REPORT OF INDEPENDENT AUDITORS

To the Board of Directors
Burt Martin Arnold Securities, Inc.

We have audited the accompanying statement of financial condition of Burt Martin Arnold Securities, Inc., at December 31, 2007, and the related statements of income, stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Burt Martin Arnold Securities, Inc., as of December 31, 2007, and the results of its operations, and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Burt Martin Arnold Securities, Inc. (the Company), is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA.) The Company, which was incorporated in the state of California on August 26, 1999, is based in Rolling Hills Estates, California.

The Company's primary source of revenue is providing brokerage services to customers. The Company also generates revenue through securities trading.

The Company is considered an introducing broker whereby customer orders are accepted but are cleared through a clearing organization, which is unaffiliated with the Company. The agreement with the clearing organization is described in Note 2. The Company is a fully-disclosed broker-dealer and, as such, is exempt from SEC Rule 15c3-3 under exemption provision paragraph (k)(2)(ii).

Revenue recognition

Brokerage commission and market making and principal transactions and related clearing expenses are recorded on a trade-date basis as securities transactions occur. Customers' securities and commodities transactions are reported on a settlement date basis.

Securities owned and securities sold, not yet purchased

Securities owned, which are readily marketable and securities sold, not yet purchased are recorded at estimated fair value. Securities sold, not yet purchased represent obligations to the Company to deliver specified securities at the contracted prices, thereby creating a liability to purchase the securities at prevailing market prices. Securities owned which are not readily marketable, are valued at estimated fair value as determined by management. The resulting difference between cost and estimated fair value is included in income.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ significantly from those estimates.

BURT MARTIN ARNOLD SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

Cash and cash equivalents

For the purpose of the statements of cash flows, all highly liquid investments with the maturity of three months or less are considered to be cash equivalents. From time to time, the Company's cash account balances may exceed federally insured limits. The Company has not experienced any losses to date.

Property and equipment

Property and equipment has been recorded at cost. Depreciation is computed using the straight-line method over the asset's estimated useful life of 2 to 7 years. Total depreciation and amortization expense for the year ended December 31, 2007, was \$21,601.

Income taxes

Income tax expense includes federal and state taxes currently payable and deferred taxes arising from temporary differences between income for financial reporting and income tax purposes.

The Company accounts for income taxes under Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" ("SFAS No. 109"), which requires use of the liability method. SFAS No. 109 provides that deferred tax assets and liabilities are recorded based on the differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, referred to as temporary differences. Deferred tax assets and liabilities at the end of each period are determined using the currently enacted tax rates applied to taxable income in the periods in which the deferred tax assets and liabilities are expected to be settled or realized.

Fair value of financial instruments

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of December 31, 2007. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values. These financial instruments include cash, receivable from clearing organization, securities and accounts payable and accrued expenses. Fair values were assumed to approximate carrying values for cash, receivable, and accounts payable and accrued expenses because they are short term in nature.

BURT MARTIN ARNOLD SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

Segment information

The Company follows SFAS No. 131, "Disclosure about Segments of an Enterprise and Related Information." Certain information is disclosed, per SFAS No. 131, based on the way management organizes financial information for making operating decisions and assessing performance. The Company currently operates in one business segment and will evaluate additional segment disclosure requirements as it expands operations.

NOTE 2 – RECEIVABLE FROM AND PAYABLE TO CLEARING ORGANIZATION

Through 2007, the Company had a fully disclosed relationship agreement with Penson Financial Services, Inc. ("Penson"). The agreement states that the clearing agent clears all securities transactions for the Company's customers and also performs certain "back office" functions for the Company. These functions include, among other things, processing customer orders as they are transmitted to the clearing agent, preparing and mailing transaction confirmations and customer statements directly to the customers and performing all cashiering functions for customer accounts.

The Company receives commission and fee income from the clearing agent based on the number and size of transactions. The Company pays all costs associated with transactions executed through the clearing agent plus a fee per transaction based on the amount of business transacted during the month. The agreement requires, and the Company maintains, a cash deposit with Penson which is included in receivable from clearing organization. The cash deposit at December 31, 2007, is \$151,219.

The Company currently transacts all of its brokerage business through Penson. Should Penson not fulfill its obligations under the agreement, the Company may be exposed to risk. The risk of default depends on Penson ability to continue to perform under the agreement as well as the creditworthiness of Penson. It is the Company's policy to review, as necessary, the credit standing and financial viability of Penson.

Amounts receivable from and payable to the clearing organization at December 31, 2007, consist of the following:

	<u>Receivable</u>	<u>Payable</u>
Receivable from clearing organization	\$ 151,219	\$ --
Payable to clearing organization	--	220,993
Fees and commissions receivable	<u>229,923</u>	<u>--</u>
	<u>\$ 381,142</u>	<u>\$ 220,993</u>

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

NOTE 3 – SECURITIES OWNED AND SOLD, NOT YET PURCHASED

Marketable securities owned and sold, not yet purchased, consist of trading and investment securities at market values as follows:

	<u>Owned</u>	<u>Sold, Not Yet Purchased</u>
Corporate Stocks	\$ 466,384	\$ 98,588

Securities not readily marketable include investment securities (a) for which there is no market on a securities exchange or no independent publicly quoted market; (b) that cannot be publicly offered or sold unless a registration has been effected under the Securities Act of 1933; or (c) that cannot be offered or sold because of other arrangements, restrictions, or conditions applicable to the securities or to the Company.

NOTE 4 – PROPERTY AND EQUIPMENT

The following is a summary of property and equipment as of December 31, 2007:

Leasehold improvements	\$ 69,995
Computer equipment	36,873
Furniture and fixtures	20,644
Office equipment	8,103
	<u>135,615</u>
Less accumulated depreciation	<u>(48,140)</u>
Net property and equipment	<u>\$ 87,145</u>

NOTE 5 – NET CAPITAL REQUIREMENTS

The Company is subject to the SEC uniform net capital rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2007, the Company had net capital of \$239,168, which was \$139,168 in excess of its required net capital of \$100,000. The Company's ratio of aggregate indebtedness to the net capital was 307%.

NOTE 6 – COMMITMENTS

The Company leases office space from an unrelated party under a lease that expires December 31, 2009. Total rent expense for the year ended December 31, 2007, was

BURT MARTIN ARNOLD SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

\$55,926. The future minimum lease payments are as follows for each of the years ending December 31:

2008	\$	57,672
2009		<u>53,988</u>
	\$	<u>111,660</u>

NOTE 7 – CONCENTRATIONS OF CREDIT RISK

In the normal course of business the Company's customer activities involve the execution and settlement of various customer securities that settle in accordance with industry practices, which for most securities, is currently three business days after trade date. These activities may expose the Company to off-balance sheet credit and market risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company is required to purchase or sell the financial instrument underlying the contract at a loss. The risk of default depends on the credit worthiness of the customer or issuer of the financial instrument held as collateral.

NOTE 8 – INCOME TAXES

Deferred income taxes may arise from temporary differences resulting from income and expense items reported for financial accounting and tax purposes in different periods. Deferred taxes are classified as current or non-current, depending on the classification of assets and liabilities to which they relate. Deferred taxes arising from temporary differences that are not related to an asset or liability are classified as current or non-current depending on the periods in which the temporary differences are expected to reverse.

The Company has permanent differences resulting from the 50% limitation on meals and entertainment expenses, and temporary differences primarily relate to the timing of certain accrued expenses and unrealized gains or losses not allowable for tax purposes. As of December 31, 2007, the Company has no estimated income taxes payable. The provision for income taxes (benefit) consists of amounts accrued that will not be realized.

Requirements Under Rule 15c3-3

STARK • WINTER • SCHENKEIN

To the Board of Directors of
Burt Martin Arnold Securities, Inc.

In planning and performing the audit of the financial statements and supplemental schedule of Burt Martin Arnold Securities, Inc. (the Company), for the year ended December 31, 2007, we consider its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17-a (5)(g) in the following: making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling the responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and

procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practice and procedures listed in the preceding paragraph.

Because of the inherent limitations in internal control or the practice and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific control component does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicates a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the members, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than those specified parties.
