Independent Auditor's Report

To the Board of Directors of
Sentinel Securities, Inc.
Reading, MA

We have audited the accompanying statement of financial condition of Sentinel Securities, Inc. (the Company) as of December 31, 2007 and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year ended December 31, 2007 that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Sentinel Securities, Inc. as of December 31, 2007, and the results of their operations and their cash flows for the year ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III, and IV, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SENTINEL SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2007

NOTE 1- SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Business

The Company was incorporated on February 1, 2000. It serves as a broker/dealer in securities. Related commission revenue and expenses are recorded on a settlement date basis which approximates the trade date.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Allowance for Bad Debts

The Company considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required.

Fixed Assets

Furniture and equipment are being depreciated using the straight-line method over their estimated useful lives, ranging from five to seven years. For the period ended December 31, 2007, depreciation expense was \$2,857.

Compensated Absences

Employees of the Company are entitled to paid vacation, paid sick days, and personal days off, depending on job classification, length of service, and other factors. It is impracticable to estimate the amount of compensation for future absences, and accordingly, no liability has been recorded in the accompanying financial statements. The company's policy is to recognize the costs of compensated absences when actually paid to employees.

NOTE 2- NET CAPITAL

As a broker dealer, the Company is subject to the Securities and Exchange Commission's regulations and operating guidelines, which require the Company to maintain a specified amount of net capital as defined, and a ratio of aggregate indebtedness to net capital as derived, not exceeding 15 to 1. The Company's net capital as computed under 15c3-1, was \$220,057 at December 31, 2007, which exceeded required net capital of \$50,000 by \$170,057. The ratio of aggregate indebtedness to net capital at December 31, 2007 was 136.6%.

SENTINEL SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2007

NOTE 3- TAXES ON INCOME

Taxes on income consist of the following:

	Federal	State	Total
Current	\$ 94,629	\$ 33,182	\$127,811
Deferred	<u>(61,415)</u>	<u>(18,961)</u>	<u>(80,376)</u>
	<u>\$ 33,214</u>	<u>\$ 14,221</u>	<u>\$ 47,435</u>

Deferred income taxes arise from temporary differences resulting from income and expense items reported for financial accounting and tax purposes in different periods. Deferred tax assets are recorded to reflect deductible temporary differences and operating loss carryforwards while deferred tax liabilities are recorded to reflect taxable temporary differences.

NOTE 4- CONCENTRATION OF CREDIT RISK

The Company maintains its checking account in one commercial bank. Cash in this checking account at times exceeded \$100,000. The checking account is secured by the Federal Deposit Insurance Corporation (FDIC) up to \$100,000.

The Company is engaged in various trading and brokerage activities with counterparties. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the credit worthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

NOTE 5- RELATED PARTY TRANSACTIONS

The Company is related to Sentinel Benefits Group through common ownership and management. Any transactions with this entity are minimal and at arm's length. The Company reimbursed the related party for payroll and commission transactions paid from its bank accounts to employees of the Company. The Company also has an expense sharing agreement in place with this related party to allocate certain overhead costs to the Company. No amounts were due to or from this related party at December 31, 2007.

DECEMBER 31, 2007

NOTE 6- INTANGIBLE ASSETS

On January 2, 2007 the Company was acquired as part of the acquisition of Sentinel Benefits Group by Focus Financial, LLC. As of the date of acquisition, the assets included valuations for intangible assets and goodwill. \$1,361,061 was assigned to customer lists and \$324,062 was assigned to a contract with management with estimated useful lives of 10 and 20 years, respectively. Those intangible assets will be amortized on a straight line basis over their estimated useful lives, subject to valuation for impairment on an annual basis. Amortization for the year ended December 31, 2007 was \$152,309.

Independent Auditor's Report on Internal Control Structure Required by SEC Rule 17a-5

Board of Directors
Sentinel Securities, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of Sentinel Securities, Inc., (the Company), for the year ended December 31, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, which we consider to be material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers Regulation, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
