INDEPENDENT AUDITOR'S REPORT

Board of Directors
IndieVest Securities, Inc.

We have audited the accompanying statement of financial condition of IndieVest Securities, Inc. (a wholly owned subsidiary of IndieVest, Inc.) as of December 31, 2007, and the related statements of operations, changes in stockholder's equity, liabilities subordinated to claims of general creditors, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of IndieVest Securities, Inc. at December 31, 2007 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Supplemental Schedule, Computation of Net Capital, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

INDIEVEST SECURITIES, INC.

(a wholly owned subsidiary of IndieVest Inc.)

Notes to Financial Statements

1. THE COMPANY AND ITS SIGNIFICANT ACCOUNTING POLICIES

The Company. IndieVest Securities, Inc. (the "Company") (a wholly owned subsidiary of IndieVest Inc.) is a registered broker-dealer licensed by the United States Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. The Company intends to operate as a merger and acquisition broker or dealer acting as an agent for the private placement of securities and engaging in mergers and acquisitions on a fee basis.

Accounting Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Revenue Recognition. Security transactions and the related commission revenue are recorded on a settlement date basis.

Income Taxes. Income taxes are accounted for using the liability method whereby deferred tax asset and liability account balances are calculated at the balance sheet date using the current tax laws and rates in effect.

Concentration of Credit Risk. The company maintains a cash balance with a financial institution. Management performs periodic evaluations of the relative credit standing of the institution. The Company has not sustained any material credit losses from this instrument.

Financial Instruments. The carrying values reflected in the statement of financial condition at December 31, 2007 reasonably approximate the fair values for financial instruments. In making such assessment, the Company has utilized discounted cash flow analyses, estimates, and quoted market prices as appropriate. No allowance for potential credit losses was considered necessary at December 31, 2007.

2. RELATED PARTY TRANSACTIONS

An affiliate provides the Company with the use of facilities and administrative assistance.

3. NET CAPITAL REQUIREMENTS

Under Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital (as defined) and a ratio of aggregate indebtedness to net capital (as defined) not exceeding 15 to 1.

The Company's ratio at December 31, 2007 was 0.00 to 1. The basic concept of the Rule is liquidity, its object being to require a broker-dealer in securities to have at all times sufficient liquid assets to cover its current indebtedness. At December 31, 2007, the Company had net capital of \$12,433 which was \$7,433 in excess of the amount required by the SEC.

4. **COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS AND INFORMATION RELATING TO THE POSSESSION AND CONTROL REQUIREMENTS UNDER RULE 15c3-3**

The Company relies on Section K (2) (i) of the Securities Exchange Rule 15c3-3 to exempt them from the provisions of these rules.

INDIEVEST SECURITIES, INC.

(a wholly owned subsidiary of IndieVest Inc.)

**Computation of Net Capital
Pursuant to Rule 15c3-1**

December 31, 2007

Total stockholders' equity	\$42,254
Less non-allowable assets	
Due from affiliate	19,600
Prepaid expenses and other assets	<u>10,221</u>
Net capital	<u>\$12,433</u>
Total aggregate indebtedness	<u>\$ -</u>
Ratio of aggregate indebtedness to net capital	<u>0.00</u>
Minimum net capital required	<u>\$ 5,000</u>

Note: There are no differences between the net capital reported above and the net capital reported on form FOCUS X-17A-5 Part IIA as of December 31, 2007.

**INDEPENDENT AUDITOR'S SUPPLEMENTARY
REPORT ON INTERNAL CONTROL STRUCTURE**

Board of Directors
IndieVest Securities, Inc.

In planning and performing our audit of the financial statements and supplementary schedules of IndieVest Securities, Inc. ("the Company") (a wholly owned subsidiary of IndieVest, Inc.) for the year ended December 31, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control. Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the control environment and accounting system and their operation that we consider to be a material weakness as defined above.

We understand that the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority, and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used by anyone other than these specified parties.
