Report of Independent Registered Public Accounting Firm

The Board of Directors
Spectrum Asset Management, Inc.

We have audited the accompanying statements of financial condition of Spectrum Asset Management, Inc. (the Company), wholly owned by Principal Global Investors, which is an indirectly wholly owned subsidiary of Principal Financial Group, Inc., as of December 31, 2007 and 2006, and the related statements of operations, changes in stockholder's equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Spectrum Asset Management, Inc. at December 31, 2007 and 2006, and the results of its operations and its cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by rule 17a-5 of the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Spectrum Asset Management, Inc.

Notes to Financial Statements

December 31, 2007

1. Organization

Organization and Nature of Business

Spectrum Asset Management, Inc. (the Company) is a registered investment adviser, broker-dealer, and commodity introducing broker. The Company is a member of the Financial Industry Regulatory Authority (FINRA), providing investment management and security investment brokerage for institutional clients. The Company is also a manager of domestic investment portfolios for corporate, government, and mutual fund clients. The Company primarily specializes in the management of fixed rate preferred stock and cash. To minimize principal fluctuations, the Company uses its proprietary hedging strategy to establish a cross-hedge with U.S. Treasury futures. The derivative instruments are entered into by the Company's clients and are not reported in the financial statements of the Company. The Company clears its securities transactions on a fully disclosed basis through Bear, Stearns & Co. Inc.

The Company is a wholly owned subsidiary of Principal Global Investors, LLC (Principal Global). Principal Global is an indirectly wholly owned subsidiary of Principal Financial Group, Inc. (PFG).

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

The Company's cash equivalents include money market funds. The Company considers all highly liquid investments with maturities of three months or less when purchased to be cash equivalents.

Investments

Investments, consisting of U.S. Treasury bills, are recorded at market value. The difference between cost and market value is recorded as interest income as it relates to the accretion of the discount on the purchase price of the Treasury bills.

Spectrum Asset Management, Inc.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. It is possible that actual experience could differ from the estimates and assumptions utilized.

Fixed Assets

Fixed assets are comprised of furniture and equipment and leasehold improvements. Furniture and equipment are recorded at cost and are depreciated using the straight-line method over their estimated useful lives which range from three to ten years. Additions and major renewals are capitalized. Maintenance, repairs, and minor renewals are expensed as incurred. Leasehold improvements are amortized over the shorter of their estimated useful lives or the term of the lease.

Revenue Recognition

The majority of the Company's revenues are derived from fees for investment management services provided to institutional and other clients. During 2007, 50% of the Company's revenues were derived from two unaffiliated customers. During 2006, 45% of the Company's revenues were derived from one unaffiliated customer. Investment management fees are generally a function of the overall fee rate charged to each account and the level of assets under management by the Company. Assets under management can be affected by the addition of new client accounts or client contributions to existing accounts, withdrawals of assets from or terminations of client accounts, and investment performance, which may depend on general market conditions. Investment management fees and brokerage commissions are accrued over the period in which services are performed.

For certain accounts, additional fees may be based upon the performance of those accounts relative to market benchmarks. The Company recognizes these performance-based fee revenues when all contractual obligations have been satisfied.

Spectrum Asset Management, Inc.

Notes to Financial Statements (continued)

3. Fixed Assets

Fixed assets consisted of the following:

	December 31	
	<u>2007</u>	<u>2006</u>
Furniture and equipment and leasehold improvements	\$ 1,195,551	\$ 1,153,968
Less accumulated depreciation and amortization	(492,967)	(323,948)
	<u>\$ 702,584</u>	<u>\$ 830,020</u>

4. Leases

As of December 31, 2007, future minimum rentals under operating leases for office space and certain equipment that have initial or noncancelable lease terms in excess of one year are as follows:

2008	\$ 244,056
2009	240,905
2010	237,000
2011	247,533
2012	252,800
Thereafter	421,333
	<u>\$ 1,643,627</u>

Rent expense for 2007 and 2006 totaled \$282,627 and \$254,493, respectively.

5. Income Taxes

The Company is taxed at corporate rates on taxable income based on existing tax laws. The Company's taxable income or loss is included in the consolidated income tax return filed by PFG. PFG has adopted the policy of allocating income tax expense and benefits to members of its consolidated group based upon their pro rata contribution of taxable income or losses.

Spectrum Asset Management, Inc.

Notes to Financial Statements (continued)

5. Income Taxes (continued)

Deferred taxes are provided for the temporary differences between the financial reporting and income tax bases of assets and liabilities using the enacted income tax rates and laws. Deferred income tax expenses or credits are based on the changes in the asset or liability from period to period. Deferred income taxes arise primarily from differing methods used to account for expenses not deductible until future periods for tax purposes. Net deferred income taxes are comprised of deferred income tax assets of \$65,319 and \$20,093 and deferred income tax liabilities of \$1,472 and \$16,637 at December 31, 2007 and 2006, respectively.

The Company's income tax expense is as follows:

	Year Ended December 31	
	2007	2006
Current	\$ 4,994,716	\$ 4,496,775
Deferred	(60,391)	(19,764)
	<u>\$ 4,934,325</u>	<u>\$ 4,477,011</u>

Total current tax expense includes \$ 0 and \$24,497 in 2007 and 2006, respectively, of state income tax expense. Income tax expense for 2007 and 2006 differs from "expected" income tax amount computed by applying the statutory federal income tax rates to income before income tax expense primarily due to amortization of goodwill recorded for income tax purposes.

6. Related-Party Transactions

The Company provides investment and advisory services to funds managed by affiliates with fees totaling \$5,336,556 and \$4,692,981 in 2007 and 2006, respectively.

The Company reimburses Principal Global for employees' services and certain other operating costs, which are provided or initially paid by Principal Global and totaled \$16,827,324 and \$18,595,491 in 2007 and 2006, respectively.

Spectrum Asset Management, Inc.

Notes to Financial Statements (continued)

6. Related-Party Transactions (continued)

PFG elected to adopt the fair value method of accounting for stock-based compensation as defined by Statement of Financial Accounting Standards (SFAS) No. 123(R), *Share-Based Payments*. SFAS 123(R) replaces SFAS No. 123, *Accounting for Stock-Based Compensation*. PFG elected to apply the prospective method of transition as described in SFAS No. 128, *Accounting for Stock-Based Compensation – Transition and Disclosure, an Amendment of FASB Statement No. 123*. PFG has allocated the expenses to each of its subsidiaries, with the allocation aggregating \$3,791,740 and \$2,052,969 to the Company in 2007 and 2006, respectively.

7. Regulatory Requirements

The Company is subject to the Securities and Exchange Commission uniform net capital rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined therein, shall not exceed 15 to 1. At December 31, 2007, the Company had defined net capital of \$7,570,592 which was \$7,318,265 in excess of its required minimum net capital of \$252,327. At December 31, 2007, the Company's ratio of aggregate indebtedness to net capital was 0.50 to 1. Various other regulatory agencies may impose additional capital requirements.

The Company is exempt from maintaining a special reserve bank account under Rule 15c3-3(k)(1).

Spectrum Asset Management, Inc.

Statement Pursuant to Rule 17a-5(d)(4)

December 31, 2007

Differences between the computation of net capital included in this audited report and the corresponding schedule included in the Company's initial unaudited December 31, 2007, Focus Report filed on January 18, 2008, were as follows:

Net capital per December 31, 2007, Focus Report filed January 18, 2008	\$ 7,434,848
Adjustment related to taxes payable	217,737
Adjustment related to nonallowable assets	(81,993)
Net capital included in this report	<u>\$ 7,570,592</u>
Total aggregate indebtedness per December 31, 2007, Focus Report filed January 18, 2008	\$ 3,928,649
Adjustment related to taxes payable	(217,737)
Reclassification to nonallowable assets	73,993
Total aggregate indebtedness included in this report	<u>\$ 3,784,905</u>

Supplementary Report of Independent Registered Public Accounting Firm on Internal Control Required by SEC Rule 17a-5(g)(1)

The Board of Directors
Spectrum Asset Management, Inc.

In planning and performing our audit of the financial statements of Spectrum Asset Management, Inc. (the Company) as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States, we considered its internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. The study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional criteria of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and it is not intended to be and should not be used by anyone other than these specified parties.
