INDEPENDENT AUDITOR'S REPORT

Board of Directors
Westrock Capital Management, Inc.

We have audited the accompanying statement of financial condition of Westrock Capital Management, Inc. as of December 31, 2007, and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Westrock Capital Management, Inc. as of December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WESTROCK CAPITAL MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

Note 1 – Organization and Nature of Business:

Westrock Capital Management, Inc. (the Company), an S Corporation, was incorporated in the State of New York on July 1, 1996. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD). The Company's operations primarily consist of securities transactions performed on an agency basis for customers.

Note 2 – Summary of Significant Accounting Policies:

- (a) Securities transactions, commissions and related clearing expenses are recorded in the accounts on a trade date basis.
- (b) For purposes of the statement of cash flows the Company considers all highly liquid debt instruments with maturity of three months or less to be a cash equivalent.
- (c) The preparation of financial statements in conformity with accounting principals generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.
- (d) Capitalized assets are recorded at cost and depreciated over their estimated useful lives using accelerated methods.
- (e) Securities owned are carried at fair value based on quoted market prices. Dividends and interest are recorded on the accrual basis. Securities transactions are recorded on a trade date basis.

Note 3 – Capitalized Assets:

A schedule of this account is as follows:

Furniture and equipment	\$ 84,399
Leasehold improvements	<u>111,352</u>
	195,751
Less: accumulated depreciation and amortization	<u>(98,289)</u>
	<u>\$ 97,462</u>

Depreciation and amortization of \$8,306 is included as part of other expenses.

WESTROCK CAPITAL MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

Note 4 – Income Taxes:

The Company has elected to be treated as an “S” corporation for Federal and State income tax purposes. As a result, taxes on the corporation’s earnings are not provided as they are the responsibility of the Company’s owners.

Note 5 – Net Capital Requirements:

As a member of the National Association of Securities Dealers, Inc. the Company is subject to the net capital rule adopted and administered by the Association. The rule prohibits a member from engaging in securities transactions at a time when its “aggregate indebtedness” exceeds 15 times its “net capital” as those terms are defined by the rule. As of December 31, 2007, the corporation’s ratio of aggregate indebtedness to net capital was .10 to 1 and its net capital was \$223,467 compared with a net capital requirement of \$5,000.

Note 6 – Commitments and contingencies:

The company is committed to a lease of an office building which is owned by the Company’s shareholders through December 2015. Minimum payments under the lease are as follows:

2008	\$ 48,000
2009	48,000
2010	48,000
2011	48,000
Thereafter	<u>192,000</u>
	<u>\$ 384,000</u>

The Company also incurred \$23,305 of rent expense during 2007 for its 44 Strawberry Hill, Connecticut office space which was also owned by the Company’s shareholders.

Total rent expense of \$71,305 is included in office and other expenses.

Note 7 – Concentrations:

The Company maintains all of its cash in financial institutions, which at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not subject to any significant credit risk on cash.

During 2007, the Company provided services to two major customers, resulting in revenues of approximately 13% and 10% of the Company’s total revenues.

WESTROCK CAPITAL MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

Note 8 – Off-Balance Sheet Risk:

Pursuant to a clearance agreement, the Company introduces all of its securities transactions to its clearing broker on a fully-disclosed basis. All of the customers' money balances and long and short security positions are carried on the books of the clearing broker. In accordance with the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Company and must maintain, at all times, a clearing deposit of not less than \$50,000. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral on the customers' accounts. In addition, the receivable from clearing broker is pursuant to the clearance agreement.

In the normal course of business, the Company's customer activities involve the execution, settlement and financing of various customer securities transactions. These activities may expose the Company to off-balance sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

Note 9 – Due to Stockholder

The company has a non-interest bearing loan with its stockholder which is due on demand.

Board of Directors
Westrock Capital Management, Inc.:

In planning and performing our audit of the financial statements of Westrock Capital Management, Inc. (the Company), as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included test of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
