INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Loring Ward Securities Inc.

We have audited the accompanying statements of financial condition of Loring Ward Securities Inc. as of December 31, 2007 and 2006 and the related statements of operations, changes in stockholder's equity and cash flows for the years then ended that are being filed pursuant to Rule 17a-5 under the *Securities Exchange Act* of 1934. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Loring Ward Securities Inc. as of December 31, 2007 and 2006 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained in the schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the *Securities Exchange Act* of 1934. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

See accompanying notes to financial statements.

LORING WARD SECURITIES INC.

Notes to Financial Statements
(Expressed in U.S. dollars)

Years ended December 31, 2007 and 2006

1. Organization and nature of operations:

Loring Ward Securities Inc. (the company), a wholly-owned subsidiary of Loring Ward Group Inc. (LWGI), in turn a wholly-owned subsidiary of Loring Ward International Ltd. (Loring Ward), a Canadian company, is a registered broker-dealer under the *Securities Exchange Act* of 1934 and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA).

The company introduces its customers to a clearing broker on a fully disclosed basis and, accordingly, is exempt from Rule 15c3-3 of the Securities and Exchange Commission.

2. Significant accounting policies:

(a) Basis of presentation:

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

(b) Cash and cash equivalents:

The company considers cash and cash equivalents to include cash on hand, demand deposits and other investments with original maturities of three months or less.

(c) Income taxes:

The company and other subsidiaries of LWGI file federal and state income tax returns as part of a combined group. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Where a deferred tax asset has been recognized, a valuation allowance is established if, based on the weight of available evidence, it is more than likely that the deferred tax asset will not be realized.

LORING WARD SECURITIES INC.

Notes to Financial Statements (continued)
(Expressed in U.S. dollars)

Years ended December 31, 2007 and 2006

2. Significant accounting policies (continued):

The company is a member of the LWGI affiliated group and, accordingly, its federal taxable income or loss is included in the consolidated federal income tax return filed by LWGI. The company may also be included in certain state and local tax returns of LWGI or its subsidiaries. The company's tax sharing agreement with LWGI provides that income taxes be based on the separate results of the company. The agreement generally provides that the company pay to LWGI amounts equal to taxes that the company would be required to pay if it were to file a return separately from the affiliated group. The agreement also provides that LWGI will pay the company amounts equal to tax refunds the company would be entitled to if it had always filed a separate tax return.

(d) Supervisory fees:

The company earns supervisory fees for overseeing the investment advisory activities of its registered representatives. Most of the fees are for introducing to and working with clients of LWI Financial Inc. (LWIF), a related party through common ownership. The fees are billed at the beginning of each quarter and recognized as income over each quarterly period.

(e) Brokerage commissions:

The company earns brokerage commissions on the sale of non-proprietary products and services by its in-house brokers. Commission revenues, net of expenses, are recorded on a trade date basis.

(f) Licensing and transaction fees:

The company pays licensing fees to the FINRA for individual and state registration. Additionally, the company pays transaction fees in relation to being an underwriter.

(g) Interest and dividend income:

Interest income is recorded using the accrual method of accounting and dividend income is recorded on the ex-dividend date.

LORING WARD SECURITIES INC.

Notes to Financial Statements (continued)
(Expressed in U.S. dollars)

Years ended December 31, 2007 and 2006

2. Significant accounting policies (continued):

(h) Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

3. Related party transactions:

The supervisory fees charged to clients of LWIF are billed and collected by LWIF on behalf of the company. For the year ended December 31, 2007, the company earned \$245,660 (2006 - \$185,771) in supervisory fees from LWIF clients.

The company bears expenses directly related to its operations, while LWIF bears expenses which relate to more than one of commonly controlled entities, including, but not limited to, personnel, office space and other support services. Effective April 1, 2007, the company pays a monthly management fee of \$18,435, (prior to April 1, 2007 the fee was determined based on approximately 50 percent of supervisory fees), under an agreement between the parties to compensate LWIF for these common expenses. The amount of such expenses might be different if incurred in arm's-length transactions.

As of December 31, 2007, LWGI owed \$177,616 to the company.

As of December 31, 2006, the company owed \$21,458 to LWIF.

The above noted transactions are in the normal course of operations. The amounts are measured at the exchange amount, which is the amount of consideration established and agreed to by the two parties.

LORING WARD SECURITIES INC.

Notes to Financial Statements (continued)
(Expressed in U.S. dollars)

Years ended December 31, 2007 and 2006

4. Income taxes:

Current income taxes consist of the following:

	2007	2006
Federal taxes	\$ 78,867	\$ 41,471
State and local taxes	21,923	11,828
	<u>\$ 98,790</u>	<u>\$ 53,299</u>

Income taxes for 2007 of \$98,790 (2006 - \$53,299) are consistent with the amounts computed by applying the U.S. federal and state tax rate to pre-tax income. The company has no deferred income taxes as of December 31, 2007 and 2006.

5. Financial instruments:

Risk management activities:

Collateral or other security to support financial instruments subject to credit risk is usually not obtained. However, the credit standing of counter-parties is monitored.

The company earns supervisory fees, which vary based upon the net asset value of assets managed by LWIF. For the year ended December 31, 2007, such fees were 34 percent (2006 - 40 percent) of total revenue. In addition, the supervisory fees are received through LWIF from their clients. Therefore, termination of this relationship with LWIF could adversely affect the company's revenue.

6. Clearing agreement:

The company is an introducing broker and clears transactions with and for customers on a fully disclosed basis with Pershing LLC, a Bank of New York company. The company promptly transmits all customer funds and securities to Pershing LLC, and is required to maintain a \$100,000 minimum cash balance. In connection with this arrangement, the company is contingently liable for its customers' transactions.

LORING WARD SECURITIES INC.

Notes to Financial Statements (continued)
(Expressed in U.S. dollars)

Years ended December 31, 2007 and 2006

7. Regulatory requirements:

The company is subject to the Securities and Exchange Commission (SEC) *Uniform Net Capital Rule* (Rule 15c3-1), which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2007 and 2006, the company was in compliance with Rule 15c3-1, with net capital of \$467,111 and \$498,132 respectively, which was \$458,420 and \$488,026 respectively in excess of its required net capital of \$8,691 (2006 - \$10,106).

The company is exempt from Rule 15c3-3 under paragraph (k)(2)(ii) of the *Securities Exchange Act* of 1934 relating to the determination of reserve requirements because it does not maintain customer accounts or take possession of customer securities.

INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY RULE 17a-5 OF THE SECURITIES EXCHANGE ACT OF 1934

To the Board of Directors of Loring Ward Securities Inc.

In planning and performing our audit of the financial statements and supplementary schedule of Loring Ward Securities Inc. for the year ended December 31, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c-3-3. Because the company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons.
2. Recording of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the board of governors of the Federal Reserve System.

The management of the company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Page 2

Because of inherent limitations in any internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the *Securities Exchange Act* of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the company's practices and procedures were adequate as of December 31, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of the board of directors, management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the *Securities Exchange Act* of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, appearing to read 'KPMG LLP'.

LORING WARD SECURITIES INC.

Schedule - Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission
(Expressed in U.S. dollars)

As at December 31, 2007

Net capital:		
Total stockholder's equity	\$	699,369
Less: Non-allowable assets		232,258
Net capital	\$	467,111
Aggregate indebtedness:		
Accounts payable	\$	31,578
Income taxes payable to related party		98,790
Total aggregate indebtedness	\$	130,368
Computation of net capital requirements:		
Net capital required - greater of \$5,000 or 6 2/3% of aggregate indebtedness of \$130,368	\$	8,691
Net capital in excess of requirements	\$	458,420
Ratio of aggregate indebtedness to net capital		.28 to 1

A reconciliation between the above computation and the company's corresponding unaudited Form X-17A-5, Part IIA, filed with the Financial Industry Regulatory Authority, Inc. on January 24, 2008, is not required as no material differences exist.
