INDEPENDENT AUDITORS' REPORT

Board of Directors
International Capital Markets, Inc.
Miami, Florida

We have audited the accompanying statement of financial condition of International Capital Markets, Inc. as of December 31, 2007 and the related statements of income (loss), changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of International Capital Markets, Inc. at December 31, 2007, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplementary schedules is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation of the basic financial statements taken as a whole.

INTERNATIONAL CAPITAL MARKETS, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

International Capital Markets Inc. is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD). The Company was incorporated in the State of Florida on December 5, 1996.

Securities Transactions

The Company has an agreement for securities clearance services with a clearing broker-dealer. As a broker-dealer, the Company executes all trades through this clearing organization under a fully disclosed basis receiving a commission from the clearing organization. The agreement for securities services is cancelable at any time by either party. Accordingly, the Company does not hold funds or securities for, or owe funds or securities to, its customers.

Commissions Receivable

Commissions receivable consist of amounts primarily due from the Company's clearing organization and are recorded on the trade-date basis. Commissions due the Company are remitted within ten days after the close of the previous month. At December 31, 2007, management determined that no provision for bad debts is necessary.

Property and Equipment

Property and equipment are stated at cost, and depreciation is calculated under the straight-line method. Estimated useful lives are as follows:

Furniture and equipment	10 years
Computer & Software	5 years

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INTERNATIONAL CAPITAL MARKETS, INC.
NOTES TO FINANCIAL STATEMENTS

Fair Value of Financial Instruments

Financial instruments, including cash, receivables and accrued liabilities are carried at amounts that reasonably approximate their fair value due to the short-term nature of these amounts

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due and deferred taxes. Deferred taxes represent income taxes on income and expense included in the financial statements, which will not be reported as taxable income or expense until future periods. Deferred tax liability amounts are recognized for the future liabilities attributable to differences between the financial statement carrying amount and the carrying amount for tax purposes. Deferred tax liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which the differences are expected to be recovered or settled. Differences between tax and financial reporting resulted from the Company's unrealized gains on its marketable securities. At December 31, 2007, there are no material deferred tax liabilities.

NOTE 2 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the percentage of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At December 31, 2007, the company had net capital of \$46,337, which is \$41,337 in excess of its required net capital of \$5,000.

NOTE 3 – INCOME TAXES

At December 31, 2007, the Company has net operating loss carryovers of approximately \$178,761 for federal and \$186,749 for state income taxes, respectively, that expire in 2020 and 2021.

NOTES TO FINANCIAL STATEMENTS**

NOTE 4 – CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter party.

**REPORT OF INDEPENDENT ACCOUNTANTS
ON INTERNAL ACCOUNTING CONTROL
UNDER RULE 17a-5 OF THE SECURITIES EXCHANGE ACT OF 1934**

Board of Directors
International Capital Markets Inc.
Miami, FL

In planning and performing our audit of the consolidated financial statements of International Capital Markets Inc.(the Company), for the year ended December 31, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but no absolute assurance

what assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, NASD Regulation, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
