INDEPENDENT AUDITORS' REPORT

To the Stockholder of
Intrade, LLC

We have audited the accompanying statement of financial condition of Intrade, LLC as of December 31, 2007. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Intrade, LLC as of December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

INTRADE, LLC

NOTES TO FINANCIAL STATEMENTS
December 31, 2007

NOTE 1- ORGANIZATION AND NATURE OF BUSINESS

Intrade, LLC, a New York limited liability company (the "Company") is registered as a securities broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the New York Stock Exchange ("NYSE"), the American Stock Exchange ("AMEX"), the Financial Industry regulatory Authority ("FINRA"), the Pacific Stock Exchange ("PCX"), the National Futures Association ("NFA"), Depository Trust Company ("DTC") and National Securities Clearing Corporation ("NSCC").

The Company is engaged in the activity of trading securities and futures.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents

All short-term investments with an original maturity of three months or less are considered to be cash equivalents.

Concentration of Credit Risk

The Company is engaged in various investment and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

At December 31, 2007 the Company's futures clearing broker held assets of \$3,478,714 on behalf of the Company.

Additionally, cash balances are held principally at two financial institutions and exceed the \$100,000 insurable limit. The Company believes it mitigates its risk by investing in or through major financial institutions. Recoverability is dependent upon the performance of the institution.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

INTRADE, LLC

**NOTES TO FINANCIAL STATEMENTS

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue Recognition

Securities transactions and related income and expenses are recorded on the books on a trade date basis.

Securities-Lending Activities

Securities borrowed and securities loaned transactions are generally reported as collateralized financings except where letters of credit or other securities are used as collateral. Securities-borrowed transactions require the Company to deposit cash, letters of credit, or other collateral with the lender. With respect to securities loaned, the Company receives collateral in the form of cash or other collateral in an amount generally in excess of the market value of securities loaned. The Company monitors the market value of securities borrowed and loaned on a daily basis, with additional collateral obtained or refunded as necessary.

Depreciation and Amortization

The cost of furniture and equipment is depreciated over the estimated useful lives of the related assets of five to seven years. Software is depreciated over 5 years. The cost of leasehold improvements is amortized over the lesser of the length of the related lease or the estimated useful life of the assets. Depreciation is computed on a straight line basis for financial reporting purposes and on an accelerated basis for income tax purposes. Leasehold improvements for income tax purposes are amortized in accordance with Internal Revenue Service regulations.

Exchange Membership -CBOT Seat

The Company's CBOT seat, which represents an ownership interest in the Exchange and provides the Company with the right to conduct business on the Exchange, is recorded at cost.

Comprehensive Income

The Company adopted Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income" ("SFAS No. 130"). SFAS No. 130 requires an entity to report comprehensive income and its components and increases financial reporting disclosures. This standard has no impact on the Company's financial position, cash flows or results of operations since no elements of the Company's comprehensive income exist other than the loss from operations.

Subordinated loan at 12% interest payable quarterly, maturity date August 31, 2008		650,000
Subordinated loan at 12% interest payable quarterly, maturity date March 28, 2009		2,000,000
	\$	<u>16,069,000</u>

The subordinated borrowings are available in computing net capital under the SEC's uniform net capital rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid. Additionally, all borrowings have automatic rollover provisions.

NOTE 12- SUPPLEMENTAL CASH FLOW INFORMATION

Non-Cash Financing Activities

During 2007, the Company repaid \$4,250,000 of approved subordinated borrowings.

NOTE 13- OFF BALANCE SHEET RISK

Pursuant to a clearance agreement, the Company clears its futures transactions through a clearing broker. Under certain conditions as defined in the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions initiated by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral on the securities transactions introduced by the Company.

NOTE 14- GUARANTEES

FASB Interpretation No. 45 (FIN 45), Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, requires the Company to disclose information about its obligations under certain guarantee arrangements. FIN 45 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or non occurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. FIN 45 also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

INTRADE, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2007

NOTE 14- GUARANTEES (continued)

Indemnifications

In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Company or its affiliates. The maximum potential amount of future payments that the Company could be required to make under the indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the consolidated financial statements for these indemnifications.

Exchange Member Guarantees

The Company is a member of various exchanges that trade and clear securities and/or futures contracts. Associated with its membership, the Company may be required to pay a proportionate share of the financial obligations of another member who may default on its obligations to the exchange. While the rules governing different exchange memberships vary, in general the Company's guarantee obligations would arise only if the exchange had previously exhausted its resources. In addition, any such guarantee obligation would be apportioned among the other non-defaulting members of the exchange. Any potential contingent liability under these membership agreements cannot be estimated. The Company has not recorded any contingent liability in the financial statements for these agreements and believes that any potential requirement to make payments under these agreements is remote.
