PALADIN REALTY SECURITIES, LLC
F/K/A BROADWALL CAPITAL, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

NOTE 1 - ORGANIZATION AND BUSINESS

Paladin Realty Securities, LLC (the "Company"), formerly known as Broadwall Capital, LLC, ("Broadwall") was converted from a New York limited liability company to a Delaware limited liability company on May 23, 2007. Broadwall was registered as a broker-dealer on March 16, 2004 with the Securities and Exchange Commission ("SEC") and the National Association of Security Dealers, Inc. ("NASD"). In July 2007, the NASD consolidated its operations with the member regulation, enforcement, and arbitration operations of the New York Stock Exchange. The new organization was named the Financial Industry Regulatory Authority ("FINRA"). On February 13, 2007, Paladin Realty Advisors, LLC ("Advisors"), the sole member of the Company, entered into a "Membership Interest Purchase Agreement" with David Adams Holdings, LLC to purchase all of the outstanding membership interests of Broadwall for a purchase price of \$70,000. The purchase price of \$70,000 has been recorded as an acquired intangible asset and is classified as a license in the statement of financial condition. The Company continued the business of Broadwall and as a result, the statement of operations includes the results for the complete year. The name change was effective on September 7, 2007. The Company shall continue in existence perpetually unless dissolved pursuant to the Company's limited liability company agreement.

The Company operates as a limited-purpose broker-dealer. The only business of the Company is the distribution of the securities of Paladin Realty Income Properties, Inc. ("PRIP"), a publicly traded, non-listed real estate investment trust and an affiliate of the Company's member. The Company distributes the securities through third-party FINRA member firms with which it has selling agreements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Company have been prepared on the historical cost basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Credit Risk

The Company maintains cash with banking institutions, which amounts at times exceed federally insured limits.

License

The license has been recorded as an acquired intangible asset that has an indefinite life and is not subject to amortization. The license is tested for impairment annually or more frequently if events or changes in circumstances indicate that the license might be impaired. The impairment test consists of a comparison of the fair value of the license to its carrying amount. If the carrying amount exceeds the fair value, an impairment loss is recognized equal in amount to that excess.

The useful life of the license is evaluated each reporting period to determine whether events and circumstances continue to support an indefinite useful life. At the time it is determined that the license no longer has an indefinite life, the license is again tested for impairment. The carrying amount of the license after recognition of an impairment charge, if any, would then be amortized prospectively over the license's estimated remaining useful life.

Revenue Recognition

The Company earns commissions based upon a percentage of the gross proceeds of the sale of PRIP securities. Commissions are recognized as earned.

Depreciation

The Company computed depreciation on the straight line method based on the estimated useful life of the assets.

Income Taxes

No provision has been made in the accompanying financial statements for federal or state income taxes because, as a limited liability company, the taxable income or loss is included in the tax returns of the member. Broadwall was subject to unincorporated business tax, which resulted in an income tax benefit being reflected in the financial statements.

NOTE 3 - NET CAPITAL REQUIREMENT

The Company is subject to SEC Uniform Net Capital Rule 15c3-1 which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, may not exceed 15 to 1. As of December 31, 2007, the Company had net capital of \$73,694, which was \$68,964 in excess of its required net capital of \$5,000.

NOTE 4 - TRANSACTIONS WITH AFFILIATES

The Company has an "Expense Sharing Agreement" with Advisors, whereby the Company is charged for a monthly allocation of rent expense and office operating expenses and recorded \$55,938 for the expenses for the year ended December 31, 2007.

The Company had an amount due from PRIP for expense reimbursements of \$13,673 at December 31, 2007.

**SUPPLEMENTARY REPORT
OF INDEPENDENT AUDITORS**

INDEPENDENT AUDITORS' SUPPLEMENTARY REPORT
ON INTERNAL ACCOUNTING CONTROL

To the Member of
Paladin Realty Securities, LLC
F/K/A Broadwall Capital, LLC:

In planning and performing our audit of the financial statements and supplemental schedules of Paladin Realty Securities, LLC (the "Company") F/K/A Broadwall Capital, LLC as of and for the year ended December 31, 2007, we considered the Company's internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13.
- Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
- Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practice and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Imowitz Koenig & Co., LLP

Certified Public Accountants

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection or any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal controls, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and our study, we believe that the Company's practices and procedures were adequate at December 31, 2007, to meet the SEC's objectives.

This report recognizes that it is not practical in an organization the size of Paladin Realty Securities, LLC F/K/A Broadwall Capital, LLC to achieve all the divisions of duties and cross-checks generally included in a system of internal accounting control and that alternatively greater reliance must be placed on surveillance by management.

This report is intended solely for the information and use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than those specified parties.
