incorporated under the laws of the state of New York on January 11, 1993. The Company is 100% owned by Laredo National Bank ("LNB"), which is ultimately a wholly owned subsidiary of Banco Bilbao Vizcaya Argentaria, S.A. ("BBVA"). The Company's primary business is brokerage of non-Mexican securities to Mexican customers and affiliates of LNB and Mexican securities to U.S. institutional customers.

**General**

The books and records of the Company are maintained on the accrual basis of accounting. The Company does not carry customer accounts or hold funds or securities for customers, but operates as an introducing broker on a fully disclosed basis and forwards all transactions to a clearing broker ("Clearing Broker").

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the financial statement date and the reported amounts of revenues and expenses during the reporting period. The actual results could differ from those estimates.

**Revenues**

Commissions earned are related to customer's trading volume and dollar amounts of the trades. Commissions and relating clearing expenses are recorded on a trade-date basis as securities transactions occur. The Company's securities transactions are settled by the Clearing Brokers.

Structured note commissions represent commissions earned on the placement of structured notes for customers. Account management fees are earned for maintaining customers' accounts and are based on the customer's average balance.

**Cash and Cash Equivalents**

Cash and cash equivalents include cash and all highly liquid investments with original maturities of three months or less when purchased.

**Property and Equipment**

Property and equipment are stated at cost, net of accumulated depreciation and depreciated using the straight-line method. Furniture and fixtures are depreciated over a five-year period and computer equipment is depreciated over a three-year period. Leasehold improvements are depreciated over the lesser of the related lease terms or the estimated useful lives. Cost of maintenance and repairs is charged to expense. Cost and accumulated depreciation are removed from the accounts when assets are sold or retired, and the resulting gains and losses are included in operations.

**Income Taxes**

The Company's revenues and expenses are included in the consolidated tax return filed by LNB. The Company's tax calculations are made as if the Company prepared a separate tax return. Additionally, the Company records a tax benefit for net operating losses, if it is more likely than not, that such losses can be utilized in the consolidated return.

**BBVA Investments, Inc.**  
**Notes to Financial Statements**  
**December 31, 2007**

---

Deferred income tax assets and liabilities are computed annually for the differences between the financial statement and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to reverse. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

**Fair Value of Financial Instruments**

Due to their short-term nature, the carrying amounts of the Company's cash and cash equivalents, deposits held by clearing brokers, commission receivable from clearing brokers, receivable from related party, accounts receivable, accounts payable, accrued expenses, payable to clearing brokers, and payable to related party approximate their fair value.

**2. Related Party Transactions**

Referral fees of \$250,319 and commission income of \$78,602 were earned for services provided to LNB and other related parties.

The Company's activities are substantially governed by LNB, and the Company receives financial and administrative support from other related parties. Therefore, the financial condition and results of operations may not necessarily be indicative of those which would have resulted if the Company had been operated as an unaffiliated entity.

**3. Deposits Held by Clearing Broker**

Under the terms of the clearing agreements between the Company and the Clearing Brokers, the Company is required to maintain a certain level of cash or securities on deposit with the Clearing Brokers. Should the Clearing Brokers suffer a loss due to a failure of a customer of the Company to complete a transaction, the Company is required to indemnify the Clearing Brokers. The Company has funds invested in a money market account on deposit with the Clearing Brokers to meet this requirement. As of December 31, 2007, there were no amounts owed to the Clearing Brokers by these customers.

**4. Property and Equipment**

The following is a summary of property and equipment as of December 31, 2007:

	<b>Estimated Useful Life (in Years)</b>	
Furniture and fixtures	5	\$ 299,623
Computer equipment	3	773,352
Leasehold improvements	5	451,602
		<u>1,524,577</u>
Less: Accumulated depreciation		<u>(972,828)</u>
Property and equipment, net		<u>\$ 551,749</u>

**BBVA Investments, Inc.**  
**Notes to Financial Statements**  
**December 31, 2007**

---

**5. Commitments and Contingencies**

**Lease Agreements**

The Company is committed with a related party under a sub-lease agreement for office space which expires in 2012. Approximate future minimum rentals under this lease is as follows:

<b>Years Ending</b>	
2008	\$ 341,497
2009	341,497
2010	341,497
2011	341,497
2012	341,497
	<u>\$ 1,707,485</u>

Office rent expense for the year ended December 31, 2007, was \$355,356.

**Employee Benefit Plan**

The Company maintains a 401(k) plan whereby eligible employees may contribute up to 17% of their gross compensation (subject to Internal Revenue Code limitations). The Company matches 50% of each participant's contribution up to 6% of such participant's compensation. Contributions to this plan were \$125,551 for the year ended December 31, 2007.

**Other Risks of Loss**

During the normal course of business, the Company enters into contracts that contain a variety of representations and warranties and which provide general indemnifications. The Company's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Company that have not yet occurred. However, based on experience, the Company expects the risk of loss to be remote.

**6. Net Capital**

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule 15c3-1 ("Rule"), which requires the maintenance of a minimum net capital, as defined under such rule. This Rule also requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2007, the Company had net capital of \$9,216,073 which was \$8,969,287 in excess of the minimum requirement of \$246,786. The Company's aggregate indebtedness to net capital ratio was .40 to 1.

The Company is exempt from the possession, control and reserve requirements under paragraph (k)(2)(ii) of Rule 15c3-3 as the Company is an introducing broker and dealer who clears all transactions with and for customers on a fully disclosed basis with a clearing broker and dealer who promptly transmits all customer funds and securities to the clearing brokers and dealers which carry all of the accounts of such customers and maintain and preserve such books and records pertaining thereto pursuant to the requirements of Rules 17a-3 and 17a-4, as are customarily made and kept by clearing brokers and dealers.

**BBVA Investments, Inc.**  
**Notes to Financial Statements**  
**December 31, 2007**

**7. Income Taxes**

The provision for income taxes for the year ended December 31, 2007, was as follows:

Current		
Federal		\$ 2,527,761
State		219,868
		<u>2,747,629</u>
Deferred		
Federal		(117,541)
State		-
		<u>(117,541)</u>
		<u>\$ 2,630,088</u>

The significant components of the deferred tax asset, which is included in other assets, are as follows at December 31, 2007:

Long-term compensation accrual	\$ 206,621
Property and equipment, net	50,635
Deferred tax asset	<u>\$ 257,256</u>

Income tax expense differed from the amounts computed by applying the statutory U.S. federal income tax rate to pretax income as a result of the following:

Tax at U.S. statutory rate	\$ 2,404,688
State taxes, net of federal benefit	142,914
Other	82,486
	<u>\$ 2,630,088</u>

**8. Concentration of Credit Risk and Off-Balance-Sheet Risk**

The Company has cash deposited in financial institutions that, at times, exceeds the federally insured amount of \$100,000. Management believes that the risk of loss is minimal.

The Company is engaged in various securities brokerage activities serving a diverse group of institutional investors in the United States and retail investors in Mexico. All of the Company's customer securities transactions are executed on a fully disclosed basis through the Clearing Brokers. Pursuant to the terms of the agreements between the Company and the Clearing Brokers, the Clearing Brokers have the right to charge the Company for losses that result from a counterparty's failure to fulfill its contractual obligations. The Company has market risk on its customers' buy and sell transactions. If customers do not fulfill their obligations, a gain or loss could be suffered equal to the difference between a customer's commitment and the market value of the underlying securities. The risk of default depends on the creditworthiness of the institutional customers. In addition, the Company has the right to pursue collection or performance from the counterparties who do not perform under their contractual obligations. The Company and the Clearing Brokers perform extensive due diligence with respect to each customer accepted to minimize the Company's risk. As the right to charge the Company has no maximum amount and applies to all trades executed through the Clearing Brokers, the Company believes there is no

**BBVA Investments, Inc.**  
**Notes to Financial Statements**  
**December 31, 2007**

---

maximum amount assignable to this right. At December 31, 2007, the Company has recorded no liabilities with regard to the right. During 2007, the Company was not required to pay the Clearing Brokers any amounts for these guarantees.

The Company is further exposed to credit risk for commissions receivable from the Clearing Brokers. Such credit risk is generally limited to the amount of the prior month's commissions receivable.

**9. Subordinated Liabilities**

The Company had no subordinated liabilities at any time during the year ended December 31, 2007. Therefore, the statement of changes in liabilities subordinated to claims of general creditors has not been presented for the year ended December 31, 2007.

**BBVA Investments, Inc.**  
**Computation of Net Capital Under Rule 15c3-1 of the**

The Company is exempt from the possession or control requirements under paragraph (k)(2)(ii) of Rule 15c3-3.

**BBVA Investments, Inc.**

**Report of Independent Auditors on Internal Control  
Required by SEC Rule 17a-5**

**Illustrative Report of Independent Auditors on Internal Control Required  
by SEC Rule 17a-5**

To the Board of Directors and Stockholder of  
BBVA Investments, Inc.

In planning and performing our audit of the financial statements of BBVA Investments, Inc. (the "Company") as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g), in making the following:

1. The periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11); and
2. Determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13; and
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first, second, and third paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
