SHASTA PARTNERS, LLC
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2008

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Business:

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA).

Investment Banking and Advisory Fees:

Fees are earned from advisory services including merger and acquisition, restructuring, valuation, and capital raising services for clients.

Revenue Recognition:

The Company typically enters into contracts with clients calling for periodic advisory fees to be paid during the term of the arrangement, and a success fee to be paid out once the merger, acquisition, sale, restructuring, or financing (the "transaction") is successfully completed. This success fee is typically based on a percentage of the total consideration of the transaction, although in certain cases it may be a flat fee. Accordingly, the Company recognizes advisory fees in the period earned, with separate revenue recognition once each transaction is finalized.

Receivables from customers:

The Company has not provided an allowance for doubtful accounts, because management believes all amounts are collectible.

Income Taxes:

The Company does not record a provision for income taxes because the partners report their share of the Partnership's income or loss on their income tax returns. The financial statements reflect the Partnership's transactions without adjustment, if any, required for income tax purposes.

Advertising:

The Company expenses advertising costs as they are incurred.

NOTE 2 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital, and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the “applicable” exchange also provides that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1). At March 31, 2008, the Company had net capital of \$189,583, which was \$184,583 in excess of its required net capital of \$5,000. The Company’s net capital ratio was .01 to 1.

Independent Auditor's Report on Internal Control Required by Rule 17a-5

To the Members of
Shasta Partners, LLC

In planning and performing our audit of the financial statements of Shasta Partners, LLC (the Company), for the year ended March 31, 2008, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g). Because the Company does not carry security accounts for customers or perform custodial functions relating to customers securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e).
2. Making quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3

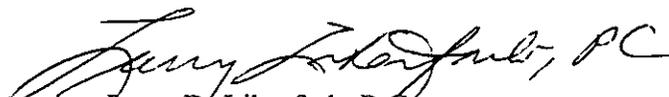

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance

that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe the Company's practices and procedures were adequate at March 31, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, The Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
