INDEPENDENT AUDITORS' REPORT

To the Member
Resource Horizons Group, L.L.C.
Marietta, Georgia

We have audited the accompanying statements of financial condition of Resource Horizons Group, L.L.C. (a Delaware Company) as of December 31, 2007 and 2006, and the related statements of income, changes in members' equity, and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Resource Horizons Group, L.L.C., as of December 31, 2007 and 2006 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules 1, 2, 3, and 4 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion, is fairly stated in all material respects in relating to the basic financial statements, taken as a whole.

RESOURCE HORIZONS GROUP, L.L.C.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2007 AND 2006

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. Resource Horizons Group, L.L.C. is a Delaware limited liability company. It is wholly owned by Resource Horizons Holding Company, L.L.C., a Delaware limited liability company. The Company registered with the Securities and Exchange Commission on August 15, 2000 to be a broker/dealer pursuant to the National Association of Securities Dealers, Inc. (NASD) and was granted membership on March 2, 2001, primarily for the purpose of qualifying and operating as a broker-dealer of securities. Pursuant to the registration, the Company must maintain a minimum net capital requirement of \$100,000 and is not authorized to hold securities or funds for customers. Resource Horizons Group, L.L.C. clears all transactions with and for customers on a fully disclosed basis with a clearing member, which carries all customer accounts and maintains and preserves all books and records pertaining thereto. See Note 2.
- B. As a limited liability company, the Company's taxable income or loss is allocated to members in accordance with their respective percentage ownership. Therefore, no provision or liability for income taxes has been included in the financial statements.
- C. Certain costs associated with the organization and initial registrations of the Company have been capitalized at cost and are amortized over a sixty month estimated useful life using the straight-line method. Maintenance and repairs are charged against income, and purchases, renewals and betterments of property are capitalized. Amortization for the current period was \$-0- in 2007 and \$858 in 2006.
- D. The Company has elected to record bad debts using the direct write-off method. Generally accepted accounting principles require that the allowance method be used to recognize bad debts; however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.
- E. Commission income and the related expense are recorded on a settlement date basis.
- F. For purposes of reporting cash flow, cash and cash equivalents include money market accounts and highly liquid investments, with original maturities of less than ninety days that are not held for sale in the ordinary course of business.
- G. The preparation of financial statements in conformity with United States' generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. CLEARING BROKER-DEALER AGREEMENT

In May 2005, the Company entered into an agreement with National Financial Services LLC (NFS), an independent broker-dealer, to provide clearing, execution, and data processing services. The initial term of the agreement was one year; thereafter, the agreement automatically renews annually unless the Company gives a 90 day notice of termination in writing. Either party may cancel at any time after a 90 day written notice. Clearing charges of \$13 to \$30 are charged for each transaction, along with a \$1 transaction fee, with a minimum monthly charge of \$5,000. The Company maintains a \$50,000 money market account, included in cash on the statement of financial condition, with NFS in accordance with the agreement. NFS is responsible for all clearing transactions and maintenance of customer accounts for the company other than those accounts with Sterne Agee.

RESOURCE HORIZONS GROUP, L.L.C.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2007 AND 2006
(Continued)

In August 2005, the Company entered into an agreement with Sterne Agee & Leach, Inc., an independent broker-dealer, to provide clearing, execution, and data processing services. The initial term of the agreement was one year; thereafter, the agreement automatically renews annually unless the Company gives a 120 day notice of termination in writing. The clearing broker-dealer may cancel at any time after a 30 day written notice. Clearing charges of \$14 to \$30 are charged for each transaction, along with a \$0.01 per share ticket charge, with a minimum monthly charge of \$1,000. The Company maintained a \$5,000 money market account, included in cash on the statement of financial condition at December 31, 2006, with Sterne Agee in accordance with the agreement. Sterne Agee is responsible for all clearing transactions and maintenance of a specific set of customer accounts for the company. The Company cancelled this agreement with Sterne Agee in January 2007.

3. RESERVE REQUIREMENTS

The Company is not obligated to report under SEC Rule 15c3-3 since it does not maintain customer accounts or hold securities. Therefore, the Company does not have a reserve requirement nor does it have any information relating to the possession or control requirement under Rule 15c3-3. The Company maintains a special account for exclusive benefit of customers as requested for exemption under SEC Rule 15c3-3 (K) (2) (A).

4. COMMITMENTS

The Company has entered into an agreement with its parent company, Resource Horizons Holding Company, L.L.C. (the "parent"). According to the terms of the agreement, the parent will pay a portion of the company's overhead expenses, including salaries, rent, copy and telephone. The Company will be assessed on a monthly basis for its share of these costs, provided that such assessment does not reduce the Company's net capital below 120% of its minimum requirements under SEC Rule 15c3-1. The Company may repay the parent or make payments directly to the creditor, at its sole discretion. The Company paid the parent \$1,015,000 in 2007 and \$556,000 in 2006 during the year under the agreement.

During 2006, the Company began paying the Errors and Omissions (E&O) insurance premium in addition to the management fee. In 2005 and before, the E&O insurance premium was included in the management fee. See also Note 6.

5. CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash deposits. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$100,000. At December 31, 2007 and 2006, the Company had approximately \$158,343 and \$213,630 in excess of FDIC insured limits, respectively.

The Company is engaged in various activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

RESOURCE HORIZONS GROUP, L.L.C.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2007 AND 2006
(Continued)

6. RELATED PARTY TRANSACTIONS

The Company's parent has as its members certain individuals who are registered representatives of the Company. These related parties generated 12% of the Company's total commission income and earned 12% of the Company's commission expense during the year. These transactions were consummated on terms equivalent to those that prevail in arms length transactions.

An affiliate of the Company collects, on behalf of the Company as required by various state statutes, all of the commissions generated by registered representatives of the Company for variable and universal insurance products. The affiliate forwards all such commission income to the Company. The Company then pays the related commission expense associated with these transactions to the registered representatives. At December 31, 2007 and 2006, the affiliate owed the Company \$14,428 and \$5,946 respectively, which is included in related party receivables.

The majority of the Company's operating expenses, excluding commission expense, are paid by the parent in accordance with the agreement noted in Note 4. The Company has no employees. All personnel used by the Company are employees of the parent. The Company has advanced funds to the parent during the year for cash flow purposes. At December 31, 2007 and 2006, the parent owed the Company \$1,269,557 and \$1,269,557 respectively, which is included in related party receivables.

7. CONTINGENCIES

In the normal course of business, the Company has been named as a defendant in legal action. Management, after consultation with counsel, is vigorously defending their position and is of the opinion that the ultimate resolution of this matter will not have a material adverse effect on the Company's financial position or results of operations.

RESOURCE HORIZONS GROUP, L.L.C.
STATEMENTS OF EXEMPTION FROM COMPLIANCE
WITH RULE 15c3-3 AND STATEMENTS
OF SUBORDINATED LIABILITIES
DECEMBER 31, 2007

The Company is exempt from compliance with rule 15c3-3. All transactions with and for customers are cleared on a fully disclosed basis with a clearing member, which carries all customer accounts and maintains and preserves all books and records pertaining thereto. The Company does not carry security accounts for customers or perform custodial functions relating to customer securities. The Company was in compliance with the conditions of the exemption during the year ended December 31, 2007.

The Company had no liabilities subordinated to the claims of creditors as of December 31, 2007.

INDEPENDENT AUDITORS' REPORT ON
INTERNAL CONTROL STRUCTURE

To the Member
Resource Horizons Group, L.L.C.
Marietta, Georgia

In planning and performing our audit of the financial statements and supplemental schedules of Resource Horizons Group, L.L.C., for the year ended December 31, 2007 we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including attestations of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customers' securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by Rule 17a-3
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgment by management are required to assess the expected benefits and related costs of controls and of the practice and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practice and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, NASD, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone that these specified parties.

A handwritten signature in black ink, appearing to read "John Long, CPA". The signature is written in a cursive style with a large initial "J".
