INDEPENDENT AUDITORS' REPORT

To the Board of Directors
FMI Capital Advisors, Inc

We have audited the accompanying statement of financial condition of FMI Capital Advisors, Inc. as of December 31, 2007, and the related statements of operations, changes in shareholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of FMI Capital Advisors, Inc. as of December 31, 2007, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The information contained in the supplemental schedule listed in the accompanying index is presented for purposes of additional analysis and is not required for a fair presentation of the financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

FMI CAPITAL ADVISORS, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Operations

FMI Capital Advisors, Inc (the "Company") is a broker-dealer registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority, Inc. The Company is a wholly-owned subsidiary of FMI Corporation, a management consulting and investment banking firm serving the construction industry. FMI Corporation's investment banking group engages in mergers and acquisition representation, business valuation, and other ownership related financial advisory services. The Company offers private capital placements and other broker-dealer services approved by the Financial Industry Regulatory Authority, Inc.

15c 3-3 Exemption

The Company under Rule 15c3-3(k)(1) is exempt from the reserve and possession or control requirements of Rule 15c3-3 of the Securities and Exchange Commission. The Company does not carry or clear customer accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Financial Instruments

The Company's financial instruments, including cash and cash equivalents and other assets are carried at amounts that approximate fair value due to the short-term nature of those instruments.

Depreciation

The Company provides for depreciation of furniture and equipment on the straight-line method based on the estimated lives of the assets ranging from three to five years.

Income Taxes

The Company is recognized as an S-Corporation by the Internal Revenue Service, therefore the Company's shareholder is liable for federal and state income taxes on the Company's taxable income.

FMI CAPITAL ADVISORS, INC.

NOTES TO FINANCIAL STATEMENTS

(concluded)

NOTE 2 - NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. At December 31, 2007, the Company had net capital and net capital requirements of \$85,600 and \$5,000, respectively. The Company's net capital ratio (aggregate indebtedness to net capital) was 0.00 to 1. According to Rule 15c3-1, the Company's net capital ratio shall not exceed 15 to 1.

NOTE 3 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISKS AND CONTINGENCIES

In the normal course of business, the Company's client activities ("clients") involve the execution, settlement, and financing of various client securities transactions. These activities may expose the Company to off-balance sheet risk. In the event the client fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices in order to fulfill the client's obligations.

SUPPLEMENTARY INFORMATION

FMI CAPITAL ADVISORS, INC.

**COMUTATION OF NET CAPITAL
PURSUANT TO UNIFORM NET CAPITAL RULE 15C3-1
DECEMBER 31, 2007**

CREDIT:		
Members' equity		\$ <u>91,019</u>
DEBITS:		
Nonallowable assets:		
Other assets		4,079
Property and equipment		70
Total debits		<u>4,149</u>
<i>Net capital before haircuts</i>		86,870
Haircuts on money market accounts		<u>1,270</u>
NET CAPITAL		85,600
Minimum requirements of 6-2/3% of aggregate indebtedness of \$0 or \$5,000, whichever is greater		<u>5,000</u>
EXCESS NET CAPITAL		<u>\$ 80,600</u>
AGGREGATE INDEBTEDNESS:		<u>\$ -</u>
RATIO OF AGGREGATE INDEBTEDNESS TO NET CAPITAL		<u>0.00 to 1</u>

NOTE: There are no material differences between the above computation of net capital and the corresponding computation as submitted by the Company with the unaudited Form X-17A-5 as of December 31, 2007.

INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5

To the Members of
FMI Capital Advisors, Inc

In planning and performing our audit of the financial statements and supplementary information of FMI Capital Advisors, Inc. (the "Company") for the year ended December 31, 2007, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by FMI Capital Advisors, Inc. that we considered relevant to the objectives stated in Rule 17a-5(g), (i) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3; and (ii) for safeguarding the occasional receipt of securities and cash until promptly transmitted to the Company's clearing brokers. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or complying with the requirements for prompt payment for securities under section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. This report recognizes that it is not practicable in an organization the size of FMI Capital Advisors, Inc. to achieve all the divisions of duties and cross-checks generally included in a system of internal accounting control and that alternatively greater reliance must be placed on surveillance by management.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the SEC's objectives.

In addition, our review indicated that FMI Capital Advisors, Inc. was in compliance with the conditions of exemption from Rule 15c3-3 pursuant to paragraph k(1) as of December 31, 2007, and no facts came to our attention to indicate that such conditions had not been complied with during the year.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
