## INDEPENDENT AUDITORS' REPORT

To the Managers of Sage Financial, LLC:

We have audited the accompanying statement of financial condition of Sage Financial, LLC as of December 31, 2007, and the related statements of operations, changes in member's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Sage Financial, LLC as of December 31, 2007, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**SAGE FINANCIAL, LLC**  
**Notes to the Financial Statements**  
**December 31, 2007**

**Note 1 -Nature of Business**

Sage Financial, LLC (Company) was organized in June 2001 as a Texas limited liability company. The Company is a wholly-owned subsidiary of Sage Advisory Services, Ltd. Co. (Parent), a Texas limited liability company, headquartered in Austin, Texas. The Company is registered as a broker/dealer with the Securities and Exchange Commission (SEC) and is a member of the National Association of Security Dealers, Inc. (NASD). The Company operates under the provisions of Paragraph K(2)(i) of Rule 15c3-3 of the SEC, and accordingly is exempt from the remaining provisions of that Rule. The operations of the Company are limited to the sale of private securities and limited partnership interests. The Company's customers will consist primarily of accredited individuals and organizations in Texas.

**Note 2 -Significant Accounting Policies**

Basis of Accounting

These financial statements are presented on the accrual basis of accounting in accordance with generally accepted accounting principles whereby revenues are recognized in the period earned and expenses when incurred.

Customer Funds

The Company is approved to sell private securities and limited partnership interests. The Company is not approved to hold customer funds on account. From time to time, the Company may accept funds from customers for deposit into an escrow account at a bank. Those funds will be held separate from the general funds of the Company in a custodial account.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents

For purposes of the statements of cash flows, the Company considers short-term investments, which may be withdrawn at any time without penalty, and restricted cash, which will become available within one year from the date of the financial statements, to be cash equivalents.

Property and Equipment

Property and equipment will be carried at cost less accumulated depreciation. Depreciation is calculated using the straight-line method over estimated useful lives of three to seven years.

Securities Transactions

Securities transactions and the related commission revenues and expenses are recorded on the trade date. Commission revenues and expenses on the sale of limited partnership interest are recorded on the date subscriptions from customers are funded.

**SAGE FINANCIAL, LLC**  
**Notes to the Financial Statements**  
**December 31, 2007**

**Note 2 -Significant Accounting Policies (Continued)**

Financial Instruments and Credit Risk

Financial instruments that potentially subject the Company to credit risk include cash and accounts receivable from customers. Cash is deposited in demand accounts in federally insured domestic institutions to minimize risk.

Income Taxes

The Company has elected to be treated as a disregarded entity for Federal taxation purposes and is included in the consolidated income tax return of its Parent. The Parent is a limited liability company that files as a partnership for Federal income tax purposes and does not pay federal corporate income taxes on its taxable income. Instead, the partners are liable for individual federal income taxes on their respective shares of taxable net income.

The Company is presently exempt (under the revenue provision) from the Texas state margin tax. If the Company's revenues exceed \$300,000 per tax year, the Company would be subject to the Texas state margin tax calculated as 1% of gross margin as defined by the Texas Comptroller's Office.

**Note 3 -Net Capital Requirements**

The Company is subject to the SEC uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2007, the Company had net capital, aggregate indebtedness and net capital requirements of \$63,046, \$5,700 and \$5,000, respectively. The Company's net capital ratio was .09 to 1.

**Note 4 - Commitments and Contingencies**

Litigation

The Company may become involved in various claims and legal actions arising in the ordinary course of business. At December 31, 2007, the Company was not involved in any claim or legal action.

**Note 5 -Related Party Transactions**

The Parent has agreed to pay for some of the general operating expenses and provide management services for the Company. The Parent currently receives no compensation for these services. The Company has entered into a Services and Administration Agreement with the Parent whereby it may be required to compensate the Parent for such services in the future. During 2007, the Parent contributed \$25,000 in additional capital.

**Schedule I**

**SAGE FINANCIAL, LLC**  
**Computation of Net Capital and Aggregate Indebtedness**  
**Pursuant to Rule 15c3-1 of the Securities and Exchange Commission**  
**Year Ended December 31, 2007**

Total member's equity qualified for net capital	\$ 63,046
Deductions and/or charges	
Non-allowable assets:	
Prepaid expenses	<u>1,525</u>
Total deductions and/or charges	<u>1,525</u>
Net capital before haircuts on securities	61,521
Haircuts on securities	<u>-</u>
Net Capital	<u><u>\$ 61,521</u></u>
Aggregate indebtedness	
Accrued expenses	<u>\$ 5,700</u>
Total aggregate indebtedness	<u><u>\$ 5,700</u></u>
Computation of basic net capital requirement	
Minimum net capital required (greater of \$5,000 or 6 2/3% of aggregate indebtedness)	<u><u>\$ 5,000</u></u>
Net capital in excess of minimum requirement	<u><u>\$ 56,521</u></u>
Ratio of aggregate indebtedness to net capital	<u><u>.09 to 1</u></u>

Note: The above computation does not differ from the computation of net capital under Rule 15c3-1 as of December 31, 2007 as reported by Sage Financial, LLC on Form X-17A-5. Accordingly, no reconciliation is deemed necessary.

See notes to financial statements and independent auditors' report.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL

To the Managers of Sage Financial, LLC

In planning and performing our audit of the financial statements and supplemental schedule of Sage Financial, LLC (the Company) for the year ended December 31, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the SEC's objectives.

This report is intended solely for use of the Managers, management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
