## OATH OR AFFIRMATION

I, Stephen R. Kinkade, affirm that, to the best of my knowledge and belief, the accompanying financial statements and supplemental schedules pertaining to Fremont Capital, Inc. ("Fremont Capital") as of and for the year ended December 31, 2007, are true and correct. I further affirm that neither Fremont Capital nor any officer or director has any proprietary interest in any account classified solely as that of a customer.

## INDEPENDENT AUDITORS' REPORT

To the Audit Committee of  
Fremont Capital, Inc.

We have audited the accompanying statement of financial condition of Fremont Capital, Inc. (the "Company") as of December 31, 2007, and the related statements of operations, changes in stockholder's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of Fremont Capital, Inc. as of December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules appearing on pages 12 and 13 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. These schedules are the responsibility of the Company's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

As discussed in Note 1 to the financial statements, the accompanying financial statements have been prepared from the books and records maintained by the Company and may not necessarily be indicative of the conditions that would have existed or the results of operations if the Company had operated independently of Fremont Investors, Inc.

part of these financial statements.

**FREMONT CAPITAL, INC.**  
**NOTES TO FINANCIAL STATEMENTS**

December 31, 2007

---

**1. Organization:**

Fremont Capital, Inc. (the "Company") was incorporated in Delaware on February 9, 1993 under the name of Fremont Securities, Inc. The name was changed to Fremont Capital, Inc. effective April 9, 1993. On June 4, 1993, the Company was granted registration as a broker-dealer in securities by the Securities and Exchange Commission ("SEC") pursuant to Section 15(b) of the Securities Exchange Act of 1934. The Company was accepted as a member of the National Association of Securities Dealers, Inc. (now called the Financial Industry Regulatory Authority "FINRA") on July 16, 1993. The Company's primary business is acting as an agent in the placement of limited partnership interests and providing administrative services to related parties. The Company does not carry securities accounts for customers.

The Company is a wholly-owned subsidiary of Fremont Investors, Inc. (the "Parent"). The Company has incurred operating losses and negative cash flows from operations. The Company plans to finance its operations primarily through financing from its Parent, which has committed to continue funding the Company as needed through at least December 31, 2008.

**2. Significant Accounting Policies:**

**Basis of Accounting:**

Revenues and expenses related to selling interests in limited partnerships are recorded upon approval of all required documents for the limited partnership. Revenues related to providing administrative services are recorded as earned, while the related expenses are recorded as incurred.

**Cash and Cash Equivalents:**

Cash and cash equivalents consist of a demand deposit account at Wells Fargo Bank, N.A. and amounts held in a money market mutual fund. The Company classifies all short-term, highly liquid investments with original maturities of three months or less as cash equivalents. Due to the relatively short-term nature of these investments, the carrying value approximates fair value.

**Financial Instruments:**

The Company records investments at fair value, based on market quoted prices, if available, or as estimated by management. The Company does not enter into forwards, swaps, futures or other derivative product transactions that result in off-balance sheet risk. The carrying amounts of other financial instruments recorded in the Statement of Financial Condition (which include cash, receivables and payables) approximate fair value at December 31, 2007.

**FREMONT CAPITAL, INC.**  
**NOTES TO FINANCIAL STATEMENTS, Continued**

December 31, 2007

---

**2. Significant Accounting Policies (continued):**

**Taxes on Income:**

The Company is a member of a group that includes the Parent and files both a consolidated federal income tax and a combined California franchise tax return. Under the tax sharing agreement with the Parent, the Company's current and deferred tax liabilities are calculated as if it were a separate taxpayer, except that the effect of graduated rates is not considered.

Deferred income taxes are provided for differences between the financial and tax bases of an asset or liability that will result in taxable or deductible amounts in future years when the asset or liability is recovered or settled, respectively. A valuation allowance is recognized for deferred tax assets when it is more likely than not that some portion or all of the deferred tax asset will not be realized.

**Use of Estimates:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**New accounting standards:**

SFAS No. 157 – *Fair Value Measurements* was issued in September 2006 and is effective beginning January 1, 2008. This Statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. SFAS No. 157 does not require any new fair value measurements. The adoption of SFAS No. 157 is not expected to have a material impact on the Company's financial position, results of operations, or cash flows.

Financial Accounting Standards Board Interpretation (FIN) No. 48 – *Accounting for Uncertainty in Income Taxes – An Interpretation of SFAS No. 109*, was issued in July 2006 and became effective beginning January 1, 2007. However, the effective date was deferred for non-public companies to January 1, 2008 in accordance with FIN 48-2 – *Effective Date of FASB Interpretation No. 48 for Certain Non-public Enterprises*. FIN No. 48 provides new requirements for the recognition, measurement, and disclosure in the financial statements of a tax position taken or expected to be taken in a tax return when there is uncertainty about whether that tax position will ultimately be sustained. The Company is currently evaluating the impact of the adoption of FIN No. 48 on the Company's financial position, results of operations, and cash flows.

**FREMONT CAPITAL, INC.**  
**NOTES TO FINANCIAL STATEMENTS, Continued**

December 31, 2007

**3. Regulatory Requirements:**

As a registered broker-dealer with the SEC and a member of the FINRA, the Company is subject to the SEC's Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital, as defined, and of a ratio of aggregate indebtedness to net capital not exceeding 15 to 1. At December 31, 2007, the Company had net capital of \$81,359, which was \$76,359 in excess of its required net capital of \$5,000, and the Company's ratio of aggregate indebtedness to net capital was 0.1854 to 1.

The Company does not hold customer funds or securities and claims exemption from the provisions of Rule 15c3-3 based on Section (k)(2)(i).

**4. Related Party Transactions:**

Fremont Group Management, L.P., a related party to the Parent, provides administrative, accounting, legal, tax and other support services under the terms of an administrative services agreement. For the year ended December 31, 2007, these fees totaled \$76,130.

As of December 31, 2007, the Company has recorded a payable to the Parent in the amount of \$4,969. This balance represents payments made by the Parent on behalf of the Company for audit services and California State income taxes, in the amounts of \$4,169 and \$800, respectively.

**5. Income Taxes:**

Income taxes expense is summarized as follows:

Current:		
Federal	\$	-0-
State		<u>800</u>
	\$	<u>800</u>
Deferred:		
Federal	\$	-0-
State		<u>-0-</u>
	\$	<u>-0-</u>
Total	\$	<u>800</u>

**FREMONT CAPITAL, INC.**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
December 31, 2007

---

**5. Income Taxes (continued):**

At December 31, 2007, deferred tax assets were \$194,234, while deferred tax liabilities were \$0. Deferred tax assets are attributable to state and federal net operating loss carryforwards. Management does not believe that the Company has the ability to utilize its net deferred tax assets against future income and, therefore, a valuation allowance of \$194,234 has been established for those net operating loss carryforwards which are not expected to be realized. This valuation allowance increased \$23,884 during the year to reflect the additional net operating loss carryforwards generated by the Company that are not expected to be realized.

The Company's effective tax rate differs from the federal statutory rate of 35% in 2007 due primarily to the valuation allowance and state franchise taxes (net of federal tax benefit).

An exemption from Rule 15c3-3 is claimed, based upon Section (k)(2) (i).

**FREMONT CAPITAL, INC.**

**REPORT OF INDEPENDENT AUDITORS'  
ON INTERNAL CONTROL REQUIRED BY  
SEC RULE 17a-5  
Under the Securities Exchange Act of 1934**

**December 31, 2007**

February 19, 2008

Fremont Capital, Inc.  
199 Fremont Street  
San Francisco, CA 94105

In planning and performing our audit of the financial statements of Fremont Capital, Inc. (the "Company") as of and for the year ended December 31, 2007 (on which we issued our report dated February 19, 2008), in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with

management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934, and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered broker-dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Yours truly,

*Deloitte & Touche LLP*
