INDEPENDENT AUDITOR'S REPORT

Board of Directors
Securities Equity Group
120 Vantis Suite 430
Aliso Viejo, California 92656

Dear Directors:

I have audited the accompanying statement of financial condition of Securities Equity Group as of December 31, 2007 and the related statements of operations, retained earnings, changes in shareholders' equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Securities Equity Group as of December 31, 2007, and the results of its operations and its cash flows for the year then ended, in conformity with generally accepted accounting principles.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The

supplemental schedule of computation of net capital is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. This schedule is the responsibility of the Company's management. Such schedule has been subjected to the auditing procedures applied in my audit of the basic financial statements and, in my opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

Respectfully submitted,

Shirley R. Miller, CPA

SECURITIES EQUITY GROUP
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

NOTE 1: History

Securities Equity Group (the Company), a California Corporation was formed on March 25, 1997 under the name of Select Securities Group, Inc. The Company's common stock was subsequently acquired by the company's current owner on March 29, 1999, and its name was changed to Securities Equity Group. The Company obtained approval to begin operations from the National Association of Securities Dealers (now known as the Financial Industry Regulation Authority) on September 28, 1999 and commenced operations as a general securities broker/dealer on April 27, 2000.

NOTE 2: Regulatory Requirements

As a broker/dealer, the Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule ("Rule 15c3-1"), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2007, the Company had net capital of \$344,908 which was \$294,908 in excess of its required net capital of \$50,000. The Company's ratio of aggregate indebtedness to net capital was .21 to 1.

Regarding the computation for determination of reserve requirements and information relating to the possession and control requirements under rule 15C-3-3, the Company relies on Section K(2)(ii) of the Securities and Exchange Rule 15C-3-3 to exempt them from provision of the rule.

NOTE 3: Summary of Significant Accounting Policies

Cash and Cash Equivalents-For purposes of reporting cash flows, the Company considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents.

Investments-The Company owns 2300 shares of NASDAQ restricted stock which it does not plan to dispose of within the next year. Investments are valued at current market value.

Property and Equipment-Computer equipment is recorded at cost and is depreciated over the estimated five-year useful life of the equipment.

NOTE 4: Related Party Transactions

During the current year, the Company paid \$118,800 in management fees to a company solely owned by the Company's sole shareholder. The management fees primarily paid for executive salaries, clerical salaries, rent, and customary office expenses. Fees are payable monthly. For the entire year of 2007, the fees were set by management agreement at \$9,900 per month. A new management agreement became effective January 1, 2008. The fees under the new agreement are expected to be higher than the current year due to anticipated increases in both the volume of transactions conducted and the rising costs of labor. The new management agreement allows for periodic reviews of rates due to anticipated changes. Under both agreements, monthly management fees may be deferred and accrued, but cannot be waived, if such fees would cause cash flow issues; and the management fees are established to approximate actual costs of the services provided. Below is an estimation of expenses under the current agreement and under the new agreement, respectively:

Salaries and related expenses	\$ 80,000	80,000
General office expenses	22,800	24,000
Rent	<u>16,000</u>	<u>16,000</u>
Total management agreement	<u>\$118,800</u>	<u>120,000</u>

During the current year the Company paid \$127,933 in brokerage commissions to the Company's sole shareholder and \$524,477 to another related party. Commissions were paid on a contractual percentage basis similar to commissions paid to other independent brokers.

NOTE 5: Summary of Significant Subsequent Events

No significant subsequent events were noted as of the date of the report.

NOTE 6: Legal Matters

No significant legal matters were noted as of the date of the report.

March 24, 2008

Board of Directors
Securities Equity Group
120 Vantis Suite 430
Aliso Viejo, California 92656

Dear Directors:

In planning and performing my audit of the financial statements of Securities Equity Group for the year ended December 31, 2007, I considered its internal control structure, including procedures for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by the Company that I considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. I did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related cost of internal control structure policies

and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projections of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no condition that I believe results in more than a relatively low risk that errors or irregularities in amounts that would be material in relation to the financial statements of Securities Equity Group may occur and not be detected within a timely period.

I understand that practices and procedures which accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and in my study, I believe that, except for the effects, if any, of the condition discussed in the preceding paragraph, the Company's practices and procedures were adequate at December 31, 2007, to meet the Commission's objectives.

Page 2 of 3

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and should not be used for any other purpose.

Respectfully submitted,

Shirley R. Miller, CPA
